JAPANESE ASSAULT AWAITED

Lindbergh Has Volunteered For War Duty

Offers His Services To
Chief Of U. S. Army
Air Forces

Washington, Dec. 30.—(UP)—Former Col. Charles A. Lindbergh, who resigned last April from the air force reserve, has volunteered his services to the United States army air forces. It was disclosed today that Lindbergh offered his services in a letter to Lieut. Gen. Henry H. Arnold, chief of the army air forces.

The one-time "lone eagle" resigned his reserve colonelcy after President Roosevelt criticized his isolationist views and compared him to the "copperheads" of the civil war era.

Arnold, confirming Lindbergh's offer, said it expresses his "deep desire to help the country along the lines in which he trained himself for many years." There was no indication, however, what action would be taken on Lindbergh's offer.

Desire to Aid Country
Lindbergh's act indicates a definite change from his isolationist stand and expresses his deep desire to help the country along the lines in which he trained himself for many years," Arnold said.

Officials said that since Lindbergh had severed all connections with the army last April, his application would have to be considered on the same basis as any other first applicant. Presumably he might be appointed with a commission as a specialist in some category inasmuch as his age—39—might preclude him from actual combat flying.

To obtain such a commission, Lindbergh would have to file a formal application and take the regular physical examination.

Officials said that his application would be viewed favorably and a commission would be forthcoming. However, it might not be at the rank of colonel that he formerly held.

The reserve commission which he relinquished after President Roosevelt classified him with the appearance of a question, why Lindbergh had not applied to active duty, Mr. Roosevelt said that during the civil war both sides ignored certain people. These people, he explained, were the Vallandighams, who from 1863 on urged peace with the argument that the north could not win.

Clement L. Vallandigham was an Ohio congressman who was arrested by the military for alleged treasonable utterances. He was banished to the south and later was one of the leaders of the copper-

Alleged Forger Released On Bond

H. Z. Beall, Moline, recently arrested on a charge of forgery, has been released on bond after preliminary hearing before Magistrate Edward Gilbert of Moline and has been released under bond of \$4,000.

This is one of the cases to be considered by the grand jury which is to be empaneled by Circuit Judge Luther B. Bratton on Monday morning.

Beall was arrested Dec. 26 at Moline on a warrant issued at the request of William Porter, also of Moline. He is charged with having forged Porter's name to checks of \$250 and \$37, one of which was cashed at the First National bank of Grant Park and the other at the Sears store in Kankakee.

All-India Congress Relieves Mohandas Gandhi As Leader

Bombay, India, Dec. 30.—(AP)—Mohandas K. Gandhi, long the leader of India's independence movement, was relieved today of his leadership of the All-India congress party at his own request.

Gandhi declined to retain his freedom to oppose all violence and could not go along with the majority of the party's executive committee in a step toward cooperation in Britain's war effort.

Gandhi had written asking "please relieve me of the responsibility laid upon me by the Bombay resolution of Sept. 16, 1940."

The executive committee of the party voted at Bombay last year to withdraw a previous conditional offer to cooperate with Britain in the war effort and invited Gandhi—who disagreed with the offer in the first place—to resume his party leadership with power "to guide it in any direction that should be taken."

Mac Arthur Urges Retaliatory Measures

Says Churches Selected As Special Targets

Declares Enemy Mercilessly Bombed Open City Using Sixty-Three Bombers

Washington, Dec. 30.—(AP)—General Douglas MacArthur urged today that retaliatory measures be taken against the Japanese for the recent bombings of Manila, which he characterized as "completely villatic of all the civilized processes of international law."

An official war department communiqué said a survey of damage to "undefended Manila by the repeated senseless and savage bombing by Japanese aircraft . . . indicates that churches and other centers of Christian worship and culture were deliberately selected as special targets for enemy attacks."

The damage, said the department, extended to the great Cathedral of the Immaculate Conception, the historic College of San Juan Lateran, two convents, a hospital and at least five other churches and three colleges supported by religious institutions.

Mercilessly Bombed Open City
MacArthur's message to the war department said "Enemy mercilessly bombed the open city of Manila using 63 bombers."

