World Receives' Tidings Of Great Joy'

EDITOR'S NOTE: Only Luke, the once-poor Greek physician, possessed the inquisitive ardor to seek out the classic chapters of the New Testament. This is the last article in a series on how Luke alone bequeathed the high points of the first Christmas to the world.

By GEORGE CORNELI

Night had fallen. Massed stars beamed the hills with a pearly iridescence. Luke sat on a log with a long white beard and a shepherd staff outside Bethlehem and watched the magic of the night.

A thin film of snow trimmed the ridges, and in the valleys below, mist hung like the gossamer wings of angels. Flocks huddled together against the chill, their fleeces forming white carpets on the earth.

The old man pulled a long, thin burrhead closer about him, and coughed. "Aye, my son, a caper, the breath made a vapor, cloud at his lips. 'I can lead thee to the very place.'"

Luke bowed his head, his eyes steady, thinking of that imperishable, hoar, that incomparable, sacred midnight when the Almighty sent his Son. "Good cheer your heart, old one. Say on."

"It was such a night as this."

FROM THE HIGH knoll where they sat, Luke could see the land plunging westward down to the coastal plains of Ascalon. To the east lay the Dead Sea, and beyond, the dark, harsh peaks of the Moab.

For almost two years now, Luke had pursued an ancient, elusive, elusive, the inmost truths about the coming of the Lord Jesus, the epic of an eternal king, the life and deeds of Him who said:

"You shall know the truth, and the truth will make you free."

Only Luke, this genial, loquacious, Greek physician reared in a hard-headed, high-spirited environment and who never saw Jesus in person, had possessed the inquisitive ardor to seek out the classic chapters of the New Testament.

Though Jesus had been gone for 30 years, Luke had roamed the area, questioning, examining, retrieving a portrait of one who brought the breaking reality of God to an age of malignant myths.

LUKE, THIS ARTISTIC, persevering Greek with his passionate social concern and broad world outlook, had managed to uncover the many sayings and acts of Jesus not disclosed by others, in addition to the nativity.

Martinton Book Club Meets For Social Evening

MARTINTON (JNS) — Mrs. George Sternberg entertained the Book Club at a Christmas party in her home on Wednesday night.

Mrs. York and Mrs. George Sternberg Jr. were guests. No book review was given so the time could be spent socially.

A special prize was awarded to Mrs. Emory Baron. Gifts for the exchange were placed before a decorated fireplace near a large Christmas tree. The gifts were distributed by daughter, Mrs. Sternberg. Lunch was served.

The next meeting will be in Mrs. Ruby Langellier's home.

MRS. BELLE ARNEAU underwent major surgery Friday in the Hospital, Waukegan.

Arneau of Martinton, a former teacher at the local grade school, is teacher in the Donovan grade school.

Cissna Church Schedules Service

CISSNA PARK (JNS) — The traditional service on Christmas Eve for the entire community will be held in the Methodist Church from 11 p.m. to midnight, according to Rev. K. A. Lipp.

The service will feature the singing of Christmas carols, special music by the choir and candle lighting as Christmas Day begins.

THE CAMPFIRE had burned down to embers, and a queer stillness had settled over the region. It was as if nature held its breath. Even the dogs ceased their growling, and crept in close to their owner's feet.

Everything became hushed, motionless, except for a faint sweet murmur as of distant music, becoming clearer and clearer.

There was a white haze over the valley, and even though in winter, there was the smell of buds and green pastures. A warmth filled the atmosphere, as if spring had come before.

Then, suddenly, "The sechnah, the sechnah! The visible, excited, quivering voice went on telling of the astonishment, the awe and fear, which Luke would engrave indelibly for the ages."

"And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them, and they were sore afraid."

And the angel said unto them: Fear not; for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ, the Lord.

Loyalty Sunday School Class Of St. Anne Meets

ST. ANNE (JNS) — The Loyalty Sunday School Class entertained members of the Men's Auxiliary School class at a covered dish supper Thursday evening in the Presbytery Church.

Guests were the Rev. Edward F. Brown and family, Mrs. Marie Napp and Miss Carrie Marie Kierce.

A time of fellowship was held. Christmas carols were sung, with Mrs. Napp presiding. The Rev. Edward Brown led in prayer.

Mrs. R. W. Corvieu, Loyalty class teacher, received a gift. Mrs. Napp presented a gift to the class.

Mrs. Arnold Meier was chairman of the food committee, with Mrs. Harvey Meier and Mrs. LaVerne Christensen serving on the table committee.

TERRY SIROIS was host to a group of friends at a Christmas party in the home of his parents, Mr. and Mrs. Robert Sirois, on Friday evening.

Twelve boys and girls were present. Games were played and prizes were awarded the winners. Refreshments were served.

The term, "turnpikes," comes from 1788 when long poles (or "turnpikes") barred privately built roads in Pennsylvania. The turnpikes were used to toll passing stages and other vehicles until a toll was paid.

RUBENS, THE FAMOUS Flemish master, brought his characteristic vigor and sweep of action to this powerful portrayal of the adoration of the shepherds. Were it not for the gospel of Luke, the world would not now possess the poignant story of Christ's humble birth in a manger, attended only by His parents and the worshipping shepherds.

On the right was a hollow cut into the rock to serve as a manger. Luke, his lips parted, stared at heartbreak had hung the salvation scene. For him it was the end of the world.

THE HERMANS led Luke to the floor, a little lower on the south side. There, in that manger, by the side of the shepherds, Luke, his lips parted, stared at heartbreak had hung the salvation scene. For him it was the end of the world.

Convicts Seized After Underground Escape Plot Fails

WALLA WALLA, Wash. (UP) — A band of convicts attempting to tunnel their way to freedom from the Washington State Penitentiary were caught in the act by guards Wednesday, touching off a brief but furious underground battle.

The prisoners, some of them brandishing knives, came out fighting when they reached a 60-foot shaft, and one guard was beaten and kicked in the battle.

The convicts, wearing hooded masks over their heads to protect their identities, all broke away, throwing their knives to the ground as they ran to the tunnel entrance within the prison walls.

In a convict-by-convict search of the tunnel, guards later picked up seven prisoners accused of being in on the abortive escape plot. Dirt under the fingernails and in their hair gave them away.

The warden said the convicts began scooping out their tunnel some distance down an air-conditioning shaft in the basement of Wing 7.

They carefully scattered dirt from the digging around an unfinished section of the basement, and future mine shafts were dug in the dirt when their plot was discovered.

May the lights of Christmas glow in your home with the message of good cheer and may you know of the high hopes we have for you at this happy holiday season.

Election Year Congress Faces Bleak Tasks

New Debt Ceiling, No Tax Cut Loom With Defense Increases

WASHINGTON (UP) — Congress, returning to work Jan. 3, faces some of the most politically distasteful tasks ever to confront an election-year session.

The prospect is for sharply increased defense spending in the light of Russia's military advances. This has vexed the House, which has vetoed any chance of general tax reductions.

Furthermore, increased defense demands probably will force Congress to boost the 275-billion-dollar ceiling on the national debt.

These prospects are enough to give the House and Senate representatives facing reelection battles next year. The voters will elect all 435 House members and 22 senators next November.

There probably will be some tax "adjustments," but not enough to have widespread voter appeal.

SECRETARY OF Defense McElroy said last Friday his department will seek another 20 percent increase for the current fiscal year, which will end next June 30.

Defense spending now is at the rate of about \$35 billion dollars a year and officials have talked about raising this by about two billions in the next fiscal year.

Overall federal spending is running at about \$72 billion dollars a year.

Some administration aides have suggested President Eisenhower would seek Congress another record peacetime spending budget of 72 billion or more.

The administration is reported considering proposing a multi-billion dollar aid to education program, with emphasis on science and mathematics.

While direct taxes as such aren't likely to be increased, there is a strong likelihood that Congress will vote to broaden Social Security coverage and boost Social Security taxes.

219 Persons Killed In Holiday Car Crashes

Kankakeean Rescued From Sea Only Slightly Injured

Franklin A. Henry Jr., Kankakeean who was one of four survivors of the Navy Super Constellation crash in the Pacific Ocean, north of Oahu Monday, received only minor injuries, according to a report by the United Press.

Franklin, who is an aviation technician third class, was one of four survivors in the crash. Two bodies have been recovered and 17 more men are missing and presumed killed. One of the bodies was identified as that of another Illinois man, Electronic Technician third class James L. Rush of Robinson.

Another Illinois man is among the missing. He is Cmdr. Frederick E. Woodward of Honolulu whose father, Fred, lives in Moline.

When Mr. and Mrs. Franklin A. Henry Jr. of 1138 E. Court St. left for Peoria for a Christmas visit early Wednesday morning, they had not heard of the crash.

Their son, they had not returned at noon today.

THE FOUR SURVIVORS were picked up by a rescue boat Monday night about 25 miles north of the plane's base on northern Oahu Island. An extensive sea and air search of the area was called off Wednesday night with a lone destroyer left to patrol the area on the "one-in-million" chance that other survivors might be found.

The search was ordered discontinued at Wednesday night.

Second Worst Single Day Toll For Christmas

Hopes Report Will Hold Down Fatalities On New Year's Eve

By THE ASSOCIATED PRESS

Christmas traffic deaths climbed to the second highest total for a one-day holiday since World War II.

The final tabulation, including late reports of casualties caused by accidents that occurred between 6 p.m. Tuesday and midnight Wednesday, showed 219 traffic deaths, 27 in fires and 24 in the miscellaneous class for a total of 270.

THE TRAFFIC toll more than doubled the toll for a non-holiday period of the same 30-hour duration, and exceeded the National Safety Council prediction of 180.

There have been two other one-day celebrations of the Christmas holiday since World War II. During one of them, 1947, the traffic toll was 178. During the other one, 1948, the toll was 233, a record for a one-day or 30-hour period.

"THERE MUST be a better way to celebrate Christmas on the highway than this," said the toll 25 times as great as the toll for a non-holiday Wednesday at this time of the year," commented Ned H. Dearborn, president of the National Safety Council.

"We can only hope that the shock of this needless toll will bring about some thinking that may hold the New Year toll to a new low."

AN ASSOCIATED PRESS survey made for comparative purposes on the nonholiday 30-hour period, Dec. 10 through Dec. 11 showed 84 traffic deaths, 15 in fires and 27 miscellaneous accidental deaths for an overall total of 126.

Last year's four-day Christmas holiday period set a record in traffic deaths for any holiday period, with 706. The overall toll of 884 during the same four days also was a record for any holiday period.

Only about half a dozen states reported no traffic deaths. Ohio and New York led the states in fatalities.

COLOMBO, Ceylon (UP) — Nearly 100 persons have been killed and hundreds of thousands driven from their homes by floods and landslides throughout Ceylon, reports from the provinces said today.

At least 24 persons were drowned and another 40 buried in landslides in the Kurunegala area Wednesday. Four persons were killed when a landslide gave way in Bandarawela in south Ceylon and buried four railway sheds.

THE TRIO TURNED into a Borneo Dyak farm on Route 1, where Deputy Sheriff Matt Egan took Caldwell into custody after being captured by Fisher. Ernest Owens, who fled the car, was taken into custody by Donald and Simon Hoskstra, neighbors of Dykstra. Charles Owens was picked up at his home, reportedly missing at the restaurant, which had been entered by breaking a window and peering over a fence.

