Fiery Airliner With 50 Aboard Lands Safely

Fire Fighters, Crew
Lauded For Heroism;
9 Slightly Injured

PITTSBURGH (AP)—An airliner landed in flames at Greater Pittsburgh Airport Thursday but thanks to a quick-acting pilot, a calm stewardess and expert fire fighters a major tragedy was averted.

Fifty passengers poured out of the Capital Airlines DC4 seconds after it landed to a halt while firemen riding alongside in trucks poured flame-quenching foam on the plane.

Not a person was injured seriously. Nine were treated either for shock or bruises.

"When we stepped on the ground we thanked God," said Mrs. John Burnham of Buffalo. "He was with us today."

MRS. BURNHAM, her husband and two young daughters were on the first leg of a vacation trip to Florida.

There was no indication of an emergency as the big airplane, piloted by R. L. Calhoun of Alexandria, Va., circled the airport and approached for a landing. The plane landed "hard," an airport official said.

A Capital spokesman said instruments in the cockpit indicated the landing gear was not secured so Calhoun roared the big ship into the air. Seconds later the right inboard engine caught fire and flames raced along the fuselage.

As the passengers tensed, the airplane's public address system blared:

"Prepare for a crash landing."

THERE WAS A momentary rush of passengers toward an emergency door and some slight panic, Mrs. Burnham said. But stewardess Katherine Seymanski of New Kensington, Pa., shouted, "Keep calm."

Capt. Calhoun, who had alerted the airport, set the plane down in a few seconds.

The Capital spokesman said there was no indication of what caused the "hard" landing on the first attempt. He declared the Buffalo-to-Pittsburgh plane could have possibly been caught in a wind current.

The spokesman said the impact of the landing apparently caused a fuel line or tank to burst.

Easter Is Climax To Holy Week Services In Churches

The joyous news that "Christ is Risen" will echo in Holy Saturday and Easter Sunday rites will bring through Protestant churches Sunday as congregations a climax to holy week observances in Roman Catholic churches throughout the Kankakee area.

Again this year, a celebration that has been of ordinary since 1951 will be marked in all Kankakee area Roman Catholic churches.

Termed the Easter Vigil service, it actually is in two parts. Part I is the Easter vigil service and Part II is the Easter vigil mass.

All churches in the community are starting their service this year between 10 p.m. and 11:30 p.m. The vigil service ideally begins with the blessing of the new fire and the paschal candle outside the church. In some cases, however, this will be carried on within the church.

The blessing of the baptismal water, the repetition of baptismal vows of all present and the singing of the litany of the saints are also components of the Easter vigil service.

The SACRED VIGIL ends with the beginning of the solemn mass of the resurrection, designed to begin at midnight. Persons attending the midnight mass then fulfill their obligations for Easter Sunday.

The Holy Saturday and Easter Sunday schedules at the Catholic churches of Kankakee are as follows:

St. Patrick's: The Holy Saturday Easter vigil service will begin at 10:45 p.m. Masses Sunday at the church will be at 8, 9, 10, 11 and 12 o'clock. In addition extra masses will be in St. Patrick's School at 8:10 and 9:10 a.m. to take care of the overflow crowds anticipated for those two hours.

St. Rose: The Easter Vigil service will be at 11 p.m. followed by the Solemn High Mass of Easter. Masses Sunday will be at 8:15, 9:30, 10:30, 11:30 and 12:45 a.m.

St. Stanislaus: The solemn vigil on Holy Saturday will begin at 11 p.m. The masses on Easter Sunday will be at 8, 9, 10, 11 and 12 p.m. St. Martin of Tours: The Easter vigil service will begin at 11:30 p.m. The Easter vigil will conclude with the Litany of the Saints and the singing by the choir of the most ancient of Gregorian hymns, "Lord Have Mercy on Us."

In Good Friday services, the pilgrims, with few Westerners among them, crossed the Palestine armistice frontier from Israel. The small number reflected the tense atmosphere in the Middle East in the aftermath of the Sinai war. Travel restrictions were removed too late for any great tourist influx.

But as in the past there has been a great influx of pilgrims to the district center at 8 a.m. Reg. Continued on Page 6, Column 1.

Police Surprise, Kill 3 Burglars In Chicago

Probers May Tackle Alleged Union Payoffs

Failure To Push Case Against Giver, Taker Intrigues Quizzers

WASHINGTON (AP)—Senate rack-ets probers said today they will explore more deeply into alleged payoffs to Teamsters Union officials in Scranton, Pa.

One question intriguing them is whether—if you can't jail them both—the giver or the taker of a payoff should be prosecuted.

