TAX RAISING IN ORDER IF MILLER WINS

REGULAR REPUBLICAN CANDIDATES FIND VOTERS IN FIGHTING MOOD

ECONOMY IS NEEDED

Tax Payers Feel They Are Already Overburdened With Taxes

Having spent three days among the voters of the southwest part of the county, the regular Republican candidates for the primary nomination are thoroughly convinced that the people are more than aroused over the question of taxes in this locality. It has already become certain that this will be the chief issue during the present campaign. In the farming communities in the southwest part of the county, tax payers feel that they are already overburdened with taxes, especially in view of the fact that farm incomes have been nothing to brag about for the last few years. And that the Emmerston state administration, backed and sponsored by the J. Bert Miller gang in the county, has raised the state tax thirty-three and a third percent is a little more than they can stand.

The tax notices will go out the first part of next week, according to the schedule in the office of the county treasurer. When these notices are received there is bound to be some "army talk" in more than one household.

For years, the J. Bert Miller crowd have called themselves the Lower Tax group. They professed to be for lower taxes, when history has shown that they have always increased taxes at every crook and turn when they were fortunate enough to get one of their henchmen into office. The Emmerston raise in taxes is the same old story. It has become a habit with the Miller gang to "squeeze" lower taxes before election and then proceed to raise them as soon as they get some one of their cronies in power.

The regular Republican ticket is composed of the following candidates: For State Representative—Luther A. Bratton. For County Judge—Henry P. Ruel. For County Clerk—A. O. Burdick. For County Sheriff—L. B. Rogers. For County Treasurer—Ed. Hoenig.

For County Superintendent of Schools—Frank Valtigier. Most of these men are opposed to Emmerston thirty-three and one-third percent increase in taxes. They object to it strenuously and believe an economy should be practiced in the state offices as well as in the county offices.

Very one of the candidates, with the exception of Mr. Burdick, have given previous services to the county and the fact stands out that COUNTY TAXES HAVE NOT BEEN REDUCED.

Therefore the issue is whether the taxpayers want economy and efficiency in their county offices or a tax-excessive inefficient way, the like of which only the J. Bert Miller gang is capable.

Dr. Snook To Die In Chair Next Friday

Columbus, Feb. 20.—(AP)—Governor Cooper today denied Dr. James H. Snook a stay of execution from his death sentence for slaying Theora Hix.

Snook, former Ohio State university professor, is under sentence to die in the electric chair at Ohio penitentiary February 28. A 30 day stay of execution was asked to permit the United States supreme court to act on his appeal.

The application for a stay was made in a letter signed by Arthur C. Fricke, Cincinnati; E. O. Rickerts, Columbus, and Arthur M. Spiegel, former Cincinnati municipal judge, as counsel for Dr. Snook.

The letter stated that the United States supreme court does not convene until February 24 and that it will be impossible to present the case before the date set for Dr. Snook's execution.

Dr. Snook was convicted of the first degree murder of Miss Hix last June 12. The Ohio supreme court had affirmed the conviction.

MOMENCE UNDERTAKER SHOOTS SELF

JOHN E. MELBY'S DEATH IS HELD ACCIDENTAL AT INQUEST

IN HERTZ' GARAGE

Believed To Be Victim Of "Gun That Wasn't Loaded"; In Poor Health

John Edward Melby, an undertaker and furniture dealer at Momence, 40 years shot himself thru the head as he sat on the running board of his car in the garage at the rear of the B. F. Hertz Memorial Temple, 543 East Court street, at 12:30 noon yesterday. He died at 3:45 o'clock, never regaining consciousness.

Suicide was at first believed to have been the cause of death, the jury at the inquest conducted by Coroner Octave J. Cartier this morning returned a verdict stating that the death was accidental. Witnesses testified that Melby was in unusual high spirits yesterday and was cleaning his car preparatory to making a trip today to Milwaukee where he planned to spend the week-end with his daughter, Helen, who is employed as a welfare worker by the state of Wisconsin. He appeared to be happy over the prospect of his trip. He had always expressed contempt for persons who committed suicide.

ONE CARTRIDGE

The jurors were of the opinion that Melby was a victim of "the gun that wasn't loaded." Conditions at the scene of the fatality indicated that Melby had taken the gun from a pocket of the car and was looking down the barrel with his right eye when he accidentally pulled the trigger. There was only one shell in the revolver, although a box of cartridges, tied securely lay on the running board. The gun was of .38 caliber.

The suicide theory was advanced by those who knew Melby had been in ill health the past several years. He was also estranged from his second wife, who is now residing in Momence. During the summer months he resided in an outdoor camp in Wisconsin and came to spend the winter with Mr. Hertz, early last November. He and Mr. Hertz have been intimate friends the past 15 years. The gun was an old weapon which he always carried in the pocket of the car. The cushions, tools and other articles in the car had been taken out and were scattered about the floor of the garage.

