Typhoon Kills 50 At Japan, Okinawa

TOKYO, Japan — Typhoon Emma, swept northeastward through the Sea of Japan today leaving 50 dead and multi-million dollar losses in its wake in Japan, Okinawa and the Philippines.

Winds in the center were down to 90 miles an hour when U. S. Air Force weather planes pinpointed it at 3 p.m. (1 a.m. EST) 200 miles northwest of southern Honshu, Japan. The winds had been 156 miles an hour over Okinawa Saturday and 115 miles an hour over Kyushu, Japan's southernmost home island, Sunday.

Twenty-nine persons were reported killed in Japan, one in South Korea and three on Okinawa. Okinawa fatalities included a military policeman and two Ryukyu islanders. Six drowned in the Philippines in weekend floods on the typhoon's edge.

The U. S. Army said Emma was "the worst typhoon disaster of the last decade" on Okinawa, site of numerous American bases, where it lasted 36 hours. Forty-three Okinawans and 15 Americans were injured, 9 of the Americans severely. Damage was estimated in the millions of dollars.

A PRELIMINARY report said 1,701 houses, 2,230 miscellaneous buildings and 84 public buildings were destroyed and other buildings damaged.

All Okinawa's vegetable crop, 54 per cent of its sugar cane and 25 per cent of its staple food, sweet potatoes, were destroyed. Rainfall of 15 inches caused floods.

The armed forces television tower was blown over there. A section of the Army's Ryukyu command headquarters collapsed. Quonset huts were torn asunder. Several airplanes were damaged. Eleven American babies were born in a typhoon-proof dispensary to which their mothers had been moved from the Ryukyu Army Hospital.

Nixon Being Sent On 15,000 Mile Air Tour Campaign

WASHINGTON (UP) — Vice President Nixon will embark on Sept. 18 on "the most intensive air tour in U. S. political history" in his reelection campaign, the Republican National Committee announced today.

The committee said Nixon will cover more than 15,000 miles, and visit 32 states—with one stop in each state—during 14 "working days." The schedule announced will carry him to Oct. 3.

It will take him into every section of the country.

Nixon will be accompanied by his wife, a staff of approximately 12 and more than 30 reporters, the committee said.

"This unprecedented tour," the committee said, "has been scheduled with one stop in each state to be visited, to enable the vice president to gain a cross-section of U. S. sentiment—from political and civic leaders, farmers, workers, businessmen, economists—in the opening weeks of the Eisenhower reelection campaign."

Nixon's itinerary includes a stop at Springfield, Ill., Sept. 27.

Court May Rule On Tax, 'Cool Off' Laws

SPRINGFIELD (UP) — The Illinois Supreme Court convened today for its September term.

Before the term ends, the court may rule in cases involving the new 5 per cent utility tax, the 60-day "cooling off period" divorce law and legislation to permit Chicago to build a convention hall out of state fair and exposition fund moneys.

THE UTILITY TAX case, which could affect all cities in the state which levy the tax, was brought against the City of Chicago by Peoples Gas Light and Coke Co. The 1955 legislature passed a bill giving cities the right to assess a 5 per cent tax on the gross receipts of utilities.

Peoples Gas attacked the legislation as unconstitutional on grounds it permitted "discrimination" and did not apply equally to all utilities.

Chicago levied the tax on Peoples Gas, Illinois Bell Telephone Co., and Commonwealth Edison Co. Peoples Gas was assessed the entire 5 per cent tax. Illinois Bell was allowed a 3 per cent credit for the fees it pays for use of Chicago streets, and Commonwealth Edison was allowed a 4 per cent credit for its franchise fee.

THE ATTACK on the new 60-day cooling off period divorce law was brought on appeal from Cook County by Mae Doty. Her attorney argued the law denied her the constitutional right to "immediate access to the courts" by requiring a 60-day waiting period between the filing of a divorce suit and action on it by a court.

A similar law was declared unconstitutional in 1953 on similar grounds. But that law required the waiting period before the divorce suit could be filed. The new law, according to its sponsor, gives a person immediate access to the courts by requiring the filing of a suit, then requiring the waiting period.

