Safety Stressed In Grundy County A-Plant Hearing

CHICAGO (UP)—The Commonwealth Edison Co. said today it is taking steps to insure that its new nuclear power plant in Grundy County is just as safe as a conventional factory.

Highly Pleased Ike Signs Road Bill Into Law

WASHINGTON (UP)—President Eisenhower today signed into law a \$2,300,000,000 highway construction bill, which includes new taxes to help pay for it.

The 13-year construction program includes a 4,000-mile interstate highway network that will link every state and most state capitals.

The new taxes, including a cent a gallon increase in federal gasoline taxes and a 3 cents a cent tax on tires, take effect on Sunday.

Mr. Eisenhower signed the bill in his suite at Walter Reed Hospital where he is recuperating from his recent abdominal operation. It was one of the pieces of "must" legislation he especially requested from Congress.

Earle Wild, manager of engineering for Edison, said the plant will obtain cooling water from the Kankakee River. After this flows through the condenser, it will be discharged into the Illinois River.

"AT NO TIME WILL it become contaminated with radioactivity," Wild said.

Wild said the power generated will be carried to substations in the areas near Streator, Joliet, Chicago Heights and Kewanee.

Commonwealth Edison already has a construction permit from the Atomic Energy Commission—already has a construction permit from the Atomic Energy Commission—already has a construction permit from the Atomic Energy Commission.

U.S. Warned Of Excessive Arms Strength

Secretary Says Aim
Is To Deter War By
Honorable Means

WASHINGTON (UP)—Secretary of Defense Wilson cautioned critical senators today against insisting upon "excessive" U.S. military strength.

"Our objective is to deter war by every honorable means. It is not our objective to overarm or to give any country cause for alarm," he said.

Of this country's military strength now and for the future, Wilson said it is "a dynamic military power of true substance."

"We do not need to flaunt it before the world," he added, "but it would be a serious disservice to our country and the morale of the free world to be without it."

Wilson prepared his testimony for a public hearing by the Senate Armed Services subcommittee which has been looking into the relative strength of U.S. and Russian air power.

The white-haired Cabinet officer made no direct reference to the extra billion dollars which the Senate voted this week to provide more funds for the Air Force than the Eisenhower administration had requested.

Nor did he take any note of the storm that arose after he used the word "phony" in talking of the increase. But he said in his 1400-word prepared testimony.

Wilson came to the meeting under instructions from the President to "lay it on the line" in discussing military budget.

JOHN J. POER, project engineer for the proposed station, said its design, construction and manner of operation will "greatly minimize the likelihood of a nuclear accident due to an operating error, equipment failure or malfunction."

Poer said the "net danger" should be "no greater than the dangers associated with conventional industries."

Safety devices are designed on the "fail safe" principle, he said. If there should be a malfunction, it would shut down the nuclear reactor, rather than boost its power level.

Poer said a "very extensive" program of evaluating hazards is being conducted by General Electric Co. and by Edison. This will be analyzed by the Atomic Energy Commission.

CRUSH POLE REVOLT, 38 DIE, 270 INJURED

Communists Say Trouble Ended

BERLIN (UP)—A bitter workers' uprising in the major Polish city of Poznan took 38 lives and left 270 wounded, Warsaw's Communist government announced today.

The revolt has been crushed and today the industrial city was reported back to normal.

In the West, diplomats speculated what the effect would be on the Kremlin leaders' campaign to downgrade Stalin and ease the steel glove grip on the Soviet's satellite states.

The trouble exploded with a fury which recalled the uprising of East Germans of June 17, 1953, and the pro-Stalin student demonstrations in Tiflis this year when up to 100 persons were reported killed.

Western businessmen in Poznan to attend a big trade fair in the industrial city of 300,000 were amazed eyewitnesses to the violent outburst that began at 7 a.m. and evidently continued all day Thursday.

SOLID LINES of marchers' 20 abreast waving banners demanding "bread" swarmed through the streets, captured and burned several police headquarters, liberated prisoners, attacked Communist party headquarters, destroyed the jamming station that interferes with Western broadcasts. They raised a white flag over City Hall.

The businessmen told of tanks rolling through the streets, of bullets aimed at the milling workers, of jet fighters winging overhead and of a tight cordon clamped on the city by Polish authorities.

In some instances, it was reported, troops and police failed to increase the tax rate in order to purchase a new fire truck for the Poznan Township Fire Protection District, which received the public's answer Saturday.

There were persistent rumors of other uprisings in the cities of Szczecin (Stettin), Gdansk, Gdynia, Alstet (Glieston), Katowice and Lodz, but Warsaw radio mentioned only the events at Poznan.

WILLARD BARBER, counselor of the American Embassy in Warsaw, said today that the city was back to normal.

All of the roll calls cut across party lines. On the bitterest dispute of the session, the Yugoslav amendment, more Democrats than Republicans supported the administration. The Bridges proposal was defeated by votes of 29 Democrats and 21 Republicans. It was supported by 23 Republicans and 15 Democrats.

Report No Progress As Steel Conference Ends

NEW YORK (UP)—A last ditch negotiating session between the United Steelworkers Union and the big three producers broke up today with no apparent progress just 36 hours before a strike deadline.

Negotiators met for more than an hour. They left the meeting with grim faces. They reported "no comment" to questions on progress in overcoming a deadlock on a new contract for the steel industry.

SOME HOPE was pinned on a union move to meet with the industry's "summit" leaders and on continued 11th hour negotiating sessions.

Industry spokesmen said for the chairman or presidents of the 12 major steel producers, who are in New York, would give "serious consideration to McDonald's request."

Union President David J. McDonald said he would be in touch with the industry's chief negotiator, John A. Stephens, during the day to arrange another negotiating session. McDonald indicated the negotiators may meet again tonight, but said no time had been set.

McDonald went immediately into a meeting with his international executive board. He will meet this afternoon with his Wage Policy Committee to report on the negotiations.

Thursday night McDonald urged the top executives of a dozen steel companies to meet with him personally today in a dramatic effort to head off a strike by 650,000 steelworkers.

McDonald's REQUEST came as the steel industry cooled its multi-billion dollar furnaces in anticipation of the walkout which threatens to be the longest in the history of the steel industry.

Hope of averting such a catastrophe, appeared very grim. The industry's top executives met with him personally today in a dramatic effort to head off a strike by 650,000 steelworkers.

Administration Wins Early Aid Tests In Senate

WASHINGTON (UP)—The Eisenhower administration today sought to stave off new Senate efforts to cut the \$4.5-billion-dollar foreign aid authorization bill after winning every test in the opening day of voting.

Majority Leader Johnson (D-Tex.) announced the Senate would run again into a late night session if necessary to pass the big measure and send it into conference with the House. If work on it is not completed by tonight, he promised a Saturday session.

The Senate worked more than 11 hours Thursday on the measure, which President Eisenhower tagged as the most important piece of legislation since the war. It would free world strength and security, it handed him important triumphs on these four votes:

1. A 55-27 DEFEAT of an amendment by Sen. Long (D-La.) to cut the bill to \$2,750,000,000 the sum Congress appropriated last year.

2. A 50-38 defeat of an amendment by Sen. Bridges (R-Mich.) chairman of the Senate Republican Policy Committee, to cut off all aid to Yugoslavia.

3. A 45-43 defeat of an amendment by Sen. Young (R-Iowa) to clamp import quotas on textiles from products in surplus in this country.

4. A 52-36 defeat of an amendment by Sen. Olin (D-Iowa) (DSC) to put a temporary import quota on textiles.

All of the roll calls cut across party lines. On the bitterest dispute of the session, the Yugoslav amendment, more Democrats than Republicans supported the administration. The Bridges proposal was defeated by votes of 29 Democrats and 21 Republicans. It was supported by 23 Republicans and 15 Democrats.

Joliet Man Held As 1 Of 2 Robbery Suspects, FBI Seeks Third Man

CHICAGO (UP)—The FBI said today that two men who robbed the Lake Villa, Ill., Trust and Savings Bank of \$4,172 on June 7 have been seized, and a third is being sought.

In custody at Oregon, Ill., is Edward Lee Arnold, 28, of Kenosha, Wis., charged with burglary following his arrest Tuesday.

Field in Chicago by the FBI is Edward Clarence Bond, Jr., 30, of Plainfield, Ill., who was seized Thursday night by FBI agents. Bond operates the Joliet-Lockport Auto Wash at Joliet.

Joseph L. Schmit, assistant agent-in-charge of the FBI's Chicago office, said that Edward W. Riley, 23, of Kenosha, owner of a fleet of automobile carrier trucks, is sought as a third participant of the Lake Villa holdup.

SCHMIT IDENTIFIED Riley as the driver of a getaway car. The FBI agent said that the seizure of Arnold by an Ogles County deputy sheriff, Edward Lang, and an Oregon policeman, William Burritt, provided the major break in the hunt for the bank robbers.

Arnold was caught, Schmit said, as he fled the scene of a burglary in Oregon. He was later questioned by FBI men.

Barge Blast Damage Set At \$1 Million

SAN FRANCISCO (UP)—An oil barge blew up Thursday night, burning two crew men into the water and spreading a fierce fire along a pier.

Two fire boats and dozens of fire department pieces quickly controlled the dangerous blaze on the San Francisco waterfront at Mariposa Street.

About 75 men in three quick blasts, said John de Haan, 49, crewman on the Navy oiler Kern, anchored nearby.

He said the Tidewater Associated Oil Co. barge was unloading fuel oil.

"A man was blown off the barge by the blast, and I pulled him out of the water," he said. He was Alfred Johnson.

Stewart Ford, ambulance attendant, said Johnson was taken to San Francisco Hospital with first, second and third degree burns on the face.

FRED WITTER, 50, also pulled from the water, was taken to the hospital with severe burns.

Fire Chief Frank Kelly estimated overall damage at a million dollars.

The blast shot flames 400 feet into the air and the fire lashed through windows of the Triple A Machine Shop on the shore end of the pier.

About 75 men working on the machine shop's night shift fled safely.

"I heard it like thunder—boom—boom," said Hubert Martinez, 30, sheet metal foreman. "We saw flames coming through the windows, and we ran out."

Aroma To Vote On Fire Tax Rate Saturday

AROMA PARK (JNS)—Aroma Township officials who are seeking to increase the tax rate in order to purchase a new fire truck for the Aroma Township Fire Protection District, which received the public's answer Saturday.

Arroma residents will go to the polls from 6 a.m. to 5 p.m. in the Village Hall Saturday to decide whether or not the fire district tax rate will be increased from 6.48 per \$100 valuation to 12.50.

Officials said the figure pertains only to the regular revenue raised for the district not the total county rate.

Such a tax increase, according to the Rev. Henry Cox, chairman of the election committee, would raise the tax rate to \$1.80 per \$100 taxes paid to the county treasurer.

The district now owns two trucks, one 10 years old and the other 7 years old, neither conforming to state requirements, according to the Rev. Mr. Cox.

