Your choice to build your life on a solid college education can bring dividends for the rest of your life.

Some things in life may be repeated, but you only have one first year in college. The time you invest cannot be regained.

Many educators agree that the freshman year is the most important for choosing personal values and study and work habits; making social adjustments and commitments; and claiming the promises of God for your life.

We invite you to consider Olivet Nazarene University, a private, Christian, liberal arts university in the Village of Bourbonnais just south of Chicago, Illinois, as your choice for a quality education with a decidedly Christian perspective.

Olivet offers you a community distinguished by enriching personal relationships, Christian values, and the highest standards.

Olivet's first-quality academic programs combine a foundation of liberal arts study with a variety of career-focused majors, concentrations and minors. Our emphasis on career preparation through over 100 areas of study equips young men and women for a lifetime of effective and satisfying living.

Olivet students have access to state-of-the-art technology. Numerous computer labs provide each Olivet student access to the Internet; ONUnet, the Olivet fiber optic network; and all classroom applications. Multiple SMART classrooms exist across campus. Every student room on campus is wired with two network ports, allowing students to do electronic research from their residence hall rooms 24 hours a day. Olivet also has its own cable TV system with 33 stations, including three university channels, in each room.
We are clearly focused on education with Christian values and hold an uncompromising commitment to Jesus Christ. We all share a common view — a view that not only binds us together, but enriches our lives as well.

Olivet's faculty of more than 100 men and women are carefully chosen for their proficiency in teaching, character-building influence, and Christian dedication. They are your partners in an “Education With a Christian Purpose.” These professors can become your close friends as you work to integrate and organize your life and career with Christ in first place.

The Christian perspective on learning encourages you to look at the deeper meanings in life. This perspective on learning begins with a view of God as our Creator and Lord rather than an attempt to consider humanity as the center of the universe.

The result of God's creation is a rich area for study. It leads us back to ultimate reality. God created each member of the human race in His own image, and declared all His creation to be good. God entrusted the care and safekeeping of His creation to the human race.

We also see humanity in a fallen condition, the result of the fall of Adam, which is evidenced in human rebellion against God and righteous living. As humans we find ourselves estranged from God, and the image of God is marred by the pervasive effects of sin in the world.

This fallen condition, however, is redeemable through the grace of God because of the life, death, and resurrection of His Son, Jesus Christ. Through that grace, Christian higher education works to prepare students for a life of service and fulfillment in the work of God in the world, as He continues to reveal Himself to people everywhere.

This Christian perspective develops an approach to personal behavior based on sound principles, resulting in creative and preventive social actions. Students and alumni become part of the solutions in life, not part of the problems.

To do this, we teach students how to blend the liberal arts and professional training into “The Living Arts.” Liberal arts means a free and complete study of all of life, combining understanding from all branches of knowledge into a coherent view of life.

The “Living Arts” lead students to find answers based on a firm and reasonable faith in God. Olivet professors generate a rich learning environment that enables students to express their questions, and discuss them from a view of God as revealed in the Bible, so they may comprehend and experience the “Living Arts.”
At Olivet, serious students increase their appreciation for the past, and prepare diligently for a creative future.

Employers continually seek out Olivet graduates, for they know a college diploma has greater value when the person who earns it has gained the interpersonal skills, self-knowledge, self-esteem, and personal integrity to put that college education to its best use.

Can you afford an education at Olivet? The better question may be, “Can you afford not to attend Olivet?” Affordable excellence is provided on the basis of careful financial management at Olivet.

The total costs of education, meals, and housing at Olivet are reasonable among the private colleges and universities in the Midwest, and comparable to that for a student living on campus at a major Midwestern state university.

Financial aid available to an Olivet student may be far greater than the amount offered to the same student to attend a community college or state university. The generous support to Olivet by Nazarene churches every year makes a “built-in” scholarship for every student.

And the value you receive from an education at Olivet is so much more as you commit yourself to the highest principles and spiritual values.

Dollars alone cannot measure the true cost or the value of a college education. Figure in also the unmeasurable value of the spiritual dimension of education at Olivet which is essential to bringing out the best in you.

College is more than classrooms, books, and study. The life experiences you share with students, faculty, and friends become an invaluable part of building your life on Christian principles.

These may be among the strongest reasons why Olivet becomes your first choice! We sincerely hope you will want this vital and valuable experience of an “Education With a Christian Purpose.”
Matching Olivet Courses and Career Plans

Some career choices, and college majors to prepare for them, have a large number of specific course requirements. Most programs start with general foundational studies, and advance to more difficult and technical levels of understanding.

The intention of the Olivet faculty is to design each major to meet career plans and interests of students. In addition, through the interdisciplinary or general studies majors, students may combine courses to match their personal career goals that may be outside of the stated departmental plans for majors.

The usual advice to students is to take basic required courses as early as possible, conserving electives to be studied later toward achieving personal goals for advanced study and career options. Basic courses and general education requirements also aid students in selecting a major or confirming their choice of a career.

Electives from a broad range of subject matter are available, even within general education requirements, which form the foundation of liberal arts understanding.

The courses of study in the University are organized in 23 departments, which are grouped in seven divisions of studies. These are listed alphabetically by divisions on page 7 and at the beginning of each academic division.

A chart of majors, concentrations within majors, and minors offered at Olivet is in chapter 2. This chart also indicates the types of degrees offered, such as Bachelor of Arts and Bachelor of Science. Details of requirements for majors and minors are listed at the beginning of each department.

Faculty members are listed with the department in which they teach, along with a description of their educational backgrounds. An alphabetical listing of faculty is also given in the index at the back of the Catalog.
List of Divisions, Departments, and Studies

Courses of study are offered in 23 academic departments, which are organized in seven divisions. These divisions are listed alphabetically on this page and in the Catalog, chapter 7, on “Courses of Instruction”: Education; Fine Arts; Languages, Literature, and Communication; Natural Sciences; Nursing; Religion and Philosophy; and Social Sciences.

This catalog is your guide to the undergraduate courses of study, activities, and opportunities at Olivet Nazarene University. For information concerning graduate and adult degree completion programs, refer to the School of Graduate and Adult Studies Bulletin.

As you read through the “Purposes of the University” in chapter 1, you will understand the reasons for our course plans, majors offered, student life policies and regulations, and our personal interest in helping students who come to Olivet to achieve their maximum potential for Christian living.

Olivet is supported by the Church of the Nazarene, with close ties to the more than 800 congregations in Illinois, Indiana, Michigan, and Wisconsin. At the same time, we are ecumenical in spirit, open to serve all who seek an “Education With a Christian Purpose.”

The University Catalog contains information about the undergraduate programs, and is intended to remain in force for the period for which it is issued. However, the University reserves the right to revise information, requirements, or regulations at any time. Whenever changes occur, an effort will be made to notify persons who may be affected.

The material contained in the Catalog is for information only and does not constitute a contract between the student and the University. The University reserves the right to revise policies, amend rules, alter regulations, and change financial charges at any time in accordance with the best interests of the institution. The effective date for the policies, regulations, and information of the Catalog is the beginning of the fall semester of the school year stated.
The University publishes special bulletins about semester course offerings, time of classes, faculty, and other matters prior to each term or semester. The University reserves the right to determine the number of students in each class or section. If an insufficient number of students enroll for a course, the University reserves the right to cancel the course, to change the time, or to provide a different teacher of any course in a given semester’s class schedule. The University reserves the right to drop a major or minor field for lack of sufficient enrollment of students to guarantee a class size of 10 or more in upper-division classes.

Candidates for graduation are expected to meet the requirements for graduation of the Catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student’s successive years of enrollment at Olivet, an appeal may be made to the Academic Standards Committee.

A University Life Handbook is published annually by the Vice President for Student Development and the Student Council. This gives more details about campus activities, regulations, and personnel policies that are pertinent to the students enrolled that year.

Olivet Nazarene University policy prohibits discrimination on the basis of race, sex, age, color, creed, national origin or ethnic origin, marital status, or disability in the recruitment and admission of students and in the operation of all college programs, activities, and services. Any concerns regarding discrimination on the basis of any of the foregoing protected categories should be addressed to Dr. Gary W. Streit, the University’s equal employment opportunity coordinator in the Office of Academic Affairs, Burke Administration Building, (815) 939-5213.

In compliance with the Drug-Free Workplace Act of 1989 and Drug-Free Schools and Campuses Amendment of 1989, Olivet Nazarene University clearly prohibits the unlawful possession, use, or distribution of drugs, alcohol, and unlawful substances by students and employees on University property or as any part of University activities.

Olivet Nazarene University is in compliance with the Family Educational Rights and Privacy Act, which is designed to protect the privacy of educational records. Details about the policy and procedures are available at the Office of the Registrar.
Chapter 1

Education With a Christian Purpose

Olivet Nazarene University, a denominational university in the Wesleyan tradition, exists to provide a university-level liberal arts “Education With a Christian Purpose.” Our mission is to provide high-quality academic instruction for the purpose of personal development, career and professional readiness, and the preparation of individuals for lives of service to God and humanity. “We seek the strongest scholarship and the deepest piety, knowing that they are thoroughly compatible (and) . . . a Christian environment . . . where not only knowledge but character is sought.” (Quotation from the Olivet University Catalog, 1915)

This mission statement clearly identifies Olivet as a university that seeks to help students integrate faith and learning. It is this Christian commitment that adds wisdom to learning. While the mission permeates all that is done at Olivet, it is most fully realized in the academic arena. Olivet seeks to foster and maintain a high commitment to academic excellence.

The University affirms that all truth is God’s truth and, therefore, cannot be segmented into secular and non-secular categories and departments. The teaching faculty of the University are men and women who possess the highest academic credentials, a passion and gift for teaching, and a personal vibrant faith. As a teaching university, Olivet is designed to provide close teacher/student contact.

Under the guidance of professors and counselors, students are assisted in completing the general education requirements of the University and in choosing a major field of study. Academic endeavors and experiences beyond the classroom are encouraged and facilitated in a variety of ways, including the several co-operative programs provided by the Council.
for Christian College and Universities, headquartered in Washington, D.C. These programs are both national and international in nature.

In addition to the traditional undergraduate liberal arts programs, Olivet offers graduate programs in religion, education, business, counseling, and nursing. There is also a nontraditional degree-completion program that allows working adults to complete their baccalaureate degree through an evening program.

Along with this commitment to learning, Olivet exists as a community where faculty, staff, administrators, and students share a common faith. Although the majority of Olivet's undergraduate students are from the Church of the Nazarene, they are joined by hundreds of other students from more than 30 denominations. Campus life promotes the development of Christian character and grace and provides avenues of service to God, the community, and the world at large. The Olivet environment and culture are positive, challenging, and redemptive.
Statement of Faith

Olivet Nazarene University recognizes that there is a body of knowledge with which the humanities, the natural sciences, the social sciences, theology, and professional studies are to be differently but compatibly concerned. As an educational enterprise of the Church of the Nazarene, we pursue truth in order to glorify the God and Father of our Lord Jesus Christ: praying for the coming of the Spirit; remembering the promise of Scripture and tradition; keeping our hearts faithfully attuned to the voice of God; and being thoughtfully, acutely, and critically engaged.

We endeavor to foster the disciplines of scholarship and Christian spirituality. We seek in all of our intellectual labors to be true to the academic and theological traditions of which we are a part. We weave together the various strands of our educational labors on a vision of the Church as a corporate holy life, a life of loving devotion to God and of loving mission to the world that God so loves.

We emphasize the Arminian-Wesleyan tradition, which both acknowledges the devastation of sin and depravity on every aspect of human life and history and hopes in the transforming work of the Father, the Son, and the Holy Spirit to sanctify the human heart, soul, mind, and strength, to open history to the promise of the coming of Jesus Christ.

As an indication of the commitment of Olivet Nazarene University to the historic Christian position, the University affirms a statement of faith that defines its doctrinal convictions as follows:

1. That there is one God — the Father, Son, and Holy Spirit;
2. That the Old Testament and the New Testament Scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living;
3. That man is born with a fallen nature and is, therefore, inclined to evil, and that continually;
4. That the finally impenitent are hopelessly and eternally lost;
5. That the atonement through Jesus Christ is for the whole human race, and that whosoever repents and believes in the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin;
6. That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ;
7. That the Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers; and
8. That our Lord will return, the dead will be raised, and the final judgement will take place.

Statement of Objectives

Olivet Nazarene University is an institution of higher education, affiliated with the Church of the Nazarene, serving those who share her values and priorities. The University seeks to communicate effectively the historical and cultural heritage and to provide opportunity for liberal arts education in a Christian academic community.

The University articulates its objectives in three distinct and clearly defined dimensions:
General Education Dimension
To provide general education experiences so that an educated person may:
A. Be acquainted with both cognitive and affective dimensions of Christianity;
B. Be able to think, write, and speak clearly and effectively;
C. Possess understanding of the dynamic processes within and between persons and the larger systems of which each person and group are a part;
D. Be exposed to an international culture;
E. Be able to understand the procedures of science and the impact of scientific issues on daily living;
F. Have an informed acquaintance with the aesthetic experience of literature and the arts; and
G. Develop attitudes and philosophies that increase personal health.

Academic-Professional Dimension
To provide opportunity for concentration in chosen areas of learning, including:
A. An academic specialization equipping the individual for meaningful and productive living;
B. Opportunities for basic and advanced preparation in several areas of Christian ministry, lay leadership, and churchmanship;
C. Programs leading to further graduate or professional studies;
D. Professional education in selected areas on the undergraduate and graduate levels; and
E. Appropriate two- or three-year programs in specific areas.

Socio-Christian Dimension
To provide a Christian academic community atmosphere which is conducive to the implementation of the motto “An Education With A Christian Purpose” through:
A. The development of a Christ-centered character in preparation for excellence in service and citizenship;
B. An appreciation for the historical and theological heritage of the Church and the development of a sense of responsibility to the fulfillment of her mission;
C. A commitment to the ethical ideals and standards of the Bible and the Church of the Nazarene;
D. Active participation in social and political institutions of contemporary society;
E. The development of personal and social poise, firm convictions, and consideration for the rights and feelings of others; and
F. The fostering of learning how to relate the Christian faith to the problems of world concern.

History of the University
Olivet Nazarene University’s origins can be traced to the first decade of the 20th century and to the resolve of several families in east central Illinois who were committed to providing a Christian education for their children. In 1907, classes were begun in a Georgetown, Illinois, home. A year later, the founders acquired several acres of land in a nearby village named “Olivet.” There, they constructed a modest building and added the secondary level of instruction. A liberal arts college followed in 1909, along with the first name for the fledgling, but ambitious, institution: “Illinois Holiness University.”
By 1912, the founders and trustees were aware of the school's need for a wider constituency and offered to give their educational work to the Church of the Nazarene. The young denomination accepted the school with a pledge to support and promote its ministry of Christian higher education. That early commitment is still being perpetuated by the more than 800 Nazarene congregations throughout Illinois, Indiana, Michigan and Wisconsin.

The school grew slowly during the next decade. There were several acting and short-term presidents; the campus of 19 acres contained only a few small buildings; the first yearbook, the *Aurora*, was published in 1914; a new school name followed in 1915: “Olivet University”; and the name was changed to “Olivet College” in 1923.
Decades later, a devastating fire destroyed the main campus building in November, 1938, prompting the newly-elected president, A.L. Parrott, and the trustees to consider locating a new campus as an alternative to rebuilding at their rural site. They found and purchased the present campus in Bourbonnais in 1939 and moved the college in the summer of 1940. “Nazarene” was added to the college’s name that same year.

At the time of the college’s move to Bourbonnais, the campus consisted of 42 acres that had been the site of St. Viator’s College from 1868 until it closed in 1938. Four of the buildings purchased then are still in use today.

A major milestone for Olivet followed in 1939, when the University of Illinois formally recognized the school. The college catalogs of the 1940s reflected a school of liberal arts, a school of music, a school of religion, and a high school academy. In 1953, all areas of study were grouped into curricular divisions still the model for Olivet’s academic organization.

Dr. Harold W. Reed, president from 1949 to 1975, led Olivet through a period of remarkable growth, including the construction of 20 major buildings to keep pace with increasing student enrollments.

Dr. Leslie Parrott Sr. continued this focus on campus expansion, development, and beautification during his 16-year tenure, as he led the campaign to elevate Olivet to university status. In 1986, the school’s name was changed to “Olivet Nazarene University” to reflect the diversity of academic programs and graduate studies.

Since assuming the presidency in 1991, Dr. John C. Bowling has continued to lead the University in its growth, effective ministry, and pursuit of “Education With a Christian Purpose.”

Location and Transportation Facilities

Olivet Nazarene University is located in the Village of Bourbonnais, Illinois, 50 minutes south of Chicago’s Loop. The campus is situated on U.S. 45 and 52, state Route 102, and near state Route 50 and Interstate 57. Kankakee County is served by Amtrak Rail Passenger Service and Greyhound Lines (bus). In addition, the Metra rail service is available just 25 minutes away in University Park, and takes riders through Northeastern Illinois, including downtown Chicago. Olivet receives mail through the Bourbonnais Post Office. The basic mailing address is Olivet Nazarene University, One University Avenue, Bourbonnais, Illinois 60914-2271.

The 2000 census population of Kankakee County was 103,833, including 27,491 in Kankakee, 12,784 in Bradley and 15,256 in Bourbonnais.

The location provides Olivet students and faculty with many advantages. Students enrolling in Olivet have the opportunity of earning part of their expenses in the many factories and business firms of Kankakee County. The nearness of the school to Chicago lends the cultural advantages of the large city, and classes make field trips to many points of interest.

Campus and Facilities

The Olivet campus of 1940 in Bourbonnais included 40 acres of land and six principal buildings, four of which are still in use today: Burke Administration Building (built in 1906); Chapman Hall, a residence hall for men (1906); Miller Business Center (1926); and Birchard Gymnasium (1926).
Olivet's current park-like campus includes 200 acres of contiguous land with 30 principal buildings. Academic buildings now in service include: Reed Hall of Science (1966); Strickler Planetarium (1966); Wisner Hall for Nursing (1971); Benner Library and Learning Resource Center (1975), which combined with the Memorial Library (1956); Larsen Fine Arts Center (1982); and the Weber Center (2001).

Residence halls, in addition to Chapman, are Williams Hall (1951), Nesbitt Hall (1959), Hills Hall (1962), McClain Hall (1967) and Parrott Hall (1970) and University Place, an apartment building converted to campus housing in 2001. Two smaller residence halls, Howe and Gibson, were completed in 1967.

Ludwig Center was completed in 1966 to house the student meal services, bookstore, post office, student offices and student affairs offices.

Chalfant Auditorium for chapel, convocations, concerts and varied activities was completed in 1963. Kelley Prayer Chapel (1980) was a joint venture of the school and Student Council.

Ward Football Field (and track) was finished in 1978. Snowbarger Athletic Park was opened in 1979. The Warming House and ice rink were finished in 1985. An athletic service center was added in 1987.

The Brodien Power Plant was rebuilt in 1969. The James Tripp Maintenance Facility was completed in 1988 near the WONU Radio Tower, which was erected in 1986.

The Leslie Parrott Convocation/Athletic Center was completed in 1990, connecting with Birchard Gymnasium and Chalfant Auditorium.

The Harlow E. Hopkins Alumni Center, dedicated in 1994, is adjacent to Burke Administration Building. The center, formerly known as Goodwin Hall, is an historic community home which now houses the offices of Alumni Relations and University Relations and is a focal point for alumni activities throughout the year.

A new Admissions Center was completed in 1999, and the Weber Center, housing the Division of Social Sciences and the Division of Education, was completed in 2001.

**Benner Library and Learning Resource Center**

The Benner Library and Learning Resource Center was completed in 1975. A four-story structure of 80,000 square feet, it combined both the new building and the Memorial Library (completed in 1955).

In addition to a collection of over 225,000 volumes, the library also houses over 250,000 other items in various formats (government documents, maps, video tapes, records, compact discs, sheet music, microfilm) and receives 1,000 periodical subscriptions. As a Federal Depository Library, the library receives U.S. government documents on a selective basis. Photocopiers, microfilm reader-printers, and fax services are available for student use for nominal fees.

Using our Geac online catalog, BLIS, students and faculty may search the library's collection on workstations in the library and from the Internet. Materials are checked out quickly by scanning books and ID cards.

Through the library’s home page, users can access BLIS and a wide variety of other electronic resources and services, including Web databases (many full text), useful Internet sites, and Web request forms.

Several services are available on the lower level of Benner Library. Original documents pertaining to the history of Olivet and the Church of the Nazarene are available in the Archives.
The Curriculum Center provides representative educational materials on the elementary and secondary school levels. In the Music Library, the student may consult scores and listen to records and compact discs. Computers are available for student use in Benner Library Lab (PC-based) and the Learning Development and Assistance Center (PC-based).

Through interlibrary loan and other cooperative agreements with several organizations (including Heritage Trail Library System, the South Metropolitan Regional Higher Education Consortium, and the Illinois Cooperative Collection Management Program), Benner Library can provide the Olivet community with a wealth of services and materials beyond its walls.
Chapter 2
Design for Educational Excellence

Olivet Nazarene University is committed to academic excellence. The University is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools to offer associate, baccalaureate, and master's degrees.

The Illinois State Department of Education has approved Olivet as a teacher training college for baccalaureate and master's degrees. The teacher education programs have candidacy status with the National Council for Teacher Education programs.

The baccalaureate degree program in nursing is accredited by the National League for Nursing, holds preliminary approval from the Commission on Collegiate Nursing Education, and is approved by the Board of Nursing of the Department of Professional Regulation of the State of Illinois.

The baccalaureate degree program in dietetics is approved by the American Dietetic Association; the baccalaureate program in social work is accredited by the Council on Social Work Education; and the baccalaureate program in engineering is accredited by the American Board of Engineering and Technology. Olivet is a member of the National Association of Schools of Music, the American Association of Colleges for Teacher Education, Midwest Association of Graduate Schools, Associated Colleges of Illinois, the Federation of Independent Illinois
Colleges and Universities, the Council for Advancement and Support of Education, the Association of Governing Boards of Universities and Colleges, and the Council for Christian Colleges and Universities. It is a member of the Associated Colleges of the Chicago Area, with the privilege of selective use of the Argonne National Laboratories for research and educational purposes.

Olivet carries on a continuous program of self-study in the belief that improvement is a continuous process. Its faculty is competent for the duties assigned. An effort is made to bring a genuine academic challenge to every student. This is done with the conviction that the impact of Christian lives can be increased by excellence of scholarship, logical thought, and effectiveness in communication. The University seeks through its curriculum, co-curricular activities, and campus citizenship to assure the priority of academic discipline and achievement.

A genuine encounter with the traditional liberal arts is felt to be the best way to assure the development of the whole person and to give balance in making the judgments required in a world of rapid change. Accordingly, Olivet Nazarene University offers the student a variety of opportunities for growth according to his or her aptitude and interests. These opportunities are presented through curriculum, co-curricular activities, field experiences, and the library. Teachers and counselors are ready to assist the student in planning his or her program, but the student has primary responsibility for meeting requirements for graduation, licensing, certification, and graduate school admission.

Semester Calendar and Credit Hours

The University calendar is built on two semesters of 15 weeks. The semester hour is the unit of credit at Olivet. A semester hour is equivalent to one 50-minute class period per week for a semester. It is expected that the average student will spend two hours in preparation for each period in class. In laboratory courses a two-hour period is considered the equal of one-hour recitation or lecture period.

A normal semester load is 16 semester hours. A minimum of 128 semester hours is required for graduation with the bachelor's degree. All programs feature the dimension of breadth and also the dimension of depth.

General Education Basic Requirements

In order to provide the student with a broad base of experience and knowledge in the various fields of human activity, and to carry out the general aims of Christian education as outlined in the institutional objectives, special courses have been selected or developed to meet the needs of students in all degree curricula. In certain fields of study, the students are required to select from among several courses according to their interests or plans for future study.

Courses numbered in the 100s and 200s should normally be completed during the freshman or sophomore years. General education courses numbered 300 or above will normally be completed during the last two years of study. See "Classification," chapter 6.

Students planning a program of teacher education should consult special instructions related to general education in the Division of Education section of the Catalog.
General Education Requirements: Bachelor’s Degrees

Group 1. Christianity:
An educated person should be acquainted with both cognitive and affective dimensions of Christianity. Knowledge should include foundational information on the Old and New Testaments, the beliefs of the faith, our Christian heritage and the relationship between Christianity and world religions.

Learning the methods and tools of Biblical interpretation and how to integrate Bible, doctrine, historical traditions, global issues, vocation, and ethics makes possible ethical decisions informed by Christian values and effective service in a local church. Moreover, the cognitive dimension enables the evaluation of actions or ideas as to whether they conform to Christian principles.

Affective goals include cultivation of an awareness of the significance of the Bible, a commitment to the beliefs, the mission, and lifestyle of Christianity in general, and the Church of the Nazarene, where relevant.

Accomplishment of these goals should lead to the restructuring of the student’s world to reflect the priorities of Christianity (i.e., to raise the level of maturity). The change can be facilitated through developing a mature appreciation for the Bible and a commitment to social transformation.

THEO 401 Church and Christian Living ..........................3
Total ..............................................................................12

Group 2. Communication
An educated person must be able to think, write, and speak clearly and effectively.

Writing, speaking, reading, and listening skills are basic to effective communication. Reading provides a range of viewpoints and in-depth information. Careful listening to authors and speakers prevents miscommunication. Writing and speaking are the primary channels of expression.

The quality of communication is connected to thinking because writing and speaking patterns parallel individual thinking processes. Therefore, the educated person must have developed the analytical and synthetical skills of critical thinking. Teachers become role models and create settings where students have to reflect on their own thought processes.

This critical thinking is best taught if connected to specific writing and speaking formats and to the content and methods of specific academic disciplines (i.e., communication across the curriculum).

Placement in English will be based on English ACT score:

Enhanced ACT English score
1-13 .................................................................ENGL 095****
14-17 .................................................................ENGL 102
18 and up .................................................ENGL 103

NOTES:
*Satisfactory completion of nine hours of Systematic Theology (THEO 361-364) may substitute for THEO 300.
**BLIT 250 and BLIT 310 must be taken in place of BLIT 300 by all majors in the Division of Religion and Philosophy.
***A student may not enroll in English 104 until having passed English 102 or 103 with a grade of C- or above.
****Courses numbered below 100 do not count toward degree requirements, although placement will be required based on ACT scores.
Group 3. Social Sciences

An educated person should possess understanding of the dynamic processes within and between persons and the larger systems of which each person and group are a part. Such knowledge and insights should aid the student in becoming a responsible citizen of both the United States and the world community. All students should become aware of cultural diversity, the changing nature of society, and the need for a wide perspective on society.

Students should be informed of the economic, philosophical, political, pluralistic, historical, literary, and artistic heritage of the West. Courses should include a cross section of these dimensions of heritage to provide an integrated picture of Western society and its present and historical relationship to other cultures.

The study of civilization should be focused to understand contemporary problems and situations and help provide students with the intellectual base to prepare for the inevitable changes they will experience in the 21st century with the accompanying transition to modern modes of thinking and perceptions of the world.

One history course from the Department of History .......................................................... 3
Electives from two of the following areas:

- Economics, Family/Consumer Sciences, Political Science, Philosophy,
- Psychology, or Sociology. (All courses to be approved by the Academic Affairs Commission, and will be so indicated in semester class schedules.) .................................................................................. 6

Total ...................................................................................................................... 9

Group 4. International Culture

An educated person should be exposed to an international culture. It is no longer possible to conduct our lives without reference to the wider world within which we live. A crucial difference between the educated and the uneducated person is the extent to which one's life experience is viewed in wider contexts. The curriculum should include exposure to an international culture in terms of geography, language, history, philosophy, art, literature, and religion. Moreover, a non-Western culture should be part of the international experience.

Foreign language skills are important for those working in a global economy. International students on campus, a variety of courses, and overseas experiences by faculty and some students, all are a part of the international education. The interrelatedness of living in a global community necessitates exposure to an international culture with part of the experience coming from a non-Western culture.

Students obtaining a B.A. degree must complete a foreign language through the elementary I and II levels .................................................................................................................. 8

Students obtaining a B.S. degree may choose either foreign language courses or international culture courses approved by the Academic Affairs Commission. No more than one course may be chosen from the department of the student's major or minor to apply to the international culture understanding requirement ............................................. 6-8

Students obtaining a B.S. degree may satisfy the international culture requirement by completion of an approved three hour foreign travel course. Such a course requires prior approval by the General Education Committee, the Academic Affairs Commission, and the Olivet Nazarene University faculty ................................................................. 3

Total ...................................................................................................................... 3-8

Four years of the same foreign language in high school may be substituted for the eight-hour foreign language requirement. Students with two or three years of foreign language in high school may request credit for the first semester of foreign language upon completion of the second semester course with a grade of C- or better.
Group 5. Natural Science and Mathematics

An educated person should be able to understand the procedures of science and the impact of scientific issues on daily living. Students should also have the ability to understand and recognize the legitimate use and interpretation of numerical data. In addition, a general competency in mathematics should be required.

The common aim is to convey a general understanding of science as a way of looking at humanity and the world and mathematics as a tool to interpret reality and to function within the world. The larger purpose is to help students acquire scientific literacy, defined as the capacity to follow new scientific developments in intelligent layperson’s terms.

In addition, the student should understand the role of technology in society. Thus, the educated person should have an informed acquaintance with the mathematical and experimental methods of the physical and biological sciences.

| Laboratory science, biological or physical | 4-5 |
| Mathematics placement based on ACT Math score | 0-3 |
| Additional hours from the Division of Natural Science | 3 |

*Courses numbered below 100 do not count toward degree requirements, although placement will be required based on ACT scores.
**Math 111 does not meet the mathematics requirement unless Math 112 is also satisfactorily completed.

Group 6. Literature and the Arts

An educated person should have an informed acquaintance with the aesthetic experience of literature and the arts. The arts provide access to realms of creativity, imagination, and feeling that explore and enlarge the meaning of being human in an impersonal technological society. Courses should foster a critical understanding of how persons give artistic expression to their experience of the world.

Through the examination of selected major works, students will be expected to develop and refine skills of reading, seeing, and hearing; to apprehend the possibilities and limitations of the artist’s chosen medium and the means available for expression; and to understand the complex interplay between individual talent, artistic tradition, and historical context.

| FINA 101 Introduction to Fine Arts, or other courses approved by the Academic Affairs Commission. All fine arts courses for general education credit must include an off-campus experience in the arts | 3 |
| Literature course from the Department of English selected from LIT 200, 220, 255, 300, 308, or 315 | 3 |
| **Total** | **6** |
Group 7. Personal Health

An educated person should develop a lifestyle that promotes personal health. Personal health encompasses all those attitudes and practices that improve one's physical and mental well-being. Students should be guided in the acquisition of lifelong habits relating to good nutrition, physical exercise, and the management of conflict and stress.

Furthermore, students should learn interpersonal skills that serve to promote the health levels of others, including family and community as well as the world at large. This demonstrates the cooperative nature of sharing responsibility in today's world.

General Studies Interdisciplinary Major

Most students will find a concentration of work in the departmental or divisional major adequate to their needs at the undergraduate level. For some, the general studies major will provide the opportunity to select from several departments courses that will contribute to their life goals.

This major is ideal for a student whose interests lie in related fields such as art, music, and literature or psychology, physical education, and Christian education. It also accommodates those preparing for law or medical schools. In effect, it is a functional major.

This major will consist of no fewer than 60 semester hours of courses related to the student’s declared life objective selected from more than one division of the University. Normally, this declaration is made in connection with application for junior standing at the end of the sophomore year.

Application for candidacy for the degree in general studies must be made to the Vice President for Academic Affairs at least two semesters before graduation. The applicant will present in writing a full statement of vocational purpose and reasons for believing that such a degree program will best meet his or her individual needs.

Upon receipt of the application, the Vice President for Academic Affairs shall appoint a committee whose function it will be to accept or reject the application, to develop a plan of studies, and to determine the degree to be awarded. Once the student has been accepted as a candidate for this major, he or she must work very closely with the committee and may not register for, nor withdraw from, any course without prior advice and approval from the committee.

Specialization for Bachelor’s Degree Programs

Before admission to junior standing, the student will choose an area of specialization as his or her major field of study, and thus be enabled to examine more intensely a specific field of study, and gain depth and a degree of competence in using and communicating this knowledge.

The University reserves the right to drop a major or minor field for lack of sufficient enrollment to guarantee a class size of 10 or more in upper-division courses of that field.

There are certain instances where particular combinations of majors and minors, or requirements for certification for positions of employment for graduates, may require a student to complete more than 128 semester hours.

If a student begins one specialization or major, and then changes to another, the University cannot guarantee that the student will graduate without exceeding the number of 128 hours or eight semesters of work, stated as the minimum requirement for graduation.

The following chart indicates the fields in which Olivet offers programs of study. The degree or degrees to which each program leads is shown in the columns headed by degrees B.A., B.S., etc. An “x” in the minors columns indicates that a minor is offered in the field. Columns headed “Teaching” indicate which fields offer a teaching major or minor. Majors are shown in CAPITAL LETTERS. Concentrations and minors are shown in lightface type.

Requirements for Graduation: Bachelor’s Degrees

Baccalaureate degrees offered by the University are awarded upon completion of the appropriate curriculum and upon recommendation of the faculty. The following general requirements apply to Bachelor of Arts and Bachelor of Science degrees:

1. A minimum of 128 semester hours of credit;
2. A minimum grade point average of 2.0 (“C”);
3. A minimum of 40 hours of credit in upper-division courses (courses numbered 300 or above);
4. Completion of the general education studies of 50-61 hours;
5. Completion of a major program of study as specified by the division or department in which the major is taken or the major in general studies described above;
6. Completion of supporting courses as specified by the major department;
7. The student taking the Bachelor of Arts degree must offer foreign language under the Group 4 general education requirement.
8. Participation in the senior outcomes testing programs in general education and as may be specified by the major department.
9. The student must file an application for the degree with the Registrar six months prior to the expected date of graduation.
10. Students may participate in commencement as August graduates only if they are within 12 hours of graduation by the end of the spring semester, and have filed a plan of studies with the Registrar by April 1.

Preparation for Graduate Study and Preprofessional Study Programs

Olivet has developed degree programs that adequately prepare students for graduate and professional study in a variety of fields. Preparation for these fields may be in majors related to the professional study. Detailed programs outlining these studies at Olivet may be obtained by writing to the Director of Admissions or to the chair of the appropriate department.

Fields for which Olivet offers preprofessional preparation include clinical laboratory science, nuclear medicine technology, law, medicine, ministry, pharmacy, physician’s assistant, physical therapy, and psychology.

The student planning to pursue one of the preprofessional programs is advised to ask the Registrar for assignment to the appropriate preprofessional faculty adviser. The student should also become acquainted with the professional school’s requirements for admission.

Faculty advisers are available for the following programs: nuclear medicine technology and clinical laboratory science — clinical lab science adviser; physical therapy — Department of Exercise and Sports Science or Department of Biological Sciences; psychology and counseling — Department of Psychology; law — Departments of Social Sciences, Business, or English; Premedicine — Division of Natural Sciences; pre-pharmacy — pre-pharmacy adviser; Ministry — Division of Religion; other medical or health fields — Division of Natural Science or Division of Nursing.
Cooperative Arrangement With The Salvation Army

A cooperative arrangement has been worked out between Olivet Nazarene University and The Salvation Army Central Territory in Des Plaines, Illinois, which enables Salvation Army Officers to earn the Bachelor of Science degree in practical ministries and/or the Master in Practical Ministries degree from Olivet.

Graduate and Adult Studies

The School of Graduate and Adult Studies offers programs leading to master's degrees. Studies include nursing, education, religion, professional counseling, business, church management, and pastoral counseling. These programs are mentioned in chapter 8 of the Catalog and described in a separate Graduate and Adult Studies Bulletin.

Degrees offered include the Master of Arts, Master of Arts in Education, Master of Arts in Teaching, Master of Education, Master of Science in Nursing, Master of Church Management, Master of Pastoral Counseling, Master of Business Administration, and Master of Practical Ministries.

Adult studies programs lead to bachelor's degree completion for those entering with 30-60 hours of college work or associate degrees. An Associate of Arts degree in business is also available through the School of Graduate and Adult Studies. See the School of Graduate and Adult Studies Bulletin for details.
Chapter 3

University Life

Under the direction of the Vice President for Student Development, a concerted effort is made to encourage the development of the whole person. Through numerous organized activities, an extensive system of counseling and guidance, a supportive residence hall program, and a well-developed system of the Associated Students and Student Council, each student is encouraged to develop his/her full potential of leadership as a well-integrated person.

Olivet provides an effective counseling program, which is designed to make capable and mature advisers available to students. Each entering freshman is assigned to a faculty member who serves as an academic adviser until the student has chosen a major, at which time an adviser will be assigned within the student’s major.

Besides the assigned adviser, the student is encouraged to utilize all of the counseling services on the campus, including the Vice President for Student Development, the Associate Dean of Student Development, the Chaplain to the University, the Director of Community Life, Registrar, Career and Counseling Center, the Director of Retention, resident directors, student resident assistants, the administrative personnel of the University, faculty, and all area pastors.

Orientation for New Students

Olivet Nazarene University seeks to assist in every way possible to orient its students to the academic, social, and religious life of the University. The orientation program consists of a variety of activities, including testing, student-parent orientation sessions, and other
transitional activities especially designed to assist the student in launching a successful college career.

Special orientation programs for incoming students are sponsored by the University during the summer months prior to the opening of school and at the opening of the spring semester. At this time each new student will visit the campus with his or her parents, participate in the advising program, register for the first semester of academic work, and make his or her housing selection. Special orientation sessions will be held with parents to acquaint them with the university program.

The total orientation program is coordinated with the freshman advising program of the institution and is under the direction of the Assistant Dean of Instruction and Director of Admissions.

**Resident Campus Philosophy**

The administration of regulations regarding student conduct is one of the responsibilities of the Vice President for Student Development. Resident students are immediately responsible to the resident directors of the various residence halls. These persons are responsible to the President of the University through the Vice President for Student Development and his staff for personal guidance to all students. Nonresident students are urged to seek the advice and counsel of the counselors-at-large, the Vice President for Student Development, the Director of Community Life, the Chaplain to the University, and the Associate Dean of Student Development.

Policies and practices of conduct are formulated with the development of spiritual and scholastic attainments in mind. The University reserves the right to request withdrawal on the part of any student who manifests an inability or disinclination to conform to the policies or campus life expectations.
Students are expected to observe the policies of conduct and have agreed to do so by making initial application for admission as a student. Policies of the University are in effect as long as a student is enrolled, both on campus and off, and during vacation periods. Failure to keep this commitment may result in a variety of disciplinary actions, including suspension or withdrawal from the University.

Generally, our regulations fall within three broad categories:

1. Some regulations reflect God’s moral law.
2. Some regulations reflect the civil law.
3. Some regulations involve judgments and prudence about the effects of certain practices.

For example, we have regulations governing residence hall life and general campus behavior.

The University reserves the right to change or add to any of the regulations designed to enhance student development. These regulations are listed in detail in the University Life Handbook. It is the responsibility of each student to know and abide by the policies of the University.

In compliance with the Drug Free Workplace Act of 1989 and Drug-Free Schools and Campuses Amendment of 1989, Olivet Nazarene University clearly prohibits the unlawful possession, use, or distribution of drugs, alcohol, and unlawful substances by students and employees on University property or as any part of University activities. This policy includes off-campus and in private homes, where these types of activities are taking place, and each student will be responsible whether actually participating or not.

Residence Hall Living

Residence hall living is regarded as an important aspect of the Christian academic community, which Olivet Nazarene University seeks to foster. It is for educational and developmental reasons that nonmarried students under the age of 23 who are enrolled for seven hours or more per semester are required to live in University residence halls and participate in the board plan. The exception includes students living with an immediate family member or who have completed eight semesters of college.

Students enrolled for five or fewer hours, or who are 23 years of age or older, are not permitted to live in the residence halls, unless prior permission is granted.

Nonmarried summer school students under the age of 23 and enrolled for six hours (summer session I and II inclusive) are required to live in University residence halls, unless prior permission is granted.

Non-students are not normally permitted to live in residence halls and must always obtain permission from the Associate Dean of Student Development to do so. A board plan is optional for nonresident students. Married or previously married students are not permitted to live in University residence halls without prior permission.

Motor Vehicles

All motor vehicles owned or operated by students are to display an official University vehicle permit. All students are to register their vehicles with the Department of Public Safety at the time of registration or within 48 hours after securing a vehicle. Failure to register a vehicle according to these regulations may result in a fine and denial of permit for the remainder of the semester.

It is within the discretion of the University administration to disqualify any applicant or revoke a permit by reason of any one or all four of the following: (1) academic deficiency,
being interpreted as falling below a grade point average of 1.75 in any grade period; (2) financial incapacity, or the inability to satisfactorily discharge financial obligations while enrolled as a student; (3) social infractions, particularly those involving the use of vehicles; and (4) excessive traffic violations. A vehicle permit may be revoked at any time by the Department of Public Safety if it is considered that the student is misusing his vehicle privilege. A copy of Olivet’s security handbook is available to each student. Olivet Nazarene University is not responsible for any damage, fire, theft, vandalism, etc., to any student’s vehicle.

Vehicles used for student transportation shall be fully covered by liability and property damage insurance at all times.

Associated Students and Organizations

The Student Council of the Associated Students of Olivet Nazarene University, in conjunction with the University administrative officers, fosters wholesome social and religious activities on the campus. Under its direction, the various academic and social clubs carry out these various activities.

These clubs include: The Academy, Aurora yearbook, Capitol Hill Gang, CMS (Christian Music Society), Computer Club, Concert Band, Diakonia (Social Work), Dialog: The Theology Club, Engineering Club, FCA (Fellowship of Christian Athletes), GlimmerGlass newspaper, Green Room, International Club, Jazz Band, Kappa Omicron Nu, Ladies’ Ensemble, Men’s Ensemble, Men’s Residential Life (MRL), NSA (Nursing Students), Off-Campus Olivetians, Olivet Geological Society, Olivetians for Life, Orpheus Choir, Phi Alpha Theta, Psi Chi/Psychology Club, Rotaract, SAFAC (Fam&Cons Science), SEA (Student Education), SIFE (Students in Free Enterprise), Sigma Tau Delta, Women’s Residential Life (WRL), and WONU radio.

Publications — Olivet sponsors two publications: the Aurora, the University annual; and the GlimmerGlass, the University newspaper. These publications provide a channel for literary and artistic expression and add greatly to the campus environment. In addition to these, The Olivetian, a quarterly, is published by the University administration to communicate with students, parents, alumni, prospective students, and friends of the University.

Residence Associations — Women’s Residential Life (WRL) and Men’s Residential Life (MRL) are designed to assist in meeting the various needs of students in residence. They endeavor to foster Christian fellowship, promote the fundamentals of etiquette, and carry on a continuous program of residence hall life improvement. Among some of the activities sponsored by these organizations are: coronation of homecoming queen, devotionals, basketball tournaments, and various inter-residence hall activities. The WRL and MRL councils consist of an elected president and representatives from each of the four academic classes. Membership is voluntary and open to all students living in residence halls.

Religious Organizations — The Spiritual Life Organization sponsors several religious programs and activities for the purpose of fostering a vital spiritual life on the campus and providing opportunities for Christian service.

Under the direction of Spiritual Life, student-led workshop services are held each Monday evening. These services provide a time for students to minister to students through Scripture, music, and testimony.

Spiritual Life also directs off-campus ministries, which include Lifesong, Omega, Evangels, Compassionate Ministries, Urban Children’s Ministry, ministries through mime, and others. These organizations are responsible for the off-campus ministries of the students, involving services and witnessing programs in the churches on the educational region, and ministry
in the local Bourbonnais area through service organizations. Every student is invited to participate in Spiritual Life activities with on-campus or off-campus interests.

**Musical Organizations** — The Department of Music provides students with various opportunities for musical expression through its choral and instrumental organizations. Those groups are: University Orchestra, Concert Band, Stage Band, Handbell Choir, Orpheus Choir, Men's Choir, Women's Choir, and Jazz Band. These ensembles, together with University-sponsored music and drama groups, provide vitally important performance experience and represent Olivet locally and on the educational region.

**Intercollegiate Athletics** — Olivet is a member of the National Association of Intercollegiate Athletics (NAIA) and the National Christian College Athletic Association (NCCAA), and participates in intercollegiate athletic competition in the Chicagoland Collegiate Athletic Conference. Intercollegiate sports for men include baseball, basketball, cross country, football, golf, soccer, tennis, and track. Intercollegiate sports for women include basketball, softball, tennis, track, soccer, volleyball, and cross country.

Intercollegiate athletics are considered an integral part of the total educational program of the University. Students who participate must be registered for a minimum of 12 hours and must meet all the eligibility requirements set forth by the University and the NAIA. Through athletics, the students find unique opportunities for witnessing for Christ.

In order to be eligible for intercollegiate athletic competition, students must adhere to the standards adopted by the NAIA, including the following:

1. Be enrolled in at least 12 semester hours at the time of participation. (Repeat courses should be cleared with the Registrar.)
2. Accumulate at least 24 hours of credit in the two terms of attendance immediately preceding the semester of participation. (Repeat courses previously passed cannot count toward the 24-hour rule.)
3. A second-term freshman must have earned at least nine hours of credit during the first semester.

In addition, student-athletes must remain in satisfactory scholastic standing as defined in the Catalog, chapter 6.

**Intramural Athletics** — Olivet Nazarene University sponsors a well-balanced program of intramural athletics for men and women. The intramural program is under the direction of the Office of Student Development. The purpose of the intramural program is to provide a variety of activities for men, women, and co-ed competition. All students, faculty, and staff members have opportunity to fill their leisure time with wholesome fun in individual and group activities. Active participation in intramurals can fulfill the need for exercise and social development.

Participation in intramural activities contributes to the physical, mental, social, and spiritual health of the individual. Bodily exercise, decision-making through thinking, group participation, and using good sportsmanship are building blocks for good health.

A student must be enrolled in a minimum of six hours of studies to be eligible for participation in intramural athletics.

The Leslie Parrott Convocation/Athletic Center was completed in 1990. Inside, McHie Arena has seating for 2,300 for sports events like basketball, and 2,750 for convocations and concerts. Faculty and coaches' offices, locker rooms, racquetball courts, running track, turf room, and Tiger Den lounge are key elements of the 68,000 square-foot building. It is directly connected to Birchard Gymnasium and Chalfant Hall.

Birchard Gymnasium includes basketball and volleyball courts for intramural sports, a weightlifting room, and an indoor track. Snowbarger Athletic Park has 30 acres of outdoor
fields for football, soccer, and baseball; a one-mile jogging track; track and field facilities; tennis courts; and locker rooms for outdoor sports.

Chapel/Convocation

Chapel is a vital part of community life at Olivet Nazarene University. It is one of the few occasions when each segment of the college community has the opportunity to join with the others for worship, instruction, and encouragement to serve. This activity is the occasion for the Olivet community to develop and clarify values and priorities, to share in musical and dramatic performances, and to find guidance relating to crucial life choices. As a Christian community, we are committed to making worship of God the central focus of our lives. Olivet Nazarene University is committed to being both a community of learning and a community of faith. Chapel services are designed to provide an opportunity to contribute to the integration of faith, learning, and living.

Chapel Times and Attendance — Chapel is held in Chalfant Hall from 9:35 a.m. to 10:20 a.m. every Wednesday and Thursday. During special emphasis weeks, required chapels will extend to other days.

Attendance Policy — Students are allowed up to three absences per semester for sickness, medical or dental appointments, personal business, emergencies, sick children, or other circumstances of this nature. Problems inevitably surface when students choose to interpret the allowable absences as personal privileges with the expectation that emergencies, sickness, and unexpected inconveniences should be granted beyond the allowed absences. Such management of allowed absences is not compatible with the attendance policy.

Resident Students — Students living on campus, regardless of the number of class hours, are required to attend all scheduled chapels. Reasons for exemption are limited to the following: student-teaching, education practicums, internships, nursing clinicals, and special academic projects or field trips preapproved by the faculty instructor.

Commuter Students — Full-time commuter students taking 12 hours or more are required to attend all chapel services. A full-time commuter student could petition to be exempt from chapel for the following reasons: he or she does not have classes on a chapel day, he or she does not have a class immediately before chapel, he or she does not have class until after the chapel hour. Commuter students taking 11 hours or fewer are considered part-time and are not required, but are encouraged, to attend chapel services.

Tracking Attendance — Students are encouraged and responsible for keeping track of their attendance record. Attendance updates are generated weekly once a student reaches three absences.

Penalty for Excessive Absences:

- 3rd absence: e-mail notice stating student has missed allowed absences
- 4th absence: $20 fine
- 5th absence: $20 fine
- 6th absence: $30 fine
- 7th absence: $30 fine
- 8th & 9th absence: $40 fine and possible two-day suspension
- 10th absence: $50 fine and possible disenrollment

The eighth and ninth absences may result in suspension. Disenrollment could take place when a student accumulates a total of 10 absences.
Artist/Lecture Series

Olivet has many distinguished guest speakers and groups throughout the school year sponsored by several lecture series and the Artist/Lecture Series. These programs are open to students, faculty and staff and the community.

The Artist/Lecture Series is funded in part through student activity fees and in part by admission fees. These programs have included eminent speakers like Dr. E. Stanley Jones, Dr. Wernher Von Braun, coach John Wooden, and Anthony Campolo; musical groups including the U.S. Navy Band, U.S. Air Force Band, the Walden String Quartet, the Roger Wagner Chorale, Chicago Symphony Orchestra String Players, Nordic Choir from Luther College, The Salvation Army Chicago Staff Band, Robert Hale and Dean Wilder, and Stephen Nielsen and Ovid Young; plus other programs of discussion, films, music, and drama.

Olivet students and faculty have received the ministry of many outstanding speakers in chapel services and special series. These speakers include:

Commissioner Andrew Miller, The Salvation Army; Rev. E.V. Hill; Dr. Carl F.H. Henry; Dr. Oswald Hoffman; Dr. Myron Augsburger; Dr. Eugene L. Stowe; Dr. Jerald Johnson; Dr. John A. Knight; Dr. Raymond W. Hurn; Dr. William Greathouse; Dr. George Coulter; Dr. V.H. Lewis; Dr. Orville W. Jenkins; Dr. C. William Fisher; Dr. Ponder Gilliland; Bill and Gloria Gaither; Elizabeth Dole; Jean Alice Small; Shirley Dobson; General Eva Burrows; William Bennett; Dr. James Dobson; Sandra Day O'Connor; Missmerica 1999 Nicole Johnson; and many others.
Chapter 4

Admissions Policies and Procedures

Olivet Nazarene University desires to enroll students who are genuinely interested in an "Education With a Christian Purpose." We believe that Jesus Christ should be the foundation and center of every individual's life. As a life can never be complete unless it finds fulfillment in Jesus Christ, neither is knowledge complete unless it is related to eternal values. The influence at Olivet is intended to be profitable as well as conducive to the highest standards of living.

Admission is based on the composite picture afforded by the student's transcripts, test scores, and personal recommendations. The Director of Admissions is responsible for final action on each application.

Admission to the University does not constitute admission to any specific program of specialization. Reasonable specific requirements are indicated under the program listing.

Olivet Nazarene University policy prohibits discrimination on the basis of race, sex, age, color, creed, national origin or ethnic origin, marital status, or disability in the recruitment and admission of students and in the operation of all college programs, activities, and services. Any concerns regarding discrimination on the basis of any of the foregoing protected categories should be addressed to Dr. Gary W. Streit, the University's equal employment opportunity coordinator in the Office of Academic Affairs, Burke Administration Building, (815) 939-5213.
Interviews and Campus Visits

Students who are considering Olivet Nazarene University are encouraged to visit the campus to meet with an admissions counselor, faculty and students, and take a campus tour. While a personal interview is not required, it may be very helpful in creating a university program and career plan for the student. Visits to the campus are especially valuable on week days, when classes are in session.

Individuals, families, and church groups who desire a special visit to the University are invited to write or call the Office of Admissions for appointments by calling 1-800-648-1463 or scheduling a visit online at www.olivet.edu).

Two Aspects of Admission to Olivet

Admission to Olivet Nazarene University involves both academic achievement and a commitment to a lifestyle consistent with the objectives and values of Olivet.

Signing the application for admission is an agreement to abide by the ethical and moral principles of the University as well as to apply oneself to the task of learning and mental development.

Personal Preparation for Admission

Olivet Nazarene University is interested in the development of the whole person. The atmosphere prevalent on the campus is conducive for academic and spiritual growth and maturity. All students are expected to reflect a lifestyle that is exemplary of Christian ideals.

As a community of students, teachers, and administrators, the personnel of the University are interdependent for successful intellectual, social, and spiritual growth.

The person who is accepted as a student at Olivet understands the purpose and philosophies of the University, and agrees to adhere to the rules of conduct in signing the application for admission. Policies and practices of conduct are outlined in chapter 3, in the application for admission, and in the University Life Handbook.

High School Preparation

The student expecting to enroll at Olivet should concentrate on a college preparatory program in high school. A student with a good background in English and literature, mathematics, natural science, and social science should learn effectively and succeed in college studies.

The student must have a minimum of fifteen units (a unit is normally a full year, or two semesters, of one course) of academic work at an accredited high school in grades nine through twelve, with a grade average of "C" or above in college preparatory subjects. The student should rank in the upper three-fourths of the graduating class.

The high school work should include a major in English, an additional major and one minor in fields of foreign language, mathematics, natural science, or social science. A major is three units of work; a minor is two units. Required preparation for a nursing student includes one year of high school biology and one year of high school chemistry or equivalent.
In certain cases where the applicant ranks in the upper half of the high school graduating class, specific major and minor requirements may be waived. Subjects acceptable in these fields include:

**English:** history and appreciation of literature, composition and grammar, oral composition when given as part of a basic English course.

**Foreign Language:** a major is three units, two of which must be in the same language; a minor is two units in the same language.

**Mathematics:** algebra, plane, solid, and spherical geometry; trigonometry; and advanced mathematics (calculus). General mathematics may be accepted if the content of the course is essentially the same as algebra and geometry.

**Natural Science:** biology, botany, zoology, chemistry, physics, general science, physiology, astronomy, and geology. The major must include at least three units chosen from biology, botany, zoology, chemistry, or physics. The minor must have at least two units from the same subject.

**Social Science:** history, civics, economics, commercial or economic geography, sociology. The major must have at least one unit of history.

Students with academic deficiencies will be required to take remedial courses in English and mathematics.

**Admission Tests**

The American College Test (ACT) is required of all students before final admission as freshmen. It is recommended that the test be taken the last semester of the junior year or in the senior year in high school. Information about testing locations and dates may be obtained from the high school guidance office. When the test is taken, request should be made that the scores be sent to Olivet Nazarene University.

If the test was taken previously, and the scores were not sent to Olivet, contact ACT (www.act.org) in Iowa City, Iowa, with the request for scores to be sent to Olivet. Notation of the scores on the high school transcript is not sufficient. The ACT is also given at Olivet during the summer freshman orientations for students unable to take the test in their home area.

If a student has a low grade point average in high school, the ACT results are used to consider the chance of success in college.

Either the ACT or SAT may be used to determine academic scholarships. The ACT code for Olivet is 1112. The SAT code is 1596.

**Home-Schooled Student Admission**

Admission of students who have graduated from home-school programs of study is welcomed. Olivet admissions counselors are available to provide guidance in the selection of college preparatory courses. Whereas transcripts are evaluated, the final admissions decision for home-schooled students rests heavily on ACT scores, and academic scholarships are based on ACT or SAT scores.
Early Admission

While Olivet does not normally allow enrollment in classes prior to a student's high school graduation, exceptional cases will be considered. An interview is required, and a test approved by the U.S. Department of Education must be passed by the applicant.

General Educational Development Examination (GED)

Mature persons above high school age (19 and over) who have not completed high school, but who have had other opportunities to develop educationally may be academically qualified for admission to Olivet by the successful completion of the General Educational Development (GED) examination. Information on testing locations and dates may be obtained from the admissions office and most high schools.

Essentials of Learning Program

Applicants who do not meet standard admissions criteria may be considered for admission to the University on probation if they enroll in the Essentials of Learning Program.

The Essentials of Learning Program emphasizes effective study skills techniques, individualized academic counseling, and exposure to a variety of learning strategies appropriate for courses across the curriculum. The goal of the Essentials of Learning Program is to optimize the opportunities of success for at-risk students.

Essentials of Learning students are limited to a 14-hour course load, and are encouraged to carry minimal outside employment commitments.

Placement in the Essentials of Learning Program is dependent upon, though not limited to:

A. A high school grade point average below 2.00 in college preparatory classes.

B. Composite score of 17 or below on the American College Test (ACT).

C. Recommendations from high school teachers and counselors.

Any student who fails to pass Essentials of Learning and who has not successfully completed six hours of college credit may be suspended.
Admissions Procedures for Freshmen

1. Complete the Application for Admission. The application is available at the Office of Admissions or at www.olivet.edu. Detailed instructions are included on the form. Applications may be submitted online, by mail, or by fax in the last semester of the junior year or in the senior year.

2. Request that the high school send a transcript of at least six semesters of work to Olivet Nazarene University, along with a recommendation from the guidance office or principal. A form is included in the admissions packet to be given to the high school. Request must also be made that the high school send the final transcript after the student has graduated from high school.

3. The student should request that the two certificates of recommendation be sent directly to the Office of Admissions at Olivet by those who fill them out.

4. Arrange with the high school guidance office to take the American College Test (ACT) when convenient. This is usually taken in the spring of the junior year or during the senior year. ACT has at least five national testing dates at regional centers.

Scores from the Scholastic Aptitude Test (SAT) may be considered toward your admission and for scholarship evaluation purposes, but the ACT must be taken at some time before enrollment.

5. Send the housing deposit of $30 with the Application for Admission if the student will be living in the University’s residence halls. See chapter 3 on University Life for residence hall living requirements. Campus housing cannot be assigned until this deposit is submitted and the student is accepted for admission. The deposit is refundable up to 30 days prior to the start of a semester in case the student does not enroll. Rooms are assigned through the Office of Student Development.

6. Apply for financial aid, if needed, as early as possible in the year of enrolling in college. The Free Application for Federal Student Aid (FAFSA) is generally available in December for the following school year. See the chapter on “Finances and Financial Aid” for more details.

7. Upon receipt of the completed application, transcripts, and recommendation forms, action will be taken by the Office of Admissions. Notification of acceptance, contingent upon actual graduation from high school and receipt of the final transcript, will be sent to the student by mail as soon as possible.

8. With notification of admission, a health questionnaire and immunization form will be sent for completion. These must be filed with the University before registering for classes. They are kept in the Health Office for reference by the University nurse and physician if needed.

9. A small personal photograph is needed for the admissions file. The usual high school senior portraits (wallet size) are commonly sent.

10. New students and their parents are invited to the campus for a brief orientation period during the summer preceding the first enrollment in Olivet, or at the beginning of the spring semester. These sessions provide a more extensive introduction to the University, a chance to meet fellow students, and an opportunity to select courses and housing. Invitations will be sent by the Office of Admissions to accepted students who have completed all the above steps in the admissions process. The earliest accepted students are invited to the first orientation. The orientation includes some additional diagnostic testing. Freshmen are admitted to classes only after completing the freshman testing and orientation program.
11. The deadline for filing an application for admission and transcript is August 1 for the fall semester, January 1 for the spring semester.

Admissions Process for Transfer Students

The same basic steps are involved for transfer students as for new freshmen, except that the high school transcript need not be sent. Transcripts of all other college work must be sent to Olivet for evaluation of transfer credit. Scores of the American College Test (ACT) are not required of transfer students, but can be used to determine eligibility for academic scholarships. A transfer student recommendation must be given by the dean of students of the last institution attended. Attendance at all other post-secondary institutions must be reported, and official transcripts of all this previous college work attempted must be sent, on the request of the student, directly from the college or university to Olivet.

Admission will be determined from these credentials, subject to the following conditions:

1. Students on disciplinary probation are not accepted at Olivet Nazarene University.
2. The cumulative grade point average from all previous institutions will be considered in determining admission status, initial financial aid eligibility, and initial athletic eligibility. Students who have attained a minimum cumulative grade point average according to the following schedule may be admitted in satisfactory academic standing:

<table>
<thead>
<tr>
<th>Semester Hours Attempted</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-18</td>
<td>1.5</td>
</tr>
<tr>
<td>19-29</td>
<td>1.7</td>
</tr>
<tr>
<td>30-45</td>
<td>1.8</td>
</tr>
<tr>
<td>46-59</td>
<td>1.9</td>
</tr>
<tr>
<td>60 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Students who fall below the above minimum standards are not making satisfactory progress and, if admitted, would be on academic probation.

3. Courses accepted for transfer must be comparable to those taught at Olivet and/or must be recognized by the Registrar as generally being applicable toward a baccalaureate degree.

4. Grades of F will not be accepted as transfer credit, but will be calculated in the grade point average for determining admission status, initial financial aid eligibility and initial athletic eligibility. After one term of attendance, only grades of courses that were accepted in transfer will apply toward the cumulative grade point average used in determining academic standing, graduation, graduation honors, financial aid and athletic eligibility.

5. A maximum of 68 semester hours will be accepted from two-year colleges as transfer credit at Olivet. Olivet Nazarene University is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement that allows transfer of completed Illinois-transferable general education core curriculum between participating institutions. For further information about general education requirements for transfer students, consult with Olivet’s Office of the Registrar.

6. A maximum of 15 hours of correspondence coursework may be applied toward a degree at Olivet.

7. For additional information regarding academic standing, financial aid eligibility, and athletic eligibility, refer to chapter 6, “Academic Regulations.”
Unclassified Students

Guest students enrolled in a degree program in another institution may enroll in Olivet Nazarene University by presenting a letter of authorization from the Dean or Registrar of the other college, along with an application for admission.

Special students may enroll in courses not leading to degrees at Olivet Nazarene University by showing evidence of their ability to profit from the course.

“Guest” and “special” students must indicate their acceptance of the ideals of the University in signing the Application for Admission. See the section on “Unclassified Students” in the chapter on “Academic Regulations.”

International Student Admission Policies

This information is for applicants for admission who are not citizens of the United States, and who already hold or plan to apply for the F-1 Student Status Visa.

Before the University may issue a form I-20 A-B to an international applicant, these conditions must be met:

1. The prospective student must complete and return a written international student application form for Olivet.
2. The prospective student must furnish official transcripts or other records of courses taken to satisfy the University that the applicant has successfully completed a course of study equivalent to that normally required of an applicant educated in the United States who is seeking admission on the same level.
3. The University requires that the prospective student demonstrate possession of adequate English language proficiency to pursue a course of study on a full-time basis. A minimum score of 500 (173 on the Computer-Based Test) is required on the Test of English as a Foreign Language (TOEFL) of all new undergraduate international students, and a minimum score of 550 (213 on the Computer-Based Test) is required for graduate international students. Moreover, all students accepted for admission whose native language is not English are required to take a standardized English proficiency test upon arrival at the University. Students will be placed in appropriate English classes according to the results of the test. Instructional materials are available in the Learning Development and Assistance Center for those students needing supplemental work in grammar, vocabulary, reading, and pronunciation.
4. International student applicants are required to furnish the University with a statement of financial support sufficient to provide for their expenses at the University without resorting to unauthorized employment.

All questions should be referred to International Student Admissions at the Office of Admissions.

Readmission

A student whose enrollment has been interrupted for one regular semester or more at Olivet Nazarene University must be approved for readmission before registering for courses again. An Application for Readmission form may be obtained from the Office of Admissions or the Office of the Registrar and filed with the requested recommendation.

If the student has registered at another college since attending Olivet, a transcript for that work must be sent from that institution to the Office of Admissions.

Not enrolling in a summer term is not considered an interruption of studies that necessitates readmission.
Orientation for New Students

Olivet Nazarene University seeks to assist in every way possible to orient its students to the academic, social, and spiritual life of the university. The orientation program consists of a variety of activities, including testing, student-parent orientation sessions, and other transitional activities especially designed to assist the student in launching a successful college career.

Orientation programs for incoming students are sponsored by the University during the summer months prior to the opening of school and at the beginning of the spring semester. At this time each new student will visit the campus with his or her parents, participate in the advising program, register for the first semester of academic work, and make his or her housing selection. Special orientation sessions will be held with the parents to acquaint them with the University program.

The total orientation program is coordinated with the freshmen advising program of the institution and is under the direction of the Director of Admissions and the Assistant Dean of Instruction.

Waivers and Advanced Placement by Examination

The General tests of the College Level Examination Program (CLEP) may be used to establish credit for students who score at or above the 50th percentile on selected CLEP tests. Credit and/or advanced placement may also be established by attaining scores of 3, 4, or 5 on selected Advanced Placement (AP) tests. Information concerning scores required for credit on specific AP tests is available in the Office of the Registrar. In addition, credit may be earned by students passing locally developed departmental proficiency examinations or writing samples.

CLEP and AP tests are available at open test centers throughout the country. Institutionally developed proficiency exams and CLEP General Exams can be taken by ONU students during summer orientation sessions. Selected CLEP subject examinations may also be arranged during the regular academic year through Olivet's Office of the Registrar.

Incoming freshmen ranking in the upper 10 percent of their graduating class, those who scored in the top 10 percent on the ACT or SAT, or students who have otherwise demonstrated excellence in certain academic areas are encouraged to consider establishing credit by such proficiency exams. The proficiency examination fee at ONU is currently $60 per CLEP test and $30 per institutionally-developed test. In addition, a fee of $50 per hour of credit is charged to students receiving credit via these proficiency exams.

The following tests are given during ONU summer orientations:

<table>
<thead>
<tr>
<th>TESTS</th>
<th>CREDITS POSSIBLE</th>
<th>ONU EQUIVALENT OR REQUIREMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>ONU English Writing Sample</td>
<td>3 hours</td>
<td>English 103</td>
</tr>
<tr>
<td>CLEP Natural Sciences</td>
<td>4 hours</td>
<td>Lab science requirement</td>
</tr>
<tr>
<td>CLEP Mathematics</td>
<td>3 hours</td>
<td>Mathematics 102</td>
</tr>
<tr>
<td>CLEP Social Science and History</td>
<td>3-6 hours</td>
<td>3 hours toward the history requirement, and 3 hours toward social science requirement</td>
</tr>
<tr>
<td>CLEP Humanities</td>
<td>3-6 hours</td>
<td>Fine Arts 101 and Literature 200</td>
</tr>
</tbody>
</table>
Students who receive credits in these areas should not take equivalent courses at ONU or elsewhere, since credit cannot be given twice for the same course. Similarly, students are not permitted to establish credit by way of proficiency exams in areas that they have already taken courses for college credit.

CLEP credit does not apply toward the international culture general education requirement at Olivet. In addition, CLEP General Exams may not be applied toward a major or minor unless so specified by that department. Teacher education, nursing, science, and math majors are advised to consult with the Registrar to determine the appropriateness of certain CLEP tests for their program. For example, teacher education majors must take specific courses in American history, American government, and psychology. Therefore, it is unlikely to benefit teacher education majors to take the CLEP Social Sciences exam. Instead, teacher education majors might benefit by opting to take CLEP subject examinations in American history, American government, and/or psychology. Elementary education, early childhood education majors, and math majors do not need to take the CLEP Mathematics test.

Another example: Nursing majors generally need not take the Natural Sciences exam since the nursing program has specific course requirements in chemistry and biology. The Social Sciences and History examination may be helpful in meeting the history requirement for nursing majors, but does not substitute for the Introduction to Sociology course requirement.

Questions about AP or CLEP tests should be directed to the Office of the Registrar.
Chapter 5
Financial Information

The most valuable element a student spends in college is time. One can earn more money, but cannot regain time nor spend it again.

A student can have only one freshman year in college. Therefore, the choice of the school environment, educational programs, attitudes, and associations becomes a more important element than the amount of money invested in a college education.

Olivet faculty and administrators are fully committed to providing the best possible education — with a Christian purpose. This is truly an affordable excellence worthy of a student's time and money.

The education costs at Olivet are reasonable among Midwestern colleges or universities, and are made possible by generous support from the Nazarene districts that comprise Olivet's educational region.

Olivet's Business Office, Office of Financial Aid, and the Office of Admissions are prepared to aid students and parents in planning to meet the cost of their educational experience. Several plans or packages of financial aid are available to fit individual needs through a combination of payment plans, scholarships, grants, loans, and employment.
Financing the University

Olivet Nazarene University is an independent liberal arts university related to the Church of the Nazarene. The 840 congregations in Illinois, Indiana, Michigan, and Wisconsin have individual educational budgets which are paid annually to the University. Last year, funds received from these churches came to more than $2 million.

