20 Years Ago

Approximately 200 women attended the annual Kankakee County Home Bureau meeting at Trinity Methodist Church.

Charles H. Bass, secretary and superintendent of the Mount Grove Cemetery Association, was elected secretary-treasurer of the Illinois Association of Cemetery Officials.

Use of state gas tax receipts for surfacing Hawkins street from Indiana avenue to Eighth avenue was approved and the contract awarded to the Triangle Construction Co. for \$14,841.

Joe Louis, 24, knocked out and four seconds of the first round in a heavyweight championship fight to successfully defend his title.

Kankakee was chosen as site of the 1958 State Exchange Club convention.

Mrs. Mabel Pandis, president of the Kankakee American Legion.

Raps Disinterest

BIRMINGHAM, Ala. (UPI)—"The lack of interest in Christ's Church in Europe is appalling," a Methodist minister told his congregation Sunday.

Dr. Paul H. H. Jr., who returned to the pulpit after a nine-week tour of Europe, said the Middle East, said that in Europe the church "has become just a lighted sign of a religious interest."

40 Years Ago

Auxiliary, was entertained by local legion auxiliary members and was guest at a meeting.

Allen Cooper of 229 Orchard Ave., and Paul Marcotte of 450 S. Schuyler Ave., were named to the city council board of appeals and J. W. Spillane of 818 S. Washington Ave. was named to the sewer board by Mayor A. T. Hattenburg.

Erin Grey of 825 S. Elm Ave., won the annual Kiwanis Club golf championship at the Kankakee Country Club.

Bill Walsh of Rantoul was named coach at St. Patrick High School.

The Reddick 4-H Club livestock judging team, composed of Billy Jones, Joe Joyce, and M. J. Joyce, was judged best in the county and earned the right to participate in the state contest Aug. 1.

Dr. C. E. Fidler, Kankakee County veterinarian, reported that a Red Cross reported donations of \$83,157 by children during the week.

Wabash Flood Crest Weakens

MOUNT CARMEL (UPI)—The weakening flood crest of the Wabash River rolled past Mount Carmel today, causing little additional damage.

The river crested at about 25 feet here, but the rate of rise was tapering off and floodwaters were receding upstream.

Although Mount Carmel has no levees to protect the city, only a few lowland streets near the river were inundated. Ind. 64, the main road between Princeton, Ind., and Mount Carmel, was closed Saturday night by high water, and numerous secondary roads also were closed.

The drop in the water levels upstream lessened pressure on levees in the Russellville, Ill., and Vincennes, Ind., areas.

Prices Boost Living Cost During May

But Monthly Rise Is Smallest Since Last December

WASHINGTON (AP)—The nation's living costs hit another record in May but registered the smallest monthly rise since December.

The latest government reading on living costs, released today, held out hope that the two-year inflationary spiral has leveled out for the summer. Food items as a whole failed to increase in May for the first time since November.

The Labor Department index rose one-tenth of 1 per cent to 132.8 per cent of the 1947-49 base. This is 2.3 per cent higher than May last year. It represents the 18th straight rise in the index in the past 21 months.

The index has not declined in any month since August 1956.

The living cost rise means an automatic pay boost for an estimated 150,000 workers in the steel, aluminum, can manufacturing and meat-packing industries.

About 750,000 workers in these industries are to get a 4 cent hourly pay increase effective July 1 under labor contract clauses tying pay rates to the government index.

The remaining 100,000 workers, primarily in the aircraft industry and in the Washington and Detroit transit systems, are to get 2-cent per hour raises.

OTHER ESCALATOR pay raises pegged to the living cost increase range from 1 cent to 9 cents per hour.

Increases in medical care costs and transportation prices were largely responsible for the overall rise in May for the overall index.

The medical care increase was attributed primarily to higher premiums for Blue Cross hospitalization plans in several cities, San Francisco and Kansas City. Rates for physicians' services and hospital costs also were higher. Medical care costs as a whole rose seven-tenths of 1 per cent.

THE INCREASE in transportation reflected higher prices for gasoline following the end of price wars in several cities, and for used cars. Prices of new cars and tires were lower.

Hersey E. Riley, chief of the labor department's price and cost of living division forecast continuing increases in cost of services, food and housing.

Kankakee Weather All Wet Again

All wet was the word again for the weather locally.

Showers which began before 6:30 a.m. continued through most of the morning.

Wednesday is scheduled to be cloudy with little change in temperature. There was no mention of rain. But rain has fallen on 15 days this month.

Weather Bureau at the Kankakee Airport, and Harry Clark, chief engineer at the Kankakee Water Co. pump station, a former Weather Bureau observer.

For Durand, it has been his farm which has been affected, particularly corn growth. At the airport, flying weather has been bad and for a time two weeks ago during the heavy rainfall, the airport asked planes not to land because of the soggy condition of its runways.

At the Kankakee Water Co., Clark has had a lot of water to contend with, but with cool weather, the pumping demand has been down while treatment problems have been up.

Clark said he normally considers June as a warm and dry month. "It is quite out of the ordinary as I recall," he commented this morning.

NORMALLY, he says, pumpage at the water company approaches 9 to 10 million gallons per day at this time of year because of air conditioners and watering. It has been running at approximately 8 million gallons per day. With the high water level of the past two weeks, Clark has been busy seeing the water gets extra filtration and treatment necessary. He reported the weather for approximately 15 years before the station was moved to the Kankakee Airport about three years ago.

He found his successor at the airport, recalls that this isn't the coldest June he remembers, however. He says about three or four years ago, he remembers wearing a topcoat as late as July 4.

Durand, who studies weather and keeps records as a hobby, finds this year's weather somewhat of a paradox. Usually it is cool and dry or warm and humid with a fair amount of rain, he says.

"As I remember back, June is reasonably warm month," Dufend commented, adding that "it is usually cool—only you can tell by the way the corn is growing."

WASHINGTON (AP)—Republican congressional leaders said today President Eisenhower and Secretary of Defense McElroy never intended any threat or reprisal against Adm. Arleigh Burke for criticizing the administration's defense reorganization program.

Their views were reported to newsmen by Senate Republican Leader William F. Knowland of California and House GOP Chief Joseph W. Martin Jr. of Massachusetts. Over the weekend, the secretary of defense had termed it regrettable that Burke, the chief of naval operations, had refused to support some features of the reorganization plan in testimony before a congressional committee.

McElroy's remarks were sized up by reporters as a rebuke to Burke, but the defense secretary later insisted that he had intended no rebuke.

THE EPISODE caused Chairman Russell (D-Ga.) of the Senate Armed Services Committee to call on the administration for assurance there would be no reprisals against top military men who disagree with the administration's position. Russell suspended scheduled testimony by military leaders pending receipt of such assurance.

Reporting on today's discussion, Knowland said it is his understanding that Eisenhower does not feel that any reprisal or rebuke was made or intended in McElroy's remarks about Burke's testimony.

Knowland said it also was his very clear impression that McElroy took that position, but that he was not to be taken seriously.

SEC Asked To Explain Action Against Goldfine

WASHINGTON (AP)—Securities and Exchange Commission officials were pressed today to explain why SEC took legal action forcing a Bernard Goldfine firm to file reports only after a minority stockholder accused Goldfine of misapplying money.

Goldfine, Boston industrialist, a friend and benefactor of presidential assistant Sherman Adams, who had another White House connection, was accused of misapplying money.

A SPECIAL HOUSE investigation subcommittee was given testimony that the East Boston Co. stopped in 1948 filing annual reports required by SEC, but that until 1954 SEC did no more than

write letters and use similar informal means to try to get East Boston to comply.

