Drag River For Man Believed To Be Drowned

Find His Clothing
On River Bank 3 Miles
West Of Mokena

Deputy sheriff and boatmen were dragging the Kankakee river about three miles west of Mokena this morning in an effort to find the body of Edward Kubisty, 22, Dixon, Ill., believed drowned.

According to information given to Sheriff Ed P. Madison and Sheriff Dan Bergan, Kubisty was last seen yesterday afternoon on the river about 10 miles west of Mokena. The sheriff's party was out on the river a rowboat belonging to Gus Huber, mayor of Dixon, Ill., and a cottage near the Buckman resort. Kubisty is Huber's brother-in-law.

According to the story told the sheriff and his party, they tried to find Kubisty but they were unable to do so. About that time Kubisty went away to get a pair of oars and was gone a few minutes.

When he returned, he said Kubisty was missing. The sheriff and his party then reported the disappearance to the Buckman resort and the sheriff was called.

Clothing On Bank
Making a search about 10 o'clock last night, Sheriff Bergan found Kubisty's clothing and the raft on the bank of the river a short distance downstream from the spot where Kubisty was last seen.

The report is that the boat, which was the youth and floated free, was seen to be stripped of its clothing, started to swim out, and was the victim of cramps from the cold water.

Drifting in water eight to 10 feet deep was being done by Deputies Gene LaPortaine, Walter Bauer, Hamilton Wheeler and Ray Riley, Kankakee, under the direction of Governor Madison and the sheriff.

Teamsters' Union Buys Building

The Teamsters', Chauffeurs' and Warehousemen's union, Local 438, has purchased property to be used as a meeting hall and offices. It was announced today by Oren Floyd, 210 North Chicago avenue, the local's business agent.

Located in the 500 block of North Dearborn avenue, near St. Stanislaus church, the property has been owned by the Bear Brand Hosiery company and was a knitting machine unit until the company several years ago built additions to its central plant.

Of frame and stucco construction, the building is to be remodeled in the future as a headquarters for the local's membership which, Mr. Floyd said, is more than 400.

Ask Dismissal Of \$40,000 Damage Suit Against Town

A motion asking dismissal of a suit against 14th township for damages of \$40,000 was taken under advisement yesterday afternoon by Circuit Judge Luther B. Bratton.

Dismissal was asked by Attorneys Donald Gray and Samuel H. Shapiro, representing the township, on technical grounds.

The suit against the township is by Joseph H. Dodson, Kankakee, conservator of the estate of Edith B. Dodson, who is represented by Attorney Len H. Small. Filed last July, the complaint alleges that the township caused damage to the Dodson property adjacent to the fairgrounds quarry by digging a ditch and removing limestone and loam.

The second annual corn carnival, which will be held Tuesday, Nov. 25 at the K. C. hall, will offer \$1 premium awards for exhibits of white and yellow corn as well as a number of special prizes. Entertainment will be obtained from station WLS.

The oldest couple attending and registered at the chamber of commerce will receive a prize, as will also the couple attending from the greatest distance and registering at the chamber office.

A special award will be made for the bushel basket of 55 ears of white corn judged best for milling purposes. Grand champion awards

Watseka Gets New Factory From Chicago

Watseka, Nov. 13 (RN Special)—A new factory for Watseka was assured today with announcement that the Shepherd Hot Water and Steam Percolating Boiler company of Chicago has leased a building here and will move its plant to this city.

The LaCrosse building, a two-story structure formerly of garage on West Walnut street, has been leased from the owner, Leta Leban of Crown Point, Ind., for 10 years with an option to buy. Frank Bush, realtor, handled the deal.

The firm has been in operation for three years in Chicago, manufacturing a new type of percolating boiler which heats 145 gallons of water at 155 degrees Fahrenheit on one gallon of fuel oil. A new location was sought to increase its production capacity, according to John M. Shepherd, the owner, and Ambrose P. Dixon, sales manager, both of Chicago.

The estimated number of employees the firm will hire was not divulged, although its annual payroll is said to run between \$60,000 and \$70,000. A few persons are at work already assembling machinery. The plant expects to go into production here within a few weeks.

