### Gives In-Service Program

## Rating Program Helps Kankakee Teachers

Teachers, particularly new ones, are systematically rated in the Kankakee school system, although not for the purpose of giving additional pay to superior ones.

This teacher evaluation plan was pointed out today by Supt. Anthony Marinaccio in connection with the present general discussions of education.

The plan is part of the district's in-service training program to help teachers improve in areas where they have weaknesses. Dr. Marinaccio reported.

"It's also a way of pointing out strengths so teachers can exchange those strengths for improvement," he continued.

The district uses a form listing 42 specific items on which teachers are evaluated. It is entitled "A Guide To Teacher Growth."

Each teacher new to the Kankakee system is given a copy at the beginning of the year and asked to rate herself.

DURING THE FIRST semester, the school principal makes an evaluation of the new teacher on the same rating scale.

Principals confer with the teachers about their strengths and weaknesses. Approximately 60 per cent of principals' time is spent in helping both new and experienced teachers. Dr. Marinaccio said.

By this time each year, Dr. Marinaccio has had a conference with each principal about every new teacher in the system, as well as more experienced ones who are outstanding in who need help.

Under the Illinois tenure law, teachers joining a school system are on two years' probation before they go on tenure status.

"During the first year we screen out the ones who absolutely cannot perform satisfactorily, even with the help they have received for six months or more," Marinaccio reported.

The process is repeated during the second year.

"At the end of the second year, we feel that a teacher is unsatisfactory and can't be helped we recommend that they not come back. For some we recommend a third year of probation before going on tenure," Dr. Marinaccio continued.

A THIRD YEAR of probation is optional with the superintendent and board the beginning teachers, but not for teachers with previous experience in other systems, he pointed out.

"It is not a question of trying to fire teachers because it is difficult to find teachers to replace them," the superintendent added.

"The bulk of our staff consists of good teachers," he said. "If there is any question about an experienced teacher in any respect the principal goes to work through our rating guide or any other instrument—that is needed. Our whole point of view is to help the teacher and to work with him in an attempt for him to help himself."

The evaluation plan also enables outstanding teachers to be spotted and commended for purposes of personal and professional growth, Marinaccio reported. An appropriate notation goes into their records.

TEACHERS HAVE a tendency—especially the good ones—to rate themselves lower than their principals' are reported.

"Workers in any field always have some fear that ratings are going to be used against them," he said.

### Auto Supply Store Burns In Wilmington

WILMINGTON (JNS)—An early morning fire today gutted the interior of a store on this community's main street.

Brick walls and a metal ceiling confined the blaze to the Western Auto Supply store on Water street.

According to Wilmington firemen, who answered the alarm at 4 a.m., the store's interior was a total ruin. The exact amount of damage or the cause of the fire has not been determined as yet.

Tenants in an apartment above the store noticed the smoke keeping into their living quarters and called the fire fighters. Except for smoke damage, the apartment escaped the worst of the blaze.

Business places on either side of the store also escaped extensive losses from the flames.

The auto supply store is owned by Clifford Green and Thomas Green.

UNDER PERSONAL qualities are listed 14 items such as general appearance, self-control, friendliness, and tact.

Under administrative ability she is rated on such items as maintaining good order and discipline, businesslike manner in the classroom, accurate and prompt records and reports, care and economy with school supplies and property.

Under teaching ability, teachers are evaluated on the basis of knowledge of subject matter, skill in teaching children how to study, skill in questioning, in stimulating thinking, in organizing materials, in utilizing outside resources, in motivating and guiding discipline, in conducting drill exercises, in dealing with individual differences, in developing a wholesome classroom climate, and satisfactory progress made by his pupils.

There also is a place for an estimate of the teacher's efficiency in conducting a meeting of the Wilmington Howard Taft PTA at 7:30 p.m. Tuesday.

Panelists will include County Judge Irwin C. Taylor, judge for juvenile matters; John Frazer, a connector at East Junior High School; Edward Yeno, parole officer of the Illinois Youth Commission; and Joseph R. Williams, Kankakee school psychologist.

The panel moderator will be William Bieher.

### Texas Plant Blast Kills 3, 6 Others Hurt

BAYTOWN, Tex.—A thunderous explosion rocked the United Rubber & Chemical Co. plant near here Sunday, killing three men. Six others were injured, three seriously.

Flames shot 100 feet into the air following the blast. A plant official blamed it on butadiene gas, which is used in making synthetic rubber. Two of the dead were buried under tons of debris somewhere in the two buildings destroyed by the blast.

The blast, located on a 40-acre site about three miles from here, some 25 miles from Texas City, where a series of ship explosions killed more than 500 in 1947.

