Welcomed To Rocket Center

Jimmy Blackmon, 17, Charlotte, N. C., is shown being welcomed to the home of the Army's guided missile development program at Huntsville, Ala. Jimmy was invited to the Redstone Arsenal after tests showed the home-made rocket

which he developed was well-designed but defective. Greeting one another (from left) are William Davis and William Isbel, rocket and space enthusiasts; Jimmy and Jimmy's father, J. B. Blackmon. (AP Wirephoto)

Hooded Bandit Stages Service Station Holdups

A hooded bandit staged armed robberies at two Kankakee service stations early this morning and escaped with an estimated \$146.

The stick-up man threatened Jim Chamness, 27, attendant at the Sinclair Service Station at Court St. and Greenwood Ave. and Tom Kendrigan, 19, attendant at L. A. Legg and Son service station, 1710 E. Court St., with what was described as a .32 caliber automatic pistol.

Smith May Be Nominated For Veep Post

SAN FRANCISCO (UP) — The Republican National Convention will be asked to nominate Sen. Margaret Chase Smith for vice president "if a contest develops" over who should get the nomination.

The Maine delegation voted unanimously Sunday to offer Mrs. Smith's name as a result of Harold E. Stassen's drive against the re-nomination of Vice President Richard M. Nixon. Stassen is supporting Massachusetts Gov. Christian A. Herter for the post.

John F. Weston, chairman of the Maine delegation, emphasized that if Nixon's name alone goes before the convention, Mrs. Smith's name will not be offered.

U.S. Working On Deals To Sell India, Brazil Surplus

WASHINGTON (U) — Agriculture Department officials said today India is negotiating for purchase of about 400 million dollars worth of surplus farm commodities from the United States.

Payment would be in Indian currency, rupees. If the sale goes through, it would be the largest single foreign currency purchase of U. S. farm products.

A department spokesman also said Brazil is negotiating for between 70 and 80 million dollars worth of U. S. wheat.

Gwynn Garnett, head of the department's foreign agricultural service, said the deals have not been completed but acknowledged they have been under consideration.

Wheat, flour, rice and cotton are among the commodities reportedly considered in the negotiations with India. The sales price to India at current world prices is estimated at around 300 million dollars. This would be some 100 million dollars below the acquisition cost to the U. S. government under its price support program. The commodities would be delivered over a three-year period.

Crescent City Schools Off To An Early Start

Crescent City schools today got a running start on other institutions of learning in Kankakee. Both the grade and high schools opened this morning. Pictured above signing out books to Crescent City high school students is Lewis Shermann, principal.

India Outlines New Suez Canal Proposal

Paschen Warns He'll Fight Demo Ouster

CHICAGO (U) — Illinois Democratic leaders pondered a ticklish question today—should Herbert C. Paschen be retained or pressured into resigning as the party nominee for governor of Illinois?

Paschen, Cook County treasurer, left no doubt about how he feels about published reports that he may be asked to resign from the ticket.

Hodge Tells His Story About \$1.1 Million Swindle

Testifies As State Prepares To Sentence Former Auditor

SPRINGFIELD (U) — Orville Hodge took the witness stand Monday in Sangamon County Circuit Court and gave his version of the \$1.1 million dollar state check cashing swindle.

State's Atty. George P. Coutrakon, seeking a stiff state sentence against the former state auditor, called upon Hodge to tell why he diverted huge amounts of state money. Hodge pleaded guilty.

"I took the money because I wanted to make investments, and I needed it for political purposes," Hodge testified, "and my expenses were heavy."

He said he believes that he began to use state funds in April 1954. He said he discussed it with Edward Epping, his former office manager.

THE 53-YEAR-OLD Hodge said to Coutrakon after a series of rapid fire questions from the prosecutor, "I don't know why you're persecuting me, but I'll do my best if you'll let me."

Coutrakon had put several questions to Hodge as to motives for the fund scandal.

Several times during the testimony, Hodge's attorney, Arthur M. Fitzgerald, objected, calling the questioning of Hodge "unnecessary and absurd."

Coutrakon, addressing Fitzgerald, asked, "Are you afraid of something?"

"Tell us in your own words," the prosecutor said to Hodge, "what you had in mind; what was your plan?"

Hodge answered "I believe there were checks drawn upon certain companies, and they were cashed, and money was given to me to be placed in a bank."

Coutrakon: "Who decided on this plan?"

HODGE: "I suppose I did — I Continued on Page 6, Col. 2

GOP Aims To Win Control Of Congress

Ike Seen Needing Republicans To Push Legislative Program

SAN FRANCISCO (UP) — Republican lawmakers emphasized today that it will not be enough for the GOP to elect President Eisenhower. They said it must also recover control of Congress.

"A group divided on issue after issue is reduced to an angry debating society, impotent to act, incapable of planning for the future," said Sen. Andrew Schoepel of Kansas.

"So too, is a government when its house is divided on the basic issues for American good. That is why the nation is going to elect a Republican Senate and a Republican House this November."

Schoepel was among almost a dozen House and Senate members.

Illinois Delegates To Support Ike-Nixon

SAN FRANCISCO (UP) — Illinois' delegation to the Republican National Convention will support Eisenhower-Nixon ticket, according to its chairman, Morton Hollingsworth.

The 60-member delegation never has formally adopted a Nixon resolution, Hollingsworth said, but "our position has been quite widely known for some time—we're for Eisenhower and Nixon."

and Republican candidates for congressional seats, who took part in a panel discussion on "The Case for a Republican Congress" at the opening session of the Republican National Convention.

THEY SAID Mr. Eisenhower's program has been roadblocked by Democratic majorities that have controlled House and Senate since the 1954 elections. They urged Americans to give him this year a Republican majority in Congress.

Rep. Richard Simpson of Pennsylvania said, "I am for Eisenhower and Nixon."

Ike Supports Red China Visa Ruling

WASHINGTON (U) — President Eisenhower today gave his "full concurrence" to a State Department policy of refusing to grant valid passports to newsmen to visit Red China.

In an Aug. 7 statement, the State Department noted that some American newsmen had been invited by the Peiping regime to visit Communist China. The State Department promptly turned thumbs down on allowing them to go.

It gave as its reason Red China's delay in freeing Americans now in jail, in violation of a previous pledge to allow them to go home quickly.

West Expected To Frown On Program

LONDON (UP) — India proposed a new Suez plan today. It would give Egypt full rights to own and operate the Suez Canal aided by a consultative body of user nations which would have only advisory functions.

The plan was laid before the 22-nation Suez conference by V. K. Krishna Menon of India at a show-down fifth session that may indicate whether agreement can be reached on Western demands for international control of the strategic waterway.

At first glance, the Indian plan appeared to fall far short of what the West wants.

THE FIVE-POINT Menon plan proposed:

1. Revision of the 1888 Constantinople convention to ensure "just and equitable tolls."
2. Calling a conference of signatories of the 1888 convention and all user nations to consider revision of the convention.
3. Association of international users' interests with the new nationalized Egyptian Canal Co. "without prejudice to Egyptian ownership and operation."
4. Establishment of a consultative body of users on the basis of geographic representation and interests, charged with "advisory, consultative and liaison functions."
5. The Egyptian government to transmit to the United Nations the annual report of the nationalized Egyptian Canal Co.

Today's session opened 50 minutes later than scheduled to enable the Big Three Western foreign ministers to hold an urgent last minute huddle at the residence of the British foreign secretary.

Earlier, climaxing a morning of high-pressure, behind-scenes diplomacy, Soviet Foreign Minister Dimitri Shepilov conferred for 40 minutes with U. S. Secretary of State John Foster Dulles. British Premier Sir Anthony Eden held an emergency meeting with key cabinet ministers.

BRITISH FOREIGN Secretary Selwyn Lloyd called in the foreign ministers of Iran, Pakistan and Turkey to try to enlist their backing. Only Iraq was missing—a major gap since Iraq is the only Arab nation included in the Baghdad Pact.

TONIGHT'S GOP HIGHLIGHTS

SAN FRANCISCO (UP) — Tonight's program of the Republican National Convention, 7 p.m.

Address by National Chairman Leonard W. Hall.

Address by John C. Corneliussen, president American Heritage Foundation.

Address of temporary chairman, Sen. William F. Knowland (Calif.).

Keynote address by Gov. Arthur B. Langlie of Washington.

Pedestrian Is Killed On Rt. 66, Near Odell

Only Tentative Identification Made By Investigators

DWIGHT (JNS) — A tentatively identified man in his 70s was killed instantly Saturday night when he was struck by a car south of Odell. Authorities are still trying to make certain the victim's identity. Papers on his person indicate he is Thomas Tucker.

