Open Red Cross Drive March 1; Goal \$42,912

Flood Disasters, Blood Program Cause Budget Hike

Flood disasters in the United States have exhausted National Red Cross funds—and as a result when the Kankakee County chapter opens its fund drive March 1 its goal will be increased to \$42,912.

This was announced today by Edward P. Drolet, general chairman of the campaign.

Drolet explained that Kankakee County residents will be asked to give \$5,490.47 more this year than they did last. The 1955 fund campaign realized \$37,421.53 for Red Cross.

The drive chairman pointed out that the main reason for the increase is the tremendous load being placed on Red Cross in meeting disaster needs in the country. Floods in the East and in the West of the country have created great demands upon Red Cross in its humanitarian effort of giving aid to those in need.

A second reason is the increased cost of the blood program to the chapter, being approximately \$2,000 more this year than last.

Drolet emphasized that the third reason is the natural growth of the chapter's program as Red Cross attempts to keep pace with the rapid expansion of Kankakee County.

1,500 Flee Los Angeles Homes After 7 1/2-Inch Rain

LOS ANGELES (U)—One of the heaviest rains in southern California history—more than 7 1/2 inches here—forced about 1,500 persons from their homes, closed schools and disrupted traffic and business. One youngster was reported missing.

At 4 a.m. the weatherman reported "the weather front has not passed through... the heavy rain is over for the Los Angeles area."

At that time the storm total was 7.61 inches.

MOST OF those persons who had to leave their homes lived in communities just south of the city although many were in Venice, with in the Los Angeles limits to the southwest.

No drownings had been reported but a 7-year-old boy was reported missing. Sheriff's deputies searched for the youngster, Roger Weingartner of nearby San Gabriel. He was last seen by his sister peering into the raging waters of Rubio Wash.

The Los Angeles Flood Control District reassured jittery citizens who recalled the recent deaths and destruction in northern California floods. District spokesmen said that debris basins were equipped to handle most runoff from the mountains.

Vast areas of Los Angeles County were covered with water during the height of the storm, and the runoff, racing to the sea, posed a serious threat to Long Beach, 26 miles south of here, for several hours.

Shortly before midnight, Sam Vickers, Long Beach city manager, announced he had canceled an alert after engineers told him they had strengthened a flood control channel which passes ultimately through the heart of that city of 300,000.

Floodwaters moved at speeds estimated up to 25 m.p.h. and in depths of more than three feet in many places. Even after the storm slackened Thursday night, flood channels ran brimful and in a few areas evacuated residents were urged not to return home until the rain stopped.

TRUCKS and boats had been used to take women and children to safety. The city of Long Beach, 26 miles south of here, for several hours.

Nationalists, Red Chinese Engage In Duel

TAIPEI, Formosa (U)—Red Chinese and Nationalist "armies" battled along the offshore islands today, Nationalist officials said.

The Nationalist Defense Ministry said Communist batteries on Amoy and Taitung Island fired 755 shells at Quemoy Island, just across the Formosa Strait. The ministry said the Nationalists returned the fire and set Red artillery on Taitung ablaze.

A brief duel at Kaoteng, northernmost of the Matsu group, was the third in two days. An official news agency said Red mainland guns fired 36 shells at the tiny island, which lies only four miles offshore. The agency said Nationalist fire silenced the Red guns.

Matsu Island underwent an air raid alarm when unidentified planes were spotted some 40 miles away during the afternoon but they disappeared without incident.

The Nationalist navy said two of its warships clashed with a flotilla of Communist gunboats and sank one today west of Wuchiu Island, which is about halfway between the Matus and Quemoy and about 25 miles from the mainland.

The Communists fled without damaging the nationalist ships, the navy said.

The dead included a woman and two small children from Denver. Two of the dead have not been identified due to the mangled condition of the bodies, the state patrol said.

Mrs. Lela Cagle of Denver died early today of injuries she received in the accident, in which her two children, Kathy, 4, and David, 2, were killed instantly.

Four persons riding in the other car also were killed outright in the jump. They were James C. Martin, a sailor, and Lalle Elaine Townsley, Powell, Wyo., another unidentified woman, and an infant.