Charles Yates, store owner at Wicher, took the burglars got two men, 10 cars of carnage, carrying three hunting knives and a small change. The hunting knife had been shipped to his store by mistake and were to be returned. The store was entered by breaking open a door.

'Unofficial' Afro-Asian Conference Attacks West

CAIRO (UP) — Afro-Asian slogans and banners opened today an African-African peoples' conference of some 400 delegates from about 60 countries and colonies.

A banner reading "Down With Eisenhower Doctrine" was carried by students who cheered the delegates and 2,000 guests at the week-long meeting.

Officially, the delegations do not represent governments. Russia and Red China sent large groups to the meeting. Some of the predominantly leftist delegations are composed of exiles.

Petitions Out For Luehrs For Legislature

Petitions are being circulated in Kankakee, Livingston and Ford counties in behalf of George E. Luehrs of Kankakee, Republican candidate for state representative from the 41st House district.

Luehrs, chairman of the Kankakee County Board of Supervisors, will be a candidate for the representative nomination in the primary election next April 8 when 700 Republican representatives will be nominated for this district.

Incumbent Rep. William C. Harris of Pontiac has announced his candidacy for reelection.

Committees of the Republican party in Kankakee County endorsed Luehrs for the representative position to fill the place now held by Rep. Louis E. Beckman of Kankakee, who has announced his candidacy for the Republican nomination for state treasurer. It is the first time in 12 years that a Kankakee has been a candidate for a state-wide office.

LUEHRS WILL BE the only Republican, organization-sponsored candidate for the House from Kankakee County at the April primary, according to party spokesmen, who explain that regular support for one candidate from Kankakee County is necessary to be sure that the county has a Republican representative in the House, at Springfield, Rep. Harris of Pontiac, who has already been elected from Livingston County (two times), is not expected to encounter any difficulty in his bid for a third term of two years.

Republican leaders in the three county district are seeking harmony in an effort to boost the candidacy of Rep. Beckman, for state treasurer. The Kankakee Republican has been elected to the House twice from the district and is widely known throughout the three counties, as well as in other portions of the state.

The GOP official point out that Rep. Beckman will benefit from a traditionally strong Republican primary vote in these three counties, unless there is a scramble for the two GOP House seats in the district; in that case, they observe, there is little doubt that years ago, E. Wright, who will oppose Beckman in the primary, might ally himself with anti-party candidates in an effort to upset Beckman's chances.

Gov. William G. Stratton is known to favor Beckman for state treasurer as a result of Beckman's leadership in the Legislature.

Friends and supporters of Luehrs stated Saturday that his outstanding qualifications, particularly in township, county, highway and school matters, provide him with an unusually excellent background for service in the State Legislature.

Over a period of 20 years Luehrs has served as chairman of the board of supervisors of Kankakee County, an experience that has given him an overall insight into the problems of township and county government. Laws that govern township and county administration are under the control of the Legislature, which means that Luehrs would have an advantage of previous experience and knowledge equal to that of members who have already served several terms in the Legislature.

THE KANKAKEE also served many years on the Kankakee School Board, including service as president of the board. He is widely known and respected for his knowledge of school problems by education administrators throughout the state. School legislation is one of the major items of business acted upon at each session of the Legislature.

As chairman of the board of supervisors, Luehrs is ex-officio chairman of the Board of Review, which handles assessment complaints. This affords him another element of experience that will be useful in the Legislature, his supporters point out, that of a working knowledge of tax problems and revenue matters.

Still another vast phase of state government is road and bridge work, the funds for which are sup-

plied in many instances by combined state, federal and county agencies. The Legislature acts on appropriations for this type of work and Luehrs has much experience on the county board in the planning and completion of such work in co-operation with state agencies.

TOGETHER WITH Luehrs' career as a civic leader in the community, his experience with government will make him a most valuable asset in the Legislature, the report said. Luehrs has served in many responsible positions of leadership including presidency of the Chamber of Commerce, war-time Ration Board chairman, and participation in many charitable and service club activities.

New York City Threatened By New Transit Strike

NEW YORK (UP)—New York City's Long Island Railroad, the Subway, and the Port Authority of New York and New Jersey today faced the threat of a new transit workers' strike.

The MTA, which struck for eight days earlier this month for

George S. Nutt, Formerly Of Kankakee, Dies

George S. Nutt, 69, of White Plains, N.Y., former Kankakee resident, died at 11 p.m. Wednesday at his home, following a brief illness.

Mr. Nutt was born in Buckingham, N.Y. in 1888. He moved to Kankakee with his parents as a young boy. He graduated from Kankakee High School in 1906 completing the four year course in three years.

He played football for three years, capturing his team in his final two years. While in high school he was a bookkeeper for the Vandewater Clothing Co. Mr. Nutt was a graduate of the Kankakee Business College and worked also as a bookkeeper for the H. H. Troup Lumber Co.

In 1908 he went to Washington to be employed in the War Department. While there he attended George Washington University and then returned to attend the University of Illinois, graduating in 1913.

He was married in March 1914 to the former Grace C. Middleton of Washington. Mr. Nutt was employed for several years in the Internal Revenue Bureau before he came to Kankakee as a certified public accountant. He maintained his offices at 1 E. 42nd St. in New York City.

Mr. Nutt was a member of the Kankakee Masonic Lodge. He was active in Boy Scout work for many years serving as a scoutmaster for 25 years.

Survivors include his wife, sons, Donald, Norriston, Pa., and Lorraine Mrs. Byron Cannon, 355 S. Dearborn Ave., Bradley, 1100 transistor radio, 1100 table-model combination hi-fi record player, and a motor boat on the outside of the building, causing a short circuit in wires leading to a transformer. Driver of the car is unknown.

Extinguish Fire In Wiring After Car Hits Meter

Kankakee firemen early Christmas morning extinguished a fire in wiring at the J. J. Johnson Electric Co., 504 N. Fifth Ave., before any damage was caused.

The report said a car had struck a meter box on the outside of the building, causing a short circuit in wires leading to a transformer. Driver of the car is unknown.

Alphonse Urban, 48, Dies; Rites To Be Saturday

Alphonse Urban, 48, Grant Park, died about 2 p.m. Christmas Day while having his car pushed to get it started.

Ed Schmidt, of Solih, near Beecher, told Deputy Coroner Warren Marshall, Grant Park, that Urban had asked him for a push. Schmidt told Marshall he pushed Urban's car about a mile on a black top near Beecher and got out to see if there was something they could fix on the motor.

Brick Tossed Through Windows

R. O. Plinch, 900 S. Lincoln Ave., reported to police today that a brick was thrown through the window of his home about midnight.

The brick broke both the storm window and the inside pane.

An attempted break-in was reported during the night at the home of County Judge Irwin C. Taylor, 1608 S. Elm Ave. Someone took a garbage can from a neighboring home, placed it beneath a window at Judge Taylor's house and turned the locks on a storm window.

Manners For Moderns

changes of view between East and West through normal diplomatic and political channels.

Implicit and expressed in his comment is the notion that both sides are guilty of stateness and sterility in their approach. He sees a lack of invention and imagination in the constant reiteration of old slogans, old policies, old attitudes.

Somewhere, somewhere in the free institutions of the world, Pearson feels, there should be the making of a different positive and more fruitful assault upon the great problems of peace.

He has no illusion that resort to this tactic would produce quick and easy solutions. But he thinks it would be "equal, if not greater folly to do nothing; to sit back, answer missile with missile, insult with insult, ban with ban."

Being a true friend of freedom and a tough realist at the same time, Pearson is not content to commend himself to the White House, the Kremlin and all the other focal points of world power where the critical decisions affecting war and peace must be taken in the troubled years ahead.

Survival Tale Officer Quits Air Force

WASHINGTON (AP) — Lt. David Stevens, a survival expert in the Air Force, quit his job today after a 54-day survival in the wilderness, has been returned to civilian life at his own request.

Stevens disappeared on a jet training flight last spring and was listed as dead, but 54 days later the 23-year-old pilot stumbled out of the rugged California High Sierras with a story of having lived off the land. He said he had been forced to parachute out of his plane, which never has been found.

AN AIR FORCE spokesman said Stevens, who was a reserve officer on extended active duty, asked to be placed on inactive status. The Air Force is under orders to trim its active officer rolls by about 2,500 during the year ending June 30. The spokesman said this circumstance was the reason for Stevens' resignation.

Stevens remains in the reserve. His reserve status was effective Nov. 30 and that at the time he was stationed at the Air Force Base near Self, Ala. His home town is Trumbull, Conn.

Stevens was a member of the 1st Cavalry Division, which was sent to Vietnam in 1955. He was a member of the 1st Cavalry Division, which was sent to Vietnam in 1955.

Dowager Queen Leads Quiet Life

LONDON (AP) — In a large house down the road from Buckingham Palace, a courtly little woman with a weakness for Otchik feather hats lives amid the loneliness of riches.

Once she was Queen of England, a symbolic leader at the very center of national acclaim.

But on a February day in 1952, her husband King George VI died, and the spotlight switched to her young daughter, The Queen Mother.

Graciously and willingly stepped aside, she has since lived a quiet life. When the Queen flew back from her African tour—interrupted by her father's death—she was met by Queen Mother Elizabeth who welcomed her with a curtsy and the words: "Welcome home."

The following births were reported at this morning from St. Mary's Hospital:

Mr. and Mrs. Lloyd M. McCall, of Chicago, Ill., are parents of a girl and first child born Tuesday. The mother is the former Mrs. McCall.

Mr. and Mrs. Leonard G. Huff, of Chicago, Ill., are parents of a boy and third child born Wednesday. The mother is the former Mrs. Huff.

NEW YORK STOCKS

NEW YORK (AP) — Stocks, more and more, were a little higher as the stock market improved in moderate trading early this afternoon.

Gains of fractions to a point or more were made among the favored stock—there were a few small losses and most losses showed narrow changes.

Business news remained lackluster, with more layoffs reported and the Commerce Department reporting that business conditions had shifted downward although they remain at a high level historically.

Youngstown Sheet was ahead more than a point. Advances of about a point were made by Republic Steel and U.S. Steel, while Bethlehem Steel was steady.

Chrysler was up a full point and General Motors a sizable fraction. Ford was steady. Study Baker-Packard eased.

Southern Railway and Baltimore & Ohio gained about a point. Western Union, Illinois Central and Chesapeake & Ohio were steady.

Sears Roebuck, Boeing, Radio Corp., Texas Co., Gulf Oil and General Electric were on the up-side.

U. S. government bonds improved as a result of a report that the Treasury would issue \$1 billion of new bonds.

Teeners Cool To U. S. Pay, Restrictions

By EUGENE GILBERT
President of the Gilman
Youth Research Co.

The nation's largest employer soon may have trouble finding recruits to fill its jobs.

"Who wants to work for the government?" asks 16-year-old Betty Tuten of Fort Lauderdale, Fla. "There's no future in it."

An overwhelming majority of the teenagers in the country seem to

agree with her. Less than 4 per cent of the young people we contacted in a nationwide survey said they would like to work for the government. Some 45 per cent said they had never given it the slightest thought, and the rest wanted no part of it.

Why? What's wrong with work?

"Low wages," "not much chance for advancement," "no outlet for drive or different ideas," "little recognition for so much aggravation"—these are only a sample of the comments, but they echo the majority.

More than 54 per cent of the boys and 43 per cent of the girls listed low wages as the major drawback of government employment.

