Perfect Summer Dessert Found

By CECILY BROWNSTONE
Associated Press Food Editor

Eight tasters gave their full approval to this Lime Souffle Cake as a perfect summer dessert. It has a delicate flavor, a puffy but substantial texture and is easy to make.

Although there is a cream or cottage cheese in this dessert, it will remind you of a light-as-air cheese cake. Three ingredients—eggs, sweetened condensed milk and fresh limes—achieve the interesting filling. The crust and topping are a combination of zwieback crumbs, sugar and melted butter or margarine along with finely chopped walnuts. We borrowed the idea of adding the nuts from a professional caterer and they add immeasurably to the dessert.

If you plan to offer this Lime Souffle Cake as a supper party dessert, you may wish to prepare it an hour and a half to two hours before it is to be served. This method is practical because the dessert is baked for half an hour in a slow oven and then it is cooked in the oven (with the door closed) with the heat shut off. When it is removed at the end of the cooking period, it will be warm, high and puffy—a delight to savor. Or you can prepare the dessert well ahead and serve it cold; in this case it will shrink an inch or so in height but it will still taste delicious.

LIME SOUFFLE CAKE

Ingredients: 4 large eggs (separated), 1 can (15 ounces) sweetened condensed milk (1½ cups), 1 teaspoon grated lime rind, 1 cup lime juice, ½ cup fine zwieback crumbs, 2 tablespoons sugar, 2 tablespoons butter or margarine (melted), ¼ cup very finely chopped walnuts (packed down).

Method: Beat egg yolks in medium-sized mixing bowl with rotary beater (hand or electric) until thick and almost white in color. Add condensed milk and beat until blended. Add grated lime rind and lime juice and beat again until thoroughly blended. Fold in the zwieback crumbs and sugar together well. Turn the mixture into a 9-inch square baking pan lined with melted butter.

Charlotte Phone Operator Resigns

CULUM (JNS)—Mrs. Margaret Meredith, who was switchboard operator in the Charlotte telephone office for 10 years, resigned her position and moved away.

The Inland Telephone Co. of Chicago, which bought the Culum Mutual Telephone lines in 1955, also bought the Charlotte lines. All calls on Charlotte lines will now be handled through the Culum central office.

New wires and poles are being strung in the Charlotte area to bring the Charlotte lines into Culum territory. The work will be completed by tonight. People in the Charlotte area also get their mail through the Culum Post Office.

Ashkum Church Classes Meet In Cox Residence

ASHKUM (JNS)—The Sunday school classes of Charles Durham and Millard Cox met at the Cox country home Thursday evening for a winter road.

These present from Durham's class were Susan Whaley, Jackie Johnson, Kathleen Bailey, Donna Cox, Alvin Weir, Ronnie Anderson. Present from Cox's class were Larry Jacobson, Larry Harms, Danny and Diane McDonald, Gene Breiden, John Schroeder, Jean Fred, Kay Woods. Others present were Janet Cox, Mrs. Charles Durham and Ann.

MR. AND MRS. Ray Newatt of West Chicago visited the latter's brother and sister-in-law, Mr. and Mrs. R. C. Pruitt and Mrs. and Mrs. L. E. McDonald, Diane and Dan, on Sunday afternoon.

Mrs. George Christensen returned Thursday after spending three weeks in Los Angeles, Calif., with her brother-in-law and sister, Mr. and Mrs. L. W. Zwally.

John Lohman returned Friday after spending two weeks in Denver, Colo., with Atty. and Mrs. James G. Martin Jr.

Mr. and Mrs. Fred Stenke and family and Mrs. Frances Stenke of Clinton visited Mr. and Mrs. Herman Stenke in Chicago on Sunday.

Mr. and Mrs. John Leander of Sullivan visited friends here Friday. Leander is a former grade school teacher here.

E. K. "Pat" Brown was moved from St. James' Hospital, Chicago Heights on Thursday to the Hines Veterans Hospital in Chicago on Sunday.

Mr. and Mrs. Leon Anderson and Jeffrey spent Sunday with Mr. and Mrs. Fred Keck and family in Hinsdale.

Mrs. Fred Keck spent several days in the city with a sister, Mrs. P. H. Hargreaves, Algonia, Iowa.

After several trial sermons, he was hired as resident pastor of the local church. Mr. Hoke is married and the father of triplets born June 27. Mrs. Hoke is the former Patricia McDaniel of Iowa.

MR. AND MRS. Ephraim Morrisette and children returned after a vacation trip to Las Cruces, Mex., where they visited one of Mrs. Morrisette's college friends and her family.

Sorrow Is No Stranger

Mother Refuses To Talk About Slaying Of Son

A woman to whom sorrow is no stranger was in jail here today, unofficially accused of shooting her 14-year-old mentally retarded son, a patient at Manteno State Hospital.

But Mrs. Vera L. Durant, neat and graying, steadfastly refused to answer all questions about the shooting until she could see an attorney, and she said she has no money to employ a lawyer.

Mrs. Durant was visiting her son, William, at the close of visitors' hours Wednesday afternoon. She was overheard to say, "Kiss me goodbye."

A shot rang out and the boy fell to the floor. Mrs. Durant said she saw the actual shooting, but another visitor saw Mrs. Durant throw a 25-caliber gun under the table officials used to remove the body.

An attendant intercepted Mrs. Durant on a stairway as she left the building. No formal charges have been filed. An inquest is set for 2 p.m. Friday.

Sheriff James W. Laffey has a bill of sale showing that the gun was purchased May 11 by a woman using the name of Maxine Douglas.

MRS. VERA DURANT, held in connection with shooting of her son at Manteno State Hospital, leaves Kankakee County Jail with Deputy Sheriff Matt Egan. Mrs. Durant has refused to answer all questions about the shooting. (Journal photo)

2-Year-Old Entombed In Well

BIG RIVER, Sask. (UP)—Volunteers, using the technique that saved the life of little Benny Hooper, Wednesday night rescued a 2-year-old boy from the bottom of a 12-inch wide well.

The boy, Kimdale Smith, Saskatoon, was taken to a hospital after his five-hour entombment. His condition was reported to be satisfactory.

As in the case of the Hooper rescue at Manville, N. Y., volunteer workers dug a shaft parallel to the well, then bored underground tunnel through to the boy, as they dug, a doctor supervised the pumping of oxygen into the well.

This procedure, too, had been used to help save the life of the 2-year-old Hooper boy, who was entombed in a damp well shaft in the yard of his Manorville, N.Y., home for nearly 24 hours earlier this year.

LITTLE KIM tumbled into the 17-foot deep well while playing on a farm where he and his mother were visiting relatives. Royal Canadian mounted police immediately issued an appeal for excavating equipment.

In less than an hour, about 100 volunteer workers and two bulldozers were on the scene. Super-spiraling the operation was a professional well digger.

The boy's screams pierced the night air as the bulldozers scooped the soft dirt adjacent to the well. Rescuers who reached Kim said he appeared to be unharmed.

AUSTIN, Tex. (UP)—An air-conditioning unit was described as emitting a "funny noise" in a man George Smith found the trouble, a 6-foot-long snake.

Complete Staff For Kankakee Schools

A director of instruction for the district and a supervising principal for Washington and Taft schools were named Wednesday night as the Kankakee District 111 completed its staff for the 1957-58 term.

Mrs. Gretel Smith, assistant professor of education at the University of Wisconsin in Milwaukee, was employed as acting director of instruction.

She replaces Earl Patton, who is on two years' leave of absence. Harold Hungerford, science teacher at the high school and former teacher at Central Grade School, was named to the Washington-Taft principalship.

He succeeds Stanley Weber, who was appointed principal of WJHS at the board's last meeting.

THE JEFFERSON principalship will be combined with that of Lafayette School, a post held by Howard Rice.

Thos. C. Wood, employed in the last board meeting, was appointed head teacher at Lincoln School, replacing Robert Sulzer who resigned to take a post in Florida.

Most of Mrs. Smith's duties will consist of working with teachers. She was a graduate of the University of Michigan at Ann Arbor.

Mrs. Smith taught in a rural school, was critic and principal in a two-year county normal school in connection with Central Michigan college, and was a substitute instructor in the education department of Central Michigan College and Michigan State College.

She was assistant professor of education at Western State College of Colorado and spent one year as educational consultant in St. Croix County, Wis.

Her undergraduate major was in English with minors in art and

Living Costs Hit New High This Month

Food, Services Principle Causes Of Continuing Spiral

WASHINGTON (UP)—The cost of living rose to an all-time high July, the Bureau of Labor Statistics reported today. This was the 11th consecutive monthly increase.

The July advance was 1/2 of 1 per cent.

The bureau said substantial advances in food prices and in "other goods and services" group were the principal causes of the rise. All major groups except housing and apparel advanced.

Food prices rose 1 per cent during the month, reaching a new all-time high. Food prices now are 7.1 per cent above the previous record peak of August, 1952, and 2.3 per cent above the level a year ago.

THE LIVING COST increase means that about 1,300,000 workers under labor contracts containing escalator clauses will get wage increases ranging from 1 cent to 6 cents an hour. These increases are based on the cost of living index.

The bureau said the bulk of the workers will get increases ranging from 3 cents an hour.

Wage increases will go to workers in the automobile industry, farm equipment, electrical appliances—particularly Westinghouse—local transit, and clothing, and trucking, the bureau said.

Some of the increases are based on quarterly adjustments and shows children are inclined to react severely after receiving inoculations.

A department spokesman said two Brooklyn children ran temperatures of 105 degrees and had to be hospitalized Tuesday after receiving the vaccine from a private physician.

Dr. Joseph P. Kandle, acting commissioner, said the severe effects from the vaccine "usually occur in children under 10."

H. R. RILEY, chief of the division of prices and cost of living, said the price increases ranged across the board, except for a slight decline in apparel and no change in housing.

He said the rise in food prices was seasonal and was expected. Riley said the drought along the East Coast had made "no observable effect" on food prices.

Riley did not hold out much hope for a decrease in the cost of living in August.

The July advance to another all-time high followed a 5 per cent rise in June.

The new index means that Americans paid \$12.08 in July for the same items that cost \$10 in 1947-48.

