New Prisons To Cost Taxpayer \$1 Billion In '75

NEW YORK (AP)—The mounting cost of crime and criminals—to the taxpayer—is putting fresh pressure today on already bulging budgets of federal, state and local governments.

At the rate the number of prisoners is increasing and at the rate older prisons and jails are becoming rundown or overcrowded, some prison authorities predict that the taxpayer will be asked to put up one billion dollars by 1975 for new facilities. The cost of keeping up the buildings and guarding and caring for prisoners also is rising.

Others, however, say that there were a bigger shift away from the "taxpayer" to the "taxpayer" in putting fresh pressure today on already bulging budgets of federal, state and local governments.

Most existing prisons, jails and workhouses are the maximum security type. To build more like this would cost today about \$15,000 an inmate, the Federal Bureau of Prisons says. A medium-security, correctional type can be built for about \$5,000 an inmate. Camps for rural inmates, which are the least expensive, cost about \$2,000 an inmate.

James V. Bennett, fiscal director, says 215,000 prisoners are now held around the country on various convictions, with about 185,000 of them jailed for serious crimes. Add to those held in the nation's jails and prisons are awaiting trial and the prison population averages about 800,000 and is rising.

CLARENCE B. Litchfield of the New York Architectural firm of Litchfield, Litchfield & Partners, which has been designing correctional institutions for 40 years, says about 15 per cent of the prison population is of the confined criminal type which can't be rehabilitated and should be kept in the jails.

The holder of the others should be screened thoroughly and divided up among medium-security prisons, rehabilitation centers and prison camps where, needed, making for a marked saving for the taxpayers.

Myrl Alexander, assistant federal prison director, says it is "not impossible" to cut the present cost of operating American prisons. "Few prison systems employ any kind of valid cost accounting," he says.

Chief cost of personnel, ranging from about 50 per cent to as high as 75 per cent of the operating budget. Food costs depend on how much "individual" prisoners raise for themselves. Some costs are offset by productive prisoner work programs.

The American Prison Association, which is working to improve prison management practices, points out that constant turnover in personnel drops efficiency and is a drain on the taxpayer's money.

Another cost to the economy is a less direct one, is fitting the prisoner into the business and industrial world after his release.

Better systems for supervising parolees and probationers also could get many prisoners out of the prison system in need of a shelter and cut down the number of repeaters.

A penologist says that two or more neighboring states could share such supervision and also the care and treatment of prisoners. Smaller states in need of new prisons could thus cut costs.

MRS. E. C. HENRY has been elected president of the Monday Night Reading Circle. Other officers are Mrs. J. D. Somers, vice president, and Mrs. Yale Funk, secretary-treasurer. Mrs. George Perry is outgoing president. The club will hold one more meeting before adjourning for the summer.

Grandmother Club Of Sheldon Plans June Picnic

SHELDON (JNS)—Four honorary members of the Grandmother Club were special guests Tuesday at a club meeting in the library.

These were Mesdames Lillian Grubel, Nellie Carney, Bertha Eastburn and Nettie Hammond. A special good-bye was sung to Mrs. Hammond, who will move to Chicago.

Thirty-seven members and a guest, Mrs. Edna Smith, answered roll. Mrs. Smith later joined the club.

Mrs. Mable Shrimplin, ways and means chairman, reported \$10.25 proceeds from breakfasts served in May.

A picnic is being planned for the June meeting. Brief reports were given by Mesdames Dorothy Burton, Jim Diller, W. O. Pickett, Jessie Morgan, Neva Johnson, Mable Shrimplin on the state convention in Chicago.

Mrs. Pickett, president, urged members to send birthday cards to Mrs. Harold Curphey, secretary of supply work, and Mrs. Ross Brown, secretary of literature and publication.

During the social hour, games were played and Mrs. Imma Silvers played several selections on the piano.

Prizes were awarded to Mesdames Frank Clark, Reed Conner and Mrs. Lillian Grubel.

