## MACARTHUR FORCES REPULSE FOE

### Defenders Of Singapore Await Thrust

Japanese Troops Headed Southward In Preparation For Assault

By C. YATES McDANIEL  
Singapore, Feb. 2.—(AP)—The defenders of Singapore, on Guard against an expected Japanese thrust across Johore strait, blasted three small enemy craft which appeared yesterday in the narrow waterway and sank one of the vessels, British headquarters announced today.

A communiqué said also that artillery on Singapore Island bombarded Japanese forces moving into Johore Bahru, directly across the strait.

The bulletin said air reconnaissance had disclosed considerable Japanese troop movements on the mainland, all headed southward in apparent preparation for an all-out assault upon this island fortress.

**Enemy Activity Increases**  
"Enemy air activity over Singapore has increased throughout the last 24 hours," the communiqué added. "Some damage was caused but military casualties have been slight."

Boosted by the arrival of long-awaited reinforcements, the British, Australian and Indians massed here await the finishing touches to preparations for a last-ditch stand.

It was presumed, the Japanese would require a few days to reorganize after their long push down the Malay peninsula, but Singapore was proceeding on the theory the invaders might launch their attack at any hour.

From trenches, foxholes and more permanent fortifications machine-guns were trained on the mile-wide strait, ready to lose a withering crossfire. Special preparations were taken to guard against surprise attack by Japanese paratroops.

**Civilians Withdrawn**  
All civilians were withdrawn from the northern part of the island to clear the way for the movements of defense forces, and in Singapore itself military authorities enforced a 9 p. m. curfew.

The welcome news that reinforcements had arrived was disclosed by (Continued On Page Two)

### Negro Pulls Razor In Argument Over Gambling Game

Two colored men were arrested at 10:30 o'clock Saturday night for fighting at the Tom Clark restaurant, 1046 East Birch street.

Officers Wallace Plannery and Curtis Fredrick booked Hubert Hicks of Otto and John Jones, 851 North Evergreen avenue, for assault and battery following a card game argument in which Hicks claimed Jones owed him \$50 cents.

Hicks whipped out a razor but was prevented from using it. He was fined \$25 because of the lethal weapon, while Jones was let off with a fine of \$25 in the court of Police Magistrate Edward Hoenicke.

### Soldier Arrested In Tavern Fight

Leon Harrell, 28, of Harrisburg, Ill., an air corps student at Chanute field, was arrested by police at 11 o'clock Saturday night after trying to clean out Suprenant's tavern on South East avenue.

He sustained a cut on the head during the fighting, Saturday was pay day in the army and Leon came here to celebrate. Early that evening, Sgt. Fred Etchell, military police officer here, warned Leon about excessive drinking and any display of pugnacious tendencies, but Mr. Harrell was released Sunday and sent to the field for disciplinary action.

### Red Cross Quota For County Is Boosted To \$18,000

With approximately \$9,000 raised to date in the Red Cross war relief drive in Kankakee, the chairman this morning, the chairman announced that the quota for the county was being raised to \$18,000.

The \$500,000 fund asked for has now been increased by \$18,000, or approximately 30 per cent. This is interpreted by co-chairmen J. E. Willis and Ralph Hopkins as raising the Kankakee county quota from \$14,000 to more than \$18,000.

Twenty-one volunteer women workers met this morning at the Hotel Kankakee to plan a telephone campaign to remind residents of the community who have not yet donated that their contributions are ur-

### War Program To Lead Everything Says Nelson

Production Chief Warns Congress As To Results Of Failure

By HILLIER KRIGHBAUM  
United Press Staff Correspondent  
Washington, Feb. 2.—(UP)—War Production Chief Donald M. Nelson warned congress today that failure to divert increasing amounts of needed materials to war production would intensify suffering and loss of life on the battlefields.

In a report on allocation and distribution of materials, requested by the senate, Nelson promised that every effort would be made to aid "little business" if such actions did not impede war efforts.

