Belgian World Exhibition Opens April 17

Brussels 'Babel Of Atomic Age'

BRUSSELS, Belgium (UPI)—Five miles northwest of this capital a fabulous city is springing out of the earth—the Babel of the Atomic Age.

For nine million Belgians the coming World Exhibition, which everyone here calls "Objective '59," represents much more than just another gigantic international fair. It is a challenge to a future free from fear, an act of faith in the astonishing recovery and destiny of their little country. It will be opened April 17 by young King Baudoin.

The most extravagant exhibition of modern times covers an area of 500 acres. Forty-eight nations will be represented. They include the Vatican State and the tiny republic of San Marino (pop. 12,100) as well as international organizations such as the United Nations, NATO and UNESCO, and others. East Germany and Red China will not be there.

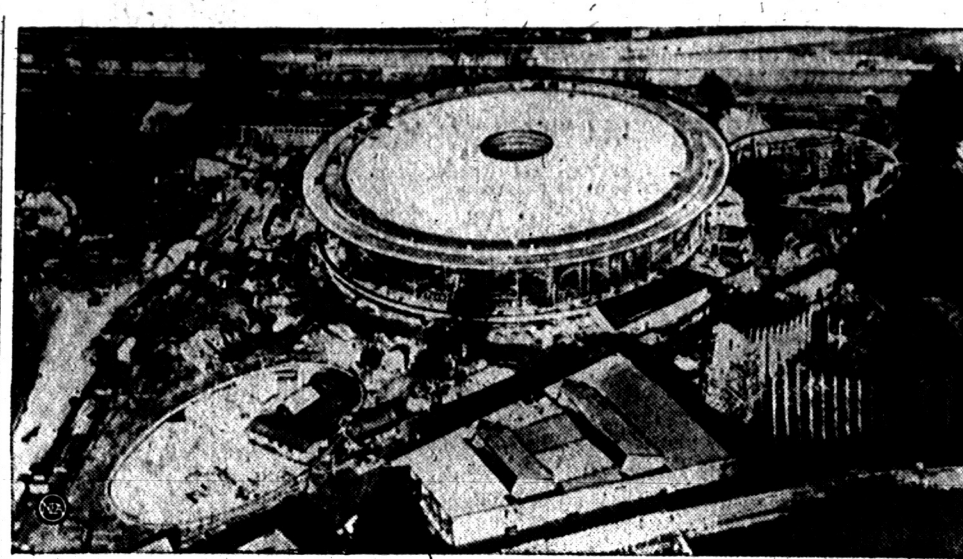

The Belgians are out to show their expected 35 million visitors what the future world could offer if all men were willing to apply their genius to everyday living.

THE 1959 WORLD EXHIBITION will also be the manifestation of the most audacious ideas in modern architecture wherein steel replaces concrete, bricks and mortar.

Problem No. 1 which planners had to face before the first bulldozer went into action was that of traffic. It took all of 18 months to unravel existing traffic jams which threatened to be multiplied four times when the exhibition opened.

Already the Brussels authorities have achieved the impossible: they have turned the outer boulevards of the city into a motorist's dream. There will be no parking for visitors to the exhibition at any point except the desire.

Much of the work was financed by public loans to which the Belgians have eagerly subscribed. Cost of the exhibition to Belgium is said to be around 27 million dollars, apart from the traffic lights—there will be more than 100—and national lotteries and there is always the fabulously rich Belgian Congo.

UNITED STATES PAVILION for Brussels World Fair, shown here under construction, will be largest circular building in the world, but Russia will eclipse it as spending for the fair.

CHURCHILL MAKING PROGRESS, MAY GO HOME IN 2 WEEKS

ROQUEBRUNE, France (UPI)—A spokesman for Sir Winston Churchill said today the old war hero is making "fine" progress toward recovery from his recent bout of lung trouble.

The former Prime Minister's doctors are already letting him leave his bed for increasing periods each day, but sources close to the household said it probably will be three or four days before they let him leave the house.

It appeared certain that Churchill will remain indoors at least until the Riviera's current stage of raw, wet weather lets up.

The current expectation is that it will be about two weeks before Churchill's doctors will be willing to let him attempt the homeward flight to Britain. The exact date of his return depends in part on weather conditions.

AROMA PARK FIREMEN IMPROVING

AROMA PARK Fireman Elmer Wilken, 53, who had his left leg amputated Wednesday, is reported making satisfactory progress. Although his condition is still serious, hospital officials report his progress thus far is good, and he is no longer on the critical list. Doctors say he is responding well to treatment, and had a restful night.

Condition of the other four firemen, injured in a car-freight truck collision Friday on Highland road, is reported generally good.

The special fund collection to help the injured men, their families and the family of Lawrence Therberg, 52, who was killed, now totals more than \$3,000.

Hubert Spelbring, assistant fire chief and chairman of the committee for the special fund, says that the fund is being used to purchase a new fire truck for the Aroma Park Fire Department.

Chicago Auto Co. Fire, Blast Kill 3 Firemen

Damages Estimated At \$200,000; 7 Other Fire Fighters Hurt

CHICAGO (UPI)—Three firemen were killed and 7 others injured today when an explosion and burning automobile agency and buried them under debris.

The victims were identified tentatively as T. Babich, Morris Kroty, 41, and Phillip Szeschuan.

The five-alarm fire destroyed the one story building which was crowded with about 50 new and used cars. Fire Commissioner Robert Quinn estimated damages at \$200,000.

Debris said the dead and injured fire fighters were pulled from the burning wreckage by fellow firemen and rushed to Jackson Park Hospital.

CAUSE OF the blaze, which broke out early today at the South Shore Lincoln-Mercury showroom at 1735 E. 71st St. was not immediately determined. Firefighters said the agency, one of the city's largest, was jammed with new and used cars.

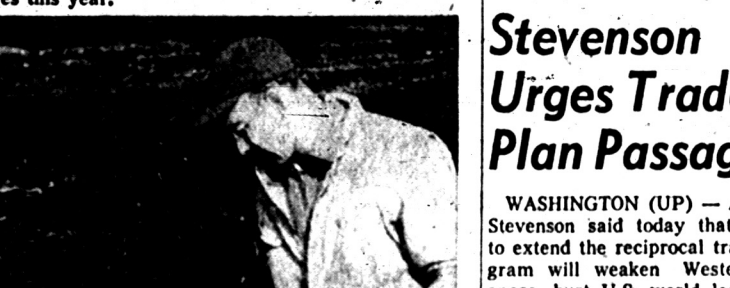

The blast occurred after firemen had been battling the flames for more than one-half hour. Earlier, about 100 persons were routed from an adjacent apartment building. However, firemen prevented the flames from spreading.

The fire also delayed commuter traffic on the South Chicago branch of the Illinois Central Railroad which runs nearby.

Two of the injured firemen were captains. None of the injured was believed critically hurt.

The injured were identified as Capt. William Scanlon, 58; Capt. William Maloney; Robert Donahue, 31; Lawrence Furlong, 27; John Thompson, 37; Thomas Keating, 28, and Martin McLaughlin.

Stevenson Urges Trade Plan Passage

WASHINGTON (UPI)—Adlai Stevenson said today that failure to extend the reciprocal trade program will weaken Western alliances, hurt U.S. world leadership and "push the great undeveloped areas into Communist arms."

He said the long-term result would be to "isolate, imperil and impoverish" the United States.

In an address prepared for a White House-backed national conference for support of extension of the reciprocal trade program, the two-time presidential candidate told protectionist opponents of the program that no nation can be an island by itself in the modern world.

HE SAID This includes the United States. Millions of its citizens, he added, derive their livelihood from trade.

Furthermore, he said, many staunch U.S. allies live through trade. Unless these nations can trade with the United States without restrictive tariffs, he said, they may be forced to turn to the Soviet world.

"It would be a savage irony if the Japan we preserved from Communist aggression by bloodshed in the Korean War should be driven by American business into the arms of the Communists," Stevenson said.

Parity Change May Hike Price Of Wheat

New Rate Could Be 2 Cents Over Minimum Of \$1.78 A Bushel

WASHINGTON (UPI)—A change in the parity standard may require the Agriculture Department to increase the price support rate for 1958-crop wheat about 2 cents a bushel over the previously announced minimum of \$1.78 a bushel.

A report to be issued by the department Friday on the level of farm prices in mid-March and the new parity prices as of the same date is expected to indicate such an increase.