Mrs. Cagle and her children were passengers in a car driven by George Apple, 36, Denver, who was in fair condition at a hospital.

Pvt. Donald Lawrence, 17-year-old Chicago Negro, walks with unidentified detective today after being brought back from Fort Sheridan for questioning regarding the death of a narcotics detail detective and wounding of another. Killed Chicago Officer In Bar

CHICAGO (U)—Police said today a teenaged, AWOL Army private had related he shot and killed a narcotics detail detective and wounded another when they tried to question him in a West Side bar Wednesday night.

The youth, Pvt. Donald Lawrence, 17-year-old Chicago Negro, was questioned at the Army base at nearby Fort Sheridan early today and then was returned to Chicago.

Harry Penzin, deputy chief of detectives, said Lawrence had been arrested early Thursday, a few hours after the fatal shooting, because his description fit that of the killer, but was released because witnesses failed to identify him.

THE SLAIN detective was Lyons Kellher, 33, a fellow officer, William A. Derrig, 38, was shot in the hand and foot but is recovering.

A Negro policeman, Julian Ford, 32, provided the lead that broke the case. Ford resided in the same neighborhood of the shooting, as did Lawrence.

Ford said he received an anonymous telephone call from a woman who said he could learn about the killing by questioning three boys. She even provided the killer's name. Questioning of the youths followed and Lawrence was arrested.

Penzin said Lawrence gave the following account of the shooting: "I went to the tavern at 2801 Warren Ave., Wednesday night. The bartender wouldn't serve me because I looked too young."

"But I stayed in the tavern. Then I was confronted by a man who said he was a policeman. He tried to frisk me, but I struggled with him and then fired at him and another policeman."

Lawrence said he fled and went to the home of friends. Four acquaintances were there, he said. He showed the youths his revolver and told them he had "just shot two cops."

The youths told police the same story. Lawrence said he then went home, hid his revolver, and went to work. He said he was charged with disorderly conduct but then was released to his mother's home. He was AWOL from Fort Carson, Colo.

PENZIN said Lawrence, 5 foot 2, slender, and with a crew cut, also told police: "I've been AWOL from Fort Carson since two weeks ago. I got to Chicago Sunday and stayed with my mother. I told her I was on leave."

Before the shooting Wednesday, me and Jesse Scott, a buddy of mine, stuck up a saloon on the West Side and got about \$50. "We used a gun I bought in a sports store in Colorado Springs."

\$22 Million In Arms Given Mid East Foes

UNITED NATIONS, N.Y. (U)—The U.N. today published a survey reporting that 10 Western nations have shipped 22 million dollars worth of arms to Israel and her Arab enemies since 1953.

This survey, published in the U. N. periodical Commodity Trade Statistics, said Israel got \$8,986,000 of the arms and the five Arab states of Egypt, Iraq, Lebanon, Saudi Arabia and Syria got \$13,029,000 worth.

THE FIGURES, however, did not include (1) aircraft shipments, (2) arms from Jordan's Arab Legion and (3) any arms from France.

The survey, ending with mid-1955 also made no mention of Communist Czechoslovakia's agreement to sell Egypt \$8 million dollars worth of arms.

The survey said the nations had reported only "ordnance" shipments—"firearms of war, tanks, self-propelled guns, revolvers, pistols, projectiles and ammunition."

U. S. SHIPMENTS to Israel and the five Arab nations were reported at only \$359,000 for the 4½-year period—\$13,000 to Israel, \$24,000 to Lebanon, \$86,000 to Iraq, \$11,000 to Saudi Arabia and nothing to Egypt or Syria.

Britain said she sent \$1,750,000 worth to Israel and \$6,313,000 to the Arabs—\$3,457,000 to Iraq, \$1,400,000 to Egypt, \$730,000 to Syria, \$726,000 to Lebanon and nothing to Saudi Arabia.

The balance covered in the report came from eight other nations: Belgium, Canada, Denmark, Finland, West Germany, Italy, Luxembourg and Sweden. They reported \$2,022,000 worth of arms exported to Israel and \$6,370,000 to the five Arab states.

Only 16 Turncoat GIs Stay In Red China

BY UNITED PRESS
Two years have passed since 23 American soldiers turned their backs on their own country to take up the cause of "peace" as turncoat prisoners in Communist China.

