America's Dr. Schweitzer III

Witch Doctors Work With U. S. Medic

Here is the third of an eye-witness report on the humanitarian medical work being conducted by Dr. Thomas A. Dooley in the remote mountains of Laos.

BY DON DUNHAM
SAIGON, Viet Nam — (NEA) — The witch doctors of North Vietnam are an unofficial part of Dr. Thomas A. Dooley's staff. But Tom Dooley doubts that the American Medical Association would object. Dr. Dooley believes that he accomplishes more by working with the witch doctors than by fighting them. He helps them save face by building up their prestige at the same time he works his medical wonders.

In this manner, Dr. Dooley, who is a Roman Catholic, has convinced the witch doctors that they should bring their patients to him while there is still enough life in them to be saved.

The doctor from St. Louis, Mo., does something else that is a little unorthodox. He indulges in "sur-splitting," a practice which is frowned upon by medical societies in the U.S. The "fess," of course, come from grateful patients. They are Tom Dooley's only pay.

EGGS, FRUIT, POULTRY, handwoven cloth pieces and other ornaments are among the offerings. All of these he splits 50-50 with the witch doctors.

The witch doctors—each village hereabouts has at least one—beat on drums until an American is ready to begin.

"They do incantations," Dr. Dooley says. "They burn incense, make offerings of rice to their good spirits, rub ashes on the patient's stomach, put an ash line on the forehead of a newborn baby and blow good spirits into the ears of women patients."

For anemia, they have the patient drink baboon blood. A fracture is treated by wrapping leaves around it and building a mesh of

SICK CALL AT NAM THA HOSPITAL finds Dr. Dooley handing out pills and sage advice to Lao natives. "The witch doctors do incantations; I give penicillin," he says.

bamboo splints around that. That treatment is better than most of their medicine, which is usually a whole lot of herbs and a little bit of opium. They think that if you eat a lot of opium you will be healthy. They also use a lot of opium in their medicine.

At the hospital sick call I sat beside Dr. Dooley and we discussed each patient, the symptoms, the diagnosis and the treatment. He can talk pretty good Lao, medical terms and all that. But all of these tribes speak a language not understood by others. That's the reason for interpreters. Then the first patient came in.

IN APPRECIATION, she and her husband had trudged for two hours through a driving rain to bring Dr. Dooley two coconuts. He sent one to his colleagues, the witch doctors. The other he gave to the patient. Dr. Dooley said he was injured

gram, at a cost of 31 cents a meal. After that came a steady stream of patients, with a variety of diseases. Dr. Dooley treated them quickly—efficiently. They were in the center and leprosy cases fill the beds in his hospital wards.

There is always another patient to treat.

MR. AND MRS. L. V. Pinkston and children and Mrs. Joe Morris, Greenville, Tenn., returned home after spending a week's vacation with Mr. and Mrs. Ira Case and daughter, Nancy Lee.

Miss Blanche McSorley of Chicago spent several days with her sister, Mrs. Nellie Buck, who accompanied her home Sunday for an indefinite visit.

(Next: A visit to a Buddhist cemetery.)

In both the United States and Great Britain the top 10 per cent of the nation's personal incomes before taxes, says the British Oxford University Institute of Statistics.

A woman came in who had a very bad lip cancer which had spread to her face. Dr. Dooley had removed it in his first surgery here and only a slight scar is observable today.

Use of mercurials had helped him and Dr. Dooley was able to order that treatment stopped. He is being fed an all-purpose high protein food provided by "Food for Millions," another American pro-

gram, at a cost of 31 cents a meal. After that came a steady stream of patients, with a variety of diseases. Dr. Dooley treated them quickly—efficiently. They were in the center and leprosy cases fill the beds in his hospital wards.

There is always another patient to treat.

Martinton Church Of Christ Plans Annual Picnic

MARTINTON (JNS)—The annual picnic of the Martinton Church of Christ will be held Sunday at the Prairie States Christian Service Camp, south of Watkeia.

Sunday school and morning church services will be held at the usual time in the church. The program at the camp will include a picnic dinner, followed by games and a social time. Vesper services will be at 4:30 p.m.

MR. AND MRS. Nicholas Williams of Detroit, Mich., spent several days last week at the home of the Rev. and Mrs. Roger Spear.

Martin Madsen returned Monday from East St. Louis, Wash., where he had spent a month with his son, Marcel Madsen and family.

MR. AND MRS. Durwood Wright and children of Chicago spent the weekend at the home of Mr. and Mrs. Francis Smith.

MR. AND MRS. Charles Smicker of Chicago spent the weekend at the home of Mr. and Mrs. Ira Case.

Mrs. Nellie Glasgow returned to Chicago after spending the weekend and holiday here with her son-in-law and daughter, Mr. and Mrs. Martin Residor, and family.

Edward Smith is ill in his home here.

Cabery Resident Completes Course

CABERY (JNS)—Gerald Legan completed a state highway extension course at Champaign and began work at the Ottawa office on Tuesday.

MR. AND MRS. Nicholas Williams of Detroit, Mich., spent several days last week at the home of the Rev. and Mrs. Roger Spear.

Martin Madsen returned Monday from East St. Louis, Wash., where he had spent a month with his son, Marcel Madsen and family.

MR. AND MRS. Durwood Wright and children of Chicago spent the weekend at the home of Mr. and Mrs. Francis Smith.

MR. AND MRS. Charles Smicker of Chicago spent the weekend at the home of Mr. and Mrs. Ira Case.

Mrs. Nellie Glasgow returned to Chicago after spending the weekend and holiday here with her son-in-law and daughter, Mr. and Mrs. Martin Residor, and family.

Edward Smith is ill in his home here.

Methodist Worker's Club Of South Wilmington Meets

SOUTH WILMINGTON (JNS)—Mrs. Josephine Purdy was hostess to the Methodist Worker's Club in her home Saturday evening.

The president, Mrs. W. H. Ubrich conducted the business session. Mrs. Purdy had charge of the refreshments.

In the social period, Mrs. Purdy served refreshments. Mrs. Grace Fellows will entertain the club in her home at the next meeting.

MRS. NELLIE Glasgow returned to Chicago after spending the weekend and holiday here with her son-in-law and daughter, Mr. and Mrs. Martin Residor, and family.

Edward Smith is ill in his home here.

TEMPERATURE DROPS TO 41 IN KANKAKEE

The low at 41 degrees was, of course, the lowest so far this season. The high at the airport Thursday was 78. In downtown Kankakee the evening low was 54 and the high 72 degrees.

The early autumn weather is expected to remain over the weekend with a slowly warming trend beginning about Monday.

Forecasters say the temperatures will average 2 to 4 degrees below normal the next five days.

Truck Hits School Bus At St. Anne

ST. ANNE (JNS)—Three St. Anne grade school pupils, escaped with only bruises Thursday afternoon, when the school bus they were riding was hit from the rear by a semi-trailer truck. An examination by a local physician showed none to be seriously hurt.

The accident occurred three miles south of here on Route 1, as the bus was returning to the village, and was making its second to the last stop. There were just the three youngsters aboard the bus when it was hit.

Dale Trp, bus driver, had stopped the vehicle at the Charles Jackson farm, to discharge the three Jackson children, Bruce and Raymond Jackson, ages 12 and 7 respectively had already gotten off the bus. Their sister, Joyce Ann, 13, was in the process of getting off, when the truck crashed into the bus.

Southern Japan Hit By Typhoon

TOKYO (JNS)—Typhoon Beas slammed into southern Japan with heavy rain tonight, destroying or damaging 230 homes and killing 11, according to reports from the Japanese government.

National police said two persons were missing and 1,200 homeless in the southern island of Kyushu. Heavy loss of rice crops is expected.

The storm, advancing northward on a more than 300-mile front, at 20 miles per hour is expected to hit the crowded Tokyo-Yokohama area with winds reaching 90 miles per hour by Saturday afternoon.

Center winds have been clocked at 118 miles per hour.

Woman Beaten, Robbed Of \$45

A strong-arm robber today beat a Kankakee woman over the head with a flashlight and made off with her purse containing about \$45. Injured in a struggle with the assailant was Mrs. Josephine Boguszewski, 46. The thief gained entrance to her home at 448 N. Greenwood Ave., about 8:15 a.m. by posing as a meter reader for the Public Service Co.

Mrs. Boguszewski said she was preparing to leave for her job at 1 Fair Store when she answered a knock on the door and a man told her he wanted to read the electric meter.

THE WOMAN SHOWED him where the meter was in the bathroom and then she went into a bedroom. When she walked out into the living room again, Mrs. Boguszewski saw the man searching through her purse.

She ran to the front door, but the man pulled her back into the house and she went into a bedroom. He then struck her with the flashlight, knocking her to the floor. By the time Mrs. Boguszewski arose, the man had fled, she told police.

The report appeared in a contract with Benjamin Lewis and Co. of Chicago authorizing the clerk and victim to report to the police.

However, in verbal instructions to Samuel Shapiro, the village attorney, the board instructed him not to inform Benjamin Lewis and Co. until 11:30 a.m. today, 30 minutes before the deadline of noon today which the village had to accept or reject the firm's financing proposal.

"This was to give Shapiro an opportunity to talk with another potential purchaser of the bond."

Shapiro reported at 11:45 a.m. today that the other proposition did not go through, and he notified Lewis and Co. that they remain as the bond purchasers.

