U.S. PLEDGES PAN-AMERICAN AID

ELECTION WILL DECIDE FATE OF BOND ISSUE

Need \$33,970 To Pay Tuition to the Schools

County Superintendent of Schools Charles J. Kennedy today announced a special school election to be held on Saturday, April 22, for all voters of non-high school territory of Kankakee county.

The purpose of the election, he said, is to decide how to pay the cost of the non-high school district over the various high school districts of the county.

Non-high school territory means all the territory in the county which is not in an organized high school district, and this area is about half of the county. Such territory must pay to the various high schools tuition for every child from that territory attending a high school.

The present debt of the non-high school territory to the high schools has grown to such an extent that the financial resources of the non-high school district have been insufficient to pay full tuition because the tax on non-high school territory for such purposes is limited by state law.

TENSION IS ON THE INCREASE; GERMANY, ITALY

Anglo-French Declarations Get Angry Reception

By PAUL EVE

London, April 14.—(AP)—British efforts to bring Soviet Russia into a grand alliance against Nazi-Fascist expansion were reliably reported to have made good progress today after a long conference between Foreign Secretary Viscount Halifax and Soviet Ambassador Ivan Maikly.

This was the second development in Britain's efforts to put sharper teeth in her policy with France for European collective security against aggression.

The first, reliable reports said, was British pressure for military staff talks among Polish, Rumanian, Greek, French and British experts.

Maikly, seemingly pleased by the flat British-French guarantee yesterday to help Rumania defend her independence, asked for the conference with Lord Halifax.

After he left, a British spokesman said: "There is no reason to believe that Russia may not join the alliance within the next few days."

Sensitive Situation

These other developments highlighted the sensitive European situation:

1. The Berlin announcement that more than 25 German warships would take part in maneuvers in Spanish waters for about a month.
2. British authorities at Gibraltar, the fortress at the tip of the Spanish peninsula, set engineers to building barricades on the road to the "rock" and refused to permit motor vehicles to go in or out.
3. This action followed reports of concentrations of troops and arms on the Spanish side of the Gibraltar boundary.
4. Shore leaves for British sail.

Appoint Lawyer for Drunk Driver

Henry Ehlers, 37, of Decatur, charged with driving an automobile while intoxicated, was arraigned yesterday before County Judge C. D. Berry.

He pleaded not guilty and, because he had no lawyer, Attorney Francis J. Houchetter was appointed to represent him.

He was released under \$100 bond until April 17.

He was arrested Sunday night at Bourbonnais after his car skidded and the auto of Ray Ziegler of Joliet.

Authorize Completion of Florida Ship Canal

Washington, April 14.—(AP)—The House today approved a bill by Chairman Mansfield (D-Tex.) to authorize completion of the \$200,000,000 Florida ship canal.

Representative Green (D-Fla.) said the vote was 10 to 6. The action was taken in a closed meeting. The Mansfield bill would authorize appropriations from time to time to complete the controversial waterway project.

The measure was based upon a favorable report in 1937 by the former chief of army engineers, Major-General Edward M. Markham.

The President, under the bill's provisions, would be asked to determine before the canal is completed whether tolls should be levied on transiting ships.

Mr. Roosevelt had suggested these charges as a means of paying off the construction costs.

Green said Mansfield proposed to make necessary steps to obtain a vote on the bill soon.

It was the second time the committee had voted to approve the canal and state waterway. The bill first

PATIENTS' KIN TALK AT STATE HOSPITAL QUIZ

Relatives of Two Deceased Women Blame Doctors

Testimony was concluded today at Mankato state hospital in the investigation by the house of representatives charitable committee of charges that neglect and improper treatment caused the deaths of two women patients at the institution.

Representative William Lawler of Springfield, chairman of the five-man committee, indicated that no decision would be made for several days. The committee will report back to the house at Springfield.

The charges were filed by John H. Lyle, former Chicago municipal court judge, in connection with the deaths of Bertha Krause, 30, Chicago music teacher, and Helen L. Balgmann, 37, Elmhurst, secretary.

Kiwanis To Hear Talk on Tolerance

Dr. James M. Yard, executive secretary of the Chicago Round Table of Christians and Jews, will speak before a special meeting of the Kiwanis club Monday noon at McBroome's cafe. His subject is "Tolerance."

Clubmen are to bring their wives and other guests.

The organization of which Dr. Yard is secretary is intended to promote justice, amity and understanding among Protestants, Catholics and Jews. World famous men, Professor Arthur H. Compton and General Charles G. Dawes, are chairmen of the organization.

