CLARENCE PITTELKOW, left, and Forrest McVey, Yuba City, Calif., walk through the mire of the rain-soaked dike built to repair the Christmas time Feather River levee break south of Yuba City. This dike was not expected to hold the swollen river if the rain had kept up. (AP Wirephoto)

## IKE ASKS CONGRESS TO OK \$66 BILLION BUDGET

### New Rains Peril Yuba City Again

SAN FRANCISCO (UP)—Rampaging rivers, swollen by a weekend of steady tropical rains, forced thousands of persons to flee their homes throughout northern California today and posed a serious new flood threat to beleaguered Yuba City.

### O'Keefe Pleads Guilty To Brink's Holdup Charge

Hint Pair Sought As Robbery Suspects May Give Up Soon

BOSTON (UP)—Joseph (Specs) O'Keefe, pint-sized hoodlum who "spilled all" about the \$1,219,000 Brink's holdup, pleaded guilty to armed robbery at a surprise arraignment today.

O'Keefe, who turned informer and implicated ten others in the fabulous robbery Jan. 17, 1950, was ordered held without bail for sentencing.

No date was set for the sentencing by Superior Judge Daniel D. O'Brien.

O'Keefe was not arraigned today on charges of conspiracy, burglary and assault on the Brink's guards during the holdup at the armored trucking service's counting house.

The arraignment came as police expected two other Brink's suspects, still at large, to surrender "momentarily."

SIX SUSPECTS were arrested Thursday by the FBI. Two including O'Keefe already were in jail, two were hunted and one was dead.

O'Keefe's guilty plea indicated he would be the government's star witness in its prosecution of the remaining nine members of the gang.

The missing men, indicted in absentia by a Suffolk County grand jury for their part in the fabulous robbery, are Thomas F. Richardson, 48, and James I. Faherty, 44.

Richardson was reported to have contacted a Boston lawyer and told him he is ready to "come in."

Faherty's relatives and his lawyer were reported to have arranged his surrender after he contacted them Sunday. He was reported ready to deny the charges made against him.

Mercifully, the rains stopped just before sundown Sunday night and the weatherman forecast mostly clear skies today and tonight.

But they had done their damage. For more than 36 hours, water literally poured from the heavens without letup. The ground was already too wet to absorb any more moisture.

AS A RESULT, northern California suffered a repetition of the Christmas week floods, but to a much smaller degree. Those floods took a toll of 75 lives and caused at least 175 million dollars damage.

So far, two deaths were reported from the current floods. Ray Stepp, 50, drowned in an irrigation ditch 25 miles south of Alturas. John Maurer, 32, Eureka contractor, was killed Saturday by a falling tree as he worked to break a log jam in a creek.

Two San Francisco duck hunters C. S. Miles and a man identified only as Mr. Riski, were missing and feared dead on Butte Slough 15 miles northwest of Yuba City.

Early today, Army Engineers watched the swollen Feather River inch up along the weak Shanghai Bend levee just south of Yuba City. It was this levee that gave way on Dec. 24, forcing 10,000 persons to flee for their lives.

Yuba City counted 33 flood victims alone then.

AT MIDNIGHT, the Feather River stood at 67.3 feet opposite Yuba City proper and 66.3 at the Shanghai Bend levee. Since Christmas, the levee had been built up to 70 to 71 feet, but 67 feet is considered "dangerous."

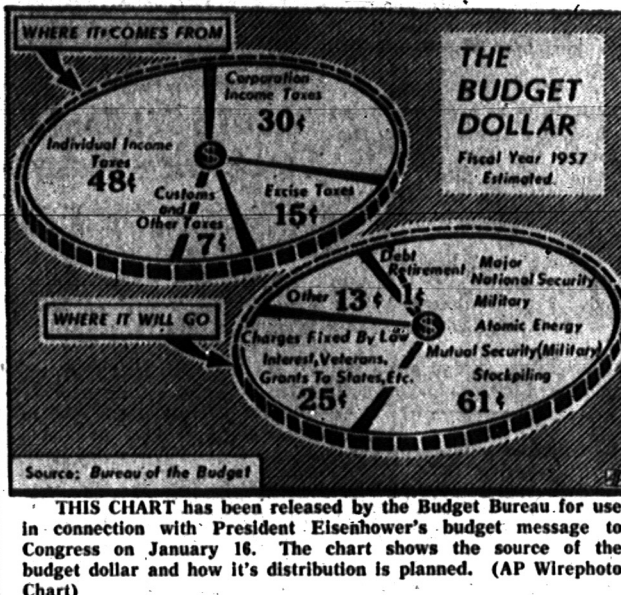

"The situation is critical," said Continued on Page 6, Col. 5

Offered Red Aid

MOSCOW (UP)—Soviet Premier Nikolai Bulganin said today the Soviet Union is ready to extend technical aid to Latin American countries if such aid is needed.

Bulganin also said Russia is prepared to establish diplomatic relations with all Latin American countries with which it now has no such relations.

Bulganin stated these views in reply to questions submitted by the editor of a Latin American magazine.