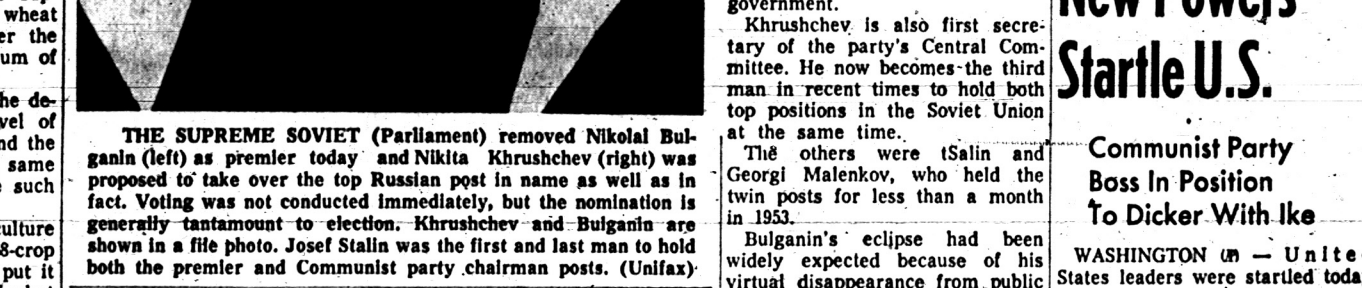

When Secretary of Agriculture Benson announced the 1958-crop wheat support last year, he put it on the basis of 75 per cent of what he expected the parity price of the grain to be at the start of the marketing season. He estimated parity at \$2.37 a bushel.

SINCE THEN, parity prices have increased for most farm products. The wheat parity was \$2.39 a bushel in mid-February and may reach \$2.40 or more by June 30, when the final wheat rate will be announced. A rate based on 75 per cent of a parity price of \$2.40 would give a support price of \$1.80 a bushel.

The 1957 support rate was \$2 a bushel.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them. Parity prices themselves move up and down with corresponding changes in costs of goods and services farmers buy.

Meany Calls Part Of Labor Bill Unfair

WASHINGTON (UPI)—AFL-CIO President George Meany said today that labor movements have been "shamed" by some "crooks" among its members but he sharply criticized a Senate labor bill as "unfair."

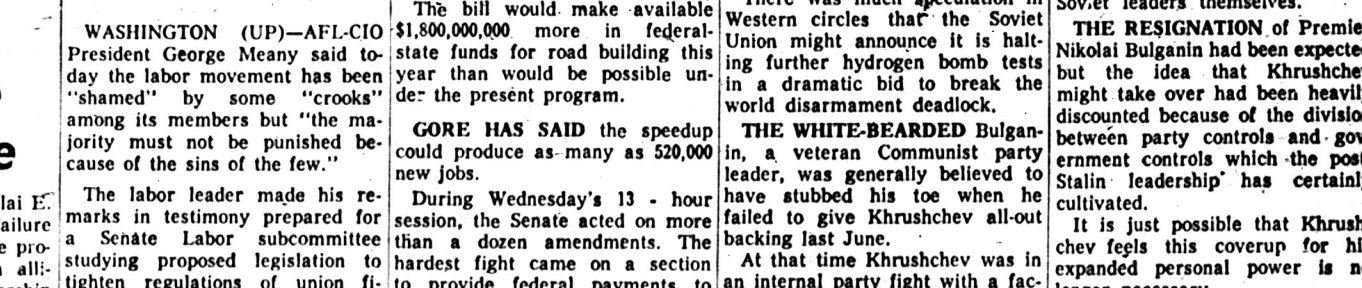

The labor leader made his remarks in testimony prepared for a Senate Labor subcommittee studying proposed legislation to tighten regulations of union officers and administrators.

He acknowledged in a 17,000-word statement that new legislation is needed. But he sharply attacked many features of an administration bill by Sen. H. Alexander Smith (R-NJ) and another measure by Sen. John F. Kennedy (D-Mass.).

MEANY OBJECTED to a Kennedy proposal to require every officer and employee of a labor union to file an annual report on their personal finances. Such reports are not required from business leaders and employees and might be used to harass union officials.

On this point, he wondered if reports would not also be required of members of Congress and important federal officials. It is only "by dint of fear" that he said, "that we are aware of possible conflicts of interest."

Loyalists Mount Indonesian Attack

MEDAN, Sumatra (UPI)—Jakarta government forces are planning a new offensive into western Sumatra in an effort to crush rebel troops before the rebels attempt a planned counterattack on this important port. Sumatra port is the second largest in the world.

The Council of Union adopted an agenda presented by the party leaders which included four topics for joint sessions: election of a President of the Supreme Soviet to act in the Parliament's absence; appointment of a new government; discussion of Khrushchev's plan to reorganize the agricultural machinery system and discussion of a ban on thermonuclear tests.

Khrushchev led a group of top officials into the hall as the Council of Union opened its session. With him were Voroshilov, its top woman official, President member Ekaterina Furtsava.

U. S. To Make 5 Attempts To Place Unmanned Space Ships Near Moon

WASHINGTON (UPI)—The United States said today it will make up to five attempts to place unmanned space vehicles to the vicinity of the moon.

The White House and Defense Department issued separate announcements of the plans.

Secretary of Defense McNamara said that the Pentagon's Advanced Research Projects Agency "will proceed with several programs for launching a number of small, unmanned space vehicles."

Both the White House and the Pentagon said no timetable will be announced for the projects, and that there will be no speculation now on probable dates.

AN INITIAL allocation of about eight million dollars has been made to start the space program.

The administration thus moved to follow up Eisenhower's statement Wednesday night that studies of outer space can provide benefits for the world's people and their children.

McNara said Roy W. Johnson, ARPA director, is issuing instructions to the Army, Air Force and Navy to undertake the new programs.

The Pentagon announcement said:

"The programs authorized include both scientific earth satellites and efforts to determine our capability of exploring space in the vicinity of the moon, to obtain useful data concerning the moon, and provide a close look at the moon, its technical details and its programs are called 'lunar probes.'"

"Authority to undertake one, and possibly two, lunar probes was given the Army's Ballistic Missile Agency at Huntsville, Ala. ARPA was also authorized to launch two and possibly three earth satellites. Modified Jupiter C rockets will be used in these projects."

THE DEFENSE Department spokesman said the ground-based system for monitoring in the space vehicles would be a "primitive TV" device, sufficient to provide a close look at the moon, its technical details and its programs are called 'lunar probes.'"

Adopt Dues Plan For 3 C Of C Groups

A fair share dues structure for three groups within the Chamber of Commerce was approved by the board of directors Wednesday and will go into effect July 1.

The retail trade division will pay dues according to the yearly volume of business of individual establishments, while the new auto dealers and the motor transportation divisions will be assessed according to number of employees.

R. M. Kerst, chairman of the dues structure committee, announced that the \$30 membership base will be maintained and the formula will be developed from there.

Paul Robertson, another committee member, recommended the acceptance of the plan for the three divisions.

KERST ANNOUNCED that several other Chamber groups are almost ready for board action and he said that it is his committee's aim to have all groups ready for the new formula by July 1.

Dues which have been paid in the past, and which will still be in effect July 1, will be adjusted to reflect the new assessment.

President Harold McGrath announced that shortly after the plan

Dr. Hargreaves, 85, Former Resident Of Clifton, Dies

Dr. O. C. Hargreaves, 85, a former Clifton resident, died today in Denver, Colo., where he had practiced since 1958. He had been ill for several months. His sister, Miss Edith Hargreaves, lives in Kankakee.

Dr. Hargreaves graduated from Northwestern University Medical School more than 50 years ago and practiced medicine and surgery in Chicago for many years. He enlisted in the Army during World War I and was a commander of an American base hospital in France. He was discharged with the rank of lieutenant colonel May 30, 1919.

Outside his sister, he is survived by his wife, Mary; a daughter, Mrs. Edith Gray and a grandson. Another daughter preceded him in death.

Funeral services and burial will be held in Denver Saturday.

In spite of the many new facts being learned about the nature of cancer, the only known effective ways of treating it now are surgery and radiation therapy, reports the American Cancer Society.

Arno Segelhorst, 63, Found Dead

Arno C. Segelhorst, about 63, of 328 N. Harrison Ave., was found dead about 1:22 p.m. Wednesday at the rear of 283 N. Harrison Ave., where he garaged his car.

