THE OLIVET NAZARENE College Orpheus Choir will go on tour April 8-13 giving concerts in Ohio, Indiana and Michigan. This will be the 26th annual tour by the college choir. The director is Dr. Walter B. Larsen.

Overflow Turnout Forces Teamsters To Delay Meeting

PORTLAND, Ore. (U-P) — Some 1,500 Teamsters turned up at Tuesday night's meeting of their local and the session had to be postponed until a bigger hall could be hired. A new date has not been set.

Usually "only a handful" of the 8,000-member General Teamsters Local 188 shows up at meetings. Members filled the 900-seat auditorium early and by meeting time had spilled into the hall and out into the street.

The meeting was the first the local has had since Teamster President Dave Beck was accused by the Senate Select Committee on Government Operations of being a communist.

One of the matters that was to be discussed Tuesday night was the case of Teamster Harry Fedor, charged with being a communist and violating the union constitution by criticizing local and national Teamster officials in statements to the press.

Woman Chicago's First Polio Victim

CHICAGO (U-P) — Chicago's first case of paralytic polio in 1957 has been reported by the Board of Health.

Dr. Herman N. Sundesen, board president, said Wednesday that the victim is a 36-year-old woman who returned to Chicago on March 28 from a 18-day visit to Mexico and became ill three days later. She had not received Salk polio vaccine.

At the same time last year the city had three cases of polio.

Here's the Perfect Flooring for Any Room In Your Home!!!!

29c
9"x9" TILE

- Beautiful! Resilient!
- Colors go through and through!
- Defies grease, acid, mildew!
- Stays new-looking a lifetime!

Chicago Store Owner Slain By Assassin

CHICAGO (U-P) — A North Side department store owner, who reportedly had refused a telephone caller's demand for money three months ago and who maintained a bodyguard, was fatally shot in the vestibule of his home early today.

Sanford Lerner, 46, was shot four times as he entered the three-story apartment house at 6322 N. Mozart St. Police said he staggered to his second-floor apartment and collapsed on the floor after telling his wife, Lillian, 47, "I think I'm shot."

Lerner, owner of Ted's Department Store at 3747 Southport Ave., died shortly after arrival at Swedish Covenant Hospital.

Asks Presidential Spending Ceiling From Congress

WASHINGTON (U-P) — Sen. Byrd (D-W.Va.) proposed today that Congress put a ceiling on all presidential spending.

Byrd, chairman of the Senate Finance Committee, drafted a six-page package of amendments to the 1957 fiscal year appropriations bill under which he said Congress could regain control of spending.

Byrd said the bill would give Congress control by authorizing expenditures of funds for years ahead, as well as currently.

He proposed to limit spending from both past and current appropriations to a figure fixed by Congress each year.

"If federal expenditures are to be reduced by amounts which will allow reduction in day-to-day debt and terrible taxes," Byrd said in a statement, "control must be re-assured by the Congress. The program will include numbers by a brass choir, trumpet trio, string trio, and men's chorus. Lauren Larsen will be narrator for the choir.

The Rev. J. W. Swearingen, college field secretary, will speak briefly during the intermission at the various concerts. This year's tour is a part of the college's Golden Anniversary Year celebration.

French Cool To German General

PARIS (U-P) — Lt. Gen. Hans Speidel, German deputy commander in France during World War II, today took command of Allied land forces in central Europe. His French superior declined to shake Speidel's hand for a picture.

The first top member of the old Nazi Wehrmacht to take a top NATO command, Speidel was installed in a brief ceremony in a courtyard of Fontainebleau Palace, headquarters of the West European command.

Chaplin Rents Villa

NICE, France (U-P) — Charlie Chaplin has rented a Riviera villa that has sheltered French President Vincent Auriol, ex-King Michael of Romania, King Baudouin of Belgium and his father, ex-King Leopold.

The villa is a 30-room estate with a swimming pool, tennis court, and a large garden. It is located in the exclusive district of Cap d'Antibes.

NO CLEAR CUT motive has been established in the case. Marcus was seized in front of a friend's home late Sunday by two men. They shot and killed him in a car and dumped his body in a vacant lot a few blocks away — all in the span of a few minutes.

Robbery had been discarded as a possible reason. Some \$10,000 cash was found on Marcus' body. Marcus was linked with the Hodge scandal through the Southmore bank, where he was chairman of the board.

More than a million dollars of the public money stolen by Orville Hodge, imprisoned for a year, was traced to Marcus through the Southmore bank, which was obtained by cashing checks at the Southmore bank.

Thus far, there has been no evidence the slain banker received any of the Hodge loot.

Senator's Widow Expected To Get Illinois GOP Post

SPRINGFIELD (U-P) — Mrs. Mary Brooks, widow of former U.S. Sen. C. Wayne Brooks, will be recommended by Gov. William G. Stratton to succeed Mrs. Wesley Dixon, Lake Forest, as Republican committeewoman from Illinois.

Stratton announced Tuesday that Mrs. Dixon was retiring for reasons of health and that his choice as her successor was Mrs. Brooks. The GOP State Central Committee will meet in about 10 days to name successor to Mrs. Dixon, Stratton said.

Mrs. Brooks, Chicago, also owns a farm near Ottawa. At the time of his death, Brooks was Illinois national Republican committeeman.

Train Derailment Destroys Depot

MAUSTON, Wis. (U-P) — A spectacular train wreck in the center of Mauston Tuesday night resulted in the derailment of 37 cars of a Milwaukee Road freight train and the destruction of the community's depot.

Mrs. Clarence Easter received the special award.

Mr. and Mrs. Henry Medler will entertain the group April 27.

WEEKEND GUESTS of Mr. and Mrs. Frank Glasow were Mr. and Mrs. Jack Wilson of Cleveland and Mr. and Mrs. Archie Porter of Chicago.

Miss Jean Casner, student at Wesleyan College, Bloomington, was a weekend guest in the home of her grandparents, Mr. and Mrs. Charles Paradis, Mr. and Mrs. James Casner and family of Chicago and Mr. and Mrs. Farrel Paradis of Huntington, Ind., were Sunday guests.

Wading In The Rain

It's off to school they go and the streamlet of water pouring down the street holds a natural fascination for these youngsters.

Donald, 7, Judith, 10, and Robert Harley, 11, of 281 S. Dearborn Ave. are shown in typical rainy weather garb. For other youngsters properly logged out for foul weather turn to page 5 of today's Journal. (Journal photo)

Sleet Disrupts Phones, Power

The Kankakee area was apparently near the center of a sleet, snow and rain storm which swept into central Illinois Wednesday morning knocking out telephone service to at least six area communities and breaking numerous power and telephone lines.

The Kankakee Airport measured 1.43 inches of precipitation from the start of the storm until 7:30 a. m. today. Additional rain during the day has raised the estimated amount of precipitation to over 1 1/2 inches.

Up until 7:30 a. m. Wednesday there was 45 inches recorded, 15 inches of which was rain. The total as of 1 p. m. was 1.01 inch and as of 5 p. m. 1.16 inches.

Freezing rain and sleet began falling in the mid-afternoon Wednesday. The local telephone company office sent three five-man crews south to Paxton to assist in putting toll lines back into service before the storm hit here.

At the opening were Hyman Marcas, a brother of the slain man and executor of his estate, police officials, and representatives of the state treasurer's office, the state inheritance tax office, the state's attorney's office, the Illinois state general's office and the bank.

The Marcas estate, estimated at two million dollars, was left on an equal share basis to his widow, Frances, and two daughters. The will was filed Wednesday in probate court.

Open Marcus Safe Deposit Box Today

CHICAGO (U-P) — The safe deposit box of Leon Marcus was opened today in the search for clues to his slaying.

A list of contents was not made public immediately.

The box — 10 inches high, 5 inches high and 22 inches long — was in a vault room of the Southmore Bank & Trust Co.

At the opening were Hyman Marcas, a brother of the slain man and executor of his estate, police officials, and representatives of the state treasurer's office, the state inheritance tax office, the state's attorney's office, the Illinois state general's office and the bank.

The Marcas estate, estimated at two million dollars, was left on an equal share basis to his widow, Frances, and two daughters. The will was filed Wednesday in probate court.

List Area Slot, Gambling Stamps

CHICAGO (U-P) — The Internal Revenue Service has reported \$230 annual tax stamps for slot machines and gambling stamps.

Bo's Tavern, B. Waters, Brookway, Coal City.

Kankakee Amvel Club, Inc., 308 S. Schuyler Ave., Bradley.

The service said \$50 federal occupational waging stamps were issued to:

William Morrison, Joliet Athletic Club, 13 E. Cass St., Joliet.

Al Stengel, Joliet Athletic Club, 13 E. Cass St., Joliet.

1,000-Mile-Wide Spring Storm Buffets U.S.

Twisters Kill 1, Injure 57 Down South

South Dakota Buried Under 25-Inch Snow; 3-Day Death Toll 28

BY UNITED PRESS

A giant spring storm unleashed a swarm of tornadoes on the South, dumped heavy snows on the central Plains and lashed a thousand-mile-wide belt of the nation's midsection with sleet, ice, drenching rains and high winds today.

Twisters slammed Mississippi, Tennessee and Alabama, killing one person and injuring at least 57.

The Weather Bureau said tornadoes and severe thunderstorms were expected to lash north and central Georgia and western South Carolina during the day.

On the opposite side of the far-flung storm, a snowstorm piled up to 25 inches of snow on western South Dakota, with sleet, ice and heavy rain on the northern Plains and around scores of schools to close in southern Minnesota.

Weathermen issued a blizzard warning for western and northern Minnesota and southern North Dakota and issued a heavy snow warning for parts of South Dakota, Iowa and Nebraska.

At least 4 more persons were reported killed and about 500 were rounded up in a new outbreak Wednesday night in the capital. The violent disorders have swept Santiago for two days.

A large detachment of troops routed about 150 persons who had holed up atop a small hill in the center of the city. The authorities said this group was a band of demonstrators who were planning to hold a night rally to cover their depredations.

Earlier the troops routed another band of demonstrators from a downtown building with intense gunfire.

At least 4 more persons were reported killed and about 500 were rounded up in a new outbreak Wednesday night in the capital. The violent disorders have swept Santiago for two days.

Summerfield Threatens To Cut Postal Service

WASHINGTON (U-P) — Postmaster General Summerfield said today that he will have to make drastic cuts in postal services if Congress fails to pass a bill by June 30 that would increase the postal budget by \$30 million.

Summerfield said he would have to make cuts in postal services if Congress fails to pass a bill by June 30 that would increase the postal budget by \$30 million.

New Iran Premier Ends Martial Law

TEHRAN, Iran (U-P) — Martial law was abolished in Tehran today. It had been in effect since World War II.

Brig. Gen. Taimour Bakhtiari, military governor of Tehran, made the announcement shortly after Moushegh Eghbal, Iran's new premier, presented his cabinet to the parliament.

"We have the pleasure to announce the abolition of martial law in Tehran and its suburbs after the lifting of the martial law in other areas of the country," said Bakhtiari.

There was no word on the lifting of martial law in other areas of the country.

THE 45-YEAR-OLD former university president was named by Shah Mohammed Reza Pahlavi to replace Hassan Ali Akbar, 74, realigning because he said a younger and stronger man was needed to deal with the chaos that had engulfed the country since the death of the shah.

Eghbal said his first act as premier was to repeal Akbar's orders to the police that they were to shoot to kill anyone who violated the curfew.

There are indications that the new government will have to deal with the chaos that had engulfed the country since the death of the shah.

British Plan Draft's End By '60, Arms Cuts

LONDON (U-P) — Britain today announced a sweeping revision of its defense program designed to abolish the draft by 1960 and cut the armed forces from 600,000 to 375,000 within five years.

Described in a government white paper as "the biggest change in military policy over half a century," the plan was unveiled in a speech by Prime Minister Harold Macmillan.

The plan called for a reduction in the number of troops from 600,000 to 375,000 within five years.

The plan called for a reduction in the number of troops from 600,000 to 375,000 within five years.

House Economy Bloc Backs Budget Cuts

WASHINGTON (U-P) — Budget critics stayed firmly in the saddle today as the House started on 17 rollcall votes to decide whether to make final one of its biggest economy drives in many years.

Up for official determination were 68 million dollars of individual tax cuts, tentatively from next year's Labor and Welfare Department funds during the past seven days of debate.

On the first of the rollcalls, the House affirmed, 366-126, a cut of \$300 million in funds given the secretary of labor for international labor affairs.

THE LAWMAKERS figured on at least eight hours for the voting clock.

The votes were scheduled on 17 separate amendments which trimmed \$68,647,300 from new appropriations for the Department of Labor and Welfare and the National Labor Relations Board.

The Senate, which frequently restores many House-voted cuts, is expected to vote on the bill today.

Hire Boys PE Director At YMCA

Wesley Walter has been hired as boys physical and program director at the Kankakee YMCA. It was announced today by L. D. Corbin, president of the YMCA. He will assume his duties on June 1.

A native of Danville, he will be graduated from Eastern Illinois State College, Charleston, in June with a bachelor of science degree in education and physical education.

He worked part-time for the Danville YMCA during his high school years and during summer vacations from college. Walter was president of the Danville YMCA Leaders Corps for several years and held various offices in the H. V. Club.

The new YM staff man has been in track and swimming as well as taking part in other sports. He has indicated a strong desire to have a representative YMCA swimming team next fall, which will add to the present swim program of the YM. He will report to Kankakee in time to take charge of the boys summer program.

Walter is single and a member of the Christian Church.

Rural Peotone Home Burns

Flaming water on what remained Wednesday night of a two-story frame home 3 1/2 miles northwest of Peotone is a Peotone fire fighter. The flames weren't noticed in time to save the building. Telephone lines were down. The home, owned by Mrs. Mary Dwyer, in her 60s, and a relative, Frank B. Altis, was owned by Mrs. Helen Stumbris. Mrs. Dwyer and Altis were watching television when they noticed smoke.

The fire apparently started on the second floor at the chimney. Because phones were out of order, a neighbor had to drive to Peotone to notify the firemen. The blaze was out of control by the time they arrived. Nothing was saved. The home was not insured. Mrs. Dwyer and Altis are staying in the Stumbris home, which is located a few yards from the burned house. (Journal photo)

Iroquois Hospital

Iroquois County Court Jury Finds Gary Man Guilty

WATSEKA (JNS) — The following admissions, discharges and births were reported for April 3 at Iroquois Hospital.

Admitted: Mrs. Hazel Dalton, Zion; Mrs. Dollie Stricker, Iroquois; Betty Coffey, Wilford; Mrs. Hazel Leland, Sheldon; Beulah Cichow, Watsela; Mrs. Martha McCutcheon, Watsela; and Mrs. Dolle Flynn, Wellington.

Discharged: Mrs. Joyce Schwartz, George; Harry Whorral, Gilman; Vivian Coleman, Chicago; Mrs. Fannie Blathgerne, Gilman; Mrs. Fay Clark, Iroquois; Mrs. Emma Taylor, Donovan; Mrs. Hazel Dalton, Zion; and Donald Bretzman, Gilman.

Births: Mr. and Mrs. Don Schlemmer, Watsela, are the parents of a girl. A girl also was born to Mr. and Mrs. Dale Flynn, Wellington.

4 Physicians At Convention

Four physicians from the community recently attended the national convention of the American Academy of General Practice held at St. Louis, Mo.

They are Drs. Ernest Buch, Edward Hayes, O. A. Phipps and S. W. Reagan. There were 5,000 doctors registered, representing the general practitioners from 48 states. Dr. Phipps is president of the Illinois Academy of General Practice.

WHITTLE CHAMP, CARNEGIE, Okla. — George Summers, 84, is the champ of peace Herbert Stam following his arrest Wednesday night by state police on a charge of driving too fast for conditions.

Waldo Francis, Braidwood, Dies;

Funeral Saturday

BRAIDWOOD (JNS) — Waldo R. Francis, 76, died in St. Joseph's Hospital, Joliet, Wednesday night following an illness of two weeks.

Mr. Francis was born in Keokuk on Sept. 22, 1860. His wife, Laura, died in 1947.

Surviving are a brother, Sullivan Francis of Kewanee, and several nieces and nephews.

Mr. Francis moved to Braidwood in 1943 from Downers Grove, having been a retired fruit farmer.

Funeral services will be held Saturday at 2 p.m. in the Patterson Funeral Home. Burial will be in Oakwood Cemetery, Wilmington. Friends may call at the funeral home after 7 p.m. today.

Rites Friday In Kankakee For Mrs. Jennie Myers

Mrs. Jennie Myers, 74, of 1545 S. Seventh Ave., died Wednesday morning in a Kankakee nursing home after an illness of two years. She was born in Manteno Oct. 16, 1862 but had lived in the Kankakee area most of her life. She was a member of St. Rose Church.

