For Your Information Needs . . .

The Post Office address of Olivet Nazarene College is Kankakee, Illinois 60901. Mail to administrators, offices, faculty and students may be sent to this address.

The College is located in the village of Bourbonnais on the north side of Kankakee. The campus is one and a half miles southwest of Exit 315 on Interstate 57. It is at the junction of U.S. 45-52 and Illinois 102.

The telephone number of the college switchboard is 815-939-5011. Through the Centrex system our operator will redirect calls to any office or student. Calls may also be dialed directly to offices by using the numbers listed below. Administration offices are in Burke Hall or as noted below.

Inquiries to the College may be directed to:

THE PRESIDENT 939-5221
   General Interests of the College
THE DEAN OF THE COLLEGE 939-5213
   Undergraduate curriculum, Instructional programs and Graduate programs
THE ASSISTANT DEAN OF INSTRUCTION 939-5214
   Student academic problems, Class schedules, Orientation
THE DIRECTOR OF ADMISSIONS 939-5203
   Admission of freshmen and transfer students, Requests for catalogs, applications for admission and other information
THE REGISTRAR 939-5201
   Registration for classes, graduation requirements, transcripts of records, grades
THE DIRECTOR OF FINANCIAL AID 939-5249 Miller Hall
   Applications and information on grants, loans, scholarships
THE BURSAR 939-5245 Miller Hall
   Payment and arrangements of college student accounts
THE DIRECTOR OF PERSONNEL 939-5240 Miller Hall
   Employment on campus, staff positions
THE DEAN OF STUDENTS 939-5333
   General welfare of students, campus policies
THE ASSOCIATE DEAN OF STUDENTS 939-5224 Ludwig Center
   Residence Halls, room assignment information, policies
THE DIRECTOR OF STUDENT ACTIVITIES 939-5230 Ludwig Center
   Campus Activity Calendar, Ludwig Center Schedule
THE DIRECTOR OF DEVELOPMENT 939-5341
   Requests for services of the college such as musical groups, guest speakers, etc. to churches, districts, organizations
THE BUSINESS MANAGER 939-5240 Miller Hall
   Business affairs of the college, purchasing
THE DIRECTOR OF PUBLICITY 939-5295
   News, publications, special events, The Olivet Collegian
THE LATEST WORD 939-6397 = 939-NEWS
   24 hour recorded news summary about campus events
CAREER COUNSELING CENTER 939-5243
   Student employment and career planning

Table of Contents

Where to Find It in this catalog:

1. Olivet's goals, beliefs, principles, history, campus description
   "Education with a Christian Purpose" in Chapter 1, page 9

2. Degree programs, basic requirements, majors, accreditation
   "Design for Educational Excellence" in Chapter 2, page 14

3. Student activities, organizations, residence hall policies
   "Student Life" in Chapter 3, page 22

4. How to apply for admission as a new student or transfer
   "Admission Requirements and Procedures" in Chapter 4, page 28

5. Financing your college education: costs, scholarships, grants, loans
   "Financial Information" in Chapter 5, page 35

6. Registering for classes, scholastic and graduation requirements
   "Academic Regulations" in Chapter 6, page 49

7. Special programs for students planning to teach in public schools
   "Teacher Education" in Chapter 7, page 59

8. Course descriptions, study outlines for a major, teachers in departments
   "Courses of Instruction" in Chapter 8, page 68

9. Masters degree and advanced classes in education, religion and other fields
    "Graduate Studies" in Chapter 9, page 154

10. People who govern, administer and teach at Olivet
    "Directory of Personnel" in Chapter 10, page 170

11. Degree and enrollment report, complete index
    "Index" in Chapter 11, page 325

12. Calendar of the School Year
    Inside back cover
Ann Kiemel related her ideas on God.
How to Use this Catalog

This catalog is your guide to the courses of study, activities and opportunities at Olivet Nazarene College.

If you read through the purposes of the college in Chapter One, you will come to understand the reason for our kind of course plans, majors offered, student life policies and regulations, and personal interest to help each student who comes to Olivet to achieve the maximum potential for Christian living.

Olivet is supported by the Church of the Nazarene with close ties to the 840 congregations in Illinois, Indiana, Michigan and Wisconsin.

At the same time we are ecumenical in spirit, open to serve all who wish to have an “Education with a Christian Purpose.”

This catalog contains information about the undergraduate and graduate programs, and is intended to remain in force for the period for which it is issued. However, the college reserves the right to revise information, requirements or regulations at any time. Whenever changes occur, an effort will be made to notify persons who may be affected.

The college publishes special bulletins about semester course offerings, time of classes, faculty, and other matters, prior to each term or semester. The college reserves the right to determine the number of students in each class or section. If an insufficient number of students enroll for a course, the college reserves the right to cancel the course, to change the time, or to provide a different teacher of any course in a given semester’s class schedule.

The college reserves the right to drop a major or minor field for lack of sufficient enrollment of students to guarantee a class size of ten or more in upper division classes.

Candidates for graduation are expected to meet the requirements for graduation of the catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student’s successive years of enrollment at Olivet, an appeal may be made to the Academic Standards Committee.

A student handbook is published annually by the Dean of Students and Associated Student Government. This gives more detail about campus activities, regulations and personnel policies which are pertinent to the students enrolled that year.

Olivet admits qualified students without discrimination in regard to race, creed, handicap, sex, national and ethnic origin to all the rights, privileges and activities generally accorded or made available to students at the college. It does not discriminate on the basis of race, color, creed, handicap, sex, or national and ethnic origin in administration of its educational, admissions, financial aid policies, scholarship and loan programs, athletic and other college administered programs.
**Courses and Careers**

The intention of the Olivet faculty is to design each major to meet the needs and interests of students. Through the Interdisciplinary or General Studies majors, a wide variety of courses can be tailored to match an individual's career goal.

Electives from a broad range of subject matter are available, even in the General Education Requirements, which is the foundation of "liberal arts" understanding.

Some career choices, and majors to fit them, have a larger number of specific requirements. Most move from general, foundational studies to more difficult and technical levels of understanding. The usual advice to students is to take care of required courses as early as possible, conserving electives to be used later toward achieving the goals of the student for advanced study and career options.

Faculty members are listed with the department in which they teach, along with their educational background. An alphabetical listing of faculty is also given in the Index chapter.

The courses of study in the college are grouped in nine divisions. Departments in each division are listed below and at the page beginning each division.

All these departments offer majors except Economics, Earth and Space Sciences, Library Science, Political Science and Geography. A chart of majors and minors appears in Chapter 2.

“Education With A Christian Purpose” can be viewed from two standpoints. The Church of the Nazarene has very definite purposes in continuing support of colleges. In turn, Olivet has clearly set forth its “Statement of Purposes and Objectives” as an institution of higher learning.

Consistent with these purposes the college aspires to promote the development of a Christian academic community which involves students, professors, administrators, trustees, and staff employees. All members of this special community should agree that religion has a place in the total process and that, in fact, it must function to unify the entire curriculum. This community proceeds on the premise that Jesus Christ is the Way, the Truth, and the Life; that He, as the Great Example, calls each individual to the development and dedication of his talents in
sacrificial service to his fellow man. It holds that all truth is God's truth and, therefore, cannot be segmented into secular and non-secular departments. In order for the college to succeed it has a right to expect from all who seek membership in the college community a feeling of sympathy and common cause for this basic orientation.

"Education With A Christian Purpose" may also be viewed from the standpoint of the student and his objectives. Each student must find and identify a central core of values about which to organize his life and activities. Under the counsel and guidance of more mature members of this academic community, young people are assisted in the sifting and sorting of ideas and values of the past and present.

Statement of Faith

Olivet Nazarene College recognizes that there is a body of knowledge which is to be found in the humanities, the natural sciences, the social sciences, and theology, about the objective and subjective worlds. The data are available to Christian and non-Christian scholars alike through both the empirical and rationalistic methods. The College acknowledges this dualistic approach to knowledge as accommodating man's finiteness. In no way does a method constitute the ultimate criterion of truth; thus appeal is made to scripture, experience, reason, and tradition. Olivet endeavors to foster a discipline of scholarship based upon these methods of observing and interpreting the facts and experiences of life, culminating in an adequate understanding of God, man, and the world. Since Olivet is an evangelical liberal arts college, applied theology is the integrating factor in the educational experience.

Theologically, the College emphasizes the theistic view of God and man as interpreted in the Arminian-Wesleyan tradition. This view of man and the world acknowledges the presence of sin and depravity within human nature and its effect on his natural state and history.

As an indication of the commitment of Olivet Nazarene College to the historic Christian position, it affirms a statement of faith which defines its doctrinal convictions as follows:

1. That there is one God — the Father, Son, and Holy Spirit.
3. That man is born with a fallen nature and is, therefore, inclined to evil, and that continually.
4. That the finally impenitent are hopelessly and eternally lost.
5. That the atonement through Jesus Christ is for the whole human race; and that whosoever repents and believes in the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.
6. That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.
7. That the Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers.
8. That our Lord will return, the dead will be raised, and the final judgment will take place.
Statement of Objectives

Olivet Nazarene College is an institution of higher education, affiliated with the Church of the Nazarene, serving those who share her values and priorities. It seeks to communicate effectively the historical and cultural heritage and to provide opportunity for liberal arts education in a Christian academic community.

The College articulates its objectives in three distinct and clearly defined dimensions:

General Education Dimension

To provide general educational experiences with a view to developing:

A. A knowledge of the Bible, the revealed Word of God, as the foundation of the doctrines of the Christian faith, and the basis of moral and spiritual values by which one may discipline his life; and an acquaintance with the heritage of the Christian church;
B. Ideals of democracy and an understanding of the institutions of modern society;
C. Habits of constructive, critical thinking and effectiveness in oral and written communication;
D. An understanding of the nature of science and the arts and their relation to Christian philosophy;
E. Wholesome personal habits of living according to the laws of health and physical development, including a wise use of leisure time and active participation in a well-balanced recreational program.

Academic-Professional Dimension

To provide opportunity for concentration in chosen areas of learning, including:

A. An academic specialization equipping the individual for meaningful and productive living;
B. Opportunities for basic and advanced preparation in several areas on Christian ministry, lay leadership, and churchmanship;
C. Programs leading to further graduate or professional studies;
D. Professional education in selected areas on the undergraduate and graduate levels;
E. Appropriate two or three-year programs in specific areas.

Socio-Christian Dimension

To provide a Christian academic community atmosphere which is conducive to the implementation of the motto "An Education With A Christian Purpose" through:

A. The development of a Christ-centered character in preparation for excellence in service and citizenship;
B. An appreciation for the historical and theological heritage of the Christian church and the development of a sense of responsibility to the fulfillment of her mission;
C. A commitment to the ethical ideals and standards of the Bible and the Church of the Nazarene;
D. Active participation in social and political institutions of contemporary society;
E. The development of personal and social poise, firm convictions, and consideration for the rights and feelings of others;
F. Learning how to relate the Christian faith to the problems of world concern.

History of the College

In 1907, a group of devout people in Georgetown, Illinois, who desired a distinctly Christian atmosphere for the education of their children, started an elementary school. A year later, the group purchased several acres of land three miles south of the original location, and enlarged the school to include a secondary level of education. This community became known as Olivet, Illinois, and was to later share its name with the school located there. In 1909, the school added a college of liberal arts and became known as Illinois Holiness University.

The trustees of the school soon realized the wisdom of affiliating with an established denominational group whose doctrines and standards were in agreement with the founding fathers, and in 1912 gave the college to the Church of the Nazarene. A few years later the name was changed to Olivet College. By 1939 the enrollment, college and academy, was about 300 students and the physical plant consisted of five brick structures and several frame buildings on the fourteen acre campus.

In November, 1939, the administration building which housed the classrooms, library, practice room, laboratories, offices, and chapel was destroyed by fire. After careful consideration of the expansion program necessary to the future development of the rapidly growing college, the trustees purchased the present campus in Bourbonnais, Illinois. The present name, Olivet Nazarene College, was adopted at that time.

Campus and Facilities

The campus of Olivet Nazarene College consists of one hundred fifty acres of contiguous land. The principal buildings are arranged on about fifty acres, the remainder serving as playing fields, parking, and sites for future development.

The older buildings on the campus are solid masonry construction and represent the architecture of their time. Burke Administration Building and Chapman (men’s residence) Hall are of Bedford Limestone while Miller Business Center and Birchard Gymnasium are of brick, tile, and steel construction. The newer buildings, including Benner Library and Learning Resource Center, Chalfant Hall Auditorium, Williams, McClain, Nesbitt and Parrott Halls (women’s residences), Hills Hall (men’s residence), Reed Hall of Science, Ludwig Center, Brodien Power Plant, and Wisner Hall of Nursing are of steel, brick and stone construction with a modern functional design.
Entrance Plaza at the corner of Main Street and Olivet Street is at the southwest corner of the 160 acre campus.

**Benner Library and Learning Resource Center**

The Benner Library and Learning Resource Center was constructed in 1974-75 at a cost of more than $2 million. It combines in one structure of 80,000 square feet on four floors both the new building and the Memorial Library which was completed in 1955.

The Library now houses over 120,000 volumes, plus some 55,000 other items (government documents, maps, audio-visual materials, records, sheet music, microfilm); receives 900 periodicals. Many back issues of periodicals and the *New York Times* are on microfilm. As a depository, the library receives U.S. Government Documents on a selective basis. Photocopying, a microfilm readerprinter, and typewriters are available for student use for nominal fees. The music room, with an excellent collection of records and musical scores, has listening facilities including cassette tape players and stereo headphones. A media center, television studio and computer center are significant features of the new building.

**Location and Transportation Facilities**

Olivet Nazarene College is located in the village of Bourbonnais north of Kankakee, Illinois, sixty miles south of Chicago. The campus is situated on highways U.S. 45 & 52, III. 102, and near III. 50 and Interstate 57. Kankakee is served by Amtrak Rail Passenger Service, Greyhound and Trailways bus lines. Mail, telegraph, and telephone connections are made by way of Kankakee, Illinois.

The population of Kankakee County is 100,000, including 30,000 in Kankakee, 10,775 in Bradley and 13,027 in Bourbonnais.

The location gives the college many advantages. Students enrolling in Olivet Nazarene College have the opportunity of earning part of their expenses in the many factories and business places of Kankakee. The nearness of the school to Chicago lends the cultural advantages of the large city and classes make field excursions to the points of interest.
Design for Educational Excellence

Olivet Nazarene College is committed to academic excellence. The college is fully accredited by the North Central Association of Colleges and Secondary Schools as a four-year bachelor’s degree-granting institution. It has also been given full accreditation for its master’s degree programs.

It is accredited by the National Council for the Accreditation of Teacher Education and approved by the Illinois State Department of Education as a teacher training college.

The baccalaureate degree program in Nursing is approved by the National League for Nursing, and by the Committee of Nurse Examiners of the Department of Registration and Education of the State of Illinois.

The baccalaureate degree program in Dietetics is approved by the American Dietetic Association.

Olivet is a member of the American Association of Colleges for Teacher Education, American Council on Education, Midwest Association of Graduate Schools, Associated Colleges of Illinois, the Federation of Independent Illinois Colleges and Universities, The Council for Advancement and Support of Education, and the Christian College Coalition. It is a member of the Associated Colleges of the
Chicago Area, with the privilege of selective use of the Argonne National Laboratories for research and educational purposes.

**Olivet carries on a continuous program of self-study in the belief that improvement is a continuous process.** Its faculty is competent for the duties assigned. An effort is made to bring a genuine academic challenge to every student. This is done with the conviction that the impact of Christian lives can be increased by excellence of scholarship, logical thought and effectiveness in communication. The college seeks through its curriculum, co-curricular activities, and campus citizenship to assure the priority of academic discipline and achievement.

**A genuine encounter with the traditional liberal arts is felt to be the best way to assure the development of the whole person and to give balance in making the judgments required in a world of rapid change.** Accordingly, Olivet Nazarene College offers the student a variety of opportunities for growth according to his aptitude and interests. These opportunities are presented through curriculum, co-curricular activities, field experiences, and the library. Teachers and counselors are ready to assist the student in planning his program, but the student has primary responsibility for meeting requirements for graduation, licensing, certification, and graduate school admission.

**Semester Calendar and Credit Hours**

The college calendar is built on two semesters of 15 weeks and a three-week January term. The semester hour is the unit of credit at Olivet. A semester hour is equivalent to one 55-minute class period per week for a semester. It is expected that the average student will spend two hours in preparation for each period in class. In laboratory courses a two-hour period is considered the equal of one-hour recitation or lecture period. A normal semester load is fourteen to sixteen semester hours. One hundred twenty-eight semester hours are required for graduation with the bachelor’s degree. A minimum of sixty-four semester hours is the requirement for the Associate of Arts degree. All programs feature the dimension of breadth and also the dimension of depth.

**General Education Basic Requirements**

In order to provide the student with a broad base of experience and knowledge in the various fields of human activity and to carry out the general aims of Christian education as outlined in the institutional objectives, special courses have been developed to meet the needs of students in all degree curricula. In certain fields of study the student is required to select from among several courses according to his interest or plans for future study.

Courses numbered in the 100's and 200's should normally be completed during the freshman or sophomore years. General education courses numbered 300 or above will be normally completed during the last two years of study. See Classification, Chapter 6. Students planning a program of teacher education should consult special instructions related to general education, Catalog, Chapter 7.
General Requirements for all Bachelor's Degree Programs

A number of changes in the General Education Requirements for all degrees have been made effective with this catalog for the 1981-82 school year. It is the intent of the college to have students meet these new requirements without any undue hardship because of previous course outlines they may have followed. Appeals regarding adjustments may be made to the Academic Standards Committee on a form available at the office of the Registrar.

**Total hours of all Groups ........................................... 53-59**

*See next page for footnote explanations*
**Minimal competency levels have been established in the areas of English and Mathematics. It is strongly recommended that students seek to satisfy these requirements during the freshman year. Specific details in regard to determining competency are available in the Registrar's Office.**

**All students planning to teach must take 3 semester hours of Mathematics and a course in U.S. History or American Government.**

**A student continuing the study of a foreign language which he had studied in high school may accelerate toward the completion of the requirement, depending upon the high school record in that language and upon the results of a college placement examination. Students with demonstrable oral and written competence in a second language may be permitted to waive the language requirement for graduation upon petition.**

**Intercultural Understanding is an attempt on the part of the college to introduce students to cultural issues on both a domestic and international scale. This general education requirement is fulfilled either through a foreign language (leading to a B.A. degree) or courses designated as applicable to the cultural understanding area (leading to a B.S. or Th.B. degree). Students are required to select at least one course with emphasis on a cultural exposure that is world wide.**

The following courses are examples of courses that would apply toward the intercultural understanding requirement: English 311, 312; Speech 353; Philosophy 351, 355; Economics 208, 363; History 361, 363, 371; Political Science 365, 369; Sociology 122, 364, 374, 383. Other courses may be designated for intercultural understanding, and will be indicated on semester class schedules.

## Associate of Arts Degree Requirements

**Associate of Arts degree specializations** are offered for Dietetic Technician, Teacher Aide, Science Technology, Secretarial Science and Social Welfare. These programs can be completed in two years and the credits may apply toward the requirements for a bachelor's degree.

**For the Associate of Arts degree the general education requirements are:**

<table>

</tr>
</tbody>
</table>

**Total hours required** 29-30

For details of courses which meet the general education requirements, see the preceding section relating to bachelor's degrees.

The Associate of Arts degree is awarded upon completion of the specific requirements of each curriculum and upon recommendation of the faculty. The following general requirements apply:

1. A minimum of 64 semester hours of credit;
2. A minimum grade point average of 2.0 ("C");
3. Completion of the General Education requirements of 29-30 hours;
4. Completion of the specialization, including supporting courses as approved by the department.
5. The student must file an application for the degree six months prior to the expected date of graduation.
General Studies Interdisciplinary Major

Most students will find a concentration of work in the departmental or divisional major adequate to their needs at the undergraduate level. For some, the General Studies major will provide the opportunity to select from several departments courses that will contribute to their life goals.

This major is ideal for a student whose interests lie in related fields such as art, music and literature or psychology, physical education and Christian education. It also accommodates those preparing for law or medical schools. In effect it is a functional major.

This major will consist in not less than sixty semester hours of courses related to the student's declared life objective selected from more than one division of the college. Normally, this declaration is made in connection with Application for Junior Standing at the end of the sophomore year. Application for candidacy for the degree in General Studies must be made to the Dean of the College at least two semesters before graduation. The applicant will present in writing a full statement of his vocational purpose and his reasons for believing that such a degree program will best meet his individual needs.

Upon receipt of the application the Dean shall appoint a committee whose function it will be to accept or reject the application, to develop a plan of studies, and to determine the degree to be awarded. Once the student has been accepted as a candidate for this major he must work very closely with his committee and may not register for, nor withdraw from, any course without prior advice and approval from the committee.

Specialization for Bachelor's Degree Programs

Before admission to junior standing the student will choose an area of specialization as his major field of study. By this means the student will be enabled to examine more intensely a specific field of study and thus to gain depth and a degree of competence in using and communicating this knowledge.

The college reserves the right to drop a major or minor field for lack of sufficient enrollment to guarantee a class size of ten or more in upper division courses of that field.

There are certain instances where particular combinations of majors and minors, or requirements for certification for positions of employment for graduates, may require a student to complete more than 128 semester hours.

If a student begins one specialization or major, and then changes to another, the college cannot guarantee that he will graduate without exceeding the number of 128 hours or eight semesters of work stated as the minimum requirement for graduation.

The following chart indicates the fields in which Olivet offers programs of study. The degree or degrees to which each program leads is shown in the columns headed “major.” An “x” in the minors columns indicates that a minor is offered in the field. Columns headed “Teacher Education” indicate which fields offer a teaching major or minor; — those headed “Non-Teaching” indicate those which offer only a non-teaching major or minor.

</table>
Preparation for Graduate Study, and Pre-Professional Study Programs

While Olivet Nazarene College does not offer majors in the following specific disciplines, it has developed degree programs which adequately prepare students for graduate and professional study in these fields. Detailed programs outlining the preparation available at Olivet may be obtained by writing to the Director of Admissions or to the Chairman of the appropriate department.

**Fields for which Olivet offers pre-professional preparation include: Counseling Psychology, Engineering, Law, Medicine, Physical Therapy, and Social Work.**

The student planning to pursue one of the pre-professional curricula is advised to ask the Registrar for assignment to the appropriate pre-professional adviser. He is also advised to acquaint himself with the requirements for admission to the professional school in which he plans to study after completing his work at Olivet.

Requirements for Graduation — Bachelor’s Degree

Baccalaureate degrees offered by the College are awarded upon completion of the appropriate curriculum and upon recommendation of the faculty. The following general requirements apply to Bachelor of Arts, Bachelor of Science, and Bachelor of Theology degrees:

1. A minimum of 128 semester hours of credit;
2. A minimum grade point average of 2.0 ("C");
3. A minimum of 40 hours of credit in upper division courses (courses numbered 300 or above);
4. Completion of the General Education studies of 53-59 hours;
5. Completion of a major program of study as specified by the division or department in which the major is taken or the major in General Studies described above;
6. Completion of supporting courses as specified by the major department;
7. The student taking the Bachelor of Arts degree must offer foreign language under the Group V general education requirement. This requirement may be satisfied by offering credit in the intermediate level of the language.
8. The student must file an application for the degree six months prior to the expected date of graduation.
9. Students may participate in commencement as August graduates only if they are within 12 hours of graduation by the end of the spring semester, and have filed a plan of studies with the registrar by April 1.

Ministerial Training for the Older Student

For those men who have felt their call to the ministry later in life and who are not able to take the full degree program, Olivet Nazarene College offers the Ministerial Certificate Program.

This program is described in the Catalog under the Division of Religion and Philosophy.
Graduate Studies

The Master of Arts degree is offered with majors in Biblical Literature and Theology. The Master of Arts in Education degree is offered with majors in Elementary Education and Secondary Education. The Master of Church Management degree may be earned through courses in the Institute for Church Management. This is described in the chapter on Continuing Education. These programs are described in Chapter 9 of this Catalog.

Royal Grenadiers of Kankakee played at halftime of the opening football game in September, 1980.

Quarterback Jeff Habadank was later named Most Valuable Player.

Touchdown fever brings a thrill to all.
Lifting the quality of student life is the prime concern of Mr. Grover Brooks, associate dean of students, and Rev. Ted R. Lee, dean of students.

3

Student Life

Under the direction of the Dean of Students, a concerted effort is made to encourage the development of the whole person. Through numerous organized activities, an extensive system of counseling and guidance, a supportive residence hall program, and a well developed system of student government, each student is encouraged to develop his full potential as a well integrated person.

Counseling Services

Olivet provides an effective counseling program which is designed to make capable and mature advisers available to students. Each entering freshman is assigned to a faculty member who serves as his academic adviser until he has chosen his major, at which time he will be assigned to his major academic adviser.

Besides the assigned adviser the student is encouraged to call upon all of the counseling services on the campus including the Dean of Students, Associate Dean of Students, Director of Student Activities, Registrar, Career Center Director, counselors-at-large, resident directors, student resident assistants, the administrative personnel of the college, faculty, and all area pastors.
Freshman Orientation

Olivet Nazarene College seeks to assist in every way possible in orienting its students to the academic, social and religious life of the college. The orientation program consists of a variety of activities including testing, student-parent orientation sessions, and other transitional activities especially designed to assist the student in launching a successful college career. It is a part of the broader freshman advising program in which all freshmen participate.

A special orientation program for incoming freshmen is sponsored by the college at three times during the summer months prior to the opening of school. At this time each freshman will visit the campus with his parents, participate in the preregistration testing program, be pre-registered for the first semester of academic work, and make his housing selection. Also, at this time, orientation sessions will be held with the parents to acquaint them with the college program.

The total orientation program is co-ordinated with the freshman advising program of the institution and is under the direction of the Assistant Dean of Instruction.

Resident Campus Philosophy

The administration of regulations regarding student conduct is one of the responsibilities of the Dean of Students. Resident students are immediately responsible to the Resident Directors of the various residence halls. These persons are responsible to the President of the college through the Dean of Students and his staff for personal guidance to all students. Non-resident students are urged to seek the advice and counsel of the counselors-at-large, the Dean of Students, the Associate Dean of Students, and the Director of Student Activities.

Policies and practices of conduct are formulated with the development of spiritual and scholastic attainments in mind. The college reserves the right to request withdrawal on the part of any student who manifests an inability or disinclination to conform to the policies.

Students are expected to observe the policies of conduct and have agreed to do so by making initial application for admission as a student. Policies of the college are in effect as long as a student is enrolled, both on campus and off, and during vacation periods. Failure to keep this commitment may result in a variety of disciplinary actions, including suspension from college. The policies of conduct are as follows:

1. All students are encouraged to be faithful in their attendance at the services of the church and are urged to support its total program.

2. Students must abstain from the use of coarse or obscene language, profanity, tobacco, alcoholic liquors, narcotics, all forms of hallucinogenic drugs and gambling, immoral conduct, including sexual promiscuity, as well as other forms of personal dishonesty.

3. Students will refrain from all forms of hazing and/or conduct which is destructive or that disrupts the normal campus activities.

4. Students must refrain from attending the commercial motion picture theater, dances, hard rock secular concerts, discos, night clubs, taverns, and similar forms of entertainment.

5. The possession of firearms or the possession or use of explosives of any kind is forbidden.
6. Normally it is undesirable for students to be married during the academic school year. Under certain circumstances, permission may be granted by the Dean of Students for students to marry during the regular student vacation periods and between semesters. In such cases it is necessary for the student to secure the counsel of the Dean of Students of the college at least 30 days prior to the date of the marriage.

7. The following is a statement for guidance in the matters of dress: Olivet Nazarene College has traditionally sought Christian simplicity, modesty, and propriety in dress and appearance. (See Student Handbook.) This is in harmony with the Bible and the guidelines of numerous other evangelical denominations. All students are expected to comply with the spirit as well as the letter of the General Rules of the supporting denomination in these matters.

8. Non-married students under the age of 23 who are enrolled for six hours or more per semester are required to live in college residence halls and participate in the board plan. Students enrolled for five or fewer hours or who are 23 years of age or older and who desire to live in college residence halls may do so subject to permission from the Associate Dean of Students.

   Non-married students in summer school under the age of 23 and enrolled for a total of five hours (including Sessions I, II and III) are required to live in college residence halls while enrolled and participate in the board plan.

   Married and previously married students are not permitted to live in the residence halls.

9. All over-night or extended campus leaves are subject to the Associate Dean of Students. Freshman students are urged to limit their week-end passes to one per month.

10. Arrangements for single students living off the campus must be approved by the Associate Dean of Students.

11. Students who room at private residences off campus are under the same policies as students who room in the residence halls.

12. Students are expected to observe all rules and regulations governing the various residence halls. (See Student Handbook.)

13. The school has the authority to formulate reasonable rules at any time in keeping with the standards and purposes of the institution.

14. The college is not liable for loss of student's personal property through theft, fire or other perils. Students are encouraged to inquire if their possessions are covered under their parents' homeowners insurance policy or other policies if desired.
Student Life 25

Student Government and Organizations

The governing unit of the Associated Students of Olivet Nazarene college is the Student Council. This body is responsible, along with the college administrative officers, to foster wholesome social and religious activities on the campus. Under its jurisdiction the various academic and social clubs carry out these various activities. These clubs include: Business Club, Home Economics Club, Honor Society, Association of International Students, Music Educators, Pre-Med Club, Philosophical Society, Psychology Club, Sigma Tau Delta (English Club), Nurses Christian Fellowship, “O” Club, Association of Physics and Engineering Students, Kappa Delta Pi (National Education Honor Society), Phi Alpha Theta (History Club), Young Republicans Club, Young Democrats Club, Drama Club, Debate, Circle K, Ministerial Fellowship, and Ski Club.

Publications — The students at Olivet sponsor two publications: the Aurora, the college annual; and the Glimmerglass, the college newspaper. These publications provide a channel for literary and artistic expression and add greatly to the campus environment. In addition to these the Olivet Collegian, a monthly newspaper, is published by the college administration to communicate with students, parents, alumni, prospective students, and friends of the college.

Residence Associations — The Women’s Residence and the Men’s Residence Associations are designed to assist in meeting the various needs of students in residence. They endeavor to foster Christian fellowship, promote the fundamentals of etiquette, and carry on a continuous program of dormitory life improvement. Among some of the activities sponsored by these organizations are: parent weekends, coronation of homecoming queen, prayer meetings, open house, spiritual counseling, basketball tournaments, and various inter-dorm activities. The W.R.A. and M.R.A. Councils consist of an elected president and representatives from each of the four academic classes. Membership is voluntary and open to all students living in residence halls.

Religious Organizations — The student council sponsors several religious organizations for the purpose of fostering a vital spiritual life on the campus and providing opportunities for Christian service.

The Spiritual Life Committee assumes responsibility for two on-campus programs, namely, Campus Ministries, which meets informally for Christian worship and fellowship; and Sunrise which is designed to maintain a missionary emphasis among the students and provide fellowship for students preparing for the mission field.

Under the direction of Campus Ministries, Prayer Band meets each Tuesday and Thursday evenings in the Kelley Prayer Chapel. These services provide a time for students to minister to students through the Word of God, song, and testimony.

Spiritual Life also directs three off-campus ministries which include: Life-Song Ministries, Disciples in Drama, and Evangels. These organizations are responsible for the off-campus ministries of the students involving services and witnessing programs in the churches on the educational zone, and ministry in the local Kankakee area through service organizations and rest homes. Every student is invited to participate in Spiritual Life activities with on-campus or off-campus interests.

Musical Organizations — The Department of Music provides students with various opportunities for musical expression through its choral and instrumental organizations. Those groups are: Brass Consort, Choral Union, College Orchestra, Concert Band, Concert Singers, Handbell Choir, Orpheus Choir, Treble Clef
Choir and Viking Male Chorus. These ensembles, together with College-sponsored quartets and trios, provide vitally important performance experience and represent Olivet locally and on the educational zone.

**Intercollegiate Athletics** — Olivet is a member of the Northern Illinois Intercollegiate Conference and the National Association of Intercollegiate Athletics and participates in intercollegiate athletic competition. Team sports for men include football, basketball, soccer, and baseball. Individual sports include track, tennis, and wrestling. Women’s intercollegiate participation includes basketball, softball, volleyball, and tennis.

Intercollegiate athletics are considered an integral part of the total educational program of the college. Students who participate must be registered for a minimum of 12 hours and must meet all the eligibility requirements set forth by the college and the N.A.I.A. Through Christian athletics the students find unique opportunities for witnessing for Christ.

**Intramural Athletics** — Olivet Nazarene College sponsors a well balanced program of intramural athletics for men and women.

The intramural program is under the direction of the Department of Physical Education.

The activities are carried out on a competitive basis. Students are selected by a drafting process conducted at the beginning of each school year. Students participating in the various events can earn points both for participation and for placing. The Senior Intramural Award is given to two senior men and two senior women. They are chosen by the Physical Education department.

Birchard Field House includes an indoor track, a weight-lifting room, and swimming pool in addition to the basketball and volleyball courts. Outdoor ball diamonds, tennis courts, and the track and field facilities add to the interest and effectiveness of the athletic program.

**Chapel**

The chapel service at Olivet is considered a vital part of the program of the college. It is the one activity in which the entire college personnel — faculty members and students — participate.

Our chapel speakers feature nationally and internationally known speakers and singers. Some speakers in recent years include Ann Kiemel, Joni Eareckson, Bill and Gloria Gaither, Dr. Earl Lee, Bob Benson, Dr. T.W. Willingham, Dr. and Mrs. G.B. Williamson, Dr. Gerald Decker, Mr. P.J. Zondervan, Mrs. Wanda Knox, Dr. C. William Fisher, Richard Schubert, Jay Kessler, Dr. Dennis Kinlaw, Dr. Paul S. Rees, Dr. Jerald Johnson, Dr. Edward Lawlor and Dr. Paul Brand.

The chapel hour has created an environment of spiritual enrichment and growth. The services are usually held Tuesday, Wednesday and Thursday mornings from 9:45 to 10:25. See the section of Academic Regulations for attendance requirements.

**Artist, Lecture and Culture Series**

Olivet has many distinguished guest speakers and groups throughout the school year sponsored by several lecture series and the Artist/Lecture Series. These programs are open to students, faculty and staff and the community.
The Artist/Lecture Series is funded in part through student activity fees and in part by admission fees. These programs have included eminent speakers like Dr. E. Stanley Jones, Dr. Wernher Von Braun, Coach John Wooden; musical groups including the United States Navy Band, the Walden String Quartet, the Roger Wagner Chorale, Chicago Symphony Orchestra String Players, Nordic Choir from Luther College, D. Paul Thomas plus other programs of discussion, films, music and drama.

The Staley Distinguished Christian Scholar Series has been given by Dr. Carl F.H. Henry, Dr. Oswald Hoffman, Dr. Ponder Gilliland, Dr. John Allan Knight, Dr. Stanley D. Walters. It is sponsored by the Staley Foundation.

The Dickerson Chapel Series is sponsored each year by Rev. and Mrs. Harry W. Dickerson. Speakers have included Dr. Earl Lee and Mr. Bob Benson, Dr. Leslie Parrott and singer Lillie Knauls.

Motor Vehicles

All motor vehicles owned or operated by students must display an official college vehicle permit. All students must register their vehicles with the Traffic and Security Department at the time of registration or within 48 hours after securing a vehicle. Failure to register a vehicle according to these regulations may result in a fine and denial of permit for the remainder of the semester. Single students living under college supervision, either in a college residence or in college approved private homes, are advised not to maintain vehicles for personal use while enrolled at Olivet.

It is within the discretion of the college administration to disqualify any applicant or revoke a permit by reason of any one or all four of the following: (1) academic deficiency, being interpreted as falling below a grade point average of 1.75 in any grade period; (2) financial incapacity, or the inability to satisfactorily discharge financial obligations while enrolled as a student; (3) social infractions, particularly those involving the use of vehicles; and (4) excessive traffic violations. A vehicle permit may be revoked at any time by the Traffic and Security Department if it is considered that the student is misusing his vehicle privilege. A copy of Olivet's vehicle traffic and parking regulations is available to each student from the Traffic and Security office. Olivet Nazarene College is not responsible for any damage, fire, theft, vandalism, etc. to any student's vehicle.

Vehicles used for student transportation shall be fully covered by liability and property damage insurance at all times.

This is Tiger Country!

Admissions Policies and Procedures

Olivet Nazarene College desires to enroll students who are genuinely interested in an "Education with a Christian Purpose." We believe that Jesus Christ should be the foundation and center of every individual's life. As a life can never be complete unless it finds fulfillment in Jesus Christ, neither is knowledge complete unless it is related to eternal values. The influence at Olivet is intended to be profitable as well as conducive to the highest standards of living.

Admission is based on the composite picture afforded by the student's transcripts, test scores, personal recommendations from pastors and friends, and the student's statement of interests. The Admissions Board is responsible for final action on each application.

Olivet admits qualified students without discrimination in regard to race, creed, handicap, sex, national and ethnic origin to all the rights, privileges and activities generally accorded or made available to students at the college. It does not discriminate on the basis of race, color, creed, handicap, sex, or national and ethnic origin in administration of its educational, admissions, financial aid policies, scholarship and loan programs, athletic and other college administered programs.
Interviews And Campus Visits

Students who are considering Olivet Nazarene College are encouraged to visit the campus to meet admissions counselors, faculty and students. While a personal interview is not required, it may be very helpful in creating a college program and career plan for the student.

Visits to the campus are especially valuable on days when classes are in session. Special days are held in October, for larger group tours and conferences.

Individuals, families and church groups who desire a special visit to the college are invited to write or phone the Admissions Office for advance arrangements and appointments.

Counselors from the Admissions Office are available for assistance in campus visits, church services, informational programs in churches, personal correspondence and phone consultation about admission to Olivet.

Two Aspects of Admission To Olivet

Admission to Olivet Nazarene College involves both academic achievement and a commitment to a lifestyle consistent with the objectives and values of Olivet.

In signing the application for admission, a person agrees to abide by the ethical and moral principles of the college as well as to apply himself to the task of learning and mental development.

Personal Preparation for Admission

Olivet Nazarene College is concerned about the development of the whole person. The atmosphere prevalent on the campus is conducive for Christian growth and maturity.

It should be considered a privilege to become an “Olivetian.” All students are expected to reflect a lifestyle that is exemplary of Olivet ideals.

As a community of students, teachers and administrators, the personnel of the college are interdependent for successful intellectual, social and spiritual growth.

The person who is accepted as a student at Olivet understands the purpose and philosophies of the college, and agrees to adhere to the rules of conduct in signing the application for admission. Policies and practices of conduct are outlined in Chapter Three of this catalog, in the application for admission, and the Student Handbook.

High School Preparation

The student expecting to enroll at Olivet should concentrate on a college preparatory program in high school. A student with a good background in English and literature, mathematics, natural science and social science should be able to learn effectively and succeed in college studies.

The student must have a minimum of fifteen units of academic work at an accredited high school in grades nine through twelve, with a grade average of “C” or above in college preparatory subjects. The student must rank in the upper three-fourths of the graduating class.

The high school work shall include a major (three units) in English, and additional major and one minor in fields of Foreign Language, Mathematics, Natural
Admissions

Science or Social Science. A major is three units of work, a minor is two units.
In certain cases where the applicant ranks in the upper half of the high school graduating class, specific major and minor requirements may be waived.
Subjects acceptable in these fields include:

English: history and appreciation of literature, composition and grammar, oral composition when given as part of a basic English course.

Foreign Language: a major is three units, two of which must be in the same language; a minor is two units in the same language.

Mathematics: algebra, plane, solid and spherical geometry; trigonometry; and advanced mathematics (calculus). General mathematics may be accepted if the content of the course is essentially the same as algebra and geometry.

Natural Science: biology, botany, zoology, chemistry, physics, general science, physiology, astronomy and geology. The major must include at least two units chosen from biology, botany, zoology, chemistry or physics. The minor must have at least one unit from the same subjects.

Social Science: history, civics, economics, commercial or economic geography, sociology. The major must have at least one unit of history.
A student with academic deficiencies may be required to take remedial courses in reading and English. The Basic Instructional Guidance program (BIG) or the General Educational Developmental examination (GED) offer alternative methods of admission to college.

Admission Tests
The American College Test (ACT) is required of all students before final admission as freshmen. It is recommended that the test be taken in the senior year or the last semester of the junior year in high school. Information about testing locations and dates may be obtained from the high school guidance office. Olivet's ACT code number is 1112. When the test is taken, request should be made that the scores be sent to Olivet Nazarene College.
If the test was taken previously, and the scores were not sent to Olivet, write ACT in Iowa City, Iowa with the request for scores to be sent to Olivet. Notation of the scores on the high school transcript is not sufficient. The ACT is also given at Olivet during the summer during freshman orientations for students unable to take the test in their home area.
If a student has a low grade average in high school, then the ACT results are used to consider the chance of success in college.

General Educational Development Examination (GED)
Mature persons above high school age (19 and over) who have not completed high school but who have had other opportunities to develop educationally may be academically qualified for admission to Olivet by the successful completion of the General Educational Developmental examination. Information on testing locations and dates may be obtained from the Admissions office and most high schools.
Basic Instructional Guidance Program (BIG)

Some applicants who completed high school, but whose prior academic achievement is poor, may be admitted provisionally through the Basic Instructional Guidance Program if other information in recommendations and personal statements indicate serious purpose and a desire to succeed.

Students with less than a "C" average in the college preparatory subjects whose deficiencies are confirmed by a weak score on the ACT (American College Test) are required to participate in the Basic Instructional Guidance program before even provisional admission to the college is granted.

This is a three-week program offered prior to the beginning of each semester. By the improvement of study skills, thorough orientation to college, and special counseling, the student is given assistance to remove the deficiencies and to correct the patterns of previous attempts at academic work.

Judgments as to the quality of the work in the BIG program are made by the Director and the faculty of that program on each student. Campus citizenship and character will be judged by the Dean of Students.

Upon full participation and successful completion of the BIG program, the student is admitted to college. Two semester hours of credit for GS 101 will be entered on the transcript of the student after successful completion of a semester of college work at Olivet.

Doubtful cases will be decided by the Admissions Board. If the student does not complete this course satisfactorily, admission to the college will be denied.

Transfer Students Admission

Students with previous college work in other accredited colleges may seek admission to advanced standing at Olivet. The regular admissions process is to be completed. Attendance at all other post-secondary institutions must all be reported, and official transcripts of all this previous college work attempted must be sent, on the request of the student, directly from the college or university to Olivet.

Advanced standing will be determined from these credentials, subject to these conditions:

1. An endorsement of good standing from the institution last attended. Students on either academic or disciplinary probation are not accepted at Olivet Nazarene College.
2. Students must show a grade average of "C" or above. Any course with a grade of D or F will not be accepted as transfer credit, but will be calculated in the grade average. The cumulative grade point average will be considered in determining admission. Students with a cumulative GPA below "C" may be denied admission or admitted under probationary status as defined under "Academic Regulations."
3. A maximum of 68 semester hours will be accepted from junior colleges as transfer credit at Olivet.
4. Courses accepted for transfer must be comparable to those taught at Olivet in meeting requirements for General Education, majors and minors, and course prerequisites.

Unclassified Students

Guest students admitted to a degree program in another institution may enroll in Olivet Nazarene College by presenting a letter of authorization from the Dean or
Registrar of the other college, along with an application for admission. Special students may enroll in courses not leading to degrees at Olivet Nazarene College by showing evidence of their ability to profit from the course. Guest and Special Students must indicate their acceptance of the ideals of the college in signing the application for admission. See the section on “Unclassified Students” in the chapter on Academic Regulations.

Readmission
A student whose enrollment has been interrupted for one regular semester or more at Olivet Nazarene College must be approved for readmission before registering for courses again. An Application for Readmission form may be obtained from the Admissions Office and filed there with the requested recommendations. If the student has registered at another college since attending Olivet, a transcript for that work must be sent from that institution to the Admissions Office. Not enrolling in a summer term or January term is not considered an interruption of studies which necessitates readmission.

Admissions Procedures for Freshmen
1. Complete the Application for Admission secured from the Admissions Office. Detailed instructions are included on the form. This may be filed in the senior year, or in the last semester of the junior year.
2. Request that the high school send a transcript of at least six semesters of work to Olivet Nazarene College, along with a recommendation from the guidance office or principal. A form is included in the admissions packet to be given to the high school. Request must also be made that the high school send the final transcript after the student has graduated from high school.
3. The student should request a pastor and a friend send the ONC recommendation forms directly to the Admissions Office.
4. Arrange with the high school guidance office to take the American College Test (ACT) when convenient. This is usually in the spring of the junior year or during the senior year. ACT has at least five national testing dates at area centers. Scores from the Scholastic Aptitude Test (SAT) may be considered toward your admission, but the ACT must be taken at some time before enrollment.
5. Send the housing deposit of $30.00 with the application for admission if the student will be living in college residence halls. See the chapter on Student Life for residence hall living requirements. Campus housing cannot be assigned until this deposit is submitted and the student is accepted for admission. It is refundable up to 30 days prior to the start of a semester in case the student does not enroll. Rooms are assigned by the Associate Dean of Students.
6. Apply for financial aid, if needed, as early as possible in the year of enrolling in college. The Financial Aid Form (FAF) is generally available in November or December for the following school year. See the chapter on Finances and Financial Aid for more details.
7. Upon receipt of the completed application, transcripts, and recommenda-
dation forms, action will be taken by the Admissions Office. Notification of
acceptance, contingent upon actual graduation from high school and
receipt of the final transcript, will be sent to the student by mail as soon
as possible.

8. With notification of admission, a health questionnaire will be sent for
completion. This must be filed with the college before registering for classes.
It is kept in the college health office for reference by the college nurse and
physician if needed.

9. A small personal photograph will be needed for the admissions file. The
usual high school senior portraits (wallet size) are commonly sent.

10. New students and their parents are invited to the campus for a brief orien-
tation period during the summer preceding the first enrollment in Olivet,
or at the beginning of the spring semester. These sessions provide a more
extensive introduction to the college, and opportunity to select courses
and housing. Invitations will be sent by the Admissions Office to accepted
students who have completed all the above steps in the admissions pro-
cess. The earliest accepted students are invited to the first orientation.
The orientation includes some additional diagnostic testing. Freshmen
are admitted to classes only after completing the freshman testing and
orientation program.

11. The final date for filing an application for admission and transcript is:
August 1 for the Fall or First Semester, January 1 for the Spring or Second
Semester, and June 1 for the Summer Session.

Admissions Process for Transfer Students

The same basic steps are involved for transfer students as for new freshmen,
except that the high school transcript need not be sent. Transcripts of all other
college work must be sent to Olivet for evaluation of transfer credit. Scores of the
American College Test are desirable, but not required of transfer students.

Students who have completed only one or two courses at another college are
considered new freshmen at Olivet, and not as transfer students.

A capacity crowd of students and faculty relished a fine dinner at the annual Christmas banquet in
Ludwig Center.
Waivers and Advanced Placement by Examination

The College Level Examination Program (CLEP) may be used to establish credit and advanced standing for students who have attended nonaccredited colleges or institutes. It may be used to establish up to 30 hours of General Education credit. Incoming freshmen ranking in the upper ten percent of their graduating class and in the upper decile on their ACT composite score may take the CLEP to establish advanced standing and credit up to 30 hours.

Credit in the above cases will be granted only on scores at or above the 50th percentile. Credit validated by use of the CLEP does not apply toward a major or minor unless so specified by that department. The student will be billed a $10 fee per hour for such credit. In all cases, full academic credit for such work will not be granted until the student has completed successfully at least one semester on work at Olivet Nazarene College. Waiver of required freshman courses will allow more electives for the student who has done superior work in high school.

The CLEP tests can be used to substitute for these equivalent courses at Olivet:

</tbody>
</table>

A student must receive credit in both biological and physical science in order for Olivet's "laboratory science" requirement to be satisfied.

CLEP credit does not apply toward the intercultural understanding general education requirement.

Students accepting credit in any of the CLEP tests should not take equivalent courses at Olivet or elsewhere, since credit cannot be given twice for the same courses.

