2 Subdivisions Recommended For Approval

Kankakee's City Planning Commission recommended approval of two subdivisions today. The commission, an advisory body, conducts hearings on matters involving the development of the city, and makes recommendations to the city council and county board of supervisors. It is concerned with development of the area within the municipal boundaries and outside the city in a 1/2 mile radius.

RECOMMENDED FOR APPROVAL

The county board was the plat for Old Orchard Subdivision, part of the Goussier estate, on Arona Park road. Sent to the city council with a recommendation for approval. The plat was for Marye Jean, daughter of the late John Goussier, and her husband, William Goussier, who died in 1957.

B'nai Israel Marks Golden Anniversary

The 50th anniversary of the founding of B'nai Israel congregation in Kankakee will be marked this weekend in festivities at the temple. The golden anniversary will be marked by a religious service at 8:30 p.m. Friday and by an anniversary ball at 9 p.m. Sunday. Both will be in the temple.

One of the highlights of the Friday service commemorating the founding of the congregation will be the dedication of the memorial book in the temple foyer. Rabbi Streine will read the names of the deceased members of the congregation, whose names appear on the board, and will say prayers for them.

The class night program "Around D'vight in Four Years" was presented in the high school auditorium. Mary Jeanne Jenkins was the guest for the evening. Ralph B. Streine will read the names of the deceased members of the congregation, whose names appear on the board, and will say prayers for them.

Secret Primary Ballot Bill Killed

SPRINGFIELD (AP)—Illinois legislative committees approved proposed addition of charter school districts and killed a plan for a secret primary ballot Wednesday.

The bill of Rep. G. William Horsley (R-Springfield) which would have permitted voters to obtain a primary ballot without declaring party affiliation was rejected 25-9 in the House Elections Committee. Committee members in opposition said the bill would weaken party responsibility and ultimately destroy the two-party system.

Horsley and Reuben G. Soderstrom, president of the Illinois AFL-CIO, spoke for the proposal and said the present system discourages voters from taking part in primary elections.

The Senate Education Committee favored the abolition of charter school districts 11 to 5.

Scores Lack Of Concern For Brutality

"Our fellow men have little concern for brutality, and consequently become irrational in their thinking toward others," the Rev. Glenn Sims told Exchange Club members Wednesday noon.

The Rev. Mr. Sims, associate pastor of First Methodist Church, presented the Memorial Day program for the club, and called his talk, "My Memorial Day Concerns."

Brutality has almost become an accepted way of life, he said.

"In our international relationships we accept the threat of war and think nothing of it. Likewise, we accept violence in television, the movies and in newspaper and magazine articles and think nothing of it," he told the club.

Memorial Day came along the minister said, because it is a day when we remember the brave men who died for our country. But as time went by we lost it. Our forefathers were not irrational, the Rev. Mr. Sims continued, because they were always seriously concerned about brutality to follow.

When man begins to act selfishly, he begins to act in a manner that he distinguishes himself from the lower animals, he said.

Olivet College Raises Entrance Requirements

A moderate tightening up of admissions standards at Olivet Nazarene College was approved by the college's board of trustees Wednesday.

The board also went on record as favoring a proposed surface water drainage district as recommended by engineer Richard Tyson for Bourbonnais and its surrounding area.

The plan was submitted last fall by Tyson at the request of the Bourbonnais village board as a means of alleviating drainage problems in and around the village. Property to the south of the campus, including the College Church of the Nazarene and homes occupied by college staff members and students in the area have been damaged or isolated by heavy rains in recent years. Sandbags were used to keep the basement of the College Church from being flooded during the May 20 storm.

TWO PROPERTY OWNERS of the area, F.O. Parr, 465 S. Williams St., and Edward Brodwin, 214 Olivet St., appeared before the board asking its support. Parr is an assistant professor of sociology at the college and Brodwin is the head of the college's maintenance staff.

In tightening up the admissions requirements, the board approved from chairman of the department of religious education to director of the fifth year program in theology. He will direct theological studies who elect to stay at Olivet another year to work for a second degree in theology.

