GOP Senatorial Campaign Chief Sees Tough Election Fight Ahead

WASHINGTON (UP)—Sen. Cotton (R-Mo.), newly chosen to the GOP Senatorial Campaign Committee, said today that Republicans have a tough job ahead in trying to win control of the Senate.

Mr. Cotton said that the GOP leaders have picked Cotton to replace Sen. Margaret Chase Smith (R-Maine), who resigned from the committee.

"It would be foolish to evade the fact that we are up against a tough campaign," Mr. Cotton said. "I am not haughty about the flag or conceding defeat, but this is obviously not one of our good years. We've got our work cut out for us."

Chairman Schoepel (R-Kan.) of the campaign committee said in Miami, Fla., that the GOP, now outnumbered 49-47 by the Democrats in the Senate, will do its best to hold its own.

Schoepel said he was not going to dispute the result of the election, but he said he was going to go on with the fight. "I am not going to go to bed with the result of the election," he said. "I am going to go on with the fight."

Sen. Kennedy (D-Mass.) predicted in Los Angeles that the Democrats will capture Republican seats in California, Nevada, Arizona and Wyoming.

Sen. Humphrey (D-Minn.) said he expects a Democratic landslide. Democratic National Chairman Paul M. Butler predicted a mem-

Future Tests For Colleges To Be Tougher

CHICAGO (UP)—The nation's educators, foreseeing colleges filled to capacity in a few years, today issued the problem of deciding who shall be admitted and who shall be turned away.

There appeared "little or no hope of finding an answer that would please everyone."

A Florida educator summed up his views: "Not all the students who desire to go to college can be admitted. Living in a democracy does not mean that everyone has the right to a college degree."

The pressures will become so great that there can be little justification for admitting college students who are not qualified to carry college work successfully."

J. B. CULPEPPER of Florida A&M told the 13th Conference on Higher Education there is no easy way to separate the wheat from the chaff. He said high school grades are probably the best single indicator of a student's potential, but that other factors must be considered.

There must be new tests, he declared, to determine a student's intellectual curiosity, his creative ability, his stability and his motivation. Above all, he said, "judgment, common sense and flexibility must prevail."

Culpepper said the nation's college population would double by 1970—from three to six million, at the same time that parents are demanding more and more that their children be given the best possible education.

Lunch was served by canteen workers.

Confused Bride-To-Be Takes Long Bus Ride

NEW YORK (UP)—The timid Brooklyn seamstress who disappeared five hours before her wedding came home Sunday and said she had been riding a bus for nine days—from New York to Los Angeles and back.

"I went for personal reasons," Irene Arzedi, 29, said. "I was mixed up about a lot of things. I'm sorry for all the trouble I caused."

SHE SAID SHE still plans to marry her life-long neighbor and long-time sweetheart, Joseph Pinto, 31, with whom she was reunited with tears and fervent kisses.

Miss Arzedi, who was to have been married Feb. 22, said she had no idea how much trouble her disappearance had caused until she reached Los Angeles last Wednesday, and saw a newspaper.

Then, she said, "I was afraid to call mother." She said she was afraid to call mother. She said she was afraid to call mother.

The tiny sewing machine operator, whose life had been almost entirely bounded by a few Brooklyn blocks in which she lived and worked, dropped from sight shortly before noon on her wedding day after she had made a few purchases at a neighborhood drug store.

WHILE HER FAMILY and police searched the neighborhood, she was in a Manhattan bus terminal, she said.

Miss Arzedi said that as she was walking home from the drug store she felt suddenly that everything had "gone too far."

She said she had no friends or relatives in Los Angeles and couldn't explain why she decided to go there except that it was "far away."

Former Senator, Executive Dies

LOS ANGELES (UP)—Lawrence C. Phillips, 85, an associate of Andrew Carnegie in the steel business and a former U.S. senator from Colorado, died Saturday night.

He was 18 when he joined the Carnegie company in Pittsburgh and remained with it for 40 years.

Mr. Phillips was one of the largest individual stockholders in the newly formed steel industry.

He was elected to the Senate in 1918 and reelected in 1924. Since 1931 he had devoted himself to his business investments.

He was a member of the Carnegie Foundation for the Advancement of Teaching and the Carnegie Corporation of New York.

Guard Archbishop After Threats

BOSTON (UP)—Police continued a guard over Catholic Archbishop Richard J. Cushing today after a telephone threat against him.

A man who telephoned police Sunday said: "I'm going to kill the Archbishop. I'm also going to blow up the Cathedral."

Despite the threat, the Archbishop kept speaking engagements in Chelsea and Lowell, in both cities he was under heavy guard.

City's Bid For U. S. Funds Turned Down

The State Sanitary Water Board has advised the Kankakee City Council that it will not recommend the city's bid for U.S. funds for the sewage treatment plant.

The city had previously applied for \$100,000 in federal aid for the plant. The city had previously applied for \$100,000 in federal aid for the plant.

The city is under order, from the board to stop pollution of the Kankakee River. Only partial treatment is provided at present.

"These funds are primarily for correction of pollution from existing sewage works; those municipalities installing new sewer systems for convenience or for correcting local nuisance are usually in less favorable position than others."

"Because readiness to construct is a consideration applied to Illinois projects, we urge you to develop your project by arranging financing and preparing complete plans and specifications."

Several towns in the Kankakee area have received approval of federal grants for such projects. "Manteno was allocated \$40,000; Peotone, \$40,000; Bourbonnais, \$60,000; Wilmington, \$122,000; Watseka, \$131,000."

Windsor Move May Give Wales' Title To Charles

LONDON (UP)—The Duke of Windsor today gave up two honorary military titles in a move some sources believed might herald the appointment of young Prince Charles as Prince of Wales.

The title of Prince of Wales has been traditionally conferred on the male heir to the British throne. Charles is now 8 years old. His mother, Queen Elizabeth II, thus far has failed to give him the title, naming him Duke of Cornwall instead.

Windsor was the last to hold the title of Prince of Wales. He abdicated in 1936 to marry American divorcee Wallis Warfield Simpson.

The official Gazette announced today that Windsor had asked to be relieved from the honorary appointments of colonel-in-chief of the Duke of Cornwall's Light Infantry, and the South Lancashire Regiment, and asked the Prince of Wales to succeed him.

AMMAN, Jordan (UP)—Jordanian troops captured "two Israeli officers dressed as civilians" when they crossed into Jordan Sunday, a government spokesman announced Monday.

An official Israeli announcement reported two officers of the Ministry of Agriculture were kidnapped while on a survey tour of the Eilat area.

City Acts To Construct Fence Around Soldier Creek Quarry

Preliminary steps to fence in the quarry area near the Kankakee street department garage were taken during the city council meeting Monday evening.

This is the area east of N. Fifth avenue where Soldier Creek widens out in an old quarry. It has become a dumping ground for garbage and is a breeding place for rats and other vermin.

