## Herscher Native Aids Guatemala Teachers

Dr. Rose B. Buchler, native of Herscher, is elementary education curricula adviser with the International Cooperation Administration's mission to Guatemala.

The former Rose Burgess, Dr. Buchler received her bachelor of education and AM degree at Illinois State Normal University. She earned her doctorate in education from Columbia University.

Following 10 years of teaching at Illinois State Normal, she was professor of education from 1930 to 1937 when she was appointed to the ICA mission in Guatemala.

During that time, she also was a Fulbright Award participant at the University of Manila and visiting professor for two years at the University of Colorado.

Dr. Buchler is one of six Americans on the ICA staff assisting the Guatemalan Government to better educate children, particularly in the rural areas.

Part of the program is to train 1,800 uncertified rural teachers of the celebration. Radio talent who constitute about 55 per cent of the rural staff. In the two-year, four-phase training period, teachers attend classes and workshops in teaching methods, fundamental education, elementary agriculture, manual arts, hygiene with laboratory practice and other subjects. Successfully completing the training, the teachers receive limited teaching certificates and increases in salary.

Two Indian men from the Ojocabal village school recently made a 10-hour journey, including a 12-mile walk over rugged terrain, to deliver to the Americans a message of appreciation from the villagers for the help the village school has received from the U.S. Mutual Security Program.

A carnival company with rides and concessions will occupy the midway. The local band will give a concert on the opening evening of the celebration. Radio talent will be the highlight of the Friday and Saturday evening programs. On Friday evening, the stars will be Colleen and Donna (The Beaver Valley Sweethearts) singing popular ballads, novelty songs, Western songs and hymns. On Saturday night, the feature act will be "Louis Tops" presenting something new in an animal act specializing in the training of domestic animals and fowls. A "Kidie Parade" will be staged Saturday evening, under the direction of the American Legion Auxiliary. There will be four classes for judging and three prizes will be awarded in each class.

Classes are bicycles, tricycles, doll buggies and costumes. Pets may be included in any of the entries. The age of children participating is through 12 years. The entrants will gather at the park at 6:15 p.m. and the parade will start at 6:30 p.m. Mrs. Vera Lyons and Mrs. Betty Miller are co-chairmen and will provide any further information desired.

**Distribute Major Portion Of Aroma Firemen's Fund**

AROMA PARK (JNS)—Hubert Spelling, chairman, Aroma Park Volunteer Firemen's Relief Committee, reports the \$4,009.87 which the committee has had to use for the injured firemen of Aroma Park was distributed last week, leaving only a few dollars in the bank to hold the account open.

J. B. Bass will continue to serve as treasurer. The critical period of rehabilitation seems to be past, and since the funds were not sufficient to replace breadwinners' incomes, the funds have been used to meet emergencies of doctors' bills, nurses bills, and some household expenses for the first few months. Insurance coverage seems to have been sufficient to cover hospitalization costs to date.

The future needs are unpredictable, but the committee feels that should great needs continue, new calls for community support will need to be made and a new committee will need to be set up to sponsor the project and to administer funds.

Besides Spelling, those serving in advisory capacities have been Francis Miller, H. E. Tundland, T. L. Boyd, Dr. S. W. Reagan and the Rev. Clifford Bruner.

## Middle East Crisis Called Nasser Victory

By THE ASSOCIATED PRESS  
 The new flames sweeping the Middle East light up another success for Gamal Abdel Nasser. The Egyptian dictator was sailing home from Yugoslavia today on the yacht of the king as over 100,000 people in the Egyptian capital of Cairo threw in 1952 to start a meteoric political career. The President of the United Arab Republic of Egypt and Syria returns to Cairo amid swiftly moving events that may bring his strongest challenge so far.

THE DEVELOPMENTS began early Monday, when Nasser was visiting Communist President Tito of Yugoslavia. The monarchy in pro-Western Iraq was ousted by pro-Nasser army officers—just as Nasser replaced King Farouk with a military-run republic.

The Iraqi revolt started the U. S. 6th Fleet moving eastward through the part of the Mediterranean which Nasser is now playing. The fleet was on its way to and Marines in Lebanon and the United States, in statement to the U. S. Security Council, made clear that it considers Nasser the villain in the piece.

A PLOTTER from the time he was a boy, Nasser gambled and won two years ago this month when he nationalized the Suez Canal. France and Britain struck back with an invasion of the canal zone after Israel invaded Egypt's Sinai Peninsula. But Nasser had correctly calculated the delicate Soviet and American balance. Britain and France were forced to halt their invasion and the Israelis finally agreed to withdraw, turning Nasser's military defeat into a resounding political triumph which sent his stock soaring among Arab nationalists.

