State Legislature Has Only 8 'Pros'

SPRINGFIELD — Only 8 out of 235 members of the General Assembly make their living solely as legislators, the official legislative handbook shows.

The rest of them double at a multitude of occupations, with lawyers, insurance and real estate men, and farmers predominating as they have in the past.

These three most numerous occupational blocs have shown an increase in this session since reapportionment, which increased the total membership by 21.

Lawyers have gained by 17 for a total of 53, insurance and real estate ranks have doubled for a total of 34, and if you count three farmers who also list themselves as legislators, you've got 23, for a net gain of five.

Lawyers make up almost half of the State membership, but only a third of the House. On the other hand, farmers total about 10 per cent of the House membership and only about 3 1/2 per cent of the Senate.

LEGISLATORS who labor in other fields include one representative who drives a city bus, another who is a member of the clergy and a third who works as a plumber.

Three representatives and one senator list themselves as retired, and a total of five lawmakers are in the publishing business.

Of eight women serving in both houses, two are lawyers, one does as a secretary, five maintain a household and one lists herself solely as a legislator.

Six senators and two representatives are in the merchant or retailer classification, and others are more specific. The florist and florist-trader claim one apiece, and live "in business" as "autonomous" dealers.

Two bankers, two executives and three members of the oil industry share the House chamber with a machinist, a pharmacist and seven accountants and/or tax consultants. Also present is one representative who works as a liaison officer.

The teachers and a school administrator also belong to the House. The Senate includes no one in the field of education.

"It was some of the finest troop movements in military history that you ever saw," he said. "But everything seemed to break to pieces on either side, down a good job."

Montgomery was quite so confident that he thought any general would let his beaten army get away. As between Meade and Lee, he said, "Oh, I think Lee did the worse job."

Civil War COs Criticized By Ike, Monty

GETTYSBURG, Pa. — "Ike and Monty" say they have done a lot of things differently than Lee and Meade if they been in command at the Battle of Gettysburg.

After prowling around the famed Civil War battleground, President Eisenhower and British Field Marshal Viscount Montgomery agreed, both Confederate and Union commanders, blundered the 1863 engagement, and should have been fired.

The two World War II commanders, who led Allied forces to victory over the Nazis, seemed surprised Southern Gen. Robert E. Lee and Northern Gen. George G. Meade during Montgomery's weekend stay at the Eisenhower farm, on the edge of the battlefield.

OVER THE weekend, Eisenhower and his house guests sat around the Eisenhower farm home and hashed over Montgomery's strategy which have kept military experts and historians arguing for 84 years.

They went out Saturday, and again Sunday before going to church, for a personal look at places like Seminary Ridge and Cemetery Ridge where the rival forces set up their main lines, a mile apart.

Eisenhower ducked an outright answer to a question from newsmen whether he thought any general on either side does a good job.

"It was some of the finest troop movements in military history that you ever saw," he said. "But everything seemed to break to pieces on either side, down a good job."

Ladies Aid Society Of Cabery Plans Future Activities

CABERY (JNS) — The Presbyterian Ladies Aid Society met in church last Sunday afternoon.

Eighteen members answered roll call. The Rev. Roger Spear was a guest and led devotion.

Mrs. Percy Hughes conducted the business session. It was announced that since the bloodmobile will be at the Presbyterian Church on May 23, the next regular meeting will be at 7 p.m. on May 24.

At this time an auction party will take place. Plans were made for a baked food sale to be held June 15.

Special services are being planned by the Rev. Mr. Spear for May 26, Rural Life and 4th Sunday.

Attendees for the afternoon were Mrs. Floyd Quyle and Mrs. Homer Peterson.

Present Awards At Meeting Of Chatsworth Scouts

CHATSWORTH (JNS) — Three new members, James Cullen, Richard Harvey and Kevin Murphy, became scouts at the Cub Scout pack meeting in the high school on Wednesday evening.

Silver arrows were awarded to Larry Kurbach, Dale Gerdes, Joe Stenberg, Pat Stenberg, Billy Stenberg, Joe Stenberg and Billy Stenberg. Bear badges went to Howard Diller, Lester Gillett and Leon Schibrowsky.

Dale Gerdes received his first year pin and Lester Gillett was given the Cubby for having the largest number of parents present.

Kenneth Somers and Dickerson reported on plans for the camp carnival to be held June 1 in Railroad Park. Howard Diller announced the summer Cub baseball program has been planned. Practice will be May 13 at 8:30 p.m.

Members voted to change the pack meeting from the second Wednesday to the fourth Wednesday of each month. The June 26 plan is being made and the Cub-Dad Overnight at Camp Helderberg, June 14-16, Reservations may be made with Albert Walters or Karl Weller.

Dave's Idea Backfires

Teamsters Public Relations Group Wants Beck Out

WASHINGTON — The Teamsters Union's public relations advisers were reported today to have recommended ouster of the union committee in session today.

Tony Smith, head of the union's news bureau, said his public relations firm, Allied Public Relations Associates, had submitted a report to the union which "makes specific recommendations of what we feel is best for the union from a public relations standpoint."

Smith would not give details. But the report was understood to include a recommendation that Beck's fellow Teamsters officials make a solid demand that Beck quit the helm of the 15-million member Teamsters organization.

BECK'S PRESENT five-year term as Teamsters president ends later this year. He has said he will be a candidate for reelection.

The public relations recommendations were being considered by a special five-man committee of the leaders general executive board. The committee was named six weeks ago to deal with the problem of Beck's suspension as president of the AFL-CIO and as a member of the AFL-CIO Executive Council.

"Allied Public Relations is a firm headed by David B. Charney, also known as Dave Beck, who is a public relations counsel for various trucking employers."

CHARNEY'S FIRM was hired in April to counteract Beck's public relations campaign growing out of the Senate hearings. It is being paid \$200,000 for this year's work.

Employment of Charney was an outgrowth of a move by Beck to back a million-dollar public relations program to operate in his own behalf. But the Teamsters Black Caucus, authorized a lesser program with the explicit understanding that Charney was to be excluded from the program.

At the capitol, meantime, the staff of the Senate Rackets Investigating Committee indicated it will bring Norman Gersert, husband of Beck's wife's niece, to Washington for testimony.

GERSERT, SOUGHT for questioning for two months, was found and served with a subpoena last night at Elmhurst, Ill. Gersert has been listed in testimony by witnesses at the Senate hearings to various financial dealings by Beck.

Chairman McClellan (D-Ark) told a reporter a staff investigator for the committee probably will interview Gersert as the next step before Gersert is called to a public hearing at some future date.

Ike Against Cut In Missile, Aircraft Budget

WASHINGTON (UP)—President Eisenhower today told Republican legislative leaders he "would not want to assume responsibility for the security of the country" if Congress cuts funds for missile and aircraft.

The president made this observation at his regular weekly White House meeting with GOP Congressional leaders.

House Republican Leader Joseph W. Martin Jr. told newsmen after the 90-minute meeting that the President expressed alarm at reports that a House Military Appropriations subcommittee had made cuts in the Defense Department's missile and aircraft programs.

1.33 Inches Of Rain Falls In 1 Hour Period

Monday's 1.33 inches of rainfall recorded at Kankakee—Airport brings the month's total precipitation to 2.27 inches, compared to 2.07 of an inch for the first 15 days of May 1956.

