BOARD CHAIRMAN Lester Day, who presided at the township election, said that those elected to the board of supervisors cannot take office until at least 20 days after the election.

The present board will meet Tuesday and will probably adjourn Wednesday night after the township election.

A chairman will be elected at the later meeting.

SEATO Studies Ways To Improve Asian Economy

WELLINGTON, New Zealand (AP)—The SEATO Council of Ministers opened its fifth meeting today with emphasis on improving economic conditions in Southeast Asia to combat communism.

Several speakers stressed that military strength alone was not enough to protect the area from the Red menace.

Prime Minister Walter Nash of New Zealand, elected to preside over the sessions, described hunger and poverty as the greatest threats to the security of the area.

Members of the Southeast Asia Treaty Organization and their neighbors.

VATICAN CITY (UPI)—A former member of the Swiss Guard, the elite bodyguard of the Pope, shot and wounded the commander of the unit today.

The former guardman was injured in a struggle with his former comrades who rushed to the commander's assistance.

Vatican doctors at first thought the assailant also had shot himself, sources said. But later he was found to have been injured in a fight with other guardmen who had come to their chief's rescue.

The sources identified the assailant as Adolph Ruckers, 34, who suffered injuries of the nose and forehead after a struggle with guardmen. They said he would be hospitalized for about a week.

High Vatican sources said the shooting was done with a pistol smuggled through Vatican streets into the heart of the papal city where Pope John XXIII lives and works.

13 Republican Candidates Win Election

About 8,000 Kankakee Township electors turned out Tuesday to sweep 13 Republican candidates into office. The total vote compares with slightly more than 7,000 in the similar 1955 township election.

Receive Bids April 24 On Road Projects

Route 17 Work Is Included In State's Letting

Kankakee and four neighboring counties are included in the Illinois Division of Highways' list of road program projects on which bids will be received April 24.

This is the first portion of projects in the fourth letting of the year.

The Kankakee County work comprises a portion of the reconstruction of Route 17 between Kankakee and Dwight.

The work to be let to bid includes a three-span slab bridge over the east branch of Horse Creek; a two-span superstructure over Bertam branch of Horse Creek and a triple box culvert for Leigh Raymond Run, located 11.3, 10.7 and 9.5 miles west of Kankakee, respectively.

ALSO ON ROUTE 17, in and west of Union Hill, are a two-span slab bridge over the west branch of Horse Creek and a widening of a slab bridge over a branch of Grassy Creek.

Again involving Route 17 reconstruction are two three-span steel bridges over Reddick Run Creek and over Crane Creek, 10 and 10.5 miles east of Dwight; and a precast, prestressed concrete bridge over a branch of the Maum River in Grundy County, 12 miles east of Dwight.

The Livingston County projects are 2.8 miles of gravel surfacing of Route 348 from Odell west; and a single span slab bridge over Hickory Creek, 3 1/4 miles east of Odell.

IN IROQUOIS County is a project of 3.19 miles of bituminous surface treating from Route 45 at Clinton east.

Will County work is 5.47 miles of bituminous surface treatment on frontage roads and 6.1 miles of gravel on the shoulders of Route 66 two miles northwest to five miles southwest of Wilmington; and 35 miles of weed control spray on Edens, Congress street, Calumet and Kingsley Expressways and Doty avenue in Will, Cook and Lake counties.

German Chief Vows No Change In Policy

Adenauer Says Country Favors His Program

Chancellor Advocates No Red Concessions During Conference

BONN, Germany (AP)—Chancellor Konrad Adenauer declared tonight West German policy "will not be changed one iota for years to come" with the withdrawal to the less active role of president.

The president, he told a national audience, "is far more powerful than people generally believe."

Adenauer's agreement Tuesday to drop the chancellorship to seek the presidency, heretofore a post largely of prestige and protocol, caused repercussions not only in Germany but also in world capitals. East-West negotiations on Berlin and Germany are coming up this spring and summer.

Adenauer has been in the forefront of a hard policy of no bargaining without Soviet concessions, a policy that has run counter to British Prime Minister Harold Macmillan's advocacy of greater flexibility.

Adenauer, 83, said his decision to "designated" the presidency was a "hard policy of no bargaining without Soviet concessions, a policy that has run counter to British Prime Minister Harold Macmillan's advocacy of greater flexibility."

2-Year-Old Girl Attacked By Dog

A 2-year-old girl, Laura, is in St. Mary's Hospital suffering severe facial wounds suffered when attacked by a dog.

She is Laura Lambert, daughter of Mr. and Mrs. Lester Lambert Jr., RR 2, Laura sustained a deep gouge in the jaw, a torn lip, ribs about the nose and multiple lacerations of the cheek. She is reported to be in good condition.

A three-hour search by sheriff's deputies failed to locate the dog. Mrs. Lambert's father, Howard S. Bradley, and brother, James Bradley, tied the Lambert's dog in the garage and, at 8:10 p.m., the strange dog returned and was trapped in the garage.

It was turned over to Scottie Cooper, county animal commissioner. Cooper said the dog was a 10-month-old, black and white, short-haired dog, about 45 lbs. It was also ordered the Lambert's pet confined for two weeks.

MRS. LAMBERT SAID Laura was playing in the yard with her brother, Lester, 5, about 4:45 p.m. Tuesday when the dog attacked her. She said she was in the house and, hearing the youngsters' cries, rushed to the yard, by which time the dog was leaving.

Young Lester was too confused to be able to say what might have provoked the attack.

Stockholder Must Guard His Interest

By FAYE HENLE
This is the season when the voice of the independent stockholder should be heard throughout the land.
Who is an independent stockholder? You, if you are one of the estimated 12 million shareholders in publicly owned corporations. Along with ownership comes responsibility. Yet how many of you heed this responsibility?

If you were to ask Lewis D. Gilbert or his brother, John, you'd hear a loud shout that "few stockholders seem to care." These private citizens for the past two decades have been making it their business to represent you at the annual shareholder meetings.

Their sentiments would be warmly underscored by Wilma Soss, who heads The Federation of Women Shareholders in American Business, Inc., a non-profit organization that "combats financial illiteracy" by holding forums for women investors and campaigns for the addition of women to the directorship of publicly owned corporations.

The Gilbert-Soss combine has given many company managements a tough time at annual meetings. Faye Henle
What the Gilberts and Mrs. Soss are saying is this: You've put your money to work for you in a company of your choice, so don't you think you ought to watch the company to see that the best possible use is being made of those dollars?

Of course you agree with this. Yet, I can hear you screaming, "who am I to say whether my company is doing right or wrong?"