It is also considered a safety hazard. A year-old boy fell through ice and drowned on Jan. 31, 1956. The city paid a \$3,000 judgment to the boy's estate.

Henry Stahl (D-5) offered a motion that a meeting be held, including the street and alley department superintendent, mayor, city attorney and Fifth Ward alderman, to determine where the fence should be erected.

A 12-FOOT-HIGH chain link fence with barbed wire on top was proposed. This would keep children away from the creek and discourage dumping of garbage.

The city also requested permission by Stahl to request permission of the State Department of Highways to erect a training sign at Court St. and Entrance Ave. If approved, this project would go on a list to be paid for from the city's share of motor fuel tax funds.

A letter from Kankakee Township Clerk Thomas R. Houde notified the council that the township will share in the cost of modernizing the city plan.

Modernization of the plan was proposed about a year ago, when the various taxing bodies (city, township, county, school board and park district) share in the cost.

The school board, city and township so far have agreed to pay.

A REQUEST for a 24 cents an hour increase for city street and alley workers was received from Robert Duffield, business representative of Construction and General Laborers' Union 781.

The request asked that the new contract be approved by the city council.

STILL SEEK BODIES OF 11 BUS VICTIMS

PRESTONSBURG, Ky. (UP)—Rescue workers today still sought the bodies of 11 children drowned in the icy waters of the Big Sandy river when a school bus plunged off a rock Friday.

The request asked that the new contract be approved by the city council.

Challenge Sheldon Liquor License Law

SHELDON (JNS)—The existing liquor ordinances of the village were challenged Monday evening during a meeting of the village board in the town hall.

Donal Hicks, owner of Donal's Tavern, now operating under a beer license, submitted his application for an additional combined liquor and beer license.

The present and previous board's interpretation of the liquor ordinance would not permit additional licenses to be granted. Hicks said he received legal advice, stating that the word "combination," in the liquor laws would allow his application to be approved.

In other action, the board voted to purchase a malation solution to be used as a fog spray for controlling flies and mosquitoes in the village.

Megginson reported on a civil defense meeting he attended Sunday in Peoria. Advantages of a civil defense unit were discussed. Further action was referred to a special meeting.

A short circuit in the business district's lights during the last week of February caused a fire. Further repairs, the Central Illinois Public Service Co. advised, could be made by the cable is buried under the cement sidewalks.

Mercury vapor lights on wooden poles for the section involved in the fire, would cost \$2,000 to \$4,000. Steel poles would cost even more.

Further consideration of the problem will come at a later meeting.

John Julien, drainage chairman, reported additional improvements in drainage and sewerage.

Made in the spring, no reply had been received from the North Shore Drainage District. The board's resolution was for a drainage outlet. Megginson requested Julien to obtain an answer by the April meeting.

JACK REYNOLDS, building and grounds chairman, announced a bid of \$100, including costs of paint and labor, had been made by John Gaffney to repaint walls and ceiling of the town hall. Robert Sproul, township supervisor, agreed to repair the improvements since the town hall is owned jointly by the village and township. The board also voted to approve the redecoration.

Reynolds reported picnic tables, doors of buildings and all metal on the pump house had been painted. Joe Lameck, streets and alleys chairman, said three loads of stone had been applied on Lafayette street.

Low Skinner, water chairman, announced several frozen water meters and a frozen water line during the February sub-zero weather. Complaints by residents of low water pressure were listed and a remedy advised. Skinner requested house numbers be provided so that any changes or repairs to homes could be reported by numbers instead of names.

A chemical to eliminate algae in the water system was considered.

Need To Avoid War Stressed By OAC Commander

"If we can avoid war, I personally feel we will not have to fight another one," Brig. Gen. Joseph Colby, commander of the Army's Ordnance Ammunition Command at Joliet, Ill., said Monday.

Gen. Colby said he felt that if war can be avoided, long enough to destroy itself (because it is against human nature), Communism and our system of free democracy are the two ideas that are in conflict today.

He called Communism's program of duplicity, envenomation and murder the very element against nature that will destroy the Red regime.

IN OUTLINING HIS WORK at the Ordnance Ammunition Command, he told the group that his department is in charge of design, manufacture, maintenance and use of the Army's lethal weapons. It also makes war heads for A and H bombs as special agents of the Atomic Energy Commission, as well as solid propellants for the missile program.

To illustrate the function and operation of missiles, he presented a film showing various types of missiles in flight. Missiles shown were not those in development now, but rather such weapons as Nike, Honest John and Little John. These weapons as first developed were outdated, but some have been modernized.

The general said he thinks ground forces will never be entirely obsolete. They are still necessary to hold positions, "and to the side holding vital positions that will win."

Prior to the regular program Monday, Miss Betty Stinson, junior at Kankakee High School, spoke to the club on the upcoming National 4-H Week. She gave a little background information on 4-H Clubs in Kankakee, and thanked the club for its support of the 4-H program.

Stanley Weber thanked Gen. Colby for the informative talk, and said that although it hurts the pocketbook, he was sure America was willing to spend the money necessary for defense.

Coroner's Jury Asks Transfer Of Manteno Patient

A coroner's jury recommended Monday afternoon that a voluntary patient at Manteno State Hospital who attacked two other patients with a table leg Saturday be transferred to the Illinois State Hospital at Chicago.

One of the patients, Joseph LeFlore, 54, died Monday as the result of a homicidal assault by Walter Moore, 44, the voluntary patient, the jury ruled.

John Cooke, 74, the other patient attacked by Moore, was still in serious condition today. But he is improved and has a fair chance to survive, according to Dr. Richard Graf, superintendent.

Dr. Graf said Moore's transfer must await a formal hearing. To have him declared insane. Until the hearing Moore can not be transferred because he is a voluntary patient. County Judge Irwin C. Taylor will hold the hearing at the hospital March 12.

Meanwhile, Moore is kept under close guard. Dr. Graf said Moore climbed the hospital water tower and threatened to jump. He came down for several hours, but he had not previously shown signs of violence, according to Dr. Graf.

Although it was not reported, Moore's action was referred to the inquest into LeFlore's death Monday afternoon at the hospital.

Mother Of Mrs. Samiel Shapiro Dies In Chicago

Mrs. Sadie Adelman, mother of Mrs. Gertrude Shapiro, 1300 Cobb street, died suddenly Monday night in Chicago.

Mrs. Shapiro is the wife of State Rep. Samuel H. Shapiro.

Coronator Adelman 72, died at her home, 1641 Pratt Blvd. Funeral services will be held at noon Wednesday at Weinstein's funeral home, 1300 W. Devon St. Burial will be at Knights of Joseph Cemetery in Washington.

Mrs. Adelman was born in Latvia and came to the United States when she was 18 years old. Her husband, Max, died in 1940. Sylvia preceded her in death.

