American Catholics Step Up Missionary Campaign

United Press International
American Catholics are sending more missionaries abroad than ever before. But they still are doing as much as they should for "the spiritually underprivileged of the world."
That's the verdict of Fulton J. Sheen, who gave up his popular television program last year to devote full time to the task of stimulating a larger U.S. contribution to the global missionary efforts of the Catholic church.

Grandmother Keeps Cheryl Temporarily

SANTA MONICA, Calif. (UPI)—Cheryl Crane, 14-year-old daughter of actress Lana Turner, has been left in the temporary custody of her maternal grandmother, Mrs. Mildred Turner, until a court decision is reached Thursday to take further action on an earlier decision making the girl, good-looking teenager, a ward of the court. He continued the case indefinitely.

War Peril Less In Europe: Norstad

NEW YORK (AP)—Gen. Lauris Norstad, commander of NATO forces, says the danger of war in Europe has lessened.
But he warns that the threat of a Communist invasion "is only in abeyance" because of the strength of the North Atlantic Treaty Organization.

NATO Withdrawal Denied In Greece

ATHENS, Greece (AP)—The influential Athens newspaper Kathimerini, which usually voices government views, said today Greece has no interest in pulling out of NATO in protest against the Cyprus partnership plan that Britain plans to apply on Oct. 1.

Former Prisoner As Slave Laborers

LOS ANGELES (AP)—Imprisoned American GIs are working as slave laborers in Russian coal mines, says a former prisoner, John H. Noble of Bloomington, Ill., said some have been held as long as 14 years. They were former German prisoners taken by the Russians in the closing days of World War II, he told the National Exchange Club Convention.

Hospital Boiler Blast Injures 5

DECATUR (UPI)—Damage was estimated at \$50,000 today in a boiler explosion on a hospital at Macon County Hospital grounds that injured five men.
The boiler was being installed in a building adjacent to the main hospital building when it exploded Thursday, spewing hot water and steam on the five men.

Morocco Square Dancers Meet

MOROCCO, ALG. (JNS)—Twenty couples of the Circle N Square Dance Club went on a hayride Saturday night at the Lazy L Dude Ranch.
That was followed by a square dance. Members of the square dance group are from Morocco, Enos and Bessie, Ind.

Soviet Trip Ends

MOSCOW (UPI)—Mrs. Eleanor Roosevelt wound up a three-week tour of the Soviet Union today.
She was accompanied by her daughter, Anna Roosevelt.

Admits Race Issue Behind Florida Ban

MIAMI, Fla. (AP)—Dade County School Supt. Joe Hall has said that race was involved in the barring of four Negro children from a white school.
The public hearing Thursday was held under provisions of the Pupil Placement Act, a law designed to help school boards preserve segregation by permitting them to ban Negroes from white schools on grounds other than race.

Doubts Fall Out Has Caused New Leukemia Cases

CHICAGO (AP)—An atomic scientist said today it is most probable that fallout from nuclear weapons tests has caused new cases of leukemia.
Dr. Austin M. Bruce, director of the biological and medical research division of Argonne National Laboratory, said evidence collected so far fails to indicate that low doses of radiation will cause leukemia, a cancer-like condition of the blood.

WON'T KNOW WHAT TIME IT IS IN INDIANA

INDIANAPOLIS (UPI)—The time that will be 15 minutes fast and slow time zones was today and waving today as city officials and civic leaders tried to decide which was better in each community.
State law requires a return to Central Standard Time Sunday after five months of Central Daylight Time, but the only certainty in some areas of central and eastern Indiana is that official clocks will be set back to conform.

Hurricane Veers Seaward After Battering Carolina Coast

WILMINGTON, N.C. (UPI)—Hurricane Helene pounded this port city with a record 126-mile-an-hour gust Saturday and spread destruction along nearby beaches.
The storm, which was named Helene, was the first of the season to strike the Atlantic coast. It was the only one to hit the Carolinas.
The storm was the only one to hit the Carolinas. It was the only one to hit the Carolinas.

HURRICANE WARNINGS were under way from Wilmington to Manteo, 130 miles to the northeast on the Cape Fear River, and a hurricane watch was under the Virginia Capes. All warnings were down south of Wilmington.
Richard Watts, 46, of Pleasant Plains, N.C., was killed when his car skidded and turned over on a rain-drenched road during Helene's passage.
The low casualty figure was attributed to advance preparations and speedy evacuation operations which kept Helene down to a minimum.

Gov. Luther H. Hodges, who drove into Wilmington even as the winds raged, left later for Moberly, Mo., to direct disaster operations. The governor called on National Guardsmen to guard against looting in the Wilmington area.
ROLLING UP OBVIOUSLY far to the southeast was another big storm, Ila, but its winds were reported a maximum 115 miles an hour at 8 p.m. compared with 140 miles an hour earlier. Ila at that hour was 100 miles northeast of San Juan, Puerto Rico, driving northward through open sea.
Wilmington Police Chief J. J. Patrick said that Helene made Hurricane Hazel, a 1955 scourge in this area, "look like a baby."

Patrick said the blasting winds shattered store windows downtown and "blow trees" were all over the streets.
"We've had to close off many streets because of floods and hot wires," he said.
Tides washed over the dunes and flooded the beach villages up to five feet deep. The municipal pier at Southport was swept away. Fourteen-foot waves broke over Carolina Beach.
The power went off at Wilmington at the height of the storm. The Weather Bureau and radio and television stations went on emergency power. Candles and light flickered in homes and restaurants.
Mayor J. L. Wheeler of Wilmington said almost all business establishments were closed. Police cars warned persons to stay off the streets.
The Red Cross headquarters moved its disaster teams from South Carolina towns to North Carolina areas.

Segregationists Win In Little Rock Voting

PERSONS NAMED As Successor To Sherman Adams
Indicate Members Of Congress Endorse President's Choice
WASHINGTON (AP)—President Eisenhower Saturday picked Wilbur M. Parsons as his successor to Sherman Adams as chief of the White House staff.

Parsons, 57, a former assistant to the president, was chosen after Adams had announced his resignation in a nationwide telecast.
Parsons, who has been in the White House since 1955, was chosen after Adams had announced his resignation in a nationwide telecast.

MR. AND MRS. LLOYD L. VELEKER, 1100 S. Seventh Ave., were killed instantly about 1:25 a.m. Saturday when their car, shown above, smashed into a freight train at the Otto branch of the Illinois Central tracks, seven miles south of West of Kansas City. The Otto branch leads to the Lehigh Stone Co. (Journal photo)

Faubus Plan For Schools Moves Ahead
Program Calls For State Payment Of Pupils' Tuition
LITTLE ROCK, Ark. (UPI)—Segregationists won a special election Saturday that was the next to last step in putting Gov. Orval Faubus' private school plan into effect.

Artillery Barrage Fails To Stop Convoy To Quemoy
TAIPEI, Formosa (UPI)—Nationalist China rammed two big convoys of supplies through Communist artillery shells to Quemoy Saturday in one of its most successful operations since the siege of the offshore islands began five weeks ago.
The Communists, frustrated in their attempts to stop the supply landings on Big Quemoy with more than 6,000 rounds of shells, turned their muzzles on Little Quemoy and the twin Erhshan and Taitan islands Saturday afternoon and poured in another 3,000 rounds.

Nasser Orders Emergency Status In UAR
CAIRO (UPI)—President Gamal Abdel Nasser Saturday night proclaimed a state of emergency in the United Arab Republic.
He made the announcement for the first time since the 1956 Suez Canal crisis. It was announced by the semi-official Middle East News Agency and later confirmed by the government information department.

Couple Killed As Auto Hits IC Freight Train
Lloyd L. Veleker, 35, and his wife, Dorothy, 34, of 1100 S. Seventh Ave., parents of two children, 10 and 14 years old, were killed instantly at 1:25 a.m. Saturday when their car, shown above, smashed into a freight train at the Otto branch of the Illinois Central tracks, seven miles south of West of Kansas City. The Otto branch leads to the Lehigh Stone Co. (Journal photo)

Death Toll Mounts As Typhoon Hits Japan
TOKYO (UPI)—The death toll from Typhoon Ida mounted as disaster reports trickled in from vast flooded areas of central Japan. Police listed 277 fatalities and 1,300 persons missing.
Casualty figures undoubtedly will be higher, police said, when communications are restored with Ito Peninsula, 70 miles below Tokyo. There the roaring Kurofune, swollen by 23 inches of rain, slashed at a dozen villages and washed two out to sea.

Ike Seeking Support For Formosa Policy

WASHINGTON (AP)—All the signs indicate President Eisenhower is losing his battle for greater support of his Formosa policy at home and abroad.
He handed Secretary of State Dulles the main responsibility for arousing what the administration "is more understanding" of this policy.

French Vote On Constitutional Change Amid Sabotage, Violence

PARIS (UPI)—A bombings and sabotage in France, a bloody ambush in Algeria and a near-collapse in the Algerian nationalist rebels in tropical Africa Saturday bedeviled the De Gaulle government on the eve of the constitutional referendum to pave the way for a new Fifth Republic of France.
Despite the violent efforts of the nationalist Algerian opponents, the opposition of the Communists and the sudden onset of the African rainy season, it was expected that as many as 70 per cent of the eligible 44 million voters will accept Premier Charles de Gaulle's proposed changes.

Approve Troop Withdrawal Plan

BEIRUT, Lebanon (UPI)—U.S. officials reached "complete agreement" with the new government of Lebanon Saturday on general withdrawal of American troops.
Details were not disclosed but there was no indication of a change in the Oct. 11 target date. The Oct. 11 target date was cited by a usually reliable military source two days ago.

Snake Excuse

KENNETT, Mo. (AP)—Francis L. Lister said he had a good reason for waiting until a group of men helped put his overturned car trailer back on the highway before telling them of its escape.
It contained a 30-foot python on route to a circus.

Girls Win In First Try At Guard Honors

The Silhouettes, newly organized all-girl color guard of the Kankakee American Legion, took first place in the color guard contest at the annual Morris Corn Festival Saturday.

The unit, which formerly served as a color guard for the Legion's junior drum and bugle corps, had been invited to Morris to participate in a parade and decided to enter the contest at the last minute.

With only 20 minutes practice, the Silhouettes placed first in their first official contest.

Members are Patricia Ziemer, Denise Douglas, Carol Shaver, Judy Beland, Norma Azarelli, Frances Raspolish and Marilyn Kempson. Herman Ziemer, Mrs. Robert Ziemer are managers. Mrs. Charlene Ziemer is the color guard nurse.