THIS CHART has been released by the Budget Bureau for use in connection with President Eisenhower's budget message to Congress on January 16. The chart shows the source of the budget dollar and how it's distribution is planned. (AP Wirephoto Chart)

### President Officially In State Primary Race

SPRINGFIELD (UP)—Gov. William G. Stratton today filed the petitions putting President Eisenhower's name on the Illinois Republican primary ballot for renomination.

An announcement that two political clubs would submit the name of U.S. Sen. William F. Knowland (R-Calif.) later this week already had added further spice to the state's presidential primary.

Former Gov. Adlai E. Stevenson was expected to file on the Democratic ballot, with a possibility U.S. Sen. Estes Kefauver (D-Tenn.) might also file. The presidential primary in Illinois does not bind delegates but merely indicates voter preference.

THE PETITIONS handed by the governor to Secretary of State Charles F. Carpenter bore 5,000 names, the maximum for presidential nomination filing, with 3,000 the minimum. They bore the names of the governor, his wife and all state elected officials.

In answer to questions, Stratton said "definitely the President did not consult with me about this. I feel it is important the people should be given an opportunity to show their support and appreciation to President Eisenhower."

The governor said he would file the petitions for his own renomination later this week.

The Republican county candidates whose petitions were filed are Herbert Hess for reelection as circuit clerk, William H. Maitland for reelection as recorder of deeds, Frank Curran for reelection as state's attorney, and J. W. (Bill) Spillane, Kankakee alderman, for county coroner.

The petition for representative committee is that of William A. Yates, 1220 S. Washington Ave.

The candidates for Republican precinct committeeman posts whose petitions are on file are: Yellowhead—Fred Vagt, Grant Park; Summer—Noah LaMore, RR 1, Grant Park; Manteno—Lester Chobart, Manteno; Rockville—Joe Mann, RR 1, Manteno.

Momence No. 1—Ray VanDien, Momence; Momence No. 2—John Trudeau, Momence; Ganey No. 1—Cecil Dugan, RR 2, Grant Park; Ganey No. 2—Eugene Lambert Sr., RR 2, Bourbonnais; Bourbonnais No. 1—Paul V. Regnier, RR 1, Bourbonnais; No. 2—Charles DeLong, 412 S. Wabash Ave., Bradley; No. 3—Virgil Kineman, 424 N. Prairie Ave., Bradley; No. 4—Allan G. LeVeque, 276 S. Fulton Ave., Bradley; No. 5—Harlan B. Helgeson, 1357 Lexington N. W., No. 6—J. (Tiny) Moss, RR 1, Bourbonnais.

### Need Solons' Aid To Stay In Black

WASHINGTON (AP)—President Eisenhower sent to Congress today balanced budgets for this year and next while urging higher federal spending he said would total almost 66 billion dollars in the coming fiscal year.

He said the government could stay in the black in the next 18 months by "slim" margins only if Congress gives him "the utmost cooperation" in holding down spending and awaiting a prudent time for tax cuts.

As long as booming prosperity continues, Eisenhower said, Congress should put at least some reduction of the national debt ahead of tax slashing.

HIS NEW SPENDING blueprint allowed for some debt reduction, but not for tax cuts. He reiterated that Congress should act to keep corporation and excise taxes at their present levels, rather than allow them to drop as scheduled on April 1 to the levels in effect before the Korean War.

For fiscal 1957, which begins next July 1, Eisenhower proposed that Uncle Sam spend \$65,865,000,000. He estimated that federal income in that 12-month period would be \$66,300,000,000. If both predictions are achieved, the government will wind up the fiscal year with a surplus of 435 million.

In other main facets of his budget message Eisenhower:

1. Estimated that spending this year will total \$64,270,000,000, and that outlays in the next bookkeeping year will top that by \$1,595,000,000. It was the first time Eisenhower had pointed spending upward.

2. Predicted that revenues next year will be \$1,800,000,000 higher than this year's, resulting in a federal surplus this year of 230 million.

3. Proposed to cut the federal debt by 74 million by June 30 to \$274,300,000,000 and by the following June 30 to \$273,500,000,000.

4. Called for new appropriations of \$66,291,000,000—some 426 million higher than projected spending and 4 1/4 billion higher than appropriations in the current year. This indicated that federal spending may be trending upward for several years.

WHILE HE cautioned against any quick tax cut, Eisenhower's budget seemed to leave a loophole which might justify one under his guidelines.

The budget appeared to have underestimated revenues for the second successive year. A year ago Eisenhower forecast revenues of 60 billion dollars for this year—some 4 1/2 billions less than his new revised estimate.

His estimate for the coming fiscal year forecast an increase of about 1 1/2 billion dollars in individual tax returns. But his estimate for corporation tax returns was unchanged.

Corporation profits have been climbing rapidly. This appeared to leave considerable room for improvement of revenue estimates.

Secretary of the Treasury Humphrey conceded at a briefing session that the revenue estimates, particularly from corporation profits, might be "unduly conservative."

He said this was not by design and that no deliberate effort had been made to underestimate revenues so as to enable the administration to come up later in the year with surplus estimates large enough to justify tax cuts.

