# Judge Ordered Cited In Civil Rights Dispute

## Rebels Continue Cuban Executions Didn't Comply With Order In Voting Case

HAVANA, Cuba (AP)—Fresh dispatches today told of the execution of 10 men by order of revolutionary courts, boosting the rebel leader, Fidel Castro, said the executions will continue, eventually to include all of the country's 100,000 prisoners.

Fulgencio Batista who are adjudge major war criminals. "We have given orders to shoot every one of these murderers," Castro declared Wednesday night.

SOME CONVICTED prisoners are getting prison terms. A few are being freed. A tribunal at Santiago Wednesday provisionally freed five—three civilians and two military men.

A new Supreme Court headed by Judge Emilio Menéndez was sworn in here today. This tribunal eventually is to take over the cases from the revolutionary courts.

In another development, rebel military strength in Havana was reduced. About 5,000 men of the Second National Front of Escambray, commanded by Major Eloy Gutierrez Menoyo, pulled out of Las Villas province of central Cuba, where they will be demobilized.

Criticism mounted abroad of the hurried military trials and firing squad deaths. But the rebel chief, asked by newsmen if the executions would be stopped, replied: "No. To the contrary, we have given orders to shoot every one of these murderers. And if we have to battle world opinion, we will."

Following De Gaulle's brief speech, newly named Premier Michel Debre presented to the packed chamber the program of his new government—a program supporting the Western Alliance, but clearly demanding a bigger voice for France.

THE DEPUTIES stood respectfully while Chaban Delmas read De Gaulle's statement.

De Gaulle called for the Assembly to pass the law which would weaken the old Fourth Republic and finally brought about the ouster of dictator Fulgencio Batista.

"A rigorous putting in order of our affairs is absolutely necessary for the Western Alliance to be able to put its stamp on our national destiny," De Gaulle said.

The assembly was to get its first chance to discuss government policies after 7½ months of De Gaulle's one-man rule before.

PARIS (AP)—President Charles de Gaulle's statement to the National Assembly of the Fifth Republic today with a pledge to work toward a political solution in Algeria through universal suffrage.

De Gaulle's generalized message, read to the Assembly by the speaker, Jacques Chaban Delmas, clearly implied more elections or referendums in the troubled North African territory where a rebellion has raged for four years.

A prerequisite to the expression of universal suffrage, De Gaulle said, was the pacification and economic transformation of Algeria.

CASTRO HAD scheduled a new conference later in the evening but called it off with word that he was ill. The nature of his illness was not disclosed, but the strenuous life he has led during the past two weeks was probably the cause.

Reports reaching Havana said 19 persons were put to death in a conference Monday night to have finished checking the files for evidence of discrimination against prospective grand jurors in the two rural counties.

Wallace's rebellious action was originally scheduled for hearing Wednesday but Johnson granted federal attorneys a 24-hour delay.

**FAST DEAL!**

INDIANAPOLIS (AP)—A man stole a parakeet from a cage in a downtown store, stuck it in his pocket and sold it outside for 75 cents to a man who promptly entered the store and brought a cage for it. A clerk confirmed the story.

AMMAN, Jordan (AP)—The United States today delivered 2½ million dollars to the Jordan treasury. It was the balance of the 7½ million the U.S. government pledged to relieve the Jordanian government's budget deficit.

**Water Hike Would Be Costly To State**

An attorney for the Illinois Department of Public Welfare says that a 42 per cent rate increase for the Kankakee Water Co. would cost the state about \$2,000 a month.

Clark Miley, the attorney, questioned a water company official late Wednesday at the end of two days of hearings on the company's request for a rate hike before the Illinois Commerce Commission in Chicago.

The hearing has been continued to Feb. 3.

Miley testified while Lynn O. Minor, vice president and manager of the Kankakee company, described its physical operations, telling how mains are installed, how they are tested and the future needs for water lines in the growing Kankakee area. Minor estimated that the population would be 20,000 by 1960, compared with 50,000 now.

Miley ASKED WHAT the company planned for the two state hospitals in this area, and Minor said that there was no future expenditure planned for the hospitals at present. He explained that the water consumption of the two hospitals, Kankakee and Manteno, is "remarkably constant" from one

year to another. Kankakee uses about 28 million gallons a month, Manteno about 31 million.

After the hearing, Miley said the rate increase would cost the state about \$3,000 a month. He said the state now pays \$1,210.01 a year for water. He estimated the cost after the increase at \$24,353.33 annually.

Theodore W. Schroeder, attorney for the hospitals, said he hopes to have an engineering investigation completed when the hearing resumes in February. He also wants to study a report the company has presented on further improvements.

## West Germans Told U.S. Unity Policy Is Same

Sources Don't Rule Out Some Revisions In The Near Future

WASHINGTON (AP)—The United States has reassured West Germany that it is standing pat on the policy of seeking German reunification through free, all-German elections.

Official statements, however, did not rule out the possibility of future revision of this policy.

The West German government of Chancellor Konrad Adenauer sought more information after Secretary of State John Foster Dulles told a news conference that free elections were the "natural method" but not the only possible way of merging the two parts of Germany into a single nation again.

This was interpreted as meaning that the stand for free elections might be most of some other practical avenue to unification opened up in prospective negotiations with the Soviet Union.

It is understood that various new ideas relating to the German problem are under discussion in the State Department, even though all in the end could be discarded.

## Urges Firm Stand On Rail Service

The city of Kankakee should take a "firm stand" opposing further reductions in rail service, in the opinion of Leon A. Blanchette, village clerk in Bourbonnais.

In a letter, Mayor Ed P. Madison, Blanchette proposed that the city and the railroad get together to work out a schedule convenient to the residents. A copy of the letter was sent to Wayne Johnson, president of the Illinois Central Railroad.

The IC has petitioned the Illinois Commerce Commission for permission to discontinue the Springfield Special, a trip created when the railroad was permitted to combine its three daily round-trip passenger trains between Chicago and St. Louis into a single train.

Blanchette said in his letter that despite the growth of the Kankakee area, rail transportation has been allowed to decrease to a point where it is no longer of service to the residents.

"A practical schedule," the letter said, "should result in increased usage and in the end a profit for the railroad."

In an interview, Blanchette said the Springfield Special has had from 20 to 75 passengers boarding it in Kankakee on the occasions when he has taken the train. At times, there was standing room only, he said.

He objected to the hour it leaves, saying a 7 or 7:30 a.m. train would be convenient.

Blanchette said it might be determined if the IC could be persuaded to serve Kankakee commuters with the self-propelled diesel units used to serve communities north of Chicago.

## Gen. Marshall Ill; May Be Mild Stroke

WASHINGTON (AP)—Gen. George C. Marshall was stricken ill today and was taken to the Ft. Bragg Army hospital. He was reported resting comfortably.

Pentagon officials said that the former Army chief of staff, secretary of state and secretary of defense, fell ill upon awaking today at his winter home in Pinchburg, N.C.

Col. Merrill Powell, a Ft. Bragg medical officer, was summoned and decided to remove the veteran soldier and statesman to the hospital for observation.

Powell notified the Army's Walter Reed Medical Center in Washington and Maj. Gen. Howard M. Snyder, President Eisenhower's personal physician.

The seizure was informally described as a "spasm" of the sort sometimes associated with a mild stroke.

## Delaware Offers Integration Plan

DOVER, Del. (UPI)—The Delaware state board of education submitted to all school boards Wednesday a plan of gradual desegregation.

The proposed plan, which would allow for integration to start in the first grades next September with a gradual increase through the 12th grade by 1970.

## JP Setup Provides Controversy

(Procedures in justice of the peace and police magistrate courts are dealt with in this article of a four-part Journal series on courts. The final story will deal with some of the problems of these courts and some of the solutions proposed by officials themselves.)

By CHARLES PALMER

The justice and police magistrate court system in Illinois came under close inspection and strong criticism recently.

This stemmed from proponents of an article to amend the Illinois judicial system as set up in the state constitution.

THE PROPOSAL FAILED TO GET the required number of approval votes in the Nov. 4 general election.

Although it contained measures which would have provided for sweeping changes in the entire court system, one of the most controversial was a proposal to abolish JPs and police magistrates.

## Courthouse At 50-Year Mark

A Kankakee landmark which has stood for almost half a century is observing a milestone today.

It was on Jan. 13 just 50 years ago that the county board of supervisors authorized a building committee to hire an architect to build a new courthouse.

On April 21, 1909 a general construction contract was awarded to the William Stillwell Construction Co. of Lafayette, Ind., for \$187,000.

Replacement of the old courthouse today would probably be 10 times that amount.

Although the building has served well and is still structurally sound, it needs repairs soon. Interior repainting is necessary and well as renovation of the electrical, plumbing and heating system.