GORDON F. Harriman, one of 40 persons working at the plant when the blast occurred, said "I saw it blow right out the roof of those buildings. I blew the wind-blown right out the roof of both of our front door and threw me on the floor."

Piermen controlled the fire about an hour and a half later. The explosion was felt 12 miles away.

BRICK WALLS and a metal ceiling confined the blaze to the Western Auto Supply store on Water street.

According to Wilmington firemen, who answered the alarm at 4 a.m., the store's interior was a total ruin. The exact amount of damage or the cause of the fire has not been determined as yet.

### FRONTIER HERO BAGS GAME!

SALT LAKE CITY—A figure of a frontiersman at the base of a 7-foot-tall Young statue in Iroquois County, Ill., got an extra touch of realism when someone tied to the barrel of the frontiersman's long rifle a brace of freshly killed rabbits.

The French announced Sunday they had seized 150 tons of arms and ammunition from the Yugoslav cargo - passenger ship Slovenia after French naval units shelled the ship into Oran.

Estimated to be worth two million dollars, it was the biggest arms haul made during the 3-year-old Algerian rebellion.

Also, the same vessel was shelled after French naval units shelled the ship into Oran.

The Slovenian was bound for New York, with a stop at Casablanca. The French suspect that the arms were to be off-loaded at the Moroccan port and would have wound up in the hands of Algerian rebels who operate from eastern Morocco.

Both men have been endorsed by the Democratic State Central Committee.

Filing was unusually "light" all last week, even including the first day of the filing period, Jan. Monday when 399 candidates filed.

Jan. 25 is the deadline for withdrawal of candidates from the race.

Hunter's 18-man choir will appear in Kankakee Friday night during the second of the three season concerts sponsored by the Civic Music Association. The performance will include a sacred choral competition, a dramatic presentation of an opera-atorio, songs of the American Revolution and the music of Jerome Kern. Mezzo-soprano Carol Jones will be the featured soloist. The concert will be held in Kankakee High School auditorium at 8 p.m. Friday.

The program of classical and popular music features the 18-man choir directed by Ralph Hunter, Kankakee High School music teacher.

Hunter's diverse musical background includes preparation of sacred choral works by the Church and Verdi, and the late Arturo Toscanini and a six-year stint as a choral director with the Robert Shaw Chorale.

Miss Jones made four appearances in the "Cavalcade of Song," CM Program Friday.

Paul LeCoeur, operator of LeCoeur's women's apparel shop, said there was no foundation in rumors that the store had been sold to a chain organization.

Harry L. Topping, one of the owners of the Arcade Building, also denied reports that the building had been sold to a Chicago firm.

### It's Final Day For Primary Election Filing

SPRINGFIELD (UP)—A moderate "boom" in the number of candidates filing was expected today as the eight-day filing period for the April 8 primary came to a close.

One state official candidate, Elmwood Park School Supt. Gerald W. Smith who has the backing of Gov. Strickland and the Cook County GOP organization, the Republican organization for superintendent of public instruction, had yet to file.

State Rep. Louis E. Beckman, Kankakee, who also has the backing of Strickland and the organization, and former State Treasurer Warren E. Wright both have filed for the Republican nomination for state treasurer, which apparently will be the only statewide contest in the primary.

Both men have been endorsed by the Democratic State Central Committee.

Filing was unusually "light" all last week, even including the first day of the filing period, Jan. Monday when 399 candidates filed.

Jan. 25 is the deadline for withdrawal of candidates from the race.

### Runaway Plane Finally Crashes, 3 Children Hurt

NEW SMYRNA BEACH, Fla.—Three children were passengers in a runaway plane that bounced across the municipal airport Sunday and nosed down in a field near the beach.

The plane, a Cessna 441, was piloted by a man who was seriously hurt.

The father, Claude P. Collier, strapped them in the rear seat of a small plane preparatory to a ride with an instructor. Collier said he was checking the craft and was pulling the propeller around when the engine started.

Collier was knocked down as the plane left the ground at least twice, witnesses said, and was about 30 feet in the air when it crashed a ditch at the end of the field just before crashing.

The children—Claude, 10; Fred, 9; and Linda, 7—were from the wreckage. Linda was admitted to a hospital for observation. The boys received scratches and bruises.

Paul LeCoeur, operator of LeCoeur's women's apparel shop, said there was no foundation in rumors that the store had been sold to a chain organization.

Harry L. Topping, one of the owners of the Arcade Building, also denied reports that the building had been sold to a Chicago firm.

We have to set to work urgently building the foundation for Communist defeat. Most of our present program, such as the military program and economic program, are temporary measures which may hold back the flood for a short period and give us a little more time to find a permanent solution.