Byron D. Woodside, director of the SEC division of corporate finance, said SEC's Boston office reported in 1953 that a minority stockholder had filed a suit seeking action to corporation books.

Goldfine, Boston industrialist, a friend and benefactor of presidential assistant Sherman Adams, who had another White House connection, was accused of misapplying money.

There'll Always Be Weather

But June Wetter, Colder Than Usual, Say Veteran Observers

What does a weatherman think about the weather we've been having heretofore lately?

"It's been wet," was the casual observation of one of the county's veteran observers, Marcel Durand.

Durand, a Limestone Township farmer, has been keeping weather records since 1935 and reporting to the U. S. Weather Bureau as an official observer since 1941.

THE UNUSUALLY wet weather this month has affected the lives and work of three weather observers, Durand, Clifford Chounard, weather observer for the U. S. Weather Bureau at the Kankakee Airport, and Harry Clark, chief engineer at the Kankakee Water Co. pump station, a former Weather Bureau observer.

For Durand, it has been his farm which has been affected, particularly corn growth. At the airport, flying weather has been bad and for a time two weeks ago during the heavy rainfall, the airport asked planes not to land because of the soggy condition of its runways.

At the Kankakee Water Co., Clark has had a lot of water to contend with, but with cool weather, the pumping demand has been down while treatment problems have been up.

Clark said he normally considers June as a warm and dry month. "It is quite out of the ordinary as I recall," he commented this morning.

KEEPING WEATHER RECORDS is a hobby with Marcel Durand, Limestone Township farmer and U. S. Weather Bureau observer. Durand has recorded 7.84 inches of rain this month. (Journal photo)

CLIFFORD CHOUNARD, official weather observer at the Kankakee Airport, did a task this morning he has done all too often this month, recording a rain gauge. Rain has been recorded on 15 of the 24 days so far this month. (Journal photo)

With all the rain this month, the Kankakee River reached 7.9 feet June 15, Harry Clark, chief engineer at the Kankakee Water Co. pump station, noted on the gauge at the station. Normal level for this time of year is 7.2 feet. Clark was a Weather Bureau observer for about 15 years. (Journal photo)

Expect New Rebel Attacks In Lebanon

Reds May Use Sites To Detect Secret A-Tests

WASHINGTON (AP)—American officials said today Russia has indicated willingness to use its 70 seismograph stations in any international program to detect secret nuclear tests.

This, coupled with what they described as the impressive scientific background of the Soviet experts assigned to technical talks at Geneva July 1, gave heart to Western negotiators. The three U. S. experts and their two British, one French and one Canadian colleagues prepared to get to Geneva next week.

These seven Western scientists have been cautioned by their governments to tend strictly to technical matters and avoid international political questions.

Officials said the task of the technical conference on detecting nuclear tests is two-fold:

1. To explore with Soviet scientists the techniques, methods and instruments required to detect nuclear tests—especially those conducted thousands of feet underground or at altitudes of 100 miles or so.
2. To lay out systems of nuclear test detection.

The U. S. scientists are hopeful they can make progress on the first objective. When they move on to the second one, if they get that far, tricky political questions—like whether Red China should be brought in and whether nuclear tests should be banned—will pop up.

Officials said the Soviet government has made no firm offer to use its 70 seismograph stations. But they said the Russians have indicated the stations may be available. They would be helpful, they said, in checking on test explosions behind the Iron Curtain.

Soviet diplomatic exchanges carried the United States have carried a political complexion. As a result, the State Department is assigning a foreign service officer skilled in international politics to lead the scientists away from that field. The diplomat will be named in a few days.

Train-Truck Crash Near Dwight Fatal

DWIGHT (JNS)—A truck-train crash Monday afternoon at the intersection of Route 170 and the New York Central Railroad 12 miles west of Dwight proved fatal to a 36-year-old man.

Dead in Harold Francis Fry, 409 Galena St., Peoria Heights, who was operating a Sawyer Barlett Co. truck when the collision occurred at 2:40 p.m.

Skid marks at the scene of the crash indicated Fry apparently heard or saw the train and slammed on the brakes approximately 140 feet from the tracks. Fry tried to swerve his westbound truck in the direction of the eastbound freight train, No. 1699.

The rear of the truck skidded across the tracks and in the path of the train operated by engineer J. J. Cahill of 434 W. Williams St., Kankakee. Thomas H. Lindsay, 537 E. Locust St., Kankakee, was the conductor.

The box of the truck was torn loose from the cab and knocked to the ditch while the cab was carried into the front of the train, which had smashed into the driver's side of the vehicle.

According to Vernon VonQuelen, Livingston County coroner from Dwight, there are no signal lights at the crossing. He said visibility, because of a ridge, is obstructed to the west. The direction from which the train was approaching.

Earl Goodrich, Blackiston, told police he saw the accident and that the train's whistle had been blowing for some time before the crash. He was traveling north and had just gotten over the tracks when he saw the southbound truck approaching. He slowed to see if the truck had noticed the train and would make it to the crossing.

THE TRAIN was delayed about an hour while railroad workers cleared the truck debris from in front of the engine and extinguished a fire started in the engine when gasoline from the truck ignited Fry's body was taken first to the VonQuelen Funeral Home, Dwight, and then to the Beck Funeral Home in Bloomington, where Fry resided until two months ago, when he moved with his wife and children to Peoria Heights.

Fry was born Sept. 22, 1921 in Beaufort, Mo. son of Mr. and Mrs. Cassius W. Fry. He was a World War II veteran.

He is survived by his wife, Mrs. Fry, and four children: Sharon, 17; Florence, 15; Anthony, 12; Frank, 4, and James, 3. They are living with their mother.

THE mother, Mrs. Frank Ponziani, was found by firemen unconscious in a first floor room. She was hospitalized and revived. The father, a Chicago attorney's employee, was at work.

Chicago Youth, Neighbors Save 5 Children In Fire

CHICAGO (UPI)—Firemen today credited a 36-year-old youth with helping save the lives of five neighbor children who were trapped in second floor bedrooms by smoke during a fire at their home.

The youth, Ron Nosen, was rescued Monday night by screaming neighbors who alerted firemen. He got a ladder, placed it against the burning home and with the help of other neighbors, brought the five children to safety.

THE children, Sharon Ponziani, 17; Florence, 15; Anthony, 12; Frank, 4, and James, 3, were aroused by the odor of smoke. They screamed for help, and Nosen responded.

The mother, Mrs. Frank Ponziani, was found by firemen unconscious in a first floor room. She was hospitalized and revived. The father, a Chicago attorney's employee, was at work.

SEC Asked To Explain Action Against Goldfine

WASHINGTON (AP)—Securities and Exchange Commission officials were pressed today to explain why SEC took legal action forcing a Bernard Goldfine firm to file reports only after a minority stockholder accused Goldfine of misapplying money.

14 Red Warships Cruise In Atlantic

STOCKHOLM, Sweden (AP)—Swedish observers reported today that about 14 Soviet warships passed through the Kattegat into the Atlantic Monday and last weekend.

The fleet included a cruiser of the Sverdlov class, three destroyers, four submarines and tankers. The Kattegat lies between Sweden and Denmark and links the Baltic with the Atlantic.

Fair Generally fair tonight, partly cloudy Wednesday. No temperature change.

Doctors, Lawyers Urge Chamoun Sees Heavy Fighting In 48 Hours

MOSCOW (UPI)—The Soviet Union charged tonight that any attempt to send a U. N. police force into Lebanon would amount to "aggression" and warned it would be the "Katy" of peace-keeping to stop it.

BEIRUT, Lebanon (AP)—President Camille Chamoun said today he expects heavy attacks from the rebels—probably within the next 48 hours.