Included among the papers found in the man's pockets were income tax papers, an old insurance policy and a rent receipt.

The 1954 tax papers showed he worked in Detroit in that year. The rent receipt, May 4 to June 1, was addressed as Clinton street. No city was given. And the old insurance policy stipulated that his sister, Sarah Bullard, no address listed, was the beneficiary. Also in the victim's pockets was 25 cents in change.

TUCKER WAS killed while walking north on Route 66, four miles south of Odell, at 11:30 p. m. Saturday.

He was struck by a car driven by Lauren F. Abell, 216 N. May St. Aurora.

Abell told authorities his car was the second of two vehicles passing a third car while heading north on Route 66.

Abell said he noticed the car in front of him swerve. Then all of a sudden, a figure loomed in front of his car.

Tucker apparently had been walking north on the left side of the highway. The car's left headlight and fender struck him.

The impact lifted Tucker into the air. His head smashed against the windshield, which shattered. The body was thrown 34 feet and landed in the ditch.

ACCORDING TO authorities, Tucker was wearing dark clothing and carried a paper sack filled with personal items.

The body was taken to Behrendt Funeral Home, Pontiac. An inquest into the death will be conducted by Vernon Von Qualen, Livingston County coroner.

Stewart Grant, state police officer working out of Pontiac, was among the investigating officers. He said he had seen Tucker several times earlier walking along the highway.

In the car with Abell was his wife, his mother, a 6-year-old son and a 16-month-old son.

The Gals Will Wait Them Out

Bachelors Go Underground As Hubby Hunters Invade Island

FEJEOE, Denmark (UP)—Fejoe's bashful bachelors hid out today in a secret hideaway from a mass invasion by 350 determined husband-hunting spinsters.

They gathered in the hideouts prepared by Karl Alex Joergensen, chairman of the Bachelors' Club on this tiny South Zealand island. They said they intended to stay until the heat was off.

But the girls were determined. They said they'd wait.

"Things were getting a bit too warm for us, so we decided to come here until these girls go away," said Joergensen to newsmen—male of course—who tracked him down to the hideaway. "These

invasions are getting a bit out of hand."

MORE THAN 350 girls from Denmark, Sweden and Germany invaded Fejoe to look for a husband. The "Bachelors' Festival" organized by an enterprising Copenhagen advertising agency was paying big dividends.

The festival started Saturday evening and Sunday the island swarmed with women. Drizzling rain forced cancellation of an outdoor dance but didn't dampen the spirits of the girls.

"I'm here to get a husband and I'm staying until I do," said Elly Nielsen, 22, an attractive brunette. FEJEOE HAS THE reputation of

being the Danish province with the largest proportion of bachelors. Hundreds of them live in the island's two villages and work on the fishing boats in the Baltic.

Some girls were luckier than others. Mary Steen, a 36-year-old Copenhagen cook told newsmen at the boat landing that she was going home alone.

"We were three when we came here," she said. "But last night my two girl friends disappeared at a dance. I waited all day for them today, but now I've given up hope." Grete Sjoergren, 33, said she didn't even get to meet any bachelors. "I never thought they were such cowards," she said.

Nixon Backs GOP Plan To Pick 'Strongest Nominee' For His Veep Post

SAN FRANCISCO (UP)—Vice President Richard M. Nixon assured all comers today that he would welcome an open contest for second place on the Republican ticket.

Nixon hammered at this theme as he swung into another whirlwind schedule of meetings with state delegations to the GOP National Convention.

NIXON PUT in a 15-hour Sunday, conferring with top GOP leaders, paying a courtesy call on former President Herbert Hoover to talk over convention plans, and visiting informally with a number of delegations.

Nixon said repeatedly that he was not "campaigning" for the vice presidency, but that he would support any nominee who could win the election.

Nixon said repeatedly that he was not "campaigning" for the vice presidency, but that he would support any nominee who could win the election.

Nixon said repeatedly that he was not "campaigning" for the vice presidency, but that he would support any nominee who could win the election.

Name Stuben PTA Board Officers

Formation of the board of the Stuben PTA was announced today by Mr. and Mrs. Lloyd Hamner, couple president of the group. Officers and committee members who constitute the board are named on a couple basis including:

The 43-year-old vice president received roasting ovations from the Michigan, New York and Pennsylvania caucuses in a round-the-town swing Sunday night.

HAROLD STASSEN, meanwhile, found new delegates ready to back his drive to knock Nixon off the GOP ticket.

A United Press survey showed that Nixon had almost solid delegate backing.

Despite the Nixon bandwagon, Stassen worked into the early morning hours, trying to convince delegates to withhold any definite commitment to a vice presidential candidate until President Eisenhower comes to town Tuesday night.

Stassen hoped the chief executive would circulate a list of "considerable number" of vice presidential acceptable to him as a running mate. Stassen also hoped that such a list would include the man he is backing for the nomination, Massachusetts Gov. Christian A. Herter.

There was no positive information to back up Stassen's hopes, but he showed no outward signs of discouragement.

ONE OF THE largest groups to call on Stassen came from Massachusetts. Herter's home state. Of about 20 people, 6 actually were delegates. They said they would vote for Herter if Mr. Eisenhower expressed no choice. They pointed out, however, that they would not go against a recommendation by the President.

Stassen also talked with several delegates from the Middle West states, including Missouri and Kansas.

After a whirlwind day of television interviews, hastily gulped meals, a speech at the First Baptist Church at Oakland, a

Stevenson To Open Campaign With Labor Day Address

CHICAGO (UP)—Adlai E. Stevenson will open his campaign for the presidency with a speech at a Labor Day rally in Detroit's Cadillac Square. It was reported today.

Stevenson said the Democratic candidate would follow his Detroit appearance with a speech before the American Legion in Los Angeles sometime later in the week.

Other talks by Stevenson were scheduled Sept. 11 at the Liberal Party convention in New York and Sept. 12 at a \$50-a-plate fund-raising dinner in Harrisburg, Pa.

Cavaliers Win Mommence Corps Contest

MOMMENCE—The drum and bugle corps of the Chicago Cavaliers, Koscusko Post, fresh from winning the Illinois State Fair title, prevailed in the junior division of the Mommence Gladioli Festival drum and bugle corps competition Saturday night.

An estimated 6,000 ringed the Mommence High School athletic field to see the Cavaliers take the junior title in a real battle with Norwood Park and to see the Commonwealth Edison corps win the senior title. The competition closed out the three-day Mommence festival.

The Cavaliers scored 87.16 points to edge Norwood Park and its 85.3 total. Batavia was third with 79.5. Mel Tierney of Park Ridge was fourth with 76.66; the Windy City Cadets were fifth with 76.22 and the George L. Giles post was sixth with 73.43.

Runners up to Commonwealth Edison in the senior corps division was the Shavin Post of North Chicago. The winners totaled 84.4 points and the runners up 76.43.

Prior to appearing in the three-hour program Saturday night the drum and bugle corps and many other Legion post marching units joined gladioli floats and bands in the annual Legion parade through the streets of the city Saturday afternoon.

Festival officials said the throng that invaded the city for the parade constituted one of the largest crowds in the 18-year-history of the festival to see the Saturday parade.

In addition to having the Illinois State Fair championship drum and bugle corps in the lineup the parade also featured the No. 1 and No. 2 ranking color guards in the state in the Kankakee and Mommence Legion color guards.

Many state Legion officials appeared at the festival, the group not only including the present state commander but several past department commanders.

Although rain fell each day of the festival and threatened several of the outdoor events, the festival escaped without any postponements or cancellations because of the weather.

Flower show officials said that paid attendance at the gladioli show during the three days was slightly under 6,000 and that the estimated total attendance probably ran about 7,500 to 8,000. This was the first year the festival's gladioli show gained official recognition from the Illinois Gladioli Society as a regional show.

Funeral Thursday For Edward Wesel, 63, Rural Watseka

WATSEKA (INS)—Edward Wesel, 63, RR 4, Watseka, died today at 5 a.m. in his home following an illness of two weeks.

Mr. Wesel was born Jan. 1, 1893 in Germany; the son of Mr. and Mrs. August Wesel. He was married to the former Bertha Shalk on Nov. 11, 1919 in Germany.

Surviving are the widow; sons, Erich A., San Francisco, Calif., and Edward H. Jr., at home; daughters, Mrs. Elizabeth Schiller, Mrs. Eleanor Zuehlke, both of Chicago, and Miss Gertrude Wesel, at home; brothers, Karl, William, Albert, all of Chicago; Emil, Germany; sisters, Mrs. Emma Ziemann and Mrs. Ruth Schalk, both of Chicago.

