AFL-CIO Adopts Get-Tough Policy On Federal Meddling With Unions

ATLANTIC CITY, N.J. (UP)—The AFL-CIO pursued a get-tough policy today toward what it considers government interference in labor relations.

The federation regained the offensive at a convention where its ranks were thinned by ouster of the Bakery Workers and Laundry Workers.

Delegates endorsed only a very few of the dozens of laws proposed by the Eisenhower administration.

OFFICIAL AFL-CIO attitude on the question which took 1,735,000 members of its ranks. Many, reflected by acclamation, said the federation was endangered by the ouster moves. He could have been referring to a union in the bakery industry that seemed imminent.

MEANY GRANTED a charter to the "anti-labor bias" won unanimous support.

Businessmen were bluntly informed that the AFL-CIO recommended wage increases for union members next year to offset an economic slide.

AFL-CIO President George Meany presided the federation would be "better off" because of the ouster.

10 West Kankakee Firemen Take First Aid Course

Ten members of the West Kankakee fire department completed the standard five-week American Red Cross first aid course Thursday night.

The students were: Mr. and Mrs. Hummel. Classes were held in the home of Mr. and Mrs. Virgil Handley, 225 W. Bourbonnais St.

The surprise move came as attorneys for 13 "rebel" rank-and-file teachers reported they had been "believed" by "volunteers" who were charged with "corrupt" Teachers officials.

Beck and Hoffa will be called to testify early next week, according to attorney Thomas Dodd, former Democratic Congressman, now in Connecticut, representing the "rebel" teachers.

DODD SAID, however, that exact dates for their testimony will depend on how soon each can be available. Beck, former Teachers president, is under trial for grand larceny in Seattle, Wash. Hoffa is standing trial on wire-tap charges in New York City.

Hoffa and other teachers have been charged with conspiring to rig the 1957 Miami Beach, Fla., Teachers Convention to assure Hoffa's election as president.

Big Rush Is On At Post Office

The big rush is on at Kankakee area post offices and peak mailings are expected to begin about the middle of next week.

Both Bradley and Kankakee offices have set special hours for this weekend.

Kankakee windows will be open Saturday from 8 a.m. to 6 p.m. and Sunday from 10 a.m. to 2 p.m. Bradley hours are 8 a.m. to 6 p.m. Saturday and noon to 4 p.m. Sunday.

Similar hours will be observed by the two offices Saturday and Sunday Dec. 21 and 22. Mail will be delivered to homes this Sunday Dec. 22.

Both offices already have extra part time help on duty and more of these employees will be hired next week. Postal officials advise that packages be mailed as soon as possible to insure delivery by Christmas.

They also ask that cards be tied into separate bundles and clearly labeled "out of town" or "local." The cards should be tied with string or strong rubber bands with the stamps facing in the same direction. Labels for the bundles can be obtained at post offices.

Patrons are also advised to place a large receptacle near their regular mail box in order to help carriers speed delivery of the increased amount of mail.

Christmas 1 Day Nearer
Here's a two-pronged reminder — only nine more shopping days until Christmas — and an admonition from Post Office Clerk Chester Vocum to "mail early." For shoppers convenience, Kankakee stores will be open until 9 p.m. today. (Journal photo)

Bound To County Court On Charge Of Drunk Driving

A Chicago Heights "man whose car crashed along the Hopkins Park road at 1:30 p.m. Thursday has been bound to County Court on a charge of driving while under the influence of liquor.

He is John Boer, 48, whose car failed to negotiate a curve and hit a utility pole and guy wire and turned over, State Trooper Reginald Chamberlain reported.

A passenger, Exor Guertine, 46, also of Chicago Heights, was being treated at St. Mary's Hospital for a head injury.

Justice Fred R. Smith set Boer's bond at \$1,000.

Eugene O. Ballou, 33, 290 W. Longwood Dr., is scheduled to learn Jan. 3 what the penalty will be for driving while under the influence of liquor following a previous conviction and violating restrictions imposed on his driving privileges. The case was taken under advisement Thursday by County Judge Irwin C. Taylor. Ballou was arrested Sept. 29 north of Bourbonnais.

