Four Suspects In Robbery Of Perry Murray Store In Momence Held In Colorado

State's Attorney T. R. Johnston and his special investigator, William L. Cantlin, are in telegraphic communication with authorities at Golden, Colorado, where four suspects in the robbery of the Perry Murray grocery store east of Momence Sunday night are being held in jail.

A complete description of the three armed men and a girl who drove up to the Murray store at 7:30 o'clock Sunday evening has been forwarded to the Colorado authorities. Two of the men are known to have been brothers and the girl is their sister. The other man is the girl's "sweetie."

The four drove up to Murray's store in a car which had been rented from the Hertz "drive-it-yourself" garage in Chicago. They forced Murray and a customer into a back room of the store where they tied them to chairs with pieces of cloth. They forced Mrs. Murray to open the safe where they obtained \$70 in cash. They then tied Mrs. Murray to a chair after taking the personal valuables and cash of their victims. The three men were armed with revolvers. The girl apparently was unarmed and remained seated in the car.

The license number of the car was taken and its ownership traced to the Hertz garage. The car has not been returned since the robbery. The names and addresses of the renters were obtained when they were given the car. Their home has been watched since the robbery but they failed to return. They were arrested on suspicion at Golden late yesterday.

A telegram which State's Attorney T. R. Johnston received this afternoon stated that the names of three of the suspects are: Harry Priest, Sam Auxier, and Beryl Auxier. They had in their possession the three guns which they took from Murray. Officers will be sent to Colorado to bring the suspects here. The fourth man, who remained outside while his companions entered, has not been arrested.

FIRE DAMAGES BUILDING ON EAST AVENUE

A two-story frame building, in the 300 block South East avenue, belonging to Herman Swan, was damaged by fire last night to the extent of about \$300. The building was unoccupied.

Emil Goudreau, fire chief, believes that the fire started from an electrical short, under a counter, then spread through the floor. Fire companies one and two answered the alarm at 9 o'clock, and remained on the job for a half hour or more. The flames were extinguished by means of two lines of hose under pressure.

HOLD UP OCCURRED IN MARCH

POINT TO LESTER GOLDBERG AS MAN WHO ROBBED THEM

OTHERS TO "RIDE"

Authorities Believe They Have Captured Men Responsible For Thefts

Paxton, April 19.—While three of the four alleged Chicago gangsters arrested in this county Monday and Tuesday awaited their free ride to penal farm terms in Vandalia, their comrade, Lester Goldberg, pondered his fate in Vermilion county's jail and wondered what to do about a "robbery with a gun" charge.

Arthur Freeman and Germa Gustin, of Milford, drove to Paxton Thursday afternoon, where they identified Goldberg as one of five men who held them up the latter part of March on a highway, one and one-half miles northeast of Hoopston, and robbed them of \$20. Deputies Pierce and Whitehead, of Danville, came for him a short time later.

Robbery Plot Wrecked

The untimely robbery charge blighted in infancy a slim hope of release, after Sheriff H. I. Curtis could find no charges to put against Goldberg, although the latter admitted he was party to a plot for robbing the East Lynn and Clarence banks, east of Paxton, last Saturday.

The other three men, who claimed to be beer runners as well as parties to the plot, pleaded guilty Thursday afternoon to charges of carrying weapons. Max Goldberg, brother of Lester, and Louis Ross both of Chicago, were sentenced to six months in the penal farm. Walter Schmitzler, a native of Clarence, and now of Hoopston and (Continued on Page Six)

LOCAL MAN IS HONORED BY P. S. CO.

Signal honors were accorded O. M. Peaslee, 509 Lincoln ave., by the Public Service company of Northern Illinois where he is employed as district engineer in this city, when he was appointed this week to the company's President's Training Course in Management. This course comprises a small group of employees selected yearly for special supervisory training under the direction of a committee of company executives headed by Britton I. Budd, president.

Missouri Dentist Admits Killing Man For Insurance

Bentonville, Ark., April 19.—(AP)—John R. Duty of Rogers, Ark., and Clark, of Columbia, Mo., attorneys for Dr. A. J. Bass, retired dentist of Columbia, announced today that Bass had signed a written confession made to them in which he admitted he killed William R. Pearman of Columbia, on whom he held assignments of \$200,000 in life insurance.

