IL DUCE REJECTS PEACE PROPOSAL

PROPOSED PARK AREA IS RICH IN INDIAN LORE

Topping Relates History of Kankakee Valley

Editor's Note—In connection with the proposal to establish a state park in the Kankakee river valley, Representative Harry L. Topping has made a study of Indian history in the area covered by the park. His findings are printed herewith:

By HARRY L. TOPPING State Representative

Kankakee county, the heart of the Kankakee river valley, was a rich Indian paradise, before the coming of the whites. The picturesque, thickly wooded, rolling hills, with their maple, cedar and black walnut trees, furnished the aborigines with food and game. The rolling prairie landscape back of the river was the grazing grounds for thousands of buffalo, the meat of which furnished winter food and from their hides they made their clothing.

The bluffs from the limestone furnished perfect sites for defense against nomadic enemies and the sheltered coves offered ideal sites for their teepees and huts during the cold winters.

The first tribes of Indians to inhabit this region are unknown. The earliest French explorers found the Illinois tribes in possession. Later they were driven out by the Miami and subsequently were dispersed by the Shawnee. This tribe held the Kankakee region until their lands were ceded to the government in 1832.

Sign Treaty
In 1839 General Harrison concluded the Tippecanoe treaty at Fort Wayne with the Shawnee and Delaware, at which time the Shawnee lands in Indiana, but not the Kankakee valley, were ceded to the United States.

The origin of the word Kankakee is the Indian name "Ks-an-ke-ke" which means "wonderful land." The Shawnee called their Kankakee lands "Te-wa-ne-ke" which means "wonderful land." They had many villages within the boundaries of the present county of Kankakee.

Public Invited to Inspect Freezing Plant Saturday

Formal opening of the Corn Belt Freezing Foods, Inc. locker plant at 29 North Schuyler avenue will be observed Saturday, it was announced today.

This plant will enable farmers to obtain fresh meat, fruit and vegetables of their own raising the year around and will also permit city people to select freshly butchered prime meat, have it quick-frozen at 15 degrees below zero to tenderize it, properly acid for flavor, and stored in lockers for use whenever desired, as pointed on Page 12.

Fresh vegetables and sea foods will also be available through the plant. According to the owners, Public Inspection of the plant is invited on Saturday. Booklets will be distributed on the preparation and use of quick-frozen foods.

Safest Way to Buy Foods; Read Labels

Nearly 20 persons heard two speakers at the Exchange club dinner meeting last evening in McCormick's cafe. Walter K. Greenbaum of Michigan City, Ind., exhibited curios and discussed on Central and South America, and Roy G. Matson of Chicago, head of the canned foods division of Monfort's, told of Exchange and how to buy quality food products economically.

Matson advised his audience to study the labels on cans before they buy. He said the government is explicit in describing the contents. For example, a firm used to picture a can of spinach with sliced boiled eggs; the eggs now have to be shown from the label because they are not within the can.

Another example given was that

Ambassador

Alexander W. Weddell (above), of Argentina, now ambassador to the United States, is pictured here.

TELEVISION IS NOW READY FOR PUBLIC IN U. S.

Receivers Expected to Go on Sale in a Few Days

New York, April 20—(P)—The advent of television, long heralded as the beginning of a new American industry, was announced today by David Sarnoff, president of the Radio Corporation of America, in a television broadcast from the RCA exhibit building at the New York world's fair grounds.

"Today we are on the eve of launching a new industry," Sarnoff said, "based on imagination, on scientific research, and accomplishment."

"We are now ready to fulfill the promise made to the public last October when the Radio Corporation of America announced that television program service and commercial television receivers would be made available to the public with the opening of the New York world's fair."

The ceremonies at the fair grounds were attended by a group of business and professional men who inspected the new commercial television receivers which go on sale this week.

Guidance Day for Iroquois Seniors

Milford, April 20—(RN Special)—High school senior students of Iroquois county will meet here Tuesday for senior guidance day.

Representatives of various colleges will be present to help the students select their future schools, to advise them about entrance requirements and to help them select their vacations.

(Continued on Page Ten)

Leslie Fay Heads High School Board

Watseka, April 20—(RN Special)—Leslie Fay of Watseka was elected president of the high school board here at its organization meeting this week.

Fay succeeds Mayor Frank Blake, president for two terms, who did not run for reelection to the board this year. Contracts have been offered all teachers for the ensuing year.

