What's Behind Indonesian Revolt?

(Editor's Note—This exclusive story by a California professor who taught in Indonesia is the first eyewitness report on the North Celebes revolt. Probing far behind the confusing facade of the strife-torn report, he explains from first-hand experience what the rebellion is all about, what the insurgents are fighting against—and for.)

By JUSTIN K. B. FULLER
Written for The Associated Press
The fighting which erupted on Central Sumatra in the Indonesian rebellion foreshadowed government moves against the North Celebes. The Sumatran insurgents were quickly routed. But I believe Jakarta will find the Celebes a tougher nut to crack.

I hadn't expected civil war when I arrived last October at Manado, Minahasa Province, in the North Celebes. I had come to teach anthropology in Tondano Teachers College.

ALMOST IMMEDIATELY after starting at Tondano, I began commuting 30 miles a day to teach also at Permana University, established by the Indonesian Rebel Permana (all together) Party at Manado.

In those earlier, placid days of the rebellion nobody seemed to mind that I was working both sides of the educational fence. The central government at Jakarta, who had hired me for the Tondano post, actually granted me permission to work at Permana University.

It was at Permana University that I met and grew to know the rebels and the inspirations of the North Celebes rebels, who want the re-establishment of the United States of Indonesia which President Sukarno abolished and replaced with a centralized republic seven years ago.

The first government attack at Iroquois Daily Vacation School To Start June 2

IROQUOIS (JNS) — The Daily Vacation Bible School at Iroquois Methodist Sunday School will start June 2 and will be held in the grade school as in previous years. All children from the age of three may attend. Mrs. Deloris White is leader.

THE CUB SCOUTS met in the home of their den mother, Mrs. Ruth Figg, on Wednesday afternoon, with Mrs. Mary Strahl assisting. Nine boys were present and took part in a kite flying contest. Early-Strahl was the prize for getting his kite the highest.

The newly-elected officers of the official board of the Women's Society of Christ and the World met in the home of the president, Mrs. Birdie McCarthy, on Wednesday afternoon. Plans were made and committees were appointed for the various activities of the coming year.

Mrs. Maureen Bauer entertained Tuesday afternoon in observance of the third birthday of her son, Mark.

Christine Hotchkiss, an American housewife, was born in Poland. In Sept. 1938 when Nazi bombs began falling in her family's garden she was 19. What it is like to go back after 18 years to the home—now behind her from Curlew—where you were born? In June Reader's Digest you get a rare, personal account of communal life as she found it.

real grievance of the Sumatrans was over-exploitation of their natural resources by a central government. In the Celebes, the powerful sentiment of anti-communism is combined with a strong — and clearly enunciated — sense of dissatisfaction with Jakarta.

The Permana movement was proclaimed March 2, 1957, by Col. Venli Sumual, military commander of East Indonesia.

FOR THE WORKERS of the North Celebes it has meant more jobs and higher wages, partly the result of the province's trade with Singapore. For the people in general — 60 per cent of whom are Protestant and 40 Roman Catholic — it took on the aspect of a Christian revival movement.

The first jobs of the Permana movement was to clean up the local Communist party headquarters. Some 30 Red leaders were arrested. Communist party headquarters were converted into an army barracks.

Although a new province was created, with a civilian governor of the Celebes to replace the old Jakarta control from Makassar 800 miles to the south, the real power of the Permana government was in the hands of the military.

It seems to me that if Sukarno should lose the civil war, it will be because of the fighting spirit of the Minahasans. Victory over rebellious Central Sumatra proved fairly easy. The

part of Indonesia which voluntarily joined the Dutch — it was never conquered. And after the Minahasans had accepted Dutch sovereignty in the 17th century, they helped form the backbone of the Dutch colonial forces.

Dispute in Minahasan villages and towns are settled by public discussions, officials are elected and problems aired in "town-meetings." Perhaps because they are a racial, religious and linguistic minority (they speak Philippine languages) the Minahasans have never taken kindly to any form of discrimination.

IN CONTRAST to the Communist-inspired seizures of Dutch firms which were ordered by the central government in Java, the policy of the Permana government has been to allow all foreign firms, including the old Dutch trading companies, to continue operations. The opening of direct trade with Singapore has meant a great boost for the North Celebes economy.

At the final faculty meeting of Permana University in Manado, Maj. Korpompa, an army lawyer who is both acting chief of police and chairman of the university, said a farewell to foreign lecturers who are leaving the island.

"It's like this: we must save a federal system in Indonesia. We're not a bunch of adventures fighting for money or to avoid paying taxes. We believe in Indonesia and in support for the central government, but not for a central government which is composed of Communists, partly of leaders who take our taxes but neglect our country."

De Gaulle Goes To Paris

PARIS (AP)—Gen. Charles de Gaulle sped to Paris today after being called by French President Rene Coty, reliable sources said. At the same time 30,000 Frenchmen demonstrated in Paris against De Gaulle's return.

The word that De Gaulle was going to see the President, normally would mean that he would be asked to form a new government.

The general, accompanied only by an aide, had driven out of the gates at his country home and headed toward Paris. There had

been no announcement, however, of his destination or the purpose of the trip.

De Gaulle was expected at the President's palace at about 8:30 p.m.

The call from Coty to De Gaulle came only minutes after the conclusion of a meeting between the President and leaders of three big political parties.

Socialist Guy Mollet, right-wing independent Andre Pieyre and Pierre-Henri Teitgen of the Catholic Popular Republican Movement had been closeted with the

President for an hour and quarter. Coty is left with no choice but to call in De Gaulle to ask him to form a new government.

The three French speaking political bigwigs had been called in by Coty presumably to get agreement on a successor to Premier Pierre Pflimlin, who resigned in the early morning hours at the height of the rebellion-induced political confusion in France.

De Gaulle announced Tuesday he had already started work to form a government. But he appeared to face formidable opposition in the National Assembly, which must approve his appointment to the premiership.

The National Assembly Tuesday night gave Pflimlin a thumping vote of approval on a constitutional reform bill, indicating that the deputies had no stomach for De Gaulle, Pflimlin quit because he lost some of his moderate supporters in the assembly.

The demonstration, with the crowds massed four blocks along the Champs Elysees, was the first since De Gaulle's return.

De Gaulle's return to Paris was the first since he fled to London in 1940. He had already started work to form a government. But he appeared to face formidable opposition in the National Assembly, which must approve his appointment to the premiership.

