Differences Aired In Latest French-American Talks

WASHINGTON (UP)—A French-American press conference today aired differences between the two nations over the problem of how to deal with Russia despite a round of diplomatic talks between Foreign Minister Christian Pineau and Secretary of State Dulles.

Pineau, who arrived in Washington today, said that France and the United States have different views on the best way to handle the Soviet Union. He said that France is more concerned with the security of Western Europe, while the United States is more concerned with the security of the entire Western Hemisphere.

Manhunt On In Ohio For Murderer Of 3

WARREN, Ohio (UP)—A 37-year-old man, enraged over a quarrel with his wife, used an automobile Thursday night to speed on a shooting spree which left two of his sisters-in-law and a girl dead and a man wounded, sheriff's deputies said.

The body of the girl, kidnapped at gunpoint while she was sitting in a parked car with two boys was found Thursday in a ditch along a lonely road northwest of Warren. A statewide hunt was underway. Wilson reportedly was armed with a pistol.

Crozier said Wilson went berserk after driving to the home of a sister-in-law, Mrs. Geraldine Brown, 30, of Leavittsburg, a town of nearly 1,000 people. A statewide hunt was underway. Wilson reportedly was armed with a pistol.

Wilson Says No Need For More Defense Funds

QUANTICO, Va. (UP)—Secretary of Defense Wilson, in a speech today, said that the nation does not need more defense funds.

Wilson said that the current level of defense spending is sufficient to meet the nation's needs. He said that the government should focus on improving the efficiency of its defense programs rather than simply increasing the amount of money spent.

Kankakee County Retail Sales Set Record In 1955

Retail sales in Kankakee County set a new record of \$90,831,190 during 1955, eclipsing the previous mark set in 1953 by \$2,609,863.

The county's sales total was more than \$7 million higher than in 1954, which was the highest year since 1945. The increase was due to a combination of factors, including a rise in the price of goods and services and a general increase in consumer spending.

Rules Reds Eligible For Social Security

WASHINGTON (UP)—A referee of the Social Security Administration ruled today that employment by the Communist party in the United States is covered under Social Security laws.

The decision reversed a ruling made last year by the Bureau of Old Age and Survivors Insurance, which had held that Communist party members were not eligible for Social Security benefits.

British Sends Top Trouble Shooter To Ease Turkish Fears

LONDON (UP)—Britain disclosed today it is sending one of its top trouble shooters to Ankara where Turkish opposition has forced eleven-hour postponement of the Cyprus conference.

The British government said that the mission was to ease Turkish fears and to ensure that the Cyprus conference could proceed smoothly. The mission was led by a senior British official with extensive experience in dealing with international crises.

Republican Leaders Meet To Outline Plans For Convention

WASHINGTON (UP)—About 40 Republican leaders met today to outline plans for the party's national convention.

The meeting was held in a private setting and was attended by many of the party's top leaders. They discussed the agenda for the convention and the strategies for winning the upcoming elections.

Rain Cools Area After Thursday High Of 97

Summer made its advent known in Kankakeeland Thursday, smoldering the immediate area with 97 degree temperatures during most of the day and relieving the heat with a drizzling thunderstorm.

The rainfall was widely but sporadically distributed throughout the area, with the heaviest rain falling in the western part of the county. The temperature dropped to a more comfortable level after the rain.

Final Hearing Will Decide Road Closing

State's Petition Is Ruled Advisable By Highway Official

County Highway Supt. Howard Schwark ruled today that the state's petition to close a township road for the Kankakee Belt Route is advisable.

Schwark said that the closure of the road would be necessary to allow for the construction of the Belt Route. He said that the state has a strong case for the closure and that the highway department would support the petition.

Most Steel Firms Ready To Start Banking Fires

NEW YORK (UP)—Tinged with new bitterness, the steel labor contract negotiations continue today in the face of an inexorably approaching strike deadline, now only eight days away.

The American Iron and Steel Institute, which represents the steel companies, said that it is ready to start banking fires. It said that the companies are prepared to make significant concessions in order to reach an agreement with the workers.

Lehman Irked By Wiretap Test In Office

WASHINGTON (UP)—An electronic search of the entire Capitol building today to test wiretapping equipment, which is being used to monitor the activities of suspected communists, irked Sen. Lehman.

Lehman said that the wiretapping was a violation of the privacy of the Capitol and that it was an unnecessary intrusion on the lives of the members of Congress. He said that he would be taking action to stop the wiretapping if it continued.

Reds To Have A-Plane Soon, Paper Reports

MOSCOW (UP)—A Soviet Army newspaper predicted today the Soviet Union would have its first atomic aircraft "in the near future."

The newspaper said that the Soviet Union was making rapid progress in the development of atomic aircraft. It said that the first atomic aircraft would be ready for service within a few years.

British Novelist Mare Dies At 85

LONDON (UP)—Walter De La Mare, British poet and novelist, died here today at the age of 85.

De La Mare was one of the best-loved English poets of his time. He was known for his simple, elegant style and his ability to capture the essence of a scene or a feeling in a few words.

Hospital Swept By Fire, 3 Women Die

PRINCETON, N. J. (UP)—Two mentally disturbed women burned to death and a third suffered a third degree burn when a fire broke out in a private hospital here today.

The fire started in a room where two of the women were being treated. It spread rapidly and caused significant damage to the building. The three women who died were identified as patients of the hospital.

Keymen Learn How To Deal With Emotion

How to deal with the "big bag of wind," the "educated fool" and the "happy mixture" person is essential to everyone.

That's the instruction given Thursday night to keymen of the Florence Stove Co. and their wives in the closing session of a three-evening seminar on "Human Engineering."

Victor L. Short, specialist in human behavior, said there are opposing personalities. One type lives inwardly. Such people make accountants, scientists, inventors, designers. A quarter of the population is in this class whose emotions are expressed within themselves.

The opposite personality expresses himself in action and association with others. These make good salesmen, hostesses, athletes, actors. Another 25 per cent is in this class.

There is a third group falling between. These people, comprising half of the total, are more likely to adjust to life's problems than those in the other groups.

