## Stransky, Trager Lose In Election

CHICAGO (UP)—Former House Majority Leader Franklin U. Stransky (R-Savanna) and State Sen. Clyde C. Trager (R-Peoria) were among incumbent legislators defeated in Tuesday's primary.

At least three other sitting state senators were threatened with defeat as they trailed in early returns. They were W. P. Cuthbertson (R-Carlinville), William F. Hensley (R-Lawrenceville) and Charles W. Baker (R-Davis Junction).

Sen. R. G. Crenshaw (R-Marysville) apparently eked out a victory. Another winner was Sen. Roland V. Libonati (D-Chicago), who announced his retirement at the end of the 1955 legislative session.

HUBERT C. WOODRUFF of Peoria defeated Trager, a three-term senator. Stransky was beaten out by two other incumbents who were out into his district by legislative reapportionment, Harold W. Widmer of Peoria and George S. Brydia of Prophetstown.

Several other similar contests were waged in the primary, with three sitting representatives battling for two nominations.

In Chicago's 20th District, Rep. William H. Robinson and Ernest A. Greene met for a single Republican nomination. Robinson won.

Rep. Clyde Lee of Mount Vernon defeated Democrat Benton in the 57th District Democratic nomination from Rep. Dean Hammock of Pinckneyville.

TYPICAL OF THE CLOSE Senate battles was the 50th District contest between Sen. William L. Grindle of Herrin and Wayne L. Welborn Jr., Pittsburg. With a vote of 5,379 to 5,349.

Several legislators made a successful switch of houses, forced them by legislative reapportionment. Sen. William G. Clark (D-Chicago) was nominated for the House, while Rep. Peter J. Miller (D-Chicago) was nominated for the Senate.

Paul Ziegler (D-Carm) won a contested Senate nomination as did Richard R. Larson (R-Galesburg).

One of the dairy route drivers had reported seeing a car near the building about the time the election was held.

Kankakee police reported \$30 was taken from a safe at the Kankakee Lumber and Supply Co. on Gordon Avenue sometime during the night.

The thief apparently worked the combination to remove the money from the safe. Officer George Bjork reported. Entrance to the building was gained by breaking a window in the roof, and another window inside was broken to enter the office.

The loss of three almost brand new tires and wheels from a wrecked 1954 was reported by Joseph Glad, owner of Glad Auto Parts, Route 54 and the Grinnell road.

The thieves scaled a fence, removed the tires and wheels and threw them over the fence, Glad reported. The theft occurred sometime during the night. Glad estimated the value of the tires and wheels at \$100.

Deputy Dan O'Loughlin and Officer Ralph Denoyer of Day and Investigated the Brook View Dairy and Glad Auto Parts thefts.

The third heat was provided by businessmen, with Ben Dalsiel, Raymond Barnett and William Goma participating. This race was won by Ben Dalsiel. The winner of the three races competed in the final donkey race, with Robert Field emerging as victor.

IROQUOIS COUNTY farmers discuss pine tree planting with W. F. Buckley (far right), extension forester with the University of Illinois at the Henry Schiefel farm Tuesday. Schiefel is standing at the left of the group. Three thousand Scotch pine trees were planted on 1.1 acre sand hill during the day. Besides having an economic value as Christmas trees, the pines will keep the sand from blowing. (Journal photo)

## Iroquois Farmers See Tree Planter Operate

A number of Iroquois County farmers were on hand Tuesday for the tree planting demonstration held on the Henry Schiefel farm located 1 1/2 miles east and two miles south of Crescent City.

W. F. Buckley, extension forester from the University of Illinois, pointed out that the particular planting on the Schiefel farm is for Christmas trees.

On a sand hill of 1.1 acres, 3,000 Scotch pine seedlings were planted. Buckley told the group that the trees are growing not only a Christmas tree but to be used as pulp wood.

He said the pulp mills would much rather have the soft pines than the hardwoods they are being forced to use today.

THE SCOTCH PINE seedlings were planted on the Schiefel farm at 4 by 4 foot spacings. A tree planting machine was used which enables the farmer to put down up to 1,000 plants an hour.

In four to five years Schiefel can begin cutting the trees for Christmas sale. Buckley suggested that when replanting the area he use other pine species such as jack and white pine.

At the same time Tuesday Harold Schiefel, another extension forester, was planting a windbreak around the Schiefel farm. The plants used here were much older than those for Christmas trees.

The Scotch pine seedlings used for the Christmas tree planting ranged from 8 to 10 inches in length. Schiefel purchased them

from the state nursery for about one cent each.

The demonstration was arranged by the county extension service.

## Agree On Wholesale Milk Price Increase

CHICAGO (U)—The Associated Milk Dealers and the Pure Association representing 16,000 dairymen in Illinois, Michigan, Wisconsin and Indiana reached an agreement today on a boost in the price in wholesale milk.

The dealers, who sell a majority of the milk in the Chicago area, agreed to pay 46 cents per hundredweight more for the milk effective as soon as the U.S. Department of Agriculture approves.

Fred Nonemaker, secretary of the dealers, said that approval should be forthcoming within two weeks.