Defendant In Vagrancy Case Is Acquitted

Denies Improper Relationship With Colored Woman

A county court jury verdict opened this morning found Russell Clements, 32, white, of Hopkins Park not guilty of vagrancy.

The case was turned over to the jury by Judge C. D. Henry at 3:20 o'clock yesterday afternoon and a sealed verdict, opened in court today, was reached at 7 o'clock.

Before the jury yesterday afternoon Clements denied any improper relationship with Mrs. Elizabeth E. Estes, colored, of Hopkins Park, wife of Fred Estes, serving a sentence in state prison for status in the Estes home is that of roomer and boarder. Mrs. Estes' nephew Henry Morgan, 17, colored, also lives there and Clements said he sleeps with him.

Denies Indecencies
Clements denied any improper advances toward Mrs. Lizzie Morgan, 50-year-old deaf and dumb, colored woman of Hopkins Park. He denied an alleged act of indecent exposure at the door of a restaurant in Hopkins Park operated by Mrs. Emma Showers.

Thompson language toward Mrs. John Allen, whose husband operates the Hopkins Park general store, or threatened her. He denied being a common drunkard or troublemaker. He works hard at various jobs, he said, and sends money to his mother.

Indecent Exposure Charged In Court
Warren Osman, 19, of 1361 Kensington avenue, was arrested at 2:15 o'clock Wednesday afternoon by Officer George Bjork on a charge of indecent exposure on the Illinois Central railroad bridge.

The exposure was said to have occurred in front of women who were crossing the bridge about the time, in police court, Magistrate Edward Heenke assessed a fine of \$6.25 for disorderly conduct.

Diamond Thief Granted Probation

Walter Eckenstein yesterday afternoon received checks totaling \$400 and Lon Pippin, 32, of 595 North West avenue, received probation for two years in circuit court.

The \$400 was in payment for a diamond ring alleged to have been stolen by Pippin in November. He had pleaded guilty to an indictment of grand larceny and asked of probation. Restitution was one of the terms. During the probation period Pippin is to be under the supervision of his brother Harry, make reports to Mrs. Rebecca Dubois, probation officer, pay his Attorney John A. Mayhew and court costs.

FENDER GUARDS STOLEN
J. C. Schosser, 1265 East Court street, reported to police last evening that someone stole two fender guards from his car. Autie Brummitt, 196 North Clinton avenue, Bradley, said a license plate was taken from his car.

Downtown Gets Thrill Of Days Long Gone By

Runaway Horse Is Cause Of Excitement; Driver Leaps Out

Uncle Sam's army trucks were responsible for a "runaway" this morning, frightening a horse drawing a milk wagon and causing a two-block dash through downtown alleys which ended in a spectacular crash involving the horse, wagon, a truck and an automobile.

"Prince," one of the recent acquisitions in the stables of the Kankakee Pure Milk company, 396 South Schuyler avenue, seemed to be a horse with the appropriate "dairy route" temperament—until today when the army trucks rumbling over the Court street viaduct sent paroxysms of fright through his flesh.

The route driver, Francis Hill, 1533 East River street, was heading "Prince" south into the alley in the 100 block on East Court street at the time. In a flash, "Prince" was off on his mad dash which spectators swore would have put "Whirlaway," the derby winner, to shame.

Driver Leaps Off
Hill reigned the horse with all his strength but to no avail. When the wagon bounced crazily over the bump in the alley on East Merchant street, pitching empty bottles off and shattering broken glass about the intersection, Hill leaped, fearing the wagon was about to overturn. He escaped injury, but Prince and the wagon hurtled on.

In the next block, Carl Bedecker, 343 North Chicago avenue, who operates a garage in the alley, saw the runaway and dashed off waving his arms and attempting to grab the horse. "Prince" was heading into the stretch with only a furlong to go before reaching the milk plant stables. Bedecker had to leap back to save his own neck. The race ended abruptly a moment later when the horse churned into Station street and was struck squarely in the middle by a westbound Schulze Baking company truck driven by Alvin Praile of Peotone.

Wagon Lands On Car
The force of the collision carried them across to the southwest corner of the intersection, wrapping the animal around a pole and pitching the wagon over on top of the parked car of V. T. Caraway, 640 East Eagle street.