The Justice Department has obtained federal indictments accusing three business agents of Scranton Teamsters Local 225 of receiving illegal payoffs from business firms. The Senate committee conducting the inquiry has ordered its staff to ask why no charges were brought against any of the companies or their officials.

"We are going to find out why they were not prosecuted," Chairman McClellan (D-Ark.) said reporters. "It is something we ought to find out."

In reply to a question, he said, "It might be the subject of an investigation."

Meanwhile, replies to some of McClellan's questions came from outside the hearing.

A PRAGMATIC explanation came from Oliver Dibble, the special federal prosecutor in charge of the Scranton case.

"If we indicted both men in such cases," he told newsmen in Scranton, "we wouldn't be able to make one testify against the other," he added.

The grand jury decides which one is, so to speak, the more guilty and returns the indictment against him. Then the other serves as a witness.

Also speaking out was Earl P. Bettendorf of Texas, who said at his home he had sent McClellan a telegram asking the right to appear as a witness "so Continued on Page 6, Column 2."

Tornado Damages Homes On Texas, Oklahoma Border

DALLAS, Tex. (AP)—A tornado struck in Grayson County on the Oklahoma border Thursday afternoon, killing at least two people, and injuring several others.

A severe squall line rumbled southward across the state, touching off hail and thunderstorms that continued today.

A heavy downpour virtually isolated Eagle Pass in south Texas for several hours early today.

More than five inches of rain drenched the area in four hours, knocking out all power for more than an hour.

Streets and highways were flooded and three families were evacuated from low-lying sections. The rain began tapering off today, however.

Police said roads were open after being impassable several hours. There was no danger of more rain.

Asks \$4.3 Million Parcel Post Boost

WASHINGTON (AP)—The Post Office department today asked the Interstate Commerce Commission for authority to raise parcel post rates by about \$4,300,000 a year.

The petition estimated the parcel service is losing that amount annually, and said Postmaster General Summerfield will shortly submit specific proposals on how to apply the hikes.

Authority was also sought to make such changes in the regulations covering zones, weights and parcel size as may be deemed necessary in connection with the rate revisions.

Parcel post or fourth class mail rates and regulations are made by the postmaster general with the "consent" of ICC.

Congress fixes the rates for first, second and third class mail. According to diplomatic reports, which Summerfield is now seeking increases designed to yield more than \$40 million dollars a year in a self-supporting basis for the service.

Showing can be made that the ICC year in additional revenue.

Minister Seeks To Ease Israeli Fears Over U. S. Mideast Policy

TEL AVIV, Israel (AP)—Foreign Minister Golda Meir received U. S. Ambassador Edward B. Rusk today in an atmosphere of growing Israeli criticism of American policy.

It was presumed the U. S. envoy, who asked for the conference, discussed developments concerning the Suez Canal and the Gulf of Aqaba.

The Ben-Gurion government has been increasingly apprehensive the last two days over what the Foreign Ministry called the "unfounded" Israeli newspaper's cautionary advice, which has operated as an almost complete barrier to American traffic through the canal while negotiations were on, was about to be

Caught Trying To Rob Store Of \$250,000

7 Detectives Open Fire After Bandits Refuse To Give Up

CHICAGO (UP)—Police shot and killed three burglars in a blazing gun battle today when they surprised the bandits trying to crack a safe containing more than \$250,000 in a Loop department store.

A seven man detective detail hid in the dark 11th floor office of Mandel Bros. department store for more than seven hours before the burglars appeared. Authorities said they received a tip on the burglary from an undisclosed source.

The three wheeled their equipment, including acetylene torches and suitcases containing burglary tools, into a small inner office containing a large safe.

Patrick Deoley, chief of detectives, said at that point he ordered the burglars to come out with their hands up. Instead, he said, they backed out of the inner office shooting and were sprayed with bullets from police machine guns.

DEAD WERE James Renner, 30, Chicago, a former suburban Maywood Park policeman; James L. Wolf, 38, suburban Glenview, and James Bartimo, 30, suburban Melrose Park.

Wolf carried a small translator radio tuned to the police band, and it continued blaring from the dead man's pocket in the series of shots after the shooting.

Deoley said the bandits carried two .45 caliber pistols and a .38 caliber gun.

This is one of the finest bits of police work I've ever seen," Deoley said. He said he would authorize extra compensation for the seven detectives.

THE SPACIOUS CREDIT and business office of the store, located in the heart of the Loop, was left in a blood spattered, bullet-marked shambles. Plaster littered the floors and desks, windows were broken and wooden partitions were pocked with bullet holes.