COUNTY COURTHOUSE: WORTH 10 TIMES WHAT IT WAS 50 YEARS AGO.

The city of Kankakee should take a "firm stand" opposing further reductions in rail service, in the opinion of Leon A. Blanchette, village clerk in Bourbonnais.

## UAW Negotiators Urge Rejection Of Harvester Pact

CHICAGO (AP)—The UAW negotiators today urged rejection of a proposed settlement of the two-month strike of 37,000 workers.

Charles B. Asile of Gannett Township succeeded Bratton as chairman of the building committee on Jan. 15, 1909, when he also was selected to head the board of supervisors as the successor to Bratton, who retired voluntarily from his duties on the board and as a supervisor.

Members of the original building committee were, in addition to Bratton, Hennessy and Asile; William Sievert and Fred Mann of Kankakee township, Jacob Ruge of Monmouth township, B. A. Burgess of Essex township, Louis Breault of Bourbonnais township and Holman of Yellowknife township. The county clerk at the time was John B. Flageole.

ALL ARE NOW deceased, except Holman, who is still a resident of Kankakee.

## 400 Flee Chicago Hotel Fire; 1 Killed

CHICAGO (AP)—One man perished and 400 other patrons were driven from a South Side hotel by a small fire today.

The dead man, whose body was found in a sixth floor room of the Southmore Hotel, 6666 Stony Island Ave., was not identified.

Other residents fled down elevators, stairways and fire escapes. One sixth floor tenant smelted smoke and sounded an alarm. Firemen estimated damage at \$2,000.

# The Journal's Page Of Opinion New Taxes Aren't Cure-All

Discussion of new taxes, supposedly aimed at easing the burden of real estate taxpayers, is being heard now from the General Assembly has convened in Springfield.

As pointed out by the Taxpayers' Federation of Illinois, new taxes rarely become substitutes for old ones, but instead become additions.

For instance, a new tax, such as one on corporate or individual income, would undoubtedly be added to present taxes, the Federation mentions.

"If Illinois used some of such new revenue to increase aid to local governments, it is very unlikely that any funds would be made to hard-pressed property taxpayers," the Federation states. "No one should be deceived into believing that an income tax will cure the state's fiscal ills or end the demand for more spending."

In a recent press conference Gov. William G. Stratton took a stand against any tax that would drive business out of the state. He also stated that he hoped to avoid any general tax increase and that the first job was to make sure that existing taxes were providing what they should. For this "hold the line" policy the governor deserves the support of the taxpayers.

What effect do such factors as state and local taxes, attitudes and regula-

## Close Race In Missile Field

Whenever the Russians score a fresh success with a space vehicle, we hear clamor in this country for the spending of more money on our rocketry programs. Yet some experts doubt we could really make much use of heavier outlays.

They believe, first, that we stand very close to the Soviet Union in the missile field.

The key device in the competition up to now is the intercontinental ballistic missile. We're roughly even with the Kremlin on this one. We'll both turn out small numbers this year for operational use, though the Russians may produce somewhat more than we.

Our programs for our ICBM, the 6,300-mile Atlas, and the solid-fueled Polaris are widely judged to be well managed and amply financed. Additional dollars would do little or nothing for them.

While the Russians fired a rocket shot that escaped earth's gravity and went past the moon, we narrowly missed this on two earlier tries. In each case, a little more speed per second and we would have had the velocity to get to the moon or beyond.

As always, our failures were well ad-

## An Example Of Humanity At Its Best

NEW YORK (AP)—Curtstone, comments of a Pavement Pilot for "It is not a matter for the state," murmured Frank Chiochio, "It is for God to decide."

The question at issue was what was to be done with Jean Lavare, accused of kidnapping the infant daughter of Mr. and Mrs. Chiochio 2½ hours after her birth in a Brooklyn hospital.

To the consternation of officials neither young lawyer Chiochio nor his wife wanted to press charges against widowed Mrs. Lavare, 43, was "a poor, sick woman" unable to comprehend the enormity of the crime or the suffering it had caused.

Only after considerable pressure by legal officials, during which it was pointed out that he himself

## Here Is What They Say

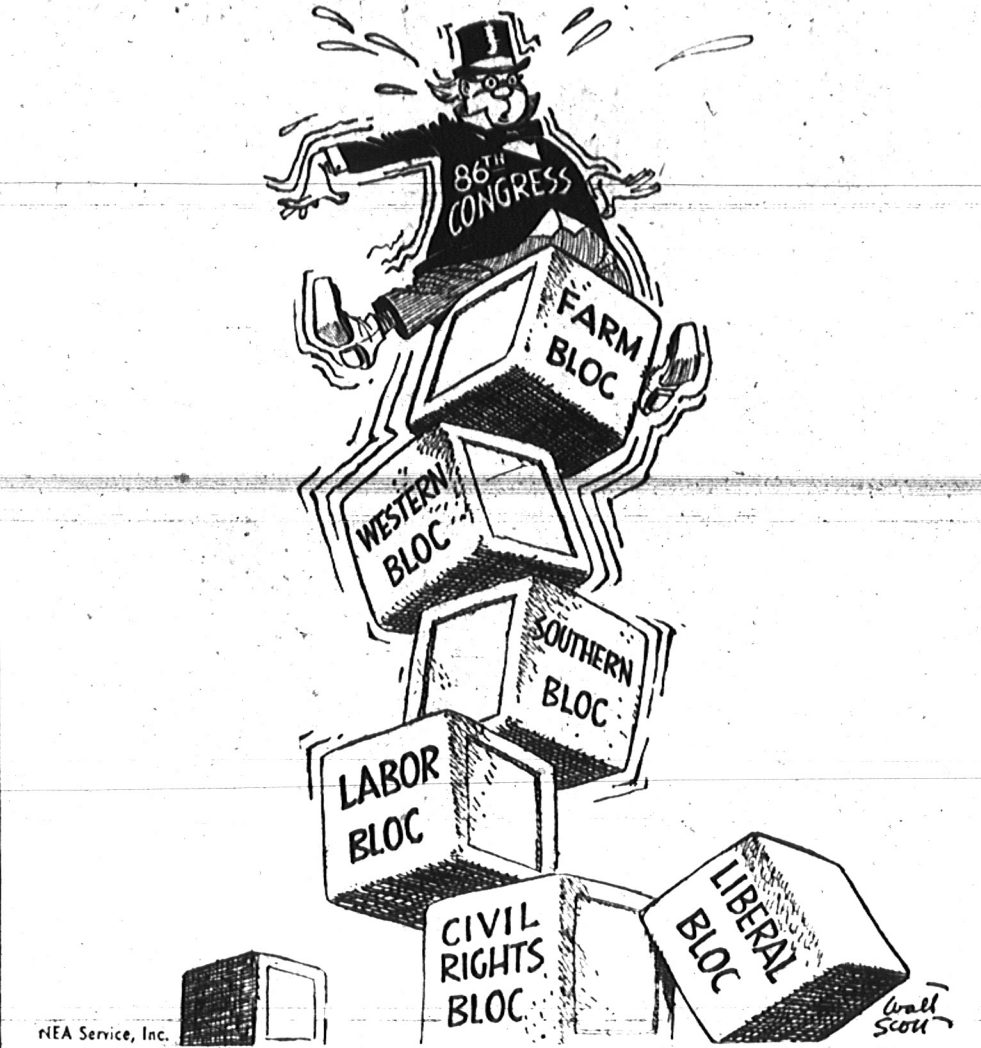

We're now partners on land. We are partners on the sea. We are partners in the air. It is time that we now become partners in outer space. —Sen. HARRY M. JACKSON (D-Wash.), proposing that NATO nations pool resources on peaceful space research.

Really, "Space Age" is a misnomer. We should be speaking of the "Advanced Scientific Age" instead. This new age we are entering is an age of science, unparalleled by anything that has gone before. —ROBERT E. GROSS, chairman of the board, Lockheed Aircraft.

The funny part about being a cardinal is that soon after they fire him in this country, the church puts him to work. —Archbishop JOHN P. O'HARA, 70, of Philadelphia, newly-named Roman Catholic cardinal.

A premium motor fuel had been put into the tank, not by me, and I was unaccustomed to its unique powers. —Rev. JOHN WANSLEY, of Salisbury, England, fired for speeding despite his plea.

## Inflation Is Nation's Top Crisis

WASHINGTON—They have argued about such technical things as Senate rules and are preparing to talk about spending more money to send a man to the moon, but there are no signs that Congress is ready as yet to come to grips with the down-to-earth problem which affects the well-being of millions of Americans—until the American people are thoroughly aroused to the crisis that faces them in the present Congress, the emergency of inflation.

David Lawrence phrased this well-known problem in unequivocal words as follows: "We must avoid any contribution to inflationary processes, which could disrupt sound growth in our economy."