Milk, broken bottles, baskets and other contents were flying in all directions. The hood of the truck was ripped off and the front ends of both the truck and parked car were stayed in.

Only casualty was the horse which got up and gas slowly led away.

Wins \$99 Judgment Against Driver Of Borrowed Car

J. W. Goodwin, Aroma Park road, yesterday afternoon was awarded a judgment of \$99.71 against Mack Derkus, 576 North Adams street.

The judgment by Justice Fred R. Smith was the result of an accident Sept. 13 at Nelson avenue and the 13th Park road involving the auto of Goodwin and another belonging to James McMullen, 1268 East Court street, driven by Derkus.

Testimony before Justice Smith was to the effect that Derkus, while driving McMullen's car, was not on any errand for McMullen nor active as his agent.

McMullen was represented by Attorney Vernon G. Butz and Goodwin by Attorney Noel A. Diamond.

Special Election Nov. 22 On New High School Proposal

Voters of the Bradley-Bourbonnais community high school district No. 307 are to go to the polls Nov. 22 for a special school election.

They are to select a site for a proposed new high school building, vote for or against authorization of purchase of the site, for or against authorization to build and for or against a \$115,000 bond issue for building purposes.

Voting will be from noon to 7 o'clock in the evening at two polling places. Residents of the district south of North road are to cast their ballots in the Bradley grade school building, and those living north of the North road in the Bourbonnais town hall.

Treasury Borrows \$100,000,000 A Week To Carry On

Washington, Nov. 13 (AP)—Secretary Morgenthau announced today the treasury would borrow \$100,000,000 a week for the next few weeks through an increase in the weekly sale of 91 day treasury bills.

The secretary told a press conference that the purpose of this method of borrowing, which is a temporary method, was to postpone any major financing of the treasury until at least next month.

Starting next week, the treasury will sell \$200,000,000 of the bills each week until further notice. Since half of the proceeds of these sales will go to pay off maturing bills of the same character the net gain of the treasury from these sales will be \$100,000,000 a week.

The federal debt now is at a record high of \$53,584,047,871. Morgenthau also said he was collaborating with Vice President Wallace, who is chairman of the economic defense board, in preparing anti-inflation programs.

He made this statement while declining to discuss a proposal, attributed to Wallace, to require the public to buy proportionate amounts of defense savings stamps when they buy certain consumer articles.

News Channels Kept Open In 'Phone Strike

Chicago, Nov. 13 (UP)—Fourteen cooperating unions embracing 800,000 railway workers today rejected the wage recommendations of President Roosevelt's emergency fact-finding board but did not order strike action.

New York, Nov. 13 (AP)—The government appealed today to the independent federation of long distance telephone workers to postpone for one week a strike set for Saturday and to resume negotiations for settlement of its wage dispute with the American Telephone and Telegraph company.

Dismissal Plea Of City Is Taken Under Advisement

Circuit Judge Luther B. Bratton yesterday took under advisement a motion by the city of Kankakee for dismissal of a pending suit against it by the City National bank.

The bank, represented by Attorneys Claude M. Granger of Kankakee and Holland M. Cassidy of Chicago, has filed suit for a writ of mandamus requiring the city to issue bonds, or take other action, for the payment of a \$23,247.34 judgment obtained against the city in 1937.

The motion for dismissal of this suit was by Attorneys Werner W. Schroeder of Chicago, Victor N. Cardosi and John E. Holland of Kankakee, who asserted the bank had been paid the debt on which the judgment was based but voluntarily relinquishing the funds.

The suit arises out of tax anticipation warrants issued during the Democratic city administration of 1933-35.

Will Not Mention Sinking Of Nazi Submarines

Raleigh, N. C., Nov. 13 (AP)—Secretary of the Navy Knox, in a letter to a Raleigh newspaper publisher, stood pat today on his assertion that the navy wouldn't give out the news if a German submarine were sunk.

The secretary said he believed in the American tradition of freedom of the press, but that his first duty was to President Roosevelt in carrying out the nation's naval policy.

"I am sure that the President, likewise, has no desire to withhold information and that his actions are prompted solely by a desire to promote, above all, this country's security," Knox wrote.