Nursing, mathematics or science majors may be required to actually take the science and mathematics courses rather than accept CLEP credit. Consult with academic adviser or registrar before accepting the CLEP credit.
The education costs for Olivet are among the lowest for mid-western colleges, and are made possible by generous support from the Nazarene districts which comprise Olivet’s educational zone.

Olivet’s business office, financial aid and admissions counselors are prepared to aid students and parents in planning to meet the cost of their educational experience. Several plans or “packages” of financial aid are available to fit individual needs through a combination of payment plans, scholarships, grants, loans and employment.
Financing the College

Olivet Nazarene College is an independent liberal arts college related to the Church of the Nazarene. The 840 congregations in Illinois, Indiana, Michigan and Wisconsin have individual educational budgets which are paid annually to the college. Last year, funds received from these church budgets came to more than 1 million dollars.

Gifts from many other alumni, friends, businesses, and foundations enable the college to offer its high quality education at a tuition charge well below other independent liberal arts colleges in the area. A large number of corporate and foundation gifts are received each year, both in direct gifts and through matching gift programs with company employees.

Tuition, room, board, and fees from students make up a large portion of the operating budget of the college, unlike the state universities and community colleges which receive the major portion of operating funds from tax revenues.

Current Cash Gifts and Securities

Many friends of the college make cash gifts to the college throughout the year. Some gifts are for specific purposes, while others are for general needs. Gifts of securities and properties which have significantly increased in value are not only an asset to the college, but may also be beneficial for the donor in consideration of capital gains and income tax obligations.

All gifts to Olivet Nazarene College are eligible for consideration as income tax deductions.

Scholarship Gifts

Gifts for student scholarships may be made in two ways. 1. Gifts for scholarships may be used directly for student aid during the school year. 2. A capital fund is maintained through the Olivet Foundation, invested so that only the earnings of the gifts are awarded in scholarships each year. Gifts of $2,000 or more may be designated as a scholarship fund named in honor or memory of the donor or a selected individual.

Recipients of these scholarships are determined by the college Scholarship and Financial Aid Committee.

ONC Fellows Program

The ONC Fellows program was begun in 1977 to help provide money for the unfunded honor scholarships. An ONC Fellow is a person who has made a commitment of $1,000 to the college. There is an annual dinner for the ONC Fellows, and a monthly newsletter from the president. The counsel and help of these persons is esteemed highly.

Bequests, Gift Annuities and Life Income Agreements

The ONC foundation has a number of programs designed to assist people who wish to invest a portion of their life savings in education at Olivet. The Director of Development or Business Manager of the college is prepared to give suggestions and counsel, together with a donor's attorney.
General Expenses

The following is an itemized estimate of the cost of a regular course for one semester:

1. Registration Fee ....................................................... $10.00
2. General Fee .......................................................... $55.00
   (Required of all students enrolled for seven hours or more, includes student activity,* medical, health insurance, and mail handling fees)
3. Tuition charges for 12 to 16 hours ......................... $1,395.00
   For a student taking a full load of 16 hours, this is equivalent to a tuition charge of $87.25 per hour. For more than 16 hours, the charge is $87.25 per additional hour. For students taking a part-time load of less than 12 hours in the fall or spring semester, the tuition charge is $116.25 per hour.
   Tuition charges for the January term (up to three hours) will be waived for students who complete twelve or more semester hours in either the fall or spring semester. For others, the January term tuition is $116.25 per hour.

Applied Music Tuition Additional
Private (piano, voice, organ and orchestral instruments for one lesson per week per semester) ** ..................... $63.00
Class (piano, voice, and orchestral instruments per course) ................. $23.00

4. Room and Board (Board cafeteria style) average cost*** $858.00

Total Tuition, Fees, Room and Board (Semester) ........ $2,318.00

Total Tuition, Fees, Room and Board for a school year (two semesters) ........ $4,636.00

---

*The Student Body, acting on the recommendation of the Student Council, establishes a general student activities fee from year to year. This fee takes care of the Aurora (the college yearbook), the student newspaper, artist series, and absorbs the ordinary class dues. The assessment voted by the student body is $35.00 per semester. Occasionally the student body will vote a small fee for a special project. The above is intended to be a general guide and not an exact statement.

**Students paying literary tuition for five semester hours or less will be charged $80.00 for private lessons.

***Every student living in college housing will be assessed a $100 security deposit against vandalism in the residence halls. This will be added to the school bill when the student enrolls. The deposit is to cover the cost of any vandalism in public or general areas of the residence halls during the entire school year. Refunds will be made to students after the close of the school year, pro-rated on the actual cost of repairs due to vandalism during the year. Persons known to be responsible for vandalism will be charged the full amount personally. Such amounts will not then be charged to the general security fund. Damage in a student’s room is chargeable to the residents of that room, or to the person(s) known to have caused the damage.

*Subject to increases by the publisher of the tests.

**This price is $50 to those not enrolled as a student at the college.
Methods of Payment

1. All charges are due and payable at the time of Registration at the beginning of each semester or term. Checks should be made payable to Olivet Nazarene College. It is helpful if the student’s name and ONC ID number is written on the check.
2. Acceptable methods of payment are as follows:
   A. Payment in full.
   B. 50% down at registration, 25% within 30 days and the balance within 60 days following registration. Interest will be charged according to No. 4 below.
   C. 30% down at registration, 30% within 30 days and the balance within 60 days following registration. Interest will be charged according to No. 4 below.
   D. For students and parents desiring to pay educational expenses in monthly installments, a low cost deferred payment program is available through Educational Funds, Inc. This plan of payment begins July 1. For information, write EFI, Suite 3200, Prudential Plaza, Chicago, Illinois 60601.
   E. We accept Visa (Bank Americard).

Where financial aid has been awarded, the percentage of down payment and payment of balance is calculated after deducting such awards.

An itemized statement will be sent to the student’s campus mailbox, or parent, as specified by the student on a printed form at the time of registration.

3. Any financial arrangements between the college and its students will be binding only if such agreement is in printed or written form. Any arrangements concerning finances should be made with the Bursar.

4. A 1% interest charge is added each month to the balance at the beginning of the month, less any payments during the month. Interest is normally charged on the last business day of the month. Because of scheduling problems, however, the charge may sometimes be made one or two days earlier. To avoid an interest charge for a particular month, payments should be received by the Bursar’s Office by the 27th of that month.

No degree will be conferred or credits transferred until all accounts are paid in full.

Any student who has become delinquent through failure to make payment or proper arrangements may be disenrolled until such matters are satisfactorily taken care of with the Bursar’s Office.

All purchases in the Book store are to be cash or check. We accept Visa (Bank Americard).

5. For further information concerning payment of student accounts, contact the Bursar’s Office in Miller Business Center, 939-5245.

Room and Board

All students living in the residence halls are required to participate in the board plan. In case of withdrawal from the school the board will be refunded on a pro rata basis.
1. Rooms are rented for full semesters only. Students vacating a room during the first half of a semester will be charged a minimum of one-half the semester rate. No refunds will be made for withdrawal during the second half.
2. A student is required to pay a room deposit of $30.00 when applying for admission. This room deposit is held until the student vacates college housing, and will be refunded provided the premises are left in satisfactory condition. The deposit will be refunded if the application for admission is not approved, or if a
refund is requested before August 1, or no later than one month before the beginning of the semester for which the reservation was made.

Students who have been enrolled at the college and are leaving may request refund of the room deposit through their resident director. The refund will be mailed within 30 days if the student’s account is clear.

3. A deposit of $3.00 will be required for each room key.

4. The College is not responsible for personal property in case of theft, damage or loss by fire. In many cases a family homeowner’s insurance policy will provide some coverage for a student’s property “away from home.”

5. Students are required to pay for any damage, other than ordinary usage, to room, furniture or fixtures, including telephone equipment, during their occupancy of the room.

Withdrawals and Course Drops

If a student officially withdraws from school, or drops his course load below 12 hours before the end of the semester, he is entitled to the following financial adjustments:

1. Fees: no refunds.
2. Tuition: 1st week — 90%; 2nd week — 80%; 3rd week — 60%; 4th week — 40%; 5th week — 20%; 6th week — none.
3. Room: minimum of one-half if withdrawal is completed in the first half of the semester. No refund will be made during the second half.
4. Board: pro rata adjustment on the unused portion as of the end of the week the student completes withdrawal at the Bursar’s Office and surrenders his meal pass.

The effective date of any withdrawal or course drop will be the date such withdrawal or drop is officially requested. The official withdrawal date is the date established by the student with the Office of the Dean of the College. The official course drop date is the date the drop form is returned to the Registrar. Please refer also to Chapter 6 on Academic Regulations: Change of Registration, Withdrawal from School, and Class Attendance Requirements.

Adjustments are computed as of the end of the week in which the student makes official withdrawal. Protracted absence from class does not constitute a withdrawal, and will be treated as a failure.

No refund will be made in the case of students who are asked to leave school because of violation of rules, or as a result of disciplinary action taken by the Student Personnel Committee, except board, which would be as outlined above.
Student Financial Aids

At Olivet Nazarene College we believe that every qualified student should have the opportunity for a college education in a congenial Christian atmosphere. Our financial aid program is designed to help students achieve these goals.

The two-fold purpose of financial aid is to 1) assist students who have financial limitations that would hinder their college education; and 2) to promote and encourage scholarship by making awards available to students who have shown significant academic achievement.

The comprehensive financial aid program includes scholarships, grants, loans and employment.

The student and his family are primarily responsible for paying as much as possible toward college costs. This should be carefully considered by each family in reading through the College Scholarship Service booklet “Meeting College Costs” which is available from Olivet or any high school guidance office.

The Financial Aid Director has offices in Miller Business Center. These counselors and the admissions office counselors are readily prepared to advise students and parents concerning financial aids.

All correspondence regarding financial aid should be addressed to the Director of Financial Aid, Olivet Nazarene College, Kankakee, Illinois 60901.

How To Apply For Aid

All students seeking financial assistance by way of loans and grants must first have the parents or guardians complete the Financial Aid Form. A student’s qualification for assistance rests largely on the basis of a satisfactory grade point average together with an analysis of the financial need. The College Scholarship Service is utilized to determine the financial need from the Financial Aid Form.

When it is determined the student qualifies for a grant, the grant is awarded on a non-repayable basis. Loans are awarded on the basis of repayment, usually after graduation or termination of studies.

The application to Olivet for financial aid and the Financial Aid Form should be filed in the year the student plans to enroll, and annually thereafter for continuing financial aid. Since the Financial Aid Form requires IRS information from the immediate past year, the form should be filed not earlier than January 1, and preferably before March 1, since the earlier applicants will receive prior consideration. Applications for aid for a new freshman would normally be filed in the spring of the senior year in high school, anticipating enrollment at Olivet in the fall semester.

Applications for financial aid will be accepted at any time after the above dates, and processed as soon as possible, as funds for awards may be yet available.

Awards of financial aid, including college-based loan, grant and scholarship funds, will be made only to students who have been accepted for admission to the college by the Admissions Office.

The Financial Aid Form may be secured from the high school principal or guidance counselor, or from the Director of Financial Aid, Olivet Nazarene College, Kankakee, Illinois 60901. After completion of this form, send it to the College Scholarship Service. Request should be made that the Financial Need Analysis Report be sent to Olivet.
Scholarships

Scholarships are awards offered on the basis of academic ability, special talents, or the personal interest of donors. These awards carry no obligation for repayment.

A number of scholarship awards are made available each year by Olivet Nazarene College. **The policy of the college is to award only one college sponsored scholarship per person per year.** This policy does not exclude additional scholarships or assistance from other sources.

**Academic Achievement Scholarship.** A student who graduates from an accredited high school (public or private) with a perfect Grade Point Average (that is, all A's) may qualify for the Olivet Academic Achievement Scholarship.

A limited number of these scholarships will be awarded by the Scholarship Committee in amounts up to one-half of tuition for a student carrying a full time load of courses. Consideration will be given to the student’s scores on achievement tests such as the American College Test or the Scholastic Aptitude Test.

The scholarship may be continued for up to four years of undergraduate work at Olivet provided the student maintains a grade point average of 3.6 or better each year.

A special application for this scholarship must be filed on a form available from the Admissions Office at Olivet.

**Honor Scholarships:** The Olivet College Honor Scholarship is a conditional award of $2,000 for students admitted to the college who rank in the top 5% of their high school graduating class or the top 5% of national ACT composite scores (28 or above). No formal application is needed for incoming freshmen, as the award is made on the basis of the high school transcript and/or ACT score. The high school transcript must show the rank in class.

For full time students, credit on student account in the amount of $500 will be awarded for the first year, half each semester, and each succeeding year for a maximum of four years, providing the student maintains a grade average of B+ or better (3.50).

**The Olivet Nazarene College President’s Scholarship** is a conditional award of $1,000 for students admitted to the college who rank in the top 10% of their high school graduating class or in the top 10% of national ACT composite scores (26-27). No formal application is needed for incoming freshmen, as the award is made on the basis of the high school transcript and/or ACT score. The high school transcript must show the rank in class.

For full time students, credit on student account in the amount of $250 will be awarded for the first year, half each semester, and each succeeding year to a maximum of four years, providing the student maintains a grade average of B (3.00).

**Transfer students** will be considered for the **Honor and President’s scholarships** on the same basis as continuing Olivet students. Application forms may be secured from the Director of Admissions.

**Divisional Scholarships:** A number of $100 scholarships are available to freshmen who do not qualify for the Honor or President’s scholarships but who show a very high proficiency in a particular field of study. In the Division of Fine Arts (Music Department) interested students should send an audition tape or plan a live audition on campus. In other divisions of the college, especially high scores on tests or other evidences of superior standing will be considered. Application forms may be secured from the Director of Admissions.
**District Scholarships:** The Nazarene Youth International organizations of ten districts of the Central Educational Zone, Church of the Nazarene, offer several scholarships each to students from their district who attend Olivet Nazarene College. Conditions under which these scholarships are granted may be obtained by corresponding with the District N.Y.I. presidents. The current number and size of the scholarships offered are as follows:

<table>

</table>

**The Olivet Nazarene College Prize for Bible Knowledge:** Olivet Nazarene College awards an annual prize of $100 in tuition credit to the Nazarene high school student on each of the districts of the Central Educational Zone who best demonstrates his knowledge of an assigned portion of the Bible, provided the District will add an equal or greater amount to the prize. Some District Scholarships above are designated by the districts to match this award. The student is nominated by the district N.Y.I. Council.

**The following scholarships are awarded to continuing upperclass students at Olivet,** and are awarded in a special ceremony in chapel in May. Applications for these scholarships may be filed by Olivet students about the middle of the spring semester. The dollar amount listed at the end of each scholarship is the capital fund. Scholarships are awarded from the earnings of this fund.

**Reed Scholarship for Graduate Students in Religion:** Dr. and Mrs. Harold W. Reed have established a fund to support a scholarship for a graduating senior in religion who pursues graduate work in religion at Olivet. $7,900.

**Merl and Elma Benner Scholarship:** Available to a graduate student in the Department of Religion. The scholarship is awarded on the basis of scholarship and need. $4,000.

**A.K. and Beatrice Harper Fund for Ministerial Students:** Established in 1959 by A. K. Harper because of his concern for needy students who are preparing for the ministry. $15,700.

**Virgie Stewart Memorial Scholarship:** A fund has been established by the faculty and staff ladies of Olivet in memory of Mrs. Virgie Stewart. An award will be made each year to a student of junior standing with a major in modern languages. $3,500.

**Kathryn Ruth Howe Elementary Education Scholarship:** This fund was established by Miss Kathryn Ruth Howe because of her concern for needy students who are preparing for teaching on the elementary school level. $2,500.
Robert MacDonald Scholarship: This fund has been established by Robert MacDonald to provide scholarship funds for needy ministerial students. $43,500.

Reed Scholarship Fund for Ministerial Students: This fund has been established by alumni, faculty and staff in honor of Dr. and Mrs. Harold W. Reed to provide scholarship funds for needy ministerial students. $41,000.

Anna and Eloise Mitten Scholarship: Dr. L. G. Mitten and others have set up a limited student scholarship fund as a memorial to his deceased wife, Anna, and daughter, Eloise, which is available to qualified juniors or seniors who need additional help in order to complete their programs in Business at Olivet Nazarene College. $5,600.

International Students Scholarship: Available to full time, international students already attending Olivet. The scholarship is awarded on the basis of scholarship and need. $1,500.

Mayme Carmichael Music Scholarship: This scholarship was made available by Mrs. Mayme Carmichael. Any Olivet student who is a music major is eligible. Selection is made by the music faculty, and is based on musical proficiency and need. $2,300.

Naomi Larsen Music Scholarship: This fund has been established by friends of Mrs. Larsen in recognition of her distinguished service to Olivet. Any Olivet student who is a music major is eligible. Selection is made by the music faculty, and is based on musical proficiency and need. $2,600.

Howard and Adda Farmer Scholarship: Established in 1975 for worthy and needy students. $22,000.

Vernal Carmichael Scholarship Fund: This fund was established in memory of Dr. Vernal Carmichael. A scholarship will be granted each year to an outstanding student of junior standing majoring in business administration. $3,500.

Stan Jacobs Scholarship Fund: Established in 1975 to be used for worthy students with special need. $3,000.

Hale-Wilder Music Scholarship: This scholarship of $500.00 has been provided by Robert Hale, New York City Opera Co., and Dean Wilder, Director of Vocal Instruction, William Jewell College. It is available to voice majors by audition before the voice faculty and the Head of the Department of Music. $4,500.

Elmira M. Helm Scholarship: This fund of $7,500 was made available through the will of Elmira M. Helm. Income from the fund is available to worthy Nazarene students each year from Huntington County, Indiana.

Gerett Wisner Nursing Scholarship: This scholarship has been made possible by Mr. and Mrs. Gerett Wisner for the purpose of assisting juniors and seniors in the Division of Nursing Education. Under certain conditions, loans may also be made from this fund. $20,000.

Art and Bea Hollingsworth Ministerial Scholarship: This scholarship is available to a low or middle income ministerial student, male or female, beginning with the sophomore year and continuing through graduation (not to exceed three years with the same student). $10,000.
Clarene E. and Ruth Maxine Julius Scholarship: This scholarship was established through the will of William L. Julius in honor of his deceased wife and daughter. This scholarship is awarded on the basis of scholarship and need. $7,729.

Joe H. Biedenharn Scholarship: This fund established in 1978 to grant $200 annually to a deserving student majoring in art.

Milton and Myrna Martinson Scholarship: This fund of $3,500 was established through the wills of Milton and Myrna Martinson. This scholarship is awarded on the basis of scholarship and need.

Russel G. Hopkins Instrumental Scholarship: This scholarship was established by Mrs. Russel G. Hopkins and Dr. Harlow Hopkins for music students who major on an orchestral instrument. $2,500.

Grants-In-Aid

Basic Educational Opportunity Grants (BEOG), now known as the “Pell Grants,” are provided by the Department of Health, Education and Welfare of the U.S. Government to all students who qualify on the basis of need. The Financial Aid Form application for the Basic Grant may be secured from Olivet Nazarene College or from any high school. The awards in 1981-82 will probably range from $226 to $1,900. There is no charge to apply for the Basic Grant with the Financial Aid Form.

Supplemental Educational Opportunity Grant (SEOG) may be given to students with exceptionally high need above the amount they receive through the Basic Grant. The SEOG is awarded through the college from funds allocated to the school by the federal government. Each award is based on the analysis report of the Financial Aid Form in addition to the Basic Grant application.

Illinois State Scholarship Commission Monetary Award: (ISSC) The State of Illinois provides financial assistance to all residents of the state who show a need for college assistance on an annual application. This grant may cover tuition and fees to a maximum of $1,800 a year. The application form is available at Olivet or any Illinois high school.

Other State Grants: Residents outside the State of Illinois should inquire into the availability of state grants for college education which may be applied toward their education at Olivet.

College Work Study: (CWSP) Campus work through the College Work-Study Program is available to students who qualify by way of the Financial Aid Form. An eligible student could earn up to a maximum of $1,500 per academic year. This would require an average of 19 hours of work per week.

Church Sponsored Grants: Several congregations of the Church of the Nazarene encourage young persons from their congregation to enroll in Olivet Nazarene College by offering general aid to all who enroll. While the amount and terms of these awards varies, and the conditions should be investigated with the pastor of the local church, the programs of the following churches have been called to the attention of the college and are probably illustrative of many more such aid programs:
$75 per semester for first year students
$25 per semester for all students
$250 per semester
$25 per semester
$50 per semester for all students
$50 per semester for first year students
$100 award to one student
$50 per semester for first year students
$50 per semester for first year students
$50 per semester for first year students
$75 per semester for all students
$100 per semester
$100 per semester
$50 per semester
$50 per semester for first year students
$50 per semester
$50 per semester
$100 per semester per student
$50 per semester
$100 per semester
$25 per semester, $50 for seniors
$75 per semester
$50 per semester for first year students
$50 per semester for first year students
$50 per semester for 1st & 2nd year students
$100 per semester

Loan Funds

National Direct Student Loans (NDSL): Olivet Nazarene College participates in the loan program sponsored by the federal government. A maximum of $5,000 in 4 years of undergraduate study may be awarded. A Financial Aid Form must be submitted for evaluation of need by the College Scholarship Service. Forms and instructions are available through the college.

United Student Aid Funds: Bank loans are available to qualified sophomores, juniors and seniors, up to $2,500 a year or a combined total of $7,500 for undergraduate education. Repayments begin the first day of the 10th month after termination or completion of undergraduate work (whichever is sooner). The Federal Government assumes interest obligations during the time of school attendance plus nine months succeeding termination of graduation (whichever is sooner). At the termination of this nine month period, the borrower assumes interest responsibility at the rate of 9% per annum on any outstanding balance.

Guaranteed Student Loans (GSL): Most states have either a Guaranteed Loan Program or a Federal Insured Loan Program. Whichever is the case, each program operates alike as far as the student borrower is concerned. Both programs also are similar in detail to the United Student Aid Fund program.

Nursing Loans: A Financial Aid Form and admission into the Nursing Program qualify students to apply for Nursing Loans. This program is similar to the National Direct Student Loan program.

Selden Dee Kelley Memorial Loan Fund: This loan fund was given by a fellow minister and friend of the late president, Dr. Selden Dee Kelley, in honor of his memory. $1,400.

Nellie L. Grimsley Missionary Student Loan Fund: The estate of Nellie L. Grimsley has provided a $1,900 loan fund available to students in preparation for definite Foreign Missionary Service.
**Grover VanDuyn Memorial Fund:** Through gifts from the family and friends of the late Dr. Grover VanDuyn, formerly president of Olivet Nazarene College, a student loan fund has been established in his memory. It is designated for loans to worthy students who need financial assistance.

**Clarene and Maxine Julius Memorial Student Loan Fund:** William L. Julius has set up a limited student loan fund as a memorial to his deceased wife Clarene and daughter Maxine, which is available to qualified second semester sophomores, juniors, or seniors who need additional help in order to complete their programs at Olivet Nazarene College.

**Manley Loan Fund:** In memory of Dyle Phelps Manley, a special loan fund has been established by his widow, Mrs. Ethel Krueger Manley.

**Mary MacPhee Fitch Memorial Loan Fund:** A gift of $500.00 to be loaned to worthy students who need financial assistance.

**Calvin and Lenore Bean Ministerial Loan Fund:** This is an emergency loan fund available to sophomores, juniors, and seniors in amounts of $100 bearing 4% interest. $1,400.

**Fern Humphreys Hoff Memorial Loan Fund:** This is a loan fund established in memory of his deceased wife by Mr. L. R. Hoff and Associates of Santa Monica, California.

**Class of 1961 Loan Fund:** As their senior gift to the college, the Class of 1961 established a student loan fund which they plan to augment by annual gifts as alumni. These funds are available to worthy students of sophomore, junior, or senior standing. $1,600.

**Associated Students Loan Fund:** This fund has been established by the students of Olivet to assist their fellow students in the completion of their college work. Up to $250 per semester or a total of $500 is available at low interest to upperclassmen in the college. $3,500.

**Student Employment**

The college career center office serves students and potential employers with referrals and job requests for both campus and community employment. Our students have earned a high reputation for reliable service in the Kankakee business community.

Part-time employment is available primarily for those who need to earn expense money for personal needs. Types of jobs include secretaries, office workers, janitors, food service, typists, paper graders, receptionists, chapel checkers, store clerks, cashiers, and other miscellaneous types of work. In most cases, campus jobs require at least two successive hours free from classes on a daily basis.

Although a large number of students work during the regular school year, the college does not recommend that freshmen endeavor to work during the first semester.

**Financial Assistance for Veterans**

To assist students who qualify for benefits from the Veteran’s Administration, Olivet has a counselor in the Financial Aids office who specializes in these programs.
Mr. Douglas Perry, director of the budget and personnel manager, handles the daily business operations of the college's $10 million operating budget.

Dr. Norman Bloom, assistant to the president, is conferring with Rev. William Cochenour, Olivet's representative for estate planning, wills and deferred giving.
Registration

All students eligible to register (students enrolled in the preceding regular session and new or re-entering students who have completed application and have been accepted) will be supplied by the Registrar with directions for registration. Students are advised by members of the faculty and must file properly approved study lists with the Registrar during the registration period. Pre-registration service is provided by the Registrar’s Office. Registrations not completed by the close of the listed registration days (see calendar) will require a fee of $10.00 to cover the additional expenses of late registration procedure. An additional late fee of $2.00 per day will be charged beginning the second day after registration day.

A student will not be permitted to register for any course including directed study and special topics after the first two weeks of the semester without the written approval of the Dean of the College. A faculty member may determine an earlier closing date for a particular course.

No student will be permitted to register for any course if, in the judgment of the instructor in charge, he lacks sufficient preparation to undertake the work.

The normal student load is from fourteen to sixteen hours of class work in a week. No student will be permitted to register for more than seventeen hours, inclusive of physical education, without the special permission of the Committee on Academic Standards. An extra charge is made for each hour or fraction of an hour taken in excess of the sixteen hour maximum load.

It is required of freshmen, and recommended for all students, that they take either two courses after 12:40 p.m. or one course meeting after 2:40 p.m. This applies only to students carrying 10 or more hours.

Outside Employment: Students carrying a considerable load of outside work must reduce their school program accordingly. The following schedule is a guide to counselors and students:

<table>
<thead>
<tr>
<th>Semester Class Load In Relation to Grade Point Average:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Effective hours of outside employment</td>
</tr>
<tr>
<td>----------------------------------------</td>
</tr>
<tr>
<td>Under 15 hours</td>
</tr>
<tr>

<tr>
<td>21-25 hours</td>
</tr>
<tr>
<td>26-30 hours</td>
</tr>
<tr>
<td>31-35 hours</td>
</tr>
<tr>
<td>35-45 hours</td>
</tr>
</tbody>
</table>

Change of Registration: A student may drop a course or change his program during the first calendar week of a semester without charge. After that there will be a charge of $2.00 for each schedule change processed. All changes in registration are made through the Registrar’s office, with approval by the Dean of the College, the student’s adviser and the faculty members whose classes are involved.

A student may withdraw from a course on or before the second Friday following the distribution of mid-term grades.

The grade for all courses dropped after the final date for dropping courses will be recorded as failing except in case of serious illness or other extenuating circumstances which, in the opinion of the Dean of the College, warrant leniency.
Withdrawal from College: If a student desires to withdraw from all of his courses he should start the withdrawal process at the office of the Dean of the College. This process is the reverse of registration and is necessary to clear the academic and financial records. See Chapter 5 on Financial Information.

Classification of Students

College students are classified according to the total number of hours for which they have credit and the number of honor points they have earned. A student's honor points must at least equal twice the credit hours to meet classification requirements.

The requirements for classification as a candidate for a degree on the basis of hours and honor points are as follows:

**Freshman standing** — Must have met all entrance requirements and be registered as a candidate for a degree.

**Sophomore standing** — 25 hours and at least 50 honor points.

**Junior standing** — 58 hours and at least 116 honor points; completion of freshman general education courses as follows: English, 6 hours; social science or history, 6 hours; mathematics and/or science, 6 hours; Biblical literature, 5 hours; physical education, 2 hours.

**Senior standing** — 93 hours or above and 186 honor points and a reasonable assurance of being able to meet all graduation requirements within the year or by the end of the next summer session; completion of sophomore general education courses as follows: fine arts, 3 hours; Bible and religion, 10 hours; language, 5 hours.

Students are classified at the beginning of the school year and the minimum requirements for the respective classes must be met at that time. Class activities and listing in college or student publications will be carried out in accordance with the above classification.

**Unclassified Students** — Special or part time students who meet all entrance requirements but who are carrying fewer than eight semester hours, and mature and otherwise qualified students who are not pursuing the regular course of study may, with the approval of the Dean and the consent of the department concerned, be admitted to the College as unclassified students to take such courses as are open to them without respect to candidacy for a degree. Such work is limited to 30 semester hours.

Admission to Junior Standing

During the semester in which he expects to complete 50 or more hours of college work, the student should secure from the Registrar an “Application for Admission to Junior Standing.” This will normally take place during the spring of the sophomore year. The completed application must be filed in the Registrar’s Office and will be approved only when the following conditions have been met:

1. The required number of hours, including specific courses and areas as listed above, are completed.
2. Signature of major adviser.
3. A complete tentative program of courses for the junior and senior years,
incorporating all requirements in the curriculum for the degree sought, with the proper signatures of approval.

A student will not be permitted to register as a junior until the Application for Junior Standing is completed.

Class Attendance Requirements

Attendance requirements in each course are determined by the professor, and will be stated clearly in the course outline filed with the Dean of the College and distributed in class during the first week of the semester. Providing assignments are completed, no penalty will be incurred for bona fide illness, for late registration or excused educational leniency as authorized by the Dean, or for absences prior to the class announcements of attendance requirements, on the condition that all kinds of absences do not exceed 25 percent of the class sessions.

Certain courses, with the prior approval of the Dean of the College, may have limits on the number of absences due to Educational Leniency. Such limitations will be stated in the syllabus for the course.

Absence from a previously announced or scheduled test or examination will require consent of the instructor and a written permit from the Dean of the College, before the assignment may be made up.

Protracted absence does not constitute a withdrawal and will be treated as a failure in the course. For the procedure to be followed in changing or dropping a course, see section on Registration.

Chapel Attendance

The chapel service at Olivet is considered a vital part of the program of the college. It is the one activity in which the entire college personnel—faculty members and students—participate. The purpose of chapel is to provide an opportunity for the development of a Christ-centered character in preparation for excellence in service and citizenship.

Chapel services are normally held three times a week. Attendance is subject to the following regulations. A chapel regulation sheet is distributed each semester with more detailed information.

A. All full-time students (those carrying 12 hours or more) are required to attend full time. Attendance of part-time students may be adjusted in proportion to the academic load. Attendance is optional for those carrying five hours or less.

During the January session, chapel attendance is required full time for all students enrolled regardless of the number of hours being taken.

B. Attendance Requirements

<table>
<thead>
<tr>
<th>Academic Load</th>
<th>Days a Week</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 or more hours</td>
<td>3 plus convocations</td>
</tr>
<tr>
<td>9-11 hours</td>
<td>2 plus convocations</td>
</tr>
<tr>
<td>6-8 hours</td>
<td>1 plus convocations</td>
</tr>
<tr>
<td>5 or less hours</td>
<td>no requirements</td>
</tr>
</tbody>
</table>

For all students who are taking more than five hours a semester, the number of excused absences a semester will be set as the number of weekly required chapels plus one. For example, a student who attends two days a week plus convocations would be allowed three absences a semester.

Chapel excuses for illness or other emergencies may be obtained at the time of occurrence when proper evidence is presented, such as a note from the school
nurse or physician, within 72 hours of the absence. Please note that no excuse will be accepted after the 72-hour period. The absences allowed as stated in the above paragraph are permitted for personal convenience (e.g., car trouble, doctor's appointments, personal problems, etc.) and must be used wisely.

C. To maintain an effective chapel program, the service begins on time. Three reported tardinesses for a student shall count as one absence.

D. Students with work conflicts affecting chapel attendance may petition to be excused from chapel. This process should be followed at the beginning of each semester, or as necessary. The petition form is available at the chapel attendance office. All chapel petitions are acted on by the Chapel Committee.

E. A student registered for more than five hours a semester will not be excused for all chapel services for more than two consecutive semesters.

Attendance in chapel is checked closely. Absences beyond the provisions of "B" above will be subject to serious disciplinary action.

Scholarship Requirements

**Grading:** A record of attendance and scholarship is kept for each student. A report of the student's class standing is given at the close of the semester.

The alphabetical system of grading prevalent elsewhere is used, i.e., A for superior; B for above average; C for average; D for below average, but passing; F for failure; H for audit; S for satisfactory work (credit toward graduation); U for unsatisfactory work (no credit toward graduation); X for work in progress; W for withdrawn before quality of work can be determined and I for incomplete. A student may be marked incomplete only in case of serious illness or other unavoidable causes of delay. All incompletes must be removed within one month after the grade period ends or the record will be marked "failure."

**Policy on Repeating Courses:**

1. In case a course is retaken subsequent to the student's receiving a course grade of F, only the last grade is counted in determining his cumulative grade point average.

2. With the consent of the Chairman of the department in which the course is offered, a student is permitted to retake once a course in which he has earned a grade of D, with the higher of the two grades to count in determining his cumulative grade point average.

These privileges apply only to courses repeated at Olivet.

**Pass-Fail (S or U)** is used for student teaching, field experiences in religion, and certain other courses. In these courses the alphabetical system of grading is never used.

In addition, an individual student who has declared his major by filing an Application for Junior Standing may also be permitted, upon his request, to enroll in one elective course per semester in the last four semesters on the basis of pass-fail grading. Specifically excluded from this provision are courses in the major field, minor field, required supporting courses, and courses offered to fulfill general education requirements. A passing grade means "C" quality or better.

The intention to take a course on the basis of pass-fail grading must be indicated at the Office of the Registrar on or before the final day to drop a course. If this request is approved, a student may change to the alphabetical system of grading only if he files a written request to do so at the Office of the Registrar prior to the final day to drop a course.
Auditing a course: To audit a course means to take it for neither grade nor credit. An audit, satisfactorily completed, is recorded as such on the transcript. No record is made if the audit is not satisfactorily completed.

Normally the only requirements in an audited course are attendance requirements, which are set by the instructor.

Audit should be indicated at the time of registration, or a course may be changed from credit to audit any time prior to the deadline for dropping a course. A course may be changed from audit to credit prior to this deadline only with the approval of the instructor, and payment of appropriate tuition adjustments.

A full-time student, paying the normal tuition fee, is not charged a tuition fee for an audited course, provided his total load, including the audited course, does not exceed 16 hours. If the total load exceeds 16 hours, a tuition fee of $10 per hour is charged for the excess hours which are audited. Part-time students are charged a tuition fee of $10 per hour for an audited course. Any additional fees (such as laboratory fee) in an audited course are charged to the student.

Arrangements to audit a course may be completed only if there is space available in the class.

Honor Points: In order to graduate, the student must have earned twice as many honor points as he has semester hours of work attempted. Honor points are based on quality of work performed, and are determined as follows:

- 4 honor points for each credit hour of a course receiving a grade of A
- 3 honor points for each credit hour of a course receiving a grade of B
- 2 honor points for each credit hour of a course receiving a grade of C
- 1 honor point for each credit hour of a course receiving a grade of D
- 0 honor points for each credit hour of a course receiving a grade of F

The grades of H, S, U, X, and W are neutral.

A minimum average grade of "C" (2.0) is required for graduation.

Honor Society: Sophomores who have a cumulative scholastic average of 3.35 and Juniors and Seniors who have cumulative averages of 3.2 and above are eligible for membership in the college honor society. See paragraph on Graduation Honors. An average of 3.35 for the preceding semester is required for inclusion in The Dean’s List.

An average of B is required for recommendation to a graduate school for graduate work.

Academic Retention or Probation: Failure in one-third or more of semester hours or achievement of 1.0 or lower in any given semester may be considered justifiable reason for dismissal.

An instructor may, with the approval of the Dean of the College, drop from a class any student who shows marked delinquency in attendance, who neglects his work, or who proves incompetent to pursue the work of the course.

A student who fails to maintain a grade average of "C" (2.0) is considered to be doing unsatisfactory work. When his cumulative grade points average falls below that indicated in the table below, he will be placed on academic retention, and thus will not be in good academic standing.

<table>
<thead>
<tr>

</tbody>
</table>
Retention means that unless satisfactory work is shown in the next semester, the student will be discouraged from continuing his college work as a degree candidate. Students removed from degree candidacy because of low academic achievement will not be permitted to take courses at a level higher than those available to him under his last classification.

Removal from retention and return to good academic standing is accomplished by achieving a cumulative grade point average equal to the minimum required for good academic standing. Students on retention will not be admitted to Junior Standing.

Retention is determined by cumulative grade point average. The instructor will report to the student his approximate grade at mid-semester, and will submit to the Dean of the College a list of students doing unsatisfactory or failing work in each of his classes.

Retention and Eligibility: A student on retention is also ineligible — i.e., for all practical purposes retention and ineligibility are synonymous. Ineligibility means that the student cannot participate in any public program or service away from the campus as a member of an ensemble group. Ineligibility excludes a student from participation in any varsity intercollegiate athletic contest.

The eligibility of students transferring to Olivet Nazarene College is determined by the standards for eligibility applying to non-transfer students.

Privileges Open to Superior Students

A superior student is urged to make the most of his scholastic opportunities and to advance in accordance with his abilities. To give greater flexibility in the schedule and to provide for specialized studies, a student with a 3.0 grade point average and who has ranked in the upper quartile of his sophomore class according to the objective test in the field of his interest, may apply for directed study or for graduation with departmental honor.

Special Topics of Study in the sophomore, junior or senior year are open to superior students in most departments offering majors. In order to engage in study of “special topics” a student must apply to his instructor for permission to pursue a subject of particular interest not already treated extensively in a regular course. On written approval of the instructor and the Dean of the College the student may register for from one to six hours of credit. The name of the applicant together with the plan of the course to be pursued, must be recommended by the head of the department in which the work is to be done to the Dean of the College for approval not later than the second Friday after the opening of the semester. Credit for special topics will be indicated on the transcript by use of the department name and the number 499.

Graduation with Departmental Honors is granted to a senior who shows independent and creative work of high quality in his major field. The study may cover material of individual courses, cut across course lines, or include subject matter and procedures not offered in the usual courses of the department. When recommended by the head of the department in which the student wishes to do honors work, a plan of the work to be pursued shall be forwarded, with the recommendation, for the approval of the Committee on Academic Standards. To be eligible for consideration for honors work, a student should have a 3.4 grade
Registrar Jim Knight is looking over the 1981-82 schedule of courses with leaders of the Salvation Army School for Officer's Training of Chicago, Major Dwight Garrington and Mrs. Major Bonnie Marshall. The cadets earn an Associate of Arts degree through Olivet as well as their school diploma.

These four Olivet teachers were named to Outstanding Young Women of America in 1981: Alice Edwards, Music; Leora Windoffer, English and Journalism; Sallye Spruce, Education, and Marla Kensey, Music.

6

Academic Regulations

Olivet's academic regulations constitute a readable map for student, counselor, professor and general reader. Each member of the academic community should familiarize himself with the directions for it is the official guide to each of the educational destinations offered by the College.

The liberal arts program offers every student, whatever his particular interest or vocational intention, an education built on a steadying foundation of studies in a variety of subjects. This leads to a mature level of lifelong learning which surpasses limited training for a narrowly defined vocational field that may become obsolete in a few years.

Career planning is strongly encouraged through counseling with faculty members and the professional staff of the Career Center.

The General Education Requirements provide a foundation of study in all the divisions of the college which may be helpful to a student selecting or confirming a career decision.
point average in his major field. If his work is of high quality, he will be granted four hours of credit toward graduation. If he passes a comprehensive examination in his major field with special emphasis on his honors project, he will be graduated with departmental honors, this to be indicated on the commencement program. The student must apply to the head of the department by October 15 in the academic year of graduation. Honors course work will be indicated by the department name and the number 500.

**Assistantships**

A limited number of assistantships are available to high scholarship students of advanced standing. These assistantships are open to those who have spent two or more semesters at Olivet Nazarene College. They are awarded on the basis of scholarship, character, leadership ability, educational promise, and need.

Holders of these appointments will assist in reading papers, laboratory service, or other work required in the department to which they are assigned.

Assistantships are valued from $500-$800 for the year. All appointments are for one semester, and are conditioned on satisfactory service. Appointments are made by the Dean of the College on the recommendation of the Chairman of the Department and Chairman of the Division. Application should be made to the Dean of the College by April 1 preceding the school year in which the appointment is to become effective.

**Honors**

**Phi Delta Lambda:** Olivet Nazarene College has a chapter of the National Nazarene Honor Society, Phi Delta Lambda, in which high ranking graduates are eligible to membership upon election by the faculty.

**Graduation Honors:** Graduation with highest honors (summa cum laude) requires an honor point average of 3.85.

Graduation with high honors (magna cum laude) requires an honor point average of 3.6.

Graduation with honors (cum laude) requires an honor point average of 3.35. Graduation honors will be based on the grades of the entire college course.

In case a student has taken part of his college work at another institution or institutions, his grade point average will be calculated on the basis of the total work taken toward the degree; and on the basis of work done at Olivet Nazarene College. Whichever average is lower will be used as the basis for honors. In any case, the last 60 hours of work must be taken at Olivet if one is to qualify for honors.

**College Marshal and College Queen.** Each year the young man and the young lady in the junior class having the highest cumulative grade point averages are designated as College Marshal and College Queen respectively and lead the commencement procession.

**Senior Citizenship Award:** Each year one man and one woman from among the graduating seniors are selected by majority vote of the faculty to receive the Senior Citizenship Award. The selection is based on campus citizenship, scholarship, leadership and general achievement of the student in college activities. Letters certifying the award are presented to the students selected on Commencement Day and the names of those honored are engraved on a plaque.
General Requirements for Graduation

Student Responsibility: Every candidate for a degree is personally responsible for meeting all requirements for graduation. The College, through its counselors and the credit summaries provided for the College by the Registrar, will assist the student in every way possible in avoiding difficulties.

Prospective teachers are also personally responsible for meeting the certification requirements of the state in which they expect to teach. Information about certification laws may be obtained from the Department of Education or from the Registrar.

Candidates for degrees are required to file their intention to graduate on forms provided by the Registrar's office at least 6 months prior to the expected date of graduation.

Candidates for graduation are expected to meet the requirements for graduation of the catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student's successive years of enrollment at Olivet, an appeal may be made to the Academic Standards Committee.

Residence Requirements: A candidate for a bachelor's degree must take, either the last year (30 semester hours) at Olivet Nazarene College, or, he must take 15 of the last 30 semester hours in residence and offer no less than 45 semester hours of residence credit from Olivet Nazarene College. Included in the hours offered to satisfy the residence requirement must be at least one-half of the major and/or sufficient hours to complete a major satisfactory to the chairman of the major department and the Registrar.

The residence requirement for the associate degree is either (a) the last 15 hours at Olivet, or (b) a total of 22 hours in residence at Olivet with at least 8 of the last 15 hours in residence at Olivet.

Second Bachelor's Degree: Some students desire to take a second bachelor's degree. It is often possible to complete the requirement for the second degree in one additional year. To receive a second degree, the student must complete at least 36 hours of work in addition to the 128 hours required for the first degree and must meet all of the requirements set forth in the curriculum for the second degree including general education requirements. In no case will more than one degree be conferred upon a candidate at any one commencement. At least 30 hours of these must be taken in residence at Olivet.

Senior Examinations: The college administers the Undergraduate Record Examinations and other departmental measures of achievement.

Proficiency Examinations

Students may be permitted to establish credit for courses listed in our catalog by departmental proficiency examination. The grade in proficiency examinations is "credit" or "failure," but no student is given "credit" unless he had made at least "C" in the examination. No official record is made of failures in these examinations.

Proficiency examinations are given under the following restrictions: (1) They may be taken only by persons who are in residence, or who are candidates for degrees at Olivet; (2) They may not be taken by students who have received credit for more than one semester of work in the subject in advance of the course in which the examination is requested; (3) They may not be taken to raise grades or
to establish credit in a course in which the student has received a failing grade. (4) The privilege of establishing credit by this method is not to be used to accelerate one's program, but to make possible the recognition of work already done, or an achievement already attained for which no academic credit has been established; (5) Not more than 10 semester hours credit can be earned by departmental proficiency examinations for any degree; (6) Applications for the examination must be approved in advance by the Dean of the College; (7) All such examinations shall be conducted by a committee of three, which shall be appointed by the Dean of the College. The signatures of all three examiners are required. Academic credit for such work will not be granted until the student has completed successfully at least one semester of work at Olivet Nazarene College. See also Waivers and Advanced Placement, Chapter 4.

**Summer School**

Olivet offers three summer sessions each offering full college credit, operating on an accelerated schedule of classes. In Summer Session I, three semester credit hours can be earned in three weeks. In Summer Session II, five or six semester credit hours can be earned in five weeks. In Summer Session III, three semester credit hours can be earned in three weeks. Dates of the summer sessions are carried in the College Calendar. All students apply through the Director of Admissions by the deadline indicated. Registration for Summer School may be completed prior to or immediately following the first meeting of the class.

**Transcripts**

Students wishing to transfer to another institution, or who otherwise desire a transcript of their college work, must present a written request to the Registrar, giving notice of at least one week. Near the beginning or end of a semester the period required to process a transcript request may be somewhat longer.

Transcripts are furnished each student without charge. A transcript will not be issued to or for a student who is indebted to the college.

The Choral Union and Orchestra have presented Handel's "Messiah" each December for 47 years to large appreciative audiences in College Church of the Nazarene.
Olivet graduates from 40 to 60 students each year for the teaching profession. Dr. Sallye Spruce, left, is giving guidance to a student teacher in a Bourbonnais elementary classroom.

Study of psychology includes observation of behavior and learning characteristics of small animals, including reaction response time to stimuli by light, food and water. Dr. William Bell, at right, is giving one of the white laboratory animals to these students who are majoring in psychology.

Teacher Education

Teacher education at Olivet Nazarene College makes use of the total educational resources of the college, is the concern of the entire faculty, and is under the direction of the faculty. Accordingly, teacher education is coordinated through designated officers, the Teacher Education Committee and other policy making bodies of the College. The program is designed to bring the resources of the College to bear most effectively in the education of teachers.
Objectives of Teacher Education

Students admitted to, and retained in, the teacher education program are expected to demonstrate suitable growth in the habits, attitudes, skills, and personal qualities specified in the institutional objectives. They constitute the general objectives of teacher education.

Within the framework of the general objectives of the college, the faculty has formulated specific objectives of teacher education. These objectives specify qualities considered essential for teachers. The faculty expects that the teacher education graduate will be a person who:

1. Possesses competency in the area(s) of specialization in which he expects to teach;
2. Understands the school as a social institution and teaching as a profession, and is able to interpret the school and its function to the public;
3. Has a professional attitude that insures quality service and continued growth in the profession;
4. Understands human development, behavior, adjustment, learning process, and individual differences;
5. Knows instructional materials, methods, techniques, and evaluation procedures, is skilled in their use, and understands their bases in principles of development, learning, and individual differences;
6. Appreciates the opportunities for Christian service in the teaching profession;
7. Organizes and presents learning experiences effectively;
8. Is aware of the teacher’s relationships to students, professional colleagues, and the public, and possesses the knowledge and skills implied by these relationships;
9. Integrates in a personally effective way the qualities of stability, patience, sympathy, and creative imagination;
10. Accepts the child as a person worthy of respect and has faith in his improvement through the medium of organized education;
11. Makes educational decisions that are coherent with a growing personal philosophy of education;
12. Makes use of basic knowledge of himself and of the profession in determining his anticipated role in the profession of education;
13. Makes accurate appraisal of the requirements of teaching positions and of his qualifications relative to them;
14. Accepts professional employment and maintains professional relationships in harmony with recognized ethical principles.