Gifts from many alumni, friends, businesses, and foundations along with the church support enable the University to offer its high-quality education at a tuition charge well below other independent liberal arts colleges in the area. A large number of corporate and foundation gifts are received each year, both in direct gifts and through matching gift programs with company employees.

Tuition, room, board, and fees from students make up a large portion of the operating budget of the University, unlike state universities and community colleges, which receive the major portion of operating funds from tax revenues.

Current Cash Gifts and Securities

Many friends of the University make cash gifts to the University throughout the year. Some gifts are for specific purposes, while others are for general needs. Gifts of securities and properties that have significantly increased in value are not only an asset to the University, but may also be beneficial for the donor in consideration of capital gains and income tax obligations.

All gifts to Olivet Nazarene University are eligible for consideration as income tax deductions.

Scholarship Gifts

Gifts for student scholarships may be made in two ways: (1) Gifts for scholarships may be used directly for student aid during the school year; (2) a capital fund is maintained through the ONU Foundation, invested so that only the earnings of the gifts are awarded in scholarships each year. Gifts of $10,000 or more may be designated as a scholarship fund named in honor or memory of the donor or a selected individual.

Recipients of these scholarships are determined by the university Scholarship and Financial Aid Committee.

The ONU Foundation

The ONU Foundation is an endowment fund established from donations made by many individuals over several decades. The assets of more than $12 million are earning interest and dividends which are awarded in scholarships to qualifying Olivet students. Many of these scholarships are named for individuals and families. Applications are received from continuing Olivet students annually, and awards are made based on financial need, academic achievement, and other criteria stated in the scholarship funds.

Bequests, Gift Annuities, and Life Income Agreements

The ONU Foundation has a number of programs designed to assist people who wish to invest a portion of their life savings in education at Olivet. The Director of Development, Director of the Foundation, or Business Manager of the University can give suggestions and counsel, together with a donor’s attorney.
General Expenses

The following is an itemized estimate of the cost of a regular course for one semester in the 2002-03 school year:

1. Registration Fee ................................................................. $10.00
2. General Fee ........................................................................ $400.00
   (Required of all students enrolled for seven hours or more. This covers student activities, facilities, student services, and student government.)
3. Tuition Charges for 12-18 Hours ........................................ $6,700.00
   For a student taking a full load of 18 hours, this is equivalent to a tuition charge of $372.00 per hour. For more than 18 hours, the charge is $372.00 per additional hour. For students taking a part-time load of less than 12 hours in a given semester, the tuition charge is $558.00 per hour.)

Applied Music Tuition Additional
   Private (piano, voice, organ and orchestral instruments for one lesson per week per semester) ...................... $135.00
   Class (piano, voice, and orchestral instruments per course) ......................................................... $70.00

4. Room and Board (14 meals per week) average cost
   21 meals per week is $150.00 more per semester .................................................. $2,620.00
   10 meals per week is $100.00 less per semester
   Total Tuition, Fees, Room and Board (semester) ................................................. $9,730.00
   Total Tuition, Fees, Room and Board for a School Year (two semesters) ............ $19,460.00

Laboratory and Special Fees

Automobile Registration and Parking, Per School Year:
   Resident Student (campus residence halls) ................................................................. $40.00
   Nonresident Student ................................................................................................. $20.00
Change in Registration After the Second Week ...................................................... $10.00
CLEP Examination Fee, Per Test ............................................................................. $60.00
Credit Per Hour Resulting from Audit, CLEP, AP, Proficiency ........................................ $50.00
Graduation Fee ................................................................................................................. $75.00
ID Card Replacement Charge ....................................................................................... $10.00
Key Deposit for Room ................................................................................................ $5.00
Laboratory/Course Fee, Per Course .......................................................................... $50.00
Late Health Forms (required by Illinois State Law) ................................................... $20.00
Late Registration (one day late) ................................................................................. $20.00
   Second-Day and After, Per-Day Additional .............................................................. $5.00
Liability Insurance for Nurses, Per Year ..................................................................... $30.00
Lockers, Per Semester ................................................................................................ $5.00
Proficiency Examination, ACT Test Fee, Per Test .................................................... $30.00
Returned Check Fee ..................................................................................................... $15.00
Room Deposit ................................................................................................................. $30.00
Security Deposit for Residence Hall Students ............................................................ $70.00
Student Teaching, Per Semester Hour ..................................................................... $20.00
Telephone Account Fee (one-time fee for first-time resident students) ..................... $25.00
Methods of Payment

1. All charges are due and payable at the time of registration at the beginning of each semester or term. Checks should be made payable to Olivet Nazarene University. It is helpful if the student ID number is on the check. An itemized statement will be sent to the student’s home address unless the student directs otherwise.

2. Where financial aid has been awarded, the percentage of down payment and payment of balance is calculated after deducting such awards. College work-study is not deducted, since it must be earned by hourly work. Acceptable methods of payment are as follows:
   A. Payment in full.
   B. 33 percent down at registration, 33 percent within 30 days, and the balance within 60 days following registration. Interest will be charged according to the statements below.
   C. For students and parents desiring to pay educational expenses in monthly installments, a low cost deferred payment plan is available. Contact the Office of Student Accounts at Olivet for more information.

3. Any financial arrangements between the University and its students will be binding only if such agreement is in printed or written form. Any arrangements concerning finances should be made with the Office of Student Accounts only.

4. A 1.5 percent interest charge is added each monthly billing period to the balance at the beginning of the billing period, less any payments during the month. The cutoff for each billing period is usually around the 25th of the month, but may vary. Interest on the unpaid balance will be charged from the day of registration. (If the balance is to be paid by a federal or state grant, interest will be reversed when the federal or state grant check is received at Olivet.)

   No one may participate in graduation, no degree will be conferred, nor credits transferred, until all accounts are paid in full. When clearing a student account for graduation or to receive a transcript, payment must be made by cashier’s check, certified check, credit card, or personal money order if immediate clearance is needed. If payment is made by personal check, a waiting period of 15 days is necessary for the check to clear the bank.

   Any student who has become delinquent through failure to make payment or proper arrangements may be disenrolled until such matters are satisfactorily taken care of with the Office of Students Accounts.

5. Books and supplies must be paid for at the bookstore. The University accepts Visa, MasterCard, and Discover Card.

6. For further information concerning payment of student accounts, contact the Office of Student Accounts in Miller Business Center, (815) 939-5245.

Room and Board

All students living in the residence halls are required to participate in one of the multiple meal plans. In case of withdrawal from the University, the board will be refunded on a pro-rata basis.

1. Rooms are rented for full semesters only. Students vacating a room will be refunded on a pro-rata basis.

2. For the convenience of students, and to meet government safety requirements, telephone line service is provided in every room—which includes local calling (within an eight-mile radius). Students will be responsible to pay for all long-distance service and costs for calls outside the local calling area. (Illinois has additional per-minute charges for all local calls.) Call-waiting is optional for an additional charge. There is a one-time fee of $25 to establish service for the consecutive years of attendance at Olivet.
3. A student is required to pay a deposit of $30 when applying for admission. The room deposit will be refunded if the application for admission is not approved, or if a refund is requested before August 1, or no later than one month before the beginning of the semester for which the reservation was made.

Students who have been enrolled at the University and are leaving may request refund of the room deposit through their resident director. The refund will be mailed within 30 days if the student’s account is clear.

4. The University is not responsible for personal property in case of theft, damage, or loss by fire. In many cases, a family homeowner’s insurance policy will provide some coverage for a student’s property away from home.

5. Students are required to pay for any damage, other than ordinary usage, to room, furniture, or fixtures, including telephone equipment, during their occupancy of the room.

6. Every student living in University housing will be assessed a $70 security deposit against vandalism in the residence halls. This will be added to the school bill when the student enrolls. The deposit is to cover the cost of any vandalism in public or general areas of the residence halls during the entire school year. Damage in a residence hall for which responsibility cannot be determined will be charged on a pro-rata basis to all residents during the semester. Any remaining deposit will be refunded after the student vacates University housing, following all provisions of proper checkout procedures, except that it may be offset against any indebtedness to the University. Persons known to be responsible for vandalism will be personally responsible for the full amount. Such amounts will not then be charged to the general security fund. Damage in a student’s room is chargeable to the residents of that room, or to the person(s) known to have caused the damage.
Student Insurance Coverage

Individual needs for insurance coverage are so varied that Olivet Nazarene University does not carry any personal health, accident, or property insurance for students.

It is the responsibility of each student to provide his or her own personal insurance for medical, accident, property, and vehicles. In many instances, benefits of family medical and homeowners insurance policies extend to cover students while enrolled in college.

Students should check their own insurance agents or companies to be certain of coverage. Students must have a health and accident insurance program in effect while enrolled as a student at Olivet.

Vehicles used for student transportation must be fully covered by liability and property damage insurance at all times.

Withdrawals and Course Drops

If a student officially withdraws from the University, drops below 12 credit hours, or drops an overload, the following financial adjustments will apply.

1. Registration, general, lab, and other special fees: Pro-rata refund for the first 60 percent of the semester. No refund of these fees after 60 percent of the semester is completed.
2. Room: Pro-rata adjustment/refund on the unused portion as of the end of the week in which the student moves off campus.
3. Board: Pro-rata adjustment/refund on the unused portion as of the end of the week in which the student withdraws from the meal plan.
4. Tuition: If a student withdraws or drops his course load below 12 hours during the semester, or drops and overload, he or she will receive a pro-rata refund for the first 60 percent of the semester. No refund of tuition will be made after 60 percent of the semester is completed.

---

**Student Financial Aid**

Olivet Nazarene University believes that every qualified student should have an opportunity for a college education in a congenial Christian atmosphere. The University’s financial aid program is designed to help students achieve these goals.

The purpose of financial aid has been interpreted variously through the years. Financial aid has been used to (1) aid needy students, (2) attract those with demonstrated academic achievement or athletic skills, and (3) strengthen the mission of the institution.

The comprehensive financial aid program includes scholarships, grants, loans, and employment opportunities.

Need-based student aid is designed to provide monetary assistance to students who, without financial aid, would be unable to pursue a college degree. Educational institutions do not have unlimited funds to provide access and choice, and to ensure retention and academic success for all students facing economic barriers to post-secondary education. Because of the limitation of funds, and given the social value of awarding aid based on need, the demonstrated financial need has become the primary criterion in the awarding of financial aid.

Need-based financial aid is dependent on an equitable and consistent system of measuring need. Although the U.S. Department of Education has approved various need analysis systems for awarding federal financial aid, all of them are based on common assumptions.

The need analysis process is designed to provide objective measurements of a family’s ability to pay for higher education costs and related student expenses.

**Key Assumptions Underlying Need-Based Student Aid**

1. Parents have the primary obligation to finance the education of their dependent children.
2. The dependent student has a responsibility to help finance a university education since the student is the direct beneficiary of the education. Student contributions are derived from expected summer savings, earnings during the academic year, and other assets.
3. The independent student is responsible for financing his or her own education.
4. The responsibility for educational funding shifts to society only after the family’s (both parent’s and student’s) resources have been determined to be insufficient to meet the costs of education. A measurement of a family’s financial strength must take into account that family’s income and assets, as well as its expenses and liabilities. Other factors, such as extraordinary expenses or the size of the family, may affect a family’s ability to pay, and therefore must be considered.
5. To be consistent and equitable, the need analysis system must be an objective measurement of the family’s present financial strength. It does not evaluate what the family used to be or what it may be in the future. It does not make value judgments about the spending patterns of families. It can only assess, as consistently as possible, the objective data of “what is.”
The Office of Financial Aid is located in Miller Business Center. Financial aid counselors are readily prepared to advise students and parents concerning application for financial aid. Correspondence regarding financial aid should be addressed to the Director of Financial Aid, Olivet Nazarene University, One University Avenue, Bourbonnais, IL 60914-2271.

The Financial Aid Application and Award Process

It is the responsibility of the student and parents to complete all the necessary application forms and procedures each year they wish to receive any type of financial aid.

ALL students seeking federal and/or Illinois State financial assistance by way of loan, grant, and work programs must complete the federal needs analysis application, the Free Application for Federal Student Aid (FAFSA). Students applying for the first time at Olivet will complete the FAFSA. Continuing students may complete a Renewal FAFSA.

Dependent students applying for financial aid must have their parent(s) supply information on the FAFSA.

A student’s initial eligibility for assistance rests largely on the basis of a satisfactory grade point average together with an analysis of the financial need. Future eligibility will also be affected by his or her academic standing and financial need. Refer to chapter 6 on “Academic Regulations” for additional information on good standing, retention, eligibility, and satisfactory progress for financial aid.

A federal processor authorized by the federal government is utilized to determine the need from the FAFSA or the Renewal FAFSA.

When it is determined the student qualifies for a federal grant or scholarship, the grant or scholarship is awarded on a nonrepayable basis. Federal loans are awarded on the basis of repayment, in some cases after graduation when the student ceases to be enrolled at least half-time. Federal work programs are available to assist students in earning money to pay for some educational costs and are awarded on the basis of financial need. The student must obtain employment and earn these funds.

The Olivet Financial Aid Application AND the FAFSA should be filed in the year the student plans to enroll. These forms must be completed annually. Since the FAFSA requires IRS information from the immediate past year, the form may be filed no earlier than January 1, but should be filed as early thereafter as possible. Applications received by March 1 will receive priority consideration for federal campus-based funds. If requested, verification materials, including tax returns with schedules, W-2 forms, and other required forms must be submitted before any federal funds will be applied to a student’s account.

Applications for financial aid will be accepted after the above date. However, funding may be limited for these applicants. Awards will be made as long as funds are available.

Awards of financial aid, including University-based loan, grant, scholarship, and work-study funds, will be made only to students who have been accepted for admission or re-admission to the University by the Office of Admissions.

The FAFSA may be secured from the high school principal or guidance counselor, or from the Office of Financial Aid, Olivet Nazarene University, One University Avenue, Bourbonnais, IL 60914-2271. A student may also complete and submit a FAFSA online at www.fafsa.ed.gov. After completion of this form, send it to the federal processor. An addressed envelope is included with the application booklet. A student aid report will be sent to the student in about four weeks from the date it was received by the federal processor. This report should be reviewed by the family and submitted directly to the Olivet Office of Financial Aid with any necessary corrections. The school aid code for Olivet is 001741.
Scholarships

Scholarships for students in Olivet’s traditional undergraduate programs are awards offered on the basis of academic ability, special talents, or the personal interest of donors. These awards carry no obligation for repayment. All Olivet scholarships require full-time enrollment each semester in which they are received.

A number of scholarship awards are made available each year by Olivet Nazarene University. The scholarships at Olivet can never exceed the direct cost or generate a credit balance. This policy does not exclude additional scholarships or assistance from other sources.

A scholarship or grant involving ONU institutional or ONU Foundation funds offered by Olivet to an individual student is not transferable to any other school or educational program or to any other student enrolled at Olivet. This includes awards such as the Olivet Excellence Award, the Olivet Scholar Award, Honor Scholarship, President’s Scholarship, Achievement Scholarship, divisional scholarship, athletic scholarships, assistantships, or any other scholarship or grant program that involves institutional or ONU Foundation funds.

OLIVET EXCELLENCE AWARD: Full tuition annually for up to four years of undergraduate work. For students who have an ACT composite score of 34, or SAT score of 1500. Recipients must maintain at least a 3.70 cumulative grade point average at Olivet.

OLIVET SCHOLAR AWARD: $5,000 annually for up to four years of undergraduate work. For students who have an ACT composite score of 30 or SAT score of 1340. Recipients must maintain at least a 3.60 cumulative grade point average at Olivet.

HONOR SCHOLARSHIP: $3,500 annually for up to four years of undergraduate work. For students who rank in the top 5 percent of their high school graduating class, or have an ACT composite of 28 or SAT score of 1260. Recipients must maintain at least a 3.40 cumulative grade point average at Olivet.

PRESIDENT’S SCHOLARSHIP: $2,200 annually for up to four years of undergraduate work. For students who rank in the top 10 percent of their high school graduating class, or have an ACT composite of 26 or SAT score of 1180. Recipients must maintain at least a 3.20 cumulative grade point average at Olivet.

ACHIEVEMENT AWARD: $1,000 annually for up to four years of undergraduate work. For students who have an ACT composite score of 22 or SAT score of 1030. Recipients must maintain at least a 3.0 cumulative grade point average at Olivet.

VALEDICTORIAN AWARD: $1,000 one-time award for the valedictorian of any high school with a graduating class of five or more. This can be awarded in addition to the above-mentioned academic awards.
Scholarship Regulations

1. Only one of these academic scholarships (Excellence, Scholar, Honor, President's, or Achievement) may be awarded during any school year. The student's cumulative grade point average is reviewed after one year of full-time enrollment to determine eligibility to retain the scholarship. After the first year, the grade point average must be satisfied on a semester-by-semester basis. Students who are awarded the Olivet Excellence, Scholar Award, Honor, or President's Scholarship at Olivet who do not maintain the required cumulative grade point average may be offered the next lower level of scholarship for which the student qualifies according to the cumulative grade point average earned. There is no provision to reinstate an earlier, higher scholarship. Summer credits and grades will be applicable in calculating scholarship eligibility.

2. Freshmen need no formal scholarship application, as the award is made on the basis of high school transcripts or test scores. The highest combined score from any test will be used. It is not permissable to combine the highest scores from several test sittings.

3. Transfer students are awarded scholarships on the basis of college work. Transfer students should send high school transcripts or ACT/SAT scores, with a letter requesting the scholarship, to the Office of Admissions. Academic scholarships for transfer students are reviewed after every semester.

4. If a scholarship is upgraded on the basis of ACT/SAT scores or class rank, the lesser scholarship is dropped.

5. These awards are applied to direct cost (tuition, room board, fees) for full-time undergraduate students only (maximum four years). Grants and other scholarships are applied to the school bill first. The annual amounts are subject to adjustment, with notification prior to the fall semester.

Transfer Student Scholarships:

Transfer students may qualify for the Olivet Excellence Award and the Scholar Award using the same criteria that apply to entering freshmen, provided the grade point average at the previous colleges attended meets the requirement for maintaining these scholarships. Transfer students who have earned at least 24 semester hours at previous colleges attended may qualify for the Honor's Scholarship, President's Scholarship or the Achievement Award, provided they meet the required cumulative grade point average. (Honors: 3.4, President's: 3.2 or Achievement: 3.0)

As an alternative, community college transfers who were members of Phi Theta Kappa (the community college honor society) may qualify for the Phi Theta Kappa Scholarship, which ranges from $1,000 to $2,000, the Honor's School or President's School, depending on the grade point average at the previous school(s) attended.

In addition, a limited number of scholarships are available to transfers from community colleges who have earned at least 24 semester hours and/or completed an associate degree program there. A minimum cumulative grade point average of at least 2.500 is required. These scholarships provide $2,000 per academic year and are renewable for each year, provided the cumulative grade point average of 2.500 is maintained. Further details are available through the Office of Admissions.
Nazarene Church Scholarships:

Because Nazarene churches of the Central Educational Region support Olivet with more than $2 million annually, Olivet feels a special concern to assist the students of those churches to achieve their goals for Christian higher education.

First-Year Student: A scholarship of $1,000 is available for the first year a new undergraduate student from a church of the Olivet region enrolls full time in Olivet. Students enrolling in the spring semester receive only $500. Eligibility for this scholarship is not carried forward to a succeeding year. The local church must have paid the Olivet budget in full for the assembly year closing in the summer preceding enrollment.

A Church Matching Scholarship of a maximum of $500 ($250 per semester) will be credited to the school account of a student who receives such a scholarship from a local church on the Olivet region. The student must be an undergraduate, enrolled full-time at Olivet. The church must have paid the Olivet budget in full for the assembly year closing the summer before the year of enrollment. The local church must set scholarship guidelines that comply with the Internal Revenue Service.

Pastors and Full-time Ministerial Staff of Churches of the Olivet Region: Children and dependents may receive a scholarship up to the equivalent of 25 percent of tuition. The student must be a dependent, living at home, and have never been married. The church must have paid the Olivet budget in full for the preceding district assembly year.

District Scholarships: The Nazarene Youth International organizations of 11 districts of the Central Education Region, Church of the Nazarene, offer several scholarships each to students from their district who attend Olivet Nazarene University. Conditions under which these scholarships are granted may be obtained by corresponding with the District NYI presidents. Additionally, some districts have other scholarships which are offered under varying criteria. Information regarding these other scholarships offered should be obtained by corresponding with the district office.

The Olivet Nazarene University Prize for Bible Knowledge (Bible Quizzing): Olivet Nazarene University awards an annual prize of up to $500 in tuition credit to the Nazarene high school student on each of the districts of the Central Educational Zone who best demonstrates his or her knowledge of an assigned portion of the Bible as a Bible quizzzer, provided the district will add an equal or greater amount to the prize. The student is nominated by the district NYI council. This scholarship is not transferable to another student from the district. Olivet also gives a scholarship of $1,000 to the top quizzer at the Olivet Regional Quiz each year.
Church-Sponsored Scholarships: Many congregations of the Church of the Nazarene encourage young persons from their congregation to enroll in Olivet Nazarene University by offering general aid to all who enroll. Since the amount and terms of these awards vary, the conditions should be investigated with the pastor of the local church.

Several scholarship opportunities are available through funds administered by the International Board of Education of the Church of the Nazarene:

The International Students Scholarship Fund is made available by Widmeyer and Yeatts. It is awarded on the basis of need to students from mission fields. Application is made through the Olivet Office of Financial Aid.

The General Superintendent Scholarship Fund makes $500 scholarship awards to students upon recommendation of the president, based on financial need. The student must be enrolled full-time. Priority is given to students preparing for full-time ministry. Application is made to the president of the University.

The Edna McCormack Memorial Scholarship Fund is awarded on the basis of need to students attending any of the Nazarene institutions of higher education. Application is made through the Olivet Office of Financial Aid.

The Council of Education Scholarship Fund is available to students attending any of the Nazarene institutions of higher education, but the majority of awards must be made to those attending Nazarene Theological Seminary in Kansas City, Missouri. Application is made through the Olivet Office of Financial Aid.
OLIVET NAZARENE UNIVERSITY FOUNDATION GRANTS

ONU Foundation grants are made possible through the generous giving of donors who care about Olivet Nazarene University students. These grants are based on a student’s demonstrated financial need and academic performance at Olivet Nazarene University. Unless otherwise specified, all Foundation grants will be awarded to students who have completed one year of full-time course work at Olivet, a minimum of 24 credit hours.

Awards typically range in value from $500 to $1,500 per academic year. Applications for these scholarships will be distributed by the Office of Financial Aid in January to all eligible enrolled students. Completed applications must be returned to the Office of Financial Aid no later than April 1. Late applications will not be considered for awards. Awards are made for the full academic year in the spring preceding the start of the school year. One-half of the award will be paid each semester in which the student is enrolled on a full-time basis, a minimum of 12 credit hours per semester.

An ONU Foundation grant is a gift that does not have to be repaid. However, students who are beneficiaries of these grants are encouraged to respond in future years by making similar gifts to the Olivet Nazarene University Foundation so that other students may also benefit.

Alden, George I., Trust Scholarship: available to engineering or science students based on demonstrated financial need; established by a grant from the George I. Alden Trust.
Allen, Lois Ann, Scholarship: for children of missionaries in financial need.
Alvarez, Fernando G. and Mildred, Scholarship: for worthy and needy students preparing for full-time ministry; given by their daughters, Edwina and Marsha.
Anderson, Leonard E., Scholarship: for majors in Business or Accounting.
Associated Student Council Scholarship: awarded to a third- or fourth-year student who has served a minimum of one year on the Associated Student Council.
Aventis Educational Grant: available as funding for the Aventis internship program targeting science, engineering, business, or communication students and as scholarships for worthy and needy students.
Basham, Rev. and Mrs. H.I., Scholarship: for incoming freshmen communication major with a B average in high school; provided by Dr. Milton P. and Catherine E. Kale.
Bay City First Church of the Nazarene Scholarship: available to students from Bay City First Church (Michigan).
Bean, Calvin and Lenore, Scholarship: for sophomores, juniors, and seniors preparing for the ministry.
Becke, Earl, Scholarship: for worthy and needy students with a business major.
Benner, Merl M. and Elma, Scholarship: for a worthy and needy graduate religion student.
Berry, Marion Messenger, Scholarship: for worthy and needy music students.
Biedenharn, Joseph H., Scholarship: equivalent of three semester hours to be awarded to a junior art major for use in senior year.
Bloom, Margaret E., Scholarship: for English or ministerial students.
Boxell, A. Ralph, Scholarship: available to worthy and needy Science students.
Boxell, A. Ralph and Ruth Reader, Scholarship: available to students majoring in piano.
Brandenburg, William, Scholarship: for nursing students.
Brazil First Church of the Nazarene Scholarship: local church scholarship available to students from Brazil First Church of the Nazarene (Indiana) who meet scholarship criteria specified by church and University.
Bricker Athletic Ministry Scholarships: Four $1,000 scholarships to be awarded annually to freshman or sophomore athletes whose lives reflect a Christian character and witness that is consistent with the mission statement of the Department of Athletics. Selection will be made by the ONU coaching staff.

Bright, Rev. Merle M. and Madonna K., Endowed Scholarship: for needy sophomore, junior, or senior ministerial students.

Brighton, Michigan, Church of the Nazarene Scholarship: available to a sophomore, junior, or senior from Brighton Church (Michigan).

Business/Economics Scholarship: for students majoring in business.

Campbell, D. Ray, Scholarship: for ministerial students or business majors.

Carmichael, Vernal and Mayme, Scholarship: available to worthy and needy business administration and/or music majors.

Cassells, James and Ruth, Scholarship: available to a worthy student majoring in music; recommended by chair of the Division of Fine Arts provided by Marilyn Cassells.

Central Educational Region Nazarene Youth International Scholarship: available to sophomore, junior, or senior religion or music majors or other worthy and needy students from the Central Educational Region.

Chicago Central District Impact Scholarship: available to graduating Impact members who have been on the team for at least three years and enrolled in ONU with a major in music or full-time ministry.

Class of 1984 Scholarship: for worthy and needy senior student; preference given to an heir of the class of 1984.

Cole, John and Esther, Scholarship: for worthy and needy religion major.

Collings, Deborah Anne, Scholarship: awarded on basis of scholarship and potential for successful career in the biological, biochemical, or biomedical sciences.

Collins, Dr. Harvey, Scholarship: available to art major of junior standing for use in senior year; requires 3.0 overall GPA and 3.5 art GPA; student must exhibit high-level of Christian discipleship; selection made by art faculty based on written testimony submitted by student.

Columbus, Indiana, First Church of the Nazarene Local Church Scholarship: available to students from Columbus First Church (Indiana).

Cook, James V. and Louise, Scholarship: for music students; provided by Dr. and Mrs. Ronald A. McMaster.

Cook, Perry A. and Florence L., Scholarship: for worthy and needy students preparing for missionary service.

Couchenour/Snider Scholarship: for worthy and needy ministerial students.

Crawford International Student Scholarship: available to freshmen and continuing students who are attending Olivet from a country outside the continental United States.

Crawford, James H., Memorial Scholarship: for worthy and needy students, with preference to children of Nazarene pastors.

Cumming, Rev. James Andrew, Scholarship: available to students preparing for ministry or missionary service.

Davidson, David and Ethel Endowed Scholarship: available to English or health-related major.

Dawes, Gordon W. and Frances V., Scholarship: for worthy and needy students preparing for the ministry or missionary service in the Church of the Nazarene.

Decker, Dr. Gerald L., Scholarship: to be awarded equally to two chemistry majors with highest academic record at close of junior year; established by Mrs. Decker.

Demaray, Dr. Coral and Harriet, Scholarship: for worthy and needy students majoring in Biblical literature.

Detroit First Church of the Nazarene Scholarship: local church scholarship available to students from Detroit First Church of the
Nazarene who meet scholarship criteria specified by church and University.

Dickey, Dr. John Q., Scholarship: available to premedical students who will pursue study in osteopathic/allopathic medicine/science.

Dickey, Linda Crummer, Scholarship: available to worthy and needy students majoring in elementary education or business administration, or students of any major who are single custodial parents.

Dillman, Ruth Evelyn and Mary Elizabeth Dillman Gates Scholarship: for worthy and needy students who are children of pastors or missionaries and are of sophomore, junior, or senior status.

Dillman, The Rev. Clifford K. & Bertha M., Scholarship: available to worthy and needy junior or senior student from Illinois planning for ministry.

Dillman, The Rev. Dr. Victor Eugene Scholarship: available to spiritually sensitive students planning for graduate work or licensure in social work; good standing academically.

Donoho, Dr. John J. and Dr. Lora H., Endowed Scholarship: available to education and/or physical education teaching majors.

Doud, Harvey E. and Mary Edna, Scholarship: for nursing students.

Fowler, Clifford H., Scholarship: for nursing and science students.

Fowler, George F. & Dorothy M., Scholarship: available to nursing students, students from South Bend First Church (Indiana) or worthy and needy students.

Frank, A.J. Scholarship: for worthy and needy ministerial students.

Frank, John R. & Joanne L., Endowed Scholarship: available to worthy and needy students following the traditional undergraduate program for teacher certification.

Frost, Emma, Scholarship: for worthy and needy students.

Fruin, Ella M. Scholarship: available to female theological or missionary students.

Fry, Marion, Scholarship: for worthy and needy students from Wisconsin.

Galloway, George M. and Martha R., Scholarship: available to ministerial students or other worthy and needy students.

Gamblin, Verne W. and Anita R. Tolbert, Endowed Scholarship: available to Nazarene pastors' children majoring in education or pastoral ministry.

Garland, Eva, Scholarship: for worthy and needy students from Indianapolis Clermont and Monticello Churches of the Nazarene (Illinois).

Garton, Franklin Defoe and Thelma Irene, Scholarship: for students majoring in communication.

Gibson, Don, Scholarship: for worthy and needy students preparing for full-time ministry.

Gibson Golf Scholarship: available to students from Eastern Michigan District. Funded by friends and participants in the Eastern Michigan golf tournament in memory of Dr. Don Gibson, former district superintendent.

Gilliam, Peggy L., Scholarship: for a student from a single parent home, or a student with special interest in piano; provided by Dr. and Mrs. William Slattery III.

Grimsley, Nellie L., Scholarship: for students in preparation for definite overseas missionary service.

Grothaus, Dr. Clarence, Scholarship: for students majoring in chemistry.

Grothaus, Jewell, Scholarship: for students majoring in instrumental music.

Hale-Wilder Scholarship: available to voice majors by audition before the voice faculty and the chair of the Department of Music; provided by Robert Hale of Vedbaek, Denmark and Dean Wilder, director of vocal instruction, William Jewell College.

Harper, A.K. and Beatrice, Scholarship: available to business students who exhibit strong leadership potential.

Harshman, Boyd and Libby, Family Memorial Scholarship: available to five worthy and needy junior music majors for use in their senior year.
Hilgendorf, Penny L., Scholarship: for worthy and needy elementary education majors from the Michigan District (Church of the Nazarene) or other worthy and needy students.

Hinkle, Elsie, Scholarship: for worthy and needy students in the Division of Education.

Hollingsworth, Art and Bea, Scholarship: for worthy and needy ministerial students.

Hopkins, Russel G. and Verda E., Scholarship: for orchestral music students.

Howe, Kathryn Ruth, Scholarship: for worthy and needy elementary education majors.

Howell Michigan Scholarship: available to worthy and needy students from the Howell Church of the Nazarene (Michigan).

Hultz, Ralph W. and Evelyn E., Scholarship: one-half available to handicapped students and one-half available to ministerial students.

Hyde, Florence, Scholarship: available to students preparing for missionary service or other worthy and needy students.

Indianapolis, Indiana First Church of the Nazarene Scholarship: available to sophomore, junior, or senior students from Indianapolis First Church; scholarship amount determined by academic performance.

Indianapolis West Side Church of the Nazarene Scholarship: local church scholarship available to students from Indianapolis West Side Church of the Nazarene who meet scholarship criteria specified by church and University.

Irwin-Jones, Linda, Scholarship: available to students from College Church of the Nazarene, Bourbonnais, Illinois.

Jaynes Family Scholarship: worthy and needy students who are current members of Danville First Church of the Nazarene (Illinois).

Jensen, Beth Anne, Endowed Scholarship: available to psychology majors.

Johnson, Alfred and Kathleen, Scholarship: for worthy and needy male students in a medically related field other than nursing.

Johnson, Arndt J., Endowed Scholarship: preference given to descendants of Arndt Johnson; if none apply, then available to needy chemistry students.

Jones, David and John Hanson, Scholarship: available to premedicine or undergraduate nursing students preparing for missions service; funds provided by a grateful former student.

Judy, Esther L., Scholarship: available to worthy and needy undergraduate students with preference given to adult students returning to school.

Kale, William H., Jr. and Naomi Ruth, Scholarship: available to junior and senior communication major with 3.0 GPA.

Keck, Charlotte Shugart, Nursing Scholarship: available to sophomore level nursing student for use in junior year; recipient selected by nursing faculty and approved by division chair.

Kelly, Hugh G. and Gladys E., Endowed Scholarship: available to students from Roxanna Church of the Nazarene (Illinois) or to worthy and needy students.

Kelley, Brad and Karen, Scholarship: available to students planning a career in music arranging or composing.

Kesler, James O., II, Scholarship: available to junior or senior ministerial or missionary students holding membership in the Northwest Indiana District, Church of the Nazarene.

Knight, Beatrice and James Melvin and Moore, Mildred and Coleman, Scholarship: available to worthy and needy students from southern United States.

Kochersperger, Terry L., Scholarship: available to engineering students.

Kokomo Bon Aire Church of the Nazarene Scholarship: available to students from the Kokomo Bon Aire Church of the Nazarene (Michigan); scholarship amount determined by academic performance.

Kokomo First Church of the Nazarene Scholarship: available to students from Kokomo First Church of the Nazarene (Indiana).

Kranich, Wanda Mae, Scholarship: available to students majoring in a keyboard instrument.

Langdon, Cindy, Scholarship: available to worthy and needy students from Richfield Church of the Nazarene (Michigan) or other worthy and needy students.

Larsen, Naomi, Scholarship: available to music majors based on music proficiency and need; selection made by music faculty.

Lee, C. Ross, Memorial Scholarship: available to students preparing for full-time ministry.

Logan, Richard B., Scholarship: available to junior or senior chemistry majors.

Lowe, Stephen J. and Ervin E., Scholarship: available to ministerial students.

Lucas, Francis & Kazue, Scholarship: available to ministerial students and students preparing for missionary service.

MacDonald, Robert, Scholarship: available to needy ministerial students.

Malliett, Lowell and Barbara, Scholarship: for international students.

Martin, Dr. E.W., Scholarship: available to worthy senior students preparing for the ministry or missionary service.

Martin, Rev. Edwin C. and Pearl Richie, Scholarship: available to students preparing for Christian service.

Mason, Michigan, First Church of the Nazarene Scholarship: available to students from Mason First Church of the Nazarene (Michigan).

McClain, Dr. Carl S. and Eunice, Scholarship: for worthy and needy English majors.

McCoy, Kenneth and Doris Sparrow, Scholarship: available to worthy and needy premedical or nursing students with first preference to women students; given in memory of Russell J. Duriex, Class of 1937.

McCool, David L. and Marilyn J., Scholarship: for senior married students in good academic standing, demonstrating a financial need.

McKinney, Jim, Endowed Scholarship: available to ministerial students or students preparing for full-time Christian service; preference given to students from Brazil First Church of the Nazarene (Indiana), then to other students.

McLendon, Hiram J. and Dorothy Fullenwider McLendon Scholarship: available to students interested in philosophy and/or students working with children either in a church or as a school psychologist.

Meyer, Robert Paul, Scholarship: available to students with physical handicap.

Meyer, William D. and Florence I., Scholarship: available to students with a disability.

Michigan District Ministerial Scholarship: available to junior and senior ministerial students with a local or district minister's license from the Church of the Nazarene on the Michigan District.

Miller, Randal J. and Cathaleen, Scholarship: available to students majoring in broadcasting.

Mitten, Dr. Lloyd G. and Thelma A., Scholarship: available to worthy and needy juniors and seniors majoring in business and economics.

Mongerson, Harold and Gladys, Scholarship: available to students from Moline Community Church of the Nazarene, with priority given to religion majors, or any student from the Quad City area.

Monroe, Michigan, Church Scholarship: available to Monroe Church of the Nazarene (Michigan) graduating high school seniors.

Moore, Clarence T. and Jennie K., Scholarship: available then to worthy or needy junior or senior ministerial student.

Morenci Church of the Nazarene Scholarship: available to students from the Morenci Church of the Nazarene (Michigan).

Mueller, Ethel, Scholarship: for worthy and needy Protestant students.

Mumbower, Bessie Fern, Scholarship: for worthy ministerial students.

Myers, Carrie M., Scholarship: available to worthy and needy sophomore, junior, senior, or graduate ministerial student from Seymour First Church of the Nazarene (Indiana); estab-
lished by Francis and Dorothy Myers and the Kocolene Oil Co. of Seymour, Indiana.

Myers, Delbert H., Scholarship: available first to worthy and needy sophomore, junior, senior, or graduate students from Seymour First Church of the Nazarene (Indiana), then to other worthy and needy students.

Myers, Rev. Joseph T. and Connie H., Scholarship: available to any student from Vermilion County, Illinois, or to ministerial students from the Chicago Central District, Church of the Nazarene.

Neal, Ada, Scholarship: available to nursing students.

Neubert, Alvin A. and Joy E., Scholarship: available to worthy nursing students.

Nielson, Joseph F. and Esther J., Scholarship: available to students majoring in social science.

Noble, Joe M. Scholarship: available to music education majors completing first three semesters of course work with 3.0 GPA; to be selected by music faculty.

Patterson, Vaughn L., Scholarship: available to a Kankakee County, Illinois, resident student, preference given to a Bradley-Bourbonnais Community High School graduate; in loving memory of Wanda M. Starasinich, mother of Mr. Patterson.

Pfeffer, Paul E. and Ruth O., Scholarship: for worthy and needy students majoring in business.

Perry, Michigan, Church of the Nazarene Scholarship: available to students from Perry Church of the Nazarene (Michigan).

Peters, V. W., Scholarship: available to music majors.

Pickard, Verna O., Scholarship: for worthy and needy senior ministerial or missionary students.

Pitts, Jesse Branston and Mary Hazel, Scholarship: for students from Stinesville, Indiana, then other worthy and needy students in their sophomore, junior or senior years.

Pittsfield Church of the Nazarene Scholarship: available to full-time students who attend Pittsfield Church of the Nazarene.

Plummer, Chester, Scholarship: for ministerial students, with preference given to those planning to be evangelists.

Plymouth, Michigan, Church of the Nazarene Local Church Scholarship: available to students served by this local congregation.

Polston, William “Bud” & Nella, Scholarship: available to junior and senior business majors with a minimum 2.85 GPA on a 4.0 scale.

Prescott, Charles M. and Gladys L., Endowed Scholarship: for worthy and needy students with expressed potential of Christian service.

Purinton, Dr. W.S., Scholarship: for worthy and needy ministerial students.

Reader, George H.D., Scholarships: available to ministerial students.

Reams Family Scholarship: available to students majoring in geology, Earth and space science education, or related fields.

Reed Graduate Scholarship: available to graduating ministerial seniors with high academic standing who are pursuing graduate work in religion at Olivet; established by Dr. and Mrs. Harold W. Reed.

Reed, Harold W. and Maybelle E., Scholarship: for worthy and needy undergraduate ministerial students; given in honor of Dr. and Mrs. Harold W. Reed.

Roberts, Rex A. and Sarah Anna, Scholarship: available to children of ministers and evangelists.

Roby, Cecil L. and Darlene, Scholarship: for worthy and needy students majoring in business.

Rowe, Richard E. and Jeanette, Scholarship: for religion majors.

Saginaw, Michigan, First Church of the Nazarene Scholarship: available to students from Michigan First Church of the Nazarene (Michigan).

Schlamb, Audrey L., Scholarship: available to ministerial students.
Schneider, Rev. Albert and Beatrice, Scholarship: available for worthy and needy students with a preference for students preparing for full-time ministry or teacher education.

Seaman, Ray I., Scholarship: available to students from West Michigan Avenue Church of the Nazarene (Battle Creek, Michigan) or needy students from the Michigan District.

Shaffer, Sandy Jo, Scholarship: for worthy and needy junior or senior business majors.

Silvers, W. L., Scholarship: available to worthy and needy student who is preparing for ministry.

Smith, Sylvester and Leah, Scholarship: for worthy and needy married students preparing for the ministry or missionary service.

Snowbarger, Dr. Willis E., Scholarship: available to junior or senior history majors completing 15 hours of history, including three upper-division hours; requires overall GPA of 3.25 and history GPA of 3.5; selection to be made by Department of History.

Snowbarger, Willis E. and Wahnona R., Achievement Scholarship: available to needy junior or senior student with 3.0 or greater cumulative GPA.

Somers, Vaughn, Scholarship: available to junior music or ministerial students for use in senior year.

Sommer, Steven C., Scholarship: available to worthy and needy students majoring in social work.

Steinke, Lester L., Scholarship: available to a student not qualifying for any other scholarship but who has an intense desire to receive an education; preference given to freshmen; given by Mrs. Lois Thomas in memory of her brother.

Stevenson Scholarship Fund: available to worthy nursing students.

Stewart, Virgie, Scholarship: available to junior student with major in modern languages.

Stiles, Robert W., Music Scholarship: available to music students.

Strickland, Evert C. Scholarship: for worthy and needy students majoring in education; provided by Evert Strickland in memory of his brother, Rev. Raymond Strickland.

Strickler, Dr. Dwight and Esther, Scholarship: for worthy and needy Science majors.

Swinehart, Lynn D. and Mary (Moore), Scholarship: awarded to worthy and needy students who are accounting majors.

Taylor, Pauline Rudd, Scholarship: available to upper-division education majors; established by Dr. Mary Margaret Reed in honor of her mother.

Thornton, Clarence and Georgia, Scholarship: for ministerial students from Wisconsin, with preference to a married student.

Toland, Don and Beverly, Scholarship: available to students preparing for a career in broadcasting.

Tompkins, Clara E., Scholarship: for worthy and needy students; preference given to students from Kankakee First Church of the Nazarene.

Tucker, J. Paul and Lenore, Scholarship: for worthy and needy ministerial students.

Turner, Dixie, Scholarship: available to elementary education majors.

VanAken, Lynwood and Maxine, Scholarship: for worthy and needy music majors.

Vaughan, David A., Endowed Scholarship: available to nursing students.

Watseka Friends Church Scholarship: for worthy and needy students; provided by Clara Honeywell Canady and Howard Herbert Honeywell, members of the Watseka Friends Church, 1921-1981.

Watson, Larry D., Ambassador Scholarship: for worthy and needy student-athletes who demonstrate Christian character both on and off the court of competition.

Weber, Donald H. and Beverly A., Scholarship: available to children of missionaries or pastors, of junior or senior standing, with a 3.0 or greater GPA.
Webber, Julie A., Scholarship: available to students from the Flint Central Church of the Nazarene (Michigan).

Westbrook, Indiana Church of the Nazarene Scholarship: local church scholarship available to students from Westbrook First Church of the Nazarene (Indiana).

Wheeler, Rev. Wilbur J., Scholarship: available to ministerial students or to students preparing for missionary service.

White, Dr. S.S., Scholarship: available to upper-division theology students.

White, John Lawson, Scholarship: available to worthy and needy students preparing for ministry or teaching.

Whitis, Noel L. and Ilene, Endowed Scholarship: available to religion and education Majors.

Williams, Mike and Dee, Scholarship: for worthy and needy students from Wisconsin.

Williams, Rev. and Mrs. Albert, Scholarship: available to ministerial students.

Williamson, Donald E. and Marilyn, Scholarship: available to freshmen through ONU graduate-level students approved by the scholarship committee.

Wisner, Gerett, Scholarship: available to junior and senior nursing, ministerial, music, or other worthy and needy students.

Wissbroecker, Rayna Memorial Scholarship: available to premedical student with preference for those pursuing a career in missions.

The following scholarships are provided in memory or honor of various individuals, families, or groups and are available for worthy and needy students who otherwise meet criteria established by the ONU Foundation:

Grants-in-Aid

Federal Pell Grants are provided by the U.S. Department of Education to all students who qualify on the basis of need. The Free Application for Federal Student Aid (FAFSA) used to determine eligibility for this grant may be secured from the Olivet Office of Financial Aid or from any high school. Pell grant awards normally range from $400 to $4,000 per year.

Federal Supplemental Educational Opportunity Grant (SEOG) is awarded to students with exceptional financial need. The SEOG is awarded through the University from funds allocated to the school by the federal government. Awards normally range from $300 to $500 per year.

Illinois Student Assistance Commission Monetary Award: (MAP) The state of Illinois provides financial assistance to all residents of the state who show a need for college assistance. This grant may cover tuition and fees only. The current maximum yearly award is $4,968. The FAFSA form used to apply for federal aid applies to the Illinois state assistance as well and is available from the Olivet Office of Financial Aid or from any high school. The award amounts are contingent upon legislative action and funding each year.

Other State Grants: Residents outside the state of Illinois should inquire into the availability of state grants for college education which may be applied toward their education at Olivet. The states of Vermont, Massachusetts, Pennsylvania, and New Jersey are among those who will permit students to transfer grants to out-of-state private schools.

Family Grant, a tuition discount of $1,500 per academic year is awarded when two or more unmarried, dependent students from the same immediate family, or husband and wife, or parent and dependent(s) are enrolled as full-time undergraduates in an academic year. The discount will be awarded to each qualifying student, and will extend for the period of
undergraduate concurrent enrollment. The maximum number of years of eligibility is four. 

*Students enrolled in the Adult Studies degree completion programs and students receiving tuition remission benefits are ineligible.*

---

**Loan Funds**

**Perkins Loans:** Olivet Nazarene University participates in the student loan program sponsored by the U.S. Department of Education. A maximum of $15,000 in four years of undergraduate study may be awarded in these loans. A FAFSA must be submitted annually for evaluation of need. Perkins Loan funds are available only to students who have borrowed the maximum Stafford Loan for that term.

**Stafford Loans:** There are two Stafford Loan programs, subsidized and unsubsidized. All students who wish to borrow through either of the Stafford Loan programs must complete the FAFSA each year. Ability to participate in the *subsidized* Stafford Loan program is based upon calculated need. A maximum of $23,000 during the time required to achieve an undergraduate degree may be borrowed by qualified dependent students.

Loans at the freshmen level (0-29 credit hours completed) are limited to $2,625 per year. Loans at the sophomore level (30-59 credit hours completed) are limited to $3,500. Loans in the junior and senior years (60 or more credit hours completed) may be up to $5,500 per year. Neither the subsidized, unsubsidized, or a combination of the two may exceed these yearly limits for dependent students.

Independent students may borrow at increased limits under the *unsubsidized* Stafford loan program. Qualified graduate students may borrow up to $8,500 per year under the Stafford loan program. Aggregate limits for independent and graduate students vary. More detailed information may be obtained from the Olivet Office of Financial Aid.

---

**Student Employment**

The university Counseling and Career Center office serves students and potential employers with referrals and job requests for both campus and community employment. Our students have earned a high reputation for reliable service in the Kankakee County business community.

Part-time employment is available primarily for those who need to earn expense money for personal needs. Types of jobs include secretaries, office workers, janitors, food service workers, typists, paper-graders, receptionists, chapel-checkers, store clerks, cashiers, and other miscellaneous types of work. In most cases, campus jobs require at least two successive hours free from classes on a daily basis.

Although a large number of students work during the regular school year, the University does not recommend that freshmen endeavor to work more than 10 hours a week during the first semester.

Approximately 700 students have employment in campus jobs during the school year. Priority for campus employment is given to those who qualify for Federal Work Study aid.

**Federal Work Study:** Campus work through the Federal Work-Study Program is available to students who qualify by way of the FAFSA. An eligible student could earn up to a maximum of $1,500 (gross) per academic year. This would require an average of 10 hours of work per week.
Financial Assistance for Veterans

To assist students who qualify for benefits from the Veteran’s Administration, Olivet has a counselor in the Office of the Registrar who specializes in these programs.

Voter Registration Materials

Voter registration materials are available for all Olivet students in the Office of Financial Aid and in the Office of the Registrar.
Olivet’s academic regulations constitute a readable map for student, counselor, professor, and general reader. Each member of the academic community should become familiar with the directions, for it is the official guide to each of the educational destinations offered by the University.

The liberal arts program offers every student, whatever his or her particular interest or vocational intention, an education built on a steadying foundation of studies in a variety of subjects. This leads to a mature level of lifelong learning that surpasses limited training for a narrowly defined vocational field that may become obsolete in a few years.

Career planning is strongly encouraged through counseling with faculty members and the professional staff of the Counseling and Career Center.

The general education requirements provide a foundation of study in all the divisions of the University which may be helpful to a student selecting or confirming a career decision.

Registration

All students eligible to register (students enrolled in the preceding regular session and new or reentering students who have completed application and have been accepted) will be supplied by the Registrar with directions for registration. Students are advised by members of the faculty and must file properly approved study lists with the Registrar during the registration period. Preregistration service is provided by the Office of the Registrar. Registrations not completed by the close of the listed registration days (see calendar) will require
fee of $20 to cover the additional expenses of late registration procedure. An additional late fee of $5 per day will be charged beginning the second day after registration day.

A student will not be permitted to register for any course, including directed study and special topics, after the first two weeks of the semester without the written approval of the Assistant Dean of Instruction. A faculty member may determine an earlier closing date for a particular course.

No student will be permitted to register for any course if, in the judgment of the instructor in charge, he or she lacks sufficient preparation to undertake the work. An instructor may, with the approval of the Vice President for Academic Affairs, drop from a class any student who shows marked delinquency in attendance, who neglects his or her work, or who proves incompetent to pursue the work of the course.

The normal student load is 16 hours of class work in a week. No student will be permitted to register for more than 18 hours, inclusive of physical education, without the special permission of the Committee on Academic Standards. An extra charge is made for each hour or fraction of an hour taken in excess of the 18-hour maximum load.

Outside Employment: Students carrying a considerable load of outside work must reduce their school program accordingly. The following schedule is a guide to counselors and students:

**Semester Class Load in Relation to Grade Point Average:**

<table>
<thead>
<tr>
<th>Effective Hours of Outside Employment</th>

**Change of Registration**

All changes in registration become official when made through the Office of the Registrar, with approval by the student's adviser and the faculty members whose classes are involved. A student may change registration for individual courses during the first two calendar weeks of a semester without charge. After that there will be a charge of $10 for each schedule change form processed.

A course may be dropped without grade or notation on the transcript when official changes are processed during the first two calendar weeks of a semester. After that, a grade of W will be assigned when courses are dropped prior to the deadlines, which are published in the University calendar. Permission to drop individual courses after the published deadlines will normally be granted by the Vice President for Academic Affairs only because of extended illness, serious physical disability, death in the family, or other emergency circumstances. Permission to withdraw from individual courses after the deadlines will not be granted merely because of unsatisfactory academic performance, whether caused by the student's inability, or lack of application or preparation; dissatisfaction with the subject matter offered in the course(s); failure to attend class; or a change in the student's major or academic plans. A grade of "WP"—withdrawn passing—or "WF"—withdrawn failing—will be assigned by the Vice President for Academic Affairs in cases where official drops are approved after the published deadlines. Unofficial withdrawal from courses will be treated as failure and indicated on the permanent record by a grade of F.
Appeals to the Academic Standards Committee may be initiated through the Office of the Registrar.

Withdrawal from the University

A student who desires to officially withdraw from all courses in a given semester must do so before the beginning of final examinations. Once final examinations have begun, a student may not withdraw from that semester unless documented emergency or medical reasons merit an exception being approved by the Vice President for Academic Affairs.

To officially withdraw from all courses for which a student is registered, the student must complete the appropriate forms in the Office of the Registrar. This withdrawal process is necessary in order to clear the appropriate financial and academic records. Protracted absences or failure to attend classes does not constitute withdrawal from courses and will be treated as failure unless the withdrawal process is appropriately followed. See chapter 5 on “Financial Information” for policies on refunds of tuition and fees when official withdrawal from the University is processed.

Administrative withdrawals may be initiated when a student fails to obey University policies, fails to comply with procedures, or has been suspended or expelled from the institution. The grading and refund policies which apply to voluntary withdrawals also apply to administrative withdrawals.

Cancellation of Registration: A student’s registration for a semester may be canceled for failure to meet financial obligations to the University. Normally, cancellation would only occur during the first two weeks of a semester, and record of enrollment would not appear on the student’s permanent academic record.

Classification of Students

Students are classified according to the total number of hours for which they have credit. The requirements for classification as a candidate for a degree on the basis of hours are:

- **Freshman Standing**: Must have met all entrance requirements and be registered as a candidate for a degree.
- **Sophomore Standing**: 30 hours
- **Junior Standing**: 60 hours
- **Senior Standing**: 90 hours or above

Students are classified at the beginning of each semester and the minimum requirements for the respective classes must be met at that time. Class activities and listing in University or student publications will be carried out in accordance with the above classification.

**Unclassified Students**: “Special” or part-time students who meet all entrance requirements but who are carrying fewer than eight semester hours, and mature and otherwise qualified students who are not pursuing the regular course of study may, with the approval of the Academic Dean and the consent of the department concerned, be admitted to the University as unclassified students to take such courses as are open to them without respect to candidacy for a degree. Such work is limited to 29 semester hours.

Admission to Junior Standing

During the semester in which a student expects to complete 50 or more hours of University work, the student should secure from the Registrar an Application for Admission to Junior
Standing. This will normally take place during the spring of the sophomore year. The completed application must be filed in the Office of the Registrar and will be approved only when the following conditions have been met:

1. The required number of hours are completed.
2. Signature of major adviser.
3. A complete tentative program of courses for the junior and senior years, incorporating all requirements in the curriculum for the degree sought, with the proper signatures of approval.

A student will not be permitted to register as a junior until the Application for Junior Standing is completed.

Class Attendance Policy

Admission to Olivet Nazarene University is a privilege that represents an investment by the supporters of the University as well as the student. The opportunities provided by the University are open only to those who are willing to devote themselves to the serious business of education.

Students are expected to attend all class meetings for which they are registered except in cases of prearranged field trips, official assignments by the University, participation in scheduled intercollegiate athletic events, or participation in official music ensemble tours as may be considered excusable by the Vice President for Academic Affairs. With the approval of the Vice President for Academic Affairs, a faculty member may stipulate a limit on the number of excused absences permitted in a course.

Attendance requirements in each course are determined by the professor, and will be clearly stated in the course syllabus filed with the Vice President for Academic Affairs and distributed in class during the first week of the semester.

The student is personally responsible for all class work assigned in a course, even during absence. In case of absence, the student should inquire about the possibility of making up work missed. The student may be penalized for work missed, even though the reason for the absence is legitimate, if he or she fails to explain the reason for the absence and meet the requirements of the instructor in making up the work. If the explanation of the absence is acceptable to the instructor, the student will be permitted, to the extent possible, to make up work missed.

When absences not covered by educational leniency are not acceptable to the instructor, the student may be refused the privilege of making up the work, and may be assessed a consequent grade penalty. Those who do not expect to attend a class regularly should not enroll in the class. Those who find it impossible to attend class regularly should withdraw from the University before their record is marred by irregular attendance.

Protracted absence does not constitute a withdrawal, and will be treated as a failure in the course. For the procedure to be followed in changing or dropping a course, see the section on “Registration” in this chapter of the Catalog.

Scholarship Requirements

Grading: A record of attendance and scholarship is kept for each student. A report of the student’s class standing is given at the close of the semester.

The alphabetical system of grading, with ± added at the discretion of the instructor, is used, [i.e., A for superior; B for above average; C for average; D for below average, but passing; F for failure; H for audit; S for satisfactory work (credit toward graduation); U for unsatisfactory work (no credit toward graduation); X for deferred work; W for withdrawn.
before quality of work can be determined; WP for withdrawn passing; WF for withdrawn failing; and I for incomplete. A student may be marked “incomplete” only in case of serious illness or other unavoidable causes of delay. All incompletes must be removed within one month after the grade period ends or the record will be marked “failure.”

**Honor Points:** In order to graduate, the student must have earned twice as many honor or grade points as he or she has semester hours of work attempted. Honor points are based on quality of work performed, and are determined as follows: A = 4.0 points per credit hour, A- = 3.7, B+ = 3.3, B = 3.0, B- = 2.7, C+ = 2.3, C = 2.0, C- = 1.7, D+ = 1.3, D = 1.0, D- = .70, F = 0.

The grades of H, S, U, X, W, WP, WF are neutral. A minimum grade point average of 2.0 (C) is required for graduation.

**Policy on Repeating Courses:**
1. In case a course is retaken subsequent to the student's receiving a course grade of F, only the last grade is counted in determining his or her cumulative grade point average.
2. With the consent of the chair of the department in which the course is offered, a student is permitted to retake once a course in which he or she has earned a grade of C-, D+, D, or D-, with the higher of the two grades to count in determining the student's cumulative grade point average.

These privileges apply only to courses repeated at Olivet.

**Pass-Fail (S or U)** is used for student teaching, field experiences, and certain other courses. In these courses the alphabetical system of grading is never used.

In addition, an individual student who has declared his or her major by filing an Application for Junior Standing may also be permitted, upon his or her request, to enroll in one elective course per semester in the last four semesters on the basis of pass-fail grading. Specifically excluded from this provision are courses in the major field, minor field, required supporting courses, and courses offered to fulfill general education requirements. A passing grade means C quality or better.

The intention to take a course on the basis of pass-fail grading must be indicated at the Office of the Registrar on or before the final day to drop a course. If this request is approved, a student may change to the alphabetical system of grading only by filing a written request to do so at the Office of the Registrar prior to the final day to drop a course.

**Auditing a Course:** To audit a course means to take it for neither grade nor credit. An audit, satisfactorily completed, is recorded as such on the transcript. No record is made if the audit is not satisfactorily completed.

Normally the only requirements in an audited course are attendance requirements, which are set by the instructor.

Audit should be indicated at the time of registration, or a course may be changed from credit to audit any time prior to the deadline for dropping a course. A course may be changed
from audit to credit prior to this deadline only with the approval of the instructor, and payment of appropriate tuition adjustments.

A full-time student, paying the normal tuition fee, is not charged a tuition fee for an audited course, provided his or her total load, including the audited course, does not exceed 18 hours. If the total load exceeds 18 hours, a tuition fee of $50 per hour is charged for the excess hours which are audited. Part-time students are charged a tuition fee of $50 per hour for an audited course. Any additional fees (such as laboratory fee) in an audited course are charged to the student.

Arrangements to audit a course may be completed only if there is space available in the class.

Music: Auditors of applied music private lessons will receive one half-hour lesson per week. Audit lessons will be made up on the same basis as lessons being taken for credit. Audit students will be placed only after music majors, music minors, and others who are registered for credit have been placed. All audit students will pay the normal additional applied music tuition for private lessons and class instruction as listed in the Catalog chapter on finances.

Satisfactory Scholastic Standing: To be considered in satisfactory scholastic standing, students must maintain a minimum cumulative grade point average according to the following schedule:

<table>
<thead>
<tr>
<th>Semester Hours Attempted</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-18</td>
<td>1.5</td>
</tr>
<tr>
<td>19-29</td>
<td>1.7</td>
</tr>
<tr>
<td>30-45</td>
<td>1.8</td>
</tr>
<tr>
<td>46-59</td>
<td>1.9</td>
</tr>
<tr>
<td>60 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Students who fall below the above minimum standards are not making satisfactory progress and will be placed on academic probation.

In addition, students may be considered to be on academic probation for failure to attain a 1.000 grade point average in any given semester, or for failure to pass at least 50 percent of the credits registered at the end of the initial drop/add period (second week of the semester).

Only students in satisfactory scholastic standing may participate in Associated Student Council offices, class presidencies, intercollegiate athletics, drama, public relations groups, or off-campus spiritual life groups, or tour off-campus with music ensembles. This policy does not apply to intramural activities.

If after one semester on probation the cumulative grade point average is not improved, or after two successive semesters on probation the grade point average does not meet minimum standards for satisfactory progress (as outlined above), or at any time it falls below a 1.0 average, a student may be academically suspended by the Vice President for Academic Affairs. In addition, a student placed on probation for failure to meet the 1.000 semester grade point requirement or 50 percent progress requirement may be suspended if significant progress is not made during the probationary semester. In such a case the student has the right to appeal to the Committee on Academic Standards for a review of such a decision.

Students on academic suspension are not eligible to apply for readmission until after the lapse of one regular semester. If readmitted, the student will be on academic probation, and if a grade point average of 2.00 is not attained for courses taken during the semester following, the student may be academically suspended for the second time.
For transfer students, academic standing in the first semester of attendance at Olivet is based on the cumulative grade point average at the previous institutions. After one semester of attendance at ONU, the academic standing of transfer students will be based on the grade point average for all coursework accepted toward a degree and included on the Olivet transcript.

Eligibility: A student on probation is also ineligible. Ineligibility means that the student cannot participate in any public program or service away from the campus as a member of an ensemble group. Ineligibility excludes a student from participation in any intercollegiate athletic contest.

In order to be eligible for intercollegiate athletic competition, students must adhere to the standards adopted by the National Association of Intercollegiate Athletics (NAIA), including, but not limited to, the following:

1. Be enrolled in at least 12 semester hours at the time of participation. (Repeat courses should be cleared with the Registrar.)
2. Accumulate at least 24 hours of credit in the two terms of attendance immediately preceding the semester of participation. (Repeat courses previously passed cannot count toward the 24-hour rule.)
3. A second-term freshman must have earned at least nine hours of credit during the first semester.

In addition, student-athletes must remain in satisfactory scholastic standing as defined in this chapter of the Catalog.

Satisfactory Progress Requirements for State or Federally Funded Financial Aid Programs:
In order to maintain eligibility for federal and state financial aid, a student must meet the satisfactory progress requirements established by Olivet Nazarene University in compliance with federal regulations, including the following:

1. A student must complete degree requirements within the time-frame listed below:

<table>
<thead>
<tr>
<th>Degree Program</th>
<th>Full-Time Student</th>
<th>Half-Time Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate Degree</td>
<td>3 years</td>
<td>6 years</td>
</tr>
<tr>
<td>Baccalaureate Degree</td>
<td>6 years</td>
<td>12 years</td>
</tr>
<tr>
<td>Master's Degree</td>
<td>3-4½ years</td>
<td>6-9 years</td>
</tr>
</tbody>
</table>

A student requiring remedial courses will be allowed an additional 24 hours attempted.
2. A student must maintain a cumulative grade point average according to the following schedule:

<table>
<thead>
<tr>
<th>Cumulative Hours Attempted</th>
<th>GPA Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-18</td>
<td>1.5</td>
</tr>
<tr>
<td>19-29</td>
<td>1.7</td>
</tr>
<tr>
<td>30-45</td>
<td>1.8</td>
</tr>
<tr>
<td>46-59</td>
<td>1.9</td>
</tr>
<tr>
<td>60 or more</td>
<td>2.0</td>
</tr>
</tbody>
</table>

3. Each semester a student must satisfactorily complete 67 percent of the hours registered at the end of the initial drop/add period (second week of the semester). Grades of F, W, WP, WF, I, X, U, and H are considered unsatisfactory but will be included as hours attempted in determining satisfactory program completion rate.

4. Cumulative hours must be satisfactorily completed according to the following schedule:

<table>
<thead>
<tr>
<th>Academic Year</th>
<th>Cumulative Hours Satisfactorily Completed</th>
<th>Cumulative GPA Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>21</td>
<td>1.7</td>
</tr>
<tr>
<td>2</td>
<td>43</td>
<td>1.85</td>
</tr>
<tr>
<td>3</td>
<td>64</td>
<td>2.00</td>
</tr>
<tr>
<td>4</td>
<td>86</td>
<td>2.00</td>
</tr>
<tr>
<td>5</td>
<td>107</td>
<td>2.00</td>
</tr>
<tr>
<td>6</td>
<td>128</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Summer credit hours or transfer credits taken subsequent to enrollment at Olivet Nazarene University may be used to make up a deficiency in cumulative hours completed during an academic year.

Financial Aid Probation: A student will be placed on financial aid probation for failing to meet any of the above standards of progress.

A student placed on financial aid probation may continue to receive federal and state aid during the probationary semester. However, such a student must meet all of the satisfactory progress requirements by the end of the probationary semester or be placed on financial aid suspension. Students will also be placed on financial aid suspension when, having attempted 64 or more semester hours, the cumulative grade point average falls below 2.00.

Financial Aid Suspension: Financial aid suspension will result in the loss of all state and federal financial aid until a student returns to good standing by meeting all the satisfactory progress requirements. Suspension from financial aid does not prevent a student from enrolling at ONU with his or her own financial resources, if he or she is eligible to reenroll.

Appeals: In the event that extenuating circumstances are experienced, appeals for exceptions to the above requirements will be considered by the Financial Aid Committee. Such appeals must be submitted in writing to the Financial Aid Committee no later than the first day of classes of the semester.

Transfer Students and Financial Aid: For transfer students, academic standing in the first semester of attendance at Olivet is based on the cumulative grade point average at the previous institutions. After one semester of attendance at ONU, the academic standing and satisfactory progress for financial aid of transfer students will be based on the grade point average for all coursework accepted toward a degree and included on the Olivet transcript.
The Learning Development and Assistance Center

Students from all levels of achievement and experience can learn better ways of learning, and can learn additional information in various fields. These opportunities are given so every student can work to increase his or her potential.

The Learning Development and Assistance Center (LDAC) attempts to help students through the math lab, English lab, supplemental course instruction, and microcomputer lab. The labs can help students through learning problems which may occur. The math and English labs have both peer tutoring and faculty tutoring.

Many computer programs are available for general use. Some of the programs include word processing, practice programs in use of grammar, tutoring in algebra, and learning games in general chemistry.

Several introductory courses in various departments have Supplemental Course Instruction (SCI). SCI involves an exemplary student conducting study sessions each week which anyone enrolled in the course may attend. The session leader helps fellow students with material from the course, and also demonstrates how to study.

The aim of people associated with the LDAC is to give all students the chance for increased success in academics. The focus is to move the individual as far as possible into solving problems.

The purposes of the LDAC are: (1) to provide supplemental instruction in content areas; (2) to provide the means for gaining study skills; (3) to help students who are underprepared in English and/or mathematics; (4) to help students who need tutoring in specific courses in mathematics and English; (5) to provide instruction in basic skills such as fractions and sentence structure; (6) to service a content area relevant to basic skills and problem solving; and (7) to provide a central facility for training in tutoring.

Recognition for Academic Achievement

Independent Studies/Special Topics: Students classified as juniors or seniors may pursue a subject of particular interest that is not already treated extensively in a regular course. In order to receive credit for such an independent study, the student must submit appropriate documentation of the plan of the study to the Office of the Registrar. The directed study form should provide a thorough description of the project or coursework to be undertaken, including an indication of papers, assignments, test dates, conferences, and projected completion date. The proposal must be approved by the professor who will provide supervision and evaluation of the project, the head of the department in which credit is to be established, and the Vice President for Academic Affairs. Credit for such special topics will be indicated on the transcript by use of the department name and the number 499.

Independent studies are generally limited to students who have demonstrated above-average scholarship (3.0 or higher GPA). Independent studies may occasionally be recommended for students who are unable to take regular courses because of scheduling conflicts. Forms for registration are available in the Office of the Registrar.

Graduation with Departmental Honors is granted to a senior who shows independent and creative work of high quality in his or her major field. The study may cover material of individual courses, cut across course lines, or include subject matter and procedures not offered in the usual courses of the department. When recommended by the head of the department in which the student wishes to do honors work, a plan of the work to be pursued shall be forwarded, with the recommendation, for the approval of the Committee on Academic Standards. To be eligible for consideration for honors work, a student should have a 3.4 grade point average in his major field. If the senior's work is of high quality, he or she will be granted four hours of credit toward graduation. If the student passes a comprehensive
examination in his or her major field with special emphasis on the honors project, the student will be graduated with departmental honors—this to be indicated on the commencement program. The student must apply to the head of the department by October 15 in the academic year of graduation. Honors coursework will be indicated by the department name and the number 500.

**Assistantships:** A limited number of assistantships are available to high scholarship students of advanced standing. These assistantships are open to those who have spent two or more semesters at Olivet Nazarene University. They are awarded on the basis of scholarship, character, leadership ability, educational promise, and need.

Holders of these appointments will assist in reading papers, laboratory service, or other work required in the department to which they are assigned.

Assistantships are valued from $500-$800 for the year. All appointments are for one semester, and are conditioned on satisfactory service. Appointments are made by the Vice President for Academic Affairs on the recommendation of the department head and division head. Application should be made to the vice president for academic affairs by March 1 preceding the school year in which the appointment is to become effective.