I agree that you cannot sit in judgment over the detailed workings of your company. You must have faith in its management.

I agree when the Gilberts and Mrs. Soss say that too few of us pay any attention to the workings of the companies in which we invest. Specifically, what can we do?

This is the time of year when many companies mail annual reports. Read those reports. Do your best to understand them.

Along with the annual report is usually sent a proxy statement. This is your company's invitation to you to take part in their annual meeting, in person if you can but certainly by mail.

The proxy statement outlines the major questions that will be brought up at the annual meeting that requires your vote, such as the election of officers and directors, of auditors, the questions relating to retirement plans for company executives and workers, etc.

Along with the proxy statement comes a ballot upon which you are asked to signify your approval or disapproval of the contemplated action.

Your common sense can often serve as a guide on how you should vote. A discussion of these matters with your local bank or broker can be helpful as can a letter to the company asking them to clarify issues.

Unless you watch your ownership in a company as carefully as you guard the rest of your possessions you could lose.

Cooperation In Water Use Survey Noted

The interest and cooperation of Kankakee householders is expediting the Purdue University survey here of residential water consumption in single family dwellings.

Miss Dorothy Dunn, who is conducting the survey, said she is appreciative of Kankakeeans' interest and willing assistance.

Miss Dunn had estimated that the survey of approximately 250 families, which started last Wednesday, would take from four to six weeks.

Saturday she interviewed 11 families and Monday talked with another 22 families, bringing the total to date to 75. At this rate, she commented, she may complete that random survey sooner than expected.

To make the 10-minute interviews as convenient as possible for householders, Miss Dunn telephones in advance for an appointment, if the family has a phone.

One result she has been able to determine to date is that, in the first 50 families interviewed, the average size family is 3.4 persons, with additional interviews, this may be raised to 3.5 members in each family, Miss Dunn feels.

THE INTERVIEWS include questions, such as size of the home lot, size of the hot water heater, type of washing machine, number of bathtubs and other inquiries to help determine water use habits.

Since current estimates of water consumption range all the way from 10 to 300 gallons of water per day per capita, Miss Dunn points out, there is a definite need for an accurate estimate of water consumption in residential areas.

One of the primary uses of the survey results will be an aid to water suppliers in furnishing water to consumers.

All information gathered in the survey will remain confidential, Miss Dunn points out.

Induct 32 In West Junior High NHS Friday

Induction of the charter members into the first Junior National Honor Society of Kankakee School District 111 will be held Friday in West Junior High School.

Membership lists for the 32 charter members will be furnished by the West Junior High School Parent-Teacher Organization and will be presented by Gale Maxfield, PTO president.

Sponsors of the scholastic organization are faculty members Joseph E. Burnett and Al Stone and Principal Harold Hungerford.

ORIENTAL BEEF DINER provides a company meal on a narrow food margin. The breadwinner of the household will more than appreciate your judicious concern during income tax month. Featured in this dish are two meats... ground beef and pork.

Every homemaker and breadwinner knows that April means income tax and usually a reappraisal of the family's budget. If the homemaker has over stepped her food allowance in the past year, perhaps some new ideas featuring the versatility of ground meat casseroles would be appreciated.

Often times ground meat takes a back seat when entertaining is scheduled. This needn't be as is exhibited by this Oriental Beef Dinner. You'll find this casserole a real budget balancer while your guests will find it a perpetual palate pleaser.

Actually, once the ingredients for this casserole are combined, the hostess' work is over. Once in the oven, the casserole needs no watching. As you'll notice, two different ground meats are called for in this recipe... ground beef and ground pork. It's the combination of these two meats that helps to place this dish so high on the list of favorite casseroles.

When purchasing these ground meats or any fresh ground meat, it is recommended that they be stored in the coldest part of the refrigerator. The meat is stored unwrapped or loosely wrapped.

Fresh ground meat should be used within one or two days after purchase. If any longer storage time is expected, the ground meat should be frozen.

Typically Chinese. You'll recognize the ingredients in this recipe as typically Chinese—soy sauce, rice, water chestnuts and mushrooms.

In addition to the ground beef and pork combination, ground veal and ground beef and pork are also present. The combination of these meats makes for a most delicious and satisfying meal.

After the business session, the time was spent socially. A prize was presented to Mrs. Harvey Blain. A dessert lunch was served by the hostesses.

Mrs. Albert Kempen, Mrs. Milton Kempen, Mrs. Bellemine Arneson and Mrs. Lowell Arneson were appointed as hostesses for the next meeting, May 7.

THE MEETING was opened with a prayer by Mrs. Robert Ward, president. Mrs. Rethel Tatro reported several of the local carpenters had volunteered to make tables, one of the projects of the sodality. The offer was accepted, with the sodality providing the material.

Wets Win Oklahoma Election

OKLAHOMA CITY (AP)—Oklahoma struck prohibition from their constitution Tuesday. With all but 13 of the state's 7,734 precincts in, repeal carried 385,242 to 313,574. The state still isn't off the wagon. Legal liquor is at least two months away. A constitutional amendment substituting privately owned package stores for prohibition was approved by a margin of more than 80,000 votes in a record-breaking special election called at the urging of Gov. J. Howard Edmondson. The Legislature must validate the amendment and repeal anti-whisky laws before liquor can be

from 51 years of prohibition. Mississippi will be the only dry state left in the union. The county option question, submitted separately, lost 221,526 to 467,528. Had county option passed, each county would have voted May 12 on whether to allow liquor stores. Liquor can be sold only by the bottle when the new amendment

goes into effect. The "open saloon" will be banned, although 3.2 beer still will be sold in taverns. The repeal victory came when Oklahoma was "drier" than at any time since statehood. Edmondson ordered a statewide crackdown soon after taking office in January. State officers have driven hundreds of bootleggers out of business. Many nightclubs closed. The priest's automobile and a military truck collided in the rain in an Athens suburb. A priest driving the archbishop was killed.

Bourbonnais Township Has Balance In Funds

Bourbonnais Township has a balance of \$34,595.62 in its relief fund and \$18,169.51 in its town fund, but only 18 citizens of the township plus members of township board, road commissioner, assessor, attorney and election clerks heard the report. Summaries of the reports were read by Donald Boudreau, township justice of the peace, who was named moderator. During the brief, 15-minute session, 25 persons walked into the hall past the meeting to the polling place at the opposite end of the room, cast their ballots, and left.

High School Built More Like College
The township electors present voted without discussion to approve the town fund and relief fund levies as proposed by Lawrence Power, township supervisor. The road and bridge levy is not considered until a public hearing in June.