THE BOARD approved the hiring of Alvin McComb as assistant professor of speech and chairman of the department. McComb will complete his work toward a doctorate of philosophy degree at Purdue University this summer. Dr. LeRoy Brown, who formerly held the speech department, will continue as a full-time staff member.

It was also reported to the board that contracts had been signed with two new faculty members, previously approved. They are Irving Kravich, a 1954 Olivet graduate, and his wife, Wanda, a 1947 graduate of Olivet. Mrs. Kravich, who has a master's degree in music from the American Conservatory of Music, Chicago, will be an assistant professor of organ and theory. She was previously on the faculty from 1947 to 1954.

MILBY was given permission to actively seek funds through the Church of the Nazarene. The board set a \$450,000 goal over a two-year period. This drive is to begin Sept. 1.

The board considered the report of the Institutional Planning Committee studying plans for a proposed science building. It was decided the building will house the biology, chemistry, physics, mathematics and home economics departments, now scattered throughout the campus. The science faculty was asked to make recommendations of its needs and desires to the planning committee with further reports at next February's board meeting.

It was reported that Nesbit Hall, new women's residence hall, would not be completed before Jan. 1, and consequently would not be put to use until the fall term of 1960. The building is currently five weeks behind schedule because of difficulties in finding proper footings and delays in arrival of material. The first floor has been laid and above surface work is beginning. It was reported.

CHARLES HENDERSON, college business manager, reported that Olivet has received \$22,000 in grants for federal loans for upper level men for the semester just ended.

Insecticide Load Spilled When Truck Overturns

A semi-trailer truck loaded with metal containers of liquid insecticide overturned on Routes 1 and 17 west of Momence about 4 a.m. today.

The driver, Howard Hanson, 33, Danville, was not hurt. State Trooper William James said something happened to the coupling between the cab and trailer, causing both to upset.

Part of the insecticide spilled on to the highway, causing a hazardous condition. Highway crews were called out to clean off the liquid.

Property damage was estimated at \$3,000.

BRIDGE STOLEN IN HOOSIERLAND

PETERSBURG, Ind. (AP)—Pike County has lost a bridge. Sheriff Wilmer Whitehead said someone with a cutting torch converted a 30-foot bridge into about three tons of high grade steel and carted it away.

A coal miner discovered the theft Wednesday just in time to avoid driving into the unbridged stream.

Lake Village, Ind. (JNS)—Eddie Iwinski of Lake Village became senior men's single champion of the 1959 state roller skating championships held in Oaklawn.

Joan Neiser and Eddie Iwinski placed first in senior pairs. Both skate for a roller rink in LaGrange, Ok. June 30 they are scheduled to go to Columbus, Ohio, for the regional meet, which consists of competition from five states. Eddie will also represent Illinois in the senior men's singles.

Kankakee Board Opposes Bill Abolishing Charter Districts

The Kankakee Board of Education is opposed to any legislation which would abolish the limit this district's charter, according to President Roy Strasma.

Strasma's statement was made today following the Illinois Senate Education Committee's approval 11-5 Wednesday favoring the abolition of charter school districts.

Sen. Dwight Friedrich (D-Centralia), sponsor of the abolition bill, said he objects to the power of the 16 charter districts to annex territory from an adjoining district without giving it a chance to appeal. He said, "They have been in the going along for 50 years grinding the little districts under their heels and they're only willing to compromise when they're in trouble."

Momence School Board Hires New PE Instructor

MOMENCE (JNS)—The Community Unit Board of Education approved a contract for Sara McCauley as girls' physical education teacher at a meeting Monday night.

This completed the faculty for the 1959-60 school year. Miss McCauley, who will graduate in June from Illinois State Normal University, will instruct girls in grades 7-12 and mixed groups in grades 4-6.

The board acknowledged a notice of continued membership with the Central Association. A letter from the state director of the school lunch program, following recent visitation, formed the interest in progress in the lunch program as excellent, with no discrepancies of importance noted.

