Liberty Worth Fighting For Declares FDR

President Delivers Armistice Day Address At Arlington

Washington, Nov. 11.—(AP)—President Roosevelt today said that we have a duty to ourselves and to those who died to gain our freedom to make the world a place where freedom can live and grow into the future.

The American people believe liberty is worth fighting for, he added. "If they are obliged to fight, they will fight eternally to hold it."

The president spoke from the Lincoln Memorial amphitheater in Washington. He was surrounded by the American flag and a wreath of olive and oak leaves. He spoke for the first time since the attack on Pearl Harbor.

Particular significance of the day, Mr. Roosevelt declared, was that it was the day when we were not alone in our fight against tyranny.

He said that the American people had known why they were fighting. They had known that the world was not safe for democracy.

He said that the American people had known that the world was not safe for democracy.

Vernon G. Butz, attorney, now vice president of Kiwanis, yesterday was nominated for the presidency, nomination being made at a meeting of the club.

Delinquency Is Problem Of Community

State Man Blames Divorces For 50% Of Wayward Boys

Prevention of juvenile delinquency is a community responsibility, according to Edgar E. Drake, district supervisor of the division of delinquency prevention, state department of public welfare, who spoke before yesterday's Kiwanis meeting at the Broomfield cafe.

"This is true," he said, "because prevention is a problem for the home, the church and the school, and you and I, making up the community, also make up the home, the church and the school."

The most telling tale behind juvenile delinquency, Drake said, is failure of the home. Divorces account for 50 per cent of the boys who are sent to such institutions as St. Charles state school for boys.

Other causes, he said, are deaths of parents and separations.

Pattern of life that is given to a child during the formative years in the home is the pattern.

Would Discontinue 2 Kankakee Trains

Hearings on the petition of the Illinois Central railroad company to discontinue mixed trains between Kankakee and Bloomington and Kankakee and Minooka will be conducted Wednesday in Robinson, Ill., by examiners for the Illinois commerce commission.

These trains are among a group of 10 the road seeks to discontinue. The others are located in southern and western Illinois and part of Wisconsin.

There were to plant little wooden crosses in the plot of ground in tribute to their war dead.

Waiting her turn with the others today was a grey-haired woman who leaned on a pair of crutches. In her hand she had two crosses, one for her husband and one for her son.

Her husband was a mine sweeper during the world war. He went down with his ship before his son was born in February, 1918. Two months ago, the son, a sergeant-pilot in the Royal Air Force, was killed.

A bomb hit the house which the woman had taken near the airfield to be near her son, costing her leg. But today as she waited to plant the crosses she had no tears for her losses.

"I'm not the only one, am I?" she asked.

There were no ceremonies in observance of the day. But a wreath of poppies was placed on the Cenotaph which honors Britain's war dead by Col. Piers Leigh, master of the royal household. The card was inscribed "In memory of the glorious dead, George, R. L. Elizabeth, R."

Traffic did not halt at the Cenotaph today but about 2,000 persons stood with bare heads for a moment as Big Ben struck eleven.

Hitler Peace Offer Doomed, Editor Says

United States Would Suffer Most, Forum Speaker Declares

"If the United States and Great Britain should today accept any peace overtures from Hitler, you can write the end of Americans as a free people."

This is the opinion of Carroll Binder, foreign news editor of the Chicago Daily News, who spoke before last night's meeting of the Kiwanis club community forum which had a near capacity attendance in the Kankakee high school auditorium.

"Such a peace," said Binder, "would be a disaster for us, and for generations yet to come."

Any peace now, he said, would be based on possession by Germany of a great portion of its conquests and the continued possession of the greatest military machine in the world. It would be a breathing spell for the Nazis to recover from losses thus far suffered, and to modernize their military machine for new conquests.

No Room for Both
"Don't forget," declared the speaker, "that it is the belief of Hitler and Mussolini that there is not enough room on this earth for democracy and capitalism, and the kind of government they want."