Damage has been severe and includes all type of civilian installations such as churches, the cathedral, hospitals, convents, business, and private dwellings.

"It is notable that before Manila was declared an open city and before our anti aircraft defense evacuated therefrom, he (the enemy) had abstained from attempted bombing of anything in Manila except military installations."

"His present actions can only be deemed completely violative of all the civilized processes of international law. At the proper time I bespeak due retributive measures."

War Department Communiqué
The text of the war department's communiqué, number 35, outlining the situation as of 8:30 a. m. est today:

"1. Philippine theater:
"A survey of the damage done to undefended Manila by the repeated senseless and savage bombing by Japanese aircraft after it had been declared an open city is being maintained."

With Cincinco, or eastern Libya, conquered, British troops were said to be advancing somewhere along the road to El Agheila, 80 miles beyond Agadabia, on the coastal highway skirting the Gulf of Sirte. El Agheila is near the Tripolitanian border.

Axis versions of the Agadabia tank battle said 74 British tanks and armored cars had been destroyed, but neither the German nor Italian communiqué claimed to have halted the British sweep westward.

Five truckloads of German infantry were added to the thousands of prisoners the British have rounded up in the desert campaign, a Cairo bulletin said.

On Russian Front
On the Russian war front, Soviet dispatches credited Red army soldiers with blasting the Germans from important defenses on the Oka river—apparently in the Orel-Kaluga sector, south of Moscow—and Russian parachute troops were reported dropping behind German lines to hamper the Nazi retreat.

Dispatches to the newspaper Pravda said the Russians had broken through the German lines.

Divorced Couple's Children Sent To Training School

An agreement as to the future custody of the four children of Henry and Irene Grinstead, divorced, was reached yesterday before Circuit Judge Luther B. Bratton.

The children are to be located in St. Mary training school at Des Plaines. The father is to pay for their support and \$30 monthly maintenance to his former wife.

A contest for custody of the children between the mother, represented by Attorney Victor Lauriden, and the father, represented by Attorney Frank J. Burns, was the preliminary to the agreement.

Kiwanis Club Membership Now At 61

The roster of Kiwanis yesterday was officially increased to 61 members as Vernon G. Butz, past vice president, took over the club's leadership succeeding Roy Strasma.

The installation of the new president took place during the noon meeting in McBroom's cafe and was conducted by C. A. Rollison, immediate past president, who presented the president's button to Butz and the past president's emblem to Strasma.

In a humorous vein, the installing officer expressed tribute to Strasma and congratulations to his successor.

The new president took office with the pledge that he would take the responsibility seriously and that the responsibility would influence his every act during the year-long tenure of office.

The retiring president joined the group of 15 past presidents in the club with the comment, "It is a privilege to be a Kiwanian, and it is a privilege to serve as an officer."

Installation of the new officers was preceded by the induction of Ray Karcher and Maurice Holahan as new members. The membership buttons were presented by Past President Vernon McBroom.

Guests at the luncheon were—of Lewis H. Small, Albert Failer, Kankakee; of Donald Gray, John Proctor, field representative of the Red Cross; of Arthur L. Beckman, George E. Luehr, chairman of the county board.

Henry J. Pope Jr. Administrator Of Tire Ration Plan

Chicago, Dec. 30.—(AP)—Automobile tire rationing boards for each county in Illinois will be selected next week. Henry Pope Jr., newly appointed state administrator for the plan, announced today at a press conference.

Board members will be sworn in as federal employees, without pay, and a county allocator or supervisor, responsible directly to Pope, also will be named for each county, he said.

Nationally the rationing plan will take effect Jan. 5. Tire quotas will be fixed and thereafter it may be necessary to appoint additional boards for some counties, Pope said.

Tires used less than 1,000 miles will be considered new. There are no restrictions yet on used tires but Pope said he expected the government would establish price schedules for used tires later.

The new administrator, who lives in Chicago, scheduled three regional meetings with state defense council workers, mayors and prospective rationing board members and supervisors, as follows:

Saturday, La Salle hotel, Chicago, for the northern one-third of the state; Sunday, Abraham Lincoln hotel, Springfield, for central counties; Monday, at Mt. Vernon, for the southern one-third of the state.