He demanded "an economy which puts the war program uncompromisingly ahead of everything else." "Until final victory is achieved all of this nation's vast resources of men, materials, and machines must be directed to the production of an ever-increasing quantity of war materials at an ever-increasing speed," he said. "There can be no compromise with the achievement of this objective. Everything else is secondary to this purpose."

**Allocation Procedures**  
Nelson predicted that the degree of control over materials is expected to move from relatively mild types to more complete allocation procedures. He told congress that a production requirements plan, under which a firm would receive a blanket allocation for three months, probably would take the place of the present system of allocating each single material. The plan will coordinate distribution of concern with itself but no copper to plenty of steel, he said.

"The limited allotment plan recognizes that the United States is faced with a crucial question in the so-called small-business problems and the closely allied special-hardship problems," he said. "But it also recognizes that these are only part of a much broader problem—what kind of an economy must we have to beat the axis powers?"

"An economy which puts the war program uncompromisingly ahead (Continued On Page Two)

gently needed now. Letters were sent out several days ago to all telephone subscribers. Donations can be made by mail by addressing the Red Cross, postoffice box 166, Kankakee.

### Former Mayor August Radeke Dies Today

Also Headed County Red Cross Chapter; A Civic Leader

August C. Radeke, 69, former mayor and county highway superintendent, prominent civic and business activities of the community for many years, died at 1:30 o'clock this morning at his home, 593 South Dearborn avenue, after several weeks' illness.

A life resident of Kankakee, Mr. Radeke served as mayor in 1921-22, he was president of the chamber of commerce in 1919-20, a director and vice president of the First Trust and Savings bank, president and director of the Kankakee Citizens System Co., former chairman of the Kankakee county chapter of Red Cross and former Rotary club member.

Mr. Radeke was vice president and treasurer of the former Radeke Brewery company which in recent years was reorganized as the Radeke company. He served as president and treasurer of the latter organization.

Funeral arrangements are incomplete. The body will be at the Rehr funeral home.

**Leaves 4 Children**  
Born Jan. 25, 1873 in Kankakee, he was twice married. In 1906 he was married to Henrietta McDonald who died in 1918. From this union three children were born, son Donald and daughter Mrs. Loretta Meents of Kankakee, and a son Frederick who died in 1920.

In 1919 he was married to Lydia Meente by whom he had a daughter Miss Carolyn of Kankakee. Also surviving are two grandchildren, Carol Ann Radeke and a grandson, Meents.

### Grant Probation To Mommence Man Named As Forger

H. Z. Beall, Mommence accountant recently indicted for forgery, to which he pleaded guilty, was released on probation for a year this morning.

This was done by Circuit Judge Luther B. Bratton after testimony was given in Beall's behalf by Howard Nash, real estate broker, and Varnum A. Parish, attorney, both of Mommence.

Beall testified to the opinion that he has no criminal tendency and that his troubles have been due to excessive use of intoxicants.

One of the terms of the probation is that Beall make restitution for two checks totaling \$70 upon which the name of William Porter of Mommence was forged.

Beall was represented by Attorney Charles W. Kurtz and the state by Assistant State's Attorney Arden R. Blanke.

### Colored Patient, Fleeing Manteno, Freezes To Death

The body of Jesse King, 35, colored, escaped patient of the Manteno state hospital, was found frozen along a country road Saturday afternoon.

King left the hospital about 3 o'clock Friday evening, according to testimony given at the inquest conducted yesterday afternoon by Coroner Ed P. Madison.

The body was found late the next afternoon by Henry Stecynski, farmer residing in Bourbonnais township on the St. George road.