AFTER MORE THAN two years of holding steady, the index started to rise in June.

PLEASE MR. SPIRIT DON'T LEAVE US! STICK AROUND

ESTERVILLE, Iowa (UP)—Local residents aren't asking too many questions about the friendly "spirit" at Spirit Lake, Iowa, whose bones were sent here. They're afraid he'll quit.

So far, the anonymous donor has distributed more than \$400 to residents here. All of the pay envelopes came from Spirit Lake.

Police Chief Francis Solomson said the mystery man began giving the money away last year. The chief said he has no idea who is sending the money, and no one is pressing too hard to learn the donor's identity.

Solomson received a gift of \$10 last year and got another present this year. However, he won't disclose the amount of his latest windfall.

Art Bringle, an employee at the Emmet County courthouse, also received a donation of \$50 recently. Bringle was on the receiving end of a \$200 gift last year.

The donations, which have varied from 2 cents to more than \$200, are wrapped in plain paper and sent through the mail.

"For my part," Solomson said, "I'm not too worried about it. The money comes in handy. I got my last gift the day before I went on my vacation."

WASHINGTON (UP)—The Senate Rackets Committee today heard a HSI wire tapped telephone conversation in which Teamsters Union boss James R. Hoffa assured terrorist Johnny Dio of a clear field in organizing New York taxi drivers.

Hoffa said he was listening to the recording. He has just denied that he had sought through Dio to get a foothold in New York.

The recording, made legally by New York police, was of a Hoffa-Dio talk on March 10, 1953. In it, Hoffa said he'd talked "to that Hickey guy."

SEN. MCCLELLAN (D-Ark.) said today he has a report that former heavyweight champion Joe Louis was paid \$500 to sit at Teamsters Union boss James R. Hoffa's recent bribery trial for two hours.

In Chicago Louis said "I didn't get twenty-five nothing."

The former champion said he and Hoffa had been friends for 10 or 12 years and had gone to the trial expecting to be called as a character witness. He was not called.

Hoffa said he had \$2,500," he commented.

Hoffa was acquitted of the charge by a jury made up of eight Negroes and four white persons. Members of the jury said in later interviews that the racial issue had not entered into their decision.

HOFFA REPLIED: "If he was, he wasn't paid by Hoffa."

McClellan asked Hoffa to check to see whether any Teamsters funds were used to pay Louis and appearance fees.

It was Hoffa's third day in the witness chair, and the committee promised to play more wiretapped telephone conversations of purported conversations with New York racketeers.

The committee contends that Hoffa, now the odds on president to succeed Dave Beck as president of the union, Teamsters Union, formed an alliance several years ago with Johnny Dio to enhance

Mule Doesn't Like West Point Honor

KANSAS CITY (UP)—Jackson, a 5-year-old midget mule, was put aboard a train Wednesday and sent on his way to West Point to serve as mascot at the U.S. Military Academy.

It wasn't as easy as it sounds, Jackson wasn't a bit impressed with his prospective role and balked at entering an express car. It took four men to shove him aboard.

Jackson was sent as a gift.

Caution In Syrian Problem

If the United States should apply anything resembling pressure to keep Syria out of the Communist orbit, the result might be likely to send the Syrians scurrying to Russia to help.

In order to obtain backing for their political coup, the leftists in Syria generated full feeling against the western powers—and particularly the U.S. They have, therefore, cut themselves off from the possibility of accepting U.S. aid, even if it were offered.

At this juncture the U.S. cannot afford to act vigorously. Nor can it afford not to act. As a result the State Department is moving with caution and it is counting on the Arab nations themselves to restrain the pro-Russian elements in Syria.

There is evidence that most of the Arab nations, while they decry western imperialism, are increasingly aware of Russian imperialism.

It is believed that the Arab states really want independence between the East and the West and a working alli-

ance of the new and growing nations of Africa and Asia.

Egypt is inclined to desire the drifting away of Syria from the grip of the Soviet Union. Jordan is now neutralistic between East and West but is roughly oriented with the West. It is expected to exert what pressure it can toward moderation in Syria.

Saudi Arabia, a monarchy, is aware that a monarchy cannot survive under communism. It has no desire to see communism imported into Syria or any other part of the Middle East.

The position of the U.S. in the Middle East seems to be roughly analogous to the position of the dog in the fable: "I know he won't bite. You know he won't bite. But does he know he won't bite?"

The view of the State Department now is that things are too uncertain at this moment for the United States to make any direct approach of the Syrian problem. But such an approach might be made by other Arab nations who are interested in seeing a Middle East free of domination by the Soviet Union.

Making The Facts Available

Every so often something happens to point up the fact that things are changing for the better. The most recent indication came Tuesday amid the excitement of the New York Central derailment here.

There was a time when big business—the railroads included—operated with their cards close to the vests. If mechanical failure closed down manufacturing, if a fire damaged a section of a shop or if a workman was injured on the job, management's top echelon was once quick to "clam up."

When trains tangled or strayed from their tracks, it was a real rugged job to gain information that could be passed on to the public. In fact, a newsman was a persona non grata at the wreck scene.

In recent years this archaic attitude has changed. Most industries, business concerns and transportation outfits now willingly cooperate with news-

men in almost every instance of emergency. The philosophy now is that the public has a right to know.

This enlightened attitude was evident Tuesday soon after the derailment at the Court street crossing when a NYC railroad public relations man called this newspaper from Cleveland, Ohio, to ask if company officials at the scene were properly providing information necessary for the news account. Actually the railroad men were completely cooperative.

While of no great import in the larger sense, the incident illustrates that the railroads, often criticized for their relations with the public, are now handling their chores in a heads-up manner. We imagine that this example of public relations at its best could be contagious and have a beneficial effect in the overall operation of the big railroad organization.

Menace Of The Hurricanes

It is undoubtedly of little comfort to the people of Cameron, La., to know that Hurricane Audrey, which struck the Gulf coast with such fury this June, was one of only three such storms recorded in that month in the past 31 years.

August and September are the big hurricane months generally. In the 1926-56 span, 37 of the 49 hurricanes which caused loss of life occurred in those two months. Half a dozen have hit in October and a mere handful in November and July.

Holland A Land Of Bicycles

AMSTERDAM, Holland — If I were asked to give Holland a name, I would immediately call it BICYCLE LAND. For it is a country swarming with cyclists.

Holland has millions of bicycles and leads the world in number of bikes, considering its population. In fact, the statistics show that it is nearly 10 million inhabitants own over four million bicycles.

If you rule out infants and old people too feeble to cycle, you find that practically every adult Dutchman owns a bike and the JOHN B. CRANE typical Dutch family owns two bikes plus.

It is not at all unusual here in Amsterdam or in other leading Dutch cities to see papa and mama, each on a separate bike, peddling along through thick traffic with a child on behind, or sometimes even two children on each bike, one behind and one in front of its parent.

"ROMANTIC TEENAGERS" cycle side by side, holding hands, steering with the remaining free hand and gazing adoringly at each other, apparently oblivious to the traffic all around them.

The average motorist like myself is no match at all for the swarms of cyclists who pour into the streets, homeward bound, at the close of the working day. For they swarm in front of you, behind you, on each side of your car. If you stop for a red light you find yourself surrounded immediately on all sides by dozens of cyclists.

I FELT LIKE A SHORN lamb surrounded by a pack of hungry wolves, and retreated to the curb on the nearest side street to wait till the evening bicycle jam was over.

Holland is a paradise for cyclists, but a veritable nightmare for motorists. The streets are off a weekend, rent cycles and modern network of divided cement highways on which cyclists are not allowed.

The Dutch government has thoughtfully built paved cycle paths, and a cyclist can ride clear across the whole country in one day. As a result, it is quite unnecessary to own an auto. Cycling is healthier, cheaper and more delightful.

THE MANHUNT

By David Lawrence

U. S. Facing Decision On Passports

WASHINGTON — The United States government is faced with one of the most critical decisions in American history—whether or not to seek punishment in the courts for the 41 American citizens who defied the passport regulations of their own country by entering Red China.

There is a tendency in some quarters to pass it all off as a youthful stunt. Soft attitudes toward juvenile misbehavior have for many years now given America a major problem.

Unfortunately, David Lawrence also, precedents being created to day can rise to plague the American government in affording protection hereafter to American citizens traveling abroad. The armed forces of the United States have been ordered into action in several instances to protect the lives and property of American citizens throughout the world.

If the 41 students now in Red China should be imprisoned, the

American government would, legally speaking, be unable to make a direct protest because diplomatic recognition has not been extended to the Peiping regime. The students are, of course, relying on the American government to get them out of trouble if any mishap befalls them. Yet they themselves, judging by the precedents, have forfeited all claim to such protection.

Edwin M. Borchard, this country's foremost authority on the subject, wrote in his book, "Diplomatic Protection of Citizens Abroad," as follows: "Under the rules governing the issuance of passports, it (diplomatic protection) will be refused where desired to further an unlawful or improper purpose."

Anyone who gets a passport takes an oath when he or she applies for it. The oath reads as follows: "Further, I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I take this obligation freely, without any mental reservation, or purpose of evasion; so help me God."

THE STATUTES OF THE United States provide criminal penalties for anyone making a "false statement" in his application for a passport, and conviction results in a loss of civil and political rights in the United States.

Does the obligation to carry out the words of the oath apply only on the day when the oath is taken, or is it a continuous obligation? This is the question a federal court would have to decide if a case were brought. The Supreme Court has consistently upheld the right of the President and secretary of state to speak for the American government in matters of foreign policy. There is, moreover, no such thing as a "constitutional right to travel."

Certainly the 41 Americans now in Red China were formally warned by Acting Secretary of State Herter, through the American ambassador at Moscow, about "the assistance of quasi state of war" and the continued application of the trading with the enemy act.

"Editor & Publisher," the leading trade paper of the newspaper profession, which has been waging a crusade to get American newsmen into Red China, says this week: "There may be some good reason to suppose that the rash action of the American youths going defiantly from Moscow into Red China will throw a big monkey wrench into the machinery that has been grinding slowly toward a revision of the State Department's policy against news reporting from this Communist country."

