CITY'S TOTAL TAX RATE HAS 1-CENT DROP

KANKAKEANS TO PAY \$4.14
FOR EVERY \$100 IN AS-
SESSED VALUATION

\$4.15 LAST YEAR

Rate Would Have Been Much
Lower If Not For State's
Nine Cent Increase

Residents of the city of Kankakee will pay one cent less taxes per \$100 in assessed valuation at the coming tax collection than they did last year, according to figures compiled and published today by Annette Goussert, deputy county clerk.

Kankakee property owners will pay \$4.14 taxes on every \$100 in valuation this year. Last year the total was \$4.15 per \$100.

State Rates
According to a letter received by Miss Goussert from William H. Malone, chairman of the state tax commission, the state tax rate for Kankakee county will be 39 cents per \$100 valuation. The state rate is nine cents higher this year as in 1929 it was 30 cents.

The state's increase in rate was offset by four reductions in local taxes. The county's road and bridge tax which city residents will pay this year is 31 cents. Last year it was 33 cents. The city tax which is \$1.08 last year is down three cents this year—\$1.05. The school tax also dropped three cents, from \$1.75 to \$1.72 and the park tax dropped from 20 cents to 19 cents.

The county tax remains the same this year as last, 25 cents. The township tax is also unchanged, 9 cents, as is the county highway tax at 15 cents.

To Mail Bills
The taxes for residents of this city are now being extended and County Treasurer L. B. Rogers will mail out the tax bills next month. The taxes must be paid before May 1st to avoid payment of a one per cent penalty. An additional two per cent penalty will be assessed if the taxes are not paid by June 1st.

The tax figures for the other townships of the county are not available as yet because the railroad valuations have not been received. The railroad valuations are not very big item for the city taxes, but in many of the rural townships they are the biggest part of the taxes and the rates cannot be announced until the valuations are received from the state. Practically all of the townships are agreed upon a lower tax rate this year.

17-YEAR-OLD YOUTH ADMITS THEFT CHARGE

CONFESSES TO BURGLARIZING
HOME OF E. J. REISING
AT MOMENCE

GOT WATCH AND \$25

Arrested By Chief Keigher As
He Attempts To Board
Greyhound Bus

William "Billy" Evans, 17-year-old Oklahoma youth, was to be arraigned late this afternoon before Justice Sam Calkins at Momence on a charge of burglary. Evans, according to the authorities, has confessed to burglarizing the residence of E. J. Reising, Momence garage owner, on Dec. 17 and stealing \$25 in cash and a wrist watch valued at \$175.

Evans, who is in no way related to another youth named Billy Evans and who resides in Momence, was arrested last night by Chief of Police George Keigher when he attempted to board a Greyhound bus for Oklahoma. He was taken to the Momence jail and finally broke down and confessed to Keigher.

Evans had been keeping company with a young woman employed at the Reising home. From her he learned that the Reising had left Momence for a visit. He said that he broke into the house and found \$25 in cash and took the wrist watch, belonging to Mrs. Reising, which was studded with small diamonds and rubies. Evans pawned the watch for \$10 at Chicago. He gave the address of the pawn shop and Keigher went to Chicago today to recover it.

It is likely that Evans will be bound over to the grand jury for trial at the January term of circuit court.

RECOVER BODY OF LOCAL MAN LONG MISSING

OTTO LOGAN'S REMAINS ARE
IDENTIFIED AT MORGUE
IN CHICAGO

HAD LOST MENTALITY

Military Funeral Will Be Held At
2 O'clock Saturday From
Hickey Home

The body of Otto Logan, age 39, native of Kankakee and a veteran of the World War, was identified among 212 bodies at the Cook county morgue last evening by John P. Hickey, mortician, and brought to this city.

Logan had been missing since October 3, when he left his home in Chicago to visit his mother, Mrs. Mary E. Logan at 673 North Dearborn avenue, this city. When his absence became prolonged, Logan's wife communicated with his mother in Kankakee and learned that Logan had never come here. Chicago and Kankakee police conducted an investigation and it was finally learned that Logan had died of myocarditis in the Cook county hospital on October 13.

Identifies Body
Relatives had been unable to identify the body at the morgue, but Mr. Hickey was a life-long friend of the youth and recognized by a scar on his hip and a flag design tattooed on one arm. After Mr. Hickey had embalmed the body today the relatives easily confirmed his identification.

