## Record Crowd Helps Met Observe 75th Anniversary

NEW YORK (AP)—The Metropolitan Opera celebrated its 75th anniversary Monday night—and probably one of the last few opening nights in the old Broadway opera house—with an air of nostalgia and tradition hanging over it all.

The Met, which hopes to open its 1961 season uptown in a big modern auditorium in the Lincoln Center of Performing Arts, went way back for its 1958-59 opener.

### Announce Honor Student At Piper City High School

PIPER CITY (NS)—Students receiving general scholastic honors during the last grading period at Piper City High School are: Shirley Randolph and Rita Sauerberg.

Students with special honors include the following: Dolores Kennedy, Sharon Blevins, Donald Gibb, Harold Jelinek.

Shirley—Marjorie Schall, Bookkeeping—Wanda Wilkey, Office Practice—Rita Read, Lois Frech, Wanda Wilkey, Typing—Marjorie Schall.

General Business—Patricia Hack, Dolores Kennedy, Virginia Weston, Spanish—Rita Read, Susan Montiel, Sandra Herr, Linda Henry, Vernon Hayles, Sharon Rader, Physics—William Lane, Leslie Miller.

History—Peggy Foster, Agriculture—Gordon Penick, Roy Birch, Gene Burk, Jeff Johnston, Edward Wilson, Donald Gibb, Harold Jelinek.

Industrial Arts—Jim Russell, William Miller, General Science—Harold Jelinek, William Miller.

Biology—Gerrit Bayless, Roy Birch, Gene Burk, Patricia Hack, Dolores Kennedy, Karen Perkins, Geometry—Gene Burk, J. E. Johnston, Karen Perkins.

Home Economics—Patricia Hack, Dolores Kennedy, Karen Perkins, Geometry—Gene Burk, J. E. Johnston, Karen Perkins.

THE GRADE SCHOOL Halloween parade will be held at 1:30 p. m. on Friday. The children will march from the school through the downtown area and back to the school.

Saunemin To Take Part In Festival

SAUNEMIN (NS)—The high school will have 30 students participating in the Livingston County vocal music festival scheduled for 7:30 p. m. Nov. 1 in the Dwight High School gymnasium.

The chorus will be directed by Dr. Warren Angell, dean of fine arts, Oklahoma Baptist Seminary, Shawnee, Okla.

Miss Patricia Chesbro, principal of the Saunemin high school and vocal director, is president of the Association.

### Scouts Present Program For PTA Of Donovan

DONOVAN (NS)—The Parent Teacher Association met in the high school Thursday evening.

The president, Mrs. James Davis, opened the session with the PTA prayer. Mrs. Fred Tucker gave the secretary's report, and Mrs. Conrad Arsenau gave the treasurer's report.

A letter from the pupils of Wells School for retarded children, Wat- ska, announced an assembly for Nov. 9. The PTA voted to give \$10 to the school.

The membership chairman reported 113 members. Food sales will be held in Martin and Donovan Nov. 4. The one in Inokquo was held Oct. 25. Mrs. Clarence Stuckey announced a \$200 scholarship will be given to a high school senior.

Supt. Homer Young extended an invitation to visit the school during American Education Week, Nov. 5-8. Programs will be held in the Martin School on Nov. 10. Donovan Grade School, Nov. 11, 7 to 8 p. m., and in Inokquo on Tuesday evening.

The home economics teacher announced the adult women's classes will open Nov. 3.

Scouts presented the program. Roger Tobo, national, called on the roll and introduced the den mothers. The Cub Scouts presented a skit, "California Gold Rush."

First and fourth were presented and two new boys, Paul Carlson and Woodrow Young were welcomed into the group. Scoutmaster, Maurice Barlund presented his Boy Scout troop and his assistant, Alvin Johnson. The scout- er award was given to Raymond Carlson.

The November PTA meeting will be held Nov. 20 instead of the regular date. Philip Brown of Wat- ska will be the guest speaker.

Saunemin Pastor Baptizes 2 Infants

SAUNEMIN (NS)—The Rev. Daniel Buck, pastor of the Methodist church, conducted baptismal ceremonies for two infants during the worship service on Sunday morning.

Baptized were Donald Eugene Stuckey and his sister, Mrs. Robert Billington, and Joe Hall Bane, son of Mr. and Mrs. Curtis Bane.

Associated Press editor W. G. Rogers said the performance was a "splendid send-off for the Met's diamond jubilee year."

It also was a splendid financial success for the 1958-59 season, with \$56,687 taken in on opening night.

## World Service Society, Dwight, Has Guest Day

DWIGHT (NS)—Guest Day was observed by the members of the Women's Society of World Service of the Zion Evangelical United Brethren Church on Thursday afternoon.

Mrs. Janet Gantzer, president, presided. Mrs. Dorothy Rieck led the lesson and devotion.

Mrs. Alice Gantzer, spiritual life secretary, reported the text for a study class to be held soon with the Salem WSSW as "The Layman Learns to Pray."

Mrs. Mary Prunty, secretary of Christian social relations, announced the session with the PTA prayer. Mrs. Fred Tucker gave the secretary's report, and Mrs. Conrad Arsenau gave the treasurer's report.

A letter from the pupils of Wells School for retarded children, Wat- ska, announced an assembly for Nov. 9. The PTA voted to give \$10 to the school.

The membership chairman reported 113 members. Food sales will be held in Martin and Donovan Nov. 4. The one in Inokquo was held Oct. 25. Mrs. Clarence Stuckey announced a \$200 scholarship will be given to a high school senior.

## Gilman Musicians Play At Normal

GILMAN (NS)—The high school band, directed by William Douglas, performed Saturday in the annual band show at Illinois State Normal University.

The show was part of the homecoming program. Four buses carried the band members to Normal. The 70 piece marching band, assisted by 16 junior high band members, marched in the parade at 8:30 a. m. and took part in band competition from 10 a. m. to 12:30 p. m.

Twenty-four schools from central Illinois had been invited to take part. The Gilman band placed first in best marching, best playing and best band show. John Read, drum major, also won a first award.

## Pope Urges World To Heed Peace Cry

VATICAN CITY (AP)—Pope John XXIII appealed to rulers of nations today to heed the world's cry for peace and to turn weapons of destruction into tools of progress.

"This is in fact the most important undertaking, mostly connected with the prosperity of all nations," he said in his first papal broadcast.

"Put yourselves, therefore, to the task with confident courage, under the reflection of the light that comes from on high, and with divine assistance turn your gaze to the people who are entrusted to you and listen to their voice."

The pontiff of the Roman Catholic Church broadcast his appeal from the Sixties Chapel where less than 20 hours earlier he was named successor to Pope Pius XII.

His call was in the tradition of Pius XII, who in his 18-year reign

became known as the "Pope of Peace."

The 76-year-old Pope urged until Tuesday's Angelus prayer, Cardinal Roncalli, patriarch of Venice, spoke in Latin for 20 minutes in a firm, powerful voice.

He prayed to God for strength in his new task and asked the Virgin Mary for assistance. A few minutes before his broadcast he received the homage of St. Cardinals gathered in the chapel.

HE EMPLOYED the first part of his talk to the tasks of the church, the devoted ecclesiastical grace for the clergy and faithful in countries where the Catholic religion has no freedom or enjoys it only in part, a reference to Communist lands.

Then he said: Let us now be permitted to direct our appeal to the leaders of all nations in whose hands is placed the fate, the prosperity,

the hopes of the individual peoples.

"Why should not discords and disagreements be finally composed equitably? Why should not the resources and the ingenuity of man and the riches of the peoples, used frequently to prepare armaments, be used to increase the well-being of all classes of citizens, particularly of the needy?"

"We know it is true that in bringing about so laudable, praiseworthy a proposition and to level the differences there are grave and intricate difficulties in the way, but they must be victoriously overcome, even if by force."

The new Pope is expected to be crowned within two weeks.

The jeweled, three-tiered tiara of the papacy, topped by golden bands, was placed on his head.

CANDIDATES FOR ELECTION Nov. 4 gathered at a Republican women's luncheon Tuesday noon, shown here with Mrs. Nettie Smith of Kankakee, mother of a state candidate. From left, they are Ruel Hall, for county superintendent of schools; Patrick J. Cleary, for county clerk; J. W. (Pete) Laffey, for county treasurer; Carl McNutt, for county sheriff; Irvin C. Taylor, for Kankakee County Judge; and (seated) George E. Luehrs, for state representative. (Journal photos)

## GOP Dedicated To Peace, Says Arends

"It was a serious subject," mused Cong. Leslie C. Arends after his meeting with more than 200 women at luncheon Tuesday noon. "Some women with whom he shook hands after his talk agreed that 'sometimes, serious words are needed.'"

The subject was war. The women, many Republican leaders of the county, heard the congressman say that "the most important objective is avoiding war and maintaining peace in the United States of America." Around the banquet room, crowded with tables, the women nodded in agreement. They responded, obviously, to any mention of wars of past years.

"How quickly we forget," said Arends as he referred to World War I, World War II and the Korean War as "not under Republican administrations." He referred to the country's present foreign policy and asked his audience to remember that resolutions are passed by the Senate and the House before the President follows up on action. "The only way we can keep out of war is to follow a pattern of firmness," he added.

IN THE ACTIONS OF President Dwight Eisenhower, said Arends, "you see what can be done under a man dedicated to peace and a free world." He described meetings with the President in which leaders of both political parties had the opportunity to voice opinions before action was taken. And he emphasized, "We have a policy — the peace of the world."

He also asked the women to compare their general well being with the keeping of a household, "there can be small problems but the overall condition can remain good."

On the local level, Arends called "remarkable" the fact that Kankakee County has been kept out of debt, "because of efficiency in government."