**Dean's List:** An average of 3.50 for the preceding semester, with 12 or more hours attempted, is required for inclusion in The Dean's List.

**Phi Delta Lambda:** Olivet Nazarene University has a chapter of the national Nazarene honor society, Phi Delta Lambda, in which high-ranking graduates are eligible for membership upon election by the faculty.

**Departmental Honor Societies for Students and Alumni:** Several academic departments have established chapters of national honor societies for honor graduates and related student organizations. These include: Education — Kappa Delta Pi; English — Sigma Tau Delta; History — Phi Alpha Theta; Family and Consumer Sciences — Kappa Omicron Nu; Nursing — Sigma Theta Tau, Kappa Sigma Chapter; and Psychology — Psi Chi Honor Society.

**Graduation Honors:** Graduation with highest honors (*summa cum laude*) requires a grade point average of 3.90. Graduation with high honors (*magna cum laude*) requires a grade point average of 3.70. Graduation with honors (*cum laude*) requires a grade point average of 3.50.
In case a student has taken part of his or her college work at another institution or institutions, the student’s grade point average will be calculated on the basis of the total work accepted toward the degree. The last 60 hours of work must be taken at Olivet if one is to qualify for honors, except in Adult Studies programs, in which case all required courses within the major must be completed at Olivet.

**Commencement Marshals:** Each year the two men and the two women in the junior class having the highest cumulative grade point averages are designated as Commencement Marshals and lead the commencement procession.

**Senior Awards:** Each year one male and one female from among the graduating seniors are selected by majority vote of the faculty to receive the Senior Awards. The selection is based on campus citizenship, scholarship, leadership, and general achievement of the student in college activities. Letters certifying the award are presented to the students selected on Commencement day. The female graduate receives the Maggie Sloan Award, named for Olivet’s first graduate. The male graduate receives the Robert Milner Award, named for a Nazarene minister.

**General Requirements for Graduation**

**Student Responsibility:** Every candidate for a degree is personally responsible for meeting all requirements for graduation. The University, through its counselors and the credit summaries provided for the University by the Registrar, will assist the student in every way possible in avoiding difficulties.

Prospective teachers are also personally responsible for meeting the certification requirements of the state in which they expect to teach. Information about certification laws may be obtained from the Department of Education or from the Registrar.

Candidates for degrees are required to file their intention to graduate on forms provided by the office of the Registrar at least six months prior to the expected date of graduation.

Candidates for graduation are expected to meet the requirements for graduation of the catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student’s successive years of enrollment at Olivet, an appeal may be made to the Academic Standards Committee.

**Residence Requirements:** A candidate for a bachelor’s degree must take either the last year (30 semester hours) at Olivet Nazarene University, or must take 15 of the last 30 semester hours in residence and offer no less than 45 semester hours of residence credit from Olivet Nazarene University. Included in the hours offered to satisfy the residence requirement must be at least one-half of the major and/or sufficient hours to complete a major satisfactory to the chair of the major department and the Registrar.

**Transfer Credit Limitations:** Any course with a grade of F will not be accepted as transfer credit, but will be calculated in the grade average for considering admission, initial financial aid, and initial athletic eligibility. A maximum of 68 hours will be accepted from two-year colleges as transfer credit at Olivet.

**Second Bachelor’s Degree:** Some students desire to take a second bachelor’s degree. It is often possible to complete the requirement for the second degree in one additional year. To receive a second degree, the student must complete at least 36 hours of work in addition to the 128 hours required for the first degree and must meet all of the requirements set forth in the curriculum for the second degree including general education requirements. No more than one degree will be conferred upon a candidate at any one commencement. At
least 30 hours of the additional 36 hours required for a second degree must be taken in residence at Olivet.

**Correspondence Courses:** Credit for correspondence courses taken at accredited colleges may be allowed to count toward degree requirements at Olivet Nazarene University only when prior approval is granted by the registrar. A maximum of 15 hours of correspondence work may be applied at Olivet.

**Proficiency Examinations**

Students may be permitted to establish credit for courses listed in the *Catalog* by departmental proficiency examination. The grade in proficiency examinations is credit or failure, but no student is given credit unless he or she makes at least C in the examination. No official record is made of failures in these examinations.

Proficiency examinations are given under the following restrictions: (1) they may be taken only by persons who are in residence, or who are candidates for degrees at Olivet; (2) they may not be taken by students who have received credit for more than one semester of work in the subject in advance of the course in which the examination is requested; (3) they may not be taken to raise grades or to establish credit in a course in which the student has received a failing grade; (4) the privilege of establishing credit by this method is not to be used to accelerate one's program, but to make possible the recognition of work already done, or an achievement already attained for which no academic credit has been established; (5) not more than 10 semester hours credit can be earned by departmental proficiency examinations for any degree; (6) applications for the examination must be approved in advance by the Vice President for Academic Affairs; and (7) all such examinations shall be conducted by a committee of three, which shall be appointed by the Vice President for Academic Affairs. The signatures of all three examiners are required. Academic credit for such work will not be granted until the student has completed successfully at least one semester of work at Olivet Nazarene University. See also "Waivers and Advanced Placement," chapter 4.

**Summer School**

Olivet offers two summer sessions, each offering full college credit, operating on an accelerated schedule of classes. In each five-week session, five to seven semester hours can be earned. Dates of the summer sessions are listed in the University calendar. All new students apply through the Director of Admissions by the deadline indicated. Registration for summer school may be completed prior to or immediately following the first meeting of the class.

**Transcripts**

Students or former students who desire a transcript of their academic record at Olivet Nazarene University must present a written request to the Office of the Registrar. The request must include the signature of the person whose record is requested. Additional identifying information, such as dates of attendance, birthdate, Social Security number, graduation date, maiden name, etc., may help to expedite the processing of the request. Normally, requests can be processed within a few days of receipt, though the time may be extended near the beginning or end of a semester.

A service charge of $5 per transcript is required. When same-day service is requested, the service charge is $7.50 per transcript. Transcripts will not be issued to or for students or alumni who are indebted to the University or whose repayment of loans is not in good standing.
Chapter 7

Courses of Instruction

Olivet designs and offers academic programs that support its general objectives, and that appear to meet important needs of its students and constituency. The following listing of programs of instruction include some developed recently as well as traditional programs of the University.

Course and Department Numbering System

The number of the course designates the level or classification a student must have to take the course. Some courses have prerequisites that must be completed before enrolling in those courses.

- 000 — Not available for degree credit
- 100 — Introductory or basic freshman-level courses
- 200 — Sophomores and qualified freshmen
- 300 — Juniors and qualified sophomores
- 400 — Seniors and qualified juniors
- 500 — Graduates, qualified seniors
- 600 — Graduates only
- 700 — Graduates only
- 800 — Graduate independent study courses

The courses of study in the University are grouped in seven divisions, which are listed alphabetically. Departments and areas of study are also listed alphabetically within each division, both below and at the page beginning each division.
A chart of majors, concentrations within majors, and minors appears in chapter 2. In the succeeding pages, the faculty of each department are listed, with the department chair listed first and other faculty members listed by year of appointment at Olivet Nazarene University. They are also listed alphabetically in the index at the back of the Catalog.

The divisions, departments, and disciplines offered:

**General Studies** Page 83

Council for Christian Colleges and Universities Programs (CCCU)

Olivet Nazarene University is a member of the Council for Christian Colleges and Universities, which is comprised of more than 95 Christ-centered, accredited four-year liberal arts colleges and universities, each committed to academic excellence and to the integration of the Christian faith with learning and living. All Council study programs are open to Olivet students who qualify. Each of the programs are administered by appropriate departments of the University, and coordinated through the Council offices in Washington, D.C.

Council semester programs are designed for juniors and seniors who demonstrate competence in the classroom and Christian commitment in lifestyle. Plans for these semesters off campus should be begun during the freshman and sophomore years. Students register for these programs through the normal registration process, and credit is assigned by the Registrar according to the specific material covered in each program.

Programs available to Olivet students include the American Studies Program, the Latin American Studies Program, the Russian Studies Program, the Middle East Studies Program, the Los Angeles Film Study Center, the Oxford Summer Program, the Oxford Honors Program, the China Studies Program, the Summer Institute of Journalism, and the International Business Institute. Additional information is provided in the Catalog in the sections describing the Department of English, the Department of Communication, the Department of Business, and the Department of History and Political Science.

General Studies (GNST)

The following courses are offered without reference to any department:

GNST 100 — Introduction to College Studies. 1 hour. A credit course required for freshmen designed to facilitate successful adjustment to college. The summer orientation program and weekly discussion sessions in the fall with one's academic advisers make up the two major parts of this course. Required of all freshmen. Pass/Fail grading.

GNST 101 — Essentials of Learning. 3 hours. A course of basic instructional guidance designed for students who do not meet regular admissions criteria. Students in this course form a support group while acquiring study skills and traits of good students like self-motivation and time management. Academic counseling is provided to assist the student in progressing toward success in college.

GNST 105 — Learning Success Strategies. 3 hours. This course is an in-depth exposure to the principles of learning how to learn by using an interdisciplinary approach to the development of academic skills. Topics include learning theory, learning styles, organizational skills, motivation, accountability, and applied learning behaviors for learning across the curriculum. Students will evaluate their own academic performance and develop a personal academic success plan for improving their academic standing.

GNST 300 — Academic Advising Assistantship. 1 hour. A credit course for upper-division students selected to assist as an adviser in the freshman advising program. Responsibilities consist of participation in an in-service workshop, one summer freshman orientation, and assistance in weekly freshman advising sessions. Pass/Fail grading.

Military Science (MSCI)

The purpose of the Army Reserve Officers Training Corps program is to commission the future officer leadership of the United States Army and to motivate young people to be better citizens. Cadets simultaneously earn their baccalaureate degree and a commission as a second lieutenant in the United States Army, Army Reserve, or Army National Guard.

The Rolling Thunder Battalion is a cooperative effort to which the Army, Olivet Nazarene University, and Wheaton College have mutually agreed as a means of providing junior officer leadership in the interest of national security. The Rolling Thunder Battalion cadre provide leadership training and practical experience designed to develop the traits essential to achieving a high degree of success in military as well as civilian pursuits.

The military science curriculum consists of two two-year courses. First, the Basic Course consists of eight semester hours taken during freshman and sophomore years. Students who are unable to complete the on-campus Basic Course may attend the Army’s Leader Training Course, an intensive 28-day summer camp (in lieu thereof) between their sophomore and junior years. The professor of military science may also waive all or part of the Basic Course requirement based on prior military experience or Junior ROTC experience.
the Advanced Summer Camp, and accept a commission to complete the course of instruction, attend the United States government in which he or she agrees to complete the course of instruction, attend the advanced summer camp, and accept a commission in the reserve or active components of the U.S. Army for a period as specified by the Secretary of the Army. The Advanced Course requires four complete semester courses, plus attendance at the National Advanced Leadership Course, a 32-day advanced training camp at Fort Lewis, Washington, during the summer following the junior year. Students must also satisfactorily complete an approved military history course. Students must be U.S. citizens to contract into the Advanced Course.

Army ROTC offers two-, three-, and four-year scholarships that pay tuition and fees up to $17,000 a year. Students can apply at any time from their senior year in high school to the second semester of their sophomore year in college. All scholarship students also earn $250–$400 monthly stipend while in school, and an annual allowance of $600 for books and miscellaneous fees. In addition, qualified non-scholarship cadets are eligible for a tuition reduction if participating in ROTC.

Courses

MSCI 022 — Military Science Leadership Lab. 0 hours. Practical application of military skills taught in MSCI basic and advanced courses. Hands-on training in basic soldier skills, squad and platoon tactics, weapons, communications, and organizational leadership. Corequisite for MSCI 121/122, 221/222, 331/332, 441/442.

MSCI 121 — Introduction to Leadership. 2 hours. This course is an introduction to fundamental components of service as an officer in the U.S. Army. These initial lessons form the building blocks of progressive lessons in values, fitness, leadership, and officership. This course also addresses "life skills" including fitness, communications theory and practice (written and oral), interpersonal relationships, and the ethics of Christian service. Emphasis on hands-on learning also includes blocks of instruction on map-reading, orienteering, marksmanship, and rappelling, as well as weekly leadership laboratories, one weekend field trip, and physical training. Upon completion of this semester, the cadets should be prepared to receive more complex leadership instruction. Corequisite: MSCI 022.

MSCI 122 — Leadership and Decision Making. 2 hours. Builds upon the fundamentals introduced in the previous semester by focusing on leadership theory and decision-making. Life skills lessons in this semester include problem-solving, critical thinking, leadership theory, followership, group interaction, goal-setting, and feedback mechanisms. Upon completion of this semester, cadets should be prepared to advance to more complex leadership instruction concerning the dynamics of organizations. Additionally, they will be increasingly required to demonstrate knowledge of leadership fundamentals and communications (written and oral). Again, hands-on learning also includes blocks of instruction on map-reading, orienteering, marksmanship, and rappelling, as well as weekly leadership laboratories, one weekend field trip, and physical training. Corequisite: MSCI 022.

MSCI 221 — Leadership and Problem-Solving. 2 hours. This course builds on the fundamentals introduced in the first-year curriculum. Using practical exercise, cadets must increasingly apply communications and leadership skills to solve increasingly complex problems. The course concludes with a major leadership and problem-solving case study that draws on virtually all of the classroom instruction received in the first three semesters of the Basic Course. The course also includes one weekend field trip, weekly leadership laboratories, and physical training. Upon completion of this semester, cadets should be well grounded in the fundamental principals of leadership, and be prepared to intensify the practical application of their studies during the Advanced Course. Corequisite: MSCI 022.

MSCI 222 — Small Unit Leadership and Tactics. 2 hours. Basic Course capstone course focuses principally on officership, providing an extensive examination of the unique purpose, roles, and obligations of commissioned officers. It includes a detailed look at the origin of our institutional values and their practical application in decision-making and leadership. Introduces fundamentals and principles of small unit tactics. Upon completion of this semester, cadets should possess a fundamental understanding of both leadership and officership, demonstrate the ability to apply this understanding in real-world situations, and be excited about the aspect of shouldering the responsibility of a commissioned officer in the U.S. Army. Includes one weekend field trip, weekly leadership laboratories, and physical training. Corequisite: MSCI 022.

MSCI 225 — Leader's Training Course. 4 hours. An alternative to the Basic Course above, this course offers a possibility for students who have not considered ROTC until late in their sophomore year an opportunity for a scholarship and entry into the Advanced Course. The sole purpose for attending is to qualify for the Advanced Course. Students contract prior to attending, and, therefore, must be American citizens to attend. This is a 28-day summer training course conducted at Fort Knox, Kentucky, designed to teach

84
the fundamentals of soldiering and leadership and to enhance personal confidence using practical, hands-on exercises, including land navigation, rifle marksmanship, first aid, individual and unit tactics, obstacle courses, and rappelling. Military pay approximately $750.

MSCI 331 — Tactical Leadership Development I. 4 hours. Focus of instruction is on leadership competencies using small unit operations as the primary mode of instruction. Cadets assume leadership positions within the Rolling Thunder Battalion, and actually apply the theory they have learned in the Basic Course by planning and executing small unit training. The semester begins with instruction in the Leadership Development Process (LDP) used throughout the academic year and at the National Advanced Leadership Camp (NALC) to assess and develop leadership. Cadets will focus on troop-leading procedures, motivational theory, small unit training, operations orders, and risk assessment. Course includes weekly leadership lab, one weekend field trip, and physical training. Prerequisite: Basic Course credit; corequisite: MSCI 022.

MSCI 332 — Tactical Leadership Development II. 4 hours. A continuation of MSCI 331 emphasizing doctrinal leadership and tactical operations at the small unit level. It includes opportunities to plan and conduct individual and collective skill training for offensive operations to gain leadership and tactical experience. This critical semester synthesizes the various components of training, leadership, and team-building taught over the last three years, and prepares cadets for their summer experience at NALC. Course includes weekly leadership lab, one weekend field trip, and physical training. Prerequisite: MSCI 331; corequisite: MSCI 022.

MSCI 335 — National Advanced Leadership Camp. 4 hours. Approximately 3,500 cadets nationwide will attend NALC at Fort Lewis, Washington, each year. An Advanced Course requirement, NALC provides an opportunity to live and work with other cadets from around the country for 32 days. NALC is a performance-based environment in which cadets can exercise their leadership skills in a variety of field and garrison activities, and cadre can assess leadership potential. Military pay approximately $1,100. Prerequisite: MSCI 332. (Optional four hours credit).

MSCI 336 — Nurse Summer Training Program. 2 hours. Advanced three-week practicum for leadership development in nursing. Nurses will train at one of several Army hospitals throughout the United States and Europe. Approximately $700 in military pay, with transportation, room, and board provided. Optional for Army ROTC Advanced Course Nursing students. May qualify as NURS 480-489 with joint approval by the chair, Division of Nursing and the Army ROTC Nursing coordinator. Prerequisites: MSCI 331 and 332.

MSCI 441 — Junior Officer Leadership I. 4 hours. Focusing on leadership, management, and ethics, MSCI 441 begins the final transition from cadet to lieutenant. The course focuses cadets, early in the year, on attaining apprentice-level knowledge and proficiency in several critical areas they will need to operate effectively as Army officers, including coordinating activities with staffs, counseling theory and practice within the “Army Context,” training management, and ethics. Cadets will continue to sharpen these skills as
they perform their roles as cadet officers in the Rolling Thunder Battalion and after commissioning. At the end of this semester cadets should possess the fundamental skills, attributes, and abilities to operate as competent leaders in the cadet battalion and confidently communicate to subordinate cadets their preparedness to shoulder the responsibilities entrusted to them. Course includes weekly leadership lab, one weekend field trip, and physical training. Prerequisite: MSCI 332; corequisite: MSCI 022.

**MSCI 442 — Junior Officer Leadership II. 4 hours.** A continuation of MSCI 441, MSCI 442 completes the transition from cadet to lieutenant. As a follow-on to the ethics instruction in MSCI 441, the course starts with a foundation in the legal aspects of decision-making and leadership. The next modules reinforce previous instruction on the organization of the Army, introduce how to organize for operations from the tactical to strategic level, and introduce administrative and logistical management issues that focus on the fundamentals of soldier and unit-level support. The final module that introduces new information focuses on the often confusing process of changing duty stations and reporting to a new unit. Upon completion of this semester the cadets will be prepared to shoulder the responsibility of being a commissioned officer in the U.S. Army. Course includes weekly leadership lab, one weekend field trip, and physical training. Prerequisite: MSCI 441; corequisite: MSCI 022.

**MSCI 443 — American Military History. 2 hours.** Introduces cadets to American military history using principles of warfare, threads of continuity, battle analysis, and oral biographies. This course is required for commissioning. In lieu of MSCI 443, students may take HIST 368 American Civil War with special permission and augmentation by the professor of military science. Prerequisite: Contracted cadet in sophomore, junior, or senior standing.
The major aim of the Division of Education is the preparation of students for effective teaching in preschool, and elementary and secondary schools. The Division includes the faculty of the departments of Education, Exercise and Sports Science, and the Library. The Division of Education is a service division for teacher education and is responsible for the coordination of all teacher education programs at the University.

Teacher education at Olivet Nazarene University makes use of the total educational resources of the University, is the concern of the entire faculty, and is under the direction of the faculty. Accordingly, teacher education is coordinated through designated officers, the Teacher Education Executive Committee, teacher education faculty and other policy-making bodies of the University. The Teacher Education Unit at Olivet Nazarene University prepares candidates to enter or to continue in the richly diverse teaching profession through offering well-conceived and sound academic programs in a distinctive Christian environment. Preschool-12 preservice certification programs integrate a solid liberal arts core with specialized theoretical/pedagogical/clinical offerings, while graduate degree programs focus on inservice teachers' professional growth and development. All Unit programming is designed to produce graduates who become "Professionals Influencing Lives."
Because of the continual effort to coordinate the activities of the Division of Education and the academic departments that offer teacher education programs, the prospective teacher is encouraged to confer with advisers from both the Division of Education and the department of the chosen major field.

Department of Education — EDUC

Faculty

Karen Lea (1999)
Associate Professor of Education; Chair, Division of Education; Chair, Department of Education; Director of Teacher Education
B.A., 1984, Northwest Nazarene University
M.A.E., 1990, United States International University
Ph.D., 1999, Walden University

Sara Spruce (1979)
Professor of Education
B.S., 1967, Eastern Nazarene College
M.A., 1969, Ball State University
C.A.S., 1976, University of Illinois
Ed.D., 1979, University of Illinois

Fran Reed (1989)
Professor of Education; Associate Dean of Instruction
B.S., 1973, Olivet Nazarene University
M.A., 1982, Governors State University
Ph.D., 1995, University of Illinois

Thomas Knowles (1996)
Professor of Education
B.A., 1974, Cedarville College
M.A., 1976, Ball State University
Ed.S., 1985, Nova Southeastern University
Ed.D., 1992, University of Sarasota

Carol Maxson (1997)
Associate Professor of Education; Associate Dean for Graduate and Adult Studies
B.A., 1988 Olivet Nazarene University
M.A.E., 1990, Olivet Nazarene University
Ed.D., 2000, Nova Southeastern University

H. Stanton Tuttle (1997)
Professor of Education; Director of Graduate Programs in Education
B.S.Ed., 1973, Northern Illinois University
M.Ed., 1980, University of Texas
M.M.A.S., 1986, U.S. Army Command and General Staff College
Ph.D., 1997, University of Texas

Carolyn C. Walker (2001)
Associate Professor of Education
B.A., 1955, Wheaton College
M.A.E., 1989, Olivet Nazarene University
M.A.E., 1991, Olivet Nazarene University
Ph.D., 2001, Walden University

Darcel Brady (2002)
Associate Professor of Education
B.A., 1975, Elmhurst College
M.P.A., 1992, Governors State University
Ph.D., 1999, University of Illinois

Objectives of Teacher Education

Students admitted to, and retained in, the teacher education program are expected to demonstrate suitable growth in the habits, attitudes, skills, and personal qualities specified in the institutional objectives. They constitute the general objectives of teacher education.

Within the framework of the general objectives of the University, the faculty has formulated specific objectives of teacher education. These objectives specify qualities considered essential for teachers. The faculty expects that the teacher education graduate will be a person who:

1. evidences competency in the areas(s) of specialization in which he or she expects to teach:
2. demonstrates a knowledge of the school as a social institution and teaching as a profession
and is able to interpret the school and its function to the public;
3. exemplifies a professional attitude that ensures quality service and continued growth in the profession;
4. demonstrates a knowledge of human development, behavior, adjustment, learning process, and individual differences;
5. demonstrates a knowledge of instructional materials, methods, techniques, and evaluation procedures; is skilled in their use, and applies principles of development, learning, and individual differences;
6. attests to the opportunities for Christian service in the teaching profession;
7. organizes, presents, assesses, and reflects on learning experiences effectively;
8. manifests an awareness of the teacher's relationships to students, colleagues, and the public and reflects on and integrates the knowledge and skills implied by these relationships;
9. integrates in a personally effective way the qualities of stability, patience, sympathy, and creative imagination;
10. accepts all children as individuals worthy of respect and has faith in their improvement through the medium of organized educational experiences;
11. reflects on practice and generates educational decisions that are consistent with a growing personal philosophy of education;
12. makes use of basic knowledge of himself/herself and of the profession in determining his or her anticipated role in the profession of education;
13. formulates accurate appraisals of the requirements of teaching positions and of his or her qualifications relative to them;
14. accepts professional employment and maintains professional relationships in harmony with recognized ethical principles.

General Education for Teachers
The general education requirements for teachers are the same as those of other students in the University except that certain choices within the program must be made and the hours slightly increased to include the following:

b. Elementary and early childhood education majors are required to take the following courses to satisfy the general education natural sciences requirement: BIOL 101 or BIOL 125, PHYS 110, GEOL 140, and NSCI 310.

c. MATH 111 — Mathematics for Elementary Teachers I (grade of C- or above) and MATH 112 — Mathematics for Elementary Teachers II (grade C- or above) for early childhood and elementary; three hours of mathematics (grade C- or above) for secondary. Math courses numbered 131 or above may be substituted for MATH 111 and/or MATH 112 for early childhood and elementary education majors.

d. Psychology 102, 103, 211, or 214 (for elementary teachers); 102, 103, 212 or 214 (for secondary teachers); FACS 262 (for early childhood teachers).

e. A three-hour course in American history is required for all teacher education programs. PSCI 223, American Government, is required for all teacher education programs except the early childhood education major.

f. One three-hour course in domestic multicultural understanding selected from SOCY 280, LIT 315, or COMM 349 is required for students seeking a B.S. degree.

g. Grades of C- or better in each of the required Freshman composition courses.

Students preparing to teach in elementary school and those preparing to teach high school in the subject matter fields of art, biology, family/consumer sciences, mathematics, music, physical education, and physical science may elect to receive a Bachelor of Science degree rather than a Bachelor of Arts degree. If they do this, they may select courses in international culture in the general education program rather than courses in foreign language. Students planning to teach in high school other than in the subjects specified above will normally complete requirements for the Bachelor of Arts degree.

Elementary School Program
Professional Education Courses
The professional education courses required for prospective elementary teachers follow. A grade of C- or above is required in the professional education courses for student teaching and graduation.

Elementary Education Major: 41 hours.
B.A. or B.S.

Required:

EDUC 150 — Historical and Philosophical Foundations
249 — Educational and Developmental Psychology
269 — Children's Literature
295 — Instructional Technology I
300 — Applied Arts for Teachers
340 — Elementary/Middle School Language Arts and Social Studies.
342 — Elementary/Middle School Reading
350 — Elementary/Middle School Mathematics and Science
367 — Physical Education Methods
376 — Teaching Diverse Populations
456 — Management/Professional Practices
484 — Student Teaching in the Elementary School

Required Supporting Courses:
Additional electives (at least six upper-division hours) from a maximum of two departments or additional hours to complete one or more middle-school endorsements.

Secondary School Program

Professional Education Courses. 29 hours, including these required professional education courses for prospective secondary teachers. A grade of C- or above is required in the professional education courses for student teaching and graduation.

EDUC 150 — Historical and Philosophical Foundations of Education
249 — Educational and Developmental Psychology
295 — Instructional Technology I
315 — Methods for Middle and Secondary School
376 — Teaching Diverse Populations
(physical education majors will take PHED 370 Adaptive Physical Education in place of EDUC 376.)
456 — Management/Professional Practices
486 — Supervised Student Teaching in the Secondary School

Subject Matter Specialization
In addition to the professional education courses, students planning to teach in secondary schools must be prepared for certification in one of the following teaching fields:

<table>
<thead>
<tr>
<th>Major</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Art</td>
<td>36</td>
</tr>
<tr>
<td>English</td>
<td>45</td>
</tr>
<tr>
<td>Family and Consumer Sciences</td>
<td>41</td>
</tr>
<tr>
<td>Mathematics</td>
<td>36</td>
</tr>
<tr>
<td>Physical Education/ Health</td>
<td>57</td>
</tr>
<tr>
<td>Science</td>
<td>54-64</td>
</tr>
</tbody>
</table>

Social Sciences 59
Spanish 35

See departmental listing for specific requirements.

It is strongly recommended that secondary education majors complete a teaching minor in another area and/or meet requirements for endorsements to teach other areas in addition to their major field of study.

Middle-School Endorsements
Students majoring in elementary or secondary education may choose to obtain middle school endorsements. These endorsements can generally be obtained by completing 18 semester credits in any of the various approved subject areas, successful completion of required methods courses, and by taking EDUC 214 Early Adolescent Development. See the Teacher Education Handbook, or consult with the Director of Teacher Education for more information concerning middle school endorsements.

Music Teaching Program K-12: B.A. or B.S.

Professional Education: The required professional education courses for music education follow. A grade of C- or above is required in professional education courses for student teaching and graduation. 30 hours:

EDUC 150 — Historical and Philosophical Foundations of Education
249 — Educational and Developmental Psychology
295 — Instructional Technology I
374 — Instrumental Methods
or 379 — Choral Methods
376 — Teaching Diverse Populations
456 — Management/Professional Practices
460 — General Music Methods
485 — Supervised Student Teaching

Subject Matter Specialization
See Department of Music.

Early Childhood Education Teaching Major: 43 hours. B.A. or B.S.

Required: A grade of C- or above is required in the following professional education courses for student teaching and graduation.

EDUC 150 — Historical and Philosophical Foundations
210 — Instructional Methods of Early Childhood Education
249 — Educational/Developmental Psychology
269 — Children's Literature
295 — Instructional Technology I
300 — Applied Arts for Teachers
320 — Early Childhood LA/SS
330 — Early Childhood Math/Science
349 — Language Development
359 — Teaching Reading to Young Children
367 — Elementary PE Methods
376 — Teaching Diverse Populations
456 — Management/Professional Practices
482 — Student Teaching for Early Childhood Education

Required Supporting Courses:

FACS 120 — Nutrition in Health/Fitness
131 — Foods I
241 — First Aid/Emergency Care
252 — Consumer Economics
262 — Child Development
264 — Child, Family, Community Relations
334 — Food Safety/Sanitation
360 — Parenting
362 — Marriage and Family

Master's degree programs in education are offered through Olivet’s School of Graduate and Adult Studies. These programs are designed for persons seeking initial certification as elementary or secondary teachers as well as for certified teachers seeking advanced study. These programs are described in the Bulletin of Graduate and Adult Studies.

Admission to Teacher Education

Admission to the University neither implies nor guarantees acceptance into the teacher education program. Preparation for teaching is a privilege and not a personal right. The University may discourage any individual from attempting to complete preparation for a career in education if, in the opinion of the teacher education faculty, he or she fails to meet acceptable professional and personal standards.

Students desiring an undergraduate major in education must first be received into the teacher education program of the University by action of the Teacher Education Executive Committee, must declare that intention by the beginning of the junior year, and must have, and continue to maintain, a 2.5 grade point average in all college work, and a 2.75 grade point average in the major.

A grade of C- or above is required in professional education courses for admission to the teacher education program, for student teaching, and graduation for all teacher education majors.

Teacher certification candidates are advised that teacher licensure in the state of Illinois is currently undergoing many changes. The program listed in the Catalog may need revision as a student proceeds through his or her undergraduate career. The student should maintain close contact with his or her adviser in the Department of Education to ensure eligibility for licensure upon graduation.

Admission to the teacher education program of the University is necessary for admission to special methods courses in education and to student teaching. Normally the student will apply for such admission during the sophomore year. Otherwise, progress through the professional education courses may be delayed. Application forms may be secured at the education office. Applications for the teacher education program will be screened by the Director of Teacher Education, acted upon by the Teacher Education Executive Committee, and reported to the teacher education faculty. Factors that are weighed in considering applications are personality, emotional stability, character, scholarship, competence in communication, physical health, and professional interest. The following requirements must be met for admission:

1. Completion of 30 hours of coursework with at least a 2.5 grade point average.
2. Clearance by the Office of Student Development.
3. Grades of C- or above in each of the required freshman English composition courses.
4. Grade of C- or above in MATH 111 (elementary) or MATH 102 (secondary).
5. Grades of C- or better in all professional education courses.
6. Satisfactory recommendations from two out of three faculty members, and a good character reference.
7. Demonstrate predetermined competency level on the state basic skills tests.
8. Early childhood education majors must also complete PSYC 211 Child Developmental Psychology prior to application for the teacher education program.
9. Successfully pass Level I portfolio/interview.
10. Successfully pass a background check.

In submitting references, students should be sure to include the names of faculty advisers. The evidence of professional interest may be considered questionable for students who have not
availed themselves of opportunities for work with youth groups, in church school teaching, or of other opportunities for assisting children and youth to grow.

The required state basic skills test is given six times per year. A student who does not score at or above the state competency level will be permitted to retake the test. For such cases, remediation is available, and is outlined in the Teacher Education Handbook. A student who fails to demonstrate competency at the time of the retake of the state basic skills test will be asked to once again complete a program for remediation. If the student does not score at or above the established competency level on the second retake of the test, he or she will not be admitted into the teacher education program.

Pre-Student Teaching Field Experiences

Pre-student teaching field experiences, including the use of films (vicarious experiences) and school observation and participation, are required in some of the education courses taken prior to student teaching. The minimum number of pre-student teaching hours for secondary education and music education majors exceeds 100 clock hours. Secondary education students meet this requirement through EDUC 249, 315, 376, and 456. Music education students do so in EDUC 249, 376, 456, MUED 460, and either EDUC 374 or 379.

Elementary education majors must complete a minimum of 140 pre-student teaching clock hours. Elementary education majors complete field experiences in EDUC 249, 340, 342, 350, 367, 376, and 456.

Early childhood education majors must complete a minimum of 140 pre-student teaching hours in EDUC 210, 320, 330, 359, 367, 376, and 456.

Students are to keep records of pre-student teaching clinical experiences, together with signatures of supervising personnel, on forms provided for this purpose by the Department of Education. These records are kept in the student's folder in the Department of Education office, and are considered in connection with admission to the teacher education program and in placement for student teaching.

Students enrolled in any education course that includes a field experience must complete the field experience requirements of the course before credit can be given. If an equivalent course has been completed at another educational institution and the student wishes to transfer the field experience hours, the student must request the credit-granting institution to send documented evidence of the field experience hours to Olivet. No credit will be given for field experience hours that are not equivalent (i.e., hours, assignments) to those outlined in the course syllabi or Teacher Education Handbook. This documentation will be kept in the student's file in the Department of Education office.

An unsatisfactory pre-student teaching experience evaluation will result in an incomplete for the course until the field experience is successfully completed.

Admission to Student Teaching

Students should submit applications for student teaching by December 1 of the semester prior to the school year in which they expect to do student teaching.

Prerequisites to student teaching involve previous admission to the teacher education program of the University, and the completion of all methods courses required in the major. In addition each candidate for student teaching must be approved by the Teacher Education Executive Committee before he or she can be registered and assigned. The approval of the candidate's major department, successfully passing the Level II portfolio/interview, an overall grade point average of 2.5 or better, a grade point average of 2.75 or better in the major field for secondary students and music education majors, or a grade point average of 2.75 or better in the professional education courses for elementary and early childhood majors, are required.

Transfer of student teaching credit earned at another college must have prior approval of the department chair, the Director of Teacher Education, and the Registrar.

Student Teaching, Employment, and Coursework

As a general practice, the University discourages students from employment on or off campus during student teaching. Students are also discouraged from taking any classes with the exception of EDUC 456 while student teaching. Supervising teachers in the schools view student teaching as an internship that should demand the total involvement of the beginning teacher. Thus the student teacher should be free from other responsibilities that might detract or drain energy from teaching. Students who, for any reason, wish to work or take other coursework during the student teaching experience must petition the Teacher Education Executive Committee for permission to do so.
Student Teaching and the Professional Semester

The requirement of credit hours in student teaching is 12. The semester that involves mostly student teaching and corresponding professional courses is known as the "Senior Professional Semester." Students and advisers must plan ahead and reserve designated professional courses and other courses arranged to facilitate student teaching for that semester.

All students registered for student teaching must take EDUC 456 concurrently with student teaching. All transfer students and "guest" student teachers must complete 12 hours of student teaching and two hours of EDUC 456 regardless of the student's transcript evaluation requirements or minimum requirements of his or her teacher education institution. All students completing student teaching through Olivet must meet the standards of the University's teacher education program entrance and student teaching admission requirements.

"Guest" students must first contact, interview with, and have the permission of the department and division before the Director of Teacher Education and Teacher Education Executive Committee will consider the request for student teaching placement. All "guest" students must meet the December 1 deadline for application for student teaching.

Student Teaching Placement

When a student teaching placement is canceled by the student so late that the supervising teacher cannot take another student teacher for the given school year, the student's account will be charged for the payment of the honorarium to the supervising teacher.

If a request for placement in another setting is initiated by the student teacher, a full honorarium will be paid the supervising teacher according to how close the change is made to the student teaching period. If such change is initiated by a conference of the teacher, principal, University supervisor and/or the student, no additional fees will be charged unless the student teaching period is extended.

A student teacher from Olivet is placed at a site in the Kankakee County area where a contractual agreement has been made with the local school district for such a placement. While the student has the opportunity to express his or her preference for a site, the final decision for placement will be made by the Director of Teacher Education.

Securing a Teaching Credential

Each public school teacher is required by law to hold a valid certificate issued by the state in which he or she teaches.

To obtain Illinois certification by entitlement, an Olivet graduate must have completed one of Olivet's state-approved teacher education programs, all of which meet the minimum Illinois requirements. In addition, applicants must pass the Illinois certification tests in basic skills and subject matter knowledge. Upon completion of the academic program, the student should obtain and complete the appropriate certification forms in the Office of the Registrar. After the application form is signed by the certification officer indicating that graduation requirements have been satisfied, the applicant must submit the certification forms and appropriate fees to the Superintendent of Schools in the Illinois region in which the applicant resides or plans to teach. Anyone who has been convicted of a felony for a sex and/or narcotics crime may not be certified for teaching in Illinois.

Applications and information about certification in other states are available in the Office of the Registrar, the library, and the teacher education office. For a specific state's certification requirements and procedures, see the Registrar or Director of Teacher Education. These applications are usually completed during the final semester of the student's senior year. Information regarding endorsement areas is available in the Office of the Registrar and in the Department of Education office. Students may also refer to the Teacher Education Handbook for a list of endorsement areas and options they may wish to consider.

Placement of Teacher Candidates

The University maintains a Career Planning and Placement office to assist graduates in securing positions in which they are interested and for which they are qualified. Teacher candidates register with the office for placement service in the senior year as directed by the office.

The Placement Office receives and files notices of teaching position vacancies and makes this information available to students, at the student's request supplies copies of his or her credential folder to prospective employers, arranges interviews on campus between students and school officials, counsels candidates with respect to teaching opportunities in areas for which the office has no current listings, and maintains the student's credential file after he or she graduates. The placement service of the University is free to the graduat-
ing senior and registered alumni. The student should register with this office at the indicated time even though he or she may have secured a position for teaching prior to registering.

The Curriculum Center Library

The Curriculum Center Library is located on the lower level of Benner Library. This collection includes school textbooks, the juvenile collection, teaching aids, pamphlets, resource units, and other instructional materials selected as resources for students planning to become teachers. These materials are available for examination and use by students and faculty. The Curriculum Center Library is supervised by the Special Collections Librarian.

The Teacher Education Office

While teacher education is a function of the total university, represented by the teacher education faculty, the various administrative details connected with the program are coordinated through the Department of Education office. Here, students may pick up various forms to be filled out and return them for filing; various reference forms and rating scales are sent out from and returned to this office; and, in general, it serves as a center for teacher education activities.

Title II Certification Pass Rate Data

ONU's Teacher Education Unit seeks to prepare candidates who will be "Professionals Influencing Lives": through a strong knowledge foundation; proficiency in curriculum, instruction, and evaluation; a high level of professionalism; and a Christ-centered character. The Unit seeks to prepare candidates who view teaching as a noble profession, a lifelong pursuit, and a continual search for excellence.

The U.S. Congress has asked the U.S. Department of Education to require all colleges and universities with teacher education programs to release certification test pass rates of program completers. In 1999-2000, every elementary education and early childhood Olivet teacher education student who took an academic content area Illinois certification test passed, surpassing the state average in those particular academic areas. Overall, 96 percent of Olivet teacher education students passed the academic content and basic skills tests for state of Illinois certification, compared to 97 percent statewide. Complete Title II information may be obtained through Olivet's Director of Teacher Education.

Typical Program of Courses for a Student Majoring in Elementary Education

Freshman Year

Freshman Composition
Introduction to Fine Arts
American Civilization
Bible I
Early Adolescent Development
Introduction to Biology
Physical Education
Mathematics for Elementary Teachers
Historical and Philosophical Foundations of Education

Sophomore Year

Fundamentals of Public Speaking
Introduction to Literature
American Government
Physical Science for Elementary Teachers
Education and Developmental Psychology
Instructional Technology I

Education Courses

EDUC 150 — Historical and Philosophical Foundations of Education. 3 hours. An introduction to the organization, development, and critical issues of American education. This course studies American education in light of historical, philosophical, and theoretical models from past centuries and how each has impacted today's educational thought. Through analysis of research findings and current trends in education, students will study education as a profession, and professional conduct. As a part of the course, students will become familiar with the teacher education program at Olivet through the Teacher Education Handbook and the portfolio process.

EDUC 210 — Instructional Methods of Early Childhood Education. 3 hours. Participants in this course are presented an overview of the educational/developmental needs of young children. Types of instructional methods examined include activity/learning centers, individualization, educational play, media, and pre-reading experiences. The focus is on extending the young child's understanding of art, music, literature, mathematics, natural science, and social science. A further emphasis is placed on organization of balanced daily programs, planning, the use of materials of instruction, pupil evaluation, parent communication, classroom environment, and needs of special children.
Includes a practicum experience in a local preschool or daycare center. Prerequisite: PSYC 211.

EDUC 211 — Child Growth and Development. 3 hours. (Same as PSYC 211.)

EDUC 212 — Adolescent and Adult Developmental Psychology. 3 hours. (Same as PSYC 212.)

EDUC 214 — Early Adolescent Development. 3 hours. The course is designed to provide an understanding of the mental, physical, emotional, and social characteristics of the early adolescent student. Students will also gain an understanding of the middle school concept, including purpose, curriculum, and special programs. For education majors only. To qualify for middle school endorsements, a grade of C- or better is required.

EDUC 220 — Early Childhood Field Practicum. 3 hours. The student will participate in a preschool or day-care center for a total of 120 clock hours. This experience permits the student to utilize skills and techniques which have been learned in the specialized methods courses. Prerequisites: PSYC 211, EDUC 150 and 210.

EDUC 241 — Statistics. 4 hours. Same as MATH 241.

EDUC 249 — Educational and Developmental Psychology. 3 hours. This course introduces students to educational psychology and child development. It is an interactive course where students learn and practice skills related to both the cognitive and affective domains of education. Students participate in a series of activities throughout the semester designed to stimulate their thinking and encourage the application of appropriate classroom knowledge to their field experiences. Includes a field experience. Prerequisites: EDUC 150 and 210, or PSYC 102, 103, 211, or EDUC 214 for elementary teachers, or PSYC 102, 103, 212, or EDUC 214 for secondary teachers, or permission of the Director of Teacher Education.

EDUC 249 — Children’s Literature. 3 hours. A survey and critical analysis of children’s literature to aid in the selecting of reading material for children from the preschool age through the elementary and middle school grade levels. Prerequisite: Admission to the teacher education program or permission of the Director of Teacher Education.

EDUC 250 — Instructional Technology I. 1 hour. An introduction to the theory and principles of the use and integration of technologies in classroom instruction. Through classroom lecture/demonstration and student projects, each student will demonstrate an understanding of the operation and integration of computer technology in the teaching and learning process. Prerequisite: C- or better in EDUC 150 or permission of the Director of Teacher Education.

EDUC 300 — Applied Arts for Teachers. 2 hours. A course for general elementary and early childhood education majors. The teacher candidate will gain an understanding of the educational, communicative, and aesthetic value of drama, music, and visual art and the role fine arts plays in the elementary and early childhood classroom. Prerequisite: Admission to teacher education or permission of Director of Teacher Education.

EDUC 315 — Middle/Secondary School Methods. 5 hours. Designed to introduce and refine an education major’s skills in the areas of motivation, behavior management, course, unit-, and lesson-planning. Characteristics and issues associated with teaching in the middle schools, junior high schools, and high schools will be addressed throughout the course. The course will include general methods of instruction and assessment and instructional strategies particular to the candidate’s particular teaching field. Includes a field experience. Prerequisite: Admission to teacher education and permission from the secondary coordinator.

EDUC 320 — Teaching Early Childhood Language Arts and Social Studies. 2 hours. Participants in this course are presented a variety of techniques and methodologies for teaching language arts and social studies at the primary level. A study of the methods of teaching the language arts from a whole language philosophy interrelated with social studies will be developed. A thematic approach will enhance understanding of integrating listening, speaking, and reading and writing skills with the basic social heritage concepts of multiculturalism, values, citizenship, self-worth, geography, history, and biographical appreciation. Includes a practicum experience in a primary classroom. Prerequisite: Admission to teacher education or permission of the Director of Teacher Education.

EDUC 330 — Teaching Early Childhood Math and Science. 2 hours. Participants of this course are presented a variety of teaching techniques and methodologies. The focus of this course is specifically on teaching methodologies and instructional techniques in the subjects of math and science. This course includes a practicum experience in a primary classroom. Prerequisite: Admission to teacher education or permission of the Director of Teacher Education.

EDUC 340 — Curriculum and Instruction for Elementary and Middle School Language Arts and Social Studies. 3 hours. A study of the methods of teaching the language arts from a balanced literacy approach interrelated with the social studies. A thematic unit approach will enhance understanding of integrating listening, speaking, and reading and writing skills with the basic social heritage concepts of multiculturalism (cultural diversity), values, citizenship, self-worth, and geographical/historical/biographical appreciation. Includes a field experience. Prerequisite: Admission to teacher education or permission of the Director of Teacher Education.

EDUC 342 — Curriculum and Instruction for Elementary and Middle School Reading. 4 hours. This course is designed to provide understanding of the theoretical background as well as the processes and
methodologies of reading instruction from kindergarten through middle school. Emphases are placed on emergent literacy, word recognition, vocabulary development, comprehension, content and study skills, strategies, and assessment. Students will gain understanding of the developmental needs of various cultures and abilities of children who will be instructed in an integrated balanced literacy approach. Includes a field experience. Prerequisites: Admission to teacher education or permission of Director of Teacher Education.

EDUC 346 — Language Development. 2 hours. Because the historical development of English reflects the cultural development of its people, this course will review English instruction and the major aspects of its history. Differences in grammatical systems, morphemes, syntax, semantics, discourse, dialects, and cultural pluralism will also be examined. A major focus of the study will be to understand the various theories of language acquisition during preschool through the middle school grade levels, with emphasis on the stages of learning development and background influences. Prerequisite: Admission to teacher education or permission of Director of Teacher Education.

EDUC 350 — Curriculum and Instruction for Elementary and Middle School Math & Science. 3 hours. Participants of this course are presented a variety of teaching methodologies and instructional techniques in the subjects of math and science. This course includes a field experience. Prerequisites: Admission to teacher education or permission of the Director of Teacher Education.

EDUC 359 — Teaching Reading to Young Children. 3 hours. This course is designed specifically for prospective teachers of preschool through third-grade children. The teacher’s role in nurturing readiness will be developed as well as identification of teacher behaviors. Because early literacy experiences are learned through a healthy, balanced experiential environment in the home, one feature of the course will include parental involvement in the developmental aspects of early language and reading experiences. Other areas to be covered will include factors and stages in reading readiness, language experience approaches and materials, sight word and phonics instruction, establishing the classroom learning environment, and assessing pre-reading skills. Includes a practicum. Prerequisite: Admission to teacher education or permission of the Director of Teacher Education.

EDUC 360 — Instrumental Activities. 1 hour. Same as MUED 360.

EDUC 365 — Music Activities for the Elementary School. 1 hour. Same as MUED 366. Prerequisite: Education 360.

EDUC 367 — Methods and Materials in Physical Education for the Elementary School. 2 hours. Same as PHED 367.

EDUC 374 — Instrumental Methods. 2-3 hours. Same as MUED 374. Includes a practicum.

EDUC 376 — Teaching Diverse Populations in the Regular Classroom. 3 hours. This course is an introduction to the field of special education, the psychology and identification of exceptionality (including, but not limited to, students with learning disabilities), differences in approaches to learning and performance including different learning styles, multiple intelligences and performance modes, and methodologies for working with diverse populations in the school community. An emphasis is placed on specific strategies for adapting instruction and current practices designed to assist classroom teachers in meeting the needs of all students in the regular education setting. Includes a practicum. Prerequisite: Admission to teacher education or permission of Director of Teacher Education.

EDUC 379 — Choral Methods. 2-3 hours. Same as MUED 379. Includes a practicum.

EDUC 396 — Instructional Technology II. 1 hour. Through classroom lecture/demonstration and projects, each student will demonstrate application principles of (a) integrating current educational software and presentation software; (b) integrating spreadsheets and graphs; and (c) writing and integrating mini-webquests into the curriculum of an elementary or secondary classroom. Prerequisite: Admission to teacher education and successful completion of EDUC 295.

EDUC 400-414 — Student Interest Practicum. 1-4 hours. This is a field experience in which the elementary or secondary education student works with students in an area of interest under the supervision of a supervising teacher or director of a program. A student will spend 40 or more hours per credit hour. Prerequisites: Junior standing and EDUC 249.

These course numbers will designate particular programs of the practicum in various departments:

EDUC 400 — Open School Concept
EDUC 401 — Language and Literature
EDUC 402 — Social Sciences
EDUC 403 — Natural Sciences
EDUC 404 — Fine Arts
EDUC 405 — Outdoor Education
EDUC 406 — Pre-School
EDUC 407 — Special Education
EDUC 408 — Reading
EDUC 409 — Mathematics
EDUC 410 — Vocational Education
EDUC 411 — Physical Education
EDUC 412 — Reading Laboratory
EDUC 413 — Learning Center
EDUC 414 — Multicultural Community Relations
EDUC 415 — Pre-Student Teaching Practicum. 1-3 hours. Students will spend a minimum of 40 clock hours per semester hour working with students and
a classroom teacher in a public school classroom. Designed for education students who have not completed the state-mandated 100 pre-student teaching hours as part of required coursework, or those who may wish to take practicum hours in addition to those required. Prerequisite: Admission to teacher education.

EDUC 456 — Management & Professional Practices in Education. 2 hours. Designed to refine students' skills as effective practitioners of instructional experiences in today's schools. It emphasizes the teacher as a reflective practitioner, classroom management skills, and collaborative relationships. Taken concurrently with student teaching. Includes a field experience.

EDUC 460 — General Music Methods. 3-4 hours. Same as MUED 460. Includes a practicum.

EDUC 481 — Paraprofessional Practicum. 4 hours. Students will spend half days for eight weeks working with a teacher as a paraprofessional under supervision of a University supervisor.

EDUC 482 — Student Teaching for Early Childhood Education. 12 hours. Prerequisites: Senior standing, approval by the Teacher Education Faculty Committee, and appropriate methods courses. Includes some experience at both the preschool and primary school levels. Taken concurrently with EDUC 456.

EDUC 484 — Supervised Student Teaching in the Elementary School. 12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education. Taken concurrently with EDUC 456.

EDUC 485 — Supervised Student Teaching: All Grades. 12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education. Taken concurrently with EDUC 456.

EDUC 486 — Supervised Student Teaching in the Secondary School. 12 hours. Prerequisites: Senior standing, approval by the Committee on Teacher Education. Taken concurrently with EDUC 456.

EDUC 505 — Psychological Diagnosis of Learners with Exceptionalities. 3 hours. Examines basic assumptions, assessment procedures, techniques, and instruments in the evaluation of individuals with special needs. Includes essentials of psychoeducational testing, formal and informal instruments of assessment, and interpretation of results to enhance learning for students with exceptionalities. Prerequisite: EDUC 376.

EDUC 510 — Characteristics of Students with Learning Disabilities. 3 hours. Focuses on the characteristics of students labeled as learning disabled and includes historical perspectives, theoretical frames of reference, terminology, etiology, incidence, learning characteristics, and educational practices. Includes a practicum. Prerequisite: EDUC 376 and EDUC 505.

EDUC 515 — Methods for Teaching Students with Learning Disabilities. 3 hours. This course deals with the various methods, materials, and techniques for teaching students identified as having learning disabilities. Principles of curriculum construction, organization, resources, diagnosis, remediation practices, and working with parents will be addressed. Includes a practicum. Prerequisites: EDUC 376, EDUC 505, EDUC 510.

Department of Exercise and Sports Science — EXSS

Physical Education — PHED

Faculty

Brenda Patterson (1978)
Professor of Exercise/Sports Science; Chair, Department of Exercise and Sports Science; Assistant Director of Athletics

B.S., 1975, Trevecca Nazarene University
M.Ed., 1977, Middle Tennessee State University

Ralph Hodge (1979)
Assistant Professor of Exercise/Sports Science
B.A., 1976, Olivet Nazarene University
M.A.E., 1996, Olivet Nazarene University

Ritchie Richardson (1991)
Assistant Professor of Exercise/Sports Science
B.A., 1984, Lincoln Memorial University
M.A.T., 1992, Olivet Nazarene University

Jeffrey Schimmelpfennig (1996)
Assistant Professor of Exercise/Sports Science
B.S., 1986, Olivet Nazarene University
M.B.A., 1991, Olivet Nazarene University

Doug Porter (1998)
Assistant Professor of Exercise/Sports Science
B.A., 1977, Wheaton College
M.S., 1985, North Texas State University

Brenda P. Williams (1998)
Assistant Professor of Exercise/Sports Science
B.S., 1977, University of Alabama
M.A.E., 1979, University of Alabama-Birmingham

Elliot Johnson (1999)
Professor of Exercise/Sports Science
B.A., 1971, University of Northern Colorado
M.S., 1974, Chadron State College
D.A., 1992, Middle Tennessee State University
GARY NEWSOME (2000)
Assistant Professor of Exercise/Sports Science
B.S., 1974, Olivet Nazarene University
M.S., 1982, Chicago State University

SUE WALSH (2000)
Assistant Professor of Exercise/Sports Science; Athletic Training Program Director
M.S., 1999, University of Illinois-Chicago

BRIAN HYMA (2001)
Assistant Professor of Exercise/Sports Science; Head Athletic Trainer
B.S., 1993, Liberty University
M.A., 1999, Western Michigan University

JAMIE KRZYKOWSKI (2001)
Assistant Professor of Exercise/Sports Science; Athletic Training Clinical Coordinator
B.S., 1996, Northwest Nazarene University
M.S., 1999, United States Sports Academy

The Department of Exercise and Sports Science seeks to prepare the student to teach physical education and health in the public schools, pursue graduate studies in physical therapy or exercise physiology, seek a career as an athletic trainer, or enter sports management-related fields. The diverse curricular offerings of the department, integrated with several supporting courses from other disciplines, gives the student a solid foundation for a career in the exercise and sports science profession. Striving to enhance Christian values and character provides our majors a quality education with a Christian perspective.

Internships are designed to extend the student's learning experience by working in an organization that is appropriate for the student's career interest. Internship require the approval of the department head and students are under the direct supervision of a member of the Department of Exercise and Sports Science. Completion of all core requirements and senior standing are required for internship placement.

All Exercise and Sports Science majors and minors must obtain a grade of C- or above in all physical education and/or Exercise and Sports Science courses to meet the requirements for graduation.

Four semester hours of health and/or physical education are required of all students. All students are required to take PHED 150. Veterans may apply to the Office of the Registrar for credit covering service experience in the Armed Forces.

For more detailed information on programs and career opportunities, contact the Chair of the Exercise and Sports Science Department.

Physical Education/Health Teaching Major:
57 hours. B.A. or B.S.

Required:

PHED 120 — Nutrition in Health/Fitness
PHED 141 — Personal and Community Health
PHED 150 — Life Fitness
PHED 168 — Racquet Sports
PHED 202 — Aerobics/Swimming
PHED 210 — Teaching Rhythms and Aerobics
PHED 242 — Foundation of Health Education
PHED 246 — Human Anatomy and Physiology I
PHED 247 — Human Anatomy and Physiology II
PHED 260 — Individual Sports Skills
PHED 270 — Team Sports Skills
PHED 305 — Human Sexuality
PHED 310 — Curriculum Design in Physical Education
PHED 315 — Drug/Chemical Use and Abuse
PHED 325 — School Health Programs
PHED 352 — Assessment and Evaluation of Physical Education
PHED 360 — Physiology of Exercise
PHED 370 — Adaptive Physical Education
PHED 375 — Community Health Programs
PHED 410 — Curriculum and Evaluation in Health Education
PHED 472 — Kinesiology

Plus two additional hours selected from:

PHED 221 — Coaching Basketball
PHED 222 — Coaching Track and Field
PHED 223 — Coaching Baseball/Softball
PHED 224 — Coaching Football
PHED 227 — Teams Sports Officiating
Athletic Training Major: 61 hours. B.A. or B.S.

Required:

PHED 120 — Nutrition in Health/Fitness
141 — Personal and Community Health
150 — Life Fitness
241 — First Aid & Emergency Care
246 — Human Anatomy and Physiology I
247 — Human Anatomy and Physiology II
360 — Exercise Physiology
472 — Kinesiology
EXSS 147 — Introduction to Athletic Training
148 — Advanced Athletic Training
205 — Therapeutic Modalities
215 — Lower Extremity Joint Assessment
250 — Pharmacology for Athletic Trainers
275 — Upper Extremity Joint Assessment
280 — Athletic Training Clinical
281 — Athletic Training Clinical
320 — Sports Psychology
349 — Organization and Administration of Athletic Training
361 — Evaluation of Athletic Injuries
372 — Therapeutic Exercise and Rehabilitation
380 — Athletic Training Clinical
381 — Athletic Training Clinical
480 — Athletic Training Clinical
481 — Athletic Training Clinical
495 — Senior Seminar in Athletic Training

Required Supporting Courses:

PSYC 102 — General Psychology I
212 — Adolescent and Adult Development

Students pursuing an athletic training major will submit a formal application for admission into the athletic training education program during the spring semester of their freshman year. Prerequisites for admission into the program include the satisfactory completion of the following courses:

EXSS 147, EXSS 148, and PHED 241. A minimum of 100 observation hours under an approved certified athletic trainer, an overall grade point average of 2.5 or better, and a grade point average of 2.75 or better within the athletic training major are required of all candidates. In addition, the athletic training education program selection committee must approve the candidate for admission. Transfer students will be held to the same application requirements as students who began their college coursework at Olivet. Transferring of credits earned at another college must have prior approval of the department chair, the program director, and the Registrar. If accepted into the program, the student will have to successfully complete all the requirements of the major, which may include a summer clinical rotation. Students are required to have an annual health examination, a blood-borne pathogen training session, and a signed consent or waiver form for Hepatitis B vaccination on file in the Olivet athletic training office. Athletic training students have seven clinical rotations.

Transportation to off-campus clinical sites is the responsibility of the student. As a general practice, the University discourages students from employment on or off campus during the athletic training clinical rotations. Clinical instructors view the clinicals as an internship that demands the total involvement of the athletic training student. Thus athletic training students should be free from other responsibilities that might distract or drain energy from their clinical experience. Students who, for any reason, wish to work or participate in intercollegiate athletics must petition to the program director for permission to do so. Student-athletes should anticipate one additional semester for completion of clinical requirements. Olivet is currently in the accreditation process under the new competencies and standards set up by the commission on Accreditation of Allied Health Education Programs (CAAHEP), the accrediting body for the National Athletic Trainers’ Association Board of Certification (NATABOC). The institution is committed to moving toward full accreditation, but accreditation is not guaranteed. Upon reaching accreditation status, satisfactory completion of this major would qualify the graduate to take the NATABOC National Athletic Trainers’ Association certification exam.

Students seeking licensure in the state of Illinois are required to complete a minimum of 1500 hours of clinical experience.
Exercise Science Major: 37 hours. B.A. or B.S.

Physical Education Courses — PHED

PHED 108 — Golf. 1 hour. A course outlined for beginning players. Emphasis is placed on the development of fundamental skills. Prerequisite: PHED 150.

PHED 120 — Nutrition in Health/Fitness. 3 hours. Same as FACS 120.

PHED 121 — Conditioning. 1 hour. Designed for students to plan and carry out their own personal fitness program in the ONU fitness center. Students will make use of fitness tests and other information gained in PHED 150 Life Fitness. Prerequisite: PHED 150.

PHED 123 — Conditioning for Varsity Athletes. ½ hour. A credit of ½ hour is earned by intercollegiate varsity sport participants at the completion of their sport season. A maximum of two hours may be earned, of which one hour may be applied to meet the general physical education requirement. PHED 150 Life Fitness must be taken by all students. Does not apply to departmental majors or minors.

PHED 131 — Tennis. 1 hour. A course outlined for beginning players. Emphasis is placed on the development of fundamental skills. Prerequisite: PHED 150.

PHED 141 — Personal and Community Health. 2 hours. The study includes essentials of personal and community health. Fundamentals of health science, scientific prevention of illness, and dynamics of health in the individual and family are studied.

PHED 150 — Life Fitness. 1 hour. This course will evaluate students to determine their current fitness level. Tests will measure heart and lung capacities, body composition, muscle strength, cardiovascular endurance, and flexibility. After learning the basic concepts of life fitness through classroom discussion, the students will use the fitness center to enhance their learning experience by implementing a fitness program to meet their own individual needs. PHED 150 is a prerequisite to all activity courses.

PHED 160 — Aerobics. 1 hour. Emphasis is placed on the various types of aerobic exercise, including step aerobics, water aerobics, and kickboxing. Prerequisite: PHED 150.

PHED 168 — Racquet Sports. 1 hour. An activity course studying the rules, terminology, and skill develop-
opment in the sports of tennis, racquetball, and badminton. Students are required to have their own tennis and racquetball rackets. Prerequisite: PHED 150.

PHED 202 — Aerobics/Swimming. 1 hour. Emphasis is placed on skill development and teaching methods in the area of aerobics and swimming. For department majors and minors only.

PHED 210 — Teaching Rhythms and Aerobics. 1 hour. Techniques and procedures for teaching secondary level rhythmic activities and aerobics. Prerequisite: PHED 202.

PHED 221 — Coaching Basketball. 2 hours. An intensive study of the rules and problems relative to the development of successful offensive and defensive play. For department majors and minors only.

PHED 222 — Coaching Track and Field. 2 hours. The study and practice of the various coaching techniques in track skills, methods of training and conditioning, and the methods of administering track meets. For department majors and minors only.

PHED 223 — Coaching Baseball/Softball. 2 hours. This course combines the rules and coaching techniques of baseball and softball. For department majors and minors only.

PHED 224 — Coaching Football. 2 hours. A study of rules, coaching techniques, and problems relative to the development of successful offensive and defensive play. For department majors and minors only.

PHED 227 — Team Sports Officiating. 2 hours. A study of techniques, team play, rules, and rule interpretation with emphasis on proper mechanics and judgment in officiating. Practical experience obtained. For department majors and minors only.

PHED 228 — Principles of Weight Training and Conditioning. 2 hours. This course provides a general understanding of the administration process of a weight training program, strength training principles, and a practical knowledge of how to perform and teach the major exercises of weight training. For department majors and minors only.

PHED 231 — Coaching Volleyball. 2 hours. This course provides the student with an understanding of the fundamental skills, strategies, and rules of volleyball. Also covered are practice planning, conditioning, and team selection. For department majors and minors only.

PHED 232 — Coaching Soccer. 2 hours. This course provides the student with an understanding of the fundamental skills, strategies, and rules of soccer. Also covered are practice planning, conditioning, and team selection.

PHED 241 — First Aid and Emergency Care. 2 hours. Vital and practical applications and procedures in caring for an injured person, including safety, Heimlich method in choking, splinting, and bandaging. CPR and first aid certification may be achieved upon satisfactory completion of this course.

PHED 242 — Foundations of Health Education. 3 hours. An introduction to the field of health education. The history, theories, and contemporary issues in health education are examined.

PHED 246 — Human Anatomy and Physiology. 4 hours. Same as BIOL 246.

PHED 247 — Human Anatomy and Physiology. 4 hours. Same as BIOL 247.

PHED 260 — Individual Sports Skills. 2 hours. Emphasis is placed on acquiring basic skills and teaching methods in a variety of individual sports.

PHED 270 — Team Sports Skills. 2 hours. Emphasis is placed on acquiring basic skills and teaching methods in a variety of team sports.

PHED 305 — Human Sexuality. 3 hours. Same as SOCY 305. Offered alternate years.

PHED 310 — Curriculum Design in Physical Education. 3 hours. A study of curriculum and various methods used in teaching physical education in grades 6-12 for both regular and special populations. Prerequisites: PHED 260, 270, EDUC 315.

PHED 315 — Drug/Chemical Use and Abuse. 3 hours. Same as SOCY 315. Offered alternate years.

PHED 325 — School Health Programs. 3 hours. Proper health and safety practices are studied with emphasis on the materials that should be taught in a secondary school health class. Prerequisites: PHED 242, EDUC 315.

PHED 352 — Assessment and Evaluation of Physical Education. 3 hours. Introduction to scientific assessment and evaluation, special studies, research projects, and instrumentation applied specifically to physical education for both regular and special populations.

PHED 360 — Physiology of Exercise. 4 hours. Study of the effects of exercise on various systems of the human body. Includes lecture and laboratory. Prerequisites: PHED 246 and 247.

PHED 367 — Methods and Materials in Physical Education for the Elementary School. 2 hours. A study of curriculum and various methods used in teaching physical education in grades K-6. The course includes lesson and unit planning, organizational procedures and methods used in teaching basic movement, stunts and tumbling, rhythms, and sports skills.

PHED 370 — Adaptive Physical Education. 3 hours. A course designed to acquaint the student with the principles of planning and conducting an adaptive physical education program to meet the needs of handicapped students. The public laws and their applications to the physical educator are included. Includes a practicum experience.

PHED 375 — Community Health Programs. 3 hours. Organization and administration in local, state, and national health agencies; their purposes and functions are studied. An overview of methods for meeting community health needs and for solving community health programs. Prerequisite: PHED 242.
PHED 410 — Curriculum and Evaluation of Health Education. 3 hours. Issues related to designing curriculum in health education, including analysis of topics and methods of organizing and executing instruction. Students will develop a curriculum guide for use in secondary school health education programs. Prerequisite: PHED 325, EDUC 315.

PHED 472 — Kinesiology. 3 hours. Study of the human body in motion. Prerequisite: PHED 246, 247.

Exercise and Sports Science Courses — EXSS

EXSS 129 — Principles of Sport Management. 2 hours. An introductory course studying the foundations of sport management, marketing, financial, legal, and ethical principles. Application of these principles into all segments of the sport industry (high school, collegiate, and professional sports) is included. Corequisite: EXSS 150.

EXSS 147 — Introduction to Athletic Training. 2 hours. Introduction to the field of athletic training, including employment opportunities, personnel, space, equipment, necessary supplies, physical conditioning, and an introduction to the recognition and evaluation associated with common injuries. The course will also include a laboratory time for the rationale of the use of taping and wrapping techniques.

EXSS 148 — Advanced Athletic Training. 3 hours. Continuation of the knowledge gained in EXSS 147, including modality usage, basic rehabilitation principles, drugs and sport, injury physiology, and classification. Prerequisite: EXSS 147.

EXSS 150 — Sports Management Practicum. 1 hour. A directed field experience designed to help the student gain initial experience in his or her chosen specialty or to explore the various options that would be available with a sports management major. This practicum consists of 45 hours. Corequisite: EXSS 129.

EXSS 205 — Therapeutic Modalities. 3 hours. Course will present the physical agents used in treating athletic injuries. Emphasis will be given to each modality’s theoretical and physiological effects on the healing process and presents the indications and contraindications for use. The course includes two lecture periods and one laboratory period. Prerequisite: EXSS 148.

EXSS 215 — Lower Extremity Joint Assessment. 3 hours. This course will cover procedures and techniques for the recognition and evaluation of athletic injuries that occur to the lower extremities. Practical experiences will emphasize the proper methods and techniques into an effective systematic clinical evaluation of lower extremity injuries in athletics. Prerequisite: EXSS 148.

EXSS 250 — Pharmacology for Athletic Trainers. 2 hours. Same as NURS 250.

EXSS 275 — Upper Extremity Joint Assessment. 3 hours. This course will cover procedures and techniques for the recognition and evaluation of athletic injuries that occur to the upper extremities. Practical experiences will emphasize the proper methods and techniques into an effective systematic clinical evaluation of upper extremity injuries in athletics. Prerequisite: EXSS 215.

EXSS 280 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry-level training student. The student will be required to complete the first level of clinical proficiencies in the sequence of six. A minimum of 200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisites: EXSS 148, PHED 241.

EXSS 281 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry level athletic training student. The student will be required to complete the second level of clinical proficiencies in the sequence of six. A minimum of 200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisite: EXSS 215, EXSS 280.

EXSS 300 — Promoting and Marketing of Athletics. 4 hours. Examines the historical role of sports information departments and the various roles sports information directors play now and will play in the future. It will look at how athletics can be used as a form of public relations. Students will gain hands-on experience in developing, planning, working, and evaluating sports information programs within a traditional school setting and/or other settings. Includes a practicum. Prerequisite: BSNS 253.

EXSS 320 — Sports Psychology. 3 hours. A basic study of psychological principles and concepts that apply to sports situations and to the individuals involved in sports activities.

EXSS 330 — Sports Management Leadership. 3 hours. A study of leadership theories and styles as they relate to management, motivation, goal-setting, and supervision within the sports management profession. Will introduce the student to the national and state athletic associations (NCAA, NAIA, IHSA) and the various networking of each.