Dr. Yard was educated at Princeton and Wesleyan, became a Methodist missionary to China, edited the China Christian Advocate and directed the World Service movement in China.

On returning to the United States he was a member of the political science department of Northwestern university, serving also as director of religion of that institution.

HORNER NAMES J. SLATTERY TO SUCCEED LEWIS

Chicago Democrat Appointed U. S. Senator

Springfield, Ill., April 14.—(UP)—Illinois commerce commission Chairman James Slattery, a Democrat, was named U. S. senator today to succeed the late James Hamilton Lewis, who died at Washington Sunday night.

The appointment was made by Gov. Horner in accordance with federal law which states that a governor may appoint a successor to a U. S. senatorship when that office is vacant by death or other causes.

Slattery, 60, the same age as Horner, and whose selection was forecast several days ago, is a lawyer and a Chicagoan.

He was educated in grade schools, St. Ignace high school and at a Y. M. C. A. night school in Chicago. He was graduated from the Illinois college of law and was admitted to practice in June, 1908.

No announcement was made as to who would succeed Slattery as commission chairman but general belief was that it would be Charles Schwartz, Chicago, now a member of the state tax commission. Schwartz is 47, and like Slattery, a lawyer.

World War Veteran

He was associated with the newly-named senator in directing Governor Horner's political fortunes in Cook county. He served in the army during the world war as an armed man. He is married and has three daughters.

Slattery, commerce commission chairman since his appointment by Governor Horner in 1936, has never held an elective political office.

He was described by a close friend and admirer as a man "who thinks pretty well for himself, is sympathetic to the humanitarian policies of the Roosevelt administration but is not necessarily to be termed what is called a 'staunch New Dealer'."

After admittance to the bar, Slattery taught law at his alma mater for two years and at Webster college of law for a year and a half. While he was at Webster college, the late Sen. Lewis was its president and the two men first became acquainted there.

Sanitary District Attorney

He was assistant attorney for the Chicago sanitary district and superintendent of public service for the Cook county board of commissioners before he was appointed attorney for the Lincoln park board by Governor Horner in 1933.

Horner appointed him chairman of the state commerce commission in 1936, after Slattery had served a brief term as first general attorney for the Lincoln park board.

Slattery's first wife, Alice Beaver, died in 1932, and he has since married to Miss Ruth Anderson. They have no children.

Local Youth Gets Law Certificate

Frank W. Curran, 100 East Jeffrey street, is in Springfield to appear before the state supreme court to obtain his certificate to practice—the last step in becoming a full-fledged lawyer.

Curran graduated from the John Marshall law school at Chicago in February and passed the state bar examination a month later.

He formerly attended St. Viator college and has been employed at the Kankakee state hospital.

Delirium Tremens Killed Drendel

The death early yesterday morning of Laverne Drendel, 35, of 260 South East avenue, was due to delirium tremens.

This was determined yesterday afternoon in an inquest conducted by Coroner A. E. Kerger.

Drendel, a tavern proprietor, died in Kankakee state hospital where he had been taken the night before by Sheriff Dan Bergan who was called by Drendel's wife Lillian.

Before the inquest, a post mortem operation was performed at the hospital. This revealed, according to the testimony, that Drendel's liver was enlarged to three times normal weight and there was hemorrhage of the brain.

State Police Nab License Slackers

Three Kankakee county residents were arrested today by state highway officers for lack of state license plates and were fined \$3 and costs by Justice Fred R. Smith in addition to being required to order plates. They are:

MORRIS SLAYER DIED IN CHAIR LAST MIDNIGHT

State Exacts Death Penalty on Elvin Wood

Joliet, Ill., April 14.—(AP)—The state wrote the last entry in one of its strangest homicide cases today by sending Elvin Wood to death in the electric chair.

Wood, 36-year-old Grundy county farmer, ended a Damon and Pythias friendship by slaying Abner Nelson, a wealthy bachelor farmer.

Wood and Nelson were lodge brothers. They had been close friends since boyhood. Last February 19 Wood shot his friend at the latter's farm near Morris, Ill. Nelson gasped his forgiveness as he lay dying.

Confessed Crime

Two days later Wood confessed he had intended to hide Nelson's body and collect ransom from wealthy relatives. Instead he lost his nerve and tossed the body in the Illinois river near Seneca.

An old friend and lodge brother confessed Wood. A judge who knew his family well sentenced him to death.

The doomed man walked to the chair in the state penitentiary at midnight last night in the same stoicism he had maintained since his arrest. To newsmen he said: "Boys, I have nothing to say."