AREND'S URGED THE women to see their neighbors and friends, in the city and in the country, "and get that extra vote" in the Nov. 4 election. His closing advice was an 1891 quote from President Theodore Roosevelt:

"Our country calls not for the life of ease, but for the life of strenuous endeavor. The 20th century looms before us big with the life of many nations. If we stand idly by, if we seek merely swollen, slothful ease, and ignoble peace, if we shrink from the hard contests where men must win at hazard of their lives and at the risk of all they hold dear, then the holder and stronger peoples will pass us by and will win for themselves the life of the world. Let us therefore boldly face the life of strife, resolute to do our duty well and manfully; resolute to uphold

MRS. C. D. HENRY, chairman of the women's division of the Kankakee County Republican Central Committee, plus a campaign button on the lapel of Cong. Leslie C. Arends of the 17th Illinois District. Arends, who seeks reelection Nov. 4, was principal speaker at a Republican women's luncheon Tuesday.

Mrs. Joe Tolson and Mrs. Arthur L. Beckman, and Mrs. Ed P. Madis, with the wives and relatives of candidates. Musical entertainment was provided by two Olivet College groups, the Collegians — Rick Withron, Chick Millhuff, Bob Judd and Boyd Fees; and the Trebletones — Miss Martha Reed, pianist, Miss Linda Luttrell and Miss Marilyn Krenn. Cong. Arends also addressed 200 of the women in attendance at the speaker's table were Mrs. McNutt, Mrs. Louis Beckman,

evening in the restaurant at 756 W. Jefferson St. The meeting was arranged by Fourth Ward Committee-men Sen. Victor McBroon, W. A. Yates and William Balaban. Talks were also made by George E. Luehrs, candidate for the state legislature, and county candidates Irvin C. Taylor for county judge, Patrick Cleary for county clerk, J. W. Laffey, for county treasurer, Carl McNutt for sheriff and Ruel Hall for superintendent of schools.

## Prison Escapee Decides To Complete Jail Sentence

SAN FRANCISCO (AP)—A San Quentin prisoner who escaped from an honor camp in a stolen airplane two years ago will surrender today, a San Francisco paper says.

Gerald E. Baucum, 29, has been working as "John Frank Kelly" in Butte, Mont., at mining and truck driving, the paper continued.

"I'm married now, and I want to live like a normal person," Baucum was quoted. "I owe it to my wife and to the kids who will have, I know that this is the way to do it."

Baucum and three other prisoners at Happy Camp in northern California escaped Aug. 31, 1956. They stole a private plane from an airstrip near Happy Camp, and flew to Mexico.

The others were captured within a month. Baucum made his way to Butte and married a girl there. They are expecting a child.

THE FUGITIVE said his wife was upset when she learned about his past but agreed "it was the right thing for me to come back and get the past cleaned up."

He had served 3½ years of a five-year-to-life sentence for a San Francisco grocery holdup when he escaped and could have been paroled within a few months.

The escape will add another sentence of one year to life. "I'm going into this with my eyes open," Baucum said. "When I get out I will be a free man, and I can start a new life."

## Landscaping Plan At Mark Twain

A parent teacher project at Mark Twain School has enhanced the appearance of the building and entry. Under the leadership of Raymond Toepke, president; Lester Knickerbocker and Wayne Kesinger, first and second vice presidents, respectively; and Leslie Hartsberger, principal, junipers and shrubbery have been planted in the planter.

white picket fence was erected to enclose the planter. The project plan includes tulip and chrysanthemum settings in the next few weeks and contemplates tree plants next year, Toepke said.

The fire in the one-story frame building was discovered about 10:45 p.m. and was brought under control about an hour later by Piper City and Chatsworth fire departments. The cause has not been determined.

Without being afraid to look at my self in the mirror."

The escaper decided to give himself up, he went to his father, John Baucum, owner of a television and radio repair shop in John Day, Ore. Then the two consulted San Francisco attorney

Harold W. Tobin about surrendering. The paper did not say how it contacted the fugitive but it did print a picture of him with his father and a San Francisco attorney.

## 'Lead Time' For Living

The phrase "lead time" is one the military commonly uses to describe the length of the period between the first designing of a weapon or plane or ship and the actual production of the item for use.

One of the marks of the post-World War II age is that lead time has been stretching out. As the weapons and devices of war have grown steadily more complex, so has their planning and production become more intricate and difficult. The result is an inevitable slowing down.

This means, of course, that those who are entrusted with long-range planning of our defenses have a graver responsibility than ever before. They must show extraordinary alertness to the swiftly changing needs of the future. They must be able to project their thinking imaginatively into a period ahead where problems can be only broadly foreseen.

A good many U. S. leaders are aware of this necessity. Not so generally realized, however, is the fact that "lead time" has become a factor to reckon with in many fields of life outside the defense realm.

A thoughtful politician took note of this recently. He pointed out that in

the matter of highways, schools, hospitals, general urban planning, industrial layout and expansion and many others it is taking longer and longer to translate plans into reality.

There is thus increasing danger that when the plans are carried out they will already be out of date. This has already happened with highways and schools in many areas. With population due to shoot up another 50 million in less than 20 years, the problem of making plans big enough to fit the country is becoming acute.

The premium today is upon planners who have the foresight to project American life not simply 10 or 20 but 30 to 50 years ahead. This may seem an impossible feat, but it has got to be tried.

Maybe we need a whole new science of long-range planning. Certainly, in the light of our headlong growth, it is reasonable to suggest that we might review all of our present-day planning notions. By the test of adequacy many are not measuring up.

With 175 million people now crowding America and another 50 million coming, we dare not think small. Inadequate planning in the face of these numbers would amount to a surrender to chaos.

## Dixie Wins Gridiron Elections

One of the silliest — though possibly harmless — aspects of the collegiate sports scene is the naming of an All America football team by national magazines.

Because of early deadlines for copy and photographs, the magazines make their actual selections before mid-season. By the time the magazine promulgation is released some of their choices could be immobilized, ineligible or playing in the Canadian league.

Almost as absurd is the rating of one team or another, each week, as the top team in the nation. One excuse for this, of course, is that it does furnish sports editors with something to live on pages early in the week.

If you take into consideration from whence the vote comes, you can find some justification for the pre-season

polls. At least they provide the experts' estimate of team potential.

But otherwise the polls are for the birds. This evidenced by the ranking of Louisiana State as No. 1 team in this week's Associated Press survey, topping such giants as Iowa and Army. The United Press listing ranks Iowa in first, Army in second and LSU (who have they played?) in fifth.

In the AP poll there were 54 first place votes cast for LSU while the Midwest and the East split their ballots between Iowa and Army.

At least you have to give the Dixie respondents — sportswriters and sports-casters — credit for singleness of purpose. Given any kind of an excuse you can almost bet that a team from the Southland will be No. 1 for the season on the AP grid parade.

## Libya May Become Trouble Spot

BENIGHAZI, Libya (UPI)—King Idris I is trying to guarantee the survival of an independent state and monarchy after his death. Diplomats agree it will be a tough job.

The question on what comes after the 68-year-old monarch, first king of a new country, is central in Libyan politics.

As one Western diplomat said: "The king is the last vestige of the unwelcome Islamic leaders who combines religious and political power. When he is gone, the country will be a free-for-all."

"Our enemies would welcome a violent transition and break with the West, whereas the West wants the transition to be peaceful."

As elsewhere in the Middle East, Nasserism, or the brand of Arab nationalism symbolized by United Arab Republic President Gamel Abdel Nasser, is the main force opposing Libya's Western ties.

CAIRO'S POWERFUL voice of the Arab world is widely heard here. Nasser and his Arab nationalism are popular among the younger government officials and especially among the army officers.

Most of the 350 Egyptian school teachers here for Nasser's cause, according to the Egyptian press, are believed to favor Nasser and his UAR ally.

Except for lately offering aid, the Soviets have been relatively quiet. But their short-run aim appears to agree with that of the UAR—to get rid of Western bases and influence.

The king and his government made support agreements with the West. There are about 12,000 American and British troops here and a major U.S. air base at a single U.S. field near Tripoli.

In fact exchange for this mutual defense, Libya gets Western aid for her development. It is no secret that she believes she should get more.

The question of what comes next in Libya is complicated by the fact that it is an artificial state. The first to administer it was the country were the Italians a few years before World War II.

the colonization of Tripolitania, the eastern half, was by the Phoenicians, while Cyrenaica, the eastern half, was dominated by Greeks.

Differences persisted through the centuries. Today Tripolitania is more Europeanized, while tribal customs hold more sway in Cyrenaica.

Between the two is the Gulf of Sirte and there a sea of sand which together form one of the greatest natural barriers in the world.

Although 69 per cent of the population is in Tripolitania, Mohamed Idris el Senussi, the king, is a Cyrenaican.

As elsewhere in the Middle East, Nasserism, or the brand of Arab nationalism symbolized by United Arab Republic President Gamel Abdel Nasser, is the main force opposing Libya's Western ties.

## Squeeze Nets Overtrick

BY OSWALD JACOBY

It pays to play for overtricks any time you can do so safely whether the game is duplicate or rubber bridge.

Now try to make an overtrick at your five club contract. Dr. George Rosenkrantz of Mexico City did by means of a dummy reversal followed by a squeeze.

East won the opening diamond with the queen and could have spoiled the doctor's play if he had shifted to a trump, but East played a second diamond and no one can really blame him.

George ruffed, led a club to dummy with his ace of trumps and played two rounds of trumps. East discarded a spade and his last diamond. George, who had completed the dummy reversal part of his play, let the three of spades go.

Now George led a heart and finished the queen. He continued with the ace and another heart which he ruffed in dummy.

Now he was ready for the squeeze part of his play. He led dummy's last trump and East was in a bind. If he threw away the last of his hearts, he would establish King of hearts and would establish George's nine spot on East discarded a second spade.