An official request was approved to obtain replacement of a creek bridge in the Easton vicinity on a school bus route. Permission was granted to an independent physical ball team for use of school grounds subject to regulations.

Letters were read from Sen. Everett Dickerson and Rep. Leslie Arends in response to a board letter in opposition to the principle of Federal Aid to Education. Edinent items of Illinois school legislation were discussed.

Plans were approved for equipping a basement room at the high school to house the kindergarten for next year. The purchase of a power sprayer and additional folding chairs was authorized.

President F. R. Orr set June 1 as the date for a special meeting to consider building repair and improvement.

Harry Heninger was reappointed as district treasurer for the 1959-60 fiscal year and the Parish Bank and Trust Co. was designated as the official school depository. Sup't. H. H. Bartholomew was directed to prepare a tentative budget and appropriation ordinance.

Expect Heavy Holiday Traffic

Starting Friday night, Kankakee County will once again become a holiday-traffic funnel as southbound vacationers head out of the Chicago area.

Municipal police, the sheriff's department and state troopers will be keeping a strict watch on traffic to preserve the county's lower accident death toll.

Last year by this date, 12 persons had died. So far in 1959 the toll is only 5. A Memorial Day crash in the county last year accounted for "one death."

By strong enforcement of all traffic laws this weekend officials hope to get through the holiday with no accident deaths.

THEY WILL BE especially watchful for the drunken driver and the speeder.

The National Safety Council estimates that 260 persons will die in nationwide traffic during the weekend.

Local residents can use a simple method to avoid accidents: Keep off the roads if at all possible and when driving don't use the heavily traveled through routes unless necessary.

OFFICIALS HAVE this advice for anyone driving anywhere: Operate your car while you're wide awake, alert and sober, and obey all traffic laws.

Conducts Services

The Rev. Franklin M. Moore, Kurtz, Ind., evangelist, is conducting revival services at the Arona Park Church of the Nazarene. He opened the service Wednesday night and will continue each evening through June 7. The services are at 7:30 p.m. each evening. He has served parishes in Seymour, Princeton and Bloomington in Indiana and Greeley in Colorado.

After a recess, D. R. LeRoy, the railroad's general statistician, introduced evidence that he said showed the two trains had incurred an average weekly deficit of \$2,500 from March 8 to May 9.

F. M. Towskewitz presented evidence showing the number of revenue passengers using the trains daily and how the northbound special had drawn passengers away from the Seminoles, which leaves Kankakee five minutes after the special.

The hearing was held in the Kankakee County courthouse before ICC Examiner F. B. McElroy. Kankakee City Attorney Victor Cardozi sought the local hearing for the convenience of witnesses who might not otherwise be able to appear in Chicago or Springfield. Cardozi brought out, in cross examining the railroad witness, that the number of passengers using the two trains was greater than the number who used the Seminoles before the special was created.

Norman Biersfelder, the IC's general passenger agent, told how the railroad had attempted to promote passenger use of the Seminoles. UNDER CROSS-examination, he said the railroad was enjoying about an eight per cent overall gain in passenger business this year.

"Was there a substantial increase in passenger traffic from Kankakee?" Cardozi asked.

"Yes, substantial," Biersfelder replied.

Two other railroad employees testified about Springfield terminal operations for the two trains and the number of trains which would still be available to Kankakeans if the special were discontinued.

cooperation in the current Red Cross flood relief drive were board members Joseph Herz, C. C. Cline and Martin O'Brien.

Close is chairman of the present drive, then headed the effort after the 1957 flood and O'Brien was the Chamber representative at the campaign organization meeting Tuesday evening.

The board passed a resolution of appreciation to the Red Cross for "prompt and efficient action" in the emergency situation. The resolution also asked Chamber members and the entire community to support the fund campaign.

Chamber Manager Henry Brandt announced that 96 membership accounts were added in the recent membership drive headed by Robert Nicholson and W. T. Halket. The board officially approved the list for Chamber members.

pressed the hope that on their return to Geneva the foreign ministers would be able to achieve that measure of progress which would make a subsequent meeting of heads of government desirable and useful.