Binder, former news correspondent who has traveled extensively in Europe and Asia, said he can't see that such a peace would be beneficial to America.

"It would be disastrous," he asserted, "if any considerable portion of our people became convinced that the struggle was over. That is what the totalitarian leaders hope we would be persuaded to believe. If we should be so short-sighted, you can write the end of Americans as a free people. We would find it impossible to preserve our economic structure and our free institutions."

Organization of the association is based upon securing memberships for sufficient members to be sold at least three concerts will be conducted and if the membership list surpasses the established quota, more than three concerts will be presented. Should the tentative drive to obtain memberships during the last two weeks of April, 1942 fail, money for memberships would be refunded and the concerts cancelled. In other words persons buying memberships are sure of at least three concerts of their money will be refunded.

A single price for membership could very well admit a member to four, five or even six concerts if memberships should grow in number sufficiently beyond the quota set for the three concerts.

No single concert tickets will be sold and admission will be based entirely upon season memberships which will be sold only during the last two weeks of April, 1942.

At Friday's meeting Charlton Gunter, 1045 South Myrtle avenue, was elected president of the association; Harry Spielberger, 708 South Greenwood avenue; Roy Strasma, 832 South Wildwood avenue; Mrs. E. L. Longpre, 1001 Cobb boulevard; and Whitney Ferris, 1096 South Elm avenue were elected vice presidents; Mrs. Len Small, 1142 South Elm avenue, was elected secretary and Howard McRae, 1130 South Myrtle avenue, was elected treasurer.

Hitler Takes All
"Consider the future," he would face. The productive capacity of Britain, China and Russia, as well as the already conquered countries, would be available for use against us. We would be subject to attack from the Orient by Japan and from Europe by Hitler.

"We would have to spend all our resources in building up our defense. Our young men would have to spend more and more time in training. We would find it more and more difficult to obtain those supplies that are not within our borders. The standard of living would go lower and lower."

2nd \$10,000 Suit Filed In Deaths Of 2

Another \$10,000 damage suit, the second within 10 days, was filed yesterday against Milton Offerman, 20, residing at 1194 South Sixth avenue, and Fred C. Rogers, 52, Kankakee rural route 1.

The new suit is by Mrs. Clara Haselov of Chebanse, administratrix of the estate of her husband Charles, one of two persons fatally injured in an automobile crash last July 11 at Fifth avenue and Hawkins street.

Haselov was a passenger in an automobile driven by Rogers which, says the complaint filed by Attorney John A. Mayhew, was struck at the intersection by an auto driven by Offerman.

The complaint charges both Rogers and Offerman with excessive speed, lack of control and failure to keep a proper lookout.

The first damage suit filed against these defendants appeared last week and is by David W. Wood, administrator of the estate of his wife Mable.

Mrs. Wood, walking on the sidewalk near the intersection, was fatally injured when the Rogers car came over the curb at the south-east corner of the intersection and struck her.

VEHICLES COLLIDE
In two minor accidents reported yesterday to police, no one was injured. Involved were cars of Donald Trudeau, Ashkum, and Pat Dandur, 680 South Wall street, in the 600 block on North Greenwood avenue; Alfred Ryckman, 735 East Station street, and a Domestic Laundry company truck in the 200 block on East Oak street.

Vernon Butz New President Of Kiwanis

Vernon G. Butz, attorney, 1250 Cobb boulevard, now vice president of the Kiwanis club, yesterday was nominated for the Kiwanis presidency to succeed Roy Strasma.

Other nominations announced by C. A. Rollison, chairman of the selection committee on which R. Y. Allison and J. E. Robertson also served, are Paul Diamond, vice president, and Edward J. Strasma, treasurer.

The following were nominated for directorships, with seven to be elected—Paul Hanson, Ruel E. Hall, R. S. Gordon, Dr. G. E. Irwin, the Rev. Morgan Williams, Larry McCabe, Laurence H. Howe, H. J. Champion, Howard Moore, W. A. Schneider, Samuel H. Shapiro, Frank M. Lockwood, A. C. Willman and Frank Reuter.