EXSS 340 — Event Management. 3 hours. This course is designed to provide the student with basic information on critical planning components, event
A study of the administrative challenges confronting operators of independent athletic training clinics and educational-based athletic training rooms. Management theory, legal concerns, clinic design, budget, and information management will be taught. Prerequisite: permission of instructor.

EXSS 350 — Sports Law. 3 hours. Introduction of basic law terminology and focus on constitutional law, contract law, and tort law as it applies to the sports industry.

EXSS 361 — Evaluation of Athletic Injuries. 2 hours. A specialized course dealing with anatomy, injury signs or symptoms, and specific tests to help athletic trainers recognize and evaluate athletic injuries, various illnesses, and general medical conditions. Prerequisite: EXSS 215, 275.

EXSS 372 — Therapeutic Exercise and Rehabilitation. 3 hours. Principles and goals of common rehabilitative procedures for athletic injuries in which learning the use of contemporary manual therapy and rehabilitative exercises in a comprehensive rehabilitation program are emphasized. Laboratory experiences will emphasize the proper rehabilitative techniques of common athletic injuries. The course includes two lecture periods and one laboratory period. Prerequisite: EXSS 148.

EXSS 380 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry level athletic training student. The student will be required to complete the third level of clinical proficiencies in the sequence of six. A minimum of 200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisite: EXSS 275, EXSS 281.

EXSS 381 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry level athletic training student. The student will be required to complete the fourth level of clinical proficiencies in the sequence of six. A minimum of 200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisite: EXSS 372, EXSS 380.

EXSS 425 — Fitness Testing and Exercise Prescription. 3 hours. Students study the process and procedures of physical fitness evaluation and prescription. Emphasis will be placed on prescribing individual and group exercise programs. Prerequisites: PHED 360, PHED 472.

EXSS 430 — Internship in Exercise Science. 3 hours. This field experience for majors in exercise science is designed to have the students apply what they have learned through the coursework and extend that learning by working in an organization that is appropriate for their career interest. Students are under the direct supervision of a member of the Department of Exercise and Sports Science. Student must submit a proposal for the internship and have it approved by the department chair and the internship organization. Prerequisite: Senior standing.

EXSS 440 — Sports Management Internship. 12 hours. This field experience for majors in sports management is designed to have the students apply what they have learned through the coursework and extend that learning by working in an organization that is appropriate for their career interest. Students are under the direct supervision of a member of the Department of Exercise and Sports Science of Olivet. Student must submit a proposal for the internship and have it approved by the department chair and the internship organization. This internship requires 480 field experience hours. Prerequisite: Senior standing.

EXSS 450 — Sports Facility Planning and Management. 3 hours. A study of the planning, designing, and management of sports facilities. Through the application of theories and principles studied, the student will develop a facility plan and management scheme for a sports facility.

EXSS 471 — Organization and Administration of Athletics. 3 hours. A study of the administrative operations of interscholastic and intercollegiate athletic programs. Special emphasis is given to fiscal management, legal issues, public relations, and program evaluation.

EXSS 477 — Sports Management Seminar. 1 hour. Students examine contemporary issues in sports. Case studies, guest speakers, field trips, and reading will be included. Corequisite: EXSS 440.

EXSS 480 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry level athletic training student. The student will be required to complete the fifth level of clinical proficiencies in the sequence of six. A minimum of 200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisite: EXSS 361, EXSS 381.

EXSS 481 — Athletic Training Clinical. 2 hours. Clinical progression in athletic training skills for CAAHEP athletic training education program. Basic athletic training skills and techniques are taught to the entry level athletic training student. The student will be required to complete the sixth level of clinical proficiencies in the sequence of six. A minimum of
200 hours of clinical experience (Olivet training room, Olivet athletic practices/games, observation of medical practitioners, rehabilitation clinical, high school) is required. Prerequisite: EXSS 349, EXSS 480.

EXSS 495 — Senior Seminar in Athletic Training. 2 hours. Selected topics of current interest in athletic training and sports medicine will be covered. Field experiences involving conferences, and clinic and workshop attendance are required. The National Athletic Trainers’ Association certification exam will be covered. Prerequisite: senior standing.

EXSS 496 — Practicum in Athletics, Coaching, and Recreation. 2 hours. Designed to give the student an in-service training experience in the area of athletics, coaching, or recreation.

Library Science — LSCI

Library Faculty

KATHRYN BOYENS (1980)
Associate Professor of Library Science; Library Director
B.A., 1969, University of Illinois
M.A., 1979, Illinois State University
M.S., 1983, University of Illinois

MARY ADA DILLINGER (1990)
Associate Professor of Library Science; Catalog Librarian
B.A., 1968, Olivet Nazarene University
M.L.S., 1979, University of Hawaii
C.A.S., 1992, University of Illinois

CRAIGHTON HIPPENHAMMER (1991)
Associate Professor of Library Science; Access Services/Information Technology Librarian
B.A., 1968, California State University
M.L.S., 1974, University of Oregon
M.F.A., 1994, Columbia College

ELESHA KEEN (1994)
Associate Professor of Library Science; Special Collections Librarian
A.B., 1987, Trevecca Nazarene University
M.A., 1990, Tennessee State University
M.L.I.S., 2000, Dominican University

DIANE FOX (1998)
Assistant Professor of Library Science; Reference Librarian
B.S., 1970, Western Illinois University
M.A., 1988, Governors State University
M.S., 1997, University of Illinois

Courses

LSCI 202 — Information Issues and Research Techniques. 2 hours. Covers effective techniques for searching the Internet and online databases as well as nonelectronic sources; provides opportunities to practice research evaluation methods; and examines ethical, legal, and socioeconomic issues involving information and information technology. Prerequisite: Sophomore standing or consent of instructor.

LSCI 269 — Children’s Literature. 3 hours. Same as EDUC 269.
Division of Fine Arts

Fine Arts — FINA
Art — ART
Music — MUSI
Applied Music — MUAP
  Strings — MUST, Vocal — MUVO,
  Brass — MUBR, Organ — MUOR,
  Piano — MUPN, Woodwinds — MUWO,
  Percussion — MUPE
Church Music — MUCH
Music Education — MUED
Music Literature — MULT
Music Theory — MUTH

Don Reddick, Acting Division Chair

The Division includes the Departments of Art and Music.

The objectives of the Division of Fine Arts are twofold. Realizing that a knowledge of the fine arts is a vital part of any liberal education, the Division attempts (1) to develop an intelligent appreciation of, and desire for, the arts that will be of lasting value in the life of every student; and (2) to prepare those professionally interested in the area of music, church music, art, and teaching.
Fine Arts — FINA

FINA 101 — Introduction to Fine Arts. 3 hours. A general education course designed to give the student an understanding of the basic structural similarities in the aural art of music and the visual arts of painting, sculpture, and architecture.

Department of Art — ART

Faculty

William Greiner (1988)
Associate Professor of Art; Chair, Department of Art
M.F.A., 1984, University of South Dakota

Lezli C. Kinzinger Slowik (1996)
Associate Professor of Art
B.A., 1991, Olivet Nazarene University
M.S., 1994, Southwest Baptist University
M.S., 2000, Governors State University

Gerald Slowik (2000)
Instructor of Art
B.A., 1995, Olivet Nazarene University
Governors State University

The art major is designed to provide both breadth (foundational study) and depth (specialization) within a Christian liberal arts program. The curriculum is structured to allow students to have flexibility in their search for concepts and art media most compatible with their needs and interests.

Olivet’s art program includes a balance of studio work, techniques, lab skills, and theory. The department provides preparation for students fulfilling general education requirements through advising and career preparation courses.

Career opportunities for Olivet Department of Art graduates include illustrating for companies, package design, interactive CDs and promotion, graphic advertising, graphic design, and computer animation in 3-D. Olivet graduates in art are employed as educators or by advertising companies, corporations designing and marketing new products, and government agencies.

The studio facilities in the Larsen Fine Arts Center provide excellent resources for painting, drawing, photography, graphics, and digital production. The center also houses the Brandenburg Art Gal-

lery, where works of students, as well as regional artists, are exhibited. The newly renovated state-of-the-art computer graphics lab is well equipped in a professional environmental setting.

In the fall of the freshman year, art students begin a five-course foundation sequence of Drawing Studio I, Design Studio I, and Career Preparation I. In the spring, art students take Drawing Studio II and Design Studio II. Art students may elect to take a beginning graphics, painting, ceramics, or photography course to supplement their beginning year in foundations.

Classes regularly take trips to the Art Institute in Chicago and area museums. The Department of Art prepares students to become professionals, demonstrating a knowledge of depth with a well rounded general education to meet the needs of a demanding work force. The focus of the program is on the preparation of artists who are uniquely expressive with concern for the spiritual elevation of global society of which they are a part.

Department of Art lab fees are assessed at the time of registration to support instructional equipment. These fees cover operating, maintenance, and replacement costs. Lab fees do not provide for art students’ personal supplies.

Art Major: 52-55 hours. B.A. or B.S.

Required Core Courses:

ART 103, 204 — Drawing I, II
123 — Design I
125 — 3-D Design
172 — Intro. to Photography
195 — Career Preparation I
334 — Beginning Watercolor
371, 372 — History of Western Art I, II
395 — Career Preparation II
471 — History of Modern Art
496 — Senior Project

and one of the following courses:

ART 360 — Contemporary Art
375 — History of Non-Western Art
380 — Photographic Art History

Plus one of these concentrations:

A. Drawing Concentration:

ART 205 — Drawing Studio III
210 — Illustration Studio I
313 — Illustration Studio II
335 — Watercolor for Illustration
340 — Portrait Studio
403 — Drawing Composition

B. Painting Concentration
ART 231 — Painting Studio I
232 — Painting Studio II
331 — Painting Studio III
332 — Painting Studio IV
335 — Watercolor for Illustration
431 — Painting Studio V
432 — Painting Studio VI

C. Photography Concentration
ART 200 — Intro to Graphics
272 — Photography II
275 — Photoshop
374 — Photo Journalism
385 — Digital Explorations
472 — Photography Seminar
474 — Advanced Photojournalism

D. Commercial Graphics Concentration
ART 200 — Intro to Graphics
275 — Photoshop
335 — Watercolor for Illustration
310 — Graphics Advertising
320 — Package Designing
350 — Digital Production I
355 — Digital Production II

E. Digital Production Concentration
ART 200 — Intro to Graphics
275 — Photoshop
350 — Digital Production I
355 — Digital Production II
450 — Post Production I
460 — Post Production II

Art Teaching Major: B.A. or B.S. 36 hours

Required:
ART 103, 204 — Drawing Studio I, II
123 — Design Studio I
125 — 3-D Design
172 — Intro. to Photography
200 — Intro to Graphics
201 — Ceramics: Hand Construction
231 — Painting Studio I
302 — Ceramics: Wheel Construction
334 — Beginning Watercolor
371 — History of Western Art I

and one of the following:
ART 360 — Contemporary Art
372 — History of Western Art II
375 — Non-Western Art

Plus the required professional education courses.

Art Studio Minor: 27 hours

Required:
ART 103 — Drawing Studio I
123 — Design Studio I
125 — 3-D Design
195 — Career Preparation I
204 — Drawing II
395 — Career Preparation II

Plus one art history class and three courses from any one of the following areas:
Ceramics, Commercial Graphics, Drawing, Painting, or Photography.

Art Teaching Minor: 24 hours

Required:
ART 103 — Drawing I
123 — Design Studio
125 — 3-D Design
231 — Painting Studio I

Plus one ceramics course, six hours of ART electives, and one of the following courses:
ART 360 — Contemporary Art
372 — History of Western Art II
375 — Non-Western Art

Recommended Courses for a Student Majoring in Art

Freshman Year — Fall
GNST 100 — Intro. to College Studies
ART 103 — Drawing Studio I
123 — Design Studio
195 — Career Preparation I
ENGL 102/103 — English Composition I
PHED 150 — Life Fitness

Freshman Year — Spring
ART 125 — 3-D Design
172 — Intro. to Photography
204 — Drawing Studio II
ENGL 104 — English Composition II
FINA 101 — Introduction to Fine Arts

Sophomore Year — Fall
ART 231 — Painting Studio I
371 — History of Western Art I

108
Courses

**ART 103 — Drawing Studio I. 3 hours.** A foundational drawing course where ideas and content will be introduced. This course is for majors as well as non-art majors. The first three weeks will concentrate on skills that students need to create visual thoughts and to express visual ideas. The remainder of the semester focuses on content as an element that has the potential to influence one’s visual communication. Students will be working on a variety of subjects and developing perceptual skills and proportion. Each student will be expected to maintain a drawing journal and expected to work outside of class.

**ART 111 — Textile Design. 3 hours.** Same as FACS 111.

**ART 123 — Design Studio I. 3 hours.** A basic foundation course in the fundamentals of the visual arts. Experiences in studio problems are geared to helping the student apply the information given. The course stresses discipline in arts, language, the understanding of the elements of art, and color theory.

**ART 125 — 3-D Design. 3 hours.** Examines the composition and plasticity of 3-D forms through design and construction involving various media. Prerequisites: ART 103, 123, or permission of instructor.

**ART 140 — Interior Design. 3 hours.** Same as FACS 140.

**ART 172 — Introduction to Photography. 3 hours.** The fundamentals of the photographic process including: 35mm camera operations, B&W film processing and printing as well as photographic composition. The class will emphasize the creative application of photographic techniques at the beginning level. Students will be required to complete two major class projects: A multiple B&W picture story presentation and color slide presentation. Photo creating class sessions will be devoted to still life and portraiture.

**ART 195 — Career Preparation I. 1 1/2 hours.** Students are encouraged to participate in the decision-making process about their career. This class explores the laws of copyright and its effects on artists. Students will submit a portfolio and will have slide documentation of current work.

**ART 200 — Introduction to Graphics. 3 hours.** Includes basic computer graphic skills; newspaper and advertising layout; study of positive and negative shapes; properties and use of color; and techniques of creating commercial art. Prerequisites: ART 103, ART 123, ART 125, ART 195.

**ART 201 — Ceramics: Hand Construction. 3 hours.** Experience in basic hand-building methods in clay construction. The student will develop skills in coil, slab, and pinch techniques, and become familiar with the techniques of applying glaze and engobes.

**ART 204 — Drawing Studio II. 3 hours.** A continuation of experimental drawing with an emphasis on the human form. Concentrated drawings of the body and face in black and white media will constitute the beginning of the course. A shift will then take place from black and white to color mediums such as pastel and color pencil. A more contemporary approach will then end the semester course. Prerequisites: ART 103, 123, 195, or permission of instructor.

**ART 205 — Drawing Studio III. 3 hours.** Studio work in drawing the human figure with activities involving techniques, anatomy and design in varied media. Prerequisites: ART 103, 123, 125, 204, 231, or permission of the instructor.

**ART 210 — Illustration Studio I. 3 hours.** This course builds on the drawing process, but emphasizes detail, lighting, and specific techniques in graphite, color pencil, and pastel to create illustration for advertising. Prerequisites: ART 103, ART 204, ART 205.

**ART 231 — Painting Studio I. 3 hours.** A beginning course for all persons interested in the use of oil paints. Studies in color, composition, and technique help students to be able to apply their knowledge in a skilled manner. Prerequisites: ART 103, 123, 125, 190, 204.

**ART 232 — Painting Studio II. 3 hours.** A continuation in the study of painting techniques. Studio problems are based on past and present methods in painting. Specific areas to be covered are old master techniques, color theory, composition/arrangement, and the finishing of a painting. Prerequisite: ART 231.

**ART 272 — Photography II 3 hours.** Continues the use of the hand-held 35mm camera as a tool to express ideas and emotions with emphasis on the development of a personal aesthetic. Course stresses dark room procedures and manipulation of the negative to achieve artistic effect. Prerequisite: ART 172.

**ART 275 — Photoshop. 3 hours.** This is the second-level graphics course concentrating on the software Photoshop. This course explores photography, manipulations, and graphics, and creates a wide range of experiences. Students will learn to use and understand the various components of this program. Prerequisite: ART 200.
ART 300 — Perspective and Rendering. 3 hours. This course begins with the practical application of perspective, light, shade and other rendering techniques for the designer. A focused shift will take place during the semester to perspective sketching and delineations of architectural structures. Various media and application techniques will be stressed for professional results and presentation. This course does not apply toward the requirements of an art major. Prerequisites: ART 103 and 200 or permission of the instructor.

ART 302 — Ceramics: Wheel Construction. 3 hours. Experience on the potter's wheel (the electric and kick-wheel). The student will develop skills in centering, raising, footing, and finishing wheel-thrown ware. Glazing, staining, and texturing of the finished ware will be emphasized.

ART 303 — Ceramics: Advanced Techniques. 3 hours. Advanced studio projects reflecting a high level of technical and conceptual approaches. May be repeated for an additional three hours credit. Prerequisites: ART 201 and 302.

ART 310 — Graphic Advertising. 3 hours. This is a desktop publishing, layout, and design course. Areas explored will be newspaper advertising theories, tear sheets, and product advertising. Students will experience a range of projects that create innovative forms in design, theories of advertising, and proven ways to sell a product. Prerequisite: ART 275.

ART 313 — Illustration Studio II. 3 hours. A continuation of Illustration I. In this class students will pursue advanced techniques in illustration. Prerequisite: ART 210.

ART 315 — Historical Dress and World Cultures. 3 hours. Same as FACS 315.

ART 320 — Package Designing. 3 hours. Teaches students to combine different graphic program files as they design and build a variety of packages. Prerequisites: ART 200 and ART 275.

ART 331 — Painting III. 3 hours. Theory and practice of painting at an advanced level. Students will be encouraged to paint images of their desire and interest, and will focus on the task of learning how to develop a theme. Prerequisites: ART 231, 232.

ART 332 — Painting IV. 3 hours. Advanced studio problems explored. Prerequisites: ART 231, 232, 331.

ART 334 — Beginning Watercolor. 3 hours. The students will learn two approaches in water color: direct and indirect. The direct approach is the traditional methods of watercolor: wet-on-wet and glazing. The indirect methods are splattering and pouring the paint onto a prepared surface for unique looking paintings. Demonstrations will be an integral part of the course. Prerequisites: ART 103, 123, 125, 204, or permission of instructor.

ART 335 — Watercolor for Illustration. 3 hours. This course builds on water media processes, but emphasizes detail, lighting, and specific techniques used to create illustration for advertising. Prerequisites: ART 200, 334.

ART 340 — Portrait Studio. 3 hours. This course will concentrate on developing skills in the area of portraiture using all drawing media. Prerequisite: ART 313.

ART 343 — Heritage of Interiors. 3 hours. A survey course exploring the various cultural, religious, and social patterns of peoples from the cave art period to the Gothic period. Students will gain an understanding of the iconography of each period studied. Prerequisite: ART 272.

ART 372 — History of Western Art II. 3 hours. This course continues as a survey course in the area of visual arts, starting at the proto-Renaissance and continuing through to the 1890s. A tour of the Art Institute in Chicago is a requirement of this course.

ART 374 — Introduction to Photojournalism. 3 hours. The photographic medium as it relates to the newspaper profession, including: the history of photojournalism, advanced shooting/darkroom techniques, and an introduction to digital photography. Students will be required to produce several photographic essays using conventional photographic processes as well as electronic imaging of their work. Prerequisites: ART 272, ART 275.

ART 375 — History of Nonwestern Art. 3 hours. A comparative study of the art forms of non-Western-based societies. Attempts to provide a basis for aesthetic appreciation of the works of the majors: Africa, Oceanic, Pre-Colombian, Native Americas, Asian and Islamic cultures. A tour of the Oriental Institute of the University of Chicago is a requirement of the course.
ART 380 — Photographic Art History. 3 hours. This course will trace the history of photography from its invention in 1822 to its present applications in digital imagery. The development of stereophotography, portraits, and photojournalism will be discussed as important visual communications that recorded history. Later developments in the evolution of photography, from the School of Paris in the 1890s, to the Steiglitz School in America to the era of photograms and photomontage in the modern period will permit the student to understand photography as an important art form.

ART 385 — Digital Explorations. 3 hours. An examination of current trends in electronic photographic imaging with an emphasis on Photoshop. Students will explore digital photography from capture to output through practical applications of the medium. Students will be required to create an electronic documentary project as well as various projects which challenge the students to understand photography as an important art form. ART 387. An examination of current trends in electronic photographic imaging with an emphasis on Photoshop. Students will explore digital photography from capture to output through practical applications of the medium. Students will be required to create an electronic documentary project as well as various projects which challenge the students to understand photography as an important art form.

ART 395 — Career Preparation II. 1 1/2 hours. Explores the reasons behind the making of art and creativity in general. This level of career preparation requires slide documentation of current work, an artist’s statement, and development of a résumé. Students will research job opportunities in their area of interest and begin the task of learning interviewing techniques.

ART 403 — Drawing Composition. 3 hours. An intensive study of individual styles and characteristics in drawing. This course is intended to bring the students to the highest level possible in skills using various media and drawing instruments. Major areas to be covered include the human figure (using students in the class) and occasionally a hired model (fully clothed). An intensive look at composition on the cognitive level of art and color theory applications will be emphasized. Prerequisites: ART 103, 204, 205.

ART 431 — Painting V. 3 hours. Continuation of Painting IV with preparation of a senior exhibit and gallery work. Prerequisite: ART 332.

ART 432 — Painting VI. 3 hours. Continuation of Painting V with preparation of a senior exhibit and gallery work. Prerequisite: ART 431.

ART 450 — Post Production I. 3 hours. Explores interactive media and Web design. Students will be expected to work on their own to create an interactive CD portfolio along with other assignments and projects. Students are expected to create their own Web page to seek employment. The Web page will be updated weekly. Prerequisites: ART 350, ART 355.

ART 460 — Post Production II. 3 hours. Students in this class will be considered art directors and will supervise the making of videos, interactive CDs, promotional videos, and projects for companies and the University. This class is geared toward leadership, group dynamics, and conflict management. Students will be expected to maintain their Web site and update their interactive portfolio while seeking employment. Prerequisite: ART 450.

ART 471 — History of Modern Art. 3 hours. A survey of contemporary art from the late 20th century up to the present time. Areas to be explored are impressionism, cubism, expressionism, abstraction, and pop art, and contemporary American visual art. Field trips to the Art Institute in Chicago will play an important role in the course.

ART 472 — Photography Seminar. 2 hours. Advanced study of photographic issues. Discusses aesthetic, criticism, and current imagery as well as photography’s relationship to other media. Photojournalism, portraiture, and portfolio work will be included. Prerequisite: ART 272.

ART 474 — Advanced Photojournalism. 3 hours. This class is intended for those students with photojournalism as a concentration. Students will be required to produce all assignments under strict deadlines ranging from sports photography to fashion. Heavy emphasis will also be placed on editorial illustration. Students will learn diverse yet practical applications of newspaper photography while expanding their creative talents of the medium. Prerequisite: ART 385.

ART 496 — Senior Project. 1 hour. Designed to prepare the senior art student for his or her individual art exhibition. Class includes the assembly of art works and a pre-show critique by the Department of Art. The senior artist will develop an artist’s statement, prepare an individual résumé, and document his or her work with a set of slides for the department.

---

The Department of Music exists to produce graduates who possess the requisite skills and knowledge to find success in the careers of their choice, and who can meet the musical needs of the University, community, and Olivet educational region; provide courses and musical experiences for the general University student; and encourage a personal commitment to Christ and a life of service to others.
General Regulations

The department chair shall determine which students will enroll with each teacher, such enrollment being based primarily upon the needs of the students and the field of specialization of the teacher.

Transferred work in applied music and theory will receive credit subject to examination or to satisfactory study in courses of similar content at Olivet Nazarene University. Work taken under private teachers or from unaccredited schools may be validated for credit by the student's passing proficiency examinations.

No student is allowed to study music with a teacher not on the staff of the Department of Music, nor to belong to a musical organization on or off campus without permission from the chair of the Department of Music. Applied music students should not make public appearances without consent of the applied instructor.

Students taking applied music are expected to attend 12 lessons per semester. Failure to complete 12 lessons will result in a lowered grade. The instructor is not responsible for the make-up of lessons missed by the student except when a bona fide reason for the absence is presented in advance.

All music majors and minors are required to enroll in MUAP 200 Recital Lab. Majors are required to attend 12 recitals per semester and minors are required to attend six recitals per semester. Both majors and minors are required to successfully complete six semesters of Recital Lab.

Four semesters of Choral Union are required for music majors and two semesters for music minors. Exceptions will be made for orchestra members when Choral Union and the University Orchestra perform jointly. In addition, music majors are required to participate in other ensembles for at least six semesters. Only one ensemble credit per semester may be applied to this requirement.

Keyboard work must be taken concurrently with theory courses (MUTH 101, 120, 130, 131, 230) unless the student has had several years of serious keyboard study prior to entrance at Olivet. No student concentrating in music education will be permitted to do student teaching until successful completion of the piano proficiency exam.

All those concentrating in music are required to present a senior recital that includes music from the major style periods. All recitals must be approved one month in advance through a pre-recital hearing.

The Music Competency Exam

All music majors are required to pass the Music Competency Examination and the Piano Proficiency Examination. The Music Competency Exam will be administered near the end of the second semester in Musicianship I and near the end of the third semester in Harmony II. If the exam is passed with a satisfactory score, the student may then be admitted to one of the four music programs: church music, music education, music performance, or general music.

Areas of Concentration

Music Education

It is the objective of the Department of Music to provide training and experiences to properly qualify students for positions as teachers or supervisors of music in the public schools. The program meets the requirements of the State Board of Education for the Illinois Standard Special Certificate, which qualifies the holder to teach and supervise music in grades K-12.

Music Education Concentration: 61½-65½ hours. B.A. or B.S.

Required:

MUED 101 — Careers in Music
240 — Intro to Music Technology
276 — Beginning Conducting

MUTH 101 — Introduction to Music Theory
120 & 131 — Musicianship I & II
130 & 230 — Harmony I & II
232 — Harmony III
300 — Form and Analysis OR

MUTH 320 — Counterpoint
494 — Instrumentation

MUCH 377 — Music in Worship

MULT 290 — Introduction to Music Literature
295 — Music History I
395 — Music History II
396 — Music History III

MUAP 200 — Recital Lab (six semesters)
490 — Senior Seminar
495 — Senior Recital

MULT 183 or 383 — Choral Union (four semesters)

MULT 177 or 377 — Music Drama (two semesters)

Additional Ensembles (six semesters)
Applied Music Emphasis — 10 hours
Piano (non-keyboard emphasis) — 0-4 hours
and completion of one of the following:

**Vocal Track:**
MUED 200 — Introduction to Instrumental Music
MULT 370 — Vocal Literature and Pedagogy
MUED 379 — Choral Methods
MUVO 240, 250 — Diction I & II

**Instrumental Track:**
MUVO 107 or equivalent
MUED 180 — Percussion Instruments
280 — String Instruments
374 — Instrumental Methods
360 — Woodwind Instruments
361 — Brass Instruments

Plus the required professional education courses including:

MUED 460 — General Music Methods

Preparatory applied course credit does not count toward the applied music emphasis. The 10 hours of college-level credit are to be divided into eight hours lower-division and two hours upper-division. It is strongly recommended for students concentrating in piano that MULT 305 Piano Pedagogy be substituted for two hours of the applied music upper-division requirement.

Piano proficiency is required. Normally the piano requirement is met by the end of the fifth semester. It **must** be met before student teaching can begin.

Since the curriculum in music education has very few electives, students are advised that at least one summer session in addition to the regular eight semesters may be required to complete the degree in this field.

**Church Music**

For students who expect to be church musicians, the department offers a program intended to give a comprehensive and thorough technical training along with the deeply spiritual emphasis of the University.

Believing that spiritual fervency and technical proficiency can be combined, Olivet presents a church music program that will enable the graduate to serve the local church.

**Church Music Concentration: 62½-66½ hours. B.A. or B.S.**

**Required:**

MUED 101 — Careers in Music
240 — Introduction to Music Technology
276 — Beginning Conducting
376 — Advanced Conducting
MUTH 101 — Introduction to Music Theory
120 & 131 — Musicianship I & II
130 & 230 — Harmony I & II
232 — Harmony III
300 — Form and Analysis OR
MUTH 320 — Counterpoint
494 — Instrumentation
MULT 290 — Introduction to Music Literature
295 — Music History I
395 — Music History II
396 — Music History III
MUCH 350 — Church Music Administration
377 — Music in Worship
379 — Music in the Church Service
487 — Supervised Music Ministry
MUAP 200 — Recital Lab (six semesters)
490 — Senior Seminar
495 — Senior Recital
MUVO 240 — Diction I
250 — Diction II (voice emphasis only)
MULT 177 or 377 — Music Drama
(two semesters)
183 or 383 — Choral Union
(four semesters)
Additional Ensembles (six semesters)
Applied Music Emphasis — 10 hours
Voice (non-voice emphasis) — 2 hours
Organ (non-organ emphasis) — 2 hours
Piano (non-piano emphasis) — 4 hours

Piano Proficiency Exam is required of all church music concentrations.

**Required Supporting Courses:**

PSYC 102, 103, 211 or 212
EDUC 249 — Educational and Developmental Psychology

**Music Performance**

This concentration is offered for the student already displaying a high caliber of performance, who is pursuing a career in solo and ensemble performance, accompanying, and college or private teaching. Available in the following areas: voice, piano, organ, wind, string, and percussion instruments by arrangement. Students wishing to teach in the public schools should choose the music education curriculum.

Admission to this major is by audition during the fourth semester. Auditions should include pieces that are representative of the various historical periods in music.
Music Performance Concentration: 69 1/2-71 1/2 hours. B.A. or B.S.

**Required:**

- MUED 101 — Careers in Music
- 240 — Introduction to Music Technology
- 276 — Beginning Conducting
- MUTH 101 — Introduction to Music Theory
- 120 & 131 — Musicianship I & II
- 130 & 230 — Harmony I & II
- 232 — Harmony III
- 300 — Form and Analysis
- MUTH 320 — Counterpoint
- MUCH 377 — Music in Worship
- MULT 290 — Introduction to Music Literature
- 295 — Music History I
- 395 — Music History II
- 396 — Music History III
- MUAP 200 — Recital Lab (six semesters)
- 490 — Senior Seminar
- 495 — Senior Recital
- MULT 183 or 383 — Choral Union (four semesters)
- MUTH 320 — Counterpoint
- MUED 101 — Careers in Music
- 240 — Introduction to Music Technology
- 276 — Beginning Conducting
- MUTH 101 — Introduction to Music Theory
- 120 & 131 — Musicianship I & II
- 130 & 230 — Harmony I & II
- 232 — Harmony III
- 300 — Form and Analysis
- MUTH 320 — Counterpoint
- MULT 290 — Introduction to Music Literature
- 295 — Music History I
- 395 — Music History II
- 396 — Music History III
- MUAP 200 — Recital Lab (six semesters)
- 490 — Senior Seminar
- 495 — Senior Recital
- MULT 183 or 383 — Choral Union (four semesters)
- MUTH 377 — Music in Worship
- MULT 290 — Introduction to Music Literature
- 295 — Music History I
- 395 — Music History II
- 396 — Music History III
- MUAP 200 — Recital Lab (six semesters)
- 490 — Senior Seminar
- 495 — Senior Recital
- MULT 183 or 383 — Choral Union (four semesters)
- MUTH 377 — Music in Worship
- MULT 290 — Introduction to Music Literature
- 295 — Music History I
- 395 — Music History II
- 396 — Music History III
- MUAP 200 — Recital Lab (six semesters)
- 490 — Senior Seminar
- 495 — Senior Recital
- MULT 183 or 383 — Choral Union (four semesters)
- MUTH 377 — Music in Worship
- MULT 290 — Introduction to Music Literature
- 295 — Music History I
- 395 — Music History II
- 396 — Music History III
- MUAP 200 — Recital Lab (six semesters)
- 490 — Senior Seminar
- 495 — Senior Recital
- MULT 183 or 383 — Choral Union (four semesters)

**Applied Music Emphasis — 20 hours**

- Piano (non-keyboard emphasis) — 0-4 hours
- Voice (non-voice emphasis) — 0-2 hours

- Two additional credit hours required from one of the following tracks:
  - **Vocal Track:**
    - MUVO 240 — Diction I
    - 250 — Diction II
  - **Recommended:** MALT 370 Vocal Lit. & Ped.

- **Instrumental Track:** (non-keyboard)
  - MUED 180 — Percussion Instruments
  - 280 — String Instruments
  - 380 — Woodwind Instruments
  - 381 — Brass Instruments

- **Keyboard Track:**
  - MULT 302 Organ Pedagogy or
  - 305 Piano Pedagogy

  **Recommended:** MALT 300 Organ Literature or
  304 Piano Literature

**Music Minor: 20 Hours**

**Required:**

- Six hours of applied music study
- MUPN Piano — 1 hour
- MUTH 101 — Introduction to Music Theory
- 120 — Musicianship I
- MULT 290 — Introduction to Music Literature
- MUCH 377 — Music in Worship
- Choral Union or University Orchestra (two semesters)
- Six hours of music elective courses
Music Teaching Minor: 24 Hours

**Required:**

Seven hours of Applied Music study
MUPN Piano — 1 hour
MUTH 101 — Intro to Music Theory
  120 — Musicianship I
  130 — Harmony I
  131 — Musicianship II
MULT 290 — Introduction to Music Literature
MUED 276 — Beginning Conducting
  460 — General Music Methods
Choral Union or University Orchestra (two semesters)
MUED 374 — Instrumental Methods
  OR
  379 — Choral Methods

**Typical Classes for a Student Majoring in Music**

This four-semester sequence is required of all who are concentrating in music.

**Freshman Year, First Semester:**
Intro to College Studies
Careers in Music
Intro to Music Theory
Musicianship I
Class Piano — 1 hour
Introduction to Fine Arts
English Composition I
Physical Education
Choral Union or Orchestra
Other Ensemble
Applied Music — 2 hours

**Freshman Year, Second Semester:**
Harmony I
Musicianship II
Class Piano — 1 hour
English Composition II
Bible I
Math
Ensemble
Applied Music — 2 hours

**Sophomore Year, First Semester:**
Harmony II
Class Piano — 1 hour
Introduction to Music Literature
Beginning Conducting
Christian Doctrine
Speech
Choral Union or Orchestra
Other Ensemble
Applied Music — 2 hours

**Sophomore Year, Second Semester:**
Harmony III
Class Piano — 1 hour
Class Voice
General Psychology
History
Music History I

**Applied Music — MUAP**

An emphasis of applied music is required of all those concentrating in music. A placement hearing is required prior to registration for any applied music course. Registration is to be initiated in the Department of Music Office in Larsen Fine Arts Center.

Instruction is available in the following areas. The last two letters indicate the applied designation, such as MUPN Piano.

- MUBN Bassoon
- MUCL Clarinet
- MUEU Euphonium
- MUFL Flute
- MUGU Classical Guitar
- MUHD Harpsichord
- MUHN Horn
- MUOB Oboe
- MUOR Organ
- MUPE Percussion
- MUPN Piano
- MUSA Saxophone
- MUSB String Bass
- MUTB Trombone
- MUTR Trumpet
- MUTU Tuba
- MUVA Viola
- MUVN Violin
- MUVC Violoncello
- MUVO Voice

MUAP 050, 060, 070 Studio Class. 0 hours. All students taking 111 or 311 are required to take MUAP 050 Studio Voice, MUAP 060 Studio Piano, or MUAP 070 Studio Other Applied. Weekly studio classes are held by each applied instructor. Provides exposure to appropriate literature as well as opportunities to perform.

MUAP 490 Senior Seminar. 1 hour. Designed to integrate previous studies in music, this capstone course explores the art of music and its connection to contemporary culture and the Christian faith. Refinement of the student’s analytical and writing skills will be stressed through discussion of various topics and the presentation of individual projects. Other considerations include preparation for the Grad-
Keyboard Instruments — MUPN, MUOR

MUPN 101, 102, 103, 104 — Preparatory Piano. 1 hour each semester. Class piano instruction. Development of general technical principles; sight-reading; pedal technique; scale technique; playing the principle chords in all keys, and harmonization of simple melodies using these chords; transposition and score reading; playing by ear; playing of folk songs and hymns. Preference for admission to the 12-piano lab is given to students for whom the course is required.

MUPN 109, 309 — Piano. 2 hours each semester. Private instruction for non-piano majors dealing with the less difficult compositions from the Baroque, Classical, Romantic, and 20th Century periods. Instruction will be given in technique, sight-reading, transposition, accompanying, and ensemble-playing. The 309 level is for non-piano majors in their fifth and succeeding semesters.

MUPN 111 — Piano. 2 hours each semester. continued private instruction for piano majors. The student should cultivate a well-balanced repertoire comprised of compositions of Baroque, Classical, Romantic, and Modern composers. A playing exam is required at the end of each semester.

MUOR 101 — Preparatory Organ. 1 hour. For students with insufficient piano background to begin study on the collegiate level. Finger dexterity, finger independence, two-part music, and basic pedal technique are explored. Fundamentals of organ playing, registration, and hymnody are covered. Score-reading and part-playing are emphasized.

MUOR 109, 309 — Organ. 2 hours. Organ methods by Roger Davis and Mildred Andrews are used along with Nilson Pedal Studies. Repertoire includes J.S. Bach’s Eight Little Preludes and Fugues; pieces by Mendelssohn, Buxtehude, Pachelbel, and Rheinberger; and hymn-playing in three and four voices. The 309 level emphasizes larger works by these composers, anthem accompaniments, free harmonizations, and improvisation.

MUOR 111 — Organ. 2 hours. Organ methods by Roger Davis and Mildred Andrews are used along with Nilson Pedal Studies. Repertoire includes J.S. Bach’s Eight Little Preludes and Fugues; pieces by Mendelssohn, Buxtehude, Pachelbel, Rheinberger, and contemporary composers; easier hymn arrangements; and hymns in three and four voices. A final examination is required at the end of the semester.

MUOR 311 — Organ. 2 hours. Repertoire from J.S. Bach: Larger Preludes and Fugues, Trio Sonatas, and the 18 Leipzig Chorales. Compositions by Franck, Vierne, Langlais, Alain, and Messiaen. Hymn-playing in four parts, anthem accompaniments, transposition, and modulation are also included. A final examination is required at the end of the semester.

Voice — MUVO

MUVO 101 — Preparatory Voice. 1 hour. Class study incorporating lectures and practical applications for confidence, poise, diaphragmatic breathing, and analysis of vocal performance. Vocalises are taught as a means of improving technique and correcting vocal faults. An examination is required at the end of the semester.

MUVO 107 — Class Voice. 2 hours. Class study incorporating lectures and practical applications for confidence, poise, diaphragmatic breathing, controlling registers, resonance, vowels, consonants, legato, interpretation and expression, analysis of vocal performance, and the fundamentals of Italian diction. Vocalises are taught as a means of improving technique and correcting vocal faults. The repertoire includes art songs (some in Italian) and other literature as appropriate. An examination is required at the end of the semester. Entrance requirements for majors: To enter private instruction in voice, the student must have completed the equivalent of MUVO 107.

MUVO 109, 309 — Voice. (Private lessons for non-majors) 2 hours each semester. Elements of voice culture; correct breath management; throat freedom through correct approach to vowels and consonants; rhythm, intervals, scales, arpeggios; stage deportment. Repertoire selected at discretion of teacher. Prerequisite: MUVO 107 or equivalent.

MUVO 111 — Voice. (Private lessons). Elements of voice culture; correct breath management; throat freedom through correct approach to vowels and consonants; rhythm, intervals, scales, arpeggios; stage deportment. Repertoire includes art songs in English, Italian, French, and German; oratorio and operatic arias; and other literature as appropriate. Required participation in studio classes as assigned. An examination is required each semester. Two hours each semester until student is able to pass the qualifying examination for upper-divisional standing. Prerequisite: MUVO 107 or equivalent.

MUVO 240 — Diction I. 1 hour. The physiology of diction; introduction to the International Phonetic Alphabet; study of the rules of pronunciation for
English, Italian, and Latin; practical application to solo and choral literature.

MUVO 250 — Diction II. 1 hour. Continuation of applications from MUVO 240; study of the rules of pronunciation for German and French; practical application to advanced solo voice literature.

MUVO 311 — Voice. (Private lessons). Continued technical development; sustained tone of bel canto; ornamentation, interpretation, tone color; pronunciation, enunciation, and articulation. Repertoire includes more advanced art songs in English, Italian, French, and German; oratorio and operatic arias; and other literature as appropriate. Requires participation in studio classes as assigned. Two hours each semester until student is approved for senior recital. The candidate for graduation must present a recital including literature of the major periods, in original languages, demonstrating an understanding of various styles. (See “Recitals” section for time requirements.)

Wind, String, and Percussion Instruments

Course numbers for wind, string, and percussion instruments share a common format; non-music majors will be placed in MUAP 109; music majors will be placed in MUAP 111. A performance exam is required at the end of each semester in MUAP 111 and MUAP 311.

As music majors advance through their applied course of study, course numbers should reflect their current status. Four semesters of lower-division 111 are required before advancing to upper-division 311. Likewise, a student studying at the 109 level should complete four semesters of 109 before advancing to the 309 level.

Content and literature will be determined by the individual instructor as appropriate to the ability level of each student.

MUAP 101 — Preparatory Level. 1 hour.
MUAP 109, 309 — Private Lessons for non-majors. 1-2 hours.
MUAP 111 — Private Lessons for Music Majors. 2 hours.
MUAP 311 — Advanced Private Lessons for Music majors. 2 hours. Continuation of previous semester on applied instrument.

The appropriate course letters should be used in place of MUAP for the specific instrument to be studied. (See previous section, Applied Music, for course letters).

Recitals

The recitals are initially given the Departmental Code of MUAP for Applied Music. The actual registration and transcript will show the specialization of the student in applied music, such as MUPN for those specializing piano or MUVO for those emphasizing voice. A pre-recital hearing is required one month prior to the recital. Memorization requirements differ according to the applied area.

MUAP 200 Recital Lab. 0 hours. All music majors and minors are required to complete six semesters of Recital Lab. Majors are required to attend 12 recitals per semester and minors are required to attend six recitals per semester. Students are expected to have their student ID cards validated at each recital attended.

MUAP 395 — Junior Recital. 2 hours. A well-balanced program of representative works from the Baroque, Classical, Romantic, and Modern repertoire to be performed in public. Thirty minutes in duration. Only for those concentrating in performance.

MUAP 495 — Senior Recital. 2 hours. A program similar in nature to the junior recital but demonstrating a broader grasp of repertoire and technique.

Time requirements:
- Church Music Majors — 30 minutes
- Music Education Majors — 30 minutes
- Performance Majors — 60 minutes

Church Music — MUCH

MUCH 350 — Church Music Administration. 2 hours. This course is designed to expose students to issues inherent in the administration of a church music program. Concepts to be covered include, but are not limited to: budgets, program recruitment/graded choirs, running a sound system, building acoustics, and staff reports.

MUCH 377 — Music in Worship. 2 hours. This course includes a discussion of the nature of worship and the importance of music in worship. Brief studies will be made in the areas of hymnology and church music administration.

MUCH 379 — Music in the Church Service. 2 hours. The study of aspects of church music that will prepare the student for a ministry in music in the local church. Materials and methods will be examined.

MUCH 480 — Supervised Conducting Practicum. 1 hour. A course designed to give the student practical conducting experience. It may take place within the University, or may take place in local churches,
Music Education — MUED

MUED 101 — Careers in Music. ½ hour. A survey of the various career options available to a music major following graduation. The course is intended to provide an understanding of the musical, academic, and psychological skills required in various careers, and present reasonable expectations regarding responsibilities and rewards. Required for a concentration in music. One lecture period per week.

MUED 177, MUED 377 — Music Drama Production. ½ to 2 hours. A course designed to enable students to study and participate in the workings of the production of music drama. Credit shall be given to students based on the quality of their involvement as well as the amount of time. Up to two hours of credit may be earned in one semester. The faculty member responsible for the course will determine how much credit can be given. May be repeated, but not more than four hours credit in Music Drama Production may be earned. No prerequisites.

MUED 180 — Percussion Instruments Class. 1 hour. Study and development of fundamental skills needed for teaching percussion in a school setting. Methods and materials for school classes will be discussed.

MUED 200 — Introduction to Instrumental Music for Voice Majors. 2 hours. A course designed to provide functional knowledge of the brass, percussion, string, woodwind families, and fretted instruments. Such areas as breathing, hand position, embouchure, and fingering will be addressed. Required of those who concentrate in music education and select the vocal option.

MUED 240 — Introduction to Music Technology. 2 hours. Introduction to computer uses and software with music applications including notation and sequencing software; basic knowledge of MIDI and uses of synthesizers; understanding of tone production techniques with electronic instruments; exploration of Internet and other resource options.

MUED 276 — Beginning Conducting. 2 hours. A study of basic techniques in conducting, analysis, and score-reading, involving both choral and instrumental music. Lab experience will be included.

MUED 280 — String Instruments Class. 2 hours. Study of violin, viola, cello, bass. Correct fingering, bowing, and positions. Methods and materials for school classes will be discussed.

MUED 281 — Marching Band Techniques. 1 hour. This course is designed to give students background in the planning, charting, and executing of pre-game and halftime marching band routines, including marching band philosophy, equipment needed, scheduling rehearsals, and plans for working with flag corps, rifle team, and drum major.

MUED 360 — Instrumental Activities for the Elementary School. 1 hour. An introductory course for the general elementary education major. It is an activities approach to music fundamentals in which beginning concepts of playing the autoharp and recorder will be stressed. Skills will include playing the piano to teach children's song literature, playing the autoharp as an accompaniment instrument for the classroom, and playing familiar tunes on the recorder.

MUED 366 — Music Activities for the Elementary School. 1 hour. An introductory course for general elementary education majors. It is an activities approach to music education, stressing singing, playing, listening, creating, and moving. Prerequisite: MUED 360.

MUED 374 — Instrumental Methods. 2-3 hours. A course designed to explore the organizational and practical issues of developing and maintaining instrumental ensembles in middle and secondary schools. Topics may include but are not limited to: the role of the music educator, the school environment as applied to the instrumental music program, and historical and philosophical influences on current practices in instrumental music education. All students concentrating in music education must register for three hours in order to complete the required 45-hour practicum experience in a public school setting.

MUED 376 — Advanced Conducting. 2 hours. Continuation of Beginning Conducting. Specific attention will be given to the application of conducting gestures to standard choral and instrumental literature, appropriate for educational and church situations. Students may enroll for three hours by permission only. Students enrolled for three hours of credit will have the opportunity to conduct one of the University ensembles under the supervision of the ensemble director. Prerequisite: MUED 276.

MUED 379 — Choral Methods. 2-3 hours. A course designed to explore the organizational and practical issues of developing and maintaining choral ensembles in middle and secondary schools. Topics may include but are not limited to: the role of the music educator, the school environment as applied to the choral music program, and historical and philosophical influences on current practices in choral music.
education. All students concentrating in music education must register for three hours in order to complete the required 45-hour practicum experience in a public school setting.

MUED 380 — Woodwind Instruments Class. 2 hours.
Study of clarinet, flute, oboe/bassoon, and saxophone. Correct fingering, tonguing, breathing, intonation, and development of embouchure. Various approaches to technical difficulties and development of technique. Methods and materials for school classes will be reviewed.

MUED 381 — Brass Instruments Class. 2 hours. A study of the fundamental theory of brass instruments and correct embouchure. The development of the ability to play one brass instrument acceptably, and a familiarity with the special techniques of the other instruments.

MUED 460 — General Music Methods. 3-4 hours.
General Music Methods is an orientation course to assist the student in formulating a philosophy of music education (nonperformance) for grades 1-12. Curriculum building, unit-planning, lesson-planning, materials of instruction, and current methods will be examined. An overview of the historical background and philosophical influences on present practice will be included. The physical and psychological characteristics of the elementary school child and the needs and challenges of the "exceptional" student will be addressed. The multicultural aspect of music and the application of this pluralism to the teaching of music will be provided. Included in the course will be a pre-student teaching experience in the elementary general music classroom.

**Music Literature and History — MULT**

MULT 172-188, 372-388 — Ensemble. The Department of Music has 10 ensembles in which students of any department may participate after qualifying by audition. All who concentrate in music are required to participate in at least one ensemble each semester.

Four semesters of Choral Union are required for music majors and two semesters are required for music minors. Exceptions will be made for persons who play in the University Orchestra when Choral Union is performing.

Freshmen and sophomores will enroll in the ensemble course under the MULT 175-188 series of numbers. Juniors and seniors will enroll under the upper division numbers MULT 375-388.

These ensembles are a 1/2-1-hour credit each semester. Some ensembles may not be offered every semester.

MULT 172, 372 — Women's Choir
MULT 173, 373 — Men's Choir
MULT 178, 378 — Brass Consort (1/2 hour)
MULT 179, 379 — Jazz Band
MULT 181, 381 — University Orchestra
MULT 182, 382 — Concert Singers (1/2 hour)
MULT 183, 383 — Choral Union (1/2 hour)
MULT 184, 384 — Orpheus Choir
MULT 185, 385 — Handbell Choir (1/2 hour)
MULT 188, 388 — Concert Band
MULT 290 — Introduction to Music Literature. 2 hours. A course designed to develop intelligent listening habits and to familiarize the student with standard musical works. The course includes a study of the material and structure of vocal and instrumental music and a survey of the various style periods of music. Prerequisite: FINA 101.

MULT 295 — Music History I. 2 hours. History of musical development from the Greeks through the late Renaissance; concentration from Leonin through the Gabriels. Prerequisite: MULT 290.

MULT 300 — Organ Literature. 2 hours. This course includes a survey of organ literature from the Renaissance through 20th-century compositions. Emphasis is placed on stylistic differences in each period and registration commonly associated with each style of composition. A study of the organ of different countries and periods for which the literature was composed is included.

MULT 301 — World Musics. 3 hours. A study of representative music systems of the world, the function of these musics within their cultures, and a comparison of these phenomena with their Western counterparts. Seeks to provide an understanding of non-Western music systems as a means to appreciating the ethnic diversity in our pluralistic society. Open to all students; no prior musical training is necessary.

MULT 302 — Organ Pedagogy. 2 hours. Different methods of technique training, choice of registration for different styles of literature, and source materials for various levels of organ training are included. The student will be given practical experience in coaching an organ student under the guidance of an organ faculty member.

MULT 304 — Piano Literature. 2 hours. A survey of the historical, stylistic, and formal aspects of piano literature from 1700 to the present.

MULT 305 — Piano Pedagogy. 2 hours. A course designed to prepare the advanced pianist for successful teaching in the private studio or the piano lab. The course includes a selective survey of currently available teaching method books, a study of the principles of good teaching, and instruction in the business procedures necessary for the self-employed music teacher. Prerequisites: two semesters of MUPN 111 Piano, or permission of the instructor. It is strongly recommended that students emphasizing piano in the music concentration substitute this course for two hours of upper-division applied music.
MULT 335 — Woodwind, String, and Percussion Instrument Pedagogy and Literature. 2 hours. This course is specific to the student’s major applied instrument. Student must make arrangements with his applied instructor and the chair of the department.

MULT 370 — Vocal Literature and Pedagogy. 2 hours. The study of vocal literature will include folk songs, musical theatre selections, and songs from the major periods of music history, which would be appropriate for the beginning voice student. Current voice publications will be surveyed. Fundamentals of voice production will be examined in order to give the student an overview of the teaching of singing.

MULT 395 — Music History II. 2 hours. Continuation of Music History I: History of musical development in the Baroque, Pre-Classical and Classical eras; concentration from Monteverdi through Schubert. Prerequisite: MULT 295.

MULT 396 — Music History III. 2 hours. Continuation of Music History II: History of musical development from the Romantic era to present day; concentration from Rossini through Phillip Glass. Includes a brief investigation into popular 20th-century styles. Prerequisite: MULT 395.

Music Theory — MUTH

MUTH 101 — Introduction to Music Theory. 1 hour. A beginning course in music theory covering major and minor key signatures and scales, intervals, and triads. No prerequisite. Students must concurrently be enrolled in MUPN 101, 102, 103, 104, or demonstrate evidence of advanced piano skills.

MUTH 120 — Musicianship 1. 1 hour. A course in developing basic musicianship. Rhythm, sight-singing, and melodic, rhythmic, and harmonic dictation are covered. For music majors and minors. Student must be enrolled concurrently in MUTH 101.

MUTH 130 — Harmony I. 3 hours. A course in the study of diatonic harmony through analysis and part-writing. Emphasis on harmonization, voice leading, and harmonic progression. Student must be enrolled concurrently in piano and MUTH 131. Prerequisite: grade of C- or higher in MUTH 101.

MUTH 131 — Musicianship II. 1 hour. A continuation of Musicianship I that culminates with taking portions of the Music Competency Exam. Prerequisite: grade of C- or higher in MUTH 120.

MUTH 230 — Harmony II. 3 hours. A continuation of Harmony I covering seventh chords, chords of secondary function, modulations, and augmented sixth chords. The course culminates with taking portions of the Music Competency Exam. Prerequisite: grade of C- or higher in MUTH 130.

MUTH 232 — Harmony III. 3 hours. A study of the dissolution of tonality, tonal center, and rhythmic, melodic, and harmonic practices of the 20th century. Emphasis on analysis and composition. Prerequisite: grade of C- or higher in MUTH 230.

MUTH 300 — Form and Analysis. 2 hours. A progressive study of musical form of all style periods from the motive through the sonata and concerto. Descriptive and reduction analysis are covered. Prerequisite: MUTH 230 or approval of instructor. Offered alternate years with MUTH 320.

MUTH 320 — Counterpoint. 2 hours. A course in tonal counterpoint of the 17th and 18th centuries. Fugue as both a form and as a compositional technique is studied. Emphasis on writing culminates in the composition of a three-voice fugue with two counter subjects. Offered alternate years with MUTH 330.

MUTH 494 — Instrumentation. 2 hours. Range and transposition of the orchestra; timbres of instruments individually and in combination; arranging for small groups and for full orchestras. Emphasis will be placed on arranging for school orchestras, with limited instrumentation and players of moderate ability.
Division of Languages, Literature, and Communication

English Language — ENGL
Literature — LIT
Modern Languages — MLAN
French — FREN
Spanish — SPAN
Communication — COMM

Judith Whitis, Division Chair

The Division includes the Departments of English, Modern Languages, and Communication. The mission of the Division of Languages, Literature, and Communication is to teach students to communicate effectively, both in written and spoken word, not only in English but also in modern languages, consistent with the belief that God delights in expressed truth and people need that truth to improve their lives. We teach the tools for the communication of ideas directed to a particular purpose, audience, and occasion. Thus, our mission enables us to serve the University as a whole. In addition, we provide academic-specific training in English, modern languages, and communication for students who choose one of these disciplines for their professional goals.
The Department of English at Olivet Nazarene University, recognizing that Christian faith and scholarship are thoroughly compatible, shares the University's commitment to prepare students for lives of service to God and humanity by combining liberal arts with professional preparation. The department carries out its mission by acquainting students with literary works in a variety of genres; cultivating their understanding and appreciation of these works; familiarizing them with the concepts and analysis of language; enabling them to convey written, oral, and visual messages to diverse audiences; and developing their critical and analytical skills.

The major in English provides students with a strong liberal arts preparation for a variety of careers, including education, business, and the media. In addition to preparing teachers for the middle and secondary levels, the English major is also appropriate for pre-seminary and pre-law students.

**English Major: 48 hours. B.A.**

**Required:**

ENGL 200 — Introduction to English Studies  
202 — Creative Writing  
242 — College Publications  
301 — Understanding Language  
303 — Descriptive English Grammar  
306 — Advanced Writing  
315 — Business/Technical Writing  
324 — Service Work in Literacy  
330 — Visual Literacy  
402 — Writing Theory/Applications  
477 — Senior Seminar  

LIT 220 — British Literature  
255 — American Literature  
300 or 308 — Literature of Western World or Third World Literature  
318 — Shakespeare  
325 — Literary Theory  
400 — The Novel  
414 — Special Topics in Literature  
450 — Seminar in World/British/American
Required Supporting Courses:
COMM 101 — Fundamentals of Public Speaking
HIST 211, 212, 213, 231, or 232 — World Civilization or American Civilization

Recommended Supporting Courses:
ART 200 — Introduction to Graphics
BSNS 170 — Computer Applications
COMM 102 — Performance Studies
364 — Dramatic Literature/History
ENGL 120 — Introduction to Theatre
199/399 — Travel: England
241 — Introduction to Journalism
LSCI 202 — Information/Research Techniques
PHIL 201 — Introduction to Philosophy

English Teaching Major: 45 hours. B.A.

Required:
ENGL 200 — Introduction to English Studies
202 — Creative Writing
301 — Understanding Language
303 — Descriptive English Grammar
306 — Advanced Writing
320 — Reading Process/Skills
321 — Teaching Reading Through Young Adult Literature
324 — Service Work in Literacy
330 — Visual Literacy
402 — Writing Theory/Application
477 — Senior Seminar
LIT 220 — British Literature
255 — American Literature
300 — Literature of Western World
315 — Multiethnic Literature
318 — Shakespeare
325 — Literary Theory
400 — The Novel

Plus the required professional education courses.

Recommended Supporting Courses:
ENGL 120 — Introduction to Theatre
199/399 — Travel: England
241 — Introduction to Journalism
LSCI 202 — Information/Research Techniques
PHIL 201 — Introduction to Philosophy

English Minor: 18 hours

Required:
ENGL 104 — English Composition II
303 — Descriptive English Grammar
306 or 315 — Advanced Writing or Business/Technical Writing

Plus two of the following courses:
LIT 200 — Introduction to Literature
220 — British Literature
255 — American Literature
300 — Literature of Western World
308 — Non-Western Literature
315 — Multiethnic Literature

And three hours of English electives above the freshman (100) level.

Literature Minor: 18 hours

Four courses selected from the following:
LIT 200 — Introduction to Literature
220 — British Literature
255 — American Literature
300 — Literature of Western World
308 — Non-Western Literature
315 — Multiethnic Literature

Plus two courses selected from:
LIT 318 — Shakespeare
325 — Literary Theory
400 — The Novel
414 — Special Topics in Literature
450 — Seminar in World, British, American Literature

Writing Minor: 18 hours

ENGL 104 — English Composition II
202 or 241 — Creative Writing or Introduction to Journalism
303 — Descriptive English Grammar
306 — Advanced Writing
315 — Business/Technical Writing
402 — Writing Theory/Applications

Journalism Teaching Minor: 25 hours

Required:
ENGL 103, 104 — English Composition I, II
241 — Introduction to Journalism
343 — Advanced Journalism Writing
346 — Magazine and Feature Writing

And 10 additional hours of English. These 10 hours may NOT also count toward an English Teaching major.
Typical Courses for a Student Majoring in English

Freshman Year
English Composition I, II
Fundamentals of Public Speaking
Bible I
Introduction to Fine Arts
Laboratory Science
Physical Education

Sophomore Year
British Literature
American Literature
Christian Doctrine
American Civilization I
Modern Language
Creative Writing
Introduction to English Studies

English Courses

ENGL 095 — Basic Writing Skills. 4 hours. Helps to diagnose and remediate deficiencies in grammar, usage, sentence structure, and writing. Introduces students to the writing process, promotes writing based on readings, and encourages writing confidence. Placement in this course is determined by the ACT English score. Students must pass an exit exam to pass this course. For students placed in this course, it is prerequisite to ENGL 102. This course does not count in the grade point average calculation or toward the 128 hour graduation requirement. Three classroom periods, two writing lab periods.

ENGL 102 — English Composition. 4 hours. Practice in writing to develop clear, well-organized prose. Emphasizes the writing process. Passing this course with a C- or above permits the student to enroll in ENGL 104. Prerequisite: ACT English score of at least 14 or ENGL 095. Three classroom periods, two writing lab periods.

ENGL 103 — English Composition I. 3 hours. Practice in writing to develop clear, well-organized prose. Emphasizes the writing process. A writing center is provided for students who need additional help. Passing this course with a C- or above permits the student to enroll in ENGL 104. Prerequisite: ACT English score of 18 or above.

ENGL 104 — English Composition II. 3 hours. A writing course designed to build on the skills acquired in ENGL 102/103. It focuses on the process of inquiry and emphasizes evaluation, analysis, synthesis, and documentation of sources. Passing ENGL 102 or 103 with a C- or above is prerequisite to this course.

ENGL 120 — Introduction to Theatre. 3 hours. Same as COMM 120.

ENGL 200 — Introduction to English Studies. 1 hour. An introduction to the discipline, to literature in the field, to literary terms and writing about literature, to the place of English studies in the academic community and in the larger world of work, and to the integration of English studies with faith, learning, and living. Students will be introduced to the Department of English portfolio. Prerequisite: ENGL 104.

ENGL 202 — Creative Writing. 3 hours. Emphasis on the writing of fiction and poetry. Students experiment with personal experience writing and with various techniques in writing fiction and poetry, particularly open form poetry. Students are required to submit writing to the University literary magazine for possible publication. Extensive writing experience is not a prerequisite.

ENGL 241 — Introduction to Journalism. 3 hours. Same as COMM 241.

ENGL 242 — College Publications Practicum. 1 hour. Same as COMM 242.

ENGL 301 — Understanding Language. 3 hours. A study of language as a means of communication, its purposes, and uses in society. Emphasis is on sounds, word formation, language meaning, and language varieties. Prerequisite: ENGL 104.

ENGL 303 — Descriptive English Grammar. 3 hours. A study of grammar and its acquisition. Attention given to traditional, structural, transformational-generative, and cognitive grammars. Central to the course is the analysis of sentence structure and the study of usage. Prerequisite: ENGL 104.

ENGL 306 — Advanced Writing. 3 hours. Examination of one’s writing process, voice, style, and skills that reflect awareness of language, logic, organization, and usage. Activities include personal, imaginative, and information writing in a non-graded workshop environment. Students also complete specific writing assignments in their major disciplines. Prerequisite: ENGL 104.

ENGL 315 — Business and Technical Writing. 3 hours. A course in analytical writing with specific application to various types of communication in business and government. Work will be case-oriented with an emphasis on the development of writing styles and strategies to meet situations in practical communication. Prerequisite: ENGL 104.

ENGL 320 — Reading: Process and Skills. 2 hours. Introduction to the principles and processes of reading. Emphasizes methods of reading instruction and assessment appropriate to the middle and secondary English language arts classroom. Attention given to reading instruction to meet the needs of diverse learners. Offered in alternate years. EDUC 315 should be taken prior to or concurrently with ENGL 320.

ENGL 321 — Teaching Reading through Young Adult Literature. 2 hours. Designed to teach reading strategies and assessment techniques through the genre of young adult literature. Introduces the genre of texts.
targeted for adolescent/young adult readers. Prepares
teachers of middle and secondary English language
arts to develop reader-centered approaches and multi-
cultural curricula for teaching and learning in a diverse
society. Offered in alternate years.

ENGL 324 — Service Work in Literacy. 1 hour. Stu-
dents will complete a minimum of 40 clock hours in a
school or community organization actively promoting
literacy in English. Prerequisite: ENGL 200.

ENGL 330 — Visual Literacy. 2 hours. A study con-
cerned with helping students develop an informed and
critical understanding of the nature of visual media,
the techniques used in visual representation, and the
impact of these techniques on the individual and soci-
ety. Emphasis is on the interpretation of visual text,
such as photographs, paintings, graphics, television,
video, and film. Prerequisite: ENGL 104.

ENGL 346 — Magazine and Feature Article Writing.
3 hours. Same as COMM 346.

ENGL 402 — Writing Theory and Applications. 3
hours. A study of the major theories, movements,
and practitioners of writing, from classic rhetoric
through the post-process movement. Students will
apply their understanding by producing a major writ-
ing project specific to their major areas of interest.
Prerequisite: ENGL 202, 306, and 315 or consent of
the instructor.

ENGL 477 — Senior Seminar. 1 hour. Designed to
integrate previous studies in English, this capstone
course stresses refinement of the student's analytical
abilities by providing for individual projects and the
presentation of the student's personal philosophy as
it relates to the discipline of English and its integration
with faith, learning, and living. Other considerations
include preparation for graduate entrance examina-
tions (GRE, NTE, MAT), graduate study, and career
options and preparation. Assessment of the major
takes place through a national test of literature and
submission of the departmental portfolio. Students
must be classified as seniors to take this course.

ENGL 487 — Journalism Internship. 1-6 hours.
Same as COMM 487.

Literature Courses in English

LIT 200 — Introduction to Literature. 3 hours. An
introduction to poetry, fiction, and drama. Selections
will include British, American, and international works.
Through examination of selected major works, stu-
dents will learn to understand and appreciate the com-
plex interplay between individual talent, artistic tradi-
tion, and historical context. Prerequisite: ENGL 104.

LIT 220 — Survey of British Literature. 3 hours. A
survey of British literature from Anglo-Saxon times
to the present. Included are works in a variety of
genres and works by female authors. Prerequisite:
ENGL 104.

LIT 255 — Survey of American Literature. 3 hours.
A survey of American literature from the colonial times
to the present. Attention given to various genres,
including works by female authors and authors of
color. Prerequisite: ENGL 104.

LIT 300 — Literature of the Western World. 3 hours.
A comparative and historical survey of representative
writers of Western Civilization. Attention is given to
the emergence and development of major themes and
literary forms. Prerequisite: ENGL 104.

LIT 308 — Literature of Non-Western and Third
World Cultures. 3 hours. A survey through literature
of social, religious, political, and cultural development
in non-Western and third-world nations such as litera-
ture from Africa, India, Central America, and South
America. Prerequisite: ENGL 104.

LIT 315 — Multiethnic Literature. 3 hours. A study
of the works of minority American writers with atten-
tion to cultural, historical, social, and political con-
texts. Works by African-, Hispanic-, Asian-, and
Native-American writers will be read. Prerequisite:
ENGL 104.

LIT 318 — Shakespeare. 3 hours. A study of the
drama and theatre of England's greatest dramatist in
historical, cultural, and critical contexts. Works from
all periods and all the dramatic genres are studied.
Prerequisite: LIT 200, 220, 255, 300, 308, or 315.

LIT 325 — Philosophical Foundations and Literary
Theory. 3 hours. A study of the major works, move-
ments, and practitioners of literary criticism, from
Plato to Poststructuralism. Attention is given not only
to the fundamental philosophies informing criticism,
but also to the practical application of critical methods.
Prerequisite: LIT 200, 220, 255, 300, 308, or 315.

LIT 400 — The Novel. 3 hours. Readings primarily
in the British and American novel, tracing its develop-
ment from the 18th century through the 20th century.
Contemporary, continental, and non-Western novels
may also be represented. Prerequisite: LIT 200, 220,
255, 300, 308, or 315.

LIT 414 — Special Topics in Literature. 3 hours. A
study of a selected genre or literary topic not ordinarily
covered in other courses. Content will vary from
semester to semester, and may include such topics as
women writers, the Bible as literature, and Gothic
literature. May be repeated for credit. Topic must be
different. Prerequisite: LIT 200, 220, 225, 300, 308,
or 315.

LIT 450 — Seminar in World, British, and American
Literatures. 3 hours. An in-depth study of literary
periods, major authors, and major works in prepara-
tion for graduate school and nationally standardized
tests such as the GRE Special Area Test in Literature
and the ETS Major Field Test in Literature. Prerequisite:
LIT 220, 255, and 300 or 308.
Oxford Studies Program

The Council for Christian Colleges and Universities Oxford Studies Program is a summer program offered by the Council. This is a three-week period of study at Oxford University in Renaissance and Reformation history and culture. The courses are taught by Oxford professors, and credit applies either in literature or history. Contact the chair of the Department of English for further information.

Oxford Honors Program

Junior and senior honors students will have the opportunity to study in England by participating in an interdisciplinary semester in Oxford through a partnership program with the Centre for Medieval & Renaissance Studies, affiliated with Keble College of Oxford University. Under the guidance of the Council-appointed program director, students will take part in two self-designed tutorials, a small-group seminar, and an integrative survey course. The semester will also include travel to significant historical and cultural sites in England. Sixteen semester hours of credit are recommended for the semester.

Department of Modern Languages — MLAN

Faculty

VICKI TRYLONG (1976)
Professor of Modern Languages; Chair, Department of Modern Languages
B.A., 1970, Olivet Nazarene University
M.A.T., 1980, Purdue University
Ph.D., 1987, Purdue University

BARBARA MARTINEZ (2002)
Associate Professor of Modern Languages
B.A., 1975, Southern Nazarene University
M.A., 1986, John Carroll University
Ph.D. candidate, University of Akron

The programs leading to the Bachelor of Arts degree with a major in modern languages are designed to develop in the student an ability to comprehend, speak, read, and write the language. Many students combine a language major with a related major or minor for careers in communications, business, social work, etc. Other students study languages in preparation for teaching modern languages at the middle and secondary levels.