Big Companies Stuck, Continue To Play Santa

By SAM DAWSON —

NEW YORK — People who sell gift items to business firms for Christmas report today the economy wave has scarcely touched them yet.

Corporations may be cutting dead wood out of the list of customers and others they'll remember as more expensive.

And once they start the custom, few firms work as the average to drop it.

This year the growing urge to economize often is more offset by the realization that top customers must be wooed more than ever as business slackens off and competitors get more active.

Co., Brown & Bigelow, a St. Paul, Minn., firm catering to business men handing out gifts, reports more are giving this year, and more expensive gifts are being ordered for key accounts.

MORE THAN three-fourths of American business firms give something to customers or employees or both at this season, a sales management magazine estimates, with the average company spending \$4,500 on its list of around 1,000 persons.

The total is unknown, but will run high into the millions of dollars this year.

Gift sellers estimate that about 35 per cent of their products go to company employees and 65 per cent to customers.

Executives are getting more skeptical about the "good" gift, the whole lot of them add that if they stopped giving, it might hurt them with the ones who would feel slighted.

SOME FIRMS have rules against employees accepting gifts from those they do business with. One apparel store chain warns its buyers they'll be fired on the spot if found taking gifts. But the president admits privately that he can't know much about what is received at home.

One railroad limits gift acceptance by employees to what can be consumed in one day.

Some business firms are breaking away from the gift exchange habit by notifying those they used to remember that, instead, they have taken their Christmas gift funds and given them to a specific charity.

Beecher Welfare Club Meets For Holiday Session

BEECHER (JNS) — Mrs. R. B. Stahlberg and Mrs. Orval Stedt were co-hostesses to members of the Welfare Club on Tuesday evening at the annual Christmas party.

Forty-five members and two guests were present. Members voted to donate \$10 to the tuberculosis fund drive.

After the business session, a social hour was held, featuring a skit by several of the members. Refreshments were served at tables decorated in the Christmas motif.

The January hostess will be Mrs. Wilmer Selk.

Stratton Backs Revenue Dept. Action In Hiking Multipliers

Beware Of Pickpockets During Holiday

SPRINGFIELD (UP) — Gov. Stratton said Thursday the state Revenue Department is following the "spirit and intent" of the law in raising tax multipliers in most counties, and indicated there would be no general back-down from the policy.

The governor said he will discuss the situation with Revenue Director Richard J. Lyons Tuesday, but gave little assurance that he was not satisfied with the county multiplier increases, raising county assessments near full value.

He hinted, however, that multipliers now assigned tentatively may be lowered slightly in some counties where property valuations have risen very rapidly in the recent past.

One of the state school aid programs is based on the difference between the amount of taxes collected locally and the \$200 per pupil per year guarantee by the state.

Thus the less a county collects locally, the greater the school aid funds it might claim for its schools.

Stratton said the best public solution to the problem is an amendment of the revenue article in the constitution, which has been twice beaten.

Chicago Fires Claim Lives Of 2 Babies

CHICAGO (AP) — Two infants died Thursday night in separate fires that broke out in dwellings in the Chicago area.

Della Jean Steele, 2, was burned to death by flames that destroyed the home of her parents, Mr. and Mrs. Edwin Steele, near suburban Lemont.

Chicago "firemen" reported they found the body of 3-month-old Brian Robertson in a South Side apartment building "attacked" by flames Thursday night. The child was the son of Mrs. Jesse Fay Robertson.

Authorities said about 300 persons were rendered homeless by the blaze—about 50 of them children. Red Cross workers were trying to establish a refugee center for the families.

Nehru Lauds Ike, Assails World Pact

NEW DELHI (AP) — Prime Minister Nehru today criticized the NATO, Baghdad and SEATO pacts but paid a glowing personal tribute to President Eisenhower.

"Eminent as he was as a man of war, even more eminent he has been as a man of peace," Nehru told Parliament at the close of a 30-minute review of foreign policy.

Nehru said the president "unfortunately has been unwell and now fortunately is well on the road to recovery. We hope he will be wholly well again."

"Eisenhower, everybody admits—even opponents of America in the cold war—has played a very great part in this controversy of world peace."