Now George led his nine of hearts

# Students Put Halloween Touch On Show Windows

EVEN THE TREES SEEM sinister when the ghosts and bats take to the air and a witch flies past the moon on Halloween night. Working on one of the windows painted by West Junior High School art students are, from left, Peggy Thomas, Shirley Line and Kenneth Horn. (Journal photos)

## 4 Troopers May Be Fired In Truck Quiz

SPRINGFIELD (UPI)—Complaints were filed today against three more state troopers accused of aiding overweight and too-wide trucks get past state police weight stations.

The complaints were filed with the Police Merit Board seeking discharge of the troopers. A similar complaint was filed Tuesday against a Galesburg trooper, Sgt. Robert J. Worden, 32, of the Rock Island District.

ALSO INVOLVED were patrolman Paul V. Ellison, 34, Elmhurst, of the Du Page-Kane County District; Sgt. Albert J. Baruski, 43, Du Page, of the Du Page-Kane County District; and Sgt. John Stephanides, 51, Springfield, of the Rock Island District No. 7. All four are veteran officers.

Director Joseph D. Bibb of the Public Safety Department said the four were accused of "escorting and bypassing" trucks at weight stations "on repeated and different" occasions.

Bibb termed the alleged infractions "very flagrant" and said "we are inclined to think" he believes the troopers have been suspended, Bibb said, and charged with conduct unbecoming an officer, inefficiency, neglect of duty and insubordination. A hearing date has not yet been set, he said.

Tucson, Ariz., under Spanish rule was a walled town until 1854.

## Fire Department Damaged By Blast

WALNUT CREEK, Calif. (AP)—A crude bomb made with a lead pipe — tossed through an open window of the Walnut Creek fire station — exploded with damaging effect Tuesday night but all eight occupants of the building escaped injury. Police expressed belief it was the work of juveniles.

A 10-year tradition is continued this week by art students of East and West Junior High Schools. Under the direction of their art teachers, the students painted Halloween scenes Tuesday on windows at Schuyler Ave. and Merchant St.

For years, according to Mrs. Carolyn Taylor, West Junior art instructor, the two schools used the windows of Citizens System Loans and the Kankakee Federal Savings and Loan Association as a showcase for their art work.

The project has grown in popularity with the public and the pupils and has expanded to include windows of the Hotel Kankakee.

Before beginning their painting, the students choose themes, draw scale model sketches and select colors.

To complete the largest "canvas" of their careers, the students bring ladders, brushes, jars of paint and mixing cans to the downtown site.

Miss Carolyn Bernhardt's East Junior High School art pupils participating in the project were Larry and Vernon Cheffer, Charles Gault, Dan Knauf, Ellie Hoopaw, Pat Mielzynski, Beverly Gates, Janice Young, Paul Sawyer, Bill Vaughn, David Menard, and Leonard Monroe. From Mrs. Taylor's classes were Francis Bradley, Dennis Miller, Calvin Wright, Bob Winters, Bud McKenna, Kenneth Horn, Shirley Line, Kathryn James, Peggy Thomas and Dennis Laws.

**RIVER PEARL.**  
STERLING (AP)—A pearl found in Rock River by Marvin Haenni is about the size of a dime and weighs 48.40 grains. The true value of the pearl is unknown, but a local man offered \$1,000 for it.

**Filipinos, U.S. Plan Missile Site Talks**  
MANILA (UPI)—The United States and the Philippines will open talks here Nov. 12 on the possible establishment of U. S. missile sites in The Philippines, Foreign Secretary Feliberto Serrano announced Tuesday night.

## Convict Sergeant In Brutality Case

FT. JACKSON, S. C. (AP)—A battle-hardened Army sergeant has been convicted of requiring one private to shout obscenities and of conducting a mock hanging to discipline another recruit.

Sgt. I. C. Charles L. Moman, 25, of Empire, Ala., Tuesday became the second Ft. Jackson sergeant convicted of mistreating recruits. He pleaded innocent of all charges.

Moman was reduced one rank to sergeant and fined \$300. He was convicted of these four offenses: 1. Requiring Pvt. Curtis T. H. Moman to shout obscenities and conduct a mock hanging to discipline another recruit. 2. Threatening to hang Moman from a gallows. 3. Kicking a can of greasy solution into the face of Moman. 4. Threatening to hang Moman from a gallows.

Moman was reduced one rank to sergeant and fined \$300. He was convicted of these four offenses: 1. Requiring Pvt. Curtis T. H. Moman to shout obscenities and conduct a mock hanging to discipline another recruit. 2. Threatening to hang Moman from a gallows. 3. Kicking a can of greasy solution into the face of Moman. 4. Threatening to hang Moman from a gallows.

## Judge Upholds Tuskegee Vote Change

MONTGOMERY, Ala. (AP)—A federal judge today upheld the controversial legislative act which all but eliminated Negro voting in Tuskegee, Ala.

U.S. Dist. Judge Frank M. Johnson Jr. threw out a complaint filed by a group of Tuskegee Negroes challenging the constitutionality of the 1957 law which re-arranged city boundaries of Tuskegee.

The legislative act virtually halted Negro voting in Tuskegee by excluding all predominantly Negro residential areas from the city limits.

AS A RESULT, only 10 registered Negro voters were left inside the city in contrast to the 420 who voted there before the act was passed. The 600 white voters in the city were left undisturbed.

The Negroes who challenged the law claimed it deprived them of their rights guaranteed by the federal constitution.

Johnson said that regardless of the motive of the legislature in enacting the law, "this court has no authority to declare such act invalid after measuring it by the yardstick made known by the Constitution of the United States."

"This court has no control over, no supervision over, and no power to change any boundaries of municipal corporations fixed by a duly convened and elected legislative body."

## Gets Year In Prison On Charge Of Non-Support

Herbert Harrison, 29, RR 1, St. Ann, was sentenced to one year at Vandalia State Penal Farm today on a charge of non-support.

Harrison had been put on three years probation Feb. 27, 1958, for non-support of his wife and seven children.

On Oct. 22, 1958 he was arrested for assault and battery and fined \$50 by Justice of the Peace George Genotte, which broke the provisions of his probation.

He had until today to show cause why his probation should not be revoked, but failed to do so.

The one year sentence was given by County Judge Irvin C. Taylor.

# SIX QUESTIONS FOR AMERICANS

**1. ON THE RECORD, WHICH PARTY HAS BEST DEMONSTRATED ITS ABILITY TO MAINTAIN PEACE?**

**The Facts:** In this century Democrats have controlled the executive branch of the government for 28 years, Republicans for 30. During this period we have gone to war three times—each time under Democratic Presidents, never under a Republican administration.

**2. ON THE RECORD, WHICH PARTY IS THE PARTY OF FISCAL INTEGRITY, WHICH PARTY HAS SOUGHT WITH GREATER SUCCESS TO ACHIEVE BALANCED BUDGETS AND SAVE YOUR MONEY?**

**The Facts:** In this century there have been 25 balanced federal budgets, 34 unbalanced budgets. Nine of the 25 balanced budgets were under Republican administration, only six under the Democrats. Of the 34 unbalanced budgets, 22 were under the Democrats, 12 under the Republicans.

**3. ON THE RECORD, WHICH IS THE PARTY OF TAX REDUCTION AND WHICH THE PARTY OF TAX INCREASES?**

**The Facts:** Since 1913 when a Democrat administration started the income tax, there have been 15 increases in tax rates, the Democrats being responsible for 14 of the 15 raises. There have been 10 reductions in the tax, Republicans being responsible for seven of the 10. The last income tax reduction was by the last Republican Congress in 1954.

**4. ON THE RECORD, WHICH PARTY HAS BEST DEMONSTRATED THE ABILITY TO STAMP OUT COMMUNISM IN GOVERNMENT?**

**The Facts:** There are no Alger Hisses, Lee Pressmans, Harry Dexter Whites in high appointive posts in our government today. There have been no Yaltes, no Potsdams under the Eisenhower administration.

**5. ON THE RECORD, WHICH PARTY HAS ACHIEVED THE BETTER RECORD OF INTEGRITY AND HONESTY IN GOVERNMENT?**

**The Facts:** In the Truman Administration alone there were 220 separate scandals; at least 21 officials in the Truman administration were convicted, hundreds more resigned. There has been no such record—or any where near this—in the Eisenhower Republican administration.

**6. ON THE RECORD, WHICH PARTY OFFERS THE BEST HOPE OF PROSPERITY, PROGRESS AND INDIVIDUAL FREEDOM FOR THE WAGE EARNER, BUSINESSMAN, THE FARMER, PEOPLE IN ALL WALKS OF LIFE?**

**The Facts:** Employment figures for 1958 top the best peaks ever reached in Democrat years and this without a war. Social security and compensation programs have been improved. Personal income, individual savings, home construction, and the general level of family living have been higher than for any other comparable time in history.

**The Record Speaks for itself: PEACE, ECONOMY, INTEGRITY, SECURITY, SOUND MONEY and PROGRESS!**

**VOTE ⊗ STRAIGHT REPUBLICAN TUESDAY NOVEMBER 4**

**FOR CAPABLE CANDIDATES FOR IMPORTANT OFFICES. FOR ECONOMY AND EFFICIENCY IN GOVERNMENT . . . FOR SERVICE TO ALL THE PEOPLE OF KANKAKEE COUNTY**

(Adv. paid for by Kankakee County Republican Central Committee)

PICTURED IS AN INTERIOR view of the new Bradwood Post Office, which will be dedicated during ceremonies at 2 p.m. Saturday. Checking the new facilities with Miss Alice Dillon, Bradwood postmaster since 1934, is Vincent Cyrier, Manteno postmaster, who is awaiting the completion of new post office facilities in Manteno. (Story on page 15) (Journal photo)

## Bishop To Dedicate St. Jude's Chapel

MOMENCE—The new chapel at St. Jude's Seminary will be dedicated at 11 a.m. Saturday. Bishop Martin D. McNamara of the Joliet Diocese will officiate at the religious ceremony, highlight of the seminary's 25th anniversary celebration.