Milton Newton, a representative of the firm, appeared before the village board at a regular meeting Tuesday night. He explained that the firm's contract to buy the bonds had expired Sept. 1, and because of the delay in the board meeting, the firm would require an additional \$10,000 financing charge. This would raise the financing charge from \$25,250 to \$35,250, resulting in the sale of the bonds at that much lower net value or approximately 90 per cent of par.

AT THE MEETING, Newton agreed to give the village until noon Friday to contact other prospective buyers for the bonds, but if they wanted to accept the Benjamin Lewis and Co. offer, it must be by noon today.

Shapiro reported to the board that he had made several contacts and one deal was still pending. During the meeting he received a call from representative of Lewis and Co. that they had accepted the offer of the groups which said they would accept the bonds.

Batista Reports Revolt Crushed

HAVANA — President Fulgencio Batista's government said today it had smashed an uprising of rebels and naval and maritime police dissidents in south central Cuba. It put total casualties at about 75. A high command announcement said 40 to 50 rebels were killed or wounded. It reported government losses at 12 killed and 13 wounded.

The command accused former President Carlos Prío Socarrás of masterminding Thursday's day-long revolt in Cienfuegos, 150 miles southeast of Havana.

The government "poured in planes, tanks and troops after 400 rebels seized police headquarters in downtown Cienfuegos and threatened to take control over the port city of 50,000."

Planes dropped bombs. Troops stormed police headquarters with heavy machine guns and small arms. The rebels were driven from the building and survivors scattered into the nearby hills.

The high command announced that the rebels were driven from the building and survivors scattered into the nearby hills.

The statement said revolutionaries disguised in Cuban navy uniforms first attacked the police headquarters, which other rebels had captured.

That not only in effect told the government to let integration proceed, it hinted that the federal government might be thinking about trying to restrict activities of the Arkansas National Guardsmen called out by Faubus.

But even so, integration proceeded. The Little Rock School Board offered the possibility of a temporary solution by asking federal troops to be sent to the school. The Arkansas National Guardsmen followed an indefinite legal postponement of integration.

The Journal's Page Of Opinion

U. S. Keeping Calm, Collected

Many times nowadays we read or hear that we are in an age of blandness, marked by a lack of action and excitement and by the mildness of people's reactions to issues and events.

There doesn't seem to be much doubt that it's true.

In spite of the talk of the dangers of nuclear fall-out, Russian claims in the intercontinental missile field, Communist gains in the Middle East and some other discouragements abroad, we are really pretty calm and cool.

The same holds for things on the domestic front. Civil rights here and there arouse some citizens, but not really a lot. Few seem worried about the mixed trends of the economy, for general levels are still very high. Internal communism, once the focus of bitter controversy, is little mentioned.

Some who keep hammering about our bland mood plainly believe it a bad condition for America to be in. They want us to act, to do battle, to generate excitement, to feel deeply about ideas and happenings.

There is, of course, no conclusive evidence—nor is there likely to be—that Americans do not feel deeply about the

basic things that govern our lives. But quite a few would argue it is not bad, and may be quite inevitable, that we should be floating along these days in a kind of a neutral gear.

We had a steady diet of excitement for two decades—the 1920 crash, the Great Depression, World War II, the turmoil of postwar adjustment, the Cold War, the Korean conflict. It is so odd that people should seek a retreat after that?

Americans will be aroused again when there is need to be. But meantime they are behaving as quite normal human beings when they seek out a belt of calms after so many years of stormy seas.

To some liberal citizens, the present mood of the people is infuriating and frustrating. They want action, vigorous programs, conflict, excitement.

They may keep hammering about our bland mood plainly believe it a bad condition for America to be in. They want us to act, to do battle, to generate excitement, to feel deeply about ideas and happenings.

OLD RUSSIAN POLITICIANS DON'T ALWAYS DIE

By David Lawrence

Conflict Of Federal, State Power

WASHINGTON—Where the federal power begins and ends and where the powers of the states begin and end is dramatically illustrated in the conflict which has arisen in Arkansas.

For there is a fight under the Constitution whereby the federal marshals or the federal courts can tell the governor of a state that he cannot call out state troops to maintain order or to prevent violence. The Constitution says that the authority of the United States is to protect the people "against domestic violence" only when the legislature makes application or when the governor applies in the event that the legislature is not in session.

The preservation of order is thus a state function. For any federal marshals to be ordered into Arkansas to prevent the governor from carrying out his state responsibility in maintaining order is a flagrant violation of the Constitution. It would be the proclamation of a dictatorship by the federal government.

The issue in Arkansas, however, is not merely the preservation of order or the prevention of domestic violence. The federal judge has issued an order which is to open the public schools to Negroes. His order, in effect, prohibits discrimination on the ground of race or color.

IF THE SCHOOL authorities in Little Rock accept in good faith the fact that Negroes must be admitted to the schools, the federal court can punish anyone who actually interferes with the decision made by the school board. But what is "interference"? In the Clinton, Tenn., cases it was argued by the defendants that free speech no longer prevailed and that a court order abolished the right to speak. The judge apologized from the bench for the breadth of his order and endeavored to limit punishment to those who had actually interfered with the integration process in a direct way. The actual scope, however, has not been passed upon by the Supreme Court of the United States. It remains to be seen whether parents of white children meeting with other parents to discuss the school situation are to be considered as interfering with the school's exercise of its duty to educate.

THE GOVERNOR of Arkansas has the right to determine in the first instance whether law and order prevail in his state. A federal court order banning segregation can continue to be in force, but its effective date of operation depends on when the state authorities decide that it is permissible to open the schools and allow the normal procedures to be operative.

The assumption that the moment a state governor calls out troops to maintain order, he is violating a federal court order and can be held for "contempt" is an exaggeration of federal power and would not stand up when taken to the higher courts. For if it were to be held by any court that the governor of a state cannot maintain order by calling out his troops, the federal injunction of any kind is absurd, the entire state machinery could be disrupted. There would be no way of fixing responsibility.

THE BACK SIDE of the travel folder listed in equally heavy black type the 10 planks in the SPD platform which, by promising the free was to guess how many votes the State Democrats (Socialists) will get in the Sept. 15 elections.

TO MAKE IT EASIER, the folder told me that in the federal elections four years ago the SPD received 7,844,553 votes. At that time 33 million Germans were eligible to vote, and this time it is estimated there will be 35 million.

Reading on, I was informed that, after all, if I didn't guess the right number of SPD voters, it wouldn't affect my life too much, since all I would lose would be a lovely two weeks vacation. But, if I voted wrong on Sept. 15, my whole life would be adversely affected as would be that of my family and the entire German people.

Then in heavy black type I was warned: The reelection of the present German government means that the risky policy of military belligerence will be continued, that arm weapons will be stored in Germany and that the danger will be increased of Germany's becoming the atomic battlefield in the dictatorship of the CDU.

Peace through disarmament—an end to compulsory military training and to armaments races. Reunification in freedom and security—an end to inactivity. Atomic energy only for peaceful purposes—an end to inflationary policies. Private property and welfare for everybody—an end to special favors to big business. Guarantees of free competition—an end to the abuses of cartels (monopolistic combinations). Old Age without any worries—an end to confusion and chaos. Protection of the Family—an end to the housing shortage. Equal educational and professional opportunities for all—an end to the shortage of schools. Protection of Democracy and the spirit of freedom—an end to the dictatorship of the CDU.

By George Sokolsky

Newport's Headache

I recall going to Newport, R.I., many years ago to visit Richard Washburn Child who was heading a group to rehabilitate this extraordinarily beautiful city which was suffering from the depression and from the death of many millionaires. Their heirs, being young and not having the money to keep the magnificent estates going.

As a service, Newport, instituted the Jazz Festival which attracted a crowd whose money is as good as any other. The city of Newport is to get a major gasoline installation and those who are not worried about their homes being covered by oil and not are concerned with the area and danger of the refinery's location causing the Navy not to expand the present facilities which it might otherwise do.

An Advisory Commission of the Rhode Island Development Council, appointed by the governor, reported to him last May on the advantages and disadvantages of the oil project, the principal advantage being that it would add a new and diversified industry to Rhode Island, employing 250 local people, and many more during the construction period.

THE OBJECTIONS WERE numerous: "Detraction from scenic beauty of Narragansett Bay" Water pollution and effect of high temperature of discharged water used for cooling purposes; air pollution; effect on recreation and marine life; lowering of fresh water table on mainland; constant stack flare from burning gases; possible adverse effect on present naval installation and activities in the area and danger of the refinery's location causing the Navy not to expand the present facilities which it might otherwise do.

The commission reported that the Navy employs over 16,000 civilians in the lower Narragansett Bay area and that the Navy would be discouraged by "Possible expansion of the civilian force of the Navy in the future. There is also to be considered the loss of business which would result from any lessening of the number of Navy ships visiting Rhode Island waters and the number of personnel coming ashore. Due to intensive naval flying activity in the vicinity of the refinery there is always the possibility of an accident which could be serious. The Navy has made it very plain to us that the existence of a refinery at Jamestown would be incompatible with the Navy's operations."

THE ADVISORY COMMISSION reported that the disadvantages outweigh the possible advantages of the scheme and that they oppose it. The commission also stated that the oil installation is not a defense project but a private enterprise whose principal beneficiary is Gulf Oil. The refinery is being projected by the Commerce Oil Refining Corp., a Delaware corporation, organized apparently for this purpose in 1953 by Harold M. Miller of Great Neck, L. I., a lawyer, and Harry R. Lewis, neither of whom has any history in the oil refining industry.