Pope said that all members of the state council of defense had agreed, in order to set an example to the public, not to use their private automobiles except when it is essential.

He announced acceptance of the position last night after a meeting of representatives of eight midwestern states in which John C. Weigel, regional administrator for the office of price administration, warned the government might seize tires which were hoarded by automobile and truck operators before the freezing order of Dec. 11.

Weigel also said anyone falsifying an application for a new tire could be prosecuted under federal statutes, because members of local rationing boards will be sworn in as federal agents.

The conference voted that names of all persons granted tire certificates should be posted publicly to prevent unqualified persons from obtaining tires.

Draft Contingent Leaves Today For Physical Exams

An undisclosed number of selective service selectees went to Chicago from here today for army physical examinations preparatory to induction into the army.

Churchill Lauds The Canadians

Warns They May Be Engaged In One Of The Most Frightful Wars

Ottawa, Dec. 30.—(AP)—Prime Minister Churchill, in a speech filled with confidence, told the people of Canada today that the final phase of the war must be "an assault on the citadel and homeland of the guilty powers both in Europe and Asia."

Speaking by radio from the chamber of the house of commons of Britain's senior dominion, the prime minister declared the final goal of the allied democratic powers was the total extirpation of "Hitler tyranny, Japanese frenzy and the Mussolini flop."

Time and again the crowded chamber burst into a storm of applause and cheering, especially as Churchill called a roll of the allies, praising, one by one, their contributions to the common cause of the world.

He told the dominion its troops stood in the key positions to defend Britain and said that enemy fear of engaging them might avert a frightful battle when the "invasion season" comes again.

His speech was filled with jibes and taunts at the axis partners which moved the crowded chamber to cheers and laughter, but most of it was a calm, confident review of the road already traveled and the road still left to travel.

Three phases remain, he said: Consolidation, in which all the allies might be marshalled; liberation, when conquered territories are recovered and their people rise in revolt; and the final phase, the nations' own homeland.

Crowded into the common chamber was a colorful gathering of senators, members of commons, high court judges and other dignitaries.

Mrs. Mary Bydalek Estate Is \$10,500

The will of Mrs. Mary V. Bydalek, Sumner township, which was filed today in the office of Hector J. LeBeau, county clerk, disposes of an estate valued at \$10,500. She died Nov. 14.

Drawn last Jan. 29, the will divides the estate equally among sons Edward and Joseph of Kankakee, Adolph and Gilbert of Grant Park, and a daughter Mrs. Magdalene Miller of Kankakee. A son Frederick of Grant Park, says the will, has already received his share.

The son Edward, 540 South Greenwood avenue, is named executor.

20 Local Aliens Ask Citizenship

Approximately 20 aliens of Kankakee county will ask citizenship in naturalization hearings Jan. 12 in the circuit courtroom.

Applications for citizenship are now in the office of Albert Tetrault, clerk of the circuit court.

Examiner John Stewart of the federal immigration and naturalization department will be here to interrogate the applicants.

5 Killed, 89 Hurt In 821 Accidents Here

Automobile crashes occurring within the city limits of Kankakee were less numerous this year than in 1940, but more severe.

With only one more day remaining of 1941, the police accident files indicate five killed and 89 injured in 821 mishaps.

Churchill Arrives in Ottawa

Britain's Prime Minister Winston Churchill (left) arrived with the Canadian Prime Minister W. L. Mackenzie King (right) at Ottawa, Ontario, today. Churchill praised Canada's "magnificent effort" in the war in a speech to Canadian officials at a luncheon.

Judge South Presides In Powers Case

Circuit Judge Roscoe C. South of Watseka comes to the Kankakee court tomorrow for a preliminary hearing in a pending \$25,000 suit against Arthur N. Powers, 885 Cobb boulevard, former president of the Illinois Light & Power company.

Judge South will hear arguments for and against a motion to dismiss the suit.

Filed last Oct. 30, the suit asks from Powers \$25,000, interest at 6 per cent and half of the profits, if any, from a purported agreement on July 1, 1929, between Powers and the late Frank Belleau, Bradley resident formerly associated with Powers in business.