Programs of Teacher Education

General Education for Teachers

The general education for teachers is the same as that of other students in the college except that choices within the program must be made and the hours possibly slightly increased to include the following:

a. Three semester hours of mathematics.
b. A three hour course in American History or Government.*

*In Illinois Hist. 121 or Pol. Sci. 123 and Pol. Sci. 125 meet the requirement in this area.
c. Introduction to Psychology.

Students preparing to teach in elementary school and those preparing to teach primarily in the subject matter fields of biology, business, home economics, music, physical education and physical science may elect to receive a Bachelor of Science degree rather than a Bachelor of Arts degree. If they do this, they may select courses in intercultural understanding in the General Education program rather than courses in foreign language. Students planning to teach in high school other than in the subjects specified above will normally complete requirements for the Bachelor of Arts degree.

Senior High School Program

Professional Education. The required professional education sequence for prospective high school teachers is as follows:

Educ. 249 — Educational and Developmental Psychology .... 3 hours
Educ. 250 — Field Experience Laboratory .................. 1 hour
Educ. 351 — General Methods for the Secondary School .... 2 hours
Educ. 352 — General Methods Practicum .................. 1 hour
A Special Methods Course in the Teaching Field ........... 2 hours
Educ. 480 — Special Methods Practicum .................. 1 hour
Educ. 486 — Supervised Student Teaching in the
   Secondary School ........................................... 8 hours
Educ. 488 — Social and Philosophical Foundations
   of American Education ................................... 3 hours
Educ. 490 — Beginning of School Experience .............. 0-1 hour

21-22 hours

Subject Matter Specialization. Students planning to teach in secondary schools must be prepared for certification in one teaching field, and must, in addition, pursue either of two options:

Option A. Teaching Major with a Teaching Minor

The major teaching field must consist of at least 32 semester hours or the number of hours specified for the department or teaching area concerned. The second teaching area must include 20 to 24 semester hours.

</tbody>
</table>
Minor concentrations (second fields only) which Olivet offers and the required number of hours for each are:

Art — 24; Earth and Space Sciences — 24; French — 20; General Science — 24; German — 20; Music — 24; Psychology — 20; Spanish — 20; Speech Communication — 21.

See departmental listing for specific requirements.

Option B. Teaching Major with Special Emphasis

Selection of this option involves submitting a statement of and an acceptable rationale for the substitution of a Special Emphasis for the teaching minor. This must be submitted to and approved by the major department, the Secondary Education Director in the Department of Education, and the Director of Teacher Education. The selection of Option B might not meet requirements for certification in some states. In addition, approval of the Teacher Education Committee is required for any Option B requiring 15 hours or less.

Elementary School Program

Professional Education

The required professional sequence for Elementary Education is:

Educ. 249 — Educational and Developmental Psychology .... 3 hours
Educ. 250 — Field Experience Laboratory ......................... 1 hour
Educ. 356 — Elementary School Mathematics Instruction ........ 3 hours
Educ. 357 — Foundations of Reading ................................. 3 hours
Educ. 407 — Special Education Practicum .......................... 1 hour
Educ. 408 — Practicum in Reading .................................... 2 hours
Educ. 484 — Student Teaching in the Elementary School .... 8-12 hours
Educ. 487 — Elementary School Curriculum and Management 2 hours
Educ. 488 — Social and Philosophical Foundations of American Education .............................................. 3 hours
Educ. 489 — Pre-Student Teaching Laboratory .................... 1 hour
Educ. 490 — Beginning of School Experience ...................... 0-1 hour
Educ. 562 — Measurement and Evaluation .......................... 2 hours
Educ. 576 — Survey of the Exceptional Child ...................... 3 hours

32-37 hours

Subject Matter Specialization

Students planning to teach in elementary schools must complete one of the following options:

Option A: Single Specialization Program

1. Language Arts, including speech, children's literature, Educ. 354 and 525 .................. 20 hours
2. Social Science, including 3 hours U.S. History or Amer. Gov't., Educ. 353 and 402 ........... 15 hours
3. Natural Science, both biological and physical .................. 12 hours
4. Fine and Applied Arts. Minimum of 4 hours each in Music and Art. Literature and/or Biblical Literature may be counted for up to 4 hours ........................................ 12 hours
5. Mathematics, 111 and 112 recommended .......................... 6 hours
6. Health and/or Physical Education (Personal and Community Health, or First Aid recommended) ............... 4 hours
7. Additional hours to provide one of the following specializations: Language Arts 24, Social Studies 24, Natural Science 24, Art 16, Music 16, Foreign Language 15, Physical Education 16, Mathematics 12.

**Option B. Two Specializations or Middle School Program**

Same as Option A for Single Specialization except for Social Science 12 hours instead of 15. Two specializations in Item 7, one of 20 hours and one of 18 hours, instead of one specialization. Consult with the head of the Education Department for further explanation.

**Music Teaching Program**

**Professional Education**
The required professional education sequence for music education is:

Educ. 249 — Educational and Developmental Psychology .... 3 hours
Educ. 250 — Field Experience Lab ................................... 1 hour
Educ. 380 — Special Methods Practicum for Music Education 1 hour
Educ. 454 — Secondary Music Methods .............................. 2 hours
Music 462 — Elementary School Music .............................. 2 hours
Educ. 480 — Special Methods Practicum .............................. 1 hour
Music 485 — Student Teaching ........................................ 8-12 hours
Educ. 488 — Social and Philosophical Foundations of American Education ........................................ 3 hours
Educ. 490 — Beginning of School Experience ...................... 0-1 hour

Total .............................................................................. 21-26 hours

**Subject Matter Specialization**
See Department of Music.

**Early Childhood Education Program**
This program is not approved for certification by the state of Illinois. However, it would be adequate preparation to direct or teach in a day care center.

**Professional Education**
The required professional sequence for the Early Childhood program is:

Educ. 211 — Child Developmental Psychology ...................... 3 hours
Educ. 249 — Educational and Developmental Psychology .... 3 hours
Educ. 250 — Field Experience Laboratory ............................. 1 hour
Educ. 356 — Elementary School Mathematics Instruction ...... 3 hours
Educ. 357 — Foundations of Reading .................................. 3 hours
Teacher Education

Educ. 408 — Practicum in Reading .......................................... 2 hours
Educ. 484 — Supervised Student Teaching: Kindergarten ..... 8 hours
Educ. 490 — Beginning of School Experience ..................... 0-1 hour
Educ. 497 — AV Instructional Media (recommended) .......... 2 hours
Educ. 520 — History and Philosophy of Early Childhood
  Education ............................................................. 3 hours
Educ. 526 — Instructional Methods of Early Childhood
  Curriculum ........................................................... 3 hours
Educ. 576 — Survey of Exceptional Children ..................... 3 hours

Total required hours ...................................................... 32-35 hours

Subject Matter Preparation. Required subject matter includes:
1. Language Arts, including speech, children's literature,
   Educ. 354 ............................................................................ 17 hours
2. Social Science, including U.S. History 121 or U.S. Govt. .... 12 hours
3. Natural Science, both biological and physical ................. 12 hours
4. Fine Arts 101, Art 365, Music 360 and 366 .................... 8 hours
5. Mathematics, 111 and 112 recommended ........................ 6 hours
6. Health and/or Physical Education .................................. 4 hours
7. Supporting Courses: 
   Sociology 232 — Marriage and Family, 3 hours
   Home Ec. 121 — Introduction to Nutrition, 3 hours
   Chr. Ed. 363 — Christian Education of Children, 2 hours
   or 366 — Contemporary Ministries, 3 hours
   8-9 hours

Associate of Arts Degree for Teacher Aides

See Department of Education for description of this two-year course of study.

Admission to Teacher Education

Admission to the Teacher Education Program of the College is necessary for admission to special methods courses in education and to student teaching. Normally the student will apply for such admission near the end of the sophomore year and immediately after, or while taking, the first course in the professional sequence. Otherwise, progress through the professional sequence of courses may be delayed. Application blanks may be secured at the Education Office. Applications are acted upon by the committee on Teacher Education. Factors which are weighed in considering applications are personality, emotional stability, character, scholarship, competence in communication, physical health, and professional interest. The following requirements must be met for admission:

1. 2.20 grade point average.
2. Clearance by the office of the Dean of Students.
4. Satisfactory recommendations from college teachers.

In submitting references students should be sure to include the names of faculty advisers. The evidence of professional interest may be considered questionable for students who have not availed themselves of opportunities for work with youth groups, in church school teaching, or of other opportunities for assisting children and youth to grow.
Pre-Student Teaching Laboratory Experiences

Pre-student teaching laboratory experiences including the use of films (vicarious experience), school observation and participation are provided in connection with some of the education courses prior to student teaching. The minimum in such experiences in the schools for secondary education and music education majors in Educ. 250, 352, 380 (music only), 480, 490 shall be 100 clock hours. Elementary education majors surpass the 100 clock hours requirement by taking Education 250, 402, 407, 408, 489 and 490. Students are to keep records of pre-student teaching laboratory experience, together with signatures of supervising personnel on blanks provided for the purpose. These records are kept in the students’ folders in the Education Office and are considered in connection with admission to the Teacher Education Program and in connection with placement in student teaching assignments.

Admission to Student Teaching

Students should submit application for student teaching by February 15 of the semester prior to the school year in which they expect to do student teaching. Prerequisites to student teaching involve previous admission to the Teacher Education Program of the College, and at least two methods courses. In addition each candidate for student teaching must be approved by the Committee on Teacher Education before he can be registered and assigned. The approval of the candidate’s major department, over-all grade point average of 2.2, and for secondary student teachers, a grade point average of 2.5 in the major field is required. The requirement of credit hours in student teaching is 8 hours. Additional credit up to 12 hours is optional.

Exceptionality Requirements

Secondary Education graduates will fulfill the same requirement by either completing the Secondary Education Exceptionality Modules (SEEM), or Educ. 576—Survey of the Exceptional Child and SEEM Modules V and VI with special methods courses. As shown below, SEEM is composed of six competency-based modules, two modules being assigned to each of three professional sequence courses.

Student Teaching and the Professional Semester

The college is committed to the plan of block schedule (full time for eight weeks) student teaching. To implement this program, students and advisers must plan ahead and reserve designated professional courses and other courses arranged to facilitate student teaching for the semester in which student teaching is to be done. A semester which involves mostly student teaching and other professional courses is known as a professional semester. Block schedule student teaching is normally offered during the last eight weeks of the fall semester (Block II), and the last eight weeks of the spring semester (Block IV).

Securing a Teaching Credential

Each public school teacher is required by law to hold a valid certificate issued by the state in which he teaches. Prior to graduation each prospective teacher should file application for a teaching certificate. Applications should be filed through the Registrar’s Office. Application forms for many states are available there. These applications should be completed during the spring semester of the senior year. For a specific state’s certification, see the Registrar or Education Department Chairman.

Placement of Teacher Candidates

The college maintains a Career Planning and Placement Office to assist graduates in securing positions in which they are interested and for which they are qualified. Teacher candidates register with the office for placement service in the senior year as directed by the office.

The Placement Office receives and files notices of teaching position vacancies and makes this information available to students, at the student’s request supplies copies of his credential folder to prospective employers, arranges interviews on campus between students and school officials, counsels candidates with respect to teaching opportunities in areas for which the office has no current listings, and maintains the student’s credential file after he graduates. The placement service of the College is free to the graduating senior and is available to registered alumni for a nominal fee. The student should register with this office at the indicated time even though he may have secured a position for teaching prior to registering. A charge is made for registration after graduation.

The Curriculum Materials Center

A Curriculum Materials Center is maintained on the ground floor of the Library. The Curriculum Materials Center houses school textbooks, trade books, curriculum guides, professional pamphlets, resource units, and other instructional materials selected especially as resources for students planning to become teachers. These materials are available for examination and use by students, faculty and off-campus supervisory teachers. The Director of the Center is available for consultation concerning instructional materials.
The Teacher Education Office

While teacher education is a function of the whole college, the various administrative details connected with the program are coordinated through the office of the Department of Education. Here students may pick up various forms to be filled out and return them for filing; various reference forms and rating scales are sent out from and returned to this office; and in general it serves as a center for teacher education activities.

The Kelley Prayer Chapel was completed in 1980 as a joint effort of the students of Olivet and the Alumni Association. It is named in honor of the late Dr. Selden D. Kelley, former president of Olivet.

The Alumni Association has honored a minister and a layman each year with the "O" Award upon election by a nationwide vote of all former students on the active mailing list. Those honored in 1980 were Rev. Jim Diehl, left, Superintendent of Nazarene churches in Nebraska, and Prof. Linford A. Marquart, Coordinator of Federal and State Grants for Olivet. Dr. Selden Kelley Jr., alumni president, announced these awards at Homecoming in November.
A record number of 2,147 students enrolled at Olivet in the fall of 1980. After this opening convocation in Chalfant Hall they headed across campus to classrooms and the library for studies.

These men of various professions are members of the Board of Trustees of Olivet. They are selected by the ten districts of the Church of the Nazarene in Illinois, Indiana, Michigan and Wisconsin and the Alumni Association. The 850 Nazarene churches of the Central Educational Zone which they represent give more than $1 million annually for support of the college.

8

Courses of Instruction

Olivet designs and offers academic programs that support its general objectives, and that appear to meet important needs of its students and constituency. The following listing of programs of instruction include some developed recently as well as traditional programs of the College.
Course and Department Numbering System

The courses of study in the college are grouped in nine divisions. Departments in each division are listed below and at the page beginning each division.

All these departments offer majors except Economics, Earth and Space Sciences, Library Science, Political Science and Geography. A chart of majors and minors appears in Chapter 2.

The first instructor named under each department is the chairman of that department; others are listed alphabetically in the department.

The Divisions and Departments are:

1. Division of Education and Psychology
   11 — Education
   12 — Library Science
   13 — Psychology
   14 — Physical Education

2. Division of Nursing — 15

3. Division of Fine Arts
   21 — Fine Arts
   22 — Art
   23 — Applied Music
   24 — Church Music
   25 — Music Education
   26 — Music Literature
   27 — Music Theory

4. Division of Languages and Literature
   32 — English Language and Literature
   33 — Foreign Languages
   34 — Speech Communication

5. Division of Natural Sciences
   41 — Natural Sciences
   42 — Biological Sciences

   43 — Chemistry
   44 — Earth and Space Sciences
   45 — Mathematics and Computer Science
   46 — Physics

6. Division of Religion and Philosophy
   51 — Biblical Literature
   52 — Philosophy
   53 — Christian Education
   54 — Theology

7. Division of Social Sciences
   61 — Social Sciences
   62 — Business Administration
   63 — Accounting
   64 — Economics
   65 — History and Political Science
   66 — Political Science
   67 — Home Economics
   68 — Sociology and Anthropology

8. Division of Graduate Studies

9. Division of Continuing Education

The number of the course designates the level or classification a student must have to take the course.

000 — Not available for degree credit
100 — Introductory or basic Freshman level courses
200 — Sophomores and specially qualified Freshman
300 — Juniors and specially qualified Sophomores
400 — Seniors and qualified Juniors
500 — Graduates, qualified Seniors
600 — Graduates only
The Reed Hall of Science and Planetarium houses the departments of Biological Sciences, Chemistry, Earth and Space Science, Mathematics and Computer Science, and Physics.

**General Studies**

The following courses are offered without reference to any department:

**GS100 — Introduction to College Studies, 1 hour.**
A credit course required for freshman designed to facilitate successful adjustment to college. The summer orientation program and weekly discussion sessions in the fall with one's academic advisers make up the two major parts of this course. Required of all freshman. Pass/Fail grading.

**GS101 — Essentials of Learning, 2 hours.**
A course of Basic Instructional Guidance is designed for students who do not meet regular admissions criteria. Study skills, reading rate, and note-taking are the focus of the sessions together. Counseling is offered to assure a chance of success in college. Credit for this course will not be entered on the transcript until the successful completion of other courses is recorded.

**GS300 — Academic Advising Assistantship, 1 hour.**
A credit course for upper division students selected by the dean of the College to assist as an adviser in the freshmen advising program. Responsibilities consist of participation in an in-service workshop, one summer freshman orientation, and assistance in weekly freshman advising sessions. Pass/Fail grading.
The Division of Education includes the Department of Physical Education for training of teachers and recreational leaders as well as sports participation for Olivet students. Standing at the entrance to the new Snowbarger Athletic Park are three of the seven teachers: Ralph Hodge, varsity basketball coach; Larry Watson, athletic director and wrestling coach; and Ken Richardson, varsity football coach.

The Division includes the Departments of Education, Psychology, Physical Education. Service courses in Library Science are also available.

The Division attempts to help achieve the aims of the college by: (a) giving the student an understanding of human behavior, emphasizing good mental and physical health through theory and practice; (b) helping the student make vocational preparation in the fields represented in the Division; and (c) helping the student see the practical application of Christianity in these fields of service.
The Department of Education is a service department for the Teacher Education Program. Its objectives are included in those listed for this program in Chapter 7. The department also offers courses to meet needs of students in other departments of the college. The Department of Education is responsible for courses in Library Science.

Students desiring an undergraduate major in education must first be received into the Teacher Education Program of the college by action of the Committee on Teacher Education, must declare that intention by the beginning of the junior year, and must have, and continue to maintain, a 2.2 point average in all college work.

**Major:** A Professional Education Sequence of courses, plus specialization in subject matter. The approved Teacher Education programs are described in Chapter 7.

### Elementary Education

**Professional Education Sequence for Secondary Majors**
(Senior High Teaching)

### Music Teaching Program

### Associate of Arts Degree for Teacher Aides

**Required: 22 hours**

- **Educ. 129** — Teacher Aide Field Work
- **249** — Educational and Developmental Psychology
- **250** — Field Experience Laboratory
- **Lib. Sci. 223** — Use of Books and Libraries
- **P.E. 367** — Methods and Materials in Physical Education for the Elementary School

Bus. 113, 114 — Typewriting

359 — Business Correspondence

369 — Office Practice

Candidates for the A.A. degree for Teacher Aides must complete the General Education requirements (Catalog, Chapter 2) including Introduction to Psychology 101 and a course in Mathematics. The total program is subject to the approval of the department chairman.

### The Master of Arts in Education Degree

is offered with majors in Elementary Education and in Secondary Education. These programs are described in the chapter of this catalog devoted to graduate studies.
Courses

11-105 — Crafts for Elementary Teachers. 2 hours. (Same as Art 105.)

11-129 — Teacher Aide Field Work. 2 hours. Each student will need to clear two mornings or two afternoons per week for assignments in the schools. One week (6 hours of class meetings) will be spent in orientation and study of para-professional duties and responsibilities.

11-211 — Child Growth and Development. 3 hours. Same as Psychology 211.

11-249 — Educational and Developmental Psychology. 3 hours. A study of development from birth to maturity, the learning process, language and thinking, mental hygiene and evaluation. Competency on Modules I and II of Secondary Education Exceptionality Modules will be required in this course of students whose programs do not require the approved course in exceptionality. Prerequisite: Psychology 101.

11-250 — Educational and Developmental Psychology Field Lab. 1 hour. Twelve sessions in the elementary school with weekly reports required. Taken concurrently with Educ. 249. Student time sheets will show a minimum of twenty clock hours contact with public school students.

11-341 — Statistics. 4 hours. Same as Mathematics 341.

11-351 — General Methods for the Secondary School. 2 hours. A survey of psychological bases for methods and techniques; managing the environment; organizing materials of instruction; planning, motivating and guiding learning activities. Competency on Modules III and IV of Secondary Education Exceptionality Modules will be required in this course of students whose programs do not require the approved course in exceptionality. Prerequisite: Education 249.

11-352 — General Methods Practicum. 1 hour. One hour daily for approximately six weeks, students will be actively involved in the teaching process with a public secondary school teacher. Time sheets will show a minimum of thirty clock hours contact with public school students. Taken concurrently with Educ. 351.

11-353 — Elementary School Social Studies. 2 hours. Survey of trends in the teaching of the social studies, methods and materials available for use in teaching social studies and an analysis of the objectives of the social studies curriculum. Emphasis is placed on awareness of minority groups and their contribution to America, multi-cultural education, the importance of the self-concept in school achievement, values clarification techniques, and the place of the text in an on-going social studies program. Educ. 402 must be taken concurrently.

11-354 — Foundation of Language Arts. 2 hours. A study of the curricula content, teaching strategies and recent research in the communication skills of grammar, handwriting, creative writing, spelling and literature. Prerequisites: Educ. 249 and admission to the Teacher Education Program. Must be taken concurrently with Educ. 408 and 357.

11-356 — Elementary School Mathematics Instruction. 3 hours. This course outlines modern practices in the teaching of arithmetic with special emphasis upon a meaningful approach which includes both the mathematical phase and the social phase of arithmetic in keeping with recent research findings. Prerequisites: Educ. 249 and admission to the Teacher Education Program or consent of instructor. The course is a combination of working with children and peers.

11-357 — Foundations of Reading. 3 hours. An exploration of current approaches, trends, strategies, materials for instruction and recent research in the teaching of developmental reading in the elementary schools. Prerequisites: Educ. 249 and admission to the Teacher Education Program. Must be taken concurrently with Educ. 408 and 354.

11-358 — Teaching of Reading in Secondary Schools. 2 hours. Dealing with reading problems of a high school student in a specific content is the purpose of this course. Secondary education students will be involved in diagnosis, remediation, enrichment, measurement, and evaluation of reading problems of high school students.

11-360 — Instrumental Activities. 1 hour. Same as Music 25-360.

11-363 — Elementary School Science Curriculum and Instruction. 3 hours. An introduction to elementary school science curriculum and instructional methods. Students are involved with public school academically talented students for twelve sessions in science instruction on campus. Prerequisites: Educ. 249 and admission to Teacher Education Program, or consent of instructor.

11-364 — Methods in Secondary Physical Education. 2 hours. Same as P.E. 364.

11-365 — Art Activities for the Elementary School. 2 hours. Creative art as it should be taught in the elementary school. Various media are explored for unique correlations to the classroom curriculum. Prerequisites: Admission to Teacher Education Program or consent of instructor.

11-366 — Music Activities for the Elementary School. 2 hours. (Same as Music 366.)
11-367 — Methods and Materials in Physical Education for the Elementary School. 3 hours. Same as Physical Education 367.

11-380 — Special Methods Practicum in Music. 1 hour. This course is for Music Education majors who will accumulate a minimum of 40 clock hours per semester hour working with students and a classroom teacher in a public school classroom. This practicum is taken in conjunction with 25-180, 280, 380, and 381. Students register for 11-380 at the beginning of the first course and complete the requirement at the completion of the last course of the series of requirements.

11-400-413 — Student Interest Practicum. 1-4 hours. This is a field experience in which the elementary or secondary education student works with students in an area of interest under the supervision of a supervising teacher or director of a program. A student will spend 30 or more hours per credit hour. Prerequisites: Junior Standing, Ed. 249, 250. These course numbers will designate particular programs of the Practicum in various departments:

- 11-400 — Open School Concept
- 11-401 — Language and Literature
- 11-402 — Social Sciences — See Ed. 353
- 11-403 — Natural Sciences
- 11-404 — Fine Arts
- 11-405 — Outdoor Education
- 11-406 — Pre-School
- 11-407 — Special Education — See Educ. 562
- 11-408 — Reading — See Educ. 354 and 357
- 11-409 — Mathematics — See Ed. 356
- 11-410 — Vocational Education
- 11-411 — Physical Education
- 11-412 — Reading Laboratory
- 11-413 — Learning Center

Courses 11-454 and 462 will provide music education majors with material to satisfy the competency requirement of Modules III to VI on Special Education.

11-454 — Secondary Music Methods. 2 hours. Same as Music 454.

11-462 — Elementary School Music Methods. 2 hours. Same as Music 462.

A course chosen from 11-465 through 478 will provide secondary education majors with material to satisfy the competency requirement of Modules V and VI on Special Education.

11-465 — Teaching of Art. 2 hours. Same as Art 465.

11-469 — Teaching of Modern Languages. 2 hours. Same as Foreign Language 469.

11-471, 472 — Teaching of Business Subjects. 2 hours both semesters. Same as Business 471, 472.

11-474 — Teaching of Mathematics. 2 hours. Same as Mathematics 474.

11-475 — Methods of Teaching Home Economics. 2 hours. Same as Home Economics 475.

11-476 — Teaching of English. 2 hours. Same as English 476.

11-477 — Teaching of Science. 2 hours. Same as Natural Science 477.

11-478 — Teaching of Social Studies. 2 hours. Same as Social Science 478.

11-480 — Special Methods Practicum. 1-2 hours. Secondary education students will accumulate a minimum of 40 clock hours per semester hour. Working with students and classroom teacher in a public school classroom in conjunction with special methods course(s) in the student's major field.

11-481 — Para-Professional Practicum. 4 hours. Students will spend half days for eight weeks working with a teacher as a para-professional under supervision of a college supervisor.

11-484 — Supervised Student Teaching in the Elementary School. 8-12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education, Education 249 and reading and arithmetic methods.

11-485 — Supervised Student Teaching: All Grades. 8-12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education. Educ. 351, and/or appropriate special methods course or two appropriate methods courses without Educ. 351.

11-486 — Supervised Student Teaching in the Secondary School. 8-12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education, Education 351 and an appropriate special methods course (concurrent registration in these courses may be permitted).

11-487 — Elementary School Curriculum and Management. 2 hours. Schedules: reports; attendance records, and parent-teacher-principal-pupil relationships; modern trends and practices in curriculum organization; planning the educational program; intended as a culminating course in the preparation for elementary school teaching. Prerequisite: Concurrent with Student Teaching or consent of instructor. Educ. 489 must be taken concurrently.

11-488 — Social and Philosophical Foundations of American Education. 3 hours. A study of the American Public School System,
its development, problems and practices, together with various issues which are involved with its relation to society. Consideration will be given to philosophical ideas and their influences.

11-489 — Pre-Student Teaching Lab. 1 hour. Elementary education students will spend a minimum of thirty clock hours in the classroom where they are assigned for student teaching the five Wednesdays preceding the student teaching experience. The practicum is to be taken concurrently with 11-487.

11-490 — Beginning of School Experience. 0-1 hour. The objectives for the student teacher in this pre-student teaching experience are to gain a first hand knowledge and understanding of the opening of school, to become acquainted with the school personnel, to acquire a preview of materials and assignments, and to gain a longitudinal view of the teaching-learning process. It requires a minimum of 30 hours at the school site where the student is assigned for student teaching. The student must be planning to enroll in 11-484, 485, or 488 for the current school year. Pass/Fail grading.

11-497 — Audio-Visual Instructional Media. 2 hours. This course includes theory and practice in the use of audio-visual media in the classroom with laboratory experience in the operation of sound-film projectors, film-strip projectors, opaque projectors, and other equipment.

11-520 — History and Philosophy of Early Childhood Education. 3 hours. Examines current curriculum issues from philosophical, historical and theoretical perspectives. Fundamental ideas which have influenced early childhood programs will be studied. The course provides a review and analysis of research findings, experimentation and current trends in early childhood education.

11-525 — Diagnosis in Reading. 3 hours. An overview of the basic principles, nature, causes and diagnoses of reading difficulties. Included in the course is information to help teachers translate diagnostic information of disabled readers into corrective methods for instructional practice. Other focal areas include: factors influencing a student's reading development, group and individual diagnosis, current research in identifying children with perceptual, visual, or auditory problems, and improvement of corrective reading skills. This is one of the three courses which elementary education students take to fulfill the exceptionality requirement. Prerequisite: Education 357.

11-526 — Instructional Methods of Early Childhood Curriculum. 3 hours. Explores the educational needs of young children through analysis of play, science, art, music, mathematics, language and pre-reading experiences. A further emphasis is placed on organization of balanced daily programs, planning and using materials of instruction, pupil evaluation, parent communication, classroom environment and needs of special children. Includes a three-week practicum in local preschools or day care centers.

11-535 — Current Trends in Mathematics for the Elementary School. 3 hours. Topics in the course will include the impact of Piagetian thinking and research, current trends in mathematics content and teaching techniques. Activities will include survey of current math text series, development in use of math Piaget tasks, making an instructional aid and selecting and/or developing activities or games for a learning center or topic.

11-561 — Statistics. 4 hours. Same as Educ. and Math 341.

11-562 — Measurement and Evaluation. 2 hours. Review of the basic principles of measurement, practice in evaluation, administering and interpreting results of measures of achievement, general and special abilities, personality and interests. Individual projects in measurement and evaluation will include summarizing the evaluation procedures of special education procedures for the different areas of exceptionality, study of instruments used in assessing exceptional children, and working under the supervision of one special education teacher in a practicum experience during the semester. This is one of the three courses which elementary education students take to fulfill the exceptionality requirement. Must be taken concurrently with Education 407.

11-576 — Survey of Exceptional Children. 3 hours. An overview of exceptionality: gifted, health impaired, mentally retarded, physically impaired, socially maladjusted, learning disability, and emotionally disturbed. These will all be studied. The psychology of exceptionality will be used as a basis for consideration of each area. Practitioners in these special education areas will make presentations from their respective field of expertise. This is one of the three courses which elementary students take to fulfill the exceptionality requirement. Secondary education students may take this course along with Secondary Education Exceptionality Modules V and VI.

11-600-699 — Graduate Level Courses. Open to some seniors. See Director of Graduate Studies.

Library Science — 12

12-223 — Use of Books and Libraries. 2 hours. Practical information on the use of books, the Dewey classification, the card catalog,
printed indices, bibliographies, and other reference books.

12-364 — Children's Literature. 2 hours.
A survey and critical analysis of children's literature to aid in the selecting of reading material for children from the pre-school age through the elementary grades. The course is a requirement for those planning to teach in the elementary grades in Illinois.

12-368 — Books for Young People. 2 hours.
Concerned with the reading problems of the high school student. Analysis of books as an aid to the guidance of the individual student and a study of the available reading materials for this age group. Requires wide reading of books and corresponding bibliographical work.

12-497 — Audio-Visual Aids to Learning. 2 hours.
Same as Educ. 497.

Psychology — 13

WILLIAM BELL (1970)
Professor of Psychology; Chairman of Department
Ph.D., 1975, Northwestern University

LOWELL TRUMAN FLINT (1973)
Professor of Psychology
B.A., 1959, Marion College
M.Ed., 1971, University of North Carolina
Ed.D., 1973, Duke University

FRANKLIN GARTON (1979)
Assistant Professor of Psychology; Director of Career Planning and Placement Center
B.A., 1958, Olivet Nazarene College
M.A., 1965, Ball State University
Instructor's Certificate, 1976, LaVerne, Calif. Hospital
Instructor's Certificate (AMITY), 1978, Pine Haven Psychiatric Hospital, Grand Rapids, Mich.

JIM D. KNIGHT (1975)
Assistant Dean of Instruction; Registrar; Director of Institutional Research; Assistant Professor of Psychology
B.A., 1966, Trevecca Nazarene College
M.S., 1973, University of Tennessee

CAROLYN SECHRIST (1977)
Associate Professor of Psychology
B.A., 1968, Olivet Nazarene College
M.A., 1972, Rosemead Graduate School
Ph.D., 1975, Rosemead Graduate School

The objective of the Department of Psychology is to acquaint students with the science of behavior and the principles which contribute to optimal personality development, good interpersonal relationships, and the effective understanding and influence of human behavior. The faculty seek to uphold the highest ideals of Christian citizenship and a Christian philosophy of humanity and the world.

The department specifically provides students with four opportunities: First, it offers the specific training necessary for admission to graduate school programs in clinical, counseling, developmental, educational, industrial, social, experimental and school psychology. Second, for those who wish to move directly into a psychological vocation, the department provides students sufficient background in principles and practice to respond to the demands of their vocation. Third, the department enables students from other fields such as education, religion, business, and the social sciences, to become acquainted with the principles of human behavior which may be applied in their vocations. Fourth, the department seeks to give students sufficient intrapersonal and interpersonal understanding to optimize the development of healthy personalities and relationships.

To accomplish these objectives, the following options are available. Psychology 101 or 211 or 212 is a prerequisite for all upper division courses in Psychology. Psychology 101 is the recommended entry level course unless a similar course has been taken by the student in high school.

Major (Bachelor of Arts or Science): 30 hours

Required:
Psy. 211 — Child Developmental Psychology
212 — Adolescent and Adult Developmental Psychology
203 — History and Systems of Psychology
301 — Advanced General Psychology

One of these options is suggested:

A. Recommended courses for graduate school:
Psy. 341 — Psychological Statistics
342 — Research Method and Design
343 — Learning and Behavior Modification
345 — Physiological Psychology
361 — Theories of Personality
492—Psychological and Biblical Integration

and suggested supporting courses:

Biol. 121—General Zoology
245—Human Anatomy and Physiology
Math. 250—Compiler Languages

B. Recommended courses for service vocations in psychology:

Psy. 311—Psychology of Personal Adjustment
321—Social Psychology
322—Group Dynamics
343—Learning and Behavior Modification
361—Theories of Personality
463—Psychopathology
466—Psychology of Counseling
467—Psychotherapy
492—Psychological and Biblical Integration

C. Recommended courses for students in Christian service, social service, education, business and other fields, who desire a second supporting major or minor:

Psy. 311—Psychology of Personal Adjustment
321—Social Psychology
322—Group Dynamics
343—Learning and Behavior Modification
423—Industrial and Personnel Psychology (Business majors)
466—Psychology of Counseling
492—Psychological and Biblical Integration (Christian service majors)

Minor or Teaching Minor: 20 hours

Required:

Psy. 211—Child Developmental Psychology
or 212—Adolescent and Adult Developmental Psychology
203—History and Systems of Psychology
301—Advanced General Psychology

13-202 — Educational Psychology. 4 hours. Same as Educ. 249-250. Prerequisite: Psy. 101, 211 or 212.

13-203 — History and Systems of Psychology. 3 hours. A history of the field of psychology with particular emphasis on the theoretical development from the prescientific era to the present time. Prerequisite: Psy. 101, 211 or 212.

13-211 — Child Developmental Psychology. 3 hours. A study of human physical, intellectual, emotional, perceptual, social and personality development from conception to puberty. It is recommended that 211 precede 212 if both courses are taken.

13-212 — Adolescent and Adult Developmental Psychology. 3 hours. A study of human physical, intellectual, emotional, perceptual, social and personality development from puberty to death. It is recommended that 211 precede 212 if both courses are taken.

13-222 — Psychology of Human Communication. 3 hours. Same as Sp. Comm. 222.

13-301 — Advanced General Psychology. 3 hours. An advanced survey and review of the theory and research in psychobiology, learning, development, personality, adjustment, social psychology, psychopathology, and psychotherapy. Special emphasis will be placed on sensation and perception, motivation and emotion, intelligence and psychological testing. Prerequisite: 12 hours of Psychology including 203.

13-311 — Psychology of Personal Adjustment. 3 hours. The objective of this course is to give a general orientation to the subject of personal adjustment with some emphasis placed on mental hygiene. The individual and cultural determinants of behavior will be discussed. Prerequisite: Psy. 101, 211 or 212.

13-321 — Social Psychology. 3 hours. This course considers the social factors which operate in influencing the behavior of the individual. Emphasis is given to the description and evaluation of the methods of measurement and techniques of investigation for the social psychologist. Prerequisite: Psy. 101, 211 or 212.

13-322 — Group Dynamics. 3 hours. Same as Sp. Comm 356.

13-423 — Industrial and Personnel Psychology. 3 hours. A survey of the theory, research and strategies used in business, industry and government in the following areas: (a) personnel selection, assessment and training, (b) human engineering, motivation, work efficiency and job satisfaction, (c) organizational structure and dynamics, (d) leadership and supervisory
training, (e) employee counseling. Prerequisite: Psy. 101, 211 or 212.

13-492 — Psychological and Biblical Integration. 3 hours. Emphasis is placed on the relationship between psychological and biblical perspectives, particularly in areas that directly influence and apply to the personal psychological and spiritual process of the individual. Specific areas of concentration will be unique according to the instructor. Seniors only, or permission of the instructor.

13-499 — Special Topics in Psychology. 1-3 hours. A departmentally approved project where a major may pursue a subject of particular interest not already treated extensively in a regular course.

Experimental Courses

13-341 — Psychological Statistics. 4 hours. Same as Math 341.

13-342 — Research Method and Design. 3 hours. A survey of the methods of gathering, interpreting and communicating psychological data with emphasis on the experimental method and psychological testing. Topics include psychological measurement and scaling techniques, the various types of research designs, report writing and interpretation, graphical reporting of data, and bibliographical sources in psychology. Psych. 342 is a recommended prerequisite for 341 and 343.

13-343 — Learning and Behavior Modification. 4 hours. A survey of the basic types of learning and the variables which influence the learning process. Emphasis is placed on the theoretical and applied aspects of human behavior change. Recommended prerequisite: Psychology 203.

13-345 — Physiological Psychology. 3 hours. This course acquaints students with the neurological and glandular bases of learning, sensation, perception, and behavior. Lecture and laboratory experiences are included.

13-449 — Experimental Research Project. 1-3 hours. A departmentally approved experimental research project designed, conducted and written up by the student. Prerequisites: Eighteen hours of psychology including Psych. 341, 342, and one of 301, 343 or 345.

Clinical and Counseling Courses

13-361 — Theories of Personality. 3 hours. A study is made of the conceptualizations of personality that are acceptable to the various theoretical positions. Also, consideration is given to the many factors that affect the personality development of the individual. Emphasis is placed on what is considered normal personality. Recommended prerequisite: Psy. 203.

13-462 — Psychological Testing. 3 hours. Same as Education 562.

13-463 — Psychopathology. 3 hours. A comprehensive study of the various types of personality and behavioral abnormalities, including their etiology, symptoms, dynamics and treatment. A comparison is made between normal and maladaptive functioning. Prerequisite: 12 hours of Psychology, or permission of the instructor.

13-466 — Psychology of Counseling. 3 hours. A study of the process of psychological counseling with emphasis on effective counselor characteristics, the initial session, facilitative relationship, goals, strategies, termination, ethical issues within counseling, and the development of a personal counseling model. Application will be made to interest areas such as crisis intervention, pastoral counseling, marriage and family counseling, social work, and personnel services. Prerequisites: Psy. 101, 211 or 212, and permission of the instructor.

13-467 — Psychotherapy. 3 hours. A survey of the major concepts and practices in contemporary psychotherapy and counseling. Emphasis will be given to psychoanalysis, individual psychology, transactional analysis, and client-centered, existential, gestalt, rational-emotive, reality, and behavior therapies. Attention will be given to the development of effective therapist characteristics and a personal therapy model. Prerequisites: Psy. 361 or 463 or permission of the instructor.

13-469 — Field Experience. 5 hours. The student will work 16 hours per week in an approved agency under the supervision of a professionally trained staff member. This will be arranged according to the interests of the student. Open only to senior psychology majors.

Physical Education — 14

LARRY D. WATSON (1965)
Assistant Professor of Physical Education, Acting Chairman of the Department, Athletic Director.
B.S., 1965, Olivet Nazarene College
M.A., 1968, Western Michigan University

CAROL DOENGES (1968)
Assistant Professor of Physical Education
B.A., 1967, Olivet Nazarene College
M.Ed., 1971, University of Illinois
RALPH HODGE (1979)
*Instructor of Physical Education*
B.A., 1976, Olivet Nazarene College
Graduate Studies, Western Illinois University

GARY LEE NEWSOME (1980)
*Instructor in Physical Education*
B.S., 1974, Olivet Nazarene College
Graduate Study, Ohio University

BRENDA PATTERSON (1978)
*Assistant Professor of Physical Education*
B.S., 1975, Trevecca Nazarene College
M.Ed., 1977, Middle Tennessee State University

KENNETH RICHARDSON (1978)
*Instructor in Physical Education*
B.S., 1973, Olivet Nazarene College
Graduate Study, Eastern Michigan University

The physical education department offers a service program in physical education as well as professional training leading to a major. An extensive intramural and intercollegiate sports program is also sponsored by the Department.

The Department of Physical Education has as its objectives the promotion of good health practices in the lives of all students, the development of Christian character through sportsmanship and cooperative team play, the teaching of worthy use of leisure time, arousing interest and developing skills in games and recreational activities, and providing students majoring in Physical Education with the fundamental knowledge and skill required for effective service to society.

Two semester hours of health and/or physical education are required of all students. At least one of the hours must be in activity courses. Veterans may apply at the Registrar’s office for credit covering service experience in the Armed Forces. In cases in which inability is certified by the school physician, substitutions may be arranged of the same number of hours in zoology, hygiene, or first aid.

**Major**

**Option A. Teaching Major:**

33 hours

**Required:**

P.E. 149 — Careers and Concepts in Physical Education

225 — Methods of Teaching Individual Sports

352 — Tests and Measurements in Phy. Ed.

360 — Physiology of Exercise

362 — Care of Athletic Injuries

370 — Adaptive and Corrective P.E.

376 — Community Health Education

471 — Organization and Administration of P.E.

472 — Kinesiology

**An additional 6 hours selected from:**

P.E. 221 — Basketball

222 — Track and Field

223 — Baseball

224 — Football

227 — Team Sports Officiating

229 — Methods of Teaching Team Sports

367 — Methods of P.E. — Elementary

**Supporting courses:**

**Option B. Non-Teaching Major:**

36 hours.

Course work designed for those interested in YMCA, YWCA or other recreation fields.

**Required:**

P.E. 149 — Careers and Concepts in Physical Education

225 — Methods of Teaching Individual Sports

240 — First Aid

274 — Outdoor Education

362 — Care of Athletic Injuries

367 — Methods and Materials in Physical Education for the Elementary School

471 — Organization and Administration of P.E.

472 — Kinesiology

or 360 — Physiology of Exercise

**and 13 additional hours from the department, including one hour of courses selected from:**

P.E. 114 — Swimming (men)

115 — Lifesaving

116 — Scuba

130 — Swimming (women)

131 — Tennis

235 — Golf

**Supporting course required:**

Bio. Sci. 121 — General Zoology
Also recommended: Take as many activity courses as possible, P.E. 100-130, and 370 — Adaptive and Corrective P.E.

Option C. Training, Therapy
The department offers a 24 hour non-teaching major for those interested in Athletic Training or pursuing further work in the area of Physical Therapy. A fully certified program in Physical Therapy is customarily offered only with graduate work elsewhere.

Non-Teaching Major: 24 hours

Required:
P.E. 130 — Swimming (women)  
or 114 — Swimming (men) and  
115 — Lifesaving  
149 — Careers and Concepts in Physical Education  
240 — First Aid  
360 — Physiology of Exercise  
362 — Care of Athletic Injuries  
370 — Adaptive and Corrective Phy. Ed.  
472 — Kinesiology  
and five hours of electives subject to the approval of the Chairman of the P.E. Department.

Required supporting courses:
Biol. Sci. 121 — General Zoology  
245 — Human Anatomy and Physiology  
361 — Vertebrate Zoology  
Chem. 101 — Introduction to Chemistry  
or 103 — General Chemistry  
112 — Chemistry for Life Sciences  
or 114 — Chemistry for Physical Sciences  
(Eight hours of Chemistry are required.)

Strongly recommended:
A minimum of 18 hours in Psychology.  
Bio. Sci. 353 — Embryology of the Vertebrates  
Physics 111 or 201 — General Physics I  
112 or 202 — General Physics II  
Math. 131 — Integrated Algebra and Trigonometry

Non-Teaching Minor: 16 hours

Required:
P.E. 149 — Careers and Concepts in Physical Education  
Additional courses to be approved by Department Chairman.

The practicum courses consist of inservice training available upon approval by the department head under close supervision of a department faculty member. They will allow training in the areas of intramurals, physical education, recreation, athletics.

Courses

14-101 — Introduction to Physical Education. 1 hour. This course is designed to guide and help our students to a better understanding of their physical needs and thus enhance their chances of living healthy, satisfying and energetic lives.

14-102-120 — Elective Physical Education. These introductory courses are designed to teach fundamental rules and skills in individual and team activities. Each activity carries ½ hour credit. The student will normally register for two activities each semester for 1 hour credit.

102 Archery  
103 Basketball  
104 Badminton  
105 Bowling  
106 Conditioning  
107 Flag Football  
108 Golf  
109 Soccer  
110 Outdoor Recreation  
111 Softball  
112 Tennis  
113 Volleyball
114 Swimming (men)
115 Lifesaving
116 Scuba Prerequisite: 115 and instructor’s approval.
117 Bicycling
119 Personal Defense for Women

14-130 — Swimming (women). 1 hour. A course in which the student is taught swimming strokes, along with water games and activities. Not to be repeated for credit.

14-131 — Tennis. 1 hour. A course outlined for beginning players. Emphasis is placed on the development of fundamental skills.

14-141 — Personal and Community Health. 2 hours. Same as Biology 141.

14-149 — Careers and Concepts in Physical Education. 3 hours. To describe and illustrate the purposes of American physical education, the knowledge about science and society which contributes to the discipline, the career possibilities available to professionals, and responsibilities of successful physical educators.

14-199 — Varsity Sports. 1 hour. Credit shall be given for a full season of participation as an active member of an intercollegiate team such as softball, baseball, basketball, tennis, track, volleyball, football, soccer, wrestling. A maximum of two hours may be earned by this method. The standard tuition rate would be charged, or the course included in the student’s full load. The student must specifically request this credit by registering for it at the registrar’s office during the semester of participation. Credit will be granted only on the written approval of the team coach and Athletic Director.

14-221 — Basketball. 2 hours. An intensive study of the rules and problems relative to the development of successful offensive and defensive play. For P.E. majors and minors only

14-222 — Track and Field. 2 hours. The study and practice of the various coaching techniques in track skills, methods of training and conditioning, and the methods of administering track meets. For P.E. majors and minors only.

14-223 — Baseball. 2 hours. This course combines the rules and coaching techniques of baseball. For P.E. majors and minors only.

14-224 — Football. 2 hours. A study of rules, coaching techniques and problems relative to the development of successful offensive and defensive play. For P.E. majors and minors only.

14-225 — Methods of Teaching Individual Sports. 3 hours. Techniques and skills necessary for giving instructions in individual sports will be stressed.

14-226 — Training and Coaching the Woman Varsity Athlete. 2 hours. A study of the psychological and physical concepts of coaching women athletes. Concentration on specific coaching techniques, drills, strategies and training for selected sports.

14-227 — Team Sports Officiating. 3 hours. A study of techniques, team play, rules, and rule interpretation with emphasis on proper mechanics and judgment in officiating. Practical experience obtained.

14-229 — Methods of Teaching Team Sports. 2 hours. Techniques and procedures for teaching a number of selected team sports including softball, soccer, volleyball, and basketball.

14-235 — Golf. 1 hour. An activity course arranged for those who wish to develop knowledge and skill in golf play.

14-240 — First Aid. 3 hours. Procedures for determining real health needs of students, and the use of health resources in the community. Also, a standard course in first aid, using the American Red Cross text book will be conducted.

14-274 — Outdoor Education. 2 hours. A study of the approved techniques for out-of-door living and recreation with opportunity for the student to develop skills in the various areas covered.

14-352 — Tests and Measurements in Physical Education. 3 hours. The application of the principles and techniques of educational measurement to the teaching of health and physical education; study of the functions and techniques of measurement in the evaluation of student progress toward the objective of health and physical education, and in the evaluation of the effectiveness of teaching.

14-360 — Physiology of Exercise. 3 hours. Study of various systems of the human body when subjected to various degrees of physical work.

14-362 — Care of Athletic Injuries. 3 hours. A course designed to meet the needs of high school instructors and coaches in the presentation, treatment and care of injuries and techniques of taping.

14-364 — Methods in Secondary Physical Education. 2 hours. This course will deal with the methods, materials, and techniques pertinent to the teaching of Physical Education in the secondary school program. Special attention will be given to the interpretation of the developmental needs of the adolescent in terms of activity. 1 hour Laboratory. Prerequisite: P.E. 225 for men or P.E. 229 for women. Taken concurrently with Educ. 480.

14-367 — Methods and Materials in Physical Education for the Elementary School. 3 hours. This course is a recommended
option for candidates for elementary teaching certification.

14-370 — Adaptive and Corrective Physical Education. 3 hours. Exercises used as a basis for maintaining good body mechanics. Prevention of the development of postural defects.