The Jamestown Protective Association, which is opposing the project, in its communication to the Advisory Commission said: "The cost of the entire enterprise is to be paid for with borrowed capital... the source of the capital, and the plans to obtain it, can't be disclosed. It is said that Lehman Brothers of New York have evolved the plans to create the capital. This is all we are told. Perhaps it is foreign money. Why should you care? You can be certain that the source of the capital will, in a very large measure, if not entirely, direct and control the operation of this project. It would not expect it to be controlled by the government."

Accepts Scholarship

Dorothy Mayes of Ashkum, left, accepts a one-year scholarship to St. Mary's School of Nursing, Kankakee, from Mrs. Marion Fisher, president, and Eugene Dandella, president-elect, of the Florist Telegraph Delivery Association. Miss Mayes was one of 41 nursing students to receive scholarships at the organization's annual convention.

Admits Throwing Chisels In Lagoon

Anderson Murder Clue Fizzles Out

CHICAGO—A hot lead in the Judith Mae Anderson dissection-along, fizzled out Thursday night when a railroad policeman told police he was the man who tossed three chisels into a West Side park lagoon.

Police said they did not consider Axel Johnson, 75, a prime suspect in the case, but held him for questioning. He appeared at Central Police station with his wife and said he read in newspapers that authorities were searching for the man who tossed the tools in a cut-down 55-gallon oil drum in Montrose Harbor Aug. 22. A five-gallon oil can fished from the same North Side harbor Aug. 24 contained her head, hands and one arm.

BOTH CONTAINERS had been all down the sides, apparently with a chisel, so the open ends could be folded inward to close them. Police recovered three chisels from the Columbus Park lagoon Saturday. The lagoon is about two miles from where 18-year-old Judith Mae was last seen alive the night of Aug. 16. Her torso was found in a cut-down 55-gallon oil drum in Montrose Harbor Aug. 22. A five-gallon oil can fished from the same North Side harbor Aug. 24 contained her head, hands and one arm.

Planning Board Member Takes Issue With Top Official

A member of the state Industrial Planning Division advisory board has taken issue with a top official who said the division's program is "going ahead as planned."

This is the latest development in a dispute between the division's advisory board and C. W. (Runt) Bishop, the \$10,000-per-year head of the division.

The chairman of the advisory board is James W. Stupka of Kankakee, who is now at Rochester, Minn., for a medical checkup and is not expected in Kankakee until Monday.

Gov. William Stratton was asked about the dispute at a news conference Thursday, but said it was a "departmental matter" and would be up to the director to straighten out.

THE GOVERNOR referred to Miss Vera M. Binks, director of registration and education, under which the industrial planning division functions.

It was Miss Binks who issued a statement that the division's program is "going ahead as planned." However, Oldham Paisley, a Kankakee newspaper publisher and member of the advisory board, said: "The program cannot go ahead until the government takes action on the unanimous request of the board to discharge Bishop."

Paisley said that the board has twice made "unanimous requests" that Bishop be fired. Paisley said the board had requested Miss Binks to "present the board's request to the governor."

Planning Board Member Takes Issue With Top Official

Gov. William Stratton was asked about the dispute at a news conference Thursday, but said it was a "departmental matter" and would be up to the director to straighten out.

Planning Board Member Takes Issue With Top Official

THE GOVERNOR referred to Miss Vera M. Binks, director of registration and education, under which the industrial planning division functions.

Man May Get Charge Out Of New Drug

ZURICH, Switzerland (UP)—The International Congress for Psychiatric Medicine, which opened today in Zurich, may help make man realize some of his "tremendous capacities that lie dormant."

NEWS BRIEFS

FILM CANCELLED
The showing of the movie, "The Rules," scheduled by the Central AME Zion Church on Sunday night at Franklin School, has been cancelled. All money will be refunded.

WRENCHES STOLEN

Two boxes of socket wrenches worth \$100 were stolen from a truck at Hopkins Park Thursday. The driver, Al Blaslow, an employee of Central Metal Works, Muncie, said the wrenches were taken from the parked truck about 10:30 a. m. They were in two green boxes, according to information given Deputy Sheriff Henry Thompson.

CENTURY CLUB

Miss Evangelina Barrett of Chicago, formerly of Bourbonnais, will appear as guest speaker at the Sunday meeting of Century Club at 7:30 p. m. at the First Methodist Church. Miss Barrett is associated with the University of Chicago. She will talk on her travels in Europe and Asia.

CD Director Optimistic Over Program

DETROIT (UP)—Federal Civil Defense Administrator L. B. O. A. Hoegh told newsmen Thursday that he was "confident that a defense against any type of nuclear attack can be met by the American people."

TO MARK ANNIVERSARY

Mr. and Mrs. Irvin Karstenen, Pasadena, Calif., and their children, are visiting Mrs. Karstenen's parents, Mr. and Mrs. Walter S. Karstenen, 373 N. Wabash Ave., Chicago. Friends and relatives of the Karstens will join them in a picnic Sunday at Beckman park to celebrate Mr. and Mrs. Karstenen's 37th wedding anniversary.

FINED \$27

Walter Anderson, 42, of Herrin was fined \$27 by Justice Fred R. Smith for being arrested at 1:30 a. m. today by Robert Leveque of the Manteno police on a charge of being intoxicated and disorderly.

CHICAGO GRAIN

CHICAGO — All futures contracts, with the exception of oats, were on the Board of Trade to close with soybeans up as much as 1/4 cent, and corn up 1/8 cent.

Man Wed 18 Times Freed Of Charge Of Beating Woman

TULSA, Okla. (UP)—Rev. David Davis, 46, testified in Municipal Court today that he had beaten his wife, Mrs. Davis, 18 times. He was acquitted of beating a woman friend with his fist.

Urges Pastors To Preach Safety From Pulpit

SPRINGFIELD (UP)—G. V. Stratton suggested Thursday that one of the best places to preach higher safety is in the church. He addressed a group of Sangamon County ministers and told them that they might well take up the subject of highway safety in the pulpit.

Who is... the in teacher's

It's the student who rates an A+ for effort, A+ for conduct, A+ for neatness. Usually this means A+ in other subjects. The kind of clothes the student wears can be reflected in a good report card. For good clothes builds confidence in students even more than adults. Will your children be "THE APPLE IN TEACHER'S EYES?"

THE FAIR STORE SPECIALIZES IN A+ CHILDREN'S WEAR

Boys' all wool coat and cap sets, 3 to 6 years. 17.98

Classic sport coats in handsome styles, 3 to 7. 8.98

Dressy little single or double breasted coats in fine chevron tweeds or checks. Quality tailored with warm linings. Each with Eton cap to match.

Ivy League suits of rayon-acetate suitings. 12.98

Patch pocket coats in Ivy League stripes or gay plaids with solid color pants to coordinate. Looks like flannel. Sizes 3 to 7 years.

Such pretty styles!

gay cotton dresses

designed by Youngland and Kate Greenaway.

For the 3 to 6 year group. 4.98 to 6.98

For the 7 to 14 year group. 5.98 to 8.98

Each dress made with a deep hem to let-out as they grow.

Why shouldn't she get an A+ report card? She gets the prettiest dresses in the class! See our dreamy new collection of gay gingham in woven plaids and stripes or deep-tone cottons. All done with dainty details in laces, rick-rack, braids and white trims. All are washable for practical back-to-school wear.

Side elastic boxer style with patented non-slip waistband. Button on suspenders or without suspenders. Brown, charcoal, navy, 3 to 7 years. 3.98, 5.98

NATIVE MUSIC OF INDIA was presented by the Kankakee Rotary Club members Thursday by Mr. and Mrs. Victor Sherring who have been studying music in the United States. They are shown here with their 11-month-old son, Victor. The Sherrings will leave the United States Sept. 20 for Methodist missionary work near Delhi, India. (Journal photo)

Rotarians Hear Music Of India

Kankakee Rotary Club members enjoyed a double-header entertainment program during their Thursday luncheon meeting.

They first listened to the music played on native instruments by a young married couple from India studying music in this country.

This was followed by a talk on the history of the industrial development of the Kankakee area by William Kraus, a local Chamber of Commerce member who for many years has played an active role in bringing industry to Kankakee.

The Indian musicians were Victor and Elizabeth Sherring, who have been studying music and religious education at Northwestern University.

The Sherrings are in Kankakee as guests of Dr. and Mrs. G. L. Downie, Dr. Downie and family were in India for many years where he was a Methodist medical missionary.

SHERRING WAS a director of the India Centenary Choir, which toured 27 states in the U.S. in observance of the 100th anniversary of Methodism in India.

The Sherrings will leave Sept. 20 for India, taking with them their son Victor who was born in Evansville last October. Their son is thus an American citizen.

Their musical program consisted of singing, a native dance by Mrs. Sherring and demonstrations of the tabla (Indian drums), the dillaba (a 16-string instrument) and the harmonium, an accordion-like keyboard and bellows instrument used for accompaniment in India.

In his talk on Kankakee, Kraus traced the development of industry here from the early years of 1900. He said that Kankakeeans are proud of the fact that they have provided the necessary facilities, such as schools, to keep pace with the growth of industry.

"A town is nothing more than an organization of people, so it is you who determine how great your community becomes," Kraus told Rotary Club members.

"Don't wonder where your tax money is going," he said. "You are getting more from your local government than ever before."

HE CITED THE increasing needs of the school system as the population of this area has grown. He also pointed out that the city

Nab Master Check Forger In Cleveland

CLEVELAND (UP)—An alleged master check forger caught in 43 states over the past 10 years was arrested in a suburban motel Thursday.