Today, six of them are back in the United States, apparently much wiser for their experience.

One is dead, buried in China, to their homebound buddies and disappeared into Red territory.

DICKENSON and N.D. Batchelor came home to face charges of collaborating with the enemy in North Korean prison camps. They were tried and convicted and Dickenson is serving 10 years and Batchelor 20 years in the military prison at Ft. Leavenworth, Kan.

The other 21 were dishonorably discharged from the U.S. armed services, and when 4 of them later decided to come home they were outside the jurisdiction of Army court-martials.

One was Pfc. Richard R. Tomson, 22, and Cpl. Edward S. Dickenson, 23, and Cpl. Claude J. Batchelor, 22, crossed to U.N. territory late in 1953. Aiden, Minn., and says he is learning of his mother and step-father's names. He says he is "putting together material for a book."

Bethlehem Tells Of Expansion Plan

NEW YORK (U)—Bethlehem Steel Corp. has begun a 300-million-dollar expansion program as a section of the Illinois adoption plan providing that courts shall have jurisdiction of the adoption through adoption to a petitioner of the same religious belief as the children.

The mother opposed adoption of the 1½-year-old twins by the Coopers. Judge Cowlin based his decision on a petition of Mr. and Mrs. Dwayne Cooper of Belvidere to adopt the children. The 2nd District Appellate Court affirmed the ruling.

The Coopers are Presbyterians. The mother of the twins, Mrs. Joan Hinrichs, placed them and three other children in St. Vincent's orphanage at Freeport last year. Later they were placed in the Coopers' home as foster children.

Mendes-France, Mollet Discuss Formation Of French Cabinet

PARIS (U)—Premier-designate Guy Mollet and his ally Pierre Mendes-France sought today to shape up the French Cabinet. Mendes-France is expected to get the backing of the 131 Communist-backed single party in the new Assembly.

Mollet, head of the Socialist party, and Mendes-France, who leads the moderate Radicals, formed an alliance called the "Republican Front" that won them some 160 Assembly seats in the recent election.

ALTHOUGH far short of a majority in the 566-member Assembly, they claimed the right to head up a new government. Other parties disputed them only briefly and apparently are prepared to let them try to form a cabinet.

Mollet is expected to get the backing of the 131 Communist-backed single party in the new Assembly.

Open Bradley Lighting Bids

Triangle Construction Co. of Kankakee has offered the low bid on the Bradley Village street light improvement project which will establish lighting on Broadway between Schuyler and Vassar avenues. The company's bid was \$61,903.92.

The other two bids offered the village Board of Trustees were \$83,946.46 by the Ray J. Benoit Co. and \$85,461.06 by the H and H Electric Co. of River Grove.

The village board will probably act on the bids Monday.

7 Persons Killed In Wyoming Crash On icy Pavement

RAWLINGS, Wyo. (U)—Seven persons were killed and one was injured critically Thursday night when two cars collided on an icy stretch of U. S. 30 about 28 miles west of here.

The dead included a woman and two small children from Denver. Two of the dead have not been identified due to the mangled condition of the bodies, the state patrol said.

Mrs. Lela Cagle of Denver died early today of injuries she received in the accident, in which her two children, Kathy, 4, and David, 2, were killed instantly.

Free Youth Who Killed Wife-Beater

HIGH POINT, N.C.—A 15-year-old boy who testified he fatally stabbed his stepfather because he struck his mother with a small baseball bat, was acquitted of murder charges Thursday.

A jury deliberated nearly two hours before acquitting Mack M. Warren in the death of his stepfather, Derris L. Williams, 55, at their home here Oct. 19.

Warren, his mother and two small sisters broke into tears at the verdict.

Warren testified that he stabbed his stepfather with a hunting knife after Williams beat his mother with a small baseball bat and threatened to hit him with an electric iron. Mrs. Williams testified she was knocked unconscious by her husband.

Home Ransacked

A robbery was the only item taken when someone broke into his residence, John Heimbarger of 1189 Calista St. told the sheriff's office. Deputies Dan O'Loughlin and Fred Hotman investigated the break-in, which was reported about 10:40 p.m. Thursday. Entry had been gained by breaking a window in the breezeway, and the house had been ransacked.