Logan was found wandering in an empty flat in Chicago on Oct. 12. He was taken to the Cook county hospital in a semi-conscious condition and died the following day. His mind was affected. Up until a year ago he had been a patient at the Speedway hospital. He was shell-shocked and gassed while serving with the army in France. He was born at Millford and at one time was employed as an engineer on the New York Central railroad. He left Kankakee about four years ago.

Relative Here
The man is survived, besides his mother in this city, by his wife, Mrs. Mary E. Logan, age 40. He also leaves two brothers, John and Fred, both of Kankakee.

Funeral services will be held at 2 o'clock Saturday afternoon and will be conducted by the Rev. John P. Norman, pastor of the Central Christian church. Burial will be in Mount Grove cemetery and there will be a military ritual at the grave. The body is now at the Hickey establishment and was brought here last evening.

GRUNDY COUNTY TO ASK INDICTMENTS FOR KANKAKEE MEN

The Grundy county grand jury will meet Monday to consider indictments asked against Victor Peasant, Clarence "Conney" Bertrand and Sam Barraby for the murder of William Schmidt in the Yellow Dog roadhouse near Dwight in 1926. The three defendants are residents of Kankakee and were arrested this week by Detective William Cantlin on warrants furnished by State Attorney P. L. Flood and Sheriff Harry Y. Jones of Grundy county.

The local trio has been tentatively identified as the gang which killed Schmidt in attempting to rob the roadhouse. It is likely that Peasant and Barraby will stand trial at Morris, but Bertrand must be returned to this city to answer charges for the murder of Fred Strahl last Sept. 11.

No definite date for expiration of the injunctions is given, but they are understood to be in effect for at least one year. Among the establishments affected by the injunctions in Kankakee are the Aroma Hotel, Paul Rabideau's place, "Big Joe" Sancillous, Art Montie's and the Green Lantern.

Philadelphia, Jan. 3.—(AP)—A stick of dynamite shattered the door of the home of Robert Farley, clerk of the register of Wills' office, today. No one was injured.

The explosive had evidently been tied to the doorknob and equipped with a fuse. It blew a hole through the outer door and tore the vestibule door from its hinges. No motive was advanced by Farley, who has held his office for 20 years.

Movie Tragedy That Will Never Be Shown On Screen

Santa Monica, Cal., Jan. 3.—(AP)—Investigations and a search for bodies began today as a result of a motion picture disaster which took place in a collision of two airplanes over the ocean three miles off shore late yesterday.

Half a dozen speedboats patrolled the sea graveyard where two cabin planes carrying ten persons, one a noted film director, plunged beneath the waves with their dead after they had collided 3,500 feet up while maneuvering for camera shots of a proposed parachute jump.

Only the three bodies, which were all from the ocean avails shortly after the tragedy yesterday, had been found. The remainder, it is believed, were pinned in the wreckage of the two planes on the ocean floor. Searchers believed it might be necessary to employ divers to recover the bodies.

Meanwhile the official wheels of inquiry moved to determine causes and blame for the accident. Captain Walter Parkin, head of the aeronautics branch of the department of commerce at Los Angeles assumed charge of the government investigation, while Coroner Frank Nance of Los Angeles county began assembling evidence for an inquest, the date of which was set tentatively for the first of next week.

Santa Monica, Cal., Jan. 3.—(AP)—The placid Pacific rolled gently today over the watery sepulchre of seven of the ten men who yesterday met a flaming death three thousand feet above the sea in catering to a public whim. The charred and shattered bodies of the other three were in a morgue, where sorrowing relatives will claim them before the world forgets.

They were making a motion picture thriller. Had they succeeded, the world would never have seen or known them.

For they were behind-the-scenes men—directors, cameramen, property men and airplane pilots.

Yesterday they soared over the sea—two plane loads of men and cameras and equipment. They hovered over a third plane, waiting for a "stunt man" to drop toward the water with his parachute. They were to make a thrilling sequence in a story based on disappearance of Captain Alfred Doolittle, Belgian financier, from a plane crossing the English channel on July 5, 1928.

The cameras were grinding and nerves were tensed for the final swoop when either a pilot erred, a flashing sun ray blinded or a vagrant air current played a role as a messenger of death. No one lived to tell what it was.

Suddenly the planes whipped together, almost head-on. Wings splintered, crumpled and folded back. Cabins ground together, telescoped. Gasoline tanks burst and flared. In the twinkling of an eye the combined wreckage shot seaward.