Charles R. Speedie, 51, nicknamed "The Traveler" because of his habit of staying in one spot only briefly to run off a batch of bogus checks, was arrested in a gun-drawn raid on a tip furnished by Van Nuys, Calif., police.

He was believed to have cashed at least \$500,000 worth of forged checks in the past 11 years.

"It may have been a couple of million dollars," said Det. Sgt. D. R. Sheldon of the San Fernando Valley, Calif., police.

San Fernando authorities found four sheds and a trailer full of loot brought by Speedie with bogus checks and slipped to his modest home in the valley.

"THE LOOT, which included a book titled 'How to Use Your Imagination to Make Money,' will take three or four days just to inventory, officers said.

There were dozens of tape recorders, photographic equipment, an organ, hi-fi sets, food, clothing, and a small printing press on which Speedie allegedly ran off his own payroll checks.

Cleveland police found in Speedie's motel room another printing press, more photographic equipment, and a nest in which Speedie carefully recorded his various forgeries.

Speedie was unarmed when he was arrested, although the FBI listed him on circulars as "armed and dangerous." He had never been arrested or photographed by a law enforcement agency and a pencil sketch was the only clue to his appearance.

Arid and semi-arid areas, with low food productivity, cover between one-quarter and one-third of the earth's land surface.

Estimate 65,049 To Win Diplomas From High Schools

SPRINGFIELD (UP)—Illinois public high schools will graduate 65,049 pupils next year, state school authorities have predicted, and by 1964 that figure will increase by about 25,000.

State School Supt. Vernon L. Nickell made the prediction Thursday based on a projection of the birth rate 18 years prior to graduation.

In 1959, he said, the total will reach 78,533 and in 1960, 80,864. During the three ensuing years a slight drop was forecast due to lower birth rates during the war years 1943, 1944, 1945.

A huge jump was indicated, however, for 1964, when 90,933 pupils are expected to complete secondary school courses.

Nickell said he arrived at his figures by taking 62.2 per cent of the corresponding year's birth rate, a factor that was worked out on the basis of 1956 statistics.

Although figures for this year are incomplete, he said total graduates will approximate 62,941.

Police Take Protesting Escapee From Hawaii's Ancient Sanctuary

HONOLULU (UP)—George Leroy Page, South Carolina fugitive, returns to Honolulu today after an unsuccessful flight to Hawaii's ancient City of Refuge where he sought sanctuary.

Page, 28, surrendered Thursday night—but under protest at the advice of his attorney. The two policemen who arrested him carried a warrant signed by Earl L. Turner, who was acting governor of the territory until William F. Quinn's inauguration last Monday.

PAGE, WHO escaped the South Carolina Penitentiary in 1954 while serving a life term for murder, slipped out of Honolulu Thursday for the City of Refuge on the island of Hawaii.

His attorney, Bernard K. Trask, insists a right of sanctuary still exists in the "City" dating back to days of the monarchy when Queen Kaahumanu "escaped the wrath of King Kamehameha I there in 1795."

Page's sanctuary lasted just four hours in the City of Refuge at Hanalei, which was made a part of the U. S. National Park system by Congress in 1955.

86% Of The Brass Prove U. S. Still The Land Of Opportunity

NEW YORK (UP)—There is little truth in the old saying that the only way to get ahead is to marry the boss' daughter. While this method is probably the easiest and fastest way up the executive ladder, it is not the one used by the vast majority of American businessmen.

A survey of 335 company presidents by the American Management Association showed that only 14 per cent became the boss' through family ownership or control.

The remaining 86 per cent did it the hard way, many of them in Horatio Alger fashion.

The AMA survey disclosed that some of the presidents started out as coal-miners, office boys, machine operators, sales clerks, foundrymen or laborers.

ABOUT 28 PER CENT worked their way up through the marketing side of the business. More than 16 per cent made the climb through production, 12 per cent through finance, less than 15 per cent through engineering, general management and personnel, while the rest of the group came up through diversified jobs in different fields.

The presidents who were surveyed head companies doing an annual volume of business of more than one million dollars to many billions of dollars.

Their incomes range from \$13,000 a year to more than \$300,000.

The "typical" company president, according to AMA, is 50 years old, earns \$68,000 a year, owns his own home and two of more cars. He works 10 or 15 hours a week overtime and spends six or seven weeks a year traveling on business.

HIS BIGGEST complaint is not having enough time for his wife and kids and his hobbies.

His biggest day-to-day business problem, aside from the time

Urges Caution In Treatment Of Asiatic Flu

CHICAGO (UP)—A report to the American Medical Association, noting a parallel in the current spread of Asiatic flu and the influenza epidemic of 1918-19, today cautioned against the use of antibiotics and sulfa drugs in treatment of Asiatic flu.

Only patients with complications resulting from the illness should make use of antibiotics and sulfa drugs, the council on drugs reported in the current issue of the AMA Journal.

Most viruses, including those which cause Asiatic flu, are unaffected by antibiotics and sulfa drugs which are therefore useless, an accompanying editorial said.

IN SOME INSTANCES, the antibiotics and sulfa drugs can be "disastrous for the critically ill," although "merely annoying in healthy persons," it said.

Complications of Asiatic flu can best be avoided by fever-reducing agents, bed rest and sufficient fluids, the editorial said. No much can be done for the flu itself.

Persons stricken with flu should avoid use of antibiotics because of the possibility of building up drug-resistant bacteria, and the development of a sensitivity to the drugs, the report said.

Home treatment for moderate cases of flu was recommended by the council report, exposure to bacterial complications being less likely at home.

Dismiss Charge Against Dentist

WOODSTOCK (UP)—A charge of assault and battery has been dismissed against a dentist accused of scratching and bruising a reluctant 5-year-old boy patient.

The charge was filed July 29 by W. B. Schwantes, grandfather of the boy, Michael Schwantes, 5, of the town of Woodstock.

The "typical" company president, according to AMA, is 50 years old, earns \$68,000 a year, owns his own home and two of more cars. He works 10 or 15 hours a week overtime and spends six or seven weeks a year traveling on business.

HIS BIGGEST complaint is not having enough time for his wife and kids and his hobbies.

RC Formed To Help Person In Need: Lucey

Strengthening the emphasis Red Cross places on the individual—whether he be the Red Cross worker or the recipient of Red Cross attention—W. C. Lucey, executive director of the Chicago Red Cross chapter, addressed approximately 200 persons Thursday night attending the annual meeting of the Kankakee County chapter held at the Civic Auditorium.

"In Red Cross there is nothing more important than the individual," he asserted. "In the very beginning Red Cross was formed to help the person in need. That aim has never changed."

The speaker, who has been active in Red Cross work for many years, traced the origin of Red Cross and stressed that "down through the years the Red Cross concern has been not who a person is but rather whether he needs help."

He said that the seven basic principles of the Red Cross viewpoint are humanity, equality, proportion, impartiality, universality, independence and universality.

Speaking of Red Cross as a coordinating agency he turned to the Hungarian situation as an example of Red Cross worth to the world.

"ALTHOUGH CHURCHES and other organizations have played an important role in the care and placing of refugees," he said, "it is not Red Cross for the Red Cross and its coordinating abilities it would probably have been impossible for the refugee to get to Camp X."

Lucey, who has worked closely with the Red Cross in its disaster work, praised Kankakee for the way in which it met its needs following the July flood.

"I can assure you that National Red Cross was greatly appreciative of your community's efforts to raise funds to augment those required from National," he declared. "Red Cross attempts to raise \$10,000,000 to \$15,000,000 in the past 24 months have seen the disaster funds exhausted, and some of the general funds dipped into in an effort to meet the needs of disaster victims. Today Red Cross is worth \$6,000,000."

"The American people have supported the Red Cross since it was founded. I'm sure they will continue to support it as long as they live."

Nieling, Dr. Anthony Marinaccio, Dr. Morris Lang, Dr. William Gray, Maynard Bissonette, Edward Drolet, Donald Smith, Marwood Hendrix, Willard Menzies, George Rambo, St. Kate, Ray Norrie and Al Bart.

Here's a new beauty, new usefulness in a household utility item. Use Kitchen Kasualaire at breakfast bar, for ironing and work at kitchen table, as youth's chair at dinette table. Seat is upholstered, back is contoured for your comfort. Wide steps for feet when you use as ladder. Back serves as guard rail. Kitchen Kasualaire gives you five foot reach, takes the acrobatics out of your "high altitude" household tasks.

Kitchen Kasualaire

It's a padded seat, pull-up chair. It's a safe, solid ladder... doesn't wobble and wobble... you feel secure. You'll wonder how you ever kept house without it!

2 Cars Damaged In Collision At Station St. Bridge

Two vehicles were damaged in a crash at the east end of the station street bridge early today.

The drivers were William J. Jones, Springfield, in a truck, and W. H. Smith, 39, 378 S. Alma Ave. Both were headed east.

The accident report said Jones stopped for oncoming traffic while Smith attempted to turn left and Smith's car struck the truck in the rear. No injuries were reported.

In Kankakee police court, Donald Robbins, 23, R.R. 3, Kankakee, was fined a total of \$50 for three traffic violations. He was arrested Sept. 1 and charged with illegal transportation of liquor, driving against traffic and mutilating his driver's license.

Police magistrate Paul Davidson suspended \$5 of the fine on the latter charge. Other traffic violations were included in the case.

