Optimism Expressed For Bus Service Here

Officials of South Suburban SafeWay Lines—which has been providing bus service in Kankakee for a week—say it is difficult, at the moment, to predict the eventual success or failure of the venture here.

"But I am optimistic," said Robert H. Thompson, executive vice president of the company.

"We are operating under our guarantee to date," he continued, "but each day is a little better than the previous day. This is a good indication."

Thompson said the company has experienced operating people working in Kankakee studying the routes and possible alternatives that might better serve the bus riding public.

Meanwhile, the company announced a new fare schedule, effective Friday, which leaves adult fares unchanged but gives a break to young children and students.

THE BASIC FARES UNDER THE new schedule—in effect Monday through Saturday—provide that children under age 4 may ride free; children age 4 through 11 ride for 10 cents; and all those over 12 ride for the full fare—20 cents. But students between the ages of 12 and 18 will be able to ride the buses Monday through Friday before 9 a.m. and after 2:30 p.m. at a special reduced rate, 15 cents.

The company also announced that transfers will be good for a period of one hour.

Nikita May Extend Crisis Deadline In Case Of Talks

LEIPZIG, East Germany (AP)—Soviet Premier Nikita Khrushchev said today he is prepared to postpone the May 27 deadline on Berlin-provided fruitful East-West negotiations are under way.

Khrushchev said the May 27 deadline in an impromptu speech at a luncheon given by the mayor of Leipzig.

The question was brought up by Ian Mikardo, member of the British House of Commons and a deputy chairman of the British Labor party.

Khrushchev noted that the West has been calling the May 27 deadline an ultimatum.

"That is not true," Khrushchev said.

He warned again that the Soviet Union will sign a separate peace treaty with Communist East Germany if the West refuses to sign a peace treaty with all of Germany.

Khrushchev also warned the West against using force on the Communist world.

"Whoever bumps us with his elbow will break it," he said.

He said the Soviet demand for a peace treaty was made urgent by the fact that nearly 14 years have elapsed since the end of World War II.

Arkansas Blaze Kills 21 Negroes

LITTLE ROCK, Ark. (AP)—Fire broke through a locked dormitory at the State Training School for Delinquent Negro Boys at nearby Wrightville early today.

At least 21 youths died, and fire officials said they feared others might have perished.

The blaze broke out before dawn and destroyed the brick and frame structure which housed 68 inmates.

Survivors escaped by kicking out windows which were covered with heavy gauge, double screens designed to prevent escapes.

About 12 bodies were found piled up in one spot. Apparently they died trying to get out.

The 21 bodies which were recovered were burned beyond recognition.

Gov. Orval E. Faubus, who heard of the scene as soon as he went to the fire, said the doors should not have been barred and there should have been an adult in the building.

Faubus said an investigation would be made.

"Origin of the blaze that destroyed the dormitory within an hour could not be determined immediately," Faubus said he had been told there was an electrical storm at the time.

"The dazed survivors, ranging in age from 14 to 17, wandered about the charred remains of the 20-year-old building.

Pennsylvania Hotel Fire Kills 2; 2 Missing

HAZLETON, Pa. (AP)—Screaming in terror, guests shimmied down cables or climbed or were borne down fire ladders early today as flames raged up an elevator shaft of the five-story Gary Hotel.

Authorities said there were 3 known dead, 2 other persons unaccounted for and 2 more critical.

At least 24 persons were taken to hospitals for treatment of burns, cuts, smoke poisoning and shocks.

The register of the 1-room, 75-year-old hotel in Hazleton's business district showed a listing of 61 persons.

TWO OF THE dead were removed soon after the fire broke out. A third body was found later. The entire front wall of the hotel collapsed into heaps of rubble. It was thought the two missing persons might be dead in this wreck.

Victims fled from the flaming building in their night clothes ablaze. Others stood and sat dazed in the street as 100 firemen from four companies fought the raging fire for more than two hours.

Efforts to control the blaze were hampered by icy streets and ice-coated roofs from the windows and burst through the roof of the brick building as firemen arrived. Residents stood at windows on the upper floors screaming for help. Two of these were George Klem, 22, and his wife, Beverly, 18.

THE KLEMS waited 20 minutes for help at the window of the fourth floor, rear apartment. Finally, in desperation, Mrs. Klem grabbed a television cable and tried to swing to the roof of an adjoining 1½ story building. Her husband followed by the same route. Both suffered lacerations of the hands.

The tragedy clad Mrs. Klem, shaking with fright and holding aloft her wire slashed hand, told of their escape.

"We tried to make the fire Continued on Page 6, Column 2

Turkey, Pakistan, Iran Sign U.S. Aid Pacts; Defy Reds

ANKARA, Turkey (UPI)—Turkey, Iran and Pakistan today signed separate agreements with the United States for military and economic aid.

The agreements, under discussion for months, have provoked repeated warnings from the Russians to steer clear of further entangling themselves with the United States.

All three nations are members of the Baghdad Pact. The agreements were signed at the Turkish foreign ministry.

The Soviet Union broke off diplomatic negotiations on a non-aggression pact with Iran late in January, presumably because Iran would not back down from its plans for signing a new agreement with the United States and would not withdraw from the Baghdad Pact.

THE BODIES WERE believed those of Jackson and his youngest daughter. They were taken to a Continued on Page 6, Column 2

Red Cross Cites Accomplishments In Launching Annual Fund Drive

A total of 2,464 pints of blood was supplied to the community. Swimming lessons were given to 25 children and adults. A total of 5,566 children participated in the variety of Red Cross activities.

These are just a few of the accomplishments of the Kankakee County Red Cross chapter during the past 12 months.

Announcement was made by the chapter chairman, Mrs. Claude Granger, in connection with the 1959 fund campaign being staged in the county. The drive for a goal of \$40,500 was launched Monday and will continue through March 13.

Workers in the residential and rural divisions are combining a disaster preparedness survey with their house-to-house soliciting. A report meeting for workers in the residential division which is canvassing in the Kankakee community is scheduled for this evening. The meeting will be at 7:30 o'clock in the Centennial Room of Gov. Small Memorial Park.

Smash Ring, Seize \$1 Million In Bogus Bills

CHICAGO (AP)—Recovery of more than one million dollars in \$100 bogus bills and the seizure of 25 members of a nationwide counterfeiting ring were announced today by the U. S. Secret Service.

Paul J. Paterni, head of the Chicago Secret Service office, said the counterfeit notes were recovered in 22 states.

He said that 25 persons have been arrested since November as agents worked quietly to stamp out the counterfeiting network.

PATERNI said the operation was finished off Wednesday night with the arrest of two Chicago men he termed the ring leaders.

Paterni said the gang passed about \$25,000 of spurious bills successfully, but added, "We have recovered all of the money passed through department stores and other merchants."

Much of the bogus money was purchased by undercover agents in an effort to stem the flood of counterfeiting efforts to round up the counterfeit gang.

Paterni said three agents purchased some \$100,000 in counterfeit bills at a cost of \$9 for \$100 bogus. In the windup of the investigation, \$728,000 in fake currency was seized by raiding agents.

The Chicagoans named by Paterni as head of the counterfeit ring are Alphons Ambrose, 40, and William Rahlbo, 39.

A number of arrests and some convictions have been made in other cities since the investigation began, but government knowledge of the ring's Chicago headquarters was not disclosed.

PATERNI said the first break came in mid-November when an undercover agent met Floyd V. Vincent, 29, in Calumet City, Ill., and was shown samples of the bogus bills. He negotiated for \$100,000 in the fake currency to be delivered on a consignment basis.

While negotiations were in progress, Secret Service agents arrested two women for passing identical bills in Dallas and Houston, Tex. The women, Vida Jane Miller, 26, and Alva Jane Kirk, 20, were sentenced to prison Dec. 12.

Dec. 15, an undercover agent in Chicago obtained the government's first photo of the counterfeiters, \$20,000 in counterfeit bills. Three days later, Vincent was seized in New York City when he flew there with another \$80,000 in fake money for the undercover agent.

Vincent pleaded guilty Monday to U.S. Dist. Court, New York, to possessing fake money. Sentencing was set for March 15.

Police In 2 States Watch For Loan Office Bandits

ILLINOIS AND Indiana police are keeping a sharp watch for two men who might fit the description of the robbers who got \$207 in a holdup Wednesday afternoon at the Household Finance office on the second floor of the Arcade Building.

J. E. Cassidy, office manager, was able to give police a description of the men and their clothing, but it is not known whether they drove a car or fled on foot.

Cassidy said he watched for the men on Schuyler avenue after they left the office but he did not see them come out the front entrance. It is assumed they left by the rear door at the alley, where they might have had a car waiting. Cassidy said he was shown samples of the bogus bills. He negotiated for \$100,000 in the fake currency to be delivered on a consignment basis.

While negotiations were in progress, Secret Service agents arrested two women for passing identical bills in Dallas and Houston, Tex. The women, Vida Jane Miller, 26, and Alva Jane Kirk, 20, were sentenced to prison Dec. 12.

Link 2 Bodies To Missing Family Of 4

SPRINGFIELD, Va. (AP)—Authorities said today it was virtually certain the bodies of a man and a young girl found Wednesday in a debris-strewn field were those of: members of a family missing seven weeks.

Positive identification by facial characteristics was described as impossible. Officers said there was no indication how long the bodies had lain there.

The whole episode took only about three minutes, he said.

Cassidy noted that both men were especially nervous. The one with the gun kept yelling, "Now don't try anything, don't try anything or I'll shoot. Just do as you're told."

Both men were described as being in their middle 20s, about 5 feet 8 inches tall, weighing about 150 and 180 pounds. One had brown curly hair. The other wore a close-fitting peaked leather cap that covered his entire head.

The holdup men had a lot of mud on their feet and large clumps of it remained on the office floor where they walked and stood in front and behind the counter.

Cassidy said a couple had just left the office before the robbery after making a loan. He said it was paid by check.

This is the third time he has had to face robbers, he said.

The company's office here opened Dec. 16, 1958.

Peoria Youth Nabbed Here Faces Charges

Local authorities today untangled a web of charges against a 22-year-old Peoria youth arrested in Kankakee after a county-wide police alert.

He is Charles McGonagle, held in county jail on these counts:

- Assault with intent to rape a 15-year-old Peoria girl.
- Burglary of \$1,000 in checks and \$27 cash from the Momence Progress-Reporter newspaper office.
- Theft of a bread truck owned by the Conrad Bakery, Momence.
- Stealing a car in Quincy.
- Chief Deputy Sheriff Daniel O'Laughlin said the story developed this way, according to oral statements of McGonagle:

LAST FRIDAY HE stole the car in Quincy and drove to Kankakee, where he stayed with former Army buddies here and in Momence.

Wednesday night he was driving with a friend in Momence, when Police Chief Pat Barker stopped him and asked to see his driver's license. When he got out of the car to confer with Barker, McGonagle ran from the scene and refused to stop even when Barker fired a shot in the air.

Barker then checked on the Illinois state car, found it was listed as stolen in Quincy and was taken to St. Mary's Hospital in Kankakee from the crash scene.

A check with Peoria authorities revealed that McGonagle had failed to appear in a police magistrate's court Friday on the charge of stealing the 1954-old car. They said the girl was brutally beaten about the face on Jan. 20 and McGonagle was free under \$1,000 bond.

Train, Car Crash Near St. Anne

A train-car crash about five miles east of St. Anne was reported to the county sheriff's department at 1:18 p.m. today.

The accident happened on a Chicago and Eastern Illinois Railroad crossing. Authorities said the train was stopped at the scene, but further details were not available.

At least one injured person was taken to St. Mary's Hospital in Kankakee from the crash scene.

3-Car Accident Kills 5 Persons

GETTYSBURG, Pa. (UPI)—Five persons were killed shortly before midnight in a triple-car accident caused when one of the automobiles dived backward out of a gasoline service station on to a main highway.

The crash occurred on the Gettysburg Expressway, where a 1954 Oldsmobile sedan, a 1955 Chevrolet and a 1956 Ford sedan were involved. The Oldsmobile was traveling southbound and struck the Chevrolet, which was stopped at a gas station. The Ford was traveling northbound and struck the Chevrolet from behind.

The deaths were of a 21-year-old man, a 22-year-old woman, a 23-year-old man, a 24-year-old woman, and a 25-year-old man. The 21-year-old man was the driver of the Oldsmobile. The 22-year-old woman was the driver of the Chevrolet. The 23-year-old man was the driver of the Ford.

The accident occurred at about 11:45 p.m. on Wednesday. The cars were involved in a head-on collision. The Oldsmobile was traveling at about 60 mph and struck the Chevrolet, which was stopped at a gas station. The Ford was traveling at about 40 mph and struck the Chevrolet from behind.

The cause of the accident is still under investigation. It is believed that the driver of the Oldsmobile was traveling too fast for the conditions. The driver of the Ford was also traveling too fast for the conditions.

World Peace Linked To Rockets

The United States has a device headed into orbit around the sun. It was scheduled to wing past the moon late Wednesday afternoon.

To use an expression dating back to the age of chivalry, "honors are equal" in the competition with the Soviets. We have made up most of the lag in this type of development and we may push ahead in the not too distant future.

In the field of military rocketry the U.S. has not been as swift as the services have indicated. It is suspected that a division of effort has retarded the country considerably.

The point to be made is that the U.S. has adequate scientific manpower and can draw on the resources of most of the free world in this respect.

We also have an edge on raw material potential. The Russians have traveled a long way but its industrial plant can't compare with ours. This may change in the years to come, but right now we are supreme.

In view of all this the rate of progress on missiles and rocketry should be even better. The Soviets tested their first intercontinental missile some 18 months ago. They say they are producing them in quantity. We have tested similar devices but it will be some time before we have anything operational.