The government pay scale, once a heavy inducement, holds little attraction for today's high school students, who soon will be heading out to hunt for jobs.

EVEN THE CREAM of the government job crop, like the diplomatic service, left something in the pay envelope among these teenagers.

"The only government jobs I know about are the diplomatic ones—and they don't pay," complained 17-year-old Martin Bennett of Philadelphia.

Young people also seemed troubled by government security requirements and Hatch Act provisions against political activity in civil service jobs.

To 29 per cent of the boys and 31 per cent of the girls working for the government meant surrendering to certain restrictions on the self-expression.

Less than 4 per cent thought the government's education and experience requirements were too high and less than 2 per cent worried about advancement opportunities.

But a surprising number of youngsters—23 per cent of the boys and 27 per cent of the girls—said one reason they never gave a thought to working for the government is that they seldom heard about government job opportunities.

"WE JUST DON'T hear much about it," said 15-year-old Allan Horning, a talented, college-caliber person of no little stature in the neighborhood. "He works for the government," people would say approvingly, even enviously.

In an era of chronic unemployment, lingering bread lines and sweat shop labor conditions, government employees could look forward to steady weekly pay checks—often quite handsome under the circumstances—paid vacations, an eight-hour day, extended rest day, and a good deal about the government but very little about the people who work for it—"so we never think of working for it."

With the exception of security,

The government still offers job security—and, as our recent surveys have demonstrated—young people are still vitally interested in security.

But a majority of young people are not interested in government jobs.

What has brought about this change in attitude toward working for the government? The problem gripped us, as it no doubt already grips civil service policy planners. In attempting to find out why the nation's teenagers shy away from government work, we got an inkling of what they are looking for in the whole field of employment, private and public.

FIRST, WE ASKED what they liked about government jobs, what was the second greatest attraction?

Security, that elusive treasure hunted so desperately for generations by the great army of the unemployed, still shone as brightly as ever. It ranked in first place among the advantages of working for the government with nearly 40 per cent of both boys and girls interviewed.

Next came prestige and self-satisfaction, as sanctioned by 26 per cent of the boys and 18 per cent of the girls.

Fair and equal opportunities for advancement appealed to 18 per cent of the boys and 11 per cent of the girls. Pension benefits were cited by less than 5 per cent of the young people, and good wages drew a response of only 1 per cent.

Even more revealing were the teen-aged broadsides leveled against working for the government.

What are the drawbacks? We asked. They had no hesitancy telling us.

Young people also seemed troubled by government security requirements and Hatch Act provisions against political activity in civil service jobs.

To 29 per cent of the boys and 31 per cent of the girls working for the government meant surrendering to certain restrictions on the self-expression.

Less than 4 per cent thought the government's education and experience requirements were too high and less than 2 per cent worried about advancement opportunities.

But a surprising number of youngsters—23 per cent of the boys and 27 per cent of the girls—said one reason they never gave a thought to working for the government is that they seldom heard about government job opportunities.

"WE JUST DON'T hear much about it," said 15-year-old Allan Horning, a talented, college-caliber person of no little stature in the neighborhood. "He works for the government," people would say approvingly, even enviously.

In an era of chronic unemployment, lingering bread lines and sweat shop labor conditions, government employees could look forward to steady weekly pay checks—often quite handsome under the circumstances—paid vacations, an eight-hour day, extended rest day, and a good deal about the government but very little about the people who work for it—"so we never think of working for it."

With the exception of security,

STUDYING A BULLETIN ON Careers in Government are these four Gilman High School students who were interviewed on whether they would prefer to work for the government or private business. They agreed they would prefer a government position. The students are, from left, Jimmy Tannen of Gilman, John Read of Danforth, Martha Dexter of Danforth and Sharon Eimen of Gilman. (Journal photo)

Government Jobs OK, Say Gilman Teens

What about government jobs? Are they attractive locally? Two students who were interviewed on whether they would prefer to work for the government or private business. They agreed they would prefer a government position. The students are, from left, Jimmy Tannen of Gilman, John Read of Danforth, Martha Dexter of Danforth and Sharon Eimen of Gilman. (Journal photo)

The four who were queried were Tannen, 14, son of Mr. and Mrs. Lemont Tannen. John Read, 16, son of Mr. and Mrs. Edwin E. Read of Danforth, and two Gilman youths, all students at the Gilman High School, who were asked to comment for this week's What Young People Think series, say the government would like to work for the government.

Present Holiday Program Sunday In Ashkum Church

ASHKUM (JNS) — The Sunday school classes of the Methodist Church presented a Christmas program in the church on Sunday evening.

The program opened with the singing of a Christmas hymn. Mrs. Donald Peterson, Sunday school superintendent, introduced the teachers on each Sunday school class. They in turn introduced the children.

A play, "The Rose of Sharon," a playlet, recitations and songs were presented by the children. Miss Phyllis Koets accompanied at the organ.

"Gifts in a Christmas exchange and candy were distributed by Santa Claus. In closing, Rev. Jerry Nichols spoke and said a prayer.

whether they would want to work for the government any serious thought.

WHAT DO THEY REGARD as the greatest attraction? Martha Dexter commented, "I think that you usually get well paid."

Also the job would probably be very interesting," Sharon Eimen cited the security and prestige which go with government jobs as an advantage.

What do the four consider the biggest disadvantages? "Too high requirements," commented Jimmy Tannen. Martha Dexter said, "A person might need a lot of education if he expected to get a higher job."

Which job would they take if offered similar positions in business or government, pay being equal? John D. Read, who is interested in becoming a chemist, commented, "I think I would take the job of a chemist under the government rather than in an industrial plant."

What would they like to work for the government? Sharon Eimen commented, "There seems to be more security with a government job."

The other three agreed. Sharon Eimen commented, "There seems to be more security with a government job."

Scientists Hold Meeting In Indianapolis

INDIANAPOLIS (AP)—The year's biggest science meeting opened today to hear reports ranging from space travel to microbe.

It is the annual meeting of the American Association for the Advancement of Science, world's largest organization of related scientific organizations.

Thousands of scientists will report new findings and exchange ideas during the five-day conference.

Some main items on this intellectual banquet menu:

RESEARCH planning for space flight, and medical problems of human pioneers in space.

New ideas on evolution, and a statistical analysis of the problems of smoking and lung cancer.

How best to educate children and stimulate interest in science.

Some speakers will dip into mysteries of the human mind, its fears and conflicts, chemistry of the brain and new drugs for mental illness. Others will look into misreading and criminology.

All together, the Congress will hear some 1,200 separate reports.

MYF Of Ashkum Schedules Party

ASHKUM (JNS) — The Methodist Church Youth Fellowship will hold a Christmas party and gift exchange in the church on Sunday evening.

Momence Family Entertains Foreign Students Over Holidays

Are the commercial aspects of Christmas eclipsing the spiritual meaning? At least one Momence family feels they are and has taken steps to counter the trend within its own sphere. As a way to demonstrate the love essential to the Christmas season, the Momence family this year is playing host to students unable to go home for the holidays. Momence residents hearing of the venture have sent food and helped with expenses. Mem-

bers of the family are shown above with six foreign students staying with them over the holidays. From left are John Phoa of Singapore, Malaysia; Robert Brouillette, Emilie Monney of Guatemala, Fred Weisbach of Germany, Gordon Brouillette, Mary Brouillette, James Phoa of Singapore, Malaysia; Zemaia Solomon of Syria and Elmer Arango of Guatemala City, Mrs. Brouillette and Peter Brouillette are seated at the piano. 1959 Legislature May Change School Superintendents' Duties

(Last of a series)
SPRINGFIELD (UP)—When the 1959 Legislature takes another look at the 102 county school superintendents in Illinois and the \$12 million dollars it is spending on them a year, there may be some changes made.

Professional thinking on the subject hasn't jelled yet. The report will make on the subject next winter. It will serve as a starting point for the writing of possible new legislation.

But Rep. Charles W. Clabough (R-Champaign) chairman of the commission, pointed out in an interview what he believes is the most vitally needed change: the problem of special education. "It requires much closer coordination between counties," he said.

IN MANY OF THE counties with only a small number of pupils, he said, there are only two or three pupils who are handicapped and need special education. One county alone can't possibly provide the facilities for training such pupils. If county superintendents could coordinate their resources "they could do a much better job."

Also, he said, there may be much bookkeeping and report-making which the county superintendents have to do now which may be duplicated and not necessary.

There have been so many changes in the duties of the office, he said, that nobody is quite sure what they have to do and what they don't.

In Illinois, the common school education system is based on the school districts, each of which has an elected board of education and usually an appointed district superintendent.

The county superintendents head the administration of the schools in each county, with reports and other administrative matters channeled from each district to the county superintendent. The lines of administration then go to the state office of public instruction at Springfield.

WHEN DISTRICTS spill over

2 Tots Suffocate In Freak Accident

MONTCLAIR, N. J. (UP)—William Walsh entered his children's bedroom Christmas morning to find two of his little girls dead.

Police said Jill Ann, 2, and Judy Lynn, 3 months, had apparently suffocated during the night when a radiator valve blew off, filling the room with steam.

A third child, Cindy, 3, escaped the same fate when she was earlier taken into her parents' bed.

25 Die In Canada

TORONTO (UP)—Christmas traffic accidents took 25 lives in Canada between noon Tuesday and midnight Wednesday night, a Canadian Press survey showed.

Other types of accidents killed four during the holiday period.

The thoroughness and quality of the superintendents' work depends largely on the individuals in office. The office is elective. Candidates have to have what it takes to get elected before they can be county superintendents, regardless of what other qualifications they may have.

Professional educators here who watch the work of the county superintendents say good or bad performance in the office depends on the individual.

"Some of them put their wives on the payroll as the state-paid assistant superintendent and just get elected before they can be county superintendents," he said. "Others go out and get the best qualified assistant they can find and do an extraordinarily good job. That's the way it goes."

But another administrator said, "It may be well to have the county superintendents elected as they are. That way the public has someone to complain to when things go wrong."

"Others do nothing more than follow the skeleton outline of the law and the quality of education in their counties suffers for it," he said.

Elizabeth Tops 1957 News Poll

By DOROTHY ROE
Associated Press Women's Editor

For the third time in a decade, Queen Elizabeth II is Woman of the Year in American headlines. Women's editors of Associated Press newspapers throughout the country voted her the top woman news personality of the year in their annual poll, following the triumphant visit of Britain's royal couple to the United States and Canada, which produced enough news stories to fill a library.

Previously Elizabeth was voted Woman of the Year in 1947, when she married Philip Mountbatten, now Duke of Edinburgh, and again in the year of her coronation, 1953.

Other women voted outstanding in their fields for 1957 are as follows:

SPORTS: Althea Gibson, the 20-year-old tennis player from Harlem, who this year won practically every major championship in the world of international tennis. The lanky, smiling, dark-skinned Althea climaxed an 18-tournament winning streak by taking the women's singles championship at Wimbledon in July, after which she won the National Women's Singles title at Forest Hills in September.

LITERATURE: Grace Metalious, the New Hampshire housewife whose first novel, "Peyton Place," became an unexpected runaway best-seller, with present sales figures topping the three million mark. The sensational story of life in a New England village so shocked some academic circles that her husband, George Metalious, lost his job as principal of the Gilmanton, N. H., public schools, and is now teaching in Stowe, Mass. Mrs. Metalious is the mother of three children.