14-376 — Community Health Education. 3 hours. A study of the measures contributing to community health. The course is designed to identify various problems of society and to instruct in methods of coping with these problems.

14-471 — Organization and Administration of Physical Education. 3 hours. A study of the aims and objectives of physical education as related to those of general education. Principles of dealing with finance, school-home relations, scheduling, eligibility, the press, maintenance, and personnel are studied.

14-472 — Kinesiology. 3 hours. Study of the human body in motion.

14-490, 14-492 — Intramural Practicum. 2 to 4 hours. A course designed to give first hand experience in the organization and administration of intramurals. In-service training involving setting up activities, advertisement of the program, setting up and conducting tournaments and officiating. A student may enroll in this course twice for a maximum of four hours; two hours each experience. Prerequisite: Application to and approval of Chairman of the Department.

14-494, 14-496 — Practicum in Physical Education, Athletics & Recreation. Designed to give the physical education major a first hand experience in the instruction of physical education, recreation, and coaching. This experience ordinarily will be preliminary to and will assist the student in his preparation for student teaching. A student with a non-teaching major may enroll in this course for in-service training to be set up at the YMCA. A student may enroll in this course twice for a maximum of four hours; two hours to be obtained in each of two clearly defined areas. Prerequisite: Application to, and approval of the Department Chairman.
Renee Michel of Minneapolis, Minnesota, receives the congratulations of Dr. Norman W. Bloom, assistant to the president, upon graduation from Olivet's Nursing Education Division. At a special ceremony commencement weekend, each nurse receives a lovely red rose and the symbolic pin. Nearly 500 students have graduated from this program since 1971.

Division of Nursing Education — 15

The philosophy of the Nursing Division includes the belief that professional nursing focuses on man and his environment for the purpose of promoting, maintaining, and/or restoring an optimum level of health. The nursing student practices in a variety of health care settings. Practicums include experience with individual and group health counseling and education, preventive care, acute and long-term care.

The purposes of the Division of Nursing are to prepare professional nurses who: (1) practice in episodic and distributive settings; (2) assume leadership in providing health care; (3) effect change and improve health care delivery; (4) accept responsibility for continuing personal and professional development; and (5) are qualified for graduate studies.

The Nursing Division has approval from the Illinois Department of Education and Registration, and is accredited by the National League for Nursing.
The nursing curriculum combines upper divisional education in nursing theory and practice with a broad liberal arts education base to prepare the graduate to practice modern professional nursing.

The four year baccalaureate nursing program at Olivet Nazarene College prepares professional nurses capable of delivering health care in distributive and episodic settings, provides a basis for increasing responsibility and leadership, and provides a foundation for graduate study and continuing personal and professional development.

For acceptance to the nursing major, all applicants must present a minimum of three semesters of college work, with at least forty-five (45) semester hours credit and a grade point average of 2.2 on a four-point (4.0) scale. All supportive courses must be completed before admission to the nursing major. No grade below “C” is acceptable in either the nursing or supportive courses.

If it becomes necessary to limit the numbers
in the nursing program, the criteria for acceptance will include grade point average, aptitude tests, personality, evidences of maturity and traits which would indicate success as a professional nurse.

Transfer students are accepted on a limited basis after all qualified prenursing students have been placed. Students wishing to transfer must have completed all the supportive courses and meet the same criteria as students who began their college work at Olivet.

Continuation in nursing is contingent upon the maintenance of a grade point average of 2.2, and personal and professional development.

Major: 52 hours

Required:
Nursing 201 — Introduction to Research
222 — Basic Concepts in Nursing
351 — Nursing of Adults
352 — Parent/Child Health Nursing
471 — Mental Health Nursing
472 — Community Health Nursing
482 — Nursing Leadership
491 — Nursing Seminar
493 — Research Seminar
494 — Independent Nursing Study

To be supported by:
Chem. 101 — Introduction to Chemistry
or 103 — General Chemistry
112 — Chemistry for the Life Sciences
Bio. 121 — General Zoology
245 — Human Anatomy and Physiology
356 — Microbiology
362 — Human Nutrition
Psych. 211 — Child Developmental Psychology
212 — Adolescent and Adult Developmental Psychology
Sociology 121 — Introductory Sociology

Degree Completion Program for Registered Nurses

Admission Policies and Procedures

Registered nurses are accepted at Olivet in the same manner as generic students and are under the same policies. It is the desire of the Division of Nursing to assist the registered nurse in the pursuit of the baccalaureate degree with a minimum of repetitive learning.

1. Application forms and credentials are submitted to the Olivet Admissions Office.
2. In addition, the applicant must submit a copy of the current nursing license to the chairperson of the Division of Nursing.
3. The American College Test is not required.
4. Application can be made to the Division of Nursing when all supporting courses have been completed with a grade of “C” or better.

Degree Requirements

128 semester hours are required for graduation with the bachelor of science degree in nursing. A candidate for the degree must take the last 30 semester hours at Olivet Nazarene College.

Methods of Achieving Credits

1. Registration at Olivet Nazarene College
(a) All courses may be taken as offered at Olivet. (b) Liberal arts and science courses may be challenged by examination (See “Proficiency Examinations in Chapter 6). Up to 28 hours of nursing courses may be challenged in addition to the above.

2. College Level Examination Program (CLEP) All CLEP credits will be accepted as stated in Chapter 6 of the Catalog. The Natural Science CLEP will not be accepted as a supportive course, but could be used as an elective.

3. Transfer Credits
Students earning credits from another college can apply for transfer of those courses. Official transcripts must be evaluated by the registrar before any credit can be accepted. All courses must have a grade of “C” or better to be transferred.

General Policies and Information

1. If science courses taken for credit are older than 5 years, the student must repeat the course or take the proficiency exam.
2. Science courses do not have to transfer hour-for-hour as long as the science core totals at least 21 hours. The generic student total is 23 hours. To make up hour deficits, the following science courses are recommended: Pharmacology, Epidemiology, Ecology, Embryology.
3. One hour of nutrition may be waived if a 3 hour nutrition course is transferred instead of a 4 hour course.
4. The student will have 6 years from the date of acceptance at Olivet in which to complete the degree. After 6 years the stu-
dent's program is subject to change if the curriculum changes.

5. The student will have 4 years from the date of the first nursing course at Olivet in which to complete the nursing major.

**Nursing Major Policies and Information**

1. While taking the Elements of Professional Nursing course, the student may proficiency up to 28 hours of nursing courses. Recommended courses to be challenged: Nursing of Adults, Parent/Child Nursing, Mental Health Nursing. It is strongly recommended that these courses not be challenged: Introduction to Research, Research Seminar, Nursing Leadership, Community Health Nursing, Independent Study, Nursing Seminar.

2. All proficiency exams must be completed to qualify for advancement into senior level nursing courses. Failure to pass a proficiency exam requires the course to be taken.

3. All registered nurses are required to take 15-223 — Elements of Professional Nursing and 15-323 — Nursing Process Applied instead of 15-222 — Basic Concepts of Nursing.

4. Placement in clinical nursing courses is contingent upon available space. Preference will be given to generic students, then to full-time RN students. However, students will be placed so that there will be no hardship in meeting completion time limits.

5. Students are required to give 4 weeks notice to the Division and appropriate instructor of intent to proficiency a course for credit. The procedure for proficiency application is stated in Chapter 6 of this catalog.

6. Nursing proficiency exams will be the PEP-ACT. Credit will be granted only on scores of the 50th percentile and above.

**Courses**

15-201 — **Introduction to Research.** 2 hours. Research is defined and explored as a process. The student is introduced to research terminology, methods and tools. The importance of research to the development of a body of knowledge and to the practice of nursing is considered.

15-222 — **Basic Concepts in Nursing.** 8 hours. Presentation of basic concepts for understanding man, health, environment and nursing. Demonstration of the nursing process as a format for the comprehension of the wellness status and beginning pathophysiology. Introduction of theoretical background and fundamental nursing skills for utilization in group discussions and clinical settings. Prerequisites: Chem. 101 or 103 and 112; Biology 121, 245, 356, 362; Psychology 211, 212; Sociology 121.

15-223 — **Elements of Professional Nursing.** 5 hours. Presentation of man, health, the environment and nursing to those with a previous background in nursing. This course will feature independent learning assignments and a weekly seminar with a faculty member. Prerequisites: Chem. 101 or 103 and 112; Biology 121, 245, 356, 362; Psych. 211, 212; Sociology 121.

15-323 — **Nursing Process Applied.** 3 hours. Provides the opportunity for clinical application of nursing concepts. The nursing process will be used as a systematic framework for providing professional nursing care. Prerequisite: Nursing 223.

15-341 — **Statistics.** 4 hours. Same as Mathematics 341.

15-351 — **Nursing of Adults.** 10 hours. A study of the care of the adult having major problems arising from pathophysiological concepts. It emphasizes the nursing process of assessing, planning, implementing and evaluating to assist individuals and families in adapting to health changes. Prerequisite: Nursing 222.

15-352 — **Parent/Child Health Nursing.** 10 hours. Parent/Child Health Nursing is a study of the application of the nursing process to the life tasks of child-bearing and child rearing. The psychosocial and physiologic processes inherent in the addition of a family member and growth and development of the child are explored. Focus is placed on nursing intervention in the promotion, maintenance, and restoration of health to the group and each group member during child-bearing and child rearing. Prerequisite: Nursing 222.

15-471 — **Mental Health Nursing.** 6 hours. Mental Health Nursing emphasizes the nursing process in relation to promoting, maintaining, and/or restoring optimum levels of personality development and behavioral adaptation for the client. Wholesome personality development, as well as maladaptive behaviors are considered in depth. Knowledge and understandings learned in the previous nursing and supportive courses will be emphasized and expanded. Prerequisites: 351, 352.

15-472 — **Community Health Nursing.** 6 hours. This course focuses on health promotion, prevention of illness and health maintenance. Students participate in nursing care in such varied
community settings as the home, school, industry, and out-patient clinics. The influence of the family and the effects of environment upon health are analyzed. A geographic area is studied as an example of community efforts to provide health care services. The importance of the consumer in planning and evaluating health care, and in participating in self-care is stressed. The use of a car is required for this course. Prerequisites: Nurs. 351, 352.

15-482 — Nursing Leadership. 3 hours. Study of principles of leadership as utilized by the professional nurse. The nursing leadership process, group theory, and principles of communication are analyzed and related research is incorporated. Clinical experiences provide an opportunity to collaborate with health team members in utilizing the nursing process to provide care for a group of clients. Prerequisite: Nursing 351, 352.

15-491 — Nursing Seminar. 2 hours. Provides a forum for exploration and discussion of issues and trends affecting nursing, from historical and current viewpoints. The focus is on areas of concern for nursing as a profession, nursing practice, and nursing education. Research and legislation affecting these issues is reviewed. The concept of role transition from student to practitioner is discussed and opportunities for continued professional growth are explored. Prerequisite: Nursing 351, 352.

15-493 — Research Seminar. 2 hours. The major objective of the course is for the student to select a problem, plan the research, including the construction of a data gathering device, collect and analyze the data, draw conclusions, and prepare a research report. An emphasis is the importance of the study of nursing, i.e., patient education, standards, service. Prerequisite: Nursing 351, 352.

15-494 — Independent Nursing Study. 3 hours. The purpose of this course is to provide an opportunity for the senior level student to select an area of interest, and to develop and operationalize a plan for independent study. Learning experiences are individually arranged in health care settings selected by the student. Prerequisite: Nursing 351, 352.

An important step in the nursing program comes in the spring of the sophomore year when students have successfully completed the courses of the first three semesters. In this ceremony they dedicate themselves to the high values and purposes of the nursing profession, and to a Christian concern for the patients they will serve.
Prof. Harvey Collins, head of the Department of Art, painted this backdrop for a faculty-staff dinner at the beginning of the school year. He has created several outstanding murals of Christian symbols, including one at the Kelley Prayer Chapel and one at St. Mary's Hospital in Kankakee.

Division of Fine Arts

Fine Arts – 21
Art – 22
Applied Music – 23
Church Music – 24
Music Education – 25
Music Literature – 26
Music Theory – 27

Harlow Hopkins, Chairman

The Division includes the Departments of Art and Music. The objectives of the Division of Fine Arts are twofold. Realizing that a knowledge of the fine arts is a vital part of any liberal education, the Division attempts (1) to develop an intelligent appreciation of, and desire for, the arts that will be lasting value in the life of every student; and (2) to prepare those professionally interested in the area of music.
Fine Arts — 21

21-101 — Introduction to Fine Arts. 3 hours. A general education course designed to give the student an understanding of the basic structural similarities in the aural art of music and the visual arts of painting, sculpture, architecture.

21-177, 21-178, 21-377, 21-378 — Radio Workshop. 1 hour each semester. A study of the equipment and materials used in broadcasting, including the operation of control room equipment (mixing panel, record turntables, tape machines, etc.) and the writing and delivery of material for broadcasts of a sacred and secular nature: commercials, newscasts, and devotional programs.

Art — 22

HARVEY A. COLLINS (1953)  
Associate Professor of Fine Arts;  
Chairman of Department  
B.F.A., 1951, University of Florida  
M.F.A., 1952, University of Florida

JAMES THOMPSON (1979)  
Assistant Professor of Art  
B.A., 1969, Pasadena College  
M.A., 1976, California State University

The courses offered by the Department of Art are aimed at developing greater appreciation and enjoyment of art for all students. An emphasis is placed on the appreciation of past and current art works and on the development of the visual awareness of the student. A variety of courses provides a strong art program.

Teaching Major: 33 hours

Required:
Art 103 — Drawing I  
104 — Drawing II  
105 — Crafts  
111 — Textile Design  
173 — Creative Photography  
221 — Ceramics  
223 — Design I  
224 — Graphics I  
231 — Painting I  
241 — Sculpturing  
305 — Creative Crafts  
324 — Graphics II  
371 — History of Western Art  
471 — History of Modern Art

To be supported by the professional education sequence including Art 465, Art Methods for the Classroom (2 hours).

The Art Teaching Major was initiated in 1979-80. Approval by the Illinois Office of Education is pending.

Non-Teaching Major: 34 hours

Required:
Art 103 — Drawing I  
104 — Drawing II  
105 — Crafts  
111 — Textile Design  
173 — Creative Photography  
221 — Ceramics  
223 — Design I  
224 — Graphics I  
231 — Painting I  
241 — Sculpturing

In addition, students must complete one of the following options:

Option A — Three Dimensional
Art 222 — Ceramic Studio II  
305 — Creative Crafts  
371 — History of Western Art  
471 — History of Modern Art

Option B — Two Dimensional
Art 232 — Painting Studio II  
324 — Graphics II  
356 — Advanced Painting  
371 — History of Western Art  
471 — History of Modern Art

Minor: 20 hours

Required:
Art 103 — Drawing Studio I  
105 — Crafts Studio for Elementary Teachers  
221, 222 — Ceramic Studio  
231 — Painting Studio  
Art History, one course

Two hours of Intro. to Fine Arts 101 may be included for credit on the minor.

Teaching Minor: 24 hours

Including the same courses stipulated for the non-teaching minor.

Courses

22-103 — Drawing Studio I. 2 hours. A basic course in fundamentals of drawing and
composition. An experimental course using a variety of media in the study of line, value, and form.

22-104 — Drawing Studio II. 2 hours. A continuation of experimental drawing. A study of perspective and the use of water color and ink.

22-105 — Crafts Studio for Elementary Teachers. 2 hours. A course in elementary crafts with experimentation in a variety of projects including clay, stitchery, paper mache and wood sculpture. Emphasis on three-dimensional materials.

22-111 — Textile Design. 3 hours. Same as Home Economics 111.

22-173 — Creative Photography. 2 hours. The essentials of handling a camera, developing black and white film, making prints and enlargements to produce a creative image. Special emphasis is given to composition and impact of photographic images.

22-221 — Ceramic Studio I. 3 hours. Experiments in the basic hand building methods in pottery. A development of skills in preparing clay, mixing glaze, and firing the kiln.

22-222 — Ceramic Studio II. 3 hours. A continuation of experiments in hand built pottery. Work in sculpture and a development of skills in throwing on the wheel.

22-223 — Design Studio I. 2 hours. A basic course in the fundamentals of the visual arts. Experiments in line drawing and black and white paper designs. A choice of individual design problem.

22-224 — Graphics Studio I. 2 hours. A laboratory course investigating the making of visual images in the various graphic processes of etching, lithography, linoleum and wood-block printing. Emphasis would be placed upon creativity and exploration.

22-231 — Painting Studio I. 2 hours. A beginning course for all persons interested in the use of oil paints. Studies in still life, landscapes, and portrait work.

22-232 — Painting Studio II. 2 hours. A continuation in the study of oil techniques. Experience in the use of acrylics and water colors. Emphasis on composition. Prerequisite: Painting Studio I.

22-241 — Sculpturing. 2 hours. The course is designed to give the student a broad range in three-dimensional compositions. The student will have experience in working with stone, wood, metal, ceramics, plastics, discarded materials, etc. Emphasis in good design is stressed.

22-251 — Commercial Art. 2 hours. This course includes basic letter design by steel pen, brush, paper cutting and stencil; newspaper and advertising layout; study of positive and negative shapes; properties and use of color; fashion illustration; and techniques of creating commercial art.

22-305 — Creative Crafts. 3 hours. A studio course involving the student in the areas of weaving fabrics, batik and tie-dyeing, macrame, origami and creative candle-making.

22-324 — Graphics Studio II. 2 hours. A laboratory course emphasizing contemporary print-making techniques of metal and plastic etching, silkscreen, lithography, and wood-block. Graphics Studio 224 is a prerequisite.

22-356 — Advanced Painting. 2 hours. Emphasis is placed on in-depth exploration and development of painting ideas. The student is encouraged toward independent work and participation in studio critiques and seminars.

22-365 — Art Activities for the Elementary School. 2 hours. Same as Educ. 365.

22-371 — History of Western Art. 3 hours. A study of the plastic and pictorial expression of art in the western world.

22-465 — Art Methods for the Classroom. 2 hours. A laboratory-classroom course stressing the correlation between Art and other subject areas of the school curriculum. Modern and innovative techniques and media will be explored including t.v., music and visual media. Taken concurrently with Educ. 480.

22-471 — History of Modern Art. 3 hours. A survey course of the visual arts from the late 19th Century up to the present time. Areas to be explored are Impressionism, Dadaism, Expressionism, Abstraction, Op and Pop Art, and Contemporary American Visual Art. Field trips to the Art Institute in Chicago will play an important role in the course.
The Concert Band is directed by Dr. Harlow Hopkins.

Music Department

HARLOW E. HOPKINS (1954)
Professor of Music Education;
Chairman of Division of Fine Arts and
Department of Music
B.S. Mus. Ed., 1953, Olivet Nazarene
College
M.S. Mus. Ed., 1956, American
Conservatory of Music
Mus.D., 1974, Indiana University
University of Illinois
Pupil of Keith Stein, Austin McDowell,
Jerome Stowell, Robert McGinnis
and Earl Bates

MATTHEW AIRHART (1978)
Assistant Professor of Music
B.A., 1975, Whitman College
M.Mus., 1976, Northwestern University

GERALD ANDERSON (1978)
Assistant Professor of Music
B.S., 1973, Bethany Nazarene College
B.Mus., 1975, Texas Tech. University
M.Mus., 1977, Texas Tech. University

D. GEORGE DUNBAR (1969)
Professor of Music
B.S., Ch.Mus., 1958, Olivet Nazarene
College
B.S., Mus. Ed., 1959, Olivet Nazarene
College
M.M., 1960, University of Illinois
D.M.A., 1970, University of Southern
California

ALICE EDWARDS (1971)
Assistant Professor of Piano
B.Mus., 1969, University of Oklahoma
M.Mus., 1971, University of Michigan

RUTH MARIE EIMER (1975)
Assistant Professor of Music
B.S., 1969, Olivet Nazarene College
M. Mus. Ed., 1977, University of Illinois

MARLA RUTH KENSEY (1979)
Assistant Professor of Music
B.S. Mus. Ed., 1974, Olivet Nazarene
College
M.Mus., 1979, American Conservatory of
Music, Pupil of Donna Harrison
American Institute of Musical Studies,
Graz, Austria

IRVING LOWELL KRANICH (1959)
Assistant Professor of Voice
B.S. Mus. Ed., 1954, Olivet Nazarene
College
M.Mus., 1961, American Conservatory of
Music
Advanced Certificate of Music Education,
1969, University of Illinois
University of Michigan, University of
Washington, Northwestern University

WANDA KRANICH (1959)
Assistant Professor of Organ and
Music Theory
B.Mus., 1947 and 1949, Olivet Nazarene
College
M.Mus., 1951, American Conservatory of
Music
Northwestern University
Master Classes in church music,
Evergreen, Colorado, Valparaiso
University
University of Illinois

TIMOTHY NELSON (1976)
Assistant Professor of Music
B.A., 1974, Taylor University
M.Mus., 1976, University of Illinois
Associate Certificate — American Guild
of Organists
JOE M. NOBLE (1976)
Assistant Professor of Music
B.A., 1956, Luther College
M.A., 1962, University of Iowa
Northwestern University

MARCUS VANAMERINGEN (1980)
Instructor in Music
B.A., 1975, University of Auckland
M.R.E., 1979, Nazarene Theological Seminary
M.Mus., 1980, University of Missouri in Kansas City

OVID W. YOUNG (1965)
Special Lecturer in Music
B.S. Mus. Ed., 1962, Olivet Nazarene College
M.S. Mus. Ed., 1965, Roosevelt University

The aim of the Music Department is to provide instruction in certain branches of music, so that (1) students may become Christian men and women of highest ideals and usefulness as performers, teachers, church organists, and ministers of music; and (2) students from other divisions of the college, and unclassified students may pursue courses towards a minor, or for elective credit.

General Regulations

The Chairman of the Department shall determine which students shall enroll with each teacher, such enrollment being based primarily upon the needs of the students and the field of specialization of the teacher.

Students who desire collegiate standing or advanced credit in applied music must be prepared to play or sing two or three solo works from standard repertoire before members of the music faculty. Memorization is recommended.

Transferred work in applied music and theory will receive credit subject to examination or to satisfactory study in courses of similar content or in sequence in Olivet Nazarene College. Work taken under private teachers or from unaccredited schools may be validated for credit by the student's passing proficiency examinations.

No student is allowed to study music with a teacher not on the staff of the Department of Music, nor to belong to a musical organization on or off campus, without permission from the Chairman of the Division of Fine Arts. Applied music students should not make public appearances without consent of the applied instructor.

Applied music students must practice regularly as follows:

Class piano students, a minimum of five hours per week.
Class voice students, a minimum of four hours per week.
Private students of piano, voice, organ and all other instruments, a minimum of six hours for every half hour lesson per week.

A course in applied music will be regarded as failed if the student has not fulfilled the required number of lessons during the semester, viz., thirteen lessons. The instructor is not responsible for the make up of lessons missed by the student except when a bona fide reason for the absence is presented.

Music Majors are required to attend 12 concerts and/or recitals per semester while music minors and all others studying applied music are required to attend 6 concerts per semester. Failure to meet this requirement will cause the final applied semester grade to be lowered.

Six semesters of Choral Union are required for Music Education, Church Music and Music Performance majors. Three semesters of Choral Union are required for Music minors. Exceptions will be made for persons who play in the orchestra when Choral Union is performing.

Because of the importance of a knowledge of music theory and the wide variance noted in the background in this area in the pre-college studies of music students, all declared music majors will be required to take a placement examination in order to qualify to enter courses in Theory.

Similar importance is placed on the ability of a student majoring in music to play a keyboard instrument. The student who wishes to concentrate in voice or an instrument other than piano or organ should plan to have the keyboard requirement completed by the end of the sophomore year.

Keyboard work must be carried concurrently with theory courses (Mus. 192, 193, 292, 293) unless the student has had several years of serious keyboard study prior to entrance at Olivet. No student majoring in Music Education will be permitted to do student teaching until completing the equivalent of Piano 107, either privately or in class.
All music majors are required to participate in (1) a senior recital that includes music from the major style periods, or (2) complete a senior project in music education that is equivalent in time and effort to the recital. All such projects must be approved in advance by the Chairman of the Department in cooperation with the faculty specialist in music education.

The progress of each student in his major applied area will be noted at the end of the second year of study and a judgment rendered at that examination as to his readiness to proceed into the third year. Eight hours of Upper Division (300 and 400 level) credit are required for graduation, with the exception of the Combination Major in Church Music and Christian Education.

Questions concerning entrance requirements and general regulations should be addressed to the Chairman of the Department of Music.

Curricula Offered

Music Education. It is the objective of the Department of Music to provide training and experiences to properly qualify students for positions as teachers or supervisors of music in the public schools. The program exceeds the requirements of the State Board of Education and of the Illinois Limited State Special Certificate which qualifies the holder to teach and supervise music in grades 1-12.

Church and Choral Music. For students who expect to be church musicians, the Department offers a program intended to give a comprehensive and thorough technical training along with the deeply spiritual emphasis of the college.

Believing that spiritual fervency and technical proficiency can be combined, Olivet presents a church music program which will enable the graduate to take his place in church music circles with effectiveness.

A combined major in Church Music and Christian Education is also available. The required courses are listed in the Christian Education Department.

The curriculum is designed primarily for the church choir director, church organist, the organist and choirmaster, the church soloist, and the music evangelist who desires extensive training that he might give the best possible service to the church.

A secondary aim is to prepare students for participation in church services as pianists, organists, and song leaders.

Performance Major. This degree is offered for the outstanding student already displaying a high calibre of attainment, who is pursuing work in solo and ensemble performance, accompanying, and college or private teaching. Students wishing to teach in the public schools should choose the Music Education curriculum.

Admission to this major is by audition only. Auditions should include pieces which are representative of the various historical periods in music. Memorization is expected.

Teaching Major (Music Education) A.B. or B.S.: 60-65 hours

Required:

Music 190 — Intro. to Music Literature
192, 193 — Music Theory
275 — Elementary Conducting
292, 293 — Music Theory
370 — Voice Literature and Pedagogy
390, 391 — History and Literature of Music
494 — Instrumentation
495 or 496 — Senior Recital or Project

Three of these methods courses:

180 — Percussion Instrument Class
280 — String Instrument Class
380 — Woodwind Instrument Class
381 — Brass Instrument Class

Applied Music Concentration 15 hours minimum in organ, piano, voice, string, woodwind, brass or percussion instrument. Preparatory applied course credit does not count toward this 15 hour requirement. The student must also have a minimum of 2 hours in voice (if not a voice major) and a minimum of 4 hours of piano (if not a piano or organ major), and must satisfactorily complete the equivalent of Piano 107, either privately or in class, before Student Teaching can begin.

Non-keyboard majors possessing adequate skills to pass the piano proficiency exam (Piano 107) may meet the four-hour requirements by taking piano and/or organ. Successful completion of Piano 107 will fulfill the piano proficiency requirement should the student elect to take the course instead of the piano proficiency exam.
Controlled Electives:
Ensemble(s), 4 hours;
378 — Choral Literature & Conducting
or 481 — Instrumental Lit. and Conducting.

Supported by the Professional Education Sequence in Chapter 7 . . . . 21-26 hours

Since the curriculum in music education has very few electives, students are advised that at least one summer session in addition to the regular eight semesters may be required to complete the degree in this field.

Non-Teaching Major (Church and Choral Music) A.B. or B.S.: 71 Hours

Required:
Music 190 — Intro. to Music Literature
192, 193 — Music Theory
275 — Elementary Conducting
292, 293 — Music Theory
377 — Music in Worship
379 — Music in the Church Service
390, 391 — History and Literature of Music
478 — History of Church Music
479 — Seminar in Church Music
494 — Instrumentation

Six hours chosen from the following:
378 — Choral Literature and Conducting,
454 — Secondary Music Methods,
462 — Elementary School Music Methods,
481 — Instrumental Literature and Conducting
Ensemble ............................. 4 hours

For Church and Choral Music majors the applied concentration must be a minimum of 20 hours in voice or organ. At least 4 additional hours of applied music is required (to be recommended by counselor).

Combined major with 46 hours of Music and 23 hours of Christian Education. See the Department of Christian Education for full description of requirements. A.B., B.S.

Teaching Minor: 24 Hours

Required
Music 192, 193 — Music Theory
275 — Elementary Conducting
454 — Secondary Music Methods

8 hours of applied music and 2 hours chosen from
Music 178-388 Music Ensembles
190 — Introduction to Music Literature

Minor: 16 Hours
(Courses to be approved by the Chairman of the Division of Fine Arts)

Performance Major (A.B. or B.S.): 68-70 Hours

Required:
Major instrument .......................... 32
Pedagogy and Literature ....... 2-4 hours
Junior Recital ............................. 1 hour
Senior Recital ............................. 1 hour
Theory 192, 193, 292, 293 . . . . . 16 hours
Literature 190, 390, 391 . . . . . . . 8 hours
Conducting 275 ............................. 2 hours
Controlled Electives . . . . . . . . 4 hours
(Mus. 392, 393, 378, 481 or Secondary Applied)
Ensemble ................................. 2 hours
French or German required for voice majors.

Applied Music — 23

A concentration of applied music is required of all majors in music. A placement hearing is required prior to registration for any applied music course. Registration is to be initiated in Goodwin Hall Music Offices.

Keyboard Instruments

23-100, 23-101, — Preparatory Organ.
1 hour. For the student who does not wish to major in organ, or who has insufficient piano background to begin study on the collegiate level. Piano foundation in scales, simple classical pieces and hymns is required. Organ 100 includes fundamentals of organ technique, major scales on pedals, hymn arrangements, and easier pieces for service playing. Emphasis upon Richard Enright instruction book and Master Studies. To enter the four-year course with an applied major in organ, the student should have completed sufficient piano study to play the easier Bach Inventions, Beethoven sonatas and some contemporary literature and Mus. 101.

Instruction books include the Harold Gleason, Richard Enright, and Marcel Dupre methods. Nilson pedal studies, major and minor pedal
scales, J.S. Bach's Liturgical Year, and Eight Little Preludes and Fugues, Mendelssohn sonatas, contemporary compositions, basic instruction on the Schulmerich carillons. The student is expected to appear on a recital, play in chapel occasionally, and be able to play hymns and church service music. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Organ 101.

**23-302, 23-303, 23-402, 23-403 — Organ.** J.S. Bach: Larger Preludes and Fugues, Toccata, Fantasias, selections from Trio Sonatas, or Schubler Chorales. Compositions by Franck, Karg-Elert, Vierne, Langlais, Alain, Messiaen, etc. (Student should be able to do some transposing, modulating, score reading, accompanying, and improvising.) **2 hours each semester**, with an examination before a committee.

**23-104, 23-105, 23-106, 23-107 — Preparatory Piano. 1 hour each semester.** Class piano instruction. Development of general technical principles; sight reading; pedal technique; scale technic; playing the principal chords in all keys, and harmonization of simple melodies using these chords; transposition and score reading; playing by ear; playing of folk songs and hymns. Preference for admission to the 12-piano lab is given to students for whom the course is required.

**23-108, 23-109, 23-208, 23-209 — Piano.** Private instruction dealing with the less difficult compositions from the Beroque, Classical, Romantic, and Twentieth Century periods. Instruction will be given in technique, sight reading, transposition, accompanying, and ensemble playing. Each student must pass a playing exam at the end of the semester which will include technique and memorized repertoire. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Piano 107 or permission of instructor.

**23-308, 23-309, 23-408, 23-409 — Piano. 2 hours each semester.** Continued private instruction. The student should cultivate a well-balanced repertoire comprising compositions of baroque, classic, romantic, and modern composers. The senior recital is usually performed during the student's enrollment in Piano 409. Performance majors: see Recitals. A playing exam is required at the end of each semester.

**String and Percussion Instruments**

**23-110, 23-111 — Preparatory Violin. 1 hour each semester.** Fundamentals of violin technic. Major and minor scales. Technical development through the first positions. Solo pieces, easy concertos and sonatas.

**23-112, 23-113, 23-212, 23-213 — Violin. Major and minor scales; studies of Kreutzer, Mazas, Dont, and Sevcik; sonatas by Corelli, Tartini, Handel, LeClair; concertos by Accolay, Rode, and Beriot; program pieces of corresponding difficulty. An examination is required each semester. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Violin 111.

**23-312, 23-313, 23-412, 23-413 — Violin. 2 hours each semester.** Student should show an adequate technical grounding in scales, bowing and phrasing to perform sonatas by Mozart, Beethoven, and Grieg, concertos by Mozart, Bruch or Mendelssohn; solo pieces of equal difficulty.

**23-120, 23-121, 23-220, 23-221 — Violoncello.** Duport and Kreutzer Etudes; Popper. High School Etudes Books I and II, Romberg Concerto No. 4; Grutzmacher Hungarian Phantasie; Goltermann Concerto in A minor; Corelli Sonata in D minor; Sommartini Sonata in G Major; Franchomme Caprices; Bach Suite in G Major; Popper Hungarian Rhapsody; D'Albert, Saint-Saens Concertos; Boellmann Variations; pieces from standard concert repertoire. An examination is required each semester. **2 hours each semester**, or until qualified to pass the qualifying examination for upper division standing.

**23-166, 23-167 — Preparatory Percussion. 1 hour each semester.** Proper gripping of sticks and mallets for technical development and control through standard rudiments, scales, melodies, articulation, intervals and tuning will be emphasized. Literature and methods will include: Stone, Magadini, Lepak/Friese and Goldenberg.

**23-168, 23-169, 23-268, 23-269 — Percussion. 2 hours each semester.** Studies by Goldenberg, Musser, Stone, Morales, Chapin, Goodman, Morello and Abel will be utilized. Emphasis will be placed on reading and interpretational skills for Snare drum, Timpani, Xylophone, Marimba, Multi-Percussion, Vibraphone, Drum Set, Latin Percussion and Accessories. Will also include study in the proper playing of Cymbals and Gongs. Study of solo, orchestral and ensemble literature of major periods in music will include Twentieth Century works. Timpani study will include music for two, three, four and five kettledrums. Marimba study will include four octaves, major and minor scales, arpeggios, and broken chords, and stress proper sticking, grips, and a high level of control with two, three, and four mallets. Attention will be given to sight reading for all instruments. Prerequisite: Percussion 167.

**Voice**

**23-170, 23-171 — Preparatory Voice. 1 hour.** Class study incorporating "Fundamentals of Voice Building," Larsen; "Expressive Singing," Christy; and supplementary lectures. Vocalises
such as Thirty-six Vocalises, Sieber; diaphragmatic breathing; intonation, vowel and consonant formation; sight reading; scales; hymns; the simpler English and American songs. An examination is required each semester.

Entrance requirements for majors: To enter the four-year course in voice the student should have completed the equivalent of Voice 171.

23-172, 23-173, 23-272, 23-273 — Voice. Elements of voice culture; correct breath management; throat freedom through correct approach to vowels and consonants; rhythm, intervals, scales, arpeggios; stage deportment; Sieber, Vaccai; songs in English and Italian, German Lieder and classical arias. An examination is required each semester. 2 hours each semester, or until able to pass the qualifying examination for upper division standing. Prerequisite: Voice 171.

23-174, 23-175 — Class instruction. 2 hours each semester. Course work same as described in previous paragraph for 172, 173, 272, 273.

23-372, 23-373, 23-472, 23-473 — Voice. Continued technical development, the sustained tone of Italian bel canto, ornamentation, the laws of interpretation, tone color; correct pronunciation, enunciation and articulation; advanced vocalises such as Panofka and Marchesi; operatic and oratorio recitatives and arias; modern Italian, German, French, English and American songs. 2 hours each semester, and until approved for senior recital. The candidate for graduation must present a recital of literature of the major periods, in the original language, showing in understanding of the various contrasting styles.

Woodwind Instruments

Entrance requirements for majors: To enter the four-year course in clarinet the student should have completed the equivalent of Music 135.

23-136, 23-137, 23-236, 23-237 — Clarinet. Rose: Forty Studies; Langenus: Virtuoso Studies and Scale Studies. Solos such as Weber's Concertino, Fantasy and Rondo. 2 hours each semester, or until able to pass the qualifying examination for upper division standing. Prerequisite: Clarinet 135.

23-126, 23-127 — Preparatory Flute. 1 hour each semester. Long tones, major and minor scales, simple to difficult articulations. Hickok, Flute Fun. Chromatic scales, broken arpeggios. Wagner, Foundation to Flute Playing; Easy solos such as: Hahn, Transcriptions for flute; Popp-Sousman, Method for Flute; Marquarre, Studies; Kohler, Etudes I and II. Sonatas by Handel.

23-150, 23-151 — Preparatory Trumpet. 1 hour each semester. Basic embouchure, breath control, tonguing, slur, dynamics, development of a two octave range, alternate fingerings, scales. Arpeggios, phrasing; simple melodies through more advanced solos.

Entrance requirement for majors: To enter the four-year course in trumpet the student should have completed the equivalent of Music 151.

for performance according to above requirements. Scales to be played 1, 2 or 3 octaves, as the compass of the instrument will permit. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Trumpet 151.

**23-352, 23-353, 23-452, 23-453 — Trumpet. 2 hours each semester.** Arban, St. Jacome's. Major scales 4/4 quarter = 96 in 16th notes. Minor scales 4/4 quarter = 50 in 16th notes. Arpeggios and broken chords at 100 in quarter note as in Arban. Intro. to Williams Transposition Studies. Single, double, and triple tonguing intensified study. Arban Characteristic Etudes. Amsden and Arban Duets. Suggested solos: Introduction and Scherzo, Goyens: Lides of Schumann, Brahms, Schubert. 1 solo each from classical and later repertoires memorized each semester. Scales will be requested by the examiners as per above requirements. Scales to be played on 2, or 3 octaves, as the compass of the instrument will permit.

**23-154, 23-155 — Preparatory Trombone. 1 hour each semester.** Intro. to the technique and basic fundamentals of trombone playing. Muller, Arban Edwards-Honey, Clarke Methods, Buchtel, 1st Book of Trombone Solos. Studies by Cimera and Honey. Supplementary studies by Endresen. All scales, arpeggios, broken chords. Solo repertoire to include: Giordani, Caro Mio Ben; Tchaikowsky, Valse Melancholique, Donizetti, Valse Melancholique, Donizetti, Romance.

**Entrance requirements for majors:** To enter the four-year course in trombone the student should have completed the equivalent of Music 155.

**23-156, 23-157, 23-256, 23-257 — Trombone. 2 hours each semester.** Arban, Endresen, and Cimera studies; special studies for legato, articulation, flexibility, and control. Solos recommended: Chords, Concert Fantasie; Solo de Concours, Croce and Spinelli; Martin, Elegie; Bohme, Liebeslied. Scales to be played 1, 2 or 3 octaves, as the compass of the instrument will permit, or until able to pass the qualifying examination for upper division standing. Prerequisite: Trombone 155.

**23-356, 23-357, 23-456, 23-457 — Trombone. 2 hours each semester.** Arban, Book II. Kopprasch, Book I. Studies in transposition and clef reading. Solos such as Rousseau, Piece Concertante; Blazencich, Concert Piece, No. 5; Grote, Grande Concerto.

**23-146, 23-147 — Preparatory Horn. 1 hour each semester.** Basic fundamentals of embouchure, tone, breathing, use of tongue, and articulation. Pottag-Honey method for Horn. Primary studies for horn, including solos, duets and trios, Homer. All scales and arpeggios; double tonguing; muting; transposition. Concone vocalises. Horner studies. Solos by Kaufman, Boyd, Gounod and Brahms. Kopprasch, Book I. Entrance requirements for majors: To enter the four-year course in horn the student should have completed the equivalent of Music 147.

**23-148, 23-149, 23-248, 23-249 — Horn. 2 hours each semester** or until able to pass the qualifying examination for upper division standing. Kopprasch studies, Book II. Special studies for flexibility, range, sonority, attack and control. Transportation, clef reading and muting. Solos such as Wiedeman, Nocturne; Mendelssohn, Nocturne from Midsummer Night's Dream; Bloch, Chant d'Amour; Beethoven, Adagio Cantabile. Prerequisite: Music 147.

**23-348, 23-349, 23-448, 23-449 — Horn. 2 hours each semester.** Horn passages from Orchestral works. Pottag; Mozart, Concerto for Horn in D Major, No. 1; Haleny-Gault, Romance from L'Eclaire; Mozart Concerto No. 3 in E-flat; Strauss, Concerto for Horn, Op. 11. Execution of lip trill; double and triple tonguing. Schantl, Book IV or equivalent.

**Recitals**

**23-395 — Junior Recital. 1 hour.** A well-balanced program of representative works from the baroque, classical, romantic, and modern repertoire to be performed in public by memory. A minimum of one hour duration. For performance majors only.

**23-495 — Senior Recital. 1 hour.** A program similar in nature to the junior recital but demonstrating a broader grasp of repertoire and technique. A minimum of one hour duration. For performance majors only.

**23-496 — Senior Project. 1 hour.** In lieu of a Senior Recital a student may elect to do a project. It should represent a similar commitment of time and effort as the Senior Recital. Students interested in this option should begin by discussing the project with the department chairman. Approval of the music faculty is required. Therefore, students should begin work on the project early in the senior year.

**Church Music — 24**

**24-275 — Elementary Conducting. 2 hours.** Fundamental technic of the baton; chord and instrumental music conducted in laboratory situation. For music majors and minors.

**24-276 — Elementary Conducting. 2 hours.** The conducting of assembly singing and hymns. For non-music majors and minors.
Music

24-377 — Music in Worship. 2 hours. The functions of music in Christian worship; problems in church music administration; study of forms of service of the various Christian churches, with emphasis upon the place of hymns in worship. A brief historical survey of the development of hymnology and a thorough analysis of the Nazarene Hymnal.

24-378 — Choral Literature and Conducting. 2 hours. History of the English anthem from the reformation to the present, with special emphasis upon Tudor style and literature. A study of the development of the cantata and oratorio forms, with special emphasis given to representative works from various periods. Prerequisite: Music 275.

24-379 — Music in the Church Service. 2 hours. The selection of organ, choir and hymn repertoire appropriate to the church season. The study and practice of methods to attain unity in the church service.

24-477 — Hymnology. 2 hours. The content of Christian faith as expressed in its hymns, and the nature and significance of the hymn tunes.

24-478 — History of Church Music. 2 hours. The development of the music and liturgy of the church from ancient times to the present, with emphasis upon organ, choir, and congregational music.

24-479 — Seminar in Church Music. 2 hours. Development of an approved project on some phase of church music, such as hymnology, liturgy, choral music, organ literature, or philosophy of church music.

Music Education — 25

25-180 — Percussion Instrument Class. 1 hour. Study and development of fundamental skills needed for teaching percussion in a school setting. Time is provided for projects in writing for total percussion, stressing the use of orchestral percussion, their acoustical features and standard usage of the total family of percussion instruments with concentration given to Snare drum, Marimba, Timpani, Latin Percussion, Marching Percussion, and accessories. Taken concurrently with Educ. 380.

25-281 — Marching Band Techniques. 1 hour. This course is to give students background in the planning, charting, and executing of pre-game and half-time marching band routines, including marching band philosophy, equipment needed, scheduling rehearsals, and plans for working with flag corps, majorettes, rifle team and drum major. Recommended for secondary music education majors.

25-360 — Instrumental Activities for the Elementary School. 1 hour. An introductory course for the general elementary education major. It is an activities approach to music fundamentals in which beginning concepts of playing the piano, autoharp and recorder will be stressed. Skills will include playing the piano to teach oneself children's song literature, playing the autoharp as an accompaniment instrument for the classroom, and playing familiar tunes on the recorder.

25-366 — Music Activities for the Elementary School. 2 hours. An introductory course for general elementary education majors. It is an activities approach to music education stressing singing, playing, listening, creating, and moving, with a special unit on music fundamentals.

25-381 — Brass Instrument Class. 2 hours. A study of the fundamental theory of brass instruments and correct embouchure. The development of the ability to play one brass instrument acceptably, and a familiarity with the special technics of the other instruments. Taken concurrently with Educ. 380.

25-454 — Secondary Music Methods. 2 hours. A study in the philosophy, objectives, materials, and methods of presenting the music program in the secondary schools. Attention will be given to the instrumental, choral, and general music program. Prerequisite: Educ. 249, 250 — Ed. and Developmental Psychology. Taken concurrently with Educ. 480.

25-462 — Elementary School Music Methods. 2 hours. An orientation course to assist the student in formulating a philosophy of music education and to acquaint him with current materials and practices in elementary school music teaching. For music majors. Prerequisite: Educ. 249, 250 — Ed. and Developmental Psychology. Taken concurrently with Educ. 480.

25-481 — Instrumental Literature and Conducting. 2 hours. Organization and development of the school orchestra and band with study of the literature and advanced principles of conducting for school use. Students will be
given actual experiences in conducting assigned selections with the orchestra and band. Prerequisite: Music 275. Taken concurrently with Educ. 380.

25-485 – Supervised Student Teaching – all grades (music). 8-12 hours. Experience, observation, participation, and teaching in kindergarten to 12th grades.

Music Literature and History – 26

26-178 – 188, 378-388 – Ensemble. The music department has nine ensembles in which students of any department may participate after qualifying by try-out. Four semester hours of credit may be counted toward any degree. Music majors are expected to participate in at least one ensemble each semester.

Six semesters of Choral Union are required for Music Education, Church Music and Music Performance majors. Three semesters of Choral Union are required for Music minors. Exceptions will be made for persons who play in the orchestra when Choral Union is performing.

Freshmen and sophomores will enroll in the ensemble course under the 26-178-188 series of numbers. Juniors and seniors will enroll under the upper division numbers 26-378-388.

Choral Union, Brass Choir Concert Singers and Handbell Choir are ¼ hour credit each semester. The others are ½ hour credit each semester.

26-178, 26-378 – Brass Consort
26-179, 26-379 – Stage Band
26-181, 26-381 – College Orchestra
26-182, 26-382 – Concert Singers
26-183, 26-383 – Choral Union
26-184, 26-384 – Orpheus Choir
26-185, 26-385 – Handbell Choir
26-186, 26-386 – Treble Clef Choir
26-187, 26-387 – Viking Male Chorus
26-188, 26-388 – Concert Band

26-190 – Introduction to Music Literature. 2 hours. A course designed to develop intelligent listening habits and to familiarize the student with standard musical works. The course includes a study of the material and structure of vocal and instrumental music and a survey of the various style periods of music.

26-300 – Organ Literature. 2 hours. This course includes a survey of organ literature from the Renaissance through 20th century compositions. Emphasis is placed on stylistic differences in each period and registration commonly associated with each type of composition. A study of the organ of different countries and periods for which the literature was composed is included.

26-301 – Organ Pedagogy. 2 hours. Different methods of technique training, choice of registration for different styles of literature, and source materials for various levels of organ training are included. The student will be given practical experience in coaching an organ student under the guidance of an organ faculty member.

26-304 – Piano Literature. 2 hours. A survey of the historical, stylistic, and formal aspects of piano literature from 1700 to the present.

26-305 – Piano Pedagogy. 2 hours. A course designed to prepare the advanced pianist for successful teaching in the private piano studio or the piano lab. The course includes a selective survey of currently available teaching method books, a study of the principles of good teaching, and instruction in the business procedures necessary for the self-employed music teacher.

26-334 – Clarinet Pedagogy and Literature. 2 hours. Various pedagogical problems and their solutions will be systematically considered. Also an in-depth survey of clarinet literature will be undertaken with emphasis on method books and studies as well as solo and chamber works.

26-354 – Trombone Pedagogy and Literature. 2 hours. A survey of solo and ensemble materials ranging from easy to difficult suitable for developing skills of trombone performance; and a study of methods of teaching trombone both in the private studio and in the public schools, with an emphasis on preparation for recital performance.

26-370 – Voice Literature and Pedagogy. 2 hours. The study of vocal literature will include songs from the major periods of music history beginning with the Baroque; methods of vocal production will be examined in order to give the student an over-view of approaches to the singing art. Includes a minimum of 6 clock hours of pre-student teaching experience with public school students.

26-390, 26-391 – Survey of History and Literature of Music. 3 hours each semester. The history of music from the ancient Greeks to the present. The first semester will deal with the period of the Greeks to Bach and Handel, and the second will continue to music of our time. Emphasis is given to an acquaintance with representative musical works and style, and to the understanding of musical concepts in the light of their historical background. Prerequisite: Music 190.