Whatever the reasons for the delay, they must be corrected. No peace settlement can be effected unless the balance of power is equalized.

Carefree Calmburger Wins Vote

For a long time we've heard that milk from contented cows was better. Only trouble with that one was it seemed pretty hard to find a discontented cow.

Now, by the testimony of nearly two score food editors, we learn that steak from tranquilized steers is superior to that from steers who haven't had a shot of the calm juice.

With appropriate ceremony, the test was held recently in a New York hotel. The vote was 25 to 9 for the tranquilized meat, with no abstentions.

Seems that steers en route to a stockyard, and waiting around in the pens,

are fidgety and fretful. While they worry, they lose weight, get into fights and become hard to handle.

Give them a shot of tranquilizing drug, it is said, and the steers board a train or a truck for the stockyards as if they were going off on a holiday excursion. Devil-may-care is the mood.

By some chemical process not yet explained, this evidently translates itself into subtleties of flavor.

So, friends, next time you order a thick one, remember to by-pass the worried stuff. Ask for it charred, medium rare, and totally carefree.

Governor Pay Would Come High

Forty-three aldermen of the 45-member Chicago City Council voted last week to increase Mayor Richard Daley's annual salary from \$25,000 to \$35,000.

Having taken an election ride on Daley's well-greased machine, they apparently figured that one good turn deserves another.

This makes us wonder what Daley would want for a salary if he were elected Governor of Illinois, an office that he is said to aspire to. The \$25,000 a year

presently paid, the Governor would simply not be the appropriate pay for such a high-stepping official as Mr. Daley.

If Daley's talents warrant a salary of \$10,000 more a year than the Governor, then his machine-trained mannikins would probably demand that he be paid more than the President if elected Governor.

Talk about a \$30 wastebasket!

If Youth Is Lax, Let's Blame Parents

NEW YORK (AP) — Socrates, reputed the wisest man of antiquity, was given a hemlock cup for corrupting the youth of Athens.

Yet all he did was ask them questions designed to help them think for themselves.

In every period of history someone is accused of leading the young folks astray by giving them false ideas. Who today should be handed the lethal cup of hemlock?

Who is spoiling the present younger generation? That is, if we go along with the always popular generalization that the current crop of youngsters is the brattiest, the most irresponsible bunch of smart alecs ever to strut row and sully a hopeful time.

If anything is spoiling the younger generation today it is the generation that preceded it—our boy.

By Ruth Millett

Pretty, But Tiresome

He was walking on air before his first date with the best-looking girl in his school. He wasn't quite as excited over his second date with her. And he never asked her for a third.

She'll never know why. But I do, because I happened to overhear the young man explaining the situation to a friend as the two of them walked behind me in a ticket line.

"She's good looking, all right," he admitted. "But she spends all of her time trying to impress you, and it sure does get tiresome."

No matter how attractive a girl is she isn't going to get asked for the third date unless she is smart enough to know that a boy wants to impress a girl, not vice versa.

A boy can see that a girl is pretty. If she is popular he knows that, too. If her family has money or social position, that won't be any secret to him.

So why should she try so hard to impress him that she bores him to death?

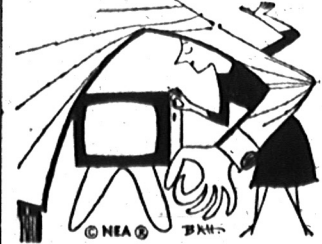

Why doesn't she just relax and have a good time, seeing that he has a good time? Why doesn't she give him the impression that she thinks he is pretty special instead of giving him the idea that she thinks she is?

When it comes to trying to impress boys, pretty girls are usually worse offenders than no-so-pretty girls. Because a girl who isn't impressed with her own beauty doesn't feel called upon to try to impress boys with how lucky they are to have a date with her.

Instead, the plain girl tries to see that the boy enjoys her company no matter how much he'll want another date with her because she's fun to be with, and because she has given him a chance to impress her a little.

So pretty girls, take warning.

Reds Foment Anti-American Sentiment

WASHINGTON — And now it's trouble in Bolivia! Before it was in Cuba, and before that in other Latin American countries where hostility against the United States was artificially intensified by the Communists.

Unfortunately, maneuvers of the Communists in the "cold war" are usually pooled by too many people in this country.

Despite bold propaganda operations that are obvious everywhere planned with care. When the anti-Nixon incident occurred on the vice president's tour of South America, it was conceded, of course, that an antagonism such as was manifested against the United States could readily have been brought into the open without the slightest stimulus by the Communists.

But this was no reason to ignore the impetus given anti-American sentiment there or anywhere else in the world by the Communists.

IT SO HAPPENS that this week an article reporting an alleged remark by a minor American official was published in a magazine reaching Bolivia from the United States.

The idea that a chance comment in a magazine, circulating a relatively small number of copies in that country, could produce a riot against the United States embassy and cause the evacuation of its personnel is too fantastic to believe. Only an organized conspiracy by those malcontents with a desire to focus international attention on the United States.

David Lawrence went on to say that the article reporting an alleged remark by a minor American official was published in a magazine reaching Bolivia from the United States.

Only an organized conspiracy by those malcontents with a desire to focus international attention on the United States.

David Lawrence went on to say that the article reporting an alleged remark by a minor American official was published in a magazine reaching Bolivia from the United States.

The idea that a chance comment in a magazine, circulating a relatively small number of copies in that country, could produce a riot against the United States embassy and cause the evacuation of its personnel is too fantastic to believe. Only an organized conspiracy by those malcontents with a desire to focus international attention on the United States.

His Ultimate Summit

By George Sokolsky

Eddie, Debbie And Liz

Being neither an escapologist nor a beatnik, I sometimes wonder at the antics of our politicians and look out upon the world to see how things are moving along.

In the good, old days of yesteryear, there might have been a speech by Winston Churchill, a purge by Stalin, a quip by Franklin D. Roosevelt, a war here and there and maybe even a shooting by a pair of racketeers.

But now I have to see and hear about Eddie, Debbie and Liz, with big pictures of buxom women and a little fellow with frizzle hair and a weary smile.

I DON'T MIND READING OF the success of a singer or the rise of a new comedian or the beauty of a damsel or how to keep curls in one's hair, but it is necessary to see day in and day out that a fellow divorces his wife and takes on the widow of his best friend, perhaps as some act of friendship? And the little fellow wonders why he got it.

And get an enormous property settlement—much more, according to the newspapers, than you or I could save if we worked all our lives, which only shows to show that if you sing your way through life, you can make quite a fortune at it.

It is not the fortune or the settlement that bothers me, but the fact that on May 27 we face an ultimatum over the question of Berlin and that if that date is not wiped off the calendar, we might be in a general war and lots of young men and women will be killed and the carnal doings of Eddie and Debbie and Liz are not very significant compared to that ugly prospect.

ONE WONDERS SOMETIMES WHAT GOES ON in the minds of our people. Here is Westbrook Potter, the musicalist, writing about the beauties of "Sweet Adeline" and "The Old Mill Stream" and such nostalgic ditties, and here am I reading about Eddie, Debbie and Liz and which is the woman of his true love and I wonder if there is not something better to do, even on a rainy day.

Mind you, I don't know these people any more than you do. I once saw Eddie and Debbie in the Stork Club and their eyes sparkled with young love which is very pretty, indeed. And I saw Liz twice, once walking down Park Avenue with her second husband and they were holding hands and looking so much like that song, "School Days," written by Gus Edwards, the sentimentalist of my childhood. And another time, I saw her with her first husband, sitting at a table on the starlight roof of the Waldorf-Astoria and they both looked as though they regretted something. It was very sad.

Divorces are always sad. They are the terminal point of the failure of a grand adventure. For marriage, even for a movie star or a singer or anybody, is the assertion of the highest form of creativeness of which man is capable. He not only acts biologically but he acts socially. He forms a household, a family, he perpetuates a society and he hopes that it will be a good society. He leaves a monument of something achieved after he dies. There are joys and heartbreaks in family; there is sacrifice and pain.

In Aroma Park: You're So Very Kind

Volunteers of the Aroma Township Fire Protection District have their work cut out for them. Members of the Fireman's Auxiliary held a kitchen shower Wednesday night in the fire station to provide utensils for preparing and serving meals. Demonstrating the part the firemen probably will play as a result of the "kitchen conspiracy" is Herbert Datur as he accepts the utensils for washing. Auxiliary officers, (from left) Mrs. John Bass Sr., secretary; Mrs. Amos Devors, president, and Mrs. Francis Miller, vice president, held the situation rather amusing. (Journal photo)

Seek Funds To Study New Blue Ballot Plan

SPRINGFIELD (AP) — A program aimed at working out a new court reform proposal for submission to Illinois voters in 1962 received assurance of financial support Wednesday from the Illinois Budgetary Commission.

Rep. Robert Burhans (R-Peoria) representing the Judicial Advisory Council, appeared before the Commission to request an outlay of \$120,000 to \$150,000 over the next two years.

The money would go for wages of a statewide court administrator, a deputy administrator and their stenographic staff, plus office expenses, Burhans said. The statewide administrator would survey downstate courts with the purpose of solving the problem of clogged dockets, while the deputy would serve in a similar capacity in Cook County.

THIS PROGRAM already has been introduced by Burhans in the legislature. Burhans said the plan would help legislators draft a new judicial reform proposal to offer in a 1962 referendum. A court reform referendum failed last November, and under Illinois law such a proposal could not be resubmitted in the following election.

Sen. Everett R. Peters (R-St. Joseph), Budgetary Commission chairman, assured Burhans his group would recommend that Gov. Dirksen include the appropriation in his budget for the next two years.

The two-year program designed to achieve comparable results. Brinker announced the start of a second four-year program designed to achieve comparable results.

Tells Exchange Of Easter Seal Center Work

Miss Dorothy L. McConnell, registered occupational therapist at the Easter Seal Center, 1098 W. Station St., spoke to Exchange Club members Wednesday noon on work the center does for crippled children and adults of Kankakee County.

She said that since the center opened in 1927, 1,800 treatments have been given, and the number of patients has jumped from one to 41.

The therapist pointed out that for treating youngsters toys are used to help strengthen and coordinate the affected muscles. Toys are then used to help the child, which is an important part of the treatment.

Forming them into groups for treatment has a very good effect in getting them ready for school, she pointed out. Most crippled children are accustomed to a lot of individual attention, which a classroom teacher can't give. Having them at the center is a sort of prelude to a classroom situation.

MISS MCCONNELL TOLD the club that a Parents Council was recently formed so that parents could participate in the work of the center. Some fathers have volunteered to make equipment for the center.