Nasser moved stubbornly ahead with the operation of the canal on his own terms and rebuffed his military forces with Communist help. Last Feb. 1 the union of Egypt and Syria was proclaimed with Nasser as its president. The kingdom of Yemen federated a month later and Nasser was hailed by masses in the Middle East as the great Arab unifier.

## Two St. Louis Men Held For Robbery In North Little Rock

LITTLE ROCK, Ark. (AP)—Two St. Louis men have been charged with robbery in connection with the holdup last December of Bailey Ferguson of North Little Rock. They were charged in Pulaski County Circuit Court are John Francis Kinney, 48, and Charles Jefferson Hollis, 28.

The FBI arrested both men Tuesday on a federal warrant for flight to avoid prosecution. Agents said Kinney was seized in Le May, a St. Louis suburb, and Hollis was picked up in East St. Louis, Ill. Neither offered any resistance.

The robbery count charged Kinney and Hollis took \$12,000 in cash, a \$1,500 diamond, a sapphire and a pistol from Ferguson on December 19, 1957.

The St. Louis Post Dispatch says the FBI and the Senate Rack-ers Committee are investigating the Ferguson robbery on the theory that some of the missing \$303,729 ransom money paid in 1953 to the kidnappers of young Bobby Greenleaf was involved. Carl Austin Hall and Bonnie Heady were executed for the boy's kidnapping and slaying.

## Wisconsin Makes New Concessions For Truck Licenses

MADISON, Wis. (UPI)—Wisconsin motor vehicle officials have made further concessions in an attempt to renew the mutual truck free permit agreement between this state and Illinois.

An administrative assistant, Eugene Hinkel, said Tuesday the modified agreement sent to Illinois is not as broad in some definitions as one earlier rejected by the neighboring state.

Illinois had objected to Wisconsin's definition of "residents" in a proposed agreement which would permit trucks licensed in one state to operate under a free permit in the other.

An original agreement lapsed in June. Illinois police have been arresting Wisconsin trucks since July 7, unless they have paid the Illinois license fee—about \$200 higher than Wisconsin's.

Hinkel said the new version of the agreement would define a "resident" trucking firm as one which is based in either of the two states.

## Police Seek Young Father For Shootings

CANTON, Pa. (UPI)—Three small children were shot to death Tuesday night in their rural home near here. Police searched today for their 18-year-old father.

State police set up roadblocks in their search for Paul Pelton, a tenant farmer, after the bodies of his daughters were found in their home on Route 14 by their mother.

Mrs. Margaret Pelton, 23, told police she and her father, Carlton Brion, 45, had gone to nearby Troy, Pa., Community Hospital about 6:30 p.m. to visit her five-month-old son Paul, who is critically ill with asthma. Pelton stayed home to baby-sit.

She said she returned about 11:30 p.m. and left her father to put the car in the garage. She said she went inside and found Connie, 2, slumped over her walk in the living room. At first she said she thought the girl was asleep. Then she saw the bullet wound in the child's stomach when she tried to wake her.

A search of the house found Patricia, 3, dead on a bed with a facial wound and five-month-old Pauline, Paul's twin, in her basket on a bed with a stomach wound. The father was not at home, Mrs. Pelton called police who issued an all-points bulletin for her husband.

A loaded 22 caliber rifle was found in a barn when police arrived.

Mrs. Pelton told police her husband was cheerful when she left. She told United Press International her husband said, "Stay as long as you like at the hospital."

She said, "Paul loved the children. He was always very kind to them."

Coroner Gerald Vicky told United Press International there is a remote possibility that some one came to the house bent on robbery and killed everyone. "He said the killer may have hidden Pelton's body."

Acting as a representative of the Authors League of America, Stevenson is trying to arrange for royalty payments.

## Troops In Lebanon May Irk Nationalist Groups

The Middle Eastern crisis seems sure to start a serious wave of "anti-imperialist" feeling in the newly freed countries of Asia and Africa.

In "neutralist" India and Indonesia, in Tunisia and Morocco, and in many other countries denunciation of the American troop landings in Lebanon is likely to be bitter.

Correspondingly, President Gamal Abdel Nasser of the United Arab Republic is likely to be hailed as a hero who is a leader in the great surge of nationalism in one-time colonial countries.

Soviet Russia, which is loud in support of nationalist movements—except, of course, in the Soviet Union—is likely to profit considerably.

AND IRONICALLY, the United States, which for years has supported the nationalist movement even against its own allies, will be the chief target for criticism.

President Eisenhower acted in an emergency at the specific and urgent request of the government of Lebanon, the most loyal ally of the United States in the Arab world. But this fact is most unlikely to be taken into account by critics.

## License Reciprocity Is Perennial Trouble Spot

This column is the first in a series of three dispatches on truck license reciprocity and Illinois' current dispute with some of its neighboring states.