For speeding — James Shirley Wolfe, Martinton, \$19 (also \$10 for having no drivers license); Jack Pascentino, 48 N. Greenwood Ave., \$17; William B. Cowart, East Gary, Ind., \$23; William J. Crockett, Chicago, \$17; Richard G. Crockett, Martinton, \$17; Robert L. Wente, St. Louis, Mo., \$17; Richard J. Katt, Warsaw, \$10 (also \$20 for improper passing).

For driving too fast for existing conditions — Charles R. Collins, 2312 E. Maple St., \$10.

Attention BOYS and GIRLS!

Kankakee Barbers Raise Clip To \$1.75

Men, you'll be clipped 25 cents more for a haircut Monday.

The Kankakee Barbers Local 686 voted Thursday night to boost the price for an adult haircut to \$1.75. The price has been \$1.50.

The tab for children's haircuts remains the same, \$1.25 on weekdays and \$1.50 on Saturdays and the day before a holiday.

O. L. King, secretary of the union, said the vote for the price boost was 28-10. The local has about 55 members.

King said the proposed price hike had been discussed at two previous monthly union meetings.

"The secretary said there was no action taken on a proposal to make extra charges for 'special' haircuts such as the 'crew cut'."

Non-union barber shop operators were uncertain today about a price boost in the wake of the union announcement. But at least two said they would probably follow with a similar hike in price. Most non-union shops now charge \$1 for an adult haircut.

Cyclist Killed

MARION (UP)—Herman D. Hanks, 20, Marion, was killed and an 18-year-old girl critically injured Thursday when Hanks' motorcycle rammed into the rear of a truck.

Hanks died several hours after his motorcycle collided with a truck driven by Vaughn Hall, Marion. Lois Watson, also of Marion was in critical condition in Marion Memorial Hospital.

Army Clothing Suppliers Rapped By Subcommittee

WASHINGTON (UP)—The Army says it has tightened military buying practices but that getting responsible contractors who will live up to their obligations is "one of the most perplexing problems in military procurement of textiles."

The Senate Permanent Investigative subcommittee charged that a "defensive group" of military clothing contractors sold the government substandard goods for "unconscionable" profits.

The subcommittee in a scathing report issued Thursday night called on the Justice Department to bring prosecution "against the individuals whose testimony or activities indicate criminal offenses."

THE LAWMAKERS questioned the activities of several garment master employees but reserved their severest criticism for Herman and Samuel Kravitz, two New York clothing operators.

The report said their activities in supplying military clothing were "amoral and contemptible, made more so by the fact that they were defrauding the military services during the time of war and death for American military men in Korea."

The subcommittee, headed by Sen. John L. McClellan (D-Ark.), made the statements in a 96-page report on its extensive investigation and testimony taken last year on military clothing contracts.

The group demanded that the Defense Department tighten up buying procedures to prevent recurrence of the abuses.

Brucker said in a statement that damage claims have been filed against certain clothing contractors and "appropriate action" has been started against Army personnel who may be guilty of "misconduct or lack of propriety."

So the parents got their own instructor. He is doing it free. They borrowed books from a school across the border in Iowa, Idaho.

Farmer Dean Humphreys, a spokesman for the parents, says the school was set up in the local ward chapel of the Latter-Day Saints (Mormon) Church here Wednesday in protest to the board action pending a court ruling on a legal protest.

Humphreys said it was too much to expect the students in travel that distance "in this deep snow, cold weather country."

Begins Life Term

BERLIN (UP)—Otto Locke, 43, a former Nazi concentration camp guard, began a life sentence today for killing at least seven inmates of Auschwitz. A West Berlin court, which sentenced Locke Thursday, charged him with causing the deaths through "cruel manhandling and ill treatment."

Help Boost Enrollment At Cabery

Enrollment at the Cabery Grade School at an all-time high with 100 pupils attending this year. And probably one of the reasons for the increase can be found in the above group, two sets of twins and a set of triplets, seated are Bonnie Jean and Kathryn Russell, twin daughters of Mr. and Mrs. John Russell. Standing directly behind them are the Lovell triplets, Darlene, Deana and Deane, children of Mr. and Mrs. Lloyd Lovell. And at the extreme left and right are Vaseo and Vaseo Ruff, children of Mr. and Mrs. Glen Beatty. The Russells are in the fourth grade, the Lovells, fifth, and the Ruffs, seventh. (Journal photo)

13 Midwesterners Made A Lot Of Noise Frosh Congressmen Sound Off

WASHINGTON (UP)—Most newcomers to Congress assume a role like that of a college freshman — mostly quiet, and take the center of the stage.

Some new congressmen, however, blessed either with previous legal or legislative experience or a native talent for politics and lawmaking, quickly step out on their own.

The Midwest, which contributed 11 Republicans and 2 Democrats to the contingent of 45 freshmen in the 85th Congress just ended, had several who made their presence known early.

FIRST OF ALL, the two Democrats, Mervin Cook of Iowa and George S. McGovern of South Dakota, were regarded with curiosity before they arrived in Washington. Cook was the first Democratic House member from his state since the early 1940s, and McGovern broke a Republican grip on the South Dakota delegation of equal or longer duration.

Both men got their baptism of fire during a series of House farm bill battles in the early months of 1957. McGovern was a central figure in one heated debate on the record of Secretary of Agriculture Ezra T. Benson. Cook's frequent attacks on Benson and his policies resulted in a top Republican member taking the floor to scold the Iowa farm bill supporter.

Cook also was in a more private battle when the GOP congressman defeated last year challenged his election. A House committee dismissed the complaint on grounds Cook was not properly served with his opponent's notice of intention to contest the election.

Among the Republicans, the most active group of freshmen were four Michigan congressmen, Charles E. Chamberlain, Robert J. McIntosh, Robert P. Griffin and William S. Broomfield.

Working as a team, the four newcomers got the Defense Department to sponsor an exhibition in Michigan this fall of manufacturing goods needed by the armed services. The congressmen hope Michigan industry will be able to find new sources of income and employment in the defense field, called by the October show at Port Huron.

BROOMFIELD MADE the biggest splash of the Michigan group when he charged Democrats on the Public Works Committee were using "un-American tactics" to add unjustified projects to the rivers and harbors bill. Broomfield's charges later were picked up and pushed by most of the committee's Republican members.

But, he warned Mrs. Brodie, the cats may cost her some friends.

Cat Lover Wins Court Fight

HOUSTON, Tex. — Television, a district judge ruled Thursday, is not a nuisance.

Judge Irving Boyd refused to interfere with Mrs. James F. Brodie's hobby of raising cats.

He rejected a plea for a temporary injunction asked by Mrs. Brodie's neighbors. They said she harbored 80 or 90 cats and said they were smelly, noisy, unsightly and a violation of building restrictions.

Ask Ban On Tests, Making A-Bombs

WASHINGTON (UP)—England's central body of the nation's labor movement, today called for an immediate halt to the manufacture and testing of nuclear bombs. Without dissent the resolution was adopted on the final day of the 85th TUC meeting.

Rep. Glenn Cunningham (R-Neb.), that state's newest congressman, endeavored himself to persuade the ever-aching chuckle in Washington's daily bumper crop of growls, walls and sneers, when he observed in a newsletter: "If you owe \$50, you're a piker; if you owe \$50,000, you're a businessman; if you owe \$50,000,000, you're a tycoon; if you owe \$50,000,000,000, you're the government."

Decision May Hinge On Convention Reforms

Some Teamsters Fear Ouster From AFL-CIO

WASHINGTON (U.P.)—Some leaders of the Teamsters Union expect their organization to be kicked out of the AFL-CIO on corruption charges.

Thomas J. Hickey of New York, a Teamsters vice president, said after an AFL-CIO hearing on the charges Thursday that "I think they'll put us out." Several other Teamsters chiefs privately shared that view.

But some highly placed AFL-CIO officials said they were not so sure of a Teamsters ouster. These officials held hopes, despite little firm evidence, that the Teamsters will adopt substantial reforms at their Sept. 30 convention in Miami.

They said as things stand now, the federation's Ethical Practices Committee and its Executive Council will "convict" the Teamsters on charges of being corruptly dominated.

Teamsters leaders told the AFL-CIO Ethical Practices Committee Thursday they intend to submit all corruption charges against the union to their Miami convention. They also said they would propose revising Teamsters rules to give members a greater voice in running the union.

There was nothing specific in the promise, however, and the Teamsters were expected to be contrary to that of the AFL-CIO, of not punishing any union official for invoking the Fifth Amendment to answer questions in probes of union corruption.

The Teamsters also refused to consider punishing any union official under criminal charges until his last avenue of appeal had been exhausted. Even then, they said, any action would be up to a Teamsters convention.

The charges that the Teamsters are corruptly dominated stem from Senate Rackets Committee disclosures involving retiring Teamsters President Dave Beck and James R. Hoffa, now Midwest Teamsters boss and the leading labor union point.

Beck has been charged with misusing vast sums of Teamsters funds. He is under indictment on federal income tax evasion charges. Hoffa has been charged by racketeers with accepting favors from employers and racketeers.

Hoffa and other union officials denied any wrongdoing Thursday in appearing before the AFL-CIO Ethical Practices Committee. They minimized the charges by the Senate committee headed by Sen. McClellan (D-Ark). They said those charges were unwarranted to make a deal. If there were no charges, they said, they would have been willing to compromise with morality.

It would be more difficult for labor racketeers to make headway," Talbot cautioned against punitive labor legislation but advocated any local with upwards of 100 members to make headway. Both motions were defeated by more than two-thirds of the 2,000 delegates.

Small Locals Lose Fights At Convention

CHICAGO (U.P.)—A proposal to limit the number of delegates a local may send to the state AFL convention has been rejected by the Illinois State Federation of Labor convention.

