## The Con Men's Newest Swindle

WASHINGTON (NEA) — Smooth talking confidence men have started a racket to fleece small businessmen who have been unsuccessful in borrowing money from their banks.

Believing that the con man can get them a loan, businessmen agree to pay him a large fee for his services. By the time victims realize the deal is phony, the swindler has pocketed their money and left town.

Investigators have not determined how much the new racket has netted swindlers. But a Senate Permanent Investigation Subcommittee sleuth believes that it has the potential for becoming a multimillion-dollar-a-year fraud. Subcommittee member Karl Mundt (R-SD) is expected to hold hearings on the problem shortly. It is estimated that 25 companies are involved in the scheme.

Also anxious to stamp out the new racket are officials of the Federal Trade Commission who have the job of policing interstate business operations. FTC Executive Director Harry A. Babcock says:

"We started moving against this scheme as soon as its outline became apparent. Meanwhile, by exposing what the scheme is, we believe we can help businessmen from being victimized."

THIS IS HOW THE con game works. Swindlers canvass a town and locate persons who are having trouble borrowing money to keep their business running. They pick a victim and announce they have contacts with important lending agencies that would be more than willing to make a loan.

These agencies are so interested in the welfare of small businessmen, the swindlers say, that they would loan the victim double what he wants.

The swindler explains that for a small fee he will contact the loan company and arrange the deal. Usually any of the victim's doubts are erased when the con man promises to return within a few days with the loan.

Fees vary according to the amount that the victim wants to borrow. One outfit gets \$150 to arrange a \$7,500 loan. To set up a loan ranging from \$750 to \$15,000 calls for a \$500 fee. The salesman gets a 30 per cent cut.

USUALLY, the SALESMAN promises to disarm the victim that

## Man Duels Police 5 Hours; Slays Wife, Chief, Self

LIMERICK, Maine (AP)—A brooding businessman shot and killed his wife and then killed a police chief and wounded two state troopers before his suicide ended a five-hour gun battle with nearly 100 officers Thursday night.

Gordon E. Hamlin, 41, upset over the recent loss of his furniture manufacturing business, shot himself as police closed in on his cellar hideout with bullets and tear gas.

Also dead were Hamlin's wife, Rose, 46, and Westbrook Police Chief Pierre Harnois, 34, both killed by shotgun and rifle fire. STATE TROOPER Stephen A. Regina, 42, of Saco, was critically wounded by Hamlin's shotgun in the stomach and leg.

Trooper Willard Parker was less seriously wounded on both arms and abdomen.

The scene of the blistering shooting was a quiet Maine roadside settlement by an old mill pond about a mile from the center of Limerick, a village of 1,800 people, 30 miles west of Portland.

Witnesses and police pieced together the story:

At 4:15 p.m., as Rose Hamlin crossed the street to visit Mrs. Jessie Mitchell, Hamlin shot to kill her from his front door and fired once with a rifle.

As Mrs. Hamlin raced up the front steps of the Mitchell home, Hamlin fired again and his wife fell, mortally wounded on the porch.

"He greeted me with both barrels of the gun," Parker said.

Although wounded, Parker radiated a calm, determined air as he assisted arriving troopers, city police and game wardens.

The officers stationed themselves behind their cruisers and in houses on each side of Hamlin's home, firing with rifles and pistols.

He said he saw Hamlin from time to time ducking from one window to another as he fired his shotgun.

HARNOS, A former FBI agent and Westbrook's first full-time police chief, was killed as he raced toward the house with a tear gas bomb in his hand.

Hamlin shot at him as he approached the house from the opposite side.

When darkness fell, searchlights were brought to the scene to light up the Hamlin house.

At one point, a tear gas grenade was fired to the roof, and firefighters put out the small blaze and then trained their hoses into a basement window where Hamlin now was holed out.

As water streamed into the house, Hamlin shot himself in the chest.

The Hamlin's daughter, Judy, 18, was at a baseball game when the shooting started. She is the salutatorian in her high school graduating class.

## Committee Cuts Ag Funds \$142 Million

WASHINGTON (AP)—The House Appropriations Committee today cut "complete disregard for the law" assistance policies, and cut its 1960 funds for \$142,109,365.

In recommending \$3,539,165,498 for the department's activities for the year starting July 1, the committee called for a much more active program of selling surplus commodities overseas.

Along with that criticism, it contended that many of the department's operations "are of more benefit to the general public than to the farmer."

"The situation in agriculture does not present a gloomy picture," the committee said in a report written by Rep. Jamie L. Whitten (D-Miss.).

For the department's regular activities, the committee recommended \$1,235,643,583, a cut of \$2,139,385 from the President's request.

For the Commodity Credit Corp., which handles surplus commodities and other farm programs, it allotted \$2,780,521,913, a cut of 100 million dollars. It said "this amount can be obtained by a return to competitive sales as directed by the law."

## Take Bids On New Pembroke School

Bids will be opened May 23 by the Illinois School Building Commission for a new 22-classroom grade school building for Pembroke Township School District in Kankakee County.

The commission is expected to award the contract about June 10 if the bids are within a reasonable range.

Construction is expected to begin immediately after the bids are awarded. Tentative occupancy date is the fall, 1960, school term.

THE SCHOOL WILL be built on a 26-acre site acquired by the board in the center of the township. District voters last November approved a \$120,000 bond issue for construction and a \$24,000 annual tax.

The new school will cost about \$375,000 to \$400,000, it is estimated. The rest of the construction money, above that of the bond issue, will be furnished under a state program for districts which do not have sufficient bonding power to meet their own needs.

The \$24,000 annual tax will be used to pay the state and local rental fee, as well as maintenance. The state will pay the 8 per cent rental fee for 12 years.

AT THAT TIME the state will cancel the principal amount and deduct the building to the school district.

Meanwhile, a friendly suit has been filed in Kankakee Circuit Court to prove that the district was legally organized originally.

County Supt. Rufel Hall emphasized that the suit is merely a legal formality necessary before bonds can be issued for the district.

"ALL SCHOOL DISTRICTS have to go through such a test the first time they issue bonds," Hall said. "The bonding company has examined all records of the formation of the district and found them to be in order. We are almost certain the district will find no irregularities."

Besides 22 classrooms, the new school will contain a multi-purpose room, administrative offices and a kitchen.

Some 500 students in the district are now attending classes in buildings which school officials have termed "substandard" and "fire-traps."

## Springer To Keep Seat: Committee

WASHINGTON (AP)—The House Elections subcommittee today threw out a request for a hearing into the election of Rep. William L. Springer (R-Ill.).

Chairman Robert T. Ashmore (D-S.C.), after a closed-door meeting of the committee, said the action was taken on a vote to sustain Springer's motion to dismiss the petition of Dr. Carlton H. Myers, Gilford veterinarian.

Myers, a Democrat, lost to Springer by about 22,000 votes in the congressional election last November.

ASHMORE said Myers did not follow the procedures set by law for the filing of a contested election.

He said Myers had not served Springer with a notice that he planned to contest the election.

Myers said he planned no further action. He contended he had mailed his notice of contest to the House committee, in care of the clerk's office, last Nov. 29.

The clerk's office reported there was no record of receipt of the letter.

Myers said he did not send the letter by registered mail but had sent a copy to a Washington news magazine the same day and was notified by them Dec. 4 that it had been received.

"It's just like the Army," Myers said. "The old run around."

## Claim Reds Help Chinese In Tibet

TAIPEI, Formosa (AP)—A Chinese Nationalist news agency reported today that two divisions of Soviet troops arrived in Tibet and Red China's Sinkiang Province bordering Tibet.