Honorary members Mesdames Dorothy Burton, Hertha Dowden, Harry Wintman, Carl Hoge and Charles Rugh.

Piper City Legion Auxiliary Names Contest Winners

PIPER CITY (JNS)—Mrs. Lavern Klehm and Mrs. Robert Twell, poppy co-chairmen of the American Legion Auxiliary, unit, announced winners in the local poppy poster contest.

Bonnylyn Foster and Richard Crandall were each awarded a first place for entries in the first and second divisions respectively.

Approximately 75 posters were entered in the two classes. There was no entry in the third class, which includes 16th, 11th and 12th grades.

Judges for the contest were Jim Stuckey and Mrs. J. D. Somers, both of Piper City.

Oh, For The Good Old Days!

If Fallout Doesn't Get You, Fall-In Might!

WASHINGTON (UP)—If fallout doesn't get you maybe fall-in will.

This possibility was hinted in scientific testimony released today, before a House Appropriations subcommittee.

Fallout is man-made radioactivity that descends from the atmosphere after atomic weapons tests. Fall-in is cosmic radiation that pours into the atmosphere from the sun and outer space.

Enough of either kind can damage living things and their descendants.

The scientific witnesses were testifying about the International Geophysical Year, a \$50-million-dollar undertaking by some 70 nations to amass new information about the earth.

DR. LLOYD V. BERKNER, one of the U.S. scientists prominently involved in IGY, mentioned fall-in — though he called it "fallout in reverse" — in a discussion of solar explosions.

The sun manufactures energy in much the same way the atom bomb does. The process is nuclear fusion. Although the sun is a comparatively stable star, sometimes it misbehaves.

On Feb. 23, 1956, there occurred a so-called solar flare which Berkner said "was the largest that we have observed in modern times."

PARIS (UP)—President Rene Coty today began the recurrent, year-long task of looking for a new French Premier. The National Assembly Tuesday night rejected Guy Mollet's austerity program to finance the Algerian campaign, and the Socialist Premier promptly resigned.

Another long period of political instability appeared in prospect, with the likelihood that the government eventually would fall to another of the uneasy center coalition which has ruled France most of the time since World War II.

The new political crisis threatened to cancel or at least postpone Coty's official visit to the United States. He is due in New York June 3.

AFL-CIO Delays Action Against Beck's Union

WASHINGTON (UP)—The AFL-CIO today postponed indefinitely a meeting of its ethical practices committee set for Friday on charges the Teamsters Union is corruptly dominated.

The action was viewed as reflecting a recognition by the federation of a move within the union — by Teamster Union president Dave Beck.

This took some of the urgency from the action against the union itself.

The ouster movement against Beck was being led by 68-year-old John J. Edgar, newly named an AFL-CIO vice president.

English planned an informal strategy session with fellow members of the Teamsters Executive Board, Jim Diller, W. O. Pickett, and Jessie Morgan, Neva Johnson, Mable Shrimplin on the state convention in Chicago.

There were four unidentified donors to consider Beck's resignation.

ENGLISH has been general secretary-treasurer of the Teamsters since 1947. He is a member of the union for more than a half century. He said a majority of the Teamsters board members is behind him in a plan to demand that Beck call a board meeting to consider Beck's resignation.

If Beck refuses, English said, his group will simply convene a board meeting on their own and consider demanding Beck's resignation.

English was unanimously elected by AFL-CIO chiefs Tuesday as an AFL-CIO vice president and executive committee member.

More Tornadoes Kill 14 In Missouri; Town Destroyed

FREMONT, Mo. (UP)—The death toll rose to at least 14 today in a series of tornadoes that swept through eastern Missouri and virtually destroyed the little town of Fremont Tuesday night.

The Red Cross reported the verified death included three at Bonne Terre, four at Design, six at Fremont, one at Van Buren, and one at Jackson.

The death-dealing weather continued to threaten the area, with high winds and hail in the southeast Missouri where trees were uprooted and cars demolished.