FILING—

Continued from Page 1  
and how much was deducted for taxes during the year.

There have been no major changes in the tax laws since last year. There has been only one major change in the form 1040—the addition of a line for the deduction for the listing of travel and reimbursed expenses, etc. However, after the forms were printed, the Internal Revenue Service decided that the public hadn't been given enough warning of the details involved, so it ruled that the form not be required to use the new line. A later article will explain this new line.

IN ADDITION to filing an income tax return for money earned in 1957, many taxpayers will have to file a declaration of estimated income and tax for money to be earned in 1958.

This is designed primarily for self-employed persons, but it also applies to other taxpayers who will have income during the year that will not be subject to the withholding tax.

The declaration includes the amount of "any such income" and the amount of tax that must be paid on it. Then the taxpayer must make quarterly payments to IRS to cover the difference between the estimated total tax due and the amount paid through withholdings.

The idea is to keep taxpayers on a pay-as-you-go basis. If you find later that you have underestimated your tax, your nearest IRS office can tell you how to file an amended declaration.

After you get your facts and figures together for your 1957 income, the next thing to decide is which of the various forms to use. That will be the subject of the next article.

\$10 to \$100-a-plate dinners in 27 states and the District of Columbia.

The half-hour program will be aired by radio and television starting at 8:30 p.m. (CST).

The dinner celebrated the fifth anniversary of Eisenhower's assumption to the presidency five years ago. The theme as stated by the Republican National Committee was to "celebrate the five years of achievement and salute the United States of America."

ABOUT 4,000 PERSONS are expected to attend the Chicago dinner.

The President and Mrs. Eisenhower will spend the night at the Stock Yard Inn, leaving for Washington early Tuesday morning.

The dinner program will be met at the airport by a reception committee including Illinois Gov. William G. Stigander and Chicago Mayor Richard J. Daley, the lone Democrat in the delegation.

Charles H. Percy, president of the United Republican Fund of Illinois, said the National Republican Committee is footing the bill for the President's trip and his television appearance.

Percy said the combined national radio and TV and the closed circuit TV hookup will cost about \$150,000.

CONGRESS—

Continued from Page 1  
to detect and destroy enemy missiles.

A 46-page Aviation Week magazine article, the magazine's latest, says that the defense industry is known to fear that this spring's negotiations, particularly the auto pact, might set the stage for a pattern. The President used general terms, but stressed the need for "business management" measures that recognize that price increases are unwarranted by costs.

Eisenhower added: "Freedom, including economic freedom, requires self-discipline. If important groups ignore this truth, the consequences will be severe. An economy damaged by inflation or controls that are incompatible with our free competitive institutions."

The report suggested the downturn was caused by the coexistence of several factors: a flattening of a major business investment boom; a drop in the record export trade which had been stimulated by the Korean war and other temporary factors; a curtailment of new defense orders; and the recovery of the industry from the effects of the Korean war.

The resulting fourth-quarter decline in "gross national product"—the value of all goods and services produced—was revealed to have been far more severe than Secretary of Commerce Wages for instance, had fallen 20 percent in early November.

Weeks said that that output probably was continuing to rise in the fourth quarter, to some point between 400 billion and 445 billion dollars, but might drop about 4 to 5 billion dollars, or 1 percent, to the first part of 1959.

Actually, today's message showed, the decline already was

Olivet Coeds Escape Flaming Auto Wreck

Five Olivet College coeds were shaken from their miraculously escape from death Sunday afternoon. The five are Lois Rundberg, 21, Eau Claire, Wis.; Jeannette Hanson, 21, Elyria, Ohio; Sandra Janssen, 21, Decatur, Ill.; Helen Hemminger, 22, Medina, Ohio; and Bonnie King, 22, Windfall, Ind.

NEW YORK STOCKS

NEW YORK (AP)—The stock market started the week in a fairly active trading session today after an irregular start last week.

Stocks were mostly steady. Gains of key stocks went generally from fractions to about a point, but there were some advances of two or three.

Rails backed away from their recent gains as the whole market improved. There was a cutting of the losses and even a few small gains.

While the run of business and corporate news was mostly steady, there was some anticipation in Wall Street of a bullish reaction to President Eisenhower's report to Congress and his speech in Chicago tonight.

As the steel went ahead, Youngstown Sheet added about two points and Lukens Steel moved to a point. Bethlehem, U. S. Steel and Republic Steel picked up fractions.

Railroads were down on average now that the Washington news. But any tax cut would ease their difficulties have ended and expectations of federal assistance are limited. Fractional gains included Southern Railway, Seaboard, Illinois Central and Chesapeake & Ohio. New York City government bonds declined.

