U.S. Business Leaders See '57 As A Good Year

By SAM DAWSON

NEW YORK (U.P.)—The sap of confidence is rising in the business world with the spring. Optimistic talk today is replacing some of the caution and worries that featured the late winter months.

In some cases industrial leaders are reporting a revival of activity in April. In more, hopes are building up for an early end to the lull caused by inventory trimming and a new upsurge in the fall.

The adjustment should be brief and moderate is the theme song in many industries.

This happy talk has pepped up the bulls in Wall Street. It is cheering stockholders of many companies at the annual meetings now nearing their peak season. It spreads through many of the first quarter earnings reports now pouring in.

INCLUDED in the chorus of cheer this week are officials of steel, oil, container, machinery, tools, food, copper and auto companies.

"A strong recovery trend during the final quarter" is seen for the steel industry by J. L. Maute, chairman of Youngstown Sheet & Tube.

A brisk upturn in the fall is expected by C. M. White, president of Republic Steel, R. L. Gray, Arco Steel president, predicts record output by the industry this year.

"A bright outlook" for the oil industry is seen by W. H. White, president of Gulf Oil. The Texas Co.'s chairman, A. C. Long, says domestic oil demand will rise by 8 per cent this year and over the long run there will be continued growth in foreign markets.

Both firms report sharp increases in earnings so far this year, with the Suez Canal crisis and increased oil prices cited as causes.

THE COPPER industry has been having its troubles. But Robert G. Page, Phelps Dodge president, thinks the trimming of inventories by users of the metal should be about over.

Henry Ford II, president of Ford Motors, reports record sales so far this year. And Arthur O. Dietz, president of C. I. T. financier of auto sales, looks this year as a sign new cars to be sold this year, about the same as last. While this would be below the 1955 record, it still is an awful lot of cars.

Gen. Lucius D. Clay, chairman of Continental Can, tells stockholders "the outlook for 1957 in the canner industry is a strong one."

Kempston Dunn, president of American Brake Shoe & Foundry, predicts the high level of its shipments and earnings will continue at least through the rest of the first half of 1957.

Machine tool shipments continue to rise. National Machine Tool Builders Association officials think they may set a record peacetime high this year.

Gospel Team Will Hold Services In Mormon Church

MORMON (U.S.)—A gospel team from Wheaton College will conduct the 6:30 p.m. senior high young people's meeting and the 7:30 p.m. evangelistic hour in the First Baptist Church on Sunday.

The song service will be led by trombonist Paul Trafton. Special music will be sung by the Chapel Choir Girls' Trio, composed of Bonnie Becker, Bobby Joelin and Eileen Holmen, accompanied by pianist, Carolyn Helwig. Walter Lee, of the graduate school, will speak.

Mormon School Band To Give Concert Tuesday

MORMON (U.S.)—The high school band will present its annual spring concert Tuesday night. The concert will be held in the high school auditorium at 8 p.m. Featured will be soloists Carolyn Howard and Keith Sharkey, as well as ensembles and novelty groups.

The band, under the direction of Eldon Oyen, will perform such numbers as "American Patrol," "Favorite Strauss Waltzes," music from the popular Broadway hit, "The King and I," "Sliding Doors," trombone novelty, and "The Stars and Stripes Forever."

Admission will be by complimentary tickets which may be obtained at the high school office, the ticket window the night of the concert or from the Band Parents Association.

EGYPTIAN SUEZ PLAN SUPPORTED BY U. S.

The worst floods in 10 years hit Dallas and Fort Worth, Tex., today and a tornado struck Tyler, Tex. A vigorous spring storm dumped up to 5.25 inches of rain on portions of Texas and spawned tornadoes in Oklahoma, Nebraska and Texas.

Floods, Tornado Hit Texas Cities

At least 45 homes were flooded in Dallas, while in Fort Worth 29 were flooded in one neighborhood. Police and firemen took hundreds from their homes in boats.

The Trinity River was surging hard at Dallas and was due to hit a major flood stage of 38 feet to night.

FLASH FLOODING on the Upper Trinity and its tributaries washed out bridges and cut off roads. The highway between Dallas and Fort Worth was flooded and the city of Arlington, Tex., was cut off.

At Tyler, two schools and a junior college were reported hit by a twister which slashed through a 1½ mile area of the town.

At least six persons were injured, including three pupils at an elementary school.

About 25 homes were damaged or destroyed and the streets were strewn with uprooted trees.

Damage was reported heavy in a subdivision southwest of Tyler. The twister unroofed houses.

At least one person was killed when a tornado lashed Milford, Neb., and the surrounding area west of Lincoln Thursday night. More than 20 persons were injured by the twister, some 15 homes were destroyed and about 150 to 200 persons were left homeless.

Another twister slammed into Holdenville, Okla., Thursday night, causing considerable damage to the business and residential sections.

OTHER TORNADOES were reported Thursday from such distant points as Texas and Michigan, where a small tornado caused some damage in a town near Detroit.

Weathermen said more turbulent weather, including severe thunderstorms and possible tornadoes, could be expected early today in sections of five southwestern states. Specifically covered by the warning were southwest Missouri, eastern Oklahoma, northwestern Arkansas, southwestern Arkansas, and northeastern Texas.

Killed in the Nebraska twister was Paul East, 76, a farmer living southwest of Milford whose home was demolished. Authorities at Milford credited ample warning of the approaching twister for preventing any fatalities in the community itself.

The town's fire siren alerted the town's 1200 residents shortly before the funnel cloud slammed into the business district and then a sun dial, just before the whole

GOOD EXCUSE!

BUFFALO, N. Y. (U.P.)—Mrs. Barbara Le Barry, 25, said she had an explanation Thursday when she appeared before City Judge Calmer T. Partridge on a minor charge. The explanation was long.

"You're expecting a baby shortly?" the court asked.

"I'm expecting it NOW," Mrs. Le Barry replied.

"Go home, go home," said the judge.

Sentence Man For Murder 28 Years Ago

PATERSON, N. J. (U.P.)—James (Cocoye) O'Leary, 63-year-old prohibition era figure, today was sentenced to 10 to 12 years in prison for a murder he committed 28 years ago.

O'Leary, a used car salesman, was found guilty of second degree murder March 20 in the gangland slaying of Alex (Schmutz) Szabo who fell under a hail of bullets in the rear of a Passaic garage on May 2, 1929.

The case was brought to trial by a chance discovery of four incriminating letters in a forgotten filing cabinet last September.

The 28-year-old shooting victim died of wounds received in a botched ale plant and resulted in the indictment of O'Leary and three other persons.

The four men, however, were released on bail and they were never brought to trial until the discovery of the indictment.

O'Leary was arrested in January in Plainfield, where he was working in a car lot and did not testify in the trial.

The whereabouts of the other three are not known.

Pay Off Some Funds At Loan Associations

CHICAGO (U.P.)—A small percentage of money was freed today for some depositors in two of three financial institutions closed by runs.

Long lines of depositors formed at all three savings and loan associations to "sign up" for withdrawals when they will be permitted.

Some depositors waited all night outside City Savings Association. The line was more than a block long shortly after daybreak. Extra police were on duty to keep the line from getting out of control.

Other lines formed early at Chicago Guarantee Savings Association and First Guarantee Savings Association.

The three institutions, owned by C. Owen Menik, were closed by the state Thursday when runs developed after Menik sued State Auditor Elbert S. Smith.

Menik is a business friend of former State Auditor Orville Continued on Page 6, Column 2

Annual Switch To Daylight Saving Time Occurs Sunday

Spring forward, fall backward. That is a maxim thought up to don't bother the sun in the least. It just keeps rising and setting as usual, regardless of mere mortals. The official time for the change is Sunday at 2 a.m. Beginning Sunday evening, everyone in this area will have an hour more of daylight to use as he pleases. But very early risers will find that daylight comes a little later than usual.

SOME TRAVELERS may be a little confused by the time change. New York Central passenger trains to use as he pleases. But very early risers will find that daylight comes a little later than usual.

The station clocks at the New York Central depot will show daylight time while timepieces at the Illinois Central station will read in standard time.

Greyhound buses will also show daylight time on standard time.

Continued on Page 6, Column 1

Time May Change But Not Sun Dial

It's easy to change a clock or a watch to daylight saving time—all you do is push the hands one hour ahead.

That's what you should do at 2 a.m. Sunday.

But what can you do with a sun dial?

The answer to that is, "Nothing," because the sun is one of the constants in this course of the universe. It will not change without regard to what time people on earth say it is.

Our daylight saving time is merely a device to give people an extra hour of daylight in the evening.

Electronics have come to the aid of some building custodians who are responsible for many clocks. In the Kankakee County Courthouse, for instance, all the clocks in the building are changed by merely pushing buttons.

"You'll probably lose an hour of sleep Saturday night, but at the end of October, when we go back on standard time, you can make up for it."

Edna E. Carter, being a practical man, doesn't worry about the sun. He merely moves his watch hands ahead one hour and prepares to sleep an extra hour of daylight.

