The confession was offered by Asst. State's Attorney C. H. Sack, and immediately legal arguments as to its admission were heard while the jury was excused. Circuit Judge John H. Armstrong took the question of admission under advisement.

The confession is that which was said to have been obtained by Champaign City Policeman Rollo Blunt who was on the stand most of this morning. Blunt testified that the statement was prepared by him but signed by Mrs. Strothers four hours after the shooting.

## Wife Fires Pistol But Misses Mate

Police were called at 5 o'clock Tuesday afternoon to the residence of William Paulowski, 463 West Wacker street, in answer to a call that somebody had started shooting.

Detective Don Beau and Officer Thomas Cantlin and Edmund Klafka found Paulowski in the yard and his wife in the house. Each accused the other of firing a shot from a .38 caliber revolver. The bullet dug into the plastering about five feet above the floor.

After questioning the two further, police learned that during the heat of their quarrel, the gun discharged while held in Mrs. Paulowski's hands. She said she was afraid her husband would grab the weapon and was attempting to remove the cartridges when it went off. Police took custody of the gun and did what they could to patch up the family argument.

Hollywood, April 26—(AP)—Crooner Bing Crosby carried a gun today while agents of the Federal Bureau of Investigation, as usual refusing comment on their activities, probed a kidnap threat against the four children of the actor-sportsman and his wife, the former Dixie Lee of the films.

Fluorid lights illuminated the Toluca Lake estate of the screen and radio star and armed guards patrolled the grounds as Crosby admitted he had conferred with G-men but disclaimed great concern, declaring: "It's really nothing unusual; we get these threats every once in a while and don't pay much attention to them."

## Wilson Signature Not Valid, Rules County Court Jury

A suit over a note for \$279, by Alfred and Arthur Schultz of Bourbonnais township against Theodore A. Wilson of Momence, was decided today in favor of Wilson.

A sealed verdict by a county court jury was opened this afternoon by Judge C. D. Henry.

The jury decided, in effect, that a purported signature on the note is not Wilson's. The note was given by Wilson's son Clyde in payment for cattle bought from the Schultz brothers at a public sale in 1926.

Taking of testimony was finished late yesterday afternoon and the jury decided on a verdict in about 20 minutes. The jurors are Ross Salsider of Bradley, H. A. Cyriler of Marenton, John Hoerman, Harry Couture, A. R. Hamilton, John Berceles, Horace Thierlen, George St. John, Edward Reno, Edwin Paden, Patrick J. Dugan and Henry Bernier of Kankakee.

Wilson was represented by Attorney Elmer Wilson and the Schultz brothers by the law firm of Burns & Curran.

## Momence Youth is Granted More Time

John Joseph Bylele, Momence youth recently arrested on a charge of larceny, was arraigned yesterday before Justice Fred R. Smith.

He did not plead but asked additional time in which to employ a lawyer, which was granted. He was sent back to the county jail in default of 1,000 bond.

He is accused of having stolen 35 bundles of shingles from B. L. Tabler and Son and the Hess Lumber company of Momence.

## British Envoy Conveys Message To Nazi Chief

Berlin April 26—(AP)—Sir Neville Henderson, Britain's ambassador, after waiting two days succeeded today in conveying to Chancellor Hitler his message he brought from Prime Minister Chamberlain regarding British motives for introducing peacetime conscription.

The ambassador, however, had to content himself with seeing Baron Ernst von Weizsaecker, secretary of state in the foreign office, instead of Foreign Minister Joachim von Ribbentrop, with whom he desired to talk.

One foreigner knows what Hitler will say when he addresses the reichstag—and that foreigner is Premier Mussolini of Italy.

It is said that the ambassador of every step in the Fuehrer's preparations.

The speech already has been given to translators for renditions in English, French and Italian.

The only authoritative information on its character, however, was that it would be "very positive, both as regards the reply to Roosevelt and as regards suggestions for the further course of world events."

## POISON-RING MEMBERS ARE UNDER ARREST

### Dozen More Men, Women Rounded Up; Philadelphia

Philadelphia, April 26—(AP)—Detectives rounded up at least a dozen more men and women today in an insurance-murder poison-ring investigation and arrested three on homicide charges.

After hours of night "star chamber" sessions the investigators described how the four-state ring and its "customers" poisoned numerous victims to collect insurance money under the leadership of a middleman who practiced witchcraft and was known as "the rabbi." He is still free.

