Production Stepped Up In Steel Plants

U. S. Agents Rush Tests On Cranberries

Wisconsin, East Coast Growers Clear Own Fruit

WASHINGTON (UPI) — The Food and Drug Administration conducted rush tests today to find out what part of the 1959 cranberry crop is safe for housewives to serve for Thanksgiving dinner.

The tests also will show whether any other crops contain traces of a cancer-producing chemical weed killer..

The FDA assigned 100 inspectors and about 60 chemists to determine the extent and manner the weed killer aminotriazole had been used on cranberries and other crops in Washington, Oregon, Wisconsin, Massachusetts, Michigan and New Jersey.

ARTHUR S. FLEMING, secretary of health, education and welfare warned consumers Monday that part of the Washington and Oregon cranberry crops had been tainted with residues of the chemical, which causes thyroid cancer in rats.

The announcement jolted the cranberry industry less than three weeks before Thanksgiving. Major food chains halted sales of fresh and canned cranberries. Officials in several cities and states ordered cranberry quarantines.

Agriculture Secretary Ezra T. Benson ordered his department to investigate to find out what it could do to help the hard-hit cranberry growers. He offered "the full resources of the department" to aid the producers.

Benson said he planned to eat cranberries with his Thanksgiving dinner.

The FDA investigation was aimed at finding out if cranberries grown in states other than Washington and Oregon were

IF YOU CAN'T SHOOT 'EM—you can always buy a couple of pheasants and say you did. Herschel Nation of 690 N. Ninth Ave., is pictured walking away from the Oren Bolin farm assured of a pheasant dinner on opening day of the hunting season. Nation, of course, insists he posed for the picture. (Journal photo)

Pheasants Are Targets Today

Veterans Day was P-day (pheasant day) for an estimated 100,000 gun-bearing troops in Illinois today.

And a disproportionate number of these hunters converged at high noon on farms in neighboring Ford, Livingston and Iroquois counties where, conservationists say, there are more ringnecks than in any other locality in the state.

The season opened at noon and continues through Nov. 30. Hunting is permitted daily from sunrise to sunset.

Most of the farmers in the area restrict use of their land to friends and others who obtain permission. Law enforcement officers in the area have been alerted to aid landowners who have difficulty with trespassers.

KANKAKEE COUNTY Sheriff Carl McNutt said deputies are out to aid County Conservation Officer T. W. (Bill) Baxter in seeing that state game laws are observed here. Baxter patroled the area this morning but found nobody "jumping the gun" on the starting time.

There's no need for any hunter to come home empty handed tonight—providing he has a place to hunt. The State Conservation Department has forecast excellent results for the nimrods. Even those unlucky enough not to find birds or unskilled enough in marksmanship to knock them down can win the admiration of family and friends by bringing home at least one plump cock.

Road stands have been set up by commercial pheasant raisers throughout the area where, for $3.50 or so, the frustrated hunter can save face with a little fakery.

PHEASANTS WILL be exposed to the biggest harvest limits allowed in at least 44 years in Illinois.

The daily limit, in all these years held to two cocks, jumps this year to three. The possession limit is up from the four allowed last year to six.

Quail and rabbit seasons used to open on Veterans Day, too. But for the past few years the seasons have been staggered to reduce the impact of a big hunting corps on the countryside. Quail season starts Saturday and the rabbit season the following Saturday.

Name New Commander In Berlin

BERLIN (UPI) — The United States Army today was taking advantage of the Berlin breathing spell to change its Berlin commandant.

Maj. Gen. Barksdale Hamlett had been scheduled for reassignment at the height of the Berlin crisis last May. But the Army did not want to change command at that time.

Hamlett stayed on because the Army considered his knowledge and experience here too valuable to lose at a time when the city was threatened by the Soviet demand the Western Allies get out.

THE ARMY announced Tuesday Hamlett will leave Berlin Dec. 15 for a top Pentagon post. He will be replaced by Maj. Gen. Ralph M. Osborne, a veteran negotiator with the Communists.

The switch was seen as a sign of the Army's belief the Communist heat is off the city temporarily and no serious incidents are expected while the Soviets are pressing for an early Big Four summit meeting.

U. S. Tells Panama To Quit Trying To Pick A Fight

WASHINGTON (AP)—The United States has told Panama to stop trying to pick a fight.

The U. S. government is also trying to find out whether it is true that Panamanian police were ordered to stay away from the American Embassy when demonstrations were being made there Nov. 3 and 4.

The U. S. statement, given Tuesday to the Panamanian charge d'affaires, Arturo Morgan-Morales, said Panama should end "inflammatory public allegations" arising out of the demonstrations.

Panamanian extremists have been agitating for taking over the canal, which is operated by the United States in the Canal Zone it has rented "in perpetuity" from Panama.

WKAN Extends Service Tonight

(Picture on Page 11)

WKAN shucks off its "daytime only" appellation today and takes its place among the ranks of full time broadcasting stations.

Approval of the Federal Communications Commission to start night time operations was received Tuesday afternoon.

Since it inaugurated service 12 years ago, the Kankakee radio center has been required to sign off at sundown because of night time interference with other established stations.

But after lengthy technical computations, moving the transmitter to a new site, erecting three towers and installing new and additional equipment, WKAN has been able to work out a night time service acceptable to the communications commission.

The Kankakee station plans to broadcast until 10:30 nightly starting this evening, providing Kankakeeland listeners with news, music and sports, including play-by-play reports of the three local high school basketball games.

Although regular broadcasting will start tonight, WKAN's formal opening of its night time service is not until the evening of Nov. 25 when, as a part of the special programming, the Kankakee-St. Patrick High School basketball game will be broadcast.

WASHINGTON (AP)—President Eisenhower today named Alan S. Boyd, of Miami, Fla., to be a member of the Civil Aeronautics Board.

Ike Asks Board To Push Negotiations

PITTSBURGH (AP) — Steel mills throughout the country hummed with activity today as the giant industry gradually stepped up operations following a court-ordered end of the 116-day nationwide steel strike.

More than 50 per cent of the basic steel industry's 500,000 workers are back on the job. The rest are expected to be back at work by the weekend.

At Washington, President Eisenhower today reconvened his board of inquiry in the steel dispute. He again expressed hope that both sides in the controversy will continue negotiations and reach a settlement as soon as possible.

EISENHOWER ACTED under the 1947 labor law which provides that inquiry boards shall report to the president 60 days after a strike has been halted by an 80-day court injunction.

Mills are turning out fairly large tonnages of new steel. Only five days after the U.S. Supreme Court upheld a Taft-Hartley injunction ending the strike, the big U.S. Steel Corp. reported mills producing above 25 per cent of capacity. The firm said it may hit 60 per cent of capacity by the weekend.

JONES & LAUGHLIN Steel said it expects to produce at 40 per cent this week.

Although the long-idled mills swung into production relatively fast, industry sources say it will be four to six weeks before the mills can produce at the normal rate of about 90 per cent.

Iron ore, one of steel's raw materials, is being moved by iron ore fleets from the upper Great Lakes to the mills. The ships normally stop operating in mid-December when the lakes freeze, but the Army Corps of Engineers announced the usual Dec. 15 closing of the Soo Locks between Lakes Superior and Huron will be postponed indefinitely so the badly needed ore can continue to move to mills.

Although steelworkers went back to work when called, Wheeling Steel employes showed their resentment. Hundreds at Wheeling's Yorkville, Ohio, plant wore arm bands that said: "USW of A. Ike's Slaves." At the Beech Bottom, W. Va., plant some men caried a sign that stated: "We shall return as slaves of Ike."

Mitchell Fails As Employment Seer; Eats Hat

But It Was A Cake; Says Steel, Union Should Have Slice

WASHINGTON (AP) — Secretary of Labor James P. Mitchell today ate his hat—a fedora made of cake—because unemployment failed to fall below three million last month as he had predicted.

But Mitchell sent a slice apiece to the leaders of the steel strike which kept joblessness high, President David J. McDonald of the United Steelworkers Union and the industry's top bargainer R. Conrad Cooper.

"I was a couple of hundred thousand off in my predictions, due entirely to the steel strike, not to any weakness in our economy," Mitchell said.

Unemployment in October was 3,270,000 though employment was 66,800,000, a record for the month.

Mitchell in April predicted that by last month employment would rise to 67 million and joblessness would drop below 3 million.

When AFL - CIO President George Meany accused him of talking through his hat, Mitchell promised to eat his headpiece on the front steps of the Labor Department if he were proved wrong.

AIDES TO THE secretary had a hat made of cake so the boss wouldn't get indigestion paying off.

The detailed figures given out by the Labor Department after the symbolic hat eating showed that employment rose 484,000 in October to 66,831,000. Unemployment rose 42,000 to 3,272,000.

The proportion of unemployment to the work force rose from 5.6 per cent in September to 6 per cent in October. The ratio was 5.3 per cent last April when Mitchell made his predictions.

Seymour Wolfbein, deputy assistant secretary of labor, estimated the layoffs due to the steel strike rose to the neighborhood of half a million before the strikers went back to work under a Taft-Hartley law court injunction.

Officials calculated that unemployment in October would have been in the neighborhood of 2,800,000, or nearly a half million less than the actual figures, if there had been no steel strike.

Average hourly earnings of factory workers declined slightly to $2.21, lowering average weekly earnings to $89.06.

Rioting Flares In South Africa

PAARL, South Africa (AP) — Ani-white rioting broke out here again Tuesday night as thousands of screaming Africans stoned cars and fought police for the second consecutive night.

One African has been killed, eight Africans and Asians injured and three whites injured.

The Africans are retaliating for the banishment of a woman trade union leader who has since disappeared. There was speculation she had sought asylum in Basutoland or Bechuanaland, neighboring British protectorates.

AMERICAN LEGION BUGLAR Ron Pepin sounds taps at the conclusion of the Veterans Day program in Kankakee today. It was sponsored by the Kankakee Veterans Council. (Journal photo)

War Veterans Honored In Ceremonies Today

About 200 Kankakeeans assembled in small groups at the windswept corner of Court St. and Schuyler Ave. today to watch the Veterans Day ceremony sponsored by the Kankakee Veterans Council.

In a brief commemorative address, Albert Keller Jr., past Illinois commander of the American Legion, spoke of the lessons still to be learned from the nation's great wars.

"OUT OF BLOOD and sweat we learned of purpose, sacrifice, tolerance, bravery and discipline. These are the solid foundation stones upon which a great nation is built. In peace we must cultivate these virtues," he said.

Rabbi Sidney Strome offered a prayer and William Maitland recited the traditional "Soliloquy of the Unknown Soldier."

Francis O'Brien, a former Kankakee American Legion commander, recited "Face East" as the firing squad gave its salute.

The brief ceremony ended with the sounding of taps.

Participants were introduced by Harvey Bateson of the American Legion.

The Bradley American Legion and Veterans of Foreign Wars sponsored a memorial and patriotic program at the veterans plaque on W. Broadway.

In Washington, a presidential wreath was laid at the tomb of the nation's three unknown warriors at 11 a.m. today in solemn ceremonies symbolizing America's annual tribute to its war dead and veterans.

THE NATION observed a minute of silence at 11 a.m. in tribute to its 22,600,000 veterans.

At Arlington, wreaths were also placed by American Legion National Cmdr. Martin B. McKneally and Veterans Administrator Sumner G. Whittier.

The main address at Arlington was delivered by Retired Gen. Albert C. Wedemeyer who warned Americans against "apathy" towards Communist efforts.

Ike Adds Spain, Tunisia To Tour

WASHINGTON (AP)—President Eisenhower today added Spain and Tunisia to his previously announced nine-nation goodwill tour starting Dec. 4.

The White House said [illegible] will meet with President Habib Bourguiba of Tunisia aboard the U. S. cruiser Des Moines off Tunis Dec. 17. At that time he will be en route from Athens, Greece, to Toulon, France.

James C. Hagerty, presidential press secretary, also announced Eisenhower's acceptance of an invitation to visit Generalissimo Francisco Franco in Spain.

After the Western summit conference in Paris, Eisenhower will fly to Madrid the afternoon of Dec. 21. He will leave the next morning for Rabat, Morocco, en route to Washington.

HAGERTY SAID at the present time no negotiations are going on for stops in any other country.

Commenting on a report from Bangkok that Eisenhower has accepted an invitation to visit Thailand on some indefinite date, Hagerty said he knows of no plans to visit Thailand although invitations to visit that country and others have long been on file.

Asked about French President Charles de Gaulle's news conference statement that a second conference of Western leaders may be necessary before an East-West conference, Hagerty said anything like that will have to wait on the Dec. 19 meeting of Western chiefs in Paris.

Federal Employes Drop, But They Are Paid More

WASHINGTON (AP)—The government's executive branch has 3 per cent fewer civilian employes than it had five years ago, but pays them 30 per cent more.

This was reported today by the Senate - House Committee on Reduction of Nonessential Federal Expenditures. It said the bulge in payroll costs is explained by pay raises voted by Congress, and raises granted administratively from time to time by federal agencies to match local prevailing wages.

The report said civilian agencies had an average of 1,266,566 workers on their payrolls in the fiscal year ended last June 30, and paid them $6,564,000,000.

The military agencies employed an average of 1,085,676 civilians in 1958-59, and paid them $5,766,000,000, the report continued. It said the employe total was 13 per cent below the 1953-54 average, while the pay total was 26 per cent, or $1,179,000,000, higher.

Korea Offered As Missile Base

TOKYO (AP) — Korean President Syngman Rhee today offered to make South Korea a major missile base—the only one in Asia.

He said the Soviet submarine threat is grave, that he understood the Soviets are now firing ICBMs into the Pacific and that war is inevitable if the Communists obtain military superiority.

Ike Plans Rest In Georgia Before Starting On Tour

WASHINGTON (UPI) — President Eisenhower plans to leave Thursday for a vacation in Augusta, Ga., the White House said today.

In making the announcement, the White House did not say how long the President would stay in Augusta. He has planned the trip as a rest before leaving next month on a good will tour to Europe, Asia and Africa.

Eisenhower will leave here by plane about 10:30 a.m. and he will be joined in Georgia early Friday by his wife who observes her 63rd birthday Nov. 14.

The President visited the Augusta National Golf Club in late October but spent most of that five-day visit dodging rain.

The trip to Georgia will be a mixture of golf and work for the President who will confer in Augusta with several federal officials on plans for the new budget.

The chief executive will also take the opportunity to store up energy for his 10-nation trip which begins Dec. 3.

Preparatory to leaving for Georgia, the President met this morning with the Cabinet and the National Security Council.

Boys' School Brutality Probe Opens

MANDAN, N. D. (UPI)—A high state official said today another hearing would be held into charges four unclothed teenaged boys were chained to the floor of the North Dakota Training School.

Herman Joos, chairman of the state Board of Administration, said an earlier hearing held this week was inconclusive since the school's superintendent, Thomas Crouse, did not testify.

Joos said the four youths, ranging from 14 to 16 years old, were chained in one room without furniture and only a pail for sanitary purposes because they had escaped from the institution several times.

Joos said the boys were ordered chained by Crouse during a time when carpenters were repairing wire mesh screening on the windows of their room.

They were left without clothes during the night, Joos said, but during the day were given bathroom privileges and taken to the lunchroom to eat.

It was not disclosed how long the punishment continued.

A-Skipper Dies

NEW YORK (UPI) — Capt. Thomas Price, 58, veteran skipper who had been designated to take command of the Savannah, the world's first nuclear powered cargo ship, died at sea, it was revealed today.

Edwin Sale To Direct High School Human Relations Day

Edwin Sale, Kankakee attorney, will serve as general chairman of the 19.. Kankakee county high school human relations conference sponsored annually by the high schools of the county and the Kankakee chapter of the National Conference of Christians and Jews.

Announcement of Sale's chairmanship was made Tuesday at a luncheon at Hotel Kankakee for the chapter membership. The Kankakee lawyer has been active in the chapter since it was organized and is presently treasurer of the organization.

Guest speaker was Dr. Edward G. Olsen, executive director of the Chicago chapter of NCCJ.

"I know you'll be happy to know that DeKalb County is establishing its first high school human relations conference this year and it is patterning it after yours," Dr. Olsen announced. "It will be held on a school day on the campus of Northern Illinois University in DeKalb. About 700 seniors from 10 schools in the county will attend. They debated about having it on an off-school day but decided on a school day because they feel the conference is important enough to require all the seniors to attend. The value of such a conference is in having all the students attend. Otherwise, those who could gain the greatest benefits might not be present."

DR. OLSEN, WHO has assisted with all seven of the conferences held in Kankakee County, also reported that the annual Chicago conclave is being held today. The seventh annual meeting for Chicago is being sponsored this year by eight human relations organizations as well as the state department of public instruction, the Illinois Education Association and the Chicago Teachers Union.

"I don't think the impact of these conferences should be min-

Former Illinois Boy President Of U. S. Steel

MRS. CARRIE LEBEAU

NEW YORK (AP)—A boy who grew up in the little coal mining town of Witt in southern Illinois and who worked his way through the University of Illinois has become the new president of the huge United States Steel Corp.

Leslie B. Worthington, 57, was named Tuesday as the chief administrative officer of the nation's biggest steel producer. He succeeds Walter Munford who died Sept. 28 from a cerebral hemorrhage after accidentally wounding himself with a paring knife.

Worthington was 5 years old when his father brought him to this country from England and settled in Witt in Montgomery County, 65 miles northeast of St. Louis.

HE WORKED in the town's general store after school and in summer vacations. His high school was so small there were only 2 boys and 3 girls in the graduating class.

Worthington graduated from the University of Illinois in 1923 with a Bachelor of Science degree and went to work for a U.S. Steel subsidiary in the South Chicago works as a sales apprentice.

He was elected vice president of the U.S. Steel supply division in 1942 and in 1946 was named its president. Since 1957 he has been president of the corporation's Columbia-Geneva Steel division with headquarters in San Francisco.

He is the father of two sons.

The company did not report Worthing's compensation in his new post, but the position usually pays about $250,000 a year.

Funeral Here Friday For Mrs. Gladys Garreau

Funeral services will be at 9 a.m. Friday in Immaculate Conception Church for Mrs. Gladys Garreau, 64, who died suddenly in Hammond, Ind., Monday night. A former Kankakeean, Mrs. Garreau lived at 6622 Meadow Lane, Hammond.

Surviving are sons, Frank of Steger, Charles Jr. of Beecher, Elmer of Grant Park and Lester of Dyer, Ind.; a daughter, Mrs. Della Kurth of Bradley; 14 grandchildren, 15 great grandchildren and two great great grandchildren. A son, two brothers and two sisters preceded her in death.

Mrs. Heldt resided in the Grant Park area all of her life. She was a member of St. Peter's United Church of Christ.

Funeral services will be held at 2 p.m. Friday in St. Paul's United Church of Christ, the Rev. Alfred Braun, pastor, officiating. Burial will be in Heusing Cemetery.