The bishop will preach the sermon and will be assisted in the ceremony by the first two priests ordained from St. Jude's, the Rev. Walter Mischke, and the Rev. Patrick McPolin.

The Very Rev. Joseph Poivy, of the Eastern Province and the Very Rev. Emmerich De La Rosa, provincial of the Western Province, will serve as guard of honor. The Rev. Donald Lavelle will direct the seminary choir.

ST. JUDE'S WAS founded in 1933 in a humble frame house in Momence by the Rev. James Tort. In 1936, the present three-story building was constructed atop a knoll overlooking the Kankakee Valley. The seminary grew rapidly and in 1959 a gymnasium and auditorium were built. A convent for the Claretian Sisters was completed in 1956 and in June, 1958, Bishop Preciado consecrated the convent for members of the Claretian Congregation.

In August, 1957, the Very Rev. Peter Schweitzer, superior general of the Claretians, broke ground for the new chapel.

The two-story brick structure has a seating capacity of 400. Its wood paneling and pews are of prefinished walnut and most of the furnishings are of bronze.

The altar is constructed of imported Italian marble. Cost of the chapel and the kitchen and dining room beneath it was \$350,000.

"The new chapel stands as a distinct tribute to the Chicago Police Branch of St. Jude's League," according to seminary spokesmen, who explain, "During the past 25 years the police branch has been very constant and generous in its support of the seminary."

COMPLETION OF THE chapel and dining room greatly enlarges facilities and St. Jude's will be better able to accommodate the increasing number of vocations. St. Jude's is a four-year minor seminary where boys are prepared for the priesthood in the Claretian Congregation.

In charge of decorations and entertainment are Misses Beatrice LaFond, Mary Sica and Gertrude Beaupre. Arranging for refreshments are Misses Mary Ann Bistard, Patricia Burge and Marg Bertrand.

## Recover 13 Bodies At 2nd Mine Blast Site

SUMMERSVILLE, W. Va. (AP)—Rescuers brought out the last of 13 bodies from the blast-shattered workings of a southeastern West Virginia coal mine early today.

Four other men who miraculously escaped death after being trapped underground were hospitalized in Richwood.

Tuesday was the second straight day for tragedy to strike the coal fields.

ONLY THE DAY before, 22 men were killed in an explosion at the Bishop, Va., mine of the Pocahontas Fuel Co. on the Virginia-West Virginia border.

Tuesday's blast centered a mile and a half deep in the Burton mine of the Oglethorpe-Norton Co., a Cleveland-based mining, marketing, ore and shipping concern between here and Richwood.

Fifty-four men were at work underground, but 37 were working on the surface-side of the explosion and scurried to safety without injury.

The Burton operation is a slope mine, bored in the side of Curtin Mountain. It is located in a barely accessible hollow on the banks of the small Gauley River in Nicholas County.

The first of four men rescued reached the surface on his own feet, leaning on the shoulders of his rescuers, some four hours after the blast. He was Arlie Humphreys of Craigsville.

THREE OTHERS, two of them horribly burned, were brought out on stretchers.

NEW LOOK CUMBERLAND HOUSE, Sask. (AP)—The first electricity has been installed at this settlement 225 miles northeast of Saskatoon—the province's oldest community. It was founded as a trading post in 1774 by explorer Samuel Hearne.

In 1954, he said, 7,879 voters cast absentee ballots, whereas about 5,500 absentee ballots are estimated this year.

Final registration figures are still being worked out by the board of election, Holzman said.

HOLZMAN BASED his prediction on the number of absentee ballots cast, requests for mail ballots, and an apparent lack of substantial increase in registration. Another factor, he said, was the lack of a senatorial election, although there are a number of congressional contests.

### Youth At School

## 'Family Nobody Wanted' Will Be Beecher Play

Two boys and two girls will be playing leading roles in "The Family Nobody Wanted," to be presented by the junior class of Beecher High School Nov. 7 and 8 in the Beecher Community Hall. Curtain time is 8 o'clock both nights.

The boys are Gordon Teske who portrays Danny Doss and Norman Setz who will play the role of the Rev. Carl Doss. The girls are Lorraine Kase and Amy Zehr who will play the parts of Nan Johnson and Mrs. Doss.

Others in the cast are Charles McKinney, Merle Stahlberg, Verette Haseman, Gordon Semholz,

Shirley Wehrman, Jane French, Carol Lindeman, Pat Connor, Robert Fisher, Darlene Cowger, Larry Grim and Richard Gills.

Student directors are Barbara Kurth and Barbara Kolar. Director of the production is Melvin Stage manager is Allen Schuldt. Others assisting in the play are Elaine Curtis, Bruce Beckelman, Carol Plagge, Kathy Silk, Beverly Meyer, Mariya Boeckmann and Harold Lantz.

James Hendrix has been elected president of the Commercial Club of Kankakee High School. Other officers are Sandy Ziemer, vice president, and Geri Lynn Froelicher, secretary-treasurer.

James Brown has been named president of the Student Council of Kankakee High School. Other officers are Janice LaRue, vice president, and Barbara Rupp, secretary-treasurer.

The FFA and FFA of St. Anne High School will stage a party Saturday night at 7 o'clock with the theme of "The Future of the Farm."

Purpose of the event is to help members of the two organizations better understand the operations of the club. Barbara Law is chairman of the food committee, Marilyn Syck of decorations and Carol Regal of music.

### Manteno Man Slightly Injured In 2-Car Crash

A 25-year-old Manteno man was slightly injured and given a traffic violation ticket as the result of a two-car collision late Tuesday morning at Route 54 and the Whitaker road.

Edward Grages, 75, Manteno, was ticketed for failure to yield the right of way and given a first fine for a cut by state Trooper James W. Ashbrook.

The Grages vehicle and an auto driven by John I. Grace, 53, Chicago Heights, collided at the junction of the two roads, when Grages attempted to cross Route 54 and Grace drove in front of the Grace car.

Grages said he had stopped for the arterial sign and thought the road was clear when he started to cross the highway.

Grages' 1958 car incurred \$200 damage, and the Grace car, \$200.

### Wrong Name Given In Report Of Accident

Hoover Strickland, 257 N. Schuyler Ave., was incorrectly identified in a story published in Tuesday's Journal as the driver of a 1958 car that was involved in a minor collision with a car at Court St. and Dearborn Ave. Monday afternoon.

The account was published on the basis of a police accident report that was found to be incorrect today.

Police now say the driver was Heck Strickland, 22, of the same address. Both men are employed as drivers for the Kankakee Motor Coach Co.

Heck Strickland, and not Hoover, was ticketed for not having a chauffeur's license.

### Named Pastor Of Ohio Church

The Rev. Robert H. Eram, 284 E. Burke St., has been named pastor of the Rockford, Ohio, Church of the Nazarene. It was announced today by Dr. W. E. Albee, Dayton, Western Ohio District superintendent.

This is his first appointment as a pastor. He and his wife, the former Mary Frances Smith of Dayton, will be presented to the congregation after the morning worship service Nov. 22.

A native of Athens, Ohio, the Rev. Mr. Eram received a bachelor of theology degree from Olivet Nazarene College in 1958.

History Club members of Don-ovan High School are on the prowl—searching for items of historical interest to fill the numerous glass cases around the school and also the museum. The students are eager for old books, old documents, suitable antiques, etc., and are calling upon residents of the community to aid them.

Pat Winterboth has been elected president of the Kankakee High School Art Club.

Other officers are James Thomas, vice president, and James Goodwin, secretary-treasurer.

Six members of the Crete-Monee FFA chapter and its adviser, Orville Bottrell, attended the National FFA convention at Kansas City, Mo. The six were Charles Batterman, Lee Deutche, Elmer Haffeldt, Albert Hign, Mike Knaak and Wesley Ziebel.

### Funeral Friday In Chatsworth For Ernest Kemnetz

CHATSORTH (JNS)—Ernest J. Kemnetz, 68, died at 9:30 p.m. Tuesday in the Dwight Veterans Hospital, having been ill three months.

Mr. Kemnetz was born in Strawn on Aug. 12, 1890, the son of Mr. and Mrs. Anton Kemnetz. He was educated in the Strawn and Chatsworth Township schools, residing all of his life in this vicinity. He was a retired farmer.

He was married to the former Nellie Elizabeth Hornicek on Feb. 26, 1924 in Bloomington.

Surviving are the widow; sons, Howard E. of Chatsworth and Ernest H. Jr., Chatsworth; brothers, George and Fred of Piper City and Joseph of Chatsworth; sisters, Mrs. Ruth Kelsa of Fairbury and Mrs. Anna Arends of Washington, and three grandchildren. A son and three brothers preceded him in death.

Funeral services will be held at 10 a.m. Friday in the Hanson-Moore Funeral Home and at 2 p.m. in St. Paul's Evangelical Lutheran Church in Chatsworth.

The laboring man depends on the church for help in his time of need. The church is not there, and business depends on the working man because without a labor force there could be no production," Sen. McBroome asserted.

"The Republican Party's emphasis on free enterprise has made it possible for labor and business to prosper under peaceful conditions," he added.

Three Democratic wags, he said, brought inflation, heavy casualties, tremendous national debts and unbalanced budgets to the nation.

UNDER EISENHOWER, in spite of an unfriendly Democratic Congress since 1954, the nation has kept out of war and the country has progressed in many directions, said the speaker.

"Republican county administration here has resulted in a county government tax bill of only 7 1/2 cents on the dollar, no bonded indebtedness whatsoever, and efficient, economical administration of public services," he added.

Sen. McBroome told his audience that Bradley was his first home in Kankakee County and that he has watched with great interest the progress and changes that have come to Bradley and Bourbonnais over the intervening years.