Coroner William Spillane said that Segelhorst apparently collapsed and died while he was working on his car. An inquest will be held later to determine the cause of his death.

The Kankakee fire department emergency squad attempted to revive him with three tanks of oxygen without success.

Segelhorst was the proprietor of the Dick Denau tavern, 518 E. Cypress St. and had lived in Kankakee for eight years.

He is survived by a brother, Alfred F. of Fairfield, Conn.; a sister, Lill Segelhorst of St. Louis, Mo.; a brother-in-law and an uncle.

The body is at the Phillips, Friday and Schreffler Funeral Home, but funeral arrangements will not be completed until Friday.

100 Fishermen On Ice Floe Saved

LAKE GENEVA, Wis. (UP)—Authorities using floodlights and loudspeakers Wednesday night directed about 100 fishermen to safety when they were trapped on drifting floes by an ice breakup near the south shore of Lake Geneva.

Three fishermen made their way to shore by hopping across floes floating in eight feet of water and spread the alarm. The three, helped to safety by two men on the lake shore, said the ice broke up when they were about 30 feet from shore.

Following the presentation, a buffet supper will be served during a fellowship hour in Beckers Fellowship Hall. A committee composed of women from the various circles of the Women's Society will serve as hostesses. A free-will offering will be received to cover the costs of the supper.

Oratorio To Be Presented Sunday At First EUB

The 10th annual presentation of the oratorio, "The Seven Last Words of Christ," by the French composer, Theodore Dubois, will be presented by the adult choir of Kankakee First Evangelical United Brethren Church in a vesper service at 4:30 p.m. Sunday.

The left rear fender of the Carmen auto was damaged, and the right front fender of the McMullen car.

Nine members of the choir who sang the oratorio when it was presented for the first time 11 years ago are listed in the personnel for the 1958 presentation.

Soloists this year will be Miss Jan Powell and Mrs. William Roy, sopranos; Dr. Russell D. Rogers and John G. Panthorpe, tenors; and James F. Carlson, baritone.

Mrs. Walter Gillen will serve as organist and Mrs. James Carlson as soloist. It is open to the public and no admission will be charged.

2 Cars Collide At Station, Main

Two vehicles incurred minor damage early today when one driver apparently made too wide a sweep while rounding a corner at Station St. and Main Ave.

Drivers of the cars were Elbert Carmen, 51, Manteno, and William V. McMullen, 27, of 1043 S. Fourth Ave.

THE DISTINGUISHED SERVICE AWARD, highest presentation the Junior Chamber of Commerce can make on a local level, was given to Walter H. Volkman, 369 S. Lincoln Ave., Wednesday night. He was cited for his wide interest in community betterment. Volkman, seated, is holding the award plaque, presented by Donald Richards, left, award committee chairman. Standing to the right of the winner are Ralph Tribbey, Jaycee president, and Thomas Plank, First National Bank of Chicago, who spoke at the banquet. (Journal photo)

Jaycee Service Award To Walter Volkman

Walter H. Volkman, 369 S. Lincoln Ave., has received the Junior Chamber of Commerce Distinguished Service Award for 1958. The award, highest one the Jaycees can present on a local level, was given to Volkman at a banquet in Kankakee Wednesday night. Donald Richards, awards committee chairman, made the presentation.

This is the sixth such award made by the Jaycees, and the first presented after a lapse of several years. George Swain Jr. was the last to receive it in 1955.

Presentation of the award is based on participation in community-wide activities and leadership abilities. Any young man up to 30 years old is eligible for it.

VOLKMAN HAS BEEN active in the Community Chest, Red Cross and Chamber of Commerce. His Jaycee activities date back to about 1950. He was chairman of the first state board of directors meeting to be held in Kankakee in 1955, and served as president of the Little League in 1953. Positions

and actually help wipe out the recession.

The aggregate volume of consumer spending tends to be fairly well maintained, he said, and predicted that federal, state and local government spending will consistently rise.

Construction of roads, school and public projects is up to par, the speaker pointed out, and will continue to rise.

Inventory liquidation by business will recreate a new surge in industry, the economist predicted, because consumer buying has not slowed in the same proportion as production. Soon retailers will be placing new orders, resulting in stepped up employment and income, he said.

GREATEST DANGER to our economy at this time, according to Plank, is inflation. That is where labor, business and government have great responsibilities, he said.

"All segments of the economy—business, labor and government—share the responsibility to preserve the American people's faith in the

Braidwood Knights Of Columbus To Hold Breakfast

BRAIDWOOD—Braidwood Council 1474, Knights of Columbus, will hold a quarterly communion breakfast in St. Rose Church, Wilmington, on Sunday.

Members will assemble at St. Rose School at 7:15 a. m. and then will enter the church to attend the blessing of the palms at 7:30 a. m.

The principal speaker at the communion breakfast, which will be held in the school hall, will be the Rev. William S. Vranbrink, pastor of the Clifton Catholic Church. Father Vranbrink was born in Germany in 1898. He left Germany after grammar school to study in Holland, 1917-18. Then he served in the 1st Regiment of the Prussian Guards of Kaiser Wilhelm and was wounded twice in battle. He continued his studies after the war in Bonn and Vienna, where he was ordained in 1927.

He came to the United States in 1927 and was a teacher in high school and college for 10 years. He spent 16 years in the south side of Chicago and served as pastor of St. Elizabeth's church, where he built a new high school and laid the foundation for a program of sports which took the school to several city championships in basketball and track.

Chatsworth Cub Scout Pack To Meet Tonight

CHATSWORTH (JNS)—Cub Scout pack 85 will meet today at 7:30 p. m. in the high school cafeteria.

The newly elected, cubmaster, Leo Gerdes, will appoint Cubs to various dens. Den mothers and assistants to assume duties include Mrs. Charles Costello, Mrs. Dan Kece, Mrs. Joe Hubby, Mrs. Clifford McGree, Mrs. Ralph Harvey, Mrs. Russell Heald, Mrs. Lloyd Dehm, Mrs. Tom Luton, Mrs. Ralph Edwards and Mrs. Leonard Roser.

Other officers of the pack include Dan Kece, assistant cubmaster, and Russell Heald, den mother. Mrs. Russell Heald, den mother, and Karl Weller, committee men. Heald also will serve as secretary-treasurer.

Integrity of its money," Plank stated.

If labor and business fail to help establish a stable dollar, the public will turn to governmental economic planning, he predicted.

Then, he said, "Freedom as American workers and management know it will gradually disappear as government intervention in our private affairs continues to expand."

Europeans Ask Clemency For Deserter

PARIS (U)—The U.S. Embassy here is being deluged with mail for President Eisenhower asking that he grant clemency to an Army private who fled during World War II to live with a French girl.

The ex-private, Wayne Powers of Livingston County, Mo., is the father now of five children.

The embassy said it has received 15,000 letters pleading his case since a radio station in the Saar asked its listeners two nights ago to write in. Letters have come from France, Germany, the Low Countries and Switzerland.

Power, 37, is in the U.S. Army stockade at Verdun. A court-martial will try him on desertion charges. The maximum penalty if convicted is death.

French police arrested Powers Saturday in the little town of St. Quentin, where he has lived in seclusion since fleeing the Army in 1944 to live with dark-haired Yvette Belaise.

During their 14 years together, Powers—supposedly—changed diapers and minded the children, and Yvette worked in a nearby cotton mill. He never left the house in the daytime.

It's Dress Right Week

Gov. William C. Stratton has set aside this week as Dress Right Week in Illinois. Dressing the event are Vincent McDonald, Chicago, left, the governor; and Albert H. Myers, Springfield. McDonald is a board member and Myers a past president of the Men's Apparel Club of Illinois and both are members of the American Institute of Men's and Boys' Wear. Myers is also a past president of the National Association of Retail Clothiers and Furriers.

Second Mommence Teacher Receives Study Award

MOMMENCE (JNS)—A second teacher of the Mommence Community Unit School received an award from the National Science Foundation for graduate study.

Floyd Bruhn, eighth grade mathematics and science instructor, is one of the 45 who have been accepted for the eight-weeks summer institute for high school science and mathematics teachers to be conducted by Illinois Wesleyan University.

Robert Carmichael, high school science instructor, previously received a similar award for the 1956-57 academic year at Washington University, St. Louis.