More than an inch of Monday's rain fell in a one-hour period. Drainage facilities in various parts of the Kankakee area were unable to handle the swift accumulation of water. Water entered some basements and some basements homes had water up to the front porch.

The county board is studying proposals for county zoning and a county building code covering unincorporated areas.

A COMPLETE LIST of county appointments made by Board Chairman George Luhrs, was approved by the board.

The board increased the pay of members of the board of review from \$10 per day to \$15 per day. The board also set a salary of \$100 per month for the county clerk.

Mrs. Kern's resignation made two principals to be filled this year.

Mrs. Hazel Bittman, principal of Longfellow School, is retiring.

OTHER FROM whom the board received resignations included Louise Arnold, fourth grade at Adams Park; Beverly Weber, kindergarten at Beverly; Virginia Ward, grade one, Mary Twain; and Miss Moffett, Spanish and English teacher at the high school; Edna Ward, music teacher at the high school; and Bernardine Kooner, principal of the high school.

It also officially accepted the resignation of Robert W. Colborn, who had been employed as high school basketball coach but changed his mind about coming here from the bond issue.

The new faculty members whose contracts were approved Monday night were approved Monday night.

Mrs. Barbara Jones Chase of Gerydell Farm, St. Anne, English teacher at the high school, a graduate of St. Anne's.

Chase received her degree in 1946 from the University of Illinois. She is teaching the sixth grade at St. Anne this year, taught at St. Anne High School in 1946-47, and Kansas High School in 1948-49, and has substituted at Kankakee in 1953 and 1956. She has two children, a son and a daughter.

Lewis J. Kirk of Montgomery City, Mo., social studies teacher at East Junior High School, received his degree at Washington University and did graduate work there in 1945-55. He has taught four years at Belleflower and Montgomery City, Mo., high schools. Kirk is married and has four children.

U.S. Refuses To Cancel A-Tests

WASHINGTON (UP)—The United States has refused to cancel atomic test series starting in Nevada this week, but it says test officials will try to hold fallout to "as near zero as possible."

The State Department Monday formally rejected a request from Japan that the tests be called off.

The rejection was contained in a note from Secretary of State Dulles to Takao Shimoda, acting chief of the Japanese Embassy.

Commission Asks \$91 Million To Pay For Aid Programs

SPRINGFIELD (UP)—The Illinois Public Aid Commission has already received a \$30 million dollar deficiency appropriation, to be paid over the next two years, to pay for its relief programs through June 30.

The \$91 million dollar bill was introduced by Sen. Dan Rostenkowski, along with the commission's regular appropriation bill for the next two years, which called for about \$17 million dollars.

The five public aid programs are general, or poor, relief, aid to dependent children, and aid to blind and disabled adults. The federal government contributes to all the programs except general relief.

The \$30,000,000 deficiency bill is for general relief for old age assistance, \$1,500,000 for aid to dependent children, and \$20,000,000 for blind and disabled adults.

A legislative committee is investigating the public aid program and the fact that candidates for relief programs are rising in the face of continuing prosperity. House action has been delayed by a committee to recommend legislation that will make possible a substantial reduction in public aid spending over the next two years.

Dulles Suggests Arctic For Disarmament Test

WASHINGTON — Secretary of State Dulles, rejecting any idea of a neutralized zone dividing Germany, said today it might be easier to set up a disarmament test with Russia in the Arctic rather than in Europe.

Dulles told a news conference many problems and pitfalls are involved in working out a pilot agreement for an arms control system as applied to some European areas.

He said State Department thinking now is primarily concerned with Arctic territory and other sparsely settled regions.

FURTHERMORE, Dulles argued that such an area, if agreed on, could be very useful in relaxing tensions because inspection, including aerial photography, would cover regions from which atomic attacks might be launched by either the great powers or by other powers.

Dulles made these other points in response to reporters' questions.

The United States would not oppose Israel's announced intention to send a test ship to the Suez Canal and it would not approve any action by Egypt to keep the ship from using the canal.

BY THESE TWO negatives, Dulles appeared to give tacit U.S. okay for the Israel test plan and to put the United States in opposition to any action against it by Egypt.

The United States is considering introduction of more modern weapons into South Korea. Dulles said the U.S. is not opposed to any action by South Korea when they are the same type as already in Korea is out of date.

The fee for any new buildings would be the standard 6 percent.

ON THE RECENT building program the fee was 6 percent on the first \$100,000 of construction and 5 percent on the remainder.

Board spokesmen said the contract includes complete architectural and engineering services, including preparation of all plans and specifications, supervision of bid lettings, and supervision of the construction.

The board instructed its attorney to draw a contract for services when and as needed on additions to Franklin, Longfellow, Twain and Edison schools.

Atkins and Barrow have prepared tentative layouts of additions to Franklin and Twain schools. The board has time to discuss them Monday night, but members are studying the layouts.

They say additions will be built from current school funds.

The need to expand the East Junior High School cafeteria was discussed briefly by Earl Patton, supervisor of instruction, and referred to committee.

Patton said the school now has to have four lunch periods. Because there is only room for one serving line, some pupils have to wait eight to 12 minutes to eat after they get their food, he reported.

The Kankakee School District will make within about \$55,000 of completing its latest building program within the money from the bond issue. It was reported at Monday night's board meeting.

About \$55,000 will have to be paid from the regular yearly building fund, it was announced.

The issue would amount to having covered the cost except that \$45,000 in interest from government securities was transferred to the educational fund to prevent the need for additional anticipation warrants, Board Pres. Roy Strassner said.

The board approved payments of \$15,119 for construction work and architect's fees Monday night, making a total of \$2,345,393 expended for the construction program to date.

During last-minute change orders, a balance of \$88,781 remains to be paid. The balance of the rest of the payments have been made in full, according to the monthly summary filed by Atkins, Barrow and Associates.

THE EDUCATIONAL fund reported showed the district lacked \$99,921 of having enough to meet its educational fund bill Monday night after anticipating \$423,000.

Extend Contract Of School Head

KANKAKEE — Board of Education Monday night gave Dr. Anthony Marinaccio a new three-year contract as superintendent of schools.

Dr. Marinaccio is completing his second year as superintendent of the Kankakee District.

Charles Entwistle, assistant superintendent of Kankakee Township, was named chairman of the committee. Others on the committee are Henry Wulfe and Victor Cardoni of Kankakee Township.

Walter J. O'Connor of Limestone Township, Anthony Bushane and Fred Rogers of Bourbonnais Township and Raymond Horan of Otto Township.

The county board is studying proposals for county zoning and a county building code covering unincorporated areas.

A COMPLETE LIST of county appointments made by Board Chairman George Luhrs, was approved by the board.

Mallett Cabinet Asks Tax Hike To Pay For Fighting

PARIS (UP)—Premier Guy Mollet's Cabinet decided today to increase telephone and postal rates to help pay for the war against Algerians.

Under a series of newly charted tax measures, the basic stamp for domestic mail would rise from 15 francs to 20 francs.

The board of review for the month of May 12 was the warmest.

