Bourbonnais May Rebuild Sewer Line

Reconstruction of a sanitary sewer on W. Main street in Bourbonnais is expected to start today under a plan outlined at a village board meeting Tuesday night.

The eighth-sewer drain from the Bourbonnais Grade School west to Terrace avenue has been the object of frequent trouble, blocking and backing up sewage in basements.

When the sewer was cleaned an emergency last December, the contractor reported it was in very poor condition, had broken tile and loose joints and should be replaced as soon as possible.

The board discussed financing the sewer through sale of additional bonds under its water-sewerage plant project. The board has authorized purchase of up to \$20,000 in additional bonds to complete necessary work on the project, if money is necessary.

ALFRED BISAILLON, board president, said that he had signed final papers Monday for the last payment from the federal government on the sewerage plant and new sewer lines. Since replacing a sewer would not come under the federal program, the board's action would be to replace the sewer with the sewerage plant.

Members of the cast are Danny Coash, Adrienne Brinkman, Margaret Hopkins, Kathy Hicks, Donna Capor, Tom Tramm, Harry Dancello, Jim Hodges, Nancy Johnson, Sharon Cooley, Marcia Powers and Mark Capor.

The play is under the direction of faculty sponsors, Mrs. Nancy Shepherd, Mrs. Doris Riken and Mrs. Genevieve Christensen.

Reuther Turns Down Invitation To Speak To Reds

DUSSSELDOFF, Germany (AP)—U.S. labor leader Walter Reuther today spurned an invitation to attend a Communist labor congress in East Germany.

Louis Sullivan, president of the Communist-dominated World Federation of Trade Unions, invited Reuther to come to the congress at Gera, May 8-10 and say what he liked in a speech.

Reuther termed the speech a "new kind of colonialism" and said he would not go. He said he would not go to a "new kind of colonialism" and said he would not go.

Reuther, vice president of the AFL-CIO, is touring West Germany. He spoke at West Berlin's May Day rally last night.

Ann Knecht Commended For JA Management

Ann Knecht, Kankakee High School Junior and Junior Achievement outstanding young president, was commended in Chicago Tuesday for her ability and understanding of business management and production.

The daughter of Mr. and Mrs. Walter W. Knecht, Miss Knecht was one of 12 northern Illinois Junior Achievement young presidents who were judged by Chicago-area business and industrial executives.

Miss Knecht, last week named the outstanding young president of a three area district. Her first job was to lead a group of 12 young presidents in a tour of the techniques of manufacturing, managerial production, production and sales methods.

The young presidents interviewed in Chicago Tuesday were questioned to determine their understanding of the techniques of manufacturing, managerial production, production and sales methods.

British Doctors Stir Old Controversy, Admit Mercy Killings

LONDON (UPI)—Two doctors' admissions that they have used drugs to hasten the deaths of incurable patients are sparking fresh debate on the merits of "mercy killing."

Dr. Maurice Millard, son of the founder of the Euthanasia Society (mercy killing), said Dr. Charles McDonald, his current president, both admitted using drugs to put dying patients to sleep, "knowing that death might ensue."

Both men said they are sure most other doctors have done the same.

POLICE HAVE TAKEN NO action against the two men because no formal complaint has been filed and it is uncertain that one will be. No one complained to the police when another doctor confessed a mercy killing in a television broadcast some time ago.

Millard touched off the debate with a Rotary Club speech Monday. The patient he "helped" to death was an 80-year-old woman suffering from cancer.

Leslie Weatherhead, ex-president of the Methodist Society, argued on the other hand that "euthanasia had been legalized" "if the doctor had been given a license to administer a drug for the express purpose of killing."

THE BRADWOOD JUNIOR club will hold its next meeting in the home of Mr. and Mrs. Carl Adams on May 18.

BRADWOOD (JNS)—The Chamber of Commerce met Thursday in the grade school to accept a charter and by-laws.

The main topic of discussion for the evening was community "Clean Up, Fix Up, Paint Up Week," May 17-23, which the chamber of commerce is sponsoring. Chester Gray and Albert Helme are co-chairmen for this project.

13 Girls Receive Brownie 'Wings'

Thirteen girls of Brownie troop 244, St. Martin of Tours fourth grade, received Girl Scout wings and pins in a "fly-up" ceremony Sunday.

The new Girl Scouts are Donna Devine, Mirza Girard, Valerie Goodman, Kathryn Gordon, Anita Grunish, Patricia Kila, Maureen McLaughlin, Carol Middleton, Jackie Mullins, Mary Rooney, Carol Schilling, Michelle Walsh and Ann Yeckter.

Parents of the girls were guests at the ceremony which was followed by a coffee hour. The program was held in the home of the troop leader, Mrs. Frank Wehrer.

State Demos Fail In First Try To Tax Out-State Corporations

SPRINGFIELD (AP)—Democratic members of the Illinois House Revenue Committee have failed in their first attempt to clear a bill to bring out-of-state corporations under the Illinois capital stock tax.

The bill by Rep. John Morris (D-Chicago) remained in committee Tuesday after it obtained only a 15-15 tie vote. Morris said there are 10,000 corporations in Illinois.

Also included in the Democratic program are pending bills to boost corporation franchise taxes to produce 50 million dollars a year.

Urging support of his measure to make foreign corporations subject to Illinois capital stock taxes, Morris said there are 10,000 corporations chartered outside Illinois that do business in this state.

3 Seniors Win Scholarships

Three Kankakee area seniors have been named recipients of scholarships for next year.

The three are Charles Swannell, son of Mr. and Mrs. Fred Swannell, 1266 S. Lincoln Ave.; Richard Johnson, 269 N. Prairie Ave.; and Sharon Bruner, daughter of Mr. and Mrs. Fred Bruner of Cabery.

Swannell is a Kankakee High School senior, Johnson a senior at Kankakee Community High School, and Bruner a senior at Kankakee Community High School.

Swannell is one of 92 new recipients of Rector scholarships at St. Paul University. The scholarships range in value to full tuition or \$1,200 for four years and are renewed annually of the required academic average is maintained by the holder.

Boy Slays Girl, Wounds Another

NEW ORLEANS (AP)—A boy killed a girl by stabbing her 48 times and seriously slashed her girl companion Tuesday, police said, in a wooded area where they were picking berries.

The dead girl was Kathy Fehler, 12. Her companion was Judy Guillot, 11.

The boy identified as Edward A. Herty, 12, told police in a signed statement he was helping the girls pick berries when they tried to rob him. Police quoted him as saying he took the knife from one of the girls and stabbed them with it.

The wounded child, when Herty, wearing a blood-spattered T-shirt, was brought before her at the hospital, said, "That's him. I want to know why he did it."

Herty, about 5-8 and 170 pounds, appeared exceptionally calm. He refused to answer the pleas of her mother, Juanita Guillot, Sr., to tell her what happened.

"Mother, I don't want to discuss it. I just don't want to discuss it with anyone—even you," he told her.

Herty was turned over to juvenile authorities to be held for de-

lusionary officers elected are the Rev. Darrell Farnham, First Congregational Church, and the Rev. Forrest Nash, College Church of the Nazarene, vice presidents; the Rev. John Sutherland, Central Christian Church, secretary; and the Rev. Andrew Nixon, Bonfield Evangelical United Brethren Church, treasurer.

Other than the Rev. Sims as president, other officers for the year were the Rev. M. Nash and the Rev. David Gustafson, assistant minister of First Methodist Church, vice president; the Rev. Louis Swartz, First Presbyterian Church, secretary; and the Rev. Mr. Farnham, treasurer.

The election occurred at the May luncheon of the association held at the First Evangelical United Brethren Church with the wives of the ministers as guests.

Named Sales Manager For Water Softener Products

E. H. Hoelter, 1000 S. Lincoln Ave., has been appointed sales manager of water softener products for the Permagas Division of A. O. Smith Corp.

The appointment was announced Tuesday by W. Burleson, the division's general sales manager.

In the new post, Hoelter will guide the moves into the water softener field started by the purchase of the water softener division of the Refint Corp. in 1957.

Hoelter joined A. O. Smith in 1941 as assistant to the sales manager of domestic water heaters, later became the division's first sales manager.

Hoelter joined A.

Seek Solution To Traffic Hazard

The greatest achievement locally in traffic engineering—at least in recent years—is the Belt Route highway around the city. It isn't complete but it is being used with temporary route hook-ups.

The big four-lane divided superway allows north-south through traffic to proceed without the delay of intersections, railroad crossings and the like. Most motorists wish that there were such installations in the vicinity of all of the nation's urban centers.

However, there have been an increasing number of accidents at the Belt Route-Route 40 intersection, south of the city. At least 19 serious accidents have occurred there since the first of the year.

During the same period there have been only six accidents on the main stretch of the highway and a few at the

Route 54-North street intersection. No accidents have been reported at the Court street intersection, in the city.

The principal cause of the accidents south of the city appears to be the left-turn situation. Apparently motorists, unfamiliar with the intersection, fail to realize the traffic accident potentialities in making a left turn at this point.

County and state authorities are cognizant of the problem. It is believed that special left-turn signaling devices will be installed, or a four-way stop will be initiated.

The hazard will be eliminated when the cloverleaf-type interchange, an integral part of the Belt Route engineering, is completed.

Meanwhile action on the part of county and state officials can help eliminate the present serious threat to highway travel safety.

Calm On The Eve Of Battle

As the day approaches set for evacuation of West Berlin or else—the American Seventh Army, the principal land force opposing invasion from Czechoslovakia to France, stands firm and calm. If any soldier or officer believes war is imminent, he is doing nothing to betray his concern.

A correspondent who questioned men and officers separately found no regrets had been put in for transfers to less exposed posts; no soldier has sought to send his family back home out of an expected battle zone; no one believes the Soviet ultimatum to the allies to clear out of Berlin, or the Allies' firm refusal to do so will start a war.