Students with one year or less of foreign language credit on the junior high or senior high levels will meet the foreign language requirements of the B.A. degree by successfully completing Elementary I and II in the language of their choice.

Students with two or more years of high school credit in the appropriate language are not required to take courses numbered 101 and 111. If they feel deficient, they may audit these courses. Upon completion of the Elementary II course with a minimum grade of C- they may petition for four hours of Elementary I credit in the same language.

A student with three or more years of high school credit in a language who desires to complete a major or minor in that language may petition for eight hours of credit for Elementary I and II upon completion of eight hours of upper-division courses of the same language with a minimum grade of C-.

The department frequently offers foreign travel seminars to French-speaking and Spanish-speaking countries.

Spanish Major: 35 hours. B.A.

Required:

SPAN 111 — Elementary Spanish I
112 — Elementary Spanish II
311 — Spanish Grammar Review
312 — Spanish Culture/Civilization
341 — Advanced Spanish Conversation
345 — Advanced Spanish Composition
361, 362, or 363 — Spanish Literature
plus 8 additional hours for study abroad. At least six consecutive weeks of study are required in a country where Spanish is the primary language. Students must submit a plan of study to be approved in advance by the department.

Required Supporting Courses (select three of the following):

COMM 101 — Public Speaking
LIT 300 — Literature of the Western World
HIST 211 — World Civilization I
212 — World Civilization II
213 — World Civilization III
379 — The Developing World
Spanish Teaching Major: 35 hours. B.A.
Same requirements as the non-teaching major plus
the required professional education courses.

French Minor: 21 hours

Required:

FREN 101 — Elementary French I
102 — Elementary French II
301 — Grammar Review
302 — Culture and Civilization
342 — Advanced French Conversation

Spanish Minor: 21 hours

Required:

SPAN 111 — Elementary Spanish I
112 — Elementary Spanish II
311 — Grammar Review
312 — Culture and Civilization
341 — Advanced Spanish Conversation
or 345 — Advanced Spanish Composition

Typical Courses for a Student Majoring in
Spanish

Freshman Year
Spanish
English Composition I, II
Fundamentals of Public Speaking
Bible I
Physical Education
Natural Science

Sophomore Year
Continued Spanish Courses
Christian Doctrine
General Psychology
Introduction to Fine Arts
Literature
History

French — FREN

FREN 101 — Elementary French I. 4 hours. A com-
prehensive elementary course that includes grammar,
pronunciation, oral practice, written composition,
and culture.

FREN 102 — Elementary French II. 4 hours. A con-
tinuation of FREN 101 with additional emphasis on read-
ing. Prerequisite: FREN 101 or two years high
school French.

FREN 301 — Grammar Review. 5 hours. Grammar
review, aural comprehension, conversation, reading.
Prerequisite: FREN 102 or three to four years of high
school French.

FREN 302 — French Culture and Civilization. 5
hours. A survey of French life and institutions.
Intended as a background for literary studies and
as a preparation for teaching French. Prerequisite:
FREN 301.

FREN 342 — Advanced French Conversation. 3
hours. A course designed to develop the student’s
fluency and self-confidence in expressing ideas in
grammatically and phonetically correct French
through the discussion of reading selections and con-
temporary topics. Prerequisite: FREN 301. Offered in
alternate years.

FREN 476 — Topics in French Studies. 1 to 3 hours.
The student may select an area of special interest to
work on independently. A plan of study will be agreed
upon with the instructor. This plan may include read-
ings, papers, or other special projects in that area.
Possible topics: French phonetics, advanced readings
in French literature, Francophone cultures, or other
similar projects. Prerequisite: permission of instruc-
tor. May be repeated for credit.

Spanish — SPAN

SPAN 111 — Elementary Spanish I. 4 hours. A com-
prehensive elementary course that includes grammar,
pronunciation, oral practice, written composition,
and culture.

SPAN 112 — Elementary Spanish II. 4 hours. An
intermediate-level course which is a continuation of
SPAN 111 with an additional emphasis on reading.
Prerequisite: SPAN 111 or two years high school
Spanish.

SPAN 311 — Grammar Review. 5 hours. Grammar
review, aural comprehension, conversation, reading.
Prerequisite: SPAN 112 or three to four years of high
school Spanish.

SPAN 312 — Spanish and Latin-American Culture
and Civilization. 5 hours. A survey of Spanish and
Latin-American life and institutions intended as a
background for literary studies and as a preparation
for teaching Spanish. Prerequisite: SPAN 311.

SPAN 341 — Advanced Spanish Conversation. 3
hours. A course designed to develop the student’s
fluency and self-confidence in expressing ideas in
grammatically and phonetically correct Spanish
through the discussion of reading selections and con-
temporary topics. Prerequisite: SPAN 311. Offered in
alternate years.

SPAN 345 — Advanced Spanish Composition. 3
hours. A course designed to develop the student’s
ability to write clearly, accurately, and effectively in Spanish. Some attention will be given to grammar review and vocabulary development, and extensive practice in writing in a variety of contexts will be required. Prerequisite: SPAN 311. Offered in alternate years.

SPAN 361 — Spanish Literature. 3 hours. Spanish literature from Poema del Cid through the 19th century. A survey course that includes a history of the literature and the reading of selected works representative of the various periods. Prerequisite: SPAN 312.

SPAN 362 — Latin-American Literature. 3 hours. Latin-American literature from the Conquistadores through the 19th century. A survey course that includes a history of Latin-American literature and the reading of selected works representative of the various periods. Prerequisite: SPAN 312.

SPAN 363 — 20th Century Spanish and Latin-American Literature. 3 hours. A course that includes a history of the literature of Spain and Latin America of the 20th century, and the reading of selected works representative of the period. Prerequisite: Spanish 312.

SPAN 486 — Topics in Spanish Studies. 1 to 3 hours. The student may select an area of special interest to work on independently. A plan of study will be agreed upon with the instructor. This plan may include Spanish phonetics, advanced readings in Spanish or Latin-American literature, or other similar projects. Prerequisite: Permission of instructor. May be repeated for credit.

**Latin American Studies Program**

The Council for Christian Colleges and Universities Latin American Studies Program is based in San Jose, Costa Rica. It is comprised of Spanish language study and course work in Latin history and culture. The program involves living with a Costa Rican family, participating in community activities, and traveling through neighboring Central American countries. This program is administered by the Department of Modern Languages.

**Department of Communication — COMM**

**Faculty**

**Jay Martinson (1993)**  
Professor of Communication; Chair, Department of Communication  
B.A., 1986, Olivet Nazarene University  
M.S., 1990, University of Illinois  
Ph.D., 1993, University of Illinois

**William DeWees (1992)**  
Assistant Professor of Communication; Director of Broadcasting, WONU  
B.A., 1991, Mt. Vernon Nazarene College  
M.B.A., 1994, Olivet Nazarene University

**Elizabeth Patrick (1994)**  
Associate Professor of Communication  
B.A., 1986, Trevecca Nazarene University  
M.A., 1987, Auburn University  
Doctoral candidate, Nova Southeastern University

**Mark Bishop (2001)**  
Assistant Professor of Communication  
B.A., 1993, Olivet Nazarene University  
Broadcast Meteorology Certification, 1999, Mississippi State University

**Gregg Chenoweth (2002)**  
Associate Professor of Communication  
B.A., 1990, Olivet Nazarene University  
M.A., 1992, Northern Illinois University  
Doctoral Candidate, Wayne State University

Communication plays a complex and profound role in shaping both individuals and society. This department seeks to promote an understanding of this process and an appreciation of both the art and science of communication. To this end the department seeks to provide: (1) an academic experience which teaches effective communication within the framework of Christian principles; and (2) opportunities to put theory into practice for the purpose of personal, professional and academic growth.

Some communication courses will be designated as either writing-intensive or speaking-intensive. While these are not exclusively writing or speaking courses, specific training and skill development exercises will be components of each course.

**Writing-Intensive Courses:**

COMM 241 — Introduction to Journalism  
343 — Advanced Journalism Writing  
346 — Magazine and Feature Article Writing  
347 — Organizational Communication  
391 — Communication Ethics  
457 — Communication Theory  
458 — Rhetorical Theory  
450 — Senior Seminar

**Speaking-Intensive Courses:**

COMM 101 — Public Speaking  
103 — Interpersonal Communication  
221 — Mass Media
Communication Studies Major: 49-64 hours. B.A.

Required:

COMM 101 — Public Speaking
102 — Performance Studies
103 — Interpersonal Communication
150 — HTML
155 — Desktop Publishing
200 — Intro to Communication Studies
201 — Service Learning
221 — Mass Media and Society
250 — Current Trends in Media Technology
341 — Persuasion
391 — Communication Ethics
450 — Senior Seminar
457 — Communication Theory
458 — Rhetorical Theory
466 — Internship (three hours)
ENGL 303 — Descriptive English Grammar
306 — Advanced Writing

and nine hours from the Department of Communication, including COMM 301 Advanced Public Speaking, OR completion of one of the following concentrations:

A: Corporate Communication Concentration

COMM 233 — Small Group Communication
301 — Advanced Public Speaking
347 — Organizational Communication
466 — Internship (three additional hours)

and 12 hours selected from the following:

BSNS 160 — Principles of Management
253 — Principles of Marketing
270 — Principles of Finance
356 — Retail Merchandising
394 — Marketing Management
450 — Small Business Management
457 — Advertising and Promotions

COMM 241 — Introduction to Journalism
330 — Public Relations and Communication
349 — Intercultural Communication
399 — Topics: Corporate Communication
ENGL 315 — Business and Technical Writing
PSYC 324 — Industrial/Organizational Psych

B: Theatre Concentration

COMM 110 — Introduction to Acting
120 — Introduction to Theatre
198/398 — Theatre Practicum (2 hours)
220 — Technical Theatre/Stagecraft
320 — Directing
364 — Dramatic Literature/History
399 — Topics: Theatre
ENGL 318 — Shakespeare

Mass Communication Major: 46-68 hours. B.A.

Required:

COMM 101 — Public Speaking
103 — Interpersonal Communication
or 233 — Small Group Communication
150 — HTML
155 — Desktop Publishing
200 — Intro to Communication Studies
201 — Service Learning
221 — Mass Media and Society
250 — Current Trends in Media Technology
301 — Advanced Public Speaking
341 — Persuasion
391 — Communication Ethics
450 — Senior Seminar
458 — Rhetorical Theory
459 — Media Theory
466, 487, or 497 — Internship (three hours)

and 12 additional hours, including ENGL 303 Descriptive English Grammar, ENGL 306 Advanced Writing, and six elective hours from the Department of Communication.

OR

Completion of one of the following concentrations:

A: Film Studies Concentration*—16 hours

for participation in the Los Angeles Film Studies Program and the following courses:

COMM 120 — Introduction to Theatre
290 — Basic Video Production
320 — Directing
475 — Nonlinear Editing

And select 8-9 hours from the following:

ART 172 — Introduction to Photography
COMM 110 — Introduction to Acting
220 — Technical Theatre/Stagecraft
280 — Writing for TV and Video
364 — Dramatic Lit/History
371 — Studio Production
372 — Remote TV Production & Editing
399 — Special Topics in Media or Theatre
ENGL 202 — Creative Writing
303 — Descriptive English Grammar
306 — Advanced Writing
330 — Visual Literacy
LIT 255 — Survey of American Literature
318 — Shakespeare

*Note: a cumulative grade point average of at least 2.750 is required for admission to the film studies concentration. Acceptance into the Los Angeles Film Studies Program is not guaranteed, but is determined by program directors.

B. Journalism Concentration
COMM 241 — Introduction to Journalism
242 — College Publications (2 hours)
343 — Advanced Journalism Writing
346 — Magazine/Feature Article Writing
348 — Journalism in Democratic Society
399 — Topics: Journalism
487 — Internship (three additional hours)
ENGL 303 — Descriptive English Grammar
or 306 — Advanced Writing

And six hours selected from:
ART 172 — Intro to Photography
272 — Photography II
ENGL 202 — Creative Writing
315 — Business and Technical Writing
COMM 330 — Public Relations/Communication
PSCI 223 — American Government

C. Radio Concentration
COMM 170 — Broadcast Announcing
271 — Broadcast Writing/Production I
274 — Broadcast Writing/Production II
277 — Broadcast Practicum (six hours)
399 — Topics: Radio
497 — Broadcast Internship (three additional hours)
ENGL 303 — Descriptive English Grammar

And six hours selected from:
BSNS 160 — Principles of Management
394 — Marketing Management
457 — Advertising and Promotions

D. Television and Video Production
Concentration
COMM 275 — Television and Video Practicum
(three hours)
280 — Writing for Television and Video
290 — Basic Video Production
371 — Studio Production
372 — Remote TV Productions and Editing
497 — Broadcast Internship (three additional hours)

And nine hours selected from:
ART 123 — Design Studio
275 — Photoshop
COMM 241 — Introduction to Journalism
275 — Television and Video Practicum
320 — Directing
343 — Advanced Journalism Writing
399 — Topics: Media
425 — Television News
475 — Nonlinear Editing

Theatre Minor: 20 hours
Required:
COMM 101 — Public Speaking
110 — Introduction to Acting or
220 — Technical Theatre/Stagecraft
120 — Introduction to Theatre
198 — Theatre Practicum (1 hour)
320 — Directing
364 — Dramatic Literature/History
398 — Theatre Practicum (1 hour)
399 — Topics in Theatre or
LIT 318 — Shakespeare

Communication Studies Minor: 19 hours
Required:
COMM 101 — Public Speaking
102 — Performance Studies
103 — Interpersonal Communication
or 233 — Small Group Communication
200 — Intro to Communication Studies
221 — Mass Media and Society
341 — Persuasion

and three hours of electives in upper-division Communication courses.

Mass Communication Minor: 19 hours
Required:
COMM 101 — Public Speaking
103 — Interpersonal Communication
or 233 — Small Group Communication
200 — Intro to Communication Studies
221 — Mass Media and Society
459 — Media Theory

and six hours of communication coursework in journalism, radio, or television/radio production.
Communication Teaching Minor:
24 hours as approved by the department chair. The student must include coursework from at least three of the following areas: public speaking, interpersonal communication, oral interpretation, and small group communication.

Journalism Teaching Minor: 25 hours
See the Department of English.

Typical Courses Recommended for Communication Majors
Courses will vary according to the specific concentration.

Freshman Year
Introduction to Communication Studies
Fundamentals of Public Speaking
English Composition I, II
General Psychology
Bible I
Laboratory Science
Physical Education
HTML

Sophomore Year
Christian Doctrine
Mass Media and Society
Introduction to Journalism
Language
Interpersonal Communication
Creative Writing
Service Learning
Desktop Publishing
Basic Video Production

Communication Courses

COMM 101 — Fundamentals of Public Speaking. 3 hours. The focus of this course is on the development of oral communication skills. This is accomplished primarily through the teaching of organizational and delivery skills. It also emphasizes the importance of critical listening, audience adaptation, and responsible research as necessary components in effective communication. The primary mode of student evaluation in this course comes from the delivery of various speeches.

COMM 102 — Performance Studies. 3 hours. The student will learn theories and skills for the oral performance of various types of literary texts, including dramatic literature, prose, and poetry. Also explores the development of programs on a theme.

COMM 103 — Interpersonal Communication. 3 hours. Communication theory and its value in interpersonal relationships; attention is given to the development of insights regarding the process of communication as well as the developments of techniques and skills in the communication of ideas through class activities.

COMM 110 — Introduction to Acting. 3 hours. Study of the process of analyzing and creating roles for performance. Students will develop technical performance skills through scenework. Theories of acting will be analyzed and applied. Offered in alternate years.

COMM 120 — Introduction to Theatre. 3 hours. The study of the theatre as an art form. This course will integrate various approaches to the study and appreciation of the theatre, including its performance and historical and literary aspects. Major project includes production work on the current school play. Offered in alternate years.

COMM 150 — HTML. 1 hour. This workshop course is designed to teach the basics of writing in HTML and in Web-page construction and maintenance. Students already possessing these skills will have the opportunity of acquiring credit for this course by proving proficiency.

COMM 155 — Desktop Publishing. 1 hour. This workshop course is designed to teach the basics of desktop publishing. Students already possessing these skills will have the opportunity of acquiring credit for this course by proving proficiency.

COMM 170 — Broadcast Announcing. 2 hours. Emphasizes the communication and performance skills that are essential for successful announcing. Topics include: interpreting copy, voice and diction, broadcast interviewing, and sports and music announcing. Students are given practical experience with broadcast studio equipment necessary for announcing. COMM 277 must be taken concurrently with this course.

COMM 198, 398 — Dramatic Practicum. 1 hour. Credit will be granted to persons who make major contributions to a theatrical production on campus. Participation may include acting, assistant directing, lighting, set design/construction, etc. Up to four credit hours may be earned in this manner. Determination of credit and major contribution is to be judged by the faculty member directing the production. Each practicum hour will require approximately four working hours per week.

COMM 200 — Introduction to Communication Studies. 1 hour. An introduction to speech communication literature, to the place of speech communication among related academic communities, and to methods and modes of research in speech communication. Students will be required to investigate and report on a specific area of study with speech communication.

COMM 201 — Service Learning. 1 hour. Each major within the department will utilize the student’s particu-
lar communication skills in the context of service to the off-campus community. Typical service learning experiences may include helping a nonprofit organization with a special project (i.e., video, brochures, fundraising, dramatic presentations, etc.). A minimum of 30 clock hours per credit hour must be spent on the particular project. Students may only be enrolled in one hour per semester. Each service learning project must be approved and supervised by the student's adviser. Each major must earn two hours.

COMM 220 — Technical Theatre/Stagecraft. 3 hours. An intermediate hands-on course in the study of theatrical design with primary emphasis on lighting and scenic design. Costume/Makeup design will receive brief attention. Throughout the course students will practice design, construction, and implementation skills in conjunction with the current theatrical production, along with individual projects. Prerequisite: COMM 120 (Introduction to Theatre). Offered in alternate years.

COMM 221 — Mass Media and Society. 3 hours. History and current issues in mass communication; examines basic technology, social and regulatory control, economics, audience uses and gratification, and media effects on individuals and society. Prerequisite: COMM 101.

COMM 233 — Small Group Communication. 3 hours. Designed to help the student develop the skills necessary (problem-solving, creative thinking, decision-making) for effective communication in the small group through appropriate readings and by providing related group activities.

COMM 241 — Introduction to Journalism. 3 hours. An introduction to the journalistic writing style. Emphasis is on learning what is news, how to gather news, and how to write news stories. Students are encouraged to publish in the local press, especially the student newspaper.

COMM 242 — College Publication Practicum. 1 hour. The emphasis is on the development of skills in newswriting, editing, and layout and design for the student literary magazine, newspaper or yearbook. Practicum may be repeated up to six credit hours, but only two hours are required for the journalism concentration. Each practicum hour will require approximately four working hours per week. The student's training will be under the direct supervision of the journalism instructor and the executive editors of the publications.

COMM 250 — Current Trends in Media Technology. 1 hour. This workshop course will familiarize students with emerging forms of multimedia technology and will explore their potential applications. Topics may include converging digital technologies and multimedia; the Internet and the World Wide Web; communication satellites; video distribution systems including cable, video cassettes and disks; and virtual reality.

COMM 271 — Broadcast Writing and Production I. 3 hours. The many facets of writing for broadcast media will be explored. Students will learn foundational principles of copywriting, particularly for television and radio. A team concept will be employed which will allow students the opportunity to write scripts for actual radio and video productions. Some formats covered will be commercials, public service announcements, and news. Attention will also be given to learning basic skills such as studio operation, digital editing, etc.

COMM 274 — Broadcast Writing & Production II. 3 hours. Advanced multi-track production utilizing sfx and music beds. Targeting scripts to the appropriate audience. Will focus on advanced script writing strategies. Will use the combination of writing and production to evoke a desired audience response through persuasion, imaging, and perception management.

275 — Television and Video Practicum. 1-6 hours. Students will need extra time beyond class time to write, shoot, and edit projects. One practicum hour is equal to 40 hours per semester. Applies to COMM 290, 371, 372.

COMM 277 — Broadcast Practicum. 1 hour. Practical experience in the campus radio station by serving in a wide variety of areas from station management to staff announcer. Practicum may be repeated up to six credit hours. Each practicum hour will require approximately four working hours per week. Corequisite: COMM 170, 271, or 274.

COMM 280 — Writing for Television and Video. 3 hours. A survey of television and video script formats. Each student will not only study script formats, but will also be required to write original scripts in these areas.

COMM 290 — Basic Video Production. 3 hours. This production and post-production course will train students in the fundamentals of camera work, general lighting, and linear editing, with special emphasis placed on shooting and editing video projects. Each student will be part of their own production team that works on several projects. Upon completion, students will possess a working video vocabulary and be prepared for more advanced courses.

COMM 301 — Advanced Public Speaking/Debate. 3 hours. This course is designed to give the student frequent and intense experience in public speaking and debate. This course emphasizes the importance of clarity and understanding of informative messages and power of persuasive messages. Attention is given to the process of analyzing an issue, structuring arguments, using evidence, and handling refutation and rebuttal in oral communication. Prerequisite: COMM 101.

COMM 320 — Directing. 3 hours. An examination of the directorial process from script analysis to actual theatrical production. This course examines such topics as dramaturgy, blocking, stage movement, casting, rehearsal, production, and communication with designers. Students will provide direction for scene work in class and work on a scene or one-act play for the Department of Communication's annual "Night
of Performance." Prerequisites: COMM 120 and COMM 364. Offered in alternate years.

COMM 330 — Public Relations and Communication. 3 hours. This course will examine both skills and strategy involved in designing effective public relations messages. It will do so through writing exercises, analysis of case studies, and the design of a campaign to improve the image of an organization. This course will also address ethical issues related to public relations.

COMM 341 — Persuasion 3 hours. A study of principles and techniques of attitude and behavior change at group and societal levels. Special attention will be given to the use and misuse of propaganda. Term project will include the production of an actual persuasive campaign based on principles developed earlier in the term. Prerequisite: COMM 101.

COMM 343 — Advanced Journalism Writing. 3 hours. Examines investigative reporting approaches and techniques as well as interviewing skills. Covers specialized beats including education, government, crime, sciences, sports, and business. This course also examines the fundamentals of editing.

COMM 346 — Magazine and Feature Article Writing. 3 hours. A study of various magazine formats and nonfiction article types will precede intensive feature article writing assignments. Students will be encouraged to submit articles to various markets. Prerequisite: COMM 290 or approval of instructor. Offered in alternate years.

COMM 347 — Organizational Communication. 3 hours. The purpose of this course is to examine and develop some proficiency in the skills that are necessary to effectively communicate within organizations as well as between organizations and their constituencies. Of particular interest are topics such as conflict resolution, developing trust, clear presentation of organizational image, and decision-making in organizations. Offered in alternate years.

COMM 348 — Journalism in a Democratic Society. 3 hours. Presents the history and role of the free press within the United States and other democratic societies. Examines basic economic, political, and social issues of tension that exist within journalism.

COMM 349 — Intercultural Communication. 3 hours. Similarities and differences of communication patterns across cultures are the foci of this course. Of particular concern will be communication rituals, nonverbal signals, and communication patterns of cultural groups.

COMM 364 — Dramatic Literature/History. 3 hours. Survey course examining representative plays from each period of theatre history. Special attention is paid to the cultural and historical factors influencing the development and decline of each period. Prerequisite: LIT 200.

COMM 371 — Studio Production. 3 hours. Students organize, write, produce, and direct an in-studio program. Students acquire familiarity with all positions, including camera, lighting, audio, and floor-directing. Prerequisite: COMM 290 or approval of instructor.

COMM 372 — Remote TV Productions and Editing. 3 hours. Focuses on projects in a non-studio environment using portable video equipment. Provides practical experience in remote shooting. Projects include shooting commercials, press conferences, sports events, dramas, and music videos. Students will also learn how to edit their projects on a digital linear editing system. Prerequisite: COMM 290.

COMM 391 — Communication Ethics. 3 hours. A variety of ethical systems (Christian, utilitarian, Aristotelian, etc.) will be used in this course to assist the student in developing a means of making and evaluating ethical decisions in communication. A case study approach will be used to examine the role of ethics in public relations, journalism, and broadcasting. Prerequisite: COMM 101.

COMM 399 — Special Topics in Communication. 3 hours. Each “Special Topics” course will explore in depth one particular topic within one of the major areas of study: radio, journalism, theatre, corporate communication, television and video production, and film studies. “Special Topics” courses will rotate among these six areas of study.

COMM 425 — Television News. 3 hours. An in-depth study of television news. From reporting a breaking story to scripting and composing the shot, students will learn key elements of the TV news business. Producing and reporting will be the key factors, along with the daily newsroom routine.

COMM 450 — Senior Seminar. 1 hour. Designed to integrate previous studies in speech communication, this course stresses refinement of students' analytical abilities and public speaking skills by providing opportunities for individual projects. Other considerations include preparation for graduate school and career options. Prerequisite: COMM 101.

COMM 457 — Communication Theory. 3 hours. The purpose of this course will be to provide an in-depth look at some of the dominant theories being used in the study of human communication today. Some of the topics to be covered will be symbolic interactionism, rhetorical sensitivity, coordinated management of meaning, systems theory, and information processing. Prerequisites: A total of at least 15 hours in the major, or approval of the instructor. Offered in alternate years.

COMM 458 — Rhetorical Theory. 3 hours. Reading and detailed study of the theories of principal rhetoricians from ancient to modern times. Attention will be given to research techniques in rhetoric; students will conduct a major research project. Prerequisites: A total of at least 15 hours completed in the major, or approval of instructor. Offered in alternate years.

COMM 459 — Media Theory. 3 hours. Examines the major theories that describe, predict, and critique
mass communication and media effects. It will review the dynamic roles that mass media play in both reflecting and shaping society and media consumers.

**COMM 466 — Communication Internship. 1-6 hours.**
The student will intern under the supervision of a professional in an off-campus organization. Typically the internship might include practical experience in public relations. The practicum should not be taken until after the junior year or until most required courses in the major have been completed. A minimum of 40 clock hours per credit hour must be spent on site. The student is expected to be an active participant in securing the practicum experience. Students must be registered during the term of the internship. No more than three hours of Communication Internship may be applied to the minimum number of hours required for the communication minor.

**COMM 475 — Nonlinear Editing. 3 hours.** An introduction to advanced editing with a nonlinear editing system. Students will integrate character generator, graphics, digital effects, and music. The principles of storytelling and visual continuity will be stressed. Students will have special projects tailored to their specific interests, which then can be used as a professional demonstration reel.

**COMM 487 — Journalism Internship. 1-6 hours.** A work experience for seniors at a newspaper or media-related company. Emphasis is on writing, editing, researching or doing production projects. On-the-job and faculty supervisors evaluate the student. A daily log and practicum report are required. Pass/Fail grading. Prerequisites: COMM 241 and COMM 346 or approval of instructor.

**COMM 497 — Broadcast Internship. 1-6 hours.** The student will intern at a broadcast facility for direct exposure to the everyday operation of broadcasting. The practicum should not be taken until after the junior year or until all required courses in broadcasting have been completed. A minimum of 40 clock hours must be spent on site for each credit hour. The student is expected to be an active participant in securing the internship experience. Students must be registered during the term of the internship.

---

**Los Angeles Film Studies Center**

The Council for Christian Colleges and Universities Los Angeles Film Studies Center operates in Burbank, California. It is comprised of classroom work in the role and place of Christians in the arts, and a half-time policy or production-level internship in a film-related business or agency. The goal of the program is to place graduates in policy-level positions in the film industry. The program is administered by the Department of Communication.
The Division of Natural Sciences includes the departments of Biological Sciences, Chemistry, Computer Science, Geological Sciences, Mathematics, and Engineering, with courses also in physics.

The general purpose of the Division is to integrate the aims and the work of the various departments. The aim for each is not the acquisition of knowledge alone, but the developing of logical and orderly thinking habits. The objective is to acquaint the student with the scientific method as a means for arriving at the truth and to show that there is harmony between science and religion.

Further aims are given more in detail in the introduction for each department, together with requirements for majors in the various fields.
Interdisciplinary Majors in the Physical Sciences

This major is offered providing emphases in such areas as biophysics, geophysics, biochemistry, geochemistry, chemical physics, mathematical physics, and ecology, depending upon the student's interest.

Physical Science Major: 66-81 hours. B.A.

Required:
CHEM 103, 104 — General Chemistry
PHYS 201, 202 — General Physics
MATH 147, 148 — Calculus I and II

Plus a minimum of 40-55 additional hours in science (may be part biological or math), with a minimum of 20 additional hours in one department. The curriculum would be tailor-made to fit the vocational-professional needs of the student and would be determined by a committee composed of representatives from each department involved (e.g., biophysics — one person from biology and one from physics). In addition to these members who would be responsible for the details of an individual student's curriculum, the heads of the represented departments and the divisional head would be ex officio members of the committee.

Physical Science Major: 76-93 hours. B.S.

Required:
CHEM 103, 104 — General Chemistry
PHYS 201, 202 — General Physics
MATH 147, 148 — Calculus I and II

Plus CSIS 102 or 251 and a minimum of 46-63 hours in science (may be part biological science or mathematics), with a minimum of 24 additional hours in one department.

Environmental Science Major

Bachelor of Science: 52-55 hours. B.S.

Core Courses: 41 hours
BIOL 125 — Biology I
126 — Biology II
370 — Ecology
380 — Toxicology
CHEM 103 — General Chemistry I
104 — General Chemistry II
GEOL 105 — Physical and Historical Geology
330 — Hydrology
385 — Environmental Geochemistry
NCSI 105 — Introduction Environmental Science
360 — Geographic Information Systems
395 — Seminar in Environmental Science
450 — Research/Internship

In addition to the core courses, three of the following courses are required, with a maximum of two courses from any one department: 11-14 hours approved by the Division of Natural Sciences.

BIOL 320 — Genetics and Biomolecules
350 — Plant Anatomy and Morphology
351 — Plant Physiological Ecology
356 — Microbiology
360 — Invertebrate Zoology
361 — Comparative Anatomy
CHEM 301 — Quantitative Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 — Physical Chemistry: Thermodynamics
392 — Physical Chemistry: Kinetics/Molecular Structure
410 — Instrumental Methods of Analysis
ENGN 261 — Statics/Mechanics of Materials
262 — Dynamics
380 — Thermodynamics
420 — Fluid Mechanics
GEOL 300 — Paleontology/Earth History
320 — Geomorphology/Surface Processes
356 — Mineralogy/Petrology
362 — Sedimentology/Stratigraphy
366 — Structural Geology/Field Methods

Courses taken at the AuSable Institute may also count toward these additional hours.

Required Supporting Courses:
MATH 147 — Calculus I
148 — Calculus II
241 — Statistics
PHYS — one year of physics
CSIS 102 — Introduction to Programming
251 — Principles of Programming

Recommended Supporting Courses:
ECON 111, 112 — Principles of Microeconomics and Macroeconomics
PSCI 223 — American Government

Science Education Major: 54-64 hours.
B.A. or B.S.

Required Core Courses:
BIOL 125 — Biology I
126 — Biology II
CHEM 103 — General Chemistry I  
104 — General Chemistry II  
GEOL 105 — Physical/Historical Geology  
130 — Astronomy  
NSCI 310 — Environmental Science/Technology for Teachers  
PHYS 121 — College Physics I or  
201 — General Physics I  
122 — College Physics II or  
202 — General Physics II  

In addition to the core courses, the science education major must complete one of the following concentrations:

A. Biology Concentration  
BIOL 320 — Genetics  
351 — Plant Physiological Ecology  
356 — Microbiology  
360 — Invertebrate Zoology  
361 — Comparative Anatomy  
455 — Physiology  
495 — Seminar in Biology (1 hour)  

Required Supporting Courses:  
MATH 131 — College Algebra/Trigonometry or  
147 — Calculus I  

B. Chemistry Concentration  
CHEM 301 — Quantitative Analysis  
311 — Organic Chemistry I  
312 — Organic Chemistry II  
320 — Inorganic Chemistry or  
385 — Environmental Geochemistry  
495 — Seminar in Chemistry (one hour)  

Required Supporting Courses:  
MATH 147 — Calculus I  
148 — Calculus II  

C. Earth/Space Concentration  
GEOL 310 — The Earth’s Weather  
300 — Paleontology and Earth History  
330 — Hydrogeology  
345 — Tools of Astronomy  
360 — Geographic Information Systems  
362 — Sedimentology/Stratigraphy  

Required Supporting Courses:  
MATH 147 — Calculus I  
148 — Calculus II  

Plus the required professional education courses.

Interdepartmental Teaching Minors

The division offers the following interdepartmental teaching minors:

General Science Teaching Minor

Required: 24 hours of natural sciences, including eight hours of biology and eight hours of physical sciences. Not open to teaching majors in science education

Physical Science Teaching Minor:

Required: 24 hours of physical sciences. The number of hours needed to obtain teaching endorsements in specific areas of physical science varies as follows: astronomy (five hours); chemistry (10 hours); earth science/geology (eight hours); and physics (10 hours). Not open to science education majors.

Preprofessional Programs

Premedical

A student pursuing a preprofessional program in medicine (allopathic osteopathic, podiatric, etc.) will be advised to take a number of courses in biology, chemistry, mathematics and physics. Most successful premedical students take either a biology or chemistry major, or a double major of chemistry and biology.

Although it is possible to gain entry into a medical school with a major from outside the sciences, it is necessary for a student to emphasize the sciences very strongly. The liberal arts foundation at Olivet is a definite asset to medical studies. Premedical students are normally advised by a faculty member in their major field of study.

Pre-Dentistry

A major in biology or chemistry should be supported by a minor in the field not chosen as a major (biology or chemistry). The student will be advised by a faculty member in the departments of Biology or Chemistry.
Pre-Veterinarian

A major in biology is preferred, supported by a strong minor in chemistry. The student is advised to work into his or her summer schedule some courses in animal science. The student will also need some practical experience working for a veterinarian. The student will be advised by a faculty member in the departments of Biology or Chemistry.

Pre-Pharmacy

Normally, a student interested in pre-pharmacy would complete a bachelor's degree with a major in chemistry and/or biology. Following student's first two years, he or she should work closely with a faculty adviser from one of these departments to communicate directly with the pharmacy school of his or her choice. This is to assure completion of appropriate coursework that may be required for admission into that particular school's program.

Pre-Optometry

A biology or chemistry major is recommended. Physics should also be included in the program at Olivet, along with mathematics.

Pre-Physician's Assistant

A biology major with a strong chemistry minor is recommended. A student planning to apply to this program is advised to write the schools he or she is interested in attending for graduate work in order to learn about specific requirements. The student will be advised by a faculty member in the Department of Biology or the Department of Chemistry.

Pre-Physical Therapy

A fully certified program in physical therapy is customarily offered at the graduate level. At the undergraduate level at Olivet, a person interested in physical therapy would major in exercise science, biological science or psychology. In addition, completion of the following courses is strongly recommended. These are most often required for admission to the graduate schools:

- EXSS 147 — Introduction to Athletic Training
- PHED 202 — Aerobics/Swimming
- 360 — Physiology of Exercise
- 370 — Adaptive and Corrective Physical Education
- 472 — Kinesiology
- BIOL 246, 247 — Human Anatomy/Physiology
- 361 — Comparative Anatomy
- 455 — Physiology
- PSYC 102 — General Psychology I
- 103 — General Psychology II
- 211 — Child Developmental Psychology
- 345 — Physiological Psychology
- CHEM 103 and 104 — General Chemistry I, II
- PHYS 121 and 122
  or PHYS 201 and 202 — Physics I, II
- MATH 147 — Calculus I
- COMM 101 — Public Speaking

Degree Program in Clinical Laboratory Science

Requirements for the baccalaureate degree with a major in clinical laboratory science (formerly known as "medical technology") include:

1. Completion of a minimum of 98 semester hours, including the general and group requirements for the degree. This is usually accomplished in three years of preprofessional studies. The junior year at Olivet is considered to be the last year in residence indicated in the general requirements.

2. Completion of the clinical laboratory science program at a school accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Normally 30-32 upper-division hours will be granted for the program, which will apply to requirements for the major. The number of upper-division hours accepted will depend upon the number of credit hours granted by the NAACLS-accredited school.

Olivet Nazarene University has an affiliation with the following school of clinical laboratory science: Saint Margaret Mercy, Hammond, Indiana. Although students are permitted to choose other schools, it is their responsibility to check with the clinical laboratory science adviser to be certain that an acceptable accredited school is chosen.
Clinical Laboratory Science Major: 50-51 Hours. B.A. or B.S.

Required:
BIOL 125, 126 — Biology I, II
320 — Genetics
356 — Microbiology
359 — Immunology
484 — Molecular and Cell Biology
CHEM 103 — General Chemistry I
104 — General Chemistry II
301 — Quantitative Analysis
311 — Organic Chemistry I
MATH 131 — Algebra and Trigonometry
or 147 — Calculus I

To be supported by one course selected from:
BIOL 246, 247 — Human Anatomy and Physiology I, II
CHEM 312 — Organic Chemistry II
CHEM 410 — Instrumental Methods of Analysis

Alternate Degree Program for Clinical Laboratory Science

Instead of a baccalaureate degree with a major in clinical laboratory science, a student may choose a major in chemistry, biology, or another related field at Olivet, and then complete a fifth year of clinical training at an NAACLS-accredited school. While this is a major in chemistry or biology and not clinical laboratory science, it would qualify the student for a career as a clinical laboratory scientist. Students choosing this alternate program should check in advance with NAACLS-accredited schools to see what preferences or requirements each may have regarding the student's selection of the major area and courses.

Nuclear Medicine Technology

Instead of clinical laboratory science, students may wish to pursue the related area, nuclear medicine technology. For details, interested students should see the clinical laboratory science adviser.

AuSable Institute

Olivet Nazarene University is a participating college with AuSable Institute, located in Northern Michigan. AuSable offers courses and programs in environmental stewardship for college students from evangelical Christian colleges.

Field courses in biology, chemistry, and geology are offered, emphasizing ecological awareness and knowledge. AuSable offers fellowships and grants, and provides opportunities for discussion of current environmental issues from a Christian perspective.

The following courses are offered at the AuSable Institute. Contact the ONU campus representative in the Division of Natural Sciences for course descriptions.

BIOL 220 — Environmental Science in Stewardship Perspective
302 — Limnology
303 — Natural Resources Practicum
305 — Ornithology
310 — Winter Biology
311 — Field Botany
312 — Insect Biology and Ecology
315 — Woody Plants
321 — Animal Ecology
322 — Aquatic Biology
342 — Fish Biology and Ecology
346 — Winter Stream Ecology
380 — Natural History in Spring
482 — Restoration Ecology
CHEM 332 — Environmental Chemistry
GEOL 316 — Field Geology

Latin American Studies Program

The Council for Christian Colleges and Universities Latin American Studies Program is based in San Jose, Costa Rica. It is comprised of Spanish language study, coursework in Latin history and culture, and scientific study in the rain forest. The program involves living with a Costa Rican family, participating in community activities, and traveling through neighboring Central American countries. This program is administered by the Department of Modern Languages in cooperation with the Division of Natural Sciences.

Natural Science — NSCI

NSCI 102 — General Physical Science. 4 hours. A broad survey course designed for the liberal art student. Major concepts from astronomy, chemistry,
geology, physics, and meteorology are used in a way that develops the students' understanding of humans' physical environment, and at the same time indicates the special contribution of each discipline to this understanding. (Open only to students without previous physics, chemistry, or earth science courses either in high school or college.) Three hours lecture, three hours laboratory.

NSCI 105 — Introduction to Environmental Science. 1 hour. An introductory overview of environmental science. This course will investigate current environmental issues and problems, and will incorporate student projects. Required for environmental science majors.

NSCI 107 — Engineering Graphics. 3 hours. Same as ENGN 107 — Engineering Graphics.

NSCI 301 — Science, Technology, and the Environment. 3-4 hours. Study of topics relating to science and technology and their impact on society and the environment. Prerequisite: a laboratory science course.

NSCI 310 — Environmental Science, Technology, and Society for Teachers. 4 hours. Environmental science, ecological principles, the Earth's weather, and the interrelationships of science, technology, and society for elementary, early childhood, and secondary science teachers. Historical and contemporary contexts will be emphasized. Laboratory will utilize a wide range of instructional resources and technologies supportive of scientific learning for the classroom. Three hours lecture, two hours laboratory. Prerequisites: BIOL 101 or 125, EDUC 150.

NSCI 360 — Geographic Information Systems (GIS) and Global Positioning Systems (GPS). 3 hours. GIS is a multilayered geographic mapping and analysis set of computer programs designed to integrate many sources of information to address various physical and social problems (e.g., tropical deforestation, arrays of public utilities, topographic and geologic resource distribution patterns, urbanization, overpopulation, hunger, agriculture, acid rain, economic and business questions). GIS helps organize data and their spatial relationships. GPS uses hand-held receivers of satellite array data to determine location and altitude of any point on the earth. This information is downloaded to a GIS to create a map layer, which can be combined with other physical or cultural data. A digitizer will also be used to input map information. Students will collect GPS and other data to create maps using GIS software and various print technologies. Prerequisite: a laboratory science course. 2 lecture periods and 1 laboratory period.

NSCI 395 — Seminar in Environmental Science. ½ hour each semester. Discussion-oriented course to investigate current topics of importance for environmental science majors. Two semesters required for environmental science majors.

NSCI 450 — Research/Internship in Environmental Science. 3 hours. A research or intern experience in the student's area of interest as related to the environment. Research will include library, laboratory, and/or field work. An internship may consist of project work and professional cooperation with any number of public or private corporations (e.g., city and county planning commissions, park districts, engineering and consulting companies, state and government agencies, etc.).

Department of Biological Sciences — BIOL

Faculty

RICHARD COLLING (1981)
Professor of Biology; Chair, Department of Biological Sciences
B.A., 1976, Olivet Nazarene University
Ph.D., 1980, University of Kansas

ROBERT W. WRIGHT (1969)
Professor of Biology
B.A., 1965, Los Angeles Pacific College
M.A., Ph.D., 1970, University of California

RANDAL JOHNSTON (1986)
Professor of Biology
B.A., 1976, Trinity College
M.S., 1982, Idaho State University
D.A., 1983, Idaho State University

DWIGHT GINN (1992)
Professor of Biology
B.A., 1978, Taylor University
M.S., 1983, Purdue University
Ph.D., 1989, The Ohio State University

GREGORY LONG (1995)
Professor of Biology
B.S., 1984, Olivet Nazarene University
Ph.D., 1989, University of Arkansas for Medical Sciences

The Department of Biological Sciences seeks to prepare students to teach biology in public schools, pursue graduate studies, enter medical school or related health sciences, secure research or industrial lab positions, enter biologically related industrial management and/or governmental positions, or enter agriculturally related areas.
In addition, the Department of Biological Sciences curriculum provides training for students fulfilling the general education requirements of the University and for students who desire to expand their knowledge and understanding of biological principles.

Biological knowledge arranges itself naturally according to levels of organization. Each level (molecular, cellular, individual, and ecological) has its own rationale, principles, techniques, and language. It is desired that all biology students have experience with each level for the wealth of understanding that such training brings to the person’s own academic specialty.

All majors in the Department of Biological Sciences at Olivet take a sequence of courses designed to convey the body of thought and information which is essential to the undergraduate training of biologists regardless of their ultimate specialization.

Students majoring in the Department of Biological Sciences may earn either the Bachelor of Arts or Bachelor of Science degree.

Nonteaching biology majors satisfy the general education requirement in Group 7 — personal health — by virtue of courses required for this major.

For more detailed information on facilities, programs and career opportunities, contact the Office of Admissions or the Chair of the Department of Biological Sciences.

---

**Core Courses for All Majors in Biology:**

BIOL 125 — Biology I

126 — Biology II

320 — Genetics

356 — Microbiology

*361 — Comparative Anatomy

370 — Ecology

*455 — Physiology

495 — Seminar in Biology (1 hour)

*These courses may be substituted with BIOL 246, 247 (Human Anatomy and Physiology I and II) with the approval of the departmental faculty.

---

**Biology Major: 36 hours. B.A.**

**Required:**

Core courses for all biology majors, plus seven additional hours of biology selected from:

- BIOL 301 — Medical Terminology
- 310 — Principles of Biochemistry
- 350 — Plant Anatomy and Morphology
- 351 — Plant Physiological Ecology and Systematics
- 354 — Developmental Biology
- 359 — Immunology
- 360 — Invertebrate Zoology
- 380 — Toxicology
- 430 — Neurobiology
- 440 — Advanced Genetics
- 459 — Medical Microbiology
- 484 — Molecular and Cell Biology
- 490 — Research in Biology

---

**Required Supporting Courses:**

CHEM 103 — General Chemistry I

104 — General Chemistry II

One course in Mathematics

---

**Biology Major: 44 hours. B.S.**

**Required:**

Core courses for all biology majors, BIOL 484 — Molecular and Cell Biology, plus 11 hours selected from:

- BIOL 301 — Medical Terminology
- 310 — Principles of Biochemistry
- 350 — Plant Anatomy and Morphology
- 351 — Plant Physiological Ecology and Systematics
- 354 — Developmental Biology
- 359 — Immunology
- 360 — Invertebrate Zoology
- 380 — Toxicology
- 430 — Neurobiology
- 440 — Advanced Genetics
- 459 — Medical Microbiology
- 490 — Research in Biology

**To be supported by:**

CHEM 103 — General Chemistry I

104 — General Chemistry II

311 — Organic Chemistry I

MATH 147 — Calculus I

241 — Statistics

One year of Physics

**Recommended Supporting Courses:**

CHEM 301 — Quantitative Analysis

312 — Organic Chemistry II

MATH 148 — Calculus II
Zoology Major: 36 hours. B.A.

BIOL 125 — Biology I
126 — Biology II
320 — Genetics
356 — Microbiology
361 — Comparative Anatomy
370 — Ecology
455 — Physiology
495 — Seminar in Biology

Plus seven hours of biology selected from:

BIOL 301 — Medical Terminology
310 — Principles of Biochemistry
354 — Developmental Biology
359 — Immunology
360 — Invertebrate Zoology
380 — Toxicology
430 — Neurobiology
440 — Advanced Genetics
459 — Medical Microbiology
484 — Molecular and Cell Biology
490 — Research in Biology

Required Supporting Courses:

CHEM 103 — General Chemistry I
CHEM 104 — General Chemistry II
MATH 131 or higher

Zoology Major: 44 hours. B.S.

BIOL 125 — Biology I
126 — Biology II
320 — Genetics
356 — Microbiology
361 — Comparative Anatomy
370 — Ecology
455 — Physiology
484 — Molecular and Cell Biology
490 — Research in Biology

Plus 11 hours of biology selected from:

BIOL 301 — Medical Terminology
310 — Principles of Biochemistry
354 — Developmental Biology
359 — Immunology
360 — Invertebrate Zoology
380 — Toxicology
430 — Neurobiology
440 — Advanced Genetics
459 — Medical Microbiology
490 — Research in Biology

Required Supporting Courses:

CHEM 103 — General Chemistry I
104 — General Chemistry II
143 — Calculus I
241 — Statistics
Physics (one-year sequence)

Biology Minor: 16 hours

Required:

BIOL 125 — Biology I
126 — Biology II
Additional courses to be approved by the chair of the department.

Biology Teaching Minor: 24 hours

Required:

BIOL 125 — Biology I
126 — Biology II
246 — Human Anatomy and Physiology I
or 247 — Human Anatomy and Physiology II
320 — Genetics
350 — Plant Anatomy and Morphology
or 351 — Plant Physiological Ecology and Systematics
370 — Ecology
495 — Seminar in Biology (one hour)

Required Supporting Courses:

CHEM 103 — General Chemistry I
104 — General Chemistry II

Zoology Minor: 16 hours

Required:

BIOL 125 — Biology I
126 — Biology II
Additional courses to be approved by the chair of the department.

Typical courses for all Biology majors:

Freshman Year
Biology I, II
General Chemistry I, II
Freshman Composition I, II
Bible I
Physical Education
Introduction to Fine Arts
Mathematics

Sophomore Year
Genetics
Ecology
Biology Elective
Organic Chemistry
Christian Doctrine
General Psychology
Biology Courses

BIOL 101 — Introduction to Biology. 4 hours. Principles of life are introduced, for the beginning student, with emphasis on the presentation of the plant and animal kingdoms, the cell, and the cell processes. Three lecture periods and one laboratory period. This course does not apply toward a biology major.

BIOL 125 — Biology I. 4 hours. Beginning course for all biology majors. Study of biomolecules, cell structure and function, energy, metabolism, photosynthesis, genetics, history of life, and diversity of animal life. Three lecture periods and one laboratory period.

BIOL 126 — Biology II. 4 hours. The second course for all biology majors. Study of plant diversity, and plant and animal anatomy, physiology, and development. Three lecture periods and one laboratory period. Prerequisite: BIOL 125

BIOL 164 — Human Biology. 4-5 hours. A non-major laboratory science course to study the human body in health and disease. Basic anatomical and physiological information concerning cells, tissues, and the 10 organ systems will be studied. Relevant applications will be included.

BIOL 210 — Microbiology for the Life Sciences. 4 hours. An introductory nonmajor microbiology course for nursing students, physical education students, and non-science majors. This course is an overview survey designed to acquaint students with basic principles of microbiology. In addition, the course will help students to develop sound aseptic laboratory technique as they study the growth and cultural characteristics of microorganisms. Special lecture emphasis is placed upon the application of microbiology in patient care. Prerequisite: CHEM 100. Three lecture periods and two laboratory periods per week.

BIOL 246 — Human Anatomy and Physiology I. 4 hours. This course is the first of a two-semester overall sequence. Both courses consider the gross morphology and physiology of the human body using the organ system approach. BIOL 246 focuses upon cells, tissues, skin, skeleton, muscle, nervous, and sensory systems. Lecture and laboratory. Three lecture periods and one laboratory period.

BIOL 247 — Human Anatomy and Physiology II. This course is the second of a two-semester overall sequence. It considers circulatory, respiratory, digestive, excretory, endocrine, and reproductive systems of the human body. Three lecture periods and one laboratory period.

BIOL 301 — Medical Terminology. 2 hours. A specialized course designed to familiarize the student with the unique terminology related to specialized fields of medicine. Primarily for pre-physical therapy students. No prerequisites.

BIOL 310 — Principles of Biochemistry. 3 hours. This course will study central biochemical principles that demonstrate the relationship of structure to function in bioenergetics, regulation, and other cellular activities. Special emphasis is placed upon the physical, chemical, and biological context in which molecules and metabolic pathways function. Animal, plant, and microbial systems are given balanced treatment and are often covered together to highlight similarities and distinctions. Important experimental techniques that underlie advances in biochemistry, molecular biology, and cell biology are explained in the context of concepts and principles. Additional coverage of proteins, enzyme structure and function, DNA, and RNA is included. Prerequisites: BIOL 125 or 126, CHEM 104, CHEM 311, or consent of instructor.

BIOL 320 — Genetics. 4 hours. Basic biochemical concepts are utilized to understand the principles of heredity and variation. This course includes a study of the gene: its structure, function, and chemistry, with emphasis on mutation, regulation, and transmission of hereditary traits in individuals and populations. Modern concepts of recombinant DNA, somatic hybridization, gene manipulation, and recombination are also addressed. The effects of the environment and infectious agents on genetic expression are also discussed as they relate to genetic disorders and variation in genetic expression. Three lecture periods, one laboratory period, and one problem-solving session per week. Prerequisites: BIOL 125, BIOL 126, or consent of the instructor.

BIOL 350 — Plant Anatomy and Morphology. 4 hours. Study of the microscopic internal structure of seed plants and the reproductive and developmental strategies of representative nonvascular and vascular plants. Prerequisites: BIOL 125 and 126. Three lecture periods and one laboratory period per week.

BIOL 351 — Plant Physiological Ecology and Systematics. 4 hours. Study of the physical and chemical basis of plant life and plant classification with emphasis on adaptation and distribution within the environment. Prerequisites: BIOL 125 and 126. Three lecture periods and one laboratory period per week.

BIOL 354 — Developmental Biology. 4 hours. This is a study of the processes involved in the development of an organism from a fertilized cell. The study includes both classical embryological concepts as well as modern principles. Although emphasis is placed on the development of vertebrates, the development of various invertebrates is also examined. Prerequisite: BIOL 125 and 126. Recommended prerequisite: BIOL 320. Three lecture periods and one laboratory period per week.

BIOL 356 — Microbiology. 5 hours. An introduction to the microorganisms is presented with special emphasis on bacteria and viruses. Studies include history, morphology, classification, physiology, genetics, aseptic culturing techniques, and practical applications. Host parasite interactions in relation to
disease-health equilibrium are also studied, with emphasis on microbial virulence factors and host immune and nonimmune defense mechanisms. Prerequisites: BIOL 125 and 126 or equivalent, four hours of chemistry. Three lecture periods and two laboratory periods per week.

BIOL 359 — Immunology. 4 hours. Cellular and humoral responses to infection and disease. Mechanisms of antibody formation, structure of antibodies, and the consequences of antibody interaction with antigen. Cell-mediated immunity, histocompatibility, tumor immunology, and autoimmune disease mechanisms. Prerequisites: BIOL 125, 126, and Chemistry 104. Three lecture periods and one laboratory period per week.

BIOL 360 — Invertebrate Zoology. 4 hours. A study of the principles of zoology as they apply to the invertebrates. The study is approached from a comparative standpoint with emphasis upon the anatomy and physiology of various representative organisms. Prerequisite: BIOL 125, 126. Three lecture periods and one laboratory period per week.

BIOL 361 — Comparative Anatomy. 4 hours. Study includes anatomy, physiology, ecology, and phylogeny of vertebrates. Opportunity is given for detailed laboratory dissections. Prerequisites: BIOL 125, 126. Three lecture periods and one laboratory period per week. Additional laboratory to be arranged.

BIOL 360 — Invertebrate Zoology. 4 hours. A study of the principles of zoology as they apply to the invertebrates. The study is approached from a comparative standpoint with emphasis upon the anatomy and physiology of various representative organisms. Prerequisite: BIOL 125, 126. Three lecture periods and one laboratory period per week.

BIOL 362 — Ecology. 3 hours. The relationship between organisms and their environment at the individual, population, and ecosystem levels. Laboratories emphasize field work in local habitats. Prerequisites: BIOL 125, 126. Two lecture periods and one laboratory period per week.

BIOL 370 — Ecology. 3 hours. The relationship between organisms and their environment at the individual, population, and ecosystem levels. Laboratories emphasize field work in local habitats. Prerequisites: BIOL 125, 126. Two lecture periods and one laboratory period per week.

BIOL 380 — Toxicology. 4 hours. The science of poisons, including fundamental principles, classification of toxins, and target organ toxicity. The course will address a range of topics, including historical aspects, risk assessment and management, environmental toxicology, clinical toxicology, epidemiology, and regulatory concerns. Prerequisites: BIOL 125, 126, CHEM 104. Three lecture periods and one laboratory period per week.

BIOL 425 — Medical-Scientific Ethics. 2 hours. A study of ethical issues in the fields of biology, medicine, genetics, and biotechnology. Emphasis is placed upon case studies involving specific contemporary controversies and issues. Course may involve a significant element of foundational biological-scientific technical knowledge. Prerequisite: Science major of junior standing or consent of instructor.

BIOL 430 — Neurobiology. 3 hours. Course covers the development of the nervous system, taking examples from vertebrates and invertebrates. Emphasis is on cellular and molecular issues, that is, how nerve cells differentiate in response to hormones and developmental gene products? The course will also address the major classes of neurotransmitters, second-messenger mechanisms, and how these functions are monitored and regulated. Prerequisites: BIOL 246 and 247, or 455.

BIOL 440 — Advanced Genetics. 4 hours. Study of genetics on the molecular and biochemical levels, including structure, function, transmission, and regulation of the genetic material, in prokaryotes and eukaryotes. Prerequisites: BIOL 320 and Organic Chemistry. Three lecture periods and one laboratory period per week.

BIOL 455 — Physiology. 4 hours. An introduction to physiological and homeostatic principles with emphasis on organ systems and the intact organism. Prerequisites: BIOL 125, CHEM 104, PHYS 121, 122, or consent of instructor. Three lecture periods and one laboratory period per week.

BIOL 459 — Medical Microbiology. 4 hours. Lectures discuss the bacteria, fungi, and viruses that cause disease in humans. Emphasis is on the pathogenic mechanisms of the microbes and the interrelationships that exist between the host and the microbe. Laboratory sessions are involved with the isolation, culture, and identification of the microbes, and the further study and demonstration of the disease process through use of laboratory animal models and tissue cultures. Prerequisite: BIOL 356. Three lecture periods and one laboratory period per week.

BIOL 484 — Molecular and Cell Biology. 4 hours. Ultrastructural and functional aspects of cells and tissues with special emphasis on the physical and chemical nature of specialized cellular activities. Prerequisites: BIOL 125, 126, and 320, or consent of the instructor. Three lecture periods and one laboratory period per week.

BIOL 490 — Research in Biology. 1 to 4 hours. This course is open to advanced students with high academic achievement. Original research is to be conducted and a paper presented. Prerequisites: Permission of instructor, and at least junior standing. Credit is not to accumulate more than four hours.

BIOL 495 — Seminar in Biology. ½ hour. This course is required of all majors in biology. This seminar provides for the discussion of biological developments and topics of current interest. Credit is not to accumulate more than two hours.

Department of Chemistry — CHEM

Larry G. Ferren (1975)
Professor of Chemistry; Chair, Department of Chemistry
B.S., 1970, Ph.D., 1974, University of Missouri
University of Iowa
University of Illinois at Urbana-Champaign
Douglas Armstrong (1985)
Professor of Chemistry
B.S., 1963, Indiana University
Ph.D., 1968, University of Iowa
Massachusetts Institute of Technology

The courses in this department are offered to meet the needs of the following groups of students:
(1) those preparing for employment as chemists;
(2) those preparing to do graduate work in chemistry;
(3) those taking professional courses in which chemistry is required or recommended;
(4) those preparing to teach chemistry; and
(5) those needing to obtain a general knowledge of chemistry.

Chemistry Major: 32-57 hours. B.A.

Required Core Courses:
CHEM 103 — General Chemistry I
104 — General Chemistry II
301 — Quantitative Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 or 392 — Physical Chemistry
495 — Seminar in Chemistry (1 hour)

Plus completion of one of the following concentrations:

A. General Concentration — Five additional hours of upper-division chemistry.

To be supported by:
MATH 147 — Calculus I
148 — Calculus II
One year of Physics
One course selected from
CSIS 251 — Principles of Programming
MATH 241 — Statistics
351 — Linear Algebra
361 — Calculus III

B. Biochemistry Concentration
BIOL 125 — Biology I
126 — Biology II
320 — Genetics
484 — Molecular and Cellular Biology
CHEM 473 — Biochemistry

and two courses selected from the following:

BIOL 356 — Microbiology
359 — Immunology
361 — Comparative Anatomy
380 — Toxicology
440 — Advanced Genetics
455 — Physiology
CHEM 382 or 392 — Physical Chemistry
410 — Instrumental Methods of Analysis

To be supported by:
MATH 147 — Calculus I
148 — Calculus II
One year of Physics

Highly Recommended: BIOL 425, MATH 241, 351, 361, CSIS 251, ENGL 315.

Chemistry Major: 40-61 hours. B.S.

Required Core Courses:
CHEM 103 — General Chemistry I
104 — General Chemistry II
301 — Quantitative Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 — Physical Chemistry: Thermodynamics
392 — Physical Chemistry: Kinetics/Molecular Structure
410 — Instrumental Methods of Analysis
495 — Seminar in Chemistry (one hour)

Plus completion of one of the following concentrations:

A. General Concentration

CHEM 103 — General Chemistry I
104 — General Chemistry II
301 — Quantitative Analysis
311 — Organic Chemistry I
312 — Organic Chemistry II
382 — Physical Chemistry: Thermodynamics
392 — Physical Chemistry: Kinetics/Molecular Structure
410 — Instrumental Methods of Analysis
495 — Seminar in Chemistry (one hour)

And additional upper-division chemistry to total 40 hours.

To be supported by:
PHYS 201 — General Physics I
202 — General Physics II
MATH 147 — Calculus I
148 — Calculus II
361 — Calculus III
351 — Linear Algebra
or 357 — Differential Equations
CSIS 251 — Programming I
or MATH 241 — Statistics

B. Biochemistry Concentration

BIOL 320 — Genetics
484 — Molecular and Cellular Biology
455 — Physiology
or 356 — Microbiology
CHEM 473 — Biochemistry
To be supported by:

BIOL 125, 126 — Biology I, II
MATH 147, 148 — Calculus I, II
PHYS 201, 202 — General Physics I, II
MATH 351 — Linear Algebra
or 361 — Calculus III
or CSIS 251 — Principles of Programming I

Chemistry Minor: 16 hours
Required:

CHEM 103 — General Chemistry I
CHEM 104 — General Chemistry II
Eight additional hours of upper-division chemistry.

Chemistry Teaching Minor: 24 hours
Required:

CHEM 103 — General Chemistry I
CHEM 104 — General Chemistry II
CHEM 301 — Quantitative Analysis
12 additional hours of upper-division chemistry

Typical Courses for Students Majoring in Chemistry

Freshman Year
General Chemistry I and II
Calculus I and II
Bible I
Freshman Composition
Physical Education
Introduction to Fine Arts

Sophomore Year
General Physics I and II
Christian Doctrine
Calculus III
Quantitative Analysis
General Psychology
Organic Chemistry I and II

Courses

CHEM 100 — Basic Concepts of Chemistry. 5 hours.
This course is designed to meet the needs of students who are pursuing the nursing program at Olivet. It will introduce basic concepts in inorganic, organic, and biological chemistry to give exposure to each of these areas. Prerequisites: two units of high school mathematics (or meet Olivet’s math competency requirement) and one year of high school chemistry.

CHEM 101 — Introduction to Chemistry. 4 hours.
A beginning chemistry course for students with limited background in science and mathematics. Basic treatment of chemical calculations, measurements, atomic structure, bonding, nomenclature, states of matter, gas laws, solutions, reactions, kinetics, equilibrium, acids, bases, electrolytes, and radioactivity is given. The course covers many topics, but deals with them at an elementary level. Prerequisite: two units of high school mathematics. Three lecture periods and one laboratory period.

CHEM 103 — General Chemistry I. 4 hours.
A study of the structure and properties of matter. Atomic and molecular structure, chemical bonding, periodic law, nomenclature, stoichiometry, gas laws, states of matter, solutions, and descriptive chemistry of selected nonmetallic elements are studied. Prerequisite: high school chemistry. Three lecture periods and one laboratory period.

CHEM 104 — General Chemistry II. 4 hours.
Acid-base chemistry, equilibrium, kinetics, thermodynamics, electrochemistry, coordination chemistry, and nuclear chemistry are treated in detail in the lecture. The laboratory work emphasizes qualitative analysis of cations, anions, and salts. Prerequisite: CHEM 103. Three lecture periods and one laboratory period.

CHEM 301 — Quantitative Analysis. 4 hours.
A careful study of gravimetric and volumetric analysis with special attention given to sources of error, to calibration of instruments and apparatus, and to other important details in the improvement of laboratory technique. Volumetric analyses give experience in acid-base, precipitation, complexation, and reduction-oxidation chemistry. Equilibria governing each type of volumetric analysis are studied. Problem-solving skills are developed. Instrumentation is introduced as a tool for use in analytical chemistry. Required for a major in chemistry. Prerequisite: CHEM 104. Three lecture periods and two laboratory periods.

CHEM 311 — Organic Chemistry I. 5 hours.
The study of the compounds of carbon, including structural formulas, nomenclature, physical properties, preparations, chemical reactions, and mechanisms. Only some of the important classes of organic compounds are covered, with remaining classes covered in CHEM 312. The laboratory experience includes determination of physical and chemical properties, separation, isolation, purification, synthesis, and analysis of organic compounds. Required for a major in chemistry. Prerequisites: CHEM 101 or 103 and 104. Three lecture periods and two laboratory periods.

CHEM 312 — Organic Chemistry II. 5 hours.
A continuation of CHEM 311, covering the remaining important classes of organic compounds. Required for a major in chemistry. Prerequisite: CHEM 311. Three lecture periods and two laboratory periods.
CHEM 320 — Inorganic Chemistry. 3 hours. A study of atomic structure, chemical bonding, and the chemistry of selected elements. Prerequisites: CHEM 311. Offered in alternate years. Three lecture periods.

CHEM 382 — Physical Chemistry-Thermodynamics. 4 hours. A study of chemical thermodynamics, including first law concepts and applications to expansion work and thermochemistry, and second law concepts and applications to phase equilibrium, solutions, chemical equilibrium, and electrochemistry. Prerequisites: MATH 148, PHYS 202 and CHEM 301. Offered in alternate years. Three lecture periods and one laboratory period.

CHEM 385 — Environmental Geochemistry. 3 hours. Same as GEOI 385.

CHEM 392 — Physical Chemistry-Kinetics and Molecular Structure. 4 hours. A study of chemical kinetics and atomic and molecular structure. Includes treatment of rate laws for simple and complex reactions and activated complex theory; quantum theory principles and applications to atomic and molecular structure, rotational, vibrational, and electronic spectroscopy; and statistical thermodynamics. Prerequisites: MATH 148, PHYS 202, and CHEM 301. Offered in alternate years. Three lecture periods and one laboratory period.

CHEM 403 — Synthetic Inorganic Chemistry. 2 hours. A study of the preparation and properties of inorganic substances, with emphasis on developing laboratory skills. Prerequisite: 14 hours of chemistry.

CHEM 410 — Instrumental Methods of Analysis. 4 hours. Utilization and comparison of modern analytical instrumentation for chemical analysis. The techniques covered include: emission spectroscopy; ultraviolet, visible, infrared, and nuclear magnetic resonance absorption spectroscopy; mass spectrometry; fluorimetry; gas and liquid chromatography; and electrochemical methods of analysis (potentiometry, polarography, cyclic voltammetry, amperimetric determinations, and coulometry). Prerequisites: CHEM 301 and 311. Offered in alternate years. Two lecture periods and two laboratory periods.

CHEM 473 — Biochemistry. 5 hours. A study of the structure and properties of biologically important compounds. Properties and structure of enzymes; metabolism of carbohydrates, lipids, proteins, and nucleic acids; photosynthesis; and molecular genetics are studied. Thermodynamics and reaction kinetics are applied to biochemical systems. Laboratory emphasizes experiments with each class of biochemical compound and with techniques commonly employed in biochemical research. Prerequisite: CHEM 312 or consent of instructor. Offered in alternate years. Three lecture periods and two laboratory periods.

CHEM 490 — Topics in Chemistry. 2-3 hours. Selected topics in chemistry to provide opportunities for study in more specialized categories. Often offered in cooperation with other ACCA colleges. Recent topics include medicinal chemistry, environmental chemistry, history of chemistry, forensic chemistry, polymer chemistry.

CHEM 495 — Seminar in Chemistry. 1/2 hour. This course consists of presentations by students on library or laboratory research, as well as programs presented by chemists engaged in industrial, governmental, or academic research. This course may be repeated for additional credit. Chemistry majors are required to take it two semesters.

Department of Computer Science — CSIS

Faculty

Larry D. Vail (1981)  
Professor of Computer Science; Chair, Department of Computer Science

B.A., 1978, Olivet Nazarene University

M.C.S., 1985 University of Illinois

Ph.D., 1997, Nova Southeastern University

Catherine Bareiss (1987)  
Professor of Computer Science

B.A., 1985, Indiana Wesleyan University

M.S., 1987, Purdue University

Ph.D., 1995, Illinois Institute of Technology

The Department of Computer Science at Olivet Nazarene University exists to prepare students for a life of learning and for professional careers in computer science and information systems. We strongly support the institution’s commitment to liberal arts education as the best way to learn throughout life. We seek to teach current technology and software practices for successful entry to professional careers or graduate study. We strive to build Christian character and values in our students that will guide them through ethical dilemmas and help them to ultimately shape the values of their chosen profession.

The department offers one major with two concentrations. The systems programming concentration is for those who wish to design, develop, or maintain computer system software. It also includes more mathematics theory than the information systems concentration, which is for those who wish to develop and manage computer systems in business, industry, and office settings.

The department’s Computer Science faculty offices and the department computer lab are located on the third floor of Burke Administration
Building. Lab computers provide dual boot capability to the Microsoft Windows NT and LINUX operating systems. The lab is an integral part of the campus network ONUNet, which provides access to campus and departmental servers, and the Internet. Residence hall rooms are also connected to ONUNet services. The lab provides the Microsoft Office suite. Department memberships in the Oracle Academic Initiative (OAI) and Microsoft Developers Network Academic Alliance (MSDNAA) provide unique opportunities for student access to leading industry software. In addition, students may participate annually in the Association of Colleges in the Chicago Area (ACCA) programming contest and the Association for Computing Machinery (ACM) international programming contest.