Nebraska Home Destroyed By Tornado
THIS HOME in the center of Milford, Neb., was picked off its foundation and stacked against a neighboring home when a tornado struck the community Thursday. A total of 100 homes were wrecked and one family man, residing on an outlying farm, was killed. (Ulfax)

Defense Minister Named Jordan Military Governor

AMMAN (U.P.)—Defense Minister Sulaiman Tukan today was appointed military governor of all Jordan as King Hussein's kingdom passed through its second day of martial law.

Tukan, a military officer, will wield tremendous power in the seething country.

Continuing the almost round-the-clock curfew in Jordan's five biggest cities, the new government of Premier Ibrahim Hashem for the Moslem Sabbath today. The idea is to prevent large gatherings which the king's leftist, communist and extreme nationalist enemies might turn into violent demonstrations.

HASHEM reported no incidents occurred during curfew recesses. Thursday, allowed for the population to buy food. The stay-at-home order was relaxed for two hours in Amman and for one hour in Arab Jerusalem, Ramallah, Nablus and Irbid.

Many Communists and leftist leaders were reported arrested in roundups aimed at crushing the Communist movement in Jordan. The premier called in ambassadors and other representatives of neighboring Arab states and gave them the government's version of the developments which have rocked Jordan during the past three days.

Neighboring Syria and Egypt, meanwhile, were reported facing a demand from Iraq that Syria pull out the 5,000 troops it has in Jordan. They are there ostensibly to protect Jordan against Israel, but western governments have feared they might be used to annex part of Jordan for Syria as a result of the king's unsettled condition.

Hussein already had accused his "brothers in Egypt" of stirring up the riots which brought on the declaration of martial law and secret papers and information. It is customary when a defendant of the Syrian forces would not be allowed to plead guilty to part of an accusation—no involvement in the "brothers in Egypt" stirring up the riots which brought on the declaration of martial law and secret papers and information. The annual "Talent Show" This Is Your Life Program at American Lutheran Church will be held at 7:30 p.m. Sunday.

The event, sponsored by the League, provides opportunities for talent in music, dancing, or comedy.

The "This Is Your Life" program is a surprise honoring one of the well-known members of the congregation. Last year Kay Kline was honored.

There is no admission charge.

CHARGE II

Fleet Moves Near Jordan; Flood Hits Texas

THE POWERFUL U. S. Sixth Fleet moved into the war threat-ened eastern Mediterranean Thursday on urgent pre-dawn orders from Washington. The super carrier Forrestal with the latest jet aircraft aboard headed the fleet units which upped anchor in French and Italian ports so suddenly that some men on shore leave were left behind. (Unifax)

THE ABOVE AERIAL VIEW shows flood damage on Barbours Road in east Dallas following five inch rain which blanketed the city early this morning. All of the residents in this block had to be evacuated by boat as water engulfed their homes. (Unifax)

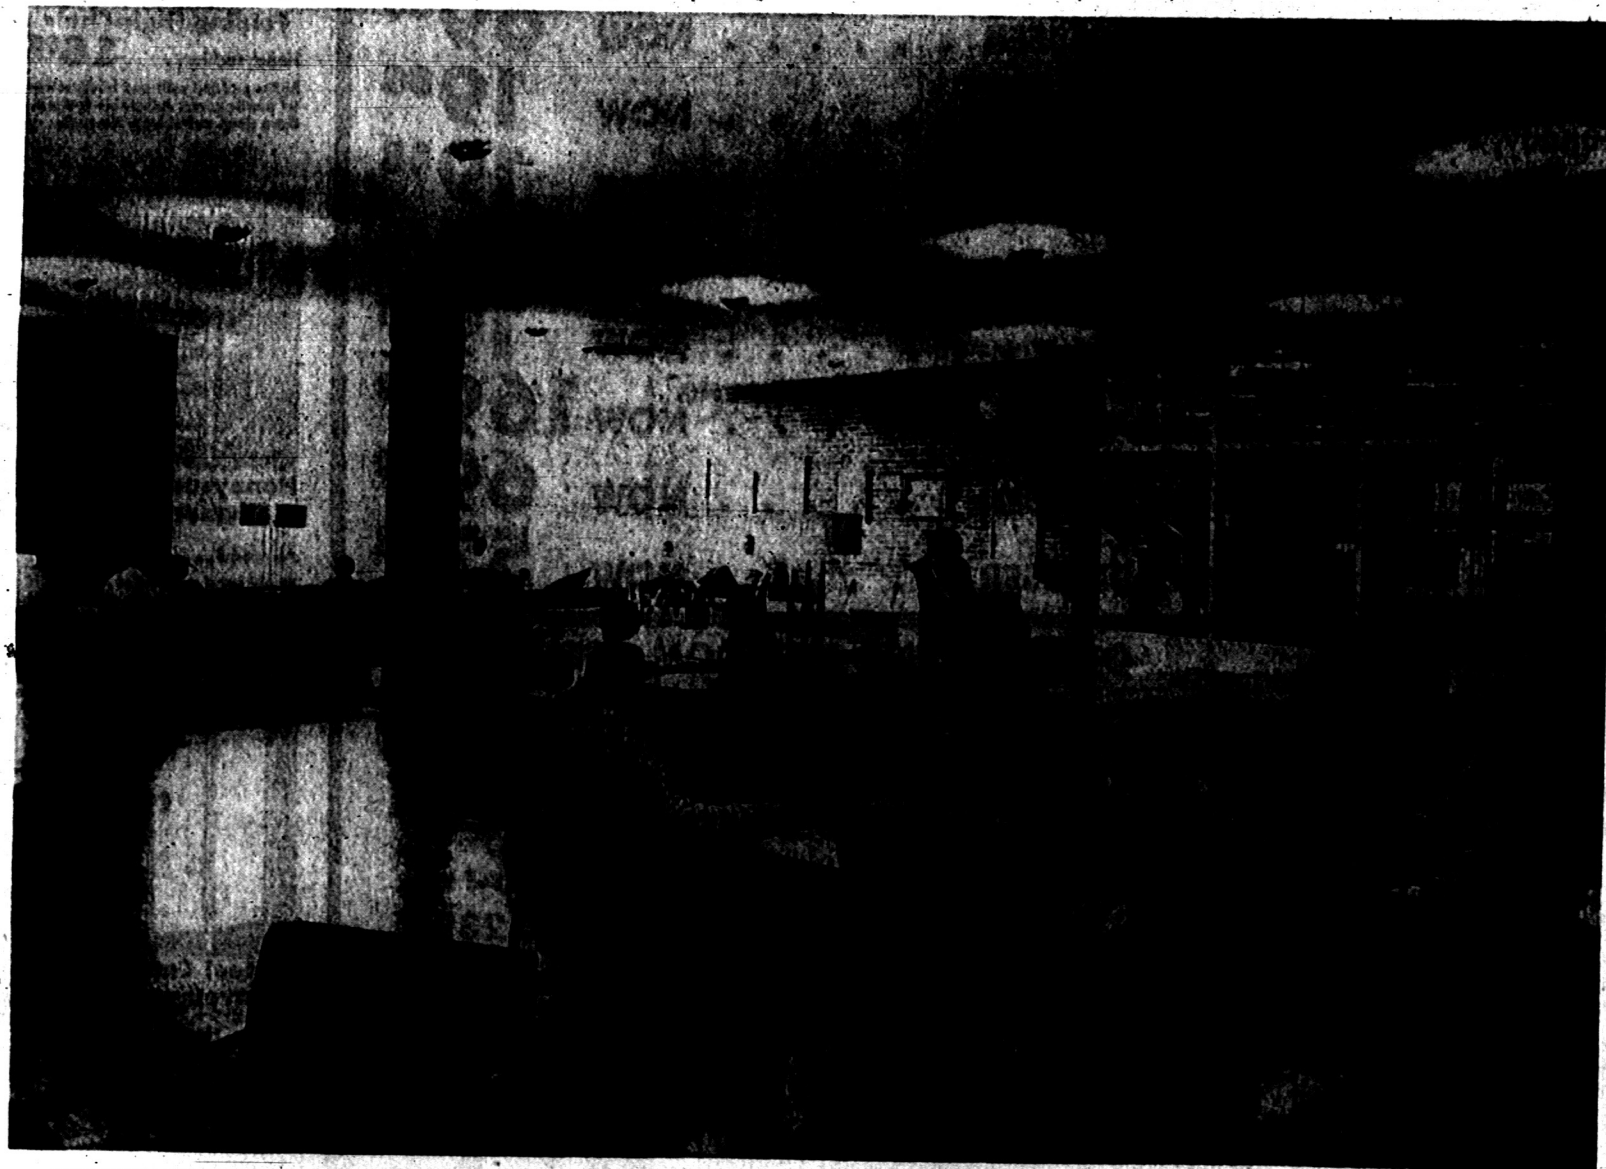

Start Atom Test At Panama

The familiar mushroom shaped cloud of smoke rises skyward after a simulated atomic bomb was detonated by members of the U. S. Caribbean Command in a test at the Panama Canal Zone

Thursday. The test was part of "Exercise Caribbean," being conducted in the Panama Canal Zone by Army, Navy and Marine units. (Unifax)

ISNU Opens New Student Union

THE NEW STUDENT UNION lounge was opened recently at the Illinois State Normal University at Normal. ISNU was the first of six state supported educa-

tional institutions in Illinois. It was founded in 1857 and this year celebrates its centennial. The school has enrolled some 500,000 students in the past century. The

Student Union will be dedicated May 18 during the centennial program.