Surviving are five daughters, Gertrude, who is married to Rep. Shapiro, and four sons, Mrs. Alice Novak, Miss Ruth Adelman, Mrs. Beatrice Berman and Mrs. June Eustan of Chicago; four grandchildren and two great-grandchildren.

Public Meeting To Discuss Arom Sanitary District

AROMA PARK (JNS)—A public meeting will be held at 8 p.m. Friday in the grade school gymnasium to discuss the forthcoming sanitary district election.

The election is tentatively scheduled for March 29. According to S. W. Reagan, president of the village board, the meeting will afford an opportunity for area residents to learn more about the proposed sewer program.

The Journal's Page Of Opinion

Is There Apathy In Education?

If the Russian earth satellite launchings frightened us into taking a hard look at the deficiencies of our educational system, the scare does not seem to have gone very deep. There are signs, in some part of the country, that we are beginning to shrug it off.

Many citizens do not seem eager to shell out more money to improve their schools. At least this is true in some states. There have been few financing issues up for consideration in Kankakee-land so there's no strong clue available.

Earlier this month, voters in roughly 50 of New Jersey's nearly 800 school districts rejected all or part of the school budgets their boards of education submitted. In 1957, including a considerable period before the launchings, the total of turnouts was high.

City and state officials in Connecticut are saying nowadays that too much money is being laid out for education. The state's schools stand high, but evidently there is resistance to lifting them higher.

New York state ranks second behind California in average salaries paid to teachers, yet in the last couple of years

4-H Deserves Recognition

An honored American institution is receiving well-deserved special recognition this week, National 4-H Club Week. This year it's theme is "4-H Salute to Parents."

The over-all purpose of the week is to inform the public about the meaning and value of the 4-H program, to invite more boys and girls to join, to assist members in starting 4-H projects and to honor parents and the 358,000 leaders who help to guide the work in some 90,000 local clubs.

There are 900 young people in Kankakee County and 800 in Iroquois County and more than two million in the nation enrolled in 4-H clubs. Saturday will be the big day in the two-county area with special events, including the election of federation officers, scheduled.

There is recreation and work in the widely varied projects of the 4-H. Character development and good citizenship are the most significant goals.

They learn by doing and their motto is "to make the best better." This is an attitude that is urgently needed in this discordant world.

The Key Role Of Advertising

The important role of advertising in providing driving power for our economy is gaining greater recognition every day.

In performing its key role in past years, American advertising never realized its full potential. It has successfully promoted the sale of products.

It can be a valuable job by promoting an over-all economic activity as a direct outgrowth of increased sales. By doing this it will add new strength to the American economy and also add a new and constructive dimension to advertising.

In an economy of scarcity, when every producer sells as much as he produces, advertising isn't really tested. But as David M. Potter, Yale University professor, says in his book, "People of

'The Unsilent Generation' Defended

By Hal Boyle

NEW YORK (U-P)—Is the present college generation the best America has produced?

This cheerful possibility is raised by Dr. Otto Butz, a young professor of political science at Princeton University.

It is part of the story of men that each generation tends to look down its nose at the generation that is rising to replace it on the stage of history.

So it is that the middle-aged man today, himself a survivor of the "Great Depression," looks at the "baby boom" generation, is often found now denouncing the present college and more, and seemed more un-

Here Is What They Say

We are so obsessed with our situation in relation to Russia in the atomic age that we do not have the freedom to exhibit the best that is in us. As Christianity faces this situation... it cannot avoid crying loudly—Dr. JERARD C. BRAUER, dean of the Federated Theological Faculty at the University of Chicago.

I believe sentiment for statehood (for Alaska and Hawaii) has gained strength in Capitol Hill... I think statehood for both is long overdue—Interior Secretary FRED A. SEATON.

THURSDAY

The Good Lord does not ordain reasonings. They are manmade. And what man makes he can unmake—that's what we're trying to do—JAY President WALTER P. REUTHER testifying at the Senate's auto price investigation.

Whenever you take the ultimate responsibility of space gallop control—what control—over the earth—Dr. Gen. HOMER A. BOUSHIEV, deputy director of Air Force Research and Development.

THE SNOW FENCE

By David Lawrence

An Attempt To Punish Newspapers?

WASHINGTON—Only 22 years ago the Supreme Court of the United States, in a unanimous opinion, ruled that governmental authority in America must never be used to the purpose of punishing newspapers for the exercise of their right to publish. The Court's decision was a landmark in the history of the press.

It is not to be denied that the Supreme Court has been called upon to decide many cases involving the rights of the press. In the past, the Court has generally been responsive to the needs of the press, and has been a strong defender of its rights.

But now, it seems, the Court is being called upon to decide a case that may result in the punishment of newspapers. This is a case that has been brought before the Court by the House of Representatives, and it is a case that has been widely discussed in the press.

David Lawrence in the United States Senate, 28 Democrats and 18 Republicans voted to do that very thing when they demanded higher postal rates be imposed on publications of larger circulation than on publications of smaller circulation. Fortunately, 33 Republicans and 18 Democrats combined to defeat the attempt. But there still remains a provision of the same kind in the bill originally passed by the House of Representatives, and which soon will be considered by a conference committee of both houses.

THE CORRESPONDENT members well the 1936 decision of the Supreme Court because it was a big news story at the time. The State of Louisiana under the late Huey Long, had enacted a law which levied a tax on the circulation of newspapers. The law was a direct attack on the press, and it was a law that was widely condemned.

Voice Of The People

SAUNEMIN—Tonight I read with much interest the article you had in regard to the changing of our judicial setup. You stated that the present setup is one which most everyone knows and not the ones that they do not know. May I humbly point out to you just what the results of this change would mean to the people, the farmer, the traveling public and to the people of the small townships.

May I first point out that the change would take away the right for the people to say who will judge them in the cases that they may have before the courts.

The politicians would be able to appoint those who will do their bidding or lose their jobs.

The poor traveling public will have to go miles to the county seat to be tried for a small traffic offense and lose a day or more.

The farmer who happens to be given a traffic ticket if he violates some part of the statutes on the highway on his way to the village for supplies, he must leave his farm and the spring or fall work that he has to do. This means so much money and time to the county seat and there wait until those who have a drag have been tried before his turn comes.

Candid Comments

Since you have to live with your own, why not try harder to be a real nice guy.

With some men, winter is the time when it's too cold to do last year's job that was too hot to do last summer.

We'll bet the old timers are stopped cold. Who among them can remember a worse winter?

Lots of folks laugh and grow fat and then find out it isn't so funny.

The "characteristic fear" of our generation is the horror of finding ourselves ludicrous," wrote another.

Dr. Butz the generation now maturing is hard-headed, realistic and anything too sober.

