Say Dutch East Indies May Be Japs' Next Goal

Mikado's Armies Mass Powerful Striking Force At Davao Bay

By THE ASSOCIATED PRESS

Japan's next goal is the Dutch East Indies.

The appeared evident today from a war department communication that the mikado's sea-borne invasion armies in the Philippines have massed a powerful force at Davao bay, only 60 miles from Manila.

A home radio report heard in London indicated that the thrust of Japanese forces had landed on the east coast of Dutch Borneo.

Simultaneously, Dutch East Indies headquarters at Batavia reported that a formation of eight Japanese boats attacked military objectives during the night on the island of Ambon (Amboina), site of a major Dutch naval base, 800 miles south of Davao.

The enemy dropped 20 bombs and machine-gunned the island, and a communication said, reporting that three civilians were killed and four persons wounded.

Enemy Planes Observed

The bulletin also noted lively aerial reconnaissance over the far-flung archipelago—often the tipoff of an impending invasion—with the announcement that "enemy planes were observed over various parts of the outer possessions."

Tokyo imperial headquarters said Japanese troops had landed several days ago at Brunel in British North Borneo, adjoining Dutch Borneo, were extending their lines of operations. "No details were given."

In smashing at Ambon, the Japanese were seeking to knock out one of the Indies bases from which U. S. army bombers may have been flying to attack Japanese warships in the Philippines.

For Japan, the Indies with their treasure-trove of such vital war supplies as rubber, tin, and oil would be one of the richest prizes in the Far East.

Massed In Davao Bay

A U. S. war department communication disclosed that Japanese naval units massed in Davao bay included a battleship, five cruisers, six destroyers, 12 submarines and 12 transports—obviously a great force that would be needed merely to support new landing operations in the Philippines.

Davao at the southern tip of the Philippines lies 600 miles from the Manila fighting sector where Gen. Douglas MacArthur's heroic defense force reported still holding the Japanese at bay on the approaches

Navy Recruiter Here Next Tuesday

The navy recruiter W. J. Freeman, chief gunner's mate, retired, will be at the post office here next Tuesday, Jan. 13, from 10 a. m. to 10 p. m., to accept applications for enlistment in the navy and naval reserve.

He will examine applicants, who are to bring their birth certificates. The age limits for enlistment in the navy reserve are 17 to 50 and enlistment is for the duration of the war.

The enlistment period for the regular navy is six years for applicants of the age of 18 or over. For applicants between 17 and 18 years of age, the enlistment period is until the 21st birthday.

Chief Freeman will be at Watseka all morning on Jan. 14 and in Onarga that afternoon. He will be at the post office of both towns.

Germany May Use Zeppelins In Suicide Raids On East Coast

By STERLING F. GREEN

Washington, Jan. 7.—(AP)—Responsible military officials said today it is "definitely in the cards" that Germany may use her Zeppelins in token raids on east coast cities of the United States.

The Nazis, these sources believe, will have the two dirigibles which bore the Swastika at the war's outbreak, the transatlantic veteran, Graf Zeppelin, and the great LZ-130, sister ship of the Hindenburg which was destroyed by fire at Lakehurst, N. J., in 1937.

Either dirigible could be fitted to carry up to ten bombers within easy striking distance of the Atlantic coast and could hover off shore while the planes looped destruction on the cities, experts here said. Or the Zeppelins, themselves, could undertake a suicide mission and do their own bombing.

High School Band Concert Slated Jan. 15

Numerous numbers of special public interest will be presented during the midwinter concert of the Kankakee high school band and junior bands the night of Jan. 15 at 8 o'clock in the Kankakee high school.

On the program of 18 numbers, said Director George Piersol, there will be the first showing of the band's new solo, an electrical instrument with piano keyboard and organ-like tone, a brass quartet number piano solo by Jack Clay, with band accompaniment, several overtures as well as popular numbers.

Colored motion pictures taken during the band's camp outing last summer will be shown and the flag and baton twirlers will perform.

Bombs For Tokyo Dates Set For Feb. 12 To 22

The dates for donating one day's pay to the government to buy bombing planes were set Tuesday evening at a meeting of the "Bombs for Tokyo" committee in Labor hall.