Computer Science Major: 42 hours. B.A. or B.S.

Required:

CSIS 110 — Introduction to Computer Science
201 — Seminar I
251 — Principles of Programming I
252 — Principles of Programming II
255 — Systems Administration
366 — Computer Organization and Design
390 — Software Engineering
401 — Seminar II
425 — Data Communication and Computer Networks
440 — Database Management Systems

Plus the completion of one of the following concentrations:

A. Information Systems Concentration

CSIS 302 — Information Systems
340 — Human Computer Interface and Fourth Generation Languages
435 — Systems Development
445 — Advanced Database Topics
490 — Field Experience or an approved professional experience and another CSIS course numbered above 300.

Required Supporting Courses:

MATH 117 — Finite Mathematics or
147 — Calculus I
MATH 241 — Statistics or
BSNS 241 — Business Statistics
and a departmentally approved minor or second major.

B. Systems Programming Concentration

CSIS 210 — Discrete Mathematics
381 — Systems Programming
460 — Operating Systems
475 — Theory of Computation
and one additional CSIS course numbered above 300.

Required Supporting Courses:

MATH 147 — Calculus I
241 — Statistics or
BSNS 241 — Business Statistics
and a departmentally approved minor or second major.

Recommended supporting courses for all majors include ENGL 315 Business and Technical Writing, BSNS 367 Organizational Behavior, and COMM 347 Organizational Communication. In addition, BSNS 160 Principles of Management and ACCT 110 Financial Accounting are highly recommended for the information systems concentration, while a math course above MATH 147 and a two-semester lab science sequence are highly recommended for the systems programming concentration.

Computer Science Minor: 19½ hours

Required:

CSIS 110 — Introduction to Computer Science
201 — Seminar I
251 — Principles of Programming I
252 — Principles of Programming II
And an additional nine CSIS hours above 200.

Computer Science and Computer Information Systems Courses

CSIS 102 — Introduction to Programming. 3 hours. Intended for students with little or no previous programming experience. Provides an introduction to the basics of computer programming. Includes computer program design and programming methodology as well as programming structure such as input, output, decision structures, looping, and modularity. Focuses on the use of existing classes of data for solving small programming problems. Problems will be taken from a variety of disciplines.

CSIS 110 — Introduction to Computer Science. 3 hours. This course provides the student with an introduction to the fields of computer science and com-
puter information systems. It surveys the fields, allowing the student to understand the capabilities of computer technology. Introductions to professional ethics and careers in the industry are included.

**CSIS 201 — Seminar I. ½ hour.** This course brings in alumni to discuss work experience, deals with professional issues, discusses codes of conduct, and helps to integrate the computer science curriculum. Students are required to submit an approved curriculum plan. Prerequisite: CSIS 252 or permission of the instructor.

**CSIS 210 — Discrete Mathematics. 3 hours.** Same as MATH 210.

**CSIS 251 — Principles of Programming I. 4 hours.** This course lays the foundation for state-of-the-art programming. The student receives an overview of programming methodology and learns to write programs following good style and accepted practices. The JAVA programming language will be used. This course covers simple data types, procedures and functions, sequential files, recursion, scope, and arrays. Prerequisite: CSIS 102, previous programming experience, or consent of the instructor.

**CSIS 252 — Principles of Programming II. 3 hours.** This course is a continuation of CSIS 251. It covers sets, records, strings, stacks, queues, searching, sorting, graphs, and data object orientation. Prerequisite: CSIS 251.

**CSIS 255 — Systems Administration. 3 hours.** Study of hardware and software installation, setup, configuration, and administration for computer systems. Includes basic coverage of Windows, Novell, and Unix services. Also includes system security planning and administration. Will be carried out in an experimental network environment. Prerequisite: CSIS 251 or consent of the instructor.

**CSIS 302 — Information Systems. 3 hours.** Study of the design, writing, testing, and documentation of typical information system programs using the COBOL language. Includes the use of sequential, random, and indexed file access methods for business applications. Prerequisite: CSIS 252. Offered in alternate years.

**CSIS 340 — Human Computer Interface and Fourth Generation Languages. 3 hours.** A study of the properties of quality user interfaces, including menus, forms, and reports. A project will be developed using Fourth Generation Language (4GL) tools and a relational database management system. Prerequisite: CSIS 252. Offered in alternate years.

**CSIS 354 — Numerical Analysis. 3 hours.** Same as MATH 354.

**CSIS 366 — Computer Organization and Design. 4 hours.** This course provides an in-depth treatment of computer architecture, including digital logic, digital systems, memory system organization, interfacing and communication, introduction to assembly language, and alternative architectures. Prerequisite: CSIS 252.

**CSIS 381 — Systems Programming. 3 hours.** Deals with development of system programs. These are often utilities dealing with operating system data or programming language support. They must be written with fairly low-level languages such as C/C++, which have access to system APIs. Example utilities with the operating system might include security programs, command interpreters, or disk utilities. Example utilities with language systems might include text editors, assemblers, linkers, code formatters, or code generators. Prerequisite: CSIS 252. Offered in alternate years.

**CSIS 390 — Software Engineering. 3 hours.** A study of software methodology and engineering. Emphasis is centered on the object-oriented model and includes fundamental problem solving concepts; software analysis; design and development processes; software specifications; and software implementation, verification, and validation. Prerequisite: CSIS 252.

**CSIS 401 — Seminar II. ½ hour.** This course brings in alumni to discuss work experience, deals with professional issues, discusses codes of conduct, and helps to integrate the computer science curriculum. Students are required to submit a report on their selected capstone course. Prerequisite: permission of the instructor.

**CSIS 425 — Data Communication and Computer Networks. 3 hours.** A study of the development of various types of hardware and software protocols used in communication networks. Consideration of the impact of data communication in relation to networking and distributed processing. Prerequisite: CSIS 252. Offered in alternate years.

**CSIS 435 — Systems Development. 3 hours.** Students taking this course will learn how to handle the issues of developing systems. This is achieved by participating in at least one group project implementing a system for actual use. Prerequisite: CSIS 390.

**CSIS 440 — Database Management Systems. 3 hours.** A history of the development of the major types of database systems. Assignments include accessing, updating, and organizing a database using a relational database system. Prerequisite: CSIS 252. Offered in alternate years.

**CSIS 445 — Advanced Database Topics. 3 hours.** This is a continuation of CSIS 440 and covers advanced topics which may include web databases, distributed databases, concurrency, optimization, and advanced administration. Prerequisite: CSIS 440.

**CSIS 460 — Operating Systems. 3 hours.** Consideration of the primary modules of an operating system, including bootstrap, absolute and relocatable loaders, debug facilities, I/O subsystems and utilities. Study of system job flow, scheduling, resource management and allocation, system spooling, and performance monitoring. Prerequisite: CSIS 366 and a knowledge of C Language. Offered in alternate years.

**CSIS 475 — Theory of Computation. 3 hours.** Study of theory of computation. Includes formal language
theory, automata, Turing machines, context-free grammars. Also includes topics of decidability and computational complexity. Prerequisites: CSIS 210 and CSIS 252. Offered in alternate years.

CSIS 480 — Topics of Computer Science. 3 hours. Selected topics of interest in computer science. Provides flexibility and responsiveness in a dynamic and rapidly changing field. Prerequisite: permission of instructor.

CSIS 490 — Field Experience. 3 hours. Designed to allow the student to integrate principles learned in the classroom by working in a business situation. The program is under the joint planning and supervision of the business involved and department faculty. Prerequisite: consent of the faculty adviser monitoring the work.

CSIS 491 — Research Problems in Computer Science. 3 hours. The student will be assigned to a faculty adviser for the project. The student will choose an area of interest for the project along with the adviser. Periodic progress reports and a final report describing the project must be completed. Prerequisite: consent of the project faculty adviser.

Department of Engineering and Physics — ENGN

Faculty

Ivor G. Newsham (1972)
Professor of Physics; Chair, Department of Engineering and Physics
B.A., 1968 Northwest Nazarene University
Ph.D., 1972, Washington State University

Eric A. Erickson (1986)
Associate Professor of Engineering
B.A., 1985, Olivet Nazarene University
M.S., 1990, University of Illinois, Chicago
University of Illinois, Chicago

Michael R. Morgan (1997)
Associate Professor of Engineering
B.S., 1981, Kansas State University
M.S., 1982 Kansas State University
Washington University, St. Louis

Joseph Schroeder (2001)
Associate Professor of Engineering
B.S., 1991, University of Illinois
M.S., 1994, Michigan State University
Doctoral Candidate, Michigan State University

The Department of Engineering and Physics of Olivet Nazarene University exists to provide high quality engineering instruction in a Christian environment that prepares our graduates for a variety of professional careers and advanced studies in engineering.

Long-Term Program Education Objectives:
- Our graduates will possess a solid Christian character and will seek ways to serve and influence their families, churches, businesses, and communities.
- Our graduates will be equipped to accept employment opportunities in a wide variety of engineering and professional assignments.
- Our graduates will be able to formulate effective solutions for current challenges in industry and society by applying the basic engineering sciences through problem-solving and engineering design.
- Our graduates will be motivated to pursue continued learning.
- Our graduates will support the future improvement of the program in a variety of formal and informal ways, including student referrals, donations of time, equipment or money gifts, and/or periodic evaluation.

Program Outcomes:
The B.S. graduate in engineering should have:
1. A solid Christian character.
2. An ability to serve church, community, and family from a Christian perspective.
3. The ability to accept employment opportunities in a wide variety of engineering and professional assignments.
4. An ability to apply the tools of mathematics, science, and engineering in identifying, formulating, and solving real-world problems in the basic mechanical and electrical engineering fields.
5. An ability to design and conduct experiments, and then to analyze and interpret data generated by this experiment.
6. An ability to use the design process to design a system, component, or process to meet desired needs.
7. An ability to function on multidisciplinary teams.
8. An ability to communicate effectively in written and oral presentations.
9. An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice, including computer programming and technology.
10. An understanding of the impact of engineering solutions in a global and societal context.
11. A recognition of the need for, and an ability to engage in, lifelong learning.
12. A knowledge of contemporary issues in engineering and the humanities.
13. An understanding of the professional and ethical responsibility of an engineer.

Engineering Major: 59⅓ hours. B.S.

Required:

ENGN 100 — Engineering Seminar
107 — Engineering Graphics
121 — Introduction to Engineering Design
160 — Computational Engineering
250 — Engineering Economics
261 — Statics and Mechanics of Materials
262 — Dynamics
300 — Electric Circuit Analysis
304 — Digital Systems
335 — Technical Communication and Experimental Design
351 — Materials Science
371 — Automatic Controls
380 — Thermodynamics
420 — Fluid Mechanics
490 — Project Design
491 — Senior Seminar

and one of the following concentrations:

A. Mechanical Engineering

ENGN 353 — Vibration Analysis
356 — Computer Aided Engineering
385 — Heat Transfer
412 — Machine Synthesis

B. Electrical Engineering

ENGN 310 — Circuits and Signal Processing
311 — Communications Systems
340 — Digital Electronic Circuits
342 — Analog Circuit Design

Required Supporting Courses:

PHYS 201, 202 — General Physics
CHEM 103 — General Chemistry I
MATH 147, 148 — Calculus I and II
241 — Statistics
357 — Differential Equations
361 — Calculus III

Physics Minor: 17-18 hours

Required:

PHYS 201, 202 — General Physics I and II
261 — Statics and Mechanics of Materials

Choose one of these:

PHYS 300 — Electric Circuit Analysis
380 — Thermodynamics
420 — Fluid Mechanics

To be supported by:

MATH 147, 148 — Calculus I, II

Physics Teaching Minor: 24-25 hours

Required:

PHYS 201, 202 — General Physics I, II
261 — Statics and Mechanics of Materials
300 — Electric Circuit Analysis

and two courses selected from:

PHYS 304 — Digital Systems
380 — Thermodynamics
420 — Fluid Mechanics

To be supported by:

MATH 147, 148 — Calculus I, II

Engineering Courses — ENGN

ENGN 100 — Engineering Seminar. 1½ hour. Engineering lecture for freshmen; selected topics each week.

ENGN 107 — Engineering Graphics. 3 hours. Use of instruments; geometric construction; lettering; orthographic projection; sketching; isometric and oblique projections; dimensioning; sectioning. Emphasis is placed on Computer-Assisted Drafting (CAD). Lecture and laboratory.
ENGN 121 — Introduction to Engineering Design. 1 hour. Concepts of engineering analysis and design, including matrix algebra, the design process, design documentation and communication. Emphasis on computer tools in support of engineering design. Case studies and examples from the industry will be used throughout the course.

ENGN 160 — Computational Engineering. 3 hours. Concepts of computational engineering analysis, including fundamentals of computer programming (e.g. C++). Data acquisition and control of analog instrumentation (e.g., LabVIEW). Emphasis will be placed on computer tools and on the analysis of engineering problems.

ENGN 250 — Engineering Economics. 3 hours. Application by engineers of economic and financial principles to capital investment. Analysis by present worth, annual cash flow, rate of return benefit-cost, and replacement considerations. Depreciation, taxes, inflation, probability and risk, and evaluation of optimum use of resources.

ENGN 261 — Statics and Mechanics of Materials. 4 hours. Introduction to fundamental mechanics applications of vector calculus; analysis of force systems; equilibrium of two- and three-dimensional systems; trusses, frames, friction; introduction to virtual work; centroids and area moments of inertia; relationship between internal stresses and deformations produced by external forces acting on simple elastic structures; normal and shear stresses and deformations produced by tensile, compressive, torsional, and bending loading of members; states of stress and failure; deflection of beams; elastic strain energy and impact loading; analysis of composites; stability and buckling of columns. Prerequisite: ENGN 261.

ENGN 262 — Dynamics. 3 hours. Introduction to engineering dynamics; kinematics and kinetics of three-dimensional motion of particles, systems of particles, and rigid bodies; translating and rotating reference frames, space mechanics; work-energy, impulse-momentum, and impact problems; introduction to vibrations: topics in matrix algebra, MATLAB applications, numerical methods, and dynamic system modeling and design. Prerequisite: ENGN 261.

ENGN 300 — Electric Circuit Analysis. 3 hours. This course emphasizes an analysis of general networks and an introduction to signals and systems. Included are studies of simultaneous linear differential equations, Laplace transformations, network theorems, functions, and two-port parameters. Three lecture periods per week. Prerequisites: PHYS 202; Corequisite: MATH 357.

ENGN 310 — Circuits and Signal Processing. 3 hours. Laplace transform and circuit analysis; multiport networks, frequency response; Fourier series and Fourier transform analysis of signals; sampling theorem; FFT; computer solutions.

ENGN 311 — Communication Systems. 3 hours. Introduction to linear, phase, frequency, and pulse code modulation systems. Discussions of bandwidth requirements, random signals, noise, and applications. Prerequisite: ENGN 310.

ENGN 335 — Technical Communication and Experimental Design. 3 hours. Study of the fundamental principles of technical communication in science and engineering, including preparation of technical reports and compositions, and preparation and delivery of oral presentations. Emphasis is placed upon proper design of the experimental technique as well as use of statistics to provide validity of the communication. Prerequisite: Two laboratory science courses.

ENGN 351 — Introduction to Material Science. 3 hours. Structure, properties, and processing of metallic, polymeric, ceramic, and composite materials. Perfect and imperfect solids; phase equilibria; transformation, kinetics; mechanical behavior; material degradation. Prerequisites: PHYS 201, CHEM 103.

ENGN 353 — Vibration Analysis. 4 hours. Free and forced vibration of discrete and continuous systems. Lagrange's equation, Fourier series, Laplace transforms; matrix and computational methods. Application to practical engineering problems. Prerequisites: ENGN 262, and MATH 357.

ENGN 355 — Computer Aided Engineering. 3 hours. Application to computer geometries, animation, analysis, database, and optimization to engineering design. Review of computer programs and languages; linear and nonlinear programming; matrix methods; and numerical techniques. Prerequisite: ENGN 242.

ENGN 371 — Automatic Controls. 4 hours. Introduction to the operational techniques used in describing the behavior of dynamic systems; elements of modeling; equilibrium and linearization; Laplace transformation techniques; system response via the transfer function; block diagrams and computer simulation; matrix operations; system response via state variables; and stability. Lectures and weekly lab. Prerequisite: MATH 357.

ENGN 380 — Thermodynamics. 4 hours. Introduction to classical thermodynamics through the second
law; system and control volume analyses of thermodynamic processes; irreversibility and availability; relations among thermodynamic properties; and discussion and microscopic aspects. Lectures and weekly lab. Prerequisites: PHYS 202, MATH 357, and CHEM 103.

ENGN 412 — Introduction to Machine Synthesis and Component Design. 3 hours. Study of the kinematics and kinetics of machines and machine components. Introduction to design specification and procedures for machine components, including linkages, gears, cams, bearings, clutches, shafts, and brakes. Prerequisite: ENGN 262.

ENGN 420 — Fluid Mechanics. 4 hours. Lectures and weekly laboratory sessions on fluid properties; fluid statics, continuity, momentum, and energy principles; ideal and real fluid flow; similitude; laminar and turbulent boundary layers; closed conduit flow, open channel flow, and compressible flow; turbomachinery. Prerequisite: ENGN 262.

ENGN 490 — Project Design. 3 hours. Capstone engineering experience that partners the student with a company or an organization to work toward a design that addresses real-world problems or needs. The student will be directed by the company or organization contact, but will meet periodically with the instructor to discuss progress. Students are expected to keep a log of their activities. This log will be used for developing a formal report and presentation in ENGN 491. This course will also be used to prepare the student for the engineering profession, including the Fundamentals of Engineering examination, graduate study, and job placement. Pass/Fail grading.

ENGN 491 — Senior Seminar. 1 hour. This course is used to complete the project design from ENGN 490. Students are expected to complete a major project report and then orally present their work in a formal setting. In addition, discussions and lectures will be given by faculty and visiting engineers on the relation of engineering to ethics, economics, safety, and other disciplines. Students will be required to take the Fundamentals of Engineering examination as a part of this course. Pass/Fail grading.

Physics Courses — PHYS

PHYS 110 — Physical Science for Elementary Teachers. 4 hours. An introduction to physics and chemistry designed for elementary and early childhood education majors. Basic concepts applicable to the elementary school setting will be emphasized. The laboratory focuses on experiments that can be used by the teacher to illustrate the essentials of the disciplines. Laboratory safety, scientific methodology, and problem-solving are important topics. Three hours lecture, two hours laboratory. Prerequisite or corequisite: EDUC 150 Historical and Philosophical Foundations of Education.

PHYS 121 — College Physics I. 4 hours. Mechanics, sound, fluids, thermodynamics. A non-calculus course for life scientists and general education. Emphasis is on life science applications. Three hours lecture periods and two laboratory hours per week. Prerequisite: MATH 131 Algebra and Trigonometry or its equivalent.

PHYS 122 — College Physics II. 4 hours. Continuation of PHYS 121. Electricity, magnetism, optics, atomic and nuclear physics. Prerequisite: PHYS 121.

PHYS 201 — General Physics I. 5 hours. Mechanics, fluids, waves, sound thermodynamics. A calculus-based course for physical scientists and engineers. Four lecture periods and two laboratory hours per week. Corequisite: MATH 147 (Calculus I) or equivalent.

PHYS 202 — General Physics II. 5 hours. A continuation of PHYS 201. Optics, electricity, magnetism, atomic physics, modern physics. Prerequisite: PHYS 201.

PHYS 261 — Statics and Mechanics of Materials. 4 hours. Same as ENGN 261.

PHYS 262 — Dynamics. 3 hours. Same as ENGN 262.

PHYS 300 — Electric Circuit Analysis. 3 hours. Same as ENGN 300.

PHYS 304 — Digital Systems. 3 hours. Same as ENGN 304.

PHYS 380 — Thermodynamics. 4 hours. Same as ENGN 380.

PHYS 420 — Fluid Mechanics. 4 hours. Same as ENGN 420.

Department of Geological Sciences — GEOL

Faculty

Max W. Reams (1967)
Professor of Geology; Chair, Division of Natural Sciences and Department of Geological Sciences
B.A., B.S., 1961, M.S., 1963, University of Kansas
Ph.D., 1968, Washington University
M.P.C., 2000, Olivet Nazarene University
Brock Schroeder (1996)
Assistant Professor of Geology; Director of Planetarium
B.A., 1991, Olivet Nazarene University
M.A.T., 1999, Olivet Nazarene University
Walden University

Sondra Sixberry (2000)
Assistant Professor of Geology and Chemistry
B.S., 1993, Olivet Nazarene University
M.S., 1995, Vanderbilt University

Career opportunities are very good in the geological sciences.

Crisis in energy, water, and mineral resources, as well as increased environmental concerns, place earth scientists in high demand.

Olivet graduates in the geological sciences are employed in consulting, environmental, and engineering companies; government agencies; petroleum and mineral industries; service industries; and as educators. A majority of Olivet's graduates in geological sciences go on to graduate schools, almost all with graduate assistantships.

Olivet's program is a balance of theory, lab skills and techniques, field work, and research. Departmental resources include a rock lab; collections of rocks, minerals, and fossils; map and library holdings; equipment, including microscopes, exploration seismograph, electrical resistivity apparatus, X-ray powder diffractometer, 12-inch reflecting telescope, solar telescope, planetarium, GPS units, GIS mapping, etc.

The department also provides preparation for students fulfilling general education requirements, majors in the interdisciplinary programs, and those who want to expand their awareness of their physical environment.

For detailed outlines of the geological science programs, contact the chair of the department.

Geological Sciences Major: 39-48 hours
B.S.

Required Core:

GEOL 105 — Physical and Historical Geology
300 — Paleontology and Earth History
320 — Geomorphology and Surface Processes
330 — Hydrogeology
356 — Mineralogy and Petrology
360 — GIS/GPS

362 — Sedimentology and Stratigraphy
366 — Structural Geology and Field Methods
385 — Environmental Geochemistry
390 — Seminar
395 — Applied Geophysics

plus 16 additional hours of approved science and/or mathematics or one of the following concentrations:

Concentration A: Geobiology
16 hours of approved biology

Concentration B: Geochemistry
8 hours of upper-division chemistry

Concentration C: Computer Science
9 hours Computer Science above CSIS 110

Concentration D: Geoengineering
10 hours of engineering coursework and six hours of mathematics above MATH 241.

Concentration E: Geomathematics
7 additional hours of mathematics above MATH 151.

Required Supporting Courses:
Math 147 — Calculus I
148 — Calculus II
241 — Statistics
CSIS 102 or 251 — Programming
CHEM 103 — General Chemistry I
104 — General Chemistry II
PHYS 201 — General Physics I
202 — General Physics II

Geological Sciences Minor: 16 hours

Required:
Courses approved by the department chair in accordance with student’s needs.

Earth and Space Science Teaching Minor: 24 hours

Recommended:
GEOL 105 — Physical and Historical Geology
130 — Astronomy
346 — Tools of Astronomy

Typical Courses for a Student Majoring in Geological Sciences

Freshman Year
Physical and Historical Geology
General Chemistry
Courses

**GEOL 105 — Physical and Historical Geology. 4 hours.** The Earth’s surface and interior and the processes which form them. Origin of the earth and its changing patterns of continents, oceans, and life. Laboratory uses minerals, rocks, fossils, topographic and geologic maps, and aerial photographs to interpret changes in the Earth and its life through time. Short field trips. Three lecture periods and one laboratory period.

**GEOL 120 — Oceanography. 3 hours.** The form, structure, and history of ocean basins; movements, composition, and origin of the sea; origin and distribution of sediments and life in the oceans; oceanographic methods. No prerequisite. Three lecture periods. Offered in alternate years.

**GEOL 121 — Physical Geography. 3 hours.** A study of physical processes acting on the Earth’s surface, incorporating elements of geology, weather, climate, biology, soils, and oceanography, with an overview of physical regions of the United States, and an introduction to Geographic Information Systems and Global Positioning Systems.

**GEOL 130 — Astronomy. 4 hours.** An introduction to the structure and origin of the universe. Includes the study of the solar system, stars, galaxies, black holes, quasars, etc. Laboratory introduces the student to various techniques used in astronomical studies. The planetarium and observatory are utilized. Three lecture periods and one laboratory period.

**GEOL 140 — Earth and Space Sciences for Elementary Teachers. 4 hours.** Introduces Elementary and Early Childhood teachers to the origin and nature of the universe, solar system and the Earth, including its physical and biological nature and history. Laboratory will emphasize observational astronomy, use of the planetarium, identification of minerals, rocks and fossils, and map reading, in forms useful for the teacher. Three hours lecture, two hours laboratory. Prerequisite or corequisite: EDUC 150.

**GEOL 300 — Paleontology and Earth History. 3 hours.** The fossil record of life on Earth. History, taxonomy, patterns of development and ancient communities. Broad discussion of the history of the Earth. Laboratory emphasizes fossil identification, paleoenvironmental interpretation, biostratigraphic correlation, and interpretation of Earth history. Field trip. Prerequisite: GEOL 105 or BIOL 125 or 126. Two lecture periods and one laboratory period. Offered in alternate years.

**GEOL 310 — The Earth’s Weather. 3 hours.** A study of weather and climate of the Earth. Prerequisite: a laboratory science.

**GEOL 320 — Geomorphology and Surface Processes. 3 hours.** The study of surficial processes and the landforms they produce. Laboratory involves analysis of landforms using maps, aerial photographs and satellite imagery; measurements of geomorphic processes, surface flow will be analyzed using a current meter, etc. 3 day field trip. Prerequisite: GEOL 105. Two lecture periods and one laboratory period. Offered in alternate years.

**GEOL 330 — Hydrogeology. 3 hours.** A study of groundwater systems and flow. Pollutant transport tracking. Water resource management. Laboratory involves analysis of subsurface flow using computer models and field data. Field trips. Prerequisites: GEOL 105, CHEM 103 and MATH 147. Two lectures and one laboratory period. Offered in alternate years.

**GEOL 346 — Tools of Astronomy. 3 hours.** Application of astronomical concepts and extensive use of observational equipment. Instruction in the use of the planetarium as an educational tool. Current topics in astronomy. Prerequisite: GEOL 130 or 140.

**GEOL 356 — Mineralogy and Petrology. 3 hours.** The Earth’s minerals, their origin, crystal structures, physical and chemical properties, and economic significance. The chemical, mineralogical and textural properties of igneous, sedimentary and metamorphic rocks; their field occurrences and relationships to tectonic processes; their origin and diversity in terms of chemical equilibria. Laboratory utilizes crystal models, projections, goniometers, X-ray powder diffractometry, scanning electron microscope, physical and chemical methods to identify minerals; hand and petrographic microscope identification, classification and interpretation of rocks. 3 day field trip. Prerequisite: CHEM 104 and GEOL 105. Two lecture periods and one laboratory period. Offered in alternate years.

**GEOL 360 — Geographic Information Systems and Global Positioning Systems. 3 hours.** Same as NSCI 360.

**GEOL 362 — Sedimentology and Stratigraphy. 3 hours.** The composition, textures and structures of sedimentary rocks; processes which form these features; facies relationships, basin analysis and tectonic frameworks. Layered rock sequences and their historical interpretation. Laboratory includes sieve and pipette analysis, study of sedimentary features, corre-
lation and classification of sections, well-logging and subsurface methods. Prerequisite: GEOL 105. 3 day field trip. Two lectures and one laboratory period. Offered in alternate years.

**GEOL 366 — Structural Geology and Field Methods.** 4 hours. The nature and origin of the Earth's deformed rocks considered at scales ranging from atomic to global. Plate tectonics and regional geology, especially of North America. The structure and origin of the earth's deep interior. Laboratory emphasizes solving structural problems, interpreting geologic history, geologic mapping using aerial photographs, etc., and field-mapping of igneous and sedimentary rocks involving instruments, drafting techniques, and writing geologic reports. Four-day field trip. Prerequisite: GEOL 105. Trigonometry is recommended. Three lecture periods and one laboratory or field period. Offered in alternate years.

**GEOL 385 — Environmental Geochemistry.** 3 hours. The distribution of elements in natural systems: universe, solar system, Earth's crust, oceans, and atmosphere; chemical processes and principles governing elemental distribution. Chemical processes involved in the formation of igneous, sedimentary, and metamorphic rocks, and fossil fuels. Biogeochemical cycles of carbon, nitrogen, and trace elements in soils. Environmental chemistry, and reduction and treatment of hazardous wastes. Atmospheric chemistry (e.g., ozone depletion, photochemical smog, and air pollutants). Laboratory emphasizes analytical techniques (e.g., GC and HPLC to detect toxic chemicals in the environment). Prerequisites: CHEM 104 and GEOL 105. Two lecture periods and one lab period. Offered in alternate years.

**GEOL 390 — Seminar.** 1 hour. Special topics of current interest in the geological sciences. Prerequisite: Seven hours of geological sciences. Offered in alternate years.

**GEOL 395 — Applied Geophysics.** 2 hours. Methods of geophysical exploration for natural resources and environmental analysis. Field trips. Prerequisites: PHYS 121 or 201 and MATH 147. One lecture and one laboratory period. Offered in alternate years.

**GEOL 492 — Research.** 1-3 hours. Detailed study of an area of the student's interest, involving library, laboratory, and/or field work. Paper required. Prerequisite: senior standing and 15 hours of geological sciences.

### Department of Mathematics - MATH

**Faculty**

**DAVID T. ATKINSON (1970)**  
*Professor of Mathematics; Chair, Department of Mathematics*

B.S., 1964, Eastern Nazarene College  
M.A., 1967, Boston University  
Ph.D., 1975, University of Illinois

---

**DALE K. HATHAWAY (1989)**  
*Professor of Mathematics*

B.A., 1983, Eastern Nazarene College  
M.A., 1986, Boston University  
Ph.D., 1989, Boston University

**STEPHEN L. BROWN (1991)**  
*Associate Professor of Mathematics*

B.S., 1968, Penn State University  
M.A., 1969, Colgate University  
Ed.D., 1986, Syracuse University

**DANIEL L. GREEN (1993)**  
*Associate Professor of Mathematics*

B.A., 1986, Kalamazoo College  
M.A., 1989, Western Michigan University  
Ph.D., 1997, Bowling Green State University

The Department of Mathematics offers majors leading to either Bachelor of Arts or Bachelor of Science degrees, either for teaching or other fields. Both teaching and nonteaching minors are also offered.

Many of Olivet's mathematics graduates are now mathematics teachers in junior or senior high schools.

Several recent graduates have begun careers in actuarial science, one of the top-rated occupations in *Jobs Rated Almanac*. Actuaries work in the insurance and financial planning fields. Besides actuarial work, a variety of other positions in applied mathematics are available for the well-prepared student. Graduate teaching fellowships are readily available at major universities for superior students to pursue graduate studies in mathematics.

### Core Requirements for all Mathematics Majors:

*All departmental work applied to a major must be in courses numbered 147 and above, including:*

**MATH 147 — Calculus I**  
148 — Calculus II  
151 — Freshman Seminar in Math  
210 — Discrete Mathematics  
241 — Statistics  
351 — Linear Algebra  
361 — Calculus III  
450 — Senior Seminar in Math

**To be supported by:**

**CSIS 251 — Principles of Programming I**
Mathematics Major: 36 Hours. B.A.

The mathematics core, plus:

Four courses of upper-division mathematics, at least two of which must be chosen from MATH 410, 420, 430, 455, and 465.

To be supported by a minor of at least 16 hours or a second major.

Mathematics Teaching: 36 Hours. B.A.

The mathematics core, plus:

Math 430, 455, and 473, one additional three-hour upper-division math course, and completion of the required professional education courses.

Mathematics Major: 42 Hours. B.S.

The mathematics core courses, plus:

Six courses in upper-division mathematics, at least three of which must be chosen from MATH 410, 420, 430, 455, and 465.

To be supported by a minor or by 15 hours in one or two areas which emphasize the use of mathematics. At least nine hours must be upper-division and must be approved by the department chair. This is in addition to the four hours of computer science required in the departmental core.

Mathematics Teaching: 42 Hours. B.S.

The mathematics core, plus:

Math 430, 455, 473, and three additional three-hour upper-division math courses, at least one of which must be chosen from MATH 410, 420, and 465.

Plus, completion of the required professional education courses.

Mathematics Minor: 21 Hours

MATH 147 — Calculus I  
148 — Calculus II  
151 — Freshman Seminar in Math  
351 — Linear Algebra

and nine additional hours above MATH 148.

Mathematics Teaching Minor: 25 hours

EDUC 315 — Middle/Secondary School Methods (Math)  
MATH 147 — Calculus I  
148 — Calculus II  
151 — Freshman Seminar in Math  
351 — Linear Algebra

and 10 additional hours selected from:

MATH 210 — Discrete Mathematics  
241 — Statistics  
430 — Abstract Algebra  
455 — Modern College Geometry  
473 — Foundations of Mathematics

Typical Courses for Students Majoring in Mathematics

Freshman Year

Calculus I and II  
Programming I  
Freshman Composition  
Bible I  
Sociology or Psychology  
Physical Education

Sophomore Year

Calculus III  
Linear Algebra  
Differential Equations  
Introduction to Fine Arts  
General Physics I and II  
Statistics  
Discrete Mathematics

Mathematics Courses

MATH 090 — Elementary Algebra. 4 hours. A course in the fundamental operations of algebra covering the standard topics through quadratic equations. Equivalent to one year of high school algebra I. This course does not apply to degree requirements.

MATH 095 — Intermediate Algebra. 4 hours. A second course in algebra covering the standard topics through systems of equations. Equivalent to the second year of high school algebra. Prerequisite: MATH 090 or an ACT math score of 14 or above. This course does not apply to degree requirements.

MATH 102 — Math for General Education. 3 hours. A general liberal arts mathematics course intended to introduce the student to several diverse areas of applications of mathematics. Three or four of the following five topics will be covered in some depth: finance, graph theory, voting and apportionment, probability, and statistics. Prerequisite: MATH 095 or a math ACT of 19 or above.

MATH 111 — Mathematics for Elementary Teachers I. 3 hours. Set notation and operations, number systems, and other bases. Special attention is given to whole numbers, integers, rational numbers, and real numbers. Properties of the fundamental operations of arithmetic are studied. Prerequisite: MATH 095, or an
ACT math score of 19 or above. This course does not satisfy the general education mathematics requirement unless MATH 112 is also satisfactorily completed.

MATH 112 — Mathematics for Elementary Teachers II. 3 hours. A continuation of MATH 111. Topics studied will include geometry (shapes, congruence, relationships, constructions, Pythagorean theorem, symmetries, etc.), measurement (linear, area, volume, angles), elementary probability, and statistics. Prerequisites: MATH 111 or consent of the instructor.

MATH 117 — Finite Mathematics with Business Applications. 3 hours. An introduction to finite mathematics with applications in business and management areas. Constructing and using linear models; matrices; solving linear systems of equations; linear programming; mathematics of finance; probability. Prerequisite: MATH 095, or an ACT math score of 19 or above.

MATH 118 — Algebra and Trigonometry. 4 hours. Binomial expansion, inequalities, induction proofs, complex numbers, function notation, logarithms, and basic combinatorics; trigonometric functions, graphs, identities, and equations; laws of sines and cosines, DeMoivre's Theorem. Prerequisite: MATH 095 with a minimum grade of C-, or an ACT math score of 19 or above.

MATH 119 — Trigonometry. 2 hours. Trigonometric functions, graphs, identities, solving trigonometric equations, laws of sines and cosines, and DeMoivre’s theorem. Prerequisite: 3 ½ years of high school mathematics or a course in college algebra. MATH 131 and 132 cannot both be taken for credit. MATH 132 is the last half of MATH 131.

MATH 147 — Calculus I. 4 hours. An introduction to the calculus of one variable with associated analytic geometry. A review of selected topics from algebra, limits, continuity, derivatives and applications, indefinite integration with applications, the definite integral, and the fundamental theorem of calculus. Prerequisites: four years of high school mathematics and an ACT math score of 26 or above or MATH 131, or consent of the instructor.

MATH 148 — Calculus II. 4 hours. A continuation of MATH 147. Applications of the definite integral; elementary transcendental functions, including their derivatives and integrals, techniques of integration, polar coordinates, hyperbolic functions, conics, L’Hospital’s rule, improper integrals, and Taylor’s formula. Prerequisite: MATH 147 or consent of the instructor.

MATH 151 — Freshman Seminar in Mathematics. 1 hour. Selected topics in mathematics will be covered, including a unit on the mathematics of finance and an introduction to mathematical proof.

MATH 210 — Discrete Mathematics. 3 hours. An introduction to discrete mathematics, including sets, functions, algorithms, mathematical induction, combinatorics, recurrence relations, graph theory, trees, networks. Prerequisite: MATH 147, 151, or consent of instructor.

MATH 241 — Statistics. 4 hours. An introductory course in statistics with applications from a variety of disciplines, including science, education, psychology, and sociology. Topics include descriptive statistics, probability, expected value, sampling distributions, estimation, hypotheses testing of means and proportions (one and two sample cases), regression, correlation, chi-square, nonparametric statistics, and an introduction to analysis of variance and Latin square designs. Prerequisite: The general education requirement in mathematics must be completed before taking statistics.

MATH 351 — Linear Algebra. 3 hours. This course covers the fundamentals of linear algebra, including systems of linear equations, matrices, determinants, vectors and vector spaces (linear independence, basis, dimension, inner-product spaces, orthonormal bases), linear transformations, eigenvalues and eigenvectors. Prerequisite: MATH 148.

MATH 354 — Numerical Analysis. 3 hours. The field of numerical analysis deals with mathematical theory, which leads to algorithms for solving various types of applied problems. The algorithms are generally highly computational and require a calculator and/or a computer for their execution. Topics include partial summing of infinite series, solution of nonlinear equations, systems of non-linear and linear equations, numerical integration and differentiation, linear and multiple regression, and the numerical solution of differential equations. Prerequisites: MATH 351, MATH 361, and four hours of CSIS.

MATH 357 — Differential Equations. 3 hours. An introduction to differential equations with an emphasis on solving differential equations. Topics include first-order equations, linear differential equations, inverse differential operators, the Laplace transform, nonlinear equations, and power series solutions. Prerequisite: MATH 361.

MATH 361 — Calculus III. 4 hours. A continuation of MATH 148. Analytic geometry and vectors in three dimensions, partial derivatives and applications, multiple integrals, vector calculus, and an introduction to Fourier series. Prerequisite: MATH 148 or consent of the instructor.

MATH 410 — Introduction to Real Analysis. 3 hours. A careful study of the properties of the real number system. Topics include order properties, completeness, limits, sequences, continuity, uniform continuity, theory of derivatives, and the Riemann integral. Prerequisites: MATH 210 and MATH 361. Offered in alternate years.

MATH 420 — Introduction to Complex Analysis. 3 hours. Topics include complex numbers, analytic functions, complex series, complex integration, Cauchy’s integral formula, Laurent series and residues,
and conformal mapping. Prerequisites: MATH 210 and MATH 361. Offered in alternate years.  

**MATH 430 — Abstract Algebra. 3 hours.** A study of the fundamental structures of algebra, including groups, rings, integral domains, fields, isomorphisms, homomorphisms, and quotient structures. Corequisites: MATH 210 and MATH 351. Offered in alternate years.  

**MATH 450 — Senior Seminar in Mathematics. 1 hour.** A capstone course for the mathematics major involving a variety of selected problems. Students will work on individual projects which will be presented to the class. Offered each fall.  

**MATH 455 — Modern College Geometry. 3 hours.** A study of Euclidean geometry with Hilbert’s axioms and projective geometry, including duality, harmonic sequences, transformations, and analytic projective geometry. Corequisite: MATH 351. Prerequisite: MATH 210.  

**MATH 465 — Probability and Mathematical Statistics. 3 hours.** Continuous probability spaces, density and distribution functions, random variables, expectations, variance, independence, conditional distributions, random sampling, law of large numbers, estimation of parameters, central limit theorem, hypothesis testing, moment-generating functions, regression. Prerequisites: MATH 241 and 361.  

**MATH 473 — Foundations of Mathematics. 3 hours.** A consideration of the origin, history, literature, and nature of mathematics. Possible topics include Euclid’s Elements, development of non-Euclidean geometry, Hilbert’s postulates for geometry, algebraic structure, the modern mathematical method, number systems, sets, logic, and philosophy. Prerequisites: MATH 351 and MATH 361.  

**MATH 491 — Topics in Mathematics.** Selected topics in mathematics to provide opportunity for individual attention to areas of special interest. Prerequisite: Consent of the instructor. Hours to be arranged.
The mission of the Division of Nursing is to provide Christian nursing education designed to prepare graduates for entry into professional nursing. In this endeavor, the students investigate concepts of person, health, the environment, and nursing. The students develop critical thinking abilities as practitioners, client educators, research utilizers, change agents, and patient advocates in a variety of settings.

Nurses are taught to consider the five dimensions of humanity: spiritual, physiological, psychological, sociocultural, and developmental. The Betty Neuman Health Care System Model is the nursing theory that underlies the curriculum.

Students are exposed to a variety of learning experiences, ranging from health promotion and maintenance to restorative care during illness. They work in a variety of health-care agencies. These experiences help to broaden the student’s view of employment opportunities.

The nursing program is designed on the belief that the liberal arts are an essential foundation for nurses as they study person, health, the environment, and nursing.

The program has approval from the Illinois Department of Professional Regulation, is accredited by the National League for Nursing, and has preliminary approval from the Commission on Collegiate Nursing Education.

Kappa Sigma is the local chapter of the International Honor Society for Nurses, Sigma Theta Tau. Membership is based on scholastic and leadership achievement.

The nursing program has two tracks: the traditional four-year track and the RN completion track. The RN completion track is exclusively for registered nurses who have graduated from an associate degree nursing program or a diploma nursing program.
Nursing majors graduating from Olivet Nazarene University receive a Bachelor of Science degree. They are prepared to sit for the NCLEX-RN exam, to practice as generalists and to pursue graduate work in nursing.

The nursing curriculum builds on a broad liberal arts foundation, and is supported by behavioral and life science courses. Nursing studies progress from a wellness emphasis to life-threatening situations, while addressing clients as individuals, families, and communities.

Admission requirements for the nursing major include one year of high school biology and one year of high school chemistry or their equivalents. Students must submit evidence of good health in accordance with Illinois Department of Health regulations for health-care agency personnel. The Division of Nursing will make reasonable accommodation for those students who have special health problems or disabilities when such accommodation is possible as determined by the Division.

Transfer students are accepted after all qualified Olivet students have been placed. Students wishing to transfer must meet the same criteria as students who began their college work at Olivet.

Transportation to and from clinical sites is the responsibility of the student.

Student grades are reviewed each semester. In order to progress to the next nursing level, students must receive a grade of C or higher in each nursing course, and a grade of C- or higher in each of the supporting courses. Upper-division theory and application courses must be taken concurrently. If a failure occurs in one of these courses, then both must be repeated simultaneously. A grade of C or above must be attained in each course. To enroll in 200-level nursing courses, a student must have a 2.50 grade point average. A cumulative grade point average of 2.50 must be maintained to progress in nursing courses.

Students may not repeat more than one nursing course which has a practicum. Students may not enroll in any nursing course more than two times.
Graduation requirements include passing the Mosby Assess Test (NCLEX-RN Predictor Test) at or above the 25 percentile or passing a departmentally approved alternative test.

Nursing Major: 63 hours. B.S.

Required:

NURS 102 — Introduction to Professional Nursing
150 — Basic Nursing Skills
225 — Health Assessment of Adults
250 — Pharmacology for Nursing
260 — Therapeutic Communication
275 — Basic Concepts in Nursing
280 — Pathophysiological Concepts in Nursing
290 — Family Nursing Concepts
360 — Adult Health Nursing Theory
365 — Adult Health Nursing Application
375 — Child Health Nursing Theory
376 — Child Health Nursing Application
378 — Childbearing Family Health Nursing Theory
379 — Childbearing Family Health Nursing Application
441 — Advanced Adult Health Nursing Theory
442 — Mental Health Nursing Theory
445 — Advanced Adult Health Nursing Application
446 — Mental Health Nursing Application
454 — Community Health Nursing Theory
455 — Leadership in Nursing
459 — Community Health Nursing Application
466 — Nursing Research
476 — Issues and Trends in Nursing
479 — Nursing Capstone
425 — Integrated Nursing Concepts or 480-489 Selected Topics in Nursing

To be supported by:

CHEM 100 — Basic Concepts of Chemistry
BIOL 246, 247 — Human Anatomy and Physiology I, II
210 — Microbiology/Life Science
FACS 327 — Human Nutrition
PSYC 211 — Child Development
212 — Adolescent and Adult Development
SOCY 120 — Introduction to Sociology

Typical Program of Courses for a Student Majoring in Nursing

Freshman Year
Introduction to College Studies
Freshman Composition I, II
Basic Concepts of Chemistry
Anatomy and Physiology I, II
Introduction to Sociology
Introduction to Professional Nursing
Basic Nursing Skills
Life Fitness
Physical Education Activity
Introduction to Fine Arts

Sophomore Year
Child Developmental Psychology
Microbiology/Life Science
Health Assessment of Adults
Pharmacology for Nursing
Therapeutic Communication
Mathematics
History
Basic Concepts in Nursing
Pathophysiological Concepts in Nursing
Speech (Intercultural)
Bible I
Family Nursing Concepts

Junior Year
Adult Health Nursing Theory and Application
Adolescent/Adult Developmental Psychology
Literature (Intercultural)
Child Health Nursing Theory and Application
Childbearing Family Theory/Application
Human Nutrition
Christian Doctrine

Senior Year
Advanced Adult Health Theory/Application
Mental Health Nursing Theory and Application
Community Health Theory/Application
Leadership in Nursing
Nursing Research
Issues and Trends in Nursing
Bible II
Integrated Nursing Concepts or Nursing Elective
Church and Christian Living
Nursing Capstone

Nursing Courses

NURS 102 — Introduction to Professional Nursing. 2 hours. Professional nursing, its historical emergence, characteristics, ethics, and unique role in health care
are presented. Nursing research, theory, and critical-thinking process are introduced. Professional nursing roles are explored and observed in the clinical setting. Elementary communication, assessment skills and nursing terminology are introduced and utilized in a community setting.

NURS 150 — Basic Nursing Skills. 3 hours. Basic nursing intervention skills are introduced in the classroom and practiced in the laboratory and clinical setting. Emphasis is given to observation, communication, safety, hygiene, nutrition, fluid balance, comfort, rehabilitation, and assistance with activities of daily living, while providing basic nursing care to clients in long-term care.

NURS 225 — Health Assessment of Adults. 2 hours. This is a nursing application course with emphasis on physical assessment of the well individual. Content includes assessment of major body systems across the life span of the adult. Prerequisites: BIOL 246, BIOL 247 and CHEM 100.

NURS 250 — Pharmacology for Nursing. 2 hours. This course provides a foundation of pharmacological concepts and principles for the beginning nursing student. Topics to be discussed include safe preparation and administration of medications, principles of drug actions and interactions, drug categories, and drug considerations through the life span. The nursing process is utilized as students learn to access, implement, and evaluate pharmacotherapeutics. Prerequisites: BIOL 246, BIOL 247, and CHEM 100.

NURS 260 — Therapeutic Communication. 1 hour. Communication and its application in nurse-client interactions is presented. Attention is given to the development of interviewing and history-taking skills.

NURS 275 — Basic Concepts in Nursing. 3 hours. The Neuman Systems Model is examined and utilized in planning nursing care. Concepts that impact wellness are presented, including spiritual needs, culture, sexuality, elimination, oxygenation, and comfort. Skills are refined in the clinical setting. Prerequisites: NURS 102, NURS 225, NURS 250, and NURS 260.

NURS 280 — Pathophysiological Concepts in Nursing. 4 hours. This course focuses on pathophysiological changes, which may alter the resistive, normal, and flexible lines of defense and jeopardize homeostasis of the individual. Proceeding from an understanding of the body’s normal physiological functions and control mechanisms, an emphasis is placed on content that describes control mechanisms with inadequate functions and the resulting disease processes. Students will relate pathophysiology to the symptomatology in diseases commonly seen in nursing practice. Prerequisites: BIOL 246, BIOL 247, BIOL 210, and CHEM 100.

NURS 290 — Family Nursing Concepts. 1 hour. This course is a study of the well family across the life span. Emphasis is on alterations that occur in family structure, roles, and functioning due to developmental or situational stressors. Family theories and cultural considerations are applied using the Neuman Systems Model. The nursing process as it applies to the family is introduced. Prerequisites: SOCY 120 and NURS 260.

NURS 360 — Adult Health Theory. 6 hours. The theoretical foundation of nursing care to adults with acute and chronic illnesses is the focus of NURS 360. Medical, surgical, and nutritional treatment modalities are explored. Professionalism in nursing practice, concepts of nursing research, and exploration of sociopolitical and legal aspects of care are studied. To be taken concurrently with NURS 365. Prerequisites: 200-level nursing courses.

NURS 365 — Adult Health Application. 4 hours. NURS 365 is the application of the theory presented in NURS 360. The course consists of 12 hours of practicum each week. In the practicum, students utilize the nursing process and Neuman Model as they provide nursing care to clients in health-care facilities. Settings include medical and surgical hospital units, surgical services, and rehabilitation. To be taken concurrently with NURS 360.

NURS 375 — Child Health Nursing Theory. 3 hours. The theoretical foundation of nursing care of children and adolescents is the focus of NURS 375. The family is consistently addressed as the central unit for providing nursing care for the child. Health and wellness is integrated as growth and development theory is covered from infancy through adolescence. Professionalism in nursing practice, concepts of nursing research, and exploration of sociopolitical and legal aspects of nursing care of children are studied. To be taken concurrently with NURS 375, PSYC 211 and 212 may be taken concurrently. Prerequisites: 200-level nursing courses.

NURS 376 — Child Health Nursing Application. 2 hours. NURS 376 is the application of the theory presented in NURS 375. This course consists of weekly clinical practicums. In the practicums, students utilize the nursing process and the Neuman Model as they provide nursing care to clients in agency settings. Facilities include pediatric units, physicians’ offices, day-care centers, schools, clinics, and home visitations. To be taken concurrently with NURS 375.

NURS 378 — Childbearing Family Health Nursing Theory. 3 hours. The theoretical foundation of nursing care for the childbearing family during pre-pregnancy, pregnancy, intrapartum, postpartum and neonatal periods is the focus of NURS 378. Women’s health issues and genetic considerations are addressed as they relate to the childbearing family. Community resources appropriate for the childbearing family are explored. Nursing research and sociopolitical and legal aspects applicable to the childbearing family are studied. To be taken concurrently with NURS 379. Prerequisites: 200-level nursing courses, PSYCH 211 and PSYCH 212 (may be taken concurrently).

NURS 379 — Childbearing Family Health Nursing Application. 2 hours. The application of the theory presented in NURS 378. The nursing process and
the Neuman Model are utilized in providing care to childbearing clients and their families in hospitals, homes, and community settings. To be taken concurrently with NURS 378.

**NURS 425 — Integrated Nursing Concepts. 2 hours.** This course fulfills requirements for identified individual needs in the area of nursing concept integration. All major nursing concepts will be reviewed and reinforced using a systems approach. Prerequisites: 300-level nursing courses and two 400-level nursing application courses.

**NURS 441 — Advanced Adult Health Nursing Theory. 3 hours.** The theoretical foundation of nursing care to individuals who are experiencing core penetration from complex multidimensional stressors is the focus of this course. Theory from previous nursing courses will be integrated to provide a foundation for the care of the high-risk critically ill individual. To be taken concurrently with NURS 445. Prerequisites: 300-level nursing courses, FACS 327.

**NURS 442 — Mental Health Nursing Theory. 2 hours.** This course presents the theoretical foundation of nursing interventions for individuals, families, and groups experiencing core penetration in the psychological dimension. The needs of individuals with mental illness as they impact the family and the community will be discussed. To be taken concurrently with NURS 446. Prerequisites: 300-level nursing courses.

**NURS 445 — Advanced Adult Health Nursing Application. 2 hours.** NURS 445 is the application of the theory presented in NURS 441. In the weekly practicums, students will use the nursing process and the Neuman Model as they provide care to high-risk, critically ill clients. To be taken concurrently with NURS 446.

**NURS 446 — Mental Health Nursing Application. 2 hours.** NURS 446 is the application of the theory presented in NURS 442. Students will apply the principles of therapeutic communication, and the nursing process during weekly practicums. Selected therapeutic groups will be observed and group assignments completed. To be taken concurrently with NURS 442.

**NURS 454 — Community Health Nursing Theory. 2 hours.** Health promotion and health maintenance are the foci for this course. The effects of the environment on health are analyzed. Modification of risk factors in aggregates are explored, along with principles of epidemiology. The community is assessed and evaluated in relation to sociopolitical forces and health care. To be taken concurrently with NURS 459. Prerequisites: 300-level nursing courses and two 400-level nursing application courses.

**NURS 459 — Community Health Nursing Application. 2 hours.** NURS 459 is the application of theory presented in NURS 454. The course consists of weekly practicums, including nursing care of individuals and groups of clients in a variety of community settings. To be taken concurrently with NURS 454.

**NURS 466 — Nursing Research. 2 hours.** Research is defined and explored as a process. The student will critique research and develop a research project, select a problem, do a literature review, and plan the methodology, including discovery or construction of a data-gathering device. Emphasis is on the importance of the study to applied research or development of a body of knowledge. Prerequisites: 300-level courses.

**NURS 476 — Issues and Trends. 2 hours.** This course focuses on current issues and trends in the profession of nursing. Topics in professional nursing practice, nursing education, and health-care delivery are explored from historical, sociopolitical, ethical, legal, and economic aspects. Emphasis is placed on strategies that the individual nurse and the collective profession can utilize to impact the issue/trend in a positive manner. Prerequisites: 300-level nursing courses.

**NURS 479 — Nursing Capstone. 4 hours.** This course focuses on integrating nursing practice with theoretical knowledge. Individualized practicum experiences enhance nursing role development in final preparation for entry into professional nursing. Weekly seminars facilitate understanding of issues that affect current nursing practice. Prerequisites: all other 400-level nursing courses.

**NURS 480-489 — Selected Topics in Nursing. 2 hours.** May be repeated for credit as long as topics are different.

**NURS 499 — Special Topics in Nursing.** Individualized study program on a topic not covered in a regular course.

**Degree Completion Track for Registered Nurses**

The RN completion track is based on the same philosophy, purposes, graduate characteristics, and conceptual framework as the traditional track. However, in recognition of the special needs of the working adult, the curriculum is packaged to accommodate the adult student. The nursing courses are presented in sequence in a modular arrangement of content. In addition to out-of-class study group sessions, students meet one night per week for four hours of class. The majority of classes are six weeks in duration. Upon completion
of one course, the students move directly into the next course. The 11 nursing courses may be completed in approximately 70 weeks. A group of 20 admitted students is needed to begin a class, and those students advance together through the entire sequence of courses.

The requirements of the University for the general education courses and supporting courses are the same as those for traditional students. Students may achieve credit in general education and supporting courses with success on proficiency or CLEP examinations.

Students who do not meet the Illinois Articulation Agreement requirement of graduation from an NLN-accredited program may receive transfer credits of 31 hours through an escrow process or by completing the NLN Mobility Exams. NLN Mobility Exams are required for students failing to attain escrow.

Admission to the Bachelor of Science Degree Program for Registered Nurses:
1. Current license for registered nurse.
2. An associate degree in nursing or a diploma school graduate.
3. An overall grade point average (GPA) of 2.5 in previous college work.
4. Completion of application process, including two letters of recommendation to affirm applicant’s professional promise, character, and capacity for upper-division college level of study.
5. Records validating current physical exam and selected immunizations and lab work.
6. Validation of professional liability insurance (some agencies may require a specific amount of coverage).

Transfer of Credit Policy:
A maximum of 82 semester credit hours (or equivalent quarter hours) may be accepted from community colleges as transfer credit to the RN degree-completion track at Olivet.

Nursing Courses for Registered Nurses

NRSG 300 Introduction to Professional Nursing. 3 hours. This course presents an overview of concepts that formulate the framework for professional nursing practice. The historical, philosophical, and professional perspectives are presented as the genuses for the development of professional nursing. Emphasis is placed upon the theoretical basis for the science of nursing with a focus on the Neuman Model. Also included in the module are the concepts of communication; development of a philosophy; conceptual framework of nursing, professional socialization, and accountability; and the holistic approach to nursing of the individual and family.

NRSG 340 — Computers in Health Communication. 3 hours. This course provides an introduction to health communication via the use of a computer. The course focuses on the use of the computer to enhance communication between health providers, to assist nurses in obtaining health information, and to assist nurses as they develop health education materials and health presentations. The student will develop an understanding of the use of a laptop computer, word processing, e-mail, the Internet, and PowerPoint.

NRSG 345 — Transcultural Nursing. 3 hours. In this course, the development of cultural sensitivity is studied. Students design the delivery of culturally appropriate nursing care.

NRSG 355 — Health Assessment/Pathophysiology. 3 hours. The focus of this course is to strengthen physical assessment knowledge through the understanding of selected pathophysiological processes. Emphasis is placed on the concepts of cellular injury, inflammation, hypoxia, and cancer, as well as the health continuum, the nursing history, examination and interviewing techniques, and documentation.

NRSG 375 — Family Health Nursing. 3 hours. A study of the well family including changes in the family structure as well as roles and functioning that transpire across the life span. Family theories are applied using the Neuman Model. Practicum includes home visits to young and elderly families.

NRSG 395 — Nursing Research. 3 hours. This course provides the basic foundation for an understanding of nursing research. Included in the course are: an overview of nursing research, steps in the research process, research designs, research methodology, data collection, and analysis and utilization of research. A research proposal will be drafted as a study group assignment.

NRSG 441 — Advanced Adult Health Nursing. 3 hours. This course focuses on a study of critical and crisis situations across the life span. Emphasis is given primarily to the individual, but the impact of crisis on the family is also discussed. Students use the Neuman Model as a guide for the nursing process. The practicum experience is based upon individual learning needs and could include experiences in critical care units across the life span, oncology units (both inpatient and outpatient settings), burn units, or emergency units.

NRSG 445 — Families in Crisis. 2 hours. This course presents group theory and crisis intervention in the management of dysfunctional families. Selected therapeutic groups are observed and group assignments completed. The practicum is based upon individual needs in broadening their experience with the therapeutic use of group intervention.
NRSG 455 — Community Health Nursing. 3 hours. Focus is on the well community as a client and use of community resources for health promotion. High-risk population aggregates are studied. The roles of the school nurse and occupational health nurse are experienced. Resources studied include community agencies, clinics, and public health agencies. Practicum consists of agency visits, conducting an epidemiology study, and participation in a community disaster simulation.

NRSG 460 — Leadership/Management in Nursing. 3 hours. Leadership principles and organization of health-care systems are presented. Application is accomplished by integrating theory with task fulfillment and character development by use of critical-thinking exercises. Factors such as organizational communication and sociopolitical forces are examined for their influences on various population groups and organizations in the health-care system.

NRSG 470 — Issues in Health Care, Law and Ethics. 3 hours. A critical examination of the profession of nursing in the 21st century will be analyzed within theoretical frameworks. Topics will include legal, ethical, political, and professional issues that will challenge students. These timely topics will be presented in a way that will provoke thought, dialogue, and debate. The future of nursing within the evolving health-care system will be speculated.
The mission of the Division of Religion and Philosophy is to educate for ministry within the Wesleyan-Arminian tradition, preparing clergy and laity for service to church and community and facilitating their personal spiritual development.

The division contributes to the general education of all students by providing a basic understanding of how to interpret the Bible and to think through the theology of Christian faith in order to provide an adequate intellectual basis for spiritual growth and ethical decision-making, seeking to provide opportunities for spiritual formation and practical expressions of Christian commitment.

The division enables those desiring to prepare for professional ministry or graduate studies to gain entry-level knowledge and skills in the areas of Biblical studies, theology, philosophy, history of Christianity, and practices, including Christian education and spiritual formation. While students of other ecclesiastical backgrounds are welcomed, Olivet is an educational institution of the Church of the Nazarene, and the division intentionally designs programs to meet the ordination requirements of that denomination.
The Division, in cooperation with the School of Graduate and Adult Studies, provides a graduate program to enable students who are preparing for professional ministry or further graduate study and ministers who wish to continue their education, to engage in the advanced study of religion and ministry.

The objectives of the Division are practical as well as theoretical in scope and relate the specific aims of its departments to the mission of both the Division and the University. Students will:

1. Be able to engage in interpretation and exegesis of the foundation documents of the Christian faith.
2. Engage in inquiry into the significance of the Christian faith, particularly of the Wesleyan-Arminian tradition, probing the ways Christian doctrines relate to and involve one another and take shape in the life of the Church and of the particular Christian.
3. Be able to communicate their faith so as to serve both their local church and contemporary society.
4. Be able to make informed ethical decisions, applying Christian values to contemporary issues.
5. Gain an informed awareness of the identity and function of religious institutions and movements through the study of the history of Christianity and world religions.
6. Have opportunity for spiritual growth and be provided with the foundations for continued growth following college.
7. Be exposed to the major figures and movements of the history of philosophy, the enduring concerns of the discipline of philosophy, and their relationship to Christian thought.

Faculty

ROBERT BRANSON (1992)
Professor of Biblical Literature
Chair, Division of Religion and Philosophy
A.B., 1963, Southern Nazarene University
B.D., 1966, Nazarene Theological Seminary
Th.M., 1969, Midwestern Baptist Theological Seminary
Ph.D., 1976, Boston University

ROBERT D. SMITH (1982)
Professor of Theology
B.A., 1974; M.A., 1975, Southern Nazarene University
M.Div., 1977, Nazarene Theological Seminary
Ph.D., 1981, Baylor University

JOHN C. BOWLING (1991)
President of the University; Professor of Theology
B.A., 1971, Olivet Nazarene University
M.A., 1972, Olivet Nazarene University
M.R.E., 1973, Southwestern Baptist Theological Seminary
Ed.D., 1978, Southwestern Baptist Theological Seminary
D.Min., 1988, Southern Methodist University
Post-Doctoral Study, 1990, Harvard University

LARRY MURPHY (1992)
Professor of Biblical Literature
B.S., 1976, Trevecca Nazarene University
M.Div., 1981, Nazarene Theological Seminary
Th.M., 1983, Duke University
Ph.D., 1988, Southern Baptist Theological Seminary

RON DALTON (1993)
Professor of Christian Ministry
B.A., 1975, Trevecca Nazarene University
M.Div., 1979, Nazarene Theological Seminary
D.Min., 1984, Vanderbilt University

CRAIG KEEN (1994)
Professor of Theology
B.A., 1972, Southern Nazarene University
M.A., 1975, Southern Nazarene University
M.Div., 1975, Nazarene Theological Seminary
Ph.D., 1985, Claremont Graduate University

WILLIAM H. BRAY (1994)
Professor of Christian Ministry
B.A., 1974, MidAmerica Nazarene University
M.Div., 1978, Nazarene Theological Seminary
M.A., 1990, University of Colorado
D.Min., 1985, Phillips University Graduate Seminary

169
Richard Thompson (1994)
Associate Professor of Biblical Literature
B.A., 1980, Olivet Nazarene University
M.Div., 1984, Nazarene Theological Seminary
Ph.D., 1996, Southern Methodist University

David Wine (1995)
Associate Professor of Christian Education
B.A., 1972, Olivet Nazarene University
M.A., 1977, The Ohio State University
Doctoral candidate, Trinity Evangelical Divinity School

Michael W. Benson (2002)
University Chaplain
B.A., 1978, Southern Nazarene University
M.Div., 1983, Nazarene Theological Seminary
D.Min., 2001, Asbury Theological Seminary

J. Kenneth Grider (1993)
Distinguished Visiting Professor of Theology
Th.B., 1944, Olivet Nazarene University
B.D., 1947, Nazarene Theological Seminary
M.Div., 1948, Drew University
Ph.D., 1954, University of Glasgow

Typical Program for Students Majoring in the Division of Religion

**Freshman Year**
- Sharing Our Faith
- Fundamentals of Christian Ministry
- Bible I
- English Composition
- Christian Education
- Physical Education
- Introduction to Fine Arts

**Sophomore Year**
- Introduction to Philosophy
- Fundamentals of Public Speaking
- Elementary Greek
- History or Sociology
- Biblical Hermeneutics
- Preaching and Worship

Department of Biblical Literature — BLIT

The aims of this department are (1) to lead students into an intelligent appreciation of the Bible as the foundation of our Christian faith and as an important factor in our civilization; (2) to give students a basic understanding of the organization and content of our English Bible, and to acquaint them with the principal persons and events involved in Biblical history; (3) to educate students in a sound interpretation of the Bible, and to help them to make practical applications to Christian doctrine, experience, and life; and (4) to acquaint students, especially those who are preparing for the ministry, with the origin and literary history of the Bible and with some of the more important problems of Bible study.

**Biblical Studies Major: 59 hours. B.A.**

**Required:**
- BLIT 100 — Bible I
- 233 — Elementary Greek I
- 234 — Elementary Greek II
- 250 — Biblical Hermeneutics
- 310 — New Testament Introduction
- 330 — New Testament Greek
- PHIL 201 — Introduction to Philosophy
- 351 — Ancient and Medieval Philosophy
- THEO 351 — History of Christianity I
- 361 — Systematic Theology I
- 363 — Systematic Theology III
- 362 or 364 — Systematic Theology II or Topics in Systematic Theology
- 401 — Church and Christian Living

plus nine hours of upper-division Old Testament and nine hours of upper-division New Testament

**Biblical Studies Minor: 15 hours**

**Required:**
Courses approved by the department chair to include at least 12 hours in upper-division work.

**Greek Minor: 14 Hours**

**Required:**
- BLIT 233 — Elementary Greek I
- 234 — Elementary Greek II

and six additional hours of upper-division Greek.

**Courses**

- **BLIT 100 — Bible I. 3 hours.** An introduction to the serious study of the Old Testament as Scripture, its original historical and literary contexts, and its contemporary relevance within the Christian church. Attention is given to the history of the people of Israel,
the geography, customs, thought, and languages of the Biblical world. The course is intended to cultivate an appreciation for the Old Testament, and to provide the necessary background for understanding the New Testament.

BLIT 233 — Elementary Greek I. 4 hours. A comprehensive elementary course that includes grammar, pronunciation, reading, and translation of Koine Greek. Lecture and laboratory for individualized instruction.

BLIT 234 — Elementary Greek II. 4 hours. A continuation of BLIT 233.

BLIT 250 — Biblical Hermeneutics. 3 hours. A study of the science and art of Biblical interpretation, including a survey of the history of interpretation and an introduction to the theory, methods, and practice of Biblical exegesis. The course will also provide an overview of the process of formation for the Old and New Testaments, as well as a discussion of Biblical translations. Prerequisite: BLIT 100. Required for all majors within the Division of Religion and Philosophy. Along with BLIT 310-New Testament Introduction, this course will be taken in place of BLIT 300 as a general education requirement.

BLIT 300 — Bible II. 3 hours. An introduction to the New Testament within its historical and literary contexts. Attention is given to its message, literary features, significant persons and events, enduring values, and contemporary application. The course is intended to promote appreciation for the Biblical faith through attention to the major themes of both Old and New Testaments. Opportunity is given for the development of exegetical and hermeneutical skills through the careful study of selected New Testament passages, student presentations, and group discussions. This course is intended to provide information, develop advanced Bible study skills, cultivate mature appreciation for the New Testament, and motivate lifelong study of the Scriptures. Prerequisite: BLIT 100. BLIT 250 and BLIT 310 must be taken instead of BLIT 300 by majors in the Division of Religion and Philosophy.

BLIT 310 — New Testament Introduction. 3 hours. An introductory study of the New Testament. This course introduces the student to critical issues in and resources for New Testament studies, exposes the student to the various contexts (cultural, philosophical, religious, social, etc.) in which the New Testament texts were written, and gives attention to the historical backgrounds, genre, message, and significant persons of the New Testament texts. Some attention will be given to comparing major theological themes and passages of the New Testament.

BLIT 330 — New Testament Greek Exegesis. 3 hours. A continuation of grammar study and translation with attention to developing exegetical skills in the study of the Greek New Testament. This course will focus either on a selection of New Testament passages or on a selected New Testament corpus. Prerequisite: BLIT 233 and 234. May be repeated for credit as topic varies.

BLIT 339 — Readings in Greek. 1-3 hours. A course that continues to develop and refine skills in the reading and study of selected Greek texts. Selections may include texts from the New Testament, the early Church, and/or ancient philosophers. Prerequisite: BLIT 233, 234, and 330. May be repeated with a different subtitle.

BLIT 379 — Old Testament Prophets I. 3 hours. A study of the background, contents, and teachings of Hosea, Amos, Isaiah, Micah, Jonah, and Obadiah. Offered alternate years.