Schwartz On Committees

By George Sokolsky

Dr. Bernard Schwartz's name and photograph were buried at the American people without introduction. To some, he appeared to be a bull in the china shop, upsetting the even course of Congressional action, but what seemed much worse, disclosing the tendency of public officials and Washington lawyers and politicians to find corrupt means to do their business. He really gave the boys a scare.

However, Dr. Schwartz is not only a learned but a capable personality, and although his Congressional Committee dismissed him without much ado, he managed, by dramatic gestures, to keep his cause before the public and to force the House Committee that first him to continue the investigation, with him as a sworn witness. The Committee immediately drew pay dirt.

To read Dr. Schwartz's book is to know much about him. Dr. Schwartz has written a book, "The Supreme Court," published by the Ronald Press Company, in which he discusses the role of the investigative Committees of Congress. Dr. Schwartz wrote this before some of the late 1957 decisions of the Supreme Court which have, in some measure, damaged the effective use of both the Congressional Investigative Committee and the FBI.

DR. SCHWARTZ'S STATEMENT of the case is interesting and important in view of his experience with his Committee. In his book, he says:

"This is not to deny the importance of the Congressional power of investigation; the indispensable informing function of Congress, in the words of a 1853 Supreme Court opinion, is not to be minimized. Certainly, the power of inquiry is an essential auxiliary to the legislative functions of the Congress. As the court itself recognizes in the leading case upholding Congressional investigatory authority (its 1957 decision in McGrain v. Daugherty), a legislative body cannot legislate wisely or effectively in the absence of information respecting the conditions which the legislation is intended to affect or change; and where the legislative body does not itself possess the requisite information—which not infrequently is true—recourse must be had to others who do possess it. It is by use of its investigatory power that the Congress obtains the information needed to enable it properly to perform its functions. It is, indeed, not too much to say that, under contemporary conditions, investigative Committees have become, in large part, the eyes and ears of the Congress."

By H. N. Bundesen, M. D.

It's Hay Fever Time

The ragged season still is here, however, is that hay fever may develop months away, yet it is hay fever that is the most common of all allergic ailments. In fact, it is estimated that about one-third of the population of this country is afflicted with hay fever in some form or degree.

Spring hay fever begins in March and continues through the summer months. It is caused by pollen from trees, grasses and weeds. The pollen enters the nose and causes an allergic reaction.

Manners For Moderns

Let me admit that most justices do not study the laws and do not know very much about them, but also let me say that in my years of law enforcement, I have found many lawyers and states attorneys who know the law and many of them who care less.

You newspapers are always harping on the freedom of the press, why not say something for the freedom of the people who are losing it so very fast?

Why not tell them why the politicians want to take away from them the right to elect a judge to hear their cases in their home towns?

Why not tell them why the politicians want to take away from them the right to elect a judge to hear their cases in their home towns?

KANKAKEE DAILY JOURNAL

Entered as second class matter at the Postoffice at Kankakee, Illinois under the act of March 3, 1879. Daily and Sunday except on legal holidays. OWNED BY THE KANKAKEE DAILY JOURNAL COMPANY. CONGRATULATIONS WERE in order when Sandra Feddersen (center) won a district pie baking contest. At left is Ed D. Parks of Joliet, utility district commercial manager, and at right is Miss Paula Smith, Sandra's home economics teacher at Grant Park Community High School. Three more district winners were in the contest, including several from this area.

Grant Park Girl Is Pie Baking Winner

A 15-year-old Grant Park High School student was a district winner in a pie baking contest held Saturday at Chicago Heights by the Northern Illinois Gas Company.

She is Sandra Feddersen, daughter of Mr. and Mrs. Gilbert Feddersen, RR 2, Grant Park. As a district winner, she received a \$50 government bond and will compete in the state pie baking contest.

Nab 5 Youths Who Kidnaped Girl In Utah

LANDER, Wyo.—On Wyoming, Utah and FBI officers today went on what to do with six teen-agers involved in a 360-mile crime spree which started in Salt Lake City Sunday night.

Sheriff C. L. McDougall said five Salt Lake City youths admitted they took 15-year-old Janice Jones from a juvenile detention home in Salt Lake City, and stole two cars in their flight to Wyoming.

No charges have been filed. The Sheriff said the car was stolen at Evanston, Wyo., soon after a car stolen in Salt Lake City was abandoned.

Chrysler UAW Agree On 40-Hour Work Week Plan

DETROIT (UP)—Chrysler Corp. and the United Auto Workers Monday announced an understanding that will put employees on a 40-hour week and lay off unneeded workers so they can draw unemployment benefits.

The company and the union also agreed to "work out adjustments" on production standards, or work rates, which have caused daily shutdowns for six weeks at the Dodge plant here and frequent shutdowns at other plants.

Tribunal Rules Courts Can Change Soldier's Discharge

WASHINGTON (UP)—The Supreme Court has put the Army on notice for the first time today that federal courts have the last word on the kind of a discharge a soldier gets.

The high court ruled Monday that discharges given by the Army are subject to judicial review. The decision was made in an opinion ordering the Army to change to "honorable" the discharges given two New York servicemen.

The case was among a wide range of actions by the court following a four-week recess.

Plan Saunemin Public Hearing

SAUNEMIN (INS)—Mrs. Lucile Goodrich, Livingston County Superintendent of Schools, has scheduled March 20 as the date for a public hearing on the petition to form a community unit school district in the Saunemin area.

The meeting will be held at 7:30 p.m. in Saunemin High School.

Boy Fatally Hurt

ANNA (UP)—Carl Dirden, 5, died Monday night at Union County Hospital of injuries suffered earlier when he was struck by a car near Anna Heights.

The boy was Union County's third fatality in 48 hours as compared with only three traffic deaths in the county during all of last year.

Men, Women Tend To Their Knitting

Women—and men (though they are reluctant to admit it)—are turning to knitting in record numbers.

More than 28,000,000 knitters are tending to their knitting this season. The number has doubled in the past 10 years!

And there are more than 5,000 independent yarn shops, plus yarn sections of department stores. This is according to a recent survey made by the National Hand Knitting Yarn Association.

One explanation is offered by the association: "More knitting is being done because current easy-to-knit fashions are easy to knit. The unbelieved ease of these or semi-fitted suits with draping overblouses, natural for knitters any time—are currently the vogue."

Other reasons include the stepped up pace of living which calls for a relaxing hobby; the trend to casual living and casual clothes; the increase in labor saving devices which give more leisure time; television watching, and the baby boom which prompts fond grandmas to "make something for baby."

But—knitting is no longer a hobby for the older generation. According to the association, "More young people knit than older ones."

Biggest items in home-knit-wear are dresses, sweaters, socks, coats, robes, capes and baby clothes.

Preferred colors are white, black, navy, gray, red and beige. High style colors vary with the season. This year the fashionable yarn shades are apricot, orange, royal blue, pale green and pink.

