REINFORCEMENTS TO SINGAPORE

United Fruit
Co. Freighter
TorpedoedSan Gil Sunk By Enemy
Submarine Off The
Maryland Coast

BULLETIN

London, Feb. 4.—(AP)—Allied warships intercepted two axis supply ships off the Channel Islands this morning and left both of them sinking, the admiralty announced tonight.

Eight naval forces, including units of the Polish navy, were said to have intercepted the supply ships and blasted them with shell-fire at close range.

The announcement said the allied forces suffered no casualties or damage in the action off the German-occupied British Islands off France's Normandy coast.

London, Del. Feb. 4.—(UPI)—The 3,500-ton United Fruit Company freighter, San Gil, was torpedoed and sunk last night by an enemy submarine off the Maryland coast, killing 26 members of the crew, survivors disclosed on arriving here today.

Four other members of the 41-man crew also were injured when the 3,500-ton vessel was struck by one torpedo on the portside.

The crew and one passenger immediately launched two life boats.

The survivors said they no longer saw the submarine which fired the torpedo.

The 16th Vessel Attacked
The San Gil was the 16th vessel attacked by German U-boats since they began their recent raiding in coastal waters from Nova Scotia to Florida. Fifteen of the ships were sunk, and only the tanker, the Malay, succeeded in reaching port.

The San Gil survivors, who spent several hours in the open lifeboat, were picked up by a coast guard cutter with the aid of several private craft from Ocean City, Md.

The two victims were: Beaumont Barbe, 26, Antwerp, Belgium, and Sebastiano Castro, 36, Honduras.

The ship, of Panamanian registration, was under command of Capt.

Regulations
For Feb. 16
RegistrationBoards No. 1 And 2
Reveal Details Of
New Draft Setup

These are official regulations released today by selective service boards Nos. 1 and 2 for the Feb. 16 selective service registration in Kankakee county.

Registration is required of all men who have attained their 20th birthday on or before Dec. 31, 1941 and who have not attained their 42nd birthday on or before Feb. 16, 1942, who have not previously registered.

Registration must be done even if away from home. In such a case, registration will be at the most convenient registration center.

Travelers, Too
If on a train or boat, there must be a report to the nearest selective service board upon reaching destination.

If a registrant is ill at home or in a hospital, a relative or friend is to notify the selective service board for the territory involved and a special registrar will be sent to take the registration.

Registration may not be in advance, unless the subject is actually employed in a defense industry. In such a case, the registrant is to go to his selective service board on Saturday, Feb. 14, from 9 a. m. to 7 p. m. or on Sunday, Feb. 15, from 10 a. m. to 7 p. m.

Men 45 to 64

There will not be registration on Feb. 16 for men of 45 years and up to 64. The date of this registration has not been set.

Failure to register may be punished by imprisonment for not more than five years, or a fine of not more than \$10,000, or both.

Seven Perish In
Pennsylvania Fire

Enderton, Pa. Feb. 4.—(P)—Seven persons perished early today in a fire that destroyed their one-story, four-room frame home near this western Pennsylvania community.

The victims were Harry Elder, 36-year-old coal loader, his wife, 35, their four children, Joan, 7, Margaret, 5, Donna, 3, and Mary, 2, and a niece of Mrs. Elder, Eloise McKarns, a daughter of Mr. and Mrs. Frank McKarns of Washington, Pa.

A son of the Elders, 14-year-old Ernest Elder, escaped by crawling through a window of the blazing structure.

Retailers Will
Be Compelled To
Curb DeliveriesBusinessmen Hear
Talk On Commerce
Under War Conditions

Retailers of Kankakee were urged to work together to prevent hysteria and to build morale on the home front at the luncheon of the retail trade division of the chamber of commerce Tuesday noon in McClellan's cafe. The speaker was Joe T. Meek of Chicago, secretary of the Illinois Federation of Retail Associations.

Meek declared that retailing faces its golden opportunity to prove its worth in the nation's economic life now. Every merchant needs to begin to curtail and conserve every way possible to guard against undue price rises and help prevent the devastating spiral of inflation.

Non-selling functions such as returning of goods, delivery of small amounts and other services, should be stopped now while retailers have the best excuse possible—the necessity for conserving delivery equipment, the speaker advised. Pooling of deliveries will probably become necessary before long, he said.

Voluntarily or Else—

Meek stated that quotas of defense stamps and bond sales will soon be boosted to 12 billion a year. If the public doesn't respond, a way will be found to force purchases up to that amount at least. He urged every retailer to push sales of government obligations.

Discussing three new tax plans the federal government has under consideration, he said the federal sales tax is the lesser of the three evils for this type of tax would hit all groups more fairly.