ENTERTAINMENT: Ingrid Bergman, winner of an Academy Award for her work in the motion picture version of "Anastasia." The Swedish-born actress, who gave up career and family for her controversial romance with Italian movie director Roberto Rossellini, made news also with her personal life this year, when her marriage to her "one true love" ended in a legal separation, with divorce in the offing. She is now in England, at work on a new movie.

BUSINESS: Lucille Ball, one-half of the fantastically successful husband-and-wife team of Lucille Ball and Desi Arnaz, who not only star in their own top-rated show, but also produce a number of other television attractions. The apparently light-headed "Lucy" of the TV screen turns out to have a very solid business head on her flippancy shoulders, and at present probably is one of the richest women in Hollywood.

MUSIC: Maria Callas, the American operatic soprano with the "voice of an angel," who has zoomed to the top rank of stars since her debut at the Metropolitan last fall. Maria, now 34, was born in New York of Greek parents and says she was the ugly duckling of the family — fat, awkward and shy. She started studying music at the age of 8, went to Athens at 13 to study at the Royal Conservatory, made her operatic debut in Athens at 15 and became a top operatic star of Europe before her American debut.

EDUCATION: Mrs. L. C. Bates, of Little Rock, Ark., who made headlines in September during the integration crisis in the schools of that city. She is president of the Arkansas chapter of the National Association for the Advancement of Colored People, and it was at her home that the nine Negro students stayed while federal troops guarded their right to attend the previously all-white high school.

POLITICS: Margaret Chase Smith, the Republican Senator from Maine, still, the country's only woman senator, and the first to be elected to that office on her own record, not as an appointee to fill a vacancy. Mrs. Smith was a congresswoman for eight years before being elected to the Senate in 1949.

PUBLIC SERVICE: Eleanor Roosevelt, widow of the late president, still writing a syndicated newspaper column and still making news wherever she goes. Her latest adventure was a 25-day tour of the Soviet Union.

Fidelity Circle Has Meeting With Mrs. H. C. Green

The Fidelity Circle met Thursday with Mrs. H. C. Green of 294 N. Greenwood Ave.

Secret gift gifts were exchanged and games were played. Prize winners were Mrs. Malvina Stolz, Mrs. Charles Todd, Mrs. Harry Shockey, and Mrs. Mable Thompson.

A Christmas theme was used for table decorations.

WCTU Has Yule Program

The Woman's Christian Temperance Union met at 8:30 p.m. for Christmas Yule with Mrs. William E. Tanner presiding.

Mrs. Maude Odle presented the scripture reading and led a prayer.

A poem concerning Christmas was written and read by Mrs. William E. Tanner.

Mrs. Cecile Erickson accompanied by Mrs. Vernon Marshall at the piano sang "O Holy Night." Mrs. Erickson led the group in singing Christmas carols.

Mrs. Aaron Culver presented a poem entitled "God's Son."

During the brief business meeting plans were made for an institute to be held in January.

Cher's Amies Club Has Dinner Party

Cher's Amies Club held a Christmas dinner party Sunday at a local restaurant.

Following dinner the group held a gift exchange at the home of Mrs. Keuben Powell of 533 S. Main Ave. Mrs. Homer White received a birthday gift from her mystery pal. The evening was spent singing Christmas carols and Mrs. Powell showed slides.

Members took donations of food and clothing to the meeting for a basket which will be presented to a needy family.

The January meeting will be at the home of Mrs. Leo Dione of 1157 S. Fourth Ave.

* RUTH MILLETT * Make Baby-Sitting Job A Pleasure

Here are a few rules designed to make your mother or mother-in-law happy to sit with your children occasionally.

Every one of them has been suggested by letters from grandmothers who say they resent baby-sitting with their grandchildren because of the lack of consideration on the part of the parents.

Remember to:
Pick her up and take her home at the end of the evening. Don't expect her to drive her own car alone at night.

If you are going out for dinner and expect her to eat with the children, have a good meal prepared and ready to go on the table. Don't leave her to cook the meal or leftovers.

Invite her to your home as a guest more often than you ask her to baby-sit while you are out.

DON'T INSULT HER with a long list of instructions about what to do and not to do. If she managed to rear a family of her own, she can look after your children for an evening without a lot of advice and rules. Encourage your children to love and mind their grandmother, so that taking care of them is a pleasure to her.

Take time when you return home to tell her about your evening. Instead of talking her out of the house so that you can fall in bed.

Show your appreciation by more than routine thanks. Letting her know how much it means to you to be able to go out without having a worry on your mind will make her feel that she is contributing to your happiness.

Even though she is generous enough to offer, never let her give up plans of her own to take over your responsibilities.

Manage, somehow, to repay her for baby-sitting by helping her out in other ways.

The Worry Clinic

How Superhighways Save Many Lives

By DR. GEORGE W. CRANE
Hebert G. 32, is an Indiana attorney.
"Dr. Crane, I like your stress on 'horse sense,'" he began, "whether it affects our military budgets or marital relations."
"And I wish we could salvage some of the billions of taxes now being spent abroad and use that money to widen our American highways."
"To be specific," our toll road (superhighway) - across northern Indiana showed only 9 deaths by auto accidents during its first 9 months of operation.
"Meanwhile, there were 43 deaths by automobiles on the three parallel highways that cross northern Indiana."
"For example, there were 31 fatalities on U.S. route 20; 16 on U.S. 30, and 18 on U.S. 6."
"That means an average of 21 deaths per old-fashioned highway against only 9 on the toll road. What do you think of that?"
"Hebert's figures are correct and show that the superhighway cut down deaths by almost 60 per cent."

LAST YEAR THE AUTO fatalities in the U.S. were more than 40,000 dead and about 400,000 permanently injured folks, not to mention those who recovered from minor bruises and scrapes.
If we diverted our foreign aid to widening highways in the U.S.A., it would be possible to save 24,000 lives each year and also avoid 240,000 permanently injured people.
Auto accidents that are causing a terrific number of fatalities, even as compared with war. Note the figures on the Korean War, which lasted three full years:
Battle deaths, 33,629; other deaths, 29,817; wounds not mortal, 102,284.
So last year's auto deaths of over 40,000 were greater than the battle deaths in over three years of the Korean War!
The number of injured people each year due to automobiles runs at about 400,000.
Think of the tremendous money paid out by insurance companies for the dead and the injured, plus hospitalization.
And think of the cash involved in repairing the 500,000 wrecked cars! Superhighways of the future sort, with a grassy plot or other means of dividing them, would thus eliminate almost entirely the head-on collisions - which cause the big death rate.

EACH YEAR WE Americans would be able to save enough money just by lowering auto insurance, to finance a superhighway all around the entire boundaries of continental U.S.A. Think of it!
The Hoover Commission report showed that we could save about \$12 billion dollars EACH YEAR without eliminating any bureau but just by using better bargaining and planning in our purchases.
And by reducing our military budget, as well as eliminating many unnecessary bureaus, we could save \$15 billion per year.
That money would soon give us a four-lane divided superhighway that would crisscross the U.S.A., both north and south, as well as east and west.
We'd save more lives every year than we lost on the three-year war of Korea.
And we'd probably keep more friends abroad by pulling our boys back home, for soldiers stationed there generate ill will despite our best intentions.

Jereldean Willis Weds Richard Allen
KEMPION (JNS)—The Methodist Church in Kempton was the scene at 2 p.m. Sunday of the wedding of Miss Jereldean Willis to Richard Allen.
The Rev. Ronald Masley of Rantoul officiated at the double ring ceremony before an altar decorated with poinsettias and lighted tapers.
The bride is the daughter of Mr. and Mrs. Delmar Willis of Clinton and the groom is the son of Mr. and Mrs. Orville Allen of Clinton.
Miss Diane Piercy of Kempton played traditional wedding marches and accompanied the soloist, Miss Carolyn Clipp of Cary, as she sang "O Promise Me" and "I Love You Truly."
GIVEN IN MARRIAGE by her father the bride wore a white tulle gown, styled with a fitted lace bodice, scoop neckline, full length skirt and a long train. Her finger ring was attached to a pearl trimmed tiara and she carried a cascade bouquet of red roses with white ribbons.
The bride was a graduate of Kempton High School and is employed as a clerk in the C. L. Doves Hardware Store, Kempton.
Allen, an alumnus of Kempton High School attended the University of Illinois and served with the United States Army, spending 18 months in Germany. He is engaged in farming. The newlyweds will reside on a farm near Kempton.

Spice Those Christmas Oranges

By Cecily Brownstone, Associated Press Food Editor

IF A BASKET OF CITRUS FRUIT was among your gifts, you might like to put up some spiced oranges to serve at the holidays. We like these with poultry and pork and find they improve after standing in their jars for several weeks. Or bake a big orange loaf for snacking.

SPICED ORANGES
Ingredients: 8 oranges, 1½ quarts water, 3 cups sugar, 2 cups vinegar, ½ cup cider-vinegar, 1½ teaspoon whole cloves, three 3-inch sticks cinnamon, 3 pieces whole ginger.
Method: Put whole oranges in large saucepan; add 1½ quarts water. Bring to a boil; boil 20 minutes. Drain and cut into eighths; remove any seeds. Mix sugar, 2 cups vinegar, ginger, cloves, cinnamon and ginger; stir over low heat until sugar dissolves. Bring to a boil; add oranges and simmer about 20 minutes. Spoon into hot sterilized jars and seal. Store in refrigerator. Serve as a relish. Makes 7 cups—48 slices plus syrup.

ORANGE BREAD
Ingredients: ¾ cup silverson orange rind (about 4 oranges), 1½ cups sugar, 1½ cup water, 3 tablespoons butter or margarine, 1½ cups orange juice, 3 eggs (well beaten), 4 cups sifted flour, 2 teaspoons double-acting baking powder, ½ teaspoon baking soda, 2 teaspoons salt.
Method: To prepare the silverson orange rind, wash the oranges and dry; remove the orange rind with a sharp knife, cutting around the orange and leaving most of the white membrane behind. Cut the rind into very thin silversons with a sharp knife. Mix sugar and water; add rind; stir constantly over low heat until sugar is dissolved; cook slowly about 5 minutes. The rind and syrup should be 1½ cups. Add butter; stir until melted; add orange juice and beaten eggs. Stir together into a large mixing bowl. Add flour, baking powder, baking soda and salt. Add orange mixture; stir just enough to moisten dry ingredients. Batter should be lumpy. Bake in greased and paper-lined half pan (9 by 5 by 3 inches) in slow (225 degrees) oven 1 hour and 15 minutes; or until cake tester inserted in center comes out clean. Turn out on rack; remove paper; cool. Store in tightly covered container.

Blaze Firm's Rubber Destroy Sheds
LOS ANGELES (UP)—Fire started in a shed spread to two huge piles of used tires covering a square block at the Firestone Tire and Rubber Co. plant today.

Firemen of Los Angeles County and the city of South Gate quickly doused the blaze. The huge low heat until sugar is dissolved; cook slowly about 5 minutes. The rind and syrup should be 1½ cups. Add butter; stir until melted; add orange juice and beaten eggs. Stir together into a large mixing bowl. Add flour, baking powder, baking soda and salt. Add orange mixture; stir just enough to moisten dry ingredients. Batter should be lumpy. Bake in greased and paper-lined half pan (9 by 5 by 3 inches) in slow (225 degrees) oven 1 hour and 15 minutes; or until cake tester inserted in center comes out clean. Turn out on rack; remove paper; cool. Store in tightly covered container.