Approved was a town fund levy of \$25.64, down by \$148.50 from last year's sum. The decrease was accounted for by deletion of the town hall expense account. A year ago the town hall was turned over to the village of Bourbonnais.

Only other changes in the budget were an increase in the salary of the highway commissioner from \$3,800 to \$4,320 per year or from \$16 to \$18 a day, and an increase in total appropriation for deputy assessors salaries from \$1,800 to \$2,400. The general assistance levy approved was the same as the previous year, \$28.42.

The summary financial reports for the year ending March 31 were read and showed the following: Road and bridge fund: balance March 31, 1958—\$4,810.95; tax collections—\$17,093.92; other receipts—\$22.95; total receipts plus balance—\$22,527.82; expenditures—\$21,967.17; balance March 31, 1959—\$560.65.

Town fund: public fund on hand March 25, 1958—\$10,259.67; tax collections—\$23,299.49; other income—\$224.32; total receipts plus balance—\$33,783.70; total expenditures—\$15,614.19; balance March 31, 1959—\$18,169.51.

GENERAL ASSISTANCE (relief) fund: balance March 1, 1958—\$31,212.76; tax receipts—\$28,623.97; interest on savings account—\$895.10; total receipts plus balance—\$60,734.82; relief expenditures—\$23,140.10; administrative expenses—\$2,988.30; balance March 31, 1959—\$34,595.62.

Illinois Municipal Retirement Fund: balance March 24, 1958—\$1,847.32; tax receipts—\$548.36; other income—\$5.43; disbursements to Illinois Municipal Retirement Fund—\$1,810.92; balance March 30, 1959—\$588.10.

Copies of an audit for the four funds, the first in several years were available for inspection by the electors. The audit was authorized at the 1958 meeting. It covered the period from April 25, 1955 to Feb. 28, 1959 and showed all accounts to be in order. The last audit of all funds was said to have been made approximately 20 years ago.

Power during the meeting announced the appointment of Howard Lambert as trustee commissioner for the coming year and Fred Kerouac as township health officer.

Gals Keep Town From Going To The Dogs

FULTON, Kan. (AP)—The men of Fulton thought the Ladies Citizens ticket was the funniest joke in town—until Tuesday. That's when women won control of the town government.

The voters turned out in record numbers (total vote 88) and elected Mabel Austin, 72, mayor. Three Ladies Citizens candidates were elected to the five-member City Council.

"They (the men) were joking and kidding us about it when we first started talking about running for office," Miss Austin said. "We just wanted to show the men we could do it."

Miss Austin, a retired employee of the U. S. Internal Revenue Service, defeated Mayor Howard Post, a grocer, 46 votes to 35.

ELECTED TO THE COUNCIL were Margaret Delano, who admits to being older than 70; Esther Watson, 65, and Lois Erie, 40. A record vote apparently contributed to the ladies' victory.

"We haven't had this many voters out in history," said City Clerk Howard Coleman.

Fulton is 85 miles south of Kansas City on U. S. Highway 69. It has a population of 231.

Miss Austin said she and her colleagues have "several things we'd like to do."

"We'd like to try to do something about getting people to keep their dogs out of other yards and gardens," she said. "Some people have said this town is going to the dogs."

"We'd like to think it went to the women."

Isolation Techniques Shown At Nurse Refresher Course

"Isolation Techniques for Nursing Procedures," topic of the second session of St. Mary's School of Nursing refresher course for nurses, was demonstrated Monday night.

One hundred three nurses and five guests heard Sister Mary Lucilla, director of nursing service, lecture on the subject, which was demonstrated by Mrs. Florence Ignatowicz, RN, instructor in nursing, and Miss Judy Grubbs, student nurse. Recent improvements in isolation techniques include the use of disposable syringes, as well as of a paper towel by the nurse in handling basins, pitchers and other utensils.

The Monday night session was opened with a talk on communications and its effect in interpersonal relationships given by R. B. Goetz, assistant administrator. Dr. R. E. Bedard discussed hepatitis, its apparent origin, symptoms, the manner in which treatment has changed since World War II and how the disease is ranked today.

A SPIRITED QUESTION and answer session followed Dr. Bedard's talk. The refresher course will continue in two-hour sessions Mondays and Thursdays through July 2 after which the nurses will be given assigned experiences according to their individual needs and desires.

Medical, surgical and nursing personnel and representatives of special departments of St. Mary's Hospital, as well as outside specialists in their fields will lecture in classes of the course.

Emington Senior Woman's Club Elects Officers

CALERY (JNS)—The Senior Emington Woman's Club met Wednesday afternoon in the home of Mrs. Godfrey Nelson.

There were 25 members present. Mrs. Harold Thomas, president, conducted the business meeting, when an election of officers was held.

Elected were Mrs. Manney Ahern, president; Mrs. Ernest Blackburn, vice president; Mrs. David Engenberger, treasurer, and Mrs. Durwood Larson, secretary.

Following the business session, Dr. Walter Reeves, who is affiliated with the Kankakee State Hospital, gave a short talk.

Co-hostesses for the afternoon were Mrs. Orville Book and Mrs. Orley Earing.

The May meeting will feature a mother-daughter banquet in Chatsworth.

Gun Falls From Shelf Killing Man

CHICAGO (UPI)—Authorities today stated an inquest into the death of James Youngson, 34, who was killed when a gun fell off a supermarket shelf, struck him in the shoulder and discharged.

Police held John F. Young, 28, a supermarket employee, for further questioning in the case. Police said Young told them the circumstances of the freak accident.

Young said he accidentally knocked the pistol off the shelf when he reached for a grocery bag. He said the gun was kept on the shelf and was always cocked.

Christian Service Society, Herscher, Schedules Banquet

HERSCHER—The Woman's Society of Christian Service met Thursday with Mrs. Fred Bossert and Mrs. Frank Wagner as hostesses. Mrs. Frank Carpenter led the prayer circle. Mrs. Lyle Mitchell, president, called the meeting to order. Nineteen members answered roll call.

It was announced the mother-daughter banquet will be held at 6:45 p.m. April 29. On the ticket committee are Mrs. Fred Bossert, Mrs. Violette Wadeigh and Mrs. Bailey Johnson.

The nominating committee for this year will include Mrs. Dale Young, Mrs. Lyle Mitchell and Mrs. Rev. Edward McKee presented the second lesson on the study book, "Isiah."

Union Stages Rally To Demand U. S. Act To Cut Unemployment

WASHINGTON (UPI)—AFL-CIO unionists staged a "march" on Washington today for a mass rally demanding government action to reduce unemployment.

Delegations from 15 eastern and midwestern cities arrived throughout the morning by special trains, buses and auto caravans. They bore banners and placards urging Congress and the Eisenhower administration to act on the jobs situation.