He said, however, that if "significantly larger" surpluses develop, he would be for a tax cut.

EXPLAINING the estimate that corporation profits before taxes will stand at about 43 billion dollars this year and next, Humphrey said "some price competition" is likely to develop. This in company with wage and other cost increases he said, might make for an era of "deflationary pressure."

### President Asks Congress For Foreign Aid Hike

Warns U.S. Survival In Future May Count On Strong Allies

WASHINGTON (UP)—President Eisenhower, warning that "our very survival" may depend on strong allies, asked Congress today to increase foreign aid and keep it flowing for years to come.

His request was headed for trouble. It was contained in a budget message which made it plain that the lustre of the Geneva spirit has been tarnished by Russia's continued failure to give "any tangible evidence of an intention to agree on a plan of disarmament that can be verified by adequate inspection."

The absence of such evidence, Mr. Eisenhower said, means that the free world must be strengthened "to deter possible aggressors" and that impoverished areas must be helped economically "to preserve their independence against Communist threats and encroachments."

ACCORDINGLY, the President proposed for fiscal 1957:

1. Spending \$4,300,000,000 in foreign aid—\$2,500,000,000 in direct military support and \$1,800,000,000 in economic and technical aid for free nations of the world. The total would be \$100,000,000 more than spent this fiscal year.

2. Appropriating \$4,900,000,000 in new funds—\$3,000,000,000 for military aid and \$1,900,000,000 for economic aid.

Prosecution Sought In GI Cap Probe

WASHINGTON (UP)—Senate investigators reported today their hearings on the purchase of military caps turned up "evidence of bribery, collusion and concealment... reprehensible, immoral conduct... flagrant favoritism... attempted blackmail."

In 46 pages bristling with indignation charges, the Senate investigating subcommittee reported on its hearings last summer involving Harry Leg, millionaire Chicago hat-maker, other contractors, and employees of the military textile buying agency.

The report, filed in the Senate today, recommended prompt prosecution of any crimes the subcommittee uncovered.

IT ALSO URGED the government to try to recover more than \$311,000 from Leg and other contractors. It said a close study of all government contracts since 1950 would result in claims of millions of dollars.

Claims against Leg and his companies total \$454,000, the report said.

Chairman John L. McClellan (D-Ark.) in an accompanying statement said evidence showed that "unscrupulous contractors had bribed both civilian and military personnel attached to the Armed Services Textile and Apparel Procurement Agency (ASTAPA) to obtain contractual favors and to pass defective material on inspection."

### Snow Causes Woes For Auto Drivers; 8 Hurt

At least eight persons were injured in seven highway accidents reported during a five-hour period Sunday night as the sheriff's office when a light snow turned streets and highways slippery. Five of the accidents were on Route 54 north of Grant Park.

### Weather Is Nearer Normal For January

It seemed a little more like January in the Kankakee area today, with almost an inch of snow on the ground and temperatures more nearly normal after their brief ride in the 40s last week.

The snowfall, which made hazardous driving conditions and caused several accidents in the county, was measured officially at .70 of an inch by the Kankakee Airport observation station. The high reading Sunday was 35, with an overnight low of 19.

All state highways have slippery spots of packed snow, the Illinois Division of Highways warned today. All roads west of Peoria to the Mississippi River were listed as slippery.

Caution was urged in driving on streets in Kankakee, although city crews had cindered the more dangerous hills and intersections by Monday morning.

Kankakee was lucky today, for it was under what the Weather Bureau described as an "unusual pocket" of warm air in the northeastern part of Illinois.

Early today, temperatures dipped to lows of 4 degrees at Quincy, 8 at Springfield and Vandalia, and 9 in the East St. Louis area.

The cold was expected to move over almost the entire state tonight, dropping readings toward zero in all communities except Chicago and other towns on the shores of Lake Michigan.

The forecast for the Kankakee area predicts mostly cloudy and colder, with occasional light snow or snow flurries tonight and Tuesday.

The low tonight is expected to be between 5 and 10 degrees, the high Tuesday 15 to 20 and the low Tuesday night around 8.

### Temperatures Hit 70 In South Florida

MIAMI, Fla. (U)—Temperatures in the 70s were forecast for south Florida today after a week of freakish cold that struck sharply at two major industries—tourist and vegetable farming.

Farm Editor Nixon Smiley of a Miami newspaper, after a Sunday tour of Dade County croplands, called the freeze the most disastrous in 61 years. He estimated the country's crop loss at 30 million dollars.

A high of 72 was forecast for south Florida today and temperatures tonight are expected to drop no lower than 54 to 62 along the coast and 44 to 52 in the interior.

A new cold spell is expected to dip into north Florida tonight.

Vegetable crops were hardest hit by the long cold snap. The state citrus crop was largely undamaged.

### Annual Meeting Of Community Chest To Stress 'Forward Look'

"The Forward Look" will be the theme of the annual meeting of the Kankakee Community Chest at 7:30 p.m. Wednesday in the Gold Room at Hotel Kankakee.

While the past year will be reviewed at the meeting the major emphasis will be placed on community needs and ways of meeting them in the future.