Three bodies were catapulted from the flame-spewing hulks during the hissing plunge, and fell into the water away from the volcanic spots of spray, fire and smoke which marked the crash of the planes on the surface.

Within a few minutes only a thin film of oil, floating out the whitened waves, bore evidence of the tragedy. No more bodies appeared, and no wreckage came to the surface.

Ferryboat Sinks Tug; Collision

New York, Jan. 3.—(AP)—Running blindly in a dense fog which threw fog-boats miles off her course, the ferryboat William R. Hearst crashed into the tugboat Mutual today at Beards dry dock, Brooklyn, throwing 18 men into the water and injuring four of them seriously.

The tugboat, which was tied up at the breakwater, sank shortly after the collision. Captain Harry Bass and the seven members of the crew of the Mutual were thrown overboard by the force of the impact and 10 dry dock employees, standing on the breakwater, were tossed in to the water.

Several other tugs which had tied up at the breakwater in the fog rescued all of the men.

The damage to the ferry, which had 150 passengers aboard, was only slight, and it proceeded to a Brooklyn dock.

Another municipal ferryboat, the Rodman Wanamaker, ran aground in the fog on a reef east of Governor's Island. None of her passengers was injured, and the ferry, undamaged, was drawn off the reef by tugs.

Both the Rodman Wanamaker and the William R. Hearst continued in service after the accidents.

There was little traffic in the harbor, due to the fog which drifted from the inland early in the morning.

COAST GUARD IS UPHELD BY SECY. MELLON

HEAD OF TREASURY AVERS
THE COAST GUARD GAVE
SUFFICIENT WARNING

TO LIQUOR RUNNERS

Rumors Fly Thick And Fast In
Capital On Question
Of Enforcement

BULLETIN
Washington, Jan. 3.—(AP)—Assistant Secretary Lowman said today that the cases of the crew of the coast guard boat which killed three rum runners had been turned over to the United States attorney at Providence and that his advice would govern whatever action the coast guard took in response, to a request that the men testify at an inquest at Newport.

The officers for 1930 are: Len Small, president; L. E. Beckman, vice president and cashier; E. A. Lecour, vice president; A. C. Radeke, vice president; E. A. Jeffers, vice president; L. H. Drolet, assistant cashier; P. H. Taylor, assistant cashier; Roy D. Seifert, assistant cashier.

The First Trust and Savings bank has never shown such progress as it has during the past year, the annual report shows, and there is every indication that 1930 has in store a success fully as encouraging. During 1929, as in past years, the bank has been conducted under a safe, conservative policy, with splendid success, and the same policy will be followed in the future.

At the quarterly meeting on December 6th, in addition to the regular quarterly dividend of 8 percent, stockholders were awarded an extra dividend of 2 percent. During the past year, \$25,000 was transferred from the undivided profits account to the surplus account, which brought the bank's surplus equal to its capital—\$200,000. The action made the bank eligible to the "honor banks" in the state and is a distinct achievement.

In addition, he asserted that the prohibition enforcement personnel were doing all they could to enforce the dry law, approved the transfer of the prohibition unit from the treasury to the department of justice and added that progress was being made in preventing the diversion of industrial alcohol for illegal purposes.

The statement of Mr. Mellon, who rarely has anything to say about prohibition, overshadowed other developments in the liquor row that has gone on for days and shows no signs of cessation. From another cabinet member, however, came a suggestion for improvement in dry law enforcement.

Attorney General Mitchell said that congestion in the courts was a major problem in the enforcement of the laws, including the 18th amendment. He suggested two additional judges for the district and gave a general summary of what piling up of cases meant in an attempt to punish crime.

Reports were also heard on Capitol Hill that the members of the joint congressional committee which will study methods of aiding the eradication of dry law violators would not include those senators and representatives who have taken a principal part in the present flurry. If this is borne out, there is little likelihood that the suggestion that Senator Borah of Idaho, head of the committee, will be heeded. The Idaho senator within the past two weeks has led the critics of prohibition enforcement.

Another development from the capital was the news that Representative Schaefer, republican, Wisconsin, one of the wets, was preparing a bill to make the search by federal agents of a home without a warrant a felony.