"Prices have displayed a welcome stability in recent months and, if we are wise and resolute, we will not tolerate inflation in the years to come. But history makes clear the risks inherent in any failure to deal firmly with the basic causes of inflation. Two of the most important of these causes are the wage-price spiral and continued deficit financing."

"INFLATION WOULD reduce job opportunities, price us out of world markets, shrink the value of savings and penalize the thrift so essential to finance a growing economy."

"Inflation is not a Robin Hood, taking from the rich to give to the poor. Rather, it deals most cruelly with those who can least protect themselves. It strikes hardest those millions of our citizens whose incomes do not quickly rise with the cost of living. When prices rise, the pensioner and the widow see their security undermined, the man of thrift sees his savings melt away, the white-collar worker, the minister, and the teacher see their standards of living dragged down."

"Inflation can be prevented. But this demands statesmanship on the part of business and labor leaders and of government at all levels. We must encourage the self-discipline, the restraint, the frugality, the wage-price spiral and except only in critical emergencies let."

## Hike In Interest Rates

NEW YORK (AP)—Interest rates are beginning to edge up again. The increase is slow but many financial observers think the trend will continue.

One factor is that the U. S. Treasury is borrowing more money to meet the federal deficit, and must pay higher interest rates to get it.

Another is that bankers are convinced that business itself won't be coming back to get it. They are borrowing more money to borrow more than has been, and still another is that the revival of home building is causing more demand for investment funds, thus tightening the money market.

## Bidding Errors Muff Slam

The spade grand slam represents no problem in the play. South simply lifts the opening hand lead, draws trumps and goes after the diamonds. He has to trump one to set up the suit but he can afford it. It also should not represent much of a problem in the bidding. Yet the very expert pair that held the hand stopped at a small slam only.

South claims that his heart cue bid at the six level told his partner to bid the grand slam while North claims that the cue bid was a bid for a small slam. The five spades showed his full strength and also made it very easy for South to go to seven himself.

I have to agree with North and give South full blame. To start with South had a perfectly good opening two bid but chose to bid one diamond only. He often doesn't live up to these ideals and turn to the older law of fang and claw.

It is inconceivable, certainly for most of us, to think that Mrs. Lavare, if proved both sane and sane, should go unpunished by the laws of man.

But it is unpunished whether Mr. and Mrs. Chiochio are right or wrong in an angry world, surely sick and just as confused in many ways as the woman who stole their baby, their Christian charity under stress stands as a bright beacon of true faith.

Instead of retaliation, they have responded to this blow against their happiness and family security with forgiveness, a reach for understanding, and a desire that a higher judge decide the case. It is an example of humanity at its best, as rare as it is inspiring.

## Argentine Headaches

WASHINGTON (AP)—President Arturo Frondizi of the Argentine will get no new loans when he comes to Washington Jan. 20. He already has 'em. Over \$100 million worth of stabilization loans, industrial development credits and surplus food disposal programs is the biggest package deal of its kind ever made. All intended to pull Argentina out of the ditch it was left in by Dictator Peron.

So this is strictly a good-will visit. It is not only Frondizi's first visit to the United States. It is also the first Argentine president to have been to the U. S. This will provide an opportunity for mutual inspection.

In addition to the usual VIP treatment in Washington, President Frondizi will be entertained by such American big shots as A. Thomas Taylor of International Packers in Chicago, Henry Ford II and General Motors President John F. Gordon in Detroit, Bankers Howard Shepard of First National and John J. McCloy of Chase in New York.

There is considerable Argentine interest in the need for improved local law enforcement. President Frondizi had been in office 68 days and there were fears that he would not last, he turned a corner.

He assured U. S. Export-Import Bank Director Vance Brand that his government would settle with the meat packers and power companies whose properties had been nationalized. He also announced that he would embark on a belt-tightening and austerity program.

This was all that was needed to get the financial backing that would keep his government and his country from going down the drain.

It did not end his troubles. In November he had to put down a threatened revolt by his vice president, Alejandro Gomez. He had demanded Frondizi's resignation and an end to his austerity program. He may have oversteered.

THE ARGENTINE PEOPLE are up against ruinous inflation. Food, gasoline, power and other cost of living essentials have risen as much as 300 per cent.

President Frondizi has asked his people to eat meat twice a week. Argentines love good living. They probably won't abide by the restriction for long.

But the alternative is that the Argentine must export more meat and earn more foreign exchange if it is to survive. It will take her two years to raise more meat. The problem is to keep her going till the beef is raised.

A similar situation applies to her oil problem. The Argentine has been importing 500 million dollars' worth of oil from the petroleum products a year. This has dried up her available foreign exchange and helped keep her broke.

Geologists are sure there is plenty of oil underground in Argentina. President Frondizi has let contracts with private companies to develop these resources.

BUT IT WILL TAKE two years to win in equipment, drill wells, lay pipelines, build refineries and produce enough products to run the country. It is not self-sufficient in oil in three years are doubtful.

Argentine railroads, nationalized and purchased by Peron from the British for 500 million dollars in one of the worst buys ever made, are considered unbelievably inefficient.

Argentina has 20 million people. Nine per cent of them are on government payrolls.

There is no one in the Argentine under 40 years who, in his adult life, has ever known anything but the Peron system of state controls. The people have to be completely indoctrinated to economic reality and a valid system of labor pay based on production.

All this makes a severe test for any president, any government, any people. And the real tests will come in two and three years when payments start falling due on the new loans which have been made to keep the country going.

## For Mothers-To-Be

One of the greatest worries of a course such as this is available to you, I recommend it. However, working with the real thing is even better.

Well, if you are expecting, and if you have any qualms about how to take care of a child, I have a few words of advice for you. Practice on the neighbor's kids.

Now I don't want to imply that the children across the street are expendable and that they can be used as material for experiments.

But practical experience is the best way of preparing yourself for caring for your own children.

Babies, you know, are put together pretty well; they don't come apart easily. And in the vast majority of cases, this fear of handling the baby and coping with various situations that are likely to arise, isn't well founded.

MANY MATERNITY organizations have special courses for parents-to-be. In such courses, the future father and mother are permitted to practice diapering, bathing, and so forth on dolls.

This is excellent training and if

Finally, there is President Eisenhower's announced public campaign against inflation. This will support the Federal Reserve Board's own drive to curb inflation by keeping money and credit as tight as it seems necessary.

The Treasury will pay 4 per cent on its new long term bonds. This has caused existing long term government securities to edge higher in yield—that is, to slide a bit lower in price, so that today's buyer can get more from the dollar—despite their fixed interest.

YIELD ON THE Treasury's short-term bills, which usually set the pattern for all short term borrowing, also has been edging higher. Business has been able to finance its recovery to a large degree out of its own corporate funds. But bankers believe that as business continues to get better, the demand for money becomes more confident of future improvement, there will be more demand for funds.

Present business planning calls for a little increase in spending for capital goods.

But the slack in this demand for funds is expected to be taken up by the demand for mortgage money.

The consumer is now borrowing more money to buy goods. The volume of installment loans has turned up after a long drop. The Federal Reserve Board's fear is that if money gets too plentiful the urge to speculate will grow, leading to a boom, rising prices and a final bust.

So bankers feel that all signs point to slowly rising interest rates.

## Mechanic Describes Cuban Executions

(Editor's Note: Luis de Cabo Garcia, 23, a mechanic for Auto-bus, Modelo A Santiago, a bus company in the Calle A Santiago, capital of Santiago in eastern Cuba, was one of the few civilians who witnessed the mass execution Monday of 71 "war criminals" by Fidel Castro men. His account, obtained by UPI Correspondent Charles Schuman, follows.)

SANTIAGO DE CUBA (UPI)—The shots from the firing squad rang out all morning and I heard an officer say, "Let's get this over with quickly. I have a pain in my soul."

I felt the same way. I knew these men were murderers and deserved to be shot, but I couldn't help shuddering and identifying myself with them every time the volley sounded.

It began for me early Monday morning when I was in the garage working on a motor. Army headquarters telephoned to send a bus to La Carcel de Boniato Prison. There was no bus driver around so I went myself.

AT LA CARCEL, 12 of the convicted ones, their hands tied in front of them with rope, were waiting when I got there. Nine were with them. Later, I learned that the shootings had begun at 4 a.m. I picked up 11 more prisoners. Then one guard told me to drive to El Campo de Tiro, a firing range near San Juan Hill.

I knew what was up. It was common talk in town during the last few days that there would be executions.

Dawn was beginning to break as we arrived at the range. A volley

of shots broke out as we stopped, and my passengers, who had been chatting en route, suddenly became silent.

They were ordered to disembark and they got off, awkwardly, their bound hands somewhat of a hindrance. They broke up into little groups of three, four and five.