That's No Way to Treat Girl Friend

James Braxton, 29, colored, of 833 North Hobble avenue, was arrested Wednesday afternoon by Officers Thomas Cantlin and Orval Finch on complaint of his friend, Susie Robinson, also colored.

She said he kicked her and made threats. Braxton denied the kicking, but was put under peace bond of \$500 at the order of Magistrate Hoennick.

NAZI MILITARY MIGHT VIEWED BY THOUSANDS

German Celebration of Hitler's 50th Birthday

By the Associated Press
Berlin, April 20—Adolf Hitler the world war corporal who became "august of the reich" today paraded a cross section of the armed might which gave him mastery of central Europe before distinguished foreign guests attending the celebration of his 50th birthday.

It was the largest military review ever witnessed in Berlin. Forty thousand soldiers, tanks, motorized equipment and artillery passed by in a parade which lasted four and one-half hours while air squadrons roared overhead.

Shortly before the parade started, Hitler became an honorary citizen of the Free City of Danzig receiving the citizenship papers from the hands of Albert Forster, Nazi district leader of the Free City.

There had been rumors that Danzig, German territory before the world war, might be a birthday present for the Fuehrer but Hitler received only the honorary citizenship.

Features of the parade were mammoth new types of long range air defense artillery, emphasis on motorized artillery and development of air defense units.

Grim Engines of War
The grim engines of war, however, were seen with the passage of a regiment of heaviest artillery.

First came caterpillar trucks, each drawing a six-inch or eight-inch cannon.

Then came four immense pieces of artillery, apparently 10-inch guns. Each was carried on five trucks for the mount and mechanism and one for the gun barrel.

There was only one of these super-cannon in last year's parade and the sight of four drew one of the great cheers of the day.

Hitler, surrounded by his close collaborators, attentively reviewed the entire parade from a canopy of splendor.

The weather was ideal and hundreds of thousands of spectators were out.

The air defense guns obviously awed the observers from abroad. There were no real clues as to the caliber of the new weapons.

Great emphasis was placed on the extensiveness of army air defense units.

The heavy artillery of the air force includes types of guns never seen publicly before in Berlin. Authorities enforced strict orders against photographing them.

Four Trucks, One Gun
So large were some of the weapons that four trucks were assigned to carry the parts of each, one truck transporting the barrel.

A dozen or so of these weapons had the words, "fifty-five atmospheres" on them, others the words, "fifty-eight atmospheres."

From the length of the air defense section of the parade it was evident Germany was stressing this phase of military science.

Hitler looked straight ahead at most of the passing troops with his hand outstretched in the Nazi salute. But in the case of a unit of parachute jumpers, he gazed at them approvingly, even when they had long passed the stand.

Civic Week Program Will Open Tonight

"Build Kankakee"
With that as the chief objective, the civic week campaign of the chamber of commerce opens at 6:30 o'clock this evening in the First Methodist church when Col. Frank Knox, Chicago publisher, will address a group of civic leaders. The Kankakee high school orchestra, directed by George Piersol, will play.

The meeting tonight is the preliminary to an intensive drive by the campaign organization to weld the civic, commercial and industrial interests of the community into a more aggressive chamber of commerce.

Indicative of the marked interest in the program are several unsolicited memberships already received. These include Harry Topping, Shultz Baking company, Tri-angel Construction company, Kankakee Belt Line Booster club, John Dugan, Green Valley market, N. J. Zienter and Alert Neon Sign company.

Commenting on the voluntary memberships, Walter D. Swan, colonel of the campaign, said today, "Confidence is the food that keeps our minds and hearts healthy to work out our destiny as the key city in Illinois. Volunteer subscriptions are the greatest evidence and encouragement to create that spirit of confidence."

Many leading business men—among them Walter Ward, Vern McBroom, Paul Diamond and others—have expressed facts and opinions that interpret Kankakee's attitude and indicate that business trends in the months ahead are definitely on the upgrade.

Longfellow P.T.A. Protests Abuses

Playground equipment at the Longfellow school is being abused by older children, members of the Parent-Teachers association of the school said today.

They appealed to parents of West Kankakee children to instruct them to stay off the school grounds except during hours when the play is supervised by a teacher.

This equipment is not the property of the school, but was purchased by the association for use of the Longfellow pupils only, it was stated.

Elwood's Girl Has Strong Influence

When Elwood Sirois, 22, of St. Anne saw his girl friend walking down South Osborn avenue here last night, the vision had a surprising result.

His car went over the terrace and the sidewalk, then crashed into the brick wall in front of the H. C. Flanagan home, 201 South Osborn.