Every home in the town of 207 population was leveled to the foundation. One witness said that outside of the three buildings spared by the twister, "nothing over three feet high was left standing."

The funnel roared eastward, dipping to a cluster of five homes and a motel. Witnesses said the motel collapsed into rubble, leaving nothing but the concrete block foundation.

The owner, James L. Wilkins, and his family took refuge in a concrete pump house. The five homes were damaged and three persons of one family seriously injured.

The twister then smashed into nearby Van Buren and slammed into the town square before disappearing. The twister missed a courthouse building in the square, but destroyed a number of business places and homes.

Refugees from the Fremont storm, all of them homeless, were taken to Winona, 11 miles away, where they were housed in temporary quarters with the help of the Red Cross.

Stratton Vetoes Bill Cutting Fees For Public Administrators

SPRINGFIELD 23—Gov. Stratton has vetoed a bill he said would deprive public administrators of most of their fees and another to make parents liable for property maliciously damaged by their children.

Rep. Robert McCarthy (D-Lincoln), sponsor of the bill affecting public administrators, told news that he would attempt to override the veto. This takes a two-thirds majority of both houses. It has not been done for about a score of years.

The bill assumed prominence after Stratton had demanded the resignation of Charles J. Fleck, Cook County public administrator, who gave up the job after he came under indictment on estate fraud charges.

McCarthy's bill would have permitted non-residents of Illinois to administer estates. "The bill," Stratton said in his veto message, "is a study of what can be done to alleviate the flooding problem in the city of Springfield. It is a study of the water entering the area from across the river. It is a study of the water entering the area from across the river. CHICAGO GRAIN

CHICAGO 23—Corn and soybean futures lost a cent or more before the downturn at today's session. The Board of Trade today was buying heavily, but the market was not buying heavily.

Wheat was steady to firm most of the session. The market was not buying heavily. The market was not buying heavily. The market was not buying heavily. The market was not buying heavily. The market was not buying heavily.

Selling in corn reflected a USDA prediction that corn prices will advance less than seasonal this summer. There also was some hedge selling and some liquidation on the part of farmers who are able to get their corn planted soon.

Price dips attracted commission house buying, however. There was general commission house liquidation in soybeans. Traders considered that the upturn of the previous session was technical in nature because of closing out of the May contract.

Estimated carlot receipts at Chicago, wheat 7, corn 103, oats 15, barley 8, soybeans 7.

Cohen Talks With Graham After Session

NEW YORK 23—Billy Graham Tuesday night preached a fiery sermon on the "Ten Commandments" with emphasis on adultery and murder—before an audience of 17,000 that included former racketeer Mickey Cohen and two bodyguards.

Graham said that his sermon that although he knew Cohen was in the audience his words would not be directed specifically at the one-time czar of the West Coast underworld.

DAR Installs New Officers

Officers were installed at the Friday luncheon meeting of the Kankakee chapter of the Daughters of the American Revolution by Mrs. Dore Lopez, installing officer.

New officers are Mrs. Delbert Sellers, regent; Mrs. Ruel Hall, vice regent; Mrs. Dorothy Topping, chaplain; Mrs. Fannie Sull, secretary; Mrs. Benton Garvin, corresponding secretary; Mrs. J. H. Burgeon, treasurer; Mrs. F. H. Nussbaum, registrar; Mrs. F. F. Grasser, historian; and Mrs. Irwin Taylor, librarian.

Mrs. G. M. Holcomb, chairman of Americanism and national defense, reported on letters received from President Eisenhower, Sen. Everett Dirksen and Congressman Leslie Arends, replying to inquiries addressed to them regarding the immigration law, the Bricker Amendment and the Status of Forces Treaty.

It was announced the fourth division conference will be held in Kankakee with the Kankakee chapter members serving as hostesses on Sept. 18. The fourth division is composed of Cook, DuPage, Will, Grundy, Lake and Kankakee counties with 33 chapters.