Of the other two plans, Meek asserted that a 15 per cent withholding tax on payrolls would only act to help bring on inflation because powerful labor groups would force demands for increased wages to absorb the tax. A manufacturer's excise tax is also onerous from the retailer's point of view for the latter would be accused of profiteering in the markups resulting from the tax, he contended.

Here's One Saving
Meek reviewed the legislative work of his organization at Springfield, stating that by eliminating the tax on sales tax collected by retailers, a saving of \$450 for every \$10,000 of volume is effected.

He was introduced by Ron Hennekin, secretary of the Kankakee chamber of commerce. Martin O'Brien, chairman of the retail trade division, expressed appreciation for the talk. An outline of the tentative retail program for 1942 was submitted.

Asks Accounting
Of 5 Signers On
Notes For \$5,344

A suit asking the circuit court for an accounting and the marshaling of assets from five defendants was filed today in the office of Albert T. Traut, clerk of the court, by A. H. Cuyler, Manteno rural route 2.

The defendants are Edmond Guilmond, George Larocque, John Deslauriers, William Allers Jr., Wilfred A. Benoit and Noel Gironoux.

The complaint filed by Attorney Wayne H. Dyer refers to a debt of \$5,344.67 owed on June 25, 1934 by the plaintiff, the defendants and Telephone Audette, now deceased.

On that date, continues the complaint, there was an agreement by which Cuyler was to pay all of the debt and each of the others, except Benoit, gave him their notes of \$2,670.33 plus interest while Benoit gave a note of \$2,674.33 plus interest. Benoit claims he has paid in accordance with the contract.

Later, says the complaint, Benoit, being informed that the only way certain of the defendants could obtain loans for him to surrender the notes and accept new ones for \$671.97, each, he did so.

Payments to him by the defendants have been made as follows, says the complaint—Guilmond, \$341.74 and \$41.74; Allers, \$475; Benoit, \$244.

The suit asks that the original notes be declared in effect that there be a marshaling of the assets of each of the defendants to show their ability to pay, and an accounting.

In accordance with a petition accompanying the complaint, the circuit court has issued a temporary injunction to restrain the defendants from disposing of their property.

Will Extradite
Former Manteno
Milk Truck Driver

Sheriff Dan Bergan today was preparing to send a deputy to Golden, Colo. to bring here Elwood Gray, former Manteno youth, wanted here for embezzlement and larceny.

Assistant State's Attorney Armen R. Blanke was preparing extradition proceedings.

Gray was arrested in Golden after a radio broadcast was made by Sheriff Bergan's office. Gray, formerly employed by the Minnick dairy in Manteno, is accused of having taken a truck load of milk to Chicago, disposing of the load, leaving the truck and disappearing with \$200 of the dairy's funds.

1,292 Naval And
Marine Corps Men
Prisoners, Missing

Washington, Feb. 4.—(P)—The Senate Naval committee heard testimony today that 1,292 officers and men of the navy and marine corps are known to be prisoners of war or missing in action.

This information was submitted by naval and marine officers at a committee hearing on legislation which would enable the government to make allowances out of the pay of men in enemy hands to dependents or for payment of insurance premiums.

The measure would cover men in the ranks of the army, navy and marine corps and civilian employees of the war and navy departments who were captured or missing in action.

The officials said they had no information on the number of civilian employees who have fallen into enemy hands in the western Pacific, but that the number was relatively small.

A bureau of navigation officer said that 56 naval officers were "supposed to be prisoners of war" while five others were missing in action, their status undetermined.

About 30 men of the navy were missing in action, he said, 75 were "probably prisoners" and "about 300 others we suspect are prisoners."

A marine officer testified that 44 officers and 716 men of the marines were "in the hands of the enemy" while one officer and 65 enlisted men were rated as missing.

Crash—On Skates

Two youths skating at the local roller rink last night were injured in a collision.

Miss Bernice Goll, 16, 248 South Forrest avenue, Bradley, and Bruno Elio, 15, 680 West Bridge street, both sustained abrasions over the left eye. They were removed to St. Mary hospital for first aid and went to their homes.

St. Anne Bank Pays
Dividend Of 1%

Circuit Judge Luther B. Bratton today approved the distribution of a 1 per cent dividend to creditors of the former Farmers' State bank of St. Anne.

His order was in response to a request by Laurimer L. Henry, receiver in a stockholders' liability suit, for permission to turn over to Otto G. Woertel, bank receiver, \$1,793.72 collected by him.