Nonemaker said that the present price paid for the approximately three millions quarts brought daily into the Chicago area was not available.

"We agreed with the dairymen on the price boost to avert a milk strike such as the Detroit area experienced two weeks ago," said Nonemaker. "If the Department of Agriculture doesn't approve the increase, we will find some other way to make it effective."

BASED ON March prices, farmers would get \$4.18 per hundredweight and retail cost of a quart would go to 25 lower; bulls also steady to 25 lower; vealers steady to weak; stockers and feeders steady; prime 1,050-1,350 lb steers 23.00-25.00; 3 loads prime 1,000 lb 22.00; high choice and mixed choice and prime steers 21.00-22.50; bulk choice steers 19.25-21.00; most good grades 17.00-18.50; few loads commercial Holsteins steers 14.75-15.00; good and choice prime heifers 20.50-21.75; choice heifers 18.75-20.00; most good to low choice 16.50-18.50; most utility and commercial cows 11.00-13.50; canners and cutters 9.50-11.75; utility and commercial bulls 14.00-16.00; good and choice vealers 22.00-26.00; most cull to commercial grades 18.00 - 21.00; some medium yearlings 44.00-47.75.

## Pro-West Iraq Caught In Middle In Arab-Israeli Border Squabble

BAGHDAD, Iraq—Iraq is the bright spot in the Middle East. But against the background of Middle Eastern politics, the outlook is becoming increasingly gloomy.

Left to herself and forward-looking, hopeful program for the future of her people, Iraq surely would become the leader of the Arab world. But there are tremendous obstacles—the threat of war, the threat of Soviet power to the north, the peripheral threat of Red subversion, the eternal feuds, intrigues and jealousies of the Arab world.

SAUDI ARABIAN power pours into a campaign to subvert the regime of a man who has the look of a statesman in a part of the world sadly lacking in statesmen. The Saudi Arabian feud with the Hashemite family ruling Jordan and Iraq is deep and centuries old, and the Saudi Arabians fear the Iraqi leadership will lead one day to a unified fertile crescent, a powerful union of Iraq, Jordan and Syria.

Egypt's revolutionary regime under its Premier, Lt. Col. Gamal Abdel Nasser, makes a strange alliance with the feudal Saudi Arabians in the hope of ruining the Baghdad pact—to which Iraq adheres—or rendering it futile.

Iraq is governed by a statesmanlike premier, Gen. Nuri Said. His government seems worried. Boy King Faisal II's Hashemite cousin Hussein holds the shaky throne of Jordan, and the Iraqi west. If a Saudi Arabian, Egyptian and Palestinian-Arab intrigue should overthrow young Faisal, Iraq would lose its steady influence in Jordan and probably in Syria, too, and might be forced into a compromise with the Egyptian-Saudi-Syrian bloc—which is hellbent for subverting the Baghdad Pact.

THE PULL OF ARABISM is strong. Propaganda and passion against the pact are enormous in Arab countries whose people regard it as insurance for the continued existence of Israel.

Nuri—everyone calls him Pasha—is held in awe in Iraq and is regarded with violent jealousy by some leaders in other Arab areas. Though in effect he is a benevolent dictator of this oil-rich country, his rule is forward-looking.

It seems likely Nuri would like nothing better than to lead the settlement of the Israeli question to remove the imminent threat of war.

Like the fellah in Egypt, the barefoot Iraqi peasant has been unchanged over the centuries. He lives the same old life but with his cow, chickens or goat. He knows little of international politics but he hears Cairo radio reports in the coffee houses or friends' huts and hears about Israel and the wounds, real or imagined, of the Arab world by word of mouth.

# Marines Start Probe In Death March Killing 6

PARRIS ISLAND, S.C. — Six flag-draped caskets containing the bodies of Marines who died on a forced march Sunday night were placed in the U.S. Naval Hospital at nearby Beaufort, S.C., today.

A platoon of honor was posted over them as a Marine corps of inquiry continued its investigation of the deaths.

The court of inquiry, meeting in closed session, was ordered by Gen. Randolph Pate, Marine Corps commandant. It will recommend whether action should be brought against S. Sgt. Matthew C. McKee of Worcester, Mass., the drill instructor who ordered the platoon of 78 to make the ill-fated march.

ABOUT 26 of the survivors were called to testify Tuesday. There was no word as to whether all of the others would be heard.

McKee said in a statement he ordered the march to "teach the platoon discipline." Both Gen. Pate and Maj. Gen. Joseph C. Burger, the Parris Island base commander, said the night trek was unauthorized.

Survivors at the night march later told of an hour of horror as their buddies slipped and floundered and drowned in a muddy tidal stream near the base. They credited McKee with heroic action in saving some of the recruits.

McKee said, "I can't find words to express my grief."

Five of the bodies were recovered Monday. The sixth was recovered Tuesday by Marine skin divers.

The dead recruits were Thomas Curtis Hardeman, 26, of Vidalia, Ga.; Donald Francis O'Shea, 18, Brooklyn, N. Y.; Charles Francis Kelly, 18, of Clyde, N. Y.; Jerry Lamont Thomas, 17, of Alexandria, Va.; Leroy Thompson, 18, of Brooklyn, and Norman Alfred Wood, 17, of Bay Shore, N. Y.

