Scientists Use Vitamins To Give You Ideal Diet

By SAM DAWSON

NEW YORK (U)—Scientists are thinking up new ways today to help out those who eat what they like or can afford rather than what would be a nutritionally ideal diet. The food and chemical industries are joining hands in the drive.

A newcomer in the fortification of food is the addition of iodine to table salt to improve the diet of persons living in areas where the goiter is prevalent. Adding vitamin A to food came later.

ROBERT R. WILLIAMS, of the Williams-Morrison Fund for the Combating of Dietary Diseases, Research Corp., New York, says today seven million dollars of synthetic vitamins are used annually in foodstuffs and two million dollars of vitamin B1 are added to cereals.

Vitamin D in milk is widely used, especially in colder climates and for children who are bundled up and get little exposure to sunlight, a natural source.

Vitamin A is being added to oleomargarine — to help low-income families and especially children, great eaters of bread. Ways are being sought to add it effectively to cooking fats for use in those lands where much of the diet is cooked in fats.

Dr. N. W. Flodin and Dr. J. W. Brown, nutrition scientists at Du Pont, a Haysine producer, hold that adding one quarter of a pound of the amino acid to 100 pounds of wheat flour give bread and other flour products high efficiency protein similar to that in meat or milk.

THEY NOTE THAT in low-income brackets here and particularly in underdeveloped lands, over-eat protein intakes are low because cereals are a high percentage of the diet.

Dr. C. L. Wrenshall, director of technical service of Charles Pfizer & Co. now in the Haysine field, says that nine slices of standard white bread equal one egg in protein value, but five slices of bread with Haysine added is the egg's equal.

Williams holds that chemical fortification can now make vitamins except B12, far more cheaply than the farmer can grow them as such. However, the vitamins are there in food as a natural component of the carbohydrates, fats and proteins which the farmer raises because people must have them to eat.

Friendly Circle Of Zoar Church Presents Program

REDDICK (U)—A Thanksgiving program was presented at the Thursday meeting of the Friendly Circle of the Zoar Evangelical United Brethren Church.

Mrs. George Brunner was hostess to the group, assisted by Mrs. William Uhl.

The program, under the direction of Mrs. Ervin McGee and Mrs. George Brunner, consisted of group singing, accompanied by Mrs. William Uhl, the reading of the poem, "Gratitude," and the scripture reading in union.

Mrs. Richard Grob read "Thanksgiving Recipe," a recipe for a happy Thanksgiving Day. Mrs. George Brunner presented a reading entitled, "The Thompson's Turkey." Recreation was under the leadership of Mrs. Edgar Uhl.

The business meeting was conducted by Mrs. Richard Grob, president. Twelve members responded to roll call by singing a Thanksgiving family tradition. Mrs. Lowell Jones was a guest.

The next meeting will be on Dec. 19 in the home of Mrs. Clyde Uhl. The Christmas party committee will include Mrs. Gilbert Ober and Mrs. Madeline Scott. There will be a gift exchange.

There's More of EVERYTHING In Downtown KANKAKEE

LASSERS FURNITURE CO. 44 Years Of Fair Dealing

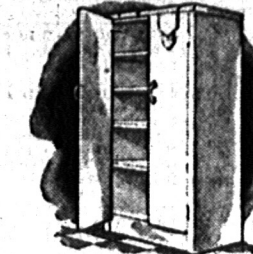

Hollywood Bed \$54.95

Twin size, complete with innerspring mattress, box spring, legs and washable plastic headboard.

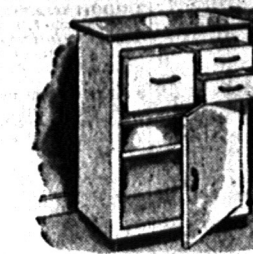

Lane Cedar Chest \$49.95

Blonde Oak, Walnut or Gray Mahogany. Has convenient tray in lid. Free moth insurance.

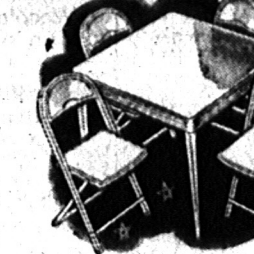

Utility Cabinet \$19.95

Double door style, made of steel and has five shelves. Enamelled in sparkling white.

Base Cabinet \$49.95

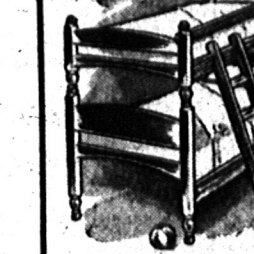

Formica Top Base Cabinet with bread drawers, cutting board, utensil drawers. All steel.

Bridge Set \$27.95

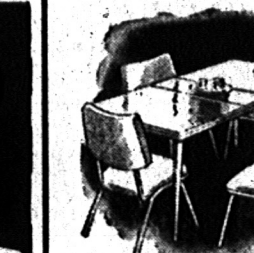

Choice of black or beige. Tops are padded plastic to match chair seats. Whole set folds compactly.

Register Here For the FREE EDSEL!

Bunk Bed Outfit \$99.95

Maple finished hard wood beds completely equipped, innerspring mattresses, guard rail and ladder.

Dinette Set \$59.95

Chymose set with extra leaf for table. Long lasting gray plastic tops. Four chairs to match.

Rollaway Bed \$34.95

Innerspring mattress by Simmons. Folds easily and compactly. Can be stored in small closet.

Bedroom Chair \$24.95

Big shipment of bedroom chairs just received. All colors in washable plastic coated fabrics.

Tilt Back Chair \$59.95

Genuine Berkline, the chair that reclines into all comfortable positions with foot rest that rises.

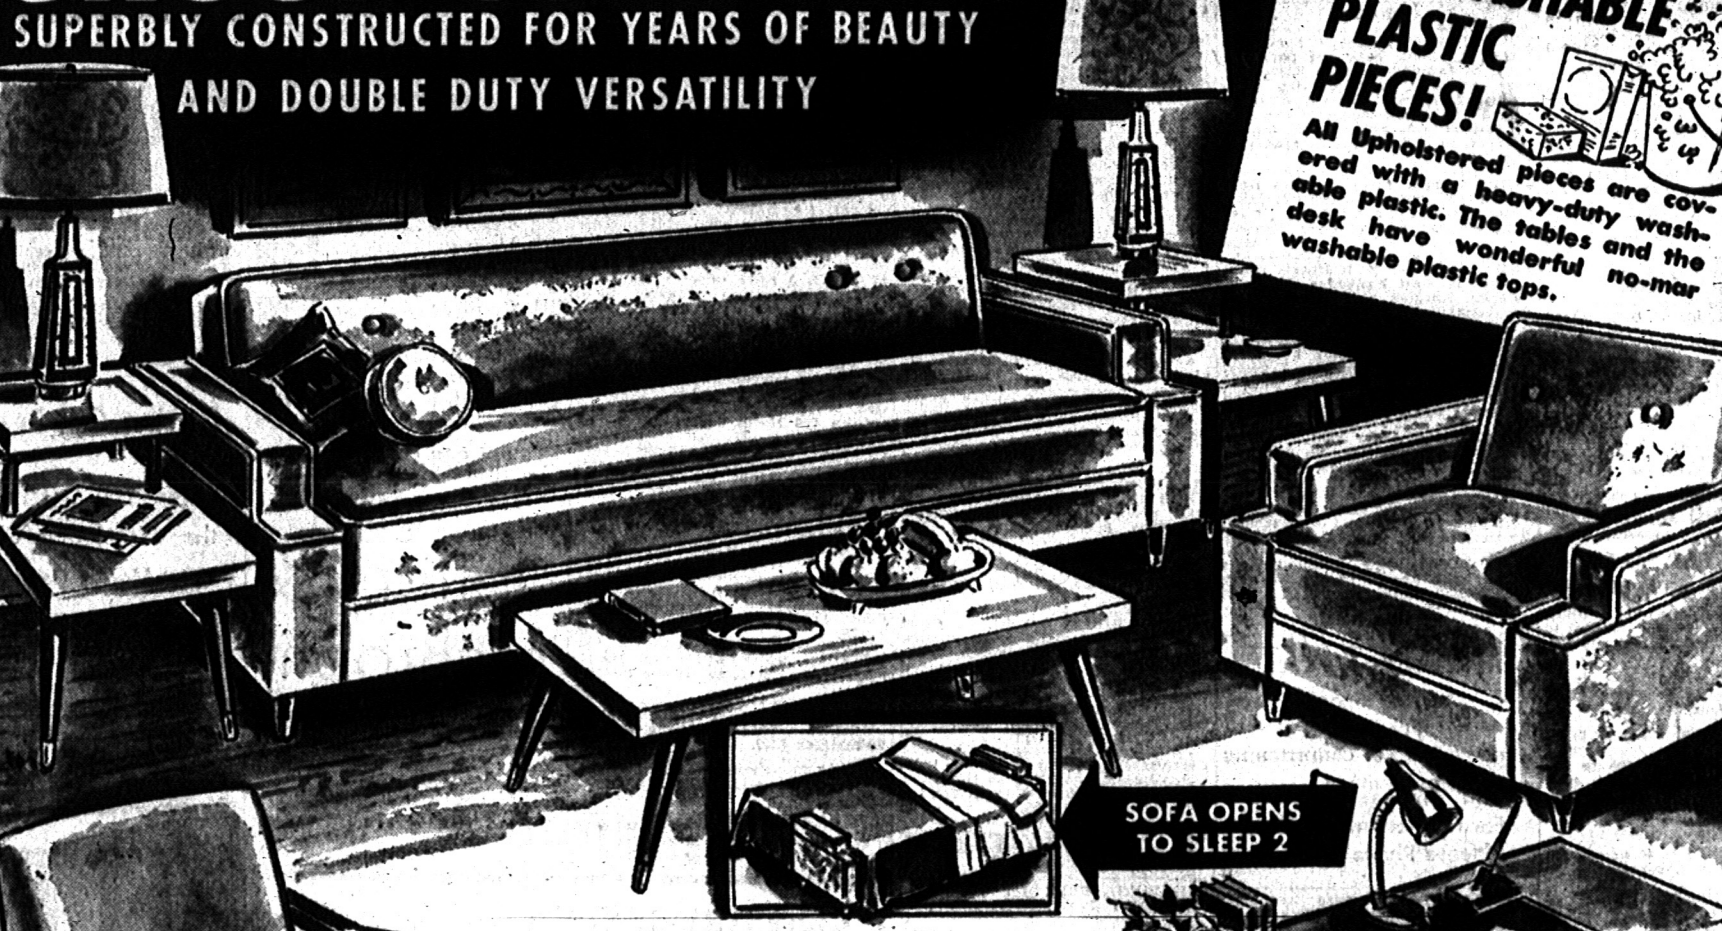

Maple Chest \$29.95

Four drawer chest, made of select hard woods and finished in maple. Fine for children's room.