Providence, R. I., Jan. 3.—(AP)—State and government officials here today examined the tugboat Black Duck at the state pier and disclosed that all the machine gun bullets which killed three men and wounded another last Sunday were fired from astern of the vessel by the coast guard.

The coast guard said the Black Duck was trying to escape when fired upon.

A special session of the grand jury may be called within a week or ten days, Mr. Helitzen said, either in Providence or Newport to hear the facts of the case.

KANKAKEE UNIT OF BUREAU WILL MEET

The Kankakee unit of the Home Bureau will meet at the home of Mrs. E. H. Wiegman, 203 North Wilwood avenue Monday, January 6th. The meeting will begin promptly at two o'clock.

The adviser, Hazel L. Quick will be present to conduct the home management as well as the music appreciation lessons. Mrs. Carl R. Smith will preside at the business session.

FOR GRAND JURY

Subpoenas for witnesses who will testify before the grand jury next Monday were issued today by State Attorney T. R. Johnston, who refused to issue any statements as to how many indictments he will request or the nature of such indictments.

COURT OF INQUIRY IN SEA TRAGEDY

TWO KILLED AND FOUR ARE
BADLY BURNED IN FIRE
ON PLANE CARRIER

OF THE U. S. NAVY

Fire Originates In Turbopump
Pot In A Funnel Alongside
The Vessel

San Pedro, Cal., Jan. 3.—(AP)—A court of inquiry today will convene aboard the U. S. S. Saratoga, giant naval aircraft carrier, to fix responsibility for a gasoline fire which yesterday brought death to two men, seriously injured a third, and caused \$25,000 and caused damage as yet unestimated to the starboard side of the carrier.

Commander A. C. Reid, senior officer of the Saratoga, said the fire originated in a turpentine pot in a funnel alongside the Saratoga, during the surface of the water, which was covered with residue from a gasoline compressor pump being cleaned aboard the Saratoga. The cause of the turpentine pot fire had not been determined.

The dead:
MATTHEW LA VIELLE, 23, seaman, second class, Schenectady, N. Y.

VINCENT VALENTINE LALOR, 29, engineer second class, Brooklyn, N. Y.

The injured:
George William Febray, 19, Annapolis, Md., seaman second class.

Henry Kenfield, 24, Hampton, Conn., seaman first class; Albert Lee Houston, 20, Centerville, Wash., seaman second class; B. J. Morton, seaman, second class, slightly burned.

The captain's gig, moored alongside the Saratoga, was burned. The flames leaped 20 feet above the carrier's stacks and blackened about two-thirds of the starboard side, but failed to penetrate the interior of the ship.

The 1,500 crew members aboard were mustered to fight the fire, and succeeded in keeping the flames from a large quantity of combustible material carried on the ship. Damage to the huge carrier had not been estimated, but Commander Reid said a preliminary examination indicated that repairs can be made without difficulty while the ship remains at anchorage.

NIGHT SCHOOL WORK OFFERED BY ST. VIATOR

4 DEPARTMENTS OFFERED;
ENGLISH, MATHEMATICS,
FRENCH, SPEAKING

COLLEGE CREDITS

More Courses May Be Offered If
There Is Sufficient Demand Expressed

St. Viator college, through the Kankakee Chamber of Commerce, this morning announced the offer of night school courses in higher education, if the demand warrants their institution. The chamber is assisting in the project in an endeavor to ascertain how many people of the community will be interested in taking any of the courses offered.

Tentative plans call for the offering of courses in four departments: two courses in English, one in French, one in mathematics, and one in public speaking. Classes, if planned, will be given in some centrally located building in downtown Kankakee, the exact location to be announced later. The courses offered will be given two nights of each week for sixteen weeks, and each session will last one hour.

In order to meet the salaries of the professors, it will be necessary for the college to charge \$25.00 per semester for each course taken, including the matriculation fee. These courses should be of considerable interest not only to those who desire additional cultural training, but also to those who desire to receive a college degree. Full college credit will be given for each hour of work performed, providing the student is a graduate of an accredited high school. However, anyone may enroll regardless of past education.

A letter explaining the project and a questionnaire upon which the prospective student may indicate his choice of a course is being mailed out today to every member of the Chamber of Commerce. It is understood, however, that every member of the community is invited to avail himself of this opportunity. A number of students have been employed this year at the college, and a number of school teachers have also expressed a desire to enroll.