A brother and his parents preceded him in death.

Mr. Wesel came from Germany with his family in 1923, settling in Chicago. In 1945, he came to the Watseka area, where he farmed. He was a member of the Calvary Lutheran Church, Watseka.

The body is in the Segur Funeral Home, where friends may call Tuesday afternoon and until the hour of the service at 10 a.m. Thursday in the church. The Rev. B. F. Prange will officiate. Burial will be at 2:30 p.m. Thursday in the Betham Cemetery, Chicago.

Face Assault, Battery Charge

Louis Mitchell, 19, of Leeburg, will appear in Kankakee County Court Tuesday to face a charge of aggravated assault and battery.

Mitchell is in jail in lieu of paying \$1,500 bond for his arrest by sheriff's deputies Sunday. He was bound over by Justice of the Peace George Genotte.

The complaint was signed by Ada Marie Strong, 18.

lus show gained official recognition from the Illinois Gladioli Society as a regional show.

5-Acre Site Acquired For New Church

A five-acre site on the Aroma Park road at the outskirts of Kankakee has been acquired as the future location of the First Congregational Church of Kankakee, it was announced today.

Final approval of the proposed location of the new church was received today from the County Commission of the Illinois council of churches. This agency, composed of cooperating Protestant denominations, seeks to coordinate the establishment of new congregations and the location of churches.

The new church site is across from the present Shoreacres subdivision. It has a 450 foot frontage on the Aroma Park road and slants back in a northerly direction for 500 feet.

ARTHUR AND CLARA Beckman donated 13 acres of the land for the church location and 3.1 acres was purchased by the congregation. A new subdivision, to be known as East Shoreacres, is planned and when established will surround the new church property.

The First Congregational Church of Kankakee held its first worship service last Dec. 25. The first members joined the church and the constitution was adopted on Jan. 15.

A church parsonage was purchased at 1117 S. Evergreen Ave. and the Rev. C. Eugene Asher occupied the parsonage as the first pastor on March 15.

The church has about 146 members at present. Sunday worship services are now held in the Civic Auditorium.

On August 15, 1955 the U. S. Army cap was replaced with a black felt hat with black feather ornament, three feathers for field officers, two for company officers, one for enlisted men.

Hold Rites For Accident Victim

Funeral services were held Sunday for Edward B. Foreman, 55, of 355 N. Harrison Ave., who suffered fatal injuries in a two-car accident Saturday on Route 113N, two miles southeast of Wilmington.

The body was to be taken to Little Rock, Ark., today for burial. Rites were conducted in the Yates Funeral Home.

Mr. Foreman was born in 1901 in Sallaway, Okla., and he married Marie Hult at Little Rock, Ark., in 1934. They had lived in Kankakee for three years.

He was a member of the Southern Baptist Church and Masonic Lodge 129 of Jonesboro, Ark. Surviving are his widow and children, Betty Jo, Mary Ann and Jimmie, all at home, and Mrs. A. Mayhew of Arkansas.

The inspirational service will signalize the 24th session of broadcasting for the Lutheran Hour. The one and one-half hour radio program will include massed adult and children's choirs and a brass ensemble. Speaker will be Dr. Oswald C. J. Hoffmann of New York.

Kankakee area churches included in the sponsoring group are as follows: St. John's of Beecher; St. Paul's of Beecher; Zion of Beecher; Zion of Beecher; Zion of Beecher; Trinity of Crest; Zion of Crest; Trinity of Herscher; St. Paul's of Kankakee; Our Savior of Kankakee; Our Savior of Milford; St. Paul's of Milford; Our Savior of Mommence; St. John's of Onarga; Trinity of Onarga and Calvary of Watseka.

One letter writer gave the utmost in cooperation. He included a drawing showing the trees.

Mayor Ed P. Madison said the city has sufficient finances to remove about 400 dead trees.

difficulties. Lt. Roger Regnier and Fireman Lionel Suprenant administered one tank of oxygen to the youth.

It was emphasized that all first and fifth grade students must present health reports from their physicians. Parents of prospective new pupils should contact the school before Sept. 4 either by personal visit or by telephone.

On Sept. 4 at 8:50 a.m. a special school opening service will be held in the church. Following the service all parents and pupils of kindergarten and grade 1 will have an evacuation meeting under the direction of the class teachers. Dismissal of kindergarten and grade 1 pupils will follow.

Children in grades 2 to 8, however, will have a complete school day.

Area Lutheran Churches Join In Rally Planning

Eighteen Lutheran churches in the Kankakee area are among 270 in Chicago and Northern Illinois presently engaged in a cooperative effort planning for the Chicago-Lutheran Hour rally to be held the afternoon of Oct. 21 in the International Amphitheatre, Chicago. The rally is sponsored by the Lutheran Laymen's League of Northern Illinois.

Delegations are expected to arrive by chartered buses and trains. Transportation is being arranged for groups from Aurora, Belvidere, Dundas, Elgin, Freeport, Joliet, Kankakee, Marengo, Rockford, Yorkville, Gary, Milwaukee and other intermediate points.

The inspirational service will signalize the 24th session of broadcasting for the Lutheran Hour. The one and one-half hour radio program will include massed adult and children's choirs and a brass ensemble. Speaker will be Dr. Oswald C. J. Hoffmann of New York.

\$2,000 Loot In Mommence Break-in

MOMMENCE—Police here and sheriff's office authorities continued to investigate today a break-in that netted burglars an estimated \$2,000 in cash and personal belongings Saturday afternoon during the Gladioli Festival parade.

The thieves broke glass in a rear door at the residence of Dr. R. J. Major on Circle street and escaped with the following:

Cash, \$873, (four \$50-dollar bills and the rest mostly 20s, 10s and fives); milk store valued at \$400; camera valued at \$400; two men's wrist watches, valued at \$100; an expensive camera lens, a \$125 camera; a string of pearls valued at \$50, and a sterling silver place setting.

The selection of a successor will be made by the state central committee. A spokesman for Tydings said that Harrison, chairman of the committee, is expected to call a meeting Wednesday to consider a successor.

ROBERT D. KROOK, in charge of the taking of a special census in Kankakee, interviews Mrs. Pearl Magnuson, 705 S. Osborn Ave., in a scene typical of what transpired at the city hall this morning. Krook will select approximately 85 enumerators today for the special census which will get underway Tuesday and is expected to be completed by Sept. 4. (Journal photo)

New City Census To Start Tuesday

The taking of a special census in Kankakee will start Tuesday following the selection and training of census enumerators.

Robert D. Krook, assistant regional supervisor of the Census Bureau, interviewed and selected applicants for the enumerator positions today at the city hall. They will be given a three or four hour training session Tuesday afternoon at which they will start calling on Kankakee residents.

Krook said there will be about 35 census takers. He said much of the work may have to be done in the evening to assure that all homes are contacted.

THE QUESTIONS which will be asked by the enumerators will include: the name of each person living in a home or apartment; their relationship, if any, to the head of the family of a home; age at last birthday, sex and race.

Kankakeans who are away from their homes during the day or plan trips or vacations during the next two weeks can assist in speeding up the taking of the census by leaving the information with a neighbor, Krook said.

Krook said all information given to the census takers is "strictly confidential." He said the census takers will be equipped with credentials to prove their identity as official enumerators.

Another first place winner was Joseph Schaller, son of Mr. and Mrs. Matthew J. Schaller, 437 S. Cannon Ave., in Class 36, for 12-year-olds with less than three years of instruction.

Edward Strickland, son of Mr. and Mrs. Edward Strickland, 369 S. Prairie Ave., Bradley, won second in the class for 15-year-olds with three years or less instruction; and Brent Stater, son of Mr. and Mrs. John Stater, 400 Cook Blvd., Bradley, won third in the class for 15-year-olds with three years or less instruction.

Indicative of the stiff and close competition is the fact that Brent missed tying second place by only one point.

Demos Seek Replacement For Tydings

HAYVE DE GRACE, Md. (UP)—Former Democratic Sen. Millard E. Tydings' withdrawal from the Maryland senatorial race has started a scramble for the Democratic nomination.

The veteran senator Sunday withdrew from the race to recapture his old Senate seat from a long-time political foe—Sen. John Marshall Butler (R-Md)—because of illness.

TYDINGS, who has been suffering from shingles since last May, could be had "not made the complete recovery which a vigorous election campaign would necessitate."

The selection of a successor will be made by the state central committee. A spokesman for Tydings said that Harrison, chairman of the committee, is expected to call a meeting Wednesday to consider a successor.