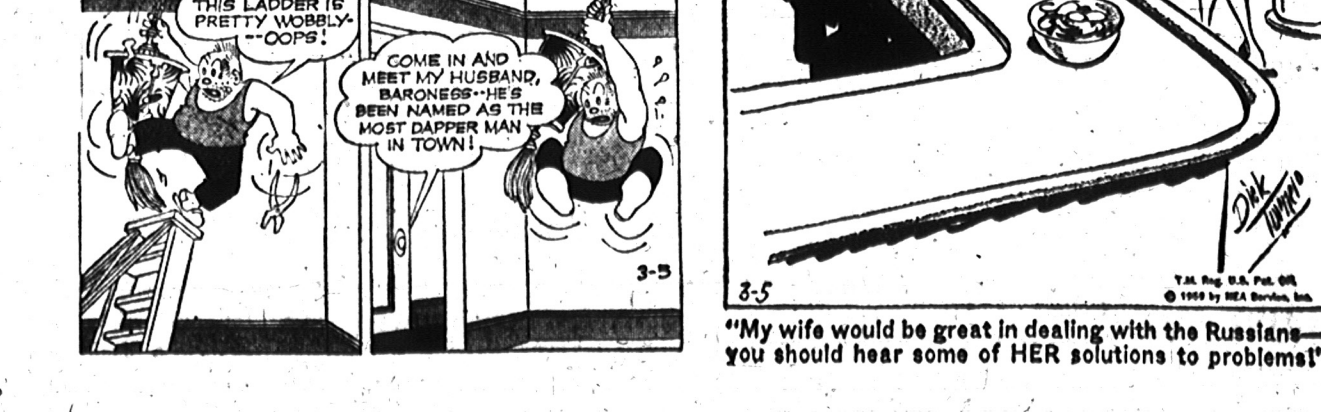

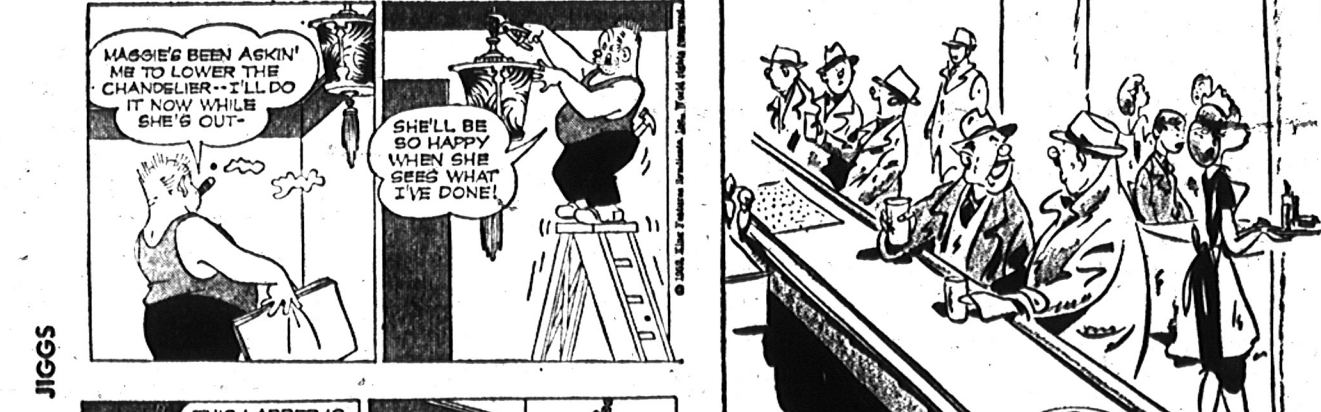

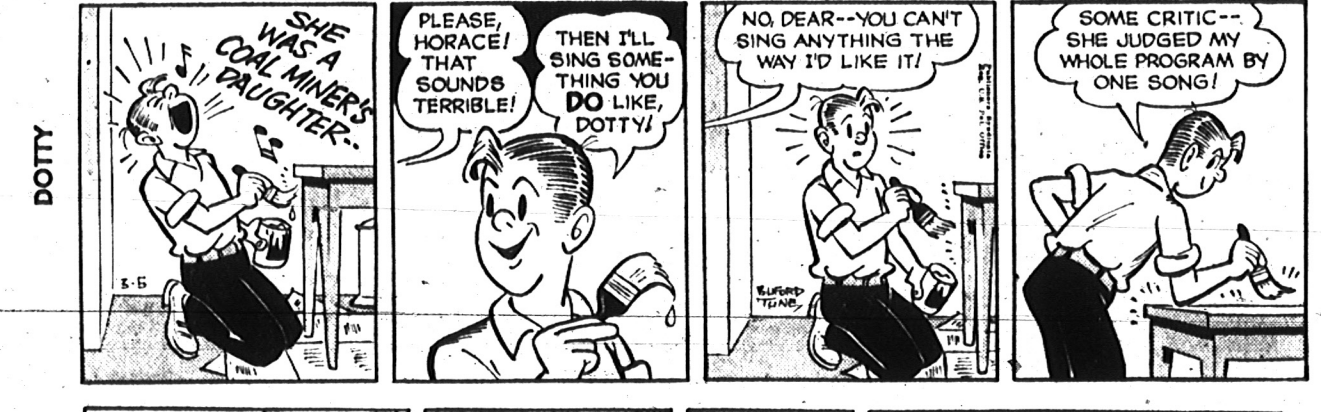

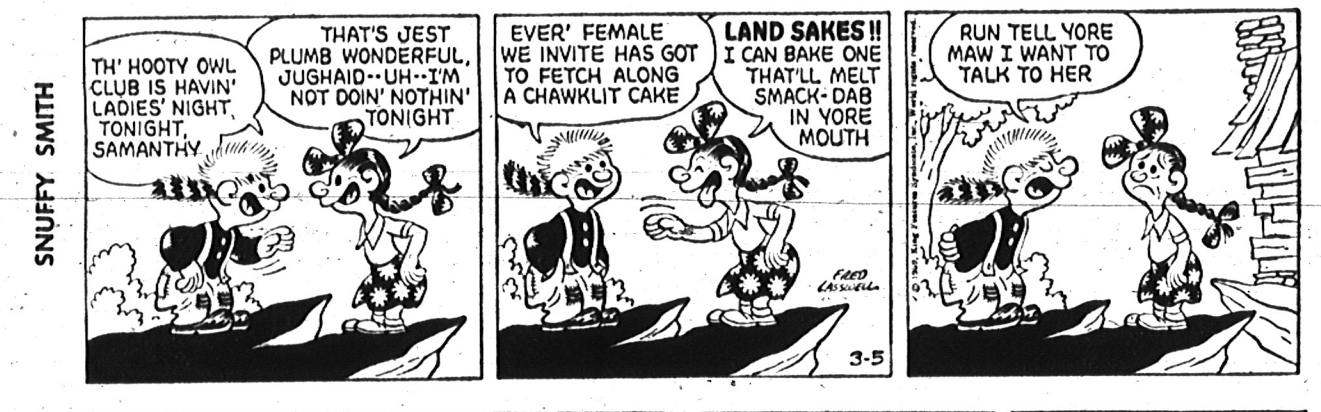

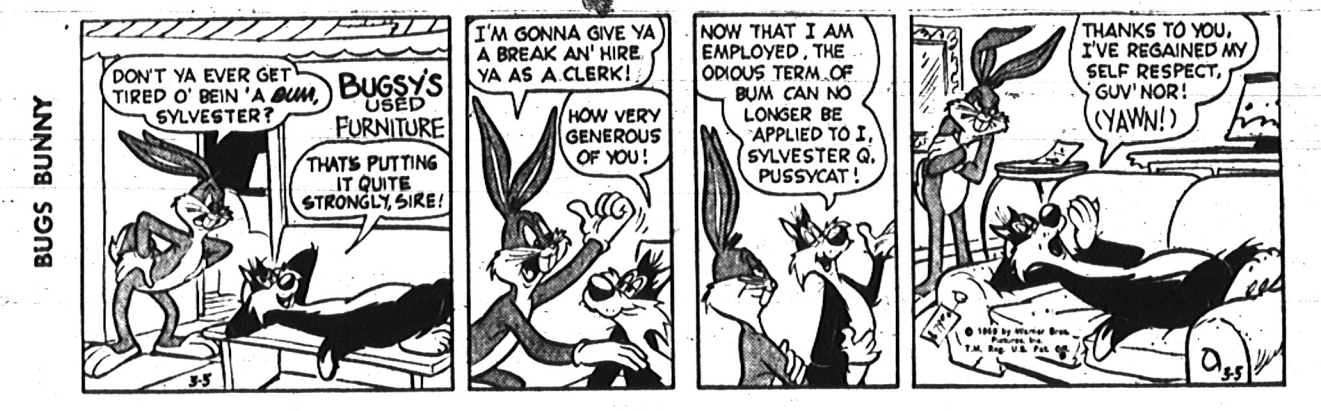

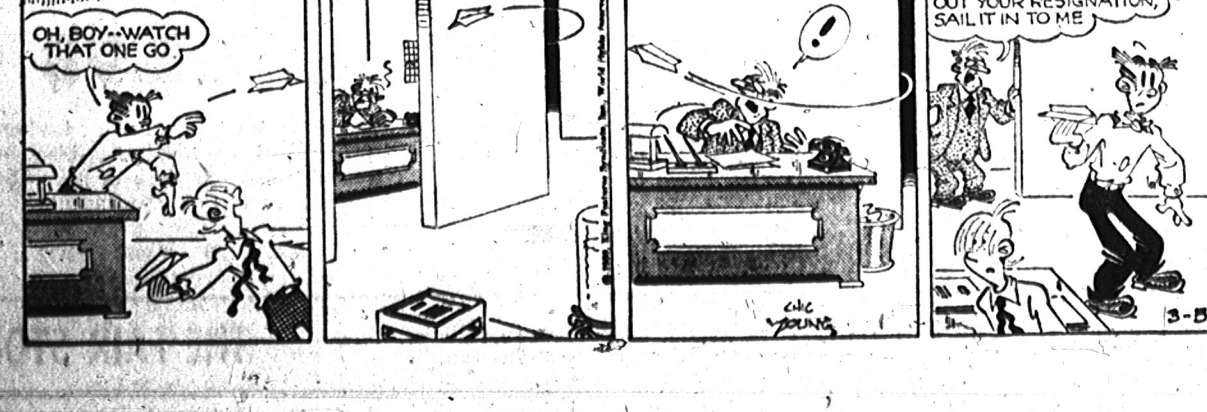

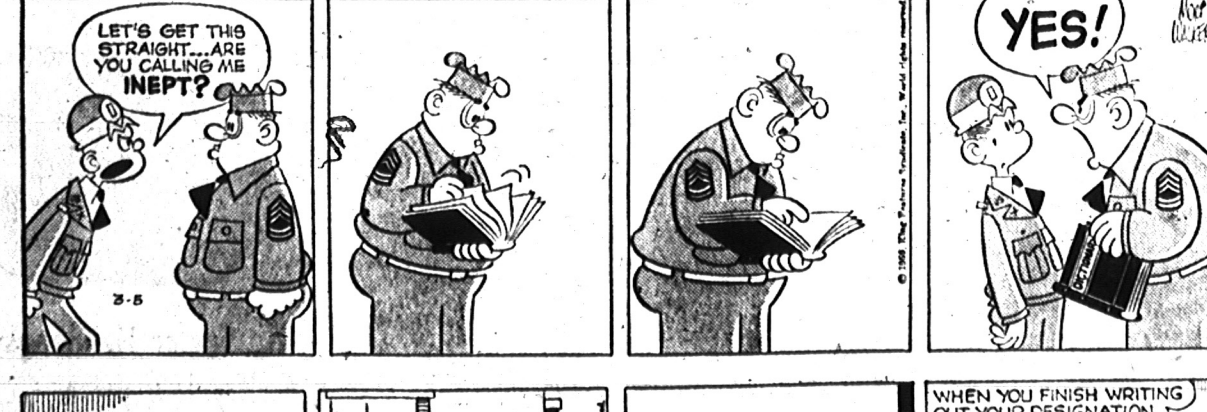

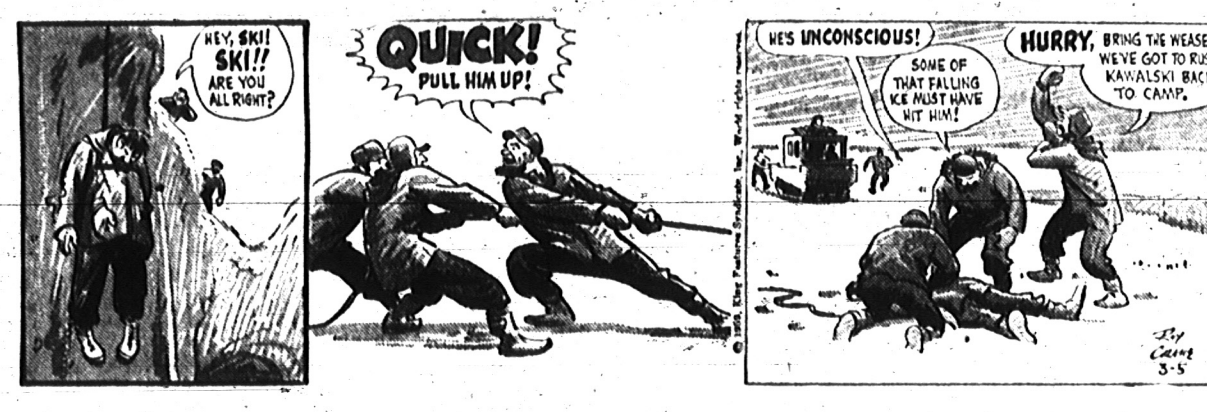

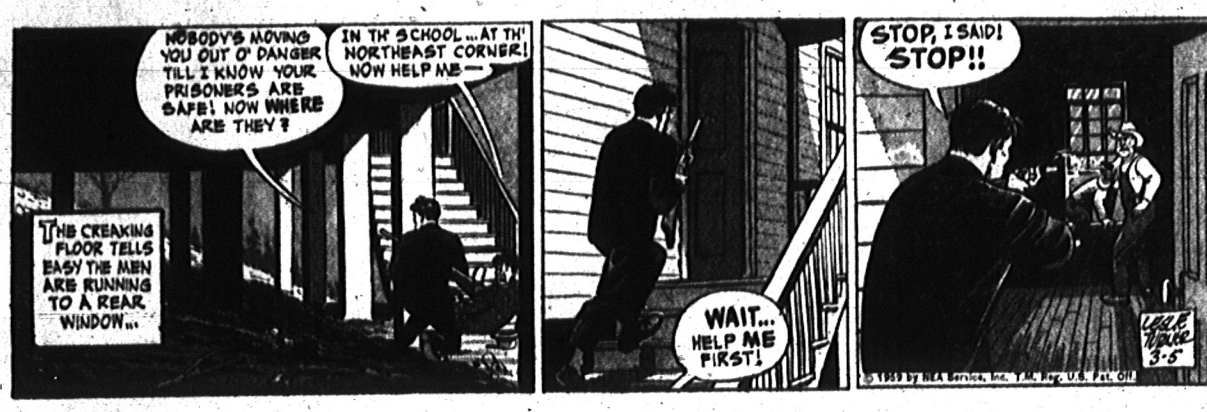

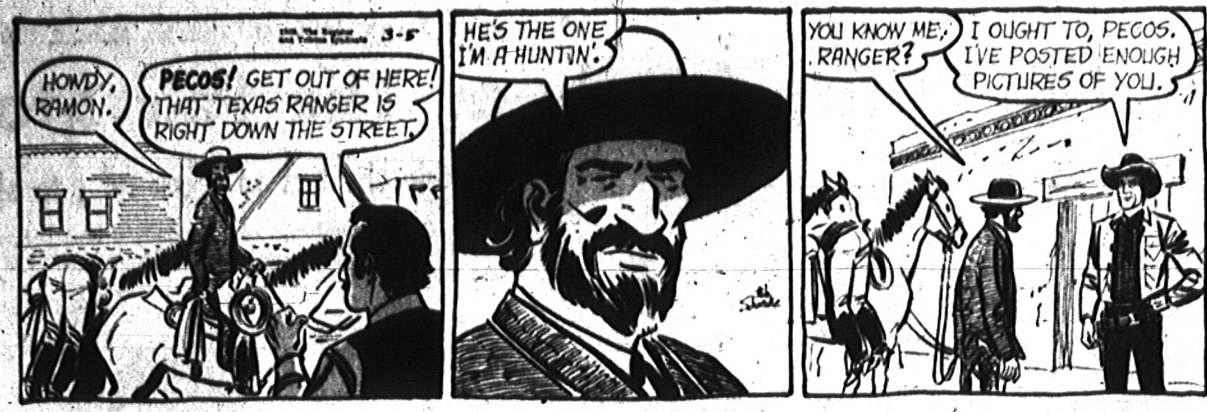

Following her talk Miss McConnell showed a color film showing treatments being given at the center. She explained why and how various pieces of equipment are used to help children learn to walk and strengthen muscles.