B. F. Hertz stated that he had left Melby shortly before 12 o'clock in the garage. Hertz returned at about 1 o'clock and went to the garage to get his own car as he had a funeral slated for 2 o'clock. He found Melby in a sitting posture on the running board of Melby's car, slumped against a door, and bleeding profusely. Hertz and his nephew, Gilbert Hertz, carried the wounded man into the rear of the funeral home and summoned Dr. E. G. Wilson who stated that it would be useless to take the man to the hospital as he was beyond all aid. The bullet had passed through his head and was found lodged in a rafter of the garage. Coroner Cartier and Detective William Cantlin "went in" and were with Melby until he died. The bullet had entered his right eye.

Gilbert Hertz testified that he had left Melby in the best of spirits and had gone upstairs to eat luncheon. He said that he heard a sharp report at about 12:30 but thought Melby had dropped a board or some other article while working around the garage. A son of the deceased, Fred Melby of Gary, Ind., also testified.

Born In Sweden

Mr. Melby was born Nov. 9, 1889, in Sweden. He was 63 years of age. He came to the United States in his youth and later started his undertaking and furniture business in Momence. He retired about three years ago because of ill health. He married Anna Sanstrom at Momence June 22, 1893. She died Sept. 13, 1913. Besides his second wife, he leaves two children, Fred of Gary and Helen of Milwaukee. He also leaves three brothers, Paul of Hammond, William of San Francisco and Fred of Bremerton, Wash., in addition to three grandchildren.

Funeral services will be held at 2 o'clock Friday afternoon from the B. F. Hertz Memorial Temple. The Masonic lodge of Momence, of which the deceased was a member, will have charge of the services. He was also a member of the I. O. O. F. and the Consistory clubs of Kankakee and Bloomington. Burial will be at Momence.

D. F. CANTLIN KILLED; WIFE IS BADLY HURT

FORMER LOCAL PEOPLE'S AUTO HITS TRUCK NORTH OF MONEE

HAD VISITED HERE

Driver Blinded By Lights Of Approaching Car; Will Be Buried Here

Dennis F. Cantlin, 57, was instantly killed and his wife, Bridget, is in a critical condition at St. James hospital, Chicago Heights, as the result of a collision between the Willys-Knight sedan driven by Cantlin and a heavy truck loaded with empty chicken coops driven by James Williamson of Loda. The accident occurred at 6:45 o'clock last evening on Cicero avenue, just off highway 49, three miles north of Monee.

Cantlin's skull was fractured when he went through the top of the car. He was an uncle of Policeman Thomas Cantlin and former Chief of Police William L. Cantlin of this city. He had resided in Kankakee for about 25 years and was at that time employed on the Illinois Central railroad. The past 15 years he has been with the Chicago and Alton railroad at Chicago as a conductor. His residence was 3924 West 43rd place, Chicago.

Mr. and Mrs. Cantlin were en route to their home after spending the past week with their daughter, Mrs. Gertrude Adams, 1254 East Chestnut street. Mrs. Adams' husband, Henry, died a week ago Tuesday and the Cantlins had been with her since that time.

Mr. Cantlin was born in Earlville, Ill., and came to Kankakee when, a young man. His wife formerly resided at Elmhurst. Clyde F. Worth of this city happened along at the scene of the accident and assisted in caring for Mr. Cantlin's body which was taken to the Martin undertaking parlor at Monee.

Blinded By Lights

Witnesses state that Cantlin was driving north and the truck was going south. Another sound-bound sedan swung around the truck just before the accident and the bright headlights on this car are believed to have blinded Cantlin whose car swerved and crashed into the side of the truck.

Mr. Cantlin is survived by the following children: Mrs. Mary Sullivan, Mrs. Dolores Ahearn and Martin Cantlin, all of Chicago, and Mrs. Gertrude Adams of Kankakee. He leaves one sister, Mrs. Dora Mode, of Indianapolis.

The body was removed to the family residence in Chicago. Funeral services will be held from a Chicago Catholic church at 9 o'clock Saturday morning and the body will be brought to Kankakee for burial in Mount Calvary cemetery.

Mrs. Jess Jacobson of 841 South Osborn avenue who underwent a major operation at the Grant hospital in Chicago is getting along as well as can be expected.

RED CROSS OF THE COUNTY TO HAVE MEETING

The Kankakee County Chapter of the American Red Cross wishes to express their appreciation for the generous contribution of \$25.00 received today from T. C. Schober, 738 South Harrison avenue, to be used in the present relief work of the Wabash river and tributaries sufferers.