By RAYMOND R. COFFEY  
United Press International  
SPRINGFIELD (UPI)—Illinois state police and investigators for the secretary of state's office last week made more than 700 arrests of truckers, most of them for failure to meet "reciprocity" requirements. The Iowa Reciprocity Board and Illinois Secretary of State Charles F. Carpenter have been in a war of words recently, each charging the other with violation of truck license "reciprocity" agreements. Wisconsin officials have advised truckers in their state to "sit tight" in the hope that an agreement will be worked out soon with Illinois on truck license "reciprocity."

WHAT IS THIS "reciprocity" and what is at the heart of Illinois' continuing battle with some of its sister states? Reciprocity, in reference to motor vehicles, is a word applied to agreements between states in which one state recognizes the license plates of another.

For example, an Illinois resident who registers his passenger car in Illinois is able to drive it into Wisconsin or Iowa or any other state without having to pay a license fee and register his car in that state.

Reciprocity is simple when it comes to passenger cars. But things get complicated when it comes to trucks.

FOR ONE THING, some states issue reciprocity on a "residence" basis only. That is, Illinois, for example, will recognize the Missouri license plates of a truck operator whose official residence is in Missouri. If Missouri will likewise recognize the plates of an Illinois resident.

Some states make reciprocity agreements based on residence and-or "basing point"—the point from which a truck principally operates. Thus a truck operator who is a resident of Iowa might also have trucks "based" and licensed in Minnesota.

A state, for example Wisconsin,

ing points" of trucks as a sound basis for reciprocity.

Illinois also insists that its residents must receive the same, or at least similar, consideration in another state in return for the reciprocity granted to that state.

FOR EXAMPLE, Illinois does not have a truck license reciprocity pact with Colorado because it does not believe its residents would gain the same benefits as Colorado residents.

Colorado has a low license fee of about \$17 for trucks. But in addition it charges a mileage tax on all trucks.

Next: What exactly puts Illinois in disagreement with some other states on truck license reciprocity.

Other states, such as Colorado and Ohio, have in addition to their relatively low license fees a "mileage tax" or "ton-mile tax," under which truck operators pay a tax based on the weight of their trucks and number of miles traveled in the particular state.

ILLINOIS' BASIC principle, according to Assistant Secretary of State Robert G. Cronson, is that "historically" reciprocity has meant a grant of privileges to the "residents" of one state in return for the same privileges granted to the "residents" of Illinois.

Illinois, in other words, believes that residence is the only legitimate basis for reciprocity agreements and does not consider "bas-

### New Furniture For City Library

For the first time in 40 years, new furniture has been placed in the Kankakee Public Library.

The furniture group, which improves the appearance as well as the comfort in the reading room, includes six oblong and two round tables, each with space for four people; and two modern leather-cushioned easy chairs, each with a floor lamp for over-the-shoulder reading light. The metal-tipped legs and light colored, satin-spool finish of the tables contrast with the ancient, long ones which accommodated eight to 10 people.

Steve Lyman, 230 S. East Ave., was among the first library patrons to use the new furniture. The still-sturdy old tables will be used as needed in other capacities, according to Miss Dorothy Brown, librarian. (Journal photo)

### Luxurious Silks Lead The Parade

## Fall Fashion Show In New York

Pure silk takes to brilliant colors for autumn in fabrics that show great luxury. Solashed-with impressionistic flowers, woven into multicolored broades or used in dramatic solid tones, silk is used by this nation's trend-setting designers in the new fall collections. Fabrics include cut velvets, lames, silk ottomans, gros de londres, peau d'anges, peau de soles, gossamer chiffons and damask-woven satins.

These style showings are part of the fall fashion show in New York City.

Rose-red features the ball gown by Roxene of Samuel Winston. Deeper color is splashed on a pale background in the form of cut velvet flowers against silk. The dress is cut with decollete bodice and voluminous tiered skirt.

There are both elegance and fun in the new "dauphine" silhouette by Pauline Trigere in pure silk rose-red satin. The gown is cut with a flat panel in front. Skirt is gathered onto the sides and spreads forth in wide flounces over the hips.

Shown here is the relaxed trapeze line, as done by Adele Simpson for fall, 1958. It blossoms in multicolored rose-red silk brocade that changes both color and design as the wearer moves. The tiny director's jacket goes over dress with wide, flaring skirt.

## What Is Food Poisoning?

By DOROTHY V. WHIFFLE, M.D.  
AP Newsfeatures  
There isn't such a thing as ptomaine poisoning. That doesn't mean, however, that you cannot get food sick from spoiled food. The things in food that cause trouble are germs. Ptomaines are substances formed in meats by germs, but they do not make you sick. You can eat them by the teaspoonful and never be the worse for them. It is the germs that make you sick.

Knowing this makes it possible to avoid food poisoning and yet not throw away food that you might be a little suspicious about. (If you have kept a pan of soup or a stew, or some left over turkey dressing or a meatloaf, a little longer than you had expected to and you are afraid to feed it to the family, don't throw it away. Cook it thoroughly and it will be quite safe. The heat of the cooking must penetrate every bit of the food; just searing on the outside won't do.