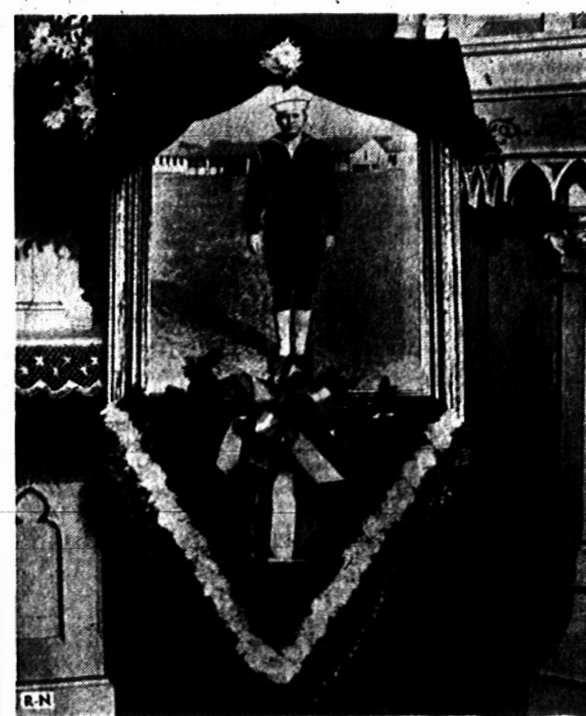

The inquest jury returned a verdict of death by exposure.

### Memorial Service for Kankakee Hero

A memorial service for Maurice E. Spitz, son of Mrs. Ida Spitz, 209 North Wildwood avenue, was held Sunday afternoon at St. Paul Lutheran church. Spitz, a fireman in the navy, was killed in the Japanese attack on Pearl Harbor Dec. 7. The eulogy at the service was delivered by the pastor, the Rev. Carl F. Haller. A large floral piece containing a large "V" was surmounted by an enlarged photo of the hero, the first Kankakee boy killed in the present war.

### Not Daylight Savings But "War Time"

Washington, Feb. 2.—(AP)—When clocks are moved ahead an hour February 9, they are going to operate on "war time."

That is the name picked by President Roosevelt for the new daylight saving time by congress as a means of conserving power for defense operations.

The White House said today that railroads, government agencies, and industries had been inquiring about a terminology for the new time and that Mr. Roosevelt thought "war time" would do because it offered an accurate description.

The law says that standard time shall be advanced an hour.

### Arrest Manteno Milk Driver At Golden, Colo.

Elwood Gray, former Manteno youth, is under arrest at Golden, Colo., on a charge originating in Kankakee county.

Gray is accused of embezzlement. A warrant held by Sheriff Dan Bergan charges that last fall Gray and another man, employed by the Minnich dairy in Manteno, went to Chicago with a load of milk, left the dairy's truck in Chicago and disappeared with \$200 of the dairy's funds.

Facts of the accusation were broadcast at the time by the sheriff.

### Retired Navy Man Enlists For Sub Duty

Chief Gunner's Mate William P. Freeman, who has made numerous trips to Kankakee during the past year as a recruiter for the navy, is back on active duty with the navy.

Freeman reached the rank of chief petty officer after 32 years of service and had been retired when he became a recruiter. He has now volunteered for submarine duty and passed the physical examination yesterday in Chicago. Freeman, before being placed on the retired list, spent 16 years on submarine duty. He is 49 years old.

Chief Freeman is one of six chief petty officers, retired, who have volunteered for submarine duty after being recruited in the ninth naval district. His wife and daughter reside at Park Ridge.

The will of Nettie Heller, late of 264 South Washington avenue, gives a life interest in her estate, including farm lands in Iroquois county and Kankakee property, to a friend, Ed H. Imming, Kankakee.

Subject to this life estate, her property goes to a nephew Leonard Haigh, address not given.

Drawn last June 8, the will has been filed in the office of County Clerk Hector J. LeBeau by Attorney Walter O. Schneider.

The election took place in the hall of Immaculate Conception court of Gilman in the presence of S. J. Brosseau of Kankakee, state court vice chief ranger.

Talks were made by President Bignani and the Rev. P. B. Egan, pastor of Immaculate Conception church in Gilman. A campaign for new members was inaugurated by Vice Chief Ranger Brosseau.

### FDR Wants To Loan China Five Hundred Million Dollars

Washington, Feb. 2.—(AP)—President Roosevelt asked congress today to authorize a loan of \$500,000,000 to China to provide "economic and financial assistance."