The letter was sent to John A. Park, publisher of the Raleigh Times, who had written Knox was "highly" contrary to the wide open policy of the American free press which you as a former newspaperman learned to respect and cherish some years ago."

Anxiety Increases Over Whereabouts Of Diplomats

London, Nov. 13 (UP)—Authorized British quarters today admitted "increasing anxiety" regarding the whereabouts of an airplane carrying Laurence A. Steinhardt, U. S. ambassador to Russia, Maxim Litvinov, Russian ambassador to Washington, and Sir Walter Monckton of the British ministry of information.

The plane is overdue at Téhra, Iran, from Kulyahav, U. S. S. R. "We have had no news whatsoever for 24 hours," a spokesman said. "Consequently, we are getting increasingly worried."

Boy Scouts Plant 3,000 Trees At Camp

Boy Scouts planted 2,000 evergreen and 1,000 maple seedlings on Armistice day at Camp Rotary near Morris. Each fall and spring, planting is a regular part of the camp's improvement program. Scouts interested in forestry are given practical experience in planting and trimming.

Don Berg, assistant scout executive, said a plan of development is being followed that will attract a large variety of birds and insects, produce a distinct setting in each of the campsites and buildings and have a large variety of trees, plants and flowers along the nature trail.

Quit Collecting Garbage In City Until Next April

Regular collections of garbage by the city will be suspended after Saturday for the winter months. It was announced today by Philip Schriner, acting superintendent of streets.

From Nov. 15 to April 15 each year, the city suspends collections. Persons desiring to have garbage picked up during this period can arrange for special service on a fee basis by calling the authorized collector, Nathan Del Santos at 5651.

Second Fighting Front Urged In A Parliamentary Debate

BY THE ASSOCIATED PRESS
London, Nov. 13 (AP)—A renewed demand that Britain form a second fighting front to aid Russia, with emphasis on the possibilities of Libyans, was sounded in parliamentary debate today by Laborite Emanuel Shinwell, who has been among the critics mentioned as a possible recruit for the British cabinet.

"Why has the offensive in Libya been delayed?" Shinwell demanded. "It has been expected many months. It would in effect have created a second front. It would certainly have distracted the Nazis and created difficulties for them. Let the government answer that question. Next week or next month an offensive in Libya may not be as effective."

The Shinwell criticism was the high spot of a wide ranging debate on the house's reply to King George VI's message opening a new session of parliament yesterday.

Gateway To The Great Caucasus Oil Fields

German Assault Troops Active; Russians Claim Foe Has Been Repulsed

BY THE ASSOCIATED PRESS
Adolf Hitler's high command said today that German assault troops were storming the fortifications of Kerch, gateway to the Caucasus oil fields, and had already captured several coastal defense points south of the town.

Reuters, the British news agency, quoted the Rome radio as announcing that German and Russian forces had occupied the port, which lies on a narrow strait separating the Crimea from the Caucasus mainland.

Dispatches to the Soviet newspaper Pravda, however, asserted that Red army troops had beaten off a German attempt to turn the Russian lines in the Kerch area.

"The German attacks were repulsed by the joint efforts of land troops, aircraft and naval forces," Pravda said.

Russian front-line reports said the Germans were "equally unsuccessful" in fighting near Sevastopol, key Black sea naval base at the southwest tip of the Crimea, and that repeated Nazi tank assaults "failed to break through our defenses."

German bombers were pictured by the high command as blasting furiously at Soviet ships which might be used to evacuate Red army troops from the peninsula. A Nazi communiqué reported that three cruisers, a destroyer and five large merchant ships were badly damaged in nearby waters.

Girding For New Offensive
The Moscow radio said Field Marshal Gen. Fedor von Bock, commanding the Nazi central front armies, had moved up a division of Hitler's elite guards in the Volokolamsk sector, 65 miles northwest of the capital, in preparation for a new assault there.

London military quarters reported that the Nazis were apparently girding for a new offensive against Moscow at several points. Despite enormous losses already suffered in the 42-day drive on the Soviet capital.

Authoritative London quarters said 15 German armored divisions and 10 infantry divisions—perhaps 1-2,000 troops—had suffered "appreciable casualties" and that in some instances, Nazi losses ran as high as 50 per cent.