Norman Funeral Rites Monday

CHATS WORTH (JNS)—Services for Burl Norman, 65, former Chatsworth resident, will be held at 1:30 p.m. Monday in the Hanson Funeral Home. Burial will be in Chatsworth cemetery.

Friends may call at the funeral home from 2 p.m. today until the time of the services.

NEWS BRIEFS

WILDWOOD SENIORS
The Wildwood Senior Citizens will meet at 1:30 p.m. Monday at 308 S. Greenwood Ave. Mrs. Maude Odle will tell of her recent trip through the Northeast states.

Bourbonnais To Enforce Curfew Law

Bourbonnais will begin enforcing its curfew law beginning Wednesday, Oct. 2, at 11 p.m. The village police chief, announced Saturday afternoon.

Schools said the curfew, requiring all youngsters under 16 years old to be off of the public streets and public places by 8 p.m. would be enforced. Only youngsters who have signed permit slips from their parents letting the time they should be home and their destination will be permitted on the streets.

Youngsters picked up a first time will be sent home, a second time will be booked in jail, and a third time turned over to the county juvenile probation officer, Shores said. He reported that young people in the village have in recent months been making a nuisance of themselves to property owners and damaging the increasing number of state and village highway signs. Most of this has been going on in the evening, he said. Deane has gone as high as \$500 per month in some cases, he reported.

He warned that outsiders from other communities would also be picked up if they are in the village in violation of the curfew. The village ordinance, enacted in 1964, was amended to include the curfew on March 31 and a 3 p.m. hour from April 1 to Sept. 30.

Youngsters attending school, church or youth center functions which will extend beyond the 8 p.m. hour, and are under 16, must have the slip if not accompanied by their parents, Shores said. Youngsters working who must return home after 9 p.m. should also have slips, he stated.

Driver Is Held After Auto Hits Two Cars

Three children were slightly injured when the car in which they were riding hit two other autos on Route 94 a mile north of Kankakee about 4 p.m. Saturday.

The driver of the car, Booker T. Mitchell, 43, of 854 N. Greenwood Ave., was arrested by state trooper William James for driving under the influence of liquor. Mitchell was held in the county jail for a hearing today.

The children riding with him, Fred Williams, 6, of 846 N. Greenwood Ave., and his two younger sisters, Cynthia, 3, and John, 4, were released after treatment at St. Mary's Hospital.

Trooper James said that Mitchell's southbound car went off the road and hit the rear of an auto operated by Eldon Lowell Norrick, 24, of 442 N. Chicago Ave., and crossed three lanes of traffic and hit the rear of a northbound truck driven by Clarence Alvin Moore, 40, of 112 S. Schuyler Ave.

CITY POLICE investigated three rear end collisions in a 10 minute period starting at 12:30 p.m. Saturday.

A northbound car driven by Robert Dorey, 35, of 922 N. Schuyler Ave., hit the rear of an auto driven by John Riley, 51, of 719 N. Wildwood Ave. when Riley stopped to pick up a passenger in the 300 block of N. Indiana avenue. Riley was taken to St. Mary's Hospital for examination when he complained of a neck pain.

A call to the fire department for aid at this accident scene contributed to the next crash.

A southbound car driven by Charles Smith, 75, of Decatur, stopped suddenly when the fire department siren and flasher signal went into operation at Indiana Ave. and Oak St. His car was hit in the rear by a car driven by Jackie Ewing, 32, Brown.

Smith's wife, Elva, 62, complained of a neck injury but decided not to go to a doctor until she arrived home.

The third accident involved three cars. Police said that a southbound car driven by Keith E. Rantz, 17, hit the rear of a car driven by Robert Dorey, 35, of 922 N. Schuyler Ave., which in turn hit the rear of a car driven by John Riley, 51, of 719 N. Wildwood Ave. when Riley stopped to pick up a passenger in the 300 block of N. Indiana avenue. Riley was taken to St. Mary's Hospital for examination when he complained of a neck pain.

Blame Terrorists For \$50,000 Fire In Paris Suburb

PARIS (AP)—An explosion blamed on terrorists destroyed a \$50,000 fire in the Paris suburb of Courcouronnes Saturday.

The blast occurred on the eve of the referendum on a new constitution, which Algerian nationalists oppose, and was one of a series of incidents.

A plastic bomb apparently was attached to a metal cylinder on the gas plant, firemen said. Ten other metal containers exploded before the flames were brought under control. A plant foreman was badly cut on his face by flying glass splinters. One witness told police he had seen some North Africans near the plant shortly before the explosion.

Couple—

Continued from Page 1
Mr. Vealek is survived by an uncle, Harvey Landke, Kankakee, and Mrs. Dana M. Vealek, who has been married to Lloyd Vealek in Georgia, while he was in service, May 5, 1943. Mrs. Vealek was employed as a bakery clerk at Lloyd's Market. In addition to the children, she is survived by her mother, Mrs. Griffith, 164, a sister, Mrs. Maybelle Larreau of Beaverville; brothers, Andrew Doris of Arona Park, Paul Doris of Bourbonnais, Ernest Doris of Channah and Robert Doris of Beaverville.

Lohman, Demo Candidate, Raps Wright

Joseph D. Lohman, Democratic candidate for state treasurer, was in Kankakee for a few hours Saturday afternoon and in a luncheon talk to county Democratic committeemen and wives of party committeemen rapped Wright's record.

Lohman, currently Cook County sheriff, arrived here by private plane shortly after noon Saturday and was met by a group of county Democratic candidates for a public reception at the Kankakee Hotel.

Lohman, in a prepared talk, charged Wright with failing to account to certified public accountants investigating the Hodge scandal for his name on the Hodge ledger.

Lohman said that Wright received two checks involved in the Hodge case and has made no accounting of them in requests made by accountants for this information.

Following the reception from 2 to 4 p.m., Lohman left for Bloomington where he was to talk at Illinois State Normal University.

Funeral Rites Held For Infant

Funeral services for Thomas Wayne Imhauser, infant son of Mr. and Mrs. Robert W. Imhauser, San Diego, Calif., were held at 2 p.m. Saturday in the Chapel Funeral Home. The Rev. J. M. Burns officiated. Burial was in Mt. Calvary cemetery.

The child died last Monday, one day after birth in San Diego.

Surviving besides the parents are a sister, Roberta; paternal grandparents, Mr. and Mrs. Robert W. Imhauser, San Diego, Calif.; maternal grandparents, Mr. and Mrs. J. M. Burns of St. Louis, Mo.

Chebanse Firm Burglarized

The Dri-Gas Company one mile north of Chebanse on Route 54 reported to the sheriff's office Saturday morning that someone broke into its office during the night and cracked its safe, getting \$188.80 in two money bags.

Deputy Sheriff Walter Jacobs, who investigated, said the safe cracking was done either by a professional or someone who knew the contractor next week, he said.

Entrance to the office was gained by prying open a window on the east side.

No merchandise was taken.

Raymond Hoagland is manager of the company.

Brandt Named To Replace Davys As Economic Aide

WASHINGTON (UPI)—President Eisenhower Saturday announced the resignation of Joseph S. Davys from the Council of Economic Advisors and named Karl Brandt of Stanford University to succeed him.

The White House made public an exchange of letters in which the President told Davys he was "deeply sorry" that personal reasons made it necessary for Davys to retire from the three-member council. The resignation will be effective Nov. 1.

Reds Get Visas

MOSCOW (UPI)—The U.S. Embassy said Saturday it has issued visas to 15 more Soviet tourists who wish to visit the United States. An earlier group of Russian visitors to America was reported to have brought back favorable impressions.

Detroit Toll 469
DETROIT (AP)—Seven new cases of polio were reported in Detroit Friday bringing the Motor City's epidemic case load thus far this year to 469. There have been 15 deaths.

OBITUARIES
Reporting in the Journal may be seen by calling 379-2222. PLASTICS, Mokena, Ill. 82-2776.

Hold Rites For Gunt Infant

Funeral services for June Ann Gunt, infant daughter of Mr. and Mrs. Paul Gunt of Limestone Township, who died at birth Friday, were held Saturday afternoon at the Sacred Funeral Home.

Burial was in Mt. Calvary cemetery.

Surviving in addition to the parents are brothers, Gerald and David; a sister, Jeanne; her paternal grandparents, Mr. and Mrs. V. C. Gunt of Kankakee, and the maternal grandparents, Mr. and Mrs. Harvey Boudreau of Bradley.

Mrs. Lena Graham, Beecher, Dies; Services Monday

BECHER (JNS)—Mrs. Lena May Graham, 71, a Beecher resident for 28 years, died in Hazlet Hospital Saturday morning after a two-day illness. She was born in Milltown, Ky., Nov. 6, 1896.

Mrs. Graham was a member of the Women's Guild of St. Luke's United Church of Christ.

Surviving are her husband, Harry, daughter, Mrs. Henry Dieking of Muskegon, Mich., and Mrs. Allen Klemme of Beecher; six grandchildren; and a sister, Mrs. Lester Falconer of Decatur.

She was preceded in death by her first husband, Sam Taylor, four sisters and a brother.

Funeral services will be held in the Hack Chapel here at 1:30 p.m. Monday followed by services in St. Luke's United Church of Christ. The Rev. John McRobert will officiate. Friends may call at the funeral home after noon today.

Wilmington PTA Group To Plan For Open House

WILMINGTON (JNS)—The Parent Teacher Association Coordinating Committee will meet in Central School on Thursday at 3:45 p.m. to make plans for an open house, which will be observed at all the schools in the Wilmington-Lorenzo district on Nov. 10.

Members of the committee are: Central School—Mrs. Emory Bennett, Mrs. Fred Martin, Mrs. Virginia Weaver and Mrs. Ann Summers.

Brookside School—Mrs. William Calhoun and Mrs. Blanche Keesley.

Northwest School—Mrs. Mabel Kahler and Mrs. Margaret Dailey.

Lorenzo School—Mrs. Anna Mae Sims and Mrs. LeRoy Grell.

Smyth School—Mrs. Steve Long.

South School—Mrs. Mary Weis and Mrs. James Scott.

Air Force Chief Hints Use Of Atomic Weapons

DALLAS, Tex. (AP)—Air Force Secretary James H. Douglas said Saturday atomic weapons may be used against attacking Chinese Communists if necessary.

Adding punch to the initial version of a talk prepared for delivery to the Air Force Association in which he said merely that modern U. S. fighters were ready to meet the threat if the Reds persist in use of force against Nationalist China, Douglas declared: "And make no mistake, our fighter bombers and light bombers are as capable of using high explosive bombs or more powerful weapons, if necessary."

