## QUELL PRISON RIOTS AFTER ESCAPE

### FLOODS MENACE THE LEVEES IN MANY SECTIONS

Workers Patch Sea  
Walls in Several  
States.  
FEAR MORE RAIN.

Chicago, Jan. 18.—(AP)—Turbulent rivers overburdened by winter rains cut deeply into levees today to re-verse fears of widespread floods in parts of the middle west.

Hundreds of men patched weakened sea walls in Missouri and Arkansas where flood conditions were acute. Many streams which broke their banks and inundated thousands of acres in Ohio, Indiana and Illinois last week renewed a climb toward flood stages.

Charles L. Blanton, WPA supervisor, termed conditions in southeastern Missouri critical. Fresh "shock troops" joined an army of 1500 workers, most of them WPA employees, in an effort to stem the raging St. Francis river's assault on levees.

**Fear for Levees**  
Blanton reported levees near Holcomb, Kennett and Senath, Mo., were in bad condition. Waters rose to within six inches of the 1935 high water mark and exceed that of 1927. Relief agencies sheltered more than 250 families evicted from their homes by flood waters, in Stoddard, Butler and Dunklin counties.

In northeastern Arkansas, the White River rose to a 30 foot stage, four feet above the flood mark. A hundred WPA workers and 30 U. S. engineers worked on three levees near Newport. Ouchita river flood waters inundated a seven mile area in southwestern Arkansas. Near Paragould, Ark., the St. Francis gouged two large breaks in the levee, flooding some 7,000 acres and marooning a hundred homes. Engineers kept watch on the rising Mississippi river.

Light rains brought a rise in streams throughout Indiana but flood crests moved south toward the Ohio river. High water kept many state roads closed.

**Reverie Trains**  
W. O. Devereaux, Cincinnati meteorologist, predicted residents along the Ohio river would not be menaced further unless rains were heavy. In the Youngstown area the Mahoning river rose dangerously. The Pennsylvania railroad planned to reroute trains at Niles where flooded tracks hampered rail traffic last week.

The Wabash river rose 7.8 feet above flood stage at Mt. Carmel, Ill., forcing 100 families to evacuate their lowland homes. The waters of the Kankakee river spread over half of Fayette county, flooding much farm land.

### Truck Driver Unconscious In Accident

Emil Selfert, 45, of 1026 South Myrtle avenue, driver for the Domestic laundry company, was knocked unconscious when his truck collided with a machine driven by Ray Langlois, 217 South Greenwood avenue at 5 o'clock Saturday evening at the intersection of Chestnut and Dearborn avenues.

Selfert was taken to St. Mary hospital where a wrenched back was believed to be his only injury. He was reported resting comfortably at his home today.

Two other accident reports were filed at police headquarters Saturday and Sunday. At Washington and Station streets, machines of Peter Yarno, 305 South Sixth avenue and Roy Swinington of Forrest were involved in a crash. At the Rosewood and Merchants intersection, cars of Harvey Smith of Bradley and an unnamed driver crashed without serious damage.

### Baker Estate Left Entirely to Widow

The will of Myron F. Baker, formerly of 808 South Myrtle avenue, who died recently, was filed for probate today in the office of the county clerk.

The instrument, dated April 4, 1930, bequeaths the entire estate to the widow Mary L., with the stipulation that she make an equitable division of what she does not need to their children. She is named executrix.

Witnesses of the will are J. A. and M. S. Baker.

### Will Ask Appropriation To Halt Closing of High Schools

By HARRIS COATES  
United Press Staff Correspondent  
Springfield, Ill., Jan. 18.—(UP)—One of the first bills which will be proposed to the 60th biennial session of the Illinois legislature will ask for an emergency appropriation to prevent closing of a number of high school doors, Secretary Robert C. Moore of the Illinois Education association announced today.

Claiming that the financial situation in at least 11 high school districts in southern Illinois "is acute," Moore said the association bill will ask that emergency aid be distributed through regular school administrative channels.