Rites For Mrs. Carrie LeBeau, 90, Friday

Last rites will be at 10 a.m. Friday in St. Rose Church for Mrs. Carrie LeBeau, 90, 665 Bourbonnais R. Mrs. LeBeau died Tuesday in a Momence nursing home after a month's illness.

The body is in the Clancy Funeral Home where friends may call after 7 p.m. today and where the rosary will be recited at 8 p.m. Thursday. Burial will be in St. George Cemetery.

Mrs. LeBeau was born Feb. 13, 1869, at St. George, the daughter of Mr. and Mrs. Xavier Blanchette. She was married Oct. 25, 1892, to Fred LeBeau, who died in 1940. They lived on a farm 4½ miles east of St. George.

Surviving Mrs. LeBeau are daughters, Mrs. Martin Ams, with whom she made her home; Mrs. Leo Poitras, Kankakee; and Mrs. Phillip Bastien, Villa Park; one grandson; brothers, Levi Blanchette, St. George, Joseph Blanchette, Monticello, Ind., and Oscar Blanchette, Momence.

Mrs. LeBeau was a lifetime resident by two daughters and a son.

Mrs. LeBeau was a lifetime resident of Kankakee County and was a member of St. Anne's Sodality of St. Rose Church.

New Adviser For Northside YM

A new adviser, Herbert White, 445 E. Mulberry St., was introduced at the Tuesday night meeting of the Hi-Y Club of Northside Branch of the Kankakee YMCA.

An eighth and ninth grade teacher at Pembroke Elementary School, he is a graduate of Lincoln University, Jefferson City, Mo., and has done graduate work at Chicago Teachers College.

The club meeting found the group making plans to attend the Northeast District Hi-Y and Tri-Hi-Y conference at Streator Nov. 21. Delegates will be John Jennings and Willie Ames. Other members attending will be William Haley, Sherman Akins, Charles Williams, Fred Carr, John Cureton, Theophilus Sangster and Ezekiel Archie.

The club is also planning a delegation to the national convention to be June 25-30 at Oxford, Ohio.

Friends may call at the Marshall Funeral Home after 7 p.m. today and until noon Friday, when the body will be taken to the church.

Midwest Water Supply Ample; Future Not Bright

(Second of three articles on the national water problem.)

CHICAGO (AP)—The farmer, his leathery face streaked with dust and perspiration, turned the faucet handle at the barn water trough. The sun was scorching and his hogs were hot and thirsty.

The faucet gave a dribble, a wet gurgle and then nothing.

The farmer hurried into the house to the kitchen sink. No water there, either.

Alarmed now, he charged outside to the pumphouse. The gasoline engine was chugging full force. He ran the back of his hand against his beaded forehead.

"IT'S DRY," HE mumbled to himself. "The well has gone dry."

In town, a housewife turned on her bathroom shower. A trickle of muddy water dripped from the outlet. She fiddled with the handle.

At the town's only factory, the co-owners went into a worried huddle with their superintendent.

Why had this happened? Water, like air, was something you took for granted in the Midwest.

But this was a drought year in the early 1950s. The farmer, the housewife and the factory owners had just received their first hard lesson: You don't always get water by turning on the faucet.

Generally ample rains in the Midwest in recent years have eased or removed many of the water shortage problems associated with drought. But expanding populations and soaring industrial use of water have created serious long-range problems for some localities.

In northeast Ohio, for example, where one-third of the state's population lives, wells are drying up. Experts say residents will have to pipe water from Lake Erie to meet future needs.

The Iowa Legislature in 1957 passed a law requiring that industry and farmers needing water for irrigation first must obtain permits from the State Water Board.

EVEN A CITY such as Milwaukee, which overlooks the deep, blue waters of Lake Michigan, has a problem. The city and its environs are outgrowing water distribution system that once was adequate.

Fortunately for most of the Midwest, experts say, water sources are ample to meet any emergency. The area abounds in lakes, rivers and streams. The problem, and it entails considerable outlay of funds, is to deliver the supply to the right place when it is needed.

But one fact stands out when current Midwestern trends are projected into the future. If more and more wells are drilled into reservoirs of underground water to satisfy expanding populations and new industries, nature will not be able to keep up. When and where it falls behind, as is now happening in some sections, communities will have to turn to the region's abundant surface water in lakes and rivers for their supply.

That means pipelines or aqueducts—and higher water bills.

Boy, 8, Hit By Car Receives Minor Injuries

Michael Williams 8, apparently suffered only minor leg injuries when he ran into the path of a car in the alley near his home at 565 N. Clinton Ave., Bradley.

The auto was driven by Timothy Lundmark, 17, 184 N. Jackson Ave., Bradley police reported.

The boy ran out from between parked cars into the path of the moving car, the police report said. The accident happened about 4:15 p.m. Tuesday.

Seek Peeper In Otto Township

The sheriff's department is looking for a Peeping Tom who has been looking into houses in Otto Township.

Carmel Southard reported that the man was seen at the Southard home as well as at many houses in the neighborhood recently.

The peeper is described as tall and thin with light colored hair.

Emergency Ends

NAIROBI, Kenya (UPI)—New Gov. Sir Patrick Renison has announced plans to end the seven-year state of emergency caused by Mau-Mau native terrorist attacks. The action will result in freedom for about three-quarters of the 3,890 Africans now held.

Bandit Robs Bradley Cab Driver Of $40

An intoxicated gun-wielding bandit robbed a Bradley cab driver of $40 Tuesday night.

Paul Hebert, driver for the Bradley Cab Co., said he picked up the man, who appeared to be drunk, in the 1100 block of N. Schuyler avenue about 8 p.m.

The man, about 25 years old, neatly dressed and with blond hair, asked to be driven to Hopkins Park.

On the Hopkins Park blacktop road, about three miles east of Routes 1 and 17, the man pulled a revolver, told Hebert to stop and robbed the driver of $40.

Hebert walked to a nearby house and phoned the sheriff's department.

Hebert said the gunman was picked up by a car which was apparently following the cab.

Rites For Charles Dingledine Set For Thursday

THAWVILLE (JNS) — Charles Dingledine, 90, died at noon Tuesday in the Gibson City Hospital following a short illness.

Mr. Dingledine resided in Thawville most of his life, having been born Dec. 9, 1869 near Washington. He came to Thawville as a boy.

He retired several years ago after a lifetime of farming. He was married to the former Myra Walker in Thawville on Oct. 23, 1895. She died in November, 1951.

Surviving were a daughter, Mrs. Clarence Mason of Colorado Springs, Colo.; two granddaughters; nieces and nephews.

Mr. Dingledine was a member of the Thawville Methodist Church, where funeral services will be held at 2 p.m. Thursday, the Rev. Richard Harper, pastor, officiating. Burial will be Thawville Cemetery. Friends may call at the Danforth Funeral Home, Roberts, until 11 a.m. Thursday, when the body will be taken to the church.

Grant Divorces To 2 Couples

Two couples were granted divorces by Judge C. D. Henry in Kankakee Circuit Court Tuesday.

In both cases the men were granted divorces from their wives on grounds of desertion.

In the case involving Ernest L. Hale and his wife, Irene, the wife was granted custody of five minor children and he was ordered to continue payments under a previous order from a Wisconsin court.

The Hales were married Dec. 19, 1942 in Pittsburg, Calif., and lived together until July 2, 1956.

In the other case, Glenn W. Ryan was awarded custody of three minor children as he was granted a divorce from his wife, Elizabeth. They were married Sept. 18, 1948, and lived together until July 26, 1958.

Violets Grow

With warm weather after the recent cold spell what could be more natural than a few flowers. One Kankakee woman went into her yard Tuesday afternoon and to her surprise wondered if spring had "sprung."

She found 10 purple spring violets peeking out. The woman was Mrs. E. C. Sweeney of 1063 E. Maple St.

Although infrequent, it is not unusual for certain spring flowers to bloom again in the fall under the proper weather conditions.

Revival Services At Braidwood

BRAIDWOOD—The Rev. R. B. Dunn is evangelist at a 13-day revival being held at the Church of the Nazarene here.

Services are being held nightly at 7:30 o'clock and will continue through Nov. 22. The revival began Tuesday evening.

The Rev. Mr. Dunn is an assistant professor of education at Olivet Nazarene College, served many years in the pastorate, and was at one time principal of the college high school at Frankfort Pilgrim College.

Cissna Funeral Home Purchases New Ambulance

CISSNA PARK (JNS) — Knapp Funeral Home, owned by Wayne Knapp, has purchased a new dove gray ambulance designed for funeral use and built at Rock Falls.

It replaces the 1952 model, which has served the funeral homes. With this new ambulance, Knapp can handle four stretcher patients at a time in the case of emergency and administer oxygen to three patients at one time.

Among the features of the ambulance are air suspension springs for more comfortable riding quality and specially built brake cylinders for added safety on long hurried trips.

Brownies will meet Mondays during November because leaders are attending a leader course on Tuesdays.

Mrs. Rosaline Guingrich returned Friday after a vacation in Twin Falls, Idaho.

The Journal's Page Of Opinion

May Choose Not To Run Again

It used to be that when Harold Stassen suffered a crushing defeat at the polls, observers dared to forecast the formal finish of his political career. They are no longer so bold.

As recently as the spring of 1958, Stassen bid for the Republican nomination for governor in Pennsylvania. He fell before a political novice.

The one-time Minnesota governor and presidential aspirant declined to be discouraged. Reversing the imaginative strategy of those occasional politicians who shrug off their defeats by running always for a higher office, Stassen decided to run in 1959 for a lower one—mayor of Philadelphia.

Now he has lost that race, too, as Mayor Richardson Dilworth gained an overwhelming re-election triumph.

Still Stassen refuses to call it quits. One wonders where his lower-rung-to-lower-rung tactics may lead him next. But it would be foolish to say that he will not be out there somewhere again, snatching defeat from the jaws of defeat.

To the political specialists, Stassen's career holds a peculiar fascination. He seems to operate perennially on the theory that he's all right, and that sooner or later the voters of this country will cast off their blinders and elect him to major office.

There was a time when that theory looked pretty sound. As a young governor of Minnesota in the later 1930s and early 1940s, he bore great promise. His presidential ambitions, lightly voiced in 1944 and heavily pursued in 1948, seemed legitimate and reasonable.

But somewhere in the 1948 campaign for the GOP nomination, he lost his political bearings. His ambitions seemed to outrun him. The frustration of his ultimate defeat in the convention at Philadelphia was extremely hard to digest.

He really never has quite given up since. From each successive buffeting he arises to say he will try again. He has tried every imaginable device to inject himself continuously into the public eye and restore his political fortunes.

Fundamentally it is a very sad story that this man who so loves politics can no longer find a place in it. Yet it would be wiser for him, and much less sad, if he chose now to accept the popular verdict and turn his still prodigious energies to fields where they may be more in demand.

In The Eye Of The Hurricane

Have you noticed how quiet it is around the globe right now?

Except for minor border incidents between India and China, and occasional Red guerrilla forays in Laos, the aggressors seem to be holding off.

No major military thrusts are under way anywhere. No fresh ultimatums have been uttered from the Kremlin. Berlin has a look of normality. In the often-disturbed Middle East, only the trials of the shaky Kassem regime in Iraq ruffle the calm. Cuba's unrest is viewed as standard.

The easy explanation for this period of relative tranquillity is that the Communists want nothing to upset the build-up toward a summit meeting, nothing to tarnish the "new spirit" of the Eisenhower-Khrushchev sessions at Camp David.

That may well be it. But we also have to recognize that even Communists must rest from their labors. Aggressions and the shouting of ultimatums are tiring. The schedule may call for new outbursts any day.

Whatever the reason, we should perhaps be grateful for these intervals of quiet. They may be the closest thing to peace we will see in a long time.

Blessed Are The Poor

Heart specialists of eleven countries, including the United States, have made a significant discovery. The incidence of heart disease grows with the wealth of the victim.

Meeting in Mexico, the specialists found Mexicans as a people suffer less from coronary arteriosclerosis or tissue degeneration of the heart than people of most other nations. Among those who suffer from coronary heart disease the advanced forms are nearly always among the well-to-do.

Here indeed is one proof that blessed are the poor. Their worries are not enough to corrode the heart.

Man And The 20th Century Blues

NEW YORK (AP) — Sidewalk scrawls of a Pavement Plato: America's most common ailment today isn't the common cold. It's "the blues"—the 20th century blues.

There are certain periods of history more given to melancholy than others, and this is one of them.

How often do you hear people complain, "I've got the blues," or "I'm down in the dumps"? The only ones who don't are hermits. Hermits often are the happiest less given to sadness when he is people in civilization because they in danger than when he is at his are out of it. They escape its spir- ease.
itual malaise.

Why should this generation be particularly cursed with that periodical darkness of the spirit, that aching mental void, that heart-tearing emptiness of the soul we know colloquially as "the blues?"

IS IT MERELY the reflective shadow of the threat of atomic annihilation that hangs over us all?

This could be the answer except for one fact—man is usually most serious. Ironically, he is

Man has never been more comfortable, more free of privation, than in the present generation of Americans. We aren't worn out with work. We're worn out from the pursuit of pleasure and trying too hard to enjoy ourselves.

Chasing joy is in many ways our leading industry. As a child, when it has played too hard, suddenly breaks out in tears, so are grownups overcome by the melancholy that comes from seeking too ardently the false rainbow of cheap delights and self-indulgence.

Wise old Samuel Johnson gave one prescription nearly 200 years ago: "Employment, sir, and hardships, prevent melancholy."

Of course, melancholy isn't altogether an unhealthy thing. An old English proverb says, "He is a fool that is not melancholy once a day." Victor Hugo observed: "Melancholy is the pleasure of being sad."

Melancholy also separates the men from the women.

"IF THERE IS hell upon earth it is to be found in a melancholy man's heart," wrote Robert Burton.

You will note he said nothing about a woman's heart. A woman is too intelligent to be long overborne by melancholy. She is too much of a fighter. She sheds a few teary, takes a nap, trips to the nearest store, buys herself a new hat or girdle, and comes home feeling fine again.

Women have a wonderful ability to lift their own spirits in small ways, and to change themselves from Cassandras to Cinderellas in three hours.

Men don't. They lack this internal lever of the spirit to pry their soul from black despair. They mope longer because, unlike women, they don't have the common sense to do something about it. Immediately. They sit in a pool of melancholy and refuse to move.

No-Trump Is Better Bid

By OSWALD JACOBY

The hand hog always finds some excuse to take the play from his partner. He also is likely to go through life wondering why he never wins.

South's excuse for his four-heart bid was his 100 honors and he was unlucky not to make his contract. West opened a diamond. The finesse lost to East's king and East promptly returned the diamond eight. South won in dummy and the heart finesse lost. Now West put his partner in with a spade and a diamond ruff defeated the heart contract.

If South had not been a hand hog he would have let North's three no-trump bid alone. East would have opened his fourth best spade and...West's queen would force North's king.

At this point it would have been necessary for North to play very safe for his contract. He would have to go to dummy with the ace of clubs and take the diamond finesse. East would take his king and try to get West in with a heart. Now North would have to refuse the heart finesse and just cash his diamonds and clubs for nine tricks.

5 Key Factors In Missile Program

WASHINGTON (NEA)—This is a good time to review a few official figures:

Up to now, more than 30 major United States missile programs have been canceled or suspended.

Cost: over 2.3 billion dollars spent on projects which never reached the weapon inventory or have only limited use.

The Navaho air-breathing intercontinental range missile was canceled after 10 years effort and 700 million dollars.

After 13 years of development and an investment of 700 million dollars, the Snark will be little used.

The Navy's Regulus II was a casualty after five years of development work and 145 million dollars.

The Rascal air-to-ground missile was cancelled after 12 years of development and production of 134 vehicles. Cost: 446 million dollars.

Other billions have gone into programs regarded of doubtful value somewhat before they became fully operational.

The Thor and Jupiter IRBMs represent an investment of 1.5 billion dollars. They are in the "buy out" stage.

HOW TO EXPLAIN all this?

The main cause for delays and duplication is indecision. But there are others. All Pentagon men want to be "safe." They add one weapon to another in the hopes that two will do what one wouldn't.

To be "safe" the Defense Department has gone ahead with both the Atlas and the Titan ICBMs. These duplicate programs have cost well over one billion dollars each. The final cost will be much more. Yet three years after full operation, most of their uses will be taken over by the much cheaper, much more reliable Minuteman.

There's also the feeling its better to have obsolete weapons on the way than no weapons at all. The costly Bomarc and Nike-Hercules will be installed over much of the U.S. By the time of full operation, the Russians will have a fistful of ICBMs. Bomarc and Hercules won't stop ICBMs.

The Nike-Zeus system of defense against ballistic missiles is now being developed at an estimated cost of eight billion dollars to 10 billion. The actual final cost will be much more. When fully operational it will be able to stop few Russian ICBMs.

A FOURTH REASON for delays and duplication: lack of research. So men waste their time and U.S. money trying to do what they can't do. Take three examples:

Timely research on bearings and gyro mechanisms for stable platforms would have increased markedly the present accuracy of U.S. ballistic missiles.

Research on vital parts for solid-fuel rockets would have added greatly to the capabilities of Polaris and Minuteman.

Future missiles are now being held back by a half-a-loaf program of electonics research.

A fifth reason for delay and duplication: the military right hand doesn't always know what the left hand is doing.

THE FIRST AMERICAN attempt to put a satellite in orbit around the moon — the try of August 1958 which would have beaten Russia to the punch—fizzled because of turbopump failures.

Yet those turbopump failures had shown up almost a year before. And a method for preventing the breakdowns was developed by March of 1958, almost five months before the moon try. A better exchange of information between the Army and Air Force would have prevented the bumble.

The problem of finding some way to prevent missiles from burning up when they re-enter the atmosphere caused a delay in developing superior intermediate and intercontinental missiles.

One service spent 22 million dollars developing the system now used. A second service spent 200 million on rival systems which failed. Much of this down-the-drain money was spent after it was clear the cheaper system was better.

Testing Your Fitness

How physically fit are you?

Not completely, I'm afraid, if you are like the majority of adult Americans.

Oh, you probably can get around the golf course all right and maybe you are in good enough shape to walk to the commuter station every morning. But are you really fit?

The better your physical condition, of course, the better your health will be.

Here is a simple series which tests the minimum fitness of your trunk muscles. It is called the Kraus-Weber tests. If you can perform all, or at least most of these tests satisfactorily, you are in fairly good—or even better—shape.

MOREOVER, IT means that you are less likely to have a low back pain than persons who cannot perform these simple tests.

(1) Lie on your back on the floor and place your hands behind your neck. Then, try to pull up into a sitting position.

(2) Lie on your back again. Place your hands behind your neck as before, but this time keep your feet on the floor and raise your knees. Then try to pull up as before.

(3) Once again lie on your back. With your hands behind your knees straight, raise your feet 10 inches from the floor and hold them there for 10 seconds.

