(Special to The Republican)

Morris, Ill., Mar. 12.—Due to unexpected delay in court proceedings, the trial of Bertrand and Festante, charged with the murder of Morris, was not given to the jury until this afternoon.

The jury was sworn in this afternoon at 2 o'clock and the trial was continued until 5 o'clock.

The entire morning session today was taken up with the closing arguments of the defense.

The defense attorneys, J. L. R. and J. L. R., made the closing arguments to the jury in which they de-

manded the supreme penalty—death—for the alleged slayers of William Schmid in the Yellow Dog Inn at Morris, Ill., on Nov. 15, 1928.

The jury is expected to reach a verdict by this afternoon.

The jury, which was charged with the duty of deciding the fate of the two defendants, was heard in the morning.

FACES TRIAL FOR BRIBERY

OIL MAGNATE TO BE TRIED FOR ALLEGED GIVING OF \$100,000 TO FALL

ELK HILLS LEASE

Accused Man Is Confident He
Will Be Acquitted Of
The Charge

Washington, Mar. 12.—(AP)—A jury composed of nine men and three women was selected today to try Edward L. Doheny, oil operator, on the charge that he gave Albert B. Fall, former secretary of the interior, a \$100,000 bribe for awarding a lease to the Elk Hills naval oil reserve to a Doheny company.

The members of the jury, which will be kept under guard until a verdict is rendered, are:

Luther W. James, negro automobile mechanic; Lawrence P. McWilliams, chain store manager; Clarence Cantor, street car conductor; Archibald Gill, chauffeur; Mrs. Cristie Vollmer, housewife; Isaac Dengler, laundry worker; R. Bernard Becker, hotel clerk; Emory H. English, office worker; Margaret Mannix, stenographer; Conrad Pitts, employee contracting company; Chelsey H. Ray, transportation agent.

Washington, Mar. 12.—(AP)—Another reverberation from the scandal which attended the leasing of the naval oil reserves in the Harding administration was heard in the capital today, with Edward L. Doheny again facing a criminal court action, this time on a charge of bribery.

Specifically, he was accused of having given Albert B. Fall, Harding's secretary of the interior, \$100,000 in return for the famous lease on the petroleum reserve at Elk Hills, California. Doheny was prepared to enter his familiar contention that the exchange of funds was a loan to an old friend in need, for which a legally executed note was given.

Notwithstanding the fact that Fall, himself, was convicted of bribery for the same transaction only a few months ago, Doheny was confident that he would be acquitted, as he was when brought to trial with Fall several years ago on a charge of conspiracy to defraud the government.

Figures, familiar in the oil cases were involved again in the Doheny proceedings. Althea Pomeroy and Owen J. Roberts were in charge of the government's case as special prosecutors and Frank J. Hogan was chief counsel for the defense. Witnesses who have told their story of the oil transactions many times were called upon to give their testimony again.

Both government and defense attorneys said they had no new evidence to present.

Counsel for the defense were ready with a motion that the bribery charge against Doheny be dismissed on the ground that since he had gone to trial on a charge of conspiracy the new action placed him in double jeopardy. Such a plea was made and overruled when Fall was tried for bribery.

Associate Justice William H. Taft of the supreme court of the District of Columbia was the presiding judge. A panel of fifteen men and eleven women was summoned for the selection of a jury.

FRANK SMITH CONFERS WITH FRIENDS HERE

CANDIDATE FOR CONGRESS—
MAN-AT-LARGE A VISITOR
IN KANKAKEE

HALES FROM DWIGHT

Indications Are That Republi-
cans Of This Community
Are Loyal To Him

Frank L. Smith of Dwight stopped a few moments in Kankakee yesterday on his way to Indiana.

Mr. Smith is a candidate for Congressman-at-large and is one of the best known of the twenty or more candidates seeking the Republican nomination for that office.

The Republican primary ballot will have the names of these twenty or more candidates for Congressman-at-large from Illinois, and each voter may vote for two candidates as there are two to be elected.

The Republicans of Kankakee have not forgotten the unfair discrimination made against Mr. Smith when he was elected senator, and later when he was appointed by the Governor to fill the vacancy in the senate.

Frank L. Smith is favorably known in this county. He has many personal friends and acquaintances here and has repeatedly carried Kankakee county by large majorities.

Indications are that in this locality the Republicans are still loyal to him and he will again be one of the high men in the coming primary.