Selection was based on past performance, experience, comments of supervising personnel and other recommendations. The award includes a stipend to cover living costs plus payment of tuition, fees, etc.

Graduate credit will be earned by Bruhn in applying toward the requirements of a master of science degree. The work will cover trends, procedures and techniques in the teaching of science subjects.

Bruhn will replace Carmichael as high school science and mathematics instructor during the summer school term. A former graduate of the University of Illinois, Bruhn has been in the House since 1932. In the 18th District, Allen faces John P. Tappe of Rockford.

Robert B. Chipfield of Canton, who was first elected to Congress in 1938, is opposed in the Republican primary by John W. Bailey of Galesburg.

Republicans have not entered a candidate in the 24th District, where the Democratic incumbent, Melvin Price of East St. Louis, is unopposed.

State Treasurer Elmer Hoffman of Wheaton is the only Republican candidate in the 21st District. A vacancy here was caused by the death of Rep. Russell W. Keeney, also a Wheaton Republican.

15 Races Scheduled In April 8 Primary

SPRINGFIELD (U)—Fifteen contests—nine Republican and six Democratic—will be held in the April 8 primary election in the 25 Illinois congressional districts.

Incumbents have posts at stake in only three of them, all in Republican ranks downtown. Ten other GOP incumbents and 10 Democratic congressmen are unopposed.

One congressman is not running for reelection and another died in office.

THREE VETERAN Republicans running for renomination include 55-year-old Noah M. Mason of Oglesby. He has represented the 15th District for 21 years. He is challenged by Daniel I. Palmer, Mitchell of Plano, who lost to Mason by nearly 30,000 votes in the primary two years ago.

Contesting to meet the winner are Democrats Stanley Hubbs and Dorothy G. O'Brien, both of DeKalb. The latter is one of three women drawn into the primary struggles.

Another GOP veteran incumbent is Leo E. Allen, 59, of Galesburg, who has been in the House since 1932.

THREE DEMOCRATS are tussling for the opportunity of a showdown with Hoffman. They are Peter J. Fiebel and Lester C. Ellis of Aurora and Clarence E. Josephson of Elmhurst.

In the 8th District of Chicago, where Democrat Thomas S. Gordon is retiring from Congress, former State Sen. Daniel D. Tjottenkowi is unopposed on the Democratic side. William F. H. Schmidt and Michael R. Fleischer are seeking the Republican nomination.

Jeannette House Frame is another woman in the congressional primaries. A Republican, she is opposing Theodore Wozniak in Chicago's 5th District.

A third woman, Mrs. Norma Eaton of Newton, meets John D. Giacchino of Springfield for the GOP nomination in the 21st District. The winner will oppose Rep. Peter Mack, Democrat, who is unchallenged for renomination.

Mrs. Eaton is an attorney and Giacchino a theater chain official.

Assess Drunken Driving Fines On 2 Motorists

A Kankakee resident and another from Monmouth were fined in County Court this morning by Judge Irwin Taylor on charges of driving while under the influence of liquor.

Both pleaded guilty and waived jury trial.

Fined \$125 and costs was Leo A. Richard, 53, of 1015 S. Fifth Ave. He was arrested Tuesday four miles south of Kankakee on Route 115 by State Trooper Ralph Locke. He paid the fine and was released from custody.

John A. Klein, R.R. 1, Monmouth, was fined \$200 and costs, but was remanded to jail for failure to make payment. He was arrested early today on Route 1, two miles northeast of Grant Park by Harry Frahm, Grant Park chief of police. Both drivers lost their driving privileges.

Also appearing in County Court today was Andrew Curtis, 20, Pembroke Township, for a hearing on whether his probation should be revoked. The case was continued to March 31.

Curtis was arrested Saturday on charge of being intoxicated and disorderly. He was assessed \$50 fine and costs on this charge Wednesday in County Court.

Navy Lab Releases Revised Estimate

New Baby Moon May Stay Up 6 Months

CAPE CANAVERAL, Fla. (UP) — Explorer III, a much busier satellite than anybody had suspected, is now expected to ride the chains of silent space for possibly six months, it was announced today by the Naval Research Laboratory.

When the new American baby moon was launched Wednesday from this missile center, it swung into an eccentric orbit that ranged from 100 to 2,000 miles distance from the earth. The erratic course brought gloomy predictions from the experts that it might burn itself out in a few days.

Not so, said the Navy Research Laboratory in Washington in the first detailed study of the satellite.

THE LABORATORY said the life expectancy of the nation's third satellite is four to six months. This will give the scientists just about all the time they need to collect data from the sophisticated mechanism inside Explorer III, which is being radioed to earth in a steady stream of signals. After making complicated calculations based on radio signals from the little moon, the Naval Research Laboratory issued what it called "the latest refined orbital elements for Explorer III." They were:

Time for completing one trip around the earth 113.7 minutes. Perigee (closest point to earth) 125 miles. Apogee (farthest point) 1,735 miles.

Angle to Equator 33.3 degrees. Lifetime expectancy one-third to one-half year.

It took the Army just 21 days to recoup from the unsuccessful Explorer II launching March 5 by putting Explorer III into orbit Wednesday with the powerful Jupiter-C rocket.

IT WAS THIS nation's third satellite, against two for Russia.

Earlier, Christine Marie Hoover, 3, daughter of Gene A. Hoover, 1943 E. Cedar St., was taken to St. Mary's Hospital after she fell and cut her arm on a coffee can.

A grass fire that threatened a garage brought out the West Kankakee fire department at 3 p.m. Wednesday. Chief Leo Denner said that the fire scorched the paint on the building, owned by Joseph Darter, 62 S. Roosevelt Ave.

San Adams, 156 N. Ninth Ave., was given one tank of oxygen at 8:49 a.m. today when he had difficulty breathing in his home.

Members of the junior church school, and infants, will be given individual blessing by Father Parker and receive an Easter plant.

Members of the mission committee are: handwork, Mrs. J. Woodzell, storytelling, Mrs. J. Cameron Brown, audio-visual chairman, Mrs. Bruce Brown, chairman of teenagers committee, Miss Susan Parker.

Woodward Joined By 'The Bridge' And Guinness For Top Oscars

Hollywood's Best Actress Wears Homemade Dress

HOLLYWOOD (U) — Joanne Woodward, who came to Hollywood's fanciest party of the year in a dress she sewed herself, and Alec Guinness, today held movie-dom's top Oscars.

"The Bridge on the River Kwai" was voted the best picture Wednesday night at Hollywood's 30th Academy Awards, a show that many critics called one of the best ever.

Red Buttons, a comic unwavering by television, won the supporting actor Oscar for his first movie, and first serious role. Buttons played the U.S. airman who married a Japanese girl in "Sayonara."

And Miyoshi Umeki, who played Buttons' wife in the picture, won the feminine supporting Oscar. She was the first Japanese to win the honor.

MISS WOODWARD bought \$125 worth of material and whipped up a dress and coat that looked all right among the high-priced Dior and Don Loper creations of the other movie queens.

"I didn't think I had a chance," she said. "So I didn't want to invest too much. Even when they called my name, I thought they said 'Delorah Kern.'"

Miss Woodward had an actress' tour de force in "The Three Faces of Eve"—and she did it the hard way. The picture was a true-life psychiatric study of a Georgia woman with a triple personality.

Miss Woodward, a Georgian herself, did the sudden changes in continuity rather than shooting each personality separately.

Guinness, usually a master of British satire, played a hardened British colonel in "Kwai." His award was accepted by actress Jean Simmons, an old friend. Guinness wanted to fly over for the Academy Awards but an insurance policy on his current movie prevented him leaving England.

IN LONDON, Guinness said, "I am very delighted and surprised." At the studio where he is working his colleagues gave him an ovation.

PRINCETON (U) — It was an unlikely coincidence, but enough to get Sheriff George Strauss of Jasper County, Iowa, handcuffed and hauled off to jail.

The trouble started when an apparently frightened woman entered a Princeton restaurant with another woman and a gun-toting man—Sheriff Strauss — Tuesday night.

AFTER THE TRIO left, restaurant employees found a scribbled note. The frightened woman said she was being held captive by a gunman driving a stolen car.

The police were called. They said the police radio already had broadcast an alert for a man reportedly holding two women captive in a car. The description of the wanted auto matched

that of the car in which the three persons left the restaurant.