AFL-CIO President George Meany set the tone for the mammoth rally in an opening speech which assailed the President's economic policies.

HE CALLED FOR higher wages, a shorter work week, vastly increased spending on public works

projects, bigger jobless benefits and stepped-up defense spending.

About 5,300 union officials and unemployed workers from 137 AFL-CIO affiliated organizations were on hand for the conference on unemployment in the National Guard Armory here.

Cities represented were: New York, Boston, Detroit, New Haven, Cleveland, Cincinnati, Toledo, Philadelphia, Pittsburgh, Newark, Indianapolis, Richmond, Baltimore, Chicago and Washington.

The delegates, who were being served a box lunch, were scheduled to hear the administration's views on how to combat joblessness from Labor Secretary James P. Mitchell.

Senate Democratic leader Lyndon B. Johnson (Tex.) and other Republican and Democratic members of Congress also were slated to address the meeting.

Meany attacked Congress as well as the administration in his

Discharged: Mrs. Elaine Fink and daughter, Onarga; Verna Baker, Watseka; Mrs. Lorna Claywell and son, Onarga; Miss Sandra Jamison, Gilman; Delmar J. Handy, Watseka; Mrs. Christine Schoonman, Sheldon; Miss Laverne Farney, Cissna Park; Benjamin Klum, Chicago; Mrs. Lillie Gilliam, Stockland; Mrs. Veda Louis and daughter, Onarga.

Births: A daughter to Mr. and Mrs. Gene Morgan, Sheldon; and son to Mr. and Mrs. Wilbur D. Hill, Donovan.

speech. He termed the recent extension of unemployment benefits for three months as a "crumb to the starving."

THE AFL-CIO president said unemployment was America's leading domestic problem despite a government report showing the jobless rolls dropped by 357,000 in March to 4,362,000. The number of jobs increased by more than one million to nearly 64 million.

He said the problem in a nutshell was that production has swung back into high gear since the recession but only two of the five workers who were laid off have been put back on the payroll.

He urged this four-point program:

- Legislation to provide increased jobless benefits and a higher minimum wage (\$1.25 for millions of additional workers).
- A federally financed program to build schools, medium-priced homes, new airports and roads and give aid to distressed areas.
- Action by unions to bargain for "justified" wage boosts and a shorter work week to spread the supply of jobs.
- Stepped-up spending on national defense to deter an attack by Communist forces.

Corn Stubble Fire Near Sheldon

SHELDON (JNS)—It was only a corn stubble fire, but it took six Sheldon firemen 1½ hours to put it out Tuesday afternoon.

The volunteer firemen were called at 1:30 p.m. to the Durwood Trumble farm two miles southeast of Sheldon. Firemen used spray from their tank truck to aid in quelling the blaze. No damage was reported.

WCTU Says School Books Are Slanted

LOS ANGELES, Calif. (AP)—Liquor interests are trying to plant slanted textbooks in schools to recruit new drinkers, an official of the Woman's Christian Temperance Union said today.

Mrs. Fred J. Toose, speaking at the convention of the National Association of Evangelicals, said texts backed by Licensed Beverage Industries contend that ill from alcohol result from excessive drinking only. She added these books imply that moderate use of alcohol is accepted by "all who are tolerant, informed and social by taste."

"THEY DO NOT explain, however, that all the five million alcoholics currently in the country started out to be moderate drinkers and gradually surrendered to habit-forming effects of the beverages," she said.

Mrs. Toose, corresponding secretary of the national Women's Christian Temperance Union, said the beverage association is trying to invade the classroom through its education department, which she called a propaganda agency.

Won't Push Bill To Make Solons Reveal Aide Pay

WASHINGTON (AP)—Senators who want to make their payrolls public got an invitation today from Sen. Everett Dirksen (R-Ill.) to go right ahead.

But Dirksen, the Senate Republican leader, stood a n o c h e d against the kind of forced publication that Sen. Wayne Morse (D-Ore.) proposed in the Senate Tuesday.

"There is no need for the kind of bill Sen. Morse is proposing," Dirksen said. "Any member who wants to make a statement about who is on his payroll and how much they are paid can do so anytime."

"Those who don't care to disclose the individual salaries that are paid to their employees ought not to be forced to do so."

THE HOUSE makes its payroll figures available, but public Senate records list only the names of employees and the total amount assigned the Senate for payment of them.

In the light of disclosures that some members of the House and Senate have hired relatives, a few senators have said they would have no personal objection to making their payroll records available. But they have not done so, contending such action would violate Senate custom.

Gwendolyn Smith, Samuel Godwin Wed

The wedding of Miss Gwendolyn Louise Smith and Samuel Egbert Godwin took place March 28 at 2 p.m. at the Church of God. Mr. and Mrs. Earl Smith of 108 S. Third Ave. are parents of the bride. The bridegroom is the son of Mr. and Mrs. Egbert Godwin of 142 W. Seneca St.

The Rev. K. E. Gerhart officiated at the ceremony before an altar flanked with palms. Miss Lila McGee was accompanied by Mrs. Morris Ufer, organist, as she sang "Each Step They Take" before the ceremony and "Precious Lord, Take Their Hand" during the ceremony.

ESCORTEE TO THE altar by her father, the bride wore a white length gown of white lace underlined with tulle. The fitted bodice was designed with a scalloped neckline trimmed with sequins and long sleeves which tapered to points at the wrists.

Her fingertip length veil of nylon illusion was attached to a headpiece trimmed with sequins. On a white Bible she carried a white orchid. Her jewelry was a pearl necklace, gift of the bridegroom. Miss Peggy Moneymaker, sister of the bride, was matron of honor and was attired in a pink ballroom style ensemble and wore a corsage of pink carnations.

Miss Shirley Luttman, cousin of the bride, was bridesmaid. She wore a white gown with a yellow organza ensemble and wore a corsage of white carnations. Flower girl was Miss Cindy Crump, cousin of the bridegroom, who wore a blue lace dress and a corsage of pink carnations.

RICHARD GODWIN, brother of the bridegroom, served as best man. Groomsman was Harley Crump, cousin of the bridegroom.

Mr. and Mrs. Reducing Plan Take Advantage Of Heart Research Findings

By IDA JEAN KAIN
That favorite saying about the way to a man's heart, when put into practice daily, may turn out to be the very way to his heart trouble. At least, scientific findings point strongly in that direction.