The American Red Cross has again scored high in the great amount of relief work it provided in the flooded regions of Indiana and Illinois. The Kankakee County Chapter pledged itself to National Headquarters several weeks ago to do their part in this emergency and the response to the appeal made throughout the county has met with a ready response by certain individuals. The people in every district in our entire country can feel that if disaster should ever visit them the American Red Cross will be on hand to administer relief.

The Board of Directors of the Kankakee County Chapter will hold an important meeting next Tuesday noon at the Shrine Temple, at which time several important matters of business will be decided upon for the welfare of the County chapter. The national appeal for the disaster which visited Illinois and Indiana during the past month, especially in the Wabash river territory, will come to an end this week and any person wishing to contribute to this cause should present their contribution not later than Saturday.

RECORD CROWDS ATTEND POLICE BENEFIT DANCE

A tremendous crowd of dancers, young and old, thronged the Army hall last evening for the annual benefit dance of the Kankakee Police Department. In fact, it is believed that last evening's crowd was among the largest to ever attend a dance in this community.

It is estimated that at one time, over 400 couples were dancing on the floor. The big Army was taxed to capacity, and hundreds of people were crowded out onto the balconies and look on. A complete check-up not having been finished by the officers this morning, accurate figures are not available, but it is believed that over 1,200 tickets were sold.

The music of Dumontelle's ten-piece Black and Gold orchestra was entirely satisfactory, and many dancers were heard to give approval of the Police Department's choice of music.

Another big benefit dance will be held on Easter Monday, when the Freeman's Ball will be held. This dance, however, will be given at Knights of Columbus hall. The music has not yet been announced. Chief of Police Riley and the various members of the committees in charge of the affair today asked the Daily Republican to express their thanks to all who had in any way contributed to the success of the dance. They said that the response of the public had been splendid and that they were heartily appreciative.

VOTERS WILL WRITE NAME OF GOETZLER

DECIDES TO RUN AS ALDERMAN OF THIRD WARD ON NEXT TUESDAY

SOUGHT BY FRIENDS

Is Steadfast Republican And Will Give Ward Efficient Representation

Alex C. Goetzler is asking the voters of the Third Ward to nominate him as the Republican candidate for alderman at the primaries to be held Tuesday. Mr. Goetzler is the only candidate on the Republican ticket who has thus far expressed himself and has the endorsement of the Third Ward Republican club and of the two precinct committeemen of the ward. Because of the changes in the election laws, made effective the first of the year, it was impossible to have his name printed on the Republican primary ballots, and it will be necessary for voters to write in his name and address, "Alex C. Goetzler, 594 S. Fourth avenue."

Mr. Goetzler has for years been a steadfast Republican and a loyal worker in his ward for the past twelve years, and has never sought reward, and is only asking for the aldermanic nomination this year, at the behest of hundreds of his friends, who insist the Third Ward must be represented in the City Council by a man in whom they can feel a just pride as being everything a city official should be in character, ability and personality.

For a great many years he has been a foreman at the Bear Brand Hosiery Company, where he is highly regarded both by his employers and the hundreds of people working under him. The voters of the Third Ward can make no mistake in writing "Alex C. Goetzler, 594 S. Fourth avenue" on the Republican Primary Ballot next Tuesday and they will be justified in recommending him to all.

LARGE CROWDS EXPECTED FOR BAND CONCERT

Word is beginning to filter in to American Legion offices that visitors from neighboring cities who have some or other relatives on the U. of I. band will be on hand to see and hear the concert to be given on March 4th. Kankakee, being one of the band will not doubt call a large number of out-of-town people who are lovers of good music here to hear the concert. Entertainment committee members of the Legion, recalling the disappointing attendance at the U. of I. band concert last year wish to urge upon the good people of this city that if they stay at home on the evening of March 4th that they will be missing a real treat. Those who were fortunate to have been in attendance last year are a unit in praising the ability of the musicians, the repertoire presented and the pleasant manner in which the entertainment was rendered.

The price of admission has been placed within the reach of all so as to have the maximum number in attendance. All Legionnaires have tickets and all friends of the Legion are urged to purchase them in advance so that the expenses of the entertainment may be met prior to the arrival of the band in Kankakee. Tickets are fifty cents and a special program has been arranged for the children in the afternoon starting at 3:00 p. m. for which the admission to children will be twenty-five cents. Adults attending the afternoon concert will be charged the same rate as in the evening. High school students are also assisting in the ticket sale for the afternoon concert and will participate in the proceeds for the purpose of purchasing additional instruments.

Grain Market Erratic And Prices Drop

Chicago, Feb. 20.—(AP)—An erratic grain market session today saw wheat prices settle down to new low levels for the year and then recover part of the loss to finish at net declines of 8 to 2 cents a bushel. March wheat futures ended at \$1.08 1/2 to 3/4, May at \$1.13 1/4 to 1/2, July \$1.15 to 1/4 and September \$1.16 1/2 to 1/4.