Spring Valley police intercepted Strauss' car, slapped the handcuffs on him and took him to the station.

THE STORY HE gave was that he was the new sheriff of Jasper County who was transporting a woman mental patient back to Iowa. He said the second woman was a police matron and that the note must have been left by the mental patient.

Explanations were all right, but what Spring Valley police wanted was identification. Strauss could provide only a card identifying him as a Jasper County deputy.

He finally backed up his story with a couple long distance telephone calls and was released by red-faced Bureau County authorities.

THE BRADLEY LIONS Club voted a \$25 donation to a benefit dance being sponsored by the Kankakee Loyal Order of Moose and Women of the Moose to raise funds for the Arona Park firemen injured in a mishap last Friday. The dance will be held May 3.

The contribution was voted at the Lions Club regular meeting Wednesday evening. The Rev. James P. McDermott, pastor of St. Joseph's Church in Bradley, was a special guest.

A 10-year charter member chevron, was presented to Len Martin, Clarence Chambers, eight conservation chairman, also reported briefly.

IN LONDON, Guinness said, "I am very delighted and surprised." At the studio where he is working his colleagues gave him an ovation.

PRINCETON (U) — It was an unlikely coincidence, but enough to get Sheriff George Strauss of Jasper County, Iowa, handcuffed and hauled off to jail.

The trouble started when an apparently frightened woman entered a Princeton restaurant with another woman and a gun-toting man—Sheriff Strauss — Tuesday night.

AFTER THE TRIO left, restaurant employees found a scribbled note. The frightened woman said she was being held captive by a gunman driving a stolen car.

The police were called. They said the police radio already had broadcast an alert for a man reportedly holding two women captive in a car. The description of the wanted auto matched

that of the car in which the three persons left the restaurant.

Q. How can I keep my wife from moving the furniture around and rearranging everything in the house all the time? I was perfectly satisfied with the way it was arranged before she came!

A. Naturally. That's one reason why she wants the change. She wants to be "get his" but "yours." Anyhow, a home should be a living, growing thing. If we hang on to old styles and arrangements that Grandma adopted, it may merely be evidence that we ourselves are unable to grow. Give your wife a free hand for a few years. It'll be good for both of you. You might also send for my free reprint, "Will You Keep Growing?" Marriage. It's yours for a stamped, return envelope sent to me, c/o this paper.

Q. What can you do to help me or do when other people's children are mistreating your furniture and their parents say nothing?

A. Have a supply of toys and material handy for them to work with in a closet somewhere. Bring this out when children come to visit, and let them keep occupied happily.

Q. What's the best thing to do after retirement? Are most people too old to find new hobbies?

A. Certainly not. Many of the best hobbies are started only after "retirement." I have a bulletin, "Activities for Senior Citizens," with detailed suggestions. Any reader can have a copy on request with stamped, self-addressed envelope.

Q. Why should it be dangerous for a woman to marry a man who is "beneath her," socially or otherwise? Seems as if she's doing him a favor which he should appreciate.

A. That's one reason why it's dangerous! If you do him a great favor, you unconsciously expect him to show great gratitude and make a proper return by being docile, obedient, perhaps even servile. Good marriage isn't built on such a foundation.

Q. How can I get my husband to converse with me? He's very talkative when company comes—too much so, in fact. But when we're alone, all I get out of him is a grunt or, if I'm lucky, a groan!

A. Maybe it's time for you to pretend that you're company and to draw him out as they probably

do. Mrs. Walter Kepner and Mrs. C. G. Walters.

Table decorations were carried out in an Easter motif. Each person received a carnation as a favor.

Special prizes were awarded to Prize winners were: Mrs. Jack Kirk and Mrs. Ellen Sec.

Mrs. Earl Wakeman of 992 S. Osborn Ave., will be hostess for the April 4 meeting.

Mrs. John Reid, hospital chairman, reported 30 war veterans at Kankakee State Hospital, were presented with birthday gifts at the recent hospital party.

RUTH MILLETT Hubby Fails If He's Only Gadget Buyer

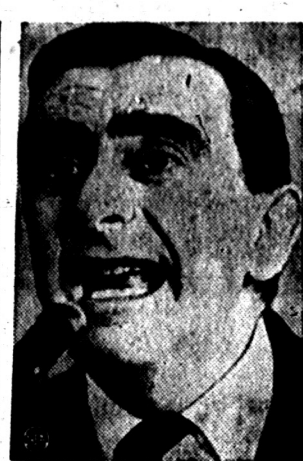

Would the average wife rather have a good-natured, loving, appreciative husband than a dishwasher, automatic washer and dryer, freezer and all the other labor-saving devices?

One of my women readers asks the question and then answers it herself with a big "Yes."

Yes, Says Top Scientist, Dr. Edward Teller

Should We Continue Atom Tests?

(Editor's Note: Dr. Edward Teller, who takes the side of continued nuclear tests in the following dispatch, is a scientist whose work in the nuclear field has won him the title of "father of the hydrogen bomb." Now on the faculty of the University of California, he came to the U. S. in 1933 from Hungary and during the argument he worked at Manhattan Project and Los Alamos. The argument below is condensed from the book, "Our Nuclear Future," written in collaboration with Albert I. Latter. Dr. Harrison Brown will answer Dr. Teller, giving his reasons for discontinuing a-test in the next issue of The Journal.)

DR. EDWARD TELLER

By EDWARD TELLER
Faculty Member, University of California
BERKELEY, Calif. (UPI)—Many people feel that nuclear tests should be discontinued. The feeling is widespread and strong. The question of tests is obviously important. It may influence our security as individuals. It certainly will influence our security as a nation.

Unfortunately, much of the discussion about continued experimentation with nuclear explosives has been carried out in a most emotional and confused manner. One argument concerning tests is so fantastic that it deserves to be mentioned for that reason. It has been claimed that nuclear explosions may change the axis of the earth.

OF COURSE, nuclear explosions can change the axis of the earth. The changes are so small that they are impossible to observe. It is difficult to estimate. Searching for effects connected with past tests that may displace the axis of the earth, or the position of the North Pole, we could find no effect that would have caused a change of position even as great as the size of an atom.

The argument about world-wide radioactive fallout is most serious. It is asserted that fallout is dangerous and that we are ignorant of the extent of the danger.

In a narrow, literal sense both these statements are correct. But the danger is limited. We do not know precisely how great it is. We do know, however, that the danger is considerably smaller than the danger from other radiations to which we continue to expose ourselves without worry.

The danger from the tests is quite small compared with the effects of X-rays used in medical practice. The fallout produces only a fraction of the increase in cosmic ray effect to which a person subjects himself when he moves from the seashore to a place of higher altitude like Colorado.

PEOPLE MAY or may not be damaged by the fallout. But it is quite certain that the damage is far below a level of which we usually take notice.

It seems probable that the root of the opposition to further tests is not connected with fallout. The root is deeper. The real reason against further tests is connected with our desire for disarmament and for peace.

Unfortunately, disarmament is

safe only when no one wants to impose this will by force of arms upon his neighbors.

In the uneasy world in which we live today, no reasonable person will advocate unilateral disarmament. What people hope is that all sides will agree to reduce their military power to a peaceful atmosphere.

The elimination of tests has appeared possible and proper for two reasons. One is that tests are conspicuous, and therefore it is believed that we can check whether or not testing has actually been stopped by everyone. The second reason is that nuclear explosives already represent such terrifying power, that further tests appear useless and irrational.

These arguments are simple and almost universally accepted. They are based on misconceptions.

A NUCLEAR explosion is a violent event, but in the great expanse of our globe such tests can be effectively hidden if appropriate care is taken to hide them. There can be no doubt that this is possible. The question is only how much it costs to hide a test and how big is the explosion that can be hidden in secret for a certain amount of expenditure.

If an agreement were made to discontinue the tests, the United States would surely keep such an agreement. Whether Russia would or would not keep such an agreement would depend on the ingenuity of the Russians, on their willingness to make economic sacrifices, and on their honesty.

Of these three factors we can have a firm opinion about the first. The Russians are certainly ingenious enough to devise secret methods of testing. The real reason against further tests is connected with our desire for disarmament and for peace.

Unfortunately, disarmament is

Cissna Woman's Society Meets

CISSNA PARK (JNS) — The Women's Society of Christian Service of the Methodist Church met Friday.