The meeting is open to all adult members of families which contributed to the Community Chest campaign. Seven new directors will be elected to the board of directors, the 1955 accounting of funds will be presented, additional members will be appointed to the planning board and other business details will be handled in the meeting scheduled to end at 9 p.m.

Immediately after the stockholders meeting the board of directors will meet to elect officers for the forthcoming year. Sam Mount, executive secretary of the Community Chest said the boards of the Red Feather agencies will be recognized at the meeting for their volunteer efforts and after the business meeting contributors will have the opportunity to talk informally with members of the agency boards.

"The Good Neighbor Policy" will again be a theme of the meeting. The major report will be given by President Claude Granger. The results of the community survey on youth recreational needs will be announced and so will plans to enable the agencies to provide more service to young people in the area.

THE RETIRING OFFICERS of the Chest in addition to Granger are Judge Irwin C. Taylor, vice president and Clarence Conrad, treasurer. The retiring board members are Miss Charlotte Van Alstine, Miss Ruby Heller, Dr. Vincent J. Kelly, Sanford Lassers, H. H. Jeske, R. W. Harwell and Byron Johnson.

The annual meeting committee consists of Harwell, chairman and Johnson, Dr. Kelly and Russell Hamilton. Joseph N. Berz and Joseph O'Brien are co-chairmen of the nominating committee which will propose a slate of directors and

members of their committee include Miss Van Alstine, G. E. Anderson, Ralph Francis, James H. Stupka and Vernon Butz.

HARWELL WILL OPEN the meeting. Dr. Russell Rogers will conduct group singing accompanied by Edward Drolet. The Rev. Harry Crede will give the invocation. Awards to the Red Feather Kids will be made by Harold P. McGrath, 1955 campaign chairman, and Johnson will recognize the agency boards.

The financial report will be given by W. J. Charlton and Judge Taylor will introduce the retiring directors. The election will be held following the report by Berz and O'Brien. President Granger will tell of the forward look of the Community Chest and Kenneth Cote will discuss the planning board.

Red Feather Kids Eileen Knaga and Edward Boule will present awards to Granger and McGrath. The Rev. Joseph Meara will offer the benediction at the close of the meeting.

### Next Bloodmobile Visit

## Dance To Mark End Of Semester At Peotone

Peotone High School students will celebrate the end of semester examinations this week with a dance which they are appropriately calling "Semester Blues."

The dance will be held on Friday under sponsorship of the Peotone G.A.U. The semi-formal affair will be held in the school gymnasium.

The event will be open to the public. Committees for the dance include the following: band—Elsie Mueller, chairman, Donna Meyer, Virginia Hupe, decorations—Paula Burmaster, chairman, Donna Hufsch, Jean Hufsch, Shirley Piper, Yvonne Scott, tickets—Louella Strubhar, chairman, Margie Rehberg, Norma Kruhwiese, Nancy Ponton, postmaster—Jeffers, chairman, Ruth Stassen, Nancy Hupe, Janice Meyer, Vickie Baur, chairman, Schmitt, chairman, Paula Christensen, LaVeta Bryant, Julie Hopkins, Anne Lehn, and electrician—W. J. Winkler, Joanne Burmaster, Sandra Storch, John Love.

The pattern of presenting awards for class night was discussed by members of the Student Council at its last meeting. The council sponsors the attendance and scholarship awards each year.

The council voted to continue to give awards to the student with perfect attendance and to those with only one or two periods of absence. Pepin said someone gained entry by breaking a window in the garage door. Farman is a bottled gas distributor.

Pepin investigated two burglaries Sunday morning on Route 113N in Bourbonnais township. Extensive damage was done at a tavern operated by Merritt Massey. Entry was gained between 1:45 and 8 a.m. by smashing a plate glass window. The burglars broke open the juke box and pin ball machine, taking all the money from each. Also missing are eight quarts of whiskey and four half-pints of gin.

The other break-in was at the Ray H. Witt service station, where a window was broken on the north side of the building. The loss included \$8.50 in bills and change, 39 quarts of motor oil and a watch. Exit was made by breaking a lock on the east door.

Model trains and accessories were stolen from the attic. A preliminary estimate set the loss at \$300 to \$500, but Deputy Sheriff Arnold Pepin said the amount had not yet been determined.

The Farman discovered the break-in when they returned home at 10 p.m. after a three-hour absence. Pepin said someone gained entry by breaking a window in the garage door. Farman is a bottled gas distributor.

Entry was gained between 1:45 and 8 a.m. by smashing a plate glass window. The burglars broke open the juke box and pin ball machine, taking all the money from each. Also missing are eight quarts of whiskey and four half-pints of gin.

The other break-in was at the Ray H. Witt service station, where a window was broken on the north side of the building. The loss included \$8.50 in bills and change, 39 quarts of motor oil and a watch. Exit was made by breaking a lock on the east door.

Model trains and accessories were stolen from the attic. A preliminary estimate set the loss at \$300 to \$500, but Deputy Sheriff Arnold Pepin said the amount had not yet been determined.

The Farman discovered the break-in when they returned home at 10 p.m. after a three-hour absence. Pepin said someone gained entry by breaking a window in the garage door. Farman is a bottled gas distributor.