A PERSON OF the first type might think of his opposite as the "big bag of wind." One of the second group might consider his opposite the "educated fool." All three groups should try to understand and appreciate the others, the teacher said.

Regardless of personality, a person is motivated by basic unconscious desires: importance, romance, long life and masculinity. When one has to deal with a person who is conceited, cynical, quick tempered or otherwise "peculiar," that person's personality is a dead giveaway of the need for one of these desires to be satisfied.

Herein is the great opportunity for leadership, the psychologist said. It is possible for an industry to buy with money, an employee's time, his presence in the plant and his dutiful response to a schedule of work. His loyalty, enthusiasm and devotion can't be so purchased.

Municipal Band In 2nd Concert Sunday

The second concert by the Kankakee municipal band will be presented at 7 p.m. Sunday at Cobb Park.

Approximately 20 selections will be played by the band which has grown to a membership of 36 and with the band at the performance.

On the program will be a variety of music including a Sousa march, standards, popular tunes, a medley from "Oklahoma!" and novelty numbers.

Louis Hebert, president of the band association, said the concert will last for approximately two hours.

They may be obtained by responding to his personality need.

AN EMPLOYEE who needs his "status" raised must respond to a compliment from the boss. A man who makes a stove might think his job more romantic if he learned that Marilyn Monroe has one of "his stoves in her kitchen."

A man might respond to interest in his son because he hopes to "live on" in his son's life, or to a compliment about his athletic skill or many appearance.

Men dread baldness, the psychologist said, because it makes their heads look like those of babies. Rarely does a man go around with a shirt front unbuttoned unless he has some hair on his chest.

He gave a tip to women seeking masculine friends: "Not often does a man in a woman than he, or who seems to be smarter than he."

ACTUALLY, SHORT taught, the desire for masculinity can be strong. One of the most potent compliments you can pay to a woman, he said, is this: "You are doing this better than most men could."

When you "raise the status" of a person by making him feel important, said the teacher, you have to be sensitive to his personality type. One type, he said, thrives on obvious compliments. In fact, he'll see to it that he is complimented.

The other type is suspicious of the motives of others. You have to pick the time and place to make a compliment to him be sincere.

Short advised his class: "It is in striving toward perfection, in your dealings with others, that progress in human engineering begins. If carried on, success will one day be attained, through the development of your own personal worth."

MUTE EVIDENCE OF wanton vandalism was this life preserver found floating in the Kankakee River near the Belt Route Bridge Thursday. Another of the life rings was found on a bridge abutment. The ropes had been stolen from the preservers which had been placed in boxes on the bridge.

Vandals Take Life Rings From Bridge

Vandals removed the two life preservers from the Belt Route Bridge and stole the rope from the preservers it was discovered Thursday.

The preservers had been mounted on boxes on the bridge. The two preservers were found, one in the water and one on a bridge abutment on the north side of the Kankakee River. The 75-foot ropes had been cut from both preservers.

Riggins Building New Plant; Fibre Drum Co. Plans Expansion

The construction of a new factory, office and showroom building by Riggins Metal Products and the rebuilding and expansion of the Fibre Drum Co. plant were announced today.

The construction is an aftermath of the fire which destroyed the Fibre Drum Co. plant on May 17. The fire did not cause damage to the Riggins firm but the present location of Riggins Metal Products at 100 E. Sheridan St., adjoins the Fibre Drum plant and has been purchased for rebuilding and expansion of Fibre Drum.

The new Riggins Metal Products building is under construction in the 700 block of Standard place and is expected to be completed about Aug. 15. James B. Reilly, general manager of the firm said the new building will be 60 by 260 feet and will be of cement block construction with a face brick front.

REILLY SAID The building will include offices and a showroom which will have a unique self-contained heating and air conditioning system. It also will include a building with a roof supported by wooden trusses with no supporting posts needed in the building.

Reilly said the construction will meet the immediate expansion needs of Riggins Metal Products with space available for additional expansion.

The firm manufactures valve troughs and conductor pipe for rain carrying, furnace pipe and duct work for heating and ventilation systems. It also wholesales heating, air conditioning and building materials.

THE FIBRE DRUM CO. is expected to be completed within 10 days and will be of concrete and masonry construction. It will be constructed on the site of the building destroyed by the fire with an addition on the location presently occupied by Riggins Metal Products.

Ray J. Benoit is contractor for both buildings. The valuation of the Fibre Drum construction on the building permit was \$115,000 and the valuation on the Riggins building was estimated at \$75,000.

This Bird Should Have Minded Own Business

It was an unwise bluejay that gave James I. Lanoue the bird. An arbor of national reputation, Lanoue had been stalking a squirrel for hours. Every time the boyman got within range, the bluejay let loose with a volley of chatter, sending the squirrel scampering.

Lanoue decided that if he were to get the squirrel, he'd have to "get the bird."

The bluejay and the squirrel now sit side by side on a tree limb in Lanoue's den at his home in Kankakee City, Mo.

Holder of the National Field Archery Association's Art Young and Silver Arrow awards for small game, Lanoue is a former long-time resident of Aroma Park. He was reared by Mr. and Mrs. Jay Griewold of that town and was graduated from Kankakee Senior High School.

Cub To Observe First Anniversary

The Kankakee Valley Dale Carnegie Club, Inc., will observe its first anniversary at a birthday dinner in Jensen's Restaurant at 6:30 p.m. Saturday.

Industrialization Links Denver, East

DENVER (UP)—This Rocky Mountain area is still a little breathless today from its rapid climb in the last 15 years. And now it is finding something new: Industrialization has tied it closer to the East and to the ups and downs there, from which the Denver area once was fairly remote and insulated.

"If times stay good back East and people there don't lose confidence because of President Eisenhower's illness," a Denver banker says, "we'll do all right out here."

"If PAYROLLS hold up around the country," says a cattleman, "we'll be able to sell our cattle."

"If industrial production in the Midwest and Northeast holds at its present high level," says a mining spokesman, "our mining outlook is okay."