Directors whose terms expire the first of the year are Larry Faber, John H. Beckers, Paul Branch, Wilbur Marshall, E. L. Longpre, Burton Hertz and Paul Diamond.

The election will be at the meeting of the club in two weeks and the new officers will be seated the first meeting in January.

Plan Details of Red Cross Drive Next Week

The trio above is working out final details for the opening tomorrow of the local Red Cross call campaign. Left to right are Clyde Schaeffer, co-chairman of the drive; Mrs. Grace Graf, secretary; and James G. Ginger, chairman. On Thursday, Friday and Saturday, women attired in Red Cross nurse's uniforms will be on duty at booths in nine downtown locations.

Face East For The Boys Who "Went West"

Pausing momentarily in their everyday activities to do honor to the world war dead, Kankakeans gathered at Court street and Schuyler avenue at the historic 11 o'clock this morning in observance of Armistice day under the auspices of the American Legion and other patriotic organizations.

While chime music came from the tower of the First Presbyterian church and an unidentified plane dipped its wings overhead, there was a brief ceremony as the participants faced the east in honor of those who "went west."

A uniformed squad of the Illinois Reserve militia fired a rifle salute. Taps were blown by Legionnaires William H. Hattland and Albert Tetrault.

Board Approves Budget For County

A financial budget for 1941-42 prepared by Chairman George E. Luehrs and the board's finance committee was adopted at yesterday's session of the county board.

The supervisors also designated the First Trust and Savings bank as the official depository for Ruel E. Hall, county schools superintendent, and authorized the finance committee to employ an auditor to make the annual examination of county records.

Osteopaths Hold District Meeting

Osteopathic physicians of the seventh district of the Illinois Osteopathic association will meet in the Hotel Kankakee on Thursday afternoon and evening, it was announced today.

The afternoon session will be devoted to a round-table discussion of professional affairs and in the evening there will be a lecture by Dr. W. Doherty, member of the faculty of the Chicago College of Osteopathy. His subject is management of functional disorders of the gastro-intestinal tract.

Boy Scouts To Collect Waste Paper For Defense Products

The 19 Boy Scout troops in Kankakee Trails district will join in the waste paper conservation program, it was announced today by Don Berg, assistant scout executive of Rainbow council.

Scouts are to begin immediately to call on householders throughout the community and tell them about the plan to collect waste paper and dispose of it to salvage dealers.

Old newspapers, magazines and cardboard materials of every sort which is waste paper, the supply of which is woefully short of the amount needed to maintain capacity production of paperboard. For this reason, householders are urged to save waste paper so that scouts can arrange for its collection at regular intervals, see that it is properly sorted and routed to mills for conversion into paperboard.

Evidenced Among Prisoners Captured In 40-Day-Old Battle

BY THE ASSOCIATED PRESS
Official Soviet dispatches reported today that large German forces had been trapped near Volokolamsk, 65 miles northwest of Moscow, and that Nazi prisoners captured in the 40-day-old battle on the central front now appeared exhausted.

In a side phase of the bloody Russo-German struggle, the Norwegian telegraph agency reported from London that hundreds of German soldiers were blown to pieces when Nazi torpedo boats, hunting down a submarine which had sunk two German transports off the coast of Norway, dropped depth charges among troops in the water.

The agency said fewer than 200 of 3,000 Germans aboard the torpedoed liners were rescued by a Norwegian ship which reached the scene shortly after the torpedo attack.

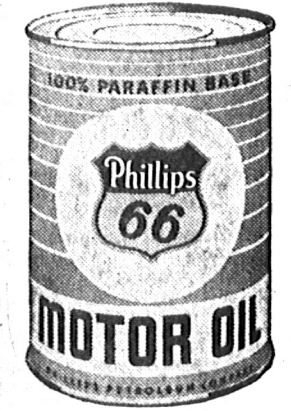

German torpedo boats which were conveying the transport ships dashed full speed among the drowning soldiers, dropping depth charges on the attacking submarine. . . hundreds of German soldiers were literally blown to pieces, the agency said.