Chamoun made his prediction in a television interview with NBC only a few hours after the arrival of Dag Hammarskjöld, U. N. secretary general, from Cairo talks with President Nasser on the Lebanese rebellion.

The capital buzzed with reports of a big showdown between the government and the rebels.

ALMOST AS HE SPOKE a bomb exploded within 100 yards of Hammarskjöld's Blarrior Hotel headquarters. He had left shortly before for lunch with Premier Sami Solh.

THERE WAS NO indication that Hammarskjöld had won any agreement from the President of the United Arab Republic to use his influence with the Lebanese rebels seeking to replace the pro-Western government of President Camille Chamoun with a regime more sympathetic to Nasser.

U. A. R. officials said Nasser had reiterated to Hammarskjöld his insistence that the Lebanese rebels are getting no aid from his forces and that the Lebanese rebellion is entirely an internal crisis.

Hammarskjöld on his return met first with the three heads of the U. N. observers group seeking to end the conflict. Continued on Page 6, Column 2

Quakes Shake Italy

L'AQUILA, Italy (AP)—Earthquakes shook towns and hamlets in the Abruzzi region of southern Italy today, causing panic, cracking buildings and tumbling roofs.

No one was reported hurt. The shocks came in two waves, the second lasting about 16 seconds in some places.

Democrats Select Judicial Nominee

Democrats of the 13th Circuit, in a convention Monday evening at Joliet, Ill., selected a lawyer as their candidate for circuit judge.

He is F. Donald Delaney, 31, 203 N. Reed St., Joliet. Delaney will oppose the Republican candidate, David E. Oram of Watseka, in a special election Sept. 2.

Gov. William Stratton set the date of the election to fill a vacancy caused by the death of Judge Roscoe C. South of Watseka.

The circuit includes three counties—Kankakee, Iroquois and Will. The other two judges are C. D. Henry of Kankakee and James V. Bartley of Joliet.

IN NOMINATING A Joliet candidate, Delaney broke a long tradition of Kankakee and Iroquois counties which they were going along with a previous recommendation of the Will County Bar Association.

During the GOP convention in Kankakee Saturday, the Will County delegation voted for an Iroquois candidate despite the bar association's recommendation.

The Will County bar group said they felt another judge is needed in Joliet because of the larger population and the higher case load in that city.

IN HIS ACCEPTANCE speech, Delaney quoted population and case load figures. He also said that, if elected, he would aid in circuit court work in Iroquois County. Francis Loughran, state representative from Joliet, also was present. Continued on Page 6, Column 2

Orr Building Is Purchased By Four Kankakeans

Four Kankakee men have purchased the Orr Building, Court St. and Dearborn Ave., from L. T. Orr, administrator of the trust which owned the property.

They are Tony Hammes, Charles Nelson, Fred Preisel and John Hammes. All four are directors of Marycrest Savings and Loan Association. The purchase price was not disclosed.

Hodak said today that negotiations are under way with parties interested in renting the building. He said he expects to be able to make an announcement that the property has been sold within a few days.

The purchase was announced by Hammes. The building had been used, until recently, as the Community Center headquarters for almost two years.

14 Red Warships Cruise In Atlantic

STOCKHOLM, Sweden (AP)—Swedish observers reported today that about 14 Soviet warships passed through the Kattegat into the Atlantic Monday and last weekend.

The fleet included a cruiser of the Sverdlov class, three destroyers, four submarines and tankers. The Kattegat lies between Sweden and Denmark and links the Baltic with the Atlantic.

The Journal's Page Of Opinion

Problem Of Boating Accidents

Boating accidents, which caused the death of two local persons in less than four days, call for increased vigilance on the part of everyone concerned.

And everyone is concerned either as an operator or passenger of a craft plying the broad expanses of the Kankakee River or as an acquaintance of persons enjoying this form of river recreation.

Will the boat that you ride in be adequately equipped for emergencies? Will there be a Coast Guard-approved life preserver for every person in the boat? Will the boat be overloaded? Will the operator have sufficient knowledge of boatmanship to insure the safety of his passengers?

The popularity of boating as recreation and as a sport has grown spectacularly in recent years. Leaders in the boating industry and boaters themselves

recognize this fact. They are also aware of increased responsibilities to hold the hazards of boating to the lowest possible level.

Laws have been adopted by many municipalities and state legislatures. Kankakee has a code which covers many phases of the sport.

But it isn't all a question of writing laws. The crux of good boating laws is their enforcement. Every boater and every law enforcement officer should consider that an affirmative duty.

Then, with the proper laws and the enforcement of these laws, the final factor in maintaining safety on the river rests with the people who ride in the boats. It is up to them to conduct themselves in a manner that doesn't endanger life, limb or property.

Unadorned Sandwich Triumphs

The crisis has passed. The great decision has been made. The forces of Spartan simplicity have won. Hereafter, as "economy" passengers fly the broad Atlantic airways, a sandwich is to be a sandwich, no more.

The dilemma developed when various foreign flag lines, whose bid to the American travel market is the "little extras" they offer, began putting a lot of them on top of the bread.

Since rules for the new economy class called simply for sandwiches, U.S. international lines made solemn protest. In

America a sandwich is a thing you grab, a thing with a good deal of bread showing.

They carried the day. The economy meal can't look like a cold plate. Under the newly interpreted rules: "A substantial and visible part of each unit is to consist of bread, roll or similar bread-like material. . . . Each unit is to be simple, that is, uncomplicated, unadorned."

There, that's plain enough, isn't it? Maybe it's too plain.

What's Ahead For Television?

So many television programs come and go these days that the fellow looking at that screen must feel like he's in a revolving door.

They were out the comedians and the situation comedies. Live, serious drama has bitten the dust in most places. A good many variety shows have tumbled. About all that's left now are the crime

shows, the westerns, the quizzes, and the ratings which so impress the trade.

Who knows how long the viewer will look on to the sound of gunfire, horses' hooves, and the quizmaster's cash register? And when those things go, what will the ratings have left to rate?

By Rep. Leslie C. Arends

Farm Bill Is 'For The Books'

As they say, "This is something for the books." It is something that should be recorded in the annals of politics. During our service in Congress we have seen many similar bills. For the most part they have been bills authorizing or appropriating funds for various projects, here, there and everywhere for everyone which, in the end result, means nothing for any one except possibly the taxpayer who gets more taxes.

For the first time that we can recall we now have presented to us from the House Committee on Agriculture what is entitled an "Omnibus Farm Bill." The measure has several titles, each dealing with a separate commodity. In our view the bill is nothing more or less than a political measure, one that would cost an astronomical amount. No one really knows how much. It has been conservatively estimated that its enactment will add between \$12 to \$2 billion annually to the heavy expenditures presently being made for the farm program.

We regret to say that once again we have a farm bill in which policy has been the major consideration. In its drafting, with its unwieldy and costly provisions, a most lamentable feature is this Farm Omnibus Bill is that along with these provisions, provisions which would expand federal controls over milk and feed grain production, there are some highly desirable features.

WHAT IS COMMONLY known as Public Law 490—the Agriculture Trade Development and Assistance Act—expired on June 30. This law should have been extended months ago. The latter part of March the Senate passed a bill for that purpose. Under this program the Commodity Credit Corp. has substantially reduced the federal surplus by sales to foreign markets. In the past two years government investment in farm commodities has been reduced almost \$1.5 billion.

There is no controversy about Public Law 490. Everyone agrees it is a good law. It has proven its worth. A simple extension bill could have been enacted without difficulty a couple months ago. But the House Committee on Agriculture did not see fit to report it. Rather it decided to include the extension provision in this huge

Voice Of The People

BEAVERVILLE—We of the Church, Anne Sodality of St. Mary's Church wish to take this opportunity to state to the Journal our sincere thanks and deep appreciation for your recent editorial against insurrection.