The following clipping from a Pennsylvania exchange indicates the sentiment towards Frank L. Smith in the East:

FRANK SMITH ONCE
AGAIN A CANDIDATE

"If at first you don't succeed, try, try again. Frank L. Smith of Illinois, who was twice denied a seat in the United States Senate, has now announced his candidacy for the House of Representatives. It may be recalled that Mr. Smith originally defeated the late William McKimley for the Republican nomination for the United States Senate, but was refused admission to that body on the ground that he had made excessive expenditures. Later he was named by the governor to fill the unexpired term of Mr. McKimley, who had died in the meantime, and this appointment was likewise rejected.

"That it was an arbitrary stand for the Senate to take is acknowledged by the best Constitutional lawyers in the country. Smith, if anything, had a better right to his seat than Senator-elect Vane of this state; but the Senate in a fit of self-righteousness could not see it that way. There is no doubt that Smith was the choice of his constituents, and it would be interesting if he should win a seat in the other branch of Congress. Whatever else may be said about the gentleman from Illinois, he must be credited with persistence. The whirligig of time brings in his revenges; and Frank Smith's election to the House of Representatives would serve notice on certain members of the Senate that the will of the people cannot be permanently thwarted."

COLORED MAN HELD IN JAIL FOR SHOOTING

GEORGE JACKSON ACCUSED
OF WOUNDING PAL OVER
GAMBLING

FIRE THREE SHOTS

Ambushed Nelson West At Rail-
road Camp North Of Man-
teno Last Evening

George Jackson, colored, is held at the county jail following a shooting match which occurred in the section camp of the Illinois Central railroad just north of Manteno early last evening. Jackson is accused of wounding Nelson West, a colored man.

The shooting is said to be the outgrowth of a quarrel between the two men which occurred about two months ago. At that time Jackson had West arrested and charged that West had held him up at the point of a revolver after a dice game, relieving Jackson of \$40 winnings.

Jackson never appeared in court to testify against West and the latter was released after spending a few days in jail.

Jackson was in an intoxicated condition when brought to the county jail last night. West was just coming out of the door of his shack when Jackson opened fire with a .32 calibre revolver. He fired three shots at West, one of the bullets tearing through West's left arm.

West fled into the shack. Jackson was still waiting for him outside when officers arrived and took the two off to jail. Jackson swore that he would kill West and still maintains that the latter cheated him in a crap game.

West was released this morning after being questioned by State's Attorney T. R. Johnson and Special Investigator William L. Cantlin. He signed a complaint against Jackson who will be held for trial.

West was treated at the jail by Dr. W. P. Cannon, district surgeon for the Illinois Central railroad.

CHANGES MADE IN LAST RITES OF SELSOR ORR

On account of the delay in the arrival of the sister from San Francisco, funeral services for Selsor Orr at Peoria will be held Friday afternoon at 1:45 o'clock instead of Thursday afternoon, as before announced. SUPERVISOR OF OPERATIONS FOR GREYHOUND LINES

Mr. E. H. Mattson has been appointed supervisor of operations for the Greyhound Lines in Illinois. He will devote his time between work in the city and out on the lines.

Mr. Mattson has had a long experience in the bus business, and will be responsible for all operations of the Greyhound Lines out of Kankakee including the inspection of coaches, supervision of driver-tickets agents, etc.

Kankakee is on the main route of the Greyhound Lines between Chicago and St. Louis trips are operated daily in each direction. This is an important link in the coast to coast system of the Greyhound Lines, which operate in excess of 100,000 miles per day.

According to O. S. Caesar, president of the Greyhound Lines, the appointment of Mr. Mattson as supervisor is in line with the company's policy to place its bus transportation on the same high plane of service as that rendered by the railroads.

LEAGUE OF WOMEN VOTERS MEET SATURDAY

The League of Women Voters of Kankakee County will hold an open meeting in the council room of the city hall on Saturday at 2:30, to which all women who are interested in becoming more intelligent voters, and therefore better citizens, are invited. Mrs. Elting Lundie of Chicago will speak on the work of the League.

Membership is urged and the League presents the following reasons for its existence.

Because it is the only national organization existing solely for the political education of women.

Because it develops the intelligence of the individual voter broadcasting information on public affairs.

Because it gives disinterested, unpartisan information on parties, candidates and measures.

Because it offers practical programs on government and politics for use in your state, your city, your town.

Because it works to secure law enforcement.

Because it works to promote that international cooperation which is necessary to prevent war.

Because it works to secure laws for efficient government and laws for public welfare in government.

Because it provides a meeting ground for women of all parties and all groups, where they may exchange ideas, make plans and work together for the things in which they have a common interest.

Because it urges women to enroll in the political parties and to work through them to improve the machinery of government.