"PUTTING IT PLAINLY on the basis of patriotism, we believe the young delegates to Students' festival of youth and students have no right to take the law and their country's foreign policy into their own hands."

No decision has been made yet about an official White House winter season. Last winter there was only a limited budget for official receptions and dinners. It'll probably be about the same this winter.

If he had his say, however, it is suspected that the social season would be cut below what it was last year. It is reported, however, that the naturally gregarious citizens must avoid all dealings with foreign governments which are enemies of the United States.

The First Lady must carry a heavy schedule of official duties such as appearing at luncheons and teas. Mamie is also in great demand among her personal friends. She visits as many as she can fit into her schedule.

The Case For Moonlighting

"Moonlighting" means that a fellow, who by union rules or the law or whatever other compulsion works only 40 hours a week or less, gets himself a second job and makes a little more money. Personally, I think that is a wonderful idea. Surely, a grown man can put in more than 40 hours a week to benefit himself and his family and most of them do. A fellow is alive 168 hours every week and what most of them do with the surplus 128 hours is to tighten their belts. Maybe they just sit around and gab with the Missus until she is ready to drop dead from so much talk. Maybe that is one reason why the divorce rate is so enormous in this country.

The men who succeed in life do not limit themselves to 40 hours a week. No lawyer could get to the first rung of the ladder on 40 hours a week. He could not limit his reading of cases to that. No doctor can make a career on 40 hours a week; most of those whom I know work pretty much round the clock and are lucky if they can grab a six or seven hour sleep in a night. Certainly at the start of a medical career, work is constant and hard on doctors have the deadly problem of keeping up with the new developments, a reading task that is almost superhuman. Those who make good, do it.

MANAGEMENT CERTAINLY CANNOT limit itself to a 40 hour week. The really top men in management stick to the job constantly, otherwise the company goes to pot and in due course is taken over and amalgamated because the time-clock cannot be used by management. The fellow who gets himself a white collar job and then says, "Let George do it," sooner or later finds that George does it and moves up.

Of course, there are exceptions like the fellow who marries the Boss' daughter and becomes an ornament, but I have known many a young fellow who married the Boss' daughter, took hold of the situation and did as good a job as the old man, if not better. Maybe the father planned it that way.

"Moonlighting" is OK with me because it shows initiative, conscientiousness, ardor and family responsibility. I have heard the argument that two jobs saps a man's strength. That depends upon how much strength he has.

SHORT WORKING HOURS may be socially a sound idea but is it psychologically? There is a difference between leisure and idleness, just as there is a difference between nobility and sanctimoniousness. For example, the other day, I read of a lot of senators who got up on the floor of the Senate to make speeches praising Joe McCarthy to the skies and pretending that they were sorry that he is dead. Many of them were the bull-boys who broke his heart and sent him to an early grave. I did not read a single speech asking God's forgiveness for the hearing of false witness to achieve political advantage. That is an example of the difference between morality and hypocrisy.

So the problem of the 40 hour week, which may soon be a 30 hour week, needs to be analyzed from the standpoint of what idleness does to the individual. If it is true that there are several million "Moonlighters" in the United States, it goes to show that there are several million Americans who cannot be beaten down by the doctrine that a fellow must do nothing for himself, but must stick along with the least effort, depending upon benevolent politicians to pass laws giving him a minimum subsistence from the cradle to the grave.

THE ARGUMENT COULD BE USED in the 1930s when Americans didn't know any better. Today, as we are approaching the 1960s, even the kids know that a dollar in one's pocket is surer than a promise from the bureaucracy and that when there is a pauper's minimum, that is all you get.

The ambitious young man who "moonlights" incidentally must make it tough for the fellow who tells his wife that it is against the law to work at a machine in the morning and sell Salami as a relief man. The other fellow's girl has the cash to buy what she thinks she needs.

Giving Blood Too Often

It's very commendable to want to donate some of your blood to get enough iron. Ask the doctors at your hospital blood bank, or your own personal physician, how good thing, you know. Donating blood too often might very well leave you in need of some iron.

Some persons regularly donate blood every four to six weeks. While this is fine from the blood bank's standpoint, it may be far too often from the personal health standpoint.

Generally, doctors suggest an interval of 10 to 12 weeks, between donations, for men and about four months for women. In other words, a maximum number of four to five donations a year for the men and three bleedings annually for women.

For one thing, don't give blood too often. Don't take any iron pills containing a combination of ferrous iron and vitamin C. The vitamin C is valuable because it boosts iron absorption.

Disaster Loan Office In Joliet May Close Soon

The Small Business Administration's temporary disaster office in Joliet may close soon. The office is located in the Union Machinery Building, 109 W. Van Buren St., Joliet. The office, which processes federal disaster loans, was set up for Kankakee and Will counties following the recent floods.

Loans are available to individuals, homeowners, businesses and corporations for repair of flood damage. The interest rate is 3 percent per year, with loans to be repaid in monthly installments over a period not to exceed 30 years.

William H. Kelly, SBA director for the Chicago region, said that if this temporary office is closed all communications will have to be handled through the Chicago regional office at 228 W. Jackson Blvd.

Cullom Man, 80, Hurt In Fall Tuesday In Garage

CULLOM (JNS) — Joseph Wagner, 80, was injured when he fell in the garage at his home about 2 p.m. Tuesday.

Edward Haag and Leo Cullin were working in the neighborhood at the time. They said Wagner was unconscious when they came to help him.

A doctor was called. They summoned Wagner's son-in-law and daughter, Mr. and Mrs. Clarence Telford, who live in the same home with Mr. and Mrs. Wagner.

Wagner was taken to Chatsworth where an X-ray, which showed a broken hip bone. He then was taken to Fairbury Hospital.

Mrs. Doris Joan Borer, 561 E. Court St., full-time substitute teacher. She attended Illinois State Normal University in 1935. Mrs. Borer is a native of Jerseyville.

Mr. Marinaccio said the district employs nine non-graduate teachers on a full-time substitute basis. All are certified, he said.

Because of the shortage of teachers on the board turned down a request by Duke Henry Mueller for a three-year leave of absence but will be glad to grant an application for reemployment.

Mueller is enrolling in the Army Security School program.

Arrangements to give teachers a 30-minute duty free lunch period required by a new state law were approved by the board.

In grade schools, where teachers have been supervising the lunch period, lunch room personnel will be named to handle this duty. Principals will remain on hand during the lunch period.

Sept. 13, will be the first complete regular session for all pupils in kindergarten.

THE KINDERGARTEN fee is \$2 per semester and the kindergarten milk fee is \$1 per semester.

Three schools — Aroma Park, Jefferson and Lincoln — will have kindergartens. The children of kindergarten age who live in the Aroma Park area will register at Edison School.

Those in the Jefferson area will register at Lafayette School. If the children of kindergarten age are overcrowded, some children may be transferred to Franklin and Edison.

First graders will be dismissed an hour early from Sept. 14 to 18. All elementary pupils either new to District 111 or who are entering school for the first time and who have not previously registered should be registered by one of the parents, who should telephone for an appointment with the supervising principal of the proper school during the week of Aug. 25-29.

THE SCHOOLS and supervising principals and their phone numbers are:
Aroma Park—Gerald Hishagen, 2-622; Franklin, 710 N. Chicago Ave. and Lincoln, 270 N. Dearborn Ave.—James Finley, 3-622; Lafayette, 369 N. Fifth Ave., and Jefferson, 351 S. Fires 2 Shots At Wife; Bound To County Court

A man accused of firing two shots at his wife has been bound to Kankakee County Court on a charge of assault with a deadly weapon.

He is James O. Braxton, 44, 647 N. Wildwood Ave., accused of shooting at his wife, Bernice who lives in the Riverwood area east of Kankakee.

Sheriff James W. Laffey said he and Deputy Andy Peeler went to Mrs. Braxton's residence Wednesday when it was reported that Braxton was causing a disturbance there.

While en route, Laffey said, he received a radio report that Braxton had fired two shots and gone away.

The officers were unable to locate Braxton in the Riverwood area, but found him back in Kankakee in front of a tavern at Hobbs Ave. and Birch St. Laffey said Braxton was intoxicated.

The sheriff said Braxton admitted firing the shots. Braxton was released on \$2,000 bond.

Body Of Edward Kuetemeyer Found Near Mommence

MOMMENCE—The body of a 46-year-old unemployed Mommence man was found in a ditch at 10:30 a.m. today by a 11-year-old youth.

The man, Edward Kuetemeyer, apparently took his own life, Coroner William Spillane said. He died of a shotgun wound in the abdomen.

Spillane set an inquest tentatively for tomorrow.

The man lived with the Fred Spillane family, according to Spillane. Kuetemeyer didn't return home last night and the family went to look for him.

He was found in a ditch along Route 17 near where Kuetemeyer lived.

Spillane said Kuetemeyer is believed to have shot himself about 5:15 p.m. Wednesday. Persons near the scene heard an explosion but thought it was backfire from an auto.

The body was taken to the Ruge Funeral Home in Mommence.

Kuetemeyer had been employed by P and K Bait Co. but was not working at the time of his death.

Economists have said that if there is to be a stop to the record-setting price spiral it probably will come when the August price index is announced next month.

Crops start coming to market in August, reducing the cost of food, which accounts for almost one-third of the average family's spending.

While higher food prices have accounted for the first part of the index, they still lag behind price increases of other items.

Hoffa's power in the New York area, a convicted extortionist, is now in jail awaiting sentence. He has long had a reputation as a racketeer.

ALREADY IN EVIDENCE is one recorded phone talk between Hoffa and Dick, back in February 1953, in which they called each other "Jim" and "Jack." The recording was made by New York police under court order.

Dio, then an official of another union, complained over the phone to Hoffa that the Teamsters were holding in on Dio's efforts to organize New York City taxi drivers.

Hoffa promised to take it up with Hoffa.

Hoffa said he wanted Dio's outfit of the old AFL, United Auto Workers, brought into the Teamsters. But he said that didn't necessarily mean he wanted Dio himself.