She married Fred Myers in Kankakee Feb. 8, 1934. He died May 24, 1933.

Surviving are brothers, Milo Barnard of Kankakee and William Barnard of Canada.

Services will be held at 10 a. m. Friday in St. Rose Church. Burial will be in Mt. Calvary cemetery. Friends may call at the Yates Funeral Home until the time of the services. The rosary will be recited in the funeral home at 8 p. m. today.

Sheldon Woman Hurt Wednesday In 2-Car Crash

SHELDON (JNS) — A 62-year-old Sheldon woman was injured Wednesday afternoon in a two-car crash here.

Reported in fair condition in Iroquois Hospital is Mrs. Hazel Lamack.

According to authorities, Mrs. Lamack was driving south on Route 24-52 in town and F. W. Kee, 85, Sheldon, was traveling west on Iroquois street when the accident happened at the intersection.

Kee was given a ticket charging him with failing to yield the right of way. He was scheduled to appear today before Sheldon Police Magistrate Andrew Mayotte.

The Kee car hit the rear of the Lamack vehicle, which went out of control, hitting and breaking a utility pole. The car bounced off the pole and continued across the highway, smashing into a tree.

State Police Officers Melvin Borror, Watsela and Carl Gardner, Milford, investigated. Damage to the Lamack car amounted to about \$1,200. Damage to the Kee car came to \$200.

Caution Advocated In Middle East

The Eisenhower Doctrine will work if the nations of the Middle East want it to work. The ailments are known but the patient may not want to swallow the indicated remedies.

The Middle East is both terribly wealthy and terribly poor and that results in bad balance. It is advanced in many ways and backward in others. The surge of nationalism would be a healthy manifestation if it were compounded with civic pride. It isn't and that is one of the great drawbacks.

The governments and regimes of the Middle East would like the area marked "out of bounds." They would like the big powers to keep things as they are and grant economic aid when it is needed. Any suggestion that a given project would pay for itself under certain conditions is met with a cold stare. They want the project but they do not want to hear about certain conditions or any changes.

Even the Russians are said to be disgrusted with the basic attitude in the Middle East. They want to compete whenever there is a favorable opening but they are reluctant to throw money away. The Russians may not enter into any spending race with us.

Moscow may depend on propaganda penetration in an attempt to arouse suspicion. They have already said that the Eisenhower Doctrine is for the purpose of installing a new colonialism in the Middle East.

The Middle East may become a sort of neutralized area. Governments and leaders will be put on their best behavior. They will have to yield a little before either side grants them the assistance they need. The chances are they will lean toward the U.S. for the simple reason that our conditions will coincide with their basic interests.

A cautious approach, a firm step at a time, will produce the best results. Too much eagerness may only make the task more difficult.

Much Ado About A Little Herb

A rite performed each day in the editorial department of any newspaper is that of examining the mail. Much of it is laudatory but publicity extolling certain wares and services. Some of it involves issues of the day and the stand of individuals and agencies on these issues. Most welcome is the kind that contains material of a news nature.

But every so often the most obvious commercial communique is slowed on its path to the waste basket because of some singularity, some quaint rendition that lifts it out of mediocrity.

In this latter category is the one received today from a Fort Lauderdale, Fla., source. It is a real stinker—or at least is about a herb that is a real stinker.

This release presents the virtues of garlic, ranging from its qualities as a seasoning agent to its worth as an antiseptic. The British government, we quote, credits garlic with saving thousands of lives during the first World War. At that time, faced with a severe shortage of certain antiseptic agents, a mixture of garlic juice and water was applied to the wounds of British soldiers.

Ancient Roman soldiers believed that garlic ended them with physical courage and so they consumed large quantities of the herb before going into battle. When the wind was right, these old Romans had a distinct advantage.

Referred to as the "poor man's mint," the release states that several lecturers regularly drink a mixture of garlic juice, honey and water before taking the podium.

Garlic has been around for years and will be offering its odoriferous advantages for years to come. But if these garlic-gurgling lecturers find their audiences heading for the closest exits, they may have only themselves—and the little herb—to blame.

Study 12-Month School Term

ROCKFORD STAR

The idea of keeping schools open the year around no longer is being discussed lightly by school officials who are concerned with problems of overcrowding and rising costs. Many communities throughout the country are considering a 12-month school term to relieve crowded classrooms and make use of expensive facilities which now lie idle for three months of the year.

School officials of Minneapolis, Minn., and San Diego, Calif., are giving the plan serious study. In South Carolina, Governor George Timmerman has asked the legislature to provide for state-wide adoption of the 12-month system. A movement to give the plan a trial in Jacksonville, Fla., is under way.

Some cities have tried the plan and discarded it because of parental objections. However, several of those cities reported savings in buildings, debt service, fire insurance, and operating costs.

Under the 12-month system, the school year could be divided into four quarters, with attendance staggered to avoid overcrowding and the need for costly plant expansions.

Dr. Grayson Kirk, president of Columbia University and an advocate of a longer educational year, has put the question this way:

"Is it common sense for the American people to spend vast sums of money on their school plants, only to have them hopelessly overcrowded in winter and standing idle during the summer months?"

It's a good question.

By John B. Crane

Segregated Americans In Yugoslavia

The 185 Americans who work for the United States government in Yugoslavia live in highly segregated houses. The Yugoslavs in Belgrade live in one world while the Americans and British stationed there live in quite a different world.

This segregated condition arises not from legal fiat but largely from the voluntary desires of the Americans.

Most Americans prefer to live in their own quarters, strictly apart from the Yugoslavs for certain very definite reasons. For one thing, the Americans in general are not able to speak or understand Slavic, while the Yugoslavs know English, so a linguistic barrier creates social and educational segregation.

Evidence of this is seen in the separate schools for American and Yugoslav children, in separate churches and separate social and recreational facilities.

FEW AMERICANS ever attend the Yugoslav movies in the downtown district of Belgrade, even though these cost only 15 or 20 cents and many are American at the American Embassy are

Yugoslav girls who do work similar to that of the American clerks and typists sent over from America. But there is precious little social fraternization between the two groups, especially after business hours.

This voluntary social separation of American and Yugoslav girls arises partly from the fact that the American girls have much higher income and a better educational background, so they don't feel too much in common socially and culturally with the so-called "indigenous personnel."

The difference in pay of the girls is not to imply that the Americans are snobs or undemocratic, but merely to indicate that they don't particularly enjoy mixing with the Yugoslav girls.

Personally, I feel that the great difference in pay of the girls is an important factor in explaining their failure to fraternize. The Yugoslav girls get about \$30 per month as typists while the American girls get \$250 per month or more. Hence, the latter are five times better off than their Yugoslav sisters.

This difference is great enough to place the Americans in a social category of "upper class," while the Yugoslav typists and clerks are mere "working girls."

By David Lawrence

Situation Not Covered By Constitution

WASHINGTON—No law passed by Congress under the present provisions of the Constitution can take care of the situation that would ensue if a President of the United States became disabled. It really requires an amendment to the Constitution to deal with the problem.

This is the conclusion reached by the attorney general and is the basis for the message which President Eisenhower will send to Congress shortly.

The message will state that the President is unable to perform his duties and that the Vice President should assume the office.

The legal message would result if, as a consequence of an act of Congress, a commission should be named to determine whether or not a President was disabled mentally, for example, can well be imagined. Lawsuits would ensue because laws signed by an "acting president" would be challenged in the courts.

Article two of the Constitution isn't at all clear. It says: "In case of removal of the President from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the Vice President, and the Congress may by law provide for the case of removal, death, resignation, or inability, both of the President and Vice President, declaring what officer shall then act as President, and such officer shall act accordingly, until the disability be removed, or a President shall be elected."

The trouble with this article is that it doesn't define "inability." Nor does it give Congress any power to fix presidential succession except when both the President and Vice President die or both—not just one—are disabled.

The idea has been advanced that Congress could pass a law providing for a commission consisting of the executive and legislative branches of the government, with the chief justice included. The theory has been that such a commission would be required by law to seek competent medical advice. But this is an area in which a form of political discretion is involved and, when Congress starts to legislate in that area without express authorization by the Constitution, it is in a bad way.

Cause Of Diabetes

Sweets don't cause diabetes. Eating a lot of candy, cake and other foods filled with sugar might lead to obesity, but it won't be a direct cause of diabetes.

It might, however, be a contributing factor. Too much weight is carried by the body of many of our middle-aged, it is an especially dangerous burden. This, overeating any foods—especially those containing large amounts of starches or sweets—should be avoided. But sweets or sugars as such won't bring on diabetes.

The disease is caused by certain abnormalities of the pancreas, a digestive organ. It is a condition in which the body cannot use sugar.

All foods contain some sugar. When the body digests this sugar, it is changed into a form which is carried in the blood stream to the body tissues where it is used as food.

Before the body cells can use this sugar, the pancreas must secrete a substance called insulin into the blood.

When insulin is lacking, you have diabetes. In this case, the body cells cannot use the sugar and it accumulates in the blood and in the urine.

The type of food a diabetic eats is extremely important. Sugars, of course, are virtually banned. And since starchy foods like cereals, potatoes and macaroni are converted by digestion almost entirely into sugar, they also are limited in any diabetic diet.

By carefully following a prescribed diet, and using injections of prepared insulin, many diabetics can lead normal lives.

While most patients will have to continue watching their diet and taking insulin for the rest of their lives, many elderly victims require only temporary doses of insulin.

C. What are the symptoms of diabetes and what can be done for it?

Answer: Diverticulitis is the intestine means that there are little pouches which have formed in the intestine. When these pouches become inflamed, the condition is called diverticulitis.

The exact cause is not known. Usually a bland diet and rest may prove helpful.

E. N. I have been troubled with dizziness for a period of six weeks. What would be the cause of it?

Answer: Dizziness is caused by various conditions, among which are constipation, high blood pressure, heart and kidney troubles and disturbances of the eyes or ears.

It would be advisable for you to have a thorough physical examination by a physician to determine its cause.

Here Is What They Say

"My salary and World Series check (from the New York Yankees) totaled \$17,000 last year. But if I made \$7,000 I could have been miserable. I'll make a lot less money with the (Kansas City) A's, but at least they'll treat me like a human being." —PITCHER RIP COLEMAN, traded to Kansas City by the Yankees.

"It's a man's world and they were doing all right until the women started voting. I've never voted. Women haven't done any better with the vote and they don't justify to two jobs—MRS. ELIZABETH RUSSELL of Pontiac, Mich., on her 100th birthday.

"Our school children should not only learn to know El Whitney as the inventor of the potato gun, but also for his greater contribution in establishing our modern industrial heritage by devoting the first practical method of mass production with interchangeable parts." —LOUIS POLK, president of the Sheffield Corp. of Dayton, Ohio.

By Peter Edson

Battle Of Books

WASHINGTON (NEA)—Some startling figures on Russian publishing, just revealed by UNESCO—the United Nations Educational, Scientific and Cultural Organization—were announced on the battle of books now going on in the cold war for the human mind.

For as U.S. Information Agency Director Arthur Larson recently told the National Book Awards Ceremony, "The fate of the world is in the hands of the people who read books."

Who, then, prints the five billion books which go out into the world every year, what are they, where do they go?

The figures which the UNESCO Courier has assembled in its "Books for All" report are to a large extent loaded in Russia's favor. They are certain to be challenged by the free world publishing industries.

FOR INSTANCE, ask the average individual to name the most widely translated book in the world and he will probably say, "The Bible." That answer was right up until 1945, says the book report. But then the writings of the Russian revolutionary leader V. I. Lenin, are supposed to have taken first place, with 596 translations since 1945 and 371 in 1955 alone.

The Bible took second place with 887 translations since 1945 and 99 in 1955. But the writings of Joseph V. Stalin were third with 689 translations since '46 and 200 in '55. In fourth and fifth places were the classical Russian novelists, Tolstoy and Gorki.

The most widely translated American writer is listed as Jack London, in 14th place with 347 translations. Behind him are Pearl Buck in 17th place, Mark Twain in 19th, Earl Stanley Gardner in 26th and James Paul Jones Cooper 31st.

Ask this same individual what country publishes the most books and he would naturally be inclined to say America. But that answer is also said to be no longer correct.

RUSSIA IS SUPPOSED to have taken first place in 1955 with over 40,000 titles printed. If these books are all published in the U.S.A. with 12,000 titles, 10,000 of them first editions, were counted, Russia's number of printed titles would be reduced to 31,000, but it would still be in first place.

Japan is second with 21,000 titles, United Kingdom third with nearly 20,000. Western Germany fourth with just under 14,000, the U.S.A. fifth with 12,000 titles, 10,000 of them first editions.

The total number of volumes printed in Russia in 1955 was over a billion, with an average of more than 18,000 copies for each title published. No figure is given on Russian first editions.

Only comparable U.S. figures available is a 1954 census report, soon to be released, which puts American commercial book production at 765 million volumes for the year. The figures do not include private or federal and state government publications.

U.S. Information Agency has been making a detailed study of Russian publishing and will issue a report on the subject in the near future. It will reveal the book report, the 24 free-world languages was 41 per cent higher in 1955 than in 1954.

THIS SHOWS THERE has been no relaxation in Soviet publishing directed against the free world.

Russian publishing in English was 82 per cent higher, in Spanish, 32 per cent higher and in Arabic over 300 per cent higher. This is a tip-off on Russian attention to Middle East affairs.

Of the 600 titles published in the Soviet in 1955 in non-Russian languages, 325 were in politics and economics, 149 in technology and industry, 58 in agriculture, 48 in medicine. For 10 Communist satellite countries, the Russians printed 287 titles.

This shows the Soviet's interest in becoming a source of technical literature for underdeveloped countries. For their cultural offensive, the Russians published 157 titles in languages not spoken in the Soviet Union.

This is the book challenge the Soviet makes to the free world.

Coming Soon-A Dog Finder

MORGANVILLE, N.J. (U)—Science has come up with all sorts of gadgets—including depth finders and radar—to help fishermen locate their flaky prey.

But it has kind of neglected the fisherman's fellow hobbyist, the hunter.

Steve Lavioie, an electronics engineer whose pastime is tracking down big game in odd corners of the world, aims to correct that lack. He's working on something really new for ardent woodsmen—an automatic dog finder.

STEVE IS HEAD of Lavioie Laboratories here, a firm that has developed a number of electronic instruments for the U.S. military. He's a highly respected defense missile program.

His idea for a radio dog locator came to him on a recent hunting trip to Colombia during which two cattle-killing jaguars were spotted.

Specially trained dogs—valued at \$500 to \$1,000 each—are used to track down the big elusive South American jaguar, as the jaguar is often called.

A cornered jaguar, unless the hunter arrives quickly, may ambush and kill or maim a pack of 7 to 10 of these valuable dogs. Sometimes an injured dog will crawl off and become lost in the jungle.

Steven's radio aid to hunting is quite simple. It consists of a three-pound radio sending set attached to the dog's back, and a slightly heavier receiving set carried by the hunter.

"A DOG CAN carry such a set all day in the jungle," said Steve. "Our only problem is to put on an antenna that won't get him tangled in the brush. But even if it does we can quickly locate him and get him home."

"We'll be able to know where the pack is at all times," he added, "and can tell by the sound of

Manners For Moderns

"I should be at home in bed," said the guest with a cold at the coughing, sneezing stage. Nobody denied her statement and everyone secretly wished she had stayed home.

It's the height of selfish habit and no one wants to be like that just because you can't bear to miss a party.

"A DOG CAN carry such a set all day in the jungle," said Steve. "Our only problem is to put on an antenna that won't get him tangled in the brush. But even if it does we can quickly locate him and get him home."

"We'll be able to know where the pack is at all times," he added, "and can tell by the sound of

CHIVALRY IS NOT something of the past, especially on a rainy morning. This young man is providing a bit of shelter for the young lady as they make their way to St. Stephen School early this morning. Pupils braved wind and rain to get to school. (Journal photo)

Olivet Students Win Scholarship, Assistantship

A graduate scholarship at the University of Illinois and a teaching assistantship at Washington University, St. Louis, have been awarded to two Olivet Nazarene College students, according to an announcement made by the college today.

John E. Hanson, Elyria, Ohio, has been granted a \$1,000 teaching assistantship for nine months of the school year in the chemistry department of Washington University. Hanson will graduate with honors May 30 with an A B degree in chemistry. He is also a candidate for departmental honors in a research project in ligning model substances.

While a student at Olivet, he has served as treasurer of the junior class and the Student Council, president of the Spartan Athletic Society, won an "O" Club letter and participated in softball, basketball and basketball.

He served as junior and senior assistant in the chemistry department at the college and was elected to Who's Who Among Students in American Colleges this year.

NAMED TO RECEIVE the Olivet Nazarene College scholarship at the University of Illinois was Jack C. Hancher of Columbus, Indiana. Hancher has been accepted into the graduate school of library science, according to an announcement by Dr. F. T. Wall, dean of the graduate college, University of Illinois.