"A vote for the straight Republican ticket next Tuesday will be your way of expressing your wish for peace, balanced budgets, economical spending of your dollars, and fairness to all persons in all walks of life," the speaker concluded.

Larry Power, Bourbonnais township supervisor, served as chairman of the meeting, which was arranged by himself and the other GOP committeemen of the township.

Paul Regier, Charles DeLong, Virgil Kinsman, Allen LeVegue, Joseph Moss, Carl McNutt and a committee of No. 5 precinct who were selected to take place of the year, and operation of the merit system, also an innovation for the band. Heading up the council is the band secretary-treasurer, Robert Post.

Other band officers are Kenneth Wrede, president; Carol Carley, vice president; Donna Butzow, reporter; Council members are fresh-

man Sheila Rabe, sponsor; Peggy Gray, junior; Rita Eren and senior Charles Gray.

Pat Winterboth has been elected president of the Kankakee High School Art Club.

Other officers are James Thomas, vice president, and James Goodwin, secretary-treasurer.

## Say Boy, 10, Admits Shooting Woman During Purse Snatch

ENGLEWOOD, Colo. (AP)—A 10-year-old boy verbally admitted to police today he shot a 32-year-old housewife when she refused to give him her purse.

Bill Maraggos, chief investigator for the Arapahoe County sheriff's office, identified the boy as Kerry Dale Casey, son of Charles Wade Casey.

Maraggos said the boy admitted the shooting after he was brought to the county jail. Mrs. Shirley Orlosky was shot in front of her home in this Denver suburb Tuesday evening. She was in fair condition with a small caliber bullet wound in the left shoulder.

Maraggos said the boy roused out of a sound sleep, first denied the shooting but later orally admitted it after a 22-caliber revolver, believed used by the boy, and several other guns were found in the basement of the Casey home.

Maraggos quoted the boy as saying "I didn't mean to hurt her." He said he was "doing it like they do on the TV."

No charges were filed. Mrs. Orlosky said the boy approached her from across the street when she left a bus. "Drop your purse or I'll shoot you," he ordered. "I'm not kidding. I just shot a guy and dropped him."

Maraggos said police went to the Casey home to check out an anonymous phone tip. "He showed no remorse," said Maraggos. "He acts more like a 17-year-old."

Two Mommence persons were found to have died by natural causes, following inquiries by William Spillane, Kankakee County coroner, this morning.

The two persons were Joseph Peter Fontaine, 73, who died in his home Oct. 31, and Peter Staruska, 68, who died in St. Mary's Hospital, Kankakee, Sunday.

Mr. Fontaine was a retired engineer and had been in the employ of the U.S. Army for 30 years. He was a member of the American Legion and had been in the employ of the U.S. Army for 30 years.

Mr. Staruska was a retired engineer and had been in the employ of the U.S. Army for 30 years. He was a member of the American Legion and had been in the employ of the U.S. Army for 30 years.

## Braidwood Post Office Dedication Saturday

BRAIDWOOD (JNS)—The new post office will be dedicated at 2 p.m. Saturday, with the business lobby closing at noon in preparation for the ceremony.

Noah M. Mason, congressman from the 15th District, will be the main speaker. Members of the postal department also will be present.

Refreshments will be served following the ceremony.

The new post office is located on the southeast corner of Main and Center Sts. It is a part of the Post Office Department's leasing program which uses private financing to obtain needed facilities.

Since these facilities remain under private ownership while leased to the federal government, the owners pay local taxes to the company as well as eliminate the need for large outlays of money from the federal treasury for construction purposes.

The facility has 1,248 square feet of interior space in addition to platform space and a parking and maneuvering area for postal vehicles.

The owners are Mr. and Mrs. Lawrence LaMarre of Manteno. The Braidwood Post Office was established on May 29, 1967, with Thomas Gray as its first postmaster. Miss Alice Dillon is the present postmaster, appointed on June 18, 1934.

No decision on the interest boost has been made, an Agriculture Department official told United Press International. Officials have discussed the possibility of an increase, however, this spokesman said, and "realize we may be faced with the necessity of entertaining it."

THE OFFICIAL interest administration policymakers would move slowly and reluctantly in boosting the farm loan rate. He pointed out, however, that the Farmers Home Administration's insured loan program is under pressure from a money market in which other investments pay a better return to private lenders.

One source of funds for the agency's insured farm ownership loans has been completely dried up since early August, the official said. Big banks and other national scale lenders have not invested a cent in the program since August.

Local banks which "buy" insured government farm loans in the communities are continuing to finance the program, the official said. But he said the government rate is "not competitive" with the returns investors can get now in other government or government-guaranteed securities.

15 Urge Passage Of \$248 Million Building Issue

SPRINGFIELD, Ill. (AP)—Fifteen leaders in Illinois medical and educational fields, including heads of departments of neurology and psychiatry at all Illinois medical centers, have unanimously endorsed the \$248,000,000 state building bond issue.

Linked in an unprecedented joint appeal to voters were members of the Illinois Psychiatric Training and Research Authority and the Advisory Body of the Illinois State Psychiatric Institute.

The resolution pointed to "acute" construction needs and "dangerous" critical shortages of patient care and treatment facilities at Illinois state mental institutions.

"While marked progress has been made in state mental health services," the resolution read in part, "the physical shortcomings of the institutional system remain a most serious obstacle to full realization of the benefits which could accrue to prompt application of modern treatment techniques."

Pasture Conditions Best Since 1920

WASHINGTON (AP)—Cows in Illinois, Indiana and Michigan are taking advantage of the most favorable pasture conditions since 1920. Their milk production is way up.

Ample rainfall and normal temperatures as of Oct. 1 contributed to good to excellent feeding conditions for milk cows, a Department of Agriculture report said.

Of the three states, Michigan led on Oct. 1 with an average of 24.8 pounds of milk per day per cow among milkers reporting. Illinois and Indiana reported 21.1 pounds compared with the national average of 18.1.

Last year, the figures were Michigan 22.7, Indiana 20.1 and Illinois 20.8.

Soybean Crown Goes To Arkansas

For those farmers who may be overstocked on the productive capacity of Kankakee area soil it may be shocking to find out that Mississippi County, Arkansas, and the U.S. in soybean production in 1957.

Not only this but it set an all time record for production in a single county. The southern farmers produced 6,408,000 bushels.

## Federal Farm Loan Interest May Increase

WASHINGTON (UPI)—Administration farm officials are considering an increase in interest rates on federal farm ownership loans from 4.5 per cent to the legal ceiling of 6 per cent, it was learned today.

The loans involved are made and supervised by the Agriculture Department's Farmers Home Administration. Other government-insured or government-guaranteed loans made with private funds.

No decision on the interest boost has been made, an Agriculture Department official told United Press International. Officials have discussed the possibility of an increase, however, this spokesman said, and "realize we may be faced with the necessity of entertaining it."

THE OFFICIAL interest administration policymakers would move slowly and reluctantly in boosting the farm loan rate. He pointed out, however, that the Farmers Home Administration's insured loan program is under pressure from a money market in which other investments pay a better return to private lenders.

One source of funds for the agency's insured farm ownership loans has been completely dried up since early August, the official said. Big banks and other national scale lenders have not invested a cent in the program since August.

Local banks which "buy" insured government farm loans in the communities are continuing to finance the program, the official said. But he said the government rate is "not competitive" with the returns investors can get now in other government or government-guaranteed securities.

15 Urge Passage Of \$248 Million Building Issue

SPRINGFIELD, Ill. (AP)—Fifteen leaders in Illinois medical and educational fields, including heads of departments of neurology and psychiatry at all Illinois medical centers, have unanimously endorsed the \$248,000,000 state building bond issue.

Linked in an unprecedented joint appeal to voters were members of the Illinois Psychiatric Training and Research Authority and the Advisory Body of the Illinois State Psychiatric Institute.

The resolution pointed to "acute" construction needs and "dangerous" critical shortages of patient care and treatment facilities at Illinois state mental institutions.

"While marked progress has been made in state mental health services," the resolution read in part, "the physical shortcomings of the institutional system remain a most serious obstacle to full realization of the benefits which could accrue to prompt application of modern treatment techniques."

Pasture Conditions Best Since 1920

WASHINGTON (AP)—Cows in Illinois, Indiana and Michigan are taking advantage of the most favorable pasture conditions since 1920. Their milk production is way up.

Ample rainfall and normal temperatures as of Oct. 1 contributed to good to excellent feeding conditions for milk cows, a Department of Agriculture report said.

Of the three states, Michigan led on Oct. 1 with an average of 24.8 pounds of milk per day per cow among milkers reporting. Illinois and Indiana reported 21.1 pounds compared with the national average of 18.1.

Last year, the figures were Michigan 22.7, Indiana 20.1 and Illinois 20.8.

### Is It Safe To Breathe?

## Air Pollution Study Under Way

Nashville, Tenn. (UPI)—A medical science is conducting a nationwide investigation of the atmosphere to find out if it's dangerous to breathe.

In the last three years, about 56 studies of air pollution have been started by the U. S. Public Health Service in laboratories throughout the United States.

And the mounting evidence that fumes from industrial smoke, auto exhausts and household heating fuel may cause lung ailments, heart disease, allergies and cancer has resulted in PHIS calling a nationwide health conference on the problem. The meeting will open in Washington on Nov. 18 and last three days.

The most extensive probe of the air pollution threat recently started at Nashville. PHIS scientists have established 123 air sampling stations in this southern community to measure amounts of pollution in every section of the city.

DURING THE year-long, half-million dollar investigation, PHIS doctors will keep track of 150 Nashville residents who are suffering from various lung ailments. Purpose of these continuous medical checkups is to determine if these persons' afflictions get worse on days when the sampling laboratory report an increase in amounts of dirty air.