Because it is composed of local and state leagues which are affiliated with the national league and because more can be accomplished by working through a great national organization than by working alone.

Gentlemanly Thieves Spent 12
Cents To Return Pool Hall
Documents

The thieves, who burglarized the Fister and Coates' billiard parlor, 166 North Schuyler avenue early last Monday morning and carried away bodily the small safe and the \$183 in cash contained therein, have been gentlemanly enough to return insurance policies, canceled checks, and other papers, valuable only to the management, which were locked in the safe at the time it was stolen.

These papers, tied in a bulky bundle with wrapping paper, were received yesterday by mail at the pool hall. The package was mailed from Joliet, and the thieves paid 12 cents in postage to return the papers. The postmark is indistinct and does not show when the package was mailed, but it is assumed that it was put into the mails Monday afternoon.

The package was mailed to Robert Waltham, an employee in the pool hall, whose Christmas savings pass book was in the safe. This book was the only valuable not returned. Mr. Waltham's name was misspelled, however, and was written, "Robert Naiten, 166 North Schuyler street." It is assumed that the thieves kept out this book in order to address the package.

On the face of it, it appears that the thieves were not familiar with the name of the pool hall and with the street name, otherwise they would have mailed the package to "Fister and Coates, 166 North Schuyler avenue." It is possible, however, that the thieves might be from Kankakee and took the parcel to Joliet for mailing, making the mistake deliberately to throw the authorities off the trail.

With the return of the papers, the management now stands no loss from the robbery, as the theft of the safe and money was covered by insurance.

Ed Immings, police detective; Deputy Sheriff Henry Greenwood, and Bernie Coates, one of the proprietors of the business, were in Joliet today making an investigation.

AUTO DEALERS OF THIS CITY ARE ORGANIZED

The Kankakee Automobile Dealers association has recently been organized. Active membership is open to all firms selling automobiles at retail in Kankakee, an associate membership is open to any dealers in the Kankakee trading area.

Meetings are held weekly, at which time problems common to all dealers are discussed, and an effort made to solve them in a satisfactory manner. The purpose of the organization of the group was to develop a spirit of fellowship among the dealers, and give the customer the best of service at the lowest possible cost, through the elimination of unfair trade practices.

The officers recently elected are: Romy Hammes, president, and H. M. Weaver, treasurer. As a group, the Kankakee Automobile Dealers association has become affiliated with the National Automobile Dealers association, and all the facilities of that association are open to members.

ELECTION FOR NON- HIGH SCHOOL BOARD MEMBERS THIS YEAR

The non-high school board of education met at the county superintendent's office Saturday afternoon. Among the several items of business attended to it was agreed that each common school district in non-high school territory be designated a precinct for the purpose of voting for members of the non-high school board, the election to be held at the same time and at the same place as for school director.

There are a few districts which lie partly in high school districts and partly in the non-high district. Any voter residing in that part of his district which lies in non-high territory is directed to vote at the nearest place where the election of a member of the non-high school board is being held. This will not deny any voter residing in non-high territory the right to vote for the candidate for that board.

The present members of the board are: J. R. Hanlon, Grant Park; Ben Fraser, Bourbonnais; and Albert Stehr, Bonfield. Mr. Stehr's term expires this year.

COUNTY GIRLS ACHIEVE FINE 1929 RECORD

WORKERS IN TEN 4-H CLUBS
BUSY AS THE PROVER-
BIAL BEES

MAKE OWN CLOTHING

Enrollment Of 106 Will Be
Greatly Increased During
The Current Year

An idea of the vast amount of work done by the girls who belong to the 4-H clubs in Kankakee county during the year 1929 was revealed today by Miss Hazel L. Quick, county Home Bureau adviser, in an interview with a Republican reporter.

The 4-H girls plan to even better their last year's achievements during 1930.

One of the outstanding feats of the girls was attaining a grade of 94.3 per cent for finishing up work started during the year. In 1929 their score was only 47 per cent, so that they doubled their grade last year. This is the best increase reported among all the counties in the state.

A goal of 100 per cent for finish-up work has been set for 1930.

There were 106 girls enrolled in the following ten clubs: Union Hill, Kankakee, Bonfield P. F. and S. L. Rockville, East Workers, Rockville Golden Girls, Summer Ship and Stitches, Moneville Thrift, Grant Park True Blue, Limestone Leaders and the Exline Neat and Nifty.

Twenty leaders conducted the work and 99 girls completed the year with 100 per cent averages. Eight clubs scored 100.