The convention hall case is an appeal from Sangamon County Circuit Court by the Sangamon County Fair and Agricultural Association which contends the exposition hall legislation is unconstitutional on grounds its language is vague and that it was not read three times in the Illinois House as required by the Constitution.

British Reject New Suez Parley Request

Rebels Attack French Troops On Cyprus

Fail To Kill Members Of Suez Garrison; 5 Britons Hurt; 1 Slain

NICOSIA, Cyprus (UP) — Cypriot rebels made their first attack Sunday on French troops of Cyprus' booming "Suez garrison." The rebels inflicted no casualties on the French, but they killed a Greek Cypriot and wounded five British soldiers in other attacks.

Gunmen in ambush aimed small arms fire at a French army truck two miles from Famagusta on the east coast. French soldiers in the truck fired back. None were wounded, though the vehicle was hit five times.

THE GREEK Cypriot was shot dead in a coffee shop in Ayio Ioannis, a southwestern village.

Four British soldiers were in a truck blown up south of Nicosia. A bomb was detonated electrically in a tree as the truck passed by. Another soldier was wounded by a bomb blast on a British servicemen's beach near Limassol, south coast port.

Gunfire and bombs also were directed from ambush at British army vehicles near Kyrenia on the north coast. Bombs were thrown at other vehicles at Kyrenia, eight miles northeast of Nicosia. A time bomb was found and disposed of in a ditch near the British district commissioner's house in Larnaca on the east coast. No casualties resulted in these cases.

AUTHORITIES blamed all the incidents on EOKA, the Greek Cypriot underground which has been fighting since April 1, 1955, to oust the British from this crown colony and annex the island to Greece.

The French forces came under attack only 10 days after they began arriving on Cyprus, Britain's main Middle Eastern base, for the avowed purpose of protecting French nationals and their interests in the dispute over Egypt's nationalization of the Suez Canal.

Epping Sent To Menard To Serve Term

CHICAGO (UP) — Federal Judge John P. Barnes today granted the request that Edward A. Epping, a principle in the Orville E. Hodge scandal, be allowed to serve his state and federal prison sentences concurrently.

Epping, Hodge's former manager, in the state auditor's office, was sentenced Aug. 31 to five years in prison for misapplication of bank funds, and received a four-to-five year state sentence Sept. 7 for his part in the state check fraud.

Epping was taken to Sangamon County Jail at Springfield and was expected to be transferred to the Menard branch of the state penitentiary Tuesday. Asked if he'd see Hodge at the prison, Epping only smiled. His attorney, Hugh Dobbs, interrupted before he could answer.

EFFING WAS impassive throughout today's session. Dobbs said that the minimum sentence Epping could serve before being eligible for parole would be 38 months.

Concurrent terms are already being served by the other principals in the million-dollar scandal. Hodge is serving his term at Menard, and Edward A. Hintz, former bank president, is in Stateville penitentiary at Joliet.

Epping was sentenced Friday to a four to five year term on state charges of conspiracy in the embezzlement plot to drain the state treasury. The five year federal sentence for misapplication of funds in federally insured banks was imposed Aug. 31 by Barnes.

Lofty Shooting

Tom Davies was undismayed when his tee shot on the 153-yard ninth hole landed on the flat club house roof at Okoboji Country Club. Playing in the Iowa Open golf tournament, the 21-year-old University of Iowa student played his second shot from the roof rather than take a penalty stroke. The shot was just short of the green. Mob Bars Negroes In Texas; Sturgis Quiet

By THE ASSOCIATED PRESS
With and without the protection of soldiers' guns, Negroes attending mixed classes today in Sturgis, Ky., and Louisville, Ky., but jeering, gravel-throwing, mob barred a Negro girl and boy from the junior college at Texarkana, Tex.

While a heavy force of National Guardsmen stood by, seven Negroes were brought to Sturgis High School in automobiles an hour before classes began and although a crowd had started to gather there was no disorder. Later, the crowd grew to about 1,500 but remained orderly.