The suit is by the First Trust & Savings bank as administrator of the estate of Belleau, who died in 1934.

Granger, administrator to collect the estate of Mary Belleau. The plaintiffs are represented by Attorneys Len H. Small and Samuel H. Shapiro.

Attorney John A. Mayhew, representing Powers, has filed a motion for dismissal of the suit, contending that the matter already is pending in the county court.

2 Onagans Leave Fort Sheridan

Two Onanga young men have finished their stay in the Fort Sheridan recruit reception center and have been assigned to unannounced posts.

They are Thomas Dickenson, 20, son of Mr. and Mrs. Sam Dickenson, and Harold Russell, 19, son of Mrs. Marie Russell, who formerly was employed in Bradley.

Malay Invasion Proving Costly For The Japs

Singapore, Dec. 30.—(AP)—Japanese invaders made a strong attack against British lines on the Perak front in Malaya yesterday but suffered heavy casualties, a British communiqué said today.

"Enemy aircraft made four raids on Singapore last night," the communiqué said. "Some damage was done to thatched buildings, which set a small petrol store on fire. So far, only four casualties have been reported."

Only in the Perak fighting did the British report any notable land activity. Elsewhere the situation was described as unchanged.

British forces were reported to be inflicting casualties at rates as high as 40-for-one, even while yielding fresh ground about Ipoh, a tin mining center 290 miles northwest of Singapore.

Cars Upset After Collision Here

Two autos collided with a resounding thud on Hickory and Schuyler avenues at 2:40 o'clock Monday afternoon. Both cars overturned and were extensively damaged but their drivers crawled out virtually unhurt.

Stanley Appleberg, 230 North Fairmount avenue, sustained a small cut on one finger. The other motorist, Robert Ebeling, 198 North Cottage avenue, was not scratched.

Corn Picker Blows Up Near Manteno

While a corn picking machine was being refueled yesterday on the James Jarvis farm a half mile north of Manteno, the machine exploded.

The flames were immediately put out with a fire extinguisher that was handy and the damage was not extensive. So far as could be learned, no one was injured.

City's Birth Rate Up 10% In Year; 689 Babies To Date

The city's birth rate this year increased 10 per cent over 1940, an analysis of vital statistics in the city clerk's office shows.

May Endeavor To Reduce Defenses Of Manila Bay

Reports Of Enemy Warships Attempting To Approach Rocky Island Fortress

Manila, Dec. 30.—(AP)—Persistent reports said today that Japanese warships attempted to approach the rocky island fortress of Corregidor at the entrance to Manila bay during yesterday's aerial bombardment, but army headquarters said it had no confirmation.

BY THE ASSOCIATED PRESS
Manila, Dec. 30.—(AP)—Japanese forces which landed last week south of Manila have fought their way to Lungsan and Dolores, each about 45 air miles from this city, and apparently are attempting to effect a junction for a further advance, reliable dispatches from the front said today.

In the north, the new American line, shortened and consolidated by General Douglas MacArthur, was said to run east and west through Zarraga, some 65 miles above Manila.

The exact positions of the Japanese in this theater were not known but were believed to be a few miles north of the American line, with patrols active in between.

American forces apparently had withdrawn completely from the Lungsan gulf area.

The new Japanese columns in the south evidently aimed to join at San Pablo.

This town is 25 air miles inland south of Manila, but the Laguna de Bay, a lake about 25 miles long and 15 miles wide, lies between that position and the Philippine capital.

If the Japanese reached San Pablo it was probable one column would circle southward and westward to Batangas province on the west coast south of Manila.

Japs Resting Troops
Relative inactivity at the front, reported in this morning's communiqué, was taken to mean that the Japanese were resting their troops and bringing up fresh supplies of ammunition and food and reinforcements for new assaults.

Yesterday's announcement from Washington that the Japanese were landing veteran troops was believed here to mean that possibly the troops used in attacking Hong Kong were being transferred to the Philippines.

So far, all reports from the fronts have agreed that the Japanese troops here were young and ill-trained.