Schedule Piper City Memorial Day Services

PIPER CITY (JNS)—The Memorial Day program will take place on Friday at 10 a.m. in Railroad Park. The program will be started with the "Star Spangled Banner" by the school band and the invocation by the Rev. Ronald Winsor.

Mrs. Elmer Jackson, American Legion Auxiliary president, will read the names of departed veterans. Silence, in their behalf, will follow.

Leslie Miller will present "Flanders Fields" and Donald A. Ohmart, superintendent of schools, will give the address. The Rev. Philip H. Coen will give the benediction. The group will proceed to the Calvary and Brenton Cemeteries for ceremonies. Legionnaires are to meet at the new legion building at 8:30 a.m. Friday morning.

Robert Chambers Jr., sergeant-at-arms, requests public attendance.

Better Times Forecast By Ike

WASHINGTON (UPI)—President Eisenhower said today he believes the recession has largely spent its force.

He told a news conference that some of the economic indices point to an upturn. But he said an overall does not make a summer.

SOME PARTS of the national economy, such as the auto and other durable goods industries, are not doing too well, he said.

"On the whole, he said, the nation is weathering the recession well.

In other news conference remarks, the President:

Said that as of now the economic situation does not warrant a recession tax that would greatly increase the federal budget deficit.

Said he would deplore any peace-time attempt to control wages and prices. But he said he felt strongly that both must be held in an effort to maintain stable living costs.

Declined to comment on the crises in France and Lebanon. But he did say he happened to like Gen. Charles de Gaulle.

The French general appears headed for control of the French government, he said.

Said the world situation seems to call for more intensive review of current U.S. international responsibilities than might normally be the case. He said every day there are conferences to determine what new duties and responsibilities fall to the United States.

GM Against Mediation Call By UAW

DETROIT (UPI) — The United Auto Workers today asked the Federal Mediation and Conciliation Service to step in to end deadlock, final-hour bargaining with General Motors, but the company said it is opposed to mediation.

UAW Vice President Leonard Woodcock said mediation is needed because General Motors has stood pat on a two-year contract for extension offer and refused to bargain on the union demands.

WOODCOCK said he saw no hope at this time for a settlement before the contract covering 225,000 GM workers expires at midnight Thursday. He asked that the contract be extended on a day-to-day or week-to-week basis while negotiations continue.

Immediately after Woodcock called for outside bargaining help, General Motors Vice President Louis Seaton said, "Based on our experiences, we are convinced that intervention of a third party at this late date would make no contribution to a peaceful and equitable settlement prior to the expiration date of our agreement."

THE FIRST Vanguard exploded four feet off its launching pad. The second blew apart 20,000

CAPE CANAVERAL, Fla. — The second of the Navy's basketball-sized satellites went up today like the first—at the bottom of the Atlantic Ocean.

Fired aloft shortly before midnight by the Vanguard rocket, the 20-inch ball flew 2,000 miles out into space, then plunged back to earth.

Five hours of baffling silence followed the launching before Dr. John P. Hagen, director of Project Vanguard, announced that the fourth fell into the sea.

By contrast, the Army has a record of two successes in three tries with its Jupiter-C satellite. The third stage Vanguard fired as expected, Hagen said.

But the satellite was not boosted into a horizontal direction necessary to place it in orbit. Instead, it flew out in a wide arc, then fell back into the earth's atmosphere.

It was the fourth failure in five tries since the Vanguard rocket was first fired as a complete three-stage vehicle.

In quick succession thereafter, the satellite's signals were picked up at down-range listening posts.

Navy Commissions Galveston, First Missile Warship

PHILADELPHIA (AP)—The Navy commissions its first "Talos" missile warship today, a cruiser that carries an atomic weapon capable of destroying unseen planes or surface vessels more than 65 miles away.

The cruiser Galveston, freshly painted and its brass shining, officially goes into service 13 years after it was launched. Sponsoring the commission is Mrs. Clark W. Thompson of Galveston, wife of a Democratic congressman from Texas.

The Galveston was launched in 1945 but was placed in reserve without being commissioned.

Conversion to a missile cruiser began 20 months ago. It will be christened by September for a shakedown cruise to the Caribbean.

CAA Super Skyway Safety Plan Unveiled

WASHINGTON (UPI)—The Civil Aeronautics Board today created three transcontinental super skyways in a move to lessen the danger of aircraft collisions.

The skyways will be established June 15.

As of that date all flights between 17,000 and 22,000 feet altitude in the designated air corridors will be wholly controlled time horizontally.

The ground control will apply to both military and commercial planes using the skyways.

The corridors will be 40 miles wide. Within them planes will be separated by at least 1,000 feet vertically and 10 minutes flying time horizontally.

THE CAB SAID the airlines, which already have pledged the pilots will submit voluntarily to ground control in all operations above 10,000 feet, endorsed the skyway plan.

"The Department of Defense informed the CAB this morning of its endorsement," the board said.

"The measure is another in a series prompted by two air collisions within the last five weeks between military jets and commercial airliners and reports of an increasing number of near misses.

Alaskan Bill Alive

WASHINGTON (AP)—The House today refused 190-176 to send the Alaska statehood bill back to the Insular Affairs Committee. The vote in effect reversed Tuesday's tentative decision to kill the bill.

Warden E.H. Rushing paced up and down the rows, trying to get the convicts to voice the grievances or other troubles that sent them into a sit-down strike in the unshaded fields in 90-degree temperatures.

Up for action as the Senate went to work was an amendment by Kennedy to extend the duration of present benefit payments by 16 weeks in all states.

States would be excused from repaying the federal government if they failed to extend the laws to provide benefits for at least 30 weeks equal to 50 per cent of a worker's average wage for the 52 weeks preceding the week of unemployment.

Violence Flares In Cuba, 16 Slain

HAVANA (UPI)—The worst outbreak of violence in eastern Cuba since government forces crushed rebel leader Fidel Castro's "all-out war" last month has caused at least 16 deaths this week, it was reported today.

Rebel raiders killed four soldiers in the town of Sagua, 100 miles from Havana, and a Cuban newspaperman in the provincial capital of Santiago. The bodies of at least 11 unidentified persons were found in the streets of the two cities.

"Heavy skirmishing" between loyal troops and rebel bands was reported in the Sagua de Tanamo area and in the Maestra Mountains, where Castro's forces were out for a year and a half. There was no mention of casualties.

Pope Sends Chicago Message Of Condolence On Stritch's Death

ROME (UPI) — Pope Pius XII sent his blessings and a cable of condolence to the archbishop of Chicago today on the death of Samuel Cardinal Stritch, whose body lay in state here.