What is wrong with our American way of eating? We eat too much fat, hence the mounting problem of overweight. We eat too much fat, particularly of the saturated variety. We eat too many refined foods which furnish "empty" calories — sugar, starches and fats — high in calories but low in protective nutrients. In short, our diets are unbalanced; too many calories and too high a percentage of saturated fat in proportion to essential nutrients.

Research findings point to the saturated fats as being the villains in heart disease. The saturated fats are meat fat, butter, margarine, cream, the fat in whole milk and all cooking fats that are solid at room temperature.

SOME FAT IS NEEDED in our diet to insure essential fatty acids, chiefly linoleic acid. The unsaturated fats which furnish the essential fatty acids are the vegetable oils such as corn oil, cottonseed oil and soybean oil. For this reason, French dressing made from vegetable oil is included in this low calorie diet, particularly in the Mr.'s menu. On the weight scale, however, bear in mind that ALL fats are high in calories and must be limited.

Here are the "storm warnings" of heart disease — a family history of heart disease, overweight, high blood pressure, high blood cholesterol. Heart specialists caution that if any of these danger signals are evidenced, you cannot afford to wait until science arrives at the final answers.

Homemakers, you are in a key position to put the research findings into practice. Learn to cook with fewer calories. Whenever feasible, cook with vegetable oil. Cut calories all along the line, and substantially lessen the fat, particularly the saturated variety.

Kultivators Mark Arbor Day With Tree Planting

As part of the statewide program of the Garden Club of Illinois Inc. — "Plant Beauty, Plant Beauty, Plant Beauty" — Kankakee Kultivators, with the participation of the children of Kankakee, schools and community, planted 75 trees Monday upon the various school grounds and Courthouse lawn in observance of Arbor Day.

Arbor Day, which is the only American holiday that looks to the future and not the past, was planned to express the Kultivators' concern over the loss of elm in the community due to Dutch Elm disease.

The day, which can be observed any time of year, was originally scheduled for Dec. 2, but due to weather conditions, the planting time was rescheduled for spring. In addition to the Courthouse, trees were planted at the following schools: Mark Twain, Edison, Steuben, Lafayette, Jefferson, Taft, Longfellow, East Junior High, West Junior High, Kankakee Senior High and Aroma Park.

In planting the trees, Kultivators are attempting to show the fourth dimension of Garden Club work, which is time. This is symbolized by "seeding trees planted by fledgling youth to tomorrow's mighty oak and stately citizens."

Committee members in charge of the tree-planting project included Mrs. Leland Farlander, chairman, Mrs. Gerald Mark, Mrs. Edna Small, Mrs. Edwin Hamilton and Mrs. Len Small.

What Girls Don't Like About Boys

By DR. PAUL POPEONE

"I can't figure out what's the matter with me," writes Andrew in a long frank letter. "You publish letters from girls who complain that the first date is also the last. I'm in the same fix! The girls that I date don't seem to feel there's anything about me that arouses their enthusiasm. Could you give me an idea of some of the things girls object in men they go out with?"

Sociologist Harold T. Christensen asked hundreds of girls to give a thumbnail description of "the typical fellow that you dislike." Dr. Christensen summarizes these briefly as follows:

1. He is egotistical and independent. He acts superior, often giving the impression that he thinks he is doing the girl a favor to go with her. He is boastful and argumentative. He shouldn't try to monopolize all the conversation or "try to explain the movies to us."

2. He gives too much emphasis to necking and petting, expecting intimacy as payment for dates, and making the girl feel indebted. He is too abrupt and crude in his love-making, frequently making advances on the first date and occasionally in public. He should be more reserved and considerate in these things.

3. He is unfair in the way he asks for and carries out his dates. Sometimes he just drops in without even asking; often he doesn't tell her where they will be going, and frequently he's late in calling. He should cultivate courage, poise and refinement in asking for dates, and should be more considerate of the girl's position.

4. He is often crude and ungentelemanly in speech and action. He whistles or hoots at girls; he swears, uses vulgar conversation, and tells dirty jokes; he is loud and boisterous in public, trying to show off and be the life of the party; he uses poor English and is awkward in social etiquette; he is unclean and untidy in public. He should try to be more cultured and refined.

5. Many of his compliments are insincere and are dishonest. He has a superficial politeness and engages in flattery and a "line" to make the girl feel good so to gain affection. He plays with the girl's affections, pretending to be serious when he is not. In all fairness he should go with the kind of a girl he will want to marry, and should be honest with her.

The May committee will include Mrs. Martin Stienmann, Mrs. Jack Janssen, Mrs. Bill Balk, Mrs. Ray Krumwiede, Mrs. Edwin Lucke, Mrs. Christy Genzel, Sr., Mrs. Lillian Haack and Mrs. Delmar Janssen.

Recreation was led by Judy Maloney. Beth Copley led the club in music.

Refreshments were served by Nadine Tomper, Shirley Hall, and Donna Hertz.

The next meeting will be on April 20, with Mary Lynne Kirchner, Alice Williams and Beth Copley as hostesses.

Leafs Celebrate Victory

Toronto Maple Leaf players whoop it up in dressing room after winning their Stanley Cup series Tuesday night from the Boston Bruins at Boston Garden 3-2. From left are Ron Stewart, Brian

Cullen, goalie Johnny Bower, Gerry Ehlman and Frank Mahovlich. Toronto will now play the Montreal Canadiens for the coveted cup. (Unifax)

Leafs Confident As They Start Playoff Series

BOSTON (AP)—Toronto's dead-line kids, bent on becoming a team of destiny, confidently eyed powerful Montreal today for a showdown for hockey's coveted Stanley Cup in the first all-Canadian championship playoff since 1951.

"We're going to win the whole thing," said Coach Punch Imlach.

THE MAPLE LEAFS capped their tremendous drive which has amazed the hockey world by edging the Boston Bruins 3-2 Tuesday night to capture their semifinal series which was the limit of seven games.

Imlach, who became manager of Toronto a year ago, assumed a dual role as coach in midseason when the Leafs were the National Hockey League doormat.

Under his guidance, the club finally found itself and sneaked into the playoffs on the last day of the regular season.

TUESDAY NIGHT rookie Gerry Ehlman provided the series' clinching goal at 17:27 of the final period.

The Leafs will meet Montreal on the Canadiens' home ice in their best-of-seven series opener Thursday. The second game will be in Montreal Saturday before the teams head for Toronto and the next two meetings.

"No penalty was called for," Storey said. "Both Chicago players deliberately took dives (looking for a Montreal penalty). The ice was so soft that even the officials were falling down."

Campbell called Storey "a good referee" and expressed regret that he had resigned.

Woodland Wins 3-0 At Wilmington

WILMINGTON (JNS)—Woodland's invading baseball squad, Wilmington's opener here Tuesday afternoon by blanking the Wildcats 3-0.