GEN PATE said in a statement he believed regular Marine Corps procedure would be ample to cover the investigation without a congressional inquiry. He termed the accident "deplorable," but said:

HOW TERMITES SECRETLY ENTER YOUR PROPERTY

Termites usually start underground. From their nests, termites enter a home or building through cracks or joints in the foundation wall or concrete slabs. These tiny insects build thin tubes outside or inside wooden supports and walls. These tubes are their access to your property. Since termite damage usually occurs without your knowledge inside walls, wooden supports and underneath floors, repairs are costly.

**Sachs May Buck Democrat Bosses In November Vote**

CHICAGO (UP) — Morris B. Sachs, the rebuffed Democrat who gave party-backed Herbert C. Paschen a good run for his money, was a sudden underdog today whether he will try bucking the Democratic bosses again in November.

The Chicago clothing merchant showed surprising strength in bucking the Democratic politicians, but he lost out in his effort to defeat Paschen for the gubernatorial nomination.

Sachs refused to say whether he will back Paschen in November against Gov. William Stratton.

He indicated he will do some thinking on this before now and November and added he is very "happy" with all the votes he got.

The amazing little amateur politician beat Paschen and his strong Mayor Richard Daley-backed opponent in a hotly fought race for the nomination. He carried 50 precincts. And downstate he ran up more votes than his rival.

## Conscience Fund Collects \$3,900

WASHINGTON (UP) — The Internal Revenue Service has received \$3,900 from Chicago, apparently mailed by a taxpayer with a troubled conscience.

The money, 30 bank notes of \$100 each, was in a plain brown manila envelope, with no accompanying note. On the back of the envelope was a return address reading:

1. O. Thimuch  
835 Clybourne Ave.  
Chicago.

The revenue service said there was no such address in Chicago. The money was sent to the Treasury's conscience fund.

**Bearded Men Get \$825 In Robbery**

DEKALB (UP) — Two bearded men Tuesday night robbed a cashier in the Montgomery Ward & Co. store of \$825 and disappeared in a crowd of shoppers.

The cashier, who was unidentified, said the two men approached her on the second floor and demanded all the money in her cash register. She said she handed over \$825 and the men melted into a crowd of shoppers.

Police said it might be hard to trace the two robbers because most males in Dekalb are growing beards for the city's centennial observance this summer.

### Singer Knocked Down Giving Birmingham Performance

## Six White Men Held For Attacking Nat 'King' Cole On Stage

BIRMINGHAM, Ala. (AP)—Nat (King) Cole, Negro singer and pianist, was attacked on stage Tuesday night by a group of white men at Birmingham's Municipal Auditorium. An audience of nearly 4,000 gasped as the 37-year-old Cole was knocked to the floor. Police, who had been alerted to watch for trouble, swarmed from the wings to grab three men on stage. Three others were taken into custody later.

OUTSIDE the auditorium officers found a car containing two 22 rifles, a black and white pair of brass knuckles. Detectives said the car was owned by some of the men who came from Anniston.

Charged with inciting a riot are Willie Richard Vinson, 23; E. L. Vinson, 25; and Kenneth Adams, 25, all of Anniston, Ala.; and Jesse W. Mabry, 43, Birmingham. Held for further questioning were Orville Cleveland, 18, and Mike Fox, 37, both of Anniston.

The attack came in the first of two concerts scheduled under Birmingham's rigid segregation laws. The first performance was of white patrons only. The second was given before a Negro audience.

THE NORTH ALABAMA White Citizens Council, one of several such groups, has been trying to stop the playing of "rock and roll" music in juke boxes. As a Carter, executive secretary of the group, turned up at police headquarters with several other men "to get some details" of last night's attack. Police refused to talk with him.

It has not been determined if any of those arrested have any connection with the council group. The attack on Cole, a native of Montgomery, Ala., caught the singer by surprise.

"This thing happened so fast, the spot was in my eyes. I didn't see anything," he told newsmen later. "This fellow lunged up, below the stage, and hit the microphone and it hit me under the chin. I fell over the piano stool, on my back."

After the attack the audience kept calling for Cole to come back. Cole returned. The ovation he got lasted nearly 10 minutes. "The audience was wonderful," he said. "They were trying to tell me in their own way that they do not condone such actions."

"NOW HERE'S THE way you hit a low note," explains Chuck Carroll, who will be featured on the giant soapbox in "Asleep in the Deep" at the East Junior High School concert at 8 p.m. Friday in Kankakee High School auditorium. ## EJHS Groups To Give Concert

East Junior High School pupils will present their annual public chorus and band concert at 8 p.m. Friday in the Kankakee High School auditorium.

Many popular selections will be featured by the singers directed by Mrs. Virginia Clark and the band directed by Wayne Tilton.

The band will feature some 75 instrumentalists, while there are 50 in a ninth grade mixed chorus and 24 in a girls' glee club which will sing.