Deoley said the three were natively dressed and wore gloves to prevent fingerprints. He said they apparently remained hidden in the store after it closed, but how they got their heavy equipment to the 11th floor was a mystery.

Renner was fired by the store, where he had worked as a store detective, about seven months ago. He was dismissed from the Maywood park police force previously when he was involved in another burglary.

Ike Nominates Ambassadors To 3 Lands

AUGUSTA, Ga. (AP)—President Eisenhower today picked new ambassadors to Mexico, Sweden and Colombia.

In advance of getting in a round of golf on his first full day of his Easter holiday, the President announced his intention to nominate:

Robert C. Hill, now assistant secretary of state for congressional relations, as ambassador to Mexico.

Francis White, career diplomat who now is envoy to Mexico, as ambassador to Sweden.

John M. Cabot, who moves from the embassy in Sweden to become ambassador to Colombia.

In Colombia, Cabot will succeed Philip W. Bonsai, who has been reassigned to Bolivia.

THE NOMINATIONS will be sent to the Senate when Congress returns to Washington after its Easter recess.

Eisenhower flew here Thursday for about 12 days of golf and work. He was in his office above the pro shop at the Augusta National Golf club at 8 a.m. today and spent about two hours on government business before getting out on the links. The sun was shining and the weather was

Senator Finds He'll Be Penalized If He Returns Money To Treasury!

WASHINGTON (AP)—Sen. Williams (R-Ill.) says he has made several unsuccessful attempts to return to the Treasury \$1,500.25 he had left over from last year's stationery allowance. The senator complains the Treasury won't let him do it. Williams said that in nine previous years, he has returned a total of \$3,786.37 in such unspent funds. But, he added, this time he bumped into a new Treasury ruling that the money either (1) must be spent, or (2) the senator will be taxed on the unspent portion, even if it is left in the Treasury.

THE DELAWARE LAWMAKER, in telling the Senate of his troubles Thursday, said he has asked Comptroller General Campbell for a solution.

Williams said last June he directed the financial clerk of the Senate to return to the Treasury the amount left over from his stationery allowance for the fiscal year ended last June 30.

The senator then learned of the new ruling. Williams said he has been told he could avoid being taxed on the balance by ordering \$1,500 worth of stationery from the Senate stationery store, even though it does not need it, have it delivered to his office, and then call the truck and send it to the city dump.

"IN THAT MANNER the government would be rid of the money, I would be subject to no penalty, and everybody but the taxpayers would be happy."

Or, under this ruling I could file a claim for the Treasury check of \$1,500.25, pay income tax on the amount, and turn the rest over to the Republican National Committee or put it in a special account to finance a personal political campaign.

"If this ruling stands unchallenged, what is there to prevent using these unexpended funds to buy milk coats or deep freezes?"

Earliest Sunrise Services Set To Start At 4:45

RINDGE, N. H. (AP)—The "Cathedral of the Pines" will be the scene of the earliest sunrise services in the country Easter Sunday. The non-denominational service will begin at 4:45 a.m. (EST) and will conclude when the first rays of the sun are visible shortly after 5 a.m. More than 5,000 persons from many parts of the nation are expected to be on hand for the 12th annual Easter service.

This unique shrine, soon to be designated a national war memorial by act of Congress, was founded in 1946 and "dedicated to the glory of God and in loving and grateful memory of Sanderson Sloan by his parents, Douglas and Sybil Sloan." Sandy Sloan, a World War II pilot, was killed on a mission over Germany.

Since 1946 more than two million persons have visited the pine-bordered sanctuary with its sweeping view of mountain, forest and lake.

Think Widow Killed Resisting Burglar

CHICAGO (AP)—A 40-year-old woman was found beaten to death in her small hardware and home furnishing store on the near North Side today. Police said she apparently was killed resisting a burglar.

She was identified by police as Mrs. Bertha Miller, 60, who operated the store at 445 North Clark St. The body was found by Police- man Patrick Dwyer, who was sent to the store after her son had reported her missing when she failed to return to her West Side home after work last night.

Sgt. William Clark said Mrs. Miller apparently had been killed by heavy blows on the head. He said there also were bruises on her throat and there were indications she had been raped.

Clark said the cash register was empty except for a few pennies.

Align With Great Men Of Week, Rotarians Told

Kankakee Rotarians were told they should identify themselves with one of the characters in the great dramas of this week, the Passover, the Lenten and the Resurrection if they as individuals are to gain a particular meaning from these services.