The game, which was called after five innings of play because of darkness, was broken up in the second inning by Woodland. Three hits and three wild pitches accounted for the three Woodland runs.

Wilmington hurler Paul Wright was never in trouble before or after that, but the second frame outburst beat the Cats. Jim Woolwine and Max Rodgers each singled for the hosts.

Woodland . . . 030 00-3 4 0
Wilmington . . . 000 00-0 2 2

Averill Wins Cub Third Base Job

HOUSTON, Tex. (AP)—Earl Averill Jr., son of the late Cleveland outfielder, will probably start at third base when the Chicago Cubs open the season against Los Angeles Friday.

Averill hit two home runs in Tuesday's 8-7 victory in 11 innings over Boston. The two blasts lifted his spring total to seven, tops on the team that led the majors with 182 homers last year.

If Averill starts, he'll replace veteran Alvin Dark who has had trouble getting his legs in shape.

NHL Ref Storey Quits Over Criticism

BOSTON (AP)—The National Hockey League was minus its senior referee and had another unhappy arbiter still on the payroll today with Montreal and Toronto set to meet for the Stanley Cup, emblematic of the world's championship.

Red Storey, who has spent nine years as a whistle-blower in the rugged league, quit Tuesday because of criticism from NHL brass. Storey walked out shortly before the Toronto-Boston playoff and was replaced by Eddie Powers.

Several hours after Toronto edged the Bruins 2-2 to gain the championship series against Montreal, Powers backed Storey to the hilt.

"I'm 100 per cent behind Red," Powers told The Associated Press. "Red is 100 per cent right in this deal. The front office has not backed up the officials this year."

Storey, unimpressed by criticism of his officiating in last Saturday's Montreal-Chicago playoff game, resigned and flew home to Montreal.

"I'm sick," Storey said. "This thing is like a three-ring circus and the officials are being made the clowns."

NHL President Clarence Campbell was quoted by an Ottawa writer as saying that Storey "froze" as Montreal edged Chicago 5-4 on a goal with a minute and a half remaining for a berth in the championship round.

THE BASIS apparently was Storey's refusal to call two alleged tripping infractions by Montreal when the score was deadlocked at 4-4.

"No penalty was called for," Storey said. "Both Chicago players deliberately took dives (looking for a Montreal penalty). The ice was so soft that even the officials were falling down."

Campbell called Storey "a good referee" and expressed regret that he had resigned.

Woodland Wins 3-0 At Wilmington

WILMINGTON (JNS)—Woodland's invading baseball squad, Wilmington's opener here Tuesday afternoon by blanking the Wildcats 3-0.

The game, which was called after five innings of play because of darkness, was broken up in the second inning by Woodland. Three hits and three wild pitches accounted for the three Woodland runs.

Wilmington hurler Paul Wright was never in trouble before or after that, but the second frame outburst beat the Cats. Jim Woolwine and Max Rodgers each singled for the hosts.

Averill Wins Cub Third Base Job

HOUSTON, Tex. (AP)—Earl Averill Jr., son of the late Cleveland outfielder, will probably start at third base when the Chicago Cubs open the season against Los Angeles Friday.

Averill hit two home runs in Tuesday's 8-7 victory in 11 innings over Boston. The two blasts lifted his spring total to seven, tops on the team that led the majors with 182 homers last year.

If Averill starts, he'll replace veteran Alvin Dark who has had trouble getting his legs in shape.

B-B Track Trials Point Up Lack Of Depth

BY GIL BRENNER
Bradley-Bourbonnais High School, which overhauled track fees with depth last year (more than a dozen scored in both the varsity and freshman 100-yard dash pre-liminaries), apparently won't have that depth this season.

That was apparent Tuesday as assistant track coaches Dick Samlin and Bob Meire sent the squad through its first full-scale workout of the season, an intra-squad meet in preparation for Thursday's opener at Kankakee.

Coach Tom Pitchford has only one varsity letterman, Chuck Swannell, on his 11-man squad. Swannell is also the only senior.

Three others, Bob Fanthorpe, Gary Manner and Dave DeSelm all won sophomore letters last year.

Harris toured the 800 in 2:12 for the best time thus far in the Kankakee area in the event. A few minutes later he came back to win the 400 in 1:04.

CHARLEY GRAYSON won both weight events but in neither did he gain the distances he consistently hit last year. His best shot put mark Tuesday was 42.8 and his top in the discus was 113.9.

Busiest winner was Chuck Pangle, who won the 100, 200 and 400 yard sprints. He also won the 100 and 200 yard dashes.

Trout and Dick Trout at the high jump.

Porter Latham won the 100 over hurdles, and Ed Pelehoski won the 200 over hurdles.

He'll run Latham and four other distance men in both the mile and half mile, thus assuring at least one interesting event, the half mile where Sillman and Harris will collide.

Lee Sprimont, Ron Dawkins, Joe Vitton and Jack Fincham will also all go in both distance and fourth in the 800. Virgin won the mile in 5:20 on Carl five seconds behind.

The broad jump showed some surprise as Pangle and Trout joined Whitlow will also run the lows.

Children in toppling 18 feet. None of the three had ever jumped before.

The possibility of veteran Doug Williams (who thrived with 20 feet last year) reporting for track this week gives the Bollemaers hope of some depth in the event.

Kays, Bradley Meet In 1st Outdoor Track Meet

Leg Injury To Keep Newton Out Of Action

By HERB JANNUSCH
Kankakee and Bradley-Bourbonnais High Schools, both of which have made infrequent indoor appearances, open their 1959 outdoor track seasons Thursday afternoon against each other on the Kankakee track.

Under normal circumstances, the Kays would be heavily favored to pile up a big score on the Bollemaers, but the absence of Forrest Newton from the meet will probably knock the host school out of 15 points or more.

Newton, a potential winner in the three sprints and the broad jump, will be given a few more days to rest a leg injury, Kankakee Coach Del Dufrain said.

Newton strained an achilles tendon a couple of weeks ago and aggravated the injury last Saturday in the Oak Park relays while racing to his second victory of the afternoon in the 50-yard dash preliminaries. He struggled through the finals but failed to place. The injury also forced him to drop out of the broad jump after three futile tries.

Even without Newton, the Maroon and Blue will probably have too much strength in most events for the inexperienced and youthful Bollemaers. The Kays still have a strong entry in the short sprint in Clarence Wright, who has beaten Newton in two out of three 50 yard races this season, and Gus Whitlow.

Gus Whitlow leaves the Kays still with a good representative in the broad jump, too.