He will graduate with honors, May 30 from Olivet receiving a B S degree in elementary education.

Showers Bring Rain Coats And Boots

WELL PROTECTED AGAINST the wet weather this morning were these Mrs. Davis, standing in class at St. Paul's Lutheran School. April showers not only bring May flowers, but also rain coats and hats and boots. These two young ladies weren't letting any grass grow under their feet as they approached the school.

Banker To Address Commerce Club

Roy Davis, second vice president of the Continental Illinois National Bank, Chicago, will address the annual meeting of the Commerce Club of Olivet Nazarene College. The meeting will be held at 6:30 p. m. Saturday at the Kan-kakee Hotel.

Topic of Davis' talk will be "The Right Job, A Christian Obligation." Charles Beatty will be the master of ceremonies.

Results of election of officers for the 1957-58 school year will be announced and new officers introduced.

Music for the dinner will be furnished by college students.

April showers not only bring May flowers, but also rain coats and hats and boots. These two young ladies weren't letting any grass grow under their feet as they approached the school.

Mrs. Ramien, 63, Former Resident, Dies In Michigan

Mrs. Bertha Ramien, 63, former Kankakee resident, died early today at her home in St. Joseph, Mich., following a lingering illness. She was born here, July 30, 1893, daughter of Mr. and Mrs. Christian Engel. On Feb. 18, 1914, she was married to Herman Ramien, who died Nov. 10, 1950. He was a partner in a dry cleaning firm here for a number of years. After the death of her husband, Mrs. Ramien moved to St. Joseph. She was a member of St. John's Evangelical and Reformed Church. Survivors include a daughter, Mrs. Wayne Weir, Huntington, Ind.; brother, Charles of Kankakee; sister, Miss Mary Engel of St. Joseph; and two grandchildren. Funeral services will be Saturday at 2 p. m. in Rehr and Kaiser Funeral home, with the Rev. Myron Schmitt, pastor of St. John's Church, officiating. Interment will be in Mound Grove Cemetery.

Bonfield Church Schedules Supper

BONFIELD (JNS)—A Family Night potluck supper will be held Sunday at 6:30 p. m. in the Methodist Church.

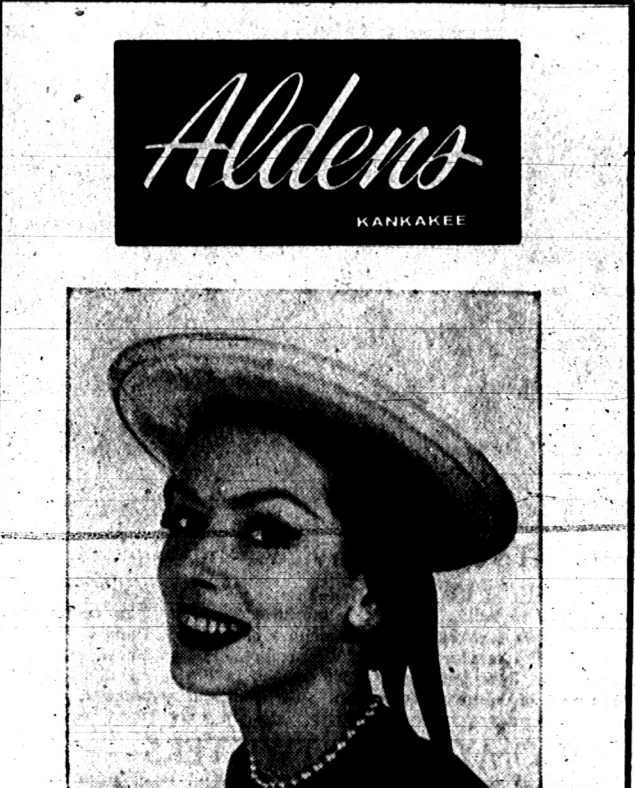

The program for the evening will start at 8 p. m. A group of young people from the Methodist Church in Naperville will present a play, "The Symbol of a Cross."

Seek To Block Nasser Plan's Publication

BY UNITED PRESS
The United States sought today to delay "final" publication of the Nasser plan for operating the Suez Canal but indications were that Egypt would reject any suggestion of international control.

Diplomatic sources in London said Britain was prepared for a "temporary agreement" conceding full payment of Suez Canal tolls to Egypt if Egypt agrees to launch the canal from politics. Foreign Secretary Selwyn Lloyd outlined the compromise to the Conservative party.

The position of President Gamal Abdel Nasser of Egypt was strengthened by the apparent victory in Jordan of his ally, Premier Hussein. Nasser, in Nasser's struggle for power with King Hussein.

Jordan's Ramallah radio broadcast a statement from Nasser saying the nation would develop further its relations with the Soviet Union—an indication Nasser had triumphed over Hussein.

ISRAELI EXPRESSIONS growing concern over the situation in Jordan and the Jerusalem Post warned editorially that Israel could not remain idle if Saudi Arabian troops occupied the Jordanian port of Aqaba.

The editorial was considered significant because the Post usually reflects Israeli government thinking.

It also came soon after Foreign Minister Golda Meir told the Knesset parliament that Israel still feared grave political and "perhaps even military" struggles in its fight for "independent passage" of international waters.

Egypt had announced it would publish its Suez plan today and that the plan would become "final" once it was made public. Diplomats in Cairo said a last-minute series of negotiations by U. S. and Egyptian officials might delay publication.

BOTH NATIONS have exchanged notes during the past week as the United States sought to have Nasser include in his plan the six principles for canal operation as laid down by the U. N. Security Council.

In Washington a diplomatic source said Egypt's reply had been "unsatisfactory." And in Cairo the Egyptian press launched a heavy attack on the six principles.

The six principles call for free navigation of the canal by all ships and for diverting operation of the canal from Egyptian politics.

An act that would permit Israeli shipping to use the waterway. The Cairo press said the Anglo-French invasion killed that plan last fall.

MARTINTON TOWN Supervisor Since 1918 Relected

MARTINTON (JNS)—C. L. Hathaway, Martinton Township supervisor since 1918, was relected to office Tuesday.

Also elected were Frank Weygand, township clerk; Eldon Wehling, assessor; Harry Treichel, justice of the peace, and Paul Langer, constable. There was no opposition.

4 Die In Crash

KASSEL, Germany (U)—The U. S. Army's Berlin-to-Frankfurt military train crashed today, a Germa express train today, federal railway officials reported. Four Germans were killed and 14 injured. The officials said no Americans were hurt.

Anti-Picketing Bill Introduced In Illinois House

SPRINGFIELD (U)—An anti-picketing bill was introduced today in the Illinois House.

The bill, backed by the State Chamber of Commerce, was sponsored by Rep. Harold W. Widmer (R-Fresno) and 19 other representatives. It would prevent a union from picketing an employer when it does not represent a majority of employees.

Louis Ratzberger Jr., of Hoopston, chamber of commerce president, said in a statement the measure would "prevent abusive practices of some union leaders in coercing small businessmen to sign union contracts under threat of picketing."

"This legislation is sorely needed as a means of safeguarding the rights of employees to join or not to join union," Ratzberger said.

The bill provides for secret helpline of employers to vote on whether to join a union.

Also introduced were Gov. Stratton's bills to continue the sales and use taxes at their present 2½ cent rates.

Before recessing until Monday the House passed and sent to the Senate an \$80,000 emergency appropriation to provide housing for paraplegic veterans.

Conduct Annual Meeting In Douglas Township

GILMAN (JNS)—At the Douglas township meeting held Tuesday afternoon, William Veragay was moderator and Mrs. Lydia Kneeb was clerk.

The town fund levy was set at \$11.00 and library fund levy was set at \$5.75. There was no levy for the school fund.

MRS. MELVIN Rodde left Tuesday for Washington, D. C., to visit her daughter and son-in-law, Mr. and Mrs. Leonard Rodde. Mrs. Rodde is on a vacation from her duties as nurse at Fairbury Hospital.

Crecent Wins First Honors For Speeches

ONARGA (JNS)—Crecent City won two out of three first place honors during speech competition Wednesday in the Onarga Military School.

The contest included 14 schools in Iroquois County and offered competition in dramatic, humorous and oration divisions.

Miss Jane Dion, 11, sixth grade pupil at Crecent Iroquois grade school, won first in the dramatic division and Miss Nancy Buttorff, 13, eighth grade pupil at Crecent-Iroquois, won first place in the oration group.

In the humorous division, Watseka won first place with a presentation by Miss Sarah Kunkel, sixth grader.

The second place win by Beverly Chaudron, 16, fifth grader at Crecent-Iroquois, gave Crecent City enough points to capture overall first place honors.

Don't scrape the bottom and sides of a saucepan when you are turning candy out of it.

Award Second Contract For Route 1 Bridge, Watseka

The second of two contracts for the Route 1 bridge over the Iroquois River near Watseka has been awarded at Springfield.

The \$123,000 contract went to the Calhoun Construction Co., Pana, previously announced as low bidder on the work.

The contract is for a four-span steel beam bridge approximately one-half mile north of Watseka.

Bennett Industries of Peoria previously was awarded a contract of approximately \$90,000 to supply the structural steel.

The bridge will replace the present outmoded structure.

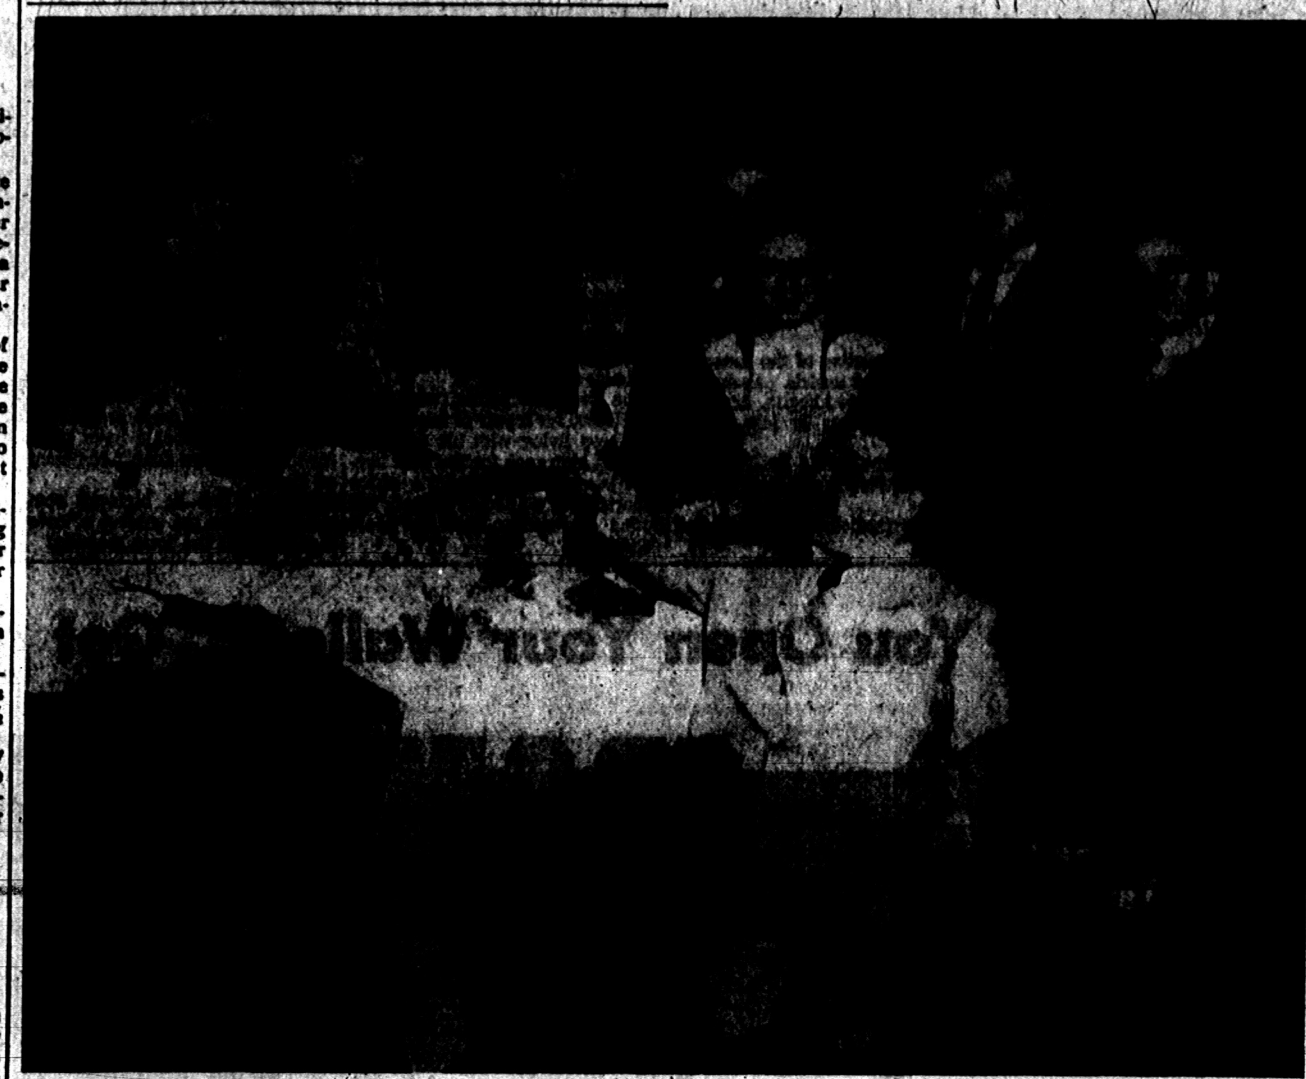

Some federal aid secondary road projects in Livingston County also were put under contract. The contracts include:

Crown Rock Asphalt Co., Elmhurst, \$9,843 for 4.96 miles of bituminous surface treatment from Campus northerly; Livingston County Construction Co., Pontiac, \$9,783 for 4.33 miles of bituminous surface treatment from five miles south of Chatham and extending southerly.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, there is no more waxing. It's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that wears out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Engineer Dies, 26 Hurt In Collision

RECAUCUS, N.J. (UP)—The engineer of a Pennsylvania Railroad commuter train was killed and 26 passengers were injured Wednesday night when it slammed into the rear of a "dead-end" baggage train near here.

May Lift Curtain On Union Files

WASHINGTON (U)—For a decade, most labor unions have been required to file annual financial reports with the government. In all that time only about 200 unions have ever seen their financial records.

Recent disclosures by the Senate Rackets Investigating Committee of alleged misuse of large sums of union money have brought renewed interest in the problem.

Numerous legislators have recommended that (1) the Labor Department records of union financial data should be opened to everyone, and (2) Congress should pass a new law requiring similar data to be filed with the government and made public regarding multi-million-dollar welfare funds.

But 10 years ago in enacting the Taft-Hartley Act Congress brought differently. It included no provision for filing welfare fund data at all. It required unions using services of the National Labor Relations Board to file the annual union treasury statements, but made no provision for making them public.

Ike Defends Plan To Replace President

WASHINGTON (UP)—President Eisenhower said Wednesday his plan for dealing with disabled presidents is based on the assumption that it would be carried out by honest men who would not misuse it to try to seize power.

Mr. Eisenhower, defending the plan at his news conference, said he felt the American people would "resent very bitterly" any attempt to misuse his proposal.

The President has recommended to Congress a constitutional amendment to allow a president to declare his own disability and to hand over his power temporarily to the vice president. If the president were too ill to make the decision himself, the cabinet would.

The plan has run into stiff congressional opposition—especially the section investing the cabinet with the right to declare a president unable to carry on his duties. Some influential congressmen predict it will be defeated.

The flame tree or royal poinciana, which is found in Florida and other southern states, is a native of Madagascar.

Kankakeean Hurt In Crash On Route 54

A Kankakee man is hospitalized as the result of a three-vehicle collision on Route 54 five miles north of Kankakee at 4:40 p.m. Wednesday.

Lawrence Dillow, 75, Bauer Trailer Court, was listed in fair condition this morning with a leg injury. According to police he received cuts about the head, back and legs.

The accident occurred at a crossroad just south of the Marteno Limestone Co.

COVERED WITH A BLANKET and sheltered from the rain by a woman, Lawrence Dillow, 75, of Kankakee lies near center of Route 54 after he was thrown from car in crash Wednesday.

State Policeman Elmer Nelson said Dillow's car pulled onto the highway in front of a northbound semi-trailer truck driven by Joe Burkett, 31, Richton Park. The truck hit the left side of the Dillow machine, which went across the highway into the southbound lane and collided with the auto of Harry A. Parkhill, 29, Chebanse, Nelson reported.

Dillow was thrown from the car onto the center of the pavement. Nelson said he issued a ticket charging Dillow with disobeying a stop sign.