"It will be most unfortunate if humanity at this stage is denied this great force now available for world peace."

The Prime Minister said NATO might have been justified as a defensive group when it was organized, but the world has changed so since then that pacts only create international friction.

He charged that NATO has been used to some extent to defend colonial policies. In this connection he cited the Portuguese colonies in India, Indian critics frequently complain that the Atlantic Allies are helping Portugal, a NATO member, hold on to the colonies which India wants to take over.

Order Sanity Test For U.S. Marine

TOKYO (AP) — The Tokyo Appeal Court today ordered a Japanese-American psychiatrist to examine the sanity of a U.S. Marine who shot and killed a Japanese teenager in a Tokyo suburb.

The Yokosuka District Court acquitted Merren of a murder charge Aug. 14, holding that he was drunk at the time. The prosecution appealed the verdict. In Japan both prosecution and defense can appeal.

The appeal court named a doctor from the Yokosuka Navy Hospital and one from Tokyo's Jikei Medical College Hospital to examine the marine, on Jan. 13 at the Yokosuka Hospital.

U.S. May Set Free 45 War Criminals

TOKYO (AP) — The United States has accepted Japanese requests to speed up release of the 45 Japanese war criminals still in prison.

A U. S.-Japanese agreement announced by the government said a three-man Japanese board would be set up to recommend clemency or parole for the men in Sugamo Prison.

The recommendations will almost certainly be accepted, an American source said.

Sees Notre Dame On Top Again In 1958

By HERB JANNUSCH
Nobody figured several weeks ago that Kankakee would be in the running for the South Suburban League basketball crown, but recent developments point to a possibility that the Kays will have an ear in the race.

New coach Sammy Miranda has his little fellows playing fine ball while the teams that have been tipped to be contenders—Thornton, Bloom and Lockport—aren't acting the part at all. Thornton, big and experienced, hasn't been impressive in winning three out of four games. Bloom is undefeated but, most observers believe, vulnerable while Lockport has already lost to Kankakee.

The Kays get a chance to boost their league stock tonight when they take on Leyden here. Bloom seeks its second league success at Blue Island (1-0), Thornton appears to be a clinch to make its second SSL conquest at Thornton Fractional (0-1) and Lockport (0-1) history's Argo (0-1).

LEYDEN DROPPED a 49-45 decision last week to Thornton, indicating that the Eagles are possibly also better than they were expected to be. They divided their early season two non-conference games, losing to Fenton of Bensenville and winning from Niles of Skokie, both by close scores.

LEYDEN TACKLES experience, but not size. Coach Lou Granzin, who succeeded George Cox this season, has regular Stan Trumbull back from the 1956-57 season and guard Bill Gagne, a reserve. The other three starters were all jayvee players a year ago—forward Gene Larsen, center Jerry Johnson and guard Joe Deffenbaugh. All are seniors.

The Eagles' height is provided by Trumbull, 6-4, and Larsen and Johnson, both 6-5. All are taller than any of Kankakee's starters, whose front line consists of three boys who are all around 6-1. But the Kankakees have been holding their own under the boards against bigger foes in games to date by getting position and outright scrap.

Leyden, second-place finisher in the league standings last year, took both meetings from the Kays, 78-54 and 53-51, but Kankakee is ahead in the comparatively new rivalry, 7 victories to 5.

MIRANDA HAS stuck with the same lineup with which he started the season but he may make a switch tonight—out of necessity. Carl Coleman, regular forward for two seasons, has gone lame again and may be replaced by either John Volkman, 6-0, or Jerry Allen, 6-4, both juniors.

Coleman sustained a small fracture of a bone in his left lower leg before the season started and it has been causing him trouble off and on, although physicians have given him permission to play.

CYO Basketball Leagues Ready To Open Schedules

The CYO Grade School Basketball League will get under way Saturday morning with three games at the St. Patrick Central gymnasium.

Games will start at 9:30, 10:30 and 11:30. The first game will pit St. Joseph against St. Rose. Maternity goes against St. Teresa. St. Pat's of Moline drew a first round bye.

This league is for any boy who has not graduated from grade school. The champion and runner-up will be determined on won and lost records.