Traditionally Denver has been a distribution center—the biggest place between San Francisco to the west and Kansas City and Omaha to the east, between Dallas and Fort Worth to the south and Canada to the north. At the midpoint in this vast area Denver has played wholesaler and broker to a steadily growing economy.

Industrialization is relatively new. Davis Moore, president of the First National Bank of Denver, says that some of the industry here is making products for transportation costs and the growth of western population furnished a market that could be supplied cheaper by making products here than by shipping them long distances.

Other plants here make products whose freight costs are a small item—example, Denver's large fishing tackle industry—and ship them across the nation.

Some factories here supply parts to eastern manufacturers—one that makes fan belts for autos has felt the pinch of the Detroit automotive slowdown.

But the Denver area has one ace up its sleeve to beat the effects of any national recession, should one develop.

The defense program has been one of the biggest growth items around here. It seems still on the increase, and even in a general downturn it should be a stable influence on the Rocky Mountain industrial economy.

Kankakee Girl's Husband Assigned To Test Center

D. R. Hendrickson, whose wife is the former Charlotte Stella of Kankakee, has been assigned as chief of the budget division at the Air Force missile test center, Patrick Air Force Base, Fla. He reported to the base after returning from Tokyo, Japan, where he was with the Far East Air Force headquarters.

Both Mr. and Mrs. Hendrickson are ardent sports enthusiasts. Hendrickson was discharged from the Army in 1948 and entered civil service. In October 1950 he received the award of meritorious civilian service and in June 1952 he was given an outstanding performance rating.

His return to this country concluded over nine years of civil service in Japan.

THE OLDEST OFFICIALLY organized barbershop quartet in Kankakee, in length of time rather than age, is the Koen Keys, who will be heard in the "Charitable Harmony" concert Sunday at 2:30 p.m. in Civic Auditorium. The only original member is William Bianchi (bottom, center). The others are Paul Kraft (top, base), Charles Palmer (left), baritone, and James Baker, lead. Seven other quartets will appear on the benefit show. (Journal photo)

Martinton Twig Of Hospital Holds All-Day Session

MARTINTON (INS)—An all-day session of the Martinton Twig, Iroquois Hospital Auxiliary, was held Tuesday in the home of Mrs. James Rhodes.

Mrs. Edward Pilote was co-hostess. Members present at the picnic dinner were Mesdames Hickey Hiltchey, Clay Montgomery, Harry Collins, Emory Baron, Harvey Blain, Mattie Wohlberg and May R. Seiler. Miss Jean Rhodes was a guest. Mrs. Charles Hathaway, Mrs. Grant Eucher and Mrs. Clyde Alexander joined the group in the afternoon.

After dinner, patterns for aprons were selected and a number were cut out ready for sewing.

A short business meeting was held with Mrs. Alexander presiding. The opening poem, "Same Address," was read by Mrs. Pilote. The answer to roll-call was, "Memories of My Wedding Day."

Reports were given by the following chairmen: Mrs. Baron, co-chairman; Mrs. Rhodes, membership; Mrs. Blain, sewing and cards; Mrs. Seiler, "Sunshine" and publicity.

The historian, Mrs. Pilote, presented her scrapbook for inspection. Plans were made to attend the next auxiliary meeting in Watseka. After the meeting was over, supper was served. The next meeting will be in Mrs. Mattie Wohlberg's home. Mrs. Harvey Blain will be co-hostess.

The world population is growing at the rate of about 110,000 people a day.

Harmony Show At Auditorium Sunday

Final arrangements have been completed by two local organizations for the "Charitable Harmony" concert in Civic Auditorium Sunday at 2:30 p.m.

Sponsoring the close harmony benefit show are the Alpha Omega chapter, Beta Sigma Phi, and the Kankakee chapter, Society for the Preservation and Encouragement of Barbershop Quartet Singing in America.

The local chapter's chorus, two chapter quartets and six guest quartets will participate. Kenneth Green of Clinton is director of the Kankakee barbershop chorus. The two local quartets are the Koen Keys and the Four Mikken.

Proceeds from the show will go to the sorority's welfare fund which is used to promote local charitable organizations and projects.

Six guest four-somes will also take part, including the Barbershop of Chicago, the Twin Tippers of LaSalle, the Lombardians of Lombard and the Hi-Fis of LaGrange.

Special features of the show will be the appearance of The Music Makers, a local women's barbershop quartet, the Four Shucks, and a boy's quartet from Central High School.

The world population is growing at the rate of about 110,000 people a day.

Urges Americans Keep Survival Kits Stocked, Handy

BOSTON (UP)—Mrs. Katherine G. Howard special adviser to Civil Defense Administrator Val Peterson, today advised that Americans pack survival kits for use in case of enemy attack.

She revealed to reporters that she and her husband have packed two suitcases with food and other necessities.

Those, she said, are placed under the front stairway—"in a spot where my husband and I can grab them in a hurry if we ever have to evacuate Boston."

Mrs. Howard refuted Thursday a story that she had packed a 12,000-mile European trip to study civil defense problems. Several years ago, Mrs. Howard and her husband, Charles, built a bomb shelter in the basement of their home.

Canal Report Seen Ready In 6 Months

CHICAGO (UP)—Thomas B. Casey, chief state waterways engineer, said today it may be six months before a report on the possible sale of the Illinois-Michigan Canal is completed.

Casey, who completed a series of three public hearings on the matter here Thursday, said he hoped to turn the report over to Gov. William G. Stratton and the Legislature before the Legislature convenes in January for its 1957 session.

Casey said that in addition to testimony taken in the public hearings, the report would be based on data gathered by his staff members who have been "investigating all angles."

He said the report will not make any recommendations, but will simply discuss the whole question. "We will tell them all the troubles they have to surmount and all the facts pertaining to the case, and they have to make up their own mind," Casey told the United Press.

THE CANAL, now in disuse, dates back to 1822. Under the 1870 Illinois Constitution, it could not be sold. But this prohibition was erased by an amendment approved in the 1954 election.

Railroad officials presented arguments for the disposal of at least part of the canal at the hearing Thursday. They said this would place the property back on tax rolls and thus aid local governments.