DELUXE 9-Piece SOFA BED

GROUP COMPLETE SUPERBLY CONSTRUCTED FOR YEARS OF BEAUTY AND DOUBLE DUTY VERSATILITY

Everything As Shown Here \$199.95

\$20 DOWN . . . \$16 MONTH

You get everything you need for a complete living room, and everything is washable plastic. The Sofa Bed, Matching Chair, and Arm Chair are all washable plastic reinforced with cloth backing. All three tables and the desk have plastic tops. See it tomorrow at Lassers!

GROUP INCLUDES: SLEEPER SOFA, LOUNGE CHAIR, MODERN ARM CHAIR, PLASTIC TOP DESK, COCKTAIL TABLE, TWO STEP TABLES, TWO TABLE LAMPS.

EASY TERMS

Platform Rocker \$59.95

Tree Lamp \$19.95

Metal Smokers \$6.95

Large Hassocks \$5.95

Cosco Stool \$13.95

6 Members Of NATO Ask For Conference

Suggest Nixon Be Sent As Substitute For Eisenhower

PARIS (U)—Britain, France, West Germany and Italy urged today that the scheduled NATO summit conference take place next month despite President Eisenhower's illness, with Vice President Richard Nixon taking the Chief Executive's place.

These countries — chief European members of the North Atlantic Treaty Organization — made their views known in answer to queries from the U. S. delegation to NATO here. Similar views were expressed by the Netherlands and Turkey. Greece suggested a postponement.

The United States officially offered earlier today to send Nixon, if this was agreeable to the other members of the alliance.

The President's sudden illness dealt a blow, however, to the plan for a dramatic demonstration of Allied unity at this time in the face of Russia's growing scientific and military prowess.

THE PROJECT for gathering heads of government for a conference in Paris Dec. 16-18 had been built largely around Eisenhower's personality and leadership.

With his prestige, he was to take the lead in proposals for modernizing Allied military systems with missiles and atomic stockpiles and for a greater pooling of scientific resources.

Paul-Henri Spook, secretary general of NATO, the department also said, had been asked by the United States to determine how the other members of the alliance wished this meeting to be dealt with in the light of this circumstance.

Spook said in London the entire matter will be considered at a meeting of the NATO Permanent Council in Paris Thursday. Other sources said there may be no decision until after that meeting.

Lay Cornerstone Of Addition To Hospital Sunday

CHICAGO (U)—An arduous detachment from Illinois civil defense headquarters was sent to Morris today to investigate aluminum balls found in their fields by two farmers.

Gen. Robert M. Woodward, state civil defense director, sent the third Ordnance Detachment to Morris to investigate a report from Mrs. L. Mae Reagan, Grundy County civil defense director.

Mrs. Reagan's report said the farmers, Dick Hillman and Leroy Hickey, found "several" aluminum balls about the size of a man's fist while plowing their fields.

THE REPORT SAID the objects were of various shapes, but mostly spherical. The farmers said they had not touched the objects for fear of self-activation, but said their cows had walked among them.

University of Illinois agriculture specialists reported finding similar objects this week in the vicinity of Bloomington.

Hillman's farm is about 144 miles southeast of Morris near Gardner. Hickey's farm is about four miles from Hillman's, near Reddick.

A sleek Voodoo jet piloted by Capt. Ray W. Schweigert Jr., of Kalamazoo, Pa., rolled past the control tower at Floyd Bennett Field at 12:13:29 p. m. CDT.

The previous record was 12:13:22, set by an F8U Crusader last July.

First into the air from Ontario International Airport last week of the year was Capt. Schweigert Jr., 31, Kalamazoo, Pa. His plane left the strip after 2:30 p. m. and there was a roar as his afterburner cut in. His off time was 8:57:07.43.

NEW YORK (U)—The Air Force today broke its own speed record from the Navy, flying from Los Angeles to New York in 3 hours, 13 minutes, 24.2 seconds.

THIRD WAS CAPT. Donald D. Hawkins, 34, Springfield, Mo., at 8:58:18.43 a. m.; fourth was Capt. Robert M. Sweet, 30, Barrington, Wis., at 8:59:38.70 a. m.; fifth was 1st Lt. Gustav B. Klatt, 29, San Marcos, Tex., at 8:59:59 a. m. and sixth was Capt. Robert E. Burkhardt, 31, Alliance, Ohio, 9:01:11.95 a. m.

Schweigert and Sweet fly from Los Angeles to New York in 3 hours, 13 minutes, 24.2 seconds.

MAINE (U)—The Strategic Air Command has announced it will activate its first missile squadrons Dec. 15.

and back nonstop. Kilpatrick, 33, Bristol, Conn.

THIRD WAS CAPT. Donald D. Hawkins, 34, Springfield, Mo., at 8:58:18.43 a. m.; fourth was Capt. Robert M. Sweet, 30, Barrington, Wis., at 8:59:38.70 a. m.; fifth was 1st Lt. Gustav B. The Journal's Page Of Opinion

Thanksgiving In The Space Age

In our time, even during the ominous days of Hitler's forays across Europe, the Pearl Harbor disaster and the grim months of the Korean conflict, Americans have always had much to be thankful for.

Now, as Communist Russia boasts of the destructive power of its intercontinental ballistic missiles which might threaten destruction in our land, we can still be thankful that we live in America. We can feel compassion for the people of the Soviet Union that must live in a nation where fear, rather than good-will, prevails.

We must bow our heads this Thanksgiving and be thankful that there is a measure of peace even though our nation seems beset by irresponsible rivals. There are still free men in this world and those who love liberty were never handed more closely together. Never in history has there been a world leader such as our nation, so rich and generous, with principles which extend down to the bedrock of Christianity and the orderly process of law.

Though we feel buffeted and endangered, we must never lose sight of our own stature in the eyes of history. This, too, should be a part of our prayers of thanks.

The Pilgrims had every reason to despair in the months which preceded the first Thanksgiving. In a strange and frightening land, the little band was in no condition to defend successfully

against the savages of the forests whom they greatly feared.

It was six months after they arrived that they came face to face with an Indian, though they had seen them lurking about in the forests.

Fittingly, it was just at a time that Capt. Miles Standish was presiding at a meeting about problems of defense, that the climax of the Indian threat came to a head.

An alarm was sounded. A lone Indian was strolling boldly down the main street of Plymouth.

The meeting broke up in confusion as the Indian confronted the settlers.

And to their amazement he spoke to them in English, saying, "Welcome."

This is how they met Samoset who made them friendly with Massasoit. The states' fortitude for the years to come the surrounding tribes.

Alone, so far from home, the Pilgrims had only one course in those early months. They could only muster their own defenses, hold on to their courage and put their trust in Divine Providence.

The lot of any body of men embarked on idealistic pursuits has always been the same.

America today should give thanks that so many fortunate paths have been successfully traversed in the past and pray that we may have the stalwart fortitude for the years to come which the Pilgrims demonstrated.

Political Issues Won't Help

Let us hope that the congressional investigation of the nation's missile program sticks to its advance billing as being non-political and non-partisan.

No investigation today is going to overcome Russia's missile lead over this country. No investigation that simply raked over political issues, and attempted to fix the blame for this nation's missile lag on purely political lines, would be of much help.

Such an investigation would be more likely to generate uncertainty and discord within the very scientific community on which we are depending to catch up.

The only useful investigation will do two things:

First, it will fix the blame for Amer-

ica's lag only from the point of view of learning a lesson from our mistakes, of learning what we did wrong so that we will not repeat the error.

Secondly, an investigation can fix public attention on some of the needs of missile research. It can generate enthusiasm among the voters and taxpayers for a missile program which certainly will be expensive.

The ramifications of whether the Republican administration has had sufficient support from the Democratic Congress or whether the Democrats can claim the Republican administration permitted the military program to lag would offer little assistance in the necessary development of our missile program.

Peace Also Requires More Diplomats

No one will deny that the West must have as many engineers, physicists, chemists and atomic scientists as the East. But it is equally important that it have as many diplomats as the East.

Those who believe communism is intent on controlling the world, using military force to gain global mastery, if necessary, are right. It is a danger to the world that America must concentrate attention on education in the physical sciences.

At the same time, however, it is equally important not to neglect the social sciences. The fields of such as politics, economics, sociology, psychology and history which are designed to enable the student better to understand his environment and to adjust by peaceful procedures to the world in which he lives.

THE LESSON OF THE Sputniks is that America and the West should place increased emphasis on higher education in general, both in the engineering field and in the politico-economic field.

It would be a dangerous mistake, in my opinion, for America to increase its emphasis on the engineering sciences to the neglect of the social sciences. Twentieth century Germany is an example of what can happen to a country which produces scientists to the neglect of well-rounded, highly educated men who can skillfully exercise the art of diplomacy.

If Germany had produced more diplomats in the 20th century and fewer military technicians, more persons with a broad, higher education and fewer mechanics with only a grammar school education, Hitler might have been prevented from coming to power and World War II might never have occurred.

their youth in the physical sciences.

AMERICA WOULD DO well to train more physical scientists, provided it does not neglect the social sciences, especially in its high schools, or GYMNASIUMS, as they are called over there.

The German youth who leaves high school at the age of 18 has the following amount of compulsory work in the physical sciences as a prerequisite for entering college: 5 years of mathematics, 5 years of physics, 4 years of biology.

To enter a German university the high school graduate must have studied mathematical physics, analytic geometry, spherical trigonometry and differential and integral calculus.

How many American college freshmen have been so well grounded in mathematics and the physical sciences?

Not only in Germany, but in other West European countries as well, such as France, Italy, England, the Low Countries and Scandinavia, the secondary school student is much better grounded in math and the physical sciences than is the case in America. It is not just the Russians who are out-

doing America in the training of scientists and too few diplomats.

FOR WHAT WE HAVE--AND INTEND TO KEEP!

By David Lawrence

New Commission Faces Controversy

WASHINGTON—The new commission on civil rights is headed for considerable controversy even before it begins work. A question has arisen as to whether the appointment of Justice Stanley Reed violates the principle of the "separation of powers" in the Constitution.