But that may be surface confidence. For the United States Army is making ready to defend Berlin; should war break out. It will not be caught napping. For months, the Seventh Army has been pointing to the original deadline of May 27, fixed by Premier Khrushchev for the transfer of authority from the Soviet Union to its puppet govern-

ment of East Germany and the occupation of all of Berlin by that government.

May Day demonstrations on both sides of the divided city stressed the determination of each. While the East Berlin authorities sought to emphasize they mean to be masters of the reunited city soon by marching their troops in the old Prussian goosestep, one fourth the inhabitants of West Berlin affirmed their will to remain free in their biggest rally since the war.

The allied foreign ministers have met in Paris and reaffirmed their aim to reunite Germany by democratic process. They will look horns May 11 with Soviet Foreign Minister Andrei A. Gromyko in Geneva. Unless some progress is made then toward reconciling the viewpoints of East and West and a summit meeting is set, the May 27 deadline will come without any action to change it.

The test of the American army's readiness will come then, if the Soviets and the East Germans make the first move.

Panama Plot A Familiar One

We may be accused of undue levity or of supercilious ignorance, but there's something about this "invasion" of Panama that reminds us of the 19th century opera bouffe conflicts in Latin America.

Eighty or 90 square miles on the coast of the 28,000-men land republic and take possession of some unheard of little village—Nombre de Dios. They want that 300 more revolutionaries are on the way to join them.

The American public is immediately brought up to date on the military capabilities of Panama—3,000 militia, being

reinforced by American arms—and the defenses of the Canal Zone.

U.S. planes stationed at the canal take to the air on reconnaissance. Someone in Congress talks about dispatching American troops and aircraft to the imperiled area.

All right, we know that governments have been toppled before by comic opera events. We know that in all seriousness there could be dire consequences. Still, we can't restrain a reminiscent smile.

By Hal Boyle

English Get Joke Quicker Than Yanks

NEW YORK (AP)—As if our world weren't already topsy-turvy enough, now along comes a Frenchman who says the English can see the point of a joke quicker than Americans.

"The English have a very good sense of humor," said Robert Dery, star, author and director of the hit Broadway musical, "La Plume de ma Tante."

"They love gags. It's funny, because they seem so straitlaced and serious."

They can see a gag coming. They laugh quicker, louder—and of the funniest, even, directors-in-shorter—than here. They give a sharp laugh, then quit, and you

have to have another gag ready. "The Americans laugh slower and longer."

Dery also has found a difference between French and American audiences.

"I like it here because the audience comes to the theater ready to laugh and enjoy itself," he said. "In France they go to see whether you can make them laugh. There is a difference."

Dery, the slender mobile-featured son of a Chablis miller, has been in some 20 films. He is also one of the busiest revue directors-in-shorter—than here. They give a sharp laugh, then quit, and you

Candid Comments

I am confident that this nation is not going to adopt a philosophy that inflation is a necessary part of the price of progress. . . . We must realize that long-range economic growth in real terms can be achieved not with but only without inflation. —Treasury Secretary ROBERT B. ANDERSON.

We have found upon investigation of many near-misses (near collisions between airplanes) that the captain was in the cabin talking to the passengers while the copilot was attempting to catch up on his paper work.—JAMES T. PYLE, deputy director of Federal Aviation Agency.

I'm sick and tired of everyone telling me that westerns have been overdone. . . . The American western is nothing more than an extension of Hans Christian Andersen, and TV heroes are really overgrown hyperchauns with all-shooters. People are no more tired of westerns than they are of Cinderella and that's the way it should be.—Actor-producer DICK POWELL.

STICKY BUSINESS

Churchill Brings Memories To U. S.

PARIS—What memories Winston Churchill can bring to Washington this week! If he is philosophically inclined, he can point up the fallacies of our times in terms of the lessons of history.

Just 40 years ago in Paris, while writing about the peace conference, this correspondent learned about the already famous British statesman who had occupied during the latter days of World War I the position of first lord of the Admiralty.

David Lawrence responded to the secretary of the Navy in the United States. Alongside him was another young man—Franklin D. Roosevelt, then assistant secretary of the Navy—who spent much of his time in London working out the details of the all-important blockade of the English Channel against enemy submarines.

Mr. Roosevelt was proud of that assignment and of what was accomplished, and he once talked to me at a luncheon in the White House about the significance of that military maneuver which helped to shorten World War I.

BUT, GOING BACK before that war to the days of 1912, the newspapers were filled with comments about Churchill's suggestion of a "naval holiday." It was my first experience with the concept that armaments might be limited by international agreement. The proposal, of course, failed because the dictatorship in Berlin then would not agree, just as there is no chance of agreement today with the dictatorship in Moscow.

Over the years "bold and imaginative ideas" have been many, and when World War I ended, President Wilson came to France, some of us mistook the thunderous applause on the boulevards of Paris as a sign that the world was ready for idealism and mutual trust.

Oddly enough, the big discussion then was between a system of rival alliances or a "balance of power," on the one hand, and a universal system or league of nations to be governed by international law, on the other. There were doubts expressed then by the British and the French that any league could succeed, but they bowed to the American President in a gesture of gratitude over what the United

States had done to ensure victory by way of military strategy and economic aid during World War I. But it was the American Senate, led by Republicans of the "isolationist" school, which prevented American entry into the League of Nations.

MAYBE IT WAS THE difficulties encountered by this organization in the 1930s which led Winston Churchill, when World War II was nearing its end in Europe just 14 years ago this week, to suggest in a magazine article that perhaps there should be a return to the system of alliances and that "spheres of influence" might well be recognized. But the pressure for a United Nations finally prevailed in 1945, only to be superseded soon in large part by a system of alliances now known as the North Atlantic Treaty Organization, on one side, and, on the other, as the Warsaw Pact set up by Moscow to form a defensive alliance among the "capitalist" countries behind the iron curtain.

Today it is a "balance of power" which again keeps the peace of the world, and, in a sense, the old European treaty system has been vindicated. But some of the newer ideas show signs of even bigger momentum. Thus, President Wilson proclaimed the ideal of "self-determination" for all nations, and this tended to encourage the smaller countries to gain their independence from the big powers. The sentiment persists today in Africa and in Asia as nationalism moves on painfully, though persistently, to achieve its aims.

UNFORTUNATELY, MANY of the new nations are helpless pawns in the hands of a big power—the Soviet Union—and this in turn has brought about the need for more alliances and regional combinations that in theory at least violate the

principle of self-determination. So the world is still in a state of flux.

There might be a feeling of confusion or a brief dizzy spell. But usually it is not enough to bother you. Even the long-range effects aren't too noticeable at first.

Perhaps you'll experience a slight clumsiness of your hands, but long years.

QUESTION AND ANSWER D.K.: Are spinach and vegetables which contain acid bad for kidney stones?

Answer: Spinach and most vegetables ordinarily have no inflaming effect on the kidneys.

Q: I have a question about the average weight of a man. I am 5'10" and weigh 150 lbs. Is this normal?

Answer: Yes, it is within the normal range for a man of your height.

Q: I have a question about the average weight of a woman. I am 5'4" and weigh 120 lbs. Is this normal?

Answer: Yes, it is within the normal range for a woman of your height.

By George Sokolsky

Changes In China

When the Chinese Communists broke with Chiang Kai-shek in 1927, the usual quarrel ensued between the Trotskyists and the Stalinists. The original Chinese Communist party was founded by Chen Tushih, a professor at Peking National University, who was a Trotskyist. Many Chinese Communists had come in contact with Karl Radek and were under his influence. It was a party almost exclusively of intellectuals.

The group that prevailed was known as Chu-Mao, the Chu part being Chu Teh; the Mao part being Mao Tse-tung. Chu Teh was a military man and became the commander-in-chief of the Communist armies. He is now 73 years old. Although a member of a wealthy Szechuan family, he became a Communist in 1920. Since 1926, he has been the principal leader of Communist forces in China. His relationship to Mao Tse-tung is so close that it is impossible to say, as some reports have put it, that he has been demoted to fourth place in the Red Chinese hierarchy. It is more correct to say that because of his age, he has been demoted to fourth place in the Red Chinese hierarchy. It is more correct to say that because of his age, he has been demoted to fourth place in the Red Chinese hierarchy. It is more correct to say that because of his age, he has been demoted to fourth place in the Red Chinese hierarchy.

THE CHANGES WHICH HAVE RECENTLY taken place leave Mao Tse-tung the absolute head of the state. He will not be president but he continues to be the leader of the Chinese Communist party, and like Khrushchev in Russia, he holds the top job. Mao is 63 years old and therefore was the junior partner in the Chu-Mao partnership. He comes of a comfortable Hunanese family. He was active in the student movement of 1919 and attended the first meeting of the Chinese Communist party in 1921. With Chu Teh, he organized in 1927, the Red army in Hunan Province, and eventually he established a Soviet government. When Japan attacked China in 1931, Mao offered to make a common front with Chiang Kai-shek against the Japanese and by this trick, he managed to have the Communist armies armed by Chiang.

Mao is astute in his political manipulations, is very close to the Kremlin and carries out Soviet imperialism in Asia. His control of the Chinese Communist party is absolute and his influence extends to the entire Soviet Union.

Liu Shao-chi, who has been chosen to be president of Red China, is regarded next to Mao Tse-tung as the leading theoretician of the Chinese Communists. He is younger than either Chu Teh or Mao Tse-tung. He was born in 1898 in Hunan. He received much of his education in Russia and was only 16 years old when he joined the Socialist Youth Group which was a forerunner of the Chinese Communist party.

OF ALL THE PRESENT CHINESE COMMUNIST leaders, he is the most proletarian and the one most closely associated with labor movements. He has been associated with the Chinese Communist party from its inception and with the labor union movement in China since its inception. Of the four top men in the Communist hierarchy in China, that is, Mao Tse-tung, Chu Teh, Liu Shao-chi and Chou En-lai, Liu is the youngest and the only one who is not an intellectual but comes directly out of the working class.