The other two trucks were with Jordan and Syria.

Blame Mom, Dad For Students' Orneriness

WASHINGTON (UP)—Schoolteachers replying to a nationwide survey let fly at parents today as mostly to blame for a list of student misdeeds ranging from drinking to profanity, cheating and impudence.

The teachers, quizzed by the National Education Association, said they believed student drinking had "definitely increased" in the past 10 years, along with classroom insolence and failure to carry out assignments.

Most of them, however, made it clear they think most responsible parents, unsatisfactory home conditions (low income, broken families, etc.) and lack of supervision because of mothers working.

More important than any of these, in the teachers' opinion, were lack of special classes for retarded children and overcrowding of schoolrooms in general.

Replies indicated that misbehavior is likely to double when a class goes from 20 to 40.

The Israel council asked no action by the council, but it was the most serious charge to be brought to the U. N. itself by any Middle East power since Secretary-General Dag Hammarskjöld's April 1956 report.

Members of the Security Council received a letter from Israeli delegate Mordechai R. Kidron charging that Egypt authorities had officially informed an Israeli-bound Greek ship that it would be permitted to pass through the canal whose custody recently was surrendered to the Cairo government by Britain.

Kidron's letter contained reports that the Egyptians also had seized the cement cargo of the Greek vessel and had instituted proper court proceedings to seize it.

Club Marks Anniversary; Elect Officers

"It's better to be a geysier than a mudpate," Dr. Leroy Brown of a Dale Carnegie College and a Dale Carnegie course instructor said as he presided at the anniversary dinner of the Kansas City Dale Carnegie Club International Thursday evening.

Dr. Brown used these warty terms in a speech on "Enthusiasm" during a dinner which marked the first anniversary of the Kansas City Dale Carnegie Club International.

We must have enthusiasm, Dr. Brown stated, to convey our thoughts and ideas regardless of what occupation we follow. "You must light a fire within yourself to get people to listen to you," he pointed out.

One of an individual's greatest abilities is to be able to arouse the enthusiasm and interest of other persons, he said.

During the election of officers for the local club R. James Kortbein was named president; Annette Boudreau, vice president; Mrs. Della Miller, secretary; Irving Maercker, treasurer, and Richard W. Chinch, lieutenant governor in charge of inter-club relations.

ABOUT 45 PERSONS attended the anniversary meeting. Kansas City Mayor and Mrs. Ed P. Madison were special guests and the mayor made a short talk. Kortbein was master of ceremonies.

A birthday cake with lighted sparklers wheeled into the darkened room featured the first anniversary celebration.

Mrs. Maggie Long, 86, Formerly Of Aroma Park, Dies

Mrs. Maggie Long, 86, former Aroma Park resident, died Thursday at the home of a daughter at McHenry.

Funeral services will be held at 9 a.m. Monday at St. Mary's church at McHenry and burial will be in the St. Anne cemetery. Friends may call at the home of the deceased, Mrs. Long, at 1100 S. 10th St. at 11 a.m. Saturday and through Sunday.

Mrs. Long was a native of Germany, moving to this country when she was 15. She lived for a short time at Monmouth and then resided at Aroma Park until about 14 years ago.

She is survived by sons, Joseph and William Long, Aurora, daughters, Mrs. Fred Eckhardt, McHenry, Mrs. Clyde Golding, Limestone Township, Mrs. Rose Huss, Mrs. Harry Sauer, both of Aurora; 14 grandchildren, nine great grandchildren and two great great grandchildren.

She was preceded in death by her husband, Frank H. Long and a son, Philip.

Gas Storage Co. Transfers 2 Men

The Natural Gas Storage Co. of Illinois, which operates the storage facilities at Herscher, has announced the promotion of Lenore C. Fochner to the position of senior engineer.

Fochner will be responsible for all storage activities at Herscher and for exploratory work for new storage facilities elsewhere.

Herscher will remain headquarter engineer for Fochner's activities until about Sept. 1, when he will move to Joliet.

The new district superintendent of storage at Herscher will be Wendell C. Gibson. He is being transferred to Herscher from the storage company's affiliate, Natural Gas Pipeline Co. of America. He has been district engineer in Kansas for the pipeline company.

9 Persons Cited On Traffic Charges

Nine persons were cited or fined on traffic charges in Police Magistrate Paul Davidson's court Thursday evening with traffic violations providing most of the causes of action. The cases also reflected continuing enforcement of speeding laws by state police and close observation of violations within the city by Kansas City police.

Speeding cases include: Kathleen Wilson, 33, 407 S. Alma Ave., \$10 fine; Alvin Breiman, 24, 2343 Calista St., \$14 fine; Carl E. Coy, 19, 931 S. Fourth Ave., \$20 fine; Joe Szwarczewski, 36, 614 N. Dearborn Ave., \$10 fine; Arnold G. LaFrance, no address listed, \$10 bond forfeiture; Charles A. Jackson, 23, 529 N. Cottage Ave., \$10 bond forfeiture.

Earl Sanders, 37, 7 S. Dearborn Ave., forfeited \$50 bond on a disorderly conduct charge. Bert Cobleigh, 66, Haleah, Fla., forfeited \$10 bond on a charge of disobeying a traffic signal and Newell B. Phillips, 47, Gary, Ind., forfeited \$10 bond on a charge of disobeying directions of a police officer.

BIKE PARKING PROBLEM. BANN ARBOR, Mich.,—Bicycles, not automobiles, have provided the University of Michigan with a mammoth parking problem.

Survey shows the two-wheelers are the most popular form of campus transportation. But students are grumbling because only 1,500 parking spaces are provided on the campus for more than 4,000 bikes.

Rotarians Hear Talk On Ear

A motion picture show on the ear gave Kansas City Rotarians an opportunity "to see how they hear" at the luncheon meeting Thursday. The film was presented by Dr. R. K. Judd who told the Rotarians that deafness is one of the major health problems in the world. He said that "a tremendous amount" of research is going on and much has been accomplished in the past few years.

Dr. Judd explained that sound vibrations in the air are converted into fluid impulses in the ear which in turn are converted to electric impulses which reach a certain portion of the brain. The highly technical film showed the operation of the ear and its various parts and also certain types of diseases of the ear.

The film traced the medical research and progress that has been made during the past 400 years. The sound track of the film was so arranged as to permit the audience to hear low tones and high tones as they are heard by persons with defective hearing.

President Edwin W. Sale announced that installation of new officers will take place at next Thursday's meeting of the club.

Monthly SS Payments Now \$186,551

Old age and survivors insurance benefits amounted to \$186,551 per month in Kansas City at the end of 1955, Harold Whiteside, Social Security Administration district manager in Joliet, reported today.

A total of 2,122 retired workers in the county were getting \$126,673 monthly; 538 widows and dependent husbands were receiving \$18,012 monthly; 331 aged widows, widowers and parents were receiving \$15,099 monthly; 18 survivors of deceased insured workers.

Monthly payments of \$36,307 for 634 widowed mothers and minor children in the county accounted for 14 per cent of the total monthly benefits, Whiteside pointed out.

HE SAID MANY persons thought the old age and survivors insurance program as providing protection only for older men and women, but he said it is also a program benefiting youngsters.

At the end of 1955, about 1,275,000 children in the nation under age 18 were receiving monthly benefits under the old age and survivors insurance program as dependents of insured workers.

Whiteside said about four times as many orphaned children receive benefits under the old age and survivors insurance program as under the dependent children program.

In the nation, almost 300,000 mothers of children under age 18 were receiving monthly survivors insurance benefits under social security at the end of 1955, Whiteside continued.

WHITESIDE SAID mothers and children in nine out of 10 American families can receive monthly survivors insurance benefits, if death should take the family breadwinner.

More than half of all young children in the continental United States whose fathers have died were receiving social security benefits at the end of 1955.

"With the bringing in of many groups of employed and self-employed persons previously excluded from the program, the number of insured workers has increased to 155, according to Whiteside."

He said an estimated 68 million persons had taxable earnings under the program in 1955. Some 70 million workers were insured as the year came to an end.

From First Lieutenant's Wife To First Lady

Ike, Mamie To Celebrate 40th Wedding Anniversary At Farm

WASHINGTON (UP)—President and Mrs. Eisenhower will celebrate their 40th wedding anniversary at their farm Sunday in a setting far removed from the two-room Army quarters where they set up housekeeping as a first lieutenant and his 19-year-old bride.

The President and first lady will observe the anniversary with an exchange of personal gifts. But probably the one thing making each happiest about the date is their stay at the Gettysburg, Pa., farm itself—a further step in the President's recovery.

MR. EISENHOWER'S "promotion" to the farm house from Walter Reed Hospital could give them the same kind of boost they felt when his promotion to first lieutenant came through 40 years ago on their wedding day.

Mr. Eisenhower's convalescence at the white frame and fieldstone farm house, incidentally, may well be longer than the 10 days leave he got for his honeymoon back in 1916.

Then, tension on the Mexican border and a rising threat of war with Germany kept the honeymoon short and also caused the young couple to move up their wedding from November to July.

Mr. Eisenhower then was a 25-year-old officer, fresh from West Point on his first Army assignment at Ft. Sam Houston, Tex. The moved-up wedding meant the successful end of his campaign for the hand of Denver's popular Mamie Geneva Doud, the campaign had begun less than one year before.

LT. EISENHOWER met his future bride when her family was spending the summer of 1915 in San Antonio, just a few miles from his Army post. The persistent young officer soon narrowed the field of competition and they became unofficially engaged on May 19, the day of the President's 21st birthday.

The official engagement was announced St. Patrick's Day, but by that time Lt. Eisenhower had stretched his \$167 a month salary to buy his fiancée a ring with a small diamond cluster.

MAJ. GEN. and Mrs. Leonard D. Heaton will be the President's house guests during the weekend. Heaton, commander of Walter Reed Medical Center, performed the surgery on the President.

Hagerty explained that the Heaton family has been married 30 years on Saturday. The President and the first lady celebrate their 40th anniversary on Sunday.

The President planned to do some stargazing to walk out of the hospital Sunday.

Ike To Leave Hospital For Gettysburg

WASHINGTON (UP)—President Eisenhower plans to leave the hospital Saturday morning and spend "at least two weeks" convalescing at his Gettysburg, Pa., farm, the White House announced today.

White House Press Secretary James H. Hagerty said so far as he knows the President "will not make a statement" when he leaves the Walter Reed Medical Center about 6:30 a.m. CST.

Reporters had asked Hagerty about a statement, on the possibility that the President might have something to say about his second term intentions.

Hagerty said he plans to issue a "final medical bulletin" on the President's condition just before Mr. Eisenhower leaves the hospital.

The President entered the hospital June 8 and underwent major surgery the following day for an intestinal block.

Mr. Eisenhower will accompany the President to the farm.

HAGERTY SAID present plans are for Mr. Eisenhower to stay at Gettysburg for at least two weeks.

He said the President will not have any last-minute news conference with the President's physicians.