2,000 Attend Annual Cuboree

MULTIPLY THIS group of cub scouts, their leaders, and adults by about 100 and you can visualize the crowd of some 2,000 persons who attended the third annual Kankakee Trails District Cuboree Sunday at Kankakee River State Park. Packs had their own fair booths and this ball-throwing contest seemed to attract more youngsters than any other. Youthful participants win a prize for a throw at the cans as others wait their turn. (Journal photos)

5 Chicagoans Die As Auto, Train Collide

NEW BUFFALO, Mich. (UP)—A New York Central passenger train killed four members of a Chicago family and a 12-year-old boy when it slammed into their auto at a railroad crossing Sunday.

Authorities identified the dead as Peter Levine, 50, driver of the car; his wife, Mollie; their son, Norman, 14, and their daughter, Paula, 10. Police said the fifth victim was David Strinel, 12, a neighbor of the Levine family.

MICHIGAN STATE police reported another member of the Levine family, a 13-year-old girl, had remained at a site where the family had been vacationing.

The railroad crossing was not equipped with flashing signals, police said, but did have a warning sign.

CUB SCOUT lets fly a baseball in one of the events of the Cuboree afternoon program. A picnic dinner and graduation exercises in an Indian theme closed the activities Sunday evening.

Gavels Presented To GOP Chairman

SAN FRANCISCO (UP)—Rep. Joseph W. Martin Jr. (Mass.) who will serve his fifth consecutive term as Republican convention chairman, received six gavels as gifts Sunday and there are more to come later.

The six were from Gov. Edward B. Johnson of Vermont. The gavels, huge, heavy ones, are made of Vermont maple, guaranteed to yield the syrup of quality from any noisy gathering.

Couple Receives Suspended Fine

A man and wife received suspended \$10 fines Sunday on charges of shoplifting. They appeared before Justice Fred R. Smith and pleaded guilty.

Harry Kirkpatrick, 67, and his wife, Julia, 62, 458 S. Wildwood Ave., were arrested shortly before noon Saturday at the A and P store on E. Court street. The arresting officers removed a jar of jelly, a box of "Anakt" tablets and two candy bars from their possession.

The complaint against them was signed by E. C. Corkins, manager of the store but Justice Smith remitted the fines when Corkins did not appear to testify against them.

254 Girl Scouts Participate In Camping Session

The two-week permanent Camp Trailways, held Aug. 9-16 at the Boy Scout Reservation near Morris, was attended by 254 Girl Scouts, according to Mrs. Clifford W. Schultz, camp chairman.

Popular camp activities not only afforded recreation but benefited the Girl Scouts. One hundred five girls earned Red Cross swimming certificates; 11 earned awards in riflery and 89 received awards in archery.

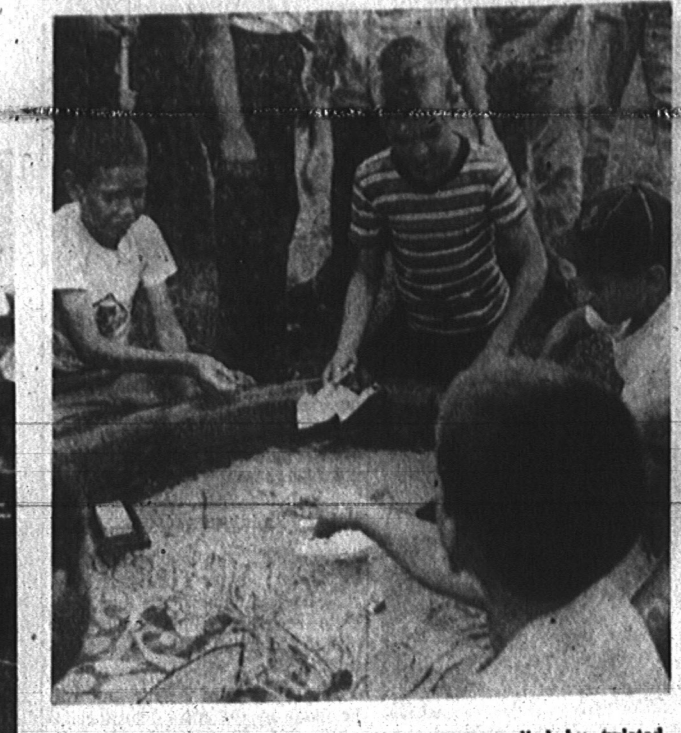

Many of the campers completed requirements for various Girl Scout proficiency badges.

Outdoor cooking was popular with all the units and several units made overnight hikes, Mrs. Schultz said.

Miss Veta G. Funderburk, Girl Scout executive of Trailways Council, was camp director.

The two-week camping session provided the scouts with activities including crafts, nature study, singing, buzz sessions, boating and canoeing.

The U. S. Volunteer Army in the Spanish-American war was activated on Aug. 31, 1898 with 216,029 officers and enlisted men.

SAILBOATS AND paddle-wheel racers propelled by twisted rubber bands go through their paces at the artificial lake (a rubber swimming pool) at the Cuboree Sunday. Activities such as this followed registration between 1 p.m. and 3:30 p.m. Contests were for both youths and adults. Ken Ott, cubmaster for pack 104 of St. Rose Church, was chairman of the event.

Improvement, Revision Of T-H Law Pledged By GOP

SAN FRANCISCO (UP)—Republican platform writers today pledged their party to "revise and improve" the Taft-Hartley labor law and to extend minimum wage coverage to many more workers.

The GOP convention's Resolutions Committee bowed out a labor plank that also advocated federal help for areas with chronic unemployment.

A tentative welfare plank pledged "extension and perfection of a sound social security system." It promised renewed efforts to get through Congress some such school building program as failed of passage this year.

THE 10-MEMBER Resolutions Committee worked far into Sunday night in a drive to complete work on a 1956 campaign platform which will be submitted to the national convention Tuesday.

One major hurdle was cleared when the committee approved early today a compromise civil rights plank that both northern and southern delegates pronounced acceptable.

The recommended GOP labor plank proposed to "revise and improve" the Taft-Hartley Act so as to protect more effectively the rights of labor unions, management, the individual worker and the public. This would be effected by amendments recommended previously by the President, a softening of the law's closed shop provision.

The plank pointed with pride to the relatively short duration of the steel strike this year, "in contrast to the six months' upheaval, presidential seizure of the steel industry and ultimate Supreme Court intervention" under the Truman administration.

"THE PROCESS of free collective bargaining has been strengthened by the insistence of this administration that labor and management settle their differences at the bargaining table without the intervention of the government."

The plank also pledged continuation of economic and military aid to friendly countries, and "progressive elimination" of international barriers to "the free flow of news, information and ideas."

Continuance of "bipartisan development of foreign policies" also was promised.

The plank opposed admission of Red China to the United Nations and "any trade with the Communist world that would threaten the security of the United States and our Allies."

Urgent Problem Looms Over Convention Talk

By all the rules, the American political show—the two conventions—should be singled out as historical events for last week and this week. Nominations produce candidates and the November winners will have to tackle problems of world-wide importance.

Yet, right now there is a situation casting a shadow over all else. The Suez Canal dispute is not merely one between Egypt and Great Britain or the West. It is of great importance to us and all the world.

The Russians are siding with Egypt at the moment. Yet they would be losers if the West loses. The neutrals are siding with Egypt as fellow Cold War neutrals and the Arabs and Moslems as fellow Arabs and Moslems. They, too, would be losers if the West lost.

The point at issue is the Suez Canal as an essential waterway. The Allies believe such canals are essential to world commerce and cannot be used for national or political ends. They should be under international supervision.

Premier Nasser of Egypt maintains that the canal is part and parcel of Egypt. He insists that Egypt will not discriminate between users of the canal, although there has been discrimination in the past. Under no circumstances, he says, will Egypt accept outside management even if international in scope.

There is no question but that a serious challenge is before the West, perhaps the most serious challenge since the end of the war.

During the past week, while convention orators spoke about grand theories of foreign relations, the national leaders responsible for our security were face to face with the hard realities.

Without fanfare, without cheering galleries and emotional demonstrations, they were working at the delicate, difficult, nerve-racking task of keeping the peace.

Law Provides Age When Youngsters May Drive

CHAMPAIGN-URBANA COURIER

Secretary of State Charles Carpenter reminds parents of children in the early teens that under Illinois law no person under 16 may legally drive an automobile, even though the driving may be for instructional purposes only.

The official warning was prompted by a Joliet accident in which a small child was killed by an automobile with a 14-year-old driver. The mother of the young driver, riding as an instructor, explained she wanted her child to get the feel of the wheel.