The weatherman predicts continued warm temperatures tonight, with scattered showers and thunderstorms. Wednesday is to be a similar day with a chance of showers. Low tide is scheduled for 11:30 a.m. and Wednesday's high near 9.

Airliner, With 16 Aboard, Sought

BUENOS AIRES (UP)—A wide search was pushed through today for a missing Argentine airliner missing with 16 persons reportedly aboard. The plane disappeared Monday in fog and rain.

BEFORE BEING MOVED along, the bus was amended to provide for 16 passengers. The bus was to travel 15 miles an hour, but the passenger vehicle limits. Bus speeds would be restricted to 30 miles an hour in daytime and 20 at night.

The House defeated an attempt by Rep. Paul Edward (D-Ill.) to trim nearly \$400,000 from the two-year budget of Atty. Gen. Latham Carter. Edward said Carter's budget contained "fat and fluff," which should be trimmed.

Rep. Ona Dillaway (R-Cham.) said a member of the Illinois Legislature, Commissioner, defended Carter's budget on the grounds that higher costs of operations, including more law clerks and special assistants, was justified by an increasing workload.

Legislature Kills Anti-Picket Bill; Passage Near For Speed Curbs

SPRINGFIELD (UP)—An anti-picketing bill strongly opposed by labor unions has been formally killed in the Illinois Legislature.

By a vote of 69 to 64, the House Monday defeated an attempt by Rep. Harold Widmer (R-Freeport) to override an unfavorable Senate report on a bill to measure by placing it on the calendar.

The bill would have banned picketing by unions in attempts to organize business establishments. It would have permitted employers to obtain injunctions against such picketing where no dispute existed between the employer and employees.

REP. WILLIAM PIERCE (D-Rockford) and other opponents of the proposal, which was backed by the Illinois Chamber of Commerce, offered no protection for the workers and would open the door for wide use of injunctions to hinder unions in organizing drives.

Widmer, however, said he designed his bill to prohibit "racket picketing" which he said tended to "vandalize" the property of business establishments.

Widmer also contended the bill would be a "disgrace" to the legislature.

He said the bill would be a "disgrace" to the legislature.

Grant Pay Increases For School Principals

Pay increases for principals and approximately 60 non-teaching staff members were approved Monday night by the Kankakee Board of Education.

Raises, ranging from \$200 to \$750 per year were granted principals, except for those who are already at the ceilings established for the year.

The board also approved an increase in the salary of the superintendent from \$10,000 to \$12,000.

The board also approved an increase in the salary of the principal from \$8,000 to \$10,000.

RC Swim Classes To Start June 17

Red Cross free swim classes will start in Kankakee County on June 17, it was announced today by Mrs. Gilbert Cahen, county RC water safety chairman.

The classes will be held at four different sites—the Kankakee Pool in cooperation with the Kankakee Park District; Lake Manteno in cooperation with the Manteno Community Center; Lake Michigan in cooperation with the Lake Michigan Sportsman's Club; at Essex in cooperation with the South Wilmington Sportsman's Club, and at Bon.

field in cooperation with the Salina Sportsman's Club.

Mrs. Cahen pointed out that the aquatic committee was faced with planning a swim program to meet a possible enrollment of 4,000—last year's enrollment of 3,500 being almost triple that of the previous year. The committee decided that to give adequate instruction a more extensive program was necessary. Thus, to achieve this it was decided enrollment in classes will be based on township residence, the facility nearest the swimmer's home being the site for his instruction.

THOSE LIVING in Kankakee, Bourbonnais, Limestone, Otto, St. Anne, Peninsula, Arroyo, Canyon and Mokena townships are to enroll at the Kankakee Pool.

Residents of Rockville, Manteno, Sumner and Yellowhead townships will enroll at Lake Manteno.

Those living in Essex, Salina, Norton and Pilot townships are to enroll at either Essex or Bonfield. Mrs. Cahen said that registration dates will be June 8, 9 and 7 at the site of the person's class attendance. Registration will be 9 a. m. to noon all three days.

Beginning May 20 registration forms will be available at the Red Cross office in Kankakee. Students in Kankakee public schools must secure their at the Red Cross. Arrangements have been made for students of all other public and parochial schools in Kankakee County to secure forms at their schools.

Classes at the Kankakee Pool for the three divisions—beginners, intermediates and swimmers—will be held in two four-week sessions. The first will begin June 17 and continue through July 15. The second will be held from July 15 through Aug. 8.

The staggered classes each day will begin at 9 a. m., 9:30 a. m. and 10 a. m. Life saving classes will be held twice a week and adults will have classes each Friday for eight weeks.

Classes at Essex, Bonfield and Manteno for beginners, intermediates, swimmers and life saving enrollees will be held on Monday, Wednesday, Tuesday, Thursday, basis. Classes for adults will be on Friday for eight weeks. The classes at the three centers will run from June 17 through Aug. 8.

EVEN THE GHOSTS HATE TO GO!

WASHINGTON (UP)—In the White House haunted? Presidential Press Secretary James C. Hagerty Monday night hinted—or did he?—that possibly a ghost or two flourishes in the old mansion despite its recent renovation.

A reporter asked Hagerty on TV's "Press Conference" whether—as an Irishman, of course—he had ever heard or seen anything of ghosts in the White House.

"No, I haven't," Hagerty said. "But seriously the President has more than once told me the presence that he feels more than anyone else in Abraham Lincoln when he is in the White House."

HAGERTY SAID, however, President Eisenhower has not heard Lincoln.

The reporter who asked Hagerty the question noted he has read that Queen Wilhelmina of The Netherlands met Lincoln's face to face in the White House.

He said he also has read that Mrs. Roosevelt saw ghosts. Moreover, Mrs. Lincoln herself was reported to have insisted that often at night she heard the ghosts of Andrew Jackson swearing and Thomas Jefferson playing his violin.

And that's not all. She also said (sotto voce) she heard old John Tyler wailing his 20-year-old second wife.

Ask Injunction Against License, Title Firm

An injunction restraining members of the Kankakee License and Title Service Inc. from selling unregistered stock in the corporation is a suit filed here today in Circuit Court.

Clem Gillespie, 44 S. Blaine Ave., Bradley is under indictment for allegedly embezzling \$15,000 while president of the corporation. He has been indicted.

The injunction suit "filed this morning lists the corporation, Gillespie and the two other incorporators, Donald Swearingen, 224 N. Fulton Ave., and George A. Walter, 774 N. Cottage Ave., as defendants.

It was entered by Victor N. Carleton of Kankakee, an attorney-at-law, on behalf of Sec. Charles F. Carpenter.

The suit says it appears to Carpenter that the defendants have engaged in selling \$100 shares of stock on which no registration or qualification has been filed with the state.

House Delays Action On Postal Jump

WASHINGTON (UP)—The House Post Office Committee today postponed until Thursday a showdown vote on the administration's proposal to increase postal rates for newspapers and magazines 80 per cent over a four-year period.

Chairman Tom Murray (D-Tenn.) announced the postponement just as the committee was scheduled to try to settle a controversy over second class rate hike and thus complete action on the administration's plan to hike postage rates 403 million dollars in the next fiscal year.

Murray gave no reason for the postponement. The second class rate proposal, though totalling less in dollars, produced the biggest controversy.