Mrs. Albert Peters, state regent, spoke on "A Fascinating Family." She told the group that genealogy is not a dead issue but a record of life, that our future is built on the past. She spoke of the value of birth, marriage and death records, of deeds and cemetery markers of the 1850 and 1880 census and urged members to help in the preservation of such records.

Mrs. Peters has published an article on Genealogical Research and has also written a book, "Kindle Two Fires." Table decorations were arrangements of spring flowers with a centerpiece in red, white and blue.

Mrs. Donald Creager who will move to Florida was presented with a gift. Guests were Mrs. Reno Ahlvin, Mrs. Thomas Baird, Mrs. William A. Richards and Mrs. Ronald M. Smiley.

In charge of arrangements were Mrs. Sellers, Mrs. Oren Bolin and Mrs. Glenn Zaring.

Progress Report On Jean After Year Of Dieting

By IDA JEAN KAIN

One year and two weeks ago, a courageous young woman came to grips with a mountain of overweight and resolved to make a miracle happen in her life. You will remember Jean, our model who weighed in at 410 pounds and wore size 40. Her abnormal weight gain dated back to a serious illness in her childhood.

"By mid-February of this year," Jean had lost the impressive total of 120 pounds. Ah, our dieter is no longer "carrying" her sister too. Jean's younger sister weighs 125 pounds.

For the past two months, our dieter has held her weight at this lower level in order to give her system a chance to adjust to the change. Here is her progress report to date.

"It was a year this month since I began dieting, and what a full and happy year it has been. When I first started, I had the gloomy feeling my world was going to cave in, or something. Well, it hasn't been easy, but not too rough either. There were times when I've overindulged in an extra treat and then worried about the results on the scales. But in the year of dieting I've gained only 3 pounds! But oh, those three pounds seemed like 30 when it came to having to lose them all over again!"

Mrs. Nelson Miner Entertains Members Of Gabalot Club

Members of the Gabalots met Thursday with Mrs. Nelson Miner of 1711 Lenington Circle.

Five hundred winners were the Mesdames Gene Richer, William Holtman and Hayward Smith.

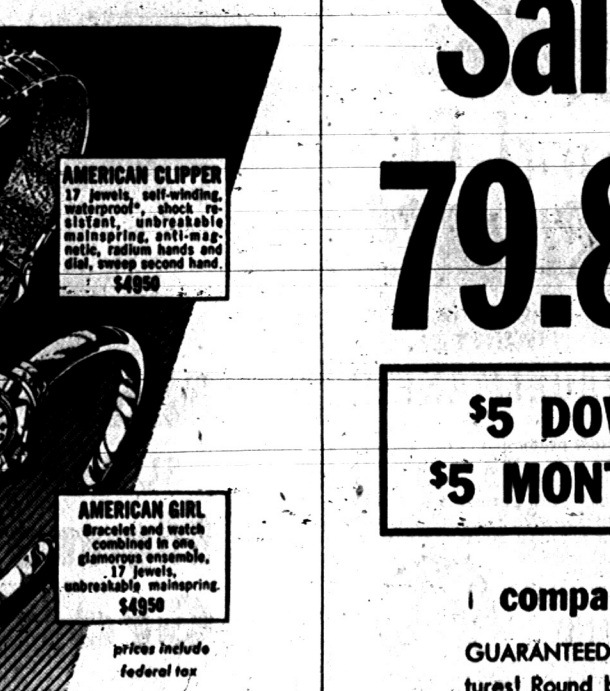

Mrs. Duane Schnell conducted the business meeting. Plans were made for a banquet June 22 with husbands of members as guests.

Mrs. Smith will be hostess for the May 28 meeting.

reach normal weight. It's good to get out of the house and be with people. I'm setting my second goal for 90 pounds off by the end of the year. By Christmas morning I want to bring my total loss to 210 pounds.

"I'm ready to go again. I'm happy to report that I am now working. I have a new job and this has given me a fresh incentive to lose this burden of fat."