Chou En-lai, who remains prime minister, is 63 years old. He was educated at Nankai University in Tientsin and in France. In fact, he joined the Chinese Communist party while in France. After his return to China, he worked under Chiang Kai-shek at the Whampoa Military Academy and at one time, it was assumed by many that Chou might end up as a Nationalist. His family was wealthy. For some time, he served as a bridge between the Communists and the Nationalists but eventually his party loyalty and affiliation were clarified. He is undoubtedly the most competent man in the hierarchy to deal with foreigners and is generally used for such purposes. He has been able to hoodwink Americans in China, particularly during the period of the George Marshall and Gen. Joe Stilwell who were convinced that Chinese Communists were not Communists but agrarian reformers.

These four men are the top layer of Chinese Communists but the picture remains a large and complex one. As in Russia, so-called "democratic centralism," the Communist form of government, results in dictatorship.

Effect Of 'Little Stroke'

Most of you have heard about it. It might be enough to show a stroke. Well, there are little strokes and there are big ones.

You probably are more familiar with the serious type stroke which results in temporary or permanent paralysis, or even, in some cases, death.

It's caused when the blood supply to a part of the brain tissue is cut off, probably by the blocking of a brain artery with a resultant clot. We call this a thrombus.

When the artery is closed only momentarily, we call it a "little stroke." In some strokes a very small area of the brain tissue is affected.

SOMETIMES LITTLE strokes are not serious at all. They may be the result of a temporary blockage of the brain's blood supply by atherosclerosis. This prevents an adequate supply of blood from reaching the brain.

While the impact of a big stroke usually is obvious, the immediate effect of a little stroke is so slight that some persons have several of these through the years without even being aware of it.

There might be a feeling of confusion or a brief dizzy spell. But usually it is not enough to bother you. Even the long-range effects aren't too noticeable at first.

Perhaps you'll experience a slight clumsiness of your hands, but long years.

KANKAKEAN JOSEPH CAMPBELL sits on his latest acquisition, a high-wheeler, in preparation for a spin in the sunshine. The bike, which has a 52-inch front wheel, originally belonged to the Knecht family in Kankakee. (Journal photo)

He'll Be Riding High On This Two-Wheeler

One of Kankakee's well-known antiquarians in the transportation field has exchanged hands with the purchase by Joseph Campbell of the high-wheeler bicycle made famous in the community by the late John Knecht, Kankakee clockier.

The 52-year-old bicycle has been in the Knecht family the entire time until it was purchased by Campbell. It was owned for many years by the late Dr. P. W. Knecht, the same plate on the high-wheeler carries the date 1877. The bike was manufactured by the Pope Mfg. Co. of Toledo, Ohio, the company that later made the Pope-Toledo automobile. The bike is known as a Columbia light roadster, the type that is considered among the predecessors of the automobile, according to Campbell.

One of the last public appearances of the bicycle was in the Kankakee Centennial parade. Campbell has been riding high-wheelers since 1947 and this is the third one he has owned. He found the first one in Papineau but later sold it to a Kankakee. His second came from Oberlin, Ohio, and he later sold it to a Californian. He has ridden high-wheelers in three centennial parades, the Cycle Club outings and in various other parades.

THE KANKAKEAN explains that the biggest problem in the operation of a high-wheeler is getting on and off the vehicle. Maintaining balance, of course, is a delicate problem and because of limitations on making turns considerable room must be available for the operation of the bike. Campbell isn't sure just how much riding of the high-wheeler he'll be doing. Several incidents in recent years of high-wheeler riding in parades being thrown when youngsters have tossed sticks in the wheel or have tossed pumpkins, etc., in paths of the vehicle have made the Kankakean a bit jittery about riding the vehicle in parades. Regardless, he plans to give the bike plenty of action, and above all to keep it in the perfect condition in which it has been maintained during the 82 years of its life.

Illinois Flood Victims Don't Quit

By THE ASSOCIATED PRESS

Flood victims don't quit. At least that has been true for more than 1,000 residents of the Rockford and Freeport communities who were driven from their homes last month by some of the area's worst floods in three decades. They watched the muddy waters course through their homes, soaking and staining floors, walls, carpeting and other furnishings.

AND WHEN the waters receded? A coating of mud everywhere, buckled floors and a stench that stings the nostrils.

But there is no attitude of "That does it, I've had it." A survey of sentiment among the victims showed today that none is planning to move away from the river area, despite the ever-present chance of later floods.

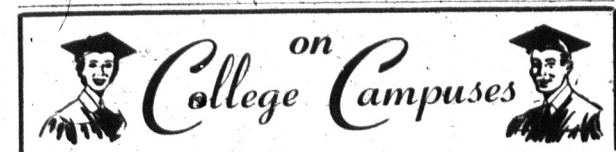

The Rock River flood in the general Rockford area displaced more than 1,000 persons and caused an estimated \$300,000 damage.

Hard hit was Shore Drive, a pleasant, winding river front street in suburban North Park. The location has been a choice building site for years, especially for those who love the river.

Just a year ago, Donald Grattelo and his wife built a comfortable ranch home there. Grattelo had four, purple working in an insurance office. The house was in the path of the flood waters. When he realized the full force of the water, he moved his family to the basement and moved his furnace. The flood waters also washed out his lawn.

The same story was repeated many times. Some residents moved into hotels and sent their children to stay with relatives. Others had to travel more than 100 miles daily from temporary homes to work. Others were quartered in disaster shelters set up by the Red Cross in motels and hotels.

OFFERS OF FOOD, clothing, shelter and money came from many sources.</

Ten Illinois State Normal University students from the Kankakee area are among the 92 who will receive scholastic recognition at a special assembly Wednesday. The 92 represent the 3 per cent of the undergraduate student body having the highest honor point average. The 10 are as follows: Marie Brennan, daughter of Mr. and Mrs. William Brennan, 735 Webster Circle; No. 1 in Langhorst, RR 2, Grant Park; Danielle Finley, daughter of Mr. and Mrs. James Finley, St. Anne; Judith Halpin, daughter of Mr. and Mrs. William Halpin, Kempton; Shirley Wilke, daughter of Mr. and Mrs. John Wilke, Danforth; William Wilson, son of Mrs. Norman Dilley, Buckley; Elsie Wilken, daughter of Mr. and Mrs. William F. Wilken, Ashum; Marietta Henrichs, daughter of Mr. and Mrs. Burnell Henrichs, Chatsworth; Mary Morehart, daughter of Mr. and Mrs. David H. Morehart, 308 E. James St.; Dwight Thomas Wilson, son of Mrs. Arthur Wilson, 121 E. North St., Dwight.

Marilyn Mann, daughter of Mr. and Mrs. Clifford Mann, 1800 E. 1st St., has been named to membership in Mortar Board at the University of Illinois. Mortar Board is the senior women's scholastic and activity honorary society at the university. Members are elected on the basis of scholarship, leadership and service in campus organizations. Approximately a 4.0 average is required. Miss Mann, a junior in fine and applied arts, is a member of Kappa Alpha Theta social society.

The past weekend was a busy one for Nola Hertz, daughter of Mr. and Mrs. Chester Hertz, 1640 E. Eagle St. The Kankakee is a music major at Murray State Teachers College in Murray, Ky., a bassoon player in the college band she spent Thursday, Friday, Saturday and Sunday in Louisville, Ky., playing four concerts and serving in the Kentucky Derby queen's official band. The band returned to Murray State Sunday evening in time for the Kankakee to join the college chorus in presenting the "Elijah."

Mark Lyndrup, Clinton, is among the 30 junior advisers appointed for the 1938-39 academic year at Trinity College, Hartford, Conn. The junior advisers are appointed on a basis of participation in college activities and scholarships. Lyndrup, son of Mr. and Mrs. Luther Lyndrup, Clinton, is a sophomore at the college. He is the drum major and the first sergeant of the drum and bugle corps of the AFROTC and is a member and assistant steward of Phi Kappa Psi fraternity.

The Central High School graduates sing in the college octet, "The Pipes," which has made many appearances in the East, including radio and television programs. The Watson-Astoria hotel in New York City, Vassar College, Mt. Holyoke College and Connecticut College for Women.

Miss Carla Kogan, daughter of Mr. and Mrs. Carl Kogan, 1285 E. Maple St., has been elected to Torch, junior women's honorary at the University of Illinois. She is a sophomore and member of Delta Gamma social society.

Two from the Kankakee area have been named to serve on the Student Senate at Illinois State Normal University. They took over their new duties this week. The two are Karen Hanson, RR 2, Bourbonnais, a music department representative to the senate, and Elsie Wilken, a geography department representative to the senate. The Student Senate functions in the discussion of plans for improving the conditions and character of student life and making recommendations to the administration.

Charles Libby, Kankakee freshman at Southern Illinois University, Carbondale, has been pledged to Alpha Phi Omega, national service fraternity. He is a son of Mr. and Mrs. Charles Libby.

FRESH and refreshing as the mouth itself, rhubarb strawberry fluff will be welcomed both by the family and by party guests.

Gay As May, Rhubarb Strawberry Fluff Pie

By GAYNOR MADDOX, NEA Food and Markets Editor
Pink and fragile, as gay as the first young days of May, this pie will be a delight at any special party. The filling is a blending of fresh, juicy rhubarb and sweet strawberries made fluffy with a gelatin and ice cream mixture. The tender crust is enhanced with rolled oats to make it even more flaky, and for a finishing touch, whipped cream crowns the pie.

Rhubarb Strawberry Fluff Pie (Makes 8 servings)
Crust: Three-quarters cup sifted enriched flour, 1/2 teaspoon salt, 1/4 cup shortening, 1/2 cup rolled oats (quick or old fashioned, uncooked), 3 to 4 tablespoons cold water.