The Tainko Agency, operated by the Justice ministry, claimed its information came from underground agents in Shanghai.

The agency said the Chinese Communists invited the Soviets to send the divisions — one infantry, one of the Soviet Cossack cavalry — to help cope with any big uprising that might break out.

## Buy Federal Wagering Stamp

One Kankakeean was among 44 new purchasers of federal gambling stamps in 26 counties of northern Illinois, the Internal Revenue Service announced today.

According to the revenue service, purchases of a \$20 federal wagering stamp was listed for Edward Padon, 226 S. East Ave.

There were no gaming stamps listed for Kankakee County.

## Agriculture Committee Approves Bill To Cut Back Wheat Output

WASHINGTON (AP)—The Senate Agriculture Committee today approved a bill aimed at cutting back wheat production in 1960 and 1961, and reducing present record wheat surpluses.

Chairman Allen Ellender (D-La.) said the bill would provide a price support of 65 per cent of parity for those wheat farmers who comply with their acreage allotments. But for any farmer who voluntarily cut this allotment, 80 per cent of the support level would go up to 90 per cent of parity.

Present law provides a price support level of 75 per cent of parity for wheat farmers who reduce the national planting allotment set at 55 million acres.

THE SENATE committee's action came shortly after President Eisenhower signed a resolution extending the deadline for the agricultural department to fix 1960 wheat acreage allotments and marketing quotas until June 1.

This was an extension of two weeks.

Ellender said he believes the Senate bill would cause those receiving approval by Secretary of Agriculture Ezra T. Benson to receive a measure approved earlier this week by the House Agriculture Committee.

The House version would make mandatory a 30 per cent cut in wheat acreage, but increase the price support level to 90 per cent of parity.

Ellender said he believes the Senate bill would cause those receiving approval by Secretary of Agriculture Ezra T. Benson to receive a measure approved earlier this week by the House Agriculture Committee.

The House version would make mandatory a 30 per cent cut in wheat acreage, but increase the price support level to 90 per cent of parity.

Present law provides a price support level of 75 per cent of parity for wheat farmers who reduce the national planting allotment set at 55 million acres.

THE SENATE committee's action came shortly after President Eisenhower signed a resolution extending the deadline for the agricultural department to fix 1960 wheat acreage allotments and marketing quotas until June 1.

### Youth At School

## 'Oriental Dreams' Theme Of Bradley High Prom

"Oriental Dreams" will be the theme of the annual Bradley-Bourbonnais High School Junior prom tonight at the school's gymnasium. The occasion will find Japanese pagany surrounding the crowning of the king and queen and the decorations including a series of murals done by art students during the year.

The prom will be in the high school gymnasium from 8 p.m. to midnight. Music will be by a Jolee orchestra.

Highlighting the decorations will be typical scenes of Japanese rural and city life done in murals which will line the sides of the gymnasium. The work was done by art students who are members of the junior class.

The royal escort for the crowning of the king and queen will be composed of students in authentic costumes of Japan. Leading the way will be a Japanese princess, Sandra Boudreau. Flower girls will be Linda Byrne and Sharon Forester, crown bearers will be Mary Anne Wieliczko and Sheryl Menard. Little flower girls will be Christine Meissen and Jimmy Lee.

Queen candidates are Janice Bergman, Ruth Karr, Barbara Owens, JoAnn VanMeter and Rose Zullo. Last year's queen, Joan Wilson, will crown the new queen.

King candidates include Jack Childs, Robert Hayhurst, William Jemma, John English and Ted Cromwell. Crowning the king will be Richard Johnson, president of the senior class.

Following the prom the students have been invited to the after-prom party at the Elks lodge.

Loren Buser is general chairman of the prom. Assisting him in various chairmanships are Joe Padon, Paul Mills, Wayne Quick, Judy Lee, Jack Childs, Larry Benecise, Gary Magruder, Diane Martin, Sharon Neven, Donetta Eastman, J. B. Pence and John English. Mrs. Schubert, Dinkers and Richard Meissen are faculty sponsors.

CENTRAL HIGH SCHOOL will present its 1959 junior-senior prom, "Twilight of the Gods," Saturday night in the school gymnasium at 8 o'clock.

Preceding the prom a banquet will be held in the school cafeteria where the king and queen will be chosen. The two will be crowned later at the prom.

Candidates for queen are Judy Potts, Mary Weisler and Linda Witt.

King candidates are Joe Padon, Paul Mills, Wayne Quick, Judy Lee, Jack Childs, Larry Benecise, Gary Magruder, Diane Martin, Sharon Neven, Donetta Eastman, J. B. Pence and John English.

WARWICK, R.I. (AP)—An escaped mental patient killed his mother and father and was caught under a hail of bullets early today while trying to flee police.

The victims were Mr. and Mrs. Russell Chase. He was 33, and she was 30.

Before he died at Rhode Island Hospital today, the father named his son, Russell Chase Jr., 24, as the assassin.

Young Chase was captured in his father's automobile after a bullet-punctured chase.

Chase had escaped from the Rhode Island Hospital for Mental Diseases less than an hour before the attack.

Chase had been confined to an open ward of the hospital, meaning he had the freedom of the grounds and the privilege to go home weekends. He was home last Sunday. He was first committed, police said, in January 1953.

The articles in a seventh draft of the proposed constitution are being reviewed by the 46 members of the Joint Commission on Lutheran Unity at a meeting today at a meeting of leaders of the four groups.

Dr. Franklin Clark Fry of New York, president of the United Lutheran Church in America, wrote the document. Other churches represented by the merger commission are the American Evangelical Lutheran Church, the Augustana Lutheran Church, and the Finnish (Evangelical) Lutheran Church of America.

CHICAGO (AP)—A proposed constitution for a merged church to be formed by four Lutheran bodies was the major business today at a meeting of leaders of the four groups.

## Forgery Charge Placed Against Bradley Resident

WATSEKA (JNS)—John T. Gribbin of Bradley was arrested Thursday in Gilman on a complaint of Harry Sanders, Texaco service station proprietor, who charged Gribbin forged a check.

Gribbin is in the county jail, being held in lieu of \$1,000 bond. He appeared before Police Magistrate Leslie Stecker.

William A. Hall, Onarga, was arrested this morning in Onarga by Police Officer Albert Ruffner on a charge of driving while under the influence of intoxicating liquors. Hall is being held in lieu of \$1,500 bond to appear in County Court.

At the dinner, prepared by mothers of the juniors, Gayle Mae, junior class president, gave the welcome and served as mistress of ceremonies. Paul Malone, senior class president, gave the response.

Marie Gasler entertained the seniors with the reading of the class prophecy and Larry Coleman amused the juniors with reading of the senior will.

Musical selections were by Barbara Larkin, Sharon Benson, William Adent and a guitar quartet.

Following the banquet held in the gymnasium, the seniors and juniors danced. Music was by a Naperville orchestra.

REDDICK (JNS)—The Rev. Edmond Gregory, pastor of St. Mary's Church of Reddick and St. Lawrence's Church, Essex, will deliver the address at baccalaureate for Reddick High School seniors. The service will be at 8:15 p.m. Sunday in the school gymnasium.

"The Correct Attitude Toward Education," will be the subject of the speaker's address. Invocation and benediction will be by the Rev. Herbert Erberle, pastor of the Reddick-Zoar Evangelical United Brethren Church.

Music will be furnished by the girls chorus and a clarinet quartet. There are 23 members in the class.