She announced that the Kankakee Junior Chamber of Commerce has volunteered to make a door-to-door collection for the Easter Seal fund drive on March 22.

Prior to the regular part of the program Sheryl Bell, member of Kankakee 4-H Club, told members that this is National Hat Week, and thanked them for their support of the organization.

Mr. Miller was born Nov. 4, 1900, in Manteno, the son of Mr. and Mrs. John Miller. In Kankakee, he worked for many years at Tolson's Cleaners. He left here 24 years ago, and in Waukegan, was employed as a bartender.

Mr. Miller is survived by sons, Francis and Donald, Kankakee; daughter, Mrs. Gladys Adams, California; four grandchildren; sisters, Mrs. Frank Wassen and Mrs. Walter Siemsen, Kankakee; and Mrs. Walter Beck, Conneaut Lake, Pa.

THE 1950 HOME SHOW, sponsored by the Home Builders Association of Kankakee, will be at 23, 24, 25 and 26 in Civic Auditorium. Final details were worked out Wednesday. Suprenant No Longer Living At Kankakee Address

William Suprenant, 50, who gave his address as 42 W. Station St., when arrested in Chicago Heights last week, has not lived there for many years.

The property at that address has been owned and occupied for at least 15 years by Mr. and Mrs. Albert Kline, operators of the DC Club, a tavern.

The charges against Suprenant were dismissed for lack of evidence during a hearing in Homewood Wednesday.

Bills Urge Inspection Of Meat

SPRINGFIELD (AP)—A series of bills providing state inspection of meat and poultry not subject to federal scrutiny are in the Illinois Legislature today with the support of Gov. Stratton.

If the bills pass, the present slaughterhouse act would be repealed and strict inspection procedures established.

The bills were introduced in the House Wednesday. Stratton's office said the existing act provides for inspection of sanitation facilities in 600 known slaughter plants in Illinois. Only meat passing inspection is allowed to be sold.

Rep. Anthony Scarpino (D-Park Forest) introduced a bill to require the U.S. government to take all necessary measures to prevent the recurrence of such unwarranted actions toward Soviet fishing

College Students Present St. Anne Church Program

ST. ANNE (JNS)—Five boys, representing Wheaton College, were the highlight of the Sunday morning service in the Presbyterian Church.

Don Lake was speaker for the service and is a senior at Wheaton. He is a Bible major and president of the Christian Service Council. His home is in Mason, Mo. Music was provided by Paul Scottman, a business major and vocal soloist from Mason City, Iowa; Ken Vigor, literature major, vocalist and cornet player from Des Moines, Iowa; Tim Hickey, pianist and a speech and sociology major from Saginaw, Mich.; and Joel Stralight, music major from Altoona, Pa.

Annual Home Show Scheduled In April

The Home Builders Association of Kankakee made final plans Wednesday evening for its fourth annual Home Show, and signed a contract with C. L. Brown, Dallas, Tex., to be managing director of the show.

This year's Home Show will be in Civic Auditorium as in past years, and is scheduled for April 23, 24, 25 and 26.

Fifteen of the available 50 booths to be at the show were already taken by the time the contract was signed. The association is planning to have a large display of new home building materials and furnishings, so residents of the Greater Kankakee area can see almost at a glance what is available.

L'Etable Scouts Plan For Charter Night, Dance

L'Etable (JNS)—Seven were present at the Boy Scout committee meeting in the Community Hall on Monday night.

Disciplinary measures were discussed and Charter Night is set for March 19. A committee will be chosen to plan the menu. A speaker will be obtained.

Boy Scouts are now selling tickets for their dance April 3 in the hall. A cake walk also will be featured and donations of cakes will be accepted.

Curtis Era At An End In Kankakee

As far as Kankakee is concerned, the Victor E. Curtis era has just about come to an end.

There have been no criminal charges filed against Curtis or the defunct Kankakee Motor Coach Co. It's unlikely any ever will be.

The nondescript equipment Curtis left behind when he abandoned bus service in the Kankakee area Feb. 19 will be sold Friday afternoon to satisfy debts.

And, there were indications that a Tampa, Fla., bank had approved a plan whereby Curtis would sell the bus he took with him and pay off a loan on that vehicle.

Curtis and his family were located in Tampa Tuesday.

Mrs. Curtis told newsmen there the family would leave Tampa now that her husband's whereabouts was known.

"We've got to go somewhere where they won't find us," she said. But Mrs. Curtis wouldn't specify to whom the "they" referred.

It's A Normal March—Storms Belt Nation

By THE ASSOCIATED PRESS

A major winter storm pounded the nation's midlands today with snow, cold and strong winds. The snow storm, moving rapidly after lashing wide areas in Colorado and Wyoming, showed no letup as it spread east and southward.

The snow belt stretched from northwest Kansas through eastern South Dakota, across Iowa and extreme northern Missouri and headed into northern sections of Illinois and Indiana. Heaviest falls from 6 to 8 inches, were from eastern Nebraska through north-west Iowa.

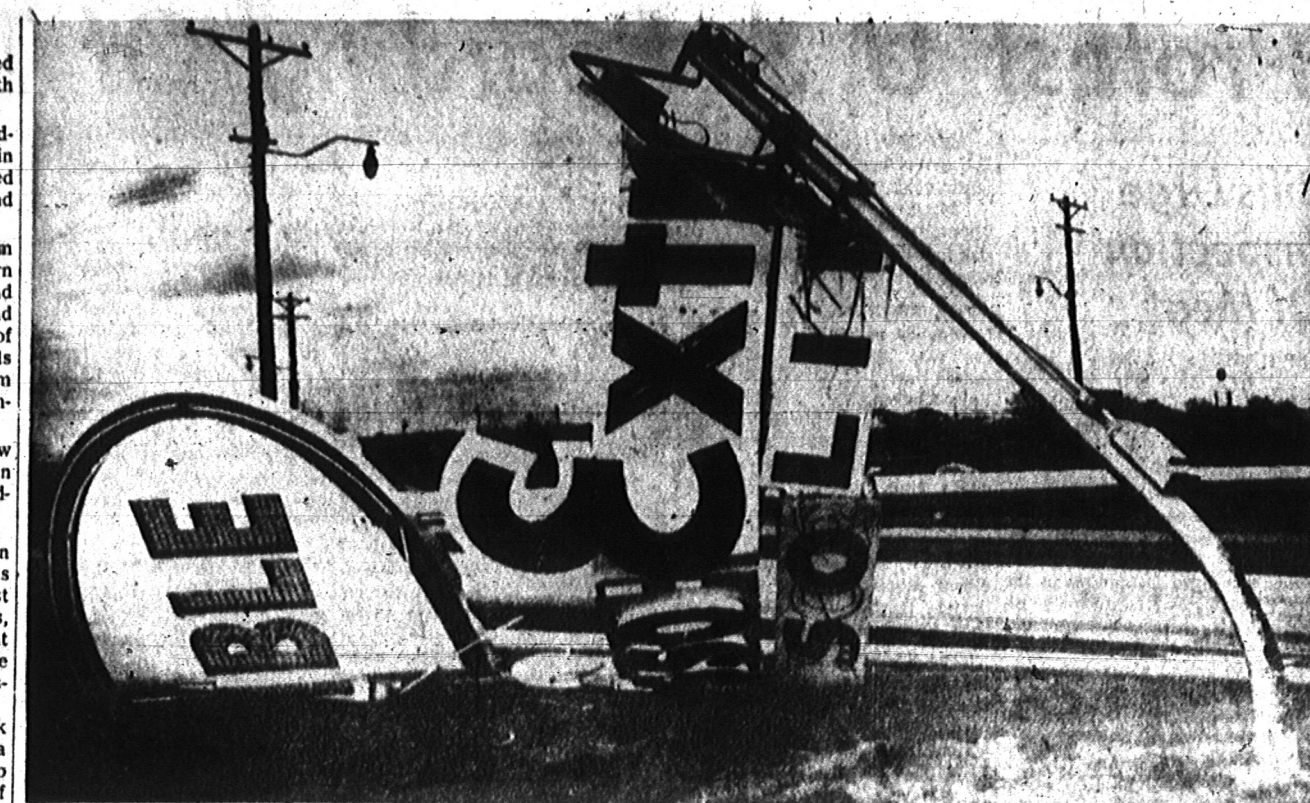

Winds of 20 to 30 m.p.h. blew the fresh snow into huge drifts in many areas and created hazardous driving conditions.

SOUTH OF THE snow belt, rain and some hail pelled wide areas through southeast Kansas, most of Missouri into eastern Texas, Louisiana and Mississippi. Violent storms were indicated in some southern sections. Rainfall measured from one to two inches.

Damaging thunderstorms struck the Dallas-Fort Worth area Wednesday night. Wind gusts up to 66 m.p.h. smashed dozens of plate glass windows in Fort Worth. Ten airplanes were damaged when a hangar at a private air field was blown down.

Temperatures were near zero in the extreme northern Great Lakes region. But they rose rapidly in the 20s in the southern Great Lakes and westward across the Dakotas and Nebraska into the Rockies. In the higher elevations of the Rockies readings were below zero. It was -12 at Fraser, Colo.

Temperatures east of the cold air were mostly in the 40s and 50s except for the 30s in the northern sections of the Ohio Valley and the north Atlantic coast states.

Delay Execution Of Starkweather

LINCOLN, Neb. (UPI) — The Nebraska Pardon Board has granted a stay of execution for Charles Starkweather, 21, admitted slayer of 11 persons.

The board Wednesday granted Starkweather an April 21 hearing on his appeal for clemency. The hearing will delay Starkweather's execution, which had been set for Good Friday, March 27, for at least 30 days.

Gets 6 Months On Charge Of Petit Larceny

Willie Hester, 28, Aroma Park, was sentenced to six months at Vandalla Penal Farm Wednesday afternoon by County Judge Irwin C. Taylor on a petit larceny charge.

Hester was accused of stealing \$10 in quarters from a service station at 321 S. East Ave. Judge Taylor took note of the fact that Hester had been before County Court previously on non-support and had check charges.

Discuss School Problems At PTA Session, Forrest

FORREST (JNS) — The Parent Teacher Association of Forrest Strawn-Wing schools met Monday night with the largest crowd of the year, more than 200 persons, attending.

The speaker, Dr. Harold E. Gibson, director of the bureau of appointments, Illinois State Normal University, spoke to the group on "Current Problems of Schools." He emphasized that small schools were not sending enough young people to college to become teachers to fill their own needs. They have to depend on cities to supply their teachers.

Another falling of the small school, according to Dr. Gibson, was that they try to keep teachers' salaries down, to keep taxes down, thus making it difficult to obtain good teachers.

Mrs. John Grissmer, kindergarten teacher, announced the kindergarten would run from April 13 until May 22. There will be two sessions. The 8:25-11:25 a.m. session will be for Forrest youngsters. The Wing and Strawn youngsters will attend the 12:30-3:20 p.m. session.

Registration fee will be \$1.50 and will include a textbook and milk. Cookies will be provided by mothers. Children must be eligible to enter school next September to attend kindergarten.

A grade school band concert will be held April 17 and a high school band and vocal concert will be held May 1, both in the high school gymnasium. Both are open to the public and no admission will be charged.

Special music was provided by quois and Woodland districts may attend.

Cullom Methodist Men Will Meet

CULLOM (JNS) — The Methodist men will meet Monday at 8 p.m. in the church. The committee in charge includes Robert Lewis, chairman, Merle Haley, Tom Ehart, Everett Sandusky and Vernon Haag.

THE METHODIST Church Every Member Canvass will begin March 10 at 8 a.m. Workers will meet at the church for instructions. The birthday of Mrs. John Tyrrell was celebrated with a party at her home Monday afternoon. Lunch was served and gifts were presented.

Mrs. Bernice Naas and her son and daughter of Chicago and Mrs. Charles W. Clark of Colfax spent Sunday with Mrs. C. H. Thorne.

the cadet band and directed by John Grissmer.

Refreshments were served by the third and fourth grade room mothers, Mrs. James Fellers, Mrs. Roman Thiel, Mrs. Wayne Davis, Mrs. Weldon Benway, Mrs. Ernest Tyler, Mrs. George Kinate, Mrs. Wayne Decker, Mrs. Lavan Flesher, Mrs. Russell Dozier and Mrs. Wayne Hoke.

Adult Class Will Hold Final Session Monday In Dwight

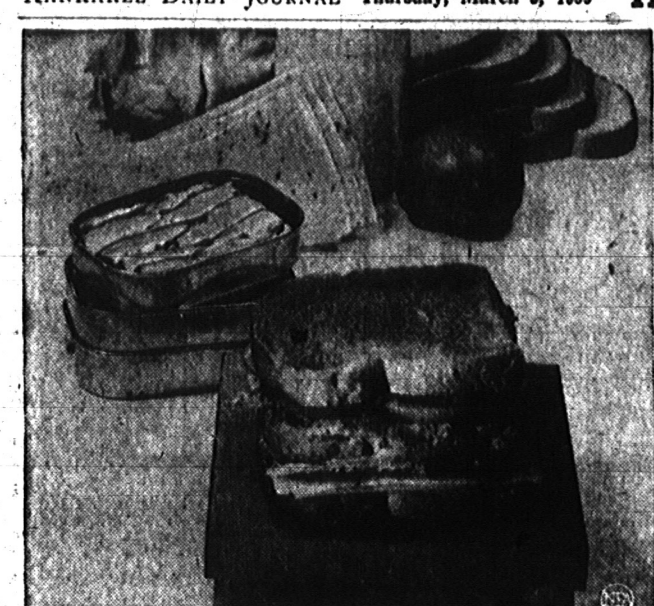

DWIGHT (JNS) — The final session of the adult class, "Secrets of Charm," which has been held Monday nights for the last 10 weeks, will be conducted in the high school cafeteria at 7 p.m. Monday.