He was arrested on a charge of reckless driving by Deputy Sheriff Walter Bauer, who lives nearby, and was to appear today before Justice Henry R. Bauer.

Footstool Upsets; Woman Asks \$25,000

Claiming that she was injured at Momena on Dec. 24, 1937, Marjorie Curd of Chicago has filed suit in the superior court of Cook county against the Chicago & Eastern Illinois railway.

She claims that when she alighted from a train at Momena a stool provided by a trainman for her to step upon tipped over and she fell. She claims she was seriously injured and asks damages of \$25,000.

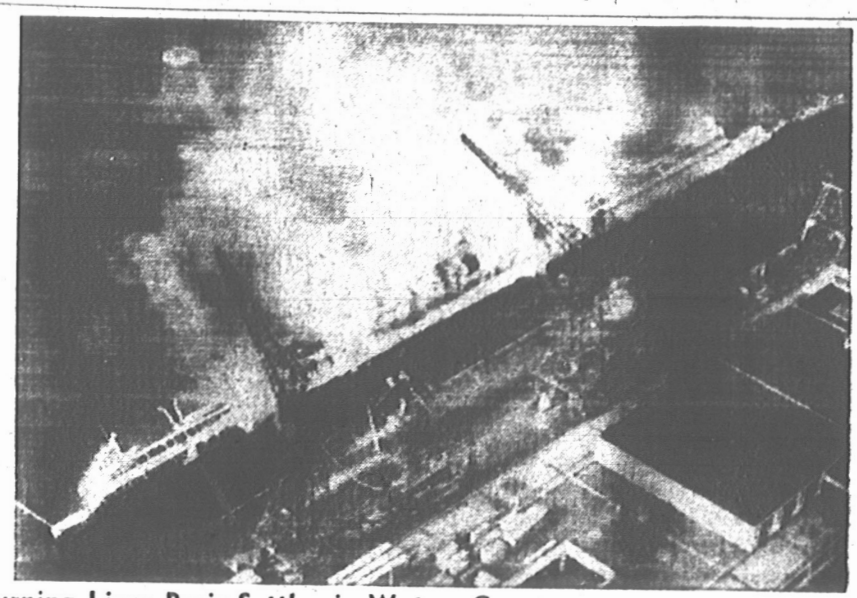

Streamliner Kills Woman Near Depot

Dwight, April 20—(RN Special)—Mrs. Carl Horn, 76, of Dwight was instantly killed at 12:24 o'clock this afternoon when struck by a train.

At the Alton railway crossing just east of the depot she was struck by the northbound Abraham Lincoln streamliner.

With her husband she was on the way to the business district. She was walking about six feet ahead of him. He saw the train approaching and called to her, but she apparently did not hear.

Besides the widow she is survived by a son from a former marriage Herman Feige of Portland, Ore.

Burning Liner Paris Settles in Watery Grave

The liner Paris, once the flagship of the French Line, is shown as it burned at its dock at Le Havre, settling over in 36 feet of water following a blaze that police said was set by arsonists. Two persons were killed. Warplanes for the French army from the United States and art treasures bound for the New York fair were saved.

Mysterious U-Boat Reported Seen Off Nova Scotia Coast

Halifax, N. S., April 20—(UP)—The Canadian destroyers Saguenay and Skeena stood by in Halifax harbor today reportedly awaiting sailing orders to search the Nova Scotia coast for a mysterious submarine said to have been hovering in northern waters for more than a week.

Although naval authorities denied operations against the submarine hunt, shore leaves were cancelled and each vessel had its full complement aboard. Naval barracks were under heavy guard and the only report from officials was that "we are operating under normal routine."

Soon after midnight the destroyers were reported getting up steam for the anticipated order to patrol the sea. Captains of three freighters and three fishing schooners had advised naval officials that they had seen the mysterious undersea craft in Halifax harbor or in adjacent waters.

Unauthorized visitors were barred from the naval docks as lights burned throughout the night in the executive offices and naval dormitories. Despite the unusual activity, Rear Admiral Percy W. Nelles denied at Ottawa that any submarines had been sighted.

"I don't think there's a thing in it," he said.

As rumors of the submarine's appearance spread through the city, the Halifax Star reported that it had learned "on the best authority" that naval officials are satisfied that not only one submarine, but possibly four, are operating off the coast.