The 10-day period between Lincoln's birthday, Feb. 12, and Washington's, Feb. 22, was selected as the time for raising a fund through payroll donations. The committee has set a quota for \$60,000 for Kankakee county.

It purposely postponed the dates for the event in the hope that other communities will take up the idea and raise \$150,000,000 in this manner. Most plants on a five-day week in this area have agreed to permit employees to work one extra day and donate that amount to the government.

Clerks and office workers in many businesses have expressed willingness to contribute all or part of a day's regular pay to the cause.

Send To Banks

Employers will deduct the pay and send it direct to one of the two local banks where it will be held until all collections are in and then sent to the government to buy bombing planes to carry on the war with Japan.

Several businessmen attended last night's meeting. The group will meet again next Tuesday evening in Teamsters' hall, 544 North Dearborn avenue.

Passerby Notices House On Fire

Fire starting from chimney sparks attacked the wooden shingled roof on the Reinhart Peine residence, 134 South Chicago avenue, shortly after 6 o'clock last night, causing damage estimated at close to \$500.

The occupants of the house were unaware of the blaze until a passerby noticed flames shooting 10 feet high above the roof and gave the warning. Firemen had no way to get into the attic and had to break through a plaster wall to reach the flames.

Most of the roof was destroyed and some of the rafters were damaged.

Another motorist was arrested for running over the fire hose. Elmer Lamie, 18, of 245 North Rosewood avenue, was fined \$5.25 by Magistrate Edward Hoenicke for the offense.

President Roosevelt, in his message to congress yesterday, acknowledged that the enemy might try air attacks on great population centers in an attempt at "terrorizing our people" and undermining morale.

In the east, navy aircraft experts noted the tendency in terms of such a possibility in terms of surface aircraft carriers, but they recalled the well-authenticated report that Germany built a dirigible in the first world war for the express purpose of bombing New York.

This ship was the LZ-70, the largest airship produced by the Reich in that conflict. Germany was beaten before the raid could be made and the ship was destroyed.

The Graf Zeppelin probably could better the Hindenburg's transatlantic crossing time of 53 hours; for it cruises at 70 miles an hour and has a top speed of 85.

Make 125,000 Planes in 1943, President Asks

Assembled in joint session, the 77th congress heard President Roosevelt report that he had asked government agencies to take immediate steps to increase our production rate of airplanes so rapidly that in this year, 1942, we shall produce 60,000 planes, 10,000 more than

the goal set a year and a half ago. . . . The rate of increase will be continued, so that next year, 1943, we shall produce 125,000 airplanes, including 100,000 combat planes." The President was cheered three

Civilian Defense Council Formed At Momenca

Organization of a civilian defense council in Momenca was announced today.

An executive board of 3 was formed, consisting of Mayor Lester Burns, Harry Hoag, Robert White, W. M. Holmes, W. W. Thierien, Arthur Anstrom, Joe Rehner, Richard Blankensly, J. B. Stout, R. E. Plance, the Rev. W. W. Wohlforth, Paul Thierien, E. J. Reising, Leo Granger and Varnum Parish.

Ten committees were appointed to cover all phases of the council's work. Object of the group is to protect life, health and property of the citizens of Momenca and vicinity and to assist the government in every way possible during the war.

The group will meet Friday evening at 8 o'clock at the town hall. All interested persons are invited.

State President Of Women Voters Here Next Tuesday

A discussion of the part the League of Women Voters will take in the civilian defense program will be discussed next Tuesday evening at 8 o'clock at a meeting of the Kankakee league at the Hotel Kankakee.

The speaker will be the state president, Mrs. Florence Fife Bohrer of Bloomington, who is attending a conference of state presidents and national officers this week in Indianapolis where the wartime program will be discussed.

This is Mrs. Bohrer's first appearance in Kankakee since she was elected state president. Prospective members will be guests and anyone else interested in the league program is invited. Mrs. Edwin S. Hamilton is membership chairman.

Mrs. Bohrer has an intimate knowledge of government and has been actively associated with the state government in several capacities. She has the distinction of being the only woman elected to the Illinois senate, serving eight years. She is the daughter of former Gov. Fifer.