The Rev. Mr. Washburn spoke on the topic "Did You See the Play?" Quoting the Swiss theologian Emil Brunner from his book "Faith, Hope and Love," the Rev. Mr. Washburn said that these three qualities help an individual adjust to the past, present and future. He said Brunner claimed hope helps a person adjust to the future, love helps an individual adjust to the present and faith is the religious discipline by which one adjusts to the past.

The Rev. Mr. Washburn described the Passover of the Jewish faith and the crucifixion and Resurrection of the Christian faith as being one and the same. He pointed to the Civil War and Revolutionary War where men paid for freedom "which cannot be bought." He said the same thing was true of the Passover and Easter celebration. They offer a freedom that an individual cannot buy, as well, the speaker explained.

"If one goes to attend a great drama, one must identify himself with the drama," the speaker told the Rotarians. In the same manner, "the true worshiper is a person who does not go to church as an observer." He continued, "one is an audience, persons are actors and the leader is a prompter."

"The whole act of worship is acted out under the loving scrutiny of God," he said. In being an actor in a great drama, one receives a deep sense of humility, according to the Rev. Mr. Washburn.

He urged the Rotarians to seek this sense of humility, although he commented it is not a common American attribute. He termed humility a goal of both Christianity and Judaism. The Rev. Mr. Washburn concluded by telling the Rotarians that they should discover their own personality, in true humility and the grace of God would flow into their lives.

Prior to his talk, a music program was presented by Miss LaVella McMillin, 15-year-old local girl who has received vocal and music training at the American Conservatory of Music and from Prof. Walter Larsen of Olivet Nazarene College. Miss McMillin sang "The Holy City" by Adams and "Alleluia" by Mozart and played a piano selection, "Polish Dance."

McDonald Reelected Steel Union President

PITTSBURGH (AP)—David J. McDonald has been reelected president of the United Steelworkers, the union announced today. Tellers reporting on the official ballot count said it showed the incumbent USW president received 40,172 votes to 22,516 for Donald Rarick, his opponent who started his campaign on a protest against a union dues increase.

Rarick, a 29-year-old steelworker in McKeesport, Pa., was a complete unknown at the time the dues protest drive began after the USW's 1956 convention voted a \$2 monthly increase in payments by the membership.

McDonald, 54, who has been associated with the union since its founding, worked closely with the late President Philip Murray and succeeded him as the union's top officer in 1953. His election is the second 4-year term in the post which now pays \$50,000 a year. Neither McDonald nor Rarick were available for comment as the official election results were announced after the Feb. 12 election. Rarick's opponent, William Klug, won 10,124 votes to 10,124 for his opponent, William Klug, of Milwaukee.

Two new district directors were elected Paul M. Hilbert of McKeesport, and Paul Schremp, Lorain, defeating incumbent B. W. Olier, of Cleveland, Ohio by a vote of 15,127 to 12,979 in district 28.

Volney Davis, White Sox second baseman, shows his old form in the American League opener at Chicago as he completes a double play throw to first before the Braves. Although the Sox are forced out on a grand slam by Harry Anderson, Davis' double play, which also sent Norm Larker behind home in the seventh, and pitcher Jack Hamilton hit a round-tripper in the eighth to produce a 3-2 victory for the Sox. Hasemeyer's 83 Leads Key Golfers To 14-1 Victory

Kankakee High's golf team registered its second victory in two days Thursday at the Lake Hills Golf Club, St. John, Ind., by walloping the undermanned Thornton Fractional team 14-1.

Fractional was represented by only three players because of spring vacation. This made it necessary for two of the host players to each take on two Kankakee players.

The day's best medal score was an 83 fired by little sophomore John Hasemeyer, the No. 3 Kankakee entry who defeated Ron Williams (91) 3-0.

Jim Farlander and Gordon Palmer, No. 1 and 2 for Kankakee, each scored an 85 in beating Ron Farlander best Majak 3-0 and Palmer won 2-1-1/2.

Sid Hancock (88), No. 4, and Dennis Schlemmer (89), No. 5, both of Kankakee, defeated Fractional's No. 4 player, Rich Golec (100), both by 4-0 scores.

21 Top Women Pros Tee Off In Lawton Open

LAWTON, Okla. (UP)—Twenty-one of the nation's top play-offers tee off today in the first round of the 54-hole \$5,000 Lawton Open golf tournament at the Lawton Country Club.

The Browns gave up quarterback Vito (Babe) Parrilli and five others to obtain Garrett and line-backer Roger Zatkoff from the Packers. The other Cleveland players were defensive halfbacks John Pettibone and Billy Kinard, offensive guard John Macerelli, defensive end and Carlisle Massey and line-backer Sam Palumbo.