Parents are under considerable pressure. Since children ride in automobiles from the time they are born, they know something about the operation of a car. They are eager to take the wheel. Pressure on parents increases when their children report that companions are driving.

Secretary Carpenter has made the situation completely clear when he points out that it is illegal for anyone under 16 to drive an automobile under any circumstances, period.

Parents who permit violations of the law risk penalties beyond those assessed for speeding, improper parking and running stoplights. More seriously, they have joint responsibility if a young driver, not old enough to qualify for a license, is involved in an accident that damages property or takes a life.

The Illinois laws providing for the examination and licensing of automobile drivers are relatively lenient, possibly too much so. The minimum driving age is low. Perhaps it should be increased by another year.

But right now the age limit is 16 years. Boys and girls of only 15 are old enough to realize that a parental ban on car driving at that age is not the unreasonable whim of over-careful old fashioned parents, but the law of the State of Illinois.

Food Cost Lowered By Volume Merchandising

The "real cost" of food has dropped 20 per cent since 1952, because of falling retail prices and rising wages.

That is the high spot of a study based upon Department of Agriculture and Department of Labor data. The "real cost" of a typical basket of goods, expressed in hours of work, fell from 51.3 hours in the third quarter of 1952 to 40.9 hours the second quarter of this year. The basket contained butter, bread, meat, flour, vegetables, fruit and other standard items.

It is difficult to fully realize the contribution retailing makes to our living standards and our purchasing power. Food chains commonly earn a net profit only about one cent of each dollar they take in. Department and variety stores commonly take only three cents, often less.

A unit profit as small as this is possible only in a mass distribution system. Thus a big volume of sales, energized by newspaper advertising, results in a satisfactory total profit when the books are totaled up each year.

The best barometer of purchasing power is how long we must work to buy something. In that, we Americans are more fortunate than any other people.

Spain Driving Force For Braves

Scores Four Of Club's Last Nine Victories

By UNITED PRESS
When Spain has turned back the clock eight years in an effort to pitch the Milwaukee Braves to their first pennant.
Back in 1948, Spain joined with Johnny Sain to hurl the Braves into the World Series and today he is collaborating with another right-hander, Lee Burdette, in another hectic race. He has scored four of the Braves' last nine victories and Sunday came through with an eighth-inning homer to beat the Cincinnati Reds, 3-1, and drop them into third place.
Burdette, who tried for his 16th win in the final game of the four-game series tonight, is the only other Milwaukee pitcher who has been consistently effective this month. Neither Bob Ball nor Ray Crone has won a game since July 30 and Gene Conley has notched just one triumph this month.
Spain throttled the Cincinnati slugger who walked eight homers Saturday night to gain his 16th win of the season and the 197th of his career. When Hank Aaron tagged relief pitcher Tom Aker for a two-run homer in the eighth inning.

THE WORLD champion Brooklyn Dodgers reclaimed the Redlegs in second place, two games off the pace, when they defeated the Philadelphia Phillies, 3-2, on pinch-hitter Charlie Mize's two-run homer and a double. Don Newcombe became the first major league pitcher to notch his 19th win although Clem Labine finished up.
Jim Davis and Tom Lawton combined in a seven-inning game to give the Chicago Cubs a 3-1 win over the St. Louis Cardinals on the opener. 6-0 behind. Mury Dickson's two-hitter hit the Cardinals in the eighth inning, including a triple, and knocked in two runs in the opener.
The New York Giants smashed six homers in beating the Pittsburgh Pirates, 7-4, and the Chicago White Sox won their eighth consecutive home game by routing the Boston Red Sox, 7-1, in the opener.

Connie Johnson pitched a five-hitter and led Mickey Vantile to his fourth triple in the eighth inning single put the Orioles ahead and was the key blow in handing Johnny Kneiss his seventh loss.

THE CLEVELAND Indians cut Yankees' lead to 8½ games when they beat the Kansas City Athletics, 5-2, and 2-1. Bob Lemon pitched for his eighth victory in his 16th win and 197th of his career.
The Washington Senators won a four-game series and raised their season record to 15-4 against the Boston Red Sox with 7-5 and 11-0 wins. Jim Lemon homered in the eighth inning to give the Senators a 4-1 win over the Detroit Tigers took the opener, 3-1, behind Frank Lary's eighth-inning hit in the other American League games.

Dick Donovan's five-hitter enabled the Chicago White Sox to score 4-1 win after the Detroit Tigers took the opener, 3-1, behind Frank Lary's eighth-inning hit in the other American League games.

Furgol Wins Milwaukee Open Purse

MILWAUKEE (UP) — The professional golf caravan today headed for St. Paul, Minn., the next stop on the circuit — without injury Ed Furgol, winner of Sunday's \$35,000 Milwaukee Open Golf Tournament with a blue-chip final round of five-under-par 65.
The 35-year-old St. Louis pro, who won after posting a 15 under-par 265 in the 72-hole medal tournament at Tripp, said he had to get back to his teaching duties at the Westwood Country Club.

"I'M SORRY I can't go to St. Louis for the Keller Open," Furgol said after the victory. "I'm going to stay here and teach golf."

Furgol, who left arm is withered due to a childhood accident, was an 11th-year entry. Tournament officials had to find a caddy for him. He never had played the tricky, wind-swept 6,380 course.

After carding a course record of seven under par 63 on the first day, the former U. S. Open champion admitted he was playing poorly from his home club.

JACK BURKE, of Klamath Lake, N. Y., who like Furgol had a 63 in the first round, finished third with a 70, one stroke back of Furgol.

PAUL DISHONG paced the Milwaukee hitters with a triple Saturday night, the Moose dropped two games, 7-0 and 2-0, to the Athletics.

The second game found Gus Gaudin of the Moose and Harry Sterkel of Aurora hooking up in a terrific pitching duel. Aurora won the extra-inning game 2-0.

Aurora had two runs on four hits while the Moose collected two hits.

THE SOX came close to winning the opener twice in the eighth inning they tied the score on singles by Jim Rivera, Larry Doby and Minnie Miñoso and had runners on first and third with one out but couldn't score again.

In the 10th, Larry Doby slammed a drive deep to right field but a strong wind prevented it from going over the fence and the Sox hit the wall for a double.

There was only one out but again the Sox failed.

Harshman suffered his eighth loss in 18 decisions and Donovan evened his record at 7-7.

The Sox scored two runs in the first inning of the nightcap on a wild pitch by Billy Hoft after Luis Aparicio had tripled and Miñoso had walked and stolen runners on first and second.

The Sox added another pair on doubles by Walt Drogo and Donnoan, sandwiched by an error.

MURRAY DICKSON, who'll be 60 years old Tuesday, blanked the Cubs on two hits in the opener at St. Louis which was helped by Italy tonight but he needed help from Tom Lawton in the ninth.

Why wait? Get today's high grade on your present car!

Spain Eyes 200-Mark With Help Of 'Scroogie'

CINCINNATI (UP) — A pitch he developed in self defense when it seemed his major league career was coming to an abrupt end has become Warren Spain's trump card and one which may help him make a 200-game career winner this year.

The identity of the pitch is somewhat clouded. Spain calls it a "scroogie," a term for a screwball. Whatever it is, the Cincinnati Redlegs couldn't hit it Sunday as off their hot bats in pitching the Milwaukee Braves to a 3-1 triumph.

Spain permitted the Red eight hits, including Ted Kluszewski's three-run homer, but he struck out 11 batters.

SPAIN, WHO now has beaten the Redlegs 28 times in 31 decisions and is only three victories shy of 200, got into his worst jam in the ninth — Bob Thomson and Kluszewski, the first two batters to face him, rapped back — to back singles to send the near-capacity crowd of 25,886 wild. Wally Pate, the powerful left-handed-hitting outfielder, who had his six home runs in the last nine games, was the next batter.

"Post murders the fast ball," Spain related later, so I decided to try out this new pitch. I threw him four straight sinkers, or screwballs, whichever you prefer. The first two were away from the plate, but he fouled off the next one and hit the fourth to Matthews for a doubleplay.

SPAIN ENDED the game by fanning the dangerous Ed Bailey on three pitches, a curve, a fastball and the "scroogie."

"I began working on this pitch several years ago when I learned that my fastball had lost its zip following the operations on both my knees," Spain said. "I discarded it two years ago, however, when Carl Furuta told me it was a good idea to give it another try."

"And that scroogie was never sharper than today," observed Rice admiringly.

FAY CROCKER Wins Norwood Hills Golf With 288 Score

ST. LOUIS (UP) — Fay Crocker won the Norwood Hills Women's Open golf tournament with a 288 score.

The tournament, gave her a total of 288.