Filling: Four cups rhubarb, cut in 1-inch pieces, 1/2 cup sugar, 1/2 cup water, 1 package strawberry flavored gelatin, 1 pint vanilla ice cream, whipped cream, few whole strawberries.
Heat oven to hot (425 degrees F.). For pie crust, sift together flour and salt. Cut in shortening until mixture resembles coarse crumbs; add oats, mix lightly. Add water a little at a time, stirring until pastry can be formed into ball. Turn out on lightly floured board or canvas; knead gently a few seconds. Roll dough to form 12-inch circle; fit loosely into 9-inch plate. Fold edge under; flute. Prick bottom and sides well. Bake in preheated oven (425 degrees F.) about 15 minutes. Cool.

For filling, combine rhubarb and sugar; cook over very low heat until it is of saucelike consistency. (This will make 2 cups of sauce.) Cool thoroughly. Heat water to boiling; add gelatin and stir until dissolved. Spoon ice cream into water gelatin (with saucepan still over direct heat); stir until melted. Refrigerate until mixture mounds slightly. Fold in cooled rhubarb. Pour into cool baked pie shell. Refrigerate until set. To serve decorate with whipped cream and whole strawberries.

TOMORROW'S DINNER: Lamb

Brothers Bound Over On Charge Of Grand Larceny

PONTIAC — Two brothers have been bound, over to Livingston County Court under \$4,000 bond each for grand larceny, according to the sheriff's office. Jack Wells, 48, Forrest, and his brother, James, 26, Fairbury, were arrested Sunday night by Livingston County sheriff's deputies after they crashed their station wagon in which they were carrying a television set, washing machine and other items allegedly stolen from the George Eggle and the George Murray homes at Flanagan.

JWC Of Peotone Schedules Project

PEOTONE (JNS) — The Peotone Junior Woman's Club will hold its annual candy and bake sale Saturday at Daum's store. The sale will begin at 2 p.m. All proceeds will go into a special fund to buy new and repair old equipment in the pediatric department at Silver Cross Hospital, Joliet. THE COMMUNITY Vacation Bible School, conducted under the auspices of the Peotone Ministerial Alliance, will be held in the Methodist Church (nursery group) and in Immanuel Church from June 8 to June 19. The Rev. Howard Leach of the Methodist Church will serve as dean of the school this year.

Auto Trade-in Exemption Bills Go To Senate After House Okay

By Journal Wire Service
SPRINGFIELD — Two bills exempting the value of automobile trade-in from the sales and use taxes moved to the Illinois Senate today after gaining House approval.

Another measure passed by the House Tuesday places restrictions on expense-paid meetings attended by school board members. Specifically they could receive expenses for the following types of meetings:

County or regional meetings and annual meetings sponsored by a national organization in the field of public school education.

Those sponsored by the state school superintendent or county superintendent.

Gov. Stratton vetoed similar bills after they were passed by the 1957 Legislature.

Under the bills passed in the House Tuesday only the cash difference would be subject to the sales tax in transactions where a dealer at present must report sales tax on both the \$1,000 cash price of a new car and the \$1,000 he receives for an old car traded in.

The new bills would exempt the trade-in value.

Also Tuesday bills to establish an engineering school at Southern Illinois University and to put 14 and 15 year olds back on motor scooters moved ahead.

A MOTOR SCOOTER bill sponsored by Rep. Robert Craig (D-Ill.) also was moved up from first to second reading in the House.

The bill would replace the re-licensing law and would permit 14 and 15 year olds to operate a motor scooter with special licenses.

Rep. Paul Edward (D-Chicago) introduced a bill asking repeal of the 1957 driver education program which set up a 10-million-dollar fund for state aid to schools for ranks third to Alaska.

Church Reports On Membership Gains For 6 Years

CHICAGO (UPI) — The United Church of Christ gained an average of 10,000 communicant members a year between 1952 and 1958, a church official announced.

The Rev. Dr. Robert Kienle, Kansas City, representing the denomination's General Council, told the 21st annual meeting of the North Illinois Synod Tuesday that the United Church of Christ had 810,000 members in the country.

At the close of Tuesday's session, the House had handled a total of 323 bills—most of them in preliminary stages of advancement.

A new deficiency appropriation of \$10,340,000 to meet poor relief allocations through June 30 was brought into the Senate.

The Rev. Kienle told the churchmen that 40 new churches had been added to the denomination in the last year, and that 35 new congregations were scheduled to be organized in 1959. He said the average investment in a new congregation totaled at least \$50,000.

The Evangelical and Reformed Church and the General Council of the Congregational Christian Churches united in 1957 to form the United Church of Christ.

The Senate pushed to passage a bill which would permit Southern Illinois University to accept a \$100,000 gift from the local coal of public aid program during the current two-year budget period.

The Senate pushed to passage a bill which would permit Southern Illinois University to accept a \$100,000 gift from the local coal of public aid program during the current two-year budget period.

A Senate-approved measure appropriating one million dollars to peep 1957 law and would permit 14 and 15 year olds to operate a motor scooter with special licenses.

Rep. Paul Edward (D-Chicago) introduced a bill asking repeal of the 1957 driver education program which set up a 10-million-dollar fund for state aid to schools for ranks third to Alaska.

'Seventh Heaven' Is Junior Prom Theme, Watseka

WATSEKA (JNS) — "Seventh Heaven" was the theme of the Junior prom Friday night at Watseka Community High School.

A Chicago orchestra provided music.

Sponsors for the prom included Mrs. Stanley Bricker, Dean Martin, Miss Beverly Kerchenbaum and William Tally, assisted by Gerald Avery and Ralph Buswell.

Those who served on the decoration committee included Kathy Gagnon and Wayne Kuhlman, co-chairmen; Louise Allegretti, Lowell Berry, Molly Bertrand, Larry Brady, Loren Brandenburg, Scott Burdick, Pat Conney, Art Donaldson, Joe Carr, John Dubrava, Sara Goodyear, Gilbert Harris, Bob Helming, Franklin Hickerson, Judy Huffer, Richard Holt, Virginia Kever, Sheila Kied, Pat Knight, Terry Lease, James Lyons, Richard Mathys, Larry McLeire, Tom Melrose, Rosemary Nixon, Marvin Reithoford, Jim Reynolds, Richard Rhoades, Sharon Scharlach, Olive Schrieffer, Mary Ann Simmons, George Sites, Janice Sparling, Maria Torres, Jim Townsend, Billy Tucker, Paul Walton, Robert Wellborn, Robert Wengert, Terry Whaley, Kim Winkler, Leroy Wood, Sharon Wood, Bill Yates, Kent Seiling, Larry Anderson.

The food committee consisted of the following: Betty Bahler and Janice Wigington, co-chairmen; Paul Martin, Jim Hultgren, Nancy Luck, Janice Butzow, Karen Shaw, Phil Brown, Elaine Williams, Karl Winkler, Iris Lietz, Jerry Myers, Jerilyn Young and Cliff Harwood.

Oram, chairman, Barbara Badger, Phyllis Brown, Judy Flasher, Joyce Harmon, Priscilla Holter, and Barbara Marcier.

The clear up committee included Larry Harris, chairman, Gary Luck, Janice Butzow, Karen Shaw, Phil Brown, Elaine Williams, Karl Winkler, Iris Lietz, Jerry Myers, Jerilyn Young and Cliff Harwood.

Under 21...by Dan Halligan

DEAR DAN: I live in a small town in northern Ohio whose name I won't mention because if I did, everybody in town would know who was writing the letter. Dan, I'm awfully discouraged about high school. This fall I'll be a senior but I don't know if I'll be going back. Conditions at home are so bad that I think it would be better if I went to Cleveland and tried to get a job. My father spends nearly every dime he makes on beer and liquor and has done so for as long as I can remember. Mom works in a grocery store and she actually makes the living for the two of us and my younger sister. I'm afraid to get too friendly with any boy because he'll expect to get invited home and if he ever so 'place we live in and my father drunk, I'd want to die. I might miss a year of school now but after I get established in a job, I'd probably go to night school. Mom doesn't want me to quit school but she knows how I feel. Please tell me what to do or at least try to get a job after school and help.

make your living conditions at home a little better than they now are. I think it would be very wise of you to quit school because while your intentions may be good, I doubt if you would ever go to night school. You've gone this far in school under bad conditions, Anita, and you would very foolish to give up now with only a year of school remaining. Not only do you have an obligation to your mother and sister, but you'll be in a better position for a higher paying job if you can show a prospective employer a diploma. Stay with it and if it's any consolation, remember, I'm pulling for you all the way.

DEAR DAN: You've got it rough without a doubt, but I'm afraid you're thinking of yourself more than you are of your mother and younger sister. Instead of feeling so sorry for yourself, why not try to get a job after school and help.

DEAR DAN: I'm 13 and would like to date, not all the time but once on Saturday and once a month to the school dance. There's a boy who wants to date me but so far, I've refused him. I even say "no" when he wants to buy me a soda. We both go to different schools and don't see much of each other. I like him very much and want my parents to tell me what to do and thank you.

DEAR JO JO: Thirteen is too young for either a boy or girl to have weekly dates and

Beecher Minstrel Set For Friday, Saturday Nights

BEECHER (JNS) — The production, "Springtime in Beecher," a minstrel, will be presented in the Community Hall on Friday and Saturday at 8 p.m.

The minstrel is under the direction of Mrs. Henry Meeter and is for the benefit of the summer recreation program.

Some of the highlights of the minstrel will be selections by a quartet composed of Arthur Nordstrand, Rodney Keady, Walter Martin and Arthur Vask. Also featured will be Robert Burgess, soloist, who toured the East with a leading college quartet.

The interactor will be Art Nordstrand; endmen, Libborn Burgess and Joe Gitsenkos; circle line, Merle Ann Stahlberg, Jane French, Kathy Mathias and Jackie Wohmann; tap dancers, Gwen Ohlenfeld and Tawny Holdt, and accordion soloist, Allen Klemm. Accompanists will be Mrs. Helen Mathias and Janette Kolar.