Mrs. Ann Miller of Dwight will present the program, "Hair Styling." Mrs. Miller taught beauty culture for 10 years in the New York City High School system. She also taught for two years in Florida, where she acquired a teaching license and holds the highest rating in the state.

She has a license in Illinois for theory and practical teaching and presently is teaching hair styling at a beauty school in Kankakee.

She is a member of the board of directors for the Kankakee Hair Dressing Unit. In February, she attended the Hair Fashion Conference in New York City and this week she attended the three day session of the Mid-West Beauty School in Chicago.

Mrs. R. B. Trotter, home economics teacher at the Dwight Township High School has been instructor at the class, which has averaged 40 members a session.

A HEFTY luncheon in itself is this Maine sardine club sandwich. Two cans of sardines are enough to make four sandwiches.

Sardine Club Sandwich Is Suggestion From Maine

By GAYNOR MADDOX, NEA Food and Markets Editor

Looking for a man-sized Lenten sandwich? Or a protein-rich meatless salad? We have the answers for you.

They come from Dorothy Reed, a Maine girl, born and bred, and wife of the executive secretary of The Maine Sardine Council. She told us her three small children "wolf" these sandwiches made with sardines from Maine's icy waters.

She served us the stuffed tomato when we recently visited her in Augusta.

Sardine Club Sandwich (Makes 4 sandwiches)

Twelve slices white, whole wheat or rye bread, toasted; mayonnaise, 1/2 pound caraway cheese, sliced; 2 cans (4 ounces) Maine sardines, drained; 4 lettuce leaves.

Salads (Yield: 4 servings)

One cup (8 ounces) cream-style cottage cheese, 1/4 cup chopped radishes, 1 can (4 ounces) sardines, drained and mashed; 4 medium-size tomatoes, 1/2 cup wine vinegar, 1/2 cup olive oil, 1/2 teaspoon dried tarragon, 1/2 teaspoon salt, dash of pepper, lettuce.

Combine first 3 ingredients. Cut off tops of tomatoes. Scoop out pulp; chop; reserve. Pile sardine mixture into tomato shells; chill.

Mix tomato pulp with remaining ingredients, except lettuce, and chill. At serving time, place tomatoes on bed of greens and pour salad dressing over all.

TOMORROW'S DINNER: Potatoes, chips with cream cheese-sardine dip, broiled swordfish steaks, lemon butter, baked potatoes, broiled tomato halves, seeded rolls, butter or margarine, mixed green salad, French dressing, fresh fruit gelatin, custard sauce, coffee, tea, milk.

Appointments made by Mrs. Floyd are: Mrs. Glen Ashbury, Watseka, la. superintendent; Mrs. Burnette, child welfare chairman; Mrs. Bracken, partnership chairman; Lucy Lyons, constitution and bylaws; Mrs. Zann Mallen, ritual and emblem chairman, and Mrs. Walter F. Lick, Onarga, publicity.

The salon voted to hold meetings the fourth Friday of each month. In view of the March date during Holy Week, there will be no meeting until April 24 in Watseka.

Elect Kempton Man To Board

KEMPTON (JNS) — Merle Haley was re-elected to the Ford County Service Board of Directors at the annual meeting held in the high school auditorium, Paxton.

Dor Bruner was elected to the Farm Bureau Board of Directors from Rogers Township. He replaces James Malone, who retired after serving 10 years on the board.

Pineapple Crepes Are Delightful

EPICUREAN: Cook Helen Evans Brown of Pasadena, Calif., has written more than a half dozen cookbooks demonstrating the theory that fine cooks discover wonderful recipes.

BY CECILY BROWNSTONE
AP Newsfeatures Food Editor

If you get a little out of a cook who speaks up for what she honestly enjoys, hurry and make the acquaintance of Helen Evans Brown. With the help of her husband Philip, just as outspoken and knowledgeable, she has done as much as any person in this country to encourage other cooks to be discriminating. All mishmashes excluded, is the Brown philosophy. We first met the Browns when they were on a visit to New York from their home in Pasadena. Then we discovered that Helen was born in Brooklyn, although as you would expect of the author of the magnificent "West Coast Cookery" (Little, Brown), she has taken California to her culinary heart. Husband Philip, a rare book dealer, did much of the meticulous historical research for "West Coast Cookery" while Helen was busy testing and adapting the delightful recipes.

Helen has the rare faculty of putting a lot of herself into her cooking and writing about it, so you really can get to know her through her more than half a dozen cook books. In the meantime here's her way with delicate dessert pancakes and that favorite

HERB (UPI) — Mrs. Zella Griggs, 72, says she tries to keep her customers "cool in the summer and warm in the winter."

Mrs. Griggs has owned and operated an ice and coal business since her husband, Bert, died in 1931.

She does all the truck driving and hires a boy to make the ice deliveries and unload the coal. "Learning to drive a truck was the hardest part about this business," she said.

A sister, Mrs. Mollie Keith, 83, also a widow, lives with Mrs. Griggs and "answers the phone, pays the bills and keeps the books. I don't know what I'd do without her," she said.

The coming of gas and oil heat and refrigerators has cut sharply into Mrs. Griggs' business. "I guess progress has helped me though. It's time I eased up because I'm not getting any younger," she said.

Her sister, Mollie, wants her to sell the business, but Mrs. Griggs isn't impressed with the idea. "I don't know what I'd do with all my time," she said.

FIFTEEN OR 20 YEARS ago during a coal shortage, Mrs. Griggs recalled that she arrived at a mine with her truck at 5 a.m. one day only to find 50 trucks in line ahead of her. It wasn't uncommon for her to work 16 hours a day then.

"Now I generally can wind things up in seven or eight hours. Of course I have to work Sundays, too, because the ice business is best then," she said.

"Holidays and Sundays are big ice-selling days during the spring and summer," said Mrs. Griggs. She makes ice deliveries to only two customers now.

"They've been such good customers during the years that I'll continue to deliver ice to them as long as they want it," said Mrs. Griggs.

"If I had it all to do over again, I'd still choose to sell coal and ice. I like people who need a lot of service ones in this business," she said.

Mrs. Griggs doesn't know if she has a philosophy of business. "Just like to treat people the way I wanted to be treated and trust them until they prove untrustworthy," she said.

Commuters Stop

Undisturbed by the racket of a passing train behind them, these gulls line up like ducks in a shooting gallery to sun themselves on a railing of the "S-Bahn" elevated railway triangle in

Berlin. The railway is under East German jurisdiction, but the birds aren't worried about borders or politics.

Good Taste? All It Takes Is Money

NEW YORK (NEA)—In another smashing victory over tedious sales resistance, modern science has finally answered the compound question: Who has good taste and how can it be turned into money?

Highly qualified researchers in an industrial design firm have just completed the first good taste survey in the history of both good taste and surveys.

"And our findings," according to Dr. Myron J. Helfgott who devised and carried out the project, "seem to indicate that the higher your class in life, the better taste you have. That is, the upper middle class has better taste than the working class."

The measurement of this intangible subject was ridiculously simple. Field workers interviewed housewives on matters of background, family income, education and ambition to determine class.

THE FINAL TEST: 150 women in three equal groups of working class, lower middle class and upper middle class were asked to name their preference of sample designs—from beer cans to cookie packages.

"The scores were not perfect, of course," Dr. Helfgott said. "Some working class people showed lower-middle class taste; and some upper middle class people had working class taste in several tests. But, after all, people are not perfect."

"Nevertheless, our tabulations demonstrate conclusively the direct ratio of class and taste."

To the casual observer who may not know, good taste is defined

as anything that a group of designers says is good taste and that another group of designers agrees is good taste.

"The agreement," Dr. Helfgott said, "had to be unanimous. We did not use one sample on which there was any disagreement among the designers."

While the survey proved what its sponsors suspected, there was also one startling fragment revealed when the results were in.

More socially ambitious people have better taste than their contented classmates.

"YOU SEE HOW MUCH YOU can learn from such a symbolic kind of survey," Dr. Helfgott said. "There is communication at every turn in design—and people tell a great deal about themselves by their preferences."

It is, however, a two-way street. Once the ramifications and significance of this survey are broadcast into the American culture, good taste will become a matter of choice.

If you'd like to try it on a small scale, have your husband become a doctor or the vice president of his firm and see how quickly your taste improves.

Meanwhile, of course, the superficial results of the survey will be put to immediate use by package designers to sell more products.

"We know from another test we have made," Dr. Helfgott said, "that people are convinced that the cookies in a package they like taste much better than the cookies in a package they don't like—even though we have put the same cookies in both packages."

District Rebekah Officers Visit Momence Lodge

MOMENCE (JNS)—District officers of the Rebekah lodge made their official visit to the Momence lodge Monday night in Odd Fellows Hall.

Officers present were Mrs. Roy Beier, Momence, president; Mrs. Mary Anne Rogers, Gilman, vice president; and Mrs. Russell Doud, Momence, secretary. Twenty-three members and 29 guests from Kankakee, Gilman and Watseka were in attendance.

Local Noble Grand Mrs. Glenn Hess presided. Miss Flora Sheets, Kankakee, past president of the assembly, was welcomed by Mrs. Charles Young, vice grand. District officers and past district presidents were presented by Mrs. Harold Goosman, secretary.

One application for membership was accepted and an investigation committee appointed. Mrs. Beier said that the next district officers' visitation would take place in Onarga on April 3.

District committees were named by Mrs. Beier. On the State of the Order committee are Mrs. Viola Ord, Mrs. Pearl Keene, Watseka, and Mrs. Edna Meyers, Onarga.

Mrs. Maxine Galloway, Mrs. Evelyn Beal, Stockland, and Mrs. Frances Haines, Milford, are on the finance committee. Mrs. J. C. Horton, Mrs. W. A. Horton, Mrs. Frances, and Mrs. Ellen See, Kankakee, are on the membership committee. Mrs. Lydia Carter, Onarga, and Mrs. Wilma Bucksteg, Gilman, are on the memorial committee.

Named to the resolutions committee were Mrs. Muriel Lindsey, Mrs. Pauline Hartley, Gilman, and Mrs. Rheta Fisher, Onarga. Mrs. Ollie Burton, Stockland, community service; Mrs. Clifford Smith, Milford, international; Rebekah representative; Mrs. Francis Mills and all 1959 Noble Grands; registration; Mrs. Glenn Hess and all 1959 vice grands; reception; Mrs. Vina Elgin, Watseka, publicity representative; and Mrs. Calvin Clark, Milford, youth representative.

A skit on the life of Deborah, a Bible character, was presented by Mrs. Mills, Mrs. Morton and Mrs. Frisco Workman.

The next meeting will be a social one in the hall with Mrs. Beier as chairman of the committee. The annual oyster-chill supper, sponsored by the Rebekah and the Odd Fellows, will be held in the Methodist Memorial Hall on March 31.

Refreshments were served by lodge members at the close of the session.

Latin President To Visit U.S.

SAN SALVADOR, El Salvador (UPI)—President Jose M. Lemus will leave Monday for Miami to begin a three-week tour of the United States.

President Eisenhower's plan, Columbus III, will meet Lemus in Miami and take him to Charlottesville, Va., where he will visit the home of Thomas Jefferson, and then to Washington.

He also is scheduled to visit New York City, West Point, Springfield, Ill., Houston and New Orleans before returning home.

Identity Of Governor's Assassin Still A Mystery

FRANKFORT, Ky. (UPI)—A rifle cracked. The crack-coated figure staggered and fell. Four days later, after being sworn in as governor of Kentucky, William Goebel died of a bullet that had pierced his body.

Who fired the fatal shot? Though these events took place 50 years ago, the identity of the assassin is still shrouded in mystery and doubt.

On Jan. 30, 1900, Goebel was walking to the Statehouse to attend a joint session of the Legislature when he was shot. The assassin, who he confidently expected would upset the results of the 1899 election and declare him governor.

Three months before, Republican William S. Taylor had defeated Goebel by 2,383 votes in a bitterly disputed gubernatorial election. Goebel charged fraud and controlled the election in the Democratic-controlled legislature where he sat as president pro tem of the Senate.

An army of mountaineers flowed into Frankfort from eastern Kentucky when it seemed certain that Taylor would be unseated. For more than a week, groups of gun-toting mountaineers roamed the capital's streets, muttering threats at Democratic legislators.

THEN CAME THE fatal shot. Virtual anarchy followed as Goebel died after lingering four days in the room of the Capitol Hotel.

The Schusters found the kitchen of the home had been completely destroyed and severe heat, water and smoke damaged resulted in the remainder of the house.

The Schusters returned to Delaware to bring the children and her mother back to Brazil. They will reside at another residence until the man can be rebuilt or repaired.

No cause of the fire could be determined. But it was evident there had been some kind of an explosion.

THE BIRTHDAYS of Carol and Frank Vranick were celebrated jointly Saturday evening at the home of their parents, Mr. and Mrs. Louis Vranick. Guests helping to mark the occasion were Mr. and Mrs. Charles J. Kelly and family, Mr. and Mrs. Ed Jurski and family, and Mrs. and Mrs. Don Stone and all of Lake Village.

Many gifts were received and a birthday cake was served.

CHICAGO (AP)—Chicago's bidding less than other cities for the 1990 Republican convention, members of the party's national committee say.

But Chicago may increase its offer to put it on a par with the other cities.