Damage was listed at \$500 to Dillow's car, \$200 to the truck and \$350 to Parkhill's machine.

148 South Schuyler Avenue Kankakee, Illinois

MILTON SHAPIRO, left, was installed Wednesday night as ruler of Kankakee Elks Lodge 827 by his brother, Samuel Shapiro, right, who headed the lodge 21 years ago.

Elks Lodge Has Officer Installation

Milton Shapiro was installed as ruler of Kankakee Elks Lodge 827 Wednesday night, succeeding Edward Morrisette.

Also installed at a meeting attended by a large group were James Court, leading knight; Leslie Riley, loyal knight; Jack Syler, securing knight; Fred Sellers, secretary; Fred Zeller, treasurer; John Cogan, squire; and Harry Kuntz, trustee, all elective officers, and Vern Cist, inner guard; Stewart Strain, chaplain; William Xander, organist; and Robert Leopold, squire, appointive officers.

Shapiro was installed by his brother, Samuel Shapiro, who himself was installed as ruler of the Kankakee lodge exactly 31 years ago.

During the coming year the new ruler will place 30-year pins on the lapels of his father-in-law, Fred Heffer, and his uncle, Harry Spielberger. Spielberger twice served as exalted ruler in Elks lodges of Alabama.

Snacks were served after the installation.

Refugee Program Ending: Walter

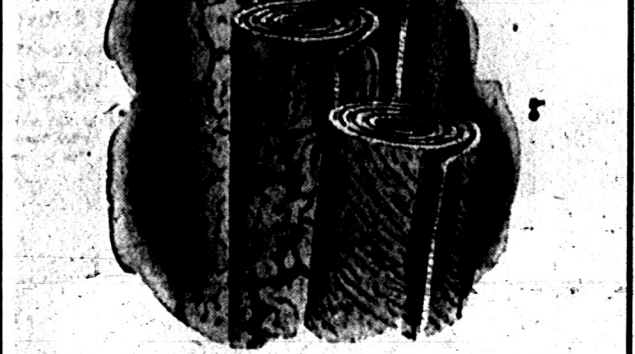

WASHINGTON (UP)—Rep. Francis E. Walter (D-Pa.) predicted today the government will call a halt to its Hungarian refugee program in the next two weeks.

Walter, head of the House Immigration subcommittee, recently asked Atty. Gen. Herbert Brownell Jr. to stop admitting Hungarian refugees to this country.

"In my opinion, the program will be closed down and the only ones admitted will be members of families who were separated," Walter told the United Press.

About 30,000 Hungarians have been brought to this country since the revolt against the Communist government was suppressed by Soviet troops last October.

Legislatures Act To Curb Mounting Crash Death Toll

By THE ASSOCIATED PRESS
The nation's highways yielded 40,000 traffic fatalities in 1956 and this April finds state legislatures studying proposed legislation in at least six fields to try to reduce the number.

Lobbyist Bill Would Include Newsmen

SPRINGFIELD (UP)—State Rep. Allen T. Lucas (D-Springfield) wants newsmen to be included in any bill to require registration and filing of financial reports by lobbyists.

Lucas made his proposal Wednesday at a House Executive Committee hearing two bills by Rep. Powell (D-Vienna), which would require lobbyists to register with the secretary of state and file financial reports.

Lucas' criticism was aimed at the political editor of a Chicago newspaper who was attacked from the House floor last session for allegedly lobbying in behalf of bills to provide a convention hall for Chicago out of money in the State Fair and Exposition Fund.

Lucas is sponsor this session of a bill to permit downstate counties to also draw on the fund for convention halls.

POWELL SAID OF Lucas' suggestion that "if newsmen are to be required to register."

Powell's bills were sent to a subcommittee which is to report by April 30. Similar bills in the Senate also have been sent to a subcommittee.

The lobbyist registration bills resulted from the House scandal in which investigation indicated that former State Auditor Orville E. Hodges was connected with lobbyist activities.

vehicle testing procedures, and make liability insurance compulsory.

The survey showed 25 states considering legislation to put more state police on the highways.

Washington State Legislature was considering a six-million-dollar annual budget for its state patrol.

With it, Acting Chief Roy Carlson proposed to add 150 commissioned officers to the patrol's present staff of 254.

In Illinois, fourth highest in the nation with 2,135 highway deaths last year, Gov. William G. Strickland asked for a doubling of the state police force of 600.

"Our automobiles are safer, our roads are better," he said. "Unfortunately our driving has not improved at the same pace."

Seventeen states were digging deeper for solutions, perhaps at the root of the problem—the driver himself.

Bills already in the legislative hopper indicated new drivers would have increasing difficulty in obtaining license and would have to exercise greater care to keep them.

Some states were raising the minimum age for drivers, some were adding manpower to their driver testing bureaus, some were debating measures to require periodic re-examination of all drivers.

Conditions may now be grist for mill and charged with impeding traffic.

A comparatively new program aimed at sidetracking the habitual offender is the point system under which a driver is given a certain number of points for each violation.

When a driver accumulates 12 points, his license may be suspended or revoked.

States using this system are considering it include Kentucky, Maryland, New Jersey, New York, Rhode Island and Wisconsin.

Kankakee County's goal is \$2,000. Contributions may be sent to Kankakee chapter, American Cancer Society, 550 E. Court St., Kankakee.

CANCER STRIKES ONE in every four persons, Brinkman said. But of every three it strikes can be cured if the disease is diagnosed early.

He said more progress has been made against cancer in the 11 years the Cancer Society has been functioning than in perhaps 100 years before that.

Says Cancer Top Killer Of Children

Cancer, including leukemia, kills more children under 15 than any other disease, the treasure of the Illinois division of the American Cancer Society reported here Wednesday.

This is one of the reasons for increasing contributions to the society, whose nationwide fund campaign is this month, Harry A. Brinkman of Chicago told the Exchange Club.

Harold Cooley, Kankakee County chairman, also attended the meeting.

Kankakee County's goal is \$2,000. Contributions may be sent to Kankakee chapter, American Cancer Society, 550 E. Court St., Kankakee.

CANCER STRIKES ONE in every four persons, Brinkman said. But of every three it strikes can be cured if the disease is diagnosed early.

He said more progress has been made against cancer in the 11 years the Cancer Society has been functioning than in perhaps 100 years before that.

There are 700,000 cases of cancer in the nation at any one time, and 225,000 deaths a year, according to Brinkman.

Brinkman's goal to fight cancer is \$1,500,000, and the nationwide goal is \$30 million.

Brinkman said people are becoming more determined to conquer cancer, particularly in view of successes against polio.

Presidential money raised in Illinois is spent in Illinois, Brinkman reported.

Every cent goes to the national office for research and other functions. But because Illinois has outstanding research institutions, it gets back about \$20,000 a year in research grants.

THE ILLINOIS division also has 100,000 a year to allocate for research.

Cancer represents a tremendous drain on American business, said Brinkman. One cancer patient costs \$12 billion a year.

Money donated to the Cancer Society is used for research, professional education, public education, and professional services.

One of the main needs is to educate people to consult a doctor as soon as there is a suspicion of anything wrong, Brinkman reported.

Momence, Paxton Students Win U of I Honors

A student from Momence and one from Paxton are among 37 seniors who will receive special recognition May 2 in the annual honors day ceremonies at the University of Illinois.

They are Ronald E. Bloomquist, R-1, Momence, and Theresa J. Sine, R-1, Paxton.

Names of these students, who will receive "university honors," will be cast on a bronze tablet to be placed permanently in the university library alongside those of outstanding scholars of other years.

Making "bronze tablet" is considered the top scholastic honor at the university. It is for sustained high scholarship during both junior and senior years.

Names of other high scholars in the university who will receive "class honors" and "college honors" will be announced later.

Illinois Legislator Seeks Pay Boost

SPRINGFIELD (UP)—Rep. A. B. McConnell (R-Woodstock) has proposed a pay increase from \$5,000 a year to \$6,000 a year for himself and his 224 colleagues in the state House and Senate.

Rep. George S. Brydges (R-Peru) also has indicated he may have a pay raise bill introduced this session.

Similar bills were defeated in 1955.

School Aid Bus Bill Supported Grudgingly

SPRINGFIELD (UP)—Senators expressed discontent Wednesday with a bill to reshape state aid for school transportation but recommended its passage in the House Education Committee.

Suburban Cook County lawmakers said they would oppose amendments to the plan setting up state assistance on the measure of how many pupils have to be transported how far.

The theory behind the bill is that the larger the district and the fewer the pupils, the higher the transport cost per pupil and the more state help is needed.

NOBLE J. Puffer, Cook County superintendent of schools, praised the idea but asked lawmakers "not to cut the throats" of suburban Cook County districts in order to benefit those downstate.

He said the formula meant a loss of about a quarter of a million dollars a year to his district.

Rep. Walter J. Reum (R-Oak Park) said he would seek amendments to reduce the amount of aid levied without a referendum on the proposed change.

The state now reimburses schools at a maximum of \$20 per pupil or no more than 75 per cent of the cost of transportation.

The new formula with a 40 per cent maximum would pay a per pupil rate rising at \$4 intervals from \$18 up to \$22, increasing as a district had fewer pupils and as these pupils had farther to travel.

Districts are not reimbursed for students living less than 1 1/2 miles from school.

OPPOSITION was expressed to a provision to permit a district to levy without a referendum an amount of two cents on each \$100 property valuation. With referendum, up to a 10-cent tax would be allowed.

The Senate Education Committee postponed action on a compromise bill to curtail some of the power of the state's 16 special charter school districts. The bill would do away with the requirement that charter district boundaries must be identical with those of the cities in which they are located.

The magazine also featured a statement by Beck's attorney—former Sen. James H. Duff (R-Pa.)—defending use of the Fifth Amendment before congressional committees.

Duff said the amendment was "a protection of the innocent as well as the guilty."

Beck Campaigns In Teamster Magazine

WASHINGTON (UP)—Teamster President Dave Beck today opened an apparent self-defense and reelection campaign through his union's glossy dues-supported magazine.

The April issue of the magazine went out to the nation's 1,500,000 teamsters less than three days after the Teamsters Executive Committee was reported to have rejected Beck's proposed 1 million dollar "revolt" campaign.

BECK WANTED TO stage a national publicity campaign with union funds to tell the Teamster answer to Senate Rackets Committee charges that he took \$222,000 in Teamster cash for his own use.

But the Executive Board in an apparent revolt approved only a limited fund to fight "anti-labor legislation."

However, the magazine—headed by Editor Beck—was crammed with special features about President Beck and his Fifth Amendment stand before the rackets committee. The magazine's glossy cover listed the titles of the Bill of Rights.

Inside, a "letter" from Beck to the union's members: "I am a member of the Senate investigation. I am a member of the Senate investigation. I am a member of the Senate investigation."

Implied that the Senate investigation is part of a "scare campaign" designed to "drive union members away from their unions and thereby achieve a situation whereby a reactionary group of management can cut back on labor costs."

BECK has already announced he will run for reelection despite the Senate charges. The Teamsters will hold their first national election since 1953 in September. By that time, Beck could be running against an AFL-CIO demand for his ouster.

The AFL-CIO Ethical Practices Committee announced Wednesday that it will give the Teamsters a hearing May 6 as part of its investigation into whether the union—largest in the nation—is dominated by corrupt leaders.

The magazine also featured a statement by Beck's attorney—former Sen. James H. Duff (R-Pa.)—defending use of the Fifth Amendment before congressional committees.

Duff said the amendment was "a protection of the innocent as well as the guilty."

Duff said the amendment was "a protection of the innocent as well as the guilty."

Our Standard Of Living Makes Stained Liquid Objectionable

Some Housewives See Red Over Water

CHICAGO (UP)—State health engineers say that "red water" is stirring up housewives in Illinois.

It's no longer enough that water be pure, they said, but it should be free of the iron deposits that make it red.

They pointed out that improved living standards are making red-stained water more objectionable.

THE DAY of the one-tap sink is disappearing. More and more housewives have automatic washing machines, automatic dishwashers, automatic water heaters—and bathrooms.

And with the birth rate rising, there are more babies to wash.

The result is that the Illinois public health department is placing more emphasis on improving the quality of the water supply in the state.

That's the word of Clarence Klassen, chief sanitary engineer in the department.

"Sanitary conditions of municipal water supplies throughout the state are generally under control," Klassen said. "We haven't had an epidemic involving public water supplies in years."

But one big area for improvement, he said, is the quality of water.

As Jim Weart, the department's chief chemist, put it, "With better living standards, the idea that all water has to be wet, is just out of date."

Gerard E. Margrave, a sanitary engineer for the department, said that of 1,100 municipal water systems in the state, only 170 are equipped with iron-removal systems. "Not all need them."

WEART AND MARGRAVE reported on the operation of these systems over the past 20 years at the 47th annual convention of the American Water Works Association in Chicago. Klassen attended the sessions.

Trio To Present Concert Friday In Olivet Hall

A concert of sacred music will be presented by the Carolinas Trio of Olivet Nazarene College in the Olivet Hall, Burke Administration Building, Friday at 8 p. m.

Members of the trio are Miss Della Anthony, Columbus, Ohio; first soprano; Miss Nancie Davis, Indianapolis, Ind., contralto; and Miss Marilyn Johnson, Springfield, Mo., soprano.

They will present a variety of types of sacred music. Solos will be presented by each member of the trio.

The group has sung together for the past three years and has traveled widely singing before church and youth groups, clubs and organizations. It has also made several radio and television appearances.

Only one case of polio has appeared in the last year in Denmark. It was a 13-year-old boy who had not been vaccinated.

CLARENCE KLASSEN, chief sanitary engineer in the department, said that of 1,100 municipal water systems in the state, only 170 are equipped with iron-removal systems. "Not all need them."

PRINCE LIKE AN ACCORDION!

PARIS (UP)—Officials preparing for the British royal visit here seem to think Prince Phillip is longer when sleeping than when he is awake.

They installed an over-size bed in the Prince's suite in the Elysee Palace, but put in a typical small French bed, only four feet long. The queen's husband is six-foot-two-inches tall.

WASHINGTON (UP)—President Eisenhower Wednesday appointed a woman—Mrs. Anne Wheaton—to replace Murray Snyder as an assistant press secretary in the White House.

The surprise move was announced by the President in a speech before some 1,500 applauding women at the 50th annual Republican Women's Conference.

Mrs. Wheaton is director of women's publicity for the Republican National Committee.

The appointment is unusual because for the first time it brings a woman official to a top White House press post.

Mrs. Wheaton, who says she is over 60 years old, is a native of U.S.A. and, once time newspaper woman.

Only one case of polio has appeared in the last year in Denmark. It was a 13-year-old boy who had not been vaccinated.

Officers Elected At WC Annual Meeting

The annual meeting of the Woman's Club was held Wednesday at the Civic Auditorium and included the reports of department heads and election of officers.

Those elected and presented were Mrs. Elmer Speckman, second vice president; Mrs. Carleton Marth, third vice president; Mrs. Raymond Dison, fourth vice president; Mrs. William Schaefer, corresponding secretary; Mrs. Macy Gallo-way, treasurer; Mrs. W. D. Van-diver, garden study and conserva-tion department chairman; and Mrs. Keith S. Smith, music and drama department chairman.

Everett Zlatoff-Mirsky, young Chicago violinist, presented the program. He opened with the play-

ing of a short piece by Gluck transcribed by Kreisler for the violin and entitled "Melody."

"Glazunoff Violin Concerto in A Minor" was his second selection and he closed with "La Campa-nella" by Nicola Paganini. As an encore he played Debussy's "Bea Soir."

Mrs. Eloise Niwa of Chicago was piano accompanist. They were introduced by Mrs. George Harris, program chairman.

MISS EVELYN STREET, a member of the staff of the American Cancer Society, spoke briefly say-ing the group that 250,000 Ameri-cans died of cancer last year, one half of them being under the age of 65.

She said the purpose of the American Cancer Society is to mobilize and motivate all of the resources in a community and focus them in an attack against cancer.

"There are needless deaths from cancer," she pointed out. "We are not yet using all knowledge in combatting the disease. Early cancer can be cured if detected. The key to curing cancer is early detection followed by proper treatment."

"The cancer program is aimed at supporting the research program and educating the public to recog-nize early danger signs and to then seek qualified medical attention."

She said Kankakee's chapter is working on these aspects and she also drew attention to the avail-ability of cancer dressings made by volunteer workers, and beds for cancer patients.

MRS. A. J. NEHR, president, was in charge of the business meeting and announced the district conven-tion on April 10 at the First Meth-odist Church in O'Fallon. The event will start with a 9 a. m. coffee hour with the O'Fallon Woman's Club as hostesses.

Special guests will include Mrs. Erwin Heckel, president of the Illinois Federation of Women's Clubs and Mrs. Vernon Zaras, vice president director of the central region.

Tribute will be paid to Mrs. Craig, contest awards will be made, new clubs installed and new offi-cers elected and installed.