Officers in the field in central Luzon said that up to yesterday there had been no major test of Japanese-American strength. Activity thus far had been mostly confined to artillery and some tank engagements, they said, with a few infantry battles.

Losses so far have been small numerically, but relatively heavy in proportion to numbers engaged, it was said.

Manila Kept on Edge
Manila, whose military significance (Continued on page two)

Says Offensive Against Japan May Come Soon

Batavia, N. Y., Dec. 29.—(AP)—The Netherlands Indies armed forces acknowledged today that a single Dutch plane was shot down in a Japanese attack on a Dutch air base, and reported continuing Japanese bombing and machine gunning raids on outlying coastal points in the widespread Indies campaign.

The attack on the airbase, said today's communication, occurred on Sunday, and was carried out by two waves of Japanese planes—eight fighters in the first group, seven bombers and four fighters in the second. In addition to the destruction of one Dutch plane, a Dutch pilot was killed.

Japanese planes also were said to have bombed a Dutch air base. The communication said the ship crew was able to put out the fire, and that the tankers took to port.

Reinforcements On Way

Official news from the Netherlands Indies public, meanwhile, that allied reinforcements are on the way to the Pacific and that a general offensive against Japan can be expected soon.

The Netherlands Indies public said that the drive could be launched only after thorough preparation, and that enormous difficulties would be involved for the allies in taking the offensive.

An authoritative source disclosed at the same time that quantities of American troops and equipment had been sent back to 1940 had been found among the papers of interned Japanese.

Sheldon People In Texas Reunion

Sheldon, Dec. 30.—(AP)—Special—Three Sheldon youths, Myrl Sanderford, Robert Hartley, and Robert Hartley, who were interned in the Japanese prison camp at Camp Ueno, Japan, during the war, are expected to return to the United States in the near future.

Myrl Sanderford, who was interned in the Japanese prison camp at Camp Ueno, Japan, during the war, is expected to return to the United States in the near future.

Robert Hartley, who was interned in the Japanese prison camp at Camp Ueno, Japan, during the war, is expected to return to the United States in the near future.

Uninvited Guest At Vanderbilt Home Gets Haul

Beverly Hills, Calif., Dec. 30.—(AP)—What does a lady of wealth do when she meets a gunman face to face at a swank soiree? The answer, in the case of Mrs. Gloria Morgan Vanderbilt, is that she turned away as quickly as she could, leaving behind her a haul of two diamond clips worth \$3,000 and a diamond bracelet worth \$1,000.

"You're a little bit late," said the guests have left.

"Yes, I know," said the gunman, "but I have a very important appointment." He then turned and walked away, leaving behind him a haul of two diamond clips worth \$3,000 and a diamond bracelet worth \$1,000.

THE RUBBER SITUATION AND HOW IT AFFECTS TIRES FOR YOUR CAR

With the declaration of war between the United States and the Axis powers, the long-threatened danger of our principal source of rubber supply has become an unpleasant reality. From Malaya and the Netherlands East Indies come 75 per cent of the world's rubber and these two countries are now under attack by our enemies. Today, Japanese troops are attempting to penetrate Japanese territory through the jungles of Malaya and to land by parachute on the island of Sumatra in a desperate effort to occupy these vital rubber-producing areas and thereby slow the wheels of American industry.

Rubber in Modern Warfare

Rubber is indispensable in modern warfare. Airplanes and scout cars, tanks and trucks, barrage balloons and gas masks are only a few of the many essential war materials that require rubber.

The Reserve Supply of Rubber

Keenly aware of this strategic importance of rubber and anticipating the day when our supply of rubber might be cut off from the far east, our government, in cooperation with the rubber industry, began more than two years ago to build up a reserve supply of rubber. Steps to protect this precious store of rubber and on December 11 our government issued an order prohibiting the sale of tires and tubes to anyone having a priority rating of A-3 or better. These temporary restrictions will end on January 5, and they will be superseded by new regulations which are now being formulated.

How long such restrictions will remain in force will depend upon the course of future events. Naturally, when our allied forces are victorious in the east, shipments of rubber to the United States will be resumed. But in the meantime, steps are being taken to relieve the present situation.