The girls' glee club which participated in contest work will sing two songs, "Lift Thine Eyes" and "There's a Song in My Heart."

The 50-voice ninth grade mixed chorus will sing six selections. Its program includes:

"We'll Go a Long, Long Way Together," "Hallelujah," "Joshua Fit de Battle of Jericho," "Deep River," "I Believe," "Song of the Open Road."

Eight selections are on the band's portion of the program. The band will play:

"Mexican Overture," "American Minstrel," a salute to Stephen Foster, Leroy Anderson's "Blue Tango," songs from the motion picture, "Hans Christian Andersen."

"Asleep in the Deep" is the story of a young man who is killed in a battle of the Spanish Civil War. The play is being presented by the East Junior High School band and chorus.

## Wonder About Unborn Child

### Couple Grieve As Second Twin Dies

GRAND RAPIDS, Mich. (UP)—The young parents of twin girls who died of leukemia said today they "can't help wondering" if their unborn child will suffer the same fate.

One of the twin girls, 2-year-old Kathleen van Lopik died Tuesday. Her identical twin, Ellen, died six weeks ago.

The parents, Mr. and Mrs. John van Lopik, said they accepted the double tragedy as "God's will."

"IT WILL ALL be explained to us some day," they said.

Doctors said the fact that both of the twin girls contracted and died of the incurable disease was a "one in a million medical rarity."

"My wife and I are relieved now that Kathleen has gone," said Van Lopik, a 25-year-old furniture worker. "We are actually happy to know that she no longer is suffering."

"It's a blessing that she died and a relief for us to know she is happy now in heaven," he said.

Van Lopik's brother, William, said the couple took Kathleen's death "wonderfully." "God certainly has given them a tremendous capacity to understand his work," he said.

He took the bereaved parents into the seclusion of his home to receive them from their ordeal and contemplate the future.

DOCTORS SAID Kathleen was more active as she neared death than was her sister who died Feb. 26. But although Kathleen was restless most of the day, she died quietly after emitting a little sigh, they said.

Tears streamed down the face of her mother, Rhoda, 25, but she kept her composure and did not break down. The couple's pastor, the Rev. Raymond H. Haan, comforted her.

Van Lopik arrived at the hospital only a few minutes after the child died.

The fatal blood disease was discovered in Kathleen only a week before her sister's death. Ellen died four months after it was learned she had leukemia.

Kathleen was expected to live at least until June, when Mrs. Van Lopik is expecting another child.

## Illinois, Ohio Solons Seeking A-Food Plant

CHICAGO (UP)—Illinois senators were joined today in a maneuver to win for their state the government's nod for a proposed atomic food processing plant.

They are vying for the three million-dollar plant with Ohio's Republican Sen. Bricker. The Ohioan wants the facility erected at Columbus, as a new atomic center for Ohio State University.

The offices of Sens. Dirksen (R-Ill.) and Douglas (D-Ill.) said they have asked the Atomic Energy Commission to build the facility near the Argonne National Laboratory at Chicago.

The projected plant still requires financing by Congress. It would preserve food by gamma radiation, making refrigeration unnecessary.

THE ILLINOIS senators say Chicago would be ideal because some of Argonne's existing facilities could be used. Also, they maintain Chicago would be a centrally located visiting place for food processors interested in studying the plant's operations.

But an aide for Sen. Bricker said Columbus would be even more convenient. He said the plant would have to be built for safety reasons outside heavily populated areas and thus would be more accessible at Columbus than at Chicago.

Disabling illness is nearly twice as frequent January through March than July through August.

## Beauty Pros And Cons For Ladies Who Garden

By JEANNE D'ARCY

"Mary, Mary, quite contrary, how does your garden grow?"

It's a topical question, because this is the season when members of the green-thumb contingent are busily planting and weeding.

From a beauty point of view, it's a wonderful way to get plenty of the fresh air that makes eyes sparkle and brings a natural rosy color to cheeks. It also provides a splendid opportunity to accustom skin to the sun, get a light coating of tan, so you won't burn as summer approaches and the sun rays grow stronger.

There are also a few beauty drawbacks to this gardening business.

First, there's hands. They take quite a beating if you don't protect them.

When gardening, wear gloves. Digging into the soil with fingers doesn't do a thing for your manicure or your skin. Also, make it a point to dip liberally into the hand cream jar.

Don't forget eyes. Protect them from tiring sun glare with glasses. Night as well choose pretty ones while you're about it.

Some of the new sun spot styles consist in muted colors that harmonize with smart, new suitable-for-gardening sportswear.

It's still early in the season, but, even so, there'll be a few days when the sun is strong. There'll also be windy days. Protect skin from both with a soothing lotion applied before you head out to the garden.

Friendly Airmen Give Away Secrets

# S. Cloak And Dagger Crews Test Sabotage On Air Bases

ONAHIA (UP)—The Air Force is sending "spies" and "saboteurs" into vital bases of the Strategic Air Command to test the effectiveness of their security barriers.

Undercover agents worn through guarded gates with forged passes. They pose as businessmen or soft drink salesmen. Inside, they steal secrets or plant "bombs" to destroy equipment.