Taking part in various skits will be Mrs. Frances Brands, Mrs. Anna Franks, Karl Schmidt, Lena Morgan and Wayne Weichen.

I'm sure your parents would agree. Next year an occasional date would be all right but not now. Sorry.

Issue Corporate Charter Here

Secretary of State Charles F. Carpenter has issued a corporate charter to O'Connor & Moody Inc., 1385 W. Jefferson St.

Officers are listed as Clifford A. and L. Bernice Moody and James E. O'Connor. Authorized capital is 1,000 shares of common stock with par value of \$100 a share.

The charter authorizes the company to conduct a general retail home and commercial appliance business, including the sale and distribution of hardware, sporting goods and allied products.

A not for profit charter was issued to the Greenwood Chamber of Commerce. Officers are Albert J. Helmle, John L. Dixon and James C. Kolar. The organization is authorized to promote the advancement of civic, commercial, industrial and agricultural interests.

WC Department, Sheldon, Will Meet Thursday

SHELDON (JNS)—The American home department of the Woman's Club will meet Thursday afternoon in Library Hall.

Mrs. Paul Barton, Watseka, will display her doll collection and discuss her hobby during the program.

Members are to bring program suggestions for the coming season. Prospective members may attend.

Mrs. Frank Shrimplin and committee will be in charge of the social hour.

Rantoul Wauseca Champ; 4 Marks Fall

WATSEKA (JNS)—Rantoul's swift Eagles took eight of 13 firsts en route to winning their first Wauseca Conference track title in four years and ending the three-year reign of Wauseca in the annual conference meet here Tuesday evening.

The Eagles had 81½ points to 42.5 for their closest pursuer, Gibson City. Wauseca won heat with 40. Hooper had 27.6, Oakwood 11½ and Paxton 4½. Four conference records were broken and two tied.

Sensational Bill Gibbs, one of the best hurdlers in the state, set new Wauseca Conference records in the 180 yard hurdles and 120 yard high. He skinned over the 120 in 20.7 for his best showing of the spring and cut three-tenths of a second off his previous record of 21.4.

In the high, Gibbs won the distance in 1:55.7, bettering a tenth of a second off Wauseca Dick Saxon's record (1:56.7) set in 1958.

DALE CHRISTENSEN of Rantoul won the sprint with a record of 47.4, bettering the 48.3 clocking which Hooper made at a conference record in 1957.

In the broad jump a record was tied when Jack Gregory of Hooper leaped 21 feet, 1 inch. Wayne Kneib of O'Fallon hit 20 feet, 10 inches in the pole vault.

Another Wauseca mark was equaled when Rantoul's half-mile relay foursome cruised the course in 7:36.5, the same time it took Wauseca to do it in 1956.

Phil and Jack Quinlan, the Rantoul brothers who tied for first in the mile last spring, placed 12 in both the mile and half-mile runs this time.

PHIL WAS FIRST in both events and he earned a meet record in the 800 yard run in 2:03.4, just four-tenths of a second away from Ken Eads' 2:03 record for Rantoul in 1957. Just a step faster and Quinlan would have cracked the oldest Wauseca track record in the book. He won the mile in a commendable 4:38.2.

Injured performers hurt two teams, Wauseca and Hooper. Francis Sullivan, Wauseca hurdler who has been caught in 21 seconds flat in the 120, was held from this meet with pulled leg muscles.

Junior Dick Rhodes showed terrific promise for the future for Wauseca when he took first in the 220 yard dash in 23.6 and won his high jump with a 5-foot effort. He Gibbs and Quinlan were the meet's only double winners.

Berry Hurl's B-B To 9-2 Win Over Central

CHUCK BERRY's pitching and Keith Crowell's hitting combined to give Bradley high school's baseball team a 9-2 victory over Central Tuesday on the Ballpark diamond.

Berry had a one-hit shutout going for six innings before Central got to him for two runs in the seventh. Crowell had a perfect day at bat, scoring twice and driving in four runs.

Berry went up five hits, walked four and struck out five. Carl Gullquist went all the way for Central and was touched for eight hits while walking four and whiffing three. Bradley player earned three runs.

THE BOLLMAKERS opened the scoring in the second when Berry walked and rode home on Crowell's first hit. A home run by the Keys won the No. 3 singles when Gordon McCullough defeated Bill Pace 4-1, 6-1.

Finsterwald's Golf ... No. 18

By DOW FINSTERWALD
PGA Champion
To play consistently you must have a knowledge of how to control the ball in the wind.

As I stress in teaching at Tequesta, there are three basic principles which must be observed to "keep the ball under the wind."

1.—Play the ball from opposite the right heel.

2.—Place a large percentage of the weight on the left foot. My heel is still on the ground as I near the top of

7 Incumbents Lose Hoosier Primary Races

INDIANAPOLIS (AP)—At least seven Democratic mayors lost their bids for re-nomination Tuesday as voters of Indiana cities chose their candidates for the Nov. 3 city elections.

Incumbents lost in Evansville, in a setback for the forces of U.S. Sen. Vance Harke (D-Ind.) and in Kokomo, Marion, Logansport, New Castle, Vincennes and Greensfield.

The chief Republican victim of the balloting was Mayor Kenneth R. Snyder of Lafayette, president of the Indiana Municipal League. Voter turnout was spotty.

Democrats now hold 76 of the 107 city halls.

The Evansville race saw Mayor J. William Davidson, who was city controller under Harke until the latter became senator, losing out to ex-Sheriff Frank McDonald.

McDonald helped in Harke's 1955 campaign for mayor but the two broke up later and Davidson had Harke's blessing.

Kokomo Democrats dropped Mayor Raymond Gilbert in favor of John Peacock, Howard County coroner.

In Marion, Democratic Mayor Willard Blackman lost to ex-Mayor Jack Edwards.

Mayor Ralph T. Roberts was dumped by Logansport Democrats in favor of city councilman, Otto Neumann.

NEW CASTLE'S Democratic mayor, Sidney E. Baker, lost out to political newcomer Walter Falck, a druggist.

A margin of 31 votes defeated Vincennes Mayor Lloyd Wampler as Vincennes Democrats chose Bernard H. Kilfoil.

James L. Allen, four-term mayor of Greensfield, was beaten by Clifford O. Fields.

Snyder's defeat in the Lafayette Republican primary was by Elton J. McBurn.

Mayor Ralph Tucker of Terre Haute, Democratic nominee for governor in 1956, was renominated easily for a fourth term after a hard campaign against City Council President Frank Doyle.

Republicans chose Ray H. Hahn over H. Dewitt Owen.

In Hammond, former Mayor Vernon C. Anderson easily defeated Edward B. Bellamy for the Republican nomination while Democratic Mayor Edward C. Dowling narrowly bested John F. Mahoney, whom he first as police chief last year.

A month's all-expense tour of Europe is in prospect for Kankakee residents this summer.

If a minimum of 15 people want to make the trip for just \$900.

The tour, which developed from a casual conversation about taking language students abroad, would begin July 10 and the price includes all transportation, housing, meals, taxes and tips.

There would be no extra cost except what the individual wants to spend for "souvenirs." The group would fly directly from Chicago to London and returning from Paris to Chicago, allowing all possible time for visiting eight countries.

Miss Rosetta Gernon, French teacher at Kankakee High School, who also speaks Italian and Spanish, and Miss Dorothy McCann, civics-economics teacher at the high school, would accompany the group.

People of high school age and older are eligible to make the trip and may contact the teachers for information.

ACTIVELY SLATED to start July 11, the four complements of 16 must be complete by May 11 in order to make advance reservations for housing and the three meals a day included in the tour costs.

Arriving in London, the group would spend a few days in that city and environs, cross the channel to Holland to see The Hague, Amsterdam, Rotterdam and the diamond industry; visit Antwerp and Brussels in Belgium; and go by river boat up the Rhine, through Germany to Basel, Switzerland. After a visit in Luxembourg, the trip would proceed to Italy, where Venice, Florence, Rome, and other cities are

Dog Mothers Armadillo

Prissy, with a family of her own still finds time to take care of a baby armadillo. The armadillo was given to Warren Lockhart of Austin, Tex., shown looking proudly at family. Called Army, the young armadillo is old enough to drink milk out of a bowl, hence his backward position at the chow line. (Unifax)

Resolution Seeks EIU Investigation

SPRINGFIELD (AP)—A resolution seeking an investigation of the House Executive Committee, the administration of Eastern Illinois University, Charleston, has been filed in the Illinois House.

Submitted Tuesday by Rep. Bruce Shaeffer, 21, of Skokie, the resolution, which was introduced by the student-faculty-publications board after Fay's resolution said the dismissal of four students is "disparaging" to the university.

The resolution, sent to the House Executive Committee, has named to make the inquiry and report to the House by June 8.

James L. Allen, four-term mayor of Greensfield, was beaten by Clifford O. Fields.

Snyder's defeat in the Lafayette Republican primary was by Elton J. McBurn.

Mayor Ralph Tucker of Terre Haute, Democratic nominee for governor in 1956, was renominated easily for a fourth term after a hard campaign against City Council President Frank Doyle.

Republicans chose Ray H. Hahn over H. Dewitt Owen.

In Hammond, former Mayor Vernon C. Anderson easily defeated Edward B. Bellamy for the Republican nomination while Democratic Mayor Edward C. Dowling narrowly bested John F. Mahoney, whom he first as police chief last year.

A month's all-expense tour of Europe is in prospect for Kankakee residents this summer.

If a minimum of 15 people want to make the trip for just \$900.

The tour, which developed from a casual conversation about taking language students abroad, would begin July 10 and the price includes all transportation, housing, meals, taxes and tips.

There would be no extra cost except what the individual wants to spend for "souvenirs." The group would fly directly from Chicago to London and returning from Paris to Chicago, allowing all possible time for visiting eight countries.