BRAIDWOOD (JNS)—The Sunday school children of the Presbyterian Church presented a Christmas program on Sunday.

William Valentine was master of ceremonies. Classes were directed by Mrs. Lorraine Sharp, Mrs. Albert Cherie, Mrs. William Valentine, Mrs. John Barr Kilpatrick, Mrs. Donald Master and Mrs. John Gilliam. After the program, Mrs. Mitchell Ruffino, secretary of the Sunday school, gave attendance awards to Nancy Gillogly, Donnie Schultz, Neil Romine, Brenda Evans, Diane Crater, Donna Evans, Barbara Schultz, Kathleen Schultz, Donna Bouter, Alan Romine, Dick Willis, Ronnie Ferrari, Gwen LeBlanc, Sharon Jennings, Linda Phyllis Weider, Phillip Wiedner, Linda Bishop, Judy Bohac, Judy Stahl, Dona Ruffino, Marie Willis, Pamel Cherie, Sandra Stahl, Debbie Ferrari, Bobby Valentine and Mrs. Albert Cherie.

Hold Yule Party For Cub Scouts In Crescent City
CRESCENT CITY (JNS)—The Christmas party for Cub Scouts was held last week in Crescent City.

Eleven Cub Scouts and 25 adults were present for a gift exchange. The scouts also presented gifts to their parents. The boys had made "what not" shelves for their mothers and ash trays for their fathers.

M. E. Brame, committee chairman, announced the Troop District appreciation banquet for adult leaders will be held Jan. 20 in Watseka.

The Cub Scouts decorated a Christmas tree with home made ornaments they made. Games were played. Refreshments were served.

MR. AND MRS. WILLIAM BRUNGA and son, Billy left Saturday to spend the Christmas holidays with relatives in Worthington, Minn.

Mrs. Fred Schmitt and Joan spent the weekend visiting Mrs. Schmitt's father, Joseph Bruscak, Peoria.

MR. AND MRS. P. A. HARWOOD will leave for Florida this week to spend the winter months. They will return to their Crescent City home in March.

3 U.S. Moms To Visit Sons In Red China

NEW YORK (UP)—Three American mothers will leave here next Wednesday—New Year's Day—for China and a reunion with their sons, prisoners of the Communists.

Mrs. Ruth Redmond of Yonkers, N.Y., said today the departure date was decided following a "conference" with the two other mothers, Mrs. John Downey of New Britain, Conn., and Mrs. Philip G. Fecteau of Lynn, Mass.

"We have been busy getting things together, taking shots and everything, and we plan to get away about noon on New Year's Day," Mrs. Redmond said. "We are all very excited about the whole thing."

HER SON, Hugh Redmond, 38, was a representative of an American import-export firm in Shanghai. He was convicted six years ago of spying and sentenced to life imprisonment. Philip G. Fecteau, 38, and John T. Downey, 27, both civilian employees of the U.S. Army, were jailed five years ago on similar charges. Downey was sentenced to life imprisonment; Fecteau got 20 years.

"The pastor said the trustees asked for this removal because they disapproved of church work by his daughter, Minnie."

He was arrested in 1933. The pastor said the trustees asked for this removal because they disapproved of church work by his daughter, Minnie.

"I'm just so happy for everything everybody has done," said Girard's grateful mother. "It's just the most wonderful Christmas we ever had."

THE BIGGEST surprise was provided by William's younger brother, Al, 39, who married Diane Downey of nearby Stretor early Christmas morning and brought her home to combine Christmas with a wedding reception.

Among the gifts distributed were toys for Louis Girard's son, 6, and William brought back from Japan. Girard returned to the United States and was discharged from the Army early this month after receiving a suspended sentence in the shooting death of a Japanese metal scavenger.

"I'm just so happy for everything everybody has done," said Girard's grateful mother. "It's just the most wonderful Christmas we ever had."

Members of the nominating committee were Roy Winger, Amelia Newlin and Clara Ross.

Elected as members of the church board for three years are Francis Lathrop, Sam Hoffmann, Mary Caldwell and Tylla Landee. Church trustees for three years are Sam Hoffmann and Joe Brenner.

Sunday school officers are George Thompson, superintendent; Wayne Hoffman, first assistant; Amelia Newlin, second assistant; Barbara Winger, secretary; Don Rudin, Larry Emmert and Joan Bauer, assistants; Lavard Lathrop, organist; Imogene Reutter, first assistant; Laura Hoffmann, second assistant; Thelma Reutter, choir leader; Jane Frank, assistant; Evelyn Sinn, primary superintendent; Kay Thompson, primary pianist; and Sharon Reed, first assistant.

Other relatives and families present were Mr. and Mrs. Harry Van Der Werf of Palace Park, Mr. and Mrs. Charles Walsh of Gilman, Mr. and Mrs. Alan Mehan of Watseka, Mr. and Mrs. Earl Kruger, Jim and Mike of LaGrange, Mr. and Mrs. Mark Oreskovic of Danville and Mr. and Mrs. Robert Stenzberg.

Several carols were sung by the audience, accompanied by the direction of Mrs. Dystrop. The program accompanied was Mrs. Don Gillogly and the play assistant was Ken Koerner.

MR. AND MRS. CARL ADAMS Jr. and family of Berwyn are spending the last spring here in Syracuse, N. Y.

For many years the bulk of salt made in the United States was taken from the salt springs near Syracuse, N. Y.

Editors Vote Sputniks '57's Top Story

By JOE WING
General Editor, AP Newsfeatures

Two metal moons lobbed into outer space by Russia made the biggest news of 1957.

Their breaking of the gravity barrier has been adjudged the year's outstanding event by the nation's top news editors in The Associated Press' annual poll.

The Russian achievement has had broad consequences. While the United States insisted it wasn't racing satellites, the launching quickly proved a propaganda victory for Russia. It was even likened here to a second Pearl Harbor.

SOON PRESIDENT Eisenhower assured America it was still ahead in overall military strength, appointed a science coordinator, gave priority to the whole missile program. As the realization sank home that the beep-beep from space symbolized vast technical developments in Russia, there was soul searching by Americans on their educational and military set-ups.

When Sputnik II stole a second march on the world, however, the Russians themselves were surprised because the Western man-on-the-street turned his attention largely to the doomed dog that traveled the silent skies to a lonesome death within the half-hour.

A close second on the editors' list of biggest news events was the Little Rock story.

Although a large number of schools were desegregated in the South last fall in line with the Supreme Court decision, trouble in a few spots, and in Little Rock most of all, cornered national interest.

AT LITTLE ROCK, Gov. Orval Faubus threw Arkansas national guardsmen around Central High School to "maintain order," after a federal court ordered all persons to refrain from interference with proposed integration of the school. The guardsmen turned away nine Negroes scheduled to enter the school but were withdrawn after three weeks under court order. When the nine did enter school a riot occurred despite police efforts. Then federal troops were rushed in by presidential order. While this move insured places for the nine students in the erstwhile white school, it also spread bitterness through the South and stirred up political currents yet to be measured. "We are an occupied territory," asserted Faubus.

The third big story was the swift rise of Nikita Khrushchev in Russia. Outpacing even Stalin in his prime, Khrushchev first outmaneuvered a cabal in the central committee and banished such veterans as Molotov and Malenkov from the party's ruling Presidium. Then, only three months later, he handed walking papers to no less a national hero than Georgi Zhukov, the defense minister, who had backed him in the previous crisis. The charge: Zhukov was seeking personal power.

DAVE BECK and James R. Hoffa of the 1,300,000-man Teamsters' Union starred in the congressional hearings on racketeering that placed fourth among the year's top news events.

In two days Beck, the union president, invoked the Fifth Amendment, more than 200 times under questioning on assertions of irregularities, including one that he took more than \$200,000 in teamster funds.

Under indictment for income tax evasion, he left the hearings resolved to seek reelection and vindication, but later bowed out.

His heir apparent, Hoffa, also called before the committee suffered loss of memory at critical points. He admitted riving in as sociating with "bums and criminals," said he would clean up the union when he headed it. His election came off as scheduled but a

AMERICA was warning right back against Russian intervention. There were appeals to the United Nations, a U. S. airlift of tanks to Jordan, Turkish maneuvers, an Egyptian troop movement to Syria. And then Khrushchev barged into a Turkish diplomatic party and said, in effect, to forget it, there would be no war.

Other top stories, in the order the news editors placed them: Hurricane Audrey. Most devastating since the northeastern storm of 1938, its tidal wave swamped the southeastern corner of Louisiana. Dead and missing numbered 530, property loss 40 million dollars.

The President's mild stroke. This story broke after some ballots were in the mail and most editors had to assess it while it developed. The story caused dodos in the stock market, as was the case in previous presidential illnesses in 1956 and 1955, and smoked up once more the issue of establishing succession procedure for an ailing president in case of necessity.

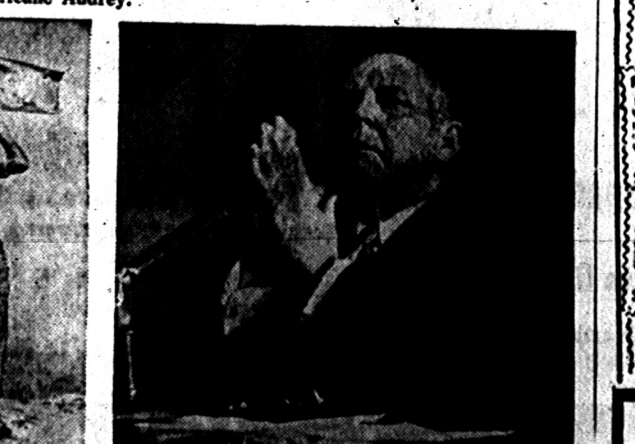

THE ASIAN FLU. An epidemic that swept out of Hong Kong to engulf the Far East and then America was notable for its low death rate, its 12 million U. S. victims and the fact that a vaccine was developed and manufactured in a matter of months to help keep it under control. Still unanswered: whether it would return later in the more virulent form.

The Girard case. A young Illinois soldier in Japan, William C. Girard, shot and killed a Japanese woman on a target range and became an international issue. America won good will by turning him over to a Japanese court which convicted him of manslaughter and gave him a suspended sentence.

Civil rights bill. The first civil rights bill passed by the U. S. Senate in 82 years, a comparatively mild measure, was enacted despite

YELLOW SPLIT PEA SOUP WITH FRANKS
Ingredients: 1 1/2 cups yellow split peas, water, 1 medium-sized onion (cut in thin strips), 1 carrot (sliced), leafy tops of 3 celery ribs (chopped), 1 1/2 teaspoons salt, 1/4 teaspoon peppercorns, 2 whole cloves, 2 whole allspice, 1 bay leaf, 1/2 pound frankfurters.
Method: Wash split peas in cold water and drain; cover with 1 quart cold water and soak overnight. Next day drain and add enough water to soaking liquid to make 1 1/2 pints (6 cups). Put water, split peas, onion, carrot, celery, salt, peppercorns, cloves, allspice and bay leaf in a kettle. Bring to a boil, simmer 1 1/2 hours. Put through a food mill or press through strainer. Slice frankfurters into rounds; add to soup. Simmer about 10 minutes to blend flavors and heat franks. Soup will be thin. If thicker soup is liked, refrigerate overnight and reheat next day. More salt may be needed but do not add until franks have been simmered in soup because they add seasoning.