Sheldon Church To Open Revival Meetings Sunday

SHELDON (JNS)—A joint revival meeting of the Sheldon and Brook, Ind., churches will be held Sunday at 7:30 p.m. in the local church.

Services will continue daily at 7:30 p.m. for two weeks, with the exception of Saturdays.

The Rev. E. Rollins, pastor of the Brook EUB Church, will preach during the week the revival is in Sheldon.

Special music is planned and includes a male quartette from Earl Park, Ind., Sunday; Clifford Gaffield, solo, Monday; Mrs. Clayton Gilliland, solo, Tuesday; Mrs. James Ping, solo, Wednesday; Edgar Sibert, solo, Thursday; Melvin and Delores Bowen, duet, Friday. Edgar Sibert will be song leader for the first week's services.

On Feb. 5, the meeting will move to Brook, Ind., where the Rev. William McBride, Sheldon EUB minister, will be guest speaker.

Music for the week will be provided by the Brook church. Although it has been the practice of the Sheldon church to hold a revival meeting each year, this will be the first one to be held in the Brook church for more than five years.

All Safe In Crash

EL CENTRO, Calif. (U)—Two Navy F9F Cougar jets collided yesterday during maneuvers. One pilot bailed out safely. The other flew his crippled plane back to its base.

90-Piece KHS Band Presents Sharp Concert

The largest group to hear a Kankakee High School band concert in recent months was rewarded with the band's best performance Thursday night.

An estimated 500 to 600 persons were present for an unusually enjoyable program.

The 90-piece group was definitely sharp as it opened with "March of the Free Peoples" and then swung into "Gypsy Holiday" overture. The latter probably was the most enjoyable performance of an overture the band has ever given.

The music has an entirely different ring, attributable to its increase in size and the addition of a large range of "color" instruments, comments the program.

Each entire section sparkled, where before perhaps one or two sections or individuals stood out.

IN SIZE ALONE the band has reached the point where it hardly needs the stage, and has to expand its seating arrangement after the curtains are opened.

Atchison was indicted on charges that Fisher's death was a result of the struggle with Atchison, who faces burglary and auto banditry charges in Posey Circuit Court at Mount Vernon, Ind.

Eby dismissed the indictment when Prosecutor Richard Hawley of Posey County reported the state could produce no further evidence.

Atchison will be returned to Posey County to face the burglary and banditry charges. A brother, Lowell, 28, also awaits trial on similar charges.

But Special Judge A. Dale Eby of Princeton granted a motion for Eby to dismiss the indictment.

Atchison was tried by a jury last November and found guilty of murder. The jury recommended life imprisonment.

Charge Dropped Against Illinoisan In Marshall's Death

EVANSTON, Ill. (UP)—A murder indictment against Norman Atchison, 31, Mount Vernon, Ill., accused of killing a town marshal at New Harmony, was dismissed Thursday in Vanderburgh Circuit Court.

Atchison was indicted on charges that Marshall Ralph Fisher died of a heart attack brought on in a struggle with Atchison outside a tavern which was being burglarized last year.

Atchison was tried by a jury last November and found guilty of murder. The jury recommended life imprisonment.

But Special Judge A. Dale Eby of Princeton granted a motion for Eby to dismiss the indictment.

A New Shuffle Was Needed

Las Vegas Is Down But It's Not Out

LAS VEGAS, Nev. — To those who have never seen it before, the sight of plush hotels rising from the sage, after miles and miles of sagebrush and Joshua trees, has always had the unreal look of a mirage.

But this was solid, postwar Las Vegas, a storied string of neon-lit, odd-shaped structures, each built around a swimming pool. These were houses that Jack built—the kind of jack that keeps slot machines and roulette wheels spinning.

THIS WAS THE LAND of easy money—for the men who owned the gambling halls. The lure of winning brought suckers by the thousands. They lost enough on the crap tables and the wheels, at blackjack and in the slots to make salaries well up in five figures a week for entertainers, and to keep the state of Nevada relatively tax-free.

There is no crash in the offing, maybe not even a depression. But behind their gleaming facades, the operators of most of the luxury casino-hotels are operating with new efficiency. They realize that the foldup of two casinos and the refinancing of two others in 1955 is a straw in the wind.