Beginners take note: knitting is easy but it's best to start under the tutelage of an expert; hand knit items no longer have that "made at home by loving hands" look; with the help of an expert individual designs can be dreamed up for a dress or sweater that there is "only one of."

Professionals advise "Start with pattern of something you really want a dress, coat or bulky knit sweater. Many lose heart on a scarf that no one wants when it's finished anyway."

Knitting kits are available in varying degrees of complexity. For instance—33 sweaters and bulky knits, dresses and suits in tweeds, shellings, cardigans and other yarns come in a wide variety of colors complete with necessary equipment and instructions.

One final note—knit clothing is no longer confined to winter wear. Ribbon and straw knits are stunning creations for spring and summer.

According to a national survey more men than ever before are taking a fling at knitting. Dick Goudreau of 430 N. Rosewood Ave., wears his "first attempt," a sleeveless cardigan in Oxford gray wool. How did he get started? Dick says he "grew tired of waiting for my sister-in-law to make it for me—decided to try it myself." (Journal photos)

A "jiffy-knit" sheath dress of flaming red wool with a dramatic Italian cowl neckline took approximately a month to make by Miss Jo Ann DiPietro of 125 N. Seventh Ave. Jiffy knits are a boon to those who want to see the finished product in short order.

Miss Jeanette Beauchamp of Union Hill wears here "original" pink ribbon knit dress. The design was worked out with the help of a professional. Knitting for just a little over a year Miss Beauchamp has made several suits and dresses. Sufficiently skilled to knit without looking (most of the time) her fingers are busy during lunch hours, televisioning, etc.

Prizes Awarded At YWCA Card Party
A YWCA card party was held (Glen VadebonCoe). A special last Friday prizes were given to Miss Helen Hamilton.

Winners of table prizes were: the most open house card party Mrs. Howard Moore; Mrs. Mildred will be held March 14 with Mrs. Thompson; Miss Molly Munich; Guy L. McCuen and her committee; Mrs. Florence Mabry and Mrs. Lee in charge.

BRADLEY, ILL.

According to a national survey more men than ever before are taking a fling at knitting. Dick Goudreau of 430 N. Rosewood Ave., wears his "first attempt," a sleeveless cardigan in Oxford gray wool. How did he get started? Dick says he "grew tired of waiting for my sister-in-law to make it for me—decided to try it myself." (Journal photos)

A "jiffy-knit" sheath dress of flaming red wool with a dramatic Italian cowl neckline took approximately a month to make by Miss Jo Ann DiPietro of 125 N. Seventh Ave. Jiffy knits are a boon to those who want to see the finished product in short order.

Verna Frieden Wed To Daniel Arends

PIPER CITY (UNB)—The wedding of Miss Verna Frieden and Daniel G. Arends took place Sunday at 2:30 p.m. at the Evangelical United Brethren Church, Charlotte.

The Rev. Curtis L. Price officiated at the double ring ceremony. An altar flanked with vases of pink anemones and white carnations and candles provided a setting for the wedding.

Mr. and Mrs. John H. Frieden of Piper City are parents of the bride. The bridegroom is the son of Mr. and Mrs. George J. Arends of Melvin.

Miss Nancy Kewley was accompanied by Mrs. Verna Baerle, organist, as she sang appropriate selections for the wedding.

THE BRIDE, GIVEN in marriage by her father, wore a chapel length gown of imported Chantilly lace with a full skirt of tulle and satin. The fitted lace bodice had a bateau neckline and three quarter length sleeves with a full cuff. The train was of tulle and satin.

She wore a matching tulle and satin veil of imported pure silk. The veil was held in place by a finger ring. Her jewelry was pearl earrings, a ring and a bracelet.

Mr. Arends, a graduate of the University of Wisconsin, was a member of the Melvin High School and served four years with the United States Navy. He is now engaged in farming.

Mr. Arends was graduated from Culleton Community High School and attended Gallatin Business School. Prior to her marriage she was employed as assistant cashier at the Piper City State Bank.

The bridegroom is a graduate of Melvin High School and served four years with the United States Navy. He is now engaged in farming.

Mr. Arends was graduated from Culleton Community High School and attended Gallatin Business School. Prior to her marriage she was employed as assistant cashier at the Piper City State Bank.

Epsilon Sigma Alpha Hears Report On Heart Sunday

Epsilon Sigma Alpha Sorority held a chili supper Thursday at the home of Mrs. W. R. Fraser.

Following the supper a business meeting was held during which time a report was given by Mrs. Jack Bruning on Heart Sunday which ESA members were responsible for organizing, collecting, and tabulating the house to house campaign results.

A discussion was held on the "Heart" project for the year. The next meeting will be at the home of Mrs. Frank Cahan Jr. The program will be given on civil defense.

Iota Nu Chapter Has Couples Party With Reinhart Weavings

Iota Nu chapter of Beta Sigma Phi Sorority held a couples party Sunday evening at the home of Mr. and Mrs. Reinhart Weavings of 1650 S. Fifth Ave.

A potluck supper was served by Mrs. Weavings who was assisted by Mrs. Larry Shourd and Mrs. David Hammes. Fourteen couples were present.

Mrs. Mickey Boudreau and Mrs. Reuben Smith were in charge of games.

The next meeting of the chapter will be held Thursday at the home of Mrs. Gene Massey of 924 1/2 S. Washington Ave.

Bradley PMA To Make Donation To Red Cross

Members of the Bradley PMA Neighborhood of America voted to make a donation to the Red Cross at a Thursday meeting in the Bradley Legion Home.

The Anna Mae Ellinger, president at the meeting.

"The next meeting will be a potluck supper in honor of members with birthday March 13."

Take a look at your own neck. Is it skin-sad? Is it skin-slim and graceful?

The answer is apt to be "No" because necks are all too often neglected. They don't get the beauty care they need and deserve!

Every day—not once a week or once a month—the neck and chin need plenty of care and plenty of cream!

Nightly, lubricate these areas, massaging in cream with an up-and-down motion.

Mr. LaVerne Seibring Honored At Stork Shower

Mrs. LaVerne Seibring of Cheban was honored at a stork shower Sunday at the home of Mrs. Herschel Heimberger of Cheban.

Hostesses were Mrs. Harvey Gulliguit and Mrs. Delbert Heimberger.

Bunco was played and prizes were awarded to Mrs. Duane Anderson, Mrs. Elmer Green and Mrs. Carl Gulliguit.

APRICOT BROWN SUGAR BARS
Ingredients: 1 cup sifted cake flour, 1 teaspoon double-acting baking powder, 1/2 cup brown sugar, 1/2 cup butter or margarine, 1/2 cup firmly-packed light brown sugar, 1 large egg, 1 teaspoon vanilla, 1/2 cup chopped dried apricots, 1/2 cup chopped walnuts.