Kiss-Tell On New Year's Eve

By CECILY BROWNSTONE
Associated Press Food Editor

How about a kiss-and-tell supper on New Year's Eve? You can make a Kissing Ball for your buffet table and then tell your guests how you prepared the utterly delicious main dish by typing out the recipe as a New Year's gift. Have copies for the men, too—some of them are bound to be amateur chefs and will be both flattered and interested.

The beef-and-mushroom main dish may be prepared ahead and reheated shortly before the midnight supper. To accompany it, cook converted-type rice ahead; when you are ready to serve, cover it with boiling water, allow it to stand about five minutes, then drain.

Add a salad of endive, other crisp greens and black olives. You can arrange these ingredients attractively in your salad bowl, cover tightly and refrigerate. Just before serving, toss the salad with a dressing of olive oil, white wine vinegar, salt and freshly-ground pepper. Cheese sticks can accompany beef and salad. For dessert you need nothing more than holiday cookies and cake and lots of good strong coffee.

To make the Kissing Ball, you'll need a package of 8-inch silver foil plates, a stapler, a staple, a package of flameproof confetti, narrow ribbon and artificial or real mistletoe. Bend each of the six plates in half, silver-side in; arrange plates back to back to form a ball with folded edges together at top and bottom close to folds. Brush edges of plates with paste and white still damp, sprinkle with confetti; press confetti down slightly and shake off excess. Tie ribbon bows and sprigs of mistletoe at center edges of plates and a ribbon loop at the top for hanging.

BEEF AND MUSHROOM DISH
Ingredients: 2 pounds beef round steak (cut in 1/2-inch thick slices), 1 teaspoon salt, 1 teaspoon monosodium glutamate, fat for browning, 3/4 cup water, 1 bouillon cube, 1/2 teaspoon tabasco, 1/4 teaspoon dried crushed oregano, 1/16 teaspoon nutmeg, 1/2 pound mushrooms, 1 tablespoon finely chopped onion, 1 cup butter or margarine, 2 tablespoons flour, 4 cupcooked rice, Brazil nuts, extra parsley.

Method: Sprinkle beef with salt and monosodium glutamate; cut meat into 1/2-inch strips. Brown meat, a small number of the strips at a time, in a small amount of hot fat. Add 2 1/2 cups of the water, bouillon cube, tabasco, oregano and nutmeg. Cover and simmer until meat is tender. Chop mushrooms; cut up any large mushrooms in quarters or eighths; leave smaller ones whole. Add mushrooms, onion and 1 tablespoon minced parsley in butter about 5 minutes; add to meat mixture. Blend flour with remaining 1 cup cold water; add to meat and cook, stirring constantly, until slightly thickened. Serve over rice. Garnish rice with toasted Brazil nut slices and sprinkle with extra minced parsley. Makes 8 servings.

Schedule Adult Farm Classes For Forrest School

FORREST (JNS) — The adult farm class schedule for Forrest has been announced by Patrick Gallivan, vocational agriculture instructor at Forrest-Strawn-Wing High School.

The sessions will be held in the agricultural shop of the high school and will start at 7:30 p.m. The first session is scheduled for Jan. 8 and will be a study of farm machinery. Information will be supplied by the Collins-LaRochelle firm of Chastaworth. The Jan. 15 topic will be on new developments in seed corn and oats by the Pike Co.

On Jan. 22, the lesson will be given by Al Sommers, county ASC manager. The topic will be policy of the Agricultural Stabilization and Conservation program. Animal disease will be discussed Jan. 29 by a veterinarian.

On Feb. 5, Dick Herrm of the Peria Stock Yards will discuss livestock marketing. Crop production will be discussed on Feb. 12.

Fertilizers will be discussed by Jerry Lyons, Pontiac, a representative of Sieve-Turner Fertilizer and Farm Seeds on Feb. 26. On Feb. 27, a farm management lesson will be presented by Keith Amstutz, field man in the Farm Bureau Farm Management Service.

On March 6, Earl Spurrier of the University of Illinois will present the lesson on chemical weed control. On March 13, the subject will be feeding of beef cattle. Max Smith of Hoeniggers and Co., will be the speaker.

The classes are open to anyone interested and are free of charge.

SILVER-FINISHED PAPER PLATES can be used for eating and for making a Kissing Ball for your New Year's Eve prepare-ahead supper.

Chastworth Pupils Perform Before Capacity Audience

CHASTWORTH (JNS) — The pupils of the grade and parochial schools performed for the largest audience ever assembled in the Chastworth gymnasium on Tuesday evening when they presented their annual Christmas program.

Nearly 100 participants from St. Peter and Paul's School presented a variety of songs, plays and skits. The Story of Christmas, Boys of grades 5 and 6, bearing battery-powered candles, formed the candlelight procession. Grades 5, 6 and 7 gave a choral recitation of the Christmas story.

Sister Narcissa accompanied the children. Other teachers assisting were Sisters Lina, Willetta and Corolla Marie and Mrs. Alois Reising. Children from the public school presented a play, "Mother Goose Brings Christmas to the Woman in the Shoe." The principal characters were Jane Mullins as the old woman in the shoe and Sue Flessner as Mother Goose. Groups of famous nursery characters, played by students in grades 1 through 3, recited, sang and brought gifts for the children of the Woman in the Shoe. This part of the program was directed by Mrs. Noble Pearson, Mrs. Orman Brown, Mrs. Vendell Sanders, Miss Anna Weller and Miss Florida Baerle. Mothers who assisted with costumes were Mrs. Albert Hoenigger, Mrs. Gene Hand, Mrs. Charles Costello and Mrs. Ralph Harvey. The stage setting was handled by Ralph Winkle.

"Santa Claus Shows Christmas in Other Lands," was presented by children of grades 4, 5 and 6. Mrs. Pearson directed and accompanied this group and was assisted by Mrs. Karl Weller, Mrs. Lee MacPheer and Miss Grace Nickas. Mothers making costumes for the children were Mrs. Howard Diller, Mrs. Raymond Wallich and Mrs. Doreen Henrichs.

Grades 7 and 8 presented "An Alpine Christmas." The Swiss family was portrayed by Don Gerdes, Grace Ann Richard and Mary Hiesing. The story was narrated by the boys of the two grades were shepherds and the girls formed the church choir. Assisting Mrs. Pearson in training the pupils were Mrs. Elizabeth Wallich and Mrs. Virgil Calkin. Mrs. Milford Irwin and Mrs. Hugh Taconi helped with the costumes.

Following the program, Santa Claus distributed more than 600 sacks of treats. Mrs. Burrell Watson, Mrs. Traeger Rosenboom, Mrs. Herbert Knoll, Mrs. Francis Wallich, Mrs. Robert Danforth and Ralph Winkle asked the treats.

In 1851 Dr. Hermann Helmholtz, a German philosopher and scientist invented the ophthalmoscope which enables a doctor to see the interior of a living eye.

Kempton Sailor Visits Parents

KEMPTON (JNS) — Ronald Kelly arrived home Friday to spend his leave with his parents, Mr. and Mrs. John E. Kelly.

Kempton has been stationed at the Naval Hospital, Chelsea, Mass. At the end of his leave, he will be transferred to Puerto Rico.

Mrs. Kelly and Mrs. Glen Caya and daughters, Janice and Gloria, who had been stationed on the Azores, will visit their parents. Mr. and Mrs. Harry Caya and Mr. and Mrs. Godfrey Nelson, Caya will be transferred to a base in the States. Lt. Cmdr. and Mrs. J. S. Stewart and son, John Patrick, who was stationed at Fargo, S.D., arrived Sunday to visit the former's parents, Mr. and Mrs. H. Frank Stewart, and other relatives.

Mr. and Mrs. Joe Angliman left Sunday for Charlottesville, Va., where they will spend the holidays with the David Eagenbergs. Mr. and Mrs. Carol Staller and children left Sunday for Cape Girardeau, Mo., where they will visit relatives.

Mrs. H. J. Staples and daughter of Hammond, Ind., and Robert Northrup of Lansing were Sunday visitors in the home of Mr. and Mrs. John Northrup.

Miss Joan Weaver, who teaches at a grade school in Bantoul, is spending the vacation with her parents, Mr. and Mrs. Roy Weaver.

Buckley Window Decoration Contest Winners Named

BUCKLEY (JNS) — Windows decorated by local students in the business district were judged Saturday afternoon.

First place was awarded to Kenneth Lennington and Gordon Strauss for the manger scene on the window of the Lietz Ace Hardware.

Second prize went to Tommy Schumacher for a religious scene on the Bradshaw Real Estate office window.

THE DAY AFTER CHRISTMAS

'Twas the day after Christmas
And all through the house
Went a sigh of relief
'Tween husband and spouse.

The stockings which hung
By the chimney with care
Long since had been emptied
And tossed down the stair.

A beat husband forced
A wavering smile.
"Look honey," he groaned,
"Let's relax for awhile."

His busy wife chuckled.
"Sure, Buster," she said,
Then proceeded to give him
The sad news instead.

She produced from the desk drawer
A bundle of bills
For presents and doodads,
Decorations and frills.

"Tighten your belt, sir,"
She quipped with a grin.
"The rocky road back
Has begun to begin."

The shocked husband shuddered.
"What horrible news . . .
The Day After Christmas
Brings untold abuse."

The wife, deep in thought,
Ignored her mate's sorrow.
She had a plan figured.
She'd start it tomorrow.

"We're back to earth, mister,"
She said with conviction.
"We'll save as we spend . . .
That's no contradiction."

The husband, all shook up,
Seemed puzzled and pained.
He stared at her blankly.
She, with patience, explained.

"As I see it," she told him,
"The way to save dough
Is to spend your buck where
You got something to show."

Gift Candy With A Personal Touch

By MARY JEAN HOUBE

Candy as a present?

Mrs. Edgar Stadi of Grant Park enjoys making candy for holiday gifts and finds it an inexpensive but satisfying present. Her friends enjoy it too and highly recommend Mrs. Stadi's recipes and know-how.

A regular recipient of the Stadi candy is son Wayne, 23, serving with the Navy at Alameda, Calif. The other children are Barbara, 16, Roger, 14, Bill, 12, and George, 8. There are two grandchildren. Mrs. Stadi is a PTA member in Grant Park.

Mrs. Stadi recommends all of the following recipes but her favorite is the English Toffee, (pictured).

English Toffee

Place 1 cup granulated sugar, 1/2 pound butter or margarine (or half and half) and 3 tablespoons water in saucepan.

Cook for 10 minutes or until brown, stirring constantly to prevent burning. Add 1 teaspoon vanilla.

Pour in a thin layer in buttered pan. Lay 3 plain chocolate bars across hot mass, and spread them evenly.

While still warm, sprinkle 1/2 cup chopped pecans over top. Cool and then break into pieces.

Divinity

3 cups sugar
1/2 cup light corn syrup
1/2 cup cold water
2 egg whites
1 teaspoon vanilla

Place sugar, syrup and water in pan over low heat, stir only until sugar is dissolved. Then cook until a little tried in cold water forms a soft ball. Beat egg whites until stiff. Continue beating and pour 1/2 the syrup slowly over the beaten egg whites. Continue beating while cooking the rest of syrup until it forms a hard ball. Gradually add to egg mixture. Add vanilla.