Speaker Rayburn, who made public a letter from the President, introduced a resolution authorizing the loan and said Chairman Bloom (D-NY) of the foreign affairs committee would report the bill tomorrow for passage this week.

The loan would be in addition to aid already granted China under the lend-lease act and other legislation. It would be made under terms to be worked out by the treasury department.

Extension of the credit, the President wrote Rayburn and Vice President Wallace, would strengthen China's position "as regards both her internal economy and her capacity in general to function with great military effectiveness in our common effort."

### Ed Imming Shares In Heller Estate

The will of Nettie Heller, late of 264 South Washington avenue, gives a life interest in her estate, including farm lands in Iroquois county and Kankakee property, to a friend, Ed H. Imming, Kankakee.

### Mrs. W. Mang, Life Resident Of City, Dies

Funeral Services For Member Of Well Known Family Tuesday

Mrs. Wilhelmina Mang, 73, well known and highly respected resident of Kankakee for many years, and a member of one of the city's most prominent families, died suddenly at 4:50 o'clock Sunday morning at her home, 970 South Chicago avenue.

Mrs. Mang, native of Kankakee and resident here most of her life, was one of the two sisters of State Senator Louis E. Beckman. Her death is the second in the family within little more than a month. Mrs. Harriet Berry, mother of Mrs. Beckman, died on Dec. 24.

Funeral services for Mrs. Mang will be conducted at 3 o'clock Tuesday afternoon at the Rehr funeral home and a half hour later in St. Paul Lutheran church. The Rev. Carl F. Haller will officiate and burial will be in Mount Grove cemetery.

Friends may call at the funeral home in the afternoons from 2 to 4 o'clock and in the evenings from 7 to 9 o'clock.

**Born in Kankakee**  
As Wilhelmina Margaret Beckman she was born in Kankakee on Jan. 7, 1869. On Oct. 26, 1887 she was married to William P. Mang. For several years after their marriage, Mr. and Mrs. Mang lived in Pittsburgh, where he was engaged in business, then for a short time in Chicago before returning to Kankakee where she has since resided.

Mr. Mang died in 1908. She is survived by sons Fred and Harry, a granddaughter Jean Marie Polley who resided with her, a brother State Senator Beckman and a sister Mrs. Charles Ziesler, all of Kankakee. A daughter Mrs. Lillian Polley, brothers Henry and William Beckman and a sister Mrs. Lena Handorf preceded her in death.

Mrs. Mang was active in St. Paul Lutheran church, in the Ladies Aid society, the church choir, and had a large circle of friends and acquaintances by whom she was highly respected.

### Blast Japanese Forces On Kadu Island

Rangoon, Burma, Feb. 2.—(AP)—Allied bombers have blasted Japanese forces on Kadu island, in the Salween river estuary between occupied Moulmein and the railroad city of Martaban to the north, an RAF communiqué announced today.

All the planes returned safely, the communiqué said, and other scattered enemy territory along the front formed by the Salween river in eastern Burma, around the gulf of Martaban from Rangoon.

(Since the communiqué mentioned "allied" planes, the American volunteer group—the "flying tigers"—presumably participated in the bombardment.)

The Japanese evidently were attempting to use the island as a stepping stone northward across the broad mouth of the Salween, but an army headquarters communiqué said the frontline situation was unchanged.

### Hog Prices Soar To A New Four-Year Peak

Chicago, Feb. 2.—(AP)—Hogs soared to a new four year peak today as active buying by packing and shipping interests advanced prices 25 to 40 cents a hundred pounds.

Best hogs brought a top of \$12.50 a hundred pounds. This was the highest price for swine here since August, 1937, when the top rose to \$12.65.

Smaller receipts, rising dressed pork quotations and a bullish feeling that live hog costs were destined for higher levels was behind the upturn, livestock men reported. Average price for all hogs sold rose above \$12.

### Burglars Get \$20 At Gas Station

The "Shady Rest" gasoline service station at 2340 West Station street, operated by Mrs. Louise Devoe, was burglarized last night and cigarettes valued at from \$15 to \$20 were taken.