## Lonesome Killer Gives 30 Years

ST. GENEVIEVE, Mo. (AP)—A young killer who got so lonesome for his mom on Mother's Day that he broke jail to see her has been sentenced to 30 years in prison for slaying his uncle.

Billy Glenn Newhouse, 28, of Desloge, Mo., Thursday pleaded guilty to first degree murder for the killing of James L. Newhouse, 38.

Newhouse and three other prisoners tunneled out of the 100-year-old St. Francois County Jail in nearby Farmington last Sunday. Newhouse surrendered nine hours later, glibly explaining, "I was lonesome for mom on Mother's Day."

Circuit Judge Joe Swink passed the sentence on the recommendation of prosecutor Raymond Roberts. Newhouse displayed no emotion.

ILLINOIS Sales Tax Up Over \$2 Million

SPRINGFIELD (AP)—The state sales tax brought in \$2,057,004 during April, a boost of \$219,953 over April a year ago, the State Revenue Department said today.

Other major state tax collections also showed gains by comparison of the two months. Public utility taxes totaled \$3,770,875, up \$601,351, and the liquor tax yielded \$1,120,663, an increase of \$42,369.

Other tax collections included: \$1,344,000, up \$84,835; cigarette taxes, \$1,238,010, up \$154,890; and motor fuel, \$1,219,996 up \$82,844.

## Atom Smasher Would Unlock Tiny Mysteries

SAN FRANCISCO (AP)—A 100-million dollar scientific monster to make the greatest assault ever on the atom will be America's next entry in the field of nuclear research.

It will be by far the most powerful thing of its kind, although Soviet scientists are working on plans for an instrument something like it.

The American machine will be two miles long. One of its biggest tasks will be to "see" a speck of space one hundred-thousandths of a billionth of an inch long.

PLANS FOR THE WEAPON are being worked out in the new Joliet, Ill., Atomic Energy Commission, which will be a national facility, open to use by any qualified American scientist.

Details of the big project were given by Stanford officials soon after the President made the announcement. In a news conference they expressed hopes of getting contracts signed within a year and said the machine probably would be operating in six years.

Dr. W. K. H. Panofsky, director of the Stanford laboratory where the prototype of the big machine now is operating, said the more powerful instrument is needed to determine how particles within the nucleus of an atom behave at distances too short to be observed by present atom smashers.

THE LINEAR electron accelerator is a 100-foot machine that shoots particles in a straight line, rather than around in spirals as do cyclotrons.

The high speed accelerator bullets break up the nucleus into some 30 different kinds of particles, one of which is a neutron.

Although scientists can work with neutrons and other particles, they still do not know exactly the roles played by these strange fragments.

The extreme short-range ability of these particles from the new machine is expected to help solve some of these mysteries.

## Plan Annual Dairy Day At Forrest

FORREST (JNS) — The committee for Forrest's Dairy Days is completing plans for the festivities scheduled for June 18, 19 and 20 in Forrest.

Donald Fortna, parade chairman, announced the parade will start at 1:30 p.m. June 18. Fair prizes will be given in the following categories: preschool and pets, vehicles, grade school and high school.

Three prizes will be given in the dairy maid contest. There is no age limit and each contestant will dress as a dairy maid.

The all-star dairy princess and her court will ride in the parade. She will be crowned Thursday night. Bales for the dairy princess contest will be announced soon. Single girls living on a dairy farm in Livingston County or surrounding counties will be eligible. Mrs. Lillian Johnson is chairman of the contest.

"The June Buns Dance Revue will be presented Thursday and Friday nights at 7:30 p.m. in the school gymnasium.

The sophomore class of Forrest-Strawn-Wing High School will sponsor "The Hop" June 19. John Coleman of Champaign television will preside.

An orchestra from Pontiac will play the music for a dance June 20. Kenneth Bohannon is chairman of the music's festivities.

Central Unit 4 PTA Conducts Officer Installation

CHEBANSE (JNS) — The Central Unit PTA Teacher Association held its first meeting of the year in the Elmwood School, Chebanse, on Monday evening.

Mrs. Clarence Winterhous, president, presided. The PTA prayer was read by Mrs. Winterhous. Reports of various committees were given.

For the program, Mrs. Thelma Eimer, first grade teacher, gave a talk on "Readiness for First Grade." Miss Frances Smet, music teacher, presented the chorus of the Chebanse school. Miss Roven presented two of her speech students.

Mrs. Frank Brenneisen installed the newly-elected officers: Kenneth Johnson of Clinton, president; Wayne Starnover of Ashkum, vice president; Mrs. Don Sweeney, Chebanse, secretary; and Mrs. Fritz Brinkman, treasurer.

The Central High School home economics classes held a style show Tuesday evening. Eighth grade students and mothers were guests.

The narrators were Janet Cunningham and Karen Siffes. The home economics classes of 1958 and 1959 styled garments they made during the year. Refreshments were served by freshmen students.

The Central High School Future Homemakers of America installed the following officers: Betty Tamborelli, president; Donna Jackson, vice president; Sherry Reinhard, secretary and Susan Vincent, treasurer.

**B58 Factory Blast Kills Man, Hurts 13**

FORT WORTH, Tex. (AP) — Air Force and Convair Corp. investigators tried to learn today why a B-58 jet bomber exploded and burned Thursday, killing one man and injuring 13.

The aircraft was undergoing a routine check on the ramp in front of the factory here when a series of explosions ripped through it, and a huge ball of fire enveloped the plane.

The plane was destroyed. Firemen found the charred body of a man tentatively identified as G. W. Johnston, 36, inside the plane. Johnston and all the injured were Convair employees.

### No Mistake, We're Better Off Now

By FAYE HENLE

Do you feel almost 100 per cent more secure than you did five years ago?

"I don't know what you're talking about," he quipped, asking in the next breath: "What did you buy today?"

What prompted my question was no major purchase but instead a batch of figures that came in the morning mail. These figures explain a lot—our willingness to buy on credit today almost anything we care to own and the economist's certainty of continued prosperity far into the future.

The story these figures tell is this: regardless of death, disability, old age retirement or unemployment, the American family will enjoy a measure of unparalleled future security unless this built-in security is obliterated by all-out inflation.

This year, American families faced with any of the above circumstances will receive more than 34 billion dollars under various security programs. This is exactly twice as much as they would have gotten five years ago, 12 times as much as they would have received in 1929.

The source for these figures is the Institute of Life Insurance, and its president, Holgar J. Johnson, points to the improved status of family financial security by comparing a family situation today with that of 30 years ago. Says he:

"In 1929 this family would have had \$4,500 of life insurance, workman's compensation for job injury, but no pension, health insurance, unemployment benefits, nor social security. They would have had a home equity of about \$2,000, approximately \$1,200 in savings to cover all emergencies and about \$500 after food, shelter, clothing and taxes.

"Today the equivalent family would probably have \$11,000 in life insurance, a pension plan to provide more than \$400 monthly, a broad program of hospitalization, surgical and medical expense, possibly major medical protection, workman's compensation, unemployment benefits up to \$50 weekly, social security benefits for survivor family up to \$24 monthly, retirement benefits under social security for emergencies of some \$5,000 and an annual balance of income over food, shelter, clothing and taxes of some \$2,000."

"You probably want to know how we compare with this family," my husband replied, quickly answering: "Very well."

"This is not exactly what I was thinking," I said, "but of the future."