RECORDS ARE A FAMILY affair in the William Hefflin home, 207 S. Myrtle Ave., where the man of the house has built a hi-fi set in the living room coffee table. Hefflin plans several months

building the set, prefers "good, solid jazz and the light classics." Pictured are left, Eugene, Karen, Scott and Mrs. and Mr. Hefflin. (Journal photos)

## Hi-Fiers Don't Go For Rock 'n' Roll

By ROBERT FINAN  
Despite their prominence on the lists of best selling records, rock and roll tunes hold little attraction for mature Kankakeeans. That's the word from Kankakee music dealers, who say that numbers like "Jailhouse Rock" and "Keep a Knocking" are strictly teenage fare.

Kankakee adults go for instrumental "listening" music—most often found on popular long-playing albums. They buy very few single records—except when a vocalist catches their fancy.

Pat Boone, Debbie Reynolds and, most recently, Johnny Mathis are among the few artists whose single waxings sell both to adults and youngsters.

BUT THE LP-ALBUMS are, by far, the most popular with adults. And, the artist who outsells them all is Lawrence Welk.

Although his "champagne music" dispenses many a critic, professional and otherwise, Welk has made 35 bubbly albums geared to public taste.

That number of albums, by the way, is probably a record in itself. "That peak of Welk is a second way in one breath," says a Kankakee dealer, "and ask for one of his albums in the next."

Running a distant second to Welk, but still best sellers, are the 20 odd albums recorded by Mantovani and his orchestra.

Mantovani relies on what must be a huge string section to create "mood music" with show tunes, standard melodies, some pop and a smattering of the classics.

Jackie Gleason and Andre Kostelanetz also share a big chunk of the "mood" market. Gleason's orchestration of pop and standards features muted horns while Kostelanetz gives show tunes, romantic classics and standards a symphonic treatment.

There are hosts of other artists who specialize in creating music with a "mood" or "slow, dreamy dance" sound.

They include The Ray Anthony, Paul Weston, Ted Heath and Robert Farnon orchestras, pianist Roger Williams and quintets headed by George Shearing and Art Van Damme.

Sharing and Van Damme might be classified as jazz musicians but their albums are tailored for easy listening.

Speaking of jazz, Kankakee record dealers say that jazz and Dixieland albums move slowly when compared with Welk but that Lawrence Welk's disc with an album titled "Lawrence Welk Plays Dixieland."

Most popular jazz and Dixieland artists are Dave Brubeck, Barney Kessel, Bob Scobie, Duke Ellington, Louis Armstrong and Benny Goodman.

Every record dealer gives you the same answer when you ask about show albums: "My Fair Lady," "The King and I," and "Oklahoma."

AT LEAST TWO RECORD dealers said that albums featuring songs by Tennessee Ernie Ford lead the vocalists. Others mentioned Perry Como, Dean Jagger and Nat "King" Cole.

Stores report that classics represent from 10 to 15 per cent of record sales.

The music of Tchaikovsky leads all other composers, principally his "Nutcracker Suite" and "Swan Lake."

Bruch and Beethoven are also top works of classical music.

Among the American works, which were mentioned were the "Grand Canyon Suite" and "Rhapsody in Blue" by George Gershwin, and "Madama Butterfly" are ever

## Plan To Seek Indictment Against Klan Leader In North Carolina

MAXTON, N.C. (UP)—Authorities planned legal action today against leaders of a Ku Klux Klan group whose rally set a band of North Carolina Indians on the warpath.

Armed vigilantes on the Saturday night riot and patrolled the entire area where the Indians live. Twelve of the armed men in three cars questioned and detained five United Press reporters and a radio network reporter, then shot up the newsmen's car as they left the scene.

ROBERTSON COUNTY Sheriff William McLeod said he will seek an indictment against the Rev. James Cole, who fled with his followers the face of a burst of Indian gunfire.

Cole, contacted at his home in Marion, S.C., said he planned to bring suit against McLeod for failing to guarantee his constituents the right to free speech and assembly.

The school was hit by a mysteriously set explosion early Sunday which caused an estimated \$1,000 damage.

The threat, which Brown said he knew nothing about, was reported in a Chattanooga paper as being made Saturday.

Police Sunday moved the area where the members of the Lumbet tribe make their home, searching for possible causes of an estimated 300 Indians fired from 1,000 shot when they were told to leave the area.

The threat was based on the appearance of Howard School pupils on a "radio" and "television" station on a TV station here a short time earlier, the paper said.