Tornado Strikes Nebraska

THE SHATTERED WRECKAGE of a house and streets filled with debris bear evidence of the force of a tornado which struck Milford, Neb., Thursday, killing one, injuring more than 20 and wrecking 75 homes. (Unifax)

Chicagoans Rush Savings Firms

A woman who failed in the crush of getting crowd of depositors at the City Savings and Loan Association in Chicago yesterday from another Thursday. Hundreds of shareholders went to withdrawal pay-

ments after state another closed it and two other associations became insolvent. (Unifax)

Chatsworth Legion To Sponsor Contest

CHATSORTH (JNS)—Cmdr. Noble Pearson announced that the American Legion post will sponsor a legion color guard contest on the afternoon of June 30.

This show will be held on the high school football field. In case of inclement weather, the contest will be held in the gymnasium.

2 Missionaries To Speak At Calvary Bible Church

Two missionaries will be guest speakers at the Calvary Bible Church, 165 N. Indiana Ave., at services here Saturday and Sunday. They will be Mrs. Paul Friederichsen, former missionary to the Philippines, and the Rev. Raymond Ross, missionary to Brazil for over 20 years.

Mrs. Friederichsen, chalk artist and missionary speaker, will draw and speak at a program at 7:30 p. m. Saturday. The former is the daughter of Dr. and Mrs. W. Hockman who were missionaries to China for 30 years. Her father was director of missions at Moody Bible Institute for 30 years.

She and her husband went to the Philippines in 1929 and later spent three years as prisoner of war of the Japanese. They are currently engaged in home missionary work.

The Rev. Mr. Ross will speak at the Sunday school hour at 9:30 a. m., presenting missionary stories and curios. He will also speak at the 10:40 a. m. worship service, at the youth fellowship at 5:45 p. m. and at the evening service at 7 o'clock on Sunday. He will show missionary pictures at the evening services.

NARY A PEARL! BIARRITZ, France (UP)—Restaurateur Jean Sene claimed a new world record for opening oysters today—100 in two minutes, 21 seconds. William Viny of Paris held the previous record of 100 in two minutes 37 seconds.

148 SOUTH SCHUYLER AVE. KANKAKEE, ILLINOIS

Not Enough Cooks To Make The Broth

NEW YORK (NEA)—There is a famine in the U. S. restaurant industry. According to a national hotelmen's association, there are not enough chefs to fill the jobs. According to an administrator in a food trades school, neither enough people nor the right kind are enrolling.

According to a European-trained chef, it is no longer possible to lure qualified people from abroad. Even the Hotel and Restaurant Workers Union, jealous of its position, tells employers, "Give us 24 hours to find somebody. After that, you're on your own."

MEANWHILE, JOBS that pay no less than \$10.00-a-year go begging. Jobs that carry extra benefits of travel and executive prestige. Jobs that give men a passport to almost every place in the world.

"We're battling a social stigma," according to Robert Hertz, administrative assistant at New York's Food Trades Vocational High School. "Even if we point out the great rewards in this field, we still have to fight the lack of glamor that has become attached to being a chef."

Young people, he said, think of a short-order cook when they think of food work. They are wrong, he said, but they have good reasons. "IN MY FATHER'S TIME," he said, "a man would spend an evening at dining. Eating was an art."

KHS Senior Class Presents Annual Play Tonight

The story of a bank president and trustee of his church who grows angry because of the "irresponsibility" of the younger generation will be portrayed tonight by members of the senior class of Kankakee High School when they give the three-act comedy, "Turn Back the Clock."

The play will be presented at 8 p. m. in the school auditorium. The play tells of the eternal problems of love, ambition, decision and passing enthusiasm. The courtship of parents in the age of the Charleston, the yellow slider railroad and racoon overcoat add touches of humor to the production.

In the cast are Melissa Blanks, Harriet Dahlberg, Pete Wheeler, Robert Smith, Ruth Beushausen, Janelyn Farley, Sandra Hicks, Dale Messerle, Leon Libby, Joan Ross, Rusty Kogan, Phyllis Marcotte, Sidney Hancock and Sandra DiCarlo.

2nd Performance Of Bradley Senior Play Tonight

Second presentation of the play, "Our Town," will be given tonight by seniors of Bradley-Bourbonais Community High School.

A large audience Thursday night saw the first presentation of the unique play which is presented with only the barest of stage properties. The play tonight will again begin at 8 o'clock.

Directing the production is Miss Agnes Stiller.

Members of the cast are Dora Grohous, Tom Wieliczko, Syd Jensen, Janice Wright, Pat Taggart, Judy Wilson, Bruce Reeves, Sandra Stearns, Jerry Sikes, Peggy King, Jackie Mills, Karmen Ford, Emory Wakar, Dave Lunsford and John Marsh.

Sherbert is a drink, not an ice in Arabia. And the word comes from the Arabic "sharaba" which means "to drink."

Now! Anyone can be a better, faster painter

"DUTCH BOY" INSTANT NALPLEX

Just open the lid and start! See how fast and easy painting can be... how smoothly Nalplex goes on. It covers so much faster than any other paint. Dries fast with a washable finish! INSTANT Nalplex dries so quickly your room is ready to use almost the INSTANT you're through painting. Resists mildew, stains, fading, and "chalking" better than any other paint. The many clean-up after painting... just wash your brush or roller with plain soap and water.

Sold Exclusively at
Hausmann Paint Co.

Cyclists Are Not Obeying Rules In Braceville: Hakey

BRACEVILLE (JNS)—Village President Louis Hakey announced today bicycle riders in this village are not obeying rules of the road.

Hakey reminds that there is to be no cycling on the black top road or sidewalks in the village.

He compared cycling to auto driving, pointing out that a sensible motorist would not drive down the middle of the road or on the sidewalk.

Hakey said cycling is especially dangerous at night if bikes aren't equipped with lights. He advised drivers to remember that their children will be automobile owners of the future. Good habits now will prevail when they get behind the wheel of a car.

As much of a paradox as famine in the restaurant, however, is our well-traveled and culinary-educated nation that is at home with pizza, with chop suey or with gefilte fish.

"Our people know good food and good restaurants," Hertz said, and they demand good cooking. But our food trades schools have empty seats. And those who enroll are the great rewards in this field, we still have to fight the lack of glamor that has become attached to being a chef."

Young people, he said, think of a short-order cook when they think of food work. They are wrong, he said, but they have good reasons. "IN MY FATHER'S TIME," he said, "a man would spend an evening at dining. Eating was an art."

Area Attorneys Will Address Forrest League

FORREST (JNS)—Mr. and Mrs. Allen L. Storer, attorneys from Kankakee and Herscher, will be guest speakers at a meeting of the Forrest League in the Methodist Church at 7:30 p. m. Monday.

Mr. Richard Zorn is chairman of the banquet for the annual trip, May 5, to Morton and Peoria, must be in Monday afternoon.

Hostesses will be Mrs. Lee Loomis, Miss Dorothy Ruff, Mrs. Clarence Hirslein, Mrs. Leonard Rieger, Mrs. George Hack, Mrs. Leland Wallis, Mrs. Paul Thrush, Mrs. Kilgus and Mrs. Raymond Mislter.

Diocese To Mark Catholic Boy Scout Sunday

Catholic Boy Scout Sunday will be observed in the Joliet Diocese this Sunday.

Special ceremonies have been planned for 3 p. m. in the Cathedral of St. Raymond, Joliet, when about 100 scouts from the diocese will receive awards.

The Most Rev. Martin D. McNamara, ordinary of the diocese, will present a number of Ad Altare Dei awards, highest award given in Catholic scouting. About 15 scouts from the Kankakee area are scheduled to receive this award. Their names will not be known until after the presentation.

Three lay men from the diocese, active in scouting will receive the St. George Medal. Their names will also be announced later.

At Kankakee, the director of Catholic scouting will be present for the occasion.

Names of scouts eligible for the award will be given to the board of examiners. The board of examiners will meet Sunday to decide who would get the awards. The award is given only to first class scouts.

More than 1,000 scouts are expected to participate in the ceremony Sunday.

Joseph A. Esposito, chairman of the Catholic lay committee on scouting, is in charge of arrangements, assisted by Willard Magosky. The program is open to the public.

U.S. Rejects Red Charge Aide Was Spy

WASHINGTON (UP)—The United States has categorically rejected Hungary's charges that a former U. S. military attaché in Budapest engaged in spying.

Hungary charged April 9 that Capt. Thomas R. Gleason, former assistant military attaché at the U. S. embassy, engaged in "open espionage" and demanded that he be expelled from Hungary.

The United States in its state department also renewed a protest to Hungary over the April 3 incident in which Gleason and his superior, Col. C. J. Todd, were detained by Soviet and Hungarian military authorities.