As dark-robed prelates of the Roman Catholic Church paid their last respects to the late archbishop of Chicago who died early Tuesday, the Pope sent this message to the people of Stritch's archdiocese.

"We express our deep sorrow for the sad loss suffered by the Sacred College of Cardinals and the Chicago archdiocese with the death of our beloved son Samuel Cardinal Stritch, whose memory shall remain in benediction for his unwavering faith, his generous self-sacrifice and exemplary devotion."

"We pray that his soul may rest in peace and that his faithful servant the deceased heavenly spirit and comfort and console the orphaned archdiocese where his careful direction and his zealous episcopal ministry produced such abundant spiritual fruits. As a pastor, he was a true shepherd, and his example of our particular affection we impart to the bishops, priests and the people our special benediction."

Stritch, who died at his home in Chicago, was 82 years old. He was a member of the Sacred College of Cardinals and the governing Roman Curia.

"It was a sad loss for the church," said the Corriere D'Italia.

Install Officers Of County PTA Council

The Kankakee County Council Parent Teacher Association held installation of officers at Washington School Monday evening.

Officers installed were Thomas Jones of Franklin School, president; Mrs. Wesley Ross of Lafayette School, vice president; Mrs. A. F. Schaafman of Wicket School, recording secretary; Mrs. Oren Floyd of Bradley East Elementary, corresponding secretary; and Robert Clay of Edison School, treasurer.

Mr. Leo Bauer, district director, conducted an informal workshop for new unit officers acquainting them with the duties of their respective offices.

Col. Lathrop To Retire From Wacs

Lt. Col. Frances M. Lathrop of Kankakee, commanding officer of the U. S. Women's Army Corps Center and commander of the Waco School, Ft. McClellan, Cal., will retire from the Army Saturday.

Col. Lathrop retires after nearly 16 years' service as a commissioned officer. She was graduated from the first officer candidate class at Ft. Des Moines, Iowa, shortly after the inception of the Women's Army Auxiliary Corps in 1941.

Since then she has held staff and command assignments at five WAC training centers and has served as staff officer in training schools at Headquarters 2nd Army, Ft. George G. Meade, Md., and with Department of Army.

In 1944, Col. Lathrop escorted a contingent of Wacs to New Guinea for duty in the Asiatic Pacific theater. During the two overseas tours took Col. Lathrop to Australia and Japan where she served a total of 41 months as a training officer with U. S. Forces, Australia, and Headquarters Army Forces Far East and 8th Army.

INTERMITTENT assignments included duty with the Awards and Decorations Branch, Office of the Adjutant General, in New York City and St. Louis, Mo.

Col. Lathrop was honored recently when Lt. Gen. Thomas F. Hickey, United States 3rd Army commander, retired, presented her, by direction of the President, the Legion of Merit, fifth highest decoration in the "Pyramid of Honor."

A graduate of the Service Staff Course of the Command and General Staff College, Ft. Leavenworth, Kan., and the Japanese Language and Area Study Course sponsored by the Army at Stanford University, Col. Lathrop holds a bachelor of education degree from Illinois State University. She earned her master of arts in education from Clark University, Worcester, Mass.

Mrs. E. H. Blackmore, 322 S. Small Ave., Col. Lathrop's sister, went to Ft. McClellan this week to attend a series of events in the colonel's honor, including the Retirement Regimental Review at 9 a.m. Saturday. The colonel and her successor will troop the line of the eighth participating companies.

Trip To Russia Described To Lions Club

The Soviet Union is a land of serious-minded people, Dr. Edwin S. Hamilton told members of the Kankakee Lions Club Tuesday.

The widely-traveled local physician told of the recent trip he took behind the Iron Curtain with his wife, and another doctor and his wife.

People in Russia, he said, appear to be rude because they are intent upon one thing—how to make a living. "It's a question of survival with them," Dr. Hamilton explained.

HE TOLD OF attending services in a Russian Orthodox Church. The congregation was composed of mostly elderly people and most of them cried during the service, the doctor said.

"I don't believe I saw half a dozen people laugh in Russia," Dr. Hamilton stated. "They work 10 hours a day six days a week and live in crowded quarters. Everything is very expensive. Citizens of the Soviet Union have little to be happy about."

He described Russian ballet as "extremely beautiful" and said it is very popular since it gives the ordinary citizen a chance to escape from his drab existence for a short time.

YOUNGER RUSSIANS, many of whom speak some English, are greatly interested in the United States and ask many questions about this country, Dr. Hamilton related.

He described the Soviet Union as strictly supervised by the government, the government tourist agency, an English-speaking guide accompanies American tourists at all times, and a constant watch is kept, the doctor said.

After Russia related its views regarding visitors from the free nations, some 10,000 Americans visited there last year, the doctor estimated.

He described the vast size of the Soviet Union and said that the city of Moscow is a melting pot for people from all parts of Europe and Asia.

Most Star Figures Terrible: Frenchman

HOLLYWOOD—Here's a warning, gals, straight from Paris. "Don't try to look like Jayne Mansfield, Marilyn Monroe or Mamie Van Doren—you'll ruin your figures."

And to show he really likes to live dangerously, French swim suit designer Fernand Lafitte fired off another bomb Tuesday.

"Most of your movie stars have terrible figures," Europeans don't admire the big-bosomed look, he said. "His worship is largely concentrated in America."

LAFITTE—a BACHELOR—said American girls, seeking the movie star look, try to build themselves up or bleach their hair or both.

"Instead," he advised, "use your own natural beauty and taste to make yourself more alluring. Don't imagine you're something you're not."

The handsome designer, who built booty traps in the French underground during World War II, was in town en route home from designing a line of swim suits.

Two Kankakee area girls received bachelor of arts degrees Tuesday at College of St. Francis, Joliet. They are Miss Eleanor Mills of Bourbonnais and Frances Tures of Pontiac.

Miss Eleanor Mills is a daughter of Mr. and Mrs. A. J. Mills and a Bradley-Bourbonnais High School graduate. Miss Tures, daughter of Mr. and Mrs. Nicholas Tures, is a graduate of St. Joseph's Seminary. Miss Mills is senior class vice president and secretary of the International Relations Club. Miss Tures is president of the Sociology Club and senior representative in Student Court.

Veteran Teacher To Retire Second Time

A veteran Kankakee area teacher, Miss Clara Nelson, completed 35 years of school teaching today and headed for semi-retirement. It will be the second retirement for Miss Nelson, but her life ahead will probably be much more active than the school in which she has taught for the past five years.