The CYO Junior League which was slated to start Sunday has been postponed until Dec. 22. Sunday's games will be rescheduled for a later date.

Teams in this league are: St. Pat's, St. Mary's, St. Rose, St. Pat's of Moline, St. Joseph's, St. Anne Maternity, St. Stanislaus and St. Teresa. This league will also play its games in the St. Patrick gymnasium.

It was also announced that a CYO lightweight league will be organized in about a week. This league will compete at the CYO gym.

Big 10 'Pardons' Indiana Grid Coach Dickens

CHICAGO (UP) — Full head football coaching powers had been restored to Indiana University's Phil Dickens, sidelined since Aug. 5, for alleged recruiting malpractice.

Violations of the Big Ten's financial aid program brought suspension to the 42-year-old Dickens before he had a chance to show his hand as the coaching master.

The suspension was meted out by Indiana itself in order to maintain its good standing in the Big Ten. The conference faculty representatives Thursday gave Indiana permission to reinstate Dickens, who had been signed to a four-year contract at an annual salary of \$15,000.

IN HIS ABSENCE this fall, Indiana defeated only Villanova in nine games under assistant Bob Hicks. Dickens, former tailback at the University of Tennessee, brought his entire staff from Wyoming.

After tonight's engagement with Gilman, the Irish will return home for a scrap with St. Anne's Cardinals Saturday evening.

The Irish will be hoping for their second and third league victories in these contests. St. Pat opened its conference schedule last Friday with a 53-37 victory over Moline.

Gilman will be looking for its first victory of the season. The Cardinals have a 6-1 record and Saturday's game will be the Cardinals' second league contest.

St. Anne's carried a 1-4 record and Saturday's game will be the Cardinals' second league contest.

TV Fans To See Bowling Stars Tonight

CHICAGO (UP) — The nation's television viewers get a look at Don Carter, "shovel-style" bowler from St. Louis, tonight when the first World's Invitational Bowling Championships is carried nationally from the Coleman Coliseum.

Going into the windup of a 10-day grid, Carter, three-time national all-star champion, had a fat 617 Peterson point lead over his teammate from St. Louis, Tom Hennessy. Trailing the pair was Eddie Labinski of Detroit in third place.

MARION Ledwig, of Grand Rapids, Mich., champion in six of the eight years in which the sport has been a big part of the game, accepted the fair sex, is highly favored to add the world crown to her list of accomplishments.

Like Carter, Marion also had a formidable lead, 645 Peterson points over Marge Merrick of the Detroit. Mrs. Ledwig had 1187 points.

Jim Thomas, Sreator, Ill., bowl points with 19 in a single game, was in last place and the equally important is that many 12 points a game, and Floyd Branch McCracken has found the Campbell, starting in one of the top ten.

Two of last year's "have nots," St. John's (Ill.) and Washington-Lee (Va.), were in the middle of the pack. St. John's had 1187 points, Washington-Lee 1187.

Her Sugar Plums Are Real Thing

TERRE HAUTE, Ind. (NEA)—Visions of sugar plums poetically may have danced through the heads of children of past decades at Christmas time. For the children of today, to whom nothing is impossible and who look forward to these "sugar plums" in reality, Mrs. Robert G. Strong has the answer.

Sharing her crystallized sugar holiday decorations with children is one of the holiday joys of this mother of three, who starts planning this gift as soon as Easter is a memory.

She makes 75 and 100 pounds of crystallized sugar and gives them away. This year she plans to make at least 2,000 to 2,500 to send to organizations for children's welfare and to hospitals.

Defense Secretary Has Instinct For Making The Right Decisions

When the President inadvertently muffled his new Defense Secretary's name at a recent press conference, calling him "Mr. Neil," it wasn't because he had forgotten the last name.

At Ike's first meeting with Neil McElroy, in connection with McElroy's chairmanship of the White House Education Conference, he began calling him by his first name. Thereafter he always referred to him simply as "Neil."

There was instant, warm rapport between the two men, such as the President had discovered with his former Treasury Secretary, George Humphrey. He is quoted as saying: "Neil is the way I do and talk my language. He doesn't waste words or time when discussing issues and seems to have an instinct for making the right decisions."