Maj. Gen. Howard M. Snyder, the President's personal physician, will accompany Mr. Eisenhower to Gettysburg and remain there with him.

MAJ. GEN. and Mrs. Leonard D. Heaton will be the President's house guests during the weekend. Heaton, commander of Walter Reed Medical Center, performed the surgery on the President.

Hagerty explained that the Heaton family has been married 30 years on Saturday. The President and the first lady celebrate their 40th anniversary on Sunday.

The President planned to do some stargazing to walk out of the hospital Sunday.

Rites Monday In Mombasa For Mrs. Leonia Barry, 64

MOMBASA (JNS)—Funeral services for Mrs. Leonia Barry, 64, of Calumet City, who died Thursday night in the Cook County Hospital at Chicago, will be held at 10 a.m. Monday in St. Patrick's church.

The Rev. John Driscoll will officiate and burial will be in the church cemetery, Canaday-Boos. Funeral home is in charge of arrangements.

Mrs. Barry was born Nov. 3, 1891, in Iowa. Her husband, Edmund, died in 1946.

Surviving are children, Mrs. Helen Florer of Hammond, Ind., and Mrs. Joan Trumble of Calumet City, and seven grandchildren.

Friends may call at the funeral home after 2 p.m. Saturday.

AT SAMUELS

OF THIS NUMBER, 32 million are permanently insured and can qualify for old age benefits at age 65, regardless of future employment. Likewise, in event of death, their survivors can qualify for monthly benefits, lump sum death payments or both.

When a worker retires or dies, he or his survivors should visit phone or office the Joint Social Security office for assistance in making claim for benefits, Whiteside said.

"The social security office should be contacted when a worker reaches 65, regardless of retirement, when he reaches 72, regardless of earnings; when an insured member in a family dies; and when a worker becomes totally disabled. For any helpful employment or self-employment," Whiteside concluded.

BULLETIN

SUNNINGDALE, England (AP)—Margaret "Willie" Smith, 19-year-old golf club secretary from St. Clair, Mich., won the British women's amateur golf championship today by defeating Mary Patton Janssen of Chalfontville, Va., 5 and 7 in the first All-American final in the history of the tournament. Miss Smith was the first American ever to win the title.

Miss Smith, a husky power-hitter who outdrew her rival by as much as 40 yards, was two up at the end of the morning round of the 36-hole final over the 6,002-yard Sunningdale course. She won the first five holes of the afternoon round to gain an insurmountable lead and was seven up through the 27th.

She won the 27th to get eight up with eight to play then closed out the match by getting a half on the 28th.

Hold Conference On Christmas Seal Program

Representatives from six counties attended a Christmas seal sale and program planning conference in Waukegan Thursday.

Present were some 32 full and part time tuberculosis association executives, volunteer workers and seal sale chairmen. Attending from Kane County were Stanley Manner, vice president of the county TB group, and Leonard Simon, recently appointed executive director.

Former Kentucky Senator, 58, Dies

LEXINGTON, Ky. (AP)—Thomas G. Underwood, 58, editor of a Lexington newspaper and former United States senator, died today. Underwood died shortly after 9 a.m. at St. Joseph's Hospital where he had been a patient 10 days.

He became ill June 19 while en route to Louisville to attend the Democratic State Central Committee meeting.

As a student, Underwood worked on the Lexington newspaper writing sports and political news. He later became managing editor, general manager, and in 1936 succeeded the late Desha Breckinridge as editor.

State Police Arrest 27 Auto Drivers In Bradley

Twenty-seven traffic tickets were issued Thursday as a four-man team of state police ran a radar check on traffic at the north edge of Bradley on Route 54.

All but three or four of the citations were for speeding; and the others were for illegal mufflers.

The highest speed recorded by the radar device, located in an unmarked state police car parked alongside the highway, was 60 m.p.h.

Sgt. Eldon Murphy operated the radar. About two blocks south of the radar, patrolman Elmer Nelson, Carlyle Gunther and John Tompkins had their cars parked.

When the radar recorded a vehicle exceeding the 45 m.p.h. posted speed limit, Murphy notified the other officers by radio and they halted the motorist.

The check was run from about 6 to 9 p.m.

Do Students Behave? Teachers Give Reply

Have young people of the Kankakee area and elsewhere "gone to the dogs"? The National Education Association says not, and quotes the results of a survey to prove it.

The study provides ample evidence that the great majority of boys and girls are not juvenile delinquents. Nearly two thirds of the public school teachers of the nation report that trouble makers account for fewer than one in every 100 of their pupils. Most of them describe youngsters as being "reasonably well behaved."

While the situation for the nation as a whole turns up in a rather favorable light, sheer bigness of the education enterprises and trouble with youngsters seem to go hand-in-hand. Teachers in big schools and in big classes reported significantly more trouble with pupils than those in smaller schools and small classes. Evidence indicates that when class size moves from 30 to 40 pupils, problems tend to double.

Three acts of misbehavior—impertinence and discourtesy to teachers, failure to do assignments such as homework and drinking intoxicants are definitely occurring more frequently now than ten years ago, the survey showed. These, plus stealing of a serious nature, sex offenses and cheating on homework are definitely occurring more frequently than 20 years ago, it was learned.

Factors most frequently associated with misbehavior in school were ranked in this order of importance:

- (1) Irresponsible parents, (2) unsatisfactory home conditions, (3) lack of parental supervision, (4) lack of training in moral and spiritual values, (5) lack of special classes for academically retarded pupils, (6) lack of special classes for those of low intelligence, (7) overcrowded classes, (8) increased availability of automobiles to teenagers.

All this is a slightly different way of saying what discerning people have been pointing out for years—a good home makes a good citizen.

Living Costs To Rise With Steel Pay Boost

BLOOMINGTON PANTAGRAPH

The warning of John Morse of Bethlehem Steel that the American consumer will pick up the check for any steel wage increase was issued, of course, to strengthen his position in bargaining with steel workers.

That does not detract from the truth of the statement. New automobiles, heating plants, appliances and the like will cost more.

Highly organized groups like the 650,000 steel workers frequently manage to wield enough power over an industry to get substantial wage raises. When the increase is greater than their man-hour productivity increase, they take it out of the pay checks of the rest of Americans.

Furthermore, wage increases higher than production efficiency per worker cause others to seek increases. This leads to the inflation spiral. Wages go up and the cost of goods goes up.

Labor negotiators contend that the increases in pay come out of profits. There may be cases where this is possible. But the percentage of profits in most businesses and industry is not sufficient to absorb pay increases without taking money away from needed improvements and expansion.

Management charged with the responsibility of keeping the enterprise going is forced to add to the price of the product.

A steel wage increase is a wage decrease for the rest of the working force.

Holiday Traffic Will Be Heavy Around City

Holiday traffic on Independence Day, which falls on Wednesday, is expected to be almost as heavy, although limited in distance traveled, as over a long weekend.

So, if you are going to take a little trip "tadpole" trip, too. Traffic will be especially heavy in metropolitan areas since city residents will be spending their one-day holiday at the beaches, golf courses, forest preserves and picnic grounds close to home.

That will make city traffic as dangerous as when the holiday is on a weekend. Traffic experts figure that the number of motorists in the metropolitan area will be almost twice that of an ordinary summer day.

The safe course for Kankakee area people is to spend their holiday at their own golf courses, parks, picnic grounds and swimming places.

A Shift In Viewpoint Of Congress

WASHINGTON — Whether it be the will of the people or the confused thinking of their conscientious representatives here in trying to determine what to do in a distraught world, the Congress of the United States is saying some pertinent things these days which ought not to escape the notice of foreign offices everywhere, domestic and foreign, and prominent Americans returning from their travels abroad.

"Money talks," and, in this instance, it says a great deal. It tells the folks who have been shouting loudly that America is putting too much emphasis on "military alliances" that the Congress of the United States hasn't gone soft despite criticisms from the so-called "liberal" sources and from those Democrats who have been carping about how this country is throwing its weight around in a military sense.

It tells the folks who have been transparently seeking to drive a wedge between President Eisenhower and Secretary of State Dulles that their troubles in getting more money out of America do not happen to be concentrated in the executive branch of the United States government but in the Congress.

It tells the folks who have been weaving countries abroad, including certain allies and also certain so-called "neutral" countries, that maybe they have persuaded the Congress that it is unwise to rely on the "neutral" countries, that propaganda victories Communist Russia gets out of the "Yankee-gomora" slogans in Egypt or in Tunisia or elsewhere, the Congress of the United States is beginning to believe that the best way to protect this country is by intercontinental bombers, a strong naval air force with carriers fully equipped to carry all kinds of bombs, and a mobile force of ground troops.

Members of Congress cannot in the very nature of things become military experts, but they are swayed by events in the world that take on special significance to them. For weeks a few Democrats, with some traces of partisan motivation, have been regularly picking flaws in the foreign policy of the United States with a series of speeches. Whenever the Kremlin makes an open move to infiltrate somewhere, it is promptly blamed on Dulles, or on Eisenhower's illness, or on his lack of pressure on Congress. It is immediately urged, moreover, that there be a "re-examination" of our policies.

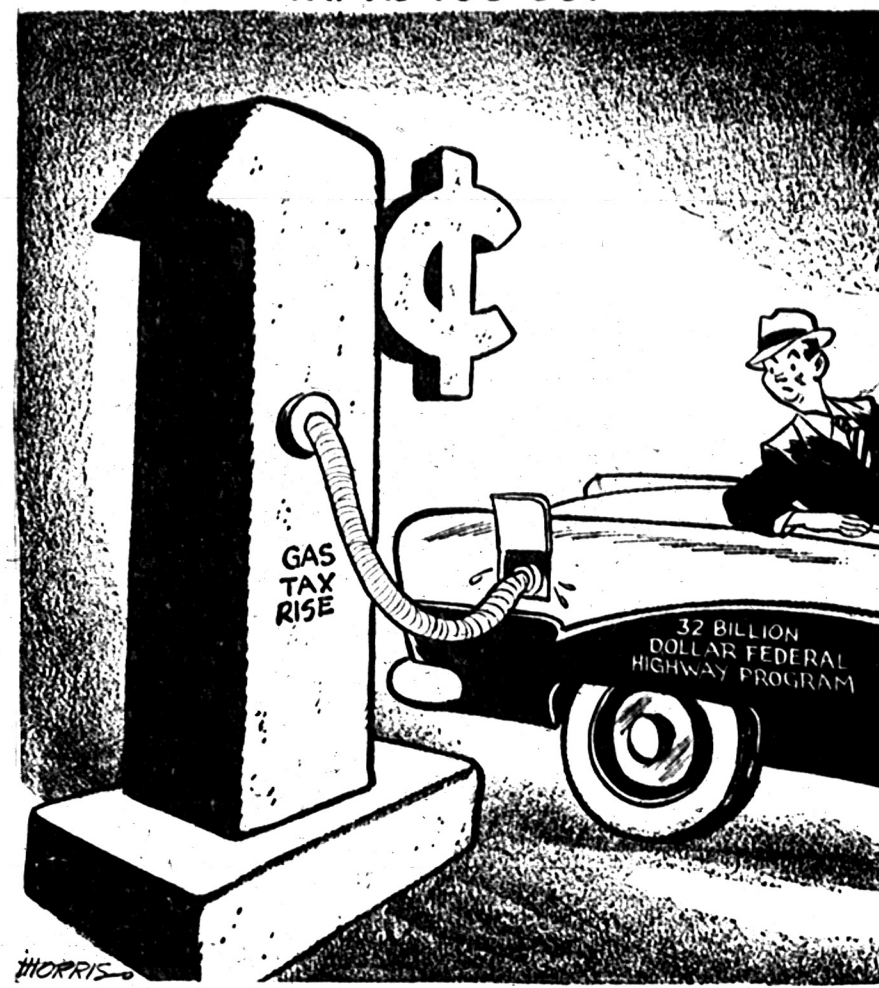

UNLESS, OF COURSE, the Democrats who are articulate on this subject really want the United States to get into a war in order to force the Communists to behave, there isn't much point in blaming the State Department for the aggressive acts of the Kremlin. But the critics who must really be disappointed over the attitude of Congress this week are those who have been extolling Nehru and praising his virtues as a "neutralist." They have been arguing that America should give more and more money to "win men's minds" in the "neutralist" countries. They have been complaining that the Southeast Asia treaties are actually inimical—as they do no doubt look to Nehru and the Communists—but they forget that these treaties mean to be a warning against further aggression when the Indochina truce was signed and means of discouraging any more Korean wars.