Miss Nelson, after retiring from the Kankakee Public Schools in 1953, was asked to teach in the Summer Community Consolidated School at Whittaker. Since then she has been teaching the first through third grades sharing duty with Mrs. Loretta Wright who teaches fourth through sixth grades and is principal.

Actually, the school is two separate buildings across the road from each other. In 1948 when the Summer Community Consolidated School district was formed, the Little School building was moved to the site across from the Whittaker School and the two buildings then utilized. These two old one-room schools are both original country schools. The Whittaker School was built in 1880 and the Little School was built in 1880.

Rites Thursday For Victims Of Shootings

Funeral services have been set for Mrs. Caroline Ann Hopkins, 47, of near Ashland, and her 16-year-old son, Richard Louis. Mrs. Hopkins killed herself with a .32 caliber automatic pistol after she shot her son to death in their home Tuesday.

After killing her son she drove a mile to the home of her husband's aunt and uncle, Mr. and Mrs. Louis Cordes, and severely wounded them. Mrs. Hopkins then returned to her car and shot herself.

MR. CORDES, 71, and his wife, 66, are reported in satisfactory condition at Iroquois Hospital in Watseka.

Double funeral services for Mrs. Hopkins and her son will be held at 2 p.m. Thursday in the Phillips, Friday and Schreffer Funeral Home in Kankakee.

Friends may call at the funeral home after 3 p.m. today.

Iroquois County authorities are seeking a motive for the murder-suicide. Sheriff Merle T. Woodruff said that Mrs. Hopkins had been reported nervous and in ill health for several months.

Three notes were written by Mrs. Hopkins before the shootings. One requested that the funeral be held today. Another suggested the names of pallbearers and the third requested that no flowers be sent.

Mrs. Hopkins was born in 1909, in Kankakee. She married Richard Hopkins, who survives, June 6, 1935 in Watseka. She was a member of the Lutheran Church in Kankakee.

Mrs. Hopkins and her husband lived in Kankakee until they moved to the home near Ashland.

Also surviving are brothers,

the route was orderly but noisy. Communists, Socialists and other trade unionists had called for the demonstrations.

NO POLICE were in sight.

The police are controlled by Socialist James Moch, who gave tacit approval for the demonstration despite a government ban on all mass meetings.

The outcome was hopelessly awaited in Algeria, where the crisis was described as a "war of nerves" between the Algerian and French governments.

Algeria, which is a French colony, has vowed to remain defiant until De Gaulle takes over.

50,000 persons, the largest crowd since the insurgent movement began, demonstrated Tuesday night in Algiers demanding that De Gaulle resign.

De Gaulle is a strongman leader of France.

on the United States as a result of particular world events.

DECLARED THAT the United States must not adopt dictatorial, Communist-type policies in efforts to influence allies who are having trouble. He said the United States must observe the principle of self and let live while trying to exercise influence by persuasion.

Said U.S. forces seem to be pretty well dispersed to meet threats of small wars developing quickly. He made the statement when a reporter said there had been suggestions of administration studies of the "small war problem" and American ability to deal with it.

As to his decision against a tax cut, he said that a question in which a tax reduction was identified as an anti-recession measure appeared to be loaded. He said he was not so sure that it would have an anti-recession effect.

The President said he and his economic aides had tax reforms and reductions under constant study. But as now, he said, they do not believe large tax cuts are justified in the light of increased federal spending.

EISENHOWER EXPRESSED hope, however, that Congress will approve the minor tax reforms and reductions he has recommended for relief of small business.

He said government policy is aimed at a sound dollar and a stable cost of living. He added, however, he does not know what the government can do about rising prices other than combat them with its fiscal policy.

He said his economic aides had told him labor costs accounted for about 40 per cent of the price of durable goods. As long as wages go up, he said, prices are bound to rise too.

The President was asked when he expects the nation to get back on the road to prosperity.

He replied that he certainly was not prophetic and therefore was not capable of saying when there would be a healthy upturn. But he added that some economic statistics indicate that the worst of the problems are behind us.

The President said a drop of 1/2 or 1/3 per cent in long-term interest rates would be of considerable help.

place, and the flag-covered coffin were taken to the rotunda.

Inside the rotunda, ranged around the walls, the dignitaries stood in silence as military pallbearers brought the coffin in—first the United States flag and then the Korean uniform.

The unknown of World War II was placed on a three-tiered black casket of gold which has held the bodies of five presidents—Abraham Lincoln, James A. Garfield, William McKinley, Warren G. Harding and William Howard Taft.

The Korean dead was placed on an identically constructed casket. They will be reversed.

When the ceremony ended and the dignitaries went their way, it was time for the public to pay its tribute. Group after group was ready to place wreaths and perform other honors during the three-day period.

Then came a confusing silence. In San Diego, Calif., where radio reception brought first word that the Vanguard satellite was in orbit.

"We've had an abnormal flight," said Dr. Richard W. Porter, chairman of the Vanguard satellite panel.

There had been high optimism here that the satellite, launched at San Diego blazed all hopes for a successful launching.

The potential satellite—small in size but big in importance—was in orbit and to find out if it was in orbit and to find out if it was in orbit and to find out if it was in orbit.

He's Never Left Alone

WASHINGTON—No—Never for a moment in 21 years—despite wars, storms, heat or cold—has America's Unknown Soldier of World War I been left unattended.

A 24-hour vigil has been kept at this tomb since 1937 as a sacred trust: Prior to that, from the national cemetery in 1921, an honor guard had mounted watch only in daytime.

The nation, for which this unidentified man gave his life, picks the best of its Army infantrymen for the signal honor of walking a lonely post in a cemetery with 57,000 dead.

Through the years, the routine has become rigid.

IN ONE HOUR, THE SENTRY at the tomb of the Unknown Soldier in Arlington National Cemetery can be clocked walking his post just 42 times.

The cadence is 128 steps per minute. The sentry takes 21 steps from the end of the post to the other and pauses at each end. He carries a 30 caliber M-1 rifle with a chrome-plated bayonet. He wears Army dress uniform—blue in winter, tan tropical worsted in summer—and white gloves.

None of this routine will be changed when two more unknown servicemen are buried nearby on Friday.

The 3rd Infantry Regiment at nearby Ft. Meyer mans this post. Infantrymen from units all over the world are sent here to try out for the honor guard.