The meet will mark the outdoor debut of Kankakee's mile ace, Marv Sillman, who is regarded as one of the top distance men in the state. Sillman has run indoors in the mile and has been below 4:40 in winning all three. His most important victory came last Saturday in the Oak Park Relays when, despite a lacy of a week because of illness, he had the evening's low time of 4:37.1.

Harris toured the 800 in 2:12 for the best time thus far in the Kankakee area in the event. A few minutes later he came back to win the 400 in 1:04.

CHARLEY GRAYSON won both weight events but in neither did he gain the distances he consistently hit last year. His best shot put mark Tuesday was 42.8 and his top in the discus was 113.9.

Majors In Final Tuneups Today For Opening Games

By THE ASSOCIATED PRESS
The exhibition schedule slid into the background today as major league baseball made a final dry run before Thursday's traditional regular season openings at Cincinnati and Washington.

The early opening, designed to fatten the kitty by squeezing an extra weekend into the majors' schedules, starts a second round of baseball in the nation's capital, with the Baltimore Orioles facing the Senators before an expected 25,000.

Vice President Nixon will toss out the first ball in the absence of President Eisenhower. He pre-ferred golf.

The predicted close National League race gets off to a running start with Pittsburgh's pennant contender at home against the Chicago Cubs, and the Yankees in check as the Red Sox beat the Braves.

The Braves were blanked for six innings by the Dodgers' Don Drysdale, Clem Labine and Art Fowler, then beat Los Angeles 5-3, scoring all their runs in the first inning off Ruben Gomez, who gave up a grand-slam to Gus Triandos.

A bevy of front line pitchers got in their final warm ups in Tuesday's exhibitions. Left-hander Satchel Paige pitched for the Yankees.

Barry Laitman and Bob Shaw were touched for 15 hits, but breezed as the Chicago White Sox walloped Nashville 20-10 in their final warm ups in Tuesday's exhibitions. Left-hander Satchel Paige pitched for the Yankees.

Bradleyan's Catch In '28 Still A Record

SPRINGFIELD (AP)—Some champions of Illinois fishing are holding their laurels to anglers whose feats were performed long ago. Since 1855, the Illinois Conservation Department has been keeping tabs on who caught the big cat fish of the various species. William Hitchcock was hailed as the catcher of the biggest carp. He pulled a 35-pounder out of Lake Bloomington in 1922. Now the department has a clipping from the Kankakee Daily Journal, relating that Clarence (Dick) Haines of Bradley caught a 42-pounder in 1928. He battled the big river for nearly an hour before drawing him from the Kankakee River.

James Murray of Frank Park told the department that he knows his mother, Mrs. D. Verroyer, caught a 16-pounder in 1941. The department has noted that Murray's affidavit would serve to uphold the new claim.

While records fall, new categories are established. The department recognizes a 157-pound gar caught in a basket trap in the Illinois River in 1944, and a 47-pound muskellunge caught in 1956 by Carl Johnson of Raritan.

The records are limited to pole and line fishermen.

A BOW FISHERMAN, Jay R. Barry, of Chicago, has been persuaded the Conservation Department to set up a category for bow fishing. There are more than 5,000 bows in the state and the number is growing.

Barry scored a June 1958 muskellunge weighing 110 pounds, an arrow into a 32-pound muskellunge 34 inches long drawn from the Hennepin Canal near Lock 19.

COUSY ONE MORE was the whirling playmaker, steering the Celts fast break with spectacular dribbling, passing and headwork. Russell handed in 30 rebounds, bringing his total for the three games to 88.

The Lakers' task now is all but hopeless. They have to win four in a row against a team that has good enough to win 52 of 72 regular season games.

Celtics Near Sweep In NBA Playoffs

ST. PAUL, Minn. (AP)—The Boston Celtics, perhaps the greatest basketball team ever assembled, were on the threshold today of a precedent-breaking sweep of the National Basketball Association title playoffs.

The Celts whipped the Minneapolis Lakers 125-110 here Tuesday night for their third straight victory. A repeat in Minneapolis Thursday night would make Boston the first team in the NBA's nine-year history to win the championship series in four straight.

"WHY BE MODEST about it," smiled Celtic Coach Red Auerbach, "is a great question. I don't get no argument on that from the Lakers after the Celtics break-taking show of power Tuesday night."

There was glory in it for all of the Celtics' players, but especially Bill Sharman, Bob Cousy and Bill Russell.

Sharman, the 32-year-old mechanical man, flicked the foul shot in as many tries and then ran his consecutive free throw mark to 56, breaking the NBA record of 55 ball set three years ago.

Dr. Marinaccio, Superintendent of Schools, Resigns

Dr. Anthony Marinaccio, 46, superintendent of Kankakee School District 111 since June, 1955, today announced his resignation. He will become superintendent of a Davenport, Iowa, school.

In a letter to the Kankakee Board of Education, Dr. Marinaccio asked to be released at the end of this school year from his three-year contract, which still has two years to run. He explained that he wants to accept the Davenport superintendent's offer of a challenge in a school system much larger and at a considerable increase in salary.

THE DAVENPORT schools currently are incorporating a new territory and will be comprised of 14,000 students and 700 teachers. "This is a difficult letter to write," the superintendent wrote to the board. "Mrs. Marinaccio and I find our children here enjoy Kankakee. We like the people, the community and the schools."

"I appreciate the personal and professional guidance and help you have given me and I extend my personal thanks to you and to the community," Marinaccio concluded, offering his future help to the Kankakee school system, if ever needed.

The board of education will take official action on the superintendent's resignation at its regular meeting Monday night.

Dr. Marinaccio was contracted by the Kankakee Board of Education in June, 1955. He succeeded Fred McDowell, who resigned to head a new school at Peoria. During Dr. Marinaccio's superintendency, the student population here has grown from 4,700 to 6,000 with a resultant increase to 265 teachers and additions to Mark Twain, Franklin and Edison school buildings. The school system has grown from an annual three million dollar annual business.

EXPANSION and strengthening of the special education, adult education and the summer school has been accomplished and science training has been introduced into the lower grades.

Dr. Marinaccio's plans for a program of offering student training in high school, and for fundamental grouping teaching

Married in 1936, Dr. and Mrs. Marinaccio have three children, Warren, 19, a freshman at Northwestern University, Karen Louise, 14, a student in Kankakee High School, and Anthony Lee, 5, who will enter Kankakee High School this fall.

SPRINGFIELD (AP) — An Illinois atomic power investigating commission today recommended public safeguards be thrown around the use of such power in the state.

However, the legislative commission cautioned that control and liability rules should be devised "to avoid discouragement of the important industry."