Postmaster General Arthur E. Summerfield proposed four annual 15 per cent hikes in the newspaper and magazine rates to bring in 30 million dollars annually by the 1961 fiscal year.

Pending before the committee are conflicting proposals to raise rates "lower" than "higher." Other amendments call for a "less" or "more" or none at all—for smaller publications.

The administration's bill would exempt newspapers with a press run of less than 500 copies from the second class boost. Neither the "second" nor "third" class increases would apply to mail of non-profit religious, charitable, fraternal or educational organizations.

out of alleged payment of personal bills with corporate funds by Gillespie, according to State Attorney Frank W. Curran.

Approach Site Of Air Tragedy Killing 62

VANCOUVER, B. C.—Ungrounded parties today will attempt to reach the area near the summit of 7,970-foot Mt. Slesse, 70 miles east of here where part of the wreckage of a Trans-Canada Air Line plane is believed to have crashed.

The plane in the one which carried 62 persons to their deaths in a raging snow storm last Dec. 6. The disaster was the worst commercial air accident in Canadian history.

A portion of the wreckage of the big plane was found by two men from the area of Vancouver, mountain climbers who took a wrong turn in heavy clouds as they were scaling Mt. Slesse, said Monday air searchers.

ROBBY WELLS, a veteran pilot of Cascade Aircraft Co., Chilliwack, B. C., reported flying within 30 feet of the wreck. He said the big plane was found by two men from the area of Vancouver, mountain climbers who took a wrong turn in heavy clouds as they were scaling Mt. Slesse, said Monday air searchers.

THE BOARD is continuing to provide transportation the rest of this term for the children who were receiving it before the opening of new schools put them within the 1½ mile limit.

But the parents of such children have been notified that they should make their own transportation arrangements for the coming year.

The district does not receive state transportation reimbursement for "private" or "home" schools.

Board President Roy Strasma said that bus transportation is not cheap, and because of the status of the educational fund the district's costs must be held down.

Alternate suggestions included car pools, a contract between parents and bus operators, or pending the board's decision on the matter.

Board Member Herbert Hess said that Route 17 east of Kankakee is another dangerous spot for school children.

The board reaffirmed its policy of requiring PTA groups to pay for the cost of latrine and water when they hold night meetings in the schools.

Several local Chamber of Commerce activities are planned for this week.

Henry Brandt, Kankakee Chamber manager, will join other Illinois State Chamber executives as hosts at a dinner for state legislators in the Lake Club, Springfield, Wednesday evening.

Representatives of a senator from the local area have been invited to the dinner. Brandt said that representatives from the Waukegan Chamber of Commerce may also attend.

A meeting of the local organization's Community Harvest Days committee was held at the Chamber of Commerce today.

Brandt will be the featured speaker during a meeting of the Herscher Chamber of Commerce this evening.

WAC Observing 15th Anniversary

The Women's Army Corps is observing its 15th anniversary today, the Kankakee Army recruiting station pointed out.

The WAC was first established by an act of Congress as the Women's Army Auxiliary Corps in 1942, during the early days of World War II. On June 12, 1948, Congress made it a regular component of the United States Army.

Ask School Board To Extend Bus Service

Requests to reconsider its policy of not providing buses for youngsters living within 1½ miles of school buildings were received by the Kankakee Board of Education Monday night and referred to the transportation committee.

Most of the requests came from the area along Waldron road between Kankakee and Aurora Park. They included a petition signed by 12 parents of children living in the area.

A letter also was presented from Kenneth Horn from the area on Route 48 south of Kankakee. The request said that walking to school would present great hardships to youngsters in the area where there are no sidewalks and heavy motor traffic.

Sears Names New Vice President For Midwest Territory

Gordon M. Metcalf, retail manager for Sears, Roebuck and Co., in Chicago has been elected vice president in charge of the firm's Midwestern territory, it has been announced. He succeeds Herbert F. Murphy who is retiring after 23 years of service with Sears.

The Kankakee store will come under the supervision of Metcalf, according to Paul E. Robertson, manager of the local store.

But the parents of such children have been notified that they should make their own transportation arrangements for the coming year.

The district does not receive state transportation reimbursement for "private" or "home" schools.

Board President Roy Strasma said that bus transportation is not cheap, and because of the status of the educational fund the district's costs must be held down.

Sen. McBroom Offers Bill For Budget Fund

Sen. Victor McBroom of Kankakee, chairman of the Senate Appropriations Committee, has introduced a bill at Springfield, carrying out Congress' budget by appropriation of \$317,408,339 for the Illinois Public Aid Commission during the two years beginning July 1.

McBroom also introduced a new deficiency appropriation of \$9,700,000 to operate the IPAC's poor relief, old age, blind and dependent children programs until June 30.

Three months ago, the Legislature voted the IPAC an extra \$30,100,000 when it ran out of funds.

The event is sponsored annually as a merchandising event of the retail trade division of the Chamber of Commerce. Chairman of Straw Hat Day is A. E. Karger Jr.

Kankakee men's clothing stores and men's furnishing departments are preparing stocks of all sorts of warm weather headgear to display to a perishing public Saturday.

The merchants are all ready. What they need Saturday is a combination of high temperatures and hot heads.

Bound To County Court On Drunk Driving Charge

The case of George H. Dion, 41, was referred to County Court today on a charge of driving while under the influence of liquor.

Police Magistrate Paul Davidson set bond for Dion at \$1,500.

He was arrested at 2:45 a. m. today by Officer Ronald Homberg, 100 block of S. Elm avenue about 1:30 a. m. and sent him home in a taxi.

Homberg later saw him driving north on East avenue, make a wide turn onto Court street and drive in the parking lane of the street.

**Dwight Neighbors
Aid Widow, Mother,
Plow 110 Acres**

DWIGHT (JNS) — Neighbors and friends of Mrs. Sherman Brown lent a helping hand Friday at her farm, plowing 110 acres of land.

Twenty tractors were used. The land plowed was second year alfalfa and had been pastured. It took, in most cases, the use of two tractors for each plow.

Mrs. Brown, who has four children, lost her husband in death on April 27. With the aid of hired help, she plans to continue farming this year. Prior to his death, Brown fed cattle and farmed. The cattle have been sold.

Sister of Dwight's business men also contributed. Mrs. Orland Bowers assisted Mrs. Brown and her plans to continue farming this year. Victor Fieldman is serving dinner and lunches.

The men started work at 8 a. m. and had to stop at 11:30 a. m. because of rain. They worked again in the afternoon. After going home to do chores, they returned and finished the field at 9 p. m.

Those who furnished tractors and helped were Orland Bowers, Victor Fieldman, James Wilkey, Francis Worley, Ray Gaudin, Hub Drachler, Schell, Jim Co. Harry Humbert, Harvey Gaudin, Alvin Danker, Walter Zabel, Fred Zabel, Erving Blier, Charles Walters, Ray Gaudin, Wayne Hoffman, George Keppinger, Clayton Brubaker, Larry Smith, Ed Grief, Alvin Nelson, A. C. Burli, Lloyd Meyerholz and Ernest Packer.

Interpretation of the American stand.