Bulgaria Seeking Return of Lands

Sofia, Bulgaria, April 20—(P)—Bulgaria has notified Rumania of claims to territory, it was reported in government circles today after a meeting of the parliamentary foreign affairs committee which was addressed by Premier M. G. Kiossevanoff.

It was understood that Bulgaria wanted a small fraction of Dobruja, Black sea region which Bulgaria lost in the Balkan and world wars.

Main Body of Fleet Starts for Pacific

Norfolk, Va., April 20—(P)—The main body of the U. S. fleet left Virginia waters today for the Pacific.

The Argonne, flagship of the base force, led the way out of the Virginia capes on the first five-day lap to the Panama canal.

The early-morning departure of the big gun-studded vessels was in compliance with the navy department's sudden order of Saturday—an order not yet officially explained.

The mist presumably obscured the rest of the fleet of 30 to 40 ships, departure of which was announced in Berlin Tuesday.

Amsterdam, the Netherlands, April 20—(P)—A pilot of the Royal Dutch Airlines reported today he had sighted part of the south-bound German fleet this morning steaming off the Netherlands coast 50 miles northwest of Amsterdam.

While flying at 6,000 feet at 10 a. m. (3 a. m. c.s.t.) he said he saw two cruisers, four destroyers and eight other vessels whose type he could not determine.

The German fleet, on its way from Kiel and Wilhelmshaven to Spanish waters for maneuvers, previously had been unreported.

UNNECESSARY SAYS LEADER OF FASCISTS

"Italy Does Not Intend to Attack Anyone"

BULLETIN
Ankara, Turkey, April 20—(AP)—The Turkish newspaper, Vakit, reported today that British-Turkish negotiations for a mutual anti-aggression and assistance pact had been successfully concluded.

The report could not be confirmed in official quarters.

BULLETIN
Valletta, Malta, April 20—(AP)—Five British warships were disclosed today to have left Malta during the night for Gibraltar.

French warships on Monday assumed virtual naval control of Gibraltar where the only British warship was the 1,100-ton destroyer Wishart.

Washington Disappointed

Washington, April 20—(P)—A state department official said today Premier Mussolini's speech concerning President Roosevelt's peace proposal, while disappointing, might still leave some room for cooperative action.

Should the President wish to pursue his suggestions for a guaranteed peace and settlement of difficulties by the conference method, this official said, he might find a basis in the fact that there were some indications of peaceful intentions in the Italian premier's response.

It was specifically noted that Mussolini did not altogether reject the idea of conferences, although he did minimize the value of a large conference.

Mr. Roosevelt did not have in mind world conferences in each of the three possible subjects, disarmament, economic and political, officials have said. The largest would be on economic matters; the disarmament meeting would be limited to nations having large armaments, and the political conference would be confined to European nations directly interested.

By CHARLES H. GUPPILL

Rome, April 20—(P)—Premier Mussolini today rejected President Roosevelt's plea for a decade of peace by non-aggression guarantees on grounds that they were unnecessary and failed to take into consideration "pyramidal errors of geography."

But, speaking in the shadow of the heroic statue of Julius Caesar in the Roman capitol, II Duce cited Italy's plans for a world expedition in 1942 as a "promising indication that we do not intend to attack anyone."

His speech, broadcast in response to a report on the exposition's progress, unexpectedly furnished Italy's reply to the United States president.

Write in Names of All Candidates

Kempton, April 20—(RN Special)—Only 35 votes were cast in Tuesday's village election here and there were no candidates on the ballot.

However, Charles Gardner, Robert Senepell and Frank Scott were elected members of the village board when their names were written in. Gardner received 35 votes and the others 25 each.

J. L. Falter, the Rev. U. P. Jones, Mrs. William T. Malone and Mrs. Clarence Donnen served on the election board.

Pope Asks Prayers For Peace in Month of May

Vatican City, April 20—(P)—Pope Pius XII today asked for a "crusade of prayer" throughout the world during the month of May in behalf of "greatly longed for Christian peace among all nations and peoples."

The pontiff made his appeal in a letter to his secretary of state, Luigi Cardinal Maglione.

He recalled that immediately after his election as pope and again in his Easter homily he had exhorted "all nations and their governments to sentiments of justice and charity in order to consolidate profoundly and permanently greatly longed for Christian peace among all nations and peoples."

His Holiness then expressed the wish that in all the dioceses and parishes public prayer in this cause should be made to the virgin during the coming month.

He said he desired that prayers be said especially by children, "who radiate innocence, gentleness and grace."