"If as a nation we continue to increase these benefits at the same rate during the next five years, as in the past five," he answered, grabbing the slide rule, "by 1962 we will be receiving an average annual 67 billion dollars in benefits. The chances are however, that the increases will be considerably greater since more of us will qualify for pensions, since more will buy life, health and personal liability insurance. And social security benefits are scheduled to rise."

Greatest increase—a full 185 per cent in the period 1953-58, has been in social security, old age, survivorship and disability payments followed by a 112 per cent gain in uninsured pensions, a 110 per cent gain in health insurance, a 66 per cent gain in personal liability insurance and almost a 39 per cent gain in life insurance coverage.

Next to social security payments of 8.5 billion dollars last year, the 5.8 billion paid out by life policies ranked second and continued to play the dominant role in the individual's private emergency fund payments.

For the program, Mrs. Thelma Eimer, first grade teacher, gave a talk on "Readiness for First Grade." Miss Frances Smet, music teacher, presented the chorus of the Chebanse school. Miss Roven presented two of her speech students.

## One Of A Series On American Religions

### The Christian Scientist Story

(This is the 14th in an intermittent series of dispatches profiling America's major religious bodies.)

By LOUIS CASSELS

One Thursday evening in February 1866, a frail young widow named Mary Baker Eddy was seriously injured by a fall on an icy sidewalk in Lynn, Mass., the site of her birth.

She was carried unconscious to a nearby home. For two days she remained in critical condition and Sunday afternoon, Mrs. Eddy awoke. She closed the Bible and read the account of Christ's healing of a man with palsy.

ALTHOUGH SHE HAD read the familiar passage many times before, Mrs. Eddy found in it, on this occasion, a new significance. After a brief prayer, she closed the Bible, arose from bed, dressed herself and walked into the parlor to greet her startled friends.

Out of this event, and Mrs. Eddy's subsequent reflections, grew one of America's major religious denominations — the Christian Science Church. Formally established in Boston in 1879, it now has more than 2,300 branches in 48 countries. In keeping with Mrs. Eddy's wish, the church does not publish membership statistics, but it is known to have several hundred thousand adherents.

Christian Science is usually identified in the public mind with spiritual healing. But the church's distinctive teachings about health can be understood only in the context of its basic theology, which is outlined in Mrs. Eddy's book, "Science and Health, With Key to the Scriptures."

Christian Scientists believe that God is "infinite good" and that all "reality" in the universe is necessarily good, because God created it as such.

THE EVIL, SICKNESS and death which men think they see in the world could not have come from God, hence they must be "unreal." They affect men only so long as "erring human belief" causes them to seem real. When men achieve true "spiritual understanding," the "illusions" of sin and sickness vanish, just as a bad dream evaporates when the dreamer awakens.

CHRISTIAN SCIENTISTS say that thousands of people have been healed of every kind of disease and ailment, from cancer to broken bones, by the application of this insight. They do not regard these healings as "miracles" but as the natural working of divine laws which are immediately available to all men.

It should be emphasized that, in Christian Science teaching, the "healing" that flows from apprehension of spiritual truth is not confined to physical illness, but also applies to family and business problems, social injustices, psychological tensions and "moral confusions"—the Christian Science synonym for what other churches would call human sin.

WHEN CHRISTIAN SCIENCE denies the reality of sin, it parts company with the main stream of Christian tradition. This holds that evil, however it got into God's creation, is a very real thing, and that Christ's mission on earth was to deliver men from its bondage and enable them to enter into the new relationship of love with God and each other.

Each Christian Scientist acknowledges Jesus in his formal creed as the Christ, the Son of God, the savior of the world, the one who came to save men, not from their sins but from their ignorance.

TERRIFYING EFFICIENCY SYDNEY (AP) — An Australian textile executive, J. J. Webster, says the efficiency of the Japanese textile industry is "terrifying."

He meant it is terrifying to competitors in other countries. Webster, managing director of Bradford Cotton Mills, Sydney, recently returned from a visit to Japan. He said the Japanese had better management techniques than any other country in the world.

Some Japanese factories, he said, went three or four years without losing time because of accidents.

Both the grade school and high school bands and chorus groups participated. Mike Ferrari, band director, opened the program with several numbers by the grade school band.

The story for the presentation of musical numbers was written and narrated by Keith Hartberg, senior. Norma Cox, vocal instructor at the grade school, directed the grade school chorus numbers. Fern Rittenberg directed the high school chorus.

Miss Sherill Heeren was a featured vocalist in one of the chorus numbers. Several specialty songs by the girls' quartet and the boys' sextet were presented.

The art work for the backdrop featured a rose display and was done by students.

The posters will be displayed in business windows. Mrs. John Teske and Mrs. Earl Johnson were poster chairman.

from their misconceptions, by demonstrating in his healing ministry and in his resurrection "the aliveness of soul and spirit and the healing power of matter."

The Christian Science church has no ordained clergy. The healing ministry is entrusted to "practitioners," men and women who are licensed for this service after careful examination of their understanding of Christian Science doctrine.

Most churches sponsor one or more "reading rooms" at which any interested person may find extensive literature on Christian Science.

During the business meeting, conducted by the vice president, Robert Post, the league voted to hold an all-day picnic June 13 at the Indiana Dunes State Park.

An election of officers was held. Elected were Kenneth Wrede, president; Leon Carley, vice president; Ruth Janssen, secretary; Rita Ennen, treasurer; Richard Carley, service promoter; Mary Gluck, spiritual growth promoter; Donnell Wierneck, chorale leader; Dianne Starnover, literature promoter, and Russell Carley, recreation promoter.

Jerry Broquard will act as toastmaster. Betty Jo Lindsey, junior president, will give the welcome. Alan Metz, senior president, will give the response. Carol Walbel will read the program and Gordon Johnson, the class history.

Roseann Keeley will read the senior class will. Wayne Rickert, Robert Gillespie, Tom Gaskins and Jerry Broquard will provide Hawaiian music and a group of junior girls will close the program by singing "Aloha."

Music for the program, to be held at the high school gymnasium, will be provided by an orchestra.

# Youths Won't Use Mouse In Rocket Firing

NEOGA (AP) — Three high school scientists, after a warning by a humane society, have abandoned their plan to put a mouse aboard a homemade rocket.

Paul Braden, 17, Rick Talle and David Carruthers, both 16, revised their project after a conference Thursday. Each boy received a letter from Fred Myers, executive director of the Humane Society of the United States, Washington.

Myers said using a live animal for the rocket test in June "serves no scientific purpose and violates anti-cruelty laws of Illinois."

"We didn't want to take a chance on breaking the law," Braden said. "We know the society acted in the best interests of their group and we respect their feelings."

BRADEN said he was sure the mouse would have been recovered alive from the parachute-equipped ejection device built into the six-foot rocket.

"The main danger to the mouse was the possibility of explosion on the launching pad," Braden said. "The mouse will be replaced with radio instruments tracking the flight of the rocket, built under supervision of instructors at Neoga High School."

University of Illinois and Eastern Illinois University professors have been invited to watch the launching on "Carnegie" farm near Neoga, a Cumberland County town of 1,200. The launching date depends on weather.

Braden said townspeople were amused by the warning from the humane society.

"Around town they said it's okay to catch mice in a trap or poison them to why not put them in a rocket," Braden said.

# Graduation Set For May 26 At Gilman High

GILMAN (JNS) — Commencement exercises at Gilman High School will be held at 8 p.m. May 26 in the gymnasium.