Entrance was made by breaking a rear window. The establishment was the scene of a similar burglary last June.

### Wholesale And Retail Prices For Automobiles

Sold To Eligible Persons Under The Auto Rationing Plan

Washington, Feb. 2.—(AP)—Price Administrator Leon Henderson today specified the maximum wholesale and retail prices at which new passenger cars may be sold to eligible persons under the automobile rationing plan which goes into effect sometime after February 26.

Under the schedule, effective today, wholesale prices will not exceed the highest prices prevailing in the period Oct. 1-15, 1941.

A feature unique in ceilings price schedules is a provision designed to compensate dealers for the expense of storing cars until they are sold by allowing the addition each month to the maximum price of one per cent of the factory list price, or \$15, whichever is lower.

**Retail Price Ceilings**  
The retail price ceilings are figured on the following markups from the manufacturer's list price: 1. Federal excise tax; 2. The actual rail freight charge; 3. Five per cent of the list price plus the transportation allowance, or \$75, whichever is lower; and 4. The one per cent storage allowance.

The five per cent or \$75 listed under the third marked up item is the maximum allowable for "handling and delivery and all of the other services customarily performed (Continued on page two)

### Egyptian Cabinet Resigns Today

Cairo, Feb. 2.—(UP)—The Egyptian cabinet resigned today.

### St. Anne Farmers To Hear Of Defense Food Program

Food for defense will occupy an important place in the exhibits of the St. Anne farmers institute and community fair Friday and Saturday in St. Anne high school gym.

Homemakers who enter specialty dishes in this division are to include recipes with each entry. Defense foods contain such ingredients as corn meal, soybeans, brown sugar, molasses and other energy-givers.

Ten rural schools in the vicinity of St. Anne have filed intention to exhibit some of their work and speakers will be furnished by the Illinois Farmers' Institute, a public corporation created by the Illinois legislature 45 years ago to "assist and encourage useful education among the farmers and for developing the agricultural resources of the state."

Cooperating Groups  
This principal has been adopted as the object of the St. Anne exposition. It is sponsored by the advisory council of the farmers' evening school, which includes Fred Davis, Albert Talreau, James Saville, Ed Brown, Simon Jockstra, Arlie Brunton, Harvey Meister, Irving Reilly, Carl Ahrens, T. Z. Jones and Edgar Bonvallet. Cooperating with this council are the home economics and the vocational agricultural departments of the high school.

Carl Ahrens is chairman of the exhibit committee while the program committee includes J. H. Johnson, Mrs. T. Z. Jones, Mrs. Esther Shirls, T. Z. Jones, and Arthur Boone. The rural school committee consists of Renetta Salm, Leo Oestgen, Velma Clement and Lawrence Boudreau Jr.

Exhibits will be placed Friday morning. At 1:15 o'clock Friday afternoon James Saville will preside and the program will include selections by the St. Anne high school choir directed by E. B. Cummins, elementary school entertainment and separate talks for men and women. The latter will be addressed (Continued on Page Two)

### Six Jap Bases Raided By The Pacific Fleet

New Offensive Action Against Enemy Positions In Far East

**BULLETIN**  
Tokyo (From Jap. news Broadcasts Feb. 2.—(AP)—A Dome dispatch from Luzon declared today that terrific gunfire was heard along the east coast of the Batan peninsula and intimated that this signaled a general Japanese offensive against the American and Philippine defense forces in the Marivales mountains.

**BULLETIN**  
London, Feb. 2.—(AP)—The Moscow radio asserted today reports had reached Switzerland that there had been an outbreak of anti-German demonstrations in Italy and that newly-arriving Nazi troops were pelted with stones at Florence.

Clashes have occurred between Italian and German soldiers in Sicily, it said, and Italian garrisons there have been replaced.

Washington, Feb. 2.—(AP)—General Douglas MacArthur reported today that the defenders of the Batan peninsula in the Philippines had repulsed with heavy enemy losses the latest series of Japanese attacks, which were made by the foe's best troops who employed new tactics.