The question has been a hot one in diplomatic circles since President Eisenhower told a news conference last week that the United States would not take any action to support the French position in the Algerian Sahara. Eisenhower made no mention of German demilitarization, but he was reacting to a question about a proposal which involved such a move.

The comment stirred a transatlantic storm. And in its wake, rumors and denials, with overtones of espionage, developed. Eisenhower, however, was not disturbed by a week.

IN THE BACKGROUND also are the very serious arm control talks being conducted at London among the United States, Russia and other members of the United Nations disarmament subcommittee.

Harold E. Stassen, Eisenhower's personal representative at these talks, is expected to be ordered home shortly for further consultations. This would be, officials said, not because things are going poorly but because they are going well.

It was Sir Anthony Eden, then British prime minister, who proposed at the 1955 summit the revival of that plan. The President replied that had been suggested at the time of the Berlin summit. He said also any proposal that seems fair to both sides would be worthy of earnest and sympathetic U. S. study.

In Washington, that jolted some Eisenhower advisers on foreign policy. They feared the President might inadvertently have created a false impression of a new policy favoring a neutralized Germany.

Don't Neglect Polio Vaccine For Family

By DOROTHY V. WHIPPLE, M.D.

AP Newsfeature
Have all your children had all three of their polio shots? Have you had yours? His or her husband's? There is hardly a parent in this land of ours who doesn't dread the very thought of a child coming down with the crippling disease, polio, or infantile paralysis.

Now we have the knowledge with which this fear can be eliminated. After years and years of painstaking research the polio vaccine was finally discovered by Dr. Jonas Salk. It was first introduced in April, 1955.

The vaccine has been proved effective. In 1956 the incidence of paralytic polio was vastly lower among those who had been vaccinated than among those who had not.

The vaccine is now completely safe. Over 45 million people have received one or more injections. In 1956 there were no serious reactions in any of the millions of vaccinated individuals. The vaccine has no reaction at all. A few had a slightly sore arm and a very few had a little fever for a few days. But these are the only reactions.

The Worry Clinic Change Of Strategy Is Needed

By DR. GEORGE W. CRANE

Sally N. is the college girl who threatened to elope with a boy who lacked ambition and education.

After I had urged her parents to use the "Yes-But" strategy on Sally, they agreed to quit showing hostility to the boy.

And I suggested that they also encourage Sally to bring her sweetheart home so she could view him against the backdrop of her own family surroundings.

A teenager may find that her sweetheart is very thrilling and romantic in his own rougher environment.

His slangy or vulgar speech may not grate on her finer cultural habits when he is with his own kind.

But when you take your romantic partner out of his familiar waters, he may not look as graceful and smooth.

Literally, he may flop around and create almost as much consternation as a bass that is loose in the bottom of a fisherman's net.

So you parents should follow our psychological advice and employ this "fish-out-of-water" technique.

BE VERY LIBERAL IN INVITING your children into your home. Encourage them to bring them to your church, too, and let them mingle with the usual social circles in which your children travel.

When your child is invited to a semi-syncretic truce called "poppy" like bringing the new kid into his own waters and dropping him into your own.

You parents will not need to argue thereafter against the newcomer, if the latter definitely doesn't fit into your pattern of living.

For he will show up his incompatibility. Your inflated child will then respect your own conclusions.

But if the newcomer is of similar background and ideals, he will harmonize in your family setting, so you should not blindly oppose such a sensible move.

If, however, he doesn't fit and your children verbally point out his incompatibility, then you will excuse or deny them and vigorously go to his defense.

The more you argue for him, the more he will believe her own sales talk. Your open opposition will just make her more fanatical in her choice.

SO USE THAT "Yes-But" technique outlined Monday. "Yes" her along "But" casually suggest the development of a business college education or go on and prepare for some technical school.

Definitely remind her that she may have several children and then ask her how she will manage to bring up the children of Polly's neighborhood, or have your kids grow up in a shack down by the river's edge? You can easily get down to specific comparisons.

DO YOU want to live in Polly's neighborhood, or have your kids grow up in a shack down by the river's edge? You can easily get down to specific comparisons.

Fringe Players On 10 teams Await Ax

18 Must Be Released By Thursday

A host of players on 10 major league teams today probably felt like a traffic violator waiting for a policeman to hand him a summons.

Six clubs already have trimmed their rosters to the required 25-player limit, a United Press survey revealed, but 18 more heads will float before the cutdown deadline at midnight Wednesday.

In the National League, the Cubs, Pirates, Giants and Phillies completed transactions Monday that enabled them to square away their rosters 48 hours ahead of time. The Cardinals still must cut three players, the Braves are two over the limit, while the Dodgers and the Redlegs each have one plink slip to hand out.

Preseason Preparation

Gen. Duke, who missed the Kentucky Derby because of a foot bruise and is a "substitute" for the "preseason" Saturday, has protective leg wraps applied by groom Bert Vimes in stall at Baltimore's Pimlico track. His starting stance wasn't known until he tries out in a speed drill, scheduled for early this week. However, Calumet Farm's colts will be carried in the Freehairs by stablemate Iron Liege, the Derby winner. (AP Wirephoto)

Iron Liege Gains As Prek' Favorite

BALTIMORE (UP)—Eddie Arcazo's last at Pimlico, two weeks ago, was a fine work of art. Iron Liege, who was the favorite Saturday when "Maryland, My Maryland" signals the start of the "preseason" derby.

4 Leftfielders Hitting Puny .163 For Braves

MILWAUKEE (UP)—The question most asked in this baseball hold is how long the Milwaukee Braves remain strong pennant contenders with four leftfielders who have combined batting average of .163.

Chuck Tanner, the current manager in the position, is hitting .182. Bobby Thomson, before he was benched, had a mark of .156. Wally Pico, who was benched, had a mark of .156. Wally Pico, who was benched, had a mark of .156.

Asked whether he had any trade offers, he said he had none. "I think I talked with everybody, but there is nothing brewing. There's still time. The trading deadline is June 15."

"When you look over the list of right-handed-hitting left fielders," he said, "not many are available. At least not the ones you'd like. They're just not for sale."

Quinn said Frank Thomas, of Pittsburgh, Billy Mayes of New York, the Redlegs' Frank Robinson, Rip Repulski, of Philadelphia and Del Ennis of St. Louis were in this category. Thomas, who was mentioned in trade rumors involving the Braves, especially last winter.

Quinn was asked if he thought the Braves' fan chances would be in jeopardy if they didn't come up with at least a 280 hitter in the position and he answered:

"Sometimes a player's batting average doesn't mean everything. He must hit in important situations for you to have value. Those are the things you have to evaluate. Some are better with men on base than the Braves' four leftfielders so far have driven in eight runs among them, including only one in the last eight games."

Dressen To Talk Trade With Yanks

WASHINGTON (UP)—Charlie Dressen doesn't plan to waste any time in his new job as talent scout for the Washington Senators.

After signing a three-year contract, as "assistant to the president" Monday, Dressen is expected to leave for New York shortly to discuss a possible deal with the Yankees.

However, Club President Calvin Griffith said Dressen's new duties will not be limited to talks with major league clubs.

"Charlie will be visiting minor league teams in the higher classifications as well as local minor league clubs," Griffith pointed out. "He will negotiate for players through trades, purchases and other available means."