ALTHOUGH HE talked to all four foreign ministers, Eisenhower clearly was bearing his remarks at Gromyko. He was in effect reaffirming his determination to reject a meeting with Soviet Premier Nikita S. Khrushchev unless

NEW YORK STOCKS

NEW YORK (AP)—The stock market jogged hesitantly into record high ground early this afternoon. Trading was fairly active.

Gains of fractions to about a point were the general rule for most key stocks.

Some chemicals, electronics and steel advanced. The market averaged gains accounted for a boost in the steel, rails, chemicals, electrical equipment and autos.

Motors, oils, utilities, tobacco and autos were mixed while farm implements eased after recent gains.

The stock averages were shoved ahead by gains of more than two points by Du Pont, more than a point by Southern Railway around a point by Westinghouse Electric and fractions by American Telephone and General Electric.

"The PROBLEM of social living actually has an easy solution," he said. "All you have to do is conduct yourself in such a manner that people will like you for what you are."

"Just ask yourself how much time in the past year have you given to your church," he said. "How much of your money have you given to the church? How much value have you put in your religion? Did you pay more for taxes than you gave the church? Did you spend more for entertainment than you gave to God?"

"Just remember, you will support with time and money the things that are important to you. You may be in the 13th grade in education—but you may be just in kindergarten in religion."

The Purdie director of admissions for the University of Illinois at Urbana-Champaign, said that the university was offering reasonable concessions to match the West's proposals.

Eisenhower is understood to have talked calmly with no effort to pound the table or to get tough with Gromyko. He is reported to have stressed to the Soviet foreign policy chief that the world is watching developments at Geneva, hoping for an easing of international tensions.

THE TOP HONORARY senior class awards at Olivet were presented this morning to Keith Sheffer, center, of Richmond, Ind., who served this year as student body president, and Miss Joyce Mangum of Louisville, Ky., former editor of the college newspaper and homecoming queen last fall. Sox Hope To Spoil Dykes' Homecoming

CHICAGO (AP)—The Chicago White Sox hope to make Jimmy Dykes' first visit to Comiskey Park as manager of the Detroit Tigers an unpleasant one.

The second place Sox will send Bob Shaw with a 4-0 record against either Frank Lary (5-3) or Don Mossi (2-2) of the sixth place Tigers.

Charlie's Defeats Marycrest 7-1 In Pony League

Charlie's Store scored five runs in the sixth inning to break up a close game with Marycrest and go on to win 7-1 in the Elks Pony League Wednesday at Old Fair Park.

Charlie's was leading only 2-0 when Jack Coy's home run in the sixth inning broke the tie.

Winning pitcher Butch Gosselin had a shutout until the final inning when Ron Faford blasted a home run for the losers.

The Chicago Cubs Wednesday night lapped back into the tie between the Sox and the Yankees.

The Sox' victory moved them to within one game of league-leading Cleveland and, coupled with a Baltimore loss, increased their lead over the third place Orioles to 1 1/2 games.

Peotone Bows 7-0 To Danville's Kelly

Kankakeeland's last state prep baseball tournament hope, Peotone, finally bowed out of the tournament Wednesday afternoon 7-0 to Danville and the fabulous Steve Kelly in the Danville sectional.

Crafty Kelly and his mates will play the Chicago sectional champs in the state semifinals at Peoria next week.

Danville is 2-1 for the season, Kelly is 7-0 and Peotone ends its season with a near perfect 14-1 record.

At the end of five innings in the sixth inning was Peotone's first miscue in 28 innings of tournament ball.

Kelly turned in a superb pitching performance, allowing Peotone only the two sixth inning back-to-back hits and fanning 18.

Fourteen of the 18 went down with a home run. A couple walks, a wild pitch and then an error in the process of attempting a double play cost Peotone a couple more runs. The hosts ended up with four runs on two hits that inning. They added three more tallies on three hits in the seventh.

Couch Bob Ausprung started Fred Vanlen on the hill, relieved him for Junior Bob Robbins in the second, called on Al Vanlen in the sixth and then brought back Fred Vanlen to finish up.