Frank N. Barker, assistant chief engineer for the Santa Fe-Norfolk, said the state should dispose of the Chicago-Joliet section of the canal. He said it is "entirely unequipped" for recreation, anyway.

Home owners from Lemont told the hearing that if the state decided to dispose of the land they now lease, they should have the first chance to buy it.

Loiselle Reelected Head Of Fair Board

Perry Loiselle was reelected president of the Kankakee County Fair board at a meeting of the board members Thursday night.

Other officers reelected were Mrs. Walter Ranz, vice president; Merle Throne, treasurer; and Roy Robinson, secretary.

Robinson announced that the fair catalogs will be ready by Wednesday. It was also announced that the fair association will take an active interest in Queen of the Fair contest this year.

Appointed to the fair queen committee were Robinson, Mrs. Thomas Hemstreet and Mrs. Henry Tallman to meet with representatives of the First Trust and Savings Bank and the City National Bank farm management departments, and representatives from the county farm implement dealers association.

Loiselle told the group that there will be better electric facilities on the grounds this year. Old transformers will be replaced with larger ones and several new transformers will be added. This will be done at a cost of between \$3,000 and \$3,500 to the fair association.

Since this is an election year, the board voted to invite members of both political parties to take an active part in the program at the fairgrounds.

Herb Hess gave a report on the sale of commercial space on the grounds for this year's fair. The fair board will meet with the Illinois Stock Horse Association and Kankakee Valley Saddle Club of officials Saturday at Maple Manor.

At that time the groups will discuss plans for the forthcoming rodeo to be held at the fairgrounds on Sept. 8 and 9.

Stock Yards Honors Old Time Shippers

CHICAGO (UP)—More than 500 persons gathered in the International Amphitheatre Thursday night to celebrate the Chicago stock yards' 90th anniversary.

Ninety "old timer" Midwest farmers who grew up with the industry received special recognition. They were livestock farmers who had shipped to the Chicago market for over 50 years.

Special trophies were awarded to two Illinois farmers who had begun shipping in 1886, 70 years ago. The awards went to Fred Anthony, 93, of Wyand, Ill., and William H. Coultrip, 89, of Somonauk, Ill.

Secretary of Agriculture Ezra Benson flew in from Washington to attend the celebration.

Benson told the group that, while other markets had been weakened by encroachment of the federal government, the livestock market has remained strong and free and under the control of private enterprise.

"This is a great market," Benson said. "The greatest and largest livestock market in all the world."

Illinois had 59 farmers among the half-century group. Iowa had 23, Wisconsin 4, Indiana 2, and Kansas and Minnesota 1 each.

Ashkum Home Unit Elects New Officers

ASHKUM (JNS)—Mrs. Vaughn Lanoue was elected chairman at the meeting of the Ashkum home unit Wednesday afternoon in the home of Mrs. Ulysses Lemmenger, with Mrs. Ulysses Lemmenger as co-hostess.

Other officers elected were Mrs. Ulysses Lemmenger, vice chairman, Mrs. Frank Cory, secretary, Mrs. Leonard Savio, health chairman, Mrs. Hazel Muehlenpford, recreation chairman, Mrs. Edin Pinaud, activities chairman, and Mrs. Lewis McConald, publicity chairman.

Mrs. Merle Lemmenger, retiring chairman, presided over the meeting. Twelve members answered roll call. "My Wedding Day," Mrs. Frank Cory, secretary-treasurer, gave her reports and read "Thank You" cards from the Coyne and McDonald families.

Plans for a float were discussed. The following committee will plan the float: Mrs. Edward Bushman, Mrs. Vaughn Lanoue, Mrs. Arthur Fliegauer, Mrs. Merle Lemmenger, Mrs. Ulysses Lemmenger, and Mrs. Leonard Savio. The rest of the members will help build it.

Mrs. Wilfred Lanoue, 4-H chairman, announced the 4-H Merry-mixers also are making a float for the centennial.

Mrs. Gerald Lemmenger and Mrs. Edin Pinaud gave the major lesson, "When Families Face Crises."

Mrs. Hazel Muehlenpford and Mrs. Edward Bushman gave the minor lesson, "American Folk Songs by Stephen Foster."

Lunch was served by the hostess and co-hostess.

Mrs. Hazel Muehlenpford will entertain in her home next month with Mrs. Ida Mierke as co-hostess. The major lesson will be "Planning Emergency Meals."

Home Bureau Unit Of Crescent City Conducts Election

CRESCENT CITY (JNS)—The Home Bureau unit met Wednesday afternoon in the home of Mrs. Arnold Lehman, publicity chairman of Milford.

There were eight members present. Mrs. Harold Benner, chairman, presided.

An election of officers was held. Mrs. Harold Benner was re-elected chairman. Mrs. Arnold Lehman was elected secretary. Mrs. Benner served as chairman for two years.

The major lesson for the day was "When Families Face Crises," given by Mrs. Pat Elliott Sr. The minor lesson, "American Folk Songs," was presented by Mrs. H. J. Sterenberg.

Refreshments for the day were served by Mrs. H. J. Sterenberg. The next meeting will be held July 17 in the home of Mrs. E. Brane, who will serve as hostess. This meeting will be the last for the season.

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

FBI, Justice Dept. Acquitted Of Errors In Espionage Case

WASHINGTON (UP)—The story between the lines of the latest disturbed, and this tally does not include the numerous proceedings of the district court at the district court level and vary.

Also acquitted were the Justice Department lawyers who convicted the late Ethel and Julius Rosenberg and their treasonable associate Julius and Ethel Rosenberg. The Rosenbergs' efforts to shift the indictment from themselves to the law enforcement agencies of government ended with their execution June 19, 1953.

SOBELL GOT 30 years for his part in the conspiracy against the people of the United States and free men and women everywhere. This week Judge Irving Kaufman heard Sobell's latest plea for freedom based on what Sobell called new evidence but which the judge called phony argument. Kaufman presided at the original trial. He is a U.S. judge in the Eastern New York district. Kaufman denied Sobell's motion for a new trial in vigorous language.