## Implement Industry Sees 1958 As Good

CHICAGO (UP)—The 1958 outlook in the farm implement industry is clouded by a shifting farm policy, is concerned in the choice of the implement industry, which is cloudy unpredictable element, weather.

Some at least two big manufacturers and a majority of the nation's tractor and farm equipment salesmen see a ray of profitable sunshine.

One of the optimistic manufacturers is Deere & Co. Its president, William A. Hewitt, predicts the firm's sales during the coming year will about match the near-record level of 1957. He expressed his views in the firm's annual report.

The company's net sales last year totaled \$383,140,140, a 24 per cent rise over 1956. The total was second only to Deere's 1951 banner year for sales of \$397 million dollars.

Hewitt said he based his sales outlook "on a number of agricultural estimates that 1958 cash receipts from farm marketing and government payments will be about the same as the year before."

"This means that cash income for farmers will be about the same as the year before," he said. "It also means that the number of farms in the United States is expected to continue to decline," he said.

Another economically encouraging report comes from the International Harvester Co. A spokesman said the firm's 1958 net sales will be about the same as the year before.

The spokesman said the firm's 1958 net sales will be about the same as the year before.

## A Short History Of Soviet Summit Trickery

By WILLIAM L. RYAN  
AP Foreign News Analyst  
The U.S. State Department takes a lot of abuse, undeserved or otherwise. But where pressure for a Big Power summit conference is concerned, it has no choice but to act with the greatest caution. The proposal is loaded.

The State Department is seeking insurance against a new Soviet box. Moscow propagandists at once bristling with threats and sugar-coated promises, has been working hammer and tongs to convince the Atlantic allies and the so-called neutrals alike that there is an easy solution to dangerous world issues.

PREMIER BULGANIN, day after day, has been bombarding the prime ministers of other nations with messages, each carefully tailored to fit the moods and conditions in the country involved. Each message contains the same statements about Soviet love for peace. Each brushes the same threat: "The Western 'policy of strength' can mean a real war of nuclear warhead missiles on the innocent. This is part of the 'Geneva spirit' without weapons. In rushing for a summit meeting, Communist party boss Khrushchev may risk the cement from the Atlantic Alliance and at the same time hope to back away at the American economy."

While the West breathes a sigh of relief, the Russians, who have their own propaganda machine, are working to catch up brought a new dislocation, and the results of the shock in the Soviet Union.

What would happen, at a summit meeting, if the Russians, who have their own propaganda machine, are working to catch up brought a new dislocation, and the results of the shock in the Soviet Union.

## Negro School Damaged By Explosion

CHATTANOOGA, Tenn.—The local school board today is investigating a report that police received a telephone threat that the All-Negro Howard School would be blown up but presently called it off as work of a prankster.

The school was hit by a mysteriously set explosion early Sunday which caused an estimated \$1,000 damage.

The threat, which Brown said he knew nothing about, was reported in a Chattanooga paper as being made Saturday.

Police Sunday moved the area where the members of the Lumbet tribe make their home, searching for possible causes of an estimated 300 Indians fired from 1,000 shot when they were told to leave the area.

The threat was based on the appearance of Howard School pupils on a "radio" and "television" station on a TV station here a short time earlier, the paper said.

ROBERTSON COUNTY Sheriff William McLeod said he will seek an indictment against the Rev. James Cole, who fled with his followers the face of a burst of Indian gunfire.

Cole, contacted at his home in Marion, S.C., said he planned to bring suit against McLeod for failing to guarantee his constituents the right to free speech and assembly.

# AAUW Features Panel On Education

Thirty senior girls from St. Patrick Central, Bradley, and Kankakee High Schools were guests at the Thursday evening meeting of the Association of University Women in the Centennial Room of the Small Memorial Park. They heard panelists describe a wide variety of occupations that might be pursued by young women who choose to combine their education and career.

Mrs. Maurice Cooper discussed the joys and problems of being a kindergarten teacher, and the habits and attributes one acquires which were helpful later in becoming a good mother, homemaker and member of the community.

The wide variety of fields in public health, nursing, education, libraries and faculty member of Olivet Nazarene College.

Mrs. R. G. Goodwin pointed out the rewarding possibilities that were open to women in the field of bacteriology.

The necessary qualifications for becoming a newspaper reporter and "interesting" highlights in the field were pointed out by Miss Jean Martin.

The PROSPECTS for employment of women as industrial chemists were discussed by Mrs. Patrick, who pointed out that, except for government service, the field was open to men in comparable positions.