Brown indicated that he was counting heavily on Garrett to solve the Cleveland quarterback problem that has existed since the retirement of Otto Graham after the 1955 season and was a major factor in the Browns' loss of their Eastern Division NFL crown.

Brown said, "Garrett is the key figure in the deal for us, due to our wide-open quarterback post. We always did wonder what we could do with Garrett and now we have the chance to find out."

The trade is a blow to the Browns. Brown pointed out, "He is a smart young man and has a strong arm. Playing with us gives him the chance of being a first string quarterback."

Brown said he was disappointed in the trade in his first year as pro. He said, "We gave Parrilli a good test last year and were disappointed. The Packers believe he will have a better chance with them of regaining the form he showed in his first two years as a pro."

HERSCHER (JNS)—Herschel won nine events to post a victory over Mommence and Reddick in a former Stanford passing star at the Packers for Parrilli. Garrett served as understudy to Tobin Rote during the 1954 campaign before entering the Air Force. He will be discharged before the 1957 training period begins.

Today's trade was made possible by the fact that the Browns' retirement plans and signed last Wednesday in Houston, Tex., for his eighth season with the Packers.

Herschel Wins From Mommence, Reddick In Track

Mommence's Clayton Rattin was the big winner of the day, capturing three blue ribbons. Rattin won the 440-yard run (58.9), 800-yard run (2:17), and 1200-yard hurdles (5:17).

Mickey Cross scored a double win for Herscher, taking the 100-yard dash in 11.2 and the 220-yard dash in 25.

Egan Ousts Fire Marshal, Suspends Officer

AURORA (UP) — Mayor Paul Egan fired his fire marshal and suspended a police captain Thursday night in a stormy start on his second term in office.

Egan relieved Marshal Walter J. Hanson, a member of the department for 24 years, of his duties and after a meeting with firemen, named Hanson's assistant, Carl Numerich, to succeed him.

Earlier, the mayor met with 60 of the city's 71-man police force after suspending police Capt. LeRoy Schrammer.

He told them he was going to "eliminate" Police Chief Francis T. Egan, a police captain for 24 years, of his duties and after a meeting with firemen, named Hanson's assistant, Carl Numerich, to succeed him.

He also announced his office had been entered Wednesday night, apparently by burglars seeking a mysterious letter "from a woman in the east." He said he thought it was a plot to prove he had Communist connections.

GOOD DEED

ABILENE, Tex. (UP) — A good deed sometimes can backfire.

Police Chief W. B. McDonald gave a 35-year-old man an old police coat when the man was working out a fine during a cold snap.

The prisoner was picked up for shoplifting shortly after his release. Patrolman John Boettke said the man stuck his foot in the four large inside pockets of the police coat.

Teamsters Ask No Record Of Coming Trial

AFL-CIO Corruption Session To Be Held Behind Closed Doors

WASHINGTON (UP) — The Teamsters Union is reported to have asked that no record be kept of its AFL-CIO trial on corruption charges.

AFL-CIO sources interpreted this to mean that the Teamsters don't want in existence a written transcript which could be subpoenaed by the Senate Rackets Committee and combed over for possible new evidence against the union.

It is still not clear whether the Teamsters will send representatives to defend the union at the trial, scheduled to be held May 8 behind closed doors.

Such trials are customarily held in secret, and it is up to the defendant union whether a record will be kept.

THE 15-MILLION member Teamsters organization came under charges from its parent AFL-CIO as a result of the Senate committee's disclosures against Teamsters President Dave Beck and other high officers.

The federation has suspended Beck as an AFL-CIO vice president and council member, an action Beck is contesting, and has scheduled a hearing May 20 before the AFL-CIO executive committee. Beck claims his suspension is illegal and therefore a "nullity."

He has hinted he won't show up for the hearing.

The federation also has accused the Teamsters Union itself of being dominated by corrupt influences. This charge is the basis for the May 8 trial before the AFL-CIO ethical practices committee. It sustained in full charges could be sent to a federal grand jury.

THE AFL-CIO HAS assured the Teamsters no record of the May 8 trial will be kept unless the union wants one. This, it was said, is a first in the history of the federation.

George Meany, AFL-CIO president, said that proceedings against Beck and the Teamsters would be conducted impartially in line with past practices.

He Is Risen As He Said — AllHail

In sunrise services, during morning worship and at triumphant masses and other ceremonies, the world again celebrates the resurrection of Christ from the dead. Here the risen Christ is the eternal symbol of man's hopes and yearnings.

In this brilliant sketch, the artist depicts a radiant Christ with arms outstretched, proclaiming his victory over the forces of evil. He stands in a field of spring flowers, symbols of life, bathed in the brilliance of His own glory.