The Weather

(Wednesday, Dec. 7, 1942)

Hourly temperature readings from 1 o'clock Tuesday afternoon to noon today are:

High at 1 p. m. 18, low at 8 a. m. —6.

A year ago fair, high 32, low 24.

1 p. m.	18	1 a. m.	—3
2 p. m.	18	2 a. m.	—4
3 p. m.	17	3 a. m.	—4
4 p. m.	16	4 a. m.	—4

11 p. m.	0	11 a. m.	—6
Midnight	—2	Noon	—5

Fair north, partly cloudy too cloudy south, snow flurries extreme south this afternoon and tonight, colder this afternoon and extreme south portion tonight.

Soviets Tighten Trap Around Sevastopol

Germans Trying To Muster All Man-Power To Check Retreat

BY THE ASSOCIATED PRESS

Adolf Hitler's battered invasion armies, in retreat along the entire 1,200-mile Soviet battlefield, may have eased or possibly even withdrawn from the months old siege of Leningrad, Helsinki news dispatches indicated late today. Russian troops pouring out of the old Czarist capital are violently attacking the Finns in the north.

The Helsinki correspondent of the Stockholm newspaper Aftonbladet said the Red army forces in the southern sector of the Finnish-Russian front had been "strengthened by reinforcements from Leningrad and were throwing battalion after battalion into the heaviest fighting seen in eastern Karelia since last September. This suggested German pressure on Leningrad had eased.

Tightening Trap

A Finnish war bulletin also reported that Russian troops had penetrated Finnish lines on the east front of Lake Onega—a different sector—and that the Red army offensive was continuing there.

Sea-borne Russian troops, striking back into the Crimea at many points, were reported tightening a trap around Adolf Hitler's siege armies at Sevastopol today, while on the central front, retreating Nazi forces were said to have left 10.

(Continued On Page Two)

Selecting Jury To Hear Nance Trial

Selection of a jury to hear a \$5,000 damage suit began this morning before Circuit Judge Luther B. Bratton.

The first veniremen and venirewomen called to the jury box are: Omer Audette; Manteno; Frank Hess, Kankakee rural route; Clyde J. Worth, Kankakee; Minnie Hahn, Essex; Ruth Matlock, St. Anne; Louise Heusing, Grant Park; A. J. McNeil, Manteno; Erma Chayer, Kankakee; William Meyers, Kankakee; Beatrice Bunt, Kankakee rural route; Grace Pottenger, Aroma Park; Henry Seitz, Grant Park.

The suit is by Donald Barnett of Kankakee, vs. Audd Nance of West Kankakee. Barnett claims he suffered injuries in a fight between him and Nance on Dec. 15, 1940.

Rotary Will Hear Talk On 5th Column

C. Ray Hansen of Cleveland, criminologist formerly associated with the states attorney's office in Chicago, and one who helped expose the Capone gang, will address the Rotary club Thursday noon in the Hotel Kankakee on the subject "Fifth Column Activities in America."

Frank Chinsky Heads Fight On Paralysis

Frank Chinsky of Kankakee, who has accepted chairmanship of the 1942 Fight Against Infantile Paralysis drive in Kankakee county, said today that 18 cases of this disease have been reported in the county during the past 10 years.

In the entire state there were 359 cases during 1941, as compared with 564 cases in 1940 and 192 cases in 1939. Health authorities contend no way exists to predict the extent of the disease this year.

Fifty per cent of the funds raised in each county remain at home to care for local cases; the balance goes to the National Foundation for Infantile Paralysis with headquarters in New York. The latter organization has directed the nationwide fight against poliomyelitis for several years.

It is sponsoring scientific research to determine the causes and methods of cure, assisting in first aid during infantile paralysis epidemics, and is serving to acquaint doctors and parents with the latest scientific knowledge of proper care. It also has established orthopedic centers, hospitals and clinics.

Drive activities are to be staged the latter two weeks in January with coin collectors placed in stores and buildings.

Settle Suit Over Mrs. Wood's Death

Settlement out of court of a pending circuit court suit by David W. Wood of Kankakee, vs. Fred C. Rogers of Chebanse and Milton Offerman of Kankakee was revealed today when the suit was dismissed by Circuit Judge Luther B. Bratton.