Other grains suffered less from the avalanche of selling that has continued for several days, settling new low prices for three successive days in wheat. Corn finished unchanged to 1/4 cents higher than yesterday.

MAN CAUGHT IN BRADLEY GIVEN LIFE

CHARLES HAYERS CONVICTED FOR MURDER OF HIS OWN FATHER

AT KENTLAND, INDIANA

Bradley Residents Testified At Trial; Defendant's Mentality Weak

Charles Hayers, well-known in this vicinity, was convicted of the murder of his 84-year-old father, James Hayers, in a trial which concluded this week at Kentland, Ind. Several residents of Bradley testified at the trial as did the defendant's wife. Hayers was sentenced to life imprisonment.

Hayers was arrested at the home of his wife's father in Bradley the night of Wednesday, Oct. 9, 1929. The place had been watched during the day by Sheriff Harry Rouse of Jasper county, Indiana, and by Sheriff Ed Hoenig and Deputy J. E. Reed.

Confessed Crime
Hayers killed his father on the latter's farm near Fair Oaks, Ind. on the night of Oct. 9, 1929. In his confession made at the time of his arrest, he declared that he became crazed over financial difficulties and when his father refused to grant him another loan he picked up a 30-gauge shotgun and went outdoors. He fired both barrels of the weapon through a window as his aged father sat on the side of his bed.

Young Hayers then attempted to throw suspicion upon a hired man at the farm whose shoes, of an extra large size, he wore as he stood beside the widow and fired the fatal charge into his father's body. The shoes were still in Hayers' possession the night when he was arrested in Bradley. He had hidden a hatchet the night of the murder and made his way to Kankakee the next day and was trailed by Sheriff Rouse.

Taken By Relatives
Members of the family, when informed by the officials of the crime, themselves apprehended Hayers upon his arrival in Bradley and drove him in a car to Rensselaer where he was turned over to Rouse.

An 85-year-old half-brother of the murdered man was in the house when Hayers killed his father but did not hear the shot as he was totally deaf.

Mrs. Hayers and her 8-year-old daughter have been residing with relatives in Bradley since the tragedy in which her husband was accused of patricide. It is doubtful if Hayers will spend his life in the Indiana penitentiary because of his mental condition, which was responsible for his difficulty in holding employment for any great length of time.

FARMERS TURN TO SOY BEANS FOR NEW CROP

BETTER PROFIT THAN IN OATS, RYE AND WHEAT IN KANKAKEE COUNTY

BOOM AT CHEBANSE

Soy Beans Have Many Uses On The Farm And In Industry, Experts Say

Farmers of this county in the past five years have found that the growing of oats is unprofitable and therefore have turned their attention to a more profitable crop that looks like it has a good future to it, namely, the growing of soy beans. A great many things are made out of soy beans—oil, rubber, ink, and twelve or fifteen other articles, all of which enter into the industrial life of the nation in such a way as to make a constant demand for this product. Farmers can grow 25 to 30 bushels per acre of soy beans and at the present time are worth more per bushel than wheat. Soy beans are a soil builder and find a ready market for the seed. Farmers find them as good to feed cattle as any other legume, and dairy farmers comment very favorably on them as a feed for dairy cattle nearly as good as alfalfa.

Hundreds of acres will be planted in Kankakee county this year to grow for seed, as scores of farmers have already signed up a contract with one of the largest seed processors in the United States, and are guaranteed a minimum price. At Chebanse last Monday, scores of acres were signed up to grow for seed, and other points in the county are signing up to grow a large acreage. Farmers would do well to cut down their acreage on oats and plant 20 to 30 acres of soy beans, as it will be a more profitable crop than rye, barley, or oats. To these farmers who are thinking of getting in spring wheat, the future outlook in the price is anything but favorable and some think they try soy beans instead.

Any farmer who is interested in trying soy beans should call at the office of the Soil and Crop Association and talk over the contract for the raising of these beans. Scores of farmers are also taking advantage of the seed corn test. The big test is swamped at the present time but more can be taken on as tests are coming off right along making room for more. Summer township fairs the county in the number of farmers having their corn tested, with Kankakee a close second. A great deal of credit is due to the seed corn chairman of these townships for calling the members' attention to these free tests. A. C. Radack, chairman of Kankakee township seed corn committee, took a great deal of pains in notifying his members and is getting good results.

Members who have tested their corn for four years claim that the elimination of disease brings increased yield from 9 to 12 bushels per acre and of better quality.

The only townships so far not bringing in tests are Limestone, Rockville and Yellowhead. The following men are chairman of the townships on seed corn, who are calling their members attention to it and explaining how to bring in the corn for testing and that each member is entitled to 400 ears free. This is enough to plant practically 40 acres.