The Rev. Clarence Hall of Catlin will be the speaker. He also is a member of the state legislature, serving as one of three state representatives from Irroquois and Vermilion counties. The Rev. Mr. Hall has spoken in Gilman on several previous occasions.

Baccalaureate services are scheduled for 4 p.m. May 24 in the high school gymnasium. The Rev. C. E. Boebel, pastor of St. John's Lutheran Church, Danforth, will speak.

Promotion exercises for Danforth eighth graders will be held May 22. Gilman eighth graders will be promoted May 25.

The annual alumni banquet and dance will be held May 30.

# Malicious Damage Bill Clears House; Pass Denture Bill

SPRINGFIELD (AP) — The Illinois House has approved a bill making parents responsible to \$200 for malicious property damage by their children.

Another bill which passed the House Thursday and moved to the Senate would prevent laboratories from making dentures without prescriptions from dentists. It also requires dentists to register every two years.

The House refused to endorse a measure by Rep. John Morris (D-Chadwick) appropriating \$75,000 for a survey of U. S. Route 20 and Illinois Highway 75, with the aim of bypassing Freeway because of flooding from the Pecos river.

# Attorneys Offer Aid To Ex-Queen

LITTLETON, Colo. (AP) — Attorneys from five states have offered to defend Daphne Ann Gottfried, 26, a former beauty contest winner charged with armed robbery.

The charges were filed in Arapahoe County District Court Thursday. They stem from a drug-store robbery in which \$121 in cash and narcotics were taken.

Dist. Judge Harold Harrison named a local attorney to defend Mrs. Gottfried.

Bill Maragoss, chief investigator for the Arapahoe County Sheriff's Office, said attorneys from Baton Rouge, La.; Chicago, New York City, Louisville, Ky., and Oklahoma City had offered to come to this Denver suburb, at their own expense, to defend Mrs. Gottfried.

She was chosen Miss Colorado Jaycee last July.

# ABOUT TIME

CHESTER, Ind. (AP) — John Hansen won a Carnegie Foundation medal in 1931 for saving a girl from drowning, but he decided not to apply for the \$500 reward until he needed the money. Recently the foundation decided he had waited long enough and sent the \$500.

# Air Force Solves A-Plane Problems

WASHINGTON (AP) — The Air Force said today it has hurdled the last major obstacle to development of a nuclear powered airplane, that of efficient shielding from radiation.

Gen. Roscoe C. Wilson, deputy chief of staff for development, told the Aviation Writers Association that "we therefore are now embarked on a program to produce a subsonic nuclear powered airplane which will be the prototype of a future weapon system."

Wilson did not say when such a prototype, or experimental model actually would be built and ready for testing. Development of a new plane normally takes a number of years.

"THE SHIELDING problem for nuclear airplanes has been solved. We know how to design effective airborne shields and how to predict their performance."

Wilson said a nuclear airplane would not necessarily be any larger than the current B52 heavy jet bomber. It also will be designed to operate off the runway length as the B52.

He said a nuclear bomber would be able to cruise anywhere in the world, and would be capable of launching long-range ballistic missiles as well as handling nuclear bombs and short-range missiles.

Wilson said two types of nuclear power plants are being developed: the direct cycle and the indirect cycle.

In the indirect cycle, the reactor heats a liquid metal which flows through a closed system. The liquid metal is heated by passing through the turbine, and flows out as a jet stream.

# Lions Of Gilman Hold Election Of New Officers

GILMAN (JNS) — The Lions Club met Monday evening with 24 members present, for an election of officers.

Elected were Russell Lloyd, president; Vernon Bradshaw, first vice president; LaVerne Reitz, second vice president; Jess Cox, third vice president; William Merkle, tail twister; Arthur Simons, lion tamer; and Everett Upshoff, secretary.

Ladies Night will be held at Underwood's Cafe on June 8. A program has been arranged with a dance to follow.

The Rev. Calvin Franz, who had charge of entertainment, gave a talk on "Loyalty."

# Dwight School Board Hires 2 New Teachers

DWIGHT (JNS) — The Dwight Township High School Board of Education met Tuesday night in the high school.

Warren Kuster, superintendent of Dwight Schools, read a letter of resignation from Harry Lathrop, science teacher, basketball coach and assistant football coach.

In his letter, Lathrop stated he had accepted the job of basketball coach at Morton.

Two new teachers have been hired for next year. Miss Marianne Heller of Plano will teach home-making and Miss Jeanette Pfeiffer of Dwight will be the girls' physical education teacher. Miss Pfeiffer has been teaching in Glenview the past year.

Plans were discussed for buying a rotary mower and the possibility of laying out a hardball diamond south of the school.

The question of employing a second assistant for coaching during the football season was discussed. No decisions were made on any of the matters.

He said a nuclear bomber would be able to cruise anywhere in the world, and would be capable of launching long-range ballistic missiles as well as handling nuclear bombs and short-range missiles.

Wilson said two types of nuclear power plants are being developed: the direct cycle and the indirect cycle.

In the indirect cycle, the reactor heats a liquid metal which flows through a closed system. The liquid metal is heated by passing through the turbine, and flows out as a jet stream.

In the direct cycle, the reactor heats a liquid metal which flows through a closed system. The liquid metal is heated by passing through the turbine, and flows out as a jet stream.

# Lions Of Gilman Hold Election Of New Officers

GILMAN (JNS) — The Lions Club met Monday evening with 24 members present, for an election of officers.

Elected were Russell Lloyd, president; Vernon Bradshaw, first vice president; LaVerne Reitz, second vice president; Jess Cox, third vice president; William Merkle, tail twister; Arthur Simons, lion tamer; and Everett Upshoff, secretary.

Ladies Night will be held at Underwood's Cafe on June 8. A program has been arranged with a dance to follow.

The Rev. Calvin Franz, who had charge of entertainment, gave a talk on "Loyalty."

# Dwight School Board Hires 2 New Teachers

DWIGHT (JNS) — The Dwight Township High School Board of Education met Tuesday night in the high school.

Warren Kuster, superintendent of Dwight Schools, read a letter of resignation from Harry Lathrop, science teacher, basketball coach and assistant football coach.

In his letter, Lathrop stated he had accepted the job of basketball coach at Morton.

Two new teachers have been hired for next year. Miss Marianne Heller of Plano will teach home-making and Miss Jeanette Pfeiffer of Dwight will be the girls' physical education teacher. Miss Pfeiffer has been teaching in Glenview the past year.

Plans were discussed for buying a rotary mower and the possibility of laying out a hardball diamond south of the school.

The question of employing a second assistant for coaching during the football season was discussed. No decisions were made on any of the matters.

## Kultivators Have Program On Trees

Mrs. Dorothea H. Lowe, guest speaker at the Thursday afternoon meeting of the Kankakee Kultivators, took the members on a "walk through the forest" by the use of slides, a brochure she had prepared and her talk, entitled "Let's Get Acquainted With Our Native Trees."

Her talk was concerned with three kinds of trees, including the edge of forest trees, understorey trees, which are those that grow under the branches of taller trees, and pioneer trees. She named the hawthorn as the most important type of edge of forest tree, and compared the tree buds to fingerprints. Buds offer all-season beauty.

In identifying trees, she compared the tree buds to fingerprints. Buds offer all-season beauty. The French established their first forest, the group enjoyed a "must breakfast" at the Pierre Menard home at Ft. Kasaskia.

**Senior Citizens Have Meeting**

The Kankakee Senior Citizens met Wednesday at the YWCA with 48 persons present.