A book will be presented to the Peotone Township Library in honor of Gold Star Mothers, who will be honored at the meeting following Mother's Day, May 13.

The United States refused to accept the charges in a note delivered in Budapest Thursday.

THE NOTE SAID "It is clear from the record of Captain Gleason's actions that he neither engaged in improper activities nor violated any known Hungarian law or regulation affecting foreign diplomatic personnel in Hungary."

The United States government to reject categorically the charges made against Captain Gleason and to renew its emphatic protest concerning the incident of April 3, the note said.

Gleason and Todd were stopped April 3 on a public road near a Soviet-occupied barracks in Hungary and were detained nearly six hours. The State Department said this was done "under the apparent direction of a Soviet officer."

The Hungarians claimed Gleason was taking pictures. The State Department conceded that Gleason carried a camera but said he was not taking pictures and did not intend to.

Although co-workers say he can identify an approaching plane long before most, Burton is considered to be more of an airplane "listener."

He is totally blind.

Legion Auxiliary Of St. Anne Earns Point Certificate

PEOTONE (JNS)—When members of the American Legion Auxiliary met at the Legion Home Monday night, Mrs. Conrad Kraft, rehabilitation chairman, reported 77 dozen eggs were donated and sent to the Oak Forest Infirmary for Easter.

Mrs. Ralph Becker reported the routine business meeting Plans for Poppy Days, May 24 and 25, and for Veterans Administration Day were discussed. Mrs. Stewart Tribe, chairman of the latter event, will put potted plants for the graves of deceased veterans.

A book will be presented to the Peotone Township Library in honor of Gold Star Mothers, who will be honored at the meeting following Mother's Day, May 13.

The United States refused to accept the charges in a note delivered in Budapest Thursday.

My, How You've Aged! Take To The Air If You Want To Be Modern Day Ponce De Leon!

WASHINGTON (UP)—Want to stay looking fresh as a daisy while all your friends are going to pot?

Some day it may be easy: Just spend your summer vacations buzzing around outer space at 186,000 miles a second.

Physicist Harold W. Lewis of the University of Wisconsin said Thursday night that theoretically a man barreling through space at almost the speed of light would compress into one year a normal eight years back here on earth.

Lewis said when the traveler returned he would find he was seven years younger than his twin brother who had been plodding at home.

"HE WILL HAVE FOUND a modern day fountain of youth," he said.

Lewis told the American Physical Society in a scientific paper that the "fountain of youth" theory is based on demonstrations that the aging process is slowed down in radioactive particles moving at high speeds.

"I have no doubt that the same thing would apply to biological processes," he said.

Business People In Dwlght To Meet Tonight

DWIGHT (JNS)—Business people of Dwight and immediate area will meet today at 8 p. m. in the cafeteria of the new high school to discuss future of Dwight.

More than two hundred are expected to be present. James Stupka, chairman of the Illinois Division of Industrial Planning and Development, will be a featured speaker. He has helped many communities find out how to expand industries.

Other men from the industrial division of the Public Service Co. of Northern Illinois will be present. A former Dwight man, Vince Mulligan, and Richard Bickel will also be at the meeting. Bickel is secretary of the Sycamore Chamber of Commerce and Mulligan now is the general sales manager of the Drive Lok-Pin Co., one of the industries in Sycamore.

BOYS WHO PREVIOUSLY have not played Little League baseball and who have registered to play this year will report to Renfrew Park on Sunday at 2 p. m.

The boys will bring their own gloves for a workout. Managers of the teams will select players during the afternoon.

Little League insurance will cover the boys enroute to and from their homes and the park for games or practice.

Charles Christensen will serve as Little League commissioner.

The Dwight merchants baseball team will begin practice Sunday at 1:30 p. m. in Renfrew Park.

Jerry McNamara is manager. Any- one interested in trying out for the team may report at this time.

Business People In Dwlght To Meet Tonight

DWIGHT (JNS)—Business people of Dwight and immediate area will meet today at 8 p. m. in the cafeteria of the new high school to discuss future of Dwight.

More than two hundred are expected to be present. James Stupka, chairman of the Illinois Division of Industrial Planning and Development, will be a featured speaker. He has helped many communities find out how to expand industries.

Other men from the industrial division of the Public Service Co. of Northern Illinois will be present. A former Dwight man, Vince Mulligan, and Richard Bickel will also be at the meeting. Bickel is secretary of the Sycamore Chamber of Commerce and Mulligan now is the general sales manager of the Drive Lok-Pin Co., one of the industries in Sycamore.

BOYS WHO PREVIOUSLY have not played Little League baseball and who have registered to play this year will report to Renfrew Park on Sunday at 2 p. m.

The boys will bring their own gloves for a workout. Managers of the teams will select players during the afternoon.

Little League insurance will cover the boys enroute to and from their homes and the park for games or practice.

Charles Christensen will serve as Little League commissioner.

The Dwight merchants baseball team will begin practice Sunday at 1:30 p. m. in Renfrew Park.

Jerry McNamara is manager. Any- one interested in trying out for the team may report at this time.

Secret Session Held By Labor Probers

NEW YORK (UP)—The Senate Rackets Committee plans to question several witnesses in a secret session today, probably including officers of the International Operating Engineers controversial Long Island Local 138.

Claims Shots Safe During Polio Epidemic

CHICAGO (UP)—The head of the Chicago Board of Health said today that anti-polio vaccine can be used safely even during the height of a major outbreak of the disease.

But Dr. Herman Bunden said that the best time to inoculate a community against polio is before an epidemic breaks out.

"Once the incidence of polio in a specific area gets high it is practically impossible to sufficiently immunize the community despite good vaccine acceptance and tremendous public support," Bunden reported in the Journal of the American Medical Association.

Bunden based his report on a study of the 1,111 polio cases which swept Chicago during a major outbreak last summer.

BUNDEN SAID however, that even though anti-polio vaccine isn't as effective after an epidemic occurs as it is before, the serum nevertheless should be fully used in an epidemic.

"It's possible benefits far outweigh its possible dangers," he said.

Bunden said use of the vaccine in Chicago last summer appeared to help reduce the number of cases occurring at the peak of the epidemic.

Bunden said none of the 841 persons that developed paralysis had received the recommended dose of three shots.

St. Anne Bowling League Holds Annual Banquet

ST. ANNE (JNS)—A banquet for the St. Anne Bowling League was held Tuesday evening in Bradley with the ladies husbands as guests.

There were 71 present. Awards were made to eight teams in the league.

19 Traffic Cases Heard; Assess \$309 In Fines

Nineteen fines and bond forfeitures were processed through Kane police court Thursday evening, resulting in collection of \$309. All were traffic violations.

Cases disposed of by Magistrate Paul Davidson included:

For speeding—Emory Potter, 420 N. Main, \$10; Raymond B. Hess, Waukegan, \$20; Milton S. Siskin, RR 2, Kankakee, \$10; Richard J. Suprenant, 123 S. Third Ave., \$10; William Vaughn, 327 Moore St., \$20; Matthew J. Wilton, Chicago, \$20 (also \$15 for having no Illinois vehicle plates).

Speeding—Duane E. Farman, 1131 S. Fourth Ave., \$10; John D. Money, 380 N. Chicago Ave., \$20; Richard Blanchette, 983 N. Harrison Ave., \$10 (also \$10 for having no drivers license); William R. Smith, 831 Cook Blvd., Bradley, \$20; Edna Arsenau, 143 Bernard Ave., Bourbonnais, \$20.

For leaving an unattended motor vehicle—James E. Johnson, Chicago, \$10.

For loud or defective muffler—Ronald J. Mindham, Chicago, \$10.

For having no state license plates—Claude W. Day, RR 2, Kankakee, \$10.

For disobeying a signal light—Duane Francis Anderson, 580 S. Tanner Ave., \$10.

For disobeying a stop sign—Gene Pippin, 885 N. Dearborn Ave., \$10.

The league has eight teams of five members each.

WRONG CABIN
RICHMOND, Va. (UP)—A traveling couple here reported to a tourist court manager that they had been robbed of \$1,000 and their baggage. The manager called police. The police found their possessions in their cabin—they had forgotten the number and thought they were next door.

Quebec's Quarter Billion Alcan Project Symbolizes Surge Of Canadian Industry

CHUTE DES PASSES, Que. (NEA)—By now the bears up here must be resigned to the mass invasion of their once-peaceful frozen haunts by the restless northward surge of Canadian industry. Consolation for the loss of their chilly tranquility, however, could be the fact that each new step of the invasion sees more and more construction and industrial records smashed.

New record-shattering project is the quarter-billion dollar expansion by the Aluminum Company of Canada—chief subsidiary of Aluminum Ltd.—on the Peribonka River in northern Quebec.

The portion of the expansion here at Chute des PASSES is a huge new hydro-electric plant. It will supply power to new aluminum smelters being added to Alcan's nearby plants, and end up making Alcan, the biggest aluminum producer in the world by raising its annual capacity to more than one million tons.

To achieve this goal Alcan is having to break a couple of other world marks.

For example, the five generators to be installed will each be the largest ones man has ever attempted to construct. Each will have a capacity of 200,000 horsepower.