Facts About Synthetic Rubber

The first of these is the expansion of facilities for the manufacture of synthetic rubber. There are a number of large plants now under construction, and the one for production in the first part of 1942. Nearly ten years ago, our organization began experimenting with various types of synthetic rubber, and in May 1933, we produced the first synthetic rubber, tires ever manufactured for Uncle Sam's armed forces. As more synthetic rubber became available, we consistently increased our production of synthetic rubber. The most important elements needed for the manufacture of synthetic rubber are butadiene and styrene, both by-products of petroleum, which, fortunately, the United States is fortunate in having available within its borders in unlimited quantities.

New Victory Tire

Still another step which we took some years ago and which will serve our country well today, was the establishment of extensive facilities for reclaiming scrap rubber. Today the Firestone organization has the largest rubber reclaiming capacity in the world and we have the advantage of long experience in developing products made from reclaimed material. One of these is a new type of tire made from reclaimed rubber, which will give reasonably satisfactory service when driven at moderate speeds. We have named this product the "Victory Tire" and it is now in our factories. We also have a new type of tractor tire made from reclaimed rubber to help agriculture continue to play its vitally important part in the war effort.

The Patriotic Duty of Every Car Owner

In the laboratories of the Firestone factories, our scientists and engineers are working night and day to find ways of using the best available present rubber supply. Equally important to the successful conservation of rubber is the cooperation of American car owners. The patriotic duty it is to get the maximum amount of service out of their tires.

Ever mindful of our responsibilities to our country and to the car owners of America, the Firestone organization is making full use of all of its experience and all of its resources and all of its technical skill to meet the needs of both.

LEAVE FOR CALIFORNIA
Miss Barbara Barton, daughter of Mr. and Mrs. Wm. Barton, 140 N. Everett street, will leave Friday morning for Oakland, Calif., for her vacation trip to Nevada Territory, who is in the army air corps there. She will be the guest of Dr. and Mrs. J. A. Gray, who are friends of Miss Barton, whose friends here last Thursday afternoon, at her home before her departure Friday.

SIN IS BORN
Mr. and Mrs. Leonard Gallagher of Essex, are parents of a son weighing 8-3-4 pounds born at St. Joseph hospital, Josephine hospital. This is their third child. The mother is the former Eleanor Palazzini.

CHAPTER IV

When he returned to the office, it was to find the girl more embarrassed than he was.

"I caught it," he said, holding out the towel. "It was a good run, but I lost."

"Certainly I won't send a bill," Her chin went up, and he saw that her pride was affronted. But he had a very pretty pride of his own, and a chin as stubborn as hers.

"No bill," he repeated, and she stiffened and moved toward the door.

Chris went back into the front hall, carefully straightened his tie in front of the mirror, picked up his black bag, and started out on his daily round, this time for the hospital.

But before he started, he looked

Some folks are grumbling that the "Tahoe" House is too far from the Japs and concentrating on Hitler. The idea is Axis is the formable face of this war, the Japs are the show. Hitler is the formidable foe. If you can conquer the Japs you can conquer the Axis. The only way may be through the Far East to Australia no information is available. The Japs are the only ones that cannot dominate the world. They cannot invade this continent. They cannot have the water and air.

There are two characteristic viciousness, demonstrated at Manila and Pearl Harbor, has made the Japs the most vicious of the high officials there are crying for air base at Vladivostok, to the Japs. The Japs are the most vicious of the Japanese wooden shacks, the Japanese industrial centers, the Japanese cities.

It is only way to understand the Japs is to understand the Axis. Hitler, they can get Japan anytime they wish. They do not wish to be distracted by the Japs. They want to make the Axis. Our air force is the only way to get the Japs. To retrieve our air force there is no way to get the Japs.

LAWRENCE ON CHRISTMAS
The Japs are the most vicious of the high officials there are crying for air base at Vladivostok, to the Japs. The Japs are the most vicious of the Japanese wooden shacks, the Japanese industrial centers, the Japanese cities.