Indications that the poison plot may have taken at least 75 lives in the past 10 years in four eastern seaboard states have come repeatedly from investigators.

One man has been convicted of first-degree murder; a woman has pleaded guilty to three slayings and three other persons await trial on murder charges.

## War Only Can Halt Trip to No. America

London, April 26—(AP)—Nothing short of a declaration of war will make "the slightest difference" in plans for the North American trip of King George and Queen Elizabeth, Buckingham palace sources said today.

Palace officials said there had been no change in original plans for the departure May 6 for Canada and the United States aboard the battle cruiser Repulse and only "something pretty serious" could alter them.

Other informed sources, however, said an alternative plan whereby the king and queen would use a passenger liner was under serious consideration.

## Weather is Issue in Accident Case

A suit as the result of an automobile accident, by Roy Gall of Reddick vs. George Thorson of Cabery, was heard yesterday by Justice Fred R. Smith and taken under advisement until Friday morning.

The accident occurred last Sept. 10 on highway 17 at the Bonfield road intersection. Gall sued for \$338.84 and Thorson filed a counter claim for \$245.71.

Testimony on one side was that the marks of one car were seen in the frost after the accident, and on the other side that it was so hot occupants of one car had the windows open.

Gall was represented by Attorney Vernon G. Butz and Thorson by Attorney Armen R. Blanke.

## Drivers' License Law Effective on Monday

Springfield, Ill., April 26—(AP)—State officials went ahead today with plans to put Illinois' drivers' license law in effect next Monday, May 1, notwithstanding refusal of the house yesterday to appropriate \$80,000 for its enforcement.

The office of Secretary of State Edward J. Hughes said 1,750,000 licenses have been issued and that the number probably would reach 2,000,000 by the time the law becomes operative. About 2,500,000 persons in the state drive cars, licensing officials estimate.

Pending in the house is a bill to postpone the effective date of the licensing act until Sept. 1, but its sponsor, Rep. Thomas A. Bolger (D-McHenry) said he was undecided whether to call it up for a passage vote.

Chief Engineer Ernst Lieberman of the highway department, which had planned to hire additional state police to conduct drivers' examinations and road tests, said lack of the \$80,000 appropriation would "cripple" the department. He said 44 state officers who have been conducting the tests for several months would have to be kept from performing their regular police work.

Don Clark of Effingham, chief examiner for the state police, said more than 10,000 applicants for licenses had been required to take examinations to prove their capacity to drive. He said about 75 had "flunked" and 3,476 others been given restricted licenses.

Under the restrictions imposed some drivers may operate cars only during daylight hours, others are required to wear glasses and others are required to drive with artificial limbs or special attachments for their cars.

Prior to May 1 tests have been required only of applicants with physical or mental handicaps, or poor accident records. Official said after May 1 all applicants may be required to take them.

## 31 Millions Asked By FDR For Air Bases

Washington, April 26—(AP)—President Roosevelt asked congress today to make available immediately \$31,621,000 to start a program authorized in the bill he signed yesterday to strengthen the navy's air bases.

In addition to asking the cash immediately, the President requested that the navy be given authority to enter into contracts aggregating \$65,000,000. The new air base law authorized outlays of \$65,000,000.

## Onargan on 37th "Visit" to Jail

Watseka, April 26—(RN Special)—Rollie Richards, 42, of Onarga, arrested by Officer Charles Hildebrand of Onarga for drunkenness and disorderly conduct, told authorities who received him at the county jail this morning "this makes my 37th time here." Hearing has not yet been set.

## ALL YOUTHS OF 20 TO 21 MUST JOIN THE ARMY

### Compulsory Military Service for Six Months

**BULLETIN**  
Rome, April 26—(AP)—A united Rome-Berlin reaction to British plans for compulsory military service was foreshadowed today.

The lack of backfire in early morning papers was interpreted in the foreign colony as meaning Italian editors thought the situation too serious for comment before the government had had a chance to indicate the line to be taken.

There were indications that Italy might wait for Reichsfuehrer Hitler to give the axis response on Friday when he addressed the reichstag in reply to President Roosevelt's proposal of non-aggression pledges.

# BRUCE BACK, FELLER FIGHTING JOES

## BRUCE POUNDS PAIR OF HOMERS AGAINST CHISOX

By SID FEDER  
Associated Press Sports Writer

It is always a pleasure to report that Bruce Campbell again is distributing his headache powders among American league pitchers.