It is remarkable how soon those Americans who are thinking so much about the objectives of foreign countries can so readily forget the objectives of their own country. It seems to be fashionable to find fault with the American policies—the price of their cooperation with us.

BUT THE CONGRESS, irrespective of party, has spoken this week in a somewhat awkwardly, to be sure, and without a clear-cut explanation of what's back of it all, yet plainly on one point. For the legislators here in Washington are beginning to think a little more about the interests of the American people and not so much about the numerous petitions abroad who have been demanding more and more money at the price of their cooperation with us.

It's not an encouraging thing to see dissonance in the ranks here in foreign policy, but it is Congress and not in the executive branch where the "isolationism" has cropped up. And, of all things, it has emerged in the Democratic party, whose votes have gone to big money for defense of America instead of for defense of American military alliances abroad.

Lebanon Is Christian In Arab World

BEIRUT, Lebanon — Every Christian who has studied his Bible has read of the cedars of Lebanon, and how the wood from these famous cedar forests in the Lebanon mountains was used by King Solomon in building the Temple in Jerusalem.

The Bible also makes mention of Tyre and Sidon, two ancient cities which are still important communities in modern Lebanon.

It is said the forest of cedars reached in his travels was Sidon, a town noted for its day for being the terminal of the thousand mile pipe line which is used to pump Arabian oil across the desert to the Mediterranean, and for having 15,000 refugees from Israel living under miserable conditions in three tent camps near its borders.

Although Americans are familiar with Lebanon and its major cities from their early Sunday school lessons, few realize that today, after nearly 2,000 years, Lebanon is the only country in the Arab world which is predominantly Christian. There are said to be more Christians in modern Lebanon than there are Moslems, Jews and all other sects combined.

I MENTION THIS at the very outset for it seems to me that a definite bearing on the political attitudes of this tiny, prosperous country which is smaller than the state of Connecticut and has only 1.4 million people, exclusive of some 100,000 Palestinian refugees who are not accepted as citizens.

UNLESS, OF COURSE, the Democrats who are articulate on this subject really want the United States to get into a war in order to force the Communists to behave, there isn't much point in blaming the State Department for the aggressive acts of the Kremlin. But the critics who must really be disappointed over the attitude of Congress this week are those who have been extolling Nehru and praising his virtues as a "neutralist." They have been arguing that America should give more and more money to "win men's minds" in the "neutralist" countries. It's All In The Mood

Arthur Miller, the playwright, and forthcoming husband of Marilyn Monroe, if he is not such when this is printed, announced before the House Committee on Un-American Activities, were responses to his mood of the moment. The mood passed away slowly, not unlike Saul of Tarsus who saw a blinding flash on the road to Damascus, but slowly, and now the ardent Arthur Miller no longer has any associations with Communist activities. Therefore, as his mood has changed, he hopes the State Department will give him a passport to honeymoon in Europe with Marilyn Monroe which seems to be a delightful occupation for a comparatively young man.

Perhaps should Marilyn Monroe ever fade from Arthur Miller's mind, his mood will change again and he may return to his associations with the Communists. It is all in the mood. If Paris was a mood to Henry of Navarre, is not Marilyn Monroe worth a change of mood? Besides this is 1956 when the Italian, French and British Communists are wondering if Khrushchev has not taken Stalin's record and the "Daily Worker" publishes articles attacking Stalin similar to those which appeared in this column 20 years ago. In such circumstances anyone can change his mood without much loss of character.

MILLER MAKES a point that the artist, by which he means a playwright, must be treated differently from most other folks, because he is different, particularly as he always wants to advocate something. Now, that is a very good point and the substance of what has been the anti-Communist effort, known to its opponents, as blacklisting, the basis of that endeavor was to eliminate Communists and pro-Communist writers, directors and actors because of their advocacy of a cause which the others believe to be essentially evil. If an artist has the right to be a pro-Communist because he is an artist, then his opponent has an equal right to be anti-Communist and to advocate that cause.

The Fund For The Republic apparently disagrees with this point of view and takes the position that anybody should be permitted to advocate anything, even if the advocacy falls upon the ears of children who have not yet reached Khrushchev's maturity to know that Stalin was evil. Only the pro-Communists, however, can make real use of this privilege, because if the anti-Communists oppose the pro-Communists, they are interfering with the latter's rights. Most motion picture and radio audiences consist of immature children who somehow have come to believe that what they see and hear must be the truth because they saw and heard it.

MILLER'S POSITION apparently is that the playwright bears no responsibility for the damage to our culture or our civilization that may be a product of his mood and his desire for advocacy. Yet it seems to me that he needs to add responsibility to his formula. He makes the point that Dostoevsky would have had a difficult time in these days, because of objections to him in the United States and Soviet Russia. If Dostoevsky were a sincere man in our time as he was undoubtedly was in his own, he would have welcomed the opposition, no matter how unpleasant or even brutal, because those who believe in their ideals do not fear torture or even death for them. And fundamental beliefs are unrelated to effervescent moods; they are of the stuff that builds character.

There is this to say about Julius and Ethel Rosenberg, traitors, evil people: They went to their deaths for what they believed to be true. They did not bargain with the State Department for a passport to a honeymoon. They did not bargain with the FBI for their lives. It is all in the point of view. There have been pro-Communist, pro-Russian, pro-Stalinist and who gained much thereby in moments when such relationships were profitable, and who now turn on their former associates with a vindictive and consistent anti-Communist never showed. Some change at great personal sacrifice. Maybe they are sincere: Maybe they are making a record. Maybe they do not want to be picked up should we ever have discovered their errors. Who can ever know what their motives are?

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 8 or more, subtract 4. If the number is less than 4, add 2. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Remove Another Elm

The fifth elm tree to be removed from the courthouse lawn since the outbreak of Dutch elm disease here two years ago was being taken down today. Workers also trimmed another large elm half way up the north wall, and two others nearby have shown some withered branches. It was reported. Tree being removed today was infected last year. Four others were removed from courthouse square in 1953. In addition to numerous large elms, courthouse trees also include one oak, a few maples and ash trees, some Chinese elms, and some birch trees along the driveway south of the building. Workmen in photo are James Jenkins, 665 N. Roosevelt Ave. (Journal photo).

effect that these were only natural. He told the senators: "Each of the armed services has its own particular military philosophy and believes with certainty that it knows how wars should be fought and how they can best be won. This inevitably results in conflicting recommendations being presented to the office of the secretary of defense during our annual budget process."

across the nation businessmen and consumers girded for the worst. McDonald made his request for a meeting "at the summit" late Thursday night after Adm. Ben Moreell, chairman of Jones & Laughlin Steel Corp., defended the industry's five-year contract offer on a coast-to-coast TV program. "I believe that reasonable men can always settle honest differences," Adm. Moreell said, speaking on behalf of the 12 major steel producers.

Both McDonald and Moreell blamed the present stalemate on the other side and each left little doubt that the gap between them was a big one.

proposed Thursday night by Long, said it would "reduce all the chances we have of peace in the world."

LONG REPLIED that his amendment would not mean this country is abandoning its North Atlantic Treaty obligations, because more than nine billion dollars of foreign aid-carryover funds would remain in the pipeline. But he cast doubt on the value of the NATO alliance, declaring, "Those in charge of this program know as well as I know that many of those who are receiving our

Rules Of Safety Important To Water Sports Activities

Swimmers, Boaters Can Help Avert Tragedy

A MAJOR FACTOR in making swimming and water sports safer is the Red Cross water safety program. Typical of such classes is that "floaters" class being taught by Mary Beth Halblum.

SEVERAL IMPORTANT safety rules are shown in the two pictures above. At the left John Tait, 10 and Barbara Holley, 11, demonstrate one of the "don'ts" of swimming, that is, pushing or indulging in "horseplay" around the water. At the right, Dorothy Becker, 5, and Lily Jean McLeod, 7, demonstrate the Red Cross rule, "Don't use an inner tube to go in water over your head if you can't swim." And both pictures highlight another safety rule, "Don't swim any place unless there is a lifeguard or other qualified person available to help you."

Residents of Kankakeeland have been blessed with the benefits of the Kankakee River but it is an asset that can lead to tragedy if safety rules are violated.

The fact that safety rules are being violated is evident in the concern of the city and county governments, the Kankakee County chapter of the American Red Cross and the Kankakee Valley Boat Club.

The largest water safety project here is the swimming and water safety programs being carried on by the Red Cross. Because of it over 3,000 swimmers, mostly youngsters, will learn the essentials of swimming and water safety in

"BUT WATER safety extends beyond swimming. Of great concern to the Red Cross, boat club and city and county governments are the frequent reports of near tragedies caused by fast and reckless operation of boats on the river.

Recently a canoe carrying several persons who were unable to swim was swamped by the wake of a speeding power boat. In another case a man narrowly escaped serious injury in a collision of river craft. Another boater almost drifted over the dam when his engine failed and there have been other reports of boats going over the dam, especially when operated by someone unfamiliar with the river.

Water skiers have narrowly missed crashing into rocks or docks at the river's shore. Many persons, thinking to give their friends the pleasure of a boat ride, have overloaded their boats to the point where they endangered the lives of their passengers.

To correct these conditions a River Patrol has been organized. The men an's Club has purchased two life rings for the Belt Route, Schuyler and Washington Avenue and Station Street bridges.