During the year the girls made 134 undergarments, 121 dresses and 12 other types of garments. The girls showed their thrift and conservatism by mending 110 garments, darning 258 pairs of stockings and pressing 412 garments. There were 55 girls who did all of their own mending and 34 who did the mending of the entire family.

The 4-H club girls of the county displayed exhibits at the Kankakee Inter-State Fair and at the Central States Exposition at Aurora. The girls realized \$53.50 in cash prizes at the Kankakee fair and \$9.50 in prize money at Aurora.

More girls are expected to enroll in the afore-mentioned ten clubs during the current year. Miss Florence Kimmelschue, Rockville, was recently employed as assistant 4-H club director of the county and she will also organize new clubs and train leaders.

NEW RIOTING IN CAMP OF MILLER GANG

RESENTMENT RISES OVER THE
APPOINTMENT OF FRANK
KRUGER

AT STATE HOSPITAL

Disappointed Seekers Of Job
Held By R. E. Brown Are
Rapidly Deserting Tribe

The fire has broken out in a new place in the J. Bert-Judd political camp—or, to be more explicit, in a half dozen places.

The near riot has started over the appointment of Frank Kruger as Chief Clerk at the Kankakee State Hospital. At least, a half dozen other men who have been supporting the "anti" cause for a dozen years or more are said to have been promised this job and at the last moment were turned down flat.

Among those who were said to have had their applications in for the position and who suffered the humiliation of having the Miller gang slam the door in their faces were W. J. Richert, Gene Durand, "Bis" Pombert, and one or two others. In every instance these men are understood to have had the expressed promise from the so-called leaders of the Emmerson Higher Tax group that they were to be appointed just as soon as a vacancy occurred. However, as soon as R. E. Brown was discharged from the position, the editor of the Kankakee Daily News is said to have stepped in and threatened to withdraw his newspaper support from the "anti" cause unless one of his office helpers was named. Those who were disappointed in not getting the position declared that Kruger has rendered no service to the "anti" faction in any way, shape or form; that he was merely a sort of an errand boy and general utility man around the News office; and that he had no qualifications whatever, political or otherwise, for the position.

The new over this situation is said to have resulted almost the riot stage, and that some of the disappointed candidates are now tipping it off to members of the organization that they are through.

WOMANHOOD IS BEHIND PROHIBITION

FOURTEEN POINTS IN SUPPORT OF EIGHTEENTH AMENDMENT

"POLITICAL CREED"

Presented Committee Following Testimony of Many Witnesses

Washington, Mar. 12.—A "political creed" of the womanhood of the United States, outlining fourteen points in support of the eighteenth amendment and the constitution as a whole, was presented at the Judiciary committee prohibition hearing today by Mrs. Henry W. Peabody, Beverly, Mass.

She presented the creed after scores of women representing national women's organizations in rapid succession had taken the stand one after another and endorsed the prohibition cause. They had argued that the womanhood of America stood squarely behind the dry state.

Mrs. Peabody, who was in charge of the witnesses, said the creed had been adopted only yesterday. The creed read:

"We believe that the existing law of the United States is equally guilty with the buyer in illicit transactions in liquor."

In addition the creed said the organization believed in "law enforcement, without regard to the property, homes and human rights; and that it did not believe in the womanhood of America standing in support of the prohibition of the sale of liquor."

It said the organization felt that the present, which has been in the law enforcement, is a disgrace to the womanhood of America and should be replaced by a law enforcement which is a credit to the womanhood of America.

"The creed affirmed a belief in the womanhood of America, in the prohibition of the sale of liquor, and other habits making drugs in the United States."

It expressed the firm belief that the prohibition of the sale of liquor is a disgrace to the womanhood of America and should be replaced by a law enforcement which is a credit to the womanhood of America.

"The creed affirmed a belief in the womanhood of America, in the prohibition of the sale of liquor, and other habits making drugs in the United States."

THIRD DISASTROUS FIRE; NEW ORLEANS

New Orleans, Mar. 12.—A third of a century ago, the first of a series of fires which within three weeks, destroyed between 400 and 500 homes in a section of the city known as the "French Quarter" was extinguished.

Firemen held the flames within one section of the warehouse by closing connecting doors.

With the fire under control, police began an investigation seeking to determine if the three fires were of incendiary origin.

The first fire was in the Charbonnet warehouse, three weeks ago, destroyed the warehouse, damaged the warehouse and caused the death of six persons.

Last yesterday a fire of undetermined origin started under the roof of the warehouse, destroyed the warehouse and caused the death of six persons.