Miss Rosetta Gernon, French teacher at Kankakee High School, who also speaks Italian and Spanish, and Miss Dorothy McCann, civics-economics teacher at the high school, would accompany the group.

People of high school age and older are eligible to make the trip and may contact the teachers for information.

ACTIVELY SLATED to start July 11, the four complements of 16 must be complete by May 11 in order to make advance reservations for housing and the three meals a day included in the tour costs.

Arriving in London, the group would spend a few days in that city and environs, cross the channel to Holland to see The Hague, Amsterdam, Rotterdam and the diamond industry; visit Antwerp and Brussels in Belgium; and go by river boat up the Rhine, through Germany to Basel, Switzerland. After a visit in Luxembourg, the trip would proceed to Italy, where Venice, Florence, Rome, and other cities are

3 Moderate Board Members Stage Walkout

Segregationists Vote Ouster Of 44 Little Rock Teachers

LITTLE ROCK, Ark. (AP)—The Little Rock School Board's three unyielding segregationists Tuesday disregarded a walkout by three moderate members and voted to fire 44 teachers in the city's integrated-troubled school system.

Twenty-six of those whose contracts would not be renewed are employed at the closed Central High School where a handful of Negroes attended under protest.

The moderates—Ted Lamb, Ruler, and Everett Tucker—left a board meeting called to consider teacher contracts, announcing they would vote to fire the 44 teachers.

LAMB LATER SAID Tuesday's decision would be challenged in court. Lamb said the trio had adopted the "all or none" attitude because they feared a purge by the segregationists. He said they wanted to strip the system of teachers so none would be available to operate the city's four high schools.

SCHONGAU, Germany (AP)—Ranger troops of West Germany's courts ordered them re-opened on a matter of diet.

Among those to be fired are the given in jail J. W. Matthews and Vice Principal Thomas Jefferson Jones, 37, was ordered held without bond on murder charges after a daughter called police and told them "daddy says he has killed two women."

Jones was arrested at the home of the daughter, Mrs. J. O. Reese, about an hour after the shooting. Jones was arrested at the home of the daughter, Mrs. J. O. Reese, about an hour after the shooting.

Beaumont, Tex. (AP)—Two women were killed by a fire in an apartment house here Tuesday and police quickly arrested the man who says he fired the fatal shots.

The man, father of a local policeman, was quoted by police as saying he killed the two women because one had him arrested and both laughed at him when he was jailed.

Killed were Alpha Bell Hill, 46, a nurse's aide here, and Elaine Hildreth, 48. Thomas Jefferson Jones, 37, was ordered held without bond on murder charges after a daughter called police and told them "daddy says he has killed two women."

Mrs. Clarence Baechler, left, handicap co-chairman, and Mrs. Henry Mackin Jr., handicap chairman, played the course at the Kankakee Valley Elks Golf Club Ladies Day today. This officially opened this season's women's golf program at the club. (Journal photo)

Mrs. Harold R. Beckwith, foreground, is chairman of the women's golf program at Kankakee Country Club for the season. She is pictured with Mrs. Thomas P. Fitzpatrick, co-chairman. The women's golf program got under way with a brunch at the club Tuesday. (Journal photo)

Ladies Days Open Golf Season

Both the Kankakee Valley Elks Golf Club and the Kankakee Country Club officially opened their women's golf programs with Ladies Day today and Tuesday respectively. About 100 women attended each event.

At the KVEGC today beginners teed off at 10 a.m. for a 36-hole event while golfers who wished to play 9 holes teed off at 9 a.m. and those who preferred an 18-hole game began at 8:30 a.m.

Prizes will be awarded in both the beginners and the 9-hole categories.

LUNCHEON WAS served in the clubhouse following golf. Each table was centered with May baskets filled with spring flowers.

Mrs. Lucard Roy was chairman of the luncheon and Mrs. Jerome Woyahn, co-chairman. Assisting were Mrs. Earl Betendorf, Mrs. R. E. Warren, Mrs. Paul Lang, Mrs. Edith Moersch, Mrs. Lola Holder, Mrs. Leola Stoltz, Mrs. Rosemary Wadley, Mrs. George Dunn, Mrs. M. S. Hancock and Mrs. Cella Wagner.

This committee will be in charge of women's activities at the club during the month of May. This will include local guest day on May 27 and a women's event on Memorial Day. Each Wednesday will be Ladies Golf Day at the club.

GENERAL CHAIRMAN of the women's golf program is Mrs. Jerome Woyahn and co-chairman is Mrs. Frederic Roy.

Handicap chairman will be Mrs. Henry Mackin Jr. and co-chairman will be Mrs. Clarence Baechler. Their committee is composed of Mrs. William Whitehead and Mrs. Harry Kuntz.

Team captains will be Mrs. James Quigley, captain, and Mrs. James Lahey, co-captain, of the Hookers and Mrs. Puff Romary, captain and Mrs. Frank Salkeld, co-captain of the Silvers. Team playing will begin the first of June.

A 10:30 O'CLOCK morning brunch at Kankakee Country Club Tuesday preceded golfing. Of the 100 club women, 15 were new golfers. They were served at tables decorated with spring flowers, symbols of the golf season, and pointed geraniums used to carry out the color scheme of melon and green.

CHAIRMAN FOR THE day was Mrs. Ray Benoit. Her committee members included Mrs. Raymond Dixon and Mrs. Clifford Mann.

Team captains and lieutenants were introduced at the brunch. Captain of the Moaners team is Mrs. Robert Friend. Lieutenants are Mrs. Harry Grunick, Mrs. E. Halmaier, Mrs. Leop Lang and Mrs. Wallace Hallett.

Captain of the Greeners team is Mrs. A. L. Jaron. Lieutenants are Mrs. Charles Goodwin, Mrs. Edward Gerrity Jr., Mrs. Orville Busse and Mrs. Keith Watland.

Each Tuesday will be women's golf day at the club.

"When you crush peppermint candy (the hard sort) for use in making ice cream, do so between two sheets of waxed paper, using a rolling pin. Use either mellee-mint peppermint candy or the regular red-and-white variety.

Former Kankakeean Weds In Milwaukee

Miss Jean Marie O'Connell, a former Kankakeean, became the bride of Wilbur Jack Grimes of Dallas, Tex., in a double ring ceremony Saturday, April 25, at 11 a.m. in Holy Family Church in Milwaukee, Wis. The Rev. George Wollert officiated at the service. The altar was flanked by arrangements of ferns and white flowers.

The bride is the daughter of Mr. and Mrs. Dennis Joseph O'Connell of Milwaukee and formerly of Kankakee. The bridegroom is the son of Mr. and Mrs. Wilbur C. Grimes of LaGrange, Calif.

Musical selections during the ceremony included "Pansy Angelica," "Ave Maria" and "On This Day O Beautiful Mother."

GIVEN IN MARRIAGE by her father, the bride wore a ballerina-length gown of white lace and a shoulder length veil. She carried a cascade bouquet of orchids.

Mrs. Herbert Schmuck of Chicago, sister of the bride, was matron of honor. She wore a pink organza dress and carried a bouquet of garnet roses.

William Cornelius of Midland, Mich., served as best man. Ushers were Herbert Schmuck of Chicago and Richard Fitzgerald of Kankakee.

A reception was held at the home of the bride's parents, 4748 N. Crater St. in Milwaukee following the ceremony.

FOLLOWING A wedding trip to California, the couple will reside at 5800 Guston Ave. in Dallas. For traveling, the bride wore a blue suit with a white orchid corsage.

The new Mrs. Grimes is a graduate of Kankakee High School and has attended Southern Illinois University in Carbondale and the Ray Vogue Art School in Chicago. She has been a stewardess for American Air Lines in Dallas. The bridegroom is a graduate of Los Angeles College and is employed by Dow Chemical Co. in Dallas.

Sandra Stearns Engaged

Mr. and Mrs. William S. Stearns of 741 River St., Bourbonnais, announce the engagement of their daughter, Sandra Sue to Dale H. Behrens, son of Mr. and Mrs. Herman Behrens of Clifton. An early fall wedding is being planned. (Colonial photo)

LAS Of Buckley To Meet Thursday

Answers For Sneezers

Got Hay Fever?
Live In A Cave

By WARD CANNEL

NEW YORK (NEA)—In answer to many questions from all over the country, it can be reported conclusively that a little progress is being made against the scourge of spring and summer hay fever.

Here are some of the most frequently asked questions by hay fever sufferers, and answers from leading authorities in the field on this mighty battle of man against nature.

Q. I hear there's a one-shot-in-the-arm treatment that cures all hay fever. Why are they hiding it from us?

A. Doctors are watching this new therapy very closely, according to Dr. Charles D. Marple, director of the Allergy Foundation of America. Right now, however, it is still in the control stage because the dose is so stiff it could be dangerous.

Q. SURE, SURE. I got the same pusnyfoot song-and-dance about cortisone and ACTH. And Dr. Charles D. Marple, director of the Allergy Foundation of America, says it's a cure.

A. The corticosteroids can have serious side effects, according to Dr. A. H. Fineman, one of New York's leading allergists. Effects sometimes more serious than the condition they relieve. Happily, however, we are beginning to learn more about them.

Q. Beginning to learn? Is there anything you know?

A. Antihistamines are much more effective today than they were even a year ago. There is a new drug called Benadryl, which is a mild sedative, but it is very effective in relieving hay fever symptoms.

Q. Listen, just because you can't pronounce the name of the drug doesn't mean it's a miracle. I got an idea they pick those names for the psychological effect.

A. There is no denying the emotional factor in allergy, according to Dr. Marple. Your state of mind can certainly affect your condition.

Q. YOU GUYS MAKE ME SICK. You see a kid with asthma and right away you want to psychoanalyze him.

A. On the contrary. Asthmatic children are often simply removed to a healthier climate and their parents are given the psychotherapy. Science has found...