The proposal was made by delegates from MacLean local in the East St. Louis-Alton area Thursday.

The machinists' local had asked that the convention approve a constitutional amendment limiting the number of delegates from locals with more than 500 membership.

Under present rules, locals send one delegate for each 100 members with no limit on the number of delegates. The rejected amendment would have allowed locals to send only one delegate for each additional 500 members after the first 500.

Under present rules, locals send one delegate for each 100 members with no limit on the number of delegates. The rejected amendment would have allowed locals to send only one delegate for each additional 500 members after the first 500.

Floats Of Watseka Groups Win Awards

WATSEKA (JNS)—The Watseka Jaycees won second prize during the weekend in the float contest at the Hoopstern parade, part of the annual National Sweet Corn Festival.

An Indian theme was used. Mrs. Kent Swedlund, in full regalia, portrayed an Indian maiden. Jaycees members, who took part as braves included James Miller, Robert Meyer, Robert Feichter, Jerry Jagannath, Dr. Kent Swedlund, John Burdick and Francis Carrier.

Mrs. Jerry Hagaman drove the station wagon, which pulled the float. Scott Burdick had charge of a record player. The Jaycees received a trophy.

THE IROQUOIS Federal Savings and Loan Association of Watseka had a float in the Hoopstern parade and won third prize. The theme was "Home, Sweet Home."

The Watseka Jaycees held a "Crackjack Day" on Saturday downtown Watseka. A total of \$100 was realized by this sale and will be donated to the Iroquois County Mental Health Clinic.

The first steambot on the St. Lawrence made its maiden trip from Montreal to Quebec in 1869.

WATSEKA (JNS)—Calvary Lutheran Church was the scene Sunday at 4 p.m. of the wedding of Miss Audrey Seggebruch to Donald E. Ude.

The bride is the daughter of Mr. and Mrs. John Seggebruch of Watseka and the bridegroom is the son of the Rev. and Mrs. Elmer F. Ude of Burbank, Calif.

Rev. Elmer F. Ude officiated at the double ring ceremony before an altar decorated with baskets of white gladioli and white candles.

Miss Katherine Cluver, cousin of the bride, was organist and accompanied the soloist, Victor Prange as he sang "The Lord's Prayer."

Mission Society Of St. Anne Holds Monday Session

ST. ANNE (JNS)—The Missionary Society of the Presbyterian Church met Monday evening in the church.

By THE ASSOCIATED PRESS

Can another pitching-collapse again deter Milwaukee's steamroller off-Pennant Drive into Nightmare Alley?
Remember 1956. The Braves took the lead in July behind right-handers Lou Burdette and Bob Buhl and outpace Warren Spahn. But after Labor Day, when Milwaukee ran its winning streak to six for a 2½-game lead, Buhl won only two games and Burdette one. The pair pitched only one complete game between them.
The Braves lost 12 of 23 and Brooklyn took the flag by a game. So what? So the St. Louis Cardinals put the rap on Milwaukee 10-1 Thursday night, sweeping a two-game set and trimming the Braves' lead to ½ game with Burdette failing to go the distance for the fourth consecutive time.
With Buhl sidelined at least until this weekend with a sore shoulder, and Gene Conley (an added starter this year) stopped winless in six straight starts, the Braves staff has managed only six complete games in the last 22.

WHILE ST. LOUIS brought the fight to the Braves, third place Brooklyn stayed alive with a 3-1 victory at Philadelphia. The Dodgers trail by eight.
In the American League, the New York Yankees rallied and beat Boston 5-2, reclaiming a ½ game spread over life Chicago. Chuck Stobbs blanked Baltimore on three hits for a 3-0 Washington victory in the only other AL game scheduled.
Brooklyn handed Robin Roberts his 10th defeat — the most he ever has lost at Philadelphia; and the Pittsburgh Pirates trimmed the New York Giants again 4-2.
The Cardinals, faced with an almost impossible task in pursuit of the Braves with only 21 games remaining, breezed in behind the four-hit pitching of Sam Jones. The big right-hander fanned six and walked only one while winning his 11th.

THE RED BIRDS, who came from 8½ games behind once before this season, but needed 27 games to do it, got rolling with three in the fifth that chased Burdette to an eighth defeat.
The Dodgers tagged Roberts early on RBI doubles by Rube Walker and Carl Furillo while Carl Erskine, the 30-year-old right-hander no one wanted when he was put on the waiver list, set down the Phils on one hit for Continued on Page 2, Column 1

St. Pat Plans Full Scrimmage Saturday

Coach Frank Chiodo and his St. Patrick Central gridgers will wind up the second week of practice with a brisk scrimmage session Saturday morning.

The Saturday practice will get underway at 8:30 a.m. and Chiodo plans to work his charges for approximately two hours. Chiodo hopes to devote 60 minutes of the session to a good hard scrimmage.

Minor injuries are still causing concern in the Irish camp as the fall begins to get underway. The Saturday practice will be a full-on affair, with Chiodo planning to devote 60 minutes of the session to a good hard scrimmage.

Fullback Dick Franz and Pat McCann are the latest additions to the Irish list. Franz has a pulled muscle while McCann is hobbling with a bruised knee.

Saturday's scrimmage will be the first game type scrimmage of the year at the Irish school.

A short head-knocking session was held Wednesday and Chiodo expressed disappointment in the outcome.

"OUR TIMING was off and the blocking wasn't sharp," the Irish mentor commented. "Of course it was our first good scrimmage and we used a lot of inexperienced boys."

Every boy on the varsity squad was given a chance to demonstrate his ability in the Wednesday practice and the same will hold true for the upcoming scrimmage Saturday.

Chiodo said that the Irish works with the backfield, said that several spots on the team are still wide open with the first game just a week away.

Line coach Ed Bonczyk said the center position on the team is still wide open. He said the position is thin and he is still looking for line talent to fill the hole.

Bob Ostrowski, a converted back, and Jack Porter have been fighting for the center job. Ostrowski is currently listed as the No. 1 man for the spot.

The rest of the line will probably be manned by Lettermen. Terry Laffey and Tom Donohoe are the ends, Tom Draude and Tom Yonke the tackles and Alex Kress and Lee Guilmond the guards.

While the Irish squad is thin in line replacements, one spot does not cause any concern. Chiodo said that the Irish squad is thin in line replacements, one spot does not cause any concern.

"WE HAVE the two best guards in the conference," he claims. "As long as Guilmond and Kress can play, we will be solid at this spot."

Guilmond was all-conference last year and Kress was named to the second team.

On the defensive side of the picture, the coaches are busy developing several linebackers. Guilmond, Dick Dandurand and Ray Marzak were the linebackers last season. Dandurand and Marzak were lost by graduation. Chiodo said he would probably use Franz and McCann as linebackers.

Aussies Jolt U.S. Davis Cup Chances

FOREST HILLS, N.Y. (U)—Even with Lew Hoad and Ken Rosewall laboring for the professionals, the possibility of an all-Australian final for the National Tennis Championship became a distinct possibility today.

Ashley Cooper already is in the semifinal, the result of a whirlwind 6-3, 6-3, 6-1 victory over Budge Patty Thursday. Mal Anderson, the 23-year-old surprise of the tournament from Down Under, went against Lala Aylak of Chile today in a bid for another Aussie semifinal berth.

Cooper will meet the winner of today's other quarterfinal which pits Vic Seixas against Herbie Flam.

ANDERSON'S semifinal opponent will be gets past Aylak—will be Sven Davidson of Sweden, who made Thursday a gum one for the United States by whipping Cliff Mayne, an Army lieutenant from Fort Monmouth, N.J., 3-6, 6-4. That was expected even though Mayne earlier had eliminated Neale Fraser, the No. 2 Aussie.

But Cooper's ridiculously easy victory over Patty was the shocker. This could have been a preview of the Davis Cup Challenge Round because both are expected to hold down singles berths for their respective teams.

"I must admit that I thought Patty would be a lot more difficult," Cooper admitted.

PATTY was glum at the outcome. "I don't know what was wrong with me," he commented, "but it certainly was something. And my back didn't bother me a bit. I can't understand it."

The semifinals of the women's division also will be filled today when top-seeded Althea Gibson plays Mrs. Mary Hawton of England and Marlene Hard of Montebello, Calif., goes against Shirley Bloomer, also of England.

Louis' Brough of Beverly Hills, Calif., seeded No. 2, and Mrs. Dorothy Knodel of Forest Hills, N.Y., each gained their brackets when Miss Brough crushed 18-year-old Ann Haydon of England, 7-5, 6-1, and Mrs. Knodel policed off Luis Felix of Meriden, Conn., 6-1.

On the defensive side of the picture, the coaches are busy developing several linebackers. Guilmond, Dick Dandurand and Ray Marzak were the linebackers last season. Dandurand and Marzak were lost by graduation. Chiodo said he would probably use Franz and McCann as linebackers.

Guilmond was all-conference last year and Kress was named to the second team.

Fans To See Kays' Rehearsal Play Intra-Squad Game Tonight

Just how much more work Kankakee High School's football squad needs before it opens its season next Friday against Streator may be learned tonight by the coaches, both the few who are paid and a few hundred downtown volunteers.

The Kays will be presented in their annual public dress rehearsal under the lights at Alumni Field starting at 7:30 o'clock. The varsity and sophomore will take turns showing off in intra-squad scrimmages of two quarters each.