There were two buses and an army truck parked to one side when I got there. Mine was the last. Later, I learned that the shootings had begun at 4 a.m. I picked up 11 more prisoners. Then one guard told me to drive to El Campo de Tiro, a firing range near San Juan Hill.

I looked at the clusters of prisoners. Some were crying; some chatting; some nervously shifting their feet; some silent.

An army officer beckoned, and two prisoners advanced to a large trench at the end of the range. They stood in front of the trench as the firing squad got ready. An officer gave the word and six shots

THE TWO BODIES fell back into the grave, and a lieutenant peered in, pistol in hand, ready to give the coup de grace, if necessary.

I didn't feel well.

Two more prisoners moved up to their grave. Again, six shots rang out and their bodies toppled back. Then two more and two more moved up. About 10 to 15 minutes separated each execution. A priest accompanied each pair of prisoners on the last march.

I saw one man, Lt. Desaigne, chief of army provi caw in Santiago and a well-known murderer, go to his death like a hero. He was convicted of having killed 31 persons and I'm sure he killed many more. Everyone in Santiago hated and feared him.

He was a regular army man. He asked permission to direct his own execution and it was granted. He was the only man who went alone. All the others were in pairs.

He marched to the grave, faced the firing squad, called "Attention! Ready! Aim! Fire!" and fell dead into the grave.

When it was all over I had to drive some soldiers to town. I put the bus away and went home. I had been up all night. Mother wanted to feed me but

Surviving are daughters, Mrs. Raymond Kessler of Ashkum and Mrs. Lawrence Fordyce of Gilmans. Thomas P. and Melvin, both of Ashkum. A son, eight brothers and sisters preceded her in death.

Ellsworth Snyder Services Friday

Funeral services for Ellsworth B. Snyder, 65, of 264 S. East Ave., will be held at 2 p.m. Friday in the Hickey Funeral Home. The Rev. Harold Hall will officiate. Burial will be in Mount Grove Cemetery.

Mr. Snyder was found dead in his hotel room Tuesday morning. He was born in Wisconsin, Feb. 13, 1883 but had lived in Kankakee for most of his life. He was a retired employee of the Florence Store.

Surviving are a son, Alfred of LaPorte, Ind.; daughters, Mrs. Bernice Gallardy of Chicago and Mrs. Genevieve Gallist of Park Falls, Wis.; seven grandchildren; two great grandchildren; brothers, Elmer and Floyd of California; and a sister, Blanche of California.

Friends may call at the funeral home until the time of the services.

Plans To Expand Illinois Factory

NEW YORK (AP)—National Starch Products, Inc., plans a \$9 million expansion of its 1.2 million-acre polymerization plant in Merozola, Ill. The new facilities are expected to be ready by March 1958.

The plant, built in 1955, was first enlarged in 1956.

## Assails Stans' Gag On Budget Witnesses

WASHINGTON (AP)—Chairman Clarence Cannon (D-Mo.) said today he does not want witnesses pressured to support President Eisenhower's budget when they appear before the House Appropriations Committee.

Cannon criticized a letter from Budget Director Maurice H. Stans which cautioned department and agency heads against asking more money than the budget would provide.

The letter reportedly reminds the government officials that it is a violation of the 1931 Budget Act for anyone to ask for more money than the budget would provide. Copies of the Stans' letter were proper channels. But a Budget

Cannon said he was aware of its not frank in expressing their views.

"How are we going to intelligently act on a budget when the witnesses who were the experts in preparing it are under restraint when we ask them to give us details," he asked in an interview.

Many Democrats already have attacked as unrealistic Eisenhower's spending plans for the fiscal year starting next July 1. There could be fireworks if the committee members think witnesses are

Other morning newspapers published the daily account of Mikoyan's travels without comment.

## Navy Vehicle Hits Truck; 6 Men Die

PENSACOLA, Fla. (AP)—A Navy vehicle tore into a truck loaded with frozen orange juice Wednesday. Six young enlisted men were killed. Three others were injured.

The Navy men were riding in a carryall—similar to a station wagon—which collided with the truck at an intersection about 12 miles west of Pensacola.

State trooper G. L. Hill said the carryall ran a stop sign on a secondary road. The truck driver, Robert Albaugh, 30, Lynnwood, Calif., was not hurt.

The Navy said the nine men were members of a work party which was returning from Bitter Field, near Foley, Ala., to their station at Whiting Field, near Pensacola, Fla., recently deactivated.

The driver of the Navy vehicle was killed. He was Richard E. Sab, 20, of Silver Spring, Md. The Navy listed the other dead as William M. Hammond, 18, of Floral Park, Long Island, N.Y.; Michael G. McMahon, 18, Madison, Wis.; Frederick E. Bates, 18, Calif., was not hurt.

The following births were reported today from St. Mary's Hospital:

Mr. and Mrs. Francis J. Knittel of Calhoun are parents of a boy and fourth child born Wednesday.

Mr. and Mrs. Henry I. Mosier of R. I., Kankakee, are parents of a boy and seventh child born Thursday.

Mr. and Mrs. Donald Lowry of Oklahoma City, Okla., are parents of a boy and first child born Wednesday at Oklahoma City. The mother is the former Theresa Park, daughter of Mr. and Mrs. Floyd Parker of 307 N. Cleveland Ave., Bradley.

Paternal grandparents are Mr. and Mrs. Mort Lowry of 371 E. Water St.

Now—50 years later—county officials work in a building that has done its job well for nearly half a century but which is itself once again creating the same problem that confronted the county board on that January day in 1909: the need for additional office space for necessary county services.

"There's one thing sure about the present courthouse—its mighty stone construction is solid as the rock at Gibraltar and it doesn't appear that anyone will think of taking it down for a long time to come," Cleary said.

Advises from Oriente province said five former military men were executed by a firing squad at Bayamo and five other followers of Batista were executed at Holguin.

Estimates of those in jail awaiting trial rose to between 4,000 and 6,000. Castro's forces were still hunting perhaps 5,000 fugitive soldiers, police and informers. He accused of carrying on the dictator's repression.

The constitution of the new Fifth Republic does not require parliamentary approval of Debra's new government. He scheduled the session to hear his program out of politeness and sought the confidence vote only as a matter of principle.

There was no danger of Debra's program being rejected since he had a majority of deputies were elected as De Gaulle supporters.

And the Cabinet could be overthrown only if a majority of the Assembly had agreed in advance on a new premier.

KANKAKEE JUSTICE OF THE PEACE George Genotte holds court in his office at the courthouse. With him is Mrs. Lydia Young, his clerk. This is the scene as it might appear when a traffic violator is brought in. (Journal photo)

### OPERATES—

Continued from Page 1

In actual practice, most of the JP and magistrate criminal cases are traffic violations—speeding, running a stop sign, etc.

The JP or magistrate is not paid a salary. He is allowed to charge a certain fee for each case he hears.

In criminal cases, this fee is \$4 if the defendant pleads guilty. It is \$7 if a hearing is held.

The magistrate court would have been a court of record, the judge would have been paid a salary and he would have been appointed to his post by a circuit judge.

Many police magistrates and JPs criticized the amendment on this point—selecting the magistrate by appointment instead of by election.

Many of them will privately admit that the fee system is bad and they would rather be on a salary, but they claim that appointment would have taken away the "home rule" allowed by justices.

## Seeks New Taxes To Aid State Schools

CHICAGO (AP)—The School Problems Commission today discussed new taxes to raise an additional 285 million dollars during the next biennium which the commission says will be needed for school purposes.

Last month the commission suggested 14 possible sources for that additional revenue, ranging from bonds to the sales, gasoline and liquor taxes to a state income levy.

Opening its two-day session Wednesday night, the commission discussed listing with the State Budget Commission the priorities which it gives to new tax possibilities needed to raise revenue.

At Wednesday night's session, the commission approved the drafting of legislation to consolidate the posts of county superintendent and district superintendent of schools in five counties in which there is only one "school unit district."

The ranges broadened somewhat in late draft, indicating that the ranges were in a fairly general position, liquidating some months and buying others.

However, prices held within small fractions of Wednesday's finishes most of the time.

## Question 2 Youths About 7 Break-ins

Two youths picked up early today are being questioned about break-ins at seven service stations and a dry cleaners in the Kankakee area during the night. At noon today the two had not been arraigned in court.

The two were stopped by police at River St. and Woodview Ave. about 3:20 a.m. about an hour after authorities had discovered a break-in at Model Cleaners, 1812 E. Maple St. Sgt. Thomas Jones, and officer John O'Reilly said both boys had a roll of pennies in their pockets and a fairly large amount of loose change. One had an electric razor in his pocket, police said.

IN THE STATION wagon they were operating the officers found four packages of cigarettes in the glove compartment and a carton of cigarettes under the front seat.