Guest speaker will be the presi-dent of the Illinois Education So-

ciety, W. J. Goreham. Reservations are to be made with Mrs. Nehl.

Mrs. Carleton Marth, tour chair-man, announced a spring garden tour set for May 15. The trip will be made by bus and will include visiting Morton's Arboretum at Lisle and the Elise Festival at Litchfield Park, Lombard. En route a stop will be made at Ex-perimental Gardens at Western Springs.

Sack lunches are to be taken by those planning to attend. The bus will leave the Civic Auditorium at 8:15 a. m. and will return at ap-proximately 6 p. m. Members may take guests.

MRS. RICHARD GRAVES, chair-man of the spring luncheon remind-ed members that this year's lunch-oon is set for April 24 at the Civic Auditorium. Doors will open at noon and luncheon will start at 12:30 p. m.

There will be no reserved tables and the event is for members only. Tickets may be obtained from Mrs. Charles Blake, ticket chairman, un-til April 18.

The program for the spring lunch-oon was announced by Mrs. Harris. Miss Phyllis Scholomovitz, harpist; Edward O. Aldrich, organist; and Miss Lorraine Kuban, soprano, will be featured.

Miss Scholomovitz spent last sum-mer on tour in Europe and while there, was accepted as a pupil of the world renowned harpist, Henri-ette Renie.

Miss Scholomovitz is director of the harp department of the Wiscon-

Soil Conservationists Meet

REECE AYERS, Kankakee County, and Luther Hamilton, Livingston County soil conservationists, talk over creative thinking problems with Melvin G. Parsons, from the University of Illinois. Parsons spoke to the group on techniques of soil conservation.

Grange Says Budget Cut Is Possible

WASHINGTON (UP) — The National Grange said today the Eisenhower administration's \$11.5 billion dollar budget could be cut more than \$2.5 billion if Congress approved "self-help" farm aid programs.

The proposal was not likely to win administration support, Agriculture Secretary Ezra T. Benson has opposed many of the programs the Grange advocates.

The administration's agriculture budget for fiscal 1958, beginning July 1, is a record-high \$3.3 billion. Stripping away farm loan funds, the budget request is about \$4.6 billion, the Grange said in an editorial in its monthly magazine.

"THIS CAN BE CUT by more than one-half by enactment of self-help programs for agriculture," the editorial said.

The programs include a "self-help" dairy bill drafted by Rep. Melvin R. Laird (R-Wis.), and two special support plans for wheat and rice.

Under the dairy program, surplus milk would be taken off the market by a fund raised by farm-

Specialist Tells How To Plant Trees And Shrubs

When ready to plant trees and shrubs, get good healthy plants from a reliable nurseryman. Buying from a local nurseryman is usually advisable because these plants are adapted to your local climate, said H. R. Kemmerer, garden specialist at the University of Illinois.

Dig the hole for the tree or shrub deep enough to set it as deep as it was before transplanting. It's a good idea to dig down an extra two inches so that some topsoil can be placed under the roots.

Make the hole larger than the actual spread of the roots so that they will have room to spread evenly on the bottom. Roots should never be cramped.

If the subsoil is poor, keep it in a pile separate from the top soil, Kemmerer said. Do not use subsoil to refill the hole unless there is no topsoil. Then thoroughly mix some organic matter and a little complete fertilizer with the subsoil before replacing it in the hole. Do not put manure or leaves in the bottom.

Trees and shrubs can be planted with their roots bare or enclosed in a ball of soil wrapped in burlap. Most trees and shrubs except evergreens are planted with bare roots. Kemmerer said to plant balled-and-burlapped plants in the same way as bare root material. Be ment.

LIVESTOCK

CHICAGO (U.S.D.A.) — Saleable hogs 4,000; active and uneven; generally 25 to 50 higher on butchers and sows; late and closing trade mostly 35 to 50 higher; early clearance mixed 2-3 190-270 lb butchers 18.10 - 18.50; mostly 18.25 and above on weights under 250 lb; a few lots 1-3 mostly 1-2 190-230 lb 18.00-18.75; No 2-3 lots these weights lacking; limited volume 2-3 mostly 3 280-310 lb 17.75-18.10; larger lots mixed grade 375-500 lb sows 16.00-17.00; few head 1-3 340-360 lb 17.25.

Salable cattle 2,500; calves 300; slaughter cattle fairly active; steers and yearlings steady to 25 higher; heifers steady to strong; cows uneven but averaging fully steady; bulls weak, vealers steady; stockers and feeders steady; few loads and lots high choice and prime steers 24.00-26.00; load of high choice and prime 1115 lb weights 27.85; most choice steers 21.75-24.00; including about 5 loads 1725-1825 lb 23.00; good to low choice steers 18.50-21.50; standard steers down to around 16.50; few lots choice heifers 17.50-18.10; larger lots mixed grade 375-500 lb sows 16.00-17.00; few head 1-3 340-360 lb 17.25.

Salable sheep 1,000; fairly active; lambs strong to 25 higher; slaughter ewes only steady; good to prime woolled lambs 95-107 lb 12.00-24.25; 60 head lots mostly prime 24.50; cull to low good 14.00-21.50; 2 loads mostly choice short lambs 110 lb with No 1 pelts 22.50; 2 loads 105 lb with summer short pelts 23.50; cull to woolled choice slaughter ewes 5.50-9.00.

BROWN SUGAR apple pies are truly appetizing dishes made more so when served piping hot with tender Danish blue cheese.

Danes' Open Sandwich Is World Eating Favorite

By GAYNOR MADDOX, NEA Food and Markets Editor

The Danes give wonderful parties, as open-hearted as their open-face sandwiches, Denmark's national dish, and as full of good spirits as their beer and aquavit and cherry herring.

All of these we relished at a "Round-the-World" party in New York. To Denmark (we first met him in beautiful Copenhagen), director of the Denmark Cheese Association, was host to a group of newspaper and magazine food editors.

After a Danish smorgasbord consisting of hundreds of open-face sandwiches, the guests "traveled" to England for fish 'n' chips, to France for salad, to Spain for paella, to Africa for meat and bales, India for curry—all round the world, stopping off in New York for apple pie.

In fact, the fabulous dinner voyage followed the route of Phineas Fogg and his valet in "Round the World in 80 Days." Later our Danish hosts took all of us to see that movie.

One of the sandwiches was created in honor of Victor Borge, popular Danish pianist and entertainer.

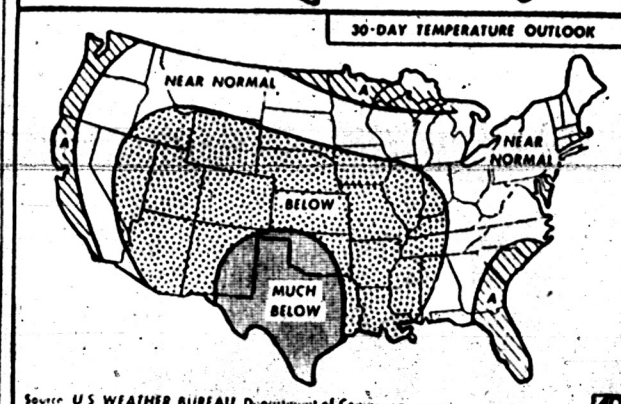

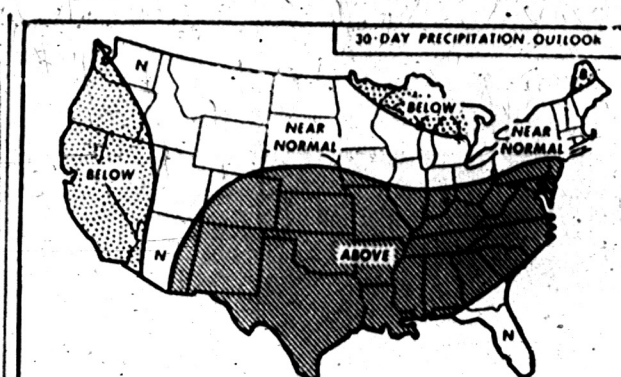

Victor Borge Open-face Sandwich (serves one)

Use one slice of Danish rye bread. Spread lavishly to edge with creamy unsalted butter. Cover with this slice of Danish blue cheese. Top with thin cold slices from breast of roasted Rock Cornish hen. Garnish with watercress. Little Brown Sugar Apple Pie.

(Four pies)

Two packages pie crust mix, 6 large, tart cooking apples, 1 cup firmly packed brown sugar, 1/2 teaspoon nutmeg, 1 tablespoon grated lemon peel, 2 tablespoons butter or margarine.

Prepare pie crust mix as directed on package. Roll out this, half

These maps, based on those supplied Monday by the United States Weather Bureau, forecast the probable precipitation and temperatures for the next 30 days.

Martinton Village Board Awards Disposal Contract

MARTINTON (JNS) — The monthly meeting of the village board was held Monday night in the fire hall with president, Ellis Weber, presiding.

Sealed bids received on the yearly contract for disposing of the ton cans refuse were opened. The contract was awarded to Elmer Weber. Other business included the renewing of tavern licenses of Edgar Beck and Johnny Newman.

Arrangements were made for the village election to be held April 16. Three trustees are to be elected. Candidates are Forrest Chadwick, Harry LeSage and Theodore Ul-

LENTEN LUNCH

Cream of Celery Soup

Spicy Cheese Squares

SPICY CHEESE SQUARES

Ingredients: 1/2 cup firmly-packed grated cheddar cheese, 2 tablespoons curry powder, 1/2 teaspoon Worcestershire sauce, 4 slices bread.

Method: Mix cheese, chili sauce, curry powder and Worcestershire sauce together thoroughly. Toast bread lightly; spread one side of each bread slice with cheese mixture, covering edges; place on foil under broiler until cheese melts. Cut each slice in 4 squares and serve at once. Makes 4 servings.

Sheldon Board Passes Ordinance On Subdivision

SHELDON (JNS)—Fritz Rough, board trustee, presided at the village board meeting Monday evening when a new subdivision ordinance was passed.

The area for subdivision previously was farm land on the north-east corner of the village. It will be called Schriebe. Subdivision.

Judges and clerks appointed for the April 18 election are F. M. Buckley, J. D. Hummer, R. E. Cinnamon, students at Western State College, Macomb, spent the weekend with Marvin's parents, Mr. and Mrs. Vern Kuiper.

IOOF Of Gilman Confers Degree

GILMAN (JNS)—Twenty-seven members of the Odd Fellows and guests from Onarga and Woodland met in Odd Fellow Hall Monday evening.

Leon LaVoie of Woodland received the first degree. The degree work was conferred by the Gilman degree staff.

On Monday evening, the Gilman degree staff will confer the second degree for seven candidates from Woodland.

FORREST LIONS Honor Athletes During Banquet

FORREST (JNS)—The Lions Club honored athletes of the Forrest-Strawn-Wing grade and high schools at its regular meeting on Thursday night, with a supper in the high school gymnasium.

The coaches of the third grade schools and the high school gave short talks. John Reece of Fairbury entertained with magic tricks. Wilman Davis gave the invocation and Ray Shelby was toastmaster.

The Forrest cooks prepared the meal for the Lions and their guests.

Fete Donovan Pair At Party

DONOVAN (JNS)—Neighbors and friends attended the 25th wedding anniversary celebration of Mr. and Mrs. Earl Voss on Saturday evening.

It was held in St. Anne Hall.

MRS. ALLEN Fairbank and children Geneva came Monday to spend a few days with her parents, Mr. and Mrs. T. S. Johnson.

In the year 1932, explorer Marco Polo reported that he saw noble-men in China wearing eyeglasses.

Adventures In Good Eating By Duncan Hines

Unique Tomato Pudding Good Vegetable, Dessert

One of the Midwest's well-known amateur chefs claims to be the originator of this unique Tomato Pudding. Try this prized recipe yourself—I'm sure you'll enjoy it as much as I did. It is so good that it may be served as an adjunct to a regular dinner, or even as a dessert.

This recipe for Tomato Pudding serves 6 people:

Put 4 cups of dry bread cubes in a baking dish and pour 1 cup melted butter over them. Mix together 2 cups canned tomato puree, 1/2 cup water, 1 cup light brown sugar and 1/2 teaspoon salt. Let simmer together for 5 minutes and then mix with buttered bread cubes above.

Set baking dish in a pan of hot water and bake 45 to 50 minutes at 375 F. degrees, or until top is well browned.

Every time you use **CLOROX** you protect family health!

Potatoes Add To Lenten Meal

By Cecily Brownstone
Associated Press Food Editor

Fancy up a Lenten fish supper with a platter of pretty potatoes. Try this recipe and you won't recognize the honey spud!

For fish potatoes are peeled and cut in thin slices. They are layered with butter or margarine, salt and pepper, and baked. When turned out, there are the bottom slices in orderly array; all you have to do is sprinkle them with paprika, add a few parsley sprays, serve and listen to the applause.

PRETTY POTATOES

Ingredients: 2 pounds small potatoes, 1/4 teaspoon salt, pepper, 3 tablespoons butter or margarine (soft), paprika, parsley.

Method: Wash and peel potatoes. Cut into very thin crosswise slices. Dry on a towel. Place a layer of potatoes in the bottom of a buttered 8 by 8 by 2-inch baking pan. Add a second layer, overlapping the slices. Dust with salt, pepper and spread lightly with butter. Add a second layer and repeat until potatoes are used. Cover and bake in a hot (425 degrees) oven 50 to 60 minutes or until potatoes are tender. Uncover and add a hot serving dish. Sprinkle with paprika and garnish with parsley. Serve at once. Makes 8 servings.

OTHER LENTEN VEGETABLE CUES

Fresh vegetables add so much to meals of fish, eggs or cheese. Here are some team-mates.

Creamed Spinach — Use it as a stuffing for hollowed-out tomatoes and serve around a baked fish.

Spoon hot creamed spinach into individual shallow baking dishes and break an egg on top. Drizzle cream over the yolk and bake in a slow (325 degrees) oven until the eggs are set as much as desired. Sprinkle with salt and pepper at the table.

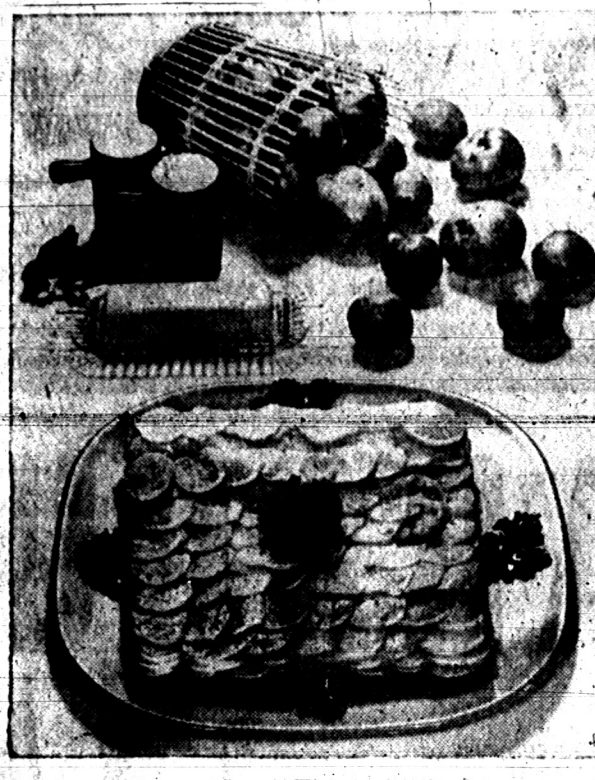

Carrots — Slice carrots thin diagonally and cook in a small amount of salted water until tender-crisp. Drain off any liquid in the pan and reheat carrots with grated orange rind, orange juice and a bit of sugar. Good with fish fillets.

Chili cooked carrots and green peas and mix with crunchy celery crescents and mayonnaise to which a little lemon juice and curry powder have been added. Serve with sliced hard-boiled eggs and romaine salad.

Beets — Cook small whole beets in water to cover until tender; remove skins and slice. Toss with butter and a little dried crushed tarragon. Fine flavor with fish.

Accompany a cheese souffle with a salad of mixed greens, shoe-string style cooked beets and French dressing.

Broccoli — Cook broccoli stalks in a small amount of salted water in a large covered skillet just un-

POTATOES LOOK ELEGANT when cut in uniform slices, layered and baked.

Lions Will Present Show In Peotone

PEOTONE, (JNS) — The program for the second annual Spring Show of Talent, to be sponsored Saturday night by the Will Unit of Home Bureau, is complete.

The event will be held at 8 p. m. in the grade school gymnasium. The chairman of the affair is Mrs. Kenneth Mayes. She is being assisted by Mrs. Maurice Socie, who is in charge of the ticketing the show, and Mrs. Lester Schroeder and Mrs. Lee Heuser, ticket chairmen.