Now that Jean knows she can do it, the hardest part of the battle is won! With the added incentive of the new job and her new responsibilities in the club, she is sure to be a winner.

Our next report will be in three months. Jean, honey, let's make the report 150 pounds off, by then, we'll all be cheering for you. Miracles do happen to those who believe!

Champagne Used For Midnight Party

Army Frowns On New Movie

HOLLYWOOD — Jack Lemmon, wacky enough to do it, is making a picture that won't bolster Army discipline even a little bit. He's the same fellow who won an Oscar for wrecking naval discipline as the hilarious Ensign Pulver of "Mister Roberts" and now he's giving a tip on "Operation Madball," a wild farce about GIs who are enlisted men and Army sergeants who are officers.

"IT'S THE FIRST time the U.S. Army has ever fully refused co-operation with a movie studio on an Army comedy," Lemmon says. "They want absolutely nothing to do with it. I don't blame them. Everything that you are not supposed to do in the Army, we do."

Lemmon plays a private who makes Phil Silvers' Sgt. Bilko look like a model soldier. Jack's sole Army function is engineering a wild party for GIs and nurses. That's how "Madball" gets in the title.

Director Richard Quine staged a wild party sequence that is still the talk of the movie industry. He used a novel trick that surprisingly no director ever employed before. He shot the party sequences from midnight on and instead of colored water—he used real champagne. A good time was had by all and it showed on the screen.

A REPORTER who visited the set could only liken it to New Year's Eve in Las Vegas. Mickey Rooney, a friend of Quine's, did a bit part in the party sequence without billing.

"I love parties," explained the Mick, "and this was the first time I ever got paid for going to one." Lemmon, undoubtedly the best light comedian to come along since Cary Grant, says he's higher on this part than he was on "Ensign Pulver," generally conceded to be one of the all-time great farce roles. The GIs will love it, he promises.

Mennonites Hold Sunday School In Cullom Hall

CULLOM (JNS)—Mennonite Sunday School classes were held in the Community Building, with a basket dinner served at noon.

Best Zehr of Fisher was elected president at the business meeting in the afternoon.

Mrs. F. R. Johnson and family of Brookton, Ind., spent a week with Mrs. Johnson's parents, Mr. and Mrs. James Anderson. Scotty Long, a member of the Air Force, is in Great Lakes Hospital for diagnosis and treatment. He is the son of Mr. and Mrs. Paul Long of Cullom.

Schedule Free Movies In Forrest

FORREST (JNS)—Free movies are scheduled to begin Saturday evening on Main street in Forrest. The businessmen have a 15-week contract with Wayne Cupp of Watkins. The series will include technical features and a cartoon every Saturday night.

Stuart Miller, Richard Zorn, William Metz, William Folmer, Philip Rieger, Earl Metz and Roger Lindemann attended the state Lion's Club convention in Peoria on Sunday.

Leo Altig, vice president; Mrs. Streator Man Gets Prison Term

DES MOINES (U)—Raymond Fred Deane Jr., 30, Streator, Ill., Tuesday was sentenced to 18 months in prison for driving a stolen car from his home town to Des Moines.

U. S. Dist. Judge Henry N. Graves recommended Deane to commit to the medical center at Springfield, Mo. Asst. U. S. Dist. Atty. John Stevens told the court Deane was suffering from alcoholism.

Announce Winners Of Fishing Derby In Gilman Area

GILMAN (JNS)—The fishing derby, postponed four times due to unfavorable weather, was finally held Saturday for the children in the Gilman area under the sponsorship of the Sportsman Club and Rotary Club of Gilman.

The children under 12 years of age fished at the pond in Mann Park from 9 a. m. to noon. The older children, 13 through 16 years, fished at the Illinois Central Reservoir.

Melvin Reitz was general chairman of the contest at the park and Jack Holt was in charge at the reservoir, with Charles Grills presenting the prizes.