After being taken to police headquarters for questioning, authorities said one youth admitted he and his companion had attempted break-ins at at least seven places. Police said he was somewhat vague about details—that there were so many he couldn't keep them straight.

Both said it was their first attempt at burglary and denied they had anything to do with other recent break-ins in the area.

Police said the boys admitted visiting these places today and Wednesday night.

Conways Service Station, River St. and Indiana Ave., where \$2 in change and some cigarettes were taken.

A Cities Service Station in Bourbonnais near Olive College, where \$2 in change and some cigarettes were taken.

Jack Mulvaney's Sinclair Station, 145 S. Vassar Ave., Bradley, where \$2 or \$3 in nickels and dimes were taken.

A Sunco Station on Vassar avenue in Bradley where eight or nine packages of cigarettes were taken.

Model Cleaners, where the youth broke in but nothing was taken.

Bill Bennett's Cities Service, Eighth Ave. and Jeffery St., where \$2 in change and some cigarettes were taken.

Blanchette's Cities Service, Station St. and Alma Ave., where two rolls of pennies were taken.

And Smith's Phillips 66 Service, East Ave. and Water St., where another unsuccessful break-in attempt was made.

**Fail To Introduce Date Book In Beck Tax Evasion Trial**

TACOMA, Wash. (AP)—Government attorneys dropped their attempt to introduce a date book kept by a former secretary of the county in the Beck tax evasion trial.

No explanation for the change in tactics was offered. The attorney said he devoted much of Tuesday's session in U. S. District Court in attempting to introduce the date book.

After a 6:30 p.m. dinner in Jensen's Restaurant, the discussion will be led by William Hines, director of special education in Kankakee schools. Mrs. Eleanor McDermott, visiting counselor; Eugene Norris, speech therapist; Mrs. Mildred Thompson, referee of the county's mental health center; and Dr. Joseph R. Williams, principal of Kankakee School District 11.

Dinner reservations should be made with Miss Stella A. Guimond, principal of Manitowish Primary School Unit 5.

**South Wilmington PTA Has Meeting**

SOUTH WILMINGTON (NS)—The Parent Teacher Association met in the grade school auditorium with Mrs. Marie Diello presiding.

In the absence of the president and vice president.

A radio was presented to the second grade by Mrs. Joseph Landi is the teacher.

The film, "Hoot Is Born," was shown. A social period followed the meeting and Mrs. La Vern Redford, Mrs. Carl Testa and Mrs. B. A. Anderson were present.

Mrs. and Mrs. Joseph Ryan and Mrs. W. H. Ulrich visited Mr. and Mrs. Benjamin Dillist in Rockford on Sunday.

Return Verdict Of Accidental Death

A Kankakee County coroner's jury has returned a verdict of accidental death in the case of Frank H. Hess, 68, fatally injured in an auto accident Dec. 13.

This was the 36th and last traffic death in the county in 1958. Mr. Hess died in the hospital Jan. 2, but was counted in last year's highway toll since the death occurred prior to Jan. 1, 1959.

The Hess car struck the rear of a semi-trailer truck on Route 17 near the Limestone town hall.

Wagner's opera, "Tannhauser," was first performed in Dresden in 1845. It is a story of a man's love for a woman and his quest for redemption.

Proceeds from the event will benefit a worthwhile project for the community.

## Iroquois County Man Never Had Headache

WATSEKA (JNS)—Charles Schroeder, who will celebrate his 90th birthday Sunday in Watseka, never has had a headache, he claims. And according to this retired farmer, who spends his time visiting his children, he doesn't even know what a headache is.

Except for a minor hearing problem and the tightening of ligaments in his hands, he is in top condition. During the summer, he spends most of his time working in the garden or visiting in the Watseka business district.

It's during the winter he becomes most restless. However, he is kept busy entertaining his grandchildren, watching television or reading. Schroeder currently is staying in the home of his son, Herbert, 575 Mulberry St., Watseka. He is in the habit of staying four weeks with one of his eight children, moving on then to visit another.

HE RETIRED FROM his Woodworth area farm in 1930, having come to this county in 1881 with his parents. He was married Jan. 22, 1893 at Woodworth. His wife died in April, 1948, the year of their 55th wedding anniversary. To the marriage were born 12 children, with four dying in infancy. Schroeder was almost 13 years old when he crossed the Atlantic Ocean on one of the newest ships afloat, a steamship vessel which made the trip in 10 days, reversed a tractor in working his 160-acre farm, which today is operated by a son.

The best ride he's ever had was in a plane, Schroeder said in commenting on world progress over the years of his life. He operated cars since 1913 until about 1922. About the only thing he remembers clearly of the 12 years he spent as a boy in Germany was the fun he had skating. He attended six years of school in his native country and a year in America.

Schroeder was born Jan. 18, 1868. A 90th anniversary open house will be held in his honor Sunday in Watseka. He is a member of the Watseka Lutheran Church.

## Sees Continuous Community Along Eastern Seaboard

WASHINGTON (AP)—President Eisenhower visualizes a coming era when the entire Eastern Seaboard will become one continuous urban community.

He said skillful national planning was needed urgently to avoid chaos in the time of such "megalo-polises."

Speaking before a dinner meeting of the Association of State Planning and Development Agencies Wednesday night, the President said such a mushrooming was virtually assured with the American population increasing at the present rate of one million persons every four months.

"We must see that this growth is not like that of Tokyo," he said. "It must have method, common sense, direction, and be orderly. This calls for new approaches to problems of expansion that have all but erased outmoded boundaries."

Survivors include the widow, a son, and two daughters.

**Candle Causes Fire Killing Tot**  
 DETROIT (AP) — Two-month-old Julius Cash of Detroit was burned fatally Wednesday night in a fire started by a candle, a coroner said. The child, 2 years old, was found dead in his bed, which had been set on fire by a candle. The child's mother, Mrs. Mary Cash, 20, had gone shopping.

## Named U Of I Valetictorian

URBANA (AP) — Mrs. Judith Babb, of Grayville, today was named valetictorian of mid-year graduates at the University of Illinois.

Co-salutatorians of the 1,357 graduates are William R. Mallory of Collinsville and Judith G. Morse of Harrisburg.

Mrs. Babb, 21, is a teacher training student, majoring in history. Her academic average, based on 8 equaling "A" is 4.927. Her husband is Gerrell S. Babb, a law student at the university. She plans to do graduate studies in history.

## Breaking Panes Shake Up Grandma

SPRINGFIELD, Mass. (AP)—"I'm so nervous I'm jumping out of my rocking chair at the slightest noise, expecting to hear more glass crash."

That is the reaction of Mrs. Charles Papineau, 88-year-old grandmother, at whose home 39 windows have been broken since a week ago Tuesday.

Police investigated, found no evidence of lawbreaking and withdrew.

HE SAID HE WANTED FIRST to eliminate any possible scientific explanation. He said he would install a recording thermometer in the room of the 1 1/2-story-frame home.

Three windows have been broken in the bathroom. Parker said he wanted to check the possibility that temperature changes might have shattered the windows.

Mrs. Papineau and her 15-year-old grandson, Wayne, have both said they heard strange thumping noises just before windows crashed.

JAMES M. HERRMANN of Seaford, N. Y., whose home on Long Island experienced some unexplained bottle-top poppings about a year ago, told the Springfield, Mass. Union:

"The only thing to do is put your faith in God and try to go on. Don't be frightened that the things that are happening may not be explainable. Try as much as possible to control yourself and accept what is happening. Accept it as something being visited upon you."

## Late Sen. McCarthy Leaves \$114,000

MADISON, Wis. (AP)—An estate of about \$114,000 was left by the late Sen. Joseph McCarthy (R-Wis.), who died May 2, 1957.

The value of the estate was figured by Richard Williams, head of the State Inheritance Tax Division, who based the figure on inheritance tax receipts filed by the senator's widow.

The senator's widow, Mrs. Jean Kerr McCarthy, was named McCarthy's sole beneficiary and executrix.

### Japan Happy Dogs Survive In Antarctic

TOKYO (AP)—Japan's press, radio and public erupted with ecstasies of delight today at the abandoned in the Antarctic 11 months ago had been found alive. Two dogs survived! Headlined Tokyo's big dailies in type normally reserved for the death of Stalin, the outbreak of war and similar events.

Radios blared the news hourly. Newspapers, radio stations and news agencies were flooded with calls for more information. There was as much rejoicing as there had been protest when the dogs were left behind last February.

A SIX-MAN advance party was flown by helicopter Wednesday night from the Antarctic expedition ship Soya to reopen the deserted Japanese base on Ongul Island, Masank Murayama, leader of the party, radioed back that the two dogs came bounding up, wagging their tails in greeting. He said they were in good condition. Murayama's first message gave no word of the other 13 dogs, or of how the two had managed to survive.