They will send 330,000 volts of electricity—another world mark—surging over the transmission lines to the new smelters. Electricity is a chief ingredient in aluminum production.

The gigantic generators will be housed in an ultra-modern, underground powerhouse being hewn out of solid rock. And here is where Jack Liddle, the lanky, easy-going field administrator for Alcan, begins to apologize:

"WE'RE CARVING OUT about three million cubic yards of rock for the six-mile tunnel and powerhouse. I'm afraid it's only the second biggest rock job in the world. I've been here for a few thousand more yards, I'm told.

The site is divided into three main camps, each with its own living quarters for workers, warehouse, and other facilities. Liddle laid out and built in a surprisingly neat fashion.

But he's being too modest. The largest part is the six-mile tunnel, 38 feet in diameter, through which the water will rush. The tunnel pokes into the bottom of a huge, high lake at one end, and pops right out at the rushing Peribonka River at the other end where the powerhouse will be located.

But the incidental items to the project are startling, too. A 100-mile highway through this mountainous, virgin terrain had to be built first, for example.

They are also building a temporary 10,000 horsepower hydro-electric generator on the river just for construction needs.

A 4,000-foot airstrip at the project had to be built, too. The site is divided into three main camps, each with its own living quarters for workers, warehouse, and other facilities. Liddle laid out and built in a surprisingly neat fashion.

INSIDE UNDERGROUND POWERHOUSE being hewn out of solid rock, NEA Staff Writer Douglas Larson (left) talks with Jack Liddle, boss of Alcan's vast project in northern Ontario.

Gilman Home Unit Meets Tuesday In Koets Home

GILMAN (JNS) — The Home Bureau Unit met Tuesday afternoon in the home of Mrs. Edward Koets, with Mrs. Thomas Sweeney as co-hostess.

Twenty-two members answered roll call. Mrs. St. Peter, chairman, presided at the business session. Plans for next year's program and Hobby Show were discussed. At the Hobby show to be held in Waukegan the Gilman Unit members will have charge of a booth from 4 to 5:30 p.m. on May 4 and will provide seven pies and three cakes.

The major lesson, "Using Green and Yellow Vegetables," was given by Mrs. Clarence Merkle and Mrs. Anne Merkle. They demonstrated how to make a coconut and carrot salad and sweet potato cookies.

Mrs. Edward Koets presented the paper, "What Will Our Children Be Doing in '57'?"

Mrs. Carl Frey, health chairman, read articles concerning a medical check up at least once a year, the use of drugs, and "Your Heart."

Refreshments were served by hostesses. The next meeting will be on May 23 in the rural home of Mrs. Carl Anderson. There will be a potluck dinner at 12:30 p.m.

The first successful radio-telephone began in 1915.

Gov. Stratton Asks New Aid To School Plan

CHICAGO (UP) — Gov. Stratton criticized the present state aid formula for common schools, saying it "needs to be modernized."

Stratton took exception to the formula in remarks prepared for delivery to the Illinois Congress of Parents and Teachers.

"I question whether it is proper that to raise qualifying rates to make up for the loss of state aid we must at the same time damage some other district," he said. "Yet that is the case under the present formula."

7 Treated After Rabies Victim Dies

SANTA ANA, Calif. (UP)—The wife and daughter of a victim of rabies died last night and seven others were taken to hospital for treatment after being bitten by the animal.

The victim, a 3-year-old child, died last night after being bitten by a dog. The child's mother, a 34-year-old woman, died last night after being bitten by the same dog. The child's father, a 34-year-old man, was taken to hospital for treatment after being bitten by the dog. The child's grandmother, a 65-year-old woman, was taken to hospital for treatment after being bitten by the dog. The child's grandfather, a 65-year-old man, was taken to hospital for treatment after being bitten by the dog. The child's aunt, a 45-year-old woman, was taken to hospital for treatment after being bitten by the dog. The child's uncle, a 45-year-old man, was taken to hospital for treatment after being bitten by the dog.

Gets 30-Day Jail Sentence

A man is spending 30 days in the Kankakee County Jail for interfering with the custody of a 1-year-old child who was declared a ward of the court and for failing to pay \$250 a week for the child's support.

Jerron Ferguson, 27, whose address is listed as St. Louis, was declared in contempt of court Thursday by Kankakee County Judge Irvin C. Taylor.

The child was made a ward of the court earlier this year because the parents were in frequent conflict with each other and selected the child from one another, according to the court findings.

The child's custody was awarded to an aunt of Ferguson's wife, Lois.

Edward Gundlach, 43, 921 S. Eighth Ave., was released from the county jail Thursday after serving a 30-day sentence for contempt of court.

Judge Taylor held Gundlach and his wife, Lois, in contempt of court for failing to pay \$250 a week for the child's support.

Annie Elsworth, secretary to Samuel Morse, was the one who chose "What Will Our Children Be Doing in '57'?" as the first message to be sent over the telegraph.

U.S. Industry Enlarging Plans For Expansion

By GAN DAWSON

NEW YORK (UP)—American business is betting on a steadily expanding economy in the next four years—ignoring any short-term bobbles along the way.

The bets already planned total \$5 to \$6 billion dollars a year—and are expected to go higher.

Talk of cutbacks in capital spending is petering out. Industry now expects to spend 12 per cent more this year than last for new plants and equipment. This is more than businessmen had first scheduled when questioned last fall.

Business plans to spend sharply more on research and new products. And there is a shift in emphasis from building more plants to spending more for modernization.

THESE FINDINGS are shown to day in the annual survey made in March and April by the McGraw-Hill Publishing Co.'s department of economics.

Covering companies hiring over 40 per cent of all industrial employees in the nation, this survey puts this year's spending plans at almost 41 billion dollars. This would be 3 1/2 billion dollars higher than spending plans tabulated in a survey in January and February by the Department of Commerce and the Securities and Exchange Commission, which had expected spending would be up 6 1/2 per cent over 1956.

The McGraw-Hill survey went further than the government one and looked into preliminary plans for 1958, 1959 and 1960. Already business is earmarking about as much for each of these three years as it spent in 1956, which the survey puts at \$46 billion (also a higher figure than the government's). The private economists predict that these figures will be further expanded as the years roll around.

INCREASED stress on research and new products in this highly competitive era shows up in business plans to boost research spending 30 per cent this year and to continue stepping it up through 1960.

By that time manufacturers expect at least 10 per cent of their total sales to be made up of new products not being made in 1956.

One third of the reporting manufacturers plan capital expenditures this year to bring out new products. Research and development programs call for 7 per cent more scientists and engineers this year and an additional 15 per cent by 1960.

Plan Exhibition Of Wright Inflatable Plastic House

NEW YORK (UP)—An inflatable plastic house designed by architect Frank Lloyd Wright will be exhibited next week at New York's Coliseum.

The experimental "air house," consisting of two connected domes made of vinyl-coated nylon fabric, will be shown fully inflated—sleeping, living, dining and sleeping areas, and a completely equipped kitchen and bath.

Built by the United States Rubber Co., the exhibition will be open for inspection during the International Home Exposition show at the Coliseum, May 4-12.

The main unit of the house is 38 feet in diameter and 19 feet high. The second unit is 24 feet in diameter and 12 feet high. Both units are anchored to the ground by a sand-filled tube and held up off the ground by air pressure alone.

Air houses can be made, the company said, to allow workers to continue on construction jobs despite snow, rain or extreme heat or cold.

COOPED UP MOONSHINE ATLANTA (AP)—A man serving time in Atlanta federal prison for liquor law violations has his hand in by cooking up moonshine in the pen, officials claim.

A U. S. grand jury indicted the prisoner, Carrol Spinkles, on charges of operating an illegal distillery and possessing untaxed liquor.

John W. Stokes Jr., assistant U. S. attorney, said Spinkles was caught trying to hide a half gallon of the product of a still he had improvised in a large milk can. Stokes said the convict used steam from the prison dairy barn to cook mash made up of cattle feed and purchased sugar.

Saratoga Off On Training Exercises With the Manhattan skyline in the background, the super-carrier Saratoga, world's largest and most powerful warship, cruises toward Brooklyn Bridge on its way out to sea Wednesday to join Atlantic fleet. The mast on the right side of the ship is lowered so the vessel can clear the bridge. It was announced earlier that President Eisenhower is planning a two-day June cruise on mammoth carrier as the Saratoga completes her training exercises. (Ullias)

Peotone FHA Annual Guest Night, Style Show Set

The annual guest night and style show of the Peotone High School FHA chapter will be held May 3 in the school gymnasium. Girls of the homemaker classes will present the style show featuring the garments made in class. Another feature of the day will be the installation of newly-elected officers.

The new officers are Donna H. Lewis, president; Georgia Broadrick, vice president; Barbara Scher, secretary; Helen Audette, treasurer; Sandra Storch, corresponding secretary; Sally McFarland, recreation chairman; Sandra Anderson, parliamentarian; Carolyn Miller, public relations chairman; Betty Leighty, music chairman; and Sharon Hoffman, press chairman.

Judy Langhorst has been elected president of the Great Park FHA chapter for the year.