Peotone missed its chance to take a 1-0 lead in the bottom of the fifth by a freak accident. Sophomore Brian Cann got Peotone's first hit, a single, with two out.

Peotone's Gene Hawkins, who pounded Kelly's next delivery past the center fielder and raced around the bases for home. Just a few feet from the plate his cleats dug into the ground and tripped him. He tumbled toward the catcher and was tagged out.

Midget Cars Open Racing Season At Fairgrounds

A racing rivalry which left off at the Kankakee Fairgrounds last season opened up Wednesday with midget racing season opens with midgets taking to the clay track Friday evening.

This marks the first time in the history of the speedway that the season will be opened with midgets. Trials begin at 7:30 and the races at 8:30 p.m.

TWO OF the featured names in Friday's races will be Bob Tatterfall of Streator and "Wild Willie" Wildhaber of Dwight. The two stirred up quite a rivalry last season, particularly in the County Fair races.

Other key drivers will be Kankakee's Don Hartman and Sheldon's Corky Hitter.

Tatterfall won the Australian Midget Championship this past winter and was top point grabber at Daytona Beach, Fla., this spring.

Hartman will be piloting a midget car purchased recently by Bud Osterhoff of Bradley.

THREE "NAME" drivers from Chicago, Johnny Meyers, Danny Klaidis and George Selery, will also compete in Friday night's races. Klaidis is a former big car driver who has found recent success in midget racing.

This is the first of 15 racing dates at the Kankakee Speedway. Spry's stock car events are also planned. The major event of the season is the 50 lap sprint car race.

MEMORIAL DAY	8 A. M. to 9 P. M.
WEEKEND	SUNDAYS

O Awards at Olivet Nazarene College for distinguished alumni were presented Wednesday evening to Miss Mary Louise Scott, former missionary to China and Nazarene Foreign Mission Society general secretary; and the Rev. Byron M. Carmony, right, pastor in Chicago Heights. E. Fred Chaffant, center, president of the Alumni Association, made the presentation. (Journal photo)

Present 'O' Awards At Olivet College

A former missionary to China and a Chicago Heights pastor received the 1959 "O" award for Olivet Nazarene College alumni at the annual dinner Wednesday evening.

Selected as outstanding lay persons were Miss Mary Louise Scott, former missionary to China and Nazarene Foreign Mission Society general secretary; and the Rev. Byron M. Carmony, pastor of the Chicago Heights Church of the Nazarenes.

The awards are given annually to a minister and a lay person who have achieved success in their chosen fields and who reflect the ideals of the institution. They are selected by mail ballot among the alumni from among four nominees in each area.

Other lay person nominees were Mrs. Naomi R. Larsen, acting chairman of the Division of Fine Arts at the college; E. Fred Chaffant, president of Farmington, Mich., president of the Alumni Association; and Donald D. Starr, chairman of the Division of Natural Sciences, Malone College, Canton, Ohio, and a member of the Olivet trustees.

Pastoral nominees were Russell Birchard, missionary to Guatemala; S. L. Ludwig, general secretary of the Church of the Nazarenes; and Remis Reifeldt, general foreign missions secretary of the church.

At the banquet the 1959 graduating class were guests of the alumni association. A panel discussion, "The Alumni and His College—A Continuing Relationship," was presented by Paul L. Schwada, executive secretary of the association; J. Harold M. Reed, college president; and Chaffant.

Earlier in the day, at an alumni board of directors meeting, it was announced that Chaffant had been re-elected to his sixth year as executive secretary. William Bennett, assistant registrar of the college, was named treasurer to succeed Miss Ruth Gilley, librarian. Miss Gilley had been treasurer 10 years. J. J. Strickler was re-elected historian.

The alumni voted to decline to provide opposition for the annual T-101 Homecoming basketball game after 14 successive defeats, pointing out that they did not feel they provided effective opposition.

BRAIDWOOD (JNS) — The Ladies Aid Society of the Braidwood Presbyterian Church met Thursday in the church parlors with Mrs. John Renner presiding.