But the recording, as played last Wednesday in the hearings, indicated Dio and Hoffa were friends in early 1953. In that talk, Dio expressed concern about a cold Hoffa had at the time. Dio, then in New York, said he could go to Hoffa's bedside in Detroit for a conference. But instead they arranged a meeting in Washington a few days later.

Hoffa said Beck was against bringing Dio into the Teamsters. However, Beck's office ultimately issued the Teamsters charters to Dio's mob and insisted on their being given credentials in time to vote for O'Rourke. Dio's lack had no members at the time.

PLEASANT WEATHER DUE TO CONTINUE
Cool evenings and comfortable weather in the 80's seem to be the weather schedule for Friday. There was a 28 degree difference between the high and low temperatures Wednesday and Wednesday.

THE WEATHERMAN forecast the mercury would rise into the low 80s today and mid-80s Friday with the thermometer sliding into the low 90s at night. Similar forecasts were general throughout the area.

There was a 28 degree difference between the high and low temperatures Wednesday and Wednesday.

Hoffa said he wanted Dio's outfit of the old AFL, United Auto Workers, brought into the Teamsters. But he said that didn't necessarily mean he wanted Dio himself.

But the recording, as played last Wednesday in the hearings, indicated Dio and Hoffa were friends in early 1953. In that talk, Dio expressed concern about a cold Hoffa had at the time. Dio, then in New York, said he could go to Hoffa's bedside in Detroit for a conference. But instead they arranged a meeting in Washington a few days later.

Hoffa said Beck was against bringing Dio into the Teamsters. However, Beck's office ultimately issued the Teamsters charters to Dio's mob and insisted on their being given credentials in time to vote for O'Rourke. Dio's lack had no members at the time.

Now Or Never For Champions

Angling For Title
Amateur Pete Rademacher relaxes during training by trying to catch some fish at the living quarters near North Bend, Wash., Wednesday. He will be "angling" for the heavyweight title when he goes up against champion Floyd Patterson in their bout at Seattle tonight. (Uniflex)

Champ Expected To Kayo Rademacher

SEATTLE (U)—This is the day knocked out twice in his amateur career of 79 bouts. He has been knocked down in others—and won. Those who have watched him fight know he is a champion. Many of these disagree with the opinion that Rademacher's survival will be short-lived under the impact of the champion's slapping fists.

A LARGE proportion of the crowd comes from Washington's Yakima Valley, where Pete grew up. He is from Georgia, where he was an Army lieutenant when he became Olympic heavyweight champion. They are for Rademacher in the last man and feel in their hearts he can do what very few believe is possible and which never has been done before: step from the peasant world of amateurism into the throne room of Istitania.

Rademacher himself says, "If I didn't think I could whip Floyd Patterson I wouldn't be here."

His former college boxing coach, the Decker of Washington State, says Pete can win, "but he must do it in five rounds or less. I don't believe he'll be able to pace himself beyond that."

Less than a month ago Patterson, 22, cut down Hurricane Jackson in New York. The referee stopped the fight in the 10th round. Patterson's manager, who called him a much larger and stronger opponent, was one of the crowd.

Rademacher, 28, goes into the ring with a weight advantage of some 25 pounds. The 210-pounder has almost apologetically for such a large man, but he is massive in torso, shoulders and biceps. He can hit—his string of more than 30 knockouts attest to that. He can also bite. He has been

Church League Tournament To Start Friday

The YMCA Church Softball League championship tournament will get underway Friday evening at Bird Park.

First Methodist and St. Paul's Lutheran qualified for the tournament in first round competition while Olivet College Church and First Baptist qualified in second round play.

The first round Friday will send the Methodists against the Baptists at 6:30 p.m. and Olivet meets St. Paul's at 8:30.

CHAMPIONSHIP finals will be at 6:30 p.m. Tuesday at Bird Park. Winner of the tournament is the 1957 Church League champion.

Olivet is the defending champion. In the league, having won the crown the past two years.

The Lutherans won six straight Church League titles before falling to the College boys two years ago. Olivet won the 1955 crown with a 15-2 record while the "Knights" had a 15-3 mark and First Methodist 14-5.

Last year, the College Boys and "Knights" tied for the top spot and the Methodists were again third. Olivet won the playoff game 6-1 for the championship.

David Bradley Wins 15-3 Contest

David Bradley Factory against General Foods 15-3 in a YMCA Industrial League softball game Wednesday evening.

The David Bradley team scored seven runs in the first inning to coast to an easy victory. Rudy Peterson was the winning pitcher, allowing six hits and struck out seven. The winners now have a 15-1 record.

Milwaukee In Brooklyn For Three Games

BY UNITED PRESS
Manager Walt Alston has bluntly told his Dodgers "it's now or never"—and apparently they believe him.

The Dodgers, about to tangle head-on with first-place Milwaukee tonight in the first of a three-game series, are "in momentum" with a three-game winning streak and believe they can overtake the Braves.

The Brooks combined fine pitching, solid hitting and a flawless defense in handling the Cincinnati Redlegs their ninth straight defeat, 8-0, Wednesday.

Don Newcombe won his 10th game of the season.

Gino Cimoli gave Newcombe a 3-0 lead when he belted a home run with two on in the third inning and the Dodgers hammered Hal Jeffcoat from the box with a four-run outburst in the seventh.

THE NEW YORK Giants ended the Cardinals' four-game winning streak with a 13-6 victory in the only other National League game scheduled.

In the American League, the White Sox mauled the Senators, 12-6, Baltimore defeated Detroit, 9-1, the Kansas City Athletics cut the Yankees lead in six games by winning the world championship for second straight time, 6-3, and Boston ended a five-game losing streak with a 3-1 victory over Cleveland.

Six home runs were hit in the Giants-Cardinals tussle, with Willie Mays, Stan Musial, Eddie Matis and Ken Boyer connecting for St. Louis, and Willie Mays and Hank Sauer hitting homers for New York.

The Giants routed loser Lindy McDaniel with a six-run third inning and Valmy Thomas tripped with the bases full in the fifth to highball four-run rally. Bonus southpaw Mike McCormick was the winner, coming to starter Stu Miller's rescue in the first inning.

THE WHITE SOX scored seven runs in the third inning to clinch their game with Washington.

Bob Usher, Roy Sievers and Art Schult each homered for the Senators, all of the blows coming with the bases empty. Reliever Gerry Staley was credited with his fifth victory while Russ Kemmerer suffered his eighth defeat.

Joe Durham and Al Pilarcik each hit three-run homers to lead the Orioles to their victory over the Tigers. Ray Moore, who registered his ninth victory, blanked the Tigers until the seventh inning when Detroit reliever Lou Sleater whiffed his third homer of the season with two on. Ken Lehman relieved Moore in the ninth. Southpaw Billy Hoeltz gave up Baltimore's first four runs to suffer his eighth defeat.

Jim Piersall's two-run homer in the third inning paved the way for the Red Sox victory over Mike Garcia, whose only satisfaction was in holding Ted Williams hitless in four trips to cut Ted's batting average to .385. Willard Nixon helped himself to his 10th victory by striking before Piersall's home run.

Former Yankees did all the damage at Kansas City with its first series from New York since moving west. One-time Yankee farm hand Jack Urban pitched the eighth victory, with ninth-inning help from Virgil Trucks, and in the three-run first inning which tagged Johnny Kucks with the loss, the names of Vic Power, Billy Hunter, Gus Cery, Billy Martin and Woody Held figured in the run-making. What proved to be the winning run came in the fourth inning on a walk to Held and singles by Tim Thompson and Urban.

Moose Takes 3-2 Victory In State Meet

The Kankakee Moose grabbed a 3-2 extra inning victory over the Litchfield Moose in the first round of the Illinois Softball Tournament at Litchfield Wednesday evening.

This will send the Moose into second round action Saturday against the winner of Friday's game between two here. The Saturday contest is slated for 8:30 p.m.

Tiny Tap, Kankakee's other representative in the state meet, is scheduled to face Waverly in a first round contest at 9:45 p.m. Friday.

GUS TURK was on the mound for the Kankakee nine Wednesday, allowing four hits, including two home runs in the eighth to win. Litchfield started fast, collecting all of its hits in the opening, three by striking before Piersall's home run.

Former Yankees did all the damage at Kansas City with its first series from New York since moving west. One-time Yankee farm hand Jack Urban pitched the eighth victory, with ninth-inning help from Virgil Trucks, and in the three-run first inning which tagged Johnny Kucks with the loss, the names of Vic Power, Billy Hunter, Gus Cery, Billy Martin and Woody Held figured in the run-making. What proved to be the winning run came in the fourth inning on a walk to Held and singles by Tim Thompson and Urban.

Kay Sophs Get Grid Gear Friday

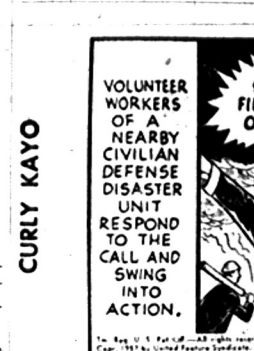

Sophomore football candidates at Kankakee High School will start receiving their equipment at 1 p.m. Friday in the East Junior High School gymnasium. Coach Ed Dufrain said today. Gear will also be issued at 9 a.m. Saturday.

In the 12-25 class, Webb won the first round in the second round this afternoon. Friday (9 a.m. and 1 p.m.) and Saturday (9 a.m. and 1 p.m.) will be the 100 practice for both squads starts and over class went to Getty with 9 a.m. Monday.

Webb, Callender Win Traffic Golf

Clyde Webb, L. C. Callender, Richard Babcock and K. Getty were winners in the Peoria Handicap golf tournament at the annual Traffic Golf Club. Callender fired off at the Kankakee Valley Golf Club Wednesday.

In the 12-25 class, Webb won the first round in the second round this afternoon. Friday (9 a.m. and 1 p.m.) and Saturday (9 a.m. and 1 p.m.) will be the 100 practice for both squads starts and over class went to Getty with 9 a.m. Monday.

Bradley Goller Cards 82 In Jaycee Meet

COLUMBUS, O.—Mike Tolius of Bradley carded an 82 in the first of a two-day competition in the championship flight of the 12th annual International Jaycee Junior Golf tournament over the Ohio State University course here Wednesday.