This is a situation which should be remedied. While in a small town like ours its influence isn't felt so much through actual sales, nevertheless, many of the problems of our youth could be traced to this source, which is available in neighboring larger towns. Again we thank you for this invaluable community service, for when you help a youth, you serve our community.

Mrs. Eugene L. Willey, President

Bradley's thought of this idea before, but the tragedy that befell Bob Just last Thursday prompted him to write it on paper and let it come out of his pen. NERVE WRACKING!

By David Lawrence

Checking The Record In Adams Case

WASHINGTON—Sherman Adams does not intend to resign—and President Eisenhower will not crucify him by asking him to resign.

Adams is convinced he has violated no law and exerted no improper influence. The President is also convinced that this is a fact.

Looking back now over what happened—and hindsight is always better than foresight—the presidential aide had for one moment ever succumbed to the temptation of a bribe. The big question is whether the exchange of gifts would be distorted into a smear scandal, no such gifts would have been accepted.

But, unfortunately, because day-after-day newspaper accounts do not piece together carefully by the average person and politicians are quick to vent their hates through condemnatory statements, a man can be convicted by public opinion of a "crime" he didn't commit. The big question is whether the exchange of gifts would be distorted into a smear scandal, no such gifts would have been accepted.

THIS CORRESPONDENT HAS read the record and has also noted the contents of the important statement issued over the weekend by Edward F. Howrey, former chairman of the Federal Trade Commission. The conclusions which this writer reaches after such an examination are as follows:

1. Not a scintilla of evidence exists to prove that any improper influence was exerted or that a violation of law was committed by Sherman Adams.

2. The decisions reached by the Federal Trade Commission in handling the cases involving Goldfine were made by the "Career" officials who hold office from one administration to the other without regard to political change. Neither they nor any other members of the commission ever knew that Chairman Howrey had received an inquiry from Sherman Adams about the Goldfine case. The cases were handled on their merits as are thousands of similar cases each year. Howrey himself took no part in deciding the cases.

3. Notable in support of the facts is the testimony of Acting Chairman Robert Seeger, former Democratic congressman from Ohio for 16 years, who said that the Goldfine case was a recurrence of the terrible thing that happened to a man who was brought on to this cable could hang on to this source, which is available in neighboring larger towns. Again we thank you for this invaluable community service, for when you help a youth, you serve our community.

I hope this in some way might help to preserve the life of a young man who is now in the hands of the law. A Question Of Logic

Hohn H. Baker, writing in a magazine on the danger of our being poisoned by DDT and similar chemicals, opens his article with this paragraph:

"What is the greatest threat to life on earth? The Communists? No. The fact that so many people now think they constitute the greatest threat is pretty sure indication that they do not."

I do not quite understand. If we all agree that Soviet Russia is a threat to us, does that prove that it is not? If the Western world fears the impact of communism, does that prove that there is no such impact? If everybody believes that black is black and red is red does that mean that black is black and red is red?

Actually, Baker is not making much of a point of his paragraph. What he wants to show is that the real menace of the age is toxic chemical treatment of the soil from airplanes to kill bugs. But the logic of that paragraph is intriguing.

TRULY, THE COMMUNISTS ARE A much greater menace than ants or DDT now because Soviet Russia is adopting the most effective weapons of capitalism not to destroy capitalism but to reduce capitalist countries to impotence. And the most important and powerful of such weapons is gold.

As one reads the discussion on the subject of gold in the transcript of the Byrd Committee, it is impossible not to reach the conclusion that a very large amount of the gold held in Fort Knox really belongs to the United States because of foreign balances and the actual sale of American gold to foreign countries. Sen. George Malone, interrogating Sec. of the Treasury George Humphrey, raised the question as to what would happen if some European country demanded its earmarked gold. Malone asked:

"... Suppose your suspicions were aroused, by a \$3 or \$4 billion demand; could you yourself make the decision not to sell it to them or not to let them have it for the dollar balance?"

TRYING TO FIND OUT WHAT happened to the gold in Fort Knox was like pulling teeth, slow and painful. For instance, such a discussion as the following was characteristic of the general tone:

"Sen. Malone. Who owns that gold? Who owns the balance?"

"Sec. Humphrey. Private holdings."

"Sen. Malone. In what way do they differ from the regular foreign holdings?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

"Sen. Malone. Well, the dollar balances, the dollars they might demand for current use of the gold held in Fort Knox?"

"Sec. Humphrey. Well, these are dollar balances of the private individuals in United States banks."

Aroma Park Firemen Fund Being Closed

The special fund to assist Aroma Park firemen seriously injured March 21 in a car-fire truck collision, and the families of two others who died, will be closed by the end of this week.

J. B. Bass, treasurer for the fund, announced the closing because donations have stopped arriving, and money in the fund is almost depleted.

However, Bass pointed out, this does not mean that other donations will not be welcomed. Anyone still wishing to contribute may send the money to the fund at Post Office Box 424, Aroma Park.

The \$4,000 remaining in the fund now will be split six ways, between the four firemen and the families of the two who died.

Total money in the fund dropped for this week when Bass made out a \$4,200 check for the team of doctors caring for the men.

THE DOCTORS were paid from the special fund, although it had not been originally intended to help pay medical expenses. It was first thought that insurance would pay the doctors, but this has not materialized, Bass said.

Insurance did pay for hospitalization, which amounted to an average of \$1,000 a man.

Bass says there is still the possibility that insurance will pay for some of the doctor's bills, because he was asked for an itemized statement of those bills. Also requested was an itemized account for special duty nurses, which were paid from the fund because there was no provision for them in insurance policies.

IF INSURANCE companies do reimburse some of these bills the money will be divided among the four firemen and families of the two who died. It will be divided on the basis of how much each man's expenses were, Bass said.

Doctor bills for the five who were hospitalized ranged from \$800 to \$1,500, he said. The sixth man involved was killed instantly at the scene of the accident.

Total money donated to the fund was about \$14,000.

Now, to get back to Baker's statement that because many believe something "is pretty sure indication" that it is not so, the world has for many centuries put great faith in gold as a basis for currency.

The United States departed from the gold standard in Roosevelt's first term and never returned. We put our gold in Fort Knox as a treasure trove. Now Soviet Russia is beginning to use gold as a weapon against the West and it is important to know how much gold we own absolutely. We could be defeated by gold in world trade.

THE GOLD in Fort Knox is a treasure trove. Now Soviet Russia is beginning to use gold as a weapon against the West and it is important to know how much gold we own absolutely. We could be defeated by gold in world trade.

Assign Pastor To Illiana Heights Methodist Church

REV. C. N. STRAIT

The Rev. C. Neil Strait has been assigned to the Illiana Heights Methodist Church for the summer months. It has been announced by the superintendent of the Bloomington district of the Methodist Church, beginning in September, that he will serve the Redick and Essex Methodist Churches.

The Rev. Mr. Strait was born in New Lexington, Ohio. He was graduated from New Lexington High School in 1932, from Olivet College in 1936 and is now doing postgraduate work at Olivet. He has been preaching for five years and has traveled on behalf of Olivet in various capacities.

He was a member of First Baptist Church, Kankakee.

Woman Rout Prowler With Pop Bottle

A flood light and a pop bottle in the hands of a determined woman were enough to rout a prowler in West Kankakee about midnight Monday.

Mrs. Elva Martin, 354 S. May Ave., who owns Elva's Cafe at 1360 W. Station St., had closed and was checking her books when she heard someone open the rear screen door.

She quickly turned on a flood light in the back yard, caught up a bottle of pop, opened the door and hurled it at the intruder.