None of the candidates can have any physical disability or disciplinary action on his record. A tomb guard must be between 5 feet 11 and 6 feet 2.

At least two months and perhaps five months of special training at Ft. Meyer precedes assignment to the sentry post.

A sergeant and four men make up each 24-hour daily tomb shift. During periods that Arlington is open, guards are changed hourly. At night, when the cemetery is closed, the shifts run two hours.

When the weather is bad or white ceremonies are taking place the guard stands in either of two sentry boxes nearby at parade rest.

NEW YORK STOCKS

NEW YORK (AP)—Industrials stepped forward, giving the stock market a slight rise early this afternoon. Trading was moderately active.

Steele, steel, aircraft and miscellaneous stocks did well. Railroads and utilities showed little movement. Leading stocks rose from fractions to about a point generally.

The news included President Eisenhower's statement he believes the recession has largely spent itself, a report from the Federal Reserve Board that it sees signs of a leveling off in unemployment, and an order for a speedup in missile and anti-aircraft warfare programs by the House Appropriations Committee.

U.S. government bonds were firm in moderately active transactions.

Plan Martinton Church Event

MARTINTON (JNS)—Two groups of the Ladies of St. Anne Sodality of St. Martin's Church will sponsor a social event at the church on Wednesday, June 14, in the school gymnasium.

A meeting of the committee to make final plans will be held June 14 at 8 p.m. in the rectory.

Mrs. Elsie Tobie is chairman and Mrs. Lenore Langellier co-chairman.

MRS. JUNE FOCKEN and Mrs. Doris Mehrling spent the weekend in Chicago as delegates to a meeting of the Democratic Federation of Illinois.

A-2c and Mrs. Thomas Arsenau are parents of their first child, a daughter, Isabelle Mary, born May 18 in London, England. Mrs. Arsenau is the former Catherine Gentry of that city. The paternal grandparents are Mr. and Mrs. Emory Arsenau of Martinton.

CHICAGO GRAIN

CHICAGO (AP)—Continued dry weather in parts of the northern Great Plains brought out a demand for corn and rye futures on the Board of Trade today. All those contracts moved well ahead.

Both grains were up well over a cent a bushel most of the time, some were up two cents or more. Wheat and corn held about steady, mainly because of reports that cash receipts of the grains at terminal markets still were running very light. Soybeans were firm with advances in major fractions of a cent most of the day.

4 Local Teachers With Years Of Experience To Get Degrees

Four local grade school teachers, scheduled to receive their college degrees at the completion of summer school at Olivet Nazarene College, have already turned in 80% years of teaching. Two of them are teachers in Kankakee public schools, one in Bradley schools, and one in Grant Park schools.

"They are Mrs. Frances (DePatis) DePatis, third grade teacher at Washington School; Mrs. Evelyn Muldoon, fifth grade teacher at Longfellow School; Mrs. Rosina Tatro, sixth grade teacher at Bradley Central School; and Mrs. Loria Wright, fourth, fifth and sixth grade teacher at Sunset School in the Grant Park School District."

All four women are scheduled to participate in the commencement program Thursday at Olivet although they will not receive their degrees until they successfully complete their summer school work. The quarter will all receive similar degrees, bachelor of science in elementary education.

MRS. FRANCES DEPATIS

MRS. EVELYN MULDOON

MRS. ROSINA TATRO

MRS. LORIA WRIGHT

RECEIVING their college diplomas will be a goal of many women standing for these women. Two of them started teaching out of high school with no college training and the others had up to two years in college before they started. Since then they have picked up college credits via extension courses, night classes, and finished their bachelor's degrees. Mrs. DePatis is the veteran among the four in years of teaching, completing 34 1/2 at the end of the current term. She spent 1 1/2 years at Eastern Illinois Teachers College before starting to teach. She has since taken extension courses from Illinois State Normal University and the University of Missouri. She has been taking courses at Olivet off and on since 1947, accelerating her work the past three years with summer school and night courses.

"She began her teaching in Shawville where she spent two years. She then taught all eight grades in the old North Leigh School and for the past 12 years she has been at the Washington School. She and her husband live at 690 S. Wall St. They have lived in Kankakee for the past 25 years."

TWO OF THE TEACHERS for second place in number of years service. They are Mrs. Muldoon and Mrs. Tatro, each with 23 years teaching.

Mrs. Muldoon, who lives on a farm near Marquette, started her teaching at Ashland and spent several years at Hoopston before starting in at Longfellow School 14 years ago.

With the exception of one year she spent half time at Lafayette School, she has been at Longfellow since. Her husband also has been a teacher. She first went to St. Viator's College from 1933 to 1935. This she has the unusual record of going to two different colleges on the same campus with Olivet now situated on the old St. Viator's campus.

She has gone to summer school at St. Viator's, ISNU, and the University of Illinois. This will be her fourth year of summer school at Olivet. "I finally achieved something that seemed a long way away," she commented.

MRS. TATRO HAS been teaching sixth grade at Bradley Central School for the past nine years. She originally began teaching in a country school south of Chatsworth where she spent two years. She had no college training when she started teaching but went to ISNU for the spring and summer terms. She was married in 1928 and taught for several years after her marriage at rural schools east of Clinton and west of Chenebore before temporarily retiring from the field. Following the death of her husband 11 years ago, she returned to teaching, spending one year at the Beardsley School near Chenebore before coming to Bradley.

She and her 15-year-old son Ronald, who is a sophomore at Kankakee High School, live at 1235 E. Maple St. Mrs. Tatro has been busy out of school. She is a leader of the Bradley Busy Beaver 4-H Club and has been active in PTA.

This has not affected her studies. She is scheduled to graduate with honors. Mrs. Tatro has been studying at Olivet since 1948.

THE JUNIOR AMONG the four teaching graduates is Mrs. Loria Wright of 583 S. Evergreen Ave. She is now completing seven years as principal of the summer attendance center of the Grant Park Schools. The building will be closed at the end of the current term and next year classes will be consolidated in Grant Park where she will continue to teach.

Mrs. Wright first started teaching in her home town of Ocoee in 1928. She then moved to Grant Park and taught for 11 years. She then moved to Grant Park and taught for 11 years. She then moved to Grant Park and taught for 11 years.

Price Bertil of Sweden will visit Minnesota in May when the North Star State celebrates the 100 anniversary of statehood.

Mrs. Wright first started teaching in her home town of Ocoee in 1928. She then moved to Grant Park and taught for 11 years. She then moved to Grant Park and taught for 11 years.