Mike did succeed in making one of the two deuces scored during the tournament. His birdie came on the No. 5, a 175-yard, par three hole.

His first day of score 40-42-82 places him down the list of the 103 qualifiers in the championship.

He continues today in the 72-hole event which comes to an end Saturday.

Pre-journey favorite Jack Nicklaus of Columbus, O., and Dick Youngberg of Northbrook, Ill., shared a two-stroke lead in the tournament with a pair of 71's.

Nicklaus was last year's runner-up to Jack Role of Waterloo, Ia. Last year's meet was played at Fargo, S. D.

John Kossek of Lancaster, N. Y., posted a one over par 73 for third place and Labron Harris Jr., Stillwater, Okla., shot a 74 for fourth place.

Score card:

Midget Cars Take Over At Speedway

Bob Tattersall and George Selley, two of the top names at midget race tracks in the Midwest, will headline the special attraction at the Kankakee Fairgrounds Speedway Friday evening.

More than 35 cars, driven by some of the finest drivers in this part of the country, are expected to be on hand to take part in the first midget show held in Kankakee in several years. Time trials are scheduled for 7:30 p.m. and the first race is at 8:30.

Tattersall, who hails from Streator, is the defending champ at the Joliet track. Selley of Chicago is having a banner year and is pressing Tattersall for top honors this year.

THE STREATOR streak holds records at many tracks throughout the Midwest. Last winter, he set a record at Daytona Beach, Fla., by winning nine straight races from some of the top drivers in the country.

Selley holds two feature wins over Tattersall at Joliet this year. He has been doing a good job of driving this year and can be counted on to give the field plenty of trouble.

A NAIE THAT many Kankakee area fans will remember is Ray Elliott of Lockport. Elliott has raced at Kankakee in past years. He has been doing a good job of driving this year and can be counted on to give the field plenty of trouble.

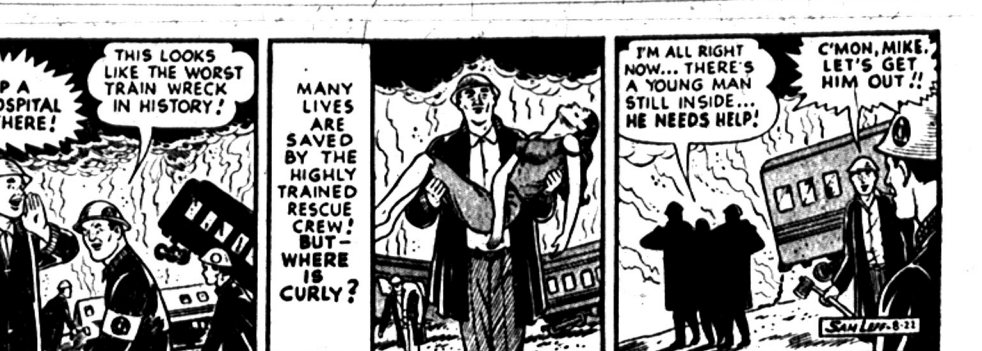

Fred Mac of Detroit is another driver who will be a threat to the top men.

The stock car drivers will have the week off with many of them going to Fairbury for Friday night races. Stock will return to the Kankakee track next week.

Booster Bowlers Meet Friday

The West Side Booster Bowling League will hold an organization meeting at 8:30 W. Station St., at 7:30 p.m. Friday. Francis Coy, president, announced today.

The meeting is open to all bowlers who are interested in joining the league.

Susan Pierce and Bob Blasing won the large rotating trophies at the Kankakee Country Club swimming meet Wednesday afternoon. The trophies were given to the winners of the 50 yard free style races for boys and girls. Smaller trophies were awarded to winners of the other events and second place finishers were given ribbons.

Robert Goodwin of Des Moines, Iowa, former Iowa State High School swimming champ and a member of the Northwestern University swimming team, was the chief judge.

Winners in other divisions were: Boys free style, 10 years old—Douglas Owen, first, and Tim Peterson, second. Boys free style, 12 and under—Hui Beckwith, first, and Terry Peterson, second. Girls free style, 10 years old—Bridget Dixon, first, and Jane Ger-

Two Ex-Champs Still In Running For National Title

SACRAMENTO, Calif. (U)—It's quarter-final day at the National Women's Golf Amateur today with two ex-champions still in the running, thanks to a bad case of tournamentitis and a long putt.

Defending champion Marlene Stewart Strick made the round of eight when Polly Riley, a Fort Worth, Tex., winner of many a major tournament, got the whammies on the 18th hole Wednesday and blew two shots in a row.

AND BARBARA Romack Porter, the 1954 champion playing at home on the Del Paso Country Club course, had to go 20 holes before dropping a 15-foot putt to Clifford Ann Creed, an 18-year-old fighter from Orem, Utah.

Mrs. Stiel, 21, plays Carole Jo Kabler, University of Oregon coed from Roseburg while blonde Barbara takes on Ann Casey Johnson of Mason City, Iowa.

Anne Richardson, the long hitting blonde from Columbus, Ohio, posted a 70 in the first round.

Mrs. John Pennington, housewife from Buffalo, N.Y., and JoAnne Gunderson, the Seattle tennis banger in the other matches.

VFW Wins B-B Little League Meet

The VFW nine took a 30-9 victory over DeLong to win the Bradley-Bourbonnais Little League B-Team tournament at the Bradley-Bourbonnais Little League Park Wednesday evening.

In the game for third place, Kroehler took a 19-5 victory over the American Legion.

The VFW team had eight hits and was aided by 24 walks and three hit batsmen. Blair paced the winners with two home runs. Casino had a double for the winners. DeLong had 13 hits, including a triple by Baker and doubles by Tallman and LaBarge.

Kroehler blasted out 18 hits in taking his victory. Fox paced the win with five-to-five and McKitt had four-for-five. Taylor had two of the four hits collected by the losers.

Little League Meet To Start Today

WILLIAMSPORT, Pa. (UP)—The 11th annual Little League World Series, postponed one day by rain, gets underway today with two games scheduled.

Monterey, Mexico, and Bridgeport, Conn., meet in the first game at 2:30 p.m. and La Escanaba, Mich., and La Mesa, Calif., meet in the second game.

The winners play Friday afternoon for the championship which was won last year by Rowell, N. M.

3 Seeking Brown's Title

CHICAGO (U)—Joe Brown, who has proven to be anything but invincible, today finds at least three fighters scrambling for a showdown for his lightweight championship.

Having one of the strongest cases is Joey Lopes of Sacramento, Calif. who weaved, hobbled and sprayed shots at Brown Wednesday night in Chicago. Lopes didn't press him too soon enough. A nationally televised and broadcasted match.

White called it a 46-46 draw and it will judge Frank Mc Adams had it beat him if he gives me a crack even, 47-47.

Lopes, former AAU and Golden Gloves champion who has been a 4-1 underdog, probably made "I think I surprised him," he said. A rematch probably would catch old Brown couldn't land the price is right," said Brown. "He didn't hurt me any. I just didn't press him too soon enough."

Judge Harold Marovitz voted for Lopes 49-45. Referee Joey Maggnum, first, and Ellen Watt, second.

But two others are also hot after a championship bout. They are Cisco Andrade of Los Angeles, currently ranked No. 4, and considered by Brown as probably the best of the contenders, and No. 1 Kenny Lane of Muskegan, Mich.

How To Perk Up Grandma

BY DR. GEORGE W. CRANE
Becky S. 76, has four children and 10 grandchildren.
"Dr. Crane, I'm worried about mother," one of her daughters began.

"In the morning, for example, she may be in a mental fog. She doesn't know whether she has just eaten breakfast or dinner."
"And she may ramble in her talk. But when we have guests or some of our relatives come for a visit, she may perk up and be quite rational."

"So can you explain what makes her improve like that?"
"It is a matter of timing. And in such a short time."

Elderly people often get hazy about time. And in the morning they may be so woozy in their thinking that they seem almost dazed.

That is often due to temporary anemia of the brain. For older persons are likely to be somewhat low in blood hemoglobin.

For lack of good dentures, they may slough much meat and raw vegetables which contain iron necessary for rich red blood.

MOREOVER, WE ARE all inclined to be somewhat sluggish in the morning. Our blood pressure is then lower and our pulse rate slower.

We may also be somewhat faint from lack of food, since it has been 12 hours since the evening dinner.

All of these conditions are likely to be accentuated in an elderly person. Added to them is also the fact that hardening of the arteries often reduces the blood supply to the brain.

But the arrival of relatives or old friends, will then serve as a mental tonic. Actually, those guests raise the IQ of grandma by making her brain function more normally via conversation.

The excitement and gaiety of the event speed up her pulse and raise her blood pressure. So more blood is forced through the vessels in her brain.

Thus, she becomes more alert mentally. She thinks more clearly. The gossip about old times pep up her emotions and revives happy memories of childhood.

In medicine we realize that the mental excitation can act like a tonic to a woozy brain and actually increase its nourishment via the increase in blood flow through a functioning organ.

Tea parties or a coffee hour for grandma will thus actually raise her IQ meanwhile.

THE PRESENCE of guests is mentally stimulating and a joyous break in her otherwise monotonous day.

But the caffeine content of tea or coffee or cola soft drinks, also is a chemical prod. So her circulation improves and she is more alert.

If you wish additional methods for perking up grandma or grandpa, then see that they have hearing aids which work well. For their elderly relatives can receive mental stimulation via radio and TV.

And take the old folks to an eye doctor for new glasses. Do let them stumble along in a visual fog when new eye glasses will give them a bright and shiny outlook on life.

If catarracts are clouding their vision, then consult an eye surgeon. He can remove a cataract and often restore excellent vision to elderly folks. The cost is not prohibitive—maybe a few hundred dollars.

Moreover, pick up those old folks and get them to church every Sunday, for this is a wonderful tonic both for their body and soul.

And prod old folks into keeping their joints limber via walking. Get a pedometer for them, which registers how far they walk every day. This may inject some competition.

Old folks are only two feet from

Gloria Netherton, Verne Shelley Wed

In a double ring ceremony performed before an altar decorated with baskets of pink daisies, Miss Gloria Kaye Netherton became the bride of Verne Fredrick Shelley.