Ray C. Bliss of Ohio and Rich and Cooper of New Hampshire talked to Mayor Richard J. Daley Wednesday about Chicago's bid of \$300,000 cash and fringe benefits totaling \$125,150.

Woman's Club Of Momence Elects Officers

MOMENCE (JNS)—Officers of the Woman's Club were elected at a meeting in the library club room on Monday afternoon.

Mrs. Edna Heidegger, reporting for the nominating committee, presented the names of Mrs. George Schuster, president; Mrs. Edna Heidegger, first vice president; Mrs. Robert Wille, corresponding secretary; all to serve for two years.

To serve for one-year revision committee terms are Mrs. J. M. Christensen, Mrs. Paul Sweeney and Miss Myrtle Gibeault. All were unanimously elected and will be installed at the June luncheon.

Reports were given by the two local district chairmen, Mrs. Paul Sweeney, literature, and Mrs. Robert Sprinkle, music.

Mrs. W. J. Parish, president, announced the club had been invited to enter the Chicago Flower Show on March 20, 21 and 22. The club will make two entries.

Appointed to the committee to arrange these entries were Mrs. Virgil Langhorst, Mrs. L. B. Sallabury, Mrs. Elmer Gilbert, Mrs. Paul Sweeney, Mrs. Willard Rice and Mrs. Roy Hess.

Mrs. Parish announced the district board meeting will be held in Danville on March 9 and the county meeting in Kankakee on March 10. She also reported on the TB Christmas Seal drive of which she and Mrs. Howard Ross were chairmen for three localities.

Turned in from Momence was the sum of \$83.11, from Grant Park, \$41.97, and Hopkins Park, \$65.92, making a total of \$146.01.

Mrs. Fred H. Baschen led the pledge of allegiance. Forty members were present. Tea was served with Mrs. Parish and Mrs. Shaps pouring.

Hostesses were Mrs. Langhorst, Mrs. Verne Engleking, Mrs. Helen Astle, Mrs. Parish, Mrs. Shaps, Mrs. James Cromwell and Mrs. Frank Thylt.

Hotesses were Mrs. Langhorst, Mrs. Verne Engleking, Mrs. Helen Astle, Mrs. Parish, Mrs. Shaps, Mrs. James Cromwell and Mrs. Frank Thylt.

'Party Line' Candy Recipe Ties Up Telephone Lines

By JEAN MARTIN

One telephone call over WKAN's weekday program, "Party Line," and Mrs. Snowden Nell of Oakdale Acres received more than 50 requests for her CHOCOLATE NUGGETS recipe which she submitted over the radio program.

In fact, the recipe was received so well that it is printed in today's kitchenette not only to give Mrs. Nell a little rest from her eight-party telephone line but also for the homemakers whom Mrs. Nell hasn't been able to answer yet.

In answering one woman's request for this candy recipe, Mrs. Nell received a recipe in exchange. It is the NO BAKE COOKIES which is also included in today's kitchenette.

The candy recipe is so simple that Mrs. Nell says a child can easily make it.

Mrs. Nell's FRUIT-TOP COFFEECAKE with spicy-sweet cream is a dessert or a breakfast treat. The fruit may be arranged in a design to add to the coffee's attractiveness.

Mrs. Nell's most favorite critics of her culinary work are her husband and four daughters, Debbie, 12; Jill, 10; Shirley, 8; and Pamela, 6.

Her recipes are as follows:

Chocolate Nuggets
2 cups butter
1 cup sugar
1 cup cocoa
1 cup milk
1 cup shortening
1 well beaten egg
1 cup milk
1 cup peach syrup
canned, sliced peaches, well drained

Sift flour, salt, baking powder and sugar. Cut in shortening until mixture resembles coarse crumbs. Combine egg, milk and peach syrup; add to flour mixture; stir until just mixed. Spread in greased eight-inch square cake pan. Sprinkle with crunchy topping. Bake in moderate oven at 350 degrees F. for 45 minutes. Arrange peaches in design; slip in oven to heat through.

CRUNCHY TOPPING:
Crush two cups corn flakes or other cereal flakes; add 1/4 cup sugar; 1 teaspoon cinnamon and 2 tablespoons melted vitaminized margarine.

Tuna Scallops
6 medium-sized potatoes, sliced 1/2 ounce can tuna fish, flaked
1/2 cup chopped pimiento
1/2 cup chopped onion
1 cup grated American cheese
1 can mushroom soup
salt and pepper
2 tablespoons butter or fortified margarine

1 cup milk
1/2 cup bread crumbs
Alternate layers of potatoes, tuna, pimiento, onion, cheese and mushrooms in greased 1 1/2 quart casserole; season each layer. Dot with butter. Blend flour and milk; pour over. Top with crumbs. Bake in moderate oven at 350 degrees F. until potatoes are tender. About 1 hour.

Creamy Rice Dessert

CREAMY RICE DESSERT
Ingredients: 1 1/2 cups soft-cooked rice, 1 jar (8 ounces) strained orange pineapple baby-food dessert, 1/2 cup heavy cream, 1/2 cup shredded coconut (toasted).

Method: Fold together the rice and orange pineapple dessert. Whip cream until as thick as mayonnaise; fold in chili. Just before serving, fold in two-thirds of the toasted coconut; spoon into sherbet glasses or other dessert dishes; garnish with remaining toasted coconut. Makes 4 to 6 servings.

Note: To toast coconut, spread it out in a thin layer in a jelly-roll-type pan; bake in moderate (350 degrees) oven, stirring or shaking pan occasionally, until toasted a light brown—about 10 minutes.

Touch Of Spring: Cherry Bonbons

By CECILY BROWNSTONE
Associated Press Food Editor

Nextest trick we come upon recently is a new way of baking cherry bonbons—and in good time for springtime tables.

Do you know the jars of maraschino cherries that come with stems? Well, the stemmed cherries are stuffed with small pieces of semi-sweet chocolate and then dipped into batter and baked. Pink frosting is spooned over the cookies and guests help themselves—lifting the bonbons by the cherry stems. If your company is like ours, they'll be intrigued with the idea.

This batter mixture is one of the new recipes using corn oil, and it helps to produce a soft-textured cookie dough that tastes good with the fruit. We chose to stuff the cherries with chocolate because we wanted the bonbons to resemble chocolate cherry candies, but if you prefer you might stuff the cherries with nuts.

CHERRY BONBONS

Ingredients: 1 jar (1 pound) maraschino cherries (with or without stems), 1/2 cup semi-sweet chocolate pieces, 1 1/4 cups sifted flour, 1/2 teaspoon baking powder, 1/2 teaspoon baking soda, 1/2 cup corn oil, 1/2 cup light brown sugar, 1 egg, 1/2 tablespoon distilled white vinegar or lemon juice, 1/2 cup undiluted evaporated milk or light cream, 1/2 teaspoon vanilla.

Method: Pour off cherry juice and reserve for frosting; drain cherries on absorbent paper. Stuff a semi-sweet chocolate piece into each cherry. Sift together the flour, baking powder and baking soda in absorbent paper. Stuff a semi-sweet chocolate piece into each cherry. Ingredients: 4 medium-sized (1 1/4 pounds) potatoes, boiling water, salt, 1 1/2 cups coarsely shredded green cabbage (packed down tightly), 2 tablespoons butter or margarine, 1 small (1/4 cup) finely diced onion, milk, pepper.

Method: Pare potatoes; halve or quarter; cover with boiling water and 1/2 teaspoon salt; cook rapidly, covered, until tender; drain and dry over low heat; put through ricer or mash smooth. Meanwhile cook cabbage in 1 cup boiling water and 1/2 teaspoon salt until soft; do not cover; drain, reserving any cooking liquid. Also melt butter in a small skillet; add onion and cook gently until golden. Mix mashed potatoes, drained cabbage and onion (including butter in skillet) with milk (2 tablespoons or more) to moisten. Add more salt if necessary and enough pepper to give real flavor. Reheat, over boiling water if desired, adding more milk or drained cabbage liquid to bottom of pan, until very hot. Serve at once. Makes 5 servings.

Seek Solution To Financial Crisis

(High officials in Washington are discussing possible remedies for the borrowing problems which beset the Treasury. Suggested courses are discussed in this, the last of four articles on financing the national debt.)

WASHINGTON (AP)—How can Uncle Sam finance the record national debt without inviting a fiscal crisis or fostering the inflation he hopes to avoid?

President Eisenhower and his top advisers on money matters argue that a balanced budget offers a basic solution. They say a budget in the red threatens financial stability on two counts:

1. Directly, by forcing the Treasury to borrow more cash. This promotes inflation of the money supply because the government must rely heavily on bank credit when it borrows.

2. Psychologically, by increasing inflation fears.

OFFICIALS SAY that if the budget isn't balanced in the coming fiscal year, in a time of relative prosperity, people will doubt that red ink spending can ever be controlled.

People who expect continued budget deficits are less apt to save and lend, less likely to invest their savings because of inflation.

Secretary of the Treasury Robert B. Anderson recently told Congress: "If we ever reach the point where people believe that to speculate is safe but to save is to gamble, then we are in deep trouble."

He was unquestionably thinking (1) of the present reluctance of many people to save through investment in government securities (Treasury I.O.U.'s) and (2) of the rush of money into the stock market.

Anderson and other administration policymakers have made the balanced budget a major article of faith because they believe even a small deficit would do great harm.

Besides hoping to balance the budget, the administration sees another possible solution to the Treasury's debt management problems: more borrowing on an intermediate and long-term basis.

No one will guess when the government will be able to do this. Officials say they expect to have the chance later in the year.

Right now, because lenders are motivated by fear of rising interest rates and inflation, the Treasury has to do most of its borrowing for short terms.

LONG-TERM LOANS generally are much less inflationary because a smaller proportion of long-term money is provided by the banks. Bank credit means inflation of the money supply.

Since last July, the Treasury has gotten only one loan which

"Can't you tuck in a couple of dieters without waiting? The tiniest table would hold all we're allowed for lunch!"

If He Can Find No Other Place In Universe

Space Chief Sees Man Building Own Planet

LOS ANGELES (UPI)—The nation's No. 2 civilian space chief said today that man may establish his own worlds in space "if we find other planets inhabitable."

"These artificial worlds would be 'inhabited' spheres far out in space orbiting around the sun rather than the earth or moon."

This vision was conjured up by Dr. Hugh L. Dryden, deputy administrator of the National Aeronautics and Space Administration, in an address prepared for the Western Space Age Conference here.

Man-made planets supporting communities of human beings, he said, "are possibilities of the distant future."

"OUR IMMEDIATE" aim is to establish man in space—to give him a bridgehead, so to speak, from which he can stage his rain, and then push on to more remote objectives.

"As we master the required technology, we will send an expedition to the moon, and later on to mars, to venus, and to more distant reaches of the solar system."

"Existing worlds turn out to be suited to colonization, Dryden said, man might then build worlds of his own."

"Man's only natural habitat," he said, "is the cosmos. His 'normal' environment is the one he creates for himself."

NASA's immediate man-in-space program is called Project Mercury.

The agency already has contracted for a dog school.

It also has picked 110 young air students—soon to be reduced to 12—who possess the qualifications considered necessary for the first American in space.

The 12 pilots finally selected, Dryden said, will "receive the most intensive course of training ever offered to a party of prospective explorers."

The capsule and its equipment, an apparatus for launching it into orbit and bringing it safely back to earth, also will undergo exhaustive tests.

Dryden said AS he has before that Russia "might very well manage to put a man in space before we do."

That, he said, would be a "human life held in less regard" than here.

If care for the pilot's safety "should cost us the prestige of being first to send a man into orbit," Dryden said, "so be it."

He said U. S. satellite and space probe successes have done a great deal for "our prestige."

"I would predict that by the end of 1959 we would be in a position of minimum unemployment," he said.

WASHINGTON (UPI)—Labor Secretary James P. Mitchell predicts employment will increase to the point where some areas will have deficit labor shortages by the end of the year.

"All the economic indicators indicate that we are on the upswing," he said in a television interview Wednesday.

Dying Iowa Girl Gets Wish, Tours Disneyland

ANAHEIM, Calif. (AP)—Ten-year-old Nora Vitz, who doctors say will die of incurable cancer soon, did what she has always wanted to do—visit Disneyland.

The little girl from Buffalo, Iowa, wandered through the sprawling amusement park Wednesday unaware of the doctors' pronouncement.

She chose the trip when asked by an aunt where she would like to visit if given the chance.

Iowans contributed \$1,000 to help pay for the trip after the Davenport Osteopathic Hospital started a fund-raising campaign.

"The people of Iowa have been awfully nice to me," Nora said as she wandered through the fairyland of castles, outer space ships and comic characters.

Nora, oldest of six children of Mr. and Mrs. John Vitz, will return to Buffalo Friday. Her mother is accompanying her on the trip.

SCRIPTURAL INVESTMENT ROCKFORD (AP)—A minister put the "Multiplied Talents" idea to work, and it paid dividends.

Rev. Max Hicken, pastor of Central Christian Church, used the scriptural backing in Matthew 25:14-30 to induce his congregation to multiply a dollar into what he said was \$150.

One man brought in \$45 by spending his dollar for white gloves. He sold them and invested his money in more gloves until he came up with the contribution.

Offer Variety For Menu This Weekend

WASHINGTON (UPI) — Early spring food shoppers have a wide variety of choices in putting together excellent menus this weekend. Protein foods lead the parade, with meat counters offering pork, beef, legs of lamb, broiler-fryers, and turkeys. Pork, particularly plentiful right now, offers shoppers choice hams, bacon, chops, and roasts, while in beef, roasts and steaks are featured. Eggs continue plentiful among the protein foods, and prices are budget-slanted at many markets. Butter and cheese are also on the abundant foods list.