TO HELP ENFORCE safe practices on the Kankakee River a River Patrol consisting of 10 men who are special deputy sheriffs has been organized. One of them, Roger Pallissard, is shown here in his boat with the patrol ensign at the bow of his craft.

The Red Cross is planning a school, in proper boat don'ts" of water and boating safety. The accompanying photos show a few of the "do's and don'ts" of water and boating safety.

Found in North America, the West Indies and South America, the fig cactus is planned where it will be in warm shade and, in cold weather, protected from the wind. The fruit is much eaten and cultivated in Southern Europe, the Canaries and northern Africa for its commercial value.

Mrs. Bellucci said this particular species originated in Italy. The fruit, she said, is available in some Chicago markets.

South Wilmington Royal Neighbors Hold Meeting

SOUTH WILMINGTON (JNS)—The Royal Neighbors met in the home of Mrs. Thomas Britton on Tuesday evening with Orville Mrs. David Gaddo presiding.

The business meeting was followed by a social period. Refreshments were served by Mrs. David Holden and Mrs. Gaddo.

Mrs. Edmund Berta received the mystery package.

MR. AND MRS. Albert Doglio Jr. are parents of a son born in the St. Joseph's Hospital, Joliet, on Wednesday.

Following choir rehearsal in the Methodist Church on Wednesday evening, members and their families met for a social hour and supper. A birthday cake was featured in observance of Allen Hansen's birth anniversary.

Mrs. T. Wayne Brehl is attending the School of Missions and Christian Service of the Women's Society of Christian Service of the Illinois Methodist Conference at Illinois Wesleyan University, Bloomington.

AT THE RIGHT—Pallissard shows essential equipment needed aboard a boat. The equipment includes: Coast Guard approved life preserver cushions, a "Mae West" life preserver, life rings, paddles, anchor and rope, horn and fire extinguisher. It is not compulsory to carry a fire extinguisher aboard all boats but it is a recommended procedure. Recently the Coast Guard has started checking boats here to see that they are properly equipped. Consumer Seen As Able To Cope With Price Rises

OPUNTIA, FIG CACTUS, prickly pear or Indian cactus—what ever name is used—is a beautiful fruit, according to Mrs. John Bellucci, 238 S. Quincy Ave., Bradley. Mrs. Earl Blefield, 248 S. Quincy Ave. (left), Mrs. Bellucci and her daughter, Betty, 11, admire the yellow blossoms of the cactus plant and anticipate eating the fruit. (Journal photo)

Expect Fruit From Cactus This Winter

The John Bellucci family hopes to enjoy the fruit of the prickly pear (or Indian) cactus before Christmas.

The cactus, set out by Mrs. Bellucci in the spring a year ago, has heavily blossomed and the fruit is beginning to appear. The flowers are yellow and reddish yellow and the fruit is pear-shaped.

Mrs. Bellucci describes the flavor as a combination of fig, pear and melon. The plant frequently is referred to as a fig cactus.

Plants are four or five years old before they begin to bear. Mrs. Bellucci said, and, in this climate it may be early winter before the fruit ripens.

GOOD NEWS FOR SAVERS! BEGINNING JULY 1st 2% Interest ON ALL SAVINGS

(Following is the second of two articles reviewing the state of business for the first six months of the year by Sam Dawson, Associated Press business news analyst. Dawson has been touring the nation to find out first hand what the situation is.)

SAN FRANCISCO (U)—Higher prices—creeping rise in the cost of living to new record high—is a strong probability for the consumer to reckon with in the last half of this year.

There's a good chance, however, that reckon with it can, if he's a persistent bargain-hunter. Because the competition will be high, and the promotion urge strong in the breast of the retailer.

THIS IS NO paradox. It stems from two things: Increasing production capacity on the other hand, and the keener rivalry for the consumer's dollar will make profit margin cutting and mark-downs a continuing fact.

For services the story is different. Signs point to still higher costs of medical care, fuel and transportation and a higher federal tax on gasoline. Already the cost of living overall has jumped up to equal the previous record high of October, 1953. It seems sure to go higher this fall.

WAGES ARE still pointed upward and total jobs, in spite of the much talked about layoffs in the auto industry, hover near record levels. The eleven round in wage increases since the war are bringing higher settlements this year than last. Many labor contracts have automatic wage increases written into them. Weekly earnings, in spite of loss of overtime and shorter work weeks for many workers, still put the figure for a year ago.

Honor awards are given on Friday evening.

26 Illinois Mental Health Agencies To Get \$559,280

SPRINGFIELD (U)—A location of \$559,280 to 26 agencies in Illinois mental health education and community services during the next fiscal year was announced Thursday by the State Welfare Department.

Director Otto L. Bettag said the state will provide about three-fourths of the funds and the remainder will come from federal mental health fund allocations to Illinois. Grants totaling \$478,980 will be made to 20 community mental health clinics to supplement local funds. In the domestic area the grants are:

Vermilion County Mental Health Unit, Danville, \$25,540; Macou County Mental Health Center, Decatur, \$8,000; Fox Valley Mental Health Center, Elgin, \$24,000; Will County Health Department, Joliet, \$12,000; Rock Island County Mental Health Center, Moline, \$25,000; McLean County Mental Health Center, Normal, \$22,000; Peoria Mental Hygiene Clinic, \$31,000; Adams County Mental Health Center, Quincy, \$18,000; Mental Health Center of Winnebago County, Rockford, \$23,000; Springfield Mental Health Center, \$46,000; and Champaign County Mental Health Clinic, Urbana, \$28,000.

NATIONALIST JUDGE DIES—THE HAGUE, Netherlands (U)—The death of Dr. Hsu Mo, Nationalist Chinese member of the International Court of Justice, was announced today. The court's registry said Dr. Mo, 58, died Thursday of a heart attack.

Personal income totals, therefore, seem sure to rise, barring such disasters as long strikes or a breakdown in the economic or international picture generally. Even farm incomes, long the weak spot, have firmed up some and hope is high that the long downturn has hit bottom.

AT MID YEAR the consumer shows definite signs of concentrating on paying off some of the huge debt load he shouldered in as eye arresting.

Urges Gifted Children Get Special Aid

NORMAL — Gifted children should be given special attention in our educational program, says Dr. Arthur Bestor, University of Illinois history professor.

He said Thursday night that "every American child of high intellectual ability should have an education equal to that of the best educational systems any place in the world."

He urged that certain changes in education policies be made to achieve this goal.

BESTOR MADE the remarks during a conference on public education at Illinois State Normal University.

Also discussing the question of education for gifted children were Dr. Richard Browne, executive secretary of the Illinois Teachers College Board.

He said that while "we should do everything possible to encourage both brains and talent" there is "no one path to learning."

"High school is the final schooling for 70 per cent of our young people," he added. "Our school system must provide a place for students who have talents that are not highly intellectual."

Hold Reception For Pastor Of Gilman Church

GILMAN (JNS)—A reception for the Rev. and Mrs. James H. Pursey will be held Tuesday evening by members of the Methodist Church in the church.

Robert Strough, master of ceremonies, welcomed Rev. and Mrs. Pursey, who responded with a short talk.

A program of several songs by the primary department, a reading by Mrs. Hortense Baxter, several songs by a quartet, and two solos by Mrs. Kendal Rowe was presented.

Refreshments were served at a table decorated with seasonal flowers.

McDonald Starts Divorce Action

SAN FERNANDO, Calif. — An actress Marie (The Body) McDonald, who divorced actor manufacturer Harry Karl in 1954 and remarried him in 1955, has sued him again for divorce.

Miss McDonald, confined to bed by complications of pregnancy, alleged extreme cruelty in a brief complaint filed Thursday.

A week earlier a divorce and child custody suit brought by Karl in nearby Santa Monica was dismissed. A property agreement signed by the couple gave the actress custody of their two adopted children, plus support and alimony.

Blare Recovering

HOLLYWOOD — Character actor Eric Blare, 70, who suffered a stroke at his home June 13, is reported in satisfactory condition at the Motion Picture Country Hospital.

He said that while "we should do everything possible to encourage both brains and talent" there is "no one path to learning."

"High school is the final schooling for 70 per cent of our young people," he added. "Our school system must provide a place for students who have talents that are not highly intellectual."

Sheldon Societies Hear Of Cuban Life

SHELDON (JNS)—"Cuba, its Customs, Peoples and Religious Life" was the topic of Mrs. Howard Washburn, Kentland, Ind., at a joint meeting of the Electric and Mary Martha Societies on Wednesday in the home of Mrs. Ernest Sipe.

Mrs. Washburn, a member of the Commission on Evangelism of the Presbyterian Church, traveled through Cuba in January.

She told of residing with a Cuban pastor and his wife.

Through an interpreter, she conversed with and visited in many Cuban homes.

Some homes were made of earth. One such home was approximately 24 by 15 feet and housed the parents and their 15 children, she said.

Other homes were well built with complete tile floors. The luxuries, which Americans take for granted, were found in the nicer homes.

Illiteracy was prevalent in Cuba with 43 per cent of the children not in school, Mrs. Washburn learned.

The Cuban people are trying to remedy this. Most churches of all denominations, have their own school. When a new church is built, a school is part of the plans, she said.

Travel was by foot. Cars were too expensive for the middle and poorer classes of people. Bus fare was also high, she found.

Mrs. Washburn soon noticed the lack of potatoes. Instead, rice and bananas were served in all forms and styles. Especially interesting to her was the banana chip, much like our potato chip. A thick, black, sweet coffee was served with two to three teaspoons of sugar was also new to her.

The most memorable thing of Mrs. Washburn's trip was not the beauty of the homes, good food or the simple principles of the Christian faith. This was shown by one person doing something for another, because the other had a need.

Mrs. Dorothy Odle, who presided over the business meeting, presented Mrs. Washburn with a gift, a book, "The Presbyterian Enterprise."

Mrs. William Dittoway was in charge of devotions, based on the book, "The Bible Speaks."

Refreshments were served by Mrs. Ernest Sipe, hostess. Mrs. Dorothy Odle and Mrs. Reed Cooper poured.

Reporter Bitten By Elvis Presley

CHARLESTON, S. C. — A Charleston newspaper sent a girl reporter to interview singer Elvis Presley Thursday night.

She took a picture of him sitting in his car.

He bit her on the hand.

"Hey, you, what's the idea? You trying to make like Marlon Brando or something?" he asked.

"I was only being friendly, like a little puppy dog," said Presley.

When the reporter explained it was the first time anyone had ever bitten her to show friendship, Presley replied:

"Lady, you want to get ahead, you gotta be different."

Whiteman To Try Rock 'n Roll Test

BALTIMORE — Paul Whiteman who has waved his baton in time to both jazz and the classics, will lend his prestige, if not the baton, to rock 'n roll.

Whiteman announced he will sponsor an R and R concert July 11 at Westport Stadium here. But he explained that he'll only be a master of ceremonies. Bill Haley, a pioneer in the rock 'n roll field, will do the leading.

If the try-out here, and one later in Jersey City, N.J., are successful, Whiteman said, he'll set up a nationwide tour with himself as M.C.