TAFT TOMB MARKED BY A MEMORIAL

MONUMENT TO BE SELECTED BY MRS. TAFT AND THE THREE CHILDREN

WASHINGTON, Mar. 12.—The will of the late William Howard Taft, former President and Chief Justice of the United States, was filed today for probate, although no valuation of the estate has yet been disclosed.

The will was executed June 2, 1925, and was modified by two codicils, one on April 27, 1927, and another on June 1, 1927. Under the original will, Yale University was given \$10,000, to be added to the principal of the A. Hamilton University fund and credited to the class of 1927.

Wendell W. Mischler, his secretary, was given \$5,000, the following specific bequests were made: Margaret McNamara, \$10,000; Anna McNamara, \$10,000; Helen H. Taft, \$10,000.

With these exceptions, and save for his papers and copyrights, the remainder of the estate was to be divided equally among his three children, with the remainder to be divided equally among his three children.

Washington, March 12.—The tomb of William Howard Taft, former president and chief justice, is to be marked by a memorial shaft to be erected in Arlington National Cemetery.

The monument is to be selected by Mrs. Taft and her three children, who chose the site in Arlington National Cemetery in which the man who was President and Chief Justice is now at rest.

It is to be the dominant characteristic of the marker, a simplicity that will be in keeping with the character of the man who it commemorates.

With President Hoover and the majority of the Government standing reverently by and with platoon of the army, the navy and the marine corps drawn up in last of his last home yesterday as the day was drawing to a close.

Then, as the volleys echoed and died across the broad fields of Arlington, came the soft, clear notes of the bugle, sounding "Taps," and the sky, thick with clouds and falling rain throughout the day, brightened, a bit of blue appeared, and a soft ray of light played about the top of the Washington monument and the spires of the city, hazy with the burial place.

It had been a day in which both great and lowly had paid their tribute to a great American. For an hour and a half, the body had lain in state in the rotunda of the capitol, while long lines of plain citizens, who had stood in the falling rain for this opportunity awaited the church services, simple ceremonies conducted by the Taft family pastor, the Rev. Ulysses G. B. Pierce. There were hymns played upon the organ and chimes, prayers, scripture reading, the recitation of a few poems that Mr. Taft had loved in life. That was all.

From the church the funeral procession filed slowly across the Potomac and up the winding road to Arlington. At Fort Myer, it was joined by the military and naval units, which led the way to the quiet hillside that was the burial place.

The casket of the dead President was lifted from the hearse that had carried it from his home to the capitol, to the church and finally to the cemetery, and borne to the grave. The casket was lowered into the grave, and the casket was lowered into the grave.

Dr. Pierce read the four stanzas of "Crossing the Bar." There was a brief pause and then three volleys of rifle fire crashed into the stillness. Another pause and "Taps."

Mrs. Taft and her children, Mrs. Helen Taft Manning, Robert A. and Charles P. Taft, were seen first to leave. Then, President and Mrs. Taft, followed by the three children, the tomb dispersed the crowd, which had been unable to approach the grave, and the casket was lowered into the grave.

Latin America and the West Indies are buying more than half the aircraft exported from this country. France's production of automobiles last year was one-fourth greater than in 1928.

Medals have had an unusually large number of tourists this season. Scotland is winning on bookmakers.

Scores Of Prominent Club And Society Women Rally To Defense Of Prohibition

WASHINGTON, Mar. 12.—More than a score of prominent club and society women from all sections of the country were mustered to the defense of the prohibition law today, by dry leaders presenting testimony before the house judiciary committee in opposition to the repeal of the eighteenth amendment.

They came with prepared statements intended to show a cross section of the opinion of American womanhood. All said the majority of their sex was in favor of the dry law.

Brief statements from Mrs. Henry Ford and Mrs. Thomas A. Edison, were submitted.

It was the prohibitionists' third day before the committee. Four more are to follow, giving the dry cause a period equal to that taken by the wet side in their denunciation of anti-prohibition statutes and the conditions which they attributed to them.

Under the leadership for the day of Mrs. Henry W. Peabody of Beverly, Massachusetts, the chairman of the Woman's National Committee, testimony was given by a number of women favor a continuance of prohibition.

A prominent witness was Mrs. John P. Sippel of Baltimore, president of the General Federation of Women's Clubs, who had received an anonymous telephone call threatening her with harm should she appear in favor of the dry law.

Mrs. Ford and Mrs. Edison agreed in favor of prohibition. Mrs. Sippel said that she had received an anonymous telephone call threatening her with harm should she appear in favor of the dry law.