A war department communiqué reporting developments of the past 24 hours and also summarizing savage fighting of the past several days said that two Japanese divisions were hurled simultaneously against American-Philippine lines.

On the west coast of the South China sea, the invaders were forced back to the coast, and either destroyed, captured or drowned, the communiqué said.

On the east side of the peninsula, facing Manila bay, a frontal mass attack was smashed by artillery fire before it got well under way.

**Halfway Down Peninsula**  
The communiqué made clear however that the Japanese had fought their way in the last three weeks about half way down the peninsula.

The fighting on the east coast took place in the area of Pilar, the war department said, and this point near an important road junction is only 17 miles from the end of the peninsula opposite the Corregidor fortress.

The latest report of MacArthur's staunch defense lines in rugged Batan peninsula coincided with a belief in Washington that the Pacific fleet has recovered a considerable measure of the striking power lost at Pearl Harbor December 7.

New offensive action against Japan's position in the mid-Pacific was regarded as entirely probable. (Continued on page two)

### Man Under Peace Bond Files Appeal

Clarence M. Richardson of Mommence, who on Saturday was found guilty in police magistrate court of breach of the peace, today filed an appeal to the circuit court.

The appeal was filed in the office of Albert Tetrault, clerk of the court. Richardson is represented by Attorney Fred R. Smith.

The complaint against Richardson was by Willis O. Hyde, also of Mommence. Richardson was arraigned Saturday before Magistrate Edward V. Gilbert at Mommence. The charge was threatening bodily harm.

Gilbert placed the defendant under \$500 "peace" bond.

## May Regulate Electric Power Requirements

Widespread Rationing In Every Section Of Country Expected

By PAUL GESSNER AND JOHN

Washington, Feb. 2.—(Wide World)—Rationing of electric power in nearly every sector of the country is expected in informed circles here. War production board spokesmen say lights may have to be dimmed in huge cities from New York to San Francisco in order to pour power into a huge grid system feeding defense plants in other sections. Representatives of the utility industry have predicted an adequate supply of electric power for the coming year but sources familiar with the power requirements of the new war program say a shortage is inevitable.

**Staggered Imagination**  
The staggering new production goals will place on power and raw material resources of this country stagger the imagination. The drain on raw materials for planes and guns will leave little for civilian purposes. The situation is so acute, war production board spokesmen say, that by this summer nearly every item in the average home will be affected. Shortages are expected in more than a hundred commodities.

The probable supply of each raw material is strategic information and cannot be disclosed but this is the general picture as painted by those familiar with the situation. Except for two or three items, there will be enough materials for strictly military requirements but only in a few agricultural commodities like cotton and wheat are supplies expected to be ample for all civilian needs.

In canned foods, the steel and tin available will be used first to pack foods for the army, navy, Britain and Russia. What you will be able to eat out of cans will depend on what cans are left.

**Cut Civilian Consumption**  
Increasing supplies of raw materials currently is one of the biggest jobs of the war production board. Ranking right along with conversion of civilian industries as a major problem, William L. Batt, head of the materials division, is putting in fifteen and sixteen hours a day trying to prevent a major materials bottleneck.

In the case of power, which cannot be increased quickly, the only course open is to cut civilian consumption.

Such a crisis in raw materials may seem fantastic but it was very real to industrial executives who visited Washington this week. One industrialist found that, of a dozen raw materials vital to his business he could continue to obtain one for six months and a few more for two or three months. The rest he could no longer obtain at all.

**Call Danforth Man Back Into Service**  
Danforth, Feb. 2.—(RN Special)—Henry Dirks left Friday for Camp Forrest. He had been home a few months after finishing army service prior to his 28th birthday.

Mrs. Herman Danforth entertained the W. P. M. club at her home Wednesday.

Roy Lubben, who was recently inducted into army service, is in Louisiana.