Although retired, an associate justice of the Supreme Court is still eligible under existing law to perform judicial duties. Justice Reed recently served on the bench in the U. S. Court of Appeals.

Members of the Senate are planning to raise the issue when the name of the former associate justice comes up for confirmation next January as a member of the commission.

Justice Reed is planning to transfer to Wilson White—now an assistant attorney general—his present duties on civil rights to function as general counsel for the new commission without even submitting his name to the Senate as required for a new appointee. This is being done presumably be-

cause the commission is considered a virtual adjunct of the Department of Justice. The proposed transfer, however, has aroused some southern senators. Sen. Thurmond of South Carolina, Dem., has introduced legislation to prevent any transfer of duties from the Little Rock case and hence, it is argued, he approaches the task with a preconceived position as to the alleged obligation of the federal government to use military power to enforce court orders.

For the new commission is to be a sort of "super FBI." It is commanded by law to "investigate and report on the activities of all persons, organizations, groups, or institutions in the United States which are engaged in the violation of the rights of any person on account of race, color, religion, or national origin."

Presumably such testimony as is turned up will lead to prosecution under companion provisions of the same new law passed last September. The new law also orders the commission to "study and collect information concerning legal developments constituting a denial of equal protection of the laws under the Constitution."

Nearly three-fourths of the government's research expenditures—\$2.9 billion dollars—are for national security.

A whopping bill—\$1.3 billion dollars—is for the military program that is described by the Budget Bureau as being "in support of research, development, test and evaluation activities."

There is NO PUBLIC breakdown on this huge sum. But it goes for missiles, rockets, bombs, planes, ships and new weapons before they go into production for the military.

In other words, they are completely expendable. When they are blown up in testing, there is nothing left to show for them except what has been learned in their experimental use. And what they cost is not charged directly to research and development.

As far as Budget Bureau accounting is concerned, the Department of Defense is charged with only two billion dollars for research. By services, it breaks down to \$64 million for the Air Force, 47 million for Army and \$2 million Navy.

By function, the two biggest items are \$1.1 billion for guided missiles and rockets, 276 million for aircraft. The total also includes 228 million dollars for new research facilities—laboratories and

chemical agents doctors often use are nitrogen mustard, mylar, Fowler's solution, triethylenemelamine and triethylenethiophosphoramide.

Also, there are the two pure antagonists, urethane and mercaptan, and the so-called antagonists, aminopropyl and aminopropyl.

ACTH and cortisone also may be valuable aids in treating a cancer patient. Not only do they often have a direct effect upon the tumor cells, but they also alleviate undesirable side effects of some of the other drugs.

Now these chemical compounds won't help all cases of cancer. In fact, they are most often employed in treating lymphomas and leukemias. Mylar, for instance, gives hope of lengthening life in cases of myelogenous leukemia.

There's one thing I want all of you to remember: Today, advances cases of cancer may seem to be hopeless. But tomorrow we may have the cure. We'll get it some day. Who can tell when it will be?

By George Sokolsky

That Extra Line

When a business has an extra expense, such as hiring another 50 clerks to make out detailed expense accounts for income tax purposes, it adds the cost to the price. Thus, the inflation is accelerated by bureaucratic fat.

The small man, who cannot afford to hire a lot of accountants and to whom it is unbearably difficult to do each night to itemize 15 cents for a bus fare, \$1.25 for five gallons of gasoline, \$1.00 for two cocktails, one for the customer with whom he had to drink maybe to get an order.

All right, so this was his experience over 20 years of spending about the same amount every day for getting business. So he charged himself an average of \$10 a day for business expenses and he deducted that on his income tax return.

Now he has to write it all down in detail. When he buys a drink for a customer, he must pull out his little black book and note the drink, the cost of the drink, where it was drunk, what time of the day it was drunk and maybe why he drank it.

WHEN HE IS THROUGH WITH ALL this each evening, he is psychologically a unit man. He is sore at the world. He is antagonistic to everybody because he can't remember where that \$1.25 went to. He can only account for \$5.65 of expenses and he knows he cracked a \$10 bill, maybe he bought a drink for a customer's kid.

The small man is being driven crazy by his tax problems. He knows that governments need money but he wants to know why there are so many who get away with paying taxes. Some congressional committee ought to get together a list of all the categories of Americans who are exempt from income tax payments altogether; a list of tax havens should be published and how many lawyers and accountants and American companies have taken advantage of them.

Does the American government know the names of Americans who are not paying taxes because they are legally tax-exempt? Is the American who lives and spends his money within the United States to be penalized in favor of Americans who live outside the United States? What about that colony of rich Americans—Communists who live in Mexico City, do they pay full income taxes? What about the rich American movie colonies in Rome and in Spain and in Europe, do they pay full income taxes?

WHAT IS THE WITHHOLDING TAX on American dividends which is charged to Americans living in the United States, or to Europeans living in the United States who carry their accounts through Swiss and Venetian banks? These parasites live on the rest of us who do pay taxes. What are the obligations of accountants who make up tax returns which contain gimmicks for the legitimate evasion of taxes, which fancy lawyers call tax avoidance to save their consciences?

When an accountant certifies to the truth of a financial statement, he does include a sworn description of the tax evasion and tax avoidance gimmicks in the statement? Is it completely honest to leave out such details? Is it beneficial to the United States? Does it represent a fair shake for the fellow who has to pay full income taxes through the nose for a lot of bookkeeping bureaucrats who crawl over each other in Washington and elsewhere and let the Russians put up two Sputniks while they battled each other as to who should do what?

AM I SORRY? ARE YOU? IT IS BAD enough to have to pay so much in taxes; it is bad enough to have to pay such an unjust and inequitable tax as the income tax; it is bad enough to know that other Americans have found a way to avoid and evade tax payments by lawful devices—do we have to suffer a punitive system of collection that makes for every kind of personal hardship and additional expense?

When a tax becomes so onerous in its method of collection that resentment mounts upon resentment, in a free society that tax will and must be abolished. In an autocratic or oligarchic society, it leads to revolution. It would seem that the Internal Revenue Bureau is aiming to have the income tax abolished by public demand.

By Peter Edson

Money For Research

WASHINGTON (NEA)—Prevailing ideas that the United States isn't doing enough scientific research to keep ahead of the Russians aren't borne out by figures on research expenditures.

Over \$2.9 billion dollars are being spent by the U. S. government alone for research and development this fiscal year.

It must follow from this that the right kinds of research aren't being conducted in this country. The cause may be lack of direction through the nose for a lot of bookkeeping bureaucrats who crawl over each other in Washington and elsewhere and let the Russians put up two Sputniks while they battled each other as to who should do what?

AM I SORRY? ARE YOU? IT IS BAD enough to have to pay so much in taxes; it is bad enough to have to pay such an unjust and inequitable tax as the income tax; it is bad enough to know that other Americans have found a way to avoid and evade tax payments by lawful devices—do we have to suffer a punitive system of collection that makes for every kind of personal hardship and additional expense?

Accept Space Age Austerity, Mitchell Urges

NEW YORK (U. S. Secretary of Labor James P. Mitchell, speaking for alling President Eisenhower, urged the nation Tuesday night to accept the "austerity and privations" required to give military and economic aid to other countries of the free world.

Mitchell digressed from a prepared speech of his own to deliver the gist of the "China up" talk that Eisenhower had planned to broadcast from Cleveland.

The main topic of the Cleveland talk, canceled because of the President's illness, was the importance of international cooperation in halting Soviet imperialism.

Mitchell's speech before a dinner of the Manufacturing Chemists Association was not broadcast. He listed three specific points that the President had intended to make in the Cleveland speech. They were:

1. THE EISENHOWER administration believes the people of the United States owe full support to the mutual security program in both its military and economic phases.

2. Eisenhower will recommend to Congress in January that the exploring Trade Agreements Act be broadened and be extended for a period longer than the present three-year term. The proposal would provide for broader authority for the negotiation of reciprocal trade pacts.

3. A call for United States participation in the Organization for Trade Cooperation. Mitchell described the agency as "a business-like unit" to guarantee maximum benefits from the negotiating of trade agreements.

The collision occurred within half a mile of Miss Taylor's home.

One of the victims was Charles Martin, 15, of near Sidel, a Jamaica High School basketball player. He and his date, Miss Melissa Taylor, 14, of near Fairmount, were returning from a basketball game in Danville.

Also killed was Billy Burke, 4, of Fairmount. The boy was a passenger in a car driven by his mother, Mrs. Mary Burke.

Mrs. Burke and Miss Taylor were returning from a basketball game in Danville.

Thank God For Our Blessings: Rev. Parker

In a Thanksgiving address at Tuesday's Lions Club meeting, the Rev. James G. Parker said the holiday should be set aside to "thank God" for the blessings that came to the early colonists and to our great leaders.

American Lutheran Church To Conduct Member Visit

The American Lutheran Church, Kankakee, will conduct its every-member visitation during Stewardship Week, Dec. 1 to 8.

Twenty-four visitors will call on every family in the parish to obtain commitments for the \$16,600 budget for 1958.

Four meetings have been held to date with information on the church program for the coming year, financial status and needs of the congregation.

Two training sessions have been held for the visitors. The first was Friday in the home of Mr. and Mrs. Harry Heeren, and the second Monday in the home of Mr. and Mrs. August Jansen.

Piper Churches To Hold Annual Service Tonight

PIPER CITY (JNS) — The annual Thanksgiving service of the Methodist and Presbyterian churches will be held today in the Methodist Church at 7:30 p.m.

The Rev. Philip A. Coen will bring the Thanksgiving message. Special music will be provided by the Methodist choir.

Morocco Schools Hold Thanksgiving Assemblies Today

MOROCCO, Ind. (JNS) — Local schools assembled at 2 p.m. today for a program in observance of Thanksgiving.

Grades one to six met in the Methodist Church, where the Rev. Stanley Howell gave the Thanksgiving message.

The schools were dismissed at 2:30 p.m. and will resume classes on Monday morning.

The only private home in England which has its own postoffice is Holkham Hall, home of the Countess of Leicester. One of her early ancestors was Postmaster General.

Piper Women's Association To Sponsor Dinner

PIPER CITY (JNS) — The annual Presbyterian Church Thanksgiving Day dinner, sponsored by the Women's Association, will be held in the church dining room beginning at 11:30 a.m.

There will be three servings: 11:30 a.m. and 12:30 and 1:30 p.m. The association also features a bazaar, which will be open from 10:30 a.m. to 1:30 p.m.