He changed in the speech to make it stronger reportedly had State Department approval. Although Douglas did not specify atomic bombs, his use of the phrase "more powerful weapons" was clear reference to nuclear weapons.

In perhaps the frankest acknowledgment of Soviet air strength yet to be made officially, Douglas said he believed the Communists were "somewhat ahead" of the United States in development of ballistic missiles and long-range manned bombers "and we can stay ahead."

AND THE RAINS CAME

For the second time, the entire farm of a young Hindu father was washed away. This time he lost his wife. How could he care for a sick infant daughter? Perhaps if he laid her by the roadside someone better able to care for her would find her. And someone did... a nurse from a relief organization created by one of America's religious faiths. Slowly the little body became strong. Giving then a will to live. Please support your faith's local campaign or give at your house of worship.

Now! For Residents of Illinois—Indiana—Wisconsin Only

Revolutionary 6-Plus Plan! Helps Pay Hospital Bills for Anyone 65 or Over!

Exclusively for those 65 or over! No medical exams!
No health questions! Money-back guarantee!

BUT...you must join before October 25!

Now—the most needed of all insurance—a hospital-surgical plan especially and exclusively for people 65 and over! At last you can ease the worries and fears of sudden, unexpected expenses. And never before has there been a hospital-surgical plan like this. This great new idea has been pioneered and proved by Continental Casualty Company, "America's No. 1 Accident and Sickness Insurance Company," famous for introducing nation-wide police insurance.

For Illinois-Indiana-Wisconsin Residents Only

The 65-Plus plan is being offered at this time only in the states of Illinois, Indiana and Wisconsin. If you do not live in one of these three states, we are sorry but we will be unable to include you under 65-Plus at this time. Originally the plan was introduced one year ago, for the first time, in the state of Iowa. Now thousands of Iowans are enrolled in 65-Plus. Already hundreds of thousands of dollars in claims have been paid to Iowa's 65-Plus members.

Who Can Have 65-Plus Protection?

The answer is—anyone who is age 65 or over, regardless of physical condition. If you will be 65 by October 25, 1966, you are eligible. You can be any age over 65—even 100 or more. Yes, this is the first time there ever was such a plan developed solely for people over 65—for those who need this protection and peace of mind most. We know this sounds unbelievable—but it is TRUE. No matter what your medical history has been—no matter what your present state of health—if you are 65 or over, YOU CAN HAVE this protection.

No Medical Exams—No Health Questions Whatsoever

No... you do not have to answer any health questions. No medical examination is re-

quired. Your name, address and birth date are all we need to know. Your protection starts October 25. You are covered from that date on—and for the rest of your life—as long as you continue your policy.

We Guarantee Not to Cancel or Modify Any Individual's Policy Unless All 65-Plus Policies in Your State Are Cancelled or Modified

This insurance is based on the principle of group protection. Like group insurance, the Company cannot cancel or modify your policy, raise premium rates, or take any other action, unless it does so on ALL the 65-Plus policies issued in your state (Form No. 0A12 for Illinois; No. 0A13 for Indiana; No. 0A48 for Wisconsin). Of course, you reserve the right to terminate whenever you wish.

Offered Limited Time Only

The only way it is possible to offer the 65-Plus plan is on the following basis: Everyone in your state who wants this protection must sign up at the same time—that is, between now and October 25. All of these people will enjoy all the benefits and low cost formerly made possible only by group insurance.

But, most important of all, behind this plan stands all the strength and resources of Continental Casualty Company. Continental is the nation's leader in accident-sickness insurance. Continental covers more people with

more kinds of accident and sickness insurance than any other company. Only from Continental Casualty Company would you expect a plan with such broad benefits for so many people.

Look At These Benefits

- As much as \$10.00 a day room and board for as long as 31 days for each hospital confinement, regardless of cause, anywhere in the world.
- No restriction as to the number of times you are in the hospital for different causes, even if they are separated by only a few days. Confinements for the same or related causes need only be separated by six months.
- \$100 blanket allowance each time you are in the hospital for X-ray, lab tests, operating room, anesthesia, dressings, drugs, medicines, ambulance, prosthetic devices.
- Surgical schedule covers every type of operation in or out of the hospital, from \$5.00 to \$200.00. (Example: \$5 for removal of a toenail, \$100 for appendectomy, \$200 for removal of lung.)
- These benefits are payable in addition to any other insurance you may have.
- Coverage against all kinds of injuries or illnesses except those caused by war or covered by any Workmen's Compensation or Occupational Disease Law. (Confinement in federal hospitals and those operated primarily for mental illness and tuberculosis is not covered.)
- Immediate protection against any illness or condition for which the policyholder has not been medically treated or advised; and

8. Treatment even for these existing conditions will be paid for when this treatment begins after the policy has been in effect six months.

NOTE: 65-Plus Pays IN ADDITION TO Other Insurance

If you now have insurance covering hospital and surgical costs, BY ALL MEANS, continue it. Such protection is valuable. But, you are also eligible for 65-Plus, in addition to any other insurance you may have, no matter what. In these days of rising hospital and surgical costs, you should be sure you have enough protection.

Ease Your Worry Over Hospital Bills for \$6.50 a Month

How much is peace of mind worth? How much does it mean not to fear the burdening expense of sickness or a sudden accident? What does it mean not to have to turn to loved ones for help? Peace of mind... freedom from worry... independence! They're worth a lot! That's what this hospitalization plan helps you achieve. You know how much better it is to plan, to budget, to be prepared. And 65-Plus costs only \$6.50 per month! Now, at last, people 65 or any age over 65, regardless of their present health, can enjoy real hospital protection for only \$6.50 a month!

October 25 is Mailing Deadline!

Act now! All these special 65-Plus Hospitalization Policies must take effect October 25. That means you must mail your application now. We are sorry, but we cannot hold the plan open. All applications must be postmarked no later than midnight October 25. So act now and you will have the only policy of its kind... the first and only hospitalization plan—and the finest ever developed—solely for anyone over 65!

Under 65? Tear Out This Page for a Relative or Friend

Please help us spread the news. We believe this is one of the finest benefits ever developed to help our population in the higher age brackets. You will do a friend a favor by giving him or her this ad. Or perhaps you have aged parents or relatives who should have this important protection. Tear out this ad now. Act now to protect a loved one!

Choose if you wish to pay now or have us bill you later. Then follow the simple directions to enroll.

- Print your name, address and date of birth on one of the coupons below (or just on any sheet of paper), and sign.
 - Check the proper box to show whether you wish to pay now or have us bill you later.
 - Mail your application to:
65-PLUS
Box 1520, Chicago, Illinois
 - Continental Casualty will send you your policy and 65-Plus Kit.
- That is all there is to it! Be sure to make a separate application for each person. (And, sorry, policies must be limited to one to each person.) For your convenience, there are two coupons below for you and your husband or wife—or anyone else in your household or neighborhood. But, you do not have to have a coupon to apply. Just name, address, date of birth and signature on a piece of paper will do. Applications also will be accepted from any insurance broker or any Continental Casualty Co. agent.

ISNU PRESIDENT Robert G. Bone discussed future plans for the University with Dr. Charles H. Kunkel, president of the Board of Trustees. A 1966 graduate of Kansas High School, who is a daughter of Mr. and Mrs. Thomas Chandler.

ISNU Must Expand, Says President

NORMAL—Statistics show that Illinois State Normal University, which has 2 per cent of the students attending all Illinois colleges and universities, supplies each year about 13 per cent of the beginning teachers for the state's institutions of higher education. This is the return to the state for a cost of operation of ISNU which amounts to 33 cents per person living in Illinois.

These statistics were reported today through the October "Blind Blueprint" called "Teachers—the Top Priority," released by ISNU President Robert G. Bone. The annual report shows further that most ISNU graduates teach with 98 per cent remaining in education the year after graduation.

President Bone announced that ISNU enrollment showed 3,772 for 1966 and 3,828 for 1967. Kansas County had 55 students in 1966 and 70 in 1967. Froquois had 65 in '66 and 70 in '67. In 1967, Will County totals were 90-65, Ford County 46-35 and Grundy County 23-24.

In 1967, Kansas County ranked 1103 among the counties in the state in number of students at ISNU and Froquois was 17th.

The president explained that land and student housing are the greatest needs at ISNU. Plans based on enrolling 6,000 students by 1968, slightly less than double those of campus today—call first for adding farm land to the present campus can be expanded, he said that among buildings listed for construction in order to care for expanded enrollments are physical education (men), practical arts, agriculture, general classroom and a new University High School.

President Bone announced that ISNU enrollment showed 3,772 for 1966 and 3,828 for 1967. Kansas County had 55 students in 1966 and 70 in 1967. Froquois had 65 in '66 and 70 in '67. In 1967, Will County totals were 90-65, Ford County 46-35 and Grundy County 23-24.

1200 W. Walnut St. The two are discussing "A Blind Blueprint" released by Dr. Bone, which is a study of ISNU today and the needs for the future.

To Be Good Neighbor, Just Grin, Bear It

By VIVIAN BROWN
AP News Service Writer

Do you know how to get along with your neighbors? It's easy. Just live with them, and you'll find out what they don't like about you. Ladders to heaven, it'll be like this:

1. If you borrow tools put them back in their home workshop by 5 o'clock. (But don't be gauche, and ask your neighbor to return your borrowed shovel until he's through with it.)

2. Sweep your leaves up the moment they drop from the trees. (Be prepared to sweep him, too, when he sweeps your leaves.)

3. If he doesn't have a dog, put a muzzle around yours to keep him from yapping. (But he'll see you if your neighbor has a kennel of howling canines.)

4. Keep your place blooming in every season to complement the neighborhood. (But overlook your neighbor's straggly weeds for which he'll have a good excuse.)

5. Be sure to keep your garbage can out of sight. (But don't let your neighbor's straggly weeds for which he'll have a good excuse.)

6. Close your garage door every time you put your car to bed. (If you don't it'll run down the hill, even though everyone else leaves his garage door open.)

7. Go into a tool room with enthusiasm. Buy one-fifth of a power saw or a ladder. (But don't be surprised if all share holders blow up when you buy out.)

8. Be sure to keep enough seed in your bird feeder, so you won't be criticized. (But overlook your neighbor's penchant for feeding squirrels who rob the birds' nests.)

9. Be considerate of your neighbor's color scheme, the environment and location when you paint your house. (But he'll be angry if you don't paint his house.)

10. The Communists said the church will be used for "social purposes."

10. Be sure you turn leaves and other rubbish on the days the town elects for outdoor fire. (But don't let your neighbor start a brush fire, give him a hand beating it out, at the risk of your life.)