"The March of Missions in Healing" was presented by Mrs. Dan Fehr, assisted by Mrs. Wellington Drilling. The worship leader was Mrs. C. W. Matthews.

A motion to send \$25 to Cunningham Home for Easter was approved.

MR. AND MRS. Bert Behrens received word from their daughter, Mrs. Ben Feller, Folsom, Pa., that they survived after being snow-bound. They purchased a week's supply of food for the day before the last storm struck. They had to wait for light. The only heat was from a gas stove oven.

Barney Boers underwent surgery at Lake View Hospital, Danville, on Saturday.

Mrs. Amelia Newlin spent the weekend in Pekin with her son, Virgil Newlin, and family. Mr. and Mrs. Francis Lathrop spent the weekend in Olney with Mrs. Floeste Lathrop.

Mr. and Mrs. Harold Froehling and daughter, Denise, and Mr. and Mrs. Henry Cluver spent the weekend in Wisconsin with relatives.

The purpose of the club is to promote Christian fellowship among the lay people of the Ashkum and Clifton churches. Membership is not limited to Methodist men. The club will meet in the third Friday of each month, alternating between the two churches.

The following officers were elected: Jack Weir, Ashkum, president; Vernon Stroup, Clifton, vice president; Donald Kille, Clifton, secretary; Charles Durham, Ashkum, treasurer; Tim Koets, Ashkum, attendance and membership chairman; Collins Norton, Clifton, publicity chairman; Ralph Whaley, Ashkum, program chairman; Marvin Christensen, Clifton, program chairman, and the Rev. Jerry Nichols, pastor.

The next meeting will be held in the Ashkum Methodist Church on April 18. This will be the charter meeting. All members attending will have their signatures put on the charter.

MRS. JAMES Livingston of Richmond is visiting her son-in-law and daughter, Mr. and Mrs. Donald Blasey, and family.

Mrs. Donald Dirks will entertain her sewing club Thursday afternoon.

Fete 2 At Supper In Gardner Home

GARDNER (JNS)—Mr. and Mrs. John Cerutti entertained at a supper in their home Saturday evening in observance of the birthday of Dr. D. J. Balma, and Mrs. Raymond Morris.

Guests were Dr. and Mrs. D. J. Balma and daughter, Nancy, Mr. and Mrs. Albert Cerutti and Mr. and Mrs. Raymond Morris.

Thelma Alvord, Chesham; Karm Fush, Ashkum.

Art: Alan Miller and Roger Behrens, Clifton.

All receiving A ratings are eligible to compete in the sectional contest at Grade Ridge on April 2.

Methodist Youth Fellowship Of Ashkum Elects

ASHKUM (JNS) — Patty Gound was elected president of the Methodist Youth Fellowship Sunday night in the Methodist Church basement.

Other officers elected were Diane McDonald, vice president; Jimmy Johnson, secretary, and Roger Anderson, treasurer.

Outgoing officers are Betty Jo Weir, president; Jerry Lynn Woods, vice president; Larry Jacobson, secretary, and Violet Boyer, treasurer.

The Rev. and Mrs. Jerry Nichols described the program at Methodist summer camps.

Betty Jo Weir, president, conducted the meeting. She read the scripture and discussed "Easter."

Thirteen members, Mrs. Harry Johnson, leader, and four guests, Larry Vadonker, Art Peters, Sandra McDonald and Mrs. Lewis McDonald, were in attendance.

Money received for selling greeting cards was turned in to Violet Boyer, treasurer. The rest must be turned in by April 3. The group is planning to help purchase a shuffle board.

Next month Dona Hull will serve and Kay Woods will be in charge of recreation.

The meeting adjourned with the reciting of the Lord's Prayer and the MYF pledge.

Diane McDonald was in charge of recreation. Betty Jo Weir gave a dramatic reading, "The Heritage of Whimpy Street." Larry Jacobson served refreshments.

Lamb, Fryers, Roast Best Food Bargains

By THE ASSOCIATED PRESS
Lamb, trying chickens and chuck roast will offer the best of the nation's supermarkets and neighborhood groceries this weekend as shoppers weary of battling the high cost of living.

Not all are cheaper than they were a week ago. But at least, in most cases, they're no more expensive.

As for chuck roast, sirloin steak is anywhere from 2 to 10 cents a pound more expensive this week and rib roasts are up around 4 cents a pound in some sections.

THE STEAK and rib roast prices received recent advances in wholesale markets, which livestock men say, should put beef at about its peak. They predict a gradual decline.

Shoppers have found some relief from high fruit and vegetable prices by turning to the canned food shelves. There they've found bargains aplenty in such items as peas, corn, pears and fruit cocktail.

Fresh vegetable bargains once again are hard to find, although carrots and potatoes are good buys.

Asparagus, currently a fair buy, should get cheaper in the next few weeks as shipments increase.

Fresh mushrooms are plentiful market men say, because of labor difficulties affecting packers.

CALIFORNIA CELERY
Ingredients: 3 cups thin celery crests, 1/2 cup thin strips green pepper, 1 tablespoon instant minced onion, 1 tablespoon butter or margarine, 1/2 cup water, 1/2 teaspoon salt, 1 teaspoon cornstarch, 1 tablespoon cold water, 1 tablespoon soy sauce.

Method: Have celery crests 1/4 to 1/2 inch thick; place in 10-inch skillet (that has a double cover) with green pepper, onion, butter, 1/2 cup water and 1/2 teaspoon salt. Simmer, covered, just until tender—about 8 minutes. Meanwhile stir cornstarch, 1 tablespoon cold water and soy sauce together until smooth. Pour into cooled celery in skillet and stir until the amount of liquid in pan thickens. Serve at once. Makes a serving. Seasonings may need to be adjusted because any sauce differs in strength.

Springtime Dish Is New But Easy

By CECILY BROWNSTONE
Associated Press Food Editor

Looking for springtime lunch ideas? Is the family home Saturday and would you like to serve them a new but simple-to-prepare dish?

Then try this good combination of sardines with cucumber slices and onion rings. The vegetables are marinated, in Scandinavian style, with vinegar, sugar and salt. The sardines are pure American, packed in Maine, in a slightly spiced soybean oil and come six to a 4-ounce can.

The cucumbers and onion rings should stand in the marinating liquid for about three hours before they are served, so slice the vegetables and put them in the marinade early in the morning. Refrigerate them in a flat covered container and they'll be seasoned beautifully by noon.

If you serve a prepared soup as a first course on this menu, and make dessert fruit and cookies, you'll have a really easy-to-get meal.

SARDINES WITH CUCUMBER AND ONION RINGS

Ingredients: 1 cucumber (about 7 inches long), 1 medium-sized onion, 1/2 cup cider vinegar, 2 tablespoons water, 2 tablespoons sugar, 1/4 teaspoon salt, white pepper, 2 cans (4 ounces each) sardines packed in slightly spiced soybean oil, 2 tablespoons minced parsley.

Method: Wash cucumber in cold water and dry; cut off ends. With swivel-blade vegetable peeler, pare cucumber lengthwise leaving part of green skin in a striped effect. Slice into paper-thin rounds. Cut ends from onion; peel; slice into paper-thin rounds, separate into rings. Stir vinegar, sugar, water, salt and a dash of pepper together until sugar dissolves. Mix with cucumbers and onion rings in a flat container (about 8 inches square). Cover lightly; refrigerate for 2 to 3 hours. At serving time, drain thoroughly. Open sardines. Lift out carefully from oil and transfer to serving dish. Top with marinated cucumbers and onion rings; sprinkle with parsley. Serve at once. Makes 4 servings.

KITCHEN TIPS
The marinade for the cucumber and onion rings may be varied. Cream (sweet or sour) seasoned with lemon juice, sugar, white pepper and a dash of garlic salt may be used.

Minced fresh dill may be added to the standard marinade we have given you.

Tarragon vinegar may be substituted for part of the cider vinegar in the standard marinade. You will need a wide-blade extremely sharp kitchen knife to cut the cucumber and onion rings thin. If you don't wield a swivel-blade vegetable peeler to shave off paper-thin round cucumber slices.

Kindergarten Will Start April 14 In FSW Area

FORREEST (JNS) — Donald Van Ormer, superintendent of the Forrest-Strawn-Wing unit, announced the Board of Education has again authorized the operation of a six-week kindergarten.

The session will open April 14 and close May 25. The school will be held in the Forrest Meadowbrook School. In the past, it had been held in the Strawn Grade School.