BLIT 465 — Pauline Epistles. 3 hours. An exegetical and theological study of a selection of epistles attributed to the Apostle Paul. Attention will be given to their historic and sociological contexts, as well as to their contribution to the general category of Pauline thought. Prerequisite: BLIT 310. Offered alternate years.

BLIT 471 — Pentateuch. 3 hours. A study of the historical background and the development of the Hebrew people as found in Genesis, Exodus, Leviticus, Numbers, and Deuteronomy. Offered alternate years.

BLIT 472 — Synoptic Gospels and Acts. 3 hours. An exegetical study of the synoptic gospels and the Book of Acts, with attention given to critical issues such as the synoptic problem, the historical Jesus, issues of continuity between Luke and Acts, and the development of narrative exegetical methods. Prerequisite: BLIT 310. Offered alternate years.

BLIT 474 — Johannine Literature. 3 hours. An exegetical study of the gospel and epistles of John and the Revelation in English translation. Prerequisite: BLIT 310. Offered alternate years.

BLIT 476 — Topics in Biblical Studies. 3 hours. A study of significant areas of contemporary and enduring interest in the field of Biblical studies, such as hermeneutics, the parables of Jesus, miracles, the Greco-Roman world, and theology. Courses related to specific Biblical writings may also be offered. Offered alternate years. Prerequisite: BLIT 310.

BLIT 600-699 — Graduate Level Courses. Open to some seniors. See the coordinator of Graduate Studies in religion.
The powerful words of our Lord to "go and make disciples of all nations . . . teaching them to observe everything I have commanded" is central to the mission of the Department of Christian Education. The program exists to develop educational leaders within the body of Christ.

The Department of Christian Education seeks to (1) nurture the student's personal growth and relationship with Christ; (2) develop a learning community between students and faculty; (3) search in an integrative way for understanding in theological and social science fields of study; (4) equip students to be servant leaders who believe in and empower laity to do the work of ministry; and (5) develop Christian leaders with a global perspective.

The youth ministry major prepares those with a call to extend God's grace to the youth of our culture. This ministry focuses the resources of the Church toward the youth community as well as parents of youth. This major fulfills educational requirements of ordination as an elder or deacon within the Church of the Nazarene.

The Christian education major prepares those called to serve in a broad spectrum of education ministries with children, youth, or adults. This major allows for a more diverse preparation in the social sciences. Generally, seminary or advanced training is necessary to fulfill all ordination requirements within the Church of the Nazarene.

The Christian education and youth ministry minors allow students preparing for vocational ministry, as well as those students desiring a greater competency in lay ministry, to concentrate preparation toward being more effective stewards of God's calling in their lives to "make disciples."

**Christian Education Major: 29 hours. B.A. or B.S.**

**Required:**

CHED 115 — Christian Education  
290 — Community Ministry Experience I  
295 — Instructional Technology  
302 — Praxis I  
303 or 304 — Praxis II or III  
310 — Spiritual Formation  
390 — Community Ministry Experience II  
395 — Seminar in Christian Education  
490 — Summer Ministry Experience  

**Plus 12 additional hours of Christian education approved by the department chair.**

**Required Supporting Courses:**

THEO 361 — Systematic Theology I  
363 — Systematic Theology III  
362 or 364 — Systematic Theology II or Topics  
401 — Church and Christian Living  
CMIN 116 — Fund of Christian Ministry  
PHIL 201 — Introduction to Philosophy  
THEO 472 — History, Missions, and Polity  
BLIT 100 — Bible I  
250 — Biblical Hermeneutics  
310 — New Testament Introduction  

**Plus three hours of upper-division Old Testament Biblical literature, and three hours of upper-division New Testament.**

Recommended supporting courses include: PSYC 461 Counseling Process; BSNS 160 Principles of Management; SOCY 364 Anthropology; and PSCI 101 Intro to Political Science. Students interested in a youth ministry concentration should include CHED 200, CHED 370, CHED 380, and CHED 325 as part of the approved Christian education electives. Non-Nazarene students may substitute THEO 351, 352, or 357 History of Christianity for THEO 472.

**Youth Ministry Major: 80 hours. B.A. or B.S.**

This major has been approved by the Course of Study Advisory Committee to meet educational requirements for ordination as an elder in the Church of the Nazarene.

**Required:**

CMIN 116 — Fundamentals of Christian Ministry  
201 — Preaching and Worship  
302 — Praxis I  
303 or 304 — Praxis II or III  
494 — Pastoral Care/Counseling  
CHED 200 — Foundations of Youth Ministry  
290 — Community Ministry Experience I  
295 — Instructional Technology  
310 — Spiritual Formation  
370 — Issues in Youth Ministry  
380 — Seminar in Youth Ministry  
390 — Community Ministry Experience II  
490 — Integrated Summer Ministry  
PHIL 201 — Introduction to Philosophy  
PHIL — Upper-division philosophy elective, three hours
THEO 351, 352, or 357 — History of Christianity, six hours
THEO 462 — Doctrine of Holiness
THEO 472 — History, Mission, and Polity of the Church of the Nazarene
THEO 361 — Systematic Theology I
THEO 362 or 364 — Systematic Theology II or IV
THEO 363 — Systematic Theology III
401 — Church and Christian Living
BLIT 100 — Bible I
250 — Biblical Hermeneutics
310 — New Testament Introduction

Plus three upper-division hours of Old Testament and three upper-division hours of New Testament

Plus six hours of Christian Education selected from:

CHED 115 — Christian Education
301 — Principles/Methods of Christian Education
325 — Small Groups
366 — Contemporary Ministries

To be supported by:

PSYC 212 or 211 — Adolescent/Adult Development or Child Development
SOCY 362 — Marriage and Family

B.A. degree requires eight hours of Greek or permission of divisional chair to substitute another foreign language.

Christian Education Minor: 17 hours

Required:

CHED 115 — Christian Education
290 — Community Ministry Experience
295 — Instructional Technology
301 — Principles and Methods of Christian Education
310 — Spiritual Formation

and six upper-division hours of Christian education

Youth Ministry Minor: 17 hours

Required:

CHED 200 — Foundations of Youth Ministry
290 — Community Ministry Experience
310 — Spiritual Formation
325 — Small Groups
370 — Issues in Youth Ministry
380 — Seminar in Youth Ministry

CHED 115 or 301 — Christian Education or Principles and Methods for Christian Education

Courses

CHED 115 — Christian Education. 3 hours. A study of the aims, methods, materials, and programs of Christian education. Agencies of the local church for educational evangelism and development of Christian character will be considered, including Sunday school, youth groups, mission society, home and extension services, weekday religious instruction, and activities in the church and community. The organization and administration of all Christian education in the local church will be considered, including present-day problems and trends.

CHED 200 — Foundations of Youth Ministry. 3 hours. An examination of the theological, developmental, sociological, and historical frameworks which shape evangelical youth ministry. Includes the reaching and teaching of youth through the local church. Students will begin the formation of a philosophy of youth ministry.

CHED 290 — Community Ministry Experience I. 1 hour. An integrated ministry experience, generally during the sophomore year, in harmony with the student’s interest and calling. Experience must include at least 50 hours of ministry experience in a local church, parachurch organization, or appropriate ministry setting. Assessment of students includes that student’s knowledge of the field, experiences in leadership, personal spiritual leadership, ministry skill preparedness, and interpersonal competences. A mentor will provide direction and appropriate feedback.

CHED 295 — Instructional Technology. 1 hour. Same as EDUC 295.

CHED 299 — Summer Ministries in the Church of the Nazarene. 1-3 hours. This course is designed to prepare the student for practical involvement in the summer ministries program of the Church of the Nazarene. It emphasizes the nature and background of the specific ministries, cross-cultural understanding, personal growth, Biblical understandings, churchmanship, and special skills appropriate to these respective ministries.

CHED 301 — Principles and Methods for Christian Education. 3 hours. A study of the principles of educational theory as they relate to the teaching ministries of the Church, and a survey of practical teaching methods for use in the local church.

CHED 302 — PRAXIS I: The Church in Mission. 2 hours. Same as CMIN 302.

CHED 303 — PRAXIS II: Evangelism & Congregational Renewal. 2 hours. Same as CMIN 303.
CHED 304 — PRAXIS III: Cross-Cultural Ministry. 2 hours. Same as CMIN 304.

CHED 310 — Spiritual Formation. 3 hours. A course designed to enhance the personal spiritual growth of the minister. The understanding and development of issues of integrity and character and the integration of relationships with self, God, and others are explored. Attention is given to classical spiritual disciplines such as prayer, fasting, Scripture-reading, and Christian meditation.

CHED 325 — Small Group Ministry. 3 hours. This course focuses on the birthing, feeding, and support of small groups for children, youth, and adults through the local church. Multiple types of groups will be explored, including the nurture group, the Sunday school, the serving group, the seeker group, and the recovery group. Emphasis will also be given to experience the dynamic of community through small groups.

CHED 326 — The Church’s Ministry with Children. 3 hours. Introduction to the Church’s ministry with children, birth to 12 years. Topics include developmental issues, teaching and organization, family and intergenerational opportunities, and evangelism and nurture.

CHED 366 — Contemporary Ministries. 3 hours. A study of various ministries that are currently being used by the Church. Such ministries as weekday programs, outreach ministries, camping, social programs, bus ministries, and campus ministries will be addressed. The course will be flexible enough to include new ministries as they develop in the life of the Church.

CHED 367 — Materials and Methods for Recreation. 2 hours. Same as PHED 367. Prerequisites: CHED 115, PSYC 102, 211.

CHED 370 — Issues in Youth Ministry. 3 hours. An exploration of the skills, strategies, challenges, and resources of relevant youth ministry. Issues such as discipling, outreach, recreation, counseling youth and parents, retreats and camping, building a family friendly ministry, and recruiting and equipping a team of leaders may be examined.

CHED 377 — Music in Worship. 2 hours. Same as MUCH 377.

CHED 380 — Seminar in Youth Ministry. 1 hour. The seminar includes participation in one of the national youth workers conferences. Preconference reading and group work occur during and after the event.

CHED 390 — Community Ministry Experience II. 1 hour. An integrated ministry experience, generally during the junior year, in harmony with the student’s interest and calling. Experience must include at least 50 hours of ministry experience in a local church, parachurch organization, or appropriate ministry setting. Assessment of students includes the student’s knowledge of the field, experiences in leadership, personal spiritual leadership, ministry skill preparedness, and interpersonal competencies. A mentor will provide direction and appropriate feedback.

CHED 395 — Seminar in Christian Education. 1 hour. The seminar includes participation in one of the national conferences relating to the teaching and equipping ministries of the church. Preconference reading and group work occur during and after the event.

CHED 452 — The Minister as Leader and Administrator. 3 hours. Same as CMIN 452.

CHED 489 — Problems in Christian Education. 1-2 hours. Individual study of a practical problem in Christian education. The student must decide upon a problem, study it, and propose its solution. The major requirement is a written report of the student’s research. Open to majors only.

CHED 490 — Integrated Summer Ministry Experience. 3 hours. An integrated ministry experience usually during the summer in harmony with the student’s calling. The experience will include at least 150 hours of ministry experience. Attention will be given to the student’s personal maturation, development of interpersonal competencies, and sharpening of professional skills for leadership facilitated by the instructor and mentored by the field supervisor.

CHED 494 — Pastoral Care and Counseling. 3 hours. Same as CMIN 494.

Department of Theology — THEO

The objectives of the Department of Theology are as follows: (1) to cultivate a fuller appreciation of the doctrines and institutions of the Christian Church through a more adequate knowledge of their origin, development, and historical importance; (2) to emphasize Arminian theology as interpreted by John Wesley and reconstructed by subsequent holiness movements, especially the Church of the Nazarene; (3) to train young ministers for effectiveness in preaching and efficiency in pastoral methods; (4) to train prospective pastors, evangelists, missionaries, and lay workers in effective methods of evangelism.

The course of study for licensed ministers in the Church of the Nazarene has been considered in the curricular planning of the Division of Religion and Philosophy. While required for ordination in the Church, not all of these courses are necessarily included in the requirements for degrees.

Students looking forward to ordination should be guided by their advisers in selecting courses
needed for the completion of ordination requirements.

**Religion Major: 68-79 hours. B.A. or B.S.**

This major has been approved by the Course of Study Advisory Committee to meet the education requirements for ordination as an elder in the Church of the Nazarene.

**Required:**

- BLIT 100 — Bible I
- 250 — Biblical Hermeneutics
- 310 — New Testament Introduction
- plus three hours of upper-division Old Testament and three hours of upper-division New Testament, excluding BLIT 300 Bible II.
- CMIN 101 — Sharing our Faith
- 116 — Fundamentals of CMIN
- 201 — Preaching and Worship
- 302 — The Church in Mission
- 303 — Evangelism and Church Renewal or 304 — Cross-Cultural Ministry
- 452 — Minister as Leader and Administrator
- 494 — Pastoral Care/Counseling
- 496 — Field Training
- PHIL 201 — Introduction to Philosophy, and three hours of elective in philosophy
- THEO 351 — History of Christianity I
- 352 or 357 — History of Christianity II, III
- 361 — Systematic Theology I
- 363 — Systematic Theology III
- 362 or 364 — Systematic Theology II or Topics
- 401 — Church and Christian Living
- 462 — Doctrine of Holiness
- 472 — History, Missions, and Polity of the Church of the Nazarene

BLIT 233, 234 — Elementary Greek I, II (with permission of Division chair, another foreign language may be substituted for a B.A. degree or six hours of international culture courses may be substituted for a B.S. degree)
- CHED — three hours of elective in Christian education

**Required Supporting Courses:**

- three hours of psychology
- three hours of history
- six hours of sociology, political science, economics

**Highly Recommended Courses:**

- MUCH 377 — Music in Worship
- three additional hours of philosophy
- three additional hours of Biblical literature

**Religious Studies Major: 48 hours. B.A.**

- BLIT 100 — Bible I
- 250 — Biblical Hermeneutics
- 310 — New Testament Introduction
- plus three hours of upper-division Old Testament and three hours of upper-division New Testament, excluding BLIT 300 Bible II.
- THEO 401 — Church and Christian Living, and nine hours selected from THEO 361, 362, 363, 364; and six hours selected from THEO 351, 352, or 357
- PHIL 201 — Introduction to Philosophy, and nine hours of upper-division philosophy, including either PHIL 325 or 451.
- plus three additional upper-division hours from the Division of Religion and Philosophy.

**Philosophy and Religion Major: 48 hours. B.A.**

- BLIT 100 — Bible I
- 250 — Biblical Hermeneutics
- 310 — New Testament Introduction
- THEO 351, THEO 352 or THEO 357
- PHIL 201 — Introduction to Philosophy, and 15 upper-division hours of electives in philosophy
- plus 15 additional upper-division hours in systematic theology, Biblical literature, history of Christianity, or additional philosophy.

**Religion Minor: 15 hours**

**Required:**

- THEO 351, THEO 352 or THEO 357, three hours of upper-division Biblical literature, an additional three-hour upper-division course from the Division of Religion and Philosophy, with additional courses to be approved by the division chair. General education courses from the Division of Religion and Philosophy cannot count toward fulfilling the 15-hour requirement for the religion minor.

**Cross-Cultural Ministries Minor: 19 hours**

**Required:**

- CMIN 101 — Sharing our Faith
- 116 — Fundamentals of Christian Ministry
- 302 — Church in Mission
- 304 — Cross-Cultural Ministry
plus two hours selected from:
CMIN 290 — Cross-Cultural Ministry Experience
390 — Cross-Cultural Field Experience
399 — Cross-Cultural Ministry — CAUSE

and nine hours selected from:
PHIL 325 — World Religions
SOCY 364 — Anthropology
THEO 462 — Doctrine of Holiness
Christian education elective — three hours

To be supported by:
nine hours selected from the following:
HIST 110 — The World Today
379 — The Developing World
LIT 300 — Literature of Western World
308 — Third World Literature
315 — Multiethnic Literature
PSCI 221 — International Relations
SOCY 280 — Ethnic Relations
374 — World Food Problem
COMM 349 — Intercultural Communication

Highly Recommended: THEO 472 — History, Missions, and Polity of the Church of the Nazarene
CMIN 380 — Intro to Missionary Service

Recommended:
MATH 102 and completion of a foreign language through the elementary I and II levels. Students completing PHIL 325, SOCY 364, and THEO 462 may reduce the required supporting courses to six hours.

Systematic Theology

THEO 300 — Christian Doctrine. 3 hours. A general education course for all students involving a study of the fundamental doctrines of the Christian faith from a Biblical basis. The course will emphasize such concepts as Who or What is God; what is the nature of authority; developing a creed to live by; sin, redemption, and sanctification; and comparison to other world religions. This course provides a background for further study, and acquaints every student with the essential doctrines of the Christian faith, with special emphasis given to the doctrine of holiness.

THEO 361 — Systematic Theology I: The Doctrine of God the Father. 3 hours. An introduction to theological thinking and its relation to the great teachings of the Church, and an inquiry into the meaning and implications of the doctrines of revelation, the Trinity, and creation. This course will focus its attention on the witness of Scripture, the historic testimony of the Church (especially of the Wesleyan tradition), classical and contemporary modes of thought, and the meaning of theological thinking for the life of the student and the Church. Prerequisite: PHIL 201.

THEO 362 — Systematic Theology II: The Doctrine of God the Son. 3 hours. An inquiry into the meaning and implications of the doctrines of the person and work of Jesus Christ (especially as they relate to the Wesleyan understanding of sin and salvation). This course will focus its attention on the witness of Scripture, the historic testimony of the Church (especially of the Wesleyan tradition), classical and contemporary modes of thought, and the meaning of theological thinking for the life of the student and the Church. Prerequisite: PHIL 201.

THEO 363 — Systematic Theology III: The Doctrine of God the Holy Spirit. 3 hours. An inquiry into the meaning and implications of the doctrines of the Person and work of the Spirit (especially the Wesleyan understanding of sanctification), the Church, the sacraments, and eschatology. This course will focus its attention on the witness of Scripture, the historic testimony of the Church (especially of the Wesleyan tradition), classical and contemporary modes of thought, and the meaning of theological thinking for the life of the student and the Church. Prerequisite: PHIL 201.

THEO 364 — Topics in Systematic Theology. 1-4 hours. A concentrated study of the work of one or more theologians, or of a particular theological issue or movement, or the theology of a particular era. Special attention will be given in this course to the meaning and implications of the person and work of Jesus Christ. This course may be repeated with a different subtitle. Prerequisite: PHIL 201 and one course in systematic theology (THEO 361, 362, or 363); or permission of the instructor.

THEO 401 — The Church and Christian Living. 3 hours. Concepts of Church and community of believers with a worldwide view. The history of the Church with some specific attention to the Church of the Nazarene. The application of the Christian experience to life and the major issues of the day, including Christian concerns regarding the social and physical environment, human worth and dignity, and human justice. The theology of vocation with a study of applying Christian values and ethics to this area of living.

THEO 462 — Doctrine of Holiness. 3 hours. An inquiry into the meaning and implications of the doctrine of holiness and, in particular, of the doctrine of entire sanctification or Christian perfection. This course will focus its attention on the witness of Scripture, the historic testimony of the Church (especially of the Wesleyan tradition), classical and contemporary modes of thought, and the meaning of this doctrine for the life of the student and the Church. To be taken the senior year, unless special permission is granted by the instructor. Prerequisite: one course in systematic theology (THEO 300, 361, 362, 363, or 364); or permission of the instructor.
THEO 489 — Individual Reading and Research in Systematic Theology. 1-4 hours. Independent reading and research on a topic agreed upon by the instructor and of special interest to the student. Normally, such study involves a set of short papers and/or culminates in a research paper of substantial length. Prerequisite: one course in systematic theology (THEO 300, 361, 362, 363, or 364); or permission of the instructor.

Church History

THEO 351 — History of Christianity I. 3 hours. A survey of the history of Christianity during the patristic, medieval, and reformation periods.

THEO 352 — History of Christianity II. 3 hours. A survey of the history of Christianity following the reformation period. Emphasis will be placed upon modernity, the Wesleyan tradition, American religious history, and contemporary Christianity.

THEO 357 — History of Christianity III. 3 hours. An examination of the movements, persons, and ideas that shaped religious history in America.

THEO 472 — History, Missions, and Polity of the Church of the Nazarene. 3 hours. This course covers three related topics: (1) a selective historical study of the world regions of the Church of the Nazarene, with primary emphasis upon the U.S. regions; (2) a review of the World Mission program and a discussion of internationalization and its implications; and (3) a concentrated examination of the Manual of the Church of the Nazarene, with focus on the government of the Church at its various administrative levels and consideration of the denomination’s distinctive identity.

THEO 473 — Christian Institutions. 3 hours. A study of the history, polity, and mission program of a particular denomination. The student, in consultation with the professor, will reflect the denomination that will be the focus of the study. May, with permission, substitute for THEO 472.

Christian Ministry

CMIN 101 — Sharing our Faith. 1 hour. This class seeks to equip and encourage the student to share faith in Christ with other individuals in various situations. It will explore the motives, personal inhibitions, and methods for sharing faith in Christ with others.

CMIN 116 — Fundamentals of Christian Ministry. 3 hours. A course designed to acquaint the student with the foundation and avenues for fulfilling the special call to service and to introduce Olivet’s ministerial training objectives. Required of all freshmen in the ministerial training program.

CMIN 201 — Preaching and Worship. 3 hours. A study of sermon construction and delivery. The class will explore the methods of text selection, development of the sermonic idea, the varieties and function of homiletic forms, and methods of delivery. Each student will preach one or more times in class with peers’ and the professor’s evaluations. The nature and function of worship in the congregation and the minister’s role in worship leadership will also be explored. Prerequisite: BLIT 250.

CMIN 290 — Cross-Cultural Ministry Experience. 1-2 hours. A supervised, semester-long ministry experience of at least 50 hours per credit hour of ministry in a local church, an approved parachurch organization, or other appropriate ministry setting. The experience is to take place in a ministry setting that is culturally divergent from the student’s own cultural background. A mentor will be assigned to the student who will assist the student in finding a specific ministry position, provide direction to the student, and offer appropriate assessment. Assessment will be based on the following criteria: the student’s preparedness for ministry; spiritual leadership; interpersonal skills; and developing awareness of, respect for, and flexibility in the face of cultural differences. Prerequisite: CMIN 101, CMIN 116. Pass/Fail grading.

CMIN 302 — PRAXIS I: The Church in Mission. 2 hours. A study of the mission and ministry of the Church as it relates to ecclesiology. The study will concern itself with both the global (world) and particular (congregational) missions and concerns of the Church, but the emphasis will be upon congregational issues. This will include an introduction to practical theology. A careful introduction to modern church growth research and method is also to be included.

CMIN 303 — PRAXIS II: Evangelism & Church Renewal. 2 hours. A study of the forms and function of different means of congregational renewal. Included is the formation or reclamation of a congregation’s vision or dream, lay ministry, revivalism, and contemporary approaches to evangelism. To be taught in alternating years. Prerequisite: CMIN 302.

CMIN 304 — PRAXIS III: Cross-Cultural Ministry. 2 hours. A study of the theory and practice of cross-cultural evangelism within both the contexts of a single culture (specific mission field) and multiple cultures (urban ministry, et al.). The study will include ways of reformulating and of demonstrating the message of the Gospel in culturally specific ways, and the concept of world mission as a global enterprise. To be taught in alternating years. Prerequisite: CMIN 302.

CMIN 380 — Introduction to Missionary Service. 1 hour. A 16-hour, weekend seminar introducing prospective missionary candidates to missionary service in the Church of the Nazarene. The course is conducted by personnel from the Division of World Mission of
the Church of the Nazarene, one weekend a year, beginning Thursday evening through Sunday morning. Topics covered include the stages of becoming a missionary, missionary life, and cross-cultural orientation. Pass/Fail grading.

CMIN 390 — Cross-Cultural Field Experience. 2-3 hours. Credit is given for participation in a group short-term (2-8 weeks), cross-cultural ministry program under the auspices of Olivet Nazarene University, the Church of the Nazarene Division of World Mission, or other missionary organization. A minimum of 80 hours of actual ministry time is required for two credits; 120 hours of ministry for three credits.

CMIN 452 — The Minister as Leader and Administrator. 3 hours. A comprehensive study of the organization and activities of the local church and the pastor's leadership in these concerns. Class work will include such topics as understanding small-group dynamics, problem-solving, planning (including long-range planning), discipling other leaders (lay and staff), budgeting, accounting, raising funds, property management, leadership styles and skills, followership, conflict resolution techniques, fostering and maintaining relations with the denomination and especially the district, and personal ethics and financial budgeting. Recommended prerequisite: CMIN 302 and either CMIN 303 or 304.

CMIN 494 — Pastoral Care and Counseling. 3 hours. An introductory study to pastoral ministry to individuals and small groups. Attention will be given to human development, spiritual formation, personality disorders, crisis intervention, counseling principles and techniques, premarital and marital counseling tools and techniques, and pastoral visitation agendas and techniques. Prerequisite: One course in psychology or permission of the instructor.

CMIN 496 — Field Training and Service. 1 to 6 hours. Prerequisites: Senior standing, approval by the Committee on Ministerial Training and the completion of academic portion of the ministerial program.

### Philosophy — PHIL

**Philosophy Minor: 15 hours**

*Required:*

Philosophy — 15 hours from the courses offered.

### Courses

**PHIL 201 — Introduction to Philosophy. 3 hours.** A survey of traditional topics and systems of Philosophy.

**PHIL 301 — Logic. 3 hours.** An analysis of the logical use of language. The emphasis is placed upon integrity, clarity, and precision in argument.

**PHIL 325 — World Religions. 3 hours.** A study of the religions of the world. The course may survey the major religions or discuss selected ones.

**PHIL 351 — Ancient and Medieval Philosophy. 3 hours.** An historical survey of the principal ideas of ancient and medieval philosophers. Prerequisite: PHIL 201.

**PHIL 352 — Modern Philosophy. 3 hours.** An historical survey of the principal ideas of philosophers of the Renaissance through the present. Prerequisite: PHIL 201.

**PHIL 422 — History of Political Philosophy. 3 hours.** Same as PSCI 422. Prerequisite: PHIL 201.

**PHIL 451 — Philosophy of Religion. 3 hours.** An inquiry into the nature of religious phenomena, the philosophical significance of the idea and reality of God, the relationship of faith to reason, and the meaning of religious language through readings in and discussions of the writings of philosophers who have made unusually important contributions to the field. Prerequisite: PHIL 201 or permission of the instructor.

**PHIL 489 — Individual Reading and Research in Philosophy. 1-4 hours.** Independent reading and research on a topic agreed upon by the instructor and of special interest to the student. Normally, such study involves a set of short papers and/or culminates in a research paper of substantial length.

**PHIL 499 — Topics in Philosophy 1-4 hours.** A specialized analysis of a traditional topic, a philosopher, or a movement or problem involving individualized research and philosophical dialogue. While courses may include various topics, the primary subject will be ethics. Prerequisite: PHIL 201.
The Division of Social Sciences consists of the departments of Accounting; Business; Family and Consumer Sciences; History and Political Science; Psychology; and Sociology, Social Work and Criminal Justice.

The overall mission of the Division is to develop men and women who are intellectually mature, who are professionally ready for employment or graduate school in their field of study, who dedicate themselves to the service of their neighbor, who can express behaviorally the values which they embrace, and who view every aspect of life as a means of advancing the Kingdom of God.

To achieve this goal, the Division’s energies are dedicated to exploring human existence from historical, psychological, sociological, economic, and management perspectives, and critiquing social values from a Christian worldview.

William Bell, Division Chair
Social Sciences Major: 54-57 hours. B.A.

Required:

ECON 111, 112 — Principles of Economics I, II
HIST 211 — World Civilization I
212 — World Civilization II
213 — World Civilization III
SOCY 120 — Introduction to Sociology
SSCI 302 — World Regional Geography
390 — Historiography
471 — Senior Seminar in Social Science

Plus 29-32 additional hours of history, political science, psychology, geography, economics, or sociology. Course work is to be distributed as follows: 24 hours in one department, eight hours from each of two other departments; additional hours may be from above departments of the Division. At least 24 upper-division hours are required.

Social Sciences Teaching Major: 59 hours. B.A.

Required:

HIST 211 — World Civilization I
212 — World Civilization II
213 — World Civilization III
231 — American Civilization I
232 — American Civilization II
379 — The Developing World
390 — Historiography
471 — Senior Seminar
SOCY 120 — Introduction to Sociology
280 — Ethnic Relations
PSCI 221 — International Relations
223 — American Government
PSYC 102 — General Psychology I
214 — Early Adolescent Development
ECON 111 — Principles of Microeconomics
308 — Comparative Economic Systems
SSCI 302 — World Regional Geography

Plus six hours selected from:

HIST 325 — Sports in American Society
344 — Recent United States History
368 — American Civil War
370 — American Social/Intellectual History
447 — American Constitutional Law

And three hours selected from:

HIST 306 — Wesley’s Century
310 — History of Technological Change

360 — History of Russia
385 — Topics in History
401 — Darwin’s Century

Required Supporting Courses:

GEOL 121 — Physical Geography
LSCI 202 — Information/Research Techniques
PHIL 201 — Introduction to Political Philosophy or
422 — History of Political Philosophy

and the professional courses required of all secondary education majors.

Recommended for students seeking additional teaching designations:

Economics:
ECON 112 — Principles of Macroeconomics
Geography:
NSCI 360 — GIS/GPS
Political Science:
PSCI 343 — American National Politics
344 — American Public Policy
Psychology:
PSYC 103 — General Psychology II
211 — Child Development
321 — Social Psychology
Sociology:
SOCY 364 — Anthropology

Note: Up to six semester hours can be used from history/political science courses taken in study-abroad programs.

Teaching Minor: 24 hours

Required:

Option A — 18 hours of history, including nine hours in U.S. history and nine in general or European history.

SSCI 302 — World Regional Geography
PSCI 223 — American Government

Option B — eight hours each from two of the following areas: economics, political science, psychology, and sociology. Eight additional hours from the Division of Social Sciences, including SSCI 302 World Regional Geography.

To teach psychology in Illinois, one must have 20 hours of psychology course work. To teach economics, sociology, or political science in Illinois, one must have at least eight hours in the area to be taught.
Public Policy Major: 57 hours. B.A.

Required:

BSNS 160 — Principles of Management
241 — Business Statistics
ECON 111 — Principles of Microeconomics
112 — Principles of Macroeconomics
345 — Economics of the Public Sector
PSCI 101 — Introduction to Political Science
223 — Introduction to American Government
422 — History of Political Philosophy
SOCY 120 — Introduction to Sociology
321 — Social Psychology
SSCI 390 — Historiography
471 — Senior Seminar in Social Science

In addition, one of these specializations must be completed:

Option A: Domestic Policy
HIST 231 — American Civilization I
232 — American Civilization II
Plus 15 hours from:
ECON 312 — Intermediate Macroeconomics
HIST 344 — Recent United States History
NSCI 301 — Science, Technology, and Environment
PSCI 344 — American Public Policy
447 — American Constitutional Law
SOCY 280 — Ethnic Relations
320 — Urban/Rural America
SSCI 242 — Federal Seminar

Option B: Foreign Policy
HIST 211 — World Civilization I
212 — World Civilization II
Plus 15 hours from:
ECON 308 — Comparative Economic Systems
365 — International Trade & Finance
HIST 213 — World Civilization III
360 — History of Russia
PSCI 221 — Foundations of International Relations
379 — Developing World
SOCY 364 — Anthropology

Required Supporting Courses:

MATH 117 — Finite Mathematics
GEOL 105 — Physical/Historical Geology

Participation in the AuSable Institute or in one of these Council for Christian Colleges and Universities programs: American Studies, Latin American Studies, Middle East Studies, or Russian Studies will count for up to six hours of credit toward either the domestic or foreign policy option.

Courses

SSCI 242 — Federal Seminar. 1-3 hours. Credit is given for participation in an extended seminar in Washington, D.C., involving lectures, group sessions, and visits to various governmental agencies. Attendance at, and participation in, campus-based class sessions and follow-up activities may also be required. This course may not be applied toward the general education history requirement, nor does it fulfill the teacher education requirements of American history or American government.

SSCI 302 — World Regional Geography. 3 hours. A survey of the human societies of the world by regions, including political, cultural, economic, religious, and environmental characteristics, concentrating on the interaction of human societies and their physical environments.

SSCI 320 — Urban/Rural America. 3 hours. Same as SOWK 320.

SSCI 390 — Historiography. 3 hours. Same as HIST 390.

SSCI 471 — Senior Seminar in Social Science. 2 hours. A course to correlate the fields of social science and summarize current problems of society with a view of their possible solutions. The student will be required to apply social science research methods to a topic of interest. Prerequisite: SSCI 390.

Romanian Studies Program

The Romanian Studies Program is a cooperative project of Olivet and Mount Vernon Nazarene University. It is based in the historic town of Sighisoara in Transylvania. Students study Romanian language, Eastern European history, science, music and art appreciation, religious and social dimensions of a society emerging from authoritarianism. They participate in a variety of service learning projects in connection with Nazarene Compassionate Ministries and with local schools, orphanages, hospitals, and a downtown business technology center. The program also offers social work majors the opportunity to do field placement. It is administered by the Department of History and Political Science, and is open to all majors.

Council for Christian Colleges and Universities Programs

American Studies Program

The American Studies Program is designed for juniors and seniors with a wide range of academic
majors and vocational interests. The program is offered both fall and spring semesters each year. 16 hours are earned in the program; eight are classroom work in domestic and foreign policy analysis from a Christian point of view, and eight are in an internship in one of more than 500 internship opportunities available to Council students.

Because of its unique location in the nation’s capital, this “Washington Campus” is viewed as one way of challenging students to consider the meaning of proclaiming the Lordship of Jesus Christ in all areas of life, including career choices, public policy issues, and personal relationships. This program is administered by the Department of History and Political Science. Credit may apply to majors in history, political science, public policy, and social sciences, or toward general education credit for other majors.

Latin American Studies Program

The Latin American Studies Program is based in San Jose, Costa Rica. It is comprised of Spanish language study, Latin history and culture, scientific study in the rain forest, or topics in international business. The program involves living with a Costa Rican family, participating in community activities, and travel through neighboring Central American countries. This program is administered by the Department of Modern Languages. Credit may be applied toward majors in business, environmental science, history, modern languages, political science, public policy, or social science, or toward general education credit for other majors.

Middle East Studies Program

The Middle East Studies Program is based in Cairo, Egypt, with an extended study trip to Syria, Jordan, Turkey, and Israel. It is comprised of Arabic language study, study in Islamic culture, contact with Eastern Orthodox Christian culture, and exploration of the incredibly complex political and cultural tensions of this region of the world. This program is administered by the Department of History and Political Science. Credits may apply toward majors in history, political science, public policy, and social science, or toward general education credit for other majors.

Russian Studies Program

The Russian Studies Program is conducted in three major cities of Russia: Moscow, Nizhni Novgorod, and St. Petersburg. It is composed of beginning or intermediate Russian language study, history and culture of Russia, and modern Russian society. Contact with Russian university students, Russian families, and English-speaking teachers enhances the cultural exchange opportunities in this program. This program is administered by the Department of History and Political Science. Credits may apply to majors in history, political science, public policy, and social sciences, or toward general education credit for other majors.

China Studies Program

Students interested in China will have the opportunity to engage in this intriguing country from the inside. The semester will include study of standard Chinese language, geography and history, religion and culture, and China’s modern development. Participants will travel throughout China to such places as Beijing, Shanghai, Xi’an, and the Guangzhou/Hong Kong region. They will have ample opportunity to interact with Chinese faculty and students on the campus of the host university and with students of English whom they will assist as conversation partners. As with our other semester programs, the Council recommends 16 semester credit hours for participants in the China Studies Program.

Department of Accounting — ACCT

The accounting major provides a solid background of accounting and business practices and procedures to enable the student to prepare for entry-level accounting responsibilities in public, corporate, or governmental accounting.

Students must earn 128 semester hours to earn a baccalaureate degree with a major in accounting. However, students interested in sitting for the CPA examination should be aware that 150 semester hours of credit are generally required prior to taking the CPA exam.

Accounting Major: 62 hours. B.A. or B.S.

Required:

ACCT 110 — Financial Accounting
111 — Managerial Accounting
255, 256 — Intermediate Accounting
357 — Cost Accounting
365 — Income Taxation
367 — Auditing
461 — Consolidations and Partnerships
462 — Governmental and Not-for-Profit Accounting
BSNS 160 — Principles of Management
170 — Computer Applications in Business
241 — Principles of Finance
270 — Business Statistics
351 — Business Law I
352 — Business Law II
490 — Business Policy and Strategy
495 — Seminar in Leadership
ECON 111 — Microeconomics
112 — Macroeconomics

To be supported by:

MATH 117 — Finite Mathematics with Business Applications
or 147 — Calculus I
PSYC 102 or 103 — General Psychology
COMM 101 — Public Speaking

Accounting Minor: 18-19 hours

Required:

ACCT 110 — Financial Accounting
111 — Managerial Accounting
255 — Intermediate Accounting
and 6-7 additional hours of accounting courses.

Courses

ACCT 110 — Financial Accounting. 4 hours. An introduction to the theory, concepts, and principles that govern the generation of financial accounting data. Topics studied include the nature of accounting; the accounting cycle for services and merchandising entities; accounting for cash, receivables, inventory, property, plant, and equipment; and current liabilities. Computer applications will be integrated throughout the course, enabling emphasis on the use and interpretation of accounting data. Strongly recommended prerequisite: sophomore standing unless strong high school accounting background.

ACCT 111 — Managerial Accounting. 4 hours. This course emphasizes managerial accounting concepts, including management and reporting of cash flows, financial statement analysis, traditional cost accounting systems, activity-based accounting concepts, and just-in-time concepts. Additionally, this class explores the tools and techniques used to control operations such as budgetary planning, C-V-P analysis, and capital budgeting. Computer applications will be utilized throughout the course. Prerequisite: ACCT 110.

ACCT 255 — Intermediate Accounting I. 4 hours. This course is an in-depth analysis of the “whys” as well as the “how to’s” regarding accounting information. Topics include a brief review of the accounting cycle and financial statements; a look at the conceptual framework and how that affects GAAP; time value of money concepts; and accounting for cash, receivables, inventory, property and equipment, and intangible assets. Throughout the course, much emphasis will be placed on the use of the computer as a tool to provide information useful for decision-making. Prerequisite: ACCT 111.

ACCT 256 — Intermediate Accounting II. 4 hours. A continuation of the study of accounting theory and practice commenced in Intermediate I. Topics covered include accounting for liabilities and stockholder’s equity; complexities in measuring net income; calculation of primary and fully diluted earnings per share; accounting for investments; accounting for income taxes, pensions, and leases; the statement of cash flows; and measuring and reporting accounting changes. Prerequisite: ACCT 255.

ACCT 357 — Cost Accounting. 3 hours. The utilization of basic cost accounting principles, practices, and procedures for industries using either a process job order or a standard cost system. The effective use of cost accounting as a management tool is emphasized. Prerequisites: ACCT 255 and junior standing.

ACCT 365 — Income Taxation. 3 hours. Presents an analysis and interpretation of the Federal Income Tax Laws. Emphasizes the legal concepts of income, deductions, and exemptions. The information is applied in a practical way through the preparation of returns for individuals. Prerequisite: ACCT 255, junior standing, or permission of instructor.

ACCT 367 — Auditing. 3 hours. Presents the purposes of audits as conducted by the certified public accountant. Emphasizes the principles of auditing and the types of audits normally made. Professional ethics and legal responsibility are considered. A specific program or each phase of the audit is outlined in detail. Prerequisite: ACCT 255, junior standing, or permission of instructor.

ACCT 461 — Consolidation and Partnerships. 3 hours. A study of the accounting procedures and principles relating to business combinations, both internal and external. The procedures for the preparation of consolidated financial statements are emphasized. This course also covers the accounting principles relating to the formation, operation, and liquidation of partnerships. Prerequisites: junior standing, ACCT 255, or permission of instructor.

ACCT 462 — Governmental and Not-for-Profit Accounting. 3 hours. This course involves the study of the unique accounting practices of governmental accounting and not-for-profit organizations. The focus will be on fund accounting and the reporting requirements of financial statements. Other topics in the governmental and not-for-profit sector will be covered as appropriate. Prerequisites: junior standing, ACCT 255, or permission of instructor.

183
ACCT 470 — Advanced Tax. 3 hours. A study of the tax treatment of C corporations and S corporations. Topics include formation, taxation, distributions to shareholders, and liquidations. The emphasis will be on tax planning to minimize taxes. Part of the course will explore the basic rules of income taxation of estates and trusts. Tax research will be emphasized throughout the course, as well as the completion of computerized cases. Prerequisite: ACCT 365.

ACCT 475 — Advanced Auditing. 3 hours. One emphasis of the course will be on the setup and maintenance of a computerized general ledger system. This aspect will be integrated with computerized case studies which will focus on audit planning, risk and materiality, evidence-gathering, evaluation of the internal control structure, and audit evidence and audit reports. Examination of the professional literature and pronouncements will be conducted throughout the course. Prerequisite: ACCT 367.

ACCT 487 — Field Placement. 4 hours. Same as BSNS 487 Field Placement.

The purpose of the Department of Business is to provide students with both theoretical knowledge in the foundations of business as well as the practical application of the knowledge in the actual workplace. An integration of the Christian faith into the business curriculum is one of the core objectives of the department, which makes it unique from other business programs. Additionally, students will be trained and expected to show proficiency in computer applications within the various fields of business.

The business administration major provides the students with a basic core curriculum and permits a choice of emphasis from two areas of specialization: management and international business. The department also offers a major in economics/finance and a major in marketing.

Business Administration Major: 54 to 58 hours. B.A. or B.S.

Required Core Courses:

- BSNS 160 — Principles of Management
- 170 — Computer Applications in Business
- 241 — Business Statistics
- 253 — Principles of Marketing
- 270 — Principles of Finance
- 351 — Business Law I
- 352 — Business Law II
- 490 — Policy and Strategy
- 495 — Seminar in Leadership
- ACCT 110 — Financial Accounting
- 111 — Managerial Accounting
- ECON 111 — Principles of Microeconomics
- 112 — Principles of Macroeconomics

Required concentration of 12-16 hours in management or international business:

A. Management Concentration

- BSNS 367 — Organizational Behavior
- and three courses (at least two in business) selected from the following:
- BSNS 252 — Consumer Economics
- 450 — Small Business Management
- 468 — Human Resource Management
- 487 — Field Placement
- 492-493 — Students in Free Enterprise I, II
- FACS 455 — Food Systems Management
- SOCY 331 — Basic Research and Statistics
- COMM 347 — Organizational Communication
B. International Business Concentration

Participation in either the International Business Institute through Huntington College or the Latin American Studies Program International Business Track sponsored by the Council for Christian Colleges and Universities. In addition, a minor in French, Spanish, or an approved foreign language is required. Students participating in the Latin American Studies Program must take ECON 308 Comparative Economics and ECON 365 International Trade and Finance in addition to taking the International Experience. Sixteen credits are earned for participation in the Latin American Studies Program, six of which apply to the international business concentration.

Students participating in the International Business Institute receive 12 credits covering such topics as comparative economic systems, international trade and finance, global marketing, and global business strategy. Therefore, participants in this program are advised to not take ECON 308 or ECON 365 prior to participation in the international experience. A minimum grade point average of 2.75 is required for admission to the International Business Institute, which is conducted during the summer months. The Latin American Studies Program is only offered during the fall semester.

In the event that either of these off-campus experiences fails to materialize, students would need to complete equivalent courses by special arrangement with the Department of Business. Substitution of foreign travel study programs sponsored by other organizations would require advanced written approval of the Department of Business.

Required Supporting Courses for Business Administration Majors:

MATH 117 — Finite Mathematics
or 147 — Calculus I

Recommended for Students Going On to Graduate Studies: MATH 147, 148 — Calculus I, II.

Marketing Major: 59-61 hours. B.A. or B.S.

Required Core Courses:

ACCT 110 — Financial Accounting
ECON 111 — Principles of Microeconomics
BSNS 160 — Principles of Management
  170 — Computer Applications
  241 — Business Statistics
  253 — Principles of Marketing
  270 — Principles of Finance
  320 — Consumer Behavior

351 — Business Law I
390 — Salesmanship
394 — Marketing Management
440 — Marketing Research
457 — Advertising and Promotions
490 — Business Policy and Strategy
495 — Seminar in Leadership

and four courses selected from the following — at least three must be from ACCT, BSNS, or ECON:

ACCT 111 — Managerial Accounting
ART 200 — Intro to Graphics
BSNS 252 — Consumer Economics
BSNS 352 — Business Law II
BSNS 450 — Small Business Management
BSNS 487 — Marketing Field Placement
FACS 356 — Retail Merchandising
ECON 342 — Intermediate Economic Statistics
ECON 365 — International Trade & Finance
ECON 112 — Principles of Macroeconomics
COMM 341 — Persuasion

OR completion of one of the following concentrations:

A. Commercial Graphics Concentration

ART 200 — Introduction to Graphics
  275 — Photoshop
  310 — Graphics Advertising
  320 — Package Designing

B. Communication/PR Concentration

COMM 241 — Introduction to Journalism
  271 — Broadcast Writing and Production
  330 — Public Relations and Communication
  341 — Persuasion

Required Supporting Course: Math 117 — Finite Math or MATH 147 — Calculus I

Business Minor: 22 hours

Required:

ACCT 110 — Financial Accounting
BSNS 160 — Principles of Management
  170 — Computer Applications in Business
ECON 111 — Principles of Microeconomics

and nine hours of business electives.

Finance Minor: 20 hours

Required:

BSNS 241 — Business Statistics
  270 — Principles of Finance
  460 — Intermediate Finance
International Business Institute

The International Business Institute is a cooperative overseas program in international economics and business that involves selected colleges in the Council for Christian Colleges and Universities.

The Institute is designed to give students in economics, business, and related areas a distinctive opportunity for a term of study that incorporates the international dimension in these fields. The summer program is 10 weeks in length and includes several periods of significant residence in key locations as well as coordinated visits and presentations in the major political and economic centers of Western Europe, Scandinavia, Eastern Europe, and Russia.

An essential purpose of the program is to encourage and facilitate the integration of academic study with an international field experience. The academic work is conducted in a variety of settings from the usual classroom to corporate headquar-
Principles of Finance
Business Statistics
Introduction to Fine Arts
Sociology or Psychology or History

Courses

BSNS 117 — Finite Mathematics with Business Applications. 3 hours. Same as MATH 117.

BSNS 160 — Principles of Management. 3 hours. The introductory course to any track in the business program, focusing on management theory and practice; applied concepts such as planning, organizing, staffing, directing, and controlling; principles of self-development and professional development; and examination of historic and contemporary readings to explore the full meaning of “management” as a professional endeavor.

BSNS 170 — Computer Applications in Business. 3 hours. This course serves to establish a foundation of business applications through the use of the computer and business applications software. Students will be required to show competency in the following areas: key terminology and basic Windows operations; spreadsheets; word processing; presentation software; Internet navigation and research and other current topics. The primary focus is on business applications to prepare students in each of the functional areas of marketing, finance, economics, and accounting. Business casework and problem solving will be emphasized. This course is a prerequisite for all other business courses except BSNS 160.

BSNS 241 — Business Statistics. 4 hours. An introduction to statistical methods, including sampling, measures of dispersion, averages, and statistical inferences. The application of statistical methods in the evaluation of business problems is emphasized. Prerequisite: MATH 117.

BSNS 252 — Consumer Economics. 3 hours. Same as FACS 252.

BSNS 253 — Principles of Marketing. 3 hours. An overview study of marketing that introduces the student to the dynamics of the marketplace and the processes used to successfully develop and deliver goods and services to meet market needs. A philosophy of management by the “marketing concept” is fostered. Specific topics include the role of marketing in business and society, consumer analysis, market evaluation and segmentation, the marketing mix, and marketing decision-making.

BSNS 270 — Principles of Finance. 3 hours. An introduction to the analytical techniques that are used in order to make financial decisions in the context of contemporary business. Topics include the time value of money, financial forecasting, operating and financial leverage, asset management, short-term and long-term financing, capital budgeting, and risk analysis. Prerequisite: ACCT 110.

BSNS 320 — Consumer Behavior. 3 hours. Behavioral and social aspects of marketing, and research methods and findings from behavioral sciences, and their relation to production, consumption, and marketing of products, and services. Key facets of consumer behavior—information processing, perception, memory, learning, attitude formation, attitude change, decision-making, and emotion will be introduced. Emphasis will be placed on the literature of the field and a theoretical research paper will be required. Prerequisites BSNS 241, 253.

BSNS 351 — Business Law I. 3 hours. A study of the judicial system of the United States, constitutional authority to regulate business, business torts and crimes, contracts, sales, and agency.

BSNS 352 — Business Law II. 3 hours. A study of the law of commercial paper. Credit and bankruptcy, sole proprietorship and partnership, corporation, property law, and liability of accountants.

BSNS 356 — Retail Merchandising. 3 hours. Same as FACS 356.

BSNS 362 — Financial Markets and Institutions. 3 hours. Same as ECON 362.

BSNS 365 — International Trade and Finance. 3 hours. Same as ECON 365.

BSNS 367 — Organizational Behavior. 3 hours. This course will analyze the behavior of people in organizations. Discusses organizational motivation, group behavior, group dynamics, communication, and decision-making. This is an extension and intensification of the behavioral portion of BSNS 160 Principles of Management.

BSNS 390 — Fundamentals of Salesmanship and Sales Management. 3 hours. The application of behavioral and persuasive communication theories and techniques necessary to develop effective personal skills at both the consumer and business level. Also, management of the sales force; emphasis on recruitment, selection, training of sales representatives; and problems in allocation of sales effort, supervision, control. Prerequisite BSNS 253.

BSNS 394 — Marketing Management. 3 hours. A study of marketing theory that presents a strategic overview of the marketing concept. Students will learn how to plan and implement marketing strategies and policies. Topics include consumer behavior, feasibility studies, market segmentation, marketing strategies, marketing mix, forecasting, and budgeting. Prerequisites: BSNS 160, BSNS 253 and 270.

BSNS 440 — Marketing Research. 3 hours. Marketing research methods, role of marketing research information as a tool in management decision-making. Emphasis is on current marketing research theory and literature as well as practical application. The class conducts a hands-on marketing research activity.
working with a real world client. Extensive use of statistical methods is included, utilizing the Statistical Package for the Social Sciences (SPSS). Prerequisites: BSNS 241, 253, 394.

BSNS 450 — Entrepreneurship and Small Business Management. 3 hours. A workshop approach to study and practice of methods, problems, and skills necessary for launching and operating a successful small-business venture. Procedures for raising capital, real-time development of a business plan, and seminar format will be used to create a hands-on environment. Prerequisites: BSNS 160, 170, 253, and 270 and ACCT 110.

BSNS 457 — Advertising and Promotions. 3 hours. Building on a general understanding of promotion as one element of the marketing mix, students will become familiar with integrated marketing communications theory, literature, concepts, and research with in-depth treatment of all elements of the promotion mix-advertising, sale promotions, point-of-purchase communication, direct marketing communications, public relations and sponsorship marketing, and personal selling. There will also be treatment of e-commerce and evaluation of media. Designing a comprehensive, integrated advertising and promotions campaign is also required. Prerequisites: BSNS 241, 253, 394.

BSNS 460 — Intermediate Finance. 4 hours. An extension of Introduction to Finance into topics such as leasing, mergers, and multinational finance. The theory of finance will be applied to investment instruments, including stocks, bonds, options, and futures markets. Capital budgeting, cost of capital, valuation, and risk will also be studied at an advanced level of analysis. Prerequisites: BSNS 270 and ECON 111.

BSNS 468 — Human Resource Management. 3 hours. Presents principles and current practices in handling personnel as individuals and as groups, with emphasis upon the role of operating supervisors, executives, and the union in dealing with such problems as selection, placement, training, wage and salary administration, promotion, transfer, fringe benefits, employee services, and management-labor relations. Prerequisite: BSNS 160.

BSNS 473 — Investments. 3 hours. An evaluation and analysis of the various securities that may become a part of our investment program. Emphasizes the organization and function of the major securities markets. Basic determinants of investment values are considered. Prerequisite: BSNS 270.

BSNS 487 — Field Placement. 4 hours. This course requires a work and study program of 220 clock-hours on-site, with (1) self-search for appropriate work setting, (2) supervisor confirmation of hours worked and level of satisfaction with intern; (3) a major paper required at the end of the placement that meets departmental specifications; and (4) location supportive to faculty on-site evaluation. Approval of the head of the Department of Business is required. Prerequisites: second-semester junior or senior standing, and approval of the department chair.

BSNS 490 — Business Policy and Strategy. 3 hours. A capstone seminar course designed to help the student integrate and apply the skills and knowledge gained throughout the whole of his or her academic studies in business. Emphasis will be placed on current practitioner literature and real world examples. Each student will participate in a team-based company research project and write a comprehensive individual case analysis. Students must have senior standing and have had all other courses in their major track (prior completion or concurrent enrollment). Prerequisites: senior standing, approval of the instructor.

BSNS 492 — Students in Free Enterprise. 2 hours. This course will give students a unique hands-on opportunity to develop their managerial and analytical skills by acting as consultants for a profit or nonprofit organization. Students will also compete in SIFE regional and national competitions. Students should plan on registering for both BSNS 492 and BSNS 493. Prerequisite: Senior standing and approval of course instructor.

BSNS 493 — Students in Free Enterprise. 2 hours. A continuation of BSNS 492. Prerequisite: senior standing, approval of course instructor, and BSNS 492.

BSNS 495 — Seminar in Leadership. 3 hours. Focus will be on clarifying the distinction between management and leadership, and the integration of the Christian faith into various business topics. Prerequisites: Senior standing and BSNS 160.

Economics — ECON

Economics/Finance Major: 61 hours. B.A. or B.S.

Required:

ACCT 110 — Financial Accounting
111 — Managerial Accounting
BSNS 160 — Principles of Management
170 — Computer Applications
241 — Business Statistics
270 — Principles of Finance
351 — Business Law I
352 — Business Law II
460 — Intermediate Finance
490 — Business Policy and Strategy
495 — Seminar in Leadership
ECON 111 — Principles of Microeconomics
112 — Principles of Macroeconomics
311 — Intermediate Microeconomics
312 — Intermediate Macroeconomics
342 — Intermediate Economic Statistics
Economics Minor: 18 hours

Required:

ECON 111 — Principles of Microeconomics
112 — Principles of Macroeconomics
311 — Intermediate Microeconomics
312 — Intermediate Macroeconomics
and six hours of upper-division economics.

Courses

ECON 111 — Principles of Microeconomics. 3 hours.
An introduction to economic reasoning and analysis, with special emphasis on the market process as a system of social coordination. Major topics will include supply and demand, opportunity cost, comparative advantage, different forms of market structure, and problem areas for the market process.

ECON 112 — Principles of Macroeconomics. 3 hours.
An introduction to the workings of the national economy as a whole. Major topics will include the problems of inflation and unemployment, the use of fiscal and monetary policies by the national government, and the determinants of long-run economic growth.

ECON 241 — Business Statistics. 4 hours. Same as BSNS 241. Prerequisite: MATH 117.

ECON 308 — Comparative Economic Systems. 3 hours.
An examination of the alternative forms of economic organization that exist around the world. Areas of emphasis will include the existing variations in the democratic capitalist framework, the ongoing process of transition in formerly socialist nations, the emergence of new sources of competition within the global economy, and the interaction between economics, politics, and culture in various societies.

ECON 311 — Intermediate Microeconomics. 3 hours.
An exploration of the neoclassical theories of consumption and production. Additional topics will include game theory and strategic behavior, the economic impact of technological development and organizational innovation, the role of the government in maintaining competition, and the relationship between Christian thought and economic methodology. Prerequisites: ECON 111, 112.

ECON 312 — Intermediate Macroeconomics. 3 hours.
An examination of alternative theoretical frameworks of the national economy, with particular emphasis on the contrast between short-run and long-run models of aggregate economic behavior. Additional attention will also be devoted to current controversies in macroeconomic theory, policy, and performance. Prerequisites: ECON 111, 112.

ECON 342 — Intermediate Economic Statistics. 3 hours.
Building upon the foundation provided by ECON 241 Business Statistics, this course will introduce students to the basic concepts of econometrics, especially regression analysis. Emphasis will be placed upon the mastery of various statistical techniques and their applications. Prerequisite: BSNS/ECON 241.

ECON 345 — Economics of the Public Sector. 3 hours.
An examination of the role of government in market economy, both in a positive and a normative sense. Major topics will include the theories of market failure and public choice; the economic impact of various taxes, expenditure programs, and regulatory actions; and alternative rationales for the expansion in the size and scope of government in the United States and other nations over time.

ECON 362 — Financial Markets and Institutions. 3 hours.
A survey of the financial organizations of society, including the functioning and characteristics of money and credit, investment banking, trust companies, and commercial banking, with emphasis on the Federal Reserve System. Current money and banking problems are evaluated in conjunction with the theoretical concepts studies. Prerequisites: ECON 111, 112, BSNS 270.

ECON 365 — International Trade and Finance. 3 hours.
An exploration of the effects that are generated when economic and financial transactions cross national boundaries. Major topics will include the theoretical basis for international trade, alternative explanations of the sources of comparative advantage, domestic trade policies, the primary determinants of exchange rates and capital flows, governmental actions regarding exchange rates, and the globalization of commerce. Prerequisites: ECON 112, BSNS 270.

ECON 473 — Investments. 3 hours. Same as BSNS 473.

Department of Family and Consumer Sciences — FACS

Faculty

Diane Richardson (1985)
Professor of Family and Consumer Sciences;
Chair, Department of Family and Consumer Sciences.

B.S., 1973, Olivet Nazarene University
M.A., 1985, Olivet Nazarene University
Ed.D., 2000, Nova Southeastern University
The Department of Family and Consumer Sciences offers several majors. These include dietetics, child development, fashion merchandising, housing and environmental design, family and consumer sciences, and teaching family and consumer sciences.

Each area of specialization prepares graduates to pursue professional careers in family and consumer sciences in such fields as education, business, extension services, research, communications, social welfare, public health, international service, and careers in a variety of other agencies, organizations, and institutions.

Family and consumer sciences is the field of knowledge and service focusing on families as they function in various forms. Family and consumer sciences integrates knowledge from its own research and other areas such as the physical, biological, and social sciences, and the arts, and applies this knowledge to the enrichment of the lives of individuals and families. The Department of Family and Consumer Sciences is involved effectively in the scientific, cultural, social, and economic dynamics of a changing society.

Family and Consumer Sciences Major: 36 hours. B.A. or B.S.

Required:

FACS 101 — Orientation to Family and Consumer Sciences
120 — Nutrition in Health/Fitness
or 231 — Food Science
252 — Consumer Economics
312 — Professional Image/Dress
362 — Marriage and Family
or 262 — Child Developmental Psychology
or 263 — Adolescent and Adult Psychology
455 — Food Systems Management
or 355 — Family Resources
487 — Field Placement (5 hours)
498 — Professionalism, Issues and Actions

Plus 15 additional hours approved by the department chair.

Family and Consumer Sciences Teaching Major: 41 hours. B.A. or B.S.

Required:

FACS 101 — Orientation to Family and Consumer Sciences
111 — Textiles and Design
112 — Principles of Clothing Construction (3 hours)
120 — Nutrition in Health/Fitness
131 — Foods I
140 — Interior Design
231 — Food Science
252 — Consumer Economics
262 — Child Developmental Psychology
263 — Adolescent/Adult Development
312 — Professional Image and Dress
334 — Food Safety/Sanitation
355 — Management of Family Resources
360 — Parenting
362 — Marriage and the Family
498 — Professionalism, Issues, and Actions

Required Supporting Courses:

The required professional education courses and
CHEM 100 — Basic Chemistry or
101 — Introduction to Chemistry

Recommended Courses for Clothing/Textile Designation:

FACS 356 — Retail Merchandising
FACS 413 — Pattern Design
FACS 415 — Tailoring

Recommended Courses for Living Environments Designation:

FACS 343 — Heritage of Interiors
FACS 344 — Contemporary Design

Recommended Courses for Foods/Nutrition Designation:

FACS 132 — Foods II
FACS 330 — Community Nutrition
FACS 337 — Quantity Foods

Dietetics Major: 39-40 hours. B.A. or B.S.

Required:

FACS 101 — Orientation to Family and Consumer Sciences
120 — Nutrition in Health/Fitness
To be supported by:

PSYC 102 — General Psychology I
BIOL 246, 247 — A & P I, II
310 — Biochemistry
356 — Microbiology
CHEM 103, 104 — General Chemistry I, II
311 — Organic Chemistry I
SOCY 120 — Introduction to Sociology
ACCT 110 — Financial Accounting
BSNS 241 — Business Statistics
or PSYC 331 — Basic Research/Statistics
253 — Principles of Marketing
160 — Principles of Management
COMM 101 — Public Speaking

Recommended Additional Courses:

BSNS 367 — Organizational Behavior
PSYC 461 — Counseling
PHED 360 — Physiology of Exercise
FACS 331 — Topics in Nutrition
NURS 250 — Pharmacology

All FACS courses and required BIOL and CHEM courses must be completed with a grade of C or better.

To become a registered dietitian, a student must complete an American Dietetic Association (ADA)-approved undergraduate degree in dietetics, complete an ADA-accredited dietetic internship or ADA-approved preprofessional practice program, and pass the Registration Examination for Dietitians.

The dietetics major at Olivet Nazarene University is currently granted approval status by the Commission on Accreditation/Approval for Dietetics Education of the American Dietetic Association, 216 W. Jackson Blvd., Chicago, IL 60606-6995, (312) 899-4876.

---

Child Development Major: 65 hours.
B.A. or B.S.

Required:

FACS 101 — Orientation to Family and Consumer Sciences
120 — Nutrition in Health/Fitness
131 — Foods I
241 — First Aid/Emergency Care
252 — Consumer Economics
262 — Child Development
264 — Child, Family, and Community Relations
334 — Food Safety/Sanitation
355 — Management of Family Resources
360 — Parenting
362 — Marriage and Family
480 — Administration of Human Services
487 — Field Placement (3 hours)
498 — Professionalism, Issues, and Actions
EDUC 150 — Foundations of Education
210 — Instructional Methods Early Childhood
249 — Educational/Developmental Psychology
269 — Children’s Literature
295 — Instructional Technology
300 — Applied Arts for Teachers
320 — Early Childhood LA/SS
330 — Early Childhood Math/Science
349 — Language Development
359 — Teaching Reading to Young Children
367 — Elementary School Physical Education
376 — Teaching Diverse Populations

Required Supporting Courses:

COMM 101 — Fundamentals of Public Speaking
BIOL 101 — Introduction to Biology
PHYS 110 — Physical Science for Elementary
GEOL 140 — Earth/Space for Elementary
NSCI 310 — Environment/Technology/Society
MATH 111 — Mathematics for Elementary I
MATH 112 — Mathematics for Elementary II
HIST 231 — American Civilization

Students choosing the B.S. program are required to take SOCY 280, LIT 315, or COMM 349 to apply to the international culture general education requirement.

Fashion Merchandising Major: 31 hours.
B.A. or B.S.

Required:

FACS 101 — Orientation to Family and Consumer Sciences
111 — Textiles and Design
112 — Principles of Clothing Construction (3 hours)
140 — Interior Design
252 — Consumer Economics
312 — Professional Image and Dress
315 — Historical Dress and World Cultures
343 — Heritage of Interiors
356 — Retail Merchandising
487 — Field Placement (five hours)
496 — Projects (one hour)
498 — Professionalism, Issues, and Actions

Required Supporting Courses:
BSNS 160 — Principles of Management
170 — Computer Application in Business
ACCT 110 — Financial Accounting
ECON 111 — Principles of Microeconomics

Recommended Supporting Courses:
COMM 347 — Organizational Communication

It is strongly recommended that fashion merchandising majors complete one of the following business minors: management, marketing, or finance.

Housing and Environmental Design Major:
43 hours. B.A. or B.S.

Required:
FACS 101 — Orientation to Family and Consumer Sciences
111 — Textiles and Design
140 — Interior Design
245 — Architectural Drafting I
246 — Architectural Drafting II
312 — Professional Image/Dress
342 — Energy Systems for Residential Design
343 — Heritage of Interiors
344 — Contemporary Design
345 — Residential Design Studio
356 — Retail Merchandising
440 — Nonresidential Design Studio
487 — Field Placement (five hours)
496 — Projects (one hour)
498 — Professionalism, Issues & Actions

Required Supporting Courses:
ART 103 — Drawing Studio I
300 — Perspective and Rendering
371 — History of Western Art I or 372 — History of Western Art II

Recommended Supporting Courses:
ART 125 — Three Dimensional Design
334 — Beginning Watercolor
335 — Watercolor for Illustration
BSNS 160 — Principles of Management
253 — Principles of Marketing

Family and Consumer Sciences Minor:
16 hours

Required:
Courses approved by the Department Head.

Family and Consumer Sciences Teaching Minor: 26 hours

Required:
FACS 111 — Textiles and Design or
112 — Principles of Clothing Construction (3 hours)
120 — Nutrition in Health or
231 — Food Science
140 — Interior Design or
343 — Heritage of Interiors
252 — Consumer Economics
Plus EDUC 315 Secondary/Middle School Methods and nine additional hours in one of the following endorsement areas:
Child and day-care services, food and nutrition services, fashion and clothing services, interior furnishing services/living environments, institutional and home management services, consumer education and resource management, and interpersonal, family relationships, parenting.

Fashion Merchandising Minor: 19 hours
FACS 111 — Textiles
112 — Principles of Clothing Construction
140 — Interior Design
252 — Consumer Economics
312 — Professional Image and Dress
315 — Historical Dress in World Cultures
356 — Retail Merchandising

Housing and Environmental Design Minor:
19 hours
FACS 111 — Textiles
140 — Interior Design
245 — Architectural Drafting I

Plus nine hours from the following:
FACS 246 — Architectural Drafting II
342 — Energy and Equipment
343 — Heritage of Interiors
344 — Contemporary Interiors
345 — Residential Design Studio
Nutrition Minor: 18 hours

FACS 120 — Nutrition in Health/Fitness or 327 — Human Nutrition
131 — Foods I or 132 — Foods II
232 — Nutrition Assessment
331 — Topics in Nutrition

And nine hours selected from:

FACS 330 — Community Nutrition
331 — Topics in Nutrition
335 — The World Food Problem
435 — Nutrition Education and Counseling

Typical Courses for Family and Consumer Sciences Majors

Courses will vary according to major concentration.

Freshman Year
Orientation to Family and Consumer Sciences
Textiles and Design
Freshman Composition
Bible I
Physical Education
Interior Design
Principles of Clothing Construction
Nutrition in Health/Fitness
Chemistry
Foods I, II

Sophomore Year
Principles of Management
Christian Doctrine
Food Science
Introduction to Fine Arts
History, Social Science
Developmental Psychology

Family and Consumer Sciences Courses

FACS 101 — Orientation to Family and Consumer Sciences. 1 hour. Careers for majors in the Department of Family and Consumer Sciences are explored through presentations by FACS professionals, Internet searches, and class discussion. Students will study career opportunities, educational experiential requirements and credentialing, and professional organizations related to each major area of FACS. Students conclude the course with participation in a poster session related to a personal career goal.

FACS 111 — Textiles and Design. 3 hours. Evaluates the various types of natural and synthetic fibers used in fabric. Examines varieties of yarns, fabrics, design and color, and finishes. The course is designed to increase knowledge in the selection, use, and care of textile products.

FACS 112 — Principles of Clothing Construction. 3 hours. A modular class including units on basic construction techniques, pattern selection and garment construction, selecting quality ready-to-wear, pattern alteration and fitting, couture techniques and problem fabrics, construction of designer garment, managing a sewing laboratory, and mass production techniques. May be repeated for a maximum of six hours.

FACS 120 — Nutrition in Health and Fitness. 3 hours. An introductory course with emphasis on essential nutrient functions, sources, and dietary recommendations. Nutrition topics are related to promoting healthy lifestyles of adults, and may include discussion of vegetarian diets, nutrition needs during exercise, nutrition trends, and an introduction to nutrition across the life span. Students participate in computer-based nutrition analysis and menu-planning, evaluation of consumer nutrition resources, and use of nutrition labels for food selection. Group work is required for selected projects.

FACS 131 — Foods I. 1 hour. Skill development related to the selection and preparation of healthy foods. Includes lab and computer experiences.

FACS 132 — Foods II. 1 hour. Skill development related to advanced cuisine. Students will demonstrate culinary techniques used in professional settings. Includes lab and computer experiences. Prerequisite: FACS 131.