The Thanksgiving dinner in the church has been a tradition for more than half a century.

Lincoln, a deeply spiritual man of the soil, held the nation together with the theme that it could not exist half slave and half free.

Wilson gave birth to a new idea — the League of Nations. Even though the League's structure was a flat failure, the Rev. Mr. Parker said that we are still working on the same idea.

It is our duty, he said, to acknowledge God's blessing in two ways. First, in private prayer, such as grace before the Thanksgiving meal; second, by attending Thanksgiving services just as the Pilgrim fathers did.

The Thanksgiving program was presented for the wives of Lions Club members, who attended for their husbands.

Jansen is general chairman of the visitation. Donald Carlson and Kenneth Fredlund are in charge of the proposals committee; church council acted as evaluation committee; Harry Heeren, chairman of visitations committee; and Mr. and Mrs. Nymer Christensen, publicity committee.

CHURCHES — The Laundries will sing three anthems at the Union Thanksgiving Service at 8 p.m. today in the Presbyterian Church.

Mrs. George R. Meyer is director of the choir, composed of 20 girls selected from the Sheldon Community High School.

Miss Genevieve Fetherling will play organ music before the service. The Rev. Jay A. Smith will give the sermon and will be assisted by the Rev. Frank Deninger.

The service will be sponsored by the Sheldon Ministerial Alliance. Elmer G. Buese, alliance secretary-treasurer, is the host pastor.

The service is open to the community.

MISS NORMA HILL, daughter of Mr. and Mrs. Arist Hill, has been pledged to Sigma Alpha Iota, national music honorary. Miss Hill is a junior in the school of music at the University of Illinois.

CHATS WORTH (JNS) — The United Thanksgiving Service will be held today at 7:30 p.m. in the Methodist Church.

The Rev. Charles Fleck, pastor of the Evangelical United Brethren Church, will give the sermon.

Others participating in the service will be the Rev. Floyd Welton of the First Baptist Church and the Rev. John F. Dale of the Methodist Church.

Vatican Official III Says Americans Have Lost Holiday's Motivating Spirit

VATICAN CITY (U) — Adolfo Giovanni Cardinal Piazzi, 73, secretary of the Vatican's Congregation of the Consistory, was reported today to be slightly improved after suffering a stroke Tuesday that partially paralyzed his left side.

GIVEAWAY — EL PASO, Tex. (U) — Jail cured Jose Munoz's hiccups. Charged with two armed robberies within five hours, Munoz was arrested by two detectives when they noticed him hiccuping constantly. They were looking for a man with the hiccups, as described by the robbery victims.

There was a day of thanksgiving for the material things we have. Instead of burning desire to fulfill a God-given destiny we would seek more the fulfillment of physical wants and passions.

"What were the spiritual motivations of the Pilgrims on that first Thanksgiving? With so little of material things which we hold so dear, with many of the loved ones and friends in freshly dug graves, with so little of that which we as-

sume necessary to motivate one to be grateful, these people called a day of Thanksgiving."

The Rev. Mr. Edds, pastor of Central Christian Church for the past seven years will leave Kankakee in January for Indianapolis to take up a new post. He has been named business manager of the International Convention of Christian Churches, effective Feb. 1.

"I sat by her and I know under what stress she was," Nixon said. "It was perhaps the most difficult time she has ever had."

But Tuesday night, Mrs. Eisenhower told the sitting President that she was dining from trays and watching television for a couple of hours in their White House living quarters.

DURING Eisenhower's previous illness—a heart attack in December, 1955 and a staphylococcal infection in June 1956—Mrs. Eisenhower took a room in the hospital to be near the President and remained with him through convalescence.

She herself underwent an operation last August, remaining in Walter Reed Army Hospital here for 23 days.

How closely she will stay with the President in the White House apparently depends on how rapidly he recovers. Some scheduled events already have been canceled or postponed.

Elizabeth Sends Message To Ike
LONDON (U) — Queen Elizabeth today sent the following message to President Eisenhower:

"I am so sorry to hear that you are ill. My husband and I trust that your recovery will be early and complete and we send our heart-felt good wishes to you and to Mrs. Eisenhower."

Moscow Ignores Ailing President
MOSCOW (U) — Moscow newspapers did not mention this morning the illness of President Eisenhower.

Ex-Union Official To Fight Charge
WHEATON (U) — A former New Jersey laundry official says he will fight extradition to New Jersey to face charges of alleged misuse of union welfare funds.

Eugene C. James was seized at his home Monday night on a fugitive warrant based on New Jersey charges of embezzlement and taking money under false pretenses. Preliminary hearing has been set for Dec. 5 before a Wheaton justice of the peace. James was freed on \$5,000 bond.

James is a former secretary-treasurer of a New Jersey laundry workers union. Authorities in that state said he was named in four indictments returned by an Essex County grand jury.

ST. LOUIS (U) — Sen. Symington (D-Mo) was honored at a dinner Tuesday night but responded with a toast to ailing President Eisenhower as "a great American."

"Let us wish him good health and God speed," Symington said to a group which included Gov. James T. Blair and other top state officials.

The dinner was given by St. Louis Cardinal Archbishop John A. Cardinal and his business partner, Julius (Biggie) Garagani, at their restaurant.

Japan Tests Jets

UTSUNOMIYA, Japan (U) — Three jet training planes, the first designed and built in Japan, were displayed at the Fuji heavy industries plant today.

Some necessary to motivate one to be grateful, these people called a day of Thanksgiving."

The Rev. Mr. Edds, pastor of Central Christian Church for the past seven years will leave Kankakee in January for Indianapolis to take up a new post. He has been named business manager of the International Convention of Christian Churches, effective Feb. 1.

The dinner was given by St. Louis Cardinal Archbishop John A. Cardinal and his business partner, Julius (Biggie) Garagani, at their restaurant.

The Senator's toast to the President came after Garagani toasted Symington as the "greatest senator in the United States."

Garagani expressed hope Symington would be the "No. 1 man in 1960."

Among those attending the dinner were Lt. Gov. Edward V. Long, State Auditor Haskell Holman, state treasurer M. E. Morris, State Revenue Director Milton Carpenter, State Highway Commission Chairman Leo Fisher and Mayor R. Tucker.

Nixon Calls First Lady 'Courageous'

WASHINGTON (U) — For the third time in 24 hours, Dwight D. Eisenhower is watching over a sick husband.

Vice President Nixon described as "courageous" her action Monday night in attending a state dinner for King Mohammed V of Morocco, after President Eisenhower had suffered a mild stroke.

"I sat by her and I know under what stress she was," Nixon said. "It was perhaps the most difficult time she has ever had."

But Tuesday night, Mrs. Eisenhower told the sitting President that she was dining from trays and watching television for a couple of hours in their White House living quarters.

DURING Eisenhower's previous illness—a heart attack in December, 1955 and a staphylococcal infection in June 1956—Mrs. Eisenhower took a room in the hospital to be near the President and remained with him through convalescence.

She herself underwent an operation last August, remaining in Walter Reed Army Hospital here for 23 days.

How closely she will stay with the President in the White House apparently depends on how rapidly he recovers. Some scheduled events already have been canceled or postponed.

Elizabeth Sends Message To Ike
LONDON (U) — Queen Elizabeth today sent the following message to President Eisenhower:

"I am so sorry to hear that you are ill. My husband and I trust that your recovery will be early and complete and we send our heart-felt good wishes to you and to Mrs. Eisenhower."

Moscow Ignores Ailing President
MOSCOW (U) — Moscow newspapers did not mention this morning the illness of President Eisenhower.

Ex-Union Official To Fight Charge
WHEATON (U) — A former New Jersey laundry official says he will fight extradition to New Jersey to face charges of alleged misuse of union welfare funds.

Eugene C. James was seized at his home Monday night on a fugitive warrant based on New Jersey charges of embezzlement and taking money under false pretenses. Preliminary hearing has been set for Dec. 5 before a Wheaton justice of the peace. James was freed on \$5,000 bond.

James is a former secretary-treasurer of a New Jersey laundry workers union. Authorities in that state said he was named in four indictments returned by an Essex County grand jury.

ST. LOUIS (U) — Sen. Symington (D-Mo) was honored at a dinner Tuesday night but responded with a toast to ailing President Eisenhower as "a great American."

"Let us wish him good health and God speed," Symington said to a group which included Gov. James T. Blair and other top state officials.

The dinner was given by St. Louis Cardinal Archbishop John A. Cardinal and his business partner, Julius (Biggie) Garagani, at their restaurant.

The Senator's toast to the President came after Garagani toasted Symington as the "greatest senator in the United States."

Garagani expressed hope Symington would be the "No. 1 man in 1960."

Among those attending the dinner were Lt. Gov. Edward V. Long, State Auditor Haskell Holman, state treasurer M. E. Morris, State Revenue Director Milton Carpenter, State Highway Commission Chairman Leo Fisher and Mayor R. Tucker.

Vice President Stands By To Help Ike Able, To Make Decisions, Nixon Says

WASHINGTON (U) — Vice President Nixon stepped gingerly into the role of a part-time substitute for ailing President Eisenhower today giving clear notice Eisenhower would continue to call the signals on government policies.

A proposal by Sen. Bridges (R-NH) that Nixon take over for the President, carrying out the known general wishes and policy of the President."

NIXON SCHEDULED further conferences with presidential staff members today at the White House—where he spent most of Tuesday without seeing the ill President. He told newsmen when he emerged he might preside over Cabinet and National Security Council meetings.

But in response to what he called a "hypothetical question" about who in the government would make a decision on retaliation if Russia suddenly attacked Western Europe, the vice president replied: "Any decision re-

quiring presidential action could be made by the President. Major problems that require presidential decision, where the President alone can act, will be put to the President."

The Constitution is silent on who determines when a President is disabled, when a vice president takes over and when the disability ends. No vice president has ever taken over the duties except after the death of a president.

NICOSIA, Cyprus (U) — A British member of the security forces was shot and wounded by assailants in Limassol during morning rush hour traffic today.

Eyewitnesses said the Briton was alone in a car awaiting chance to cross an intersection. Suddenly a man darted up to the stationery car, fired at the driver with a pistol and fled.

It was the first shooting attack against a Briton in any Cyprus town since last Jan. 23.

MANILA (U) — At least 500 persons have been stricken with a small outbreak of Asian flu in 12 small towns in nearby Bulacan Province, the Manila Bulletin reported today.