The Rev. Harry Crode officiated at the 2 p.m. ceremony Sunday at First Methodist Church.

Mr. and Mrs. Claus W. Netherton of 1905 E. Linden St. are the bride's parents. The bridegroom is the son of Mrs. Verne S. Shelley of R.R. 1, Kankakee, and the late Mr. Shelley.

Miss John Schreffler, organist, played the traditional processional and recessional wedding marches, and accompanied the soloist, Miss Amy Moss. "Always" and "Because" were sung before the ceremony and "The Lord's Prayer" was sung during the service.

THE BRIDE'S FATHER escorted his daughter to the altar. Her bridal gown was floor length of organza taffeta. The fitted bodice featured a sabrina neckline with a scalloped edge styled from an inset of lace. The bouffant skirt was worn over a Dior hoop. It extended into a chapel length train which was sculptured with channilly lace.

A double tiered crown of seed pearls and lace secured the cascading fingertip length veil of silk. She carried a cascade bouquet of pink roses and daisies. The ceremony was followed by a reception at the church with 200 guests attending. Miss Beverly Borenman had charge of the guest book. The bride was followed by Miss Marjorie Twiss, Miss Jo Ann DiPietra and Miss Dottie Chandler had charge of the gift table. Serving were Miss Gretchen Ottroge, Miss Rachel Rigenbach, Miss Elaine Lyness, Mrs. Alice Sullivan, Mrs. James Foster and Mrs. Dave Cole.

Mr. and Mrs. Shelley are honeymooning in Florida. The bride was wearing a navy blue cotton-silk blend sheath dress with a matching duster when they departed. Her accessories were light blue and she wore a daisy corsage.

BOTH ARE GRADUATES of Kankakee High School. The bride attended Illinois State Normal University and Olivet Nazarene College. She was employed at Armour Laboratories and will teach at North West College Grade School.

The couple will reside at 247 N. Forest Ave., Bradley, after Sept. 15. Pre-nuptial events included a miscellaneous shower given Aug. 7 by Mrs. Bradley, Mrs. Arthur Netherton, Mrs. Hartuppe and Miss Costello. The bride's father was host to the bridal party and members of the immediate families at a dinner Saturday night.

Ushering were William Netherton, brother of the bride, and David Shelley, brother of the bridegroom, both of Kankakee. Overweight In Children Should Not Be Ignored

By IDA JEAN KAIN

The popular concept that overweight in children should be regarded as "baby fat" which will disappear as the child gets older should be changed. Studies on obesity reveal that overweight at an early age tends to become established as a pattern which is progressively more difficult to change as the years go by. Parents are now being alerted to the fact that changing the overweight child's food habits may well be one of the most constructive measures that can be taken for health improvement.

Miss Ethel Maslansky of New York City's Department of Nutrition has concentrated much of her effort on the problem of reducing overweight children. "The key to reducing the overweight child is to instill in the child the desire to eat less," she says.

While the non-nutritive carbonated drinks are good as an occasional treat, Miss Maslansky warns against too much dependency on sweetened drinks, even the calorie-free type. "The more sweets we have, the more dependent we become on sweets—so even take these calorie-free drinks in moderation," she advises.

Particularly in the case of children, the bonus reward of reducing a moral victory. She described the looks of the 5-year-old girl who lost 10 pounds in 4 months while growing 1/2 of an inch. The joy of her parents, comments by her schoolmates and teacher served to give her a new found confidence and pride of accomplishment. No material reward could equal this needed psychological lift.

A reception followed the ceremony at the home of Mr. and Mrs. Harold Loblau and Mrs. Shirley Arsenau and children came home Friday after a week's vacation at Spring Mills State Park, Ind.

Both are graduates of Galatia High School. The bride is employed at Bear Brand Hospital Co., Kankakee and Mrs. Arsenau is employed at the Ford Co. in Chicago Heights.

The bride's father was host to the bridal party and members of the immediate families at a dinner Saturday night.

Ushering were William Netherton, brother of the bride, and David Shelley, brother of the bridegroom, both of Kankakee. The ceremony was followed by a reception at the church with 200 guests attending. Miss Beverly Borenman had charge of the guest book. The bride was followed by Miss Marjorie Twiss, Miss Jo Ann DiPietra and Miss Dottie Chandler had charge of the gift table. Serving were Miss Gretchen Ottroge, Miss Rachel Rigenbach, Miss Elaine Lyness, Mrs. Alice Sullivan, Mrs. James Foster and Mrs. Dave Cole.

Mr. and Mrs. Shelley are honeymooning in Florida. The bride was wearing a navy blue cotton-silk blend sheath dress with a matching duster when they departed. Her accessories were light blue and she wore a daisy corsage.

BOTH ARE GRADUATES of Kankakee High School. The bride attended Illinois State Normal University and Olivet Nazarene College. She was employed at Armour Laboratories and will teach at North West College Grade School.

Shirley Moser Married

Wedding vows were exchanged Saturday by Miss Shirley Moser and Ralph E. Bond of 491 S. Chicago Ave., in Wall Street Baptist Church.

The Rev. Lowell Matheny officiated at the double ring ceremony in the presence of the immediate families.

The bride is the daughter of Lyman Moser of 418 N. Washington Ave., Bradley, and Mrs. Helen Morris of Thompsonville. Bond is the son of Mr. and Mrs. Ralph J. Bond of Galatia.

For her wedding the bride wore a street length frock of white broad satin, a white feather hat and a corsage of lilac pompons tied with silver ribbon.

Mrs. Robert Bond, sister-in-law of the bridegroom, was matron of honor wearing a dress of light beige silk shantung. Lilac pompons tied with gold ribbon composed her corsage.

Both are graduates of Galatia High School. The bride is employed at Bear Brand Hospital Co., Kankakee and Mrs. Arsenau is employed at the Ford Co. in Chicago Heights.

The couple will reside at 247 N. Forest Ave., Bradley, after Sept. 15. THREE STEPS TO A NEW FIGURE
1. Miss Mildred Hoy took her first step toward a new figure when she called her STAUFFER HOME REDUCING PLAN representative.

2. She reported wonderful results from Stauffer's "lying down" exercises and caloric reduction within 1 week.

3. 2 1/2 months later, Mrs. Hoy had lost 32 1/2 pounds and 12 inches from her overall measurements.

Truly successful reducing, as Mrs. Hoy states, combines effortless exercise and caloric reduction. You can do this while relaxing at home on the famous FORTY REST.

SERVING MORNING OR afternoon coffee to friends is a special delight to Mrs. Rasmussen of RR 1, Chebanse, Ill. She is Danish and follows a Scandinavian custom as she serves coffee and cookies, cakes or a TEA RING. Her favorite Tea Ring recipe is included here. The coffee pot pictured is from Denmark.

The Journal Kitchenette Follows Scandinavian Custom For Chebanse Area Coffee Sessions

By MARY JEAN HOULDE

The next time you feel the urge to "coffee" with the neighbors, why not follow the true Scandinavian fashion and serve a TEA RING, as suggested by Mrs. Bert Rasmussen of RR 1, Chebanse.

Mrs. Rasmussen explains that the Scandinavian people gather for morning or afternoon coffee just as English people gather for tea. Because she is Danish, the Chebanse homemaker delights in serving her friends in a truly Scandinavian style. In the Scandinavian countries, guests might be served small cakes, cookies, pastries or hot breads. Mrs. Rasmussen specifically suggests some home made cookies or perhaps a TEA RING, and she has provided recipes.

Her recipes are the "practical" kind which she often uses "on the farm." She suggests keeping the cookie jar well supplied so that there can be a coffee party any time the mood strikes.

Mrs. Rasmussen is the former Kathryn Jensen of Herscher. Both of her parents came to the United States from Denmark. She has a daughter, Mrs. Marvin Krumwiede of Bradley and a grandchild. Proof that Mrs. Rasmussen doesn't "spend all of her time coffeeing" is found in her activities with the Chebanse Night Unit of the Home Bureau, the Chebanse Woman's Club, and the board of directors of

A TEA RING MADE BY Mrs. Rasmussen is pictured, showing a frosting garland with nuts and cherries. Mrs. Rasmussen serves the Tea Ring or cookies from her (almost always

filled) cookie jar to friends for a morning or afternoon coffee session. She also suggests the Tea Ring recipe for a variety of rolls. (Journal photos)

SHOPPERS' GUIDE: Jonathan apples are beginning to appear on the local market. The quality is very good. There are good buys in Dutchessa and Wealthy apples, good cooking apples. Bananas are priced lower for the weekend. They have been very high in price for the last couple of weeks. Both seedless and red grapes. The main canning item is peaches with the heavy supply coming out of Michigan. The quality is very good, quite reasonable compared to other fruits. Varieties now available are Red Haven, Hale Haven and Golden Jubilee. There are some Albertas from the Eastern states but they are rather expensive.

Lettuce will be quite a bit cheaper this weekend. Celery will be featured at a low price and there is a good supply of home grown tomatoes. Peppers and cucumbers are featured at a very low price.

Home grown green beans are rather expensive. The scale leans toward good buys with the following bargains, rutabagas, sweet potatoes and carrots. The main supply of potatoes for this area is coming from nearby northern states, Minnesota, Wisconsin and Michigan. The quality is very good and the price is expected to be low.

TEA RING
Dissolve 1 cake yeast in 3 tablespoons of warm water. Set aside. Mix:
1/2 cup shortening
1 teaspoon salt
1 cup warm water
Stir in:
2 eggs, well beaten
1/2 cup sugar
1 cup flour
Add:
Yeast mixture
3 cups flour
Beat batter but do not knead. Put in greased bowl; cover and put in refrigerator overnight. Next day divide dough and make 2 tea rings, or half may be saved for some future day. To make Tea Ring, roll dough into oblong. Spread with melted butter, sprinkle with sugar and cinnamon. Roll up, then place sealed edge down in ring on lightly greased baking sheet. Join ends of ring and seal. With scissors, make cuts 1/4 of the way through the ring, at 1-inch intervals. Let rise, at least 1 hour. Bake in warm oven and decorate with nuts and cherries. Temperature, 350 degrees F. for 25 to 30 minutes.