11. Be sure you turn leaves and other rubbish on the days the town elects for outdoor fire. (But don't let your neighbor start a brush fire, give him a hand beating it out, at the risk of your life.)

12. Be sure you turn leaves and other rubbish on the days the town elects for outdoor fire. (But don't let your neighbor start a brush fire, give him a hand beating it out, at the risk of your life.)

13. Be sure you turn leaves and other rubbish on the days the town elects for outdoor fire. (But don't let your neighbor start a brush fire, give him a hand beating it out, at the risk of your life.)

German Reds Grab Catholic Church, Children's Home

BERLIN (UPI)—The East German Communists have confiscated a Catholic church and closed a children's home, the church reported Saturday.

The Red regime was said to have closed the St. Joseph's Children's Home in Stralsund, a town of 10,000 people, after it was reported that the home was a "nest of reactionaries."

The newspaper also reported that the Communists had seized the church of St. Mary's in the town of Greifswald, near the Baltic Sea.

The Communists said the church will be used for "social purposes."

The group approved a motion to observe the wedding anniversaries of members every four months.

The executive board of the American Legion Auxiliary will meet at 7 p.m. Wednesday in the legion hall. Officers and chairman of all standing committees will attend.

Dr. Carl Webster, president, conducted the business meeting. Twenty-three members were present.

Home Of The Week

A home that was completely destroyed by fire of unknown origin and rebuilt on courage and faith is the ranch-style residence of Mr. and Mrs. Leo Nugent of RR 1, Manteno.

On Dec. 19, 1956 the Nugents and their seven children were awakened by an explosion from a fire alarm which the Nugents had purchased for a Christmas gift for Nugent's father.

Flames and smoke were evident and six out of nine members had to leap from the second story of the farm home where they had resided for 17 years. All lives were saved and the only possession salvaged from their former home was an iron skillet which now hangs from a wall in the recreation area of their present home.

During the following winter months the Nugents lived temporarily in a two-story home in Wilton Center where no one would sleep upstairs. Furniture and clothing were donated to them by friends and the Nugents spent the winter mapping out blue prints for their present home.

They submitted their plans to the owner of the 32 acre farm, Miss Elvira Klingler of Joliet, who insisted on having each room enlarged for the family's own convenience. Of course, the new Nugent home had to be a one-level home due to the fears the family had in sleeping in a second-story room.

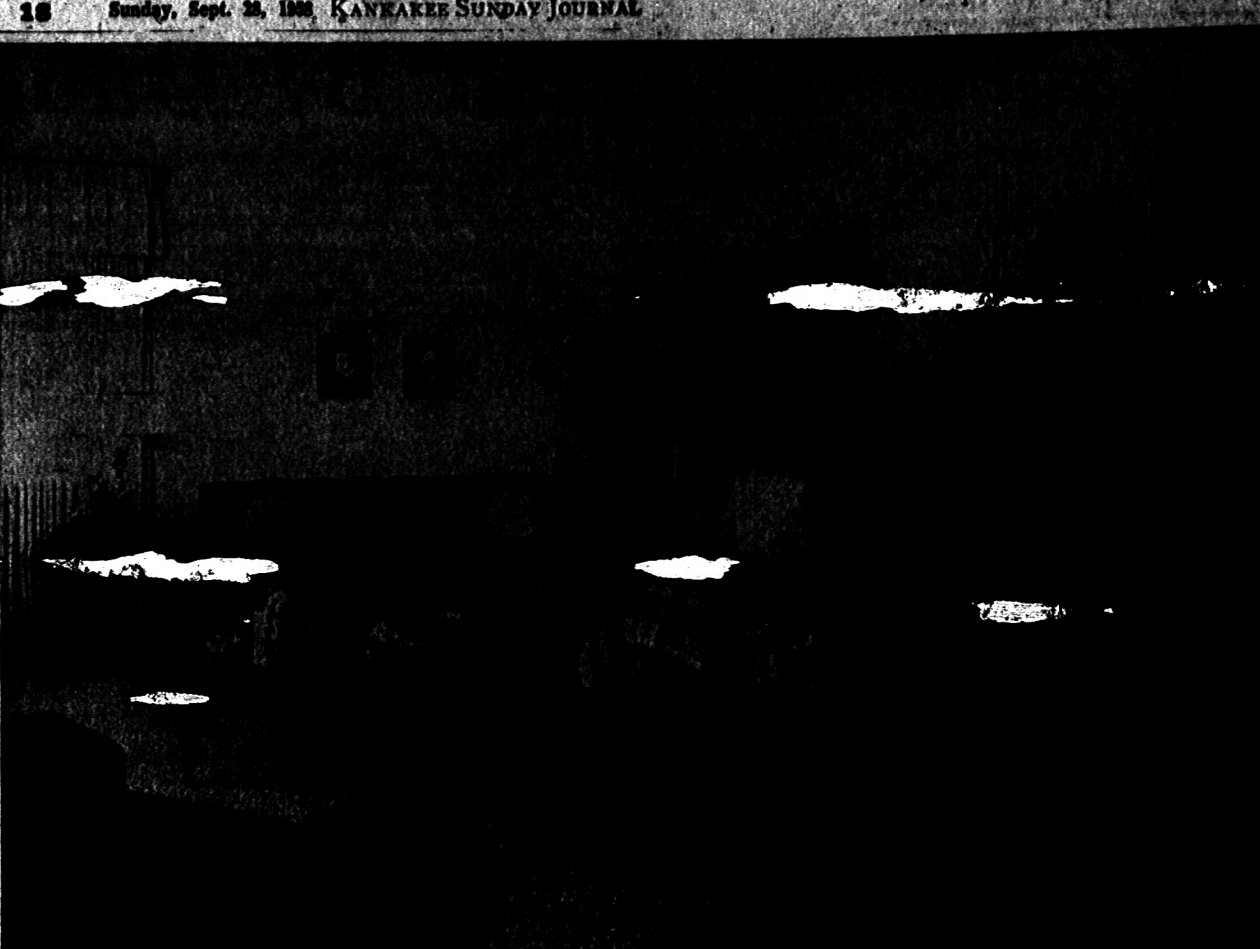

The floor plan includes four bedrooms—one a dormitory for four of their five sons—a kitchen, living room, bath and a half and a recreation area the length and width of the house which measures 62 feet long and 34 feet at the widest point.

Each of the four bedrooms has a double closet with sliding doors and the boys' dormitory features an extra closet.

The circular coffee table which centers the living room combines Mrs. Nugent's color scheme used in that room. The table has a black and white pattern with accents in pink, blue and brass. The two pictures which hang above the davenport also carry out the complete color scheme.

The recreation area features a complete set of cabinets, double sink, stove and refrigerator, the television set, freezer, washer and drier.

The exterior is brick and baseboard heating is used. The Nugent's seven children are Lavern, 21; Madonna, 19; Danny, 15; Tony, 12; Kevin and Karen, twins, 10, and Timmy, 6.

Mrs. Nugent and daughter, Madonna, are shown in the living room of their home which has a color scheme of black and white with accents in turquoise, pink and brass. Upholstered pieces are in black and turquoise. Fireplace is of Bedford stone with brass accessories. Mantelpiece and nearby shelves are of Philippine mahogany. The draperies and leather chair at left (out of sight) feature white and tan and shades are white with brass trim. Walls are flesh colored and wall-to-wall carpeting is a black and white tweed. A picture window is at left and dining area is to left foreground.

Federal Education Law—How It Operates

By G. K. HODENFIELD
AP Educational Writer

It's easy to say, and a lot of people have said it, "There's nothing wrong with education in this country that a little more money won't cure."

Now the government has stepped in with a \$60-million-dollar program to finance four years of federal aid to education. It features loans to college students, cash grants for graduate study, and pump-priming to strengthen the teaching of science, mathematics and modern foreign languages.

The program is designed to help all the ill that have beset education. However, it's still too early to know.

One thing seems certain: the program should increase the supply of teachers (present shortage about 135,000). But will the program enable more students to go to college? Will it increase the number of Americans proficient in foreign languages? Will it furnish more scientists and engineers?

Maybe. Let's look at the student loan program. This provides 10-year, 3 per cent loans for college students, up to \$1,000 a year but not more than a total of \$5,000. Repayment must begin a year after the borrower leaves college.

Good Students To Get A Break

Preference goes to good students who (1) want to teach, or (2) have shown particular aptitude in science, mathematics or foreign language.

If the borrower actually goes into teaching in a public school, up to half the amount borrowed will be canceled, at the rate of 10 per cent a year for the first five years.

The loan program has raised two questions:

1. Is it really going to do the job for which it was designed—help more of the nation's bright students get a college education?

2. Is it a good idea for a graduate to come out of college already burdened with a debt of \$4,000 or \$5,000?

Most educators say any young person with good grades and real determination can get a college education. Old fashioned as it may sound, thousands of young people are working their way through college every year.

John N. Stalnaker, president of the National Merit Scholarship Foundation, told a congressional committee his group identified 15,000 of the nation's brightest high school seniors last year. A sample check, he said, showed 97 per cent of the top 7,500 went to college, as did 85 per cent of the lower 7,500.

Loan program or no loan program, the best seem to be going to college. It may be on their own hook or it may be with the aid of one of the 300,000 scholarships—totaling around 70 million dol-

lars—available each year through universities, industry and private organizations.

U. S. Loan To Be Helpful

Certainly, a student loan program can be a helping hand, giving the student less time working and more time studying. But there probably never will be accurate figures showing how many students went to college because the federal loan program existed.

Congress eliminated all provisions for federal scholarships from the bill. But it did provide fellowships for graduate students.

The fellowships may be awarded for up to three years of graduate work—the time normally required to earn a doctor's degree. They offer cash awards of \$1,000 for the first year, \$2,200 for the second and \$2,400 for the third, all plus \$400 a year for each dependent.

This part of the law strikes directly at a growing American problem by giving preference to persons interested in teaching, at institutions of higher education. The number of doctor's degrees awarded has been steadily declining. So has the percentage of those who go into teaching after earning their doctorate.

This project can hardly fill the estimated need for 180,000 to 200,000 college instructors during the next 13 years. But if the fellowship program is successful, its benefits should be spread all along the educational line.

Better teachers in colleges and universities mean better teachers in grade and high schools.

\$70 Million For Languages, Math

Science, mathematics and foreign languages have long been the weak sisters in America's educational family, though not as weak as many post-Sputnik critics would have you believe.

To meet this problem, Congress authorized expenditure of 70 million dollars a year for four years for "minor" remodeling of laboratories and the purchase of special equipment.

But this program has a built-in stop light. The states have to match the federal grants, dollar for dollar. If the states figure they are spending enough money as it is, they can block the program before it gets started.