Nab War Hero For Bank Robbery, Too

CHICAGO (UP)—The FBI swooped down on a self-styled soldier of fortune Tuesday, moments after he was arraigned on charges of robbing a suburban Cicero savings association.

He is Christopher L. Magee, 46, of Chicago, whom the FBI arrested at the door of the U. S. courthouse in connection with a South Bend, Ind., bank holdup.

Magee had just posted \$10,000 bond after arraignment before U. S. District Judge William J. Campbell. He was charged with robbing the Reserve Savings and Loan Association in Cicero of \$2,400 on June 12, 1955 and of \$4,300 on Aug. 12, 1956.

LT. EDWARD NOWAK of the South Bend police said Magee was re-arrested in connection with a \$46,320 holdup of the Lincolnway West branch of the First National and Trust Co., Jan. 15, in South Bend.

Magee, a Marine Corps pilot during World War II, received several decorations after shooting down nine Japanese planes. When he was arrested Oct. 17, he described himself as a soldier of fortune who had flown for the Canadian and Israeli governments.

Magee was unable to immediately post \$20,000 bond fixed by U. S. Commissioner C. S. Bentley Pike on the second arrest. Magee's attorney said he will fight removal of Magee to South Bend.

For Kempton Pupils, Early Thanksgiving

Kempton pupils started their Thanksgiving vacation two days early this year because of low water supply in the community. Pictured below are some of the young people who came Tuesday afternoon to watch attempts to remedy the situation. Charles Hatfield of Kempton is repairing a well rod, which pulled apart, on the soft water well. According to Clyde

Korlaska, village president, the soft water well won't be in operation until next week. An automatic submersible pump will be installed at the bottom of the well. The motor on the well supplying hard water also failed but is expected to be replaced with a rebuilt motor by today. Residents were asked to conserve water until the repairs are complete. (Journal photo)

Cub Scout Pack 86 Of Kempton Holds Meeting

KEMPTON (JNS)—Cub Scout pack 86 met Monday night in the recreation room of the grade school.

Crafts work was on display. Cubmaster Carl Butzrus presented the following awards: James Moore, bobcat pin; Stanley Wueben, gold and silver arrows; Gordon Butzrus, bear badge and silver arrow; David Kain, lion badge and gold arrow; Cliff Korlaska, lion badge; James Zeller, lion badge and gold arrow; and Wendell Drew, gold and silver arrows.

MISS SHERBIE Malone, nurse at Brookwood Hospital, Normal, spent the weekend with her parents, Mr. and Mrs. William T. Malone.

Evangical Group Meets In Donovan

DONOVAN (JNS)—The Prairie States Evangical Association held its 1957 annual meeting in the Donovan church Monday evening.

Refreshments were served by the Ladies Aid Society.

MEMBERS of the Lester Pew family of Stockland were Sunday dinner guests of the Raymond Wilton family.

Sunday guests in the John Blakely home were Mr. and Mrs. Al Nottie of Chicago, the Elsie Allie family of Belleville, the Ralph Berniers and Mrs. Marie McIntee of Goodland, Ind., and the Orin Reuter family of Brook.

Mr. and Mrs. Ed Brandenburg returned home Sunday after a two-week deer hunting trip in Northern Wisconsin.

Mr. and Mrs. Chester Anderson

Altar And Rosary Society, Watseka, Plans Yule Party

WATSEKA—The Altar and Rosary Society of St. Edmund's Church in Watseka will hold its annual Christmas party and gift exchange on Dec. 2.

A state of officers to serve for the ensuing year also will be chosen at the meeting. The nominating committee consists of Mrs. Glenn Raymond, Mrs. Katherine Kendall and Mrs. Harley Truitt.

The group also has planned a Dec. 8 food shower for the Pottsville nuns, Ashlum, who instruct the children of St. Edmund's Parish.

Ed Brook, Ind., and Mr. and Mrs. Ed Hawk and Randy of Warsaw, Ind. were Sunday guests of Mr. and Mrs. George A. Anderson.

Barmore Assails Judge As He Gets Life Sentence

MUSKOGEE, Mich. (UP)—Storming abuse at Circuit Judge Henry H. Beers, ex-convict Herman Barmore was sentenced today to life in prison on a conviction of second degree murder.

Barmore, 46, was found guilty Saturday of the July 1955 fatal shooting of 12-year-old Evanston, Ill., boy Scott Peter Gorman at nearby Camp Wabamungo.

Judge Beers asked if Barmore wished to say anything before the sentence.

Barmore replied: "First off, I wish to say the conviction is unjust. I'm not guilty... the jury said the devil was with them. That devil is Mr. Beers. The conviction was based on no evidence. It was obtained principally on the prompting of the judge."

Judge Beers answered: "After listening for three weeks to testimony in the case, I'm firmly convinced of your guilt."

Barmore replied: "You're prejudiced."

The judge then sentenced Barmore to prison "for the period of your natural life."

Barmore said: "Your soul is going to hell."

Heuss Confers With Pontiff

VATICAN CITY (UP)—Pope Pius XII and President Theodor Heuss of West Germany met today in a historic audience—the first such meeting between a pope and a German head of state in half a century.

The last German chief of state to call on a pope was Kaiser Wilhelm II, who visited Pope Leo XIII in 1903.

The Vatican clearly attached great importance to Heuss' visit.

Heuss, 61, was in Rome for a two-day visit.

Heuss, 61, was in Rome for a two-day visit.

Heuss, 61, was in Rome for a two-day visit.

Cabry Mothers Club To Hold Party On Tuesday

CABRY (JNS)—The December meeting of the Cabry Grade School Mothers Club, which will feature a Christmas party and gift exchange, will be held Tuesday evening in the high school.

Dr. Armando Arocha, school physician, will be guest speaker.

"Life in Cuba" will be his topic. There will be a question and answer period.

MR. AND MRS. Johnny Koerner and Mr. and Mrs. Howard Gash and son, Jerry, were weekend guests in the Joseph Gash home in Fairfield.

Bruce Riggs of Elizabeth, N. J., returned home Tuesday after spending several days in the Francis Sadler home.

Mr. and Mrs. Milford Robbins and family of Davenport, Iowa, visited the Francis Sadler Sr. home on Sunday.

FOWLED UP!

PASADENA, Calif. (UP)—Police say Nicolas M. Stupin got the bird but that the fowl deed may land the 26-year-old suspected bird-slayer in the big cage. Stupin was booked on suspicion of grand theft, cock-toe-after-cocky, a 65-year-old cock-toe worth \$1,000 was stolen from his perch. The suspect was traced through a license number.

Feb. 15 Deadline For Car License

SPRINGFIELD (UP)—Secretary of State Charles F. Carpenter Monday set a deadline of Feb. 15 for display of 1958 Illinois motor vehicle plates.

He said that the plates will go on sale over the counter at City and Springfield next Monday, the starting date for mailing. Mailed plates must be applied for before Feb. 1.

chairman; Arnold Cote, post commander; and Mrs. Myron Drax, auxiliary president. This is an annual project sponsored by the groups. (Journal photo)

Continue Testimony In Keenan Trial

DANVILLE (UP)—Cook County Assessor Frank Keenan was able to list assets totaling almost a million dollars a few years ago when he applied for a loan, according to a bank official.

Arthur Johnson, manager of an Ojai, Calif., bank, produced a 1954 loan application made by Keenan at the assessor's income tax evasion trial Tuesday. Keenan listed \$883,326.88 in assets and only \$84,000 in liabilities at that time.

Earlier, an internal revenue agent testified in connection with a controversial report he had made on the Keenans for the three-year period ending in 1954.

The agent, William P. Forman, said that his 1954 report included a quotation from James Keenan, Frank's brother, which said members of the Keenan family had turned their money over to Frank because he was the "head of the family."

FORMAN ALSO SAID that James told him that Frank was financially successful.

The assessor is charged with evading \$225,000 in corporate and personal income taxes for the years 1950-52, and the government has named his two brothers and a defense attorney as co-defendants.

Government prosecutor Howard B. Glendon has charged that high sales expenses and commissions paid to the other Keenans were front behind which the Champlains Printing Co. evaded its proper tax responsibilities.

The government also questions a defense allegation that large amounts of money paid Frank by members of his family were loans.

Observe Family Night Sunday In Gilman Church

GILMAN (JNS)—Family Night was observed Sunday evening in the Zion Evangelical and Reformed Church.

A carry-in supper was held at 6:30 p.m. There was group singing. A film, "On Wheels of Change," was shown by the Rev. Calvin Franz.

MR. AND MRS. Francis Tholen and family spent Sunday in Chicago visiting the latter's parents.

Blaine Harville of Bakersfield, Calif., returned home Sunday after a week's visit with his parents.

MR. AND MRS. W. G. Harville, who were accompanied by their parents, who will make their future home in Bakersfield.

FRACTURES BRIGHTENED!

CAMDEN, N. J. (UP)—Mrs. Jane Born, director of nurses at West Jersey Hospital here, is a lady who thinks a little glamor may be good for broken bones. Now patients may order their plaster casts in pink, yellow or blue, instead of the old-fashioned white.

Chebanse Church Groups Meet For Potluck Supper

CHEBANSE (JNS)—The Builders and Brotherhood of the United Church met Friday evening in the home of Mr. and Mrs. James Elliot, with Mr. and Mrs. Ole Lauridsen assisting.

A potluck supper was held at 6:30 p.m. with the hostesses serving the desert and coffee.

Mrs. L. M. Todd, president of the Builders, conducted the business meeting. Mrs. Jennie Rosendahl resigned as secretary and Mrs. John Behm was elected to take her place.

Mrs. Rosendahl also had charge of devotions. The next meeting will be a Christmas party with a 50 cent gift exchange at the home of Mrs. Rosendahl. There were 20 present.

Time Works Against Great Man

Churchill Near 83rd Birthday

LONDON (UP)—Sir Winston Churchill celebrates his 83rd birthday Saturday — a very old man working against the inexorable march of time.

The last survivor of the great Allied leaders of World War II, Churchill is hurrying to complete his monumental "History of the English Speaking Peoples," begun in 1930.

The third volume was published this year. A fourth and—as far as is known—final volume is scheduled for publication in 1958.

BUT TIME IS the great uncertain factor.

Friends say Churchill's towering mental powers and mastery of the English language remain as supreme as ever.

But physically he has declined noticeably in recent months. His once round figure is sunken and bent, his step is that of a very tired man and he walks painfully with the aid of a stick or supported on Lady Churchill's arm.

