PLANS CAREER IN POLITICS

Associated Press Photo  
Here is the newest picture of Mrs. Bulle Croker, who has settled in Florida to start seriously on a political career which she hopes will take her to Washington. She is shown at her home in West Palm Beach.

GUIDES PLANES TO PORT IN FOG

Associated Press Photo  
Paul C. Hobson, of Chicago, has invented a device which he claims can be installed in any plane, enabling pilots to safely fly and land at the airport and enroute, one constantly giving a series of dots, the airport dashes. When the pilot is heading straight for the field, he gets a continuous signal and another when he is directly over the port. Photo shows, left to right, William B. Hobson, G. C. O'Connor and Hanson. E. P. Scott, test pilot, is showing how the apparatus works with a model plane and airport.

## BUS SCHEDULES

## Five Gang Slaying In Six Days In Chicago

Chicago, Feb. 8.—(AP)—Two murders, one to the music of radio, the other to the chatter of children's voices kept Chicago's crime wave pounding steadily along today.

When two men slayed Phillip Marchese a racketeer, near the Irving school at Lexington street and Hoyne avenue yesterday, it made five gang slayings in six days. When last night, several men killed Joseph Buckere in his home, turning up the volume control of the radio to drown the sound of their shots, it made six. In addition, two men lie critically wounded in People's hospital, victims of gang attacks.

Marchese was well known to police as a gunman. In 1928 he was accused of slaying another gangster, but the case was nolle prossed. Not much is known of Buckere. Neighbors said the man, about 40 years old, was in the grocery business. He was alone in his well-furnished flat on West 1st street when two men called last night.

Elizabeth Padzunas, who conducts a grocery business on the ground floor of the two-story flat building, heard the men when they arrived, and heard Buckere admit them. A few minutes later there was the sound of voices raised in argument. The music from the radio in the Buckere flat increased in volume, and a moment later Mrs. Padzunas heard the men running down the rear steps.

She was unable to enter the Buckere apartment because of the spring lock, and called police. When they

forced the door, they said, the radio was blaring away with "Hail Hail the Gang's All Here," and Buckere's body lay on the floor, face down.

Although the Marchese murder was committed within sight of several persons including school children, none could be found today who was able to give a description of the slayers. Henry Iovono, was standing not far away, said:

"I heard two shots. I saw Marchese stagger and fall. Two men were running away. I can't describe them. They were just men—running—that's all."

The alarm was spread by children who pulled a firebox.

A 32 calibre revolver was found nearby. It was being examined today for fingerprints.

William Healy, who was shot earlier in the day, told police last night that his attackers had been George (Monk) Campion, Jerry Cotter and Jack Neville, the latter a paroled convict. Campion and Cotter were arrested and denied the shooting. Neville is being sought. The condition of Healy remained critical today, as did that of Johnny Genaro, victim of a gun attack last week. He, like Healy, abandoned the gangland silence code and named two men as his attackers.

Other gang victims of the six day period were: Barney Mitchell, treasurer of the Checker Cab Company, and Glenn Jackson, cab driver; Julius Rosenheim, informer and extortionist; and Joseph (the Dude) Cade, gangster and racketeer.

## TARIFF MEASURE REPORTED ON WAY BACK TO THE HOUSE

Washington, Feb. 8.—(AP)—With months of strife over committee amendments behind it, the Senate today set about the task of disposing of the hundreds of individual proposals to change the tariff, expecting to see the measure on its way back to the House within two weeks.

Disposition of the Dye controversy by a decision to continue the present policy of using American valuations as a basis for assessing duties on coal tar products brought to an end yesterday the long wrangle of committee alterations in the measure.

Amendments to the Chemical schedule—the first list of rates in the bulky document—was the order of business today with the Senate. Other rate schedules to be taken up as they are reached in the normal passage through the bill. Several hundred changes have been proposed, but party leaders predicted that many of these would be abandoned, and they pointed to February 15 as a possible date for a final vote.

## INSANE MAN KILLS 1, WOUNDS ANOTHER

Paduoh, Ky., Feb. 5.—(AP)—Frank Barrett, Fulton merchant, is dead and Bailey Huddleston, chief of police and former Fulton county sheriff, is lying in the Illinois Central hospital here near death because Barrett was unable to understand a request for cigars made by Roy Springer, believed to be an escaped inmate of the state insane asylum at Jackson, Mississippi, who was rushed here last night to escape mob violence.