FACS 140 — Interior Design. 3 hours. A study of the basic principles in developing a pleasant environment. Types of flooring, innovative wall treatments, color schemes and design, window treatments, and furniture arrangements are among the topics that are studied in regard to suitability, manufacturing quality, aesthetic value, comfort, maintenance, and meeting the needs of the individual. Field trips will be taken to illustrate principles studied in the class.

FACS 214 — Early Adolescent Development. 3 hours. Same as EDUC 214.

FACS 231 — Food Science. 3 hours. Incorporates the scientific method to study the biological and chemical basis of nutrition and food preparation. Students have the opportunity to develop laboratory, writing, and problem-solving skills through the interpretation and evaluation of laboratory results and writing laboratory reports. Lecture and laboratory. Prerequisites: FACS 131 or FACS 132; CHEM 101 or 103.

FACS 232 — Nutrition Assessment. 2 hours. Principles and methods of evaluating human nutrition status
using anthropometric, biochemical, clinical, and dietary assessment techniques. Students will demonstrate the techniques in case study format and/or in a lab experience. Prerequisites: FACS 120 Nutrition or FACS 327 Human Nutrition; BIOL 246; CHEM 101 or 103.

FACS 241 — First Aid and Emergency Care. 2 hours. Same as PHED 241.

FACS 245 — Architectural Drafting. 4 hours. Problem approach to architecture with emphasis on residential planning and construction. Techniques of drafting will be emphasized while students do working drawings (floor plan; foundation; plot plan; section view; front, back, and side views).

FACS 246 — Architectural Drafting II. 3 hours. This course is designed to develop an understanding of CAD drafting techniques as they are applied to interior design and space-planning. Students will be able to use drafting system commands to create working drawings and become proficient in the use of AutoCAD. Prerequisite: FACS 245.

FACS 252 — Consumer Economics. 3 hours. Emphasizes basic problems for the consumer, including borrowing for consumption, housing, insurance, investments, family budgets, quality standards, buying, and frauds. The purpose of the course is to make the student aware of the rights of the consumer and legislation enforcing these rights.

FACS 262 — Child Developmental Psychology. 3 hours. Same as PSYC 211.

FACS 263 — Adolescent and Adult Developmental Psychology. 3 hours. Same as PSYC 212.

FACS 264 — Child, Family and Community Relations. 3 hours. For parents, teachers, or others who expect to be responsible for young children. Increases understanding of the needs and feelings of both the developing child and the adult caregiver. Effective ways for the child, family, and community to work together to provide for the optimum development of young children, including children from other cultures and ethnic groups. A wide variety of philosophies and techniques will be explored.

FACS 312 — Professional Image and Dress. 1 hour. A study of the social psychology of dress and manners and how they create a professional image for men and women. Figure and wardrobe analysis will help students prepare their individual professional clothing needs. Students will learn the mechanics of etiquette at the dinner table, in the office, and at social functions.

FACS 315 — Historical Dress and World Cultures. 3 hours. Survey of historic modes of dress as they reflect the social, economic, and cultural life of a people. Includes the study of American and European designers.

FACS 327 — Human Nutrition. 3 hours. Principles of normal nutrition and basic diet therapy for nondietetic majors. Emphasis is placed on the scientific principles of nutrition, as well as application of nutrition in health and disease. Course credits do not count toward the dietetic major. No credit toward nutrition minor if FACS 120 is already completed. Prerequisites: BIOL 246, 247; CHEM 100 or CHEM 103 and 104.

FACS 330 — Community Nutrition. 3 hours. Nutrition assessment and intervention strategies related to nutrition requirements, special conditions, and cultural considerations for individuals and groups across the life span (pregnatal, maternal, infant/child, adolescent, and geriatric). Students will also study current public health nutrition programs and participate in nutrition program-planning related to nutrition across the life span. Prerequisites: FACS 120 or FACS 327; FACS 232.

FACS 331 — Topics in Nutrition. 3 hours. Study of a selected topic related to current issues in the field of nutrition, or an expansion on topics covered in other nutrition courses. Example topics include: sports nutrition, disordered eating, alternative nutrition therapies, vitamins/minerals. The course may be repeated for credit if the topic differs. Prerequisites: FACS 120 or FACS 327.

FACS 334 — Food Safety and Sanitation Management. 3 hours. A study of the causes of common and emerging foodborne illnesses. Emphasis is placed on the principles of sanitation and food safety management, including the legal and administrative aspects of control and enforcement.

FACS 335 — The World Food Problem. 3 hours. An interdisciplinary study including nutrition, sociological, economic, public health, and educational aspects. Important features of world food problems and major possible solutions through policy changes are discussed. Research of current trends through popular periodicals, as well as presentations in a major area of interest related to global hunger are given special emphasis. Direct and indirect opportunities to work with the hungry are provided.

FACS 337 — Quantity Foods. 3 hours. Standard methods of quantity food production and menu-planning for social groups and institutions. Food costs and nutritional values are related to experiences in food service. Lecture and laboratory. Recommended prerequisite: FACS 334.

FACS 338, 339 — Medical Nutrition Therapy I, II. 4 hours each semester. Advanced study of the nutrition science principles and nutrition therapy required for medical conditions. A case study approach will require students to integrate nutrient metabolism, pathophysiology, nutrition assessment, medication-nutrient interactions, and medical nutrition prescriptions. One semester content includes gastrointestinal, hepatic, cardiovascular, renal, diabetes, and nutrition support. The other semester includes disordered eating, oncology/AIDS, anemia, food allergies, trauma/surgery, nutrition support. Prerequisites: BIOL 246, 247, 310; FACS 120, 232.

FACS 342 — Energy Systems for Residential Design. 3 hours. Design and evaluation of appropriate energy systems for residential applications and analysis of energy conservation. Use of computer-aided drafting and design (CAD) and energy analysis software. Prerequisite: FACS 245.
systems in residential construction, including heating/cooling, lighting, major appliances, and sound, as well as space-planning. Prerequisites: ART 103 and FACS 245.

FACS 343 — Heritage of Interiors. 3 hours. Survey of historical architecture and interiors as they reflect the social, economic, and cultural life of a people. Includes the study of antiquity through modern periods.

FACS 344 — Contemporary Design. 3 hours. Survey of the development of 20th-century architecture and furniture. A contextual overview of historic periods of furniture, architecture, ornament and decorative detailing. Prerequisites: ART 103 and FACS 245.

FACS 345 — Residential Design Studio. 4 hours. Analysis of the total residential environment, applying elements and principles of design to projects. Emphasis on functional uses of form and space to meet physiological and psychological requirements. Prerequisites: FACS 245 and ART 103. ART 300 is strongly recommended.

FACS 355 — Management of Family Resources. 3 hours. The managerial principles of resources for individual family and other units, such as the use of time, human energy, money, values, goals, and standards, are evaluated and clarified in terms of the effective functioning of the family unit. Emphasis is also given to the parent/child relationship and its effect on resources.

FACS 356 — Retail Merchandising. 3 hours. A study of the role of modern retailing in the process of meeting marketing needs. Students will be challenged to develop a retail perspective of the marketplace and will be equipped with the basic principles of retail management and merchandising. Both in theory and through field experiences, the student will be introduced to the strategic and operational sides of retailing. FACS 496 should be taken concurrently or as a prerequisite by fashion merchandising majors.

FACS 350 — Parenting. 3 hours. This course introduces the student to theoretical approaches in parent-child interaction. It discusses basic strategies and skills for effective parenting. Prerequisite: PSYC 211.

FACS 362 — Marriage and Family. 3 hours. Same as SOCY 362.

FACS 398 — Research in Dietetics. 1 hour. Basic concepts related to research methodologies and interpretation of current research in dietetics. Prerequisite: BSNS 241 or equivalent.

FACS 413 — Principles of Pattern Design. 3 hours. Interpretation of dress design developed through the medium of flat pattern; introduction to pattern-drafting. Prerequisite: FACS 112 or approval of instructor.

FACS 415 — Tailoring. 3 hours. A study of tailoring techniques by construction of an ensemble, suit, or coat. Prerequisite: FACS 112 or 413, by permission. Lecture and laboratory.

FACS 435 — Nutrition Education and Counseling. 3 hours. Nutrition education and counseling theories and techniques related to changing health behaviors of groups or individuals. Course completion requires portfolio submission to include student's design and presentation of nutrition lessons (video and community), demonstration of nutrition counseling skills (video and community), design and production of a nutrition education material, and demonstrated use of computer presentation software. Prerequisites: FACS 120 or 327, FACS 330 or 338, COMM 101, PSYC 102.

FACS 440 — Nonresidential Design Studio. 4 hours. Studies of design theory, division of space, and equipment of nonresidential interiors to meet physiological and psychological requirements. Prerequisites: FACS 245 and ART 103. ART 300 is strongly recommended.

FACS 455 — Food Systems Management. 3 hours. The application of management concepts in healthcare, school, and other food or nutrition institutions. Topics include communication and documentation, quality improvement, human resources, financial management, and selected industry trends that impact the food/nutrition manager. Prerequisites: ACCT 110, BSNS 160.

FACS 480 — Administration and Supervision for Human Service Organizations. 3 hours. An introduction to providing leadership in human service organizations that provide services which are culturally responsive to individuals, families, groups, organizations, and community needs. Exploration of strategic planning, fiscal responsibility, fundraising, grant writing, personnel management, community relations, program, and facilities supervision, and organizational evaluation will be incorporated.

FACS 487 — Field Placement. 1-5 hours. An individualized career-oriented internship. Selected learning experiences in approved work situations in food industry, fashion retail, child care, vocational career centers, or welfare agencies. Prerequisite: consent of instructor and chair of the department.

FACS 496 — Projects in Family and Consumer Sciences. 1-5 hours. An interdisciplinary course designed to give an opportunity to supplement an area of interest in family and consumer sciences. Contracted work by each student includes research or application in the various areas of family and consumer sciences (e.g., consumer economics, management, interior design, nutrition studies, clothing and textiles).

FACS 498 — Professionalism, Issues, and Actions. 2 hours. History and philosophy of family and consumer sciences, current issues in the field, and strategies for professional involvement.
The study of history and political science is foundational to a liberal arts education. The curriculum and the classroom interaction have three primary components.

History and political science is the story of the human family—the options open to generations past, the choices they made, and the consequences of those decisions. It is our own story when we study Western civilization or American civilization; it is a new and fascinating story different from our own when we study China, Russia, or Latin America. We cannot hope to answer the big questions about our role in or our responsibilities in the world without an understanding of the story.

History and political science is also a cluster of skills. These disciplines teach students to think clearly and critically, to ask discerning and probing questions, to identify faulty reasoning and logic in ourselves and in others, to spot bias and self-interest, to write clearly and concisely, and to find and evaluate data. These skills are basic to many careers, and to civilization itself.

History and political science is also the story of God at work in the world. Christianity is embedded in and revealed through the story of the human race, and that story is not only the foundation of our culture, but of our faith as well. These disciplines are an ideal context in which to explore the relationship of faith and culture, and to develop a thoughtful and comprehensive Christian worldview with which to challenge the hollow secular philosophies of our age.
History Major B.A.: 32 hours

HIST 211 — World Civilization I
212 — World Civilization II
213 — World Civilization III
231 — American Civilization I
232 — American Civilization II
390 — Historiography
471 — Senior Seminar
and 12 additional hours of history, including six hours of U.S. history and three hours of non-Western history.

To be supported by:

PHIL 201 — Introduction to Philosophy or
422 — History of Political Philosophy
SSCI 302 — World Regional Geography

Political Science Major B.A.: 35 hours

Required:

PSCI 101 — Introduction to Political Science
221 — Foundations of International Relations
223 — Introduction to American Government
344 — American Public Policy
390 — Historiography
422 — History of Political Philosophy
460 — Postmodern Political Theory
471 — Senior Seminar in Political Science

Plus at least 12 hours from the following courses:

PSCI 242 — Federal Seminar
343 — American National Politics
352 — Christianity & Politics
379 — The Developing World
447 — Constitutional Law
HIST 344 — Recent United States History
360 — History of Russia
ECON 312 — Intermediate Macroeconomics
345 — Economics of the Public Sector
SOWK 412 — Social Work Practice III
420 — Social Policy Analysis

Up to nine hours of credit may be applied to the major through participation in one of the following Council for Christian Colleges and Universities programs: American Studies, Latin American Studies, Middle East Studies, China Studies, or Russian Studies. Political science majors are strongly encouraged to participate in one of these programs.

Required Supporting Course:

SSCI 302 — World Regional Geography

Recommended Supporting Courses:

GEOL 105 — Physical and Historical Geology
NSCI 301 — Science, Technology, and Environment

History Minor: 16 hours

Required:

Six hours from HIST 211, 212, or 213 or six hours in American Civilization I and II. At least six hours of the minor must be upper-division courses.

To be supported by SSCI 302 World Regional Geography.

Political Science Minor: 16 hours

Required:

PSCI 101 — Introduction to Political Science
223 — American Government
At least six hours of the minor must be upper-division courses.

To be supported by SSCI 302 World Regional Geography.

History Teaching Minor: 24 hours

Required:

HIST 211, 212, 213, 231, 232, and nine additional upper-division hours in history, including three in U.S. and three in non-Western history.

To be supported by SSCI 302 World Regional Geography.

Typical Courses for a Student Majoring in History or Political Science

Freshman Year

World Civilization
American Civilization
Freshman Composition
Bible I
Physical Education
General Psychology
Foreign Language
Fundamentals of Public Speaking
Introduction to Political Science
Sophomore Year
American Civilization
World Civilization
Laboratory Science
Mathematics
Introduction to Fine Arts
American Government
Introduction to Literature

General/World Civilization Courses

HIST 110 — The World Today. 3 hours. This general education course is introductory to the study of history, and addresses the historical, political, social, and religious backgrounds of selected situations or events which are either current topics of debate in the media or government, or which are of relevance to particular contemporary social or religious communities. Approximately one-third of the course will concern American issues, and the remainder will involve European, Latin, and non-Western themes.

HIST 211 — World Civilization I. 3 hours. A survey of world history from the beginnings of written history in Mesopotamia, Egypt, and China to around A.D. 1400, tracing political, social, technological, and religious themes. Approximately two-thirds of the material concerns the Mediterranean world and Europe.

HIST 212 — World Civilization II. 3 hours. A survey of world history from approximately A.D. 1400 to A.D. 1800, tracing political, social, technological, and religious themes. The course emphasizes developments in Europe, and the growing world domination of European nations.

HIST 213 — World Civilization III. 3 hours. A survey of world history in the 18th, 19th, and 20th centuries, with emphasis on Western cultural, political, and religious interaction with the rest of the world. Approximately one-half of the material will concern the non-Western "two-thirds" world.

HIST 300 — "World Today" Assistantship. ½ hour. Junior and senior departmental majors and minors with GPAs of 2.8 or above will be eligible for this supervised practicum experience in which each leads a group of 10 students in The World Today in preparation of class projects and review of class material for tests. Specific responsibilities will be assigned by the section instructor, but will not involve more than a one-hour meeting each week during the semester. The course may be repeated for up to two hours credit, is offered pass/fail, and will not count toward the completion of the students' majors.

HIST 306 — Wesley's Century: Enlightenment and Revival. 3 hours. This course explores social, political, and religious aspects of 18th-century European civilization by concentrating on the parallel and some-what interconnected, yet divergent, movements that historians have labeled the Enlightenment and the Evangelical Revival. In the former movement, selected English and French writers will be studied, as will be the Wesleys, along with Whitefield, Edwards, and the followers of Spener, in the latter. Particular attention will be paid to the problems of human perfectibility, the nature of education, the citizen's relationship to authority, and the individual's obligation to society. Prerequisite: One lower-division history course or permission of the instructor.

HIST 310 — History of Technological Change. 3 hours. An exploration into the world of inventions and their impacts on society since the Roman Empire, including the stirrup, water wheel, compass, sextant, plow, cam, crop rotation, and dozens more. The course will deal with the economic and philosophical requirements for and results of major discoveries. Prerequisite: One lower-division history course or permission of the instructor.

HIST 360 — History of Russia. 3 hours. This course includes a survey of the history of Russia from the Kiev period to the election of Michail Gorbachev, and an intensive study of the social, political, and religious developments of the last decade. Prerequisite: HIST 110.

HIST 379 — The Developing World. 3 hours. A critical historical analysis of the development of Third World countries in the modern period. Special focus is placed on the cultural and political response of developing countries in Asia to "the West" and to the general developmental problems of national growth and equity. This course will be taught each semester with a different regional focus, including Latin America, Asia, and Africa. The course may be repeated, but with a different topic.

HIST 385 — Selected Topics in History. 3 hours. This course is a history/political science course in which the professor or professors choose a topic, event, or development and structure a one-time course around that specific interest. The topic will be given in the schedule of courses when the course is offered. Prerequisite: one foundational course in history or permission of instructor.

HIST 390 — Historiography. 3 hours. A study of the craft of the historian and social scientist, including traditional schools of interpretations; comparison of Judeo-Christian philosophies of history with past and present secular philosophies; and the exploration of the impact of philosophy on conceptualization, compilation, and writing in the social sciences. The course will also involve the preparation of a proposal for the senior thesis. Prerequisite: junior standing.

HIST 401 — Darwin's Century: The Evolution/Creation Debate since 1650. 3 hours. This course is a historiographical study of some of the major protagonists in the evolution/creation debate, including but not limited to James Ussher, Charles Darwin, William Jennings Bryan, Clarence Darrow (the Scopes Trial),
Richard Dawkins, Henry Morris, Phillip Johnson, and Michael Behe. The context for this study is the aspect of modernization theory that postulates increasing secularization. This is not a study of scientific evidence, but of changing positions and philosophical perspectives over time on both sides of the debate. Prerequisite: One lower-division history course or permission of the instructor.

HIST 471 — Senior Seminar in History. 2 hours. Same as SSCI 471. Prerequisite: HIST 390.

HIST 494 — Readings in History. 1 to 4 hours. Self-study of historical readings under faculty direction in an area of special interest. Suggested for seniors and qualified juniors with a major in history/political science. All other students must secure the approval of the instructor. No more than four hours of credit may be earned through readings in history and political science combined.

United States History

HIST 231 — American Civilization I. 3 hours. Examines the basic political, social, economic, legal, intellectual, and religious trends in American history from the European explorations to the close of the Civil War (1865).

HIST 232 — American Civilization II. 3 hours. Examines the basic political, social, economic, legal, intellectual, and religious trends in American history, from the close of the Civil War (1865) to the present.

HIST 325 — Sports in American Society. 3 hours. Examines the major economic, cultural, and social trends in American history through professional and amateur sports. Major treatment will be given to baseball, football, and boxing, as well as basketball, hockey, tennis, and golf. The focus will not be on sport history for its own sake, but, as the title suggests, on what sports reveal about the broader American experience (urbanization, mass media, and race relations, etc.) in a particular period. Prerequisite: one course from the history foundations core or permission of the instructor.

HIST 344 — Recent United States History. 3 hours. A study of modern America since World War I examining such issues as government and business, reform, political change, foreign relations, and the United States’ role in world politics. Major emphasis is placed on social change and race relations in the period since 1945. Offered alternate years. Prerequisite: HIST 110, 231, or 232.

HIST 357 — American Religious History. 3 hours. Same as THEO 357.

HIST 368 — American Civil War. 3 hours. A study of the causes, conduct, and outcomes of the Civil War between 1860 and 1874. The political, social, and military dimensions of the conflict, including the Reconstruction phase, will be covered. Offered alternate years. Prerequisite: HIST 110, 231, or 232.

HIST 370 — American Social/Intellectual History. 3 hours. Surveys the major intellectual trends in American thought from the colonial period to the present. The subject matter will be organized both chronologically and topically around the following themes: Puritanism/theism and the Enlightenment; secularization of American thought in the colonial period; romanticism and naturalism in the 19th century; and modernism in the 20th century. Offered alternate years. Prerequisites: two semesters of either American Civilization or Western Civilization or permission of instructor. Prerequisite: HIST 110, 231, or 232.

HIST 447 — American Constitutional Law. 3 hours. Same as PSCI 447.

Political Science — PSCI

PSCI 101 — Introduction to Political Science. 3 hours. Offers a factual and conceptual foundation for the study of political science. Topics addressed will include basic political theory, political structures, political behavior, and basic approaches to methodology in gathering and analyzed information on the practice of politics.

PSCI 221 — Foundations of International Relations. 3 hours. This course studies the structure and organization of the global, international system. Special attention will be paid to the role of international organizations and international law. Behavior between states will be examined within their larger global context. This course will examine the historical interaction between states and the differing models of state interaction over time.

PSCI 223 — American Government. 3 hours. A study of the structure and functions of the federal government in the United States. Fulfills the teacher education requirement for passing the U.S. Constitution test.

PSCI 242 — Federal Seminar. 1-3 hours. Same as SSCI 242. This course does not satisfy the requirement for American government for teacher education majors.

PSCI 343 — American National Politics: 3 hours. This course covers both the constitutional and the nonconstitutional elements of American national government. The first half of the course examines the federal government’s structure, including the executive, legislative, and judicial branches, in addition to civil rights and civil liberties. The second half covers the history and development of political parties, elections, and campaigns; the voting process; and political behavior.
PSCI 344 — American Public Policy. 3 hours. A study of the major domestic policy issues in American national politics. Students will be exposed to a variety of viewpoints regarding contemporary issues such as health care, energy and toxic waste, the national debt, homelessness, public education, etc. The ethical dimensions of these issues are integrated into the course. Major emphasis is also placed on understanding the public policy process at the national, state, and local levels. Offered in alternate years.

PSCI 352 — Christianity and Politics. 3 hours. An historical analysis of the ways Christians have participated in culture. Particular emphasis will be placed on an examination of the major, contemporary Christian voices in American politics and the terms of the ethical debates that are taking place. The course is designed to answer the question: What is a Christian view of politics? Offered in alternate years.

PSCI 360 — Politics of Russia. 3 hours. Same as HIST 360.

PSCI 379 — The Developing World. 3 hours. Same as HIST 379.

PSCI 385 — Selected Topics in Political Science. 3 hours. This course is a senior-level history/political science course in which the professor or professors chooses a topic, event, or development and structure a one-time course around that specific interest. The topic will be given in the schedule of courses when the course is offered. Prerequisite: One foundational course in political science or permission of instructor.

PSCI 390 — Historiography. 3 hours. Same as HIST 390.

PSCI 422 — History of Political Philosophy. 3 hours. A survey of the significant political philosophies and theories within the Western tradition. A major focus will be placed on understanding the present state of Western civilization, rooted in its philosophical and ethical context. Part I of this course will cover ancient political philosophy, including pre-Socratic, Greek, Hellenic, and Stoic philosophy. Part II covers medieval political philosophy, including the philosophy of St. Thomas Aquinas. Part III covers modern political philosophy from the early Renaissance through contemporary postmodern political philosophy.

PSCI 447 — American Constitutional Law. 3 hours. Includes the study of the origins, adoption, and the Supreme Court’s interpretation of the federal Constitution in such areas as judicial review, federalism, separation of powers, interstate commerce, contract clause, taxing powers, due process clause, equal protection of the laws, and civil liberties. Recommended for all pre-law students. Prerequisite: American Civilization I, American Government, or consent of instructor. Offered alternate years.

PSCI 460 — Postmodern Political Theory. 3 hours. The students will study the most recent significant developments in postmodern political theory. The students will study the arguments of political theorists in the post-Enlightenment age, focusing on the work of theorists in the past 20 years. The students will also be challenged to think about postmodern political theory from a Christian perspective.

PSCI 471 — Senior Seminar in Political Science. 2 hours. Same as SSCI 471. Prerequisite: PSCI 390.

PSCI 487 — Political Internship. 1 to 6 hours. This course offers supervised opportunities for senior students to work in a variety of paid and volunteer internship opportunities in local, state, or national government during the school year or in the summer. Each internship is arranged in consultation with the student.

PSCI 494 — Readings in Political Science. 1 to 4 hours. Same as HIST 494.

Department of Psychology — PSYC

Faculty

WILLIAM BELL (1970)
Professor of Psychology, Chair, Division of Social Sciences; Chair, Department of Psychology
Ph.D., 1975, Northwestern University

JIM D. KNIGHT (1975)
Assistant Dean of Instruction; Registrar;
Associate Professor of Psychology
B.A., 1966, Trevecca Nazarene University
M.S., 1973, University of Tennessee

FRANKLIN GARTON (1979)
Associate Professor of Psychology;
Counseling and Career Center, Senior Counselor
B.A., 1958, Olivet Nazarene University
M.A., 1965, Ball State University
M.A.E., 1987, Olivet Nazarene University
Instructor’s Certificate (PET), 1976,
LaVerne College
Instructor’s Certificate (AMITY), 1978, Pine Rest Christian Hospital

LAVERNE JORDAN (1986)
Professor of Psychology,
Coordinator, M.A. in Professional Counseling
B.S., 1970, Purdue University
M.S., 1973, University of Arizona
M.S., 1982, Purdue University
Ph.D., 1988, Purdue University

RAY BOWER (1987)
Professor of Psychology
B.A., 1976, Miami University, Ohio
M.A., 1987, Miami University, Ohio
Ph.D. 1992, Miami University, Ohio
Gary Koch (2000)
Associate Professor of Psychology
B.S., 1977, Xavier University
M.A., 1992, Southeast Missouri State University
Ph.D., 1997, Southern Illinois University

The objective of the Department of Psychology is to acquaint students with the science of behavior and the principles that contribute to optimal personality development, good interpersonal relationships, and the effective understanding and influence of human behavior. The faculty seek to uphold the highest ideals of Christian citizenship and a Christian philosophy of humanity and the world.

The department specifically provides students with four opportunities. First, it offers the specific training necessary for admission to graduate school programs in clinical, counseling, developmental, educational, industrial, social, experimental, and school psychology. Second, for those who wish to move directly into a psychological vocation, the department provides students sufficient background in principles and practice to respond to the demands of their vocation. Third, the department enables students from other fields such as education, religion, business, and other social sciences, to become acquainted with the principles of human behavior which may be applied in their vocations. Fourth, the department seeks to give students sufficient intrapersonal and interpersonal understanding to optimize the development of healthy personalities and relationships.

To accomplish these objectives, several concentrations are available. PSYC 102, 103, 211, or 212 is a prerequisite for all upper-division courses in psychology. PSYC 102 is the recommended entry-level course unless a similar course has been taken by the student in high school.

It is recommended that students take BIOL 164 Human Biology or BIOL 246 Anatomy and Physiology to satisfy the laboratory science general education requirement.

In addition, it is strongly recommended that students planning to enroll in graduate programs in psychology take PSYC 331, 332, 333, 343, 345, 361, 362, and 468.

Psychology Major: 31-50 hours. B.A. or B.S.

Required:

PSYC 102 — General Psychology I
103 — General Psychology II
203 — History and Systems of Psychology
211 — Child Development Psychology
212 — Adolescent and Adult Psychology
498 — Psychology Seminar

Pius completion of 15 additional hours of psychology to be approved by the department chair, or one of the following concentrations:

A. Personnel Psychology Concentration (35 hours)

PSYC 233 — Group Dynamics
321 — Social Psychology
324 — Industrial/Organizational Psychology
343 — Learning and Behavioral Modification
362 — Psychological Testing
461 — Counseling Process and Technique

Required Supporting Courses:

BSNS 170 — Computer Applications in Business
367 — Organizational Behavior
468 — Human Resources Management
COMM 347 — Organizational Communication

B. Counseling Psychology Concentration (50 hours)

PSYC 323 — Human Diversity
331 — Basic Research and Statistics
361 — Theories of Personality
362 — Psychological Testing
461 — Counseling Process and Technique
467 — Psychotherapy
468 — Abnormal Psychology
472 — Marriage and Family Counseling
474 — Group Counseling
478 — Professional Issues in Counseling
479 — Supervised Practicum (5 hours)

Recommended Additional Courses:

PSYC 233 — Group Dynamics
365 — Crisis Intervention
SOCY 362 — Marriage and the Family
SOWK 200 — Introduction to Social Work
FACS 360 — Parenting

Psychology Minor: 21 hours

Required:

PSYC 102 — General Psychology I
103 — General Psychology II
The remaining hours are to be approved by the department chair.

Psychology Teaching Minor: 21 hours

Required:
- PSYC 102 — General Psychology I
- 103 — General Psychology II
- 203 — History and Systems of Psychology
- 211 — Child Development
- 212 — Adolescent and Adult Development

And six hours selected from:
- PSYC 321 — Social Psychology
- 343 — Learning and Behavior Modification
- 362 — Psychological Testing
- 461 — Counseling Process and Technique
- 468 — Abnormal Psychology

Typical Courses for a Psychology Major

Freshman Year
- General Psychology I, II
- Bible I
- Freshman Composition
- Introduction to Fine Arts
- History
- Physical Education
- Mathematics

Sophomore Year
- Child Developmental Psychology
- Adolescent and Adult Psychology
- History and Systems of Psychology
- Speech
- Literature
- Human Anatomy and Physiology
- Basic Research and Statistics

General Courses

PSYC 102 — General Psychology I. 3 hours. An introduction to the scientific study of human behavior with particular emphasis on personal development, mental health, and interpersonal relationships. Topics covered will include theories of personality, stress, health and coping, abnormal psychology, therapy, personal adjustment, memory, motivation and emotion, gender and sexuality, psychosocial and moral development, interpersonal relationships, social and organizational behaviors, and careers within psychology.

PSYC 103 — General Psychology II. 3 hours. A continuation of the introduction to the scientific study of human behavior with particular emphasis on research methodology, representative findings, and practical applications. Topics covered will include the history of psychology, research methods, the brain and nervous system, sensation, perception, states of consciousness, language, thought, intelligence, learning, psychological testing, and life-span development. Recommended prerequisite: PSYC 102.

PSYC 202 — Educational Psychology. 3 hours. Same as EDUC 249. Prerequisite: PSYC 102, 103, 211 or 212.

PSYC 203 — History and Systems of Psychology. 3 hours. A history of the field of psychology with particular emphasis on the theoretical development from the prescientific era to the present time. Prerequisite: PSYC 102, 103, 211 or 212.

PSYC 211 — Child Developmental Psychology. 3 hours. A study of human physical, intellectual, emotional, perceptual, social, and personality development from conception to puberty. It is recommended that 211 precede 212 if both courses are taken.

PSYC 212 — Adolescent and Adult Developmental Psychology. 3 hours. A study of human physical, intellectual, emotional, perceptual, social, and personality development from puberty to death. It is recommended that 211 precede 212 if both courses are taken.

PSYC 214 — Early Adolescent Development. 3 hours. Same as EDUC 214. Does not apply to psychology major or minor.

PSYC 222 — Psychology of Human Communication. 3 hours. Same as COMM 103.

PSYC 233 — Group Dynamics. 3 hours. Same as COMM 233.

PSYC 320 — Sports Psychology. 3 hours. Same as EXSS 320.

PSYC 321 — Social Psychology. 3 hours. This course considers the social factors that operate in influencing the behavior of the individual. Emphasis is given to the description and evaluation of the methods of measurement and techniques of investigation for the social psychologist. Prerequisite: PSYC 102, 103, 211, or 212.

PSYC 323 — Human Diversity. 3 hours. This course seeks to enhance understanding of an individual's identity, development, and culture from the perspectives of gender, ethnicity, religion, age, socioeconomic level, and disabilities.

PSYC 324 — Industrial/Organizational Psychology. 3 hours. A survey of the theory, research and strategies used in business, industry, and government in the following areas: (1) personnel selection, assessment and training; (2) human engineering, motivation, work
efficiency, and job satisfaction; (3) organizational structure and dynamics; (4) leadership and supervisory training; and (5) employee counseling. Prerequisite: PSYC 102, 103, 211, or 212.

PSYC 498 — Psychology Seminar. 1 hour. This course is required of all psychology majors in either their junior or senior year. It includes a series of lectures, panel discussions, guest speakers, and field trips — on such issues as vocations in psychology, graduate programs, application strategies, current issues, and ethics. Offered in the fall semester.

PSYC 499 — Special Topics in Psychology. 1-3 hours. A departmentally approved project where a major may pursue a subject of particular interest not already treated extensively in a regular course. Prerequisite: psychology major.

---

### Experimental Courses

PSYC 241 — Statistics. 4 hours. Same as MATH 241. Prerequisites: PSYC 331, 332.

PSYC 331 — Basic Research and Statistics. 4 hours. A survey or the methods of gathering, interpreting, and communicating research data. Topics include measurement and scaling techniques; naturalistic observation, case study, survey, correlational and experimental methods; non-parametric statistics; test, and single-factor analysis of variance; report-writing, graphical reporting of data, and bibliographical sources; and computer data and database searches.

PSYC 332 — Advanced Research and Statistics. 3 hours. The study of advanced experimental methods and designs, the application of parametric statistics through three-factor analysis of variance, bibliographical sources and report writing, and the use of computers in research. Research experiences are included. Prerequisite: PSYC 331.

PSYC 333 — Quantitative Research Project. 1-3 hours. A departmentally approved experimental research project designed, conducted, analyzed, and reported by the student. Prerequisites: Six psychology courses, including PSYC 331, 332.

PSYC 343 — Learning and Behavior Modification. 4 hours. A survey of the basic types of learning and the variables that influence the learning process. Emphasis is placed on the theoretical and applied aspects of human behavior change. Laboratory experiences are included. Prerequisite: PSYC 203; PSYC 331 is recommended.

PSYC 345 — Physiological Psychology. 3 hours. This course acquaints students with the neurological and glandular bases of learning, sensation, perception, and behavior. Laboratory experiences are included.

PSYC 346 — Cognitive Psychology. 3 hours. An in-depth study of the mental structures, processes, and strategies that enable one to process the vast amount of information encountered each day, and to respond in an appropriate manner to the demands of daily living. Topics will include the history and methods of cognitive psychology, cognitive development, attention, perception, memory, cognitive learning, concept formation, language, thinking, reasoning, problem-solving, and creativity. Theory, research, lab demonstrations, and applications will be included. Prerequisites: PSYC 103 and 203.

### Clinical and Counseling Courses

PSYC 361 — Theories of Personality. 3 hours. A study is made of the conceptualizations of personality that are acceptable to the various theoretical positions. Also, consideration is given to the many factors that affect the personality development of the individual. Emphasis is placed on what is considered normal personality. Recommended prerequisite: PSYC 203.

PSYC 362 — Psychological Testing. 3 hours. The assessment of human characteristics such as mental abilities, attitudes, aptitudes, learning disabilities, vocational interests, and personality traits and abnormalities. Emphasis is given to how psychological inventories are constructed, utilized, and evaluated. Students will take and interpret various tests. Prerequisite: four psychology courses; PSYC 361 is recommended.

PSYC 365 — Crisis Intervention. 3 hours. Same as SOWK 365.

PSYC 461 — Counseling Process and Technique. 3 hours. A study of the process of psychological counseling with emphasis on effective counselor characteristics, the initial session, facilitative relationship, goals, strategies, termination, ethical issues within counseling, and the development of a personal counseling model. Application will be made to interest areas such as crisis intervention, pastoral counseling, marriage and family counseling, social work, and personnel services. Prerequisites: four psychology courses.

PSYC 467 — Psychotherapy. 3 hours. A survey of the major concepts and practices in contemporary psychotherapy and counseling. Emphasis will be given to psychoanalysis; individual psychology; transactional analysis; and person-centered, existential, gestalt, rational-emotive, reality, and behavior therapies. Attention will be given to the development of effective therapist characteristics and a personal therapy model. Prerequisites: four psychology courses, including PSYC 203, 361.

PSYC 468 — Abnormal Psychology. 3 hours. A comprehensive study of the various types of personality
and behavioral abnormalities, including their etiology, symptoms, dynamics, and treatment. A comparison is made between normal and maladaptive functioning. Prerequisite: four psychology courses including PSYC 203, 361.

**PSYC 472 — Marriage and Family Counseling. 3 hours.** The course will examine counseling strategies in premarital, marital, and family situations. Topics will include the use of diagnostic tests such as the Taylor-Johnson Temperament Analysis; the factors necessary for interpersonal harmony in a family; and the dynamics and treatment of disharmonies and conflict as viewed from a number of perspectives including those of Adlerian therapy, transactional analysis, systems theory, and behavior therapy. Prerequisites: five psychology courses; PSYC 461 required, 467 recommended.

**PSYC 474 — Group Counseling. 3 hours.** As paraprofessionals, scores of psychology graduates lead therapy groups in state hospital, community hospital, and agency settings. Therapy group goals, leadership techniques, and treatment and evaluation strategies will be explored. The practices and effectiveness of various models representing the major schools of thought in psychology will be compared. Attention also will be given to the history and varieties of self-help groups such as Alcoholics Anonymous. Prerequisites: seven psychology courses; PSYC 461, 467 required; 233 recommended.

**PSYC 478 — Professional Issues. 1 hour.** A study of (1) mental health services, including history, agencies, practitioner roles, professional organizations, and credentialing; (2) principles of referral, advocacy, and case management; and (3) professional, legal, and ethical responsibilities in professional counseling, especially as related to Illinois law.

**PSYC 479 — Supervised Practicum. 5 hours.** The student will work 16 hours per week in an approved agency under the supervision of a professionally trained staff member. This will be arranged according to the interests of the student. Open only to senior psychology majors. This course may not be included within the 31 hours major requirement.

The Department of Sociology, Social Work, and Criminal Justice operates within the larger Division of Social Sciences. The department’s mission is to equip students to become critical thinkers and compassionate servants who represent Jesus Christ in their world. Students will study social behaviors, values, and institutions that influence human interaction, with the goal of preparing themselves to live and work as Christian citizens within our rapidly changing society. The department offers three distinct majors: sociology, social work, and criminal justice. Students may also choose a minor in any of these three areas.

The sociology major consists of 37 credit hours of sociology course work, plus 12 hours of supporting course work. Emphasis is placed on understanding the classical and historical foundations of the discipline, including the major topics and methods used by sociologists. Patterns of social interaction and traditional social institutions, such as family and religion, are highlighted. The major allows some flexibility in the choice of courses and culminates with a senior research project. The B.A. degree in sociology is designed to prepare students to enter graduate school or seek employment in a variety of social and institutional settings.

The social work major consists of 41 credit hours of social work courses, plus 17 hours of supporting course work. Students are prepared for generalist social work practice, which means emphasis is placed on developing a wide variety...
of skills for multiple client needs. Utilizing the person-in-environment perspective, students learn about social work with individuals, families, groups, organizations, and communities. Students formally apply for the major after they have successfully completed 45 credit hours of undergraduate work. All majors are required to complete 450 clock hours of field placement in a social service agency during their final semester. The B.A. or B.S. degree in social work prepares students for professional employment in a number of social work settings as well as for graduate education in social work. The social work program is accredited by the Council on Social Work Education (CSWE).

As a result of negotiations between the Illinois Department of Children and Family Services and the CSWE-accredited undergraduate programs of social work in Illinois, a limited number of social work majors who plan to enter the field of child welfare upon graduation may qualify for participation in the Child Welfare Passport Program. Interested students should contact the Director of the Social Work program for details.

The criminal justice major consists of 40 hours of coursework, plus 17 hours of supporting coursework. Social problems, deviant behavior, crime, and methods of social control are all emphasized in this major. The major seeks to balance theoretical concepts with practical experience. Seniors are expected to participate in a field placement that entails serving in a police, probation, corrections, or law agency for a minimum of 270 hours (six credit hours). Students who major in criminal justice may opt for either a B.A. or B.S. degree. The major provides excellent preparation for a career in law enforcement, the courts, and corrections, as well as for a variety of other career options.

All three majors within the Department of Sociology, Social Work, and Criminal Justice share the same purposes: (1) to increase a student’s overall awareness of and sensitivity to the complexities of social life; and (2) to encourage application of Christian principles and Biblical standards in serving human needs throughout society.

Sociology Major: 37 hours. B.A.

Required:

**SOCY 120** — Introduction to Sociology

**270** — Social Problems

**280** — Ethnic Relations

**320** — Urban/Rural Sociology

**331** — Basic Research/Statistics

**332** — Advanced Research/Statistics

**362** — Marriage and Family

**483** — Social Theory

**489** — Senior Research

plus nine hours of upper-division sociology.

*To be supported by:* six hours of history, three hours of psychology and either PSCI 223 American Government or three hours of philosophy.

Social Work Major: 41 hours. B.A. or B.S.

Required:

**SOWK 200** — Introduction to Social Work

**213** — Human Behavior and Social Environment I

**214** — Human Behavior and Social Environment II

**310** — Social Work Practice I

**311** — Social Work Practice II

**320** — Urban/Rural Sociology

**365** — Crisis Intervention

**400** — Field Placement

**401** — Field Seminar I

**405** — Field Seminar II

**412** — Social Work Practice III

**420** — Social Policy Analysis

*To be supported by:*

**SOCY 120** — Introduction to Sociology

**331** — Basic Research/Statistics

**PSYC 102** — General Psychology I

**BIOL 164** — Human Biology

**ECON 345** — Economics of the Public Sector

Recommended Additional Courses:

**SOWK 330** — Social Work with the Aging

**360** — Child Welfare Services

Criminal Justice Major: 40 hours. B.A. or B.S.

Required:

**CJUS 243** — Introduction to Criminal Justice

**273** — Criminology

**293** — Criminal Law

**316** — Corrections

**325** — Police and Society

**331** — Basic Research and Statistics

**360** — Criminal Procedure

205
plus nine hours from the following courses or additional courses approved by the program coordinator for the criminal justice major:

BSNS 351 — Business Law I
CHEM 490 — Topics in Chemistry (Forensic)
CJUS 405 — Field Placement II
  440 — Special Topics in Criminal Justice
  499 — Independent Study
ENGL 315 — Business and Technical Writing
HIST 370 — American Society/Intellectual History
MATH 241 — Statistics
PHIL 201 — Introduction to Philosophy
  301 — Logic
PSCI 344 — American Public Policy
  447 — American Constitutional Law
PSYC 321 — Social Psychology
  361 — Theories of Personality
SOCY 270 — Social Problems
  280 — Ethnic Relations
  315 — Drugs in Society
  332 — Advanced Research and Statistics
SOWK 200 — Introduction to Social Work
  360 — Child Welfare Services
  365 — Crisis Intervention

Required Supporting Courses:
LSCI 202 — Information/Research Techniques
SOCY 120 — Introduction to Sociology
PSCI 101 — Introduction to Political Science or
  223 — American Government
PSYC 102 — General Psychology
HIST 213 — World Civilization III
COMM 103 — Interpersonal Communication or
  101 — Public Speaking

Note: 22 hours of the required major courses must be upper-division. No more than nine hours of the required criminal justice courses may be transferred. CJUS 331 and CJUS 400 must be completed at ONU.

Social Work Minor: 19 hours

Required:

SOCY 120 — Introduction to Sociology
SOWK 200 — Introduction to Social Work
  330 — Social Work with the Aging
  360 — Child Welfare Services
  365 — Crisis Intervention

And one of the following courses:

CJUS 243 — Introduction to Criminal Justice
SOCY 305 — Human Sexuality
  315 — Drugs in Society
  320 — Urban/Rural Sociology
  362 — Marriage and the Family
  374 — The World Food Problem

Criminal Justice Minor: 18 hours

Required:

CJUS 243 — Introduction to Criminal Justice
  273 — Criminology
  293 — Criminal Law
  394 — Juvenile Justice

plus six hours of upper-division criminal justice courses approved by the program coordinator. A maximum of nine hours may be transferred from other institutions toward the criminal justice minor.

Typical Courses for Department Majors (courses will vary according to major concentration).

Freshman Year
Introduction to Sociology
Freshman Composition
General Psychology
Bible I
American or World Civilization
Physical Education
Human Biology

Sophomore Year
Fundamentals of Public Speaking
Introduction to Literature
American Government
Social Problems
Introduction to Social Work
Human Behavior/Social Environment I, II
Introduction to Criminal Justice
Ethnic Relations
Criminal Law
Criminology

Sociology Minor: 18 hours

Required:

SOCY 120 — Introduction to Sociology
  270 — Social Problems
  280 — Ethnic Relations
  362 — Marriage and Family

and six additional upper-division hours of sociology.
Sociology Courses

**SOCY 120 — Introduction to Sociology. 3 hours.** This course aims to provide students an overview of the patterns and dynamics of social life. The work and topics that engage sociologists are investigated. Attention is given to the historical and theoretical development of sociology; commonly used research methods; and issues of stratification, deviance, social institutions, and social change.

**SOCY 270 — Social Problems. 3 hours.** The aim of this course is to survey contemporary social problems that plague society and occupy social scientists. Topics such as poverty, social inequality, crime, drugs, health care, education, population issues, and environmental trends will be discussed, along with possible solutions.

**SOCY 273 — Criminology. 3 hours.** Same as CJUS 273.

**SOCY 280 — Ethnic Relations. 3 hours.** This course provides an introduction and analysis of minority groups within the larger American society. Emphasis is given to the interaction patterns between minority and majority groups. Students are encouraged to critically consider how a Christian should respond to issues of diversity and oppression.

**SOCY 305 — Human Sexuality. 3 hours.** Human sexuality is addressed from social, spiritual, and developmental points of view. Physiological facts, pregnancy stages, relationship issues, and social trends will be discussed. Emphasis will be given to developing healthy sexual attitudes and behaviors. Offered alternate years.

**SOCY 315 — Drugs in Society. 3 hours.** Social, psychological, medical, legal, and economic aspects of drug use, misuse, and abuse will be explored. The course is designed to prepare educators and helping professionals for drug education and prevention. Offered alternate years.

**SOCY 316 — Corrections. 3 hours.** Same as CJUS 316.

**SOCY 320 — Urban/Rural Sociology. 3 hours.** Same as SOWK 320. Prerequisite: SOCY 120.

**SOCY 321 — Social Psychology. 3 hours.** Same as PSYC 321.

**SOCY 325 — Sociology of Education. 3 hours.** A sociological analysis and critique is made of education in the United States. The relationship between education and other social institutions is discussed, and the school is studied as a social system. Various types, models, and levels of education will be considered from a sociological perspective.

**SOCY 330 — Sociology with the Aging. 3 hours.** Same as SOWK 330.

**SOCY 331 — Basic Research and Statistics. 4 hours.** Same as PSYC 331.

**SOCY 332 — Advanced Research and Statistics. 3 hours.** Same as PSYC 332. Prerequisite: SOCY 331.

**SOCY 333 — Advanced Research and Statistics. 3 hours.** Same as PSYC 332. Prerequisite: SOCY 331.

**SOCY 334 — Anthropology. 3 hours.** This field of cultural anthropology is surveyed with the purpose of providing students an appreciation for other cultures, as well as their own. Variation among cultures is highlighted, giving particular attention to what we can learn from less developed countries and from cross-cultural studies in general.

**SOCY 371 — Sociology of the Deaf Community. 3 hours.** Deaf people are viewed as a unique sociological group that have formed a thriving community. Attention will be given to significant historical and sociological events that have shaped American deaf people. The focus will be on deaf people as a distinct cultural group, rather than a disabled group needing medical treatment. Offered alternate years.

**SOCY 374 — World Food Problem. 3 hours.** Same as FACS 335.

**SOCY 381 — Sociology of Religion. 3 hours.** Classical and contemporary sociological religious issues are discussed in detail. Emphasis is given to how sociologists deal with and explain various religious phenomena, giving particular attention to the religious environment in America. Offered alternate years. Prerequisite: SOCY 120, or permission of instructor.

**SOCY 390 — Historical Research Methods. 3 hours.** Same as HIST 390.

**SOCY 394 — Juvenile Delinquency. 3 hours.** Same as CJUS 394.

**SOCY 440 — Selected Topics in Sociology. 3 hours.** From time to time, special areas of research or interest are investigated by a professor that are deemed appropriate and relevant as a developed course. Offered by nature, then, the course is offered periodically and usually on a one-time basis. The particular topic will be noted in the schedule of courses when the course is offered.

**SOCY 460 — Readings in Sociology. 1-3 hours.** Independent and in-depth study of a topic in sociology under the direction and supervision of a faculty member. Available for seniors and qualified juniors who are sociology majors.

**SOCY 483 — Social Theory. 3 hours.** This course is intended to provide an advanced understanding of the dominant traditions that have contributed to the growing field of sociology. Major ideas from both classical and contemporary theorists are discussed.
Social Work Courses

SOWK 200 — Introduction to Social Work. 4 hours.
This course offers students the opportunity to learn about Olivet's generalist social work program. It is further designed to help students make an educated decision about whether or not to pursue social work as a profession. Students will learn about the nature and mission of social work. They will also be introduced to social work's history, values, knowledge base, and skills. Students will learn about career options, the many fields of social work practice, special populations in social work, and the relationship of religion and politics to social work. They will also be introduced to social work's unique person-in-environment perspective. In addition to classroom learning, students are required to perform 30 clock hours of social service work during the course of the semester, or about two hours per week. This work is assigned and planned by the instructor to fit each student's schedule. Prerequisite: SOCY 120.

SOWK 201 — Social Intervention Practicum. 1 hour.
This course is designed for students who have not taken SOWK 200 Introduction to Social Work, but who are interested in learning more about social service work. It is the same practicum that those students enrolled in Introduction to Social Work take as part of their requirements for that course. Social Intervention Practicum is entirely experiential. It requires the student to participate in social service work for a minimum of 30 clock hours over the course of a semester, or about two hours per week. The goals of the course are to (1) enable students to participate in the actual on-site work of social services and to (2) enable students to make a more educated decision about their interest in pursuing further education in social work. Students will be exposed to diverse systems and populations where social workers are employed.

SOWK 213 — Human Behavior and the Social Environment I. 3 hours.
Human Behavior and the Social Environment I is designed to introduce students to ideas and theories that are fundamental to understanding human behavior. This course is the first of two sequential courses teaching life-span development using a biological, psychological, and social foundation. It uses the ecological perspective to teach about human development in infants, children, adolescents, and young adults in the context of individual, family, group, organization, and community systems. The course is taught from a strengths perspective, rather than a deficits model. The course also examines the issues of diversity, discrimination, and oppression in human development. Prerequisites: SOCY 120, PSYC 102, and BIOL 164.

SOWK 214 — Human Behavior and Social Environment II. 3 hours.
Human Behavior and the Social Environment (HBSE) II is an extension of HBSE I. HBSE II teaches ideas and theories about human development in adults and the elderly. Each of these stages in the life span are examined from the ecological perspective, across the systems of individual, family, group, organization, and community. The course is taught from a strengths perspective, rather than a deficits model. The course also examines the issues of diversity, discrimination, and oppression in human development. Prerequisite: SOWK 213.

SOWK 310 — Social Work Practice I. 3 hours.
This course is for social work majors only. It is about generalist social work practice with diverse individuals and families (micro-practice). It is the first in a three-course sequence of generalist social work practice courses. The first four steps of the problem-solving process with individuals and families form the core of learning in this course: engagement, assessment, planning, and implementation. The relationship of generalist social work practice with individuals and families to generalist social work practice with groups, organizations, and communities is explained. Applications of generalist social work practice include case examples and projects that emphasize interviewing, diversity, ethical behavior, social and economic justice, and recording. A 10-hour practicum in a social work practice field is required in this course. Prerequisites: SOWK 200, 213, 214. Corequisite: SOCY 331.

SOWK 311 — Social Work Practice II. 3 hours.
This course is for social work majors only. It is about generalist social work practice with diverse groups (mezzo-practice). It is the second in a three-course sequence of generalist social work practice courses. The final three steps of the problem-solving process with individuals/families and groups are part of the subject matter in this course: evaluation, termination, and follow-up. The relationship of generalist social work practice with groups to generalist social work practice with individuals/families (micro-practice) and organizations/communities (macro-practice) is explained. Applications of generalist social work practice include case examples and projects that emphasize the core learning in this course: group process, group roles, diversity, ethical behavior, and social and economic justice. A 10-hour practicum in a social work practice field is required in this course. Prerequisites: SOWK 310, SOCY 331.

SOWK 320 — Urban/Rural Sociology. 3 hours.
This course educates students about the transition from rural to urban that has taken place in the United States and is taking place throughout the world. This transition has remarkable cultural and economic implications. The course emphasizes the historical dependence between the rural and the urban environment. The relationship of the variables of population, organi-
zation, environment, and technology are emphasized. Attention is given to current urban and rural problems, especially to social and economic justice issues, housing issues, food issues, and health issues, and to their possible solutions. Prerequisite: SOCY 120 or permission of instructor.

SOWK 330 — Social Work with the Aging. 3 hours. Designed to assist students in developing the beginning knowledge and skills for effective social work practice with aging clients and their families. Specific areas covered in this course include demographics and attitudinal aspects of aging, social policy, assessment, case management, community services, health care, and long-term care issues. This course will assist the student in developing awareness of potential risk-factor indicators within this population, including elder abuse and neglect, mental health, poverty, and substance abuse.

SOWK 360 — Child Welfare Services. 3 hours. This course is designed to provide students with an overview of child welfare services from a historical, theoretical, and practice perspective. Services to children and families include support services (such as family-based enrichment activities), supplemental services (such as counseling and income maintenance), and substitute services (such as foster care and adoption). The history, rationale, and provision of these services are examined in this course. The various viewpoints of the stakeholders in the child welfare service system are also examined. Students will learn basic child welfare competencies and how to ensure safety, permanency, and well-being for children. This course is also a part of the Illinois DCFS/BSW Child Welfare Passport Program. Prerequisites: SOWK 200 or permission of the instructor.

SOWK 365 — Crisis Intervention. 3 hours. This course is designed to provide a framework for intervention with individuals, families, groups, and communities in crisis. Theoretical and practical skills necessary for crisis assessment and resolution will be examined. Specific attention is given to women, ethnic and racial minorities, persons with disabilities, sexual orientation, mental and physical health, and life transitions. Research and evaluation in crisis intervention settings are also presented.

SOWK 400 — Field Placement. 10 hours. This course must be taken during the senior year after all other social work courses have been successfully completed. All students enrolling in this course are required to complete SOWK 401 in the semester prior to the planned placement. Special attention is given to placing students in areas of their interest and with agencies where professional supervision and experiences covering a broad spectrum of generalist practice are available. Agencies offering supervision by a professional possessing a Master of Social Work (MSW) degree are preferred. The social work field coordinator reserves the right to affirm or deny specific placements.

SOWK 401 — Social Work Field Seminar. 1 hour. Designed to prepare the senior social work student for the social work field placement program (SOWK 400) in the following semester. Orientation to the field placement, selection of Field Agencies, interviewing, professional ethics, resume writing, and applying for field placement are all a part of this preparatory course. Students will meet biweekly for two hours. Prerequisite: Students enrolling in this course must be senior social work majors.

SOWK 405 — Social Work Field Seminar II. 2 hours. An integrating practice seminar for senior social work majors to be taken concurrently with Social Work Field Placement (SOWK 400). The knowledge, skills, values, and ethics of social work will be discussed in the context of agency policy and practice. The emphasis in this course will be to integrate theory and practice. Students in this course will meet weekly for two hours.

SOWK 412 — Social Work Practice III. 3 hours. Presents an introduction to social work macro-practice. This course will assist the student in building a cognitive framework to identify systems in need of change, the type of change needed, and strategies for bringing about change. Reviews the social worker in the role of administrator, supervisor, committee participant, program developer, and program evaluator. The social work role in community systems regarding needs assessments, client advocacy, and encouraging consumer participation will be presented. All major federal and state welfare programs will be reviewed. Prerequisite: SOWK 311.

SOWK 420 — Social Policy Analysis. 3 hours. This class examines the origins of the American welfare state, the making of government policy, issues in social service delivery, the voluntary and corporate sector, income maintenance, health care, mental health, housing policy, employment policy, and international perspectives. Past and present social policy will be examined with a view toward the development of future social policy. Students are presented a format for thinking critically about political and social systems as arenas for social work practice. Corequisite: SOWK 412.

Criminal Justice Courses

CJUS 243 — Introduction to Criminal Justice. 3 hours. This introductory course examines the American criminal justice system from the commission of a crime to the release of the offender in the community. The focus of the course will be on the three main components of the system: law enforcement, the courts, and corrections. The nature and relationships of the various criminal justice agencies will be explored in detail, as well as major theoretical concepts, models, and perspectives.

CJUS 273 — Criminology. 3 hours. The focus of this course is on the etiology of crime and delinquency. Classical, biological, psychological, and sociological theories of crime causation will be explored, as well as
violent, property, white-collar, organized, and public-order crimes. An examination will also be made of the extent and measurement of crime, delinquency, and victimization. Prerequisite: CJUS 243.

CJUS 293 — Criminal Law. 3 hours. An examination of the historical, constitutional, and legal principles applicable to substantive criminal law. This course will focus on an analysis of the definition of criminal law, elements of the major crimes, general principles of criminal responsibility, punishment, and the conditions or circumstances that may excuse an individual from criminal liability or mitigate the punishment. Legal reasoning, research, and case analysis will also be examined as well as the limitations of the criminal law. Prerequisite: CJUS 243 or permission of instructor.

CJUS 293 — Criminal Law. 3 hours. An examination of the historical, constitutional, and legal principles applicable to substantive criminal law. This course will focus on an analysis of the definition of criminal law, elements of the major crimes, general principles of criminal responsibility, punishment, and the conditions or circumstances that may excuse an individual from criminal liability or mitigate the punishment. Legal reasoning, research, and case analysis will also be examined as well as the limitations of the criminal law. Prerequisite: CJUS 243 or permission of instructor.

CJUS 316 — Corrections. 3 hours. This course is an examination of the people, systems, practices, policies, and problems of the correctional community, at the local, state, and federal levels. This course will include an analysis of the historical development of corrections, including community attitudes and resources, treatment programs, trends, and changes in the field, based on the philosophies of state and national governments. Various sentencing options, including the death penalty, will also be examined. Prerequisite: CJUS 243 or permission of instructor.

CJUS 325 — Police and Society. 3 hours. This course will examine the philosophy, history, and agencies of law enforcement at the local, state, and federal levels. An analysis of the role and responsibilities of law enforcement in a democratic society will be investigated, as well as such contemporary issues as corruption and brutality. Prerequisite: CJUS 243 or permission of instructor.

CJUS 331 — Basic Research and Statistics. 4 hours. Same as PSYC 331.

CJUS 360 — Criminal Procedure. 3 hours. An examination of the historical, constitutional, and legal principles applicable to criminal procedure. This course will focus on the procedural aspects of the criminal law pertaining to police powers in connection with the laws of arrest, search and seizure, the exclusionary rule, civil liberties, eavesdropping, confessions, and related decision-making factors. Analysis of such precedent cases as Miranda v. Arizona, Terry v. Ohio, and Escobedo v. Illinois will also be pursued. Prerequisite: CJUS 243 or permission of the instructor.

CJUS 394 — Juvenile Justice. 3 hours. This course focuses on the role of both dependent and delinquent minors in the juvenile justice system. Students will study the historical responses to juveniles as well as theories of delinquency. Will include an examination of the problems of children; abuse, neglect, and status offenses; and drugs, alcohol, gangs, and school crime. The institutions, programs, criminal offenses, and treatment of juveniles will also be analyzed. Prerequisite: CJUS 243 or permission of instructor.

CJUS 400 — Field Placement I. 6 hours. Limited to criminal justice majors in the senior year. Students are required to serve 270 hours of field experience in police, probation, correctional, or other criminal justice-oriented agencies. The criminal justice program coordinator must approve specific placements.

CJUS 405 — Field Placement II. 3-6 hours. This course must be taken during the senior year and is limited to criminal justice majors. Students will be required to serve 135-270 hours of field experience in police, probation, correctional, or other criminal justice-oriented agencies. The criminal justice field coordinator reserves the right to affirm or deny specific placements. This course will be taken after or in conjunction with CJUS 400. Prerequisite: senior status and permission of adviser.

CJUS 440 — Special Topics in Criminal Justice. 3 hours. Contents of this course will vary as instructors present different developments, problems, issues, and controversies in the field of criminal justice. This course will only be offered periodically. Prerequisite: CJUS 243 or permission of instructor.
Chapter 8

School of Graduate and Adult Studies

Recognizing that learning continues throughout life, Olivet Nazarene University serves adults interested in pursuing graduate and undergraduate professional studies.

The School of Graduate and Adult Studies attempts to fulfill the following general objectives:
- To provide for intellectual, spiritual, and personal growth through quality degree programs that integrate education, values, and faith.
- To offer educational degree programs to adult students who appreciate the religious and ethical teachings of the University and whose occupations, family responsibilities, personal preferences, and/or geographical location do not permit them to live in residence on the campus.
- To provide an atmosphere that will stimulate intellectual curiosity and constructive critical thinking through the exploration of the ideas inherent in the liberal arts, professional traditions, and the Christian faith.

Most of the programs are offered in special packages in which the degree may be earned in about two years by enrolling in classes which meet once a week, or in some programs, through classes which meet for one week, two or three times a year. In addition, most programs integrate study group activities.

Detailed information is published in the School of Graduate and Adult Studies Bulletin, which is available in the school's office in the Marquart House on East University Avenue in Bourbonnais, or at the extension office in Schaumburg.
In addition to programs meeting on campus in Bourbonnais, Olivet has authorization to offer the following degree programs throughout the greater Chicago area: Master of Business Administration, Master of Arts in Education, and the undergraduate degree completion programs in management and nursing. Classes are held in Chicago's northwest and south suburbs and in downtown Chicago.

Olivet Campus: (815) 939-5291
Schaumburg Office: (847) 303-3606

### Graduate Programs

The School of Graduate and Adult Studies offers courses leading to nine master's degrees:

1. Master of Arts with majors in religion and professional counseling;
2. Master of Arts in Education with majors in curriculum and instruction and school improvement leadership;
3. Master of Arts in Teaching, with majors in elementary and secondary education;
4. Master of Business Administration;
5. Master of Church Management;
6. Master of Pastoral Counseling;
7. Master of Practical Ministries;
8. Master of Education (distance delivery);
9. Master of Science in Nursing.

### Baccalaureate Degree Completion Programs

In order to meet the needs of working adults, Olivet Nazarene University offers a number of degree completion programs as alternatives to the usual residential degree program. The degree completion options have several features that are designed to make them ideal programs for adults with other responsibilities.

1. Classes are at locations that are convenient to students' residences or work.
2. Classes usually meet once a week, or in extended sessions at a time compatible with students' work schedules.
3. Course content is geared toward practical application in the everyday life and occupation of a student.
4. Because Olivet recognizes that adult students bring a wide variety of experiences and skills with them, college credit is awarded, under specified circumstances, for some of these appropriate experiences.
5. Students participate in and contribute to every class session using a variety of methods meaningful and appropriate to the adult learner.
6. Student/faculty class contract hours vary based on the objectives and intended outcomes of each course.
7. Adult cooperative learning strategies are utilized.

### Associate of Arts Degree in Business

An Associate of Arts degree in business program is available through the School of Graduate and Adult Studies Division. Detailed information is available in the Bulletin published by the School of Graduate and Adult Studies.

Faculty Emeriti

LESLIE PARROTT (1975-1991)
  President Emeritus
  B.A., M.A., Ph.D., D.D.

WILLIS E. SNOWBARGER (1949-1986)
  Vice President for Academic Affairs Emeritus.
  Professor of History Emeritus
  B.A., M.A., Ph.D., LL.D.

LEONARD E. ANDERSON (1950-1986)
  Associate Professor of Business Administration and Economics Emeritus
  B.S., M.S., CPA

WILLIAM W. DEAN (1972-1990)
  Professor of Theology Emeritus
  B.A., M.Div., Ph.D.

D. GEORGE DUNBAR (1969-1999)
  Professor of Music Emeritus
  B.S., M.Mus., D.Mus.

C. WILLIAM ELLWANGER (1977-1995)
  Professor of Religion Emeritus
  Th.B., B.D., D.Miss.

WILLIAM FOOTE (1968-1995)
  Associate Professor of English Emeritus
  B.A., B.D., M.A.

  Professor of Education Emeritus
  B.A., M.A., Ed.D.

JEWELL GROTHAUS (1948-1981)
  Assistant Professor of Violin Emerita
  B.Mus., B.S., M.Mus.Ed

VERNON T. GROVES (1955-1977)
  Professor of Education Emeritus
  B.S., M.A., Ph.D.

JOHN E. HANSON (1961-2000)
  Professor of Chemistry Emeritus
  B.A., Ph.D.

  Professor of Food Science Emeritus
  B.S., M.S., Ph.D.

JANICE HOLMES (1984-2001)
  Associate Professor of Nursing Emerita
  B.S.N., 1956, Illinois Wesleyan University
  M.S., 1978, Northern Illinois University

HARCLOW E. HOPKINS (1954-1996)
  Professor of Music Emeritus

BILL J. ISAACS (1961-1993)
  Associate Professor of History Emeritus
  B.A., M.A.

GUNNELL JORDEN (1966-1982)
  Assistant Professor of English Emerita
  B.A., M.A.

BILLIE J. MATHENY (1964-1980)
  Professor of Education Emerita
  B.A., M.S., Ph.D.

MARJORIE MAYO MOORE (1964-1984)
  Associate Professor of Education Emerita
  B.S., M.S.

RAY H. MOORE (1965-1983)
  Associate Professor of Media Services Emeritus
  B.Mus., M.A., D.Mus.

  Professor of Sociology Emeritus
  B.A., M.A., Ph.D.

JOE M. NOBLE (1976-1998)
  Associate Professor of Music Emeritus
  B.A., M.A.

LOTTIE I. PHILLIPS (1965-1989)
  Associate Professor of English Emerita
  B.A., M.A.

ESTHER ROBERTS (1947-1981)
  Assistant Professor of Business Administration Emerita
  B.S., M.A.

J. OTTIS SAYES (1956-1994)
  Professor of Religion Emeritus
  Th.B., B.D., M.R.E., D.R.E.

  Associate Professor of Physical Education Emeritus
  B.S., M.Ed., Dir. P.E.

LARRY D. WATSON (1965-2001)
  Assistant Professor of Physical Education, Director of Athletics Emeritus
  B.S., 1965, Olivet Nazarene University
  M.A., 1968; Western Michigan University

HARRY R. WESTFALL (1967-1986)
  Professor of Education Emeritus
  B.A., M.A., B.D., M.S.Ed., Ph.D.

MINNIE WILLS (1971-1991)
  Associate Professor of Spanish Emerita
  B.A., M.A.

WILLIAM WOODRUFF (1968-1991)
  Associate Professor of Biblical Literature Emeritus

For Your Information Needs ...

The postal address of Olivet Nazarene University is One University Avenue, Bourbonnais, Illinois 60914-2271. Mail to administrators, offices, faculty, and students may be sent to this address.

The University is located in the Village of Bourbonnais, 50 minutes south of Chicago's Loop. The campus is one-and-a-half miles southwest of Exit 315 on Interstate 57. A campus map is in the back of the Catalog.

The telephone number of the University switchboard is (815) 939-5011 or 1-800-648-1463. Through the Centrex system, our operator will redirect calls for any office. Calls may also be dialed directly to offices by using the numbers listed below. Administration offices are in Burke Administration Building or as noted below.

Olivet Nazarene University may be found on the World Wide Web at www.olivet.edu.

Inquiries to the University may be directed to:

**President** 939-5221
General interests of the University

**Vice President for Academic Affairs, Academic Dean** 939-5213
Undergraduate curriculum, instructional programs and graduate programs

**Associate Dean of Instruction** 939-5104
Curriculum, Student/Faculty Issues

**Assistant Dean of Instruction** 939-5201
Student academic problems, class schedules, orientation

**Registrar** 939-5201
Registration for classes, graduation requirements, transcripts, grades

**Director of Admissions** 939-5203
Admission of freshmen and transfer students, requests for catalogs, applications for admission and other information

**Dean of the School for Graduate and Adult Studies** 939-5291
Master's degree programs, degree completion for adults

**Director of Financial Aid** 939-5249 Miller Business Center
Applications and information on grants, loans, scholarships

**Chaplain to the University** 939-5236 Ludwig Center
Counseling, spiritual life activities, chapel programs

**Student Accounts** 939-5245 Miller Business Center
Payment and arrangements of University student accounts

**Vice President for Finance** 939-5240 Miller Business Center
Business of the University, purchasing, employment, staff positions

**Vice President for Student Development** 939-5333 Ludwig Center
Campus policies, residence halls, room assignment information

**Director of Community Life** 939-5230 Ludwig Center
Campus activity calendar, Ludwig Center schedule

**Vice President for Institutional Advancement** 939-5255
Requests for services of the University such as musical groups, guest speakers, etc., to churches, districts, organizations

**Director of University Relations** 939-5296
News, publications, The Olivetian, special events

**Director of Alumni Relations** 939-5258
Address updates, alumni news, information on where to find alumni, alumni events

**Counseling and Career Center** 939-5243
Counseling, student employment, and career planning

**Ludwig Center Reception/Information Desk** 939-5207

**Shine 89.7 FM/WONU** 939-5330

**All Other Offices** 939-5011 (24-hour service)