Royal Couple Seek Source Of Rumors

THE HAGUE, Netherlands — Queen Juliana and Prince Bernhard asked a commission of elders today to investigate the circumstances which led to publication of stories in the foreign press concerning their "family life and relations."

It marked the first open step by either the royal couple or the government concerning published reports of difficulties between the Queen and the German-born Bernhard over the Queen's relations with a 61-year-old faith healer.

The reports, first published by the German weekly Der Spiegel of Hamburg, said gray-haired Greet Hofmann, who claims God given powers to heal through prayer, had influenced the Queen, the faith healer was asked by the royal couple eight years ago to visit their youngest daughter, Princess Maria Christina, now 19, and, nearly blind.

Miss Hofmann, according to the reports, told the Queen the girl would recover her sight in two years. The faith healer moved into the royal palace and remained there until 1951.

Since then, contact between the Queen and the faith healer have been maintained through frequent visits. The child's eyesight did not improve, reports said.

A high-ranking government official emphasized that the commission would function without responsibility to the government.

Gilman Couple Purchase Farm

GILMAN (JNS)—Mr. and Mrs. Thurman Kuiper purchased the farm of Charles Green and his sister, Mrs. Clara Schilling, located north of Gilman.

The farm consists of 91 acres and adjoins the present Kuiper farm.

Green and his sister purchased the Verne Kuiper residence on Central street and will move to Gilman in the fall.

Green has been ill and was a patient in St. Mary's Hospital, Kankakee. During his illness, the neighbors planted his corn and soybeans and are taking care of the crop until he is able to resume work.

Wonder If Murder Victim Lost Fortune

HENNEPIN — A state's attorney Thursday speculated that a wealthy 60-year-old Granville trader, who was slain Sept. 26, may have lost his fortune.

An inventory of the estate of John S. Redshaw, who was reported to be extremely wealthy, was filed Thursday in Putnam County Court.

"WE KNOW that Redshaw had a collection of unset diamonds of fabulous value, most of which are missing and would be extremely difficult to trace," State's Attorney Walter D. Boyle said.

The inventory covered a wide range of jewelry, guns, art objects and thousands of miscellaneous items. The inventory included 520 guns of various types valued at \$4,042.75, musical instruments and art objects valued at \$6,965.33 and jewelry valued at \$32,370, Boyle added.

The only cash on hand was \$229.

Buster Shows O'Connor How To Take A Fall

HOLLYWOOD — A couple of fall guys were whooting it up on the old Paramount lot.

One was frozen — faced Buster Keaton, one of the great comics of the silent screen and knockabout artist par excellence. The other was young Donald O'Connor, himself noted for the fantastic falls he incorporates in his dance routines.

Donald is going to portray Buster in "The Buster Keaton Story," and he has been studying the old master, both from silent movies and in person. When I found them together on an empty movie set, they had been discussing and demonstrating some of their favorite stunts.

BUSTER commented that he had learned all his stunts in the land of the living.

"I never take it in my left hand, and of my head, the base of my spine, I'm not so good at it."

Drifting Nuclear Poison Would Kill Millions If Atom War Breaks Out

2 More Girls
Delegates To
FHA Convention

Judy Langhorst of Grant Park and Arlene Niebuhr of Crescent City are among the five Section 18 delegates to the national convention of Future Homemakers of America.

The convention will be held in Chicago July 2-6.

Miss Langhorst, daughter of Mr. and Mrs. Donald Langhorst, was a sophomore last school term in Grant Park High School. She was secretary of her local FHA chapter.

Daughter of Mrs. Mabel Niebuhr, Miss Niebuhr will be a senior in Crescent-City High School next school term. She is president of her local chapter and is Section 18 parliamentarian. This is the first time Crescent City will have a delegate at the national convention and a sectional officer.

Miss Niebuhr was vice president last year of the local chapter and was a delegate to the leadership training camp. She also is active in school chorus and dramatics club.

Plan Visit In Fall

NEW YORK (UP)—Prince Rainier and his princess, the former Grace Kelly, plan to visit America in the autumn, the U.S. consul-general to Monaco said today.

WASHINGTON (UP)—If the Communist nuclear war, hundreds of millions of persons living in the Red empire—and some

in bordering free nations—may be exterminated by the drifting death of radioactive poison housed by exploding American bombs.

This was the picture showing through the hazy testimony of the Army's chief of research and development, Lt. Gen. James M. Gavin, made public Thursday night.

A transcript of testimony given last month before the Senate subcommittee investigating air power disclosed this:

Sen. Duff (R-Pa.) asked what would happen if the United States strategic air force made an attack in force on Russia and a wind carried contamination outward from the bomb clouds also would extend "into the Japanese area, and down into the Philippine area."

NGAVIN REPLIED that "current planning estimates run on the order of several hundred million deaths."

Where the contamination fell would depend on wind direction, the general said. If it blew to the

southeast, the deaths would be mostly in Russia. (The population of Russia is about 193 million.) But the radioactivity fall-out from the bomb clouds also would extend "into the Japanese area, and down into the Philippine area."

The knowledge of this, Duff observed, should convince Russia

that it would not be "wise to start a nuclear war with our capacity" to retaliate.

The released testimony did not show whether Gavin was asked about the effect of Russian bombs on this country, but Sen. Symington (D-Mo) cited a magazine estimate that 110 bombs hitting this country could destroy or maim 10 million people.

THE PENTAGON had been fully aware of Gavin's testimony before

a closed-door session of the committee May 23.

But there was evidence of consternation today when it was realized that the general's predictions had been released for publication.

The defense Department's position was that Vice Adm. Arthur C. Davis, who was recalled from retirement to serve as censor of the testimony, had let the testimony stand without objection.

Carol Kelson Becomes Bride Of Roy Gafney Saturday

The Grace Methodist Church in Mokena was the scene of the double ring ceremony which united in marriage Miss Carol Kelson and Roy Gafney of Ellsworth Saturday at 2:30 p.m.

The Rev. Paul Wilson officiated before an altar flanked with white gladioli.

Mr. and Mrs. Albert W. Kelson of 212 S. Dixie Highway, Mokena, are parents of the bride. The bridegroom is the son of Mr. and Mrs. James Gafney of Leroy.

Mrs. Alice Hungerford, organist, accompanied Mrs. Arlene Gandoli as she sang "I Love You Truly," "Wonderful One" and "The Lord's Prayer."

Mrs. Hungerford also played "Because," "Meditation," "Adoration," "O Perfect Love," and "O Promise Me." Traditional processional and recessional wedding marches were used.

ESCORTED TO THE ALTAR by her father, the bride wore a chapel length gown of imported peignot French lace and nylon tulle underlined with slipper satin. The fitted lace bodice was styled with a scalloped portrait neckline and short sleeves. The bouffant skirt was fashioned with a front panel of petit point scalloped lace and a lace pouf effect over tiers of nylon tulle.

Her fingertip length veil of imported silk illusion cascaded from a matching headpiece embroidered with iridescent sequins and pearls edged with pleated tulle. Matching gantelets completed her ensemble. Her cascade arrangement was composed of white gladioli.

Miss Joan Hardy of Mokena was maid of honor. She was attired in a ballerina length gown of shrimp colored crystal tulle. The torso bodice was designed with small tufts at the waistline and a Sabrina neckline. The bouffant skirt was accented with a large bow in the back. Her face veil of silk was attached to a matching headband outlined with pearls. White caranations formed her cascade bouquet.

Bridesmaids were Miss Sandra Kelson, cousin of the bride, and Miss Joan Schaeffer of Mokena. Their ensembles were identical in styling to that of the maid of honor.

SERVING AS BEST MAN was Joseph Miller of Leroy. Lawrence Gregor of Ellsworth was groomsmen and Warren Leary of Ellsworth was usher.

Following the ceremony a reception was held in the State Normal Building of the church. Assisting with the serving were Mrs. Renata Kelson, Mrs. Lucia Hild, Mrs. Nancy Grundy, Mrs. Louise Carter, Mrs. Charlotte Wilson and Mrs. Warren Leary.

For a honeymoon trip to the Wisconsin Dells the new Mrs. Gafney chose for traveling a sleeveless white woven cotton silk full skirted dress with yellow "accessories" and a yellow carnation corsage.

Mrs. Gafney was graduated from Mokena High School and received her bachelor of science degree in education at Illinois State Normal University, at Normal. She is an English teacher at Ellsworth High School.

The bridegroom is a graduate of Ellsworth High School and served for two years with the United States Army. He is employed in the sales department of Union Asbestos and Rubber Co. in Bloomington where the newlyweds will reside at 1819 1/2 N. Park St.

Garlic powder is the ground dehydrated product of garlic cloves. Garlic salt is a mixture of garlic powder and table salt. Sometimes a starch is added to help prevent caking during storage.

Arlene Kay Laird Weds Ernest Yana Sunday

SHELDON (JNS)—Miss Arlene Kay Laird and Ernest Yana were united in marriage at 2:30 p.m. Sunday in the First Church of Christ here.

The Rev. E. S. Worley officiated at the single ring ceremony before an altar decorated with baskets of gladioli and candelabra.

The bride is the daughter of Mr. and Mrs. Ray N. Laird of Sheldon. Mr. and Mrs. Harry Yana, also of Sheldon, are parents of the bridegroom.

Miss Barbara Mayotte was pianist and accompanied the soloist, Miss Kendra Stephens, as she sang "I Love You Truly," "Through The Years," and "The Lord's Prayer."

Given in marriage by her father the bride wore a gown styled with a sweetheart neckline, an embroidered crystal tulle bodice, brief sleeves and a bouffant waist length crystal tulle skirt worn over a Dior hoop. Her mitts were of embroidered crystal tulle and a bandeau of similar material secured the fingertip veil. She carried a Colonial bouquet of white daisies. Her gown was made by her sister, Mrs. Marjorie Howell.

MAID OF HONOR was Miss Joyce Johnson wearing a tea rose crystal tulle gown cut on princess lines with a V-neckline. She carried a Colonial arrangement of rose daisies. Miss Dorothy Burns attended as bridesmaid wearing a blue ensemble identical to the other attendants in styling.

Wilbur Yana of Goodland, Ind., brother of the bridegroom, was best man; Albert Nagle and Warren Howell, brother-in-law of the bride, were groomsmen and ushers. A reception followed in the church parlors. Mrs. Marie Lichmyer of Otterbein, Ind., sister of the bridegroom, and Miss Marilyn Goodman, poured; Mrs. Howard Howell, brother-in-law of the bride, was usher; and Mrs. Paul Laird of Rensselaer, Ind., aunt of the bride, served the cake which was iced with white frosting and decorated with pink and white daisies.

Miss Helen Calkin and Miss 25.

Following a dinner meeting Sunday at 4 p.m., members of the Saturday Night Club met at the home of Mr. and Mrs. Harry Blessing of 308 N. Greenwood Ave.