She dropped at least five long putts during a round played in light showers and, on the first nine she was under the par with a 31.

Her total score was only 1 stroke away from the women's PGA record for a 72-hole tournament.

"It's the first time I broke 290," she said happily. "Maybe now I'm on my way."

SPORTSMEN'S CLUB To Meet Tuesday

Reservations for pheasant and quail, to be released Sunday will be made when the Kankakee Chapter of Sportsmen's Club meets Tuesday at 7:30 p.m. at Bird Park.

Films will be shown and lunch served. Members are asked to bring cardboard cartons only.

Persons unable to attend the meeting are asked to phone Sidney Foust at 2-2838 or 3-5254.

The birds will be distributed from the growing pens at Manteno State Hospital Sunday 8 a.m. until 12 noon.

KV Softball Meet To Start On Wednesday

The eight-team Kankakee Valley Softball League tournament will start at Bird Park Wednesday evening.

First round games will be played Wednesday and Thursday with the semifinals Friday. Championship finals will be Saturday evening.

In first round games Wednesday, Young People Club will meet Conpany A at 7 p.m. in game No. 1 and Tiny Tap will tangle with Moose at 9 p.m. in game No. 2.

Thursday, Sons of Italy will face Lehigh at 7 p.m. in game No. 3 and Don and Larry's meet Monmouth at 9 p.m. in game No. 4.

Semifinals matches will be played on Friday. The winner of No. 1 against the winner of No. 2 at 7 p.m. and the winner of No. 3 against the winner of No. 4 at 9 p.m.

There will be a consolation game at 7 p.m. Saturday with the championship game at 9 p.m.

Don and Larry's won the tournament last year with Monmouth taking second place. The Moose won the season championship this season.

FLAHERTY'S Race Career Threatened

SPRINGFIELD (UP) — Doctors today prepared to take X-rays of injuries suffered by this year's Indianapolis 500-mile race winner, Phil Fitch, who was struck by a car on the race track.

Flaherty was taken off the critical list Sunday although his physician, Dr. Fenton Drake, said the two-car wreck in which Flaherty was involved Saturday may mean the end of his racing career.

Drake said the driver's injury included a compound fracture of the left forearm, fractured and dislocated right shoulder, compound fracture of the lower jaw, multiple face cuts, possible skull fracture and possible fractures of other facial bones.

The X-rays were planned today in an attempt to learn the full extent of the 28-year-old racer's injuries.

Flaherty hung near death for a time Saturday shortly after his car spun on the Fairground track and was rammed by another racer driven by Jack Turner, Seattle, Wash.

Flaherty's car flipped over and pinned its driver beneath the wreckage. Turner escaped injury when his car hurtled over the turned car. The accident occurred during the 26th lap of a 100-mile race.

Games Not Always Peace, Friendship

NEW YORK (UP) — Argentina's threatened banning on the heels of West Samoa's suspension proves once again that the Olympic games, founded to promote peace and friendship, too often wind up burying the hatchet in someone else's back.

There is, of course, a great deal of good accomplished by the international contests. But it would be insane to suggest that the games don't also generate a heap of long-lasting animosities.

Naturally the bad things stick out like Sandy Sandler's thumb. In the 1936 Olympics, passes without out like Sandy Sandler's thumb. In the 1936 Olympics, passes without out like Sandy Sandler's thumb.

AF Rapped As Drone Dodges Bombardment

LOS ANGELES (UP)—The Continental Air Defense Command today studied reports on a runway pilotless plane to find out why two jet fighters could not knock it down.

The jets' inability to knock down the radio-controlled target plane in a 24-hour chase over heavily populated southern California brought strong protests from civic leaders.

The drone, an obsolete F8F Hellcat, broke out of radio control on takeoff last Thursday from a desert near Palmdale, Calif., 70 miles away.

It circled threateningly toward Los Angeles before heading to the northeast where it crashed in a desert near Palmdale, Calif., 70 miles away.

Ex-RAF Pilot-Dad Turned Woman Now Tests Jets

LONDON (UP)—A wartime RAF pilot and father of two children who "turned into a woman" is now piloting secret jet planes, a London newspaper reported Sunday.

The paper said Roberta—formerly Robert—Cowell, 38, has had scores of marriage offers from men since an operation two years ago to change his sex.

The newspaper quoted Roberta as saying:

"I am now employed by a firm of secret work flying the latest type of jets."

The paper said Roberta had a series of operations by plastic surgeon in Italy in 1954 which gave her a smaller nose and a cupid's bow mouth and that the fier was injected with female hormones.

"Since then I have been living as quietly as possible in London," the newspaper quoted Roberta.

"Now I have decided to devote all my time to serious flying. I have shelved all ideas about getting married."

Chanute Airman Accident Victim

SPRINGFIELD (U)—A motorcycle crash Sunday with two cars Sunday, killing a Chanute Air Force Base man and injuring two drivers.

Dead was Airman 3C, Marion B. Tjelle, 31, of Hillsdale, Minn., a rider on a motorcycle driven by Richard F. Salmon, 24, of Chicago, Corner W. C. Telford said.

Salmon's motorcycle skidded into two cars, one towing another, on a bridge over the Sangamon River.

Also injured was E. Thomas Young, 25, of Jacksonville, driver of the car. The cars had jackknifed across two lanes when the cycle, headed in the same direction, struck them, plowing Tjelle beneath the bumpers and throwing Salmon clear of the crash.

Andrews Gets States Rights Party Backing

NEW ORLEANS, La. (U)—The Louisiana States Rights party has endorsed former Internal Revenue Commissioner T. Coleman Andrews as its presidential nominee.

State Chairman Robert G. Chandler of Shreveport said, however, the selection of a nominee is subject to the will of a national States Rights convention, which the Louisiana group has scheduled in three weeks.

Chandler said his group is negotiating with several other Southern states to call a presidential nominating convention. He did not name the states or predict when a convention would be held.

THE LOUISIANA STATES RIGHTERS Sunday issued a declaration of rights, advocating states rights, segregation, interposition, the Southern manifesto and state ownership of tidelands—as had been expected.

The plan is to put on the ballot a state of electors pledged, not to the Democratic or Republican state, but to a state sworn to uphold segregation and states rights.

W. B. Fontaine, Jackson attorney and chairman of the steering committee of the Mississippians For States Rights, said the mass meeting was called because of a "flood of telephone calls from throughout the state."

Saunemin Area Farmer Heads County Project

SAUNEMIN (JNS)—Charles E. Saunemin, farmer, has been elected chairman of the newly-organized Livingston County Agricultural Extension Council.

William Swager, Pontiac, is vice president; and Victor Weber, Chenoa, secretary-treasurer.

The council consists of 15 members, who will direct the agricultural extension program in the county.

Appointments on the committee were made by Dean Louis B. Howard, of the college of agriculture, University of Illinois.

Those serving for two years are Guy K. Gee, Forrest; Patrick Masch, Cabery; Howard Taylor, Carleton; Herman Rieger, Forrest; Warren Wessels, Fairbury; Roy Hamman, Kenneth Tucker and William Swager, Pontiac.

The council will meet soon to set out objectives to be included in next year's program. Committees will be appointed to report at the September meeting.

Paul T. Wilson is county advisor in Livingston County.

Dani Crayne (Girl) Wants to Keep Name

By JAMES BACON
HOLLYWOOD—Take a good look at Dani Crayne and believe, or dare, that this hapless actress ever has trouble convincing people she isn't a boy.
Her trouble: The sound of that name. It's pronounced the same as the male Danny, and she gets bills and other mail addressed to Mr. Dani Crayne, Warner Bros. studio.

Loman's Club of Sauemin Fans Tea

UNEMIN (JNS)—The pro- committee of the Women's club Friday afternoon at the home of Mrs. Merrill Rich, chair, and set Sept. 2 at 4 p.m. The annual tea, which will open new season.

When I finally met Dani, I was sure he was a quick and no actress. When she was under contract to Universal-International, a publicity man suggested an interview with Dani Crayne. Before he could describe her over the phone, I gave him a quick no and steered the conversation to Esther Williams, Jeanne Crain and others of that lovely ilk.

"I THINK my only problem," she argued, "is to get enough people to see me. Then I could be called Irving and I don't think it would hurt."

She also argues that there has been quite a bit of exposure of the name, Dani Crayne. At U.I., she had good roles in several pictures, including the un-released "Un-guarded Moment," in which she plays the second female lead in Miss Williams' first big picture since she swam away from Metro.