(4) This time lie face down with a pillow under your abdomen. Place your hands behind your neck and try to raise your head, shoulders and chest off the floor and keep them there for 10 seconds.

You might need someone to hold down your buttocks and legs.

(5) Again place a pillow under your abdomen but put your hands under your head. Then, keeping your knees straight, try to raise your legs off the floor.

This time you probably will have to have someone hold down the upper portion of your body.

(6) Stand with your feet together for this one. Bend forward slowly and try to touch the floor with your fingertips. Don't bend your knees. And it doesn't count if you try to bounce down to the floor. If you can keep your fingers on the floor for a total of three seconds, you pass.

If you can't do this last one, don't worry too much about it. You have plenty of company. While most of the youngsters can do this bending test with ease, relatively few of us adults can.

THEY'LL DO IT EVERY TIME — by Jimmy Hatlo

By George Sokolsky

The Attack On Reuther

It is a truism in the Communist movement that a Bolshevik hates a Menshevik worse than he does a capitalist. What we witnessed during Khrushchev's visit to the United States was that he got along swimmingly with the capitalists who took him to their hearts but when he sat down with labor leaders, including socialists, they gave him what for in tough language and he answered back and it all sounded like an old-time Union Square row.

Undoubtedly Khrushchev's most unpleasant experience in the United States was his meeting with these labor leaders and he is reciprocating by denouncing Walter Reuther and his brother, Victor, both of whom once were employed in a factory in Soviet Russia. He accuses Walter Reuther of having a Russian wife which, apart from the nasty moral implications, makes a bigamist of Walter Reuther. It is so characteristic of the Bolsheviks that when they want to destroy a man, they try to make everybody suffer who is associated with him. It is a cruel thing to say about a man that he deserted his wife and spouse a secretary married another and Reuther, of course, denies the allegation. One more readily believes Reuther than Khrushchev because Khrushchev has lied on many occasions in this country.

I WILL CITE AN EXAMPLE OF THE most artful dodging. Eric Ridder of the New York Journal of Commerce gave a dinner to Khrushchev, who, on this occasion, laid himself open to questions. He was asked by Philip Cortney:

"During his interview with Eric Ridder, Mr. Khrushchev said that Russia wishes to buy all the goods she needs and to sell the merchandise she has. But trade and settlements are always done in gold. Unfortunately, the Soviet Union does not publish figures on gold production and reserves. We are alarmed by this because all the other countries publish these figures. Lack of such data concerning the Soviet Union undermines confidence and worries us."

To this Nikita Khrushchev replied:

"... But I do not understand to what extent and why the American business quarters are worried by the fact that we do not publish figures on gold reserves. In general, I do not understand what gold has to do with it. I must say we do not prize gold too highly. I could cite in this connection the words of V. I. Lenin on gold, but I do not think it quite appropriate at a dinner table. (laughter)"

IF KHRUSHCHEV WERE AN IGNORANT man, it would be possible to say that he did not know, but actually Soviet Russia has been trading in gold on the London and Zurich markets with steady regularity. Furthermore, Khrushchev knows that the United States purchases this gold at the uniform price of $35 an ounce. It does not matter what Lenin said about gold; what does matter is that Khrushchev is in the gold business when he pretends not to be.

Similarly, on this occasion, Khrushchev said:

"My dear tradesmen, you have mixed everything up—trade, economy; yes, and politics. You speak of things that do not conform at all with any laws of political economy. When you were not allowed to buy German goods you were in a state of war with Germany. But we are not warring with you now! I am confident that if shops were opened to sell Soviet goods, you would buy them with pleasure. I know that you do not like the Russian revolution, as you choose to call the great October Socialist revolution, but you do like Russian caviar, for instance, and as I have noticed, are ready to eat it in rather large quantities. (Laughter)"

THIS WAS DODGING THE ISSUE altogether. The point was made that Americans like to know where the goods they buy come from. He could not have answered Reuther that way because Reuther would have understood that Khrushchev was kidding. He would have and did demand that Khrushchev become serious; that he dot out the horseplay and that he deal with the questions asked responsibly.

Khrushchev is undoubtedly afraid of the labor unions of this country. He is not afraid of the bankers and manufacturers. He believes that he can throw the American businessman a contract and buy his principles; he has no way to win the labor unions.

It is for this reason that he smears Walter Reuther with a brutality to which no American opponent of the CIO would sink.

It's All Nehru's Problem

By United Press International

Events continued to transpire in India this week which Prime Minister Jawaharlal Nehru sincerely wished he could ignore.

One is his birthday, occurring Nov. 14.

The other is the continued presence of Red Chinese troops on soil claimed by India, and their obvious determination to remain there.

NEHRU IS 70 YEARS old this week, a fact he would like the Indian people to overlook. It is not a happy time because it finds him embroiled in a bitter dispute with Red China which involves the crumbling of the very cornerstone upon which his foreign policy has been based.

That policy since 1954 has been based on the five principles of co-existence which he and Red Chinese Premier Chou En-Lai worked out at the same time Nehru recognized Communist rule over Tibet.

The policy continued in effect until this year when the Red Chinese forcefully confirmed suspicions that they were looking beyond Tibet and into India's northeast territory, Bhutan, Sikkim and the Ladakh section of Kashmir.

In the meantime, Nehru has found it necessary in notes to Peiping to "regret" Chinese actions and to dispatch elements of his 500,000-man army to the border to prevent further Communist incursions.

A Chinese proposal for a 25-mile buffer zone still would leave Red Chinese forces on land claimed or policed by India.

Nehru's difficulties are manifold, not the least of them being that some of them may be traced directly back to 1954 when he first recognized Red control of Tibet.

AT ONE STROKE, he eliminated a natural buffer between India and Red China. At the same time, he opened up what the Reds could use as a legal claim on portions of Sikkim, Bhutan and Ladakh.

The peoples of all three are identical to those of Tibet. Much of their trade is pointed in the direction of Tibet.

Until 1949, the Tibetan government regularly sent tax collectors to Sikkim and Bhutan, both of which are linked to India by treaty.

Militarily, also, Nehru is at a disadvantage.

The Red Chinese have maintained a consistent road building program which now gives them communications to all the disputed areas, while on the Indian side much of the terrain remains trackless and inaccessible to the Indian army. Beyond that, in any test of strength, the Indian army would be no match for the three-million-man force maintained by Red China.

Soviet Premier Nikita Khrushchev has deplored the whole argument as one over terrain which is of no value anyhow. But one side or the other must retreat, and, as of now, the Red Chinese show no signs of doing so.

Kiwanis Minstrel Friday, Saturday

Kiwanis Kapers, a minstrel show with skits and musical comedy hits, will bring the live theater to Kankakee Friday and Saturday evenings.

The show will be presented at 8:15 both evenings with proceeds going to the Kiwanis scholarship minstrel sponsored by the club.

The show will be in the Kankakee High School auditorium.

The two-hour show is directed by Leo Spaeth, director from a professional show producing company. The cast features Byron Johnson as Mr. Interlocutor and blackfaced comics Dr. J. J. Horowitz, William Feldman, D. E. Cooper, Leslie White, Harold St. Pierre, Charles Cartier, Mrs. Paul Tully and Mrs. Evelyn Stevens.

TWO GROUPS OF girl dancers from Kankakee High School the Rockettes and Soft Shoe Symposium, are included in the program.

Five vocal soloists will also participate. They are Mrs. Kenneth Unger, Lavelle McKinney, Dr. Horowitz, Daniel Liddell and William Feldman.

Seven men will perform in an act "Les Girls," the French chorines of bygone days. Leads in the comedy blackout skits include Mrs. Ed Fienning, Dr. and Mrs. N. G. Ignelzi, Arthur Gault, Jack Spritzler, Mrs. Carlyle Ammann and Aime Lemenager.

A special children's performance is being presented at 7 p.m. Thursday. The show is open to all children under 12 years old without charge whether they have received advance tickets or not, according to Thomas Chelron Johnson as Mr. Interlocutor children's show chairman.

PURCHASERS OF advance tickets for the Friday and Saturday evening performances may exchange their tickets for reserve seat tickets from 4 to 6 p.m. today and Thursday and from noon until 1 p.m. Thursday and Friday. Advance tickets may also be exchanged at the door.

Show tickets may be bought at the exchange booth, at the door or at the three Ryan Drug Stores.

Open House Set For St. Anne High

ST. ANNE (JNS) — The theme for the open house at St. Anne High School on Friday night, to observe American Education week, will be "Praise and Appraise your Schools."

The program schedule will include a 7 to 8:30 p.m. reception. Teachers will be in their rooms, where they will have exhibits and demonstrations to explain the nature of the high school work. Parents may visit the rooms of their choice.

Special demonstrations will start every 25 minutes, with the first one at 7:10 p.m. in the home economics, French, girls and boys physical education departments.

At 8:30 p.m., there will be an assembly in the gymnasium for a report on the workings of St. Anne High School. There will be music by the band, directed by Joseph Wright, music instructor. At 8:50 p.m., R. V. Minton, principal of the high school, will speak.

Refreshments, served by the home economics department, will be served in the cafeteria at 9:15 p.m.

Asians Welcome Aid, No Meddling, Sukarno Says

JOGJAKARTA, Indonesia (AP) —President Sukarno today told nations providing the bulk of the world's non - Communist foreign aid that Asia welcomes their help but "do not think that assistance will produce a nation in your own image."

Sukarno spoke in opening the four-day annual meeting of the Colombo Plan, under which the United States and members of the British Commonwealth aid the underdeveloped nations of Asia and Southeast Asia.

Hansen Granted Custody Of 3

CHICAGO (AP)—Duncan Hansen, 29, found innocent of murdering his ex-wife, has won custody of their three children.

Hansen, a school teacher, was cleared by a Criminal Court jury of slaying Mrs. Susan Hansen, 24, last May, a month after she divorced him.

Judge John Sbarbaro of Superior Court granted Hansen custody Tuesday after Mrs. Hansen's father, Dr. George E. Shambaugh, withdrew his objections.

The children are Nancy, 6, who testified in Hansen's trial; Charles 5, and Laura, 3.

Present UNICEF Drive Report In Wilmington

WILMINGTON (JNS) — Mrs. Shirley Daily, chairman of the UNICEF project, reports $100 was collected for UNICEF during a door to door campaign by Wilmington area children.

The project was sponsored by the Woman's Society of Christian Service of the First Methodist Church. Members of the junior department of the church school, under the supervision of mothers, solicited the community and Lake wood Shores.

A total of $96.90 was collected.

Missouri Forest Fire Extinguished

FORT LEONARD WOOD, Mo. (AP)—Two hundred smoke blackened soldiers battled a roaring forest fire for seven hours Tuesday before extinguishing it.

Although the fire at one time licked to within 30 feet of a trailer camp which houses enlisted men and their families, no one was injured and there was no damage reported other than trees and the wild game populations of this sprawling military camp.

Most of the fire was in the Mark Twain National Forest, part of which is on the military reservation. An estimated 400 acres of trees were consumed.

Wind gusts of up to 25 miles an hour scattered the flames and at times the weary soldiers were battling as many as seven different fires.

"Every time we'd get the damn thing out it's pop up again somewhere else," one of them groaned after the fires were all out.

The Methodist Youth Fellowship of the church contributed $3.10 to bring the total to $100.

The children played games and had refreshments upon their return to the church.

Olivet Presenting Interpretive Reading Program

An intrepretive reading program featuring the works of 12 English authors will be presented at 8 p.m. Friday as part of the Olivet Nazarene College lyceum program. The lyceum series is open to the public without charge.

Earl Harlan, a professor of speech at Purdue University, and his wife will present the program in the recital hall of Burke Administration Building. Their program will include readings from three of Shakespeare's plays, "Lady Behind the Beyond," "Taming of the Shrew" and "Coriolanus" plus selections from works by Christopher Marlowe, William Wordsworth, Alfred Lord Byron, Percy B. Shelly, John Masefield and Elizabeth and Robert Browning.

The husband and wife team have been active in summer stock theaters for several years.

Fear Universities May Price Students Out Of An Education

ST. LOUIS, Mo. (AP)—The president of one of the nation's largest universities believes colleges and universities risk pricing their students out of an education.

Dr. David D. Henry of the University of Illinois said, "We are fighting the pressures for higher costs are going up—clothing, food, transportation and lodging.

"We think a good student should be allowed to get a higher education without going too deeply in debt. If his family can't help him and if he isn't quite good enough to get a scholarship—his expenses shouldn't be any higher than the amount he can make by summer jobs and working through the school year."

The average college tuition reported by 60 schools this year was $229 for in-state students, compared to $211.50 for last year.

TUITION FOR OUT of state students rose from $475 to $504.

Henry's remarks were made a news conference Tuesday during the annual convention of the American Association of Land Grant Colleges and State Universities.

A recent spot check of association members showed tuition rates this year about eight per cent higher than they were a year ago.

Dr. C.A. Elvehjem, president of the University of Wisconsin, said the recent upswing in student borrowing to pay education costs "is a good thing because it indicates how badly they want an education—but it could go too far."

President Elmer Ellis of the University of Missouri said the big danger was that a student would go so deeply in debt that he couldn't possibly repay it. "As of right now," he said, "we could all use more loan funds at a lower interest rate."

This Day In History

United Press International

Today is Wednesday, Nov. 11, the 315th day of the year, with 50 more days in 1959.

The moon is approaching its full phase.

The morning star is Venus.

The evening stars are Mercury and Saturn.

On this date in history:

In 1620, 41 pilgrims aboard the Mayflower, anchored off the coast of what's now Cape Cod, Mass., signed the Mayflower Compact.

IN 1890, WASHINGTON BECAME the 42nd state to be admitted to the Union.

In 1918, at 11 a.m., hostilities ceased in World War I.

Also in 1918, Poland proclaimed its independence.

In 1921, the tomb of America's unknown soldier was dedicated at Arlington National Cemetery.

In 1939, as a highlight of her Armistice Day radio broadcast, Kate Smith sang Irving Berlin's song, "God Bless America," the first time the song was heard by the American public.

Favorite Son Gains Steam In Texas

AUSTIN, Tex. (AP)—Formation of Johnson-for-President clubs is spreading like a prairie fire across Texas, an Associated Press survey shows.

The spark that touched it off came less than a month ago, Oct. 17, from House Speaker Sam Rayburn (D-Tex).

The most remarkable feature of the statewide survey is not so much the number of clubs—now more than 50 and growing every day—but the variety of backing and the hefty local and state political muscle shown.

The senior senator from Texas on the record is running for re-election only. He says it is a long time until the 1960 convention and it's too early for him to take the plunge as an open candidate for the Democratic nomination.

BUT RAYBURN and other backers such as Texas Democratic national committeeman Byron Skelton of Temple, Gov. Price Daniel and state Democratic executive committee chairman Ed Connally of Abilene, shrug off Johnson's disavowals and keep up the big push.

Johnson's renomination for a new six-year term is regarded by his backers as in the bag. There has been no sign of an opponent.

The survey shows that local leaders pushing the Johnson-for-President clubs include mayors, county judges, state and county Democratic committeemen, elective and appointive officials on all political levels, business and professional leaders, farmers, ranchers.

Illinois Soldier Killed In Alaska

ANCHORAGE, Alaska. (AP) — A gasoline truck overturned on the Palmer Highway near Anchorage Tuesday, killing the driver, Robert A. Yerke, 20, an Army private from Marengo, Ill.

Yerke, assigned to Ft. Richardson here last December, was trapped in the truck's cab when the vehicle tipped over. His father lives in Marengo.

Yerke was driving the truck from Tok Junction, 200 miles northeast of here, to Ft. Richardson.

Tot Fire Victim

BLANDINSVILLE (AP) — Barbara Thompson, 4, was burned to death Tuesday when a barn she was in caught fire. Cause of the fire was not determined. Barbara lived on a farm near Blandinsville, a village northwest of Macomb.

Drama Events Set For Reddick, Central Highs

Reddick and Central High Schools will be scenes of annual plays this week.

At Reddick, "The Adorable Imp," a 3-act comedy, will be presented by juniors at 8 p.m. Friday.

In the production Betty Gordon's mother and grandmother become romantically interested in two wealthy men. In order to appear younger they require 17-year-old Betty Lou to dress and act the part of an 11-year-old child. The complications that arise are due to Betty Lou's resentment to playing this part.

Members of the cast are Diane Ames, Donna Frederickson, Joyce Douglas, Paul Foley, Marilyn Clover, Lorna Schultz, Roger Hooper, Marilyn Sandeno, Russell Mathison, Jack Smith and Robert Smith.

★ ★ ★

At Central High School the Dramatics Club is presenting its fall production, "Tiger on His Toes," Thursday and Friday nights in the school auditorium. Both performances are at 8 o'clock.

Roles in the 3-act comedy will be played by James Harms, Lynda Milk, Russell Frake, James Horan, ann Widholm, Dennis Nolden, Dale Schultz, Lynne Bevan, Karma Rush, Karen Comstock, David Larsen, Allen Lyutlrup, Janet Cunningham, Peggy Holzauer, Gay Green, Jerry Woods and Robert Hendron.

The play is directed by the club sponsors, Miss Evelyn Schlie and Harold Curl.

STEVENS COL CLASURE

Dorothy Stevens and Don Colclasure, both seniors, reigned as queen and king of the Kempton-Cabery High School homecoming.

Other senior candidates were Shearon Benson, Sue Bergan, Stephen Kain and James Drew.

Attendants from the junior class were Donna Lambert and Bob Clodi, from the sophomores Phyllis Gassler and Steve Colthurst and fro mthe freshmen Sally Bergan and Howard Spires.

★ ★ ★

A car blessing ceremony was held at St. Joseph's Seminary Monday. Msgr. Emile J. Cousineau blessed all cars which are driven to school by the students. The ceremony was held in the rear parking lot of the school.

★ ★ ★

Judy Anderson was elected co-ordinator for the newly-organized pep club at Donovan High School as the organization held its initial meeting.

The event was opened by the entrance of the newly-organized pep band entering playing "When the Cats Come Marching In."

It was voted that everyone wishing to participate in the club should wear white caps to the games. Several ideas were made concerning the snake dance which will be held before the first home game on Nov. 16.

Senior class of Kempton-Cabery High School will hold a scrap drive Saturday. Persons having any scrap iron should call CL-3-3155 by Thursday.

Former Watseka Resident Dies; Funeral Friday

WATSEKA (JNS)—Mrs. Bernice E. Haynes, 58, Berrien Springs, Mich., formerly of Watseka, died unexpectedly at 4 p.m. Tuesday in a Berrien Springs doctor's office, having suffered an apparent heart attack.

Mrs. Haynes was born March 10, 1901 in Watseka, the daughter of Mr. and Mrs. Milton Watts. She was married July 16, 1918 to Frank J. Haynes, Watseka. He died Nov. 14, 1954.

Surviving are sons, Oscar J. of Niles, Mich., and Victor E. of Mishawaka, Ind.; a daughter, Mrs. Edward Kogar, Akron, Ohio; six grandchildren and her mother, Mrs. Grace Kendall, Medaryville, Ind. A daughter preceded her in death.