A tentative list of 68 students indicates enrollment will be high. To be eligible for kindergarten this spring, the child must have had his fifth birthday by Dec. 1, 1957.

Mrs. John Griesmer has been engaged as instructor. Present plans are to have a morning class made up of the children in Forrest, along with a few others, to enroll 34.

The afternoon class will be made up of children from the Strawn and Wing areas, along with the children from the rural Forrest area. Registration for kindergarten will be held at Meadowbrook School on April 2 from 9 a.m. to 11:30 a.m. and 1 p.m. to 3:30 p.m. The morning session will start at 8:55 a.m. and close at 11:25 a.m. The afternoon session will start at 12:50 p.m. and end at 3:30 p.m. A bus will leave the Wing school at 12:35 p.m. and the Strawn school at 12:30 p.m. Parents will be responsible for seeing that pupils reach the bus.

Afternoon session students will ride the regular bus to Wing and Strawn at the close of the session. A charge of \$1.25 is being made to defray the cost of milk and kindergarten textbooks. An optional insurance is available at \$1.50. Fees are payable at registration time.

Cut Down Elms In Cullom Area

CULLOM (JNS) — Sixteen large American elm trees have been cut down at the farm home of Mrs. Charles Kowley, a mile east and a half mile north of Cullom.

The trees died because of Dutch elm disease. The work was done by the tenant, Le Roy Remmers and son.

MRS. OTTIE WEBER, 84, who underwent surgery at St. James' Hospital, Pontiac, continues to improve. She will be in the hospital one more week.

Gerber
STRAINED
Vegetables

Why is 9 baby's lucky number?

It's the magic number that means meal-time variety for baby. Gerber Strained Vegetables (all 9 of 'em) are famous for naturally good, garden flavors and the eye-catching colors that invite an appetite. From the mild Creamed Spinach to the naturally sweet Squash, each variety is pure to a velvety smoothness. Special pressure cooking preserves the utmost in precious food values.

Important point to remember: A daily serving of green and yellow vegetables is usually recommended for vitamin-A value, minerals and important B-vitamins. Gerber Strained Carrots, Creamed Spinach, Green Beans, Squash, Sweet Potatoes, Garden Vegetables, Peas and Mixed Vegetables are high in vitamin-A value, offer significant sources of minerals and vitamins.

Lamb Cuts Up Into Variety Of Economical Menu Treats

By GAYNOR MADDOX, NEA Food and Markets Editor

In the springtime or any other eating time, lamb can gambol across your menus in many different and economical forms.
Leg of lamb and loin chops are undoubtedly favorites. But you can add variety with cuts like boneless sirloin roast, rolled shoulder, riblets and leg steaks. A sirloin roast is the broad upper end of a full leg of lamb and usually weighs 2 to 2 1/2 pounds. Rolled shoulder is an excellent choice for roasting. The meat is boned, rolled and tied and is easy to carve. Economical riblets are strips cut from the breast attached to the rib bones. Lamb steaks are a good idea when you're planning to serve a leg of lamb roast. Ask the meat man to cut steaks from the sirloin end of the leg and you're all set with lamb for another meal.

Lamb Shoulder Roast with Pineapple (8 servings)
One 4-pound boned shoulder of

Lamb Riblets with Bean Sprouts (Makes 4 Servings)
Two pounds lamb riblets, cut in 1 1/2-inch pieces, 1 1/2 teaspoons salt, 1/2 teaspoon pepper, 1/2 teaspoon chili powder, 1/2 cup water, 1 10-ounce package frozen peas, 1 10-ounce can bean sprouts, drained.

Cook lamb until browned on all sides. Add seasonings and water. Cover and cook 1 hour or until lamb is tender. Add remaining ingredients and cook, covered, 10 minutes.

TOMORROW'S DINNER: Chilled vegetable juice cocktail, lamb shoulder roast with pineapple, scalloped potatoes, buttered green beans, lettuce and celery knob salad, oil and lemon juice dressing, rhubarb pie, cheese, coffee, tea, milk.

Methodist Mother, Daughter Meet Set For Gilman

GILMAN (JNS)—Mrs. Maude Beasley of Kankakee will be the guest speaker at the mother and daughter banquet to be held April 17 in the Methodist Church.

Mrs. Beasley is active in the Woman's Society of Christian Service and is program director of the Kankakee YWCA.

Committees include Mrs. Kenneth Holz and Mrs. Ernest Zick program; Mrs. Paster Orr and Mrs. Russell Lloyd music; Mrs. K. G. Talbert and Mrs. James Roush, decorations; and Mrs. Richard Tarron, tickets.

A Holy Communion service will be held Maundy Thursday, April 17 in the Methodist Church. The Easter sunrise service and breakfast sponsored by the Methodist Youth Fellowship, will be at 6:30 a.m. April 18.

The April meeting of the Woman's Society of Christian Service will be held on April 10 instead of April 17 as previously announced.

The Preparatory Membership Class will be received into membership at the Palm Sunday worship service.

The study class on "The Gospel According to St. Mark" will meet Friday at 7:30 p.m. with Mrs. L. C. Coll. Miss Mildred Sveineland will present the lesson.

The Men's Bible Study Class will meet Tuesday at 7:30 p.m.

Churchill To Stay In France 2 Weeks

ROQUEBRUNE-CAP MARTIN, France (UP)—Sir Winston Churchill will spend at least two more weeks convalescing on the Riviera before returning to England, it appeared today.

A spokesman at the Churchill household reported this morning: "All is going well. He had a good night."

But the weather was no help and it was a chilly 50 with overcast skies. But in England it was 5 degrees colder with fog and drizzle and a spokesman said he would not return there until the weather is more favorable.

JAMES REIDAL, who is 4, finds his mother's FROSTED MOLASSES COOKIES quite tempting. That recipe and others from Mrs. Reidal's file are printed here.

The Journal Kitchenette

Homemaker Was Food Expert On Radio Program

By MARY JEAN HOUE

Cooking for a family is a far cry from conducting a radio program from a test kitchen but Mrs. John Reidal of 638 S. May Ave. is satisfied with the family situation.

Mrs. Reidal moved to Kankakee three years ago from Milwaukee, Wis., and has been busy cooking for her husband and son James, 4, and serving the community in various ways. She is president of the American Association of University Women and a member of the Presbyterian Church women's groups.

The comparatively new Kankakee studied home economics at the University of Minnesota with a major in foods and business. The food show via radio was conducted in Kansas City, Kan., and she served as home service director for the Minnesota Gas Co.

On her radio program, Mrs. Reidal featured a recipe a day. Today she is featuring six of her own specialties:

- FROSTED MOLASSES COOKIES**
- 1/2 cup shortening
 - 1 cup sugar
 - 2 eggs
 - 1 cup molasses
 - 4 cups sifted flour
 - 1 teaspoon salt
 - 1 teaspoon soda
 - 1 teaspoon cinnamon
 - 1 teaspoon ginger
 - 1/2 cup water
- CREAM SHORTENING AND SUGAR TOGETHER.** Add the eggs. Mix well. Add the molasses. Sift flour, salt, soda and spices together and add alternately with liquid. Drop by teaspoonfuls on a cookie sheet. Bake in a moderate oven (375 degrees F.) for about 15 minutes. Cool. Yield: 72 cookies. Top with butter cream-powdered sugar frosting.

Chicago To Be Site Of Sears Meeting

CHICAGO (UP)—Sears, Roebuck and Co., for the first time in 52 years, will hold its annual stockholders meeting in Chicago, its headquarters, May 12.

The law under which the company was chartered in 1906 in New York State required that annual meetings be held in New York.

But a recent change in the law permits New York corporations to hold stockholder meetings outside the state if a majority of share owners live outside its boundaries.

Sears said Wednesday its 147,000 stockholders live in all 48 states and in foreign countries. Some 28,000 live in Illinois.

green or red cherry halves if desired. Strain sirup.

Add hot sirup to 1 package instant flavored gelatin. Stir until gelatin is dissolved. Pour over peaches. Chill until firm.

If desired, add cranberry layer: Put through food chopper 1 cup fresh cranberries and 1/2 cup orange unpeeled. Stir in 1/2 cup sugar. Add 1/4 cups hot water to 1 package cherry or strawberry flavored gelatin. Stir until dissolved. Cool. Stir in cranberry mixture. Pour over peach layer before the latter is quite firm. Chill until firm. If preferred, substitute 1 cup sweetened canned whole cranberry sauce and omit 1/2 cup sugar.