DAILY CRYPTOQUOTE

Here's how to work it:
A cryptogram is a puzzle in which the letters of a message are rearranged in a certain order. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Chatsworth Legion To Sponsor Derby

CHATSORTH (JNS)—The American Legion will sponsor a Soap Derby on Sept. 29. Cdr. Noble Pearson announced all soap boxes must be in by Sept. 15. They may be obtained at various Chatsworth business places.

The rules and regulations for the contest are as follows:
All entries must be between 15 and 18 years of age, inclusive. Boys and girls must have their parents permission.

The car must not be more than 80 inches long or more than 36 inches high. Clearances from ground of at least 3 inches at all points and the axles must be at least 24 inches and not more than 48 inches.

It must be designed so that the driver is in a sitting position and cars entered must show a reasonable amount of reconditioning and remodeling.

The cost of the car should not be more than \$15 at retail prices, including the price of the chassis. The wheels must not be more than 10 inches high and cannot have air tires. No special built or counter balanced wheels may be used.

WOMEN GO FOR GOP

SAN FRANCISCO (UP)—The Republican National Convention has 555 women delegates and alternates, largest direct representation in the party's history.

Miss Bertha S. Adkins, director of GOP women's activities, said the ladies have picked up 164 additional seats since the 1932 convention. There are 2,646 delegates and alternates altogether.

The cost of the car should not be more than \$15 at retail prices, including the price of the chassis. The wheels must not be more than 10 inches high and cannot have air tires. No special built or counter balanced wheels may be used.

Ford Co. Farm Bureau Joins IAA Program

The Ford County Farm Bureau will participate with the Illinois Agricultural Association in a proposed program aimed at increasing county farm products during the coming year.

Vernon Veatch, county president, said the goal of \$2.64 will be reached by soliciting farmers on the basis of marketings each has experienced in the past year.

Funds collected will be used for the promotion of commodities for which collected, except in the case of feed grains. Ford County's contribution will be \$2.64.

The IAA's marketing department along with funds from 98 other county Farm Bureaus to promote the marketing of meat, milk, poultry and fruit.

This is a self help effort by farmers through the Farm Bureau organization to do something to move surplus farm products into consumption instead of appealing to government for aid, Veatch said.

The State Highway patrol said Mrs. Gray, driving at the time, was traveling to St. Louis, Mo., to visit Mrs. Gray's mother.

Patrolmen learned after tracing the license plates that the family was traveling to St. Louis, Mo., to visit Mrs. Gray's mother.

They're switching to Chrysler at a record rate!

Those Interest Rates May Be Boosted Again

By SAM DAWSON

NEW YORK (U-P)—Business borrowing today is bumping the ceiling of the banks' ability to lend. And many business men fear that the Washington money managers are ready to make borrowing more expensive rather than easier.

Some clamor for an easing of credit so that industry can lay hands on funds to finance its record expansion program, or to carry inventories that are growing more expensive to get. They contend that tight money will discourage the industrial building boom that is a main prop under good times. Tight money is accused of slowing down home building, one of the few weak spots.

BUT BANKERS here are speculating on when and how much the Federal Reserve Board may raise the discount rate. They think it fears a runaway boom will be built on surging confidence and inflation of money and credit.

The discount rate is the interest member banks pay when they borrow from the Federal Reserve System to get funds to lend to business.

If the discount rate goes to 3 per cent in all Federal Reserve districts, commercial banks are likely to raise their prime rate to 4 per cent at once. The prime rate is the interest that the top name business firms pay to borrow from the banks. Most banks have to pay more than the prime rate.

TO DISCOURAGE borrowing to speed up the business boom, the Federal Reserve already has raised the discount rate five times in the last 17 months.

Other interest charges have started up again. Yields on government bonds, New corporate bond issues command higher interest—and in some cases have withdrawn new issues because investors demanded a higher return than the would-be borrower wanted to pay.

Town, Country Club, Ashkum, Holds Meeting

ASHKUM (JNS)—Mrs. Vernon Meents entertained the Town and Country Club in her home Wednesday afternoon.

Eight members were present. Games were played with everyone winning a prize.

Lunch was served by the hostess, Mrs. Wilfred Horn will entertain in her home next month.

JOHN PRUEITT of Danville visited his mother, Mrs. Roy Prueitt, on Thursday afternoon.

Isadore Coash returned, home Friday being a pay day at St. Mary's Hospital, Kankakee, several months.

Mr. and Mrs. Roy Lambert moved into the home of Ida Brinkman on the west side on Thursday. Lambert is a teacher in the Ashkum Grade School.

Cullom Soldier Is Transferred

CULLOM (JNS)—Mr. and Mrs. Arthur Bauer reported their son, Milton, who was in training at Ft. Leonard Wood, Mo., has been transferred to Camp Hood, Tex.

MRS. LYSLE NYWEDGE and son, Jackie, Chris and Jeffrey, Homewood, are spending this week with Mrs. Nywedge's parents, Mr. and Mrs. R. J. Ottmiller, Walter T. Ramler underwent surgery at St. Mary's Hospital, Kankakee, on Thursday morning.

Mail Produces Mass Of Startling Trivia

By HAL BOYLE

NEW YORK (U-P)—Some things a columnist might never know if he didn't open his mail:

That air conditioning is responsible for a major improvement in American political practices. The hotel room in which party leaders pick a candidate no longer has to be smoke-filled. Presumably this enables them to see the issues more clearly.

That Betty Furness, the pretty lady icebox peddler, took a 30-day wardrobe to the nation's political conventions, but not to be outdone, Carole King, huckster for a rival TV network, showed up with 15 suits, 8 pairs of shoes, 30 shirts, 20 ties, 5 belts, 8 tiespins, and 24 sets of BVD's.

That Elaine Malbin, the opera singer, has changed her hair style three times this year alone.

That there are only about 125 pounds of steak on a 1,000-pound steers—which explains why most of us have to eat hamburger.

THAT MALE motorists probably won't believe this: two-thirds of the women in America don't drive automobiles. It only seems like the other third all get on the highway at the same time.

That only about 25 million babies born in America now are breastfed.

That about 30 per cent of the life insurance policy holders in the United States are under 18.

That a columnist in the Missouri State Penitentiary's monthly newspaper (We never knew a well-run prison would board a columnist) only serves a bitter, cabot the only way for an ex-convict to make an impression today is with his fingerprints.

That if a girl doesn't want too much competition while husband hunting her best bet is to go to college. Two out of three of America's 2,400,000 college students are men.

That a young man seeking a wife who can keep him in the style to which he wants to become accustomed will do better to look for an heiress rather than a

working girl. Only 40,000 of the 21 million American women who hold jobs outside the home earn \$10,000 or more a year.

THAT, NO MATTER how many headaches the woes of modern life produce, the drug industry feels ready to cope with them. Does it comfort you to know there are now machines that can spew out a million tablets in eight hours?

That only 1 out of every 10 people who start a diet ever get down to their desired weight and stick to it.

That men, who've always had the job of "bringing home the bacon," now are playing a bigger role in selecting all the family groceries. Checks by supermarkets show that only 52.7 per cent of sales are made to women shoppers alone.

TO DISCOURAGE borrowing to speed up the business boom, the Federal Reserve already has raised the discount rate five times in the last 17 months.

Other interest charges have started up again. Yields on government bonds, New corporate bond issues command higher interest—and in some cases have withdrawn new issues because investors demanded a higher return than the would-be borrower wanted to pay.

THEY'LL DO IT EVERY TIME

Actress, Husband Photographer Battle

BEVERLY HILLS (UP)—Diana Dors, England's blonde bombshell version of Marilyn Monroe, exploded Sunday night in a savage attack on United Press photographer covering a lavish film party at her \$175,000 estate.

The British actress joined her husband, Dennis Hamilton, in a wild, kicking, hitting attack, and wardrobe designer Howard Shoup into the pool.

"I did not push them into the pool nor do I remember anything except both Miss Dors and her husband attacking me," Sawyer said.

A popular utility in American homes in 1898 was a copper lined bath tub which, when not in use as a bath tub, was used as a storage place for clothes.

Who Pushed Me?

Bradley Plant Is Completed

Sewage Disposal Unit Finished Except For Landscaping Details

Bradley's new sewage disposal plant, built at a cost of \$485,000, is completed except for details such as landscaping.

Designed to service a 12,000 population, with plans taking into consideration the expected growth of the village and the surrounding area, the sewage treatment plant was a prerequisite to the East Side sewer system, now 82.5 per cent completed.

The two projects were originally intended to be brought to conclusion simultaneously.

Bradley's Village Board of Trustees, conducting its regular monthly business meeting Monday night, found new problems facing the village with construction of the sewage treatment plant completed.

A VOLUMINOUS increase in the book work of the Water and Sewer Department, the board decided, calls for another employee in the city office.