FRUIT BINS OFFER a fairly good selection, with oranges, grapefruit, and apples heading the list. Some markets will feature avocados, winter pears, and lemons. While strawberries are showing up at some markets, early season prices are high. In vegetables, plentiful include celery, potatoes, sweet potatoes, tomatoes, lettuce, radishes, and carrots. Best buys at the fish counter will be shrimp, fish sticks, and canned tuna.

Canada's Stand On Diversion Rapped By Daley

CHICAGO (AP) — Mayor Richard Daley has suggested Canada mind its own business when it comes to Chicago's efforts to increase diversion from Lake Michigan. Canada has told the State Department it is opposed to Chicago's plan to increase diversion. Canada should not "meddle in the internal affairs of the United States and Chicago," Daley said Wednesday. "Canada isn't consulting anybody when it diverted 6,500 cubic feet of water a second from Lake Superior," he continued. Chicago is asking Congress, for the third time, that it be permitted to increase diversion from 1,500 cubic feet a second to 2,500 cubic feet. It seeks the additional amount to aid navigation in the Illinois waterway and to improve sewage disposal. Six Great Lakes states oppose Chicago's bid on grounds it would hurt shipping. President Eisenhower has twice vetoed similar diversion bills.

World Congress Urges Free Press For Free World

COLUMBIA, Mo. (AP) — If we're going to have a free world, we must have a free press. That was the theme of the World Press Congress as it ended Wednesday night with pleas for more and better coverage of world news. No formal action was taken. The congress met for the first time in 33 years to help the world's first school of journalism at the University of Missouri celebrate its golden anniversary. The motto was "A strong free press for a better free world." To achieve that, the delegates set these chief goals in their three days of discussion: 1. Seek greater press freedom and outside influence. 2. Improve public understanding of world problems by better reporting of foreign news. 3. Strengthen public confidence in newspapers, radio and television through strict accuracy and objectivity. 4. Seek ways to restore the privileges of a free press to journalists caught behind the Iron Curtain.

Signs Trade Pact

BERLIN, Germany (UPI) — West Germany and Morocco signed a new trade agreement Wednesday aimed at increasing the exchange of goods between the two countries this year.

Braidwood Will Hold Homecoming In June

BRAIDWOOD (JNS) — The Braidwood homecoming committee announced the 1950 homecoming will be held June 25, 26, 27 and 28. Members of the committee and organizations they represent are Bob Levi, the American Legion; Paul Hilleman, the Rotary Club, and Jim Berta, Reed-Custer High School Alumni Association.

This year's plans will include a picnic and ice cream social on June 25 and a talent contest on the evenings of June 26, 27 and 28. Auditions for the talent show will be held in the near future. Any local or area amateur talent is eligible to participate. Anyone interested may contact Paul Hilleman. A queen contest will be held again this year. Last year's "Queen of the Homecoming," Joanne Jones, will crown the new queen on June 27.

City and state public officials are being asked to lead the parade on June 28. Anyone wishing to enter the parade may get in touch with Bob Levi. Prizes will be awarded for the best decorated bicycles, comic entries and floats.

A carnival will be on hand with rides and side attractions. Thursday evening will be "P. M. Nite" and tickets will be sold in advance. On the afternoon of June 27 and 28, the kids will be guests of the midway, when rides will be 10 cents each. Any local organization wishing to operate a booth on the carnival grounds may contact Jim Berta.

Hold Birthday Party, Donovan

DONOVAN (JNS) — Mrs. Ruth Strom entertained at dinner Sunday, celebrating the birthdays of Mrs. Howard Strom and Ronnie Butzow. Those present were the Howard Strom family, Mr. and Mrs. Ed Albright, Mrs. Rachel Wilson, Mrs. May Albright, Henry and Dorrance Albright, the Paul Frye family of Gilman, and the Robert Butzow family of Watseka.

German, French Talks Completed

PARIS (AP) — West German Chancellor Konrad Adenauer and President Charles de Gaulle see the West and the Soviet Union moving toward a foreign ministers conference and possibly summit talks. French sources said today. Adenauer was in a cheerful mood as he took off for home after talks with the French leader. An official spokesman said they reached no dramatic decisions and planned no Paris-Bonn axis designed to impose their thinking on their Western allies.

Algerian Rebels May Get Red Arms

CAIRO (UPI) — Algerian nationalist leaders are conferring here with representatives of the Communist Chinese government on possible aid-including arms—for Algerian rebels, Algerian sources said today.

He Would Tighten State Wedding Law

SPRINGFIELD (UPI) — Any person wanting to get married in Illinois would have to be counseled beforehand on the responsibilities of matrimony and the "morally deplorable effects of divorce" under a bill introduced Wednesday by Rep. August J. Ruf (R-Chicago). The bill was designed to prevent young persons from rushing into marriage, Ruf said. But as drafted, it would apply to anyone, including a widower who might have been married for 40 years and was contemplating a second union.

THE BILL WOULD FORBID county clerks to issue a marriage license to anyone who did not present a certificate signed by a clergyman or judge stating that the person had been advised of the "seriousness and grave personal and social responsibilities of marriage and as to the morally deplorable effects of divorce on society." Any marriage contracted in Illinois without such a certificate would be "null and void."

Welfare Seeks \$226 Million Budget

SPRINGFIELD (AP) — The State Welfare Department needs 226 million dollars over the next two years to relieve understaffing, one of the major problems besetting state mental institutions, Director Otto Bettag has told the Illinois Budgetary Commission. To eliminate overcrowding, another of the department's major headaches, will require a capital outlay of 354 million dollars — a half-cent increase in the state sales tax. "I don't know whether the governor is going to do it," Bettag remarked, "but it looks to me like he's going to have to come in with a half-cent increase in state sales tax."

The proposed operating budget for welfare represents an increase of \$18,021,469 over the present allocation. Included in the proposed outlay is \$12,333,500 from the mental health fund, which consists of contributions from relatives of welfare patients.

"Our requests have always been made on a practical and realistic basis," Bettag declared. "We haven't tried to orbit the moon." The bulk of the additional money earmarked for the two-year fiscal period beginning July 1 would be spent in a \$52,080,567 package to hire 4,853 additional employees, Bettag said. These employees would be needed to staff the Illinois State Psychiatric Institute, but also would help six others — among them Chicago, and the Illinois State Penitentiary, slated for completion in 1950.

ANOTHER BIG item is a \$648,000 outlay for the Division of Alcoholism, an increase of \$348,800. Sen. Marvin Bart (R-Freepport), who helped set the program up, said this sum would be returned in revenue from the tax on alcoholic beverages.

In connection with the alcoholic treatment program, Alfred Slicer, head of the division, said four centers will open shortly in Rockford, Peoria, Southern Illinois University at Carbondale, and Springfield.

During his presentation, Bettag touched briefly on the recent action of the Joint Commission on Accreditation of Hospitals, which has dropped the Chicago, Kankakee and Manteno State Hospitals from its lists.

The director said his proposed budget not only would help the three institutions with their fight for accreditation, but also would help six others — among them Chicago, and the Illinois State Penitentiary, slated for completion in 1950.

Girls Club Honors Mothers At Banquet

A talk by Miss Theresa Worman, known as "Aunt Theresa" over a Chicago radio station, and colorful Hawaiian decorations added to the festivity at the first annual mother and daughter banquet at which members of the Greater Kankakee Girls Club entertained their mothers Tuesday evening at a local restaurant. The club, which is interdenominational, was organized last October and is sponsored by the Calvary Baptist Church.

The 72 mothers and daughters present were seated at tables decorated with pastel napkins and candles. Bird of Paradise flowers decorated the speaker's table. Mothers were presented with miniature orchids, and the girls wore pastel leas.

Party Honors Mose Arsenau On Birthday

Mose Arsenau of RR 3, Kankakee, was surprised by a group of 36 relatives and friends Saturday evening when they honored him at a party on his 60th birthday. The party was planned by Mrs. Arsenau.

A buffet luncheon was served by candlelight from a table centered with a lighted birthday cake. Mrs. Arsenau, a sister-in-law, served the cake. Miss Delores Kervick poured.

The guest of honor was presented with a gift of a watch. Among those attending the party were Arsenau's sister, Mrs. Leila March, and a brother, Lomer Arsenau and his wife, all of Chicago.

Orange Sweet Potatoes

Add "sunshine" to your meal with this delightful combination of oranges and bright colored yams, which you get at your grocer when you ask for "sweet potatoes." You can give your party a Holiday appearance when you serve this Orange Sweet Potato dish. It can be prepared in advance.

To prepare you may use either boiled or baked sweet potatoes. Save the orange rind to use as a container to serve them in. Mash the cooked sweet potatoes and season with orange juice, a tablespoon of melted butter for each potato used, and salt to taste, and a dash of onion powder. The mixture is then spread in a 9x13 inch pan and lightly in 400° F. oven. (2½ cups mashed sweet potatoes should serve 4 to 6 people.)

Mrs. Wayne O'Connor Honored At Shower

Mrs. Wayne O'Connor was honored at a surprise stork shower Sunday by 35 relatives and friends at the Walter O'Connor home in Limestone Township.

Hostesses were Mrs. Orville DePaul, Mrs. Lester Olfman, Mrs. John Ferris Jr. and Mrs. Joseph Sullivan.

Prize winners at 50 were Mrs. Robert DuMontelle, Mrs. William Ferris, Mrs. Edward O'Connor, Mrs. Vincent Buckley and Mrs. Stewart Moody.

The guest of honor opened her gifts at a table decorated in pink, green and white.

Susan Kay Anderson Baptized Sunday

Our Daughter Thinks We're Unreasonable Tyrants!

By DR. PAUL POPPENE

What's sauce for the goose is sauce for the gander—that's Carol's version, and her parents don't like it.

"We've always tried to teach our daughters to be independent," Mrs. U. writes, "but our oldest, Carol, just 17, expects the same privileges as her parents. Anywhere we go, she thinks we should take her and leave the rest to her."

Girls at home. We have to tell her where we're going, even if it's only to the corner market; otherwise she won't tell us where she's going.

It's understood that 10 o'clock is bedtime on school nights. Last week a friend came to see her at 9:55 and stayed on. At 10:30 we felt it necessary to send the other girl home. Carol was furious—so it goes day after day, Dr. Poppene writes. I could fill a book with illustrations of her unreasonable attitude—yet she thinks we are unreasonable, tyrannical, and dictatorial. What do you say?"

SINCE YOUNGSTERS are continually complaining that parents "bawl them out" for doing things that the parents themselves do, I believe you should try, in the first place, to set a good example. I can see why you shouldn't mention the fact that you're going only to the corner market and will be back in 10 minutes. Suppose someone phones with an important message—how otherwise can the girls answer intelligently? Suppose an accident occurs—how can they find you?

In the second place, you're making it hard for yourself by failing to deal with a lot of these problems in Family Council. If you don't know how to do this, write me in care of the Journal, with stamped, self-addressed envelope. You have told me nothing in your letter, about the younger girls; but they too have some rights! All the same, the policy of the family council, with everyone having a chance to state her position and the family making the final decision, you will really have a fair procedure as well as a more effective one.

IN THE NEXT PLACE, recognize that a girl of 17 (who is old enough to marry) ought to have some responsibility. Don't hold on too tight to a rein.

Finally, be firm and consistent in whatever discipline you do establish. Be systematic, but have it clearly understood that there is a line—not an arbitrary one, but one established for the protection of the family.

Nab California Kidnaper; Tot Fine

ONTARIO, Calif. (AP)—A kidnapped infant was found safe Wednesday night in the arms of a chunky, 35-year-old woman who admitted taking him from his crib while she was babysitting five days ago.

Betty Jean Yocum returned to the bathroom of her darkened home 10 miles from Ontario when she heard FBI agents kicking in the door. Hugged to her bosom was 8-week-old Eric Leon Flores.

In a bedroom the agents found a baby in a bassinet and bottle of milk. Mrs. Yocum, who had been told by Mrs. Flores that the baby was her own, said she had been told by Mrs. Flores that the baby was her own.

The baby, ill with a cold when he was taken from his crib, was sleeping in his bed last Friday, when Mrs. Yocum, calling herself Ann Williams, called herself as a social worker from a local church, called on Mrs. Flores, Ruth Flores, 35, wife of Flores, to offer any help that

County-State Check Keeps Cheating At Minimum

Illinois Aid Fraud Cases Low

CHICAGO (UPI)—Deliberate fraud among those receiving public assistance in Illinois is "remarkably low," according to Gershon Hurwitz, head of the state Public Aid Commission's investigative unit.

Last year, Hurwitz said, fraud convictions amounted to only 0.29 per cent among the some 350,000 persons a month assisted by public aid funds.

Prudent claims — not all of them deliberate — amounted to \$501,000.

No figures were available about fraud cases that might have gone undetected but officials insist that their county-state check system keeps cheating of any kind to a minimum.

In 1957, THE percentage of proven cheaters was about the same as in 1956—0.28 per cent.

Increased efficiency among investigators is reflected in the figures for 1956 when the percentage was 0.53 per cent.

Of the claims in 1958, Hurwitz said, about \$30,000 was collected through court action or by the Public Aid Commission.

Efficient pre-case investigations by caseworkers are responsible for the relatively low rate of fraud, Hurwitz said.

Of the 9,231 applications for aid to dependent children in Cook County in 1957, he said, "4,329 or 47 per cent were turned down. To reject such applications for fraud, welfare investigators pose as a pharmacist, who padded bills.

In Chicago, a shabbily dressed welfare investigator posing as a pharmacist caught a restaurant owner inflating food bills.

"These cases are rare," said John W. Ballou, Cook County public assistance director. "But human nature being the way it is, there are always bound to be some cheaters."

Not all frauds are committed by aid recipients, according to Hurwitz.