Food that is most apt to cause food poisoning is often that which you suspect the least: cream filling in pies and eclairs, whipped cream, potato salad, cottage cheese. These are foods you can't cook before serving. They must be carefully handled, kept refrigerated and used promptly.

Foods of this type kept unrefrigerated for hours are dangerous. Don't take densely packed food out on a picnic unless you have some means of refrigerating it until eating time.

ANOTHER FREQUENT occasion when food poisoning is likely to occur is at a meal for a large group of people, prepared in some place not equipped for the serving of food—a church supper, a lodge

meeting meal or something of that sort. Members prepare the food at home and bring it to the meeting place in bowls. The food may sit around for many hours in a warm place. During this time the few germs that were in it when it was prepared, and which would have done no harm had the food been eaten immediately, have time to multiply into many millions.

This heavy growth of germs is what makes people sick. Quite often this dangerous food smells and tastes delicious. You cannot tell by smelling it that there is anything wrong with it.

THE SYMPTOMS of food poisoning are all too well known. Nausea, vomiting and diarrhea are the prominent ones. In severe cases there may be chills, prostration and even unconsciousness. If the vomiting and diarrhea continue for any length of time the individual loses so much water from his body that he becomes dehydrated and may have to go to a hospital to be given fluids directly into his blood.

Another type of food poisoning—and a most serious one—must be mentioned. It is called botulism. Fortunately it is rare. This type comes almost entirely from foods that are not properly canned at home. Densely packed foods, such as spinach or corn or meats, may not be adequately sterilized in the home canning process. Commercial canners have good control of their operations and one can safely say that commercially canned goods are always safe. Fruits and other acid foods are much less dangerous than densely packed alkaline foods.

Improperly canned at home. Densely packed foods, such as spinach or corn or meats, may not be adequately sterilized in the home canning process. Commercial canners have good control of their operations and one can safely say that commercially canned goods are always safe. Fruits and other acid foods are much less dangerous than densely packed alkaline foods.

## Pack Cosmetic Aids For A Maternity Trip

BY JEANNE D'ARCY

In the excitement that's attendant on the arrival of a new baby, many a young mother forgets that those who come to see the bride and joy are visiting her as well. Her appearance should be perfect, as befits one who's carried a Very Important Job to an adorable, enchanting conclusion.

Once in the hospital, sans beauty supplies, there's not too much you can manage in the way of a glowing transformation. That's why cosmetics should be packed in your little black bag, standing by ready to go along when you take off for Maternity.

During hot weather, extra beauty problems crop up for those in hospitals.

What can you do about hair? If there's a salon on the hospital premises, you're in luck. As soon as you feel chipper, you can soon turn down for the works—wash, wave, comb-out.

If not—as is usually the case—keep hair fresh with brushing. Do use a dry shampoo, too. It will make limp, oily locks fresh and sweet-smelling in minutes.

Take along talcum. You'll want to apply it often to keep your skin from feeling damp—that old humidity!

Don't forget bobbypins and a quick-drying spray. It's amazing what a few well-placed pin-curls can accomplish in perking up your appearance. Too much pillow-time leaves curls limp, so plan on a fast jet just before it's time for Freud Father and other well-wishers to make an appearance.

Cover up curlers with a pretty scarf, worn turban-style, just in case you're taken by surprise and somebody pops in early.

Take along cleansing lotions and creams and a facial mask to freshen your complexion.

Pack a manicure set to keep nails pretty. Don't forget cologne and/or perfume.

You'll have time to spare in the hospital. Use it to start a beauty comeback. When you and Baby go home together, things will be busy, so take advantage of enforced leisure and glamorize.

## No Better Time Than Now To Make Sweet Cherry Jam

By GAYNOR MADDOX, NEA Food and Markets Editor  
Before those fresh, sweet cherries from the Pacific northwest vanish from the market, make a few jars of jam to use during the winter months.

**Northwest Spicy Cherry Jam** (Yield: about 7 half-pints)  
Four cups fresh sweet cherries, pitted (about 2½ pounds); ¼ cup lemon juice, ½ teaspoon cinnamon, ¼ teaspoon cloves, ¼ teaspoon all spice, 5 cups sugar, 1 box (2½-ounce) powdered fruit pectin.

Select fully ripe cherries. Wash, pit and chop. Add lemon juice and spices. Measure sugar into bowl; set aside. Measure 4 cups prepared fruit into saucepan (water may be added to fourth cup, if necessary.) Add pectin and mix well. Place over high heat and stir slowly until mixture comes to hard boil. At once stir in sugar. Bring to full rolling boil; boil hard for 1 minute, stirring constantly. Remove from heat; skim, ladle quickly into sterilized half-pint jars. Seal according to manufacturer's directions. Let stand 25

minutes and then shake jars gently to prevent floating fruit.