### South Wilmington Sunday School Has Wiener Roast

SOUTH WILMINGTON (JNS)—The members of the Methodist Sunday School and their families held a wiener roast at the church Friday evening.

Games were played and ice cream and pop were served. At 8 p.m., an official Board meeting was held. Mr. and Mrs. Celestine Cliffo were appointed counselors for the NYI.

THE MISSIE Marie Cavello and Darlene Sanders of Chicago spent the weekend in the Peter Cavello home.

The Community Chest drive is under way here. Among the workers are Mrs. Carl Testa, Mrs. Oliver Wallace, Mrs. John Cima, Mrs. Celestine Cliffo, Mrs. Alvin Nichols, Mrs. Kenneth Clodi and the Misses Judy Cliffo, Donna Mary Lard and Judy Stewart. Leroy Bryant, principal of Gardner-South Wilmington High School, is chairman.

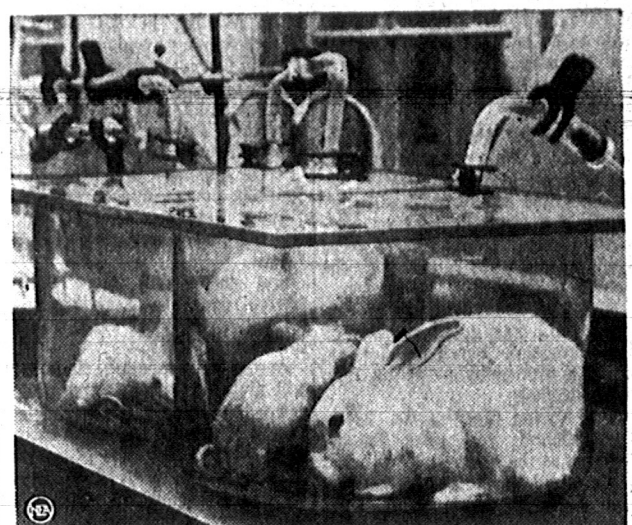

### Menzie's Explains Aussie Policies

MELBOURNE, Australia (AP)—Prime Minister Robert G. Menzie tonight said Australia's foreign policy requires a close alignment with the rest of the British Commonwealth and the United States.

In a political speech in preparation for the parliamentary election Nov. 22, Menzie said the dominant element in Australia's foreign policy is to maintain friendly relations, be good neighbors and have powerful friends.

THESE RABBITS AND RATS at the University of Miami Medical School in Coral Gables, Fla., are being exposed to concentrated air irritants in a nationwide study of how air pollution affects health.

Mortality studies will be made of people who died during the past eight years to find out if they lived in areas where air pollution is especially heavy. Doctors will also check to see which types of fatal diseases showed up the most in these areas.

Intensive animal tests are being conducted in other parts of the country to determine the harmful effects of each of the many airborne chemicals.

Some of these investigations call for exposing rats, mice and rabbits to large, concentrated doses of air irritants, like sulphur dioxide, or to strong mixtures of various air chemicals. The results are then compared to findings of other experiments which show how animals react to chemical doses which are the same as those normally found in the air.

OTHER SPECIALISTS are conducting experiments to determine how animals react to pollution in their natural environment. Research going on at the University

### \$500,000 Fire Probed In Evanston

EVANSTON (UPI)—A fire of unknown origin gutted a 50-year-old elementary school Tuesday night, causing about \$500,000 in damages and halting classes temporarily for 550 students.

No one was hurt in the blaze which broke out in a third floor classroom of the all-Negro Foster School after students and janitors left for the day.

Cause of the blaze had not been determined, but Fire Marshal James Geisheider said he would investigate "the possibility that the fire was of incendiary origin. I can not overlook the possibility of arson."

FLAMES SHOT from 50 to 60 feet high, and part of the roof of the three-story brick building, built in 1908, caved in before firemen from 11 Evanston and six Chicago fire companies brought the fire under control.

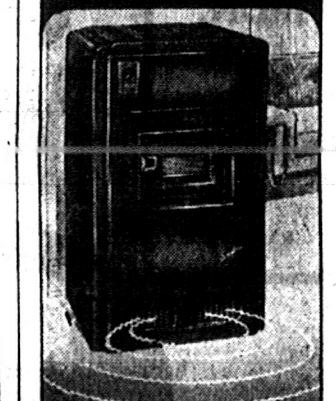

Oscar Langphar, business manager of the school district, estimated that the school's 550 students in the first six grades would attend classes in makeshift rooms at the Foster Field House adjacent to the school beginning Thursday. Kindergarten classes for 100 children were postponed.

Some of the mice and rats exposed to concentrated pollutants have developed cancer and other ailments. Some of the pollutants killed these animals almost immediately.

Scientists explain that so far there is no absolute proof that air pollution causes death and disease in human beings. But they say that damaging evidence keeps piling up against the airborne chemicals every day.

Some of the mice and rats exposed to concentrated pollutants have developed cancer and other ailments. Some of the pollutants killed these animals almost immediately.

### Millford Church Society Plans For Annual Party

MILFORD (JNS)—The October meeting of the Young Women's Society of the Christian Church was held Friday afternoon in the home of Mrs. Walter Davis with 16 present. Two guests, Mrs. Lydia Wilmoth and her daughter, Mrs. Floyd Allen, of Clinton, Pa., attended.

The opening prayer was given by Mrs. Clarence Leaver and the scripture was read by Mrs. Davis. Mrs. Leaver, chairman, conducted the business meeting. Members voted to contribute \$5 to the school for retarded children in Watska and also to pay the gas bill due on the church kitchen.

Mrs. Oscar Dasey was appointed cheer card chairman. The anniversary party was discussed and members voted to hold the 39th annual party on Nov. 6 in the church dining room.

The following committees were appointed by the chairman: Program — Mrs. Walter Davis, Mrs. Elmer Callahan, Mrs. James Cowan, Mrs. Louis Freeman and Mrs. Lee Hutton.

Dining room — Mrs. Clarence Leaver, Mrs. Gabe Lyon, Mrs. Er-

### GG Bridge Club Of Ashkum Meets

ASHKUM (JNS)—Mrs. Anna Collette entertained the G. G. Bridge Club in her home Monday evening.

At cards, Mrs. William Duax and Mrs. Elmer Ponton won prizes. A special prize, brought home by Mrs. Collette from her recent trip to the Ozarks, was won by Mrs. Ida Merkle.

Lunch was served by the hostess. The next party will be held in '60 weeks in the home of Miss Nellie Fruin.

next Salzman, Mrs. Oscar Dasey, Mrs. Art Tubbs and Mrs. James Williams.

Kitchen — Mrs. Walter Harris, Mrs. George Roush, Mrs. Eva Black, Mrs. Winnie Rush, Mrs. William Shouffer and Mrs. Joe Kennedy.

Games and contests were conducted by the hostess during the social hour. A comedy monologue was given by Mrs. Elmer Callahan. Refreshments were served by the hostess.

Apron and napkin sales were held following the social hour and a new project, candy sales, was started.

### Charge Canadian Killed 2 American Women In Mexico

MEXICO CITY (UPI)—Police said today they had arrested a Canadian on charges of murdering two American girls, Harriet Anne Shilling and Anita Curry.

The Canadian was identified as Richard J. Thomsen and police said he was believed to be wanted by both American and Canadian police. He was arrested by security agents in front of the Hotel Del Prado, armed with a knife.

Police said Miss Shilling was found dying on the highway near Puebla almost naked and savagely beaten. She recognized her murderer from pictures shown to her by police before her death.

### McElroy In Turkey

ANKARA, Turkey (AP)—U. S. Defense Secretary Neil McElroy arrived in Ankara today for a round of talks with Turkish leaders and American military advisers on Allied defense problems.

### Cabery Man Will Leave For Navy

CABERY (JNS)—A farewell dinner for Richard Sargeant, who will enter the Navy on Saturday, was held Sunday in the Wayne Sargeant home.

Those present included the Mitchell Johnston family of Piper City, the La Van Studer family and the Sargeant family.

### Hold Yule Party For Cancer Victim

SAN ANTONIO, Tex. (AP)—There was a Christmas party at a hospital here Tuesday, but no one except the guest of honor enjoyed it very much.

About two dozen friends, relatives and nurses crowded into the room of Eva Minor, 13. They gave her presents, decorated a Christmas tree and ate ice cream and cake.

Eva was happy, but a little suspicious. She was tired when the guests had left. Her parents sat quietly during the party.

Doctors say the dark-eyed eighth-grader will never see the real holiday.

## U.S. Reports Few Phases Of Dip Linger

WASHINGTON (AP)—Although some phases of the recession still linger, the Commerce Department says business has fared better than usual this autumn.

In its monthly survey of the business situation, the department said Tuesday that various economic indicators show the business recovery now is rather broad. There were a few dark spots, however. The report gave this summary:

"The recovery in employment has been rather limited; investment in industrial and commercial facilities, although leveling off, is not yet advancing, and auto production still has not given the stimulus which will come with large scale output of 1959 cars."

## BUT EXCEPT FOR THE, department said industrial production has shown a marked comeback.

The better-than-expected pick-up, the report said, has been reflected in rising prices for commodities which climbed by 1½ billion dollars last month to a record rate of 357½ billion a year. Most of the increase was credited to higher wage and salary payments.

Meanwhile, the Internal Revenue Service reported that despite the recession federal tax collections during the fiscal year that ended June 30 fell only 200 million dollars below the previous year.

That figure is somewhat misleading, however, because the major impact of the recession on corporate taxes falls during the current fiscal year. The service said the tax total for fiscal 1958 reflected increased Social Security taxes which went into effect in January 1957.

Altogether, the federal tax take for fiscal 1958 came to \$75,758,000,000, second only to the record \$86,172,000,000 of fiscal 1957.

## Edison PTA Adopts Plan To Landscape School

A family plan for landscaping the school grounds was adopted at the Thomas Edison Parent-Teacher Association meeting Tuesday night.