The customary Communist ballyhoo of constituting to the defense of the Rosenbergs was not heard. Under our judicial system we impose a strong check upon the manner in which a prosecution may be conducted.

Selected Members Of The Kankakee Fair Association

Robinson announced that the fair calves will be ready by Wednesday. It was also announced that the fair association will take an active interest in Queen of the Fair contest this year.

Appointed to the fair queen committee were Robinson, Mrs. Thomas Hemstreet and Mrs. Henry Tallman to meet with representatives of the First Trust and Savings Bank and the City National Bank farm management departments, and representatives from the county farm implement dealers association.

Loiselle told the group "that there will be better electric facilities on the grounds this year. Old transformers will be replaced with larger ones and several new transformers will be added. This will be done at a cost of between \$3,000 and \$5,000 to the fair association."

Since this is an election year, the board voted to invite members of both political parties to take an active part in the program at the fairgrounds.

Herb Hies gave a report on the sale of commercial space on the grounds for this year's fair. The fair board will meet with the Illinois Stock Horse Association and Kankakee Valley Saddle Club of officials Saturday at Maple Manor.

At that time the groups will discuss plans for the forthcoming rodeo to be held at the fairgrounds on Sept. 8 and 9.

Former Chicago Chief Of Police Dies Suddenly

CHICAGO (U)—Michael J. Hughes, 48, former chief of the Chicago police department and ranked as one of Chicago's top detectives, died Thursday night after a brief illness.

Hughes was a member of the police department for 39 years, retiring in 1935. He had received 21 credible mentions for his police work, one of the highest records ever made in the department.

Hughes advanced to the rank of captain in 1921 when he was named chief of detectives, a job he held for three years. He served as chief of police, now titled commissioner, from May 1, 1927 to Aug. 1, 1929.

One of his most brilliant cases was in 1924 when he led in the questioning of Nathan Leopold and the late Richard Loeb until the two youths admitted the murder of young Bobby Franks. Another was the two million dollar Round-out, Ill., robbery of 1924, which he also helped to solve.

Hughes, who came to Chicago from his native Ireland as a boy of 17, is survived by three daughters.

Reject Unsolved Slaying Confession

WASHINGTON (UP)—Police Thursday night rejected the confession of a 16-year-old boy that he murdered two teenage girls in a nearby Maryland park a year ago.

Prince Georges Police Chief George Panagiotis said the youth, Donald Wayne Davis, Hillside, Md., had when he confessed to the slaying of Nancy Shonette, 16, and Michael Ann Ryan, 16.

The girls were shot as they walked through Northwest Branch Park.

Barnet Sheds 9th Wife, Will Retire

LOS ANGELES (U)—Orchestra leader Charlie Barnet, 42, his ninth marriage now behind him, says he may retire from the matrimonial scene.

His ninth wife, Linda Joyce Johnson, 32, Thursday in Superior court obtained an annulment of their marriage.

When asked about his future matrimonial plans, Barnet told a newsman:

"I think I had better retire."

Miss Johnson's attorneys told the court that the proxy papers were not legally notarized and therefore the marriage was invalid.

Animals Banned

SOUTH CHARLESTON, W. Va. (U)—The City Council has proposed a ordinance making the city off limits to cows, horses, mules, goats, sheep, hogs, chickens, geese, turkeys and pigeons. Too many farm animals in the city, the council says.

Dogs, cats and song birds won't be affected.

Harshman Gives Sox' Pennant Hopes Lift

CHICAGO (U.P.)—Lefty Jack Harshman, a converted first baseman, is mighty strong with his hit this year and is believed to be the best pitcher in the American League. Harshman, who once thought his mission in baseball was playing first base for the New York Yankees, has been moved to the mound in his last 20 innings of pitching.

In addition to the double effort, he was involved in a double play in which he bled the Sox to a 4-1 victory over the Yankees on Sunday.

AAU Meet Will Be Last Step In Olympic Trials

BAKERSFIELD, Calif. (U.P.)—The National AAU Track and Field championships get underway on a two-day meet tonight with an exciting race program and a wide variety of events.

At stake for such tried and tested athletes as the Rev. Bob Richards, Mal Whitfield and Harrison Dillard is the first chance to try to make the 1956 U. S. Olympic team in next week's big show in Los Angeles.

Other heroes of the sport, Parry O'Brien of shot put renown; sectional Bobby Morrow of the sports hall; and quarter-mile J. W. Mahara, Los Angeles and Jim Lea, have already qualified for the Olympic team.

They reached this summit either in the national collegiate or the state forces interservice meet last week.

BUT RICHARDS and Co., plus marathon man Horace Abrahams, javelin stars Bud Haddock and Cy Young, and discus artist Forney Gordon must do it here to get to Los Angeles, the very last step in the formation of the team which will go to Australia.

Nine finals are on tonight's schedule in Bakersfield's Memorial Stadium.

If what the local people say is true, world records may be set here, particularly in the sprint and middle distance running events.

The track is a composition of clay and crushed brick, and the salvage of an untimely event here four years ago is an earth-shaking.

IN ANY EVENT, Abrahams (Tex.) Christian's young Mr. Morrow did out how fast it is in the 100 yards and 200 yards.

So will such runners as Lea and Jones in the 400 meters, Jack Davis and Lee Calhoun in the high hurdles, and Eddie Davis, the Tulsa freshman, and Glen Davis in the 400 meter hurdles.

How the track suits the long jump warden will be discovered in the 10,000 meter grind by Joe Tyler of the U. S. Navy and Fred Dick, Harshman, along with less than 50 others, if all start as entered.

Stock Car Standings Face Big Shakeup

With all race points doubled, a lot of changes may take place in the stock car season and trophy driving standings at the Kankakee Fairgrounds Speedway tonight.

The time trials are set for 7:30 p.m. and the first race for 8:30 p.m. Main race for tonight's races will be next Friday evening.

At the present time, Joe Weaver of Danforth is leading the season point standings with 47 points. Weaver captured the lead from Kenny Boyer of Highland, Ind., who had second place position.