At Mann's Park, Loren Kohler won a prize for catching the largest fish, Craig Marlett was second and Carol Marlett, third. Jeffie DuVall caught the most fish and Robin Reitz caught the smallest fish.

At the reservoir, Max Grills caught the largest fish, Dave Schroeder, second, and Basil Hamilton Jr., third. Ray Tholen caught the most fish and Larry Brassard caught the smallest fish.

Treat Delinquency As Disease: Expert

CHICAGO (U)—A pediatrician asserted today that juvenile delinquency, like cancer, should be detected and aggressively treated in its early stages.

Dr. James D. Gillespie of Urbana, Ill., said abnormal traits in children under 7 years of age can lead to serious behavior problems and delinquency in later years.

He said emotional instability and problems of delinquency in the formative years should be discussed frankly by pediatricians and family doctors.

"Parents should be advised of available services and the physician should arrange suitable contacts," he said in a talk prepared for the annual meeting of the Illinois State Medical Society.

IN THIS KIT SHOULD BE an ampul of epinephrine, a vial of an injectable antihistamine, a hypodermic syringe and needle, and a tourniquet large enough to go around the thigh.

Doctors should instruct these people how to use this equipment—if they get stung—while waiting for the country doctor to arrive.

The feared disaster is anaphylactic shock, which is the highest test of the allergic reactions. It can have a fatal outcome in a matter of minutes. Since collapse of the circulation is a threat, Bernard warned that some people are sensitive against "a long run or other excessive physical strain."

Even Yankees Can't Stop Sox

Big Day In Chicago! Cubs Triumph, Too

CHICAGO — The Chicago White Sox finally have cracked the New York Yankees barrier.

Billy Pierce backed up a four-hitter with eight strikeouts and even batted in a lead to lead the Sox to a 3-1 victory at New York Tuesday night.

It was Chicago's first decision of the season over the Yankees and stretched its winning streak through eight games. The Yankees slipped to three games behind the league-leading Sox, and one behind second-place Cleveland.

PIERCE COLLECTED his sixteenth triumph, winding it up by retiring the last 16 batters he faced. Whitey Ford absorbed his first loss after winning his first two decisions and yielded all of Chicago's six hits.

The Sox overcame a 1-0 deficit with three runs in the sixth on a combination of singles by Jim Riva and Pierce, a walk, a fielding error and a squeeze bunt by Bubba Phillips that allowed Jim Landis to race home from third.

The Sox were to conclude their series at New York today with Jim Wilson (4-1) facing Johnny Kucka (2-2).

THE CHICAGO CUBS also came through Tuesday winning their first game of the season at Wrigley Field, 4-3 over the New York Giants.

The tying and winning runs were scored with two out in the ninth inning. Jim Bolger counted the decisive run single to Carl Newman's pop fly through to short center.

Bloom's state champion 800 relay team of Jim McDonald, Larry Clark, Stirling Jenkins and Leroy Jackson toured the distance in 1:30.8 which is plenty good to beat the 1:31.1 record posted by Bloom's Charles Collins, Robert Thompson, Frank Carr and Jackson last year.

BLOOM'S 800 relay quartet of Bob Thompson, Lora, Ed West and Macklin ran a near record 2:28.8 at Champaign. Last year Bloom's Collins, Green, Nick Thomas and Macklin established a 2:32.5 SSL record.

Jackson might match or better the 10 flat record in the 100 yard dash set by Bob Kinsey of Thornton in 1958 but the Trojan speedster would have to be at his best. He won in that time on a heavy track in the state but has never been under that figure outdoors.

Records that appear to be safe are the 220 (2:18) in the straightaway set by Frank Peters of Blue Island in 1965, the mile run (4:28.6) set by Bob Bagwell of Kankakee in 1955, the high hurdles (1:18.8) set by Willie May of Blue Island in 1955, the high hurdles (1:44) set by May Jr. in 1955, the pole vault (13 feet) set by Tom Peoples of Thornton in 1958.

Preliminary events start at 4:30 o'clock this afternoon and the final at 7:30 tonight.