It's a happy thing for the country that the President feels this confidence in his new Pentagon boss. During the next months and years, some of the most vital decisions, short of declaring war, that have ever been made for the U. S. must be faced. And the air chief will lean heavily upon his Defense boss.

Within the next few months McElroy will have to make the enormous decision of whether to go ahead with the development of an anti-missile missile. If he decides to go ahead, it will probably have a price tag in the neighborhood of six billion dollars, dwarfing the cost of several magnitudes. Every tax-payer faces the impact of living this bill.

Officer Acts On Hunch, Nabs 2nd Prison Escapee

CHICAGO (UP)—A rookie policeman acting on a hunch today captured a second of four escapees from the St. Cloud, Minn., Reformatory in a bus station, but his two confederates evaded authorities in the Loop.

Police Thursday night arrested the first of the prisoners on Chicago's South Side when he tried to steal a woman's purse. The other three escaped in a stolen car after exchanging shots with police.

AT THE TIME, officer Ronald Pabish, 32, commented to his superior, "I'll bet you a dollar, I'll get you a dollar."

Pabish headed for the Greyhound depot in the Loop and at 4 a.m. on his long wait paid off when he spotted Ronald Manning, 38, 5' 8", Paul, "Abish" said he recognized the escapee by his prison clothes.

The officer said Manning surrounded meekly, but while he talked with the prisoner he noticed the other two escapees flee the building. Pabish alerted fellow officers in the Loop.

The four, escaped from the St. Cloud Reformatory Wednesday night after slugging two reformatory officials—a psychiatrist and the reformatory director. They then fled from a grating in a building to scale the reformatory wall under guard.

PARISH SAID he noticed blood on Manning's khaki prison trousers and asked if it came from slugging the psychiatrist, who was seriously injured.

"It could be from the doc," Pabish quipped. Manning said, "but I thought he slipped on a banana peel."

Police said Manning, who had been convicted for forgery, had two blank checks on his person from a Minneapolis bank.

Captured Thursday night was Vernon Rottis, 24, who had been wounded slightly in the left leg during the break. He was trapped in the washroom of a gas station when police answered a call to seize a "silly man" who tried to snatch a purse.

Also caught were Kenneth Claus, 21, Minneapolis, and Carl Bishop, 23, St. Paul.

British Help Guard Route Ike To Take

LONDON (UP)—Three British warships raced into an Atlantic gale today to help the U.S. Navy and Coast Guard operate a "safety patrol" for President Eisenhower's flight from Washington.

The storm, which has raged throughout the North Atlantic for three days, was centered off the coast of France this morning. It packed surface winds up to 50 miles an hour over a 700-mile radius but gradually was decreasing in intensity.

With regular commercial transatlantic flights, but four U.S. warships—two Navy destroyers and two British ships—were in trouble off Portugal.

Other British ships stood by to aid another four U.S. destroyers caught in the storm off Lisbon.

The MANLEY was heavily damaged and one of its crewmen killed instantly when a big wave hit broadside and smashed the superstructure. It was limping slowly toward Lisbon.

Three accompanying destroyers—McCard, Vogelgesang and Geary—radiated that they were desperately short of fuel and were unable to take an oil from a tanker because of the rough seas.

A U.S. Navy spokesman said the Geary had enough fuel to last until this evening and the McCard and the Vogelgesang could last a bit longer. "If they are unable to take on fuel by then they may be taken in tow by the carrier Tripoli and the troop transport General Hodges," he said.

District Governor Attends Meeting Of Mommence Lions

MOMENCE (JNS)—District Gov. Clarion Johnson of Joliet made his annual visit to the local Lions Club in the Lutheran Church Hall on Monday night.

Gov. Johnson gave a talk on Lionsism. He said that in 1957, the 508 clubs in this district, 1-B, new clubs are being organized. Among them is one in Mattinville, which will be chartered in January. Both the state and national conventions, he said, will be held in Chicago this summer.

Johnson succeeded Glenn Hunt of this city as governor in July.