Mrs. John Reddell said that often the most interesting possibilities for employment were not those that had been anticipated by home economists, but the social service work which was being done in the field of food products, manufacturing, meat processing, home business, advertising, and retailing.

hematological and cooking programs on TV, and radio, as she had once been a radio personality for a large meat packing company.

Social service has its own rewards in its service to mankind which outweigh the possibly monetary reward, according to Mrs. Harold Ross.

Mrs. Charles Stinson related that, even though there were probably very few, if any, teaching opportunities open to women in the field of agriculture, her studies and those of the other girls in the Department of Agriculture at the University of Illinois at the time of her graduation had been most rewarding. As potential florists or farm owners and managers, their studies in the divisions of horticulture, floriculture, and agriculture were interesting and helpful.

# WW II Mothers Install Officers

Mothers of World War II unit 55 of Bradley installed officers at the Thursday evening meeting and banquet in the Bradley Legion Home.

Those invested by Mrs. Walter Sano, installing officer, were Mrs. Perry Chalmers, president; Mrs. Rose Larson, first vice president; Mrs. Wilbur Wagner, second vice president; Mrs. Raymond A. Barnett, recording secretary; Mrs. Rosetta Alvine, financial secretary and Mrs. Virgil Kinman, treasurer.

Also Mrs. Ed Steller, parliamentarian; Mrs. Stanley Saliran, chaplain; Mrs. Andrew Wilkins, historian; Mrs. Walter Sano, sergeant at arms; Mrs. Wilkins and Mrs. Henry Menard; color bearers and Mrs. Emma Anderson and Mrs. G. E. Bridge, color guards.

Installing officers were Mrs. Louise McLean, recording secretary; Mrs. Mary Betrand, chaplain; Mrs. Theresa Cavender, sergeant at arms; Mrs. Clarence Kirch; Mrs. Henry Menard; color bearers and Mrs. Irma Ashline, color bearers and Mrs. Mary DeVore and Mrs. Bell Trudeau, color guards.

Special guests were the Rev. O. J. Henley and the Rev. James P. McDerby.

Other guests included Mrs. R. H. Arthur, second state vice president; Mrs. Sam DeCaro, 18th district president; Mrs. Francis McGowan, president of Gold Star Mothers; Mrs. Phil Byron, of Mothers of World War II unit 84; Mrs. Marina Fisher of the Daughters of Union Veterans; Mrs. Ada Bouchard, of the Granddaughters of Union Veterans; Mrs. Myron Dray of the Bradley VFW; Mrs. William Johnson of Bradley American Legion Auxiliary; Mrs. Ed Dupuis representative.

# Peelone JWC Has Program On Voice

Peelone Junior Women Club members were urged to "Put your best voice forward" by Mrs. Ming Hostetter of Illinois Bell Telephone Co. in her program at the Tuesday evening meeting.

Twenty five dollars was donated to the Youth Center. The next meeting of the 11th District will be Jan. 23.

Mrs. Charles Parbs Hostess To Members Of Chaf. n. Ch. Club

Chat 'n' Chaf. Club members met Wednesday with Mrs. Charles Parbs of 244 W. Oak St.

# Women's Sextette On WSWS Program

The Kankakee Women's Sextette presented a musical program at the Thursday evening meeting of the Women's Society of World Service of First Evangelical United Brethren Church in Beckers Fellowship Hall.

Sextette members include Mrs. E. Roy Erickson, Mrs. Humphrey Christensen, Mrs. O. L. King, Mrs. Elsworth G. Wambler, Mrs. Rex Bonser and Mrs. Lester Klais, accompanist. They were introduced by Mrs. Charles Koch, program chairman.

During the business meeting the following were appointed to the nominating committee: Miss Eleanor Kukuck, chairman; Mrs. Chedler Rieken, Mrs. Orville Stinson, Mrs. Herman Hertz, Mrs. Marvin Stofler, Mrs. Herbert Sauer, Mrs. Richard Ester, Mrs. E. J. Bruno and Mrs. William Witt.

Mrs. Rieken introduced Paul Peller, who spoke briefly regarding the March of Dimes campaign. He also showed a film entitled "Survival Is Not Enough." Ten members volunteered to assist with the drive on Jan. 30.

Mrs. RICHARD MOBERG led devotions using the theme "The New Year." Mrs. James Meier, president, conducted the business meeting and the following announcements were made: A study course on Japan will be held Tuesday at 7:30 a.m. at First Methodist Church under the direction of Mrs. G. L. Downie. This will be the first in a series of four weekly meetings.

The cancer dressing unit will meet Jan. 22. Rhoda Circle will serve the noon luncheon. Awards night will be at 7:30 p.m. Jan. 30 at Kankakee State Hospital auditorium. Four members of the society will receive awards for volunteer service.