Mrs. Haynes spent most of her life in Watseka, where she attended local schools. She moved to Michigan about 14 months ago. She was a member of the Seventh Day Adventist Church.

The body is in the Segar Funeral Home, Watseka, where friends may call after noon Thursday and until the hour of the service at 2 p.m. Friday in the funeral home. Burial will be in Oak Hill Cemetery.

Freak Accident Kills Motorist

ROCHESTER, N.H. (AP) — Thomas Vachon, 54, of Somersworth, died at Frisble Memorial Hospital Tuesday night of injuries he suffered in a freak auto mishap Sunday night. Police said Vachon's car smashed through a cement wall in a parking lot and hung suspended above a 15-foot drop. Vachon fell from the car and landed on his head.

Fires Shot To Halt Prowler In Kankakee

A Bradley man was arrested early today after an off-duty Kankakee police officer fired a warning shot into the ground when the man tried to flee.

Lawrence A. Tapp, 35, of 223 N. Jackson Ave., was charged with trespassing by the policeman, Richard Wischnowski. Justice W. Roy Beach fined Tapp $50 and costs.

Tapp was arrested outside of Wischnowski's home at 343 S. Greenwood Ave. after the police officer's wife told her husband she noticed someone prowling around outside.

Wischnowski went outside and confronted Tapp, who started to run. He stopped after the policeman fired the warning shot.

Green Recovers From Surgery

PHILADELPHIA (AP) — Sen. Theodore F. Green (D-RI), at 92 the nation's oldest senator, was recovering today from an eye operation.

A cataract was removed from his right eye Tuesday at Lankenau hospital. Last year he had a similar operation on his left eye.

The hospital said Green would be able to go home in a week to 10 days.

Rabbi Plan Pushed

NEW YORK (AP)—A movement has started to establish an office of chief rabbi of America to preside over the three million Orthodox Jews in this country.

Rabbi Joel H. Laks of New York said Tuesday 48 rabbis throughout the country are sponsoring the movement.

Crippled Girl's Stallion Is Shot

UMATILLA, Ore. (AP)—It will be a sad, long winter for Susie Hams—without her Captain.

The gentle stallion's broad back and sturdy legs made the world a wonderful place for Susie, 8.

For six months, Captain carried Susie to school and out into the eastern Oregon countryside for days of play with friends—after Susie had struggled up the rails of a fence with her club feet to mount the horse.

But somebody shot and killed Susie's Captain last Sunday. Somebody, according to police, who "just wanted to see what a double-barreled shotgun would do to a horse from 10 feet away."

NOW SUSIE MOPES QUIETLY AROUND her farm home, waiting for the day next April when corrective surgery will be performed on her feet at the Shriners' Hospital in Portland, Ore. Sometimes she gazes wistfully out a window at the big pasture where her captain used to wait.

Susie's mother, Laverne Hams, has offered a $25 reward for information about Captain's death.

"Not for apprehension of the person that did it," Mrs. Hams said, "but purely for the reason why."

Second Session On Unemployment Compensation

The second of two meetings concerning unemployment compensation will be held in Kankakee Senior High School cafeteria at 7 p.m. Thursday.

The meetings are for employers of the area served by the Kankakee office of the Illinois State Employment Service and are sponsored in cooperation with the Kankakee Area Chamber of Cimperce.

Employers need not be Chamber members to attend.

Information on unemployment compensation laws is presented by James Vitton of the local ISES office.

During Thursday night's meeting, Vitton will review information presented at the first session last week as well as discussing other aspects of the laws.

Man Finds His 11-Room House!

CUBA (AP)—Lawrence Bevard of Cuba has found his missing 2-story 11-room house. It is stacked up board by board in a lumber pile in nearby St. David.

Bevard told Justice of the Peace Ralph Lee of Lewistown he bought the house two weeks ago and planned to tear it down and remove it.

But when he came to start the job, the house was gone. Nov. 6 he spotted a familiar-looking pile of lumber. Its owners, P. L. Savola and Tony Mizzle, admitted they tore down the house and hauled it away after Burnett Werry of St. David gave it to them.

WERRY, IN TURN, TOLD THE JP the house was given to him by a man he did not know and he, having no use for it, passed it on to the other men.

Werry was charged with destruction of property.

Asked why he did not report loss of the house, Bevard said: "After all, who would believe a man who claimed his house —11 rooms of it—had disappeared?"

Brookside Club Features Talk On World Trip

WILMINGTON (JNS) — The Brookside Mothers Club met Thursday in the grade school for Guest Night with approximately 80 members and guest present.

A travel talk about her trip around the world was presented by Mrs. Helen Cremeens. Refreshments were served by Mrs. Dorothy Leyes, Mrs. Helen Fogle, Mrs. Gertrude Hansen, Mrs. Manns and Mrs. Van Duyne. Entertainment was arranged by Mrs. Lola Earling.

A bakery sale and homemade article sale was held by the members, with proceeds to be used toward the children's Christmas party.

A pantry shower was held for a needy family in the Wilmington area. Members also donated articles of clothing and money.

The next meeting will be at 7:30 p.m. on Dec. 3 in the school. The Christmas gift exchange for members will be held at this meeting.

2 Are Baptized Sunday, Crescent

CRESCENT CITY (JNS)—Two baptisms took place Sunday morning in St. Peter's Lutheran Church.

The Rev. Robert Spenn, pastor, officiated. Baptized were Robin Mae Comstock, infant daughter of Mr. and Mrs. Robert Comstock, and Deborah Lynn Stein, infant daughter of Mr. and Mrs. Richard Stein.

Sponsors for Robin were Mr. and Mrs. Willard Zabel of Joliet and Mrs. Clarence Norder of Watseka. Sponsors for Deborah were Dennis Harms and Miss Dolores Stein of Crescent City.

CARL SCHMITT Jr. of East Peoria visited in the home of Mr. and Mrs. Melvin Lavoie of Crescent City on Saturday.

imized," he declared. "The conference is just one day, true, but its effect is felt throughout the year in the classrooms and in the homes of these youths."

Len Small, president of the Kankakee NCCJ chapter, presided at the meeting and announced the 1959 chairman. A report on the 1958 conference was given by the general chairman, Bruce Brown. He pointed out that in the evaluation questionnaires filled out by the students attending the conference 95.6 per cent said by their participation they felt they obtained a better understanding of human relations. He also reported 96.9 per cent said they thought the conference should be held again in 1960.

"I THINK ONE OF THE greatest joys I had from the conference was seeing the students take hold of the planning of the event and make it a success," he said.

Walter Knecht, superintendent of Kankakee public schools who has worked with the conference for several years, said he felt there should be some way in which the youths could interpret their thinking on human relations to the community.

"After these students have attended the conference they are very enthusiastic about such things as tolerance, etc., as a result of their experiences," he asserted. "They are eager to interpret their thinking for the community. It would be nice if some plan could be evolved whereby they could do so."

NEW YORK STOCKS

NEW YORK (AP)—Electronics spurted in a mixed stock market early this afternoon. Trading was fairly active.

Gains running to about 6 points for Motorola featured a list in which the pivotal stocks made fairly narrow moves while some of the more volatile issues stepped ahead sharply.

Turnover was quite good considering the semi-holiday conditions prevailing in observance of Veterans Day. Banks and many business concerns were closed.

General Motors was down a fraction as steel sortages forced the big automaker to halt passenger car production by tonight.

Corporate bonds were slightly higher.

free from the chemical residue. Spokesmen for growers in the other states have demanded that the agency give their cranberries a clean bill of health.

THE WISCONSIN Board of Health announced Tuesday night that cranberries grown in that state were found free of aminotriazole.

Six New Jersey packing firms, which produce about 40 per cent of the nation's canned berries, said the Rutgers University agriculture experiment station had ruled that their cranberries were not contaminated. They said the berries came from New Jersey, Wisconsin and Massachusetts.

FDA officials were not optimistic that their tests could be completed before Thanksgiving. But they said the investigation was being speeded up and promised a public announcement of the results as soon as possible.

6 Spanish-American War Vets Mark Veterans Day

Kankakee's six surviving members of this country's last 100 per cent volunteer Army observed Veterans Day for the 41st time today, albeit in a rather restricted way because of advanced age.

They are the last of this city's men who fought in the Spanish-American War, which began April 19, 1898, and ended that fall.

Their names are: Frank J. Cartier, 82, 245 N. Greenwood Ave.; Henry Mensing, 87, 224 W. Station St.; Louis Stump, 82, 298 W. Jeffery St.; Frank Dominique, 84, RR 1, Bourbonnais; Fred Hertz, 82, 530 S. Schuyler Ave.; and James B. Hess, 87, 251 N. Sixth Ave.

Several surviving men who joined the service here do not live in Kankakee anymore. They are: Nels Jensen, Clifton; Robert Renneman, Quincy; Harry Duncan, Paxton; and Thomas Christie, Glendale, Calif.

ALL OF THE MEN are receiving government assistance in the form of pensions, it was reported. All except Hess, who served a three year hitch, entered service in May 1898 and were mustered out in January 1899.

Although they all fought in a strange sort of war, by modern standards, none thought it strange to be called to support his country.

According to the recollection of these gentlemen, 62 young men were organized here in Kankakee, in Companies L and M, to be inducted into the Army at Springfield. But because this was purely a volunteer army none could be forced to go overseas if he did not wish.

WHEN IT CAME TIME to take the oath of allegiance and be willing to fight anywhere Uncle Sam might need them, more than half, backed out, these veterans report.

The Spanish-American war was not much of a war in our modern terms of reference. It cost the nation only $250,000,000, and took the lives of only 400 soldiers on battle fields. The other 4,200 men, which history says died in the war, were killed by diseases, not bullets. One authoritative source says more than 90 per cent of American casualties were caused by disease, mainly yellow fever and malaria.

Cartier, Dominique, Hertz and Stump all were members of Co. L. All but Stump saw service in Puerto Rico.

Stump became ill and was hospitalized. By the time he was well the war was just about over and the government didn't bother to send him overseas.

Mensing was a member of Co. M, and Hess was an enlistee in the regular Army and was in service for three years. He saw duty at Manila in the Philippines under Rough Riders Col. Teddy Roosevelt.

CARTIER, A NATIVE and lifelong resident of Kankakee, is a retired druggist. He attended the former N. L. Richman School of Business here and got his degree in pharmacy from the University of Illinois in 1907. He worked for various drug stores here for 55 years.

Dominique is a native Canadian, coming to Kankakee in 1880. He farmed and worked as a carpenter in this area until his retirement. He lives with a daughter and son-in-law.

Hertz is also a native Kankakeean, who has resided here all his life, and who has now "retired to the riverbank because I like to fish." He worked for the Standard Oil Co. for many years and also for the Big Four Railroad.

Another native Kankakeean is Stump, who worked most of his life for the Illinois Department of Public Welfare at its various institutions. He was employed at Kankakee State Hospital at one time. Mensing also was employed for a time by Gov. Len Small, and his father, Dr. A. L. Small.

Stump has lived here 37 years, coming from Martinton, where he farmed. Here he worked for the David Bradley Mfg. Co., the Kankakee Park District and at Kankakee State Hospital.

HESS, A NATIVE of Michigan, is a retired railroadman, having worked for the Illinois Central, New York Central and Chicago, Milwaukee and St. Paul and Pacific. He came to Kankakee in 1905.

Even though several of these veterans have to walk with canes, all are reported in good health and active. Cartier still drives his own 1947 car.

All of them have an active interest in developments of the day, as evidenced by the stacks of newspapers and magazines in their homes.

They were happy that a local Veterans Day program was conducted, but were also happy they weren't asked to do any marching, because as several said, "the old legs are getting a little tired."

Victor McLaglen Buried Tuesday

GLENDALE, Calif. (AP)—Victor McLaglen was buried Tuesday as 250 mourners paid final tribute to the Academy Award-winning actor.

Actor Donald Crisp said in a eulogy at Forest Lawn's Church of the Recessional: "Victor had to live up to his great frame and his great heart. He was a great, fine, big man."

McLaglen, 72, died of a heart ailment Saturday.

200 Die In Riots

BRUSSELS, Belgium (AP)—Official reports today said at least 200 Africans have been killed in fighting between tribes in the Ruanda trust territory.

Fighting between the Bahutu and Watusi tribes broke out last week. The Bahutus, once slaves of the Watusi, were taking revenge on their former masters.

Gets New Car

VATICAN CITY (UPI) — Pope John XXIII has a new European car to supplement his American limousine. The small Fiat sedan has only one back seat, fashioned like a little throne. It was the gift of the Fiat company. The Pope had been using a glass-topped Cadillac donated by American Catholics to his predecessor, Pope Pius XII.

CHICAGO GRAIN

CHICAGO (AP) — Profit taking knocked soybean futures prices down sharply today after the market had recovered almost all of an early moderate setback.

Buying by cash dealers and speculative traders boosted corn prices a cent or more at times. Cartot receipts today were estimated at: wheat no cars, corn 181, oats 3, rye none, barley 10, soybeans 9.

Garcia Winning Filipino Election

MANILA (AP) — President Carlos P. Garcia's big, well heeled Nacionalista party machine began piling up election leads from remote areas of the Philippines today. But five of Garcia's opponents still led in the battle for eight seats in the national Senate.

With about a third of the votes in Tuesday's nationwide election reported, Garcia candidates were pushing opposition leaders. But the President's hopes for reelection in 1961 were not helped by a strong anti-Garcia vote in the cities.

Garcia's own right-hand man, former Executive Secretary Juan C. Pajo, was far down on the list of senatorial candidates in 14th place. The top eight will be elected.

Ike Inspired By British Chapel

LONDON (AP)—President Eisenhower says the American chapel in St. Paul's Cathedral, dedicated to fallen U. S. servicemen of World War II, inspired in him "a renewed dedication to do everything possible to promote the cause of peace."

The President wrote to the English Speaking Union to express his appreciation to the Britons whose contributions built the chapel in London's great cathedral.

Sun Plots Fiery Death Of Rocket

LONDON (AP)—Moscow radio today reported that the sun's gravitational attraction is sifting the orbit of Lunik II— in such a way that the Soviet moon rocket will burn up in the earth's atmosphere about next March.

The Lunik, which the Soviets say took the first photographs of the moon's far side, was fired on Oct. 4. It now completes one circuit of its orbit around the earth in 15 days.

Can you depend on your first income to be enough?
— enough to cover living expenses with "a little something" left over for emergencies?
— enough to take care of "extra expenses" like children's schooling, a new car, a new house?
— enough to "round out" your Social Security and Pension arrangements when you stop working?
Probably not—if you're like most people.
That's why, today, thousands are building a "second income" by investing modestly but regularly in selected common stocks.
How do you go about it? You'll find the answer in our new booklet, "Building a Second Income." For a complimentary copy, just mail the coupon today.

Station WKAN Stretches Its Time

The WKAN transmitter building's clock, held above by Richard Eckels, left, chief engineer, Rodney Hawkins, station manager, shows the evening time when the station formerly was required to sign off at this season of year. Because permission from the Federal Communications Commission has just been granted, the Kankakee radio station can now broadcast at night, and will start this evening. (Journal photo)

Commission To Review Diversion

CHICAGO (AP)—The hotly disputed issue of Chicago's diversion of water from Lake Michigan into the Illinois Waterway is going to be reviewed by the Great Lakes Commission early next year.

The commission, meeting in Chicago Tuesday, called on its executive committee to meet in Milwaukee Jan. 5 to plan for a review and study of the diversion.

Chicago now is diverting 1,500 cubic feet of water per second from the lake over the protests of all other Great Lakes states.

THE COMMISSION also:

Reaffirmed its recommendation that Great Lakes pilotage legislation pending before Congress be amended to provide for the regulation of rates and fees charged for piloting vessels in the overseas trade via the lake ports and the St. Lawrence Seaway.

Endorsed the Department of Agriculture's new policy permitting shipment of surplus grain from Canadian ports on the St. Lawrence River. At the same time, the commission rejected contentions such a policy would injure American flag shipping and the Great Lakes ports.

Endorsed House Resolution 522 calling for an expanded federal program of research in the control of water pollution, including pollution on the Great Lakes by increased shipping as a result of the seaway.

State Sen. Thomas B. Welch (R-Minn) was reelected chairman. State Rep. Alber W. Hachmeister (R-Ill). vice chairman.

Bourbonnais Grade PTA To Discuss Finance

Residents of Bourbonnais Elementary School District are being invited to an important meeting of the school's PTA Thursday night.

The meeting will concern school finances in the district as well as trends throughout the nation. Guest speaker will be Armen Blanke, Kankakee attorney. Members of the school district board of education will attend the meeting, scheduled for the school gymnasium.

Dale Metzger, principal of the school, said that there will be no room visitation. The meeting will begin at 7:30 o'clock.

12-Day Baby Has 4 Transfusions

CHARLESTON, W. Va. (AP) — Paul Thomas Mullins, just 12 days old, is something of a medical wonder.

He has had four complete exchange blood transfusions. He probably is one of the youngest infants ever to have his heart stop beating and survive.

Paul's mother, Mrs. Thomas Mullins of Peck's Mill, has RH negative blood. Paul's blood is RH positive. One complete blood exchange is common in such cases.

Paul born five weeks premature and weighing 5½ pounds at birth, had four transfusions and was undergoing a fifth when his heart stopped Oct. 31. His chest was opened, and his heart was massaged into functioning.

He is in an incubator at Charleston Memorial Hospital.

Legion Post 85 Membership Group To Meet

The membership committee of American Legion post 85 will hold a special meeting at 7:30 p.m. today at the post home, Russell Johnson, post executive secretary, announced.

He explained that the post hopes to reflect activities of Veteran Recognition Month in its membership rolls when the department commander, John H. Geiger, visits here Nov. 24.

Refreshments will be served following the meeting.

Momence Lions Hear Talk By Air Force Officer

MOMENCE (JNS) — Lt. Col. Benjamin P. Vickery, Detachment Headquarters Company 901 (Chicago), was the guest speaker at the meeting of the Lions Club in the Lutheran Church Hall Monday night.

The speaker, a lifetime Lion, talked on "How We Qualify Men for Jet Flight Training." A film on radar activities of the Strategic Air Command was shown.

Lt. Col. Vickery was accompanied by other members of the Air Force, including S. Sgt. Charles E. Butzirus, Kankakee recruiter, M. Sgt. M. Jungheim and S. Sgt. Harry B. Boles, Butzirus will serve as area recruiter after Jan. 1. All were introduced by Elvin Butterfield, former public relations officer for the Civil Air Patrol of the United States Air Force.

Twenty-six members, in addition to the five guests, were present. President P. F. Swier presided.

Final plans for the annual football banquet and a misunderstanding regarding the date were cleared.

The banquet will be held in the Methodist Memorial Building on the evening of Nov. 16. Members of the varsity squad, cheerleaders, coaches and their wives will be guests of the club.