Integration on a large scale basis began quietly in Louisville without any troops or heavy concentrations of police.

A CROWD of about 300 adults and students of Texarkana Junior College formed a mass picket line that kept Jessalyn Gray, 18, and Steve Foster, 17, from entering the building. Miss Gray had been accepted as a student after tests and Foster said he was trying to find out how he came out in his entrance examinations.

The Negroes entered the Sturgis school about an hour before classes began and although a crowd had begun to form in the western Kentucky town of 5,000, the school's white enrollment is about 200.

At Louisville, Kentucky's principal city 170 miles to the northeast of Sturgis, fullscale integration proceeded quietly. Threats to picket male high school, where 75 Negroes enrolled, did not materialize.

It was one of the largest tests of integration yet undertaken in the South. Continued on Page 6, Col. 2

TWO ANXIOUS PASSENGERS!

LONDON (UP) — Two anxious passengers wrote to London airport Sunday. One said: "As I am expecting a baby when I am due to be flying in September, will it be possible to have it in the plane?" The other wrote: "Will you please see I have a window seat behind the propellers so I can make sure they are working?"

Situation Called 'Very, Very Grave'

LONDON (UP) — Britain flatly rejected today Egypt's call for new international negotiations to end the Suez crisis.

The rejection came shortly before the heads of the British and French governments met to discuss peace or war in the "very, very grave" situation.

"The Egyptian statement does not appear to suggest any basis for negotiation," the Foreign Office announced.

IT WAS THE FIRST official Western rejection to Egyptian President Gamal Abdel Nasser's suggestion earlier today that a new international conference be called to settle the controversy over the vital waterway.

"The last action of the Egyptian government has been the unqualified refusal of the proposal put forward as a basis for negotiation by the Menzies mission on behalf of 18 nations," the Foreign Office said.

The proposal was the so-called Dulles plan for international control of the canal.

Britain's stand was made known in a two-sentence statement issued during a meeting of Prime Minister Anthony Eden and key cabinet ministers.

The firm tone of the statement indicated Eden had not wavered in his determination for international control of the canal.

In Washington, diplomatic sources said the United States will give serious consideration to Egypt's latest proposals for a new conference. But they refused to predict whether the United States will endorse the proposal.

Egypt's invitation went out to all nations using the canal and was made as the Menzies mission retreated from Cairo in failure.

A COPY OF THE Egyptian note also was sent to U. N. Secretary General Dag Hammarskjöld.

The note recalled different points. Continued on Page 6, Column 1

Failure Of Suez Parley Disappoints Secretary Dulles

WASHINGTON (UP) — Secretary of State Dulles today voiced his "deep" disappointment at failure of the Cairo conference and declared the rights of the Suez treaty signatory nations "should be pursued."

He hinted that the next step in attempting to solve the Suez Canal crisis might be referral of the dispute to the United Nations.

In asserting that the rights of the canal-using nations should be pursued, he declared this should be done "consistently with the spirit of the United Nations charter."

A primary purpose of the U. N. charter, he pointed out, is to establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained.

A few minutes earlier French ambassador Herve Alphand emerged from a long conversation with Dulles to tell reporters that France would not object to throwing the dispute into the U. N. "if our friends want to."

REV. LOUIS SWARTZ

Presbyterian Church Calls New Pastor

The Rev. Louis M. Swartz has been called to the pastorate of the Kankakee First Presbyterian Church.

At a congregational meeting Sunday the communicant members voted unanimously to issue the call for the Rev. Mr. Swartz. Formalities before the call is completed are the approval of the Chicago Presbytery and the release from his own presbytery. The minister is planning to assume his new pastorate in October.

The congregational meeting, moderated by the Rev. Frederic C. Mills of Chicago, was held following the morning worship service at which the Rev. Mr. Swartz was guest minister.

The latter has been pastor of the First Presbyterian Church of Cambridge, Ohio, for the past nine years. Born in Hickory, Pa., he followed his elementary and secondary education by enrolling in Washington and Jefferson College at Washington, Pa. He received his bachelor of arts degree there in 1935 and then received his bachelor of divinity degree from McCormick Seminary, Chicago in 1941. He was ordained that year by Marion Presbytery in Ohio.