The last thing she saw was his back disappearing into the darkness. Mrs. Martin said the prowler was about six feet tall and wore dark clothing. She told her story to Deputy Sheriff Willie Krueh.

Rites Wednesday For Robert Doran, River Victim

An inquest jury to investigate the death of Robert Lee Doran, 27, 304 N. Forest Ave., Bradley, was assembled by Coroner William Spillane today.

Spillane said the inquest will be held at 10 a.m. Wednesday in the Kankakee River at Arona Park. Monday after he and his wife were thrown out of their boat when it struck submerged Shannon Island Sunday night.

His wife, Alicia, 33, was injured, but was released from St. Mary's Hospital today.

Funeral services will be held at 2 p.m. Wednesday in Hertz Memorial Temple. Friends may call at the funeral home after 7 p.m. today and until time of service.

The Rev. Robert Doyle of Monroeville, Pa., will officiate at the funeral. The Rev. John J. O'Connell, pastor of St. Mary's, will officiate at the funeral.

Surviving are his wife, Alicia, 33, and his mother, Mrs. Doran, 55, of Chicago, and two sisters, Mrs. Doran, 55, of Chicago, and two sisters, Mrs. Doran, 55, of Chicago, and two sisters, Mrs. Doran, 55, of Chicago.

The Rev. Robert Doran was married Feb. 22, 1940 at Melvin.

Rev. Farnham Delegate To General Council

The Rev. Dorel Farnham, first congregational church pastor, is attending the biennial meeting of the General Council of the United Methodist Church at Boston, Mass.

The Rev. Mr. Farnham is one of the four delegates representing the Fox River Association in Illinois. The meeting, which opened today, will continue through Monday.

During the month of July, when he will be on vacation, the following will be in charge of the congregational church pulpits at Fox River:

Dr. Paul Rademacher, Naperville, June 29; the Rev. Glen Sims, associate pastor, First Methodist Church, Kankakee, July 6; the Rev. L. L. Lunsford, Olivet College, July 13; the Rev. Jack Fitzgerald, Champaign Congregational Church, July 20 and the Rev. Reynold, Rosemont Community Church, Chicago, July 27.

Stratton Urges Medal For Youth

SPRINGFIELD—John R. Coleman of Perry, Kankakee County, has been nominated by Gov. Stratton as Illinois candidate for the Young American Medal award for bravery.

The Trico High School senior saved the life of 3-year-old Jan Cleland after she fell into a private swimming pool last August.

The citation issued Monday by Stratton, said Coleman, although not a good swimmer, dove into the pool and after several attempts succeeded in lifting the girl.

He held her above his head and walked to the shallow end of the pool, then administered artificial respiration until a doctor arrived. The child suffered no ill effects.

Tourist Spending

MEXICO CITY (UPI)—The Bank of Commerce reported that tourists from the United States and other countries spent \$92 million dollars in Mexico last year.

WEATHER—

Continued from Page 1
weather reports, they found May to be even warmer than June, so far.

WHY THE UNUSUAL weather? During attributes the cool and damp weather to an unusual movement of Hudson Bay high pressure area and Gulf of Mexico low pressure areas. Apparently this year the moist air moves in from the south and meets with the cold air causing the rains and then the high pressure area pushes it back bringing the cool weather back into the area. Usually, the cool air stays farther north and the rain farther south, Durand says.

Durand's rain gauge has measured 7.54 inches this month. This is compared to 6.87 last June which was about twice the average amount for the county, but still falls considerably shy of the 10.21 inches he recorded last July, an all time record.

So Durand, Card and Chouinard all have their reasons for hoping the weather will warm up.

DEATHS

Mrs. Ida Mae Harris, 83, Monroeville, Ill., died Sunday.

Mrs. Anna Malone, 80, Campus, Mo., died Sunday.

Mrs. May Stephenson, 77, 44 E. Mulberry St., Kankakee, Mo., died Sunday.

Mrs. J. H. Ambler, 84, Dwight, Ill. died Sunday.

Mrs. Gertrude, 83, Grinnell road, Mo., died Sunday.

DEATHS

Continued from Page 1
said and said prices probably won't decline until fall. On this basis, he said he hesitated at forecasting whether the living cost index for June will be up or down.

The labor department said it expects a slight increase in the cost of living for June.

Unveil Cornerstone Of Trinity Lutheran Church, Herscher

HERSCHER (JNS)—The unveiling of the cornerstone for the new Trinity Lutheran Church took place at 3 p.m. Sunday.

The Rev. R. H. Lueken opened the program with the "Luther," followed by the Apostles Creed and a song by the choir. The unveiling was done by the Rev. R. H. Lueken, pastor of St. Paul's Lutheran Church, Kankakee, who was the guest of honor.

Various items were placed in a box to be sealed in the corner stone. The Bible was placed in the box by the Rev. R. H. Lueken.

Members of the congregation, including the choir, participated in the service.

The church is located on the corner of Main and 1st Sts. in Herscher.

COUPLES MARRIED

Two couples were married by Kankakee Justice of the Peace George Genotte Monday.

The first couple was Mr. and Mrs. John R. Doran, 27, 304 N. Forest Ave., Bradley, and Mrs. Alicia Doran, 33, of Chicago.

The second couple was Mr. and Mrs. John R. Doran, 27, 304 N. Forest Ave., Bradley, and Mrs. Alicia Doran, 33, of Chicago.

NEWS BRIEFS

AT VA HOSPITAL
Leland County of 218 S. Fourth St. was the site of a fire Monday night.

The fire started in the kitchen and spread to the living room. The cause of the fire is under investigation.

The fire caused damage to the building and the contents.

BEAVERVILLE 4-H Club Has Session

BEAVERVILLE (JNS)—The Beaver 4-H Club met Saturday in the home of Peggy LaFond.

The club members discussed the progress of their projects and the upcoming fair.

The club is active in promoting 4-H projects in the community.

Legion Auxiliary Of Beaverville Holds Election

BEAVERVILLE (JNS)—The Beaverville American Legion Auxiliary held its annual election Monday.

The election was held at the Legion hall. The officers elected were: President, Mrs. John R. Doran; Vice President, Mrs. Alicia Doran; Secretary, Mrs. John R. Doran; Treasurer, Mrs. Alicia Doran.

The election was attended by a large number of members and guests.

NEW YORK STOCKS

NEW YORK (AP)—The stock market continued its moderate advance today. The Dow Jones Industrial Average rose 1.44 points to 100.14.

The market was buoyed by a report that the Federal Reserve Board would not raise interest rates.

The market was also helped by a report that the U.S. Treasury would not raise taxes.

Stop NATO Talks On Cyprus; Greek Cyclist Murdered

ATHENS, Greece (AP)—A NATO staff conference here was called off at the last minute today after four Turkish army officers arrived to attend. Strained relations between Greece and Turkey over Cyprus was the cause.

The conference had been planned since March and was to deal with the Cyprus problem.

The Greek cyclist was killed in a car accident in Athens.

Fireworks Blasts Kill 107 Brazilians

SALVADOR, Brazil (AP)—Two stores of fireworks for religious celebrations exploded Monday, killing more than 100 persons and injuring more than 300 others.

The explosions occurred in the city of Salvador. The cause of the explosions is under investigation.

The explosions caused damage to the buildings and the contents.

Start Vet Free Hospital Care Study

WASHINGTON (UPI)—The administration, on the basis of a new survey, has suggested that Congress reconsider the extent to which it wants free hospital care provided for veterans.

The survey showed that: Almost half of all ex-servicemen currently under hospital treatment for non-military ailments are getting that care free in veterans' hospitals (VA) hospitals on the claim that they cannot afford private treatment.