The Pope said he was confident the prayers would be heeded and that "the heavenly mother will intercede, obtaining from her divine son liberation from present anxieties, the peace of hearts and fraternal concord among peoples."

The pontiff's letter concluded with expression of a hope that "better times may arise for humanity once mutual rancors are appeased, minds pacified and discussion among peoples controlled."

REDDICK

The W. B. A. motored to Union Hill on Thursday and was entertained at the home of Mrs. Violet Donberg. Fifty was the diversion. First and second honors went to Mrs. Jean Halloran and Mrs. Veda Staudley. Mrs. Henry Schott received the consolation prize. Lunch was served by the hostess, assisted by Mrs. Frances Smith. Those present were: Mesdames J. H. Staudley, Joe Tavares, Kitty Phillips, Mary Graf, Lee Bruney, Emma Bosson, Gladys Dyer, Jean Halloran, Frances Smith, Mildred Donberg, Violet Donberg, guests were Mesdames Charles Cook, Roy Schott and Henry Schott.

The Ladies Aid of the Redwood M. E. church is holding their spring bazaar April 26 in the basement of the church.

Mrs. Merle Hightler and infant daughter came home from St. Mary hospital Wednesday. They are staying with their mother Mrs. Hattie Mallon while Mr. Hightler is working in Decatur.

Mr. Bodenschatz and daughter, Roberto and Mrs. Robert Koster, of here and Mrs. Dora Koster of Odel visited in their home on Sunday.

Robert Jr. of Chicago and Mr. and Mrs. J. H. Staudley and daughter Janet of here were entertained Sunday at the home of Mrs. O. A. Tavis.

Jack Halloran spent Monday with Junior Eskoldson.

Mr. and Mrs. W. B. Bruney and children, Rosemary, Roy, Cecil Bill and Sharon and Mr. Mark C. Guest were entertained Sunday at the James Tyler home at Elwood.

Mrs. John Clark and Junior, Clifford and Hazel Reed were in Kankakee on Saturday.

Mr. and Mrs. William Rimmer and infant daughter came home from St. Mary hospital Wednesday. They are staying with their mother Mrs. Hattie Mallon while Mr. Rimmer is working in Decatur.

HERSCHER

Mrs. M. C. Wilcox of San Antonio, Texas, spent the past week at the Ros Wilcox home.

Mrs. Leo Peterson entertained on Sunday in honor of her husband's birthday which occurred Friday. Guests were: Mrs. Carl Peterson and daughter, Ruth, and Gertrude, Mr. and Mrs. Joe Peterson and daughter, Gertrude, Mr. and Mrs. Howard Peterson and Mrs. J. G. Warrick and Richard Laine, guests of the hostess.

The first meeting of the George Weisman home was held at the home of Mrs. and Mrs. E. G. Warrick on Tuesday evening. High noon was observed by Mrs. John Peterson and Howard Young and Mrs. J. G. Warrick and Richard Laine, guests of the hostess.

The first meeting of the George Weisman home was held at the home of Mrs. and Mrs. E. G. Warrick on Tuesday evening. High noon was observed by Mrs. John Peterson and Howard Young and Mrs. J. G. Warrick and Richard Laine, guests of the hostess.

Mrs. Clara Burkhardt, Mrs. Eugene Burkhardt, Lena and Ida, Albert and Mrs. and Mrs. Henry Burkhardt, Mrs. and Mrs. Albin Burkhardt and Jacob Burkhardt.

The Trinity Evangelical Lutheran Ladies Aid met last Thursday. Mrs. Charles Wheeler, J. E. Arneau, Mrs. Schlicht and Edward Schwarz were present.

We wish to thank everyone who has helped in saving our larger house from being burned.

To High School Graduates

Silver Cross Hospital of Nursing announces an accredited non-sectarian, 3 year nursing course for High School graduates. Complete instruction, full maintenance, comfortable Nurses' Home, no tuition fees. Class now being organized for entrance in September, 1939. Catalogue sent on request. Address Superintendent of Nurses, Silver Cross Hospital, Joliet, Illinois.

COAL MINERS THREATEN TO STRIKE MAY 5

Complete Shutdown Unless New Contract Signed

New York, April 20.—A complete shutdown of the nation's soft coal mines May 5, unless a new contract is signed before that date, has been ordered by the United Mine Workers.

The order, claiming a six-weeks deadline in negotiations between the union and operators for the eight-state Appalachian area, threatened to shut 125,000 men from bituminous workings in 13 states. Approximately 350,000 have been idle in the Appalachian regions and in Alabama since the old two-year contract expired April 1.