A marriage license was issued Tuesday to Miss Ida Benesma and Peter Huisenga, both of Danforth. The Lawrence family, who came here from Galva, moved to a farm near Albert Vandervliet southwest of town.

Mr. and Mrs. P. H. Siemons last week vacated their residence and moved to Gilman which will be more convenient to him as editor of the Gilman Star. Mr. and Mrs. Jake Kulpers and Mrs. Elizabeth Kulpers of Kankakee will take possession soon.

Fifty-four women of Danforth township met Thursday at the Community hall for the purpose of organizing a Red Cross work unit. Mrs. H. Danforth was elected general chairman and Mrs. William Siemons secretary. Miss Alvina Gerdes has charge of the sewing department. Mrs. Madison is head of the ways and means committee. The next meeting will be Feb. 10 at 1:30 p. m.

**CHURCH NEWS**  
CHRISTIAN SCIENCE CHURCHES  
"Love" was the subject of the Lesson-Sermon in all Churches of Christ. Scientist, on Sunday, February 1st.

The Golden Text was, "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4: 16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "See that none render evil for evil unto any man; but ever follow that which is good, both among yourselves and to all men. Rejoice evermore. Pray without ceasing" (1 Thess. 5: 15-17).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In the quiet sanctuary of earnest longings, we must deny sin and plead God's aliveness. We must resolve to take up the cross, and go forth with honest hearts to work and watch for wisdom, Truth, and Love. We must pray without ceasing." Such prayer answered, in so far as we put our desires into practice" (p. 15).

## Can The Japs Blockade So. America?

Bolivia Threatened Because She Broke Off With The Axis

By JOHN LEAR

Washington, Feb. 2.—(Wide World)—Could Japan blockade the Pacific coast of South America? The threat of such a blockade, which would aim to stop the United States from helping other foes of the axis, has been made, in effect, by the Japanese. They have said they would bottle up the foreign trade of Bolivia in retaliation for Bolivia's breaking diplomatic relations with the axis.

There is no way to blockade Bolivia directly. Bolivia is a landlocked country. All its exports travel through the ports of neighboring South American republics, some through Argentina by river and some through Chile and Peru.

Since Bolivia's trade at present consists almost entirely of raw materials for the United States, the threatened blockade to be effective, not only would have to seal the ports of Africa, Antofagasta, Mollendo and Matarani but would have to control the waters washing the shores of Ecuador, Colombia and Panama.

**Bolivia Not Frightened**  
Bolivia was not frightened by the Japanese ultimatum. President Enrique Penaranda broke relations with the axis in spite of it.

It was notable that Japan did not set any deadline for the beginning of the blockade. Her threat, so far as has been disclosed, said merely that ultimately control of the Pacific would be hers and she would be merciless to those who were unfriendly.

It may be that Japan chose to concentrate her influence on Bolivia because that nation gives the United States more vital metals than any other of the Latin Americas. There have been signs, however, that the Japanese message went to other Latin American nations.

A Japanese blockade, if tightly maintained, could seriously curtail the United States in its role of assuring the United Nations. Incoming supplies of copper, tin, tungsten and other strategic materials would be reduced. United States aid to members of the united nations in the Pacific regions also would be interfered with.

An ocean-wide blockade would assume the collapse of the United States navy, which no one expects. Effective blockade of the coastal routes between the Americas could be achieved only through control of the waters off Peru and Chile—the points of origin of warbound materials—or control of the Gulf of Panama.

There is nothing to indicate that Japan is ready yet to try so grand a maneuver. The Pacific Americas are more closely united than ever before in their history. Each of them is doing its bit to arm the coastline.

## New State Tax On Cigarets Reaches A Huge Total

Springfield, Ill., Feb. 2.—(UP)—Collections of the new two-cent-a-package state tax on cigarettes were nearly 50 per cent higher than anticipated during the last six months of 1941, the finance department's year-end report disclosed today.

Finance Director George B. McKibbin reported that cigarette tax collections, which began last July 1, totaled \$7,233,730 for the six-month period. In his budget message Governor Green estimated that the tax would yield \$10,800,000 a year.