Bass was quoted by the attorneys as saying that he shot Pearman to death as they were riding in Bass' automobile near Rochmore, Mo., on the night of March 28. Three St. Louis gangsters who were following them later took the body to a spot near Gravette, Ark., where it was found three days after the killing.

Bass was quoted as saying, "they would seek to have the case removed to one of three counties in Missouri for trial and that insanity would be the plea of Bass."

Bass' confession related, according to the attorneys, that after he had shot Pearman, the three gangsters following him placed the body in the back of Bass' coupe. Bass proceeded to his home in Columbia, placed the car in his garage and the following day he drove to a spot near Joplin, Mo., where he met the gangsters. They took the body, Bass was quoted as saying, and under his instructions removed it to return to his home before it was found.

The confession, the attorneys said,

Judge Austin Of Joliet Will Hear The Election Contest Case Next Week

Hearing on the petition for a recount of the vote cast for county clerk in the primary election April 8th will be held next Wednesday morning at 10 o'clock before Judge Ralph J. Austin of Joliet.

The date for the hearing was set this morning when the petition came up before County Judge Henry F. Ruel. The petition had been filed by C. A. Burdick, Momence, Republican candidate for the office of county clerk, who claimed that W. J. Richtert won the nomination for that office illegally and by the scant margin of 81 votes out of a total of over 15,000 votes cast.

Burdick avers that the election judges in 29 of the 41 county precincts threw out votes which were legally cast for himself and that the same judges counted illegal votes in Richtert's favor.

Burdick was represented in court today by Attorneys Charles W. Kurts, Anker C. Jensen, C. D. Henry and Irwin Taylor. Richtert was represented by leaders of the "anti" faction who supported his candidacy. They were Attorneys J. Bert Miller, H. S. Streeter, E. B. Gower, Wayne Dyer, Vernon Butz and H. H. Wheeler.

Both factions in the election contest agreed that an outside judge should sit in the case. This was also the opinion of Judge Ruel who called Judge Austin by telephone and the latter agreed to come to Kankakee next Wednesday to act upon the petition.

Richtert, the defendant, filed a demurrer to the petition because it does not contain, in his personal opinion, any facts or figures upon which the result of the vote on the county clerkship can be called illegal.

The anti leaders indicated that they would do everything possible to avoid a recount of the vote at the primary and rejected all overtures for cooperation in attempting to determine whether or not the nomination of Richtert was in legal order.

Burdick's attorneys, however, are confident that their client has a just cause for contesting the election for fraud in the 29 precincts mentioned in the bill and are of the opinion that the court will order a recount, which will clearly show who was entitled to the nomination.

COURT DENIES BANK JUDGMENT REQUEST

Circuit Judge A. W. DeSelm again denied the motion of the American Trust and Savings bank for placing its judgment of \$123,000 in force against six former directors of the bank. The court also granted the defendants until May 3 to file an affidavit of merits in contesting the judgment. The bank was represented by Attorney Eva Minor and L. N. Legris appeared in behalf of the defendants.

Sam Lang, arrested by police last week and charged with stealing a bushel of coal from the Gohlke coal yard, pled not guilty when arraigned before County Judge Henry F. Ruel today. Lang was remanded to the county jail when he was unable to furnish bond for \$1,000. Assistant State's Attorney Charles W. Kurts appeared against Lang.

TAKEN TO HOSPITAL

Charles J. Zeisler was taken to Augustana hospital in Chicago yesterday for observation after an illness of several days. He was accompanied by his son, Fred, and was taken in the H. P. Rehr ambulance.

SUSPECT IN BOSTON MURDER IS TAKEN BACK

David Bevard, alias James O'Neil, colored, who was arrested at the Kankakee State hospital Sunday afternoon, April 6, by local police, was sent to Boston, Mass., this morning to answer a charge of second degree murder. He was accompanied by Officers Flawery and Stanley of Boston, who arrived here last night.

The prisoner was identified by another colored man, Butts by name, who was brought from Boston on Thursday by Detective P. J. Grant. In addition, to the witness, Butts, five Boston police officers made the trip to Kankakee.