Woman Injured
In Fatal Crash
Is IdentifiedMrs. Laura Casper Is
Attendant At Manteno
State Hospital

A woman critically injured in an auto-truck crash Monday night on highway 49 north of Manteno was identified today as Mrs. Laura Jane Casper, 40, residing on East Chestnut street, formerly of 185 South Rosewood avenue. She is an attendant in the Manteno state hospital.

With a skull fracture, she has lain unconscious in St. Mary hospital since being taken there shortly after the accident at 10:40 o'clock night before last.

Her companion Albert Longaria, 37, 215 154th place, Calumet City, died at 4:40 o'clock yesterday morning in the hospital of injuries received in the accident.

On Wrong Side
A car driven by him struck a truck of the Alton, Ill. Box Board company driven by Paul Riley of East Alton, Riley told Coroner Ed P. Madison and Deputy Sheriff Gene LaFontaine that the Longaria car came on the wrong side of the road shortly before 11 o'clock night.

Longaria's wife Helen is a patient in the Manteno institution.

Coroner Madison has not yet set the date for the inquest, pending the outcome of Mrs. Casper's case.

**"Unfreeze" Autos
Ordered Here
Before Jan. 1st**

Regulations for the relaxing of the recent "freeze" order for new automobiles were announced today by George E. Luehrs, Kankakee county director of tire and auto rationing.

The regulations apply only to new automobiles purchased, but not delivered, on or before Jan. 1.

Such a purchaser may obtain his car if he can show certificate of title or registration issued in his name before Jan. 1, or a sworn statement by the agency having jurisdiction over auto registration to the effect that application for registration was made on or before Jan. 1, or other proof that the car was actually purchased between last July 1 and last Jan. 1.

Luehrs and board members Wilbur King of Momence, Vernon McClellan and W. A. Kraus of Kankakee and Mayor Albert F. Hattenburg will go to Chicago for a conference with state and federal authorities as to tire and auto rationing.

Defense Fire
Fighters To Be
Taught Here

Instruction in defense training for fire fighters in this area will begin Monday at the central station of the Kankakee fire department.

This was announced today by Fire Chief Roy Marquart upon receipt of word from the state fire marshal's office at Springfield.

Kankakee has been named regional headquarters for training of organized and volunteer firemen in an area ranging up to 60 miles from this city. It was selected because it has adequate facilities for such training, including an aerial ladder truck, nets, gear and ample quarters for classroom work and demonstrations.

The state will send instructors here Monday and they are expected to remain a week or more giving information on the latest methods developed for extinguishing incendiary bombs, magnesium fires and others which cannot be put out by water, along with techniques employed in air raids, fire watching, demolition work and the like.

Representatives of all fire departments in the Kankakee region are expected to come here to receive instruction along with the city firemen. This is believed to be the first downstate municipality scheduled for this training program.

Ordnance Plant
Official Placed
On State Council

Claude A. Welles of Evanston, new executive secretary of the state council of defense, has been administrative assistant at the Kankakee ordnance works at Wilmington recently.

His appointment by Gov. Dwight Green was announced today. Welles, a former Chicago department store executive, expects to take charge of the council's Chicago office immediately.

Beaverville Wife
Obtains Divorce

Watseka, Feb. 4.—(RN Special)—A decree of divorce has been granted here to Lorraine Nourie of Beaverville who charged her husband Alfred Nourie with desertion.

Circuit Judge Roscoe C. South ordered the husband to pay \$17.50 for the support of the couple's 3-year-old daughter Diana.

Everything Is
Slick In
City Today

Kankakeans literally slid to work this morning. Whether on wheels or a foot, the locomotion was largely of the same type—sliding from one patch of terra firma to another over a glaze of ice that covered most of the county.

Truck traffic crawled along and even the slight grade in the 100 block on North Indiana avenue was enough to stall several vans which stopped for the traffic light and could not get rolling again until city street workers arrived with cinders.

The street crews were out early scattering cinders downtown and at intersections.

Motorists didn't have to be warned about careful driving this morning. The only two accidents reported were those occurring before the freeze.

R. E. Appelt, 415 South Wildwood avenue, sustained a head injury when his car was involved in a collision with one of LaVerne Mathis, South Poplar avenue, at Court and Rosewood avenues; cars of Richard Jensen, 1254 East Bourbonnais street, and P. Robbins, 174 1/2 North Evergreen avenue, were involved in a minor mishap at Washington and Court streets.

Deaths Of Pair
In Auto Were
AccidentalCoroner's Jury Ends
Probe Of Pinnow
And King Tragedy

Verdicts of accidental carbon monoxide poisoning were returned by the jury at inquests conducted yesterday afternoon by Coroner Ed P. Madison into the death Jan. 24 of Willard King, 30, 196 West Jefferson street, and on Jan. 27 of his fiancée Dorothy Pinnow, 23, 1140 South Third avenue.