The 13 sled dogs, members of the vanishing Japanese Karafuto breed, were left behind when heavy ice kept the Soya from reaching the base to restock it for the antarctic winter. Bad weather halted flying after removal of the 11 Japanese scientists who had staffed the base and nine other dogs.

The dogs had been used up and had food for only a few weeks.

### Crescent Lutheran Church Council Holds Installation

CRESCENT (JNS)—The Lutheran League of St. Peter's Lutheran Church met Sunday evening in the church basement.

## Remember Molasses Flood That Killed 21 Following Tank Blast?

BOSTON, Mass. (AP)—It was Wednesday, Jan. 15, 1919. Clocks ticked off the noon hour in Boston's busy North End. The temperature hovered at the freezing mark. There was a hint of snow in the air.

The everyday bustle of activity echoed along Commercial Street. The North End's cluttered avenue of trucks, autos, bicycles and pedestrians was a scene of normalcy.

A group of children romped beneath a huge tank—38 feet high, 58 feet wide—that towered over the Purdy Distilling Co. It contained almost 2½ million gallons of molasses.

A guard shooped the youngsters away. The clock's hands moved on toward 11:30.

Mother beckoned children to lunch. One, Mary DiStasio-11, ran back to take another look at the awesome molasses tank.

A city laborer, Michael Sennot, sat down to lunch with five companions in the nearby Public Works yard. He munched on a ham sandwich.

A moment later, with only a muffled rumble as warning, the great molasses tank erupted. A tidal wave of sticky, black liquid spewed over two city blocks.

With such force it hurled trucks against buildings and crumpled houses.

Little Mary DiStasio's body was found beneath four feet of molasses. The Public Works yard was a blanket of molasses. Sennot and his companions were dead.

In all, 21 persons perished, 40 were injured and the damage ran to millions.

THE NEXT DAY an investigation began. It ended officially six years later.

Lawyers for 125 plaintiffs charged the company had constructed a faulty tank, while the city claimed it was the victim of an anarchist, that a bomb had been placed in the vat.

But Municipal Court Chief Justice Wilfred Bolster blamed the public for the disaster. In his latest report he said:

"There was no supervision of the construction of this significant steel tank. The plans went through the building department and per-

sons passing on them were incompetent to determine structural construction.

"As long as the public keeps one eye on the tax rate and provides itself with an administrative department only 50 per cent qualified, it has no right to complain if it does not get 100 per cent protection and production."

On April 28, 1925, after a 10-month trial during which 3,000 witnesses were heard, the plaintiffs agreed to settle the case for \$1,024,000.

## Here's View Of American Women

BY THE ASSOCIATED PRESS

America's most elegant women live either in New York or in smaller cities such as San Diego, says Antoine, Parisian dean of hairdressers.

After a two month tour of American cities, his first in several years, the temperamental and fabulously rich Antoine has his views of the American scene, feminine gender, as follows:

"Small-town women often are better-dressed than those who live in big cities. San Diego women, for instance, are much smarter than those of Los Angeles. A San Francisco woman is charming, but the elegant ones live in the clouds—you never see them in public. Those seen in restaurants look neat and clean, but styled by mass production."

AS TO OTHER cities visited during his tour, here are his ratings: Washington: "Women dress much more formally than in other sections, but are inclined to be stuffy." Philadelphia: "As to elegance, very poor."

Hollywood: "It's not real. Everybody's on exhibition."

Houston: "It's so big you never see women walking—only riding in cars."

Chicago: "There's only one good thing about Chicago—the lake. Antoine says he finds few mistakes in good taste among American women but there is a lack of individuality."

"Everybody is too rushed here," says he. "People don't have time to be different. Buyers order dresses by the thousands, and customers buy them the same way. If every woman has the same hair-

do, it's because the hairdresser is too busy to be creative."

And he predicts a trend to greater simplicity in both dress and hair styles, because:

"Designers cannot change the lives of women. Today's way of life makes simplicity a necessity."

Mrs. Mitchell asked for volunteers to make cookies for the bloodmobile's visit which will be Monday.

Hostesses were Mrs. Charles Masters and Mrs. Andy Jordan. A review of the book, "Middle East," will be presented at the next meeting Jan. 22.

Refreshments were served by a committee composed of Mrs. William Ferris, chairman; Mrs. Walter O'Connor, co-chairman; Mrs. Wayne O'Connor, Mrs. Joseph Sullivan, Mrs. William Chandler, Mrs. Leonard Devine, Mrs. Ray Clausen, Mrs. Florence Clonson and Mrs. Claude Martin.

The next card party will be Jan. 25.

Mrs. Carl Hornburg Elected President Of Mission Circle

Mrs. Carl Hornburg will serve as president of the Mission Circle of Trinity Lutheran Church for the coming year. She will be assisted by Mrs. H. S. Schofield, vice president; Mrs. Robert Holmstrom, secretary; and Miss Alice Lindgren, treasurer.

The officers were elected at a meeting of the Mission Circle Thursday evening at the home of Mrs. Kay Anne Carstensen of 267 S. Greenwood Ave.

Mrs. Schofield presided in the absence of the new president. She opened the meeting by reading the 23rd Psalm and leading the group in prayer. Mrs. Marjorie Johnson spoke on the subject, "I Am Resolved."

Committees appointed during the business meeting include Mrs. Christian Berleson, sunshine; Mrs. Holmstrom, Mrs. Gae Jaeger and Mrs. Carl Holmgren, program; Mrs. Jens Magnusson and Mrs. Johnson, membership; Mrs. Jaeger, coupons; Mrs. Ed Root, sundries; Miss Emma Peterson, publicity; and Mrs. Robert Schmidt, Miss Julianne Jensen and Miss Peterson, flower chart.

A donation was made to the church's altar fund.

BETTER IDEA

The wise hostess is one who likes to use originality when the next time you are giving a mother-to-be a baby shower. Instead of giving her the usual lot of small gifts for the new baby, give her one large gift. Consult the guests first. This way the honoree may receive a play pen, a high chair, or even a gift certificate to have baby's first picture made at a studio.

Soup crochets from leftover bread: spread slices of partly stale bread with butter, sprinkle with your favorite herb and just a trace of curry, broil until lightly brown; cut in 1/4 to 1/2-inch squares.

## Brazil Nuts Are Important Item In Chop Suey Recipe

By GAYNOR MADDOX, NEA Food and Markets Editor

Although chop suey is not a typically Chinese dish, it does follow some principles of Chinese cooking. For example, the small amount of fat used, and serving meats and vegetables together. Cooking time is short, and the seasoning subtle.

Chop suey combines ingredients popular in the Far East—bean sprouts, soy sauce, ginger. Brazil nuts supplement the crispness and flavor of the dish and have a texture somewhat similar to water chestnuts.

## Martinton Lions Club Discusses Community Hall

MARTINTON (JNS) — Thirty members were present for a meeting of the Lions Club with Harlan Gerber, president, presiding.

Thirty members attended. Letters of appreciation, received from the Hadley School for the Blind, Winnetka, and Leader Dog Training School, Rochester, Mich., for donations, were read. A proposition to build a Community Hall here was brought before the meeting. After a brief discussion, the matter was tabled until the next session. Feb. 4 will be "Ladies Night," when wives or friends of members will be guests.

Plans are being made for a guest speaker. Dinner will be served by a committee of women from St. Martin's Church. At Wednesday's meeting, a dinner was served by the same group prior to the business session.

A TRANSFER of real estate was made here when Mr. and Mrs. Elmer Hurling bought the property where they are tenants, from Mr. and Mrs. Elmer Weber.

The property includes a house, garage and two lots located west of the Church of Christ on South Street. Mr. and Mrs. Hurling and daughter Vivian have been in Martinton for several years.

Shred crabmeat and remove membrane; add celery and nuts. Cabbage, chili sauce, mayonnaise, lemon juice and salt. Add to salad mixture and mix lightly. Serve with avocado or tomato wedges.

**Brazil Nut Crabmeat Salad**  
(Yield: 4 servings)  
One can (8½ ounces) crabmeat, ½ cup diced celery, ½ cup sliced Brazil nuts, 2 tablespoons chili sauce, ½ cup mayonnaise, 1 tablespoon lemon juice, ¼ teaspoon salt, avocado or tomato.

**Discuss Church Work At Herscher Society Meeting**

HERSCHER (JNS) — The Trinity Lutheran Ladies Aid Society held its monthly meeting Friday afternoon with the president, Mrs. Clarence Bauer, presiding.

Thirty-nine members answered roll call. Those having birthdays were Mrs. Wheeler Jensen, Mrs. Howard Milling and Mrs. Martin Licht.

The Rev. R. J. Sauer presented the topic, "Volunteering in Church Work."

A potluck supper for the senior choir Thursday evening was planned.