Five Pound Candy

8 cups white sugar
1 large can evaporated milk
1 small can evaporated milk
1 bottle white syrup
1/2 pound butter (or margarine)

Peanut butter and cook until a soft ball can be formed. Cool a little and beat.

Marshmallow Fudge

Grease a pan measuring about 9 inches square. Mix in a heavy

Conduct Meeting Of Woman's Club Friday In Forrest

FORREST (JNS) — The Forrest Woman's Club met Friday night in the Methodist Church.

Mrs. Louis Tharp was welcomed as a new member. During the business meeting, the club voted to contribute \$2 to state club projects and \$1 donation to the Indian scholarship fund.

The club also planned gifts for local welfare projects.

The program, "The Strange Christmas Dinner," was given by Mrs. Ernest Merfield.

Mrs. Clark Stanford gave the meditation on "Christmas." A gift exchange followed the program.

Hostesses included Mrs. William R. Metz, Mrs. Arthur Shambrook, Mrs. Robert Cummings, Mrs. L. R. Thompson and Mrs. Reuben Metz.

Cabery Students Home For Holidays

CABERY (JNS) — Miss Patsy Sadler, student at Illinois State University, and Gene Fenton, Darrell Dorett and Ronald Kooritz, students at the University of Illinois, are spending the holiday vacation at the homes of their parents.

PFC. AND MRS. Milton Bauerle of Linton, Okla., are visiting in the At-Hanson and Mrs. Verna Bauerle homes.

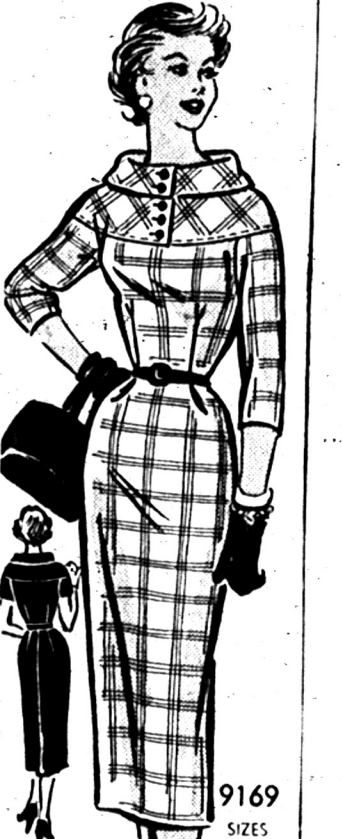

Pvt. Paul Lovell arrived home Saturday morning from Ft. Carson, Colo., to spend the holidays with his parents, Mr. and Mrs. Alvin Lovell, after which he will report to Ft. Dix, N.J., for duty overseas.

Bring to a bubbling boil quickly, stirring all the time. When bubbles appear all over the top, reduce to medium heat and stir 5 minutes.

Remove from heat and add 1 package semi-sweet chocolate pieces. Stir until chocolate is completely melted and blended into mixture.

Pour into greased pan. Cool thoroughly. Cut into 1 1/2 inch squares. Makes 3 dozen squares or 2 pounds.

Welsh Rabbit Enlivens New Year's Eve Buffet

By GAYNOR MADDOX, NEA Food and Markets Editor

At the witching hour, when 1948 comes over the line, with family and congenial friends around you, toast the New Year with hope and courage.

And don't overlook the importance of a New Year's Eve buffet—simple of course, but satisfying and appropriate. You may want to spell out "Happy New Year" with the table with condiments or cut-outs, or else attach glitter-sprayed numerals to candles with the magic combination "1948."

A Welsh rabbit made in a chafing dish—bubbly, flavorful and substantial—served on hot toast, a refreshing salad bowl, cold drinks and then later coffee plus cake if you wish—and 1948 will be off to a good start.

Welsh Rabbit (Yield: 6 servings)

One tablespoon butter, 1 pound Cheddar cheese, grated (4 cups), 1/2 cup ale or beer or milk, 1 teaspoon Worcestershire sauce, 1/2 teaspoon dry mustard, 1/4 teaspoon hot pepper sauce, salt to taste.

Melt butter and cheese in double boiler or chafing dish over hot, not boiling water. As cheese begins to melt, gradually stir in ale or beer, or milk. Cook only until smooth and hot. Stir in seasonings. If desired, sprinkle with paprika. Serve with hot toast points.

Buffet Salad Bowl (Yield: 6 servings)

One grapefruit, 1 avocado, 6 stalks endive, 1 half head escarole or other salad greens, French dressing.

To section grapefruit, cut off top in strips from top to bottom, cutting deep enough to remove white membrane. Cut along side of each, dividing membrane from outside to middle of core. Remove section by section over bowl to retain juice. Peel and cut avocado in wedges. Cut stalks of endive quarters. To arrange in salad bowl, make separate piles of grapefruit sections, avocado wedges, endive and escarole to form colorful pattern. Serve with French dressing.

NEW YEAR'S EVE BUFFET SUPPER: Sautéed nuts, olives, potato chips, pretzels, Welsh rabbit on hot toast, salad of avocados, grapefruit sections, endive, escarole, French dressing, chilled bottled drinks, chocolate, coffee, tea, milk.

Home Bureau Unit Of Campus Holds Christmas-Meeting

CAMPUS (JNS) — The Home Bureau unit held its annual Christmas meeting last week in the home of Mrs. Nellie Scott.

A letter of resignation from Mrs. Joseph Christensen was accepted. Mrs. Fred Hild reported that the home adviser, Mrs. Grace Wepner, has resigned, effective February 1.

Group 2 served a potluck dinner at noon. The lesson, "Your Hair, Your Hat and Your Neckline," was given by Mrs. Joe Kelly.

Mrs. Leo Pefferman had charge of recreation, which included a gift exchange. Mrs. Glenn Thomas and Mrs. Vernon Ahern were hostesses at the January meeting in the legion hall, Zionington.

Mrs. Cullen of Flanagan discuss cancer.

Chatsworth OES Holds Yule Party, List Committees

CHATS WORTH (JNS) — Thirty-five members attended the Christmas and Yule party of the OES of the Eastern Star in the Masonic Hall.

Miss Nellie Ruppel and Clarence Bennett presided.

The following committees for the new year were appointed:

Mrs. H. A. Kohler, Mrs. K. R. Porterfield and Charles Costello, eligibility; Miss Nellie Ruppel, Mr. and Mrs. Virgil Ferren and Mrs. John Dale, finance and auditing; Miss Agnes Gierich, Mrs. Arthur Netherthorn and Miss Florence Hitch, first examining; Robert Penwith, Mrs. Henry Hornickel and Mrs. Nellie Shafer, second examining; Mrs. Robert Koehler and Miss Nellie Ruppel, visitation; Mrs. Charles Costello and Mrs. Lloyd Shafer, flower and card; Mrs. Clarence Bennett, Arthur Walter, Mrs. Nellie Shafer, second examining; Mrs. Robert Koehler and Mrs. Ray Marr and Lloyd Shafer, relief; Mrs. Lloyd Shafer, special publicity; Mrs. Richard Deputy, chapter courtesy; Arthur Netherthorn, special transportation; and Miss Agnes Gierich, Christian Welfare.

Following the business meeting, Christmas carols were sung and a gift exchange was conducted with Mrs. Charles Costello in charge. Refreshments were then served by Mr. and Mrs. Elden Cole, Mrs. Howard Diller, Mrs. Howard Diller and Mr. and Mrs. Stanley Hill.

Mrs. Carl Miltstead and Mrs. Alfred Hilt were in charge of the decorations for the evening.

Chatsworth Cub Scouts Receive Awards At Party

CHATS WORTH (JNS) — Cub Scouts of pack 85 met last week in the high school cafeteria for a Christmas party.

Awards presented by Cubmaster Karl Wellet were as follows: Pat Somers, two-year pin; Dennis Costello, wolf badge; Joe Thompson, two silver arrows; John Thompson, two silver arrows; Dennis Costello, two silver arrows; Howard Diller, two-year pin; Kevin Murphy, bear badge; gold arrow, six silver arrows; Danny Keen, three silver arrows; Terry Weller, four silver arrows; and Gerry Weller, three silver arrows.

He also made the presentation of the Cubby attendance award to den 4.

Following the playing of games planned by den 5, Santa Claus made an appearance, with treats for the children and a collapsible plastic cup for each pack member. Gifts also were given to the Cub Scouts by their den mothers. The Cub Scouts in turn gave their parents gifts made at recent den meetings.

The finale of any stage show or opera is usually an extravaganza of color and costume. December 31st is another day which rings down a final curtain, too. It's the finale of the year 1957. You can just bet December 31st is an extravaganza... from New York to California and Seattle to Florida. With the hilarity, noise, etc. of the New Year's celebration, it's wise, if you're the hostess, to plan on serving a simple mid-night snack.

Your guests will not be afraid to make hearty sandwiches when they are presented with the fixings of cold slices of rolled rib roast, an onion-sour cream meat topping, French and rye bread and plenty of hot coffee.

Preparing this roast before the party should make a hit with any cook. It is also a meat cut that'll

Ham, Turkey Featured On Holiday Menu

By THE ASSOCIATED PRESS
Ham in a variety of styles and turkey in a variety of sizes will grace dinner tables and holiday parties in many American homes this weekend, judging by the offerings of the nation's supermarkets.

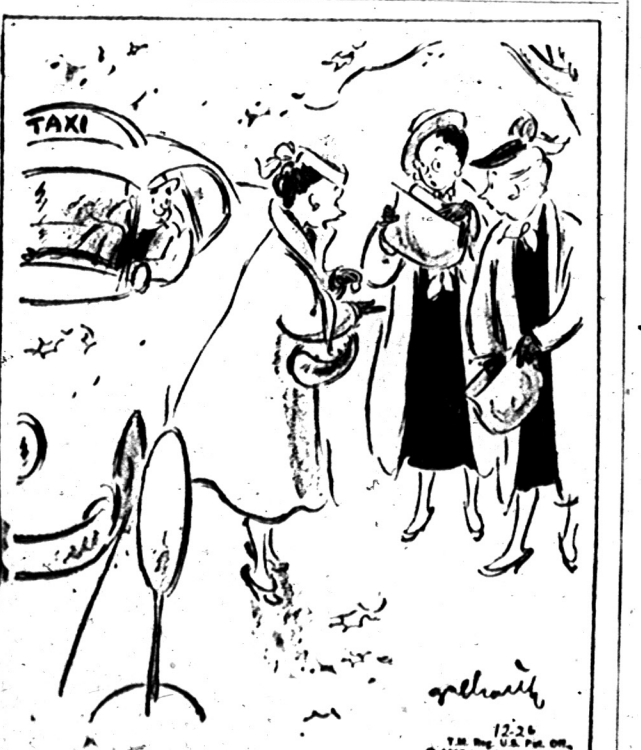

Ham's versatility and good taste cold as well as hot make it attractive for all types of entertaining. Turkey is popular for much the same reasons, which accounts for repeat offerings right after Christmas.

This week you can get turkeys in sizes ranging from the less-than-pound Beltsville variety all the way to 24 pounds or more. As usual, prices run inversely to size with the scale about the same as last week in most places.

ALTHOUGH MOST vegetables shipped from Florida are higher than normal because of the recent freeze there, the housewife can get outstanding buys in cabbage, potatoes and onions in areas where the staples are not available from nearby fields. Good buys are available in Western iceberg lettuce, Idaho potatoes and Spanish-Type onions.