Cases in veterans' hospitals not resulting from military service currently outnumber service-connected cases 71,000 to 30,000. Prospects are that with advancing age of veterans the service-connected load will continue to rise while ailments not due to service soar.

150 Attend Party For Departing Piper City Pastor

PIPER CITY (JNS)—Approximately 150 attended the farewell potluck supper, honoring the Rev. Harold M. Swanson, Chicago, at the Methodist Church Thursday evening in the Methodist Church.

The Rev. Mr. Swanson had been pastor of the Methodist Church for the last two years. This year, he will be pastor of the Tonica-Lowell parishes. He, his wife and two children plan to move the latter part of this week. The Swansons have been active in the church. The congregation of the church presented the family with a chair and a piano.

The program for the evening's entertainment included group singing, a duet by Mr. and Mrs. Swanson, and a piano solo by Mrs. Swanson.

The Rev. Mr. Swanson will be succeeded by the Rev. Mr. Swanson.

Hoffa Acquitted In Wiretap Case

NEW YORK (AP)—Teamsters President James R. Hoffa and two co-defendants were acquitted Monday night of charges that they conspired to wiretap the union's Detroit headquarters.

The federal jury of eight men and four women deliberated seven hours before returning its verdict.

The defendants with Hoffa were Detroit Teamsters local 337, and Bernard Spindel, a professional wiretapper.

Spindel could have brought a maximum sentence of five years in prison, and a \$10,000 fine.

A previous trial ended in a hung jury.

Cheryl Can't Recall Killing Stompanato

HOLLYWOOD (UPI)—Actress Linda Turner's 14-year-old daughter, Cheryl, doesn't remember stabbing John Stompanato or giving police a statement about it,

[illegible]

SNUFFY SMITH

I HOPE YE WON'T BE MAD AT ME, AUNT LONIE, BUT I INVITED A LITTLE FRIEND OF MINE TO HAVE SUPPER WIF US.

LAND SAKES!!
I WISH YED TELL ME THESE THINGS AHEAD O' TIME, JUGHAD!

HE'S AT THE TABLE ALREADY

BUGS BUNNY

YOO-HOO, BUGS! WILL YOU HELP ME GET OUT OF THIS SAND TRAP?

I CAN'T DO MUCH BUT TELL YA WHAT CLUB T' USE AN...

NO, I KNOCKED MY GOLF BALL OUT ALL RIGHT...

IT'S ANY GOLF CART THAT'S STUCK!

DOTTY

CANDY

NO HORACE--NOT THAT MACHINE--

YOUR WEIGHT

THIS ONE!

NANCY

I'M HOME---AUNT FRITZ!

HM-M--I GUESS SHE'S OUT

OH, HO---SHE BOUGHT A NEW RECORD

WATER THE LAWN
TAKE A BATH
DON'T TOUCH THE TV
KEEP THE REFRIGERATOR CLEAN
UP YOUR ROOM

BEETLE BAILEY

WHAT'S THE SARGE?

PUT IT DOWN! THAT'S A MINE!

WHAT'S THIS?

DON'T TOUCH IT! THAT'S A MINE, TOO!

AND STAY AWAY FROM THAT'S A MINE, TOO!

BOOBY! HE THING EVERYTHING IS HIS!

PRISCILLA'S POP

HEAR TALIA! ABOUT A TAX CUT!

YES! FOR PEOPLE IN THE LOWER INCOME BRACKET!

NOBODY EVER SEEMS TO WORRY ABOUT THOSE POOR, WRETCHED SOULS.

(IN THE UPPER INCOME BRACKET!)

DONALD DUCK

I TOLD THAT LOAFER TO CUT THE GRASS BUT LOOK! HE'S DOING IT! I'LL FIX HIM!

JIGGS--WAKE UP! YOU'RE WANTED ON THE PHONE!

HA-HA! THAT'S ONE THIS I'LL FOLLO JIGGS!

HEY, MAGGIE--WHAT'S THE BIG IDEA?!

BROTHER! FORGIVE ME--IT WAS ALL A MISTAKE!

Don't think of it as a secondhand car! Think of it as an automobile with a secondhand owner!

[illegible][illegible]

WEATHER RESEMBLING anything but summer during the first week of Red Cross swimming classes at the Kankakee swimming pool resulted in some pretty small classes. Marilyn Mann is pictured instructing one of the small classes, from left, Steven Frost, John Cooper, Michael Libby, Barbara Malsenover, Shelly Shear and Beverly Guilmond. (Journal photo)

Swim Classes Cut By Cool Weather

Weather more conducive to sweaters than swimsuits has curtailed attendance in Red Cross swimming classes at the Kankakee pool. Though 883 persons enrolled for the classes, the largest attendance was opening day when 578 young people braved chill air and overcast skies to take the plunge.

Drizzle and downpours Tuesday drove the mercury down to 72 degrees for the day's warmest and the class attendance to 349.

The kids have proved braver than their elders. Only 119 adults showed up at the pool Thursday for their first class.

Attendance records for the first week show: Monday, 578; Tuesday, 478; Wednesday, 486; Thursday, 349; and Friday, 372.

Seaway To Bring Vast Growth At Chicago

The St. Lawrence Seaway is making the Great Lakes region into the United States' fourth sea coast, and will turn Chicago into the supermarket of Mid-America, Joseph M. Arnold told Kankakee club members Monday noon.

Arnold is traffic manager for the Chicago Regional Port District, and for a number of years was engaged in the steamship business.

Many are referring to the Great Lakes as the United States version of the Mediterranean, he said.

All of this, Arnold says, will have tremendous effects on the future development, progress and prosperity of Kankakee. The influence of handling foreign imports and exports through Chicago will spread far and wide through this area, and Kankakee will be among those to reap some of the profits, the traffic manager predicts.

Of particular advantage to the area is the fact that the seaway will be able to handle more than 25,000 tons of cargo a year, and for a number of years was engaged in the steamship business.

All of this, Arnold says, will have tremendous effects on the future development, progress and prosperity of Kankakee. The influence of handling foreign imports and exports through Chicago will spread far and wide through this area, and Kankakee will be among those to reap some of the profits, the traffic manager predicts.

Driver May Escape Second Conviction Charge In Court

Because of an accident in Chicago, a man will appear in court Monday afternoon to face a second conviction charge in court.

He is Sammy McMillan, 28, who was fined \$125 for motor vehicle violation by County Judge Irvin C. Taylor Monday afternoon.

The tangled legal tale developed this way.

Some time ago McMillan was arrested for driving while intoxicated in Chicago. His case was continued and he has not yet come up for trial.

In this instance, he was arrested in Bradley on the drunken driving charge for which he was convicted Monday in Kankakee County Court.

Judge Taylor could take no note of previous conviction, because none has yet actually occurred.

And, in theory, the Chicago judge will also be unable to take note of previous conviction, because the Kankakee offense was committed after the Chicago arrest.

However, the maximum on a first offense charge can be up to a \$1,000 fine and a year in jail.

So if the Chicago judge finds out about the Kankakee conviction, he could impose a heavier penalty than usual for the first offense.

FINANCING of these facilities is being done by self-liquidating revenue bonds. No taxation, state or federal help is needed, he says.

Included in the project are four truck compounds, with each having a capacity of 400 trucks. These docks will stretch over eight miles.

The development program is divided into three stages. The first is in Chicago. His case was continued and he has not yet come up for trial.

In this instance, he was arrested in Bradley on the drunken driving charge for which he was convicted Monday in Kankakee County Court.

2 Fined \$125 Each On Charge Of Drunk Driving

Robert Alford, 20, 358 W. Jeffery St., and Robert Hubbs, 29, RR 2, Manteno, were each fined \$125 and costs for driving while intoxicated by Judge Irvin C. Taylor Monday afternoon.