Big stacks still are riding on the future of the town. But the chips are being played with considerable care, and for the first time bets are hedged a bit.

Four hotels opened last year: the Moulin Rouge, Riviera, Dunes and the Royal Nevada. None was a sensational success. Yet there are indications four more will open this year.

WILBUR CLARK, of the Desert Inn, generally conceded to be the sturdiest operation on the Strip—that section of U. S. 91, just where most of the wealthy layouts cluster—weighs the future with a sturdy optimism.

"This town can absorb one new big casino-hotel a year for the next 100 years," says Clark. "We're nowhere near the saturation point. There are 100 million people in the United States who want to come

ment in an interracial hotel here, is padlocked—eloquent pink-tinted testimony to the hard fact that this is no utopia in the desert. The Royal Nevada needed a \$683,000 transfusion to help it stay in business over the holidays. The Dunes has been taken over by the management of the healthy Sands, but has yet to build up a steady patronage.

And the two biggest additions, the Riviera and the renovated New Frontier—once the last frontier—have been sparsely filled except for weekends and holidays in recent months.

The nine-story Riviera, with a plant valued at nearly 10 million, has undergone the most drastic keel-basting. The group which for months has been demolishing the old building, is now erecting the new one.

Benny Goffstein, executive vice president, has cut the staff and overhead roughly in half.

"We may be in for a rough haul for awhile, but I have confidence in this town," says Goffstein. Needless to say, there won't be any more outlays like the \$50,000 a week Liberace and his troupe were paid to open the hotel last April.

BUT FOR THE NEW spots, the operators of most of the luxury casino-hotels are operating with new efficiency. They realize that the foldup of two casinos and the refinancing of two others in 1955 is a straw in the wind.

Indiana Couple Married

Miss Lena M. Benent of Carlisle, Ind., and William C. Davis of New Castle, Ind., were united in marriage Saturday at 2:30 p.m. in the Church of the Nazarene in Indianapolis.

Next to her an exotic daisy-eyed Spanish beauty was busy buying a pair of mad red mules. Just her type! Her outfit, which would have been utterly ridiculous on the gray-haired sister, suited her colorful charm to a T.

She wore a black Carmen Miranda type turban decorated with a few gold baubles. When she took off her short, boy top, her slim figure was encased in a long-sleeved turtle-neck jersey and a pair of tapered hip-hugging slacks. On her, they were perfect. So were the big, gold chunky bracelets she had on either arm.

Opposite this pair, a fresh-faced college girl was trying on loafers. Tall and lean, she looked wonderful in a pale yellow blouse and a bold red felt peasant skirt that flared about her graceful figure. Instead of a kerchief, she'd tied a matching scarf over her head, the ends jutting out colorfully under her chin. It was strictly collegiate, for a youthful type, for this girl in particular.

First, we noted a striking young woman, prematurely gray, obviously a career girl with a taste for the tailored. Her outfit was perfection—a gray wool dress, a gray perian lamb coat. Sound like she was overdoing it? Not on your life! The grays served to emphasize her hair which she'd wisely had rinsed so it had the faintest blue cast. The two touches of color she wore were brilliant for hat and lipstick. They set off her appearance perfectly.

A BIG, BULKY striped sweater suits the collegiate young beauty exemplified by Shirley Jones, star of the new movie, "Carousel."

Many Types Of Beauty

By JEANNE D'ARCY

There's no one standard for good looks, and thank heaven for that! There are many different beauty types, each attractive in its own special way.

The point was brought home strongly the other day when we were shopping for shoes in a smart Fifth avenue shop. There were three other customers, each a knock-out, each a distinct type, each wise enough to play up her special brand of beauty.

Diet For Teenagers—Why, When And How

Youthful Underweights—Want More Bounce?

By IDA JEAN KAIN

Weigh-in, underweights—today's column is to help you have more bounce to the ounce. You need to be built up, but it isn't just more fat you want piled on. What you need is a healthier functioning system, well toned muscles and more vigor.

If you are thin as a skinnier, you haven't a chance of gaining unless you switch to Grade A nutrition and eat the foods which furnish tissue building materials. Studies reveal that the good food values in foods work together—call it teamwork. That is, the protective nutrients are used best when other nutrients are present. To get more good out of your food, round out each meal from the nutrient standpoint.