RADIO BAN ISOLATES MINERS

BEARS AND PACKERS DOMINATE ALL-LEAGUE TEAM

Hulston, McAfee, Turner Receive Unanimous Vote

Chicago, Dec. 30.—(UPI)—Western division club, led by the champions Chicago Bears and the Green Bay Packers, dominated the 1941 all-league team announced today by the National Professional Football League.

All-weather backfield gave two backs to the Bears and two to the Packers.

McAfee, Bears' great ground-gainer, and Sid Luckman, their quarterback and field general, were picked for the first team backfield along with Clark Ginter and Cecil Latta of Green Bay, MVP of the league in the western division.

McAfee was the unanimous choice for the line manager who was selected by the first team vote. He was picked for the line manager because of his leadership and his ability to coordinate the line.

Only other unanimous choice was Arthur Turner, Bears' guard. Danny Fordham, Bears' guard, was picked for the line manager.

The fourth team selection of eight of the line and the fifth ballot didn't mention him, league headquarters said.

Their Fourth Season

It was the fourth straight season that Hulston and Fordham were named to the all-league team, and the fourth time Hulston was selected for the first team.

In all, the Bears furnished six players to the all-league team, and the Packers five to the second team.

McAfee, Bears' great ground-gainer, and Sid Luckman, their quarterback and field general, were picked for the first team backfield along with Clark Ginter and Cecil Latta of Green Bay, MVP of the league in the western division.

McAfee was the unanimous choice for the line manager who was selected by the first team vote. He was picked for the line manager because of his leadership and his ability to coordinate the line.

Only other unanimous choice was Arthur Turner, Bears' guard. Danny Fordham, Bears' guard, was picked for the line manager.

The fourth team selection of eight of the line and the fifth ballot didn't mention him, league headquarters said.

Weather Is --- Teams Are --- Game Is Secret

By JACK GUENTHER

Durham, N. C., Dec. 30.—(UPI)—If it's true that no news is good news, then this is the best. The Bears' story you ever heard—about the team's secret game—is no longer a secret.

It is a rumor, the closest approach to a perfect vacuum that science yet has achieved and it was broken only after a long and arduous search by the most diligent, enthusiastic, ear-to-the-ground and finger-to-the-wind reporting, eagle-eyed, razor-tipped correspondent that can be ascribed.

If it is as completely barren of fact as you've been warned, don't blame me. I tried, but hard—and I failed. Instead, on the facts that the Bears' story is a secret, I can only say that so many restrictions have been placed on what I suspect that I can't tell you the time, the day, the month, or the year.

What To Say?

Sure, it's brutal, but there are a few examples.

1. The government forbids transmission of weather news. This means I cannot indicate if the skies are blue or gray, just what side you are fighting on any way, you neutral.

2. The coaches have ordered secret practice.

This means I'm not supposed to know Duke from an Oregon State or a Blue Devil from a Beaver.

There won't be any Rose parade.

This means that I can't describe the game, the gladiators or the flowers which in Pasadena, Calif., often are made of paper but still smell as sweet. All I can do is tell you that so many restrictions have been placed on what I suspect that I can't tell you the time, the day, the month, or the year.

DAROLD JENKINS, CENTER AND CAPTAIN OF THE MISSOURI ELEVEN WHICH WON THE FOOTBALL OF THE SUGAR BOWL NEW YEAR'S DAY

By JACK SORDS

Chicago, Dec. 30.—(UPI)—Ohio State's basketball team, which won distinction earlier in the season by being the only one of three Big Ten teams to stop the collection of former college stars now playing for the Great Lakes naval training station, is finding intercollegiate competition on its current western trip much more difficult.

The Buckeyes won over Great Lakes, 38-32, while the Navy boys were able to take Indiana 11-36, and Purdue 54-39. But heading west, Ohio State fell before Oregon, 60-34, and California, 50-40. Last night the Bucks took it on the line for the third straight time, 60-45, from Stanford.

The night was one of disaster for the Buckeyes, who were defeated by the other western conference teams in action. Michigan, previously a leader of the Buckeyes, was defeated by the Navy boys, 14-37. The Indians, who had been the best team in the West, were defeated by the Navy boys, 14-37. The Indians, who had been the best team in the West, were defeated by the Navy boys, 14-37.