At the urging of his wife and doctors he is doing everything to husband the remnants of his strength.

Much of this year Churchill has spent on the French Riviera to escape the raw dampness of England.

Royal Neighbors Of Kempton Hold November Session

KEMPTON (JNS)—The Royal Neighbors of America held its November meeting Monday night in the home of Mrs. August Wagner.

A potluck supper was served. Gracie Mrs. Edwin Tibbs presided with 20 members present.

A stock shower was held for Mrs. Ralph Donley and her baby, born Sunday. Gifts were wrapped and will be taken to her.

Mrs. Tibbs, Mrs. August Wagner, Mrs. Edward Duda and Mrs. Dale Zeller had charge of entertainment, with prizes going to Mrs. Cecelia Gish and Mrs. Nick Adams.

The December meeting will be held in the home of Mrs. Harry Cays starting with a 6:30 p.m. potluck supper.

In place of the regular Christmas gift exchange, donations will be sent to the Royal Neighbor Home.

and he has announced he will remain in the rest of his days.

But his visits to the House of Commons are rare and he no longer speaks in debates. Growing deafness and the tax on his strength.

In fact, Churchill's public appearances have become rarer and rarer of late.

BATTERY-LESS AUTO STOLEN!

MONTGOMERY, Ala. (UP)—Alfred McDaniel is looking for a high-powered thief. He reported to police he left his car parked and took a failed battery to a nearby service station to be recharged. When he returned, he said, the vehicle was gone—without the battery.

Piper City PTA To Meet Monday

PIPER CITY (JNS)—The December meeting of the Parent Teacher Association will be held Monday at 8 p.m. in the high school gymnasium.

Mr. Ronald Cook, school librarian, will be in charge of the program, "Our Library." She will present a skit, "A Night in the Library," with 16 high school students participating. The library will be open for viewing displays and booklets.

Hostesses for the evening will be Mrs. M. and Mrs. Bernell Schall, Mr. and Mrs. Duane Lovstrand, Mr. and Mrs. Arthur Walsh, and Mrs. Joe Russell and Dr. and Mrs. William Hay.

Following the ceremony, lunch was served by Jackie Righter, Diane Luttrell, Deborah Waters, Sharon Amstutz and Jane Gardner.

Forrest Scouts Receive Pins At Investitures

FORREST (JNS)—Two troops of Girl Scouts received pins at investiture ceremonies.

On Monday night, 18 members of Girl Scout troop 3 received pins during a candlelight investiture service in the Methodist Church. Troop officers were introduced. Mrs. Lowell Unzicker and Mrs. Cyril Allen are the leaders.

Twenty-five fifth grade girls of the Intermediate Girl Scout troop received pins at a Brownie fly-up service. Last year's leaders, Mrs. Paul Thrush, Mrs. Elvin Skinner and Mrs. Raymond Stephens, presented the fly-up pins. The Girl Scout pins were presented by this year's leader, Mrs. George Godfrey and Mrs. Charles Segmiller.

Patrol leaders were introduced. They include Darlene Gordon, Robin Gee, Patricia Godfrey, Karen Forney and Shirley Koehnman. The new troop committee selected includes Mrs. Louis Thorp, Mrs. Raymond Houston and Mrs. Paul Thrush.

Following the ceremony, lunch was served by Jackie Righter, Diane Luttrell, Deborah Waters, Sharon Amstutz and Jane Gardner.

Young Moderns

Make your own clothes and you can have a bigger wardrobe. So says one small seamstress, brunette Marcia Bauer, 15, of Indianapolis, Ind., who parlayed her sewing machine into a trip to New York, and other prizes. She is a student at Westlake Junior High School, sings in the church choir and is an assistant Sunday school teacher.

"I usually make about two or three dresses and five or six skirts every year," she says. "I buy wool for the skirts in blocks. It is cheaper that way."

The best sewing plan for sewers is to make a trial pattern before you cut your good material.

SHE MADE IT HERSELF... 15-year-old Marcia Bauer, of Indianapolis and the dress that won her a regional sewing award and a trip to New York for flunk. The dress is brown, beige and charcoal plaid cotton, linen collar.

advises Marcia. Then you know you are on the right track. It takes a little longer but it is worth it, especially if you cut more than one outfit from the same pattern, she says. Her mother helps fit her.

Marcia buys her fabric out of her allowance.

Her father allows her and her three older brothers and sisters each \$5 a week. Her 10-year-old brother gets \$3, and two little sisters get \$2 to \$3 each a week.

The six allowances are based on work chores. The boys clean up their rooms and empty the trash, the girls do breakfast and lunch dishes and dinner dishes three nights a week. They must also feed the dogs and cats. Marcia does cat-sitting, too, for vacationing neighbors and earns extra money that way.

She has been a contestant in this sewing contest for three years, won the shop contest for two years with honorable mention in the regional contest until this year when she won first prize in her area. She was runner-up in the big national finale in New York. Her winning dress is made of cotton in a small plaid design in shades of brown, beige and charcoal with a natural linen collar. She employed the

cording foot, ruffler and hand hemmer to give it a special prize-winning touch.

on the SOCIAL Side

Wednesday, Nov. 27, 1957 KANKAKEE DAILY JOURNAL

Nerina Ferrari Wed To Richard McCawley

The wedding of Miss Nerina M. Ferrari and Richard C. McCawley took place Nov. 16 at 3 p.m. at St. Lawrence's Church, South Wilmington.

Mr. and Mrs. Angelo Ferrari of South Wilmington are parents of the bride. The bridegroom is the son of Mr. and Mrs. McCawley of Braceville.

The Rev. Salvatore Formica officiated at the double ring ceremony before an altar flanked with baskets of gladioli and mums.

Miss Beverly Berta, organist, accompanied Miss Diane Lardi, cousin of the bride, as she sang "Mother Dear" and "Ave Maria." Miss Berta also played traditional pre-nuptial and recessional wedding marches.

ESCORTED TO THE ALTAR by her father, the bride wore a gown of tulle tulle with a portrait neckline trimmed with sequins and pearls and long tapering sleeves. The skirt swept into a chapel length train.

Her fingertip-length veil of nylon illusion was attached to a crown trimmed with pearls and sequins.

Women's Missionary Society Has Meeting

The Women's Missionary Society of the American Lutheran Church met Thursday in Luther Hall.

Mrs. Myron Hilliker, president, opened with the meeting with a song and devotion. Mrs. Robert Weidensacker showed slides on "If I Be Lifted Up" which were narrated by Mrs. R. C. Barton.

During the business meeting Mrs. Hilliker reported on the workshop held at Danforth. Others attending were Mrs. Myron Christiansen and Mrs. Russell Plale.

The society voted to give a life membership to Mrs. Delores Phillips in memory of Mrs. Marie Klumker.

The offering was given to the retired pastors fund.

Boxes of clothing and Christmas cash donations were sent to the Muscatine Home for Children and Adults in Muscatine, Iowa.

Hostesses were Mrs. Hayden Elroy and Mrs. Weidensacker.

Mrs. Raphael O'Connor Has Meeting Of Friendship Club

Mrs. Raphael O'Connor of 345 S. Yates Ave. was hostess to the Friendship Club Friday.

Winners at 50 were Mrs. Darwin Withers, Mrs. Sam Millick and Mrs. Francis Craig.

Mrs. Maurice Raef was introduced as a new member. Mrs. Francis Raymond was a guest.

The Dec. 20 meeting will be at the home of Mrs. Withers of Herscher.

Keep In Trim To Outgrow Figure Faults

By IDA JEAN KAIN

A worried teenager has asked for help on a vexing figure fault. She writes:

"I have a very serious problem, although my mother says not to worry about it. I'm only 14, and she thinks when I've grown up my problem will disappear, but I have my doubts."

"My backside bulges out rearward, and my behind is just too big! I'm afraid to wear pedal pushers or even a straight skirt. I've tried exercising, but nothing seems to come of it. I do hope you can help me."

All right, all teenagers with hips that bulge out in back, tune in. Get at the cause. The trouble stems from out of kilter posture.

A sharp curve of the lower back and the compensatory overcurve of the abdomen lead to a posture fault termed swayback which accounts for the bulge. Get your figure into proper alignment and the hip problem will correct itself.

To get the feel of on-beam posture, try this easy routine. Position: Lie on back on floor, knees bent, soles of feet flat on floor. For the first exercise, have arms outstretched sideways at shoulder level. Bend elbows and stretch forearms back on floor. The idea is to square your shoulders. . . this you do when the forearms and upward palms form an "L" at shoulders.

Action: The exercise action is merely to pull up and in forcibly with the abdominal muscles and

dominal muscles: From the same pull the small of the back snags starting position, lift hips off floor against the floor. . . hold. Relax, pull up and in again firmly—hold. Repeat several times.

FROM THE SAME starting position, on back with knees flexed, pull down and under with the hips and raise to straight line, with weight resting on shoulders and stretch forearms back on floor. Repeat several times.

Bear in mind that the hip muscles properly used will center the pelvic girdle. As you pull up

with the abdominal muscles and

dominal muscles: From the same pull the small of the back snags starting position, lift hips off floor against the floor. . . hold. Relax, pull up and in again firmly—hold. Repeat several times.

Norma Jean Rothery Bride Of C. R. Carter

Wedding vows were exchanged Sunday at 3 p.m. in Cissna Park Methodist Church by Miss Norma Jean Rothery and Carl Richard Carter.

The bride is the daughter of Mr. and Mrs. Thomas Rothery Sr. of Cissna Park and the bridegroom is the son of Mr. and Mrs. James Carter of 907 S. Randolph Ave., Champaign.

The Rev. K. A. Lipp officiated at the double ring ceremony before an altar decorated with baskets of bronze and white mums and pompons interspersed with palms, ferns and lighted tapers in candelabra.

Mrs. Ralph Barber was organist and accompanied Gilbert L. Anderson as he sang "O Perfect Love," "Ich Liebe Dich" and "Wedding Prayer." Traditional processional and recessional wedding marches were used.

ESCORTED TO THE altar by her father the bride wore a gown of Chantilly lace with underskirts of satin. It was cut with an elongated torso, lace edged sleeves neckline, full tapering sleeves and very full waist length skirt with a scalloped hemline.

Her fingertip veil of illusion net cascaded from a crown of seed pearl trimmed lace and tulle. She carried a white Bible topped with a white orchid. Her pearl necklace was a gift of the bridegroom.