If you like collards, kale, mustard greens and turnip tops, these "greens" also are attractively priced.

California oranges and lemons are cheaper this week, bringing them into the reasonable buy level, market men say. Florida citrus, because of the freeze and subsequent embargo, is still expensive but at least prices are no higher than a week or two ago. Like exotic fruits? If you do, the first Hawaiian papayas of the season are coming to market now, along with a few from Florida. Avocados also are reasonably priced.

"Well, that makes \$1.35 we've got between us—I'll just write him a check for the 40-cent balance!"

Will High Tolls Hurt Seaway?

CLEVELAND, Ohio (U.P.) — Bright hopes are mingled with vague worries in port cities on the Great Lakes, getting ready for the opening of the St. Lawrence Seaway in 1959.

The shallow sections of the waterway are being scooped out to make them much deeper. When the gigantic job is done, cities on the lakes will, in effect, become seaports — if they have what it takes.

An exhibit in the lobby of Cleveland City Hall sums up the significance of the way.

MORE THAN 90 per cent of the world's merchant ships will be able to navigate the seaway.

The chief concern along the Lakes is about the tolls which will have to be paid. The worry on that point, necessarily, is vague because the rates won't be fixed until early next year.

There are other questions for sober contemplation: How much toll will develop? How will it be distributed? Will it be ready to hand's bigger ocean freighters?

Some ports are building. A survey by The Associated Press showed that, in all, cities on both sides of the Canadian border have invested more than 100 million dollars in harbor improvements.

During the 1956 shipping season, 9,137,000 tons of that one went by sea to Philadelphia, Baltimore and some European ports, and 1,836,000 tons went to Great Lakes ports.

Atlantic port cities, which have made plump profits in handling shipments to and from inland cities, are watching the seaway with some uneasiness.

At every stop in a 2,000-mile tour of the St. Lawrence-Great Lakes territory, there was proof: seaway? The only answer, just now, much trade will come over the sea.

"Just the same, for a guy that's gotta shell out \$55 a day for this layout he don't look bad!"

Blacksmith Says He Killed Man Year Ago

COLUMBUS, Ohio (U.P.) — Police today checked the story of Donald Mack, 30, conscience-stricken blacksmith from Phoenix, Ariz., who confessed the "murder" of a drinking companion here last January.

HE SAID HE slugged one of the men. Mack, who said he "couldn't sleep" for a year until his confession to a minister at a downtown Christmas Eve service here, told police he came here from Phoenix in January looking for work.

He said he went on a drinking spree with two companions sometime between Jan. 15 and Jan. 17 during which an argument developed.

50 Families Flee Carmi Flood

Three men use a boat to move household possessions to higher ground at Carmi when the Little Wabash River overflowed its banks forcing about 50 families to abandon their homes. Flood by heavy rains which followed recent off-season tornadoes into the area, the river was expected to crest at 34 feet tonight. (Unfax)

Are Communists Threatening Again?

GUATEMALA — Guatemala makes another try at regaining political stability in elections Jan. 19, but a split between the moderate and the Conservatives may open the back door to an active leftist party. Many observers expect violence no matter what the vote count shows. Once communism's headland in Central America, this strategically located republic has been in political ferment since the assassination last July of President Carlos Castillo Armas, who kicked out the Communists in a 1954 coup.

THE COUNTRY was ruled by the Castillo government until the Oct. 10 elections, in which leftists were kept off the ballot. The government party, the Nationalist Democratic Movement, then claimed an overwhelming victory for moderate Miguel Ortiz Passarelli. But his Conservative opponent, Gen. Miguel Ydigoras Fuentes, claimed fraud. Riots brought a military junta to power briefly and forced Congress to identify the Communist Party.

Now Guatemala will try again to elect a president. Ydigoras again is on the ballot representing the Conservative interests. The MDN has put up Lt. Col. Jose Luis Cruz Salazar, former ambassador to Washington. Col. J. E. Ardon, former manager of the national lottery, is running as a lone wolf with negligible backing. But this political unknown may siphon off even more anti-Communist votes from any united front.

There is no candidate with government backing, which often comes heavily in Latin-American elections. FACING this split in the anti-Communist ranks is Mario Mendez Montenegro of the Leftist Revolutionary party. Observers doubt that any of the major candidates can gain the necessary majority. This would leave Congress a choice between the two front-runners.

During the campaigning more than a dozen figures in the Communist-aided regime of President Jacobo Arbenz Guzman have returned from exile either voluntarily or by force. The blast tore out the top of the vault, and the ceiling above it, shattering windows on all sides of the two-story building were shattered.

Firemen said a leaky line apparently permitted the natural gas to accumulate in the floor of the building's second story immediately above the vault, which was at the rear of the bank quarters. Two large plate glass windows on the west side of the building were hurled 60 yards across a street and parking lot into an alley.

Two women employees suffered flash burns about the face and arms. Mrs. Norma Stewart and Miss Marilyn Haber, who had arrived ahead of other employees, suffered the burns. The explosion occurred about 7:30 a. m.

Reds Offer Economic Help To Afro-Asians

U.S. Spent \$17 Billion Since 1946 On Missiles

Figure Jumped From \$70 Million To \$4.6 Billion In 11 Years

WASHINGTON — The United States has put more than \$17 billion into research, development and production of missiles since it began work on them during World War II. All but about half a billion dollars of the total has been programmed since the beginning of the Korean War in 1950 set off the rearmament program.

Congressional committees are investigating or preparing to investigate the whole missile program. They will try to determine whether the Pentagon has been diligent in spending the money provided by Congress and whether it has had enough funds.

Figures made available at the Pentagon today show that \$17,780,000,000 has been assigned to missile programs since "fiscal" year 1946 and prior. The figure includes an estimated \$4,630,000,000 for the fiscal year, but does not take into account an extra billion dollars which Secretary of Defense McNamara said he will ask Congress for.

A DEFENSE Department summary said the total includes "the cost of bringing guided missile weapons systems to an operational status, research and development, production facility expansion and testing, procurement, contract and military overhead to support missile testing and certain construction costs for research and development."

It does not include such items as the cost of running operational sites, like those for the Nike anti-aircraft missile. From the time the services began analyzing captured German missiles late in World War II and studying development of their own weapons through June 30, 1946, the total missile program amounted to about 70 million dollars.

During the 1947 fiscal year ending June 30, 1947, the outlay was \$8 million dollars, then started climbing on Page 6, Column 1

Delegates Resume Attacks On West

CAIRO, Egypt (AP)—The Soviet Union today offered large-scale loans and economic assistance to all African-Asian nations; and in effect called upon them to nationalize foreign enterprises.

The offer of aid was made in the Russian delegation's economic report to the Afro-Asian conference which opened Thursday with all most every speaker lambasting Western "imperialism" and echoing standard Communist themes. About 400 delegates from 38 countries and colonies are attending the nongovernmental conference.

UNVEILING WHAT may be the big 1958 Communist offensive against the West in Asian and African countries, the report made this approving comment on nationalization in Western business: "We remember the experience of Egypt in nationalizing the Suez Canal and using the profits for the benefit of the Egyptian people. Egypt, Indonesians are now emulating the same path. Indonesian patriots are now fighting to nationalize Dutch banks and other enterprises."

Informed sources had given the gist of the report even before it was made. "We are prepared to help you as brother, brother, without ulterior motives," the sources quoted the report as saying. "Tell us what you need and we will help you and send, according to our economic possibilities, money needed in the form of loans or aid."

The report was said to claim that Russia had the potential to build for you institutions for education, education and hospitals. "We can send economists to you or you can send economists to us. 'Red Carnation' Slayers Sought

WASHINGTON (UP)—Two men killed a bar owner and a musician after an argument over their bill early today and then fled southward, kidnapping three persons and switching cars. The killers, one wearing a red carnation, made their getaway for their way into a car in which they fled.

Larry Monteith, 21, of South Farm, N.D., and Miss Doris Mattingly, 19, were parked. They released Miss Mattingly unharmed outside a bus terminal at Richmond, Va. Then they drove to Alberta, Va., about 15 miles north of the North Carolina line. There they took Monteith in the trunk of his own car, stopped a black Cadillac driven by a man and forced him to drive them away.

A general police alarm was broadcast throughout the south-eastern states for the "armed and dangerous" gunmen. The police said the killers entered the Jo-De restaurant here about 10 o'clock Thursday night and drank two bottles of whiskey. An argument developed over their bill, which came to \$20.

Police said the killers, one about 22 and one about 45, shot Kaldes to death at the door of the restaurant. They then shot and killed Monteith Harlan Fisher, 38, a hillybilly who was sitting at a table. Continued on Page 6, Column 1

French Act To Stabilize Government

PARIS (AP)—Party leaders in the French Cabinet turned today to their National Assembly support group to back a plan to curtail the nation's chronic Communist crisis.

Premier Felix Gaillard's Cabinet, which represents the major center parties, approved the three proposals in the plan Thursday. Only the Catholic Popular Republic Movement has already given its support.

The proposals would prohibit deputies from introducing bills to cut taxes or boost expenditures; give functioning governments the right to dissolve the Assembly and seek support for their policies in a nationwide election; and make it harder to turn cabinets out of office.

THE KEY measure is the last one. Instead of voting on confidence in the government, the Assembly would vote on whether to censure the government. If it censured the government, the government would stay in office. If no motion is introduced, the bill under consideration would be passed automatically.

This way an alternate majority to provide a new government would have to be built out of a cabinet could be turned out. In the past a minority of deputies have usually brought down a government without offering any basis for a new one.

WASHINGTON (UP)—President Eisenhower left for his Gettysburg farm today for a week of rest and work on his State of the Union and budget messages to Congress. The President was accompanied by Mrs. Eisenhower on the 80-mile drive, which takes about two hours. They probably will stay on the farm until Jan. 2.

The President took along a heavy load of papers, including a letter dealing with domestic and world problems for which he must seek solutions.

Plan New Year's Day Air Patrols

SPRINGFIELD (AP)—State Police Chief William Morris said today that he has ordered expansion of aerial patrols to check on highway speed during the New Year holidays.

Planes manned by state troopers were used extensively during the Christmas holidays, Morris said. The Illinois traffic death toll in the aftermath of holiday travel during the New Year holidays, he said, was "exceeding the speed limits."

Three State Aeronautics Department planes will be in the air Saturday, Sunday, Tuesday and Wednesday. The Illinois traffic death toll in Luxembourg will go into effect 2:05 this morning, Morris said. It will throw a single traffic jam compared with 2:03 for the same period last year, a 2 per cent drop.

Lebanese Complain At Miserly U. S. Aid

BEIRUT, Lebanon (AP)—Some Lebanese deputies were reliably reported today to have complained of what they called miserly American economic technical aid to pro-Western Lebanon.

The complaint was raised at a meeting of the Foreign Affairs Committee of the Lebanese Assembly. Malik was said to have told the committee Lebanon can get more aid from this country of 1½ million U.S. aid but must present well persons. In addition, the United States has given Lebanon military thought out plans for using it. States has given Lebanon military aid.

A COMMITTEE member said assistance. During the past few months Russian aid has been promised to provide economic aid to Lebanon with the economic aid to Lebanon with the amount of aid given by the United States. The amount of aid given by the United States is \$13 million in economic aid.

Just how much Russian aid has been promised to provide economic aid to Lebanon with the amount of aid given by the United States is \$13 million in economic aid.