The business meeting was conducted by Mrs. Everett Hartline, president. Plans were made for the anniversary party to be held July 21.

Mrs. Virgil Thompson and Mrs. Blessing were presented with birthday gifts from the club.

The Kankakee chapter of the Cancer Society made a total of 648 dressings at the Wednesday meeting in Beckers Fellowship Hall of the First Evangelical United Brethren Church.

Seventeen members and two guests, Mrs. Ernest Hedberg, Manhattan service chairman, and Mrs. Anna Eisenhuth of Kankakee, were present.

A lunch was served to the group at noon.

The next meeting will be July 25.

James Provancal Weds Irene Petges Of Lockport

The wedding of Miss Irene Elizabeth Petges and James Elmer Provancal was solemnized Saturday, June 16, at 11 a.m. in St. Dennis Catholic Church in Lockport.

The Rev. Henry Wilkening, formerly of St. Rose Church in Kankakee, performed the double ring ceremony before an altar flanked by bouquets of white seasonal flowers and potted palms.

Mr. and Mrs. Fred Petges of Lockport are parents of the bride. The bridegroom is the son of Mr. and Mrs. Elmer Provancal of 408 S. Greenwood Ave., Kankakee.

"On This Day Oh Beautiful Mother" was played before the ceremony and "Mother Beloved" and "Mother At Thy Feet I'm Kneeling" were selections played during the ceremony. Traditional processional and recessional wedding marches were also used.

ESCORTED TO THE ALTAR by her father, the bride wore a floor length gown of pure silk. The fitted princess style bodice was fashioned with a scooped neckline with long appliques and long sleeves. The bouffant skirt which was worn over a Dior hoop was styled with lace insets and extended into a chapel length train.

Her fingertip length veil was held in place by a pearl tiara crown. She carried a bouquet of white gladioli and a crystal rosary, gift of the bridegroom. Her jewelry was a pearl necklace.

Miss Marcella Peigen, sister of the bride, was maid of honor. She was attired in a walk length gown of coral tulle with a boat neckline. Her headpiece, gloves and jewelry were white. Her bouquet was composed of white carnations with pale pink roses entwined into carnations.

Bridesmaids were Miss Mary Provancal, sister of the bridegroom. Her ensemble was identical to that of the maid of honor.

CHARLES PETGES, brother of the bride, served as best man. Robert Schaler of Kankakee was groomsmen and ushers were Joseph Reiland and Dallas Ferris.

Immediately following the ceremony a reception was held in the school hall.

For a wedding trip to Indiana the new Mrs. Provancal chose for traveling a pink suit trimmed in white with white accessories. She wore a corsage of white gladioli.

The newlyweds are residing at 361 S. Evergreen Ave., Kankakee.

Mrs. Petges was graduated from Lockport Township High School. The bridegroom is a graduate of St. Patrick's high school and is employed with Miner Business Machine Co.

Several pre-nuptial parties were given in honor of the bride.

Back To The Farm For Gordon

Joe Gordon, Detroit Tigers baseball coach, packs his bags for the trip to his farm in Sacramento, Calif., after he resigned following a feud with Detroit President Walter P. (Spik) Briggs, Jr. Gordon spent 11 years as a major league player and was in his first year as Detroit coach after several seasons of supervising Tiger scouts on west coast. Now It's Redlegs' Turn To Get Hot

Slug Way To Top With Record Home Run Race

By THE ASSOCIATED PRESS
The Cincinnati Redlegs, long a second-class club, stand just six percentage points shy of the National League lead today with what may be the most powerful lineup ever in major league baseball socking home runs at a record-busting pace.

Never in the first division at season's end since 1944 (when they were third), the Redlegs continued their assault on the pennant and an all-time major league home mark as Smokey Burgess homered a three-run homer to cap an eighth-inning rally that beat the Pittsburgh Pirates 4-3 Thursday night.

IT WAS THE fifth of the season for Smokey, who shares the catching chores with young Ed Bailey, and the 100th of the year for the robust Redlegs. They now are four games ahead of the New York Giants' record 211 home runs in 1947, reaching the century mark in their third game.

With the three-game sweep of the Pirates — accomplished with three late-inning rallies — the Redlegs pushed into a virtual first place tie with the Milwaukee Braves, the only other game scheduled, the Cincinnati smacked four home runs to drop Brooklyn to third place. Dodgers two games behind the leaders.

DETROIT, with All-Star shortstop Harvey Kuenn hitting a pair of homers, broke its 11-game non-winning slump with a 4-0 decision over Kansas City.

FRANK ROBINSON got Cincinnati rallied Thursday night with an RBI single, his third hit of the night. Ben Burgess put it away.

The Pirates, who have lost 12 of their last 33 and now stand no better than 509 in fifth place, had taken four lead runs in the eighth inning, a three-run job, off starter Johnny Klippstein in the sixth inning. Tom Acker won his first decision of the season in relief while Luis Arroyo, who gave up the Burgess blast, lost it for a 2-2 mark.

THE LAST-PAGE Giants got their home runs from Foster Caserman, Jackie Brandt, Bill White and Daryl Spencer, pairing them in the fifth and eighth innings. Bill Sarni scored the run that broke a 3-0 tie in the sixth on a wild pitch by reliever Don Bessent, now 0-1. Mary Grissom won in relief—his first 1956 decision in 21 appearances.

Virgil Trucks hung a six-hitter on the last-place A's, piling up half of them in the seventh but escaping with his shutout intact. He's 3-3 for the season. Jack McMahon, making his first All-Star start coming to the A's from Pittsburgh, gave up four runs, two earned, in a two-run Tiger ninth.

SSAC To Play Streator Reds Here Saturday

The South Side AC will meet the Streator Reds at 2 p.m. Saturday at Alpiner Playgrounds. Ron Belluso will probably start on the mound for the South Siders. The Streator squad has racked up a 4-4 record this season. Jack Spraggon, who was recently released by the class B Clinton, N. M., team may start on the mound for Streator.

Pacing the Streator attack this year are Ron Crenkling, Bill McNulty and Ed Weyand. Crenkling is a top defense shortstop and McNulty a good year. McNulty is the sparkling left fielder and is rated as one of the best catchers in the Streator area. Weyand, an outfielder, has been blasting the ball as a fast clip this season.

It's Redlegs Against A. L. All-Stars

How They Line Up

NEW YORK—It will be Cincinnati against the American League in the All-Star Game at Washington July 10 with five Redlegs in the starting lineup.

Three more Cincinnati players, all handy with the home run bat, finished second in the final balloting as the fans decreed a complete turnover in the 1955 National League starting team.

First baseman Dale Long of Pittsburgh, third baseman Ken Boyer of St. Louis and right fielder Stan Musial of St. Louis were the only men capable of breaking Cincinnati's lock on the starting jobs. In each case the runner-up was a Redleg—Ted Kluszewski at first, Ray Jablonski at third and Wally Pott at right.

JOHN W. TEMPLE and Roy McMillan, Cincy's classy second and base-shortstop combination, won

Final totals were announced Thursday by the office of Commissioner Ford Frick after fan votes were counted by radio and television stations.

Chicago in — Dissatisfaction over the current method of picking starters for the annual All-Star baseball game was voiced by some baseball leaders in Chicago today.

President Will Harridge of the American League, Owner P. K. Wrigley of the Chicago Cubs, and Vice President Charles Comiskey of the Chicago White Sox gave their opinions. Some Chicago fans

meanwhile howled over failure of the vote to select Ernie Banks of the Cubs as the starting shortstop.

IT IS VERY likely that we will go back to having the 16 managers select the teams as they did in the first few years the game was played," Harridge said.

"Naturally the club owners as well as Commissioner Ford Frick prefer fan participation. We evidently didn't get heavy enough response to the poll nor was it distributed evenly enough to get a good cross section of balloting."

"I never thought very highly of 'it' poll anyhow," Wrigley said. "It always struck me that the ballots are pretty much of a whim. You vote for your own team's players or for some player who has caught your fancy at the moment."

COMISKEY SAID there were many "bad picks" in the American League as in the National circuit.

"I definitely disagree with the selection of Ted Williams, George Kell and Mickey Vernon," he added.

"Williams unquestionably ranks as one of the greatest hitters of all time," he said. "But the All-Star team should be composed of the best players of the moment. Williams was picked on his name and past reputation. And so were Kell and Vernon."

HE SAID HE believed Minnie Miñoso of the St. Louis Cardinals should be picked ahead of Williams. He also ranked Vic Wertz of Cleveland and

Spurned Dodgers Don't Think Much Of It Either

BROOKLYN (UP)—The Brooklyn Dodgers didn't think much of a National League All-Star team without one world champion on it.

They couldn't see the logic of five players from Cincinnati in the starting lineup chosen by the fans. That lineup is committed to play in the game at Washington, July 10, for at least three innings unless a player is injured.

"All I have to say is they better get those three innings over in a hurry or we'll be so far behind we'll never catch up," said Jackie Robinson.

Manager Walter Alton conceded the fans the right to pick whoever they want but said, "you'd think someone on our club was good enough to make the starting lineup."

"You can be sure of one thing—there will be some Dodgers in there before it is over," Alton said. "Look at last year's game—it was won by Stan Musial, a guy who wasn't in the starting lineup."

Musial hit a home run in the 18th inning to give the National League a 6-5 victory over the American League at Milwaukee in 1955.

Power of Kansas City ahead of Vernon and Al Rosen of Cleveland and Andy Carey of the New York Yankees above Kell.

He said he had no solution for the poll problem but that it is obvious that having the commissioner's office as the counting house won't do.

Best Of Breed At Grand Rapids

A German Shorthaired Pointer, Columbia River's Jeppers, owned by William H. Troup, 640 S. Small Ave., completed the point requirements for his championship last Saturday by going Best of Breed at the Grand Rapids, Mich., Kennel Club show. His championship is now awaiting official confirmation by the American Kennel Club. The two-year old pointer was handled throughout by Stanley Flowers, 1790 E. Patrick, a member of the Kankakee Kennel Club. The dog's record includes four major wins and four Best of Breeds.

Moose Try To Bring Big Time Softball Back Here

A number of outstanding softball teams in Illinois, Wisconsin and Indiana will visit Kankakee this summer to match talents with the Kankakee Moose nine.

The Moose softball team will play Saturday night games at Bird Park again: a long list of formidable foes.

In their first game Saturday night, the Moose nine will meet C and C Trucking of Joliet. Game time is 8:30 p.m.

THE C AND C crew at the present time tops the city league in Joliet. Here in Kankakee, the defeated Moose squad is at the top in the Kankakee Valley Softball League. Last year, playing under the banner of Bradley AC, the Moose men won the KV loop.

Cons of the KV loop, the Moose men have finished high in the national softball championship tournaments. Last year, playing under the banner of Bradley AC, the Moose men won the KV loop.

Lehigh Loss Gives Moose KV Loop Lead

The Moose took over first place in the Kankakee Valley Softball League Thursday night by posting their sixth straight victory as Lehigh was losing its first game of the season.