Physicians pronounced him dead at 12:10 a. m., five minutes after he entered the execution chamber of the old prison. The execution was witnessed by nearly 200 persons.

Piersol Advises All to Hear Templeton

That the second appearance of Alec Templeton, world famous young English pianist, is attracting the attention of Kankakeans more than any other single musical event in several years is evidenced by the advance sale of tickets and the many telephone calls to those in charge of the concert.

This will be the third of the series of the community concerts sponsored by the Women's club. It will be held next Tuesday evening in the high school auditorium. A special piano is being secured from Chicago for the concert.

Mr. Templeton will arrive in the afternoon and go to the high school where he will hear the school band at its rehearsal. The band director, G. E. Piersol, who is chairman of the music committee for the Kiwanis International, met the pianist last year while attending the Kiwanis convention. Commenting on his appearance here Mr. Piersol said:

BULLETIN

Berlin, April 14.—(AP)—German government circles said today before the Pan-American union "clearly revealed" him as the "master wire-puller behind the anti-German encirclement policy."

They said official Nazi reaction to the president's Pan-American day speech in Washington indicated that sharp rejoinders probably would be made.

"To assert that the encirclement of a peaceful nation was impossible," they said, "was a negation of history."

"Before 1914 Germany was encircled through a Franco-Russian alliance behind her back while she was pursuing peaceful aims."

Urges U. S. Air Force be Tripled as War Necessity

Dallas, Tex., April 14.—(INS)—The United States air force must be tripled and kept on a perpetual war footing if the nation is to be prepared in the event war does come, according to Major Isaiah Davies.

The director of flying at the army's advanced flying school at Kelly Field, San Antonio, told the Dallas chapter of the Reserve Officers' association that all advocates of American national defense recognize the necessity for full preparedness in the navy.

It is less widely recognized that the air service must be kept on the same status to assure minimum protection to the country, Major Davies said.

"The air service cannot be expanded in even a comparatively lengthy period to meet the needs of a modern war," the flying director explained. "I must be prepared at the opening of war to carry an attack to as great a striking distance as the enemy can carry air attacks to us."

First Animated Movie Dolls Are Found in Studio

Sacramento, Cal., April 14.—(INS)—Seven old time movie stars—ancestors of Charlie McCarthy and Mickey Mouse—have been resting quietly in Santa Rosa for several months to their hideout known to only a few persons.

These "movie stars" are animated portrait dolls, just half life-size, and were used more than a quarter century ago in filming Hollywood's first animated movies.

Wrapped in tissue paper, they lie in a box in the studio of Alphonse Sondag, noted artist now engaged in completing a set of murals.

The seven figures left in Sondag's collection represent Washington, Lincoln, California's late governor "Sunny Jim" Rolph, a cowboy, a labor leader, Santa Claus and Alphonse Sondag.

Built true to life with painted, movable bodies, and dressed in costumes faithfully reproducing those of the originals, the manikins were constructed by Sondag of papier mache.

They were used in filming pictures similar to the cartoon comedies of today. Animation was set on their face and figure are going to be sadly disappointed. At least that is the opinion of C. S. Wilson, chairman of "marriage" courses at Seattle's Y. W. C. A. Wilson says that he led to the conclusion by charts based on answers and opinions of previous classes.

Mist Bathing is Called a Fine Skin Conditioner

New York, April 14.—(INS)—Sun bathing, mud bathing and bubble baths are routine beauty treatments among the women of America, but the ladies of Southern Rhodesia, Africa, have added a new fad to the bathing list... mist bathing.

All that's necessary, Norma Yule, commissioner of the government of Southern Rhodesia, points out, is a convenient waterfall similar to the Victoria Falls in his country.

"The custom of mist bathing," he said, "has grown out of precautions adopted by visitors to the falls. Clouds of mist, generated by the Zambesi river's 397 foot plunge into a narrow gorge, envelop the area and make it necessary to wear bathing suits on sight-seeing trips."

One of England's Oldest Castles Will be Closed

London, April 14.—(INS)—One of England's oldest castles, that of the Duke of Northumberland, will shortly be closed.

This was announced here by the duke, who says he cannot afford the expense of keeping it open. The castle has been the property of his family for 600 years.

"I must tighten my belt," he said. "No one is more alive to the value of tradition than I, but when it comes to choosing between the tradition of living in a castle and the tradition of doing one's best to maintain the estate, there can be no hesitation."

"Death duties are still a charge on the estate, and taxation can hardly be expected to be reduced to a material loss of income during the next year or two as the result of the operations of the Coal act."