Four courses
The proposed course in English will include a study of the principles and practices of composition, appreciation of modern literature, and a study of the modern novel and American writers. The elementary French course will be for English-speaking students who wish to obtain a fair reading knowledge of the French language. The course in mathematics will include a survey of modern problems, algebra and trigonometry and their applications. Public speaking will include composition and declamation.

Courses may be opened in the following subjects if there is sufficient demand: commerce, economics, English, mathematics, and sociology. Additional information and the questionnaires may be procured from the Chamber of Commerce, phone main 687, or from Ed Callahan at the college, phone Main 1263. All replies must be received by Friday, January 10, in order that the college may complete the necessary arrangements.

New York, Jan. 3.—(AP)—Dr. Herbert H. Dow of Midland, Mich., today was announced as the winner for 1929 of the Perkins medal, one of the highest awards in chemistry. The award was made to Dr. Dow because of "his development of improvements in the production of chlorine, magnesium and numerous other chemical materials."

Presentation of the medal will be made Jan. 20 at the Chemists club here.

The committee which selected Dr. Dow for the honor was headed by Charles A. Lunn, chairman of the American section of the society of chemical industry and included representatives of the five leading organizations of chemists in this country.

Officials of the street car company said the brakes on Burkett's car were frozen and failed to hold on the hill, one of the steepest in town.

Among the injured were Richard Lawless, a policeman; Mrs. Don Ziegler; Mrs. Smith, Mrs. R. L. Langford; Hazel Stittling and Pauline Jackson.

BIG DECREASE IN THE PUBLIC DEBT

Washington, Jan. 3.—(AP)—A decrease of more than one billion dollars in the public debt of the United States in the last 12 months was shown today in the treasury statement for December 31.

The gross debt of the nation on December 31, 1929, was \$17,809,776,158 while on last Tuesday it amounted to \$16,800,921,501.

The debt reached its highest peak on August 31, 1919, in the post-war period, the figures being \$26,867,011,968.

On the last day of the old year ended the first six months of the 1930 fiscal year the treasury had collected \$2,077,589,661 from all sources and had expended \$1,855,804,881 leaving a surplus of \$221,784,779.

In the same period last year the income amounted to \$1,877,630,078 while the expenditures were \$2,064,117,722.

For December the income taxes also showed an appreciable gain, the amounting to \$431,701,023 last December.

FAMOUS PROSECUTOR DIES; TACOMA, WASH.

Tacoma, Wash., Jan. 3.—(AP)—Othello E. Jones, famous Tacoma prosecutor, died last night after a long illness.

Mr. Jones was born in 1864 and was a member of the Tacoma bar for many years. He was known for his success in causing the conviction of a young man on a charge of killing the memory of George Washington, died here last night after a long illness.

In 1918 Jones brought a charge of criminal libel against Paul R. Haffner, declaring that Haffner in a newspaper article had declared that Washington was "black-bellied," a negro citizen, and that he had killed the memory of George Washington.

Haffner was convicted, sentenced to three months in jail and fined \$100. After serving one month he was pardoned by the later Governor Lister and the fine remitted.

STATE LABOR PAPER LAUDS JUDGE RUEL

The following tribute to one of Kankakee's country officials was published in the December issue of the State Labor Journal:

"Judge Henry F. Ruel, county judge of Kankakee, is one of the most widely known men in public life in this section of the state. He has performed the duties of this important office in a fearless manner, always giving his best effort before his court's first and last decision."

"He has won the confidence of all law-abiding and progressive citizens of the county and hundreds of his intimate friends are urging him to become a candidate for reelection."

"His attitude towards labor has always been fair and just, and Judge Ruel has a host of friends among the workers who tell:

"It is such men as Judge Ruel that should occupy our courts because an other is no doubt as to his re-election in case he decides to place his name upon the ballot again."

MOST BAFFLING PROBLEM FOR THE PROHIBITION MEN

Washington, Jan. 3.—(AP)—Drinking among the socially, financially and politically prominent, in the opinion of Senator Jones of Washington, is one of the most baffling problems.

He expressed this view last night in a radio address delivered under the auspices of the Washington Star, asserting also that he had seen "far fewer Senators under the influence of liquor during the past ten years" than in the preceding decade.

Meanwhile, rumors gained circulation to the effect that the administration was formulating plans for preventing the diversion of industrial alcohol into bootleg channels and that the Hoover law enforcement commission had encountered serious obstacles in its efforts to investigate this phase of the prohibition situation.