Music Theory – 27

27-191 – Basic Theory. 2 hours. A fundamental music theory course covering principles of melody writing, rhythm and meter, and of major and minor scales. Writing, singing and playing
of all intervals and triads. Development of a basic musical vocabulary. (Students must be enrolled concurrently in piano.)

27-192, 27-193 — Music Theory. 4 hours each semester. A correlated course of study in written and aural theory. Melodic, harmonic dictation, and music reading. Elementary work in keyboard harmony, part writing, harmonization, and original composition. (Students must be enrolled currently in piano.)

27-292, 27-293 — Music Theory. 4 hours each semester. Advanced work in writing skills, music reading, analysis, and harmonic dictation. Imitative and non-imitative contrapuntal writing. Analysis of the basic forms of the common practice period. Exploration of twentieth century styles and idioms. Students must be enrolled concurrently in piano.

27-494 — Instrumentation. 3 hours. Range and transposition of the instruments of the orchestra; timbres of instruments individually and in combination; arranging for small groups and for full orchestras. Emphasis will be placed on arranging for school orchestras, with limited instrumentation and players of moderate ability.

Orpheus Choir of mixed voices is directed by Dr. George Dunbar.

The Treble Clef Choir is directed by Miss Marla Kensey.
The Viking Male Chorus is directed by Mr. Joe M. Noble
The drama club presented a play at Homecoming based on Lloyd Douglas’ book “The Robe.” The theme concerns the influence of Christ on His followers in the first century, and how they were reminded of His life by the robe he wore.

Division of Languages and Literature

English Language – 32
Foreign Languages – 33
Speech Communication – 34

David Kale, Chairman

The Division includes the Departments of English Language and Literature, Foreign Languages and Literature, and Speech Communication.

The aims of instruction are detailed in each department but in general include the following: (a) to provide training in the effective use of the English language, both written and spoken; (b) to enlarge the cultural background of the student through the study of literature, and through an acquaintance with at least one foreign language; (c) to provide experience in the interpretation of literary masterpieces of the past and present, relating them to the social, religious, and political ideals of the peoples involved; (d) to develop an appreciation and love for the true and the beautiful in verbal expression, that a life of richer significance may be achieved through self-expression, emotional release, and creative activity; (e) to inculcate a taste for wholesome reading and other literary activities, and to develop standards by which the student may be enabled to evaluate the relative merits of that which he reads and hears.
English Language and Literature — 32

GARY W. STREIT (1973)
Assistant Professor of English; Chairman of the Department
B.A., 1967, Trevecca Nazarene College
M.S., 1973, University of Tennessee
University of Illinois

HENRY ENGBRECHT (1970)
Assistant Professor of English and German
B.A., 1950, Olivet Nazarene College
M.A., 1951, Butler University

LARRY FINGER (1977)
Professor of English
B.A., 1957, Trevecca Nazarene College
M.A., 1960, Stetson University
Ed.S., 1968, Peabody College
Ph.D., 1972, Peabody College

WILLIAM FOOTE (1968)
Assistant Professor of English
B.A., 1949, Olivet Nazarene College
M.A., 1968, University of Illinois
B.D., 1952, Nazarene Theological Seminary

GUNNELL M. JORDEN (1966)
Assistant Professor of English
B.A., 1959, Olivet Nazarene College
M.A., 1966, University of Oregon

SHIRLEE A. McGUIRE (1979)
Assistant Professor of English
B.S., 1964, Bob Jones University
M.A., 1970, Syracuse University
M.A., 1976, College of William and Mary

LOTTIE I. PHILLIPS (1965)
Associate Professor of English
B.A., 1951, Trevecca Nazarene College
M.A., 1961, Ball State University

DIXIE TURNER (1979)
Assistant Professor of English
B.S., 1975, Olivet Nazarene College
M.A., 1979, Olivet Nazarene College

M. DEANE WHITE (1981)
Professor of English
B.S., 1960, Bob Jones University
M.A., 1963, Middlebury College
Ph.D., 1971, Ohio State University

LEORA WINDOFFER (1976)
Assistant Professor of English
B.A., 1968, Olivet Nazarene College
M.A., 1970, University of South Carolina
M.A., 1979, Wheaton College

The English Department seeks to acquaint the student with literary masterpieces in a variety of genres; to cultivate his sincere appreciation of the best that man has thought and written; to familiarize him with the development of his language, with linguistic processes, and with current, national, reputable usage; to develop his critical and analytical powers; and to assist him in the development of clear, effective verbal communication.

An English Reading Laboratory provides a refresher course in basic English skills for anyone who needs to increase his proficiency in reading and writing. This individualized program is available at no extra cost.

Major for Teaching: 35 hours

Required:

English 103, 104 — Freshman Composition
201 — History of English Language
221 — English Literature, Beginning to 1660
222 — English Literature, 1660 to 1832
253 — American Literature, Beginning to 1865
304 — Grammars: Structure of Language
313 — Major Authors
323 — English Literature, 1832 to Present
354 — American Literature, 1865 to Present
477 — Senior Seminar

One of the following:

202 — Creative Writing
241 — Introduction to Journalism
303 — Advanced Expository Writing

Required supporting courses:

Speech 101 — Fundamentals of Speech
Speech 260 — Fund. of Play Production
History 359 — Renaissance and Reformation
or 376 or 377 — English History
Lib. Sci. 368 — Books for Young People
Educ. 358 — Teaching of Reading in Secondary School

Plus the Professional Education Sequence

Major (Non-Teaching): 38 hours

English 103, 104 — Freshman Composition
201 — History of English Language
221 — English Literature, Beginning to 1660
222 — English Literature, 1660-1832
253 — American Literature, Beginning to 1865
304 — Grammars: Structure of Languages
313 — Major Authors
323 — English Literature, 1832 to Present
354 — American Literature, 1865 to Present
477 — Senior Seminar

Three hours of electives from the department, and one of the following:
202 — Creative Writing
241 — Introduction to Journalism
303 — Advanced Expository Writing

**Required supporting courses:**
Speech 101 — Fundamentals of Speech
Phil. 141 — Beginning Philosophical Systems
or 241 — Logic
or 351 — History of Ancient and Medieval Philosophy
Hist. 359 — Renaissance and Reformation
or 376 — English History
or 377 — English History
Art 371 — History of Western Art

**Teaching Minor: 24 hours**

**Required:**
English 103, 104 — Freshman Composition
221 — English Literature, Beginning to 1660
or 222 — English Literature, 1660 to 1832
323 — English Literature, 1832 to Present
253 — American Literature to 1865
or 354 — American Literature, 1865 to Present
303 — Advanced Expository Writing
or 304 — Grammars: Structure of Languages
Six hours of electives in the department.

**Minor: 18 hours**

**Required:**
English 103, 104 — Freshman Composition
Engl. 221 or 222 — English Literature
Engl. 253 or 354 — American Literature

**Courses**
32-102 — English Composition. 3 hours.

A required course for freshmen with language and composition deficiencies. The course emphasizes a systematic study of grammar, usage and writing. Placement is determined by the English score on the American College Test and a writing sample. Successful completion of this course permits the student to enroll in 32-104. This class meets five times a week.

32-103 — Freshman Composition. 3 hours. The purpose of this course is to develop proficiency in communicating ideas, and to promote critical and creative thinking in the use of words, sentences and paragraphs.

32-104 — Freshman Composition. 3 hours. This course continues the study of effective written communication. Specific concerns are critical analysis, writing about literature, and a formal study of the research paper.

32-109 — Introduction to Prose. 2 hours. Designed to provide an exposure to representative types of prose with special study of literary devices, techniques, and conventions.

32-110 — Introduction to Poetry. 2 hours. A survey of poetry designed to illustrate form and function. Since poetry communicates experience through the senses, emotions and imagination, the poem becomes the means of this poetic process.

32-111 — Introduction to Drama. 2 hours. A panorama of the development of drama in the West and a history of the way in which the dramatists have adapted and utilized the resources of the play.

32-201 — History of the English Language. 3 hours. A study of the development of the English language from beginnings to the present, emphasizing the major external influences and internal changes.

32-202 — Creative Writing. 3 hours. Emphasis upon the writing of prose fiction and poetry. Extensive writing experience is not a prerequisite.

32-221 — English Literature to 1660. 3 hours. English literature from Beowulf through the early works of Milton.

32-222 — English Literature, 1660 to 1832. 3 hours. English literature from the later works of Milton through the Romantic movement.

32-241 — Introduction to Journalism. 3 hours. An introduction to journalistic styles, types of news stories, headlines, techniques of editing and copyreading. Students will complete writing assignments for the campus newspaper or community newspapers.

32-245 — Editing and Production. 3 hours. Production methods such as selecting and editing articles, proofreading, laying out copy,
planning photography, cropping pictures, choosing printing processes, and operating production machinery will be studied in a class and lab situation. Students will work on a brochure project.

32-253 — American Literature to 1865. 3 hours. American literature from its beginning to 1865, including Whitman.

32-303 — Advanced Expository Writing. 3 hours. Principles of and practice in the writing and evaluation of expository prose. Freshman composition or its equivalent prerequisite.

32-304 — Grammars: The Structure of English. 3 hours. Emphasis upon major grammars; advanced traditional, structural, and transformational generative.

32-311 — Literature of Continental Europe. 3 hours. A comparative study of selected works in such countries as Italy, France, Germany, and Russia.

32-312 — Folklore and Myth. 3 hours. A study of the origins, nature, intentions and distribution of folklore and myth in world literature.

32-313 — Major Authors. 3 hours. An intensive study of the works of one author with attention to the chronological development of his style, his main themes, and his relationship to literary tradition. Shakespeare offered alternate years, fall semester, beginning 1981-82.

32-323 — English Literature, 1832 to Present. 3 hours. English literature from the Victorian writers to the present.

32-340 — Magazine and Feature Article Writing. 3 hours. A study of various magazine formats and non-fiction article types will precede intensive feature article writing assignments. Students will be encouraged to submit articles to various markets.

32-342 — College Publications. 1 hour. Academic credit will be given to students who are regular staff members of the campus newspaper or yearbook. A log book of activities kept by the student will be reviewed periodically by a college supervisor. This credit may not be earned more than twice.

32-354 — American Literature since 1865. 3 hours. American literature from 1865 to the present.

32-414 — Special Topics in Literature. 3 hours. Topics not ordinarily treated in other courses.

32-455 — American Fiction. 3 hours. A study of selected prose fiction from Hawthorne to the present.

32-477 — Senior Seminar. 2 hours. Integration of the English language and literature, with attention to research methods and critical theory. Consideration of vocational plans and admission to graduate schools.

32-487 — Journalism Practicum. 6 hours. Upper division students complete an off-campus field experience at local publications and under the supervision of a publication staff member. Periodic evaluations of the student's performance will be made by the college supervisor. A daily log and practicum report are required.

Foreign Languages and Literature — 33

MINNIE WILLS (1971)  
Assistant Professor of Spanish;  
Chairwoman of the Department  
B.A., 1951, Olivet Nazarene College  
M.A., 1952, University of Illinois  

HENRY ENGBRECHT  
German. See English Department  

GEORGE LYONS  
Greek. See Religion Department  

VICKI TRYLONG (1976)  
Assistant Professor of Modern Languages  
B.A., 1970, Olivet Nazarene College  
M.A.T., 1980, Purdue University  
Graduate study, University of Illinois  

WILLIAM WOODRUFF  
Greek. See Religion Department  

The programs leading to the Bachelor of Arts degree with a major in Romance Languages are designed to develop in the student an ability to comprehend, speak, read, and write the language. A major objective of the department is to prepare those who expect to teach a modern foreign language at the secondary school level.

Students with one year or less of foreign language credit on the junior high or senior high levels will meet the foreign language requirements on the B.A. degree by successfully completing Level I, (a) and (b) in the language of their choice. Courses numbered 101, 111 and 121 may not be taken for credit by a student with two years or more of high school credit in that language. If he feels deficient he may audit these courses.
Upon completion of the Intermediate level course with a minimum grade of "C" the student may petition for five hours of credit for level I (a) in the same language.

A student with three or more years of high school credit in a language who desires to complete a major or a teaching minor in that language may petition for 10 hours of credit in lieu of Level I (a) and (b) upon successful completion of two courses in Level II of the same language.

**Major (Romance Languages — French and Spanish): 30 Hours**

**Upper Division**

**Required:** 20 hours upper division courses in language of primary interest, and 10 hours upper division courses in a second language.

**Must be supported by 8 hours from:**

- English 109 — Introduction to Prose
- 110 — Introduction to Poetry
- 111 — Introduction to Drama
- 304 — Grammars: Structure of Language
- 311 — Literature of Continental Europe
- 312 — Folklore and Mythology
- History 356 — Europe, 1914 to Present
- 363 — Latin American History
- Pol. Sci. 365 — World Politics
- Speech 101 — Fundamentals of Speech
- Phil. 141 — Beginning Philosophical Systems
- 241 — Logic: Rules of Correct Thinking
- 351 — Ancient and Medieval Philosophy
- 352 — History of Modern Philosophy
- Sociology 364 — Anthropology

**Teaching Major (Romance Languages):**

Same as the non-teaching major above plus the Professional Education Sequence including Lang. 469 — Teaching of Modern Languages.

**Teaching Minor (French, German, Spanish): 20 Hours**

**Required:** Level I (a) and (b), Level II (a) and (b). Must be 20 hours of college language.

**Minor (French, German, Spanish): 20 hours**

**Required:** Level I (a) and (b), Level II (a) and (b). May be reduced by 5 hours for 2 years of same language taken in high school.

**Minor (Greek): 16 Hours**

**Required:** 133, 134, 231, 334 and 335 or 336 and 337.

**General Courses**

**33-469 — The Teaching of Modern Languages. 2 hours.** A methods course dealing with language learning and teaching applied to French, German, and Spanish. Required of majors who plan to teach. Prerequisite: Education 351 and Level II in the language sequence. Taken concurrently with Educ. 480.

**French**

**33-101 — Elementary French. Level I (a). 5 hours.** A comprehensive elementary course which includes grammar, pronunciation, oral and written composition and reading.

**33-102 — Intermediate French. Level I (b). 5 hours.** A continuation of French 101 with additional emphasis on reading.

**33-301 — Grammar Review. Level II (a). 5 hours.** Grammar review, aural comprehension, conversation, reading. Prerequisite: French 102 or 3-4 years of high school French.

**33-302 — French Culture and Civilization. Level II (b). 5 hours.** A survey of French life and French institutions. Intended as a background for literary studies and as a preparation for teaching French. Prerequisite: French 301.

**33-351 — French Literature to 1800. Level III (a). 5 hours.** A survey course which includes a history of the literature and the reading of selected works representative of the various periods. Prerequisite: Level II.

**33-352 — French Literature 1800 to the Present. Level III (b). 5 hours.** A survey course which includes a history of the literature and the reading of selected works representative of the various periods. Prerequisite: Level III (a).

**33-473 — Programmed French Phonetics. 2 hours.** A systematic study of the sounds and sound patterns of French. Oral practice. Interpretive readings in prose and poetry. Analysis and correction of the student's pronunciation with special attention to the problems of teachers. Prerequisite: Level II.

**33-476 — Topics in French Studies. 2 or 3 hours.** The student may select an area of special interest to work on independently. A plan of
Foreign Languages

study will be agreed upon with the instructor. This plan may include readings, papers, or other special projects in that area. Possible topics might cover: various aspects of French literature, Francophone cultures, commercial French, or other similar studies. Prerequisite: French Level III or permission of instructor. May be repeated for credit.

Spanish

33-111 — Elementary Spanish. Level I (a) 5 hours. A comprehensive elementary course which includes grammar, pronunciation, oral and written composition and reading.

33-112 — Intermediate Spanish. Level I (b). 5 hours. An intermediate level course which is a continuation of Spanish 111 with an additional emphasis on reading.

33-311 — Grammar Review. Level II (a) 5 hours. Grammar review, aural comprehension, conversation, reading. Prerequisite: Spanish 112 or 3-4 years of high school Spanish.

33-312 — Spanish and Spanish-American Culture and Civilization. Level II (b) 5 hours. A survey of Spanish life and Spanish institutions intended as a background for literary studies and as a preparation for teaching Spanish. Prerequisite: Spanish 311.

33-341 — Advanced Communication in Spanish. 2 hours. This is a course designed to give intensive practice in communicating in the foreign language. The course provides opportunities to improve listening, speaking and writing abilities. Some attention is given to commercial Spanish. Prerequisite: Spanish Level II.

33-361 — Spanish Literature. Level III (a) 3 hours. Spanish literature from Poema del Cid to the present. A survey course which includes a history of the literature and the reading of selected works representative of the various periods. Prerequisite: Spanish Level II.

33-362 — Spanish American Literature. Level III (b) 3 hours. Spanish-American literature from the Conquistadores to the present. A survey course which includes a history of Spanish-American literature and the reading of selected works representative of the various periods. Prerequisite: Spanish 361.

33-483 — Pronunciation, Diction, and Speech Patterns. 2 hours. A systematic study of the sounds and sound patterns of Spanish. Oral practice. Emphasis on articulation and intonation. Analysis and correction of the student’s pronunciation with special attention to the problems of teachers. Prerequisite: level II.

33-486 — Topics in Spanish Studies. 2 or 3 hours. The student may select an area of special interest to work on independently. A plan of study will be agreed upon with the instructor. This plan may include advanced readings in Spanish or Spanish American literature, papers, special projects, commercial Spanish, Spanish for medical personnel, or other similar studies. Prerequisite: Spanish Level III or permission of instructor. May be repeated for credit.

German

33-121 — Elementary German. Level I (a) 5 hours. A comprehensive elementary course which includes grammar, pronunciation, oral and written composition and reading.

33-122 — Intermediate German. Level I (b) 5 hours. An intermediate level course which is a continuation of German 121 with additional emphasis on reading.

33-321 — Grammar Review. Level II (a) 5 hours. Grammar review, aural comprehension, conversation, reading. Prerequisite: German 122 or 3-4 years of high school German.

33-322 — German Culture and Civilization. Level II (b) 5 hours. A survey of German life and German institutions intended as a background for literary studies and as a preparation for teaching German. Prerequisite: German 321.

Greek

33-133 — Elementary Koine Greek. Level I (a). 4 hours. A comprehensive elementary course which includes grammar, pronunciation, reading and translation of Koine Greek. Lecture and laboratory for individualized instruction.

33-134 — Elementary Koine Greek. Level I (b). 3 hours. A continuation of Greek 133.

33-334, 335 — Intermediate New Testament Greek. 3 hours. Same as Biblical Literature 334, 335.

33-336, 337 — New Testament Greek Exegesis. 3 hours. Same as Biblical Literature 336, 337.
DAVID KALE (1977)
Professor of Speech Communication; Chairman of Speech Communication Department; Chairman of Division of Language and Literature
B.A., 1966, Eastern Nazarene College
M.A., 1970, Temple University
Ph.D., 1974, Pennsylvania State University

NANCY KENDALL (1980)
Instructor in Speech
B.A., 1978, Olivet Nazarene College
M.A., 1979, Northwestern University

DONALD TOLAND (1978)
Associate Professor of Speech Communication
B.A., 1949, University of Minnesota
M.A., 1951, University of Denver

The courses in the Department of Speech Communication have three objectives as follows: 1) The training of students in the field of Speech covering both the scientific and the artistic aspects; 2) The development of skill in expression which will better equip the individual for a place of leadership, and 3) The preparation of specially qualified students in the field of Speech Communication.

Major: 27 to 30 hours

Required:
Speech 201 — Communicating Christ to the Modern World
221 — Mass Media and Society
354 — Communication Theory
359 — Persuasion

Required supporting courses:
English 304 — Grammars: Structure of Language
Psychology 321 — Social Psychology
Sociology 364 — Anthropology

In addition, the student must complete one of the following options:

Option A — Speech Communication
Speech 101 — Fundamentals of Speech
222 — Psychology of Human Communication
353 — Cross-Cultural Communication
356 — Interviewing & Small Group Processes
357 — Nonverbal Communication

Option B — Broadcasting
Speech 177, 178, 377, 378 — Communications Workshop
371 — Radio & T.V. Production
372 — Broadcast Writing
374 — Broadcast Speaking
487 — Broadcasting Practicum

Option C — Journalism
English 202 — Creative Writing
241 — Journalism
245 — Editing & Production
340 — Magazine & Feature Article Writing
487 — Journalism Practicum

Teaching Minor: 21 hours as approved by the Chairman of Department
Non-Teaching Minor: 15 hours as approved by the Department Chairman

Speech Communication

34-101 — Fundamentals of Speech. 3 hours. A course designed to develop an understanding of the basic fundamentals of speech and communication.

34-104 — Parliamentary Law. 1 hour. The study and practice of parliamentary procedure.

34-201 — Communicating Christ to the Modern World. 3 hours. Principles of inductive Bible Study, basic concepts of the Christian faith and principles of communication will be merged in this course with the express purpose of helping the student integrate the Christian faith with the discipline of communication.

34-221 — Mass Media and Society. 3 hours. The student will become familiar with the historical development of the media, along with their impact on the political, social and economic structures of society. The organizational framework of the mass media will be studied, along with the qualifications and opportunities for employment.

34-222 — Psychology of Human Communication. 3 hours. The purpose of this course is to provide a broad survey of several psychological factors affecting human communication. Topics such as selective perception, labeling, and nonverbal communication will be among these considered. Prerequisite: Sp. 101.

34-260 — Fundamentals of Play Production. 3 hours. The purpose of this course is to provide instruction in all aspects of play produc-
108 Speech Communication

Topics to be covered include concepts in acting, production, direction, set design, etc.

34-352 — Advanced Public Speaking. 3 hours. The course is planned to aid students with an interest in general speaking. It combines theory with practice. Speeches are full length, and emphasis is heavy on content and organization. Class evaluation and criticism is encouraged. Prerequisite: Speech 101.

34-353 — Cross-cultural Communication. 3 hours. Similarities and differences of communication patterns across cultures is the focus of this course. Of particular concern will be communication rituals, nonverbal signals and communication patterns of cultural groups.

34-354 — Communication Theory. 3 hours. A study of communication modules and their application to interpersonal communication and public speaking. Problems of miscommunication will be investigated.

34-356 — Interviewing & Small Group Processes. 3 hours. A study of the principles of interpersonal communication and group dynamics. Attention is given to the responsibilities of group members and leaders as well as to various group discussion formats (problem solving, creative thinking, decision making).

34-357 — Nonverbal Communication. 3 hours. The purpose of this course is to examine the function of nonverbal factors in interpersonal communication. Kinesics, oculesics and proxemics will be among the topics considered in the course.

34-359 — Persuasion. 3 hours. Psychological aspects of speech; nature and methods of attention, suggestion, motivation, and identification; influencing group opinion and action.

34-466 — Practicum. 2 hours.

The television studio in the Benner Library is a busy center of learning for teachers, ministerial students and others who appear before the cameras, then view their own performance on videotape. All the classrooms on campus are connected by cable to this central studio. Dr. Ray H. Moore, standing, is director of Media Services. Mr. Stephen Vanciel is a specialist in media services and dramatic presentations.

Broadcasting

34-177, 34-178, 34-377, 34-378 — Communications Workshop. 1 hour each semester. Same as Fine Arts 177, 178, 377, 378.

34-371 — Radio and TV Production. 3 hours. This course concentrates on the practical aspects of radio and television production. Students will have access to college radio and television studios as they produce original scripts and programs. Technical problems of audio and video control, staging, lighting, camera work and management of production personnel will be considered.

34-372 — Broadcast Writing. 3 hours. All types of television and radio writing will be covered in this course. The student will not only learn the practical aspects of script writing and program development, but will also gain an understanding of the power of the media to affect the thinking and actions of people.

34-374 — Broadcast Speaking. 3 hours. The course is designed to develop the student's broadcast speech skills and to help the student gain an appreciation for broadcasting as a means of communication and education. The course provides a knowledge of basic techniques and an opportunity for practice in specific areas of announcing, newscasting, acting, and oral interpretation.

34-487 — Broadcasting Practicum. 6 hours. Each student enrolled in this course will be enrolled in this course for direct exposure to the everyday operation of the broadcasting industry. The course will be supervised by a person who is a staff member at the station.
New equipment for the natural sciences has been received in the last few years through gifts of several corporations. Olivet alumni have been instrumental in obtaining these gifts to the college. Dr. Stephen Taylor of the Chemistry Department is directing two upper division students in the use of this Liquid Chromatograph which was purchased in a research grant from the National Science Foundation. The students are Lauren Lashley who plans to teach high school chemistry, and Mark Bell, who plans a career in chemical research.

Division of Natural Sciences — 41

Biological Sciences — 42
Chemistry — 43
Earth and Space Sciences — 44
Mathematics and Computer Science — 45
Physics — 46

Max Reams, Chairman

The Division of Natural Sciences includes the Departments of Biological Sciences, Chemistry, Earth and Space Sciences, Mathematics, and Physics.

The general purpose of the Division is to integrate the aims and the work of the various departments. The aim for each is not the acquisition of knowledge alone, but the developing of logical and orderly thinking habits. The objective is to acquaint the student with the scientific method as a means for arriving at the truth and to show that there is harmony between science and religion.

Further aims are given more in detail in the introduction for each department, together with requirements for majors in the various fields.
Interdisciplinary Major in the Physical Sciences

This major is offered providing emphases in such areas as Biophysics, Geophysics, Biochemistry, Geochemistry, Chemical Physics, Mathematical Physics, and Ecology, depending upon the student's interest.

Major (Bachelor of Arts):
Science and Mathematics Core:
General Chemistry .................. 8 hours
General Physics ..................... 10 hours
Calculus I and II ..................... 8 hours

26 hours

A minimum of 40-55 additional hours in science (may be part biological or math), with a minimum of 20 additional hours in one department. The curriculum would be tailor-made to fit the vocational-professional needs of the student and would be determined by a committee composed of representatives from each department involved (e.g., Biophysics — one person from Biology and one from Physics). In addition to these members who would be responsible for the details of an individual student's curriculum, the chairmen from the represented departments and the divisional chairman would be ex-officio members of the committee.

Teaching Major (Bachelor of Arts):
An interdisciplinary teaching major in the physical sciences requires 20 hours in one physical science department above the Science and Mathematics core and 10 hours in another department of the Division of Natural Sciences above the core. The committee in this case must include a member of the Department of Education.

The plan of study proposed by this committee would then be presented to the entire division. Upon approval by the division the plan of study would then be presented to the Registrar and the Dean of the College for approval. Students preparing for teaching certification must take the Professional Education sequence including Natural Science 477.

Major (Bachelor of Science):
The requirement for a B.S. in the Interdisciplinary program are the same as for the Bachelor of Arts, except for the following: Science and Mathematics Core (in addition): Computer Science .................. 3 hours

A minimum of 46-63 additional hours in science (may be part biological or math), with a minimum of 24 additional hours in 1 department.

Teaching Major (Bachelor of Science):
A teaching major in the Interdisciplinary program requires 24 hours in one physical science department above the Science and Mathematics core and 10 hours in another department of the Division of Natural Sciences above the core, and the Professional Education sequence including N.S. 477.

Interdepartmental Teaching Minors

Physical Science Teaching Minor:
(not to include courses from the science major department):
24 hours
Two of the following are required:
Astronomy ............................ 7 hours
Chemistry ............................. 12 hours
Earth Science ........................ 8 hours
Physics ............................... 10 hours

Electives chosen from Nat. Sci. 121, Physical Geography, Chemistry, Physics, Earth and Space Sciences.

The division offers the following interdepartmental teaching minors:

General Science Teaching Minor:
(not open to Teaching Majors in Chemistry, Physics, or Biology) —
24 hours
Required:
Biological Sciences
120 — General Botany
121 — General Zoology
241 — Genetics
and electives from Chemistry, Physics, Earth and Space Sciences, Natural Science 121 — Physical Geography. Three hours must be upper division.

Engineering

There are three alternatives in engineering at Olivet. The first two years in each program is common allowing students to wait until their sophomore year to decide which track to follow.
Engineering Physics (B.S.) This 4 year program leads to the Bachelor of Science degree and makes it possible for students to complete their degree at Olivet. The emphasis is on a strong broad science base with a minimum of 41 hours in Physics, 22 hours of Mathematics and 12 hours of Chemistry. In addition, there is emphasis placed on applied courses such as engineering graphics, and computer science. One of the most important parts of the program is the junior-senior research course where students utilize their science and engineering skills to attack a real-life problem in consultation with Olivet faculty.

The Engineering Physics program provides excellent training for technical management positions in engineering and research industries.

3-2 Engineering (B.A.) This program which has been in existence since 1970 enables students to take their first three years in residence at Olivet. They then transfer to another university in order to complete their B.S. in their chosen engineering specialization. Upon completion of the degree at the approved engineering school, the student receives a Bachelor of Science from the University and a Bachelor of Arts in Engineering from Olivet. This program offers a broader liberal arts background than most engineering programs while still providing the excellence in the specialized engineering field available at the large university.

Most engineering programs offered by the University of Illinois or by Purdue University are available to Olivet students through the 3-2 program or 2-2 program.

2-2 Engineering Transfer In cooperation with the University of Illinois, Olivet has developed an engineering program in which the student takes two years of courses at Olivet, then specializes in the next two years at the University of Illinois. This enables students to be graduates of both Olivet and the University of Illinois. The first two years at Olivet are basically the same as would be taken if a student chooses to complete the four year engineering physics degree at Olivet, or participate in the 3-2 program listed above.

A student may fulfill the requirements for the Associate of Arts Degree in Science Technology at Olivet as well as the requirements for the transfer program to the University of Illinois.

Science Technology

A.A. — two year Associate of Arts
The 2 year program is intended for students who are not interested in a 4 year bachelors degree at this time. It provides an excellent science and mathematics preparation for many company training programs.

In addition to the science and mathematics base, the applied courses in engineering and computer science provide the “hands on” experience desired by many students.

One of the distinct advantages that the degree program offers over many competing programs is the acceptance of credit for a bachelors degree. All of the work done during the two years may be applied to a 4 year degree at a later time.

Associate of Arts Degree in Science Technology 38-39 hours, plus General Education Requirements.

Science Requirement:
Physics 201 — General Physics I
202 — General Physics II
Math. 147 — Calculus I
148 — Calculus II
CS 125 — Concepts of Computer Science
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
Nat. Sci. 107 — Engineering Graphics

Controlled electives in science and mathematics 6-7 hours.

Strongly recommended:
Math. 361 — Calculus III
362 — Calculus IV
Chem. 301 — Quantitative Analysis

Other suggested electives:
Physics 246 — Basic Physical Measurements
371 — Electronics for Scientists
Chem. 310 — Instrumental Methods of Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
ESS. 354 — Crystallography
Requirements for the baccalaureate degree with a major in medical technology include:

1. Completion of a minimum of 98 semester hours including the general and group requirements for the degree. This is usually accomplished in three years of preprofessional studies. The junior year at Olivet Nazarene College is construed to be the last year in residence indicated in the general requirements.

2. Completion of 12 months of clinical training in a hospital laboratory school of medical technology accredited by the Council of Medical Education of the American Medical Association. Normally thirty upper division hours will be granted for the program, and it will be applied toward the requirements for the major.

Olivet Nazarene College has affiliations with four hospital schools of medical technology: Methodist Hospital of Central Illinois, Peoria, Illinois; Silver Cross Hospital, Joliet, Illinois; St. Joseph's Hospital, Fort Wayne, Indiana; St. Margaret's Hospital, Hammond, Indiana.

Major (Medical Technology): 51-53 Hours

**Required:**

- Bio. 121 — General Zoology
- 241 — Genetics
- 356 — Microbiology
- 359 — Immunology
- 484 — Cellular Biology

- Chem. 103 — General Chemistry
- 114 — Chemistry for the Physical Sciences
- 301 — Quantitative Analysis
- 311 — Organic Chemistry I

- Math. 131 — Algebra and Trigonometry
- or 147 — Calculus I

**To be supported by:**

- Bio. 373 — Introduction to Molecular Biology
- or Chem. 373 — Biochemistry
- and one course selected from the following:
- Bio. 120 — General Botany
- 245 — Human Anatomy and Physiology
- Chem. 310 — Instrumental Methods of Analysis
- 312 — Organic Chemistry II

Career Programs in Nutrition, Food Science and Food Service

Providing for man's basic need for food has many different facets in career opportunities. It is quite important that each student preparing for employment in the food field spectrum have a clear concept of the kind of position which would fulfill that person's interest. The types of preparation for the various kinds of occupations can be quite different. Hence the following guidelines are presented to aid students in program selection.

**Dietetics**

**Four year program**

1. Preparation toward becoming a registered dietitian. Olivet offers the therapeutic emphasis of the American Dietetic Association (A.D.A.) program. This will prepare a person for a position as director of dietetic services within a hospital, or as a hospital dietician, or as a consulting dietician serving in extended care facilities such as nursing homes or medical groups. The student may qualify for A.D.A. membership after pursuing a traineeship or internship following graduation from Olivet.

2. Preparation toward becoming a public health nutritionist. The public health nutritionist is the member of the health team who assesses community nutrition needs, plans, organizes, directs, coordinates, and evaluates the nutrition component of health services.

   This person may also provide supervision for less experienced nutrition personnel. One place of employment of a public health nutritionist, for example, is a city or county health department.

   A person with this training is generally more involved with preventative aspects of nutrition than with therapeutic nutrition. It is strongly recommended that the student plan for graduate study to obtain a master degree in public health nutrition.

**Interdisciplinary Major in the Physical Sciences with an Emphasis in Nutritional Science**

**Four year program**

Preparation toward becoming a research nutritional scientist.
Such an individual conducts original laboratory research at the subcellular, cellular and organ levels as well as with experimental animals. It should be the goal of an individual in this area to pursue graduate study toward an M.S. degree and preferably toward a Ph.D. in nutritional science (nutritional biochemistry).

The Olivet undergraduate program closely follows the recommendations of the American Institute of Nutrition.

Interdisciplinary Major in the Physical Sciences with an Emphasis in Food Science and Nutrition

Four year program
Preparation toward becoming a food scientist or food technologist.

Such individuals are concerned with applying their knowledge of chemistry, biology, mathematics, physics and engineering to problems concerned with flavor, texture, nutritional value, safety and the economic production of food.

Employment opportunities may be found in industry, government and education.

The Olivet program combines a special emphasis in nutrition along with basic studies in food chemistry and food microbiology. Graduate work is recommended for a broadened preparation which includes engineering and processing aspects.

Dietary Technician in Food Service Management

Two year program
Preparation towards employment as a food service supervisor in hospitals, extended care facilities, restaurants and food service industries.

Food Related Courses

Basic Nutrition
Intro. to Nutrition — HE 121
Human Nutrition — Bio. Sci., 362

Special Areas in Nutrition
World Food Problem — Soc. 374
Diet Therapy — HE 328
Nutritional Biochemistry and Metabolism — Bio. Sci., 488
Projects in Biological Sciences or Home Economics

Food Science
Food Microbiology — Bio. Sci. 375
Foodborne Disease Control — HE 333
Food Chemistry — Chem. 481

Food Service
Food Preparation — HE 130
Dietetic Technician Field Experience — HE 123
Quantity Foods — HE 337
Marketing and Meal Management — HE 332
Institutional Food Management — HE 353

Natural Science — 41

Courses

41-102 — General Physical Science. 4 hours. A broad survey course designed for the liberal art student. Major concepts from astronomy, chemistry, geology, physics and meteorology are used in a way that develops the students’ understanding of man’s physical environment, and at the same time indicates the special contribution of each discipline to this understanding. (Open only to students without previous physics, chemistry, or earth science courses either in high school or college.) 3 hours lecture, 3 hours laboratory.

41-103 — Amateur Radio I. 1 hour. A study of radio procedures, theory, and international Morse code preparing the student for the F.C.C. examination for the novice and general class license. No prerequisite.

41-104 — Amateur Radio II. 1 hour. A continuation of Natural Science 103 to complete preparation for the general class F.C.C. license. Prerequisite: Natural Science 103 or consent of instructor.

41-107 — Engineering Graphics. 3 hours. Use of instruments; geometric construction; lettering; orthographic projections; sketching; isometric and oblique projections; inking, tracing; and blueprinting; dimensioning; sectioning. (Does not count toward general education requirements.)

41-108 — Introduction to Machine Shop. 3 hours. A lab course designed to enable the student to operate the basic machine tools. Machine parts will be constructed from prints. This course is prerequisite to the use of the student machine shop. (Does not count toward general education requirements.) Prerequisite: Nat. Sci. 107.

41-121 — Physical Geography. 2 hours. (Same as Geography 121.)
114 Biological Science

41-477 — Teaching of Science. 2 hours. A study of the aims, the methods, and the equipment needed for classes and instructors of the natural sciences. Taken concurrently with Educ. 480.

41-520 — Oceanography. 3 hours. The oceans; their physical, chemical, biological, and geological characteristics, with a discussion of their history.

41-540 — Paleontology. 3 hours. A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plants and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

41-560 — Topics in Environmental Science. 3-4 hours. An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.

41-600-699 — Graduate Level Courses. Open to some seniors. See Director of Graduate Studies.

Biological Sciences — 42

ROBERT W. WRIGHT (1969)
Professor of Biology;
Chairman of the Department
B.A., 1965, Los Angeles Pacific College
M.A., Ph.D., 1970, University of California

WILLIAM D. BEANEY (1961)
Associate Professor of Biology
B.S., 1952, M.S., 1953, Brockport State Teachers College
Pennsylvania State University
University of Illinois

MARILYN BRANTON (1978)
Assistant Professor of Biology
B.S., 1964, University of Illinois
M.S., 1972, University of Illinois
Ph.D., 1978, University of Illinois

RICHARD COLLING (1981)
Assistant Professor of Biology
B.A., 1976, Olivet Nazarene College
Ph.D., 1980, University of Kansas

LINFORD FALB (1980)
Assistant Professor of Biology
B.S., 1973, Ohio State University
M.S., 1976, Ohio State University
Ph.D., 1980, University of Georgia

ROBERT E. HAYES (1970)
Professor of Food Science
B.S., 1950, Union College
M.S., 1969, Massachusetts Institute of Technology
Ph.D., 1955, University of Illinois

This department offers work to meet the needs of those who wish to secure knowledge in the biological sciences, to enter medical school or related health sciences to prepare to teach biology in the public schools, or to pursue graduate study.

Biological knowledge arranges itself naturally according to levels of organization. Each level (molecular, individual, population and community) has its own rationale, principles, processes, techniques and language. It is desired that all biology students have experiences with each level for the wealth of understanding which such a background brings to the individual's own academic specialty.

All majors in the Department of Biological Sciences at Olivet Nazarene College take a sequence of courses designed to convey the body of thought and information which is essential to the undergraduate training of biologists regardless of their ultimate specialization.

The Department of Biological Science offers both the Bachelor of Arts and the Bachelor of Science degree.

The Bachelor of Arts degree offers the most flexibility and is broader in its scope. The B.A. is the traditional well-rounded liberal arts degree, and is the choice for those preparing for professional school (such as Medicine, Dentistry, Veterinary Medicine, etc.)

The Bachelor of Science degree offers less flexibility, particularly in the supporting courses. This degree prepares the student with the tools (chemistry, physics, mathematics, computer science) necessary for understanding, appreciating, and characterizing biological processes. The B.S. degree would be the choice for one pursuing a graduate program in a biological discipline, or an industrial or technological occupation.

Major (Bachelor of Arts — Biology): 30 hours

Required:
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
370 — Ecology
373 — Introduction to Molecular Biology
484 — Cellular Biology
495 — (1 hour) Seminar in Biology

**To be supported by:**
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
One course in mathematics

**Major (Bachelor of Arts — Botany): 30 hours**

**Required:**
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
373 — Introduction to Molecular Biology
495 — (1 hour) Seminar in Biology

**Additional work in botany is to be selected from:**
Biol. 356 — Microbiology
357 — Plant Anatomy
365-366 — Plant Morphology
370 — Ecology
403 — Plant Physiology
484 — Cellular Biology
490 — Research in Biology

**To be supported by:**
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
One course in mathematics.

**Major (Bachelor of Arts — Zoology): 30 hours**

**Required:**
Bio. 120 — General Botany
121 — General Zoology
241 — Genetics
373 — Introduction to Molecular Biology
495 — (1 hour) Seminar in Biology

**Additional work in zoology is to be selected from:**
353 — Embryology of the Vertebrates
356 — Microbiology
360 — Invertebrate Zoology
361 — Vertebrate Zoology
370 — Ecology
455 — Physiology
484 — Cellular Biology
490 — Research in Biology

**To be supported by:**
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
One course in mathematics.

**Major (Bachelor of Science — Biology): 40 hours**

**Required:**
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
373 — Introduction to Molecular Biology
484 — Cellular Biology
495 — (1 hour) Seminar in Biology
Five additional hours in Biology to be approved by the Department Chairman.

**To be supported by:**
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
One course in mathematics.
The Professional Education Sequence, including N.S. 477.

**Major (Bachelor of Science — Botany): 40 hours**

**Required:**
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
356 — Microbiology
373 — Intro, to Molecular Biology
484 — Cellular Biology
495 — Seminar in Biology (1 hour)

**To be supported by:**
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
301 — Quantitative Analysis
311 — Organic Chemistry I
Math. 131 — Algebra and Trigonometry
or 147 — Calculus I
one year of Physics
or Math. 341 — Statistics
and CS 250 — Compiler Languages

**Major (Bachelor of Science — Zoology): 40 hours**

**Required:**
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
357 — Plant Anatomy
or 365 or 366 — Plant Morphology
373 — Intro. to Molecular Biology
403 — Plant Physiology
484 — Cellular Biology
495 — Seminar in Biology (1 hour)

**Additional Biology selected from:**
356 — Microbiology
357 — Plant Anatomy
or 365 or 366 — Plant Morphology
370 — Ecology
490 — Research in Biology

To be supported by:
Chem. 103 — General Chemistry
114 — Chemistry for Physical Sciences
301 — Quantitative Analysis
311 — Organic Chemistry I
Math 147 — Calculus I
341 — Statistics
One year of Physics

Highly recommended:
Chem. 312 — Organic Chemistry II
Math. 148 — Calculus II
Math. 250 — Compiler Languages

Major (Bachelor of Science — Zoology): 40 hours

Required:
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
360 — Invertebrate Zoology
or 361 — Vertebrate Zoology
373 — Intro. to Molecular Biology
455 — Physiology
484 — Cellular Biology
495 — Seminar in Biology (1 hour)

Additional work from:
Biol. 353 — Embryology of the Vertebrates
356 — Microbiology
359 — Immunology
360 — Invertebrate Zoology
or 361 — Vertebrate Zoology
370 — Ecology
490 — Research in Biology

To be supported by:
Chem. 103 — General Chemistry
114 — Chemistry for Physical Sciences
301 — Quantitative Analysis
311 — Organic Chemistry I
Math. 147 — Calculus I
341 — Statistics
One year of Physics

Highly recommended:
Chem. 312 — Organic Chemistry II
Math. 148 — Calculus II
Math. 250 — Compiler Languages

Minor (Teaching of Biology): 24 hours

Required:
Biol. 120 — General Botany
121 — General Zoology
241 — Genetics
370 — Ecology
373 — Intro. to Molecular Biology

To be supported by:
Chem. 103 — General Chemistry
114 — Chemistry for Physical Sciences

Minor (Botany): 16 hours

Required:
Biol. 120 — General Botany
Additional courses are to be approved by the Chairman of the Department.

Courses
42-101 — General Biology. 4 hours.
Principles of life are introduced, for the beginning student, with emphasis on the presentation of
the plant and animal kingdoms and the cell and its processes. Lecture and laboratory. Does not apply
on a major.

42-120 — General Botany. 5 hours. A
lecture and laboratory course dealing with the
whole plant; the cell, the chief types of tissues,
stems, roots, leaves, flowers, fruits, and seeds.
Important physiological phenomena, and a study
of the plant kingdom are given.

42-121 — General Zoology. 5 hours. A
lecture and laboratory course designed to acquaint
students with the principles of animal life. Study includes taxonomy, morphology, physiology, embryology, ecology, and genetics.

42-141 — Personal and Community Health. 2 hours. The study includes essentials of personal and community health. Fundamentals of health science, scientific prevention of illness, dynamics of health in the individual and the family are studied. Elementary Education majors may apply this course to the Natural Science requirement or Physical Education requirement, but not to both.

42-241 — Genetics. 4 hours. Principles of heredity and variation illustrating the gene-chromosome concept of Mendelian inheritance are presented. Included is study of the gene: its structure, function, and chemistry, with emphasis on mutation, coding regulation, and transmission. Prerequisites: Biol. 101, 120, or 121, or consent of instructor. Lecture and laboratory.

42-245 — Human Anatomy and Physiology. 5 hours. The gross morphology of the vertebrate animal and the human body is studied. Consideration of human physiology is given using the organ system approach. Lecture and laboratory. Prerequisite: Biology 121.

42-310 — Instrumental Methods of Analysis. 4 hours. Same as Chemistry 310.

42-353 — Embryology of the Vertebrates. 4 hours. This is a study of the ontogeny of the vertebrate. Study includes basic concepts and organogenesis. Emphasis is placed on the development of the chick. Lecture and laboratory. Prerequisite: Biol. 121.

42-356 — Microbiology. 5 hours. An introduction to the microorganisms is presented with special emphasis on bacteria. Studies include history, morphology, classification, physiology, genetics, aseptic culturing technics, and practical applications. Prerequisites: Biology 120, 121, or equivalent; 4 hours of Chemistry. Lecture and laboratory.

42-357 — Plant Anatomy. 4 hours. This is an introduction to the structure of plants with emphasis on those with vascular organization. Prerequisite: Biology 120. Lecture and laboratory.

42-359 — Immunology. 4 hours. Considers the dual nature of the immune system and the mechanisms of protection afforded by each. Immunobiology and Immunoochemistry topics will be included with special emphasis on transplantation, cancer, and immunologic diseases. Prerequisites: Biology 241, Chemistry 114. Lecture and laboratory.

42-360 — Invertebrate Zoology. 4 hours. This is a study of the principles of zoology as they apply to the invertebrates. The study is approached from a comparative standpoint with emphasis upon the anatomy and physiology of various representative organisms. Ecological principles and microtechnics are included in the laboratory. Prerequisite: Biology 121.

42-361 — Vertebrate Zoology (Comparative Anatomy). 4 hours. Study includes anatomy physiology, ecology, and phylogeny of vertebrates. Opportunity is given for detailed laboratory dissections. Additional laboratory to be arranged. Prerequisite: Biol. 121.

42-362 — Human Nutrition. 3-4 hours. Biological and chemical principles of nutrition are presented and applied to human needs. The components of nutritional surveys are detailed and major features of nutritional deficiency diseases and other diseases with important nutritional aspects are highlighted. Students taking four units credit will also carry out self-assessment energy and dietary surveys. These projects are recommended for those who plan to apply nutrition in a practical way. Prerequisites: Biol. 101 or 121 and Chem. 112 or 311.

42-365 — Plant Morphology: Nonvascular Plants. 4 hours. A lecture and laboratory course dealing with the structure, reproduction, and development as exemplified by representative algae, fungi, and bryophytes. Prerequisite: Biol. 120.

42-366 — Plant Morphology: Vascular Plants. 4 hours. A lecture and laboratory course dealing with the structure, reproduction, and development as exemplified by representative vascular plants including psilopsids, lycopsids, sphenopsids, ferns, and gymnosperms. Prerequisite: Biol. 120

42-370 — Ecology. 4 hours. This is a study of the relationship between organisms and their environment. Field trips to be arranged, some weekend trips are required. Prerequisites: Biol. 120 and 121. 2 hours lecture and one 4-hour lab.

42-373 — Introduction to Molecular Biology. 4 hours. Biosynthesis, structure and function of macromolecules. Prerequisites: Biology 120 or 121, Chemistry 114. Lecture and laboratory.