Pepin investigated two burglaries Sunday morning on Route 113N in Bourbonnais township. Extensive damage was done at a tavern operated by Merritt Massey. Entry was gained between 1:45 and 8 a.m. by smashing a plate glass window. The burglars broke open the juke box and pin ball machine, taking all the money from each. Also missing are eight quarts of whiskey and four half-pints of gin.

## MEET FRIDAY

Officers of World War I will meet Friday at 7:30 p.m. at the Labor Temple.

## NEED—

Continued from Page 1  
"Of course prospective business are concerned."

Eisenhower proposed to spend \$10 million dollars next year to help the states build new schools. He called for a quick start on his 10-year program to build a network of highways, that assigned only a \$4-million dollar increase to highway building. That seemed to indicate he contemplated that the cost of any expanded road program would be met by higher taxes.

He asked for \$8 million dollars to expand the State Department's economic and consular work and increase U. S. Information Service work abroad.

The budget proposed an \$8-million dollar increase in spending on veterans services, to a total of \$4,675,000,000. Any major revisions of veterans services or benefits should await the report of a special commission due late this year, Eisenhower said.

Eisenhower asked Congress to increase postal charges by enough to bring in \$50 million dollars additional money in fiscal 1957, but he did not specify what increases he had in mind. His budget contained this \$50 million dollars as a decline in government costs. If Congress should not increase postal fees as requested, most of the projected \$45-million-dollar surplus for the year would vanish.

"THE FARMER would benefit from the one small tax cut—a proposal to refund to farmers the two-cent federal tax on gasoline used in farm operations. This, he said, would cost the government an estimated \$60 million dollars next year.

He proposed to increase spending on atomic energy development, including peaceful applications—by \$200 million, to a record of nearly two billion. He requested this plea to Congress to authorize a nuclear power plant to tour the world as in "atoms for peace" exhibit.

He said Secretary of Welfare Fund is working out a plan under which insurance companies would pool risks to "extend and improve" health insurance for the public. If this is not successful, he said, federal underwriting of health insurance should be reconsidered.

Eisenhower asked for money to start work on three steam electric

## President's Name Officially Filed In Eastern Primary

CONCORD, N.H. (UP) — Gov. Lane Dwinell today filed petitions entering President Eisenhower's name in New Hampshire's first-in-the-nation primary March 13. It marked the second time within 48 hours the President formally was entered in the presidential preferential race in this state.

Neither one, to my knowledge, any other responsible Republican official in New Hampshire has information as to President Eisenhower's intentions with reference to his candidacy for re-election.

However, as the governor of this state which launched the Eisenhower for President campaign in 1952, I am assuming that, until the President himself states otherwise, that he will be a candidate for re-election."

Dwinell's move was anti-climactic because the President's name already was assured a place on the ballot. Maurice J. Grant, an auto mobile dealer here, developed the petition Saturday and entered Mr. Eisenhower's name.

The President has 10 days in which to announce whether he wishes his name entered in the New Hampshire primary. It was expected he will act on Dwinell's petition rather than on Grant's.

## NEW YORK STOCKS

NEW YORK (UP) — Lower prices prevailed in the stock market in fairly active trading early this afternoon. Losses ranged from fractional to around two points.

Trading volume was estimated at around 2½ million shares.

U. S. Steel and Youngstown Sheet & Tube were the lightest points and Bethlehem around a point. General Motors and Chrysler were both lowered by around a point.

Lower in the market at the two point range included Zenith, Du Pont, and Santa Fe.

Down around a point or so were Goodrich, Goodrich, Southern Pacific, and Standard Oil (N.Y.).

Other losers included U. S. Rubber, Montgomery Ward, Radio Corp., American Telephone & Telegraph, New York Central, and Eastern Air Lines.

Among the scattered gainers were Douglas Aircraft, International Telephone, Allied Chemical, American Tobacco, Texas Co., and Eastern Air Lines.

U. S. Treasury officials were reported to be looking for a 10 percent increase in the price of U. S. Treasury bonds.

Prices as of 1 p.m.:

U. S. Steel 21 1/2, Youngstown 21 1/2, Bethlehem 21 1/2, General Motors 21 1/2, Chrysler 21 1/2, U. S. Rubber 21 1/2, Montgomery Ward 21 1/2, Radio Corp. 21 1/2, American Telephone & Telegraph 21 1/2, New York Central 21 1/2, Eastern Air Lines 21 1/2.

Goodrich 21 1/2, Southern Pacific 21 1/2, Standard Oil (N.Y.) 21 1/2, U. S. Rubber 21 1/2, Montgomery Ward 21 1/2, Radio Corp. 21 1/2, American Telephone & Telegraph 21 1/2, New York Central 21 1/2, Eastern Air Lines 21 1/2.

Goodrich 21 1/2, Southern Pacific 21 1/2, Standard Oil (N.Y.) 21 1/2, U. S. Rubber 21 1/2, Montgomery Ward 21 1/2, Radio Corp. 21 1/2, American Telephone & Telegraph 21 1/2, New York Central 21 1/2, Eastern Air Lines 21 1/2.