Col. Edward A. Crouching, chief of internal security for the SAC, says special teams of agents have been carrying out these exercises since mid-1953. "They are quite often successful," he admits.

THE ENGINE of a pickup truck coasts out of a driver's hands only to get help. Later, the truck is found to contain simulated explosives which would have blown up millions of dollars' worth of aircraft.

A visiting security officer asks a sergeant in a base communications section to protect his briefcase full of classified documents by placing it in the vault until he is ready to return his flight. Sergeant, vault, codes and the communications section are blown sky-high or explode if the explosives in the briefcase were real.

Not all the penetrations are successful. Passes to two different bases looked exactly the same except for the name of the base, so an agent changed the name on his pass to try to enter the other base. He is caught.

One case used pink passes, the other gray. The agent was color blind.

The ranks of SAC security forces have been thinned by the loss of the Korean War. Guards have been withdrawn from the outer perimeter of bases to permit nearer flight lines, weapon storage areas and fuel tank fields.

BUT BIG SENTRY DOGS are being used to keep up the security forces and penetration agents are the psychological effect of the barking German Shepherds is terrific.

The SAC crews, says Crouching, are the toughest and most "big mouth" of the average U. S. serviceman is a threat to overcome. Agents have learned the entire plans for SAC missions simply by sitting in a tavern and listening to arm guards. Others have posed as insurance salesmen in order to ask questions.

The loose-lipped airman gets a stern dressing down for talking out of turn, and have been subjected to restricted privileges and in some cases demotion. As a result they soon get "gun-shy" of inquisitive strangers.

Mechanical devices also are being used to tighten up the security of SAC bases. Chief among them is an electric fence now being tested at several sites. They signal any approach to the fence.

Not all the penetrations are successful. Passes to two different bases looked exactly the same except for the name of the base, so an agent changed the name on his pass to try to enter the other base. He is caught.

One case used pink passes, the other gray. The agent was color blind.

The ranks of SAC security forces have been thinned by the loss of the Korean War. Guards have been withdrawn from the outer perimeter of bases to permit nearer flight lines, weapon storage areas and fuel tank fields.

BUT BIG SENTRY DOGS are being used to keep up the security forces and penetration agents are the psychological effect of the barking German Shepherds is terrific.

The SAC crews, says Crouching, are the toughest and most "big mouth" of the average U. S. serviceman is a threat to overcome. Agents have learned the entire plans for SAC missions simply by sitting in a tavern and listening to arm guards. Others have posed as insurance salesmen in order to ask questions.

The loose-lipped airman gets a stern dressing down for talking out of turn, and have been subjected to restricted privileges and in some cases demotion. As a result they soon get "gun-shy" of inquisitive strangers.

Mechanical devices also are being used to tighten up the security of SAC bases. Chief among them is an electric fence now being tested at several sites. They signal any approach to the fence.

## Says Wolf Stalking Snowbound Horse

GUNNISON, Colo. (UP)—A timber wolf was believed today to be stalking Elijah, a horse stranded by winter snows high in the Rocky Mountains.

Gordon Warren, the Gunnison flying service operator who is keeping Elijah alive with dangerous air drops of hay and oats, reported Tuesday he saw two wolves crouched in the snow when he made a delivery of fodder to the windwept ridge between Mt. Harvard and Mt. Yale on which the shaggy pack animal is trapped.

WARREN SAID THE WOLVES were within 25 feet of Elijah, crouched in a snow bank, when he flew over. He said he got too close to kill one of the wolves with a shotgun blast. But the other wolf fled to the cover of rocks.

Hunger could eventually drive the wolf to attack the snowbound horse alone, although wolves generally prefer more docile victims. Warren has been making air drops of hay since he first spotted Elijah, so called because the horse's plight is like that of the biblical prophet, who was fed by ravens while isolated in the wilderness.

The service said about 60 per cent of the spring oat crop has been seeded, and nearly 60 per cent of the planting for the 1956 corn and soybean crop has been completed.

Peach trees in southern Illinois have reached full bloom and apple trees have begun to show pink in their buds, the crop service reported.

### Triangular At Gilman Won By Watseka

GILMAN (JNS)—Watseska's Larry Harmon slugged the Kays' bats and also the 440-yard run as the Warriors defeated Central and Gilman in a triangular meet here Tuesday afternoon. The Warriors posted 60 points to 48 for the runner-up school, Central, and 39 for Gilman.

Harmon, who last week set a new record of 5:12 in the quarter mile at the Urbana Open, had a 15.6 clocking in winning the event Tuesday. He captured the 100 in 1:18.8 and had a winning time of 2:12.2 in the 220-yard dash.

The best marks of the day came in the weight events where Watseska's John Wood and Gilman's Norman Siedentop hit fine distances. Wood tossed the discus 145 feet 6 inches while Siedentop had a 130-foot-4-inch throw in the shotput.

Harold Peters of Gilman, who scored a double win in the meet, also had a good field mark. The Gilman junior was the first thrower in the area to beat the 20-foot mark in the broad jump. Peters won the event with a 20-foot-1-inch effort. He also won the mile with a time of 5:04.