Appearing on the program will be Holly Jean Piepenbrink, who will play an accordion solo; Jayne Schroeder, organ solo; Kenneth Pignush, cornet solo; Jeanie Tompkins, Joan Storch, Joan Storch and Susan Gail, "The Tegettes"; Lou Ann Kaack, piano solo; Lucille and Carol Boeken, vocal duet; Joy Schroeder, accordion solo; Cathleen Davis and Janice Meyer, vocal duet; Dorothy and Arthur Rohr, guitar duet; The Skillettes, Donna Meyer, Phyllis Gutz, Anne Lehner, Sandra Storch, Virginia Hupé, Donna Hafele and Beverly Cain, Ruth Pignush, piano solo; Pat and Mary Ellen Regan, tap dance; Betty Leighly, vocal solo; The "Blue Notes"; Carol Johnson, Lois Frahm and Roberta Clinton; The 4 Brass, Lane Hafele, Dean Lohrbach, Jim Ingerson and Larry Russell, an instrumental group; Franklin Lohrbach, vocal solo; and Duane Werner, organ solo.

Leonard Cummings will serve as master of ceremonies. The organist will be Clarence Rehberg.

After one person said he saw a plane go down in the area and several others reported seeing a fire in the same locality, townspeople, state police and Grant County sheriff's officers started a search through the swamp.

Little Rock Air Force Base, 33 miles north of here, and Adams Field municipal airport also at Little Rock, reported no planes missing or overdue. There was speculation that the object might have been a meteor.

Boy Drowns

WANDALIA (UP) — Danny M. Swite, 5, drowned late Wednesday, apparently while wading in the rain swollen waters of Town Branch, a stream near his home. The boy, son of Roy J. Swite, was swept off his feet by the swift water.

Plan Church Series In Morocco Area

MOROCCO, Ind. (JNS) — The theme "Each Man before God" will be used by churches of Morocco, Mt. Airy and Lake Village in a seven-day series of religious services beginning Sunday and ending April 14.

During this seventh annual event, clergymen, representing the various denominations, will present their messages.

The Morocco High School Gym again will be the site for these meetings. This year, a further effort has been made to make the atmosphere more in keeping with the occasion. A worship center has been developed and flowers will decorate the platform.

The first meeting of the series will be held Sunday at 7:30 p. m., with the Baptist Church of Morocco as host. The speaker will be Dr. T. W. Bender of Northern Baptist Theological Seminary, Chicago. Other services will begin at the same hour on the following evenings.

On Monday, the Presbyterian Church of Lake Village will be host. The speaker will be Stephen Janick III, Chicago.

The Assembly of God Church, Morocco, will be the host Tuesday. The speaker will be the Rev. Glen Horst, Fort Wayne, Ind.

The Methodist Church will act as host on April 10. The speaker will be the Rev. Elbert C. Cole, Gary, Ind.

On April 11, the host church will be the EUB of Morocco. Dr. Wayne K. Clymer, Naperville, will speak.

On April 12, the host will be the Christian Church of Morocco, Spencer, Ind. Dr. Robert M. Bell, Kimberlin Heights, Tenn.

On April 13, the last meeting of the series, the Church of God, Mr. Ayr. will be the host and will present the Rev. E. E. Wolfman as speaker.

The Morocco School will participate in this week of religious emphasis. On Tuesday, an hour program is planned. The speaker at this meeting will be Nathan Wood, secretary of the state YMCA.

Music will be provided by both the high school and grade school music departments.

"I thought if we'd splurge a little on Easter outfits and things, people would see that money isn't as tight as you say it is!"

SATURDAY SUPPER

Oven Stew with Potatoes, Carrots and Peas
Salad Bowl
Spiced Chocolate Pudding
Chocolate Sauce
Beverage

SPICED CHOCOLATE PUDDING

Ingredients: 1 cup sifted flour, 2 teaspoons double-acting baking powder, 1/4 teaspoon salt, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1/2 teaspoon cloves, 1/2 cup butter or margarine, 1 cup sugar, 2 eggs, 1/2 cup milk, 1/2 cup chocolate (chopped), 1/2 cup milk, 1/2 cup moist shredded coconut. Chocolate Sauce.

Method: Sift together the flour, baking powder, salt, cinnamon, nutmeg and cloves. Cream butter and sugar; beat in eggs thoroughly, one at a time. Blend in chocolate and mashed potatoes. Stir in sifted dry ingredients in 4 additions, alternately with milk; begin and end with dry ingredients and beat only until smooth each time. Fold in shredded coconut. Turn into buttered baking pan (8 by 8 by 2 inches) and bake in moderate (350 degrees) oven until cake tester inserted in center comes out clean—about 45 minutes. Turn out of pan onto cake rack or cut into squares in pan and serve warm with Chocolate Sauce.

GOOD NUTRITION is being taught teen-agers at the point of sale in many cities. Above, Pittsburgh youngster learns.

Schools Go To Market To Learn Nutrition Facts

By GAYNOR MADDOX, NEA Food and Markets Editor

In cooperation with home economists and local school boards, many markets are helping teach good nutrition to our teenagers at the point of sale.

A national teenage magazine is back of this effort to upgrade youthful eating habits. Los Angeles, Cleveland, St. Paul, Pittsburgh, Baltimore and many other cities are backing the movement.

Calories, proteins and minerals take on vivid reality when a school group goes to market with a home economist teacher. They assemble a balanced meal from the stock and learn about quality and cost.

For an hour or more the supermarket becomes their classroom where they learn the difference between fresh, frozen and canned fruits and vegetables, about the many packaged cake and biscuit mixes, and the uses of meat tenderizers for the tougher cuts. Also they learn how to compare the quality of the food on display into a balanced meal within the family budget.

The highly approved course in nutrition includes recipes for easy meals which teenagers themselves can prepare. These are given to the students in pamphlet form, prepared by the food experts of the magazine.

Here are two examples:

Quick Lemon-Meringue Pie
Crust: Roll 16 graham crackers into crumbs. Blend with 1/4 cup softened butter or margarine, 1/4 cup sugar. Press into 9-inch pie plate; chill 15 minutes.

Filling: Blend 1 can (14 ounces) sweetened condensed milk, 1/2 cup lemon juice, grated rind of 1 lemon and 2 beaten egg yolks. Pour into crust. Beat 2 egg whites until they hold peak. Gradually add 4 tablespoons sugar, beating until stiff but not dry. Spread over filling. Bake at 425 degrees F. for 3 to 5 minutes. Cool.

Delectable Steak
Buy a chuck or round steak about 3-inch thick. Sprinkle meat tenderizer evenly on all sides as you would salt. Use no additional salt. Pierce entire surface of meat with fork. Let meat stand at room temperature 30 minutes before cooking. Slash edges of fat. Place on hot grill, rubbed with fat, 3 inches from flame. Broil, turning only once.

Sauanemin Woman's Club Features Play Reading

SAUANEMIN (JNS)—Miss Ruth Yates of the English department, Illinois State Normal University, was guest speaker at a meeting of the Woman's Club Monday evening in the school lunch room.

Miss Yates read and discussed the popular plays. Special music was given by the girls' ensemble, accompanied by Miss Patricia Chesbrough. Those who sang were Wilma Coltrani, Martha Cleburn, Karen Spafford, Molly Knutson, Matt Goodrich, Jackie Howard, Marilyn Sancken, Sandra De Groot, Mary Hanlon and Rita Sancken.

The business meeting was conducted by Mrs. Gladys Short, president. The secretary's report was given by Mrs. Beatrice Sargent in the absence of Mrs. Richard Hahn. Mrs. Harold Fraber gave the treasurer's report.

The district convention will be held Friday in the First Baptist Church, Pontiac, it was announced. Mrs. Donald Shubert and Mrs. Raymond Sancken were selected as delegates.

A bake sale was set for April 13. Mrs. Raymond Hanley said that the tour of Allerton Park, near Monticello will be taken May 25. Luncheon reservations are to be in by May 24.

The social committee included Mrs. Harry Heylin, Mrs. Leo Roche, Mrs. John George, Mrs. Clarence Knuckles and Miss Ida M. Lannon.

The New York City Visitors and Convention Bureau receives thousands of requests for aid. One from an out-of-town visitor, who received a police summons for staying in Central Park past the midnight curfew.

MIS-HAP ADVERTED
CHEYENNE, Wyo. (UP)—A Cheyenne sign painter nearly caused a lot of confusion before his mistake was detected.

He accidentally painted "Women" on the door to the manager's office at the new Frontier Park pavilion.

Nut-Mushroom Omelet, Satisfying Main Course

When you want to whip up a quick meal that is both satisfying and easy on the pocketbook try this good omelet! A popular Guest House in Maine satisfies their customers' Northwest appetites with this unusual Nut and Mushroom Omelet. When this dressed up omelet is served with a soup that has some authority, plus fresh fruits for dessert, you have a balanced, satisfying meal. Just follow four easy steps and your omelet will be ready to serve.

Beat 6 eggs well. Add to the eggs 1 teaspoon salt, 1/4 teaspoon pepper and 1/2 cup cream and beat again. Chop fine 10 tablespoons nuts (5 ounces) and add to the above. Turn into hot, buttered frying pan, and reduce heat. Broil 3/4 pound of mushrooms and place on half the omelet, and fold the other half over (canned mushrooms may be used). Place omelet on platter. This is very pretty when surrounded with 4 cups of buttered cooked new peas.

Beat 6 eggs well. Add to the eggs 1 teaspoon salt, 1/4 teaspoon pepper and 1/2 cup cream and beat again. Chop fine 10 tablespoons nuts (5 ounces) and add to the above. Turn into hot, buttered frying pan, and reduce heat. Broil 3/4 pound of mushrooms and place on half the omelet, and fold the other half over (canned mushrooms may be used). Place omelet on platter. This is very pretty when surrounded with 4 cups of buttered cooked new peas.

Beat 6 eggs well. Add to the eggs 1 teaspoon salt, 1/4 teaspoon pepper and 1/2 cup cream and beat again. Chop fine 10 tablespoons nuts (5 ounces) and add to the above. Turn into hot, buttered frying pan, and reduce heat. Broil 3/4 pound of mushrooms and place on half the omelet, and fold the other half over (canned mushrooms may be used). Place omelet on platter. This is very pretty when surrounded with 4 cups of buttered cooked new peas.

Beat 6 eggs well. Add to the eggs 1 teaspoon salt, 1/4 teaspoon pepper and 1/2 cup cream and beat again. Chop fine 10 tablespoons nuts (5 ounces) and add to the above. SERVING YOU BETTER SAVING YOU MORE

WHILE THE RAGGEDY ANNE SALAD, suggested by Mrs. DesLauriers, is appealing to adults, it is a special delight to children. Here she serves the delightful combination of hard boiled egg, tomato, celery, cheese, lettuce and tuna salad. The recipient is her 4-year-old daughter, Molly. (Journal photo)

The Journal Kitchenette

Meatless Dishes As Lenten Suggestions

The charm of the Lenten DesLauriers home at 1146 E. Marchant St. is reflected in the recipes which she suggests here in picture and print.

She has reached into her recipe file for several meatless dishes as Lenten suggestions and includes also dessert suggestions.

Her Raggedy Anne Salad is an old recipe but she enjoys the effect it has on her children and guests. It is made of simple and accessible foods and combines easily. It also looks remarkably like a story book Raggedy Anne.

The other recipes continue the simple theme but are "appealing" even in print.

Mr. and Mrs. DesLauriers have three children, David, 15; Kim, 12; and Molly Ann, 4. They enjoy doing things together and Mrs. DesLauriers belongs to a bridge club, a St. Patrick's Parent Teacher organization and scouting groups.

Raggedy Anne Salad
This is a very complete and novel lunch which is ideal for children and also adults. Crackers or bread sticks are suggested as an accompaniment. The following items of food are placed on a dinner plate to form a Raggedy Anne doll (as pictured):

HAIR: Very small carrot sticks or shreds of carrots.
FACE: 1/2 hard boiled egg, inverted. With eyes, nose and mouth painted on with vegetable coloring (use a toothpick with cotton on end).
TOP OF BODY: 1/2 tomato with a strip of mayonnaise in the center.
ARMS: 2 short stalks of celery filled with cream cheese.
SKIRT: Large lettuce leaf under which is placed a tuna, chicken or shrimp salad.
SHOES: 2 slices of large pickle. All ingredients may be prepared ahead of time and assembled just before serving.

This is an old recipe but Mrs. DesLauriers has had success reviving it for the children or for special occasions.

Chocolate Cookies
(A DesLauriers family favorite) Makes 110 Tiny Cookies
Mrs. DesLauriers advises not to use an electric mixer for this recipe.

Cream:
1/2 cup vegetable shortening
1 cup brown sugar
Add:
2 squares bitter chocolate (melted)
1/2 cup milk
1/2 cup flour
1/2 teaspoon baking powder
Pinch of salt
1 teaspoon vanilla
1/2 cup broken nut meats
Cover and place in refrigerator overnight. Place dough by teaspoonfuls on cookie sheets. Bake 350 degree F. oven for about 4 minutes. Frost generously with chocolate powdered sugar icing. Canned evaporated milk used for the uncooked frosting will give it a lasting, creamy texture.

Fudge Sauce For Ice Cream Or Other Desserts
Mrs. DesLauriers mentions that she always keeps a jar of this fudge sauce in the refrigerator. It keeps indefinitely and may be served hot or cold.
Melt 3 squares of bitter chocolate over low heat. Return pan

THE INGREDIENTS for this Raggedy Anne Salad are simple and easy to put together. The result is a salad with personality, a real conversation piece at a luncheon or party. Beneath the skirt (or lettuce leaf) is a salad which can be tuna, chicken or shrimp salad.

Jungle Stew
(Also Meatless)
Serves 4
Put 1 tablespoon of butter in the frying pan and when melted, fry 2 small chopped onions in it until brown. Add a can of kidney beans with a small can tomatoes and 1/2 pound of macaroni broken into bits. Simmer until the macaroni is tender and season to taste with salt and pepper.

Simple, Meatless Dish
Make 2 cups medium white sauce. Add:
1 can shrimp, drained and cleaned
1 small can peas, drained
1 small can pimiento, drained and sliced
Serve hot on Holland Rusk or toast.

Methodist Youth Fellowship Meets In Chatsworth
CHATSORTH (JNS)—The Methodist Youth Fellowship studied a lesson, "What Religion Means to Me," on Monday evening with the Rev. J. R. Kesterson in charge.

During the business session, plans were completed for the Sub-branch MYF rally to be held in the Methodist Church on Sunday.

Peggy Postlewait served refreshments to the members present.

THE BRIDGE CLUB met in the home of Mrs. Francis Schade on Monday evening. Prizes were awarded to Mrs. Clarence Kutenbach, Mrs. Joe Wittler, Mrs. Joe Hobbie, Mrs. Kenneth Hanson and Miss Bernice Ford.

Forrest Biology Class To Visit Chicago Museum
POTTER (JNS)—The sophomore biology class of Forrest-Straub-Wing High School spent Saturday in Chicago touring Field Museum. The students were accompanied by their instructor, Miss Mabel Marlar. John Metz was the bus driver.

Mr. and Mrs. Lester Miller and Karl Mrs. Clara Noren and Easy Miller visited Al Noren at Billings Hospital, Chicago on Sunday.

Cullum
Mr. and Mrs. Wayne Hardesty of Bloomington spent the weekend with Mr. and Mrs. William Miller.

Meatless Luncheon Dish
(Serves 10 for a party or 5 for a meal)
Melt 1/2 pound butter. Add 5 tablespoons flour and 1 pint milk. Cook and stir until thick. Add the following:
1/2 pound mild American cheese (grated)
1 large can button mushrooms (drained)
1 small can pimiento (sliced)
1 green pepper (cut fine)
1/2 teaspoon salt
1/2 teaspoon paprika
Serve hot on Holland Rusk and garnish with two sliced hard boiled eggs.

Mrs. DesLauriers adds that this soup can be prepared the day before serving and kept in refrigerator. Then reheat in a double boiler.

Rescues Tot But Loses Daughter In Lake Tragedy

TAMPA, Fla. (UP)—The mother of a theatrical family "went on with the show" in the Joe Folles opening Wednesday night despite her daughter's tragic drowning.

Teddy Roman, skating star, not many hours before had saved 4-year-old Craig Left from drowning, unaware that at that very moment his own 4-year-old daughter, Christine, had become lost.

The little girl's body was soon found at the bottom of the tiny lake where she had been playing with other children. Roman was unable to take his part in Wednesday night's performance. His wife appeared, however.

Roman said he noticed a group of children playing in the lake near the trailer park where his mobile home is parked and ran to the rescue when he saw the Left child struggling in the water. He got the youngster out, gave him artificial respiration, and then noticed his own child was missing.

East Crescent street crossing was closed.