Q. You guys make me sick. You see a kid with asthma and right away you want to psychoanalyze him.

A. On the contrary. Asthmatic children are often simply removed to a healthier climate and their parents are given the psychotherapy. Science has found...

Q. Are you crazy? The hay fever season can last a month. Do you know how much one of those cruises could cost?

A. Crown Peters Travel Service can arrange something for you for about \$1,000. If you will sign this form...

Q. You guys make me sick. You see a kid with asthma and right away you want to psychoanalyze him.

A. Of course nature herself has provided sanctuaries for sufferers. There are many caves in this country that are completely free of pollen.

Q. Caves? Are you crazy?

A. History shows that Jesus James lived in a cave. So did Daniel Boone. Kate Smith first sang "God Bless America" in a cave.

Q. SHE DID? According to Rudy Turilli who owns the Meramec and Oandago Caverns in Missouri, caves are a very good investment, even if you don't have hay fever. People will pay instant money to see you.

Q. They will? It's easier to get a mortgage on a cave than on a house, Turilli says. But he says you have to be careful to buy a live cave: one with fresh springs and stalagmites and so forth. This kind net only keeps the air pollen-free, but also grows at the rate of a cubic inch every...

Q. No kidding?

A. No. Turilli says he knows where all the best ones are. He knows a couple that have good echoes so you won't get lonely. He'll help you find just what you need. Simply sign this form...

For Piper Pastor, A Peacemaker

Phillip Coe, pastor of the Piper City Presbyterian Church, has a somewhat unusual hobby for a minister. He collects guns, which frequently are the topics of lectures he gives throughout Kankakee. The Rev. Mr. Coe's interest in firearms, primarily pistols and revolvers, stems from his interest in American history and the part weapons have played in carving from this continent's vast wilderness the nation it is today. While his collection is not large, it includes the types of firearms with historical backgrounds. One of his favorites is the famous Colt .45 Peacemaker, which he is shown holding. (Journal photo)

In comfort, too, Plymouth gives you the...

BIG DIFFERENCE

PLYMOUTH'S SO EASY TO GET IN

EASY TO RIDE IN

EASY TO SEE IN

"Easy does it" when you travel in a new Plymouth

There's a Big Difference in comfort among low-price cars and Plymouth gives it to you! Just open the wide front door, swing a Swivel Seat® around, sit down and swing to face the front—without ducking, stooping or hanging your knees! Do you like relaxing big-car comfort?

CHICAGO (AP)—Joseph (Joey) Gilmo, head of Chicago's taxi-drivers union, has been sued for the return of \$124,321 by 13 members of his union.

The drivers' contention Tuesday in the Superior Court suit that the money was used by Gilmo to defend himself against extortion charges.

The 13 are part of a group of drivers who want Gilmo's Teamsters Local 777 decertified as bargaining agent for 5,000 of the city's cabbies.

The money was allegedly paid from the local's treasury.

NEW FLOOR CARE ENDS WAXING

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now thanks to Glaxo's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high luster, non-slip coating that seals out dirt. Glaxo does in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a SWANNELL'S

Take Plymouth's "Two-Mile Try-Out" Now!

See any Plymouth dealer or salesman. He'll prove that all low-price cars cost about the same... but that only Plymouth gives you the Big Difference for your money. And ask him for your "Two-Mile Try-Out." You'll enjoy yourself putting Plymouth through its paces!

So much the same in price... so different on the road

Plymouth

To fully appreciate most of the

Eddie, Liz To Wed Tuesday

HOLLYWOOD (UPI)—Eddie Fisher announced today he and Elizabeth Taylor will be married at the actress's Las Vegas, Nev., ranch home next Tuesday.

The wedding, Fisher's second and Miss Taylor's fourth, will be private, Fisher told United Press International in a telephone call.

Rabbi Nussbaum said later it was decided that the couple would wed in a civil ceremony and he would perform a religious ceremony afterward.

The marriage will cap one of Hollywood's most publicized romances—and close the final chapter on Fisher's hollywood "ideal marriage."

Miss Taylor's third husband, Todd, was killed in March, 1958. Her other two husbands were her Nicky Hilton and English-born Michael Wilding.

Miss Reynolds divorced Fisher last February in Los Angeles, but under California law the divorce does not become final for one year from Las Vegas. Only relatives and close friends will be invited.

The boy-faced singer's nervous, that if an agreement on a German peace treaty were reached, the Soviet Union would go ahead and sign a separate one with East Germany.

THEN, SAID Khrushchev, the Allied occupation of West Berlin would come to an end, and control over Western access routes to Berlin must be exercised by East Germany.

It was Khrushchev's warning that the Soviet Union would control rights over Allied communications with Berlin that brought on the German crisis and led to the calling of an East-West foreign ministers conference in Geneva to start next Monday.

Khrushchev said the problem of a European security system should not be linked with a peace treaty for Germany. This was an apparent rejection of a package plan for settling European problems that the West has ready for presentation at Geneva.

HE SAID THAT A German peace treaty was the top issue for the present.

He said the Soviet Union was agreeable to the withdrawal of all foreign troops from West Germany. And if the NATO members withdrew their forces behind the boundaries of their own countries, then, said Khrushchev, the Soviet Union would withdraw its forces from Hungary and Poland.

Finally, the Soviet leader told the editors "the German question was a problem of war or peace."

Can't Still Barking Dogs, Judge Rules

HOUSTON, Tex. (AP)—A judge ruled here that dog owners can't be required by law to keep their dogs from barking.

"As a matter of fact, you can't keep a dog from barking unless you kill it," he added.

County Judge William A. Miller tossed out a \$50 fine against L.F. Schaeffer Jr., owner of the Idlewood Kennels.

The judge, without calling witnesses, ruled also that Schaeffer did not force the dogs to bark.

The kennel owner was fined March 17 in Corporation Court for keeping barking dogs that made unnecessary noises. He appealed to County Court. The complaint was filed by neighbors.

Peotone Senior Woman's Club To Hold Luncheon

PEOTONE (JNS)—The Senior Woman's Club will hold its spring luncheon in the Peotone Senior Center on Tuesday night at 7:30 p.m.

The luncheon will be followed by a demonstration by Miss Nancy Haven, home economist for a beet sugar company. Following the demonstration, new officers will be installed by a past Will County president, Mrs. A. M. Fodor, Joliet.

Hostesses for the afternoon will be Miss Bonnie Simons, Mrs. John Stassen, Mrs. George Curtis, Mrs. Franklin Arnold, Mrs. Fred Zorner, Mrs. Henry Rossi, Mrs. Ann Cochran, Mrs. George Hagenow and Miss Mary Miskin.

Khrushchev Sees No War Over Berlin

FRANKFURT, Germany (AP)—Soviet Premier Nikita Khrushchev says there won't be any war in Berlin, whatever length and how often it comes to international talks may take.

He made the remarks to a group of visiting West German socialist editors in Moscow. The interview was carried in several German and Russian newspapers today.

Khrushchev reiterated, however, that if an agreement on a German peace treaty were reached, the Soviet Union would go ahead and sign a separate one with East Germany.

THEN, SAID Khrushchev, the Allied occupation of West Berlin would come to an end, and control over Western access routes to Berlin must be exercised by East Germany.

It was Khrushchev's warning that the Soviet Union would control rights over Allied communications with Berlin that brought on the German crisis and led to the calling of an East-West foreign ministers conference in Geneva to start next Monday.

Khrushchev said the problem of a European security system should not be linked with a peace treaty for Germany. This was an apparent rejection of a package plan for settling European problems that the West has ready for presentation at Geneva.

HE SAID THAT A German peace treaty was the top issue for the present.

He said the Soviet Union was agreeable to the withdrawal of all foreign troops from West Germany. And if the NATO members withdrew their forces behind the boundaries of their own countries, then, said Khrushchev, the Soviet Union would withdraw its forces from Hungary and Poland.

Finally, the Soviet leader told the editors "the German question was a problem of war or peace."

Can't Still Barking Dogs, Judge Rules

HOUSTON, Tex. (AP)—A judge ruled here that dog owners can't be required by law to keep their dogs from barking.

"As a matter of fact, you can't keep a dog from barking unless you kill it," he added.

County Judge William A. Miller tossed out a \$50 fine against L.F. Schaeffer Jr., owner of the Idlewood Kennels.

The judge, without calling witnesses, ruled also that Schaeffer did not force the dogs to bark.

The kennel owner was fined March 17 in Corporation Court for keeping barking dogs that made unnecessary noises. He appealed to County Court. The complaint was filed by neighbors.

Peotone Senior Woman's Club To Hold Luncheon

PEOTONE (JNS)—The Senior Woman's Club will hold its spring luncheon in the Peotone Senior Center on Tuesday night at 7:30 p.m.

The luncheon will be followed by a demonstration by Miss Nancy Haven, home economist for a beet sugar company. Following the demonstration, new officers will be installed by a past Will County president, Mrs. A. M. Fodor, Joliet.

Hostesses for the afternoon will be Miss Bonnie Simons, Mrs. John Stassen, Mrs. George Curtis, Mrs. Franklin Arnold, Mrs. Fred Zorner, Mrs. Henry Rossi, Mrs. Ann Cochran, Mrs. George Hagenow and Miss Mary Miskin.

Sugar-Coated Nuts A Snack Treat

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

When warm weather encourages patio picnics and porch parties, a hospitable cook's fancy turns to the great American predilection for snacking.

If you want to keep snacking in paradise with something new and home-made, you may be interested in these superb glazed nuts. Most cooks relegate these to fancy and expensive confectionary shops, but we found that with some care we could concoct this specialty in our own kitchen. If you're an adventurous and dedicated cook, there's no reason why you can't do the same.

The hitch is that after you take the time to give a batch of walnuts and pecans their thin crisp sweet coating, it's hard to stop eating them! Should you resist temptation, put them in a tightly-covered screw-top jar and they'll keep for several weeks. They're wonderful to serve at a party with a fruit punch.