3 More Young Men Join Army Here

Enlistment of three more young men from this vicinity in the army was announced today by Recruiting Officer Melvyn E. Ankham at the postoffice.

Francis J. Lambert, 24, of route 2, Bourbonnais, and Clarence Campbell, 20, of Manteno, were assigned to the air corps at Jefferson Barracks, Mo., while Robert P. LaGesse, 20, of Kankakee route 1, will enter the signal corps branch at the Panama Canal zone.

The air corps is the branch most sought by selective service enrollees, according to Ankham, who suggests they can insure their chances of getting in by enlisting before they are listed for induction.

Air 'Failure Inexcusable'
He asserted that if Britain actually had what seemed to be air superiority over Germany, then the RAF's "failure" to take the initiative was "inexcusable."

Socialist Dennis N. Pritt called for the removal from the government of elements "lukewarm" to the British-Russian alliance.

Payless Paydays For Thousands Of State Employees

Attorney General Explains Why Such An Order Is Issued

Springfield, Ill., Nov. 13.—(AP)—Payless paydays for thousands of state employees will be the result of an order of the attorney general, who said today that the order would take effect on Nov. 15.

Attorney General George F. Barrett said today that the order would take effect on Nov. 15. He said that the order was issued because of the shortage of cash in the state treasury.

He explained in a statement he was unable to distinguish one group of employees from the other in permanent injunction issued by Circuit Judge Philip J. Finnegan of Chicago, restraining six state officials from paying salaries of several hundred "temporary" employees allegedly appointed in violation of civil service laws.

Barrett said he planned to file a motion in the supreme court today in effect, asking leave to enter a petition for a writ of mandamus to require Judge Finnegan's order, the petition, he said, would be filed today or tomorrow.

The attorney general said the injunction might in effect hold both the treasurer and auditor, who were among the officials named in the injunction, personally responsible if they refused to comply.

Next Payday November 15

The next regular payday for state employees is Saturday, Nov. 15, although all employees are not paid on the same day. Some are paid monthly and others semi-monthly. The state payroll totals more than \$3,000,000.

James Gordon, a taxpayer, sought the injunction in Chicago, contending that several vacancies created by discharge of civil service employees were filled by appointments of "temporary" workers. He charged that such procedure was illegal because the vacancies should have been filled from civil service lists of persons who had been examined for various jobs.

Other state officials named in the injunction were George V. McKibbin, director of finance, and Robert L. Hunter, John V. Gilman and Ernest Hoover of the civil service commission.

Gordon's counsel, Michael Ryan, said at the hearing that the appointment was "void on the state treasury by the new Republican administration."

Barrett's statement follows:

"The order is a drastic action but as a result of Judge Finnegan's injunction I have no other choice."

While the injunction order affects all state departments, it is contained in the original complaint heard by Judge Finnegan. It is impossible to distinguish one group of employees from the other.

"As a precautionary measure to protect state officers and departments heads from being held in contempt of court, I have adopted, in the order, the following order in broad scope and so indefinite that it will result in utter confusion in the administration of government in the state."

Amazing way to help run-down people get new vitality... pep!

A truly marvelous change can be brought about by overcoming miserable digestive complaints, underweight, sluggishness and loss of appetite—all by two important steps—

Restore vital digestive juices in the stomach... energize your body with rich, red blood, here's how!

If you are one of those unfortunate who have been ill, or who suffered with cold, the flu, worked under a strain, failed to eat, the proper food, or have been read by overeating worries... you have no organic liquids or food, indigestion, you feel run-down, or you feel like a zombie, you need a tonic. It is not a medicine, it is a food. It is a food that you can eat, and it is a food that you can eat. It is a food that you can eat, and it is a food that you can eat.

BUCKEYES WARY OVER ILLINOIS FOR SATURDAY GAME

They Figure This Is Settling For An Upset

Chicago, Nov. 13.—(AP)—Although Illinois gridders have not won a conference game since Chicago last was represented in the Big Ten, they're still regarded with a wary eye by the Ohio State Buckeyes.