Goodrich 21 1/2, Southern Pacific 21 1/2, Standard Oil (N.Y.) 21 1/2, U. S. Rubber 21 1/2, Montgomery Ward 21 1/2, Radio Corp. 21 1/2, American Telephone & Telegraph 21 1/2, New York Central 21 1/2, Eastern Air Lines 21 1/2.

## Beauty, Attracted Twice By Man, Weds Boy Friend

ANAHEIM, Calif. (UP) — A beauty queen and her bridegroom, who twice captured a man charged with twice attacking her, are honeymooning today after eloping to Las Vegas.

Miss Louise Mrs. Lloyd Brett, Miss California in last year's Miss America contest, and her husband, both of nearby Garden Grove, obtained the license last Thursday night. His parents, Mr. and Mrs. A. J. Brett, disclosed Saturday that the couple was married Thursday and returned Saturday to Anaheim. The bride is 19 and the bridegroom 24. They have remained in seclusion since.

Sherriff's deputies said that Jack J. Walker, 25, a married upholsterer whose wife is expecting a second child, admitted attacking the beauty, the former Donna Schurz, last March and again last April. He was charged with assault and battery on a woman.

Walker was captured by Brett after a high-speed auto chase.

Feet grinds eased on mild holding pressure while she was being lowered most of the day. Toward the finish, he was again being lowered. Some contracts got back above the previous close.

Estimated market receipts at Chicago wheat, corn 24, oats 93, 92 1/2, barley 44, soybeans 15.

Wheat, closed

## Coming Social Events

## The Worry Clinic

## News Route Provides

## Fine Training For Boy

By DR. GEORGE W. CRANE.

Marvin L., aged 14, is a high school freshman.

"Dr. Crane, Marvin wants to take over a newspaper route," his mother began, "but I have rather discouraged the idea."

"For it would be him down every day. Besides, he'd be forced to go out in stormy weather."

"And he would then have to collect from his subscribers, too, so I really feel it is too big a chore for him."

"Besides, his daddy makes a good living for us, so Marvin doesn't need to work. What do you psychologists think of this matter?"

Marvin's mother makes a mistake in saying Marvin doesn't need to work, for everybody, rich and poor MUST learn how to support himself, apart from papa's subsidies and mama's apron strings.

The purpose of good parenthood is to equip children to meet the problems of real life and solve them successfully.

Moreover, life expects us to deliver the goods by our own efforts, in foot weather, as well as in air.

The newsworthy will reside at 642 S. Evergreen Ave.

One of a husband's greatest assets for successful marriage is his ability to earn a regular pay check and budget it wisely.

Nothing else in modern American life teaches a boy the proper attitude toward money as does carrying a newspaper route.

For he then operates his own private business on what is called the "small merchant" plan. He purchases his papers at wholesale.

Then he merchandises them, including delivery of the papers as well as the placing of rate submitters. He also tries to win new customers to increase the size of his route and thereby his income.

This dealing with people causes a broad viewpoint about "free enterprise" and makes a stalwart citizen. Few former newspaper boys ever become delinquents. They aren't Prodigal Sons, either!

Girls, they make excellent husband material, too. And they deserve college scholarships.

For they have served an intense group in American business and are self-reliant men by the time they graduate from high school.

Carrying a newspaper route ranks beside an Eagle Scout award in the Boy Scouts for character building, so encourage it, regard it as Daddy's income!

Change that breakfast fruit course! Serve sliced bananas with pineapple juice for a change. Or grapefruit sections with apricot nectar. Or orange sections with cranberry juice. Use your prettiest glass sauce dishes for the fruit combination!

Bridge winners were Mrs. Vandercarr, Mrs. Standifer, Mrs. Robert Cheffer and Mrs. Harry Arthur.

Mrs. Cheffer of 492 S. Seventh Ave., will be hostess for the Feb. 10 meeting assisted by Mrs. Willis Wisely and Mrs. Duff.

The next meeting will be held at the home of Miss Nancy Raiche of 646 S. Greenwood Ave.

Announce Engagement Of Claudia Nelson

James Nelson of 877 1/2 N. Evergreen Ave., announces the engagement of his daughter, Claudia to Robert Harwell Jr. He is the son of Mr. and Mrs. Robert Harwell Sr. of 695 N. Evergreen Ave. A summer wedding is being planned. (Colonial photo)

A broad viewpoint about "free enterprise" and makes a stalwart citizen. Few former newspaper boys ever become delinquents. They aren't Prodigal Sons, either!

Girls, they make excellent husband material, too. And they deserve college scholarships.

For they have served an intense group in American business and are self-reliant men by the time they graduate from high school.

Carrying a newspaper route ranks beside an Eagle Scout award in the Boy Scouts for character building, so encourage it, regard it as Daddy's income!

Change that breakfast fruit course! Serve sliced bananas with pineapple juice for a change. Or grapefruit sections with apricot nectar. Or orange sections with cranberry juice. Use your prettiest glass sauce dishes for the fruit combination!