Looking for a fresh fruit dessert for your summer menus? Here's a rhubarb treat to serve with whipped cream or ice cream.

**Rhubarb Crisp** (Makes 8 servings)  
Fruit Base: One-quarter cup sifted enriched flour, ½ cup sugar, ¼ teaspoon salt, 4 cups fresh rhubarb, cut in 1-inch pieces; 1 No. 2 can pineapple chunks, drained.

**Topping:** One cup rolled oats (quick or old-fashioned, uncooked), ¼ cup brown sugar, ¼ cup flour, ¼ cup butter or margarine, melted.

For the fruit base, mix flour, sugar and salt. Thoroughly blend with rhubarb and pineapple. Divide into 8 individual casseroles.

For the topping, combine all ingredients until crumbly. Sprinkle an equal amount of topping around edge of each casserole. Bake in

NEXT winter the family will appreciate the homemaker who stored up jam made from cherries now on the summer market.

YOU can't count calories all the time, so why not enjoy that old summer favorite occasionally—a great big banana split!

## Old-Fashioned Banana Split Is Lyrical Summer Treat

By GAYNOR MADDOX, NEA Food and Markets Editor

Let's get nostalgic. Let's give a special nod to the old-fashioned ice cream parlor with its luscious high-calorie banana splits.

Today of course, most homes keep ice cream in the deep freeze, always on hand. And bananas are now plentiful and a year-round favorite. So let's set up our own "ice cream parlor" on the porch, on the patio, anywhere at home, and sing "In the Good Old Summertime" as we wait for our banana splits.

**Old-Fashioned Banana Split**  
(Yield: 4 servings)

Four bananas (fully ripe-yellow, peel speckled with brown), ice cream, chocolate, strawberry or pineapple sauce, chopped nuts, cherries.

Cut off tips of both ends of each banana. Remove a lengthwise section of the peel, about 1 inch wide, extending from end to end. Remove remaining peel in same fashion. Place 2 halves, cut side up, on each serving plate or banana split dish. Top each with 2 scoops vanilla or desired flavor ice cream. Spoon on chocolate, strawberry or pineapple sauce. Sprinkle with chopped nuts; garnish with cherry. Don't forget the garnish of marshmallow cream.

**Baked Ham Slice and Bananas**  
(Yield: 4 servings)

One-inch-thick slice ready-to-eat ham, 4 firm bananas (all yellow or slightly green-tipped bananas), 1/2 tablespoon melted butter or margarine, salt, 1/4 cup currant jelly.

Slash fat edges of ham, stud with cloves, if desired. Place in a shallow baking dish. Bake in a moderate oven (375 degrees F.) 15 minutes. While ham is baking, prepare bananas. Cut up off both ends of each banana. Remove lengthwise section of the peel, about 1 inch wide, extending from end to end. Remove remaining peel in same fashion. Place bananas in baking dish with ham. Brush with melted butter; sprinkle lightly with salt. Spoon jelly on bananas. Bake 15-18

## WRONG JUG POISONS DRIVER

ST. LOUIS (AP) — Glen Parker, a transit firm bus driver, charged with driving a bus into a wall, ordered a glass of lemonade at a grill and was served a poisonous ammonia mixture by mistake.

Parker, 38, became ill after taking two swallows and was taken to City Hospital, where his condition was listed as serious.

Police quoted a waitress at the grill as saying she mistook a gallon jug of the ammonia mixture for a container of lemonade.

## Appoint Sales Official For Piper City Firm

PIPER CITY (JNS)—Joseph R. Stephens, McLennanboro, has been appointed to succeed William H. Young as sales promotion supervisor for Producers Seed company, according to L. R. Downs, general manager.

Stephens has a background of farming operations and Farm Bureau activity, having been active in his native Hamilton County, where his father, Fred Stephens, operates a large general farming program.

He was awarded a bachelor of science degree in agriculture at Southern Illinois University, Carbondale, in June of this year.

**TOMORROW'S DINNER:** Baked ham slice and bananas, split and fried boiled sweet potatoes, fresh green beans, grapefruit and lettuce salad, French bread with herb butter, ice cream with fresh berries, coffee, tea, milk.

## Crescent Luther League Plans For Federation Picnic

CRESCENT CITY (JNS) — The Luther League of St. Peter's Lutheran Church of Crescent City met Sunday evening in the church basement.

Gordon Swerks served as devotion leader and was assisted by Carol Carley, Richard Gookes and Ronald Leiding.

The topic, "Come Apart," was presented by Rita Ennen, Kay Lubben, K. E. N. Wrede and Brenda Hofmeister.