There comes a time each year when the 39-year old catcher finds the range and lets both barrels go. And since there has been no more courageous figure in the history of sport, all the way back to Philadelphia, the guy who made a marathon running a fad, you somehow are mighty glad to give Bruce all the credit coming to him.

Bruce has had anything but an easy time of it in his 10 years in the big leagues. Three times he has traded in his lace (and his high school catcher's mask for an outfielder's glove, spinal meningitis has laid him low. Each time the biographers wrote flimsy in his career, and each time he came back to add some more chapters.

Wasn't included in Plans. And there he was again yesterday, although he hadn't been playing much in Orie Vito's plans for Cleveland's collapse Indians this season. With Jeff Heath, Earl Averill, Ben Chapman and Duke Solters on the roster, it looked as if Bruce were along just for the ride.

Through the first four games, however, Averill was a large "flop." In 14 official times at bat he couldn't even get a loud foul. So yesterday Orie benched "The Old" and gave the high sign to Bruce, and Bruce brought his tomahawk with him. He paroled two homers among the cash customers in right and drove across five runs, by which the Tribe cashed in on Bobby Fellers four-hit flinging to scalp the White Sox, 7-1.

The club needed 18 innings for Master Robert during which he has allowed just two runs and seven hits. He paroled two homers among the cash customers in right and drove across five runs, by which the Tribe cashed in on Bobby Fellers four-hit flinging to scalp the White Sox, 7-1.

The decision, however, didn't cut into the Yankees' lead. The Bombers celebrated the announcement of Joe DiMaggio's engagement for May 19, when they celebrated by walloping the awful Athletics, 8-4. The win was Rufus the Red Ruffing's second straight, but he had to bow out after the fifth frame because of a pulled muscle in his back.

Cubs Continue Pace. The Chicago Cubs also continued on their merry way at the head of the National league parade by knocking off Pittsburgh's pathetic Pirates, 5-3, behind the eight-hill elbowing of Bill Lee, but the Phillies remained the big story of the series circuit.

The Phils hadn't put more than three straight together since August of 1937. Yet yesterday they bowled over the New York Giants, 8-1, with Claude Passeau tossing a five-hitter for their fourth win in a row.

Whitney Moore, "forgotten man" of the Cincinnati Reds, brought himself to mind with a steady routine job to whip the Cardinals, 5-1. He fanned seven and boosted the Rhinelanders into second place. Brooklyn finally found the combination and nipped the Boston Bees, 3-2.

With us Golf is much more than a rack full of clubs. True, we have all of the new 1939 Spalding models, but in addition we take a keen interest in fitting clubs to the player... so that they're individually his... and the score card shows it.

## SPORTS ROUNDUP

By EDDIE KRITZ

New York, April 26.—P—Earle Sande says Johnston will win the Deby if he can last the mile and a quarter. If the situation about continues jittery, Whitner White may come on home and play football with the Pittsburgh Pirates.

The Philly papers report Charlowe sticking out from under the covers of one bed and Weaver's feet from the other.

Runners foundry: Connie Mack wants Babe Dahlgren to play first. The Red Sox would like to get Joe Judge along just for the ride. He might include Jake Wade in a deal to get him. . . . San Francisco fan boys are planning their star.

Pro golfers will shoot for purses totaling \$200,000 or more during the 1939-40 season.

Extra: Babe Ruth returns to the diamond in a softball game at the Garden May 3. . . . A nice little \$50,000 consolation prize for Joe Louis had been posted in a case Joe Roper had upset the apple cart last week. . . . Dominic Di Maggio, youngest of the ball players, is getting rave notices up and down the coast for his work in the San Francisco outfield.

Rather narrow of chest, but full of limb, they jog around the track with a motion that looks as if they were springing instead of striding.

Sportsman said this 21-year-old pair—Baline is slightly taller than Wayne—is a model of brotherly affection.

"That's why I hate to put 'em to a race together," he said. "They'll try to finish in a dead heat. They don't want to beat each other."

Crowding the 60-year mark, the Illinois veteran yesterday tallied games of 221, 223 and 234 to record a score which would have taken first prize money in 39 A. C. tournaments. He took the singles lead from Don Johnson, of Indianapolis, who completed a 720.