Board of education officials in Zeigler, Christopher and Johnson City, Moore said, have already inquired about legal methods of closing high schools saying they may be financially unable to open next September. At present state aid is to grade schools only.

Thousands Affected  
Moore estimated that between 8,000 and 9,000 high school students will be affected by the threatened

### STRIKE PARLEY SEEMS CLOUDED BY NEW CHARGE

Workers Claim The  
Manufacturers in  
"Bad Faith."

### STAY IN PLANTS

By the Associated Press  
Detroit, Jan. 18.—Abrupt breakdown of efforts to settle the far-flung automobile strikes came today from a five-minute meeting of officials of General Motors corporation and the United Automobile Workers of America.

"There was no discussion," a General Motors statement said. "There can be no bargaining until the plants have been evacuated."

"The conference is off," Homer Martin, U. A. W. A. president, said as he and his associates left the conference room in the General Motors building.

Agreement "Not Kept"  
The corporation charged the union's agreement with Governor Frank Murphy to evacuate its "sit-down" strikers from General Motors plants by Monday "has not been kept."

The union said corporation officials committed "acts of bad faith."

Thus the strike tie-up which has paralyzed assembly lines in each of the eight corporation's automotive divisions and has thrown more than 115,000 wage earners out of work, remained in as tight a deadlock as it was before Governor Murphy brought both sides together in a rescue attempt.

The fishermen's plight became known when Walter and Fred Beyer of Marinette paddled to shore on a thick slab of ice. They said five trucks and \$6,000 worth of nets were also marooned on the floor.

No immediate fear was felt for the lives of the men because of the thickness of the ice.

### Good Advance Sale for Police Dance

"The advance sale of tickets for the annual policeman's ball has been gratifying," Daniel Bergan, general chairman, announced this morning. "We confidently expect a larger crowd than last year."

Officers Edmund Klafka and R. Don Bleau, who are canvassing the various merchants, professional and industrial groups of the city, report nearly 100 per cent cooperation. They expect to finish their canvass this week in the outlying districts.

Chairman Bergan indicated today that a floor show is being considered as added entertainment for the cops' hop which will be on Jan. 27 at the Del Rio ballroom.

### Auto Catches Fire An Hour After Crash

Firemen were summoned to the used car lot of the Chamberlain Motor company at Station and East avenues at 1:40 o'clock this morning to extinguish a fire in an automobile which caused damage estimated at \$200.

The auto, operated by Neal Vickery of Bradley, had been disabled in a collision with a truck at the cemetery curve on route 49 an hour earlier and had been pushed onto the lot and left there. It is believed the crash may have jarred loose or crossed the ignition wires in some way, causing the fire to start.

When firemen arrived the whole inside of the tonneau was in flames. They used most of the water in their booster tanks to put out the blaze.

Two other fire calls were answered by the department over the week end. At 6:10 p. m. Sunday evening, firemen made a run to the grocery store of Joseph Ciacio, 250 North Eighth avenue, to put out a blaze starting from an awning. The awning, valued at \$17, was destroyed.

On Saturday, the department was called to the home of Vernon Laughlin, 1141 South Osborn avenue, where wallpaper over a flue stopped caught fire while the chimney was burning hot. A small place was burned on the wall.

### 10 Fishermen Cast Adrift in the Lake

Menominee, Mich., Jan. 18.—(AP)—Ten fishermen were cast adrift today when a strong off-shore wind carried a huge ice field into Green Bay. Commercial fishermen set out in boats in a rescue attempt.

The fishermen's plight became known when Walter and Fred Beyer of Marinette paddled to shore on a thick slab of ice. They said five trucks and \$6,000 worth of nets were also marooned on the floor.

No immediate fear was felt for the lives of the men because of the thickness of the ice.

### Iroquois Coroner Has His First Case

Sheldon, Jan. 18.—(RN Special)—Verne K. Bussert of Sheldon, newly elected Iroquois county coroner, had his first case over the week-end. He was called to Danforth to hold an inquest at the death of Ed J. Manssen, 51, who died Saturday at his home of heart failure.