## Braceville Couple Exchanges Vows

BRACEVILLE (JNS)—Mrs. Joyce Mas Burger and William A. Hakey were united in marriage Saturday at 2 p.m. in the Methodist Church.

The Rev. Kenneth L. Burres officiated at the single ring ceremony before an altar decorated with arrangements of lily of the valley.

The bride was attired in a pink nylon organza dress with white accessories and a corsage of white carnations.

Miss Lorraine Fay Hakey, sister of the bridegroom, was maid of honor and was attired in a blue organza dress with white accessories and a corsage of pink carnations.

Serving as best man was John P. Yearly, brother of the bride. Immediately following the ceremony a reception was held at the home of the bridegroom's grandmother, Mrs. Lillian Muenkel.

The bride was graduated from Coal City High School. The bridegroom is a graduate of the same school.

**For Perfect Appearance Heed These Five Rules**

BY JEAN D'ARCY

Instead of telling you what to do, if you'd be a beauty, today we're listing a number of things you shouldn't do if you'd always look your best:

1. Don't skip a daily bath or shower, a necessity for the girl who wants social security.

2. Never wear dull-looking jewelry, hats decked with limp veiling, bedraggled feathers or flowers, gray-looking white gloves or collars. Any one of these will detract from an otherwise chic appearance.

3. Give solid jewelry a quick cleaning. There are commercial cleaning preparations designed for this purpose. In most cases unless the finish has worn off, soap and water will do the job neatly.

To perk up veiling, place a piece of waxed paper over it and press with a hot iron.

4. Never leave the house without first giving yourself the brush-off. Dusty shoes, hat, coat or dress will spoil your good looks.

5. Don't let straggly hair ruin your coiffure. Roll wisp in pin curls and use a quick-drying hair spray to give them a quippy curling.

## Secretaries Elect Officers

Mrs. Raymond Gibson of the George D. Roper Corp. was elected president of the Kankakee Valley chapter of the National Secretaries Association at the Monday dinner meeting.

Other newly elected officers to be installed in June are Miss Joan Kraus, vice president; Mrs. Edwin Arrington, recording secretary; and Miss Catherine Drolet, corresponding secretary.

Mrs. Neil Sharp was reelected as treasurer.

The nominating committee served as hostesses for the meeting and carried out decorations in a May pole theme.

**Grandfathers Club, Auxiliary Have Meeting**

The National Grandfathers Club and Auxiliary met Wednesday. Mrs. Arthur Cryer, auxiliary president, presided.

Fifty was the discussion with prizes going to Lon Pippin and Albert Robbins. Special prizes were awarded to Maurice Cryer and Mrs. Lon Pippin.

Hostess was Mrs. Leva Whaley. The next meeting will be June 10 at the Moose Hall.

# Parenthood Is Surrounded By Many Superstitions

By DR. PAUL POPPENE

Parents are superstitious? Almost everyone is a victim of at least a few of the many superstitions that surround parenthood. Mrs. G. brings up one of them today.

"I know that a woman can produce a boy baby from intercourse either just before or just after her monthly period," she writes, "but I have forgotten which it is. As we are very desirous that our first child be a boy, I'll appreciate your telling me."

If I could really tell you, I'd become a millionaire overnight. Mrs. G. Unfortunately, I can't be of any help. There have been some studies that seemed to point one way or another, but a check on the records of cases among school teachers, who can be depended on, and skill—and not on his age.

A teenage driver might be 19. If he isn't a good driver, then he probably never will be. Judge him by his steadiness, reliability, dependability, and skill—and not on his age.

Q: Do you believe in letting a 14-year-old girl go out with a teenage driver? My husband and I disagree.

A: A teenage driver might be 19. If he isn't a good driver, then he probably never will be. Judge him by his steadiness, reliability, dependability, and skill—and not on his age.

LET ME LIST briefly a few of the more common beliefs which I think have to be put in the same class.

1. The idea that pairing of extremes will produce something in between, or, to be more specific, that if a man with, for example, knock-knees marries a woman with bowlegs, their children will all have legs, straight legs, a compromise. Unfortunately, it's much more likely that part will have bowlegs and part knock-knees.
2. The idea that sons take after their mothers, daughters after their fathers in physical characteristics. Nothing is so true.
3. The idea that a woman who is apparently white has a more potent Negro ancestor somewhere may produce a black child in marriage to a white man. No one has brought forward good proof of this.
4. The idea that acquirments during a lifetime are passed on to the offspring. Some women think that, if they study music, enthusiastically, their children will inherit musical ability. Nothing is so true.
5. The idea that a child in the womb can be "marked" by some experience which the mother has. There is no such definite effect known.
6. The idea that "opposites attract," so that a tall man is more likely to marry a short woman and vice versa. People tend to marry those who are more like themselves than the average. When we do see an extreme case, we notice it and overlook the others.

# Woman's Club, Forrest, To Hold Luncheon

FORREST (JNS)—The Women's Club will close its year's activities with a spring luncheon at the Igloo Restaurant on Saturday at noon.

# St. Paul's PTA Elects Officers

JAN JANSSEN has been elected president of St. Paul's Lutheran Parent-Teacher Association for the 1958-59 term.

Other officers for the next term are: Mrs. Edna Peterson, vice president; Mrs. Rita Freberg, secretary; Mrs. George Luth, treasurer; and Mrs. Len Freberg, chairman of the Finance Committee.

Members and their guests are to make reservations in advance.

# How To Get Out Of The Half Size Set

By IDA JEAN KAIN

A shopping trip often serves to jolt an overweight into action. One shopper laments:

"I am writing you because I've been shopping today but found nothing that could make me look less than a barrel. I am 5' 4" and weigh 170 round pounds. I am 33 years old and wear size 10 1/2."

"I've tried appetite depressants, pills, but they make me dizzy and uncomfortable. The success of the diet is a comparatively short time when I have to wear size 10 shoes for six weeks now. While there are only 12 pounds between a half size and a regular size, there is a big difference in the middle measure. The bulk of the extra poundage is carried through the middle of the figure. Exercise to slim inches off the waist and abdomen as you curb calories to reduce.

To turn bulges into byones, get a clear concept in your mind's eye of a new you. All slimmers in the middle. Are you game to give yourself a challenge? Go out and buy a dress for your summer wardrobe and wear it. Re-solve to wear that dress by the first day of summer.

TO GET OUT OF the half-size set, it will be necessary to slim 3 inches off the waistline and 10 inches off the abdomen. Keep your calendar just under 100 a day and exercise every day, directing the exercise movements through the waist and abdominal measurements. Here is my favorite exercise:

Position: Lying on back on floor, knees bent, soles of feet flat on floor. Have palm of right hand on back of left hand.

Movement: Pull up and in strongly with abdominal muscles and reach over to touch hands to left thigh. Hold for a slow count of six. Return to floor, reverse position of hands and touch right thigh, again holding the muscle contraction. Repeat 10 times.

Now, up on your feet. Stretch tall, trying to get a full inch off the waistline. Pull up again, bend toward the other side and hold.

Don't you feel slimmer? Here is that new dress on the back of the closet door and take a good look at it morning and night and in-between times if you are tempted to overindulge.

Send long, stamped, self-addressed envelope for illustrated exercise.

## Schoendienst Visits Braves; Talks Of Playing

ST. LOUIS (AP)—Del Crandall put into 12 words what everyone was thinking Thursday night when Red Schoendienst stroled into a Milwaukee Braves clubhouse for the first time since the 1958 World Series.

"Nice to see you again," Crandall said as he shook hands with the Redhead who bounced back after a bout with tuberculosis. "I've thought about you a great deal."