Many castles throughout England have been closed in recent years because of the owners' inability to meet the expense of running them.

GOOD LOOKS UNNECESSARY Seattle, Wash.—(INS)—"Swell lookers" who are basing their hopes of getting and holding a husband on their face and figure are going to be sadly disappointed. At least that is the opinion of C. S. Wilson, chairman of "marriage" courses at Seattle's Y. W. C. A. Wilson says that he led to the conclusion by charts based on answers and opinions of previous classes.

Remember this, you gals who succumb to each whim of fashion. As waistlines go lower, they are bound to grow larger.

DIPLOMATS ARE PUZZLED OVER DUCE'S SPEECH

Crown of Albania Is Accepted by King of Italy

Rome, April 14.—The Italian cabinet today formally accepted King Victor Emmanuel's acceptance of the crown of Albania.

Previous plans for appointment of a lieutenant-general-perhaps Premier Mussolini's son-in-law, Count Ciano, as viceroy at Tirana, Ciano who is foreign minister, also is a lieutenant-general in the Fascist militia.

Ciano was named viceroy it was reported the Italian ambassador to London, Count Dino Grandi, would succeed Ciano in the foreign ministry, a portfolio Grandi formerly held.

Ciano has made two flying trips to Albania since that little mountain kingdom was liberated by Italian troops a week ago.

Foreign diplomats were puzzled to find as Premier Mussolini said in a declaration that Italy would "march straight ahead."

Some thought a vague answer may have been supplied by the Fascist triumph of 1940 which brought Duce's peak light night from the balcony of Palazzo Venezia and responded with shouts of "Fascism" and "viva Duce."

Tunisia is a French North African protectorate which with Italy, French Somaliland port and gateway to Italian Ethiopia, and the Sudan Canal, has been specified by Duce as "a problem of a colonial character" between Italy and France.

The historic events of recent days are the result of our will, of our faith, and of our force," Mussolini said.

"We go toward friendly peoples in an attitude of friendship; against hostile peoples we will have our decisive, resolute attitude of hostility." "The world is asked to leave us tranquil in our great and daily task. In any case the world must know that tomorrow, and the day after tomorrow, we will march straight ahead." Meanwhile, Virginia Gayda, Fascist's chief newspaper spokeswoman, called the western democracies' guarantees to Greece and Rumania new evidence of Anglo-French intentions to "encircle" Germany and Italy.

The result, Gayda asserted, would be consolidation by Italy and Germany of their forces which would be maintained against all opposition."

KANSAS CITY MANAGER OUT, MAYOR RULES

National Crime Spot for Years; Govern- ment Acts

Kansas City, April 14.—(P)—Henry F. McElroy, 73, who resigned under fire as city manager in the midst of a federal-state vice crusade, propped his feet on a table at home today and casually told reporters "I'd been thinking of resigning for months."

McElroy himself had not been mentioned in connection with the investigations of the federal grand jury which last Friday indicted his political sponsor, Democratic Boss T. J. Pendergast, on income tax evasion charges.

But his administration had been attacked bitterly for years.

Fusion candidates in the last two city elections blamed him for "wide open crime."

Only Wednesday, the Kansas City Star demanded in a front page editorial a fundamental change in attitude in the man at the top (McElroy)—or a change in the city manager.

Yesterday, Mayor Bryce B. Smith, normally only a figurehead in Kan-

Mayor Steps In

Mayor Bryce Smith (above), of Kansas City, announced that he was "stepping in" and taking power beyond that given him by the city charter, following the arrest of a uniformed police officer on a federal narcotics charge and seizure of alcohol by agents of the U. S. alcohol tax unit. City Manager Henry F. McElroy tendered his resignation to Mayor Smith, who immediately accepted.

Smith's manager form of government, announced.

Mayor Steps In

"I have decided to step beyond limitations of the city charter and take an active part in the admin-

istrative affairs of our municipal government.

"Kansas City is clean now and it is going to stay clean."

Five hours later Smith declared McElroy's resignation to reporters.

Kansas City has been in the national crime spotlight for years. There was the 1934 Union Station massacre of four officers and a gangster. There was the 1934 city election killing. There were gang murders.

The 1936 election funds brought a federal grand jury investigation. More than 200 persons, including some Pendergast lieutenants, were convicted, pleaded guilty, or pleaded no defense.

This spring, federal and state investigators converged on the city. Gov. Lloyd C. Stark, charging vice conditions "stinks to high heaven," ordered the attorney general to investigate.