Moving on Sevastopol
In the Crimea a bulletin from Adolf Hitler's field headquarters said German and Rumanian troops were continuing to advance against the great Black sea naval base of Sevastopol and the port of Kerch, gateway to the Caucasus.

Details of the new gains were not given. Previous reports had placed the Germans about 20 miles from Sevastopol and slightly farther away from Kerch, with the Russians fiercely defending both points.

Verdict Against CIO Union Shop Faces Showdown

John L. Lewis Summons Leaders To Special Meeting Friday

Washington, Nov. 11.—John L. Lewis and the CIO Union Shop Workers today faced a swift-repelling showdown on their demand for a union shop in the captive coal mines.

Moving quickly yesterday after the national defense mediation board recommended by a vote of 9 to 2 against such a union shop, Lewis summoned members of the U.M.W. special committee to a special meeting here Friday morning.

Committee Powers That committee has the power to decide whether to bow to the board's recommendation, or to renew last month's strike which affected 30,000 miners in the so-called captive mines, operated by and producing coal exclusively for the nation's large steel companies. If a test of strength were decided, the U.M.W. could easily win the 33,000 commercial miners which it called out in sympathy.

Lewis declined to see reporters last night, said he would have nothing to say before today.

(At Pittsburgh, however, P. T. Pagan, president of U.M.W., said the board's decision was "a rotten decision").

The full membership of the mediation board participated in yesterday's vote. Three of its members represent the public, and the four U.M.W. members, and the CIO, only the two CIO members voted for the union shop.

The union shop demanded by the U.M.W. would require that all employees of the captive mines be required to join the union before they could be employed. The current Appalachian agreement with commercial steel companies, which was made in 1937, gave the U.M.W. a union shop in those workings. Some of the large steel companies have already reached such a clause for the captive mines, in the belief it would provide an ending wedge for the union shop in the entire steel industry.

The union, the operators and the mediation board were agreed on the advisability of giving the captive mine employees the same wage as workers already covered by the Appalachian agreement. The union shop was the only point at issue.

Care Taken To Eliminate The Unfit In Army Selections

By LOGAN CLENDENING, M. D. The responsibility of the medical draft boards in eliminating the unfit for military service extends beyond the selection of physically perfect specimens. They must also protect the future taxpayer from the cost of maintaining the unfit in the service.

On Japanese Mission

Arrival of Kenkichi Yoshizawa, South Seas expert and new Japanese ambassador to Indo-China, at Hanoi, French Indo-China, was believed to presage major military developments.

The longer I was in the army the better I could see why strict discipline and obedience are necessary. That many annoying things are only due to the human frailties of an officer. Anybody with power over others is inclined to boss far more than he needs to boss. Is not the true of us parents and teachers?

Why you need this radio to get all the marvels of FM broadcasts

With Frequency Modulation at its best you get reception of musicless purity and phenomenal tone range. A Stromberg-Carlson FM radio provides the widest range of natural tone for FM at its best. It alone has the Acoustical "Labyrinth" that ends "radio set boom" and the "Full-Ranging" standard, or about twice as much as any other radio.

A Stromberg-Carlson gives you FM under the Armstrong system, with virtual freedom from static and interference. Hear the Igor Stravinsky "Autograph Model" (below) on an FM standard, or about twice as much as any other radio.

House Committee Weighs Request For More Taxes

Anti-Inflationary Program Proposed By The President

Washington, Nov. 11.—(P)—The house ways and means committee today weighed a request from President Roosevelt for immediate action on a big anti-inflation tax program, but members seemed disposed to defer the problem until after the house acts on pending price control legislation.