Jack Widholm and Jim Bernier marked up Central's best times. Widholm skinned the 120-yard hurdles in 1:41.8 and Bernier won the half-mile in 2:15.3.

## Kays Easy Track Winners

### Win, Share 13 1sts In 99-19 Victory

By HERB JANNUSCH  
A chilly breeze Tuesday kept most of Kankakee High's track and field athletes from matching their initial performances in last Friday's warm sunshine, but the Kays still smothered Thornton Fractional of Calumet City in a dual meet at Alumni Field 99-19.

In the freshman sophomore triangular, the Kankakee sophs closed with a rush to nose out the Fractional frosh-sops by 13½ points. The Kayettes piled up 57½ points to Fractional's 56 and East Junior High's 34½.

In the varsity competition, the Kays won all but one of the 14 events, swept two and ran one-two in seven others.

The day's big winner was sophomore Ed Mock who won three times and anchored the winning half-mile relay team. The only other athlete to win more than once was, of course, Bob Bagwell who was an easy first again in both the mile and half mile, both in something less than his best marks.

THE SENIOR distance ace copied the 800 in 2:09.2 and came back to win the mile in 4:51.6. He ran the 800 last Friday at Ottawa in 2:08.8 and the mile in 4:51.4.

Aside from the heroics of Mock and Bagwell, probably the best news for Kankakee paritacs was the discovery of a new quarter-mile star, Charles Church, running in the Dwyer, Terry Langhorst and the Trojans scored 66½ points, Reddick had 44 and Odell 30½.

Three athletes scored a double win in the afternoon activities. Junior Arden Rieke had a double in the 100 and 200, while senior Dick Brunsingham scored two firsts for Reddick and Tom Hopkins was a two-time winner for Odell.

Rieke won the 100-yard dash in 1:11.2 and then came back to take the quarter-mile run in 5:52. Hopkins won the 220-yard dash winner, 2:52.2, and captured the 120-yard low hurdles in 1:51.1.

Langhorst skipped the 70-yard high in 1:04.4 for his first victory and then followed up with a win in the broad jump, 18 feet 8½ inches. Brunsingham won the pole vault, 16 feet 6 inches and high jump at 8 feet 6 inches and 5 feet 2 inches respectively.

The Ramblers gained at least three scoring places in each of the five field events, sweeping all places in the pole vault, high jump and broad jump.

On the track, the hosts did their best scoring in the hurdle events. Sauemien paced the action on the track with five victories. Kempton had three and Cullom one.

David Dutton scored a double win for the Ramblers, taking the 70-yard high hurdles and the pole vault. He stepped the hurdles in 1:03.9 and scored 11 feet in the vault.

Gerard Legan of Kempton had one of the better times of the day when he was clocked in 25.1 in winning the 220-yard dash. Derold Barz won the 440-yard run in 2:58.7 for Sauemien's best winning time.

In the 400-yard freestyle relay, Cullom won with a 3:54 time. Kempton placed second.

### Canadiens End Red Wings' Cup Reign

MONTREAL (AP)—The Montreal Canadiens' fearsome weapon, an explosive power play, broke loose in all its fury over a stretch of less than one minute Tuesday night and the prized Stanley Hockey Cup was whisked from the hands of the Detroit Red Wings.

Two big goals in the second period and another early in the third before the Red Wings could score gave the Canadiens a 3-1 victory and the best-of-seven National Hockey League final playoff series, 4 games to one.

It was FITTING that all the scoring for the NHL champs was done by the Canadiens' big three—Jean Beliveau, Maurice (Rocket) Richard and Bernie (Boom Boom) Geoffrion. Alex Delvecchio, the Red Wings' playoff opportunist, scored the single Detroit goal.

When the final siren signalled the Canadiens' first Stanley Cup victory since 1933, the jubilant Canadiens slapped and hugged one another and the Red Wings to a man joined in congratulating and shaking hands with the new cup champions.

COACH TEO BLAKE was lifted into the air by his players and carried out before the cup-presentation ceremonies got under way at center ice.

The Red Wings missed their big chance in the first half of the second period. Twice they had the manpower advantage, though a few minutes later, the Canadiens' own power play was stalled by the forceful and grim defensive work of Canadiens' goalie Jacques Plante's stout goal tending.

St. Anne's track team further pegged itself as the team to beat in the Wil-Ro-Kee Conference this year when it easily outdistanced St. Patrick Central and Bradley in a triangular meet here Tuesday afternoon.

The Cardinals piled up 78½ points while St. Pat was accumulated 44 and Bradley 30½.

St. Anne scored in every event and showed particular strength in the dashes, hurdles, pole vault and discus.

Bradley was shut out of the three relays and won two of the three relays. Bradley picked up two firsts.

INDIVIDUAL STAR of the meet was Bradley's Lynn Nichols who totaled 15 points for the day. He won the broad jump and high jump, was second in the 100 and third in the 220.

St. Anne's Ray Ritsema collected 11 with a first in the discus, a tie for first in the high hurdles and a third in the shot. Cliff Yarbrough gained 10 points with two firsts.