In his radio speech, Jones said that "one of the hardest problems to meet" was that "men in high standing, socially, financially and officially" do not obey the law.

"Instead of encouraging good citizenship," he continued, "they breed the very poorest and most dangerous type."

He added that he had no knowledge of Mr. Hoover's attitude toward prohibition before it became a law, but that the chief executive's attitude since that time was "a personal example" that should be "followed by every good citizen in his home, at social gathering and in business affairs."

Washington, Jan. 3.—(AP)—The principal critic of prohibition enforcement conditions, Senator Borah of Idaho, has been suggested for the chairmanship of the proposed joint congressional committee to study legislative means of strengthening the liquor laws.

This idea was advanced by Senator Fess, Republican, Ohio, upon his return to the capital from a holiday vacation at his home. It was based upon a belief that the alcohol permit system would furnish one of the chief problems of the committee and that Borah's knowledge of this subject fitted him for the chairmanship.

Borah, who has been one of the most prominent participants in the recent prohibition controversy, as-

WILL DEAL IN THE FUTURE DELIVERY OF HOGS; CHICAGO

Chicago, Jan. 3.—(AP)—Within the next few weeks, the Chicago livestock will begin trading in future delivery of hogs.

In announcing this innovation in livestock marketing, Everett C. Brown, president of the Exchange, said the plan was effected to satisfy the demands of producers and processors of hogs who "wanted some system which would afford them the opportunity to hedge operations and this reduce risks incidental to price deflation and minimize risks incidental to hog ownership."

SECOND CONFERENCE ON REPARATION QUES.

The Hague, Jan. 3.—(AP)—Final trimming, expansion and revision of the Young plan was the object of representatives of thirteen nations meeting here for the second conference on reparations.

"When they have concluded their labors—unless some unforeseen hitch develops—the Young plan will be referred back to the Governments for ratification and its schedule of annuities over 58 years actually replace the present Daves plan annuities scale."

A meeting of from ten days to two weeks was hoped for, but there were those not so sanguine that pending matters could be disposed of in that time. Aristide Briand, French foreign minister, hopes to leave here in time for the meeting of the council of the league of nations January 13 while several of the delegates here will attend the London naval conference opening January 21.

The problem which possibly will bring most discussion and draw national lines clearest, it was expected here today, will be that represented by Germany's demand that the idea of sanctions be eliminated from the creditor nations' reparations policy. Although parliamentary ratification has not been given the German government has pledged its good faith in acceptance of the Young plan, and its intention to abide by its provisions.

A French survey shows that 8,197 dolmen, huge stone monuments, still remain.

Comparative Riches

There is a story of a man whom others called poor and who had just enough fortune to support himself in going about the country in the simplest way and enjoying the life and beauty of it. He was once in the company of a great millionaire, who was engaged in business, working at it daily and getting richer every year, and the poor man said to the millionaire: "I am a richer man than you are." "How do you make that out?" said the millionaire. "Why," he replied, "I have got as much money as I want and you have not."

MRS. DOLLY GANN WILL BE HOSTESS

Washington, Jan. 3.—(AP)—For the first time since she became official hostess to her brother, Vice-President Curtis, Mrs. Dolly Gann will, on Saturday evening, preside at an official vice-presidential dinner party.

Sir Esme Howard, the retiring British Ambassador, who befriended her when the controversy over her social rank was at its highest, will be the guest of honor.

Mrs. Alice Roosevelt Longworth, the wife of the Speaker of the House, who has been at odds with Mrs. Gann on the question of social precedence, will not be among those present, since custom forbids invitations to those outranking the guest of honor.

The function will be in the nature of a farewell to Sir Esme and Lady Isabella. Several members of the cabinet, diplomatic corps, the house and the senate are to attend.

NEW ORLEANS STREET CAR STRIKE SERIOUS

New Orleans, Jan. 3.—(AP)—Under orders to "shoot to kill if necessary," one hundred heavily armed police patrolled the streets here today to prevent further dynamiting of street cars. The blowing up of two cars Wednesday night brought to 64 the number of trolleys bombed since the beginning of a carmen's strike last summer.

The officers were under instruction from Superintendent of police Theodore A. Ray to charge any suspects taken into custody with violating an old state law which provides the death penalty for bombing.

Ray said he believed "jitney" operators were "directly or indirectly responsible" for the persistent dynamiting.