C. I. O. Chairman John L. Lewis, who heads the mine workers, also has said he would call out 100,000 anthracite miners, if necessary, to force an agreement. This would leave 50,000 miners idle and increase the growing menace of a national coal shortage.

Lewis and other union leaders began conferring two days ago with hard coal operators for a new contract to replace the three-year anthracite industry agreement which expires April 30.

His action in the bituminous dispute came in the form of an order to district leaders in the outlying states to go operators the 15 days notice required before closing the mines.

Temporary Agreements
The contract for the Appalachian states, where 70 per cent of the soft coal is mined, is basic for the industry. Since April 1 bituminous miners in the non-Appalachian states have worked under temporary agreements pending the outcome of negotiations here. The order affected miners in Indiana, Illinois, Iowa, Wyoming, Montana, Washington, Colorado, New Mexico, Texas, Oklahoma, Kansas, Missouri and Kentucky.

A demand by the union for elimination of penalty clauses fining the union \$1 to \$2 per man for members involved in illegal strikes has deadlocked the negotiating subcommittee of four operators and four U. M. W. officials.

Hopeful of an early end to the stalemate, John R. Stedman, director of the U. S. conciliation service, said after a conference with the subcommittee yesterday its members were "not as far apart as they think they are."

Stedman said he would report to Secretary of Labor Perkins in Washington, leaving another federal labor conciliator, James P. Dewey, here as observer. The White House, replying to a plea last week by Mayor La Guardia for presidential intervention, said it would intervene only as a last resort.

Crippling industrial effects of the shutdown in the Appalachian area would be more apparent, although widespread shortage has developed. Officials of the Association of American Railroads estimated 2,000 railroad men at coal carrying lines would lose \$11,000,000 a week in gross revenue.

Major steel companies were believed to have fuel reserves for several weeks.

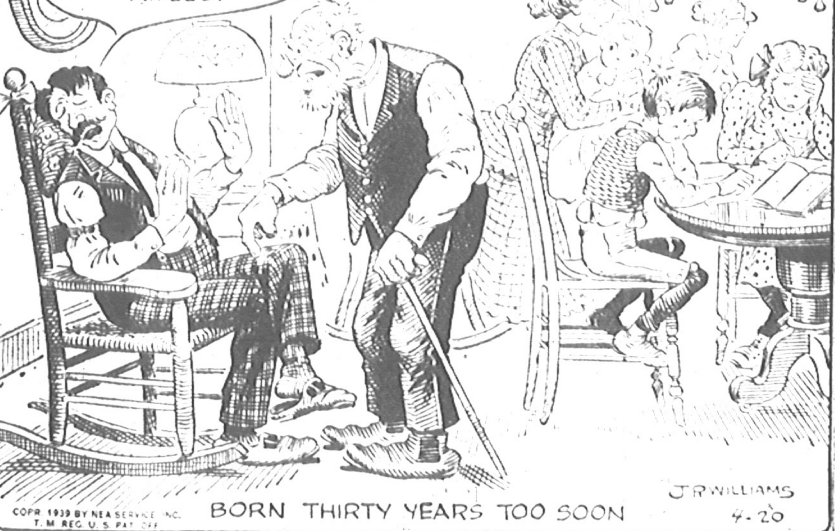

Strike Zero Hour
Springfield, Ill., April 20.—(AP)—Midnight May 4 has been fixed as the strike zero hour for some 25,000 Illinois miners.

Ray Edmundson, president of the Illinois district of the United Mine Workers of America, said the miners were being notified to walk off their jobs at that hour unless New York

negotiators for an Appalachian wage agreement come to terms before that time in the outlying states to go operators the 15 days notice required before closing the mines.

The union leaders and his action was in accordance with instructions from John L. Lewis, president of the national union. Lewis requested district presidents of areas not covered by the Appalachian agreement to walk out after a 15-day notice to mine owners.

By the terms of an agreement made March 7 either operators or the union may terminate an existing contract on 15 days notice. The contract, based on the Appalachian agreement, expired March 31.

F. S. Wilkie, secretary of the Illinois Coal Operators' association, said at Chicago the notification left 12 working days which, considering present reserves, would permit the mines to accumulate "a 30 to 60 day supply by the time the walkout becomes effective."

The U. M. W. club met Tuesday. A picnic was planned for Tuesday, April 27. Robert Ryan and Delbert McCannan are in charge.