In one recent downstate case, a doctor overcharged for his treatments, and billed the state for other services he never performed. Another such instance involved a pharmacist, who padded bills.

Martin In Naval Hospital For Test

WASHINGTON (UPI)—Rep. Joseph W. Martin Jr. (R-Md.) was in the naval medical hospital in Bethesda, Md., today for a checkup. Aides of the former House GOP leader said he went to the hospital Wednesday because his leg bothered him. They said doctors advised Martin that he had been on his feet too much lately.

The 74-year-old lawmaker, who suffered a blood clot in the knee last summer, but that condition was reported to have cleared up.

County-State Check Keeps Cheating At Minimum

CHICAGO (UPI)—Deliberate fraud among those receiving public assistance in Illinois is "remarkably low," according to Gershon Hurwitz, head of the state Public Aid Commission's investigative unit.

Last year, Hurwitz said, fraud convictions amounted to only 0.29 per cent among the some 350,000 persons a month assisted by public aid funds.

Prudent claims — not all of them deliberate — amounted to \$501,000.

No figures were available about fraud cases that might have gone undetected but officials insist that their county-state check system keeps cheating of any kind to a minimum.

In 1957, THE percentage of proven cheaters was about the same as in 1956—0.28 per cent.

Increased efficiency among investigators is reflected in the figures for 1956 when the percentage was 0.53 per cent.

Of the claims in 1958, Hurwitz said, about \$30,000 was collected through court action or by the Public Aid Commission.

Efficient pre-case investigations by caseworkers are responsible for the relatively low rate of fraud, Hurwitz said.

Of the 9,231 applications for aid to dependent children in Cook County in 1957, he said, "4,329 or 47 per cent were turned down. To reject such applications for fraud, welfare investigators pose as a pharmacist, who padded bills.

In Chicago, a shabbily dressed welfare investigator posing as a pharmacist caught a restaurant owner inflating food bills.

"These cases are rare," said John W. Ballou, Cook County public assistance director. "But human nature being the way it is, there are always bound to be some cheaters."

Not all frauds are committed by aid recipients, according to Hurwitz.

In one recent downstate case, a doctor overcharged for his treatments, and billed the state for other services he never performed. Another such instance involved a pharmacist, who padded bills.

Storm Hits Midwest; Squall Wrecks Plant

By THE ASSOCIATED PRESS

A vast March storm today spread into new territory with driving snow and smashing winds. The storm that had dumped up to 1½ feet of snow on eight Midwestern states was centered in Michigan this morning.

A squall that resembled a small tornado ripped out a 60 foot section of a wall of the Ford Motor Co. parts plant in Monroe, Mich.

When Mrs. Flores returned, one of the twins was gone.

In the end it was the baby himself who led to the capture of Mrs. Yocum. His loud wails made a neighbor suspicious. The FBI was notified.

None of the 250 workers was hurt and operations continued.

A Greyhound bus was stranded on U.S. 27, about 15 miles south of Cheboygan, Mich. A snowplow was sent to the rescue but no passengers were so bad it had to turn back.

Another Greyhound bus was reported marooned between Indian River and Alanson, Mich.

ALL SCHOOLS in Cheboygan and surrounding counties were closed. St. Ignace was virtually isolated.

Iowa, staggering from the impact of the winter blizzard 10 years, struggled to throw off its snowy straitjacket.

More than a dozen motorists spent the night on highways in the northeast. Snowfall of 4 to 8 inches was forecast for northern Vermont and New Hampshire and Maine expected up to a foot.

Another major storm hit the Southeast. A record 9.87 inches of rain deluged the Charlotte, S.C., airport in a 24-hour period. It measured 4.34 inches in downtown Charleston.

Apalachicola, Fla., was drenched by 7.51 inches of rain.

Winds reached gust of 88 m.p.h. on the North Carolina shore. Gale warnings were hoisted between Charleston, S. C., and Cape Hatteras, N. C.

THE MIDWEST battled to maintain normal functions amid heavy snow drifts.

Crosby, Wis., came close to a standstill. All schools were closed. Several manufacturing plants shut their doors for a long weekend. Mail deliveries were canceled. Telephone service was placed on an emergency basis.

Hundreds of school children who usually are bused by bus were stranded away from their homes during the night in Wisconsin. Hotels were jammed.

A mail train was trapped in the snow at Maribel, Wis.

A state of emergency was declared in Ripon, Wis., and pupils stayed overnight in Ripon High School.

Strong winds drifted highways in southeastern Minnesota faster than crews could open them. Scores of cars were stalled.

Among the heaviest snowfalls in the Midwest were 18 inches in Wausau, Wis., and 17 in Ottumwa, Iowa, and La Crosse, Wis. Falls of a foot or more were common and drifts raised the levels in many places.

BLANTYRE, Nyassaland (AP)—Security forces ranged over Nyassaland today mopping up bandits of African nationalists who took up arms and war axes in their fight to throw off British rule.

The latest bloody clash came Thursday when security forces were ambushed at a roadblock on the Zomba-Namwera road northeast of Blantyre.

By official count, 35 Africans have been killed and 63 wounded this week.

Sir Robert Armitage, governor of this southeast African protectorate, expressed confidence that Nyassaland's future can be negotiated with African leaders despite the violence and bloodshed.

STATF POLICE said they had no clues to the slayer or the motive. They said much depended on examinations, being conducted by Dr. Geoffrey T. Mann, state medical examiner.

"There are many, many questions that Dr. Mann will be able to answer for us," said investigator G. S. Cooper.

Mann said Jackson had been dead at least six weeks, which means the slayings occurred when he was in the hospital, but that he is bound to "careful management of the fiscal system."

STRATTON SAID HE was not a "reactionary" who will cut needed services at the expense of the people, but that he is bound to "careful management of the fiscal system."

Rev. Corcoran, St. Patrick's Church, Dies

Funeral services have been completed for the Rev. Francis A. Corcoran, 56, pastor of St. Patrick's Church, 428 S. Indiana Ave., who died at 12:58 a.m. today in St. Mary's Hospital.

The Rev. Fr. Corcoran, who was pastor of the church for 4½ years, died on his 56th birthday.

A pontifical requiem high mass will be celebrated Monday at 11 a.m. in St. Patrick's Church by the Rev. Martin D. McNamara, bishop of the Joliet diocese.

Saturday at 10 a.m. a special solemn requiem mass will be celebrated for parishioners who wish to attend. The special mass was arranged as a large crowd, including many clergymen and church dignitaries, is expected at the pontifical mass Monday morning and it may not be possible to accommodate everyone in the church.

Both Parties Take United Stand Behind President in Berlin Crisis

WASHINGTON (AP)—President Eisenhower discussed the Berlin situation today with congressional leaders of both parties for 90 minutes today. The leaders reported determination all around to stand firm against any Soviet threats.

"There is no thought of yielding to pressure," Senate Democratic Leader Lyndon B. Johnson of Texas told newsmen.

He added that on the other hand the United States and its allies are determined to explore every possible avenue which could maintain peace with honor.

Eisenhower and Britain's Prime Minister Harold Macmillan will open talks here March 20 on the situation. Macmillan also will review for the President his recent Moscow conference with Soviet Premier Nikita Khrushchev.

AN ANNOUNCEMENT at the place by Macmillan to come was made by the British and U. S. governments before Eisenhower's conference with the congressional leaders.

An accompanying Johnson was House Speaker Sam Rayburn (D-Tex.); Senate Republican Leader Everett M. Dirksen of Illinois; and Rep. Charles E. Halleck of Indiana, the House GOP leader.

They said Eisenhower had not proposed that Congress take any specific action regarding the Berlin situation.

The four later went to the office of White House press secretary James C. Hagerty. Each of them made a brief statement.

Rayburn called the conference very informative.

"The upshot," he added, "is that we are united. We have no emphasized no thought is being given to 'yielding to Soviet pressure.'"

The congressional leaders made it plain Eisenhower has not asked for any resolution by Congress to support his German policy, comparable to the Middle East resolution two years ago.

Dirksen ADDED he does not look for discussion of any such resolution in the Senate.

Halleck also spoke of determination to remain firm as the dominant sentiment at the conference.

Dirksen said that the United States "is leaving the door open for negotiations so that it may not be said we are rigid, instead of firm."

Johnson, last to speak, said it would be foolish to pretend that the situation in Berlin does not warrant great concern.

Then he went on to say that all possible ways to achieve a settlement will be looked into, but he emphasized no thought is being given to "yielding to Soviet pressure."

Johnson said also that attention will be given to see that "we are thoroughly and adequately prepared" for any eventuality.

Farmer Killed At Home Near Peotone

WILLIAM ZIRZOW, retired bachelor farmer, met his death near the back porch of his home Thursday night when he was killed by a fire. He was killed by a fire. He was killed by a fire.

William Zirzow, 72, of Peotone, was killed by a fire. He was killed by a fire. He was killed by a fire.

William went to the rear door to answer a knock from a woman who claimed she had trouble with her car and wanted to call for help. As soon as he opened the door, two men pulled William out of the door and a man and woman rushed past him into the house. Albert told a Kankakee Journal reporter this morning in an interview prior to the inquest.

THE VICTIM was William (Willie) Zirzow, who lived with his bachelor brother, Albert, 72, on their family homestead farm three miles east and three miles north of here. William's skull and face were battered by what appeared to be a pipe or long heavy bolt, according to Sheriff Gilbert Knater, Deputy Coroner Paul Helfrich said death was likely instantaneous.

Stratton To Chop \$500 Million In Budget Bids

SPRINGFIELD (UPI)—Gov. Stratton said today he will try to "hold the line" against any tax increase. But he added that he will flatly at this time there will be no increase would be "deceiving the people."

Stratton made the comments at a news conference a few weeks before he is slated to present his budget message to the Legislature, about April 1.

He said many budget requests "are practically beyond consideration," and that he expects to lop a total of between 400 million and 500 million dollars from budget requests.

"WE SHOULDN'T become extravagant," he said, adding that the administration must have "courage to stand up and use our best judgment. We can't be blown willy-nilly by pressure groups."

He indicated that the Welfare Department's bid for a 228-million dollar appropriation would be snipped. Welfare problems are gradually being diminished, he said, pointing to factors of more employees, added facilities, more working shifts and some fewer three passengers.

Stratton said he will take the same approach to the budget as two years ago when a tax boost was avoided. State Sen. Everett R. Peters (R-St. Joseph), has said the state will need perhaps 20 million extra dollars and that a ½ cent sales tax boost is almost inevitable.

Any form of excise tax, such as the sales tax, would be the easiest to raise and is the easiest to collect, Stratton answered about where, if anywhere, a tax increase would come if needed.

STRATTON SAID HE was not a "reactionary" who will cut needed services at the expense of the people, but that he is bound to "careful management of the fiscal system."

Hope Doctor Can Provide Murder Clues

FREDERICKSBURG, Va. (AP)—Authorities are banking heavily on medical examinations for clues to the brutal slaying of a Louisiana County man and his infant daughter.

Two bodies found Wednesday on a brush pile two miles west of here have been identified as those of Carroll V. Jackson Jr., 29, a feed truck driver, and 18-month-old Janet Jackson, missing since Jan. 11. Investigators held little hope of finding alive Jackson's wife Mildred, 27, and their other daughter Susan Anne, 8.

The family vanished while driving from the home of Mrs. Jackson's parents to their own home in Louisiana County, about 45 miles from the spot where the bodies were found by two men seeking sawdust money for a garden. Their abandoned car was found Jan. 12, keys still in the ignition.

STATF POLICE said they had no clues to the slayer or the motive. They said much depended on examinations, being conducted by Dr. Geoffrey T. Mann, state medical examiner.

Flying Boxcar Air Crash Kills 8 Marines

CHERRY POINT, N. C. (UPI)—A Marine Corps Flying Boxcar crashed and burned early today while trying to make an instrument landing during a violent rain storm. Eight of the nine men aboard were killed.

The plane, whipped by heavy winds and blinding rain, crashed into a dense swamp only a few yards from a busy highway.

Names of the eight victims were withheld pending notification of next of kin.

The lone survivor was identified as Sgt. Ralph Mauro Jr., Hamden, Conn. He was a radio operator in the crew of six aboard the transport plane which also carried three passengers.

MAURO WAS LISTED in critical condition from injuries suffered in the crash. He was transferred to the Camp Lejeune Marine Base hospital about 30 miles from the air station here.

A Marine spokesman said the plane was on a routine transport flight at the time of the crash. He said weather conditions were "turbulent and very, very poor. We believe it had a bearing on the crash."

The exact cause, however, was not known.

Gun Totin' Indiana Congressman May Force New Rule

WASHINGTON (AP)—Rep. Wayne Hays (D-Ohio) suggested today that Congress should enact legislation against Congressmen toting guns to the House floor.

"Personally, I'm in favor of checking guns at the front door," said Hays.

The Ohio congressman spoke to a reporter after another House member, freshman Rep. Randall S. Harmon (D-Ill.), refused to say whether he lugged a pistol to and from House sessions.

"I don't think that anybody's business but mine," Harmon said. "It's a personal matter."

FLAT ROCK, Ala. (AP)—A fleeing convict freed a state patrolman, a married couple and a fellow convict near this North Alabama town early today after holding them hostage more than 12 hours.

The convict, William E. Smothers, continued his desperate bid for freedom in the married couple's car. The highway patrol said he was believed heading for Chattanooga, Tenn., where he has relatives.

Later the car was found abandoned near South Pittsburgh, Tenn., and police of Tennessee, Alabama and Georgia converged on the area. At least 20 police cars were searching the hilly terrain.

Smothers, 38, was a convicted killer serving 35 years, to date, in the state of Tennessee. He was a member of the "Smothers" family, the "Fulton" family, and a "Smothers" family.