A discussion of the ice cream social set for July 22 was held. Games were played and prizes were awarded to Mrs. Clyde Samuels, Mrs. Frank Willis and Mrs. John Ghilain. The next meeting will be held on June 18 in the church with Mrs. John Renner and Mrs. George Bobac as hostesses.

Two-Thirds Fail To Aid Charities

SAN FRANCISCO (AP) — Two-thirds of America doesn't give to charity, a spokesman for the National Foundation said Wednesday. Fund raisers have barely scratched the surface, said Melvin A. Glasser.

The foundation's executive vice president, Leroy Brandt, superintendent of the National Conference on Social Welfare, disputed assertions that fund raising has reached the limit for welfare use. He said such reasoning also ignores the increase in national wealth and the historic trend towards ever increasing contributions.

Warrants were issued charging all three with bank robbery and assault with a dangerous and deadly weapon.

The patrol said Foy and Nicholson refused to make any statement, and that Hager "hinted that very possibly he knows where the missing money is but he won't tell."

Issues Warning

BOSTON (AP) — Dr. Werner von Braun has warned that Americans must "immediately recast our educational philosophy to anticipate the needs of the future."

Otherwise, the head of the Army's ballistic missile program said in a speech here, the United States will find itself surrounded "by several planets flying the hammer and sickle flag."

San Juan, Puerto Rico (UPI) — The nose cone of the rocket that successfully carried two monkeys 300 miles into space landed only five miles from the recovery ship Kiowa, it was disclosed today.

28 To Graduate At Gardner-South Wilmington High

GARDNER (JNS) — Graduation for the 28 seniors of Gardner-South Wilmington High School will be at 8 p.m. Friday in the school gymnasium.

Monkey Nose Cone Hit Within 5 Miles Of Ship

Shark Repellent Protected Frogmen During Recovery

San Juan, Puerto Rico (UPI) — The nose cone of the rocket that successfully carried two monkeys 300 miles into space landed only five miles from the recovery ship Kiowa, it was disclosed today.

Li. Joseph Guion, 25, of McKeesport, Pa., commanding officer of the Kiowa, made the disclosure when the vessel reached here this morning. The nose cone and monkey were being transferred to a U. S. Air Force C130 for a flight to Washington later in the week.

Guion said the projectile was clearly visible "like a large shooting star" while it was descending. It remained visible until it disappeared at a point 20 degrees above the horizon.

He said that about a minute after the nose cone hit the water, a blinding white identification light attached to it began flashing. This helped the Kiowa close on the area swiftly.

The actual recovery operations were hampered somewhat by choppy seas and took about 90 minutes.

LT. R. E. Foy, Phoenix, Ariz., directed the group of four frogmen who made the actual recovery of the nose cone with the monkey inside.

Foy said three enlisted men padded in a rubber raft from the Kiowa to the nose cone.

They attached a line to the cone and it was safely hauled aboard. Foy said "several sharks circled up" during the operation, but their shark repellent was effective and there were no mishaps.

Business To Halt For Memorial Day

Business and industry will come to a near standstill Saturday as Kankakee and the nation in the observance of Memorial Day.

Governmental offices — federal, state, county and city — will be closed for the holiday, along with retail firms. A very few key retail business places may open their doors a few hours on the holiday.

Postmaster George Bay said mail will be collected and dispatched as usual, but the delivery of mail will be suspended.

Industrial firms of the area will be closed Saturday, whether or not it is a regular working day. Where necessary, some plants will maintain a maintenance crew.

The George D. Roper Corp. is closed today since the plant falls on Saturday, a non-work day. Armstrong Cork Co. will close its plant Saturday only while the office employees and staff will have today and Saturday off work.

The city of Chicago will be closed Saturday by the Kankakee Public Library and, among the state offices closing for the holiday is the Public Aid Commission.

There will be no local bus service on the holiday. City, county and state law enforcement officers, firemen, hospital employees and other people in work of vital importance to the public health and safety will be at their jobs Memorial Day.

The National Safety Council estimates that 40 million automobiles will roll along streets and highways.