OATMEAL COOKIES
1 cup shortening
1 cup brown sugar
1 cup white sugar
2 eggs
1 teaspoon vanilla
1/2 cups flour, sifted
1 teaspoon salt
1 teaspoon soda
2 cups oatmeal
Cream sugar and shortening; add eggs and vanilla. Beat well. Sift together flour, salt, soda and add to creamed mixture. Add oatmeal and one of the following: nuts and cherries, gum drops, raisins or dates. Form dough into

Quigg Sticks Out Neck, Likes Queen's Talk

NEW YORK (UP)—In time of great controversy, it is best to plunge right in and take sides. I have an opinion which will not be kept silent. I like the way Queen Elizabeth talks.

It is cool and crisp and, to an American who admittedly doesn't know much about such things, its tone is that of a queen, queenly. There is no slurting to her speech; you understand every word she says—a happy attribute which 10,000 American politicians should copy.

Among my photograph records is a picture of Queen Elizabeth as a child princess saying good-night to the children of bomb-ravaged England in a radio broadcast from an underground shelter during the London blitz. Even then she sounded regal and—to me, at least—deeply inspiring.

MAYBE IT IS a reaction against the Madison Ave. since—sell uncouth utterances which some whining and braying at us from TV and radio in this country, but I find relief and listenability in a voice that is high, precise, and even a trifle flat.

There have been many verbal slaps and one dorkwallowing physical slap delivered on Lock, Altrincham in London because he wrote, among other criticisms, that Queen Elizabeth's speaking style was "a pain in the neck."

It is his privilege to be pained and complain about it. However, a major portion of his complaint seems to be against "the utterances which are put into her mouth" by her ghost writers. He says they're griggish as a school girl's talk.

AND THEN, there's another poor, young Marquess of Londonderry, who bemoans the royal family's "toothpaste smiles" and "deplorable clothes."

Well, lackaday, such are the trials of office. Last June the Queen Elizabeth's complaint against the Queen of "contemptuous regard" for animal welfare work spent because of failure to include any well-known one in her birthday honors list.

Queen Elizabeth will be visiting us in October. She will be given some elaborate receptions and perhaps some not so elaborate—like that great day in the 1920's when Queen Marie of Romania arrived in the United States and was greeted by the immortal words of a newspaper photographer posing the royal party.

"HEY QUEENIE," he yelled, "move over."

Beef Kebabs And Rice Make Good Summer Fare

By GAYNOR MADDOX, NEA Food and Markets Editor
Something substantial to eat, yet food alluring to slightly wilted appetites is what every homemaker wants for her hot weather family dinners. The combination of cubes of round steak, marinated in French dressing, then broiled on skewers with onions and tomato wedges—served with pre-cooked rice is a perfect selection. Different, easy to prepare, nutritious and packed with flavor, it can be cooked over a barbecue grill or indoors in a pre-heated oven.

Kebabs and Rice

(Makes 4-6 servings)
One pound round steak (1 1/2-inch thick), cut in 1-inch cubes, 1 cup (about) garlic-flavored French dressing, 4 medium tomatoes, cut in wedges, 8 to 10 small onions, cut in slices, or canned whole onions, 1 1/2 cups (ounce package) packaged pre-cooked rice, 1/4 cup raisins, 1/2 teaspoon salt, 1/2 cup boiling water, 2 tablespoons butter.

Marinate meat in French dressing for about 2 hours. Place alternately with tomato wedges and onion slices or whole onions in metal skewers. Place on aluminum foil in pre-heated oven about 4 inches under broiler unit or suspend over glowing coals of open fire or barbecue grill for 15 to 20 minutes, or until meat is cooked. Turn frequently during cooking and baste with remaining dressing. Meanwhile, add packaged pre-cooked rice, raisins, and salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 12 minutes. Add butter, mixing lightly with a fork. Serve rice with kebabs.

Askum Couple Will Celebrate 25th Anniversary

ORANGE SALAD WITH LIME DRESSING
Ingredients: 4 seedless oranges, romaine, 5 tablespoons olive oil, juice of 1 medium-sized lime (2 tablespoons), 1/4 teaspoon salt, 1/4 teaspoon paprika, 1 teaspoon honey.
Method: Cut peel from oranges with sharp knife so no white membrane remains; slice into thin rounds. If a whole head of romaine is available, use the inner small yellow leaves and some of the green leaves surrounding this heart; the rest of the romaine can of course be refrigerated and used another time. Arrange romaine and orange slices on 4 individual salad plates. Put olive oil, lime juice, salt, paprika and honey in a small jar with a screwtop; shake thoroughly, spoon over salads. Makes 4 servings.

Pears Add Elegance To Chops

BY ECHL BROWNSTONE
Associated Press Food Editor

HOW ELEGANT CAN A LAMB CHOP BE? Very, when you serve it with a fresh Bartlett pear baked in a curry sauce, and accompany the meat and fruit with steamed rice, flaked coconut and salted peanuts.

To add a last touch, make frills of white paper and foil to slip onto the end bones of rib chops, and you'll be ready for a party. But the combination of food tastes delicious with or without the frills; you needn't bother with them if you don't enjoy this sort of fancy work.

Both males and females liked this main dish when we offered it, so don't hesitate to serve it to four couples. It's also a fine dish for a "ladies only" luncheon.

We prefaced the lamb and its accompaniments with cream-style clam chowder—but this soup could be served hot. After the meat course came a salad of crisp greens—romaine and chicory—plus paper-thin red onion rings. The salad dressing was made of olive oil, white wine vinegar and Dijon mustard, salt, freshly-ground pepper and paprika; you can add a suspicion of crushed garlic if you like. For dessert our choice was coffee, ice cream with chocolate sauce. All in all, this is a fairly easy dinner to prepare and serve.

CURRIED BAKED PEARS
Ingredients: 1/2 cup sugar, 1/2 cup unsweetened pineapple juice, juice of 1/2 lemon (1 tablespoon), salt, 2 teaspoons curry powder, 4 ripe Bartlett pears, 1 tablespoon butter or margarine, 1 or 2 thin slices lemon.

Method: Put sugar, pineapple juice, lemon juice, a few grains of salt and curry powder in a small saucepan. Bring to simmering, stirring the several times so curry powder won't be lumpy. Halve pears, remove seeds by cutting out with a half-teaspoon round-bowl measuring spoon. Scoop them out with a half-teaspoon. Place pears in a shallow baking dish (8 by 10 by 2 1/2 inches) is fine. Pour curry mixture over pears. Put a dot of the butter in the cavity of each pear.

A PEAR BAKED IN CURRY SAUCE enhances a luncheon lamb chop when served with steamed rice, flaked coconut and salted peanuts.

Bake in moderate (350 degrees) oven, basting several times, about 15 minutes. Cover (with foil if you per and paprika; you can add a suspicion of crushed garlic if you like. For dessert our choice was coffee, ice cream with chocolate sauce. All in all, this is a fairly easy dinner to prepare and serve.

Iroquois Hospital Twig, Sheldon, Elects Officers

SHELDON (JNS) — The Sheldon twig of the Iroquois Hospital Auxiliary met Monday afternoon in the home of Mrs. Arch Haag to elect officers for next year.

Mrs. Ernest Sipe was elected president, with Mrs. Reed Conner as vice president. Mrs. Clayton Christensen, secretary-treasurer; Mrs. C. L. Clark, membership chairman; Mrs. John Rice, gift counter and serving chairman; Mrs. Mable Shrimplin, publicity chairman.

Mrs. Shrimplin conducted the meeting and announced that 149 towels had been hemmed by the twig during the year.

Mrs. Shrimplin also announced she and Mrs. John Rice had attended the county meeting last week.

The annual county luncheon will be held in the Cisma Park Methodist Church on Sept. 11.

The twig will meet in the home of Mrs. Free Karr on October 21. Each member will bring an apron to be judged on their merits of practicality as well as how fancy they are. Prizes will be awarded. The aprons are to be used at the annual hospital auxiliary bazaar benefit. Each member will bring a new member to this meeting.

Dues should be paid to Mrs. C. L. Clark.

Sally Lunn Hotbread
Old South Favorite

A variety of slightly sweetened teas—Sally Lunn—named for the woman said to have first made it, was my favorite hotbread when I was a child. This old-fashioned butter cake is served today in the South. Enjoy this fluffy, sponge-cake-like Sally Lunn hotbread today as in day of old. Served hot in wedges with butter—or serve when a day old, buttered, then toasted.

Method: Cream 1/2 cup butter then add 1 tablespoon sugar and 1/2 teaspoon salt and cream well together. Add 2 eggs to the above and beat well. Dissolve 1 cake yeast in 1 cup lukewarm milk and add to mixture. Sift flour and measure 3 cups. Add flour to the mixture and mix well and pour into buttered tube cake pan. Set in a warm place and let rise 1 1/2 hours. Bake in 300 F. oven for 45 minutes or until a golden brown.

CHOP FRILLS
Fold a sheet of foil (4 inches wide and long enough to make as many small sections as you have pan. Bring to simmering, stirring the several times so curry powder won't be lumpy. John A. Barr—Low Pressure Executive

Avery's Opposite Making News On Retail Front

CHICAGO (UP)—A soft-spoken, low pressure executive is making dramatic changes and lots of news at Montgomery Ward & Co.

His John A. Barr, now 48, who became chairman and president of the country's oldest and second largest mail order house two years ago, controversial, 83-year-old Sewell L. Avery resigned from the job at the aftermath of a hard press fight.

Changes in Ward's operation have been coming thick and fast, particularly in recent weeks. IT WOULD BE difficult to find two more contrasting personalities than the affable Barr and the austere Avery.

Avery took over Ward in 1951, when it was headed for the rocks in the big depression. He brought it through in good shape and with a sizable surplus. But afterwards he resisted changes or expansion, voicing fears of another depression. In 1955 the firm had fewer stores than at the end of World War II.