Mrs. John Frye, sister of the bride, was matron of honor wearing a street length dress of rose beige lace with a scooped neckline, fitted bodice, three quarter length sleeves and satin trimmed Empire waistline. The full skirt fell in soft pleats and she carried a Colonial bouquet of white and bronze pompons.

Dale Carter, brother of the bridegroom, was best man and ushered were Thomas Rothery Jr. of Cissna Park, brother of the bride and James Carter of Champaign.

Following a northern wedding trip the couple will reside in Cissna Park. For traveling the new Mrs. Carter chose a red faille dress with blue accessories.

The bride is a graduate of Cissna Park High School and has been employed as a secretary in Cissna Park Unit Schools. The bridegroom, an alumnus of Ogden High School and University of Illinois, Urbana, is director of music in Wellington Unit Schools.

Refreshments were served with

Around The Key City

with Liz and Jean

Arriving home today from Greenville College, Greenville, to spend the Thanksgiving vacation with her parents is Miss Rhoda Lührs, daughter of Mr. and Mrs. Gilbert Lührs of 508 S. McKinley Ave. Accompanying Miss Lührs will be Miss Barbara Powell of Lakeland, Fla.

Mr. and Mrs. William F. Brickle of 154 N. Prairie Ave., Bradley, have returned home from a two-week visit with friends in Hattiesburg, Miss.

Miss Carol Shidler, daughter of Mr. and Mrs. Leslie L. Shidler of 1909 Cobb Blvd., has been elected president of the pledge class of Delta Delta Delta social sorority at Beloit College, Beloit, Wis. Miss Shidler is a freshman at the college.

Sunday guests at the home of Mr. and Mrs. Henry Clement of St. Anna were Mr. and Mrs. Louis Boudreau and family and his mother, Mrs. Boudreau. Mrs. Boudreau, of Harvey, and Mrs. Camille Crysler and son of Kankakee.

Mrs. David Lyons and daughter,

The Worry Clinic

Reason To Be Thankful

By DR. GEORGE W. CRANE

Clint T. 23, has recently returned from military service with our troops in Japan and Korea.

"Dr. Crane, American kids don't appreciate things," he began. "Why, my younger brother was grumbling just yesterday because Mom had a ham dinner."

"For a kid he has had a ham and why couldn't he have something better than that?"

"Oversaw Korea, the children are delighted to get even a few crumbs. The kid regard our American garbage can as a real Thanksgiving banquet."

"As a matter of fact, I wonder if it isn't a mistake for us to consider Thanksgiving Day a distinctively American holiday."

"For our people are probably the least thankful of any on the entire face of the earth."

"Our kids gripe about cake. It is even a little dry, when millions of tons in India and Korea and Africa would be dead at getting but a slice."

"THOSE WHO GRUMBLE have too much," is an adage that we always used with our five Cranes children when they were little.

And that proverb is basically correct. For grumbling is a sign of a long time luxurious standard that makes people unappreciative.

The ancient Hebrews thus grumbled at Moses because God had furnished them social security in the form of daily manna.

They weren't required even to plow the ground or sow and cultivate it. All the work that was involved on their part was to go out and scoop up buckets of manna.

Yet they grumbled. For they had it too easy.

It might do American children a great service if they were all forced to spend three or four days during the teens in a barren wilderness where they had to forage for every bite of food.

Those few days of semi-starvation would teach them more respect for the rest of their lives for our lush American living standard.

Our pioneer ancestors actually had to gnaw the bark of trees and chew the leather in their moccasins and try to capture insects just to put a few calories in their ravenous stomachs.

No wonder they were so grateful to Almighty God at the time of the first corn crop in New England.

THEY KNEW WHAT IT meant to be thankful, for they had been at the verge of starvation all during the previous winter. And their loved ones had meanwhile died like flies.

So a few bushels of yellow corn made them so happy they declared a day for offering thanks to God.

How many of you readers ever say grace at your family table as a daily event?

Oh, some of you may remember for a moment when your aged mother comes to visit and how your heads as she intones thanks to the Almighty.

But your young parents are derelict in your duty if you don't teach your children to pray before they eat, and offer a prayer of gratitude.

"What have I to be thankful for?" a Chicago teenager bitterly inquired.

"You have two feet," I replied bluntly. "Lots of soldiers out at Hines Veterans Hospital haven't even one foot."

"You have two good eyes. Some of those veterans have none. In fact, I saw one boy out there recently without arms or legs and blind in both eyes."

Seasonal Hairdo Trend Gives Everybody Bangs

By JEANNE D'ARCY

Today let's consider the case of the disappearing forehead. It's just about vanished. New coiffures cover it up in a feminine, frivolous, fun sort of way.

There are bangs for everyone. The girl with the full face can't wear a fringe all the way across her forehead, so stylists suggest a fringe over her face at left or right.

A woman with a high forehead is really blessed by this new coiffure trend. She can wear long, full bangs, the kind that come down almost to eyebrows.

On the delicate side, and very feminine, are wispy bangs—little tufts of hair that fringe the forehead in an aimless sort of way.

They're appealing. Some bangs are long and flat, looking as if they were wavy. Inspired by ladies in the cast of the Mikado. A sleek-backed hairdo usually goes with them. The bangs keep the style from being too severe. The final effect is one of sophistication.

For evenings, bangs go with coiffures that have back interest, hairdos that sweep up and back to a cluster of curls or that end in a handsome roll down the back and center of midday's head.

The new style is most becoming and bound to be successful. This is the season of the "little hat." Bangs give it big importance.

For evenings, bangs go with coiffures that have back interest, hairdos that sweep up and back to a cluster of curls or that end in a handsome roll down the back and center of midday's head.

List Committees Of Thawville Walther League

THAWVILLE (INS)—Committees of the newly-organized St. Peter's Evangelical Lutheran Church Walther League were named Friday.

Joan Stamm, Gynid Schmohe and Gayle Zick are on the project committee. Richard Stamm and Gynid Zick, worship, and Marvin Kassing and Dennis Parks, recreation.

Four new members were accepted by the organization. They are Judy Ennen, Benny Fuoss, Wesley Hehke and Robert Hehke.

It was announced the league will go to Buckley Dec. 11 for an evening of basketball and volleyball.

Officers of the organization are Gynid Zick, president; Gynid Schmohe, vice president; Gloria Baker, secretary; Richard Stamm, treasurer and Joan Stamm, reporter.

MRS. MORRIS SCHULTZ, former resident of the Thawville area, moved to Creve Coeur near Peoria. She is working as a pastry cook there.

Mr. and Mrs. John Brison spent several days in Detroit, Mich., with their son, John Jr.

GRANT PARK (INS)—The Parent-Teacher Association met Thursday with Mrs. Wesley Hamann presiding.

Reports were given by Mrs. Clarence Heldt, secretary, Mrs. Lester Smith, treasurer, and Mrs. Clarence Hamann, health chairman.

St. Peter's Evangelical Lutheran Church held Family night on Sunday night. A potluck supper was served. O. F. Christopher of Danville showed a film.

Miss Evangeline Hehke of Chicago spent the weekend with the Rev. and Mrs. L. C. Bernhart, her parents.

Mr. and Mrs. Morris Stein and son of Chicago were weekend guests in the home of Mr. and Mrs. Ed Walston.

Mr. and Mrs. Clyde Killian and daughters of Leroy were Sunday guests of Mr. and Mrs. Paul Brownfield.

5th Graders See Teacher Wedded

DALLAS (INS)—Television was almost a school-wide activity at the Jefferson Davis school Tuesday.

One of the teachers, Marvin L. Grantham, was married on the school grounds.

Sixteen TV sets were set up in classrooms.

No one looked away from the set in Grantham's fifth grade class. "Wasn't it beautiful?" asked one little girl as the music faded.

A deep red blush crept up the cheeks of a boy when the groom kissed the bride, the former Miss Verde Giles, a student in the Bay-Lor University school of nursing.

Principal John J. Santillo said there was no campaign to have the youngsters bring the television sets to school. "They all volunteered," he said.

Officers of the organization are Gynid Zick, president; Gynid Schmohe, vice president; Gloria Baker, secretary; Richard Stamm, treasurer and Joan Stamm, reporter.

MRS. MORRIS SCHULTZ, former resident of the Thawville area, moved to Creve Coeur near Peoria. She is working as a pastry cook there.

Adventures In Good Eating By Duncan Hines

Hubbard Squash Parmesan A Good Fall, Winter Dish

The Massachusetts' Indians called Squash "askutasquash," which literally means "eaten green." The squash family tree is divided into three varieties: the winter, the cushaw, and the summer squash. While the pumpkin is the most popular of all squashes, many folks like Hubbard Squash, of the winter variety. Some like it baked, some like it glazed with brown sugar or maple syrup; but I like it seasoned and baked. Fix Hubbard Squash Parmesan in this manner to serve from 6 to 8:

Cut in small pieces enough squash to make 1 quart, put in sauce pan with 3/4 cup onion chopped fine and 2 cups water and let simmer until done. Drain well and mash. Whip in 2 tablespoons butter and 1/2 cup cream, add salt and pepper to taste. Put in buttered casserole and top with Parmesan cheese. Bake in preheated oven 400° F. for 20 minutes or until brown on top.

Cut in small pieces enough squash to make 1 quart, put in sauce pan with 3/4 cup onion chopped fine and 2 cups water and let simmer until done. Drain well and mash. Whip in 2 tablespoons butter and 1/2 cup cream, add salt and pepper to taste. Put in buttered casserole and top with Parmesan cheese. Bake in preheated oven 400° F. for 20 minutes or until brown on top.

St. Pat, Kays Meet 44th Time Tonight

Irish Seek 9th Win In Series

By HERB JANNUSCH
Never in the 26-year-old rivalry of Kankakee and St. Patrick Central basketball teams has the parochial school gained a season edge over the Kays, but the Fighting Irish have high hopes of breaking East Siders' monopoly in 1957-58.

To turn the trick, though, the Patricians will no doubt have to win tonight's 44th meeting of the cross-town rivals. It is the only game matching the two Kankakee teams on the schedule but there is a good chance that the two will meet at least once more, either in the Kankakee holiday tournament or in regional tourney play next March, or both.

The Kays have never done worse than break even with the Irish in any season and only three times have the parochials gained a stand-off—in 1939-40, 1938-39 and 1934-35, when each team won one game.