The banquet is open to the public. Reservations must be made by Thursday night. Charles Jenkins is in charge of arrangements for the banquet, former coach of the Chicago Cardinals and now coach at Woodstock High School, will be the guest speaker.

MRS. FRED MELBY entertained members of the Friday Night Contract Club in her home. Game honors were won by Mrs. Fred Baschen and Mrs. Basil Deardorff. Mrs. Edward Kurtz was a guest. Lunch was served following the games.

RICHMOND, Va. (UPI)— The city reported Tuesday that one of its former employes, fired two months ago, now was on the city relief rolls, receiving $178 a month.

Fine Wrong Way Hoosier In Watseka

WATSEKA (JNS) — Ronald D. Stamfer, Plainfield, Ind., was fined $50 and costs Tuesday for violation of the game code.

Stamfer was arrested by C. L. Foley, county game warden, for jumping the pheasant season in Illinois. He had two cock pheasants and a rabbit in his possession.

Stamfer told authorities he had been hunting in Indiana and wandered across the state line without knowing it.

Arrested with him was Larry Watkins of Indianapolis. He was fined $25 for having no hunting license.

Both appeared before Police Magistrate Leslie Strickler, Watseka.

H. Frank Watson, Watseka, was arrested Tuesday for driving while under the influence of intoxicating liquors. He was bound over by Police Magistrate Strickler to the County Court under $1,500 bond.

James Wayne Best, Attica, Ind., was fined $10 and costs for disobeying railroad crossing gates in Watseka on Tuesday.

Sign Tax Treaty

WASHINGTON (UPI) — The United States signed a treaty with India Tuesday which would exempt American investors from paying any taxes on part of the income they earn in India. The treaty, subject to ratification by the U. S. Senate and the Indian Congress, is designed to spur American investment in India.

Club Hears FBI Man In Watseka

WATSEKA (JNS)—Gene Irvin, Champaign, special agent for the Federal Bureau of Investigation, was guest speaker Tuesday at the November dinner meeting of the Watseka Business and Professional Woman's Club in the Legion Home.

Irvin presented a resume of the FBI organization and the appointment of J. Edgar Hoover as head of the department.

He said there are 52 field divisions in Illinois. Springfield headquarters governs 84 downstate counties. The other 18 are controlled out of the Chicago office.

THE FBI 18 principally a federal fact-finding organization, Irvin said. It investigates bank robberies, kidnap cases, stolen vehicles and bad checks.

To be a special agent, an applicant must have a law degree. Other requirements include a splendid physical condition, good eyesight at least 5 feet 7 inches and age 25 to 30. Only males are accepted.

High school graduates, male or female, are hired for desk work. Those accepted as special agents go through a rigorous training period of 16 weeks at the FBI Academy, Quantico, Va.

Miss Hertel Weiss, president, conducted the meeting. Mrs. Theron Gullion, membership chairman, said two new members, Mrs. Janet Canady and Mrs. Elsie Ireland, had been accepted.

MRS. GULLION also reported on a trip she made with the president to a membership conference in Aurora. She said pressure in being put on clubs for increased membership. The Watseka club is only two away from its quota. She stressed that it was essential to streamline meetings.

Members voted to send 50 cents each for CARE instead of holding a Christmas exchange. A resolution of condolence was approved and will be sent to the Roy Phipps family in memory of Mrs. Blanche E. Phipps, who died recently.

Mrs. Esther Strickler was in charge of the program and introduced the speakers.

Members voted to have Norma Lee Browning, Chicago newspaper correspondent, as speaker during Employer's Night in May.

400 Attend Methodist Men's Meeting

The Christian approach to life challenges the over-simplified view of our age, according to the Rev. Robert H. Bodine.

"Christianity In A Difficult Age" was the topic of the pastor's talk at the 12th annual district Methodist Men's banquet in Pontiac Tuesday night.

"Unlike the popular western movies," the Peoria pastor told an audience of 400, "it is not easy to distinguish between the really good and the really bad men. Life doesn't have simply good or bad situations and the answers are not easy to find."

Fear of the final results of the atomic age has led to more thoughts about the end of the world, he continued. The Rev. Mr. Bodine stressed the necessity for Christianity to rediscover the vital place that an informed frank, spirit-filled pulpit message can give to aid a sick society.

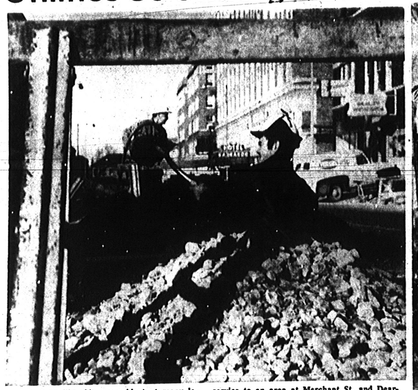
Utilities Go Underground To Improve Services



Projects like this are evident at many locations in Kankakee as utilities push to complete work before the onset of winter. Here, Kankakee Water Co. workers prepare to cut off service to an area at Merchant St. and Dearborn Ave. which is being converted into a parking lot. The cutoff will prevent future leaks and maintenance problems. (Journal photos)

In West Kankakee, workers prepare to lay conduit tile for installation of underground telephone cables extending from the Kankakee River to a point near the George D. Roper Corp. plant. The route lies south of Station street. The new cable will provide for the growing needs of the area.

Northern Illinois Gas Co. workers prepare to lay a new main on Hickory St. near Indiana Ave. to serve three homes where gas heating has been installed. This is only one of several projects under way in Kankakee designed to provide adequate, safe gas service.

Rockefeller Moves Into California

WASHINGTON (UPI) — Gov. Nelson A. Rockefeller of New York is heading West tonight for his first major political foray to assess his chances of winning the 1960 Republican presidential nomination.

His first stops will be in the presumably hostile territory of California, home state of Vice President Richard M. Nixon and one of two pivotal states getting much attention this week from prospective presidential candidates.

The other is Wisconsin, which has a presidential primary law making it a political battleground in election years. Nixon, who now holds a commanding lead in public opinion polls over Rockefeller, and Sen. John F. Kennedy (D-Mass), current pacesetter among Democrats, both will be traveling in Wisconsin Thursday.

Kennedy addresses the Wisconsin Democratic convention at Milwaukee Friday and another hopeful, Sen. Hubert H. Humphrey (D-Minn) follows him into the same forum Saturday.

Nixon speaks Thursday night at a Wisconsin Rapids, Wis., dinner honoring Rep. Melvin R. Laird (R-Wis), with whom the vice president served in the House.

Rockefeller's tour will take him into Oregon, Washington and Idaho as well as California.

WEATHER

A tour of a watercolor painting exhibit at Olivet Nazarene College was part of the American Education Week observance for an eighth grade class of the Bradley Central School.

The tour was conducted by Rockwell Brank, instructor of art at the college. He lectured on art appreciation.

Making the tour were eighth grade pupils of Mrs. Anne Brown. Following the tour a pizza party was held in the Universe.

Deadlocked Jury Forces Mistrial

CHICAGO (AP) — A deadlocked jury forced a mistrial Tuesday night in the trial of 16-year-old William Weber Jr., accused of murdering a bus driver.

After deliberating five hours and 25 minutes, a Criminal Court jury reported itself unable to agree on a verdict. Judge Daniel A. Covelli then sustained a defense motion for a mistrial.

Weber, a high school student, is accused of shooting John De Priest, 34, a driver for the Chicago Transit Authority. He will be tried again.

Police said Weber and De Priest argued on July 30 and later that day Weber shot De Priest near a bus terminal.

Ten other youths with Weber at the time are awaiting trial in the same case.

Stratton Talks With Rentschler On Campaign

SPRINGFIELD (UPI) — Announced Republican Senate candidate William Rentschler visited with Gov. Stratton Tuesday and said later "I was very much encouraged . . . although I received no commitment."

In an earlier news conference, Stratton said the race was still wide open and said the man the party wants should combine "enthusiasm" with "seasoning."

Rentschler, a political novice, said he was not discouraged by such remarks. "I am in the race to stay," he added.

He told newsmen that during his meeting with the governor he told Stratton that he deemed such remarks "not necessarily favorable to me." Stratton replied they were not meant to be unfavorable," Rentschler said. Then the meeting proceeded "on very friendly terms."

Court Of Review For Troop 304

A court of review and parents night will be held at a meeting of Boy Scout troop 304, First Methodist Church, next Monday at 7 p.m. at the church.

At last Monday's meeting R. J. Vadeboncoeur demonstrated three rope splices and several boys passed tenderfoot, first and second class requirements.

YMCA To Stage Powder-Puff Football Game

First annual YMCA Powder-Puff football game in Kankakee will be held Saturday at Kankakee High School Alumni Field. Game time will be 2 o'clock.

The event is being sponsored by the Hi-Y Club of the Northside Branch of the Kankakee YMCA. President of the club is Richard Randle. He said proceeds are to go to the Hi-Y Club treasury and to the YM world service.

Powder-Puff football games originated as a Hi-Y world service project at the Trenton, N. J., YM. It has spread to many YMCA's ted States and Canada. Miami University of Oxford, Ohio, annually draws between 8,000 and 10,000 to its game.

The name "powder-puff" was added to the game because girls are the participants. Hi-Y boys have always performed as the cheerleaders. The rules are modified and instead of tackle football the girls will make their "tackles" by pulling flags out of the pockets of ball carriers.

Girls who will play in the Saturday game have been labeled the "Sooners" and the "Little Purdue" team.

On the Sooners will be Diane Skyes, Annette Wright, Margo Reed, Janice Cote, Mamie Williams, Jackie Love, Linda Wells, Darla Rice, Barbara Hutchinson, Carolyn Gates, Marilyn Colbert, Jean Staples, Mary Randles and Terry Donley.

The "Little Purdue" team includes Mary St. John, Sue Moore, Leslie Drecke, Deana Cowartin, Rene Just, Sandy Gordon, Helen Pombett, Erma Jean Thomas, Bennie Brouillette, Betty Crenshaw, Charlette Thermer and Shirley Pislorious.

YW Fall Show Thursday

A YWCA fall show and card party scheduled for Thursday evening, beginning at 7:30 p.m., will include displays by members of YW classes, such as the art class represented here by Mrs. Elden Rabideau of Ashkum, at left, and Mrs. Joseph Kratina of Cabery. They are choosing paintings for the display. Members of a millinery class will model hats they have made; and bridge class members will play cards. The event is open to the public. It is sponsored by the art, millinery, sewing and bridge classes, with Mrs. Gabriel Rose, hospitality chairman, assisting. (Journal photo)

Mae Christopher Says Vows With Fred Williams Saturday

The First Evangelical United Brethren Church was the scene of the double ring ceremony which united in marriage Miss Mae Christopher and Fred L. Williams Saturday at 2 p.m.

Mrs. Thelma Christopher of Kankakee and Merle Christopher of Bonfield are parents of the bride who resided with her grandparents, Mr. and Mrs. O. L. Jordan of RR 2, Kankakee, prior to her wedding. The bridegroom, who resided at 867 S. Third Ave., is the son of Clarence R. Williams of Tucson, Ariz., and the late Mrs. Williams.

The Rev. Earl Bruso performed the double ring ceremony before an altar flanked with arrangements of white mums.

Mrs. Walter Gillen, organist, cousin of the bride, accompanied Jarvis Carlson as he sang "Like Little Birds," "O Perfect Love" and "The Lord's Prayer." Traditional processional and recessional wedding marches were also played.

GIVEN IN MARRIAGE by her uncle, Harold Jordan, the bride wore a floor length gown of peau taffeta. The fitted bodice of Chantilly lace was designed with long tapering sleeves, a sweetheart neckline and was trimmed with sequins. The bouffant skirt swept into a chapel train.

Her shoulder length veil of nylon illusion was attached to a crown of iridescent sequins. She carried a bouquet of red roses and white chrysanthemums.

Miss Janette McKee of Herscher was maid of honor. She was attired in a gown of blue chiffon over taffeta and wore a matching blue headpiece. She carried a bouquet of pink carnations and white pompons.

Bridesmaid was Miss Donna Jordan, cousin of the bride, whose ensemble was identical to that of the maid of honor. Both attendants wore pearl necklaces and earrings, gifts of the bride.

RONALD METSKA SERVED as best man. Groomsman was Alfred Keerbs. Serving as ushers were Russell Jordan, cousin of the bride; Louis Williams, brother of the bridegroom; Donald Walters and Jack Tanner.

A reception was held immediately following the ceremony at Beckers Fellowship Hall. Assisting with the serving were Mrs. John Barna and Mrs. Ernest Pombert, sisters of the bridegroom; Mrs. Clarence Williams, sister-in-law of the bridegroom, and Mrs. Al Anderson. Mrs. Lawrence Goeslin, aunt of the bride, registered guests.

For a honeymoon to southwestern states the new Mrs. Williams selected for traveling a fall print dress with black accessories and a corsage of white seasonal flowers. The couple will reside on Sixth avenue.

Mrs. Williams was graduated from Herscher High School. Prior to her marriage she was employed with Astarrilli Construction Co. The bridegroom was graduated from University High School, Normal, and is employed with Thomas Baird & Son Inc.

Iota Nu Chapter, BSP, Plans Contributions For Christmas Season

When Iota Nu chapter of Beta Sigma Phi Sorority met Thursday evening at the home of Mrs. Richard Meents, the members made plans to bring to the next meeting used clothing for needy children and also to give a Christmas basket to a needy family.

Twenty-two members and a guest, Mrs. Donald Fox, attended the meeting at the Meents home, 908 E. Fourth Ave. Mrs. Elmer Schulteius was co-hostess.

Mrs. Reinhart Wessing, president, presided at the business meeting. She reported on the last City Council meeting and with Mrs. Richard Stone, she reported on the recent meeting with Miss Dorothy Milns from the sorority's international office in Kansas City, Mo.

Mrs. Willis Bowser was appointed in charge of the chapter's Charity Ball tickets. The dance, which is open to the public, will be Nov. 28 at the Knights of Columbus Hall. Mrs. Earl Balls was appointed to the program committee.

Mrs. Rudy Peterson received the hostess gift.

Members will meet at the Charm Beauty School, 257 E. Court St., for a hair style demonstration at the Nov. 19 meeting. Later they will go to the home of Mrs. Gerald Hurst of 1968 E. Chestnut St. for business. Mrs. Gene Massey will be co-hostess.

Eastern Star Elects

Officers were elected at the annual meeting of the Kankakee chapter of the Order of the Eastern Star Friday evening at the Masonic Temple.

Mrs. Harry Crooke was chosen worthy matron; Clayton Turner, worthy patron; Mrs. Cleo Peeler, associate matron; Gordon Wolfzen, associate parton; Mrs. Lawrence McFarland, secretary; Miss Marie Herrmann, treasurer; Mrs. W. E. Jaenicke, conductress; and Mrs. Leo Richmond, associate conductress.

Retiring worthy matron and patron are Miss Marie Herrmann and Willard Bossert.

Installation of officers will be Nov. 20 at 8:15 p.m. at the Masonic Temple.

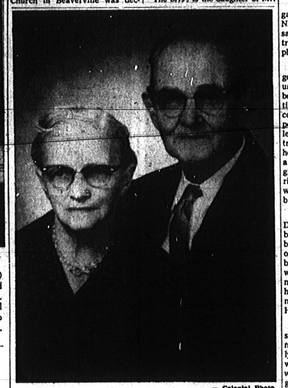
Double Ring Ceremony Unites St. Anne Couple In Marriage

ST. ANNE (JNS) — When Miss Phyllis DePatis became the bride of Donald Savole Saturday at 10 a.m., St. Mary's Church in Beaverville was decorated with bronze chrysanthemums for the event. The double ring ceremony was performed by the Rev. James P. Toolan. The bride is the daughter of Mr. and Mrs. Clarence DePatis of RR 2, St. Anne. Parents of the bridegroom are Mr. and Mrs. James Savole of RR 1, St. Anne.



— Colonial Photo

Sister Mary Clement, church organist, accompanied the Holy Name Academy Girls Choir as it sang the nuptial high mass. The traditional wedding marches were played.

THE BRIDE WAS attired in a gown of Chantilly lace and tulle underlined with satin. The fitted bodice was fashioned with fingertip length sleeves and a stand-up collar trimmed with simulated pearls and sequins. The floor length skirt had a chapel length train. A simulated pearl crown held her fingertip veil. She wore a pearl necklace and earrings, a gift of the bridegroom, and carried a bouquet of red roses. She was given in marriage by her brother, Lawrence E. DePatis.

Maid of honor was Miss Evelyn DePatis of St. Anne, sister of the bride. Her floor length gown of blue velvet and nylon organdy over lace was worn with a velvet bolero. The skirt was trimmed with two large artificial roses to match the dress. Her matching headpiece of velvet braid, trimmed with pearls, held a short veil. Her flowers were pink carnations.

Miss Judith DePatis of St. Anne, sister of the bride, was bridesmaid. Her dress, styled identically to that of the maid of honor, was coral-colored. Both attendants were pearl necklaces and earrings, gifts of the bride.

The bride's cousin, Cheryl Yeoman of Rensselaer, Ind., was flower girl. She wore a street length dress of white lace and carried flowers identical to those of the other attendants. Leland Laurent of St. Anne, nephew of the bridegroom, was ring bearer.

Best man was Elmer Laurent of St. Anne, brother-in-law of the bridegroom. Groomsman was Cletus Clement of St. Anne. Ushers were Paul DePatis of St. Anne, the bride's brother, and Garry Fortin of Papineau.

The St. Anne Community Hall was scene of the reception from 2 to 5 p.m. Serving were Mrs. Lawrence DePatis, Mrs. Donald West, Mrs. Richard Laney, Mrs. Allen Bard, Mrs. Elmer Laurent, and the Misses Vivian Bass, Susan Chenore, Diane Sartin and Joan Webster.

As the couple departed for a honeymoon through southern states, the bride wore a light gray suit with a fur collar, red accessories and a white carnation corsage.

After Nov. 16, the couple will reside near Beaverville, where the bridegroom is engaged in farming. The bride is employed with A. O. Smith Corp., Kankakee. Both are graduates of St. Anne Community High School.

Monee Couple To Hold Open House

Mr. and Mrs. George C. Holl of Monee will celebrate their golden wedding anniversary Sunday with an open house.

The event will be held from 2 to 5 p.m. at St. Paul's United Church of Christ, Monee. The couple has requested no gifts.

Hosts for the event will be their four children, Kermit and Mrs. Leonard Arnold of Monee, Warren of Glenview and Mrs. Charles Williamson of Bourbonnais.

Mr. and Mrs. Holl were united in marriage Nov. 14, 1909, at the home of the bride's parents in Monee.

Before his retirement in May, Holl was engaged in the garage and trucking business for 35 years.

Besides their four children the couple has seven grandchildren and one great grandchild.