Give yourself a break by eating a good breakfast. Here's a promise: If you will get up 15 minutes earlier and eat a nourishing breakfast, you will definitely have more nerve and sparkle. Lack of appetite for the morning meal is largely a habit.

Tomorrow-morning, have citrus fruit or juice and a bowl of hot cereal. Add dates or raisins to the cereal if you wish. Have hot buttered toast with your favorite jam and also have a glass of milk. After breakfast, build up an appetite for the morning meal.

To gain weight, total calories for the day must exceed your requirements. At lunch, if you eat in the cafeteria, take advantage of the hot dishes offered. With a carried lunch, vary the sandwich habit, and even vary the bread.

During the social hour prizes were won by: the Mesdames Jack Raines, Robert Romph, Leroy Beale, Edward Ducharme and Dagald Lecuyer. Lunch was served by Mrs. Carl Peltier and Mrs. Mary Louise Lockwood and their committee. Fifty-five members attended.

At the Feb. 29 meeting, bandages, compresses, pads and hospital gowns will be made. Articles for layettes for missions may be taken to this meeting.

Guess who said:
"What's so hard about hanging up a wash?"
Let an ELECTRIC Dryer do the work on washdays—
Electric heat's the cleanest, fastest, driest heat there is... and electric dryers cost less!
As most husbands eventually discover, hanging up an average family laundry (87 lbs. of wet wash) is WORK.
But drying heavy, wet wash is quick and easy with an electric dryer. Just load it up, set the controls and your clothes dry automatically in minutes.
Your electric dryer is ready day or night, good weather or bad. And controls are so accurate you can dry the most delicate fabrics without a worry.
Electric heat is cleanest. Faster, too, because it's the driest heat. Clothes dry soft and fluffy, sweet and fresh.
You can own an electric dryer for less than \$2 a week! Installation is little in any home with good wiring.
Electric Dryers Cost Less—no outside vent needed. Fully Automatic—no igniting devices necessary.

Postwar Economy May Be Here To Stay

By SAM DAWSON

NEW YORK (U) — They seem to be about ready to bury "the good old days." Talk about the postwar economy that may be here to stay. It is at a minimum now. Even the Russians' new try at making the American people think they are being brought to the brink of peace doesn't stir up much hope for a change in the governmental pattern.

Big debt, big spending, high taxes. The talk now is all of recognizing the postwar inflation as an accepted fact of life—solidly built into the economy.

High prices, they say now, are here to stay. Success now is measured not by a cut in the cost of living but by the stability with which it can be maintained at its present level.

Home Bureau Unit Of Kempton Will Meet In Cullom

KEMPTON (JNS)—The Kempton Home Bureau unit will meet in the home of Mrs. John Scott, Cullom on Feb. 7.

The meeting will be an all-day session beginning at 10 a.m. A potluck dinner will be served at noon. Miss Marian Simon, Ford County home advisor, will give the major lesson, "Planning a Flower Garden for the Home." The minor lesson, "Birth Certificates and How to Obtain Them," will be given by Mrs. Duane Dowse.

MR. AND MRS. James Kain visited at the home of Mr. and Mrs. Dewey McPherson in Strawn on Tuesday afternoon.

MR. AND MRS. Charles Moore and sons, Randy, Marty and Ricky, left Monday for a vacation in Florida. Mr. and Mrs. Abe Hanton and James Donoghue left Sunday for a two-week vacation there.

Leon Knittel, son of Mr. and Mrs. Francis Knittel, is a patient at St. Mary's Hospital, Kankakee, where he is being treated for virus pneumonia.

Mrs. Dick Mettel of Lockport spent the weekend with the James Cassidy and Milton Colthart families.

Martinton
Miss Judy Hixon came home Tuesday to spend the remainder of the week during the semester vacation from her studies at the Wesleyan University and at Brookline Hospital, Bloomington.

Mrs. J. C. Wehling and Mrs. Emory Baron, members of the Martinton Twig, were volunteer workers at the Iroquois Hospital in Watseka on Monday.

instability of employment and without any appreciable change in the value of money.