Method: Sift together the cake flour, baking powder and salt. Cream butter and sugars with egg and vanilla. Stir in sifted ingredients until smooth. Stir in apricots and walnuts. Turn into greased baking pan (8 by 8 by 2 inches); bake in moderate (350 degrees) oven about 25 minutes or until cake tester inserted in center comes out clean; do not overbake. Place pan on wire rack to cool; cut in small bars with sharp knife and remove with spatula. Store in tightly covered container.

A GLITTERING necklace focuses attention on the neckline. Is yours smooth? Is skin creamy, white, pretty?

White, Swan-Like Neck Is A Big Beauty Asset

By JEANNE D'ARCY
Recently, London, on one of its Royal Family duties, was all eyes about a new portrait of Princess Margaret. Among the new comments: pro and con, was a by a British newspaper, which heralded a huge photograph of the painting with these words: "Our Swan-Necked Princess."

There's a compliment worth having. But how few deserve it! Take a look at your own neck. Is it skin-sad? Is it skin-slim and graceful?

The answer is apt to be "No" because necks are all too often neglected. They don't get the beauty care they need and deserve!

Every day—not once a week or once a month—the neck and chin need plenty of care and plenty of cream!

Nightly, lubricate these areas, massaging in cream with an up-and-down motion.

7:30 p.m.—Bradley VFW Auxiliary, club rooms.

Your Family And You When Is An Alcoholic NOT An Alcoholic?

By DR. PAUL POPENOE
"My friends are a drinking crowd," writes Mr. H., "and there are a lot of others like them in the world. My wife keeps nagging me all the time about it. There were times in the past month when I admit I was somewhat of a drinker, but I was a swell fellow. I can't make a summer, or a winter, either. I claim that, even if a fellow gets drunk once in a while, he's not an alcoholic and a candidate for an asylum!"

Strictly speaking, I'd agree with your last statement, Mr. H., but let's look at the picture more closely. Psychiatrist Robert V. Seliger once published a list of 20 questions which he thought could be used to identify an alcoholic. I'll cut it down to a representative 10. You try it.

1. Do you ever feel remorse after drinking? YES NO
2. Do you lose time from work due to drinking? YES NO
3. Do you drink alone? YES NO
4. Do you drink to build up your self-confidence? YES NO
5. Have you ever felt remorse after drinking? YES NO
6. Do you drink to escape from worries or troubles? YES NO
7. Do you crave a drink at a definite time daily? YES NO
8. Do you want a drink the next morning? YES NO
9. Is drinking affecting your reputation? YES NO

QUESTIONS AND ANSWER
Q. Are you married, Dr. Popenoe?
A. Very much so! My wife and I are in our 20th year of marriage and have four grown sons.

Q. Should a working wife keep her wages or give them to her husband? Would the latter course spoil him?
A. I'm afraid your ideas on this subject are confused. What if you don't? Any man in that situation who thinks he can solve his

own problems without any help is certainly fooling himself. On the other hand, I'll admit that any wife who thinks she can solve the problem by nagging her husband is fooling herself, and there's no may be about it.

I am sending you my reading list on alcoholism. Mr. H. (A copy will be sent with the complete copy of this newspaper to any reader who encloses a stamped, self-addressed envelope with the request.)

It lists some of the best popular books on the subject and gives the address of Alcoholics Anonymous. You can find the local chapter of this important organization in your telephone book. If you're intelligent enough to take advantage of such help, you'll probably have your home and your job. If you aren't that smart, you'll probably lose both.

BY HERR JANNUSCH

Interest in Bradley's regional basketball tournament was expected to perk up a little tonight when two of the favorites, Kankakee and St. Patrick Central, go into action, but the real excitement was expected to start early Thursday night when the Kiya and Irish are figured to meet.

Obviously, judging from Monday night's opening turnout of less than 1000 fans, nobody's going to get excited about the top bracket competition.

St. Patrick's gym was only half full as Bradley's Irish were the last team to enter the arena, and the Kiya, after out of the running 1950 and St. Anne pulled a wild upset in the nightcap by upsetting Central 44-42.

Tonight's brace of games send Kankakee against Mokena at 7 o'clock and St. Pat against Donovan at 8:30. Still to be the last game of the evening is the Central battle, back-to-back to the score at 10:40, a pair of baskets by sharpshooter Ray Hendron with 4:40 left in the game.

After missing a chance to pull away by blowing five straight free throws, the Cardinals moved in front 42-40 at 2:10 on bulky Jerry Hendron's layup.

St. Anne shot only 291 from the field on 640 shots in 48 minutes.

St. Anne's winning streak was snapped by Mokena with 18 points followed by Miller's 15. Hendron, although lacking some of his usual deadlines on his jump shots, paced the losers with 18 points.

Buckley-Loda Takes Opener At Gibson City

TONIGHT'S SCHEDULE

1. Buckley-Loda vs. Gibson City	8:30 p.m.
---------------------------------	-----------

WEDNESDAY'S SCHEDULE

1. Buckley-Loda vs. Gibson City	8:30 p.m.
---------------------------------	-----------

MONDAY'S RESULTS:

Buckley-Loda, 15	Paxton, 27
------------------	------------

GIBSON CITY (JHS) — Gibson City and Buckley-Loda posted easy victories in the opening round of the regional basketball tournament here Monday evening.

The Greyhounds of Gibson City defeated Onarga Military 61-28 while Buckley-Loda trounced Paxton 22-37. Gibson City and Buckley-Loda will tangle at 7:30 p.m. Wednesday in a semifinal game.

Tonight's first round will send Paxton against Gilman at 7 o'clock and Fisher meets Onarga at 8:30. The winners of tonight's contest play in the semifinal game Wednesday.

Doug Woodward paced the Greyhound victory with 21 points while Lynn Long had 11 for the losers.

John Gudeman hit 17 for Buckley-Loda and Bill Morrison had 12 for Paxton.

Box scores:

Gibson City	Onarga
Woodward, 21	...

Court Ruling May Aid Chicago Bid To Divert More Lake Water

WASHINGTON (UP)—Hopes for speedy congressional approval of a bill to permit Chicago to divert more water from Lake Michigan soared today after a Supreme Court ruling clearing diversions at its parent level.

The court Monday dismissed a request by six Great Lakes states for a sharp cut in the water diverted by Chicago from the lake into the Illinois waterway, connecting link between Lake Michigan and the Mississippi River.

The ruling left one ray of hope for the anti-diversion states. It said they could file a new request at a later date with allegations of "unreasonable" diversions.

SEN. DIRKSEN (R-Ill.) said the ruling was a "relief" for the Chicagoans. He said the ruling would "make more definite and certain" a basis for the relief sought.

SEN. DIRKSEN (R-Ill.) said the ruling would "make more definite and certain" a basis for the relief sought.