Del Dufina and Sam Miranda, the two new sophomore coaches, will be put on public display for the first time along with their staff to varsity head coach Vic Weber and his line coach Bill DeWitt. They will introduce a new squad through its paces in the first and third periods while the varsity takes the field for the third and fourth quarters.

THE EXHIBITION will be old Weber and his line coach Bill DeWitt. They will introduce a new squad through its paces in the first and third periods while the varsity takes the field for the third and fourth quarters.

TWO REASONS FOR optimism in Kankakee High School's football camp are these two quarterbacks who are expected by coach Vic Weber to make the Kays stronger at this position than they have been in the four seasons he has coached here. Mike Wright (left) is a junior and Roger Johnson a senior. They will be on exhibition tonight in the Kays' annual intra-squad game at Alumni Field. (Central photo)

among these starters are Talo, Odette, Dean, Reese and Mike Wright.
Others available to the Maroons for defense will be Mike Martin in the backfield, Mike Smietanski at center, Jim Kahan at tackle and Dave McClintock as a linebacker. The Kays, in preparation for the exhibition Thursday, worked on punt returns, defense, trap blocking, tackling, pass patterns against a live secondary and signal drills.

Clifton, Beecher Play Sunday for KV League Crown

Two baseball games are on tap at Beckman Park this weekend. South Side AC will be in action Saturday while the Kankakee Valley Baseball League championship playoff is slated Sunday.

The championship playoff will send Clifton against Beecher at 2 p.m. Sunday.

Clifton, the defending champs, won the first half of competition in the league while Beecher was the second half champions.

The first meeting between the two teams found Clifton banging out 21 hits to win 18-6. In the second round game, Beecher took Dean or George Reese at center, Mike Wright at quarterback, Walt Johnson and Warren Marinaccia at the halfbacks and Jerome Gersten at fullback. The only juniors

Green Squad Makes Gilman Chances Uncertain

SEVEN LETTERMEN are on the 1967 Gilman High School football team. Gilman opens the season Sept. 13 at Mahomet. The lettermen are standing (l-r) Bill Dexter, Basil Hamilton, Kemy Kulpers and Larry Brassard; kneeling (l-r) Harry Klassen, Paul Haskins and Earl Meyer. (Journal photo)

Grid Outlook No. 7

GILMAN (Special) — With only one regular back from the 1966 team, Gilman is going to field a green team this fall.

Coach Pete Edinger has a squad of 20 boys working for the opening game at Mahomet Sept. 13.

"Our squad is thin and inexperienced," Edinger said. "The spirit is good and the boys are working hard but we lack manpower."

He pointed to the fact that 12 of the 29 out for football are freshmen. The freshman squad has good size so this means that the football fortunes at Gilman may be up in several years.

The Owls have a fine football tradition for a small school. They were 1-5 in the 1955-56 season and 1-6 in 1956-57.

FULLBACK BILL DEXTER is the only returning regular from last year's team, which posted a 3-7 record. The 135-pound fullback is one of the top runners in the conference with plenty of power and good speed.

Edinger also has Earl Meyer, 181-pound end, and Paul Haskins, 160-pound guard, who had a lot of defensive work last year.

Other lettermen include Basil Hamilton, 145-pound quarterback; Larry Brassard, 155-pound halfback; Kemy Kulpers, 135-pound halfback; and Harry Klassen, 170-pound center.

Hamilton suffered a brain concussion in a scrimmage and may be lost for the year.

All positions are wide open except the exception of the fullback spot," Edinger said.

Meyer and Marvin Bull, 150-pound junior, are currently working at end. This is the first year

JUST LIKE '56 — Continued from Page 20 seven freshmen on his first start since July 21.

Relief pitcher Bob Grim, of all people, got the job done for the Yankees, swatting a home run in the ninth-inning to help the team win.

Nixon, blanketing the champs on three hits until he walked three batters gave Gil McDougald's two-out, 3-2 pitch single for a 2-2 tie in the eighth, losing his 10th.

THE YANKEES, winning only eight of their last 18, started Bob Turley. He went eight, giving up Jackie Jensen's two-run 18th homer in the fourth.

The bat race was unchanged. Mickey Mantle (389) walked ahead of McDougald's single in a pinch-hit. Boston's Ted Williams (376) still is out with a cold.

Stobbs, a southpaw who has lost 15, had a one-hitter until the fifth when he lost his eighth. Roy Sievers took the home run lead with his 15th, with one on and two out.

Don Host's two-run double in the second and Frank Robinson's 24th home run in the third gave Brooks Lawrence all he needed for his 14th victory.

Rookie Whammy Douglas won his third for the Pirates, needing Roy Face's relief for the last out.

Foursome Scores 1-2-3-4 At KCC

A foursome of golfers at the Kankakee Country Club "hit for the circuit" Thursday afternoon on the 210 yard No. 7 hole. They scored a one, two, three and four, a rarity in golf. The ace was held out by Clayton Unger of Naperville with a three-iron. Another Naperville player, Harold Cromer, got the KEEZLE. Two, Unger's caddy, knocked in a par three and Harold McCarthy scrambled for a bogey four. The latter two are members of the club.

It was the first time the two Naperville men had ever played the course. The hole-in-one helped Unger finish with a 78 and Cromer shot an 82. Trefeville's card showed a 73 and McCarthy's an 81.

Wilson Tries To Get Sox Back In Running

CHICAGO (U.P.)—Jim Wilson makes his fifth attempt for victory No. 14 Friday night when the Chicago White Sox, 5½ games behind the New York Yankees, resume baseball business against the Kansas City Athletics at Comiskey Park.

Wilson, who has lost eight times, will face lefty Al Kellner. Alex has won only six games all year, but he has defeated the Sox three times.

Billy Pierce and Dick Donovan will go for the Sox in the other two engagements with the A's before the Comiskey depart Monday. In the overall series, the Sox have won 23, lost 7. The Athletics have won 10, lost 13. Under Coach Earl (Red) Blaik, Army has won one, lost three and tied twice. The league leaders, Bob Rush

America's Dr. Schweitzer IV

They Call Dr. Dooley: 'Excellency' In Laos

(Last of Four Dispatches)
BY DON DUNHAM

SAIGON, Viet Nam (NSA) — When the Lao tribesman working as Dr. Dooley's "Nurse" discovered he is returning to the U.S. on Sept. 1 for several months, they immediately arranged a festive rite called a Buddhist Bath.

When we gathered at the hospital, a cone of flowers three and a half feet high occupied the center of the porch. Around it in silver bowls were fruit and other foods to appease Buddha and the good spirits. It was not food for us.

Dr. Dooley is turning over the hospital and all its supplies and equipment — even his personal equipment — to the Lao government to carry on the work he began in this remote spot five miles from the Red Chinese border. In turn, the government will pay the salaries of the help; buy rice to feed the patients; provide the drugs.

The fact was to honor Dr. Dooley and to acquire all his "good spirit" for the continued operation of the hospital. It was only one minor evidence of the respect and affection held for Dr. Dooley by these people.

While many persons in Saigon attack Dr. Dooley's book, "Deliver Us from Evil," the only criticism of his "Operation Laos" comes down to this: "He is doing a good job, but what purpose? When he leaves, it will end."

Dr. Dooley's just out here to write another book. Well, he's going to write another book when he comes back to the U.S. this fall. But nobody has to spend many months in such spots as Yang Veng and Nam Thet to write a book.

And he has just answered the first and what appeared to be a sound criticism. That was done by turning his hospital over to the government with all his drugs and equipment. Laos already has sent a young medical graduate here to take over. Two more nurses will be sent in a few months. When they finished their course, each was presented with a midwife's kit, supplied by CARE, with complete equipment for delivering a baby.

"I have tried to do several things," says Dr. Dooley. "First, I tried to make myself equal to the task. I have succeeded in that, I have done a good job."

"Also I tried to practice good medicine as could be done out here with what was available and what these people would accept. I tried to do a job of American public relations. I thought it a good thing for them to see four fine young Americans walking around their village, interested in them and helping them."

"I WANT AMERICANS to know that this kind of a job can be done by very ordinary guys like we are. They don't have to be Albert Schweitzers or millionaires. These two Notre Dame boys wrote to me saying they admired what I was doing and they would like to help. They were picked out of dozens who wrote such letters."

John Vitry, of Fairbridge, Pa., and Bob Waters, of Fort Lauderdale, Fla., plan to leave by boat with Dr. Dooley. They are believed to be the first white men ever to go down the Nam Thet River. It will be a dangerous cruise. In Thailand, they will leave

AMBULANCE SERVICE IN LAOS is a little like this one bringing a native patient to Dr. Dooley's Nam Thet hospital.

the boat and fly to Vientiane, along the river they will stop at each village and treat the sick and the aged grandparents. The children romped with him, sat on his knee, laughed with him. From porches, windows and dirt paths, the patients all made the bridge of Grace Preadar on Sept. 14 in the Grand Prairie Evangelical United Brethren Church.

26 Attend Shower For Miss Margaret Brunner, Reddick

REDDICK (JNS) — Miss Margaret Brunner, daughter of Mr. and Mrs. Oscar Brunner, was guest of honor at a bridal shower Saturday evening in the home of Miss Lee Lehman.

The girls of the class of 1957, Reddick High School, the "Youth Fellowship" and members of the "Joy Class" of the Grand Prairie Evangelical United Brethren Church were in attendance.

Several games were played, with prizes awarded to Miss Kay Selzer, a resident of our country, and Miss Rita Reardon. Refreshments of cake, ice cream, punch and nuts were served.