But before shedding too many tears over the demise of "the good old days," stop to think if you'd really like to go back.

The cost of living has gone up, sure. But in many industries the scale of wages and salaries has gone up even more since prewar days. As a result, in many factories a worker can turn the proceeds of an hour's work into more food and clothing than he could have in the thirties when food and clothing were cheaper.

And many things actually cost less today than they did when grandfather was a boy. Some of these items from America's genius for mass production. Aluminum is an example. Fifty years ago it cost 35 cents a pound. Now, in spite of

price rises since World War II, it costs 25½ cents a pound.

Miracle drugs are examples, too. When they came out their price seemed all but prohibitive. In a few years they are brought down in price to the reach of everyone.

War II they could build a house for \$5,000 that in 1950 would cost about \$15,000, and today the same size house would cost more than \$20,000.

Home prices may fluctuate. But who talks now of any future time when today's \$20,000 house may be built for \$5,000 again?

Look in your refrigerator. Count the items of prepackaged, even precooked foods. Look in your freezer and count even more—not to mention the economies that a smart shopper can make in filling

County Farm Bureau Votes Dues Hike

The Kankakee County Farm Bureau membership voted a dues increase by a two-thirds majority at the organization's 44th annual meeting Saturday at the Kankakee Senior High School.

The Farm Bureau's dues will rise from \$18 to \$21 effective Oct. 1, 1956 and to \$21 on Oct. 1, 1958. Glen Mann, county Farm Bureau president, said the additional revenue is needed to meet the dues increase the Illinois Agricultural Association is asking from each

IRE REJECTS SOVIET 'FRIENDSHIP TREATY'

WASHINGTON (U) — President Eisenhower Saturday rejected, as an empty gesture, a surprise Soviet proposal for a 20-year "friendship treaty" with the United States. He laid down four conditions which he said the Russians can meet if they really want to make peace instead of propaganda.

He said there is "no honorable thing" that America would do to promote world peace. But he said it would be a dangerous "illusion" to believe that peace can be achieved through a treaty which would merely duplicate pledges already given by both countries in the United Nations charter.

Assessing that "it is deeds and not words alone which count," Mr. Eisenhower charged that Russia's "actual performance" since the futile Geneva summit meeting has been aimed at increasing, not reducing, East-West tensions.

That was the essence of his reply to a letter he received Jan. 23 from Russian Premier Nikolai Bulganin proposing the treaty. The exchange of correspondence, amounting to some 8,000 words, was made public by the White House late Saturday.

Bulganin declared in his letter that Russia is eager for "improved relations" with the United States. He said that the present international tension, "whatever the reasons may be," is fraught with the danger of atomic war.

He invited the United States to join Russia in signing a 20-year treaty pledging each side to "develop and strengthen friendly relations" on the basis of the "continued on Page 6, Column 3"

U Of I Trustees OK \$36.8 Million Outlay For Housing Of Students

CHAMPAIGN (U)—The University of Illinois board of trustees Saturday approved a \$36,800,000 student housing program to provide quarters for 8,663 students between now and 1963.

The program is to be paid for over a 25-year period with student rents and some of the tuition paid by students living in the new housing.

Interest charges will make the total cost of the program an estimated \$51,981,750. Rentals will pay about \$28,707,250 of the cost, with the remainder, \$23,274,500, coming from tuition.

The university expects to be required for tuition by the state Legislature, which in 1955 passed laws making the rental-tuition method of financing the program possible.

The program will make 2,798 housing units available by the fall of 1958, 1,332 of them for single men students, 636 for single women students, 250 for graduate students, and 560 for married students.

By the fall of 1960 an additional 1,332 units for single men, 1,000 for women, 250 for graduate students and 250 for married students will be ready.

Marine Finishes 100-Mile Dimes Hike With \$2,500

CARBONDALE (U)—Staff Sgt. Philip Hobbs, footsore, weary and rain-soaked, ended his six-day march to raise dollars for the March of Dimes here as darkness fell Saturday.

Hobbs, 30-year-old Marine combat veteran of two wars, started out Monday from Murphysboro and hiked more than 100 miles through four counties to stimulate donations to the polio fund.

Hobbs, a native of Eldorado, Ill., hiked the last 20 miles from Du Quoin Saturday through a cold drizzle.