In case of rain, the meet will be moved back to Thursday.

Chicagoans Cop 8th In Row As Pierce Hurls

BY THE UNITED PRESS
Those "Go, go" White Sox are going all right, with eight straight victories and a cozy two game lead, but get a load of Casey Stengel, who is slowly going daffy because his world champion Yankees "ain't hitting a lick."

That was the story Tuesday night as southpaw Billy Pierce limited the Yankees to four hits in beating them 3-1 for his sixth victory and White Sox first over the Bronx Bombers this season.

Pierce, who struck out eight batters to take over the American League lead with 43 strikeouts, said it was "the best game" he pitched all year.

"He pitched a fine game," Stengel conceded gloomily, "but it doesn't matter who's pitching against us these days. We're not hitting any of 'em."

The Yankees have dropped three of their last four games and in each of those defeats they scored only one run.

A SIXTH-INNING error by rookie second baseman Bobby Richardson paved the way for three unearned runs and the downfall of Whitey Ford, making his first start since May 4. Jim Riva singled home the first run, Bubba Phillips drove in the second with a squeeze bunt and Pierce singled home the third.

Reno Bertie, Detroit's big surprise this year, singled home the winning run with two out in the 16th inning in the Tigers' 2-1 victory over the Orioles. Camilo Pascual pitched his first major league shutout and the first by a Washington pitcher this year to defeat Kansas City 3-0 and Cleveland beat Boston 8-2 with aid of five Red Sox errors.

But when fans can watch fights on television, the small promoter has no crowd and no income. So he's going out of business. In that way television is hurting the development of talent which later could be the TV headliners."

KEARNS, who is co-manager of Kenney Lane, No. 1 contender for the lightweight title, is in Detroit for Lane's fight tonight with unranked Henry (Toothpick) Brown.

The silver-haired promoter also put himself on the side of the "BUT IT'S KILLING the little promoter," Doc said. "And that means it's choking boxing. It takes big promotion to stage a televised fight. But the promoter doesn't pay the price to anyone but the headliners. The preliminary fighters don't get the benefit of television which would help build them up. And they don't make any money. So, they quit fighting and get a job in the TV headliners."

Big 10 May Modify New Aid Program

EVANSTON — Big Ten athletic directors today were to open preliminary discussions on proposed modifications of the conference's new financial aid to athletes plan.

The proposals will be placed before faculty representatives who meet Friday and Saturday.

Unanimous approval is predicted for an amendment that would provide awards of board, room, books, tuition and fees—regardless of proven need of an athlete—to students in the upper quarter of their high school classes.

THEY WOULD have to maintain a "B" average throughout college to remain eligible for such a grant. Other proposed modifications include:

1. Make transfer students from junior colleges and perhaps even other colleges and universities immediately eligible for aid. Presently, transfer students can receive no aid during their first year of residence at a Big Ten school.

2. Remove some present restrictions on a coach's off-campus contacts with prospective athletes after an athlete has declared his intention to enroll and accepted an offer of financial aid. A Big Ten coach currently is not permitted to have any off-campus contact before an athlete enrolls.

3. EQUALIZE the differentials in college expenses at Big Ten schools without regard to need or scholarship requirements.

Football coaches' salaries, postponed until the conference meets in December the mapping of 1961-1962 football schedules.

Tunney Testifies For IBC In Monopoly Suit

NO ORDINARY SMITH - By Alan Mauer

NEW YORK (AP)—The bill rang for round two today in the Government vs. the International Boxing Club monopoly suit.

The IBC already has been found guilty of monopoly practices. The present hearings, which started Monday, are being held before Federal Judge Sylvester J. Ryan to determine what action to take against the IBC.

Gene Tunney, who retired as undefeated heavyweight champion was listed as chief witness for the defense. He was expected to testify that the IBC has been conducting boxing and specifically championship fights in the best interests of the sport.