Other officers chosen include Dolores Schneider, vice president; Trudy Hanna, secretary; Shirley Wehrman, treasurer; Sandy Feders, parliamentarian; Sandy Strup, reporter; Janet Hoebel, historian; Linda Hansen, projects chairman; Esther Trumble, recreation chairman; and Carolyn Meas, degrees chairman.

In a new departure next year the previous chapter members, Mrs. Clarence Hansen and Mrs. Claude Hayden, will serve as honorary mothers. Next year's chapter mother will be Mrs. Donald Langhorst.

The Student Council at Maintenance

How This Newspaper Helps Advertisers...

With a Strong Right Hand

We're newspaper people, with our ears to the ground and strength in our right hand.

For a long time it has been our job to meet the people of our area—in their homes, work, schools, churches, and in their civic and social activities. It has been our job to understand their needs and desires; to report their joys and sorrows.

Now know this area and its people better than we.

Many merchants look to this background of experience and understanding for assistance in reaching their audience most effectively. It is an unusually strong right hand to their merchandising efforts—an effective source for information and advice.

Let us show you how the combination of this experience and audited circulation facts can help you to get maximum results from your sales messages. Call us this week.

KANKAKEE DAILY JOURNAL

This newspaper is a member of the Audit Bureau of Circulations, a nonprofit, cooperative association of publishers, advertisers, and advertising agencies. Our circulation is audited at regular intervals by experienced A.B.C. circulation auditors and their reports are made available to our advertisers without obligation.

MEASURE OF SERVICE... MARK OF INTEGRITY

Panel Discussion Features Wichert PTA Meeting

WICHERT — A panel discussion, "Knowing Your PTA," was presented at the April meeting of the Wichert Parent Teacher Association.

Members of the panel were Mrs. Elmer Romen, chairman, Amelrose Dyson, Miss Beverly Fuller, and Miss June Kassman. They discussed the history and accomplishments of PTA and led an active group discussion.

The president, Mrs. Arthur F. Schaffma, presided, assisted by Mrs. Arthur Schult, secretary, Robert Barwegen, treasurer, and Mrs. Nick Boomsma, program chairman. Mrs. Harry Jeter gave the opening prayer and Mrs. Niel Dykstra sang a solo, accompanied by Miss Beverly Fuller. Reports were received on the recent play and the local county executive board meetings.

Action was started to buy songs and arrange skating parties for the pupils. The organization voted to canvass the local area for the cancer fund drive.

Tom Wood, principal, announced that promotion day and registration day for prospective first graders will be held the morning of Tuesday, April 30.

The attendance band was won for the second consecutive month by Mrs. Doyle Jeter's second grade. Hostesses were Mrs. Arthur C. Schaffma, Mrs. Ralph Dykstra, Mrs. Nick Medema and Mrs. Matt VanderWal.

The May meeting will be a show open to anyone. Those wishing to exhibit hobbies should contact Mrs. Nick Boomsma or Mrs. Roger Sirois.

LIVESTOCK

CHICAGO (U.S.D.A.) — Salable hogs 4,500, fairly active, steady to 25 higher on butchers through mid section; closed slow, only steady to strong; most butchers over 200 lb sold early; some uneven, mostly steady to weak; few lots late as much as 25 lower; good shipping demand; mixed 2-3 190-230 lb butchers 18.00-18.25; few lots late down to 17.85; several lots 1.3 190-220 lb 18.25-18.50, mostly 1.2 lots at 18.50; 15 head lot mostly 1 200 lb at 18.75; these very scarce; No 2.3 220-250 lb 17.75-18.00; No 2.4 260-280 lb 17.50-17.75; small volume No 3 290-300 lb 17.25-17.50, mixed grade; 375 550 lb sows 14.50-16.00; little beef 14.75; few butcher type 300-350 lb 16.25-16.50.

Salable cattle 600; calves 100; few sales largely good grade steers and heifers about steady, at 19.50-20.75; cows, bulls and yearlings moderately active generally steady; utility and commercial cows 13.00-15.00; canners and cutters 10.50-13.50; few heavy holstein cutters 13.75-14.00; utility and commercial bulls 16.00-17.50; individual commercial bulls 17.75; 17.25-17.50, mixed grade; 375 550 lb sows 14.50-16.00; little beef 14.75; few butcher type 300-350 lb 16.25-16.50.

Salable sheep 100; not enough on sale to fully test prices; few cull to choice wooled ewes 4.50-5.00; few short ewes 3.00-3.50.

PRODUCE

CHICAGO (U.S.D.A.) — (Chicago Mercantile Exchange) Butter active; receipts 1,200,000; wholesale buying prices unchanged to 1/4 lower; 88 score AA 59; 92 A 59; 90 B 57; 88 C 57 1/2; cars 90 B 58 1/2; 88 C 57 1/2.

Eggs firm; receipts 17,000; wholesale buying prices 1/2 to 1 1/2 higher; 65 per cent or better A white 32; mixed 31 1/2; medium standards 30; 28; 26; 24; 22; 20; 18; 16; 14; 12; 10; 8; 6; 4; 2; 0.

CHICAGO (U.S.D.A.) — Live poultry about steady; Thursday 4,000 lb; wholesale buying prices unchanged; heavy hens 14 1/2-16; light hens 12-13 1/2; old roosters 12-13; ducks 12-13; turkeys 12-13.

Fire took 3,000 farm family lives and destroyed \$10,000,000 worth of farm property in 1956.

Announce Two Resignations In Sheldon Schools

SHELDON (JNS) — School Unit 5 announced the resignation of Mrs. Carolyn Stahl, home economics teacher, and Byron Dodge, industrial arts teacher.

Mrs. Stahl is a graduate of Murray State Teachers College, Ky. She has taught at Ellsworth and Stockland before coming to Sheldon. She is the wife of Edward Stahl of Milford.

Byron Dodge, industrial arts teacher and junior high school coach, has resigned to accept a similar position in Barron, Wis. Dodge is a native of this locality.

In addition to the above mentioned subjects, Dodge taught a physics class, and driver's training.

Dodge is a graduate of Stout Institute, Wis. He had served four years in the Air Force before coming to Sheldon. He recently played in the local area for the baseball team.

THE MUSIC AND ART Department of the Woman's Club will meet in Library Hall, May 6 at 8 p. m. with Mrs. Elsie Sieg, Mrs. Laurela Swigart, Mrs. Lovette Eastburn as hostesses. The committee has planned a social evening.

RECEIVING STOLEN GOODS

CHEYENNE, Wyo. — Cheyenne police suspected Dale R. Fisher, 29, of stealing 390 but they couldn't find the evidence—until they looked in his artificial leg.

Mrs. Laura Wilkerson entertained a bridge foursome at dinner Tuesday. Prizes were awarded to Mrs. Lawrence Gerasu and Mrs. Hal Kearney. Mrs. Kearney will entertain on May 7.

In Bristol, Rhode Island, is the Hasenreffer Museum of the American Indian, a prize collection of Indian relics and curios.

UNUSUAL HOBBY

NEWOKA, Ohio — Mrs. J. R. Cross has a collection of more than 1,100 pencils representing 31 states. She's looking to fill out her collection with pencils from the other 17.

St. Anne Academy Lists Honor Pupils

ST. ANNE (JNS) — The following were listed on the honor roll at St. Anne's Academy for the last six-week period:

Robert Bachand, Patrick Fenton, Gene Kouselman, Lana Lauck, Carol Regnier, David Billings, Lawrence Klowinski, Robert Poling, James Rigney, Mary Jill Besuppe, Cheryl Caise, Roger Chenore, Carol Hinrichs, Donna Poins, Bertha Rigney, Carol Aubertin, Carol McKeever, Mary Ann Laney, Richard Lotewille, Jessica Vogel, Gretchen Wiser, Patricia Walters, Linda Caise, Gail Schuler, Sandra Gladu, Jeanne Kay Leutloff, Barbara Leutloff, Michael Walters, Cathrine Bachand, Cathrine Brown, Melinda Sparrenberg, Rosalie Griffin, Dennis Kisel, Thomas Walters, Robert Kinselmann, Cynthia Landroche, Linda Fenton, Beverly Rigney, Carolyn Sparrenberg, Phillote, Judy Landroche, David LaFontaine, Connie Leutloff, James Sparrenberg, Stephen Dennis, John Rigney, Diana Martell and Mary Loggia.

Shaves Head For Movie Promotion

San Francisco went Hollywood Wednesday when blonde long-haired Patricia Smith, housewife and mother, had her head shaved a la Brynner for premier of movie, "The Girl in the Kozmopolis." Top left is last she will see of her hair for a long time as barber Arnold Grive

STUDENTS CHAPERONE PARENTS!

CHICAGO (U.S.D.A.) — Students of Loyola Academy are doing a switch; they're throwing a spring dance for mom and dad with teenagers as chaperones.

For 18 years the boys at the academy on Chicago's North side have put in Dutch garden for the annual Tulip Trot. Few parents have ever used their handwork. Many expressed the wish they could.