Barr last June 25 bought the Fair Store, big State Street department store, and its three suburban stores for \$7,650,000. The next day, he announced also an \$84-million-dollar expansion plan for the next five years, to include opening of new retail stores, re-habilitation of about 200 others, and opening of about 30 new catalogue stores this year.

He approved four large new retail outlets last year in shopping centers in Detroit, Kansas City and Gary, Ind.

Barr says he is interested only in growth and profit of Ward's. "Ward's is large, and Ward's will become larger."

THE ANNUAL REPORT for the fiscal year ended Jan. 31 showed a surplus of about 188 million dollars.

Avery ran a one-man show at the big firm and during his tenure four presidents and about 40 vice presidents and other key personnel were forced out in disgrace.

Barr by contrast has delegated authority widely all the way down the line. Recently he brought in Paul M. Hammaker as executive vice president and general manager.

Hammaker will be in charge of merchandising and operating functions. This releases Barr to head financial, legal, personnel and public relations activities. Hammaker, vice president in various fields, will report to Hammaker, who will report to Barr.

In a recent talk to Ward personnel at an organization meeting, Barr acknowledged that "a real markable job" was done by Avery in maintaining profits during the depression. But he added: "It is now apparent that considerable violence was done to the organization and to the long-term interest of the business."

He said that in the operation of

Stopping for a refreshing pause during an active day at the 54th Will County Fair is a young woman, Mrs. Vera Durant, who is looking at a prize money check for \$1,000.00. She is standing next to a table displaying various items, including a small statue and a framed certificate.

Begin Judging Of Entries In Will County Fair At Peotone

The Will County Fair moved into its first full day of activities today at the Peotone fairgrounds, where the judging began for \$21,000 in prize money.

Better than 1,000 head of the best livestock in the area were paraded before the critical eyes of the judges, and seemingly countless entries of handy work and domestic arts were judged in the women's division.

Approximately 1,500 persons were in the grandstand Thursday night for the horse show. Lewis Wier, fair treasurer, said this was the largest event he has planned for Sunday. Starting at 1 p.m. the

Harwood American Legion post band from Joliet will perform the evening before, but this was "certainly successful."

The Diamond Horseshoe rodeo will be held in front of the grandstand at 7:30 o'clock tonight. On Saturday fairgoers will have a chance to see all the prize winning livestock and women's division entries.

THERE WILL ALSO be rodeo shows at 2 p.m. and 7:30 p.m. in the grandstand. A complete schedule of grandstand events has been planned for Sunday. Starting at 1 p.m. the

Three young daughters of Mr. and Mrs. John Gurnsey, Dixon, are the subjects of a wide-spread search in wooded areas here today. The girls, who were last seen Wednesday afternoon, are 10, 8 and 6 years old. Some 250 local law enforcement officers, National Guardsmen and

boy scouts are searching the countryside, quarries and rivers. The girls, shown above, are, from left, Nancy, 10; Ruthie, 8; and Theresa, 6 (Unifas)

41 Students Arrived Today In Red China

TOKYO (UP)—Forty-one American students who attended the Moscow Youth Festival arrived in the Chinese Communist capital of Peking today, the Communist radio reported tonight.

The Americans were among 80 students from 13 countries. Radio Peiping said in a Chinese language broadcast heard in Tokyo.

Other nations represented included Canada, Thailand, The Philippines, Syria, and West Germany, the radio said.

THE AMERICAN students defied a U. S. State Department ban on travel beyond the Bamboo Curtain to accept the bid for an overseas free trip to Red China.

The students traveled overland from Moscow by rail. The radio said that the Americans would tour the Chinese mainland "for a brief period."

The radio, however, gave no further information on where the American students were to visit or what they might be allowed to see.

Later, in an English broadcast, the New China News Agency reported that the visiting students received "a rousing welcome at the railway station."

Methodist Youth Asks U.N. Seat For Red China

DENVER (UP)—Recognition of Red China in the United Nations by the United States is sought in a resolution adopted by the National Conference of Methodist Youth.

The conference, representing 1½ million young Methodists, will conclude at Denver University today.

Other resolutions adopted Thursday call for allowing travel in Communist China and other parts of the world, international disarmament and an end to nuclear and thermo-nuclear weapons testing, and a congressional investigation of the sale and use of alcoholic beverages in the United States.

Another resolution of the central (Negro) jurisdiction of the Methodist Church "with all possible haste."

The Guernseys, who have five children, live in an area surrounded by several hundred acres of woodland. Several large quarries are also located near Dixon, a city of about 12,000 about 100 miles west of Chicago.

Gurnsey, a construction firm employee, moved his family here six months ago.

Mother Maintains Silence On Slaying

"I don't even know whether there's a God. I hope there is and he's taking care of my little Billy."

Mrs. Vera Durant, held here in connection with the fatal shooting of her 14-year-old son William, talked like a woman whose emotions were long ago worn out.

"There is no sorrow in my heart," said the 46-year-old Chicagoan.

She still refused to answer any questions about the shooting. BUT SHE TALKED freely, returning frequently to express disillusionment with church and state social workers who she blames for breaking up her home.

"No social worker can ever touch that child again," continued the mother of two other sons.

"Even Billy with his little crippled brain meant as much to me as the others," she said in her flat-sounding voice.

An inquest into the death of her son, who was shot to death while he visited him at Manteno State Hospital, was set for 2 p.m. today.

Mrs. Durant left it doubtful as to how much testimony she might give. She said she might give some "written statements."

"He was a beautiful child, with blond curly hair and blue eyes," she said.

Police refused to give the exact number that sought political asylum because of security reasons. The police department estimated the figure at "between 20 and 40."

The defections began late Thursday when 4 or 5 Poles decided to make a break for freedom. By midnight, an estimated 25 had decided to remain behind.

Police and Foreign Ministry officials were not sure of the final number. Most of the defectors were believed to have asked for asylum.

GM Makes Reply To Reuther Price Cut Proposal

DETROIT (UP)—General Motors, replying to Walter Reuther's proposal for a 100 price cut on 1958 car models, Thursday asked the United Auto Workers union to extend its GM contract two years as a "contribution to economic stability."

President Harlow Curtice, of General Motors, made the reply to Reuther's proposal. It was the first reply from the auto industry to Reuther, UAW president, had portrayed his proposal as a means for fighting inflation. He interpreted Curtice's response as an "arbitrary rejection" and accused the GM of "stockpiling disregard" of the public welfare.

Three Dixon Girls Subjects Of Hunt

DIXON — About 250 volunteers ranged through wooded country here today searching for three young sisters.

The daughters of Mr. and Mrs. John Gurnsey, Theresa, 8, Ruthie, 6, and Nancy, 10, disappeared from the yard of their trailer home Wednesday afternoon.

Lee County Sheriff John Stouffer headed the search party through the rugged terrain along the Rock River.

National Guardsmen, sheriff's deputies, Boy Scouts and other volunteers combed the woodlands. Mounted searchers rode through tall cornfields and a search plane scanned the area from overhead.

Stouffer said one of the best clues was a report from a motorist that the girls were seen hitchhiking on a highway north of Dixon Thursday afternoon.

Another witness said he saw the girls run into a cornfield near the city, and a fisherman reported seeing the girls on a bridge in Dixon.

The Guernseys, who have five children, live in an area surrounded by several hundred acres of woodland. Several large quarries are also located near Dixon, a city of about 12,000 about 100 miles west of Chicago.

2 Polio Cases Reported In Kankakee County

Two cases of polio have been reported in Kankakee County so far this year. Neither of the victims was inoculated with anti-polio vaccine.

Reported in good condition at Silver Cross Hospital, Joliet, is Richard Kay, 11, of RR 2, Mokena, daughter of Mrs. Elsie Vanderliet, St. Ann's.

She entered the hospital Thursday and is reported to have no paralysis.

The other victim is Richard Lee McCasland, 5, son of Mr. and Mrs. Lee McCasland Jr., 769 N. Harrison Ave.

Richard entered St. Joseph's Hospital, Joliet, Aug. 3 and was hospitalized for two weeks. He is now recovering at home.

The family reports that one of Richard's legs is partially paralyzed and he limps when walking. He is not bedridden.

Harold Shidder, chairman of the Kankakee chapter, National Polio Foundation, said that six cases of polio were reported to the chapter last year.

DO-IT-YOURSELF BUTCHER SHOP

SAN DIMAS, Calif. (UP)—A charge of grand theft has been filed against two bow and arrow hunters accused of setting up a do-it-yourself butcher shop in a farmer's pasture.

The sheriff's office said the pair killed and butchered several calves and wounded another.

Taken into custody Thursday were Robert E. Jackson, 18, of Azusa, and Donald N. Jensen, 23, of Claremont. Detectives traced the arrows to a man who said he made them for Jackson.

Parents to "take children to church and see that they get religious training."

"He wiped the dishes for me for a small allowance and went to Sunday school on Sunday and dropped part of the money in the collection."

"When he entered the orphanage I knew I had lost my son," said Mrs. Durant, still held without formal charge.

MRS. DURANT denied that the boy was mentally retarded, the diagnosis given by the state hospital.

But she praised the care and treatment the boy received at Manteno. She said she hoped she hadn't brought the hospital any bad publicity.

"We had Billy in Kankakee in the dime store a couple of weeks ago. I've never seen him smile so big or be quite so happy as he was that day."

"I have a picture of him I'd like to have enlarged. It's very sweet. That's the way I'll always remember him."

Mrs. Durant said she has no money to employ an attorney. She saw no evidence of secret police.

"He was a beautiful child, with blond curly hair and blue eyes," she said.

Navy Tests Engine For Earth Satellite

WASHINGTON (UP)—The United States has passed a crucial milestone in its race with Russia to be the first to launch an earth satellite into space.

The Navy Thursday night successfully tested a rocket engine that will supply the thrust for the satellite.

The \$8,175,566 total was reached Thursday night as the community advisory committee held its final meeting in hearing requests for rehabilitation aid.

The committee showed that \$33,196.54 was spent in the form of emergency expenditures through the county rehabilitation awards have totaled \$46,979.12.

SHIDDER said that there were 353 requests for aid that were heard by the advisory committee.

A total of \$34,153.21 was contributed by Kankakee County residents to the Kankakee County Flood Relief appeal