Dressen was fired as manager of the Senators only last week.

Miranda New Kay Coach

Ex-Indiana Star Picked For Basketball Job

SAMMY MIRANDA, 26, former basketball star at Indiana University, was named coach of the new Kay High School basketball team.

Miranda's contract was approved at Monday's meeting of the Board of Education upon the recommendation of principal Walter Knecht and Earl Jones, retiring basketball coach who will become the school's director of athletic and physical education next fall.

The young former Collingville High School and Indiana University star is completing his second year as varsity basketball and assistant football coach at Vandellia High School. He has also coached one year at Galatia and spent two years in the Army since graduating from Indiana in 1953.

In addition to serving as head basketball coach here he will assist in the school's football and varsity track, Jones said. He will be in physical education.

"AT INDIANA," Miranda was regarded as a star for three years in basketball. At Collingville he was a regular on two state tournament teams.

Sox Go On Night Shift; Hope To Swap For Yost

CHICAGO (UP)—The first-place Chicago White Sox turn out tonight for their next five games, all of which will be played under the lights.

The Sox open a three-game stand at Washington tonight and then move on to Baltimore for two more night games before venturing into Boston Sunday.

While in Washington, the Sox are going to make another bid for Senator—third baseman Eddie Yost.

"We go to make another attempt at making a trade with the Senators when Chuck Connors arrives from New York," said Manager Al Lopez.

THE SOX FIGURE they might swing a deal now that Charley Dressen, out as manager, has accepted a front office position and will maneuver Washington player talent.

The Sox Monday handed pitcher Ellis Kinder his unconditional release and must turn two more players to the Sox by Wednesday night.

DR. THOMAS said that the rate the hemorrhage is clearing a full diagnosis might be made "within the next 36 hours."

He said that if the retina is not detached, the 23-year-old pitcher would be able to leave Lakeside Hospital in a week or 10 days.

"If the retina is detached," he added, "an operation would be required to attach it again and this would require a lengthy convalescent period."

THE CHICAGO CUBS were to open a two-game series against Pittsburgh today and might drop to the bottom of the league.

The Cubs purchased Morgan from the Phillies and also bought newly acquired third baseman Bobby Morgan into the lineup.

At the same time the Cubs sold infielder Ed Mickelson to Portland and optioned pitcher Dave Hodge to the Phillies.

Only New Trier Looms As Threat To Bloom

Champion's Edge Seen In Two Trier Looms

CHAMPAIGN (Special)—Bloom Township High School of Chicago Heights remains a top-heavy favorite to repeat its team title in 63rd Annual Illinois Interscholastic track and field championships in Memorial Stadium Friday and Saturday, but at least two of four defending individual champions face serious challenge.

Bloom qualified 16 individuals and two relay teams in rolling up 82½ points in its own district meet. Troyans won every event except the mile, in which Bloom had no entrant.

New Trier of Winnetka, which appears to have the best chance to dethrone the Chicago Heights champion, is a sure dider about losing and he acquiesced his athletes of in no uncertain terms during a clubhouse meeting the next day.

"Cockle" will do all right if he doesn't crash about losing," said Bloom coach, Chuck Dressen, said the day after the Senators lost their second in two days under Lavagetto.

Robinson came back to the White Way in February 1956 after 26 years of film making in Hollywood. He yielded to a deep yearning to try the theater again—but approached it with trepidation.

His concern embraced a lot of things. Would he be remembered? Could he still act before live audiences? Had the camera altered his talents?

He remarked that he had fretted. Sixteen months later, Robinson is still rolling lustily along as the star of "Middle of the Night," which, Paddy "Marty" Chayeky wrote and Josh Logan directed.

When his scheduled stay ends June 1 at the Anita Theater, 465 performances will have been clicked-off—the longest run in his notable acting career that included 40 Broadway roles.

Robinson, who further pledged to go on the road with the play when it starts a national tour Oct. 1, an old-school trouper, he believes in having a show, spot on the border between democratic freedom and Communist tyranny.

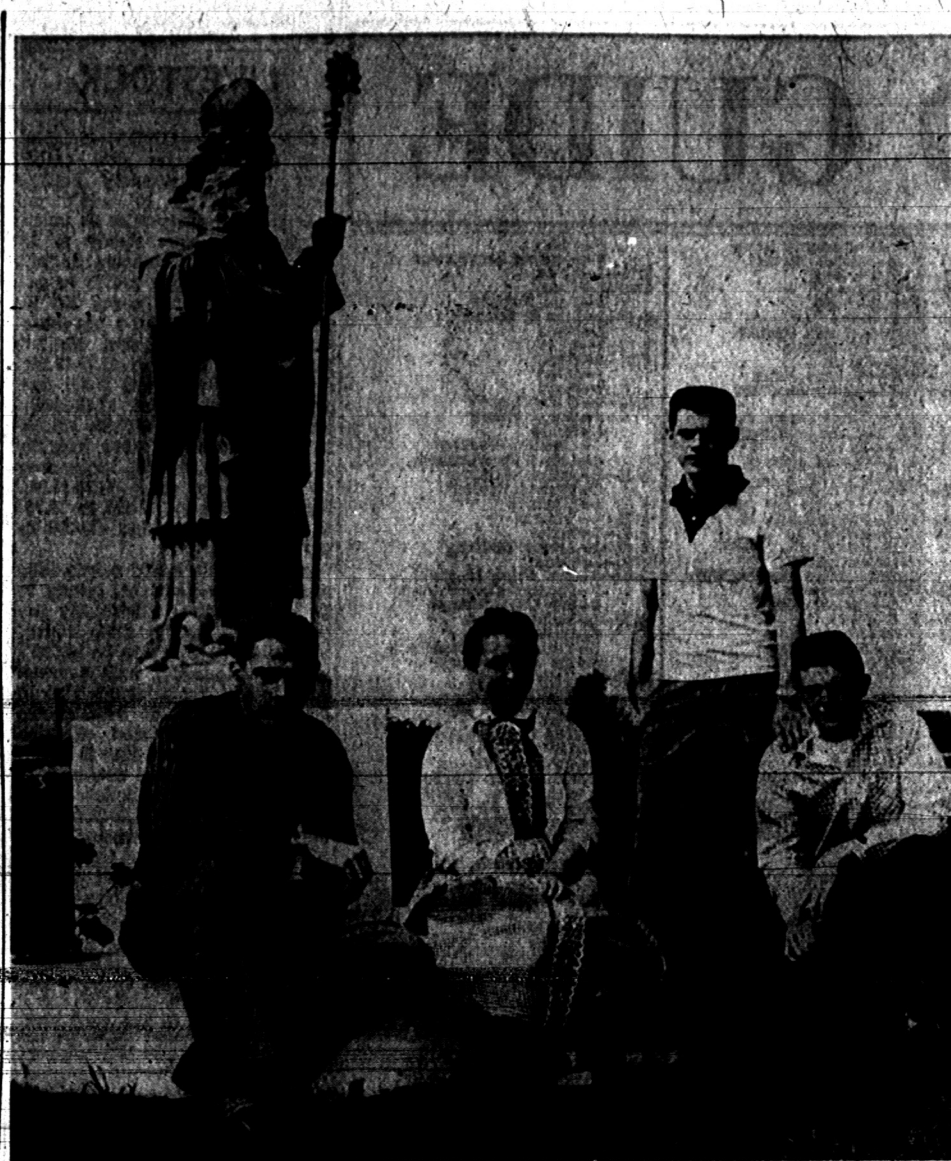

"Your aid," he said, "enables us to hold this crucial line and to hold it at all expenses. It is no end at all less dangerous to the world than you could have done it yourselves."