Army Orders Duty Abroad For Presley

FORT HOOD, Tex. (UPI) — Rock 'n' roll singer Presley will see overseas duty in Germany in September or October, the Army announced Tuesday.

After finishing eight weeks of basic training at Fort Hood, Tex., Saturday, Presley will be eligible for two weeks' leave and the Army "assumed" he will take it. Then he will return to Fort Hood for eight weeks of "advanced individual training as an armor crewman" with the 2nd Armored Division.

NEXT on the hip-swinging singer's schedule may be six weeks of unit training, which he will complete Sept. 20. Then he will be shipped to Germany as part of a pack replacement for the 3rd Armored Division.

The Army has prevented news of Presley's assignment from leaking since he started his basic training.

Presley's manager, Col. Tom Parker, is en route to Texas from Nashville, Tenn., to meet Elvis when his leave begins Saturday.

Initiate 14 Into Olivet Honor Society

Fourteen graduating Olivet Nazarene College seniors elected by the faculty to Phi Delta Lambda, national Nazarene Honor Society, were initiated Tuesday night. Here Dr. Harold W. Reed, college president, is about to open an envelope with keys to be presented to initiates as four local graduates look on. From left are George House, 180 Herman Place, Bourbonnais; Dr. Reed; Robert E. Burke, 24 E. Burke St., Bourbonnais; Mrs. J. E. Reimer, 904 N. Ninth Ave., Kankakee; and Mrs. M. J. Seldner, 283 E. Water St., Bourbonnais; and Beryl Dillman of Manteno, retiring president. The Rev. Kenneth Sparks of Harvey was elected new president at the annual banquet attended by 50 members and guests. Man Who Operated Peotone TV Shop Faces Charge

A South Chicago Heights man, charged with selling marijuana to two youths, operated a television repair shop in Peotone for about two months, it was reported today.

He is Clyde Gray of 3137 Euclid Ave., South Chicago Heights, who was arrested by Peotone police after a search of his home and the arrest of two youths.

Gray's shop in Peotone, located in the old post office building, has been closed and all the equipment removed.

Police said he was still running his repair shop at 2748 Chicago St. in South Chicago Heights.

Police arrested Gray after two youths, who agreed to cooperate, allegedly purchased marijuana from Gray with marked money.

Gray denied the sale, charged that he was "framed" and said the youths were paid for work that he had done for them.

Find Body Of Missing Chicago Man, 73, In Kankakee River

The body of a 73-year-old man, Elford Hillbloom, who had been living recently in Miami Beach, Fla., was taken from the Kankakee River Tuesday at 7:15 p.m. Tuesday. He had been missing since Sunday night.

Harding P. Fedde, 417 E. Water St., noticed the body when he looked out of the kitchen window of his home. He said at first he thought it was a log, but then the body bobbed in the water.

When the deceased was missing at Chicago Mrs. Pelton called a real estate agent and close friend of the family at Lowell, Ind., to find out if her father was there.

Mrs. Pelton said her parents had not been satisfied with living at Miami, and had asked the friend to look for them in Chicago.

Mrs. Pelton said her father had been missing to railroad authorities in Chicago when the train arrived there. She said she had left her husband for a few minutes when the train stopped in Kankakee, and when she returned to her compartment he was not there.

She said she searched the train and had not found him by the time it pulled into Chicago.

Railroad authorities notified Robert Bramlett, their special agent in Kankakee, and he had been looking for Hillbloom since Sunday.

Hillbloom's body was pulled from the river at the foot of Charles street by city police. The coroner William Spillane has tentatively set the inquest for 10 a.m. Monday.

Spillane said that fresh blood found on one of Hillbloom's ears was evidently from some sort of hemorrhage. He said there definitely were no signs of foul play.

The victim's wallet was still in his pocket with a small amount of money in it.

HILLBLOOM WAS A retired Pullman-Standard Car Co. employee, and he and his wife were on their way from Miami to Chicago for a visit with relatives and a daughter, Mrs. Pelton.

Olivet Extends President Reed's Contract 5 Years

Dr. Harold W. Reed, 46, president of Olivet Nazarene College for the past nine years, was today given a five year extension on his contract due to expire May 31, 1969.

The action was taken at the annual meeting of the college board of trustees this morning.

Dr. Reed has headed the school here since May 24, 1949, having just completed nine years at the helm. It is his third five year contract.

The board in acting on his contract extension at this meeting instead of the February, 1968 meeting, explained that the college was just entering on a 10-year expansion program and wanted to be assured of Dr. Reed's continued leadership.

Leopold Plans Foundation To Aid Emotionally Disturbed Youth

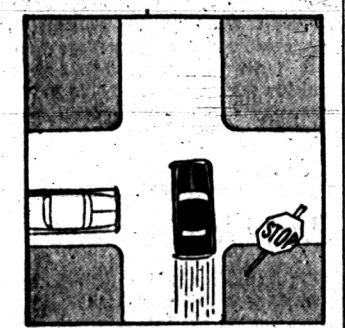

CHICAGO (U)—Nathan Leopold, paroled thrill-killer who was a killer at 20, has realized a long-standing dream—a foundation to help emotionally disturbed, retarded or delinquent youths.

Elmer Gertz, Chicago attorney who was Leopold's counsel in his bid for parole, said Tuesday the foundation would be financed by the main source of income for the Leopold Foundation will be royalties from Leopold's autobiography.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

The Memorial Day holiday is once again approaching. And as it falls on a Friday, this year we will have a long holiday weekend.

Many motorists will want to take advantage of this holiday for their first trip to visit relatives or friends or just to take a brief rest away from home.

If you plan to be a member of this group, please remember that the highways will be jammed and that you should be particularly alert when behind the steering wheel.

Some motorists who may encounter will take unnecessary chances to save a few seconds of traveling time at the risk of death on the highway or weeks in a hospital. If these persons are willing to ignore the rules of the road, you can imagine the importance of your adhering to these simple and safe rules.

You'll have a pleasant and safe round trip holiday rest if you observe the rules of the road, highway signs, signals and laws.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to Charles F. Carpenter, Secretary of State, Springfield, Ill.

"What he wants to do is an action of routine living—giving his money where he thinks it will help others."

Gertz said.

Gertz said the Illinois secretary of state granted a charter for the foundation April 18, a month after Leopold left Stateville Penitentiary on parole.

In addition to Leopold and Gertz, incorporators include: Alan J. Altheimer, an attorney; Abel M. Brown, real estate executive; and Ralph Newman, proprietor of the Abraham Lincoln Book Store in Chicago. All are from Chicago.