Miss Brunner will be present at the wedding of her brother, William Naas and son, Bob, of Chicago, spent the weekend visiting friends here.

Mr. and Mrs. Glenn Sargeant, Mrs. LaVern Studley, Eldon Sargeant, and the Francis Sargeants visited in Terre Haute, Ind. on Monday.

Saud Conferring In Lebanon Syrian Reds Assail U. S. Arms Plan

BEIRUT, Lebanon (UP)—Syria's leftist regime lashed out angrily at the United States Saturday for its plan to arm Syria to Jordan and other anti-Communist Middle East nations. At the same time, Syria's Arab Republic made a surprise flying visit to Lebanon for talks on the tense situation.

The new developments occurred as President Eisenhower sternly warned Russia the United States is prepared to intervene if Moscow should "push Syria into any acts of aggression against her neighbors."

Simultaneously, Syrian President Shucri El Kuwaili was quoted in Cairo as saying that Syria would "tear up the belt being clamped around it."

The Syrian statement said "Syria does not intend to attack anybody. It is issued at almost the same time that Eisenhower served public notice in a Washington statement that he is prepared to "exercise as needed" the authority conferred on him by last spring's congressional Middle East resolution, which could include use of armed forces.

Eisenhower, who interrupted his vacation for Washington talks on the Syrian crisis, affirmed his intention to carry out the policies expressed in the Eisenhower Doctrine to Middle East nations threatened by communism.

At the same time, two more Russian warships—a cruiser and a destroyer—passed through the Straits of Gibraltar Saturday to join the ever-growing fleet of Soviet vessels assembled in the Mediterranean.

In the midst of the worsening Middle East crisis, King Saud of Saudi Arabia with a group of 50 retainers flew to Beirut from Saudi Arabia with a group of 50 retainers.

Speculation mounted in Beirut that King Hussein of Jordan would stop off here en route from a vacation to join the talks before heading for Amman to receive the first U.S. arms shipments sometime Monday.

Both Saudi Arabia and Jordan are believed included in the U.S. plan to rush arms shipments to Middle East nations which fear Syrian aggression with Soviet-supplied weapons.

Pan American Airways added another note of mystery by saying that a Ziaa Friedman was aboard the plane Saturday night in his right hand late yesterday after a frantic flight pursuit through crowded streets and sidewalks of the near northwest side.

Four of the eight victims of the building identified themselves as the assailant. Six were stabbed at various places in the city yesterday and two earlier in the week. None was seriously injured. The victims were two women, a boy, a girl and four men.

Pay Hike Measures Vetoed Eisenhower Claims Federal Increases Would Aid Inflation

WASHINGTON (UP)—President Eisenhower Saturday vetoed an inflationary two bills to raise the pay of more than 1,500,000 postal and civil service employees.

The raises would have cost the federal government \$17 million dollars a year, according to administration estimates.

Eisenhower announced he was killing the bills by pocket veto because they would spur inflation and might force him to ask for another increase in the federal debt limit—now \$27 billion dollars.

One would have given 500,000 post employees a pay increase averaging 1.52 per cent, including a flat \$546 annually to all field service employees except rural carriers.

THE OTHER WOULD HAVE GIVEN an 11 per cent pay rise to one million federal Civil Service workers.

Eisenhower said the government would be setting a bad example in the fight against inflation if it granted the bills.

He said the raises were necessitated by spiraling living costs that have not been sustained. He promised, however, that if a study ordered by him of the federal pay structure showed a need for logical, fair and discriminating salary increases he would recommend them to Congress next year.

THE PRESIDENT'S ADVISERS said he vetoed the bills to urge him to withhold veto action on the bills until Congress adjourned. Otherwise the Senate and House might have mustered enough votes to override the vetoes.

Backers of the bills argued that government salaries had not kept up with declining purchasing power. Present pay scales, they said, are not competitive with industry and are causing thousands of skilled employees to resign.

Opponents contended that a pay boost for the postal workers should wait until Congress agrees to raise postal rates. They said the post office deficit would soar to a billion dollars a year if the raise were granted but the department's budget remained tied to present postal rates.

The appropriation for the current year for Illinois is \$130,558,000.

ORDERS IMMEDIATE SCHOOL INTEGRATION

Adenauer Sees Kremlin Rifts Forcing Deal

German Confident Of Winning Election, Lays U. S. NATO

BONN, Germany (UP)—Chancellor Konrad Adenauer predicted Saturday night that growing rifts among the Kremlin bosses would force them to accept a settlement with the free west.

But he warned that without the U. S. troops in Europe West Germany soon would be swallowed up by the East.

Adenauer addressed a huge gathering of an estimated 10,000 of the 2,000-pupil school, charging he had entered the last week home.

"RUSSIA'S STRENGTH is not unlimited," Adenauer declared and said the Russians "have her difficulties too."

"They have been promising partition to the Russian people for 20 years now," he said. "There have been all these conspiracies and intrigues among the Soviet leaders. When Communist leader Nikita Khrushchev sides with the head of Communist on Page 4, Column 2."

Assassin Fails To Kill Filipino Candidate

MANILA (UP)—An assassin attempted to kill presidential candidate Manuel P. Manahan Saturday night by injecting violence into the Philippine political campaign. Manahan was shot in the chest before the election in November.

The Philippine News Service reported the attempted murder took place in Olongapo, Cebu Province where Manahan was on his way to address a rally of his minority Progressive Party.

Manahan's bodyguards and constables man seized Andronico Bago, a 46-year-old native of Olongapo, the assassin. Bago, who has a police record, refused to say why he tried to kill Manahan.

The presidential candidate took the incident calmly and asked police to release Bago.

Manahan, the attack took place in the home town of the wife of President Carlos P. Garcia, who succeeded to office when President Ramon Magasaysay was killed in a plane crash earlier this year. Manahan is a dynamic leader who was a close friend of Magasaysay and often has been compared to him.

SAIGON (UP)—A mob wrecked the office and press of the weekly Vietnamese newspaper Thu Luu Saturday. It was the second time in two days the paper had been sacked.

The paper was running a series of articles opposing government policy.

But What About Those Chickens On Other Side Of Road?

WASHINGTON (UP)—Some \$33,000 will be paid to the 40 states, District of Columbia and Puerto Rico, Guam and Virgin Islands for operation of the national school lunch program during the 1957-58 school year, the Agriculture Department said Saturday.

The appropriation for the current year for Illinois is \$130,558,000.

Census Bureau Reports Snuff Addicts Following Dodo Bird

WASHINGTON (UP)—You probably didn't have any dodo birds in your collection last year. And chances are you'd never guess that in 1955 American motor vehicle travel totaled 603½ trillion miles.

You are aware that on Jan. 1, 1956, there were nearly 383 million chickens in these United States. And that the Census Bureau was revealed Saturday in a fascinating book with a deadly dull title, "Statistical Abstract of the United States, 1957." It was compiled by the Census Bureau and it proves anything, it proves that just about everything is going on.

IN AN INSTANCE, it counted drive-in movies and found \$28 of them in 1954, and \$28 in 1954.

led the nation numerically with 41,599 divorces. Nevada was second with 17,611 divorces. But it was followed by 47 divorces for every 1,000 of the population. New Jersey appeared to have the fewest divorces with only nine divorces for every 10,000 residents.

THE CENSUS BUREAU learned that in 1955 total church membership in the United States was 100,162,522. Of course, 100,000,000 were Protestants and 23,966,647 were Roman Catholics.

It may help you on a quiz show some day to know that the production of snuff has gone down from a peak average of 219 million pounds last year. Over the same span, cigarette production has jumped tenfold from 41 billion to 413 billion.

And among persons 18 years old and older about 25 million men and 1950 there were 27,700,000.

In 1954, incidentally, California

Most talented dancer—Miss Nebraska, Catherine L. Nielson of Lincoln.

Most talented pianist or semi-classical singer—Miss Idaho, Catherine L. Nielson of Lincoln.

Most talented musician—Tie between Miss Utah, Francine Louise Pett of Salt Lake City, and Miss Kentucky, Jan Marvin Brock of Liberty.

Most talented actress—Miss Alabama, Anna Strage of Birmingham.

Most talented in all other fields—Miss Vermont, Joa Heather of Montpelier.

Miss Colorado, 20-year-old Marilyn Elaine Van Derbur of Denver, was crowned Miss America of a week-long beauty pageant among contestants at Atlantic City, N. J. (Unifax).

ATLANTIC CITY, N. J.—Marilyn Elaine Van Derbur, tall blonde, green-eyed organist from Denver, Colo., Saturday night was selected Miss America of 1957.

The \$100,000 prize, 20-year-old beauty, former University of Colorado student, bested out 50 other contestants for the title with \$60,000 to \$35,000 in school awards and personal appearance fees. Miss Van Derbur, a music lover, swimmer and skier, measured 55-35-36.

She was enthroned by last year's winner, Marian Ann Mc Knight of Manning, S.C.

Others reaching the last stage of the week-long contest were Miss California, Lorna M. Anderson of Sacramento; Miss Florida, Dorothy Stettin of Boca Raton; Miss Texas, Miss Elizabeth Shattuck of Atlanta; and Miss Oregon, Judith Faye Hansen of Astoria; Miss New York, Miss Elaine Nevada of Durham; Miss Nevada, Loni Jess Gravelle of Reno; Miss Missouri, Sara Ann Cooper of Buckner.

JUDGES AWARDED \$1,000 scholarships to winners in these additional categories:

Most talented dancer—Miss Nebraska, Catherine L. Nielson of Lincoln.