Mr. Manssen suffered an attack after attending a basketball game on Friday evening and succumbed the following day. He had previously been subject to attacks.

Funeral arrangements are incomplete, but burial will be in Danforth cemetery. The deceased was born May 29, 1885 in Danforth and lived there all his life. He was engaged in farming two miles south of Danforth. He leaves his widow and three children.

### Legislation May Deal With Court

Washington, Jan. 18.—(AP)—Senator Minton (D., Ind.) said after a White House conference today that President Roosevelt would hold a conference soon on possible legislation dealing with the supreme court.

The Indian said he had discussed generally the question of the court with the president, but was not at liberty to disclose details.

He said he himself would favor a bill requiring at least seven of the nine members of the court to concur before an act of congress could be held invalid.

"That is one way we can obtain legislation we have been seeking," Minton remarked.

"Everything we have been fighting to get around today was the result of five-to-four or six-to-three decisions."

### KIDNAP-KILLER NOW SOUGHT IN SO. CALIFORNIA

Federal Agents In  
Quick Swing to  
That Locality.

### SUSPECTS HELD

Los Angeles, Jan. 18.—(AP)—The long expected "break" was believed near today in the search for the swarthy kidnaper and killer of 10-year old Charles Mattson as federal agents concentrated suddenly in southern California.

A dramatic swing in the manhunt to this region from the scene of the crime in Washington 1,200 miles north was interpreted as a portent of impending developments.

Adding emphasis was the report from an authoritative source that Harold Nathan, federal agent in charge of the search at Tacoma, had sped here by airplane and taken personal charge of swiftly mobilized forces.

An Ex-Convict  
The same source stated that fingerprints had identified the man sought as an ex-convict paroled from prison who was in the Pacific northwest recently, returning to this section several days ago.

Identifying the man as Nathan, where the son of Dr. W. W. Mattson was seized at his home Dec. 27. A week ago today the boy's stabbed and blood-gouged body was found in snow-covered brushland near Everett, Wash.

Nathan, a check indicated, arrived yesterday amid great secrecy from Portland, Ore., where he boarded a plane after quietly leaving Tacoma by train. A man registered as "H. Nathan" at a Los Angeles hotel declared he had no comment to make.

Two Questioned  
Two men were held for questioning today in this area.

One, Joseph Mitchell, 35, a vagrant, was in the Culver City jail after refusing to answer certain questions asked him by police. He was found carrying a canvas knapsack in which was a boy's sweater and several newspapers detailing the kidnap-slaying.

Another man was reported to have been seized by federal agents and subjected to a lengthy questioning in a jail of a suburban community. He was taken into custody at Compton.

By WILLIS DUNIWAY  
United Press Staff Correspondent  
Tacoma, Wash., Jan. 18.—(UP)—Federal agents, state and city police, searching every possible suspect and running down every clue and report in the kidnap-murder of Charles Mattson, 10, today were reportedly concentrating their efforts on locating a disgruntled WPA worker.

The suspect allegedly told his foreman on an Everett, Wash., WPA project that he didn't intend to work "as long as there are rich men around here who have sons and love them."

It was near Everett that the naked body of Charles, son of Dr. and Mrs. W. W. Mattson of Tacoma, was tossed into the underbrush while the physician waited to pay the \$8,000 ransom demand.

Answers Description  
The suspect answers the description of the bearded, swarthy kidnaper, even to the foreign accent noted in the federal bulletin which said the abductor probably came from one of the southern European countries.

### 3 Slightly Hurt in Crash on Route 17

Three persons, two unidentified, were slightly injured in an auto accident Saturday afternoon at 5 o'clock on highway 17 east of Kankakee, according to a report in the office of Sheriff John Stuck.