Near the lower left portion of the sketch is the massive stone that was rolled back from the tomb and on which the angel appeared when Mary and Mary Magdalene arrived at the sepulchre on Easter morn.

Thousands in the Kankakee area joined worshippers throughout the world today in commemorating anew the resurrection of Christ the Savior.

Roman Catholic churches in the area marked the arrival of Easter with vigil services followed by the solemn mass of the resurrection at midnight. Masses were scheduled throughout the morning.

Many Protestants greeted the resurrection day with sunrise services, and special Easter messages were to be delivered from all pulpits. Easter breakfasts, featuring the traditional eggs, were served by several church groups.

Greek Orthodox worshippers held special services Saturday night and will mark the "Sunday of Love" today.

The weatherman nervously predicted that rain would not dampen Easter worshippers here. There was a "chance," he ventured, of a few showers in late afternoon or night.

Elsewhere across the nation, President and Mrs. Eisenhower were to attend Easter services at Reid Memorial Presbyterian Church in Augusta, Ga., where the chief executive is vacationing.

Still others could remain in their homes watching various ceremonies on television. Even in the holy city of Rome, television was used for the first time to carry the annual Easter message of Pope Paul VI to the people of Europe.

The Pope's message also was broadcast by the Vatican radio and 14 European networks in 28 languages. The message was to be picked up "half for rebroadcast by American, Canadian and British systems."

ON THE EVE of Easter, an estimated 10,000 pilgrims gathered in St. Peter's Square in Rome and were blessed by the 81-year-old head of the Roman Catholic Church. The pontiff appeared briefly at his apartment window to bless the throng.

In Jerusalem itself, discouraged by the Middle East travel since the Sinai war last fall, reduced to hundreds instead of thousands the number of Easter pilgrims. In Jerusalem, the Easter flames burst from the tomb of Christ as the city's 12 Holy Fire candles were relit. Thousands of pilgrims packed the Church of the Holy Sepulchre for the Holy Saturday services.

Boy, 15, Driving Car First Time, Kills Chicagoan

CHICAGO (UP) — Police said a 15-year-old boy, driving an automobile for the first time, struck and killed a man Saturday night while attempting to elude a patrol car.

Officers said John Mahoney Jr., of Chicago, told them he had taken the family car without permission. The auto, a 1954 Ford, was parked on the South Side and was driven away by Mahoney Jr. after he saw a patrol car. Officers said Mahoney Jr. saw several stop signs before losing control of the auto in a turn.

The car jumped a curb and struck a 40-year-old man, who was killed. The victim was identified as Raymond J. Mahoney, 40, of Chicago. He was dead on arrival at a hospital.

Police charged young Mahoney with reckless homicide, leaving the scene of an accident, and passing a stop sign, and set a traffic court hearing for May 28.

HAVANA, Cuba (UP) — Police shot and killed four men Saturday in a death trap laid for a revolutionary movement attempting to oust President Fulgencio Batista by violence.

One of the victims was identified as Francisco Rodriguez, acting president of the University Students Association, and another as Juan Pedro Carbo Serva, who has been sought since October as the slayer of Cuban army intelligence chief Col. Blas Riera.

Police listed the two other men as Jose Machado and Eugenio Peres.

AUTHORITIES SAID Rodriguez was a member of the rebel group which formed the presidential palace in the effort to assassinate Batista March 13.

The men opened fire on police Saturday when they tried to arrest them in a rooming house apartment on Calle de la Paz. The men were shot from the front, back and sides.

Seek Russian Agreement On Disarmament

U.S. Emphasizes Need For Proper Safeguards, Control

WASHINGTON (UP) — The United States said Saturday night that it is the London disarmament negotiations with Russia call for "continuation of a serious effort" to reach an initial agreement leading toward disarmament.

It emphasized, however, any disarmament plan would hinge on an agreement on "proper safeguards for inspection and control" between the free world and the Communist bloc.

The statement was issued by the State Department after an extraordinary Saturday meeting between Harold E. Stassen, President Eisenhower's disarmament adviser, Secretary of State John Foster Dulles and other high government officials.

The meeting was held immediately after Stassen returned from the London disarmament talks. He said upon his arrival that the negotiations between the United States and Russia are "the most serious" the two nations ever held.

Meeting with Stassen and Dulles were officials of the Atomic Energy Commission, Defense Department and Central Intelligence Agency.

Chief topics of discussion at the Saturday meeting were:

—Initial reductions of armaments and manpower on a reciprocal basis.

—Arms inspections systems, both on the ground and in the air.

—Exchange between East and West of lists of armaments and blueprints.