Miss Pinnow, barely breathing, and the body of King were found about noon on the 24th in the latter's car parked in the 600 block of South Fraser avenue, West Kankakee.

Opinions that the tragedy was accidental were expressed at the inquest by Dr. Shirley W. Lane, physician who conducted an autopsy upon King's body; Benjamin F. King, father of the deceased; Ray King, 272 South Center avenue, Bradley, brother; Gene LaFontaine, deputy sheriff; Edmund Klafnov, sergeant of police, and Harold Pinnow, 1140 South Third avenue, brother of the dead girl.

No Foul Play
Each testified to the effect there was nothing about the car or any other circumstances to indicate there was foul play or intentional death.

The brother of the dead man testified that he has since examined his brother's auto and found a hole in the exhaust pipe from rust, from which exhaust fumes enter the trunk of the car and are then carried inside by means of a ventilation vent at the rear. Shortly before his death, said Ray King, his brother ordered a new exhaust pipe but had not the opportunity to have it installed.

Dr. Lane said he sent a sample of King's blood to the laboratory of the Cook county coroner and received a report there was 80 per cent saturation with carbon monoxide. Such an amount, he said, is definitely enough to cause death.

The physician said it is the general assumption that the exhaust of an auto is filled with the poisonous gas.

General Wavell
Urges Armies
Not To RetreatMighty Counter Blows
Against Japan Are
Soon To Be Struck

Singapore, Feb. 4.—(AP)—Allied Generalissimo Sir Archibald F. Wavell declared today that Britain and the United States "re sending great reinforcements" to the southwest Pacific battle area and called upon his fighting men not to retreat, another step before the Japanese onslaught.

He declared that the defense of Singapore must be made "as memorable and successful as the defense of Tobruk."

Wavell likened the present fighting forces of the united nations in the southwest Pacific to the original British world war battle force at Ypres and said their job was to fight for time until reinforcements arrived.

Special Order
This was the text of his special order of the day:

"The Japanese are straining every nerve to keep the advantage gained by their initial surprise and to gain a quick success.

"Once their impetus is thwarted they will soon be discouraged. Our part is to stop them to gain time for the great reinforcements which we and our American allies are sending to the eastern theater.

"We are in a similar position to the original British expeditionary force which stopped the Germans and saved Europe in the first battle of Ypres.

"We must be worthy successors of them and save Asia by fighting these Japanese."

"They have now reached an area where we cannot be constantly outflanked, and where the enemy cannot exploit superior mobility.

Must Yield No Ground
"You must yield no strip of ground without fighting hard, and must leave nothing behind undestroyed that would be of the least service to the enemy."

"Our friends and allies, the Dutch, are carrying out this policy in every part of the N. E. I. with sacrifice and resolution.

"I look to you all to fight this battle without further thought of retreat, and to make the defense of Singapore as memorable and successful as the defense of Tobruk which British, Australian and Indian troops held so long and so gallantly."

Argentina Will
Defend Her
Atlantic Coast

Buenos Aires, Feb. 4.—(P)—Acting President Ramon Castillo announced today that Argentina was taking extraordinary measures to defend her Atlantic coast.

Castillo said the class of 1920, which normally would have completed its service the first of this year, would be kept under arms throughout 1942 and in addition two classes of reserve officers and auxiliary services would be recalled to service.

That would give Argentina, one of the two American republics which have not severed relations with the axis, an army of approximately 100,000 men.

Castillo, who nevertheless has pledged his government to solidarity in American defense, said details of the measures to guard the coast would be disclosed through the ministry of war.

Japs Respect U. S. 155 MM Field Pieces

Accurate Fire Has Repeatedly Broken Up Enemy Thrusts

By CLARK LEE
With General MacArthur's Forces on the Bataan Front, Feb. 4—(De la) Bull-eye shooting by artillerymen of the United States armed forces of the far east is teaching the Japanese a healthy respect for 155 mm. field pieces.

Artillery officers told their men's accurate fire has repeatedly broken up thrusts against the American and Filipino lines.

When I visited the front, a single Japanese 105 mm. gun was firing. Battery commanders said they have silenced many of the Japanese batteries in the past few days.

Japanese aerial activity also has lessened.

In this sector American guns command the sole road along Manila bay over which the Japanese were trying to bring up artillery and tanks for an assault on the American positions.

Destruction of Truck Convoys
American 155's had destroyed several Japanese truck convoys, with the result that the enemy rarely attempted to bring up troops in large units.