The report describes a collision involving the cars of John Draxy, 999 North Indiana avenue and Clyde Johnson of Donovan. Draxy said the Johnson car skidded into his, damaging the front end. The side of Johnson's car was smashed.

Mrs. Draxy was slightly injured. Two women in the Johnson car also were hurt.

### Tire Prices Are Boosted Six Per Cent

Akron, O., Jan. 18.—(AP)—Four major rubber companies announced immediate increases of six per cent in the retail prices of tires throughout the country today.

The companies were the B. F. Goodrich Co., the General Tire and Rubber Co., the Firestone Tire & Rubber Co., and Goodyear Tire and Rubber Co.

Goodyear officials said the increases applied to all types of tires except bicycle tires and pneumatic tires for toys. The increases, the Goodyear announcement said, were due to "a rapidly rising crude rubber market."

Spokesmen for the rubber firms predicted that another six per cent increase would be made in the spring.

New York, Jan. 18.—(AP)—U. S. Rubber Co. today notified dealers and distributors it is meeting the price increase on tires announced by four other leading producers. Lee Tire & Rubber Co. also increased tire prices 6 per cent.

CRITICALLY ILL  
Mrs. Lena J. Murphy, beauty shop proprietor, today was reported critically ill at her home, 159 1/2 South Schuyler avenue.

### Well, I'll Tell You—

By BOB BURNS

A man is takin' a lot on him- self when he judges a whole city or country by his private experience. If he goes to New York, for instance, and meets

up with a good bunch of people, he'll tell you that New York is a swell town, full of "well people. But if he gets his pockets picked at the station and has to come right home, he'll tell you that the whole town is crooked. It all depends on the association he had after he gets there.

It's the same with married life.

### Will Redecorate St. Rose Church; 80th Anniversary

The Rev. P. B. Dufault, pastor of St. Rose church, announced yesterday that the entire church interior would be redecorated in time for the celebration of its 80th anniversary next November.

The annual financial report of the parish yesterday showed receipts and expenditures for the year just ended of \$24,527.86, which is the best report since 1920.

In addition to its improved financial standing, St. Rose has become increasingly busy on Sundays, with six masses being held in the main body of the church and one in the basement chapel to accommodate overflow crowds of worshippers at the 11 o'clock mass. A check shows hundreds are attending from surrounding country towns.

### SUE ON DEBT

A suit on an alleged debt of \$365.91, by the Manteno Farmers' Union Cooperative association against Charles and Eugene O'Neill, doing business as O'Neill brothers at Manteno, was filed today. The bill was filed in the office of Circuit Clerk Albert Tetrault by Attorney Edward P. Drolet.

Chicago, Jan. 18.—(AP)—Five week-end "automobile deaths" in Illinois, with one down state and the remainder in Chicago, were reported today in an Associated Press compilation of fatalities.

The lone downstate victim was Miss Elizabeth Christian, 20, connected with the DeKalb Salvation Army office. Apparently struck by a hit-and-run driver, her body was found on the Lincoln highway in DeKalb.

Three of the four Chicago victims likewise were struck down by drivers who fled.

### COUNTRYSIDE SCoured FOR MISSING MEN

Guelph, Ontario Re-  
formatory Scene  
of Break.

### FIRE BUILDINGS

Guelph, Ont., Jan. 18.—(Canadian Press)—Hungry, mud-plastered youths who fled the big Ontario reformatory during a nine-hour riot straggled back today under a "no prosecution" pledge from the Ontario government.

Thirty-five of the more than 700 who fought their guards in the wrecked and burning prison for nine hours Sunday remained at large, but many were expected to return of their own accord.

Ten clay-caked inmates who reeled over rainsoaked fields last night already were in Guelph police cells. Others of the estimated 100 to 150 who got away were captured on the reformatory grounds or in Guelph.

"Put On a Show"  
Acting Premier Harry Nixon, who promised the missing prisoners they would receive no additional penalty aside from their short sentences if they gave up immediately, declared:

"The young fellows decided to put on a show."