Bucks Bump Into Stiffer Competition

Coaches Fear For Future Of Football

By WILLIAM BRINK JR.

United Press Staff Correspondent

Detroit, Dec. 30.—(UPI)—Coaches of America's colleges and the national collegiate athletic association, high priest of intercollegiate sports, convened in joint session today to hear army and navy representatives outline the future of athletics in wartime.

Samuel E. M. Crocker, associate director of the joint army and navy committee on recreation, was scheduled for the principal address. He was expected to tell the coaches that the army and navy were going to play a greater role in the future of college sports.

Wade Worries Over Defense For 'Lefties'

Durham, N. C., Dec. 30.—(UPI)—Coach Wallace Wade is doing his best to make sure that the highly polished Duke football machine won't be wrecked in the gladion after Thanksgiving by a left-handed wrench, teased by Oregon State. Wade is worried about the left-handed wrench in the Gladion after Thanksgiving by a left-handed wrench, teased by Oregon State.

MacMitchell Gels James E. Sullivan Award

By JACK CUDDY

United Press Staff Correspondent

New York, Dec. 30.—(UPI)—Leslie MacMitchell of New York University, who won the Sullivan Award for the best amateur athlete in the country, was named today as the winner of the 1941 Sullivan Award.

No College Grid Deaths In Past Year

Detroit, Dec. 30.—(UPI)—Not a single death attributed to football occurred in the nation's ranks of 65,690 college players during the 1941 season.

It was the first year in an 11-year period that no college football player died as a result of a football injury, either directly or indirectly, because of the gridiron game.

SPORTS ROUNDUP

Baseball—Attendance at Madison Square Garden is expected to surpass the 100,000 mark on Saturday night when the Red Sox play the Yankees. The game is expected to be a sell-out.

Football—Chicago Bears' Arthur Turner, Bears' guard, was picked for the line manager.

Japan Predicts Fall Of Manila By January 10

Also Threaten To Bomb Calcutta If Converted Into A Supply Base

Tokyo, Dec. 30.—(Official broadcast recorded by AP)—A Japanese military spokesman declared today that operations in the Philippines were moving according to schedule and predicted the fall of Manila by Jan. 10.

He warned that Calcutta or any other far eastern city would be bombed by the Japanese air force if it were converted into a supply base for the Chinese government at Chung-King. He issued the warning, he said, because of reports that plans were afoot to transfer Burma road transportation facilities and personnel from Rangoon to Calcutta.

The Japanese navy, meanwhile, issued a communique declaring that between Dec. 22-28 Japanese naval aircraft operating in the waters around Luzon had sunk one destroyer and two submarines and had damaged 76 merchant vessels, of which seven were left in sinking condition.

Japanese naval aircraft also were credited during the same period with destroying 56 planes in and around the Sulu and Celebes seas and with destroying many hangars and airport facilities in British Borneo.

During these operations, the com-

municated said, Japanese naval aircraft losses were only two planes.

Another bulletin said that 16 submarines had been sunk prior to Dec. 30 by Japanese naval vessels and aircraft patrolling the southwestern Pacific.

Allied Air Losses

The official report broke down the claimed damage inflicted on enemy airforces by allied airmen as follows:

Philippines: Nine airplanes, including four flying boats, shot down; 27 airplanes, including four flying boats, destroyed on the ground.

British Borneo: 11 airplanes, including a flying boat, shot down; two destroyed on the ground.

South China, Celebes and Sulu seas: Two flyingboats shot down and five flyingboats destroyed on the water.

Numerous air bases and hangars have been damaged and destroyed in the Philippines and British Borneo, the report added.

Daily air attacks were made on Manila shipping to prevent escapes by sea, the announcement said.

terted at a family dinner on Christmas. Guests were Vincent Burns and son Jackie, Mr. and Mrs. James Reynolds and son Tommy of Ashkum, the Frank Sanhamel family, Dave Reynolds and son Francis, all of Chicago, Jackie Burns returned to Chicago with his father for a visit while Francis Reynolds remained here for the remainder of the Christmas vacation.