It was thought that the negotiations thus far conducted in London warranted a continuation of a serious effort to reach an initial, partial agreement as a first step. If proper safeguards for inspection and control are agreed to, the State Department said, the United States in its long negotiations with Russia, Russia has followed the other approach—agree to disarmament and work out the details later.

Officials said they saw encouraging signs that Russia may agree to disarmament and work out the details later.

Rain measuring up to 1 inch and hail the size of quarters pelted the southern plains.

Prior Sunday, Weather-Bureau observers said a severe storm was moving across the Midwest from the south, and a tornado tore down and demolished a six-room house and all other buildings on a farm about 14 miles south of Paducah. No one was reported injured.

One person was dead and one was missing as a result of a tornado that hit the state Friday and early Saturday.

Highways were closed temporarily in a number of central Texas areas.

Widespread thunderstorm activity broke out across the Ohio Valley into New York State. South-east winds and heavy rain were blowing into the state Friday and early Saturday.

The Mayflower II was engaged Saturday night in a slow and unexciting struggle against both tide and wind. There was almost no wind, and the ship was being pushed westward and the incoming tide, to reach its height about midnight at Plymouth was trying to sweep the ship back to shore.

MAYWOOD POLIO VICTIM GETS KITTEN FROM NIXONS

CHICAGO (UP) — A 14-year-old polio victim of suburban Maywood had a light gray kitten for a new pet Saturday and the added thrill of knowing it was the gift of Vice President Nixon and his family.

The kitten arrived at Midway Airport accompanied by a special greeting to Edward Adams from Nixon's daughters, Patricia, 11, and Julie, 8.

"Happy Easter and we hope you will like the kitten," the greeting read. "It is about 8 weeks old and we have been feeding it canned cat food and condensed milk. When it gets a little older, it can eat almost anything."

Eddie, seated in a wheelchair, his legs and hips in braces, cuddled the kitten and immediately dubbed it "Nixon's cat."

A brother, Harry, 13, shared Eddie's joy. His wife — "Have polio victim brother who would like a kitten. Will have a good home" — made the whole thing possible.

Harry had read of the Nixon's pet cat having kittens and sent the wire after he got an okay from his mother.

Technical Aid To Israel Is Resumed

WASHINGTON (UP) — The United States is resuming economic and technical aid to Israel.

The aid is a continuation of the assistance program which the United States cut off last Oct. 29 when Israeli forces attacked Egypt. The State Department announced Saturday that aid would begin soon.

A spokesman for the department said the talks are now under way both here and in Tel Aviv and that "the American aid program to Israel is being resumed after a stoppage of more than five months."

A spokesman for the International Cooperation Administration, which handles American aid programs, said U.S. personnel who were withdrawn from Israel last fall "have been authorized to return."

About 50 Americans assigned to aid projects were pulled out of Israel when the attack on Egypt began. Only six remained behind in a caretaker status.

But now more than a half-dozen of the group are back at their jobs on agriculture, health, sanitation, education, communications and other projects.

U. S. aid to Jordan and Lebanon also was cut off at the same time aid to Israel was halted. But officials would give no indications as to when aid to those countries will be resumed.

Arrest Youth As Slayer Of Two Women

NEW YORK (UP) — Police arrested a 22-year-old youth and said he admitted the attack slaying of two women, Patricia Ruland, 18, and Mrs. Joseph Higgins, also admitted the unsolved slaying of Mrs. Dorothy Campbell, police said.

The Ruland girl was left to die on a Brooklyn street early Thursday. She had been brutally beaten about the head and thrown from a car.

Police quoted Higgins as saying he beat the girl with a hammer after she repulsed his advances. Higgins also admitted slaying Mrs. Campbell.

HIGGINS' ARREST was announced by Chief of Detectives James B. Leggett. He said the automobile in which Miss Ruland reportedly was thrown as well as the hammer used in the attack on Mrs. Campbell, a 50-year-old widow, was the victim of a savage attack less than three months ago.

The Ruland girl was found at a point only about five blocks away from the Ruland home in Brooklyn.

Stormy Debate Marks Meeting Of British Reds

LONDON (UP) — The British Communist Party Congress ended a stormy debate on Hungary Saturday by rejecting two amendments criticizing the Moscow line.

The two amendments were rejected by a clear majority, but no official count was given.

One amendment was a flat rejection of the Moscow line. The second was a resolution calling for a "counter-revolutionary plot" and "countering Russian suppression."

The second, while accepting the need for Soviet cooperation, criticized party leaders for failing to attack the "wrong policies which led up to the revolution."