Diana Stearnsberg was received as a new member of the league. Twenty-three members of the league expect to attend the Luther League Federation picnic Sunday at the Lake of the Woods, Minn.

Mrs. Robert Spenn was in charge of recreation. Bonnie Sturm and Joyce Sturm were on the lunch committee. Thirty-one members and four guests attended.

The next meeting will be on Aug. 10 with Rita Ennen and Ruth Wilken on the committee.

## Accused Hopes He Can Escape Electric Chair

ATHENS, Ga. (AP) — James Fulton Foster will go to court again Saturday in high hopes of finally breaking the legal bonds that still technically tie him to the electric chair.

Solicitor Gen. Alfred Guillian said Monday night he will tell the court there is sufficient evidence to corroborate the confession of Charles (Rocky) Rothchild to the slaying two years ago of Charles Drake, Jefferson Merchant.

The 48-year-old Foster, a house painter from Greer, S. C., is nearing the end of his long legal battle that included two dates with death in the Georgia electric chair.

FOSTER WAS convicted about two months after the slaying, received two postponements of the death sentence while he made unsuccessful appeals, and was awaiting outcome of another appeal when Rothchild confessed July 4 to South Carolina authorities.

Foster is still in jail at Jefferson but he has had the run of it since Rothchild's confession. His wife and seven children joined him there, staying in rooms on the second floor of the big, rambling old house that was converted into the county jail. Foster would probably be allowed to go free under bond if the new trial motion is granted.

QUILLIAN ALSO said he will present murder indictments against Rothchild and A. D. Allen when the Jackson County grand jury convenes Aug. 1.

Rothchild, a former policeman from Cairo, Ill., named Allen in his confession as his accomplice in the planning of the robbery that led to the shooting of Drake. Allen is in the federal penitentiary in Atlanta serving a five-year sentence for bootlegging.

Rothchild was recently extradited from Kentucky and is serving a five-year term in the South Carolina penitentiary for burglary conspiracy.

## Mission Society, St. Anne, Meets

# Growth Of Major Loops 'Inevitable'

## Can Not Grow If Hindered By Laws-Frick

WASHINGTON (UPI)—Baseball Commissioner Ford C. Frick declared today that expansion of the major leagues is "inevitable" but predicted it will come through larger leagues rather than franchise shifts.

Frick made the statement in testimony supporting the Senate sports bill which would grant broad anti-trust immunity to professional team sports. To apply the anti-trust laws to baseball, he said, would be "inappropriate and disastrous."

THE BASEBALL Commissioner urged Congress to extend baseball's court-endowed anti-trust exemption to apply to other team sports. "Baseball firmly believes that the anti-trust laws are not appropriate for regulation of any organized team sports and that baseball, football and hockey as well as baseball should have exemption for their sports practices," he said.

The Justice Department came out Tuesday against a provision of the House-passed sports bill, roughly paralleling the Senate bill now under study — which would grant anti-trust immunity to rights to broadcast and telecast sports games.

Chairman John C. Dierker of the Federal Communications Commission also made it clear he considers that provision inimical to the public interest. The Federal Trade Commission took no direct stand on the bill but a spokesman said it always has "tended to oppose any exemption to the anti-trust laws."

FRICK SAID orderly expansion of the major leagues would be "impossible" if anti-trust suits could be filed against the territorial rights of baseball clubs. He described the territorial rights imposed on baseball clubs and the reserve clause binding players to the clubs as "the keystone of organized baseball."

McCormick Well Worth Bonus Paid By San Francisco

SAN FRANCISCO (AP)—Mike McCormick cost the Giants a \$35,000 bonus two years ago when he terminated and opponents agreed he was worth every penny of it.

The swift-pitching 19-year-old lefty is the National League's leading percentage pitcher with a .71 record. He got his seventh Tuesday night, a 1-0 masterpiece over the Philadelphia Phillies and Robin Roberts.

"He had good stuff, that's all," said Roberts, 10-year-old league leader who had a two-hitter going into the fifth inning. McCormick allowed nine blows.

"The kid learned so fast," commented Frank Schellenberg, head of the Giants' minor league pitching personnel. "He's 100 per cent improved over his spring training performance."

The Giants got their run, enough to keep them in second place half a game behind Milwaukee, on two walks, a double and a costly error by third baseman Willie Jones in the seventh.

## Lary Captures Fifth Win Over Yankees

ASSOCIATED PRESS

Frank Lary, the pinball addict who makes lights flash and buzzers hum when he throws his knuckleball against New York, is practically a cinch to become the first pitcher in 14 years to beat the Yankees six times in one season.

The 27-year-old Detroit right-hander had no real trouble beating the Yankees 12-5 Tuesday. That was his fifth over the American League leaders this season.

NO ONE has beaten the Yankees six times in one year since 1944, when a pair of Tiger aces, oddity enough, did it. Dizzy Trout was 6-0 and Hal Newhouser 6-2 against New York that year.