For the Patriots, sophomore Tom Yonke gathered in nine points and Jerry Kilbride eight. Nichols and Yarbrough were the only clear-cut double winners.

Yarbrough and Nichols staged a thrilling race in the 100 with both hanging at the tape together. The judges gave the decision to Yarbrough in 1:08 and he later came back to win the 220 in 2:25.

Nichols took the high jump with a leap of 5.7 and he closed out the meet by winning the broad jump with a 19-2½ effort. Ritsema was just a step behind the two as he won the discus with a toss of 119-10 and tied with Kilbride in the high hurdles, the two meeting the tape together at 1:09.

PRINCE RAINIER extends welcoming arms toward Grace Kelly aboard royal yacht off Monaco after her arrival aboard liner Constitution. (AP Wirephoto)

## 'Darling!' Thousands Cheer As Grace, Prince Meet Off Monaco

MONTE CARLO (U)—American film star Grace Kelly greeted Monaco's Prince Rainier III with a big smile and "darling" today as they staged a romantic reunion on the blue Mediterranean. Grace and the man she will marry next week were reunited on Rainier's Yacht Deo Juvante II just offshore from his tiny Riviera principality. The 32-year-old bridegroom-to-be was smiling and white, 138-foot craft due to the bride's liner Constitution, which had brought his bride and a shipload of relatives, friends and reporters from America.

THE ONLY immediate kissing was a light one Rainier quickly planted on the future princess' slender hand. Five minutes later, as the yacht steamed toward shore and the couple stood on the bridge, the prince wrapped his arms around the fiancée. Holding her big white hat with one hand, Grace snuggled up and put an arm around Rainier's shoulders. Then radiantly holding hands they sailed into port to a tumultuous welcome.

With them were Grace's parents Mr. and Mrs. John B. Kelly of Philadelphia, who had followed her on to the yacht from the liner. As they neared the big stone entrance to the port, Grace and the Prince embraced again. Then with one arm still around his bride-to-be, Rainier pointed to his palace, high atop the rocky peninsula. WILLIAMSPORT, Pa. (UP)—A tall, slender young bandit, wearing a trench coat and tinted sun glasses, escaped with \$66,000 in cash today after he held up the Williamsport National Bank five minutes after it opened for business.

THE POINTED A SMALL, foreign make automatic pistol at Mrs. Jack Fowler, a teller, and ordered her to fill a brown gymnasium bag with currency. He watched as she stuffed money in the bag, murmured "That's enough" when it was partially filled, and then fled up a flight of stairs leading from the building four.

CITY and state police, FBI agents and sheriff's deputies searched the building and rooftops in vain. The bandit was described as between 20 and 25 years of age, 5-foot, 2-inches tall and weighing between 160 and 180 pounds. Four patrons and 10 employees were in the bank at the time of the robbery.

### TAXMEN GET ONLY BUTTONS

ALBANY, N. Y. (UP)—The New York State Tax Department said today that almost every year somebody sends in a shirt with his return. But this year only five white buttons have arrived so far, taped to a letter which read:

"The buttons you can have the shirt I need."

### Gerritson Co. Buys Former Turk Building

The industrial building which formerly housed the Turk Mfg. Co. on Perry street in Bradley has been sold to Jacob Gerritson, secretary of the J. Gerritson Co., 223 W. Lawn St., Bradley.

The Turk Co. went out of business about a year ago and liquidated its local manufacturing assets. The property was later purchased at auction by a group of local businessmen, headed by Louis E. Beckman.

Since that time the building has been rented as a storage warehouse. The title has been held by the First Trust and Savings Bank of Kankakee as trustee.

Gerritson operates a firm which manufactures and rebuilds printing machinery. He said that the former Turk building was needed for necessary expansion of his business. The Gerritson firm is located in a building about a block away from the structure he purchased.

Gerritson also said that about a third of the former Turk site will be used for printing press manufacture and rebuilding operations. The Gerritson Co. will also maintain its present building.

What the rest of the former Turk building will be used for is undecided at present, Gerritson said.

### A-Commissioner Asks U.S. Limit On H-Bombs

WASHINGTON (U)—Atomic Energy Commissioner Thomas E. Murray proposed today the United States stop testing huge hydrogen bombs and set an upper limit on both the size and the number of such weapons it will stockpile.

He said he based his suggestions on both "moral principles and military usefulness."

Murray, testifying before a Senate Foreign Relations subcommittee, said this country should lead the way to "rational disarmament" by acting without waiting for the establishment of an international control agency.

The committee, studying all aspects of disarmament proposals, was told that there "is no upper limit to the size of bombs that can be made" and "our moral tradition does not permit us to use nuclear weapons whose effect is mass destruction on an indiscriminate scale."

He said he based his suggestions on both "moral principles and military usefulness."

### Will Fight Only In Case Foe Attacks

UNITED NATIONS, N. Y. (UP)—The United Nations announced today that Secretary-General Dag Hammarskjöld has obtained pledges from both Israel and Egypt to refrain from warlike action.