Weaver jumped into the lead by winning last week's feature event, the 50-lap feature.

In the trophy driving race, Boyer has a comfortable margin over Don Walcott of Lockport, Boyer, who has won four of the last five races, is fourth in the season total with 32 points, two points behind Walcott.

Walcott, season champ for the past two years, is fourth in the season total with 32 points, two points behind Walcott.

Low net winners among the guests were Paul Paulson 76-0-47, Dick Monahan 76-0-47, Dick Tyson 80-1-40, Paul Tolousis 79-0-70, Ed DeWitt 82-12-20.

Low net member winners in addition to Gessner were Larry Tegner 87-26-47, C. A. Rollins 80-15-10, Maurice Holahan 81-13-08, Marvin Hut 80-1-09 and Dr. L. K. Farlander 80-11-09.

Other low gross drivers were Dave Williams 75 and Bruce Huot 77.

N. L. Race Closest Of Century

G.M. Takes 1st Win 15-12 In Industrial

By THE UNITED PRESS

This is the closest National League race of the century and the Brooklyn Dodgers ought to feel mighty good about that today because they are the pennant winners back in 1947 and 1950 when the closest races up to now were staged.

The Dodgers ought to be feeling great anyhow, even if they didn't have precedent on their side. For they won what was by all odds their most important game of the season Thursday night when they poured over four runs in the ninth to subdue the cocky Cardinals 9-8 as Roy Campanella blasted his second three-run homer of the game.

The victory put Brooklyn within half a game of the first place Milwaukee Braves, Milwaukee topped Pittsburgh 7-2 to continue a six-game victory binge that began when they won their first game of the season Thursday night when they poured over four runs in the ninth to subdue the cocky Cardinals 9-8 as Roy Campanella blasted his second three-run homer of the game.

General Mills pounded out 15 hits to eight for the losers. Howard Schmalz started on the mound for General Mills and received credit for the victory.

The losers' attack was paced by Wenzelman who cracked out two home runs, a grand slam in the third inning and a one-run blow in the first inning.

Low net winners among the guests were Paul Paulson 76-0-47, Dick Monahan 76-0-47, Dick Tyson 80-1-40, Paul Tolousis 79-0-70, Ed DeWitt 82-12-20.

'Discouraged' Musial Ready To Quit, Teammates Claim

NEW YORK (U.P.)—A combination of circumstances has discouraged Stan Musial to such an extent that he is seriously thinking of quitting baseball at the end of the season.

Although the St. Louis Cardinal's all-time great would not comment, it has been learned from present and former teammates that the National League's greatest player of his generation is depressed over recent events ranging from the trading of his closest friend Red Schoendienst to his shift from the outfield to first base.

Another major hurt, it has been learned, stemmed from reports prior to the 1956 All-Star game of a player transaction between the Cardinals and Philadelphia involving Musial and Robin Roberts, the Phillies ace right-hander.

THIS HAS BEEN DENIED by Frank Lane, Cardinals' general manager, who has a reputation for truthfulness and integrity, but it is expected to face a test to the St. Louis No. 1 citizen but those rumors have made Musial feel insecure for the first time in his long tenure with the Cardinals.

One who knows this innately modest star well said when he first read the report in a St. Louis paper of the possibility of his being traded, Musial became noticeably upset.

It is not easy to quit when you are earning \$90,000 a year but this factor will not act as a deterrent to the National League's highest salaried star once he makes up his mind. Stan is financially secure thanks to his healthy earnings from baseball, his restaurant and banking businesses and other wise investments.

THE INFORMANT stressed that Musial's feeling is now regretted on Fred Hutchinson whom he regards as a fine manager and a gentleman. Although he had said he would never again switch from the outfield to first base, he agreed to do that when Hutchinson told him frankly he no longer could do the things he used to do in the outfield and would be a greater asset to the club at first base.

Bell Gaining On Snider In All-Star Poll

NEW YORK (U.P.)—Gus Bell of the Cincinnati Reds closed in on Duke Snider of the Brooklyn Dodgers today in one of the three tight races for positions on the major league all-star team.

With less than 24 hours left before the conclusion of voting Friday night, the two positions most in doubt were left field and center field on the National League team. The lead held by George Kell of the Baltimore Orioles over Ray Boone of the Detroit Tigers for third base in the American League also was not too substantial.

Snider, one of the "old pros" of the all-star game, held a lead of only 20,905 to Bell's 19,040 for the National League center field position in the Thursday morning quarter-final round.

To gain the semifinals, Musial defeated Gene Leone of Chicago 4 and Stan Pico posted a 1 up decision over Mary Tully of Antioch, and Miss Pico captured a 5 and 4 triumph from Virginia Demmey of Lake Forest.

2 Teen-Agers Play For State Women's Crown

SPRINGFIELD (U.P.)—A pair of teenagers, Meriam Bailey of Palestine and Barbara Gluck of Waikanae, battled it out today in the 36-hole championship match of the Illinois Women's Amateur Golf Tournament.

Miss Bailey, 16-year-old sophomore at Springfield University, Northwestern, was the favorite to win, tracking the bid of Ruth Moore of Peoria for her fifth title Thursday.

Chandler Pitches, Bats Dairy Queen To 16-2 Victory

LEAGUE STANDINGS

Dairy Queen pounded out 17 hits to gain a 16-2 triumph over Hammen Ford in the opening second round game of the Jaycees Little League at Little League Stadium Thursday evening.

The second game between A. O. Smith, first round champs, and Sinclair was rained out. The rained out game will be played at 2 p.m. Saturday at Little League Stadium.

John Chandler, besides pitching the win, furnished the big bat for the Dairy Queen team, going 4-for-4, hitting four home runs as the winners scored nine times. His first round tripper came with bases empty while the second shot was a three-run clout.

Jack Wilson, James Carlson and Howard McKay each collected three hits to add to the Dairy Queen attack.

Campy Jubilant As He Explodes From Slump With 2 Home Runs

BROOKLYN (U.P.)—Roy Campanella is troubled no more.