While third-place Detroit took a 3-4 edge over the Yankees for the year and cut their lead to 12 games, Boston retained second place by beating Kansas City 5-2 in Jackie Jensen's 27th home run. Baltimore tied the A's for fourth by defeating the White Sox in 12 innings, Washington beat Cleveland 5-4.

Lary had a string of 27 shutouts over the Yankees until a two-run seventh, and finally gave Mickey Mantle his 24th home run. Lary now is 5-8 for the season.

JENSEN, the major league home run leader, hit his one-season high with a three-run shot in the first inning off loser Ray Herbert (3-5). Frank Sullivan won his eighth, but needed relief.

Guys Triandos hit a solo 17th home run and counted the clincher with a bases-loaded, two-out single in the 12th for the Orioles against reliever Turk Lown (6-2). Arnie Portocarrero (8-5) went all the way, giving up seven-innings and allowing the Sox on one hit for nine innings after a two-run first.

Roy Sievers' 21st home run broke up a tie for the Senators in the seventh off Gary Bell (3-3). Herb Score made his first start since 1959, was appointed reliever Tuesday for the Indians, and trailed 4-0 when he left in the second. Tex Clevenger (5-3) won it, blanking the Tribe on one hit in 14 1/3 innings of relief, retiring the last 14 in order.

Younger To Play For Pittsburgh

LOS ANGELES (AP)—Tank Younger will play for the Pittsburgh Steelers next fall.

The Los Angeles Rams' veteran fullback was traded to the Steelers Tuesday for a high draft choice. Younger, 30, came to the Rams nine years ago from Grambling College in Louisiana.

Joe Marconi will be the Rams' No. 1 fullback.

Durrelle's Crown On Line Tonight

MONTREAL (UPI)—Everything points to a slam-bang affair when Canada's Yves Durrelle puts his British Empire lightweight-crown on the line tonight against challenger Mike Holt of South Africa in a 12-round internationally televised match at the Forum.

Durrelle, 25, was established a 5-1 favorite locally on the eve of the first Commonwealth title bout ever held in Canada, but out of town the price was closer to 8-5. Holt, an unheralded boxer-allegor, will be making his first appearance in a North American ring. He is ranked seventh in the division. Durrelle is ranked 10th.

The International Boxing Club co-promoting the fight with Montreal's Eddie Quinn, announced it hoped to match the winner with world champion Archie Moore.

## Roberts Tough Luck Guy In Close Tilts

ASSOCIATED PRESS

With 199 victories, Robin Roberts is the winningest pitcher the Philadelphia Phillies ever have had. But he's the toughest luck guy among active major leaguers when it comes to 14 defeats.

He had no luck at all Tuesday night, giving up just two hits in his seven innings, but losing 1-0 at San Francisco. It was his second 1-0 defeat of the season and seventh of his career, more than any other pitcher now working in the majors has had to put up with.

Roberts, who has won five 1-0 games, has been a shutout victim enough times this season to go on strike. The Phils have been blanked eight times, more than any other National League team, and Robin has been the loser in half them.

YOUNG MIKE McCormick colored the Phils in this one, struggling through with a nine-inning shutout and a 7-1 record. He beat Los Angeles 6-2 in the only other game scheduled.

Aaron and Covington split the four, his Sal Maglie allowed the Braves in four innings — but Aaron's two were the 16th and 17th home runs, while Covington singled and hit his 14th homer for a 3-0 lead that handed Maglie his third consecutive defeat and a 2-3 record. Aaron's fly ball brought in the other run after the Cards had scored in the fourth on a walk and singles by Stan Musial and Curt Flood.

Duke Snider's two-run seventh homer — a 400-foot shot, longest yet in the Coliseum — gave the Dodgers a tie in the sixth, but the Bucs bagged it with four in the eighth off Don Drysdale, who lost his 10th. Dick Stuart scored the clincher on Bob Skinner's single, after driving in the first two Phils runs with a single and his third home run. Ronnie Kline (9-3) won it.

## Cubs Face Big Test In Next 12 Days

CHICAGO (AP)—The rolling Chicago Cubs, well-rested after a day off, open a three-game series with the Cincinnati Redlegs today with a doubleheader.

In third place and only 3 games off the pace, the Cubs will send ace Drabowski (9-8) and Taylor Phillips (6-2) against Harvey Haddix (5-5) and Brooks Lawrence (6-5).

DRABOWSKI has been bothered by a sore elbow and if he is unable to pitch, Manager Bob Scheffing has indicated he will go with Marcelino Solis. Solis is a 28-year-old rookie called up from Fort Worth several days ago. He led the Texas League with a 15-2 record.

Cub hopefuls are freely tossing around the word "it." And if the Cubs can manage to stay hot for the next 12 days, they could be some serious contenders. The Cubs play seven games with Cincinnati and six with Milwaukee in that stretch.