Because these glazed nuts are in the candy category, we caution you to observe certain rules when you make them.

First, follow the recipe faithfully, using the type of pan and the heat specified. If you want to make more of the nuts than our recipe calls for, do so in two batches. It's never wise to double a candy-category recipe.

Let someone else answer the doorbell and phone, should they ring while you are glazing the nuts. The syrup must be cooked to a 300 degree temperature; once the thermometer hits 220 degrees, it goes up extremely fast and you'll need to keep your eye on it. It's also wise to double-check on whether the hard-crack stage has been reached by testing the syrup in cold water.

You'll also need to work fast when you get to the point of coating the nuts in the syrup, draining and separating them.

GLAZED NUTS
Ingredients: 1½ cups sugar, ½ cup light or dark corn syrup, ½ cup water, ½ teaspoon salt, 3 cups walnut or pecan halves, 2 tablespoons butter, 1 teaspoon vanilla extract.

Method: In a medium-sized heavy saucepan stir together well the sugar, corn syrup, water and salt. Stir over low heat until sugar dissolves. Cook without stirring over medium heat to hard-crack stage (300 degrees on a candy thermometer) or until a small amount of the syrup dropped into very cold water separates into threads that are hard and brittle. Meanwhile spread nuts in a shallow pan and heat in a moderate (350 degree) oven for 10 minutes. Reduce heat under candy mixture to very low, add heated nuts, butter and vanilla. Stir just until nuts are coated and butter is melted. Remove from heat; turn into a large coarse sieve, set over a buttered pan, for 1 minute to drain off

GLAZED NUTS... wonderful treat when served with fruit punch.

excess syrup; spread nuts on another shallow buttered pan and separate with forks.

Variation: For a slightly redolent but not overpowering spice flavor, omit vanilla; mix 1 teaspoon cinnamon, ¼ teaspoon ginger, ¼ teaspoon cloves, and ¼ teaspoon nutmeg with sugar.

Note: When cool, the syrup mixture drained from nuts may be broken into pieces for hard candy.

Cabery Bowlers Meet For Dinner
CABERY (JNS) — Members of the Women's Bowling Team entertained their husbands at a dinner party Saturday night near Joliet.

Those present included Mr. and Mrs. Milton Colthurst, Mr. and Mrs. Orman Olson, Mr. and Mrs. Abe Hanson, Mr. and Mrs. Ed Oht, Mr. and Mrs. Duane Dones and Mr. and Mrs. Dick Colthurst.

Mr. and Mrs. James Dietzman and family spent Sunday at the Raymond Roderick home in Oak Park.

Mr. and Mrs. Robert Bouk and son and Mr. and Mrs. Richard Colthurst and Doug visited friends in Chicago on Sunday.

Dale Colthurst took his mother, Mrs. Hattie Colthurst, to Tecumseh, Mich., on Saturday, where she will spend several weeks at the Eldon Colthurst home.

Miss Patricia Tillet of Arthur and John Christ of Sullivan spent the weekend at the home of the latter's parents, the Charles Christs.

Mr. and Mrs. Godfrey Nelson and Mrs. George Frame spent the weekend with Miss Joanne Gish at the 4-H House in Champaign in observance of Mother's Day.

We don't blame you smart modern housewives for chuckling among yourselves.

Most food stores talk to you as though you were desperately on relief... as though you were huddled with your starving, tattered children around a newspaper spread out on the bare floor of your cold water flat.

The ads of these stores seem to picture you as reading with the fingers of one hand clutching a few miserable pennies while the other hand runs, trembling and slowly, down the food items, spelling out and comparing the "special" prices of one store against the other.

Sure, we at Rudy's realize that price is important. That's why we base our merchandising policy on bringing you Kankakee's lowest everyday prices thru high-volume low-cost operation.

BUT IT TAKES MORE THAN MERE "PRICE" TO WIN CUSTOMERS THIS DAY-AND-AGE!

We know that you look for other highly important factors when you shop for food... such as:

CLEANLINESS... UNLIMITED VARIETY... FRESHNESS OF PARISHABLES
... NATIONALLY-ADVERTISED BRANDS... MEATS TRIMMED OF WASTE
... COURTEOUS PERSONNEL... SPEED OF CHECK-OUT OPERATION...
CARRY-OUT FACILITIES... CONVENIENCE OF STORE HOURS...
WELL-LIGHTED PARKING AREAS... SELECTION OF NON-FOODS...
WIDE AISLES... SYSTEMATIC GROUPING OF DEPARTMENTS... "EASY REACH" SHELVES... COMFORTABLE AIR-CONDITIONING... PLAINLY MARKED PRICES... AND "STORE PERSONALITY!"

Rudy's is up-to-date on all counts and tailored expressly for modern shopping. At Rudy's, you get the time-honored "price"... plus all the extras that make shopping truly a pleasure.

Churchill Visits Marshall, Dulles

Fallout Reaches Ground Faster Than Expected

WASHINGTON (AP)—Radioactive fallout from the Soviet atomic bomb test reached the ground faster than expected, according to government scientists.

Their testimony on the Soviet-produced fallout was presented to a Senate-House Atomic Energy subcommittee Tuesday.

The scientists said fallout from the Soviet atomic bomb test was not as heavy as they had originally estimated, though not at the rate of the Soviet-produced debris.

"Atomic Energy Commission Chairman J. A. McClellan said in a speech to the National Press Club, McClellan said a scientific committee would be set up to study the fallout from the Soviet atomic bomb test.

The three nuclear powers—the Soviet Union, the United States and Great Britain—were trying to reach agreement to suspend all atomic tests.

DR. WILLARD F. LIBBY, the scientific member of the Atomic Energy subcommittee in 1957, he believed the radioactive debris fell to earth in 5 to 10 days.

Tuesday he said he had modified his thinking considerably. He estimated that Soviet fallout, mostly from tests in the Far North, descends in one year. That from U.S. and British blasts, principally in the Pacific near the equator, takes four to five years, he said.

Dr. Lester Mach, U.S. Weather Bureau meteorologist, testified that strontium-90—the most deadly fallout substance—was much heavier in the northern hemisphere zone.

He said that overall fallout in the northern hemisphere probably is 2 1/2 times the world average. This spring, after the big Soviet blasts to last October, "promises to produce the highest fallout rate of any spring this far," the meteorologist said.

CHICAGO (AP)—Big Ten football coaches, most of whom are returning to the two-platoon game, see two of the three major rule changes this year as a step in that direction.

The three NCAA rule changes include the "wild card" player which gives a coach the right to substitute one player at any time, an extra time out each game, and the widening of the goal posts.

The extra time out each half, the "wild card" player, and the widening of the goal posts are expected to be adopted by the coaches, who will meet in St. Louis, Mo., to discuss the changes.

WASHINGTON (AP)—It was a visit that tugged at the heartstrings—timeless Sir Winston Churchill paid a call on two gravely ill old friends.

Accompanied by President Eisenhower, prime minister went to Walter Reed Army Hospital Tuesday afternoon to see cancer-stricken John Foster Dulles and Gen. George C. Marshall, who has suffered two strokes.

Marshall, now retired, was U.S. Army chief of staff in World War I and worked closely with Churchill. Dulles, whose illness forced his resignation as secretary of state last month, also had participated in many a conference with the grand old man from England.

Churchill now is 84 and—as Eisenhower put it at his news conference Tuesday—is showing the wear and tear of advancing age. So it was something of a physical effort for him to go to the hospital from the White House.

HE AND THE President first spent about two minutes with Marshall, who recommended that he be released from his hospital bed and come to the White House. Marshall then went to see Dulles.

Newsmen were not permitted to accompany Churchill and Eisenhower. White House press secretary James C. Hagerty gave an account of the session.

It was Hagerty who supplied the picture of deep emotion—a picture of the President escorting one of his highest old friends to the visit with two others who are critically sick.

Dulles, wearing a blue and white robe over pajamas, was brought into the room in a wheelchair. It was the first public disclosure that he no longer is doing much walking when out of bed. A State Department spokesman said Dulles said he was "feeling better."

"It was so good, Sir Winston, of you to come and visit me," Dulles said in shaking hands with Churchill.

"I wouldn't need to Washington without seeing you," Churchill assured him.

Now she is about to head for London to open "The People's Church," an experiment that will aim to bring the church closer to the people. Mrs. C. F. Forbush and Mrs. Vincennes Bowers will be hostesses.

Canasta was played. Honors were won by Mrs. E. J. Baker and Mrs. William Hugg. Lunch was served by hostesses Mrs. Chris Johnson and Mrs. Howard Ross.

Exum Taken To Prison To Begin 4-5 Year Term

Ralph Exum, 35, 855 S. Indiana Ave., was taken to the State Penitentiary Tuesday to begin serving a 4-to-5 year term for burglary.

Exum was previously granted probation by Judge C. D. Henry on a burglary charge. While still on probation he was arrested by Kankakee police for petit larceny at West Junior High School.

Edgar F. Hutton Jr., 18, 1933 Meadowview Ave., pleaded not guilty to a burglary charge when he appeared in Circuit Court Tuesday. Judge Henry set bond at \$1,000 and continued the case for trial.

Hutton was arrested by city police Jan. 13 in connection with the theft of \$85 from a service station.

Doctors' Crashed Plane Uncovered After 2 Months

LINCOLN, N.H. (AP)—Dr. William C. Hutton, 40, who crashed a small plane in which two other men were killed, was found today after being missing for more than two months ago.

A spokesman said a conservationist had found the craft while flying over the heavily wooded Pemigewasset Valley a few miles from the town of Lincoln.

The plane vanished in a snowstorm Feb. 10. Hutton was flying from the Lincoln area to a medical conference in Boston.

He was found by a conservationist while flying over the heavily wooded Pemigewasset Valley a few miles from the town of Lincoln.