The U. S. Office of Education doesn't look for a miracle from the program. The best it expects is that the teaching of science, math and modern foreign languages will be given a solid boost.

Another portion of the bill tries to deal with the tragic loss of some of the nation's brightest students who end their education below the college level—some 200,000 of them each year. Those aren't necessarily the ones with the top grades; some of them think out and others drop out for no apparent reason.

The bill provides a testing, guidance and counseling program. The idea is basic: guide the high school student into fields of study best suited to his abilities and encourage the more able ones to press on.

Mark \$15 Million For Guidance

The bill authorizes 15 million dollars a year for four years to finance state programs for testing, guidance and counseling. For the fiscal year ending next June 30, the states need put up no money. After that it's on a 60-40 basis.

Another part of the bill calls for the establishment of institutes at colleges and universities for training counselors and guidance officers.

Congress also authorized the expenditure of 18 million dollars during the next four school years to finance a study of how such things as television, radio, film strips and the like can best be fitted to the nation's educational needs.

This is an experimental look-see project with potential far-reaching effects. However, its short-range effect probably won't be noticeable.

Another provision is for establishment of language and area centers to train individuals in the language, background and customs of foreign lands.

Those are the high spots of the aid to education bill. People opposed to any sort of federal aid to education will continue to say it's going to lead to federal control of schools. And folks who think this is a false assumption will continue to say the aid program doesn't go far enough—that it ignores the pressing problems of classroom shortages and low teachers' salaries.

The truth probably lies somewhere in between. It's no crash program which is going to change the face of American education overnight. But it goes much farther than the government has ever gone before.

KANKAKEE SUNDAY JOURNAL
Sunday, Sept. 26, 1959

Momence School Board Discusses Space Conditions

MOMENCE (JNS)—School problems were discussed by the Momence Community Unit Board of Education on Monday.

After consideration of the need for additional school revenue on the local level, the board discussed itself as opposed to imposition of an income tax and gave preference to a sales tax increase estimated for added purposes.

Crowded classroom conditions were reviewed by Mrs. T. H. Bartholomew reported 1817.6 grade classes of 18 to 19 room built for 25.36 students, sixth grade classes of 24, and fifth grade groups only of 24 smaller classes.

The board, every addition, within a few days, of children of pipeline workers who will move into the community will add to the overcrowded conditions.

Also mentioned as a probable contributing factor to increased school population within the school year or two is the proposed development of several residential areas within the school district.

The board approved proposals for building repair work at the elementary and high schools and for gutter work on the residence property. Approval was given for attendance of administrative staff members at the annual fall meet-

Police Seize 31 In Joliet Game Raids

JOLIET (UPI)—Joliet police seized 31 persons in two raids on illegal gambling operations which led to the arrest of 25 persons.

Police Friday charged Charles Wilson, 30, and Curtis Leroy, 29, with operating a gambling operation.

Wilson, Leroy and Marshall were released on \$5,000 bond each. Two other persons, found in both clubs, were charged with being inmates of a gambling house.

Police said the raids followed a two week watch maintained at the two clubs.

A report was given at recent change made in law permits in order to eliminate violations in some cases.

Bartholomew reported receipt of \$7,700.80 from the state in reimbursement for transportation as compared to a claim of \$18,779.22. Payment was slightly over \$2 per cent due to an insufficient appropriation for this purpose.

Take A Walk Through The Woods (With A Basket)

LEFT: The president of the Kankakee Kullivators, Mrs. L. K. Buell of 285 Lawrence Dr., carries a collection of dried materials which includes dock, bitter-sweet, sumac, globe thistle and several varieties of grasses. All these and many more can be found along the roadsides and arranged artistically in the home.

RIGHT: Mrs. Leslie Small of 1477 W. Station St. holds a sample of Queen Anne's lace which is used in a variety of ways. This field flower can be combined with other materials for a pleasing decorative effect. Mrs. Small and other members of the Kankakee Kullivators participated in a workshop to show the use of dried materials in attractive arrangements.

It's like a game, and anyone can play! You explore the roadsides and woods (basket in hand) for interesting vines, seed pods, grasses and even weeds. Pick and choose autumn woodland treasures; then arrange them into room decorations that can rival even the most elaborate and expensive centerpiece of an expensive florist.

It costs nothing, but it requires imagination and interest in such things as pine cones, cattails, goldenrod and milkweed pods. Weeds must no longer be ignored; they must be sought and appreciated for beauty of shape, color and texture.

Many Kankakee area residents have long been aware of local availability of materials for "dried arrangements," among them the members of Kankakee's garden club known as the Kullivators. Several members of the Kankakee Kullivators are pictured on this page as they gather just a few of the ingredients for dried arrangements. Also pictured are arrangements made from these precious materials that cost nothing.

To those newly interested in gathering and arranging the products of the woods, the prospects are overwhelming. Some weeds or grasses or pods may have appeal for one, while a different selection will hold the same fascination for others. The trick is to choose appropriate materials for the room, the occasion, or the season. Adventure materials can be collected and dried from the very first bloom of spring.

Whether it is at home or on vacation, the Kankakee area is particularly well stocked for need and grass hunters, offering a wide variety of foliage. Material seekers often walk along the river bank or beside a railroad track; the grasses have not been cut. Flowers, as well as weeds, may be dried. They should be cut when they first come into full bloom. Flowers should then be stripped of their foliage and hung in a dry, dark, warm place or placed in a formula of meal and borax. Consideration must be given as to whether the material in question should dry face up or with stems hanging downward.

Drying instructions for foliage and weeds of all kinds are simple and easy to acquire. A simple method is merely to "hang in a dry place, heads down."

WHAT TO LOOK FOR? Use your imagination but start with the following list:

FLOWERS THAT DRY WELL: chrysanthemums, cockscomb, daffodil, delphinium, dock, dogwood, feverfew, gladiolus, goldenrod, hollyhock, hydrangea, larkspur, marigold, pansy, peony, pussy willow, Queen Anne's lace, rose, strawflower and zinnia.

BERRIES: bittersweet, bush cranberry, blackberry, lilac, nandina, privet, sumac and violet jewel herb.

SEED PODS: Chinese lantern, hardy blue spirea, milkweed, poppy and yucca.

GRASSES AND OTHER MATERIALS: Green leaves and ferns. Continued on Page 22, Column 7

Another TV Winner Says Quiz Fixed

NEW YORK (AP)—The National Broadcasting Co. says it will launch an immediate investigation into charges by a second former contestant on the quiz show "21" that the program was fixed.

Arthur James Snodgrass, 35, said Friday he had received answers in advance and was told when to miss after a series of matches with Hank Bloomgarden, a \$25,000 winner. Snodgrass took home \$4,000.

NBC said, "This comes as a complete surprise to us. We had absolutely no knowledge of it." The network added it would undertake a "prompt and thorough investigation of the charges."

Jack Barry and Dan Enright, coproducers of the program, declined comment.

Snodgrass told reporters he made the charges to Dist. Atty. Frank Hogan's office and to a grand jury investigating quiz shows. He added he would have let the matter lie if he had not been subpoenaed.

BLOOMGARDEN ALSO appeared before the grand jury, but refused to comment publicly.

However, a New York paper quoted him as saying he never was helped with answers on "21."

THE PAPER ALSO quoted Snodgrass as saying that an official of the show had asked him to suppress the facts if he were called before the district attorney in the investigation.

"I told him that I would tell the truth but that I wouldn't volunteer any information," Snodgrass said. "The artist said the official was the same one who had supplied him with answers and stage directions before his appearances in the middle of last year."

Snodgrass said the official was not Barry or Enright and that he had no knowledge as to whether either of the producers knew what had been done.

"After I got a subpoena (from the grand jury)," Snodgrass continued, "the guy from the show called me and asked me to meet him. I told him I would meet him at my lawyer's office, and we went there. He showed me a check for \$4,000 on the show."

Pharmaceuticals, Inc., manufacturers of Geritol, which sponsors "21," said it also was making a check into Snodgrass' story. Herbert Stempel, another former "21" contestant, charged recently he was coached on answers and told when to miss questions as he completed winnings of \$49,000 on the show.

Barry, Enright and NBC denied Stempel's allegations.

Snodgrass would not give the source of his coaching, but he did say Barry and Enright were not implicated in the rigging.

He said he was told before his first appearance that there would be a long series of ties and then he would lose.

"What was I supposed to do, break down and cry and say I was being robbed?" he said. "I just assumed it was an accepted practice being given answers so I would not fall in the first round," he added.

THE PAPER ALSO quoted Snodgrass as saying that an official of the show had asked him to suppress the facts if he were called before the district attorney in the investigation.

"I told him that I would tell the truth but that I wouldn't volunteer any information," Snodgrass said. "The artist said the official was the same one who had supplied him with answers and stage directions before his appearances in the middle of last year."

Goldenrod, which can be found along the roadside, is cut by Mrs. Paul Lecour of 915 S. Greenwood Ave. preparatory to using it in a fall arrangement.

An oak stub is the base for this arrangement featuring viburnum berries combined with an Hawaiian olive leaf. Accessories, placed by Mrs. Ekstrom, are an evergreen pod and ceramic quail.

Mullein, Canadian thistle and milkweed pods were used by Mrs. Small and Mrs. Rollison in this arrangement with leaves and a large orange fungus found on damp wood.

Goldenrod is prominent in an arrangement by Mrs. Landsittel and Mrs. Lecour. With it is used dock, multiflora rose hips, sumac, broad-leaved arrowhead and the fruit of the carrion vine.

On The Social Side

SECTION III — SOCIETY — PAGE 21
KANKAKEE SUNDAY JOURNAL
SUNDAY, SEPTEMBER 28, 1959

LEFT: The "find" made by Mrs. A. E. Landsittel of 1001 S. Myrtle Ave. is milkweed. The materials for dried arrangements can be used for a while and stored away for future display. They can be sprayed gold or silver for the holidays and made to serve many decorative uses.

A walk through the woods or along the roadside can be a wonderful experience in the autumn. Mrs. C. A. Rollison of 1319 Cobb Blvd. returns with materials for arrangements — Canadian thistle and goldenrod (in the basket) and broad-leaved arrowhead.

Keeping in Step

By Mary Jean Houde

The newest member of the YWCA-sponsored International Club (for foreign-born women) is a native of Japan, Mrs. Richard Baranowski of St. Anne.

A charming representative of her native country, Mrs. Baranowski has easily converted to the American way of living. She finds it easy because she enjoys it, especially the conveniences for homemakers and the social situation in America.