Lehigh was upset by Don and Larry's 12-8 and the Young People's Club nipped Sons of Italy 8-7 in games at Bonfield. At Bird Park, the Moose stopped Monmouth 12-6 and Tiny Tap trimmed winners Company A of the National Guard 18-6.

Carl Ostrowski scattered seven hits and struck out eight in pitching Don and Larry's past Lehigh. The Moose had a 5-0 record going into the game.

RUSSELL PETERS paced the winning attack with a home run while Del Toke and Del Schrieffer had doubles for the losers.

The Moose scored in every inning to keep its slate clear. Monmouth gave the league leaders a good tussle and had a 4-3 lead in the third inning and the score was tied 4-4 at the end of four.

Don Falkenberg blasted a two-run homer and Dick Rapp took a grand slammer to pace the winning attack. Hamann hit three-runners for the losers.

Joe Giaccone's single with bases loaded in the seventh inning drove across the winning run for the Young People's Club. The YPC had no come from behind in the last two innings to win the game. John Rickie's second home run of the night with two on in the sixth inning knotted up the game 6-6.

JIM SCIME and Ricken paced the YCP with three hits apiece.

Four home runs and 12 hits high-lighted Tiny Tap's runaway with Company A. Harry Turner pitched three-hit shutout in receiving credit for the victory.

Malack had two circuit clouts, both with bases empty. Tanner had a two-run homer in the third inning and Flatt hit a round tripper with bases empty in the sixth.

Pipin had three-for-four for the winners while Longton paced the losers with two-for-three.

The YCP was in line at 11-0 with the Moose at 11-0.

Public Service Boosts Industrial League Lead

Public Service increased its lead in the YMCA Industrial Softball League as the second-place Florence Stone and third-place Gould Battery dropped decisions Thursday night.

At Old Fair Park, Public Service trimmed Central Mills 14-9 and won the second game of the night. The six runs in the second came off of seven hits with Richard Donohue's home run the big blow. Ronald Chandler had a homer for the winners in the fifth.

Dairy Queen collected only two hits but had a 3-0 lead over Sinclair in the second inning. Sinclair scored twice in the third and three in the fourth to clinch the victory.

Tom Moriarty pitched the win while Don and Larry's paced the hitting with three-for-four.

VFW Loses 2nd In Row To Legion In B-B Little League

VFW, which a couple of days ago was in a tie for first place in the Bradley-Bourbonnais Little League, finds itself 15 games off the pace today following its second setback in two games.

The Vets were shelved Thursday evening by American Legion 9-0. The Legionnaires had previously won only three times in 10 contests.

The Legion got all nine of its runs in one inning, the second, which was climaxed by a grand slam home run by Robins. After that the winners never got a hit.

O'Connell, the Legion pitcher, scattered five VFW hits, only one less than the winners got off two batters, Childs and Skalsky.

3 Townships Award Road Contracts

Three Kankakee County townships and five Kankakee area villages held lettings Thursday for road construction and maintenance work under their motor fuel tax programs.

The township bids are for furnishing and hauling crushed stone to road beds which have been prepared by township highway commissions. Apparent low bidder for all three township projects was Lee Smith of Manteno.

In Manteno Township the bid of \$3,752.40 was on a section starting one mile south of the state hospital entrance and extending one mile east.

Ganew Township will build a section starting 2 1/2 miles south of Kinney's corner and extending one mile east from the blocktop. The low bid was \$4,787.25.

Essex Township will place two one-mile sections under construction. One starts at a mile north of Route 17 and two miles east of the Essex road and extends north one mile. The other starts three miles east of Essex and extends south one mile.

Sheldon Area Bams Burn To Ground

SHELDON (JNS)—Fire destroyed two barns on the Oak Wood farm Thursday afternoon.

The farm, operated by Lowell Swartz, is located about three miles northeast of here. It is owned by Mrs. Margaret Jarman.

According to witnesses, the blaze started in a hay barn and spread to the cow barn before firemen were able to arrive on the scene.

Workers were loading hay into the larger of the two barns when the fire started in the old hay. The cause has not been determined.

When Sheldon volunteer firemen arrived, it was too late to save either of the barns and efforts were put forth to keep surrounding buildings from igniting at 4 p.m. Thursday and the fire continues to smolder today.

Harold Marketto of the Sheldon volunteer fire department took charge of the fight in the absence of Chief Verne McKinnon.

Best Ever 4-H Club, Martinton, Attends Festival

MARTINTON (JNS)—Ten members of the Best Ever 4-H Club and their leader, Mrs. Steve H. Voigt, attended the annual Iroquois County 4-H Share The Fun Festival Monday night in Crescent City.

Those taking part in the program were Mary Ellen O'Donnell, Diane LeCocq, Nancy Calkins, Judy Wolf and Roseanna McCutchan, who appeared in a vocal number. Their piano accompanist was played by Virginia Hubert of Clifton.

Virginia Savoy played a novelty number on a toy electric organ. She was accompanied by Crystal Hubert of Clifton.

Other members attending the festival were Alice LaMontagne and Donna Anderson, Mrs. and Mrs. Richard Savoie and daughter, Barbara, Mrs. John Harkness and daughter, Lorraine, and Mrs. Barbara, Mrs. John Harkness and daughter, Lorraine, and Mrs. Barbara.

Bonfield 4-H Club Conducts Session

BONFIELD (JNS)—The Salina 4-H Club met Monday evening in Bonfield Grade School with three leaders, 19 members and five guests present.

Mary Lynn Kirchner gave a demonstration, "Yeast Bread." Donna Mae Voigt gave a talk on etiquette and Sandra Koerbs gave a talk on clean-up time.

Mary Lynn Kirchner led recreation. Patricia Buckman and Georgia Hland served refreshments. The next meeting will be on July 9.

A chicken barbecue supper was held Tuesday evening at the home of Mr. and Mrs. Stanley Voigt in observance of the birthday of Mrs. Richard Berghouse of Kankakee and Stanley Voigt.

Guests present were Harold Voigt of Lowell, Ind., Mr. and Mrs. Richard Berghouse and son Kim of Kankakee, Mr. and Mrs. Ralph Kirchner, Mr. and Mrs. Ben J. Kirchner, the Rev. and Mrs. Norman Christman and son Victor, and Nancy Jean Jimson and Bonnie Jean Strum, members of the Martinton Teenettes, sang "He," with a saxophone accompaniment by Jerry McCullough, member of the Martinton Dawn Busters Club.

Mrs. Virgil McCullough is leader of the Teenettes and Arnold Fockner is leader of the Dawn Busters.

Herscher Pals 4-H Club Holds Fifth Meeting

HERSCHER (JNS)—The Herscher Pals 4-H Club held its 5th meeting in the high school on Wednesday.

Twenty-one members answered roll call. Guests were Judy and Mary Morris of Kankakee.

Michael Hasbargen discussed the Value of Good Food in the Daily Diet.

Plans were made for a food sale to be held July 14. Plans were made for a picnic to be held soon.

Marcia Clement had charge of games. Those serving refreshments were Michael Hasbargen, Donna Feller and Marilyn Nelson.

The next meeting will be on July 11.

Boyle Wants Law For More Fat In Milk

WASHINGTON (JNS)—Rep. Boyle (D-Ill.) urged today that Congress pass a bill to require that all whole milk contain a minimum of 3 1/2 percent butterfat.

"Many unscrupulous milk dealers skim off much of the butterfat naturally present in milk before they put it on the market," the Chicagoan said. "It is the children who suffer from this practice." He is a father of eight.

The butterfat content of milk now is subject to state and local laws. State minimums range from 3.5 to 3.8 percent, Boyle said.

Connect Mains In Cullom Area

CULLOM (JNS)—The water was shut off in Cullom Tuesday morning to connections to new water mains in the new addition, west of the village, could be made.

JOE KOERNER, who had been a patient at Cole Hospital, Champaign, for six days, returned home Wednesday.

Thomas Whalen of Girard came Tuesday to visit Mr. and Mrs. Joe Koerner.

Herscher Lucky 13 Card Club Plans Picnic

HERSCHER (JNS)—The Lucky 13 Card Club met Tuesday evening in the home of Mrs. Vera Voltrath. The evening was spent playing cards. Lunch was served. The picnic will be held July 21.

Members of the fire department celebrated their annual steak fry in Herscher Park on Tuesday evening.

From the fund and the amounts included:

Cass, \$5.91; Du Page, \$6.50; Kane, \$3.28; Lake, \$10.68; Madison, \$1.87; Peoria, \$6.75; Platt, \$5.97; Rock Island, \$5.64; St. Clair, \$8.13; Stephenson, \$15.38; Tazewell, \$30.07; Vermilion, two fairs, each \$17.15; Will, \$32.91; Winnebago, \$9.07.

The legislation also provided restrictions on use of the fund by downstate agricultural fairs.

THE DOWNSTATE fairs' challenge was denied in Sangamon County Circuit Court, and the case was carried to the Illinois Supreme Court.

Stanard said attorney James C. Starned, Springfield, who represents the four downstate fairs which brought the suit, was among persons who asked that the fund be distributed immediately.

The Sangamon County Fair, one of those which brought suit, will receive \$51,837 from the fund for this year.

Stanard said, City Gen. Latham Castle ruled that the Agriculture Department could not hold up distribution of the money pending a Supreme Court decision, since a lower court already has upheld the fund legislation.

THE COOK COUNTY authority will receive \$1,777,586 from the fund this year.

Other counties receiving money from the fund and the amounts included:

Cass, \$5.91; Du Page, \$6.50; Kane, \$3.28; Lake, \$10.68; Madison, \$1.87; Peoria, \$6.75; Platt, \$5.97; Rock Island, \$5.64; St. Clair, \$8.13; Stephenson, \$15.38; Tazewell, \$30.07; Vermilion, two fairs, each \$17.15; Will, \$32.91; Winnebago, \$9.07.

New Accident Death Record Feared

By UNITED PRESS
The nation's traffic toll climbed at headlong pace toward a new record today, spurred upward by a flurry of multiple death accidents. Safety experts, studying record-breaking figures for the first five months, predicted the possibility that motorists would set a new high in traffic fatalities this year.

4 From Palatine Die In Barrington Truck-Car Crash

BARRINGTON (UP)—Four persons, including a 6-month-old baby, were killed Thursday when a truck loaded with scrap metal flattened their auto against a utility pole.

The truck driver and a 5-year-old boy in the auto were injured. The impact tore down electric wires which had to be moved before the bodies could be extricated. The truck was traveling on Ill. 68, a through highway, when it slammed into the side of the auto. The car was driving on Barrington Road which has a stop sign at the highway.

Dead were Annie Jacobson, 23, Palatine, driver of the car; Terry Roth, 34, Palatine, and two Roth children, Kenneth, 9, and Gale Ann, 6 months.

Dennis Roth, 5, was critically injured. Truck driver Leonard Tyson, 31, Chicago, was less seriously injured.