His teammates had been told in advance that the likeable St. Louisan might pay them a visit. They acted as though he never left them.

AS THE 36-YEAR-OLD second baseman entered the long room under Bush Stadium, the men he'd teamed with since June 1957 smiled a warm welcome. No cheers. No yells. Just a warmth engendered when old friends meet again.

Red shook hands with everyone, pausing now and then to exchange a wisecrack with someone. Except for about 10 pounds of excess weight, Red looked as though he belonged in baseball levis.

"I'M FIGURING ON playing this season now and then to exchange a wisecrack with someone. Except for about 10 pounds of excess weight, Red looked as though he belonged in baseball levis."

Later Red said he hoped to be exercising next month, then gradually progress into more strenuous workouts.

He's on the disabled list now and must remain on it for at least 60 days. After the two-month period he could return to the lineup at any time.

That day can't come fast enough for Braves' Manager Fred Haney. And Red Schoendienst, owner.

## JC, B-B Little Leagues Start Schedules Saturday

### '500' Trials Start; Record Speeds Seen

INDIANAPOLIS (UPI)—The Indianapolis Speedway was needed today for the most torrid time trial session in the 43-year history of the Memorial Day 500-mile auto race, with at least a dozen "hot" combinations expected to battle it out for the pole position.

Initial qualifications were scheduled to get underway at 11 a.m. (CST) Saturday. As usual, two full weekends are set aside to fill the 33-car field for auto racing's richest event, with a total jackpot of more than \$300,000 at stake.

A forecast of "mostly fair" weather may be the tipoff for a scintillating battle for the lead when 200-lap dash for fame and fortune at the famous "brickyard" May 30.

Weather permitting, most observers agreed that last year's one and four-lap qualifying records will be shattered—perhaps several times.

The only foreign car, a red, long-nosed eight-cylinder Maserati entered by Scuderia Eldorado of Milan, Italy, was not expected to make its time trial run this week-end. Driver Ralph Ligori first must complete his rookie test before he is eligible for the 10-mile sprint.

Henry Banks, director of racing for the United States Auto Club, predicted the pole winner's speed at 147.625 m.p.h., nearly two miles faster than Dick Rathmann's performance last year.

Following a flag-raising ceremony at the field, Admiral Blanton, president of the Indianapolis village board will throw out the first ball.

The first game, at 2 o'clock, sends Kroehler against the American Legion. DeLong Construction meets VFW in the second game, about 3:15.

Officers of the B.B. League are Harry Shinsky, president; Leslie

McClure, vice president; Lawrence

Bade, treasurer; John Henderson, secretary; and William Crews, player agent.

Team managers are Robert Mathews, Kroehler; Ed Huddleston, VFW; Russell DuFray, American Legion; and Robert Mulligan, DeLong.

The parade will be organized in Alpiner Park and start from there at 1 o'clock Saturday afternoon. Players and league officials will be in the procession.

DISTRICT LITTLE League Commissioner Bud Dumlal has announced that General Foods will play Sinclair Oil in the season's opener at 2 p.m. Kankakee Federal Savings and Loan took on Dairy Queen in the second game which will probably start at about 4 p.m.

Met Miller, president of the Jaycees Little League, has invited Mayor Ed P. Madison to throw out the first ball in pre-game ceremonies.

Pre-game ceremonies for the B-B League start at 1 o'clock with a parade forming at Center and Broadway. The line of march will be east on Broadway to Schuyler Ave. and north to the Little League Field.

Participating in the parade besides members of the four teams, are the color guards of the town's American Legion and VFW, the Bradley and Bourbonnais fire departments and village officials of both Bradley and Bourbonnais.

Bill Henry and Don Elston were shoved into the breach in the last inning and the Reds scored their two runs, handing the Cubs their first shutout since June 15, 1958. Nashville beat the Cubs to three hits and retired the last 16 batters in order.

The Cubs are idle Friday before resuming play in Wrigley Field Saturday against the Pittsburgh Pirates. Moe Drabowsky will open the series.

## 225 To Graduate In Little Rock

LITTLE ROCK, Ark. (AP)—High school graduation days are coming to integration-troubled Little Rock this year but they'll be late and the number of diplomas small.

Only 225 seniors will be graduated from two all-white private schools and none from a third. Once a thousand or more students were graduated each spring from the four closed public high schools.

The continuing battle over integration crisis soon will be over schools. The schools are little known recently was rekindled by the state moves to recall the six members of the school board as a result of a teacher purge.

ONE FACTOR seeks the recall. Two hundred of the 762 pupils of three members who served in the private Raney High School of 44 teachers they had will be graduated. It has been labeled integration sympathizers, operated from public donations by another faction related by do. The third all-white school, sponsored by Trinity Episcopal Church and with only a score of students, has no seniors.

A federal court fight goes on over validity of a state law under which tuition-free Raney High which Gov. Orval E. Faubus School, the church school, charges closed the high school. \$25-a-month to attend. It has had whatever happens on these a hard financial fight to keep the front, the classroom effect of the ing. Not long ago, it accepted a

## Commencement At Momence Academy May 29

Commencement exercises for five high school seniors and 30 eighth graders of St. Patrick's Academy, Momence, will be held at 7:30 p.m. May 29. Ceremonies will be conducted in the church.

The five seniors bring to 767 the number of high school graduates for 1959.

A graduation mass will be recited in the church at 11 a.m. May 24, followed by a breakfast for the students and their parents.

At 2:30 p.m. the same day, St. Patrick's Academy will hold its annual May Crowning procession and awards assembly honoring outstanding scholastic students.

\$6,000 gift from Raney High School, rich by comparison with \$400,000 in donations.

The third all-white school, sponsored by Trinity Episcopal Church and with only a score of students, has no seniors.

## Illinois Bar Against State Income Tax

CHICAGO (AP)—The Board of Governors of the Illinois Bar Association has come out against a state income tax, either flat or graduated form.

The governors announced Thursday that a referendum among 10,000 members supported the anti-state tax stand.

The board also decided to oppose legislation introduced in the General Assembly which would cut the number of justices of peace in the state and place the remainder on a salary rather than a fee basis.

The board also decided to oppose amendments to the state's cooling off period divorce law and to set up an indemnity fund to reimburse any client whose lawyer absconds with the client's funds.

In other action, the board declared its intention to offer sever-

## Russia Rejects West's Berlin Peace Package

GENEVA (UPI)—Russia Saturday rejected the Western peace package for Berlin as a "cold war plan" but admitted that it contained some peace worthy of discussion at the Geneva foreign ministers conference.

Soviet Premier Nikita S. Khrushchev, in a mildly worded speech in Moscow, served notice that Russian strategy at the conference would be to split the package into parts, while at the same time trying to divide the Western. Big Three on the various issues involved.

There was growing belief among observers at the conference that matter finally would go to the summit. It was learned during the weekend conference recess that the U.S., Britain and France were preparing for a summit in mid-July—possibly in San Francisco.

Khrushchev revealed the Russian position on the Western plan for Berlin, German reunification and European security in an apparent attempt to split Western unity.

The Western package was presented as an indivisible whole—or nothing. The Soviets countered with a demand that there be a separate peace treaty made with each of the two Germanies and then a discussion of the Soviet demand that the Western powers clear out of West Berlin and turn it into a "free city."

Khrushchev stressed this remained the Russian goal. It would be up to Foreign Minister Andrei Gromyko to try to exploit the Soviet stand and probe for weaknesses in the Western united front.