Hostesses for the day were Mrs. Otto Kraus, Mrs. Dora Kraus, Mrs. Floyd Wiseman and Mrs. Norman Mau.

Serving in February will be Mrs. Otis Michel, Mrs. Lillian Wadleigh, Mrs. Willard Dickman and Mrs. Laverne Schwark.

## Feature Family Night, Thawville

THAWVILLE (JNS) — Family Night in the Methodist Church was held Sunday. A Colfax Methodist Church pastor answered questions by the local minister, the Rev. Richard Harper, on Methodist growth. Honored were the family of Mr. and Mrs. Wayne Eppelheimer, who are moving to Paxton after their farm sale this week.

**THE ROBERTS-Thawville Parent Teacher Association** will meet at 7:30 p.m. Monday in the Roberts school. The guest speaker will be Russell Johnson of Gibson City.

The Progressive 4-H Club held its January meeting with 20 members and two guests present. Project talks were given by Floyd Otto, Mr. and Mrs. Wayne Eppelheimer, who are moving to Paxton after their farm sale this week.

Mr. and Mrs. Wilfred Jones returned Saturday after visiting in New Orleans. Her flight, Delta Airlines, was with the mother and daughter, Margie, who is an airline hostess.

Mr. and Mrs. Wayne McNeil and family of Boswell, Ind., visited Mr. and Mrs. Francis McNeil and family on Sunday.

Mr. and Mrs. V. E. Harper left Thursday for Fort Myers, Fla., where they will spend the remainder of the winter.

## Make Your Bearnaise Hours Ahead

By CECILY BROWNSTONE  
Associated Press Food Editor

A young man with a flying menu (caption on the last syllable) can teach earbored cooks a thing or two.

Dynamic Andre Surmain, whose Epicure Kitchens supply the meals for Aeromexico de Mexico flights, has acquired a lot of experience on short order.

Taken prisoner in World War II while he was in the French Army, he escaped from a German camp to this country, and immediately joined up. After the war he married a young American woman, who, like himself, had a "kinking" for French food. Back to Paris Andre went, his bride with him, both to enroll at Cordon Bleu.

Because the cooking school's lessons were expensive \$10 apiece at that time, the couple attended different classes. At home, each promptly taught the other the dishes learned.

Although Andre enjoys many American dishes, he believes that anyone interested in providing fine food must include the greatest French creations. He puts this notion into practice with the help of Camille Blois, his chef des cuisines—a Frenchman who at one time was chef to Prince Polignac, Princess Grace Kelly Grimaldi's father-in-law.

When we paid a visit to Epicure Kitchens, near Idlewild, to see how classic French food is prepared to be served in the air, we walked off with some of the Surmain menus to use in our own kitchen and to recommend to you.

Designed for tourist-class flights, one of these excellent menus starts off with Veloute Parmenier (a soup of rich stock, leeks and potatoes, cream, egg yolks, butter and seasoning), goes on to Rock Cornish hen with vegetables. A salad of endive and beets and Roquefort cheese follow. Dessert is Camille's superb French eclairs and petits fours.

For first-class flights this basic menu is added to, if you can afford it, you can do the same for an epicurean dinner in your own home.

Before the soup come fresh Beluga caviar, medallions of foie gras with aspic, and smoked salmon, to supplement the Roquefort, an interesting selection of cheeses, French wines and champagne accompany the meal.

For dessert there's a fabulous sorbet—a subtly flavored fruit ice, gratefully soothing on the tongue—rarely encountered in this country. To prepare it you need a pes-

group (saccharometer)—a device for measuring the amount of sugar in a sugar-syrup solution. Andre brings his saccharometers back from France. "Fine food is worth a lot of trouble," he says with finality.

Another of the Surmain menus features steak a French way, with Bearnaise. When we asked how this temperamental sauce—a Hollandaise flavored with vinegar, shallots and tarragon—was made, Andre pointed to a row of wide-mouthed vacuum bottles and told us that they keep Bearnaise in a perfect state.

This was news indeed. Simple, but why hadn't we ever thought of this method? Up to then, when we served Bearnaise, we fled our guests, made for the kitchen and whipped it up at the crucial last moment.

Following Andre's lead, we now make Bearnaise hours ahead, turn it into a vacuum jar, cork and

## Conduct Annual Meeting In EUB Church, Bonfield

BONFIELD (JNS) — The annual meeting of the Evangelical United Brethren Church and church school was held Thursday evening.

The Rev. Andrew Noxon led devotions and had charge of the business session.

An election of officers resulted as follows: Reuben Kukuck and Laurence Meyer, church trustees; Wingert and Arthur Buehler, class leaders; Elmer Frisse, chief steward; Ernest Kukuck, financial secretary; Mrs. Clarence Wingert, Woman's Society of World Service president; Dale Riecke, president of EUB Men; Clifford Oengs, youth director; Mrs. Clarence Stehr, children's director; George Pfeiffer, church school superintendent; Luther Foltz, assistant superintendent; Hartwell Hertz, secretary; and Rollin Riegel, treasurer.

Lunch was served following the business session.

## 40 Attend Clifton Altar And Rosary Society Meeting

CLIFTON (JNS)—The Altar and Rosary Society of St. Peter's Church met in the Community Building with 40 members present.

The Rev. William Brambrink opened the meeting with the rosary recitation. Mrs. Arthur Schude conducted the business meeting. Mrs. Lorraine Butler read the minutes and Mrs. Laverne Mathy gave the treasurer's report.

Thank-you notes were read from Alfred Fortin Villa, Bourbonnais, and the catechism teachers for Christmas gifts received. Mrs. Schude announced the next party will be held Jan. 25 in the Community Building.

Father Brambrink gave a talk. Prizes in "500" went to Mrs. Lyle Cotter and Mrs. Lawrence Frake and in "500" to Mrs. Henry White and Mrs. Duane Miller.

Hostesses were Mrs. Dorothy Kroll, Mrs. Gerald Donor, Mrs. Arthur Schude, Mrs. Ed Behrends, Mrs. Henry Hansen, Mrs. Maurice Clair and Mrs. George Hendon.

Retiring A. L. President And Successor

Outgoing American League President Will Harridge (left) congratulates his apparent successor, Boston Red Sox General Manager Joe Cronin, after American League screening committee meeting Wednesday in Chicago. Committee members attending meeting agreed to recommend Cronin to succeed Harridge at a meeting of American League owners in New York Jan. 31. Well-informed sources say there is little doubt but that Cronin would be named to the post. (Union)

## St. Pat Plays C-M; Title Hopes Dim

### Lopez Declines To Predict Flag For Sox

CHICAGO (AP)—Al Lopez, manager of the Chicago White Sox, is steering clear of predicting a pennant for 1959. There are too many "ifs," he said. There also are the New York Yankees. Lopez repeated the theme that the Yankees are getting older. "I'll make no predictions this year," he said. Improvement in the Sox came from two rookies, Lopez conceded. These would be Barry Latman, a right-handed speedster, and John Callison, 19-year-old slugger, outfielder who led the American Association last year in homers. HE LISTED Latman among five starting pitchers. The others include Billy Pierce, Early Wynn, Dick Donovan and Ray Moore. "Callison will be given every opportunity to make the left field

Friday and the following night Momen had to come from behind in the last six minutes to upend the Warriors 59-57. Crete-Mone has also lost to league-leading Wilmington (56-38) and Bradley-Bourbonnais (53-37) in the conference race. The Irish play Marmion of Aurora Jan. 24 in their next start, then host St. Anne on Jan. 30 before their Feb. 7 showdown with Wilmington. At St. Pat, loss to either Crete or St. Anne would virtually knock the Ed Bonczyk crew right out of W-R-K title contention. After the Marmion game the Irish must play six conference games while Wilmington presently has only five conference games to wade through en route to the loop crown. THE WARRIORS OF Coach Jim Bonczyk's PERSONAL record against Crete is 3-1. Bonczyk-coached Irish last lost to Crete by a slim 49-47 margin in the 1956-57 season. Since then St. Pat has scored easy victories of 69-56, 54-40

and 66-46 triumphs in the series. St. Patrick has not always dominated the series, however, as Crete has salvaged six victories in 16 meetings with the Irish since the turn of the decade. The Warriors and Irish have played five mutual foes this season, all in Wil-Ro-Kee play. In comparison, Wilmington belted Crete by 16 and edged St. Pat by one point. Crete knocked off St. Anne by an even dozen while the Irish blasted the Cardinals by 31; Crete took it on the chin by 16 against Bradley and St. Pat later cooled the Bonkermakers by 25. Crete dropped a couple of two-pointers to Central and Momen while St. Pat clubbed those two quints by 13 and 11 respectively.

## Kays Get 2 Chances To Move Up

By HERB JANNUSCHI  
Still struggling to get above the .500 mark for the season and to climb into the first division of the South Suburban League standings, Kankakee High's hoopers get two chances to do both this weekend against a couple of teams that have been having even more troubles.