The Buckeyes, beaten but once this year and still retaining a chance at the honors, meet Illinois this week.

And the Illini, with a pet play for such settings, have yet to produce their "big upset" of the year, almost an annual event under Coach Bob Zupke.

It isn't that the Buckeyes have been reading the papers about Zupke magic. They've been victims of it.

Ohio State has turned back Illinois for six straight years, but the last time they lost it cost them a championship. Zupke's "flying tractor" did the trick then.

Blasted Ohio in 1919 it was Zupke who, in a game that blazed Ohio's history, led the Fighting Irish to a victory over the Buckeyes.

At other camps, Iowa indicated it would be the air against the Buckeyes, as Tom Farnier went through a long session of pass practice.

Minnesota, however, is feeling much, had a defensive workout. Wisconsin drilled on defense again.

Louis Defends Title Against Buddy Jan. 9

By JUDSON BAILEY
New York, Nov. 13.—(AP)—Heavyweight champion Joe Louis has been paid princely sums for fighting, but his wage scale is sliding to the vanishing point.

Remember a fellow by the name of Kora Westray, who played plenty of football at St. Victor college several years ago?

Well, there's another Westray, a brother Ed, also from Clinton, who is doing great grid things for Clinton high school.

Announcement of a scholastic for the first Notre Dame game with Southern California at South Bend on Nov. 25 gives the Fighting Irish a perfect November record.

They will have played before the capitol against Army, Navy, Northwestern and Southern California this month.

Each game is a big deal for the Irish, who are the only team in the country to have won the national championship.

Grange Rumor As U-I Coach Holds Strong

From the writer of rumors concerning Bob Zupke's future as football coach at the University of Illinois, the one that Red Grange, greatest gridiron hero in the history of the state university, will replace him at the conclusion of the 1941 season seems to remain in the headlines despite frequent denials from the Champaign-Urbana sector.

Zupke weathered a storm of protest over his retention as coach last spring, but the possibility that he will remain after this season's dinner each day in view of the disastrous season the Illini have had, losing to Minnesota, Michigan and Iowa in the conference, and Notre Dame outside the Big 10.

With a 15-round title bout between the champion and Buddy Bear, the big Californian he beat in six rounds last spring, was announced last night for Jan. 9 in Madison Square Garden.

Navy Gets Profit
The profits will go to the New York auxiliary of the navy relief society and Louis will receive nothing more than his expenses for traveling.

Rear Admiral Adolphus Andrews, commander of the third naval district and commander of the North Atlantic naval coastal frontier, announced the match, which was arranged for him by Promoter Mike Jacobs.

Added from the fact that Louis will be donating his services, the flimsy university football team from being hit by a truck during the Hilltoppers' recent game with Detroit in Houston, first string guard, was chased out of bounds just as a truck zoomed down from being hit was too close for comfort.

MacPhail Won't Stand Pat On Dodgers In '42

Chicago, Nov. 13.—(AP)—If a bankroll of approximately \$250,000 and some excellent trading material hold him, Chairman Larry MacPhail of the Brooklyn Dodgers has no intention of standing pat with the club that won last year's National league flag.

In the first place, he admitted to the Dodgers today that he had a good left-handed pitcher and another outfielder who bats right-handed.

And in the second place, he said with a twinkle, both the Dodgers and the Cincinnati Reds had better get busy and do something if they expect to live in the same league with the St. Louis Cardinals next year.

MacPhail said he did not believe he would be interested in obtaining the club, but he was going to look into it.

Bradley High To Battle 24 Basket Foes

Chicago, Nov. 13.—(AP)—Through with racing for 1941 and with the two-year old championship safely tucked away, Alab is ready today for a rest—which he richly deserves and apparently needs.

Los Angeles Likely To Become Outright Chicago Cub Farm

Chicago, Nov. 13.—(AP)—The Los Angeles club of the Pacific Coast league, already a P. K. Wrigley holding, soon may become an outright farm team for the Chicago Cubs.

James Gallagher, Cubs' general manager, said the club had started negotiations for the Los Angeles franchise. Under the proposed plan, Gallagher said, the Los Angeles club would be owned by the Cubs and would retain title to the Los Angeles ball park, which it would rent to the Cubs.