If cigarette taxes continue at their present rate, the total collections for the first year will be nearly \$15,000,000.

A total of \$4,456,965 was paid in cigarette taxes in the usual manner while an additional \$1,778,765 was paid into the protest fund where it is impounded pending settlement of litigation regarding the tax.

McKibbin's report also disclosed that protest suits challenging the validity of the three per cent tax on oil production, which also became effective last July 1, have resulted in impounding of 85 per cent of the \$2,161,530 collected during the last half of 1941.

A total of \$1,831,016 was paid under protest pending outcome of the suits and only \$330,514 was collected without protest.

The state sales tax yielded \$98,526,064 during 1941, with collections during the first six months at the rate of three per cent and the last six months at the rate of two per cent.

## Thirty Thousand Air Cadets In A Year Navy Plan

Plane Production Goal In 1942 And 1943 Is 185,000 Ships

Washington, Feb. 2.—(AP)—Expressly determined to create the world's toughest force of airplane pilots, the navy whipped into final shape today a plan to turn out 30,000 air cadets a year with the cooperation of four universities whose facilities for ground training will be leased by the government.

A special committee also assured congress that U. S. industry was equal to President Roosevelt's production goal of 185,000 airplanes in 1942 and 1943. It added that "before we are through" the nation's army air forces alone would number far in excess of 1,000,000 men.

The Navy department's week-end announcement of its stepped up pilot-training program disclosed that it would establish one "Annapolis-style" school, one in the east, one in the middle west, and one in the middle west. The plan is to be in operation not later than May 1.

Facilities of the universities, which were not identified, will be rented for the duration of the war.

Each school will take in 625 candidates a month and for three months will prepare them for flight training by physical conditioning, military drill, courses in seamanship, naval history and customs, and training in communications, ordnance and other specialties.

**Preliminary Training**  
Then they will go to one of the 16 naval reserve aviation bases for primary flight training and from there to advanced flying school. The whole course normally will take a year.

Navy Secretary Knox said that those who survive "all three training stages would be 'the best pilots in the world.' He made it plain too that they would be the toughest: their physical conditioning will include 40-mile sunup-to-sundown marches, ditch-digging, wood-chopping, jujitsu, boxing and rough and tumble fighting.

"The men," he remarked, "will have to have guts." Most types of American planes, the members decided, already are equal to those produced by any other nation and in some types, notably heavy bombers, "we unquestionably lead the world." They said that when the pursuit plane P-47 came into full production the United States would have superiority in ceiling and performance over "all fighter aircraft in the world."

The committee also said that airbases under construction at Newfoundland, Bermuda, Puerto Rico, and the West Indies would screen the entire Atlantic coastline and Caribbean area.

**Merry-Go-Round Broke Down**  
North Tonawanda, N. Y., Jan. 31.—(UP)—The Spillman Engineering Corporation, which formerly produced "thrill-rides" for amusement centers here and abroad is now working 100 per cent on defense contracts.

An average freight tariff in 1921 was 37.4 cents. In 1940 the average was 49.7 cents.

Willard Stewart of Kankakee was at the Roy Haigh home Friday.

**High School Gets New Cyclorama**  
Something new has been added! That was the comment of Kankakee high school students as they viewed the new cyclorama displayed in the first assembly of the second semester. There was a pep assembly last Friday, the band played, and the new curtain was shown.

The cyclorama is made of gold-colored rep. replacing the former beige curtain. The new back curtain is the very latest thing in curtains—it runs on tracks, which prevent it from touching the floor and becoming dirty. The curtain is 56 feet long and 30 feet wide. Three new gold borders and one maroon border were also purchased. In the near future a new border light will be another addition.

The cyclorama, or back curtain, was paid for with money collected by renting the auditorium to various organizations. It was purchased the school.

A consensus of opinion was taken among the entire faculty, a committee composed of Mrs. Rosetta Gernon, Lila Martin, Margaret, Effie Freitag and Mrs. Weller and R. L. Allison made final decision.