The 42-year-old minister served as pastor of the First Presbyterian Church at Crestline, Ohio, from 1941 to 1943. At that time he began three years of service as a chaplain in the United States Navy. Before going to Cambridge, he was minister of the First Presbyterian Church, Huron, Ohio, from 1946 to 1948. At Cambridge the Rev. Mr. Swartz' church is just completing a \$200,000 building program.

Active in civic affairs at Cambridge he is completing his third year as chairman of the county chapter of the American Red Cross and this year is serving as president of the Rotary Club. He has been a Rotarian for seven years.

French Blacksmith Says Blood Oozed From Hands Of Iron Christ

NICE, France (UP) — A village blacksmith who believes "neither in God nor the devil," said today that blood oozed from the nail-pierced hands of an iron Christ he was fixing to a cross.

Yves le Caer, a blacksmith and wrought-iron artisan in the Maritime Alps for 25 years, described the incident which occurred Sunday in his shop in the picturesque village of Tourrettes-sur-Loup.

"IT IS AS SIMPLE as anything, I had made holes in the cross and in the hands with an electric drill. I forged two long square-headed nails, like old nails. Then I put the Christ on the cross flat on the anvil and turned it over. "I got the rivets ready and began to hammer the crucifix, with the Christ underneath. It began to spurt and there was blood oozing drop by drop from both hands. "Le Caer said he became frightened and ran from the shop. "I didn't want to touch the Christ any more. I didn't understand what had happened to me. I believe neither in God nor the devil."

LE CAER TOLD THE village priest of the incident and the priest brought the crucifix to Nice today to inform the bishop and to order a laboratory investigation of the dry brown clots clinging to the hands of the crucifix.

The crucifix was destined for an ancient abandoned chapel now under renovation by a Swiss painter, Andre Brechet. The blacksmith told Brechet today he would not put nails in the feet of the Christ.

Clyde Allen Baker, 16, alone in a small house at the rear of the family home, was asleep when the fire broke out.

In the main house at the front of the lot, four members of the family were watching television. The family learned of the tragedy when a younger sister, who also slept in the rear house, left for bed. She found flames fighting the blaze.

Holly Kelly Engagement Announced

The engagement of Miss Holly Kelly is being announced by her parents, Mr. and Mrs. Glen Kelly of 1211 E. Fifth St.

Her fiance is Robert Henshaw, son of Mr. and Mrs. Herschel Henshaw of Channahon.

Plans are being made for an October wedding.

The Altar and Rosary Society of the Immaculate Conception Church met Wednesday in the school hall.

The meeting was opened with the recitation of the rosary. The business meeting was conducted by Mrs. Clyde Schierholz, president.

It was announced a mission will be held at the church the week of Sept. 10 and will be conducted by the Franciscan Fathers. The mission will close with 40 hours of devotion.

Plans were made to attend the convention of the Council of Catholic Women to be held in Chicago Nov. 7 and 8.

A rummage sale will be held during the month of October.

One night when Mac was only 11, he said his prayers and added: "Thank you, God for helping me find all my customers at home so I could make my collections."

Dr. Frampton said he hadn't previously had his attention called to the importance, to the newspaper carrier, of having people answer their doorbells cheerfully.

IN WINTER blizzards and summer heat, the newspaper boy faithfully carries on.

Mac is a smart lad and is obtaining the very best type of business training that any youth in America ever obtains.

For a newspaper carrier operates his own independent business. He pays his papers at wholesale.

Then he must "merchandise" them, which includes smiling and being diligent in placing the papers on the front porch out of rain and wind.

He learns valuable lessons in business psychology and becomes far more adept in dealing with people than many playboy husbands who are 30 years old, but who are still living on papa's indulgence.

Newspaper carriers also obtain practical training in the credit side of American business, for they must collect from their customers and balance their books.

They soon learn the meaning of that crucial phrase in our "free enterprise" system, namely, NET PROFIT.