"I think I've got blisters on my blisters," he told his wife, Virginia, and three children when they greeted him.

Hobbs marched through Murphysboro, Carbondale, Carterville, Colp, Herrin, Marion, Johnston City, West Frankfort, Benton, Christopher, DeQuoin and back to Carbondale on the trip. More than \$2,500 was raised for the polio fund of Illinois, Pa. The others were Europeans.

American Among 6 Killed By Avalanche

ST. ANTON, Austria (U) — Six holiday skiers were killed by a roaring avalanche at this Austrian Alpine resort Saturday.

It was the worst tragedy of Austria's winter holiday season. The avalanche struck a group of nine skiers, led by an Austrian instructor, who were practicing near the Ulmer Mountain Hut at 6,000 feet altitude. Rescuers managed to dig out three persons alive.

Police identified one of the victims as Janet Lester-Neville, 25, West Chester, Pa. The others were Europeans.

George Praises President's Reply To Soviet Premier

WASHINGTON (U)—Sen. George (D-Ga.) chairman the Foreign Relations Committee, said Saturday the Bulgarian-Eisenhower letter was "both a breath of fresh air and a conciliatory gesture."

Sen. Bridges (R-N.H.), however, described Soviet Premier Bulganin's letter as "a most excellent example of moderation and sincerity."

George described Eisenhower's letter as "a most excellent example of moderation and sincerity."

He had a smile for each half the Duke of Edinburgh took over the conversation.

The temperature was in the mid-80s when the queen arrived. She was calm and unflustered as she stepped from the plane.

Fire Destroys Irwin Elevator

Firemen string lines of hose to the smoking, smoldering pile of oats and debris that, until 4:30 a.m. Saturday was the Ferris Grains Elevator at Irwin. The elevator and its 48,000 bushels of oats was a total loss despite the efforts of five

fire departments. Freezing rain coated with ice and delayed the arrival of fire trucks. Other pictures and news story of the fire on page 3. (Journal photo)

Father Goes Berserk, Kills Self, 6 Members Of Family

PARISPPANY-TROY HILLS, N.J. (U)—A father killed six members of his family, including his two small children and his aged invalid mother, with a shotgun Saturday night and then shot himself in the head, police reported.

Police Chief Leo D'Orsi said 48-year-old William Bauer, a trustee of the Parisppany First Methodist Church, went berserk "for no apparent reason" in his seven room ranch house here after a scheduled Florida vacation had been postponed unexpectedly.

HE KILLED his wife, Alice, 43, his daughter, Elizabeth, 5, his son, Peter, 18 months, his mother, Ann, 84, and his mother-in-law and father-in-law Mr. and Mrs. Edward Neuber, police said.

The bodies were found strewn through the Bauer home by a neighbor.

The neighbor investigated when he saw an automobile in the Bauer driveway. He knew the family had planned to leave for Florida Friday and entered the house.

D'Orsi said the house was strewn with empty cartridges. If it was Bauer's single-barrel pump action shotgun. He said the gun carries shell shells in one chamber. The weapon was found under Bauer's body in the living room.

Nigerians Honor Queen With Dinner

LAGOS, Nigeria, (U) — Queen Elizabeth II, wearing a glittering tiara and sky blue satin gown, presided at a colorful African colonial state dinner here Saturday night. It was the first in her tour of sweltering Nigeria.

The young monarch and her husband, the Duke of Edinburgh, arrived by plane Saturday morning from London for the first visit of reigning royalty to this century-old British colony.

They received an ovation from fanatical throngs, ranging from half-naked to dignitaries in the height of Nigerian 2nd European fashion. It was a mixture of cheers and tom tom language.

SATURDAY night's dinner, of chicken and barracuda followed a drive through the jammed streets of Lagos and a reception for the more than 100 journalists accompanying the royal tour.

An ancient air-conditioning device cooled the Queen as she dined in the governor general's white three-story mansion. They were attended by 32 stewards.

The air-conditioning is done by punkas—fans made of a dozen wide blades suspended high over the table, a man outside pulls a rope which waits the blades to and fro, stirring up breezes that give relief from the heat, but do not rattle a lady's hairdo.