It is reported from Manila that Japanese staff officers apparently are fearing an air attack. They have abandoned the bay view hotels and other large buildings where they have had their quarters and moved into private residences.

Hitchhiking around Bataan I have encountered a number of soldiers from the sidewalks of New York doing military police duty. They are not worried much about the war, but they dislike sleeping out of doors. The chatter of monkeys which abound in the woods bothers them more than the chatter of machine-guns. Then there are the pythons. These usually are about eight feet long, but an officer shot one 32-footer the other day.

Free Insurance For Soldiers And Sailors?

New War Damage Bill Furnishes Subject For Discussion

Washington, Feb. 4.—(AP)—Senate passage of the \$100,000,000 war damage bill giving property owners free insurance up to \$15,000 damage has raised the question of providing free life insurance for members of the armed forces.

Although such a proposal has not been presented to congress, Senator La Follette (Prog-Wis) told the senate yesterday during debate on the war damage corporation bill that congress might as well face the next logical step—free insurance for the men who fight.

"I merely wish to point out," he said, "that if we are to accept the principle that damages sustained to property through war, up to a limit of \$15,000, are to be shared equally by payments in restitution from the treasury of the United States without any contributory premiums, we ought to be prepared to take the next logical step—and I do not see how we can escape it—and that is to provide insurance to the men in the armed services, many of whom are under fire, without extracting a premium from them."

Troops Pay Premiums
"If the Standard Oil company of New Jersey is to be reimbursed for damage to its Bayonne, N. J. plant up to \$15,000 without contributing a penny to the treasury of the United States to help carry the cost of that insurance, I do not see how congress can decline to extend insurance to the men in the armed services of the United States without extracting a premium out of their—\$21 a month."

Men in the armed services already are provided government war risk insurance, but they must pay premiums in relation to the amount of insurance they obtain.

The new war damage bill would not require premium from property owners until a damage ceiling of \$15,000 had been reached. Above that point, insurance would require premium payments to be established later by the War Damage corporation.

'Where Is Navy?' You're Aiding Jap Propaganda

Well For Americans To Realize The Nature Of Enemy Activities

By HOWARD W. BLAKESLEE
Wide World Service Editor
New York, Feb. 4.—If you ask "where is the U. S. navy?" you are repeating Japanese propaganda, a question they picked up in America and want you to keep on asking.

"If you ask whether Knox, Stinson or Roosevelt may have made some slips—again it is Japanese propaganda."

It makes no difference, either that your question is sincere and original or if a repeated phrase, that its source is proper—it is still part of Japanese propaganda.

Short-wave Radio
For it is one of many of the Tokyo short-wave radio is suggesting to Americans every day.

Often the questions are selected from ideas spontaneous among Americans. The Japanese choose just at present concentrate on those which might, Tokyo hopes, spread doubt, distrust and dissension.

This does not mean that honest opinion should be barred but that it is well for Americans to realize the nature of enemy propaganda. There are about 9,000,000 American radio sets equipped for short wave listening. How many tune in is not known, but the number is probably small.

Agents and sympathizers can listen, take the cues, spread them as catch phrases. Careless patriots make mistakes.

Japs Seek Information
The interviews, real or not, with American prisoners are good propaganda from the Japanese viewpoint. So are the Japanese claims of captured officers who are purported to mention inadequate American preparations in the Pacific.

The four freedoms are ridiculed. One phrase with a nostalgic allusion is that Americans are fighting for freedom why don't we battle the Soviets. Another—if our press is free, why isn't it permitted to report the sinking of the aircraft carrier Lexington U. S. officials have said that the aircraft carrier sinking reports are Japanese attempts to get information.

San Bernardino, Calif. Feb. 4.—(AP)—Mrs. Lillian Bell, frail and dark-haired, looked with bitter longing at a picture of her 6-year old daughter, Shirley Marie, clad in a gay plaid suit and jaunty hat, and cried:

"Shirley was so gay, so sweet, so loving... and too trusting."

Too trusting... Shirley accepted a bicycle ride from a stranger as she started for school Monday.

Twenty-four hours later searchers discovered her raped body... Shirley buried in wild and brushy Lytle creek wash.

She had been strangled with her jumping rope. Footprints indicated she had fought her assailant.

County Autopsy Surgeon P. S. Small said Shirley had been raped. Officials questioned several men in their search for the killer, described her as a 6-year old, dark and bareheaded. Neither a rancher nor a playmate who saw Shirley riding on the handlebars of a stranger's bicycle could add much to that description.

Robert Bell, Shirley's father, swore "If I ever get my hands on that murderer, there will never be a trial." Shirley was the Bells' only child.