Barrett succumbed at 11 o'clock last night as the result of a shot that lodged in his intestines, and Huddleston was declared dying early this morning despite a blood transfusion given to save his life after his throat had been cut from ear to ear.

Springer, who speaks English poorly, declared he went into Barrett's store yesterday afternoon and asked for cigars. When Barrett apparently failed to understand him he declared he took a box of cigars from the counter and walked out of the store.

Barrett reported the theft to Huddleston and started out with him in his car to search for the thief.

They found Springer walking along the road smoking a cigar near the Fulton City cemetery and were taking him back to town when Springer is declared to have suddenly turned with a revolver in his hand and shot Barrett and grabbed a knife from the floor of the car and cut the police officer's throat.

Reports from authorities of the hospital for the insane at Jackson, Miss., declared a man by the name of Roy Springer had escaped from the asylum September 17, 1928. Descriptions of the escaped man tallied with those of the prisoner but Springer denied that his name was Springer.

## Lobby Investigating Committee In Report

Washington, Feb. 5.—(AP)—Activities of the German dye industry and on the investigation of payments to the campaign funds of Senator King Democrat, Utah, pending recovery from illness of the Utah senator.

The report, prepared by Senator Robinson, Republican, Indiana, gave first attention to the national council of American Importers and traders, incorporated during 1929. The report said "the council was quite active and through its personnel and various branches expended large sums both in Washington and New York."

The report added that the council was "particularly successful in its effort to employ men who had been connected with the customs and other branches of government service." A letter sent out by the council soliciting funds to carry on the "lobby activities" was put in the report.

The cost of the publicity bureau set up by the national council was reported by the committee at \$15,675. The committee also reported that Samuel Kridel of New York City spent \$18,000 in 1922 to keep down the tariff on silk.

Senator Robinson withheld any report on the inquiry into activities of the German dye industry.

Chicago, Feb. 5.—(AP)—The road out of Chicago's money mess was open today but it was treated with "maybes" and "ifs."

The city council last night voted unanimously in effect to lay the burden of paying its employees their long overdue salaries upon the citizens relief committee headed by Silas Strawn. It pledged the city to meet all the conditions set up by the committee, conditions that give the committee the right to oversee the expenditures of all money it is able to raise for the city's empty treasury.

The acceptance of the Strawn offer was in the form of resolutions instructing the city comptroller to

find purchasers for tax anticipation warrants. The citizens committee offers the only present market for these warrants. The resolution went on to say:

"The mayor, the corporation counsel and the city comptroller are hereby directed and authorized to cooperate with the citizens committee x x x."

The resolution also "urged and invited" the board of education, the library trustees, and the trustees of the municipal tuberculosis sanitarium to adopt similar resolutions so that relief may be afforded to all municipalities within the city, and for the prompt meeting of payrolls and for carrying out the provisions of the appropriation ordinances.

It remains to be seen what action Mayor William Hale Thompson will take toward the council's action. "The resolutions will be given due consideration," he said.

## Big Job Ahead For Federal Farm Board

Washington, Feb. 5.—(AP)—The big job of the federal farm board in bringing about farm relief is to help the agricultural interests to organize so they can help themselves in the opinion of Chairman Legge of the new government agency.

Legge testified before the house appropriations sub-committee considering the annual supply bill for the next fiscal year in which \$1,700,000, was set aside for his organization. He said the "loan feature" is very helpful in working out these organizations, but we do not regard it as the most important function of the board.

Legge said that before congress adjourned the board might ask for a supplemental appropriation to the revolving fund.

"My offhand guess," he added, "would be that we would ask you to set aside another \$100,000,000, or \$150,000,000."

In a statement filed with the committee, Chairman Legge showed that 119 applications had been filed for loans totalling \$111,628,000; 79 approved, amounting to \$66,236,000; and a total of \$17,796,000 advanced. It showed that nine applications totalling \$6,507,000 had been refused, and the remainder still were under consideration.

Of the approved loans, cotton co-operatives received 230,000,000; grain \$11,136,000; livestock, \$8,600,000; dairy, \$5,380,000; fruit and vegetable, \$12,615,000; honey, \$135,000 and wool and mohair, \$1,275,000.

Legge said the board was trying to set up a foreign crop reporting service, because there "is something wrong with that proposition" of competition with foreign farm products, particularly cotton.

"We have got to go into this proposition as to x x x what can be

done to put our growers on a competitive basis as to both quantity and quality," he said.