The matter of daylight saving time was discussed. The council decided to do whatever surrounding communities do.

A building permit was granted to Thomas Cornwell for a garage at his home.

Shrimp and Potato Salad (Serves 4)
One pound new potatoes, scrubbed, 3 cloves garlic, 3 sprigs thyme, 1 stalk celery, 2 hot peppers, 2 bay leaves, 1 teaspoon whole cloves, 1 teaspoon salt, 2 tablespoons vinegar, one 8-ounce package raw-frozen fully peeled, deveined shrimp, 1 teaspoon pepper, 1/2 teaspoon pepper, 1 tablespoon grated onion, 1/4 cup minced parsley, 2 tablespoons minced chives, 2 tablespoons olive oil, 2 tablespoons wine vinegar.

Cover potatoes with water; add next eight ingredients. Cover and cook until potatoes are tender. Add defrosted shrimp and cook 3 minutes longer. Drain, add potato sauce; mix with shrimp. Season with salt and pepper; add onion, parsley and chives. Combine olive oil and vinegar and bring to a boil.

Pour over potato and shrimp mixture and toss lightly with a fork. Chill and serve over crisp, shredded lettuce.

And here's a dish from the West—broccoli soufflé.

Broccoli Soufflé (8 servings)
One-quarter cup butter or margarine, 1/4 cup sifted flour, 1/4 cup milk, 1/2 cup grated sharp American cheese, 5 eggs, 1/2 teaspoon salt, 1/4 cup finely chopped broccoli, 1/2 cup minced garlic, 2 tablespoons lemon juice.

Melt butter or margarine, add flour and mix to a smooth paste. Add milk and cook slowly over low heat until thick; stir constantly. Add cheese and cook until melted. Remove from heat.

To cheese mixture, add yolks well beaten with 1/2 teaspoon of the milk. Add garlic, broccoli and lemon juice. Sprinkle egg whites with the remaining teaspoon of salt and beat until stiff. Fold in cheese mixture and mix only until blended. Bake 60 minutes at 350 degrees F. in well-greased 1 1/2 quart baking dish placed in pan with 1 inch of hot water.

Printed Pattern
Soft, feminine lines—the love-hat flattery your figure could know! Our new PRINTED PATTERN makes it easy to sew. It's beautiful. And what could be more perfect than a summer dress of whipsy-sheer nylon or voile.

Printed Pattern 335: Midsize Size 12, 14, 16, 18, 20. Size 16 requires 3 1/2 yards 48-inch fabric.

Printed directions on each pattern part. Easier, faster, accurate. Send FIFTY CENTS in coin for this pattern, add 5 cents for each pattern for 1st-class mailing. Send to Marian Martin, care of Kankakee Daily Journal, Pattern Dept., 22 West 1st St., New York 11. Print plainly NAME, ADDRESS with ZONE, SIZE and STYLE NUMBER.

"The room's really smart now that you cut down the old sofa and slip-covered the chairs—but what can we do about father?"

Gilman Council Approves Street Light Resolution
GILMAN (JNS)—The City Council met Monday with Eugene Freisner, mayor, presiding.

A resolution to extend overhead street light at the Main and

Cookin's Fun
This dessert is a favorite at West Point.

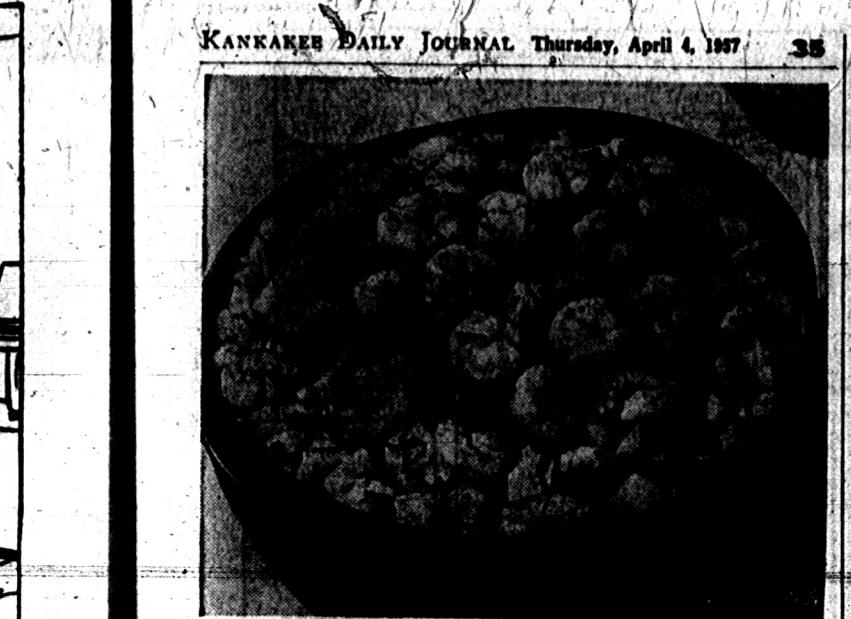

FAMILY DINNER
Meat Loaf with Mushroom Sauce
Potatoes
Salad
Apple Bake with Hard Sauce

APPLE CAKE
Ingredients: 1 can (1 pound and 4 ounces) sweetened apple slices, 1/2 cup firmly-packed light brown sugar, 3 tablespoons butter or margarine, 1/4 teaspoon cinnamon, 1/4 teaspoon nutmeg, 1 small package (1 ounce) corn flakes (about 1 cup), Hard Sauce.

Method: Turn apples into pie plate (8 1/2 by 11 1/2 inches); the pack of apples should be one with very little juice. Mix apple slices with brown sugar; dot with 1 tablespoon of the butter and sprinkle with the cinnamon and nutmeg. Well remaining 2 tablespoons of butter and add corn flakes. Stir flakes well to coat with butter and partly break up. Sprinkle buttered corn flakes over apples. Bake in a moderate (350 degrees) oven 30 minutes. Serve warm with Hard Sauce. Makes 8 servings.

HARD SAUCE
Ingredients: 1/4 cup butter or margarine, 1/4 cup firmly-packed light brown sugar, 1/4 cup sifted confectioners' sugar, 1 egg yolk, rum flavoring.

Method: Cream butter with sugar and egg yolk; add rum flavoring to taste. Chill before serving with Apple Cake. Makes a little more than 1/2 cup. Store any leftover in tightly covered container in refrigerator; it will be delicious served later with baked apples.

MEMORABLE DISH from the South is this shrimp and potato salad served over crisp, shredded lettuce.

South Gives Us Memorable Shrimp, Potato Salad Dish

By GAYNOR MADDOX, NEA Food and Markets Editor
Helen Hughes of New Orleans, a home economist with a flair for the finest, told us about a shrimp and potato salad she could never forget. Here's her recipe:

Shrimp and Potato Salad (Serves 4)
One pound new potatoes, scrubbed, 3 cloves garlic, 3 sprigs thyme, 1 stalk celery, 2 hot peppers, 2 bay leaves, 1 teaspoon whole cloves, 1 teaspoon salt, 2 tablespoons vinegar, one 8-ounce package raw-frozen fully peeled, deveined shrimp, 1 teaspoon pepper, 1/2 teaspoon pepper, 1 tablespoon grated onion, 1/4 cup minced parsley, 2 tablespoons minced chives, 2 tablespoons olive oil, 2 tablespoons wine vinegar.

Cover potatoes with water; add next eight ingredients. Cover and cook until potatoes are tender. Add defrosted shrimp and cook 3 minutes longer. Drain, add potato sauce; mix with shrimp. Season with salt and pepper; add onion, parsley and chives. Combine olive oil and vinegar and bring to a boil.

Pour over potato and shrimp mixture and toss lightly with a fork. Chill and serve over crisp, shredded lettuce.

And here's a dish from the West—broccoli soufflé.

Broccoli Soufflé (8 servings)
One-quarter cup butter or margarine, 1/4 cup sifted flour, 1/4 cup milk, 1/2 cup grated sharp American cheese, 5 eggs, 1/2 teaspoon salt, 1/4 cup finely chopped broccoli, 1/2 cup minced garlic, 2 tablespoons lemon juice.

Melt butter or margarine, add flour and mix to a smooth paste. Add milk and cook slowly over low heat until thick; stir constantly. Add cheese and cook until melted. Remove from heat.

To cheese mixture, add yolks well beaten with 1/2 teaspoon of the milk. Add garlic, broccoli and lemon juice. Sprinkle egg whites with the remaining teaspoon of salt and beat until stiff. Fold in cheese mixture and mix only until blended. Bake 60 minutes at 350 degrees F. in well-greased 1 1/2 quart baking dish placed in pan with 1 inch of hot water.

Printed Pattern
Soft, feminine lines—the love-hat flattery your figure could know! Our new PRINTED PATTERN makes it easy to sew. It's beautiful. And what could be more perfect than a summer dress of whipsy-sheer nylon or voile.

Printed Pattern 335: Midsize Size 12, 14, 16, 18, 20. Size 16 requires 3 1/2 yards 48-inch fabric.

THE FAIR STORE SPECIAL EDITION

KANKAKEE, ILLINOIS, APRIL 4, 1957

20 PAGES

SOUTH EAST
AVENUE,
KANKAKEE,
ILLINOIS

Proudly announces...

A new "Youngster" to our growing, 63 year old family!

The Grand Opening

of Kankakeeland's newest

**FURNITURE and
FLOOR COVERING**
DEPARTMENT

Once again, THE FAIR reaches another milestone in its never ending "PROGRAM OF PROGRESS"! With this announcement comes the exciting news that a big FURNITURE and FLOOR COVERING department is being opened tomorrow. With this addition of more than 7000 square feet of floor space... this new department presents an adventure in convenience and pleasant shopping. Come and see our new "BABY" soon.

Won't you please join us in a "Tour-of-Rooms" in our new Furniture and Floor Covering Department?

Living room pieces designed for gracious living and many many hours of comfort. Here are only a few of the many beautiful pieces in stock.

\$169. to \$495.

Smart Sectional Divan Slides Into a Comfortable Twin Size Bed

The latest innovation in a convertible Divan! One easy movement and these beautifully styled Lawson sectionals are transformed into luxurious twin size beds. And wait until you relax in their comfort—the finest innerspring construction insures you the ultimate in both sitting and sleeping luxury. Come in and see these smart new convertible sectionals. We have a wide variety of decorator fabrics for you to choose from.

As Shown **\$179.**

It's a Divan . . . Love seat . . . Bed

See what a smart room you'll have with these . . .

CLASSIC MODERN 3-PIECE SECTIONAL

More than a piece of furniture . . . It's a work of deep cushioned artistry that literally breathes beauty into your home. Back features classic Harlequin Diamond design in a modern tufted treatment that you'll love. Inset channelled arm is framed by a dramatically padded roll.

\$369.

Strand-Built Sofa

Here is a sofa fashioned for style, comfort and years of enduring service. You'll love to lounge in this beautiful oversize sofa measuring a full 102 inches long and 34 inches deep. An unlimited number of room arrangements are possible with this glamorous sofa. Unlimited choice of fine fabrics.

\$495.

South East Avenue, Kankakee, Illinois

...About this new department

It is our desire to offer Kankakeeland the finest in furniture and floor coverings . . . and all at sensible prices. High styling with built-in comfort and durability. Whether your taste runs in modern or period, you'll find an exciting selection of hand picked items made by talented craftsmen, and fashioned to give you pride in ownership . . . constructed to last for years and destined to set you off as a discriminating home furnisher.

We present in this section a small portion of the many glamorous items awaiting your personal inspection created by such famous makers as Moore of Bedford, Spragne-Carleton, Burton Dixie, Strand-Built, National Tonk, Frank, Butler, Bradley, Tye of California, Lightolier, RCA Victor, McCobb, American of Martinsville, Ransu and a host of others.

\$79.95

... and now won't you join us in an exciting tour of popular, sturdy and beautiful Maple furniture?

... and introducing

Over a half century of
American Craftsmanship

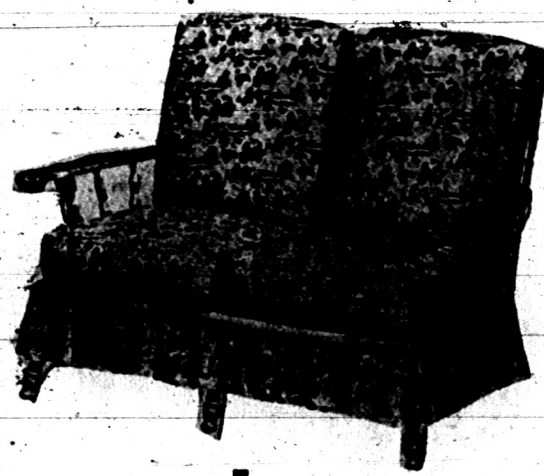

**Sprague
& Carleton**

SOLID MAPLE FURNITURE

The present trend toward furniture in the colonial tradition has centered the interest of many thousands of homemakers in the Early American styles.

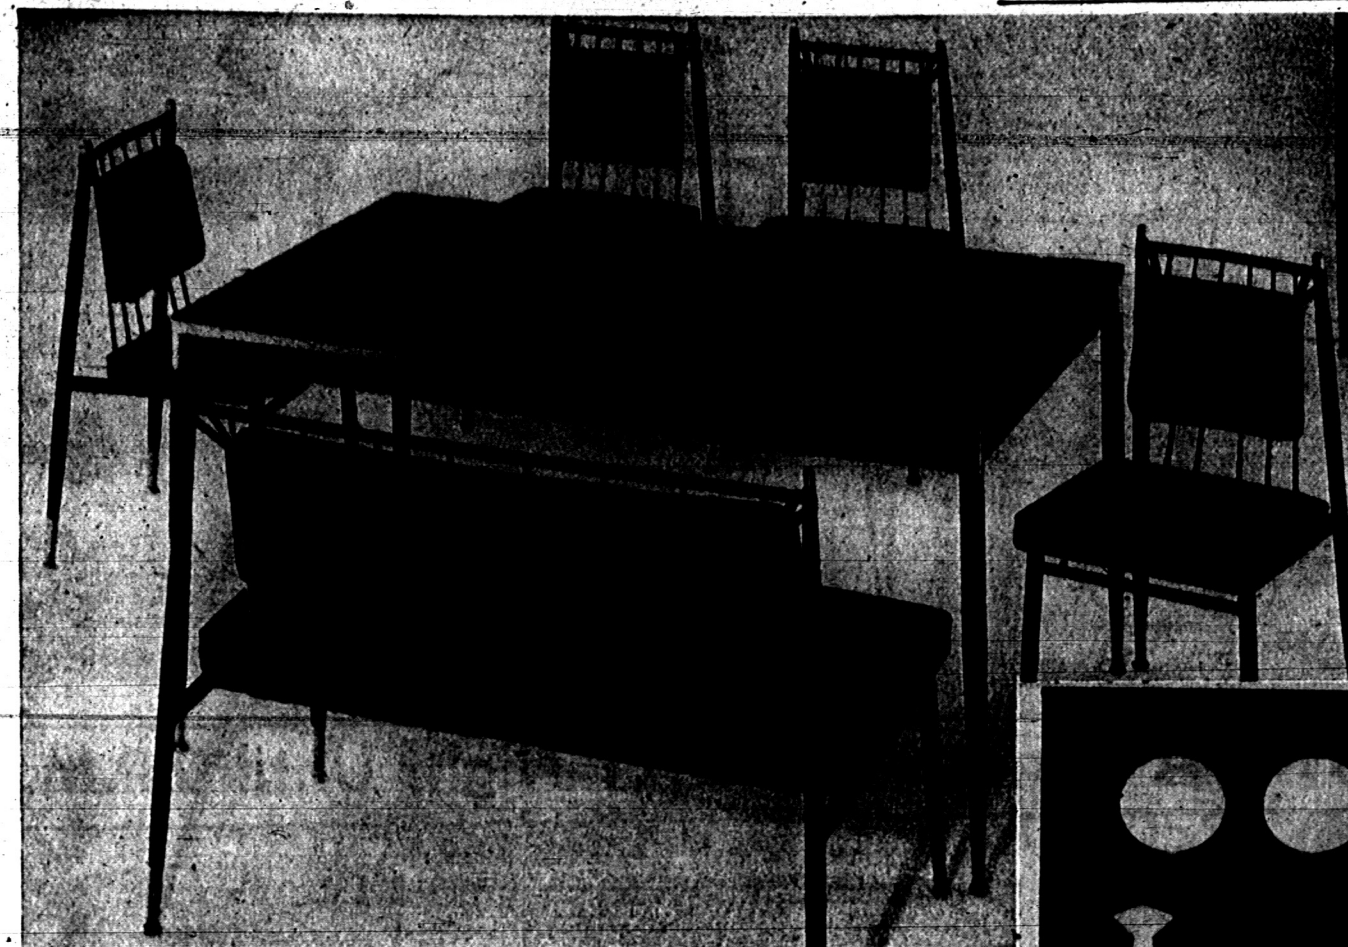

The pride of quality and integrity of workmanship which became the company's policy from the very beginning. Year after year, the Sprague and Carleton line is more widely known as "America's most beautiful Maple" for Living Room, Dining Room and Bedroom. Shown here is nothing more than a smattering of the many beautiful selections of Maple in our show rooms.