The grand Brooklyn catcher snatched out of the worst batting slump of his career Thursday night when he hit two home runs, good for six runs, in the world championship 9-0 victory over St. Louis.

"Thank God, I'm out of that," he said as teammates dumped his head back in the Dodger dressing room. His second home, a three-run blast off 25-year-old Harry Dickson, tied the score in the ninth.

Don Zimmer delivered the game winning single a few minutes later but his vital blow was almost forgotten in the jubilation over Campanella's hitting. His first home run was on a can in the second inning off Herm Wehner.

"I guess I had run out of outs," said Campy who matched his June RBI production with the six runs batted in. The homers were his first since June 2 and first in more than a month.

April 28. He raised his batting average seven points to .314 and boosted his RBIs to 31 in 46 games—still a long way from the performance that won the nearly 25-year-old receiver the National League's most valuable player award three times.

Throughout his life, Zepka has raised, worked and sold cattle. He became widely known in the Berkshire Hills as a man who "had a way with them."

When the corries reached the grave, mourners began to sing funeral songs, some of them swarming with bees on the tent ceiling and clinging to floral arrays. They did not annoy the musicians, just made the music livelier. Nothing like it had ever been seen here before.

Debt-Ridden Man Gets 7 Years For Theft

FERGUS, FALLS, Minn. (UP)—Vernon Richter, a desperate farmer who robbed a bank to pay the bills for his six children, started a seven-year prison term today. Richter, 31, turned to crime because it seemed the only way to keep his family and his 35-acre farm going. But in the eyes of the law he had to be punished like any other criminal.

He stood up in Federal Court Thursday and heard Federal Judge Edward Devitt pronounce sentence. Richter took the news stoically. His wife, sitting in the courtroom, set her jaw but said nothing.

THE RICHTER CHILDREN, who provided the motive for their father's crime, did not see him sentenced. Richter had been a hard-working well-to-do farmer until a few months ago. His wife helped out working as a waitress in town. But the bills kept piling up. Even an item like 18 pairs of new shoes since Christmas was more than Richter could take care of.

Early in May, he decided the only solution was to rob a bank. He tried once, but lost his nerve. Then, on May 24, he put on an old raincoat, threw a shotgun and a length of rope into his 1953 auto, and drove to Ulen, Mich. 70 miles away.

HE STOPPED at a restaurant and asked where the nearest bank was. The waitress gave directions and he went to the bank, only to find the doors locked. He found another bank and walked in, the shotgun and rope hidden under his slicker.

The farmer pointed his gun at a cashier and demanded money. She pushed \$1,150 at him. Then he tied up the cashier and another employee and ran out.

Afterwards, the cashier said the bandit acted like a nervous amateur. She was right. Richter made one mistake after another.

On his flight home, he got rid of one stolen license plate but forgot to remove another. He threw his raincoat in a roadside swamp, where anyone could see it. Many farmers spotted his getaway car and told deputies which way he went.

FOUR DAYS AFTER the FBI, up, sheriff's deputies and hold agents arrested Richter. "I knew you'd get me," he said. "It was only a matter of time."

Violence Shifts Into Algiers; Three Killed

ALGIERIA (UP)—Rival gangs of Arab and European gunmen spread terror through the broad avenues and sprawling bazaars of cosmopolitan Algiers Saturday.

At least three persons were killed and 11 wounded in a series of raids.

Arab gunmen killed one European and wounded two policemen Saturday night when shooting broke out on the west side of the city after Resident Minister Robert LaCoste ordered police reinforcements in all areas.

All the deaths resulted directly or indirectly from native attacks, but a gang of young Europeans who shot up the Bab El Oued Bazaar wounded two Arabs and caused considerable damage.

THE DAY'S ACTION was indicative of the shift of violence in Algeria from the countryside to the cities as French troops wipe out the guerrilla bands which once ruled the hinterland.

The only military casualties reported were 15 guerrillas killed in scattered patrol clashes in eastern Algeria and five French troops wounded by a "bolotov cocktail" incendiary hurled from ambush in western Oran Province.

The attacks here started early Saturday, when Arab gunmen fanned out from the Casbah to raid the European quarter of downtown Algiers.

A European barkeeper and a native merchant were killed and six Europeans were wounded in four attacks by native gunmen, who scuttled to cover in the Casbah.

POLICE MOP-UP squads promptly moved into the Casbah, but no arrests were announced immediately.

The European counterattack began at the National Maritime Tournament at Tahassez, Fla., Saturday. A young Italian who was killed by an Arab Friday, about 1,000 young men were whipped up as soon as the services were over and started for the native quarter.

RENDER'S PLEA came as representatives of the big three of the industry met with union representatives here in another negotiating session aimed at providing a new contract for the United Steel workers which would avert a strike.

The union has prepared for a strike action at midnight next Saturday if no agreement is reached, and the industry has announced plans to begin shutting down the mills by the middle of next week in anticipation of a walkout.

In a nationwide television appearance, David J. McDonald, president of the steel workers union, said the employees are entitled to a pay raise of 27.5 cents an hour "on the basis of their record production."

THE BIG THREE, U. S. Steel, Republic, and Bethlehem, have offered the union a five-year contract with pay boosts which they said top military leaders at an hour each year.

McDonald's speech was the first union mention of a specific figure for wage demand. Previously the union had announced only that it was seeking a "substantial" pay increase.

Civies Okay For Officers In Washington

WASHINGTON (UP)—President Eisenhower Saturday commanded the Defense Secretary Charles E. Wilson's order that military officers in the Washington area wear civilian clothes instead of uniforms.

Mr. Eisenhower moved in less than 24 hours after the order was issued. Wilson, who is conferring with top military leaders at the Pentagon, Va., Marine Base promptly issued a new order making "civies" optional.

The President said that wearing civilian clothing—multi—during duty hours should be voluntary, otherwise it would impose a financial strain on officers by requiring them to have two complete wardrobes.

About 11,000 officers are stationed in the Washington area. Some, particularly junior officers and reservists serving two year tours, had yelped about taking on an extra expense.