First of all, she wholeheartedly approves of the mechanical devices which aid the homemaker. She explains that while there are things like refrigerators and automatic heating devices in Japan, very few homes are well equipped. She likes the conveniences of sleeping in America and she thinks that American mothers of small babies are very fortunate to have so many baby foods from which to choose. In Japan, there are few commercial baby foods and the mothers must spend much time boiling and straining various foods.

The time element is always an important factor in comparison of life in America with almost anywhere else.

The fact that homemakers have more conveniences gives them more spare time. Mrs. Baranowski has noted with interest that much of this spare time is used at club meetings. She thinks the contact with other women is good and she enjoys the wide choice of organizations offered in this country.

A point of comparison can be found in the tea parties. In Japan, women must study the intricate method of the tea ceremony, and in America "a tea" can be just what the hostess makes it.

Mrs. Baranowski had a head start on many people who come to the United States for the first time. (She came here just a year ago.) She has always liked American food and the transition was easy for her. Most of the meals she cooks for her family are American. Occasionally she has a typical Japanese meal and often she mixes the two culinary cultures. Her mother-in-law has been teaching her the Polish method of cooking and she "loves Polish foods."

Mr. and Mrs. Baranowski met in her home town of Osaka, Japan while Baranowski was stationed there with the Air Force. They lived in Japan for more than a year before coming to his home town of St. Anne. They have two small sons, Richard Michael, 15 months; and Wayne Andrew, 7 weeks.

The St. Anne homemaker is the former Pajoko Nakajima but her friends call her Terry. She speaks the English language very well, having studied it in Japan. Before her marriage, Mrs. Baranowski worked as an overseas telephone operator.

She had a letter from home the other day, and in it was a recent photograph of her mother-in-law in a new dress. She comments, "We're not really so different in Japan and America."

Dorothy Croy Weds Norman Arseneau

The wedding of Miss Dorothy Jean Croy and Norman Edward Arseneau took place Sept. 20 at 2 p.m. at St. Martin's Catholic Church, Marquette.

The Rev. Donald Glenn officiated at the double ring ceremony. Mrs. Naomi Croy of Shreveport, La., is the mother of the bride. The bridegroom is the son of Mr. and Mrs. Lowell Arseneau of Marquette.

Each wedding carries a different nationality theme and last week's wedding was England's turn. Hostesses were Mrs. Edward Toroit and Mrs. John Marshall and cookies and cake were served, English style.

Do you ever complain about the laundry at your house? Consider the situation of Mrs. Ruth Galbraith, shown here in a picture which accompanied a news release from the University of Illinois College of Agriculture. Mrs. Galbraith is currently doing about 80 washes a week. As part of a research study at the University of Illinois, she's washing clean fabric samples in normal loads of rolled bed linens using 24 different home laundry detergents. She then tests the samples for retention of whiteness. She's testing samples of colorfastness, rayon, nylon, orlon, decron and wool fabrics. The results of this test will not be completed and available until next summer.

Mrs. Mabel Barrie of 581 S. Harrison Ave., left Friday from New York by air for an extended visit with her son, Harry C. Barrie, in Spain.

Mrs. Barrie has been in Miami, Fla. with her daughter, Mrs. Leroy Hogberg.

A farewell dinner was held last week in honor of Mr. and Mrs. Donald Means of Bourbonnais. Means has been transferred by his company to Sibby. Hosts for the party, which was a potluck dinner at noon, were Mr. and Mrs. Ferdinand Nease of R.R. 1, Bonfield.

will be held on Monday in Culm.

The fund voted to contribute \$5 to a group to purchase trees for the new grade school. They will be planted in honor of Dr. G. C. Shadle, who will celebrate his 50th anniversary as a dentist in Forrester on Oct. 12.

Officers were installed by a past president, Mrs. Cyril Allen. Mrs. Milton Farney was installed as president; Mrs. Lowell Unicker, first vice president; Mrs. Jay King, second vice president; Mrs. Richard Dempsey, treasurer; Mrs. James Makinson, chaplain; Mrs. Cyril Allen, historian and Mrs. Harold Hah, sergeant-at-arms.

Mrs. Farney announced the following committee chairmen: Mrs. Arthur Shambrook, Americanism; Mrs. John Gunnert, auxiliary loans; Mrs. Arthur Wehrmiller, child welfare; Mrs. Lowell Unicker, civil defense; Mrs. Clarence Hirtstein and Mrs. Virgil Heah, community service; Mrs. Kenneth Bohannon, coupon; Mrs. Kenneth Hueste and Mrs. P. D. St. John, girls state; Mrs. Simon Karcher, Gold Star; Mrs. Earl Metz and Mrs. Roman Thiel, ways and means; Mrs. Burton Heah, junior activities; Mrs. Clarence Hamilton, membership; Mrs. Andrew Metz, member liaison; Mrs. Virgil Stewart, Pan American; Mrs. Alfred Metz, past presidents' party; Mrs. William Metz, publicity; Mrs. Ralph Brodbeck, rehabilitation; Mrs. Ed Decker, veterans craft; and Mrs. Russell Lindenbaum, snack bar.

Mrs. Farney, delegate to Girls State, reported on her activities. Oct. 18 was scheduled for the date of the district fall meeting in Pasadena. The county auxiliary meeting

B&PV Club To Hear Lecturer Wednesday

"A World in a Whirl" will be the subject of the lecture of William E. Stadden when he appears before the Business and Professional Women's Club Wednesday.

The meeting will be held in the Wedgewood Room of Hotel Kankakee beginning with a 6:30 p.m. dinner.

Gilman Church Guild To Sponsor Family Night

GILMAN (JNS)—The members of the Evening Guild of the Zion United Church of Christ were guests of Mrs. Elizabeth Grant at Kankakee Farm on Tuesday evening.

Sixteen members and five guests, Mrs. Gertrude Werkan, Mrs. John Hildard, Mrs. Hermal Klassen, Mrs. J. Copas and Mrs. Grant, were present.

Mrs. Robert Salomon, president, conducted the business session and Mrs. Eugene Hewitt, secretary, read the minutes. Mrs. Wilbur Elmer was elected vice president and Mrs. Edward Miller was elected secretary-treasurer. The president serves a two-year term.

The guild will sponsor Family Night in the church on Oct. 12. A carry-in supper will be served at 6:30 p.m. The program will feature a missionary speaker.

Refreshments were served by the hostesses. The next meeting of the guild will be on Oct. 23 at 7:30 p.m. in the church basement.

Chatsworth Girl Scouts Meet For Hamburger Fry

CHATS WORTH (JNS)—All 20 of the Girl Scout troop were present for the hike and hamburger fry held Tuesday evening at Livingston Lake.

Dessert consisted of two large cakes. Mrs. Francis Kirtland baked as a surprise for her daughter, Judy, who was celebrating her birthday.

After games, the leaders and girls rode back to town. Leaders for the trip are Mrs. Louis Hildard, Mrs. Dan Kyburz, Mrs. Walt Lee and Mrs. Lloyd Gillett.

Thawville

Mr. and Mrs. Forrest Hildebrand left Friday morning to spend the weekend at Lansing, Mich., to visit Mr. and Mrs. Alex Mason.

They were accompanied to Marshall, Mich., by Mr. and Mrs. V. E. Harper, who will visit Mr. and Mrs. Burl Harper and children. The group will return Monday evening.

Approximately 30 attended the St. Peter's Evangelical Lutheran church supper on Thursday.

Cook three large ovens (out into this strip) slowly in butter in a medium-sized skillet until they are golden. Fry a pound of beef or calves' liver (cut in thin strips) in a skillet with onion, adding salt and freshly-ground pepper to taste.

Conduct Meeting Of Mommence Odd Fellows Lodge

MOMENCE (JNS)—The meeting of the Odd Fellows Lodge was held Monday night with Noble Grand Darrell Funderburk in charge.

Roll call showed 14 officers and four brothers present. Three officers were absent.

A letter from the Grand Lodge, asking donations to the hospital building fund, was read. A donation of \$15 was voted.

Glenn Hah suggested a request be sent to the Grand Lodge asking for information on the length of time Albert Wright of Grant Park had been a member of the lodge. It was taken into the Grand Park lodge when it was started and transferred to Momence on March 5, 1955, when the Grand Park lodge dissolved. Wright is 64 years of age and may be eligible for a 50-year jewel. Should this be true, he will be presented with the jewel at the next district meeting in Bradley in October.

The business session adjourned with the singing, which was led by Glenn Hah Jr. and Leroy Deiter. The next regular meeting of the lodge will be on Oct. 13 at 8 p.m.

Stadden, executive secretary of the Illinois Welfare Association, will be the speaker at the B&PV Club meeting Wednesday.

A partial list of his experiences includes assignments as writer and lecturer at the Illinois Department of Public Welfare, chairman of the advisory board of the Teachers' Aid, relief chapter, in both the United States Senate and the House of Representatives, marital relations counselor, radio commentator and newspaper columnist.

He has talked before forums, service clubs, business and professional women's clubs, Chamber of Commerce groups, high school groups and other types of audiences.

Miss Martha Montgomery, chairman of the national security committee, assisted by members of her committee will be in charge of arrangements.

Gardner-South Wilmington PTA Votes To Disband

GARDNER (JNS)—The Gardner-South Wilmington High School Parent Teacher Association held a reception for all teachers in the high school on Monday evening.

Approximately 125 persons were in attendance. The question of continuing the PTA was discussed. Since no one was interested in taking over the presidency, the members voted to disband the organization. In its place, a Parent Teacher Organization was formed and the family also owned a gift shop there. They resided in that city for 13 years.

Gilman is a native of Grand Rapids, Mich. He attended both Harvard University in Cambridge, Mass., and the University of Michigan at Ann Arbor.

A GROUP of women from the Donovan and Beaver Methodist churches attended the fall group meetings of the Women's in Religion and Service on Wednesday and Thursday.

Several neighbors and friends gave Miss Anna Lim a birthday party Wednesday afternoon.

Robert Blomquist, son of Mr. and Mrs. Ralph Blomquist, arrived home Tuesday from Cuba, having received his discharge papers from military service at Washington, D.C.

Mrs. Ed Abright entertained 10 women at a coffee party Wednesday evening in honor of Mrs. Zetta McKintley and Mrs. Ethel newcomers. (Journal photo) (18) Bryan of Wichita Falls, Tex.

TRIM, NEAT, TAILORED! There's the office look! Even sports have tweedy plastic frames, are miss glittery trim.