The suit was filed last Nov. 3 by Mr. Wood, as administrator of the estate of his wife Mable, who was fatally injured last July 11 in an auto accident at Hawkins street and Fifth avenue.

The complaint, filed by Attorney Len H. Small, representing the administrator, stated that autos driven by the two defendants collided at the intersection with the result that the Rogers car came over the curb, striking Mrs. Wood who was walking on the sidewalk. Damages of \$10,000 were asked.

Mother Sues Son To Obtain Auto

Ownership of a 1939 sedan valued at \$500 is the basis of a suit between Mrs. Augusta Stua and William J. Stua, mother and son, both of Kankakee.

The suit for replevin of the auto brought by Mrs. Stua against her son was begun yesterday afternoon before Justice Fred R. Smith and continued until Friday afternoon for further evidence.

The mother is represented by Attorney Eva L. Minor and the son by Attorney Donald Gray.

HOME FROM Foe BRAGO

Pvt. Burnal Leard of Fort Bragg, N. C., is visiting his parents, Mr. and Mrs. Ethelbert Leard of Martinon, on a 13 day furlough.

Lauridsen Heads Salvation Army Directors' Board

Victor Lauridsen, 236 South Myrtle avenue, yesterday was elected president of the Salvation Army board, succeeding Benjamin E. Hertz.

Other newly elected officers are D. C. Ray, vice president; W. E. Stewig, treasurer, and Mrs. Luella Tanner, secretary.

All of the board members were reelected as follows—Dr. C. W. Geiger, Dr. G. E. Irwin, Mrs. C. Tait, Miss Bessie Myers, Melvin Johnson, A. J. Byron, George Ravens, Ralph Farmer, John H. Beckers, Myrtle Warren, Adjutant E. R. Johnson and Capt. Joyce Rogers.

During yesterday's meeting the board and officers made preliminary arrangements for an extensive campaign for the collection of paper for defense purposes in which the corps will pick up paper from the homes or those who call, bale the paper and have it shipped to a central point for defense use.

Today Is Coldest Since Jan. 19, 1940

From a high of 18 at 1 o'clock yesterday afternoon, the mercury column fell steadily yesterday afternoon, last night and this morning to reach a low of 6 degrees below zero this morning.

This was the coldest mark of the season, in fact it was the lowest temperature reading since Jan. 19, 1940.

The lowest temperature of the last 24 hours as recorded by the Kankakee Water company was 9 degrees below zero.

Woman Falls Out Of Moving Auto

Margie Walsh, 40, address given as the 900 block of South Washington, was injured but apparently not seriously in an auto accident last evening on highway 17 eight miles west of Kankakee.

A report in the office of Sheriff Dan Bergan says she fell from the car of Bryan Sexton, 48, Kankakee rural route 2, when the door came open.

Grand Jury Session May End Tonight

The grand jury session which began Monday morning with W. A. Yates, Kankakee, as foreman was expected to be completed by evening, according to State's Attorney Joseph J. Tolson.

The session was to be finished with the jury's periodical inspection of the county jail.

Physical Exams For Board No. 2

Physical examinations for an undisclosed number of selective service registrants of board No. 2, who have been notified to appear, will take place tomorrow.

The examinations will be given during the afternoon on the third floor of the courthouse.

Frigid Weather Experienced In Middle West

Chicago, Jan. 7.—(AP)—The mid-west experienced the most frigid weather of the winter in the 12 hours preceding observation time at 6:30 a. m. today, with temperatures far below the zero level.

Coldest in the entire mid-continent in the 12-hour period appeared to be Butte, Mont., with —34.

O. T. Lay, temporarily in charge of the Chicago weather bureau, said wartime restrictions prevented discussion of whether the cold would continue or let up today or tonight or the direction of its movement.

He approved, however, a summary of minimum temperature conditions as of last night or early today, including:

Iowa—Charles City, —24; Sioux City, —21; Dubuque, —17; Des Moines, —12.

Wisconsin—Madison, —24; La Crosse, —22; Green Bay, —21; Milwaukee, —20.

Illinois—Moline, —11; Chicago, —10; Peoria, —18; Springfield, —3.