DETAILS of the foundation's operation are still indefinite, Gertz said. He added that Leopold's book "Life Plus 99 Years" was selling well, but he did not know what royalties could be expected.

Gertz and other incorporators said they knew nothing of reports that members of the parole board, which gave Leopold his freedom March 13, had expressed opposition to the foundation idea, presumably on grounds that it may have violated the anonymity provision of his parole.

Newman said he "really don't

know."

The roll call of departed war veterans will be conducted by Billie Mae Twiss, Barbara Haberkorn, Margaret Ginter and Sharon Hamilton. The band will play "Under the Double Eagle."

The group then will march to the cemetery. The order of march includes the colors, band, firing squad, American Legion, auxiliary and audience.

Merle Corban is the legion commander and Robert Koerner is adjutant. The Memorial Day program committee includes: Edward Hahn, Leo Culkin and Robert Levin.

The auxiliary Memorial Day committee includes Mrs. Neat Hamilton, Mrs. James Whitman, Mrs. Robert Koerner, Mrs. Peter Trost, Mrs. Otto Ommen and Mrs. William Billerbeck.

The honor roll includes 16 veterans of the Civil War, one who served in the Spanish American

Indonesians Show Off Red Planes

JAKARTA, Indonesia (AP)—The Indonesian air force today gave a preview of the first MIG and Ilyushin planes delivered to the Sukarno government by Iron Curtain countries.

Reporters watched two MIG jet trainers from Czechoslovakia take off.

An air force spokesman said the Ilyushins cost \$300,000 each, payable over 10 years compared with the \$2-year period demanded by Western nations.

Meanwhile, an American civilian pilot captured when he bailed out of a rebel bomber was reported undergoing medical treatment in Jakarta.

Jets Collide Over Base, 3 Pilots Killed

CLOVIS, N. M. (AP)—Three pilots died Tuesday in the collision of two Super Sabre jets over Cannon Air Force Base.

A two-seater F100F and a single-seater F100F collided while the F100F was making an emergency landing.

The dead were identified by the Air Force as Capt. William R. Gilmore, 30, Interlaken, N.Y.; Lt. William J. Jarmon, 24, North Arlington, Va.; and Lt. Leslie Ikeda, 28, Honolulu. Gilmore and Jarmon were in the two-seater.

The base said the F100F was at a "pretty low altitude" making an emergency landing approach because of radio failure.

100 Attend Family Night Supper

About 100 persons attended the family night potluck supper sponsored by the Women's Fellowship of First Congregational Church, Sunday at St. John's United Church of Christ (E.B.R.).

A Japanese theme prevailed throughout the program. Greetings in Japanese were extended by the kindergarten Sunday school class. The primary class sang "Shu Ware" which translated means "Jesus Loves Me."

The women's mission education committee told of the work of the church in Japan. The senior high class gave a Japanese writing lesson and the junior high class sang in charge of the Kamishibai, the "The Full Circle." The junior class sang "The Story of the Nipponese" for gift giving, and the "Nipponese Story."

The closing worship service was presented by the faith commission of the Pilgrim Fellowship. Serving as the program committee were Mrs. Lynn Minor, Mrs. Darrell Farnum and Mrs. LeRoy Bishop.

Kendall Flint was master of ceremonies. Hostesses were Mrs. Floyd McRae, Mrs. Edward Dunham, Mrs. Perry Taylor and Mrs. Edwin Benson.

Dieters—Help Each Other

By IDA JEAN KAIN
This dietitian has always believed that triumphant reports from successful reducers can help to spur you on. They do, when they catch the spark and feel that if others can reduce, you can too.

But of late, the letters have taken a different trend. The desperate dieters who implored help brought a flood of replies from other overweights. In one way or another, these overweight people that all of you try to help each other, and use this column as a means of communication. Here is a letter in point:

"Your April column 'Dieters Can Help Each Other' was very stimulating to me. Any one who is overweight feels sort of left out. 'The most discouraging thing is that your family is just not behind you. They kind of laugh it off—saying, 'Oh, you could lose a couple of pounds, but not any more! What a thing to say to someone who is 30 pounds overweight!'

"Would it be possible for me to report through your column each month? Just knowing I will have to report will be a spur. I weigh 165 and I'm 5'5".

WHY DOES IT HELP TO IDENTIFY YOURSELF WITH OTHER DIETERS? A sense of relationship keeps you from feeling all alone in your project. The fact that others are in the same boat gives you the incentive to take heart and make your

best effort. Progress reports will be given regularly through this column. Happy slimming!

Now about the family-encouragement from home base is enormously helpful to a dieter. So, families, rally round. See that you get to meals on time. It's very trying for a dieter to postpone the dinner hour. And to praise Mom when she loses, even if it is only a pound or two.

Another way the family can help is to be willing to forego rich desserts for a time until the dieter's craving for sweets lessens. Dieters, feel assured this craving will lessen when you stop the powerful stimulus to insulin secretion that is creating the uncontrollable appetite. The Huggar Control Diet includes energy lifts when needed most. Use this psychology: 'Which do I want most, that dessert or to get with my slimming?' Reason this way: 'The pleasure of eating dessert is very fleeting... but, oh, how wonderful it is to get down to a slimmer weight!'

Send long, stamped, self-addressed envelope for 14 day HUNGER CONTROL DIET and the REVISED CALORIE CHART. Address request to Ida Jean Kain, care of Daily Journal. Postcard requests cannot be answered.

Campus Church Holds Annual May Crowning Service

CAMPUS (JNS) — Darlene Forrist crowned the statue of the Blessed Virgin at May Crowning ceremonies Saturday evening in the Sacred Heart Catholic Church. Miss Forrist's attendants were Diane Ahern and Kay Walsh. Barbara Larkin sang "Mother At Thy Feet I'm Kneeling" while members of the catechism classes presented flowers at the feet of the statue.

The board decided the water must be used for domestic purposes. Approval of the water hook-up must be made by the village president.

Water rates, the board stipulated, will be \$12 a year above the village rates for those users outside the corporation limits.

The board also voted to allow the fire department to purchase paint the interior of the Town House. It agreed to renew the license of Elmer J. Muhl.

DR. YOUNG ALSO pointed out that responsibility follows knowledge. He quoted Jesus as saying, "To him that knoweth to do good and doeth it not, to him it is a sin." He questioned the graduates: "Will you carry your cup of responsibility without deliberately spilling it or abusing it?"