Bridge winners were Mrs. Vandercarr, Mrs. Standifer, Mrs. Robert Cheffer and Mrs. Harry Arthur.

Mrs. Cheffer of 492 S. Seventh Ave., will be hostess for the Feb. 10 meeting assisted by Mrs. Willis Wisely and Mrs. Duff.

# U. S. Keeps A Finger On Pulse Of Red Bear In North Japan

**MEMPHIS, Japan (AP)—**On a bleak, wintry night of January 15, a small band of American soldiers stood in the snow-covered streets of a remote town in North Japan, one of the most sensitive regions of the world's defense perimeter.

Four miles away, across the sea, the Russian land—the low, flat Hokkaido and Shikoku islands—loomed on the horizon, a reminder of the world's most recent war.

AND WHEREABOUTS in the north, the Russian border is the reality of the world's defense perimeter. In this time of peace, perhaps the most important of the world's defense perimeter is the Russian border. In this time of peace, perhaps the most important of the world's defense perimeter is the Russian border.

Three times they have heard the Russian coast artillery guns thunder from the coast, rattling with practice rounds that fall harmlessly but significantly off the Japanese coast.

UNIDENTIFIED BOATS on the sea are a constant reminder of the Russian border.

AMONG CHAMBER OF Commerce members participating in a panel discussion on local progress during the Kankakee Kiwanis Club meeting Monday were, from left, E. Roy Erickson, moderator; Byron Johnson, who spoke on public relations; William Kraus, industrial development; and Leslie Shidder, highway development. Each of the panel members spoke on his topic and then answered questions following the discussion. (Journal photo)

## Good Progress In Kankakee Noted In Chamber Of Commerce Reports

"A Report on Kankakee Progress" might well have been the title of the discussion presented by Chamber of Commerce representatives at the Monday luncheon meeting of the Kiwanis Club.

Present to report on Chamber activities were Henry Brandt, C of C manager; E. Roy Erickson, vice president; Louis E. Beckman, aviation committee; Byron Johnson, public relations; Leslie Shidder, streets and highways; and William Kraus, industrial development.

A round-up of the statements on these topics included:

**AVIATION**—Federal and state funds are available for airport improvement here and local plans for financial participation should be made by Jan. 1, 1957.

**PUBLIC RELATIONS**—More publicity for Kankakee is needed in national trade publications and the Chamber must "sell" its program to local area residents.

**HIGHWAYS**—Most of Kankakee's traffic problems will be solved with completion of the Belt Route and the Washington Avenue Bridge.

**INDUSTRIES**—The spirit of cooperation between all factors in the community is responsible for the area's industrial growth.

Erickson, who acted as moderator, said the primary objective of the Chamber of Commerce is to bring to the attention of the community all agricultural, commercial and industrial interests in this area.

He reported that the present Chamber membership of 1,140 is about double that of Chambers of Commerce in communities of similar size. The 1956 budget of \$41,000 is the largest in the history of the local Chamber, Erickson pointed out.

If this budget is met through a membership drive, he stated, an assistant to Manager Brandt will be hired, giving the organization a chance to be of even more service to members.

Kankakee still has a high priority for airport development funds, Beckman told the Kiwanis. Improvements costing an estimated \$284,000 are contemplated here, he said. The federal government would provide \$142,000 and the state \$80,000, leaving \$62,000 to be raised locally.

AND THE FEDERAL government would give back about half of the locally-raised \$62,000 in credits, making a net local contribution of only some \$31,000, Beckman pointed out.

He also explained that before Kankakee can share in this federal

## AVOIDING WAR IS U. S. AIM: DULLES

**Defends Policy Of Advance Warning**

**WASHINGTON (UP)—**Secretary of State John Foster Dulles said today aggressors must know in advance that the United States would go to war if necessary to defend "its vital interests."

Stepping squarely into the raging controversy over his recent "brink of war" remarks, Dulles told a news conference it is important that the world should know the United States is ready to defend its basic moral values and vital interests, "if need be by life itself."

Dulles said he regretted some of the reaction to the "brink of war" magazine article and said he would not have said some things in the exact way they were written. But he said the policy of warning in advance that aggression could mean war.

"I BELIEVE THAT the United States should adopt every conceivable course to avoid engagement in only war," he said. "Indeed, I have devoted my whole life to the pursuit of a just and durable peace."

Dulles said the United States has learned by hard experience that failure to make its position known in advance "makes war more likely because then an aggressor may miscalculate."

He said such a policy of deterring aggression is but one aspect of the task to maintain peace.

Dulles told his news conference: "It is necessary to be patient; it is necessary to be conciliatory; it is necessary to make our human welfare on that all men will aspire to share that kind of peace."

In the controversial magazine article, Dulles had been quoted as saying: "You have to take chances for peace, just as you must take chances in war. Some say that we were brought to the verge of war. Of course we were brought to the verge of war."

The ability to get to the verge without getting into the war is the necessary art. If you cannot master it, you inevitably get into war. If you try to run away from it, if you are scared to go to the brink, you are lost. We've had to look it square in the face—on the question of enlarging the Korean War, the question of getting into the Indochina War, on the question of Formosa. We walked to the brink and we looked it in the face. We took strong action."