World Day of Prayer will be Feb. 21 and a father and son banquet scheduled for Feb. 25.

World Service Day will be observed March 2, Miss Lois Kramer, a retired missionary from Japan, will be guest speaker.

A study course on "Resources of the Church" is being conducted at the Sunday evening Adult Fellowship meetings.

Members of Rhoda Circle served refreshments from a table appointed with a centerpiece of pink carnations and snapdragons flanked by lighted pink tapers. Mrs. Edgar Caran presided.

# Phyllis Ann Höveln To Wed In June

Phyllis Ann Höveln is being announced by her parents, Mr. and Mrs. Harn Höveln of Bannock.

Her fiancé is Gerald L. Haupt, son of Mr. and Mrs. Eugene Haupt of Channahon.

The bride-elect is a senior student at Bannock High School. Plans are being made for a June wedding.

Ladies Aid Plans Jan. 30 Salad Buffet

Trinity Lutheran Ladies Aid met Thursday in the church parlors. A salad buffet was announced for the Jan. 30 meeting.

The Rev. Christian Berntsen led in the study of "Philippians."

Mrs. Camille Hammond, president, conducted the business meeting and projects for the new year were discussed.

A donation was made to the project fund.

Mrs. Harold Duncan was hostess.

FOR YOUR HEALTH'S SAKE HAVE YOUR PILLOWS CLEANED AND STERILIZED NOW

Feathers are taken from the ticking and all dust, dirt particles, broken quills and other foreign matter is removed. The ticking is washed and ironed. Your feathers are cleaned and sterilized with live steam (315° Fahrenheit) and the natural downy curl of feathers is restored. The clean, sterilized and revitalized feathers are blown back into your freshly laundered ticking so that your pillows feel and look new again.

Simeri Reports On  
Business Cycles

Many farmers are asking how the business recession will affect them, reports Larry Simeri, Department of Agricultural Economics. He said this depends on a number of things.

They are how long the recession lasts, how severe it becomes, what the farmer is producing, and what the government does to protect him.

Simeri said many businesses run in cycles. Periods of much and other activity tend to follow one another. There seem to be cycles in the production of shoes, clothing, automobiles and construction.

The cycles in shoes, clothing and automobiles seem to be fairly short—two or three years. The cycle in construction is much longer—perhaps 10 to 15 years.

HE SAID SOME industries are depressed at any given time. If several industries are depressed at one time, they may be more, he said. Our oil wells and mines seem to be overdeveloped, for a while at least. Many of our factories, built in the 1920s and 1930s, are now being replaced by new plants and equipment.

A major depression began about 11 years after the Civil War and 11 years after World War I. The present recession began 12 years after World War II. No one is sure, however, are exactly alike.

The major depression after World War I was the worst in our history. It began in 1929 and lasted until the big spending for World War II began in 1941. Half of the factory workers were unemployed during much of that time.

SIMERI SAID most major depressions are like the epidemic they are world wide. The depression of the 1930s was greatly aggravated by many bank failures.

THE MAJOR depression after World War II was the worst in our history. It began in 1929 and lasted until the big spending for World War II began in 1941. Half of the factory workers were unemployed during much of that time.

Now Is The Time  
To Begin Farm  
Rat Control

Rat control programs started on farms within the past two months will strike more effective blows against the grain destroyer rodents than during any other season, said Dr. Carl O. Mohr, wild-life specialist with the Illinois Natural History Survey.

"Ten pounds of an anticoagulant type of bait needed to kill 100 rats during the spring summer or fall are sufficient to kill several hundred rats during the winter months," Dr. Mohr explained.

"Cold weather causes rats to go into winter quarters where they often battle each other for shelter and food. If they have been feeding on anticoagulant poisons, they are in no condition to recover from even minor bites inflicted by their associates."

Because rats generally are in good health during the winter, the anticoagulant poisons are especially effective from now until March. In addition, rats on farms are now on a diet of corn and other grains, and have little access to green foods which make the poison less effective.

"It is a generally known fact that an adult rat will eat 25 pounds of corn or other stored grain in a year and will contaminate or destroy at least five times that much," he said.

He said it is not possible to accurately forecast government action at this time. National defense considerations are being given much attention. But the coming elections in 1958 and 1960, also are receiving attention.

And a divided government—one party in control of the legislative branch and the other in control of the executive branch—does not make for the best governmental responsibility, Simeri said.