Piper School Election Set For March 8

PIPER CITY (JNS) — As a result of a petition filed by more than 200 voters, the county superintendent of schools, J. A. Keele, has called an election to be held March 8 to decide whether or not to form a unit district for Piper City schools.

The petition involved is that now included in districts 236 and 206, which have the same boundaries. One board would be elected at a later date to operate the 12 grades if the proposition carries. There now are separate boards for the grade school and the high school.

There will be two polling places for the election. All voters residing within the corporate limits of Piper City will cast their ballots at the school. Rural voters will vote at the Harvey Boulevard residence at the north edge of town on Route 115. The polls will be open at noon and closed at 7 p.m.

Chatsworth Area Masons To Meet Wednesday Night

CHATSORTH (JNS) — Harold Gullett announced all Scottish Rite Masons in this area will be guests at a dinner Wednesday at 6:30 p.m. in the high school dining room.

Each Chatsworth member will bring a "Master Mason" Gullett Raymond P. Wilkey of Piper City and J. H. Bicket of Bloomington are on the committee making plans.

More than 125 are expected from Chatsworth, Piper City, Forrest, Fairbury, Cullom, Saunemin, Cary and Kempton.

The Scottish Rite Chapter of 32 voices will present the entertainment. Local chorus members are Gullett, Leonard Stigman of Roberts, Ed Steinberg of Sibley and Harvey of Cropley.

American Legion Of Aroma Park Conducts Meeting

AROMA PARK (JNS) — The American Legion met Wednesday evening in the Legion Home with 16 members present.

Mrs. Leonard Riggs opened the meeting. A prayer was given by Mrs. Bernard Toussie. The secretary-treasurer report was given by Altha Balatash.

A Red Cross first aid course will be given as soon as a teacher is available. It was reported.

March 23 was set tentatively as the date for a rummage sale. A "thankyou" note from Gerald Hasbargen and the Aroma Park Parent Teacher Association for a flag was read.

It was announced that a n.d. auxiliary won the "Al Keller" award in the 18th District for the greatest increase in membership in 1957. Al Keller is the senior vice commander for the state.

Games were played, with prizes going to Mrs. Rene Toussie, Mrs. William Kelch and Mrs. Altha Balatash.

Refreshments were served by Mrs. Louis Stoops and Mrs. Louis Chupus.

The hostesses for the March 12 meeting will be Mrs. Gerome Denault, Mrs. Thomas Bastin, Mrs. Leonard Riggs and Mrs. Altha Balatash.

Home Bureau Unit, Cullom, To Meet On Wednesday

CULLOM (JNS) — Mrs. Vera Bauerle and Mrs. James Anderson will give the major lesson, "Drawing for the Occasion," when the Home Bureau meets in the home of Mrs. Vera Bauerle on Wednesday.

Mrs. Russell Hills will give the minor lesson, "Interesting Eating Plans in Illinois not more than 100 Miles from Chicago."

Assistant hostesses will be Mrs. John Goggins and Mrs. Leo Cullin.

In its reply brief, the Chicago sanitary district contended that reversing the domestic pumpage was turning the Illinois waterway into an "open sewer."

The district added the change could be made only at "tremendous cost."

I. C. SENDS UP SECOND SATELLITE

CAPE CANAVERAL, Fla.—The Army launched a second Explorer-type satellite with a Jupiter C rocket today.

The launching came just 33 days after another Jupiter C recaptured lost U.S. prestige by hurling the free world's first satellite into an orbit.

The new satellite vehicle, like the one that preceded it, was a metal tube more than six feet long and six inches in diameter.

IT STREAKED SKYWARD as a twin to the Explorer "moon" and as a traveling companion to the Soviet Sputnik II, both now orbiting the earth at about 18,000 m.p.h.

As with the first Explorer, the Army planned to let the world know within two hours whether its newest space vehicle had attained the minimum of 200 miles of altitude and the speed it must have to stay aloft for long.

3 Sisters Going To School, Uncle Die At Carlyle

Girls Being Driven To School When Mishap Happens

WASHINGTON (UP)—President Eisenhower said today the United States never will close the door on any effort to arrange a summit conference with Soviet leaders.

No matter how crooked the path, nor how narrow a negotiations for such a meeting, this government always will be willing to take any step toward real peace, he told a news conference.

But, Eisenhower said, he believes it would be absolutely futile in fact, damaging to U.S. interests to have a summit conference unless there were proper preparations for it.

The President said he is in full agreement with Secretary of State Dulles on the matter.

Dulles said the Soviet Union's latest proposed terms for a prearranged meeting are unacceptable to the United States.

Eisenhower also said he has received a message from the Kremlin leaders saying they would be glad to consider holding a summit conference in the United States.

In comment on that, Eisenhower said there would be no particular need for meeting in Washington if the conference were to be held there.

On the other hand, he said, a Washington session might be a good idea if the conference were to be a long one.

He noted that the Constitution makes it difficult for him to be out of the country for any long time. In the course of the news conference, the President dealt also with these other matters:

Season Stickers For Parks On Sale

The new \$2 season stickers for admission to 31 of Illinois' largest state parks went on sale at Kankakee River State Park today.

C. A. (Bert) Stevens, custodian of the Kankakee Park, said that the stickers may be purchased from him. He said the new fees are effective on April 1.

Park visitors who do not purchase the season sticker, to be attached to the automobile windshield, will be charged 10 cents a day for each occupant of the car each time they enter a park.

However, children under 12 years of age will be admitted free.

The \$2 sticker is good for one year and covers an automobile and its occupants.

THE STICKERS WENT on sale at Springfield last month, but this week they were available at Kankakee River State Park.

Two other state parks involved and also to the State Conservation Department office in Chicago.

The new admission fee system was authorized by the 1957 Legislature and replaces a system in effect since 1953. The old fees of 10 cents per person and 10 cents per automobile were charged only at Illinois' Beach, White Star and Mississippi Parks.

Conservation Department officials expect the new admission fees to bring in more than \$700,000 a year in revenue than the old system.

The money earmarked for park improvements.

THE NEW FEE SYSTEM covers all state parks of 100 acres or more.

Seize Farina Bank Robbery Suspect

FARINA (UP)—Authorities said a bookkeeper's screams scared off a gunman who had pried open a rear door of the State Bank of Farina in an attempted holdup today.

Two Farina residents working in the bank captured the gunman about a block away. They said their quarry carried two pistols but had not attempted to use them.

Charles P. M. Maxwell said papers on the man indicated he was a bookkeeper. He said the man was about 30 years old, 5 feet 10 inches tall, 160 pounds, brown hair, blue eyes, and a mustache.

Maxwell said Mrs. Doris Kline was accosted by the intruder when she stepped into the furnace room of the bank to investigate a noise. The intruder clapped a hand over her mouth, Maxwell said, but Mrs. Kline broke free.

He fled through the rear door he had pried open when the woman screamed.