White House Press Secretary James H. Aronson said that Mr. Eisenhower's decision, said the President, "lets the officer choose between the uniform and the civilian clothes, to avoid the excessive outlay of money for civilian clothes."

Ike To Leave Hospital In About A Week

Eisenhower Gets Report On GOP Convention From Hall

WASHINGTON (UP)—President Eisenhower's doctors told him Saturday he should be able to leave the hospital in about a week.

They gave him this good news during a busy morning in which Mr. Eisenhower talked politics with a member of his staff, diplomatic matters with Secretary of State John Foster Dulles, and overruled Defense Secretary Charles E. Wilson's order that all military officers in the Washington area doff their uniforms for civilian dress.

During the busy schedule in his hospital room, the President did nothing to squelch Republican National Chairman Leonard W. Hall's flat statement Friday that he "hasn't the slightest doubt" the Chief Executive will run for a second term.

THE PRESIDENT, impatient to leave Walter Reed Army Medical Center, asked the doctors when he could be discharged. They advised him that if his convalescence from the pneumonia he contracted two weeks ago continues at the present rate he could leave "in about a week."

One of the President's doctors, Maj. Gen. Leonard D. Heaton, had said immediately after the operation that Mr. Eisenhower would be able to leave the hospital in 15 days, which would be about this time. White House Press Secretary James C. Hagerty said Saturday he did not feel that Dr. Heaton had been "over-optimistic."

The doctors Saturday cut the deep stitches taken in Mr. Eisenhower's abdomen during the operation. They said the sutures "will be removed within 24 hours." Surface stitches were removed earlier this week.

HAGERTY SAID he probably will be able to say early next week where the President will go to recover after the hospital stay. Hagerty said the President will go to the White House in a few days, but he is not sure when he will be able to return to his duties.

In good spirits after a restful night's sleep, the President held his longest business session since he was operated on June 9 to remove an intestinal block.

Hagerty said the Chief Executive received a report from President Dwight D. Eisenhower that he was "positive" a man he talked with early today in Hammond, Ind., was Alfred Wilson, 37, who shot three women to death near here Thursday night. David Shaffer, 33, of Akron told Sheriff Ray Woodward of Summit County in Akron: "I'm positive it was Wilson."

Reds Welcome Gen. Twining, U. S. Air Chief

American Group Will Observe Soviet Aviation Exhibit

MOSCOW (AP)—Relaxed and smiling Gen. Nathan F. Twining dropped in on Russia's air leaders Saturday to "look and listen" and to learn about Soviet air power.

The U. S. Air Force chief of staff invited to Moscow along with top American scientists and generals was warmly greeted on his arrival by Russia's deputy defense minister, Ivan S. Konyev, aided by Twining's counterpart in the Russian government, Chief of Air Marshal Pavel Zhigarev.

Konyev is commander in chief of the Warsaw Pact, the Communist answer to NATO.

The Americans will attend Russia's annual air show in observance of Aviation Day today and will follow them with a week of touring Soviet air installations in the first such visit the Russian government has yet allowed.

"I am very happy to be here, and also honored that our President, Mr. Eisenhower, would let us represent him here to see your air show," Twining told his Russian hosts. "My group will look and listen, and we will benefit a great deal from this visit."

"We will have to report to our superiors and the President and through them to the people at home," Twining added.

Asked by reporters if his interest was primarily political, Twining replied that he was not in the political business.

"Our principal interest is to meet and talk with Soviet air force leaders," Twining said. "The purpose of this trip is to show our air force what the Soviet air force is doing in the way of developing new equipment."

The Americans arrived in hot sunshine with temperatures in the 80s. "A fine day, fine weather," Twining said to Konyev.

U. S. Ambassador Charles E. Bohlen met Twining's plane and introduced the American officers, a group of nine high-ranking men, to the Russian hosts.

So hand were also about 20 U. S. correspondents, most of whom had arrived within the past two days for the first large American writing group to be admitted to the air show.

By contrast with the 16-million-year-old oreopithecus, the earliest known man, the earliest known man was a chimpanzee and a gorilla.

He described the creature as "somewhere between the size of a chimpanzee and a gorilla" and said it was the most "human-like" of all antiquity.

"We struck pay dirt a week and a half ago in the recently reopened mine at Badolza," said Dr. H. H. S. de Terra of the University of New York, who is leading the search for fossils of the pre-man.

He said finds, almost daily since he had provided 30 to 40 pieces of coal filled with the yellow-brown fossils.

The bones already identified include ribs, fragments of vertebrae and either a part of a jawbone or the entire jawbone.

Dr. De Terra said the part just dug out of the coal chunk was a chin with broken teeth showing.

"It is definitely oreopithecus," he said. He described the creature as "somewhere between the size of a chimpanzee and a gorilla" and said it was the most "human-like" of all antiquity.

Arab Gunmen Raid European Quarter

ALGIERIA (UP)—Rival gangs of Arab and European gunmen spread terror through the broad avenues and sprawling bazaars of cosmopolitan Algiers Saturday.

At least three persons were killed and 11 wounded in a series of raids.

Arab gunmen killed one European and wounded two policemen Saturday night when shooting broke out on the west side of the city after Resident Minister Robert LaCoste ordered police reinforcements in all areas.

All the deaths resulted directly or indirectly from native attacks, but a gang of young Europeans who shot up the Bab El Oued Bazaar wounded two Arabs and caused considerable damage.

THE DAY'S ACTION was indicative of the shift of violence in Algeria from the countryside to the cities as French troops wipe out the guerrilla bands which once ruled the hinterland.

The only military casualties reported were 15 guerrillas killed in scattered patrol clashes in eastern Algeria and five French troops wounded by a "bolotov cocktail" incendiary hurled from ambush in western Oran Province.

The attacks here started early Saturday, when Arab gunmen fanned out from the Casbah to raid the European quarter of downtown Algiers.

A European barkeeper and a native merchant were killed and six Europeans were wounded in four attacks by native gunmen, who scuttled to cover in the Casbah.

POLICE MOP-UP squads promptly moved into the Casbah, but no arrests were announced immediately.
