"Dear young friends, you belong to God and have already won your fight with those who are against Christ, because there is someone in your hearts who is stronger than any evil teacher in this wicked world. These men belong to this world, so, quite naturally, they are concerned about worldly affairs and the world pays attention to them. But we are children of God and so only those who have walked and talked with God will listen to us. Other's won't. That is another way to know whether a message is really from God; for if it is, the world won't listen to it," (I John 4:4-6).

But since most people don't know God, naturally they don't understand that we are His children. Yes, dear friends, we are already God's children, right now, and we can't even imagine what it is going to be like later on.