It estimates that traffic accidents may cause 260 deaths and 19,000 disabling injuries.

The period covered by the council's estimate will begin at 6 p.m. (local time) today and will end at midnight Sunday.

The four ministers who met in Geneva for the first time on the 17th after a four-day conference in Washington in mid-afternoon. For the first hour they chattered informally and read newspapers and magazines and the like. Then they organized a meeting — with about as much secrecy as they will ever get — and talked about conference issues for an hour and a half.

Showers, Humid For Holiday

Hot, humid weather with the possibility of showers can be expected in the Kankakee area over Memorial Day weekend, according to the weather forecasters.

The high Saturday is expected in the 80s with occasional showers or thunderstorms predicted. The low tonight will be in the 60s.

THE HIGH THURSDAY was 84 at the Kankakee Airport weather station and 86 in downtown Kankakee. The overnight low was 64 at the airport and 66 in downtown Kankakee.

A thunderstorm Thursday evening brought rain measuring a quarter of an inch in Kankakee. This brings the total rainfall for the month to about 9.25 inches, better than double the average rainfall.

The rain Thursday evening was accompanied by high winds and ominous looking clouds, but damage in the Kankakee area was slight.

The Public Service Co. received a few calls of power failure in Kankakee but the utility's Joliet headquarters reported the west side of Joliet and the Plainfield area apparently took the brunt of the storm.

Winds ranging up to 60 miles an hour swept from central southern Wisconsin through the Chicago area and then east. Another storm dumped about 1½ inches of rain on the Moline area and up to an inch in the Pittsfield area.

Nation Pauses To Pay Honor To War Dead

Honor 1,128,393 Killed In Conflicts Since Revolution

By THE ASSOCIATED PRESS America's revered dead — military heroes of the nation's five major wars since the struggle for independence — will be honored Saturday in the 91st annual observance of Memorial Day.

The ceremonies, spreading from coast to coast, across the Pacific to Hawaii and northward to Alaska, will center chiefly at national cemeteries, battlefields and other sites.

The long holiday weekend got underway today as millions, traveling by train, car and plane, started an exodus from crowded cities to resort areas.

America has counted 1,128,393 killed in the five major wars since the revolution, and countless thousands will pay homage at grave sites in large and small communities throughout the nation.

SATURDAY's scheduled activities are varied in form. At Rindge, N.H., Daughters of the Confederacy and Daughters of Union Veterans will lay wreaths on an altar on a pine-clad hill. The scene of the jolts' commemoration will be the altar of the nation, recognized by Congress as a memorial for all American war dead. It is the only one of its kind in the nation's capital, memorial.

IC Petition Taken Under Advisement

The Illinois Central's petition to discontinue two trains was taken under advisement after the Illinois Commerce Commission completed a hearing in Kankakee Thursday.

The railroad wants to abandon the Springfield Special which leaves Kankakee for Chicago at 10:30 a.m. and arrives here from Chicago at 6 p.m. daily daylight time. Witnesses for the city of Kankakee, which is objecting to the petition, produced figures on the number of passengers they had seen using the trains.

Other city witnesses predicted that further train service cuts would hamper the community's industrial development and curtail personal communications for plants here with offices in Chicago and other cities.

Railroad witnesses, admitting that passenger business between Chicago and Kankakee was on the increase, said the trains were incurring an average weekly deficit of \$2,500.

F. B. McElroy, the IC Examiner who conducted the hearing in Kankakee, said today the railroad had not completed the case. No more hearings will be held, he said, unless the commission should reopen the case.

McElroy said he had no idea when the commission might rule on the petition.

Spanish-American War Vet Comes To Defense Of Courthouse Lawn Flag

Frank Cartier, one of four or five remaining Spanish-American War veterans in Kankakee, passed up his chance to see the courthouse lawn on the brink of the 1959 observance of Memorial Day. The flag was erected by the Civil and Spanish-American War Veterans and the Women's Relief Corps. The flag was made in number of the stars on the flag since at the time the monument was established the union included but 48 states. (Journal photo)