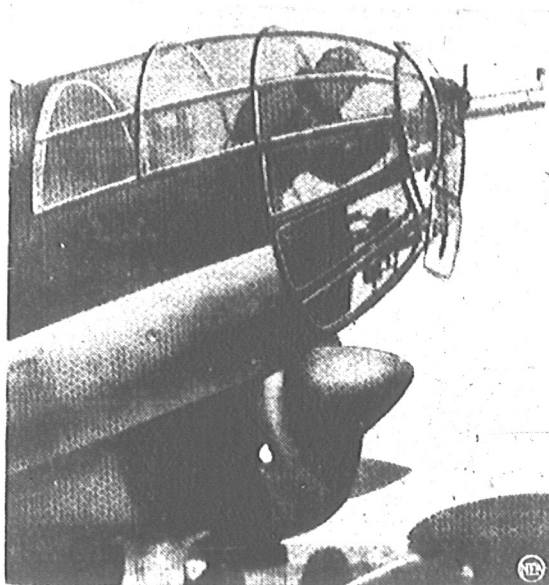

Gambling Houses Raided

A county grand jury indicted Pendergast's Jackson county (Kansas City) prosecutor, W. W. Graves, on charges of neglecting duty. It indicted two county administrative judges on charges of misusing county funds.

Circuit Judge Allen C. Southern ordered gambling raids. Operators of two of the city's largest gambling houses were indicted. Virtually every other gambling place closed voluntarily "until the heat's off. They're still closed."

Last Friday, Pendergast and R. Emmett O'Malley, former state insurance superintendent, were indicted on income tax evasion charges. O'Malley, Pendergast-sponsored, had been ousted by Gov. Stark.

Wednesday, federal agents seized \$400,000 in narcotics here, and arrested seven men they named as heads of a nationwide ring. Yesterday they confiscated 300 gallons of untaxed alcohol in "Little Italy," the northside sector where Pendergast began his rise to political power.

NEA Service photographer made this exclusive picture by special permission.

There was some speculation the nine-member city council might not accept McElroy's resignation.

Sports simile: as consistent as the Cleveland Indians' infield problem.

Reign of Terror in Some Sections of Chicago; Strike

Chicago, April 14.—(P)—The executive committee of the Chicago crime commission says "a veritable reign of terror exists in some sections of Chicago as a result of a strike of truck drivers and helpers employed by the Wieboldt department stores."

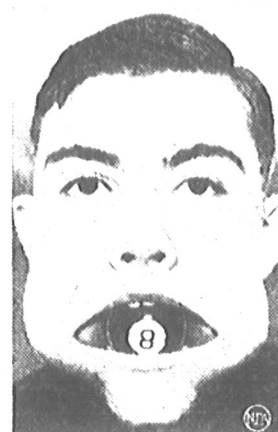

The committee issued an open letter yesterday demanding that the controversy not be made the basis of an excuse for murder, brutality, savagery and a return to the law of the jungle.

It was addressed to the people of Chicago and Cook county, the mayor, the commissioner of police, the state attorney and the sheriff.

James Lawrence, one of the truck helpers at work after the strike started a week ago, was shot to death. Others were beaten and terrorized. Police squads acted as convoys to the company's trucks.

"Crushing automobiles with armed occupants have terrorized innocent bystanders not concerned in the present dispute," the committee's statement said. "Hooligans have overturned trucks, saugers have intimidated men, women and children and a veritable reign of terror exists in some sections of this city."

No pressure group in this community should be permitted to flout the law and commit violence. The Chicago crime commission calls upon the law enforcing officials of this city to take decisive steps to end this outburst immediately.

All Balled Up

All around the right ball is Leonard Hansen of Oklahoma City high school, who says he is practicing for the gold fish and gold fish bowl eating championship by putting four standard size pool balls in his capacious mouth.

MOTORMEN APLENTY

Seattle, Wash.—(INS)—Maybe small boys who wanted to be railroad engineers grew up to be street-car motormen as the next best thing. At any rate 1,000 men took civil service examinations to the city's trolley service in Seattle on the law enforcing officials of this city to take decisive steps to end this outburst immediately.

College students participating in the Civil Aeronautics Administration training program pay a small fee of 100¢ to \$2.50 to university students. The amount covers insurance for the plane.

I. Ins. Fully Saps

am a fool. But I'm going to insure with a vital insurance. The property insurance represents a life insurance policy. It's not any hugging and kissing that's out there. It's a right by the way of the New York and the insurance of the insurance he would not, state.