Queen's Attendants Meet Monday Evening

The Queen's Attendants Club met Monday evening at the Masonic Temple. Mrs. Nina Miner, president, presided.

The club donated $10 toward an organ fund in memory of a deceased member, Mrs. Lillian Lund.

Following the meeting, games were played and prizes awarded to Mrs. Helen Byrnn, Mrs. Iona Carruthers and Mrs. LeRoy Hummel.

Refreshments were served from a table decorated in a Thanksgiving theme. Hostesses were Mrs. Dorothy Little, Mrs. Jim Ginger, Mrs. Ben Darrough, Mrs. Ralph Williamson and Mrs. Sylvia Shelley.

The next meeting will be Dec. 14.

Wendy Sue Tannehill Honored At Party On First Birthday

Wendy Sue Tannehill, daughter of Mr. and Mrs. Ronald Tannehill of 300 S. Grand Ave., Bradley, was honored on her first birthday Sunday with a party in her parents' home.

Among those present were her maternal grandmother, Mrs. Mary Waljekunas, and her paternal grandparents, Mr. and Mrs. Ralph Tannehill Sr., all of Bradley, and an uncle and his family, Mr. and Mrs. Harry Pedigo and sons of Santa Monica, Calif. Other relatives and friends called throughout the afternoon.

Mrs. Paul Scott of 583 E. Beaudoin St., Bourbonnais, president of Pilot Grove Home Bureau unit, left, and Miss Clarita Walker from the University of Illinois, guest speaker at the county-wide Home Bureau meeting Tuesday in the Civic Auditorium, discuss Pilot Grove's Christmas table setting for a formal dinner which was on display as part of the timely topic, "How To Make An Attractive Table Setting." The table was centered with a white Christmas tree on a red table cloth, accented by white dishes and red napkins. (Journal photos)

Mrs. Charles Yohnka of RR 3, Kankakee, shows an attractive table setting appropriate for an after-caroling buffet. Representing Court Home Bureau unit, she used a red table cloth and napkins with white casual china to create a striking effect. The centerpiece, featuring a lighted kerosene lantern, evergreen boughs and pine cones, was on display at the county-wide meeting.

With table appointments from around the world, Momence unit of Home Bureau decorated its Thanksgiving table for the county-wide meeting. Mrs. George Bade of RR 2, Momence, unit secretary, is pictured at the table which included silverware from Pakistan, dishes from England and a table cloth from Italy. The centerpiece was composed of wine-colored chrysanthemums, grapes and gold-sprayed leaves.

When the DILLY DALLY CLUB met Thursday at the home of Mrs. Billy Clayton of 735 E. Broadway, Bradley, plans were made for a Christmas buffet supper. The event will be Dec. 17 at the home of Mrs. Ronald Harpin of 420 N. Union Ave.

Pinochle formed the evening's diversion. Mrs. Harpin won a special prize.

Local Woman Attends State Meeting of Amvets Auxiliary Sunday

Mrs. William F. McDougall of 1134 E. Maple St. was in Springfield Sunday to attend the state executive meeting of Amvets and its auxiliary. She is Fourth District president of the auxiliary.

State Cmdr. Edwin Fifielski and Mrs. John Bradley, state auxiliary president, conducted the meetings. Junior Amvets and more hospital work in the state mental hospitals were discussed by the auxiliary. Mrs. Edwin Fifielski, Junior Amvet chairman, announced there are three such chapters in the state. Eligible for membership in Junior Amvets are sons and daughters of Amvets or deceased Amvets who range in age from 7 to 18.

Mrs. McDougall announced that the next district meeting will be Nov. 15 at 1 p.m. in the club rooms at Champaign.

The next state executive meeting will be April 15, also in Champaign.

County Home Bureau Members Told How To 'Live With Self'

"Living with yourself is more of a job than you realize," Miss Clarita Walker, family life specialist from the University of Illinois, told approximately 350 members and guests of Kankakee County Home Bureau at a county-wide meeting Tuesday afternoon in the Civic Auditorium. "Knowing ourselves helps us to better live with others," she said as she spoke on November's major lesson, "Living with Yourself."

Good mental health resolves around three traits, she said. First of all, the person must feel comfortable about himself. In this respect, he must not be bowled over by his own emotions. He can take life's disappointments in his own stride. He has a tolerant, easy-going attitude about himself and can laugh at himself. He doesn't overestimate or underestimate his abilities; he can accept his own shortcomings. He has self-respect and can deal with most situations that come his way.

SECONDLY, THIS person feels comfortable about other people. He considers the interests of others and shows love and interest toward them. His personal relationships are satisfactory and lasting. He accepts the differences he finds in other people and doesn't push them around or allow himself to be pushed around. He feels part of the group.

A third trait is that of being able to meet the demands of life. He does something about problems as they arise and accepts responsibilities. He plans ahead. He is able to think for himself and make decisions. He loves new experiences and new ideas. Contributing facts toward the person's whole makeup include his experience, understanding, knowledge, training and inheritance.

A person is affected by everything he does, and this adds up to experiences. Understanding is important because a person needs to understand to make it easy for others to understand him. Good work shows good ute o' knowledge. Training is acquired from the time you are a child, and it is gained through family, community and national relationships and also through formal education. Inheritance influences our physical structure and mental philosophy.

"YOU ARE CUSHIONED to life's situation and constant pressures by your family," Miss Walker said. The family's role is to help us face difficulty, and no matter what our age, we need someone to help us with that.

Miss Walker stressed the importance of maintaining a fair balance of work, play, friendships and spiritual and cultural development. "Look first for a healthy life," she said, "and then let success and honor come if they will. You can adjust if you have good health."

She said, "A person must remember, 'I have to live with myself, so I want to be fit to know, I can't hide myself from me. I want to be self-respected and conscience free.'

"A man or woman wrapped up in himself or herself makes for a very small package," Miss Walker told the audience.

She also said, "Happiness has one great advantage over wealth. People don't try to borrow it, but you can share it."

To close, she pointed out that a person gives away his true self by his small mannerisms and the way he reacts. There is really no sense in any effort at pretense, she concluded.

Mrs. Donald Johnson, family life director, introduced the speaker.

A DISPLAY OF Thanksgiving and Christmas table settings formed the timely topic. Mrs. Henry Tallman, home and furnishings director, arranged for home bureau units and 4-H members who won first and second place awards at the county fair to display their settings, to give members ideas for holiday decorating. The units included Pilot Grove, Momence, Court, Bonfield, South Kankakee and Limestone. The 4-H members were Genita Marr, Janice Rice and Margery Robinson, all from Rockville Snip 'n Snack 4-H club.

Mrs. Ray LeVasseur, president of the Home Economics Extension Council, which sponsored the program, welcomed members and guests and announced that this was the second annual county-wide meeting sponsored by the council. It replaces the units' regular individual monthly meetings.

Mrs. Thomas Hemstreet, home adviser, greeted the group and announced that a local leader training school for the December lesson, "Christmas Feature —Family Living," will be Nov. 18 at 1:30 p.m. at the Farm Bureau Hall. The first section will be in toys for children; the second on family readings; and the third on the ways others celebrate Christmas as a holiday season, presented by four foreign-born women, now local residents. She also announced a local leader training school on Dec. 9 in preparation for the January-February lesson, "First Aid for Accidents and Emergencies."

Mrs. Donald Goreham, assistant home adviser, also welcomed the group and announced coming events at the University of Illinois in which Home Bureau members may participate.

Mrs. Wesley Schilling, 4-H chairman, invited members to attend the annual 4-H achievement night Saturday at 7:30 p.m. at West Junior High School. Mrs. Raymond Grumish, leisure time activities director, reported on the success of the extension council's Holiday Handicraft Workshop Oct. 16.

Hair Styles Subject Of Program For Alpha Omega Chapter

The program, entitled "Woman's Crowning Glory," presented at the Tuesday evening meeting of Alpha Omega chapter of Beta Sigma Phi Sorority centered around hair styles. Mrs. W. K. James of 501 Dennis Ave., Bradley, hostess for the meeting, also was in charge of the program.

Mrs. Vern Crist gave the history of hair styles. Mrs. Veronica O'Connor gave a demonstration of two of the latest hair styles, the Empire Look and the Double French Twist. Models were her daughter, Jackie, and Mrs. Rosemary O'Connor.

Co-hostess was Mrs. Richard Rambo.

Sorority members are planning to stuff envelopes for the Kankakee County Tuberculosis Christmas Seal campaign and also to contribute to the Kankakee Community Chest. A Thanksgiving basket will be given to a needy family.

Announcement was made that a street parade Nov. 21 at 3 p.m. will be held in conjunction with the sorority's 23rd annual Charity Ball Nov. 28 at the Knights of Columbus Hall.

The Nov. 17 meeting will be at the home of Mrs. Elmer Haake of 1148 S. Eighth Ave. Co-hostess will be Mrs. James Court.

13 Area Women Attend Institute In Marseilles Saturday

Eleven members of the Beatrice Society of the Reorganized Church of Jesus Christ of Latter Day Saints and two guests were among the 75 women attending the Northeastern Illinois District Women's Institute at Mission Branch in Marseilles Saturday.

Those attending from this area were Mrs. Marven Jones, Mrs. Joseph Shockley, Mrs. J. Clinton Rogers, Mrs. Richard Lidberg, Mrs. David Chobar, Mrs. Cora Speicher, Mrs. William Meents, Mrs. Lloyd Cunningham, Mrs. Rollo Harris, Mrs. Russell Rogers, Mrs. Alex Bracken and guests, Mrs. William Dahler and Miss Betty Bracken.

The theme for the day was "Laborers for the Harvest." Mrs. J. Cedric Evans of St. Louis, Mo., conducted a morning class on the subject, "To What Purpose." She discussed the purpose of women's groups in the church and the goals for which they should strive. She also conducted the afternoon class, "On Being a Woman."

Following the class, a feature, "We Shall Testify," was introduced by Mrs. Leslie Wight of Chicago with Kankakee, Elgin, Ottawa and Forrest groups participating.

Mrs. Russell Rogers of Kankakee presided at the business session following lunch.

FOLLOWING HER CORONATION in London, Miss World, Corine Rottschafter (center) of Holland is surrounded by runnersup in competition. They are from left to right: Anne Thelwell, United Kingdom; Maria Rosell, Peru; the queen; Ziva Shomrat, Israel; and Kirsten Olsen, Denmark. (Unifax)

'I Need Publicity'

Dutch Girl Queen Pleased Over Feud

LONDON (AP)—Corine Rottschafter, a blue-eyed Dutch blonde who won the 1960 "Miss World" title by a 5-4 vote Tuesday night, is pleased over charges that the contest was rigged.

"I'm a model and I need publicity," said Corine after her selection prompted wails of protest from the American and Canadian contestants. "Now I'll be able to charge higher prices."

Corine edged Miss Peru, Maria Rossel, 17, to take the crown, which ranks with Long Beach's "Miss Universe" and Atlantic City's "Miss America" in the up per bracket of beauty contests.

BOTH LORETTA Powell of Bridgeport, Conn., representing the United States, and Miss Canada, Huguette Demerrs, charged that padding was responsible for the 37-inch bust that topped the winner's 22 waist and 37 hips.

They also claimed that Corine is engaged to one of the judges — Frenchman Claude Behr, a beauty contest organizer who sponsored Corine in last year's Miss Universe competition.

"I've heard this talk but believe me there's nothing to it," Behr declared. "Some of the girls apparently believe Corine is my fiancee but that's impossible—I'm already married."

Corine denied the padding charge, asserting, "I had no support, no wires, no padding."

Third prize went to Ziva Shomrat, 18, a private in the Israeli army. She was followed by Anne Thelwell of England, 22, and Kirsten Olsen, 20, of Denmark.

Former Grant Park Resident Weds

GRANT PARK (JNS) — Mrs. Norma Jean Colson, daughter of Mrs. Alma Kurth of Chicago Heights, formerly of Grant Park, and the late Edward Kurth, exchanged vows with George Vernon Low of Markham Saturday.

The ceremony took place in the Chicago Heights Christian Church with the Rev. T. W. Simer of the Sherburnville Christian Church officiating.

Following a wedding trip the couple will reside with the bride's mother at 1309 Otto Blvd.

Baby Shower Honors Mrs. Donald Murphy, 9-Day-Old Daughter

A baby shower honored Mrs. Donald Murphy and her nine-day-old daughter, Pamela Marie, Sunday afternoon at the Murphy home, 1116 E. North St., Bradley.

Hostesses for the event were Mrs. Virgil Wagner, Mrs. George Murphy and Miss Betty Murphy.

Parlor games were played and prizes won by Mrs. Robert Hamilton and Mrs. Lucille Van Horn.

A color scheme of pink and white was used in decorations which included a pink ceramic baby buggy and doll and a floral arrangement. Mrs. William Murphy assisted with the gifts.

Secretaries Will Award Scholarship

An interest in furthering education, timely during this American Education Week, has resulted in a decision by members of the Kankakee Valley chapter of the National Secretaries Association to establish a scholarship fund. The group reached this decision at a Monday evening meeting, held at a local restaurant, and a committee was appointed to select an outstanding student from a local high school. The scholarship will be in the secretarial field.

American Education Week was further mentioned at the meeting as the president, Mrs. Ray Gibson, read a letter from Vernon L. Nelson, principal of the Aroma Park School and chairman of the "week" committee for Kankakee schools. American Education Week began Sunday and will end Saturday, the theme being "Praise and Appraise Your Schools."

A COMMITTEE was also appointed to make arrangements for providing "a nice Christmas for a needy family." It is the practice of the group for members to contribute to a Christmas fund instead of exchanging gifts.

Two coming events discussed were a bosses' night in April and a state meeting to be held in Joliet at which time members of the local chapter will serve as co-hostesses with Joliet chapter members.

The next meeting of the chapter will be held Dec. 14 at Mancuso's restaurant. Members of the by-laws and scrapbook committees will serve as hostesses.

THREE MEMBERS of the Kankakee Valley NSA chapter attended a recent Great Lakes district meeting in Peoria. They are Mrs. Gibson, Miss Joan Kraus and Mrs. Lloyd Evans. Key speaker at this event was Frank S. Talcott, office manager of a large firm and member of the Institute for Certifying Professional Secretaries.

Talcott stressed the fact that the Certified Professional Secretary achievement is comparable to that of the Certified Public Accountant in business, and that members of management are becoming more interested in the National Secretaries Association and the Certified Professional Secretary. There are now 1,740 secretaries with that distinction in the United States.

TEN OTHER Chapter members will attend a fashion show in Chicago Saturday, sponsored by the Lakeshore chapter of NSA. They are Miss Francis O'Connor, Mrs. Kenneth Gachet, Mrs. Katheryn Sadenwater, Miss Catherine Drolet, Mrs. Neal Sharp, Miss Zerita Muensterman, Mrs. Donald Milk, Mrs. Lyle Layless, Mrs. Axel Jensen and Mrs. William Hatting.

Warriors Say Foes Rough Up The Stilt

PHILADELPHIA (AP)—The Philadelphia Warriors say other National Basketball Association clubs are hitting their rookie star, Wilt Chamberlain, with everything but the water bucket. And they want him to fight back.

In the Warriors' dressing room Tuesday night after Chamberlain had scored 39 points and made 43 rebounds — a new club record — to lead Philadelphia to a 126-125 victory over New York, teammate Guy Rodgers remarked:

"Sure every team we play is hitting Wilt with everything but the water bucket. Tell you what I hope he does. Shove back hard once. Shove back hard again. The third time, he ought to knock the guy into the balcony. That will teach 'em."

COACH NEIL Johnston agreed with Rodgers.

"The officials are letting them get away with murder against Wilt," Johnston said.

But the easy-going Chamberlain refuses to be goaded into violence.

"Everybody says to knock the other guy off the court," Chamberlain declared. "That's not my way. I just want to play my normal game. I don't want trouble. But if it keeps up like this, I guess I'll have to punch somebody in the mouth."

Meanwhile Boston, the Eastern division leader, and St. Louis, the Western division leader, both emerged with victories in the only other league games.

SOPHOMORE ELGIN Baylor tossed in 37 points for Minneapolis but the Lakers were outclassed in a 134-105 loss to St. Louis. Led by Cliff Hagan's 35 points, the Hawks ran up a 25-point lead midway in the second quarter and Minneapolis never did recover.

Veteran Bob Cousy hoisted Boston to a 138-109 victory over Detroit with his steady playmaking and 26 points while teammate Bill Russell contributed 24 points. Gene Shue pumped in 28 points for Detroit.

Rhoades May Go Over 100 Points Friday

Watseka's Dick Rhoades, the flashy halfback pegged in preseason prognistications as one of Kankakeeland's finest prep football players, has all but clinched the area scoring title.

Watseka is the area's only undefeated-untied team.

Rhoades goes into Friday night's game against Milford with 90 points on 15 touchdowns. He is expected to surpass 100 points despite the fact that injuries kept him idle in several games.

In second place is Reddick's Dick Raab, with 70 tallies on 10 TDs and 10 extra points. Raab, however, is out of the race since Reddick closed its eight-game season last week. Raab led the area with 102 tallies in 1958.

Rhoades, who scored nine touchdowns in his first two games this fall, has been clowed down by injuries most of the season. Last Friday in Watseka's 76-6 rout of Oakwood, Rhoades virtually clinched the title with three touchdowns.

His top two pursuers now are Milford's Ron Schmohe and St. Patrick's Ron Reilly.

Schmohe, who will get a crack at Rhoades and Company Friday, piled up 20 points last Friday as the Bearcats ripped Piper City 39-7. His season's total is now 66.

Reilly is another member of the "10 touchdown club" and has a total of 65 tallies. He is Greater Kankakee's top scorer.

Watseka's end Karl Winkler has only two TDs but has booted 37 extra points in 50 attempts for a total of 49 tallies.

Cissna Park Raps East Lynn 83-64

CISSNA PARK (JNS) — Bob Krapf's Cissna Park Red Devils won their first cage game in two starts here Tuesday evening 83-64 over twice beaten East Lynn in a non-conference tussle.

Junior center Bill Gudeman turned in a fine rebounding job and scored 21 points to pace the win winners. Gary Houmes netted 25 for East Lynn.

Forward Dick Hasselbring added 18 tallies to the Cissna cause and Kenny Gudeman, elder brother of Bill, tossed in 14. Sam Draycer had 12.

Cissna roared to a 26-13 first quarter lead and continued to pull away each of the remaining periods.

Cissna Park's frosh-soph team, made up mostly of freshmen, won its second straight game 37-33 over the visitors in the prelim.

Cage Outlook No. 3

Donovan Fans Chant, 'Wait'll Next Year'

DONOVAN (JNS)—Coach Tracy Dust, the young man who suffered through a long winter last year with freshmen dominating his lineup, is looking for a better showing than his Donovan cagers this season but the Wildcats are still a year away.

The 'Cats, an Iroquois Conference member, had a frustrating 2-18 record last season. They open their 1959-60 card Friday night at Stockland.