In private expressions of opinion, committee members said the anti-inflationary program was anti-inflationary in purpose and that the regulations it finally contains would help to decide what further precautions against inflation should go into a new tax bill.

If the committee formally adopts that attitude, a delay of two weeks on the President's appeal seemed likely. The house will be occupied tomorrow and Thursday with consideration of senate changes in neutrality act revision legislation, and the price control bill heads the calendar after that.

F. D. R. Urges Speed

President Roosevelt appealed for speedy consideration of a tax program in a letter to Chairman Doughton (D-NC) of the committee, which decides on all new revenue measures. The committee last week postponed consideration of the treasury's proposed new \$4,850,000,000 tax program, but Mr. Roosevelt did not refer specifically to this set of recommendations.

The President's letter and Doughton's reply were made public by the White House last night. "It seems clear," Mr. Roosevelt wrote, "that if we are to prevent a further sharp increase in the cost of living and in the cost of the defense program itself, we must take immediate steps to absorb a large amount of purchasing power through additional taxes, and incidentally, to cash for greater part of our defense production."

Doughton, in his reply, agreed that "the dangers of inflation must be of immediate concern to all of us," but he added that the price control bill would require "the full time and effort of the entire (house) membership" for the moment.

Speaking of shelving of the treasury program, Doughton wrote that the committee last week "temporarily deferred" action on it—and he underlined the words "temporarily deferred."

This program, which proposed a 15 per cent withholding tax on salaries and which would have made the effective tax rate about 22 per cent on average incomes, was condemned by some committee members. They asserted that it was offered in place of "a proper price control bill."

Where 12 Died in Passenger Train Wreck

This is the wreckage which resulted when a fast Pennsylvania passenger train hurtled from the tracks at Dunkirk, O., and smashed into a signal control tower. In right background is the shattered remains of the tower. Twelve persons were killed and at least 40 others injured. H. E. Newcomet, railroad vice president, said a half-ton cylinder head

blown from a passing freight locomotive into the path of the passenger train caused the wreck.

Otterbein home box will be packed at that time.

Hero Of World War Armistice Day Guest At Evansville, Ind.

Evansville, Ind., Nov. 11.—(P)—Sergeant Alvin C. York, outstanding American hero of the 1914-18 world war, looked back over 23 years today and told an interviewer the war was lost "in the peace."

Famed for his single-handed capture of 132 Germans, York said "we should have gone right through Germany and conquered her and this war never would have happened."

The 53-year-old Tennessee mountaineer is here to observe the 23rd anniversary of the armistice that closed the world war.

This time, he said, "we are going to take Germany off the face of the earth and put all the other little warring nations under a protectorate of the democracies."

He expressed belief Germany's only hope for victory over Britain and Russia lay in her air power.

"But you can drop all the bombs you want to and you can't conquer anything," York went on. "It takes the soldier to go to the ground to hold it. And they can't get that many into England."

"We can get along better without declaring war," he said of his own nation. "We have to get guns, food and equipment to the allies. That means we have to deliver it, see that none of it is sunk."

York planned to ride in a parade with Mayor William H. Dress and Ivan Schenk of near Evansville, new president of Future Farmers of America, and lay a wreath on the grave of James Bethel Gresham, whose death in action Nov. 3, 1917, in France was the first in the American Expeditionary Force.

Thursday evening. The next meeting will be with Mrs. Nina Waity on Dec. 4.

Capetown Clipper Reaches New York

New York, Nov. 11.—(P)—The Capetown Clipper, Pan American Airways flying boat, zoomed up through a mist over Flushing Bay early yesterday on the first leg of an 8,000-mile route-proving trip expected to regularize air service between the United States and the British Cape of Africa.

The big flying boat carried 16 passengers, including John C. Lewis, manager of Pan American Airways Atlantic division, and official observers of the civil aeronautics authority.

The take-off marked the first step in an airway-promoting plan first announced last August by President Roosevelt as a defense measure.