Indiana—Fort Wayne, —4; Indianapolis, —2.

All Catholic Women Will Form Council

Rev. E. J. Cousineau In Charge Of Work In Kankakee County

A year ago the men of Kankakee county were reorganized into the archdiocesan confraternity of the Holy Name. Now, under the direction of Archbishop Samuel A. Stritch, the women of the Chicago archdiocese are reorganizing in all the parishes to become affiliated with the Council of Catholic Women, a national institution.

The work of reorganization in the Catholic parishes of Kankakee county has been entrusted to Rev. E. J. Cousineau, pastor of St. George church.

The Catholic pastors of Kankakee county will soon be contacted by Rev. Cousineau to acquaint them with the purposes of the council.

There is no intention of changing the many societies that may now exist nor to interfere in the autonomy of these groups. It is the archbishop's wish that these already existing parish groups remain intact but now be federated and affiliated to the national and diocesan organizations, the Council of Catholic Women. Non-parish groups of Catholic women will also be invited to assist in attaining the aims of the diocesan council.

Coordinate Activities

The general purpose of the council will be the coordination of activities of all Catholic women of the archdiocese whether functioning as individuals, through parish councils, or member organizations.

The more specific purposes include the following:

To promote the growth and development of supernatural life of Catholic women by encouraging frequent communion, attendance at public devotions, spiritual conferences, spiritual reading and inculcating the habit of prayer.

To promote the growth of religion by participation in parish family life, and to cooperate with the pastors in parish activities.

To be informed on Catholic teaching regarding family life and to promote Catholic family ideals; to recognize the gravity and complexity of family problems and assist in their solution.

Per Capita Fire Loss In City Drops To 50 Cents In 1941

The per capita fire loss in Kankakee during 1941 dropped to 50 cents.

Records of Fire Chief Roy Marquart show this is the lowest loss since 1938 when the figure stood at 55 cents. In 1940 it was \$1.23.

Total fire loss last year within the city limits was \$11,376, of which \$9,147 was covered by insurance.

The department received 278 alarms during the year, 23 of which were calls for out-of-town assistance, three false alarms and two drownings.

Average Loss \$92.68

In only 133 of the calls was any fire damage sustained. The average loss per fire was \$92.68. This is compared with the 1940 amount of \$272.63.

U. S. Determined To Pay Price To Preserve Life

Unprecedented Borrowing Would Send Federal Debt Over \$110 Billion

(Budget Text Page 4)

Washington, Jan. 7.—(AP)—Respecting the nation's determination to "pay whatever price we must to preserve our way of life," President Roosevelt called today for a war budget of \$56,000,000,000 for the next fiscal year, \$9,000,000,000 of new taxes on top of all existing taxes, and unprecedented borrowing that would send the federal debt above \$110,000,000,000.

"This is a war budget," he said in his annual budget message to congress. "Its magnitude and composition depend on events at the battlefronts of the world. . . . Nothing short of a maximum will suffice. I cannot predict ultimate costs because I cannot predict the changing fortunes of war. I can say only that we are determined to pay whatever price we must to preserve our way of life."

Biggest Budget In History

He added at a press conference that it was the biggest budget in the history of the world. Government estimates indicated it was nearly double Germany's annual war expenditures. It called, the President said, for a step-up in the rate of war spending from the current \$3,000,000,000 a month to \$5,000,000,000 a month.

To the United States armed forces and their allies, the President promised that the budget meant "a crushing superiority of equipment."

To the public he said that it meant heavy new taxes because "a fair distribution of the war burden is necessary for national unity."

It also meant, he declared, that the people would have to do without "many conveniences and luxuries" so that the nation's industry "shift labor, materials and facilities from the production of civilian articles to the production of weapons and other war supplies."

Technically, the budget concerned only money to be paid out of the treasury. However, in setting up the \$56,000,000,000 war program, the President said that beside an estimated \$3,785,166,000 out of the treasury he believed that an additional \$33,000,000,000 would be spent out of the purses of the Reconstruction Finance corporation and other non-budgetary agencies for war purposes.