## Bradley Board Grants 10% Wage Increase

**11 Non-elective Employees Affected As Of Jan. 1**

All 11 non-elective employees of the Village of Bradley were granted a 10 per cent increase in wages by a proposal passed unanimously by the Bradley Board of Trustees during the regular semi-annual meeting Monday night.

The increase is retroactive to Jan. 1, 1956.

Motion for the proposal was initiated by Robert C. Kowalter and seconded by Wilmer Davis. The salary raise followed a closed meeting by the board two weeks ago at which time they discussed extensively adjustment of salaries.

The salary increase will up only war," he said. "Indeed, I have devoted my whole life to the pursuit of a just and durable peace."

Dulles said the United States has learned by hard experience that failure to make its position known in advance "makes war more likely because then an aggressor may miscalculate."

He said such a policy of deterring aggression is but one aspect of the task to maintain peace.

Dulles told his news conference: "It is necessary to be patient; it is necessary to be conciliatory; it is necessary to make our human welfare on that all men will aspire to share that kind of peace."

In the controversial magazine article, Dulles had been quoted as saying: "You have to take chances for peace, just as you must take chances in war. Some say that we were brought to the verge of war. Of course we were brought to the verge of war."

The ability to get to the verge without getting into the war is the necessary art. If you cannot master it, you inevitably get into war. If you try to run away from it, if you are scared to go to the brink, you are lost. ## Reelect City National Bank Officers

Officers were reelected and some promoted when the expanded board of directors of City National Bank held its organization meeting this morning.

Three new members were added to the board of directors at the annual stockholders meeting. They were Claude M. Granger, Vernon C. Butts, both attorneys, and Harold P. McGraw, general manager of General Foods Co., operations in Kankakee. The board is now composed of 16 members.

At the meeting this morning C. A. Mueller was reelected president; C. E. Hamilton, W. C. Halst and F. W. Swannell, vice presidents.

Howard O. McCracken, who has been acting as interim officer, was elected a vice president and W. E. Steiger, E. E. Kramer and M. E. Thorne, who had been assistant cashiers, were named assistant vice presidents.

The bank reported resources at the end of 1955 of \$23,300,750.50 in what McCracken termed the bank's best year of operation.

Improvements noted in addition to the installation of drive-in windows last February were the remodeling of the vault and the installation of new safes and safety deposit boxes. One of the old safes removed was believed to be one of the original vaults installed in the bank when it was founded in 1890.

Other officers reelected at the meeting were Jerome Kieley and Louis Sauer, assistant cashiers; L. L. Henry, assistant trust officer; C. H. Stanger, assistant officer and farm manager.

In addition to the three new members the board of directors is composed of E. H. Hamilton, C. McGraw, Mueller, Sauer, W. E. Steiger, E. E. Kramer, M. E. Thorne, H. E. Steiger, E. E. Kramer, M. E. Thorne, H. E. Steiger, E. E. Kramer, M. E. Thorne.

## Dwight Man To Run For Alternate To GOP Convention

Clement J. Steichen, Dwight farm equipment dealer, has announced his candidacy for alternate delegate to the Republican National Convention from the 17th Congressional District.

Arthur L. Beckman of Kankakee and Elton A. Wagner of Danville have announced as candidates for regular delegates to the convention to be held in August.

Delegates and alternates will be elected at the April 10 primary election.

Steichen has been in the farm equipment business for the past 30 years and has been active in the Republican party and other civic and county affairs.

The 17th Congressional District comprises Kankakee, Livingston, Woodford, McLean, Ford, Tipton and Vermilion counties.

## Open Asia Defense Talks In Australia

**MELBOURNE, Australia (AP)—**Highly secret talks on the defense of Southeast Asia began here today.

A report military staff planners drew up two months ago was the major item of business before the meeting of top military officers of the seven Southeast Asia Treaty organization (SEATO) nations.

Delegates mostly refused to talk about the report. But Adm. Felix M. Stump, U. S. commander in the Pacific, said they would discuss the holding of joint exercises.

## Algeria Death Toll For 2 Days Hits 165

**ALGERIA (AP)—**Guerilla warfare and terrorism took a toll of 165 lives in Algeria in the past two days and another 20 persons were killed in French Morocco, according to reports today.

Figures released by French authorities here claimed 150 rebels in French Morocco and 3 civilians died in the bloodiest 48 hours since the night Algerians voted to end a 13-year North African territory last August.

## Vote To Annex Area Southwest Of City

Kankakee's boundary lines expanded again Monday night when a parcel of land in the southwest section of the city was annexed by an ordinance approved by the city council.

The action by the city followed approval by the County Court and the Planning Commission of the annexation request. The land annexed lies west of Eighth Avenue and north of Vanmeter Street and includes the site of the old Kankakee school, park property and the land left by the Fort estate for a home for elderly persons.

In addition to the three new members the board of directors is composed of E. H. Hamilton, C. McGraw, Mueller, Sauer, W. E. Steiger, E. E. Kramer, M. E. Thorne, H. E. Steiger, E. E. Kramer, M. E. Thorne.