Alford was arrested Friday afternoon on the Arona Park Road and Hubbs was taken into custody after an accident at Station and Wall St. Friday night.

Willard Kearney, who faces a similar charge, was given until Friday at 10 a.m. to enter a plea. He was arrested Friday night in the 300 block of S. Washington avenue.

Julius Meyer, 33, RR 4, Kankakee, appeared on a charge of violating his probation on a non-support count. He was ordered to appear Friday to show why his probation should not be revoked.

Divorce Granted By Circuit Court

Aaron L. Changelon, 594 S. Fourth Ave., has been granted a divorce by Kankakee Circuit Court from his wife, Lela, formerly of Herscher.

The couple was married Sept. 20, 1932 and the petition stated they lived together in Kankakee until March 18, 1957.

Changelon's petition alleged desertion.

ANY VOTE WILL DO!

BYRDSTOWN, Tenn. (UPI) — Sen. Albert Gore (D-Tenn.) was speaking on the courthouse lawn during his reelection campaign when a prisoner shouted through the bars, "Hurrah for Gore." "I welcome any support," the unruffled senator told his audience. "I just hope he gets out in time to vote."

Hold Scout Regatta At Camp July 12

The fifth annual smallcraft regatta for high school Girl and Boy Scouts will be held July 12 at the Boy Scout Reservation near Morris.

The regatta will feature races and mikes in rowing and canoeing. Trophies and ribbons will be awarded in competitive events.

The commodore's trophy and the highest trophy trophy are furnished by the Kankakee Federal Savings and Loan Association.

Sponsored by the Will County Red Cross Chapter and the Trailways Girl Scout Council and Rainbow Boy Scout Council, the regatta is open to Senior Girl Scouts and Explorer Boy Scouts of Chicago. Dead weight is the cargo plus fuel.

GROSS WEIGHT of ships the seaway will be able to handle runs from 25,000 to 10,000 tons keel ships.

Of particular advantage to the Chicago area in this developing seaway project is its waterways connection with the Mississippi River. Chicago will not be an isolated port, Arnold pointed out.

It will have other waterways facilities at its disposal, in addition to the maximum in rail, truck and air transportation.

The port district is developing Lake Calumet Harbor, which eventually will have almost a dozen slips for docking ships. These docks will stretch over eight miles.

The development program is divided into three stages. The first is in Chicago. His case was continued and he has not yet come up for trial.

In this instance, he was arrested in Bradley on the drunken driving charge for which he was convicted Monday in Kankakee County Court.

Judge Taylor could take no note of previous conviction, because none has yet actually occurred.

And, in theory, the Chicago judge will also be unable to take note of previous conviction, because the Kankakee offense was committed after the Chicago arrest.

However, the maximum on a first offense charge can be up to a \$1,000 fine and a year in jail.

So if the Chicago judge finds out about the Kankakee conviction, he could impose a heavier penalty than usual for the first offense.

Watseka Knights Of Columbus Hold Officer Election

WATSEKA (JNS)—William Conlin was elected grand knight in the local council of Knights of Columbus at the June meeting.

Howard Gagnon is outgoing grand knight. New officers will take over their duties on July 1.

Those elected to serve with Conlin include William Mueller, deputy grand knight; Bernal Gibson, warden; Wendell Reichert, chancellor; Thomas Ruffalo, recorder; Richard Dobson, financial secretary; William McTaggart, treasurer; Thomas Rosko, lecturer; Charles Aris, advocate; Joseph Kroes, guard; Rt. Rev. Msgr. E. A. Sweeney, chaplain, and Howard Gagnon, trustee.

Forrest Woman's Mother Dies In Atlanta Hospital

FORREST (JNS) — Mrs. Maude Roberts, 63, Atlanta, died at 3:30 p.m. Sunday in Atlanta Lincoln Memorial Hospital, following a heart attack.

Her daughter, Mrs. James Coleman, lives near Forrest. Her husband, Barrett F. Rogers, is state representative for the 4th district, which comprises Macon, Logan and Newton counties.

She also is survived by a son, Barrett Wayne, of Atlanta.

Monroe Fellowship To Meet Tonight

MONROE (JNS)—The Adult Study Fellowship will meet at 7:30 p.m. today in the home of Mr. and Mrs. Charles Klemme, 401 S. Third St.

Those desiring transportation will meet at the church at 7:15 p.m.

The J. Edgar Hoover Youth Fellowship will sponsor an invitation meeting in the St. Paul's First Church of Christ on Wednesday, June 25, at 8 p.m.

Members of the youth fellowship, which includes Macon, Logan and Newton counties, will be guests.

The program will center on the theme, "Kiss for a Night."

Youth Drowns In River At Momence

MO-MENCE—The Kankakee River claimed its fourth drowning victim of the summer and third in six days Tuesday night. The victim was Dennis Hobbs, 18, of West Memphis, Ark.

His body was recovered at 7:07 a.m. today about a block down the river. Hobbs apparently decided to go for an evening swim in the north channel of the Kankakee River near the head of the island here. He is believed to have dived into the water knocking himself unconscious on a rock and drowned about 10 p.m.

Other recent victims were Robert Doran, 37, of Bradley, who drowned when thrown out of his boat near Arona Park Sunday evening; Robert Just Sr., 44, of Kankakee, whose boat was swept over the dam in Kankakee last Thursday; and Larry Dale McKinney, 10, of Joliet, who drowned at Kankakee River State Park while wading.

Hobbs' three companions, two Momence girls and a boy from St. Louis, apparently did not take him seriously when he said he was going for a swim. They heard a splash but did not see Hobbs enter the water.

Say Cambodia Invaded By Vietnamese

PNOM PENH, Cambodia (UPI) —South Vietnamese troops have invaded Cambodia, former Premier Sim Var charged in a radio broadcast today.

Sim Var said the Vietnamese had penetrated the frontier to a depth of seven miles in the north-eastern sector around Siem Reap, which is on the Mekong River.

In Paris, the Cambodian high commission said it understood several regiments of Vietnamese were inside Cambodia and continuing to advance.

However, the high commission cautioned against "war" talk "until we can learn more."

Employment Up In 78 Kankakee Firms

Employment at 78 firms in the Kankakee area increased during the 60-day period ending May 15 and the number of unemployed decreased.

The figures were reported today by Roy Robinson, manager of the Illinois State Employment Service, in the publication "Kankakee Area Labor Market Trends."

The report said that 13,423 persons are now at work in the area, compared to 13,234 on March 15.

The May 15, 1958 employment figure is still below the 13,656 reported on May 15, 1957.

Unemployment showed a corresponding downturn, dropping from an estimated 2,000 in mid-March to 1,475 as of May 15. But the jobless total is still 925 over that of a year ago.

The rise in employment was attributed to gains in construction, transportation, trade, fabricated metals, food processing and textiles.

The publication said, "The major part of the gains were of a seasonal nature."

A slight decline in employment is predicted for the following 60-day period after May 15, mostly in manufacturing industries.

Despite the international threat to oust Local 1245 officers and appoint an administrator at the hearing today, Local 1245 President Milan Michalek ordered pickets back on the lines this morning.

The pickets at two gates up north the plant started off aggressively and traffic was backed up nearly six miles before 7 a.m. when Ensign cracked down and asked for more help.

Two pickets, Kenneth Matz, 30, Mount Clemens, and John Stednick, 41, Clair Shores, were arrested on charges of disorderly conduct. Stednick opposed the sheriff who was trying to let cars come freely through the line. Matz threw tanks in front of the cars.