About a block from the bank, Arnold Whit and Lennie Deadmond, overlook the fleeing man and held him for local police.

Bourbonnais Board To Hear Bon Aire Drainage Proposals Friday

A special meeting of the Bourbonnais Board was called for 7:30 p.m. Friday to study recommendations for solution to drainage in the Bon Aire Subdivision and surrounding areas.

The meeting was called to study recommendations which will be offered by O. J. Brouse, consulting engineer from Warren and Van Praag Inc., Decatur, inspecting engineer for the Bourbonnais water and sewer and sewage treatment plant.

Brouse offered a suggestion and offered to check elevations of ditches in an attempt to seep drainage for the area, at a meeting of the board with 58 residents of the Bon Aire subdivision attending Tuesday night.

Because of the crowd, the board was forced to move the meeting from its regular quarters in the basement of the Bourbonnais Town Hall to an upstairs auditorium.

The residents were protesting impassable roads and drainage problems which they claimed resulted from the laying in of sewer on three streets in the subdivision during the winter. (Records show that sewer work in the subdivision began Dec. 2 and was finished Jan. 13).

SPOKESMAN FOR THE protest group was Lloyd Davidson, 388 W. Laverne Ave., who is president of the Bon Aire Improvement Association. Davidson spoke for approximately 45 minutes revealing the problem.

He had board member Albert Marcotte, also a resident of the subdivision, who is president of the subdivision road paragraphs from the contract for the project with the Azzarelli Construction Co. and charged the firm with not fulfilling all terms of the contract with regard to backfilling and compacting maintaining streets in good condition, removal of rubbish and providing the fire department with 24 hours notice before flooding the streets. The protest session lasted over two hours.

Joseph Azzarelli, vice president of the contracting firm, said he and his wife have made every effort to solve the problem near the end of the public session and after the Board reconvened into its regular business meeting told the members "It is a bad problem and we appreciate it." He added, "You have our whole-hearted cooperation."

Gadbois also cited paragraph 10 of his contract, which provided an out for the village stipulating that if the contractor should fail to live up to the terms of his contract, upon three days written notice to the contractor and his bonding firm, the village could make good the deficiencies and deduct the cost from payment due the contractor. He also noted that a contractor could be dismissed upon 10 days notice. In the event terms of the contract are violated.

Marcotte offered a motion to the board that three days notice be served on the contractor, a motion that was without second and was carried.

PROJECT ENGINEER Earl H. Hertz, who is an employee of the Azzarelli Construction Co., told the board the dispute is in its 45th month and still unsettled.

Kohler Denies Hoax Shooting Testimony

WASHINGTON (UP)—A United Auto Workers union witness testified today that Kohler Co. instigated a hoax shooting designed to discredit its striking employees.

Lyman C. Conger, counsel for the company, promptly challenged this allegation by Ernest L. Rose of Sheboygan, Wis. Conger told the Senate Rackets Investigating Committee a witness to be heard was "a known racketeer."

The union's lawyer, Joseph L. Rauh Jr., said the case Rose described was one of three proven hoax cases.

"I think this is pretty serious," Chairman McClellan (D-Ark.) said. "If we can identify the men instigators of any hoaxes, we'd like to cross-examine them."

The committee is investigating violence which marked the UAW strike against the Kohler Co. makers of plumbingware in Kohler, Wis. The strike, still going on, started in April 1954.

McClellan asked Rose whether it was "your story that nonstrikers were doing damage against themselves."

"Yes, sir," Rose replied.

He said a nonstriker named Joyce told police he had "shot at somebody looking around his garage."

"Three men had come up from the Kohler Co.," Rose testified. "and instructed him to shoot into his garage." Rose said it later was found to be a hoax when the then county sheriff, Theodore J. Mosch, investigated and found no shotgun pellets in the garage walls, or any evidence that a gun had been fired.

Conger told the committee that Edward Desmond, a Kohler law firm, investigated the Joyce shooting and will testify the company "found it was a hoax and so reported to everybody."

Conger told reporters the man in question is named Henry Joyce.

RAUH AND ROSE gave no details of any other alleged hoaxes, which Rauh once said had been proved and once had been "practically admitted."

A parade of witnesses told the committee Tuesday of bombings, mysterious shootings in the night and a campaign of harassment in the form of anonymous telephone calls to interrupt their sleep at night.

The testimony came mostly from men who had refused to join the United Auto Workers march strike against the bathroom fixtures concern near Sheboygan, Wis. The dispute is in its 45th month and still unsettled.

Women To Call For RC Tonight

More than 300 women tonight will carry the solicitations for Red Cross funds to homes in Kankakee and West Kankakee.

Under a new plan this year the residential campaign is being staged on a one-night basis. The women will begin their house-to-house canvass at 7 p.m. and will report in at the Kankakee Masonic Temple.

Two other communities in the county are also urging today for their house-to-house campaign. The solicitations in Grant Park are being carried on this afternoon and they will be staged in Herscher tonight.

Residents of Kankakee are being asked to turn on their porchlights tonight to "light the way" for the volunteer workers. Mrs. Scott Lane, residential chairman, said that all homes will be visited, however, whether porchlights are on or not.

When Wolverton asked permission to make his "invitation" motion, Harris said he would have to rule out of order such a motion at the public session. But Harris said Wolverton could offer the motion at a closed session later.

FCC COMMISSIONER Richard A. Mack, who voted for the air lines, resigned in the face of charges which he flatly denied that he had let money and friends influence his decision.

G. T. Baker, president of the airline, said the "pressure" was all on the other side, exerted by the senators, and they ought to resign too.

When Wolverton asked permission to make his "invitation" motion, Harris said he would have to rule out of order such a motion at the public session. But Harris said Wolverton could offer the motion at a closed session later.

Report Says Farm Income Up And Down!

WASHINGTON (UP)—The average farmer's total net income last year rose by 6.8 per cent, but he had about 2.4 per cent less money to spend.

The Agriculture Department reported this seeming contradiction Tuesday in its publication, "The Farm Price Situation."

The department differentiates between farmers' net income and their net realized income. The former rose from \$2,337 in 1956 to \$2,466 last year. The latter declined to \$2,347 from the \$2,432 figure for 1956.

The department said net income rose because there were 2 per cent fewer farms in 1957 than in 1956.

There were also two million fewer persons on farms during this year. This meant that average farm income per capita rose to \$2,466, compared with \$2,000 in 1956.

"RED CROSS CALLING!" will be familiar introductions at your door tonight as 300 women working in the residential division of the Kankakee County Red Cross fund campaign stage their house-to-house canvass in Kankakee and West Kankakee. Here Mrs. Robert Adams, one of the volunteer workers, portrays a scene that will occur at all home from 8 to 9 o'clock tonight. The packet shown here, Herscher and Grant Park are also staging house-to-house canvassing today. (Journal photo)