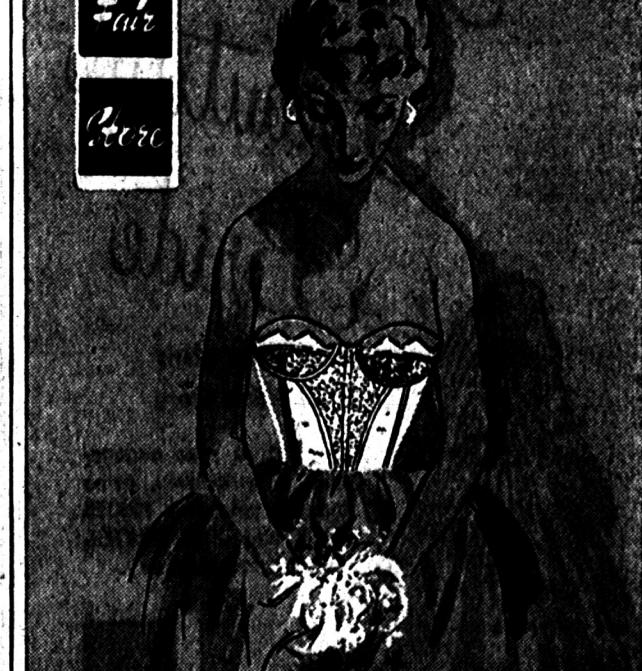

Appearance And Work Help You To Get Ahead

By JEANNE D'ARCY

You've taken that first job. You love the excitement of a weekly pay check that's strictly yours. You enjoy the work, but . . . You're just another girl in a great big office. You want to be noticed for more reasons than one. There's that handsome young executive who's single, for instance. There's ambition, too. You're eager to soar ahead, with a promotion. In an office that's filled with girls, girls—most of them young and attractive—you want to know how you can stand out in the crowd.

First of all, your attention by being a willing, efficient worker. Appearance counts in getting ahead. Executives want efficiency but if it's attractively turned out so much the better.

Do dress smartly. Tailored suits, blouses and skirts, smart-dresses are right for the office. Skip anything that's fuzzy, festive, low-cut. Simply styled clothes can attract

This self-supporting beauty is the ideal strapless bra . . . and it can also be worn with halter or off-shoulder straps, whenever you like. It's lightly lined with foam rubber and wired underneath to give you the high, rounded look you want. The midriff length gives smooth-in-pairing comfort while the elastic back assures smooth and comfortable fit.

Style 861 - Embroidered broadcloth with elastic back. Sizes 32 to 40, B or C.

5.95

Two-In-One Fall Fashion

With the fall season upon us, new styles are being introduced every day. This university of Texas used in style (how, we'll never know). The last is of snow with holes in the shape of sun glasses with colored glasses. The girl is Annette Branch of Pharr, Texas. (Ulster)

Clear Mayor Of Pittsburgh In TV Probe

PITTSBURGH (AP)—Rep. Glen Harris (D-Ark.), chairman of a House special subcommittee that has been investigating television license grants, says Pennsylvania Democratic gubernatorial candidate David L. Lawrence has not made any improper connections.

Harris Friday telegraphed an apology to the Pittsburgh mayor for a staff member's error in presenting information in the Pittsburgh Channel 4 investigation.

Harris' message was in reply to Lawrence's protest "against the committee procedures which caused newspapers throughout Pennsylvania and the nation to say that my name was 'linked' with irregularities in the awarding of Channel 4."

In the telegram, Harris said he wishes to "acknowledge and regret the error made by Mr. Eastland, staff member."

"The subcommittee has no record or information that you contacted any other commissioner than Mr. Barley," Harris wrote to him in very clear that you were interested in behalf of your city having additional TV facilities," Harris added.

No irregularities have been proven in the case. Channel 4 began broadcasting in Pittsburgh earlier this month.

to powder your nose. After lunch, it may be necessary to clean your face, do a complete make-up job. Mid-afternoon, peek in a mirror to see if your nose needs powdering or lipstick should be retouched. Never make repairs at your desk! Keep your forever attractive appearance a ladies' room affair.

A paragon of perfection, who always looks pretty, who does her work well, can't help but get ahead. Don't expect a promotion to come overnight but be assured that you'll get one in a matter of time!

Be perfectly groomed from the moment you check in at 9 a. m. until you leave the office at 5 p. m.

Mid-morning, take five minutes

attention if you select them in an off-beat color. Blue, green or red, for example, are eye-catching, especially in a world where basic black is almost a uniform. Even black stands out, however. If it's smartly accessorized. A novel belt, an unusual pin and earrings set or a bright scarf, can give any dress a flair.

First of all, your attention by being a willing, efficient worker. Appearance counts in getting ahead. Executives want efficiency but if it's attractively turned out so much the better.

Do dress smartly. Tailored suits, blouses and skirts, smart-dresses are right for the office. Skip anything that's fuzzy, festive, low-cut. Simply styled clothes can attract

Survey Finds Old Saying Not True

ANN ARBOR, Mich. (AP)—The rich get richer and the poor get children, goes an old saying. But the new word at the University of Michigan is that this isn't quite true.

A research study here says both income groups are having about the same number of children.

This is especially the case of city people, says Dr. David Goldberg, of the University of Michigan Institute of Public Administration.

Goldberg spent a year going over records compiled by U of M's Detroit Area Study and other statistical agencies.

He found that early in marriage class home and kinship ties are the main factors in considering additional children.

LATER, HE SAID, after two or three children have arrived, the question is similar to that of the first child.

"The return for large or small families also depends on whether the husband or wife is the chief decision maker."

"Men are primarily influenced by such factors as status and income," Goldberg said. If a man is earning \$12,000 and thinks he can afford more children, the couple will have them if the main decision is up to him.

Goldberg said, is influenced by such factors as whether she likes to spend her leisure time around the home.

U. S. Business Outlook Rosy

NEW YORK (AP)—Business moved from summer into fall this week with signs of recovery bustling out as...

Shoppers with plenty of folding money jammed the nation's department stores. Well-heeled investors and speculators gave the stock market one of its busiest trading sessions of the year.

Sales on the New York Stock Exchange this week totaled 18,481,328 shares as stock averages pushed into new high ground. Stock sales for the previous week were 18,111,268 shares and in the corresponding 1957 week totaled 12,660,330 shares.

BOND SALES had a par value of \$3,451,100 this week compared to \$3,250,600 in the previous week and \$23,953,100 in the same week last year.

Steel output and petroleum production set new 1958 highs. Machine tool builders reported a September pickup in new orders. In the building industry, contracts awarded for the highest total value ever recorded.

Even the long-depressed railroad industry produced some cheerful news: Red ink on railroad ledgers was gradually giving way to black, and freight carloadings were picking up briskly. Last week's total of 667,277 cars was the latest word from the auto industry where production of the new 1959 cars was hobbled by strikes just as production of the new 1958 cars was about to get rolling.

At week's end General Motors reported 43,000 new cars sold at 19 plants. Ford closed its huge River Rouge steel works. When strikes against its suppliers cut off the flow of parts, American Motors flagged down production of Ramblers.

Chrysler Corp., also beset with labor troubles, postponed the introduction of its 1959 De Soto, Chrysler and Imperial cars. Instead of bowing Oct. 16, as originally planned, the new models won't appear in dealers' showrooms until Oct. 24.

THE COST OF borrowing money jumped up again this week and even Uncle Sam felt the pinch. Seeking to raise \$3½ billion dollars in cash, the U. S. Treasury offered investors two new issues of short-term securities. The interest is

double what the treasury offered seven weeks ago.

Prices also made news. Increases were announced for tin, brass, bath tubs, radiators, Cadillac, Chevrolet and shoes. But the price of coffee drifted lower.

Que Smith, vice president and chief economist for F. W. Dodge Corp., predicted a continuing upsurge in new construction, schools and housing, he said, not to mention churches and jails.

Myron Silbert, vice president of Federated Department Stores Inc., said Americans will have more business for retail merchants, since retail sales follow personal income up and down.

Siding with the optimists was Gabriel Hauge, who resigns next week as President Eisenhower's economic adviser to join the Manufacturers Trust Co. of New York. In a Washington interview, Hauge told The Associated Press:

"The recession is over and we first six months of 1958, the conscious Americans boosted their investments in savings accounts, U. S. Savings Bonds and life insurance reserves to a record 274½ billion dollars... The American Bankers Association convention in Chicago defeated a proposition to throw mutual savings banks out of the organization, but the suggestion drew a heavy vote... The New York Mercantile Exchange wants to trade in stocks and bonds. Its chief business is in the work of 'Merrill Lynch, Pierce, Fenner and Smith Inc.'... Washington gossip suggests a possible cutback in government spending in the government's 1959-1960 fiscal year... There are 119 partners now.

School Secretaries Hold Workshop

While teachers of Kankakee School District III held their fourth annual fall workshop Thursday and Friday, school secretaries held a two-day workshop. Seated with James H. Hauge, business manager, are, from left, Mrs. Marilyn Blankenship, Franklin School; Miss Mary Hodak, East Junior High School; Mrs. Beatrice Osterman, West Junior High School and Mrs. Celeste Koeley, Kankakee Senior High School. Discussions considered work and problems common to all secretaries, as well as those peculiar to secretaries in the school system. (Journal photo)

Wall Street's biggest brokerage house recently changed its name from Merrill Lynch, Pierce, Fenner and Beane to Merrill Lynch, Pierce, Fenner and Smith. Now a new and even longer moniker is in the works: "Merrill Lynch, Pierce, Fenner and Smith Inc." with the partnership to be replaced by a corporation. There are 119 partners now.

at to throw mutual savings banks out of the organization, but the suggestion drew a heavy vote... The New York Mercantile Exchange wants to trade in stocks and bonds. Its chief business is in the work of 'Merrill Lynch, Pierce, Fenner and Smith Inc.'... Washington gossip suggests a possible cutback in government spending in the government's 1959-1960 fiscal year... There are 119 partners now.

STEREOPHONIC SOUND

Beecher To Have Fall Rally Of Lutheran Churches

Ten congregations comprising Circuit 19 of the Northern District of the Lutheran Church—Missouri Synod will send their representatives to Beecher, Oct. 5, for the annual fall rally.

A program titled "Help Each Other" has been prepared for all age levels. After the devotion the convention will divide into sectional meetings.

The discussion leader for the men's section will be the Rev. Arnold Kromphardt of Marseilles. He spent several years in Sunderland, England, where he established a congregation and laid the foundation for establishing others in that vicinity and in southern Scotland.

The Rev. David Koenig of Highland, Ind., will lead the discussions at the women's group. He is the chairman of the "Help Each Other" plan in the Lutheran congregations of Lake County. The young people will hear the president of the South Suburban zone of the Northern Illinois District, Walter League, Miss Carol Walker of Dolton.