In the face of some comment by guards that the prison had been "run like a college," Nixon, at Toronto, explained there were no hardened criminals at the institution. Prisons policy, he said, has been to segregate young offenders at Guelph.

At least three men were injured and \$200,000 damage resulted. The riot broke out suddenly at noon and lasted until a tear gas bomb scattered rioters who were demolishing the prison recreation room long after nightfall. Fifteen prisoners were overpowered by smoke.

Set Building Afire  
Inmates touched flares to everything that would burn. They burned the dormitories, the chapel and the hospital from which 12 patients had to be moved to safety.

What furniture was not piled up for kindling was broken into bludgeons with which infuriated hands roved in wrecking forays.

Insurrection flared when at noon, complaining against the quantity and quality of prison food and against a ban on receiving Christmas packages, refused to eat. Dr. J. D. Henslip, reformatory superintendent, estimated about 25 prisoners actually engaged in the pandemonium which ensued.

Scarcely a pane of glass was left unbroken. Even in the supposedly fire-proof "custodian building" where the rioting broke out, floors and window sills were seared by fire.

Twenty guards of a staff of 74—unarmed as always—were on duty when the jamming of the adamant non-payers, locked up together, touched off the riots throughout.

### November Accident Toll a New Record

Springfield, Ill., Jan. 18.—(AP)—Deaths from traffic accidents in Illinois in November totaled 285, a new all-time monthly high. Police, health director Frank Jirka said today.

Jirka said the highest monthly toll of any month in the past five years was 281 in October, 1934.

"For the first 11 months last year, 2,151 deaths were charged to motor vehicle accidents in the state, compared with 2,031 deaths in the corresponding period of 1935," Jirka asserted.

"While running down pedestrians accounted for 967 fatalities, deaths from collisions between automobiles and motorcycles resulting in 28 fatalities more than doubled for a greater proportionate increase in mortality than any other type of accident, and collisions of street cars and bicycles with automobiles ranked second a third, respectively."

PREPARATIONS COMPLETE FOR INAUGURATION

Capital Atingle As Thousands Gather For Occasion.

SIMPLE PROGRAM

By EDWARD J. DUFFY  
Washington, Jan. 18.—Inauguration officials, their preparations complete, predicted today that President Roosevelt, Wednesday at the start of his second administration, will be met by a crowd of 250,000.

While he worked unceasingly at his desk, expectation of the inauguration address set the atmosphere of the White House. As a model for the reviewing stand in front of the White House.

Some believed the president would call his selection subject in effect a victory for principles transcending party lines, much as the election of 1932 when diverse elements in 1929 were brought together in the present Democratic party.

Parade Is Compromise  
The program of "parade" was one of "parade" simplicity. At the rear of the parade, Chairman of the Inauguration Committee, "Parade" was a compromise.

At first there was talk of having more at all. But he had requested from all over the country for places in a parade that would have lasted until after midnight.

The president counted to a million. He had requested from all over the country for places in a parade that would have lasted until after midnight.

With downtown Washington crowded up in flag and festivity, the city looked pleasantly to the other hand for assurance of a good day. The forecast was for light rain today and tomorrow, probably clearing in time to increase the crowds from nearby points.

Admiral Grayson and most of the 30 governors are expected. Special trains have been scheduled to take them to the city.

Early arrivals congregated at the sight of the booming magnolias at the night of the inauguration. Magnolia and southern pine trees towered on either side of the temporary temporary, colorful structure.

The atmosphere recalled that of the inauguration of the first president, George Washington, in 1789. The first president, George Washington, in 1789.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

There is a parade, it's a revolution.

Finland recently, on the 15th birthday of the country's president, Uuno K. Paasikallio, who the people hail as the "Father of Finland."

In 1914, when he was a judge and Finland was under Russian rule, he was deported to Siberia for his loyalty to Finland. But he returned in 1918, his people continued to appeal to him for advice.

He had fought for the political independence of his people, had suffered exile, and had returned even more enthusiastic for an independent Finland.