Detective J. J. Sullivan and Sergeant Sheehan were the first to arrive, only a short time after the arrest of the prisoner by Chief of Police Riley and Detective Ed Imminge of the Kankakee police. Sheehan returned to Boston immediately. Detectives Grant and Sullivan plan to leave for Boston tomorrow.

ELECTRICAL SUPPLY MAY BE STOPPED

CORPORATION OWES PUBLIC SERVICE COMPANY FOR POWER BILL

PAYMENT REQUIRED

Last Year The Railway Carried Over 600,000 Passengers; Has \$27,000 Payroll

Unless the Kankakee Electric can, within the next day or two, raise sufficient capital with which to make a substantial payment on its indebtedness for electric power to the Public Service Company of Northern Illinois or can in some manner make guarantee payment of the bill, there is a possibility that the power will be shut off and street car service discontinued, temporarily at least, and perhaps permanently. It was predicted today by officials of the street car company that the power, if shut off, would be discontinued Monday or Tuesday of next week.

Planned Re-financing

Stockholders of the company, who are well scattered over the country, last fall planned to completely re-finance the system, and four new cars were purchased and others repaired and put into good condition. Some of the principal stockholders, however, are reported to have suffered financial losses in the stock market and were unable to put any more money into the business.

The bad snow storms of last winter were also serious blows to the financial condition of the system. As a result of these storms, income from the business was greatly decreased and overhead expense for extra help in clearing the tracks mounted alarmingly. If it had not been for these storms, the system might have done a little better than breaking even this year.

Low Fares

The eight cent fare was another factor which has contributed to the system's failure to make money. While most of the Illinois cities, outside of Chicago, were charging a ten cent fare, the Kankakee system was charging a seven cent fare, and raised the fare to eight cents only about a year ago.

F. L. Selley, local manager of the system, stated today that he believed that the close of street car service in Kankakee would be a distinct loss to the community. "To the man who drives his car to and from work each day," he said, "the street car might appear to be only a passing vehicle of not much economic importance. Yet the fact remains that the street car company last year carried 672,320 passengers. Of these, 522,320 were cash fares, while 150,000 were transfers.

A Public Utility

"These figures show that the street car system is a genuine public utility." (Continued on Page Six)

If they go into separate rooms that have no other connection, it might be necessary to cut through the door between the two, but if there were a connection, then one of the two doors could very well be closed up. There would be various ways of doing this.

The door itself was removed in the hinges and the whole door was filled with carefully fitted shelves and both shelves and the solid back were painted to match the rest of the trimm. A very attractive cabinet and the display of a gorgeous collection of jade majolica were resulting. These shelves might just as well be used for books.

JACOBSEN DESIGNS IN MODERN PROPORTION

Jacobsen furniture designs are almost as varied as were the fashions of the time when the style was created. Florence, white, oak, wormwood, white, purple and blue were among the favorite leavages of the time and the number of styles of the time are almost equal to the number of kinds of Jacobson designs.

A sturdy dignity, however, is the characteristic of the style. It is the one characteristic of it makes it especially popular in men. Most men appreciate the solid, massive appearance of the modern Jacobson designs.

Higher Jacobson patterns serve all this dignity and give it with proportions more suited to present day life and homes. The line remains but the bulk has gone.

Fine workmanship combined with decorative carved work, bold straight lines, bulbiform legs and handings with pieces lighter in wood and feeling than those used in the style originated.

Fine woods such as burr wood, oak and straight grain surfaces lend themselves to the can designs.

The work on the new garage that James Tunks is having built at the north side of the intersection of Main street and the Dixie highway, is progressing rapidly. The walls are now nearly completed. The work is being done under the supervision of David Martineau, local carpenter and contractor. The material used is concrete building blocks, and it will replace the one that was known as the City garage that was destroyed by fire last January. If nothing happens to interfere with the work, the building will be completed and Mr. Tunks will be ready for business before the heavy tourist traffic will begin. The Campbell lunch room that stood near the former garage has been moved back farther from the highway and a concrete approach laid to it making a more convenient parking space for the tourist who patronizes the place.