In one way, Robinson finds the stage an advantage. "Direct association with the audience is a great satisfaction," he says. "I'm there at the controls—and sometimes you have to be able to browbeat an audience into understanding the play."

That's part of the joy of acting in person—and part of the disappointment of seeing yourself on the screen.

Husband Of Suicide Victim Kills Doctor

OAKLAND, Calif. (UP)—The brooding husband of a woman who committed suicide three years ago Monday shot and killed her doctor, a nationally-known lung specialist.

The physician, Dr. Harold G. Trimble, 61, was shot five times by Saul Sydney Klass, a retired jeweler. Trimble was a former vice president of the National Tuberculosis Association and past president of the California Tuberculosis and Health Association.

Klass, 45, drove away from the scene, but returned to pursue police 11 minutes after the shooting. Homicide Inspector Paul Potts said the grieving, middle-aged man accused Trimble of responsibility for his wife's suicide.

"I FILLED THE S.O.B. because he raped my wife," Klass told police.

U. N. Follows Rules While North Korean Reds Build Up Strength

(Editor's Note: One of the greatest concerns of U. S. military leaders in the Far East is the unbalanced situation in Korea, where the Communists are reported steadily building strength in violation of the armistice agreement. United Press correspondent Robert Vasserman talked with South Korean President Syngman Rhee and American and Korean military commanders to make the following report.)

SEOUL (UP) — Intelligence reports show the Communists have brought atomic weapons into North Korea in violation of the Korean armistice agreement.

U. S. military commanders, whose job is to guarantee the security of the South Korean republic, privately condemn the unbalanced situation here as "militarily unsound."

Some go further in private and call it "outrageous." Serious consideration has been given by army leaders to abrogating Paragraph 13-D of the armistice agreement, which forbids the introduction of new and modern equipment into Korea.

Korean President Syngman Rhee told United Press in an interview that the danger of an attack from the north is greater now than any time since the armistice was signed four years ago. GIs To Take Part In U.S. Nuclear Tests

Weather May Force Postponement Of First Explosion

ATOMIC TEST SITE, Nevada. — Three important new steps in atomic testing will be taken in the series scheduled to open Thursday.

A comparatively small atomic device, described as one half of normal, will launch "the most extensive series of tests ever held in Nevada."

But the possibility of rain or a cloud ceiling today posed a threat of postponement for the planned pre-dawn blast.

Preblast briefing of newsmen by nuclear scientists and military experts disclosed these test plans:

1. The first air-to-air rocket with an atomic warhead will be fired.

2. The proposed injury of the atomic age will be tested for the first time.

3. The largest atomic ever placed "in an atomic test" at this site, will be used.

The rocket will be fired late in the series, which is to end Sept. 1. It will be launched from a manned aircraft, but there was no intention of permitting an Israeli vessel to use the canal although Israel has warned that stopping its test ship would be regarded as "an act of war."

A Cairo newspaper asked if Dulles meant the United States would continue to freeze Egypt's dollar holdings in America and "create further trouble" for Egypt unless it permits passage.

Another Cairo newspaper said: "At a time when Britain permits ships to pass through the Suez Canal under Egypt's terms, Dulles encourages Israel to fly in trouble."

But he made clear that the dollar assets may end but "men who really deserve our pity for the blunders of their statesmen."

The newspapers hailed the British position on the canal and Al Akhbar said a French shipping company had asked permission for one of its ships to use the waterway despite the French canal boycott.

It said the ship was Swedish-owned and chartered by France.

Reports seeping through the Syrian press today hinted again that Syria is in the throes of a new political struggle.

One report published in Beirut, Lebanon, said Syria President Shukri El Kuwaili was undergoing a "political illness" which might be the forerunner to his resignation.

Bulgaria made it statements in a speech at a Soviet-Mongolian friendship meeting in the Kremlin. It was broadcast by Moscow radio.

Bulgaria told the meeting that it attaches "great importance" to the restoration of friendly relations between the two countries.

"Now that there are again symptoms of easing of international tension, favorable conditions are created for the resumption of such contacts," he added.

Hoover Flies To Parley With Ike

NEW YORK — Former President Hoover left by train today for Washington to confer with President Eisenhower at the latter's invitation.

Hoover told newsmen he was "gladly" going to Washington to discuss matters with the president.

"That's all I know about it," Hoover said.

He took off in the President's four-engine plane, the Columbine. The plane had been flown here Tuesday to undergo minor maintenance.

House OK's Speed Law

SPRINGFIELD (UP)—The House today passed Gov. William G. Stratton's fixed speed limit bill which would set maximums of 65 miles an hour daytime and 55 miles at night for automobiles.

The bill now goes back to the Senate, where it was passed previously, for concurrence in House amendments, then to the governor for signature.

Congress Ignores Plea, Cuts Funds

WASHINGTON (UP)—A House Appropriations Subcommittee has tentatively chopped about \$2,500,000 from the administration's defense budget.

Informed sources disclosed the cut today—less than 12 hours after President Eisenhower warned in a TV-radio address that the nation's defense budget is materially cut.

But subcommittee members said they did not believe the tentative cut in the \$38,200,000 defense budget would imperil the nation's security.

SOURCES said the cut hit hardest at "maintenance and operations" funds—no planes and missiles.

Although the cut was not final, there was no indication it would be changed.

Budget cutting rolled merrily on these other fronts:

The Senate Appropriations Committee late Tuesday voted an even deeper slash in the U. S. Information Agency than approved by the economy-minded House.

It sliced the USA budget down to \$92,200,000, almost 16 million dollars less than the House figure. Even the usually sacrosanct FBI, with funds in the same bill, came in for a small \$150,000 cut by the committee.

The House began voting on a pre-dawn version of the administration's "test ship" through the canal.

HAFFIZ MAHMOUD said the Egyptian government's refusal to permit passage of the Israeli ship would be regarded as "an act of war."

But he made clear that the dollar assets may end but "men who really deserve our pity for the blunders of their statesmen."

The newspapers hailed the British position on the canal and Al Akhbar said a French shipping company had asked permission for one of its ships to use the waterway despite the French canal boycott.

Grants Parents Visit To See If They Get Along

If Rehabilitation Test Is Passed, Couple May Win 4 Children

CHICAGO — A judge today refused to allow a Russian couple to take their four children to the Soviet Union.

Judge John H. Clayton Jr. made his ruling in Family Court after counsel for the couple and representatives of the Russian Embassy had asked that the children be permitted to make the trip.

The judge, instead, announced that he will allow the youngsters to join their parents for a trial period during summer vacation from school to see if the family can get along together.

"The Russian couple," Mr. and Mrs. George Kozmin, were moved out of their home during the World War II. They came to the United States in 1950 as displaced persons. They now are on relief and their four children are wards of the court for this reason and because both of the parents were mental patients in the Chicago State Hospital several years ago.