The speaker warned the graduates that examinations do not always reveal the true answer and grades are sometimes misleading. He said that if the graduates' Christian view changes, and their philosophy of life is not intimately related to the Christ of Calvary, then the college and church investments had been in vain.

The test of the class of 1956 will probably not be answered fully in less than 25 years," said Young. He said the test would be: "Is your life shaped around the goal of building an estate to leave behind you, or is it to build God's kingdom through a life of service?"

An estimated 1,100 people attended the program held in the Birchard Field House. The diplomas were presented by Dr. Harold W. Reed, college president.

ALSO ANNOUNCED were senior citizenship citations awarded to two students, Zena Havens of Decatur, Ind., and Frank Bowens of Cincinnati, Ohio. The citations were read by Dr. Reed for outstanding citizenship and leadership in their class.

Also announced at the ceremony was the death of Cardinal John A. Neumann, 78-year-old archbishop of Chicago, cut the number of cardinals to 53.

DIPLOMAS TAKEN BACK

PARIS, Ky. — North Middle-town High School handed out diplomas to 25 seniors, then took them back. The next day the class returned for final examinations. It wasn't an oversight. Bad weather and a flu epidemic forced North Middle-town to extend the school term, but it couldn't work out a satisfactory date for commencement exercises after final examinations. Officials decided to give out the diplomas—ungraded. Seniors who pass will get their back-diplomas in an informal ceremony Friday.

GM Told UAW To Cut Demands

DETROIT (UP) — United Auto Workers President Walter P. Reuther said today the UAW is willing to retreat in its bargaining demands but "we will not surrender" to reach agreement before the contract runs out at midnight.

Reuther entered bargaining at General Motors for the first time since negotiations opened there March 23.

GM Vice President Louis G. Stettin, who has been leaving the bargaining table until the deadline at midnight, Reuther told newsmen. "We have always worked against a deadline and I am hopeful we can work out a fair and equitable settlement again."

Stettin said he is "always an optimist" in hoping for settlement of the negotiations covering 325,000 UAW members.

NEGOTIATIONS OF the International Union of Electrical Workers covering 18,135 GM workers were going on in another part of the GM building.

In the past week, Reuther and the UAW have jettisoned profit sharing and other demands by the dozen. But Reuther has declared the union will "sneak" into the industry offer of two-year contract renewals.

At Ford, where 125,000 workers are involved and at Chrysler, with 15,000 workers, there were the same big gaps in the bargaining. But Ford and Chrysler contracts were set to expire at midnight Sunday.

General Motors, if there is no settlement, will start running plants without a contract Friday. The first test will come at plants in Atlanta and other southern states which do not observe Memorial Day.

COTY CALLS DE GAULLE

PARIS (AP)—Gen. Charles De Gaulle arrived in Paris tonight less than three hours after President Rene Coty announced he was being summoned to be premier. Coty called the World War II hero the only man who can save France from civil war.

De Gaulle disappeared from public view shortly after reaching the capital from his village home 130 miles away. But he was expected to appear at the President's palace Monday, security to arrange for the process of attempting to form a government.

Coty, in announcing that De Gaulle was being called, told the French Parliament he would resign if the National Assembly refuses to accept De Gaulle as premier.

Coty's unprecedented message was received in the National Assembly with shouts of devotion from the Communists and cheers from De Gaulle's supporters.

"We find ourselves on the brink of civil war," Coty said. THE MINISTRY of Interior reported that Paris was in a state of emergency. Authorities feared clashes between Communists and rightists.

De Gaulle supporters set up a committee of public safety at Tarbes, a city of more than 42,000 in the south of France. They said they would not take over from local authorities, however. News of the committee's formation was spread off an anti-Communist demonstration by 2,000 factory workers.

The assembly recessed and parties began feverish caucuses. First reports said the Socialists, who hold the balance of power, were not firmly opposed to De Gaulle. Coty told the Assembly he could see no alternative to De Gaulle.

He said he intended to designate De Gaulle as chief of government and if the Assembly did not accept him he would resign and turn the presidency over to Andre Le Troquer, speaker of the National Assembly and constitutionally the man in line to take Coty's office.

Coty mounted that France, one of the oldest of democracies, was also one of the weakest. "THUS, IF I have passed the traditional limits which were imposed upon my predecessor, I believe myself authorized to do so," Coty said in his first official statement.

He thanked it on taking office in 1954. "The state does not cease to be divided," Coty said. "Now I find myself on the brink of civil war."

The idea of the Assembly was laid before them. Every hour the honor guard of all five services was changed, and constantly the people single-filed past them in mute homage at the rate of 1,200 an hour.

A special field mass will be held by the Knights of Columbus at Mt. Calvary Cemetery at 8:30 a. m. Friday. The high Friday is expected in the mid 80s.

Thousands are expected to jam Kankakee area parks and boaters by the score will be churning the river. Last year on Memorial Day 14,000 persons made use of the Kankakee River State Park picnic facilities.

The fair weather forecast generally holds true for the entire nation. The long range report from the Washington Weather Bureau predicts a generally pleasant weekend with only one major band of precipitation to dampen the holiday.

That band extends from the lower Great Lakes region which could extend from Illinois to western New York and Pennsylvania.

Services will be held at 11 a. m. at the American Legion Memorial Day 14,000 persons made use of the Kankakee River State Park picnic facilities.

This will be followed by services in Maternity Cemetery, Bourbonnais, by the Rev. J. L. Donahue of Maternity Church.

Cmdr. Ronald Owen of Bradley American Legion post is chairman in charge of arrangements. The Hercher American Legion, 1215 W. Broadway, will hold Memorial services at 11 a. m. Friday at the Soldier's Memorial. The Hercher color guard and Hercher high school band will take part in the ceremonies.

The devotional services will be by the Rev. Edward McKee.

SAIGON, Viet Nam (AP)—The French and British consuls in North Viet Nam today were reported shut down by the Communist government.

Informed sources said the "unexplained orders" gave the consular staffs in Hanoi and Haiphong 24 hours to close down operations.

THE DOWNWARD trend, said the Council "reflected improved traffic behavior by drivers and pedestrians, better traffic management and engineering and increased efforts by public officials on all levels, by automobile manufacturers and by many organizations working for traffic safety."

Thirty-two states reported decreases in fatalities the first four months of the year compared with the same months of 1955. The largest were recorded in Vermont, 67 per cent. New Hampshire, 44 per cent. and Virginia, 42 per cent.