Automobile Accident

When Dr. Marion Schryer, a chiropractor of Watseka was coming to Martinton to make a professional call at the Thos. Henegan home on Tuesday night, she met with what might have been a serious accident about a half a mile south of Martinton on the Dixie highway. The heavy rain that was falling at that time made driving difficult and the glare of the lights of an approaching automobile that was taking more than its share of the road made it necessary for Dr. Schryer to leave the pavement to avert a collision. The result was that her car was overturned in the ditch and she was left alone with the wreck. By the honking of her automobile horn, she attracted the attention of Melvin Tatro and a party of friends of Martinton, who were returning from Watseka and they stopped upon seeing the wrecked car. Dr. Schryer was brought to the home of Mr. and Mrs. Henegan where it was found that while she escaped without serious injury she sustained a deep cut on the arm and that she received minor cuts and had bruises on other parts of her body. A wrecker was called from Watseka, which towed the car back to that place, and Dr. Schryer returned to her home where from latest reports she is none the worse off due to the accident, aside from the soreness resulting from the injuries which she received.

Elections

With the exception of but a few voters a marked indifference was shown at both the school election and the village election here, probably on account of there being no opposition at either election. The former election was held at the school house Saturday afternoon where one member of the board of school directors was to be elected. Only thirteen ballots were cast at what ought to have been one of the most important elections to those who have children of school age that are or soon will be attending this school. Nine of these were for the re-election of Herbert Ortmann, the other four were for a number of other candidates. The other members of the board are Joe Wehling and Fred Schroeder.

Eighteen of the hundred or more voters that are eligible to vote at the village election cast their ballots Tuesday and two of these were spoiled. Three trustees were to be elected and a clerk was to be elected for one year to fill the vacancy that was made by the death of F. D. Scharf that occurred on Jan. 26. George Etzel, who had been appointed by the president, John Schroeder, to act as clerk from that time until the election was elected. Andy Buchanan, Walter Schroeder and Evelyn were reelected as trustees. The other members of the board are James Tunks, Joe Endres and Elmer Rust.

Easter Party

Mrs. Minnie Wehling delightfully entertained eleven of the children and a number of the grownups who are taking part in the Easter program that is to be given at the Evangelical church in Papineau Sunday at her home here Tuesday evening. The party came after a time spent in practicing and as this was not the first time that they had been the guests of Miss Wehling on a similar occasion, the thought of the previous party was an incentive for most diligent practice. Candy boxes in the shape of large Easter eggs to which a long string had been attached were concealed in unlooked for places over the spacious Wehling home and the finding of these by following the string was a source of much merriment, not only for the children, but for the others as well.

A delicious lunch and Easter menu was served by the hostess and her mother, Mrs. Mary E. Wehling. The table was prettily decorated in keeping with the Easter season. A miniature rabbit seated by a basket that contained a prettily decorated

but stable egg was placed by each plate and from these favors a streamer extended to dainty baskets that hung from the chandelier above the center of the table when by a gentle pull disclosed a humorous fortune that was read aloud by each recipient. This added much to the pleasure of all. While partaking of this repast the children arose and expressed their appreciation in a pleasing little "thank you" song to their hostess that is most lovingly known to them as "Aunt Minnie."

It so happened that it was the birthday anniversary of one of the older guests, Mrs. Albert Wehling, and a pretty surprise was planned and most successfully carried out in her honor. As she was seated with the others, the children all gathered in an adjoining room, supposedly as a part of some game or so Mrs. Wehling thought, so she was very pleasantly surprised when the children marched by her, the first presenting a pretty Easter basket to her into which each child dropped a candy egg as they passed her while they sang a "Happy Birthday" song. The children who are to take part in the previously mentioned program that were present to enjoy this long to be remembered Easter party were Leslie Wehling, Nolen Goodlink, Eunice Leeder, Viola Wolfe, Phyllis Boehrnson, Yvonne Leeder, Virgil Wehling, Emma Scoth, Hilma Wehling, Ralph Slinning and Dorothy Lesch. The older guests were Mrs. Lottie Wahl, Mrs. Goodlink, Miss Amanda Boehrnson, Miss Abi Clagg, Miss Etta Boehrnson and Arthur Wahl of Papineau, Mr. and Mrs. Albert Wehling, Mrs. Mary M. Wehling, Miss Dorothy Wehling and Glen Wehling of Martinton. The evening was such an enjoyable one for all that many wishes were expressed that it might be repeated next Easter time.