Program—Chairman Glen Hlum said the children's Christmas party will be held Jan. 25 at the 900 North 1st Memorial Building. Santa Claus will be present with gifts. Entertainment and refreshments will follow. The group voted to invest \$4,000 in a fund for a hospital at the Old Fellows Home, Mattoon.

A letter was received from the club in Naperville, stating that it had completed a combination tennis court-skiing rink project similar to the one scheduled by the local club. They invited the club to inspect the project and attend a meeting there.

President Hilbert Strassenburg presided at the meeting. Eighteen members and ten guests, Mr. W. Humiston and Nick Adams, were present.

A salad-luncheon was served.

CARL FREY of Gilman attended the annual meeting of the Illinois Seed Producers Association in Chicago on Monday and Tuesday.

Beck Convicted Of Theft Of \$1,900 In Car Sale

SEATTLE (UP)—Dave Beck, a poor boy who climbed to the top of the Teamsters Union and amassed a fortune on the way, was convicted Saturday of the theft of \$1,900 from the sale of a union-owned Cadillac.

The 63-year-old Beck, who has handled millions for the Teamsters, was found guilty of grand larceny involving an amount totaling only a fraction of his personal wealth. He is reputed to be a millionaire.

The Superior Court jury of five men and seven women deliberated 8 hours and 17 minutes to reach its verdict. They took only one ballot before bringing in the verdict.

BECK STARED fixedly at a wall with a faint smile on his lips as he heard the verdict. Later as he raced down seven flights of stairs to his fate, they took only one ballot before bringing in the verdict.

Within an hour after Beck's fate was known, his attorney, Charles J. Jurdell, filed a motion for a new trial. Several mistrial motions made by the defense during the 12-day trial were denied by Superior Court Judge George H. Revelle.

Beck could be sentenced up to 15 years in prison for the grand larceny conviction. There was no immediate indication when sentenced would be passed. He remained free on \$3,000 bond.

Beck, 63, was charged with stealing a 1940 Cadillac from the Teamsters Union. He was charged with stealing a 1940 Cadillac from the Teamsters Union. He was charged with stealing a 1940 Cadillac from the Teamsters Union.

U.S. May Ask U.N. Meeting On Hungary

Warning Issued As 12th Annual Session Of Assembly Ends

UNITED NATIONS, N. Y. (UP)—The United States declared Saturday night it will request a special session of the U. N. Assembly on Hungary "if the situation warrants."

U. S. Ambassador Henry Cabot Lodge made the statement to the 82nd General Assembly just before it wound up its 12th session.

Lodge was accused immediately by the Soviet Union of trying to "sabotage" the meeting on the Hungarian question.

LOGGE CALLED attention of the Assembly to reports that the communist Hungrarians are putting on their lives top leaders of the anti-communist revolt of last year, including Gen. Pal Maleter.

"The people of the United States protest with all vigor at the command what the Soviet Union and its puppet government are doing in Hungary today," Lodge said.

Lodge spoke just after the Assembly had approved by a vote of 71-4 a resolution calling on the countries of the world to encourage friendly relations and settle all disputes by peaceful means.

"THE ASSEMBLY endorsed a resolution approved earlier by the Political Committee, which avoided specific mention of 'peaceful co-existence' a slogan urged on the U. N. by the Soviet Union, India, Yugoslavia and Sweden submitted the resolution.

On another day issue, the Assembly's Political Committee that it should call for a "peaceful co-existence" policy.

But the Soviet Union said it would propose for the three-nation resolution although it felt its own proposal on "peaceful co-existence" was more precise.

Woman Run Over Twice On Highway

PRINCETON (UP)—Authorities were puzzled Saturday by the strange case of a pregnant woman who was run over twice as she lay dead along a highway after an accident.

Mrs. Stanley Knowles, 27, Tiskilwa, was critically injured Thursday night when she was run over by a car on a highway near Princeton, Ill.

At first, it was presumed she was hurt when her car crashed into a field. But the auto was not damaged severely, Hodge said, and doctors finally placed together a story from the woman.

MRS. KNOWLES, Hodge said, was traveling alone when she lost control of her vehicle which careened 300 yards into a field. Dazed, Mrs. Knowles made her way back to the highway where she sat on the shoulder of the road crying.