## MARBELLA IS CAPTURED BY THE FASCISTS

Opening The Way to Strategic Port; Mediterranean.

### RENEW ATTACKS

**BULLETIN**  
Avila, Spain, Jan. 18.—(AP)—The insurgent high command announced today Gen. Gonzalo Queipo de Llano's hard-driving southern army has captured the barrier city of Marbella, opening the way to Malaga, strategic government port on the Mediterranean.

Large amounts of arms and ammunition were seized, the communiqué said, when the advancing Fascist forces fought their way into the city.

Marbella, only 35 miles from Malaga and called the barrier city because of its strong fortifications, was believed the last obstacle to the capture of Malaga, objective of the southern drive.

With its reduction, Gen. De Llano's reinforced army of 20,000 was expected to push along the narrow corridor between the mountains and the sea.

The communiqué said more than 100 Socialist officers and soldiers deserted to the Fascist armies during the battle.

**Bombard Capital**  
Madrid, Jan. 18.—(AP)—Spanish Fascists began the seventh month of their attempt to overthrow the Socialist government today with renewed bombardment of the capital.

Half-a-dozen shells burst in Madrid's central plaza, damaging commercial buildings although no casualties were reported.

In the Clinico hospital in northwestern University City, a large force of Fascists was threatened with annihilation after being isolated on an upper floor of the war-scarred building.

The besiegers of the capital, themselves besieged after a three-day Socialist onslaught in the northwestern section of Madrid, kept up a desperate rifle and machine gun fire.

The Madrid forces maintained their new positions, however, and a detachment pushed the defense lines ahead to the north side of the mine-wrecked hospital.

The dynamite blast was set off yesterday after lengthy preparations by the government militiamen who tried to storm all the scattered hospital buildings at once.

**Building Destroyed**  
When the mine blew out the stairway, their only means of escape, the Fascists mounted machine gun nests on an upper floor.

The operating room and theater of the hospital, where powerful machine gun nests had been concentrated, were reported destroyed.

For more than nine hours, guerrilla fighting spread through the ruined halls as the insurgents sniped at Socialists swarming through lower floors.

War office advisers said Fascist attacks met stiff opposition in Guadalupe province, northeast of Madrid, and in the neighboring provinces of Cordoba and Jaen to the south. The brief dispatches did not divulge the results of the fighting in the south.

**HAVE YOU MADE A WILL?**

Nearly every responsible person intends to make a Will, but delay in doing so is a common shortcoming. The result of procrastination is shown daily in cases of estates left without Wills, involving delays, uncertainties, and legal formalities which could have been avoided.

The only way you can assure the prompt settlement of your estate according to your wishes is to make a Will. If you have a Will not of recent date, it is just as important to review it and revise it if necessary to suit present conditions. Consult your attorney.

A clause in your Will naming this institution as Executor insures the benefits of experienced, organized trust service.

New proofs of railway progress come to light almost daily, yet many remain behind the scenes, little known to shipper or traveler.

In the shops the work of repairing freight cars has been modernized by adoption of the assembly line method and use of toil-saving tools.

These and many other improvements behind the scenes on the railroad make possible the improvements in service which have commanded nation-wide recognition. They too are part of the amazing record of railway progress and achievement.

The number of men at work on the Illinois Central has kept close pace with the rising tide of traffic. We thank our friends for the patronage that has enabled us to increase forces both on stage and behind the scenes.

Shaw's play Candida at Brighton tonight.

"Mum is married," her daughter Jane announced solemnly after the brief ceremony.

"I'm so happy," Miss Harding said. "Jane loves her new daddy and he is so fond of her I'm almost j' lous."

Her happiness seemed undimmed by an attack of influenza and reports her first husband, Harry Banister, plans to renew his custody fight for their daughter. Miss Harding brought her daughter to England to escape the jurisdiction of American courts where Banister was seeking to regain custody.

Janssen has been conducting in Europe since 1935. He is 37; his wife 34.