JIM MORRIS, the IBC chief, took Tuesday off from the court hearings to talk over a proposed mid-weight championship bout with the titleholder Sugar Ray Robinson.

When the confab was over, Morris had Robinson's verbal agreement that he would fight Carmen Basilio, whose manager, Eddies Machen, of being slaves to the IBC.

Meanwhile, Emil Lence, who hopes to promote the next heavyweight title fight, accused promoters Hurricane Jackson and Eddies Machen of being slaves to the IBC.

"THEY ARE OWNED by the monopoly," he fumed. He is seeking an opponent for champion Floyd Patterson, whose manager, Gus D'Amato, refuses to fight for the IBC.

"Jackie's way of saying 'no' to our proposal was to ask for a \$150,000 guarantee against 20 percent and a \$25,000 training expense," Lence continued. "I haven't contacted Machen. But I'm going to call his manager on the coast. I know I'll be wasting my money."

Drivers Urged To Watch Signs

One-Way Street System In Operation Tuesday

Motorists in downtown Kankakee
will have to adjust their driving
habits to one-way streets starting
at 8 a. m. next Tuesday.
At that hour the one-way road
system will go into effect. Police
Chief Wallace Flannery announced
today.

The system will work this way:
Dearborn avenue—southbound
from Oak to Merchant streets.
Merchant street—westbound
from Dearborn to East avenues.
East avenue—northbound from
Merchant to Oak streets.

Flannery said that all necessary
signs have been placed along these
streets and he urged drivers to
watch these signs carefully and
obey them starting at 8 a. m. Tues-
day.

Four motorcycle officers
will patrol the one-way road to as-
sure motorists in understanding the
new "one-way" system.

The chief listed these important
points to remember when driving
on one-way streets:
Drive on the left side of the
street for a left turn and on the
right side for a right turn. Motor-
ists who turn left from the right
hand lane on a one-way street are
inviting accidents.

Watch closely behind when pull-
ing into the left hand lane—do not
switch lanes if at all possible.

U. S. Leaders Discuss Disarmament Move

Sen. Morse Draws Lawmakers' Fire For Statement

WASHINGTON (U)—A little
group of Senate Republi-
cans joined informally today to
fight Sen. Morse's statement
on disarmament and legislative
programs.

Working without a day
House direction, they want to
avoid any clash with regular GOP
leaders who have opposed some
of the Eisenhower proposals. But
these "modern Republicans" said
they hope to drum up more sup-
port for the President.

"We're going to do our best
all the way through to get the Presi-
dent's program enacted," Sen.
Cooper (R-Ky.) said a reporter in
discussing the informal agree-
ment.

"If we don't get more support
for the President, it's going to
hurt our party in the 1958 elec-
tion. We believe in the program
President Eisenhower has pro-
posed and we are backing it 100
per cent."

Cooper said Sen. Javits (R-
N.Y.), Sen. Clifford Case (R-N.J.)
and some others have talked over
the matter.

Cooper did not list the others
but said they included Sen. Wil-
son (N.H.), Sen. Aiken (Vt.), Sen.
Carter (N.H.), Sen. McNamara
(N.H.), Sen. E. A. Tamm (D-Me.),
Sen. Watkins (D-Min.), Sen. Wil-
son (N.H.), and Wiley (Miss.).

PORTIONS of Eisenhower's
program have come under criticism
from several GOP senators, in-
cluding Sen. Republican Leader
Knowland (Calif.).

Bush, who served as platform
committee chairman for the GOP
convention which reelected Eise-
nhower last year, praised the
President for making it clear at
Washington that he is more en-
thusiastic about giving campaign
backing to Republicans who share
his views than to those who don't.

"His statement is encouraging
to all of us who are trying to
carry out the platform program,"
Bush said.

Eisenhower said he is "commit-
ted to the support of people who
believe, as I do, that the Republi-
can platform of 1956 must be
carried out."

"There is no question in my mind
that the GOP should control
Congress and to that extent he
is committed," Bush said.