Forest Clatterback, chairman of the landscaping committee, presented the plan, along with "before and after" sketches drawn by Mrs. Eleanor Hoeft's high school art students, depicting the school as it is and as it would appear with trees and shrub plantings.

Those at the meeting accepted the plan to plant 14 silver maple trees along Maple street and the sidewalk leading to the building; 16 junipers in front of the building and five globe arbovitae in the planter box in front of the building.

Since the planting season is now, a number of on-the-spot contributions were made and it was agreed to plant the trees at 9 a.m. Saturday. Parents and friends wanting to contribute to the landscaping fund may send donations to the school by Nov. 10, designating the gift for the purpose.

A suggestion by Miss Ava M. Cassidy, head teacher, that the pupils be permitted to participate was accepted and Principal Leslie Harshbarger's suggestion that the children's donations should buy the globe arbovitae was also accepted. Those present agreed on the immediate total program in preference to adding plantings in successive years.

## Iroquois Hospital

WATSEKA (JNS)—The following admissions, discharges and births were reported for Tuesday at Iroquois Hospital:

Admitted: Mrs. Leslie Wilken, Remington, Ind.; Mrs. Wilma Verker, Watska; Miss Marie Zwart, Sheldon; Mrs. Jeanette Farris, Watska; Mrs. Catherine Humes, Watska.

Discharged: Mrs. Judith Kruger and girl, Milford; Mrs. Dianne Hendry and girl, Woodland; Mrs. Darlene Preiser and girl, Martin; Mrs. Emma Schmid and girl, Cissna Park; George Spiller, Iroquois; Mrs. Gloria Decker, Sheldon.

Births: A boy to Mr. and Mrs. Robert Verker, Watska; a boy to Mr. and Mrs. Ralph Farris, Watska; and a girl to Mr. and Mrs. Harold Rosalus, Crescent City.

## How To Hold FALSE TEETH

More Firmly in Place

Do your false teeth annoy and embarrass you a little? Drop or wobble when you eat, drink or talk? Just apply a little PASTEREEN to your dentures. This attractive, non-toxic powder holds false teeth firmly in place and more comfortably. No more wiggling or slipping. Apply PASTEREEN to your "Chucka" plate color dentures. Get PASTEREEN today at any drug counter.

## Reservations For INSN Club Dinner Still Available

Reservations may still be made for the Kankakee County INSN Club dinner Nov. 6.

Mrs. Mabel Rucker, Bourbonnais, is in charge of reservations for the 6:30 p.m. meeting in St. Paul's Lutheran Church.

Alumni, friends and parents of students of Illinois State Normal University are urged to attend the dinner, Mrs. Rucker said.

Featured speaker will be Dr. Cecilia J. Lauby, coordinator of off-campus student teaching at INSN. Her topic will be "What's New in the Teaching Profession."

The program will include a film, "With Faith in the Future," which reviews major events on the INSN since its founding in 1857.

## Give Aptitude To Girls Interested In Nursing Career

Five girls interested in a nursing career took aptitude tests, given for the first time Tuesday at St. Mary's Hospital School of Nursing, Nov. 4.

The five tested Tuesday were from Kankakee and St. Patrick Central High Schools and St. Joseph's below the Seminary.

The tests will be administered Nov. 5 and 19 at the nursing school, Nov. 4 to 10 at Holy Family Academy, Beaverville; Nov. 10 at St. Patrick's Academy, Mokena; Nov. 17 at Our Lady Academy, Manteno; and Nov. 8 at St. Mary's Academy, Joliet, all from 12:30 to 5 p.m.

Scholarships are offered by the Women's Auxiliary to the Kankakee County Medical Society for qualifying girls.

## Steuben Panel Discusses Science At PTA Meeting

The study of science at Steuben School from kindergarten through the grades, was reviewed for members of the PTA Tuesday night by a panel of teachers from the school.

Forming the panel were Miss Charlotte Hoffman, Miss Marie Schneider, Mrs. Clara Taylor, Mrs. Opal Brown, Miss Yvonne Ambler, Mrs. Margaret Graf, Mrs. Luella Smith and Principal Robert Drew.

The teachers explained how science is taught in their respective classes emphasizing that their primary aim is to teach the children to observe, compare, investigate and experiment.

As another part of the program Kankakee apt. Donald Gray discussed the blue ballot amendment in the upcoming election.

PTA President Charles Breibach announced the next executive board meeting would be Nov. 12 at the home of Mr. and Mrs. John Brink. It was also announced the PTA membership is now 601.

The meeting was opened with the singing of "America" led by Alfred Wakefield.

# Debate Court Reform, Bond Issue

SPRINGFIELD (UPI)—A state senator has charged that the call of most justices of the peace is so low that "judges under the judicial amendment (to be voted on Nov. 4) could appoint worse magistrates than most justices of the peace now in office."

Sen. W. Russell Arrington (R-Evanston) made the charge Tuesday in a daylong debate on the judicial amendment and the 248-million-dollar bond issue also to be voted on Tuesday. The debate was sponsored by the Illinois Civic Exchange.

If the judicial amendment is approved, judges and police magistrates also would be abolished. State Rep. Edward C. Eberspacher (D-Shelbyville) argued against the judicial amendment.

He said it would "create more evils than it seeks to cure." "RATHER THAN remove the judges from politics as intended, he said, the amendment, by permitting circuit judges to appoint magistrates, would "create a bureaucracy out of the judiciary."

Prof. Rubin Cohn, of the University of Illinois, also attacked the amendment as giving the Legislature too much control over the courts. He called for constitutional protection of the length of judges' terms and said "the amendment leaves blank and unanswered."

State Sen. George E. Drach (R-Springfield) said the amendment was the best available answer to the "inadequate, inefficient and inflexible" present court system. The 248-million-dollar bond issue for state universities and welfare institutions was praised as "meeting the needs of a spiraling student enrollment" and attacked as a "colliqually inspired and unnecessary 'deficit spending'."

STATE REP. PAUL SIMON (D-Troy) and John Cox of the Illinois Agricultural Association opposed the bond issue on a "pay as you go" basis. He also suggested the possibility of a state income tax.

COX SAID, "THE present generation ought to take care of its own debts and not leave our children's financial woes."

After the meeting, Eberspacher said he is "going to look into attempts by state agencies to 'propagandize the public' for pet legislation" through state publications.

He cited the back cover of the September issue of the Welfare Bulletin, official organ of the State Welfare Department, which plugged for a "yes" vote on the 248-million-dollar bond issue.

Welfare Director Dr. Otto L. Bettag retorted that the magazine was "run in this fashion for the last 50 years, and if you want to fire the staff, go ahead—it's only one person."

He said "a waiting game would be disastrous for Illinois education and mental welfare."

Simon said the state has "no economic excuse for floating a bond issue for this much money," and suggested instead that the sales tax be broadened to finance the building program on a "pay as you go" basis.

COX SAID, "THE present generation ought to take care of its own debts and not leave our children's financial woes."

## Americans Win '58 Nobel Prize

STOCKHOLM (AP) — Three American scientists won the 1958 Nobel Prize in Medicine and Physiology today for solving some of the basic riddles of heredity.

## Set Off Biggest Underground Atom Explosion

Blast Shoots Dirt 1,000 Feet Over Nevada Mesa

ATOMIC TEST SITE, Nev. (AP) — The biggest underground atomic explosion ever touched off by the United States blasted up through the top of a mesa today and shot a column of dirt more than 1,000 feet into the air.

The shot rocked the ground where newsmen were stationed 4½ miles away and shook large boulders off the edge of the mesa. The completion of this test in a tunnel left just one more to go today before the test deadline set by President Eisenhower at midnight tonight.

Actually the deadline will be 4 p.m. here because that will be midnight, Greenwich time. How long the blast remains in effect depends on the outcome of talks between the United States, Britain, and the Soviet Union.

The underground explosion, Blanca, was touched off in a tunnel that had dug 2,500 feet into the side of a mound and under a mesa.

THE GREAT column of dirt that sped up, probably 500 feet thick, began subsiding five minutes later and drifting away.

This explosion was rated as having the force of 20,000 tons of TNT, the same power as the atomic bombs dropped on Japan in World War II. This force is equal to that of a 48-car trainload of TNT.

Windup of testing brought sadness to Atomic Energy Commission scientists and officials. Col. Ernest Tinson, technical director of Defense Department participation in atomic tests, said: "Lots of us who have been in it a long time sure hate to see today be the end."

When the last of the Los Alamos, N.M., scientific laboratory's test weapons was detonated Wednesday night, "Taps" sounded over loud-speakers at News Broadcast observation point.

This series has operated on the most stepped-up schedule of any ever conducted here in order to beat the suspension deadline. Three weapons were exploded on two separate days—the first time this had ever been done here.

The winners are Dr. George Wells Beadle, 55, of the California Institute of Technology; T. L. Taum, 48, of New York's Rockefeller Institute; and Joshua Lederberg, 33, of the University of Wisconsin.

THE ROYAL CAROLINE Institute of Medicine said half the \$41,420 prize would go jointly to Beadle and Tatum "for their discovery that genes act by regulating specific chemical processes."

Describe the work of the prize winners, Prof. Torbjorn Caspersen of the Royal Caroline Institute said the research of Beadle and Tatum in the early 1940's "led to the discovery that the individual gene acts by directing individual steps in the course of chemical synthesis in the cell. All the substances in the cell are built up step by step in a long series of synthesizing processes."

"THE INDIVIDUAL STEPS are governed by individual genes by their regulation of the production of specific enzymes for each separate step."

Caspersen, himself a world authority on genetics, said this discovery "offered the first chance to understand the mode of action of the genes" and is one of the foundations of modern genetics.

Their research was based largely on a red bread mold called *Neurospora crassa*, which Beadle described as "one of the most useful genetic guinea pigs."