42-375 — Food Microbiology. 5 hours. A study is conducted of microorganisms, and their biochemical activities, important in food spoilage and in food manufacture. Control of microbial populations in foods, methods of destruction and removal of microbes found in foods, and the evaluation of thermal processing of foods are considered. Public health aspects of food-borne infections and intoxications are discussed. Lectures and laboratory. Laboratory study is designed to demonstrate culture, detection, enumeration and
thermal process evaluation techniques as well as the biochemical role of certain microorganisms in food manufacture. Prerequisites: Microbiology and Biochemistry, or consent of instructor.

42-403 — Plant Physiology. 4 hours. Water relations, mineral nutrition, transport of materials, respiration, photosynthesis, growth and development. Prerequisites: Biol. 120 or equivalent, Biol. 373 or Chem. 311. Lecture and laboratory.

42-455 — Physiology. 4 hours. An introduction to physiological and homeostatic principles with emphasis on organ systems and the intact organisms. Prerequisites: Biology 120 or 121, Chem. 114, or consent of instructor. Lecture and laboratory.

42-484 — Cellular Biology. 4 hours. Ultrastructural and functional aspects of cells and tissues with special emphasis on the physical and chemical nature of specialized cellular activities. Prerequisites: Biology 120 or 121 and 373 or consent of instructor. Lecture and laboratory.

42-488 — Nutritional Biochemistry and Metabolism. 5 hours. A study is made of the role of individual nutrients in metabolism and the metabolic interrelationships of various nutrients. Chemical and biological assessments of the nutritional value of dietary constituents are described. Lectures and laboratory. The laboratory experience consists of an introduction to techniques of animal experimentation as well as to biological and chemical techniques of nutrient assessment. Prerequisite: Introduction to Chemistry, Organic Chemistry, General Biology, Biochemistry or consent of instructor.

42-490 — Research in Biology. This course is open to advanced students with high academic achievement. Original research is to be conducted and a paper presented. Prerequisites: Permission of instructor, and at least Junior standing is required. 1 to 3 hours. Credit is not to accumulate more than 6 hours.

42-495 — Seminar in Biology. This course is required of all majors in Biology, Zoology, or Botany. This seminar provides for the discussion of biological problems of current interest and is an opportunity for the student to apply what has been learned. Zero to ½ hour. Credit not to accumulate more than two hours. To be taken in the junior and/or senior year.

42-560 — Topics in Environmental Science. 3-4 hours. An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.
Major (Bachelor of Science): 40 hours

Required:
103 — General Chemistry
114 — Chemistry for the Physical Sciences
301 — Quantitative Analysis
310 — Instrumental Methods of Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 — Physical Chemistry I
392 — Physical Chemistry II
373 — Biochemistry

or 404 — Advanced Inorganic Chemistry

Additional upper division chemistry to total 40 hours.

To be supported by:

Physics 201 — General Physics I
202 — General Physics II
Math. 147 — Calculus I
148 — Calculus II
361 — Calculus III
351 — Linear Algebra

or 357 — Differential Equations
or 362 — Calculus IV
C.S. 250 — Compiler Language
or Math 341 — Statistics

Minor: 16 hours

Required:
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences

Eight hours selected from:
Chem. 301 — Quantitative Analysis
310 — Instrumental Methods of Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 — Physical Chemistry I
392 — Physical Chemistry II
403 — Synthetic Inorganic Chemistry

Teaching Minor: 24 hours

Required:
Chem. 103 — General Chemistry
114 — Chemistry for the Physical Sciences
301 — Quantitative Analysis

Courses

43-101 — Introduction to Chemistry. 4 hours. A beginning chemistry course for students with limited background in science and mathematics. Basic treatment of stoichiometry, atomic structure, chemical bonding, states of matter, solutions, and chemical reactions is given. Prerequisite: 2 units of high school mathematics. Lecture and laboratory.

43-103 — General Chemistry. 4 hours. A study of the structure and properties of matter. Atomic and molecular structure, states of matter, and physical and chemical properties of solutions are treated. Lecture and laboratory. Prerequisite: high school chemistry.

43-112 — Chemistry for the Life Sciences. 4 hours. An elementary treatment of organic and biological chemistry. Does not apply toward a major or minor in Chemistry. Prerequisite: Chemistry 101 or 103. Lecture and laboratory.

43-114 — Chemistry for the Physical Sciences. 4 hours. The thermodynamic basis of chemical equilibrium is treated. The laboratory work includes some chemical analysis. Prerequisites: Chemistry 101 and Mathematics 131 or Chemistry 103. Lecture and laboratory.

43-301 — Quantitative Analysis. 4 hours. A careful study of gravimetric and volumetric analysis with special attention given to sources of error, to calibration of instruments and apparatus, and to other important details in the improvement of laboratory technique. 2 class sessions and 2 3-hour laboratory periods per week. Required for a major in chemistry. Prerequisite: Chemistry 114.

43-310 — Instrumental Methods of Analysis. 4 hours. Utilization and comparison of modern analytical instrumentation for chemical analysis. The techniques covered include: emission spectroscopy, ultraviolet, visible, and infrared absorption spectroscopy; gas chromatography; and electrical methods of analysis. 2 class sessions and 2 3-hour laboratory periods per week. Prerequisite: Chemistry 114.

43-311 — Organic Chemistry I. 5 hours. The essential properties and preparations of the important classes of carbon compounds with emphasis placed upon structural formulas and nomenclature. The laboratory work is devoted to the preparation of typical organic compounds and to the study of their properties. 3 class sessions and 2 3-hour laboratory periods per week. Prerequisite: Chemistry 114.

43-312 — Organic Chemistry II. 5 hours. A continuation of Chemistry 311 and required for a major in chemistry. Prerequisites: Chemistry 101 or 103 and 114.

43-354 — Crystallography. 4 hours. Same as Earth Science 354.

43-371 — Electronics for Scientists. 3 hours. Same as Physics 371.

43-373 — Biochemistry. 5 hours. Structure and properties of biologically important com-
pounds. Properties of enzymes. Metabolism of carbohydrates, lipids, and proteins. Thermodynamics and reaction kinetics are applied to biochemical systems. Prerequisite: Chemistry 312 or consent of instructor.

43-382 — Physical Chemistry I. 4 hours.
The general topics of thermodynamics, kinetics and electrochemistry are treated. Three 1-hour class sessions and one 3-hour laboratory session per week. Prerequisites: Chemistry 114, Chem 301 recommended, Mathematics 361, and Physics 201 and 202.

43-384 — Geochemistry. 3 hours. Same as Earth Science 384.

43-392 — Physical Chemistry II. 4 hours.
Atomic and molecular structure, the solid and liquid states, and surface phenomena. Three 1-hour class sessions and one 3-hour laboratory session. Prerequisite: Same as for Chemistry 382.

43-403 — Synthetic Inorganic Chemistry. 2 hours.
A study of the preparation and properties of inorganic substances, with emphasis on developing laboratory skills. Prerequisite: 14 hours of chemistry.

43-404 — Advanced Inorganic Chemistry. 3 hours.
A study of atomic structure, chemical bonding, and the chemistry of selected elements. Prerequisites: Chemistry 301 and 311.

43-481 — Food Chemistry. 4 hours.
The structure, composition, and physiochemical properties of food, together with the chemistry of changes occurring during maturation, processing and storage are considered. Lectures and laboratory. Laboratory study principally involves assessment of chemical properties and chemical changes occurring in foods. Prerequisites: Chem. 301 and 373, Chem. 382 recommended.

Career opportunities are very abundant in the Earth Sciences.

Three major crises make the demand for earth scientists heavy: the energy crisis, the water crisis and the mineral resources crisis.

Olivet graduates in the Earth Sciences are employed by petroleum companies, government agencies, mineral industries, service industries, and as teachers or school administrators. Two-thirds of Olivet's graduates in the Earth Sciences go on to graduate schools, almost all with graduate assistantships.

Olivet's program is a balance of theory, lab skills and techniques, field work and research. Departmental resources include a rock lab; fine collections of rocks, minerals and fossils; good map and library holdings; equipment including microscopes, exploration seismograph, electrical resistivity apparatus, x-ray powder diffractometer with powder cameras and single crystal precession camera, 12-inch reflecting telescope, solar telescope, 24-foot planetarium, microcomputer, etc.

The Department provides preparation for students fulfilling General Education Requirements, majors in the Interdisciplinary Programs, and for those who want to expand their awareness of their physical environment.

For detailed outlines of the Earth Science programs, write or phone to the Chairman of the Department.

**Major:** See general requirements under Interdisciplinary Major in the Physical Sciences. Outlines of various programs such as Geobiology, Geochemistry, Geomathematics, Geomathematics/Computer Science, Geophysics, etc. and a student manual for majors in Earth Sciences are available from the Chairman of the Department.

**Minor (Earth Science): 16 hours**

**Required:**
Courses approved by the Chairman of the Department in accordance with student's needs.

**Minor (Earth and Space Science): 18 hours**

**Required:**
Courses distributed between Astronomy and Earth Science as approved by Department Chairman. 4 hours must be upper division. 4 hours of Chemistry applies.
Teaching Minor: 24 hours

Required:
Chemistry, 4 hours. (Chemistry majors will take another science.)
Earth and Space Sciences, 20 hours, 4 of which must be upper division.

Recommended:
E.S.S. 101 — Physical Geology
102 — Historical Geology
131 — Introduction to Astronomy
350 — Methods of Planetarium Operation

Astronomy

44-131 — Introduction to Astronomy. 4 hours. This is a survey course regarding the basic effects of Astronomy upon the thinking man, not only in science but philosophy, religion, and the social sciences. The course is laboratory oriented. Wide use is made of the planetarium, observatory, field trips and various visual aid equipment.

44-350 — Methods of Planetarium Operation. 3 hours. A primary course in planetarium operation and techniques designed for those who plan to teach. Students will become familiar with program planning, coordination, application of concepts and will operate and use Reed Planetarium facilities. Prerequisites: a laboratory science and Astronomy.

44-491 — Selected Readings. 1 hour. Readings in the field of Astronomy regarding the historical, descriptive, observational and developmental aspects. This will provide an opportunity for individual effort within the areas of special interest. Prerequisite: 17 hours of Earth and Space Science and consent of the instructor.

Earth Science

44-101 — Physical Geology. 4 hours. An introduction to the earth, its internal and external features, and the processes responsible for their formation. The laboratory covers the major minerals and rocks, aerial photographs, topographic maps, and geologic maps, with a brief introduction to fossils. Short field trips. 3 lecture periods and 1 laboratory period.

44-102 — Historical Geology. 4 hours. A survey of the geological and biological history of the earth. An introduction to the major fossil groups and the interpretation of the geologic history of selected areas are included. Short field trips. 3 lecture periods and 1 laboratory period.

44-354 — Crystallography: Morphology, Optical, and X-ray. 4 hours. A study of morphological, optical, and x-ray crystallography utilizing stereographic projections, crystal models, the petrographic microscope, and x-ray diffraction powder and single crystal cameras and diffractometer. Prerequisite: Chemistry 103 and 114 or Physics 201 and 202; and Math 131 or equivalent. Chemistry 114 or Physics 202 may be taken concurrently. 3 lecture periods and 1 laboratory period.

44-356 — Mineralogy and Petrology. 4 hours. A survey of the important minerals and rocks of the earth's crust with emphasis on their origin, composition, and occurrence. The laboratory includes extensive use of the petrographic microscope, spectroscope and x-ray diffraction powder and single crystal cameras and diffractometer. 3 day field trip. Prerequisite: Earth and Space Science 354. 2 lecture periods and 2 laboratory periods.

44-362 — Stratigraphy and Sedimentology. 4 hours. A study of sedimentary rocks, their origin, composition, and the principles involved in subdividing them into stratigraphic units. The laboratory includes the use of sieves and other methods of size analysis, use of the petrographic microscope, and x-ray diffraction powder techniques for mineral identification. 3 day field trip. Prerequisite: Earth and Space Science 101 or 102. 3 lecture periods and 1 laboratory period.

44-366 — Structural Geology and Field Methods. 4 hours. The lecture is concerned with the internal structure of the earth, the origin of the continents and ocean basins, mountain building, volcanoes, and the deformation of rocks. The laboratory will primarily involve the use of geologic field techniques such as mapping with instruments and aerial photographs, correlation of sedimentary rocks, and interpretation of geologic history. 3 day field trip. Prerequisite: Earth and Space Science 101 or 102. Trigonometry is suggested but not required, 3 lecture periods and 1 laboratory or field period.

44-384 — Geochemistry. 3 hours. The application of chemical principles to problems in the earth sciences, including past and present chemical processes active in the earth's atmosphere, hydrosphere, crust, mantle, and core. Other topics include cosmochemistry and geochemical exploration. Prerequisites: Chemistry 114 and Math 131.

44-388 — Geophysics. 3 hours. The application of physical principles to problems in the earth sciences, including geophysical techniques and data concerning the solid earth, hydrosphere, and atmosphere. Other topics include space physics and geophysical exploration. Prerequisite: Physics 202.
44-490 — Special Problems. 1 to 3 hours. Readings or projects chosen from selected topics. Prerequisites: A minimum of 8 hours in Earth Science of which 4 hours must be in courses numbered 300 or above and consent of instructor.

44-520 — Oceanography. 3 hours. The oceans: their physical, chemical, biological, and geological characteristics, with a discussion of their history.

44-540 — Paleontology. 3 hours. A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plants and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

The center supports the administrative, business and academic functions of the college. The systems serve several departments in addition to computer science, such as physics and chemistry.

The computer center is located in the west wing of the Benner Library and Learning Resource Center.

The General Education requirements for all degrees include 3 hours selected from mathematics or physical science. Mathematics 101 and 125 are designed to meet this requirement.

Major (Bachelor of Arts): 32 hours

Core Requirements:
Math. 147 — Calculus I
148 — Calculus II
351 — Linear Algebra
250 or 251 — Compiler Languages

Option A: Mathematics

Additional requirements:
361 — Calculus III
362 — Calculus IV
459 — Advanced Calculus I
463 — Modern Algebra I
460 — Advanced Calculus II
or 464 — Modern Algebra II

Option B: Computer Science

Additional requirements:
Math. 341 — Statistics
or 354 — Numerical Analysis
370 — File Management
375 — Information Structures
495 — Research Problems in Computer Science

Teaching Major (Bachelor of Arts): 32 hours

Required:
All work in courses numbered 147 and above, including:
Math 147 — Calculus I
148 — Calculus II
250 or 251 — Compiler Languages
351 — Linear Algebra
355 — Modern College Geometry
361 — Calculus III
363 — Modern Algebra I
459 — Advanced Calculus II
460 — Advanced Calculus III
473 — Foundations of Mathematics

Mathematics and Computer Science — 45

DAVID T. ATKINSON (1970)
Professor of Mathematics; Chairman of Department
B.S., 1964, Eastern Nazarene College
M.A., 1967, Boston University
Ph.D., 1975, University of Illinois

MICHAEL VAIL (1980)
Assistant Professor of Instructional Media and Mathematics
B.A., 1972, Northwest Nazarene College
M.Ed., 1976, University of Idaho
Ph.D., 1979, University of Wisconsin

JOHN B. WILLIAMS (1979)
Assistant Professor of Mathematics
B.A., 1971, Olivet Nazarene College
M.S., 1973, Purdue University

The objectives of the Department of Mathematics and Computer Science are: (a) to provide preparation in mathematics or computer science for graduate study, teaching, and use in business and industry; (b) to provide understanding of the historical development, deductive nature, and contemporary progress of mathematics and computer science; and (c) to provide appreciation for the cultural value, logical structure, and diverse applications of mathematics and computer science.

The college computer center is equipped with a dual processor General Automation 16/440 computer system with two 128K bytes of primary memory and 50 megabytes of disc memory. The equipment also includes three line printers, a card reader, fifteen CRT terminals and two TTY teletype terminals.
The Professional Education Sequence, including Math. 474 — Teaching of Mathematics.

Major (Bachelor of Science):
Option A: Mathematics: 41 hours

Required:
Math. 147 — Calculus I
148 — Calculus II
250 or 251 — Compiler Languages
341 — Statistics
351 — Linear Algebra
361 — Calculus III

Six hours of advanced applications selected from:
354 — Numerical Analysis
382 — Probability and Mathematical Statistics
491 — Topics in Mathematics or Computer Science

Fifteen hours selected from:
357 — Differential Equations
362 — Calculus IV
459 — Advanced Calculus I
460 — Advanced Calculus II
463 — Modern Algebra I
464 — Modern Algebra II

To be supported by 15 hours in one or two areas which emphasize the use of computers. At least 9 hours must be upper division.

Option B: Computer Science 40 hours

Required:
Math. 147 — Calculus I
148 — Calculus II
250 or 251 — Compiler Languages
351 — Linear Algebra
354 — Numerical Analysis
370 — File Management
375 — Information Structures
380 — Assembler Language Programming
385 — Computer Simulation and Statistical Techniques
463 — Modern Algebra I
495 — Research Problems in Computer Science

Select additional courses from:
361, 362 — Calculus III, IV
459 — Advanced Calculus
464 — Modern Algebra II
440 — Computer Hardware Architecture and Design
450 — Theory of Compilers and Assemblers
455 — Operating Systems

To be supported by 15 hours in one or two areas which emphasize the use of computers. At least 9 hours must be upper division.

Minor (Mathematics): 17 hours
Core requirements:
147 — Calculus I
148 — Calculus II

Option A:
Mathematics additional requirements:
351 — Linear Algebra
361 — Calculus III
and three hours from mathematics courses 300 and above.

Option B:
Computer Science additional requirements
250 or 251 — Compiler Languages
380 — Assembler Language Programming
and three hours from mathematics courses 300 or above.

Minor (Computer Science):
20 hours
Required:
250 or 251 — Compiler Languages
370 — File Management
375 — Information Structures
495 — Research Problems in Computer Science

Twelve hours selected from:
370 — File Management
375 — Information Structures
380 — Assembler Language Programming
385 — Computer Simulation and Statistical Techniques
450 — Theory of Compilers and Assemblers
455 — Operating Systems
Teaching Minor: 20 hours

Required:

All work in courses numbered 45-147 and above including:
147 — Calculus I
148 — Calculus II
351 — Linear Algebra
463 — Modern Algebra I
473 — Foundations of Mathematics
474 — The Teaching of Mathematics

Mathematics

45-101 — Mathematics for General Education. 3 hours. An introduction to basic mathematics and the calculator. Students are required to have a scientific calculator with an algebraic operating system and are taught basic algebraic notation via the calculator. Applications include the Pythagorean theorem, scientific notation, summation notation, basic statistical measures, arithmetic and geometric sequences, financial and loan problems, and the graphing of equations. Elementary applications of logarithms, exponential functions, and trigonometric functions are also considered.

45-111 — Mathematics for Elementary Teachers I. 3 hours. The language and nature of sets are introduced and used to study number systems. Special attention is given to whole numbers, integers, rational numbers, and real numbers. Properties of the fundamental operations of arithmetic are studied.

45-112 — Mathematics for Elementary Teachers II. 3 hours. A continuation of Math 111. Topics introduced include intuitive geometry, analytic geometry, theory of measurement, real number equations, modular number systems, number bases and statistics. Prerequisite: Math 111.

45-117 — Finite Mathematics with Business Applications. 3 hours. An introduction to finite mathematics with applications in business and management areas. Constructing and using linear models; matrices; solving linear systems of equations; linear programming; mathematics of finance; probability. Prerequisite: At least 1 year of high school algebra.

45-131 — Integrated Algebra and Trigonometry. 4 hours. Integrated algebra and trigonometry developed from a study of functions including selected topics from modern mathematics. Provides preparation for Math 147. Prerequisite: 1 year of high school algebra.

45-147 — Calculus I. 4 hours. An introduction to the calculus of one variable with associated analytic geometry. A review of selected topics from algebra; limits; continuity; derivatives and applications; indefinite integration with applications; the definite integral and the fundamental theorem of calculus. Prerequisite: 3 years of high school math, 4 strongly recommended; or Math 131 with a recommended grade of B+; and consent of the instructor. It is recommended that those with an ACT math score less than 24 take Math 131 before taking calculus.

45-148 — Calculus II. 4 hours. A continuation of Math 147. Applications of the definite integral; elementary transcendental functions, including their derivatives and integrals; techniques of integration; polar coordinates; hyperbolic functions; conics; L'Hopital's rule; improper integrals; and Taylor's formula. Prerequisite: Math 147 and consent of the instructor.

45-341 — Statistics. 4 hours. An introductory course in statistics with applications from a variety of disciplines including education, psychology and sociology. Topics include descriptive statistics, probability, expected value, sampling distributions, estimation, hypotheses testing of means and proportions (one and two sample cases), regression, correlation, chi-square, non-parametric statistics, and an introduction to analysis of variance and latin square designs. Students taking this course for mathematics credit will be assigned additional work, particularly in probability. Prerequisite: The general education requirement in mathematics must be completed before taking statistics.

45-351 — Linear Algebra. 3 hours. This course covers the fundamentals of linear algebra, including systems of linear equations, matrices, determinants, vectors and vector spaces (linear independence, basis, dimension, inner product spaces, orthonormal bases), linear transformations, eigenvalues and eigenvectors. Prerequisite: Math 148.

45-354 — Numerical Analysis. 3 hours. The field of numerical analysis deals with mathematical theory which leads to algorithms for solving various types of applied problems. The algorithms are generally highly computational and require a calculator and/or a computer for their execution. Topics include partial summing of infinite series, solution of non-linear equations, systems of non-linear and linear equations, numerical integration and differentiation, linear and multiple regression, and the numerical solution of differential equations. Prerequisites: Math 250, 351, and 361.

45-355 — Modern College Geometry. 3 hours. A study of Euclidean Geometry with Hilbert's axioms and projective geometry including duality, harmonic sequences, transformations, and analytic projective geometry. Corequisite: Math 351.
45-357 — Differential Equations. 3 hours.
An introduction to differential equations with an emphasis on solving differential equations. Topics include first order equations, linear differential equations, inverse differential operators, the LaPlace transform, nonlinear equations, and power series solutions. Prerequisite: Math 361.

45-361 — Calculus III (Multivariate Calculus). 3 hours.
A study of the calculus of real-valued functions of several variables. Partial derivatives, multiple integrals, and infinite series. Prerequisite: Math 148.

45-362 — Calculus IV (Vector Analysis). 3 hours.
The calculus of vector functions, line and surface integrals, theorems of Green, Gauss, and Stokes. An introduction to Fourier series. Prerequisite: Math 361.

45-382 — Probability and Mathematical Statistics. 3 hours.
Continuous probability spaces, density and distribution functions, random variables, expectations, variance, independence, conditional distributions, random sampling, law of large numbers, estimation of parameters, central limit theorem, hypothesis testing, moment generating functions regression. Prerequisites: Math 341 and 361.

45-459 — Advanced Calculus I. 3 hours.
A careful study of functions from $\mathbb{R}^n$ to $\mathbb{R}^m$. Topology of $\mathbb{R}^n$, continuity and uniform continuity, mean value theorems, Taylor’s Theorem, integration, convergence and uniform convergence, power series, improper integrals. Prerequisite: Math 341 and 361.

45-460 — Advanced Calculus II. 3 hours.
A continuation of Math 459. Linear transformations, total differential, differentiation, implicit function theorems, application of differentiation to geometry and analysis, differential forms, vector analysis, line and surface integrals, Theorems of Green, Gauss and Stokes. Prerequisite: Math 459.

45-463 — Modern Algebra I. 3 hours.
A study of fundamental structures of algebra, including groups, rings, integral domains, fields, vector spaces and modules, substructures, homomorphisms, image structures, quotient structures and product structures. Finitely generated abelian groups, solvable groups, Jordan-Holder theorem, Sylow theory, polynomial rings, unique factorization domains, Euclidean domains, extension fields, finite fields, algebraic closure and constructible numbers. Corequisite: Math 351.

45-464 — Modern Algebra II. 3 hours.

45-473 — Foundations of Mathematics. 3 hours.
A consideration of the origin, history, literature and nature of mathematics. Possible topics include Euclid’s Elements, development of non-Euclidean geometry, Hilbert’s postulates for geometry, algebraic structure, the modern mathematical method, number systems, sets, logic and philosophy. Prerequisite: Math 351.

45-474 — The Teaching of Mathematics. 2 hours.
A consideration of the problems, materials and methods involved in contemporary mathematics teaching. Implications of current developments and trends in mathematics for the teacher. Prerequisite: Math 473. (Applies only on a teaching major or a teaching minor.) Taken concurrently with Educ. 480.

45-491 — Topics in Mathematics or Computer Science. Selected topics in mathematics to provide opportunity for individual attention to areas of special interest. Prerequisite: Consent of the instructor. Hours to be arranged.

45-561 — Statistics. 4 hours.
This course is the same as Education and Mathematics 341. In addition to the computational problems assigned, graduate students will do some readings from educational journals. Some additional problems, particularly in probability, will be assigned to those taking the course for mathematics credit.

Computer Science

45-125 — Concepts of Computer Science. 3 hours.
Basic concepts of computer mathematics, problem analysis and flowcharting techniques, essential concepts concerning computer hardware and software, student programming using the BASIC programming language. Problems span scientific and business type applications. This course does not count toward a computer science major or minor.

45-250-251 — Compiler Languages. 3 hours.
Principles of problem analysis, compiler language usage, computer program organization, program loading, execution and testing. Usage of the GA 16/440 system time-sharing terminals, batch processing, job control language and system utilities. Debugging techniques. Compiler languages such as FORTRAN, COBOL and RPG will be considered in various semesters.

45-370 — File Management. 3 hours.
Utilization of advanced COBOL concepts for file management, consideration of various general-purpose file management and data base man-
management systems and their usage. Problems for business applications using various indexed-sequential, random and indexed-random organizations. Prerequisite: CS 250 or 251.

45-375 — Information Structures. 3 hours. Concepts of various data and file structures to include indexed-sequential techniques, random organization, indexed-random, integrated and directoryed files. Applications of basic stack queue, array, vector, list, string, graph, tree, and ring mechanisms. Techniques of table-lookup and sorting algorithms. Prerequisite: CS 250.

45-380 — Assembler Language Programming. 3 hours. Includes subroutines, overlays, linkages, indexing, indirect addressing, and machine language organization. Application of various assembler language algorithms. Specific use of the GA 16/440 CAP language for student problems. Prerequisite: CS 250.

45-385 — Computer Simulation and Statistical Techniques. 3 hours. Concepts of computer modeling and simulation of scientific and business applications. Application of continuous and discrete probabilities such as uniform, normal, Poisson, and chi-square distributions. Usage of various statistical subroutines and simulation languages will be studied. Prerequisites: CS 250, 341.

45-390 — Systems Analysis and Design. 3 hours. Includes the latest techniques in structured design and implementation of data base management systems in the fields of business and industry. The designs serve to integrate the structures and file techniques of courses 370 and 375 into large data base systems.

45-440 — Computer Hardware Architecture and Design. 3 hours. Consideration of the functional design of the basic mainframe and peripheral hardware components of a computer system. Specific interest in the interrelation of the hardware and the operating system software, such as I/O, interrupt handling and job flow. Projects involving the use of a laboratory microcomputer system. Prerequisite: CS 380 or consent of the instructor.

45-450 — Theory of Compilers and Assemblers. 3 hours. Study of the components and design of a basic assembler and a typical compiler. Consideration of the interaction of compilation and assembly. Particular attention will be given to the various solutions to assembler/compiler problems. Students will be required to prepare working portions of an assembler and/or compiler. Prerequisite: CS 380.

45-455 — Operating Systems. 3 hours. Consideration of the primary modules of an operating system including bootstrap, absolute and relocatable loaders, debug facilities, I/O subsystems and utilities. Study of system job flow, scheduling, resource management and allocation, system spooling, and performance monitoring. Comparative attributes of such operating systems as DOS, FSOS, TSOS, and RTOS as implemented on the GA 16/440 system will be studied. Prerequisite: CS 450.

45-495 — Research Problems in Computer Science. 1 to 3 hours. Students will be required to define a “real-world” computer application problem and follow it through to a workable solution. The student will be assigned a faculty adviser for the project. This project may be pursued within the various departments of the college or in cooperation with local business or industry. Periodic progress reports will be required at rearranged phase points of the project. Prerequisite: consent of the faculty adviser monitoring the project.

Physics — 46

IVOR GILBERT NEWSHAM (1972)
Professor of Physics,
Chairman of the Department
B.A., 1968, Northwest Nazarene College
Ph.D., 1972, Washington State University

VIRGIL VAIL (1972)
Associate Professor of Physics
B.A., 1949, Northwest Nazarene College
M.S., 1950, University of Idaho;
Stanford University

The department of Physics offers courses: (1) for those students who wish intensive work in Physics to support graduate study or professional practice in the field of Physics, and (2) for those who require a general background in Physics for teaching, engineering, or the medical profession.

The Department of Physics aims to help students to:

1. Develop habits of constructive, critical thinking and effectiveness in oral and written communication.
2. Develop an understanding of the nature of science and its relationship to the Christian life.

3. Relate both their faith and their understanding of science to contemporary scientific and technological problems.

4. Acquire an understanding of facts, methods, and concepts in physics and engineering.

5. Describe physical phenomena in mathematical terms and use the mathematical description to predict physical results.

6. Be prepared for graduate study or professional practice in the field of physics; or Acquire a general background in physics for entering the fields of teaching, engineering, the medical profession, or other related science areas.

Olivet graduates in physics and engineering have attended graduate schools in physics, mathematics, medicine and engineering. Some have become high school teachers. Others have taken a variety of technical jobs in industry and government.

The emphasis in all the physics and engineering programs at Olivet is on a strong, broad mathematical and science base. This provides students with the ability to adapt readily to technological change since, in general, the science and mathematics change slower than the technology. Many companies require new employees to have a broad liberal arts education along with a strong mathematics and science background.

**Major (Bachelor of Arts):**

**32 hours**

**Required:**

Physics 201 — General Physics I
202 — General Physics II
246 — Basic Physical Measurements
352 — Electricity and Magnetism
385 — Theoretical Mechanics
480 — Seminar in Physics
587 — Modern Physics I

**Two courses selected from:**

386 — Theoretical Mechanics II
460-470 — Advanced Topics in Physics
491 — Optics
588 — Modern Physics II

**One course selected from:**

371 — Electronics for Scientists
493 — Research in Physics

**To be supported by:**

Chem. 103 — General Chemistry
114 — Chem. for Physical Sciences
Math 147, 148, 361 — Calculus

**Two courses selected from:**

Math 357 — Differential Equations
351 — Linear Algebra
459 — Advanced Calculus I

**Minor: 19 hours**

**Required:**

Physics 201 — General Physics I
202 — General Physics II
246 — Basic Physical Measurements

**Teaching Major (Bachelor of Arts):**

**32 hours**

**Required:**

The same as the regular Physics major, plus the Professional Education Sequence, including N.S. 477 — Teaching of Natural Sciences. Physics 491-Optics is strongly recommended as one of the selected courses.

**Teaching Minor: 24 hours**

**Required:**

Physics 201 — General Physics I
202 — General Physics II
246 — Basic Physical Measurements
477 — Teaching of Natural Sciences

**Major (Engineering Physics — Bachelor of Science):**

**41 hours**

**Required:**

Physics 201 — General Physics I
202 — General Physics II
246 — Basic Physical Measurements
352 — Electricity and Magnetism
371 — Electronics for Scientists
385 — Theoretical Mechanics I
386 — Theoretical Mechanics II
480 — Seminar in Physics
493 — Research in Physics (6 hours)
587 — Modern Physics I

**Two courses selected from:**

460-470 — Advanced Topics in Physics
491 — Optics
588 — Modern Physics II

**One course selected from:**

371 — Electronics for Scientists
493 — Research in Physics
Physics

To be supported by:
Nat. Sci. 107 — Engineering Graphics
Chem. 103 — General Chemistry
114 — Chemistry for Physical Sciences
Math 147, 148 — Calculus I and II
250 — Compiler Languages
361 — Calculus III
362 — Calculus IV

Two courses selected from:
Math 351 — Linear Algebra
354 — Numerical Analysis
357 — Differential Equations
459 — Advanced Calculus I

One course selected from:
Chem. 301 — Quantitative Analysis
310 — Instrumental Methods of Analysis
382 — Physical Chemistry I

A foreign language is required in meeting the General Education Requirements. German is recommended.

Courses

46-111 — Introduction to Physics I. 4 hours. Mechanics, Sound, Heat, Fluids. A non-calculus course for Life Scientists and General Education. Emphasis is on Life Science applications. Prerequisite: Math 131 (Algebra and Trigonometry) or its equivalent.

46-112 — Introduction to Physics II. 4 hours. Electricity, Magnetism, Optics, Atomic and Nuclear Physics. Continuation of Physics 111. Cannot be applied to an Engineering or Physics major. Prerequisite: Physics 111.

46-201 — General Physics I. 5 hours. Mechanics, sound, heat. Lectures with demonstrations and recitations. 3 periods per week. Laboratory 4 hours per week. Corequisite: Math 147 or equivalent.

46-202 — General Physics II. 5 hours. Optics, electricity, magnetism, atomic physics. Prerequisite: Physics 201.

46-246 — Basic Physical Measurements. 3 hours. A laboratory course dealing with the principles and instrumentation of modern physical measurements with applications to standardization and calibration, and measurements of non-electrical quantities by electrical methods. 2 lecture-laboratory periods per week. Prerequisite: Physics 202.

46-352 — Principles of Electricity and Magnetism. 3 hours. A study of the laws of electrostatics, magnetism, electric and magnetic fields, and Maxwell’s equations. Special emphasis is given to the theoretical aspects of the subject. Prerequisite: Physics 202. Corequisite: Math 362. 3 lecture periods per week.

46-371 — Electronics for Scientists. 3 hours. An introduction to electronic instrumentation dealing with the principles and application of comparison methods, amplification, feedback, and servo systems. Analog and digital methods are discussed. Prerequisite: Physics 246 or Chemistry 382; Corequisite Math 361. Two 2½ hour lecture-laboratory periods per week.

46-385 — Theoretical Mechanics I. 3 hours. A study of the statics of systems of particles and of rigid bodies; friction, work and energy, momentum, simple harmonic motion, centroids and moments of inertia are among the topics covered. 3 hours lecture per week. Prerequisite: Physics 202, Math 361.

46-386 — Theoretical Mechanics II. 3 hours. A continuation of the study of mechanics dealing principally with the dynamics of particles and of rigid bodies and the Lagrangian and Hamiltonian formulations of Mechanics. Prerequisite: Physics 385.

46-388 — Geophysics. 3 hours. (Same as Earth Science 388.)

46-460-470 — Advanced Topics in Physics. 3 hours. Three hour courses to be offered no more than once every two years as advanced topics. For example, 46-460 — Thermodynamics and Statistical Physics; 46-461 — Quantum Mechanics.

46-480 — Seminar in Physics. 0 to 1 hour. A seminar course with papers presented by students. One hour of credit (6 papers) required for graduation. Required attendance for all junior and senior physics majors. Prerequisite: approval of the instructor.

46-491 — Optics. 3 hours. Geometric, wave, physical, quantum and applied optics. 2 hours lecture, 2 hours laboratory per week. Prerequisite: Physics 352.

46-493 — Research in Physics. 3 hours. Original research in physics consisting of both literature research and laboratory work. Prerequisite: approval of instructor. (Up to 6 hours to be counted towards a major.)

46-587 — Modern Physics I. 3 hours. The foundation of atomic physics and an introduction to quantum theory and special relativity. 3 lecture periods per week. Prerequisite: Math. 361, Physics 202.

46-588 — Modern Physics II. 3 hours. A continuation of Physics 487 dealing with molecules, solids, nuclear and high energy physics. 3 hours lecture per week. Prerequisite: Physics 587.
Ministerial students have opportunity in their senior year to work as interns in churches within driving distance of the college. Dr. J. Ottis Sayes, center, who is chairman of the Division of Religion and Philosophy, directs this program. He has just introduced Vernon Tew, left, to Rev. James Spruce, pastor of First Church of the Nazarene in Champaign, Illinois.

Division of Religion and Philosophy

Biblical Literature — 51
Philosophy — 52
Christian Education — 53
Theology — 54

J. Ottis Sayes, Chairman

The Division of Religion and Philosophy includes the Departments of Biblical Literature, Philosophy, Christian Education, and Theology. Practical as well as theoretical in scope, this division has certain immediate objectives which relate the specific aims of its departments to the general objectives of the College. Among these are the following: (1) to acquaint the student with the religious, cultural, and scriptural heritage of the Christian faith that he may be led to self-realization through a full commitment to Christ; (2) to help the student, through the various methods of thought, to arrive at the world view in harmony with both reason and revelation; (3) to help the student gain a sense of responsibility for evangelism and to apply Christian principles to the socio-economic and cultural problems of our day; (4) to prepare lay and ministerial students for a life of Christian service in the church and community; and (5) to prepare students for further graduate studies in their chosen fields.
Faculty: Religion and Philosophy

J. OTTIS SAYES (1956)
Professor of Christian Education; Chairman of Division of Religion and Philosophy; Director of Graduate Studies in Religion
Th.B., 1944, Bethany Nazarene College
B.D., 1947, Nazarene Theological Seminary
M.R.E., 1951, D.R.E., 1955, Southwestern Baptist Theological Seminary

FOREST T. BENNER (1964)
Professor of Theology
B.S., 1951, Johns Hopkins University
S.T.B., 1958, Temple University
Th.M., 1960, Eastern Baptist Seminary
Ph.D., 1966, Temple University

GROVER BROOKS (1974)
Special Lecturer in Biblical Literature
A.B., 1971, Olivet Nazarene College
M.A., 1973, Olivet Nazarene College

JOHN CULP (1978)
Assistant Professor of Theology and Philosophy
B.A., 1964, Greenville College
M. Div., 1967, Asbury Theological Seminary
M.A., 1969, Butler University
Ph.D., 1978, Claremont Graduate School

WILLIAM W. DEAN (1972)
Associate Professor of Religion
B.A., 1950, Bethel College
B.D., 1952, Asbury Theological Seminary
Ph.D., 1965, University of Iowa

C. WILLIAM ELLWANGER (1977)
Associate Professor of Theology
Th.B., 1945, Olivet Nazarene College
B.D., 1948, Nazarene Theological Seminary

KENNETH HENDRICK (1974)
Associate Professor of Biblical Literature
B.A., 1959, Olivet Nazarene College
M. Div., 1962, Nazarene Theological Seminary
Th.M., 1969, Midwestern Baptist Seminary
D.Min., 1975, Midwestern Baptist Seminary

GEORGE LYONS (1977)
Assistant Professor of Biblical Literature

B.A., 1970, Olivet Nazarene College
M.Div., 1973, Nazarene Theological Seminary
Emory University

LESLIE PARROTT (1975)
President of the College; Professor of Theology
Th.B., 1944, Olivet Nazarene College
M.A., 1948, Willamette University
Ph.D., 1958, Michigan State University
Post-Doctoral Certificate, 1974, Harvard University

LARRY REINHART (1979)
Assistant Professor of Religion; Career Planning Counselor
B.A., 1962, Olivet Nazarene College
B.D., 1965, Nazarene Theological Seminary
M.A., 1969, Olivet Nazarene College

WILLIAM WOODRUFF (1968)
Associate Professor of Biblical Literature
B.A., 1954, Ottawa University
M.Div., 1958, Fuller Theological Seminary
M.R.E., 1963, Fuller Theological Seminary
M.Th., 1964, Asbury Theological Seminary

Major (Bachelor of Arts)
Religion: 39 hours

Required:
Theology 116 — Fundamentals of Christian Ministry
351 — History of Christianity
353, 354 — Systematic Theology
452 — Church Administration
455 — Homiletics
462 — Evangelical Perfection
470 — Evangelism and Missions
494 — Pastoral Care
496 — Field Training and Service
571 — History and Polity of the Church of the Nazarene

Supporting Courses (may overlap General Education requirements): Philosophy, 8 hours; Christian Education 3 hours; Social Science, 6 hours; History, 6 hours; Psychology 3 hours; Speech 104 — Parliamentary Law and 3 additional hours of speech.
Biblical Literature 131

Music 377 — Music in Worship

Biblical Literature: 5-6 hours of upper division Old Testament, including at least 3 hours in the major or minor prophets

Biblical Literature: 5-6 hours of upper division New Testament in either Greek or English.

**Major (Bachelor of Theology): 42 hours**

**Required:**

Same as the Bachelor of Arts in Religion, except for the language requirement of General Education courses, Group V in Intercultural Understanding. The student may select 6 hours of courses in International Relations, Foreign Culture, Ethnic or Cross-cultural Interaction instead of the 10 hours of language.

**Major (Religion and Philosophy): 32 hours**

**Required:**

Theology 351 — History of Christianity
353, 354 — Systematic Theology
462 — Evangelical Perfection

Phil. 141 — Beginning Philosophical Systems
351 — Ancient and Medieval Philosophy
352 — History of Modern Philosophy

Ten additional hours of philosophy.

**Minor: 16 hours**

**Required:** Theology 351, 3 hours of upper division Biblical Literature, with additional courses to be approved by the Chairman of the Division.

**Course of Study for Ministers**

Degree candidates are advised that the Manual, Church of the Nazarene, states the following minimum requirements for graduation from the Course of Study of ministers:

Biblical Literature, 12 hours
Theology (including one semester of Doctrine of Holiness), 12 semester hours
Homiletics, Practics, and Christian Education, 12 hours
Church History (including History and Polity of the Church of the Nazarene), 8 hours
Evangelism and Missions, 4 hours
English, Literature, and Speech, 12 hours

Philosophy and Psychology, 8 hours
History and Social Science, 8 hours
Science, 4 hours

**Biblical Literature — 51**

The aims of this Department are: (a) to lead students into an intelligent appreciation of the Bible as the foundation of our Christian faith and as an important factor in our civilization; (b) to give students a basic understanding of the organization and content of our English Bible, and to acquaint them with the principal persons and events involved in Biblical history; (c) to train students in a sound interpretation of the Bible, and to help them to make practical applications to Christian doctrine, experience, and life; and (d) to acquaint students, especially those who are preparing for the ministry, with the origin and literary history of the Bible and with some of the more important problems of Bible study.

**Major: 28 hours**

**Required:** 28 hours upper division Biblical Literature, including 9 hours of New Testament Greek exegesis, at least 9 hours in the Old Testament, and 10 additional hours of upper division Biblical Literature courses, excluding 467 and 468.

**To be supported by:** Systematic Theology 353, 354; Philosophy, 8 hours; Literature, 6 hours; History, 6 hours. One supporting course must deal with the ancient and medieval period.

**At least two elective courses from:**
Christian Education, Church History 351, Church Administration 452, Homiletics 455, Theology 462 — Evangelical Perfection, History and Polity of the Church of the Nazarene 571.

**Minor: 16 hours**

**Required:** Courses approved by the Department Chairman to include at least 12 hours in upper division work.

**Courses**

51-101 — Old Testament Survey. 3 hours.
The General Education course designed to survey the background and contents of the books of the
Old Testament in English translation. Attention is given to significant persons, events and major teachings. Required of all freshmen.

51-102 — New Testament Survey. 3 hours. A General Education course designed to explore the background and contents of the books of the New Testament in English translation. Attention is given to significant persons, events and major teachings. Required of all freshmen.

51-133 — Elementary Koine Greek, Level I (a). 4 hours. Same as Greek 133.

51-134 — Elementary Koine Greek, Level I (b). 3 hours. Same as Greek 134.

51-231 — Intermediate Koine Greek, Level I (c). 3 hours. Same as Greek 231.

51-334, 335 — New Testament Greek Exegesis. 3 hours. Grammar, review, attention to the principles of sound exegesis of the Greek New Testament. (334) Exegetical translation of Romans and Galatians during the fall semester of even-numbered years, and (335) translation of Ephesians, Luke, Hebrews and Revelation in the fall semester of odd-numbered years. Prerequisites: an A or B in Greek 131 and 132, or completion of Greek 231.

51-336, 337 — New Testament Greek Exegesis. 3 hours. Grammar, review, attention to the principles of sound exegesis of the Greek New Testament. (336) Exegetical translation of Corinthians I and II during the spring semester in even-numbered years, and (337) translation of Matthew, Acts, the Pastoral Epistles and James in the spring semester of odd-numbered years. Prerequisite: Greek 231 or 334.

51-365 — Hebrews and General Epistles. 2 hours. An exegetical study of Hebrews and the General Epistles (James, 1 and 2 Peter and Jude) in English translation.

51-467 — Pauline Epistles I. 3 hours. An exegetical study of Romans, 1 and 2 Thessalonians, Colossians and Philippians on the background provided in Acts.

51-468 — Pauline Epistles II. 3 hours. An exegetical study of Galatians, 1 and 2 Corinthians, Ephesians and Philippians on the background provided in Acts.

Courses in the 500 series are open to qualified seniors and graduate students.

51-571 — Pentateuch. 3 hours. A study of the historical background and the development of the Hebrew people as found in Genesis, Exodus, Leviticus, Numbers and Deuteronomy.

51-573 — Synoptic Gospels. 3 hours. A study of the life and teachings of Jesus based on a comparative examination of the first three gospels in English translation. Attention is given to the particular perspective and distinctive features of Matthew, Mark and Luke.

51-574 — Johannine Literature. 3 hours. An exegetical study of the gospel and epistles of John and The Revelation in English translation.

51-575 — Old Testament Historical Books. 3 hours. An exegetical study of the history of Israel from the conquest through the post-exilic period as reflected in the books of Joshua, Judges, 1 and 2 Samuel, 1 and 2 Kings, 1 and 2 Chronicles, Ezra, Nehemiah and Esther.

51-600-699 — Graduate Level Courses. Open to some seniors. See the Director of Graduate Studies in Religion.

Philosophy — 52

The objectives of the Department of Philosophy are:

1. To aid the student in developing and formulating a workable philosophy of life.
2. To aid the student in understanding the nature, methods, and value of philosophy.
3. To help the student in his search for reality, truth, and value.
4. To teach the student how to think cogently and soundly.
5. To cultivate in the student the facility of clear and perceptive language usage, both written and oral.
6. To provide for each student philosophical background and tools necessary for further study — for graduate work in philosophy, teaching, seminary, and active ministry.
7. To acquaint each student with the ideas of great historical thinkers in the world.
8. To provide for the student a world view which makes Christianity and "doing Philosophy" compatible.
9. To engender in each student a spirit of philosophy which is not only analytic and critical, but also creative and open-ended.
10. To guide the student to a level of maximum concreteness about all available human experience.
11. To unfold for each student the philosophical meaning of "Education with a Christian Purpose."

**Major: 26 hours**

**Required:**
- Philosophy 141 — Beginning Philosophical Systems
- 241 — Logic: Rules of Correct Thinking
- or 242 — Ethics: What Ought I to Do?
- 351 — Ancient and Medieval Philosophy
- or 352 — History of Modern Philosophy
- 371 — History of 20th Century Philosophy
- or 481 — Philosophy of Religion
- 491 — Epistemology
- 492 — Metaphysics

Nine additional upper division hours approved by the Department Chairman.

**To be supported by:**
- History, 6 hours
- Psych. 101 — Introduction to Psychology
- Sociology 121 — Introductory Sociology
- Upper division Theology, 6 hours (preferably Church History)

**Minor: 14 hours**

**Required:**
- Phil. 141 — Beginning Philosophical Systems
- 241 — Logic: Rules of Correct Thinking
- or 242 — Ethics: What Ought I to Do?
- 351 — Ancient and Medieval Philosophy
- or 352 — History of Modern Philosophy

Six additional upper division hours approved by the Department Chairman.

**Courses**

52-141 — Introduction: Beginning Philosophical Systems. 2 hours. A systematic inquiry into the fundamental philosophical ideologies of ancient, medieval, modern, and contemporary periods. A deliberate attempt is made to establish a firm and secure ground for further studies in philosophy.

52-241 — Logic: Rules of Correct Thinking. 3 hours. An analysis of the logical use of traditional and symbolic language, its function, form, misuses, and significance, especially in connection with the deductive and inductive forms of reasoning.

52-242 — Ethics: What Ought I to Do? 3 hours. A theoretical study of the value principles by which men live; and investigation of the theories offered historically to such questions as "What ought man to do?" and "What is the good life?"