With but 10 days of the 1939 classic remaining, Daneke had cause to feel reasonably certain he will receive the \$500 prize and the accompanying gold medal.

## STARS TRAVEL 1,700 MILES TO MAKE TRACK BID

By EDDIE KRITZ

Philadelphia, April 26.—P—A triple track triumph with twin teachers.

Coach Chuck Specter and North Texas State Teachers college president today without tongue-tripping became the counts on the "Rhyming Rideout" twins to do it without toe-tripping.

The Rhyming Rideouts, Wayne and Blaine started workouts at Franklin field for the Penn relays Friday and Saturday. They traveled 1,700 miles from Denton, Texas, to run 4-1-4 miles, for their coach relies on them for first in the mile distance medley and four-mile relays.

Here Are Coach's Reasons

When a college coach chafes the pall of pessimism for a cloak of confidence, that's almost man-bites-dog news. Here are some reasons why Coach Specter believes the twins' green jerseys will be in front at the 40th annual University of Pennsylvania show:

1. Blaine ran the mile in 4:10.8 in the Sugar Bowl meet at New Orleans last winter, finishing second to the master, Glenn Cunningham.

2. Wayne did it in 4:10.9 in the Princeton Invitational meet last June.

3. Blaine—no, Wayne (the jingle seems confusing)—beat Cunningham in the three-quarter mile and set a world record of 3:03 at the Princeton invitation meet last June.

4. They paced their team to a 10-0 victory in the distance medley at the recent Kansas relays.

The twins wear spectacles and thick coats of Texas tan. They look like teachers, and teachers they are. They are "B" students and live in the college town to which they moved with their mother from Tuculo, Ill.

Look Out for Dead Heat

Rather narrow of chest, but full of limb, they jog around the track with a motion that looks as if they were springing instead of striding.

## Complete Successful Season

By EDDIE KRITZ

The most successful basketball season in the history of St. Patrick's Academy, Monaca, has ended with a brilliant record of twenty-seven victories against a lone pair of defeats. The Monaca players in their arduous schedule of twenty-nine encounters amassed a total of 653 points while holding their opponents to a minimum of 386 points.

This great display of power is due particularly to the fine teamwork of the squad. Individual plaudits must go to Grignon, St. Pat. point man, for his spectacular caliber of play through the season. He accumulated a third of his team's points. In the picture are, from right: Fiddick, Reising, second row, Macdonald, Captain Rybak, Daly, Gahlin; back row: Coach Rehner, LaSore, Grignon, Krefe, Wall and Coach Bukowski.

Blaine—no, Wayne (the jingle seems confusing)—beat Cunningham in the three-quarter mile and set a world record of 3:03 at the Princeton invitation meet last June.

4. They paced their team to a 10-0 victory in the distance medley at the recent Kansas relays.

"That's why I hate to put 'em to a race together," he said. "They'll try to finish in a dead heat. They don't want to beat each other."

Pennys Capture Bowling Title in Women's League

Crowding the 60-year mark, the Illinois veteran yesterday tallied games of 221, 223 and 234 to record a score which would have taken first prize money in 39 A. C. tournaments. He took the singles lead from Don Johnson, of Indianapolis, who completed a 720.

With but 10 days of the 1939 classic remaining, Daneke had cause to feel reasonably certain he will receive the \$500 prize and the accompanying gold medal.

## Abolish Stymie in Western Golf

By EDDIE KRITZ

Chicago, April 26.—P—Contestants in the Western Golf association's two match play tournaments this summer—the junior and the western amateur—should not have to worry about the stymie hazard.

The association, after a five-year study, reported today plans to lift the stymie rule in its tournaments.

In favor of abolishment of the stymie rule, and in the junior and the western amateur, the players fear from the hole may have the ball closer to the hole lifted only upon such request.

The western amateur will be played at Oklahoma City July 11-17. The junior will be played June 14-17 at the University of Michigan course at Ann Arbor.

Stowe Larson, new Navy football coach under whom Captain Alvin Begger of Kankakee will play next fall, was in Shanghai in 1937 and drilled the Navy Marine team for its game with the Fourth Marines.

Stowe Larson had the Navy against him for skill practice the last afternoon, when a Japanese officer, with a sword, came to the field. With solemn caution the marine, but the deck and Captain Larson after computing the range, called out practice.