The Kays entertain Joe Jepsen's Thornton Fractional Meteors Friday night and on Saturday they go to Leyden in Franklin Park. All three of the combatants have identical 1-3 records in the league but the Kays have had more success in all games than either Fractional or Leyden.

A double victory for Coach Sammy Miranda's Maroon and Blue Cardinals will mean a .500 record for the Kays. A win in both games would mean a .667 record.

Five could not only elevate it to the first division but put it two games above the .500 mark. The Miranda men have split even in 14 games. Since fourth-place Blue Island (2-2) has the league's two top teams on its weekend schedule—undated Thornton Friday and runnerup Bloom Saturday—it is reasonably safe to assume that the Cardinals will own a .24 record after the two nights of activity. If Kankakee can win two it will leapfrog into fourth place with a .44 record.

## Manteno, Peotone Escape Kan-Will Tourney Upsets

GRANT PARK (JNS)—Top seeded Manteno and defending champion Peotone barely evaded upsets in the opening games of the Kan-Will Tourney basketball tournament here Wednesday night. Manteno rallying to edge Grant Park 56-54 and Peotone defeating a Momena stall to win 60-56.

In tonight's remaining two first round games, Clinton meets Herscher at 7 o'clock and Beecher at 8:30. The winners of these games will meet at 10:30. In Wednesday's game, 5-10 senior forward, and Peotone's Al Toepfer, 6-1 senior forward. Toepfer took seven shots in the final quarter and made six baskets including a 25-footer that broke a 34-34 deadlock and gave the Blue Devils the victory. Toepfer, with the score tied at 56-56 and Momena attempting to get off a final shot after hanging on to the ball for two minutes, pilfered a Redskin pass and drove in for a layup with five seconds remaining to win for Peotone.

GRANT PARK GOT away to a 20-11 first quarter lead over Manteno and appeared to be on its way to an upset when it tipped the margin to 34-20 at halftime. But the Panthers, previous victor by eight points over their foe, outscored the Dragons 17-4 in the third round to trail only 38-37 heading into the home stretch. Grant Park, however, managed to stay ahead and had a three-point lead with two minutes left, only to see its dreams dashed by a sharpshooting Switzer who hadn't scored a point in the first three quarters. Manteno got, balanced

### A.L. Names Cronin Prexy; Moves Office

CHICAGO (AP)—Joe Cronin, one of baseball's most celebrated stars, unofficially has been crowned president of the American League.

An American League screening committee agreed Wednesday that the 52-year-old Cronin should succeed Will Harridge as president of the major league's junior circuit, effective Feb. 1. Harridge, 73, resigned last month.

Cronin is general manager of the Boston Red Sox.

His former acceptance of the league presidency is expected to be approved at a club owners' meeting in New York Jan. 31.

Cronin met with the screening committee. He said he was not interested in becoming league president unless certain conditions were met. They were:

The conditions included moving the league office from Chicago to Boston, but retaining a branch office in Chicago.

The branch office would be in charge of Will Harridge, who resigned as league president after 27 years in office.

Still to be confirmed at the Jan. 31 meeting was Corbin's request for a five-year contract at Harridge's salary—\$50,000 a year with a \$15,000 expense account.

# 'Pro-Am' Starts Crosby \$50,000 Tourney Today

PEBBLE BEACH, Calif. (AP)—Crosby's glamour boys, heeded by good news from the weatherman, hit the trail today in the first round of the \$50,000 National Pro-Amateur tournament. The forecast predicted clear skies through Friday — and possibly Saturday — for the double-edge tournament played over three lush courses bordering the Pacific.

The 360-man field, 150 teams, starts on Pebble Beach, Monterey Peninsula or feared Cypress Point, the 6,317-yard layout. Par for the course is 73-5-72. Shattered Monterey goes 6-24 in 35-37 and Pebble Beach is 6-70 with par 36-38. The weather broke only Tuesday, leaving the courses damp for the first day's play.

The teams rotate over all three courses for three rounds.

The final round for the top 40 teams and 60 low pros is scheduled Sunday at Pebble Beach.

The amateurs, all handicapped by Bing himself, don't keep score. It's strictly a best ball event.

YOU FIND glamour galore among both the play-for-pay and the almon pures. Favorites to cop with \$4,000 top money include last year's champ Billy Casper, local favorite Ken Venturi, and Ernie Vossler. ## Wilmington's 10-1 Record Best In Area

Wilmington, leader in both the Wil-Ro-Kee and Coal Valley conferences, is currently riding along as the best win-loss record in the Kankakee area, topping a list of 36 teams with a 10-1 record.

Paul Siron's Wildcats, winners of their last five games, have been defeated only by Morris in the Morris Holiday tournament.

The three local quintets, Kankakee, St. Patrick Central and Bradley-Bourbonnais, are holding down 12th, 20th, and 26th positions respectively in the list.

The Kays, playing in tougher competition than most schools in Kankakee, are 6-7 for the season. St. Patrick is 8-4 and B-B is 5-8 for a combined city win-loss record of 17-1.

Winning teams in the area besides Wilmington are a Forest-Strawn-Wing (10-3), Kempton (10-3), Shalton (10-4), Roberts-Thawville (10-4) and Manteno (10-5).

Chatsworth is the only winless quintet in the list with an 0-11 mark while Crete-Monee (1-9), Buckley-Loda (1-9) and St. Anne (1-11) are still seeking second victories.

Overall, 16 teams have winning records, 16 are playing in the red and four are even with the boards.

The standings:

Wilmington 10-1  
St. Patrick 8-4  
Bradley-Bourbonnais 5-8  
Forest-Strawn-Wing 10-3  
Kempton 10-3  
Shalton 10-4  
Roberts-Thawville 10-4  
Manteno 10-5  
Chatsworth 0-11  
Crete-Monee 1-9  
Buckley-Loda 1-9  
St. Anne 1-11

Peoria Cats Win

SEATTLE (AP) — The Peoria Cats outlasted a stubborn Seattle Mariners team Wednesday night to take a 12-11 triple overtime victory in National Industrial Basketball League play.

Seattle led 50-48 at half time. Don Ohl was high for Peoria with 25 points.

ROBERTS (UNS) — Defending champion Forrest and Cullom joined Roberts-Thawville and Onaga in the semifinals of the Vermilion Valley Conference game today.

The Ekimons had little trouble with Piper City, posting a 76-43 triumph. Cullom, pressed all the way by Mel-Sib, finally gained a seven-point 51-44 win.

Forrest and Roberts-Thawville tangled at 7 o'clock and Onaga and Cullom squaring off at 8:30 o'clock.

Both Mel-Sibley and Piper City had reached the second round through Byes. Forrest, in the meantime, had to hurdle Kempton and Cullom had to survive a test with Sarnheim.

THE EKIMONS, WHO didn't put a kid from Pittsburg, then another Brooklyn crew cut flipped in two free throws... all within 22 seconds.

It wiped out a top-notch performance by two boys from Philadelphia, two from scattered points in Indiana, and another from Dorchester, Mass.

An all-star game? Nope, just a neighborhood brawl in Raleigh, N.C. Wednesday night, 13,000 watched at Raleigh's Reynolds Coliseum.

WHEN IT WAS over, Brooklynite McGuire had indicated to Indiana a case and the basketball world that he's ready to put in another bid for the kind of national championship honors he bagged with his Yankee Tar Heels two seasons ago.

N.C. State, just voted into the No. 1 spot in the weekly Associated Press poll, led most of the way until Tar Heel Ray Stanley (Brooklyn) scored a field goal and two free throws to send the game into overtime at 63-61.

With the score knotted 68-61 and 22 seconds remaining, Lee Shaffer (Pittsburgh) took the perfect free from Doug Moe (Brooklyn) for the winning layup. In the last second, Harvey Sala (Brooklyn) wrapped it up with a pair of free throws.

Dayton, using its five iron men for the second straight game, ran its record to 10-3 with a 66-56 victory over Xavier of Ohio. St. Joseph's (Pa.) made its mark 10-2 by topping St. Francis (Pa.) 82-66, and Virginia Tech, now 9-2, swamped Davidson 91-70 in other Tuesday games of the Wednesday program.

All-Star Finals

BUFFALO, N. Y. (AP) — Ray Bluth of St. Louis leads a field of 16 qualifiers into the four-day All-Star Bowling finals starting today.

And with him goes a jinx as 18th year No. 1 semifinalist Bluth has never won the grueling round-robin final.

Bluth led a record 7700 plus in 36 games for an average of better than 214 in the elimination and semifinal rounds. He broke a record of 7680 held since 1950 by Chuck O'Donnell, his teammate on the St. Louis Budweisers.