52-243 — Aesthetics: What is Beauty and Art? 2 hours. A philosophical and scientific study of (a) works of art, (b) the processes of experiencing art, and (c) certain aspects of nature and human production outside the field of art especially in connection with the concept of the "beautiful" in form and sensory qualities.

52-245 — Philosophy of Science. 2 hours. A systematic investigation of the nature of science, its methods, presuppositions, logical structure and symbolic systems, its relations to value studies and historical context, and its empirical, rational, and pragmatic basis.

52-351 — History of Ancient and Medieval Philosophy. 3 hours. An historical survey of the principle ideas of the Greek philosophers, especially Plato and Aristotle, and the Medieval Philosophers, especially Augustine and Aquinas. Prerequisite: 2 hours, or with instructor's consent. Recommended for Religion majors.

52-352 — History of Modern Philosophy. 3 hours. An historical survey of the principle ideas of the philosophers of the Renaissance, Continental Rationalism, British Empiricism, and the Nineteenth Century period of Ideology, with special emphasis given to Descartes, Locke, Hume, Kant, Hegel, and Schopenhauer. Prerequisite: 2 hours or with instructor's consent.

52-355 — History of Eastern Philosophy. 3 hours. An historical survey of the principle ideas of ancient Indian, Chinese, and Jewish philosophy together with a development of more recent emphases on eastern thinking in Western civilization. Prerequisite: 2 hours of philosophy or with instructor's consent.

52-371 — History of Twentieth-Century Philosophy. 3 hours. An historical survey of the principle ideas of pragmatism, idealism, logical positivism, phenomenology, Existentialism, and language analysis, prior to 1970. Prerequisite: 2 hours of philosophy or with instructor's consent.
52-481 — Philosophy of Religion. 3 hours. An investigation and analysis of religious consciousness, the theories it has evolved and their development and historic relationships in the cultural complex. Direct attention is given to problem of God’s existence, human destiny, revelation and faith, miracles, verification-falsification issue, religious language, and religious experience. Prerequisite: 52-141, 52-351, 52-352, or with instructor’s consent. Recommended for Religion majors.

52-490 — Seminar in Philosophy. 1 to 4 hours. A specialized analysis of a philosopher, a philosophical movement or problem involving individualized research and philosophical dialogue; recommended to students of exceptional philosophical ability and background. Prerequisite: 52-141, 6 hours of history of philosophy, plus recommendation of Chairman of Philosophy Department.

52-491 — Epistemology: What are the Limits of Knowledge? 3 hours. A consideration and analysis of the origin, structure, methods, nature, and extent of knowledge in relation to its allied disciplines, viz., metaphysics, logic, and psychology. Prerequisite: 52-141, plus 8 hours of philosophy.

52-492 — Metaphysics: What is the Nature of Being qua Being? 3 hours. An analysis of the nature of Being, the world, natural psychology, and natural theology with special attention given to more highly sophisticated theories of metaphysics. Prerequisite: 45-141, plus 8 hours of philosophy.

Christian Education — 53

The opportunities of service for volunteer and paid, professional workers in Christian Education are multiplying. The demand for trained personnel is increasing for full-time directors of Christian Education in local churches, week-day school teachers, and age-group directors. In addition, local churches need V.B.S. directors and workers, Sunday school teachers, youth workers, and Caravan workers.

The Department of Christian Education provides training to individuals who feel called to this type of work. Some will be full-time staff persons. Others will supplement their vocational training in this area to increase their Christian service effectiveness.

The Department seeks to (1) acquaint students with the fundamental principles of Christian Education, (2) offer a major for those who plan to devote full time to Christian Education, (3) offer a minor for students who wish to supplement their vocational training with some skills in Christian service, and (4) help majors meet Manual requirements for commission as ministers of Christian Education.

 Majors in Christian Education are urged to take courses in music, business, radio, drama, speech, and art to increase their usefulness in the local church. For the minor in Church Music see the Department of Music.

Major: 27 hours

Required:

C.E. 115 — Christian Education
451 — History and Philosophy of Religious Ed.
452 — Church School Administration
491, 492 — Supervised Field Work
571 — History and Polity of the Church of the Nazarene

Thirteen additional hours of upper division work in Christian Education.

Required supporting courses:

Psy. 101 — Introduction to Psychology
211 — Child Developmental Psychology
 or 212 — Adolescent and Adult Developmental Psychology
Art — 105 — Crafts for Elementary Teachers
Speech 101 — Fundamentals of Speech

Strongly recommended supporting courses:

Mus. 276 — Elementary Conducting
Sp. 104 — Parliamentary Law
Eng. 241 — Journalism

Christian Education and Church Music, Combination Major

Required

Christian Education: 23 hours

115 — Christian Education
301 — Principles and Methods for C.E.
364 — Christian Education of Youth
377 — Music in Worship
451 — History and Philosophy of C.E.
452 — Church School Administration
491-492 — Supervised Field Work including some music
571 — History and Polity of the Church of the Nazarene

Upper division electives — 2 hours
**Church Music: 44 hours**

Applied Work — 12 hours, including a minimum of 4 hours piano and 4 hours voice.

190 — Music Literature
192, 193 — Music Theory
379 — Music in the Church Service
390 or 391 — Music History
478 — History of Church Music
479 — Seminar in Church Music
494 — Instrumentation
Conducting — 4 hours
Ensemble — 2 hours
Instrumental Methods — 4 hours

**Minor: 17 hours**

**Required:**

C.E. 115 — Christian Education
452 — Church School Administration
491 or 492 — Supervised Field Work in Christian Education

Ten additional hours of upper division work in Christian Education.

**Majors in Christian Education are advised the Manual of the Church of the Nazarene states the following minimum requirements for graduation from the Course of Study for ministers of Christian Education:**

Biblical Literature, 12 hours
Theology, including one course in Doctrine of Holiness, 8 hours
Church History, including one course in History and Polity of the Church of the Nazarene, 6 hours
Evangelism and Missions, 4 hours
Church Music, 2 hours
General and Education Psychology, 6 hours
Christian Education, 18 hours
English, Literature, and Speech, 8 hours

**Courses**

53-115 — Christian Education. 3 hours.
A study of the aims, methods, materials and programs of Christian education. Agencies of the local church for educational evangelism and development of Christian character will be considered, including Sunday school, youth groups, mission society, home and extension services, weekday religious instruction, activities in the church and community. The organization and administration of all Christian education in the local church will be considered, including present day problems and trends.

53-299 — Summer Ministries in the Church of the Nazarene. 3 hours.
This course is designed to prepare the student for practical involvement in the summer ministries program of the Church of the Nazarene. It emphasizes the nature and background of the specific ministries, cross-cultural understanding, personal growth, Biblical understandings, churchmanship, and special skills appropriate to these respective ministries.

53-301 — Principles and Methods for Christian Education. 3 hours.
A study of the principles of educational theory as they relate to the teaching ministries of the church, and a survey of practical teaching methods for use in the local church.

53-363 — Christian Education of Children. 2 hours.
A study of the basic principles of child psychology in relation to the needs of the child, materials and methods for children's work in the nursery, beginner, primary and junior departments, and the administration of the church school program for children. Prerequisites: C.E. 115, Psych. 101, 211. Through 53-491 or 53-492 additional credit may be earned by actual involvement in teaching this age group.

53-364 — Christian Education of Youth. 2 hours.
A study of adolescent psychology in relation to the nature and needs of young people, materials, methods and programs for youth work in the intermediate, senior and youth people's departments, a suggested program of Bible study, evangelism, worship, recreation, and stewardship to win and hold the adolescent group. Prerequisites: C.E. 115, Psych. 201, 212. Through 491 or 492 additional credit may be earned by actual involvement in teaching this age group.

53-365 — Christian Education of Adults. 2 hours.
A study of the nature and needs of the adult groups and materials and methods for teaching adults. Special attention is given to planning for the young adult group, missionary, stewardship and other Christian Service Training education in the local church. Prerequisites: Psych. 211 or 212 and C.E. 115. Through 491 or 492 additional credit may be earned by actual involvement in teaching this age group.

53-366 — Contemporary Ministries. 3 hours.
A study of various ministries that are currently being used by the church. Such ministries as weekday programs, outreach ministries, camping, social programs, bus ministries, and campus ministries would be dealt with. The course would also be flexible enough to include new ministries as they develop in the life of the church.
Theology

53-367 — Materials and Methods for Recreation. 3 hours. Same as Physical Education 367. Prerequisites: C.E. 115, Psych. 101, 211.

53-377 — Music in Worship. 2 hours. Same as Music 377.

53-452 — Church Administration. 3 hours. Same as Theology 452.

53-489 — Problems in Christian Education. 2 hours. Individual study of a practical problem in Christian education. The student must decide upon a problem, study it, and propose its solution. The major requirement is a written report of his research. Open to majors only.

53-491, 53-492 — Supervised Field Work in Christian Education. 1 hour, both semesters. Each student is expected to arrange for participation in a practical experience in Christian education, i.e., teaching a class, working in Caravan, participating in a club or camp. One semester should be spent working in directing the Christian educational program as an assistant to the Director of Christian Education, if possible. Christian Education majors and minors only during Senior Year.

53-494 — Pastoral Care. 3 hours. Same as Theology 494.

53-496 — Community Recreation. 3 hours. A course designed to give the student an understanding of the philosophical background of modern community recreation as well as the role of recreation in meeting the recreation needs of various societal groups.

53-497 — Audio-Visual Aids in Christian Education. 2 hours. Same as Education 497.

53-520 — History and Philosophy of Early Childhood Education. 3 hours. Same as Education 520.

53-526 — Instructional Methods of Early Childhood Curriculum. 3 hours. Same as Education 526.

53-571 — History and Polity of the Church of the Nazarene. 3 hours. Same as Theology 571.

Theology — 54

The objectives of the Department of Theology are as follows: (1) to cultivate a fuller appreciation of the doctrines, and institutions of the Christian Church through a more adequate knowledge of their origin, development, and historical importance; (2) to emphasize the Arminian theology as interpreted by John Wesley and reconstructed by subsequent holiness movements, especially the Church of the Nazarene; (3) to train young ministers for effectiveness in preaching and efficiency in pastoral methods; (4) to acquaint the student with church government, especially the polity of the Church of the Nazarene; and (5) to inspire and train prospective pastors, evangelists, missionaries, and lay workers in effective methods of evangelism.

The course of study for licensed ministers in the Church of the Nazarene has been considered in the curricular planning of the Division of Religion and Philosophy. While required for ordination in the church, not all of these courses are necessarily included in the requirements for degrees. Students looking forward to ordination should be guided by their advisors in selecting courses needed for the completion of ordination requirements.

Major and Minor — Requirements are listed at the beginning of this Division.

Systematic Theology

54-201 — Christian Doctrine. 3 hours. A general education course for all students involving a study of the fundamental doctrines of the Christian faith from a Biblical basis. The course will emphasize such concepts as Who or What is God; what is the nature of authority; developing a creed to live by; sin, redemption and sanctification; and comparison to other world religions. This course provides a background for further study, and to acquaint every student with the essential doctrines of the Christian faith with special emphasis given to the doctrine of holiness.

54-301 — The Church and Christian Living. 3 hours. Concepts of church and community of believers with a world-wide view. The history of the church with some specific attention to the Church of the Nazarene. The application of the Christian experience to life and the major
issues of the day including Christian concerns regarding the social and physical environment, human worth and dignity, and human justice. The theology of vocation with a study of applying Christian values and ethics to this area of living.

54-353, 54-354 — Systematic Theology. 3 hours both semesters. A general survey of the doctrines of the Christian Church in the light of their scriptural foundation, philosophical implications, and historical development. Special attention will be given to the Arminian point of view in respect to the atonement and the doctrine of entire sanctification. Recommended for juniors.

54-462 — Evangelical Perfection. 3 hours. A study of the doctrine of Christian perfection with special emphasis on its Biblical and historical background. A survey will be made of the outstanding literature in this field, and especially the life and works of John Wesley. Careful consideration will be given to the implications of Christian perfection for personal experience and practical living. Prerequisites: Theology 54-353, 54-354.

Religion

54-481 — Philosophy of Religion. 3 hours. A study of religion from the philosophical point of view. An examination of the contribution made by philosophy to the religion and the supplementary nature of faith and reflective thinking in human life. Prerequisite: Philosophy 351 and 352.

54-486 — Comparative Religion. 2 hours. A study of the chief contributions of the major living religions of the world. It is recommended for all students concentrating in the field of doctrinal theology.

54-490 — Seminar in Religion. 1 or 2 hours. An extensive study of some area, or areas, in religion designed to afford opportunity for religion majors to do creative research. Limited to seniors.

Church History

54-351 — History of Christianity. 5 hours. A survey of the history of the church, supplemented with lectures and readings giving particular attention to the theological contributions of representative men.

54-359 — Renaissance and Reformation. 3 hours. Same as History 359.

54-571 — History and Polity of the Church of the Nazarene. 3 hours. A survey of the major types of evangelical church polity in their historical development will lead to an exhaustive study of the Manual of the Church of the Nazarene. The history of the denomination will be carefully surveyed.

Practices

54-116 — Fundamentals of Christian Ministry. 3 hours. A course designed to acquaint the student with the foundation and avenues for fulfilling the special call to service and to introduce Olivet’s ministerial training objectives. Required of all freshmen in the ministerial training program.

54-452 — Church Administration. 3 hours. A comprehensive study of the organization and activities of the local church. Business administration; methods of publicity, evangelization program; ministerial ethics; relation of the church to the district and general program. Particular attention will be given to the Nazarene policy.

54-455 — Homiletics. 3 hours. The character of the sermon; the several types of sermons; finding source materials; the major divisions of the sermon; introduction, body, illustrations, conclusion. Analysis of great sermons. Practice in preparation and delivery of sermons. Class criticism.

54-470 — Evangelism and Missions. 4 hours. A study of world evangelism with emphasis upon history and methods. Attention is given to the public and personal proclamation of the Gospel in revival and personal work both at home and abroad by the Church of the Nazarene.

54-477 — Hymnology. 2 hours. Same as Music 477.

54-494 — Pastoral Care. 3 hours. A study of the theory, principles, methods, and resources of an effective pastoral ministry to individuals and small groups as it relates to specific needs of people in various stages and circumstances of life. Special attention will be given to the pastor’s ministry during human crises such as illness, pain and grief, marriage and family relationships, death, alcoholism, aging, inter-personal relationships. Attention will also be given to the techniques of pastoral calling in homes, counseling sessions and guidance.

54-496 — Field Training and Service. 1 to 6 hours. Prerequisites: Senior standing, approval by the committee on Ministerial Training and the completion of academic portion of the Ministerial Program.

54-600 to 699 — Graduate Level Courses. Open to some seniors. See Director of Graduate Studies in Religion.
Ministerial Certificate Program

The ministerial certificate program is designed to meet the needs of mature persons preparing for the ministry who do not qualify for admission to a degree program, or who otherwise find it impractical to pursue such a program.

While there are no formal academic requirements for admission to this program, students must complete the orientation program before registering for courses. Students in the College may transfer to this program only on the joint recommendation of the Scholarship and Admissions Committee and the Director of the program.

Credits earned in this program may not be counted toward a degree program. Work done will be marked S-Superior; G-Good; M-Medium; P-Poor; U-Unsatisfactory. Record of work taken may be sent to the District Board of Ministerial Studies to be applied on the Course of Study for Ministers as outlined in the *Manual* of the Church of the Nazarene.

The Certificate is awarded upon satisfactory completion of the 93-94 hours of work listed in next column.

**Biblical Literature: 12 hours**
Bib. Lit. 101, 102 — Old and New Testament

**Theology: 12 hours, including**
Theol. 353, 354 — Systematic Theology
Theol. 462 — Evangelical Perfection

**Practices and Christian Education: 24 hours**
Chr. Ed. 115 — Christian Education
Theol. 116 — Fundamentals of Christian Ministry
Music 377 — Music and Worship
Theol. 452 — Church Administration
Theol. 455 — Homiletics
Theol. 470 — Evangelism and Missions
Theol. 496 — Field Training

**Church History: 8 hours**
Theol. 351 — History of Christianity
Theol. 571 — History and Polity of the Church of the Nazarene

**English and Speech: 12 hours**
Eng. 103, 104 — Freshman Composition
Eng. 109, 110 — Introduction to Literature
Speech (including Speech 104)

**Philosophy and Psychology: 9 hours**

**History and Social Science: 9 hours**

**Natural Science: 4-5 hours**

History and religion met together in this classroom in Burke Administration Hall during the inauguration ceremony for President Ronald Reagan. See the next page photo.
Students of a class in U.S. History had immediate participation through observation of the inauguration of President Ronald Reagan on television during their regular class session.

Division of Social Sciences — 61

Business Administration — 62
Accounting — 63
Economics — 64
History — 65
Political Science — 66
Home Economics — 67
Sociology and Anthropology — 68
Geography — 69

Joseph F. Nielson, Chairman

The Division of Social Sciences consists of the Departments of Business Administration and Economics, History and Political Science, Home Economics, Sociology and Anthropology. Service courses in Geography are also available.

This Division seeks to develop in the student (1) A general understanding of social institutions, past and present, their development and problems; (2) An acquaintance with the political, economic, and social ideals and practices in American democracy; (3) An interest in, and a grasp of the social sciences with an opportunity to specialize in one or more fields; (4) An acquaintance with scientific methods of research in the study of society.
Major: 54 hours

Required:

Econ. 111, 112 — Principles of Economics
History 101 — Modern European History
102 — Modern European History, 1815 to
the Present
Sociology 121 — Introductory Sociology
Soc. Sci. 597 — Seminar in Social Science

At least 24 hours of upper division courses. Course work is to be distributed as follows: 24
hours in one department, 8 hours from each
of two other departments; additional hours
may be from above department or other areas
of the division.

Teaching Major: 54 hours

Required:

Same as above plus the Professional Edu­
cation Sequence, including Soc. Sci. 478 —
Teaching the Social Studies. The 24 hour
area must be in history with a minimum of 8
hours in U.S. History and 8 in General and
European History.

Teaching Minor: 24 hours

Required:

Option A — 16 hours of history including
8 hours in U.S. History and 8 in General or
European History. 8 additional hours from
Division of Social Science.

Option B — 8 hours each from two of the
following areas: economics, geography,
political science, and sociology. 8 additional
hours from the Division.

Courses

61-478 — Teaching the Social Studies. 2 hours. A course in education dealing with the
problems and methods of teaching history and the
social sciences. Intended for those who plan to
teach in this field in the secondary school. Not
counted toward the non-teaching major or minor.
Taken concurrently with Educ. 480.

61-597 — Seminar in Social Science. 3 hours. A course to correlate the fields of social
science and summarize current problems of society
with a view of their possible solutions. The student
will be required to apply social science research
methods to a topic of interest.

Business Administration — 62

Graduate studies, Illinois State University

JOANNE MARQUART (1980)
Assistant Professor of Business
Education
B.S., 1961, Olivet Nazarene College
M.Ed., 1968, University of Illinois

GENE SHEA (1977)
Associate Professor of Business
Administration
B.S., 1959, Olivet Nazarene College
M.A., 1961, Ohio State University
CPA, 1964

The purpose of this Department is to give stu­
dents a basic knowledge of the activities in the
business and economic world. A knowledge
of economic forces is a part of the back­
ground for any cultured and intelligent citizen.
This knowledge, together with business skills,
is fundamental to those who contemplate a
career in such fields as general business,
accounting, management, insurance, mer­
chandising, secretarial work, teaching of
business subjects in the high school, or
Christian service such as the ministry of mis­
ionary work.

The non-teaching major provides the stu­
dent with a basic core curricula and permits
a choice of emphasis from any one of four
areas of specialization including manage­
ment, marketing, finance, or secretarial.
Major: 36 to 39 hours

**Required Core:**
Acct. 105, 106 — Principles of Accounting  
Bus. 260 — Principles of Management  
341 — Business Statistics  
351, 352 — Business Law  
Econ. 111, 112 — Principles of Economics  

**Option A: Management**
Bus. 461 — Industrial Management  
469 — Personnel Management  
490 — Business Policy and Strategy  
Econ. 360 — Labor Problems  

**Option B: Marketing**
Bus. 353 — Marketing  
354 — Retail Merchandising  
362 — Salesmanship  
Econ. 352 — Consumer Economics  

**Option C: Finance**
Acct. 355, 356 — Intermediate Accounting  
Bus. 473 — Investments  
Econ. 362 — Money and Banking  
312 — Intermediate Macroeconomics  

**Option D: Secretarial**
Bus. 222 — Transcription  
359 — Business Correspondence  
368 — Office Machines  
369 — Office Practice  
376 — Secretarial Procedures  

To be supported by:
Psych. 423 — Industrial Psychology  
and 3 other hours of Psychology  
Math. 117 — Finite Math. for Business  
125 — Concepts of Computer Science  
Speech — 3 hours  
A minor of at least 16 hours  
Math 147 — Calculus I and Math 148 —  
Calculus II are recommended for students  
going on to graduate studies.  

Minor: 18 hours

**Required:**
Acct. 105, 106 — Principles of Accounting.  
Six hours of courses numbered 300 and  
above from any of the three fields of Account-  
ing, Business Administration and Economics  

Teaching Major: 37 hours

**Required:**

**Option A** (includes shorthand):
Econ. 111, 112 — Principles of Economics  
Acct. 105, 106 — Principles of Accounting  
Bus. 102 — Introduction to Business  
103 — Computers and Data Processing*  
114 — Typewriting  
222 — Transcription  
351, 352 — Business Law  
368 — Office Machines  
369 — Office Practice  
376 — Secretarial Procedures  

Supported by the Professional Education  
Sequence including:  
Bus. 471 — Teaching Bookkeeping and  
General Business  
472 — Teaching Shorthand and  
Typewriting  

**Option B** (excludes shorthand):
Econ. 111, 112 — Principles of Economics  
Acct. 105, 106 — Principles of Accounting  
355, 356 — Intermediate Accounting  
Bus. 102 — Introduction to Business  
103 — Computers and Data Processing*  
114 — Typewriting  
351, 352 — Business Law  
368 — Office Machines  
369 — Office Practice  

Supported by the Professional Education  
Sequence including:  
471 — Teaching Bookkeeping and  
General Business.

Teaching Minor: 22 hours

**Required:**

**Option A** (includes shorthand):
Econ. 111 — Principles of Economics  
Acct. 105 — Principles of Accounting  
Bus. 102 — Introduction to Business  
103 — Computers and Data Processing*  
114 — Typewriting  
222 — Transcription  
351 — Business Law  
368 — Office Machines  
369 — Office Practice  

Supported by:
472 — Teaching Shorthand and Typewriting  

*Persons who desire to teach data processing in Illinois  
schools must have at least 5 hours in that area.
Option B (excludes shorthand):

- Econ. 111 — Principles of Economics
- Acct. 105, 106 — Principles of Accounting
- Bus. 102 — Introduction to Business
- 103 — Computers and Data Processing
- 114 — Typewriting
- 351 — Business Law
- 369 — Office Practice

Supported by:

- Bus. 471 — Teaching Bookkeeping and General Business

Associate of Arts Degree in Secretarial Science

**Business Requirements: 28 hours**

- Bus. 105, 106 — Principles of Accounting
- 114 — Typewriting
- 222 — Transcription
- 260 — Principles of Management
- 351, 352 — Business Law
- 368 — Office Machines
- 369 — Office Practice
- 376 — Secretarial Procedures

**Electives: 7-8 hours**

In completing the General Education requirements include

**Group II:**

- Bus. 359 — Business Correspondence

**Group IV:**

- Econ. 111 — Principles of Economics
- Psych. 101 — Introduction to Psychology

**Courses**

**62-102 — Introduction to Business. 3 hours.** An introductory course in the field of business management. Such topics as business as a career, locating and organizing a business, financing, buying and selling, planning and budgeting and personnel management are included.

**62-103 — Computers and Data Processing. 3 hours.** A study of computers and how they can be applied to the operation and management of business firms. Included will be a basic understanding of electronic data processing concepts, terminology, and techniques in business.

**62-113, 62-114 — Typewriting. 3 hours both semesters.** Instruction and practice in typewriting by “touch” control. Technique; rhythm; accuracy; speed; letter writing; arrangement problems; legal documents; personal typing; tabulation and stencil cutting. 113 is not open to those who have had high school typing.

**62-115, 62-116 — Shorthand. 3 hours both semesters.** A study of the elementary principles of Gregg shorthand. Emphasis of building speed in writing and transcription. 115 is not open to those who have had high school shorthand.

**62-117 — Finite Mathematics with Business Application. 3 hours.** Same as Mathematics 117.

**62-222 — Transcription. 3 hours.** Advanced work to develop speed in transcription. General business and vocational dictation. Prerequisite: Business 116, or one year of high school shorthand.

**62-260 — Principles of Management. 3 hours.** Emphasizes management as a process present in and necessary to all formal organizations. Analyzes the management process with emphasis on management concepts, objectives and ethics; and the management functions of planning, organizing, leading and controlling.

**62-341 — Business Statistics. 3 hours.** An introduction to statistical methods, including sampling, measures of dispersion, averages and statistical inferences. The application of statistical methods in the evaluation of business problems is emphasized.

**62-351, 62-352 — Business Law. 3 hours both semesters.** A study of the law of contracts, negotiable instruments, sales, real and personal property, insurance, partnership, corporations, agency, and business crimes.

**62-353 — Marketing. 3 hours.** A course in the distribution of raw materials, manufactured goods and agricultural products. Marketing functions, principles and problems of general marketing, the place of middlemen in the marketing structure, type of retail outlets, price policies, and unfair competition will be studied. Prerequisite: Economics 112.

**62-354 — Retail Merchandising. 3 hours.** A study of the fundamentals of retail selling, including store management, personnel problems, advertising, store layout, equipment, accounting, and credit management.

**62-359 — Business Correspondence. 3 hours.** Consists of remedial work in English fundamentals; treatment of letter mechanics; presentation of principles of effective writing; and writing of administrative sales and application letters, with emphasis on training for the business correspondent.

**62-362 — Salesmanship. 3 hours.** Emphasis is given to personal selling and its role in the marketing structure. Attention is given also to principles of sales force organization and operation.
62-366 — Insurance. 3 hours. Same as Economics 366.

62-368 — Office Machines. 2 hours. An introduction to the basic office machines including 10-key and full-keyboard listing machines; key-drive and automatic rotary calculators; and electronic calculators. To provide for instruction and practice on these machines until a reasonable degree of proficiency is attained.

62-369 — Office Practice. 2 hours. Study and practice to develop a reasonable degree of proficiency in the use of mimeograph and direct process duplicators; dictating and transcribing machines; electric typewriters; and filing procedures.

62-376 — Secretarial Procedures. 3 hours. A study of secretarial procedures, with emphasis on integrating the secretarial skills and knowledge in problem-solving and production work typical of the secretary's role in the modern business office. Prerequisite: Bus. Adm. 114. Not open to freshmen.

62-461 — Industrial Management. 3 hours. Evaluates the management problems of an industrial enterprise, including effective organization. The problems of products, facilities, machinery and equipment, employee relations, work and wages and control procedures are covered. Prerequisite: Bus. 260

62-469 — Personnel Management. 3 hours. Presents principles and current practices in handling personnel as individuals and as groups, with emphasis upon role of operating supervisors, executives and the union in dealing with such problems as selection, placement, training, wage and salary administration, promotion, transfer, fringe benefits, employee services, and management-labor relations. Prerequisite: Bus. 260.

62-471 — Teaching Bookkeeping and General Business. 2 hours. Principles and methods in teaching bookkeeping and general business, including objectives, methods of approach, lesson planning and presentation, and techniques in classroom procedure. Taken concurrently with Educ. 480.

62-472 — Teaching Shorthand and Typewriting. 2 hours. Principles and methods in teaching typewriting and shorthand, including objectives, methods of approach, lesson planning and presentation, and techniques in classroom procedure.

62-473 — Investments. 3 hours. An evaluation and analysis of the various securities that may become a part of our investment program. Emphasizes the organization and function of the major securities markets. Basic determinants of investment values are considered.

62-477 — Real Estate. 3 hours. Provides bases for understanding the economics of real property and the techniques of handling real property transactions for the student of business administration, for the practitioner, and for the consumer who desires to learn how to select, finance and maintain property, either for a home or for an investment.

62-487 — Field Placement. 3-5 hours. Designed to allow the student to integrate principles learned in the classroom by working in a business situation. The program is under the joint planning and supervision of the business involved and departmental faculty. The course is intended to help the student bridge the gap between theory and practice.

62-490 — Business Policy and Strategy. 3 hours. Integrates the skills mastered in the various departmental specializations by assisting students in developing various models for decision making and applying these models to various business situations.

Accounting — 63

The purpose of the accounting major is to provide a broad background of accounting principles, practices and procedures to enable the student to prepare for accounting and management responsibility especially in the field of finance.

A major in accounting will also provide the student with the courses required to sit for the CPA examination in any state. Successful completion of the major will include an emphasis on the theoretical knowledge necessary to pass the CPA examination.

At any point subsequent to Accounting 105, a student must have a minimum grade of "C" in each course to continue the accounting sequence. This does not mean that the student is out of the business curriculum; there are other options in business which may be followed. The student with a "D" grade gets credit but may not continue with advanced accounting courses. A course with a grade of "D" may be retaken once in accordance with the "Policy on Repeating Courses" listed in the chapter on Academic Regulations.

Major: 45 hours

Required:
Acct. 105, 106 — Principles of Accounting
355, 356 — Intermediate Accounting
144 Economics

357 — Cost Accounting
463, 464 — Advanced Accounting
465 — Income Tax Accounting
467 — Auditing
Bus. Admin. 341 — Business Statistics
351, 352 — Business Law
490 — Business Policy and Strategy
Econ. 111, 112 — Principles of Economics

To be supported by:

Math 117 — Finite Math. with Business Applications
CS125 — Concepts of Computer Science or 250 or 251 — Compiler Languages
Psych. 101 — Introduction to Psychology
Speech 101 — Fundamentals of Speech

and a minor of at least 16 hours approved by the Chairman of the Department

Minor: 21 hours

Required:

Acct. 105, 106 — Principles of Accounting
355, 356 — Intermediate Accounting
465 — Income Tax Accounting or 467 — Auditing
and either
357, 358 — Cost Accounting, or 463, 464 — Advanced Accounting

Courses

63-105, 63-106 — Principles of Accounting. 3 hours both semesters. A study of the principles of bookkeeping and accounting. Such topics as recording transactions, posting to ledger accounts, adjusting and closing accounts, use of business forms, and preparation and interpretation of financial statements will be treated. The course emphasizes proprietorship and corporation accounting.

63-355, 63-356 — Intermediate Accounting. 3 hours both semesters. Treats such phases of accounting as accepted principles and procedures for setting up working papers and financial statements; correction of prior years' earnings; handling ownership, asset, and liability accounts in a corporation; interpretation of financial statements; analysis of working capital operations; statement of application of funds; and income tax allocation.

63-357, 63-358 — Cost Accounting. 3 hours both semesters. The utilization of basic cost accounting principles, practices and procedures for industries using either a process job order or a standard cost system. The effective use of cost accounting as a management tool is emphasized. Prerequisites: Acct. 355, 356.

63-463, 63-464 — Advanced Accounting. 3 hours both semesters. Accounting principles and procedures for partnership ventures, consignments, installment sales, and parent and subsidiary relationships are emphasized. Special purpose statements such as Statement of Affairs and Realization and Liquidation Reports are presented. Prerequisites: Acct. 355, 356.

63-465 — Income Tax Accounting. 3 hours. Presents an analysis and interpretation of the Federal Income Tax Laws. Emphasizes the legal concepts of income, deductions and exemptions. The information is applied in a practical way through the preparation of returns for individuals, partnerships and corporations.

63-467 — Auditing. 3 hours. Presents the purposes of audits as conducted by the certified public accountant. Emphasizes the principles of auditing and the types of audits normally made. Professional ethics and legal responsibility are considered. A specific program or each phase of the audit is outlined in detail.

63-487 — Field Placement. 3-5 hours. Same as Bus. Admin. 487.

Economics — 64

Minor: 18 hours

Required:

111 and 112 and 6 hours of upper division. A teaching minor is not offered.

Courses

64-111, 64-112 — Principles of Economics. 3 hours, both semesters. A general course in the fundamental principles governing production, distribution, consumption, and exchange of wealth. It is designed to encourage an understanding of our economic system. Course 111 is a prerequisite to 112.

64-208 — Comparative Economic Systems. 3 hours. This course concentrates on the political, cultural, and economic development of five major world regions: the communist-bloc countries, Western Europe, the oil-rich nations, the highly industrialized nations, and the less-developed countries.

64-311 — Intermediate Microeconomics. 3 hours. Microeconomics analysis including value and distribution theory; analysis of the pricing of the factors of production integrated
in a micro-general equilibrium context which builds toward explaining the resource allocation process. Prerequisites: Econ. 111, 112.

64-312 — Intermediate Macroeconomics. 3 hours. The modern theory of the determination of the level and rate of growth of income, employment, output, and the price level. Discussion of alternate fiscal and monetary policies to facilitate full employment and economic growth. Prerequisites: Econ. 111, 112.

64-341 — Business Statistics. 3 hours. Same as Business 341.

64-352 — Consumer Economics. 3 hours. Emphasizes basic problems of the consumer, including borrowing for consumption, housing, insurance, investments, family budgets, quality standards, buying, and frauds. The purpose of the course is to make the student aware of the problems of the consumer in a competitive economy.

64-360 — Labor Problems. 3 hours. Presents an historical evaluation of development and rise of the labor movement. Especially emphasizes the impact of law on the development of union activity. Evaluates the problems of union-management relationships in the current economic environment. Prerequisite: Bus. 260, Econ. 111, 112.

64-362 — Money and Banking. 3 hours. A survey of the financial organizations of society, including the functioning and characteristics of money and credit, investment banking, trust companies, commercial banking, with emphasis on the Federal Reserve System. Current money and banking problems are evaluated in conjunction with the theoretical concepts studies. Prerequisites: Econ. 111, 112.

64-363 — International Economics. 3 hours. A study of the theory of international trade with a view to understanding how trade with a view to understanding how trade is carried on and determining a policy for the various countries to follow in the future. Prerequisites: Econ. 111, 112.

64-366 — Insurance. 3 hours. A general study of insurance and its economic significance to businessmen and society.

64-473 — Investments. 3 hours. Same as Business 473.

64-477 — Real Estate. 3 hours. Same as Business 477.

64-537 — Economic History of the United States. 3 hours. This will acquaint the student with classical, neo-classical, and contemporary economic thought. These will be interwoven with the chronological economic history of the United States. Emphasis will be placed on the economic thought inherent in our past, present, and future economic policy and will include an evaluation of these policies.
146 History

Teaching Major: 32 hours

Required:
101 — Modern European History, 1500-1815
102 — Modern European History, 1815 to the Present
121, 122 — U.S. History Survey
371 — Ancient History
494 — Readings in History (3 hours) or 597 — Historical Method and Bibliography

Plus 14 additional hours of History or Political Science, 8 of which must be upper division. Supported by the Professional Education Sequence including:
Soc. Sci. 478 — Teaching the Social Studies.

Minor: 16 hours of History

Required:
One survey course and 6 hours of upper division history courses.

Minor: 16 hours of Political Science

Required:
Pol. Sci. 123 — American Government; and no less than 6 hours of upper division work in political science.

Teaching Minor: 24 hours

Required:
101 — Modern European History, 1500-1815
102 — Modern European History, 1815 to the Present
121, 122 — U.S. History Survey

One additional course from United States History and one from General or European History. Six hours must be upper division.

General and European History

65-101 — Modern European History, 1500-1815. 3 hours. A general survey of Europe from the age of the great discoveries to the close of the Napoleonic Wars.
65-102 — Modern European History, 1815 to the present. 3 hours. A study of the development of European nationalism, liberalism, and imperialism; world wars; reconstruction.

65-355 — Europe, 1815-1914. 3 hours. An intensive study of the cultural and political aspects of Europe from the Congress of Vienna to the first World War.

65-356 — Europe, 1914 to Present. 3 hours. A study of the political and cultural forces of Europe from the first World War to the present.

65-359 — Renaissance and Reformation. 3 hours. A study of European History from 1300 to 1600. Special attention is given to such topics as the formation of modern nations, economic and cultural changes. The religious changes are traced through the Protestant Reformation and the Catholic Counter Reformation.

65-361 — Russian History. 3 hours. A political and social history of Russia from the Kievan Period to the present. Special attention is given to the social movements that characterized much of the nineteenth century and the conditions that contributed to the Revolution of 1917. The subsequent Bolshevik regime and the place of Russia on the modern world are also studied.

65-363 — Latin American History. 3 hours. Emphasis placed upon the interpretation of the political, economic, religious, and social aspects of the Latin-American countries. The course is topical in its outline.

65-371 — Ancient History. 3 hours. A survey of the cultures and institutions of the ancient civilizations which contributed most to the foundations of Western civilization, from earliest times to the fall of the Roman Empire in 476. Emphasis is placed on the Greek and Roman achievements.

65-375 — Constitutional History. 3 hours. A study of the British and American constitutions in their historical setting. Recommended for all pre-law students.

65-376, 65-377 — English History, to 1750, since 1750. 3 hours, both semesters. A study of the evolution of English-Commonwealth institutions from the earliest times to the present. Emphasis is placed on the constitutional, religious, economic, and diplomatic developments.

65-494 — Readings in History. 1 to 4 hours. No more than 4 hours credit in "Readings" may be earned in History and Political Science combined.

65-597 — Introduction to Historical Method and Bibliography. 3 hours. An introduction to problems of historical research and the use of the library. Recommended for all majors contemplating graduate work. Prerequisite: 20 hours of history.
United States History

65-121, 65-122 — U.S. History Survey. 3 hours both semesters. A survey course of the history of the United States, covering the period from the discovery of America to the present.

65-481 — Colonial Period in American History. 3 hours. A study of the cultures and institutions in the English colonies of North America, and the local conditions that shaped them into an American product.

65-486 — Civil War and Reconstruction. 3 hours. A study of the period 1850 to 1876, including the causation of the war, foreign relations, and the problems of reconstruction.

65-487, 65-488 — Recent U.S. History. 3 hours, both semesters. Beginning with the 1890's and continuing the present day, a study is made of such problems as the government and business, reform movements, foreign relations of the United States, and her present place in world politics.

66-123 — American Government. 3 hours. A study of the structure and functions of the federal government in the United States.

66-125 — Illinois Government. 1 hour. A study of Illinois Government with special attention to constitutional development and the organization and functioning of the government. (This course is designed to meet certification requirements for students planning to teach in this state.)

66-241 — Political Parties. 3 hours. A study of the nature of political parties and the part they play in American government. Party principles, policies, and contemporary political issues are examined. Attention is given to party organization, nominating methods, boss rule, and campaign methods.

66-365 — World Politics. 3 hours. A study of diplomacy, nationalism, war, and the forces underlying politics among nations. The merits of power, morality, law, public opinion, and the possibility of world government are considered.

66-369 — Contemporary Political Thought. 3 hours. A survey of ancient, medieval and early modern political thinkers. An analysis and discussion of contemporary political expressions, as Marxist-Leninist communism, democracy, socialism, fascism, and syndicalism. Some attempt is made to distinguish between conservatism and liberalism.

66-497. Readings in Political Science. 1-4 hours. No more than 4 hours credit in “Readings” may be earned in History and Political Science combined.

66-498 — Political Science Research Methods. 3 hours.

Home Economics — 67

RUBALEE WICKLAND (1969)  
Assistant Professor of Home Economics; Chairwoman of Department  
B.S., 1968, Olivet Nazarene College  
M.S., 1969, University of Illinois Graduate Study, University of Oklahoma

DIANE FREY (1978)  
Assistant Professor of Home Economics  
B.S., 1974, Olivet Nazarene College  
M.A., 1978, Western Michigan University

LINDA SHELTON (1978)  
Assistant Professor of Home Economics  
B.A., 1975, Olivet Nazarene College  
M.S., 1977, Case-Western Reserve University

The Department of Home Economics offers the student a broad curriculum with basic fundamentals in many areas of home economics. By careful selection of courses in the program, a student may prepare for entrance into any one of six areas of specialization including:

- Teaching home economics
- Dietetics
- Foods and Nutrition in Business
- Fashion Merchandising
- Family Services
- Dietetic Technician (A.A. degree)

Certain home economics courses may apply as social science credit toward a social science major with the approval of the Chairman of the Division.

Teaching Major: 37 hours

Required:

H.E. 101 — Orientation to Home Economics
111 — Textiles and Design
112 — Principles of Clothing Construction or 213 — Principles of Pattern Design
148 Home Economics

121 — Introduction to Nutrition
130 — Food Preparation
140 — Interior Design
or 241 — Housing and Home Furnishings
262 or 263 — Developmental Psychology
352 — Consumer Economics
354 — Principles of Home Management
455 — Home Management Practicum
475 — Curriculum and Methods

Select two of the following options:

261 — Marriage and the Family
314 — Fashion Analysis
or 415 — Tailoring
332 — Marketing and Meal Management
or another foods course

Required supporting courses:
Chem. 101 — Introduction to Chemistry

The Professional Education Sequence

Dietetics Major: 34 hours

Required:
H.E. 101 — Orientation to Home Economics
121 — Introduction to Nutrition
130 — Food Preparation
123, 124, 225 — Dietetic Technician Field Experience
327 — Human Nutrition
328 — Diet Therapy and Community Nutrition
332 — Marketing and Meal Management
333 — Foodborne Disease Control
335 — The World Food Problem
337 — Quantity Foods
353 — Institutional Management
Plus supporting courses as required by the American Dietetic Association.

Foods and Nutrition in Business Major: 39 hours

Required:
H.E. 101 — Orientation to Home Economics
121 — Introduction to Nutrition
130 — Food Preparation
327 — Human Nutrition
328 — Diet Therapy and Community Nutrition
332 — Marketing and Meal Management
333 — Foodborne Disease Control
335 — The World Food Problem
337 — Quantity Foods
342 — Household Equipment and Energy
352 — Consumer Economics
353 — Institutional Management
496 — Projects in Home Economics (5 hours)

Required supporting courses:
Bus. 102 — Introduction to Business
260 — Principles of Management
353 — Marketing
359 — Business Correspondence
469 — Personnel Management
English 340 — Magazine and Feature Article Writing
Biol. 121 — General Zoology
356 — Microbiology
Chem. 103 — General Chemistry
Math. 101 — Math for General Education

Recommended supporting courses:
Chem. 114 — Chemistry for Physical Sciences
311 — Organic Chemistry I
Home Ec. 336 — Food Microbiology
438 — Food Chemistry
or additional Home Economics courses

Fashion Merchandising Major: 47 hours

Required:
H.E. 101 — Orientation to Home Economics
111 — Textiles and Design
112 — Principles of Clothing Construction
140 — Interior Design
213 — Principles of Pattern Design
241 — Housing and Home Furnishing
314 — Fashion Analysis
335 — The World Food Problem
342 — Household Equipment and Energy
352 — Consumer Economics
415 — Tailoring
416 — Fashion Merchandising
496 — Projects in Home Economics (5 hours)
Plus eight additional hours from the department.

Required supporting courses:
Bus. 102 — Introduction to Business
260 — Principles of Management
354 — Retail Merchandising
359 — Business Correspondence
362 — Salesmanship
469 — Personnel Management
Acct. 105 — Principles of Accounting  
Math. 125 — Concepts of Computer Science  
Art 103, 104 — Drawing Studio I and II  
Engl. 340 — Magazine and Feature Article Writing  
Speech 101 — Fundamentals of Speech  
Chem. 101 — Introduction to Chemistry

**Family Services Major: 51 hours**

**Required:**

H.E. 101 — Orientation to Home Economics  
111 — Textiles and Design  
112 — Principles of Clothing Construction  
121 — Introduction to Nutrition  
130 — Food Preparation  
241 — Housing and Home Furnishings  
261 — Marriage and the Family  
262 or 263 — Developmental Psychology  
328 — Diet Therapy and Community Nutrition  
332 — Marketing and Meal Management  
335 — The World Food Problem  
337 — Quantity Foods  
342 — Household Equipment and Energy  
352 — Consumer Economics  
354 — Principles of Home Management  
492 — Social Work Methods and Delivery of Services  
496 — Projects in Home Economics (5 hours)

**Required supporting courses:**

Educ. 520 — History and Philosophy of Early Childhood Education  
Soc. 121 — Introduction to Sociology  
231 — Contemporary Social Problems  
361 — Urban Sociology  
487 — Field Placement (5 hours)  
493 — Juvenile Delinquency  
497 — Social Casework  
Psych. 101 — Introduction to Psychology  
311 — Psych. of Personal Adjustment  
466 — Psychology of Counseling  
Speech 101 — Fundamentals of Speech

**Minor: 16 hours**

**Required:**

H.E. 112 — Principles of Clothing Construction  
or 216 — Principles of Pattern Design  
130 — Food Preparation  
140 — Interior Design  
or 241 — Housing and Home Furnishings  
261 — Marriage and the Family  
352 — Consumer Economics

**Teaching Minor: 24 hours**

**Required:**

H.E. 111 — Textiles and Design  
112 — Principles of Clothing Construction  
or another clothing class  
121 — Introduction to Nutrition  
130 — Food Preparation  
140 — Interior Design  
or 241 — Housing and Home Furnishings  
332 — Marketing and Meal Management  
352 — Consumer Economics  
Three additional hours from the department

**Associate of Arts Degree for Dietetic Technician**

**Required:**

H.E. 121 — Introduction to Nutrition  
130 — Food Preparation  
123, 124, 225, 226 — Dietetic Technician  
328 — Diet Therapy and Community Nutrition  
332 — Marketing and Meal Management  
333 — Foodborne Disease Control  
335 — The World Food Problem  
337 — Quantity Foods  
353 — Institutional Management  
496 — Projects in Home Economics (1 hour)

**To be supported by:**

Chem. 101 — Introduction to Chemistry  
Acct. 105 — Principles of Accounting  
Bus. 260 — Principles of Management

In completing the General Education Requirements, include Biology 141 — Personal and Community Health, and Sociology 121 — Introductory Sociology.

**Courses**

67-101 — Orientation to Home Economics. 1 hour. A review of the development of home economics as a profession, the philosophy, and a study of the careers open to home economics graduates.

67-111 — Textiles and Design. 3 hours. A study of textiles including an analysis of finishes, fiber content, and weaves in relation to construction, care, durability and suitability to purpose.
67-112 — Principles of Clothing Construction. 3 hours. The application of principles of proper selection, construction and fitting. Suitable to the beginner. Lecture and laboratory. A student with 3 years of high school Home Economics or sufficient 4-H experience may take H.E. 213 — Principles of Pattern Design, instead. Other students may be admitted to H.E. 213 by demonstrating suitable achievement by examination.

67-121 — Introduction to Nutrition. 3 hours. A study of the nutritive value of foods and the application of these principles in selection of an adequate diet and maintenance of good health.

67-130 — Food Preparation. 3 hours. Principles, techniques and processes involved in the preparation of food. Lecture and laboratory.

67-123, 124, 225, 226 — Dietetic Field Experience. 123: 1 hour; 124: 2 hours; 225: 3 hours; 226: 4 hours. Field experience in dietary departments of health care institutions that provide learning opportunities under the direction of an American Dietetic Association Dietitian. Emphasis in menu planning, purchasing of foods and supplies, meal service and distribution, scheduling, supervising and evaluating employees, supplemented by conferences and seminar discussions.

67-140 — Interior Design. 3 hours. A study of furniture selection and arrangement as well as the principles of art and design in furnishing a home. Two field trips required.

67-213 — Principles of Pattern Design. 3 hours. Use of a commercial basic pattern altered to fit the individual, and created in styles of present day fashion. At least two garments are constructed by the student after practice in pattern designing from miniature basic patterns. Lecture and laboratory. Prerequisite: 112 or approval of instructor.

67-241 — Housing and Home Furnishings. 3 hours. A survey of factors affecting present-day housing; problems involved in achieving adequate housing for all ages, with emphasis on architectural design, efficiency planning, and construction problems. A detailed study of styles of furniture. Experience in upholstery. Two field trips required.