THE CHICAGO-White Sox blow another game Tuesday night when they head back to Baltimore, 4-3, in the Coliseum — gave the Dodgers a tie in the sixth, but the Bucs bagged it with four in the eighth off Don Drysdale, who lost his 10th. Dick Stuart scored the clincher on Bob Skinner's single, after driving in the first two Phils runs with a single and his third home run. Ronnie Kline (9-3) won it.

## KV Boat Club Enjoys Cruise Down Illinois

The Kankakee Valley Boat Club took their first summer cruise Saturday and Sunday, traveling from Henry to Havana.

Leaving Kankakee early Saturday morning, the group had their boats in the Illinois River by 9 a.m. With Fleet Captain Tom McDonald in charge, the cruise got underway at 9:10 a.m., heading downstream for an 80 mile trip to Havana.

The first stop was on the smooth Peoria Lake where a few craft pulled in at 10:15 a.m. Sunday at 10:20 a.m. for gas. After leaving the Peoria club, the group's next milestone was the locks below Peoria at White Horse crossing. The boaters did not have to use the locks as the river was 14 feet over the dam and all boats crossed over the structure at 11:30 a.m.

By noon, the boats were scattered but some of the units tied together, holding a picnic dinner while waiting down the river.

The faster boats reached the Havana Boat Club at Lake Chautauque at 3 p.m. and the last part of the fleet came in around 4 p.m. The group checked in with Fleet Captain McDonald who had made reservations at the different motels and hotels in the century old town of Havana.

A family style picnic dinner furnished the evening's entertainment for the travelers. The return trip was scheduled for Sunday at 10:20 a.m. for gas. ## Farlander Paces Area Golfers At Junior Open

Four Kankakee area golfers will be battling today to survive the first cut in the 23rd annual Junior Open Championship of the Chicago District Golf Association at the Glen Flora Country Club, Waukegan.

Jim Farlander of Kankakee paced the area entry with a first round score of 75 and is tied for seventh place. Ricky Haegele of Dwight finished an 80 in his first round while Mike Johnson of Bradley carried an 81. James Crimmins of Dwight had an 88.

TODAY'S FIELD will be trimmed to the 60 low scorers—plus ties—and then the field will drop to 30 after Thursday's third round. The final round is scheduled Saturday.

Mike Spinnello Jr., Mount Prospect, advanced into second round competition with a three-stroke lead.

Spinnello, a junior at Northern Illinois University, shot a 69 Tuesday for the only under-par round. He holds the winner's medal for the 1957 Cook County amateur tournament and was runner-up in the 1957 Midwest amateur.

Behind him were Tom Taylor, Chicago, and Joe Burke of Waukegan, each with 72. Clustered behind them with 74 were Phil Schuster, Western Springs, Ed Menke, Pleasanton, and Dick Youngberg, Northbrook.

Heavy winds and rainstorms moving over the soggy course failed to fade more than 10 youngsters who teed off in the tourney.

TIED WITH 75 at the end of the first round were Tom Sisolak and Dave Hiner, both of Waukegan, Farlander and Frank James of Grinnell, Iowa.

Ten of the young men shot 76s. They included Roy Alm, McHenry; Pres Seckel and Mike Klein, both of Peoria; Joe Kark, Pleasanton; Mike Garrity, Shawano, Wis.; Ty Porter, Grinnell; George Mackel, Glenside; Frank Siepher, Quincy; Laureston Lundstrom, Crystal Lake, and George Thatcher, Lake Geneva, Wis.

Probably the most amazing athletes of the games entered swimming — Australia's "Konrad Kids", Jon, 16, and Ilsa, 14, who hold 14 world records between them. After a bout with flu, both have resumed practice — Jon spending up to eight hours in the water and doing 100 press-ups a day.

## Duke First To Hit Ball Out Of Park At 440-Foot Mark

LOS ANGELES (AP)—Many tried but he was the first to send the Mighty Duke over the top of the Dodger Stadium fence, the Chicago Cardinals' rookie slugger Red Killebrew Tuesday for rookie pitcher Bob Feller and choice draft pick next year.

There have been homers punched over the right field fence near the foul line, puny blows of 200 or 250 feet. But Killebrew, the Cardinals' rookie slugger, was the first to clear the low fence in right center. It was only his second home run in the Coliseum this season, the other going over the left field screen. He's hit a dozen drives about 400 feet out, but all were caught.

WASHINGTON (AP)—The Senate Labor Committee today approved a bill permitting federal inspectors to close down small mines with fewer than 14 employees if a condition of imminent danger is found.

At present, inspectors have no authority to shut down such mines. The measure would also provide that the Bureau of Mines would make a full study of mine safety and report to Congress early next year.

The measure now goes to the Senate floor.