"Questions must be taken separately and not together, as is being done by the Western powers into one big knot which cannot be untied," Khrushchev said.

He said the Western plan was actually nothing but "the plan of the cold war, the plan for the conduct of policy from positions of strength."

The Soviet premier specifically rejected the Western proposal for a European security system unless the Allies first "liquidated" military bases in Europe and withdrew armed forces from foreign soil.

Such a demand would mean the end of NATO and the return home of all U.S. forces abroad.

The West has been rejecting such Soviet proposals for years.

## Shuttle Visits Denver Mother-In-Law

DENVER (UPI)—The family of President Eisenhower, spanning four generations, gathered Saturday night at the bedside of Mrs. Eisenhower's 81-year-old mother, Mrs. John S. Doud.

The chief executive, after his first visit to the new Air Force Academy at a nearby Colorado Springs, flew to Denver for a quiet family evening. He will fly back to Washington today.

Eisenhower was met here at Lowry Air Force Base by his wife, who came from Washington earlier in the week to be with her aged mother when she celebrated her 81st birthday last Wednesday.

With Mrs. Eisenhower was her sister, Mrs. Gordon Moore of Washington.

The President brought with him his son, Maj. John S. Eisenhower, and his wife Barbara, and their four children, David, 11; Barbara, 9; Susan, 7, and Mary Jean, 5.

The joint announcement said it was the first time a significant collection of government documents had been gathered in one place for the season. In March and later use. The collection includes both classified and unclassified documents.

At 8 a.m. on Memorial Day, Saturday, May 30, grave services will be conducted by various organizations in Mount Grove, Mount Calvary and Memorial Gardens cemeteries.

A parade, with all local organizations invited to take part, will form at 8:30 a.m. at the corner of Court St. and Winwood Ave. It will start at 10 a.m.

The parade is west on Court St. to Schuyler avenue, south on Schuyler to Merchant street, east on

## Parade Part Of Preliminary Plans For Memorial Day Observance

Preliminary plans for the 1959 Memorial Day observance by veterans organizations of the Greater Kankakee area have been announced by Harvey Batson.

Batson is commander of American Legion post 85 and president of the Veterans Council. Members of the council are: United Spanish American War Veterans, Foreign Wars, Disabled American Veterans, American Legion, Marine Corps League, American Veterans.

Chairmanship of the council is shared from year to year by the two organizations. Batson is in charge. Besides Batson, officers are Michael Seikoff, DAV secretary, and William Matland, legion treasurer.

On May 24, the Sunday prior to Memorial Day, members of the council will attend church services in a group at Trinity Methodist Church, 208 S. Third Ave., starting at 10:45 a.m. The Rev. Harold E. Hall, church pastor, will conduct the service.

A final planning meeting of the Veterans Council will be held Wednesday at 8 p.m. in the Kankakee County Veterans Association building, 308 S. Schuyler Ave., Bradley.

In addition to veterans groups and auxiliaries, Batson said that representatives from the Gold Star Mothers, DAV, DAR, Ladies of the G.A.R. and Mothers of World War I are asked to attend the planning meeting.

Merchant to Harrison avenue and north to Court where the parade will disband.

Following the parade, a joint Memorial Day program will be held on the north lawn of the county courthouse, directed by Carl McNair, Ret. Duanebury, legion senior vice commander, will be made of ceremonies.

Then April brought a drop in unemployment and a rise in employment about twice the normal for the season. In March and April alone employment gained 2 1/2 million, and unemployment dropped by 1,100,000.

## Khrushchev Admits He's An Atheist

MOSCOW (UPI)—Premier Nikita S. Khrushchev said Saturday he is an atheist but denied the Soviet Union has ever "fought ideas, or outlooks on a religious basis."

The religious issue was raised by an Indian in the audience at St. Andrew's Hall in the Kremlin who said Khrushchev was not a believer.

"You are a believer, I am a believer," Khrushchev said. "This would be correct. But the believers had not to one religion in the world."

"We have not only been tolerant of people who are convinced believers, but have respected them. We only engage in a struggle when religion is used to inflict damage on mankind."

The striking improvement in job in March and April suggests that wage earners, as well as business managers, may pay more taxes than the Treasury expected.

The budget anticipated about 34% billion dollars in personal income tax collections in the fiscal year starting July 1. This was based on the estimated 314 billion dollars of personal income in this calendar year.

Many critics in January called that an unrealistic guess because the income rate there was only about 300 billion and joblessness had stayed disturbingly high despite the otherwise notable recovery of business activity.

## Seaway Cited As Boon To Midwest Grain Farmer

SPRINGFIELD (AP)—The establishment of Chicago as an inland port on the St. Lawrence Seaway already has proved a boon to Midwest grain farmers, the State Agriculture Department announced Saturday.

Director Stillman Starnard said ports of shipping grain to foreign lands have been greatly reduced, and cited the example of the Chicago-Rotterdam run.

The current shipping rate via the new seaway from Chicago to Rotterdam is 24 cents a bushel, he said, roughly nine cents less than last year before the deep draft locks were opened.

The 71-year-old former secretary of state contracted pneumonia a week ago after weeks of treatment for cancer that has spread in his body. He has been a patient at Walter Reed Army Hospital here since Feb. 12, except for a brief rest in Florida.

THE STATE Department, which Friday reported a further decline in his condition, said Saturday there was no further change. The department said medical bulletins will be issued only if Dulles' condition changes.

Three members of the family who live elsewhere were reported in the city Saturday. They are a son, John Dulles, an engineer in Mexico City; a daughter, Mrs. Robert H. Dulles, New York City; and a sister, Mrs. Margaret Edwards, Rye, N. Y.

Washington (UPI)—Sen. E. L. (Bob) Bartlett Saturday said that the Senate chances for Senate confirmation as secretary of commerce are "only 50-50" or maybe a little better.

The Alaska Democrat, a member of the Senate Commerce Committee which is considering the controversial nomination, said he still was undecided how he would vote when the committee takes up the nomination Tuesday.

## 7 Young People, Bound For Prom Party, Die At Crossing

MATTOON (AP)—A carload of eight young people leaving a high school prom collided with a speed train early Saturday. Seven died and one was critically injured.

The car was struck at a diamond grade crossing two miles north of Mattoon by the Illinois Central passenger train. Victims were flung up to 150 feet. Wreckage was carried one fourth of a mile.

Unrecoverable bodies were identified by initials on class rings. Friends of the victims said they were enroute from the Shelbyville High School prom to a post dance night.

SIX WERE KILLED outright. They were Irene Moon, 16, July Keen, 18, Lorraine Pfeiffer, 17, and her brother, Lyle, 15, and Jerry still, 18, all of Shelbyville 20 miles east of Mattoon in east central Illinois, and Jerry Hayes, 19, of Mattoon, about 100 miles east.

Dorothy Thomas, 18, of Shelbyville, died of injuries in a Mattoon hospital a few hours after the crash. The sole survivor was Alvin Moon, 22, brother of Irene.

Moon and Hayes were University of Illinois students.

Many in the farming town of Shelbyville, population 5,000, where all but one of the victims, were stunned by the tragedy.

Authorities said the railroad crossing had no signal lights or automatic signs.

The full extent of Moon's injuries had not been determined. However a skull fracture apparently was the most serious injury.

Deputy Coroner J. E. Caudill of Cole County said he hoped to have a statement Sunday from the train's engineer, William Ward, Mattoon, Champaign.

C. R. Fogley, principal of the Shelbyville High School where the prom was held, said there was no