Suppose a playmate should accuse newspaper Mac on his weekly collection trip.

"Gee, Mac has \$37 to spend," such a thoughtless pal might exclaim, failing to realize that the gross collected income is not all profit by a long shot.

For example, Mac must pay the wholesale price for all the papers he has delivered throughout the week.

He must also pay for any damage if he should accidentally break a window by a bad throw of the paper.

If he uses a bicycle, its wear and tear must likewise come out of the gross collection.

Then, and only then, can the newspaper carrier subtract all his costs against his \$27 of collections and find what his net profit amounts to.

WHAT every American could serve an apprenticeship of the gross collection.

For former newspaper boys make WHO'S WHO literally bulge! Such young fellows become self-reliant men long before the average non-newspaper carrier does.

For manhood is not a matter of your calendar age or your height and weight. True manhood is a matter of experience and self-sufficiency.

Carrying a newspaper route successfully for a full year quickly weeds out the men from the boys.

If a young fellow can make his deliveries on schedule and keep his accounts in perfect order, he is a man.

If he can't get on the job on time or if his parents must carry the route for him because of his frequent lapses, then he is still a boy.

Carrying a newspaper route is ideal preparation for a solvent home in later life. Newspaper

It's A 2-Team Race In

Dodgers At Full Strength For Big Series

BROOKLYN — The Brooklyn Dodgers are poised and ready for their two-game make or break series against the league-leading Milwaukee Braves opening Tuesday night at Ebbets Field.

The team is at full strength, the pitchers well rested, and the hitters appear to be back on the team. This plus a return of confidence from a week ago when they trailed by 3½ games makes the league champions a confident crew.

Milwaukee, apparently out of its slump following two victories over the Chicago Cubs, after dropping five straight, moves into Dodger-town leading by one game.

FOR OVER A week Manager Walter Hoge has pointed his two star pitchers, Sal Maglie and Don Newcombe, for his brief series. The two pitchers, who have been some of his best ball since being obtained from Cleveland May 15, goes in the opener. Newcombe, the 23-year-old right-hander, will start with a 2-3 record, and the call Wednesday afternoon.

Against the two Dodgers stars, the Braves will throw Bob Buhl, who has beaten the champs seven times in 1956. Buhl (16-7) and Burdette (18-9) against Ed Newark.

TO BACK UP his starters, Newark has bullpen twins, Don Bessent and Clem Labine, well rested.

The brightest spot among the hitters is the streaking Carl Furillo. He is running hot. Carl drove in four runs in his last game, and he is looking to mark the third straight game in which he has struck decisive blows. Furillo broke up Friday night game with an 11th inning home run and Saturday doubled and scored the winning run.

And Roy Campanella, still far off his 1955 form but capable of hitting the long ball, has been in the lineup batting eighth. He was sidelined for several games with an injured thumb.

Grid Outlook No. 6

FOREST HILLS, N. Y. (UP) — The world's best tennis player is either Elton John Roosevelt or Alvaro Nunez. The Davis Cup hopes are concerned with the difference?

They're both Australian. Roosevelt said after whipping Don in four sets Sunday for the 7th U. S. Championships.

He looks like he's at least a bit better than he was to keep the cup, doesn't he?

THAT'S THE understatement of the year from the underdog Kennedy, a five-foot, seven-inch 140-pounder who outstuffed Don, and thwarted his countryman's bid for a grand slam of the Australian, French, Wimbledon and U. S. crowns, 4-2, 6-3, 6-3.

Don's defeat of Kennedy, N. Y., who carried Roosevelt to five sets in the semifinals, leaves an indication he won't play Davis Cup tennis so that leaves only Vic Seixas and Hank Richardson, who bowed without much struggle to a pair of Aussies in the U. S. championships.

WITH FIVE Australians and only three Yanks in the men's quarterfinals and Roosevelt and Seixas paired with American partners in the mixed doubles final, partisan American galleries had only Shirley Fry of St. Petersburg, Fla., to cheer.

Shirley, who won the Wimbledon crown this year, bowed over Alvaro's 6-2, 6-3, 6-3.