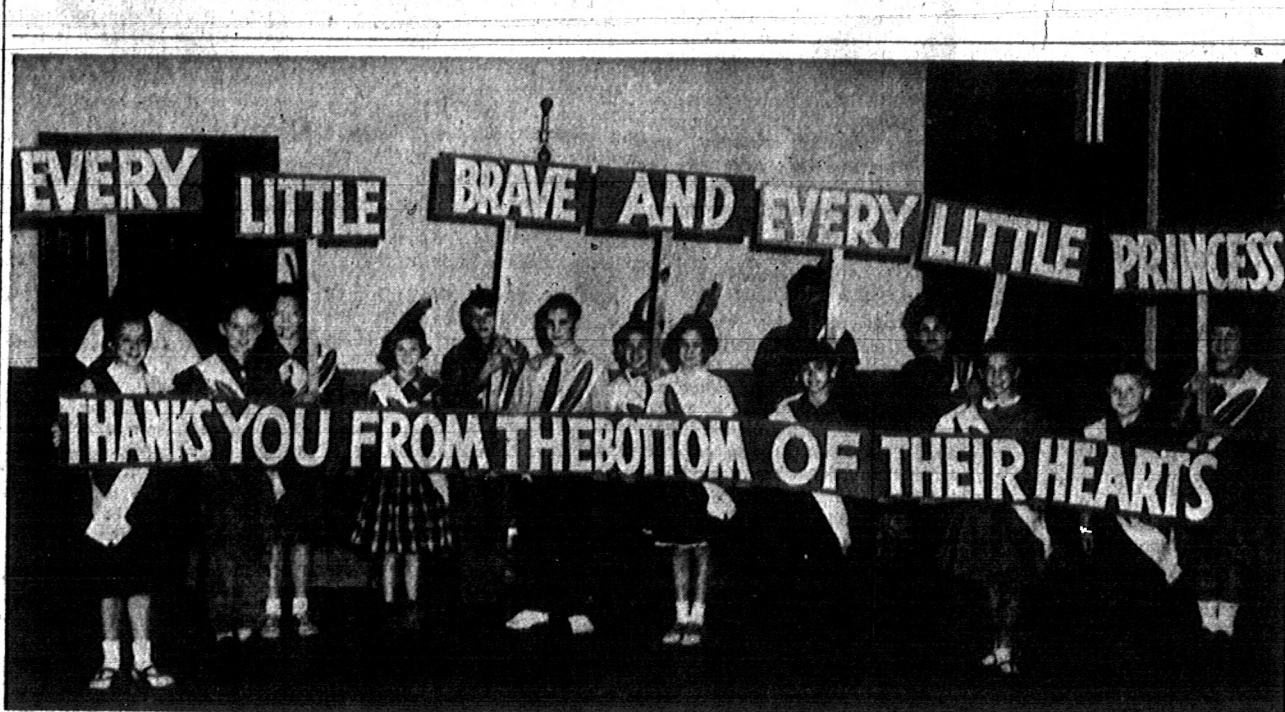

Any strain of this mold can be multiplied a million times in a couple of days without genetic change.

Using swiftly multiplying bacteria as genetic guinea pigs, viewed as one of the great advances in genetics.

Their research was based largely on a red bread mold called *Neurospora crassa*, which Beadle described as "one of the most useful genetic guinea pigs."

Any strain of this mold can be multiplied a million times in a couple of days without genetic change.

## DESCRIBE MINE REEL

RED FEATHER KIDS representing Community Chest agencies spelled out this thank you message as the final report meeting today showed that pledges went over the top of the \$145,186 goal set for the 1959 fund drive. Dr. Anthony Marinaccio was general chairman of the annual campaign this year. Most volunteer workers made final reports today, but some pledges remained to be reported. (Journal photo)

## Community Chest Tops Goal

The Kankakee area Community Chest campaign wound up today with receipts about \$6,800 over the goal.

Campaign workers at the final report session brought in pledges and gifts totaling about \$156,045. The final total may be somewhat higher since some division chairmen reported incomplete returns.

THE DIVISION total reported today, compared with their entire goal, was: clubs and organizations, \$599 against a quota of \$500; taverns, \$1,038 against a quota of \$750; special, \$1,666.80 against a quota of \$1,000; government and education, \$6,239 against a quota of \$5,500; and professional, \$7,586.60 against a quota of \$5,000.

Also, small business, \$5,249.50 against a quota of \$5,000; service, \$23,367.96 against a quota of \$23,250; large business, \$23,656.21 against a quota of \$23,115; construction, \$5,184.90 against a quota of \$5,719; and industry, \$14,387.87 against a quota of \$10,435.

The amount collected this year was about \$1,900 lower than the total pledged in last year's campaign which went \$10,000 over its goal. However, late reports should swell the final figure for this year's campaign.

The final report meeting was sponsored by the Kankakee Rotary Club. L. D. Corkins, Rotary president, presided and introduced Dr. Anthony Marinaccio, general campaign chairman, who called for reports.

Other government agencies said they had received reports that they had sought to incite religious hatred.

Hagerly said religious leaders of the several faiths in California—Roman Catholic, Episcopal, Baptist and Lutheran—had been invited to testify at the White House.

## Prayers, Singing Kept Up Courage

SPRINGHILL, N. S. (AP) — Twelve miners brought to the surface today after being trapped nearly a week in a wrecked coal mine told of praying and singing hymns to keep up their courage as they waited out the long, dark hours.

Some of the sturdier ones told of the ordeal after their dramatic rescue early today from the Cumberland No. 2 coal mine, where they were trapped by a massive earth shift last Thursday night.

The force of the shift tossed them against the roof of the tunnel where they were working more than two miles from the mine entrance.

HUGH GUTHRIE, 31, said he was buried up to his chest but remained conscious. He said he knew some of his comrades were dying along the coal wall. Other miners dug him out.

The 12 found themselves trapped in a pocket 100 feet long and 3 feet high. By some miracle, there was no gas and some fresh air seeped in through the debris, Guthrie said.

"At first we tried to dig our way out but soon we got so weak we had to stop," he said. "We had no food and no water since Sunday morning, the last thing we ate were a few crusts of bread."

"We rationed our lights and kept our hands warm by rubbing them together," he said. "We had no food and no water since Sunday morning, the last thing we ate were a few crusts of bread."

"We rationed our lights and kept our hands warm by rubbing them together," he said. "We had no food and no water since Sunday morning, the last thing we ate were a few crusts of bread."

## Nixon Sees GOP Victory In Illinois

CHICAGO (AP)—Vice President Nixon today forecast a Republican victory in Illinois in next week's election.

"There isn't a state in the union where the reports for a Republican victory are more optimistic than Illinois," Nixon told newsmen.

The vice president spoke briefly with reporters before taking off by airplane for Fort Dodge, Iowa, the next stop on his whirlwind speaking tour in the last week of the campaign.

He made a brief overnight stop in Chicago.

NIXON SAID he had received an optimistic report on GOP prospects in Illinois from two state leaders, Francis X. Connell, GOP Cook County (Chicago) chairman, and James C. Worthing, fund-raising campaign head for Illinois Republicans.

They met at breakfast with Nixon in the vice president's hotel suite.

"There has been an upturn in our fortunes over the past weeks," Nixon told reporters. "Before that, we heard some reports of a Democratic tide."

## California Report Denied By Ike, Nixon

WASHINGTON (AP) — The White House denies President Eisenhower has taken any stand on whether California should wipe out its tax exemption for parochial and other private schools.

The announcement of the administration's position came late Wednesday on the heels of word that the Federal Communications Commission and the FBI had had complaints about California broadcasts on the subject.

James C. Hagerly, Eisenhower's press secretary, said more than 50 telegrams had been received at the White House protesting the broadcasts which implied that Eisenhower and Nixon favored a proposal to cancel the tax exemption.

HAGERLY WOULD not discuss the content of the broadcasts, but he said there was an implication as to the stand of Eisenhower and Nixon.

Other government agencies said they had received protests that they had sought to incite religious hatred.

Hagerly said religious leaders of the several faiths in California—Roman Catholic, Episcopal, Baptist and Lutheran—had been invited to testify at the White House.

The school taxation proposal on the California ballot for next Tuesday's election.

## Dad Weeps At Fugate Murder Trial

LINCOLN, Neb. (AP)—The father of a slain schoolboy wept today as he identified at the Carl Fugate murder trial jury a picture of his dead son.

Fifteen-year-old Carl, charged with aiding and abetting the murder of his brother, Charles, was in the slaying of Robert W. Jensen, watched the show of emotion quietly but intensely.

Robert E. Jensen, operator of a general store in nearby Bennet, Neb., was the first prosecution witness in the first degree murder trial.

Young Jensen, 17, and his girl friend, Carl King, 16, left home for a short evening ride last Jan. 22. Bodies of the pair, both shot to death, were found the next day in a storm cave.

THE TWO WERE among 10 persons slain during a three-day murder rampage in Nebraska and Wyoming last January. Carl was Starkweather's companion during the bloody flight.

Carl maintains she was not an accomplice but was a hostage and Charles McCarthy, her attorney, told the jury she was an immature person cowed by an armed and desperate killer.

The hunt for Starkweather and Carl began after the bodies of Carl's mother, step-father and half-sister were found in their home. Carl has maintained she did not know of these deaths until she and Starkweather were captured in Wyoming.

## Ohio Factory Blast Kills 4, Injures 8

SPRINGFIELD, N. S. (AP) — Twelve miners brought to the surface today after being trapped nearly a week in a wrecked coal mine told of praying and singing hymns to keep up their courage as they waited out the long, dark hours.

Some of the sturdier ones told of the ordeal after their dramatic rescue early today from the Cumberland No. 2 coal mine, where they were trapped by a massive earth shift last Thursday night.