After a while, Mrs. Knowles said, she laid down. An auto finally stopped, she said, and then she was run over again.

Army Takes A Look At Its Near Future

WASHINGTON (UP)—The Army looked into its own near future Saturday and saw:

1. Flexible, self-sufficient groups of fighting men, transported and supplied by air and by land vehicles capable of moving fast across country, and trained to operate on their own over a wide-range atomic battlefield.
2. Pilotless planes using first of two on "The Army In 1958" plan, the Army was concerned with changes in the future. The Army said it "definitely does not want" such industries as the man who cannot be trained, or who can be trained only in the relatively simple skills, whose intelligence level is low and whose aptitude are rudimentary.
3. Guided missiles and atomic weapons, which will be used in limited war. "These PREDICTIONS and many others are contained in a special issue of the 'Army Information Digest,' said in a special article.

Iran Earthquake Toll Hits 1,287

TEHRAN, Iran (UP)—The death toll in west Iran's disastrous earthquake reached 1,287 Saturday including 1,100 inhabitants of a single village near the temblor's center.

The figures were announced by the Ministry of Post and Telegraph as rescue workers dug through the snow covered ruins of towns and villages for more victims.

One village, Farsang, became an immense tomb, the ministry said. Farsang lies near the epicenter 240 miles southwest of Tehran on a 7,200-foot Shah-Panah highway.

The military said 100 bodies had been recovered and that the rest of the villagers were buried and their names listed in a special register.

Schools were reported shut and "concern" was expressed for the fate of 32 other villages in the immediate vicinity of the quake's center.

A ministry of Interior spokesman said it was believed that many people had been killed in the bitter mountain cold.

Eisenhower In Paris For NATO Meeting

PARIS (UP)—President Dwight D. Eisenhower arrived in Paris Saturday for a 10-day visit to lead the NATO alliance against the challenge of "despotic" communism.

The President said the Communist threat would be met "effectively and with unity."

In a 700-word arrival speech, he set the tone for the NATO day he offered the world statesmen of Western Europe the leadership they had hoped for.

LOOKING HALD and heavy at his side, Eisenhower spoke words of encouragement and confidence. At the airport, then, "determine whether men shall continue to live in freedom and dignity or whether they are to become mere vassals of an all-powerful state."

It is for us, together," he said, "to determine whether men shall continue to live in freedom and dignity or whether they are to become mere vassals of an all-powerful state."

The result is likely to be heavy pressure on the United States to revise its basic political policy toward the alliance and to ease its drive for establishment of nuclear missiles bases in Europe.

THE TWO FUNDAMENTAL problems before the NATO summit conference—opening—Monday—can be summed up in the following questions:

1. How much does the alliance really ally? Should the 15 member nations, with their sometimes conflicting interests, agree on their policies all over the world?
2. From the European point of view, is it a good thing to bring in American missiles and deliver large warheads to go with them? Would this increase or diminish Europe's security against Soviet attack? Would it make atomic war in Europe more or less likely?

THESE QUESTIONS will be debated during the next four days in an atmosphere of urgency such as NATO has not experienced since its beginning 10 years ago. The reason for this is a widespread impression among allied leaders that the alliance is losing its force.

STANDING BEFORE A battery of microphones and banded with an overseas against the right wind, Eisenhower said the alliance "can meet the 'continuing threat' with a 'true partnership' in 'spiritual, military and economic strength'."

"We are all confident," he said firmly, "that in the supreme strength of balanced unity, we can stand together under security and peace."

Eisenhower spoke clearly and firmly. He said he had seen traces of a slight agreement in the air at his cousin's wedding.

Rocket Expert Urges Manned Space Station

Von Braun Proposes 10-Year Project In Race With Russia

WERNER VON BRAUN, rocket expert, urged today that the United States embark on a 10-year project for a manned space station, in the race with Russia for a foothold in the firmament.

He said it could be handled by a national space agency with a "modest" budget of \$100 million a year over at least 10 years.

The German-born space scientist, who is now working for this country, agreed with Maj. Gen. John B. Medaris that the manned space station, the race with Russia for a foothold in the firmament.