How Debt Will Be Met

The treasury budget called for total expenditures of \$59,277,992,300 in the fiscal year beginning next July 1. This included the huge war item plus \$1,760,000,000 for interest on the public debt, and reduced allotments for work relief, farm aid, governmental running expenses and other non-military costs.

To pay for this, President Roosevelt estimated there would be \$16,487,200,000 of taxes from existing tax laws, asked \$7,000,000,000 of new general taxes (not counting increased social security taxes, which do not count as revenues) and proposed borrowing of \$35,540,792,000 from social security and other government sources.

British Isles May Be Base For Invasion

Axis Commentators Say
F.D.R. Added Nothing
To Earlier Speeches

BY THE ASSOCIATED PRESS
President Roosevelt's announcement that a new AEP would be sent to England convinced many observers today that the British Isles would be turned into a huge base for invasion of the continent.

Due to pressure in the far east and the immediate needs in that area, they said they expected that the initial United States force sent to the United Kingdom would be a token unit composed of a small mechanized group and supporting aircraft.

It was pointed out that Britain's home defense force—the army, navy and British empire troops, plus the home guard—ostensibly needed no United States army to defend the British Isles against the invasion which almost everyone thinks Hitler may launch early in the spring.

The return of the Yanks after 25 years was generally regarded as foreshadowing a western offensive which most Britishers have long been convinced must be undertaken eventually.

Already many of 125,000 Canadians and large contingents of Brit-

ish troops are being intensively trained in assault tactics of a type which have served the commandos so well in "test" raids on Norwegian coast points.

The British exulted over President Roosevelt's promise of American forces, and newspapers dipped back into the files of 1917 for pictures and stories of U. S. troops arriving in England.

Acclaim from United Nations
On through the world, from Cuba to China, there was acclaim from the United Nations and their friends for the great program announced yesterday by the President.

In the axis line-up a German radio commentator said that President Roosevelt had added "nothing or little new to what he has said in earlier and numerous speeches."

"Although the speech was fairly substantial it contained, besides an admission of America's military defeat, only Roosevelt's usual hypocrisy," the commentator continued.

"Roosevelt enriched his arsenal of phrases by the quotation 'The world is too small to provide sufficient living room for Hitler and God.' Ob-

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of
Bed in the Morning Rarin' to Go

The liver should pour 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sick and the world looks punk.

It takes these good, old Carter's Little Liver Pills to get those 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills. 10¢ and 25¢.

viously Roosevelt believes there is sufficient space for him to rule as God's governor, with the universe as his final goal."

Fascist circles in Italy called the speech "sensational, spectacular of the typical North American brand" but said it was intended to impress the world and the population of the United States and therefore there was "no point in examining the figures" mentioned in it.

The Fascist press so far had made no mention of the speech or the President's program to produce 180,000 planes in 1942 and 1943.

Brazil is the world's greatest potential producer of vegetable oils and vegetable products, according to the Department of Commerce.

The Swedish Tobacco Monopoly is buying substantial quantities of American tobacco for future delivery the Department of Commerce says.

Re-Registration Of Enemy Aliens Undertaken Soon

Washington, Jan. 7.—(UP)—Attorney General Francis Biddle announced today that re-registration of 1,100,000 enemy aliens would be undertaken very soon by the justice department.

Biddle told a press conference that tighter control "was sought over the Japanese, Germans and Italians domiciled in the United States, Puerto Rico and the Virgin Islands."

Under the proposed system, Biddle said, the department would issue identification cards bearing photographs and other essential data. A similar system was used during the last war but pictures were not included on the cards.

Biddle pointed out that in original registration, aliens were given only receipts showing that they had registered. They were not given identification cards.

Biddle said that, among other things, an alien planning to change his residence or occupation would have to appear before a designated officer to obtain approval, such approval to be noted on an identification paper.

Biddle again denounced the discharge by employers of enemy aliens as "stupid and un-American."

Few industrial processes have experienced a more rapid growth than rayon fiber manufacturing, the Department of Commerce reports.

One-fourth of the world's 200,000 known vegetable species are to be found in Brazil, according to the Department of Commerce.

Fishing and fish drying are the principal industries of St. Pierre and Miquelon Islands, according to the Department of Commerce.