- A. BOOKCASE HEADBOARD BED
- B. DESK-CHEST
- C. BOOK LAMP TABLE
- D. WING CHAIR
- E. LOVE SEAT
- F. WING ROCKER

Picture a place in your favorite room with this handsome masterpiece, especially designed to blend with other cherished possessions in your home.

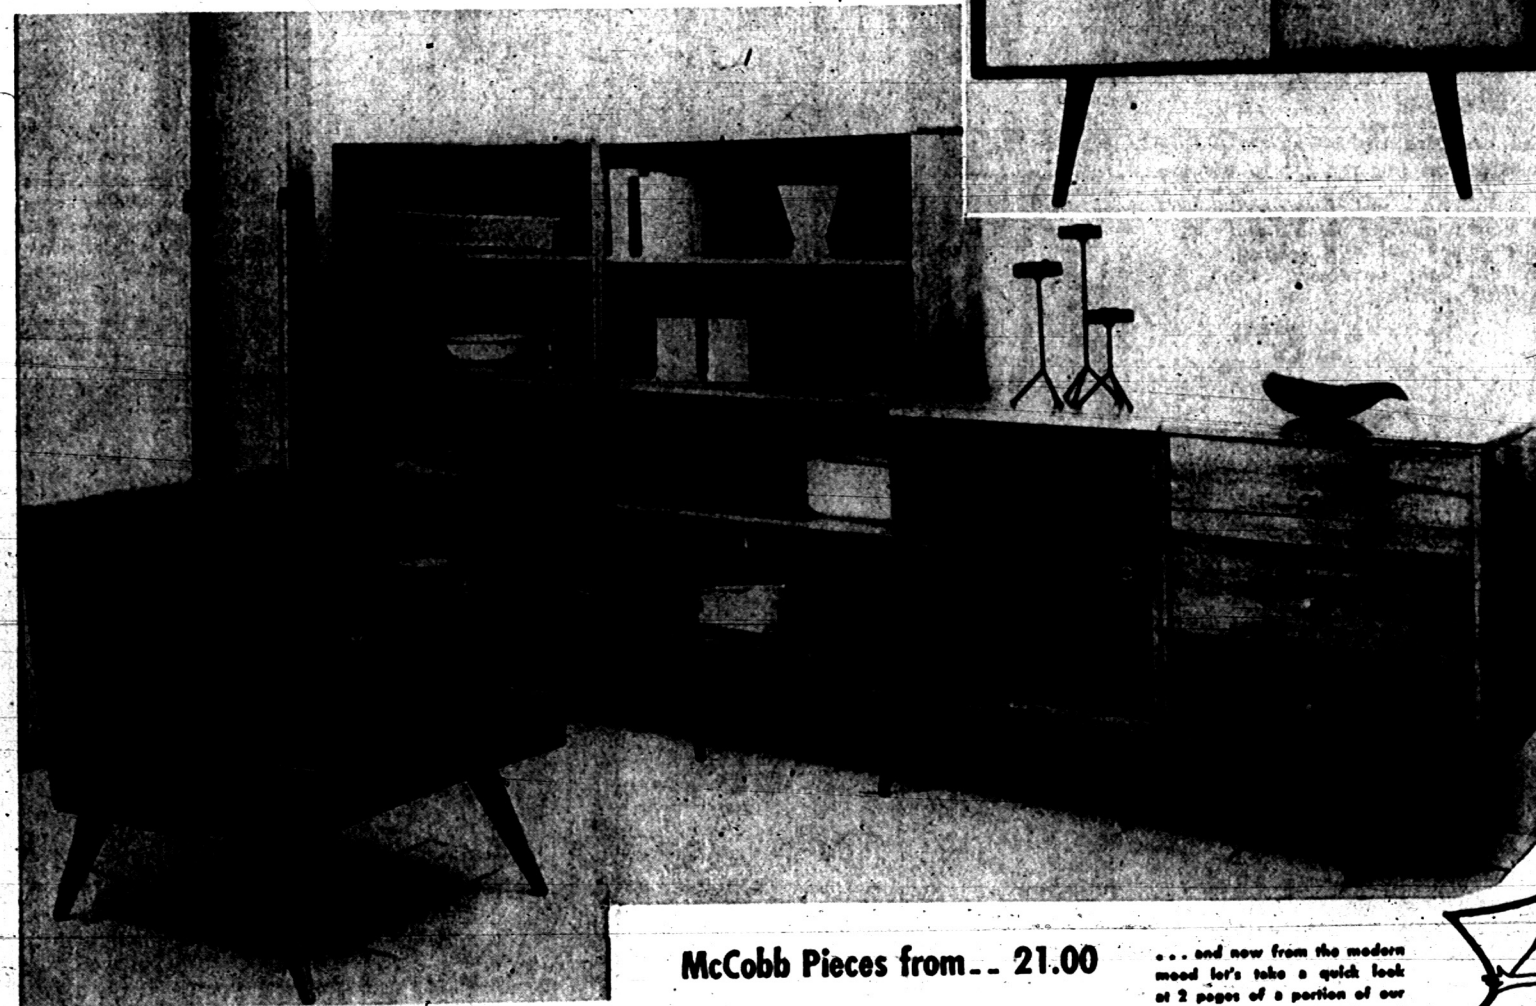

What could be more pleasant than this beautiful clock with its lovely Westminster chimes sounding every quarter hour.

Bench Chairs and Table 179.95

... in the Modern Mood

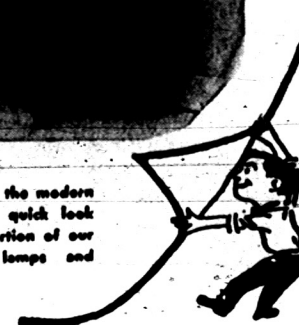

Designed to lend modern beauty to America's informal Dining. A truly new and different conception in fine furniture. Built to last, this fine furniture will cause many a guest to exclaim compliments and high praise for your excellent taste and selection. See these pieces and many others designed in the Modern Mood.

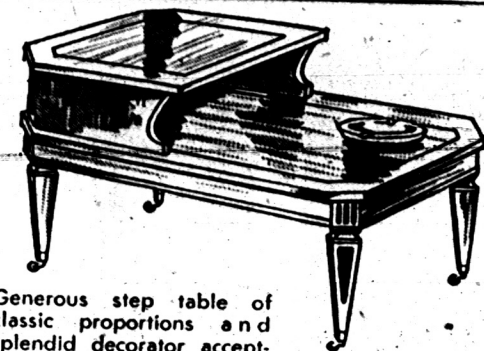

McCobb Pieces from - 21.00

... and now from the modern mood let's take a quick look at 2 pages of a portion of our occasional chair, lamps and tables.

The
Fair
Store

MASLAND'S MARK 90

A stunning Wilton effect at an exciting low price.

It's in the cards that your home will be wearin' dashin' fashion when garbed in Masland's MARK 90. A complete triumph of full scale pattern in an embossed effect on a Velvet loom—Masland, the pioneer in this new and beguiling carpet. Decked with embossed diamonds, melted with rippling currents of softened glamour, and played with tones and multi-tones of high scale flattery at a low price, MARK 90 is a three-dimensional treat to any room in your home. Fit for a King or Queen, it has an uncanny way of shunning dirt and always looking refreshed as a cool mountain lake. Three interesting "Multi-Tone Textures" of Rock Gray, Sutter Gold and Corsage Green.

4 Killed In Georgia By Winds

Southern Illinois Facing Flood Threat After 6-Day Rain

By THE ASSOCIATED PRESS
A rash of violent early April storms battered broad areas from the Rockies to the Atlantic Coast today.

Gully-washing rain and vicious, erratic wind storms hit Georgia early today and Thursday night, killed four persons, flattened homes and farm buildings and stalled a fast passenger train.

Hardest hit was the area around Ellaville, Oglethorpe and Montezuma, about 110 miles south of Atlanta. Two children were killed near Ellaville in Schley County and two in adjoining Macon County. At least 34 homes or barns were reported destroyed or badly damaged.

From this area, the storm apparently tore on northeastward. It dipped down at Warner, Robins to blow out windows and lift a number of roofs. It also struck again between Jeffersonville in Twiggs County and Macon.

Rainfall exceeding four inches in 24 hours in some localities sent streams rising to dangerous levels, flooded cellars, washed out country roads and small bridges.

SOUTHERN ILLINOIS' heaviest rainfall in at least seven years had entered its sixth day today, sending heaving waters higher in rivers and creating some flood threats.

A creek bridge on State Route 18 about 18 miles north of Mount Carmel was closed due to high water. Traffic was being rerouted through Indiana.

But flooding generally measured in depths of a foot or so. Several highways were closed in spots and traffic conditions on most southern Illinois highways remained poor.

Six days of heavy rain, interrupted only briefly Thursday by sunshine, had created the most dangerous flood threat along the Wabash River at the Illinois-Indiana boundary.

The U. S. Weather Bureau at Cairo, Ill., said the river would continue to rise for several days. It reported no immediate prospect of flood at the state's southern end.

The Ohio River at Cairo rose 4 feet in the last 24 hours and is expected to crest at 33 feet Sunday, 7 feet below flood stage.

The Big Muddy River from Benton to its confluence with the Mississippi below Murphysboro was rising by the hour.

The meteorology department at Southern Illinois University reported the week's rainfall was the highest since January 1955.

OSCAR G. CAMOU, co-manager of the Club Mecca, a small Los Angeles, Calif., neighborhood bar, comforts waitress Joyce Chapadala, 22, after three men, who were ejected from the bar, returned with a gasoline bomb and destroyed the nightclub. The blast and fire claimed six lives. (Unifax)

Seek 3 For Tossing Fire Bomb Into Club, Killing 6

LOS ANGELES (U) — A makeshift gasoline bomb turned a quiet neighborhood bar into a funeral pyre for at least six persons shortly before midnight.

The corner said six persons died at the scene on a quiet street in south central Los Angeles. At least five others were injured.

Police said the bomb apparently was thrown through the front door of the Club Mecca by three men who had been ejected earlier when they tried to dance with one of the cocktail bar's regular women customers.

ASST. FIRE CHIEF R. A. Williams said the men sloshed a bucket of gasoline, or some other highly inflammable liquid, onto the floor and then threw a match in after it.

"It went up like a blow torch," said the bartender, Larry Fenton, 24, who escaped uninjured out the back door.

Norman, ambassador to Egypt, committed suicide Thursday by leaping from a building in Cairo. The subcommittee had published charges made before it that he had been a Communist. Canadian Foreign Secretary Lester B. Pearson said the charges were "baseless contempt," and that the Canadian government had investigated them in 1951 and held them unfounded.

SUBCOMMITTEE leaders in a statement Thursday said they would not be living up to our obligations "if they omitted references to foreign nations in their investigations of communism in the United States. Norman was acting chief of the Canadian delegation to the U. N. in 1951.

The United Church of Canada, a merger of 21 Methodist, Presbyterian and Congregational denominations, in a statement by its secretary, Dr. Ernest E. Long, asked President Eisenhower and the U. S. Congress to call a halt to "the character of the U. N. in 1951.

They followed recent letters from Soviet Premier Bulganin to the governments of Norway and Denmark, only Soviet-bloc countries in NATO. Bulganin told both countries that Russia would peace but would retaliate with great destruction for any atomic attack.

WASHINGTON (U) — The House Appropriations Committee today slashed 25 per cent from President Eisenhower's request for new Commerce Department funds.

The committee recommended \$223,000 in new appropriations for the department and related agencies for the fiscal year starting next July 1. This was \$217,000 less than the \$244,000 requested and \$23,000 below appropriations for the current year.

In cutting one of its biggest cuts of the year, the committee approved a 10 per cent reduction in the Labor and Welfare departments. It cut 118 million dollars from that measure only to have the House itself slash off an extra 15 million. Still another \$3 million was cut from the Labor and Welfare departments.

THE COMMERCE Department's money bill sent to the House this year by the committee and approved by the House last week, slashed the aggregate cuts in appropriations requested by the President.

The savings claimed by the committee in the Commerce Department measure are larger than the direct cut in new funds, for the committee canceled \$83,331,000 of balances in the War Shipping Administration's work-in-progress fund which otherwise would have been spent. The committee ordered the balances turned back into the Treasury.

The biggest single slice in funds was \$14 million dollars from the 94½ million requested by the Maritime Administration for ship construction. Another 26 million was cut from the amount asked for ship operating subsidies.

Eisenhower's money requests contemplated an increase of 7,118 construction positions for the Commerce Department and 275 new jobs for the Labor and Welfare departments. Continued on Page 6, Column 3

Summerfield May Cut Postal Service

3 Gunmen Get \$1,167 In Holdup Of State Line Inn

Three gunmen, two with nylon stockings pulled over their faces, stole more than \$1,167 from the State Line Inn seven miles east of Mokena on Route 114 early today.

The trio entered the tavern about 12:45 a.m., one carrying a .38 gauge shotgun, another a .45 caliber revolver and the third a 12 gauge shotgun. The tavern is owned by Lane Sharer.

After emptying two cash registers and two cash boxes, the thieves took money from the bartender Fred Schaffer, \$90 from James Greer, a customer who lived nearby, and \$12 from Agnes Courtney, a customer from Sumner, Ind. The tavern is owned by Lane Sharer.

The loot from the registers and cash boxes totaled about \$250, and the gunmen obtained \$103 from bartender Fred Schaffer, \$90 from James Greer, a customer who lived nearby, and \$12 from Agnes Courtney, a customer from Sumner, Ind. The tavern is owned by Lane Sharer.

The thieves also stole a box of jewelry and a cigar box full of pennies. They put the loot in a metal box. One of them tore out phone wires during the robbery.

Deputy Ray Van Diepen and State Policemen Roger Draves and Ralph Mann were called to the scene. A statewide police radio broadcast was issued.

The net result, it was generally agreed, will be a weakening of the available security strength of the free world although this effect will be offset in some degree by providing greater firepower for the smaller British forces, partly with U.S. aid.

THE UNITED STATES has already committed itself to provide the British with 1,500-mile-range guided missiles as soon as they become available.

The eventual establishment of missile bases in Britain with atomic warheads stored nearby under American control will give the British a striking power heretofore lacking.

More than 40 families left their homes and the Red Cross said it will set up a precautionary shelter for 50 persons in the Wabash Army. The early evacuees moved in with relatives and friends on higher ground.

Wabash police said most residents of the section were moving to second floors or higher. The evacuation was from single floor dwellings.

The river reached 20.38 feet, 38 above evacuation stage for the low area, at 8:30 a.m. (EST). Flood stage at Wabash is 12 feet. The Weather Bureau said it expected the river to crest there by 10 p.m.

SEVERAL FAMILIES were driven from their homes by White River waters in southwest Indiana, apolis but the Red Cross reported no large-scale evacuations had been necessary anywhere in the state.

Downstream, the Wabash was expected to crest at 7 to 8 feet over flood stage at Lafayette Saturday noon. Lesser flooding was expected at Terre Haute, Vincennes and New Harmony on the lower Wabash.

The east and west forks of the White River carried threats of floods as devastating as those of last May and June.

State police rescued three persons stranded in the White River bottoms near Seymour, in southern Indiana.

Line crews still worked today to restore power and telephone service after a severe storm had blown down a line between a wide area of central and north-central Indiana by Wednesday's latest storm.

SEASON UNDERGOES Surgery On Back
WASHINGTON (U) — Secretary of the Interior Sean Undersecretary General Ralph Bunche and Egyptian officials have agreed that no barbed wire barriers or minefields will be placed along the Gaza Strip's border with Israel.

The paper said the agreement was reached in negotiations on the functions of the U. N. Emergency Force in the strip.

Bunche stayed in Cairo to negotiate details after U. N. Secretary General Dag Hammarskjöld reached a "gentlemen's agreement" with President Nasser during Hammarskjöld's recent visit.

The paper said Bunche and the Egyptians agreed the Egyptian-Israeli armistice lines should be made to conform with the 1949 armistice ending the Palestine war, plus amendments to it in 1952 and 1954.

AL AHAMAM said Bunche's agreement with the Egyptians also called for: 1. Transfer of UNEF headquarters from Gaza to Rafah, on the Sinai-Gaza Strip border. 2. Israeli forces to pull out of the Gaza Strip. 3. Israeli forces to pull out of the Gaza Strip. 4. Israeli forces to pull out of the Gaza Strip. 5. Israeli forces to pull out of the Gaza Strip. 6.