After a conference yesterday that included the Cubs' president, Wrigley and the Los Angeles club had two disastrous seasons. I summoned Weber and Fleming for a discussion and to determine what can be done about it.

Motor Convoys Carry Troops Back To Camp

10,000 Members Of Ill.inois 33d Division Enroute Camp Forrest

Springfield, Ill., Nov. 13.—(AP)—Long motor convoys moved out over highways from Chicago and Springfield today, carrying nearly 10,000 Illinois troops of the 33d division back to Camp Forrest, Tenn., after a four day stay on home soil.

Breakfast was served at 3 a. m. for 3,600 dromedary soldiers who broke camp at the state fairgrounds two hours later, well before daylight. Six thousand Chicago troops got a later start.

Two columns of motorized equipment rolled away from each city over different routes. The itineraries were the same as those followed in the mass movement which brought the bulk of the division home early this week to participate in impressive Armistice day parades.

The more than 1,000 vehicles employed to transport the division were split up so that as many Illinoisans as possible along the routes could get a glimpse of the troops and their equipment.

Many of the members of the 129th and 130th infantry regiments, bivouaced here, didn't bother to get any sleep before the pre-dawn departure. They were on leave yesterday—under orders to report back to camp by midnight last night—but some stragglers didn't arrive until shortly before the take-off. The last truck rolled out of the fairgrounds at 6:20 a. m.

3 a. m. Breakfast consisted of pineapple juice, oatmeal, scrambled eggs, hash, jam, bread and butter and coffee. The kitchen detail prepared a cold lunch of sandwiches, fruit and cookies for the troops to eat while on the move during the day.

Units of the 129th Infantry and the 123d field artillery followed a southward route through Decatur, Pana, Sandoval, Salem, Mt. Vernon and Marion to Cairo.

The 130th left by way of Litchfield, Hillsboro, Carlyle, Murphysboro, and Carbondale to Cairo, where the two columns will merge for the overnight stop night. The final leg of the 460 mile trip to Camp Forrest will be completed Friday.

The separate Chicago columns were to move south by way of Champaign and Danville, merging at Evansville, Ind., and taking three days for the trip to Camp Forrest.

Columnist, Dorothy Thompson, Seeks Divorce From Lewis

Woodstock, Vt., Nov. 13.—(UP)—Charging "wilful desertion," Columnist Dorothy Thompson sought a divorce today from Sinclair Lewis, novelist, playwright and Nobel prize winner.

Her petition served on the 56-year-old Lewis in New York on Armistice day, was filed yesterday in Windsor county court where it will be heard next month.

Miss Thompson, 47, said she and Lewis were married in 1928 in London but that Lewis deserted her in 1936.

She seeks custody of their only child, Michael Lewis, now a student at Riverdale-school-on-the-Hudson, N. Y.

Miss Thompson's legal residence is at Twin Farms in Barnard, a drowsy mountain village at the outlet of Silver lake, nine miles north of here. She and Lewis frequently were there when they first were married.

During her studies at the University of Vienna she met Josef Bard, a native of Budapest. They were wed April 26, 1923, but she soon divorced him.

Lewis, author of a number of best sellers, was born at Sauk Center, Minn. His first wife was Grace Livingston Hegger whom he married April 15, 1914. He has a son, Wells, by that marriage.

Men Of Military Age In A Better Physical Condition

Chicago, Nov. 13.—(AP)—Dr. Morris Fishbein declared today that men of military age now are in better physical condition than those of similar age in 1917.

The editor of the Journal of the American Medical association said that despite opinions to the contrary, there has been a constant improvement in the health of Americans.

Dr. Fishbein said that although there has been a much more rigid examination of men inducted into the army, and higher standards, the rejection rate is approximately the same as in 1917.

His conclusions, published in Hygiene, along with a report of Lieut. Col. Amos R. Koontz, medical director of the Maryland selective service system, showed:

The average stature of men is greater now than in 1917, suggesting adequate nutrition.

Army rejections for tuberculosis were about one-third of what they were in the world war.

There have been fewer cases of virtually all diseases in army camps.

Petroleum production in August reached a new high mark and represented a gain of 99 per cent over August 1940.