The Irish have won the first meeting of the series in 1934-35, 1935-36, 1936-37, 1937-38, 1938-39, 1939-40, 1940-41, 1941-42, 1942-43, 1943-44, 1944-45, 1945-46, 1946-47, 1947-48, 1948-49, 1949-50, 1950-51, 1951-52, 1952-53, 1953-54, 1954-55, 1955-56, 1956-57, 1957-58, 1958-59, 1959-60, 1960-61, 1961-62, 1962-63, 1963-64, 1964-65, 1965-66, 1966-67, 1967-68, 1968-69, 1969-70, 1970-71, 1971-72, 1972-73, 1973-74, 1974-75, 1975-76, 1976-77, 1977-78, 1978-79, 1979-80, 1980-81, 1981-82, 1982-83, 1983-84, 1984-85, 1985-86, 1986-87, 1987-88, 1988-89, 1989-90, 1990-91, 1991-92, 1992-93, 1993-94, HENRY E. CZAJKA

CIVIL ACTION IN KILLING NO. 5192

Indefinite. After showing that the defendant

Henry E. Czajka on due inquiry cannot

be found, so that process bodies

will be returned to the court. The court

will therefore, have to call for a writ

of habeas corpus. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

detained in custody. The writ of habeas

corpus is a writ which is issued by the

court to release a person who is being

Delphi Distributes Thanksgiving Baskets

For the 18th year members of Delphi have given Thanksgiving baskets to needy families in Kankakee. Nine baskets were presented to three families, with seven, eight and nine children. Groceries are donated by members and meats are purchased from the organization's treasury with funds raised through projects during the year. Names of needy families are obtained through the Chamber of Commerce, Catholic

Charities and Public Welfare department. Shown with several baskets of food are, from left, Mrs. D. N. Genotte, president of Delphi; Mrs. Irene Zulu, chairman of the welfare committee; Mrs. Everett Holcher; and Mrs. Harry Robinson. Other members of the welfare committee are: Mrs. John Smith, Mrs. Genevieve Mueller, Mrs. Robert Stabler, Mrs. Ross Miller, Mrs. Harmon Robinson and Mrs. Virgil Bader. (Journal photo)

Train, Car Crash Kills 4

CHICAGO (UP)—Four persons were killed and two critically injured Tuesday, police said, when a car lost its race to beat a Milwaukee Road train to a suburban Niles crossing. Robbery Romeo, Niles police chief, said the driver, Floyd Burk, 23, of Chicago, bypassed a lowered crossing gate in an attempt to cross in front of the seven coach commuter train.

Burk and two of his passengers were killed. Two were critically injured.

The fourth person killed was a woman crushed by the wreckage. The train's pilot, or conductor, had to cut off before it could proceed to its destination, Walworth.

Police said Burk apparently had just left the Warwick Manufacturing Co. in Niles, where he worked. Burk's brother said he customarily drove several workers to and from work.

Killed in the car were Miss Wilma Kelly, 40, and Fred Piper, 36, both of Chicago. The pedestrian was Mrs. Elsie Raffel, 49, of Chicago.

Critically injured are Benny Robbins, and William R. Uetzel, 23, both of Chicago.

The car was carried 30 feet by the collision with the train. No one on the train was injured. The train's pilot, or conductor, had to cut off before it could proceed to its destination, Walworth.

Police said Burk apparently had just left the Warwick Manufacturing Co. in Niles, where he worked. Burk's brother said he customarily drove several workers to and from work.

President's Ailment Considered Mild Stroke

WASHINGTON (UP)—President Eisenhower has suffered what doctors generally call a "minor cerebrovascular accident." In layman's language that's a mild stroke.

Medical authorities agreed today his chances for complete recovery are excellent. They said it is quite likely his only symptom—a slight difficulty in speaking—will clear up within a week or two leaving no permanent after-effects.

THE CHIEF CAUSE for concern in a mild stroke, according to a dozen eminent specialists consulted by the United Press, is that sometimes it may be followed rather quickly by a more severe one. This usually does not happen. It is the exception rather than the rule.

The consensus was that the next two or three days will be important in clarifying the probable pattern of the President's illness. Physicians attending the President in describing the President's condition, possibly because of the scary connotation it has to many. The official diagnosis given

in White House medical bulletins was "an occlusion of a small branch of a cerebral vessel."

Outside doctors said this simply means there has been an interruption of blood flow to part of the brain. All such interruptions, they said, fall into the medical category of "cerebrovascular accidents."

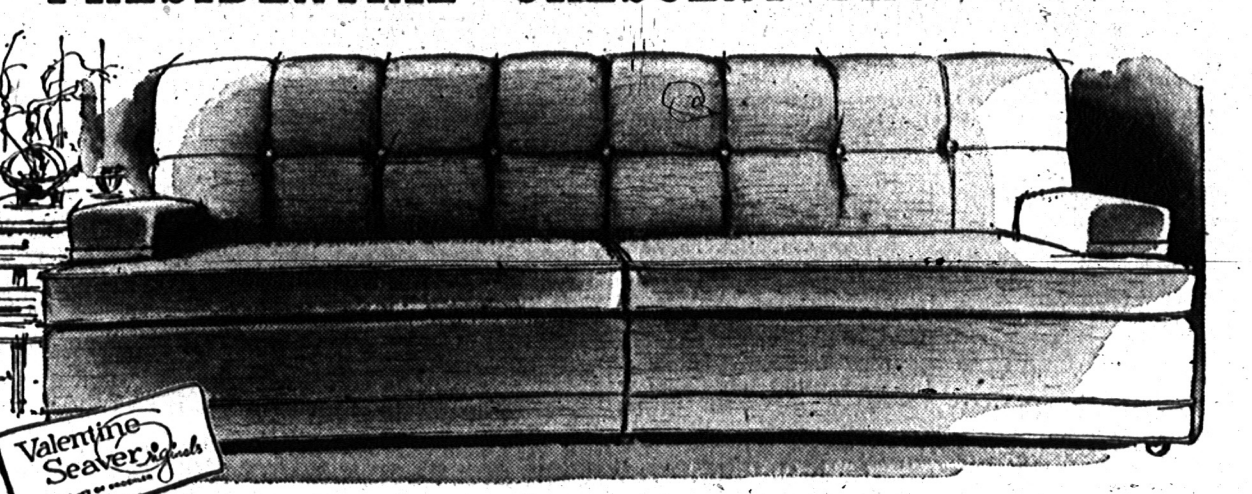

BRAIN CELLS, even more than other parts of the body, require a constant flow of blood in order to function properly. The seriousness of a stroke depends on what causes the interruption of blood flow, how long it lasts and what area of the brain is affected.

The worst kind of cerebrovascular accident is the rupture of a blood vessel which produces a hemorrhage in the brain. This is what killed President Franklin D. Roosevelt in 1945. White House physicians said Tuesday night, after extensive neurological examinations, that President Eisenhower had not suffered a hemorrhage. The official medical bulletin described the President's condition as "an occlusion." This means a blood vessel was blocked.

Stratton Wires Ike Best Wishes For Recovery

SPRINGFIELD (UP)—Gov. Stratton, vacationing in Tucson, Ariz., has wired President Eisenhower his best wishes for a speedy recovery. Stratton, in Tucson with his family for Thanksgiving, issued the following statement Tuesday: "Illinois joins with the nation in its concern for a speedy recovery for our president. I know all our citizens join in prayer at this critical hour."

VALENTINE-SEEVER ORIGINALS "PRESIDENTIAL" CRESCENT FRONT SOFA

Eighty-five inches of solid luxury! Every inch tailored to our custom selection of the finest fabrics—with a wide array of colors to choose from. Beautifully styled and detailed with a striking curved front—deeply tufted back—smart lounge type arms—practical, easy rolling casters. Here too—is comfort—comfort beyond compare—so soft—so luxurious. Best of all—this lovely sofa can be yours at remarkable savings if you take advantage of this offer.

Planes Carrying A-Bombs Stir Some Britons

Remote Chance Of Explosion Brings Support From Press

LONDON (UP)—While Laborites continued to express misgivings about U. S. bombers making training flights from Britain with H-bombs aboard, the British press rallied to the Conservative government's stand today.

The most widely read paper in the country said today East-West tensions fully justify arming the bombers with nuclear weapons. The independent newspaper usually supports the Labor party.

The carrying of bombs was revealed in final hours of two government press conferences Wednesday when Foreign Secretary Selwyn Lloyd said he "should think" they do. Prime Minister Macmillan stepped in to allay some of the apprehension raised.

Macmillan said U. S. authorities have taken elaborate precautions to prevent a nuclear blast should a bomb-carrying plane crash. He explained that the planes carry bombs in separate parts that have to be expertly assembled before a nuclear explosion is possible.

"CAN YOU GIVE an assurance," he was asked by Labor Leader Hugh Gaitskell, "that there is no danger, if one of these aircraft were to crash, of a nuclear explosion resulting?"

"Yes, sir," the Prime Minister replied. "I am told there is no danger of an explosion."

"...The American government forces make it a practice to keep always ready, when these patrol planes are in the air over our bases, a special tanker machine which can go up and drop a parachute bomb. If there was a question of it not being able to land in this country, it could fly back to its own base in America."

Some Labor groups reacted to the news with resolutions opposing the practice of flying H-bombs around Englishmen's heads.

The newspaper said in a front page editorial that "in the face of the world today this desperate precaution is—unhappily—justified."

"Until there are better relations between Russia and the West, it would be wrong, perhaps fatal, to let sentiment and simple emotion weaken our defenses," the editorial said.

Holiday Traffic Death Toll In U.S. Near 200

By UNITED PRESS

Highway deaths across the nation edged toward the 200 mark today while the fatality count rolled in from Thanksgiving holiday traffic.

Four separate accidents took 19 lives. Six died in an Arkansas collision, five in another crash at Marion, Conn. Four in crashes in Illinois and in Iowa.

At 11:30 p. m. (est.), a United Press count showed that about 6 p. m. Wednesday there were 19 traffic deaths. Three persons died in plane crashes and 29 in other mishaps for a total of 200.

Leading among the states in traffic deaths was Ohio with 18. Others with high totals included California, 16; Michigan, 13; New York and Texas, 11 each; and Illinois, Missouri, North Carolina and Pennsylvania with each.

Although the National Safety Council declined to give an estimate of how many people would be killed during the weekend, officials pointed out that a normal four-day period in November would claim 50 lives.

Leading among the states in traffic deaths was Ohio with 18. Others with high totals included California, 16; Michigan, 13; New York and Texas, 11 each; and Illinois, Missouri, North Carolina and Pennsylvania with each.