The commission found there is expanding use of atomic power in generation, medicine and public health, industry, education and insurance.

SEN. GEORGE E. DRACH (R-Springfield), chairman, said the commission proposed:

1. A radiation protection act. 2. Appropriations for a public information program. 3. A program of atomic energy education, act and continuation of the personnel training program of the Illinois Civil Defense agency.

The radiation protection act would empower the State Health Department to make rules governing the use of atomic power, to hold hearings and to bring civil action against violations. Violations would be misdemeanors punishable by a maximum fine of \$1,000 and a year in jail.

BAHAGHAD RADIO acknowledged that a Soviet vessel is expected to land a boatload of Kurds in the Iraqi port of Basra within 9 or 10 days. But it said these were repatriates who fled to the Soviet Union years ago and included 400 men, 108 women and 252 children.

Egyptian officials reported that the Soviet ship passed through the Suez Canal over the week end and that 855 Kurds were trained in guerrilla warfare were aboard, along with arms for them.

Board Regrets Marinaccio's Resignation

Roy Strasma, president of the Kankakee Board of Education, speaking for the board, today expressed regret of the resignation of Dr. Anthony Marinaccio, superintendent of Kankakee School District 111.

"Under his leadership," Strasma credited, "the progress and improvement of the entire school program have been outstanding."

"Much as we would like him to stay in Kankakee, we can appreciate the promotion and the opportunity which has been offered to him. It is a compliment to the quality of his leadership and ability that he has been picked by the Davenport board as the top man from a field of more than 60 men who were considered, every one a responsible educational leader and administrator."

"We regret that Dr. Marinaccio is leaving Kankakee, but his improvements and policies will be maintained," Strasma asserted.

"Our concern now is to find the man who can adequately replace him as superintendent, one who will lead our school system to the future. We will return to his post. Hagerly said such a decision would await completion of Dulles' report."

Reject Appeal Like Tour U.S. Jobless Areas

Suggestion Made By AFL-CIO; Dulles Report Also Denied

AUGUSTA, Ga. (UPI) — The White House today tersely rejected a labor suggestion that President Eisenhower end his good holiday here and undertake a personal inspection tour of areas where unemployment is severe.

Eisenhower worked in his office at the Augusta National Golf Club early today, then played golf during the morning because of showers forecast for the afternoon.

Hagerly at a news conference also in response to questions, emphasized that Eisenhower and his Secretary of State John Foster Dulles had not come to any decision or agreement on whether the Cabinet officer, convening in Florida from his latest bout with malaria, would return to his post. Hagerly said such a decision would await completion of Dulles' report.

Before a recommendation on a site can be made to the full GOP national committee, Bliss said, check will have to be made with bidding cities on whether certain fringe expenses are to be paid by the city or the committee.

Bliss said the last cash offers were Chicago \$400,000, New York \$400,000, Philadelphia \$375,000, San Francisco \$350,000 and Miami Beach \$350,000. He said Los Angeles one of the original six bidders definitely can be counted out.

THE national committee opened its two-day meeting Friday. It also will name a new national party chairman to succeed retiring Melvin Alcorn.

BELGRADE, Yugoslavia (AP) — Premier Chou En-lai may be chosen Mao Tse-tung's successor as chief executive of Red China, the official Yugoslav news agency Tanjug reported from Peking today.

It Is Climax Of Storybook Love Affair

Shinto Marriage Ceremony To Take 15 Minutes

TOKYO (AP) — The pretty commoner marries her prince Friday in the climax of a storybook romance which has all Japan gasping with delight.

"I am passing each day wrapped in an indescribable state of tension," murmured 24-year-old Michiko Shoda as the hour of her tradition-shattering marriage to Crown Prince Akihito drew near.

An intelligent, high spirited girl unknown to Japan's millions less than five months ago, she is destined to ascend the 2,600-year-old chrysanthemum throne as Akihito's empress, the first commoner ever to do so.

Cousins of the burden she will assume as consort of the 25-year-old royal heir, she told newsmen Wednesday night: "I am praying in my heart that I may be able to carry out, somehow, the heavy responsibilities that lie ahead without making any serious mistakes."

The crown prince and the wealthy flour miller's daughter, symbols of a more democratic and prosperous nation born out of the embers of military defeat, will become man and wife at 10:15 a.m. — 7:15 p.m. CST Thursday.

AT THAT MOMENT they will sip sacred wine from shallow, unglazed cups in the Kashikodokoro, the imperial Shinto shrine which houses the replica of an ancient mirror, one of the symbols of Japan's royalty.

Thousands of young Japanese girls, to whom Michiko is the embodiment of their postwar emancipation, at the same moment will marry in shrines and wedding halls throughout the country.

43 Red Chinese Die In Commune Revolt

HONG KONG (UPI) — Farmers in Red China's Guangdong commune northward of here, battled Communist troops for four hours last Thursday in an abortive revolt that left 18 soldiers and 24 farmers dead, it was reported today.

Scams reports reaching here by way of Portuguese Macao said the uprising began when Red soldiers drove a sick man into the fields and made him work until he died. Word of the uprising was brought in by fishermen who travel between Red China and Macao.

WHILE THE uproar spread through the ancient countryside, Judge Thomas J. Faulconer took matters in his own hands and gave an "acting clerk" designation to Edna McClure, the spouse of Gov. Harold W. Hanley.

Commissioners Eph. Vint and Lester (Bud) Dorman named Harry J. Gasper, widow of the clerk who died Tuesday night, as their choice for clerk.

About the same time, the commissioners were ordered to appear this afternoon before Circuit Judge John Niblack to show cause why they should not sign McClure's \$100,000 surety bond.

U. S., State Operations Are Big Business Here

AMONG STATE and federal government offices in the Kankakee area is the Agricultural Stabilization and Conservation Service which occupies this building at 120 N. Cleveland Ave., Bradley. It is one of the local state and federal offices which account for a payroll of one million dollars per year, not counting Kankakee State Hospital. (Journal photo)

The new building was opened in December of 1956. Kankakee Post Office has plans which would provide an additional costing more than the original building did in 1939. Bradley has plans for remodeling to make better use of existing space.

THE AGRICULTURAL Stabilization and Conservation Office rates as the biggest federal office-space user outside of the post office. It rents 2,500 square feet at 120 N. Cleveland, Bradley and averages 25 employees ranging up to 60 in peak periods. The ASC office administers commodity loans, acreage allotments and agricultural conservation programs for the county.

The State Highway Department is the biggest of the exclusively state supported departments. Cecil E. Hagerly, superintendent of the Kankakee area which includes all of Kankakee and Bradley, today said the 1,500