ON MAY 18 THE KIDS AGAIN will have their annual Tulip Trot. But the next night, the kids and their parents will take over the gym for the annual Tulip Trot. Members of the Torch Club, student activities group that sponsors the dance, and their dates will serve as chaperones. The Charleston and Varsity drag will be reasonable bouncers.

LAST TONIGHT

Andrew Robinson and Henry Fonda in "War and Peace" at the Starlite.

CHICAGO (U.S.D.A.) — One of his most famous clients has described attorney Clarence Darrow as one of the "best hated and best loved men of this day."

Nathan F. Leopold, who was saved from execution by Darrow's legal efforts after admitting the slaying of 10-year-old Bobby Franks in 1924, Thursday recalled the colorful attorney of the 1920s and 30s.

"He knew sorrow and trouble intimately and at first hand," Leopold said. "His instantaneous reaction toward people, especially people in trouble, was the welling forth of that tremendous, instinctive kindness and sympathy."

LEOPOLD'S recollections were relayed from Stateville penitentiary by Ralph Newman, who is co-chairman of a committee sponsoring a 100th anniversary celebration of Darrow's birth. The observance of Darrow's birth will be held next Wednesday in Chicago.

Leopold also said of Darrow: "He was a deep and original thinker. The most striking character of his thought was its originality. He hated superficiality." And Leopold added: "He was far from being sure that life was worth living."

'STARRY' ROLE!

DETROIT (UP) — Actor Harvey Daniels, 34, of Fitchburg, Mass., was hospitalized in good condition after over-playing his part. Daniels struck himself with a baseball bat Thursday during a roadhouse version of the musical comedy, "Dime Yankers."

Annual Banquet, Prom At Gilman Set For Saturday

GILMAN (JNS) — The annual banquet and prom for the high school juniors and seniors will be held Saturday evening in the high school.

The Rev. C. E. Boebel, pastor of St. John's Lutheran Church, Danforth, will give the invocation at the beginning of the banquet. Following the seniors will be welcomed by Ryland Koski, president of the Junior class. Robert Smith, senior president, will respond.

The class will and class prophecy will be read and entertainment will be provided.

The Rev. Calvin Franz, pastor of the Zion Evangelical and Reform Church, Gilman, will give the benediction.

An orchestra will provide music for the dancing at the prom. The prom committee includes Angie Anderson, Richard Arends, Carol Ann Boebel, Paul Hansen, Kenneth Hultgren, Ryland Koski, Earl Meyer, Lois Siegel, Joyce Whittier and Christine Zachary.

Faculty advisors are Mrs. Carolyn Guyton and Robert Freeman.

Winchell Seeks To Halt Divorce Edict

LOS ANGELES (UP) — Former actress Wanda Winchell, daughter of columnist Walter Winchell, today sought a court order to prevent her divorce from becoming final next week.

In an affidavit filed in Superior Court Thursday, Miss Winchell said she had reconciled with her husband, hotelman-porterman Hyatt Winchell, after a 10-day separation. She said she was now an expectant mother.

PHOENIX, Ariz. — Housing Commissioner Norman P. Mason today forecast a better supply of mortgage money in the coming months.

The head of the Federal National Mortgage Association, a source of such funds are opening up in this connection, he mentioned pension trusts and union welfare funds which he said are beginning to show interest in mortgage investments.

He discussed the mortgage market situation in a speech prepared for the Southwestern Mortgage Clinic of the Mortgage Bankers Association.

A shortage of money available for financing home purchases has been cited as one reason for a slump in home building.

Greenland's icecap covers 700,000 square miles, nearly a fourth the size of the United States.

Film Star Singed

LONDON (UP) — Film star Betty Hutton's long blonde hair was singed today. It caught fire from a candle during the filming of "The Girl in the Kozmopolis" Thursday. Miss Hutton was burned slightly.

13 Missile Base Firemen Overcome

PHILADELPHIA (UP) — Thirteen firefighters were overcome by the fumes from a secret missile exhaust blast but the six who were admitted to a hospital were reported in satisfactory condition today.

Seven others were treated and released Thursday after the missile test at a secret guided missile center. All of the men were Pan American World Airways employees who serve as members of a standby fire crew during the launching operations.

They were felled when they rushed to extinguish the flames in the launching area after what was described as a "routine" missile firing.

People of the United States, Italy and Great Britain will have about the same per capita consumption of tobacco.

Adine Williams On Tour With MacMurray Choir

MISS Adine Williams, a senior at MacMurray College, Jacksonville, and a graduate of Kankakee High School, will sing with the college choir at a session of the National Federation of Women's Clubs at Columbus, Ohio, Saturday. Later that day the choir will appear on a Columbus television program.

Miss Williams is the daughter of Dr. and Mrs. Morgan Williams, former pastor of First Methodist Church here. The choir will also sing at Otterbein College, Westerville, Ohio, and at the King Avenue Methodist Church, Columbus, during the weekend.

More Mortgage Cash Seen Ahead

PHOENIX, Ariz. — Housing Commissioner Norman P. Mason today forecast a better supply of mortgage money in the coming months.

The head of the Federal National Mortgage Association, a source of such funds are opening up in this connection, he mentioned pension trusts and union welfare funds which he said are beginning to show interest in mortgage investments.

He discussed the mortgage market situation in a speech prepared for the Southwestern Mortgage Clinic of the Mortgage Bankers Association.

A shortage of money available for financing home purchases has been cited as one reason for a slump in home building.

Senator Thinks It's About Time To Revoke Order

Preferential Theater Seating Irks Sailors

The sailor said seating by rank at the movies has caused "much discontentment, irritation and all around bad feelings" and as a result the better seated men are not re-enlisting.

THE NAVY SAID SEATING by rank is done at naval shore establishments "as a matter of course."

Moreover, it said the secretary of the Navy "is not of the opinion that seating arrangements of this type are detrimental to re-enlistment."

Jackson, a member of the Senate Armed Services Committee, wrote Gates in passing along the sailor's complaint: "I strongly urge that you immediately order all Navy installations to remove rank designations from theater seating and thus restore to enlisted personnel, their wives and children their right to the benefits of first-class citizenship."

WASHINGTON (UP)—Navy Secretary Thomas S. Gates today had a gripe on his hands: How come officers' wives get the front row seats at the movies?

The gripe came from an enlisted man by way of Sen. Henry M. Jackson (D-Wash.).

The sailor, who is stationed at the naval amphibious base at Little Creek, Va., said all dependents are seated in the balcony when movies are shown at the base theater.

BUT HE SAID THE CENTER front rows are reserved for officers' dependents, surrounding seats are for chief petty officers' dependents and enlisted men's dependents get what is left.

He noted that chapel seats are not reserved by rank and "no enlisted man has caught a communicable disease by worshipping next to the wife of an enlisted man."

You Always Pay Less At K & S

U. S. Deeply Committed In Middle East

WASHINGTON (UP)—The United States will be deeply committed from now on to play a hand in the dangerous and violent game of Middle Eastern power politics.

This commitment is a result of the decision by President Eisenhower to throw American power into the struggle on Hussein's side, in his fight to prevent extremists, spurred by anti-Western and Communist agitators, from taking over Jordan.

Until the United States cast its influence and the threat of its military power into the struggle on Hussein's side, it had some freedom of choice about whether to take part in the particular Middle Eastern crisis. From here on, however, the prestige of the United States will be involved in any new conflict within the area and its stature and effectiveness seem certain to be judged by the outcome.

ESSENTIALLY this is a way of saying that whether by necessity or by choice the United States has become a Middle Eastern power, taking over the position once held by Britain and France.

Three other results of the Jordanian crisis appeared either definite or probable:

1. The Arab bloc, which as always been united in opposition to Israel and has shown considerable surface solidarity on the issue of Egypt's operation of the Suez Canal, is split wide open over the question of Jordan's future. Saudi Arabia and Iraq are supporting Hussein against Egypt and Syria.

2. The way the affair has gone to date, Iraq and Saudi Arabia are winning. This means, in particular, an increase in the stature of Arabian King Saud, who is counted as a strong anti-Communist and a friend of the United States.

3. THE MOMENTUM of Egyptian President Gamal Abdel Nasser's drive to make himself leader of the Moslem world has been checked at least momentarily. His failure to reduce Jordan to the level of a satellite or have his ally Syria take over large portions of it offsets the clear victory he has gained over the Western Powers in laying down his own terms for use of the canal, and making them stick.

Authorities here cautioned that King Hussein, in spite of the means resolved yet, they are greatly encouraged by evidence that he is only 21 years old, is proving a strong figure. As one State Department official expressed it, "he has shown he has muscle." Yet the forces against Hussein are strong and must be counted as determined.

KENNEDY said he made a trip to Jordan in an effort to interview the four, and could locate none of them. He said Kennedy's wife reported her husband was "somewhere traveling" and that telegrams to the four individuals have been returned undelivered.

The committee had announced it planned to resume hearings soon on Beck's finances. Kennedy said there still could go forward without the four witnesses but that "there will be a blank in the testimony, unless of course David Beck comes in and testifies. If he does, we will have a full story."

Continued on Page 6, Column 1.