Hodge Farm Bids Rejected As Too Low

SPRINGFIELD (UP)—Circuit Judge DeWitt S. Crow Wednesday officially rejected all bids to purchase a 270-acre Missouri cattle farm turned over to the state by ex-Auditor Orville E. Hodge in restitution for funds taken during the Hodge scandal.

The highest bid on the property was about \$25,000 entered by John Ringhofer, Chicago. Crow said the bid was less than two thirds of the \$45,000 appraised value of the farm, located in Montgomery County, Mo.

CROW'S ORDER indicated that the farm is an item in the trust set up by the state and Hodge and Mrs. Margaret Hodge, his wife, the assets of which are being sold to repay funds embezzled by Hodge.

New Soviet Changes Seen In Future

MOSCOW (UP)—Russia published today the membership of a reshuffled parliamentary Presidium which suggested further important changes may be coming.

Premier Nikita Khrushchev will announce the makeup of his cabinet before the current Supreme Soviet winds up its sitting. He also is believed to be planning a spectacular, unilateral suspension of atomic and hydrogen bomb tests.

BUT THERE WAS no indication yet of future plans for former Premier Joseph Stalin, who smiled and chatted with Khrushchev and other Soviet leaders at today's meeting of the Supreme Soviet. He still holds his party posts.

Under the constitution, the Presidium of the Supreme Soviet is the body which gives taken approval to major decisions when the full parliament is not sitting.

Five senior members of the last Presidium were among the 32 which the full Supreme Soviet elected Thursday.

This might or might not indicate one or more of them is slated for a higher post in the government. One of the five, for example, is Khrushchev himself.

WHAT WILL HAPPEN to Bulganin's party posts was not clear. He would be up to the Central Committee of the party to make any changes in party rank. Most members are in Moscow for the Supreme Soviet session.

It was learned, however, that the party apparatus already had disseminated through its private channels the reason for his departure from the premiership—his unacceptable position at the time of the unveiling of the Malenkov-Molotov "anti-party group" last summer.

The Supreme Soviet, in separate meetings of the two houses of parliament, dismissed Khrushchev's agricultural reform plan submitted Thursday.

The new truck has a seven-man enclosed cab, carries its own 1,000 gallon water supply, has a portable 120 watt light plant and a 750 gallon per minute portable water pump.

The truck was built to specification by the Central Fire Truck Corp. of St. Louis. It was expected to be ready for use by April 1, according to Hubert Spelling, acting fire chief. It must still undergo examination by the state Underwriters Board, Spelling said, to make sure it meets specifications.

Meanwhile, conditions of the five volunteer firemen injured in the accident were reported as improving today.

Elmer Wilken, 53, who had his leg amputated Wednesday, was reported by Spelling as getting along well. Ronald Burke, 20, and Edward Gosnell, 33, were also reported getting along well.

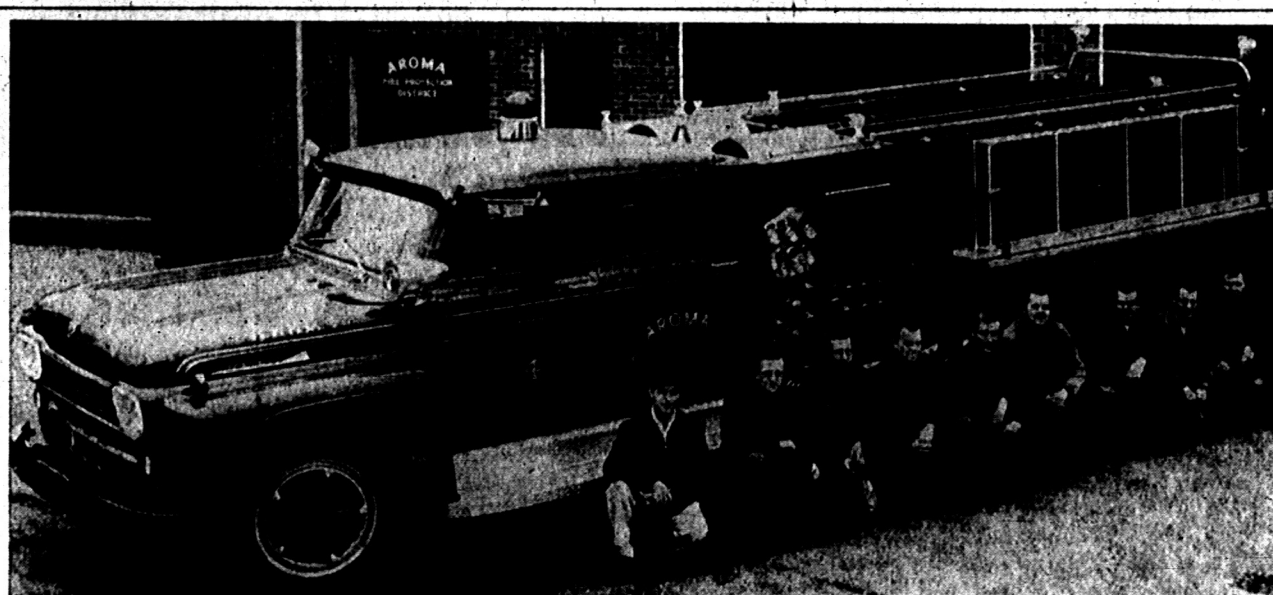

A special fund being collected to aid the injured firemen and their families and the family of Lawrence Wilken, 52, who was fatally injured, climbed over the \$4,000 mark as of Thursday night, Spelling said. Receipts have been coming in at approximately \$1,000 a day.

Seek Passage Of Highway Program Before Easter

WASHINGTON (UP)—Over major legislative move to help the business slump. Only last week, it passed a \$1,850,000,000 housing bill designed to create up to 500,000 jobs.

The cost of the contemplated interstate network would be shared on a 90 per cent federal and 10 per cent state basis.

The bill also would authorize a combined federal-state outlay of \$11 million dollars for improving primary, secondary and rural roads in the 1958 fiscal year and \$18,000,000 for these roads in 1959 fiscal year.

Other provisions would authorize an additional federal-state expenditure of 222 million dollars.

WASHINGTON (UP)—The Senate approved today a highway bill, which would create up to 500,000 jobs.

Speaker Sam Rayburn of Texas, the speaker hopes conferees can approve a bill in time for passage before the congressional recess.

It was uncertain whether the House would act on the Senate bill today. It does one member by his single objection could block action.

In that case, the Rules Committee would meet today to send the legislation to conference.

The measure would speed building of the 41,000-mile interstate highway system. In addition it would build building of primary, secondary and urban roads—the so-called "feeder" roads system.

It would be the second of two bills that could speed up the highway program.

36 U. S.-Held Rebels Begin Hunger Strike

BROWNVILLE, Tex. (UP)—Thirty-six Cuban rebels refused to eat their oatmeal today and said they would starve to death in the name of liberty. They have missed two meals.

The men, mostly American citizens and New York residents, were captured by a U. S. Coast Guard vessel that rammed their 70-foot chartered freighter.

A spokesman said the warriors would not eat for a week or month, however long it takes, even if they starve to death.

Unless they post bond, they are likely to remain in jail until May 11, the next scheduled meeting date of the federal grand jury.

The revolutionaries include a doctor and a pentecostal preacher who is a chaplain of the force.

Bond was set at \$7,500 for all but one member of the group. He was Antonio del Conde, Mexico City, who was charged with primary responsibility for the purchase of the rebel arsenal and the charter of their warship. His bail was set at \$15,000.

ARNOLDO G. BARRON, 35, New York, leader of the group, said he had flown to Mexico City in February to make final arrangements for the expedition.

The rebels were wearing U. S. Army fatigues with red and black armbands carrying the white letters: "July 26." Some had steel helmets. The date is that on which, in 1953, Castro led his first abortive attempt at revolution against the Batista government.

"We were going to help out the cause of democracy like the United States and they stop us," Barron protested.

Barron said the rebel band had the guns and ammunition themselves.

The rebel arsenal, worth \$20,000, according to Barron, included 50 60 millimeter mortars, one 81 millimeter mortar, one 105 millimeter mortar, one 120 millimeter mortar, one 150 millimeter mortar,