THE KOZMINS are determined to go back to Russia and they want to take their four sons with them. The oldest boy, Richard, 16, said he and two younger brothers want to stay in this country.

Richard and George, 8, live at the Central Baptist Children's Home in suburban Lake Villa.

Paul, 7, is in a Chicago foster home. The other child, Peter, 5, lives with the Kozmins on Chicago's Northwest Side. None of the children has ever been in Russia.

"If we can rehabilitate the family we will return the children to them," Judge Clayton said. He then announced the children away from home will be allowed to live with their parents for a trial period of one year.

But he made clear that the parents must remain in Chicago if they want to have a trial reunion with the boys this summer.

STEVEN LEVY, an attorney representing the Kozmins, pleaded that the children be given to the parents, saying:

"The government (USSR) guarantees the support of the children. There can be no question that, if the government of the USSR takes care of the parents, it will take care of the children."

But Benjamin Nobelsky, assistant state attorney, asserted that the government of the USSR is up to Kozmin.

"Let Mr. Kozmin show he is capable of taking care of these children," Nobelsky said.

Nobelsky said there was no need to change the status of the children as wards of the court because the family's circumstances have not changed. He said Kozmin is on conditional release from the Chicago State Hospital and is receiving relief.

TWO REPRESENTATIVES of the Russian Embassy in Washington said they were in Washington today to see if the children could be returned to their parents.

Congress May Block Military Aid To Tito

WASHINGTON — President Eisenhower today faced a fight in Congress over his decision to resume delivery of jet fighters and other military equipment to Yugoslavia.

Officials said some older type jets, F-80s and F-86s, were being delivered to Tito's army by the State Department.

Committee, said Tuesday night he considered the decision to resume shipments "a great mistake."

The law now in effect is expected to take shape in both the Senate and the House when the lawmakers consider the President's proposed new \$50,000,000 foreign aid program. Presumably efforts will be made to write into the new bill provisions barring assistance to Yugoslavia.

Probers Say Testimony Proves Beck Stole, Not Borrowed From Union

Chase Prowler From 3 Homes In Kankakee

Brandishes Knife Before 2 Women When Spotted

CITY and county authorities say an extra lookout will be posted tonight for a peculiar-looking prowler who pulled a knife on two women here Tuesday night and this morning had fled without harming anyone.

Police Chief Wallace Flannery said he believes the man, described as tall, thin and in his mid-20s, may have a companion who drove a car or acted as lookout.

Robbery is the only motive authorities have been able to ascribe to the prowler's peculiar actions.

"An entirely new slant," he said, "is that it may be some strange to Kankakee who was passing through the community."

Dr. Cleve Odum, superintendent of Kankakee State Hospital, said no patients were missing from there who might have been the prowler.

A 15-year-old patient who escaped Saturday has been apprehended in Chicago.

A half-dozen city officers scoured the area without success.

He was first reported at the Louis Vollett residence, 372 W. Hickory St. at 9 p.m.

Mrs. Vollett said she saw two men standing outside, one looking into the house where she, her husband and their daughter, Edith, were watching television.

Mrs. Vollett went out and asked them to leave. She said they continued on Page 6, Column 2

Bill Would Create Code Department For Aid Programs

SPRINGFIELD — Sen. W. Russell Harrison (R) today introduced a bill creating a state code department under the governor, which has come under fire of a special legislative committee headed by Arrington. The committee has been investigating the costs of public aid.

The proposed department would be known as the department of public assistance, supervising distribution of more than 300 million dollars for relief, aid and blind, dependent children and disability assistance.

Arrington also submitted a bill to place a ceiling on dependent children grants which he said would save the state \$12,720,000 over a two-year period.

The bill sets limits of \$32 a month for a parent, \$23 for the first child and \$23 for each additional child on the rolls. Arrington said it would mean a savings of \$22 on the average case.

Sees Lower Props Cutting Farm Costs

WASHINGTON (UP)—Secretary of Agriculture Earl B. Bess today said that government farm costs will keep rising and controls on farmers will tighten unless Congress gives him more discretion to cut price supports.

He said there would be "little progress" toward a permanent solution of farm economic problems under present legislation.

"As we move out of surplus years, it would therefore appear that the money was stolen rather than borrowed."

The new testimony about Beck's personal finances came amid these other developments:

AFL-CIO President George Meany met with a committee of the Senate Labor Relations Committee today to discuss the scandal-ridden union's "problems in general."

One matter expected to come up was a recommendation by Teamster Union public relations advisers that Beck step down as union president at least temporarily.

Federal authorities, succeeding in their protective efforts stand up.

Beck was recently indicted on charges of evading payment of some \$35,000 in income taxes for 1950 and is still under investigation for other years.

Beck read figures from the financial statement, however, which he had signed on a memo to the union's insurance firm's loan to Beck.

Troops Used To Port Haiti Revolt

CURT AU PRINCE, Haiti — Police and troops claimed control over all rebellious areas of volatile Haiti Tuesday night and said widespread "down with the government" demonstrations have ceased.

The seven-man Executive Council at a ruling the Negro, republic promised that "free elections" would be carried out June 28.

Defense Cuts By Congress Bring Repeated Warning From Ike

WASHINGTON — President Eisenhower said today that a "GOOD PART" of Eisenhower's new defense program is going to be a discussion of the administration's \$71,000,000,000 spending budget, and Eisenhower's defense of that program in a nationwide television-radio address Tuesday night.

Eisenhower said today he thinks he has grown more conservative since 1952, when he sharply criticized the level of government spending during his first successful campaign for the presidency.

French Show Off Fastest, Slowest Craft

MELUN-VILLAROCHE, France — The French showed a supersonic fighter which can do the series, which is to end Sept. 1. It will be launched from a manned aircraft, but there was no intention of permitting an Israeli vessel to use the canal although Israel has warned that stopping its test ship would be regarded as "an act of war."

The slow-plane, the Hurel Dubois 34, is a photo-reconnaissance craft. It needs only 300 feet to take off and carries a glider-style wing so it cannot stall, its designers say. It can cruise at 50 miles an hour.

Royal Twins Born In Luxembourg

LUXEMBOURG (UP)—Princess Josephine Charlotte of Luxembourg gave birth to twins during the night.

A 5-pound prince and a 5-pound-princess were born to a 29-year-old princess, wife of Luxembourg's Prince Jean, at Betzdorf Castle. The births occurred just before and just after midnight.

Cannoners loaded their pieces for a 10-10-10 salute to announce the births, 101 shots for the prince and 21 for the princess.

The twins, which have not yet been named, and mother were reported doing fine.

Bulgania Makes New Request For Summit Meeting

LONDON — Soviet Premier Bulganin today made a new bid today for an international "summit" conference to discuss world problems. He added that such a meeting had to be "properly prepared."

Bulgania made it statements in a speech at a Soviet-Mongolian friendship meeting in the Kremlin. It was broadcast by Moscow radio.

Bulgania told the meeting that it attaches "great importance" to the restoration of friendly relations between the two countries.

"Now that there are again symptoms of easing of international tension, favorable conditions are created for the resumption of such contacts," he added.