"God and The Seven Thousand Emeralds" is the colored film to be shown to the children's section by Wm. J. Rupprecht, teacher of Grades 5 and 6 of Central Lutheran School, Beecher.

Following these sessions the groups will reassemble for the customary reports and business matters.

The following congregations comprise Circuit 19: St. Paul, Beecher; Zion, Beecher; St. John, Beecher; St. Paul, Chicago Heights; Trinity, Crest; St. Paul, Grant Park; Our Savior, Moneque; Hope, Park Forest; Zion, Grant Park; Immanuel, Steger.

Regular Enrollment Up 4.6 Per Cent At Olivet College

Enrollment of full time students at Olivet Nazarene College rose up 4.6 per cent compared to last year, on the basis of virtually complete figures announced Saturday.

A total of 818 full time regular students have registered compared to 782 for the first semester a year ago. It was announced, an increase of 3.6.

There was only a slight increase, of less than one per cent, in total enrollment which includes part time and night class students. The total figure is 919 compared to 907 one year ago.

The college also announced its cumulative enrollment figures for the full 1957-58 school year beginning with the fall semester first year and continuing through summer school. A total of 1,648 full time students were registered during the past year compared to 1,676 during the 1956-57 year.

Notre Dame Wins 30-0 Over Stubbhorn Indiana

SOUTH BEND, Ind. (UPI)—Notre Dame's injured fullback came off the bench in the fourth quarter Saturday to lead the Fighting Irish to an 18-0 triumph over a surprisingly stout Indiana team.

Indiana, a 19-point underdog, was held to a 14-0 record in the second period on an 11-0 yard drive by sophomore Red McQuinn.

It wasn't until Notre Dame's fullback, who was injured last year, came off the bench in the fourth quarter to lead the Fighting Irish to an 18-0 triumph over a surprisingly stout Indiana team.

MSU Flashes Power In 32-12 Win Over Cal

EAST LANSING, Mich. — Michigan State combined crushing ground power and the liberal use of some sparkling sophomore talent to defeat California 32-12 in the 1958 "Spartan" football game Saturday.

It was the 11th Spartan victory over West Coast opponents in recent years. The last time a West Coast team beat MSU was when Oregon State pulled a 23-20 upset in 1949.

A crowd of 35,029 saw a convincing show of Michigan State's depth of material.

Duffy Daugherty used his first two touchdowns in the AP final football poll last year, stuck mostly to a methodical, grid-iron game plan.

Michigan State, ranked third in the AP final football poll last year, stuck mostly to a methodical, grid-iron game plan.

'PAT' Spells Victory For Northwestern

EVANSTON (AP)—Northwestern, a Big Ten doormat which failed to win a game last year, opened its season Saturday with a 20-0 victory over Washington State, one of the leading contenders for the Pacific Coast Conference title.

The winning maneuver was Northwestern's decision to pass for 2 points after the final touchdown after kicking its first three extra points.

A pair of quick touchdowns with only one minute and 30 seconds left in the first half plus a 41-yard scoring dash by halfback Ron Burton helped the Wildcats overcome a 22-point final rally by the Cougars.

Detroit Tigers Rally To Beat Cleveland 5-1

CLEVELAND (AP)—Gus Zerni, pinch-hitting in the tying run, and Al Kaline hit a three-run triple in a five-run, eighth-inning rally that brought the Detroit Tigers from behind and beat the Cleveland Indians 5-1 Saturday.

Paul Foytack gave the Tribe their three hits in the first seven innings. Rocky Colavito spoiled Foytack's shutout by doubling at the plate and scoring.

Phil Wicks, who set a national record for a pitcher by throwing 100 consecutive pitches without an infielder, was in the fourth.

Sooner's New Offense Tips W. Va. 47-14

NORMAN, Okla. (AP)—Oklahoma's new rapid-fire multiple offense sputtered in the early minutes of the game Saturday but eventually proved effective as the Sooners scored a 47-14 victory over West Virginia Saturday.

A near-capacity crowd of 38,000 possibly were a bit confused as the Sooners' new offense took shape in the early minutes of the game.

The Sooners scored a 47-14 victory over West Virginia Saturday.

Navy Victor Over W&M In Mud, Rain

ANNAPOLIS, Md. (UPI)—Navy's Cotton Bowl champions demonstrated stronger "sea legs" in the rain and mud at Thompson Stadium Saturday and won their first football game against William and Mary, 14-0, before a homecoming day crowd of about 12,000.

A constant downpour, accompanied by a strong wind, made the field a muddy island encircled by flood water.

After a scoreless first quarter, Navy got a break when William and Mary halfback Dave Edmunds fumbled on fourth down and recovered the ball on his own 22.

Spahn Collects 22nd Victory

MILWAUKEE (AP)—Warren Spahn marked up his 22nd victory of the season Saturday as the Milwaukee Braves, champions of the National League, whipped the Cincinnati Redlegs 6-1 in their second-to-last game of the regular season.

Spahn, 36, pitched a complete game, allowing only one run, two hits and one walk.

He tied Bob Feller's record of 21 wins in 1946.

Chicago Cubs Win 7-4; Take Over 6th Place

LOS ANGELES (UPI)—The Chicago Cubs came up with a four-run rally in the ninth inning Saturday to close out the season against the Dodgers with a 7-4 victory that put them in sixth place.

Bobby Thomson was the batting star of the final game of the season, hitting a home run and driving in three runs in the fourth inning.

After a 1-0 lead in the first inning, the Cubs trailed 3-2 in the fourth.

Texas Christian Fails To Dent Iowa Line, Hawkeyes Win 17-0

IOWA CITY, Iowa (UPI)—Iowa's defense, led by a line that played like a drill team, shutout high-scoring Texas Christian here Saturday, 17-0, before a record opening day crowd of 45,000.

The same TCU team that ran over Kansas, 42-0, a week ago and was ranked fifth nationally mounted only one scoring threat against Iowa.

The Hawkeyes' defense did everything Texas Christian threw at them except the passing of Hunter Eals.

UCLA A Defeat For Illini 18-10

CHAMPAIGN (UPI)—UCLA's wingback Phil Parlow, coming in off the bench, intercepted two Illinois passes in the third quarter and ran one back 90 yards for a touchdown Saturday to lead the Bruins to an 18-10 victory over Illinois.

Parlow, a senior who Coach George Dickerson calls the future man on the UCLA team, grabbed both passes from Illini sophomore quarterback Johnny Easterbrook.

Easterbrook tossed the first pass early in the third period at the climax of an Illinois downhill drive. Parlow intercepted on his own 10 yard line and sped along the sideline for the touchdown with nine minutes left in the period.

Purdue Coasts To 28-0 Win Over Nebraska

LAFAYETTE, Ind. (UPI)—Purdue's defense easily have had at least three more touchdowns. Three times Purdue failed within the Nebraska 10-yard line and a fourth time, a dazzling 56-yard punt return into the end zone by speedster Tiller was nullified by a clipping penalty.

After a scoreless first period, Purdue started to roll, scoring TD's on drives of 40, 24 and 50 yards. One came after Tom Barnett intercepted by Max Marks and ran the ball back 28 yards to the Nebraska 24. Purdue sealed the victory with a 28-0 win.

Bucks Beat SMU 23-20, Star Quarterback Hurt

COLUMBUS, Ohio (UPI)—Top-ranked Ohio State used its pass defense and passes for points after touchdowns to defeat Southern Methodist 23-20 here Saturday before 33,113 fans, largest crowd ever to see a football game in Ohio.

Buckeye quarterback Frank Kremlas provided the winning points with two rifle passes to sophomore Dick McDeade after touchdowns on each game.

The victory proved costly for Ohio as Kremlas suffered a severe shoulder separation. Coach Woody Hayes said preliminary examinations showed the injury was not a break, but a definite separation. He said it meant that Kremlas will be "definitely" out of action for one or two games.

Michigan Edges S. Calif. 20-19

ANN ARBOR, Mich. (UPI)—Southern California Saturday threw a heart-stopping scare into Michigan but successive five-yard penalties on an extra-point attempt for the Wolverines eked out a 20-19 victory.

The Trojans struck for two touchdowns in the last half of the final quarter but could not make the extra points.

Tom Madril, substituting for Willie Wood, calmly arched a 36-yard touchdown pass to Hillard Hill but missed by Clark's burst over right one or two points on conversion.

Washington Sophs Upset Minnesota

SEATTLE (AP)—A gang of point-shirking Washington sophomores rolled up a 24-14 half time lead and, helped by a last-minute fumble recovery, posted a 24-19 upset football victory over the favored Minnesota Gophers Saturday.

Their ground game halted, the Gophers found a potent passing combination in quarterback Jimmy Reese and halfback Bob Solis.

The crowd of 38,000, thrilled by Washington's first-half display of running and passing power, saw the Gophers' passing attack lashed for one touchdown and come close to another.

Cardinal Bats Beat Giants 11-7

SAN FRANCISCO (UPI)—The St. Louis Cardinals ripped out six hits off four San Francisco pitchers Saturday to outlast the Giants, 11-7.

The Giants took a 4-0 lead after two innings of play, two tallies on Leon Wagner's homer in the first frame.

The Cardinals' offense was led by Willie Mays, who hit a home run and drove in three runs in the first inning.

TED LEADS; BATTING RACE GOES TO WIRE

WASHINGTON (UPI)—Ted Williams, gunning for his second straight batting championship, and the sixth of his career, took over the lead from teammate Pete Rose Saturday when he hit three hits in the Boston Red Sox's 8-5 victory over the Washington Senators.

The 48-year-old veteran trailed 15-14.

The Buckeyes finished their scoring with a single in the third inning, hitting a home run and driving in three runs in the fourth.

Chicago Cubs Win 7-4; Take Over 6th Place

LOS ANGELES (UPI)—The Chicago Cubs came up with a four-run rally in the ninth inning Saturday to close out the season against the Dodgers with a 7-4 victory that put them in sixth place.

Bobby Thomson was the batting star of the final game of the season, hitting a home run and driving in three runs in the fourth.

After a 1-0 lead in the first inning, the Cubs trailed 3-2 in the fourth.

Auburn Shows Class In Final Half, Wins 13-0

BIRMINGHAM, Ala. —Southwest quarterback Lloyd Nix injected some second-half sting into a sluggish Auburn offense Saturday and helped the Tigers defeat Tennessee 13-0 in a nationally televised football game.

After a dull first half, Nix cut loose with superb faking, classy running on keeper plays and some clutch passing. Within five minutes early in the fourth, Auburn had two touchdowns.

The Tigers, unbeaten last year and voted the nation's No. 1 team, entered the game a nine-point underdog.