In the plant itself up to three men will be needed, one an experienced sewage plant operator and a man experienced in a similar line of employment.

Trustees will interview for the job Wednesday and Thursday 7-8 p.m. in the Village Hall.

Vouchers for \$25,673.55 to Azzarelli Construction Co. was the latest partial payment on the East Side sewer project.

Attorney Samuel Shapiro announced that an agreement for purchase of a 78-foot strip of land adjacent to the new sewage plant site was a probability. The strip of land is owned by the City of Kankakee. Kankakee's sewer board met Monday evening and decided to recommend to the City Council sale of the property to Bradley, with Kankakee retaining ingress and egress to the road.

BRADLEY TRUSTEES adopted a proposal approving the purchase subject to completion of details by Bradley and Kankakee attorney and engineers.

A problem several years old in the village, falling soil in the village area, was brought into focus again by a delegation of six Bradley men.

Attorney Samuel Shapiro, who reported he is working on a smoke ordinance, told the men that if they would provide proof of where the soil was coming from and testify he would make a test case in court based on a village nuisance ordinance.

THE ORDINANCE declares it a nuisance: to allow or permit any dense smoke, fly ash or soot, to come or be emitted from any fire, Continued on Page 6, Column 1.

Bradley Plant Is Completed

Sewage Disposal Unit Finished Except For Landscaping Details

Bradley's new sewage disposal plant, built at a cost of \$485,000, is completed except for details such as landscaping.

Designed to service a 12,000 population, with plans taking into consideration the expected growth of the village and the surrounding area, the sewage treatment plant was a prerequisite to the East Side sewer system, now 82.5 per cent completed.

The two projects were originally intended to be brought to conclusion simultaneously.

FOR SOME TIME, in affectionate good humor, Grandfather Eisenhower and grandson David Eisenhower have been bowing for greetings and farewells. Leaving Washington, D. C. airport for the GOP convention, the President

City Finances In Healthy Condition, Audit Indicates

A healthy municipal financial condition was reflected in the report of the audit of city finances approved at the Kankakee city council meeting Monday evening.

Key to the audit was in the statement concerning the municipal fund where \$72,546.40 of revenue in excess of expenditures was reported. The audit covered the city's fiscal year which ended April 30. During that period the municipal fund had revenues of \$614,545.15 and expenditures of \$542,008.75.

Analyzing the audit before the council, Mayor Ed P. Madison attributed the \$72,546.40 surplus to a continued economy program and to the collection of the one-half cent sales tax.

The mayor said that as the city continued to operate "in the black" the surplus will be used "for things we have needed for many years."

"Our desire all along has been to put the city on a sound financial basis and we have now reached that point," Mayor Madison said. He said the city would continue to be operated economically. He attributed about \$25,000 of the surplus to the municipal sales tax.

THE MAYOR SAID that only two items were left to be met by the city's funds: the city's share of the firm of Coker and Coker, Peoria, Ill., and the city's share of the firm of Coker and Coker, Peoria, Ill., and the city's share of the firm of Coker and Coker, Peoria, Ill.

The breakdown of sources of revenue was: taxes \$399,233.83; licenses and permits \$17,327.35; fines \$49,149.78; service charges \$82,516.47; contributions \$10,119.99; sale of equipment \$745.

Expenditures during the fiscal year were: general city government \$61,862.12; public safety \$240,402.06; public services \$227,935.58; conservation of health \$4,620.96; miscellaneous \$7,573.03.

The city's books were audited by the firm of Coker and Coker, Peoria, Ill., and the city's share of the firm of Coker and Coker, Peoria, Ill., and the city's share of the firm of Coker and Coker, Peoria, Ill.

Program For Convention

SAN FRANCISCO (U-P)—Here is the program for the spouses of the Republican National Convention today.

Times are Central Daylight. Opens 8:30 p. m. with music, call to order by the temporary chairman, Sen. William F. Knowland of California, presentation of colors, pledge of allegiance, national anthem and invocation.

Committee reports — Credentials, permanent organization, rules and order of business.

Address — Rep. Joseph W. Martin Jr. of Massachusetts, convention permanent chairman.

Talks by prominent Republican women directed by Miss Bertha A. Adkins, assistant to the chairman of the Republican National Committee.

Just Can't Stand To Lose Another Pound

FT. CARSON, Colo. (U-P)—An Army mess sergeant says he's to be court-martialed because he's overweight.

Punish for pounds were decreed by Maj. Gen. Thomas M. Wallington, who said a handful of his 8th Infantry Division officers and men failed to peel off excess fat as ordered.

Sgt. L. C. James Love, 34, a team of 12 years and two wars, is the only one protesting. He has asked for a general court-martial rather than the customary summary court-martial. This he said would give him a better opportunity to explain his position.

UNDER SUMMARY court-martial procedure, only one officer hears the arguments. At least five

officers are required in a general court-martial.

"I weighed 276 pounds when I returned to the states from Germany in October, 1954," said Love, who is married and the father of four children. "Now I'm down to 212 and I'm going to be court-martialed."

The mess sergeant says he was ordered to trim down to 193 pounds, but no time limit was specified.

"I lost 25 pounds in the six months I've been here," he said. "I was sick as a child, and had a nervous breakdown. I've had to be careful about strenuous exercise."

"WELL, ONE WEEK I didn't lose any weight and my battery commander ordered me to exercise for two hours daily to keep my weight down," he said.

Love, a native of Cincinnati, said he refused the order because he was "afraid of the reaction."

"They left me alone until last month when the general put out an order that a man didn't lose the prescribed amount of weight in a four-week period, he'd be placed before a board of officers and face special court-martial," the sergeant related.

"I was told I'd probably lose one stripe."

"I told my battery commander I'd try to lose more than I do now. He appreciated that, but there was no war going on now."

U.S. Plan For Suez Winning Parley Support

Dulles Accepts Minor Amendments Of Some Nations

LONDON (UP)—The West obtained a clear majority today for the American-sponsored plan to internationalize the Suez Canal.

In swift succession, Sweden, Italy, Australia, New Zealand, Norway and Denmark announced their support for the plan before the 22-nation Suez conference. They were joined by Pakistan, Iran, Ethiopia and Turkey, whose minor amendments were quickly accepted by U. S. Secretary of State John Foster Dulles.

These 10 nations, along with the United States, Britain and France, assured the American plan of majority backing.

But Russia and India already have made clear their hostility. Radio Moscow blasted the plan outlined by Dulles Monday as a "violation of the sovereign rights of Egypt."

K. Krishna Menon of India told a news conference there is no hope of the plan's unanimous acceptance by the conference or its approval by India.

Spain announced it would support the Dulles plan but attached a condition of its approval: that the plan be approved by the United Nations. The plan would be approved by the United Nations, the Rev. C. H. Frundel will officiate and burial will be in the church cemetery.

Man Killed By Falling Tree

MILFORD — Elmer Hennicke, 50, of Camp Park, was killed Monday afternoon while operating a bulldozer 1½ miles west of MILFORD in a field.

A tree fell on Hennicke while he was clearing a wooded area. He drove for three quarters of a mile following the accident but died in his truck in a field. Death was due to head injuries.

He was born in Ash Grove Township on Feb. 11, 1906, the son of Mr. and Mrs. Fred Ristow-Hennicke. He was married to Zelma Pierce. A later marriage was to Doris Correll.

He is survived by the widow; mother, a son, David, of Donovan; daughter, Geraldine of Milwaukee; two stepdaughters, Jean of Camp Park; brothers, LeRoy of Bryan, Ohio, Ray of Camp Park, Lester of Camp Park; sisters, Mrs. Edith McNeer of Bryan, Ohio, Mrs. Ivan Moser of Chicago, Mrs. Marie Brooks of Camp Park, Mrs. Kathleen Johnson of East Lynn, Mrs. Verna Award of Buckley and Mrs. Amada Schultze of Hoopston. His father died Oct. 12, 1955.

Friends may call at the Barker Funeral Home until services at 1:15 p. m. Thursday and 2 p. m. in St. Paul's Lutheran Church in Woodworth. The Rev. C. H. Frundel will officiate and burial will be in the church cemetery.

2 Israelis Die In Border Struggle

AMMAN, Jordan (U-P)—A military spokesman said two Israeli soldiers were killed today in an hour's clash inside Jordan, the second along the frontier in four days.

The spokesman reported the Jordanian national guardmen were wounded when a 30-man Israeli force attacked with a mortar and automatic weapons in southwest Jordan.

The spokesman reported the Israelis left one body 400 yards inside Jordan and it was being guarded until United Nations truce observers reach the scene.