YANKS RED MOB TARGET

NURSES AT ST. MARY'S Hospital are getting double duty with four sets of twins born within a week of each other. From left are Mrs. Ronald Genshaw with twin boys of Mr. and Mrs. Urban Frazier of RR 1, Bourbonnais; Mrs. Frank Freier with twin girls of Mr. and Mrs. Rodney G. Ohm of Grant Park. (Journal photo)

Former SEC Chairman, Harris Argue

WASHINGTON (UPI)—A former chairman of the Securities & Exchange Commission said today he was outraged by suggestions that the SEC could be influenced "in some improper way."

Former SEC chief J. Sinclair Armstrong defended the agency before a House subcommittee which has been airing Presidential Assistant Sherman Adams' relations with industrialist Bernard Goldfine.

Armstrong said a subcommittee chairman Oren Harris (D-Ark) got into a wrangle and Armstrong's testimony was temporarily cut off.

Adams has acknowledged making an inquiry at the SEC about a case involving two of Goldfine's companies. But he and the SEC have denied he influenced the commission's treatment of Goldfine.

As the hearings continued, it was disclosed that Goldfine, who paid large hotel bills for Adams, once picked up a \$60 hotel bill for a federal judge.

3 Lost, 37 Hurt As Ships Collide

NEW YORK (AP)—A Swedish freighter rammed an oil tanker in post-midnight darkness on the East River today. The resulting explosion turned the river into an inferno and sent flames leaping so high they set the Manhattan bridge alight. The tanker sank.

Three persons were reported missing—two from the tanker, one from the freighter. Thirty-seven others were hospitalized and 11 others, escaped without serious injury.

MANY PLUNGED into the water, screaming for help, and swam through flames to rescue boats. The fire on Manhattan bridge had no great damage. Transit and vehicular traffic was halted for a time.

The surface of the river was covered by gasoline from the sunken tanker.

The menace of further explosion or fire was so great that the Coast Guard closed off the river to ships.

An urgent warning was issued against smoking in the area.

Fire hoses were kept ready on all piers and wharves. Gasoline was in the waters of the Brooklyn Navy Yard.

A photographer for a New York newspaper, William Flinn, 32, collapsed and died of a heart attack while covering the disaster. Many of those rescued were saved by a fireboat that dashing maneuvered alongside the flaming wreckage so that crewmen could leap aboard.

Individual acts of heroism are detailed on Page 8, Column 1.

De Gaulle, Advisers Meet In Secret, Air Algerian Plan

PARIS (UPI)—Gen. Charles de Gaulle called in his top advisers today to complete his still secret plan for ending the war in Algeria.

The Premier's North African strategy also will be studied tonight when he meets with Gen. Raoul Salan, supreme commander in Algeria who is fighting the war.

De Gaulle has disclosed only a few segments of the policy he is developing for Algeria but that has been enough to cause right-wing organizations into charging he is being too liberal with the Moslem population.

Lana's Deposition Delayed By Illness

LOS ANGELES (AP)—Actress Lana Turner's deposition in connection with the slaying of her sweetheart was postponed today because of the illness of an attorney.

Mrs. Turner's friend, Johnny Stompanato, was slain by her daughter, Cheryl.

The deposition was supposed to be taken today in the office of Atty. William J. Pollack, who represents the dead man's son, John Stompanato III, of Hammond, Ind., in a civil action for \$75,000 damages. But Pollack dove down with a virus illness. No new date has been set.

1,000 Hurl Insults At U. S. Embassy

MOSCOW (AP)—A crowd of more than 1,000 Russians, some angrily shaking their fists and shouting foul epithets, demonstrated today at the U.S. Embassy.

About 150 Soviet policemen kept the crowd under control. One screaming Russian hurled a stone through an open window but there was no damage.

U. S. Ambassador Llewellyn Thompson told reporters he planned no protest because "under our system of government we do not object to peaceful assembly and demonstrations."

Lebanese Ask For U. N. To Seal Off Frontier

BEIRUT, Lebanon (AP) — Heavy firing broke out in Lebanon today shortly after the government announced it had asked for an armed U.N. emergency force to seal off the frontier.

President Camille Chamoun said he expected a big rebel push against his pro-Western government at any hour, but it was too soon to say whether this was it.

The heaviest firing was heard in Ghadakh Ghamk, on the outskirts of Beirut. The Christian quarter of Beirut where rebel forces under former Premier Seab Salame are entrenched inside barricades.

American diplomats and their families fled from upper-story windows to observe the demonstration. The crowd whistled and shouted catcalls. Then some demonstrators whipped out pocket mirrors and flashed sunlight into the eyes of the watchful Americans.

The Russians were emotional but much less rowdy than the ones who demonstrated Monday at the West German Embassy and last week at the Danish Embassy. The German Embassy was heavily damaged by a barrage of rocks, sticks and ink bottles. Stones smashed windows at the Danish Embassy.

4 Sets Of Twins Arrive In A Week

Four sets of twins born within a week of each other at St. Mary's Hospital have boosted the total of twins born there this year, only half over, to 18.

The number of last year's sets of twins born at the hospital totaled 20.

Three of the last four sets of twins were born in three successive days.

According to Sister Mary Angela, supervisor of the nursery, the four sets of twins is the largest number born at the hospital within a week of each other.

Myrna Anne and Michael Andrew Baber were born a week ago today to Mr. and Mrs. Irwin M. Baber of Momence. The Babers have two other children.

Born Monday to Mr. and Mrs. Harold A. Jordan of 560 E. Broadway, Bradley, were twin boys, Mark W. and Harry R. The Jordans have one other child.

Mr. and Mrs. Rodney G. Ohm of Grant Park, have twin girls, Carolyn Helen and Teresa Mariane, were born Tuesday.

The Ohms reside in Grant Park and have one other child.

The latest set of twins was born today at the hospital to Mr. and Mrs. Urban Frazier of RR 1, Bourbonnais, who have one other child.

The Fraziers' twin boys haven't yet been named.

De Gaulle, Advisers Meet In Secret, Air Algerian Plan

PARIS (UPI)—Gen. Charles de Gaulle called in his top advisers today to complete his still secret plan for ending the war in Algeria.

The Premier's North African strategy also will be studied tonight when he meets with Gen. Raoul Salan, supreme commander in Algeria who is fighting the war.

De Gaulle has disclosed only a few segments of the policy he is developing for Algeria but that has been enough to cause right-wing organizations into charging he is being too liberal with the Moslem population.

HIT 3 TIMES BY OWN CAR!

FRANKFORT, Ky. (AP) — Lewis Aldridge, 65, was hit three times by his own car. He was backing it from his farm yard he fell out. He was hit, he said, kept going in circles, and each time he tried to get up, it hit him again. Witnesses dragged Aldridge out of the way and stopped the auto. He suffered four broken ribs.

Only One Word For Area's Weather Again—Drizzmal

Kankakee area's weather can be summed up in one word: drizzmal.

"For the 16th time in the month's 25 days it rained. The forecast for this afternoon is cloudy and windy with showers and thunderstorms. Tonight will be partly cloudy and cool, dipping into the 40s."

THE HIGH THUNDERDAYS should be in the upper 60s. In the 24 hours ending at 7:30 o'clock this morning a total of 15 inches of rain fell at the Kankakee Airport weather station. This brings the month's total to 6.12 inches.

The temperature reached a high of 80 for a short time Wednesday afternoon, the highest since June 8. And it dipped to a low of 62 at 7:30 this morning.

A SUBSTANTIAL AMOUNT of corn and soybeans have been ruined by receding flood waters in central and southern Illinois streams.

Ponding of water in low spots on flat fields also has destroyed a moderate acreage in central and eastern areas, but the net loss is expected to have little effect on statewide production, the Illinois Crop Reporting Service said.