The first baseball game of the season will take place at the American Legion field on South Schuyler

WE'RE JUST LEARNING

Like wide-eyed children in an unknown wonderland, we stand in today's world, gazing. We are overwhelmed by the magic possibilities that are all about us. But we cannot think of the "Open, Sesame" that will unlock the doors.

The argument of technicians is so universal as to be beyond argument—it has been repeated again and again. We stand for the first time in the world's history in a wonderland in which there could easily be a material thing for everyone. But we have not yet figured out the way to produce the actual result in practice.

Charles F. Kettering, research chief for General Motors, is an inventor and technician. From that point of view, no one has better outlined our position than Kettering did in these recent words:

"Today we have an unusual condition because there is an excess of materials, an increase of money, and an excess of manpower. All that means to me is that we haven't enough projects to work on. It means we are technologically behind, not technologically ahead."

"Not enough work to do, and there's so much yet to be done. . . . Never was there such an opportunity to do things; but we can't go on doing only the same things we are doing now. We have got to open up a new field, and there are thousands of new fields waiting."

"It's up to us to find our way into them. We can only get some of these new projects under way we won't have enough materials or money or men to do the job. And we can start anywhere. There's no end to the opportunities."

There stands man—a wealth of material, a pile of money ready at his hand, 10,000,000 men ready and waiting to go to work. And because he hasn't the wit to devise uses that will bring these three together, the money, and the materials, and even the men rust in disuse.

The answer probably will come, but not in a blinding flash that will start things humming day after tomorrow. It will come little by little as one idea after another timidly bides time to swing into action.

Certainly Kettering is right when he says that we can't go on doing only the same things we are doing now. It is the new things that are needed.

In the horse-and-buggy days it was an unusual family that kept a horse-and-buggy. But when the auto age came, the auto became a virtual necessity for almost every family of families than ever dared aspire to have their own stable.

Why do we say that, because in the past land and a home were only for the few, the need be so? There is land for all, and building materials for all. More things than ever before people is the only way out. But only the engineers and technologists realize it fully.

The rest of us yearn for the "good old days," realizing that they weren't half good enough, and that what is needed is not a return to the good old days, but a determined advance to a better day.

PUT THE GOLD TO WORK

Daily the little reminders pile up that the \$15,000,000,000 in gold which the United States has acquired and buried, isn't doing us anybody any good.

More than half of all the gold in the world, more than we can conceivably use to "back" our currency, and the best we can think of is to bury it and sit on the lid!

Newest reminder is from a Chilean newspaper which warns that though Chile is anxious to trade with the United States, it can't. Why? "We lack the necessary gold to protect our currency, so we must defend our standard of living exclusively on the system of barter," says the Santiago Mercurio.

And who will barter gladly with Chile—one of the few South American countries where a regularly-elected president sits in the executive chair? Germany will, and Italy will, and Japan.

Is there nothing in Chile that the United States could use more effectively than it is using its gold surplus? It is hard to believe that some means can be devised to get into the hands of Chile the gold which she needs and we do not, and to get in exchange something that will be of more use to Americans than the idle hoard buried beneath Fort Knox.

Dependent Illinois Children Would Be Aided; New Measure

Springfield, Ill., April 20.—A bill appropriating \$2,000,000 to fund a new plan for dependent Illinois children was introduced in the Illinois House today. The bill, which is supported by the American Legion, is the first of its kind in the state's history. It provides for the payment of \$100 a month to the mother of a dependent child, or to the father if the mother is unable to support the child. The bill also provides for the payment of \$100 a month to the mother of a dependent child, or to the father if the mother is unable to support the child. The bill also provides for the payment of \$100 a month to the mother of a dependent child, or to the father if the mother is unable to support the child.

The bill provides that the \$2,000,000 furnished by the state under the present mothers' pension act could be added to \$1,000,000 obtained from the state's general fund and \$100,000 federal funds. The amount to come from the general fund would be \$1,000,000, the state contribution for mothers' pensions and \$100,000 for the state's general fund. The bill also provides for the payment of \$100 a month to the mother of a dependent child, or to the father if the mother is unable to support the child. The bill also provides for the payment of \$100 a month to the mother of a dependent child, or to the father if the mother is unable to support the child.

The plan would be administered by the county welfare departments or, in the event they are abolished, by the recently proposed state public assistance department. Both Governor Horner and Lieut. Gov. John Stettin have indicated they favored such a plan. With the smallest attendance yet for a Thursday session, the house business was confined to the advancement and introduction of bills. The next regular session will be Monday night. The senate, which met perfunctorily today, will meet in full session Tuesday afternoon.