Stout Holds Key To Illini's Grid Fortunes

CHAMPAIGN — You can hardly call coach Ray Eliot a saboteur in the Big Ten football war, but he is, starting his 18th season, States' Woody Hayes that Illinois will be "hotter than a firecracker," by gloomily listing three major Illini problems.

The first is the talent level of all coaches, "lack of depth," with sophomores being No. 1 replacement at six positions.

The second is the end position, where — despite the presence of one 240-pound candidate and three 230-pounders — Eliot says "we don't feel good."

THE THIRD and by far most important problem is at quarterback. There, Eliot said, "the situation is not good. It is the player everybody thought he was a year ago — but not now."

Stout, 6-4, 210-pound senior, had the last track last fall, but was transferred to Elm Lindbeck, who did a good job in directing the Illini to a sixth place finish with a 3-3-1 Big Ten mark.

Eliot is agitated at the suggestion the Illini may contend with Michigan for the Rose Bowl call. With favored Ohio State and Michigan State ineligible for the bowl game, it is likely the third place team will get the Pasadena call.

CONTRARY TO Ohio State's hopes, who frankly admit he is looking past two nonconference games to the Illinois league opener, Eliot says Illinois' attention is on the Sept. 20 opener with California.

Ohio State first two starts are select group again.

one of the top backs in the Will-Roe Conference, was declared ineligible and then several injuries hit the squad.

Don Wyant, the only back with any varsity quarterback experience, suffered a broken ankle in a scrimmage and Carter sprained an ankle. Eudekides has been trying to make a comeback, but he is still out of the game.

"We will do the best we can with what we have," he continued, "but prospects do not look too bright for the coming season."

The Minnesota coach has six letters returning from last year's squad. They are: John Roberts, tackle; John Dwyer, end; Dave Driscoll, halfback; John Blahar, guard and quarterback; Ed Carter, halfback; and Jesse Sanders, tackle.

Driscoll, a seventh letterman, played last year. He was a varsity football as a freshman and sophomore, but did not play last year.

Roberts, 190-pound senior, is captain of the team and was a regular last year. Blahar, Sanders and Carter were also regulars. Carter missed the latter part of the season with a broken toe.

It did not take long for lady luck to frown on the Redskins this season. Chuck Kingsley, considered one of the best players in the Big Ten, was injured in a game with Wisconsin.

Ed Furgul Wins Rubber City Open

AKRON, Ohio (UP) — A blinding six under par 60 won the \$3,000 first prize Sunday for Ed Furgul, 34, of St. Louis, Mo., in the \$10,000 Rubber City Open.

Furgul, who has a withered left arm, edged former amateur champion Arnold Palmer of Latrobe, Pa., by one stroke.

He trailed Palmer by two strokes in the first round, but on Sunday after clinging to second place throughout the first three rounds, he won by a margin of 11 strokes. Furgul carded five birdies and an eagle three on the 68th hole, but he came back to finish with a 271 total to Palmer's 272.

Furgul's runner-up finish paid him \$2,000.

Ed (Porky) Oliver of Canton, Mass., placed third with 274. Jimmie Hahn of Kansas City, Mo., was fourth with 276.

Bears Look Like They're Tough As Ever

The Chicago Bears once again are punting-like the big, bad Bears who ruled the National football league in the early 1940s.

With the opening of the scheduled season only three weeks away, the Bears today stood as the only undefeated team in the league after defeating the Pittsburgh Steelers Saturday night 21-18 for their fourth victory.

THE NEW YORK Giants, who also are showing threatening signs of being a power in the eastern conference, downed the San Francisco 49ers 21-14 for their third win in four outings and Washington downed Green Bay 17-10 in other Saturday action.

The Packers' first after winning three, the Philadelphia Eagles got off to a shaky start in their first game in the new season, losing to the New York Giants 21-14 in a nationally televised game.

Sophomore held the key at both tackle with the No. 2 and 3 men on both sides being newcomers, the Bears today stood as the only undefeated team in the league after defeating the Pittsburgh Steelers Saturday night 21-18 for their fourth victory.