67-261 — Marriage and the Family. 3 hours. Same as Soc. 232.

67-262 — Child Developmental Psychology. 3 hours. Same as Psych. 211.

67-263 — Adolescent and Adult Developmental Psychology. 3 hours. Same as

67-314 — Fashion Analysis. 3 hours. A survey of the history of costume design; use of art principles for designing clothing suited to figure type and personality; psychology of clothing trends in costume design.

67-327 — Human Nutrition. 3-4 hours. Same as Biol. 362.

67-328 — Diet Therapy and Community Nutrition. 3 hours. A study of diet in relation to its role in the body to maintain health and to correct nutritional deficiencies occasioned by surgery or special illnesses.

67-332 — Marketing and Meal Management. 3 hours. A study and practice in planning, purchasing, preparation, storage, sanitation, menu structure, nutrient values, use of metrics, comparison of unit cost according to quality and purpose and management of time and energy for large and small groups. All styles of food service with suitable table appointments are used. Lecture, laboratory, with 20 hours additional field experience. Prerequisite: 67-130.

67-333 — Foodborne Disease Control. 3 hours. This course offers practical information about the common foodborne diseases, the conditions that favor their transmission, the methods that effectively control them, and the legal and administrative aspects of control and enforcement.

67-335 — The World Food Problem. 3 hours. Same as Sociology 374.

67-336 — Food Microbiology. 5 hours. Same as Biology 375.

67-337 — Quantity Foods. 3 hours. Standard methods of quantity food production and menu planning for social groups and institutions. Food costs and nutritional values are related to experiences in food service. Lecture and laboratory.

67-342 — Household Equipment and Energy. 3 hours. Principles related to the selection, use and care of household equipment relative to energy consumption.

67-352 — Consumer Economics. 3 hours. Same as Economics 352.

67-353 — Institutional Management. 3 hours. Presents the principles of management relative to selection of equipment, operational procedures, time and energy of personnel, financing and money management.

67-354 — Principles of Home Management. 3 hours. A study of the principles of managing the activities of the home, including the use of family resources to achieve goals.
67-415 — Tailoring. 3 hours. A study of tailoring techniques by construction of an ensemble, suit or coat. Prerequisite: H.E. 112 or 213, by permission. Lecture and laboratory.

67-416 — Fashion Merchandising. 3 hours. An overview of aspects of fashion merchandising — with an emphasis on career preparation — of the concepts and techniques needed to succeed in the field. The importance of the procedures involved in promotion, management and displaying of fashion. Prerequisite: H.E. 314.

67-429 — Nutritional Biochemistry and Metabolism. 5 hours. Same as Biology 488.

67-438 — Food Chemistry. 4 hours. Same as Chemistry 481.

67-455 — Home Management Practicum. 3 hours. Responsibility of solving problems involved in management of present day homes. Emphasis on food management, use of equipment, and evaluation of projects. Laboratory. Prerequisite: H.E. 354.

67-475 — Curriculum and Methods. 5 hours. Development of effective teaching methods based on current educational trends. Curriculum planning, observations, and mini-teaching experiences planned for secondary and adult levels. Study of the philosophy and procedures for vocational, cooperative and occupational Home Economics programs. Three hours may apply toward the teaching major. The other two satisfy the special methods requirement in the Professional Education Sequence. Prerequisites: Psych. 101, H.E. 260, Educ. 249, 351. Taken concurrently with Educ. 480.

67-492 — Social Work Methods and Delivery of Services. 3 hours. Same as Sociology 492.

67-496 — Projects in Home Economics. 1 to 5 hours. A student may select a special project as an individual field experience, research or study. Included are seminars in dietetic technician, field experience in child care, retailing and salesmanship, special experience in vocational schools, or a variety of creative crafts. The credit received depends on the time involved.

BRUCE GRANGER (1978)
Assistant Professor of Sociology
B.A., 1973, Eastern Nazarene College
M.A., 1976, Ball State University
Ph.D., 1980, Bowling Green University

This department shares specific responsibility with other departments in the Division of Social Sciences for the achievement of institutional objectives which aim at the development of personality factors contributing to well-informed Christian citizenship.

The particular aims of the department in the achievement of general institutional objectives are: (1) To inform the students as to the structure and processes of human relationships in their community, ethnic, nationality and other contexts; (2) To train the student in the use of the scientific method in the sociological field; (3) To train the student to practice the Christian concept of altruistic love in all human relationships, group as well as individual; (4) To provide pre-social work training.

Major (Sociology): 27 hours
Recommended:
Soc. 121 — Introductory Sociology
232 — Marriage and the Family
341 — Statistics
361 — Urban Sociology
383 — Ethnic Relations Around the World
490 — Social Thought
495 — Sociology of Religion
597 — Seminar in Social Science

Fifteen hours must be upper division.

To be supported by:
6 hours of History, 6 hours of Psychology, 3 hours of Speech and 2 hours of Philosophy.

Major (Social Welfare): 30 hours
Recommended:
Soc. 121 — Introductory Sociology
321 — Social Psychology
370 — Fields of Social Work
487 — Field Placement
492 — Social Work Methods
497 — Social Casework
498 — Social Welfare

Fifteen hours must be upper division.

To be supported by:
6 hours of History, 3 hours of Speech, 6 hours of Psychology, and 2 hours of Phi-
losophy, and one of the following minors:

A. Sociology: 16 hours. Courses to be approved by the department. 10 hours must be upper division.

B. Psychology: 20 hours including
211 or 212 — Developmental Psychology
301 — Advanced General Psychology
C. Economics: 18 hours including
Econ. 111, 112 — Principles of Economics, and 6 hours of upper division work.

D. Home Economics: 16 hours: Courses approved by the Chairman of the Department.

Major (Social Justice): 31 hours

Recommended:

Soc. 121 — Introductory Sociology
232 — Marriage and the Family
321 — Social Psychology
383 — Ethnic Relations Around the World
487 — Field Placement
493 — Juvenile Delinquency
494 — Criminology and Social Justice Systems
497 — Social Casework

To be supported by:

6 hours of History, 6 hours of Psychology, 3 hours of Speech and 2 hours of Philosophy.

Minor (Sociology): 16 hours

Required:

Courses approved by the Department Chairman. 10 hours must be upper division.

Minor (Social Welfare): 18 hours

Courses to be approved by the Department Chairman and to include at least 10 hours of upper division work.

Associate of Arts Degree in Social Welfare

Required:

Soc. 121 — Introductory Sociology
231 — Contemporary Social Problems
232 — Marriage and the Family
321 — Social Psychology
383 — Ethnic Relations Around the World
498 — Social Welfare
Psych. 101 — Introduction to Psychology
211 or 212 — Developmental Psychology
Hist. 121, 122 — U.S. History Survey
Econ. 352 — Consumer Economics

Sp. 101 — Fundamentals of Speech

In completing the General Education requirements include:

F.A. 101 — Introduction to Fine Arts
Biol. 141 — Personal and Community Health

Courses

68-121 — Introductory Sociology. 3 hours. This course introduces the student to a study of heredity, culture, environment, and the group as they influence personality and group behavior. A brief study is made of propaganda, human ecology, population, institutions, and social process.

68-122 — Human Geography. 2 hours. Same as Geography 122.

68-231 — Contemporary Social Problems. 2 hours. A number of the most acute problems of contemporary life are investigated, including the social effects of soil erosion and conservation, health, war, personality disorganization, and poverty.

68-232 — Marriage and the Family. 3 hours. A brief history of the family is traced with some study of the commoner types of marriage and family organization. Factors making for proper mate selection and marital happiness are considered at length. Bringing up children and living with grandparents are studied.

68-260 — Principles of Management. 3 hours. Same as Business 260.

68-321 — Social Psychology. 3 hours. Same as Psychology 321.

68-341 — Statistics. 4 hours. Same as Math. 341.

68-354 — Communication Theory. 3 hours. Same as Speech Communication 354.

68-356 — Interviewing and Small Group Processes. 3 hours. Same as Speech Communication 356.

68-360 — Labor Problems. 3 hours. Same as Economics 360.

68-361 — Urban Sociology. 2 hours. The evolution of the modern city is traced. City environment and its effects on personality and institutions are studied.

68-364 — Anthropology. 3 hours. This course is designed to provide the student with an introductory survey of cultural anthropology. It should provide the student with training enabling him to appreciate the cultures of all peoples and lead him to a better perspective for the understanding of his own.
68-370 — Fields of Social Work. 3 hours.
A survey is made of the various fields of social work: their history, problems, and techniques.

68-374 — World Food Problem. 3 hours.
This is an interdisciplinary study including biological, chemical, sociological, economic, public health, and educational aspects. Important features of the world food problem and major possibilities for improvement are discussed. Student presentations as well as individual and group projects are given special emphasis.

68-383 — Ethnic Relations Around the World. 3 hours.
Ethnic relations around the world will be considered in a theoretical framework. The aim is to impart a sociological understanding of minority groups in all cultures.

68-487 — Field Placement. 10 hours.
Thirty-five hours per week in an approved agency under the supervision of a professionally trained social worker. This will be arranged according to the interests of the student. Senior or Junior years.

68-490 — Social Thought. 3 hours.
A study of the contribution of leaders in the field of sociology, with emphasis on historical and contemporary theorists.

68-492 — Social Work Methods and Delivery of Community Services. 3 hours.
Concentration on techniques of social work and their relation to various fields of social services. Special attention is given to community health services along with client agency interaction and community organization.

68-493 — Juvenile Delinquency. 3 hours.
Alternate years. A study of the problems of juvenile delinquency in America, including its nature and causes, the juvenile justice system, and the methods of treatment, probation, detention and prevention.

68-494 — Criminology and Social Justice Systems. 3 hours.
The origins of crime in the American community are examined, together with the various methods of dealing with it. Emphasis is placed on the relation of crime to community disorganization and to politics and government.

68-495 — Sociology of Religion. 3 hours.
A sociological consideration of religion related to culture, society, and the individual. One unit deals with personal experience in religion.

68-497 — Social Casework. 3 hours.
A review of case studies in the relation professional standards, personal objectives, attitudes, self-evaluation, and theoretical concerns.

68-498 — Social Welfare. 3 hours.
A survey of the historical development of social welfare and its institutionalization in the U.S. Social welfare programs and their interrelationship are analyzed.

68-597 — Seminar in Social Science. 3 hours.
Same as Soc. Sci. 597.

The interior of the Benner Library is both artistic and functional. The building has more than 120,000 books, and seating for some 600 students on four floors. Both individual study carrels and open tables are provided for study areas.
Olivet graduates about 300 students a year into various professions. The ceremony has been held outdoors for the past five years on the south entrance to the Benner Library.

Division of Graduate Studies

Statement of Purpose

The Division of Graduate Studies attempts to fulfill the following general objectives in harmony with those set forth earlier in this catalog.

1. To provide an atmosphere which will stimulate intellectual curiosity and constructive critical thinking.
2. To develop an appreciation of current research and the value of research and an acquaintance with basic research techniques.
3. To strengthen the professional competencies of the individual in his area of specialization.
4. To develop an increased understanding of human nature and Christian values.

Accredited by

Associated Colleges of Illinois
Federation of Independent Illinois Colleges and Universities
Illinois Association for Teacher Education in Private Colleges
History of Graduate Studies at Olivet

The Graduate Program of Olivet Nazarene College was authorized by the Board of Trustees in February, 1961, and the Graduate Council was appointed immediately thereafter by the President of the College. A Director of Graduate Studies in Religion had previously been designated.

The first graduate students were admitted in September, 1962. Preliminary accreditation for the Master of Arts with majors in Biblical Literature and Theology was granted by the North Central Association in August, 1965, for extension of preliminary accreditation to include the Master of Arts in Education degree with a major in Elementary Education in July, 1968 and to include a major in Secondary Education in August, 1973. A Director of Graduate Studies in Education was appointed and first graduate courses in Education were offered in the fall of 1968.

Distinctive Features

Olivet Nazarene College offers graduate study in a Christian environment having a distinctively Wesleyan emphasis.

The location of the 150-acre campus in a growing community of Kankakee, Illinois, with a population of 55,000 near Chicago provides for excellent work opportunities, the cultural advantages of the large city and access to libraries of several universities and divinity schools.

The College library, housed in a modern air-conditioned building, has adequate holdings for graduate study in the fields in which majors are offered. An extension to provide additional stack space, an expanded curriculum center, and an instructional media center was completed in 1976.

Those on the Graduate Faculty come from many of the leading universities of the nation. They are chosen because they are especially concerned and eminently competent to teach at the graduate level, to assist students in research and other scholarly activities (at that level), and to participate in the Graduate Program planning and policy making.

The Graduate Program

The Graduate Division offers courses leading to the Master of Arts degree with majors in Biblical Literature and Theology and the Master of Arts in Education with majors in Elementary Education and Secondary Education. The Master of Church Management degree is offered through the Institute for Church Management.

Responsibilities of the Student

The graduate student is responsible for complete knowledge of all regulations and procedures as published in the Catalog. The student should take the initiative in seeing that required forms are completed and returned to the office of the Director of Admissions or the Chairman, Division of Graduate Studies. These include: admission forms, transcripts of former work taken, certificates of recommendation, admission to candidacy forms, acceptance of research option report, and any completed final examination required. The student is responsible for seeing that the graduate fee and the thesis binding fee are paid and that his cap and gown are ordered.
Admission Procedures

Application forms for admission to Graduate Studies may be obtained from and must be filed with the Director of Admissions, together with official transcripts of all previous college work taken and certificates of recommendation, well in advance of the opening of the semester of summer session in which courses are to be taken. Admission status is determined by the Chairman, Division of Graduate Studies, according to the criteria below. Any deviation from the requirements or any subsequent changes in admission status must be approved by the Graduate Council. Admission to graduate study does not constitute admission to candidacy for the Master's degree.

1. Regular Admission
The requirements for admissions to graduate study leading to the Master's degree with a major in Biblical Literature, Elementary Education, Secondary Education or Theology include:

1. A Bachelor’s degree from an accredited college or university.
2. A grade point average of 2.5 (based on a 4.0 grading system).
3. Ability to successfully pursue graduate work (as evidenced by transcripts and certificates of recommendation from former instructors and professional supervisors).
4. Moral character consistent with attendance at a Christian college (as evidenced by certificates of recommendation).
5. Additional requirements as may be deemed appropriate by the individual departments offering the graduate degree to insure a highly qualified student body. See departmental graduate curriculum for specific requirements of the several departments.

2. Conditional Admission
A student who does not meet regular admission requirements but who desires to pursue work leading to a Master's degree at Olivet may, in some cases, be permitted to enroll conditionally in a limited number of graduate courses. Regular status may be obtained after removal of deficiencies and/or after acceptable work at Olivet of not less than eight semester hours at the graduate level. In either case an application for removal of conditional status, together with required supporting evidence, shall be submitted to the Chairman, Division of Graduate Studies. If the application is approved, the applicant will be so notified and may continue in the program.

3. Special Admission
A student who does not plan to become a candidate for the Master’s degree in this institution, but who wishes to take work for graduate credit as a special graduate student may do so by submitting all application forms for admission and meeting the following requirements:

1. A Bachelor’s degree.
2. Ability to do graduate level course work as evidenced by transcripts and recommendations.
3. Moral character consistent with attendance at a Christian college. Recommendations as required by the college Office of Admissions must be furnished.
4. Other requirements as stated in the departmental graduate curriculum section of the bulletin.
A student admitted by special admission is not expected to pursue a program leading to a degree at Olivet Nazarene College. Should he so desire later, an application for change of status must be submitted to the Chairman, Division of Graduate Studies, approval obtained, course work evaluated, and regular steps in the graduate program followed. Credit earned as a special student is not automatically applied toward degree requirements. No more than nine semester hours of credit earned as a result of special admission may be applied towards the credit requirements for the Master's degree.

4. Senior-Graduate Admission

A senior who is within the last semester of completing the course requirements for the baccalaureate degree or other person who has not earned the baccalaureate degree and who:

1. is of good moral character as evidenced by pastor's and friend's or associate's recommendations or current undergraduate registration at Olivet Nazarene College,

2. seemingly is able to do graduate work as evidenced by transcripts may, with the approval of the Chairman, Division of Graduate Studies, register for two graduate courses per semester. A petition for additional hours or course work may be submitted to the Director of Graduate Studies for approval by the Graduate Council. To obtain regular graduate status after having been granted the Bachelor's degree, the student must follow regular graduate admission procedures. Senior-Graduate students may take courses to fill out undergraduate needs, for certification, for enrichment, or for future use in the graduate program. However, graduate courses cannot be taken to count for both undergraduate and graduate.

NOTE: The college offers some courses numbered 500 which are open to both seniors and graduate students. Seniors may take these courses without Senior-Graduate standing and without special permission of the Graduate Office.

Assignment of Adviser

The applicant for admission to graduate study will be notified of the action taken on his application. If regular or conditional admission is granted, a faculty adviser will be appointed. For other types of admission, the Chairman, Division of Graduate Studies will be the adviser. The student should work closely with his adviser in planning a graduate program which recognizes the student’s aims and needs. The adviser's approval is required for all work done to meet degree requirements.

Graduation Requirements

The Master of Arts degree requires the completion of 30 graduate semester hours, including credits, if any, earned for the thesis or other scholarly paper option, with an average grade point of 3.0 or above.

The Graduate Record Examination must be taken by candidates for the Master of Arts in Education degree.

Admission to Candidacy for the degree must be approved by the Graduate Council.

The student is expected to submit three copies of a thesis or other scholarly paper meeting standards set by the college. Details may be obtained from the Director of Graduate Studies.
Any required written comprehensive examinations, and any required oral examination relative to the thesis or other scholarly paper must be completed at least two weeks before graduation. Proper forms must be filed with the appropriate Director, Division of Graduate Studies.

See departmental graduate curriculum for specific courses and other requirements of the several departments.

**Second Master’s Degree**

A graduate student who already has a graduate degree from Olivet may earn a second degree at Olivet by meeting all admission requirements and fulfilling all degree requirements which are unique to the appropriate program.

In no case will such second degree be granted until 18 additional semester hours of graduate credit beyond the first Master’s degree are earned.

A second major, if offered under the same degree, may be earned by satisfying all additional requirements for that degree.

**Time Limit and Student Load**

For completion of the degree requirements, the student is allowed a time limit of six years from the beginning of the first graduate course at this institution. Course work taken more than six years previous to completing degree requirements may be updated and validated by examination.

The maximum course load during any semester is 15 semester hours and during the regular summer session is 9 semester hours. A graduate student who works full time with a stated wage or salary rate shall ordinarily be limited to carrying 3 to 6 hours of credit depending on whether his grade point average is below 3.5 or above 3.5, respectively. Petitions for exception to this restriction may be made to the Chairman, Division of Graduate Studies, who shall approve or disapprove the petition. A student will be considered a full-time student if he carries nine semester hours during the semester or six semester hours during the summer sessions.

**Scholarship**

Graduate students must earn an average of 3.0 or above on all work credited toward the degree requirements. No more than six hours of “C” work can be counted toward the degree. Transfer credits with a grade below “B” will not be accepted.

**Residence and Transfer Credit**

Six semester hours of graduate credit, if a grade of A or B has been earned, may be transferred from accredited schools to apply towards the required 30 hours. The Graduate Council, in special cases upon petition by the graduate student, may authorize acceptance of additional transfer credits. Extension and correspondence course credits are not ordinarily accepted for transfer. A student required to make up an undergraduate deficiency cannot count these hours toward the number required for the degree. For minimum residence requirements see departmental requirements.

Transfer credits are accepted and recorded on the Graduate Permanent Record.
Card only upon or after Admission to Candidacy and after approval by, and notice from, the Graduate Office.

Changes in Registration

Policies relating to changes in registration and withdrawal are stated in the Catalog, Chapter 6, Academic Regulations.

Admission to Candidacy

Admission to graduate study does not constitute admission as a candidate for the Master's degree. Admission as a candidate for a degree is based on evidence that the applicant possesses the ability to complete the proposed program. After completing 9 semester hours with a 3.0 average or better and, in some departments after taking the aptitude and advanced tests of the Graduate Record Examination (G.R.E.), the student must file a petition for admission as a candidate for the Master's degree.

The proper forms may be secured from and must be filed with the Director of Graduate Studies before completing 12 semester hours. A program of study leading to the degree must be included.

See departmental graduate curriculum for specific requirements of the several departments.

Graduate Committee

The faculty adviser appointed for each student will assist the student in the selection of a topic and the preparation of the thesis or other scholarly paper. The adviser must approve the title.

Following admission to candidacy, a graduate committee of three will be appointed for each student, consisting of his adviser (or person named by him) as chairman, one member from the division in which the student’s major work is being done, and one member from outside the division. This committee will pass upon the quality of the thesis or other scholarly paper; it will administer any written or oral comprehensive examinations which may be required; it will assist the candidate in completion requirements for the degree. For specific information relating to examinations, if any are required, see the graduate major below.

Thesis or Other Scholarly Paper

Each candidate for the Master's degree must show evidence of scholarly interest and proficiency by registering for (see course descriptions) and satisfying the requirements of one of the following four research options:

A. THESIS: Presentation of a thesis demonstrating ability to do independent research and report the same. 3-5 semester hours credit.

B. SEMINAR PAPER: Presentation of a seminar or research paper demonstrating ability to present, support and defend a position or hypothesis. This will be both written and oral. 2-3 semester hours credit.

C. CREATIVE PROJECT: Presentation of a creative project demonstrating ability to do creative thinking and report the results. 2-3 semester hours credit.
D. COURSE PAPERS: Presentation of three graduate course papers demonstrating ability to do critical thinking and formal writing. At least two of these papers should be in student's concentration area. 0-1 semester hours credit.

W.G. Campbell's *Form and Style in Thesis Writing* is the official standard for the composition of the research report, along with mimeographed materials available in the graduate office. For May graduation, the final draft of the thesis or scholarly paper is due no later than April 25. Detailed requirements for filing of the thesis or other scholarly paper may be obtained from the Graduate Director.

The Christmas story from the Gospel of Luke was read as a dramatic climax of the Christmas Banquet by Dr. J. Ottis Sayes, head of the Division of Religion and Philosophy.
Master of Arts in Education

**Faculty:** Jack Furbee, Marjorie Mayo, Sara Spruce, Harry Westfall, Donald A. Wood

**Purpose**

**Elementary Education:** The basic purpose of the program leading to the Master's degree with a major in Elementary Education is to augment the preparation of experienced elementary school teachers. There are areas in the preparation of almost every teacher that can be supplemented and strengthened. Expectancies relative to performance levels increase. Innovative practices of some merit are being proposed rather regularly.

The program at Olivet Nazarene College is designed to aid the experienced classroom teacher at the elementary level to be a better teacher through the strengthening of areas of specialization, through the gaining of a better understanding of the teacher's task, and/or through maintaining current contact with reported research results and with innovative practices that seem to show merit.

**Secondary Education:** The purposes of the program leading to the Master's degree with a major in Secondary Education are:

1. to recognize and foster scholarship through the media of post-baccalaureate instruction, seminars, and research;
2. to develop professional skills and competencies in a field of concentration;
3. to allow for the completion of selected professional credential programs;
4. to encourage the acquisition and development of thorough techniques of research;
5. to develop a deeper understanding of ethics and values from the Christian perspective;
6. to enable the graduate student to further his education, improve his ability to do critical thinking, and relate himself more effectively to other persons through programs of instruction leading to the Master of Arts in Education.

**A Special Teacher in Reading** emphasis is available in the graduate program for teachers.

**Special Requirements**

All general requirements must be met. In addition, the following special requirements in Education must be fulfilled:

**Undergraduate Preparation.** Undergraduate preparation which approximates the teacher education program at Olivet and eligibility for a standard elementary teaching certificate or secondary subject matter teaching certificate are required for regular admission. Deficiencies, if they exist, must be removed by prescribed course work before regular admission is granted. Three years of successful elementary or secondary teaching experience and eligibility for the respective standard certificate may be used to clear part or all of the deficiencies in the undergraduate program requirement. This must be discussed with and approved by the Chairman, Division of Graduate Studies.
Admission. An official transcript of grades from each institution previously attended and the names of four references, one each from a professor and a professional supervisor and two of which shall be character references, are to be submitted with the application for admission. If no graduate education course has been taken within one year, the student must contact the Chairman, Division of Graduate Studies, about readmission.

Admission as Degree Candidate. To qualify for admission to degree candidacy, the applicant must have taken and obtained a satisfactory score on the Graduate Record Examination, and approval by the Graduate Council of admission as degree candidate must be secured. A course of study must be approved by the Chairman, Division of Graduate Studies, prior to admission to candidacy. Currently, Olivet is a regional center for the G.R.E. administration in December and April. A local administration is available in June if demand is sufficient.

Residence. A student must fulfill a residence requirement by carrying at least a minimum full-time load in either one semester (9 hrs.) or one summer session (6 hrs.)

Degree. Degrees are awarded only at the commencement following the completion of all requirements. However, “all requirements completed” and the date are put on the permanent record card, and official certification is available when all requirements are completed.

Distribution of Curricular Requirements

A total of 30 semester hours of credit with an average grade of B and with no more than six hours of C are required for the Master of Arts in Education. Distribution of the 30 hours shall be as follows:

Education Foundations (Education 610, 611, 615) 9 hours
Education Majors 12 hours**
- either Elementary Education*
  Education 620 and 9 hours selected from Education 520, 525, 526, 535, 561, 562, 576, 624, 626, 628, 672, 680, 690, 693, 695, 697, 699, or from subject matter courses approved by the adviser. One professionalized subject matter content course must be included in the 9 hours.
- or Secondary Education Teaching Field
  Courses are to be selected from Natural Science 520, 540, 560, 681, and any Science or Mathematics courses numbered 500-699. At least one course in each of two departments must be included.
Electives approved by Adviser 9 hours**
TOTAL 30 hours

* The Elementary Education major requires 6 hours of non-education courses selected from among the following: 32-670, 52-673, 66-665, 13-667, 68-671.
** A Scholarly Paper Option of from 0-5 hours must be included in either the 12 or the electives.
Master of Arts in the Field of Religion

Faculty: Forest Benner, John Culp, William Dean, Kenneth Hendrick, George Lyons, Leslie Parrott, Ottis Sayes, Willis Snowbarger, William Woodruff

Purpose

The graduate program in Religion, in harmony with the purposes of the College, has as its objective the training of young people at the graduate level for full-time service in the church as ministers, missionaries, and teachers of religion in the various institutions of the church.

In fulfillment of this objective, a curriculum is offered with the intent of (1) acquainting the student with the concept of Biblical evangelism in its world-wide aspect; (2) developing an understanding and appreciation for the standards of evangelical Christianity, especially in the Wesleyan tradition; (3) enabling the student to become proficient in the more technical aspects of Bible study, thus qualifying him to serve well as Bible expositor; (4) instilling within the student a discernment of contemporary issues in the world today as they relate to theological doctrines and the mission of the church; (5) developing professional competence in the techniques of research.

Special Requirements

All general requirements must be met. In addition, those seeking admission to the M.A. program in Religion must have completed a minor in Religion at the undergraduate level. Ten to twelve semester hours of Greek or Hebrew are required for those seeking admission to the Biblical literature major.

Distribution of Curricular Requirements

1. Core Requirements for
   Biblical Literature and Theology Majors

   601 — Old Testament Theology 3 hours
   602 — New Testament Theology 3 hours
   603 — World Missions 3 hours
   597 — Research Methods and Bibliography 2 hours
   699 — Thesis 4 hours
      or Seminar Paper 1 hour*

   Courses outside the Major or Core selected from
   among the following:
   32-670, 52-673, 66-665, 13-667, 68-671 6 hours

   *When choosing this option, one has an
   additional 3-hour elective.

2. Concentration Areas 9 hours

   Biblical Literature Major
   Theology Major — Doctrine, Ministry
Courses numbered 500 to 599 are open to both senior and graduate students. Courses numbered 600 to 699 are open only to those who have been admitted to graduate study. Senior-graduates may register for 600 series courses.

**Education**

Education courses with numbers ending in 00-19 are special foundation courses, 20-39 are basically for elementary teachers, 40-59 are basically for secondary teachers, 60-79 are for both elementary and secondary, 80-90 are workshop or institute type courses, and 90-99 are independent study, scholarly options, or other advanced study type courses.

520 — History and Philosophy of Early Childhood Education. 3 hours. Examines current curriculum issues from philosophical, historical and theoretical perspectives. Fundamental ideas which have influenced early childhood programs will be studied. The course provides a review and analysis of research findings, experimentation and current trends in early childhood education.

525 — Diagnosis in Reading K-12. 3 hours. An overview of the basic principles, nature, causes and diagnoses of reading difficulties. Included in the course is information to help teachers translate diagnostic information of disabled readers into corrective methods for instructional practice. Other focal areas include: factors influencing a student's reading development, group and individual diagnosis, current research in identifying children with perceptual, visual, or auditory problems, and improvement of corrective reading skills. Prerequisite: Education 357.

526 — Instructional Methods of Early Childhood Curriculum. 3 hours. Explores the educational needs of young children through analysis of play, science, art, music, mathematics, language and pre-reading experiences. A further emphasis is placed on organization of balanced daily programs, planning and using materials of instruction, pupil evaluation, parent communication, classroom environment and needs of special children. Includes a three-week practicum in local pre-schools or day care centers.

535 — Current Trends in Mathematics for the Elementary School. 3 hours. Topics in the course will include the impact of Piagetian thinking and research, current trends in mathematics content and teaching techniques. Activities will include survey of current mathematics text series, development in use of math Piaget tasks, making an instructional aid and selecting and/or developing activities or games for a learning center or topics.

561 — Statistics. 4 hours. This course is the same as Education and Mathematics 341. In addition to the computational problems assigned, graduate students will do some readings from educational journals. Some additional problems, particularly in probability, will be assigned to those taking the course for mathematics credit.

562 — Measurement and Evaluation. 3 hours. Review of the basic principles of measurement, practice in evaluation, administering and interpreting results of measures of achievement, general and special abilities, personality and interests. Individual projects in measurement and evaluation will include summarizing the evaluation procedures of special education procedures for the different areas of exceptionality, study of instruments used in assessing exceptional children, and working under the supervision of one special education teacher in a practicum experience during the semester.

576 — Survey of Exceptional Children. 3 hours.

610 — Philosophy of Education. 3 hours.

611 — Methods of Educational Research. 3 hours.

615 — Advanced Educational Psychology. 3 hours.
activity, attention and reinforcement, types of learning, recall, extinction, forgetting and relearning, transfer of training; ability in relation to programmed learning; measurement; human relations in education. A brief overview of development and some attention to individual differences.

620 — Modern Trends in Elementary Education. 3 hours. A study of innovations and research in elementary education. An attempt to evaluate and improve the learning experiences in today's elementary schools.

623 — Remediation in Reading K-12. 3 hours. Appraisal of reading difficulties, with emphasis on administration and interpretation of various diagnostic reading tests; treatment of reading problems.

626 — Seminar on Elementary Curriculum. 3 hours. Basic principles relative to patterns of elementary school curricula and criteria for their evaluation; a study of approaches for initiating and implementing curricular change.

628 — Clinical Reading Practicum. 1-4 hours. Activities will include critical analysis of reading research reports; surveying tests in Buros-Reading Tests in Print; proficiency in the knowledge and selection of tests and their use; administer tests to students; collect, analyze and interpret data; prescribe reading instruction; and evaluate results. Prerequisite: Educ. 624.

640 — Current Innovative Practices and Thoughts in Secondary Education. Study of basic concepts, modern developments and research which might serve to improve learning experiences in today's secondary schools.

672 — Instructional Media. 3 hours. Selection, evaluation, and use of various audio-visual and other sensory materials and techniques; a broad overview of the instructional media field, including materials and equipment.

Religion Core

597 — Research Methods and Bibliography. 2 hours. A survey of the principal methods of research employed in the study of religion and the use of the library. Each student will be guided in the selection and compilation of a bibliography to be used in research projects. The Thesis or Research paper is usually begun in this course.

601 — Old Testament Theology. 3 hours. A core graduate course surveying the Old Testament from the standpoint of its theological teaching from both an Exegetical and a Theological perspective. Emphasis is laid upon God, man, sin, salvation, the messianic hope, and the idea of holiness and ethics as seen in the various epochs and types of literature, and its progress in the understanding of these doctrines.

602 — New Testament Theology. 3 hours. A core course surveying the basic doctrines of the New Testament from both an Exegetical and Theological perspective. Special emphasis is placed upon Pauline and Johannine Theology, the doctrines of God as Creator and Redeemer. The atonement of Christ, the new life in Christ, the nature of the church, and the Christian hope are explored.

603 — World Missions. 3 hours. A study of the history, administration, and problems of missionary activity in its world-wide aspect. Special thought will be given to the Department of Home and World Missions. Audio-visual aids of mission fields will be used.

Graduate Courses 165 procedure for evaluating the project. The student taking the course usually meets with Education 611 or 697.

697 — Research Seminar. 2-3 hours. A seminar course in which a student presents and defends by research a position. Scholarly Paper Option B.

699 — Thesis. 3-5 hours. Credit given upon completion and acceptance of a thesis. The student taking this course makes progress reports in the Education 611 or 697 class. Scholarly Paper Option A.
Biblical Literature

571 — Pentateuch. 3 hours. A study of the historical background and development of the Hebrew people as found in Genesis, Exodus, Leviticus, Numbers, Deuteronomy. Special attention is given to the Mosaic legislation and the establishment of the Jewish nation.

573 — Synoptic Gospels. 3 hours. A study of the life and teachings of Jesus based on a comparative examination of the first three gospels in English translation. Attention is given to the particular perspective and distinctive features of Matthew, Mark and Luke.

574 — Johanne Literature. 3 hours. An exegetical study in the gospel and epistles of John and The Revelation in English translation.

575 — Old Testament Historical Books. An exegetical study of the history of Israel from the conquest through the post-exilic period as reflected in the books of Joshua, Judges, 1 and 2 Samuel, 1 and 2 Kings, 1 and 2 Chronicles, Ezra, Nehemiah and Esther.

576 — Biblical Introduction. 3 hours. An introduction to advanced Bible Study. The critical problems of the canon and text are considered. This leads to a discussion of the composition, authorship, date, and purpose of each book.

577 — Biblical Interpretation. 3 hours. The historical development of hermeneutics is explored. The principles of sound Biblical Interpretation are carefully studied and applied to the exegesis of selected portions from both the Old and New Testaments. The grammatical, historical, and theological methods are stressed.

578 — Biblical Archaeology. 3 hours. A study of the outstanding achievements of archaeology and their bearing on the historicity and integrity of the Bible. Particular emphasis will be laid on the recent discoveries in Palestine and the new techniques being employed. Several short papers will be required.

579 — Seminar in Biblical Studies. Some exegetical studies of particular subjects with a particular emphasis such as Biblical Ethics, Advanced Apostolic History, and teaching Holiness in the Pauline Epistles. A new emphasis will be given each time the course is offered. May be repeated for credit.

Theology — Doctrine

581 — History of Christian Thought. 3 hours. An analytical examination of philosophical backgrounds and developing theological concepts of the Patristic Period.

652 — History of Christian Thought. A critical examination of the thought of the major Protestant reformers, followed by a study of the development of the Pietistic and Wesleyan traditions.

655 — Wesleyan Theology. 3 hours. A study of the life and thought of John Wesley and his contemporaries with special emphasis upon those doctrines which are distinctively Wesleyan: the witness of the Spirit, and Christian perfection.

660 — Doctrine of Man and Sin. 3 hours. A study of the pre-fallen, fallen, and post-fallen man from the standpoint of the Christian religion, with special emphasis upon the nature of sin and evil in which man finds himself.

661 — The Person and Work of Christ. 3 hours. An examination of Christology from both the standpoint of Scripture and Theological interpretation. A thorough-going inquiry into the various doctrines of the atonement and an examination of the role of the Theanthropic Person in the redemption of a fallen world.

669 — Doctrine of God. 3 hours. Concepts of God surveyed in the works of some of the following: (a) Plato, Aristotle, Augustine, Aquinas, Descartes, Leibniz and Spinoza; (b) Locke, Berkeley, and Hume; (c) Whitehead, Dewey, Ames and Farley; (d) Niebuhr, Tillich, Heim, Hartshorne and Wieman; (e) Brightman, Knudson, Wiley and Curtis.

551 — History and Philosophy of Religious Education. 3 hours. The history of religious education as seen in the Old and New Testaments, church history, and modern time. An interpretation of the philosophy and significance of religious education in the growth and development of the Christian religion. Current major theories of religious and secular education compared with Scriptural principles, formulation of a personal philosophy of religious education.

Theology — Ministry

571 — History and Polity of the Church of the Nazarene. 3 hours. A survey of the major types of evangelical church polity in their historical development, will lead to an exhaustive study of the Manual of the Church of the Nazarene. The history of the denomination will be carefully surveyed.

671 — Advanced Expository Preaching. 3 hours. A study of great expository sermons, and the building and preaching of expository sermons in class. Efforts will be made to utilize video-tape for self-improvement.
673 — Religious Leadership. 3 hours. A study of the definition, principles, and qualities of leadership. Biographies of great leaders of the Bible and great religious leaders of church history, churchmen, evangelists, and missionaries, will be studied. Group dynamics, enlistment, and development of leaders will be considered.

675 — Seminar in Practical Theology. 3 hours. A study of the minister and his ministry. This course will include practical pastoral theology, ethics, and general problems as they relate to Christian ministry as now defined in its largest concept to include all forms of ministry.

677 — Seminar in Christian Education. 3 hours. A seminar designed to cover the needs and interests of the advanced student in Christian education. Curriculum, methods, media, administration on an advanced level will be considered. The problems of church, school and society may be included.

Other Subject Matter Fields

Art 665 — Recent Trends in Art Education. 3 hours. A study of trends and issues relating to art in the school program. An exploration of art media and the function of art in the school.

English 670 — World Literature. 3 hours. A study of the rise of romanticism in Europe, stressing the works of Rousseau, Hugo, Goethe, Schiller, Kant, Schopenhauer, and Wagner, followed by an investigation of the nature and rise of realism and Russian literature, emphasizing the work of comparable men.

Philosophy 673 — Philosophic Systems of the World. 3 hours. A survey of the philosophical systems of India, China, and the Western civilizations. Comparisons will be made pointing out similarities and differences in an attempt to understand the principles underlying these philosophies. Basic assumptions and presuppositions will be analyzed and evaluated. The Christian philosophy will be stressed.

Political Science 665 — Problems in International Relations. 3 hours. Selected subjects such as theories of international relations, nationalism, the nuclear revolution, underdeveloped nations, international morality, and the United Nations examined. On occasion, certain regional problems will also be included.

Psychology 667 — Personality Fulfillment and IIs. 3 hours. The study of personality: its nature and development and its dynamics. It will focus primarily on the dynamics of normal behavior — integration, adjustment mechanisms, motivation, and mental health. Psychological pathology will be treated briefly, along with some contemporary diagnostic and treatment methods. Depth studies will be conducted by the students in specific areas, affording opportunity for research and writing.

Science (Interdisciplinary) 520 — Oceanography. 3 hours. The oceans: their physical, chemical, biological, and geological characteristics, with a discussion of their history.

Science (Interdisciplinary) 540 — Paleontology. 4 hours. A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plant and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

Science (Interdisciplinary) 560 — Topics in Environmental Science. 3-4 hours. An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.

Science (Physics) 587 — Atomic Physics. 3 hours.
Science (Physics) 588 — Nuclear Physics. 3 hours.

Science (Interdisciplinary) 680 — Elementary Science Workshop: ESS.
Science (Interdisciplinary) 685 — Elementary Science Curriculum: ESS.
Science (Interdisciplinary) 686 — Elementary Science Supervision.

Science (Interdisciplinary or Departmental) 690 — Independent Study. 1 hour.
Science (Interdisciplinary) 698 — Research Paper. 1 hour. Oral presentation and defense of a research paper.

Science (Interdisciplinary or Departmental) 693, 695, 697, 699 — Scholarly Paper Options. 0-5 hours. Same as Education 693, 695, 697, 699 except in Science departments.

Science (Biology) 646 — Topics in Biology. 1-4 hours. 2 general types of topics are included — subject matter areas needed to strengthen the teacher's background, and recent problems and developments in biology. The lectures, laboratorones, papers, and projects are especially suited to the needs of teachers. May be repeated.

Science (Chemistry) 646 — Topics in Chemistry. For description see Biology 646.
Science (Earth and Space Science) 646 — Topics in Earth Science. For description see Biology 646.
Science (Mathematics) 646 — Topics in Mathematics. For description see Biology 646.

Science (Mathematics) 650 — Current Trends in Mathematics Education. 3 hours.

Science (Physics) 646 — Topics in Physics. For description see Biology 646.

Sociology 671 — Approaches to Community Analysis. 3 hours. A survey and analysis of community organizations and function. The forces, resources, problems, institutions, and groups of significance are considered. Attention is directed to the overall social structure and function of the community as it is affected by the existing economic, political, religious, educational and ethnic influences.

The Institute for Church Management was attended by these 56 ministers in September, 1980. They may earn either a certificate of completion or a Master of Church Management degree through the courses which are held in September, January and May each year.

Dr. Joseph Nielson, right, is director of the Institute for Church Management. He is discussing ideas with Dr. Harold Ockenga, guest lecturer at center, and Rev. John Hay, superintendent of Nazarene churches of the Indianapolis District, at right.
The Division of Continuing Education was organized to serve those members of the college clientele who are not in the typical 18-22 age group or whose educational needs are different from those for which the traditional baccalaureate or graduate degree programs were designed.

The division works closely with the Dean of the College and the Director of Graduate Studies in matters related to credit courses and faculty assignments.

The Institute for Church Management

This continuing education program is intended to provide training in church management for pastors with experience in the pastoral ministry. The institute will create a fellowship of learning experiences for pastors in an academic setting in which they may analyze the interrelationship between normative theological training and practical managerial techniques.

Three seminars a year will be offered on campus in September, January and June in which the pastors will have concentrated studies with a variety of expert speakers. The week will include fifty hours of classes and discussion groups.

Work relating to these seminars will be assigned for home study between the seminar. In addition, cluster interaction groups will meet in convenient locations with one or more professors as group leaders. The cluster group is designed to review the interim work and discuss relevant topics.

The courses include: 501 — Preaching that Communicates; 502 — Group Dynamics; 503 — Church and the Family; 504 — Pastor and Church Finances; 505 — Renewing Revival; 506 — Self Development; 507 — Multiple Groups; 508 — Expositional Studies.

The minister may earn either a certificate of credit, or fulfill requirements for the Master of Church Management degree. The curriculum for the master’s degree includes eight seminars on campus with interim work for 24 hours of credit, a four-hour credit special project, and two credit hours for readings and research.

Additional information is published by the Director of the Institute for Church Management at Olivet, Dr. Joseph Nielson, under the Division of Continuing Education.
Faculty, administration, staff and board of control are the key to quality at any college. Olivet is proud of the men and women who serve its student body with outstanding skill and dedication.

Professor of English Emeritus
B.A., M.A., Litt.D.

LLOYD G. MITTEN (1944-1977)
Professor of Business Administration and Economics Emeritus
B.S., M.S., Ph.D., C.L.U.

F.O. PARR (1945-1969)
Assistant Professor of Sociology Emeritus
B.A., M.A.

DWIGHT J. STRICKLER (1930-1979)
Professor of Biological Science Emeritus
B.A., M.S., D.Sc.

Library Faculty

ALLAN L. WIENS (1967)
Associate Professor of Library Science; Director of Library
Th.B., 1954, Canadian Nazarene College
B.D., 1959, Nazarene Theological Seminary
B.A., 1965, Seattle Pacific College
M.Lib.S., 1966, Western Michigan University
University of Illinois

RANDALL SIMMONS (1976)
Assistant Librarian, Assistant Professor of Library Science
B.A., 1973, Northwest Nazarene College
M.L.S., 1975, University of Oregon

RAY H. MOORE (1965)
Associate Professor of Instructional Media; Director of Media Services
B.Mus., 1941, Olivet Nazarene College
M.A., 1955, University of Missouri

ADELINE R. VANANTWERP (1960)
Assistant Librarian; Assistant Professor of Library Science
B.A., 1940, Houghton College
B.S. (Lib. Sci.), 1942, Geneseo (N.Y.) State University Teachers College
M.A., 1947, State University of New York (Albany)

MICHAEL VAIL (1980)
Assistant Professor of Instructional Media and Mathematics
B.A., 1972, Northwest Nazarene College
M.Ed., 1976, University of Idaho
Ph.D., 1979, University of Wisconsin

STEPHEN VANCIEL (1977)
Media Specialist
B.A., 1972, Pasadena College

KATHRYN VAN FOSSAN (1980)
Assistant Librarian
B.A., 1969, University of Illinois
M.A., 1979, Illinois State University
Faculty Members

This alphabetical listing of members of the faculty gives reference to the department in which they teach, where a more complete listing of their positions and degrees is shown.

Matthew Airhart, Music
Gerald Anderson, Music
Leonard Anderson, Business
Kenneth Armstrong, Business
David Atkinson, Mathematics
William Beaney, Biology
William Bell, Psychology
Forest Benner, Theology
Marilyn Branton, Biology
Richard Colling, Biology
Harvey Collins, Art
John Culp, Philosophy and Theology
Jacqueline Dalton, Nursing
Albertta David, Nursing
Susanna Davison, Nursing
William Dean, Theology
Doris Dipple, Nursing
Carol Doenges, Physical Education
D. George Dunbar, Music
Leann Eaton, Nursing
Alice Edwards, Music
Ranelle Eigsti, Nursing
Ruth Marie Eimer, Music
C. William Ellwanger, Religion
Henry Engbrecht, English
Linford Falb, Biology
Larry Ferren, Chemistry
Larry Finger, English
Alfred Fleming, Earth & Space Science
Lowell Flint, Psychology
William Foote, English
Diane Frey, Home Economics
Jack Furbee, Education
Franklin Garton, Psychology
Bruce Granger, Sociology
Alan Gray, Business
John Hanson, Chemistry
Leona Hayes, Nursing
Robert Hayes, Food Science
Kenneth Hendrick, Biblical Literature
Ralph Hodge, Physical Education
Harlow Hopkins, Music
Bill Isaacs, History
Gunnell Jorden, English
David Kale, Speech Communication
Charlotte Keck, Nursing
Nancy Kendall, Speech
Marla Kensey, Music
Jim Knight, Psychology
Irving Kranich, Music
Wanda Kranich, Music
George Lyons, Biblical Literature
Shirlee A. McGuire, English
Terry Mackay, Business
Joanne Marquart, Business
Marjorie Mayo, Education
Ray H. Moore, Media Services
Timothy Nelson, Music
Ivor Newsham, Physics
Gary Newsome, Physical Education
Joseph Nielson, Sociology
Joe M. Noble, Music
Leslie Parrott, Theology
Brenda Patterson, Physical Education
Lottie Phillips, English
Steven Pusey, History
Max Reams, Earth and Space Science
Phyllis Reeder, Nursing
Larry Reinharst, Religion
Loretta Reinharst, Nursing
Loramae Rentfro, Nursing
Kenneth Richardson, Physical Education
J. Ottis Sayes, Christian Education
Carolyn Sechrist, Psychology
Gene Shea, Business Accounting
Linda Shelton, Home Economics
Randall Simmons, Library
Willis E. Snowbarger, History
Sara Spruce, Education
Gary Streit, English
Stephen Taylor, Chemistry
James Thompson, Art
Donald Toland, Speech Communication
Vicki Trylong, Modern Language
Dixie Turner, English
Michael Vail, Instructional Media, Math.
Virgil Vail, Physics
Adeline VanAntwerp, Library
Marcus VanAmeringen, Music
Stephen Vancil, Media Specialist
Kathryn Van Fossan, Library
Larry Watson, Physical Education
Harry Westfall, Education
M. Deane White, English
Rubalee Wickland, Home Economics
Allan Wiens, Library
John Williams, Mathematics
Minnie Wills, Modern Languages
Norma Wilson, Nursing
Leora Windoffer, English
Donald Wood, Education
William Woodruff, Biblical Literature
Robert Wright, Biology
## Degree and Enrollment Statistics