The U.N. released a series of communications between Hammarskjöld and the prime ministers of Israel and Egypt in which the two major belligerent Middle Eastern powers agreed to respect Article II of their general armistice agreement, which bars "warlike or hostile" acts.

BOTH EGYPT and Israel, however, reserved the right to take military action against the other in self-defense.

Hammarskjöld will go to Israel Tuesday morning. Monday is Israel's independence day and Hammarskjöld will delay his arrival there because Israeli officials will be occupied in official functions.

The secretary-general's opening action in the Palestine peace mission which the Security Council authorized him to undertake was to seek peaceful pledges from both Israel and Egypt.

He dispatched letters to Nasser and Israeli Prime Minister David Ben-Gurion from Rome on April 8 asking for an "unconditional undertaking" of strict compliance with Article II Paragraph II of the armistice agreement.

FOR ISRAEL, Y. Tekoh, director of armistice affairs, replied on April 8: "We agree unconditionally to comply fully... it being understood that Egypt will do likewise. If Egypt does not comply fully, it continues her warlike acts against Israel we must reserve our freedom to act in self-defense."

Hammarskjöld received a note from Egypt on April 10 stating: "The government of Egypt, while reserving the right of self-defense as stipulated in the charter of the United Nations, reiterates the expression of their unconditional acceptance of paragraph II, Article II of the Egyptian-Israeli armistice agreement."

He said Eisenhower's political address at a Washington hotel next Tuesday evening will be made in response to an invitation by Leonard W. Hall, chairman of the Republican National Committee.

THE PRESIDENT will speak to party state chairmen and vice chairmen, national committee members from all the states, Republican members of Congress, party finance leaders, and chairmen of "Salute to Eisenhower" committees in 1955.

Hagerly said Eisenhower is scheduled to speak some time between 8:30 and 9 p. m., CST. He said he did not know whether the address will be carried nationwide on television and radio.

"This is a political meeting," Hagerly said with a smile in Continued on Page 6, Col. 1

### Refuses To Act Against Driver

CHICAGO (U)—A recommendation that a city bus driver be held for possible action on a manslaughter charge in the dragging to death of a woman on the North Side two months ago was reportedly refused by the grand jury Wednesday.

Mrs. Maude McPherson, 43, was dragged to her death when her coat caught in the rear door of a bus driven by George E. Sanicki, 25.

Mrs. McPherson was dragged a full block before her cab was jerked loose and she fell aside.

The painting was one of 39 bequeathed by Sir Hugh Lane, who was a director of the National Gallery in Ireland and a famous collector.

The bequest has been the subject of dispute between London and Dublin ever since Sir Hugh died in the sinking of Lusitania by German raiders in 1915.

Sir Hugh originally lent his collection to Dublin on condition that a permanent gallery be provided.

When none was established he withdrew the loan.

In a will made in 1913 he bequeathed the pictures to the National Gallery in London. A codicil dated early in 1915 altered this bequest and led the pictures to Dublin on condition that a permanent gallery be provided within five years.

But this codicil reportedly lacked the signatures of two witnesses and was held illegal. This started the dispute.

It was not until 1938 that the dispute was settled. Since 1915 claims have been put forward for the return to Dublin of the pictures, now valued at several hundreds of thousands of dollars.

### Eisenhower To Open Election Drive Tuesday

President To Address  
GOP Party Leaders,  
Raps Truman Talk

AUGUSTA, Ga. (U)—President Eisenhower will kick off his re-election campaign with an address to 800 Republican party leaders at a Washington dinner next Tuesday evening.

The President's vacation headquarters announced this today as a good sign, said James C. Hagerly, hit back at former President Truman's charge that Eisenhower has been a "do-nothing president."

"I DON'T BELIEVE that Mr. Truman, by his own standards, can recognize accomplishment when he sees it," Hagerly told newsmen in response to a request for comment.

Truman's criticism and the White House rejoinder came as Eisenhower pondered whether to sign or veto an omnibus farm bill on which Congress completed action Wednesday night. The President has let it be known he doesn't think it is a good bill, but Hagerly declared again today to speculate about the possibility of a veto.

He said Eisenhower's political address at a Washington hotel next Tuesday evening will be made in response to an invitation by Leonard W. Hall, chairman of the Republican National Committee.

### Egyptian Plane Downed In Air Fight; 3 Tots Die

JERUSALEM (U)—Warplanes of Egypt and Israel clashed today and Israel claimed first blood.

An Israeli army spokesman announced two Israeli fighters intercepted four Egyptian jets in a noon flight northward over Israeli territory and shot down one—a British-made Vampire jet—on Israel's soil.

The other three planes escaped, he said. "Our planes returned safely to base."

This announcement of air-to-air combat in the current Arab-Israeli crisis developed on the heels of claims by Israel of five new attacks by Arab commando raiders around Wednesday night, in one of which three Israeli school children and a teacher were killed at prayer.

Angered Israeli security forces pressed a hunt for the raiders and public clamor for retaliation mounted.

Egypt, too, registered a complaint. A military spokesman announced automatic fire today on an outpost in the Beit Hanoun area of the Gaza Strip, an Egyptian soldier was wounded. He said the outpost did not return the fire.