Ex-Girl Friend Detained While He Gets Married

Pittsburgh, April 20.—(UP)—Timothy Faherty left on a secret honeymoon today to his ex-girl friend, an Irish colleen, who had told him many more after failing to disappear—perhaps with a gun—his wedding to another girl yesterday. Faherty, who is at his wife's side on how to stop being "molested" by Kathleen Muldowney, 25, hoped to have a final show down with her in court this morning. But Muldowney forfeited a \$10 bond by failing to appear in court.

THE FAIR STORES CO. OF KANKAKEE

POLL PARROT SHOES

pay the full price of the shoe you want, and you'll have the extra money to spend on other things you want.

2.98

SIZES UP TO 3 — WIDTHS AA TO C

Over 6,000 acres of game refuge, covering a "drift range" of 25,000 acres, were removed from the refuge class this spring by the Delaware Game and Fish commission. Refuge had been established for two years.

Non-Support Case

Fred E. Graff, 27, of 236 North Harrison avenue, arrested day before yesterday on a charge of non-support, appeared yesterday before County Judge C. D. Henry and was ordered to pay \$5 weekly to his wife, Kathryn.

LAPORTE IS HOLDOVER

It was stated in error in yesterday's issue of the Republican-News that John Postian is the hold-over alderman of the Third ward. The hold-over, continuing the tradition of Edmund J. LaPorte, Republican elected two years ago with Mayor Albert P. Hattenberg, Mr. Postian is the retiring alderman.

Parents of Daughter

Mr. and Mrs. Frank Stated, of 254 South Harrison avenue, are parents of an 8-year-old daughter, Joyce Maureen, born Wednesday at St. Mary hospital. This is the third child and first daughter.

NEW ARRIVAL

A daughter was born to Mr. and Mrs. Claude Hayden of Grant Park at St. Mary hospital yesterday.

SON IS BORN

Mr. and Mrs. Edward Butler announced the birth of a 5-pound son, Joseph Edward, born Tuesday at St. Mary hospital. Mrs. Butler is the former Lenora Gray.

CHURCH SUPERINTENDENTS

During the 90th annual convention of the Evangelical church now convening in Elgin the following superintendents were elected: Rev. L. C. Schmidt for the Chicago district, the Rev. P. Beucher for the Peoria district and the Rev. Miss Catherine O'Connor for the Peoria district.

Y.W.C.A. CAMP FOR GIRLS

At a meeting of the board of the Young Women's Christian association, last evening it was decided to take the East Bay camp, north of Bloomington, for the first time, during the summer of 1939. The camp is located in the town of Bloomington, Ill.

GET \$30 FROM TAVERN

Thieves broke into the Billy Krueger tavern, 774 South Main street, while it was closed on Tuesday night and stole \$30 from the cash register, police disclosed today.

SKETCH PICTURES

Dr. M. E. White will show several reels of colored motion pictures of sketch shooting at a meeting of the Kankakee Marsh Sketch Gun club at 8 o'clock Friday evening at the clubhouse, two miles south on highway 49. Refreshments will be served after the meeting.

CONDITION CRITICAL

Mrs. W. L. Cooper of 1323 East Cobb boulevard, who suffered a stroke of paralysis Tuesday evening, is in a critical condition at St. Mary hospital.

TO WASHINGTON

Mr. and Mrs. Frank Bevan and the former's mother Mrs. Carrie Bevan and sister Mrs. A. Hartman left today for Washington, D. C. for a two-week visit. Mrs. Bevan of Washington will return with them for a week's visit.

DELPHI INTERNATIONAL

Members of Kankakee Delphi International will attend services Sunday morning at the Trinity M. E. church in observing the organization's annual "Go to Church Sunday." The group will meet at Hotel Kankakee at 10:15 o'clock. The Rev. M. J. Johnson, pastor, will preach on "Builders of the Beautiful."

MARRIAGE LICENSES

Notices of intention to apply for marriage licenses were filed yesterday by Marshall Cross, 21, of 409 South Main avenue and Lucille Douglas, 18, of 1905 West Station street; Harold VanVleet, 20, and Mildred Colard, 17, both of St. Anne.

AUTO STOLEN

The 1935 sedan of Attorney Vanum A. Parish of Momence was stolen in Momence last night according to a report to Sheriff Dan Bergen.