Events in Hungary were considered to have been the main cause for a more than 20 per cent drop in British Communist Party membership last year.

Mayflower II Fights Wind, Tide

PLYMOUTH, England (UP) — Mayflower II set off for America from this English port Saturday with 32 modern pilgrims aboard—and one stormy day.

Bob Lewis, 27, a baker's salesman with a wife and two children in Plymouth, was one of the 32 pilgrims. The Mayflower was engaged Saturday night in a slow and unexciting struggle against both tide and wind. There was almost no wind, and the ship was being pushed westward and the incoming tide, to reach its height about midnight at Plymouth was trying to sweep the ship back to shore.

But Mayflower looked forward to a stormy day early Sunday.

A photographers' launch riding the new 180-ton square-rigger later threw down Lewis' overcoat and jacket.

Mayflower II meanwhile headed out into the English Channel, under escort but weighed with good wishes and followed by prayer.

The vessel made no progress westward and the incoming tide, to reach its height about midnight at Plymouth was trying to sweep the ship back to shore.

But Mayflower looked forward to a stormy day early Sunday.

In six weeks, if providence is kind, this new 180-ton square-rigger will reach Plymouth, Mass. There, after an exhibition visit to New York, she will remain forever, a replica of the historic ship in which the Pilgrim fathers ventured to New England, left here a minute before 5 o'clock in the afternoon and was towed past Drake Island, just as the original Mayflower was three centuries ago.

The old Mayflower, say some historians, was pulled out of the shelter of this splendid harbor by a fierce storm. But Mayflower II was pulled out today by a storming tide.

Chdr. Alan Villiers, Australian skipper of this new Mayflower, expected it to be a many contrary winds, but hoped to make in about six weeks the journey which took the original Pilgrims 85 days.

VILLIERS' CABIN was stacked high with good will messages. Among the last received was one from Prime Minister Harold Macmillan, who had an American mother, expressing hope that Mayflower's voyage will strengthen British-American relations.

A last hitch was the discovery that one of Mayflower's five inflatable life rafts had been punctured. There was desperate searching last night to find a replacement. One was found, rushed aboard by truck and put about on board before the busy tug tied the line to Mayflower's bow.

Hussein Names Bedouin To Vacated Post

Gen. Hayari Claims Plot Planned To Curb Independence

AMMAN, Jordan (UP) — Maj. Gen. Hayari resigned as the Jordan army's new chief of staff Saturday on a military mission to Syria. The haven of his predecessor, King Hussein, promptly filled the gap with a tough Bedouin general, a leader of the loyal tribesmen who form the backbone of the army's old Arab Legion.

A dispatch from Damascus said Hayari accused Hussein's top palace of "preparing a plot in cooperation with foreign non-Arab military attaches in Amman against Jordan's independence and liberty." He was reported to have asked the Syrians for political asylum.

Succeeding him as acting chief of staff was Maj. Gen. Habis Majali, a member of an old Bedouin family and a cousin of Hazza Majali, who served as premier last year to take Jordan's place in the anti-Communist Baghdad Pact.

AN OFFICIAL spokesman said Hayari, a career soldier, formally assumed only Thursday the top army job vacated by Maj. Gen. Ali Abu Nuwar, a pro-Egyptian soldier-politician, at the height of the governmental crisis last weekend. Hayari was sent to Damascus to arrange the extradition of Nuwar and other Jordanian officers who fled with him.

Hayari telephoned his father-in-law, Sen. Sedky el Kassem, and asked him to present his resignation to Premier Hussein Khasbiyeh.

The palace ordered the appointment of a five-officer commission of inquiry to look into recent disturbances that followed the young monarch's dismissal of leftist Suleiman Nabulsi's pro-Egyptian government 10 days ago.

HAYARI HAS often been called a rival of Nuwar, whose pro-Egyptian policies he did not approve. Once he reached Damascus, Hayari decided to throw in his lot with the disident group. He telephoned Kassem around midnight and asked him to hand in the resignation which Hayari had written a few days before during the crisis over the Nuwar case.

The resignation was sent into King Hussein's hands in the short-term view. The King has been trying to tighten his grip on the army by weeding out politically minded young nationalists.

It was made public while hundreds of Easter tourists and pilgrims were in Jordanian-ruled old Jerusalem for services commemorating the resurrection of Christ.

Irish Alerted For Easter Raids

BELFAST, Northern Ireland (UP) — More than 150 policemen and soldiers were assigned to duty Saturday to prevent Easter weekend raids by the Irish Republican Army. All Easter leave was cancelled.

Authorities said they hoped to prevent a recurrence of last year's Easter clashes at Annullon.