"It would be hard to make an advance estimate of this year's record," said Dust. "We have too many sophomores. However, we took our beatings last year in order to give them that needed experience."

DUST SAID HE feels his top guards, senior Steve Gerkin (5-11) and junior holdout Larry Langellier (5-5), are very capable and have looked outstanding in scrimmages thus far.

There are nine sophomores, two seniors, a junior and a freshman on the 15-player roster.

The six returning lettermen are (besides Gerkin and Langelller): twins Don Scharf, 6-2 center, and Ron Scharf, 6-2 forward; and Mitch Ward, 6-2 forward; and sophomores; and 6-3 center Marion Claire, a senior.

THE WILDCATS are a comparatively rangy outfit with seven boys 5-11 or over and five of those better than six feet tall.

Coach Dust, whose team is picked by several coaches as one of the best in the league, picks Sheldon and Milford to top the IC.

The schedule:

MSU May Blast Northwestern's Bowl Dream:

CHICAGO (AP)—What could be two of the fastest football teams in the nation will meet at East Lansing, Mich., Saturday with the outcome going a long way in determining the Big Ten championship and the Rose Bowl bid.

Northwestern, tied with Wisconsin for the conference lead, meets rapidly improving Michigan State. Both coaches are confident of victory and team speed.

Ara Parseghian, the Northwestern leader, told the Chicago Football Writers Tuesday that his Wildcats will "be up for the game" despite their loss to Wisconsin last Saturday.

"OUR KIDS will come back," said Parseghian. "But I have to admit that Michigan State is tough. I am impressed by Michigan State's aggressiveness, speed and hustle.

"We haven't given up in our efforts to win the championship. Playing away from home will be tough but I'm sure the boys will give one hundred per cent. Michigan State is the most improved team in the conference and we fear Dean Look and Bob Adderley."

According to Michigan State Coach Duffy Daugherty, Northwestern's sixth-ranked Wildcats have reason to fear Look.

"He can run, pass, kick and even play defense," Daugherty told the Writers over a telephone hookup.

DAUGHERTY, whose Spartans have had troubles on pass defense, said in Northwestern he would be meeting the most explosive club in the country.

"With fellows like Ron Burton and El Kimbrough you can't let down," said Daugherty.

Northwestern cannot afford to lose to Michigan State in order to maintain serious title hopes. Wisconsin is at home against Illinois and plays at Minnesota. The Badgers figure to win both games.

After Michigan State, Northwestern plays at Illinois where the Illini can be especially tough since they will be playing their last game under Coach Ray Eliot. He will be stepping up as ah assistant athletic director.

MacKay Powers Way Into Japan Net Semifinals

TOKYO (AP) — Top-seeded Barry MacKay of Dayton, Ohio, powerhoused his way into the semifinals of the Japan National Tennis Championships today with a 6-3, 6-2, 10-8 victory over Philippines Miguel (Mike) Dungo, but teammate Myron Franks of Los Angeles was eliminated by Japan's No. 3 player, Masao Nagasaki.

Nagasaki, a Keio University student, found his touch after dropping the first two sets and whipped Franks, a U.S. Navy ensign, 4-6, 6-8, 6-4, 6-3, 6-4, in a three-hour struggle.

MacKay, stepping up the pressure only when it became necessary, pounded out his easy victory over Dungo.

In other quarter-finals, Japan's Atsushi Miyagi subdued Johnny Jose 5-7, 6-4, 7-5, 3-6, 6-2, but Raymundo ,Deyro kept the Philippine's hopes alive with a 10-8, 6-1, 6-0 triumph over Japan's No. 1 player, Susugu Matsuura.

Top-Ranking Elevens Most 'Offensive'

By THE ASSOCIATED PRESS

Three of the four major undefeated and untied teams—Syracuse, North Texas State and Southern California — rank 1-2-3 in total offense, and the fourth—Texas—join the big three among the first seven teams in rushing.

Figures released today by the NCAA Service Bureau show Syracuse, the nation's No. 1 team, first in total offense, first in scoring and third in rushing. North Texas State is third in total offense, fifth in scoring and first in rushing.

Southern California is fourth in total offense and in rushing. Texas is seventh in rushing.

THE QUAKERMEN have scored an average of 33.9 points, gained 420.3 yards and rushed 295.9 per game. Mississippi is second to Syracuse in scoring with an average of 31.3 per game, Iowa is second to the Orangemen in total offense with 408.2 rushing per game and New Mexico is second to North Texas State in rushing with 299.8 yards per contest.

The forward passing leader is Stanford. The Indians have gained 205 yards per game in the air. They wrested first place from San Jose State by gaining 214 yards in a losing game to UCLA last Saturday. San Jose State is second with 196.9 yards a game.

Virginia Tech has completed the most touchdown passes, 14, and Arizona State U. has had the fewest interceptions, only two of 84 passes.

Hawks Still Can't Win For Losing

By THE ASSOCIATED PRESS

For the Chicago Black Hawks, it looks as if the National Hockey League opened — and closed — on Oct. 7.

Tuesday night, the Hawks whipped the New York Rangers 5-2. They've tried 13 times since to get another victory and they're still trying.

Tuesday night, the Toronto Maple Leafs extended the winless streak — nailing second period goals by Billy Harris and Frank Mahovlich and a last-minute score by Ron Stewart for a 3-1 victory over Chicago. So the Hawks, who nailed two points on opening night, have but two ties to show for all their work since. They've lost the other 11, they've played four games with hardly under way already have dropped 18 points behind the league-leading Montreal Canadiens.

Only the Rangers are waiting for them. They've won only twice and with three ties have a total of seven points — giving the Hawks somebody to shoot at. Detroit, second to the Canadiens, has 17 points —five off Mnotreal's front-running pace.

Running Game Back In Style On College Grids

NEW YORK (UPI) — Today's college football lesson: Don't throw the ball if you can find some big boy to run with it.

The latest NCAA figures show that the most successful major college teams are concentrating on rushing.

Three of the remaining four major unbeaten — untied teams — Syracuse, North Texas State and Southern California—rank 1-2-3 in total offense. All four perfect-record teams add Texas are in the first seven in rushing.

On the other hand, only South-ern Methodist (4-2-) of the 10 top passing teams has lost less than three games and the 10 air leaders, a 34-39-2 overall record, for the season. The top 10 rushing teams show a 61-13 won-lost record.

WHILE KNOCKING Penn State out of the unbeaten ranks last Saturday, Syracuse remained first in total offense for the third straight week with Iowa again runnerup. The well-balanced Syracuse team, ranked No. 1 in the nation this week by the UPI board of coaches is averaging 420.3 yards per start without one player among the individual leaders.

Syracuse's top passer Dave Sarette—and he is 36th in the nation in individual gains.

No total offense champion ever has won the title without at least one player higher up the ladder.

NORTH TEXAS State strengthened its grip on the rushing leadership. The Texas school has averaged 319.9 rushing yards a game, 10 yards a game more than New Mexico and 14 more than third-place Syracuse.

Stanford replaced San Jose State as the leader in team passing while being walloped by UCLA last Saturday. Stanford has averaged 205 air yards a game against 196.9 by San Jose State.

Inter-League Trading To Be Brisk—Veeck

CHICAGO (AP)—Baseball fans who get kicks from seeing trades made are in for a lot of fun within the next month.

That's the opinion of Chicago White Sox president Bill Veeck whose eyes light up when he talks about inter-league trading which runs from Nov. 21 through Dec. 15.

"Everybody is shopping and everybody is ready to deal," Veeck told The Associated Press.

"WHEN YOU TRADE within your own league you know who wants what and what they are willing to give," said Veeck. "But this inter-league trading opens up numerous possibilities. Oh, it's going to be a lot of fun."

Veeck said he would trade anyone from his American League champion White Sox if the offer were right. However, he explained that nobody would offer enough for certain stars such as pitcher Early Wynn, shortstop Luis Aparicio and second baseman Nelson Fox.

"WE'LL TRADE," said Veeck. "Make no mistake about that. And we're going to get a power hitter. I don't know who it will be or where he'll come from but we'll get one."

Veeck said only last Friday he talked with officials of nearly a dozen teams including Philadelphia, St. Louis, Cincinnati, Pittsburgh, San Francisco and Milwaukee.

Sheldon Blasts Stockland 80-54

SHELDON (JNS) — Sheldon's Rams controlled the boards here Tuesday night as they tolled past Stockland 80-54 in an Iroquois Conference basketball game.

It was the season's opener for Sheldon and the first loss in two starts for Stockland.

All five Sheldon starters scored in the double figures as forward John Davis led the way with 20 tallies.

Doug Trudeau and Roger Voigt had 18 and 17, respectively. Vic Calahan added 11 and Steve Liebenow contributed 12.

Fred Hattabaugh paced the losers with 22 points on 10 field goals and two free tosses.

Sheldon easily won the frosh-soph prelim game by a 50-39 count.

96 Attend Rules Meeting Here

Ninety-six basketball officials and coaches from a radiut of 50 miles attended Tuesday night's rules interpretation meeting in the East Junior High School auditorium.

Otto Kuehn of Chicago represented the Illinois High School Association as interpreter. He dealt mainly with changes in the 1959-60 rules, all of which are minor.

Refreshments were served afterwards in the school cafeteria.

Syracuse Rated By 36 Points Over Colgate

NEW YORK (UPI)—The college football oddsmakers, never famed for their generosity, today were quoting Syracuse as a whooping 36-point favorite for Saturday's meeting with Colgate.

It could be an "overlay."

Sure, Syracuse is the nation's No. 1 team and is undefeated in seven games this season while Colgate has a dismal 1-6 record. But the Red Raiders have suffered only one shutout (against Yale), scoring at least two touchdowns in each of their other six games.

So if you like underdogs, Colgate and 36 points looks mighty inviting.

Second-rated Texas is a six-point favorite over Texas Christian, third-ranked Southern California is picked to defeat Baylor by at least 14 points, and fourth-ranked Louisiana State is a 22-point choice to regain its winning form against Mississippi State.

Here is a rundown on the odds:

Philly Owner May Put Team In New Pro Grid League

PHILADELPHIA (AP) — Bob Carpenter, owner of the Philadelphia Phillies, reportedly would like to own one of the eight teams in the American Football League — under certain conditions.

Those conditions are: A certainty that the league won't fold and assurances that initial financial reverses won't scare off other club owners.

Carpenter, however, has made no decision whether to bring a franchise to Philadelphia and thus be the owner of professional baseball and football teams in one of the nation's top centers.

The forward passing leader is Stanford. The Indians have gained 205 yards per game in the air. They wrested first place from San Jose State by gaining 214 yards in a losing game to UCLA last Saturday. San Jose State is second with 196.9 yards a game.

Sportsmen Clubs Form Council

The Kankakee County sportsmen clubs formed a county council Tuesday night with 12 county clubs represented. The group was formed to promote desirable legislation, abate pollution and preserve wildlife.

Participating clubs are Bradley-Bourbonnais, Exline, Grant Park, Herscher, Kankakee, Kankakee Valley Bo-Hunters, Kankakee Valley Rod and Gun, Key City, Momence, Manteno, St. Anne and Saliba.

Officers of the group will be selected from the first three clubs by the club members.

Tudor Era U. S. Hope In Today's International

LAUREL, Md. (AP)—The snap of an elastic rope at the yell "come on" by starter Eddie Blind will release a dozen straining horses this afternoon for a mile and half run in the biggest representative Washington D.C. International so far.

The nine nations with rooting interest in the $100,000 spectacle are two more than in any of the past seven internationals.

The flags of the United States, The U.S.S.R., England, Peru, Australia, New Zealand, Mexico, France and Venezuela will be flying in the infield against a solid backdrop of gold and green leaves.

A HOME-OWNED entry, Tudor Era, is again being touted as the probable favorite at early odds of 2-1. The bettors put most of their money on U. S. entries five times previously and lost it. Foreign favorites in two other internationals also failed.

Tudor Era, owned by Mrs. Herbert Herff of Memphis, Tenn., who bought the English - bred mostly on the basis of having finished first in last year's International fuss.

Tudor Era was disqualified, and placed second, and the $70,000 first prize was awarded to the Australian, Sailor's Guide. Trainer Arnold Winick says Tudor Era will "mend matters" this time. Slight excuses are being made only for England's Aggressor and France's Mi Carina.

Aggressor does best on a soft turf. But the brand new Laurel course, expanded from seven-eighths to a full mile, is firm and the weather forecast is for fair with temperatures in the low 60s.

TRAVELERS with Mi Carina by the 3-year-old filly did not ship as well as countrymate Midnight Sun. The Laurel probable odds selector has made Midnight Sun, a 3-year-old colt, his second choice at 3-1.

The other U.S. starter is Cain Hoy Stable's Bald Eagle.

The Soviet pair of Garnir and Flang is the biggest question mark. Garnir, who finished sixth last year, has improved impressively in appearance and will start from the inside post position. Flang provokes thought with five straight victories behind the Iron Curtain.

"We have as good a chance to win as anybody else," says Yevgeni Dolomotov, leader of the Soviet delegation.

Similar sentiments exist in the camps of New Zealand's Up and Coming, Venezuela's Pensilvania, Peru's Lightning, Australia's Vogel and Mexico's Lea-B.

NU Picked To Win, Illinois To Lose

CHICAGO (AP)—The old midwest football professor must apply some resin to his crystal ball. He bobbled last week on Wisconsin, Michigan, Georgia Tech and Navy.

The prof can make one statement without fear of contradiction: The season will end soon.

Northwestern 18, Michigan State 12—The pressure of continuing an undefeated skein has been removed from the Wildcats. This is the first Michigan State-Northwestern game in 35 years, so there is no particular axe to grind. Both teams are extremely fast.

Wisconsin 14, Illinois 13—When you least expect it, Ray Elliot's Illini yank the rug from under you. The Badgers may be ripe for a stumble after knocking off Northwestern. However, the Badgers have a big quarterback edge with Dale Hackbart running the show.

Purdue 13, Minnesota 7 — The only team to trip Wisconsin, Purdue's Boilermakers should bounce back from the 15-0 blanking by Michigan State.

Iowa 19, Ohio State 13 — The Hawkeyes seek their first victory at Ohio State since 1948. Iowa's Olen Treadway-paced Hawkeyes have averaged 408 yards a game and rolled up 86 points in their last two starts against Minnesota and Kansas State.

Indiana 13, Michigan 12 — The Hoosiers will score more than one plainly visible touchdown in their homecoming. However, the Wolverines are on the march and this could be a corking good scrap.

Notre Dame 19, Pittsburgh 14—The Irish will be full of fight after that 14-10 defeat by Georgia Tech.

Marquette 13, Cincinnati 12 — The Warriors have been beaten by some tough customers and should make it two in a row.

Brown Leads Both Rushing, Points In NFL

PHILADELPHIA (AP) — Fullback Jimmy Brown of Cleveland, who has led the National Football League in rushing all season, now has taken over first place in scoring.

The bulldozing Brown, who has been a one-man show for the Browns, scored two touchdowns Sunday against Philadelphia to bring his season's total to 10 for 60 points.

He is trailed by Tom Davis, San Francisco, 55 points; Bobby Joe Conrad, Chicago Cardinals, 53; and Bobby Layne, Pittsburgh, 51.

MEANWHILE, Brown has gained 862 yards on the ground in 183 carries for a 4.7 average. Second in rushing is J. D. Smith of San Francisco, who sows 696 yards in 139 carries for a 5.0 average. Ollie Matson of Los Angeles is third with 687 yards in 116 tries for a 5.9 average.

Quarterback Ralph Guglielmi of Washington, who has been sidelined the past two weeks with injuries, backed into the passing lead as last week's leader, Billy Wade of Los Angeles, failed to main ain his average gain. Average gain determines the leaders in passing.

Guglielmi has completed 26 of 60 pass attempts for 515 yards and an 8.58 average. Wade, has 65 completions in 137 attempts for 1,133 yards and an 8.27 average.

RAY BARRY, Baltimore, caught only four passes Sunday against Washington but his 44 catches for the year gives him a wide edge in the receiving department. He has gained 643 yards, more than a third of his team's total.

Behind Bary are Billy Wilson, San Francisco, 31—412; and Frank Gifford, New York, 28—531.

New York's Don Chandler continues to be tops in punting with a 47.7 average. Second is Tom Davis of San Francisco with a 45.6 average.

Johnson, Moore's Top Challenger, In TV Bout Tonight

CHICAGO (AP) — Harold Johnson, unbeaten in more than four years, shoots for an impressive victory over Chicago's Sonny Ray tonight to strengthen his campaign for another light heavyweight title crack at Archie Moore.

Johnson, 31, has won his last 10 bouts and is a 3-1 favorite to defeat Sonny Ray, 23, in the televised 10 rounder (9 p. m. CST), in Chicago Stadium. It will be scored by the five-point-must system.

The No. 1 contender, Johnson has had only one start this year, kayoing Cleveland York in six rounds May 4. His overall record is 61-8, including 28 knockouts. Four of his losses were by knockouts — a second round KO by Julio Mederos, May 6, 1955 in Philadelphia and a split decision defeat.

A steady boxer, Johnson has met Moore five times. Moore broke one Johnson winning streak at 25 and another at 12, while beating him four out of five. Harold outpointed Archie back before Moore won the title, on Dec. 10, 1951.

Business World Provides Support For Education

American Education Week Nov. 8-11 serves to point up the broad, year-around interest of Kankakee business, industry, professional and service groups in education.

The Kankakee business world shows its support to local education in several areas, the two most important of which probably are scholarships and participation in the industrial education program. Locally unique is the General Foods Faculty Fellowship grant now in its third year. A grant of $1,000 is provided Kankakee School District 111 to aid teachers in financing advanced studies to improve their own abilities and benefit students and the schools.

IN THE TWO YEARS that the General Foods Fellowship has been granted to Kankakee School District, eight faculty members have shared in the financial aid for summer studies. Teachers make application and the administration and board of education select those to share in the grant.

The first General Foods grant was given in 1956 at LeRoy, N. Y. Four teachers shared in it. The following year, it was increased and four additional teachers were able to help finance summer schooling through it. The grant has grown now to $18,780 from 17 General Foods plants and, in 1959, 102 teachers studied in 31 colleges with the aid of the grant.

A new local scholarship offered by the Kankakee Valley Pharmaceutical Association, which announces it will award a scholarship to a Kankakee County high school graduate of the 1959-60 class.

The selection of the recipient will be made by the Kankakee County superintendent of schools and the executive committee of the association.

Qualifications for the KVPA award will be primarily the student's ability and the subjects studied that lend themselves to the student's success in pharmacy college.

A NUMBER OF financial scholarships awarded by local organizations to local students are of such long standing that they have become traditional. Kiwanis Club scholarships for scholastic ability and Elks Club monetary awards for leadership and scholarship are annual customs. The Kankakee Business and Professional Women's Club and the Kankakee chapter, Zonta International, each year award nursing scholarships.