Jordan Sets Up Military Courts

AMMAN, Jordan (UP)—Jordan's new anti-leftist regime established military courts Saturday to try all cases growing out of Jordan's recent civil war.

The two-day-old Jordanian Premier Ibrahim Hashem, 48, arranged for the new courts in a two-hour meeting.

(The censored dispatch did not say whom the new courts would try. Uncensored reports in other Arab capitals said Jordan authorities had arrested several hundred Communists, leftists and extreme nationalists—including nationalist ex-Premier Suleiman Nabulsi.)

KING HUSSEIN meanwhile, got a cheering message from King Saud of Saudi Arabia, congratulating him on bringing law and order to Jordan after nearly three weeks of disturbances. It was one of many such messages received.

Uncensored reports said an official delegation from Saudi Arabia, Egypt and Syria was expected to arrive in Jordan this week. Jordan has a military alliance with those three countries. Hussein has said Jordan will decide its future in consultation with its Arab neighbors rather than use the Eisenhower Doctrine, offering U. S. defense to any Arab country attacked by another power under international Communist control.

Thompson New Envoy To Moscow

AUGUSTA, Ga. (UP)—Llewellyn E. Thompson, a career diplomat who speaks Russian fluently, was chosen by President Eisenhower Saturday to be the new ambassador to Moscow.

Thompson, 52, now envoy to Austria, will succeed Charles E. Bohlen at the important Soviet Union post. Bohlen has been in the Philippines after four years in Russia.

James C. Hagerty, White House press secretary, announced at the President's vacation headquarters here that Thompson's nomination "which had been forecast for months" was to go to the Senate next week.

THE PRESIDENT Saturday also nominated Charles E. Bohlen as ambassador to the Philippines.

Bohlen, 52, now envoy to Austria, will succeed Charles E. Bohlen at the important Soviet Union post. Bohlen has been in the Philippines after four years in Russia.

FLOOD DAMAGE MOUNTS

THIS AERIAL VIEW shows Roosevelt Heights, Tex., at the crest of the rampaging Trinity River flood. The area was evacuated in advance of the high water by police and civil defense groups.

Russ Issue Threat To West Germany

MOSCOW (UP)—The Soviet government warned West Germany Saturday night that use of its territory for Western atomic bases would risk nuclear retaliation that could turn it into a veritable graveyard.

In a note delivered to West Berlin, the Kremlin denied it was resorting to "threats or intimidation."

Then it proceeded to say that a single, modern, well-placed hydrogen bomb could paralyze all vital centers of West Germany in one blow.

The warning followed similar threats earlier this month to Denmark, Norway and other European nations.

The note reminded West Germany of the horrors the country suffered in World War II when it was "only conventional weapons" that were used.

In any new war, it said, the territory of West Germany would become an immediate target of retaliation "with all kinds of modern weapons, including guided missiles."

The Soviet government also appealed to German hopes for reunification, one of the most burning political issues in divided Germany today.

WEST GERMANY's policy of rearmament already has created serious obstacles to German unity, the note said, and "the transformation of the country into a nucleus of atomic war would deal an irreparable blow" to these hopes.

The Soviet Union said it would be willing to reach agreement with the Western Powers not to locate atomic weapons on the territory of either Germany, a proposal that had little hope of serious consideration in the West.

Kankakee Mayor Ed P. Madison outlined immediate and future objectives for his second term after he, other city officials and seven aldermen were sworn into office Friday evening.

The mayor urged cooperation of aldermen for these immediate projects:

1. The one-way street system in downtown Kankakee.

2. New street signs.

3. Purchase of a new inhalator vehicle for the fire department.

4. Sanitation of Grinnell Ditch and Soldier Creek.

These projects, I feel, should be considered as urgent," the mayor emphasized.

He also listed these further objectives for consideration as soon as possible:

PURCHASE OF SITES and construction of new fire stations.

Complete renovation of the city hall.

Resurfacing of E. River street.

More utilization of Eagle street.

Elimination of the old city street and taking legal steps to eliminate truck traffic.

Mayor Outlines Program For Kankakee; Officials Sworn In

Purchase of a second street sweeper.

Off street parking in business areas of the west side, Cypress street and the south side.

Madison also expressed appreciation to outgoing aldermen and city officials for their cooperation in the past year.

THE MAYOR SAID it would be the continuing policy of his administration to "carry out projects that will give benefits to all of the people of our community, keeping the thought of economy foremost in our thinking. We should think all the time of keeping government at a low level."

He also urged city employees who come in contact with the public to "keep in mind always that you are not only employees at the city hall, but that you are employees of the people of Kankakee."

He said the city will hold its first regular meeting Monday evening, May 6.

Thousands Driven From Texas Homes

Fresh downpours sent flood damage mounting Saturday in rain-soaked south and central Texas. A band of showers and thunderstorms extended along a cool front from eastern Texas to lower Michigan.

Tornado funnel clouds were sighted north of Springfield, Ill., and Pontiac, Mich., but there were no reports of damage.

Several thunderstorms broke out in the Northeast, but elsewhere in the East generally fair and warm weather prevailed.

THE MERCURY SHOT up to 92 degrees in Roanoke, Va., the highest reading ever registered so early in the spring. New high records for the date were set at Columbus, Ohio, with 86 and at Cleveland, which registered 85.

Cool air along the New England coast held afternoon readings in the 50s, but temperatures in the 80s extended as far north as parts of New York State.

New flood warnings were issued for central and south Texas after rains ranging up to eight inches fell during the night. Floodwaters continue the pattern of heavy rainfall this month. Rainfall totaling 15.5 inches from 7 a.m. Friday to 7 a.m. Saturday caused numerous flooding problems, reports of overflooded sewers and drainage ditches and flooded basements.

Light rainfall continued Saturday morning, but only one-fourth of an inch of rain was recorded during the day.

Several highways were reported flooded in the area Friday night and Saturday. Route 17 west of Kankakee near Calvary had an estimated 15 inches of water on the road and state police headquarters in Pontiac reported a traffic jam on several highways when water was over the roadway. Highway 14 east of Pontiac was reported closed to traffic yet Saturday night.

Main problems in the Kankakee area were reported in Bradley, Mo., where blocked up and overloaded sewers and drainage ditches were unable to handle the water. Roadways of Bourbonnais also reported sewers back up and sewers generally in the area were tested to capacity with the heavy storm water runoff.

Rain Causing Flood Problems In This Area

THE WEATHERMAN forecast more showers for the Kankakee area this afternoon and evening to continue the pattern of heavy rainfall this month. Rainfall totaling 15.5 inches from 7 a.m. Friday to 7 a.m. Saturday caused numerous flooding problems, reports of overflooded sewers and drainage ditches and flooded basements.

Light rainfall continued Saturday morning, but only one-fourth of an inch of rain was recorded during the day.

Several highways were reported flooded in the area Friday night and Saturday. Route 17 west of Kankakee near Calvary had an estimated 15 inches of water on the road and state police headquarters in Pontiac reported a traffic jam on several highways when water was over the roadway. Highway 14 east of Pontiac was reported closed to traffic yet Saturday night.

Main problems in the Kankakee area were reported in Bradley, Mo., where blocked up and overloaded sewers and drainage ditches were unable to handle the water. Roadways of Bourbonnais also reported sewers back up and sewers generally in the area were tested to capacity with the heavy storm water runoff.

Congress Back Monday; Ike To Push Plans

WASHINGTON (UP)—Close to 200 expect President Eisenhower to push his legislative program next week of a new drive to get his bogged-down legislative program through Congress.

Congress comes back from a pulse-leaving Easter vacation Monday to face a legislative pile-up behind which most of the major Eisenhower proposals have been stalled.

EISENHOWER will be back in the White House early this week after a work and play vacation at Augusta, Ga. His first order of business will be to call legislative leaders of both parties together for a conference on his foreign aid program.

Administrative officials look to this conference as the opening of a drive by the President to get early action in Congress on school construction aid, a refugee bill, civil rights and other legislation.

EISENHOWER was represented in top administration circles as being determined to stick firmly by his recommendations for \$4,000,000 foreign aid program.

That program is the chief target of congressional efforts to cut the President's \$71,800,000 spending budget. Sen. Knowland, California Republican leader, has predicted a billion dollar cut in foreign aid. Sen. Mansfield, Montana Democrat, said even deeper reductions should be made.

Bull Jumps Out Of Ship, Rescued From Sharks

RIO DE JANEIRO (UP)—The crew of the Dutch ship Alkaid was thrilled to tell on their arrival Saturday—the story of a bull that jumped overboard in the middle of the Atlantic and was rescued from a school of sharks.

The Alkaid halted and the bull swam around the vessel for 30 minutes in a group of sharks.

Crew members finally managed to haul the animal to the ship's side, get a cargo net under him and lift him back aboard.

THE MAYOR SAID it would be the continuing policy of his administration to "carry out projects that will give benefits to all of the people of our community, keeping the thought of economy foremost in our thinking. We should think all the time of keeping government at a low level."

He also urged city employees who come in contact with the public to "keep in mind always that you are not only employees at the city hall, but that you are employees of the people of Kankakee."

He said the city will hold its first regular meeting Monday evening, May 6.