THE MAJOR depression after World War II was the worst in our history. It began in 1929 and lasted until the big spending for World War II began in 194

### Watch Your Step, Girls!

Putting their best foot forward—and who wouldn't in slushy weather which is prevailing in Kankakee today—are from left, Mrs. Walter Johnson of 1770 1/2 W. Station St., Mrs. Donald Moser of 1831 Fairway Ct., and Mrs. Thelma Farkas of 708 S. Evergreen Ave. These three

Kankakeans, downtown office girls, didn't venture too far from their desks at noon today and when they did brave the weather for lunch they made each step count, like this one, with a BIG SPLASH! (Journal photo)

### Bradley Names New Civil Defense Head

The Bradley Village Board approved the appointment of Lawrence Power as civil defense director Monday night. He was nominated by President William Bradley.

Power was assistant supervisor in Bourbonnais Township for two terms before his election as supervisor three years ago.

Stanley Wickliffe, Bradley Civil Air Patrol representative, urged the board to reactivate the village CD organization in November. He said that Bradley would be expected to house 42,000 evacuees in the event of a hydrogen bomb attack on Chicago.

SINCE THE VILLAGE had one of the best civil defense programs in the state two years ago, the nucleus of a good CD organization still exists, he said.

William Larkins, chairman of the police and fire committee, said that nomination of a permanent village police chief would be postponed until the next meeting.

The board authorized Larkins' committee to draw up specifications and advertise for bids for the purchase or lease of one or more squad cars for the village police department.

The committee will also prepare specifications for the purchase of a new fire department inhalator truck.

THE BOARD authorized purchase of a new oil burner unit for the village municipal building furnace. Emil Messier, water and sewer superintendent, said the

### Nimitz Favors 3 Chiefs Of Staff

WASHINGTON (U)—Chester W. Nimitz, former top Navy officer, proposed today that the Joint Chiefs of Staff be reduced to three members.

He told the Senate missile-satellite inquiry that the post of chairman of the top military advisers could be rotated among heads of the Army, Navy and Air forces.

"This would remove one layer in this pyramid of the chain of command," Nimitz said.

The white-haired Nimitz recalled that at one time during World War II, when he was a top commander in the Pacific, he favored a "single chief of staff."

That was when he "had a sense of frustration" waiting for decisions from Washington, he explained. But he said hindsight and experience have convinced him "I was wrong and I am now opposed to a single chief of staff."

After World War II, Admiral Nimitz served as chief of naval operations for two years and then retired.

THE SENATE Preparedness subcommittee called him and Gen. Carl Spaatz, former Air Force chief of staff, for public testimony in its search for ways to streamline the Defense Department and speed missile-satellite programs.

The House Armed Services Committee pursued a parallel inquiry, calling two witnesses for closed testimony—Secretary of the Army Brucker and Gen. Lyman Lemnitzer, acting Army chief of staff.

These hearings provided the backdrop for scheduled action by the House Appropriations Committee on President Eisenhower's \$1,200,000,000 emergency program to speed up missile work and spread out bases of the Strategic north.

### Must Not Play Politics With Security: Ike

Hits Those Who Picture America As Weak, Fearful.

By UNITED PRESS

Republicans opened their 1958 campaign to capture control of Congress by blasting Democrats for the missile lag and for past wars "despite an appeal by the President for bipartisanship in defense matters."

Eisenhower led the list of Republican leaders who spoke at 44 fund-raising dinners around the nation Monday night to kick off this year's GOP campaign.

In his talk at Chicago, the President advised his fellow Republicans against making national security and peace "partisan or political" issues.

"Americans must never and will never let the issue of security and peace become a pawn in anyone's political chess game," the President said.

AS HE DELIVERED the speech, he added a long interpolation attacking those who would picture America as weak in an era of Russian scientific and weapons advances.

"Don't pay any attention to the pessimists—those people who, for reasons of their own, contend that America is fearful, America is weak."

"Let's throw back our shoulders and stand proudly erect," he continued. "Let's thrust out our chests and say: America is strong and will grow ever stronger as long as there is any danger of attack upon us or our allies."

Eisenhower drew loud cheers when he told of plans to permanently push reorganization of the Defense Department.

"The American people rightly expect their government will keep the nation's defense strong," Eisenhower said during the "eight critical years" between 1945 and 1953, the Truman administration left the long range missile program as "dead as the proverbial dodo."

He said more potent price supports than on long range missiles.

DEMOCRATIC NATIONAL Committee Chairman Paul M. Butler issued a statement in Washington blasting Adams for bringing up "state political charges" and said Adams apparently had not read the President's speech.

Another Democrat, former Secretary of State Dean Acheson, accused the administration of presenting a "wholly inadequate" budget to meet the new Soviet challenge.

Speaking at a news conference in Washington, Acheson also criticized the President for failing to follow through on his promises.