A science student annually is aided toward college education through the Joliet Section, American Chemical Society.

One of the most coveted local scholarships is that awarded by the Kankakee High School chapter, National Honor Society.

The Kankakee Teachers Federation each summer helps young, local firms participate in the industrial education program which enables seniors to obtain experience along with classroom work, enabling them to turn theory to practicality.

The program includes office occupations, distributive education and diversified occupations. Students are employed afternoons and Saturdays in offices, retail stores and industrial plants and shops.

Another facet of Kankakee business and industry promotion of education is the program of employe education sponsored by many. Employers frequently finance the cost of night school courses which enable employes to improve their skills and abilities, increasing their value to the employer as well as fostering self-improvement.

Educational action on the part of people directly involved in the schools is self-evident. The role of business and industry in education is less known and is becoming broader and more extensive as the nation's future and security become more dependent upon education.

Oil Industry Told To Study Solar Energy

CHICAGO (AP) — The oil industry—inevitably faced with diminishing supplies—should turn its attention to developing atomic and solar energy, a leading industrialist said today.

Crawford Greenewalt, president of E. I. du Pont de Nemours and Co., said the oil industry should attempt to develop a portable form of energy that could be carried in cars, trucks or aircraft before some other industry does.

Warning that increasing competition inevitably will make some portions of industry obsolete, he told the 39th annual meeting of the American Petroleum Institute:

"No one has been willing to suggest even theoretically how one could load atomic energy into an automobile . . . If I were you I would rather find the solution within your own industry than to wake up one day to discover that some other industry had arrived ahead of you."

He suggested the coal industry had not risen to the challenge posed by oil and that railroads had failed to meet the challenge posed by cars, buses and airplanes.

Kankakee Daily Journal
Kankakee, Illinois

Dear Mr. Small:

As the manager of the new Swannell Appliance Center, I want to report to you on the outstanding success of our "Grand Opening" promotion. Throughout the entire month of October we consistently used space in the Journal, and results were far greater than Mr. Swannell or myself had predicted or had hoped for. Our sales in appliances exceeded any previous month in the history of the firm. We owe a great deal of gratitude for this record, to your advertising staff who aided us greatly.

I thought you might be interested in these results as your paper played a most important part. We feel this worthy of commendation.

Respectfully yours,

SWANNELL APPLIANCE CENTER

Chebanse Eastern Star Conducts Officer Election

CHEBANSE (JNS)—The Order of Eastern Star met Thursday evening in the Masonic Temple.

Preceding the meeting a potluck supper was held.

Mrs. Charles Wheat read her report on the Grand Chapter Session held in October in Springfield.

An election of officers resulted as follows: Mr. and Mrs. Dale Irps, worthy matron and patron; Mr. and Mrs. Clarence Winterroth, associate matron and patron; Mrs. Charles Wheat, secretary; Mrs. Henry Rosendale, treasurer; Mrs. Purley Painter, conductress and Mrs. Robert Cox, associate conductress. An installation of officers will be Nov. 28. An initiation is set for Nov. 17.

Women's Guild Of Grant Park Schedules Dinner

GRANT PARK (JNS) — The Women's Guild of St. Peter's United Church of Christ met in the church on Thursday afternoon.

A thankoffering program was held. Plans for a potluck turkey dinner to be held on Dec. 3 in the basement of the church were made.

Refreshments were served by the hostesses, Mrs. Martin Hoevet, Mrs. Leon Hoevet, Mrs. Claude Katz and Miss Ramona Jurgerson.

THE REV. AND MRS .R. E. Frick of Grant Park are entertaining Mrs. Frick's sisters, Mrs. Pauline Felland, Venice, Calif., and Miss Emma Schmidt, San Francisco, Calif., in their home.

Professor Enrolls As No. 1,000

An Olivet Nazarene College professor became the 1,000th student enrolled in Olivet Nazarene College.

He is Prof. Gradner R. Walmsley, Russian instructor on the college staff.

This is the first time the college has reached a 1,000 student enrollment since 1951. During the years immediately following World War II, enrollments exceeding 1,000 were normal, with many former servicemen taking advantage of the GI educational bill provisions.

Prof. Walmsley said he has not been particularly interested in piano, but needed "something to take off the pressure."

A graduate of Olivet Nazarene College and holder of a master's degree in French, Prof. Walmsley has just inaugurated Olivet's first Russian course.

Decatur Rejects School Bond Issue

DECATUR (AP) — Decatur voters have rejected a proposed school bond issue of $6,398,000 to finance school improvements.

The margin of defeat in Tuesday's referendum was about 2 to 1.

Also rejected was a proposal to increase the education tax rate from the current maximum of $1.80 per $100 assessed valuation to $2.20.

The bond issue was sought by the Board of Education to build three new high schools, buy sites for six new schools and build additions to others.

The modern nation of Yemen was once part of the ancient kingdom of Sheba.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Ike, Benson Detail New Farm Program

WASHINGTON (AP)—President Eisenhower and Secretary of Agriculture Ezra Taft Benson have announced a farm program they will present to Congress next year.

Its key provisions are:

1. To base price supports of storable commodities, particularly wheat, on market prices rather than on the old parity formula. The administration submitted much the same plan to the Democratic-controlled Congress this year and it was rejected.

2. To expand the voluntary retirement of land from crop production for the next five or 10 years, with particular reference to areas with big crop surpluses. This is an extension of Benson's present conservation reserve program.

ALSO INCLUDED are a stepping up of research for developing new markets and uses for farm products; a vigorous "food-for-peace" program to use up surpluses by making more available to friendly countries; and an expanded rural development program to help low-income farmers obtain a higher standard of living.

All of these programs have been in effect for some time.

Benson described the program at a White House news conference Tuesday after a talk with the President.

Parity is a standard designed to give the farmer fair prices for his products in relation to the cost of things he buys.

District Official Attends Meeting Of WC Group

SHELDON (JNS)—Mrs. Thomas Baird, Kankakee, first vice president of the 18th District of Women's Clubs, was guest speaker at a meeting of the American home department, Sheldon Woman's Club, Thursday.

Mrs. Baird attended the International conference of the General Federation of Women's Clubs in Manila, Philippine Islands, during the summer and related her experiences.

Mrs. Fred Kusch, music chairman introduced two pianists from the high school music department. Miss Jeanne Lindholm played "Second Mazurka" by Godard and "Prelude and Theme No. 1" by Maloof. Miss Carol Jo Reynolds presented "The First Movement of E Minor Sonata Op 7" by Grieg. Both girls are regular accompanists for the various musical groups and soloists in the high school.

Mrs. Edward Theilbar, department chairman, presided over the meeting and led in the pledge of allegiance. Mrs. Robert Eastburn led the club collect and the club prayer.

A discussion of the usual Christmas party and gift exchange was held and the group voted to have each member make a cash donation to the Christmas streetlight decoration project in lieu of an exchange.

Refreshments in keeping with the season were served by the social committee, Mrs. Free Kerr, Mrs. Robert Sproull, Mrs. Arch Haag, Mrs. Bessie Warrick and Mrs. Ennis Settle.

Hold Election At Meeting Of OES, Gardner

GARDNER (JNS) — Kellogg chapter, Order of Eastern Star, met Thursday evening in the Masonic Temple for an election of officers.

The following were elected for the ensuing year: Mrs. Alfred Pope, worthy matron; Alfred Pope, worthy patron; Mrs. Dick Patton, associate matron; Dick Patton, associate patron; Mrs. Ruth Jackman, secretary; Mrs. Arthur Bozue, treasurer; Mrs. Merville Christensen, conductress and Mrs. John Cima, associate conductress.

Mrs. Roy Gardner gave the annual report as worthy matron for 1959. Plans were made to serve the Past Masters banquet for the Gardner Masonic Lodge on Nov. 16.

An installation of officers will be held Nov. 21 in the Masonic Temple.

Refreshments were served by the officers.

Ag Production This Year Sets Record

WASHINGTON (AP) — Farm production this year will set a new record.

This was the substance of an Agriculture Department crop report issued late Tuesday saying that crops have progressed sufficiently to put them up to last year's record level.

But production of livestock and livestock products, when added to crops, will make the full farm production the largest ever, officials said.

During October, products improved for cotton, sorghums, rice and sugar beets. But offsetting them were small reductions in corn and soybean prospects.

The report said harvest is lagging behind the rapid advance of a year ago, but is ahead of the unusually slow pace of the cool, wet fall of 1957.

The corn estimate was reduced one-half of one per cent from the October forecast. Nevertheless, this crop still was the largest of record, being 16 per cent above last year's and 33 per cent above average. Production in the Corn Belt proper was said to be 20 per cent above last year.

Livestock feed grain production is well above any previous year. But the supply of hay and forage available for winter feeding was described as below last year's abundant stores although a little better than average.

Cheese Is Now Only Surplus Dairy Product

WASHINGTON (AP)—The only surplus dairy product now held by the government is cheese—A total of 13,648,000 pounds.

A year ago holdings included 53 million pounds of butter, seven million pounds of cheese and 82 million pounds of nonfat dry milk.

Movement of surpluses into school lunch, domestic and foreign relief and commercial channels has exceeded purchases under a dairy price support program. Hence the depletion of stocks of butter and dry milk. Too, consumption of cheese has increased, leaving less for manufacture into dairy products.

Stacey Declares Stock Dividend

DECATUR (AP) — Directors of the A. E. Staley Mfg. Co., one of the world's largest processors of corn and soybeans, have declared a stock and a cash dividend.

Shareholders will receive a share of common stock for every 50 shares presently held. Shareholders owning less than 50 shares will receive cash based on the market value as of Nov. 9.

An extra dividend of 35 cents a share of common stock was declared in addition to the regular quarterly dividend of 25 cents.

The usual dividend of 93 cents a share was voted on the $3.75 preferred stock.

Martinton Will Receive Bids On Can Disposals

MARTINTON (JNS)—The date for the village board to receive bids for the disposal of tin cans from within the village has been extended from Nov. 2 to Nov. 16, when the board will meet in a special session.

MEMBERS of the Martinton Home Bureau unit who went on a County Home Bureau tour of Chicago, on Wednesday were Mesdames Al Marcotte, Wesley Davis, Lawrence Corbin, Gene Hoke, Ellsworth Langeiller, Ellen

3 Arrested In Rebel Radio Raid

HAVANA, Cuba (UPI)—Cuban police arrested two men and a women in a raid on a clandestine radio station in Havana which broadcast anti-Castro propaganda, it was reported today.

One man was identified as Berta Estevez, described as a close friend of former national police Col. Julio Sanchez Gerardo who was executed by a revolutionary firing squard.

Martinton Will Accept Bids On New Post Office

MARTINTON (JNS) — Bids will be accepted until Dec. 3 for quarters to be rented by the post office in Martinton, according to information received by Mrs. Beulah O'Donnell, postmaster.

Floor space of 800 square feet is desired. If newly-constructed quarters are offered, the rented agreements will be for a period of five years, plus two successive options to renew for two year periods.

Quarters in existing structures will be considered if the building is improved to present day standards.

Plan Benefit For Couple Who Lost Home In Fire

Cabery (JNS) — Friends and neighbors of Mr. and Mrs. Donald Benson, who were burned out of their rural home Thursday will hold a community benefit shower for the couple Friday at 7:30 p.m. at the Cabery High School gym.

The couple, both in their 60s, have operated the farm, located southeast of Cabery, for a number of years. They have been staying with neighbors in the area since the fire destroyed the farm house and their belongings.

Those coming to the benefit are also asked to bring cake, sandwiches or cookies.

Paid-Off Disc Jockeys Face FCC Probe

WASHINGTON (AP) — Television and radio figure in a new investigation. It could mean a government crackdown on rigged quizzes, paid-off disc jockeys, and offensive commercials.

In a surprise turnabout Tuesday, the Federal Communications Commission announced it would begin hearings soon to find out whether it has power to punish fakery in broadcasting.

If it lacks the power, the commission said, it might ask Congress for new laws.

Until now, the commission has ruled it lacks authority to check program content, except to keep out obscenity and lotteries. The new policy came after a unanimous vote of five members. The two other commissioners are out of the country.

The commission will handle its new study as part of an inquiry it already has under way into network policies relating to program selection.

It said it was acting as a result of disclosures by a House investigating subcommittee that producers rigged quiz shows by feeding answers to contestants. Other irregularities also were disclosed.

League Acts To Halt Lobbying By City Employes On City Time

SPRINGFIELD (UPI)—The Illinois Municipal League at its final convention session Tuesday adopted a resolution aimed at halting legislative lobbying by city employes on "city time."

The resolution intimated that many employes have taken stands in lobbying activity contrary to the city that employs them.

The league also elected new officers. John Noel, Mundelein village president, was named president of the league to succeed J. Russell Christianson, Oak Park village president. Pickneyville Mayor William J. Cunningham was elected first vice president.

The lobbying resolution noted "many Illinois municipal officials assume that there is an obligation on the part of municipal employes to adhere to official municipal policy."

It added that "We recognize the unquestioned right of any municipal employe to petition the Legislature . . . but we insist that such activity be undertaken on the employe's own time."

OTHER RESOLUTIONS adopted included one endorsing the plan of the Twentieth Century Fund to finance a one-year study of the Illinois tax structure, and another recommending retention of the present formula of distribution of federal urban highway funds.

The league said curtailment of urban highway funds would be "a terrible and tragic mistake, resulting in a deliberate calculated national suicide in the form of slow strangulation by traffic, and 'would be a tax inequity of the worst kind."

Another resolution commended Gov. Stratton "for his cooperation" in reducing the fee the state keeps from collections of the ½-cent city sale tax for the cost of the job. The last Legislature reduced the collection fee from 6 to 4 per cent.

The league did not take action on a resolution calling for endorsement of the 195-million-dollar bond issue for university improvements to be submitted to a referendum in the 1960 election.

Among other resolutions adopted was one urging the Legislature to establish "uniform standards and conditions" under which all communities could proceed in annexation undertakings.

Stratton Cites Weakness Of '45-52 Period

PITTSFIELD (AP)—"Weakness, indecision and confusion" characterized American policies in the 1945-52 period, Gov. Stratton said here today at the dedication of a war memorial.

Stratton blamed the loss of all or parts of 14 nations to communism and the missile lag on the weak policies of the United States in the seven-year span.

Not even retreat and appeasement brought peace, Stratton said.

"In contrast to this record, since 1958 all or parts of four nations have emerged from behind the iron and bamboo curtains, and since 1953 no areas have been subjected to Communist control," Stratton noted.

Stratton said the U. S. pushed almost eight years of missile research into the three years following 1953 in an effort to overcome the missile lag.

This nation must strive for the twin goals of peace and freedom, Stratton said, "remembering that those we honor here today wanted peace—but more than that they wanted freedom, freedom for themselves, their families and future generations."

The war memorial at Pittsfield's West Cemetery is a joint project of American Legion Post 152, the Legion auxiliary, the U. S. Army Mothers, and the Veterans of Foreign Wars, Pike County Post.

Bradley Central PTA Carnival Friday Night

A PTA carnival for children and their parents will be held from 7 to 10 p.m. Friday at the Bradley Central School.

The carnival and fun night is being sponsored by the school PTA to raise funds for the current year's project. Included will be an old-fashioned country store, bake sale, candy sale, hobby show, talent show, novelty and jewelry store, game room, refreshments and other activities.

General chairman is Mrs. Hal McCleary assisted by George Cahow, PTA president, and Mrs. Ellis Tobey, treasurer.

Itch of Piles Get Relief Now

Millions of sufferers in the last 40 years have found a way to fast relief from itching and smarting of piles. They use a delightful cooling soothing astringent formula — Peterson's Ointment. No wonder one sufferer writes, "The itching and smarting were relieved, and I slept all night. Peterson's Ointment is marvelous." 55c & 85c, all druggists. Be delighted or money back. Adv.

4 Persons Perish In Arkansas Fire

PINE BLUFF, Ark. (AP)—Four persons burned to death in a house fire at nearby Tucker early today.

It was the third such tragedy in Arkansas since Sunday morning. In each of the previous fires four persons also died.

The victims were Susan Hargraves, 65, of Milwaukee, Wis., a visitor at the house; Ora Lee Robinson, 25, and Mrs. Robinson's two children, Frank a year old, and Beverly Lynn, 3 months.

Luke Robinson, husband of Mrs. Robinson, was burned badly and may not live.

On Sunday, four Negro children died in a fire at Gould and the parents and both children of a white family were burned fatally at North Little Rock.

$135

APPLIANCES

$249.50 11 Cu. Ft. KELVINATOR
With Big 67 Lb. FREEZER CHEST
Rounded top model. The factory sold us on the idea there would be a shortage and we had better take these to tide us over. The tide is drowning us.
$188

$249.50 KELVINATOR 1960 AUTOMATIC WASHER
With All Deluxe Control
Anything one would want in a nationally advertised washer except the customer to buy them.
$188

$299.50—1959 ELECTRIC DRYERS
With no matching washer available. That's an awfully high priced dryer for the beginning of a year. Not thinking about carrying over for 1960.
$175

$369.50—30-INCH UNIVERSAL GAS RANGE
It does everything but take the food out of your refrigerator. We neglected to mention one other thing it doesn't do — sell at that price.
$275

$299.50 KELVINATOR FREEZER
375 LB. CAPACITY UPRIGHT
The oldest name in the appliance industry — almost as old as this particular model we have on the floor.
$228

$299.50 TELEVISION CONSOLETTES
21 Inch Limed Oak Emerson
The Eldoredo Series. We think the high price name scared the customer away from this model.
$225

SOFA BEDS HIDE-A-BEDS

$49.50 SOFETTE

$97

CARPETING

9x12 to 12x15's
Part of the original package of 100 rugs we purchased from the mill in a special remnant closeout basis in nylon, wools, and viscose. Somehow the smart buyers picked out all the quality rugs and left us the rest. Clean out fast at
$45

REG. $3.95 VISCOSE
Black and white or brown and white carpet. It's not going to last a lifetime or even half that long, but how can you go wrong at
$2.66 Sq. Yard

$3.95 Running Yard Candy Style
STAIR CARPET
All wool Wilton back certainly should be a value but everyone's building ranch homes with no stairs.
$1.99 Running Yard

70% WOOL, 30% NYLON
New tree bark pattern. Advertised by Jack Parr. We thought we would need a policeman to keep the customers in line. Instead we needed a detective to find customers for this item.
$7 Square Yard

$7.95 ALL WOOL TWIST
In a decorator's shade of beige. Everything that should make this a sellable piece of carpet. If it doesn't sell soon it is going to wear out on the roll.
$5 Yard

CLOSE-OUTS

We have an honest problem that we need help on. There is an old adage that there is one customer for everything. But we're still looking for the one on this item — someone talked us into putting in a paint department and talk is all the farther our sales have gone. We have quarts of deck enamel, Gloss and Semi-Gloss. Values up to $3.00 per quart. Please find use for these at
66c
We also have gallons of different types of paint and brushes. All the above is—