## Plan Picnics for Royalty at Home of the President

Washington, April 26—(AP)—President and Mrs. Roosevelt expect to leave for Hyde Park tonight to entertain two sets of royal visitors this week-end with the informality customary at their Hudson river home.

If the weather is good, 35-year-old Crown Prince Olav of Norway and his pretty Swedish wife, Princess Marth, will be given a picnic Saturday. There will be another picnic Monday for handsome Crown Prince Frederik of Denmark and his 29-year-old princess, Ingrid.

Mrs. Roosevelt said she hoped the weather would permit the picnics. Last summer, she served hot dogs and a smorgasbord to Crown Prince Louise of Sweden on the rough hilltop site where the president is building a cottage.

Plans for the royal visits Mrs. Roosevelt said yesterday, will be largely those of Mrs. Sara Delano Roosevelt, the president's 82-year-old mother. The big green-shuttered house where they will be entertained is actually her home.

The first lady said she thought there would be small informal dinners each night of the guests' stay. The Norwegian group will be there on Friday and Saturday nights, leaving Sunday morning when the president goes to New York to open the world's fair. The Danish guests will arrive Sunday evening when the president returns and will remain until after dinner on Monday.

## FDR Addresses White House Children's Conference Today

Washington, April 26—(AP)—President Roosevelt told the White House children's conference today that democracy's success rested not on "territory, financial power, machines or armaments," but on the "deeply satisfying" of its citizenship.

In an address broadcast to the nation Mr. Roosevelt touched on international troubles by quoting from two recent addresses. He recalled his Pan-American day assertion that men were "only prisoners within their own minds" and "have within themselves the power to become free at any moment," and then quoted from his peace appeal to Reinholdtner Hitler and Premier Mussolini that "leaders of great nations have it in their power to liberate the disaster that impends."

**Training Future Leaders**  
"In providing for the health and education of children for the formation of their minds and characters in ways which are in harmony with the institutions of a free society," Mr. Roosevelt continued, "democracy is training its future leaders."

"The safety of democracy, therefore, depends upon the wide-spread diffusion of opportunities for developing those qualities of mind and character which are essential to leadership in our modern age."

The President spoke in the east room of the White House to members of the White House conference on children in a democracy. It was the fourth such conference. Mr. Roosevelt recalled that the first was held in 1909 under the leadership of President Theodore Roosevelt.

"It is still our task," he said, "to bring to bear upon the major problems of child life all the wisdom and understanding that can be distilled from compilations of facts, from the intuitions of common sense, and from professional skill."

This conference, like the others, is composed of men and women having a broad range of experience and interest in matters pertaining to the welfare of children. It is our purpose to review the objectives and

methods affecting the safety, well-being and happiness of the younger generation and their preparation for the responsibilities of citizenship.

**Integral Part of Democracy**  
"But we have gone one step further. Definitely we are here with a principal objective of considering the relationship between a successful democracy and the children who form an integral part of that democracy. We no longer set them apart from democracy as if they were a segregated group. They are at one with democracy because they are dependent upon a democracy and democracy is dependent on them."

And in meeting that challenge, the President said, consideration must be given to the breadth of the issues.

"Democracy," he said, is concerned not only with the preparation for leadership, but also with preparation for the discharge of the duties of citizenship in the determination of general policies and the selection of those persons who are to be entrusted with special duties.

**Dependent Children**  
He added that in many parts of the country "we have not provided enough to meet the minimum needs of dependent children for food, shelter and clothing, and the federal government's contribution toward their care is less generous than its contribution to the care of the aged."

And too, the President asserted,

"we must look at our civilization of the adults in their world to deal with the problems of the children."

As an outline of the problems to be considered by the conference, Mr. Roosevelt proposed:

"We are concerned about the children of the unemployed."

"We are concerned about other children who are without adequate shelter or food or clothing because of the poverty of their parents."

"We are concerned about the children of migratory families who have no settled place of residence or normal community relationships."

"We are concerned about the children of minority groups in our population who, confronted with discrimination and prejudice, must find it difficult to believe in the just ordering of life or the ability that mean security and happiness."

"We are concerned about the children who are not in touch with the schools, properly equipped to meet their need."

"We are concerned about the children who are outside the reach of training, influence, and are denied help in obtaining faith in an ordered universe and in the fatherland of God."

"We are concerned about the future of our democracy when children cannot make the assumptions that mean security and happiness."
